

Pampering

231 Chapter 231

After attending Yu Xiaoxuan's parents' funeral, Shen Qinglan suddenly missed Fu Hengyi, and took a taxi to the Beijing Military Region. The sky was raining. Shen Qinglan got out of the car, and Fu Hengyi came out to pick her up in the rain.

When Fu Hengyi saw Shen Qinglan standing in the rain, his face instantly became dark. He handed the umbrella to Shen Qinglan's head and taught him, "Don't go umbrella without going out, what if you get sick, Dr. Zhong said, your The body can't get cold now..."

Shen Qinglan suddenly embraced Fu Hengyi's waist, Fu Hengyi shut her mouth, and noticed that her emotions were a bit wrong, "What's wrong, Qinglan, did something happen?"

"Yu Xiaoxuan's parents died in a car accident." Shen Qinglan said, Fu Hengyi was silent, but his hands held Shen Qinglan tightly.

After Shen Qinglan's emotions calmed down a little bit, Fu Hengyi released her and took her back to the dormitory. When Shen Qinglan finished the hot bath, Fu Hengyi had cooked the ginger soup.

"Drink the ginger soup first, you can't catch a cold." Fu Hengyi pointed to the ginger soup on the table and began to speak. Shen Qinglan took the ginger soup obediently and drank it clean.

"Is it better now?" Fu Hengyi said warmly.

Shen Qinglan nodded, "I'm okay, but I just thought of Grandma, so I feel a little sad. Fu Hengyi, are you saying that I am getting more and more hypocritical?" When saying this, Shen Qinglan's tone was a bit self-deprecating. She really feels that since she married Fu Hengyi, she has become hypocritical.

Fu Hengyi chuckled, "I started thinking again, nothing happened, I'm glad you are willing to share your mood with me. Don't think about it, take a good sleep."

Shen Qinglan nodded, and she was indeed exhausted for Yu Xiaoxuan's parents' funeral these past few days. She lay in bed and fell asleep after a while.

Fu Hengyi waited for her to fall asleep before calling Han Yi to understand what happened, and then came in again and covered her with a quilt.

When Shen Qinglan woke up, he saw Fu Hengyi sitting at his desk, driving on the computer, typing with a crackle. When she saw that she woke up, she closed the computer. "Woke up? Are you hungry?"

Shen Qinglan did not answer his question, but asked, "Did I delay your work?"

Fu Hengyi shook his head, "No, I was just developing a physical training table. Want to eat noodles or dinner at night?"

"I want to eat jajangmyeon."

"Okay, wait." Fu Hengyi walked directly into the kitchen.

Soon, Fu Hengyi came out with two bowls of noodles. After eating the bowl of noodles, Shen Qinglan did not stay in the military area, but went directly back to the Shen family. When he arrived at the Shen family, he saw the Shen Rang family.

"Sister-in-law, did he wake up?" Shen Rang asked Chu Yunrong, who was walking downstairs.

"Not yet." Chu Yunrong said, seeing Shen Qinglan coming back, a smile appeared on his face, "Qinglan."

Shen Qinglan greeted Chu Yunrong first, and then looked at Shen Rang's family, "Second Uncle." He glanced at Lu Yaqin and called out aunt.

Shen Qinglan's name made Lu Yaqin's eyes hot. This was the first Shen family to recognize his identity. "Hey." Pulling Shen Junze next to him, Shen Junze reluctantly called "Cousin."

Shen Qinglan didn't look at him. Shen Qinglan didn't look good about the culprit who sent his grandpa to the hospital.

"Mom, I'll go up to see Grandpa." Shen Qinglan said directly and went upstairs. Shen Junze's face was very unsightly, and he stared fiercely at Shen Qinglan's back.

Grandpa Shen actually didn't sleep. He just didn't want to see Shen Rang's family. When he saw Shen Qinglan, he smiled, "Lan Lan, sit next to Grandpa."

Shen Qinglan sat down next to the old man, "Grandpa, how are you feeling today?"

Old Master Shen's loving love, "Grandpa is fine, recovering well, how is your friend?"

"The affairs at home have been dealt with, but this time the incident has hit her a lot. I am afraid it will take some time to recover."

Mr. Shen sighed, "Go with her as much as you have time." Mr. Shen still remembers Yu Xiaoxuan, a kid who loves to laugh and is very lively and cheerful. Who knows that something like this happened.

"Well, I know." Shen Qinglan sorted the quilt for the old man, "Grandpa, second uncle..."

Shen Qinglan just mentioned two words, and Old Man Shen waved his hand, "Don't mention him, let them go."

Shen Qinglan slightly pursed her lips. She knew that the more Grandpa Shen behaved, the more she cared about the second uncle, "Grandpa, second uncle, they are now coming back. Are you really reluctant to meet?"

"Let them go." Mr. Shen turned his eyes, looked at his wife's picture on the wall, and said lightly.

When Shen Qinglan went downstairs, the Shen Rang family was still there, "Second Uncle, Grandpa said, he doesn't want to see you, you go."

The light in Shen Rang's eyes was completely bleak. Lu Yaqin was very sad when he looked at her husband. In her heart, she regretted that she agreed to leave Shen Jing with Shen Rang. If she didn't stay with Shen Rang at that time, then Shen Rong would not be so sad now. .

Lu Yaqin stood up, looked at Chu Yunrong, and begged, "Sister-in-law, you let me go up to see the old man. I will say a few words to the old man. The game will not stimulate the old man, will it work?"

Chu Yunrong's face was awkward.

"Okay." Shen Qinglan said, Lu Yaqin was delighted and glanced at Shen Qinglan gratefully.

"Lan Lan, what are you doing with her?" Father Shen saw Lu Yaqin, and his face immediately froze.

Lu Yaqin stood there helplessly, looking at Old Man Shen, and suddenly fell to his knees on the ground, "My old man, all mistakes are my faults, please don't blame Shen Shen."

Shen Qinglan didn't expect that she would come to this move, her brows were light, she didn't like others to kneel, and Shen Ye's brows also wrinkled. "You get up."

Lu Yaqin didn't get up, "Master, I know I don't deserve Shen Rang. If it weren't for me, Shen Rang would have a very good future. It was all my fault. I was wrong, I was bad, but now , Blame me if you want to blame. Shen Yang hasn't had a good life these years. Although he has never been back, he misses you all the time, old man, Shen Yang is running out of time. You can forgive him, I don't want him to return To leave with regret." Lu Yaqin's face was full of tears.

When Shen Shen and Shen Qinglan changed their faces, Master Shen stared closely at Lu Yaqin, "What do you mean by that, and what is the time for Shen Rang?"

Lu Yaqin's tears flowed even more fiercely, "Shen Rang was found to have liver cancer six months ago. Now that the cancer cells have spread, the doctor says he has little time."

Grandpa Shen instantly paled. If it weren't for sitting on the bed, I'm afraid he could not stand now. Shen Qinglan quickly stepped forward and patted the old man's chest, "Grandpa."

Grandpa Shen finally took a breath. "What you said just now is true?" He still couldn't believe it.

Lu Yaqin nodded in tears, if she could, she would rather deceive the old man.

Father Shen was silent for a long time, waving his hand, "Let him come in."

Lu Yaqin heard the words, with a happy expression on his face, "Thank you, old man, thank you."

Shen Rang learned that the old man was finally willing to see him, and quickly went upstairs, the old man had been transferred from the bed to the wheelchair, with his back to him.

There were only two people in the room, Shen Ye and Shen Rong, "Dad." Shen Rang shouted.

"Kneel down." Mr. Shen said, Shen Rong was shocked.

"I told you to kneel." Mr. Shen took a serious breath. Shen Rang hesitated and finally knelt down.

Mr. Shen turned around and looked at Shen Rang, who was kneeling on the ground, "Do you know where I was wrong?"

"Dad, I'm not filial, I shouldn't be away for twenty years, leave you and your mother alone."

Grandpa Shen looked at him, his eyes sharp, "You are indeed not filial, but you have left your shoulders for a woman, your family, Shen Rang, did you educate you like this since you were a child?"

Shen Rang was silent.

"Shen Rang, you show me your mother's picture, you tell me, are you worthy of my mother and your expectations and teachings."

Mr. Shen pointed at the picture of his dead wife on the wall and whispered.

Shen Rang looked up and looked at the photo, his eyes were red, "Dad, I'm sorry."

"You are sorry for me, and you are even more sorry for your mother. She is still talking about her young son until she dies, but what about you, where were you at the time?"

"Shen Rang, you have been smart since childhood. You are better and better than your big brother. It is also because of this that I asked you Uncle Fu for you to let him marry Jing Ting, but how about you? Yes, I went to someone's house to give Jing Ting's face. Jing Ting was proud since childhood. Where did you put her face as a girl? Where did you let your Uncle Fu's face go? You asked me and your mother again Where does your face go? My Shen Yuanyi's face has been lost by you!"

Shen Rang was silent. At first, he was really sorry for Fu Jingting, but he was ashamed of her. "Dad, I know I owe her. I am still unclear in this life. I will definitely give her back in my next life."

"In the next life, who is rare in your next life, Shen Rang, you have spent my time and your mother teaching you."

"Dad, sorry."

Grandpa Shen gasped, "Shen Rong, I ask you, what are you doing now, because you are going to die, so you want to come back, let my old man experience a white-haired person to send black-haired people?"

Shen Rang looked up, shocked, "Dad, you know?" After thinking about it, I immediately understood that I am afraid Lu Yaqin told the old man.

"I know, Shen Rang, you are fine. You are indeed a filial son. You know that you will come and let me take a look, let me know whether you are dead or alive."

Shen Rong moved a few steps and moved him in front of Master Shen. "Dad, it was me who was wrong. You can beat me or scold me. Don't be angry. Your body can't stand tossing."

232 Chapter 232 Trouble 1 (One more)

"Don't I die as you intended? Ah, do you think I'm not dead, so come back to mad at me?"

"Dad, why do you say such a thing to poke my heart!"

The father and son were talking in the room. Shen Qinglan and Lu Yaqin stood outside the door of the

room. Shen Qinglan could clearly hear the old man's scolding but did not go in. Lu Yaqin worried about her husband, but knew that it was not the time to go in now.

She glanced at Shen Qinglan, "Qinglan, thank you for today's affairs, and Junze's affairs that day, I'm really sorry, I didn't teach him well."

Shen Junze's attitude Shen Qinglan didn't care at all. She would help Lu Yaqin today, not for her, but for the old man. She knew about Shen Rang's condition two days ago, but it happened to Yu Xiaoxuan, so she put this aside.

"I'm not for you." Shen Qinglan spoke lightly.

"I know, but I still want to thank you." Lu Yaqin smiled slightly.

And Shen Qinglan also knew for the first time that the person who originally had a relationship with Shen Rang was Fu Jingting. Was Fu Jingting's marriage to Gu Bowen related to Shen Rong's retirement?

Listening to the meaning of Grandpa Shen, this incident was still quite violent. The relationship between the two should be almost broken, but looking at Grandpa Fu's attitude towards her and Fu Jingting's attitude, she couldn't see Shen Jiahe. The Fu family has such an unpleasant past.

Shen Qinglan saw that the room was gradually quieting down and turned downstairs. After all, it was a father and son. Where was the overnight feud, not to mention the fact that Shen had little time.

Shen Qinglan left Shen's house and planned to go to Fu's house. She wanted to ask Mr. Fu about what happened then, but it was just a coincidence that both Mr. Fu and Fu Jingting were not there. She had to give up.

After thinking about it, Shen Qinglan drove directly back to Jiangxin Yayuan, but when she saw the familiar figure at the entrance of the community, Shen Qinglan's eyes flickered, she lowered the window, and looked at the person in front of her, "Why are you here? Here?"

The man smiled slightly, "I came to you specifically, do you have time to have a meal together?"

Shen Qinglan raised his eyebrows, looked at the person in front of her, opened the door, "Come up."

Shen Qinglan and Qin Yan sat in the dining room and looked at the woman opposite them.

Qin Yan looked at Shen Qinglan with a gentle expression, and there seemed to be some apologies on her face, "Miss Shen, actually came to you today, but just wanted to talk to you."

Shen Qinglan raised her eyebrows.

"Miss Shen has a good relationship with Yan Xi?"

"What's wrong with this?"

Qin Yan smiled slightly, "Miss Shen misunderstood, I just asked, I must know that the relationship between Miss Shen and Yan Xi should know, Yan Xi has some misunderstandings to me, Yan Xi's child likes to be bored in everything, if Shen Miss, if you have time, please accompany her more."

It seems to know that he has no position to say this, Qin Yan's face is a little uncomfortable, "Yan Xi has not many friends, I just saw her willing to talk to you, so I came to please you. There is no malice."

As for Qin Yan's words, Shen Qinglan was unconvinced. She was a little strange about this woman's concern for Yan Xi. She knew that the woman in front of her was Qin Mu's biological mother, but she found Qin Mu's shadow from her body except for the five functions on her face. She couldn't find anything similar.

"I will naturally take care of Yan Xi's affairs." Shen Qinglan said lightly, and even got up and left.

"Miss Shen, I heard that you also know a person named Qin Mu?" Qin Yan said anxiously, suddenly letting Shen Qinglan's footsteps pause, and she sat down again.

She looked at Qin Yan, with a look in her eyes, "How do you know that I know a person named Qin Mu?" She only told Yan Xi about this matter, and she believed that Yan Xi had a relationship with Qin Yan. Will not tell Qin Yan.

Qin Yan's expression stiffened and she smiled unnaturally. "Miss Shen probably doesn't know. I had a daughter named Qin Mu. I lost it when I was very young. I heard that there was a painting in the exhibition of Miss Shen's painting. The little girl on the face looks very similar to my daughter Qin Mu, so I guess whether Miss Shen knows my daughter. If Miss Shen really knows where my daughter is, please ask Miss Shen to tell me."

This explanation is very reasonable, coupled with Qin Yan's eager expression, which further reflects the image of a mother who is eager to find her daughter.

Shen Qinglan looked indifferently, "I know a person named Qin Mu. She is an orphan. She was

abandoned by her family in the welfare home from an early age. She later suffered a serious illness and died without going through it."

"Dead?" Qin Yan's expression was stunned. It seemed she couldn't believe Shen Qinglan said, "No, no, my daughter won't die. The person you said is definitely not my daughter."

Qin Yan stood up, the smile on her face was reluctant, "Miss Shen, I have bothered you today, I will go back first."

Shen Qinglan looked at the back of her departure, the eyes were inexplicable.

What Shen Qinglan didn't see was that Qin Yan, who turned around and left, had the slightest sadness and disbelief on her face, and some were just annoyed.

Originally it was just a simple tentative test, but I did not expect Shen Qinglan's reaction to be so fast. Qin Yan thought secretly that it seemed to still start from Yan Xi's side.

In recent days, Han Yi has not returned home, nor returned to the company, either because she is accompanying Yu Xiaoxuan at home, or to help her handle things at home.

Since Yu Wei had made his will two years ago, there was no problem with the division of the family's property. All of them belonged to Xiao Xuan's name. Yu Xiaoxuan's second uncle and second aunt were not willing to make trouble, but in front of the Hans Group's legal department, there is only a small part of it.

Knowing that Yu Xiaoxuan would not take care of the company, Han Yi specially found a trustworthy professional manager to help her take care of the company.

Yu Xiaoxuan's mood has been very low these days. Except for Han Yi, Shen Qinglan and Fang Tong, everyone else is gone. Linda also knows that she has just lost her parents and helped her push all the announcements. Leave her for a while.

"Xiao Xuan, everything at home has been dealt with, and the company has hired a dedicated professional manager to take care of it. It will never let your dad's efforts be put into practice." Han Yi looked at Yu Xiaoxuan and said in a warm voice.

Yu Xiaoxuan is sitting in a daze on the balcony. She has always been in this state recently, and is staring at the sky from time to time.

It took a long time for Yu Xiaoxuan's eyes to focus on Han Yi's face, the corner of his mouth ripped, and he said "Thank you" gently.

"Xiao Xuan, I don't want to talk about people who can't be resurrected. I know the taste of losing loved ones. I also understand your mood. You can be sad now, you can cry, no matter what, but I only give you three days. Three days later, you must cheer up, the future is still a long way, I don't want to see your life is just over from the beginning."

"Han Yi, do I have a future?"

"Of course, your future not only includes you, but also me, and our children in the future. Your parents can't do it with you. I can do it with you."

Yu Xiaoxuan lowered his head and did not speak, but his hand gently pulled Han Yi's hand, like a child without help.

Han Yi looked at her low face, and felt very uncomfortable in her heart. After thinking about it, she decided to take Yu Xiaoxuan outside to relax, but Yu Xiaoxuan didn't want to go. Finally, Han Yi forced her away.

Without a destination, Han Yi went to the airport and bought two plane tickets and set off with Yu Xiaoxuan.

Wen Xiyao and Shen Junyu got better today for lunch. When it was almost time, they planned to set out to find Shen Junyu. As soon as they walked out of the office, they saw the assistant came in a hurry, "General Wen, it's not good, something happened on Site 3. Now."

Wen Xiyao's face changed, "What's going on?" He walked toward the elevator.

"This morning, a worker on site 3 fell to the building and died on the spot."

"How could this happen? Didn't I emphasize safety first many times?" Wen Xiyao's face contained thin anger. Site 3 was a piece of land bought by Xinhe International in the past few years. It's a great price. There is not only good scenery, but also Fengshui. Xinhe International wants to make this land a famous luxury house in Beijing. The project was started last year. As for the key projects, Wen Xiyao made a key understanding of this project when he just took over, and he is very optimistic about its prospects. After all, there are not many other types of capital in Beijing, but there are many rich people.

But the richer the people, the more taboo about Feng Shui. This kind of thing is now a catastrophic blow to this land. Although it has not been completed yet, it is only at the construction stage, but once This matter spreads, then even if it is completed, no one will come to buy it, which means that Xinhe International has been preparing for two years, and invested more than a billion yuan will be floated, such a loss Even Xinhe International cannot afford it.

Originally for Wen Xiyao's airborne, there were many senior executives and shareholders in the

company who were dissatisfied. If she seized her handle, she wouldn't be neglected and she would still be light.

I hurriedly called Shen Junyu and found that Shen Junyu's mobile phone was not answered. I had to call Shen Junyu's assistant Yu Bin to explain that he had something important at noon, so I didn't eat.

When Shen Junyu came out of the meeting room, he returned a call to Wen Xiyao and knew what was going on. Shen Junyu also realized the thorny thing, "Do you need my help?"

Wen Xiyao shook his head, "I don't need it for the time being. I'll go check the situation first. I'm sorry today, I let you down."

"This is not in a hurry. If you are in trouble, please call me at any time. First, buy something on the road and a little stomach, don't be hungry." Shen Junyu urged.

Wen Xiyao nodded with a smile, "Okay."

Hanging up the phone, the smile on Wen Xiyao's face disappeared. She came to the hospital first and heard a burst of crying just after entering the hospital. The assistant recognized at a glance that the woman who was crying was the wife of the worker who was in trouble.

"Mr. Wen, the family is there." The assistant pointed to the direction where the cry came, and Wen Xiyao walked straight over.

The woman is holding the doctor without letting go, "Doctor, you save my husband, please save my husband."

The doctor was embarrassed, and she wanted to save her, but she was already dead when she was sent to the hospital, and she couldn't bring people back to life.

"I can feel your mood immediately, but you can't be resurrected when you die. Your husband will have no breathing and heartbeat when sent over."

The woman still refused to let go, "Doctors we have money, as long as you can save my husband, I will be willing to pay as much as possible."

The doctor was really helpless and glanced at the surrounding crowd. Someone in the crowd whispered, but no one came up to help pull the woman away.

Wen Xiyao stood for a while and stepped forward, breaking the woman's hand away. "Don't embarrass the doctor, your husband is dead. You can't live by just holding the doctor."

The doctor glanced at Wen Xiyao gratefully, and hurriedly left before the woman did not respond. He had been entangled with the woman for a long time.

"Who are you?" The woman was pulled away by Wen Xiyao, watching the doctor leave, and the anger suddenly burned Wen Xiyao's body.

"I am the general manager of Xinhe International. My surname is Wen. I am here to solve your husband's affairs." Wen Xiyao said.

The woman's face changed suddenly, "It turns out that you killed my husband, you black-hearted businessmen, in order to make money and sacrifice your lives, you must not die."

The woman wanted to pounce on Wen Xiyao and was hugged by her assistant. "Mr. Wen, you go first, leave it to me here."

Wen Xiyao frowned and looked at the crazy woman in front of her. "Your husband fell on the ground this time after listening to the advice and not wearing a seat belt." This was already given to the construction site by Wen Xiyao on the way. The person in charge called to confirm.

"You bullshit, my husband has been doing this business for so many years, he has been very careful, and he has never had anything wrong. Now he has only lost his life just a month after I came to you. I dare to say that it is not your responsibility."

"I did not lie. There were so many people at the scene who saw it, and they can all testify. If you don't believe it, we can call the police and face the police to face it."

The woman was stopped by the assistant and could not hit Wen Xiyao at all. The expression on her face was even more angry. "They are all your people. Of course you have helped yourself."

Unable to tell the woman, Wen Xiyao looked around the people around him, "Is there any other family members present?"

No one answered, the woman scolded Wen Xiyao improperly in her mouth, and the words were unpleasant, even when others heard it, she felt angry, but there was no expression on Wen Xiyao's face, as if the person who was scolded was not Yourself.

Seeing the woman has always been troublesome, but unreasonable, Wen Xiyao is too lazy to talk to her nonsense, and said to the assistant, "The follow-up things here are left to me, I will go to the construction site now."

The assistant nodded. This is not the first time she has encountered this kind of thing, and naturally has her own response.

The woman didn't want Wen Xiyao to leave, and she couldn't open the assistant. She grabbed a spectator's bag and slammed towards Wen Xiyao. Wen Xiyao's head was smashed into the front, and she took a sip of pain. Cool, turned and looked at the woman coldly, "Although your husband's death

was caused by his own failure to act in accordance with the rules, but I did not intend to ignore it, but if you continue to make trouble unreasonably, then I will go through the legal process and let the law To determine how much responsibility we should bear."

There was a guilty conscience in the eyes of the woman. In fact, her husband was expelled many times because he did not follow the rules many times and did not take any safety measures when working at heights. This is a construction unit he just found a month ago. Unexpectedly, this time it was such an accident. Her husband was the top pillar of the family. Now the top pillar is gone. The woman is sad. But she wants more compensation. Otherwise, they will live in the future. Seeing Wen Xiyao angry, he suddenly dared not make trouble.

Wen Xiyao came out of the hospital and rubbed the back of her head. It seemed to be swollen. She didn't dare to rub it again. She drove directly to the construction site. She didn't expect the construction site to be more lively than the hospital. She just got out of the car and saw a group of people around the construction site door. The manager of the project department, Manager Yu, was surrounded by several people.

Around him were a few sturdy men and an elderly woman who was wiping her tears. In the weather of May, Manager Yu was really sweating. "Come on, listen to me. "

"What to say, my good brother, who died at the site just a month after he came to your site and left a family of orphans and widows. What should you do about it? This is a living life."

Manager Yu wiped the sweat on his forehead. "We have already explained this matter. It is Wang Chun who is uneasy to find rules and regulations. We have clear regulations. It must be safe to protect during construction work, otherwise The consequences are at your own risk. On the first day he came to work here, we signed the contract. We still had the original contract, and at the time, some workers saw that Wang Chun had fallen himself."

"You put P, it's not you who have the contract or not, I just know that my brother worked well for several years before, but now he lost his life to you, it is your responsibility, you must give this matter We have to explain it, otherwise we will not end with you." said a dark-skinned man.

"How do you want to solve it?" Wen Xiyao's cold voice came from behind. Manager Yu saw Wen Xiyao and his eyes lit up, but when she saw only her appearing here, she was anxious immediately. People, unreasonable, President Wen is a girl, this is not to add chaos.

Wen Xiyao didn't see Manager Yu's anxious expression. She looked straight at the dark-skinned man who just clamored, "How do you want to solve this matter?"

The dark-skinned man glanced up and down Wen Xiyao, his eyes disdainful, "Let your person in charge come out, there is no such thing as a little girl here."

"I am the general manager of Xinde International and the chief person in charge of this project. You can

talk to me if you have anything."

The man glanced suspiciously at Wen Xiyao, "Can you really be the master?"

Wen Xiyao nodded, "Yes, I can call the shots." She has a serious look, plus a professional attire, the gas field is fully open, it is really a bit like Queen Fan.

The man heard Wen Xiyao saying he could make the decision, and his expression suddenly became fierce. "Since you are the person in charge, then you just happened. My brother had an accident on your sister's construction site. Now that the person is dead, this is the fact. You just say How do you plan to resolve this matter?"

"If we are not satisfied with the solution, then we will go to the court to sue you." Finally, the man did not forget to threaten fiercely.

Wen Xiyao looked at him coldly, "What do you want to do?"

The man heard the words and looked at the other people who came with him, his eyes rolled, "This is somehow a life, my brother is only 25 years old this year, and there is a two-year-old child at home, my brother and sister Without work, the family is entirely dependent on my younger brother. Now my younger brother is dead, you can't and want to force my younger sister and my little nephew, so, we are not reasonable people, you give us 5 million , That's how it matters."

Hearing this, Wen Xiyao sneered and looked at the old lady who had been wiping her tears, "Are you Wang Wang's mother?"

The old lady saw Wen Xiyao asked her and nodded, "Yes."

"Now your son told us to compensate five million, is that what you mean?"

The old lady turned her eyes on Wen Xiyao and bowed her head guilty. She thought it was a little over five million, but if the money could really be held in her hand, then her little grandson could grow up safely and the eldest son's home The living conditions can also be improved a little.

"Old lady, I think we have made it very clear just now. Your younger son's responsibility is mainly your younger son. If he can abide by the rules, there will be no accident at all. Responsible, I promised you compensation, but also out of a humanitarian spirit, does not mean that I have admitted that this is our fault, now you are a lion, if you are not sincerely trying to solve this matter, then we Just go to the legal process."

The old lady panicked as soon as she heard the lawsuit. This happened in their village before. Someone didn't wear a seat belt for aerial work. They took a fall and fell into a paralysis. They made trouble with the construction unit and went to the court. As a result, tens of thousands of dollars were paid for the verdict.

The dark-skinned man apparently thought of it with the old lady. Upon hearing Wen Xiyao going to the police to go to the legal process, his eyes flashed fiercely. When he went up to Wen Xiyao, he slapped. Wen Xiyao flashed fast, and he was not hit by him. , But one did not stand firm and fell directly to the ground.

"You gangsters are black-hearted and killed my brother. I didn't even plan to take responsibility. I killed you. I'll pay you a big deal." The man didn't hit Wen Xiyao, and he directly fought a stick on the ground. Then, he rushed towards Manager Yu. Manager Yu couldn't avoid it and was hit in the shoulder by him.

There were many workers on the construction site, who were watching on the spot at the moment. When they saw that the other party did not agree, they even started to fight, and they were still a woman. They immediately gathered around and controlled the troublemakers.

"You still have no Fa, and you don't want to compensate, even beaten." The dark-skinned man was restrained by several big men, and kept yelling at several people.

Wen Xiyao got up from the ground, her right foot twisted, and now her heart hurts, and her palm was wearing a piece of skin on the ground because of the fall, and now she was bleeding, but she couldn't care about it at the moment, coldly Watching the troublemaker.

"We are the victims. If you dare to treat us, I will sue you." The man continued to scream, especially when Wen Xiyao stood up and walked in front of him, the screaming became more powerful. "I don't believe that the court was opened for you rich people, you arrogant people, did you earn such arrogant money and your conscience was eaten by dogs?"

Wen Xiyao stood in front of him and looked at him coldly, "You want to sue, just go, I'll wait, my Wen Xiyao's work is worthy of the conscience of the world." Turning to look at Seju shrink aside, never The talking foreman, "I remember this site is equipped with monitoring?"

The foreman was named and stood out from the crowd and nodded. "There are... some." The cameras were originally installed to prevent the theft of construction materials on the construction site.

"Is the camera always on?" Wen Xiyao asked.

The contractor nodded, "Used." There was a case where the building materials were stolen before, because the high-end route was taken, and many of these building materials were very expensive, so the company installed a batch of cameras on the construction site, but for a while After the time, it was useless. Last time Wen Xiyao came to the site to check it suddenly. Seeing this situation, he ruined a pass. Since then, the camera on the site has been on for 24 hours, and there are special people. Watching.

If it weren't for Wen Xiyao's sudden question, the foreman forgot all about it. After all, there are really not many companies willing to install so many cameras on the construction site.

Foreman Bao was very fortunate at the moment, but fortunately, after listening to Wen Xiyao's words, he was always on.

In the farce just now, Manager Yu was not only hit in the shoulder, but even his head was broken. At the moment, he was covering his head, blood was flowing from his fingers, Wen Xiyao looked at him, and followed. A girl next to Manager Yu said, "You take this Manager Yu to the hospital first."

The girl was an intern who had just entered the company shortly. Today, she followed Manager Yu for the first time. She encountered such a thing. Her face was pale and she was panicked. She was terrified by what she had just said.

Wen Xiyao didn't want to use such a person, but now there are no people around him, "Will you drive?" Wen Xiyao asked.

The girl nodded.

Wen Xiyao handed her car key to her, "First send Manager Yu to the hospital and return the expenses to the company for reimbursement."

Manager Yu covered his head and watched Wen Xiyao refuse to go. "Mr. Wen, your hand is also injured. Let's go together."

Wen Xiyao glanced at his still bleeding hand and shook his head. "My is a minor injury. It will be fine after a while. You go back first, then call the Legal Department and let them come over to me quickly."

Manager Yu suffered several hits. Just now they raised a stick and hit someone. Not only did he hit himself, but he also got two sticks for Wen Xiyao. The stick on his head is that he is now in pain and no longer forced. Follow the girl to get on the bus.

As soon as the dark-skinned man heard that Wen Xiyao was going to call a lawyer, the site was still under surveillance. He suddenly panicked. He was usually horizontal, but that was the surface.

233 Chapter 233 Trouble 2 (two more)

When I first saw Wen Xiyao as a woman, I wanted to make a fortune. After all, my brother was already dead. It is the most realistic way to fight for the greatest benefit.

He has heard people say that the bigger the company, the more afraid of making negative news. Generally, when such a thing happens, they will choose to calm down and give money. This is why he brought so many people here to make trouble. s reason.

Seeing that Wen Xiyao was actually going to go through the legal process, he felt guilty, but he refused to accept the defeat in his face, and still shouted, "You are bullying."

Wen Xiyao said with a cold face, "Now I am also a victim, and my company's employees have just been beaten into the hospital by you. How do you account for this bill? This time, it was not our hands-on, nor was the person who made trouble here. We." She has a soft temper rather than a hard temper. The more threatened others are, the less she will compromise.

The man was speechless, but he still refused to give up. "We did not come back to make trouble because you killed my brother but refused to take responsibility."

Wen Xiyao sneered, "Oh, but I refuse to be responsible or your lions want to blackmail? Also, when did I say that I am not responsible for this?"

The man is completely speechless, he really has a reason for this.

The old lady saw that her son was controlled by others, and now she still wanted to call the police when she heard what she said. She was completely panicked and pulled Wen Xiyao's clothing corner. "Girl, you can do well. Let me be my son. I am such a son. By the way, if he had an accident again, would you call our family orphans and widows alive?"

"Auntie, I said just now that I came here to solve this matter. The person was on the job site. Whether it was Wang Chun's own reasons or not, I wouldn't stand by for humanitarian reasons, but be a human being You have to have a degree in doing things, you are up to five million, and I don't want to agree to change to any company."

"Even if you don't have five million, you have to give us one million. That's a life of my younger brother. He died at such a young age." The man said, this time his tone was not as rushing.

Wen Xiyao didn't look at him, but looked at the foreman. "Did you call the police?"

"The phone has been called, and the police will be here soon."

As soon as the old lady heard that the police were coming, she had no idea at all, "Girl, I beg you to let my son go, I will kneel for you." Then she would kneel.,

Wen Xiyao was shocked and quickly ran away, "Auntie, you get up first." Stretching out his hand to help the old lady, he found that all the blood was on his hand, and he shrank back.

The old lady refused to get up, Wen Xiyao was a little helpless.

At this moment, a pair of big hands stretched out to support the old lady, and Wen Xiyao was very surprised to see Shen Junyu appearing here.

The old lady was unwilling to get up, but she couldn't bear Shen Junyu's strength to pull the old lady from the ground. "Auntie, you get up first."

When the old lady was handed over to the police, Shen Junyu noticed Wen Xiyao's bleeding hand and frowning tightly. Shen Junyu pulled off his tie and wrapped Wen Xiyao's palm.

"Why are you here?" Wen Xiyao asked softly.

Shen Junyu glanced at her, "If I don't come, what are you going to do about it?"

"What should I do, do you think I have called the police?"

Shen Junyu squinted her, "You explain to me first, didn't you go to the hospital to see Wang Chun's family, why are you here now?"

Wen Xiyao laughed, "Manager Yu called me to say that someone is making trouble here, so I will come over and see."

Shen Junyu sneered, "I have forgotten that you are a female King Kong, you can't get in the way."

Wen Xiyao frowned, but stretched his eyebrows in the next moment, and looked at Shen Junyu with grievance, "Shen Junyu, I am injured now." He said, shaking his injured hand in front of Shen Junyu's eyes, Shen Junyu didn't immediately losing his temper, he gave her a helpless glance.

"Let me say you are good."

Wen Xiyao threw out his tongue, and suddenly found that occasionally pretending to be a little woman, it is still necessary to spoil something, is it not that a spoiled woman is the best life? And looking at Shen Junyu, it seems to eat this set.

Later, whenever Wen Xiyao did something wrong and Shen Junyu wanted to reprimand her, Wen Xiyao looked at Shen Junyu with a pitiful expression on her face, and Shen Junyu lost her temper, especially afterwards. After the princess was born, when the mother and daughter looked at him with the same expression, Shen Junyu was completely reduced to a wife slave and daughter slave at home.

The police took away a few troublesome people, and the foreman Bao also followed. Wen Xiyao stayed at the end. "Don't go yet, plan to stay here for the night?" Shen Junyu's tone was not good.

Wen Xiyao took a step, and her right foot felt painful. She stood on the spot, frowning. Shen Junyu's face changed, she quickly walked over, squatted down, lifted Wen Xiyao's right foot, and found her 'S right ankle is already swollen like a bun.

Shen Junyu froze, hugged Wen Xiyao, tucked her into the car, and drove without a word.

Wen Xiyao glanced at him again and again, seeing that he never said a word, and finally could not help speaking, "Shen Junyu, the injured person is me, not you, what are you angry about." She still wanted to be angry.

"I'm not angry." Shen Junyu said stiffly.

Wen Xiyao sneered, "You're not angry, you flicked at me, Shen Junyu, what do you mean? You think I'm causing you trouble, don't I tell you to come, even if you don't come, I I can solve this matter myself."

Shen Junyu snapped the brakes, untied her seat belt, turned sideways, and kissed Wen Xiyao's face. The kiss was eager and overbearing. Wen Xiyao's lips were hurt by Shen Junyu. Shen Junyu seemed to be Not enough, finally opened his mouth and took a bite on Wen Xiyao's lips.

Wen Xiyao whispered, "Shen Junyu, what are you crazy about?"

"Wen Xiyao, you ask yourself, who is Shen Junyu in your heart?"

Wen Xiyao looked at his angry face, but the anger in his heart dissipated a clean instantly, "Shen Junyu, shouldn't you be guilty?"

Shen Junyu turned her head and looked at her without speaking.

Wen Xiyao smiled, "Shen Junyu, you are really guilty. In fact, I don't blame you on this matter. I accidentally fell."

Shen Junyu was indeed guilty. He heard Wen Xiyao going to the hospital and he should be with her. If he came with him, Wen Xiyao would not be injured now.

If he didn't answer Wen Xiyao three times, she didn't answer it. He anxiously called Wen Xiyao's assistant, and he wouldn't know that there was any trouble at the construction site, Wen Xiyao came to

the construction site.

"I should come with you." Shen Junyu said in exchange for Wen Xiyao's chuckle. "Okay, if I ever have this kind of thing again, I must call you together, OK?"

Coaxing the tone of the child, Shen Junyu heard funny.

"Shen Junyu, if you don't send me to the hospital again, I'm going to die."

Shen Junyu started the car, sent Wen Xiyao to the hospital, took the film, and the doctor looked at it.

"It's okay, it's sprained, no bones are hurt, it's okay to raise for a few days." Seeing the high heels on Wen Xiyao's feet, "Don't wear high heels these days, it's better to wear slippers, so you can reply faster."

"Okay, thank you doctor, doctor, is her hand okay?" Shen Junyu asked.

"It's okay, it's a little skin trauma, but be careful not to touch the wound to avoid infection."

He gave Wen Xiyao a little more medicine. Shen Junyu took the medicine and sent Wen Xiyao home. The car drove to a place one kilometer away from the house. Wen Xiyao suddenly said, "Shen Junyu, let's go back."

Shen Junyu glanced at her feet, the meaning was self-evident.

Wen Xiyao smiled and said, "Although I can't go, but you can, you can walk with me on my back. I used to have a wish, that is, I want my boyfriend to carry me on the road. You see it is already night, on the road There are not many pedestrians, you just walk me for a while."

Shen Junyu glanced at her, looked at the expectation in her eyes, and finally was ordered to get off the train, "Come on."

Wen Xiyao smiled and lay on Shen Junyu's back. Shen Junyu stood with her hand on the bend of her leg.

"Shen Junyu, do I weigh?" Wen Xiyao asked Shen Junyu's ear around his neck.

"Heavy, heavy death, you should lose weight." Shen Junyu replied, in fact not heavy at all, Wen Xiyao is very thin, even thinner than Shen Qinglan.

Wen Xiyao's face was slightly black, "How could it be, I was only 88 pounds, and you even said I was heavy."

Shen Junyu chuckled, "What makes you funny is that you are not heavy at all. Remember to eat more when you eat later. It's too thin to look good."

"What if I'm fat and you can't carry it?"

"You are just 50 pounds fatter, and I can still carry you easily."

234 234 Rainy Night Chasing 1 (One More)

Shen Junyu carried Wen Xiyao home all the way. She had an aunt at home, so Shen Junyu was not worried about her life. Before leaving, she still did not forget to tell her, "Your wound can't touch the water. Remember to change medicine when you get up tomorrow morning."

Wen Xiyao nodded gently, "Yes, you go back and drive carefully at night."

Xinhe International's accident happened on the news the next day, and the impact was very bad. The comments on Xinhe International on the Internet were generally abusive. Wen Xiyao held the phone to browse the news and looked at the report face It's very ugly.

"These sprays on the Internet are really full of food and nothing to do. Every day I know to spray this and that. Do you understand the truth?" Wen Xiyao put down his mobile phone and said with dissatisfaction.

Shen Junyu put a peeled egg on her plate, "You all said that they are sprays, care about what these things do, hurry to eat."

He came here early this morning. Wen Xiyao woke up to see Shen Junyu in the morning. Although he was very surprised, he was very happy.

"Will you have to go to the hospital after you have finished your meal?" Shen Junyu asked.

Wen Xiyao nodded, "No matter what happened, people are dead after all, I can't watch it, and the company's image has plummeted. The most important thing is that this matter has been passed on, and it will be considered to be built here. I'm afraid no one will buy it. The company's shareholders don't know what's waiting for me."

Thinking of this, Wen Xiyao had a headache because she was airborne, and the shareholders waited to grab her handle and then ousted her from office.

"Don't think so much, eat breakfast, there must be a way to the car before the mountain, there will definitely be a solution. You just don't eat or drink, and there is no need to make up."

Wen Xiyao thought about it too, took a sip of milk, and silently finished breakfast.

Shen Junyu sent Wen Xiyao to work. Her foot was injured and she couldn't drive at all. Although there was a driver to pick him up, Shen Junyu was still a little worried.

Shen Qinglan learned this news from the news, called Shen Junyu, knew Wen Xiyao was injured, and drove directly to Wen Xiyao.

Wen Xiyao didn't come out in the conference room. As soon as he arrived at the company today, he saw a group of shareholders waiting for her. The company held an emergency board of directors. The old guys all accused her of negligence throughout the process. The meaning of her removal.

"Women have long hair and short knowledge, so it is not feasible to give the company to a woman. You see, something is wrong now." It is a small shareholder in the company whose surname is Qian, which is the same as his surname. Love money again. But as soon as he finished speaking, he realized that the chairman of the company was also a woman, and he was sitting in the top position at the moment. Smile embarrassingly, dare not look at the eyes of chairman Dong Xinhe.

"It's still too young to do things unreliably." This is a shareholder named Wang.

Wen Xiyao sat there, coldly watching the shareholder's crusade against her, saying nothing.

The chairman of Xinhe International, Dong Xinhe, had no expression on his face. After all the shareholders had finished speaking, she looked at Wen Xiyao, "Xiyao, how do you say this."

Wen Xiyao glanced at the shareholders who were present, "Chairman, I admit that there are indeed my mistakes in this matter, but the main reason for this matter is that the worker did not do safety precautions according to the regulations. The main person in charge is not us. As I mean, we will go directly to the legal process in this matter, and we will deal with it as we please."

"What you said is simple, go through the legal process, and now the Internet has caused public anger. How many people pointed to their noses and scolded us? As soon as the news came out in the morning, the company's stock price fell. The most important thing now is to appease the public's emotions and restore The image of the company." Director Wang said.

"So according to Director Wang's intentions, we have recognized this matter? If you recognize it, what

will the outsiders think, they will think that our guilty conscience hurt the dead." Wen Xiyao said lightly.

"The matter has reached the point where it is now. Hurrying and calming the talents is serious, otherwise the company's image is not needed? And because of this, the value of the No. 3 land is no longer the original Feng Shui treasure, more than a billion. It is very likely that the investment will be sloppy. Is this a loss you can afford?" Director Qian Youyou came out, and the three sentences did not leave the money.

Wen Xiyao fought against them in the conference room, insisted on his attitude, and refused to give in at all. Finally, the chairman Dong Xinhe made a speech and acted according to Wen Xiyao's intention.

"Chairman, I am very sorry about this matter. It was my negligence that caused this result." In the chairman's office, Wen Xiyao said sorry to Dong Xinhe.

Dong Xinhe waved his hand, "I don't blame you on this matter. I have understood the course of things. You did it right. Some things can be compromised, but some things can never be compromised. We can't make us feel that Xinhe International is bullying. of."

Dong Xinhe was a hard-tempered person when he was young, and he could not start a big company from scratch. Otherwise, she looked at Wen Xiyao at first glance and invited her to the company many times, in addition to her ability. Because her temper is very similar to her youth.

Wen Xiyao nodded, "The chairman is assured that I will resolve this matter successfully, but..." She hesitated. "But the worker died after all, and there is a wife who is not working and a two-year-old at home. Child, I think out of humanitarianism, can we give him more generous compensation?"

Dong Xinhe smiled slightly, "Since I have given you this responsibility, I believe in you. Even if you let go and do it, you don't have to worry about the old guys on the board."

"Thank you, Chairman." Being trusted by the leader, Wen Xiyao received a good solace in the bad mood of facing the accusations of the old guys early in the morning.

After coming out of the chairman's office, Wen Xiyao's mood was obviously much better. When he saw Shen Qinglan waiting outside, his eyes were slightly surprised. "How come Qinglan?"

"Come and see you." Shen Qinglan said, glancing at her palm wrapped in gauze, "How is the injury?"

"It's okay, it's just a little bruise, it doesn't matter."

Shen Qinglan handed her the ointment on her hand, "This is what my brother asked me to send. The effect is good, you try."

Wen Xiyao raised her eyebrows. Why didn't she give Shen Junyu her morning? After thinking about it, I understood it, and took it with a smile, "Thank you for my brother." The last two words bite the stress.

Shen Qinglan smiled faintly, "No thanks."

Knowing that she had many things, Shen Qinglan didn't stay much, even Wen Xiyao's lunch invitation was rejected by her.

After coming out of Xinhe International, Shen Qinglan went to Antique Street. She first bought a gift for Grandpa Fu, and another week was Grandpa Fu's birthday. The family wanted to give him a birthday, but the grandpa refused it. Birthday However, the gift still needs to be prepared.

While watching an antique, Shen Qinglan suddenly noticed a line of sight. She turned her head abruptly, but did not see any suspicious people, but she was sure that someone was watching her just now.

After glancing at it again, she still didn't see the suspicious person. Shen Qinglan withdrew his eyes and continued to look at the antiques in his hands.

In the corner not far away, Promise was leaning against the wall, and there was a smile in the corner of his mouth. The five feelings of Shen Qinglan were sharper than he had expected, and she just noticed it just now.

Shen Qinglan came out of the antique shop and held a delicately packed box in her hand. She chose a direction and stopped from time to time to walk into the shops along the street to take a look and stopped all the way.

This antique street is close to the old city of Siheyuan in the south of the city. The alleys are criss-crossed. Shen Qinglan's teahouse is nearby. She turned and turned into a nearby alley.

There was a slight footstep behind him. If it weren't for her sensitive hearing, I'm afraid she couldn't detect it. Shen Qinglan slowed down her footsteps deliberately, and the footsteps behind her also slowed down. Shen Qinglan's mouth lightly hooked and continued toward her home Walked to the teahouse.

At the next turn, Shen Qinglan turned sharply and came face-to-face with the follower, "I haven't seen you for a long time."

Promise didn't expect that she would be exposed so suddenly. Since she was found, she didn't plan to hide. She stood there generously and let Shen Qinglan look at it.

Shen Qinglan's cold face evoked a faint smile, very shallow, "I've seen it twice, don't know how to call it?"

"Promise, many promises, promise promises." Promise smiled slightly, looking at Shen Qinglan's eyes as if looking at an old friend.

"My tea house is nearby. Since I met here, why not go sit in my tea house?" Shen Qinglan invited.

"Okay." Promise to follow suit.

Entering the tea house, Promise looked around. The environment was quiet and a rare good place. Instead of taking Promise to the tea room, she took it to her exclusive room here.

"What does Miss Xu want to drink?"

"Yes, I haven't studied the tea ceremony, no matter what tea is the same for me." Promise sat down opposite Shen Qinglan.

Shen Qinglan heard the words and took out a can of Longjing directly from the cupboard, and began to make a slow and steady brew. He promised to watch her elegant movements, his eyes flashing slightly.

"Ms. Shen is not only good at drawing and painting, but also good at making tea." Xu promised a compliment.

Shen Qinglan opened his lips lightly, "Your painter is also very extraordinary."

A cup of tea was placed in front of the promise, and the promise stood up and took a sip and put it down. She really didn't understand tea.

The accident happened in an instant, and Promise did not expect that Shen Qinglan would suddenly act, and as soon as she made her move, she could only instinctively avoid it, and even had no chance of resistance. Within a few minutes, the promise was Shen Qinglan. Uniformed.

With the hands of Promise clasped from behind, Shen Qinglan's hand pulled, and the clothes on Promise's back were pulled to the side by her, revealing Promise's right shoulder, where there was a dark red tattoo, exactly like she used to be, Shen Qing Lan's eyes dimmed, "Who the hell are you?"

The promise was suppressed, and there was no slight panic on her face, but she had a newer understanding of Shen Qinglan's skill. The woman was very strong, stronger than she thought. Just now she tried her best not to be under her hands A few tricks, although Shen Qinglan mostly attacked, but it is a fact that she could not beat Shen Qinglan.

"I don't know what Miss Shen is talking about, but I want to ask Miss Shen, what is the reason why you suddenly shot and beat my clothes? Does Miss Shen still have a special hobby?" Xu Nuo chuckled, with a tone of voice ridicule.

Shen Qinglan passed a glimmer of light and let go of the promise, "It seems that Alan is really not good, even the people who are taught are so incompetent."

Suddenly I heard Alan's name from Shen Qinglan's mouth and promised that his expression would

change slightly, but it immediately returned to normal, but Shen Qinglan, who had been paying attention to her, still clearly saw the change in her expression, and his heart sank suddenly, Allen was still alive.

"I don't know what you're talking about, what Alan, I don't know." The promise denied.

"Tell Allen, don't show up in front of me, otherwise, I don't mind repeating what I have done before." Shen Qinglan looked slightly cold.

There was a flash of anger in the eyes of promise, with a smile on his face, "Miss Shen, we will have a date."

Shen Qinglan kept watching the promise to go away, and her face was completely cold. She expected Alan to be or, but she was really sure, and she couldn't help but feel the haze.

He promised to walk out of the teahouse and find an unmanned place to call Allen. As soon as he connected, Allen's hoarse voice came out. "Found?"

He promised a stiff face. Although he couldn't see Allen, he couldn't help but tense. "Yes, I'm sorry."

I thought Allen would get angry, but I didn't expect Allen to laugh, "It's better to find out earlier, time is running out, and I should start."

"Master, are you coming to Beijing?"

"Well, the small wild cat has been stocking for a long time, and it will really become a wild cat without holding it back."

The promised eyes were heavy, and the emotions could not be seen clearly.

"Before I come, you are not allowed to act rashly, especially Shen Qinglan, not allowed to move, but the person who lives in her house can greet and greet."

"Yes, master."

Hanging up the phone, Allen looked at the flowers blooming outside the window and smiled softly, "Seven, you are still so smart, really a good boy, we will meet soon, will you be happy?" Following Jin Enxi's side with Shen Qinglan, Allen's mouth smiled more intensely. The feast is about to begin.

When Peter came in, he saw Allen smiling softly, and touched the goose bumps that didn't exist on his arm. "Allen, is there something good happening today? I'm in a good mood."

Allen closed the smile on his face and gave Peter a cold look. "I'm going to country Z in a week."

"Okay, no problem, but you can't walk too long now, so I want to go with you." Peter promised very simply, anyway, he did not agree, this person is also going, he can never change Allen's idea.

Allen had no objection, "Can I stand up before June?"

"Yes, you can stand up as long as you use the last medicine, but Alan, don't blame me for not reminding you that from now on you will have sequelae in your legs. Once you get injured again, it's impossible to stand up again in this life, and every time The pain will be unbearable on rainy days. This pain is comparable to the pain of the heart."

Allen has listened to these words many times, even the pain he has tasted, and his expression remains the same. "As long as I can stand up."

Peter shrugged and knew that it would be the result, and he would not say these words again in the future. This was the last time.

**

In the afternoon, it rained, and the light rain turned into a downpour. Jin Enxi looked at the heavy rain outside, secretly scolded "SHIT", and then tragically found herself trapped in the library. She rarely thought of it today. When I came to the B major library, I encountered such a bad thing unexpectedly.

"Student, can you take an umbrella?" Jin Enxi saw a boy about to go out, still holding an umbrella in his hand, and walked over and asked with a smile.

The boy saw Jin Enxi, his face flushed, and nodded, "Okay, okay, are you going there?"

"Just send me to the school parking lot."

The parking lot was not far from here. It was only five minutes away. The boy covered the umbrella with Jin Enxi's head. "Sister, let's go."

Most of the umbrella is on top of Jin Enxi. Fortunately, this umbrella is large, otherwise, this boy will definitely be drizzled.

"Are you freshman?" Jin Enxi glanced sideways at the boy's blushing face and started to chat, but now there are few boys so innocent.

The boy nodded unnaturally, Jin Enxi used a little perfume today, and the taste was very light, but at this time they were close, the fragrance seemed to spread to the tip of the boy's nose, and the heat on his face increased.

"What major did you study?"

"computer."

Yo, still a direct student, Jin Enxi smiled, "I am also in the computer department, but I am studying for graduate students." The parking lot has arrived. Jin Enxi opened the car door and sat in, "Thank you today, elementary school student, The next time I have the opportunity to meet, my sister invites you to dinner."

The boy stepped back a few steps and watched the back of Jin Enxi's driving stunned. Jin Enxi saw his wife-like stone from the rearview mirror and whistled.

After coming out of the school, Jin Enxi did not return to Shang Yayuan, but drove out of the city. She was going to Eden today for something, but she accidentally forgot it there last time.

The rain was heavy, and Jin Enxi wasn't driving fast. She turned on the audio, and soon the rock-and-roll music sounded in the car. Jin Enxi rocked slightly with the music.

I don't know when I will catch up with a car in the back. Jin Enxi didn't care. The car was getting closer. Jin Enxi frowned slightly. When I thought about the driver's level, I turned the steering wheel and pulled the distance between the two cars a little. Who knows that the car was posted again.

"SHIT", Jin Enxi scolded, "It's an alcoholic who can't drive."

Speeding up the speed, seeing that the car behind was not posted, Jin Enxi didn't put his mind on it. Who knows that when she didn't care, the car suddenly bumped up, and suddenly the impact force. When Jin Enxi leaned forward, his forehead slammed into the steering wheel. Jin Enxi's face changed, and he lowered the window. "Will you drive, blind?"

The car's window came down, and Promise's face appeared in Jin Enxi's sight, and Promise's hand was holding a pistol at the moment. At this moment, the black hole's muzzle was aimed at Jin Enxi's head.

Recommend the ancient Chinese god Yuliang's article "Following the World: See you on the wall"

Facing the beautiful man who walked out of the pool, she stared straightly, revealing a nympho look: "The lord is really powerful."

The man ignored her presence and calmly dressed.

The next day--

She walked out of the pool, greeted the man's eyes, her eyes were silky, and she was like a goblin, "I am beautiful, prince?"

The man has a stiff body, looks calmly at a glance, and looks at the dark red ears.

And then—Hey, hey!

One day, when a man saw a woman making baskets in the courtyard, he was puzzled. "Why?"

She said, "I betrayed Jiahe Wang before I got married. If they find out about me and you, they will surely be immersed in pig cages. Before they are found, I will make a good-looking cage for me and then I will be sunk by Shenhu. You can also pose to die better when you are."

A man, "..."

235 235 Rainy Night Chasing 2 (2nd)

Promise smiled slowly towards Jin Enxi, his fingers pressed hard, Jin Enxi's face changed drastically, bowed his head subconsciously, evaded the promised first blow, and stepped on the throttle with a reflective foot, and the car flew out like an arrow from the string.

Promising to keep up, Jin Enxi's car flickered left and right on the road, and sparks were rubbed between the wheels and the ground.

Looking at the promise she had been keeping up, Jin Enxi's face was cold. She glanced at the rearview mirror and then called Eden. "Eden, it's me. I'm in trouble. On Binhe Road, the other party There is only one person who needs support."

"I'll be here soon, be careful yourself." Eden urged, put down the phone, took a bag from the bedside table in the bedroom, and went straight out the door.

"Then let me have a good time with you." Jin Enxi lightly tickled his lips, glanced at the car behind him, and stepped on the accelerator again. Fortunately, this is already a suburb, and because of the heavy rain, there are basically no other people on the road. Car.

Promise has been hotly pursued, but she didn't hit Jin Enxi once. Her eyes became colder. She had dealt with Jin Enxi before. She knew that this woman was difficult to deal with, so she chose this time. Now, this woman is still so cunning.

Looking at the car flying out, Promise also speeded up, and the distance between the two cars continued to shrink. Jin Enxi glanced at the rearview mirror in the corner of his eye and looked at the nearly ninety-

degree turn in front. His eyes were ruthless, the car A ninety-degree turn is a beautiful drift, and promised to miss the turn and hit the guardrail hard.

Jin Enxi laughed, whistled at the promise, and made a gesture of worship.

The promised head was recessed in an instant, "Asshole." She hammered the steering wheel hard, picked up something from the passenger seat, got out of the car, sneered, pointed at Jin Enxi's car, and pressed the trigger. Jin Enxi saw this scene from the rearview mirror, his face changed instantly, opened the door and rolled in place, and gave up the car directly.

A huge explosion sounded in the rainy night, and Jin Enxi looked at the car that instantly turned into a pile of scrap iron. He secretly sighed in relief. He was almost going to see God just now.

After seeing the promise, Jin Enxi turned around and ran. While running, she secretly vowed that when she escaped, she would never let go of the promise of this woman. After chasing and running, if she was known, her face would be lost.

If she had...in hand now, she must have acted against the promise, but now...she still runs.

Jin Enxi's speed is very fast, but the promised speed is not slow, and has been hotly pursued, even if Jin Enxi wants to get rid of her, it is not so easy.

Promise didn't know when there was something more on his hand, Jin Enxi snorted, and staggered his footsteps, but did not stay any longer, directly accelerated the speed of the foot, promised to catch up, but just ran two steps, suddenly flashed beside A figure came to attack her.

She fled to avoid, only to watch Jin Enxi escape from her sight, her expression was a little annoyed, turned around, and shot in the direction behind her.

Jin Enxi got rid of the promise, stopped and covered her left chest. The last blow promised just hit her left chest, and now the wound is bleeding.

She pulled off the scarf around her neck and pressed it against the wound. She looked in one direction and ran staggered. She did not know how long she ran. Just to avoid the promise, she ran on the path and it rained. , She could not tell the direction.

The cold rain hit her and mixed her blood into the ground. She secretly rejoiced. Fortunately, in such a night, otherwise if you promised to follow the blood, I am afraid she will really be here tonight. .

The strength in her gradually drew away, even the consciousness was away from her.

"Squeak—" The harsh brake sounded, and there was only a dazzling light before Jin Enxi's eyes.

She closed her eyes and fainted. Before fainting, she faintly saw a familiar face.

In the car, Daniel looked at the figure falling in front of his car, the blood on his face faded completely, and he seemed to have hit a person just now.

After sitting in the car for a while, Daniel calmed down and walked out of the car to see who was hit by him, as if he looked like a woman.

"Hello, are you okay?" Daniel's voice trembled a little, and when the woman didn't respond, he reached out and touched, but Jin Enxi still didn't respond. "Wouldn't it really be dead?"

Daniel's face was even paler. He looked at the woman who had fallen to the ground and turned her boldly. When he saw Jin Enxi's face, Daniel's expression was wonderful.

He had never imagined that the person he bumped into was actually Shen Qinglan's friend, but by the light of the car, when Daniel saw the blood flowing from Jin Enxi's chest, he immediately realized that something was wrong.

The wound on her body was not hit by herself.

He squatted down quickly and helped Jin Enxi up. "Hey, you wake up." He patted Jin Enxi's face, it was useless.

"Hey, don't die. If you die, I really jump into the Yellow River and I can't wash it."

Jin Enxi opened his eyes reluctantly, looked at the man in front of him, and blinked, "Don't howl, I'm not dead yet." There was too much blood loss, her voice was weak, and Daniel's eyes lit up, "Great, you Not dead, I will take you to the hospital now."

He was about to hug her, Jin Enxi took his hand, "Can't go to the hospital, don't go to the hospital."

Daniel's face was anxious. "You will die if you don't go to the hospital." He had already seen that Jin Enxi's wound was not an ordinary one at all.

Country Z is not allowed to carry these things, so why is she so well-endowed to suffer such injuries, still in such a remote place. This is a suburb of the capital close to the mountains. There is only one leisure farm nearby. He came to play with his friends today. He had planned to spend a night here, but he received a phone call at night. He had to rush back to the city to deal with something. Unexpectedly, I met the injured Jin Enxi here.

"You can't go to the hospital even if you die." Jin Enxi squeezed a few words out of her teeth. Her head was dizzy, but her eyes looked at Daniel. Going to the hospital for her injury will cause unnecessary troubles, and it is likely that Shen Qinglan will be affected.

"Well, I will not send you to the hospital, I will send you home, is this always possible?" Daniel compromised.

"Go to your home." Shang Yayuan is likely to have been exposed. Now go back, who knows if someone is waiting for her, and Eden is not absolutely safe, but now it is Daniel's safest.

Daniel had no opinion and helped Jin Enxi into the car, looking at her still bleeding wound, but Daniel was somewhat helpless, "Your wound has been bleeding, what should I do?"

Jin Enxi leaned on the co-pilot's seat, covering his chest with his hand, "It doesn't matter, you must go quickly." No more, no one can wait for the promise to catch up.

Daniel's worried expression, "Doesn't your injury really matter?" He woke up and had never seen a person shed so much blood.

"Don't talk nonsense, go away."

Daniel no longer talked nonsense, stepped on the accelerator, and regardless of safety, he quickly drove in the direction of his own home and looked at Jin Enxi from time to time.

By the time the car drove to the door of the community, Jin Enxi was completely comatose. Daniel covered his blazer on Jin Enxi's body and covered the wound on her, before carrying her back to her home.

Before Jin Enxi could get wet, Daniel put Jin Enxi on the bed and hurriedly found the medicine cabinet, but he didn't know how to start with her wound.

Looking at Jin Enxi's pale face, Daniel slapped his head, and then remembered to call Shen Qinglan.

Shen Qinglan just fell asleep and received a call from Daniel. Without a word, she went out directly with the key. She didn't even have time to change her clothes. She called Eden on the road but no one answered it. Was Shen Qinglan's face ugly? , Flew all the way to Daniel's house.

Daniel had changed the clothes of Jin Enxi and opened the door to see Shen Qinglan, as if he saw a savior.

"What about Enxi people?"

Daniel took Shen Qinglan to the bedroom. Shen Qinglan saw lying on the bed, pale, lifeless Jin Enxi, his

pupil shrank suddenly, his pupil was very dark, and the black one couldn't see the end.

It was at this time that her cell phone rang, and Shen Qinglan glanced at Eden and reported directly to Daniel's address. Shen Qinglan drove Daniel out of the room.

Pulling the clothes off Jin Enxi's chest, and watching her chest, even though the thick gauze still shows through the bleeding wounds, don't think, Shen Qinglan also guesses who did it.

She should not let go of her promise this morning.

Eden came quickly, he was soaked, and after entering the door, without a word, he went directly into the bedroom and looked at Jin Enxi, his face was very solemn, "Enxi is in a very bad situation now, ZD is still in her The chest cavity was not removed in time, and there was too much blood loss. Now he must be taken to hospital.

"Then take it to the hospital immediately, and I will drive." Shen Qinglan made the decision decisively.

"Don't go, don't go to the hospital." Jin Enxi didn't know when he woke up, heard their conversation, and spoke weakly.

Shen Qinglan looked at her, "En Xi, now is not the time to bargain with you, you must go to the hospital now, this is an order."

"Don't go to the hospital, Ann, if you take me to the hospital, I'd rather die." She looked at Eden. "Eden, you are going to have an operation here. If you die, I will admit it."

Shen Qinglan's face was green, looking at Jin Enxi who was already at this stage and still worried that she would cause trouble. Her eyes were slightly hot. She slowly looked down and spoke softly, "Enxi, you are obedient, we go to the hospital, those troubles me Can be solved."

Jin Enxi shook his head, "I don't go to the hospital, Ann, you know, the place I hate the most is the hospital, I don't want to die in the hospital."

"It's too late, Ann, right here." Eden said, "But I need blood type O, nobody here is blood type O, Ann, what should I do?"

Daniel, who has always been a background board, heard this and said weakly, "I am blood type O."

Eden's eyes lit up, "Come here. This time the blood volume is relatively high, can you?"

Daniel nodded, with an expression of death, and stretched out an arm, "OK, you smoke."

Eden's medicine cabinet is larger than the ordinary first-aid kit, and it is full of things needed for daily injuries. He let Daniel sit on the side and anesthetize Jin Enxi.

Shen Qinglan was holding a lamp on one side, and now there is no shadowless lamp, only simple.

Daniel saw Eden took out the scalpel and closed his eyes in fear, but the position did not move. When something was taken out of Jin Enxi's chest and the wound was stitched away, Daniel's face could no longer be pale. describe.

Worried that he would also have an accident, Eden stopped the blood delivery. "Ann, it's okay now, but Enxi's wound is a little bit infected, and it's estimated that he will have a fever in the middle of the night."

"Well, I'll take care of it here. You go out and change your clothes first." Shen Qinglan said softly. Just for the safety of the operation, Eden took off his coat directly, but it was still raining in the middle of the night. Shen Qinglan worried that he would also fall Down.

Eden greeted Daniel, took a suit from his closet, and entered the bathroom.

Shen Qinglan sat quietly, looking at the unconscious Jin Enxi, his eyes cold.

"Ann, who is chasing Enxi today?" Eden came out of the bathroom, checked the situation of Jin Enxi and Daniel, and asked.

"It's Allen's."

Eden's expression changed, "Allen is really not dead?"

Shen Qinglan nodded, with a solemn expression, "I found someone following me this morning, and that person is the woman you chased last time."

Even though Eden went to help Jin Enxi at night, he promised to run too fast, and due to the heavy rain, Eden didn't even see her face.

"The woman's name is Promise, it's Allen's."

Eden looked dignified, but he didn't expect Allen to be alive.

"Ann, if Allen is still alive, he will never give up." Not only does Allen understand them, they are also very clear about Allen's temperament, since he is alive, unless he dies, or they die, otherwise between them There is absolutely no possibility of coexistence.

"Now we can only wait. Recently, you let them pay attention to a few." Shen Qinglan said that she had a strong hunch, and Allen would appear soon.

236 236 Birthday Banquet, Proposal

Shen Qinglan and Eden said these words in the living room, so they weren't worried that Daniel would hear them.

In the middle of the night, Jin Enxi really started a high fever. Shen Qinglan and Eden almost didn't sleep all night. Until dawn, Jin Enxi's high fever retreated.

Daniel was sleeping in the guest room. When he woke up, he found Eden was also sleeping in his bed. Daniel's mind was awake for a night, thinking of what happened last night. His eyes were full of terror.

Shen Qinglan was sitting in the living room waiting for Daniel. She needed to give Daniel an account of what happened last night. When she saw Daniel coming out, Shen Qinglan's somber face slowed down, "Daniel, you come with me."

Daniel followed Shen Qinglan into the study. He sat silently, apparently not digesting what happened last night.

Shen Qinglan didn't speak, Daniel looked at Shen Qinglan for a long time, "Qinglan, who are they?"

Although he did not witness Jin Enxi's injury last night, judging from Shen Qinglan's performance, he also knew that things were not simple.

"Daniel, do you believe me?" Shen Qinglan lowered his eyes slightly and spoke softly.

"Qinglan, I naturally believe you, are we friends?" Daniel didn't hesitate.

Shen Qinglan's eyes slowly flowed with warmth and red lips slightly ticked, "Daniel, they are my

friends." Shen and Daniel are partners and friends, and she doesn't want to deceive Daniel.

"I can't tell you their identity, it won't do you any good, and for safety, you can't tell others that you know them. But I promise, they won't do anything malicious to you."

Daniel heard the words and was silent for a long time before nodding in Shen Qinglan's eyes. "Qinglan, I know, I will keep this matter secret, and I will forget the things last night."

Shen Qinglan smiled, smiling softly and warmly, "Daniel, thank you."

The doubts in his heart were answered. Daniel was sitting in a chair. Although his face was still pale due to blood transfusion, his expression was relaxed.

"Qinglan, we will stop here for this matter. Don't mention it again. I will tell you another thing now."

"what?"

"There is an art festival in Sydney in July. I hope you can participate."

"Why?"

"This art festival can only happen once every five years. It is one of the largest art exhibitions in the world. Although you have won an international gold award before, the popularity has dropped. I want to take advantage of this opportunity. Once launched, do you understand what I mean?"

Shen Qinglan naturally understood that, after thinking about it, he finally nodded and agreed with Daniel's suggestion.

"If you have no opinion on the works you participated in, I suggest you choose "Redemption."

"No, I want to change to a new one. I will give you a new work in the future." "Redemption" is a work she felt at the time, and she didn't want to expand the commerciality of this work.

"Yes, you still have about a month, and you will give me your work after a month."

Shen Qinglan nodded.

After talking about the business, Daniel looked at Shen Qinglan and hesitated.

"How?" Shen Qinglan looked at him.

"Your friend, is she okay?"

"It's alright."

"Can I go in and see her?"

Shen Qinglan raised his eyebrows slightly, watching a trace of inquiry in his eyes, and then nodded in Daniel's increasingly uncomfortable eyes, "Yes."

Daniel stood up, "Then I'll go see her first."

Looking at Daniel's slightly hurried steps, a slight smile appeared in Shen Qinglan's eyes.

Jin Enxi woke up that afternoon, and it is not sure whether Shang Yayuan is safe or not, so after discussion, several people decided to let Jin Enxi stay with Daniel, and Eden naturally stayed. In order to prevent being tracked, Shen Qinglan once Haven't been here.

She thought that she promised to find her, but in the next few days, Shen Qinglan deliberately went around and found no followers behind her.

After Jin Enxi's injury was much better, Eden took her back to the villa in the suburbs. After all, the equipment there was much better than here.

"That, thank you for the matter that night." Before leaving, Jin Enxi did not forget to thank Daniel. Daniel's care for her in the past few days has been regarded as her best.

She originally thought that people like Daniel should be afraid of them, but Daniel's reaction was somewhat beyond Jin Enxi's expectations.

"No need to thank you, you are Qinglan's friend, that is, my friend." Daniel said, noticing that she still had a pale face, "You are well wounded."

After Jin Enxi left, Daniel looked at the empty house with some confusion, and sighed quietly before entering the study and starting to deal with the gallery.

The time passed quickly, and it soon reached the end of May. Two days later, it was Shen Qinglan's birthday. The news that the Shen family wanted to hold Shen Qinglan's birthday party had spread in Beijing, but this time there was no widely published post on the birthday party. , Only invited some family and friends, even Shen Junyu's business partners did not invite.

Yu Xiaoxuan and Han Yi have returned, and have gone out for more than 20 days. Yu Xiaoxuan is in a better mood, at least a smile can be seen on his face, and I don't know what happened, the relationship between her and Han Yi It also seems to have made leaps and bounds.

Shen Qinglan noticed that Yu Xiaoxuan looked at Han Yi's gaze, the faint dependence in her eyes, and the girl's shyness when she was in love. She glanced thoughtfully at Han Yi in exchange for Han Yi's wickedness. smile.

What Han Yi did not tell Shen Qinglan was that this time he told Yu Xiaoxuan that they went to the mountain to experience life and encountered mudslides, and they almost couldn't come back.

Seeing Yu Xiaoxuan in a good mood, Shen Qinglan was relieved. She was not interested in this birthday party. If Shen Junyu and Fu Hengyi insisted, she would prefer to sit together and have a meal. .

Because of Shen Qinglan's birthday, Fu Hengyi has returned from the army, and the beginning of June also means that his days in the Beijing Military Region are coming to an end.

Gu Yang and Gu Kai returned with Fu Hengyi. Gu Yang still looked like a hippy smiley face. Gu Kai still looked like a cold face, but Shen Qinglan saw their eyes from their determined eyes Change, it seems that the military camp life for a few months has indeed changed them.

"Sister-in-law, I haven't seen you in a while, did you find that I became handsome again?" Gu Yang sat in Fu's living room, noticed Shen Qinglan's eyes, said with a smile, then moved closer to Shen Qinglan. Whispered, "Sister-in-law, when will you teach me to fight?"

Shen Qinglan smiled softly, "I will wait until you can call Zhao Wei."

The smile on Gu Yang's face was stiff there. Zhao Wei was a humanoid fighting machine. He was born to fight. Since the last time he challenged Shen Qinglan and was brutally abused by Shen Qinglan, Zhao Wei split up. For a period of time, I didn't find someone to challenge, but just trained by myself. I always wanted to challenge Shen Qinglan again, but then Shen Qinglan didn't go to the military area because of various things. Zhao Wei began to challenge again.

Gu Yang couldn't beat him before, let alone now, "Sister-in-law, how could I have beaten that monster. You can teach me, at least let me not lose under that monster."

Shen Qinglan laughed and said nothing.

In a presidential suite in a five-star hotel in Beijing, Alan sat in a wheelchair and looked at the glimmering night lights of the capital. Xiaoqi, this is the city where you were born and lived. I finally came.

The room was opened from the outside, and the promised figure came in.

"How is it going?" Allen asked lightly.

Promise lowered his eyes and looked at the ground in front of him, "Master, they invited friends and family at this banquet, and there are no partners in the mall, so the invitation... can't get it."

Alan turned around, looked at the promise, and looked at the vulture. Although he looked up, his momentum did not fall into the wind. "This little thing can't be done, what use do I want you to have?"

Promise blankly, "Master, I'll think about something. You will give me a little more time."

Allen's face didn't get better because of her words. "Remember, you only have one day. Before tomorrow's banquet, you must get the invitation, otherwise, you go back."

What she will face after going back, the promise is too clear. She failed to go to the place last year because she failed the task last year, and she almost didn't come out.

"Yes." Promise responded respectfully and exited the room.

**

The next day, Shen Qinglan got up early in the morning and found that Fu Hengyi had already gotten up. She walked into the kitchen and saw that the man was cooking.

Looking at the dough in Fu Hengyi's hands, Shen Qinglan raised an eyebrow slightly, "What are you going to do?" The nose moved, and the air was filled with the smell of chicken soup. She looked sideways, not knowing what Fu Hengyi started from.

"Make noodles, you wash them first, and you can eat them later."

Shen Qinglan nodded, turned back to the bedroom, waited for her to wash and change clothes, Fu Hengyi just came out of the kitchen, holding a bowl of steaming noodles.

"Just eat while it's hot."

Shen Qinglan walked over to sit down and looked at the bowl of noodles on the table. The soup was chicken soup. A poached egg and a few green vegetables lay on it. The color combination was very beautiful, and she looked appetite.

Shen Qinglan picked up the chopsticks, only to discover that this bowl of noodles turned out to be longevity noodles. Taking a light bite, Fu Hengyi looked at her with a smile, "Is it delicious?"

The noodles were very strong, with the umami of chicken soup, Shen Qinglan nodded, "It's delicious."

"Just eat it when it's delicious, there won't be anything left."

In the warm air of Shenlu, Shen Qinglan looked at Fu Hengyi, his eyes slightly warm, smiled at Fu Hengyi,

and bowed his head to eat noodles. Fu Hengyi sat there quietly and watched her eat.

"Have you eaten?" Shen Qinglan asked to see Fu Hengyi looking at her all the time.

Fu Hengyi smiled slightly, "I will eat later."

Shen Qinglan glanced at the noodles in the bowl and added them to Fu Hengyi's mouth. "Eat together."

"This is longevity noodles, you have to eat it all by yourself."

Shen Qinglan didn't move. "We are together." It is longevity. If we want to be together, how can I be alone.

Fu Hengyi understood what she meant, and the expression in her eyes became softer, lowering her head and taking a bite.

Shen Qinglan's appetite in the morning was not big, but this time, she ate up a whole bowl of noodles.

After eating the noodles, the two people set off to Shen's house. They will have dinner at Shen's house at noon today. Mrs. Fu and Fu Jingting are already there. Aunt Zhao went to the kitchen to help. Chu Yunrong saw Shen Qinglan and stood up immediately, then went to the kitchen. After a while, he came out with a bowl in his hand. Shen Qinglan glanced at it, and it was longevity noodles.

"Qinglan, this is the longevity noodles that your mother specially made for you this morning. You try it."

Shen Qinglan looked at the big bowl of noodles in front of her with embarrassment. She had just eaten it, and now she can't eat it anymore. Fu Hengyi took over the bowl, "Mom, I also made longevity noodles for Qinglan in the morning. She just ate them now, but I can't eat them now."

Chu Yunrong had already eaten it, but he was not reluctant. "Then it means drinking a soup."

Shen Qinglan took the spoon and took a sip of soup. "It tastes good, thank you mom."

Chu Yunrong heard the words and immediately smiled.

The banquet place was in the banquet hall of a five-star hotel. Shen Junyu packed today's show a month in advance. After lunch, the stylist came to the door. Shen Qinglan looked at the set of dresses before him. Is speechless, just a birthday party, not married, as for?

"Qinglan, look at which one you like. These are carefully selected by my mother. Isn't it beautiful?"

"This one." Shen Qinglan glanced at her, and followed her finger in a bi-colored dress.

Shen Junyu glanced at her choice, frowned, and took a white dress from the stylist. There were large

roses on the hem as an embellishment, simple but elegant.

"Or this one. What do you think, Hengyi?" Shen Junyu asked Fu Hengyi directly.

Fu Hengyi thought about what she wanted to do today, and nodded, "This is good in Jun Yu's hand."

Shen Qinglan had no opinions, only opinions on clothes. I took the clothes from the hands of the stylist and went directly upstairs to change them.

One of the stylists and makeup artists hurried to keep up, and the remaining ones matched the clothes for others in the room.

"Are things ready?" Shen Junyu asked Fu Hengyi.

Fu Hengyi's eyes glowed softly, smiling and nodding, "Everything is ready."

Shen Junyu was satisfied, the doorbell rang, and Shen Junyu went to open the door and saw Wen Xiyao.

"Aunt Uncle, Grandpa, Aunt Fu, Grandpa Fu, I haven't come late?" Wen Xiyao greeted.

"It's not too late, Xi Yao came over to sit." Chu Yunrong saw Wen Xiyao and beckoned. Wen Xiyao sat down beside Chu Yunrong.

"Xiyao, have all the injuries on your feet been cured?"

"It's okay, auntie, it's already good, yes, Qinglan?"

"She styled on it, it didn't come down that fast. Has your company's business resolved?"

"already solved."

In this month's time, the news of the deceased in the No. 3 construction site of Xinhe International is under construction. The family was originally prepared to compromise because of Wen Xiyao's tough attitude, and Wen Xiyao originally planned to give them a compensation. Feeling, when the matter was about to be resolved, the attitude of the family members suddenly changed, insisting on high compensation.

After investigation, Wen Xiyao discovered that he was a competitor of Linhe Group, a competitor of Xinhe International. Although Lin's group is mainly engaged in the hotel industry, real estate is also often involved.

Lin's group once did not succeed in bidding for the No. 3 site, and has always been holding a grudge. Of course, he did not want to let this opportunity pass this time. Behind the flames, I wanted to take advantage of this opportunity to step on the foot, at least let the new Wo International 3 The number

land changed from a feng shui treasure land to a waste land.

Just when Wen Xiyao was thinking about how to solve the Lin Group, Shen Junyu put in front of her an evidence that Lin Hao's son, Lin Hao, drove to the dead. Not only that, but Lin Hao's stigmas were numerous. .

After Wen Xiyao obtained the evidence, he directly handed it over to a reporter. The grandfather of the Lin Group was instantly caught in a scandal and was taken away by the police that day. Various means are used, running around, where there is still energy to pull Xinhe International's hind legs.

Without Lin Group's troubles, Wen Xiyao would have solved this matter much easier, and the family had no one else to make suggestions for them. The bullying in his bones was afraid of toughness, and he regained his head. When Wen Xiyao's attitude was tough, they didn't do anything. Too.

It was just afterwards that Wen Xiyao still gave them a considerable amount of compensation. After all, it was a life. Wen Xiyao could not really be indifferent, and there was a part of the compensation that she personally paid out. The old lady in the family knew about it and went to the company to apologize to Wen Xiyao.

Although the problem of the victim's family members has been resolved, the impact of the incident on this matter is not so easy to eliminate. In the end, how to reduce the adverse effects of this incident, Wen Xiyao currently has no better solution.

Chu Yunrong heard that the matter had been resolved, and she felt a little relieved in her heart, "Don't you rush up a girl like this in the future, this is good luck, come again, who knows what will happen. Speaking of this, you are Very similar to Qinglan."

Wen Xiyao smiled and didn't speak, and she listened to the elders' words.

Shen Qinglan finished all sorts out, and the family was all ready. Looking at the dressed-up Shen Qinglan, the eyes of the two old men were satisfied.

Mr. Shen and Mr. Fu took out a red envelope from his pocket at the same time and handed it to Shen Qinglan, "Miss Qinglan, this is for you."

"Lan Lan, happy birthday."

Shen Qinglan took two red envelopes and touched them, both of which were cards, smiling and thanking the two old men, "Thank you two grandpas."

Grandpa Fu was really happy, but Grandpa Shen thought that this was Shen Qinglan's last birthday as the daughter of the Shen family at home.

This is his most beloved granddaughter. After the wedding in September, it really became Fu's daughter-

in-law. Thinking of this, Mr. Shen looked at Mr. Fu's eyes a little badly.

Mr. Fu knew what Mr. Shen was thinking at a glance. He smiled, don't mention it, "Senior Shen, don't stare. No matter how staring, the fact that Qinglan girl is my granddaughter of Fu family."

Old Master Shen snorted, and Shen Qinglan saw that the two old masters were fighting again, smiled slightly, and did not speak.

Shen Junyu walked over and handed a car key to Shen Qinglan, "Lan Lan, brother has nothing to give you, just a car."

Shen Qinglan took the car key, glanced at it, and raised an eyebrow. This is a limited-edition sports car. There are only ten cars in the world. Shen Junyu actually got one, which shows that it took a lot of effort. "Thank you brother."

Shen Junyu wanted to reach out and touch her hair as usual, but looking at the hairstyle she had taken care of today, she quietly dropped her hand, "Lan Lan, happy birthday."

Shen Qinglan nodded, and Yu Guang saw her sitting on the sofa, Wen Xiyao, stepping closer to Shen Junyu, "Sister Xi Yao's birthday is on the 19th of next month, and her favorite place is Bali."

Shen Xiyu, Wen Xiyao's birthday, already knew it, but he really knew it for the first time, "I know."

Wen Xiyao gave Shen Qinglan a diamond necklace with a very beautiful shape. Even when Shen Qinglan, a person who didn't care much about jewelry, saw his eyes, his eyes shone slightly.

"This was the last time I went to a business trip abroad and saw it in an accident in a shopping mall. It was not designed by a famous designer, but I think you should like it."

Shen Qinglan really liked it and asked Fu Hengyi to change the one on her neck on the spot.

The Shen Qians gave their daughter a room book.

Fu Jingting also prepared a gift for Shen Qinglan, which was packed in a box and was a jade bracelet, "Qinglan, this is the family heirloom of the Fu family, which is specifically for the Fu family's wife, which should have been given by Heng Yi's mother. You, but... so I'll pass it on now."

The jade bracelet is emerald green and the emperor green with excellent water head. Such a jade bracelet is worth hundreds of millions on the market. Shen Qinglan took it in his hand but did not wear it. "Aunt, I will keep it safe."

Mr. Fu heard the words and waved his hand, "whatever you put in the box, you can wear it if you like it. Only by wearing it on your body can you be spiritual."

"Got grandpa."

While talking, the figure of three people appeared at the door of the Shen family. It wasn't Shen Yang's family. Fu Jingting saw Shen Rang's figure. The smile on his face was a moment of stiffness, but he quickly returned to nature, but Fu. The old man, seeing Shen Rang, burst into flames in his eyes.

Shen Rang did not expect to meet Mr. Fu and Fu Jingting at the Shen family. He didn't plan to attend Shen Qinglan's birthday party today, so he thought of coming over to give Shen Qinglan a gift in advance. Who knows that he still encountered it.

"Uncle Fu, Jing Ting." Shen Rong said, very embarrassed.

Old Master Fu sneered, "I can't afford you to call 'Uncle Fu'." Seeing Lu Yaqin and Shen Junze behind Shen Rang, his face became even more ugly.

The smile on Fu Jingting's face is still the same, just not reaching the bottom of his eyes, "Shen Rang, when did you come back?"

"I just came back not long ago."

Fu Jingting thought of the fact that Mr. Shen was hospitalized but did not tell them what happened at home. It was suddenly clear. I am afraid that Mr. Shen only saw Shen Rang coming back and was stimulated before being hospitalized.

Shen Rang knew that his family was not suitable to stay here on such occasions, so he left the present and left.

"Old Man Fu..." Mr. Shen said.

Master Fu waved his hand, "One yard to one yard, today is the birthday of Qinglan girl, we will not talk about it."

"Two grandpas, it's almost time, let's go." Shen Junyu came over and said, a talent set off to the hotel.

As soon as he arrived at the door of the hotel, Shen Qinglan saw the Chu family who had just arrived.

"Auntie." Xiao Douding saw Shen Qinglan, and immediately came down from Chu Yunjin's arms and ran to Shen Qinglan.

Shen Qinglan was wearing a dress and did not hold him as usual. Xiaodou Ding looked up at Shen Qinglan, "Auntie, you are so beautiful today."

Shen Qinglan smiled slightly and reached out to squeeze his face. "Hao Hao is also very handsome today."

"Qing Lan." Pei Yining came over and picked up Xiao Douding.

"Cousin, why are you back?"

"How can I not come back in such a day." Pei Yining said meaningfully.

Shen Qinglan didn't hear her extra words, but only smiled helplessly, "It's actually just a birthday."

Pei Yining but didn't laugh.

Jiang Chenxi, Gu Yang, Gu Kai, Han Yi all came, Fang Tong also arrived, even Yu Xiaoxuan came.

Seeing Yu Xiaoxuan, Shen Qinglan gave her a soft hug and patted her on the back. Yu Xiaoxuan smiled, "Qinglan, I'm fine."

Han Yi stood next to Yu Xiaoxuan, and Shen Qinglan looked at the two together, and there was something they didn't understand, a smile flashed in his eyes.

Today, basically the relatives and friends of the Shen family and the Fu family, and the friends of Fu Hengyi and Shen Qinglan, Shen Qinglan even saw a few Mu Liancheng and Qian Fei.

"Sister-in-law, you are very beautiful today." Gu Yang squeezed over and sent to Shen Qinglan's side, looking at Fu Hengyi in a black suit standing next to Shen Qinglan, "Big brother is also very handsome, you two are just like Lang Cai."

Fu Hengyi had no expression, just glanced at Gu Yang lightly.

Shen Qinglan has been wearing a light smile on her face tonight, softening her coldness, and Fu Hengyi stood together, like a little woman in a birdie.

Daniel came by himself and saw Shen Qinglan, "Oh, Qinglan, you are so beautiful tonight, like a noble and elegant princess. If you don't have a lover, I will definitely pursue you frantically." Daniel said it must be exaggerated, bowing slightly, reaching out a hand, "My beautiful princess, can I kiss your hand?"

Shen Qinglan glanced at him, and Daniel immediately straightened his body. He smiled, his eyes stayed on Fu Hengyi for a moment, and looked, "I was just kidding in Qinglan, Mr. Fu would not mind, right? "

Fu Hengyi smiled softly, "Mr. Daniel's joke is not funny at all." The eyes shone coldly.

Daniel stiffened. "Then, Qinglan, I just saw an acquaintance just now. I used to say hello." After that, he slipped away.

"Wife, why do you want to be so beautiful tonight?"

Shen Qinglan glanced silently at Fu Hengyi, the black line.

Shen Qinglan was talking over here, and Yu Xiaoxuan took a call over there and ran out. After a while, he appeared with Andrey and Sisley.

Shen Qinglan saw the two of them and secretly raised her forehead.

"Miss Shen, I met again outside the door." Andrea's smiling gentleman was polite.

Sisley on the side pretended to look at Shen Qinglan curiously and smiled slightly, "Hello, I am Andrea's fiancée. My name is Sisley, Miss Shen. When I first meet, you are beautiful."

Shen Qinglan noticed the playfulness in her eyes, stepped forward to hug her, and said gently in her ear, "Why are you here?"

Sisley chuckled, "It's your birthday today, how can a rare party miss me."

Knowing that they are worried about what will happen today, after all, since the last rainy night chase, the promise has never appeared again, just like it evaporated from the world.

The more this is, the more uneasy they feel. According to their understanding of that person, if they think differently, today is definitely a good opportunity.

Although Jin Enxi and Eden did not appear at the banquet, in the upper room, Eden and Jin Enxi were looking at the monitoring screen of the banquet hall.

"Eden, do you say he will really show up?" There was a trace of worry on Jin Enxi's face.

Eden's face was very heavy. His eyes fell on Fu Hengyi's body in the picture. He didn't look away for a long time. Hearing Jin Enxi, he said, "If I were him, I would definitely choose today."

Jin Enxi's heart sank to the bottom of the valley. Because of the injury, her face was still a little pale. At the moment, under the light of the light, her face became even whiter.

Eden patted her shoulder, "Enxi, don't worry. Everything will be fine, as Ann said, since we can kill him for the first time, we can kill him for the second time. So scary."

Jin Enxi heard the words and nodded, trying to clear the memory of the man in his mind.

**

At the moment, in the cafe below the hotel, Fu Jingting and Gu Bowen sat opposite each other. Gu Bowen put a piece of sugar in the coffee cup in front of Fu Jingting. "I remember you like to put more

sugar in coffee."

Fu Jingting's eyes flicked lightly, without touching the cup of coffee. He looked at the man in front of him and spoke softly, "Gu Bowen, Shen Rang is back."

Gu Bowen's hand stirring coffee suddenly put down the coffee cup, the smile on his face was still gentle, "He has been away for more than twenty years."

"Twenty-five years, two months and three days."

Even the date is so clear, Jing Ting, you still can't forget Shen Rang?

Gu Bowen's eyes were sad, and his eyes were down, and he didn't see the distress that flashed in Fu Jingting's eyes.

"What are you going to do?" Gu Bowen asked.

Fu Jingting looked at the ground, "Gu Bowen, I always thought I had forgotten him, but when I saw him again today, I found that I still liked him, so don't wait for me anymore, I think I will never forget him in this life Now, you, there is no need to wait for a woman who does not love you."

Gu Bowen smiled bitterly, is it because of this? After waiting for more than 20 years, the result is still the same.

"Jing Ting, it's my business to like you. It's my business to wait for you. Maybe one day I won't wait until I get tired. You can live the day you want, even if you still want to talk to Shen Rang Together, I will also send my sincere wishes."

"Gu Bowen, why do you have that?" Fu Jingting's heart hurts painfully, but he can't see the slightest expression on his face, and there is no expression on his face. "You don't have to grieve yourself like this."

Gu Bowen smiled softly, "Actually, I don't feel anything wrong with the present day. The banquet has almost started, so I will go up first."

Fu Jingting looked at the back of Gu Bowen leaving, lowered his eyes, saw the coffee in front of him, took a sip, and the sweetness spread in the mouth with a bitter taste, and spread to her heart, her eyes were red.

Gu Bowen, you will never know that Shen let me be already a stranger. You are the one who cares about me, but how can we cross that gap between us?

If... If that thing didn't happen, how good would we be an enviable couple? It is a pity there is no if!

Gu Bowen, I'm sorry for you in this life, next life, if there is a life in the future, I will definitely marry you, live a life with you in plain life, have children for you, and cook for you.

Fu Jingting finished a whole cup of coffee before standing up. When he entered the banquet hall, he didn't see Gu Bowen, but Gu Yang saw his mother and came over, "Mom, what did you tell my dad just now?" ?"

"what happened?"

"I just went to the bathroom as if I saw my dad crying." Gu Yang said hesitantly. He actually just saw Gu Bowen rubbing his eyes, but somehow, he just thought Gu Bowen was crying.

Fu Jingting's heart was like being stabbed fiercely, and there was a bit of pain in his eyes, "Probably you are wrong."

Gu Yang looked at Fu Jingting's expression, didn't see the slightest difference, shook his head, forget it, let the parents solve the problem by themselves.

"Maybe I was wrong."

The lights of the banquet hall suddenly dimmed, and the familiar melody sounded in the darkness. "Happy birthday, happy birthday, happy birthday, happy birthday..."

Candlelight was lit in the dark, and a huge nine-layer birthday cake was pushed over by Fu Hengyi, and soon came to Shen Qinglan's side. Shen Qinglan did not know when this person left.

The candlelight reflected Fu Hengyi's handsome face. At the moment, his face was filled with tenderness, and he looked at Shen Qinglan with affection, "Qinglan, happy birthday!"

Yingying smiled slowly on Shen Qinglan's face, but just before Shen Qinglan spoke, he saw Fu Hengyi suddenly kneeling on one knee and took Shen Qinglan's hand, realizing what he wanted to do, and Shen Qinglan was suddenly nervous.

Fu Hengyi looked up at her intently, and spoke slowly, "Qinglan, when you first saw you, you were a young boy who talked a little bit, and I was nothing but a teenager, and I watched you grow up day by day and started calling me Brother Fu, follow me behind, staggering my sleeves. At that time, I never thought that one day I would fall in love with the girl who called my brother Fu; goodbye, you It's grown up, but it's no longer the laughing kid I know. You're wrong. You married me. You seem cold and indifferent, but gentle and kind. It seems strong and virtuous. Tears make me feel sad, your smile makes me warm, and I don't know when to leave your smile on your face has become my lifelong pursuit. It is inevitable to meet you in this life, but to love you is the most beautiful in this life. The accident. There is no other wish in this life, but I hope that it will not be separated from your white head. When the white hair is blue, we can walk in the sunset, hold hands, watch the sunset go down, Shen Qinglan, I love you, you can Will you marry me?"

Digression

Today, Ali has two chapters in one chapter, so there is no difference

237 237 Xiaoqi, do you miss me? (Seeking for a ticket)

"Shen Qinglan, I love you, would you like to marry me?" The scenes of the past came to Shen Qinglan's mind, and the other scenes receded. Only Fu Hengyi's gentle eyes were finally fixed.

Shen Qinglan's throat was a little itchy. She lowered her head and faced Fu Hengyi's eyes. "Will you stay with me all the time and will not leave me no matter what happens?"

Fu Hengyi smiled softly, "Yes, I will always be by your side. No matter what happens, I will not leave you. Even if you want to leave me, I will find you all over the world."

Shen Qinglan's eyes were hot, hazy, the corners of his mouth were raised high, and he nodded gently under the sight of everyone, putting his hand in the palm of Fu Hengyi, "Fu Hengyi, I am willing to marry you and become your wife, this life Stay old with you."

The gentleness of Fu Hengyi's eyes overflowed, slowly spreading over the entire face. He stood up, bowed his head and kissed Shen Qinglan's lips.

There was a round of applause at the scene, and even the two old men were all smiling at the moment. Although it is Shen Qinglan's birthday party tonight, the most important thing is that Fu Hengyi told them that he will propose to Shen Qinglan tonight, so the invitations are basically relatives and friends at home.

Mr. Shen held a microphone in his hand and hit the old man with a spotlight. "Thank you for coming. In addition to my granddaughter Qinglan's birthday today, it is also my granddaughter's engagement party with Fu Hengyi. Both children are watching me. When I grew up, I felt relieved to hand over my granddaughter to Hengyi. I just hope that Hengyi can treat my granddaughter well and make her happy for a lifetime."

Fu Hengyi focused on the head, "Grandpa rest assured, I will definitely."

Mr. Shen smiled happily and handed over the microphone to Mr. Fu, "I have nothing to say. Mr. Shen means what I mean, I only hope that both children can be in harmony with the United States."

There was another round of applause. In the blessing of everyone, Shen Qinglan closed his eyes and made a sincere wish in front of the candlelight for the first time. Then he and Fu Hengyi cut the cake and the ceremony was completed.

The lights turned on again, the music rang, and Fu Hengyi directly took Shen Qinglan into the central dance floor.

During the dance, Shen Qinglan looked at Fu Hengyi and asked, "You arranged it tonight?" She remembered what Pei Yining said. Everyone wanted to know what the man wanted to do. The only thing he didn't know was himself.

"Do you like it?" Fu Hengyi didn't answer the question.

Shen Qinglan nodded, "I like it, and I was surprised." Obviously they have already obtained the certificate. From the legal point of view, they are already legal couples.

Fu Hengyi smiled, "If someone else has it, you need it, if someone else doesn't, I will give it to you."

"Fu Hengyi, did you come here to sensation tonight?" After that, Shen Qinglan was afraid that her tears would come out, and she was obviously not so easily moved.

"Yeah, there aren't many opportunities like this." Fu Hengyi nodded and agreed. He is not a love talker. Instead of saying it with his mouth, he prefers to express it with actual actions.

"Fu Hengyi, thank you." Thank you for the romance you gave me, which is worthy of my lifetime.

"I didn't expect to see the stern and serious captain talking about love, it was a set of Kazakhstan." Meng Liang touched his chin and smiled. "I want to learn a little, maybe I will take the order one day."

Qian Fei gave Meng Liang a white glance, "The captain can take the order with that face alone, and you can be replaced by you. You just say that the love of a big truck can't look down on you."

Meng Liang was annoyed and hit Elf in the chest with an elbow. "I don't take a personal attack like you."

Qian Fei rubbed his chest, "I'm leaning on, why do you guys use so much energy and want to murder." Qian Fei's expression was a bit exaggerated, and he knew that he was pretending.

Mu Liancheng glanced at the two people who were fighting, and said lightly, "Today's captain's engagement banquet, if you mess around again, when you come back to the base and be repaired by the captain, don't blame me for not reminding you."

The two immediately came down honestly, Qian Fei's eyes searched the field, and his eyes were regretful, "I thought there would be many beautiful women tonight, and I found that even if there are beautiful women, they also have a master, hey..."

This remark was recognized by Meng Liang.

"Hey, I can't see Ann's old fair day is so dull, it's so romantic." Jin Enxi looked very interested. After he finished, he realized that Eden was still here, glanced at the sad Eden, and embarrassed Scratched his head and closed his mouth.

Although Eden's eyes were full of sadness, he smiled beautifully, "Enxi, have you seen Ann smile so happily before?"

Jin Enxi shook his head. Eden smiled, "Neither do I. Ann is very happy now, and we should all bless her."

"Well, bless together."

"Don't say, Ann's husband is really handsome, this is the real man." Sisley snuggled in Andre's arms while tweeting.

Andre looked dark and gritted his teeth. "Don't I look good? I'm not a real man?"

Sisley glanced at him. "It looks good, it looks good, but I now find Oriental men look better." There was a pity in the words.

Andre's face was even darker, and he pinched a handful of Sisley's waist. The woman really owed repairs, and went back at night to see how he packed her.

Sisley smiled enchantingly, "You're so funny, you're serious, stingy."

Andrea smiled angrily, "If I boast that other women are more beautiful and enchanting in front of you, are you happy?"

"You dare." Sisley angered, and suddenly laughed, but her eyes were unabashedly worried, "Andrea, can you say that we can always be so happy?"

Andrea stunned and nodded seriously, "Yes."

"Tongtong, what's going on here alone?" Li Boming walked over and said to Fang Tong in a daze in the corner. His eyes fell on Fang Tong's face, with unnoticeable thoughts under his eyes. He hasn't seen Fang

Tong for a while. Since last time he noticed that Fang Tong seems to be hiding from him, Li Boming tried not to find Fang Tong.

Fang Tong looked back and smiled, "Just thinking about work."

"It's not working time now, you should relax."

Fang Tong didn't answer this word. Now work is the only thing she wants to do well. "How come you are here today?"

"Han Yi invited me to come. I have nothing to do at night anyway, so I came with you. I didn't expect you to be here." Li Boming explained, in fact, he knew Fang Tong's relationship with Shen Qinglan, and knew such occasions. Tong will definitely come, so come.

Fang Tong smiled slightly, "Qing Lan is my good friend, I will definitely attend her birthday party."

"It's fate when I come across, I don't know if I have the honor to invite the beautiful lady in front of me to dance a dance?"

Fang Tong looked at the big hand with clear bones in front of him, and after thinking about it, he put his hand up.

In the corner, Yu Xiaoxuan looked at this scene, smiled faintly, and turned to Han Yi, said, "Han Yi, I suddenly feel that I am still very happy now."

Seeing her good friend get happiness, she is also surrounded by a person who loves her. This feeling is very happy. She cherishes it. She thinks her parents will be pleased if they see her like this.

"We will be so happy too." Han Yi hugged her and said in her ear.

Yu Xiaoxuan nodded gently.

"Yining, I haven't seen you for a long time." Jiang Chenxi walked to Pei Yining and greeted her. Pei Yining heard a familiar voice and saw Jiang Chenxi when he stood over his head. His eyes were pleasantly surprised, "Chenxi, I haven't seen you for a long time."

Jiang Chenxi smiled warmly, "It's really been a long time since we saw it, and we haven't seen it since graduation."

"In the past few years, I have been busy working, rarely in Beijing. What about you? Are you working in Beijing now?"

Jiang Chenxi nodded, "Well, being a teacher at A University."

Pei Yining and Jiang Chenxi are university classmates. Although they are not in a class, they are all from Beijing. After meeting each other in a friendship, the relationship between the two is good. They can be regarded as friends and often eat together.

It was only after Pei Yining became pregnant before getting married that the situation was so hot that he left Beijing to work in a foreign country. The previous contact information was changed, and Jiang Chenxi lost contact with her.

Jiang Chenxi's eyes looked at Xiao Douding, who was eating while standing, "Is this your child?"

Pei Yining nodded, "Well, my son Pei Hao."

Jiang Chenxi squatted down, "Hello Pei Hao."

"Good uncle." Xiao Douding is very polite and not afraid of birth.

"how old are you?"

Xiao Douding extended three chubby fingers, "Three years old."

Jiang Chenxi chatted with Xiao Douding, Pei Yining watched on the side. After Jiang Chenxi left, Xiao Douding Lala's mother's skirt, Pei Yining squatted down, "Mom, was that uncle just a father?"

Pei Yining stunned, "Why do you ask?"

"I like that uncle, is he dad?"

Pei Yining shook his head, "He is just a friend of his mother."

Xiao Douding was disappointed. "Where is my father?"

This is the first time Xiao Douding asked about Dad. Pei Yining suddenly didn't know what to answer, looking at Xiao Douding's round eyes, "Your father went far away."

"Then will he come back?"

Pei Yining's eyes dimmed, "Mom doesn't know." The man may not come back in his life.

Xiao Douding didn't notice her expression and lay on Pei Yining's shoulder. "Mom, if Dad doesn't come back, can I let my uncle just be my Dad?"

Pei Yining was about to answer his son's words, but the lights dimmed again, the music stopped, and the banquet hall suddenly fell into the darkness with fingers out of reach. When everyone thought it was a power outage, the air was suddenly filled with a light fragrance, yes The smell of roses.

Then, the lights turned on, and everyone noticed that there were more drones in the banquet hall. At the moment, rose petals were being sprinkled. This is how the floral fragrance came from.

"This is also your arrangement?" Shen Qinglan raised an eyebrow.

Who knew Fu Hengyi shook his head, "No, I don't know there is such a link."

Somehow, Shen Qinglan's heart sank sharply. Just when she felt uneasy, her eyes snapped and looked in the direction of the door, her eyes shocked.

The man in a straight suit stood under the light, with a gentle smile on his soft face, and was looking at Shen Qinglan with a smile at the moment. A step behind him followed the promise.

Sisley's pupil shrank sharply and took two steps back. Andrea quickly pulled her into her arms. Although Andre's reaction was not as big as Sisley's, from the depth of his eyes, You can still see the shock inside him.

"Slap." Jin Enxi was drinking water and saw the person appearing on the screen. A sip of water was sprayed directly on the computer screen in front of him. The cup in his hand fell on the ground and shattered. Eden stood up suddenly. Man looking at the screen in shock.

Shen Qinglan recovered from the shock. The smile on her face had long since disappeared. She looked at Alan. Her face was so cold that she couldn't see what was in her mind at the moment.

The audience was silent, looking at the people who appeared at the door.

Alan smiled slightly and walked through the crowd to Shen Qinglan. "Qinglan, I haven't seen you for a long time." His eyes were unabashedly missed and greedy, and deeply obsessive.

It turned out to be known. People in the room were relieved in silence. Only the hearts of the people who knew Allen were still hanging there.

The Shen family changed their face when they saw the promise behind Allen. The woman had faked Leng Qingqiu. Although many people didn't recognize her even after seeing her because of today's makeup, the Shen family still saw it at a glance. Recognizing it, Shen Junyu looked at the woman's face very cold, thinking of anything, and looking at Allen's eyes also filled with unwholesomeness.

Shen Qinglan looked at him with no expression. Fu Hengyi saw Alan, and his face gradually sank. The sentiment in Alan's eyes was the same as a man. Of course he could understand it.

"Lan Lan, who is this?" Shen Junyu came over and asked with a smile, but the coldness in his eyes was obvious to others.

"I am Qinglan's friend. I heard her birthday today, so I came here to congratulate." Allen said, even though his voice was hoarse and unpleasant, he was gentle, but his eyes flashed when he saw the ring on Shen Qinglan's hand. With a fierce look, he glanced at Fu Hengyi, and his eyes immediately moved to Shen Qinglan, "Are you saying, Qinglan?"

Shen Qinglan's eyes were heavy, his red lips opened lightly, and he uttered a word, "Yes."

Alan smiled slowly. He looked feminine, but he was different from Han Yi's beauty of boys and girls. He laughed unreasonably and made people see the cold. lovely."

Described as pretty and lovely, Shen Qinglan was not happy at all. Her eyes fell on the promise that was behind Alan, her mouth lightly ticked, "Miss Xu, we met again."

Promise smiled slightly, "Miss Shen is good."

"This lady looks familiar." Shen Junyu said coldly.

Allen chuckled, "I used to make a joke with Qinglan, and promised to apologize to Miss Shen."

Promise heard that a gloom of glance flashed through her eyes, but she was also neat in action, "Miss Shen, it was wrong for me to fake your cold Qingqiu's identity before, please forgive me."

Their voice is not small, others have heard it, and they have looked at the promises one after another. The previous events are in full swing, many people have seen the promises, but today her makeup is different from the past, many people don't have a glance Recognize her.

Promising to ignore everyone's eyes, he just looked straight at Shen Qinglan, said sorry in his mouth, but provocative in his eyes.

She believes that Shen Qinglan must know about her pursuit of Jin Enxi. Now seeing herself, Shen Qinglan can still keep calm, and she can't help but be curious. This Shen Qinglan is obviously the gift of Shen's family, but she knows Allen and looks like , The relationship is not ordinary. Moreover, when chasing Jin Enxi that night, the man who came out later had a weapon in his hand. This is very interesting. This Miss Shen is a friend with such a person. So who is she herself? Allen is a cold-hearted person, even the blood is cold, but he put this woman in her heart.

Shen Qinglan didn't think Alan didn't tell him his identity.

"This gentleman's jokes are not pleasant." Fu Hengyi said lightly. Although the tone was dull, anyone could hear the dissatisfaction in his tone.

Allen has deliberately ignored the existence of Fu Hengyi, and now he hears his mouth, the smile on his face is a little stiff, and seeing him standing next to Shen Qinglan, he can't wait to smash this man into pieces. Don't mind my joke, right, Qinglan?" The last two words, nine turns and eighteen turns, are

afraid that others don't know that he likes Shen Qinglan.

The expression on Shen Qinglan's face remained the same, but his eyes gradually cooled down, looking at Alan firmly, and said slowly, "I mind."

Allen smiled, as if looking at a grumpy child, shook his head, but said helplessly, "Okay, my joke was big, I apologize. Today is your birthday, I specially prepared a birthday for you Gift." Allen took out a small box from his pocket and handed it to Shen Qinglan, "Qinglan, happy birthday!"

Shen Qinglan didn't pick it up, "I've got it, please take it back, now you can leave."

Allen heard that the smile at the corner of his mouth could not last, "Qinglan, this is what I specially prepared for you, don't you open it and look at it?" The word biting heavy deliberately made the promise with his head lowered behind him. The sadness is even worse.

Shen Qinglan reached out and took the box in Allen's hand, but did not open it. "I have also accepted the gift, you can go."

Alan saw Shen Qinglan received the gift, smiled again, and shrugged. "Well, it seems that Qinglan you don't like me to be here. It doesn't matter. We will talk about it separately." What to say, but Fu Hengyi, who didn't remove her hand from Shen Qinglan's waist, turned away.

Promise took a deep look at Shen Qinglan and followed.

Walking out of the banquet hall and turning, Allen's complexion changed, and he knelt down as soon as his legs were soft. His hand was propped on the ground. He opened, "Go away."

Promised to stand on the side, Allen tried to stand up, but the painful pain in his leg made his whole strength was pulled away by the pain. After several attempts, he was unsuccessful.

Promising to help him, but Alan would not let her touch, she could only stand on the spot, watching him hurt.

In the end, Allen's Peter came up and bumped into the scene and took him away.

"I told you a long time ago that you can't hold on for too long, hurry down, what are you writing on it." Peter counted him.

Alan gloomy face, without saying a word, finally saw Shen Qinglan, how could he be willing to leave.

**

This is just a small episode of the banquet. After Allen left, the banquet hall was restored. Although everyone was curious about Allen's identity, but everyone left, they naturally turned their attention back

to the banquet.

Shen Qinglan squeezed the little box in his hand and hung his eyes, not knowing what he was thinking, but Fu Hengyi looked at her, "Qinglan." He gave a soft call.

Shen Qinglan looked back, only to find that Fu Hengyi and Shen Junyu were looking at her at the moment.

"Lan Lan, who was the man just now?" Shen Junyu frowned, and Allen felt bad for him. The man was too gloomy.

"It's just a person I met before, and there is a bit of grudge between him." Shen Qinglan said, no explanation, Shen Junyu and Fu Hengyi are smart people, knowing that the occasion is wrong, there is no more questions, just the next At the banquet, Shen Qinglan was obviously absent. Although she disguised well, Fu Hengyi could still feel it.

His eyes narrowed, and for some reason, he always felt that this man named Allen seemed to be related to Shen Qinglan's unwilling past.

Although Allen has left, the shock that can be brought to Andre is still there. He had been speculating about Allen's life and death. Even some time ago, they could have determined that Allen was still alive, but today he saw him standing on his own. In front of them, the haze in their hearts is unprecedentedly heavy.

"Andrea, he's really alive, he certainly won't let us go, what now?" Sisley asked, holding her clothes on Andrea's chest softly, his voice trembling slightly.

With a smile on Andre's face and gloomy eyes, he gently embraced Sisley, "it's not that he died, it's us who died, since we don't want to die, then...Sisli, we all died People who know how many times, are they still afraid of these?"

Sisley gradually calmed down, thought about it, and nodded, yes, there was no room for this to turn around.

After glancing at Shen Qinglan who was chatting with others, Sisley smiled, and it was really easy to live for a long time, and her guts were wiped out. It was not an Allen. She had performed so many tasks from the beginning. After so many trials, I have survived, and there is nothing to fear now.

She reached out and touched her hair, smiled, and instantly regained her fascination with Sisley. Seeing that she had figured it out, Andrea smiled and pulled Sisley into the dance floor again.

"Eden, our battle has begun." Jin Enxi smiled, and after recovering from the initial shock, his eyes were excited.

Eden smiled softly and nodded in agreement, "Well, the game started, I think this time, the victory is still in our hands."

"Haha, yes, the victory must belong to us." Jin Enxi smiled, his eyes rolled, pointing at the frozen picture on the screen, "Eden, this woman chased me last time, let's start with her, Allen is our instructor. Since he has graduated, he will always show him our learning achievements, what do you say?"

"Your idea is very good." Eden thought of something and said, "Maybe we can give Alan a gift."

**

Halfway through the banquet, Yan Xi hurriedly came, "Big sister, I'm late." It was probably running up, her face was red, panting, wearing a knee-length dress .

"How did you run so fast?" Shen Qinglan frowned. Yan Xi had severe asthma and was not suitable for strenuous exercise.

Shen Qinglan glanced behind her and saw Yan Shengyu who came with Yan Xi. She sent a message to Yan Xi two days ago, but in a few days it was the college entrance examination. Today, she did not meet Yan Xi and thought she would not coming.

Yan Xi eased his breath and threw out his tongue, "I blame my brother and told him to leave early. He always said that time was too late, but he was late."

Yan Shengyu approached and heard her sister's words, helpless, "If you hadn't forgotten the gift at home, we wouldn't have to go back and get it. Who is it because you're late?"

Yan Xi didn't speak anymore, but she worked hard to finish her homework in these two days, just to be able to participate in Shen Qinglan's birthday party. As a result, she overslept today and got up too hurriedly, and then forgot the gift prepared for Shen Qinglan when she went out Too.

Yan Shengyu smiled slightly and handed the gift to Shen Qinglan, "Student Shen, happy birthday."

Shen Qinglan took the gift and handed it to Fu Hengyi, "Thank you." Polite and alienated.

Yan Shengyu's eyes were sad, he hadn't contacted Shen Qinglan during this time just to let himself let go of her feelings for her, thought it was okay, and now the people who saw her only found out that the woman in front of him had already settled in his heart.

"Sister, where is there delicious food, I am hungry." Yan Xi rubbed her stomach and frowned, she didn't eat much today.

Shen Qinglan smiled. The essence of Yan Xi's food was not forgotten everywhere. After thinking about it, I thought of Yu Xiaoxuan and glanced. I saw Yu Xiaoxuan standing with Han Yi in the corner and walked

with Yan Xi. .

"Xiao Xuan."

Yu Xiaoxuan heard someone call her, turned her head, and saw Shen Qinglan, "Qinglan, you finally remembered me? I thought your eyes were only your grandfather." There was a complaint on the mouth, but the eyes It was full of smiles.

Shen Qinglan smiled a little, and now that Yu Xiaoxuan can joke now, he finally rested and pointed to Yan Xi, "I introduced you to a friend, this is Yan Xi."

Without waiting for Shen Qinglan to introduce Yan Xi, Yan Xi smiled, "I know you, you are Yu Xiaoxuan, a good friend of Big Sister."

Yu Xiaoxuan had heard Shen Qinglan mention Yan Xi before, and finally saw a real person today, laughing, "Hey, you can call me Xiaoxuan sister."

"Sister Xiaoxuan, meet me for the first time, please advise me in the future."

Yu Xiaoxuan was originally a lively temperament, although because of the recent great changes, he has been silent and grown up a lot, but his temperament has not changed much. He chatted with Yan Xi very happily. After a while, the two went together. Dining area.

Han Yi stood there, watching Yu Xiaoxuan and Yan Xi holding a plate together, eating while eating it in the mouth, and could not help laughing.

The two old men left after Fu Hengyi's marriage proposal was successful. Chu Yunrong and Chu Yunjin also left together. The rest of the scene were some young people.

"Sister-in-law, who is the man who came today?" Han Yi asked, remembering Allen he saw.

"A person I knew before."

Seeing Shen Qinglan didn't want to say more, Han Yi didn't ask any more, but changed the subject, "Are your wedding with Hengyi scheduled for September?"

Speaking of this, Shen Qinglan smiled, "Well, September 9th." This day was set by the two old men, meaning a long time.

"Chinese or Western?"

"Chinese style."

"How are you doing with Xiaoxuan, what are your plans?" Shen Qinglan looked at the cheerful Yu

Xiaoxuan who was eating with Yan Xi. They were still accompanied by Xiao Douding. They didn't see Pei Yining and didn't know where she went.

"Xiao Xuan's career is now on the rise, and I want to propose to her next year." Han Yi's eyes are gentle. "After her dream is to become an internationally renowned film, I want to accompany her to fulfill this wish."

"You are Xiao Xuan's only relative in this world. I hope you can take good care of her."

Han Yizheng focused on his head, "I will."

"Qinglan, someone is looking for you." Fu Hengyi came over and said to Shen Qinglan's ear. Shen Qinglan looked in the direction indicated by Fu Hengyi and saw Qin Yan.

She glanced at the dining area and saw that Yan Xi did not notice Qin Yan's arrival and walked in the direction of Qin Yan.

"Miss Shen, please do not come, please forgive me." Qin Yan said apologetically.

Shen Qinglan has no expression.

"Miss Shen, this is a small gift I prepared for you. I hope you can accept it and wish you a happy engagement." Qin Yan handed Shen Qinglan a small bag.

Shen Qinglan took it, "Thank you."

"My husband is still below, so I won't stay too much. I'll go first." Qin Yan finished, and left.

Shen Qinglan watched her leaving her back, there was a doubt in her eyebrows, she had never understood Qin Yan as a woman.

At the end of the banquet, Shen Qinglan and Fu Hengyi went home and went directly to the bathroom to take a shower. Fu Hengyi sorted the gifts she received in the room today.

He didn't open the gift box, he just sorted them according to the size of the box and waited for Shen Qinglan to finish his bath before going into the bath.

Shen Qinglan glanced at the present on the ground, squatted down, and found the one Allen gave from the many presents.

Opening the box, when seeing the contents inside, Shen Qinglan's face plummeted. Inside the box was a ruby brooch, which was inlaid in the shape of a flower with ruby, and that flower was clearly Manju Saha is exactly the same as the logo of that organization, and on the back of the brooch is a small engraved number "7", which was her previous code name.

Alan, do you want to remind me of it?A murderous intention flashed in her eyes.

Fu Hengyi came out after taking a shower and saw that Shen Qinglan was standing on the balcony in her pajamas and blowing her hair. Her hair was still wet, frowning, "Why don't you stand here and blow hair without rubbing your hair?"

Shen Qinglan was just thinking about things and completely forgot to wipe her hair. Hearing Fu Hengyi's words, she smiled embarrassedly, "Forgot."

"You." Fu Hengyi was helpless and turned to the bathroom to get a towel, helping Shen Qinglan to dry her hair.

"Fu Hengyi, don't you ask me who the man is tonight?" Shen Qinglan asked softly, feeling the big hand running through her hair.

Fu Hengyi smiled and said indifferently, "That person makes you unhappy?"

Shen Qinglan stunned and nodded, "Yes."

"Then don't think about him. The most important thing for you now is to stay with me. The training here will be over soon. I will return to the base next month. I will not be able to go home for a while. I will wait for you with me tomorrow. Go to the military area for a month."

"Okay." Shen Qinglan agreed.

After drying her hair, Fu Hengyi went to wash the towel again before going to bed, holding Shen Qinglan in her arms. Shen Qinglan turned around and took the initiative to kiss Fu Hengyi's lips.

The wives have sent out invitations, and Fu Hengyi will definitely cooperate, and one will turn around and deepen the kiss...

Early the next morning, Shen Qinglan and Fu Hengyi set off directly to the Beijing Military Region.

"Thank you for your company." Before leaving, Shen Qinglan posted a post on Weibo, accompanied by a picture. The picture shows a man's hand and a woman's hand, holding hands together.

At the beginning of the year, Shen Qinglan registered a Weibo account at the request of Daniel. In just a few months, the number of fans reached as high as 5 million. This morning, after she posted the news, the comments under Weibo exploded. It is a blessing to Shen Qinglan.

On the same day, major newspapers and weekly newspapers in Beijing were reporting on the engagement of Fu Hengyi and Shen Qinglan. Shen Qinglan directly ranked first in the hot search list.

Now because of the news of the engagement, Shen Qinglan's Weibo fan followers have just surpassed 8 million in just one day, and the rate of sucking is amazing.

"Ah, my home Qinglan even sent Weibo to show affection." Yu Xiaoxuan was eating breakfast and brushing his Weibo while eating, seeing Shen Qinglan's state, could not help screaming.

Han Yi was taken aback by her and glanced at the probe. "She can show us her love." She will take a selfie with her mobile phone. Yu Xiaoxuan pushed his head away. "Who shows love to you?" , Just to show me that I am also with my family Qinglan show."

Yu Xiaoxuan lives in Han Yi now, but they do not live in a room.

Yu Xiaoxuan fingered a few times, reposted Shen Qinglan's Weibo, and attached the text-"My dearest, I must be happy."

Fang Tong also retweeted Weibo, the smile at the corner of his mouth was very gentle, and when Ding Minghui got out of the car, he saw the smile in her mouth. After a trance, he quickly walked a few steps.

"Tongtong." Fang Tong saw him, the smile at the corner of his mouth disappeared, gave him a blank expression, and accelerated his pace.

Ding Minghui caught up and took Fang Tong's arm, "Tongtong, let's talk."

"I'm going to be late." Fang Tong said with a cold expression.

"Just five minutes, just five minutes." Ding Minghui whispered.

Fang Tong thought for a while and followed Ding Minghui to the corner. "You still have four minutes."

"Tongtong, do you have to be so cold to me?" Ding Minghui said with injury.

"If you want to say this, then I will go first, and I am quite busy."

"Fang Tong." Ding Minghui stopped her, "Will you wait for me for three years, and you can't do it in three years? I will marry you after three years."

Fang Tong stepped in, as if hearing a big joke, she really laughed out loud, "Ha ha ha, ha ha ha ha ha."

"Fang Tong, I am serious."

Fang Tong stopped laughing and looked at Ding Minghui, "Ding Minghui, did you forget that you are going to marry your good manager next month. Do I need to remind you again?"

Ding Minghui looked at her, "Tongtong, but I love you, the person I love has always been you, and the

person who really wants to marry is also you. Tongtong, I can't bear you."

238 Chapter 238 Conspiracy

Fang Tong looked at the man in front of him and did not speak. Ding Minghui grabbed her by the shoulder, "Tongtong, do you still love me? You waited for me for three years, as long as three years, I divorced her after three years, and then married You, we can stay together forever."

"Ding Minghui, why do you think that after you have betrayed me and have to marry another woman, I can continue to wait for you for three years?" Fang Tong said quietly.

Ding Minghui was stunned, "Because I love you, you love me too, Fang Tong, we love each other."

Haha, just because I love you, can you ruin my feelings like this? Fang Tong's eyes were full of grief. She removed Ding Minghui's hand from her shoulder and looked up at him fixedly. "Ding Minghui, I don't love you anymore. From the moment you betrayed me, I I don't love you anymore. I said that I can't rub a grain of sand into Fang Tong's emotional world. I won't wait for you to talk about it for three years. We won't be together anymore.

"No, no, you love me, Tongtong, we have been together for so many years, you won't give up on me easily, right?"

"Ding Minghui, what do you think of us as Fang Tong, what you call is swaying away? If you want to betray, you will betray, if you want to come back, you will come back, the earth is not around you alone."

"Tongtong, don't be angry, if you don't love me, why are you still in the company?" Ding Minghui asked her, this is the period of time that Ding Minghui thought for a long time to understand, Fang Tong's temperament he understands, if If you really have no feelings for him, then you won't stay here at all.

Fang Tong looked at Ding Minghui, his face was unbelievable, this is the man she loved for several years? Is this really the Ding Minghui she knew? Or did she never really know him?

"Ding Minghui, that's enough. Fang Tong has never bothered to use what others have used. I stay here has nothing to do with you, don't be amorous."

"Fang Tong." Ding Minghui's eyes showed a trace of irritation, and he softened his tone to the indifferent eyes above, "Tongtong, don't tell me these insincere words, I can't do it, I know this matter I'm sorry for you, as long as three years, I promise to marry you and will never betray you, you believe me."

"What about your fiancée?" Fang Tong asked.

Ding Minghui was happy, thinking that Fang Tong agreed, and said casually, "She is a peddler. With her help, I can become a senior company in three years, and I will be able to buy a house in Beijing with my own strength. You can buy anything you want."

"Slap." Ding Minghui slapped his face, and he looked at Fang Tong in disbelief.

"Ding Minghui, you are shameless." Fang Tong looked at him coldly. "I'm really blind before I can see you. Ding Minghui, do you know that I only have to think of a scam like I used to love you, I Disgusting."

Ding Minghui froze in place, until Fang Tong went away, he recovered, his face was hot and painful, reminding him that Fang Tong had just slapped him.

He slowed down and waited until the pain on his face was better before he entered the company. He heard Liu Hui looking for him when he arrived at the office. He got up and walked into Liu Hui's office.

"Ming Hui, what's wrong with your face?" Liu Hui asked, looking at his face.

Ding Minghui turned his head, "It's okay, what's the matter with you?"

Liu Hui smiled, took out a stack of invitations from the drawer, and laid them on the table, "Next month is the wedding. This is the invitation I chose. I think these are good. Look at which one you like.?"

Ding Minghui glanced at random and said indifferently, "You decide, you just like it."

The smile on Liu Hui's face lightened by two points, "Ming Hui, the wedding is for both of us."

"Then this one." Ding Minghui took one out of a bunch of invitations, Liu Hui looked at it, and smiled, "It seems that the two of us really have a tacit understanding, this invitation is also my favorite, then this Right."

"Is there anything else? If it's okay, I'll go out first. There's a lot of work today."

Liu Hui nodded. When Ding Minghui was about to walk out of the office, he stopped and said, "Yes, we are going to take wedding photos this weekend. Don't forget, we will go to see the house together after the wedding photos are taken. "

"understood."

When Ding Minghui left, the smile on Liu Hui's face completely disappeared. She took the phone and looked at the photo above. It was the scene when Fang Tong talked with Ding Minghui this morning, and Fang Tong slapped Ding Minghui. photo.

This was sent to her by her friend. Although I don't know what the two of them talked about, but the left is just that. She knows that Ding Minghui likes Fang Tong, but now that she can let Ding Minghui leave Fang Tong with her, then the future , Ding Minghui also don't want to leave her to hook up with other women.

Liu Hui's eyes fell on Fang Tong's face, and a coldness flashed through her eyes.

Ding Minghui walked out of the office and returned to his position. He turned a blind eye to his eyes and looked secretly along the way. He knew that these people were behind him saying that he was rich next to the rich woman, and was a little white face by Liu Huiqian's rules, but what about it, work In a few months, he had already figured out that a poor boy like him from a small mountain village wanted to gain a foothold in the capital. It was impossible not to rely on a mountain, let alone climb up and buy a house in the capital. Now, since there are shortcuts now, what is the process?

He knew he was sorry for Fang Tong, but he would compensate her in the future. Now that she has not yet recognized the cruelty of reality, when she realizes it, she can understand his pain today.

But later, Ding Minghui realized what he lost in his choice today.

**

Shen Qinglan and Fu Hengyi just received a great wave of blessings when they arrived in the military area. Last night, they just returned from Mu Liancheng, and Meng Liang could not wait to tell the news of Fu Hengyi's successful proposal.

"Sister, congratulations." Zhang's sister-in-law saw Shen Qinglan and said with a smile, although she had long known that they were married, it was still a big joy after all, "I come to my sister-in-law's house for dinner at night, I will give you a good meal, Celebrate."

Shen Qinglan's eyes were full of smiles, and she was in a very good mood. Even the shadow of Alan was thrown behind her by the head, "Sister-in-law, no, your family will come to our house to eat at night, and Fu Hengyi will cook in person."

Knowing that her craftsmanship is not working, Shen Qinglan directly handed over the task of cooking to Fu Hengyi. Anyway, after living here for a while, Zhang Sister-in-law also knew that she would not cook.

Fu Hengyi looked at Shen Qinglan indulgently, "Yes, sister-in-law, come to my house for dinner at night."

"Don't worry, my sister-in-law is not polite to you. When you come to dinner at night, I won't go shopping today. I'll call Lao Zhang later." Zhang's sister-in-law agreed readily.

Shen Qinglan nodded with a smile.

After cleaning the house, Shen Qinglan and Fu Hengyi drove a little further to the vegetable market. The variety here is more abundant. This is when Shen Qinglan grew up. When he first came to the vegetable market, he was with Fu Hengyi.

It's not the point to buy food now. There are not many people in the food market. Shen Qinglan looked at the street vendors and there were a lot of dishes to start.

Fu Hengyi smiled slightly and took her hand, "Have you not been here before?"

Shen Qinglan nodded unnaturally. When he was at the Devil's Base before, he didn't have this opportunity. Later, when he returned to Shen's house, there were people at home who were cooking and didn't need her at all. Even if he only went out to buy food a few times, he went to the supermarket

"The dishes in the supermarket are not as cheap as they are here. Many of the dishes here are directly supplied to the military area. They are grown by farmers in the neighborhood and taste better than those bought in the supermarket."

While talking to Shen Qinglan, Fu Hengyi went to the aquatic stall, picked a few seafood, and then bought a few vegetables.

Shen Qinglan followed Fu Hengyi and looked at his skillful picking and bargaining with small vendors.

"I didn't expect you to have such a side." Shen Qinglan said softly when he walked out of the vegetable market.

Fu Hengyi looked sideways, "Oh? Which side?"

"So..." Shen Qinglan thought of the adjective, "grounded gas."

Fu Hengyi smiled, looking at her tilting her head to look at herself, could not help bowing her head and gently kissing her lips.

At night, not only the Zhang family, but also Gu Yang and Gu Kai.

Gu Yang heard someone saying that Fu Hengyi was back, and came back with his fiancée, so he took Gu Kai while he was training.

"Sister-in-law, today, thanks to your blessing, we ate the food prepared by my elder brother." Gu Yang took a bite and said, "You don't know, my elder brother rarely cooks, and the craftsmanship is so good, just Refuse to cook for us."

Gu Yang's mouth was babbling, and he kept talking, Gu Kai couldn't help but put a pair of chopsticks into his mouth, "You can eat more if it's delicious."

Gu Yang's eyes widened, bulging his cheeks, chewing hard on the food in his mouth, glaring at Gu Kai, "You want to choke me."

Gu Kai ignored him and ate himself.

"Uncle, are you going to marry your aunt and sister?" Jing Jing sat next to Fu Hengyi, half-eaten, and asked softly.

Fu Hengyi lowered his head and said warmly, "Yeah."

"Then I can see the bride. The chubby in our class said that the bride can be beautiful and the most beautiful person in the world. Auntie and sister are so beautiful. They must be more beautiful than the most beautiful bride."

"Yo, this little mouth is so sweet, sister-in-law Zhang, your little girl is amazing." Gu Yang smiled.

Zhang sister-in-law laughed and peeled a shrimp for her daughter. "Don't talk while eating, eat first."

Then he continued to feed his son in his arms, and Lao Zhang finished his meal very quickly. He took the son in the arms of Zhang's sister-in-law and fed herself, "I'll feed him, you eat first."

Shen Qinglan looked at Lao Zhang, who was feeding, and could not help imagining the picture of Fu Hengyi feeding his children. He smiled, and he could definitely become a good father.

"What are you thinking about so happy?" Fu Hengyi asked in a low voice, Shen Qinglan shook his head,

"I won't tell you."

Fu Hengyi chuckled, Gu Yang and Gu Kai looked at each other, in fact, they should not come to rub the rice, where is the food to eat, obviously a wave of dog food.

After dinner, Shen Qinglan refused Fu Hengyi's request to wash the dishes. He and Zhang's sister-in-law washed the dishes in the kitchen. Gu Yang and Gu Kai had training at night and left after eating. Fu Hengyi and Lao Zhang chatted on the sofa. Jingjing is sitting on the ground with his brother to play.

"Sister, your wedding with Heng Yi is scheduled for September 9th?"

"Well, sister-in-law must come to have a glass of wedding wine." Shen Qinglan said with a smile.

"That's for sure, even if you don't say it, the sister-in-law should also have a cheeky face to drink wine."

The two were doing the dishes while talking about the family. Sister-in-law Zhang is a very talkative person. Don't look at her as a housewife, but she knows a lot and has her own opinions. Shen Qinglan chats with her every time. I feel very happy.

The next day, Shen Qinglan got up early and went out for a morning run as usual. On the way back, she met Zhao Wei. She stopped and walked to Zhao Wei. "Are you waiting for me?"

Zhao Wei saw Shen Qinglan, his eyes lit up, "I want to challenge you again."

Shen Qinglan raised her eyebrows, "Can you beat me now with confidence?"

Who knows, Zhao Wei shook his head, "No, I still can't beat you, but I want to know the gap between myself and you. I know that you left your hand last time, so this time I hope you can do your best."

"If I try my best, you may not be able to match ten moves."

"I still hope you can do your best."

"OK, I will give you a chance, come on."

Zhao Wei launched an attack. Compared with the last time, his skill has really improved a lot this time. Although it is impossible to catch up with Shen Qinglan in a short period of time, compared with ordinary soldiers, this skill is also top. Too.

One fell over the shoulder, Zhao Wei fell to the ground again, this time he did not get up, lying on the ground breathlessly.

Shen Qinglan put his hand in front of him.

Zhao Wei glanced at the hand in front of him and put his hand up. Shen Qinglan's eyes suddenly paused on Zhao Wei's wrist, his eyes flickered and pulled him up.

"Have you eaten breakfast?" Shen Qinglan asked.

Zhao Wei shook his head. He came over just after the morning training. Where there is time to eat, he would have to rush back to training later.

Shen Qinglan glanced at the watch on his wrist, "Now you are still ten minutes away from your morning training. I invite you to dinner."

Zhao Wei hesitated, agreed, and followed Shen Qinglan upstairs. This was the first time Zhao Wei came to the family building.

"Where are you from?" Shen Qinglan asked after eating.

"G City, Province F."

Shen Qinglan's eyes flashed lightly, "Where were you born?"

Zhao Wei shook his head, "No, I was adopted, and I don't know where I am."

"Then do you remember what happened when you were a kid?"

Zhao Wei glanced at Shen Qinglan strangely, as if she didn't understand why she asked this.

"Just feel free to ask." Shen Qinglan said, and then stopped talking. After Zhao Wei left, Shen Qinglan thought about it, or called Jin Enxi.

"Okay, I know. By the way, Ann, Allen is here, what are you going to do?"

"Don't care about him." Shen Qinglan said, then hung up the phone, glanced at the time, Shen Qinglan left a note on the table, and then went out.

In the coffee shop, Allen looked at the person who appeared and smiled slowly, "Xiaoqi, your concept of time is still so strong."

Only Alan was alone and did not see the promise. Shen Qinglan sat down opposite, with no expression on his cold face, "Alan, I didn't expect you to die."

Allen smiled very nicely, "Xiao Qi, you are not dead, how dare I die." Looking at the face in front of me greedily, "My Xiao Qi has grown up, more and more beautiful, but no time So cute."

"Allen, you want to die." Shen Qinglan's voice was very low, but the murderous intention in the tone

was not concealed.

Allen smiled indifferently, "Little Seven, you know, I'm never afraid of death."

Of course, Shen Qinglan knew that he was not afraid of death, and the people who came out of that organization were not afraid of death. "Even before Enxi was killed, was it your order?"

Allen nodded happily. "It's me. They have betrayed me for so many years, but now I have become like a human being. I should always ask them for interest. Xiaoqi, you know Yes, the one who betrayed me has never ended well."

Shen Qinglan embraced her chest with both hands and leaned on the back of the chair, "So, what do you plan to do with me and kill me?"

Alan shook his head, "Xiaoqi, you never knew that I was reluctant to kill you." It was you who betrayed me, and I was still reluctant,

"Speak, your terms."

"Hehe." Allen chuckled. "My little seven is always so smart. Since you are so smart, what do I want? You should know, little seven, as long as you are willing to come back to me, then I can put After a few of them, including your man, I can stay still. How is this deal very cost-effective? Oh, yes, I can help you solve the woman in the prison and make sure she is better off. how is it?"

Shen Qinglan's expression remained unchanged, "Allen, different now, I can destroy all of you, including you, and now I can too."

"Seven, do you really think that without my permission, you can really ruin my years of hard work with the ability of you?"

Shen Qinglan's eyes changed slightly, looking at Alan definitively, "What do you mean?"

"Xiaoqi, you are so smart, you must know what I mean, and you should consider my suggestion carefully. My person is very patient, if I wait for a long time..."

Shen Qinglan didn't speak. After a moment of silence, she looked at Alan and opened his mouth. "Alan, you know my temperament very well. If my family and my friends move, we will never die between us. Of course, you You can believe it."

"No, I believe, my little seven said it must be done, but, little seven, don't try to provoke me. The consequences of my madness are terrible. Consider my suggestion, my little cute."

Alan stood up and Shen Qinglan noticed his stiffness for a moment, his eyes swept unintentionally around his legs, "Yes, Xiaoqi, I might as well tell you a message, your man offended KING In the near

future, KING will definitely do something with him. It is said that this time KING has given up his blood, and I wish him good luck."

Shen Qinglan's face finally changed, she looked at the back of Alan leaving, her face gloomy.

Shen Qinglan can guess some of the grievances between Fu Hengyi and KING. Enxi also said before that KING is recruiting some mercenaries, but she didn't do it for so long, and she gradually let go of it. Will listen to Allen mention, but what is the purpose Allen told her? Is it really just a reminder?

After leaving the cafe, Shen Qinglan did not immediately return to the military area and drove to the villa. Jin Enxi was even there, even Andre who was going to film, "An, why are you here?"

Jin Enxi opened the door and was surprised to see Shen Qinglan. After all, Shen Qinglan just called her today and knew that she had gone to the military area.

"Did you find Alan's foothold?" Shen Qinglan came straight to the point.

Jin Enxi shook his head, "No, he and the woman named Promise have disappeared after the banquet that day." She had wanted to capture the damn woman back, but she didn't expect that anyone else could even find it.

Shen Qinglan had already thought of such a result, but it was not surprising at all. He said what happened to Alan today, and the faces of several people were very unsightly.

"Ann, what do you mean by saying Allen? What does it mean that we can't destroy the base without his permission?" Sisley had a bad look.

"This may just be his plan of attack." Eden speculated.

"Forget it, no matter, the big deal is a fight, what's the old lady to be afraid of?" Sisley rubbed her face irritably and said.

Shen Qinglan glanced around a few people, "You have been more careful recently."

"En Xi, what are BK people doing recently?"

Jin Enxi immediately made a phone call, "There is no special action. It is said that KING was chased and killed by the International Criminal Police some time ago. He was injured.

Without receiving any useful information, plus time is almost running, Shen Qinglan left here directly.

**

In a private hotel box in Beijing, he promised to open the door of a room directly, and when she saw the

woman sitting on the sofa, her face changed, "Why are you here?"

The woman smiled slightly, "Promise, even when I saw me, I didn't even call my mother?"

He promised to purse his lips and shouted "Mom."

The woman smiled with satisfaction and pointed to the sofa. "Sit down and talk to your mother for a while."

Promise to sit down on the sofa farther away from the woman, looking down at the ground, not actively speaking.

"Promise, how are you doing in recent years?" the woman asked softly, even the eyes that looked at Promise were gentle.

Promise, as if not seeing it, still has a cold face, "This time, what do you want me to do?"

"Promise, I am your mother, I just came to see you, how can you talk to your mother like this?" The woman seemed a little sad.

He promised to keep his eyes down, still keeping his head down and not looking at the woman.

"Hey, promise, I know you have been resenting me, hate me for sending you to Alan, I also know that you have suffered a lot in the past few years, but Nono, my mother has no way, if not if you do this, can you learn the skills of this body? I know you like Allen, and my mother is not against you being with Allen..."

"Enough." Promise interrupted her. "What the hell do you want me to do, just say it."

The woman took the bitterness from her face and sat up straight. "Well, since you like direct, then mother just said, I want Shen Qinglan to die."

Promise finally raised his head and looked at the woman on the sofa, "Why?"

The woman glanced at her, took out a pack of cigarettes from the bag, took one, clicked, took a sip, spit out a smoke ring, her eyes narrowed, "This is not what you should control, all you have to do is follow me Allen likes Shen Qinglan. This is what you should know without me saying, but you certainly don't know that Allen would be so seriously injured that year, and even almost died, it was Shen Qinglan who did it. "

Promise looked at the woman in shock, "What did you just say? Allen's injury was due to Shen Qinglan?"

"Yes, it's her."

"Then why Alan still..." Since it was Shen Qinglan who injured Alan like this, according to Alan's heart, then why Shen Qinglan can still live well, and more importantly, as far as she knows, Alan Has been injured for several years. If Shen Qinglan hurt Allen, how old was Shen Qinglan?

"Oh." The woman sneered, her eyes mocking, "because of his foolish, ridiculous, and pitiful love."

The promised face was a little pale. Allen really loved Shen Qinglan so much, so is there a possibility between her and Allen?

The woman seemed to see her thoughts and spoke softly, "Promise, Shen Qinglan is the biggest obstacle between you and Alan. As long as you solve Shen Qinglan, then Alan will naturally forget her, and you Staying by his side all the time, he sees only you."

Promise to be silent. After a long time, she slightly pursed her lips. "I can't beat Shen Qinglan." Although she didn't fight Shen Qinglan, she knew that she couldn't beat Shen Qinglan.

The woman's eyes flashed a little disdain, this daughter is still too stupid, "You can't beat her, there are people who have beaten her, I heard that KING recently wanted to find Fu Hengyi's trouble, the person Fu Hengyi cares most about is Shen Qinglan, you As long as you tell this to BK's people, then BK's people will naturally have a way to deal with her. You can solve Shen Qinglan without any effort."

Promising thinking about the feasibility of this method, he finally shook his head. "Allen doesn't like BK people, especially KING. If he knows that I have contact with KING people, he will never let me go."

It's really useless. The woman secretly thought, once again regretting that she had chosen such a successor, shook her head, and continued to say softly, "You don't need to come forward in person for this matter, you can find someone else. I believe there must be someone who doesn't like Shen Qinglan, thinking How to deal with her, you can give this opportunity to others."

In this way, Promise finally remembered Wu Qian. At first, he just happened to see the scene, so he helped Wu Qian with a shot and now it is just for use.

"Although Shen Qinglan is smart, he takes the so-called friends too seriously, and there is not only one way to deal with the enemy. You have to think about flexibility."

Promise listened silently, although she didn't take the woman's words, she listened to her.

The woman saw her listening, and smiled comfortably. "Promise, you can rest assured. It doesn't matter if Allen knows about this. Mom will come forward and talk to him. He still wants to give this face to his mother, so he won't How about you."

The promise was a little moving, but there was no slight expression on his face.

"Okay, it's not early, you have a good rest, you can think about this matter. Remember, Shen Qinglan is

the biggest obstacle between you and Alan. Although she is married now, according to Alan's right Her obsession, as long as she doesn't die, he will not give up one day, and you will not have a day, even if you are with Allen, he will not see you, these years are the best proof."

Pledged to lip, the woman glanced at her, smiled, got up and left.

There was a faint smell of a lady's cigarette in the air. She promised not to know how long she sat on the sofa before standing up. She went to the bathroom to take a shower. She lay in bed and closed her eyes but did not fall asleep. Screen.

She was an orphan since she was a child. The woman, who was her mother, adopted her just now and took her out of the orphanage. Originally, she thought that she would be greeted by a healthy and complete family, but she was a crazy woman. I drink a lot, and when I get drunk, I get crazy, I will beat her, I will die, but I will treat her well when I am awake. I cried while holding her. All kinds of delicious, and took her to the amusement park.

Promise is love and hate for this mother, just when promised that she will grow up on such a day, the woman took her to meet a man, a man in a wheelchair, with a long face The long scar stretched from his forehead to the corner of his mouth, splitting his face in half. There were various wounds on his exposed skin, which looked terrible.

Promise was scared of this man and wanted her mother to take her away from that dark place, but the woman turned her head away and left her there, ignoring her cry, she wanted to chase but was caught by them, they Pulling her with a whip forced her to do various kinds of training. On several occasions, she thought she was going to die, but they all survived.

In the last trial mission, she was seriously injured, lying on the ground dying, even without the strength to climb up, she felt her soul gradually pulling away from the body, just before she closed her eyes Suddenly, a man appeared in her sight, sitting in a wheelchair, looking at her coldly.

Then the man took her back, and she successfully graduated with a dark red Manjusahua on her shoulder.

She was scared of this man because he was brutal and cruel, and you could not see any human feelings in him, but...

Promise to press your own heart, where it is slowly beating, it is such a man, she actually fell in love with him, even when she did not know.

Alan, is it true that as long as Shen Qinglan is dead, you will notice my existence?

Shen Qinglan received a call from Fang Tong today to let her go to the school to pack her luggage. Shen

Qinglan thought about it, and today there were no other arrangements, so he agreed and said to Fu Hengyi and drove away.

Fang Tong was already there when she arrived, and Yu Xiaoxuan was also there. She drove over and saw Han Yi beside her.

"Qinglan, we really have to graduate." Yu Xiaoxuan looked at the youthful students on campus, his face a little sighed.

Shen Qinglan didn't touch so much, Fang Tong also missed and sighed.

"Qinglan, let's walk around the campus first and then go." Yu Xiaoxuan suggested.

Shen Qinglan had no opinion. The three of them strolled around the campus. Many people had seen Shen Qinglan and Yu Xiaoxuan, but this time they did not come around, but just smiled and nodded towards them in good faith. Shen Qinglan and Yu Xiaoxuan also responded with one smile.

"You are all celebrities now." Fang Tong teased the two of them with no jealousy in their tone.

Yu Xiaoxuan pouted, "The celebrity is Qinglan, okay, I'm too early to become famous." The TV series she filmed are still in production, and they haven't been aired yet. Although they have received a lot of commercials, those are not famous. Advertisement, so her current popularity is not very high, and her fans are not even comparable to Shen Qinglan's fraction.

"Qing Lan is the lowest-profile celebrity I've ever seen. They all say that fans are like idols. I believe Qing Lan when I see Qing Lan. Look at other people's fans. How clever."

Although these people did not come up to sign and take a group photo, they looked at Shen Qinglan's eyes full of idol worship.

Shen Qinglan smiled slightly, these people are indeed some lovely people, so when Daniel suggested that she open Weibo to increase interaction with fans, she did not refuse, sometimes watching so many people who support you is really A different experience.

"Qinglan, Fang Tong, do you remember, I pretended to be dizzy during the military training at the university, and the two of you sent me to the infirmary, and the three of us hid here to eat popsicles." Yu Xiaoxuan pointed to a meadow, Said with a smile.

"Of course I remember, as a result, you ate too much ice cream and went to the infirmary that night. Yu Xiaoxuan, you are the most favorite girl I have ever seen." Fang Tong also remembered this past and smiled.

"What can I eat the most? That's because you haven't seen Yan Xi before, and Yan Xi was called capable of eating. At the last Qinglan engagement banquet, I hid with her to eat. She ate more than me."

Fang Tong also knows Yan Xi naturally, but he is not familiar with Yan Xi, he just said a few words at the banquet. In the impression, this is a very cheerful little girl who loves to laugh.

Because they are all food lovers, since the banquet that day, Yan Xi and Yu Xiaoxuan have established a revolutionary friendship, leaving each other contact information, and agreed to wait for Yan Xi to eat together after the college entrance examination.

"Hey, when it comes to eating, I think of the sophomore year, our class organized a spring tour, there is an outdoor barbecue, Qinglan grilled thing is called a delicious, even without the seasoning, it is very fragrant and crisp," it seems to think of that Yu Xiaoxuan swallowed the saliva and looked at Shen Qinglan expectantly, "Qinglan, speaking, we haven't eaten your roast for a long time. When will we organize again, just a few of us ."

"Yes." Shen Qinglan promised that she was not good at cooking. The only delicious dishes she made were the dishes she learned from Songsao and Aunt Zhao, and the egg noodles. The only thing left was the barbecue. Too.

At the beginning, they were often thrown into the tropical rain forest for training. They had nothing but a sharp dagger. They wanted to find what they wanted to eat. They didn't want to eat cold food. They could only find ways to make cooked food. Her barbecue skill was then. It comes out after practice.

239 Episode 239

Thinking of the past, Shen Qinglan was in a trance.

"Qinglan, let's go back, I feel more sad when I go shopping." Yu Xiaoxuan sucked his nose, his mood became a little low.

Fang Tong patted her on the shoulder. "We are all in Beijing. We want to come back and have a look. It's so convenient. How sad is it."

Yu Xiaoxuan rolled his eyes, "How can that be the same, we will not be students again when we come back."

"Maybe when you celebrate next time, you will come back as the representative of the best graduates. It's even more beautiful." Fang Tong comforted her and Yu Xiaoxuan smiled, "Yes, this can be there, haha."

The three of them talked and laughed. When they returned to the dormitory, they saw that there was already someone in the dormitory. It was a middle-aged woman with white hair, deep wrinkles on her face, and very dark skin. Right now standing in front of Wu Qian's position, sorting things.

"This is Wu Qian's mother." Fang Tong lowered his voice and said in the ears of the two.

"You are all Wu Qian's roommates. I am her mother. Let me organize her luggage without disturbing you?" Wu Qian's mother saw a squeeze on the three people's faces.

Fang Tong smiled and said, "Do not disturb, Auntie, you are sorting out slowly, we are also here to sort out the luggage."

When Wu Qian's mother laughed, the wrinkles on her face all squeezed together, but they were very kind. "Wu Qian used to mention me to you before, saying that you take good care of her. I'm here to thank you for her. It's just that this kid in my family doesn't struggle..." At this point, Wu Qian's mother's eyes were red. She reached out and wiped her eyes, stuffed her hands into the bag, and pulled the zipper, "I'm almost done, just leave."

"Auntie, goodbye." The three of them spoke and watched her leave. Shen Qinglan looked at Fang Tong, "What happened to Wu Qian?"

Fang Tong pursed his lips, "Wu Qian didn't borrow the loan from the campus, and those people came to the school. They also said that Wu Qian was sitting on the stage and the school talked to Wu Qian. After checking the situation, Wu Qian was punished. The school was expelled."

"Then why did her mother appear here?" Yu Xiaoxuan wondered.

"Wu Qian disappeared after being expelled. Those people couldn't find her and didn't know where to get the contact information of her family. Her mother came a few days ago and reportedly borrowed a lot of money from relatives to owe Wu Qian. The next hole was blocked. Her mother looked for her for several days, but she did not find Wu Qian's person. Today, she came to pack her luggage. It is estimated that she is going back." Fang Tong said.

These were all heard by someone in the next bedroom when she came to school today. Later, Wu Qian's mother came, and she couldn't see her like Wu Qian. She felt uncomfortable, so she went to the school gate to wait for Shen Qinglan and Yu Xiaoxuan.

Yu Xiaoxuan has no time to pay attention to this because he has been busy with his career. Hearing this, he couldn't help but sigh, "Unexpectedly, Wu Qian has become like this. If she doesn't know the man, maybe she can still go well now. After graduation, even if you can't live a good life, it's not difficult to find a job to support yourself, and then to find a man to marry is better than now. She escaped, but she left the mess to her parents, Wu Qian is so selfish."

Fang Tong felt the same and nodded. "The poorest is actually her parents. She finally sent her daughter to a prestigious university. Seeing you are about to graduate, you have to get through your hardships, but Wu Qian did this. About how sad it is to be a parent."

Shen Qinglan remembered that when she met Wu Qian last time, she borrowed 200,000 yuan from herself. This is why she borrowed money. She shook her head, "The road is chosen by myself. Although the starting point is not chosen by myself, the process is in her own hands, she made such a choice and would have to pay for her choice."

Fang Tong and Yu Xiaoxuan were silent, then nodded together.

Shen Qinglan didn't have many things, and it was quickly sorted out. The thing with the most things was Fang Tong. After finishing three boxes, they had not finished sorting. Looking at the amazing number of boxes, Yu Xiaoxuan lamented, "I said Fang Tong, You moved the whole house, I am curious now, how did you stuff these three big boxes into this small place."

Fang Tong was half kneeling on the box, trying to pull the zipper up, "What do you know, my name is enjoying life."

"Yes, Ms. Fang, have you sorted it out? We should go. I have to make an announcement in the afternoon."

"Okay, don't stand and hurry to help me."

Yu Xiaoxuan squatted down together with Shen Qinglan to help Fang Tong organize things. Fortunately, Shen Qinglan also drove, or else he would not be able to load the luggage under Tongtong at the school gate. Zhang Lin, their tutor and head of department.

"Come to pack up today?" Zhang Lin saw them and stopped to say hello.

It happened to happen that Shen Qinglan invited Zhang Lin to have lunch together. Zhang Lin thought that they were about to graduate soon, and did not refuse.

After lunch, Shen Qinglan and Yu Xiaoxuan had just sent Fang Tong home, and the phone rang. She glanced at it and it was Jin Enxi who called her. She picked it up and heard a few words. After the call, "Xiao Xuan, I have something to go now. Can you go home alone?"

Yu Xiaoxuan nodded, "Okay, if you have anything to go first, I will move things home and rush to the company. Sister Linda is still waiting for me."

After hearing this, Shen Qinglan waved his hand and drove away.

**

"How did you catch her?" Shen Qinglan asked when he saw the promise of being thrown on the floor of the living room by Wuhuada.

Just now Jin Enxi called her and said that she found the trace of the promise and then brought the

person back.

Promise closed her eyes and was still in a coma. Shen Qinglan glanced at her and saw the scar on her face. She looked at Jin Enxi and Jin Enxi waved, "This is not my job. I haven't gotten enough injuries yet." With one finger, "Well, where is the culprit?"

Sisley was nibbling on the pear, with an innocent look on her face, "I thought how powerful this man Ellen carefully cultivated was, so naturally I should try my best. Who knows she is so vulnerable, it only takes a few hits. fainted."

Jin Enxi black line, elder sister, your fighting is the best here except for An. You can do your best to have a few people who can bear it.

"Ann, I told you that the woman wanted to kill me last time. This hatred must be reported. You can't stop me." Jin Enxi declared in advance.

"It's up to you." Shen Qinglan didn't intend to stop it at all, and she had seen the promise for a long time.

"Hey, Ann, I knew you wouldn't stop me. I told you that I prepared something good for this lady, and I promised to make her unforgettable all her life, if she could get Alan out of her mouth. Better."

"It's difficult." Shen Qinglan spit out two words, and the strictness of the people who graduated from that organization is the most basic.

Jin Enxi also said casually that there was no hope at all. He stepped forward to pick up the clothes on the neck of the promise and found that the woman looked thin, but in fact it was not light. "Sisley, come and help, this woman also I don't know if I grew up eating stones and died a lot."

Sisley threw the leftover pear cores in the trash bin, clapped her hands, stood up, and helped Jin Enxi take the promise to a room on the first floor. Shen Qinglan walked in front of him, on a wall in the room. A place was pressed lightly, and the original complete wall separated instantly. A door was opened from the middle to reveal the steps. Walking down the steps, a secret room was seen. The secret room was large and divided into two areas. Full of all kinds of medical equipment and bottles and cans, the other secret room is a variety of torture tools.

This secret room was originally transformed by Eden, just for the convenience of research. Originally there was only one piece of medical research. The torture box was secretly separated by Jin Enxi for the promise these days. For this reason, I also prepared it for her with Sisley. A lot of "little cute".

"Ah, how is it? This place is pretty good. Let me tell you, these days, Sisli and I spent a lot of time to get these things. After looking for some, I found that it was not suitable. Only one pin sounded good, so I plan to try it on her."

Jin Enxi said with great interest, Shen Qinglan glanced at the tool that Jin Enxi prepared, "Don't kill it first." This promise is still useful.

"Relax, although she wants to kill me, but I am kind, and certainly not as cruel as her. If you move, you will be killed."

Sisley was also excited, with Jin Enxi tying the promise to the chair, and then pouring a bucket of water on the promise. The cold water stimulated the human nerves, and the promise finally woke up.

The promised eyes were dazed for a moment, and he could see the three people in front of him without changing their eyes.

Jin Enxi touched his chin with his hand and looked at Promise as he calmed down. Hey laughed, "Oh, Miss Xu, we met again. This is the second time you are in my hands. You said we are particularly destined."

Promise squinted not to look at her, she only instinctively looked around when she first opened her eyes, and then became silent.

She knew it was her carelessness this time. After listening to the woman's words that day, she promised to think for two days and finally decided to adopt the woman's suggestion.

It was only when she went to school to find Wu Qian that she found Wu Qian was gone. Today she just found her and explained the matter to Wu Qian. After being separated from Wu Qian, she met Jin Enxi and Sisley.

"The last time you wanted to kill me, did Allen's deadly pervert made you do this?" Jin Enxi raised her chin and forced her to look up.

The promise gave her a cold look and didn't speak.

Jin Enxi smiled and didn't care. He pointed to the things placed around him. The tone was very gentle. "It doesn't matter if you don't say it. I've prepared a little greeting for you. You will like it."

Promise heard that her face did not change, and Jin Enxi didn't care. If she changed her face just by listening, she really doubted whether the promise had been trained by Allen.

Sisley had a whip in her hand. When she raised her hand, the whip fell on the promise. The whip hit the meat, making a "snapping" sound. The promise's brow was light, but there was no shout. , Sisley snorted and increased her strength.

"Promise, tell us Alan's plan, we can consider letting you go." Shen Qinglan spoke lightly, promising not to say a word.

Shen Qinglan waited a while and saw that she had been unwilling to cooperate. At this moment, Fu Hengyi called again and simply left.

Jin Enxi and Sisley looked at each other and smiled.

Shen Qinglan doesn't like to abuse others, so just now Jin Enxi and Sisley didn't give up, but now that Shen Qinglan is gone, they naturally have to "wait" for this promise.

Promise saw the smile on both of their faces, his eyes slightly changed, but he didn't ask for mercy, and not long after, the secret room sounded a cry of pain.

When Eden returned, he promised to be tormented, leaving only a big gasp.

Jin Enxi squatted down in front of the promise, "You said what you do to protect Allen, that is a pervert, neuropathy, it should be destroyed. And this person is cold-hearted and treats the people under his hands like animals. You see you We have been arrested by us all day and night, but he didn't come to save you, and his eyes won't blink even if you die. What do you do to protect him?"

"Who the hell are you?" Promise finally said the first sentence here.

Jin Enxi smiled and said, "We are Allen's enemies, endless enemies, and everyone like him is crying. You must have suffered a lot under his hands. Do you want to join us and die with us?" Got him."

"Also?" Promise grabbed a word sharply, "Are you all trained by Allen?"

There was a trace of annoyance in Jin Enxi's eyes, and Sisley stepped forward and kicked on the promised body, "What are you shit, I ask you, what does Allen want to do?"

Promise flashed a gleam under his eyes, and closed his mouth again without saying a word.

"It's hard temper, old lady, I like hard temper best." Sisley smiled enchantingly.

On the other side, Peter, who had not seen the promise in two days, was a little strange, "Alan, what about the promise?"

Alan didn't answer. He was somber at the moment, and he was in a bad mood these two days because Shen Qinglan went to the Beijing Military Region.

Peter also asked casually, and when he didn't say anything, he didn't ask.

**

After three days of college entrance examination, Yan Xi was finally liberated. The dark high school life passed, she felt that she was full of blood and resurrected in an instant. She called Shen Qinglan for the

first time, but the phone did not get through.

Yan Xi thought about it and called Yu Xiaoxuan again. It happened that Yu Xiaoxuan was resting at home today. After receiving Yan Xi's call, he immediately jumped up from the bed, "Okay, I know a delicious snack bar, just on Yonghe Lane in the north of the city, it tastes good."

Yan Ximei smiled, "Okay, sister Xiaoxuan, we meet at Xinhua Road."

Yu Xiaoxuan responded with "OK", took the time to change clothes and wash, and used the shortest time to paint a light makeup for himself before going out.

Arriving at the appointed place, Yan Xi was already there, carrying a backpack, standing on the side of the road and looking down at the phone with his head down.

Yu Xiaoxuan stopped the car, "Yan Xi."

Yan Xi looked up, saw Yu Xiaoxuan, opened the door and sat in, "Sister Xiaoxuan, is that store far?"

"Not very far, even in the alley, the car can't drive in."

After driving for about ten minutes, the car stopped in front of an alley. Yu Xiaoxuan got out of the car and took Yan Xi into the alley.

This is the old city north of the capital. Unlike the old city of Siheyuan in the south, most of the residents here are in a relatively poor family situation. The people living here are also mixed.

Following Yu Xiaoxuan all the way, Yu Xiaoxuan took her into a laughing place. It was really a small shop. The area was at most 30 square meters. It was still a kitchen. There were less than ten tables in the shop.

Because it is not a meal now, not many people come to eat. There are Yu Xiaoxuan and they are only three tables. The proprietress is cleaning, seeing guests enter the store and greet them warmly.

People at the other two tables looked too hard at the two of them, really because their dress was out of place with this shop. Yu Xiaoxuan ignored their gaze and sat down.

"The proprietress, two bowls of braised pork, one fried liver, and one fried belly." Yu Xiaoxuan cooked at Shulu Road.

"Good, wait a minute." The lady boss responded and walked into the kitchen.

Yan Xi had never been to such a place, and was a bit uncomfortable for a while. She glanced at the oil stains on the table, which was a bit embarrassing.

Yu Xiaoxuan pulled out a tissue and handed it to her.

"Sister Xiaoxuan, how did you find such a place?" Yan Xi asked in a low voice while wiping the oil stains on the table with a tissue.

"There was a filming nearby, the crew told me, don't look at this shop, it's humble, but her braised pork is absolutely amazing, and the taste is absolutely good, you can't eat it anywhere else in Beijing. ."

"What is braised fire?" Yan Xi looked stunned. She had eaten a lot of food, but what she ate was generally in a big hotel or a high-end restaurant. Naturally, there is no such thing as braised fire in such a place.

"A traditional Beijing snack, haven't eaten it yet." Yu Xiaoxuan had a trace of pride on her face. This restaurant's braised fire is the best in Beijing.

Yan Xi shook her head, she had never eaten, and even listened to it for the first time. Although she went to school in Beijing, she was only in high school in Beijing, and lived in Nancheng from an early age, plus the excellent family conditions and her own physical reasons. She was not allowed to eat the street stalls, worrying about unhygienic conditions and eating her body.

Things came up, Yan Xi looked at the big bowl in front of her, smelled it, and it was quite fragrant, just looked at the meat-like and non-meat thing on it, "Sister Xiaoxuan, what is this?"

"Pig lung and pig small intestine, rest assured, they are very clean." Yu Xiaoxuan said.

Yan Xi's face stiffened and her eyes widened. "Is the pig intestine..." the thing she thought?

Yu Xiaoxuan nodded affirmatively, had already picked up the chopsticks and could not wait to start eating. With a satisfied face, he saw Yan Xi lingering, "Yan Xi, the taste is really good, you try it. Oh, it's not a pig The internal organs, just think about it. The French foie gras you eat is not the internal organs of the goose."

Yan Xi was persuaded, picked up the chopsticks and took a bite, pinched a little bit into the mouth, chewed carefully, his eyes lit up, "This thing is delicious."

"It's delicious. I recommend it." Yu Xiaoxuan smirked, and the fried liver and pop belly came up, "Come and try these two, although the taste of fried liver and pop belly here is not as good as Huguo Temple." Yes, but the taste is much better than the average store."

Yan Xi didn't hesitate this time, threw a chopstick into his mouth, and nodded frequently. "Sure enough, Sister Xiaoxuan, I will be with you later."

The two of them had a round stomach when they walked out of the shop. Yan Xi patted his stomach and gave a full hiccup. "Hiccup, so full. I didn't expect these things to be so cheap."

"Next time I will take you to Huguo Temple. There is a snack street over there, and you eat more. I guarantee you want to go to the second time after eating once."

"Okay. I will have a lot of time when I get to the B major in the future. I must eat all kinds of snacks in the capital." Yan Xi smiled. After this college entrance examination ended, she specifically answered the answers and found that her grades were not bad. The last B major should have no problems, so Yan Xi was in a good mood these two days.

Zhao Jiaqing had returned from abroad and went out to spend a few months with her heart. When she came back, her mind was much calmer and the whole person was softened. Seeing her daughter had finished the exam, she suggested that she go out and find friends to play with.

"In fact, there are more than just these snacks. There are many foods in Beijing. When I have time to sort out a guide for you, you can eat with your classmates or friends in your spare time. These were all recorded from my childhood. I don't tell her the average person."

Speaking of gourmet food, the two foodies have great experience, and chatting is naturally very pleasant.

"Wu Qian?" Just walking to the door of the alley, seeing the familiar back in front, Yu Xiaoxuan hesitated and yelled.

The figure in front stepped and turned around, who was Wu Qian who wasn't seen for a long time. It's just that she looks a little embarrassed, her clothes are old, and there are a few dirty places; her hair is messy, and it has become a straw, and it is still shiny, and it seems to have not been washed for a long time; His face is sallow, as if he has been chronically malnourished, and there is a thick blue and black under his eyes.

At first glance, Yu Xiaoxuan saw that he almost didn't recognize it. When Wu Qian hadn't spoken to Chen Qingtian before, although her living conditions were not good, she was always clean and the woman in front of her was no longer usable. Sloppy to describe.

"Wu Qian, really you, why are you here?" Yu Xiaoxuan asked.

Wu Qian was surprised when she saw Yu Xiaoxuan. A flash of light flashed in her eyes, but she was fleeting. She had a blank expression on her face, and she looked numb. "It's all about you."

Yu Xiaoxuan remembered Wu Qian's mother she saw that day and the tears in her eyes when she mentioned her daughter Wu Qian, "Wu Qian, did your mother come to you before you know?"

Wu Qian's footsteps.

Yu Xiaoxuan continued, "Your mother borrowed a lot of money to help you repay the loan sharks. She

has looked for you for many days and has not found you. She just left the previous two days."

Wu Qian turned her back to Yu Xiaoxuan, her body was stiff, she knew she was selfish, but she was also forced, if she did not run, then the gang would kill her, or force her to sell Y, she could only escape .

During this time, her life was not easy. She was hiding from Tibet all day because she had very little money left. She couldn't live in a good hotel. She could only find a basement of ten yuan a night. Either instant noodles or instant noodles, she can't go out to find a job, afraid of being hit by those people.

In order to survive, she also sold the valuables on her body and sold them in exchange for money. She didn't have a few banknotes on her body except for her mobile phone.

If I had promised to find her two days ago, I am afraid she is still hiding in the basement and dare not come out. Today, she originally wanted to come out to buy clothes, take a shower, and then go to Yu Xiaoxuan or Fang Tong. When I went out, I met Yu Xiaoxuan.

"Yu Xiaoxuan, you should never see me, my life is over, if you see my mother again, help me bring her a sentence, let her treat me as if I died, it should never be born Over me, I'm sorry for her in my life, I'll pay back in my life."

Wu Qian whispered, his voice hoarse, with a choking throat.

"Wu Qian, you are still young. You can make changes as soon as you know the mistakes. Your family is waiting for you to go back." Yu Xiaoxuan walked over to Wu Qian and persuaded.

She didn't know that Wu Qian asked Shen Qinglan to borrow money. She didn't like Wu Qian, and she never liked it. She always felt that this person's mentality was a little abnormal, but she still moved when she saw her now. heart.

"Do I still have hope?" Wu Qian looked at Yu Xiaoxuan and laughed at herself.

"Yes, as long as you don't give up."

A bright light flashed in Wu Qian's eyes, but it quickly dimmed again, "These words are deceiving, I know you are coaxing me, I have been expelled from school, even the graduation certificate, even if it is Going out to find a job without even a diploma, who would use me?"

"Wu Qian, you can't think like this. If you even give up yourself, then your life is really over, you think about your parents."

Was referred to his parents, Wu Qian's eyes were red, tears dripped down, "I'm sorry for them."

"Wu Qian, cheer up, even if it is a graduation certificate, but it is not difficult to find a job to support yourself. The loan sharks have gone, they will not look for you again, as long as you work well in the

future, your life will be Alright."

Wu Qian shook her head, "I can't get better. I don't have any money on my body. I don't even have a place to live. I can't live."

Yu Xiaoxuan heard the words and took out a few notes from the bag and handed it to Wu Qian, "I didn't bring a lot of cash with me when I went out today, only these, you take it first, you will find another bag to eat and eat during this time Work should be enough."

There was not much money, and the visual inspection was about 1,000 yuan. Wu Qian did not answer, "I don't want it."

Yu Xiaoxuan stuffed the money into Wu Qian's arms, "Don't try to be brave, it's the most important thing to survive."

Wu Qian held the money in his hands, squeezed it tightly, lowered his head, and spoke softly, "Yu Xiaoxuan, thank you."

Yu Xiaoxuan smiled, "You must cheer up and live well, we will leave now."

"Wait." Wu Qian stopped her. "Yu Xiaoxuan, I still have something there. Please send it to Shen Qinglan, which I stole."

Yu Xiaoxuan turned and looked at her, "What?"

"It's a small thing, but I think Shen Qinglan put it very well. I think it should be very important to her. I once secretly took it because she had concealed her identity. You will take it to her now. Well, by the way, help me say sorry to her."

Yu Xiaoxuan was not suspicious and nodded. "Come on, you give me things."

"It's where I live now, it's near here. Can you get it with me, please?"

Yu Xiaoxuan thought about it and agreed, looking at Yan Xi, "You go to the car to wait for me first?"

Yan Xi shook his head, "I will go with you."

Wu Qian opened her mouth to object, but when she spoke, she still didn't open her mouth and took the two to the depths of the alley.

"This is where you live?" Yu Xiaoxuan said, looking at the messy, dim and wet basement in front of his eyes, his brow furrowed tightly.

The room was so small that it was possible to place the next bed, and now there were three people

standing, and the space was immediately narrow.

Wu Qian rubbed her hands helplessly and nodded. "Well, I don't have money. I can't afford a good place. It's cheap here."

She did not look for something immediately, but poured two glasses of water and handed them to Yu Xiaoxuan and Yan Xi respectively, "I don't have anything else here, you will drink it, rest assured, I washed this cup, no dirty."

Yu Xiaoxuan and Yan Xi didn't pick up, Wu Qian lowered her head and looked sadly, "Forget it, wait for me if you don't drink, I will find out things for you immediately."

Seeing this, the two took it and took a small sip. The water tasted a bit weird. After the sip, the two didn't drink any more, just took the cup in their hands.

Wu Qian saw them drink and smiled, "Wait a minute, I will look for something."

With that, he turned and began to turn over the boxes, "I'm messy here, I don't know where to put them."

"It doesn't matter, you look slowly, we are not in a hurry." Yu Xiaoxuan said.

After searching for five or six minutes, Wu Qian still couldn't find her, and her expression was very anxious. "I clearly remember what I put here. Why didn't I see it. Yu Xiaoxuan, wait for me for a while, I can definitely find it ."

Yu Xiaoxuan did not have any impatience, but the dull air here made her feel dizzy. Thinking about it, she saw Yan Xi softened and fell to the ground. Yu Xiaoxuan was shocked and quickly went to help Yan Xi, As soon as my eyes were black, I knew nothing.

Wu Qian didn't find anything. She stood up and looked at the two people on the ground. "Don't blame me. If you want to blame you, you can only blame you for Shen Qinglan's friend. You are suffering from her."

She touched the thousand dollars Yu Xiaoxuan gave her in her pocket, and looked at Yu Xiaoxuan's eyes very complicated, "Yu Xiaoxuan, I'm sorry."

She locked the door of the room before going out with a piece of paper, looking for a public phone.

She put a little medicine in the water, which was promised to her two days ago, and gave her 50,000 yuan. The request was to kidnap Shen Qinglan's friend, either Yu Xiaoxuan or Fang Tong.

Then he handed the man over to a man whose contact information was written on the paper she was holding.

She made a phone call according to the contact information above, and after explaining the situation, the other party only said a sentence to let her take good care of her.

She returned to the basement, and Yu Xiaoxuan and Yan Xi were still in a coma. She searched the money on them. The cash on Yu Xiaoxuan had been given to her, but it was found from Yan Xi. Five hundred dollars.

Wu Qian searched the mobile phones of the two again and threw them into the trash can after shutting down.

She didn't know how long this effect would last. She picked up the glass they put on the cabinet and poured a large glass into their mouth.

The sky gradually darkened, but the man who contacted her hadn't come yet. Wu Qian became a little uneasy. She walked around the room, looking at Yan Xi and Yu Xiaoxuan who had been falling asleep from time to time.

Just when she was restless, there was a knock on the door. She was delighted and opened the door, and saw two men standing at the door. "It's just not a familiar oriental face."

"Who are you?" Wu Qian asked cautiously.

A man came out from behind them, a face with an oriental face, glanced at the person on the ground, took a picture from his pocket, compared it, and smiled, "Things are doing well."

Hearing the familiar voice, Wu Qian's precautions were immediately put down, the three entered the house, and the two Western men embraced Yu Xiaoxuan and Yan Xi and went out.

"Wait." Wu Qian stopped them. "Can you tell you where you want to take them and what do you do?" There was a strong unease in her heart, and the promise was just to tell Shen Qinglan The lesson, but Shen Qinglan's skill is so good, it is not easy to catch her first, so I plan to start with her friend and catch her friend as bait. This is what we have today.

But now seeing these three people, Wu Qian intuitively feels that if these two people are taken away, there will definitely be no good things. She regrets it.

The little man with an oriental face glanced at Wu Qian and threw a stack of money on the ground. "This is not what you should control. Take your money and roll it."

Wu Qian did not go to get the money, but stopped in front of several people. "I regret it. I won't do this business. You guys can't take it away. Hurry up."

The man smiled cruelly, "It's not up to you to take it away or not. Hurry up."

Wu Qian didn't let it go, the man's eyes full of murderous intentions, her body shivered, but insisted on stopping at the door, "You put me down, otherwise I will shout."

She glanced at Yu Xiaoxuan, who was still in a coma, and Yu Xiaoxuan, it was as if I had repaid the thousand dollars.

The man's eyes flashed cruelly, and he pulled out something from his waist. Wu Qian was shocked and turned to escape. As a result, he didn't escape two steps. He fell to the ground as soon as he was soft.

"Go away." The man snorted and the three quickly left.

In the closed basement, Wu Qian lay on the ground, her eyes widened, and there was still panic and fear on her face. Under her was a trace of blood.

This is something that must be said about love between a perverted paranoid man and a cold female president.

Mu Jin: Born in a famous place, the president of the empire that combines fame and fortune, has a refined temperament and unparalleled elegance, amazing medical skills, outstanding martial arts, and a jade flute, which can make thousands of beasts bend.

Feng Xi: Su Cheng turned his hand over the top of the cloud and rained over the rain, with a distinguished identity and arrogance.

Early Secondary Two

Some people's love is destined to be extremely hot, and only one person is exhausted in his entire life, just like him.

Feng Xi spent his whole life and only wanted to trap that person between the bed and the arms, and gave him an extreme spoiling.

He said: "Mu Jin, love me or die, you can only choose one."

The suffocation of love, the destruction of love, and the carefulness of love.

Shen Qinglan was teaching Jingjing to paint, and her phone rang. She picked it up and glanced at it, which was called by Yan Shengyu.

"Yan Shengyu."

"Shen Qinglan, did you see Yan Xi?" As soon as the phone was connected, Yan Shengyu asked.

"No, what happened to Yan Xi?"

"Today she said she went out to find friends. She hasn't come back until now. I called her, but the phone was turned off. I also called some of her classmates who had better shutdowns. They said they didn't see her today."

"Don't worry, will she tell you who to play with today?"

Asked this way, Yan Shengyu really remembered, "She said that she was looking for Yu Xiaoxuan and where she was going to eat."

"I will call Xiao Xuan now and ask where they are now."

Hanging up the phone, Shen Qinglan immediately dialed Yu Xiaoxuan's phone, but the prompt was also shut down. She frowned and called Han Yi again. Han Yi was on a business trip in Country F, and received a call from Shen Qinglan's face. .

"Sister-in-law, I am now abroad, what happened to Xiao Xuan?"

"I just wanted to ask her something. I just called her and no one answered. I thought you were with her." Shen Qinglan said lightly.

Han Yi did not care, "Maybe people are in the toilet, or are still sleeping, she rests today. Or I call her now."

"No, I'll call her later."

Hanging up the phone, Shen Qinglan's face sank completely. She was quite sure that Yu Xiaoxuan and

Yan Xi must have happened.

"Jingjing, Auntie has something to do now. You can stay here alone, wait for your uncle to come back."
Shen Qinglan walked over and said to Jingjing.

Today, Zhang's sister-in-law's younger son was ill. She took her son to the hospital and placed her daughter in Shen Qinglan to take care of her.

Jingjing is an obedient and well-behaved child. He heard the words and nodded. "Well, Auntie, will you come back soon?"

"Yes, the aunt will come back soon. If the uncle comes back, would you help the aunt to tell her uncle?"

"Okay. Auntie, come back soon."

"Huh." Shen Qinglan reached out and touched Jingjing's head, "It's so good."

When leaving the door, the tenderness in Shen Qinglan's face was replaced by coldness. She drove the car fast, and when they arrived at the villa, Jin Enxi they had not slept.

"Ann, why are you here?" Sisley asked Shen Qinglan curiously.

"Yan Xi and Yu Xiaoxuan are gone, Enxi, you locate their mobile phones and see where they are now?"

Jin Enxi heard that, realizing the seriousness of the matter, turned on the computer, Shen Qinglan reported two strings of numbers, Jin Enxi pressed a few times on the keyboard, and then two small red dots popped out on the interface, which were moving.

"The two of them are together and are now on Ding'an Road." Jin Enxi said, "Ann, are you too sensitive?"

Shen Qinglan's expression didn't relax at all. She stared at the screen, "I'm going to find them now, you always report the position of the two of them to me."

"OK." Jin Enxi made an OK gesture.

"Ann, I'll go with you." Eden stood up.

"Show me good promises and not let her run away." Shen Qinglan said before going out.

Shen Qinglan drove the car and quickly caught up with the location of the mobile phone signal, but when she saw the car clearly, Shen Qinglan's face became ugly. Now she can be 100% sure about Yan Xi and Yu Xiaoxuan. Something really happened.

"En Xi, can you find the specific location of Yan Xi and Yu Xiaoxuan now?" Looking at the garbage truck in front of him, Shen Qinglan's face was very cold.

"Sorry, Ann, they don't have any tracking devices on their bodies. I can't do it. You give me a moment, I will ask the people on the road to see if they have met the people on the road."

Hanging up the phone, Shen Qinglan called Yan Shengyu again, "Has Yan Xi been home yet?"

As soon as the words came out, Yan Shengyu's heart sank to the bottom, "Yan Xi is gone, isn't she?"

Shen Qinglan was silent, "Sorry, I can't find Yan Xi and Yu Xiaoxuan now. If you receive any strange calls, you must tell me."

"You suspect that Yan Xi has been kidnapped?"

"It's still uncertain, but it's very likely. Xiao Xuan and her are together."

Hanging up the phone, Shen Qinglan had a heavy haze in her heart and she was waiting.

**

When Yu Xiaoxuan woke up, he was in a car. The car was running fast. This car was a freight car. The two of them were thrown in the car. Only her and Yan Xi were in the car.

Yan Xi was lying on her lap, still in a coma, her head was still dizzy, and it took a long time to wake up.

Her mind was clear, and things naturally cleared up. She didn't understand why Wu Qian needed to take the medicine in the water and wanted to take them to where.

She moved her arms and found that her hands were tied tightly and her legs were tied. She couldn't move at all. She had tape attached to her mouth. She moved her butt and Yan Xi's head fell from her leg onto the carriage. When he smashed it, Yan Xi woke up.

Yan Xi opened her eyes and was confused. When she saw Yu Xiaoxuan, she opened her mouth and wanted to speak, but found that she was tied up and her mouth was blocked. She couldn't say anything at all.

Her eyes were full of panic, and Yu Xiaoxuan shook her head, motioning her not to panic.

Yu Xiaoxuan didn't know who brought them away, and wanted to take them there. He was also very

scared, but looked at Yan Xi's panicked eyes. She calmed down instinctively, she was bigger than Yan Xi, If even she panics, isn't Yan Xi even more afraid?

She heard Shen Qinglan mentioned that Yan Xi had severe asthma, her emotions should not be too excited, she could not speak, Yu Xiaoxuan could only comfort Yan Xi with her eyes.

Yan Xi gradually calmed down, leaning on Xiao Xuan's body.

The car drove on the road quickly, and it was very stable at first. The car gradually bumped up, and Yan Xi and Yu Xiaoxuan were shaken very much.

I don't know how long it has been driving. The car finally stopped. The door of the car was opened. Several strange faces appeared in front of Xiao Xuan and Yan Xi, one oriental face and two western faces.

Without saying a word, the two Western men dragged Yan Xi and Yu Xiaoxuan out of the carriage. Before they could see the surrounding environment clearly, their eyes were blindfolded and then tucked into the back seat of another car. , The car starts again.

There was also a man sitting in the back seat, and the three men were talking, but they didn't speak English, neither Yu Xiaoxuan nor Yan Xi could understand, but vaguely seemed to hear Shen Qinglan's name.

Yu Xiaoxuan's heart kept sinking. At first, she thought that these people kidnapped her and Yan Xi for money. Now it seems that she might have been wrong at the beginning. If she guessed right, the goal of these people is Shen Qinglan.

**

Shen Qinglan had been waiting for the call, but it was dawn, and she had not waited for any call. She went directly back to the villa and said nothing, entered the secret room, and pulled up the promise lying on the ground, "said, Yan Xihe Where is Yu Xiaoxuan?"

Promise half-opened his eyes, glanced at Shen Qinglan, his mouth lightly raised, "I won't tell you."

Not even promised, Wu Qian's actions were so fast this time.

Shen Qinglan gave a cold face and slapped on the promised face, "Tell me if you don't want to die."

"You killed me." Promise said softly. She had no good skin on her body. Jin Enxi and Sisli did not show mercy at all. Now she can breathe alive because of Shen Qinglan's instructions.

"If you don't say it, I'll kill Alan." Shen Qinglan said coldly, seeing the promise changed slightly, and continued to speak, "You can believe it, but you may not know it, Alan is like me now As a result, I could

kill him once, then now I can kill him a second time, this time I promise to let him die."

"Go ahead if you have this skill." Promise said, Alan wouldn't live to this day if he died so easily. Actually, it wasn't that he didn't want to tell Shen Qinglan Yan Xi and Yu Xiaoxuan, but she didn't even know she was caught here by them and could not contact the outside world. Naturally, she did not know where BK's people took them now.

"Eden, give her a try on your latest research." Shen Qinglan threw the promise on the ground and said indifferently.

Eden hesitated, his new research is still not perfect, if it is used on a person, it is easy to cause damage to the person's nerves.

"Promise, I forgot to tell you that Eden's research is not mature, and it will cause irreparable damage to human nerves when used on people. If you accidentally become a fool, haha." He kindly opened his mouth and looked at the promise that he had changed his face when he heard the words, and he was very happy.

The woman's bones were too hard. They tortured her for so many days and changed to ordinary mercenaries. She spoke long ago, but she didn't have a word to say anything useful.

"Oh, there is no waste left by Allen. I don't know if you can stay with him after you become a fool." Jin Enxi, who understood Shen Qinglan's meaning, said with a smile.

The promised expression fluctuated, but he said nothing.

Shen Qinglan gave Eden a wink. Eden went to the medical laboratory next door and came out soon, holding a needle in his hand.

The needle tube is a light green liquid, clear and transparent, and the color is very beautiful.

"This kind of medicine can make people enter into a state of mental hypnosis in a short time, let people say everything they don't want to say, including memories buried deep in the memory. But the side effects are extremely great, and the nerves of the human brain are greatly damaged. Once it is done, it cannot be reversed."

When Eden squatted, he pushed the liquid in the needle into the promised arm.

"Wait." The promise finally shouted when the needle was about to pierce her skin.

Eden lowered the needle and Shen Qinglan looked at her, "Speak."

"I just let people hand them over to BK, but I don't know where BK's people took them."

"Who contacted BK's people?" Yan Xi and Yu Xiaoxuan disappeared yesterday, and yesterday, the promise was already in their hands, and it was impossible to contact her at all.

"Wu Qian." Promised spit out a name that made everyone unexpected.

"What do you want them to kidnap?"

"I don't want to treat them, their goal is you, no, to be your husband, but you are too difficult to deal with, so you can only take your friend, Shen Qinglan, they are implicated by you." Promise said, mouth light.

Shen Qinglan's eyes sank, and he walked out of the secret room, and a few people followed, "En Xi, can you know Wu Qian's address?"

Jin Enxi shook her head, she almost forgot this person, where can she still know where she is.

Shen Qinglan pursed her lips tightly, "Enxi, within a day, I need Shibang's internal transaction information."

"Ann, do you want to..." Jin Enxi instantly understood that although this is the fastest, it is likely to anger the stone gang.

After all, Shi Gang is a ground snake in the capital. Although Shen Qinglan is the gift of the Shen family, the Shi Gang really wants to do something, and it may not be seen in the face of the Shen family.

"I don't have so much time to wait." Shen Qinglan said, since BK's goal is her, but she hasn't contacted her so far, obviously to take Yan Xi and Yu Xiaoxuan out of the country, and then contact themselves.

If things are settled in China, if they really take people out of the country, it is not so easy to think about bringing them back.

And now, Yan Xiu and Yu Xiaoxuan are still in the country, and time is now the most precious to her.

"Okay, give me half an hour." Jin Enxi couldn't think of a better way. Although this method is very risky, it is indeed the best way now.

Taking advantage of this half an hour, Shen Qinglan called Fu Hengyi and didn't tell him that BK's goal was her, only that Yan Xi had a little conflict with the family, and now it's gone.

Fu Hengyi did not doubt, "You also have to take care of yourself, remember to eat on time." He urged.

Shen Qinglan nodded, "I know."

**

"An, good." Knocking on the last key, Jin Enxi pulled out a USB flash drive from the computer and handed it to Shen Qinglan.

Shen Qinglan took over. The U disk is the account of some transactions between the stone gang and others over the years. There are many ZF personnel who are still in office. If these materials burst out, it is not only the stone gang that will be finished. Those who are related to the stone gang People are not immune.

Shen Qinglan took several pages of paper printed by Jin Enxi.

"Ann, let me go with you." Sisley stood up.

"Sisley, you're fine. You know too many people in this face, and it will cause trouble. Let Eden follow Ann."

"Yes, Ann, it's too dangerous for you to go alone. Let's go with you." Eden agreed.

"No, Shi Feng won't do anything to me. I'll just go alone." The more people who know this, the more Shi Feng will do something.

Shen Qinglan insisted that there was no way for them. The final result of the negotiation was that Shen Qinglan went to the Stone Gang alone, with Eden and Sisley following, in case there was any time to have a support.

Shi Feng was surprised when she saw Shen Qinglan appearing in front of herself, and she smiled and said, "Miss Shen, what kind of wind is blowing you?"

Shen Qinglan stood in the middle, Shi Feng was sitting on it, on both sides were the brothers of the Shi Gang, and Anan stood behind Shi Feng in a protective posture.

"I don't know if Shi Boss said what he said was counted?" Shen Qinglan said lightly.

Shi Feng raised his eyebrows, "Oh? What?"

Shen Qinglan didn't think Shi Feng really didn't remember, but he still repeated what Shi Feng said at the beginning.

Shi Feng's fingers tapped lightly on the table, "Miss Shen, I am someone who speaks naturally, and I will definitely do it when I say it will help you. Let's talk, what is it. "

"Okay, Mr. Shi, pleased. I, Shen Qinglan, will not turn around with you. My two friends have been taken away by the people of BK. I need to know which direction they are heading."

Shi Feng originally had a faint smile on his face. After hearing Shen Qinglan's words, the smile on his face was gone. "Miss Shen, are you kidding me?"

"Boss Shi thinks I'm kidding you?"

Shi Feng's face fell, and BK's people were lunatics. If BK got mad, then even for Shi Gang, it was a lot of trouble.

"Miss Shen, since you can say the name of BK, you must know what kind of existence they are. We have many brothers in the Shi Gang, but I also cherish the lives of the brothers." Shi Feng said, this was rejected .

Shen Qinglan was not surprised by this result. The people in the Tao are loyal and keep their promises, but this is also based on not harming their own interests.

"You don't need to meet them directly, you just need to tell me where they are."

"Miss Shen, to be honest, if it is just me, even if it is to kill and set fire, I will help you with Shi Feng, but this matter involves the brothers in the gang, I will always be responsible for their lives. , I can't help this matter."

Shen Qinglan's expression remained the same, took out a few sheets of paper from the bag, and threw it to Shi Feng, "What if this is added?"

Anan took it and handed it to Shi Feng. Shi Feng turned a few pages at will, and his casual expression suddenly changed. "Where did you come from?"

"Boss Shi does not need to know where I came from. You only need to help me with this matter. Not only can I give you this, I can also give you all the rest. And I can guarantee that my hand This copy is the last copy in the world."

Shi Feng put things down, the shock on his face disappeared, he looked at Shen Qinglan, "You are not afraid that I will kill you, as long as you die, no one will know these things, I can also be simple and effective Solve trouble."

"No, you won't." Shen Qinglan spoke, his expression calm, even if she faced Shi Feng's compelling eye, it didn't affect her in any way. "Shi Bo is a wise man, and he knows what to do is right. It's my own advantage. If I'm not fully prepared, then I won't be here by myself."

Yes, this is Shi Feng's concern. Let's not say that Shen Qinglan is a member of the Shen family or the daughter-in-law of the Fu family. Moving her would mean moving the Shen and Fu families at the same time. More importantly, Shen Qinglan himself The feeling for him is not simple.

Shi Feng's hand began to tap lightly on the table again, looking at the same movement as before, but

Shen Qinglan still heard a slight difference from it, and her mouth lightly tickled.

Sure enough, only listen to Shi Feng said, "Okay, I can promise you this matter, but I am only responsible for helping you find people, Shi Gang will not intervene in saving people."

Shen Qinglan's eyes flashed with a smile, "Deal." Throw a USB flash drive to Shi Feng, "This is all the information you want, there is absolutely no backup."

Shi Feng caught it and looked at Shen Qinglan playfully, "Are you giving me the USB flash drive now, are you afraid that I will regret it?"

"Is Boss Shi the person who will smash his own signboard?" Shen Qinglan asked back.

Shi Feng laughed, "Well, Miss Shen, I have to admire your courage and courage. If we are not in opposition to our identity, maybe we can still be friends."

In this regard, Shen Qinglan made no statement.

Shen Qinglan sent photos of Yan Xi and Yu Xiaoxuan to Shi Feng, "I hope Shi Bo will give me a satisfactory answer before sunset today."

Shi Feng agreed, and naturally he would not regret it. After a few calls, Shen Qinglan sat quietly in the lobby waiting.

Shi Feng looked at Shen Qinglan in a calm manner, and once again felt pity in his heart, if Shen Qinglan is the person of the stone gang, why worry that the stone gang will not grow.

Shi Gang deserved to be the largest gang in Beijing. One hour later, I heard news that Yu Xiaoxuan's car was found in an alley in the north of the city, and in a basement rental house deep in this alley, Wu Qian He was found dead in his own home. The initial judgment was that he was killed. In Wu Qian's house, Yu Xiaoxuan and Yan Xi's bags were also found.

Shen Qinglan rushed to the scene and looked at Wu Qian's unscathed look. The haze in his heart was heavier. This is obviously the hand of BK's people. So are Yu Xiaoxuan and Yan Xi safe now?

"Boss, found their tracks." Anan walked in and said a word beside Shi Feng.

Shen Qinglan's eyes looked over, Anan repeated the words, and Shen Qinglan went straight away.

"Boss, do you really believe that this woman will not expose these things?" Don't say that exposure, that is, Shen Qinglan has a copy in hand, used to threaten them to help her work is a good choice.

Shi Feng's eyes are very deep, "I believe her, keep this thing well, these are our handles, but they are not the handles of those people, and mastering these, our Shi Gang is not limited to people everywhere."

Speaking, Shen Qinglan helped him once.

Shen Qinglan drove a polar off-road vehicle with excellent performance. He was on the road and told Jin Enxi about the situation.

"Ann, they are heading in the direction of the border. According to their speed, they should have left the border at this time, but according to the stone gang, they seem to stay for a long time on the way."

"Regardless of what they want to do, save the person first and then say."

Shen Qinglan hung up the phone and stepped on the accelerator. The car drove again on the road.

Just after leaving the Beijing city area, Shen Qinglan's mobile phone rang again, a strange call, Shen Qinglan's eyes changed, press the call button, "Shen Qinglan, your friend is in our hands, give you four hours Time, rush to Silla, or your friend will be dead." The voice of the strange man was simple and straightforward.

Shen Qinglan glanced at the time. It is still ten o'clock in the morning and four hours. It is at least six hours to drive from Silla, and he can't arrive at the prescribed time.

"I can't get there in four hours, six hours." Shen Qinglan tried to bargain with them. More importantly, she had to delay the time. Her mobile phone was equipped with a location tracking device. As long as there was enough time, Jin Enxi could track where the signal was sent. .

"Shen Qinglan, I'm not bargaining with you. Of course, you can also come over and collect the corpse for your friend after six hours."

"How can I confirm that my friend is still safe?" Shen Qinglan's eyes sank and he said.

The man placed the phone next to Yu Xiaoxuan's mouth and tore the tape from her mouth.

"Qing Lan." Yu Xiaoxuan's voice came from the other end of the microphone. Shen Qinglan listened carefully. Yu Xiaoxuan's voice was not weak except for fear. He hadn't suffered any substantial harm from his thoughts.

Shen Qinglan felt relieved.

The man took the phone back, "What, think about it, your friend is still intact. If you continue to spend more time, then I can't guarantee it."

"Okay, four hours, I rushed to Silla."

"Sure enough, it's a cheerful person. Remember, you want to come alone. If you bring one more person, I'll kill one." The man said, his tone was harsh, and he didn't mean to be joking.

"Got it." Shen Qinglan responded, just wanting to continue talking to them, but the phone hung up.

The talk time was too short, and Jin Enxi traced the source of the signal.

Hanging up the phone, Shen Qinglan stopped the car, waiting for Eden and Sisley behind to catch up. Eden and Sisli saw Shen Qinglan stopped, and naturally stopped.

"Give me what you have." Shen Qinglan spoke directly. Everyone knew what this thing meant.

"Ann, you can't go alone, it's too dangerous." Eden disagreed.

"I can't joke about the lives of Yu Xiaoxuan and Yan Xi, their goal is me."

Eden and Shen Qinglan stared at each other, and finally compromised in Shen Qinglan's eyes and took things out from under the seat.

"Ann." Sisley grabbed Shen Qinglan's hand, her eyes worried.

"rest assured."

Shen Qinglan dragged all the way and left Eden behind them.

**

In a hotel in Beijing, the woman received the news that this time not only Yu Xiaoxuan but also Yan Xi were arrested, and a playful smile appeared on the corner of her mouth.

"Unexpectedly, the game is getting more and more fun under the mistakes." There was a glass of wine in her hand. She took a sip of the wine gently, smiled, and took out her mobile phone to dial out a string of numbers.

Zhao Jiaqing saw that her daughter was not coming back for a long time and couldn't make a phone call. Finally, she realized that something was wrong and called Yan Shengyu. He also supported us.

"Sheng Yu, you tell me the truth, did Xiaoxi have an accident?"

Yan Shengyu opened his face slightly, daring not to gaze at Zhao Jiaqing's eyes, "Mom, you think too much. I have just called Xiao Xi just now, she is just playing crazy, and wants to stay at a friend's house for a few days, and wait for two days to come back Now."

"Since this is the case, why can't Yan Xi get through?"

"It's too late now, it is estimated that she has fallen asleep, she likes to shut down when you sleep, you

don't know."

Zhao Jiaqing thought of it as well, suppressing the uneasiness in his heart and opening his mouth, "You call Xiao Xi tomorrow and let her come back quickly. If such a big person, she would live in someone's home, like nothing."

"Okay, I know. I will pick her up tomorrow. Now that the college entrance examination is over, it is normal for her to like to play." Yan Shengyu took Zhao Jiaqing's shoulders and brought her into the room. "Mom, it's not too early, you Go to bed early."

"Okay. You remember to pick her up tomorrow."

"OK." Yan Shengyu coaxed Zhao Jiaqing, and the lightness on his face disappeared after walking out of the room. He had just called Shen Qinglan, but he didn't get through. Shen Qinglan only gave him a message saying that he would definitely Yan Xi brought it back.

Yan Shengyu naturally understood what this meant.

Yan Xi and Shen Qinglan, you must be safe.

**

Shen Qinglan's car drove along the road and headed towards Silla City.

After three and a half hours, Shen Qinglan finally saw the gas station in Silla City. She called the person back and thought that it would be unreachable.

"I have reached the Shilla toll gate, where should I go next?"

"Miss Shen really is punctual. We are in Qinghe Town, Shilla City. You come." The man glanced at his watch. "Give you an hour."

"it is good."

The city of Shilla is near the border of LG, and the town of Qinghe is closer to the border of country Z. Shen Qinglan remembers reading a geography book before. If she remembers correctly, Qinghe is a border town with a small population and poor economy. , But because it is close to LG, DP activities are very frequent.

When the car drove into the town, Shen Qinglan deliberately glanced at the time, 2:20 in the afternoon, ten minutes before the time they said.

The phone rang again, and Shen Qinglan answered, "Now you get out of the car and walk forward 500 meters."

Shen Qinglan got off the train, threw the car in place, and walked towards the front. While walking, Shen Qinglan looked at the surrounding environment.

There are mountains and forests around here, and the view is not wide, not even many people. Shen Qinglan walked all the way, only to meet a person, is an old man, came on his back, leaning on a cane, Shen Qinglan tried to talk to her, But the old man didn't seem to understand what she said. In desperation, Shen Qinglan had to give up.

Going forward for 500 meters, what appeared in front of Shen Qinglan was a wooden house. Like the architectural features here, there was no difference. The door was open. Shen Qinglan walked in, and then saw that he was tied and thrown in Yan Xi and Yu Xiaoxuan on the ground.

Shen Qinglan glanced at the two of them for the first time and saw that they did not have any injuries on their body except for a little mental loss. Three men stood there, one oriental face and two western faces. Shen Qinglan noticed It's a tattoo on their arm.

That sign is the person of BK.

The man with the eastern face saw Shen Qinglan, glanced behind her, saw no one, applauded, "Miss Shen is Miss Shen, and she is indeed bold."

When Yu Xiaoxuan and Yan Xi saw Shen Qinglan, their eyes lighted instantly, and Yan Xi even cried.

Shen Qinglan smiled at them.

When two Western men saw Shen Qinglan appear, they pulled out Q from the back of his waist. The Q mouth aimed at Yan Xi and Yu Xiaoxuan's heads. They widened their eyes in horror.

Although Yu Xiaoxuan has seen props in the crew, she doesn't think that the thing that is pointing at her head is fake.

"My people are here, you can let them go." Shen Qinglan glanced at Yu Xiaoxuan and Yan Xi, and said.

The man smiled, "Since it's here, then rush to do something." Seeing Shen Qinglan's hand on the waist, the man waved his hand, "Miss Shen, don't take things out, my two partners Timid, afraid, and shaking his hand, if you press the place that should not be pressed..."

Shen Qinglan put his hand down, "What the hell do you want?"

The man smiled, "Miss Shen, what we don't want is to invite you to visit us."

Shen Qinglan glanced at the bound and sturdy Yu Xiaoxuan and Yan Xi, with ironic words, "This is your hospitality?"

"Who made Miss Shen too difficult to invite, we can only take this approach, and please forgive Miss Shen."

Shen Qinglan looked at them and said calmly, "I can go with you, but you must let my two friends go."

No, Qinglan does not.

Yu Xiaoxuan heard the words and shook his head desperately, and Yan Xi kept shaking his head. This group of people obviously came to Shen Qinglan. He still had Q in his hand. If Shen Qinglan left with them, would he still come back?

Shen Qinglan glanced at them and shook his head gently towards them, indicating that they should not worry.

"Miss Shen, I believe in your sincerity, but I am not at ease with your skill, so, to make me feel at ease, you drank this cup." The man handed a cup to Shen Qinglan.

"Relax, there is nothing else but some sleeping pills." The man added.

Yu Xiaoxuan shook his head more violently, his body twisted, trying to stop Shen Qinglan.

**

Han Yi came back from the partner's banquet and called Yu Xiaoxuan and did not get through, nor did she care, just because she was busy, but not long after, she received a call from Linda saying that Yu Xiao could not be reached Xuan, no one went to her house.

Han Yi remembered that Shen Qinglan called and asked about Yu Xiaoxuan, and was uneasy. After hanging up, he called Yu Xiaoxuan again. He still didn't get through. He called Shen Qinglan, but showed that he was talking.

Ten minutes later, it still showed that he was talking on the phone. Han Yi had a bad intuition. He bought a ticket and went back to China. The connected cooperation was not discussed.

Returning to China, I went home immediately to find Yu Xiaoxuan. There was no one, and even the car was not there. I continued to call Shen Qinglan and still did not get through. Han Yi had to call Fu Hengyi.

"You said that Yu Xiaoxuan was gone?"

"What is it? Who else is missing?"

Fu Hengyi pursed her lips, "Yan Xi."

"Not only that, I can't contact the younger sister-in-law, Heng Yi, I worry that the three of them have an accident." Han Yi said in a deep voice.

Fu Hengyi also thought of this possibility, and he sullen his face. "You first go to several places where Yu Xiaoxuan often goes."

Han Yin yelled, about to leave, but received a call from the assistant, saying that Yu Xiaoxuan's car was found in the north of the city, and there was also a female body.

His face changed, and he almost stepped on the accelerator as a brake. "Who is that female body?"

"It's not clear. The police are investigating inside. I can't get in, but it doesn't look like Miss Yu in clothes and body."

Han Yi was relieved, but the assistant's next sentence made Han Yi's heart raise again.
