241 Chapter 241 I Eat

"The police found Miss Yu at the scene. I guess Miss Yu should have been here," the assistant said.

Han Yi's face was very dark, and his eyes were deeply worried.

Afterwards, the police investigated the nearby residents, and it was indeed said that Wu Qian went home with two girls, both dressed in accordance with Yu Xiaoxuan and Yan Xi.

But no one saw when Yu Xiaoxuan and Yan Xi left.

Later, an old lady stood up and said that when she got up in the middle of the night to go to the toilet, she saw three men walking with two girls. Listening to her description seems to be Yu Xiaoxuan and Yan Xi, but at that time the light was very dim, she was also confused, did not see the three of them, and even did not pay attention to whereabouts.

After listening to the assistant's report, Han Yi's cell phone dropped to the ground, his heart sinking to the bottom of the valley, and his whole body of blood stopped flowing. His hands were trembling, and he bent over to pick up the phone, but after several unsuccessful attempts, he leaned against the steering wheel.

"Yu Xiaoxuan, where are you now, I just left two days and you ran around. Should I tie you to my belt and go where?"

"Yu Xiaoxuan, you must be fine."

Han Yi drove around in the street aimlessly, hoping to see that familiar figure suddenly appeared in front of his eyes, smiled at himself, and said, "Han Yi, are you looking for me?"

When Han Yi came home, it was already midnight, with exhaustion all over, he only lay down and slept for less than four hours, then got up from the bed, put on his clothes and prepared to go out.

"Han Yi, I heard that you don't even want the cooperation case of country F. Why do you want to rush back without thinking about what you want to do?" Han Zhengshan was eating. When he saw Han Yi, he asked.

Han Yi gave him a cold look, his footsteps continued, "You better not worry about my affairs."

Han Zhengshan was about to get angry, but Han Yi was gone, and he could only watch the empty gate and breathe a few breaths.

Shen Qinglan looked at the glass of water in front of her eyes, her eyes were clear. She was thinking about how much she could grasp if she started now. Her eyes stayed on the hands of two Western men holding Q for a second, and she quickly gave up the plan.

They all have thick cocoons at the mouth of the tiger. They are obviously the people who hold Q all the year round. Even if her skills are good, she is not sure to kill two people at the same time, not to mention there is a man next to her staring at her.

"How about it, Miss Shen, have you considered it? My patience is limited." The man urged.

"How do I know that you will let them go after I drink? The initiative is not on me, right?" Shen Qinglan said quietly.

The man laughed, "Miss Shen, you have no choice but to trust us, of course, you can also not believe it, and you will soon know the consequences."

The man said, and dazzled the other two. One of the men would tear the tape from Xiao Xuan's mouth.

Yu Xiaoxuan was free on his mouth, and immediately shouted at Shen Qinglan, "Qinglan, go away, don't care about us. Their goal is you, as long as you leave, we will be fine."

Shen Qinglan couldn't leave. She didn't forget Wu Qian, who was not looking away. If she left, Yu Xiaoxuan and Yan Xi would be really dead. There is nothing that BK people dare not do.

The man walked over and slapped it on Xiao Xuan's face, grabbed her hair, and poured the water in the glass into her mouth. Yu Xiaoxuan was choked and coughed.

Shen Qinglan's face became ugly, "You stop."

The man put the cup on the table and spread his hands. "Miss Shen, I didn't lie to you. There is nothing but some sleeping pills in the water. Your friend has tested it for you. Can you rest assured now?"

Yu Xiaoxuan coughed and flushed. With the swollen palm print on her face and the makeup she had already spent, the whole person was very embarrassed.

Shen Qinglan's eyes were very cold, looking at the man's eyes with murderous intent, if it wasn't because Yan Xi and Yu Xiaoxuan were in the hands of the man, I'm afraid the three had already turned into three cold bodies at this moment.

The man took out a bottle of sleeping pills from his pocket again, "Miss Shen, can you eat now?"

Shen Qinglan didn't pick up. The man saw Shen Qinglan's lack of movement and became impatient. "Since Miss Shen refuses to cooperate, then I can only prepare some good things for your friends."

Saying that, the man picked up a needle tube from one side. The needle tube was a transparent liquid. Looking at the expression on his face, Shen Qinglan also knew that what was in the needle tube was definitely not a good thing.

"Which one to give first?" The man's eyes lingered between Xiao Xuan and Yan Xi. It seemed that he had some bad choices. Yu Xiaoxuan's eyes were dizzy and his vision began to blur. The man said it was a sleeping pill, but in fact But I do not know what it is, the effect is very strong, and the attack is fast.

Yan Xi widened her eyes in horror, but didn't cry.

"I eat." Shen Qinglan finally spoke.

The man smiled and put down the needle. "Miss Shen wouldn't be finished saying that, but for the sake of safety, she was asked to take down her body first."

Shen Qinglan's eyes flickered, "I don't understand what you mean."

"No, you understand."

Shen Qinglan stared at the man for a moment, reaching for his waist, taking out his waist and throwing it on the ground.

Yu Xiaoxuan's already confused eyes suddenly woke up when he saw something taken from Shen Qinglan's body, "Qinglan." Her voice was weak.

Shen Qinglan did not look at her, but stared at the man, took out a saber from his body, and threw it on the ground. "Can I do it now?" This is indeed all the weapons on her.

"Miss Shen, take off the watch in your hand." The man said.

Shen Qinglan expressionless, took the watch off his hand and threw it on the ground.

The man seemed satisfied, and threw the medicine bottle to Shen Qinglan. "This medicine is very medicinal. It is recommended that Miss Shen take one tablet."

Shen Qinglan didn't look at the medicine bottle, just poured one from the inside and threw it into his mouth.

While waiting for the medicine to break out, Shen Qinglan tossed the medicine bottle aside, "Now let them go."

The man smiled, "This is natural, and we also speak and talk." He gave two Western men a wink. The two tied up Yan Xi and Yu Xiaoxuan, and Yan Xi struggled to pass out. Yu Xiaoxuan lifted up, "Sister Xiaoxuan."

Although the two were loosened, Q mouth was always aimed at their heads, and Shen Qinglan did not act lightly.

Yu Xiaoxuan didn't wake up, relying on Yan Xi alone couldn't help, that is to say, the two could not go now.

Shen Qinglan sighed in disappointment and glanced at the watch on the ground, hoping that Eden would soon arrive.

The man threw a handcuff to Shen Qinglan, "Miss Shen, please put it on."

Shen Qinglan did not hesitate, handcuffed, "We can go."

The man nodded and was about to greet the other two to leave, but the phone rang, and he picked it up. Shen Qinglan noticed that his eyes were paused on Yan Xi's body, and his intuition was bad.

"Got it." The man said, and hung up the phone.

"Bring her on." The man pointed to Yan Xi.

Shen Qinglan's face changed, "Do you want to repent?"

The man shrugged. "Miss Shen, it's not that I didn't want to obey the agreement, but someone specified that she should be taken away. This has nothing to do with me. I am an executor."

Shen Qinglan's body began to become weak. She knew that the drug effect was on, and the scene in front of her began to appear double ghost. She shook her head and tried to stay awake.

"Let me go, you let me go, big sister, save me." Yan Xi struggled violently, but how could her strength be able to withstand two strong men.

Shen Qinglan wanted to help her in the past, but as soon as his eyes were black, his body fell to the ground.

"Except that, take it all away." The man said, Yan Xi wanted to shout, but was knocked out by a palm.

The three took Yan Xi and Shen Qinglan out of the wooden house, distinguished the direction, and walked towards the inside of the forest. Two Western men walked in the front, and Oriental men walked in the back, carefully covering their traces.

Not two minutes after they left, the figures of Eden and Sisley appeared in the wooden house, but there was nothing but the unconscious Yu Xiaoxuan and Shen Qinglan throwing on the ground. They His face changed and he chased out, but he could not find any trace of their departure.

The men walked in the mountains for about ten minutes, and they came to an open flat ground where a helicopter was parked.

Eden and Sisley had not found the trace of their departure, they heard the sound of a propeller, and then a helicopter appeared in their sight.

"SHIT." Eden scolded, and hit his hand hard on the trunk next to it.

"Quick, contact Enxi."

Eden reacted and called Jin Enxi, "Enxi, we lost it."

Jin Enxi immediately understood that with a few taps on the keyboard, a red flashing dot appeared on the page immediately, "They went in the direction of the full triangle."

"Wait." Jin Enxi's tone changed, "The signal on An's body disappeared."

Eden and Sisley's faces became ugly in an instant, and Shen Qinglan was equipped with a positioning device. No matter where she was, they could find her, so they just watched her taken away, and they did not panic. Now the signal It disappeared, which means that they really lost contact with Shen Qinglan.

Although they know that their destination is the whole triangle, the range of the whole triangle is so large, it is too difficult to find Shen Qinglan in a short time.

On the helicopter, the man took off the earrings on Shen Qinglan's body and smiled. "I didn't expect there was even a fish in the net." A glance at the exquisite workmanship earrings, the man's hand raised, the earrings fell from the helicopter Go down.

**

Fu Hengyi realized that something was wrong the next day.

Yu Xiaoxuan was gone, and Yan Xi was gone. It was too coincidental. He contacted Shen Qinglan but could not be reached. In anxiety, the phone suddenly received a message. It was a video. He glanced and found out it was Shen Qinglan, who was tied and thrown on the ground, unknowingly.

Along with the video, there is a text: "Fu Hengyi, this is a gift I gave you, your wife is really beautiful, I will help you take good care of her." The payment is KING.

Fu Hengyi's blood all cooled in an instant, his hands were shaking slightly, his eyes were scary, he squeezed his mobile phone tightly, and turned to the military office.

The leaders of the military region realized the seriousness of the matter and approved Fu Hengyi's vacation, but Fu Hengyi was a soldier in service and an officer. It was not so easy to go abroad.

Fu Hengyi called his direct leader, "Hengyi, I understand your mood, but you are a soldier, you have your duty, your wife and I will arrange for someone to rescue, but you must stick to your post on."

Fu Hengyi was cold and very cold, "I am a soldier, I can give my life without hesitation for the motherland, but I am also a husband, my wife is now in danger, if I even own my wife I can't save it, I can't protect it, so what else can I talk about defending our country?"

The leader was silent, and said after a moment, "You can't determine the specific location of your wife now. You must wait for this matter. I will contact the police immediately and let them cooperate with you."

Fu Hengyi did not say yes or no, he hung up the phone, and he drove directly away from the military area.

"Han Yi, Andrea, are they still filming in Beijing?" Fu Hengyi called Han Yi and opened the door.

Han Yi was still looking for traces of Yu Xiaoxuan on the street. For a while, nothing was said about what Fu Hengyi said. Fu Hengyi asked again, "Han Yi, where is Andre now?"

Han Yi finally reacted and said subconsciously, "The teahouse of the little sister-in-law of Seongnam, where they recently filmed."

Fu Hengyi hung up the phone and went directly to the teahouse, but in the end he was completely empty. Andre was not there at all. Fu Hengyi thought about it and went to Shang Yayuan, but no one was still there.

When Fu Hengyi couldn't help it, a flash of light flashed in his head, a group of numbers appeared, and he took out his phone and dialed it out.

Jin Enxi was negotiating with Andre, and he received a call from Fu Hengyi, "I am Shen Qinglan's husband Fu Hengyi. I already knew that Qinglan was taken by BK. Where are you now?"

Jin Enxi hesitated and looked at Andre. Andre nodded and Jin Enxi reported the address.

It was no surprise that Fu Hengyi saw Jin Enxi and Andre together. The first time he saw Andre, he felt that his back was familiar, but he couldn't remember it for a while, and then he remembered the back of the man. The back of the man with Shen Qinglan he had seen in the rain forest was very similar.

Later, Andre appeared at Shen Qinglan's birthday party, and Fu Hengyi basically affirmed that Shen Qinglan and Andre knew each other before.

"I know you have a set of contact information between you, and I hope you can tell me where Qinglan is now." Fu Hengyi was straightforward and said nothing nonsense.

Jin Enxi was silent, Andrea said, "Now we have lost her track, only know that she was taken to the full triangle by the people of BK, but the range of the full triangle is too large, and we don't know the specific direction. The positioning device was found."

Fu Hengyi originally thought that they could know the specific location of Shen Qinglan, but now he told him that he didn't know, and it was false to say he was not disappointed.

His eyes were annoyed. If he knew it would have happened, he was not so high-profile to announce the engagement. At that time, he did not expect that BK's people would be so bold that they dared to go to the capital to catch people.

When Jin Enxi saw the watch on Fu Hengyi's hand, he suddenly opened his eyes and said, "We can't determine the location of Qinglan, but you can find her."

Fu Hengyi looked at her, "What do you mean?"

Jin Enxi pointed at the watch on his hand, "This watch has a tracking and positioning device, but the range is very small, and it can only sense each other within a certain distance. Yours is installed in the watch. Qinglan also has one on his body. It was also installed on the watch, but this goal was too large, so I later modified it and installed it on her necklace."

In this way, Fu Hengyi suddenly remembered that some day ago, he found that Shen Qinglan had begun to wear a necklace. At that time, she was also asked about it, and she said it was a whim.

He suddenly thanked her for her whim.

"How do I need to cooperate now?" Fu Hengyi asked.

"The child device on your body cannot be turned on actively, and now you can only expect Qinglan. And this tracker has a fatal weakness, it must be within two kilometers away to sense, and within 500 to know the specific location. So, I want to know Her position, we still need to shorten the search scope step by step."

"Then let's go now." Fu Hengyi was decisive, he couldn't wait for a second.

"Wait, can you leave the territory of country Z?" Andrea asked him.

"I will solve this matter. Tomorrow at 4 pm, Qinghe Town, Country Z. I will be waiting for you there." Fu Hengyi said, stopping when he walked to the door, "The two girls who were taken away with Qinglan Are you with her now?"

"No, the one named Yu Xiaoxuan has been found, but was fed an excessive amount of sleeping pills, and is now being sent to the hospital for gastric lavage. She is in Silla City. There is another one called Yan Xi, which we did not find, should It was taken away together." Andre said.

Fu Hengyi nodded and came out of the villa. He called Han Yi before going straight to the airport, bought the fastest flight, and then diverted to the car and finally returned to the base.

"I'm going to the whole triangle." Fu Hengyi said directly to the base leaders.

When the base leaders saw Fu Hengyi came back, they knew what it was for, "No."

"I must go."

"Fu Hengyi, do you still know that you are a soldier?" The leader's face was angry. "I have analyzed the pros and cons of this matter with you. I have also contacted the police. They are trying their best to track the position of your wife. You All you have to do now is wait with peace of mind."

Fu Hengyi's face was very heavy, "If today's arrest was your wife, can you still say that?"

The leader's face was stiff, he didn't speak anymore, he could not push himself.

"Shen Qinglan is my wife. She became the target of BK even more because of me. If I don't go to save her, then how can I continue to wear this military uniform?"

The leader slowed his face and said slowly, "Heng Yi, I understand your mood. If this group of people is still in China, I will definitely not hesitate to agree to you, but now that they are out of the country, this is not just It's a personal problem, and it is likely to affect the diplomatic relations between countries."

What he didn't say is that before Fu Hengyi came, he had called the superior leaders and reported the situation. The superior leaders immediately contacted the Ministry of Foreign Affairs to let the Ministry of Foreign Affairs communicate with them, but there is no news yet.

"I ask to rescue my wife in my own name. My behavior has nothing to do with my country." Fu Hengyi said in a deep voice.

The leader looked at him in shock, "Fu Hengyi, do you know what you are talking about?"

"I know that I will be responsible for this action. If it is accidentally discovered, I will not leave any evidence."

The leader sank his face and looked at Fu Hengyi without a word.

"You let me consider this matter."

"I don't have that much time."

"Fu Hengyi." The leader clapped the table.

Fu Hengyi did not give up.

For a long time, the leader sighed, "I know, I will tell you the result in half an hour."

Fu Hengyi heard the words and turned out of the office.

The leader picked up the phone again and dialed a string of numbers.

**

When Shen Qinglan woke up, she didn't see Yan Xi, only she was kept in a room with her hands and feet tied. She tried to move her wrists and found that they were tied tightly.

There seemed to be someone whispering outside the room. She listened for a while, and she was already sure that her current location should be in the full triangle, because these people speak the local language. Although she does not speak the local language, it generally means But can understand.

She is very worried now, not about her situation, but about the safety of Yan Xi and Yu Xiaoxuan. Before the coma passed, she remembered that those people wanted to take Yan Xi away, so Yu Xiaoxuan, is she still well? Since those people dare to kill in Beijing, Yu Xiaoxuan's situation is even more dangerous than Yan Xi.

And who made the phone call before leaving, the man said that someone specified to take away Yan Xi, who is this person, and what is the purpose?Yan Xi is a member of the Yan family. Is it because of the Yan family?

Shen Qinglan couldn't figure it out. The effect of the drug made her head still dizzy. She tilted her head

and pressed down. Only then did she find that the ear studs were gone, and there was a flash of light on her eyes.

Shen Qinglan knew that the studs were gone, and she understood that the other positioning devices on her body were definitely gone. She didn't look at the necklace around her neck because she couldn't determine whether the monitoring device was installed in the room.

And Shen Qinglan's judgment is correct. At this moment in the room next to her, someone was indeed observing her. When she woke up, she touched her ear as soon as she woke up, and she couldn't help laughing. Earrings, I see how they found her."

The man speaking was an oriental-faced man, and one of them was Shen Qinglan who brought them back.

Standing next to this man was another man with scars on his forehead. Hearing the man's words, he said, "Even if you come here, Fu Hengyi has broken so many of our brothers. His wife is now in our hands. , As long as he dares to come, I will let him come and go."

"Isn't KING saying that he should torture this woman well? And he still has to shoot a video to Fu Hengyi, then should we be able to do it now?"

Scar Man nodded, "KING said, please greet this woman, but you can't kill him."

"OK." The man promised, looking at the screen in front of him, smiling cruelly.

The door of the room was opened, and Shen Qinglan looked at the coming person, the Oriental man, "Miss Shen, you woke up."

Shen Qinglan glanced at him lightly, sitting on the floor and not talking. She just tried to stand up, but found that she had no strength at all, and she knew she must have been injected or fed something when she was in a coma.

She didn't feel the same in other aspects, so she was temporarily unable to determine whether the drugs they gave her had other effects besides making people feel weak.

"Miss Shen, we actually invite you here for nothing else. Your husband Fu Hengyi once killed many of our brothers. This hatred must be reported. You are his wife. We can't find him. Naturally only I can find you." The man with a smile on his face sat down opposite Shen Qinglan and explained patiently.

"Who do you cooperate with?" Shen Qinglan asked.

"What?" The man didn't understand what she meant.

"Who is the person who finally called you to take Yan Xi away, and what is the purpose?"

The man smiled, "Miss Shen, you are insecure now, and you still have time to care about the life and death of others. I should say that you are so bold, or should you say that you are worried about eating salty carrots?"

"Since you know that I am insecure, and if I am not wrong, KING doesn't plan to let me leave here alive. Sooner or later, it will be dead. Then you tell me what's the matter."

The man nodded in a serious way, "Miss Shen said something very reasonable, but it's a pity, I don't know who that person is, I'm the one to do things, just follow the commands above."

The man was telling the truth, and the last call was made by King himself, but he was sure that this was not what King meant.

"What about my other friend, how have you treated her?"

"Naturally let go, I am the person who keeps the promise. When I say it, let go is sure to let go. I just don't know if I can find her."

After talking, the man stood up and looked down at Shen Qinglan, "Miss Shen, the gossip is over, now let's start dinner."

Shen Qinglan heard that her face remained the same, but she was relieved in her heart. As long as they did not start with Xiao Xuan, Eden and Sisley would find her.

The Oriental man clapped his hands, and the two men came in, pulling Shen Qinglan up and taking it out. Shen Qinglan found out that it was like a torture room, but it was very similar to the room in the villa where Jin Enxi had just separated.

There is a cross in the center of the room. They tied Shen Qinglan to it. From beginning to end, Shen Qinglan's face was calm, without any fluctuation.

Oriental men don't care, the good show hasn't started yet. He took a whip from the wall and raised his hand. The whip fell on Shen Qinglan.

Shen Qinglan snorted, not speaking with his eyes closed.

Seeing Shen Qinglan's reaction, the Oriental man came to have a whip and fell on her body again and again. Shen Qinglan could clearly feel the pain from the contact between the whip and the flesh, and her forehead was gradually sweating. His clothes have been soaked in blood.

The man was tired, stopped, looked at Shen Qinglan who had not spoken from the beginning, and lamented, wherever this woman is an ordinary lady, saying that she was a trained agent, he believed it, this endurance Better than some men.

At this time, a tall woman walked in. The woman had a very good figure and had uneven bumps, but she had a long scar on her face.

She saw Shen Qinglan's face, jealousy flashed in her eyes, and hatred. This hatred was not directed at her, but at Fu Hengyi. In that action, her lover died in country Z.

She approached Shen Qinglan and raised her head, "It's really a beauty." Then she looked at the man. "Wouldn't it be because she looked beautiful, so she was merciful? KING said, please say hello she was."

The man shrugged. "You can do it."

The woman's mouth was lightly hooked, and she punched Shen Qinglan's abdomen. Shen Qinglan's brows were intertwined, but she didn't even hum. The woman saw and frowned, and she seemed a little dissatisfied. Shen Qinglan's body.

When the woman stopped, Shen Qinglan's forehead was full of sweat, but her expression was still cold. She had already tasted these methods when she was at the devil's base. She even experienced more horrible methods. Care about these.

"I didn't expect this woman to be a tough bone, but it should be enough to send Fu Hengyi what she is now."

The woman took out her mobile phone and took a few photos at Shen Qinglan.

In the photo, Shen Qinglan was covered with blood and looked very embarrassed.

"I just don't know if Fu Hengyi would be crazy to see such a picture?" The woman said to herself, she spoke English, and she believed that Shen Qinglan definitely knew what she was talking about.

It's just that no matter what she said, Shen Qinglan said nothing. She didn't even look at them. It felt like they were facing a puppet with no emotion and no consciousness.

The woman said for a long time that Shen Qinglan didn't react at all, and her eyes flashed angrily, "It's hard-tempered, you can persevere, okay, I see when you can persevere."

With that said, the woman greeted two men and led Shen Qinglan into a small black room. Then the door closed and the room fell into darkness.

Because they had just been tortured, they expected that Shen Qinglan could not escape. This time, she did not bind her hands and feet. Shen Qinglan sat up. She looked up and looked at the only vent in the room, about two meters from the ground. Small, that is the size of a child's head.

The door is made of thick iron plate, unless it is opened from the outside, it cannot be opened inside.

The room is dark. There is no light source except for the dim light coming out of the vent, and this dim light is not like natural light, but more like light.

Shen Qinglan suddenly understood that this should be a basement, they shut her here, apparently to mentally torture her.

The corners of her mouth were light, and the arc of sarcasm. These are the means of these people.

Shen Qinglan moved her hands and feet, not knowing whether she was lucky or unlucky. Because of the torture, she sweated a lot, but instead relieved her medicinal properties.

She had some skin trauma on her body, probably did not want to kill her, they did not weigh too much, although the wound on her body looked scary, but did not hurt her bones.

Shen Qinglan groped slowly and found that there was still a bed in the room. She lay on it, and then she reached out to touch the necklace on her neck. The drop end of the necklace was a heart-shaped pendant, inlaid with a few broken diamonds. Shen Qinglan's hand lightly pressed on the diamond in the middle before closing her eyes. Shen Shen went to sleep. She is now very tired and needs to rest.

When Shen Qinglan opened her eyes, it was still dark. She didn't know whether it was day or night, but according to her estimate, she slept for about six hours. When those people sent her into this little black room It's sunny outside, and it's mostly early morning now.

Just waking up, she didn't have any sleepiness, her eyes were open, but she was thinking about how to escape from this place.

The distance that the positioning device on her body can sense is too short, and she is not sure whether it is useful. If you stay here for an extra day, the risk factor will be increased by one point, and Yan Xi, I don't know what happened now. In the dialogue, Shen Qinglan can be sure that Yu Xiaoxuan is not a big deal, and Eden and Sisley will follow behind, absolutely nothing will happen.

The wound on the body did not undergo any treatment, and it was painful. Shen Qinglan frowned and changed his posture.

Every day someone will deliver food to her, come in from a small window, only a bread and a bottle of water, nothing else, Shen Qinglan paid attention, their meal delivery time is not fixed, that is to say impossible Judging from the time and frequency of their meal delivery, she was judged how many days she was imprisoned here.

She was the only one in the little black room. The quiet person could only hear her breathing and heartbeat. For the first two days, Shen Qinglan was sleeping most of the time. Only when she fell asleep can she ignore the pain.

On the third day, Shen Qinglan reduced her sleep time. She probably couldn't fall asleep until she had enough sleep. She didn't know how long she was kept here. She silently estimated that Eden and they should have come to the whole triangle. , But now I don't know if I can find her there.

Can't sleep, Shen Qinglan's mind gradually emerged from the past, thinking of the little boy she met when she was abducted by a trafficker, she clearly remembered that the boy had a small scar on his wrist, according to him because of fun Those who were scalded by boiling water left this scar because they were not treated in time.

And Zhao Wei had such a scar on his body. Although the trace was even lighter, it was indeed a scald, but she was still not sure whether Zhao Wei was the boy of the year. Fan, also delayed because of this matter.

Shen Qinglan still remembers the little boy who was the first to warm her in those difficult years.

Perhaps the environment is too quiet, so the memories of the past are becoming clearer, and the scenes of the past have come to mind, and Shen Qinglan's eyes gradually become confused.

From the age of five to the Devil's base for the first time, the dagger was inserted into someone's body for the first time at the age of seven. He returned to Shen's home at the age of 21, saw Fu Hengyi at the age of 21, and married him. At the age of 22, he was proposed by Fu Hengyi.

Life's experience is as if the movie clips are playing frame by frame in the brain, over and over again. Many things that I didn't want to think about now are remembered again, and there seems to be no such pain in my heart at that time.

Digression

Recently, I am preparing for a manuscript to be updated next month, and I feel that my body has been hollowed out. Yesterday I went to read the message from the bookstore babies. Although I didn't reply, A Li was very moved. Thank you!

242 Chapter 242: Search (One More)

Outside the little black house, a woman with scars on her face looked at the picture on the screen and looked annoyed. "This woman is a monster. She has been in it for six days and she hasn't had any strangeness."

There is some appreciation in the eyes of the Oriental man. Not to mention, Shen Qinglan's willpower is definitely the top among the women he has seen. When the person next to him was locked in the small black room, he suffered until the fifth day. No, now looking at Shen Qinglan's state, that is, after a few days off, her mental state will still be no problem.

What these people did not know was that when Shen Qinglan was 13 years old, he was punished by Allen for doing wrong things and was locked in a small black room until he was released after half a month. , Not because of Shen Qinglan's mental breakdown.

Shen Qinglan thought about everything she could think of, and her mind gradually became blank. She closed her eyes again, and she was a little sleepy.

"What should I do now, keep her closed? I see that this method is not useful to her at all." The woman walked around irritably.

"Oh, worthy of Fu Hengyi's woman, yes, yes." KING didn't know when he came in, looked at the screen, and admired.

Seeing KING, the Oriental man shouted respectfully "Boss."

The woman took a restless look on her face and stood quietly without talking.

"Continue shutting her, I want to know how long she can last, can you give me a surprise." KING said, and went out.

"Yes." The Oriental man responded.

Before going out, KING glanced at the men and women who stood in the corner to reduce their presence, "Anna, you come with me."

Anna's face changed slightly, "Yes." He walked behind KING.

Z Hengyi Special Forces Base, Fu Hengyi is still waiting at the entrance of the leadership office, waiting for the people inside to make a decision.

"Fu Hengyi, you come in." The leader said.

Fu Hengyi walked into the office, the leader's face was not good-looking, he fixedly looked at Fu Hengyi, "Fu Hengyi, if you are going to save people, then this action is a personal behavior, you can not bring anything that can prove your identity We will not provide you with anything, even weapons. You have to prepare everything yourself. In case you are caught, you cannot tell any secrets about our country. You have no back-up, so, do you accept?"

Fu Hengyi paid a military salute, "Thank you for your leadership."

The leader patted his shoulder and sighed, "Heng Yi, pay attention to safety and come back alive."

"Yes."

As soon as Fu Hengyi walked out of the leadership office, he saw several people in Mulian City.

"Why are you here?" Fu Hengyi sullen his face.

Mu Liancheng said, "Captain, we already know about the sister-in-law. We will work with you to save people."

"This matter doesn't need you, you are called leaving the job without permission, and now you can quickly roll back to the Beijing Military Region."

Mu Liancheng didn't leave. "Captain, sister-in-law because we became the target of BK. It is too dangerous for you to go alone. Let Meng Liang go back and I will go with you."

"No, I'm going too." Meng Liang said.

Fu Hengyi's eyes crossed their young faces and softened their eyes, "I know your good intentions, but this action is my personal behavior, you don't need to participate."

"Captain, we know what this action means. We are soldiers, but we are also your brothers. We can't watch you take risks alone, and one more person will have more hope." Mulian Cheng said very seriously.

"Yeah, captain, take us with you. You won't take us now. In the end, we will go by ourselves." It will not be so simple to leave the post.

Fu Hengyi looked at the brother in front of him, and finally nodded in their earnest gaze.

Zhang Wei was left in the Beijing Military Region by Mu Liancheng, and only Fu Liancheng, Meng Liang and Qian Fei followed Fu Hengyi.

Before going out of the base, several people put all their identity-related things in the base and stood at the gate of the base. Several people took a deep look at this base. This time, maybe they will come back again. not coming.

After receiving a call from Fu Hengyi, Han Yi rushed directly to Silla City, and found Yu Xiaoxuan, who had just washed his stomach and was sent to the ward, at the hospital that Fu Hengyi said.

Yu Xiaoxuan is now in a coma. It is Sisley who is guarding Yu Xiaoxuan. When Han Yi comes, she leaves and she has more important things to do.

Han Yi saw Yu Xiaoxuan with his own eyes. That dangling heart completely fell to the ground. He held Yu Xiaoxuan's hand and buried his face in her palm.

Yu Xiaoxuan, fortunately you are still alive.

Han Yi didn't know what emotion he felt when he saw Wu Qian's body. At that moment, he seemed to see Yu Xiaoxuan lying in the pool of blood.

He couldn't believe what he should do if it was really Yu Xiaoxuan.

"Xiao Xuan, you must not know how scared I am to lose you." Han Yi spoke softly and looked at Yu Xiaoxuan without blinking.

It was an hour after Yu Xiaoxuan woke up, she opened her eyes to see Han Yi, and immediately took Han Yi's hand, "Go to save Qinglan, she was taken away, and Yan Xi, they were taken gone."

When Shen Qinglan and Yan Xi were taken away, Yu Xiaoxuan still had a trace of consciousness.

Han Yi's face changed slightly, "Who was taken away?"

"Three men, one Eastern face, and two Western faces. They don't speak English. I don't know where they took Qinglan and Yan Xi, but they don't want money." Yu Xiao just washed his stomach. Yu Xiao Xuan's body was very weak, and he was weak in speech.

"You don't have to worry, take a good rest, I immediately contact Hengyi, he must have a way to save them." Han Yi comforted her, dialing Fu Hengyi's number under the urge of Xiao Xuan. But it showed that he was not in the service area, Han Yi had to call Shen Junyu.

Shen Junyu was having lunch with Wen Xiyao. When he heard this, his face changed greatly. "What did you say, Lan Lan was taken away?"

Wen Xiyao heard the words, put down the knife and fork, and looked at Shen Junyu. Shen Junyu continued to listen to Han Yi at the end of the phone, his face was already cold, and the phone was hung up.

"Xiyao, something happened to Lanlan. I can't eat with you anymore. Let's go to another day."

Wen Xiyao stood up, "Wait for me, I will go with you."

Shen Junyu nodded and the two hurried out of the restaurant. Shen Junyu took Wen Xiyao to Shen's house and called Shen Qian on the way. Shen Qian already knew that he was contacting the superior to discuss rescue measures. This was his Daughter, the only daughter, he could not ignore.

Chu Yunrong and Mr. Shen at home didn't know yet, even Mr. Fu was kept in the dark. The old man is old and cannot be stimulated.

"Jun Yu, you should go home and appease the two old men first. You can't let them know that Heng Yi has set out to save people. You must hide her family." Shen Qian told him.

Shen Junyu's face was terribly cold. Wen Xiyao was afraid that he might have an accident and wouldn't let him drive. He went home, and Mr. Shen was taking a nap. It seems that he didn't know about it yet. "Xiyao, why are you here?"

Wen Xiyao said with a smile, "Auntie, I want to have tea with you in the afternoon when the company is fine. I just came across Jun Yu and came over together."

"It's good to drink tea. What kind of tea do you want to drink? Auntie will make it for you. Qinglan just took two cans of good tea back two days ago. You try it."

"Okay." Wen Xiyao stepped forward to embrace Chu Yunrong's arm, and then gave Shen Junyu a glance.

Shen Junyu said, "Mom, my company still has something to do, so I will go first. I may not come back to dinner at night, let Xi Yao eat with you."

Chu Yunrong gave Shen Junyu a blank look, "Xiyao is a rare visit, you don't even have the time to accompany us for dinner, are you really so busy?"

"Auntie, Jun Yu really has something to do today. It's not good to have me with you." Wen Xiyao quickly stopped Chu Yunrong's words.

"Okay, what's wrong? You are willing to come with me. I'm too happy to be too late. Tonight I will ask Songsao to make the Sixi Maruko you like to eat." Chu Yunrong patted Wen Xiyao's hand, Very happy.

Shen Junyu saw that Chu Yunrong had been taken away and went straight away. He was going to find Fu Hengyi, but Fu Hengyi's phone still didn't get through. I remembered that Han Qing said that Shen Qinglan was taken away from Silla City and hurried to the airport. Went to buy a recent flight ticket to Silla City.

When Fu Hengyi came out of the base, they merged with Andre. They did not know where Andre got a helicopter, and several people got on the helicopter.

"Captain, who are they?" Mu Liancheng looked at Andrey and Jin Enxi with eyes in his eyes.

"We are Qinglan's friends, and we went to rescue Qinglan together with you. We are more familiar with the whole triangle than you. With us in, it will be much more convenient to find someone." Jin Enxi explained.

Despite many doubts in his mind, Mu Liancheng said nothing. Since Fu Hengyi chose to believe them, he naturally believed them.

Suddenly, Fu Hengyi's mobile phone rang a text message prompt tone. He picked it up and looked, his face instantly changed, and his whole body exuded a cold killing intention. Several people on the helicopter looked at him.

"Hurry up." Fu Hengyi shouted at the driver in the cockpit.

Jin Enxi grabbed Fu Hengyi's cell phone and glanced at it. A heart sank to the bottom. On the phone

screen was a picture of Shen Qinglan, covered in blood.

Jin Enxi clenched her hands into fists. She stared at Shen Qinglan on the screen of her mobile phone, her body trembling slightly, it was angry.

Andre patted her shoulder and motioned her to calm down.

They have already seen this photo in Mulian City, and everyone's face was very cold.

The helicopter stopped in Silla City, Eden and Sisley appeared in front of everyone. Mu Liancheng didn't know Sisli, but Meng Liang knew it. When he saw the international supermodel appear here, he was surprised and shocked. Needless to say. Especially when Sisli took out all kinds of weapons from the trunk of the car and handed them to them, not to mention Meng Liang, even Mulian Cheng looked strange at the sight of several people.

He knows that these people are Shen Qinglan's friends, but what kind of ghosts can these people not only take out the world's top weapons, but also use them skillfully?

Fu Hengyi took the Q that Eden handed him in his hand and checked it. It turned out to be a desert eagle. His brow was slightly raised. Sisley looked at him and whistled. "Handsome, I know I am beautiful, but You don't have to look at me like this, I have a man."

Originally it was just a joke, but none of the people present were in a joke, and Sisley looked at Jin Enxi suspiciously.

Jin Enxi took a look at the photo of Sisley, and Sisli's face sank instantly, "This bunch of miscellaneous pieces, the old lady wiped them out."

Eden stared deadily at the photo, his eyes dark.

Although it was said that this was only a personal act, when crossing the border, he still kept his eyes closed. When he didn't see the helicopter, Fu Hengyi left the country Z so smoothly.

Reaching the whole triangle, the helicopter landed on a platform. Fu Hengyi and they got off the helicopter, and they saw a black man waiting there, in doubt, but they saw Yi ascend and hugged them.

"These are my friends, and this is my friend Ryan. Ryan is the leader of KA."

KA is an armed force in the entire triangle, and its strength can rank in the top five in the intricate relationship of the entire triangle. Its main weapon smuggling is also closely related to the MD military.

In the entire triangle, there is no black and white in the full sense, the forces of all parties are intertwined, and the enemy and the friend are constantly changing. As the saying goes, there is no eternal friend and enemy, only eternal interests. This sentence is perfectly interpreted in the whole

triangle.

Eden's meeting with Ryan was also a coincidence from three years ago.

Three years ago was the most turbulent year inside KA. At that time, the old leader was destroyed by the hostile forces and died on the street, even the body was not collected. The new leader had not yet been born, and everyone was staring at that piece of fat, and the originally united KA split into several small groups instantly, and Ryan led one of them.

In order to ascend to the throne of the leader, all kinds of assassinations were endless and unpredictable. Ryan carefully guarded the people in the gang, but finally planted in the hands of the people beside him. Although he was not dead, he was also seriously injured and chased. .

At the time, Eden happened to be entrusted to save a person. On the way back, he met Ryan, who was dying. He rescued him easily, and he became destined.

After Ryan was injured, he met the MD military general who had an interest relationship with KA alone, reached an agreement with them, unified KA with their secret assistance, and developed it in three years.

Lane greeted everyone with a friendly smile on her face, Sisley they did not have any discomfort, they were the people in the road.

Sisley looked at Fu Hengyi playfully.

Fu Hengyi ignored Sisley's eyes on the good show, shook hands with Ryan, and greeted her, clearly anxious at the moment, but from Fu Hengyi's face, he couldn't see the slightest anxiety, only a few people who knew him in Muliancheng could I saw one or two from his occasionally frowning brows.

Following Ryan back to their place, Eden explained the purpose of this time.

"Eden, I will definitely help you with your affairs, but I have not received any news from King in the Triangle recently. In this way, you give me a little time to confirm."

"This matter troubles Ryan, but Ann is my very important partner, and I will rescue her anyway!"

Ryan expressed his understanding and immediately ordered him to continue.

Fu Hengyi stayed in KA temporarily.

"Captain, what do you say about Eden?" Meng Liang couldn't help asking when he returned to their room. He had suffocated for a day today. This question has been in his heart since he met Andrea. .

"Remember, our current identity is not a soldier." Fu Hengyi did not say who they were, just said so.

None of the people present were stupid, and naturally understood what he meant, and nodded to show that he understood.

"Take a good rest first tonight." Fu Hengyi said, lying down directly on the bed. He couldn't sleep even when he closed his eyes. His mind was full of Shen Qinglan.

Yancheng of Nancheng.

Yan Anbang rarely rested at home today, and was eating. When Zhao Jiaqing rushed in, Yan Anbang's face sank instantly. "What are you doing here? Didn't you tell you not to come here?"

Zhao Jiaqing ignored Yan Anbang's cold face, "What about Yan Xi?"

"Isn't Yan Xi with you?"

"Yan Xi is gone." Zhao Jiaqing said.

Yan Anbang's face changed, "How can Yan Xi disappear?"

Zhao Jiaqing knew that Yan Xi hadn't come back. Whenever Gu Yan could answer Yan Anbang's words, she would leave. Yan Anbang grabbed her, "Zhao Jiaqing, please tell me clearly. Where did Yan Xi go?"

"You let me go, I still have to find Yan Xi." Zhao Jiaqing struggled. She only found something wrong today. The day before yesterday, Yan Shengyu said that she was going to pick up Yan Xi, but then came back alone, and asked him, only said it was Yan Xi who went on a trip with his friends. He was going to go out for a few days. The place he went to was a mountainous area. The signal was not very good and the contact was inconvenient. He personally sent Yan Xi to the car.

Yan Shengyu has always done things safely, and Zhao Jiaqing trusts him very much. Since he said so, she has no doubts. When thinking of Yan Xi, she has been nagging and saying that she wants to go to country D, and she is ready to wait for Yan Xi to come back and bring it. Play Yan Xi abroad for a few days.

Yesterday, Zhao Jiaqing and Yan Shengyu were always absent-minded. When he asked him, he only said that he was a little tired at work. Until today, Zhao Jiaqing always felt that Yan Shengyu had something to hide from her.

At the time, Zhao Jiaqing was dark and almost passed out.

"Zhao Jiaqing, how do you take care of your daughter, then you can't stop a big living person." Yan Anbang was full of anger, Zhao Jiaqing is now anxious about her daughter, where she can quarrel with

him, she has already contacted Yan Xijing's classmates. After that, she said that she didn't see Yan Xi, so she came to Nancheng to try her luck.

"Zhao Jiaqing, you'd better bless Yan Xi okay, otherwise I will not finish with you." Yan Anbang threw a sentence.

"Yan Anbang and Yan Xi are also my daughters. I'm more worried about her safety than you." Zhao Jiaqing said, and left.

When Yan Anbang was about to go out, he met Qin Yan head-on. When Qin Yan saw his face with anger, he couldn't help but ask, "An Bang, what's wrong?"

When Yan Anbang saw her, he eased his expression, "Yan Xi is gone."

Qin Yan's complexion changed, "Did you play with your classmates?"

Yan Anbang shook his head. He didn't know the situation now. Zhao Jiaqing, who hadn't seen Yan Xi, didn't even say that.

Qin Yan comforted him, "You don't have to worry now, maybe you just went to play with your classmates. Children, it's normal to forget to contact adults with fun."

"Well, let me first understand the situation and see what is going on." Yan Anbang prefers that Yan Xi is in conflict with Zhao Jiaqing, and then runs away from home. Wasn't that the case last time?

"Perhaps it was in a hotel where Yan Xi was spoiled by her mother. She was very self-willed and ran away from home. Last time she ran to Beijing alone." Yan Anbang sighed and wanted to go out. Yes, but because of the arrival of Qin Yan, he returned home.

Qin Yan comforted him, "Yan Xi's age is still young, and her willfulness is normal. Just wait for her to grow up. Don't worry, please give Yan Xi a call first."

Yan Anbang's eyes lit up, just worried about it, but forgot about it.

He picked up the phone and called Yan Xi, but the phone showed shutdown and frowned, "Shut down."

It was at this time that a message came in the phone, he opened it, and turned out to be a picture of Yan Xi being tied up.

There are two photos in total, one is Yan Xi who was tied up and had terrified eyes, and the other was Yan Xi who was confined in a dark room.

Yan Anbang looked ugly and stared at the screen of his phone, "Who is it, who did it?"

Qin Yan frowned, "What happened to An Bang, what happened?"

Yan Anbang handed her the phone, Qin Yan took a look, and her face instantly turned pale. "How could this happen, Yan Xi she... who sent this?"

Yan Anbang also wanted to know who sent it. He took the mobile phone, dialed a series of numbers, and after hanging up the phone, Yan Anbang's expression did not relax at all.

"Yanyan, you go home first, I have something to deal with here."

Qin Yan nodded, "Okay, if Yan Xi has any news, remember to notify me, otherwise I will worry."

"Okay." Yan Anbang nodded and drove the car straight away. He checked it just now. The number he sent to was a network number, and he couldn't find the source of the information.

He did not know what these people wanted to do to kidnap Yan Xi, whether it was a reminder or a warning, or... it was revenge.

Because of Shen Qinglan's accident, Jin Enxi left the capital very hurriedly. They simply forgot that there was still a promise. The promise was left in the basement of the villa. She was wounded, without food or water. She tried to go out, but here The door was recognized by the iris and could not get out at all.

After many attempts, the promise finally had to give up, lying on the ground, completely gave up the hope of survival, she looked at this cold basement, smiling ironically, she once thought she would die in a certain task, but did not expect So suffocating.

As time went by, she could feel her life passing by. She gradually closed her eyes, her consciousness dimly, and she seemed to hear the sound of the door opening in her ears. The footsteps sounded. She opened her eyes and looked at the door. Direction, trying to see who is coming.

The light turned on, she closed her eyes subconsciously, and then opened it, she saw a familiar figure, carrying a light, a flash of light flashed in her eyes, and the corners of her mouth gently raised, "Good, Allen, I didn't expect to see you before he died." Although it was just a phantom, it was enough for her.

"It's not that easy to die." The man's hoarse voice came into the promised ear.

The smile on Promise's lips grew deeper. "I didn't expect even the hallucinations to be so real now."

Allen looked at the woman on the ground with a gloomy face, "Take her away."

Two men came out from behind Allen and pulled the promise off the ground. The promise finally found out that everything was not an illusion, and Allen really came to rescue her.

"Ai... Master, it's really you." Promise her eyes bright.

Allen looked at her like he looked at a dead man, and went out first.

Allen left the villa with a promise, and then got into the car waiting outside. The promise was thrown into a car in the back, and Peter was sitting in the back seat.

"Don't let her die." Allen said coldly, promised that her eyes lit up, and she never thought that Allen would even save her, so does it mean that Allen's heart is not to her No emotion?

Peter glanced at the promise sympathetically. If he was a promise, he would rather choose to die now.

Allen did not stay in the capital, went straight to the airport, where he parked his private plane, took the promise, and the group left the capital and returned to their manor abroad.

Peter gave Urgent treatment for the wound on Promise and injected her with nutrient solution. Promise's life was finally pulled back from Guimenguanli.

The plane landed and the destination arrived. A man took the promise off the plane. Allen looked at her and said coldly, "Throw her into the cage."

The man holding Promise's eyes flashed a little panic, and the blood scarred on Promise's face faded away instantly, "Master, what am I doing wrong?"

"I said that without my order, you can't act without permission. If you violate my order, you have to pay the due price?"

Xu Nuo knew immediately, and Allen already knew what she was doing. "Master, please give me another chance. I know I'm wrong. I accept any punishment. Please don't send me into the cage." Can't help begging for mercy.

The beast cage is an existence comparable to hell. The so-called beast cage is to feed tigers, lions, Tibetan mastiffs and other wild beasts into a cage with the same aphrodisiac.

This is the cruelest and the most terrible punishment in the Devil's base. He promised to see a person who made a mistake was thrown into the beast cage by Allen. It reminded her that she was cold from head to toe.

She would rather be shot to death than choose such a death method.

"Shut her in. If one is not enough, two." Allen said indifferently to the promised promise.

"Master, I beg you not." Promise struggled, but now she was wounded and hungry for so many days, it was already a lucky thing to be alive, where can she break free.

"Wait." A soft female voice sounded, and the woman got off the car. She had just arrived and saw Alan's scene of sending the promise into the cage.

"Allen, this time I promised to act without permission, but please see letting her go on my face once, I promise there will never be another time." The woman walked to Allen's side and said.

Allen looked coldly at the proud, soft-smiling woman in front of her, "Your face? Ha ha, how come I don't know when your face has become so big."

The woman's eyes changed. "Alan, don't forget how your father died. Even if you promised to act without permission, what is wrong with her enemy's daughter?"

Alan looked coldly at the woman in front of her, "I haven't forgotten how my father died, but don't forget, I promised to be my own. I want to punish her, and it's not your turn to point your finger here. "

"Promise that she is still my daughter." The woman emphasized.

"Let me remind you that since the first day you sent her to me, she will no longer be your daughter. It is my freedom to let her live or let her die. You have nothing Right to interfere. Don't think I don't know that you are the main messenger behind you, for the sake of the woman you used to be my father, this time, I will not care about you, but if there is another time, you can go down and accompany My father is now."

The woman was angry, "Allen, if you insist on doing this, then I will call KING now and let him kill Shen Qinglan immediately."

"Dare you!" Allen grabbed the Q around his waist, pointing at the woman.

The woman smiled softly, "Alan, you can try whether I dare."

Allen didn't dare to try. This woman is a lunatic, a lunatic who is even more crazy than her. Before, he could compete with KING and was qualified to negotiate with KING. But now, he has no bargaining chips. Instead, it is this woman. It is very complicated, and the contact with KING is frequent these years.

"I can sell you a face, but the death penalty is exempt, the living crime is inescapable." Alan dropped his hand and glanced coldly at the promise, and walked into the villa.

The woman watched Allen leave and turned to look at the promise. Her eyes were cold. "Waste, this thing can't be done well."

He promised to lip up and keep his head down.

The woman stared coldly at the promise, "This is the last time I saved you."

The promise was taken away. As for what kind of punishment she would receive, the woman didn't even ask about it. Today, Alan was angered. If you intervene again, I am afraid that according to Alan's heart, he promised to escape.

The woman took out her phone and called KING, "KING, it's me, is Shen Qinglan still alive?"

KING laughed at the corner of his mouth, "Mrs. Jin, don't worry, I will do what you promised. Shen Qinglan will not live tomorrow."

"No, I changed my mind. I don't want Shen Qinglan to die. I want to make her crazy, no matter what means you use to drive her crazy." She only promised Alan not to let Shen Qinglan die, but no Say no more.

King smiled, "Okay."

Before hanging up the phone, the woman urged, "Shen Qinglan, this woman is not simple, don't be careless, otherwise you will lose money and don't blame me for not reminding you."

Regarding the woman's reminder, KING obviously didn't take it seriously, hung up the phone, and looked at the screen. On the screen, Shen Qinglan was locked in a small black room.

"This woman is very interesting." KING touched his chin, excited.

**

"How, is there any news?" Eden looked at Ryan and asked anxiously.

Ryan looked at Eden apologetically, "Sorry, my friend, I didn't find KING's foothold, but they are indeed in the full triangle."

This is equivalent to saying nonsense, it is impossible for Eden not to be disappointed, "but thank you Ryan anyway."

"It should be I'm sorry and guessed right, but it didn't help you, but if you find someone, I can help you save them together."

"Okay, thank you." Returning from Lane, Eden explained the situation.

Fu Hengyi sullenly said, "Now we can only take the last resort. Find one by one. Qinglan should have turned on the positioning device now. We start from here and look from inch to inch from south to north." Fu Hengyi pointed. Somewhere on the map, said.

This is a stupid way, but it is really the best way for now.

As time passed, Fu Hengyi looked for a lot of places, and the watches on his hands did not have any movement, that is to say, Shen Qinglan was not within the scope of their search. On the fifth day, Ryan suddenly came.

"There is news." Ryan's face had a smile on his face, which obviously brought good news.

"My people have seen BK people in the north. They should be in the north now." Ryan pointed to a place. "This place belongs to UFT's sphere of influence."

UFT is another armed force in the whole triangle, but unlike KA, they are anti-ZF armed forces. They are opposed to MD officials all year round. UFT's forces are perennial war zones, which is very chaotic.

"I'll check it out tonight." Fu Hengyi said.

"No, let me go." Jin Enxi said, "I am a woman with a small goal, so close."

There was no objection, and they decided to explore the situation tonight.

**

At the door of the most noisy bar in the UFT range, a red sports car suddenly stopped, and a petite woman got off the car, wearing a pair of high heels, black stockings, short skirts, flaming red lips, and golden hair Long hair, slightly curled hair ends.

Obviously it is a baby face, but it is maturely and charmingly dressed. The strong contrast attracted everyone's attention at the moment of the woman's appearance. The man's eyes looked at the woman's chest and face and whistled towards the woman. This woman is naturally Jin Enxi who is responsible for inquiring about the news.

Ignoring the eyes of many men, Jin Enxi walked to the bar and knocked on the countertop, "Bring me a cup of flaming red lips."

243 Chapter 243

The bartender made an OK gesture, and soon placed a brightly colored glass in front of Jin Enxi. Jin Enxi picked up the glass and took a sip. He looked around inadvertently and looked around. The man turned his gaze again and watched the bartender bartending.

On the dance floor not far from the bar, men and women are unleashing the truest and craziest aspect of their hearts.

This is an intelligence base of UFT and a place where UFT's top executives often come and go. Jin Enxi's goal tonight is UFT's leader Bart. Bart will go to this bar every Friday to hunt for sex, and today is Friday.

"Hey, Miss, I invite you to drink." A white man came to sit next to Jin Enxi and put a glass of wine in front of her. Jin Enxi glanced at the man and shook his head with a smile, "No, I still invite you Bar." Then the bartender gave the man a glass of wine.

The man's face was distraught, carrying away the wine given by Jin Enxi.

After drinking a glass of wine, Jin Enxi stood up and walked to the dance floor. Just after a piece of music ended, the next song began. She walked to the stage. There was a steel pipe in the middle of the stage. Her hand was placed on the steel pipe. Looking at the audience under the stage, his eyes blurred.

Hot music, enchanting dances, a live whistle, and even a man imitating the roar of the wolf. Jin Enxi glanced upstairs as he danced and there were a few men in there. Watch her.

Jin Enxi just glanced at it quickly and brought his gaze back without attracting the attention of several people upstairs.

After a dance, she walked out of the dance floor and returned to the bar. She was just about to prepare the bartender to drink. A glass of bloody Mary was placed in front of her. She glanced at the man sitting beside her and raised her eyebrows.

The man smiled slightly and pushed the glass in front of Jin Enxi. "Are you interested in having a drink together?"

This man was just one of the few men she had seen upstairs, but it was not the goal tonight.

Jin Enxi took a drink and took a sip. "It tastes good, thanks."

The man smiled and looked around Jin Enxi's face. There was a flash of desire/expectation under his eyes. Jin Enxi didn't see it. His eyes continued to look aimlessly on the dance floor. The man put his hand on Jin Enxi's shoulder, Jin Enxi glanced sideways, "Hey, handsome guy, let's dance together."

"Okay." The man promised to be refreshed and slid into the dance floor with Jin Enxi. The dance was a hot dance. Jin Enxi and the man danced more and more hi. When they came out of the dance floor, the man looked at her and there was no defense in her eyes. Some of them are just anxious.

When the man wanted to take Jin Enxi out of the bar, a man in a black suit approached the man and said a word in the man's ear. Jin Enxi obviously felt the man's eyes change, and there was a flash of anger in his eyes.

After the man in the suit left, the man looked at Jin Enxi, "This beautiful lady, my elder brother would like to invite you to have a drink and enjoy a face."

"Who is your elder brother?"

The man's hand pointed upstairs, and Jin Enxi looked upstairs. I saw a man with a beard, about thirty-five years old, and a man with a hooked nose, holding a glass of wine and gestured towards Jin Enxi. Tonight's goal-UFT's current leader Bart.

Jin Enxi smiled back and looked back, then the man's ear said, "Your elder brother is not as handsome as you."

These words seemed to be the heart of a man. The man smiled and looked at Jin Enxi with regret, but unfortunately he could not spend a good night with this chick tonight.

"Miss is not only beautiful, but also has good vision,"

Jin Enxi smiled, noncommittal.

While going upstairs with the man, the man put a card into Jin Enxi's hands, "You can come here to find me tomorrow night."

Jin Enxi glanced at the hotel's room card, smiled, and put the card into his bag. The man saw it and was very satisfied.

"This beautiful lady, when I meet for the first time, my name is Werner." Butter smiled and greeted Jin Enxi.

"Sherrie." Jin Enxi spit out a name.

"Miss Shirley, it's really a pleasure to meet you on such a wonderful night."

Jin Enxi sat down next to Bart. Bart put a glass of red wine in front of Jin Enxi. Jin Enxi stood up and sniffed, "Well, 85 Rafi."

"Oh, I didn't expect Miss to be a master of wine tasting."

"I like to drink a little wine on weekdays, my life is short, and I have fun in time. Anyone who knows will go to God someday."

Jin Enxi was drinking and talking to Bart Kanshan. She was a chatting person. A few glasses of wine were on her stomach. The person was already at Bart's side and placed her hand on Bart's chest. Jin Enxi stepped closer and gently blown toward Bart's neck. , "Let's spend a beautiful night together tonight?"

The faint smell of women's perfume lingered on the tip of his nose, making Bart a little heart-warming. His hand pinched on Jin Enxi's waist. "My honor."

The two left together, and before Jin Enxi left, he did not forget to throw a wink at the man he met tonight.

"Oh, this girl, it's really exciting." The man sighed.

Walking out of the bar with Bart, Jin Enxi pointed to the red sports car not far away, "Take my car?"

Bart shook his head and a car stopped in front of them. Bart opened the back seat door. Jin Enxi raised his eyebrows and sat in. The car went away.

Not far away, watching Jin Enxi leave with others, Mulian Cheng looked at Andre, "Do we need to keep up?"

Andrey shook his head. "No, Enxi can do it. We just have to wait."

Since it was hunting, Bart could not take Jin Enxi back to the base, but took her to a nearby hotel. This hotel is also under the name of UFT. Bart did not worry about his own safety issues and took Jin Enxi directly to the top floor. Presidential suite.

"Goblin, see how I will clean you up tonight." Butt bowed his head and kissed Jin Enxi's lips, and Jin Enxi's hand was covering his mouth. "I haven't taken a shower yet." Glance.

Bart was not annoyed, took her hand with a smile, and kissed in the palm of her hand, "Wait for me, baby."

When Bart entered the bathroom, the flirtation on Jin Enxi's face disappeared instantly. She glanced at the suite and found that no monitoring equipment was installed. Her hand gently touched the exaggerated eardrops on her ears and walked to the wine cabinet. Take out a bottle of red wine in the cabinet, open it, pour it into two wine glasses, and then take out a packet of white powder from the bag, pour the powder into one of the glasses and shake it gently, the powder melts immediately In the wine.

She bowed her head and sniffed her mouth lightly. This is a hallucinogen given to her by Eden. After eating, it will give people a very strong illusion. The most important thing is that it is colorless and tasteless. find.

Bart came out after taking a shower, and Jin Enxi had put on his pajamas and was drinking on the sofa. "I just saw a few bottles of good wine on the wine cabinet. When I didn't hold back, I opened a bottle, don't you mind?"

"Of course I don't mind." Bart sat down next to Jin Enxi and didn't rush into the bedroom to see her happy. She picked up another glass and touched Jin Enxi.

"I want another glass?" Jin Enxi asked Bart with a wine bottle. Bart put the glass on the table and Jin Enxi poured the wine. "Today is the first time I went to the bar. I met you unexpectedly."

Jin Enxi started to chat with Bart, "You know, I went to the bar to find Mr Bart deliberately."

Bart heard the word and gave a hand, looking at Jin Enxi, "Oh? What are you doing with him?"

Jin Enxi has bright eyes and a face of worship. "Because Mr. Bart is a hero in my heart, he dares to fight

against this incompetent ZF to fight for our freedom. He is my male god."

"You know the last attack on the streets of Goryeo. That's what Mr. Bart did. He actually killed the incompetent ZF officer. It was so beautiful. Unfortunately, I was not at the scene, otherwise I would definitely applaud him."

Jin Enxi counted Bart's "rich achievements" one by one, and the expression of admiration in Bart's face made Bart's heart extremely satisfied.

"I listened to what others said. This bar was opened by Mr. Bart, so I wanted to try my luck. If I can take a picture with Mr. Bart, then I will be satisfied."

"Not only can you take a photo with Bart, you can also spend a beautiful night with Bart, my baby." Bart held Jin Enxi in her arms and kissed her on the face.

Jin Enxi stayed for a while and looked at Bart coldly. She painted smoky make-up tonight, charming and enchanting, but at the moment she looked at Bart with a big eyes, but it looked very cute.

Bart's heart tickled, "I'm Bart, baby."

"Ah, you are Bart, don't lie to me, you tell me your name is Genna."

Bart smiled, "Gner is my pseudonym, Bart is my real name, why not believe it?"

"No, no." Jin Enxi shook his head. "Just too surprised, I didn't expect to see you, oh my god, if my little sisters knew that I not only saw the Goddess Bart, they could even spend the night with him. , They will definitely be jealous of me."

Jin Enxi covered her face with both hands, sitting with an exaggerated expression, and looked at Bart with admiration from time to time. "Bat male god, you must not know how much I adore you." Jin Enxi said, reaching out and touching on Bart's chest. A handful, "My goddess, you are as strong as I thought, no, you are stronger than I thought."

Bart felt his body react instantly. He put down his glass and picked up Jin Enxi, and walked toward the bedroom. "Little Goblin, I will let you see my health tonight."

Bart put Jin Enxi on the bed, just about to lie down, Jin Enxi suddenly sat up, "Wait."

Bart frowned, a little impatient. He felt that his whole body's blood was burning, and the one thing he wanted to do most now was to demolish the goblin in front of him, "What's wrong?"

"Mr. Bart, I'll go get a dress first."

"You don't need to change, you have to take off."

Jin Enxi's hand rested on Bart's chest, and his fingers were gently drawn on the circle. "Finally, people can be together with their own male gods. If you want to play a little different fun, you can satisfy others." She grumbled slightly and acted coquettishly.

Bart's heart melted in an instant, and she patted her ass, "Okay, go back quickly."

Jin Enxi smiled enchantingly and reached out to squeeze the little red bean on his chest. "Wait for me, I will come back immediately."

With that, Bart lay on the bed and looked at the ceiling with a smile on his lips.

"Slap." The light went out suddenly, Bart took a seat from the bed, and subconsciously went to pick up the thing in the bedside drawer. Jin Enxi's voice came from the darkness, "Mr. Bart, it's me Turn off the lights, I'm in now."

Bart heard that, put down his hand, and sighed that he was too hearted, smiled, and lay down.

The bedroom door opened, and a woman appeared in front of Bart. The faint perfume smell filled the room. "Mr. Bart, do I like the new perfume, do you like it?"

Bart's eyes were blurred and nodded. "Like, come over to my baby."

The figure of the woman approached, sat down next to Bart, Bart couldn't wait to hug her, opened her mouth and kissed, the woman hugged Bart's neck, the two immediately rolled together, and the woman's moaning quickly sounded in the room And the man's rough gasps.

Jin Enxi leaned against the bedroom door and listened to the ambiguous voice in the room with a light hook in her mouth. According to the information, this Bart likes female sex very much. Seeing that a beautiful woman took people back, even Jin Enxi didn't even think of it. Things are going so smoothly.

When the matter inside was over, the woman on the bed came out, Jin Enxi took out a stack of money from the bag, the woman took the money and left, and did not know who was doing the thing with herself just now, Jin Enxi entered quickly in the bathroom, wet her body, and then changed into a pajamas. She turned on the floor lamp. There was a weak light in the room. She lay on the quilt, propped her head with her hands, and looked at Bart sideways. "Mr. Bart, Are you asleep?"

Bart's stubborn face narrowed his eyes and took Jin Enxi's messy hand on his chest. "Little goblin, you haven't satisfied you just now. Do you want to come again?"

Jin Enxi smiled and looked at his still confused eyes, his eyes flickered, "You are dead, people just want to talk to you, but you... you almost broke the waist just now."

This is definitely the best compliment for a man. Bart laughed happily. "Little goblin, you are not bad." He has slept countless women, but the taste tonight is absolutely impressive. He couldn't help but want to take the woman back.

"Mr. Bart, do you think we can meet again in the future?"

"Goblin, can't you bear me?"

"You know why you have to say it." Jin Enxi bowed her head embarrassedly, a cold flash in her eyes, and if she could, she really wanted to touch the goose bumps on her arm.

Andre and others who were monitoring at the other end also fought a cold war together. This tone was too much.

Bart lifted her chin and looked at her, "I don't want you, goblin, would you like to stay with me for a few days?"

Jin Enxi's eyes lit up, and hesitation flashed across his face, "Is it appropriate to go?"

Bart had just said it casually, but when asked by Jin Enxi, he actually took it seriously and nodded. "You are my woman. It's inappropriate to go to my house. I'll go home with me tomorrow."

Jin Enxi's hand touched gently on Bart's face. She sprayed a little perfume on her wrist. The fragrance of the perfume was very light and smelled good. But Bart smelled it, and her eyes became more and more

confused. Jin Enxi saw it, and a glimmer of light flashed in the eyes. , Hesitantly said, "But I heard that you have guests now."

"Guests live in the Southern District and don't affect us." Butt was about to fall asleep, and said in a confused room.

Jin Enxi lightly hooked the corner of his mouth and tapped a few times on the earrings, three long and one short.

She looked at Bart, who had fallen asleep, and had to admire the medicine given by Eden. She didn't expect to match it with a special perfume. Even Bart, a determined person, showed it. It can be seen that this medicine is so powerful. You must get some more from Eden, it's awesome.

"Mr. Bart, Bart." Jin Enxi lay in Bart's ear and yelled a few times. Bart did not respond at all, and it seemed that he was really asleep.

Jin Enxi got up from the bed and went to the living room to lie on the sofa. She was unwilling to sleep on the bed with this man.

Andrei turned off the monitoring equipment. "The approximate location is already known, in the Southern District."

Although the name of the Southern District is Southern District, it is in the north of MD and belongs to the scope of UFT. However, the influence of UFT is not great there. It is a good choice for BK to stay there.

"En Xi will follow Bart back tomorrow, and we will decide when she comes back."

"But will it be too dangerous for her to go there alone?" Meng Liang said. Although they were not familiar with Andrea, they might not be friends in the future, but at least now they are friends.

"Enxi will be fine. If it is difficult for her, then she is not Jin Enxi." Sisley said carelessly, if the person who came out of the devil's base had even the ability to protect himself No, then they have already died countless times.

Meng Liang heard the words and stopped talking.

The next day, when Bart woke up, there was no one around him. He opened his eyes and saw Jin Enxi coming out of the bathroom as soon as he sat up. It looked like he had just finished applying makeup.

"Dear Bart, you are awake." Jin Enxi's eyes lit up and walked to Bart's side.

"Baby early."

"I ordered breakfast. Do you want to eat it together?" Jin Enxi asked, looking forward in his eyes.

Ba nodded and got up and walked into the bathroom to wash and finish breakfast with Jin Enxi. But Bart really took Jin Enxi back to the base. This was not the first time that Bart brought a woman back. Everyone was surprised.

It was just that the man who talked to Jin Enxi last night saw that Jin Enxi's eyes changed.

"Banson, was there nothing at the base last night?" Bart asked.

The man called Benson returned, "King came to you last night, but you were away, he left, and did not explain why you were looking for you."

Pakistani nodded, "I'll go find him in the afternoon." After that, he took Jin Enxi away. Jin Enxi followed Bart and walked while carefully watching the surrounding environment with the remaining light. The guards at UFT's base were very strict. .

Bart took her to a room, "You live here first, don't go around here, otherwise something will not be fun, you know?"

Jin Enxi nodded cleverly, but Bart was very satisfied. "I still have something to do. You stay here alone. There are TVs and computers in the room. You can play by yourself and take you out in the afternoon."

"Okay, go ahead, I won't go out," Jin Enxi said.

Bart smiled with satisfaction and went out.

Jin Enxi did not contact Andrei because they were not sure if the room was safe. She looked like an ordinary little woman, looked around the room for a while, and then lay in bed to watch TV.

And Jin Enxi's intuition is also correct. This room is indeed unsafe, not only has monitoring and monitoring equipment, but when she has a little change, now she is greeted by the person with the weapon.

Bart saw that Kim Eun-hee was doing everything right, but he was not at ease and looked at Benson. "How did you check what you asked?"

"No problem. She is an employee of a small company in the Xihe District. She is an orphan and often hangs out in bars and nightclubs."

Bart heard that, and was completely relieved. After leaving Jin Enxi with the bar last night, he asked Benson to investigate the situation of Jin Enxi. But Bart never thought that Jin Enxi was prepared. He had already made a fake identity. Not afraid of his investigation, and the people who did the investigation were very perfunctory and did not go deep.

At noon, someone gave Jin Enxi a lunch. Looking at the rich lunch, Jin Enxi raised his eyebrows and sat down to eat with peace of mind.

Bart only appeared at two o'clock in the afternoon. When Jin Enxi saw him, his eyes lit up. "My dear, you are here."

"Have you waited a long time?"

Jin Enxi shook his head, "It's not long since I was here watching TV alone. Sleeping time soon passed, and I just missed you a little." She looked like a little woman.

Bart was very helpful, putting his hands on Jin Enxi's waist, "Go, I will take you out to play."

When he got into the car, Jin Enxi lightly touched the pendant on his ear while Bart was not paying attention. When he saw the direction of the car going to the South District, Jin Enxi immediately knew that Bart would take her to the place. This is where BK is now.

Unexpectedly, things went so smoothly, she thought that it would take some effort to know where BK is located, and she must not be able to stay with Bart for a long time. At most, tonight, she will go, after all, at UFT At her base, she could not find a second woman to go to bed with Bart instead.

When Jin Enxi saw the car driving into a manor, he didn't expect KING to enjoy it now, but he would build a temporary station here.

"Bart." KING's figure appeared in the living room. Watching KING walk in, she turned sideways so that Bart blocked her half of her face.

"KING." Butt gave King a hug, and King's eyes fell on Jin Enxi. "Is this?"

Bart held Jin Enxi in his arms, "This is my new love Shirley."

King looked at Jin Enxi and frowned, "Where have we seen this lady?"

Kim Eun-hee had a chuckle in her heart, but the secret road was not good, but she couldn't see the slightest on the face. She looked at King suspiciously, "This gentleman has seen me before? Why am I not impressed, I am here for the first time. "

King smiled. "Maybe I remembered it wrong." He just felt a little familiar, so he asked casually, but he didn't take Jin Enxi to heart.

Bart and King are here to talk about things. The two said something in the living room and went upstairs to the study. Before going up, Bart did not forget to tell Jin Enxi, "Baby, wait here for me, King and I Some things to talk about."

"it is good."

"You can't walk around here at will, you know?"

"Relax, my dear, I won't go around, I'm here waiting for you."

After Bart and King went up, Jin Enxi was sitting here and waiting at the same time. After ten minutes, she couldn't sit still.

She stood up and wanted to go out, but the man in black standing at the door refused to let her out. Jin Enxi put a pitiful expression on her face, "Two brothers, I was a little bored sitting in the living room, just now Seeing the flowers bloom well in the garden, can I go to the garden to see the flowers? I promise not to go anywhere except the garden."

The two men in black glanced at each other, knowing that she was brought by Mr. Bart and a guest of the manor, and was just an ordinary woman, so she let go.

Jin Enxi walked in the garden, bending down and sniffing the flowers from time to time, but the afterglow of his eyes kept paying attention to the surrounding environment. This manor only had the building in the middle, and there were no tall trees around. There were some bushes in the garden. Shrubs and some flowers such as rose roses, which means that there is no commanding height at all.

She was walking around in the garden casually, holding a bunch of freshly picked flowers in her hand, and already had a rough topographic map of the manor in her mind.

The manor is surrounded by surveillance, monitoring every corner of the manor in all directions without dead ends.

She didn't wait for Bart to come out, she had already returned to the living room, and when she left from here, she could go back.

When Bart and King came down, Jin Enxi was still sitting in the living room, holding a bouquet of roses in her hand, and looking at the flowers in her hand, Bart asked, "Where did the flowers come from?"

"I just saw that the flowers in the garden are blooming well, so I folded a few, Mr. King wouldn't mind?"

King smiled slightly. "Of course I don't mind. If Miss Shirley likes it, she can pick up a few more and go back."

"Enough, thank you Mr. King." She looked at Bart. "My dear, can we go now? You said you would take me to the mall."

"Okay, let's go now."

Just after Bart and others left, an oriental man in black clothes walked in, hurriedly walking, "King, something went wrong."

King's face fell, "What's going on?"

Things have to start from half an hour ago. When Shen Qinglan was closed for six days, Anna finally couldn't help but disregard King's order and brought Shen Qinglan out of the little black room.

Although he was imprisoned for six days, Shen Qinglan's mental state has not changed, even better than before, and some wounds have recovered.

Not seeing the scene she wanted to see, Anna was very dissatisfied. She wanted to take Shen Qinglan to the torture room and torture it. But just as she approached Shen Qinglan, she was restrained by Shen Qinglan. Shen Qinglan didn't know where to get a nail. At this moment, it is touching the carotid artery of Anna's neck. As long as she exerts a force, Anna can go directly to God.

"Take me to find my friend." Shen Qinglan said to the man who surrounded her with a weapon.

Anna wanted to resist, and Shen Qinglan put a force. Anna screamed, her arms fell down weakly, and her arm was broken by Shen Qinglan.

"Rebel again, the next time you break your neck."

"You won't see your friend even if you kill me." Anna said fiercely.

Shen Qinglan's hand holding the nail pierced Anna's skin with a little force. "If you talk nonsense, go see God."

Anna's face changed, they were right, but the more desperate the more afraid of death, she said to those people, "not to let go."

The people gave way, but they didn't take a few steps, they ran into the oriental man who was frowning, "Miss Shen, what are you doing?"

"Take me to find my friend, otherwise I will kill her." Shen Qinglan said coldly.

The Oriental man shrugged, "Miss Shen, you are definitely not a wise decision. Even if you meet your friends, you can't leave here."

"Speak nonsense, don't want her to die, you can lead the way."

Who knows that Oriental men did not give way, "Miss Shen, you kill it."

Anna widened her eyes and looked at the Oriental man in disbelief. "You are crazy, do you know what you are talking about?"

The man looked at Anna's cold eyes, "Of course I know, Anna, the unclear person is you, did you forget what King said?"

When Anna's face changed, she didn't forget it. If King hadn't said it, she couldn't let Shen Qinglan die. I'm afraid she had already collapsed her just now.

"Since your companions don't care about your life anymore, then you go to die." Shen Qinglan's expression was ruthless, and she would pierce the nail into Anna's neck.

"Wait." The Oriental man spoke, and Anna breathed a sigh of relief before she could feel that Shen Qinglan really dared to kill her.

"Bang." With a sound of Q, Anna stiffened and fell to the ground softly. She looked at the direction of the door in disbelief, where King was holding a Q in her hand, smoking white smoke. King watched her eyes cold and cold, without a touch of emotion.

Blood slowly flowed out of her heart, Shen Qinglan let go of her hand, Anna slid to the ground, Shen Qinglan applauded, "Well, it is King, it is ruthless enough to kill everyone."

The faces of the people at the scene changed slightly. King's methods have always been ruthless, but now they even kill themselves, and there is a fear in their hearts.

King accepted Q, glanced at everyone's faces, and smiled slowly, "Miss Shen, I have always been soft on people who do not follow my orders. She blames herself. Miss Shen should not be provoked here, And I don't like being threatened. Now that I don't have any chips, what does Miss Shen plan to do?"

Shen Qinglan looked cold, not looking at Anna on the ground, "What do you want?"

"Miss Shen, I want to invite you to a place, let's go."

Shen Qinglan's eyes flickered, not saying anything. Following King, she didn't try to attack King. Now, she doesn't have the certainty of winning.

A manor abroad, "Let's get ready when you are ready." Allen came downstairs and saw everyone was ready, and said.

The woman came in from outside and saw this scene, her eyes narrowed, "Alan, what are you going to do? Go to save Shen Qinglan?"

When Allen looked at the woman, her already cold expression was even colder. "My business is not yours."

The woman heard her face, and her face sank. "Allen, do you still remember how your father died, he was killed by Shen Qinglan's father, you are going to save Shen Qinglan now, you are crazy?"

"I have always been a lunatic, did you know the first day? My father's hatred will be reported, but Shen Qinglan must not die."

"No, you can't save Shen Qinglan. If you want to save her, unless I die."

"Do you think I don't dare?" Allen pulled out his hand from the waist and pointed at the woman. The woman didn't care and looked at Allen fixedly. She expected that Allen wouldn't take her.

Allen grinned cruelly and slowly pulled the trigger in the woman's eyes.

"Don't ever think about pointing things at me, this time just to give you a warning." When passing by the woman, Allen stopped and said.

The woman covered her bleeding shoulders, her face was pale, she looked at the back of Alan leaving, her eyes fierce, took out her mobile phone and called King.

**

After Jin Enxi and Bart left, Bart took her to the nearby mall.

"My dear, how is this dress?" Jin Enxi asked with a smile in his hand, holding a dress in his hand.

Bart glanced and nodded, "It's beautiful."

"Then let me try?"

Bart didn't say no. Jin Enxi walked into the fitting room with his clothes. But Bart didn't see Jin Enxi out for a long time. He walked to the door of the fitting room and knocked, "Baby, have you changed it?"

No one answered, but Bart's eyes changed, kicking the door of the fitting room, and there were people in addition to the clothes thrown on the ground. He looked angry and yelled at his outside, "Give I look for it, and I must find this damn woman."

The subordinates outside the door responded together and began to search for Jin Enxi's figure in the huge shopping mall.

In a bathroom on the second floor of the mall, Jin Enxi was wearing a casual clothes, carrying a backpack, black short eared hair, exaggerated earrings on the ears have been removed, with a pair of

sunglasses on his face, standing quietly by the fence Quietly looking at the man in black looking upstairs and downstairs, the corner of his mouth lightly ticked.

A man in black never walked away, just hurriedly swept her and passed by her side. Jin Enxi could clearly see the angry look on Bart's face, smiled, and calmly left the mall.

Outside the mall, there was already a car waiting for her. Jin Enxi got in the car and spread it in the back seat. He sighed, "I finally got rid of the old man, and I was really exhausted." good.

"Ouch, little boy, why are you here to pick me up?"

Meng Liang glanced at her from the rearview mirror, "Because only I am free."

Jin Enxi smiled and said, "How about watching me turn Bart's group, is it a special admiration for me?"

Meng Liang nodded, and he was really impressed by Jin Enxi's ability.

"What did you do before?" Meng Haoqi asked curiously.

Jin Enxi raised a finger and shook it gently, "Children's curiosity is not so heavy, you Z have a sentence, curiosity kills the cat, you know?"

Meng Liang just asked casually. When she refused to say, she stopped asking.

Meeting with everyone, Jin Enxi directly took out the paper and pen, and drew it on the paper. After a while, a map was formed on the paper.

"This is where BK is stationed. I observed it today. There are not many people in it, but it is very well equipped. Every corner of the manor is monitored. It is very difficult to enter there quietly." Jin Enxi closed The carelessness on his face is right.

"En Xi, don't talk about these nonsense, hurry up and focus." Sisley interrupted her.

Jin Enxi smiled, "Don't worry, the point is coming immediately. When I went in today, I threw a few signal jammers in their garden. Then I will interfere with them outside. You go in to save people, But only three minutes, and then fifteen minutes before the jammer can be activated again, your time is tight."

"Three minutes is enough." Fu Hengyi said, diving in for three minutes and then entering the villa in the manor, it was indeed enough for them.

"Today is too short, I didn't find the location of Qinglan, so I still have to rely on you after entering the manor." Jin Enxi looked at Fu Hengyi. "My signal jammer interferes strongly, so it will also interfere with your positioning signal. , Weaken."

Fu Hengyi nodded, it didn't matter if the amplitude weakened, as long as he could still sense it.

There was a knock at the door. It was Lane, "Can I come in?"

"Please come in." Eden said.

Ryan came in and saw everyone there, "I just got a batch of new goods today, the quality is very good, you can bring some when you save people, and I will find a way to lead King away when you save people. "

"Ryan, thank you. I don't know how to thank you for your help." Eden said.

"My Lane is a person who must be rewarded. You saved my life. I can only provide a little help. King just wanted to cooperate with me a while ago. I did not reply to him. I will be given him today. Reply, try to get him out at night."

Ryan waved his hand. Someone came in from behind. He carried a few boxes in his hand. He put the box on Table Mountain and walked out. Fu Hengyi opened the box, took out the contents, and raised his eyebrows. This is the latest model of weapon, which has great power. Even if their troops haven't got it now, I didn't expect KA to get it first. No wonder MD's military wants to cooperate with KA. This means that some people on the Tao cannot compare with him.

"There is no way to mass-produce this batch of things, and I only have this in your hands. You will use it first. After your action begins, I will support you outside."

"Ryan, I won't say thank you for this matter." Andre patted his chest. "If you can be useful to me in the future, just speak."

Lane smiled, he would be so helpful in seeing Eden's face, because three years ago, Eden not only saved himself, he also saved his only son.

After Ryan left, he called King and agreed to consider their cooperation, but the specific details need to be met. King will come to the whole triangle this time. What I want is that Ryan gave Fu Hengyi their batch of things today. Seeing Ryan has The meaning of cooperation, naturally agreed to meet and meet, the time can be set by Lane, the location is King.

"I have already discussed with King, and I will meet at the Kaiser Hotel on North Korea Street at 7 pm. Please hurry up to save people."

Eden nodded.

At six o'clock in the evening, the night had just come, and several jeep drove out of the base of KA.

The car stopped a few hundred meters away from the manor where BK was stationed. "Qian Fei, you stay to answer." Fu Hengyi said.

"Captain, let me go too."

"This is an order." Fu Hengyi said lightly. Obedience to the order was the duty of a soldier. Qian Fei shut up. "Yes, Captain."

Fu Hengyi and others approached the manor, and the watch on Fu Hengyi's hand suddenly shook, "Qinglan is indeed in this manor, but I can't sense her specific location. Is there any way you can?" He looked at Jin Enxi and asked.

Jin Enxi raised Fu Hengyi's hand and glanced at the surface, "At nine o'clock, the direction of this hour hand vibration is the direction of Qing Lan. The closer you are to her, the more frequent the vibration frequency will be."

The eyes of Meng Liang and Mu Liancheng both fall on Fu Hengyi's watches, especially Meng Liang's eyes are glowing.

"I'm going to start, you are ready." Jin Enxi said, there are too many people on the faces of Sisley and Andre, so they made a little cross-dressing properly, at least not recognizable at a glance.

Jin Enxi held a laptop in his hand, opened it, and tapped his finger on the keyboard a few times. "Wait later I will find a way to invade their monitoring system. It is estimated that the process will take ten minutes. You will carefully hide yourself after diving into the villa. I will show you a safe route when the invasion is successful." This is the most common way they used to perform their tasks in the past. Sisley and Andre were already used to it. They said this to Fu Hengyi.

Meng Liang's eyes looked at Jin Enxi's fingers, watching the flexible fingertips flew over the keyboard. Sisley took out several Bluetooth-like devices from the back seat of the car and handed them to Fu Hengyi.

"Put this on for easy contact."

Meng Liang took it, learned how to wear them and put the earphones on his ears, and the sound of several of them immediately came from the earphones.

"Okay, you only have three minutes." Jin Enxi snapped her fingers and said.

Several people looked sour, looked at each other, and rushed towards the wall outside the manor. The wall was very high, but they all held eagle claws in their hands and flicked it gently, and they hooked the wall quickly. A few people had already fallen into the wall. This is what Jin Enxi observed during the day. The only place in the whole manor where you can hide your body. Although there are no tall trees, there are a few lush bushes.

The watch was faintly fluorescent and could be seen clearly in the dark. Fu Hengyi recognized the direction and pointed in one direction. "I went there with a few in Mulian City, and you went in the other direction."

Andrei nodded, and the six were divided into two teams to act alone. When approaching the villa, the six immediately split into six directions and entered the villa.

Although Jin Enxi only briefly glanced at the villa in the afternoon, the habits she had cultivated all year round were enough for this observation. She had already seen several places where the guards were relatively weak, and it was this that Fu Hengyi went in. A few places.

"Three minutes have come, you pay attention to safety." Jin Enxi said, and then continued to tap on the keyboard, she would invade their surveillance system.

Shen Qinglan was taken to a torture room by King. She did not see Yan Xi. "Where is Yan Xi?" She looked at King firmly.

King smiled. "You still have to take care of yourself first. I will naturally greet your friend." Thinking of the woman's advice, King's eyes flickered, and the most poisonous woman's heart was not wrong at all. That girl This life is probably ruined, but King does not have any guilt in his heart. He is not a soft-hearted person at all. It is just a pity. After all, Yan Xi looks very cute.

Shen Qinglan didn't see King's eyes flashing. It's a pity that the rooms are not interconnected. There is only some torture tools in the room where she is located, which is very similar to the room she just came in the other day.

"Good hello to Mrs. Fu," King said, and then left.

The Oriental man waved his hands, and the two men in black came forward, but Shen Qinglan fell down on the ground. The Oriental man was not annoyed, just said, "Miss Shen, if you don't want to hurt your friend, the most Don't resist, otherwise..."

Shen Qinglan's eyes changed slightly, and he fixedly looked at the Oriental man with a murderous intention. The Oriental man smiled slightly, "Miss Shen, please."

Shen Qinglan withdrew his gaze and stood before the cross, letting them bind her hands and feet, a black man stood opposite her, holding a whip in his hand, and smiled cruelly.

The sound of the leather whip on the flesh made the Oriental man close his eyes happily, "Miss Shen, as long as you ask for mercy, I will immediately make people stop."

Shen Qinglan did not speak, biting her lips tightly.

The Oriental man looked at her clothes soaked in blood again, and shook her head boringly. "Women still need to be appropriately soft. A temper like Miss Shen can't be liked by men."

The black man who clapped his hands and waved his whip stopped. "Put Miss Shen down, and we will take Miss Shen to see a good show." The Oriental man said with a smile, but it was just because of the smile.

There was a bad hunch in Shen Qinglan's heart.

Being restrained by two men, Shen Qinglan came to a room with an oriental man. The door of the room was closed tightly, and bursts of shouts shrieked from the room. That was Yan Xi's voice.

Shen Qinglan's face was blue, and a heart fell directly to the bottom.

The oriental man opened a small window on the wall of the room and could see the scene in the room at a glance, "Miss Shen, your friend is now inside, enjoying our service, do you want to take a look."

Digression

Lan Lan will confess his identity with Master Fu tomorrow, are you excited?

245 245 Fu Hengyi, I'm a Killer

The window opened, and the sound from the room passed into Shen Qinglan's ears without hindrance. The whole body's blood coagulated at this moment. Even if he didn't see it with his own eyes, Shen Qinglan knew what Yan Xi was experiencing at the moment, her eyes instantly It became red, grabbed the Q from the waist of the man who controlled him, and did not hesitate to pull the trigger. Several Q sounds in a row, and several figures fell in front of her. The accident came too suddenly. The Oriental man had not responded yet, and his hands had been abolished by Shen Qinglan.

Shen Qinglan didn't care about him, entered the room, didn't look at it, raised his hand was just a few Q, several men didn't even have time to put on their trousers and died.

When Yan Xi heard the Q sound, she exclaimed and hid in the corner, her body shivering. She had no clothes on her body, only wounds all over her body.

Shen Qinglan's heart seemed to be slashed with a knife. She took two steps, and before she approached Yan Xi, Yan Xi exclaimed, "Ahhhhhhhhhh."

Shen Qinglan stopped and looked at Yan Xi like a bowed bird, her whole body was trembling gently, and her eyes were full of cold killing intent. This kind of Shen Qinglan seemed to have returned to Qin Mu's face. How people look when they pierce their chests.

She took off her already worn coat, and then draped her coat on her regardless of Yan Xi's scream. Turned around and left this room.

The Q sound just now attracted other people. Shen Qinglan walked out of the room without looking at Q shot. Taking advantage of the gap, she pulled the Oriental man on the ground, blocked him in front of her, and then started a new one. Round of crazy shots.

Fu Hengyi just turned the window into the villa and heard the dense Q sound. His face changed, and Andre's voice came to his ear. "They seem to have something wrong here. We must seize the time to find Qinglan."

Fu Hengyi didn't answer Andre's words. He walked through the living room of the villa and saw several figures in the corners of his eyes. He flashed behind the curtains and saw the few people walking into a room in a hurry. Found that there is an underground passage here.

The Q sound came from below, and the hour hand on the watch was trembling more and more fierce, his eyes slightly changed, and Qinglan was below.

A large group of people had laid down in front of Shen Qinglan, and the oriental man whom she used as a shield was shot into a honeycomb on her body, and she could not die anymore.

And she was also shot in one place, although it was not the key, but her movement was hindered to a certain extent, but she didn't seem to feel the pain in her body, and she looked cold and indifferent.

After consuming the last ZD, she threw the Q in her hand, and somehow pulled out a dagger, turned around neatly, the dagger flew out of her hand, inserted into the chest of someone who wanted to attack her, she quickly went up. Before, she drew her dagger and blood splattered her face. As if she didn't feel anything at all, she wiped the other man's neck indifferently.

What Fu Hengyi saw after solving a few people was such a Shen Qinglan, with a look of indifferent harvesting one life after another.

"Qing Lan..." Fu Hengyi screamed. Shen Qinglan's eyes flickered and raised his eyes. His eyes were still cold and indifferent to Fu Hengyi's eyes. In front of Fu Hengyi's face, he drew the dagger across a person's neck and the blood was sprayed again. She was alone.

Fu Hengyi had no time to say anything and immediately joined the battle.

At the same time that Q sound attracted the men in black, Andrea, who was still looking for Shen Qinglan's traces, also attracted them. With their participation, the pressure of Shen Qinglan and Fu Hengyi instantly reduced a lot.

Seeing that this group of people in black was about to be resolved, Shen Qinglan returned to the room, Yan Xi still curled up in the corner, holding her head in both hands, shaking her body, feeling someone approaching, her body shaking more and more powerful.

"Yan Xi." Shen Qinglan spoke softly, reaching out to touch Yan Xi, but her hand hadn't touched Yan Xi, and Yan Xi screamed immediately, "Go away, don't touch me, ah, don't touch me, Go away, go away."

Shen Qinglan forced her over, "Yan Xi, it's me, Shen Qinglan."

"Ahhh." Yan Xi shook her head frantically, screaming.

Shen Qinglan's eyes were flushed, and her heart seemed to be stabbed one after another. She held Yan Xi in her arms, "Yan Xi, it's okay, it's okay, don't be afraid, I will take you home, we will go home."

Yan Xi struggled violently, scratching Shen Qinglan's back, her fingers scratching the wound on Shen Qinglan's body, and the blood that had already stopped bleeding was dripped instantly.

Shen Qinglan just hugged Yan Xi tightly and did not let her break free. Sisley came in when she came in. With a knife, Yan Xi dizzy. "Ann, this is too dangerous. We must leave here immediately." Sisley said, putting a coat on Yan Xi's body.

Shen Qinglan naturally knew that he had to leave here first, so when Qing Yi picked up Yan Xi before boarding, Shen Qinglan let go.

Fu Hengyi came over and pulled Shen Qinglan away from the ground. Shen Qinglan glanced at the hands they held together. Fu Hengyi's hands were clean and in sharp contrast with the blood in her hands. She pulled her hands out, Take a deep look at Fu Hengyi, a deep sorrow flashed deep under his eyes and turned to leave.

"Qing Lan." Fu Hengyi called out.

"Go out before talking." Shen Qinglan said lightly.

Fu Hengyi's eyes dimmed, and several people walked out of the villa quickly. Andre walked in front. After Fu Hengyi broke off, the men in black who met him were resolved by Andre.

Because there was too much noise tonight, they had no way to leave here quietly, so they could only kill a way.

One second before leaving, Shen Qinglan looked at Sisley, "Is there a grenade?"

Sisley nodded, took one from the backpack behind her and handed it to her. Shen Qinglan took the lead and threw it away, and several people quickly rushed towards the outside of the manor.

Just after rushing out of the manor, the villa behind him immediately exploded violently, and the villa was destroyed instantly.

"Hurry up." Fu Hengyi looked at Shen Qinglan's shoulder and took her to a jeep. Meng Liang quickly got into the driver's seat. Several cars left here, leaving only a series of car exhausts.

"Boss, we seem to be late." Above the manor, a helicopter stopped, and a man stood beside a feminine man and said.

Allen looked gloomy, looking at the villa below which turned into an ashes, and said coldly, "I have solved these people below." King even dared to move his people, he would pay the price.

"Yes." The man responded.

**

Fu Hengyi and Shen Qinglan were sitting in the back seat. Since getting in the car, Fu Hengyi held Shen Qinglan's hand tightly, no matter how hard she struggled, she didn't break away.

The people of Ryan had come to meet them. Several people did not return to the base of KA, but went directly to the plane that Ryan prepared for them. The plane flies to country Y.

On the plane, Eden looked at Shen Qinglan's bleeding wound, "An, I'll take out the ZD for you first, but I'm not anesthetized now, you have to bear with it."

Shen Qinglan was expressionless. After coming out of the manor, she never spoke a word.

She nodded, just when Eden took out the knife, and when simple disinfection was about to take ZD, Mu Liancheng finally couldn't help but say, "Sister-in-law, wait for the plane to land before taking it." Without anesthesia, it means that ZD is alive. The ground is squeezed out of the flesh, even a big man may not bear it.

Eden glanced coldly at Mu Liancheng. "If ZD is not taken out in time, her hand will be useless."

Shen Qinglan shook his head, "Eden, let's get started."

Fu Hengyi held her in her arms and put her hand to her mouth. "If you can't help it, you will bite my hand."

He looked at Eden and nodded. Eden looked at him and started taking ZD.

Shen Qinglan snorted, and his aching face instantly turned pale. Fu Hengyi held her tightly, her thin lips tight.

Except for the snoring at the beginning, Shen Qinglan never made a noise again, that is, Mu Liancheng and others couldn't bear to see it, and turned their heads, Fu Hengyi's eyes were very dark and heavy, deep in his heart, Like being cut by knife with one knife after another.

Eden's method is very simple and fast, quickly remove the ZD, and then bandage the wound. "Ann, other injuries on your body..."

"Let's do this first." Shen Qinglan said lightly.

Eden had his own residence in country Y. After the plane landed at the airport, Eden took everyone back to his home in country Y.

"Ann, let me deal with the wounds on your body first." Eden said.

Shen Qinglan shook his head, "Don't worry about me, take a look at Yan Xi first."

The most serious injury to Shen Qinglan was actually a Q injury on his arm. Although it was simply dealt with on the plane, after all, the conditions were limited. If the wound was accidentally infected, it would be very troublesome.

"Leave me the injury on her, you help her take care of Yan Xi." Fu Hengyi said.

Eden glanced at Shen Qinglan's expression and knew there should be something between them. There was no objection. After handing over some gauze and the like to Fu Hengyi, he left.

There were only two people left in the room, Fu Hengyi and Shen Qinglan. Shen Qinglan did not go to see Fu Hengyi and stood up and said, "I'm going to take a shower."

Fu Hengyi grabbed her, "Your wound can't touch the water now."

Shen Qinglan glanced at his dirty body and smiled indifferently, "It doesn't matter."

Fu Hengyi didn't fail to see the clothes soaked in blood on her clothes, because the blood stains dried

up, and the clothes became hard.

Shen Qinglan finally went in to take a bath. Fu Hengyi took advantage of her bath time, borrowed the bathroom in the next room, and quickly took a shower.

After Shen Qinglan came out of the bath, her face was whiter than before she entered.

She sat down by the bed, and Fu Hengyi put out alcohol, iodine, and wound medicine one by one, "Take off your clothes."

Shen Qinglan stunned slightly, she was wrapped in a bathrobe, Fu Hengyi saw that she was not moving, reached out to pull off her bathrobe, and when she saw the scars on her body, Fu Hengyi's body rose up Anger.

He took a deep breath and slowly looked away, picking up alcohol to disinfect her wounds.

Alcohol touched the wound and caused a burst of tingling. Shen Qinglan frowned, said nothing, and even did not say a word.

There was a flash of anger in Fu Hengyi's eyes, "Shen Qinglan, you can call out, you can call out, or even cry out when you hurt, you don't have to bear it like this."

Shen Qinglan heard the words, her lips were slightly pursed, and did not respond to his words, but asked, "Fu Hengyi, do you have anything else you want to ask me? Seeing me killing you today, you have nothing to say." ?"

Fu Hengyi put the alcohol cotton in his hand on the tray, squatted down, and fixedly looked at Shen Qinglan's eyes, "What do you want to say?"

"Fu Hengyi, I am a killer!" Shen Qinglan looked at Fu Hengyi's eyes and said one by one, he stretched his hand in front of Fu Hengyi. "These hands have killed many people. Today, it has relentlessly harvested. Many people's lives have been contaminated with countless blood and can no longer be cleaned."

"Fu Hengyi, I used to be a killer who didn't blink. Do you know?" Shen Qinglan's expression was cold, his mouth lightly tickled, and said sarcastically.

Fu Hengyi gently raised her eyebrows and gently held her hand, "Is it hurt?"

Shen Qinglan was stunned and couldn't react to his soft eyes. She thought he would abandon her after he knew his identity. After all, was he a soldier?

"Qing Lan, have you suffered a lot of injuries, right?" Fu Hengyi remembered that she was covered with injuries today, but she said nothing, and she didn't care about the wounds on her body. She felt a pain in her heart, this silly girl.

"Fu Hengyi, all you have to say is this?"

Fu Hengyi reached out and touched her face, "otherwise what do you want me to say?"

"Fu Hengyi, as I said just now, I am a killer, and you are a soldier, a soldier who defends our country."

Fu Hengyi nodded and echoed, "Well, I know, you used to be a killer, but you also said that was it once?"

Shen Qinglan looked startled, "Fu Hengyi, don't you mind?"

"Fool, I said, no matter what happens in the future, I will be by your side and will not leave you."

"Fu Hengyi, you are a soldier, and I..." Shen Qinglan's eyes shuddered terribly.

Fu Hengyi dragged her into her arms, gently hugged her, and spoke slowly, "Qinglan, I believe it is not what you want to be a killer, and you are not now, nor will you be in the future." Fu Hengyi suspected Shen Qinglan's past identity. Good and bad, he asked himself if Shen Qinglan really stood on the opposite side of himself as he guessed, then he would make What kind of choice would she let go of her hand?

Asked many times, the answer is the same. Since she chose to be Shen Qinglan and his own wife, he will never let go of her life.

"Qinglan, don't be afraid of me, don't worry that I will leave you, let alone alienate me."

Shen Qinglan's wristband embraced Fu Hengyi's waist and sniffed his nose. "Fu Hengyi, if one day someone else knows my identity..."

"Then I will go with you to hell, where do you go, where do I go." Fu Hengyi chuckled and said without hesitation, he thought he was just a mortal after all. If he was an ancient emperor, he would choose the beauty and abandon Jiangshan without hesitation between the beauty and Jiangshan.

Shen Qinglan sucked her nose, her heart was sour, because she knew what Fu Hengyi had given up, "Fu Hengyi, thank you."

Fu Hengyi chuckled, "Fool, we are husband and wife. As I said, you never have to say thank you and sorry to me. And this time, it is because of me that you will encounter such a thing."

Shen Qinglan shook his head, "This has nothing to do with you, and you don't need to blame yourself."

Fu Hengyi pulled her away slightly, "Now treat the wound first."

Fu Hengyi looked at the criss-cross wounds, and there was a cruel flash in his eyes. The last time BK used

his ordinary people's lives to retaliate, he also killed his two brothers, and this time he took away Shen Qinglan and Xinqiu. The old grievances are together and never die.

Fu Hengyi and Shen Qinglan lay down after wounding Shen Qinglan, but the two of them did not have any sleepiness.

"Will you tell me about your previous life?" Fu Hengyi spoke softly in the dark.

Shen Qinglan was startled, "Do you want to know?"

"Well, if you are willing to say."

After thinking for a while, Shen Qinglan spoke softly, "After being abducted by a trafficker, I was sold to the Devil Training Base. Most of the people there were orphans who were adopted from the orphanage, and the rest They are trafficked by traffickers like me, they are not very old, and the oldest are no more than ten years old. We need to go through a series of training and learn a lot of things, if you are not capable enough, you may die In a certain trial..."

Although Shen Qinglan's language was unclear, Fu Hengyi was uncomfortable to hear. He could not describe his mood at the moment. If he could, he would rather be the one she said in her mouth and take everything on her behalf.

"Qinglan, have you ever hated it? You could have a better life."

In the dark, Shen Qinglan shook his head gently, "It may have been at the beginning, but with the passage of time, such resentment has also been replaced by the idea of wanting to live."

"Fu Hengyi, I was very lucky. When I first arrived at the organization, I met a person who was dedicated to protecting me. No matter how difficult the situation was, she would not tell me that she could not give up. She must live, even in the end, In order to protect me, she was killed by someone, died in a trial, died under the companion's knife, the person who was supposed to die was me.

We are often thrown into the tropical rain forest from a week to a month, gradually extended to one month, no water and no food, only a dagger on our body, in addition to beware of beasts, but also beware of your companions, in case they are at any time Put a knife in your back..."

"Qing Lan, don't say it, everything has passed." Fu Hengyi hugged her, and he couldn't help feeling more painful. He couldn't imagine how Shen Qinglan, who was only five years old, survived that cruel training. He regretted that if he knew that her past was so difficult, he would not ask her at all.

Shen Qinglan didn't stop, smiled slightly, calmed his expression, and continued to speak, "Fu Hengyi, do you know? The first task I performed was to kill a gang leader, I completed the task beautifully, that year I was 11 years old , I graduated from that organization when I was thirteen."

"I have performed many missions, and each mission goal is to die in my hands, even I myself don't remember how many lives were contaminated on my hands."

Shen Qinglan's eyes became very deep, "I used to hate soldiers, because when I was the most helpless, my father didn't come to rescue me, because one of my partners died in the hands of soldiers, In the mission of State R, we had a traitor inside. When we retreated, the traitor informed the army of State R about our route. One of my partners died to protect me."

"What about later?" Fu Hengyi asked softly.

"I'm tired of such a life that always walks in the dark, I'm tired of tasks that never end, I'm tired of the smell of blood like rust spots, so I took Andre and they destroyed the organization, together with Our instructor Allen is together, but I did not expect that Allen was still alive, Fu Hengyi, if you were with me, maybe there would be countless troubles in the future."

Fu Hengyi hugged her and kissed her forehead. "Shen Qinglan, I was never afraid of Fu Hengyi. I cannot participate in your past. Your future is protected by me. In this life, I will protect you and die. Whitehead."

The gentle voice said the loudest words in the world. Shen Qinglan's throat was itchy and her nose was sour. She didn't say anything, but she held Fu Hengyi tightly.

Fu Hengyi, it is my greatest luck to meet you in this life.

**

The next day, Shen Qinglan woke up to see Yan Xi. Yan Xi was lying in bed and fell asleep quietly. Her sleeping face was peaceful, like a child.

Eden walked in and saw Shen Qinglan sitting beside Yan Xi's bed. "An, how is your injury?"

"I'm fine, Eden, Yan Xi she..."

"She was greatly stimulated mentally and woke up once last night. The whole person's mood was very unstable and no one was allowed to come close, so I gave her a shot of tranquilizer."

"How long will this situation last for her?" Shen Qinglan's eyes are very dark, and she remembers Yan Xi's crazy appearance last night.

"It's not easy to say, maybe it will be better in a few days, maybe it won't be better in a lifetime, Ann, she is a post-traumatic sequelae, in short, she is crazy."

After hearing the words, Shen Qinglan's eyes tremble, slowing her expression, and gently holding Yan Xi's hand. There are many scars on the back of her hand, which seem to be scratched, and her nails are

all broken. "Is there no other way?"

"Ann, I am not an expert in this respect. I have no way to give you a definite answer. I have contacted my friend in the medical field. He is a very good psychologist. Maybe he has any way."

"Eden, Yan Xi... please."

"Ann, don't be so polite with me, I will definitely find a way to heal Yan Xi. I'll change the medicine on the wound on your arm first."

Shen Qinglan shook his head. At that time, Fu Hengyi walked in and heard this, frowning, "Qinglan, your wound must be treated."

Fu Hengyi said, Shen Qinglan would not continue to insist, but did not leave here, but let Eden treat her wounds here, Eden went out and took the medicine box.

After dismantling the gauze, Eden carefully inspected Shen Qinglan's wound and found that there was no infection, so rest assured, "An, don't touch your wound these days."

The disinfectant alcohol sprinkled on the wound and caused a tingling pain. Shen Qinglan frowned slightly. Fu Hengyi walked to her side and glared at Eden. "You lightly."

Eden glanced at Fu Hengyi, did not speak, his strength was lighter, and Shen Qinglan's eyes never left Yan Xi's body.

"I'll also change the medicine for the other wounds on your body." The wound on the arm was healed, Eden said.

"No, I'll just take the other wounds on her. You give me the medicine." Fu Hengyi said coldly, not to think he couldn't see the man's thoughts about Shen Qinglan.

"Yes, you go out with me to get the medicine." Eden is as good as a man, this man is Shen Qinglan's husband, and judging from the performance of these days, Eden knows that this man doesn't care less about Shen Qinglan than himself. This is enough.

A day ago, MD.

King's discussion with Lane was not pleasant.

"Ryan, I sincerely want to talk to you, and your pricing is not sincere at all." King narrowed his eyes and said slowly.

Ryan smiled, "King, my offer to you is absolutely reasonable. If you think my offer is too high, you can go buy it with others."

King looked down at the smiling fox in front of his eyes. If only Ryan could get the goods, he really wanted to destroy the people in front of him.

Ryan didn't put King's eyes in his eyes at all. Even if BK's reputation on the road was not good, he had to obey the rules of the road. What's more, he has the biggest bargaining chip in his hand, that is, only he has these things.

He sat there in a leisurely manner, holding a cup of coffee in his hand, drinking it slowly, glancing at the corners of King's eyes from time to time, his mood was excellent.

The longer King hesitated, the happier he was. He didn't actually come out to do business with King on this trip. It was his purpose to delay the time as much as possible.

The first time we talked about cooperation, distrust was normal, but King brought out most of his confidants in the station, which was a bit beyond Ryan's expectations, but it was exactly what he intended.

"Lane, I really can't accept your offer. I can give you a price 10% higher than the market price. This is the limit I can accept."

Ryan shook his head, "I have promised to give others a part before, and the rest is not much. If you only have the rest, we are still negotiating. As a result, when you open your mouth, I have all the stock in my hand. If I give it all After you, there is no way to explain to other people. This is counterproductive, it is my own signboard, who will dare to do business with me in the future? You must let me make up for the loss of this part."

King's face is uncertain, and the quality of this thing is really good. He had obtained the leader Q through others before. The superior performance is now unmatched by other similar types on the market.

If he can swallow all the goods that Ryan has in his hands, then their BK strength can certainly be improved by one level. But Ryan's offer is 30% higher than the market, which is simply grabbing money.

"Lane, I'll add another half." King thought for a long time and said, "This is the highest price I can afford. If you accept, we will cooperate. If you don't accept, then, I am afraid that we will have nothing in the future. Opportunities for cooperation."

Is this a threat? Ryan raised his eyebrows. He didn't dare to say anything else. It's not his bragging. The 60% of the weapons in this lane were circulated through his hands. King threatened him with this, which is really a deterrent. No.

Ryan stood up, "Then it seems that there is no way to cooperate with BK this time." He turned and left.

When King saw it, he wanted to say something, but when his men came in, they walked to King's ear and whispered a few words. King's face changed instantly.

"Lane, I'm sorry, I have something to do now, so I'll go first." He hurriedly left here.

Ryan watched him leave the back and sat down again. He took a sip of coffee in a good mood. Although it was only half an hour away from the Southern District, when King hurried back, everything was over.

After a while, he called Eden and they were already on the way to the airport. Ryan was relieved and sipped all the coffee in the cup and returned home happily.

When King came back, he saw a ruin. There were corpses everywhere on the ground. There was no living person. King shouted at the clothes of those around him and shouted, "What the hell is going on, I only left for an hour. Why is it like this here?"

The man shouted with a trembling voice and said tremblingly, "Soon after we left, a few people broke in and left the two women we caught. After they left here, they came again. Two waves of people, they kill when they see someone, and then, they look like this."

King's expression was fierce and he pushed people away. "Check it for me. I want to know who did it."

"Yes." A man responded and turned away. King looked at the place again and turned away. Tonight's thing is definitely not a coincidence. He came as soon as he left, and he knew his whereabouts. Either they have ghosts inside, or they have been living under the eyes of others. The possibility of the second kind is too low, so...

King never thought that it was a plan for Ryan to talk to him about cooperation. After all, he did not know the relationship between Eden and Ryan, nor the relationship between Eden and Shen Qinglan.

And because of the difference in this idea, BK's interior has undergone a major cleanup, and King has resolved several newly added senior executives, leaving BK's interior in a turbulent state for a long time.

When Allen heard the news, he smiled disdainfully. King was still so selfish and conceited.

**

"Ahhhhh." Fu Hengyi was applying medicine to Shen Qinglan. Suddenly he heard a scream from outside the door. It was Yan Xi's voice. Shen Qinglan's face changed and he pushed Fu Hengyi out in a hurry.

Fu Hengyi quickly followed.

In the room, Yan Xi was already awake and was hiding under the table at the moment, screaming with his ears covered, "Go away, you go away, don't touch me, ah, go away."

Jin Enxi stood next to him and saw Shen Qinglan coming in with a blank expression, "Ann, I just wanted to cover her with a quilt, but she woke up."

Shen Qinglan couldn't take care of her. She squatted down at the table and spoke softly to Yan Xi inside, "Yan Xi is not afraid, there are no bad guys here, no one will bully you, the bad guys are dead, you are safe."

Yan Xi's body was trembling slightly, and she couldn't even listen to Shen Qinglan's words, her face was full of fear, but she kept saying, "Don't touch me, don't touch me, big sister, where are you, Yan Xi is so scared, you Come and save me."

Shen Qinglan's eyes were red, her lips were trembling, and when she looked at Yan Xi like this, the pain in her heart was unbearable. "Yan Xi, the elder sister is here, I am the elder sister, you look up at me."

Yan Xi seemed to listen to her and slowly raised her head, "Ah, you are a demon, you are not a big sister, you are a demon!"

Yan Xi screamed and shrank back inwards, clumping her body together.

Shen Qinglan was stunned, Yan Xi used to stick to her most, but now she is afraid of her, "Yan Xi, I am a big sister, don't you remember me?"

Yan Xi shook his head desperately, "No, you are not a big sister, blood, you have a lot of blood on your body, you are a demon, you are not a big sister, you are not."

"Yan Xi." Shen Qinglan's voice choked with interest.

"Ann, let me come." Jin Enxi said.

Fu Hengyi walked to Shen Qinglan's side and pulled her up. Shen Qinglan's eyes were all painful.

Jin Enxi squatted down, "Yan Xi, look at me, who am I?"

Yan Xi held his head and looked at the ground without looking at Jin Enxi.

Jin Enxi patiently said softly, "Yan Xi, look up, this is a new place, a safe place, we will protect you, and no one can bully you."

Yan Xi didn't raise her head, she said something in her mouth, still thinking of letting Shen Qinglan save her, she was afraid.

Jin Enxi stretched out his hand and was about to pull Yan Xi out. Before the hand touched Yan Xi, Yan Xi began to scream, "Ah, don't touch me, don't touch me, you go away."

"En Xi, stop." Shen Qinglan opened his mouth and glanced at Yan Xi, "Forget it, let her stay inside first."

Jin Enxi withdrew his hand and stood up. "I'll go find Eden."

Shen Qinglan leaned weakly in Fu Hengyi's arms, "Fu Hengyi, how should I explain to her family, I did not protect her, Fu Hengyi, looking at her like this, I would rather suffer from all this is me."

"Qinglan, it's not your fault, it's the animals that are too inhumane to spare even a child."

"No, it's my fault. If it weren't for me, Sister Mu Mu wouldn't die. Now, because of me, Yan Xi would suffer such a thing. If Sister Mu Mu knew that I didn't protect her sister, she would have Blame me."

Last night, Fu Hengyi already knew that Qin Mu was the one who died to protect Shen Qinglan, and Yan Xi was Qin Mu's half-sister.

"Qing Lan, don't take all the mistakes on yourself." Fu Hengyi just felt that his words were very pale at the moment.

246 246 The method of healing Yan Xi (one more)

Eden came in, and a man came in with him. He looked like a Western face at twenty-five-six. "An, this is the psychologist Dougs I told you." Eden pointed to Yan. Xi, "Dougs, this is the patient I told you."

Dougs nodded, walked to the table and squatted down. Instead of talking to Yan Xi, he was watching Yan Xi for a while and stood up. "Now there are too many people here. You go out first."

Shen Qinglan glanced at Eden. When she saw Eden nodded, she took the lead and went out. She did not go far, but stood outside the door, always paying attention to the movement inside.

About half an hour later, Dougs came out from inside. Shen Qinglan glanced at the inside for the first time, seeing Yan Xi was already asleep in bed, and asked, "How is Yan Xi?"

"She did this only after she was stimulated. If she had to take medication and psychotherapy, now I need to know what caused her to be stimulated so that I can take the right medicine."

After hearing that, everyone was silent, and Dougs glanced at everyone, "I can't start my psychotherapy without finding the incentive."

"Let me go." Eden glanced at Shen Qinglan, who looked ugly, and dragged Dougs away.

Mu Liancheng and others have already returned to the country first, and Sisley and Andrea also left first. Only Eden, Jin Enxi, and Fu Hengyi stayed here.

On the afternoon of the same day, Dougs gave Yan Xi a psychological treatment, in conjunction with the medicine he prescribed. After Yan Xi took it, the whole person became quiet, but it was also limited to quiet down. In many cases, she was dumbfounded. Yes, a person sitting on the side of a daze, still not allowed anyone to come close.

Shen Qinglan stood in the corridor and looked at Yan Xi sitting in a daze in the garden. Eden came over and said, "An, don't worry, Yan Xi's situation will gradually improve."

"How long is it slowly? Five years or ten years?" Shen Qinglan asked softly.

Eden said that he could not say that the probability of getting better in a situation like Yan Xi was too low, even Dougs said, unless she was related to this matter and related to it All people's memories are deleted, otherwise she might be like this in her life.

"Eden, I want to take Yan Xi back home." Shen Qinglan looked at it for a while and then spoke. It is not appropriate for Yan Xi to stay here. Returning to the country may help her condition.

"Okay, I will arrange the plane for you. I will let Dougs go back with us."

"Thank you, Eden."

Eden smiled, "Ann, we don't need to thank you."

On the afternoon of the same day, they returned home. Yan Xi leaned back in Shen Qinglan's arms and fell asleep quietly. Before leaving, Yan Xi was very repulsive to get on the bus and kept screaming and making noises. A sedative.

When he arrived at the airport, Yan Shengyu was already waiting there. When he saw Shen Qinglan, he could not wait to meet him. He glanced at her and saw her safe and sound, slightly relieved, "How about Xiao Xi?"

Eden holding Yan Xi walked behind, Yan Shengyu froze, "What happened to Xiao Xi?"

"She fell asleep," Eden said, before Shen Qinglan spoke.

Yan Shengyu stepped forward and yelled Yan Xi gently, but Yan Xi didn't react, he couldn't help wondering, "How can she sleep so well?"

"She was a little frightened these days and her mood was a little unstable, so she was given a shot of tranquilizer before boarding the plane." Eden explained.

Yan Shengyu said nothing, took Yan Xi from Eden's arms, "I will take Xiao Xi home first."

"Yan Shengyu." Shen Qinglan stopped him, "Yan Xi should hand it to us first...she..."

"Qinglan means to worry that Yan Xi's mood is still unstable, so I want to take Yan Xi back to take care of it for two days." Eden quickly took the lead and said.

Yan Shengyu put down her doubts and smiled slightly, "No, I will take care of her."

Turning away, Shen Qinglan stopped him again, "Yan Shengyu, I'm sorry, I didn't take care of Yan Xi, she was sick."

Yan Shengyu's footsteps stayed in place, staring at Shen Qinglan, "What does it mean to be sick?"

Shen Qinglan's eyes flashed with pain, "There are some problems with her mental state."

Yan Shengyu looked at Shen Qinglan incredulously, seemingly unable to understand the meaning of her words. He looked down at Yan Xi, who was quiet and sleeping in his arms, "What has she experienced?" His tone was calm, but anyone could hear it. Anger in his tone.

At this moment, Yan Xi woke up, opened her eyes, and saw Yan Shengyu, suddenly struggling violently, "Bad guys, don't touch me, bad guys walk away." She struggled while beating Yan Shengyu with her hands, Yan Shengyu didn't hug for a moment. Steady, Yan Xi fell from his arms, fell to the ground, Yan Xi did not feel pain, and would run when she got up, or Jin Enxi grabbed her quickly, and then Dougs stepped forward and hugged Yan Xi. Stay, whisper something in her ear.

It took a long time for Yan Xi to calm down and restore her dull expression, letting Dougs lead him, staying by his side, but no one was allowed to come close.

Yan Shengyu looked at all this in shock, and didn't understand why things became like this, why his own

lively and lovely sister...

"Shen Qinglan, please tell me, why did my sister become like this?" Yan Shengyu stared at Shen Qinglan with a fist, clenching his fists tightly, making people wonder if he would punch him.

"Sorry." Shen Qinglan said.

"Shen Qinglan, that's what you said will bring my sister back safely?"

Fu Hengyi blocked Shen Qinglan, "Qinglan is not willing to happen like this. Now Yan Xi has done this. The most important thing is to heal her, not to blame anyone who is not here."

Yan Shengyu gasped, looking at Yan Xi, seeing Yan Xizheng looking at herself with fear, seeing herself looking at her, and lowering her head, shrinking towards the man's back, Yan Shengyu felt a pain in his heart and eased an expression, trying to calm down, took a step toward Yan Xi, "Yan Xi, brother."

Yan Xi did not look at him, pulling Dougs' sleeve and lowering his head.

"Yan Xi." Yan Shengyu went further, Yan Xi flinched back, and Jin Enxi stopped him. "She's the word now, don't stimulate her anymore."

Yan Shengyu suddenly walked, looking at Yan Xi deeply, and the waves were brewing in his eyes.

"Shen Qinglan, I hope you can give me an account of this matter."

"I will give you an account." Shen Qinglan said, she looked at Yan Xi, her eyes soft, Yan Xi, I will definitely heal you.

Yan Shengyu did not take Yan Xi home, but took Yan Xi to the hospital. He wanted to know what his sister had experienced.

When he arrived at the hospital, Yan Xi saw so many people and became emotional again. Finally, the doctor injected her with a tranquilizer before she calmed down. Yan Shengyu held the test result in his hand and his eyes were red.

His hand pinched the inspection report, and looked at Shen Qinglan's eyes as if he were going to kill someone, but he didn't wait for him to say anything, and there was a footstep in the hospital corridor.

Zhao Jiaqing arrived, "Sheng Yu, what about Yan Xi?"

Yan Shengyu was speechless and didn't know what to say to Zhao Jiaqing, "Yan Xi is asleep, Mom, don't go in to disturb her."

"Then you will give me a glance anyway." Then, she pushed away Yan Shengyu and entered the ward,

looking at her sleeping daughter in bed. Zhao Jiaqing's heart finally fell to the ground.

She took her steps lightly and sat by the hospital bed. She gently took her daughter's hand and looked at Yan Xi's thin side profile. Her eyes were full of distress, "Xiao Xi."

Yan Xi didn't wake up, she just took a tranquilizer, and she didn't wake up so quickly.

Yan Shengyu walked in, "Mom, Xiao Xi, let me take care of it for the time being. You haven't rested well for many days. Go back to sleep first and I will call you when Yan Xi wakes up."

Zhao Jiaqing shook his head, "No, I will be here with her." She finally saw her daughter, how could she be willing to leave.

Shen Junyu has received the news that Shen Qinglan is back and hurried to the hospital with Wen Xiyao, "Lan Lan."

Shen Junyu looked at Shen Qinglan up and down, left and right, and saw that her face was covered with gauze, and her face changed instantly. "Injured? Is the injury serious?"

Shen Qinglan pulled him away, "Brother, I'm fine, it's just a little injury, but Fu Hengyi is not at ease, so I'm so bandaged so thick."

Shen Junyu asked Fu Hengyi, "Really?"

Fu Hengyi nodded calmly, "Well, it's just a little bruise, but the wound is not easy to be infected."

Shen Junyu nodded thoughtfully, Wen Xiyao saw Shen Qinglan safe and sound, and finally put a heart down, "Qinglan, who did this thing?"

They only knew that Shen Qinglan and Yan Xi were taken away, but why they were taken away, and what they took away, they did not know.

"Go back and talk about this matter." Shen Qinglan is unwilling to say more now. Although Shen Junyu was anxious, she did not continue to ask. After all, this is a hospital corridor, which is not suitable for saying this.

"Shen Qinglan, you go." Yan Shengyu came out of the ward and said coldly, "We will take care of Yan Xi ourselves."

Shen Qinglan gave a slight pause. "Let Dougs stay, he is an authoritative expert in psychology and he knows Yan Xi's condition best."

"We will find the doctor ourselves, so we won't trouble you anymore, I don't want to see you now, you go." Yan Shengyu ordered the guest.

His cold tone made Shen Junyu frown and just wanted to speak, but was caught by Shen Qinglan. "Okay, you can call me if you need anything."

After walking out of the hospital, Shen Junyu's face was a little ugly. "Lan Lan, that was the Yan family's kid just now. How much does it mean to speak so aggressively?"

"Brother, this is my fault. If it weren't for me, Yan Xi wouldn't..."

Wen Xiyao didn't think so, "Qinglan, Yan Xi was arrested. I don't think it was because of you alone. Yu Xiaoxuan was arrested with Yan Xi, but the group of people let her alone. After taking away Yan Xi, don't you think this is strange?"

Wen Xiyao said that it was a wake-up call to the dreamer, yes, this group of people came to Shen Qinglan, there is no doubt about it, but why did Yu Xiaoxuan and Yan Xi catch only Yan Xi Was it taken away?

Shen Qinglan naturally knew someone was behind the scenes, but it was unclear who this person was. At that time, she saw Yan Xi's appearance, her reason disappeared instantly, and remember to question it.

"Sister Xi Yao, Yan Xi will be arrested because of me. I didn't protect Yan Xi. I'm sorry Yan Family. What happened to Xiao Xuan?"

"She's okay. Someone took her to the hospital, but she didn't leave her name."

"Isn't she injured?"

"No, it's just taking an excessive amount of sleeping pills and washing your stomach. It's all right. I just worried about you and kept asking if you came back."

As he was saying, a dark shadow flew towards Shen Qinglan to see who was coming. Shen Qinglan did not hide, "Qinglan, you scared me to death, wooh..."

The coming person is Yu Xiaoxuan who just talked about it.

"I'm fine, don't worry." Shen Qinglan patted her shoulder, comforting softly.

"Oooooooooo, you don't know how worried I am. It's so good to see you all right now."

"Okay, don't cry, am I all right now." Shen Qinglan patted her shoulder.

Han Yi got off the car and saw that Shen Qinglan was okay, and was relieved. He looked at Yu Xiaoxuan and teased, "How can such a big person cry like this, shameful?"

Yu Xiaoxuan lifted his head from Shen Qinglan's arms and wiped a tear. "It's disgraceful to betray me, then find someone else."

Han Yi immediately surrendered, "Oh, grandma, I was wrong. You are not embarrassing, I am embarrassing."

"Humph." Yu Xiaoxuan groaned and glanced, but did not find Yan Xi, "Qinglan, Yan Xi, is she all right?"

The smile on Shen Qinglan's face faded, "She is still in the hospital."

"Is she hurt? I'll visit her."

"Don't go up." Shen Qinglan pulled her, "Now her relatives are accompanying her, we will go again someday."

Yu Xiaoxuan thought about it and nodded, "Well, you have to go back to rest, I think you are thin."

Shen Qinglan nodded and followed Fu Hengyi to get in the car. Shen Qinglan was in Shen Junyu's car. Yu Xiaoxuan saw that the person was already full, and he could only skim his lips and followed Han Yi into the car.

Back at Shen's house, Chu Yunrong greeted him before stopping the car. "Qinglan, how are you?" Yunyun grabbed Shen Qinglan's arm, looked up and down, and hugged her, "Qinglan, did you scare your mother to death?"

Embraced by Chu Yunrong, Shen Qinglan was a little unaccustomed, but did not push her away and patted her shoulder gently, "Mom, I'm fine."

"All of them were kidnapped and said that it was okay, then what was the matter?" Chu Yunrong almost burst into tears.

Three days ago, she inadvertently heard the conversation between Shen Junyu and Wen Xiyao only to realize that Shen Qinglan was actually kidnapped. At that time, she almost fainted.

Shen Junyu was forced to know that this kidnapping was not for money, but for revenge. At that time, Chu Yunrong's face was pale and her body was crumbling, which reminded her of Shen Qinglan's abduction and trafficking. At that time, Shen Qinglan was also in this way, after being taken away, he never returned.

"Mom, you lightly, be careful to let grandpa know." Shen Junyu said next to him.

Chu Yunrong lowered her voice, "Qinglan, what's wrong with your hand?" Seeing her hand wrapped in gauze, Chu Yunrong's heart that she had just let go lifted up again instantly.

Shen Qinglan said indifferently, "A little bruise, Fu Hengyi was worried about infection, so he was more bandaged."

Chu Yunrong was still not at ease and wanted to check it out. At that time, Mr. Shen came out and saw Shen Qinglan, and said with a smile, "Lan Lan, have you returned from Hengyi to travel?"

Shen Qinglan's eyes flashed lightly and nodded, "Is Grandpa's health just coming back?"

Mr. Shen nodded with a smile, "Is travel very tiring, I think you are all thin."

"Actually, I'm not thin. It's grandpa. You haven't seen me for a long time, so you feel thin." Shen Qinglan walked to Old Master Shen and said with a smile.

Seeing Mr. Shen noticed the gauze in her hand, she reiterated what she just explained to Chu Yunrong.

"Ah, why are you always so careless?" Mr. Shen groaned, "At night I will let Songsao make good food for you and make up for you and Hengyi."

Shen Qinglan nodded with a smile, and helped the old man into the house.

Shen Junyu and Fu Hengyi glanced at each other, Wen Xiyao embraced Chu Yunrong's arm with a jealous eye, "Auntie, let's go to the kitchen to prepare some delicious food for Qinglan. She suffered this time, so I need to make up. ."

Chu Yunrong quickly nodded and followed Wen Xiyao in.

Only Shen Junyu and Fu Hengyi were left in the garden.

"What's going on with this kidnapping?" Shen Junyu asked in a deep voice.

"It's BK's. Before, I had a bit of grievances with BK's people. This time they were also directed at me." Fu Hengyi said, he had no idea of shirk responsibility.

Shen Junyu looked indifferent and looked at Fu Hengyi faintly.

"This time I was negligent, but there will never be another time."

Shen Junyu looked at him calmly and said, "This is what you said, I hope you can do it."

Fu Hengyi focused on his head, and he did not allow this to happen a second time.

"Who is BK?" Shen Junyu asked him.

"BK is a well-known mercenary group in the world. The people inside it are very strong, especially the leader King. I have dealt with him many times. In an operation last year, many of them died. This time it is Revenge for that time."

"How strong are they? If I spend money to hire others to deal with them?" Shen Junyu said.

"Many mercenaries do not want to provoke BK people because they are cruel and hard-working, and there is no principle to do things. You leave it to me, I have my own plans." Fu Hengyi immediately dispelled his thoughts.

Shen Junyu didn't say yes, but didn't object. He asked Fu Hengyi about BK and entered the house after Chu Yunrong asked them to come to dinner.

After eating, Shen Qinglan accompanied the old man for a while, and then went out after he fell asleep.

After Shen Qinglan went out, Mr. Shen, who was already asleep, opened his eyes. He sighed softly. He didn't know what happened to Shen Qinglan. He looked at Chu Yunrong's expression. It's just that everyone in the family wanted him to be unaware, so he thought he didn't know. These days, his heart was hanging. Seeing Shen Qinglan return safely today, he really felt relieved.

Grandpa Fu was really unaware of this matter. Just two days before Shen Qinglan was kidnapped, Fu Jingting just arranged for the grandpa to go to the Fucheng for recuperation, not in Beijing at all.

Since Fu Hengyi came back, he naturally returned to the military area to report to the leaders, so after lunch, he left.

"If you have something to call me, you should never take it alone, let alone say nothing this time, you know?" Before leaving, Fu Hengyi pulled Shen Qinglan aside and whispered, "King This matter is left to me. You can't intervene, and you can't put yourself in a dangerous position, otherwise I don't know what I will do."

Shen Qinglan tipped her toes and kissed Fu Hengyi's lips. "Fu Hengyi, you can rest assured that I won't do anything to worry you in the future."

"In the past few days, let your friend named Jin Enxi stay with you for a few days, and your injury will always require someone to change your medicine."

Shen Qinglan nodded at what Fu Hengyi said.

"Fu Hengyi, will you be fine this time?" Shen Qinglan asked worriedly when Fu Hengyi left the army without permission and came to rescue her.

Fu Hengyi smiled, "Do you really think I came out and didn't know? Don't worry, this is the acquiescence of the above, so I go back and just write a check thing, don't worry."

Shen Qinglan smiled and said no more, but she was not completely relieved in her heart. She watched Fu Hengyi leave and then turned around.

"Shen Qinglan, you stop for me." A female yelled sharply.

Shen Qinglan walked slightly, turned around, and saw a car stopped in front of her, and a woman got off the car. When she saw the woman's face clearly, her heart suddenly became clear.

"Shen Qinglan, you return my healthy daughter." Zhao Jiaqing pounced and threw Shen Qinglan.

Shen Qinglan didn't hide, even without struggling.

Fu Hengyi had already opened the compound, but when she was at the gate of the compound, she just saw Zhao Jiaqing registering and saw her go in. I didn't care, and drove away, but it opened for less than two minutes. He suddenly remembered that this woman was Yan Xi 'S mother, in shock, quickly turned around and returned.

Just seeing Shen Qinglan not evading or letting someone hit him, his eyes flashed with anger, Fu Hengyi quickly got out of the car, pulled Zhao Jiaqing away, and then protected Shen Qinglan behind him, "What are you doing?"

Zhao Jiaqing stared at Shen Qinglan, "Shen Qinglan, you are a killer, and you return my healthy daughter."

Her eyes were red and swollen, apparently crying for a long time.

Fu Hengyi frowned, "This wife, please speak well."

"Speak well, Shen Qinglan, say for yourself, are you worthy?"

"Mom." Yan Shengyu arrived, and saw that her mother was arguing with Shen Qinglan and Fu Hengyi. "Mom, I said that I can't blame Shen Qinglan alone. If it weren't for her, my sister wouldn't return now. Come." Although Shen Qinglan was also blaming in his heart, Yan Shengyu couldn't help but speak to Shen Qinglan.

"Slap." A heavy slap fell on Yan Shengyu's face.

"Yan Shengyu, your sister was harmed like this. You even helped her to speak. Did your brain get flooded?" Zhao Jiaqing's face was angry.

"Hey, I said this wife, you are the brain in the water, your daughter was kidnapped, we were rescued by Qinglan, now you are not grateful, even if you still rake, do you still have a face?" Wen Xi Yao didn't see Shen Qinglan going in at home, and heard the sound of quarreling outside, so he went out and took a

look. When he saw this scene, it exploded in an instant.

"If it weren't for her, how could my daughter be kidnapped, how could..." Zhao Jiaqing couldn't say anything. When she thought of Yan Xi's appearance, her tears fell down.

Wen Xiyao dropped her tears, instead of saying anything, softening her tone, "Even if Yan Xi was injured, but at least still alive."

Who knows this sentence, I don't know which sensitive point in Zhao Jiaqing's heart was touched. She looked up and her eyes were like fire. "Yan Xi is as good as she is now."

"How can you be a mother, even cursing your daughter to die?" Wen Xiyao said incredulously, but in her heart, she felt that Yan Xi's situation was not very good.

"I'm sorry for Yan Xi's affairs, sorry." Shen Qinglan said apologetically.

"I'm sorry? Sorry is useful? Shen Qinglan, why is the person lying inside you not? Why shouldn't the person who encountered all this be?" Zhao Jiaqing pointed at Shen Qinglan and said angrily.

Fu Hengyi pulled Shen Qinglan aside, watching Zhao Jiaqing frown, "Yan Xi's things are not what any of us want to see. You are now blaming Qinglan for nothing. Now the most important thing is to find a way to heal her. So that she can live a normal life."

"How to cure, you tell me how to cure, my daughter is only nineteen years old, even her nineteenth birthday has not passed, she is like this, what do you do with her for the rest of her life?" Zhao Jiaqing cried.

"I will heal her, no matter what method I use, I will heal her." Shen Qinglan said firmly, but Zhao Jiaqing ignored her, her expression was sad and desperate, just an hour ago, Yan Xixing After seeing a stranger in the room screaming, Zhao Jiaqing and Yan Shengyu were not allowed to come close together.

Yan Shengyu stepped forward and forcibly held her in her arms, Yan Xi opened her mouth to bite Yan Shengyu's shoulder. If it was not the doctor who arrived in time to uniform Yan Xi, I was afraid that Yan Shengyu's shoulder would be bitten off by Yan Xi.

After the doctor's examination, he concluded that Yan Xi was greatly stimulated and caused mental disorders, and he resisted anyone's approach. His behavior was offensive. Zhao Jiaqing was advised to send Yan Xi to a mental hospital.

At that time, Zhao Jiaqing's sky was about to collapse, so when Yan Xi became quiet, she came to Shen Qinglan.

"Shen Qinglan, Yan Xi regards you as her own sister and is so close to you. How did you promise me? You said you would take good care of Yan Xi. Are you taking care of her like that? She knows you are

crazy? She is crazy! She is only nineteen!" Zhao Jiaqing cried.

Wen Xiyao looked at Zhao Jiaqing in shock, unable to believe what she said just now, and Yan Xi was crazy.

These movements attracted Chu Yunrong. She came out and saw Zhao Jiaqing. She did not know Zhao Jiaqing. She was frowning and looking dissatisfied. "Who are you, what is my daughter doing here?" "

"Mom, let's go, Yan Xi is now alone in the hospital, and she needs someone to take care of it." Yan Shengyu was slapped by Zhao Jiaqing, but she didn't care about the pain and said to find passion.

Zhao Jiaqing couldn't cry herself, and was taken away by Yan Shengyu.

"Qinglan, are you okay?" Chu Yunrong asked.

Shen Qinglan shook his head and said to Fu Hengyi, "You go, I'm fine."

Fu Hengyi nodded, "Don't think about Yan Xi's things."

"Got it, go."

**

The next day, Shen Qinglan went to the hospital again. Only Yan Shengyu was in the ward. "What about Yan Xi?"

Yan Shengyu probably didn't sleep for the whole night, and there was a green slag on his chin. "I was taken for examination. A man named Dougs took her.

"You go to rest for a while." Shen Qinglan saw his face full of exhaustion, and said, if before, he heard Shen Qinglan cared about him so much, Yan Shengyu would be very happy, but now he can't be happy, looking at Shen Qinglan's eyes It's complicated.

"Don't worry about my mother's words yesterday, she was in a hurry and was a little speechless."

"I know." Shen Qinglan's expression was faint. "Your mother didn't make a mistake. She really blamed me on this matter. She blamed me for it." A girl's life was ruined like this. Zhao Jiaqing hacked her with a knife. Shen Qinglan didn't say anything.

Half an hour later, Dougs came back with Yan Xi, Yan Xi followed Dougs, with a blank expression, empty eyes, and looked like a beautiful Barbie doll.

"Good boy, it's your time to sleep now, and sleep well in bed now, you know?" Dougs said softly.

Yan Xi obediently followed suit, and when Yan Xi fell asleep, Dougs motioned to Shen Qinglan and Yan Shengyu to go out.

"An, Yan Xi has very serious trauma sequelae. Now I am not sure that she can be completely cured. I can only use drugs and psychotherapy to calm her emotions and will not attack people easily." Dougs said.

"Is there really no way?" Yan Shengyu asked.

Dougs glanced at him.

"This is Yan Xi's brother." Shen Qinglan said.

"There is one way." Dougs said, "but this way is very dangerous."

"What way?" Yan Shengyu immediately asked.

"It was I who deeply hypnotized her and made her forget about it. Her psychological disorder was left because of being humiliated by others. If she forgets about it, she will not be immersed in pain."

Shen Qinglan understood this as soon as he heard it. This was the same reason that the psychologist gave hypnotism to Chu Yunrong. "What will happen?"

"I have tried this method in other patients, but only one of the five patients is fully recovered, and the rest will leave a little sequelae. The most serious consequence is that the patient becomes an idiot, even eating and drinking. Everyone in Lhasa must be taken care of."

Yan Shengyu took a step back and Shen Qinglan's face sank. "Is complete recovery mean the same as before?"

Dougs nodded and shook his head, "It can be said, but it is not completely correct. This method can forget the painful and unwilling things in her heart. She will be happier than before, but the premise is that you will also be forgotten together."

Dougs looked at Shen Qinglan, "In her heart, those people caught her to catch you, and you occupy a high position in her heart. When I gave her psychotherapy twice, her mouth is the big sister who has been calling all the time?"

Shen Qinglan's eyes sank and nodded.

"She has a strong dependence on you, so she always misses you when she is in danger."

"If she forgets me, will she remember when she sees me again?"

"It doesn't make any sense. Goodbye you and her are strangers. Even she may not think about it in her

life, but the premise is that she is not stimulated. If she is strongly stimulated, she may think of everything. At that time, if her illness recurs, I will have no choice."

Yan Shengyu looked at Dougs calmly, "How sure are you?"

"Forty percent, if Eden cooperates, at least 80 percent." Dougs said, after all, Eden is also an expert in hypnosis.

"Will she forget her family?" Yan Shengyu asked. If Yan Xi even forgot her family, Yan Shengyu could not imagine what was left in her life.

"If her family is a warm word in her memory, she will remember a part." Dougs said.

Part of it, that is, it will still be forgotten.

Yan Shengyu glanced at Yan Xi, who was quietly sleeping in the ward, "Thank you doctor, please let me think about it."

Shen Qinglan left before Zhao Jiaqing came, she walked with Dougs on the road, "Dougs, is there really no other way?"

Dougs shook his head, "Sorry, Ann."

Shen Qinglan was silent, and she knew that this should be the best way.

Digression

Now that the people behind have shot, it is impossible to do nothing, right? So what happened to Yan Xi is a necessity, right?

247 Chapter 247 Hypnosis (two more)

Zhao Jiaqing knew this method from Yan Shengyu's mouth, and was silent for a long time. After all, he nodded and agreed. If this is the only way to cure Yan Xi, even if the daughter forgets the family from then on, it won't matter. She will let Yan Xi restart Know this world.

It was just that Dougs did not immediately hypnotize Yan Xi. His statement is that it is not Yan Xi's best mental state yet.

Yan Anbang learned that Yan Xi's safe return was the third day after Yan Xi returned to the capital. He hurriedly arrived from Nancheng. It was Yan Xi who saw him instantly mad.

When he saw Yan Xi's appearance, Yan Anbang almost strangled Zhao Jiaqing. If Yan Shengyu didn't come back in time, I'm afraid Zhao Jiaqing really died in his hands.

"Zhao Jiaqing, my two daughters were destroyed in your hands, you poisoned woman, you get out of me." Yan Anbang pointed at the door of the ward and shouted.

"This matter has nothing to do with my mother. Dad, can you justify the truth?" Yan Shengyu said.

Yan Anbang glared at him fiercely, "There is no room for you to speak here!"

"This is the hospital. You have to quarrel and quarrel." The nurse came in to change the medicine and saw this messy ward coldly.

Yan Anbang shut up and waited for the nurse to give Yan Xi medicine. Yan Xi quickly fell asleep again.

"An Bang, how is Yan Xi?" Qin Yan waited downstairs in the hospital and saw Yan An Bang coming out and asked quickly.

Yan Anbang looked tired, "Yan Xi is fine, you go back first."

Qin Yan's face was worried, "But I don't think you are in a bad mood, did Yan Xi have an accident?"

"Yan Xi is fine, just a little frightened. You go back first. It's not too early now. If you don't go back, your husband should have an opinion."

Qin Yan hesitated and nodded, "Well, let me go first. If Yan Xi has anything to do with you, call me, I still know a few good doctors."

"Okay." Yan Anbang nodded. "You drive carefully."

Qin Yan smiled softly. Before leaving, he did not forget to tell him, "You haven't been able to rest for many days. Now Yan Xi has returned, so go back and get a good night's sleep."

When Qin Yan left, Yan Anbang returned to the ward again, but did not see Zhao Jiaqing, only Yan Shengyu was there, and Yan Anbang did not ask where Zhao Jiaqing went, sat down, looked at Yan Xi, his eyes were full of distress.

He held Yan Xi's hand in his palm, thinking in a trance that his daughter was very close to him before, but since he divorced Zhao Jiaqing, Yan Xi never called him dad, even his family in Nancheng. Did not return once.

He knew that Yan Xi was resenting him in his heart. He resented him for divorcing Zhao Jiaqing and was disappointed with him, but Yan Xi was still his beloved daughter.

"Did the doctor say how to treat?" Yan Anbang asked.

Yan Shengyu repeated the doctor's words.

"In this case, let her forget it. It would be better to make her happy for a lifetime. After she recovers, I will send her to no foreign country. If you don't come back, try not to come back. Yan Anbang said.

Yan Shengyu nodded, this may be the best solution.

Yan Xi's condition has not been stable during this time, and she will go crazy from time to time, or hide under the bed, shouting "big sister, save me" and the like.

It wasn't until half a month later that Yan Xi's condition stabilized. After Dougs gave her the last examination, she announced that psychological hypnosis was scheduled three days later.

"You go in to see her again." Eden Shen Qinglan has been standing outside the ward, but did not go in, said softly.

Shen Qinglan shook his head, "Forget it, I'll just stand here and look at her. Just after hypnosis, she can welcome a new life." Fu Hengyi has returned from the army, because of this action, he was temporarily suspended at home Write a review.He held Shen Qinglan's hand and seemed to give her strength.

In the ward, Yan Xi was holding her legs and leaning her head on her knees. She was staring out of the window. Zhao Jiaqing sat with her. Yan Shengyu and Yan Anbang did not appear because Yan Xi treated men other than Dougs. They all showed strong rejection, in order to improve the success rate of hypnosis, they waited outside, even the ward was not close.

It was almost time. Zhao Jiaqing came out from inside and looked at Shen Qinglan with an indifferent expression. "You go in and see her. When the treatment is over, I will take her out of the country and probably won't come back in the future."

Shen Qinglan was stunned. Although Zhao Jiaqing's tone was cold, Shen Qinglan's eyes still showed a touch of gratitude. She whispered "Thank you." and went inside.

Shen Qinglan sat down next to Yan Xi, reached out and touched her head, Yan Xi looked over at her side, turned back again without any indication.

After a period of treatment, Yan Xi's rejection of women was not as obvious as before, probably because Zhao Jiaqing and Shen Qinglan appeared in front of her more often, so there was no rejection reaction to their occasional closeness, Dougs said. Is a good performance.

"Yan Xi, how are you doing today?" Shen Qinglan asked gently, even the brows were gentle.

Yan Xi looked at the window without speaking, and Shen Qinglan followed her gaze, only to find that she was looking at a bird on the branch outside the window, stopped on the branch, combing her feathers.

Shen Qinglan accompanied her for a while. She suddenly remembered that when she first saw Yan Xi, she was on the train that went to Hangzhou last year. The young girl was holding money to change positions with her. She did not agree. Thinking on the road, I got out of the car and followed her.

The second meeting was in a small alley in Hangcheng. She was surrounded by a few hooligans. She relieved her. The little girl looked at her with admiration.

At the third meeting, she came to the school to find her brother and met Shen Qinglan. Since then, she often sticks to her. The big sister is long, the big sister is short, and there are twitters around her, like a little sparrow.

The past scenes came to my mind and I knew Yan Xi less than a year ago, so much memory about her.

Shen Qinglan leaned over and gently hugged Yan Xi. Yan Xi seemed to feel uneasy and wanted to struggle. Shen Qinglan patted her back gently, like coaxing a child, Yan Xi gradually calmed down and left Shen Qing Lan hugged her in her arms.

"Yan Xi, you must take care of yourself when you go abroad. It is better to learn a little self-defense, so that you will not be afraid of meeting bad guys again." Shen Qinglan whispered in Yan Xi's ear, "Don't be alone at night." Go out, don't always eat junk food, don't run away from home when you're unhappy, will your family worry? Do you want to listen to your mother..."

Shen Qinglan chattered and said that she had never been so verbose, and she knew that even if these words were said, when the treatment was over, Yan Xi would forget, but she still wanted to tell Yan Xi.

"Yan Xi, I'm sorry, the elder sister failed to protect you, so you have encountered so many at a young age. If you meet me again in the future, you must not know me, let alone ignore me, you know? It is better to hate me, Seeing me turn around and leave."

"Yan Xi, I will make a sincere wish in my heart, and may you be happy and sad for the rest of your life."

Shen Qinglan's eyes were slightly hot, and the warm liquid slipped from the corners of his eyes and dripped on Yan Xi's shoulders. Yan Xi reached out and touched it, as if he didn't understand how the clothes on his shoulders got wet.

Shen Qinglan let go of her and touched her hair. "We Yan Xi is the happiest little princess in the world. In the future, you will always be so happy. All nightmares will pass, and the future will only be happy and bright."

Yan Xi looked at her, suddenly reached out, touched her eyes, her fingertips were covered with a drop of crystal tears, she lowered her head and looked at her fingertips, she didn't seem to understand what was on her hand, wrinkled Frowning, his expression tangled.

Dougs walked in, "Ann, it's almost time."

Shen Qinglan nodded, stood up and went out. Before going out, he finally looked at Yan Xi, and Yan Xi also looked up at her, opened her mouth, and said, "Tears... don't cry."

Shen Qinglan's tears broke down in an instant. She leaned in Fu Hengyi's arms. Fu Hengyi hugged her and whispered in her ear.

Eden also walked in, and the door of the ward closed slowly.

248 248 Fight Back, Scandal

Shen Qinglan leaned on the promenade of the hospital and waited for the time to pass by one minute and one second. Three hours later, the door of the ward finally opened, and Dougs and Eden walked out from inside with weary faces.

"How about Eden?" Shen Qinglan asked eagerly.

"Hypnotherapy is very successful. When she wakes up, she will forget everything that happened, but she can remember something, I can't be sure for the time being."

Shen Qinglan nodded and said nothing, as long as he did not leave any bad sequelae.

Zhao Jiaqing had walked into the ward and looked at Yan Xi, who was sleeping peacefully, and smiled softly.

Shen Qinglan didn't leave or went in, just waiting outside the door, waiting for Yan Xi to wake up, not to make sure that Yan Xi was okay, she still couldn't rest assured, Yan Xi woke up half an hour later.

Yan Xi opened her eyes and saw that her mother was looking at herself with surprise. She blinked, "Mom, what's wrong with you?"

Zhao Jiaqing heard Yan Xi's "Mom" and cried in an instant. She hugged Yan Xi, "Xiao Xi, you are fine, you are finally fine."

Yan Xi looked inexplicable, "Mom, what's wrong with me? Why are you crying?"

Zhao Jiaqing wiped his tears and smiled, "It's okay, my mother is happy. You fell ill some time ago, and you have been suffering from high fever. You didn't even take the college entrance examination. The whole person was confused, and my mother was terrified."

Yan Xi stayed, "Did I not even take the college entrance examination? Then I can't take the college entrance exam?" She frowned, and seemed to be unhappy that she could not take the college entrance examination because of illness.

Zhao Jiaqing said softly, "It doesn't matter. Your father has already contacted you with a foreign university. Haven't you always wanted to go to Australia? This time we will go to Australia to study and see the Sydney Opera House you like."

"Really?" Yan Xi asked.

Zhao Jiaqing reached out to touch her hair and smiled lovingly, "Of course it is true, when did your mother cheat you."

Yan Xi was happy and smiled, "Great, mom, will you go with me?"

"Yeah, are you happy?"

"No, I'm very happy."

Shen Qinglan leaned against the wall, listening to the laughter in the ward, laughing with satisfaction, holding Fu Hengyi's hand, "Let's go."

Fu Hengyi looked at her and nodded. Going downstairs to the hospital, I saw Yan Shengyu and Yan Anbang walking around and walked past.

"How is Yan Xi?"

"Hypnotism succeeded, Yan Xi is now awake, you go up." Shen Qinglan said, speaking to Yan Shengyu, she did not have any affection for Yan Anbang.

Yan Anbang and Yan Shengyu could not wait to walk towards the ward.

In the ward, Yan Xi looked at the door from time to time. Zhao Jiaqing asked strangely, "What are you looking at?"

"Mom, help me to see if there is someone outside the door. I always feel like I have forgotten a very important thing."

Zhao Jiaqing stood up and walked outside to take a look. She saw Shen Qinglan and Fu Hengyi walking to the door of the elevator. She turned and entered the door. "You must be wrong. Where is someone outside the door."

Yan Xi frowned, "Is there no one? Then how do I feel that someone has been watching me all the time, as if I still said something in my ear, Mom, did anyone come when I was asleep?"

"It's me and your dad and your brother. Of course someone is talking in your ear, you are always unconscious, your mom and dad are in a hurry, the doctor said you must talk to you non-stop, you can wake up early, I kept talking in your ears all the time. You can see that my mother's voice was dumb." Zhao Jiaqing didn't take a good rest during this time and was anxious again. His throat became inflamed. It was indeed dumb.

Yan Xi looked at her apologetically, "Mom, I'm sorry, I worried you again."

"Stupid boy, you were born by your mother. I'm so sorry. Now that I see you all right, my mother will be relieved."

Yan Xi threw the strange trace from the bottom of her heart and put her head on Zhao Jiaqing. "Mom, I love you."

Zhao Jiaqing touched her face, "Mom loves you too."

Yan Shengyu and Yan Anbang came in and saw that Yan Xi and Zhao Jiaqing were talking and laughing, and finally a heart was put down.

"Dad, brother." Yan Xi was very happy to see the two of them, and only a moment later frowned, "Brother, mother said you bought me porridge, porridge, I'm starving to death."

Yan Shengyu froze and said apologetically, "Sorry, Xiao Xi, my brother just forgot. I will buy it now. You are waiting, soon." After that, a gust of wind left the ward.

Yan Anbang sat down by the bed and looked carefully at Yan Xi, "Xiao Xi, is there any discomfort?"

Yan Xi shook his head, "No, Mom and Dad, what's wrong with you, isn't it just sick? I was sick so many times when I was a kid, and it's okay. This time it won't be a problem."

Zhao Jiaqing nodded, "Yes, you will be fine."

Yan Xi always thinks that Zhao Jiaqing and Yan Anbang are strange today, but she can't tell the specifics. After thinking about it, I left out many ideas in my mind.

Because Yan Xi forgot about the divorce of the two people, Yan Anbang Herr Zhao Jiaqing did not tell Yan Xi about the divorce.

That evening, Yan Xi was discharged from the hospital and returned home. After several days of training at home, Zhao Jiaqing took Yan Xi on a plane to Australia.

"Let's go." Shen Qinglan said to Fu Hengyi, looking at the plane that flew away and could no longer see the shadow, and turned to leave.

Yan Xi, may your future be bright, no more sorrow, no misfortune, may happiness and happiness always be with you.

**

After sending Yan Xi away, Shen Qinglan and Fu Hengyi went home.

"How long will you suspend this time?" Shen Qinglan asked.

Fu Hengyi smiled slightly, "Is it good to stay with you at home?"

"Fu Hengyi, I am serious." Shen Qinglan was slightly annoyed.

Fu Hengyi sighed, "In fact, it won't take long. At most one more week, I will go back. The training in the Beijing Military Region has ended. I don't need me here for a while, so I'm afraid there will be a long time after I go back. I won't see you anymore."

"You have to pay attention to safety. I got the news. After we left, there was another group of people who took advantage of the situation and destroyed the King's base. He will definitely count this on you. Know what action they will take, be careful."

"As long as you protect yourself, I have no worries. This time King dare to come, I dare to leave him." Fu

Hengyi said coldly, limited to his identity, he could not take the initiative to find King's trouble, but if King took the initiative, Then it's another matter.

Fu Hengyi's eyes flashed cold light.

"Well, I know." Shen Qinglan said with her mouth, but only she knew what she was thinking about. This time she had suffered such a big loss, and it certainly would not be the case. Yan Xi's hatred must be reported. .

Fu Hengyi's prediction was also correct, even a few days earlier than he expected. He received the news of returning to the team early the next morning, and Shen Qinglan drove to Jin Enxi after watching him leave.

After returning to the capital, Jin Enxi found that someone had come in the villa and promised to be taken away. Think about it and know who did it. So when they came back, they changed their accommodation, which is a high-end apartment in the city.

Andrei has returned to the crew. Apparently it should be a period that has ended long ago. Because of all kinds of accidents, Andre is always absent. This leads to the infinite extension of the filming cycle. Now the other scenes have been eliminated, and only Andre's scenes are left. So during this time he was busy filming.

When Shen Qinglan arrived at the apartment, he only saw Jin Enxi alone. The others didn't know where to go.

"Ann, you are finally here." Jin Enxi was not surprised to see Shen Qinglan.

"Already found?" Shen Qinglan asked.

Jin Enxi snapped his fingers, "That's of course, you don't look at who I am, I did not expect King to walk outside all the year round, the headquarters is basically idle, the security inside is quite strict, and it is not that way to destroy it. Easy."

Shen Qinglan said lightly, "Naturally, it's not that easy, but King has acted arrogantly over the years, and there are many Chou families. It's not just us who want to destroy BK's headquarters. It's enough to disclose the news to BK's opponents."

Jin Enxi's eyes lit up, "You mean..."

Shen Qinglan nodded.

Jin Enxi said excitedly, "Ann, is this what you said was killing with a knife?"

"Well, we just sit on the hill and watch the tiger fight. Now I want to know where the promise is, can I

find it?" Shen Qinglan said coldly.

Although King is often not at BK's headquarters, and the world is chaotic, but for many years, BK's headquarters has not changed places, or even guarded against it. Naturally, because there are many secrets about BK, it is very important for BK. If the headquarters is destroyed, it's definitely a big blow to King. And this is just the first gift she gave King.

Jin Enxi shook his head. "I didn't find any traces of Allen in the capital. They should have left country Z. This dead woman can't easily let her go. If it weren't for her, where would we eat such a big loss this time." Jin Enxi said. The promise was called a gritted teeth.

Shen Qinglan's eyes were cold and cold, and he said lightly, "She will be taken away by Alan, and there will be no good results."

Jin Enxi's eyes turned clear and she smiled happily. "Haha, too, falling into Alan's hands, she will know how gentle I am with her. I really want to see how she looks now."

The promise promised by Jin Enxi was indeed very bad now. She was lying in the dungeon, her body was completely immobile, and the whole person was like a dead person.

Allen walked in, looked down at her, and promised to open her eyes, trying to see what Allen looked like, but her eyes were choked with solid blood and could not be seen at all.

"Allen." She yelled, only her own voice was soft, and she was now deeply aware of the horror of this man.

Allen looked at her with cold eyes, "You should be glad that Shen Qinglan is not dead. Come here and take her out."

Promise heard that there was no happy look on her face. She lowered her eyes. She did not expect Shen Qinglan to fall into King's hand. She was not dead yet. Looking at Alan's appearance, I am afraid that Shen Qinglan was not greatly affected. The injury, he paid such a heavy price that he could not hurt Shen Qinglan, which made the promise very unwilling.

The promise was lifted from the ground like a broken sack.

The woman saw the promise like waste, without any accident or heartache, she just glanced back and looked back.

"People give you back, you can go now." Allen said coldly.

"No, Alan, I don't want to leave, please, don't let me leave." Promising to leave when I heard it, I begged immediately.

Alan didn't look at her, nor did the woman look at her. The woman waved her hand. Naturally someone came in to take the promise away, leaving only Alan and the woman in the living room.

Without the presence of other people, the indifference on the woman's face was suddenly replaced by the cold, "Alan, I don't object to saving people, but you killed King so many people, you really think he can't find out that you did it, Do you want to be against him?"

Allen sat there, indifferent to the woman's words, "I have never been friends with him."

"Alan, do you want to destroy the base again?" The woman was furious. "Do you know that King has said that if he was to let him know who did it, he would continue to die with others."

"So what," Allen said carelessly, "whoever touched me, where can I not pay a price."

"Your people?" The woman sneered. "Alan, don't forget that she is married. She was never yours."

Allen stared at the woman, her eyes fierce.

The woman smiled, "Alan, you don't have to look at me like this. I think it's a matter of minutes to destroy Shen Qinglan. As long as I reveal the news that she was the world's first killer charm, believe me, she will definitely not survive. Three days." Don't talk about the Shen and Fu families at that time. The family members of the people who were killed by her will not let her go, and the world will never have her place.

"Dare you!" Allen's eyes were murderous.

The woman still sat calmly in the face of his murderous eyes. Allen squeezed her neck. "Do you really think I dare not kill you?"

"Oh, Alan, you won't." She said yes, not afraid, in this world, probably there is nothing that Alan doesn't dare to do.

Allen tightened his strength until the woman's face was purple and her eyes turned white. Allen threw the woman on the ground, "I said, don't threaten me, and it's better not to treat Shen Qinglan Hands on, if Shen Qinglan suffered any injuries, I would take my father's ashes out and feed the dog."

"You!" The woman's indifferent face suddenly changed, looking at Alan, her face ugly, "That's your father."

"What about that, everyone is dead, just feed the ashes to the dog." Allen said with a shrug, indifferently.

"Okay, Allen, you are ruthless, I promise you, I will never do anything with Shen Qinglan, nor will I reveal her identity to anyone."

"This is best. If I get anything that Shen Qinglan is injured or exposed, I will keep it in your head. You can try what I will do."

"Allen, you madman."

Allen smiled softly, "You already know, don't you?"

The woman stood up from the ground, looked at Alan coldly, and sneered. "Alan, I'm so pitiful for you. What's the use of loving that woman like that? People don't hate you for their bones, but they want to kill you with their own hands. "

The gentle smile on Allen's face was closed, and the expression of the vulture was, "It has nothing to do with you. Get out of me now."

The woman snorted and turned away.

Allen was sitting alone on the sofa with a jade pendant in his hand. This was worn by Shen Qinglan on his neck when he was a child. Later, he fell into Allen's hand and was carried by Allen.

"Xiaoqi, I'd rather be hated by you for a lifetime, and I don't want you to forget me. If you said that if I killed the man, would you hate me for a lifetime?" Allen's palm slipped gently on Yu Pei, the corner of his mouth. Arouse a cruel arc.

**

Three days later, an interesting piece of news came out. The headquarters of BK was destroyed and King was seriously injured and is now missing.

When Shen Qinglan heard the news, he was accompanying Xiaoxuan in shooting advertisements.

"Qinglan, what is it that makes you laugh so happy?" Yu Xiaoxuan finished shooting, and came over and said that it was obviously the weather in June, but because of the shooting of the down jacket advertisement, Yu Xiaoxuan was sweaty and even put on makeup. .

"It's nothing, is it done?"

"No, now it's only the first part, and I'll wait." She took out a paper towel and wiped her sweat. "I don't know who set such a cruel rule. He shot an advertisement for a down jacket in the summer and wanted to kill people."

The makeup artist came over, carrying a makeup box in his hand, "My grandma, the next advertisement will start soon, don't run around."

Yu Xiaoxuan threw out his tongue mischievously, "I know. You are here to chant, I promise not to go around."

The makeup artist knew that Shen Qinglan and Yu Xiaoxuan were good friends. After saying hello to Shen Qinglan, Yu Xiaoxuan began to make up her makeup.

As soon as the reloading was completed, the director over there was already shouting. Shen Qinglan glanced back and looked back.

"Sister-in-law, you are here too." When Han Yi came over, he saw Shen Qinglan and came to say hello.

"Come to Xiaoxuan?"

"No, come and give her something." Han Yi raised something in her hand, a small fan. "She has been yelling at the heat, I'm not going to show it."

Shen Qinglan smiled, Han Yi saw that Shen Qinglan was still covered with gauze, and he couldn't help but ask, "Sister-in-law, haven't your wounds been cured yet?"

"It's almost ready. It can be removed in a few days."

"Right, sister-in-law, will you be attending the Sydney City Arts Festival in August?"

"Yes." The Sydney City Arts Festival in August was Daniel's long-arranged schedule for her, and she naturally had to go.

"Then you bring Yu Xiaoxuan. She has been working hard recently. During that time, she happened to be free. I can't walk away for now, let her go with you, it's like a vacation, is it right?"

"Well, okay." Shen Qinglan agreed simply.

During the speech, Yu Xiaoxuan had finished filming, and came over and took the small electric fan in Han Yi's hand, "Oh, I'm so hot."

"Qinglan, where are we going to eat next?" Yu Xiaoxuan asked, but just after I asked, I saw Sister Linda looking at her murderously, Yu Xiaoxuan shrunk her shoulders, turning a little guilty. Eyes, so what, because she was frightened during this time, Han Yi took her to eat all kinds of delicious food, causing her weight to rise.

"Well, Qinglan, I think we should go for a vegan feast. I know that there is a temple near this restaurant that tastes very good."

Linda glanced back, and Yu Xiaoxuan sighed gently.

"Good news, you are so afraid of her." Han Yi sneered.

"I call respect or not. Sister Linda treats me very well on weekdays. It is also for my own good that I don't let me eat and drink. I can't fail her."

"Xing Xing Xing, this is respect, and no meat is allowed in the future." Han Yi said.

Yu Xiaoxuan glared at him, embraced Shen Qinglan's arm, and began to complain, "Qinglan, look at him bullying me. He has abused me before he is married. Will he still have my status if he gets married? "

Speaking, doing sour makeup.

Shen Qinglan nodded, "This kind of man really can't want it, or else, you break up with him, and I will introduce a good one to you? Fu Hengyi has a younger brother, who is as old as you, or a pure love who has never had a girlfriend Little boy, I think it suits you well."

Seeing the seriousness of Shen Qinglan, Yu Xiaoxuan immediately counseled, "Then, Han Yi is still very good to me, so I won't change it for now."

Han Yi's originally dark face brightened immediately after hearing Yu Xiaoxuan's words, and his expression was smug, and Shen Qinglan looked funny.

"Qinglan, let's go." Yu Xiaoxuan changed clothes and said.

The three of them walked outside, and Shen Qinglan went to drive. Han Yi originally wanted to drive his own car, but Shen Qinglan disliked his car because it was too ridiculous.

Shen Qinglan was driving a black commercial car today. The car stopped and Han Yi opened the door to let Yu Xiaoxuan go in first.

Shen Qinglan suddenly glanced in a certain direction.

"What's wrong with your sister-in-law?"

"There was a paparazzi taking pictures just now." Just now a flash of light flashed through. Although no one was seen, Shen Qinglan was sure that someone was secretly filming.

"The paparazzi have nothing to do every day, and they know that staring at people's privacy is really annoying. The stars are also people, can't they give people a little private space?" Yu Xiaoxuan was a little annoyed.

Just a week ago, the online drama she filmed at the beginning of the year began to play. In just one week, the number of hits and broadcasts exceeded 200 million, which shows a fiery level, although Yu Xiaoxuan played only in it. A female three, but there are not many plays, and many viewers also know

her because of this drama.

There were also many reports about Yu Xiaoxuan during this time. Yu Xiaoxuan did not respond at first. When she returned home at night, she was tracked and had just experienced the kidnapping. She was almost scared to death, and she hid when she returned home. Crying in bed.

After Han Yi knew it, it took a lot of effort to comfort Yu Xiaoxuan, but he didn't have any good way to deal with the paparazzi. After all, if the star does not have any news popularity, then the popularity is difficult to get up.

Shen Qinglan glanced at her from the rearview mirror. "You should get used to it earlier." After thinking for a while, she continued, "If you have time, go learn Taekwondo, or defend yourself."

"She has already signed up." Han Yi said, thinking of Yu Xiaoxuan's abduction, until now Han Yi still has a lingering fear, especially when he saw Yan Xi's appearance, he was cold all over.

"I have time to teach you some self-defense techniques."

Yu Xiaoxuan nodded vigorously. After one experience, she was also afraid of death.

"Qinglan, will Yan Xi never return?" Yu Xiaoxuan suddenly asked.

The expression on Shen Qinglan's face was faint, "Well, she is so good now."

Yu Xiaoxuan sighed, if she changed to her, she would rather forget everything, just looking at a flower season girl who was only 19 years old would encounter such a thing, Yu Xiaoxuan still felt sad.

The atmosphere in the carriage suddenly fell, and several people stopped talking. Fortunately, the destination was not far away, and soon arrived. Yu Xiaoxuan got off the bus and saw Fang Tong who had arrived.

Fang Tong was sent to M country to study for three months, and just came back for work report two days ago, and flew back after two days, so I didn't know that Yu Xiaoxuan and Shen Qinglan were kidnapped, neither of them. Intend to tell her.

"Ah, Fang Tong, you want to die me." Yu Xiaoxuan pounced up and gave Fang Tong a warm hug.

"Oh, Yu Xiaoxuan, you are really dead. Didn't you say that to you when you ate like that?" Fang Tong said disgustingly, but he didn't let go of his hand and held Yu Xiao tightly. Xuan, during this time in a foreign country, although it was less than a month, her thoughts about her homeland, relatives and friends were unprecedentedly strong.

Yu Xiaoxuan let go of her, "Fang Tong, you are thin again, do you think I think?"

Fang Tong rolled his eyes, "What do I want you to do, at that time I might as well go out and hook up with a handsome guy."

"Qinglan, I am back." Fang Tong looked at Shen Qinglan and smiled.

Shen Qinglan glanced at her and nodded. "Very good."

A month ago, Ding Minghui split his leg and Fang Tong broke up with him, but Ding Minghui has been entangled with each other. At this time, the company has an opportunity to study in country M, but the premise is that within five years, you can not switch jobs, and after the study is completed, To do the management of the M country branch for more than two years abroad, and return to the country once a month to report work.

When many people were hesitant because of the latter conditions, Fang Tong stood up and thought that Shen Junyu had submitted an application and wanted to study in Country M. After comprehensive consideration, Shen Junyu agreed to make an exception.

"When are you leaving?" Shen Qinglan asked.

"tomorrow."

"Ah, so fast, I want to say that the three of us can go together the day after tomorrow's graduation ceremony." Yu Xiaoxuan said regretfully.

"I will not attend the graduation ceremony. You can help me get the degree certificate and graduation certificate back." Fang Tong said.

"Hey, actually I want to go out shopping, think about how long it hasn't been for the three of us to go shopping together."

"It's not easy to go shopping, you can go after dinner, just when I go back to dinner with my parents at night." Fang Tong said.

Yu Xiaoxuan's eyes lit up, "Yeah, we can go shopping when we finish eating later."

Fang Tong glanced at Han Yi and saw that he did not have any opinions. He was relieved, so after eating, the three of them went out to go shopping. Instead of going to a large shopping mall, they often went to university. In that costume street, Han Yi fate behind to carry bags for three people.

The old street is still the same as it was in the past. Fang Tong and some people chatted while chatting, but they didn't really stop to buy. When they came out of the old street, Han Yi only had a few bags.

"You just buy this thing?" Han Yi asked, and the price of these things added up was not enough for one of his clothes.

Yu Xiaoxuan hummed, "I don't think I've spent much of my flowers, will you have bleeding days in the future?"

Han Yi smiled, "You can spend as much as you want. My money is yours. It doesn't matter if you explode all the cards."

Yu Xiaoxuan smiled with satisfaction, Fang Tong and Shen Qinglan glanced at each other, both of them smiled.

At the next moment, Fang Tong touched the goose bumps on his arm. "I said you two are enough. There is a lonely man here."

Yu Xiaoxuan sticks his tongue out, "Who makes you don't hurry to find one, there are so many handsome guys abroad, as long as you hook your hand, what do you want?"

Fang Tong did not know what he thought of, and shook his head, "Forget it, men from abroad are not suitable for me, let's return to the embrace of the motherland."

After coming out of the old street, it was almost time. Fang Tong first took a taxi to go home. Han Yi and Yu Xiaoxuan followed Shen Qinglan to go home to eat. According to what they said, they went home to eat outside, even at home. There are no aunts. It has been a long time since I went to see Grandpa Shen.

"Grandpa Shen, I'm here again. Do you remember me?" Just entering the living room, Yu Xiaoxuan saw the old man sitting on the sofa watching TV and smiled.

Grandpa Shen looked at Yu Xiaoxuan and smiled suddenly, beckoning, "Xiao Xuan, you haven't come for a while."

Yu Xiaoxuan smiled and sat down next to Mr. Shen. "Recently I am busy with work. This is not to come to see you as soon as I am free. Hey, by the way, come and rub the rice. Grandpa Shen, you must not object to me."

"Don't dislike, don't dismiss, just come here every day to rub the rice. Han Yi also comes, sit down quickly." The house became lively, and Mr. Shen was very happy. Wen Xiyao and Shen Junyu were busy working on weekdays, even after returning home. After dinner, two people, Shen Shen and Chu Yunrong, usually have loneliness.

It was already evening when Han Yi and Yu Xiaoxuan left after eating. After Han Yi and Yu Xiaoxuan returned home, they received a call from the old house, saying that Han Zhengshan asked Han Yi to go back.

Han Yi didn't want to bother, but after thinking about it, he went back.

As soon as I stepped into the door, I heard Han Zhengshan's angry voice, "Three reminders and four invites come back, Han Yi, your present shelf is getting bigger and bigger, even my father, who wants to see you, is difficult. right."

Han Yi looked at him coldly, "You're asking me to come back to this?"

Han Zhengshan threw the newspaper in his hand in front of Han Yi, "You look at the good things you did, and you are mixed with the artists you belong to, and you even got on the newspaper, and Han's face was completely lost by you."

Han Yi picked up the newspaper on the ground and glanced at it. It was the scene when he opened the door to Yu Xiaoxuan on the set today.

He smiled and said coolly, "My good father, the Han family is the most unworthy to tell me your face. The Han family's face was lost to you a few years ago."

Han Zhengshan's face changed, pointing to Han Yi, "Han Yi, this is how you talk to your father."

Han Yi drew his ears, "Don't say the same thing again, the ears start to cocoon. If you don't have anything else, I'll go first. I'm not like you. I know how to trick cats and dogs all day long."

Han Yi was about to stand up and leave.

"You wait a moment." Han Zhengshan stopped him, "I don't care what you do with this little star, and quickly clarify the relationship with her. I don't care if you play with women on weekdays, but your wife must not be a third-rate. Stars, there are so many ladies and ladies in the capital, I don't have any opinion on which one you choose."

Han Yi looked at him with a serious look and mocked, "My father, what kind of woman I want to marry, what kind of woman I don't want to marry is not up to you. You just have to take care of yourself. Well, just look at your wife more, lest you have a green grass on your head and you don't know it."

Xia Fei just heard this sentence when she came downstairs, her face stiffened, "Han Yi, don't talk nonsense." Then she looked at Han Zhengshan, "Zhengshan, you have to believe me, I absolutely did not do anything sorry to you thing."

Han Zhengshan comforted her, "I know, how can I not know what you do to me." Staring at Han Yi, "please think about what I'm telling you, if this woman is fun, I won't say it What's wrong, man, which one doesn't like to play, but it's absolutely not serious."

"Then I will tell you today that the woman in your mouth, the third-rate star is my girlfriend of Han Yi, the wife of the chairman of the Han Group in the future, the mother of the Han family."

"Nonsense!" Han Zhengshan patted the table. "She is an orphan who has nothing, and is also a drama,

and is also suitable for entering the door of my Han family? Han Yi, I tell you, don't want to step in as long as I live a day. The door of the Han family. Live with people before they get married, so I don't know what good women the checkpoint can be."

Han Yi's face sank completely. "Are you investigating her?" Although it was an interrogative sentence, the tone was very certain.

"I investigated her." Han Zhengshan admitted happily.

"Oh, it seems that you are still too busy." Han Yi sneered, looking at Xia Fei, "I want to know that Yu Xiaoxuan is not worthy of entering the Han family's door, what kind of woman can? In Ming Ming knows that there are women In the case of the husband, he would go along with others. If he is pregnant before marriage, he will go to someone who is a real wife. In front of him, will he be a scum that will kill his wife alive?"

Xia Fei's face was instantly pale, and Han Zhengshan's face was blue, "Han Yi, you shut up."

"I tell you, I just inform you, not to discuss with you, you can accept it or not, Yu Xiaoxuan will be my wife and Han's mistress in the future, if you treat her better, I can To give you an excellent life, I can tolerate even raising a waste person. If you let me know what you dare to do in the background, then don't blame the Han family for you."

"You... You are a rebellious son!" Han Zhengshan shook his hand, his face changed from green to purple, from purple to black, it was really beautiful, but Han Yi didn't take the time to take care of him, turned around and left, Yu Xiaoxuan is now at home alone What.Since the kidnapping happened, Han Yi tried not to leave Xiao Xuan alone at home.

There is a little cute saying that Our Lady Lan Lan, uh, I want to know where is the Mother Lan Lan?

249 Chapter 249

Han Yi left, but Han Zhengshan didn't lose his breath. His chest fluctuated violently, and even rolled his eyes. Xia Fei was terrified. Hurry and help him out, "Zhengshan, Zhengshan, don't be excited, you must take care of yourself , What should I do if something happens to you." Her voice was cried and pitiful.

Han Zhengshan eased his breath, but his face did not improve. "If you knew this today, I should have strangled him when he was born."

Xia Fei gave Han Zhengshan a good humor, "You don't know Han Yi's temper, you don't eat soft or hard,

you talk to him, he knows that you are for his good, naturally he will listen to it, you follow him like this Hard hit, he certainly won't listen to you."

Han Zhengshan heard this and sighed deeply, "If only he really listened to me."

"Then you can't be angry yourself, if you make yourself angry, what would you do with me? Han Yi didn't like me originally, if something happened, where is my life." Xia Fei Wiping tears.

Han Zhengshan felt distressed and couldn't be angry. He held Xia Fei in his arms and comforted him softly, "I'm not good, crying, just for you, I will take good care of myself, rest assured."

"This is what you said, you can't count without speaking."

"Guaranteed to speak and count, are you satisfied now?"

Xia Fei smiled, "Well." His eyes rolled, and he said, "In fact, you don't have to be too concerned about that little star's affairs. Do you think about Han Yi's temperament, has he been serious about women? I see He is pretending to be 80% of what he looks like today, just to irritate you. Soon, he will break up with the little star."

Han Zhengshan didn't think so. His son knew that if he didn't care about this woman, he wouldn't even bother to argue with him. Han Yi really liked the little star.

"If you don't worry, then I'll go find this woman. A woman like her must be for the Han family's money, as long as a sum of money can send her away." Xia Fei suggested.

This is a good idea, but where did the money come from? Han Yi gave it to them, and they paid a little for each month. Although the amount was quite large, they couldn't help but both of them would spend it.

Han Zhengshan also thought of this problem. His just-turned complexion sank again, and he regretted why he had given birth to Han Yi's bastard.

Xia Fei knew what Han Zhengshan was thinking at first glance, and said softly, "I'll find a way to deal with money."

Han Zhengshan looked at her, Xia Fei lowered her head embarrassedly, "Actually, I still have a piece of jewelry in my hand, that is the sapphire necklace you gave me, that was the first birthday gift you gave me. I don't want to wear it, so I didn't want to sell it when we had no money."

The sapphire necklace was auctioned by Han Zhengshan from an auction. At that time, it cost him about 50 million yuan. Now, if it is sold, it will naturally be more than this price.

Han Zhengshan sighed, "It's embarrassing for you. Marrying me makes you feel wronged a lot."

Xia Fei was in his arms, gently shaking his head, softly speaking, "As long as I can be with you, I will not be wronged."

Han Zhengshan was very comforting, but his apology for Xia Fei was even stronger. "You keep the necklace yourself, and I will pay for this money." Han Zhengshan actually still has a part of the shares of the Han Group. Yiyi secretly bought in the name of the money. Although the amount was not large each time, it has accumulated less and more over the years and has accumulated 3% of Han's shares. This matter is not even clear to Xia Fei.

Don't underestimate the 3%, the Han's Group's market value is more than 10 billion yuan, and the value of these 3% shares is also more than 100 million yuan.

Xia Fei's eyes flashed, a flash of joy flashed in his eyes, this old thing, finally willing to move the money.

In fact, the necklace that Xia Fei said was lost by her to the gambling table long ago. The reason for this is to let Han Zhengshan take out his hole card. Don't ask her how she knew that Han Zhengshan held the shares of the Han Group. She and Han Zhengshan had been a husband and wife for nearly ten years. How could she not know that little movement of Han Zhengshan?

Yu Xiaoxuan was surprised to see the person in front of her, she did not know the woman. She was shooting an advertisement just now, and a woman came outside and said she was looking for her. She came out and saw a strange face.

"Are you looking for me?" Yu Xiaoxuan asked.

Xia Fei looked at Yu Xiaoxuan with disdain. "You are Yu Xiaoxuan?" It looks prettier than the newspapers. The eyes are big and bright. No wonder Han Yi likes it. Han Yi likes it Woman with big eyes.

Yu Xiaoxuan frowned, she didn't like the look of the woman in front of her, "Yes. Which one are you?"

"It's just that." Xia Fei chuckled lightly, disdainful in the eyes.

"If you are fine, I will go first." Yu Xiaoxuan said unhappy, she still has a lot of work today.

"Wait." Xia Fei shouted at her, "I'm Han Yi's mother, and I want to talk to you."

Yu Xiaoxuan looked at her suspiciously. This woman looked no older than Han Yi, could she have a son as old as Han Yi?

Xia Fei understood Yu Xiaoxuan's eyes and was uncomfortable. "I am Han Yi's stepmother. Han Yi's father asked me to talk to you on his behalf."

Yu Xiaoxuan raised her eyebrows, "What do you want to talk to me about?" After she was with Han Yi, she never heard Han Yi mention his family.

Xia Fei glanced around, "Are you sure you want to be here?"

Yu Xiaoxuan pursed her lips and said to Sister Linda in the past. Linda glanced at Xia Fei and nodded. "Twenty minutes, you must come back in twenty minutes."

"it is good."

Yu Xiaoxuan followed Xia Fei to a cafe outside and sat in a corner.

"Drink something?" Xia Fei asked.

"No, I only have twenty minutes to go back to work."

Xia Fei looked at her, "Miss Yu is busy at work?"

Yu Xiaoxuan smiled, "Well, a little busy." So if you have something to say quickly, if you have farts, let go.

Xia Fei's face stiffened. This Yu Xiaoxuan was more troublesome than she thought, so she stopped turning around and placed a newspaper in front of Yu Xiaoxuan. "I hope Miss Yu can look at this first."

Yu Xiaoxuan picked it up and glanced, even his eyes didn't change, "What do you want to say?"

Xia Fei smiled, "Miss Yu, you should also know what kind of family the Han family is. If you play with Han Yi, neither my father nor I will object, but if you want to marry into the door of the Han family, I am afraid that Neither his dad would agree."

Yu Xiaoxuan seemed to laugh, "I don't know if this Han... Madam said such things as an identity?"

"Although I am not Han Yi's biological mother, I am Han Yi's father's wife and Han Yi's mother. I am also

your elder, and this time I came here on behalf of Han Yi's father." Xia Fei Said proudly that Yu Xiaoxuan couldn't figure out what she could be proud of.

"So what do you want to say to me today?" Yu Xiaoxuan asked.

Xia Fei's eyes flashed with anger, is this Yu Xiaoxuan really stupid or pretending to be stupid, "Han Yi's father hopes you can leave Han Yi, as long as you are willing to leave Han Yi, we will give you a sum of money, with this You can live a good life without relying on men for your money, and you are so young and beautiful. With money, what kind of man does not have."

Yu Xiaoxuan thought it was funny, and she really laughed out loud, "Ms. Han, don't tell you, since I have known Han Yi for so long, I have never listened to him mention his family, and he didn't even have a sentence, no Knowing that he cares too much about his family's unwillingness to mention you, still feels that these family members are not worthy of being his family, so he even disdains them."

Yu Xiaoxuan leaned on the back of the chair, her legs crossed, and her face seemed to be a smile, but she still had the harmless appearance in front of Shen Qinglan.

Xia Fei had found someone to investigate Yu Xiaoxuan before and came to understand her personality. Now she is completely different from what the information says, and such a change has only one conclusion, that is, the former Yu Xiaoxuan was all Pretending, she secretly gritted her teeth, this woman of different appearances.

If it weren't for Han Yi who cares too much about Yu Xiaoxuan, Xia Fei is worried that she will threaten her status after entering the door. She is really happy to let Yu Xiaoxuan enter the door. After all, Yu Xiaoxuan's parents have passed away some time ago. She is now an orphan, her family background is not outstanding, and she will not crush her after marrying into the Han family.

"Let's say, how exactly are you willing to leave Han Yi and leave the Han family." Xia Fei came to the point and she didn't want to go round with Yu Xiaoxuan.

Yu Xiaoxuan was surprised, "I never said I would leave Han Yi."

Xia Fei looked at her, "Miss Yu, just what I said just now, since ancient times, marriages without parental blessings have been unhappy and unjustified. You are now with Han Yi and can't get me With his dad's confession, you are not the daughter-in-law of the Han family. In the eyes of outsiders, you are just a mistress."

Yu Xiaoxuan was not angry or angry, but asked calmly, "So, how much benefit can I get if I leave Han Yi?"

Xia Fei's mouth was lightly tickled, and her eyes flashed with satisfaction, "Miss Yu is indeed a wise man." She took a check from her bag and placed it in front of Yu Xiaoxuan. "As long as you are willing to leave Han Yi, and you will be far away from Han Yi in the future Far, then this check is yours."

Yu Xiaoxuan picked it up, looked at the "0" behind the "5", and nodded, "The Han family is worthy of the Han family, and the shot is generous."

Xia Fei smiled. The depth of her eyes was full of disdain. The little family came out with no vision, and she was sent away with 5 million, but Xia Fei was happy to be able to solve Yu Xiaoxuan with 5 million.

"Now that you have accepted it, you have to do it. News like today, we don't want to see it for the second time."

Yu Xiaoxuan put the check on the table and looked at Xia Fei strangely, "What did I promise?"

Xia Fei was angry, "Miss Yu, you're bored like this. You just came back with my five million cheques and came up with it? Can't you be so shameless?"

Yu Xiaoxuan nodded in a serious way, "Well, this is really not very kind, but I never promised to accept this check, let alone..."

Yu Xiaoxuan paused and smiled, "If I continue to be with Han Yi, he can give me more than five million in this area."

Yu Xiaoxuan's words were typical of Xia Fei's insatiable greed. He froze his face and took a check from his bag to take on the table. "Ten million, now it's enough!" Xia Fei tried his best Not letting herself read the checks on the table, her heart hurts now.

Yesterday, Han Zhengshan gave her 20 million to let Yu Xiaoxuan pass, and Xia Fei changed it to 5 million without authorization. If Yu Xiaoxuan could be sent there, then the rest of the money would be hers, but I did not expect Yu Xiaoxuan to be greedy.

Yu Xiaoxuan picked up the check on the table, took a closer look in his hand, and said, "If I still disagree, would you still take out a check and hit me?" His eyes looked at Xia Fei brightly.

Xia Feiqi's face was all white. He clutched the strap of the bag tightly, and then forced himself to calm down without attack. "If you take the check and leave now, the money is yours. If you don't, I promise, You won't get any points in the future, you can think about my suggestion, leave while Han Yi still has feelings for you, leave a good memory for each other, and spend money to go to your own pastime In the day, Han Yi was tired of you and swept you out of the house, embarrassed."

Yu Xiaoxuan looked down, seemingly considering her suggestion, then she smiled, picked up the check on the table, and shook it in front of Xia Fei's eyes. "Thank you." Then she stood up and left.

Xia Fei looked at the back of her leaving with satisfaction, as long as she could pass the money. But after solving a Yu Xiaoxuan, there will also be a Li Xiaoxuan, Zhang Xiaoxuan, the best way is to choose a wife for Han Yi, let him get married early, it is best that the woman's temper is soft, family background can not be too good, this way It's better to handle.

Xia Fei was sitting alone in the cafe thinking about how to choose Han Yi's wife. Yu Xiaoxuan walked out of the cafe over there and looked at the cheque in his hand dismissively, pouted and returned to the studio.

In the evening, Han Yi still picked up Yu Xiaoxuan from get off work. "What's wrong, don't talk along the way?" Han Yi glanced at the silent Yu Xiaoxuan, which was not like her character.

"Isn't it because the news in the newspaper is not happy? Rest assured, I will deal with this matter, and this kind of thing will not happen in the future." Han Yi thought Yu Xiaoxuan was angry when he saw the news in the newspaper and comforted him softly. Road.

Yu Xiaoxuan glanced at him and said quietly, "Is Han Yi, in your eyes I am a woman who can't see the light, so you don't want our relationship to be known by the outside world?"

The gruesome tone of the tone made Han Yi's hands tremble with the steering wheel, and he quickly slammed on the brakes. Fortunately, there were not many pedestrians on this road, otherwise he would be scolded.

"My grandma, didn't you say you don't want the outside world to know our relationship, so that others would say that I'm unspoken about you, why is it now that I don't want to make it public? If you are willing, I will make it public now, telling you that you are My Han Yi's girlfriend."

Yu Xiaoxuan pouted, "You have so many girlfriends, who knows who is who."

Han Yi secretly groaned in his heart, regretting that he had not cleansed himself for the first time, "Then I said you are my fiancée, is that all right?"

"You didn't propose to me, nor did I promise to marry you, who is your fiancée."

Han Yi really was about to cry, bowing his head and asking, "So what do you say, what do you say I do, is that all right?"

"So perfunctory, there is no sincerity." Yu Xiaoxuan is still dissatisfied, she admits that she was looking for fault today, and somehow was sent by a cheque. Yu Xiaoxuan said that she is very upset now, and naturally has nothing to do with the culprit in front of her. Good face.

Han Yi no longer looked at it and now he saw that something was wrong, "Xiao Xuan, did something unpleasant happen today?"

"No, I'm hungry, let's go eat." Yu Xiaoxuan said.

Han Yi looked at her suspiciously, "Is it really all right?"

"Oh, it's okay, you guys are so wordy, let's go to dinner, I'm really starving to death."

"Okay, then go eat, I know a new restaurant is opened, and I will take you to try it today."

"it is good."

After eating, Yu Xiaoxuan and Han Yi went home. When Han Yi came out of the bathroom, he saw Yu Xiaoxuan sitting on his bed, still wearing pajamas, and raised his eyebrows.

"Withdraw your eyes, I came to talk to you today." Yu Xiaoxuan glared at him and tightened the gown's strap.

Han Yi retracted his gaze regretfully and sat down next to her, "Okay, what do you want to talk about?"

Yu Xiaoxuan stared at him, "Han Yi, I have known you for so long, except for the mother who mentioned you once you died, I haven't heard you mention other family members, what about your father?"

"How do you suddenly think of asking this?"

"Just thought of it. Tell me about your father."

Han Yi fainted, even his eyes were faint, "Nothing to say."

"But he is your father after all. If we get married in the future, I still can't see him."

Han Yi smiled slightly and looked at her with interest, "Want to marry me so much?"

Yu Xiaoxuan gave him a blank look. This man really couldn't say three sentences and lost his seriousness. "I mean seriously."

Han Yi shrugged. "What I told you is serious. In the future, we won't live with him even if we get married, so you don't have to control him. Instead of trying to please him, treat me better."

Yu Xiaoxuan understood that it seemed that Han Yi had a really bad relationship with his father. She handed Han Yi what she had been holding in her hand, "Well, this is what your stepmother gave me today."

Han Yi took the check in Yu Xiaoxuan's hand, and his face sank instantly, "What is the requirement for her to give you a check?"

Yu Xiaoxuan shrugged and said indifferently, "What else can I leave you, saying that I am not worthy of marrying into the Han family, even if I enter the Han family's door, they have to admit it." Yu Xiaoxuan will be today Xia Fei told her what Han Yi said, without any added fuel, only objectively stated the facts.

Han Yi's face was very dark, and a storm was brewing under his eyes. Yu Xiaoxuan looked at his black face, hugged his neck, and kissed him on the lips. "Don't be angry, I'm not being hurt. Bullying." Then he said to Han Yi that he had counterattacked Xia Fei. After that, looking at Han Yi, he was very proud, "How is it, I am very powerful, I am not so bully."

Han Yi was amused by her expression of praise, and kissed the corner of her mouth, "Yes, you are awesome and do awesome, if she comes to you again in the future, you will fight back fiercely, and I will be responsible for what happened."

"Well, Han Yi, I won't leave. As long as you don't betray me, I won't leave you." Yu Xiaoxuan said softly in Han Yi's ear.

Han Yi hugged her with warm smiles in her eyes, "Well, I won't leave you either."

The next day, Han Yi will return to the Han's old house after Xiao Xuan is delivered to the company. When he arrived home, Han Zhengshan and Xia Fei hadn't gotten up yet. The servant at home saw him and called the young master.

"What about the old man?" Han Yi asked.

The servant pointed upstairs, "Master and wife haven't gotten up yet, do I need to go up to call them now?" The servant also knew that the person who paid them the salary was Han Yi, and naturally respected Han Yi, but they were Clothing parents.

"No, I'll wait for them here. You can get busy first." Han Yi said, and then sat down at the dining table. "Make me a breakfast. It's better to have porridge."

"Okay, Master, wait a minute."

When Han Zhengshan came down from the upstairs, Han Yi had almost eaten. He wiped his mouth and stood up. "Yo, it really is a bitter spring day. Look at my dad, he is so energetic at this age. What."

Han Zhengshan's original good mood suddenly disappeared when he heard Han Yi's words. He looked at Han Yi and only felt his eyes hurt. If he could, he really didn't want to see Han Yi coming back, "Early in the morning What is going crazy."

Han Yi smiled, "I'm praising you for your good physical strength, dad, don't say that you are so confused that you can't even hear good words."

Han Zhengshan doesn't think it's a good thing, "If you're fine, go to work early, you don't have to worry about it at home."

Han Yi sat there, with a leisurely look, not at all anxious to go to work, "I have my own arrangements for the company's affairs, so you don't need to worry about it."

Xia Fei had a bad feeling when she saw Han Yi. She just went to Yu Xiaoxuan yesterday. Today, Han Yi went home. Wouldn't it be Xingshi's guilt, but the look on her face seemed unlikely.

For a time, Xia Fei did not know the purpose of Han Yi's return, so he sat down with Han Zhengshan and ate breakfast.

Han Yi just sat there watching them eat and didn't speak. His face was relaxed. Xia Fei was uncomfortable when he saw him. He ate two bites and put down his chopsticks. "Han Yi, have you eaten this morning? , I asked my aunt to do something for you."

Han Yi sneered, "It's enough to eat yours."

Being Han Yicheng, Xia Fei was dissatisfied but had no choice. Han family is now Han Yi's master. Where there is a share of her speaking, she can bear it, picking up chopsticks and continuing to eat.

Han Zhengshan also seems to be accustomed to Han Yi's attitude towards Xia Fei. He didn't care about Han Yi and ate breakfast slowly.

Seeing that they had eaten well, and put down the chopsticks, Han Yi put a check on the table, "Since you have all finished eating, let's talk about the business."

Xia Fei understood the moment he saw the check, Han Yi really came to Xingshi today to inquire.

Han Zhengshan took the check and glanced at it, his eyes unclear, "What is this for?"

"I also want to ask my good father, what do you mean by giving this check to Yu Xiaoxuan? Do you think my son is only worth 10 million in this area?"

"I clearly gave her 20 million." Han Zhengshan said subconsciously.

Han Yi heard the words, looked at Xia Fei with a smile.

"You see what Feifei is doing, this Yu Xiaoxuan is really not a good thing. Obviously, I received 20 million, but I told you that there was only 10 million. Why, she wanted to swallow the 10 million?"

"Yu Xiaoxuan would never do this. She didn't lack ten million at all, but some people..." Han Yi glanced at Xia Fei, saying it was meaningful.

Xia Fei lowered her eyes and clenched her hands under the table. She really did not expect that Yu Xiaoxuan not only told Han Yi, but even gave checks to Han Yi. She was not afraid of Han Yi. Abandon her in the future and leave her with nothing?

"Fifi wouldn't do this kind of thing either. She followed me for so many years. How did you treat me? I know it clearly. You know this matter, Yu Xiaoxuan. I will never agree to her entering the door of the Korean family. Yes, you now give her a sum of money to send her to us. We all look good on the face. If it breaks in the future and has a bad impact on her, don't blame me for not explaining it in advance."

Han Yi smiled at the corner of his mouth, and even the eyes of Peach Blossom were full of smiles, but the smile was not in the eyes, and it was cold, "My father, it seems that until today you have not understood who the Han family is. I've said it before, if you dare to do anything to Xiao Xuan, then your good days will be over, and you will forget it less than a week before I speak. My father, I should say Do you have a bad memory, or do you do it on purpose?"

Han Zhengshan's face was green, and he pointed at Han Yi speechlessly.

Han Yi stood up and stared down at them, "Since you don't want to listen to my advice, I can only tell you the truth."

"Han Yi, what do you want to do?" Xia Fei asked in horror.

Han Yi smiled mysteriously, "You will soon know."

He took the car key in his hand, and flicked it out of the door of Han's old mansion with a gesture of dangling, and then drove to the Han Group.

After Han Yi left, Han Zhengshan looked at Xia Fei, "Fi Fei, how about 20 million I gave you?"

Xia Fei knew that there would be such a smile, and smiled softly, "Here, there are 10 million here with me, I wanted to give you last night, but I was too tired, I will forget it, even if it is Han I don't mention it, I'm going to give it to you today."

"Why not give her 20 million to her?" Han Zhengshan asked Xia Fei's explanation.

"This girl hasn't seen any big money, so I thought about 10 million is enough." Xia Fei said, but did not expect Yu Xiaoxuan to be put together.

"She has no vision, but she is greedy and smart enough." Han Zhengshan said with a disdainful look.

When he first arrived at Han's Group, Han Yi told his assistant, "Find a way to buy the shares of Han's Group in my dad's hands, which must be lower than the market price of Han's Group by 20%."

The assistant was stunned. "Mr. Han, what did you just say?"

Han Yi's face was slightly cold, "I didn't hear clearly?" He has always been decisive in the shopping mall. He doesn't like to repeat it twice. The assistant knows his habit."

"Listen clearly, I'll do it right away." The assistant nodded in a hurry. He was so surprised just now that he didn't react at all.

Before the assistant left, Han Yi said another sentence, "I can't let my dad know that I want to buy, but after the transaction is successful, you can tell him that the person who bought his shares is me."

"Understood Mr. Han." The assistant responded and retreated. He followed Han Yi for many years. Naturally, he knew that the relationship between Han Yi and Han Zhengshan was very bad, but he didn't expect it to be so bad.

Han Yi snorted. Wasn't Han Zhengshan rich? He even used the money to smash Yu Xiaoxuan. Then he let him know who had more money.

Han Zhengshan has a lot of shares in Han's Group. Han Yi has long known that he hasn't managed it because he didn't care. No matter how many shares he has, he can't become the chairman of the Han Group.

"So you were sent by cheque?" Shen Qinglan looked at Yu Xiaoxuan and asked funny.

Yu Xiaoxuan nodded and took a sip of soup. "And it's still a full 10 million check. I didn't expect that such a bloody bridge would happen to me, but I didn't expect me in the eyes of Han people. It's quite valuable, 10 million hey, I'm so grown up, I haven't seen what 10 million looks like."

With that in mind, Yu Xiaoxuan still had some regrets. Why did she give 10 million to Han Yi at that time, she should stay and save it as a souvenir. When the child grows up, she will take out the check, Tell them how they were not tempted by money, and chose their father with determination and courage.

Thinking this way, Yu Xiaoxuan felt even more regretful, and said this to Shen Qinglan, "Does it make sense to say this?"

Shen Qinglan looked at her amusedly, "If you want it so, let Han Yi get the check back for you."

Yu Xiaoxuan immediately shook his head, "That's fine, his stepmother hides his sword in his smile at first sight, and looks a few years older than Han Yi. I heard Han Yi say that this stepmother had already told him when his mother was still alive. His dad was unclear, and it was estimated that Han Yi's relationship with his family was also choking."

There is no emotion on Shen Qinglan's face. Although her relationship with Chu Yunrong is much better now, Chu Yunrong is becoming a mother to her more and more, but she still can't do anything about

Chu Yunrong in Shen Qinglan's heart. Intimate and intimate, some feelings, once missing for too long, cannot be made up for in a short time.

"Just Qinglan, you said that his relationship with his family is so tense, what should I do if I marry him in the future?" Yu Xiaoxuan looked at Shen Qinglan nervously.

"We are planning to marry Han Yi so soon?"

Yu Xiaoxuan blushed at Shen Qinglan's ridiculous look. "I don't think so, I think about it that way. I'm going to get married anyway."

"Xiao Xuan, you just listen to Han Yi." Shen Qinglan said, Yu Xiaoxuan thought, Han Yi is a man of ideas, and he doesn't need to worry so much by himself. The most important thing is Now that he hasn't married him, he doesn't need to think about it.

"Also." Yu Xiaoxuan solved the noodles in a bowl or two, and then went to the school's graduation ceremony with Shen Qinglan.

Today's B campus is very lively, not only the students of our school, but also many students from other schools. These people are fans of Yu Xiaoxuan and Shen Qinglan, knowing that they will come back to the school today to participate in the graduation ceremony, so it is early Waited here.

The leaders of University B saw that there were too many people in the foreign school, so they had to take measures. Students outside the school were not allowed to enter. However, there were many people at the school's entrance.

The students of University B looked at the proud faces of those who wanted to enter but could not. Hey, your goddess is from our school, we can get close contact with the goddess, you can only stare.

The principal of University B is also very happy today. After all, this year B has produced a lot of outstanding students, especially Shen Qinglan. Now he has been used as an example by the teachers of University B to educate students. Yu Xiaoxuan is not famous enough but the number of fans The increase is rapid, and the popularity is rising day by day, and there is no negative news. For the teacher of Broken Jade B, if there is a big star, it can also increase the enrollment rate of the art performance department after B.

Shen Qinglan and Yu Xiaoxuan glanced far from the school gate surrounded by the sea, and their scalp tingled. "Qinglan, how can we get in with so many people?" Is it too late to regret not attending the ceremony?

Shen Qinglan also had some headaches. She glanced at the crowd and took out her mobile phone to make a call to the principal. After a while, she saw several security guards from the school security office, dispersing the crowd. Taking advantage of this gap, Yu Xiao Xuan and Shen Qinglan pulled the hats on their heads, covering most of their faces, and walked into the campus from the passage opened

by the security guard.

Some people have recognized them, but people have entered, and they can only shout at the backs of Shen Qinglan and Yu Xiaoxuan.

"Huh, Qinglan, your fans are terrible." Yu Xiaoxuan breathed a sigh of relief. Half of the people at the door just came for Shen Qinglan.

Shen Qinglan was also terrified. She was grateful for those who supported her, but she couldn't bear the enthusiasm for them.

The principal of University B was already waiting for them at the entrance of the auditorium. "Did you encounter anything on the road?" the principal asked with a smile.

Shen Qinglan shook his head, "Thank you principal." In addition to meeting a large number of fans at the door, after entering the school, although from time to time will receive the enthusiastic glances from the students, but probably received the order in advance, and no one came to ask Sign and take a photo.

Entering the auditorium, Shen Qinglan and Yu Xiaoxuan just wanted to go to their class position, but the principal stopped her, "Student Shen, your position is there." The principal pointed to a position beside the first row. "I hope you can speak on behalf of outstanding graduates today."

Shen Qinglan looked toward the position pointed by the principal, raising an eyebrow. "I didn't prepare a speech."

"It doesn't matter, you just go up and say a few words." The principal immediately said, seeming to have made up his mind to let Shen Qinglan speak up.

The principal said so, this face Shen Qinglan still had to give, followed the principal to walk over, looked at Yu Xiaoxuan, Yu Xiaoxuan gave her a gesture of cheering.

250 Chapter 250 Shen Qinglan, who can only sing children's songs

The process of the graduation ceremony is the same. When Shen Qinglan spoke, it was almost an hour. When Shen Qinglan stood up and walked to the stage, the students of University B did not know Shen Qinglan, especially her class. When she saw her on stage, cheers immediately sounded on the scene. Shen Qinglan made a quiet gesture. The auditorium was suddenly so quiet that the needle was audible. The huge contrast between the front and the back made people not admire.

Shen Qinglan looked around and spoke slowly. Qingyue's voice flowed in every corner of the auditorium. Her speech was not generous or passionate, but everyone who heard her spoke a face. Bloody and

excited.

Headmaster B saw this scene and smiled into a chrysanthemum.

Shen Qinglan's speech just fell, and there was a wave of applause suddenly in the auditorium. Yu Xiaoxuan clapped hard, her palms were red and unconscious, she looked at the glorious Shen Qinglan on the stage, All pride in her eyes, this is her best friend!

Shen Qinglan's eyes were shallow, and suddenly he looked at a corner, and a tall man was standing there, looking at her with a smile.

Looking at the man, Shen Qinglan's eyes were full of smiles. She didn't expect that her graduation ceremony Fu Hengyi would appear here.

Stepping down from the stage, Shen Qinglan did not return to the seat, but walked to the man. She was the focus of the audience. Every move was under everyone's eyelids. Everyone finally noticed that they stood in the corner when they did not know when. Man.

Fu Hengyi looked at Shen Qinglan and watched her walk through the crowd to walk towards her, slowly extending her hand. Shen Qinglan put his hand on his hand, "How come you come?"

"Today is your graduation ceremony. Of course I have to come on such an important day." Fu Hengyi said warmly.

Shen Qinglan smiled slightly.

"Is this Shen Qinglan's fiance? It looks so handsome."

"This man is really handsome and looks as good as Shen Qinglan standing together."

The students whispered at the scene.

Everyone was watching them. Most of them saw Fu Hengyi for the first time. They always knew the news of Shen Qinglan's engagement. Now they saw real people and watched them standing together as a match, and they gave them away with applause. With my most sincere wishes.

The atmosphere at the scene was too high, which was not conducive to the progress of the following

process. Shen Qinglan greeted the principal and then left the auditorium with Fu Hengyi.

They did not leave school, but hung out on campus.

"Are you really okay to come out like this today?" Shen Qinglan was held by Fu Hengyi and spoke softly.

Fu Hengyi smiled, "It's okay. I came to the Beijing Military Region for a regular meeting. It doesn't matter if this time comes out. I'll leave later. Qinglan, I was so lucky to see you standing on the stage today. Others have tied you to me before they found you good."

Today, looking at the shining Shen Qinglan on the stage, Fu Hengyi's heart is both happy and complicated.

"No matter how high I stand, I am your wife, and I will always be." Shen Qinglan smiled slightly and said softly. Fu Hengyi, even if I didn't meet you at that time, I would wait for you to come, because no one in this world would tolerate me, hurt me, love me like you, and there would never be another person who made me love so deeply.

"Fu Hengyi, I seem to have some belief in fate now." Shen Qinglan said suddenly.

Fu Hengyi looked at her sideways.

"Except when I was a child, I have been back to the Shen family for six years. I have been to the Fu family for a few times, but I have never met you once, but when I was helpless, you appeared in front of me." Shen Qinglan crooked his head and watch him smile.

Fu Hengyi thought about the process of their acquaintance, and could not help laughing, "I am also very glad that the person who appeared in front of you at that time was me."

"Fu Hengyi, our wedding was in September. Last time my grandfather said you had someone to do the wedding dress?"

"Well." In fact, after confirming the Chinese wedding, Fu Hengyi has already started to prepare the wedding dress. This wedding dress is very cumbersome. Just the embroidery above, it will take five embroidered girls half a year, if You can't do it without preparation in advance.

Although Shen Qinglan said that she only wanted a simple wedding, the wedding was a big event for a woman's life, and he wanted to give her the best.

The two chatted casually while hanging out on campus.

**

Yu Xiaoxuan came out of the auditorium and found Shen Qinglan and Fu Hengyi at the school's Weiming Lake. "Fu Ye is good."

When Yu Xiaoxuan saw Fu Hengyi, he was still a bit cautious. Fu Hengyi smiled and said to Shen Qinglan, "Then I will go first."

"Okay." Shen Qinglan nodded and watched Fu Hengyi leave. Yu Xiaoxuan looked at Shen Qinglan dumbfounded. "Why did I leave him as soon as I came? Did I bother you?"

Shen Qinglan explained, "No, he still has something today, so he will go first."

"Oh, let's go to the class teacher and get the graduation certificate. Let's go." Yu Xiaoxuan said.

Shen Qinglan nodded, "Let's go."

The head teacher has been waiting for them in the office. When they came, they handed them the graduation certificate and the degree certificate. "This is yours. This is Fang Tong. She has called me to give you the certificate. go back."

"Thank you Teacher Li." Shen Qinglan thanked.

Shen Qinglan and the two were about to leave. Teacher Li called the two of them to stay, "Qinglan, wait for a class dinner, are you attending?"

Shen Qinglan stopped and thought for a while, then nodded, "Okay, Mr. Li, where is the dinner?"

"Let's see." Teacher Li took out his phone and glanced, "At the Huangting Hotel."

After a moment of contemplation, Shen Qinglan said, "Changing the charm color, I know the charm color boss. I asked for this meal, as if I thanked the classmates for my care."

At the time when the disturbance of sponsorship had just started, many people in the school said that Shen Qinglan was rich and raised a small white face. Only the people in their class had always firmly believed that Shen Qinglan was innocent. Although this matter was not mentioned by Shen Qinglan, but But I kept in mind, always thinking about finding an opportunity to thank them, this time happened to be a good opportunity.

Teacher Li was a little hesitant, she knew the level of charm of consumption.

Seeing what she was worried about, Yu Xiaoxuan said with a smile, "Ms. Li does not need to save money for Qinglan, she now has money."

Teacher Li thought about it, nodded and agreed, "Then I will send a message in the group."

Shen Qinglan nodded, then called the charmer's manager to ask him to prepare a luxurious box and a set of dishes.

Shen Qinglan said, even if there was no box manager, she would make room for her, so when a group of people reached the charm, everything was ready.

Some people came to such occasions for the first time, only to marvel at such a luxurious decoration! Some people are envious of it. If such a place is not brought by Shen Qinglan, I am afraid they will not come to such an occasion in this life.

"Everything is counted as mine today, you have fun, there is a bar downstairs, KTV upstairs, you are free." Shen Qinglan said.

Although she said so, everyone is still very restrained. You look at me with the menu. I look at you. No one dares to order. For this, Shen Qinglan is also helpless. She chose to entertain them so she chose. Here, just looking at how they couldn't let go, she vaguely regretted her poor consideration.

Yu Xiaoxuan noticed the annoyance in Shen Qinglan's eyes and stood up and took the menu into his hands. "You are all stunned and ordering. It is rare today that you can kill Qinglan. You must not save her for her. "Speaking, finger by bit, I ordered several dishes."

Because of the active atmosphere, the atmosphere in the box was finally not as dull as it was. Under the leadership of Xiao Xuan, those people who were more active on weekdays finally moved. With the participation of these people, the box soon became lively.

"Qinglan, we have ordered a lot of dishes. Don't feel distressed when you check out later." Someone shouted at Shen Qinglan.

Shen Qinglan smiled slightly, "Although you want to eat whatever you want, you are free to play whatever you want, and all spending tonight is counted on my head."

She rarely smiles on weekdays, and suddenly seeing this smile, everyone is a little dazed, and some boys even blushed, lowering their heads to cover their beating heart, silently thinking: this flower is poisonous, this flower is poisonous.

A boy meditation on this word came to Yu Xiaoxuan's ear, and was later learned by Yu Xiaoxuan to Shen Qinglan, making Shen Qinglan cry and laugh.

After eating, they were all a group of young people. Naturally, it didn't end so soon, and they went directly to the KTV upstairs to continue to hi.

Shen Qinglan stayed with him for a while, and then sneaked up after receiving Fu Hengyi's call, leaving

only Yu Xiaoxuan to continue with them.

When Shen Qinglan came out of the charm, Fu Hengyi was already waiting outside. "Let's go." Shen Qinglan said.

Fu Hengyi shook his head, "I just came to see you, and I will rush back to the military area tonight. Now that I'm done, go up."

Shen Qinglan was disappointed. She thought Fu Hengyi could go home tonight.

Fu Hengyi touched her hair, "I'll be back at the end of the month, not a few days."

"Then I will send you." Shen Qinglan said.

Fu Hengyi chuckled, "So reluctant to me?"

Shen Qinglan nodded, "Well, I can't bear you."

Fu Hengyi hugged her and kissed her forehead lightly, "Today is your class dinner, you are the master, it is not good to go, go up."

After thinking for a while, Shen Qinglan felt that she seemed a little hypocritical, and nodded, "Well, drive carefully on the road."

Fu Hengyi nodded, stretched her hand and gently scraped the tip of her nose, "Got it, stewardess."

Shen Qinglan watched Fu Hengyi leave, until he couldn't see his car before turning back upstairs.

"Eh, Qinglan, where did you just go, we couldn't find you." A girl saw her coming in and said.

Singing in the box, Shen Qinglan did not hear clearly, and the girl repeated it again.

"Go to the toilet."

The girl gave a sigh and handed the microphone to her. "We all sang. Let's have a song." This proposal was unanimously approved by everyone. A group of people looked at her expectantly. Shen Qinglan looked at Yu Xiaoxuan. Yu Xiaoxuan not only did not help her but also coaxed there, "Yes, Qinglan, come and sing a song. We have known you for so many years. I haven't heard you sing."

Shen Qinglan glanced silently at the lively Yu Xiaoxuan.

"I can't sing." Shen Qinglan said.

Everyone only treats her as polite, "It doesn't matter, you can just sing a song. The opportunity is rare

today, Qinglan, you must give us this face." The monitor of their class took the lead.

Everyone nodded together.

Shen Qinglan's eyes swept around everyone's face, and finally nodded in everyone's expectant eyes, "Okay. But I will only sing a children's song."

"What song?" someone asked.

Shen Qinglan pursed her lips, then spit out a few words, "Two tigers."

The box quieted down instantly, everyone looked at me, I looked at you, I just felt a thunderstorm rolling, just now they had heard it wrong, Shen Qinglan, who was their goddess, only sang children's songs, or "Two Tigers" ".

Yu Xiaoxuan stayed for a while, and then couldn't help but want to laugh. If she didn't look at Shen Qinglan's eyes, she promised that she would laugh, and she didn't expect that Shen Qinglan would only sing children's songs.

Some people have already ordered "Two Tigers", and because of the fact that there are really children's songs in places like Charm, the familiar melody sounds. Shen Qinglan looked at the two little tigers on the screen and could only speak hard.

"Two tigers, two tigers run fast, run fast, have no tail, no ears, so strange, really strange..."

Just as soon as he opened his mouth, everyone's expression was even more weird than when he heard Shen Qinglan saying that he would only sing children's songs.

Shen Qinglan's singing is really...incredible...

People with inadequate sounds sing better than her. They sing for more money. She sings terribly. Now everyone finally understands why Shen Qinglan only sings a children's song.

Even a person who can sing such a simple song like "Two Tigers" is so difficult for her.

After the song was over, everyone still applauded with respect, so what, although it was not good to hear, but the others sang it anyway, Shen Qinglan handed the microphone to the person next to it, everyone continued to sing and drink, but no one was there anymore. It was proposed to let Shen Qinglan sing, and Shen Qinglan also got a quiet.

Halfway through singing, someone has already gone to the bar downstairs. In the charm, Shen Qinglan is not worried at all. It is also her place here. There is nothing wrong with it. It is because of this, but I did not expect to make it. Something big happened.

"Laugh if you want to laugh." Shen Qinglan saw Yu Xiaoxuan staring at her, and she said helplessly as if she didn't dare to laugh, and she knew what level of singing she was.

"Puff ha ha ha." Yu Xiaoxuan laughed abruptly, "Qing Lan, I really didn't expect you to sing like this, puff ha ha ha."

Seeing that Yu Xiaoxuan couldn't laugh alone, Shen Qinglan's hand was a little itchy. Yu Xiaoxuan finally laughed enough and stopped, looking at Shen Qinglan, his eyes were very strange.

"Qinglan, didn't I say you, didn't you dance very well, and the sense of music is quite strong, how to sing..."

Shen Qinglan couldn't answer this question, she was a wonderful flower with a very strong sense of music but incomplete pentatonic.

While talking to Yu Xiaoxuan, the charming manager suddenly pushed open the box and walked in, "Miss Shen, your friend has an accident."

"What's wrong?" Shen Qinglan asked.

The charming manager whispered a word in Shen Qinglan's ear. Shen Qinglan stood up and saw the other people's eyes. "The manager said that he saw a friend who was drunk below. I'll go and see."

"Go, go, here we are ourselves." Everyone understood, Shen Qinglan gave Yu Xiaoxuan a wink, and Yu Xiaoxuan nodded.

Shen Qinglan followed the charming manager to leave the box and pushed away another box not far away. In this box, a few sons and brothers were playing together, and the object of their play was a young girl, the girl was taken by a few people. Surrounded in the middle, with a look of panic, she saw Shen Qinglan coming in. She suddenly looked upset and wanted to run towards Shen Qinglan, but she was held by one of the elder brothers. "Beauty, where do you want to go? Want to run without solving?"

Shen Qinglan recognized this girl as a girl in their class named Tan Yuxin.

Tan Yuxin looked at Shen Qinglan with tears all over his face, "Qinglan, you help me."

After hearing a few sons and brothers, it turned out that they knew each other, and the sight of Shen Qinglan suddenly became strange. They recognized Shen Qinglan.

"What happened?" Shen Qinglan glanced at the box and spoke quietly.

"It turns out that Miss Shen knows this beautiful woman, then this matter is easy to handle." One of the men in purple clothes stood up and said, "Your friend broke a piece of jade from my friend. This piece of

jade is Their family heirloom is worth a lot. What should you do about it?"

The broken jade was placed on the coffee table, and Shen Qinglan saw it at a glance. She picked up a piece of broken jade and looked at it in her hand. The condition was not bad, but if the value was not enough, this group of people was obviously a gangster.

The charming color manager stood beside Shen Qinglan and introduced her the identity of these people in her ears. They turned out to be the famous second ancestors in the capital.

Shen Qinglan looked at Tan Yuxin, "You tell me what happened?"

Tan Yuxin shook his head ever since the brother in the purple dress just said that she had broken the jade. When she saw Shen Qinglan asking her, she said.

It turned out that Tan Yuxin and a few people went to the bar below to play, and once had a bit of greedy drink, she wanted to go back to the box and take a break. As a result, she went to the wrong box and ran into a person head-on, but Yu wasn't broken by her. Because the jade was in the hands of another person, and it was only after she hit the person that the jade was broken after a while.

Shen Qinglan looked at the man in purple clothes, "Is my friend right?"

The man in the purple dress snorted, "So what if, if she suddenly broke in, could my friend be frightened to break the jade? Does this matter have anything to do with your friend? Miss Shen, I know You're the Shen family's money, and our family history is not as good as you, but the Shen family should also be reasonable. It's not expensive to break other people's things. This piece of jade is not expensive. Two million, I think for Miss Shen, this little money is drizzle."

"You nonsense, you just said that this piece of jade is worth half a million yuan." Tan Yuxin said loudly.

The purple man's face stiffened, and he recovered instantly. "I just saw that you have no money, and the whole body is not as expensive as my pair of shoes. I pity you to say so. This is my friend's heirloom. One fraction is not enough."

Tan Yuxin's despair, with her family, does not even have 500,000, let alone two million.

"So you are trying to ridicule people?" Shen Qinglan said lightly.

The man in the purple dress smiled, "Miss Shen, what you said is wrong, what is wrong, I am a friendly price, if according to the market valuation, the value of this piece of jade is tens of millions. If not Looking at Shen's face, how could these two million be enough."

Shen Qinglan looked at him coldly, "Then you don't have to pay a friendly price, we call the expert valuation, I will pay you how much, but if the valuation is less than 500,000, hehe..."

Shen Qinglan didn't go on, but the meaning behind was obviously not too good.

Tan Yuxin has run to Shen Qinglan's side, hiding behind Shen Qinglan and whispering, "Sorry Shen Qinglan, I'm causing you trouble."

Shen Qinglan shook his head, "I'll leave it to me." The gang obviously came here to find fault.

Shen Qinglan looked at the charm color manager, "Wrap this jade for me, and there is no less than one fragment. I will send it to the antique appraisal office tomorrow, and ask an expert to appraise it."

The charmer manager nodded. The man in purple clothes didn't notice the charmer manager at the beginning, he recognized it now, and he obeyed Shen Qinglan, and suddenly had a bad hunch in his heart, blocking the charmer manager from allowing him. Take the broken jade, "Who allows you to take the jade away, what if you take the jade off?"

Shen Qinglan's eyes were cold, and he said in a cold voice, "I Shen Qinglan dare to do things and dare to do things, never do the things of the rat generation, if you don't worry, then this jade will be left to your own custody. Identification."

The man in the purple dress still disagreed, "What do I do? I said this is a family heirloom, worth a lot of money, and now it's broken. You don't want to say anything. You are still here. What do you mean?"

Shen Qinglan sneered, looking at the corner covered by these men. "I also want to know what Lin Gongzi means. Isn't it fun to watch movies while hiding behind others?"

Looking at the charmer manager, it was found that Lin Hao, the grandfather of the Lin Group, was sitting there. He was still wondering. Lin Hao came with this group of people. Why didn't he see him when he came in?

Lin Hao laughed out loud, "Oh, I haven't seen it for a while, but Miss Shen has become more majestic."

He came out of the darkness and looked at Shen Qinglan's eyes as a vulture.

"I didn't expect that Mr. Lin was gone for a while, and he was so brave. Why wasn't he beaten last time?"

Lin Hao's expression was stiff. Last year, he lost to Shen Qinglan because of the racing. He was taught by Shen Qinglan. Originally, she wanted to let Shi Gang people teach her. As a result, Shi Gang's waste can't even teach a woman. Not only in this way, he was beaten up by the stone gang afterwards. Hiding at home for several days and daring to go out

Later, knowing Shen Qinglan's identity, Lin Hao was indeed afraid of Shen Qinglan, and nothing would never appear in front of Shen Qinglan. Even if he hooked up with Li Xitong, Li Xitong had blown pillows in front of Lin Hao many times and wanted Lin Hao to deal with her. Lin Hao pretended not to hear.

But some time ago, Li Xitong entered the detoxification center. Looking at the old feelings in the past, Lin Hao visited her once. Li Xitong told him that she would become like this now. Shen Qinglan was hurt, Shen Qinglan was not only a waste Her hands also gave her a DP injection, which made her addicted to drug addiction. Even his black material was revealed by Shen Qinglan.

Lin Hao was crying a lot because of this black material.

In order to save Lin Hao, the Lin family lost half of their family property, but in the end, they only exchanged bail. That is to say, Lin Hao is still a suspect, and he can't go anywhere.

So Lin Hao hated Shen Qinglan, if he could, he would be happy to make a trip to Shen Qinglan.

Today he saw Tan Yuxin and Shen Qinglan coming together for charm, and had no plans to do anything. After all, there was no reason, but who let Tan Yuxin go the wrong box, he would be sorry for this coincidence if he didn't do anything.

Shen Qinglan looked at Lin Hao, only to feel that this man was a lot more gloomy than when he saw it last time, "Lin Hao, when I lost, I said I saw a detour, you don't Will forget so soon."

The gloom in Lin Hao's eyes increased again, and he looked at Shen Qinglan coldly, "Does Miss Shen want to do it again? I want to know Miss Tang Shentang, the famous painter Leng Qingqiu, if it comes out to make trouble on KTV What about the news, it's really interesting to think about that picture."

"You can try it." Shen Qinglan spoke lightly, his voice not hurrying, not affected by Lin Hao's words at all.

"Oh. Sure, it's the Miss Shen family, so even the words are so straightforward." Lin Hao said ecstatically.

Shen Qinglan frowned slightly, "Say, how do you want to solve this matter, I have seen things, whether it is a valuable baby, we have counts in our hearts." Her eyes swept across the faces of other brothers, "I don't think you guys are really looking for trouble, most of them are instigated."

There was a touch of coercion in the cold eyes. Several brothers, you looked at me, I looked at you, and there was no word. Shen Qinglan continued, "Is the question about jade broken by my friend? It's very simple."

She turned and pointed to the door of the box. The box was facing the staircase. A surveillance camera there was facing this direction. A few people looked weird.

"Even the manager, you go to the monitor to see what's going on. If my friend broke it, the price will be compensated and charged to my account." She paused. "If it isn't, then please ask An apology to my friend."

She also just noticed that there is a monitor here, which saves her a lot of things.

The elder brothers looked at each other and looked at Lin Hao together. After all, it was because of him that Lin Hao sneered. "Miss Shen is trying to suppress people with power?"

Shen Qinglan chuckled lightly, "Mr. Lin said with a smile, I just wanted to speak with the facts."

The charming color manager nodded and went to the monitoring room to get the surveillance video. This action suddenly panicked a few son brothers. This piece of jade was nothing but tens of thousands of pieces of purchased items. Where is the heirloom, if it is true. Checking the monitoring, they are deliberately wronging people, this matter can be large or small.

If Shen Qinglan doesn't investigate, then this matter will stop here. If she wants to care about it, then after going back, the family will definitely not let them go easily. After all, if she offends Miss Shen Jia, it is equivalent to offend Junlan Group. The companies in these people's homes are incomparable to the Junlan Group.

If they didn't dare to offend Shen Qinglan on weekdays, everybody came out today to drink and drink alcohol, plus Lin Hao said just now, Shen Qinglan's temper is a soft, or a temperless person. Lin Hao was agitated by a few words, and immediately got excited, and felt that it would be a very happy thing if she could bully the young lady of the Shen family. But the facts are far from what they thought.

The man in the purple dress pointed at Lin Hao, "Miss Shen, this matter has nothing to do with us. Lin Hao asked us to do this."

Lin Hao didn't expect that these gangs immediately turned to each other, and suddenly his face was black, "What are you talking about?"

"We don't have any nonsense. You said that Miss Shen is a soft persimmon. The Shen family has money. I don't want to spend any money to spend the flowers. I'm sorry for this opportunity." Another brother said, and the others nodded in agreement.

"You gang of traitors." Lin Haoqi's face was blue.

Several brothers didn't think there was anything wrong with this. They played well with Lin Hao, but they just played well.

The man in the purple dress continued, "Miss Shen, today's thing is a misunderstanding. This piece of jade is worthless. It will break if it breaks. It's no big deal. It's not too early today, so we'll go first."

A few of the elder brothers suddenly heard it, and quickly echoed, "Yes, Miss Shen, we are just making a joke with your friends. Don't worry about it." After looking at each other, I wanted to leave the box.

"Stop." Shen Qinglan spoke lightly, and several of the brothers immediately paused and looked at Shen Qinglan, the man in purple clothes, "Miss Shen, what do you ask?"

"Do you need to apologize for doing something wrong?"

Several people immediately understood that they all said sorry to Tan Yuxin, and then they fled from the box.

Tan Yuxin was a little dumbfounded at the development of things. She stared blankly at everything in front of her, not knowing what to say.

Shen Qinglan patted her shoulder, seeing her recover, and said lightly, "You go back to the box first."

"Oh." Tan Yuxin nodded and walked out. The manager of the charm color also retreated, leaving only Lin Hao and Shen Qinglan in the box.

Shen Qinglan looked at Lin Hao, "What else do you have to say?"

Lin Hao's expression was awkward, and there was still a trace of fear deep in his eyes. This was the instinctive reaction left after Shen Qinglan's lesson last time. Hearing Shen Qinglan's words, he pointed to Shen Qinglan and complained aloud, "What the heir of Shen's family is, The well-known painter Leng Qingqiu is nothing but a poisonous woman. Everyone outside thinks how kind you are. Who knows how cruel you are, even if Xitong is not Shen's biological daughter. When you rushed out of the Shen family, you rushed out of the Shen's family. It's okay to rush out. She even mutilated her hand. She is a pianist, who eats by hand. Didn't you force her to die by breaking her hands? She What's wrong? And it also made her addicted to drugs, saying that the most poisonous woman's heart, this is really true for you."

Shen Qinglan's expression was indifferent. In the face of Lin Hao's complaint, even her eyes did not fluctuate. She glanced at Lin Hao lightly. "Did you finish?"

"No, Shen Qinglan, you did my thing, did you report it? Do you really think that what you do is not known?"

Shen Qinglan, who was arrested by Lin Hao, knew and knew it was done by Wen Xiyao, but he did not deny it at the moment, "How is it? If you haven't done those things, I will be useless even if I report them." After all, Lin Hao is a scum, but today it seems that he still has one or two points of affection for Li Xitong.

Shen Qinglan took a step closer to Lin Hao. Lin Hao subconsciously stepped back, his eyes terrified, "What do you want to do? If you start here, I can sue you."

Shen Qinglan chuckled. She thought Lin Hao was really brave, but it turned out to be just a paper tiger.

"Shen Qinglan, now is a society ruled by law, not when your Shen family covers the sky with one hand." Lin Hao gritted his teeth.

Shen Qinglan looked at him like looking at a clown who jumped on the beam, "So you should also pay the price you deserve for your actions."

Hearing the words, Lin Hao's expression was fierce, "Shen Qinglan, are you afraid of being retaliated for doing such a thing?"

Shen Qinglan's expression was indifferent, "I have never been guilty of doing things. Li Xitong, since she told you so much, did she tell you why she fell to the point where she is today, and why the Shen family will drive her out, Lin Hao, man Can be stupid once, but not stupid again and again. Have a chance to go back and ask.

After Shen Qinglan finished speaking, he turned around and left, leaving Lin Hao standing alone, his face changing.

Shen Qinglan walked out of the box and made a phone call to Shen Junyu. Some of the signs should be strangled as soon as he emerged.

When Shen Qinglan returned to the box, Tan Yuxin had already returned.

"Is the matter resolved?" Yu Xiaoxuan asked softly. Although she didn't know what happened, she just saw Tan Yuxin's expression when she came back, and guessed that something should be related to her.

Shen Qinglan nodded, and no one cared about her departure. He didn't know that such a conflict had just happened.

Tan Yuxin passed through the "Terror" just now, and his drowsy head was completely awake. After returning, he just sat in the corner and quietly drank mineral water, not interested.

Hi, until midnight, the party was gone, Tan Yuxin walked at the end, and said thank you to Shen Qinglan when she left.

"I don't blame you for things today, don't think about it."

Tan Yuxin said thank you again, and then went back.

Shen Qinglan sent Yu Xiaoxuan home before driving back to Jiangxin Yayuan. Just after opening the door, Shen Qinglan's expression changed suddenly, and he said quietly, "Come out."

There was a chuckle in the darkness, and then the living room lights turned on.
