

Pampering

271 271 Encounter?

In Beijing, Shen Junyu hung up the phone and saw Yu Bin, the assistant waiting on the side, asked Wen Sheng, "What's the matter?"

Yu Bin said, "Mr. Shen, you are going to pick up Mr. Wen at three in the afternoon and go to a charity party together at night. Don't forget."

"Well, I know, is there anything else?" Shen Junyu asked when Yu Bin didn't leave.

"During your meeting today, a lady named Chen Su called you several times. Do you need to return her one?"

When Shen Junyu held a meeting, the phone was handed over to Yu Bin. Except for the calls from Shen Qinglan, home and Wen Xiyao, other calls were not answered during the meeting, so Shen Junyu just came out of the meeting room to answer Shen Qing. Lan's phone.

"No, let's let General Qin preside over the next meeting. I have to leave beforehand."

Yu Bin nodded and waited for Shen Junyu to leave by elevator before entering the conference room.

As soon as Shen Junyu walked downstairs, she saw Chen Su waiting in the lobby, "Junyu."

Shen Junyu stopped, "Chen Su?"

Chen Su stood up and said with a smile, "Mr. Shen really is not what he used to be. I want to see you and make an appointment first."

Shen Junyu chuckled, "Where, if I was in a meeting just now, I was thinking of waiting for you to call you back and you will come."

"Then have a meal together at noon?" Chen Su said.

After thinking for a while, Shen Junyu nodded, "Yes, we, Chen Damei, have all spoken. Why do I have a reason to refuse?"

Chen Su drove by himself, and Shen Junyu didn't go to drive his own car. He went directly to Chen Su's car. "Where to eat?" Chen Su asked while driving.

"Naturally listen to you." Shen Junyu smiled.

"I have been abroad for a few years, and I am not familiar with the country anymore. Let me recommend it."

After thinking for a while, Shen Junyu reported an address and Chen Su opened the navigation.

Shen Junyu was holding a mobile phone in his hand and was texting Wen Xiyao. Chen Su glanced at Yu Guang and said, "Will you go out to eat with friends and have to report to your family?" Joke tone.

Shen Junyu put the phone in his pocket and smiled, "Since we are engaged, we are responsible for others."

Chen Su's eyes crossed a bit of sadness. She was only sent by the company to study abroad for a few months. When she returned, she discovered that Shen Junyu was actually engaged.

"I haven't congratulated you on your engagement yet. I just came back from abroad and didn't have time to prepare a gift. When will you hold the wedding, I will prepare a big red envelope for you."

Shen Junyu said softly, "It's too early for the wedding. In March next year, you will definitely be invited to drink a glass of wedding wine."

"Is your fiancée the one we met in the restaurant last time?"

"Well, her name is Wen Xiyao and she is the general manager of Xinhe International."

Chen Su looked at Shen Junyu's gentle eyebrows when he mentioned Wen Xiyao, and the smile on his face was a little stiff. He regretted why he had mentioned this topic, but he was deeply curious about this Wen Xiyao woman.

"You met at work?" Chen Su asked curiously.

Shen Junyu smiled slightly. "Yeah, I don't know her." When thinking of meeting Wen Xiyao, the smile in Shen Junyu's eyes was even stronger.

Chen Su's heart seemed to be pierced by a needle, and he was a little flustered. Fortunately, the restaurant was here soon.

Chen Su got off and walked into the restaurant with Shen Junyu.

Shen Junyu handed the menu to Chen Su and said, "This restaurant was opened the previous year. My customers and I have eaten a few times and it tastes good. You haven't been in Beijing for so many years, but you can try it."

Chen Su glanced at the menu twice and handed it to Shen Junyu, "Even if I am still not good at ordering food, let's do it. I'll just wait and eat. Our classmates for so many years, you won't even contact me. Have you forgotten your taste?"

Shen Junyu smiled slightly, "Where can I." Ordered a few dishes, looked at Chen Su with a smile, "I can remember these things right?"

Chen Su smiled, "After all these years, I didn't expect you to remember what I love to eat."

This is very imaginative. Shen Junyu just smiled and said, "I think several other people will not forget your taste. In those days, you were very fond of these dishes. Every time you go out to eat, you must order, after four years, we can't remember how many times you have eaten, it's hard to remember.

"This shows that I am a long-selling person. Once I like something, it will not change easily. This is true for dishes, and it is also true for people." Chen Suding looked at Shen Junyu and said seriously.

Shen Junyu didn't know what Chen Su wanted to express. He didn't say he didn't like Chen Su when he was studying. Now he's already engaged in Wen Xiyao, and he also likes Wen Xiyao. Naturally, he doesn't have anything to do with Chen Su. .

"By the way, I heard you said that you want to stay and work in Beijing, but why did you go abroad again?" Shen Junyu changed the subject.

Seeing Shen Junyu not answering the question, Chen Su was somewhat disappointed, but still said, "I really plan to stay in Beijing to work, I was sent by the company to study for a few months, and I came back yesterday." As soon as I came back, I learned from my friends with news of Shen Junyu's engagement, if Chen Su knew that she would lose Shen Junyu only a few months away, then she would not leave Beijing anyway.

"Are you planning to settle in Beijing in the future?" Shen Junyu asked.

Chen Su nodded, "Well, now that I'm older, I can't stand it anymore. The family has been urging my marriage. I really don't have a cold for foreign men. Think about returning."

The topic came back again. Shen Junyu secretly complained, thinking about it, and asked, "Which company do you work for now?"

Shen Junyu changed the subject again. Chen Su didn't know Shen Junyu was deliberate, and he didn't

mention this remark. He followed Shen Junyu's thoughts and reported the name of a company, "I'm still mainly in charge of the marketing department and the company. Recently, I am planning to get involved in the game industry. In this area, Junlan Group is a senior. At that time, I will have to learn from you. For the sake of our classmates for so many years, do you always have to give me this face? "

"This is natural." With the continuous development of the company's scale, Jun Lan has been trying various industries in recent years, which is considered to be a multi-field development, but the game has always been Jun Lan's focus, so Chen Su just The words are reasonable.

While the two were eating, they were talking about work at work, aside from the emotional issues, Shen Junyu and Chen Su were still very good. Chen Su had developed well abroad in recent years, and he also worked in a large international company. Naturally not low.

Happy talking, Wen Xiyao suddenly appeared in front of them. Wen Xiyao looked at Shen Junyu and smiled slightly, "I thought I was wrong, Jun Yu, really you. You and the customer Come out for dinner together?"

Shen Junyu saw that it was Wen Xiyao, there was nothing unnatural, and introduced to her, "This is my university classmate Chen Su, Chen Su, this is my fiancée Wen Xiyao."

Wen Xiyao smiled decently, "Hello, Miss Chen."

Chen Su reached out and shook Wen Xiyao, and looked at Wen Xiyao by the way, "Miss Wen, good luck. Just listened to Jun Yu mentioning you, I also wanted to find an opportunity to meet, I did not expect to see you soon "I glanced at the person who was not far away and asked, "Miss Wen, is this dinner with friends?"

Wen Xiyao shook his head, "No, that is a customer of our company, just invited the customer to dinner. Seeing Jun Yu from a distance, he came over to say hello. Jun Yu, I will send the customer back first, did you drive?"

"No, you waited to send the customer to pick me up. I was not going to the banquet at night, just together."

"OK." Wen Xiyao promised, looking at Chen Su and said, "Miss Chen, if you eat slowly, I'll go first."

Chen Su nodded with a smile and waited for Wen Xiyao to leave before saying, "Your fiancée is very beautiful."

Shen Junyu nodded modestly, "Well, Xi Yao is very capable."

The person she likes praises other women in her own face. Chen Su does not know what she is feeling now. She suddenly loses her appetite when she looks at the food in front of her.

"Why don't you eat it? Isn't this restaurant's food unpleasant?" Shen Junyu asked.

Chen Su smiled, "No, I am full."

When Shen Junyu saw that Chen Su was not eating anymore, he put down his chopsticks, settled the bill, and walked out of the restaurant with Chen Su. He did not ask Chen Su to find his purpose today.

"I will send you back." Chen Su, selectively forgot Wen Xiyao's words to take Shen Junyu back.

"Don't be so polite, Xi Yao will be here soon, you go first, we will contact you some other day." Decline Chen Su's kindness, Shen Junyu stood by the road waiting for Wen Xiyao, Wen Xiyao appeared very quickly.

When Shen Junyu got on the bus, she met Wen Xiyao's smiling face.

"How do you look at me like this?"

Wen Xiyao smiled, "Mr. Shen, I didn't expect to have a meal at noon."

Shen Junyu smiled softly, "So I said we are destined."

Wen Xiyao didn't believe him, this person was intentional, because just two hours ago, Shen Junyu had just asked her about the noon arrangement. She didn't believe he didn't know that he would entertain customers here at noon.

"Is this beauty you met today your first love?" Wen Xiyao asked.

Shen Junyu glanced at her lightly, "Do you think I'm so stupid and bring my first love to you?"

Wen Xiyao smiled very nicely, "Who knows, maybe you just want me to know how popular you are, and then tell me to let me cherish you." As soon as he finished speaking, Wen Xiyao was treated by himself. The thought was amused and he burst out laughing.

Shen Junyu gave her a helpless look, but at noon he did choose the restaurant deliberately, not to make Wen Xiyao jealous, but to make Chen Su know that it was difficult to retreat. Some window paper, as long as it is not pierced, everyone's face All look good.

Shen Junyu was sent back to the company first, and Wen Xiyao drove away. She still had an urgent document in her company that needed to be processed, and Shen Junyu had some work that had not been completed.

At three o'clock in the afternoon, Shen Junyu appeared on the downstairs of Xinhe International on time and called Wen Xiyao. Wen Xiyao quickly came down and still had a bag in his hand. "This is my mom sent from Haicheng to Qing. Lan, don't forget to bring it back when you go back at night."

Shen Junyu glanced back and asked, "What is this?"

"Some fruits are dried and there are several kinds of fruits. Isn't Qinglan pregnant? Give her a try. If you like it, send them more." There are many tropical fruits in Haicheng, many of which are not available in Beijing. .

"My mother doesn't know what Qinglan likes to eat, so I prepared a little bit of everything. Now that Qinglan is not in Beijing, these fruits are easy to deteriorate, and these fruits are cheaper for you." At the end, the tone was grunting. , I probably remembered something unpleasant and gave Shen Junyu a white look.

Shen Junyu gave her a funny look. When she saw Wen Xiyao at noon, she didn't react. She thought that the person really didn't care. It turned out to be jealous. Shen Junyu was not only unhappy, but also quite happy.

"Jealous?"

Wen Xiyao gave him a big white eye, "beautiful you, so jealous, it seems how stingy I am."

Shen Junyu petted a smile.

"Did Qinglan say when to come back?" Wen Xiyao asked.

Shen Junyu shook his head, "It's not clear, as long as this girl is with Fu Hengyi, she will be reluctant to say that she will go to the hot spring tomorrow.

"Hey, Qinglan's life is leisurely, where do you want to go, where is like us, there is no time for rest all year round." Wen Xiyao sighed.

Shen Junyu looked sideways, "Next month is the eleventh holiday, we can go on a tour together."

Wen Xiyao shook his head. "Let's forget it. There are people everywhere in the 11th country. Wherever you go, you see people heads. It might be better to watch TV at home."

"Go to Sydney. Last time Lan Lan went there to join the artist. I saw the photos she sent. The scenery there is very nice."

Wen Xiyao thought for a while, and at that time, there was nothing wrong with him anyway, "Okay, then I will go back and check the air tickets and hotels at night."

The two went to the styling center first, because the charity banquet in the evening was not a particularly big banquet, and Wen Xiyao didn't dress up, but just painted a light makeup and changed it with a dress. It didn't take much time.

It was still early, and Shen Junyu and Wen Xiyao were not in a hurry to go. They simply found a high-end western restaurant to eat.

It's not too late to go to the banquet place after eating, it can be said that the pinch is just right.

In fact, this kind of charity party will have several times a month. Every time Shen Junyu will be invited, he doesn't want to come to such an occasion, he doesn't want to do charity, but this kind of charity is very hypocritical in his opinion. A group of people who are guilty of arrogance and evil, he might as well build a few hope primary schools and libraries in China.

It's just that I don't like it. I should still participate when I should. It's an opportunity to get acquainted with celebrities, and to accumulate contacts. If you don't know a few people, you can't get mixed. It doesn't matter if you have the best family background.

Just at the door, Shen Junyu and Wen Xiyao met an acquaintance.

Wen Xiyao raised his eyebrows and looked at Shen Junyu. His eyes were very interesting. Shen Junyu's eyes were innocent. This was really not what he called.

"Jun Yu, Miss Wen, didn't expect us to meet so soon." Chen Su smiled decently.

Wen Xiyao also smiled, "Yeah, I just met at noon and met at night. Our fate is not bad."

"Jun Yu, if you know that you have come to this dinner, I will come with you, and I won't be alone."

Wen Xiyao heard this, and his heart suddenly responded swiftly, but the expression on his face remained the same. "Did not Miss Chen come with her husband?"

Chen Su's expression stiffened, "I am not married yet and I am currently single."

Wen Xiyao smiled embarrassedly, "Sorry, Jun Yu said that you and his classmates, I thought you were married, but there are many beautiful ladies like Miss Chen."

Chen Su's expression was like eating a fly. She looked at Wen Xiyao again, and her eyes were full of inquiry. This Wen Xiyao was more difficult to deal with than she thought.

After leaving the restaurant at noon, Chen Su wanted to understand that as long as Shen Junyu was not married, even if she was engaged, what did she like? Shen Junyu liked it for so many years. Now that she is back, she doesn't want to give up easily. Don't say that she is not married. Shen Junyu likes her, even if she is married, she can break them apart, there are no corners that can't be dug, only the industrious hoe.

"I just saw a friend in a shopping mall, first go over to say hello." Chen Su said, turned and left.

When she left, Wen Xiyao's hand was twisted hard in Shen Junyu's waist, and he smiled very softly, "Your peach blossom is really persistent to you."

Shen Junyu's complexion changed, and he instantly returned to nature. He embraced Wen Xiyao's waist and looked at Wen Xiyao's eyes full of spoiling. "No matter how good people are, they are not my food. Three thousand weak water, I have already Find the one that belongs to me."

Wen Xiyao stunned, let go of his hand, and rubbed the place he had just squeezed, "Go in, stand here and block the way of the people behind."

Shen Junyu nodded with a smile, but secretly groaned in his heart. This Chen Su seemed to be somewhat resolute.

The charity dinners are all the same. After half of the dinner, Shen Junyu and Wen Xiyao donated money and went away.

"Shen Junyu, that Chen Su was really just a classmate relationship with you?" On the way back, Wen Xiyao remembered that Chen Su looked at Shen Junyu's expression tonight. The more he thought, the more he could not help but asked.

Shen Junyu's innocent face, "I swear to heaven, I have a simple relationship with her. We used to be in the student union, or in the same department, so we have more contacts, but I guarantee that those are normal contacts. I gave her no signal."

"This Chen Su is so beautiful and affectionate to you again. Have you never thought about developing with others?" Wen Xiyao looked at Shen Junyu suspiciously.

Shen Junyu's expression became more and more innocent, "She is not my food, what do I develop with her? You are my first girlfriend."

Wen Xiyao was very satisfied with the words, and finally there was a smile on his face, and the sullen air stuck in his heart was also expressed.

"In the future, you will stay away from that Chen Su, I don't like her." Wen Xiyao said.

Even if Wen Xiyao didn't say this, Shen Junyu would do the same. After all, he was not a man who likes to carry mud.

"Little vinegar barrel." Shen Junyu said with a smile.

Wen Xiyao heard this spoiled title, her face turned red, and she turned her head to look out the window. Shen Junyu smiled and said nothing.

**

Shen Qinglan and Fu Hengyi went to the hot spring villa that afternoon. The hot spring here was discovered two years ago. The people in the town built a hot spring villa here and publicized it. Gradually, people close to the town like to come here for hot springs in winter, but it is only a small amount of publicity. The people who know it are not extensive, otherwise the business here will be better.

Shen Qinglan and Fu Hengyi wandered in the villa and looked at the surrounding scenery. Shen Qinglan's idea of rebuilding the town became stronger and stronger. He said to Fu Hengyi that Fu Hengyi nodded.

"If Jun Yu is not interested in this matter, you can discuss it with Han Yi, he should be interested. But you are pregnant now, can't you be too tired to know?"

Shen Qinglan smiled, "I just give them an opinion, they still do it." After all, she really doesn't understand this. She just saw this town, thinking of Shen Junze and Lu Jin's attachment to this town today, she was right. This town is very pity, such a small town full of charm is really not suitable for being used to build high-rise buildings.

What Shen Qinglan didn't know was that Shen Junyu sent the company's people to investigate the next day, carefully considered the project proposed by Shen Qinglan, and also held a high-level meeting, which was presented at the meeting. The matter has been recognized by most of the company's senior management.

Of course, these are words.

In the evening, Shen Qinglan and Fu Hengyi lived here. Shen Qinglan and Fu Hengyi changed clothes and went to the hot spring pool with Fu Hengyi.

The hot springs here are not sulfurized hot springs, so when you walk in there is no strong smell of sulfur.

Shen Qinglan sat by the hot spring pool, just put his feet into the water, people did not enter the water.

I just met a mother who came to the hot spring at the door, looked at Shen Qinglan curiously, and asked "Are you pregnant?"

Shen Qinglan nodded slightly and glanced at the child holding the other person's hand, "Well."

The mother glanced at Shen Qinglan's belly and hesitated, then said, "If you are not pregnant for three months, it is best not to take a hot spring. It is bad for the fetus and it is likely to cause miscarriage. Although the hot spring here is right. Pregnant women are very beneficial, but they are not suitable for those in the early stages of pregnancy. Even in the middle of pregnancy, it is not advisable to take a hot spring bath for more than fifteen minutes, and the water temperature should not exceed 45 degrees."

Shen Qinglan and Fu Hengyi heard a few words, and they really didn't know.

"Thank you." Fu Hengyi sincerely thanked, if this mother reminded me, I'm afraid it will cause a big disaster today.

The mother smiled, "You don't want to abandon me for more business."

When she left, Fu Hengyi's expression was a little annoyed, "Qinglan, since you can't soak, let's go first."

Shen Qinglan shook his head, "All here, what else to go, I can't soak, but you can."

Shen Qinglan first walked in and sat down by the hot spring pool.

Fu Hengyi went into the water and leaned against Shen Qinglan. The water temperature here was not high. There was a faint mist on the surface of the water. Shen Qinglan reached out and stroked in the water. Looking at Fu Hengyi with his eyes closed, he suddenly had a big heart. The water in his hand splashed on Fu Hengyi's face.

Fu Hengyi opened his eyes, met Shen Qinglan's smiling eyes, smiled helplessly, his eyes were full of spoiling, he stood up, his muscles were uninterrupted at a glance, Shen Qinglan reached out and touched Fu Hengyi's waist and abdomen Touching, "If you have such a figure, those male models will definitely feel ashamed."

Fu Hengyi's eyes are deep, "You have seen many models' figure?"

Shen Qinglan couldn't answer that. Master Fu was a vinegar jar. If he answered "yes", this vinegar tank would be turned over. Shen Qinglan smiled slightly. The best model, I guess other people's figure is definitely not as good as you."

These words won the hearts of Fu Ye, Fu Hengyi smiled with satisfaction, bowed his lips and kissed Shen Qinglan's lips, and received a warm response from Miss Shen.

The hot spring in the hot spring continued to heat up, and finally Shen Qinglan successfully picked up Fu Hengyi's anger. Shen Qinglan smiled innocently, and Fu Hengyi stared at her lower abdomen faintly, her eyes grumbled.

Shen Qinglan chuckled and touched his head like a coax, "Good boy, I'm going out first."

Fu Hengyi climbed up from the water and stopped soaking in the hot spring. He put on a bath towel and left the hot spring pool with Shen Qinglan.

Because Shen Qinglan couldn't soak in hot springs, the next day Fu Hengyi took Shen Qinglan away from the hot spring villa, instead of returning to Xu's home, but back to Beijing. Originally, according to Fu

Hengyi's intention, he wanted to stay longer in the town. But this time when he came out, Shen Qinglan did not have enough tools, and he rarely got inspiration. So after discussing the two, they decided to go back.

As soon as he returned home, Shen Qinglan got into the studio, and they had moved in from Jiangxin Yayuan to their new home—Heshan New House. Knowing that Shen Qinglan likes painting, when he was renovating the house, Fu Hengyi specially opened a studio for her.

Because Shen Qinglan is pregnant, the family has already invited her aunt to take care of Shen Qinglan's diet. Although she doesn't like strangers at home, she has no objection to Fu Hengyi's arrangement for the health of herself and her children.

For three consecutive days, Shen Qinglan spent most of his time in the studio. Fu Hengyi moved a tatami mat and placed it inside. When Shen Qinglan was painting, he lay aside to read a book, and in turn supervised Shen Qinglan to take regular breaks.

Three days later, Shen Qinglan put down his brush and said to Fu Hengyi, who was keeping his eyes closed, "Finally finished, Fu Hengyi, come and have a look."

Fu Hengyi opened her eyes and stood up next to Shen Qinglan, looking at the work on her canvas, "Do you want to give free publicity to that town?" Several of the works this time are about that town.

"I just like the scenery of that small town. If my brother wants to invest there in the future, then I am not a free publicity." In other words, even though Shen Junyu is not interested in it, Shen Qinglan's The spread of the painting is a disguised advertisement for the town. How much is there to help the tourism industry there? It can be regarded as a little help for her there.

Fu Hengyi didn't understand her intention, smiled, and was about to speak, the doorbell suddenly rang, and Fu Hengyi went out to open the door.

Shen Qinglan packed up the tools, and Fu Hengyi came back soon, "Daniel is here."

Shen Qinglan's eyebrows flashed a bit of doubt, not knowing what Daniel was planning to do when he came over. When he walked out of the studio, he saw Daniel sitting on the sofa waiting for her.

Daniel was visiting Shen Qinglan's new home for the first time. He was looking at the house. When he saw Shen Qinglan coming out, he looked back. "Qinglan. I'm sorry to disturb you during your honeymoon."

"Did something happen?" Shen Qinglan didn't care what disturbed or disturbed her, and she and Fu Hengyi didn't go out to spend their honeymoon.

There was a smile on Daniel's face, and the expression was also very relaxed. "It's not that something happened, but Frank and Noah came to the capital and wanted to meet you. I wanted to call you to tell

you. I'm here to do something today. Things, so I went directly to the door and came to see you by the way. I heard Enxi said you were pregnant."

Shen Qinglan raised her eyebrows slightly, but didn't expect Enxi to talk to Daniel about it. To be precise, she didn't expect when Jin Enxi and Daniel contacted so frequently.

"Well, it's been a month. Is there anything wrong with them coming to Beijing this time?"

"They are here to find you. The painting you exhibited at the Xu Lishi Art Festival before, they want to buy it. I haven't always agreed. This time they want to start with you." Daniel said.

Shen Qinglan heard the words and spoke lightly, "Daniel, I said that you can make a decision on my behalf. I don't have any opinions."

Daniel laughed, he knew it would be the result, "Qinglan, I think they will come to country Z this time, you can meet them, it will be beneficial to your future development without harm. They communicated, they knew that you are just married now, this time will not bother you, this time they will stay in country Z for half a month, you can see which day is convenient to meet them again."

Fu Hengyi has been listening to the conversation between the two. He also knows that Shen Qinglan is actually more suitable for the road of the painter. They have discussed this issue before. Shen Qinglan himself does not resent it, and Fu Hengyi also supports it.

So hearing this, Fu Hengyi said, "Hurry up early, not late, just tomorrow."

Master Fu spoke, and Shen Qinglan naturally had no opinion, looking at Daniel, "Then tomorrow, just as I finished several works in a few days, you take it back."

Hearing the words, Daniel's eyes lighted up, telling the truth, he had been looking forward to Shen Qinglan's new work for a long time, and could not wait to say, "Where is the new work?"

Fu Hengyi took Daniel to the studio. Daniel looked at the works randomly placed on the ground, and immediately glared at the following Shen Qinglan, with a sad look on his face, "My grandma, do you know your current painting? How valuable is it to throw the painting on the ground at random? What if it is broken?"

Shen Qinglan's expression remained unchanged, and she said quietly, "Repaint if it's broken."

Daniel rolled his eyes and was too lazy to say that she carefully collected the paintings and held them in her arms, as if holding a rare treasure, except for the painting that Shen Qinglan had just completed today because he hadn't done it yet, he would take it away. Shen Qinglan's paintings have been taken away these days.

"Qinglan, I think you can open an exhibition for your work this time, and the theme is called "Autumn in

the Town". Daniel held Shen Qinglan's paintings and smiled indifferently.

Shen Qinglan didn't answer, Daniel got new paintings now, he was in a good mood, he didn't want to stay here for Shen Qinglan, he left soon.

"What do you say about Daniel and Jin Enxi?" Shen Qinglan suddenly asked Fu Hengyi,

Fu Hengyi raised her eyebrows, "If you want to know, why didn't you just ask him?"

"Just ask casually. Fu Hengyi, I'm hungry."

"What do you want to eat at noon?" Fu Hengyi asked.

"I want to eat sauced pork ribs."

Fu Hengyi turned and went to the kitchen. Although the family invited an aunt, Fu Hengyi did not let the aunt come to work these days, and she was responsible for Shen Qinglan's diet.

After dinner, Shen Qinglan had nothing to do in the afternoon, so he went back to the compound with Fu Hengyi. He went to Fu's house first. After chatting with Mr. Fu for a while, he went to Shen's house, but when he walked to the door, he heard the house. The quarrel from here sounded like Shen Junze's voice.

Shen Qinglan did not walk in directly, but stood at the door and listened to the movement in the house.

Just listening to the angry look in the room, Shen Junze said, "Grandpa, my eldest brother is too much. I took the first look at that piece of land. I'll talk to them soon. Now, how can he get a cross foot thing?"

Mr. Shen and Shen Junyu were sitting on the sofa, and Mr. Shen's face was very heavy, but unlike Shen Junze's anger, Shen Junyu was a relaxed face.

"Jun Yu, what do you say about this matter?" After understanding what happened, Old Man Shen looked at Shen Junyu.

Shen Junyu smiled slightly, "Grandpa, you have learned through the incident. In fact, the local residents are reluctant to sell the land. Shen Junze threatened to lure them. Even so, when I went, they had not negotiated it yet."

Shen Junze's face was very dark, "If you hadn't inserted a foot, these lands are already mine now."

The old god Shen Junyu is here, "Junze, it's not my elder brother who wants to put on the elder brother's profile. I have some more bowls of rice than you. I really advise you to say that doing business is not as simple as you think, especially real estate. There are so many crooked roads in it. If you want people to sell the land, you should at least show your sincerity, and use your tricks to swindle. Once they

know the truth, they will have to make trouble sooner or later."

"I would like to thank you for that?" Shen Junze gritted his teeth.

Shen Junyu smiled slightly, "This is not necessary, you just remember it in your heart, the second uncle is gone, I, as your eldest brother, should look after you a little bit even when looking at the face of the second uncle, can't just watch you go wrong Goes further and further on the road."

Shen Junze looked sullen, looking at Grandpa Shen, "Grandpa, don't you care about this matter? Big brother won't talk about robbing business, but robbing his brother's business, it's too much."

Mr. Shen's face was sullen and he hadn't even spoken before, and there was a voice from Shen Qinglan at the door, "Shen's children and grandchildren rely on their own ability to do things outside. You only talked about how big brother robs you of your business. Grandpa talk about what good things you did?"

Digression

Yesterday, a friend said that pregnant women cannot take hot springs. Ali deliberately checked the information and found that it was really (covering his face). He could not take hot springs in the first three months and the third three months of pregnancy. The time does not exceed fifteen minutes (Du Niang said).

Thank you for pointing out, if there are any common-sense errors in the text, please ask me to correct me, please!

PS: About the burst, the burst is at the end of the month. The burst starts at 0:00 on the 24th. I am very anxious. This time, the number of words will not be less than 100,000 words. Are you happy?

272 Chapter 272

Hearing this, Shen Junze's heart felt awkward. Shen Qinglan wanted to speak out under the banner of Grandpa Shen, staring at Shen Qinglan fiercely, "Don't think Shen Qinglan I don't know, this is what you told Brother."

Otherwise, Shen Junyu had not acted before. After he met Shen Qinglan that day, Junlan Group suddenly saw the land and negotiated the conditions with the people in the town at a rocket-like speed. When he got the news, he arrived At that time, even the contract was signed, and there was only four or five days in between.

"I told the elder brother, this only shows that the elder brother's conditions are more attractive." Shen Qinglan sat next to the old man Shen and spoke lightly. In fact, she didn't even know that Shen Junyu had negotiated the conditions with those people. Signed the contract.

Father Shen's face did not get better because he saw Shen Qinglan coming. He looked at Shen Qinglan and asked, "Lan Lan, what did you just mean?"

Shen Qinglan smiled and took Mr. Shen's arm, "Grandpa, it's fine."

Seeing Shen Qinglan was reluctant to say more, Grandpa Shen didn't ask much, but just glanced at Shen Junze, and said lightly, "The people of the Shen family must be down-to-earth and have a clear conscience, if I let you know what you did outside, I'm sorry Don't blame my old man for being indifferent in matters of his conscience."

As soon as the words fell, Shen Qinglan and Shen Junyu did not react. Shen Junze's face became even more ugly. This is obviously what he said to him. His uncle was right. The Shen family did not regard him as his own. In the past, when his dad was still alive, he was very indifferent to him. Now that his dad is dead, where can he be kept in his eyes?

Shen Junze's eyes are deeply resentful, especially for grandfather Shen, who is also a grandson, and has two attitudes to himself and to Shen Junyu. Such grandfathers should not be ignored.

He stood up, "Grandpa, I know you don't like my mother, you don't like me even with you, and you don't say these things. I can hear them. Shen Junyu and Shen Qinglan are your grandsons. What am I? , In this case, then I won't stop your eyes here."

He looked at Shen Junyu, "Thank you, Brother, for giving me such a profound lesson today. I have been taught. In the future, we will each have our own skills."

This time, it was Mr. Shen's turn to be black, but Shen Junze left without waiting for him to speak.

"Grandpa, don't be angry. Lan Lan and Heng Yi will come back easily. With your anger, Heng Yi thought you didn't want them to come back." Shen Junyu saw that the old man was going to get angry and said quickly.

Shen Qinglan is Mr. Shen's weakness, not to mention Shen Qinglan now. Sure enough, Shen Junyu's words just fell, and Mr. Shen's anger was all over. He glared at Shen Junyu. "

Then he looked lovingly at Fu Hengyi, "Not that he went out to play, how come he came back so quickly?"

Fu Hengyi smiled gently, "I originally wanted to take Qinglan to take a hot spring bath, but it is said that it is better not to take a hot spring in early pregnancy, so I came back early."

Wen Yan said, Mr. Shen nodded, "Then wait for it later, there are many people in the family, you can take good care of Qinglan, just stay at home first."

"Well, Qinglan and I were also planning this way." Fu Hengyi said.

Fu Hengyi has always been a decent person, he is naturally at ease when he does things.

The next day, Shen Qinglan went to meet Frank and Noah. Originally Shen Qinglan wanted Fu Hengyi to go together, but Fu Hengyi refused. This was Shen Qinglan's business. Fu Hengyi would give her full respect and sufficient private space. .

It was Daniel who went with Shen Qinglan. After all, Daniel was Shen Qinglan's agent.

The meeting place is about a special restaurant in Beijing. The location here was set by Daniel. When Shen Qinglan arrived, Daniel and Frank were already there.

Frank met Shen Qinglan and was very pleased to welcome him. "Miss Shen, we have met again and I am glad to see you again."

Shen Qinglan smiled apologetically, "I am very sorry, I am late." In fact, according to the agreed time, she was not late.

"It is we who have arrived early. Since the last time I separated from you, I have been looking for an opportunity to meet Ms. Shen again. This time I came to the capital and knew that Ms. Shen was just free. We couldn't wait to come over."

Shen Qinglan smiled slightly and sat down beside Daniel, looking at another man with brown hair, "Mr. Noah, I am very happy to see you."

Noah gentleman smiled, "I am also happy to see Miss Shen."

"Okay, you don't have to be polite if you are all acquaintances. You're so polite, but you've got points. Frank, Noah, this is your first time in Z. I invite you to try the authentic capital. Dish." Daniel said with a smile.

Frank and Noah nodded with a smile.

After a meal, the host and the host enjoyed themselves. After the meal, Frank proposed to go to Daniel's gallery. Daniel naturally had no opinion.

"Sure enough, only Daniel can see so many of Shen's works." Frank sighed while admiring the painting, and he was jealous of Daniel in his heart.

Daniel was proud, "That's it, but I'm Qinglan's agent."

"Miss Shen, don't you know if you sell these paintings?" Noah said nothing.

Shen Qinglan smiled slightly, "These things are generally responsible for Daniel. If Mr. Noah is interested in these paintings, he can talk to Daniel."

When she said that these things would be handed over to Daniel, then she would give Daniel absolute trust and room to play.

Daniel smiled slightly, "Since it is hung in the gallery, it can be sold, as long as the price given by Mr. Noah is appropriate, you want to buy a painting is not a matter of words."

Noah heard the words, and there was a flash of joy in his eyes. Since the last Sydney City Art Festival, he seriously considered Frank's suggestions, but he was still a little hesitant at the time, and then the price of Shen Qinglan's paintings was suddenly fired again. Let Noah regret a little not to start soon. This time I came to the capital with Frank, and it was for Shen Qinglan's painting.

A few people were talking, Frank student Catherine Boyd came over, "Teacher, you are here, I have been with you for a long time today."

Then she glanced at Shen Qinglan, "It turns out that Miss Shen is here."

Shen Qinglan raised her eyebrows slightly, remembering that this Miss Catherine's home was also one of the best in Sydney, "Miss Catherine, I didn't expect you to come to Z with Mr. Frank."

Catherine smiled, "I came with the teacher, but I did a little thing this morning, so I didn't join the teacher."

"You, you only know about running around, you should learn from Miss Shen. You look at others, they are a few years younger than you. The level of others is far above you. You used to think you were very good Now that I see someone better than you, I should communicate more with others."

Frank saw his students and couldn't help but say, Catherine was good, but she was too conceited, thinking that her talent was good, she didn't look at others, and when Shen Qinglan was not born, Catherine was of the same age She is also a leader, and her pride and arrogance are also confident.

It was because of such pride and arrogance that her heart gradually became impetuous. Frank knew her

problems and said many times, but Catherine did not pay attention to it. Now it is easy to come out Shen Qinglan. Frank naturally wants to be good. Motivate your students.

Recently, Catherine did sink a lot, so this time he knew he was coming to country Z. When Catherine begged him to take her with him, Frank did not object.

"Mr. Frank, you are too prized. I'm far from what you said. Miss Catherine is a very good painter." Shen Qinglan said warmly.

Frank smiled with a beard touching his beard, and his students were affirmed, just like his children were praised. It was a very happy thing, whether it was polite or sincere.

The smile on Catherine's face remained the same, but a cold light flashed in her dangling eyes.

Naturally, Daniel's gallery is more than Shen Qinglan's work, and he took Frank to watch the whole gallery. Daniel took a few people to his studio, just above the gallery.

As soon as he arrived at the studio, Daniel left. When he came back, he held two paintings and said, "Frank, don't say I didn't give you a face. These two paintings are Qinglan's recent works. I haven't even Hang out, if you want, I can give you a very favorable price."

Noah heard the word and stood up directly from the sofa, took one of them to expand, and sighed, "Sure enough, it is Miss Shen's work, every piece is a fine work." Although this piece of work cannot be compared with the one exhibited Compared with the paintings, it is pretty good.

"That is, we Qinglan is a person who pursues perfection, and the things he shot are naturally good. If I don't look at my relationship with Frank, I really can't give up these pictures." Daniel said that. One was reluctant to touch Frank.

A smile flickered in Shen Qinglan's eyes. She thought that Daniel had brought out the new work she gave him yesterday. It turned out to be the two paintings that were drawn after returning from the exhibition.

However, Daniel did not make a mistake. The two paintings were indeed not exhibited outside. Originally, Daniel planned to open a personal exhibition for Shen Qinglan in November to display the two paintings, but now he has For better works, these two paintings will naturally be behind.

Shen Qinglan listened to Daniel bargaining with Noah, and the smile in his eyes was stronger. It's a pity that Daniel was a businessman who was delayed by art. If he entered the business, I am afraid that the current Beijing business community must have his place. , That mouth, even the dead can tell him alive.

"Miss Shen, my teacher has a very high opinion of you." Catherine walked to Shen Qinglan's side and said with a smile.

Shen Qinglan smiled and said, "That's because Mr. Frank looks at me too high. The art road never ends, and there are many places I need to learn."

"Miss Shen is really humble. No wonder my teacher often says that I am not as good as you, and asks me to learn from you. But what is excessive humility in your country? Is it pride or hypocrisy?" Catherine said something special.

Shen Qinglan glanced at the glare, this Catherine seemed very hostile to her, smiled, "Miss Catherine, you are also very good, we learn from each other, progress each other."

Catherine smiled slightly and didn't take Shen Qinglan's words.

Over there, Daniel and Noah have already negotiated. Shen Qinglan just walked out of the studio and saw Fu Hengyi waiting outside. Fu Hengyi leaned on the door of the car, holding a mobile phone in his hand and calling someone, his expression was indifferent. She also holds a women's coat in one hand.

Catherine was shocked when she saw this man for the first time. She had never seen such a handsome and indifferent man. When she just wanted to go up to talk, she saw the man glance at them and then hang up. The phone came towards them.

Catherine heard her heart thumping and beating violently. She focused on art and became famous as a young man. She had few men in her eyes, but at this moment, Catherine believed that this man was stationed in her. In my heart.

Later, she learned that in country Z, there is a word called "love at first sight."

Catherine's face showed a shy smile, and she just wanted to say hello to Fu Hengyi. Shen Qinglan had taken her a step closer to Fu Hengyi. "How come you come?"

Fu Hengyi smiled slightly, "Come to pick you up." Put the coat in your hand on Shen Qinglan's body. "Why don't you remember to bring a dress when you go out." The tenderness of the expression seemed to overflow.

The smile on Catherine's face froze on her face, looking at the acquaintance of the two of them, the shyness in her eyes gradually disappeared, and turned into a dark, she said, "This gentleman is?"

"This is my husband Fu Hengyi." Shen Qinglan said lightly.

Fu Hengyi nodded slightly towards the crowd, his expression was not indifferent, but it was not necessarily gentle.

Catherine smiled slightly and took a step forward, "Hello Mr. Fu, I am Miss Shen's friend, Catherine Boyd. You can call me Catherine."

Wen Yan, Shen Qinglan raised her eyebrows. Why didn't she know that the relationship between them was close to this point? He glanced at Catherine with a smile.

Fu Hengyi looked faint, just said "Hello" and there was no more text. For Catherine's outstretched hands, she didn't mean to stretch out her hand. Catherine's eyes flashed a bit embarrassed, and she retracted her hand.

Fu Hengyi looked at Shen Qinglan, "Is everything done?"

Shen Qinglan nodded, "It's okay." He looked at Noah and Frank, "Mr. Frank, Mr. Noah, I'm very sorry. When I have something to do with my husband, I will leave."

Frank smiled slightly, "Miss Shen is busy beforehand, we just have Daniel here."

Shen Qinglan glanced at Daniel. Daniel gave her a reassuring look, and Shen Qinglan left with Fu Hengyi.

"Who is this Miss Shen's husband, looking cold?" Catherine asked Daniel quietly after Shen Qinglan left.

Her interest in Fu Hengyi thought that it was well hidden, but it was seen by Daniel at a glance, with a sneer in her heart and a smile, "He has always been like this to everyone except Qinglan, I saw him for the first time When he didn't even get a smiley face." In order to dispel Catherine's thoughts, Daniel did not hesitate to defame Grandpa Fu.

"What is he doing?" Catherine did not lose interest in Fu Hengyi because of this, and continued to ask.

"A soldier," Daniel said casually.

Catherine doubted Daniel's words, "He is not an ordinary soldier?"

"Catherine." Frank was listening to Catherine and Daniel's question, his face was not good-looking, and he said in a deep voice.

Catherine smiled and stopped talking.

Daniel accompanied Frank for dinner and sent them to the hotel before leaving.

Back at the hotel, Catherine was lying on the bed, all of which saw Fu Hengyi today. She didn't know what was wrong with her. There were also many outstanding men, and even many of the suitors were outstanding. Man, she didn't take any one, but today, she just took a fancy to a married man.

She took out her mobile phone and dialed out a series of numbers. "Help me check the information about Leng Qingqiu, especially her husband. I want to know about this man. The more detailed the better."

After hanging up the phone, her eyes were filled with coldness. She didn't like Shen Qinglan. From the first time she saw Shen Qinglan, she saw that Shen Qinglan was not pleasing, perhaps because her teacher praised Shen Qinglan. Perhaps it was because Shen Qinglan's face made her unhappy.

Shen Qinglan and Fu Hengyi did not care about Catherine, and returned home, Fu Hengyi went to cook, and Shen Qinglan gave him a hand.

**

Yancheng, Nancheng.

When Yan Anbang came back from the army, his family was still empty, and only he was alone. Yan Xi and Zhao Jiaqing went abroad. Yan Shengyu basically didn't return to this house since Yan Xi left, except for occasionally making a phone call to him.

There is only one person, Yan Anbang is too lazy to eat, leaning on the sofa and drinking a bottle of red wine, can't help but remember that when he did not divorce Zhao Jiaqing before, although the couple did not look so affectionate as outsiders, they were considered to be like each other, Yan Xi He and Yan Shengyu are as close to themselves as they are now. Where is it now, the whole house is alone, looking very bleak.

At this moment, Yan Anbang felt a little regret in his heart, but this thought just emerged and was strangled by himself. If Zhao Jiaqing was too vicious, Qin Mu should still be able to stay with him. Instead of knowing life and death, and whereabouts as they are now.

The doorbell rang and Yan Anbang got up to open the door and saw Qin Yan, with red and swollen eyes and a haggard expression. Yan Anbang was startled, "Yan Yan, what's wrong with you?"

Qin Yan rubbed his lips, "Anbang, can you let me in first?"

Yan Anbang turned sideways and let Qin Yan enter the house.

Qin Yan sat on the sofa and wept silently, Yan Anbang looked at her, "Yan Yan, don't cry first, what happened?"

Qin Yan didn't speak, she just cried. Yan Anbang was very anxious. He got up and poured Qin Yan a glass of water. Qin Yan suddenly hugged him. Yan Anbang's body stiffened, "Yan Yan, you..."

Qin Yan buried her head in Yan Anbang's arms and wept bitterly, "Anbang, I regret it, I shouldn't have left you at all, that bastard is not a person at all..."

Yan Anbang quickly put the cup in his hand on the coffee table and gently patted Qin Yan's shoulder, "Yan Yan, did he bully you?"

"Woo woo, An Bang, he even has a woman outside and a teenage child."

It turned out that today Qin Yan was at home, and suddenly a woman came with a child and said that she was looking for her husband, and said that this was her husband's child. Qin Yan naturally did not believe it. She called her husband and the husband came back. Seeing his expression, Qin Yan knew that the child was really her husband.

Qin Yan was angry, and he started with her husband. The man beat her up in front of the woman and the child.

After listening to Qin Yan's words, Yan Anbang's face was full of anger. When Qin Yan was pushed away, he planned to go to the man to settle the account. "I killed the king babe."

Qin Yan grabbed him, "An Bang, don't go, don't cause trouble for me, the man is behind the forces of the Tao, if you get in trouble he will cause you trouble."

Yan Anbang broke away Qin Yan's hand, "That can't be so cheap for him."

Qin Yan hugged Yan Anbang's back, "Anbang, I beg you, don't go, if you go, I will be even more unclear with him."

Yan Anbang stiffened, listening to Qin Yan's pitiful crying behind her, and Yan Anbang's heart suddenly softened, turning around, holding Qin Yan in her arms, and comforted her softly.

After Qin Yan calmed down, Yan Anbang let her go, "Yan Yan, what are you going to do next?"

Qin Yan's eyes were red, he heard words, and smiled bitterly, "What can I do, I have been hurt since I was born Mu Mu, and I haven't been able to have a child with him for so many years, and now people bring their children to the door, What can I do other than abdicate?"

Yan Anbang's face was angry, "Is this the case?"

"Otherwise, are you crying? Anbang, I'm just a woman, I always want a warm family, and these years, he is actually very good to me, it can be said to be meticulous, although I don't love He, but it is undeniable that I am grateful to him. If it is not my own body, I may be too old with his children."

"You... don't you love him?" Yan Anbang asked, grasping the key points in her words.

Qin Yan froze, lowered her head, and said nothing.

Yan Anbang didn't even think about it. He fixedly looked at Qin Yan, "Yan Yan, since you don't love that man, why did you marry him? What happened after you left Nancheng?"

"Anbang, don't ask, it's been so many years, what meaning does it say now?" Qin Yan's smile was bitter.

Yan Anbang grabbed Qin Yan's shoulder, but heard Qin Yan whisper, he quickly let go, "Where did he hit you?"

Qin Yan shook his head, "An Bang, don't ask."

Hearing this, Yan Anbang was even more uneasy. When she pulled the dress off her shoulder, she saw that half of her shoulders were swollen, and there were all traces of blue and purple on it. Yan Anbang's eyes changed instantly. Is this what he hit?"

Qin Yan pushed his hand away, pulled his clothes away, and did not speak. Yan Anbang stood up and walked away. Qin Yan hugged him, "An Bang, don't go, leave me a little face, this is not the only thing it's his fault. If it weren't for me to keep you and my photos, it would irritate him, and he wouldn't have such a heavy hand."

Yan Anbang suddenly turned around and stared at Qin Yan, "What did you just say?"

A bit of pain flashed in Qin Yan's eyes, her hands covering her face, "An Bang, stop asking, I beg you." She lowered her head, her voice muffled.

Yan Anbang guessed something, and there was a clear flash in his heart. With a deep sigh, he sat down beside Qin Yan, "OK, I won't go to that man, don't cry."

Yan Anbang waited until Qin Yan's mood had completely calmed down before speaking, "Yan Yan, what are you going to do in the future?"

"I will go through the formalities with him tomorrow. Let's take a step by step."

Yan Anbang didn't know what to say, Qin Yan smiled, "Don't be sad, I'm okay, and I can't live without him. I had come so hard, but now these are nothing." Seeing the red wine on the table, Qin Yan took it, "I'm not in a good mood right now, drink with me at the bar?"

Yan Anbang did not refuse, got up and took a wine glass and handed it to Qin Yan.

Qin Yan drank several glasses in a row, and when she saw that she was drinking so fiercely, Yan Anbang grabbed her, "You can drink, but you can't drink like this, Yan Yan, you can cry when you are sad, don't torture yourself."

Qin Yan waved Yan Anbang's hand and smiled, "Anbang, you said that I was not a retribution. If it was not because I came back to find you, then Zhao Jiaqing would not start with Mu Mu, and I would not meet That man will not look like this now."

"An Bang, did you know that when Mu Mu was just lost, I was really crazy, I couldn't find her, the people of the Zhao family still... forget it, now that these have no meaning, I am now I only hope my Mu Mu is

still alive and can live happily in this world. Even if I can't see her in my life, as long as she can be happy, I will be very satisfied."

"Wait, you said the Zhao family, what did the Zhao family do to you? Qin Yan, don't hide me. Although the matter has passed, I still want to know what happened in that year. Why did you leave Nancheng? And one It's been so many years of walking?"

Qin Yan seemed to remember something, with a sad expression, "Anbang, don't ask."

"No, you have to tell me. Do you want me to call Zhao Jiaqing in person or do you want me to check it yourself?"

"An Bang, why are you doing this?" Qin Yan smiled bitterly.

"If you want to know that I can tell you, but you want to promise me, this matter ends here, don't pursue it anymore."

"it is good."

"Bang." The wine glass was dropped on the ground by Yan Anbang. Qin Yan shook her body and was startled. She had never seen such an angry Yan Anbang.

Yan Anbang looked gloomy, so he stood up and left, Qin Yan grabbed him, "Anbang, where are you going, you promised me not to pursue this matter."

"I'm going to settle the account with Zhao Jiaqing's poison woman." Yan Anbang gritted his teeth.

"An Bang, don't go, this is my own responsibility. If I don't come back to find you, they won't do it. It's my fault." Qin Yan prayed.

Yan Anbang turned around, "It was the Zhao family who broke up with us. It was our love first. She Zhao Jiaqing cut in. What's wrong with you? If it wasn't for her, Zhao Jiaqing, then my wife is you."

Qin Yan burst into tears, "Anbang, don't say it. If it weren't the Zhao family, what should you do with your family's crisis? The Zhao family helped the Yan family. This is a fact."

Yan Anbang raised Qin Yan's head and pitied, "You are too kind, so you will be bullied like this, why don't you tell me the truth sooner?"

"What's the use of telling you, Mu Mu has been lost, I was like that at the time, and Yan Xi, was just born, I don't want her to be without her father when she was born, my Mu Mu was not happy, I can't let the other child have no happiness."

Yan Anbang couldn't tell what kind of feeling he felt in his heart. It was so dull and heavy that he

couldn't breathe. Looking at Qin Yan, who was crying in tears, he held her in her heart in distress, "Yan Yan, I'm sorry, if not Because of me, you don't have to suffer so much at all."

Qin Yan smiled slightly, "An Bang, I don't feel bitter. I can meet you in this life. It is my greatest happiness. If I do it again, I will still do it."

It took a long time before Yan Anbang let go of Qin Yan. He looked at Qin Yan deeply, as if he had made a decision, and said, "Yan Yan, marry me."

Qin Yan suddenly looked up and looked at him incredulously, "An Bang, what did you just say?"

"I said to marry me. When you divorce the man, we will get married. I owe you too much in the first half of my life, and let me take care of you in the second half of my life." Yan Anbang looked serious, without any joke.

Qin Yan looked at him calmly, "But Sheng Yu and Yan Xi would not agree, and Zhao Jiaqing."

"I have divorced from Zhao Jiaqing. Sheng Yu and Yan Xi understand either, or they don't understand. I am no different from a lonely man. I have failed you in the past."

"but....."

"No, Qin Yan, we have missed more than ten years. Now that we are all at this age, there are still more than ten years left. Do we have to continue to lame?"

Qin Yan still hesitated.

"Or you don't love me anymore?"

"No, the person in my heart has always been you, this has never changed." Qin Yan said subconsciously, "I just worry about your future, if I am with you, will I..."

"Don't think so much, I will solve these things. The man just has something to do with the people in the Tao. He is not himself, and you are even more irrelevant. These do not affect me." Yan Anbang said.

Qin Yan hesitated for a moment, and looked at Yan Anbang, "Anbang, I want to be with you, even if only one day." Then, she suddenly leaned over and kissed Yan Anbang's lips.

Yan Anbang was stunned and quickly reacted, hugged Qin Yan and walked towards the bedroom upstairs.

Afterwards, Qin Yan got up, looked at Yan Anbang who had fallen asleep, put on his clothes, and left Yan's house.

Back to his home, the lights in the living room were still on. The man sat there, his face dark, and he saw Qin Yan coming in, and immediately stood up, "Where have you been, I have called you so much Shut down, are you trying to kill me?"

Qin Yan avoided the man's hand and sat down on the sofa. "Let's divorce."

The man looked at Qin Yan in disbelief, "What did you just say?"

"I said we should get divorced. I don't want to go with you anymore." Qin Yan repeated once indifferently.

"Yanyan, do you know what you're talking about? Just because we had a quarrel at noon, would you divorce me?"

There is no slight expression on Qin Yan's face, "Yes."

The man sat down next to Qin Yan, "Yan Yan, don't be angry, I know that my son talked too much at noon, but I have already taught him, and now he has returned to the M country. Don't be angry with him as a child."

"I'm not angry, I just don't think it's appropriate for me to be with you. I am very grateful for your care for me over the years. If it were not for you, I might have died."

"In this case, why are you divorcing now?" The man didn't understand.

Qin Yan sighed, "I don't love you, you always know that I don't love you, so many years, you are so good to me, I also want to fall in love with you, but sorry, I can't do it, I think you know This time I came back to Nancheng because I couldn't let go of the man in my heart. I know hello, but if you don't love, you don't love. You let me go."

The man's face was green, "Qin Yan, don't say it, I won't divorce you. I won't let you leave me unless I die. Today you are tired too. Rest first. I will sleep in the study room tonight." With that said, the man is leaving.

"Do you mind if I go to bed with other men?" Qin Yan said lightly.

The man turned his head and stared at her with a terrible dark face, "What did you just say?"

Qin Yan was not scared by his appearance at all, and said lightly, "I have already had a relationship with other men, so you are not willing to divorce?"

"You... Qin Yan, you shameless."

Qin Yan sneered, "I am shameless, so are you divorced?"

The man's breath is terrible, watching Qin Yan looks like she is going to eat her raw, "I want to divorce me so that you can pair with your adulterer, Qin Yan, you dream!"

Qin Yan's expression didn't change. "It's okay not to divorce. I don't mind the threesome, as long as you feel you can bear the green on your head."

"Slap." The man's slap fell on Qin Yan's face fiercely. Qin Yan was knocked on the ground and fell to the sofa. She sat up, her face was red and swollen, and there was bloodshot on the corner of her mouth.

There was no pity on the man's face, and he looked at Qin Yan coldly, "Qin Yan, I just said that you were short-tempered, if you let me hear it again, it would not be such a simple thing."

Qin Yan smiled, and didn't care about the wounds on her face, "I was just talking seriously, not kidding, or divorced, otherwise I would be with a different man and let the world know that your head is green. "

Digression

Catherine has a crush on Lord Fu, what do you think?

Before the hand hurts, the doctor said that the code was too long, and the muscles and cervical vertebrae were strained. I had to do acupuncture in the afternoon. I was afraid when I thought about it. Why is there such a horrible thing in the world?

273 Chapter 273 Car accident accident?

The man looked at her fiercely, "Qin Yan, we have been a husband and wife for more than a decade. I have thought that I am not thin for you these years. You just hurt me for a man who doesn't care about you at all. Do you have a conscience? "

Qin Yan was indifferent to this face, although half of her face was swollen, but it did not affect her beauty and style, "I am going to divorce."

The man asked her, "Even if I am willing to forgive you this time, are you still determined to divorce?"

"Yes."

"Okay, I will fulfill you, but Qin Yan, I hope you won't regret it in the future." The man said fiercely.

"Tomorrow morning, see you at the door of the Civil Affairs Bureau." Qin Yan said, turned around and left here.

The man looked at her back, leaving a somber look.

Instead of returning to Yan's home, Qin Yan found a hotel. She had an ice pack in her hand and was covering her face. She had waited too long and did not want to wait any longer. She could only say sorry to the man.

If it wasn't for repaying the man's goodness to her, she wouldn't stay with this man for so long. For more than ten years, she has not had so much time. The people who killed Karl had to pay the due price. .

The next day, when the man appeared at the door of the Civil Affairs Bureau, Qin Yan was already waiting for him. The man's face was ugly, and he looked at Qin Yan coldly, "You really can't wait."

Qin Yan did not speak, glanced at the man silently, and advanced the Civil Affairs Bureau.

When he came out of the Civil Affairs Bureau, the man did not look at Qin Yan, and left. Qin Yan went into the car with a sullen face and went straight to the Yan family to find Yan Anbang.

Yan Anbang woke up early in the morning and did not see Qin Yan. He called Qin Yan and no one answered. He was planning to go out to find someone. Qin Yan came back with a suitcase in his hand.

"Yanyan, didn't he embarrass you?"

Qin Yan shook her head and smiled bitterly, "No, I have gone through the divorce formalities with him this morning. An Bang, I am really homeless now."

Yan Anbang stepped up and took her suitcase and took her shoulders into the house. "It doesn't matter. I'm your home here. You will live here in the future."

Qin Yan's face was a bit worried, "I live here, if Sheng Yu knew, wouldn't it be good?"

Yan Anbang comforted her, "It's okay. He will not go home except to call me two times. Even if he comes back, it doesn't matter. I have already divorced my mom."

As he was talking, the sound of the car's engine came from outside the door. After a while, Yan Shengyu appeared at the door. He still had a few bags in his hand and looked at the scene in the living room. The smile on his face faded. , "What are you doing?"

Qin Yan looked at Yan Shengyu helplessly, "Sheng Yu, I..."

Yan Shengyu did not look at her, but looked at Yan Anbang, "Dad, can you tell me what's going on? How could she appear in our house?"

Yan Anbang did not expect that Yan Shengyu would come back at this time, but soon, he returned to nature and looked at Yan Shengyu and said, "Your return is just right. I just planned to tell you that I will marry your Aunt Qin soon. She will live here in the future."

The smile on Yan Shengyu's face disappeared completely, his expression was indifferent, "Are you going to marry her?"

"Yes."

"I disagree." Yan Shengyu said coldly, "You can marry any woman, but she can't." It was because of this woman that his parents would divorce.

Yan Anbang's face sank. "I'm not asking for your opinion. I'm just notifying you. It doesn't matter whether you agree or not."

Qin Yan pulled his sleeves, "An Bang, tell Sheng Yu well."

She looked at Yan Shengyu and tried to explain, "Sheng Yu, I'm not married to your dad yet. If you don't want me to marry him, we can't get a certificate."

"Qin Yan, what are you talking about? I'm tomorrow, no, I'll go with you to collect the certificate this afternoon, and you will be my wife of Yan Anbang in the future."

"Hehe." Yan Shengyu sneered. "She is your wife, what is my mother? What are I and Yan Xi?"

Yan Anbang's face was dark, "Yan Shengyu, I am your father, pay attention to your attitude to speak. I have divorced from your mother, and now I am single, and who I want to be with is my freedom."

"Yes, this is your freedom. If I said that if you were with this woman, then I would never recognize your father in my life, so, do you still insist on being with this woman?" Yan Shengyu's expression suddenly Calm was restored.

Yan Anbang looked stiff, looking at Yan Shengyu, "Yan Shengyu, do you know what you are talking about?"

"Then do you know what you are doing? My father?" The last four words, with a deliberate bite accent, are full of sarcasm.

Yan Anbang was furious, Qin Yan quickly held his hand, pulled out a smile, and said flatly, "Sheng Yu, don't be angry first, your dad just made a joke with you, I'm divorced now, there is no place to live, Your dad thought I was staying here for a few days based on my previous relationship, and I will move out after two days when I find a place to live."

"Yanyan, I don't need to explain. I was planning to marry you. He will know about this matter sooner or later. There is no need to hide it." Yan Anbang said.

"Yan Shengyu, if you recognize me as a father, then respect your Aunt Qin a little. If you don't recognize it, then don't step into this house, I will be your son."

Yan Shengyu took a deep look at Yan Anbang. His eyes were full of injuries and disappointment. "Okay, I will leave now." After that, he turned around and walked away. Qin Yan wanted to hold him, but Yan Anbang held it, "No. Going, I understand Sheng Yu's temperament, he just couldn't think about it for a while, just wait until he figured it out."

Qin Yan looked at Yan Anbang helplessly, "Sheng Yu is a child. Why don't you defy a child and say good things to him? Now that Zhao Jiaqing and Yan Xi have gone abroad, there is a Sheng Yu beside you. 'S attitude is not to push the child outwards?"

Yan Anbang grinned, "It's really okay, he misunderstood you. Even if you explain it, he won't listen. You might as well force him to accept this fact, and wait until you get used to it later. You should also Very tired, go to rest first, I will call him another day."

"Sheng Yu is really all right?" Qin Yan suspiciously.

Yan Anbang gave her a positive look, "It's really okay, go and rest."

Qin Yan was really tired, and he didn't think about it anymore.

Yan Anbang stood at the same place, remembering what he had just said, and there was some regret in his heart. He actually didn't want this, but the words just blurted out. Looking at the things thrown on the ground by Yan Shengyu, it seems that they are all health care products, and there are two men's clothes. The regret in my heart is even more. After thinking about it, I called Yan Shengyu and was hung up. Too.

Yan Shengyu went directly to the airport after going out of the Yan family and bought a ticket to Sydney.

Zhao Jiaqing was surprised when he saw his son, "Sheng Yu, why are you here?"

Yan Shengyu smiled slightly, leaned over and gently embraced Zhao Jiaqing, "I think my mother and Xiao

Xi are here, so come and see you, how are you doing recently?"

Zhao Jiaqing was very happy and nodded, "Mum is very good, Xiao Xi is also very good, you are tired by plane, come in quickly, have you eaten?"

Yan Shengyu entered the door, listening to Zhao Jiaqing's thoughts, laughing, "Are you well tired, haven't you eaten yet, did you have any food at home?" Looking around, "What about Xiao Xi?"

"I went out with my classmates, and since I was obsessed with photography, I couldn't see her at home on weekends." Zhao Jiaqing entered the kitchen to prepare his son's food, and said.

On the other side, Yan Xi and her classmates agreed to go to the suburbs to gather winds on the weekends. As a result, all of them arrived, and none of the classmates' shadows were seen. She called her classmates, only to realize that the classmates had come to a halt and found that the camera had been left at home. She was going back to get it. Yan Xi had no choice but to wait for someone here now.

It was still spring in Sydney in September, and the weather was very cold. Yan Xi found a cafe and waited for someone and ordered a cappuccino. Yan Xi sat at the window and quietly looked at the street outside the window.

The sun was shining through the window and shone warmly on her body. She narrowed her eyes slightly, like a lazy cat, and suddenly there was a chuckle, Yan Xi opened her eyes, looked around, and saw He had a strange face, blond hair, blue eyes, a handsome nose, three-dimensional contours, and at the age of twenty-six, she was looking at her with a smile on her face.

There was a doubt in Yan Xi's eyes, "Are you looking at me?"

The man nodded with a smile, "Well, you just looked beautiful."

Yan Xi looked down embarrassedly, "Thank you."

The man took a step closer, "My name is Dougs, I am here to travel, and I am very happy to meet you in the restaurant of this town, beautiful lady."

Yan Xi looked at the big hand in front of her and looked at Dougs's face. His smile was warm. She reached out and took the big hand in front of her. It was only the first time she held the opposite sex hand after she came to Sydney City. "My name is Yan Xi and I am very happy to meet you."

Dougs smiled and said, "Are you waiting for someone or come out to play alone?"

"I'm waiting for my friend. She has something to do. She has been delayed on the road. She hasn't come yet. She should be at the time."

"That's very good. The weather is good this weekend. It's really suitable for walking out."

Yan Xi glanced at Dougs, "Are you here alone?"

Dougs shook his head. "No, I came with a friend. My friend just went to the bathroom." As he said, a man came towards them. "Dougs, let's go."

Dougs stood up, "Then let's go first, Xiao Yanxi, it's nice to meet you." He took a business card from his pocket and put it on the table, "This is my contact information, I am A psychologist, if you have troubles in the future, you can always contact me."

Yan Xi did not like to contact strangers, especially strange men, but for some reason, the man in front of her did not disgust her. She put away her business card and returned to Dougs with a smile, "Goodbye, my friend ."

Dougs smiled and walked out of the cafe with his friend. The friend looked back at Yan Xi curiously. Yan Xi already lowered his head and looked at the phone. "Do you know the girl you just saw?"

Dougs looked sideways, "Well, she's my friend's sister. I've seen it once before, but I'm not familiar with it. I didn't expect to meet her here, so I talked a few words." There was relief in his eyes. It was indeed an accident to see Yan Xi, but I was still very happy to see her like this.

The girl Yan Xi is not the most serious patient he has ever met, but it is the most distressing patient he encountered at such a similar age. Such a thing as Dougs can be said to be hard-hearted People can't help but feel a two-pointed heart to her.

Yan Anbang took Qin Yan to the Civil Affairs Bureau the next day to register for marriage. Originally, he wanted to invite some relatives and friends to have a meal, but Qin Yan refused, "Anbang, I am very satisfied to be with you. Nothing else matters."

Yan Anbang thought Qin Yan was worried that she would be criticized because of her, and she felt even more sorry for her, and the man knew that Qin Yan would register with another man the next day, and he left with anger. Nancheng.

Qin Yan heard the news of the man's departure, and just said lightly, "It's fine to leave, so that I can handle things."

**

At the end of September, Fu Hengyi took Shen Qinglan to the hospital for a comprehensive examination. She knew that Shen Qinglan and the children in her stomach had no problems. She just wanted to go to the bathroom when she came out of the hospital. Fu Hengyi wanted to accompany her. Was rejected by Shen Qinglan, so she was waiting for her at the door.

At this moment, Shen Qinglan's cell phone rang, and Fu Hengyi took a glance and picked it up.

"I am Fu Hengyi."

It was Daniel calling, "Hello Mr. Fu, is Qinglan here?"

"Qing Lan just went to the bathroom. What can you tell me."

"This is the case. Noah and Frank will leave tomorrow. They want to invite Qing Lan to have a meal before leaving. I wonder if Qing Lan has time today?"

Fu Hengyi thought for a while and said, "Then today, you can set the time and place, send it to Qinglan's mobile phone, and I will take her to the next time."

"Okay." Daniel reported an address and time, and then hung up.

When Shen Qinglan came out, Fu Hengyi told her, "I just promised Daniel for you, now we go to find them. Grandpa will go there again in the afternoon."

In this regard, Shen Qinglan did not have any comments. When he arrived at the restaurant, he found out that there was also a Catherine among the people dining.

Catherine saw Fu Hengyi, her eyes shone brightly, but she masked her emotions very well, her smile was decent, "Mr. Fu, Miss Shen, we met again."

Shen Qinglan smiled slightly, but Fu Hengyi didn't pay attention. Catherine's face was uncomfortable, but she quickly returned to nature.

She has investigated Fu Hengyi and knows that he is the eldest grandson of the Fu family in Beijing, or the youngest young commander in country Z. Where is Daniel's mouth "only a soldier".

She looked at Fu Hengyi's back, and there were some regrets in her eyes. Why did such an excellent man get to see Shen Qinglan? Even though Shen Qinglan is good at painting and painting, she is so cold, what is the fun.

During the meal, Fu Hengyi has been taking care of Shen Qinglan. The whole process can be said to be meticulous, and he does not care about the eyes of others on the table. Catherine sees in her eyes, and the regret in her heart is even stronger.

Fu Hengyi's phone rang, he picked it up and glanced, "I'll go out to answer the phone first."

When Fu Hengyi went out, Frank looked at Shen Qinglan with a smile, "Mr. Fu is very kind to Miss Shen."

Shen Qinglan smiled, "Thank you Mr. Frank, I am very sorry this time, because of physical reasons, I failed to accompany you to look around."

Frank didn't know that Shen Qinglan was pregnant. Hearing this, he asked with concern, "Ms. Shen, is it uncomfortable?"

"Mr. Frank misunderstood, I am not uncomfortable." Shen Qinglan said, softly frowning, "I was pregnant, the doctor asked me to take a good rest at home during this time."

Upon hearing this, the smile on Frank's face was even more true, "This is really good news, congratulations to Miss Shen."

"Thank you." Shen Qinglan said, glancing at Catherine in the corner of her eyes, seeing the stiff smile on her face, and quickly returned her gaze.

Catherine stood up, "I'm going out, sorry."

She walked out of the box and did not go to the bathroom. Instead, she was looking for Fu Hengyi. She turned around and saw that Fu Hengyi was standing in the corner calling, not knowing what to say, and she looked very serious. When she approached, Fu Hengyi hung up. .

"Mr. Fu, hello."

"Miss Boyd, is there something?" Fu Hengyi said lightly.

The low magnetic voice passed into Catherine's ears, making her heart tremble violently. She looked straight at Fu Hengyi. "Mr. Fu just called me Catherine. I am a painter like your wife, this time it was my teacher Frank who came to visit Miss Shen in Country Z. It was a pleasure to meet Mr. Fu."

Fu Hengyi's expression was faint. Hearing this, there was no change in her eyes. Catherine bit her lip, lowered her eyes slightly, and spoke softly. "I saw Mr. Fu that day and I thought you were excellent. It was the best man I have ever seen. Seeing your care for Miss Shen today, you must be a man who cares about your family. I think I can be a friend with you?"

Seeing that Fu Hengyi didn't say anything, Catherine explained, "I heard Daniel said that you are a soldier, you probably don't know, the person I admired the most was a soldier, they are heroes in my heart. I heard Daniel say something about you. The deeds are very admirable to you." She looked at Fu Hengyi's eyes brightly.

Fu Hengyi's eyes were faint, "Miss Boyd, I am a soldier. It is not as good as you said. Qinglan is still inside. I have advanced."

Catherine saw that Fu Hengyi was leaving, and quickly said, "Mr. Fu, an excellent man like you should have a better woman who can match you."

Fu Hengyi's footsteps paused slightly, looking at her, his eyes cool, "In my heart, my wife is the best

woman in the world."

Catherine looked at Fu Hengyi's back without looking back.

Back in the box, Fu Hengyi didn't mention the matter of seeing Catherine. After a while, Catherine also came in, but after she came in, Catherine was obviously a little absent-minded, and Frank called her unreasonably.

What Shen Qinglan thought, looked at Fu Hengyi, who gave her an innocent look.

As she was about to leave, Catherine suddenly said, "Miss Shen, my birthday is next month. I want to invite you to go to Sydney with Mr. Fu. Is it convenient for you to see?"

Shen Qinglan's mouth was lightly ticked, and he hadn't spoken yet. Fu Hengyi spoke first. "Sorry, Qinglan is still in the early stages of pregnancy and is not suitable for flying. I'm afraid I will live up to Miss Boyd's kindness."

Catherine's eyes were full of disappointment, and she twitched her lips. "It's because I didn't think about it."

Even if Frank was dull, he could see that Catherine was not right at this time. His expression was a little ugly, but Noah, but looking here, he looked thoughtful.

Back at the hotel, Frank looked down at his students, "Catherine, don't worry about things that don't belong to you. With this time, it's better to concentrate on improving your drawing skills. You are a gifted child. Don't delay your future because of other things."

Catherine understood it all at once. She looked down at the ground, "Teacher, if you haven't worked hard, how can you know that this thing doesn't belong to you?"

Frank looked at the obsessed Catherine and sighed deeply, "Catherine, there are some things she looks very beautiful in the hands of others, but in her own hands, then it may not be as beautiful as you see, don't be The appearance is confusing."

Catherine lowered her head and said nothing. After a long time, she whispered, "I know the teacher."

Frank glanced at her deeply and said, "You are a clever kid, just figure it out. The last time I met your father, your father told me about your marriage. I don't know if you are dealing with this now. What do you think?"

Catherine bit her lip and said, "I am still young, and there is still a lot of room for improvement in painting. I want to concentrate on painting first. As for marriage, let me put it for the time being."

Frank nodded, "Okay, next time I meet your father, I will talk to him well. Today is late, you have a good

rest, and tomorrow morning, we will have to catch the plane back."

Catherine nodded and turned into her room.

Noah came from behind and said, "Your student didn't give up so easily."

Hearing the words, Frank sighed deeply, "I knew I shouldn't have brought her. I originally wanted her to contact Shen Qinglan and let her study hard, but now, I seem to have done a stupid thing."

Noah patted his shoulder, "Don't think so much, that Mr. Fu is not a simple person in my opinion."

Frank nodded his head in deep thought. Also, it wouldn't be an ordinary person that Shen Qinglan would like.

On the way back, Shen Qinglan looked sideways at Fu Hengyi who was driving. "I can't see that our Fu Ye's charm is so great that he has gone abroad. Even foreign beauties are enamoured at first sight." laugh.

Fu Hengyi glanced at her sideways and smiled indulgently, "Just tease me."

Shen Qinglan smiled slightly and didn't speak. She believed that Fu Hengyi hadn't paid attention to Catherine.

Back at Fu's house, Mr. Fu was sitting in the living room, with a look of sadness on his face. Shen Qinglan and Fu Hengyi had just arrived home and found that the atmosphere in the house was wrong.

"Grandpa, we are back."

Grandpa Fu looked up at the two of them and said, "I'm back." The tone is very plain and not as happy as before.

Shen Qinglan and Fu Hengyi looked at each other and sat down beside the old man. "Grandpa, what happened?"

Hearing this, Mr. Fu sighed deeply, "Hey, I just received a call from your uncle to say goodbye to him. Tomorrow he will leave the capital and go abroad. Maybe he won't come back in the future."

The old man said that Shen Qinglan remembered it. She had given Gu Yang an idea to retain her uncle, but after Gu Yang went back to discuss with her uncle, the uncle did not agree, so this matter would be gone.

"Aunt?" Fu Hengyi asked.

Grandpa Fu said, "Upstairs, I don't know what these two people are doing. It's been more than 20 years.

I still can't untie my heart. It's not as good as a child to see things. ."

Fu Hengyi smiled, "Grandpa, you always say that your grandchildren have their own grandchildren. Why can't you think of it now?"

Grandpa Fu stared, "Is it something I can't think of? I'm terrible."

"Grandpa, don't worry, I'll go up to see my aunt." Shen Qinglan said, got up and went upstairs.

"Did you take Qinglan girl to the hospital today, what did the doctor say?" Mr. Fu finally remembered the business and asked.

"The doctor said that Qinglan and the children are very healthy."

Master Fu nodded with confidence, "That's good. But Heng Yi, I still want to reconsider the things I told you last year. I know that Qinglan girl supports you, but she is pregnant now, and she needs someone to take care of it. When you were a husband, you could not be with your wife, and the mood for pregnant women was very bad."

Fu Hengyi heard the words and was silent.

Grandpa Fu looked at Fu Hengyi and sighed deeply, "Grandpa is not forcing you, but hopes that you can consider the feelings of Qinglan and the child. When the child is born in the future, do you want your child to be the same as when you were a child, Didn't Dad know you when he came back?"

Wen Yan, Fu Hengyi's eyes flashed a glare, looked up at the old man, "Grandpa, you give me time to consider this matter, I am a husband, but I am also a soldier, I am not only responsible for my family, I will also be responsible to my brother. When I arrange everything, I will consider applying to be transferred back to the Beijing Military Region."

"Well, Grandpa is at ease with your words, Hengyi, Grandpa is also old, and can't stand any more blows."

"Grandpa, I know."

**

Shen Qinglan knocked on the door, "Aunt, are you there?"

No one responded, and Shen Qinglan knocked again, "Come, wait."

The door opened and Fu Jingting saw Shen Qinglan and smiled, "Qinglan, you are back, come in."

Shen Qinglan entered the room, "What does aunt do in the room?"

Fu Jingting laughed, "It's almost dry when watering the flowers."

Shen Qinglan walked to the balcony and glanced, "These aunt's flowers are well kept, and they look vibrant."

"I don't have anything else to do now. I'll grow flowers and grass at home when I have nothing to do. You and Hengyi went to the hospital for examination today, are you okay?"

Shen Qinglan shook his head, "The doctor said that the child is very good and healthy."

"That's all right. If you are pregnant now, you should take more rest. If you need anything, call your aunt, and the aunt will prepare for you."

"Thank you aunt."

"The family need not say thank you. Have you seen your grandpa?"

"Wait later and just come back to see Grandpa in a bad mood, it seems to be worried about my aunt." Shen Qinglan said unintentionally.

Wen Yan, the smile on Fu Jingting's face faded, "The old man just thought too much. In fact, I am really okay. I have been divorced with your uncle for so many years. Before that, I have been busy working abroad and I have been used to it for a long time. "

"Aunt is all right."

Shen Qinglan came down from the upstairs and saw Grandpa Fu staring at her with a smile, and said with a smile, "Grandpa, aunt is all right, water the flowers on it."

Mr. Fu heard the words, and immediately hated the incompetence of the iron and said, "When are you still watering flowers? Well, people are not in a hurry, I am so anxious, Qinglan girl, go, we find old man Shen to play chess ."

Looking at the angry old man Fu, Shen Qinglan was very funny, "OK, let's go find my grandpa to play chess, and then I will make tea for you."

"Well, this is good. The tea you brewed is better than your mother brewed. Last time I lost to your grandfather. This time I have to win back."

Shen Qinglan and Grandpa Fu left, Fu Hengyi glanced upstairs, and told Aunt Zhao that they didn't need to prepare them for dinner, and went out.

Grandpa Shen is also bored. Seeing Shen Qinglan and Grandpa Fu coming, they happily took the two to

the study.

The two old men played against each other, and Shen Qinglan was arguing from time to time while watching them.

"You old man Fu, and regret chess, you talk about yourself, this is the first time?"

"Nonsense, which of your eyes saw me regret it."

"I saw both eyes."

"I think you are old, you can't see clearly, and if you say yes, let me have three sons, where can I regret chess?"

Shen Qinglan lightly hooked his lips and placed two cups of tea in front of the two old men. "Two grandpas, drink tea first."

Master Fu snorted coldly and threw the chess pieces back, "Hmph, I don't care about you old man."

Master Shen is not willing to show his weakness, "I should say this sentence, every time I play chess, I regret it, and I won't play with you anymore. You are a bad chess basket."

"You thought you wouldn't play with me, I wouldn't be playing anymore, would I? I tell you, I'm so rare. Next time I will be with Qinglan, don't want you."

"Lan Lan, I tell you, you are not allowed to play chess with this stinky old man, he is not good at playing chess," said Mr. Shen.

Grandpa Fu glared, "Hey, I said old man Shen, don't take you like this, who is not good at chess, girl Qinglan, look at your grandfather, what is this saying?"

Shen Qinglan smiled slightly, "Well, don't quarrel, the two grandpas are not drinking tea, the tea will be cold."

The two old men glared at each other and grunted, ignoring each other.

Shen Qinglan looked at the behavior of the two as a child, but only felt funny in her heart. Her expression was very calm. She was not worried that the two were really arguing. Sure enough, after drinking two cups of tea, the two started again. Playing chess, completely forget the unpleasantness just now.

As the old saying goes, old children old children, this is true, the two of the family are getting older and more like children,

Shen Qinglan watched them play chess for a while, and gradually fell asleep, "Two grandpas, I am sleepy, go back to sleep first."

Mr. Shen waved his hand, "Go, go."

At the moment, Master Fu was holding a chess piece and looked down, Shen Qinglan glanced, smiled, and got up and left.

Back in his room, Shen Qinglan lay down and went to sleep directly. Fu Hengyi went up to the study room first, but no one was found. He returned to Shen Qinglan's room. Shen Qinglan was asleep. He went to bed lightly and lay on his side. , Looking up at Shen Qinglan's quiet sleeping eyes, his eyes full of gentle smiles.

**

Fu Jingting waited until Fu Hengyi left, sitting on the sofa in a daze, Aunt Zhao came out and looked at it, seeing her indifferent look, sighed silently, and went back to the kitchen to work hard.

I was in a daze. The phone at home suddenly rang and pulled back Fu Jingting's thoughts. She picked up the phone, but just after listening to nothing, her complexion changed, "Okay, I will come right away."

Hanging up the phone in a hurry, Fu Jingting stood up and left without even changing his shoes. Aunt Zhao came out and asked, "Jing Ting, what are you doing?"

Fu Jingting didn't respond at all, and his expression was panic.

Shen Qinglan and Fu Hengyi only learned of Gu Bowen's hospitalization in the evening. The two hurried to the hospital and saw Fu Jingting sitting in the corridor of the hospital, wearing a pair of slippers on their feet, and looked dumbfounded, even they came There was no response at all.

"Little sister-in-law, elder brother, you are here." Gu Kaigang came back after paying the fee and saw Shen Qinglan and Fu Hengyi.

Gu Kai was accidentally injured when he was training in the army three months ago, and his foot was broken. After consulting with Mr. Gu Kai himself, Mr. Fu asked him to come back from the army and wait for his foot to get better. Gu Kai returned to work in Gu's group. Although he quit halfway, Gu Kai's life in the military camp for a few months still made Gu Kai grow a lot.

"How is his uncle?" Fu Hengyi asked.

Gu Kai's expression was solemn and he glanced at Fu Jingting with some hesitation. "The doctor said that the uncle could not wake up for the time being. There was no problem with the other injuries on his body. The head was severely hit."

"What the hell is going on?" Shen Qinglan frowned.

"Uncle originally planned to go to the company to explain things today. Who knew that there was a car accident on the way and someone was drunk driving. Uncle ran into a lamppost on the side of the road to avoid his car, and that's it."

No one knows how the incident happened. At that time, at that intersection, not only Gu Bowen had a car accident, but a serial car accident. Although Gu Bowen avoided the drunk driving car, other people did not avoid it. After a car collided with the drunk driving car, it bumped into Gu Bowen's car again.

To put it bluntly, if it weren't for the latter building, Gu Bowen's injury was not so serious at all. The driver of the drunk driver has died on the spot.

Digression

Qin Yan's true face is slowly coming to the surface. Let's guess whether Uncle's car accident was accidental or man-made?

274 Chapter 274

Shen Qinglan and Fu Hengyi looked at each other. Shen Qinglan thought about it and asked, "When did the doctor say that my uncle can wake up?"

Gu Kai shook his head, "No, it depends."

Although Fu Jingting looked stunned, she heard Gu Kai's words, and she stood up and looked at the person in the ICU who was full of pipes, and said nothing in silence.

Shen Qinglan didn't know what to say. Originally, she and Gu Yang planned to let her uncle have some accidents, and then pretended to be very serious, and took the opportunity to let her uncle untie her knot, but that was fake, but this time it was true. Now uncle lie in there and do not know life or death, maybe it really went.

"Did you inform Gu Yang?" Fu Hengyi asked in a deep voice.

"It has been notified that Gu Yang is on the way back."

As he was talking, Gu Yang appeared, wearing a training suit and sweating, "How is my dad?"

Gu Kai will say something to Shen Qinglan again, Gu Yang is silent, standing beside Fu Jingting, and for a moment no one spoke.

It took a long time for Fu Jingting to mutely say, "Qinglan, Hengyi, please go back first, don't tell the old man at home, just leave it here to me."

"Aunt." Fu Hengyi called out.

Fu Jingting did not turn around, his eyes still fell on Gu Bowen, "Go back."

After Shen Qinglan and Fu Hengyi left the hospital, she saw Fu Hengyi's dignified expression and comforted him, "Relax, uncle Jiren has his own appearance, it will be fine, or I will call Eden, his medical skills are good, there will be Method."

Fu Hengyi sighed, but the worry in his heart did not let go.

Shen Qinglan sensed something was wrong and asked, "What's wrong?"

Fu Hengyi frowned, "I just think things are a bit too coincidental." Uncle just went to the company, and it was so coincident that a drunk driving car came towards his uncle.

Shen Qinglan heard the words, his eyes changed slightly, "You mean someone designed all this?"

Fu Hengyi shook his head, "I'm not sure, but I always think this matter is not that simple."

His intuition has always been accurate. People like Shen Qinglan and Fu Hengyi who often face the test of life and death have intuitions beyond ordinary people. Since Fu Hengyi thinks this way, it is necessary to check this matter.

"I asked Enxi to check this."

Fu Hengyi nodded, and his vacation would be over after two days. "If this matter is just an accident, then forget it, if you know someone is fooling behind..." Fu Hengyi's tone was cold.

"If someone is fooling behind, naturally it can't be that simple, you don't have to worry, I have a sense in my heart." Shen Qinglan said.

After going back, Shen Qinglan called Jin Enxi before going to bed.

And Fu Hengyi was not idle, dialed a string of numbers, was a leader of the Transportation Bureau, wanted to call the day of the incident to monitor, Fu Hengyi spoke, this naturally requires that the other party will not refuse, to ensure that things will be sent tomorrow give him.

"Don't worry, rest first, this matter will always be clear." Seeing that Shen Qinglan was not sleeping, Fu Hengyi held the man in his arms and said softly.

Shen Qinglan nodded, "I know." That is what he said, but what was in his heart, Shen Qinglan did not sleep well even if he fell asleep.

The next day, the surveillance video was delivered. Jin Enxi had come to the house and finished watching the surveillance video with Shen Qinglan, and suddenly said, "No, this video was manipulated."

After hearing this, Fu Hengyi's eyes changed, and Shen Sheng asked, "What do you mean? This video has been edited?"

Jin Enxi nodded, "Well, about five minutes less, you see here." She pulled the mouse and pointed to the time on the screen, "Five minutes less."

Just now Shen Qinglan and Fu Hengyi only paid attention to the monitoring screen, but they didn't pay attention to the time. Now, at first glance, this matter is indeed problematic.

"Qinglan, I will go out first." Fu Hengyi said.

Shen Qinglan nodded and did not ask him where to go. After Fu Hengyi left, she looked at Jin Enxi, "Can you find a way to get its original videotape?"

Jin Enxi hesitated and said, "I can try it, but I can't guarantee it." Then, he sat down and tapped his fingers on the keyboard. After a while, Jin Enxi frowned and said, "An, the data has been destroyed. This person is very careful in doing things, leaving no trace, I can't find it, sorry."

After hearing this, Shen Qinglan flashed a solemn expression between his eyes, "It's okay."

This incident is obviously not an accident, but who is it, why should we start with Gu Bowen, is it an opponent in Gu Bowen's business?

After thinking for a while, Shen Qinglan called Gu Kai, "Aren't your uncle offended anyone in the mall recently?"

Gu Kai listened to this and seemed to be a little puzzled. He subconsciously said, "No, Uncle has always been kind to people and basically won't offend people. He is very popular."

Not an enemy in the business field, it seems even more impossible in life. All of a sudden, Shen Qinglan had no idea.

Gu Kaiyin noticed something and asked, "Sister-in-law, are you doubting that Uncle's car accident is not an accident?"

"I'm not sure for now. I will find a way to find out about this matter. My uncle is like this, and he can't go to the company for the time being."

"There is me in the company. I will temporarily hide the people in the company for this matter." Gu Bowen originally told the company's executives that he wanted to go abroad, so it is not difficult to hide.

"Okay, the company's business is up to you. If you are in trouble, you can go to my brother." Shen Junyu is better at the shopping mall.

Knowing that Shen Qinglan is pregnant now, Gu Kai did not forget to say, "Okay, little sister-in-law, uncle, don't worry too much about your own affairs. Pay attention to your body."

Hanging up the phone, Shen Qinglan and Jin Enxi glanced at each other. For a moment, they didn't know where to start, so they had to wait for Fu Hengyi to come home.

Fu Hengyi left for a short time. Looking at his face, Shen Qinglan could also guess one or two. Sure enough, Fu Hengyi confirmed Shen Qinglan's conjecture in the next sentence, "The original data has also been destroyed. How many people have passed through the material in this video."

"I can't find it here for the time being. Now the clues are all broken. Maybe it will only be clear when my uncle wakes up." Shen Qinglan said.

Fu Hengyi wiped his face and nodded. Jin Enxi saw that she had nothing to do with her and left.

In the hospital, Fu Jingting still stood outside the ICU ward and looked at Gu Bowen who was lying inside. His eyes were motionless. Gu Yang saw that she did not change her shoes, and she only wore a single coat. She took off her military uniform and put it on Fu Jingting. "S body, "Mom, you go back to change clothes and come again."

Fu Jingting didn't seem to hear anything, and didn't respond at all.

Gu Yang said it again, seeing that Fu Jingting still didn't respond, and didn't say anything, standing beside Fu Jingting and watching the people inside with her.

Fu Jingting's stop was all night. The next morning, the doctor came to check Gu Bowen. Fu Jingting

stared at the doctor tightly without blinking. As soon as the doctor came out from the inside, Fu Jingting surrounded him. Doctor, how is he?"

The doctor glanced at Fu Jingting and asked, "What is your relationship with the patient?"

Fu Jingting hesitated and said, "I am his ex-wife."

"This is the case. The patient has passed the dangerous period, but there is a blood clot in his brain. It is temporarily impossible to perform surgery. When he can wake up depends on his luck."

Fu Jingting heard the words, first of all, hearing the words, the joy on his face suddenly froze on his face, "Doctor, do you mean he will become a vegetative?"

The doctor shook his head, "No, no, you misunderstood what I meant. Mr. Gu is not a vegetative, but because the blood clot in his brain is pressing his nerves, he can't wake up temporarily. When the blood clot naturally subsides, he can wake up, of course. If, after a period of time, the blood clot still does not subside, we will consider performing surgery on Mr. Gu to remove the blood clot."

Fu Jingting heard this, and then let go of her heart, but she didn't wait for her heart to fall, and the doctor spoke again, "But if the blood clot has not subsided, it will continue to oppress the nerves, then Mr Gu will still be very dangerous, you take care of your family During the process, you should always pay attention to the patient's attitude, and tell the doctor in time if there is anything wrong."

"Okay, thank you doctor."

"Or you can talk to the patient more, maybe it will help the patient to wake up sooner."

Fu Jingting paused, "Can he hear us?"

The doctor explained, "Some patients are comatose, but they are not unresponsive to external stimuli and can hear others talking, but some patients are unconscious, and Mr. Gu's situation is temporarily unable to judge which type it belongs to, but you can Try it."

Fu Jingting heard a word of disappointment and nodded. "Thank you doctor."

"Mr. Gu will be transferred to the general ward in a minute, please go through the procedures first."

Gu Yang came out, "I will go. I am the son of the patient."

Gu Yang followed the nurse to go through the formalities, and Fu Jingting followed Gu Bowen to the ward. Gu Bowen's ventilator had been removed. His face was bruised and his hands and feet were plastered.

Fu Jingting sat on the side and looked at him steadily. Her eyes were unabashedly gentle. She hadn't

seen him well for more than 20 years. She reached out and touched the white hair in Gu Bowen's ear gently. He said, "Gu Bowen, you have white hair and you are old."

Gu Bowen fell asleep quietly, wondering if he heard Fu Jingting's words.

"Think about it too, Gu Yang is so old, can we not be old? Gu Bowen, you are the most stubborn man I have ever seen, knowing that I do not love you, and will not return to your side, you are still waiting. What do I do and wait for more than 20 years, you said you are not the dumbest man in the world?"

She gently held Gu Bowen's hand. In memory, her hands were dry and warm, but now her hands are cold. She put her face on the heart of Gu Bowen's palm, "I regret now that I promised to marry you. If you didn't marry me, would you meet someone better than me, someone who loves you wholeheartedly, give you children and children, walk with you for the rest of your life, and grow old with you, you will have a happy family instead of keeping a hopeless life for a small part of your life as you are now? Even lying on the hospital bed, you can't move at all. Gu Bowen, I'm sorry, I have delayed you for half of my life."

"I don't know if you can hear me now, whether you can hear it or not, it seems that I have the courage to talk to you only when I am facing you now. Gu Bowen, you must not know, actually I The person you love has always been you. Since I promised to marry you, Shen Rong has put it down in my heart. I know there must be a lot of doubts in your heart. Since I love you, why did you leave you? "

"Gu Bowen, I always knew that you had nothing to do with that woman at that time, because that thing was designed by me from beginning to end, I wanted to leave you, so I found a woman to design you, only like this, You will let me go, Gu Bowen, you have been burdened with this burden for so many years, I'm really sorry."

Speaking of which, Fu Jingting's tears suddenly fell, probably thinking about the past. Her eyes were full of pain, but the pain was gentle again.

The tears were warm and dripped in Gu Bowen's palm, but Fu Jingting didn't see it. Gu Bowen's slightly trembling eyelids were only momentary, and he returned to calm.

"Marrying you is the most beautiful decision I have ever made in my life. I am glad to have had a marriage with you and a child. How I wish I could stay with you in my life, but Gu Bowen, I'm dirty, I'm not clean anymore, I've lost my qualification to stand by you."

In the ward, Fu Jingting whispered to Gu Bowen a secret that had been buried in his heart for more than two decades, but it was a pity that Gu Bowen's eyes were tightly closed and he didn't hear what Fu Jingting said.

Gu Yang came back through the formalities and saw through the glass window of the ward that Fu Jingting was holding Gu Bowen's hand and talking softly. He paused and sat down on the chair in the corridor.

Gu Kai went home to get Gu Yang to change his clothes. When he came over, he saw Gu Yang sitting silently on the chair and patted him on the shoulder. "Uncle will be fine. Don't worry."

Gu Yang looked up at him without a word. He came directly from the army. He was tired after a day of training. Plus last night, he accompanied Fu Jingting to stand outside the ward all night. Green slag also appeared on the board.

"Go to change clothes and wash." Gu Kai handed him the bag, Gu Yang took it, and got up and went to the toilet to change clothes.

When Gu Kai entered the ward, Fu Jingting had let go of Gu Bowen's hand, and the expression on his face had returned to calm. When he saw Gu Kai, he greeted him actively.

"Sister-in-law, I brought you something to eat. Go ahead and have something to eat. Uncle, I'll keep it here."

Fu Jingting shook his head, "I don't have an appetite now, let me go first. Is the house okay?" According to her estimate, Gu family should have known the news of Gu Bowen's hospitalization.

"My dad already knows. Now he goes to the company to deal with the affairs and will come over later. I didn't tell Grandpa Fu about the uncle's hospitalization."

"Well, that's good, if you have anything to do with the company, go ahead and I will take care of it in the hospital."

"It's okay, I've already asked for leave. Auntie, you haven't eaten since yesterday. Now you have to eat some food. Even if you take care of your uncle, you need energy. If you fall down, your uncle should be distressed when he wakes up. ."

Fu Jingting did not continue to insist. Although he had no appetite, he drank a bowl of porridge. Shen Qinglan came over just after drinking porridge. She sent Fu Jingting clothes for changing clothes. Last night, Fu Jingting didn't go home. Master Fu also asked about it. She was asked by Shen Qinglan for a reason. , So Mr. Fu said to her with confidence.

"Auntie, this is a change of clothes for you." Shen Qinglan saw that Fu Jingting had eaten, placed the food on the table, and handed the clothes to Fu Jingting, who took it and thanked him.

"Aunt, you haven't slept all night. Let's go to rest for a while. Here are Gu Kai and me."

Fu Jingting twitched his lips and tried to make a smile, but he was unsuccessful. "I don't need you here. You are still pregnant with children. Go back first. It is bad for children to stay in the hospital for a long time."

Gu Kai helped, "Yes, sister-in-law, please go back first, there are us here."

Shen Qinglan did not leave immediately, but sat in the ward for a while, until Fu Jingting urged her for the fifth time, she stood up, gave Gu Kai a wink, and went out, Gu Kai also stood up, "Little sister-in-law, Let me send you down."

Walking out of the ward, Shen Qinglan looked at Gu Kai, "Gu Kai, think carefully, has your uncle recently quarreled or had a holiday? No matter whether it is business or life."

Shen Qinglan thought for a night last night, and still felt more likely to retaliate, but Gu Bowen was good-tempered and rarely vengeful, so even Shen Qinglan was not very sure.

Gu Kai heard that his expression became serious. He thought about it for a while and still shook his head. "Little sister-in-law, uncle's temper you know, you will not grudge with people on weekdays. Although the company recently took a few The big project, but it was obtained by normal means, and there was no offense, so I can't think of it for a moment. Is there any doubt in your heart, sister-in-law?"

Shen Qinglan shook his head, "It's not there yet. Forget it. I'll let it go beforehand. I'll go first. I'll leave it to you in the hospital."

"Okay, drive carefully on the road."

After Shen Qinglan left the hospital, she returned home. Fu Hengyi had not returned. She re-watched the video recordings that Fu Hengyi took back several times. Except for the missing five minutes, no abnormality was seen on the video. This is a simple traffic accident, but because of the lack of five minutes, Shen Qinglan is very sure that this matter is definitely not a simple accident.

Who is the person behind the scenes? What is the purpose of this? Is it for Gu Bowen, or is Gu Bowen just implicated?

When Fu Hengyi came back, Shen Qinglan was still thinking about this problem, and even Fu Hengyi didn't even notice when he walked to his side. Shen Qinglan secretly lamented that since he was with Fu Hengyi, his vigilance was getting lower and lower. If this is an enemy, I'm afraid I don't know how many times I have died.

"What are you thinking so fascinating?" Fu Hengyi said warmly.

Shen Qinglan told Fu Hengyi about the doubts in her heart. Fu Hengyi reached out and rubbed her face. "This matter is to me, don't think so much, did you eat it at noon?"

Shen Qinglan realized that she was too fascinated, and she didn't even eat lunch. She touched her belly, and Fu Hengyi immediately understood it. She looked at her helplessly, "You, this time, this is not allowed in the future. ."

Shen Qinglan smiled, "Got it."

Fu Hengyi got up and went to the kitchen to cook for Shen Qinglan, because after lunch time had passed, worrying that Shen Qinglan was hungry, and Fu Hengyi didn't make too complicated meals, so she left Shen Qinglan with a bowl of chicken noodle soup.

Probably really hungry. Shen Qinglan had a good appetite and ate up a whole bowl of noodles.

Shen Qinglan filled his stomach, satisfied, and asked, "Is there anything about your uncle's affairs?"

Fu Hengyi shook his head. "It's not yet. I went to the bureau today. The director said that no one had entered the monitoring room that day. Except for the person on duty at the time, there were more than one person on duty. None of them had acted alone."

In this way, does it become a headless case?

Shen Qinglan didn't believe that there was a perfect crime in this world. Now he hasn't found it, it can only show that something was overlooked by them, or that they were going in the wrong direction from the beginning.

Shen Qinglan calmly came down and punched things through from beginning to end, but still had no clue.

Fu Hengyi looked at her frowning frown and stretched her hand to rub it away. "Don't think about this for the time being. You didn't sleep well last night. Go up and get a good night's sleep."

For the time being, Shen Qinglan couldn't think of any clues, so he had to put things aside first, listen to Fu Hengyi's words, and went upstairs to rest. Fu Hengyi didn't go anywhere, accompanied Shen Qinglan to go to rest.

In the hospital, after Fu Jingting drove both Gu Yang and Gu Kai away, did he stay by Gu Bowen's side alone, just holding his hand and not talking?

Looking at the white hair in Gu Bowen's ears and the wrinkles in the corners of her eyes, somehow, she remembered the scene when she first knew Gu Bowen. When she was still in high school, she made an appointment with Shen Rang on the weekend and went out to play. It was found that Shen Rang also brought a man, a shy boy, not very talkative and shy. As soon as she talked to him, he blushed, making Fu Jingting feel very fun and could not help but tease him.

Later, she met more times, and she knew that Gu Bowen was the second son of Gu's family, obviously a rich second generation, but Gu Bowen's upbringing is very good, you can't see the bad temper of the youngest brother from him.

After going to university, Fu Jingting went to the military academy. At that time, she did not have a mobile phone. She wanted to contact her and could only write a letter. Her correspondence with Shen Rang was always close, and Gu Bowen only wrote a letter to her in a month. Most of what the letter said was also his university life, perhaps because of this, Fu Jingting didn't even see Gu Bowen's thoughts about himself at first.

After getting engaged with Shen Rang, Gu Bowen hadn't written a letter to her for a long time. Fu Jingting thought Gu Bowen had a new life or was just busy forgetting. She didn't think about it at all. All her thoughts were studying. She wanted to join the army as a soldier, and Mr. Fu said that as long as her results were satisfactory to him, she could enter the army, and she left the remaining time to Shen Rang.

Gu Bowen was an ordinary friend to Fu Jingting at that time, until Shen Rong retired.

Fu Jingting did not expect that Shen Rong would even remarry himself for such a woman, and what he did not expect was that Gu Bowen would even run to fight Shen Rong. If Shen Rong deliberately let him, I am afraid that the whole body was injured. Only Gu Bowen has one.

Fu Jingting is a wise man. He didn't think about it before, so he didn't realize that when she saw Gu Bowen, she didn't understand anything. The only thing she didn't understand was what Gu Bowen started to like her. What?

Thinking of this, Fu Jingting looked at the person who was still asleep on the bed and asked softly, "Gu Fool, you wake up and tell me, when did you bother me?" There was a hint of humor in her voice. More is the expectation.

After waiting for a few minutes, there was no response from the person on the bed. Fu Jingting laughed at herself, and she was really stunned. Even the doctor said, wait for the blood clot in Gu Bowen's head to dissipate before waking up. It is impossible now.

Fu Jingting glanced at the time, got up and went to the bathroom. When she came out, she was carrying a washbasin in her hand and was steaming. She wringed the towel dry and wiped her body with Gu Bowen. Both of these days she wiped Gu Bowen herself. Body.

Changed the clothes for Gu Bowen again, Fu Jingting put the quilts on, and looked at Gu Bowen, who did not respond during the whole process, sighed softly, "Gu Bowen, if you open your eyes now, I will forgive you and stay with you."

Just when Fu Jingting thought that he would still get no response this time, his hands were pulled, "Are you talking about the truth?"

Although the voice was hoarse and weak, it was indeed Gu Bowen's voice. Fu Jingting's body froze suddenly, but he was afraid to turn back.

"Jing Ting, did you say it was true? As long as I wake up now, you forgive me and stay with me?" Gu Bowen asked again, with a slight tremor and nervousness in his weak voice.

Fu Jingting turned around slowly, facing Gu Bowen's expectant eyes. She widened her eyes suddenly, and the joy in her eyes was not concealed, but in an instant, the joy in those eyes was replaced by indifference, "Since you are awake I'll call you a doctor when you're done."

Gu Bowen still took Fu Jingting's hand and didn't let go, "Jingting, you answer me first. Was it true that you said just now?"

Fu Jingting turned his head and did not look at him, "You heard it wrong."

The light in Gu Bowen's eyes went out instantly, and his hands fell down weakly. Fu Jingting's heart was sour, but there was no expression on his face. He said, "I'll call you a doctor first, and you should lie down." go away.

"Fu Jingting." Behind him, Gu Bowen began to cough violently just after calling a name. Fu Jingting was suddenly turned and walked over to help him calm down. "Can't I say anything later?"

Gu Bowen firmly held her wrist with great strength, "Fu Jingting, although I have been comatose these days, I can hear what you said to me."

Fu Jingting's constant expression finally changed. A panic flashed in her eyes, and she was about to get up. Gu Bowen held her wrist deadly. Because of her movements, Gu Bowen was almost taken by her to the bed. Fu Jingting didn't dare to move, and helped Gu Bowen to lie down on the bed.

"Gu Bowen, let me go first."

Gu Bowen did not let go, staring at her tightly, "Fu Jingting, you said that the person you love has always been me, is it true? Since you love me, why did you leave me for such a small thing, not a couple Are you frank? Why don't you believe me and don't want to tell me? How can you have the heart to leave me and Gu Yang for so many years?"

Fu Jingting's face was expressionless, and she looked at Gu Bowen, "Since you have heard what I said, don't you know why?"

"Fu Jingting, don't you believe that I will face you with you, right? So after such a thing happened, would you rather go to another country than tell me? Fu Jingting, you said love me in your heart, in your heart, I What is it? What is Gu Yang?"

Facing Gu Bowen's voice, Fu Jingting was speechless. She lowered her head and looked pained. "You don't even know how painful that kind of thing is for a woman. How do you let me tell you and say?" Is your wife defiled? Gu Bowen, what did you tell me to export?"

There were tears in the corners of her eyes. When she cried, Gu Bowen suddenly panicked. He stretched out his hands and hurriedly wanted to wipe Fu Jingting's tears, but he forgot that he was hurt all over, and he was still plastered on one hand. , Immediately involved in the wound on his body, Gu Bowen immediately frowned.

Fu Jingting didn't care about being sad anymore, and quickly rang the bedside bell.

The doctor quickly performed a preliminary examination for Gu Bowen, "Now we need to take Mr. Gu to do a full-body examination. Ms. Fu, you and the nurse will pay the fee."

Fu Jingting nodded and went out with the nurse. Gu Bowen wanted to keep her, but after thinking about it, he still didn't speak.

After paying the fee, Fu Jingting called Gu Yang and asked him to replace him. When Gu Yang rushed to the hospital breathlessly, he didn't even say anything to Fu Jingting, and Fu Jingting had already left.

Gu Yang wanted to stop her, but Fu Jingting didn't even return her head. Gu Yang touched his nose and couldn't care about it. He quickly went upstairs to find his father.

When Gu Bowen finished his inspection, he saw Gu Yang standing outside waiting for him. He did not see Fu Jingting's figure. His eyes were sad and his eyes were drooping.

Gu Yang pushed him and couldn't help vomiting, "Dad, you don't have to look at me just after waking up to see me. I'm your own son anyway."

Gu Bowen did not respond to his words, but asked, "How about your mother?"

"My mother called me to the hospital and left. I should go home and rest. As long as you have been in a coma, my mother will take care of you for as many days as I want, even if I tell her to take a rest for a while, I'm afraid of me. If I can't take good care of you, I have to do everything by myself. I can only stand and watch. Dad, I think my mom is still very affectionate for you. Do you want to think about it, don't go abroad, just stay with me and me at home My mother chanting. Exactly, I took this opportunity to get along well with my mother, maybe my mother changed her mind."

Gu Bowen didn't speak, Gu Yang said for a long time, and didn't get a response from Gu Bowen for half a word.

Shen Qinglan and Fu Hengyi heard the news that Gu Bowen woke up and immediately rushed to the hospital. When he came over, Gu Yang was accompanying Gu Bowen and Gu Kai was also there.

"Uncle, you're awake." Shen Qinglan came in and saw Gu Bowen already awake, looking good, and said.

Gu Bowen smiled, "Well, these two days worry you. The old man at home is okay?"

"Grandpa doesn't know it yet, we didn't tell him." Fu Hengyi said, when Grandpa Fu found out that he had some high blood pressure at the beginning of the medical examination and needed a good rest, so generally Shen Qinglan and Fu Hengyi wouldn't tell these things to Grandpa.

"The old man didn't know it, so he didn't worry. I'm fine now."

Shen Qinglan looked at Gu Yang, "What did the doctor say after the examination?"

Gu Yang said, "The doctor said that the blood clot in my dad's brain moved, and it didn't press on the nerves for a while, so I woke up because the blood clot is in a special location. If the surgery is done, plus my father's physical condition, There is a high risk. The existence of a blood clot does not affect normal life anyway. After discussing with my dad, I decided not to perform the operation temporarily. The doctor also said that there is no need for surgery now, maybe the blood clot will dissipate on that day, even if it is You can't dissipate it yourself, and you will have time to do the surgery later."

After hearing this, Shen Qinglan and Fu Hengyi were also relieved.

Gu Yang and Gu Kai gave him a wink. Before Gu Yang understood it, Gu Kai pulled Gu Yang away, leaving Shen Qinglan, Fu Hengyi and Gu Bowen in the ward.

Gu Bowen smiled, "Do you have anything to ask me?"

Fu Hengyi nodded, "Uncle, what do you think about this car accident?"

Gu Bowen looked at Fu Hengyi and said slowly, "Do you suspect this car accident is not an accident?" If it was an accident, Fu Hengyi would not ask that.

"Yes, don't hide my uncle. After you had a car accident, I asked the traffic police brigade to monitor the section of the road where you were involved, but found that five minutes of video surveillance was clipped during that time."

Shen Qinglan went on to say, "We are wondering if the uncle has offended someone recently and someone is waiting for the opportunity to retaliate. Uncle, do you think about whether you have complained with others recently?"

After hearing this, Gu Bowen raised his eyebrows in contemplation. After a while, he slowly shook his head. Those are also normal business competitions, which do not involve personal grudges at all."

This statement is similar to what Gu Yang told them, and the clues are basically all broken.

"Will you think too much, maybe this is a traffic accident." Gu Bowen said.

Examples of traffic accidents caused by drunk driving are not uncommon in life. Didn't Yu Xiaoxuan's parents have accidents because of drunk driving?

**

Recommend a friend's shallow-hearted and warm-hearted military marriage, "Military Owl Pet: Li Shao's Mysterious Wife" is wonderful!

She used to be the first killer "fox", but was killed by a loved one.

After her rebirth, she is famous, but she is a fool who is ridiculed by everyone.

Everyone wants to bully her without looking at who she is, and resolves it violently.

He is the captain of the mysterious army, Gao Lengtong black, when she first met her, she was carrying out the mission ruthlessly, attacked him, snatched his kiss, and escaped.

Once again, she is a foolish man, and she pretends to be a mad fool in front of him. Without saying a word, he seized her to regain sovereignty.

"This is what you owe me, come back."

275 275 Reward task

Shen Qinglan twisted her eyebrows, thought for a while, then raised her eyebrows, and smiled, "Maybe I and Fu Hengyi thought too much, uncle, you are injured now, take a good rest first."

Gu Bowen nodded, "I know, yes, what about your aunt?"

Fu Hengyi opened his mouth, "We came directly from home and haven't returned to the compound. Should I call my aunt now?"

Gu Bowen stopped him, "No, your aunt is tired of taking care of me for so many days, let her take a good rest,"

And Fu Jingting in their mouths directly shut themselves into the room after going home, took a bath

with hot water, and lay in bed but couldn't sleep anymore. Their minds were all what Gu Bowen said today.

After turning back and forth for a long time, until Shen Qinglan and Fu Hengyi both came back, she still couldn't fall asleep.

Grandpa Fu was away from home, went to Shen's house to find Grandpa Shen to play chess.

Shen Qinglan did not see Fu Jingting and asked Aunt Zhao, "Aunt Zhao, what about Aunt?"

"She came upstairs when she came back and said that she was tired and going to sleep, so I should not call her."

Shen Qinglan thought about it, knocked on the door, and soon the door of the room opened, "Aunt, are you awake?"

Fu Jingting smiled, "Can't sleep, thinking about something, come in." Shen Qinglan went in.

"Hengyi is back?" Fu Jingting asked Fu Hengyi without seeing him.

Shen Qinglan nodded, "It's back, it's downstairs. We heard that our uncle woke up and went to the hospital to see his uncle. The doctor said that his uncle is fine now, that is, the blood clot in his head hasn't dissipated. , And if it oppresses the nerves and affects life, it needs surgery at any time."

Shen Qinglan repeated the words of the doctor and looked at Fu Jingting. "After uncle wakes up, I will ask you, aunt, do you want to go to the hospital to see your uncle?"

After hearing this, Fu Jingting slowly shook his head, "Since the doctor said it's all right, I'm useless."

Shen Qinglan saw Fu Jingting's expression faint, hesitated for a moment, and said, "Aunt, about this car accident, I actually agree with Hengyi that it is not an accident. It is very likely that they will take revenge together."

Fu Jingting Huo Ran looked up and stared at Shen Qinglan, "Qinglan, what did you just mean?"

Shen Qinglan told Fu Jingting their findings and speculations, and then said, "Although this is just our speculation, both Fu Hengyi and I feel that more than 90% of them may be. But now we have no object of doubt and no evidence. ."

Fu Jingting's expression was solemn, "Qinglan, this thing can't be a joke." Deliberate murder and traffic accident are two completely different concepts. If it's a traffic accident, it's just a matter of deliberate murder. Who knows that the people behind have not seen this time Will there be success next time.

Shen Qinglan pursed her lips and said lightly, "Aunt, we won't make a joke with you about this. It's just that our uncle's behavior is clear to us. The possibility of complaining is too low, so now we have lost the direction of the investigation."

This is indeed a tricky thing. Fu Jingting frowned, not knowing what to say for a while.

"Aunt, if you have time to go to the hospital to see your uncle, it is best to be with your uncle, in case..." She didn't go on, she believed that Fu Jingting could understand what she meant.

Fu Jingting heard the words, hesitated, and nodded. "Aunt knows, you are tired for several days, go back to the room and have a good rest. Otherwise, your grandpa should feel bad when he comes back."

Shen Qinglan smiled slightly and came out of Fu Jingting's room. When he returned to his room, he saw Fu Hengyi calling someone. Shen Qinglan heard an ear and seemed to be calling from the army.

When Fu Hengyi hung up the phone, Shen Qinglan looked at him, "Something in the army?"

Fu Hengyi shook his head with a smile, "It's okay, it's Mulian City's phone. Recently, the base was selecting a batch of recruits. He asked me about a few training things."

"Your vacation is coming to an end, will you be responsible for recruit selection after going back?"

Fu Hengyi nodded, "Well, this time the selection of recruits is different from the last time in the Beijing Military Region. This time is the selection of our troops. I am the captain and the chief instructor. I can't come back for a long time. I'm very sorry. I'll leave you alone at this time."

After hearing this, Shen Qinglan smiled, "Fu Hengyi, don't worry about me, my baby and I will wait for you at home."

When Shen Qinglan was not pregnant, Fu Hengyi worried about her. Now that she is a twin, how could he not be worried, "I have already discussed with my grandfather. When I go back, you will move back to live. There are many people in the family. Some, aunts will come here to take care of your diet."

Shen Qinglan also felt very helpless about Fu Hengyi's excessive tension, and could only comfort him, "Fu Hengyi, in fact, I don't have to be so troublesome, I can do it alone, and now the month is shallow, and my actions are not affected at all."

"You should be reassuring me." Fu Hengyi lowered her head, kissed her forehead, and said.

People have even made plans for beautiful men, and Shen Qinglan naturally wants to surrender. "Okay, I promise you, I will move back to live with my grandfather when you return to the army. I will report to you the status of my baby and me every day. ?"

Fu Hengyi kissed Shen Qinglan's head again, "My wife is so good, reward you."

Shen Qinglan: ...

**

In a high-end residential district in Beijing, the man walked around the room with an irritable expression. He occasionally glanced at the mobile phone on the table until the ringing of the mobile phone rang, his eyes suddenly lit up and he picked up quickly.

As soon as it was connected, the man could not wait to ask, "How about, Shen Qinglan and Fu Hengyi didn't find anything?"

There was a hoarse voice on the end of the phone, which could not be separated between men and women, and it was obviously processed. "Relax, they can't find any clues. I already said that this matter will not be known. Do you believe it now? "

When the man heard the words, the anxiety on his face disappeared and was replaced by pride. "That's good. It's just a pity that this time I couldn't kill Gu Bowen. If he died, I would kill him again because of Shen Qing. The news of Lan and Fu Hengyi was revealed. I think they should do this, and I don't believe it. In this way, the Shen, Fu and Gu families can still hold together."

A trace of sarcasm appeared on the face of the person at the end of the phone, "If you were willing to listen to me at the beginning, your heart will be more ruthless, where can Gu Bowen live?"

The man looked stagnant, and after a while, he asked, "Are you sure that the tail has been cleaned this time? You will not leave any evidence?"

"If you don't believe you can go by yourself."

The man stiffened, his face sullen, and said sullenly, "It's enough to deal with it cleanly. I don't want things to involve me, otherwise you won't be pleased if I go in."

The person on the other end of the phone was not angry when he heard the man, but just said, "You can rest assured that even if I go in, you won't go in. When will you call me the final payment?"

"I'm in a hurry, I'll give it to you later." After the man finished, he hung up the phone, and then used his

mobile phone a few times to call the last payment to the other party. He sat down and picked up the red wine on the table. Take a sip comfortably.

The corner of his mouth was covered with red liquid, and he protruded his tongue and licked, "Shen Qinglan, I can't move you, I don't believe I can't move the people around you, I want to see, when they are all because of you And you can't be indifferent and indifferent at the time of the accident. Don't blame me for being cruel, and if you weren't you, I wouldn't be reduced to what it is today."

He looked up at the wall. The walls were full of photos. If Shen Qinglan was here, they would find photos of her relatives and friends. Yu Xiaoxuan, Fang Tong, Gu Yang, Han Yi, Gu Kai, Wen Xi Yao, Shen Junyu...

**

Fu Jingting didn't appear in the hospital until the third day, but was still dragged by Gu Yang.

Although after listening to Shen Qinglan, Fu Jingting was very worried about Gu Bowen, but now she had no face to face Gu Bowen, hesitated for several days and did not appear in the hospital.

Finally Gu Yang couldn't bear it anymore, he rushed to Fu's house directly and said to Fu Jingting, "Mom, my dad has been refusing to cooperate with the doctor for several days. He has been clamoring to see you, otherwise he will not take medicine or injection , Even the wound will not change the medicine, please go to the hospital to see if you don't go, my dad will be tossed to death by himself even if he can.

Fu Jingting heard the words and hesitated, not knowing whether to go or not, but when he looked at Gu Yang's expression, he didn't seem to lie, so he followed Gu Yang to the hospital.

When he arrived at the hospital, the doctor was changing Gu Bowen's medicine. Looking at Gu Bowen, Fu Jingting didn't understand that he was deceived by Gu Yang, and he gave him a hard look. Fu Jingting turned to leave, but was Gu Yang grabbed it.

"Mom, you all walked to the door, just go in and see my dad. He looks like this now. Do you have the heart to leave him alone?"

"Jing Ting, you come in." Gu Bowen's voice came from the ward, he had already seen Fu Jingting.

Fu Jingting wanted to go, Gu Bowen seemed to see through her intentions and said, "If you dare to go, I will crawl out of bed to find you now. It's a big deal. My legs are crippled and I can't stand up. I still pay the price. Affordable."

After hearing this, Fu Jingting was neither going nor going. For a moment, there was no reaction standing there.

Gu Bowen softened his tone, "Jing Ting, come in and say a few words with me."

Gu Yang glanced at Fu Jingting and pushed her into the ward, "Mom, my dad is calling you so affectionately, you go in."

The doctor withdrew with great apprehension. Gu Yang saw the situation and closed the door of the ward directly. He sat outside the ward and made up his mind not to let Fu Jingting come out today.

Fu Jingting had no choice but to walk to the bed and sat down, with a cold face on his face, not speaking.

Gu Bowen stared at her tightly and spoke warmly, "Jing Ting, look at your face is not very good, did you sleep well?"

Fu Jingting still does not speak

Gu Bowen reached out and took Fu Jingting's hand. Fu Jingting wanted to break away, but seeing that there was still some drip on it. At the moment, because of Gu Bowen's movements, he had begun to return to blood, and Fu Jingting's face was colder. "Don't you know that you are dripping. , How old is a child."

Although he was scolded, Gu Bowen was not unhappy, but instead laughed at Fu Jingting's words, "As long as you don't leave. Jingting, come back."

Fu Jingting's expression was stiff, and his eyes were closed.

"If you feel sorry for me because of that, then I can tell you, I don't mind, Jing Ting, we are all old, and the rest of the life is running out. After this car accident, I also want to I see, you have me in my heart, and I can't live without you. Now that the children are older, we are also older, don't toss."

Gu Bowen paused and continued, "You said that you will be with me in your next life, but Jing Ting, too far in my next life, I only beg this life."

Fu Jingting hadn't said anything, she lowered her head, and Gu Bowen couldn't figure out her thought for a moment, but just waited there quietly.

It took a long time before Fu Jingting sighed softly, "Gu Bowen, you know what happened, why do you..."

Gu Bowen smiled slightly, "Although love is a little hypocritical at this age, but Fu Jingting, I love you. Since I first saw you when I was young, I fell in love with you. For many years, this intention has never changed. I believe you are also in your heart. Since that is the case, what other reason do we have to waste the rest of our lives?"

Fu Jingting's heart was warm, sour, astringent, and mute, "but I don't mind the thing that year."

"Jing Ting, forget that thing, it's not your fault. Since it's an unpleasant thing, why do you have all the

grudges all day long? I have already said that, I don't mind, this is my heart words."

Fu Jingting naturally knew that Gu Bowen was speaking in her heart, but she still couldn't get through that hurdle, and her heart knot for more than twenty years was not unraveling.

Gu Bowen looked at her tenderly and asked rhetorically, "Jing Ting, if that happened to me at that time, would you mind?"

Fu Jingting glanced at him silently. Can such a thing be the same for men and women?

"It seems to me the same." Gu Bowen added a sentence that seemed to see her thoughts.

Fu Jingting was silent, Gu Bowen took her hand and continued to speak, "Jingting, now the blood clot in my head has not disappeared, maybe one day it will disappear automatically, then I can continue to wait for you, but if it is not only It disappeared, but it affected my life, so maybe I won't be able to get off when I get on the operating table."

"Don't talk nonsense." Fu Jingting scolded lightly.

Gu Bowen smiled, "I'm not talking nonsense, this is what the doctor said, Jing Ting, life is only a few decades, we have been wasting for so many years, don't continue to waste, you say?"

In fact, Gu Bowen said so much, Fu Jingting's heart has been shaken, but she can't figure out some things.

"Gu Bowen, do you really want to stay with me?" Fu Jingting looked at Gu Bowen calmly, with a serious expression.

Gu Bowen moved, and soon said, "Yes, it has never changed."

"Gu Bowen, I'm not a good wife. I wasn't before, maybe I won't be a good wife in the future."

"It doesn't matter, as long as I am a good husband. Jing Ting, welcome home."

Fu Jingting's eyes flashed a little, and she turned her head, blinked, and tried to hold back the tears in her eyes.

Although Gu Yang is outside, he always pays attention to the movements in the ward and looks at the smile on Gu Bowen's face. Even if he can't hear the content inside, Gu Yang can guess that Gu Bowen should get Fu Jingting Too.

When Shen Qinglan and Fu Hengyi came over, they saw Gu Yang with a beaming look.

"Has something happened so happy?" Shen Qinglan spoke lightly.

Gu Yang saw Fu Hengyi and Shen Qinglan, and the hidden color between her brows and eyes could not hide, she opened her mouth, "Sister-in-law, I tell you, my parents are all right, I guess, when I get my father out of the hospital, my mother I'm going home with us."

Shen Qinglan raised her eyebrows. Before seeing Fu Jingting, she refused to come to the hospital. She thought that this matter was gone. She didn't expect the turning point here. What happened to her in the middle?"

Gu Yang said happily, "I knew this trick was so useful, why did I go a few years earlier."

Shen Qinglan was speechless and couldn't help but attack him, "This time my uncle almost lost his life before impressing his aunt."

The joy in Gu Yang's face was stiff, and it seemed to remind him of the previous fright, "This is also true. This time I was really scared to death. However, Sai Weng lost his wits, but this time it was not this car accident, my parents. I don't know how long it will take to recombine."

In the ward, Fu Jingting and Gu Bowen were talking, mostly Gu Bowen said, Fu Jingting occasionally responded, but this was already very satisfying for Gu Bowen, so when Shen Qinglan and Fu Hengyi came in, they saw Gu Bowen's eyebrows. It's a smile.

"Aunt and uncle." Shen Qinglan and Fu Hengyi said, "Aunt, is something good happening today, and are you in such a good mood?"

Fu Hengyi asked knowingly.

Fu Jingting had drawn his hand back, and when he heard Fu Hengyi, he glared embarrassedly at Gu Bowen, and Gu Bowen smiled, "It's a good thing, a great thing, I just discussed it with your aunt just now, waiting for me We will go through the remarriage procedure when we are discharged."

After hearing this, Shen Qinglan couldn't help laughing, "Then Heng Yi and I would like to congratulate Aunt and Uncle, and Grandpa would be very happy if he knew it."

Gu Bowen smiled between his brows and eyes, "The old man didn't know that I was hospitalized, so let's not talk about this matter. When I'm ready, I personally went to the door and told him."

"it is good."

Shen Qinglan and Fu Hengyi stayed in the hospital for a while and then left. The family was happy together, and they went to join in the excitement.

Walking out of the hospital, Fu Hengyi glanced at Shen Qinglan, "Are you happy?"

Shen Qinglan nodded and said suddenly, "Fu Hengyi, I found that my heart has softened now, and I will be very happy to see a lover eventually becoming a dependent." This is not like myself.

Fu Hengyi smiled slightly and asked, "Isn't this good?"

"No, it's good." Shen Qinglan said, although as a killer, such emotionalization is fatal, but now she is just Shen Qinglan, Fu Hengyi's wife.

Fu Hengyi leaned over to fasten Shen Qinglan's seat belt and said, "Uncle can't find out about this matter for the time being, so let go first. The person behind us can't get him right now, but as long as he shoots again, he can always find it. . The day after tomorrow my vacation is coming to an end, let's go to the movies today."

His breath was close at hand, and Shen Qinglan was reluctant to hear his words, "Okay, let's go now."

Fu Hengyi smiled and took Shen Qinglan to the cinema. This time they chose a literary film. For the first time, they did not leave early, but saw it from the beginning to the end."

After walking out of the movie theater, Shen Qinglan looked at the tall figure of the man beside him, his eyes slightly trance.

Fu Hengyi glanced at her, funny, "what do you think, think so fascinating."

A low magnetic voice penetrated into his ears, making Shen Qinglan instantly recall, "I want to wait for the baby to be born, our family of three will watch the movie again." Just in the cinema, a pair of parents took the children to watch the movie, the picture Very warm.

Fu Hengyi smiled softly, "What's so difficult about this."

After watching the movie, Shen Qinglan had no appetite, but for the baby in his stomach, he had to eat it, so he casually found a store with Fu Hengyi and went in to eat. As soon as he walked to the door, Shen Qinglan had something to do with it. Thoughtfully glanced in one direction, there was a trace of doubt between his brows.

"what happened?"

Shen Qinglan shook his head, "It's okay, I just thought I saw an acquaintance and found that I was wrong."

Fu Hengyi didn't care, "Go, let's eat first, and we'll go home when we finish eating."

It's just that this meal is destined to be impossible to eat, the dishes have just been served, and the morning sickness reaction that Shen Qinglan has not committed for a long time has started again.

Seeing Shen Qinglan's jaundice spit out, Fu Hengyi's eyes were distressed. Wherever he could eat, he took Shen Qinglan home.

After returning home, Shen Qinglan didn't vomit along the way. When passing a supper shop, Shen Qinglan suddenly said, "Wait."

Fu Hengyi looked at her, and Shen Qinglan said, "I want to eat that." She pointed her finger at a shop by the road, and Fu Hengyi glanced at it, a porridge shop.

This is the first time Shen Qinglan has taken the initiative to say what she wants to eat after she became pregnant. Fu Hengyi stopped by the side and the two went to eat.

Just before I loved entering the store, Shen Qinglan still glanced in a certain direction, then withdrew his gaze.

The two came out with good food, and Shen Qinglan glanced around unintentionally.

In the car, Fu Hengyi said while driving, "We were followed"

Shen Qinglan shook his head, "I'm not sure, I just felt this way, but I didn't see anyone."

"Then leave it alone, no matter who it is, if it is directed at us, it will definitely come out."

"Well, I know." Shen Qinglan didn't know the identity of the tracker for the time being, so he had to put it aside first.

The next day, Grandpa Fu still knew about Gu Bowen's hospitalization. He was heard by Fu Jingting when he came home and asked Aunt Zhao to cook soup for Gu Bowen.

The old man rushed to the hospital and saw Gu Bowen lying on the bed, with a hint of coldness in his eyebrows, "How come there is a car accident?"

Gu Bowen smiled and comforted him, "A driver drunk driving caused a series of rear-end collisions, that is, his arm and leg were injured a little, and it would be good to raise them for a few months. I didn't want to tell you, but the result still alarmed you."

"What did you say, you are hospitalized, can I not come and see?" Master Fu stared.

Gu Bowen saw that Fu Jingting was away, and said softly, "Dad, I'm very happy that I had this car accident." Seeing the old man was glaring again, Gu Bowen quickly explained, "Jingting has promised to go home with me, as long as I When she was discharged, she remarried with me."

It was heard that the words that Grandpa Fu was about to export suddenly sighed in his throat, and looked at Gu Bowen in disbelief, "Are you serious, Jing Ting is willing to remarry you?"

Gu Bowen smiled and nodded, "Dad, can I still be kidding you about this?"

"Okay, okay. Sai Weng lost his wits, and the car accident was good." Mr. Fu laughed with his hands, obviously very happy.

When Shen Qinglan and Fu Hengyi came in to hear the last words of the old man, Fu Hengyi couldn't help but say, "Grandpa, if your aunt hears this, be careful she is anxious to you."

Mr. Fu didn't care. "I know it's better. I'll go back to my house and sway in front of my eyes all day. I'm not allowed to do this, I'm not allowed to do that. I'm bothered."

"Dad, who are you talking about?" Fu Jingting's voice came from the door.

"What about you, like a housekeeper, I have no freedom at all." Master Fu complained.

Shen Qinglan's mouth was lightly tickled, and his eyes were full of smiles, "Grandpa, when your aunt really returns, you should call lonely."

Master Fu snorted, "No, don't you still have you? Qinglan girl, you can't control me that much, you said that I'm so old, I haven't lived in a few years, I still can't Eat, the one you can't touch, the joy of life is less than half."

Shen Qinglan but said nothing.

Although Fu Jingting and Gu Bowen returned to normal because of a normal car accident, the mastermind behind this incident still needs to be investigated. It is strange that Fu Hengyi and Shen Qinglan each used their own relationship automatically. The driver of the drunk driver only said that he did not know anything, and the lost surveillance video did not have any whereabouts. This matter was a headless case.

Shen Qinglan was lying on the lounge chair of the balcony, frowning tightly, and Fu Hengyi said to hand her a cup of honey water, "Don't think about this matter, it is now in the limelight, and the people behind are doing so carefully, there must be nothing As a result, you may know after a while."

Just like that night, Shen Qinglan clearly felt that someone was tracking himself, but did not see the follower.

"I always feel that there must be a big hand behind this incident. Fu Hengyi, my heart is very uneasy." Shen Qinglan said, with a slight worry in his tone.

Fu Hengyi smiled slightly, "Don't worry, the one who will come will always come, even if the sky falls, there will still be something I will bear with you."

Shen Qinglan was not at ease and said, "Be careful when you return to the army. If you have a mission in the near future, be more careful. Be careful about me and your baby."

Fu Hengyi squatted in front of her and gently touched her face, "I will protect myself for you. I know you are worried about King, but rest assured that if you are fighting alone, King may not be my opponent. "

Shen Qinglan naturally believes, but King has been silent for too long. Such silence is not a good sign, and Shen Qinglan's intuition is also correct, but it is not Fu Hengyi, but Eden.

On the afternoon of Fu Hengyi's departure, Shen Qinglan suddenly received a call from Sisley, saying that Eden was injured.

It turned out that when Eden came home the night before yesterday, he suddenly encountered several people on the road. When he saw him, he started without saying a word, and his skills were very good. They were not like ordinary people on the road. They were more like training. Get.

Eden's body was originally the worst of the few, and the other party had a large number of people. If Andre arrived in time, I'm afraid Eden is not a matter of arm injury now.

"Do you know who did it?" Shen Qinglan asked in a deep voice.

Sisley's expression was solemn. "It's BK's person. One of them has a BK tattoo on it. We suspect that King knew that Eden was involved in the MD last time, so he would start with Eden."

Last time I went to MD, besides Eden, Sisley and Andre were public figures, and they knew many people. They made some disguise properly. It is really not easy for ordinary people to recognize. Li's suggestion also changed accordingly, even though Ryan might not recognize them now when they saw them.

Eden naturally became the number one goal.

"Aren't there traitors inside KA?" Shen Qinglan speculated that after all, King's temporary station was destroyed by them. I heard that a group of people came later, and all his people were abandoned, that is to say, this one In addition to Shen Qinglan, a few people are KA people know.

"Ann, do you say it will be Ryan?" Sisley hesitated and said, if it is Ryan, then everything is logical, after all, he is the one who knows the inside best.

"No." Shen Qinglan immediately denied, "Eden and Ryan had a life-long friendship. If Ryan wanted to do this, he wouldn't help us at first, and in the end, Ryan also participated, according to King must be a must-have character. If I knew this, I would never let go of Ryan. If I estimate it well, it's very likely that traitors inside KA have revealed the matter to King. Ryan should have fallen into it. trouble."

Shen Qinglan's guess is not wrong. Now Ryan is also one of the first two big. In just three days, he met three waves of people who wanted to kill him. If he is not lucky enough, I'm afraid he has seen God now.

Too.

At the KA headquarters base, Ryan sat in the first place, looking coldly at the kneeling man on the ground, "Eugene, who gave you the guts to betray me?"

Eugene didn't speak in silence. He knew the consequences when he did this, but he couldn't help it. King became suspicious of Ryan and couldn't find evidence, so he found an opportunity to take his wife and children. Come to threaten him to go to Lane to verify the truth.

It's just that King's luck is good, and Eugene happens to be the one who knows the truth of the matter, just because he is the right arm of Ryan, and many things Ryan will not hide him, except for the identity of Fu Hengyi, after all, it's Ryan himself. Not sure.

Eugene looked at his wife and young children and had no choice but to tell King everything. But this confession didn't pay for the lives of his wife and children. The two died in front of him.

"Eugene, I think I am very good to you. We have been born and died for so many years. I can't figure out why you betrayed me. Can you tell me?"

Eugene still lowered his head, lost his wife and children, and betrayed his brother. He should have died long ago, but King did not kill him.

Black hole's Q mouth pointed at Eugene's head, Ryan looked at him, his eyes cold, "Eugene, if you don't say anything, I'll break you down."

"You shot, kill me." Eugene finally said the first sentence of today.

Ryan's eyes were even colder. "Do you think I dare not?"

"No, you dare, I betrayed you because I deserve it. Even if you killed me, I have nothing to say."

Ryan's finger was on the trigger. As long as he pressed it lightly, Eugene's life would end. His eyes narrowed and his eyes fell on the wound on Eugene's shoulder. This was yesterday. If Eugene had saved his wounds, if Eugene had blocked the deadliest shot for him, I am afraid he could not stand here now.

Pointed to his head, Eugene's expression was blank, as if he didn't care about everything that was coming. Ryan put down the gun and said in a deep voice, "You go, don't appear in front of me in the future. If you let me see you again next time, then you can see God."

Eugene looked up, took a deep look at Ryan, said sorry, and turned and walked out.

Ryan was sitting in a chair, holding his head, not knowing what to do for a while. King is a lunatic, a lunatic who can bite people, even if he didn't know before, now he knows that there is still a share of those who destroyed his base. I am afraid that this matter is not good enough. Fortunately, since then

After that incident, he sent the child to a safe place, and knew no one but himself.

Ryan's fingers tapped lightly on the table, and after a while, he said, "Contact King and say I have a business to talk to him."

The following hand heard the words and responded and walked out.

Ryan called Eden again, knowing that Eden was also assassinated, and naturally he was more certain that King was definitely revenge this time.

**

After understanding the situation, Shen Qinglan said, "Now let Eden find a safe place to recuperate for a while, and let King give it to me."

Sisley's face changed, "Ann, what do you want to do?"

Shen Qinglan's eyes were cold, "I will not put myself in a dangerous place, you can rest assured." After that, Shen Qinglan hung up the phone.

Now that King knows that this matter has something to do with Eden, he will not let Eden go easily. The best way is to completely solve King, but King is the boss of BK after all. It is definitely not a thing to want to solve him. For the easy thing, it can only find something for him to do, leaving him no time to live.

Shen Qinglan walked into the study, turned on the computer, and logged on to a website. If Jin Enxi was here, he would find that this was a forum on their way, dedicated to posting tasks and receiving tasks.

Shen Qinglan released the task and retreated.

Digression

The person behind is a man, and another hint came out, did you think of it?

The countdown to the kickoff has started, and on Friday night, we will see each other

276 Chapter 276 Intimidation Event (Notice of Explosion)

Early the next morning, Jin Enxi called Shen Qinglan.

On the third day, "Hey, Enxi." Shen Qinglan's voice was still confusing with just waking up.

Jin Enxi said, "Ann, guess what I found this morning?"

"what?"

"Someone posted a mission online. If anyone can kill King, he can get a 100 million bounty. If he can be seriously injured, he will be given 50 million. Even BK staff will have different bounty. Who has a deep hatred against King and did so ruthlessly. If I let anyone know who posted it, I must thank him for killing the people. I just saw that five people have already received the task." Jin Enxi There was joy in his voice.

Shen Qinglan spoke lightly, "I made it."

"Oh, it's you... what did you say that the person who posted the task was you?" Jin Enxi exclaimed and almost rolled off the sofa.

"Well, it's me." Shen Qinglan said affirmatively, proving that Jin Enxi was not wrong.

"Ann, you... are you for Eden?" Jin Enxi thought for a moment and immediately understood.

"It's not all." The previous account hasn't been settled with King. Plus this time Eden's, the new account and the old account are calculated together. This is still light. If she is not convenient now, she would like to settle King personally. .

"But Ann, it is estimated that this will not solve King?" Jin Enxi was suspicious. "People on the road will not easily provoke King, but they are willing to deal with King's people because of the money you gave. Against him, isn't it a waste of your money?"

Shen Qinglan's mouth turned up, cold arc, "All I need is that they give King a little trouble, so that he doesn't have so much leisure to think about other things, and King is difficult to deal with, and the other people in BK are not as difficult to deal with."

Jin Enxi suddenly understood, and once patted his head, "Ann, you are still clever. Why didn't I think of this at first?"

"If you know this, please help me to stare at it. If there is any news, please tell me." Shen Qinglan said, she will move back to the compound today, whether it is in the Shen family or the Fu family, Doing things is not as convenient as it is now, so news in this regard can only make Jin Enxi pay attention.

"No problem, let me know. If I don't scrape a layer of skin from King's body this time, I'll talk to his surname." Jin Enxi said that she had suffered a bite in her teeth.

After finishing the phone call with Jin Enxi, Shen Qinglan didn't feel drowsy anymore, he simply woke up and simply gave himself a bowl of noodles. Shen Qinglan returned to Fu's house after breakfast.

It was Shen Junyu who picked her up. "People brought clothes home, you are good, they are all painting tools." Shen Junyu put things in the trunk and joked.

Shen Qinglan sat on the co-pilot, closed his eyes, and did not respond to his brother's joking. Shen Junyu glanced at her, "Did you sleep well last night?"

Shen Qinglan nodded, "Well, I'm not used to it."

Shen Junyu laughed at her sister, "You are not used to this when Fu Hengyi just left, and it was really the water poured out by the married daughter."

Shen Qinglan opened his eyes and glanced at his brother. He said lightly, "There is a saying that I married a wife and forgot my mother. When Sister Yao came into the door, I wanted to see if you still look like this."

Shen Junyu suddenly stopped sounding.

Grandpa Fu was waiting for her early in the morning, and when she saw her coming back, she was quickly asked to take her luggage.

Shen Qinglan brought back not many clothes. The most is that she has used the painting tools that she is accustomed to. Since her identity as Leng Qingqiu was exposed, Mr. Fu has opened a studio for her at home, but Shen Qinglan is basically not in Fu. The family has painted, so the studio has been empty, but this time it was used.

Shen Junyu helped to put things away, and then refused the retention of Mr. Fu and went home first. Today, Wen Xiyao came to dinner at home and he must go back.

Fu Jingting went to the hospital to take care of Gu Bowen, so there were only Shen Qinglan and Fu Fu in the family, plus the aunt and aunt Zhao Fu Hengyi invited.

After finishing lunch, Shen Qinglan planned to go upstairs to rest, and received a call from Yu Xiaoxuan, asking her to go out for afternoon tea.

Shen Qinglan looked at the address and agreed not far from the compound.

When she arrived, Yu Xiaoxuan hadn't arrived yet. Shen Qinglan found a corner and waited for her quietly, with a glass of boiled water in front of her.

As soon as Yu Xiaoxuan came in, Shen Qinglan noticed that her face was not right. It was equal to Xiao Xuan sitting down, only to find that her face was a little pale.

"What's wrong?" Shen Qinglan cared.

Yu Xiaoxuan didn't speak, but picked up the glass in front of Shen Qinglan and filled it with a large glass of water, patting his chest, and then said, "Qinglan, you didn't know that I was almost scared to death. "

Yu Xiaoxuan told Shen Qinglan about his just startled scene.

It turned out that Yu Xiaoxuan drove to the place and found that there was no place to park, so he drove the car further away and stopped in the nearby underground garage and walked over.

Just when I walked to the nearby street, there was a flower pot that fell from the sky and fell right in front of her. But when she walked for a second, this flower pot would hit her head directly, and she would change even if she didn't die. Become an idiot.

"I don't know who. The flower pots on the balcony are not well placed. I don't know if my house is near the street. What should I do if I kill someone? This is my luck today. I just got a call. I received a call. If it weren't for that call, I would be in the hospital now." Yu Xiaoxuan said, his face in shock.

A glimmer of light flashed in Shen Qinglan's eyes, "You just said that when you walked to the street, a flower pot fell from the sky?"

Yu Xiaoxuan nodded, "Ang, there is a neighborhood with rows of houses near the street. The one on the first floor is for rent as a storefront. When I walked over, a flower pot broke down. It was really scary at the time. I'm gone, and I looked up specifically to see if any of them accidentally knocked things off, but no one was seen on the balcony of each house, so I guess, which family hadn't put the flower pots and was hit by the wind. Blown off."

Yu Xiaoxuan asked the waiter to get another glass of water, and stopped after drinking most of the glass. "Today is also my luck, I shouldn't have to die, I think I should buy lottery tickets later, haha."

After telling the story, Yu Xiaoxuan regained his ease. He was not affected by the incident just now, but Shen Qinglan remembered it in his heart.

"By Qinglan, Fang Tong and Li Boming are together, do you know?" Yu Xiaoxuan ate the dessert that the waiter had just served, and said while eating.

Shen Qinglan looked at her, "When did it happen?"

Yu Xiaoxuan thought for a while, "It seems that it has been a few days, I also called her last night to know that the two acted really fast, and the last time you were married, it was not so good."

For this result, Shen Qinglan did not have a surprised expression. From the first time she saw Li Boming, she expected this scene. Li Boming liked Fang Tong and was willing to wait for Fang Tong, according to Fang Tong's temperament. It is sooner or later that he is moved by him and his heart is moved.

"According to me, this Li Boming is much better than Ding Minghui, and the scum of Ding Minghui is also suitable to be with an old woman, Qinglan, you probably don't know, Ding Minghui is getting divorced recently."

Shen Qinglan looked up at her, "What's going on?"

"I heard that it was because Ding Minghui's wife, Liu He, was here. Anyway, it was the old woman. Before, she bought a house for Ding Minghui's parents in the urban area and brought his parents and sister together. Originally this was a good thing, but Ding Minghui's parents were so distracted that they wanted to live with their sons. They were also dissatisfied with their daughter-in-law's grown-up son, so naturally they were picky about Liu."

"I guess what Ding Minghui's parents did or said, then the old woman wouldn't do it. She wanted to send her parents back. Ding Minghui would definitely not do it. The two of them quarreled."

"Originally, it's nothing, but I don't know which one who had suffered a thousand knives told Fang Tong that Fang Chengzhi's daughter told Ding Minghui that Ding Minghui was clamoring for divorce."

"How do you know this?" Shen Qinglan asked her. Yu Xiaoxuan was busy making a new TV series recently. According to Han Yi, he didn't even have time to sleep. He still had time to follow Ding Minghui's gossip. .

Yu Xiaoxuan said, "It's not a coincidence. Someone in our crew lives next to Ding Minghui's house. Men Qinger, who knows about their family, told us as gossip during lunch. Upon hearing it, it seemed to be Ding Minghui, and it was true when asked. What happened?"

This is really a coincidence, Shen Qinglan thought.

"Since Ding Minghui has nothing to do with Fang Tong, don't care about him in the future. Last time I heard Han Yi say that you plan to get engaged first. Has the day been chosen?"

Speaking of this, Yu Xiaoxuan's face was a bit dark, "What kind of marriage is engaged, it's uncertain, my sister doesn't want to marry."

"What's wrong with this?" Shen Qinglan was speechless.

Yu Xiaoxuan's face was a bit stinky, "It's not his dad. He came to me last time and came to me bit by bit. He also said that I'm an orphan, and I don't have a good background. I don't deserve Han Yi. , Told me in front of the whole crew."

Shen Qinglan didn't expect this to happen in the middle, and asked, "What is Han Yi's attitude?"

"I didn't tell him, but someone in the company told him, he knew that he would go home that evening, I don't know what the two said, I will pull me to register the next day, and I don't know if I have received it. What a stimulus."

Obviously, Han Yi is on Yu Xiaoxuan's side. "Since that is the case, why didn't you agree? After marriage, you and Han Yi may not be able to live with his father, which will affect you. Not big."

Yu Xiaoxuan grimaced, "Qinglan, it's not that I don't want to be with Han Yi, I want to marry him in my dreams, but what I want to have is a marriage blessed by my elders, my parents are gone, my family The second uncle is that virtue and can not be expected, the only relative is Han Yi, Han Yi is the most important person in my life, I want to have a complete, warm home. And his father's attitude now, they This is the first place in my family. If I marry in, what would people outside say about Han Yi, even if Han Yi doesn't care, but I can't care."

After hearing this, Shen Qinglan understood what she was thinking, but...

"Xiao Xuan, did you consult Han Yi about this matter and know what he thought? A marriage blessed by elders is certainly good, but you can't give up your own happiness because of a bad elder. If Han Yi's father didn't agree with him forever. Can you not get married forever?"

"How is this possible?" Yu Xiaoxuan said subconsciously, "I just thought that there is still time, so I want to try to ease the relationship with his father. At least it's not that I am so disgusted with each other now."

Shen Qinglan tickled, "Acknowledge that you don't like Han Yi's father?"

Yu Xiaoxuan spread his hand, "Then I have no choice, I have never seen such an unlovable old man, it is just unreasonable, and too self-righteous, and a little stubborn to listen to other people's opinions. ."

Shen Qinglan had never seen Han Yi's father, but he also heard Shen Junyu talk about Han Yi's family. Hearing here, he said, "My opinion is on Han Yi's opinion on this matter. Since he said that there must be his engagement Reason, if you are not because of Han Yi, then don't hesitate."

Yu Xiaoxuan nodded, "Well, I know Qinglan, and I feel much more comfortable after talking to you. I can't leave Qinglan without you."

Shen Qinglan gave her a funny look. If she was alive when Yu Xiaoxuan's parents were still alive, Shen Qinglan wouldn't naturally say so much to Yu Xiaoxuan, but now it's like Han Yi's father said, she is now

It was an orphan, and she wouldn't tell Han Yi some words. If she couldn't tell her friends, she would be bored for a long time, and she would hold back if she didn't get sick.

"Something can come to me in the future, don't be bored by yourself."

Yu Xiaoxuan focused on the head, "Well, I know, alas, it's a pity that you are not a man, I will marry you if you are a man." The tone was rather regrettable.

"If Han Yi heard this, you should be educated." Shen Qinglan teased her.

Yu Xiaoxuan stared, "If he dares to educate me, I will let him go home and kneel durian shell, hum."

Shen Qinglan heard the words but smiled.

Yu Xiaoxuan came over and sat next to Shen Qinglan, staring at her belly, "I haven't seen my son for half a month, is he good?"

Shen Qinglan raised her eyebrows, "You must be a son if you know that, maybe a daughter?"

"No, it must be a son." Yu Xiaoxuan said very surely, "Qinglan, you have to believe my instincts." The eyeball turned, and he reopened, "But if you are a daughter, it's not bad, just like you, Combined with the genes of your family's grandfather, when you grow up, you will definitely be a big beauty that will harm the country and the people. It's a little exciting to think about it."

"If you like children so much, just one with Han Yisheng, just like Han Yi's appearance, your children will certainly be able to meet your fantasy in your heart."

Yu Xiaoxuan smiled, "Qinglan, don't say that, I really thought about it. If it's not in the rising stage of my career now, I really want to do it."

Shen Qinglan just said so casually that the person who wanted to know this thing was Han Yi. Han Yi once told her that she wanted to help Yu Xiaoxuan accomplish her dream, so naturally they would not let these things get in the way. Stopped her footsteps.

"But I'm not in a hurry now." Yu Xiaoxuan said.

The two chatted and the time passed without knowing it. Shen Qinglan originally wanted to eat out with Yu Xiaoxuan, but Mr. Fu called and Shen Qinglan took Yu Xiaoxuan home directly.

"Grandpa Fu, I haven't seen you in a while, you are getting younger and younger." Yu Xiaoxuan smiled when he saw the coming grandfather.

Master Fu heard this, and smiled on his face, "Haha, this girl's small mouth is really sweet, I remember if you called Xiao Xuan?"

Yu Xiaoxuan nodded with a smile, "Grandpa Fu, your memory is really good."

Master Fu likes to be lively, but Yu Xiaoxuan's temper is more lively, and the two of them are quite chatable.

"Xiao Xuan, I remember you were Han Yi's daughter-in-law?" Mr. Fu asked.

Yu Xiaoxuan was a little embarrassed. Although he and Han Yi have been together for so long, the relationship has long been known, but when asked by the elders, they still bow their heads, "Grandpa Fu, I haven't married you Han Yi yet."

Old Master Fu said with a smile, "It's not a matter of getting married soon, girl, you have a good vision, Han Yi and our family Hengyi grew up together, it's also my opinion, it's a good man, if you marry him, deficit."

Yu Xiaoxuan was blushed by the old man.

"Grandpa, Xiao Xuan's face is thin. If you go on, she will find a ground seam to drill in." Shen Qinglan came to the rescue.

Grandpa Fu laughed, very happy.

"Yes, Grandpa Fu, what's so happy? I heard your laughter from afar." Han Yi's voice came from the door and everyone looked around.

Master Fu laughed even more, "Just talking about you, you came."

Han Yi raised her eyebrows, "Grandpa Fu, are you saying bad things?"

Grandpa Fu nodded in a serious way, "Yeah, yeah, I'm telling Xiao Xuan what you did when you were a kid."

"Grandpa Fu, my girlfriend is still here. I'm not taking you to expose people like this. If you scare my girlfriend away, will you compensate me?"

"Xiao Xuan said it to me."

Han Yi sat down next to Xiao Xuan and chatted with the old man for a while. He waited until the time was almost up before he got up and left.

Yu Xiaoxuan's car was still parked in the original underground garage, and he didn't drive back. When waiting for the next day, Yu Xiaoxuan found that his car was splashed with red paint and even the windows There was another big dead on the scene, and the heart of Yu Xiaoxuan was thumping.

Fortunately, Han Yi accompanied Yu Xiaoxuan. Seeing this situation, he quickly held Xiao Xuan in his arms, and then called the police. The police came quickly, but they checked the parking lot monitoring, but because of Xiao Xuan's parked car happened to be in the dead end of the monitoring, so it was not photographed, and it was impossible to find out who did it. At the end of the matter, he could only admit that he was unlucky.

"Maybe it's psychopath Qiu Fu." Yu Xiaoxuan comforted himself, and didn't think that someone was deliberately targeting himself.

Han Yi didn't think so. After all, there were so many cars in the parking lot, but Xiao Xuan's car was suffering. This is a bit unreasonable. And what happened next also proved Han Yi's guess.

After handing over the car to the towing company, Yu Xiaoxuan left the matter behind and returned to the company. As soon as he walked to the lounge to change his clothes, the assistant came in with a courier.

"Sister Xiaoxuan, your courier." Yu Xiaoxuan wondered, "mine? I didn't buy anything?"

The assistant smiled, "Maybe it was a gift from a fan."

Yu Xiaoxuan thought for a while, she sometimes did receive gifts from fans, opened the box, and when she saw the contents in the box, she couldn't help but scream.

The box fell to the ground because of her movements, the east inside the box rolled out, and the assistant saw an exclamation, "Ah!"

Linda was picking clothes for Yu Xiaoxuan on the side. He heard two screams, and the clothes in his hands fell on the ground. When he saw the things on the ground, his face suddenly sank.

It turned out that the box was filled with a bloody cat that had been skinned, and his limbs had been cut off. The body and limbs were separated and rolled to the ground.

Yu Xiaoxuan's face was pale, and her whole body was trembling gently. Linda embraced her and comforted her softly, "Xiaoxuan, it's okay, don't be afraid. It's okay."

Yu Xiaoxuan could not be afraid, she looked at the bloody scene in front of her eyes, and suddenly remembered her car seen in the morning.

Han Yi was at the company at this time. Hearing about the matter here, he hurried down from the upper floor and waited to see what was on the ground. His face was even uglier than Linda's.

"Linda, did you call the police?" Han Yi asked in a deep voice.

Linda nodded, "The police have been called, and the police will come right away."

Han Yi will take Xiao Xuan aside to prevent her from seeing things on the ground, and the police will soon come. Seeing this kind of scene, I don't understand where Yu Xiaoxuan was intimidated.

"Ms. Yu, have you been offended recently?" the policeman asked.

Yu Xiaoxuan shook her head. She has been busy filming recently. Even the company rarely returns. Who can offend?

The police asked some other questions, but did not get the most useful information, "Miss Yu, will it be your black powder?"

Now some black powders do things irrationally, and it is not surprising that they do anything. More than one star has received a threatening letter from black powder.

Yu Xiaoxuan's heart is still throbbing and flustered.

Han Yi suddenly angered, "I asked you to come and let you investigate the case. Are you planning to let us guess?"

The policeman said, "Mr. Han, don't worry, we need to understand the situation now so that we can determine the direction of the investigation."

Han Yi froze with a face, "Now my girlfriend is intimidated. You ask the questions you ask, why don't you go and check who the courier sent this time? "

"I said this Mr. Han, we naturally have a set of procedures for our police affairs. Are you in a hurry? Is it important to be in a hurry? Now it is important that you cooperate with our investigation so that we can find out the truth as soon as possible." One of them The stunned police said.

The other policeman knew Han Yi's identity. Hearing the words of his colleague, he helped him. He just wanted to knock on the colleague's head and ask, are you stupid?

He could already imagine Han Yi's reaction. Sure enough, Han Yi's face froze. "If I cooperate with you, I won't be here with you for so long. If you can't handle things, you'll have to change someone else. Don't be here. Waste everyone's time."

The stunned policeman was dissatisfied and wanted to speak, but was stopped by a colleague. The colleague smiled and said, "Mr. Han, don't be angry first. This is the case with Miss Yu. We haven't encountered it before. Most It was black powder, so we guessed this way."

"Xiao Xuan hasn't done anything black recently," Linda said. "If it's black powder, you shouldn't do such a thing now."

The police heard it and seemed to think that Linda made sense. The scared stars used to be on the cusp of the black material after being exposed.

"Miss Yu, if you think about it, haven't you really offended anyone recently? Or was it before, did you have anything to do with someone?"

Han Yi coldly didn't open her mouth, Yu Xiaoxuan's face was still pale, but her emotions calmed down slowly. She thought about it and shook her head gently, "I can't think of it, but..." She paused slightly, hesitating a moment, I said, "But I had some conflicts with the artists in our company before, but that was a long time ago."

"What's his name?"

"Su Ling." Yu Xiaoxuan uttered a name. She had a fight with Su Ling because of Han Yi. Su Ling was later hidden by the company. After paying a high amount of liquidated damages, she left the company and went. After the development of the rival company, it is said that the development is very good now.

The police knew Su Ling, after all, Su Ling is now a newcomer to a certain entertainment company.

Putting the book together, the police said, "Okay, Miss Yu, thank you for your cooperation. We will go to Miss Su Ling to verify the situation and find out the truth as soon as possible. If you think of something, you can call us at any time."

Yu Xiaoxuan nodded, and the police dragged his stunned colleague away.

"Brother Zhang, this Han Yi's speech is too arrogant, isn't there just a few stinky money, what's he proud of?" Leng Touqing is still dissatisfied with Han Yi's just behavior.

The policeman called Brother Zhang smiled, "Actually, Mr. Han's temper is still very good, but probably what happened today is too sudden, he is more irritable."

"It's not bad, I think he just looks down on us." Leng Touqing said.

Brother Zhang smiled, "Do you think Han Yi is an ordinary businessman? Let's not say that the Han family itself is a famous city in Beijing. He himself has a very good relationship with the elders of the Shen family and the Fu family. You just joined the office, and some things still happen. I don't understand, there are more places to learn."

Lengtou Qingzuo mumbled something, but said nothing.

Shen Qinglan only saw the news the next day before she realized that Yu Xiaoxuan was intimidated. Although the photos on the news were mosaicked, she still knew Yu Xiaoxuan's car, reminiscent of the flower pot that fell from the day before yesterday. , Shen Qinglan always felt that things were not as

simple as the news said.

"En Xi, it's me, help me check one thing."

In the cafe near the compound.

Shen Qinglan listened to Jin Enxi's words, his expression was dignified, "You mean that you can't even find out who did this?"

Jin Enxi nodded, "Well, although Yu Xiaoxuan's car is parked in the dead end of the monitoring, there are other cars in the garage. It happens that there is a car recorder facing Yu Xiaoxuan's car. I contacted the owner of the car. The owner also showed me the video and the figure. He was a man, but the man was wrapped tightly. I couldn't see his appearance."

"What about video?"

"I brought it to you." Jin Enxi handed a USB flash drive to Shen Qinglan. "There is also a monitoring scene of the nearby street where you met Yu Xiaoxuan that day. The flower pot that hit Yu Xiaoxuan was indeed someone. It was not an accident that it was deliberately thrown down from the upstairs. But the figure of the man looked like a woman, also wrapped tightly, and could not see his face."

"As for the courier, I checked the address. It was sent from a courier point in this city, but that courier point did not have monitoring installed. It happened that there were many couriers that day, and the owner couldn't remember who sent it."

Shen Qinglan's expression is unpredictable, this pile seems to be done by different people, but somehow, she has an intuition that these things are done by one person.

"Ann, I also agree with the police. Perhaps some of the black powder of Yu Xiaoxuan was dried. Some fans are particularly irrational and do everything."

Shen Qinglan was undecided, but just said, "This is the case in advance, you have worked hard for Enxi."

Jin Enxi smiled, "Ann, we don't need to be so polite between us, but I will continue to pay attention to this matter, if the black powder wants to do anything, I can definitely catch him."

"Well, how is Eden?"

"I just contacted Eden yesterday. He is okay, but his right hand injury is more serious. It is impossible to perform surgery in the near future, but it will not affect the later recovery."

This is also a blessing of misfortune. Eden is a medical madman. If he can't take a scalpel, it will be worse

than killing him.

"Ann, I'll tell you good news again." Jin Enxi looked around and lowered his voice. "One of King's left arm and right arm was cut."

After hearing this, Shen Qinglan's eyes finally showed a smile, "This is indeed good news."

"In the past few days, the people of BK have been attacked by other people in a row. Several people have been injured. King is violently jumping. He is now investigating the person who issued the mission, but you can rest assured that he will never find you."

Shen Qinglan is not worried at all. The website itself protects the privacy of the person who posted the task and the person who received the task. Even King, it cannot be easily obtained, and Jin Enxi is still there.

"King was not injured?"

Jin Enxi said regretfully, "No, he is still alive and kicking."

Shen Qinglan was not surprised at all, "You continue to stare at some, if not, continue to increase the remuneration." There must be a brave man under the reward.

Jin Enxi nodded and said to Shen Qinglan for a while before leaving. Shen Qinglan walked home slowly, but when there was still some distance from the compound, a car suddenly drove quickly and Shen Qinglan flashed aside quickly. This time, she was not hit. She looked closely at the drove away and immediately called Jin Enxi after seeing the license plate number.

Jin Enxi heard the words and scolded, "Ann, are you okay?"

"I'm fine, you help me check who the owner of this car is."

Jin Enxi responded, and Shen Qinglan did not mention it after returning home.

She was sitting on the balcony, but her mind was thinking about what happened to her recently. Except for Eden, King did it. From uncle, to Yu Xiaoxuan, to herself, this piece seems to have nothing. Contact, but it is like a big net, surrounding her, but behind this net, who is aimed at, Shen Qinglan is still unclear.

In a high-end apartment in Beijing, the man is calling again, but this time, his expression is very irritable, "You said, will give Shen Qinglan some lessons, but look at now, has Shen Qinglan suffered any harm? She My relatives and friends are still alive and kicking, but I, like a funeral dog, can only hide in this dark place without even showing his face."

The person on the phone didn't know what was said, and the man's expression became more irritable, "Don't tell me what patience, I don't have patience, Shen Qinglan harms me and our family like this, I want Shen Qinglan to die... Then give For three days, if the people around Shen Qinglan are not dead, then you will die."

The man smashed his mobile phone, reached for the wine on the table, and poured it into his mouth. He looked at the photos on the wall, his expression was fierce, and suddenly, he hit the wine bottle against the wall. "Shen Qinglan, Yu Xiaoxuan, Han Yi , Shen Junyu, you all die, die!"

He was holding a fruit knife in his hand, slashing it across Shen Qinglan's picture, until the picture was smashed by him.

Wen Xiyao came to Fu's house to see Shen Qinglan, and she saw her lying on the deck chair of the balcony and closed her eyes to bask in the sun. "Hey, it's still a good day for you."

Shen Qinglan opened his eyes and smiled slightly at Wen Xiyao's envious gaze, "You can live this kind of life at any time, and I can do nothing if you don't want to."

Wen Xiyao smiled, she just said casually, and sat down beside Shen Qinglan, "I came to you today to find you, there is actually something I want you to help."

Shen Qinglan heard the words and looked up at her, "Sister Xi Yao, just say something if you have something."

Wen Xiyao said, "This is the case. My father likes Zhang Haifeng's paintings very much. His birthday is coming soon. I want to buy a painting of the old gentleman, but the old gentleman has rarely written in the past two years. I don't know him. I heard that Daniel knew him very well, so I wonder if Daniel can help him buy a painting of an old gentleman."

Shen Qinglan sat up from the chaise longue, "I call Daniel now." Then, he took the phone and called Daniel.

Digression

Cough, A Li remembered something wrong, the burst was after zero on Thursday night, not Friday (covering his face), which is the burst at 0:01 on the 24th, so stay tuned

Someone is very close to the truth, and almost guessed it, haha

277 Chapter 277

Hanging up the phone, Shen Qinglan looked at Wen Xiyao and said, "Daniel said he went to discuss with the old man. For the past two years, because of his physical reasons, the old man really rarely writes, so it is not necessarily possible to succeed."

Wen Xiyao smiled slightly, "Whether it is successful or not, I have to thank you for this matter."

"Sister Xi Yao, we are a family and we don't need to say thank you."

Wen Yan Yao said in a friendly manner, "Also, there is no need to be so polite between the family, right, my mother asked me to ask you, was the dried fruit I brought you last time delicious?"

"Well, the taste is very good." Shen Qinglan remembered the bag of dried fruit Shen Junyu brought to her a few days ago and said that it was given by Wen Xiyao.

"If you like eating, I will ask my mother to send me some more."

"Sister Xi Yao, I haven't finished eating there yet. Don't trouble your aunt so much."

Wen Xiyao smiled, "What's wrong with this, my mother can't wait."

Shen Qinglan naturally knew that Mother Wen was so good to her because of the matter at the previous engagement banquet, she said slowly, "Sister Xi Yao, you didn't have to worry about your aunt last time, let alone she thanked me "" The set of valuable jewelry is still locked in her safe.

"It's just a little thing, even if it's not because of it, it's okay for you to be Jun Yu's sister."

Since talking about this matter, Shen Qinglan remembered the initiator of the matter, "Sister Xi Yao, how is that Du Nan?"

Wen Yanyao smiled a little bit on Wen Xiyao's face and spoke lightly, "He has returned to Haicheng and has not contacted me since."

After hearing this, Shen Qinglan felt relieved.

In fact, Du Nan did not want to come to Wen Xiyao, but he had no avail at all. Due to Wen's divestment

and the malicious competition of his opponents, Du is now struggling in Haicheng.

Although Wen Bingchuan has been released, Du Honghai can borrow from the bank, but everyone has seen the suspicion between Wen's and Du's before, and now Du's want to get a large loan from the bank can't find a guarantor.

Du Honghai went to the hospital several times worrying about the company. Du mother wanted to ask the Wen family to reach out and help was also blocked by Du Honghai. His children did such a shameful thing. As a father, he had no face to face his old friend.

Du Honghai was hospitalized, and the company's affairs fell on Du Nan alone. His thoughts were on Wen Xiyao all these years. Although he worked in the company for many years, he was not convincing enough. After Du Honghai was hospitalized, the company Some ambitious people are just about to move, and Du Nan can do everything he can to suppress these people.

Things in the company are a mess, and this is the case at home. Du Nan has long been exhausted and has no time for himself. Where can he still care about Wen Xiyao?

"That's fine, Sister Xi Yao, have you been tired from work recently, I don't think your face is very good?"

Wen Xiyao touched his face and sighed softly, "In a few days, I will go abroad on business for a few days. The company's affairs need to be arranged in advance. I have been working overtime in the past few days. My face is good. It's strange that your brother made fun yesterday. I said that I was not old yet and I became a yellow-faced woman."

Shen Qinglan was speechless, "Sister Xi Yao, my brother said you are not angry?" This is a woman who can't bear it.

Wen Xiyao gritted his teeth, "How can I not be angry, so I left him yesterday and left. I didn't answer his phone today." Then, Wen Xiyao laughed all by himself.

Shen Qinglan is an elder brother who doesn't sympathize with herself at all. It's good to say that Wen Xiyao just didn't answer the phone. Her eyes turned and she said softly, "Sister Xi Yao, I think my brother It is too much to say this, you must not forgive him easily, I will give you a trick."

Wen Xiyao looked at her curiously, "What move?"

"When you go back today, buy a durian in the supermarket and leave the shell to my brother."

Wen Xiyao laughed out loud, "If your brother hears this from you, it may be sad." The younger sister she was holding in her hand, even her own sister-in-law let her brother kneel durian shell, Shen Junyu could not Sad?

Shen Qinglan looked sideways, "I didn't do this to vent you and make him uncomfortable, better than making yourself uncomfortable."

Wen Xiyao looked at her with amusement, "No wonder Jun Yu hurts you so much, watching your brother's strength, he knows that I won't do this, and gave me such an idea, you dare not say it to me Forgive your brother earlier?"

Shen Qinglan smiled slightly and did not deny his intention. "Is it a little bit more comfortable now?"

Wen Xiyao glared at her with a smile, "You, but the sulking in the heart really dissipated."

Originally it was just a joke, Wen Xiyao was not really angry, just annoyed for a while, and it would be fine after a while.

Shen Qinglan laughed and said nothing.

It was already night when Wen Xiyao left from Fu's house. As soon as he walked out of Fu's house, he saw Shen Junyu waiting outside.

Wen Xiyao raised an eyebrow at him, "Why don't you go in?"

A gentle smile hung on Shen Junyu's face, "I came here to wait for you." The hand behind his back was taken out, and in his hand was a bouquet of white roses, "for you."

Wen Xiyao reached out and took a look, sniffing his head, "Not bad, but don't think that I will easily forgive you."

"This is natural." Shen Junyu opened the door. "Beautiful Miss Wen Xiyao, please get in the car."

Wen Xiyao's eyes were full of smiles, and he sat up without asking Shen Junyu where to take her.

Shen Junyu took Wen Xiyao to the cinema, um, watched a horror movie.

After coming out of the movie theater, Wen Xiyao looked at Shen Junyu very silently, "Are you intentional?"

Shen Junyu nodded, "Of course, otherwise how can you take the initiative to give it a hug." Well, this reason is very strong, Wen Xiyao speechless.

"Okay, don't be angry. Yesterday it was to tease you, let alone the yellow-faced woman. Even if you become an old woman, I am alone." Shen Junyu reached out and interlocked with Wen Xiyao's fingers.

There was a sweetness in Wen Xiyao's heart. He glanced at the hands they were shaking and squinted at him. "What would you do besides coaxing girls to be happy?"

Shen Junyu smiled mysteriously, "I can't tell you now, you will know later."

**

Sydney.

When Yan Xi came back to see Yan Shengyu, he was very happy, "Brother, you finally came to see me."

Yan Shengyu looked at Yan Xi and spoiled his eyes, "Well, have you had a good time this time? Did you adapt to life here?"

Yan Xi narrowed her eyes and leaned on Yan Shengyu's shoulder, "I'm fine, I like it very much, brother, did you visit me and my mother this time?"

"Well, let's see if you guys are good."

"We are fine, by the way, brother, is it okay to run over like this? Does your boss not scold you?"

In this way, Yan Shengyu remembered that when he came over, he didn't ask for leave at all, and smiled, "It's okay, I'm taking leave. I'm going to stay here with you and Mom for a few days, are you not happy?"

"Happy, but it would be nice if Dad was there." Yan Xi said.

The smile in Yan Shengyu's eyes faded, and he twitched his lips. "Dad is an officer. It's not that easy to go abroad, and he is also busy with work and can't get away from it for the time being."

After Yan Xi woke up, the Yan family secretly concealed the divorce between Zhao Jiaqing and Yan Anbang, so Yan Xi still does not know that his parents have divorced.

"Yes, but the next time I go back with my mother. It will be the same when I go on vacation. I will return to the country with my mother." Yan Xi said, "Yes, brother, do you know Shen Qinglan?"

Yan Shengyu's expression changed, but he quickly returned to normal, looking at Yan Xi, "Who is Shen Qinglan?"

Yan Xi didn't notice the change in his expression and explained, "It's the artist Leng Qingqiu, doesn't she say that she is famous in China, why don't you know?"

Yan Shengyu pretended to be suddenly realized, "Oh, it was her, I heard her name, but I don't know her, what's wrong?"

"I have seen her." Yan Xi said.

Yan Shengyu looked at her, "When have you seen her?"

"Just at the Sydney City Arts Festival, she came to Sydney City. That day, my mother and I went to play at Lake McGary, and I met Shen Qinglan who was here with my friends. She was really beautiful, me. like her."

Yan Shengyu pressed the uneasiness in his heart and asked, seemingly unintentionally, "You didn't know her before, why did you like it just once you saw it?"

Yan Xi shrugged, "I don't know either. I saw her at first sight and I liked her. I don't know what I like about her. I just feel that she is so kind and warm, like a big sister, um , That's how my sister feels."

Yan Shengyu's eyes dimmed, thinking of the bright and dazzling woman, there was a pain in the heart, but his face was smiling, pretending to say easily, "I thought you like other people's paintings, thinking of you When did you become enlightened and actually fell in love with art."

Yan Xi pouted, "Brother, you look down on people. I studied clothing design, but I have artistic cells. I just can't draw. I still appreciate it. I like Shen Qinglan, but I I also like her paintings. Her paintings give me a warm feeling, just like her people."

Yan Xi said with care, not paying attention to the sadness in Yan Shengyu's eyes, "I heard that she is from Beijing, and I will go to Beijing to find her next time I return to China. If only I can get her signature. That's right, brother , Aren't you in Beijing? When you returned to China, you bought me a collection of her pictures. I wanted to buy it last time, but I didn't buy it. It is best to have her autograph on the collection, which is perfect."

After talking for a long time, Yan Shengyu didn't respond at all. Yan Xi pouted and shook his hand before his eyes. "Brother, are you listening to me?"

Yan Shengyu looked back at her and looked at her apologetically, "Just gone, sorry, what did you say?"

Yan Xi repeated what she just said, "Brother, you must help me get her autograph."

Yan Shengyu nodded with a smile, "Okay, I will help you get it."

Yan Xi was immediately happy. At this moment, Zhao Jiaqing let them go to dinner, and the topic was over.

Because of Yan Shengyu's arrival, the next day, Yan Xi and Yan Shengyu went out and said they wanted to take Yan Shengyu to see the city where she lived.

Yan Xi took Yan Shengyu to a famous wine estate in Sydney.As soon as she got out of the car, Yan Shengyu felt a little uncomfortable in her stomach and went to the toilet.Yan Xi was hanging around in the manor alone.

"Hey, it's you." Yan Xi looked at the person in front of him with a look of surprise. She didn't expect to meet Dougs here.

Dougs did not expect to meet Yan Xi for the second time in just a few days, still here. He smiled slightly, "What a coincidence, are you here to play?"

"Oh, I came here with my brother, how about you?"

"I am a good friend with the owner of this manor. I have lived here in recent days." Dougs said.

"It turns out that this was the case. Last time I met in the cafe, I thought we wouldn't run into it." Yan Xi said with a smile. Dougs also smiled.

Yan Shengyu looked around for a while to know Yan Xi. From afar, she saw that she was talking to a man. When she walked in, she realized that it was Dougs, the attending doctor who was once Yan Xi's face. He pressed his inner surprise to the bottom of his heart.

"Xiao Xi." Yan Shengyu stepped forward with a smile, and Yan Xi beckoned with a smile, "Brother, come here."

Dougs glanced at Yan Shengyu and said with a smile, "Since your brother is here, I will go first. The wine in this manor is very good. You may wish to bring it back when you go back."

Yan Shengyu waited for Dougs to leave before looking at Yan Xi, "Who was this person just now?"

"A friend I just met, brother, why have you been to the toilet for so long?"

Seeing that Yan Xi did not recognize Dougs, Yan Shengyu felt a little relieved in his heart and smiled, "It's not to find you, tell you not to run around, but in a blink of an eye, it's gone."

Yan Xi threw out her tongue, she walked away.

After spending time with Yan Xi in the manor, Yan Shengyu saw Dougs from afar, and said to Yan Xi, and walked towards Dougs.

"Mr. Dougs." Yan Shengyu greeted.

Dougs smiled gently, "I haven't seen you for a long time."

"I didn't expect to meet you here."

"I came here to visit my friends, but when I met Yan Xi, it seemed that she was recovering well and was well adapted to life here."

Yan Shengyu heard the words and said slowly, "Thanks to Mr. Dougs for his help, if not you, Yan Xi might..."

"Don't be so polite, I was also entrusted by my friends. After Yan Xi left, I actually wanted to find an opportunity to visit her and make sure of her situation. Now I see her, and I feel relieved."

Who this friend is is naturally self-evident.

"I really need to thank her. Mr. Dougs, I was able to meet you this time, and I was also very surprised. Just, I have a question in my mind. I don't know if it is convenient for you to answer me?"

"Please speak."

Yan Shengyu told Yan Xi about seeing Shen Qinglan, "Yan Xi still likes her very much now. If she goes on like this, will Yan Xi think of everything she once had?"

Dougs heard the words and pondered for a while before thinking, "This shows that Shen Qinglan is a very important presence in Yan Xi's heart. Even if she forgets, she still remembers the feeling Shen Qinglan gave her, but you too Don't need to be too nervous, or stop it deliberately, let her follow its natural development. At the beginning, Yan Xi was deeply hypnotized, and she wanted to rethink the possibility of thinking unless she was greatly stimulated. Not big."

After hearing this, Yan Shengyu felt relieved, thanked Dougs, and left after a few words.

"Brother, what did you tell him?" Yan Xi asked curiously.

"Nothing. Isn't he saying that the wine in this manor is good? I want to ask him where he can buy it and which vintage tastes better. He can bring it to friends when he returns home."

"Oh." Yan Xi was not very interested in this. After Yan Shengyu bought a few bottles of wine, he left with him.

Yan Shengyu stayed in Sydney City for three days and left. When walking, Yan Xi took him, Qian Ding, Wan Wan asked, "Brother, you must remember my picture collection and signature. Help me go as soon as possible after returning home." Do you know?"

This is already the N+1th time that Yan Xi said. Yan Shengyu rubbed his forehead. "Knowing my aunt and grandma, I will buy it for you as soon as I go back. Are you satisfied?"

Yan Xi nodded, "Well, I know that you are the best to me, brother."

Zhao Jiaqing didn't know what the brothers and sisters were talking about, so he asked, Yan Xi smiled, refused to say, Yan Shengyu casually made an excuse to perfume in the past, Zhao Jiaqing saw the

mysterious look of the brothers and sisters, so he did not ask .

After returning to China, Yan Shengyu received a call from Yan Anbang, but did not answer it and hung up directly.

He first went to the bookstore to buy a collection of Shen Qinglan's paintings, and then looked at the name in the phone's address book for a long time without any further action. After hesitating for a long time, he dialed Shen Qinglan's number.

After listening to Yan Shengyu, Shen Qinglan spoke lightly, "I have time tomorrow afternoon. You can come to my tea house to find me."

"it is good."

The next afternoon, Yan Shengyu arrived at Shen Qinglan's teahouse half an hour early, and looked at the person who walked in from outside the door. His expression was momentarily trance. This is the first time Yan Shengyu has seen Shen Qinglan up close since Yan Xi left, "Come. Sit down."

He knew that Shen Qinglan was married, and even he secretly went to see Shen Qinglan's wedding, and looked at Shen Qinglan's flower sedan from a distance. Although she couldn't see her face, she could also imagine her face in a wedding dress.

Shen Qinglan sat down opposite Yan Shengyu. The man in front of him had retreated from the taste of a boy at first sight. The whole person had matured a lot. Think about it. In just one year, the family had experienced so many encounters and changed It's impossible to be a person without any trace of change.

Bringing Yan Shengyu's picture collection aside, Shen Qinglan flipped the title page, signed his name on the pen, and wrote a few words on it very carefully.

Yan Shengyu put the collection, "Thank you."

"You're welcome. I heard you went to work in city G. Is everything going well?"

Yan Shengyu smiled, "It's not good, but it's not bad. City G is a bit behind in economic conditions, but the folk customs there are very simple. I like it very much."

"You came here to buy Yan Xi's painting collection?"

"Well, Yan Xi likes you very much, and told me that I must buy her a collection of your paintings."

Shen Qinglan's eyes crossed a sorrow, so she loved her Yan Xi, even if she forgot all the Yan Xi she would like to see, she failed to protect her.

"Shen Qinglan, I owe you a sorry sentence. At first, my thoughts were extreme, and I said something bad to you, please don't worry about it." Yan Shengyu said sincerely.

In the past few months, he worked in G City and figured out many things. At that time, he and his family put all responsibilities on Shen Qinglan. In fact, it was unfair to Shen Qinglan. If it were not Shen Qinglan, they might never see Yan Xi again. .

Shen Qinglan was slightly startled, and said, "It was indeed inseparable from me at that time, you are right to think like that."

"Actually, I figured it out later. Your friend was right. We are a group of cowards who dare not face the facts, so we transfer the responsibility to you." Yan Shengyu said, suddenly remembering when Shen Qinglan came back, Also hurt.

Shen Qinglan didn't want to talk about this topic. This incident was a pain in their hearts forever. Yan Shengyu didn't continue to talk to Shen Qinglan and left quickly.

Although some things are to be understood, the gap between them is not so easy to ignore. After all, the young crush must end up in the worst way.

After Yan Shengyu left, Shen Qinglan also quickly left the tea house.

Just shortly after leaving, her eyes chilled, and she glanced into the rearview mirror, her mouth evoked a cold arc.

She seemed to be unaware, and continued to drive the car. After driving for a while, she glanced in the rearview mirror. Sure enough, she saw a car behind her, a small white van, who was following Very cautiously, a short distance from her.

Shen Qinglan turned a corner, and the van also followed. Shen Qinglan thought about it and drove in the direction of the suburbs, but when he was almost approaching the suburbs, the car behind him did not keep up, but turned a corner. Missing, Shen Qinglan parked to the side, and there was a doubt in his eyes. Did he guess wrong?

After thinking about it, she called Jin Enxi and told her the license plate information of the tracker.

"An, this car seems to be an abandoned car." Jin Enxi said.

The doubts that had been put down immediately became affirmation, and he was tracked by someone, but this person was cautious and found that he was wrong, or did he have to give up because of something else?

"Can you find out the owner of this car before?" Shen Qinglan asked.

"Wait, you give me a moment." Jin Enxi said.

Shen Qinglan was not in a hurry, sitting in the car and waiting for the result of Jin Enxi. After a while, Jin Enxi called again and said, "An, this person seems to have died half a year ago."

After hearing this, Shen Qinglan's eyes crossed a trace of interest, and the clues to the matter seemed to be broken again.

"Enxi, the game seems more and more interesting."

Jin Enxi laughed, "Well, indeed. However, Ann, you are not more careful now than ever, and you should always be more careful."

"I understand, what happened to the things I brought to your attention last time?"

"I have no clue, I can't find the source, and this person hasn't done anything in the follow-up and acted very cautiously. I feel that the person behind this is not an ordinary person, Ann, will you say it's Allen?"

Speaking of Allen, Shen Qinglan remembered that Allen had been silent for a long time, and even she almost forgot the existence of this person.

"It won't be him." Shen Qinglan said affirmatively. Although Alan's actions were fierce, he always came to himself. If it were him, he would never have to deal with Gu Bowen and Yu Xiaoxuan. The most important thing is that if Allen did, he was definitely not injured. Intimidation is so simple.

Jin Enxi thought and understood, "But it's not Allen, I really can't think of who it is, is it the promise of the dead woman?"

"You can check her." Shen Qinglan said, which is exactly what Enxi meant. If it was really promised to make a ghost behind the back, it would be very interesting.

"Okay, leave it to me, and I will tell you when the result comes."

Shen Qinglan hung up the phone and went straight home.

The promise of being missed by the two of them has not been easy in recent days. She was thrown back to the training base by Allen on the grounds that her skills were not enough to be astonishing.

"Master." Promise just came out of a trial. She was wounded, and some wounds even bleed. She lowered her head in front of Allen.

Alan said indifferently, "Knowing your shortcomings?"

"Yes." During an ordinary trial, he even hurt himself, and promised to know the reason why Alan

retrained himself.

"Now that you know it, go back and wait until it's not so embarrassing to show up."

"Yes." Promise withdrew and gave Alan a deep look before leaving.

Waiting for the promise to go out, Allen picked up the tablet on the table, logged on to the website, and looked at the task posted above, with a smile on his lips. His little seven is still the little cat with sharp claws.

"Go ahead, if our people want to take this task, they can take it." Allen handed the tablet to someone around him and said.

The man glanced, "But this task is to deal with BK people, will it cause us trouble?"

Allen sneered. "Sometimes sooner or later there will be a day between me and King. Go and tell the people below who can kill the king. I can double the remuneration for this task." Since the last time he ruined From the beginning of King's base, he and King have no possibility of relaxation.

The man looked startled, responded with a "yes", and left.

After two days, Jin Enxi called Shen Qinglan, "Ann, guess what fun things I found in this investigation?"

Shen Qinglan casually asked, "What?"

"I found there was a woman named Mrs. Jin behind this promise."

"Mrs. Jin? There is such a person on the road?" Shen Qinglan raised her eyebrows, and there was a doubt in her beautiful eyes.

Jin Enxi said, "This lady Mrs. Jin is said not to be in the Dao, but the relationship with the Dao is intricate, not only related to Alan, but also to King. It seems that there is also a relationship. Last time you were kidnapped with Yan Xi, it seems that there is Shadow of Mrs. Jin."

After hearing the words, the inattentiveness on Shen Qinglan's face gradually disappeared, and he sat up, "Can this Mrs. Jin find his true identity?"

"I can't for the time being, but I will continue to track down. By the way, this promise is the daughter of Mrs. Jin." Jin Enxi added.

Shen Qinglan had a pensive thought on his face, "Promise to be Mrs. Jin's daughter?"

"Yes, but the relationship between the two doesn't seem to be very good. If I were checking promises, I wouldn't be able to find Mrs. King's head. Alan and King weren't against it, promise promised to

cooperate with King last time. , Betrayed you, Alan reportedly wanted to dispose of the promise, it was this Mrs. King who appeared to take her away."

"Do you have a portrait of Mrs. Jin?"

"No, I bought these news with huge sums of money. The lady Jin is very mysterious and rarely shows up in front of people. Even if it appears, he hides himself in the dark, and it is not clear to anyone. Her true face, so the Taoist people still don't know who Mrs. Jin is. But others don't know, some people must know."

"Allen." Shen Qinglan's red lips spit out a name.

Jin Enxi asked in surprise, "How do you know?"

"Don't forget, the promise is Allen's."

Jin Enxi suddenly understood.

"Ann, what should we do now?"

"You first try to find out the identity of Mrs. Jin from other channels. If not, I will start with Allen." Shen Qinglan said lightly.

"Yes, but it's less than a last resort. You should never go to Alan's pervert." Alan originally wanted to retaliate a few of them. If Shen Qinglan went to Alan, wouldn't it be a sheep?

"Ok, I know."

Mrs. Jin, chewing these three words in Shen Qinglan's mouth, the doubt between her eyebrows deepened.

**

"Lan Lan, what are you thinking? My frown looks like an old lady. Later, my nephew was born with no love to laugh. What can I do with Fu Hengyi?" Shen Junyu came in and saw Shen Qinglan's brow furrowed. Said with a smile.

Speaking of the child in her belly, Shen Qinglan's brows and eyes suddenly became very gentle. She touched her belly and said warmly, "Like Fu Hengyi is fine."

Shen Junyu sighed, it was really the water splashed by her married daughter.

Pass the bowl in your hand to Shen Qinglan, "This is the bird's nest that Mom specially stewed for you, and you drank it while it was hot."

"Thank you brother." Shen Qinglan came over and took a sip, not very sweet, but her taste.

"Sister Xi Yao is coming back soon?" Shen Qinglan asked when thinking of Wen Xiyao on a business trip

Shen Junyu nodded, "Well, come back the day after tomorrow,"

Shen Junyu nodded, "Well, come back the day after tomorrow,"

"Let's go to the suburbs when Sister Yao comes back," Shen Qinglan suggested.

Shen Junyu looked sideways, "How come you suddenly think of going out?"

"Looking for inspiration, I will call on Han Yi and Yu Xiaoxuan, and there will be more lively crowds."

Shen Junyu has no opinion. Rarely, my sister wants to go out to play, and you have to be satisfied as a brother.

It was just that this outing was doomed to fail. The next day, Shen Qinglan just got up, and there was an unexpected guest at home-Shen Junze.

Shen Junze has never been to the Shen family since the last time he made troubles with the Shen family. What does it mean to appear in the Fu family now?

Aunt Zhao saw Shen Qinglan coming down and said, "He said he came to you."

Shen Qinglan raised her eyebrows, "How about Grandpa?"

"The old man walked away."

Shen Qinglan sat down on the sofa, "Are you looking for me?"

Shen Junze is exceptionally quiet today, no, it should be said to be calm. It is completely different from the needlepoint I saw before. Seeing Shen Qinglan asked him and nodded, "Yes, I am here to look for you."

"Speak, what's the matter." Shen Qinglan looked faint.

Shen Junze felt annoyed in his eyes, but when he thought of what his uncle told him, he still kept his temper and said, "I know that Junlan Group has started to develop that area, so I want to ask if Shen can participate in it?"

Uncle said, according to the planning of Junlan Group, the development there will not be bad in the future. Although their Shen's strength is still good abroad, they are domestic after all. If you want to

develop well in the country, you must have a Good backing, and Junlan Group is naturally the first choice.

After hearing this, Shen Qinglan immediately understood his intentions and said quietly, "You should go to my brother about the company's affairs. I am not involved in the management of the company."

Didn't Shen Junze go to Shen Junyu? Naturally not, the person he went to immediately was Shen Junyu, but he was rejected by Shen Junyu after he said it. The reason was that Junlan Group had the strength to complete the project on its own and no partner was needed.

"Brother rejected me." Shen Junze pursed his lips and said. It is for this reason that Lu Jin let Shen Junze come to Shen Qinglan, who made Shen Junyu's favorite person is Shen Qinglan, as long as Shen Qinglan is willing to speak, Shen Junyu will definitely change his mind.

"Since my brother has rejected you, then I can't help, after all, the company is my brother."

"But you also have company shares, don't you? And you are a shareholder of the Shen family."

Shen Qinglan was funny, and at the same time, he was also puzzled. How did the second uncle educate the child, even raising his son so... Realistic? Employ people to face forward, not people to face backward.

"If I remember correctly, I did not sign the equity transfer agreement." The implication is that I am not a shareholder of Shen's.

Shen Junze gritted his teeth, "Even if you are not, but those shares were given to you by my dad, it is yours. Shen has been developing abroad before. The domestic one is not very familiar. If you want to develop here, you need a certain relationship. You It's my sister. My dad entrusted me and the company to you before he died. Shouldn't you help me?"

Shen Qinglan really smiled this time, but his eyes were cold. This is a typical example of Shen Junze using people to move forward and not back. "Shen Junze, I just promised that my uncle would take care of you one or two at the right time. Not your nanny, don't you need to serve you anytime?"

This time it was originally not Shen Junze's willingness, but was forced by Lu Jin. Now that he heard Shen Qinglan's words, Shen Junze's ideas were finally exhausted, and his expression changed. He pointed to Shen Qinglan and said, "You just don't want to Help me?"

"Yes, how about it?" Shen Qinglan asked indifferently.

"Hum, yes, don't help, don't help, don't regret it in the future."

Shen Qinglan is funny, he has something to regret, "If it's okay, you can go, I still have things."

Shen Junze looked at Shen Qinglan's back, his expression was ruthless, and reaching out on her back was a ruthless push...

Digression

Qing Lan has noticed Mrs. Jin, hehe

A text recommended by my friend Meng Xuanji: "Leng Wang's Hard Pet: Long Live the Poison Princess"

She is an ace agent in the 21st century, carrying a seven-knife exquisite heart through the cheap slave to build the mausoleum. Even the cheap slave, even with severe narcolepsy, sleeps if he doesn't agree, and White Sakura looks at the sky. This habit is life-threatening. The loyal dog behind Baba secretly smiled, this habit he likes tight.

He is the most prestigious king. He is an arrogant, cold-abstinent male god. He is a strategist. He looks at the world. Ever since he meets a woman named Bai Ying, the most important thing he expects every day is to wait for her to get sick, and then hug her softly. Sleeping together.

For the first time, a man pinched his finger and said, "Bai Ying, you are missing a man!"

Once again confession, simple and crude, "If you have time, take your grandfather to bed!"

The third time, a man directly deceived himself, "There is nothing difficult in the world, just be tough!"

278 Chapter 278 Threatened Abortion

Shen Qinglan was caught off guard and hadn't responded yet. After being pushed by Shen Junze, his body instantly lost his balance. He was about to plant it on the coffee table. If it fell, the first one was her belly. Shen Qinglan's eyes flashed. Panic, subconsciously reached out to protect her stomach, bent her knees, and knelt directly on the ground, but the stomach still inevitably bumped on the coffee table, and she frowned as soon as it hurt.

This time, it wasn't too light and felt the pain in the lower abdomen, Shen Qinglan quickly shouted, "Aunt Zhao."

Aunt Zhao originally cleaned upstairs. When she heard Shen Qinglan's words, she immediately came down from the upstairs. Shen Qinglan knelt on the ground and held her stomach. She was startled. "Qinglan, what's wrong with you?"

"Aunt Zhao, call and call the doctor." Shen Qinglan was cold sweat on her forehead at the moment, she did not dare to move.

Aunt Zhao heard the words and quickly called the hospital. Fortunately, there was a military hospital nearby, and the doctors came quickly.

When Shen Qinglan was sent away, the white pants had been stained with red blood.

When Grandpa Fu came back, he heard that Shen Qinglan was taken to the hospital. He hurried to the hospital and saw Aunt Zhao waiting there, asking, "What the hell is going on?"

Aunt Zhao actually didn't know what was going on. On the way she came, Shen Qinglan was speechless and kept covering her stomach. Aunt Zhao was also scared by her pale face. Where can I ask?

Shen Junze did not expect that he just launched such a thing with just one push. Where dare to stay here, has already fled home.

Mr. Fu walked anxiously in the corridor of the hospital. After a while, when he saw the doctor, he quickly asked, "Doctor, how is my granddaughter?"

The doctor shook his head, and the brilliance in Master Fu's eyes disappeared instantly, "It's okay, it's okay, she and Hengyi are still young, and the children will have it in the future, my granddaughter's body is fine."

The doctor heard the words, suddenly amused, and said, "Sir, you misunderstood, the child in your granddaughter's belly is temporarily okay, but she is now a sign of threatened abortion and needs to be hospitalized for a while."

After listening to this, Mr. Fu stayed for a while, and then came back with a look of joy, "Doctor, do you mean the child in my granddaughter's belly is still there?"

"Yes, old man, but Mrs. Fu is weak now, and needs a few days of rest, and she was sent in time."

"Great, great." Mr. Fu patted his chest. He was really scared to death just now. If Shen Qinglan had an accident with the child in her stomach, don't say it's not good to explain to Fu Hengyi, just to Shen. Home is not easy to explain."

Shen Qinglan was asleep, but was sleeping unsteadily, frowning tightly. Shen Junyu just got the news and looked at Shen Qinglan, his eyes cold.

"Aunt Zhao, did you just say that before the Lan Lan accident, Shen Junze had been here?" Shen Junyu said in a cold voice.

Aunt Zhao nodded, "Yes, he said he came to Qinglan. Originally they sat in the living room and talked about things. I think it's still very good. Who knows that I will go upstairs for a little time. Qinglan just Something went wrong." Aunt Zhao also said she regretted it. When you said that she did not clean well, she went upstairs at that time.

Shen Junyu heard the words, said nothing, and turned away. The two old men also heard this and looked ugly.

Lu family, Shen Junze didn't dare to return to his home, so he came to his uncle's house. When Lu Jin came to see him, he panicked and asked, "Junze, what's wrong with you?"

Shen Junze's face was a little pale. He saw the blood on Shen Qinglan's pants. "Uncle, I'm in trouble."

"Aren't you going to Fu Qing's home to find Shen Qinglan? Isn't Shen Qinglan not agreeing?" Even if there is no consent, Shen Junze doesn't have to look like this?

"Uncle, I'm in trouble. This time Grandpa and Big Brother will definitely not let me go. What should I do?"

Seeing his panic, Lu Jincai gradually realized the seriousness of the matter, "What did you do?"

Shen Junze shook his head.

"You don't tell me things, how can I help you?"

Shen Junze hesitated and told Lu Jincai what happened, and Lu Jin finished listening. His face was ugly. He didn't expect that he would just ask Shen Junze to go to Shen Qinglan for pleading.

"I just asked you to beg for pleading. What are you doing to push her?" Lu Jin was anxious.

Shen Junze was also wronged. "She refused to help me. I was out of breath... I knew where she was pregnant, so I didn't push it."

Lu Jin only tried to calm himself down and asked, "It's too late to say this now. Do you see her child fall?"

Shen Junze shook his head, "I don't know, but I saw blood on her pants."

Lu Jin's face sank. This is really troublesome. If the child in Shen Qinglan's belly is still there, there is still room for change. If the child is gone, the Shen family's anger is enough for them to eat a pot. , Not to mention the Fu family.

Don't say that Shen Junze is the grandson of the Shen family. No matter what happens, Shen Qinglan is Master Shen's heart. Things become a little tricky, and Lu Jin didn't know what to do for a while.

"Uncle, what do you say I should do?" Shen Junze has no gods.

Lu Jin was walking around in the same place, "Please don't worry, let me think of a way."

The doorbell rang and Lu Jincai went to open the door. Shen Junyu's face appeared in front of Lu Jincai just after the door opened. Lu Jin wanted to close the door but was pushed away by Shen Junyu. When Shen Junze saw the person coming in, he turned around and wanted to run. Step by step, he grabbed the collar, and fell a fist on Shen Junze's face. Shen Junyu, with a cold face, started to show no mercy.

Waiting for Lu Jin to react, Shen Junze had already suffered Shen Junyu's fists several times, and Lu Jincai quickly went up and pulled him away, "Jun Yu, you have something to say, don't do it."

Shen Junyu pushed Lu Jincai away, staring at Shen Junze with his eyes.

Shen Junze coughed violently on the ground, bleeding at the corner of his mouth, and looked up at Shen Junyu, "Are you crazy? Are you trying to kill me?"

Shen Junyu looked cold, "Do you think I dare not?"

Shen Junze's pupils shrank and he didn't dare to choke with Shen Junyu. This man was just fighting.

Lu Jin just stood aside and persuaded, "Jun Yu, I have heard Jun Ze say that this matter is wrong, but the most important thing now is to take care of Qing Lan, Jun Ze you will teach him later It's not too late." Now Shen Junyu is in a hurry and can only persuade him to leave.

Shen Junyu didn't listen to Lu Jincai at all. In fact, without Shen Qinglan's words, Shen Junyu could guess what was going on.

"Shen Junze, I can tell you clearly that Junlan Group will not cooperate with Shen's now and in the future, more than that, starting today, I will buy Shen's."

Shen Junze's complexion changed, "You can't do this."

Hearing the words, Shen Junyu sneered, "No? Shen Junze, what are your qualifications to say no to me, just by your surname Shen? Where do you come from? Self-confidence that I will not follow you after hurting Lan Lan Care?"

"You can't buy Shen's. That's what my dad gave me. My dad is your second uncle. Do you do that, is it worthy of my dad?"

Shen Junyu looked at Shen Junze, and there was a lot of sarcasm in her eyes, but unfortunately the family business set by the second uncle had such a son, and the family business of the second uncle was also abandoned. "Instead of watching his family business ruined, In your hands, I might as well buy the company and carry it forward."

Shen Junze looked terrified, "You can't do this, and Grandpa won't agree to you!"

Shen Junyu did not look at Shen Junze, turned around and left, walked to the door, stopped, and said coldly, "You better pray Lan Lan is okay, otherwise it is not something you can afford."

"Uncle, what should I do now?" When Shen Junyu left, Shen Junze looked at Lu Jincal in panic.

"You ask me, I ask who to go, I told you not to be so impulsive to do things, you look at the good things you do, you must be anxious to do any one else." Lu Jincal roared, this is his first The second time angered Shen Junze, this thing is not enough to accomplish something.

Shen Junze was stunned by Lu Jincal, "Uncle."

Lu Jin wiped his face and pressed down his anger. "You hurry up now, go to Shen's house with me, kneel down and apologize to the old man. This matter still needs the old man to come forward."

He thinks very well, as long as the old man is willing to forgive Shen Junze and is willing to protect him, then even Shen Junyu can't take him, and there is also the Fu family, and it takes time for Old Man Shen to come forward.

Shen Junze's expression was unwilling, "Uncle, I won't go." The old man has always disliked him. This time it was Shen Qinglan. If he went to the old man, wouldn't he find himself dead?

Lu Jincal sneered. "You can do it if you don't go, just wait for Shen Junyu to buy the Shen family. He just joke with you in the future?" When he came to Beijing for a few months, the first thing Lu Jincal did was to put the relationship on the Beijing shopping mall. I figured out, especially the temperament of some leading companies.

According to the information he knows, Shen Junyu is not as gentle and pure as he appears on the surface.

Since he said that today, he would do such a thing.

Shen Junze struggled, Lu Jin did not urge him to sit down on the sofa, "You can think about it yourself, whether you want the company or your own face."

After thinking for a while, Shen Junze said, "Uncle, I will go to Shen's house now."

"Not to Shen's home, but to the hospital." Lu Jincan said, "Now, Mr. Shen must be in the hospital. Do you know which hospital Shen Qinglan lives in?"

Shen Junze shook his head. He was scared and ran away. Where did he know which hospital Shen Qinglan lived in?

Lu Jin had no choice but to call his sister. Where did Lu Yaqin know that such a thing would happen, he immediately panicked. Lu Jincan was upset when he heard the voice of Lu Yaqin's panic on the other end of the phone, "OK, don't cry, you first call and ask which hospital Shen Qinglan lives in,"

After talking, he hung up the phone, and when Lu Yaqin asked Shen Qinglan's hospital and ward, Lu Jincan left Shen Junze with reluctance.

"You put away your expression, you are going to apologize, even if you don't want it anymore, you hold back to me, if you can't adjust your mindset when we get to it, we won't go in and save half the effort. ."

"Uncle, I already feel very uncomfortable. Could you please stop teaching me first?" Shen Junze said irritably.

"If you are not my only nephew, do you think I am willing to control you?"

Shen Junze shut up suddenly. When he arrived at the hospital, Shen Junze's face was no longer reluctant.

Lu Jinqin met Lu Yaqin downstairs in the hospital. Lu Jin looked at his sister, frowning. "What are you doing, don't you tell you not to come?" The Shen family didn't like Lu Yaqin originally, and now seeing Lu Yaqin is not a fire. ?

Lu Yaqin's worried face, "Am I worried about Junze?"

"Now things are messy enough, you don't have to mess up again, I will take Junze up, you are here to wait."

Lu Yaqin also knew that he was unwelcome at the Shen family, and did not insist on following up, waiting alone.

Lu Jincan took Shen Junze upstairs. Instead of rushing into the ward, he went to the nurse's station and asked Shen Qinglan about the situation. Knowing that the child in Shen Qinglan's belly was still there, he

felt a long sigh of relief. As long as things have room to turn around, it's easy to say.

Walking to the door of the ward, Lu Jinc'ai's face was full of smiles, and Shen Junze followed him without a word.

When I saw Grandpa Shen, I immediately said, "Master, I took Jun Ze to apologize to you."

Mr. Shen's face was very cold, looking at the two of them without a trace of temperature, "No, I can't stand it."

Lu Jinc'ai only smiled, "Sir, don't say that. Junze has already told me what happened. This is Junze's wrong. I already said that he did know that he was doing something wrong." Speaking, he gave Shen Junze a wink.

With a ruthless heart, Shen Junze knelt down directly in front of Grandpa Shen, "Grandpa, I was wrong."

Only this trick, the old man saw no response, still a cold face.

Lu Jinc'ai said on the side, "Senior man, Jun Ze has deeply reflected on this matter. He also told me. At that time, he was very hot, and he regretted it afterwards. No, now I will apologize to you.?"

"The person he is sorry is not me, there is no need to apologize to me, and our Shen family can't bear his apology."

"Look at what you said, isn't Junze also your Shen family?"

Shen Junze kept his head down, and no one could see his expression clearly. Naturally, he couldn't see his grim expression after Mr. Shen said this sentence.

Grandpa Shen didn't have a good complexion, and Shen Junyu, who had just come in to hear this, had no good complexion anymore.

"Who made you come here to cry cats and fake mercy, you get out of me." Shen Junyu was very angry, even after punching Shen Junze a few punches, his anger did not decrease in the slightest.

Facing Shen Junyu, Lu Jinc'ai's expression was scorned.

"That Jun Yu, Jun Ze came to apologize."

"No, as long as you stay away from us in the future, I will thank God."

Lu Jinc'ai spoke up, and was also worried that Shen Junze would impulsively say something that should not be said. Fortunately, this time Shen Junze held back.

Shen Junze was still kneeling on the ground with his head down, and then spoke quietly, even with a faint crying voice, "Grandpa, I really know that I was wrong. I don't know if my cousin is pregnant. If I knew, I would definitely not do it. Yes, Grandpa, forgive me this time?"

Lu Jincui was also talking aside, "Yeah, it's not strange that the unknowable, Junze was not deliberate this time, and he was only 18 years old and he was a child. His father passed away early, you just watch him die. Forgive his father for this time."

It's okay not to mention Shen Yang. When Shen Shen is mentioned, Master Shen is more angry. "Teach a son like you. If your father is alive, I will even drive him out of the Shen family."

Lu Jincui's face is very ugly, "Senior man, this is serious. If Jun Ze is the grandson of the Shen family, even if he does something wrong, you can slowly educate him."

Shen Junze went two steps forward and hugged Mr. Shen's leg directly, crying with a snot and tears, "Grandpa, I really know that I was wrong, don't throw me out. I will never do it in the future, I Make sure to be obedient."

Shen Junze actually looks very much like Shen Rang when he was young, but apart from his appearance, Shen Junze has nothing similar to Shen Rang, especially this temperament, I don't know who he is.

Grandpa Shen looked at Shen Junze with disappointment, "Shen Junze, I will help you with any blood on your father, but if you look at yourself, is there any man responsible?"

Shen Junze's face was ugly and he was counted down by the old man. He wanted to refute it, but he knew that this time it would be hard to pass without the help of old man Shen.

In the ward, Shen Qinglan woke up and put his hand on his stomach for the first time. When Chu Yunrong saw it, he quickly said, "Qinglan, the child is fine, it is still in your stomach, don't be nervous."

Shen Qinglan looked at Chu Yunrong, "Really?"

"When did your mother lie to you, but you are now weak and cannot be discharged for the time being."

Shen Qinglan knew that the child was okay and immediately relaxed, but still felt a little worried in his heart, "Will there not be any sequelae?"

Chu Yunrong smiled softly, "Relax, no. When your body is better, the doctor will give you another physical examination."

Shen Qinglan nodded and didn't see anyone else in the ward. It was a bit strange, "How about Grandpa?"

The smile on Chu Yunrong's face faded, "Where is it?"

Shen Qinglan condensed his mind, and this time he heard Shen Junze's voice outside. Her expression was a little cold, this time because of Shen Junze, she almost lost the child she finally expected.

"Mom, don't tell Fu Hengyi about this, I don't want him to worry." Shen Qinglan said.

Chu Yunrong was a little embarrassed, "Heng Yi already knows, now it is estimated that he is on the way back." And she is almost coming.

Shen Qinglan's eyes flashed helplessly, and sure enough, within ten minutes, there was a rush of footsteps outside the ward, a tall man appeared in front of Shen Qinglan's eyes, and he was still wearing a training uniform. The oil paint on the face was not washed, apparently came in a hurry.

Fu Hengyi hugged Shen Qinglan. Although he knew that Shen Qinglan was fine on the road, he would be worried if he didn't see a real person. Now people are in his arms, as Chu Yunrong said, well, Fu Hengyi The heart that mentioned his throat and eyes slowly returned to his chest.

Feeling his fear, Shen Qinglan reached out to hug Fu Hengyi and spoke softly, "I'm fine, don't be afraid."

How could Fu Hengyi not be afraid.

Pushing her away a little, looking up and down carefully, and seeing that she is okay except for her pale face, and her face has been calmed like an iceberg.

"You said what should I do with the mud." Fu Hengyi said with a helpless tone.

Shen Qinglan reached out and took his hand, "I'm really sorry, I worried you."

"As long as you are fine."

After confirming that Shen Qinglan was okay, Fu Hengyi looked at Chu Yunrong and said, "Mom, thank you." If Chu Yunrong told him, I am afraid that according to Shen Qinglan's temperament, he must have concealed him.

Chu Yunrong was so relieved to see that Fu Hengyi was so nervous, Shen Qinglan, "Family, needless to say this."

Outside, Grandpa Shen saw Shen Qinglan awake, where there is still time to manage Shen Junze, and quickly came in.

Shen Qinglan looked at everyone with a worried look, and smiled slightly, "Grandpa, brother, I'm fine."

Shen Junyu rubbed her head, "You really scared me."

Fu Hengyi frowned and took Shen Junyu's hand away. Shen Junyu was funny, but when he saw the followers, the smile on his face disappeared suddenly.

"Qinglan, we are relieved to see that you are okay. This time Junze is ignorant. You have a large number of adults. Don't blame him." Lu Jincal said flatly.

Shen Junze followed behind him, saw Shen Qinglan, looked down, and said, "Sister, I'm sorry."

Shen Qinglan's expression was cold, as if he didn't see the two, nor did he hear their words.

Ignored by Shen Qinglan, Lu Jin was very embarrassed, but Shen Junze didn't even dare to have anger. Just now, Mr. Shen's attitude was very firm, he would not care no matter what Shen Junyu did.

Thinking of his company's imminent acquisition by Shen Junyu, Shen Junze's heart was filled with anger, and he was also resentful of Shen Rang who passed away. Anyway, it has been decades since he left here. What are you doing here? If it weren't for Shen Rang to come back, there wouldn't be any of these things now.

"Sister, this time it's my fault. You can beat me or scold me. I can do it. Please forgive me this time." Shen Junze said in a low voice.

Shen Qinglan didn't even give him one.

Fu Hengyi's expression was cold and he said, "Come on, you are not welcome here."

Lu Jincal was with a smiley face, "Jun Ze really knows wrong, you forgive him this time."

No one in the ward took care of them. Lu Jin was so helpless when he saw this. This matter seemed to have no room for change.

After staying for a few more minutes, seeing that no one still ignored them, Lu Jin was helpless and had to leave here with Shen Junze.

"Uncle, they don't want to take care of us at all. What should I do now?"

Lu Jin walked out of the ward, his expression on his face became cold, "What to do, what to do, you ask me, where do I know that it is your fault, you solve it yourself."

"Uncle, you can't ignore me." Shen Junze said in fear.

Lu Jin just whispered to compensate people for a long time, but he didn't get the other person's good complexion, he was in a bad mood. Now that he sees Shen Junze, he just feels very upset. do."

Facing Lu Jincal, Shen Junze had no temper. From a young age, he was very close to Lu Jincal, even closer

than his own father. Lu Jincai was good to him. It can be said that what he wanted was to give. In the mind of Shen Junze, Lu Jincai is the general existence of a father.

"Uncle, you must help me this time." Shen Junze begged.

Lu Jin sighed, "Okay, go back first. Uncle will definitely think of a way to help you."

After hearing this, Shen Junze immediately felt relieved and followed Lu Yaqin home.

Lu Jincai frowned, still thinking about how to deal with this matter.

In the ward, Shen Qinglan, the old man of Shen, was already awake. Knowing that Fu Hengyi must have something to tell her, she left. Shen Junyu and Chu Yunrong also went out of the ward with great eyesight. Only Shen Qinglan and Fu Hengyi left. personal.

Seeing that he had been sullen for a long time, Shen Qinglan reached out and released his tightly frowned brows, "Fu Hengyi, don't frown, you're old."

Fu Hengyi reached down to take her hand and held it in her hand, "What is going on this time?" Chu Yunrong just said that Shen Junze pushed Shen Qinglan down, but didn't say anything specific, so Fu Hengyi didn't know yet.

Shen Qinglan told the story once, Fu Hengyi raised her eyebrows, "Cooperation? Is this proposed by Shen Junze?"

Shen Qinglan nodded, "But I think it was Lu Jincai who was the one behind the idea."

Fu Hengyi agreed with her statement, "This Lu Jin is not a peace."

The last time Shen Junze made trouble with the Shen family, there was a shadow of Lu Jincai behind him. It's a pity that Shen Junze and Lu Yaqin couldn't see Lu Jincai's true face at all and regarded him as the most trusted person.

Shen Qinglan is not sympathetic to Shen Junze and Lu Yaqin at all. "They will know later, and my brother said he wants to acquire Shen. What do you think of this?"

Fu Hengyi pondered for a while, and said, "I don't agree with the acquisition. Shen Junze is in a hurry if it hasn't been acquired yet. If your brother really buys the Shen family, there will be no calm days for the Shen family. Ignoring it, Lu Jin was ambitious. If this company were in the hands of Shen Junze, he would be controlled by Lu Jin sooner or later, which would be a lesson for Shen Junze."

This situation that Fu Hengyi said is very likely to happen. Shen Qinglan thought about it and nodded in agreement, but the final decision of this matter was in the hands of Shen Junyu.

"Jun Yu hasn't listened to you." Fu Hengyi said. Shen Junyu was a sister control. If Shen Qinglan spoke, he would naturally mind.

After thinking for a while, Shen Qinglan called Shen Junyu and Shen Junyu looked unpredictable.

"Brother, have you heard?"

Shen Junyu smiled helplessly, "I know, I won't take care of Shen's affairs."

Shen Qinglan was hospitalized, and even if someone was taking care of it, Fu Hengyi was still not at ease and stayed in the hospital to take care of Shen Qinglan personally.

"Fu Hengyi, is it really okay if you don't go back like this?"

Fu Hengyi smiled slightly, "It's okay, I called the report." The fact is that he left directly from the base without any human consent, and now the superior is getting angry.

Shen Qinglan looked at him calmly, and when he looked calm, he stopped talking.

Fu Hengyi went home first and took two pieces of changed clothes back to the hospital. Fortunately, Shen Qinglan lived in a single ward. Although the bed was small, it was still crowded, otherwise Fu Hengyi would have to hit the floor. Too.

Shen Qinglan stayed in the hospital for five days, Fu Hengyi accompanied her for five days, and waited until the doctor gave Shen Qinglan a comprehensive examination and determined that it was all right before she was discharged.

When Shen Qinglan returned home, her aunt had already prepared meals, but just sitting down, Shen Qinglan's morning sickness reaction began.

This time is also different from the previous ones. In the past, it would be fine as long as you vomited, but this time, Shen Qinglan can spit in the dark even after drinking a sip. The child in his stomach has experienced this disaster. Like a rebellion, Jin Er's toss Shen Qinglan.

Fu Hengyi, who originally planned to return to the army, did not leave. Shen Qinglan persuaded him several times that Fu Hengyi did not hear it.

"Fu Hengyi, I just have morning sickness. Every pregnant woman will have it. Don't be so nervous, even the doctor said that this is a normal reaction." Shen Qinglan persuaded bitterly.

Fu Hengyi was unmoved.

In the end, the leader of the army called Master Fu directly. Master Fu didn't know what he said to Fu Hengyi. He went back the next day. Shen Qinglan was relieved. She wanted to be the woman behind Fu

Hengyi, but Don't want to be his burden.

Because of morning sickness, Shen Qinglan lost a lap in just a few days. Everyone watching was distressed. Chu Yunrong is no longer going out to meet friends. The daily task is to ask Aunt Zhao, Songsao and Fu Hengyi The aunt came back to study Shen Qinglan's recipes, and prepared her food in a variety of ways, hoping that there would be a way for Shen Qinglan to eat it safely.

It's just a pity that no matter what you eat, Shen Qinglan still spit in the dark.

Seeing that Shen Qinglan was clearly uncomfortable, he still had to force himself to eat. Shen Junyu was so distressed that he couldn't help but pull out the culprit that caused everything.

Shen Qinglan looked very funny when he looked at his teeth and teeth, "Brother, isn't it a morning sickness reaction, you are too nervous."

Shen Junyu hated, "It's all Fu Hengyi's fault, so anxious about what the child is doing. See what you are all tossed by now?" It was originally thin, and now it will fall when the wind blows.

"It just looks a little thinner, the doctor didn't say it, the pregnant woman is a little thinner, and she will suffer less in the future." Shen Qinglan feels hard at all. On the contrary, watching the child grow up in the belly every day. , She feels very happy.

Now she has also developed a habit of writing life every day and writing down every bit of her child's growth.

"Ah, you let your brother say that you are good. You don't distress yourself. I still feel distressed. When the child in your stomach comes out, see how I teach him."

Shen Qinglan looked sideways, "This is your only nephew, are you willing?"

Shen Junyu squinted, "Why, why don't you give up, even if you stop with Fu Hengyi, it's useless, I must teach him well and make him so disobedient."

It was only afterwards that after Fu Mengbao was really born, the person who loved him the most was now threatening to teach his uncle. Even Fu Mengbao knew that if his parents were angry, they would go to his uncle. Uncle would definitely protect him .

Wen Xiyao came with Shen Junyu, and it's funny to hear this, "Yes, it's your dear nephew. I don't believe you are really ruthless. By the way, Qinglan just said that Eat grapes, don't you go down and buy some?"

Upon hearing this, Shen Junyu immediately said, "I'll go right away. You're here to talk with Lan Lan now." Then she left.

"Your brother, it is too nervous." Wen Xiyao said with a smile.

Shen Qinglan's eyebrows were soft, "My brother must be more nervous after waiting for you to become pregnant."

Wen Xiyao smiled slightly and did not doubt the authenticity of Shen Qinglan's words.

Later, the facts also proved that when Wen Xiyao was pregnant, Shen Junyu was overwhelming.

At the base of the Sabre Force, Fu Hengyi just called back to the office. The leader's face was very cold. Fu Hengyi came in for a long time. He didn't look up. Fu Hengyi stood there without saying anything.

The atmosphere in the office is getting colder and colder, and the anger on the leader's face is getting heavier. Until the end, he directly took the book in his hand on the table and glared at him, "Fu Hengyi, do you still have troops in your eyes? Discipline, your duties as a soldier are eaten by dogs, right, leaving without permission, it is not an exaggeration to remember you."

Fu Hengyi didn't say a word, and let the leader vent his anger. When the leader saw this, the anger in his heart did not diminish. Instead, he got better. "Fu Hengyi, are you listening to me?"

Fu Hengyi respected a military salute, "Listen to the leadership's teachings."

If you change to others, you might not dare to talk to Fu Hengyi in this way. After all, Fu Hengyi's military rank is high enough, and his ability is strong enough, even if the position is higher than him, the speech is polite, but this leader is different. The picks in Li have always been under his hands. It can be said that he brought Fu Hengyi out in one hand. The two are superior and subordinate, and they are also dead brothers. The friendship is extraordinary.

"I think you only have your wife in your eyes now, where is my leader." The leader sneered, "Fu Hengyi, go back and write me a ten thousand word check."

"Yes." Fu Hengyi did not refute. Obedience to orders is the bounden duty of a soldier. Although his rank is higher than that of a leader, in terms of position, the leader is still his leader.

Seeing that Fu Hengyi accepted the punishment, the anger in the leader's heart subsided, "How is your wife's health?"

Fu Hengyi said, "The situation has stabilized."

The leader sighed, "Heng Yi, you have always been a prudent, you have done too much this time, the superior leadership came to check, and you left the army in front of the leader, letting you write the check is the lightest punishment, We will send out announcements in the troops later, I hope you can understand."

Fu Hengyi's expression remained unchanged, "I know that no matter what choices are made in the army, I will understand and accept." From the moment he left the army, Fu Hengyi had made the worst plan, and had thought about it this time. If he left, he might never come back, but at that moment, Shen Qinglan and his children occupied a higher weight in his heart, and he could not but leave.

It's just to announce criticism and write inspections. This is indeed the lightest punishment for Fu Hengyi. It is said that he does not believe in the relationship without leadership.

"Leader, thank you this time."

The leader snorted. "Don't hurry to say thank you. This is the first and last time. If there is another time, I won't be able to help you. Fu Hengyi, you have to remember all the time that you are a soldier ."

"Yes."

The leader now sees Fu Hengyi has a headache, waved his hand, "Go out."

When Fu Hengyi walked out of the leadership office, he saw that several people in Mu Liancheng were waiting outside. When he saw him come out, he greeted him quickly. "Boss, what does the leader say?"

Fu Hengyi glanced at them and said coldly, "Everyone is busy?"

Meng Liang smiled, "Where can we, let's just look at the boss, are you okay? Now that we're done, we'll leave now." He said, pulling Qian Fei's footsteps to create a breeze, and then he disappeared.

Leaving Mu Liancheng alone faced Fu Hengyi, whose body was colder than the iceberg.

Fu Hengyi looked at Mu Liancheng calmly and said, "Is there anything else?"

Mu Liancheng's scalp was a bit numb. "No, I just want to ask the boss if he wants to eat in the cafeteria together."

"No need." Fu Hengyi took a few steps and stopped, "Bring me two buns back."

"it is good."

Fu Hengyi returned to the office and turned on the computer to start the inspection. He had always asked others to write the inspection. Now it was his turn to write the inspection. Fu Hengyi realized that it was so difficult to write the inspection.

When Mu Liancheng came back, Fu Hengyi was still struggling with the keyboard, and Jianmei was tangled together.

Digression

Cough, at 0:01 in the evening began to burst.

Can Mrs. Jin's true face be revealed? Who is the revenge behind? What kind of story will there be between King and Fu Ye? Can Master Fu successfully return to the Beijing Military Region?

All the truth is still waiting to be announced at night, at 0:01, we will see each other!

279 279 Almost had a car accident (1 more)

Mu Liancheng glanced at Fu Hengyi's screen and quickly withdrew his gaze. Then, don't look at the boss's joke.

"Boss, let's eat first."

Mu Liancheng packed two meals, one of which was for himself. While eating, Mu Liancheng suddenly said, "Boss, I recently got news from King that it is said that he had a conflict with the people of KA, the leader of KA. It is directly threatened to be incompatible with King, and I heard that some people on the road paid for the life of BK. BK has recently been injured by many high-level executives, and even King's left arm and right arm have been cut off."

Fu Hengyi had a meal, "The life of someone who paid for BK? Do you know who it is?"

Mu Liancheng shook his head, "It's just the news I heard, I haven't verified it yet, but no matter who it is, this is good news for us. Someone's trouble finding King just saved us trouble."

Fu Hengyi didn't speak, finished his meal quickly, and sat down in front of the computer to struggle for the ten thousand word check.

"How have these recruits been these two days?" Fu Hengyi asked.

Speaking of this, Muriancheng smiled, "I have learned well. Although I have been increasing the amount of training in the past few days, no one has complained." The eyeball turned and said, "Boss, why don't you ask the game the result of?"

"I still need to ask?" Fu Hengyi looked at him coldly.

Mu Liancheng said, "No need."

Regarding this confrontation game, things need to be said before Fu Hengyi left the army and went back to see Shen Qinglan.

The new recruits were among the elite soldiers selected from various troops. Some of them were even obtained by Fu Hengyi personally, who were more difficult to tame than the previous batch in the Beijing Military Region.

At the beginning, Fu Hengyi was only responsible for formulating the training plan, and did not participate in their training. After half a month, there was an assessment, and most of the people failed. This made the proud people bear it. They all said that it was Fu Hengyi. The set target is too high, and it is simply not something that ordinary people can accomplish. At that time, the veteran members of the vanguard saw this scene, and they almost smiled, and there was no concealment in their eyes.

The training plans formulated by Fu Hengyi are all allocated according to most physical limits, and there are definitely a small number of people who can complete them at the beginning.

The training plan made by the clamor was unreasonable, and Fu Hengyi did not get angry, but glanced at the group of recruits lightly and asked, "So what do you want?"

One of the recruits was probably a group of outstanding recruits who stood up on behalf of everyone and proposed to challenge the people in Fu Hengyi's army. If the veterans can complete the projects formulated by Fu Hengyi, then they will absolutely have no two words, honestly. Go to training, but if it is not completed, then Fu Hengyi will apologize to them for failing to formulate a training plan according to the actual situation.

Fu Hengyi didn't have any opinion on this. He trained his soldiers himself. If he couldn't even complete this amount of training, then he might also consider rebuilding the group.

At that time, the superior leaders just came to inspect, and naturally saw this scene, so they came to be interested and said that they wanted to personally watch the match.

There are a total of five days in the match, in addition to some basic items, there are wild survival. The former is concentrated in the first two days, the latter is the last three days.

The basic project is nothing to the sharp knife people. It is easy and stress-free to complete. The recruits see this scene, in fact, they already understand the gap between themselves and the veterans, but they

agreed with Fu Hengyi that as long as there is one item that can be overcome. Even if they win, the veterans are sure to win the last field survival training.

In order to make the match fair and equitable, Fu Hengyi did not participate, but on the last day, the superior leader asked Fu Hengyi to lead the team to sneak attack on these two teams and test their response to the danger. Fu Hengyi naturally would not refuse.

Ten minutes before departure, Fu Hengyi was receiving a call from Chu Yunrong when he was about to shut down his phone. He learned that Shen Qinglan had an accident, and where Fu Hengyi took care of the match, he left the matter to Mu Liancheng and left. Too.

But several leaders of the superiors saw this scene in the command room. Fu Hengyi's leaders saw that their faces were all black. If it weren't for Fu Hengyi's ability and rank, plus the mediation between the middle and others, Fu Hengyi did not just write a Checking is so simple.

"Boss, there are a lot of good seedlings in this batch of recruits. We should be able to add a lot of fresh blood this year." After eating quickly, Mu Liancheng told Fu Hengyi who was writing a report.

Fu Hengyi heard the words and stopped the movements in his hands. He reported the names of several people. "How are these people?" These are the objects he focused on before leaving.

"This person is what I'm about to tell you. They have performed well after the match, especially Xiang Yitong. The progress has been amazing."

Fu Hengyi thought for a while, "For these few people, the amount of training is doubled on the original basis." Their physical abilities have exceeded most people, and they can't inspire their potential according to the ordinary amount of training.

"OK, go back and I will make appropriate adjustments to the training plan."

"For the first formal assessment, more than half of the people must be eliminated." Fu Hengyi said again that the recruits will be trained for two months and the first assessment will be conducted.

Mu Liancheng heard, hesitated, "Half elimination, is this a bit high? This batch of recruits is of high quality." If in the past, it would be nothing to eliminate half.

Fu Hengyi didn't change his mind. "What we want is the elite soldiers. In the future they will face the test of life and death instead of military exercises, and they may face danger at any time. We don't have so much time to train them. If you don't have the ability to do it, you are going to die, so this assessment is accompanied by a psychological test."

Mu Liancheng also knew what Fu Hengyi said was justified. Those who can enter their troops say that there are too many choices. "Okay, I will start to arrange this matter."

Fu Hengyi printed out a file on the computer, "This is the training task I have recently formulated. You look first and then show it to several other instructors."

Mu Liancheng picked up the training plan and turned over a few pages, and found that some people's names were noted behind some projects, and there were some numbers behind the names. I didn't understand it for a moment, "Boss, these names and numbers represent what?"

"These people, the training time on these projects."

Mu Liancheng immediately understood that this training plan was formulated by Fu Hengyi based on everyone's physical fitness. One can understand that although Fu Hengyi rushed back, he still remembered the things in the base. This training plan wanted to cost him A lot of energy.

"Okay, I'm going to convene a few other instructors for a meeting now." Mulian Cheng left.

Fu Hengyi gave a cry and continued to struggle with the examination book. He was not worried that the following training could not be arranged. He was still very confident in the soldiers he trained, especially Mu Liancheng. If he would choose in the future For the new captain, he is a good choice.

It took Fu Hengyi one night to finish the inspection. The leader carefully read the inspection from the beginning to the end, "It was written very deeply, OK, this matter is over here, this time The selection of recruits is very important. Don't give me a break."

Fu Hengyi looked serious, "Yes."

The leader also asked some information about the training of recruits. He knew that Fu Hengyi had already planned in his mind, and he didn't bother to ask. Although he was the leader of the base, he never intervened in the training. He was Fu Hengyi alone.

Fu Hengyi went to the training ground to see the training status of the recruits. After watching it for a while, he returned to the dormitory and first called Shen Qinglan.

Shen Qinglan is arranging flowers with Chu Yunrong. In the past two days, she suddenly became interested in flower arranging. She would learn from Chu Yunrong every day and be able to get along with her daughter a lot. Chu Yunrong taught natural music.

"Are you all right today? Didn't the kid trouble you?" Fu Hengyi asked as soon as the phone was connected, the tone was very gentle.

Shen Qinglan's mouth curled up, "The child is very good and hasn't troubled me."

"Is the morning sickness reaction serious?"

"It's much better. I vomited once when I woke up this morning. At breakfast, I drank a bowl of porridge,

ate an egg, and ate two buns." Shen Qinglan reported his situation very carefully, from Fu Hengyi After returning to the army, he would call every day to ask her about her daily life, especially her diet.

Fu Hengyi heard Shen Qinglan's appetite was good, his face relaxed, leaning on the back of the chair, and began to speak warmly. "If you want to eat, tell Aunt Zhao or Sister Song, the weather is getting colder, cold morning and evening, clothes Wear one more, don't care if you're in good health, you know?"

Shen Qinglan's eyes flashed warmly, "Well, I know, you have to take care of yourself in the army."

After a few more words, Fu Hengyi hung up the phone.

Facing Chu Yunrong's smiling eyes, Shen Qinglan lightly ticked his lips, "Mom, did your dad be so verbose when you were pregnant?"

Chu Yunrong smiled, "Your dad wasn't as careful as Hengyi." At that time, Shen Qian was still focused on his career, full of his own troops and his soldiers. Chu Yunrong was pregnant, which is more than usual. A few calls, not like Fu Hengyi, three calls a day, caring about what Shen Qinglan eats at every meal.

"However, men's hearts are generally large, and there are a few like Heng Yi. Our family's Qinglan is very blessed." No mother would be pleased to see her son-in-law's care for her daughter.

Shen Qinglan was also in a good mood. After inserting the last bouquet, she picked it up and looked at it. She was very satisfied with her work. "Mom, put this pot in the living room."

Chu Yunrong nodded with a smile.

"Right mom, we should go to Dr. Zhou tomorrow." Shen Qinglan suddenly remembered this matter and said.

After more than half a year of treatment for Chu Yunrong's disease, and with the cooperation of Shen Qinglan, most of them have been improved. However, it is still necessary to regularly check with Dr. Zhou. During this time, there are too many things. Shen Qinglan almost forgot about it.

Speaking of her illness, Chu Yunrong is not taboo at all now, "Yes, but we will go later tomorrow, and you need to sleep now when you need sleep in the morning. I will call Dr. Zhou and let her Time moves back."

Shen Junyu knew that tomorrow Shen Qinglan and Chu Yunrong would go to Dr. Zhou and volunteered to become drivers for the two.

After finishing the examination, Dr. Zhou was very satisfied with Chu Yunrong's recovery. Taking advantage of Chu Yunrong's time to go to the bathroom, he said to Shen Qinglan, "Your mother is recovering very well now, as long as you continue to maintain the current state of life. , The probability

that her illness will recur later is very low."

It is said that Shen Qinglan and Shen Junyu were also relieved, especially Shen Junyu, who had seen Chu Yunrong's illness with his own eyes when he was a child. When he knew that his mother had been tortured by this disease for more than ten years Chu Yunrong's incomprehension turned into distress and self-blame.

Dr. Zhou did not dispense drugs to Chu Yunrong. She now no longer needs medication.

After coming out from Dr. Zhou, the car didn't go out very long. At a corner of the street, Shen Junyu suddenly hit a steering wheel. Then, a car wiped their body and drove past. If it wasn't for Shen Junyu, he responded quickly. , I'm afraid the cars will collide.

Because of an unexpected situation, Shen Qinglan and Chu Yunrong were unprepared, and the whole person leaned forward. Shen Qinglan held the back of the driver's seat with one hand, but it was okay, but it was Chu Yunrong, who hit his head heavily. There was a loud noise on the glass.

But she didn't have time to take care of the injury on her head, grabbed Shen Qinglan's hand for the first time, "Qinglan, how are you doing?" The expression was very anxious.

Shen Junyu has stopped the car, get off the bus and check the situation of the two people.

Shen Qinglan didn't have anything at all. When they saw her nervously, she smiled slightly, "I'm fine, I didn't hit me."

After hearing this, Shen Junyu and Chu Yunrong immediately felt relieved. Chu Yunrong felt the pain in his head, clutching his head, complaining, "No matter how people drive now, they are not responsible for their lives at all. ."

Shen Junyu was also cold-faced. He was just too dangerous. If he didn't react quickly, the consequences would be really unimaginable.

"Moreover, I didn't do anything at all and even ran away." Chu Yunrong was very angry.

Just now Shen Junyu was busy checking the situation of Shen Qinglan and Chu Yunrong. She didn't read the license plate of that car clearly, but Shen Qinglan did. She was unfamiliar with the license plate, but somehow, she remembered that she was tracking her some time ago. The white van.

Warlord's pet: Snake King's wife is very high profile

Disguise as men's clothing + cool text + favorite text + powers

This is something that must be said about love between a perverted paranoid man and a cold female president.

Mu Jin: Born in a famous place, the president of the empire that combines fame and fortune, has a refined temperament and unparalleled elegance, amazing medical skills, outstanding martial arts, and a jade flute, which can make thousands of beasts bend.

Feng Xi: Su Cheng turned his hand over the top of the cloud and rained over the rain, with a distinguished identity and arrogance.

For Mu Jin, if you don't take the initiative, we won't have a relationship or have children.

And Feng Xi, in this period of heyday of hormones, exudes the atmosphere of begging, begging, and beating.

In Mu Jin's words, it's too angry.

Uncle is still in the hospital because of the car accident. Someone followed her last time. Today, she was almost in an accident. Shen Qinglan is now quite sure that the person behind her is her. It is very likely that the uncle happened because of her.

But who is this person? Shen Qinglan thought of an individual in his mind, but ruled out one by one, and still had no thoughts.

The person had already run away. Shen Junyu called the traffic policeman and explained the situation and then drove home.

Along the way, Chu Yunrong held Shen Qinglan's hand tightly, and his face was shocked, "Mom, don't be nervous."

Chu Yunrong's face is not good-looking, "Can I not be nervous, people are driving too chaotically now, if your brother just responded quickly, I don't know what will happen."

Chu Yunrong looked at Shen Junyu, "Must find this person, let the traffic police revoke his driving license, let him re-learn, it is really chaotic."

Shen Junyu nodded.

Shen Qinglan looked at the big bag with Chu Yunrong's forehead bulging and said, "Mom, go to the hospital first, you need to see the wound on your head."

Chu Yunrong waved his hand, "No, go home first, just wipe it with safflower oil when you get home." She doesn't want to stay outside for a moment now, or it is serious to go home.

Seeing that Chu Yunrong insisted that Shen Qinglan didn't say anything, it was better to go home first, who knows what the people behind are going to do next.

Back home, Chu Yunrong found a bottle of safflower oil and applied himself with a swollen brow on his forehead. Old Master Shen came down and saw it, and asked if this was the case. Chu Yunrong Barbara Quan told him.

Mr. Shen looked at Shen Qinglan nervously, "Is Lanlan all right?"

Shen Qinglan shook his head, "Grandpa, I'm fine."

Mr. Shen knew that Shen Qinglan was fine, and he relaxed a little, looking at his daughter-in-law, "Yun Rong, is your injury okay?"

"It's okay, you will get swollen by applying some medicine. Today you are really scared to death. Now people are driving in chaos."

Mr. Shen strongly agrees with this. He just got out of a drunk driving and is now running a red light. "Be careful when going out."

After eating, Shen Qinglan called Jin Enxi and told her the license plate number she saw.

"Ann, have you been a villain recently?"

"There are indeed villains, but after hiding for so long in the back, it should be out. You can help me check the owner of this car first."

Sure enough, the conclusion of Jin Enxi's investigation was consistent with Shen Qinglan's guess. The car running the red light was a stolen vehicle. The owner reported the case half a month ago, but it has not been found.

"Enxi, I have an idea now," Shen Qinglan told Jin Enxi about his thoughts for several days.

"No, Ann, this is too dangerous. If you did it before, I'm not worried at all, but you are now a pregnant woman, or a pregnant woman who has just been discharged from the hospital. If something goes wrong, I may Can't afford this consequence." Jin Enxi vetoed Shen Qinglan's proposal.

Shen Qinglan said, "Enxi, I will not make fun of my own body." After all, no one cares about the children in her stomach more than she does.

"But I can't always be in a passive state. If my guess is correct and the people behind can't deal with me, I will definitely start with the people around me. I don't want to watch my friends hurt or even... "

"If you don't worry, I can protect them. I'm not alone. I can hire bodyguards. In short, I can't let you take risks." Jin Enxi still disagrees.

"En Xi, do you not believe me? Or don't you believe in yourself?"

Jin Enxi looked a little irritable. She touched her face. "Ann, this is not a question of believing or not. You said it yourself. The person behind you is aiming for you. What he wants is your life. Now there is no such opportunity. .Once the opportunity comes, do you think people will be merciful? In case you have a good fortune, even if you don't blame me, I won't forgive myself. And your family and friends, I can't explain."

Shen Qinglan was helpless and persuaded, "It is because I cannot guarantee absolute safety by myself, so I let me cooperate with us. The two of us join forces. I have 90% assurance that I can lead the people behind Injured."

This plan was started after Yu Xiaoxuan had an accident. She never said that she was considering her physical condition. Today the car reminded her of the danger again. She didn't know who the next person was. But no matter who is around her, she can't bear the result. It's better to gamble.

"Ann, don't take this risk, I can definitely check it for you. You will give me a little more time."

"Enxi, there is no time."

Jin Enxi was silent for a long time before saying, "Ann, you let me think about this matter, and give me three more days. If I still can't find out who is behind me, then I will help you."

"it is good."

Hanging up the phone, Shen Qinglan walked into the studio and took up the paintbrush to start painting. When she was upset, painting was a good vent for her.

Daniel's phone came in just a few strokes, and came to her to discuss the exhibition.

"Qinglan, that's it. Didn't you draw a few paintings about that town before on vacation? Now you still have a picture. You can draw another picture for me to make up a series. Do you think it will work?"

Shen Qinglan thought for a while, "Yes, you come here tomorrow to get it."

"That would be great. I will plan this exhibition well this time to ensure that you are taken to a new level. By the way, I forgot to tell you that the last exhibition "Dawn Night" was auctioned, The price obtained is very gratifying, you see whether the money is to the account or..."

"Call the charity fund directly, or the old rules, don't let outsiders know."

Daniel agreed, not forgetting to say, "Qinglan, I really don't understand. Why don't you want to let others know that you are doing charity?" As Shen Qinglan's paintings became more valuable, Shen Qinglan donated to charities every year. The money is getting older and more, but from the first time, Shen Qinglan told Daniel not to tell others that she donated the money.

"People donate hundreds of thousands of dollars and want to announce the whole world. You are good and do not leave a name for doing good deeds." This was a good opportunity to establish an image.

Shen Qinglan smiled and did not speak. She did not want to gain a good reputation by doing charity.

"Forget it, you don't like to listen to these words, I won't say it. Do you know that Catherine?"

Shen Qinglan's eyes flickered, "How?"

"She came to Beijing again, and came to see me yesterday, Qinglan, I told you, this Catherine is an interesting person, do you know what she wanted to do to come to me yesterday?"

Shen Qinglan asked in coordination, "What are you looking for?"

Daniel laughed. "She came to me and wanted me to be her agent. The price was very beautiful."

Shen Qinglan raised her eyebrows, and Daniel continued, "But who am I, and what is the relationship between us, I will be moved because of her money, definitely not, so I refused without hesitation She, her face was green at the time."

Daniel thought of Catherine's reaction at the time and was very funny.

"She came to Beijing just to dig you?" Shen Qinglan always felt that Catherine was not such a "three-in-one" person.

Daniel pouted, "She's a drunkard who doesn't mean to drink, let alone you can't tell that she's looking at your grandfather."

This point Shen Qinglan is naturally clear, but destined to disappoint Catherine, Fu Hengyi is not in Beijing now.

"However, the charm of your family's Fu Ye is so great. People have never forgotten him once after seeing each other, and even came across the ocean to see him." Daniel teased Shen Qinglan, with a hint of gloating in his tone.

"Daniel, I called Enxi just now, and she said she was planning to return to Country H recently." Shen Qinglan opened her lips softly and spit out a word. The smile on Daniel's face was stiff.

"Will she go back and have nothing to do with me, Qinglan, why do you tell me this?" Daniel's mouth was hard.

Shen Qinglan didn't care, "Just tell you, you are at least friends, she is leaving, you should always say goodbye to others."

Daniel chuckled, "I don't know her very well."

"Oh, I'm not familiar, even if I'm not familiar, if you didn't say it to me."

Daniel hesitated and said, "That Qinglan, where does she live?"

Shen Qinglan had a good time, "Isn't that unfamiliar?"

"Unfamiliar is unfamiliar, but now I know, it's always bad if I don't send someone."

Shen Qinglan tapped his lips lightly and reported an address. Daniel had no conversation with Shen Qinglan and hung up the phone eagerly.

**

Jin Enxi is using the resources in her hand to investigate the person hiding behind him, as well as the matter of Mrs. Jin. She had to find the information of Mrs. Jin two days ago but was noticed by the other party. This person's ability is also high, even People destroyed their own information, making Jin Enxi very hot.

Jin Enxi was startled when the doorbell rang. No one knew her except for a few friends, and no one was looking for her. Now no one except Shen Qinglan was in Beijing. Shen Qinglan would not Looking for her,

after thinking about it, Jin Enxi took out his weapon from under the pillow, loaded it, held it in his hand, and went out.

I glanced out of the cat's eyes and found that the person standing outside the door turned out to be Daniel, slightly raised his eyebrows, and quickly returned to the room to put his hand away. This time he came out and opened the door.

Jin Enxi opened the room and looked at the person outside the door and asked, "How do you know I live here?"

Daniel saw her and suddenly didn't know what to say, so she said dryly, "Qing Lan told me, I heard that you are leaving country Z?"

Jin Enxi heard that and raised her brows.
