311 312 Departure to go abroad (33 more)

The door of the ward was closed, and Shen Qinglan glanced inside through the window on the door, and saw the man holding a baby in his arms, smiling lovingly, while a woman was sitting on the bed, looking at them tenderly. And beside them, there is a child about six or seven years old sitting there playing with building blocks.

Looking at this scene, Shen Qinglan finally found the answer to some of the questions in his mind. After a trace of interest, he turned and left the door of the ward.

"Why have you been going for so long, don't you just say hello?"

Shen Qinglan smiled, "By the way, a few words, Mom, let's go."

On the way back, Shen Qinglan had been thinking about the scene that the hospital saw. No wonder Lu Jincui had always been ambitious about the second uncle's company. She was originally wondering that Lu Jin had no children. He robbed the company of what to do. Too.

Not only do they have children, but there are also two, coveted companies of younger uncles, who want to accumulate wealth for their children, which makes sense, and Shen Junze is in such a state of being unable to support the wall.

It's just that Lu Jincui's confidential work is really good enough. Seeing that the child is six or seven years old, he hasn't been discovered for so many years. He just didn't know the existence of his child. Shen Junze knew whether or not.

"Qing Lan, what are you thinking about, you haven't said much since you came out of the hospital?" Chu Yunrong asked Shen Qinglan in silence.

Shen Qinglan looked back, "It's okay, I was just thinking about something."

Leaving this incident behind him, Shen Qinglan went home and rested after returning home.

The time passed quickly, and soon it was time to leave for country F.

Early in the morning, Chu Yunrong came from the Shen family, and helped Shen Qinglan to pack things while nagging, "You said you, now you have such a big stomach, you still have to go to such a primitive place to do something, just in case What should I do?"

Shen Qinglan smiled, "Mom, I asked the doctor that day. The doctor said that I am very stable. I have no problem flying. When I arrive in country F, the people over there will arrange meals and accommodation. I just sit There is no hindrance to listen to them there."

"Where is it comparable to home outside, and where are those foreigners treating pregnant women so fine as we are here, how can you rest assured me." When I think about it, Chu Yunrong becomes more distracted, "No, I still can't worry, Qinglan, mother will go with you, and can take care of you, hotel tickets or something, my mother does not need them to pay, I will go out by myself, will you?"

Shen Qinglan was speechless, "Mom, you really don't need this. You can make people look like this. It's time to say that I'm special, and this time Daniel will go together. I'm not alone."

"Daniel is a big man, can I take care of you?" Chu Yunrong still wanted to go with him.

"Well, mom, how old is Lan Lan? If you have anything to worry about in a week, you will put your heart in your stomach." Shen Junyu listened to Chu Yunrong's nagging and accepted Shen Qinglan's vote Said his helpless eyes.

Chu Yunrong glared at him, "Can I not worry, you forgot that some time ago, the plane of country F had just had an accident, and none of the people on the plane survived."

Just finished, I pooh pooh, "Pooh pooh, what am I talking nonsense, God bless you, I didn't say anything just now, you didn't hear anything, my Qinglan will be peaceful and safe,"

Speaking of this matter, Shen Junyu was not calm. Looking at Shen Qinglan, he tentatively asked, "Qinglan, what mom said makes sense, or else, we will not go to the artist salon this time, go next year, Don't you say once a year?"

Shen Qinglan glanced at him lightly. This traitor was meant to convince him to Chu Yunrong, but he was persuaded by Chu Yunrong in one sentence, "According to your opinion, you can only walk when you go out, otherwise you can still take a car. In the event of a car accident, even walking is not safe. In case a car does not have a long eye, it will be GAMEOVER."

"Your kid, bullshit, swallow me back."

"Mom, don't stop nagging. If you don't start, I will delay the plane." Shen Qinglan said helplessly.

Then she looked at Shen Junyu. Shen Junyu touched her nose and took Shen Qinglan's luggage. "Mom, I'm going to send Lanlan to the plane, so don't go."

"No, I must go. I don't worry if I don't watch her on the plane with my own eyes. You don't know. When I got up early this morning, my right eyelid kept jumping all the way, and I jumped with fear."

"Go, go, go, go, hurry up." Shen Junyu said.

When he arrived at the airport, Daniel was already waiting. Jin Enxi was originally with Daniel. Seeing the people who came with Shen Qinglan from afar, he avoided it and waited alone to the side.

Seeing Daniel, Chu Yunrong took out a book from the bag and handed it to Daniel, "Daniel, my family Qinglan gave it to you in the past few days. She is pregnant now and can't be overworked. There are also many precautions in her diet. , I have written it here, and I would like to ask you to pay more attention to it."

Shen Qinglan didn't expect there to be such a come out, and wanted to help the amount, giving Daniel a sorry look.

Daniel didn't care. He took the notebook and patted his chest to ensure, "Auntie, you can rest assured. I will definitely bring Qinglan back to you in peace."

Fortunately, the boarding time was approaching, and Shen Qinglan and Daniel soon boarded the plane.

On the way back, Chu Yunrong kept rubbing his heart. Shen Junyu glanced at her sideways, "Mom, are you uncomfortable?"

Chu Yunrong frowned, "After Qing Lan left, my eyelids jumped, even my chest was dull."

"Mom, I think you are too nervous. After the plane crash, there are still a lot of planes going back and forth between countries F and Z. Everyone is fine. That was an accident. The weather in country Z and the weather in country F today It's so good, you're sure you won't have an accident, so don't worry."

Chu Yunrong sighed, "Maybe I'm really nervous. You don't know. I haven't slept well these days. I closed my eyes and dreamed that Qinglan had an accident. I was so scared that I woke up."

Shen Junyu chuckled and comforted Chu Yunrong, "Mom, you really are, what can happen to Lan Lan, but she is just going to an artist salon. In fact, she is going to participate. This opportunity is rare. If you miss it, in the future, It is also not conducive to her own development."

Chu Yunrong naturally understands, so although he said that he should not let Shen Qinglan go, there was no real stop.

**

Shen Qinglan had a very smooth journey. After arriving at the hotel, she called Chu Yunrong for the first time. When Chu Yunrong heard that Shen Qinglan had arrived safely, the dangling heart finally fell to the ground. .

"Mom. I said you were blind and worried. Isn't that all right." Shen Junyu said with a smile.

Chu Yunrong gave him a blank look, "I'm worried, isn't it?"

"Yes, why not, but it's just too nervous to be scared."

Country F.

Shen Qinglan packed up things, looked at the time, and called Fu Hengyi.

Fu Hengyi just returned to the dormitory, "Qing Lan."

"Well, I'm at the hotel. Have you come back to the dormitory?"

"Is there anything uncomfortable when I fly back?"

"No, I'm fine. You came back so late. Are you busy lately?"

Fu Hengyi rubbed his forehead. "Well, there will be a large-scale joint military exercise in the Nancheng Military Region and the Jingcheng Military Region. We will also participate as the Blue Army. This military exercise is the largest military exercise in recent years. Pay attention to it, and naturally we must not be negligent."

After listening to Fu Hengyi's words, Shen Qinglan suddenly remembered that Shen Qian hadn't returned home for more than a month and was busy with military exercises.

"Then you should pay attention to rest, don't be too tired, I will go home in a week."

"Okay, the military exercise began a week later. No communication equipment is allowed. I'm afraid I can't contact you by then."

Shen Qinglan chuckled, "Can't rest assured me?"

"Well," Fu Hengyi said frankly, "I'm just too happy to put you under my eyelids, watching them all the time, so that I can rest assured."

Shen Qinglan's eyes were full of smiles, and it was almost time to see, "It's not early, you rest early, when will the military exercise end?"

"A week, I will have a few days of vacation after the end, and I can go home at that time."

Shen Qinglan thought about it, and then he was almost home, just right.

"Okay, I'll wait for you at home."

Hanging up the phone, Daniel just came to Shen Qinglan, "Qinglan, I have already contacted them. Sharon will not start until tomorrow. Enxi said to go down to eat something and come back to adjust the time difference. What do you think?"

"Well, so be it. I happened to be hungry too." Shen Qinglan said, the food on the plane was not tasty, she didn't eat much at all, plus a dozen hours of plane, she was already hungry.

Not many people came to this salon, but all of them are big-name figures in the art world. Counting Shen Qinglan is a real junior. According to the practice of previous years, painters like Shen Qinglan cannot temporarily participate in such an event. Yes, this year is really an exception.

Shen Qinglan saw some familiar faces at the scene, all of whom were seen at the Sydney Art Festival before.

She saw Frank in it, and Frank saw her.

312 Chapter 313 Madam Jin Appears (34)

Frank came over and apologized, "Miss Shen, seeing you again, I really have no face to face you, teaching such a student, I am not a good teacher, and I am sorry for the harm you caused. "

Shen Qinglan didn't actually count Catherine's things on Frank. Seeing Frank like this, he had a better understanding of his character. "Mr. Frank, you don't have to be like this. Those things have nothing to do with you. . "

"Miss Shen, you are such a generous person. Compared with you, I am really ashamed."

Daniel heard Frank's words and patted him on the shoulder, "Okay, Frank, Qing Lan said that if you don't care, you really don't care. You don't have to worry about it, this matter is considered to have passed."

"Miss Shen, I can compensate you for your ruined paintings. Although I can't make up for your losses, but it is my heart, please don't refuse it."

Shen Qinglan slightly lifted his lips, "Mr. Frank is still too polite. Although the painting is ruined, it is a pity, but fortunately no one was hurt. This is enough, or that sentence, these are not Mr. Frank's faults, you don't have to put in my heart."

"I said Frank, you came to this salon to apologize to Qinglan?" Daniel teased him.

Who knows that it's really right, Frank originally didn't plan to come. Catherine's affairs made him feel very shocked. If he heard that Shen Qinglan would come to participate this time, he really wouldn't come.

The three of them stood in the corner, so no one heard them.

"Miss Shen, the people here are quite famous in the art world. I am quite familiar with some of them. If you don't dislike, I will introduce them to you." Frank said voluntarily.

When Daniel heard it, he was so desperate that with the introduction of Frank, Shen Qinglan could also better communicate with these old artists. Although there were many artists participating in the last Sydney City Art Festival, more people just took their works for exhibition. I didn't show up. The people invited were different this time. All of them were heavyweights. .

It was already after ten o'clock in the evening, and Shen Qinglan rubbed his legs. It was not as good as before with a ball in his stomach. He stood tired for a few hours.

Jin Enxi asked for a washbasin from the waiter and filled Shen Qinglan with a pot of hot water. "An, bubble your feet with hot water first, it will be a lot more comfortable."

"Thank you Enxi."

Jin Enxi smiled and said, "Thank you for telling me? Ann, I will be angry like you."

"OK, I won't say it."

Shen Qinglan bent over and gently massaged the acupuncture points on his feet to relieve the pain. Jin Enxi wanted to help but was rejected by Shen Qinglan.

After soaking her feet, Shen Qinglan felt more comfortable immediately. She was lying on the bed and gently touching her belly. Her belly had been for four months. After more than five months, she could meet her little baby. Thinking of this, Shen Qinglan's heart was full of expectation and sweetness.

**

Half a month ago, a war-torn country in the Middle East, the base of BK.

King looked at the woman in front of him, his face suspicious, "You said you are Mrs. Jin?"

Mrs. Jin nodded, "You are not looking for me all the time, I'm showing you now but I can't believe you, King, are you still the King I know?"

King sneered, "You know I'm looking for you, but you dare to show up, are you afraid of death?"

Mrs. Jin smiled, and there was a trace of fear on her beautiful face. "If I were afraid of death, I wouldn't come here, and I didn't do anything sorry to you. Why did you kill me?"

"Mrs. Jin, did you forget to publish the mission to kill me?"

"Hehe." Mrs. Jin laughed. "You don't believe me to do this thing, why do you come up and say that I came to you for another thing."

King heard the words and raised his eyebrows slightly, "What is it?"

"I know you have a grudge against Fu Hengyi, and you have always wanted to find a chance to take revenge. Now if the chance comes, it depends on whether you dare to do it."

"There is nothing in this world that I dare not dare to do, you talk about what opportunities."

Mrs. Jin ticked her lips lightly, all she wanted was King's sentence, and she told King what she knew.

After King heard it, he was silent, his eyes changing.

"What you said is true?"

"100% accurate."

"Let me think about it," King said. If you want to go to the territory of Country Z to do things, it is still at such a moment. If you are not careful, you will probably lose the entire BK, but it is like Mrs. Jin said Yes, this is indeed a good opportunity. As long as he grasps it well, he can give Fu Hengyi a hard blow and solve him directly.

Mrs. King also knows that this matter is not an easy thing, and will not say anything, "You think slowly, I will go first."

"Stop," King said coldly. "Mrs. Jin, did you say you can leave? Speaking of which we have worked together for so many years, I still saw you for the first time. This is a rare time to come to me. Should stay with me for a while."

Mrs. Jin did not panic and chuckled, "Since King has said so, it would be too much for me if I didn't stay for a few days."

King smiled heartily and gave people a place to prepare for Mrs. Jin.

When Mrs. Jin left, he looked at Beyoncé around him, "Go and find out the true identity of this woman."

Beyoncé was stunned. "Boss, do you suspect that Mrs. Jin is fake?"

King shook his head, "No, maybe she has other more interesting identities. You can check it out first, even if it's not too bad."

Beyoncé responded and went out.

King touched his chin, thinking about what Mrs. King told him just now, but she didn't think that this woman was not only cruel, but her courage was also a big surprise. You can think of such an idea, but it is so detailed that she knows the information that belongs to state secrets. ?

**

"You just said she went to King?" Alan asked at the promise.

Promised to nod, "Yes."

"What did she do to find King?"

Promise shook his head. "I don't know. I only know that she seems to want to deal with Fu Hengyi, but I don't know exactly how to do it."

Alan looked at the promise steadily, seeing her look unchanged, knowing that she had not lied, and withdrew her gaze, "Since it's against Fu Hengyi, don't worry about it first, pay attention to the movement of BK, any wind and grass move. Tell me."

The promise promised, "Yes."

Alan lowered his head, playing with the jade pendant in his hand, and said quietly, "Promise, don't move your mind, if you let me know that you are hiding from me again, the beast cage is your best place to go, even Mrs. Jin can't save you."

The promised eyes changed, and the body shuddered slightly, "I know, Master."

"Go out."

"Yes."

In the room, Allen Mo was holding the jade pendant in his hand, and a cruel arc was raised in the corner of his mouth. "This game is getting more and more interesting. Dealing with Fu Hengyi, Ha ha, King, if you really do this, I don't mind talking to you. Collaborate once."

It's just that Alan's strange thing is that Mrs. Jin always likes to hide in the dark. She hasn't appeared in front of her for so many years. Now she's meeting King now?

If it doesn't work, Allen is too lazy to think. Peter came in and saw him playing with his baby Yu Pei again. How brilliant is the sunshine, don't you want to see the beautiful scenery?"

Allen looked at him coldly, "I only want to see beautiful things, but I will destroy them if I don't get them."

Peter shook his head. "Alan, you are too dark to destroy if you don't get it. This is something that is perverted."

Allen stared at him, his eyes cold, and Peter pouted, "God, you are not dark, I am dark, how sunny you are, how generous a person you are, watching your favorite woman marry another man, And will have children for others, but you still have the mood to play here with a jade jade..." Peter's voice stopped abruptly.

"Say, why don't you continue?" Allen looked at him coldly.

Peter is angry, you are pointing at me with Q now, let me say, if I open my mouth, my heart will probably blossom, and I am not stupid.

Allen saw him shut up and put Q away, "Go out."

Peter pouted and slipped. He can't afford this person and can't hide.

In fact, Peter didn't understand how he saved Alan. If he didn't save him, he is still a free person. Wherever he is, he is pointed at his head with Q.

Three days later, the promise appeared again in front of Allen, "Master, she called me today."

Allen did not look at her, "What did you say?"

Promised to say what Mrs. King told her to Allen once.

Ellen chuckled, "I didn't think she had a little ability, and even this can be known. Call me King and say I want to cooperate with him."

Promise looked at him suspiciously, "Master, don't you hate King the most?" Because of her cooperation with King, she almost lost her life.

"The enemy of the enemy is a friend. Now I have a common enemy with King. As long as Fu Hengyi can be solved, it is not impossible to cooperate once."

Promise eyes darkened, trying to solve Fu Hengyi is false, trying to recapture Shen Qinglan is true, Alan is still unwilling to Shen Qinglan, even if she is now pregnant with other children.

When King received Allen's call, he was more surprised than when he saw Mrs. King, "Allen. You dare to call me!" he said, gritting his teeth.

Allen chuckled, but his hoarse voice made his laugh sound terrifying, "King, I didn't expect I will find you, then you didn't expect it, I asked you to talk to you about cooperation, I know you want Killing Fu Hengyi happened to be my purpose."

313 314 Cooperation (35)

It is said that King's complexion has not improved, but it is even more ugly. "How do you know these news?"

"Don't care how I know, I want to know that there is naturally my way, you just say that you should not cooperate?"

"Oh, Alan, did you forget that last time you were in MD, but you ruined my base and killed my people, and now you want to talk to me about cooperation. Are you crazy or drunk? Not sober?"

"King, we can wait until we have solved Fu Hengyi last time. I believe you hate Fu Hengyi more than me. You can consider whether you want to cooperate with me. This action is very dangerous. I am afraid that your BK people may be the same ending."

King's face was very dark and cold. "I know what hatred you have with Fu Hengyi. Why do you want to help me?"

"No, I'm not helping you. I'm helping myself. I and Fu Hengyi are endless. Do you understand that?"

King remained silent for a long time before speaking slowly. "I need to know your sincerity."

Alan smiled slowly, and he knew that King would definitely agree.

In the past few days, Chu Yunrong's right eyelid has been jumping all the way. In the morning, the whole person's spirit is a bit trance. When he went down the stairs, he almost fell down. It was Shen Junyu's eyes that quickly grabbed her.

"Mom, what are you thinking about? You don't concentrate on walking."

Chu Yunrong patted his chest, some shock was undecided, "It's okay."

"Mom, are you uncomfortable? I think you are a bit dazed these days." Shen Junyu cared, and Chu Yunrong was really abnormal these days.

The day before yesterday, I helped Mr. Shen trim the flower branches, and cut a whole pot of flowers directly. The old man who was watching was distressed; yesterday, he helped Songsao choose the vegetables, threw the vegetables into the trash can, and put the yellow leaves into the bowl; Almost fell downstairs.

Chu Yunrong twitched the corner of his mouth, trying to laugh but couldn't laugh, "Mom is okay, that is, the right eyelid has been jumping so fast these days, I have been jumping all the time, I am panicked, there is always an ominous premonition, Jun Yu, You help your mother call Qinglan and are not sure about her safety. My heart is always at ease. I should stop her from letting her go."

Upon hearing this, Mr. Shen, who was just downstairs, couldn't help but say, "Yun Rong, you're so nervous, Lan Lan has been for four months, and the physique has stabilized, but I just went to an artist salon. What kind of dangerous activities can I do?"

Chu Yunrong also knew that she was overwhelmed. "Dad, I was too worried. I still called Qinglan and listened to her voice." She did not say that she had been having nightmares these days. , Always dreamed that Shen Qinglan had an accident.

Chu Yunrong first looked at the time. When I saw the time in country F, it was about five o'clock in the

afternoon. Shen Qinglan should have not rested. He called Shen Qinglan and heard that Shen Qinglan said that he had eaten well and slept well. There was nothing wrong. After being comfortable, the frown frowned finally opened.

"Qinglan, how many days do you have to come back?" Chu Yunrong counted the days. Shen Qinglan had gone for five or six days, and it was almost time to return.

"It's almost time, the flight ticket for the night after tomorrow has been booked, and the day after tomorrow should be available." Shen Qinglan said.

After hearing this, Chu Yunrong was really happy. "It's great. My mother asked your brother to pick you up early the day after tomorrow. If you arrive early, just wait for your brother at the airport. Safety, there have been several reports of young girls missing in a taxi and then killed."

Shen Qinglan was very speechless, not to mention that the time she arrived was in the daytime. Even if it was a taxi, she would not dare to have a driver do it in the daytime. Besides, even if she is pregnant now, the average man is her opponent?

On the one hand, Mr. Shen and Shen Junyu were very worried about Chu Yunrong's words. When they hung up the phone and saw Chu Yunrong left, Mr. Shen looked at Shen Junyu.

"Jun Yu, what did your mother's doctor say, is it really okay?"

Shen Qinglan used to be indifferent to a stranger in the past, but now the concerned posture is also shocking. Could it have developed into two extremes?

Shen Junyu was also full of suspicious thoughts. It looked normal before, but since Shen Qinglan became pregnant, the interest in fucking has been increasing day by day. In addition to surrounding Shen Qinglan, the children in Shen Qinglan's stomach have been turning around. He doubted that Shen Qinglan agreed to go to F to participate in an artist salon in order to avoid Chu Yunrong's overwhelming enthusiasm.

"Otherwise, I called to ask Dr. Zhou?" Shen Junyu tentatively asked.

Mr. Shen nodded, "Well, please ask Dr. Zhou, is this normal?"

Shen Junyu went upstairs and went to the study. This is the case. You should avoid Chu Yunrong himself.

"You tell me about your mother's specific performance during this time," Dr. Zhou said.

Shen Junyu told Dr. Zhou in great detail. After listening to it, Dr. Zhou thought about it and said, "This matter is actually normal. Your mother has always felt owed to see your sister. Her current behavior is a kind of compensation, but if you are uneasy, you can take her to check."

"The inspection will not be done first, thank you Dr. Zhou." Shen Junyu said gently.

Three days later, early in the morning, Shen Junyu was dug from Chu Yunrong's bed. "Jun Yu, Qinglan is back today. You hurry up and pick her up."

Shen Junyu opened his eyes and took a look at the mobile phone on the bedside table. It was only six o'clock in the morning. Shen Qinglan's plane landed but it was nine o'clock. "Mom, it's too early to go. Lan Lan's plane will arrive at nine o'clock. ."

He had a video conference with a foreign partner last night. He didn't fall asleep until three o'clock in the morning. Now he was called just after he slept deeply."

"Don't go to sleep first, whoever waits for Qinglan to come back, the traffic in Beijing is so congested, if you don't go early, you should be in a traffic jam."

Shen Junyu had no choice but to get up from the bed dimly. He now really believes that fucking disease is definitely not good, but it is more serious. His mother has a poison called daughter.

Before going out, Chu Yunrong handed a thermal insulation box to Shen Junyu, "Bring this on. This is the breakfast I asked Songsao to make for Qinglan. She certainly didn't eat well on the plane. This happened to be on the road."

Shen Junyu took the insulation box and sighed, "Now in my mother's eyes, her daughter is a treasure and her son is root grass."

Chu Yunrong slapped him on the shoulder. "What nonsense? There are no 30-year-olds in Zheng Xing. Go away."

When Shen Junyu arrived at the airport, it was less than eight o'clock. There was more than an hour before Shen Qinglan's plane landed. He simply lay in the car and fell asleep.

Shen Qinglan walked out of the airport and saw Shen Junyu's car. She walked over and knocked on the window. Shen Junyu opened her eyes to see Shen Qinglan and quickly opened the car control lock.

"Why did you arrive so early, didn't you say the plane at nine?"

Shen Junyu wiped her face and handed the heat preservation box to Shen Qinglan, "Your mother is afraid of traffic jams on the road and can't receive you. I dug up at six in the morning and prepared a loving breakfast for you, my princess , Do you want to dine first, or do you eat while walking?"

After listening to his ridicule, Shen Qinglan was speechless, "Brother, speak normally."

Shen Junyu smiled softly, "No kidding, the plane has been exhausted for more than ten hours. Hurry up and eat breakfast, and you can rest when you get home."

Shen Qinglan opened the incubator, which contained vegetable porridge and several fried dumplings. She had been eating bread and milk for a week abroad, and she was tired of eating. When she saw these, her appetite immediately opened, "Brother, you ate?"

Shen Junyu smiled and said, "It has already been eaten. Please eat it quickly. If you don't eat it, it will be cold."

After hearing this, Shen Qinglan was no longer polite. Shen Junyu asked her while watching her eat, "Hengyi has contacted you?"

Shen Qinglan nodded, "I just called the other two days ago." There was no phone call since yesterday, and she guessed that military Yan Xi started.

Shen Junyu sent Shen Qinglan to the Fu family, and saw that Chu Yunrong was already waiting at the Fu family.

"Qinglan, you are back. How are you doing this week?"

"Very good, without any discomfort, and the child is also very good, even if I am a little tired now, Mom, you let me go to rest and wait to report to you when I wake up, OK?"

Chu Yunrong nodded again and again, "Hurry up and rest."

Shen Qinglan slept for eight or nine hours, and didn't wake up until nine o'clock at night. This time she stayed outside for seven days. She didn't have a good night's sleep. The strange environment and strange atmosphere made her sleep very unsteady. After returning home, she smelled a faint familiar breath on the quilt before she fell asleep at ease.

When Shen Qinglan woke up, she felt hungry and went downstairs to find something to eat. She saw Aunt Zhao busy in the kitchen. "Aunt Zhao, why didn't you rest so late?"

Aunt Zhao smiled, "People are old and feel little, I think you should wake up too. I'm afraid you're hungry, so I'll make something for you."

In the evening, Aunt Zhao was worried that Shen Qinglan had eaten too much and couldn't digest it, and didn't make much of it. It was mostly digestible food.

"Thank you Aunt Zhao."

"Thank you for saying something. I'm happy to see you like to eat. This family has gained a lot of popularity since you came. Even the smile on the face of the old man has increased a lot." Aunt Zhao sighed.

In the past, Fu Hengyi was focused on his career, and he didn't necessarily come back once a year. Even if he came back, he didn't stay at home for long. Fu Jingting stayed abroad all the year round and didn't come back for a few years. Although Mr. Fu smiled, But Aunt Zhao can see that his heart is lonely. When he is old, he is nothing more than the children Chenghuan's knees.

"There haven't been any children in the family for a long time. When the baby in your stomach is born, the family will be lively." Aunt Zhao said with a smile. She has no children and no daughters in her life. Yes, just like her children, she is naturally happy.

314 316 Her Past (36 more)

Five days ago, BK base.

Mrs. Jin looked at the person who came in with a faint expression.

King looked at Mrs. King, a flash of light flashed in his eyes, "Ms. King, is it comfortable to live here this week?"

Mrs. Jin nodded, "It's very comfortable. The people here are taking good care of me."

"Mrs. Satisfaction is all right. I have considered what the wife said last time. I just don't know how many people you plan to have on this matter. You can't let me do this alone."

Mrs. Jin looked at King, "King, over the years, our cooperation has always provided me with information, your actions, this time is no exception, you asked me to provide information and people, where is there in this world? Such a cheap thing."

King raised a finger and shook it gently, "Mrs. Jin, you should know that this action is different from the previous ones. Think about it, we have cooperated so much in these years, I will make money for you There are also quite a few. You did not lose money if you provided the news. No, I have offended Ryan now. Ryan has already spoken on the road. If anyone dares to cooperate with me, he will refuse to cooperate with whom in the future. There are no weapons. How do you let me act, bare-handed?"

"How much profit?" Mrs. Jin asked.

There was a ruthless look in King's eyes. This woman hasn't forgotten to ask herself for benefits. She really didn't talk about friendship at all. "Mrs. Jin, we have been a partner for many years. Even this little busy you don't want to help me?"

"It's not a little busy, I'm going to take the risk to help you, if Ryan knows, even me, it will cause a lot of trouble in the future." Mrs. Jin said lightly, and did not deny that she could be in A large number of weapons were acquired at this juncture.

King was originally only a tentative question. Unexpectedly, this woman could really manage it. It seems that the power behind this woman in the Tao is complicated and not groundless.

"10%." King raised a finger.

Mrs. Jin shook her head and raised three fingers.

King's complexion disappeared, "No, it's too much."

Mrs. Jin said slowly, "This price is a bit higher than usual, but I also take a great risk, and there are people under my staff who also have to open their mouths to eat."

King gritted his teeth and said in a cold voice, "One-and-a-half percent, no more. I will give up this opportunity in a big deal. As long as Fu Hengyi or one day, I can always find an opportunity to start."

Mrs. Jin thought for a while, "Okay, it's one-and-a-half percent, this time it's the friendship price given to you on the face we have worked with for many years. This price will not be available next time."

Mrs. Jin stood up, "The items you want will be delivered within three days at the latest. Can I leave here now?"

King made a gesture of invitation, Mrs. King smiled and walked out calmly, Beyonce looked at the woman who left, quietly made a gesture of wiping his neck, "Boss, do you want someone?"

King shook his head. "This woman is temporarily immobile."

This week, King did not do nothing. In addition to verifying the authenticity of the information provided by Mrs. Jin, people were also sent to investigate the details of Mrs. Jin, but it was disappointing that even with Mrs. Jin In the photos, the true identity of the woman is still not found. There are only two possibilities for this situation: First, this Mrs. Jin is fake; Second, the identity of this Mrs. Jin is very mysterious, and the power behind it is very powerful.

And he prefers the second possibility.

Mrs. Jin walked out of BK's base, and there was a car waiting in the distance. She walked towards the car, opened the back seat and sat in.

"Go." Mrs. Jin said coldly.

The car left BK's base area.

"Madam, where are we going now?" the driver asked.

Mrs. Jin looked out of the window. This is a war-torn country in the Middle East. BK is located in a war zone. You can see traces of fighting everywhere along the way. You can even see one or two corpses on the roadside and expose them to the sun. No one took it away.

"Wait." Mrs. Jin suddenly said, the driver stopped, and Mrs. Jin was about to get off, and the driver stopped her. "Ma'am, this is too chaotic. If you accidentally stray bullets will come over, let's leave first."

Mrs. Jin didn't speak, but opened the car door and got off directly. She walked to the side of the road. There was a little black girl sitting there crying with tears all over her face. In front of her was a woman who had been dead for a long time.

Mrs. Jin squatted in front of the little girl and looked at her tenderly. "Will you follow me?" She speaks the local language.

The little girl raised her head to look at her, silently not speaking, and after a while, nodded slowly.

Mrs. Jin stepped forward, took the little girl by the hand, and did not dislike her dirt, took her to the car, "Go."

The driver started the car, and the little girl sat next to Mrs. Jin, who had never spoken, nor did Mrs. Jin speak.

The scene when she saw this little girl crying helplessly while sitting on the side of the road suddenly aroused the memory of her deep burial.

She was born in an ordinary family in the whole triangle, and the place is near the border of country Z. Her parents are all from country Z. Do some small business on weekdays, although the place is chaotic, but her life is very happy.

Only this happiness ended when she was seven years old. Suddenly one day, an armed war broke out in the place where they lived. Her parents were all dead. She watched her mother fall in front of her. Her father was also shot by a stray bullet to save her. She guarded the body of her parents and wept helplessly while sitting on the side of the road.

Even she did not know how long she cried. The man suddenly appeared in front of her, crouched down, looked at her, and asked with a smile, "Will you follow me?"

The man had good-looking eyes, blond hair, and a high nose bridge. He looked at her warmly, and she nodded in disgust.

The man brought her home, a castle like the fairy tale said. He knew that the man had a beautiful wife and a newly born son.

Although many people in that family are afraid of the man, she is not afraid, and the man never scolds her, beats her, on the contrary, treats her well, and she is also very dependent on men.

Gradually, she grew up. At the age of seventeen, she witnessed the man's hands stained with blood for the first time, full of murderous looks. The man looked at her coldly, raised her chin with the bloody hands, and asked gently, "I Girl, are you scared?"

The tip of her nose could smell the smell of blood and rust. She looked at his blue eyes and shook her head gently. "I'm not afraid."

The man smiled, and his soft face was full of gentle smiles. He kissed her for the first time, also there. In the room full of blood, he occupied her fiercely.

Mrs. Jin closed her eyes and pulled away from her memories. She glanced at the little girl next to her. There was no warmth in her eyes. When she got out of the car, she glanced at her child dependently and spoke quietly. , "Send her to Allen."

The little girl looked at the driver who wanted to take her away in horror. She wanted to run towards Mrs. Jin, but was pulled by the driver. She could only watch Mrs. Jin leave without looking back.

Mrs. Jin returned to the room and went straight into the bathroom. She immersed herself in the water. The warm water wrapped her body. Her hand gently brushed her skin and chuckled. Many men in this world want to get her body, and for that reason they have taken over her domineeringly or tenderly, but only that man has given her warmth.

But this kind of warmth disappeared in her life, and she could no longer find it. Her world fell into a cold despair.

Mrs. Jin's lips were lightly hooked, and as long as he could avenge him, it would be no problem to fall into the region. It is no worse than it is now, but a walking body. Anyone can take it as long as she can achieve her purpose. , She doesn't care.

Wait for me, as long as I will revenge, I will come to you, you must not go too far, I worry that I cannot catch up.

Mrs. Jin whispered, closed her eyes, and covered her thoughts. A tear slipped from the corner of her eye and disappeared into the water.

When she went out of the bathroom, she returned to the cold, cruel, mysterious and mysterious Mrs. Jin, "Send the rest of the goods to King."

The butler was stunned. "Ma'am, this is our last item. If King is given, what shall we do?"

"Now give King something. The price of this batch of things is much higher than before. Even if King is given, we will not lose money. I will solve other things." Mrs. Jin said.

The butler answered and went out to arrange the delivery.

Mrs. Jin picked up her phone and dialed out a series of numbers. Sure enough, she couldn't get through. The corner of her mouth evoked a sneering arc. The man was indeed the most unbelievable animal in the world.

315 317 Fu Hengyi wants to withdraw (37 more)

At the base of the Sabre Force, Mu Liancheng looked at Fu Hengyi seriously. "Captain, are you going to exit the Sabre, is it true?"

Fu Hengyi glanced at him lightly, "Where did you know this news?"

"That is true?" Mu Liancheng looked at Fu Hengyi incredulously, "Captain, why?"

"These are not things you should manage. The military exercise is about to begin. What you have to do is to arrange the military exercise. Other things will be said after the military exercise ends." Fu Hengyi said in a deep voice.

Mu Liancheng looked at him fixedly, "Captain, I haven't followed you for ten years, or seven or eight years. I have been born and died so many times with you. Now I just ask you a reason, won't you tell me?"

Fu Hengyi raised his eyes, looked at him for a long time, and sighed softly, "Liancheng, I'm out of time. I am now a family member and I am about to become a father. I want to have more things to do with my wife. With my children."

Mu Liancheng was stunned. He had never seen Fu Hengyi like this. Speaking of his wife and children, the whole person was gentle.

"We are soldiers. In order to protect our country and protect our country, we don't see our loved ones a few times a year. Years of gathering together and away from each other. Tiehan also has a tender side. We also miss our family and our loved ones. Fearless, now I am afraid of death, I am worried that I am dead, my wife is unattended, my child becomes the next me."

Mu Liancheng knew that Fu Hengyi's parents had sacrificed when he was very young. He was brought up by his grandfather.

Hearing his words, Mu Liancheng only felt sore.

"I am your captain and your leader, but I am greedy for life and death. I am no longer suitable for staying in a knife. I have recommended you to my superiors. I believe you can do better."

"team leader."

Fu Hengyi waved his hand, "Liancheng, I know what you want to say, but this time it's even my selfishness."

Mu Liancheng stared at Fu Hengyi, "I understand, Captain, I will arrange this military exercise this time to strive for excellent performance."

Fu Hengyi looked at him comfortably. Mu Liancheng was a person he brought out with one hand, and he was a brother who was really born and died. "In fact, I don't care so much, I just work in another place."

Mu Liancheng paid a military salute, "Captain, I'm going out first."

Fu Hengyi waved his hand, he knew his decision and this decision would make his brothers sad, but as he said, he was allowed to be selfish once.

The time passed by, and the military exercise soon came. The leader had read the detailed plan and was very satisfied with the plan arranged by Mu Liancheng. "Since it is ready, let's go, this time. The military exercise should be nothing to you."

Fu Hengyi paid a military salute and walked out of the office of the leader. The helicopter had arrived. He glanced at the waiting team and said, "Start."

Everyone got on the plane in an orderly manner, and Fu Hengyi ended up.

In this military exercise, they participated as the Blues. To put it bluntly, they did not help each other. Both sides were enemies. As long as they resolved more than two-thirds of the people on both sides, they won.

Some people have started to rub their hands, and Fu Hengyi's eyes have been swept through them. "If this military exercise is over, if you lose, the consequences...you know."

Everyone was shocked, "Guarantee to complete the task."

This military exercise was in a rain forest on the border of country Z. The time period was seven days. Two hundred people were sent from the Beijing Military Region and one from the Nancheng Military Region, and 20 troops from Fu Hengyi's troops. The military exercise has actually begun for two days. Finding the 400 scattered people in such a large rainforest in five days, the difficulty is not so great, but as Fu Hengyi said, if there is no difficulty, can it be called a challenge? Can it be regarded as a test of their ability?

Everyone got off the plane and didn't need Fu Hengyi to say anything. They took their own equipment and got into the rain forest. It was like the original people living here, and soon disappeared in front of them.

The leaders of the command room who watched this scene through the camera were amazed by the ability of the sharp knife. This is the first time that the sharp knife officially appeared in front of people. In the past, many people have only heard of this mysterious force, and the sharp knife has also participated. Military exercises, but those are small-scale, and this is the first time such a large-scale operation.

"They only have enough of these people. There are 400 people on our side." Some military leaders questioned that although more than 50 people have been eliminated the previous two days, there are still 300 remaining. Many people, these people are all elites, even if you see the elite among the elites, but it is impossible for him to want to win 20 people more than these 300 people.

The leader of the sharp knife also sits here. Hearing this, he smiled, "You just look at it, and you will be surprised by the result of dyeing your hair." There are really not many of them, but they have one of the biggest advantages. People in the Beijing Military Region do not know that a third party is involved. As long as Fu Hengyi grasps it well, they are secret enemies.

The enemies on the bright side are not terrible, but the secret opponents are terrible. Because of all unknown things, people will out of instinctive fear.

The facts are indeed similar to what the leader of the sharp knife expected. With the participation of Fu Hengyi, the number of "deaths" on both sides increased instantaneously. What's more important was that the people on both sides did not notice anything wrong. black.

On the contrary, the leader of the sharp knife, his eyes narrowed into a slit with a smile, and the leaders who watched wanted to drag the person out and beat it up-how does the smile really look and beat.

Beijing, Fu family.

Shen Qinglan had a rare morning sickness when she woke up in the morning. Since three months later, her little guy hadn't had trouble with her again. This time, she started tossing her again and relieved herself from the morning sickness. Shen Qinglan touched her belly and laughed lightly. Said, "It's not good to toss my mother early in the morning."

Because she just vomited, Shen Qinglan's appetite in the morning was not very good, and she ate less than usual. Master Fu frowned straight, "Qinglan, eat more, how much is enough to eat so much."

"Grandpa, I'm full and can't eat anymore."

"The pregnant women in other people's homes have become fat when you are as big as you. Look at you. Now you are thin, and go out and say you are pregnant. No one believes."

Shen Qinglan smiled and did not speak. Although her belly started to show signs of pregnancy now, if she put on loose clothes, she still can't see the pregnancy. At first, she was still worried about whether there was a problem with the child, but the doctor said that it was In normal scenes, some children develop early and some children develop slowly.

"Grandpa. I also eat a lot." Shen Qinglan said.

Her appetite on weekdays was really good, but she ate a little less today, "Qinglan, is there any discomfort today?"

Shen Qinglan laughed, "No discomfort, probably because I ate too much last night, and I was not hungry in the morning."

Knowing that she really can't eat it, the old man is not reluctant, "then wait until you are hungry before eating."

Shen Qinglan nodded.

Because she has begun to show her feelings now, the clothes she bought before are a little uncomfortable to wear, especially underwear, so today she specially asked Chu Yunrong to accompany

her to buy clothes in the mall.

Chu Yunrong is naturally very happy, it is estimated that Shen Qinglan should come over after a good breakfast.

When she arrived at the mall, it was another massive purchase. Shen Qinglan looked at Chu Yunrong's fighting power, but was very helpless. As for the ones that Chu Yunrong bought, she didn't wear heavy samples for a month.

Seeing Chu Yunrong's posture to move the entire mall back home, Shen Qinglan quickly took her to the restaurant.

"Miss Shen," while they were eating, they heard a familiar voice.

Shen Qinglan looked up and saw Qin Yan, a glimmer of light flashed in her eyes, "Ms. Qin."

Qin Yan smiled kindly "I didn't expect to meet Miss Shen again here. It's a coincidence. Can I sit here if I don't mind?"

Shen Qinglan's mouth lightly ticked, "Nature."

Qin Yan sat down opposite Shen Qinglan, and the waiter came up and added a pair of chopsticks.

"Ms. Qin seems to be in Beijing often. Are you living here now?" Shen Qinglan said lightly.

Qin Yan smiled, "My family lives in Nancheng, but I don't have anyone in my house on weekdays, and I'm bored at home, so I often come to Beijing to take a walk and have a friend here. Sometimes I come to drink with her. Tea chat, will stay for a few days."

Shen Qinglan's heart haha, Jin Enxi had checked this woman long ago, knowing that she hadn't approached anyone in the capital, let alone mentioning friends who could drink tea and chat together.

Knowing that she was lying, Shen Qinglan did not debunk her, and spoke lightly, "The relationship between Ms. Qin and this friend is really good."

Qin Yan smiled and did not speak.

Chu Yunrong is familiar with Qin Yan. She once met with Shen Qinglan twice, "Why isn't Ms. Qin with her children?"

Qin Yan smiled slightly, "I don't have children. My current husband's daughter has gone abroad. My son is also working in the field. My husband is a soldier. Most of the time I am in the army, I am at home alone."

Chu Yunrong is also a military sister-in-law. She naturally understands the loneliness of her husband and her husband who have not been around for many years. In addition, the woman in front of her is childless and still a stepmother. The day can be imagined, that is, the material life is better. , The inner happiness is not strong.

She has a little sympathy for Qin Yan, but for this woman, she still has no good feelings, probably Shen Qinglan's indifferent attitude towards her.

Shen Qinglan knew that she was talking about Yan Xi and Yan Shengyu, a cold light flashed in her eyes, and she still maintained a suspicion about Qin Yan. Although there was no evidence to prove that she had a relationship with Mrs. Jin, she could not prove that the two were okay. ?

"Ms. Qin's husband is a soldier?" Shen Qinglan asked in surprise.

Qin Yan seemed a little embarrassed and a little embarrassed on her face, "I divorced my ex-husband some time ago, and my current husband is a soldier."

A little sympathy in Chu Yunrong's heart for her disappeared suddenly in this sentence, and a woman who had just found her again after divorce always gave her a bad feeling, even though this idea had a bit of prejudice.

Shen Qinglan tickled his lips, and didn't ask any more, but Qin Yan, it seemed that she didn't want the two to misunderstand, and continued, "My ex-husband is violent and looks good to me on the surface, but in fact often punches me in private I have endured kicking and kicking for many years. I have tried to call the police and escape, but I only got a punch and kick heavier than once. I was really scared.

Later, when I returned to Nancheng, I met my current husband. He was my first love when I was young. He knew my situation and divorced my ex-husband. It happened that he had divorced his ex-wife long ago. It is logical to be together."

Qin Yan said, while her eyes were red. Chu Yunrong felt a little sour in her heart. They were all women. If she encountered such a thing, she might have collapsed now.

"It's all gone, you are now free, and you have a happy family. You are willing to work hard. You should want to drive a little." Chu Yunrong comforted her.

Shen Qinglan glanced at his mother.

Qin Yan smiled, "Let you see the joke, I really don't have any friends here. The only friend of mine is a lot of trouble at home. There is still time for me to listen to these things, if I'm bored. I won't talk to you for a long time. It's really embarrassing to disturb your mood."

She said sincerely that Chu Yunrong would say nothing more, and Shen Qinglan looked at Chu Yunrong with cold eyes and comforted Qin Yan.

After the meal was over, Qin Yan and Chu Yunrong had become close friends.

After eating, Qin Yan said, "Sister Yun, can I come to you often?"

Chu Yunrong smiled, "What can't you do, don't you have my phone? If you come to Beijing again next time, you can call me. I'm idle and idle during the week. It's just that we came out to go shopping and drink tea together."

When Qin Yan heard it, she smiled and smiled, "That's great, you won't be annoying me in the future."

"No, we will contact you again when we have time. Today we will leave first. Let's talk next time when you come to Beijing."

"Okay, Sister Yun, Qinglan, I'll go first, goodbye."

On the way back, Shen Qinglan glanced sideways at Chu Yunrong, "Mom, do you like Qin Yan?"

"Where do you see that I like people?" Chu Yunrong asked her back, and then smiled, "My stupid girl, are you really my mother and I'm stupid? Although I used to be an artist, but basic interpersonal skills I can still manage the relationship. This Qin Yan met us twice and again, once and twice by coincidence, and again and again by coincidence. And this time, we were not familiar with her, and we told her when we came up Tragic encounter, is this normal?"

After listening to Chu Yunrong's analysis, Shen Qinglan actually had a new understanding of this mother.

Taking notice of her eyes, Chu Yunrong gave her a white look. "Don't look at your mother with this kind of eyes. My mother will eat more than 30 years more food than you. It depends on people's ability. Instead of letting her It's better to put her under your eyelids when doing things in the background."

Although Qin Yan performed very well, it was doubtful because it was so good.

"Qinglan, do you know what Qin Yan wants to do when we are close to us?" Chu Yunrong suddenly asked.

Shen Qinglan shook his head, "I don't know, but Mom, you are still far away from her. Try not to interact with others when it is unnecessary."

Chu Yunrong smiled happily, "Mom knows that it is you. You are in a special situation now. You will take care of yourself, and Mom will be relieved."

The rainforest on the border of country Z is today the fifth day of the military exercise and the third day they entered.

Fu Hengyi was wearing a camouflage suit with military oil paint on his face. He was standing on a big tree with a telescope in his hand and was looking towards the distance. Mulian Cheng also had a telescope in his hand.

"Captain, the red team is on our west side, the number is about ten, and the blue team is on our north side, there are five people. Which side do we solve first?"

Fu Hengyi put the telescope down and said with a deep voice, "Although the number of people in the red team is large, they are exhausted and obviously lack of physical strength. The blue team is full of spirits. Although the number of people is strong, the fighting strength is strong."

"So we are going to deal with the Red Team first?" Meng Liang said.

Qian Fei gave him a glance, this idiot, "Naturally it is against the blue team first. Their strong fighting power means that they have great hopes of victory. Don't forget that our mission is to break the other team first. Before the base camp, let them be wiped out."

Meng Liang slapped his head, "Yeah, I'm so stupid."

"It's okay, knowing that you are stupid, it means that you haven't been stupid to get home." Qian Fei said coolly in exchange for Meng Liang's elbow.

"The two of you are enough, if they are discovered by each other, hehe..." Mu Liancheng said.

Fu Hengyi glanced at them, his eyes slightly cold, and the two immediately calmed down.

"Captain, are we really going to attack the blue team?" Meng Liang asked, his eyes full of excitement.

Fu Hengyi said, "Wait first. Now that the people of the two teams are too close, it is easy for both parties to pay attention. Wait until they are farther away."

That said, it was the blue team that started it. Meng Liang looked sympathetically at the direction of the blue team and was stared by their captain. The elite of the blue team can only get here now.

On the other side, several members of the blue team were also discussing the exercise. A very solid blue soldier said, "Team leader, this military exercise is so strange. We have not participated in military exercises in the past. There are also stronger than this time, but you have never been like this, the loss is so big, the most important thing is that the speed is too fast, especially in the last three days, the loss has exceeded two thirds Now, did the Nancheng Military Region move the elite of their entire troops?"

A short man lifted a thorn bush that was half a waist high with a stick, and said, "It is impossible. Although the scale of this military exercise is indeed larger than before, the people in the two military regions will not take all His strength is displayed in front of people, and along the way we have met many people from the red team, but their strength is similar to ours, not too much higher than us, want to solve us quickly, where is so easy. "

Pang Wen, known as the team leader, has a solemn face, "Maybe there is a third party."

Several other reports said, his face changed, "Team leader, what does the third party mean, the red team's reinforcements?"

Pang Wen shook his head, "No, it's not reinforcements. The Red Team sacrificed more people than we did. I guess the task of this third party is to deal with the people of our two teams."

Mulian Cheng, who was ambushing on the blue team's way, heard Pang Wen's words, and an admiration flashed in his eyes. He didn't expect this kid to be quite smart. Although he guessed it on the fifth day, it was longer than they expected. Much more, originally they thought it would be the sixth day, or the seventh day before they responded, and even to the end of the exercise, this matter is still ignorant, and it was not that this had not happened.

The hidden position and technique of Mulian City are very good. Five people passed by his eyes and found no trace of Mulian City.

The strong blue soldier who just started speaking replied immediately after listening to the words of his teammates. "How likely, there are 400 people in the red team and the blue team combined. If the third party wants to wipe out the two parties, the number of people is inevitable. For a hundred people, if there are so many people, they must have been noticed long ago, but the camp has not yet sent any signals, obviously no abnormalities have been found. If there is a third party, the number of people will definitely not be. There will be more, but is it possible? Dealing with hundreds of us with dozens of people?"

"What about special forces?" Pang Wen said lightly.

The person who had just spoken was silent. If someone from the special forces came, it would be really hard to say, "They are so much higher than our number of segments. Wouldn't it be overkill to participate in military exercises like ours?"

This is really saying that Mu Liancheng's heart is on. He also wonders why the base leaders should agree to such a thing. In the past, although third parties appeared, they all appeared in military exercises between special forces and special forces. This is the ordinary, but this is the first time to participate.

In the command room, the leaders of the Beijing Military Region and the Nancheng Military Region did not have normal faces for the past three days. They were black all day long, and the whole person exuded a deep, cold breath. Seeing that the nose was not the nose in the sharp knife army, Eyes are not eyes, even talking is yin and yang strange. It's no wonder that anyone who sees his soldiers being abused by others will not be too happy.

"I didn't expect Commander Liu to send all the elites of the entire base to a military exercise, which is too grand." Chief of Staff Chen of the Nancheng Military Region said.

The leader of the sharp knife army called Commander Liu smiled, "Chen Chief of Staff laughed, just an ordinary military exercise, where all the elites need to be sent. If that's the case, the military exercise would have ended long, this time Many of the people who came here were recruits we were selecting this time, and it was also an assessment for us." The implication is that you can't stand up if we just send recruits. If you send elites, do you still have fun?

Chief Chen staff sneered, "No, as far as I know, Fu Hengyi is the captain of your brigade and the most capable person there."

Commander Liu still smiled, "This military exercise will always be led by someone."

Chief Chen's chief wanted to say something. Shen Qian, who had been sitting there for a while, said, "It's just an exercise. Let's not be disappointed. Moreover, the exercise is not over yet, and the outcome is uncertain."

Chief Chen Chen glanced at Shen Qian, and his eyes were not good. "Of course, Chief Shen does not matter. Fu Hengyi is your son-in-law. Whether Fu Hengyi wins or the blue team wins, there is no difference to you."

Now the person with such a large garlic is not your blue team, but my red team! Looking at the red dot flashing on the screen, Chief Chen was very irritable. If this trend continues, their red team will really lose.

Shen Qian originally wanted to be a peacemaker, but in the end he caught fire and stared at Commander Liu, there was a frustration in his eyes. This Chief of Staff Chen is too heavy to see the victory and defeat. This military exercise will be white. It is an inspection and a test of their military capabilities by superior leaders, as long as they can be played normally.

"Chen Chief of Staff, Fu Hengyi is my son-in-law, but now he is only the leader of a third party and has nothing to do with me." Shen Qian said lightly, although his temper was not as hard as Commander Liu, it was not Anyone who talks so arrogantly will be sent back.

Chief Chen staff wanted to speak, and another person caught him in time, "Okay, old Chen, we are all comrades, what are we arguing about, and you are still leaders, and you are so quarreled that they are seen by the people behind you, Don't be afraid of being jokes,

Chief Chen staff glanced at the speaker and shut his mouth, but there was still a faint smoke in the command room.

All five people including Mu Liancheng passed before his eyes, and suddenly they came out from behind and solved the last one of the five people. At this moment, several people like Meng Liang and Qian Fei also came out of the hidden place. Seeing his own goal, Fu Hengyi dealt with two by himself, quick battle and quick determination, and three or two moves would solve the strong blue soldier.

Pang Wen saw it and immediately raised his hand to attack Fu Hengyi, but in the end he was young and had insufficient experience against the enemy. After more than twenty moves, he couldn't hold on, and a dagger fell on Pang Wen's neck. .

"You are dead." Fu Hengyi said lightly.

Pang Wen looked at Fu Hengyi, regardless of the dagger on his neck. The other party wore jungle camouflage like them, but the mark on his arm was black. Sure enough, as he guessed, this group of people is a third party.

After solving his goal, Mu Liancheng was watching the battle between Fu Hengyi and Pang Wen. Seeing that Pang Wen could support more than twenty moves under Fu Hengyi, the appreciation in his eyes was more intense.

Seeing that he no longer resisted, Fu Hengyi withdrew the dagger, his expression was still indifferent.

"Boy, good." Meng Liang patted Pang Wen's shoulder and said.

Unexpectedly, in exchange for Pang Wen's cold look, Meng Liang said, "Boy, it's personality enough, but I like it."

"Okay, let's go quickly, we have another goal." Qian Fei said.

"Um, let's go, we have to end early as well as we go home early. This ghost place, after a long stay, is too greasy." Meng Liang echoed and was about to leave.

"Are you special forces?" Pang Wen asked behind him.

Meng Liang turned around and smiled, "Guess."

This is a guess, surely, the strong blue soldier rolled his eyes.

Qin Fei glanced at them and said, "You are now 'dead', so you can't speak. Stay here, and someone will soon come to take you away."

After that, several people soon disappeared into the jungle.

"My God, is this the fighting power of the special forces? This is too great." After Fu Hengyi left, they said one by one, in exchange for the nods of others.

"Did you just see their shot, especially the one who looked cold, I didn't react to it, and I was 'dead'." Zhuang Shi Lan Bing said, his tone full of admiration, and a trace of envy.

Pang Wen has not spoken, his head is down, his face is dignified, he looked at his hands, just under Fu Hengyi, he did not even support the 30 strokes, he had always thought he was strong, now he only knows it turns out that in front of the real strong, he is still weak like a child.

Fu Hengyi. Pang Wen said the name silently in his mouth, maybe even Fu Hengyi didn't think that Pang Wen knew himself, because today's shot, Pang Wen regarded him as his goal, always thinking about how to surpass him, and finally become a soldier king, walked into the sharp knife base as expected, and became an excellent special soldier.

"Captain, is our next goal the red team that has just left?" Meng Liang asked.

Fu Hengyi glanced at him and didn't speak. Meng Liang immediately understood what he meant and made a gesture of closing his mouth. Fu Hengyi retracted the target. He looked around and then went in one direction. When the others saw it, they immediately keep up.

As Commander Liu said, more than half of the 20 teams that came over this time were recruits who were being selected. In order to test the ability of this recruit, Fu Hengyi did not let the veterans lead the recruits as before, but all the recruits led the team. That is to say, in the remaining four four-person groups, the leaders are all recruits, and even the combat plans are made by the recruits themselves.

I contacted several groups separately and learned about their own situation. Fu Hengyi was basically satisfied. Although the record was not as much as theirs, for the recruits, it was already very good. It seems that the training in the previous period was still very effective. .

In the general command room, Shen Qian looked at the few people brought back through monitoring and sighed slightly. It seems that this military exercise is unlikely for them to want to win. The people who participated in this group were all in the military area. The people selected here have a natural understanding of their abilities. Pang Wen is the best among this group of people. Originally Shen Qian thought that Pang Wen was okay, but now he seems to be too optimistic.

Chief Chen noticed Shen Qian's emotions, and there was a glimpse of misfortune in his eyes. "Chief

Chief Shen, it seems that your son-in-law has not shown mercy to you.”

Shen Qian smiled slightly, "The task is the task, this is a normal thing, and there is no sympathy."

When he was touched by a soft nail of no size or size, Chief Chen choked, and snorted coldly.

Commander Liu was full of pride in his eyes. Like Fu Hengyi, he was very satisfied with the abilities of these recruits.

On the other side, Fu Hengyi was rushing in the direction of the red team. When he didn't see the red team, Meng Liang couldn't help but say, "Captain, you said where the red team just ran, how could Mrs. Gong disappear in a blink of an eye? Well, did you just hear the movement of Fang Cai?"

"How is it possible that our movement was so small and the distance was so far away that they could find it strange, I think they have been solved by someone."

Meng Liang: ...This group of people is so weak?

The result was really because they had seen the red team members they had just seen. Ten people were lying on the ground, looking like they were paralyzed. One of them saw them and jumped up from the ground immediately, "You are from the blue team people?"

Meng Liang smiled, pointing at the Q in his hand and said, "Boy, you are now a 'dead man', you have no right to speak, let alone Q."

Wen Yan, the other party put down the Q in his hand, looked at Fu Hengyi, noticed their armband, and finally reflected that this group of people was not the red team and the blue team.

"You are a third-party person?" They have just been killed. While waiting to be taken away, they are also discussing this military exercise.

It can be seen that there are more than one Pang Wen who is not right. With the passage of time, more and more people have noticed the weirdness.

Meng Liang stepped forward and patted each other's shoulders, revealing eight teeth, "You are already a 'dead man', why are you talking so much, by the way, do you know where your companion is?"

As soon as these words came out, the others looked at him speechlessly, and Qian Fei gave him a look of "are you an idiot"?

Meng Liang confessed, huh, huh, that's what I said when I was excited.

"Go." Fu Hengyi said lightly.

Not long after they left, they met a few people, fighting, and the trunks around them were all traces of empty packs. On the middle ground, four or five people were fighting close together, to be exact, three people. Besieging a person.

When Meng Liang saw the man in the middle, there was an interesting flash in his eyes. He did not expect that he also participated in this military exercise.

"This madman, his strength has improved again." Meng Liang looked at it for a while and said.

People who are under siege are familiar to them, that is, Zhao Wei. At the time, Zhao Wei was looking for someone to challenge, even if they had heard of it, and secretly watched him compare with others.

There, although Zhao Wei was besieged and his face was blue and purple, but his eyes were getting more and more excited. In the past few months, since Fu Hengyi left the Beijing Military Region, Shen Qinglan has never been there again, Zhao Weishao A strong opponent felt very sorry for Shen Qinglan's departure.

At the military exercise, Zhao Wei was also with his teammates at the beginning, but a team of mysterious people attacked halfway along the way, and their team members were all sacrificed, leaving him alone. It didn't take long for them to meet the three of the red team.

These three should be the elite of the red team. Their strength is very strong. They have been playing for some time, but they still haven't scored the victory and defeat. Zhao Wei is bigger and more excited. It is a soft persimmon that has been placed on the order. In accordance with the principle that one can be solved one by one, I did not expect this to be a humanoid fighter. Some people are more and more excited.

"Captain, can you say that Zhao Wei can win?" Meng Liang asked with great interest, touching his chin.

318 Chapter 320: Danger Is Coming (40)

Fu Hengyi looked at the field without talking, because of Shen Qinglan's relationship, he noticed that Zhao Wei had been there for a while, and looked at the people who were wrestling with people, a flash of appreciation flashed in his eyes. His strength has improved again, and compared with the original time, he learned to use skills when fighting, not just like a bull.

"Zhao Wei is about to lose." Qian Fei said lightly.

Sure enough, one of the red team's daggers was already pointed at Zhao Wei's heart, and Zhao Wei lost.

Zhao Wei looked at the dagger on his chest with regret, and his eyes were full of interest. Looking at three people, it looked like three big babies. "Otherwise, we continue to fight, no matter what the result is, I lose." "

The three men of the Red Team glanced at each other speechlessly and shook their heads together. It was just a joke. They finally solved the madman. They were stupid and promised to fight with him.

Zhao Wei was very sorry and sat down.

The three are about to leave, and they will continue to find the blue team's base camp.

"Hey, the three of you, wait." Meng Liang uttered a few words, and only a few people noticed the existence of others, and they just didn't find out.

The first thing the three noticed was the armbands of Fu Hengyi and others. Black, not red, or red is the enemy, and they immediately made a defensive gesture.

If they hadn't run out of empty bullets, I'm afraid they would have already done it now.

Qian Fei and others were speechless, and now they only reacted. This reflex arc is a bit long. If they are real enemies, I am afraid they are now dead.

"You are not our opponents, don't resist." Meng Liang said.

The three looked at him like an idiot. Obviously they didn't believe him. Meng Liang touched his nose. What's wrong with his words?

At the moment, they do not know that the danger is coming quietly.

At the border, King looked at the vast rainforest in front of him, raised his brows slightly, and looked at Allen. "This rainforest is so large. If you go in and find out when you will find it, and there will be too much noise. When the military reacts, we will be done."

Allen chuckled, "When did I say that we were going to start in the rain forest? Such a large-scale search will definitely shock the military. Instead of this, it is better to lead Fu Hengyi out, it is better to lead out the border of country Z. ."

After all, the border with LG here is only one step away, and he "leaves" if he is not careful.

King looked at Allen and smiled. "It's a good idea, it's Allen.

King glanced at the person he brought, "Allen, this time I don't have many people. In this way, you send someone to lead Fu Hengyi out, let's do it."

Allen's mouth was light, and the arc of sarcasm said, "King, we said yes at first." People who wanted him to take the initiative to provoke the Z country's military, when they were cruel, where is his good fruit to

eat.

"Moreover, you and Fu Hengyi have fought with them many times. When new hatred and old hatred are added together, they are more likely to be fooled..." Alan tried to persuade King.

King raised his eyebrows in contemplation, "Yes, I will lead Fu Hengyi out, but when Fu Hengyi comes out, you must find a way to solve Fu Hengyi."

Allen naturally agreed.

This time Alan and King each brought a dozen people, and together they were thirty-five people, but all of them are elites, and it is necessary to destroy Fu Hengyi. Of course, if Fu Hengyi can be caught alive and brought back to torture It's better to exterminate again.

In order not to create greater movement, King selected three people to go in with himself, but with this walk, he went deeper.

The military exercise has reached the sixth day. To put it bluntly, it is almost over. The people of the red team and the blue team have arrived in the center hinterland. King has taken a person for a long time and met a person.

"Where are these guys hiding?" King's expression was a little irritable. The deeper they were inside, the more likely they were to be found, and the less likely they were to escape.

"Boss, should we not be pitted by that woman." Beyonce looked bad.

Hearing the words, King's face sank. If that was the case, unless he died here, otherwise he would definitely make Lady Jin's woman look good.

"Look for it first," King said. Actually, if you look closely, there are traces of fighting around. If you look carefully, you can find one or two empty shells.

Deeper into the distance, King heard a sound of Q, a corner of his mouth, and accelerated his pace in the direction of the Q sound.

Fu Hengyi just solved a small team of the red team and was attracted by a sound of Q. His expression changed suddenly. He had a bad hunch in his heart. The Q sound just now, most people can't hear the difference, but like They can't hear the difference between empty and live ammunition.

"Captain." Mu Liancheng looked serious.

Fu Hengyi's face sank and opened the headset. This is a communication device that only the respective team leaders had to contact the general command room. Under normal circumstances, it would not be opened until the end of the military exercise.

In contact with the general command room, I repeated what I found and my guess. The leaders in the general command room immediately changed their faces. Commander Liu stood up directly from his chair. "Fu Hengyi, the situation is true?"

"Eight percent." Fu Hengyi said, knowing that he has always been a cautious person. The eighty percent he said is basically close to the truth. Commander Liu's face sank, and his eyes were full of cold light. "Notify the end of the military exercise and immediately send someone to take them. Take it back, prepare for live ammunition and prepare for battle!"

Soon, all people received the same instructions, and the military exercise was over, and they assembled immediately.

Everyone was ignorant and headed towards the meeting place instructed by the leader. Fu Hengyi looked at each other and quickly moved in the opposite direction.

The vigorous figure shuttled through the jungle, and the expressions on several faces were very dignified. If live ammunition really appeared, it meant that the matter was serious.

When Fu Hengyi rushed to the place where the Q sound came out, he saw a corpse lying in a pool of blood, with his eyes open and the position of his chest, blood was flowing out, seeing the traces on his head, it should be the red of 'War Death' The team's people are waiting to be picked up, and anyone who knows will really die.

Meng Liang immediately stepped forward and probed the other party's artery, red eyes, "Captain!"

Fu Hengyi's face was somber, his eyes seemed to quench the ice, staring at the man's chest.

I received Fu Hengyi's report in the general command room, so the leader's face was not good-looking. He was slipped in under his eyes and sacrificed his comrades. Such a situation happened. It was a shame and a red. Guoguo's provocation,

"Fu Hengyi, we will immediately send you live ammunition. You must not act without permission now." Liu Commander, who knew Fu Hengyi's personality, said.

"Yes."

The waiting time is long and painful, especially when the sacrificed comrades lie in front of several people. Meng Liang squatted down and closed the eyes of the victim, "You can rest assured that we will avenge you, no matter what Who is it, never endless." The smile on the face that has always been smiling can't see the slightest smile, some are just cold.

There were obvious signs of leaving on the scene, "Captain, they deliberately let us chase them." Qian Fei said.

The rescuers arrived quickly, bringing in the weapons they needed. Fu Hengyi glanced at the recruits who had come with several sharp knives this time. "Attention to safety."

The other party deliberately wanted to lead them. This can be seen from the traces left by them, knowing that this is a trap, but Fu Hengyi still chased past with no return.

He didn't know what he had to face. In front of his dead comrades, he couldn't retreat. In the face of national responsibility and honor, he couldn't retreat even more.

"Captain." Mu Liancheng shouted, seeing another corpse in front of him, the tough guy, and red eyes, this is the third they have found.

Fu Hengyi's eyes were very black, and the black abyss seemed to hold the Q in his hand.

The trace is divided into two sides here, that is to say, the other side is divided into two teams, "divided into two groups, found separately, and immediately signaled when found."

Mu Liancheng took a few recruits to choose one of them to chase past, Qian Fei and Meng Liang followed Fu Hengyi.

Soon, Fu Hengyi and they were close to the edge of the rainforest. King and his men leaned on the tree trunk so coolly, obviously waiting for them.

"Fu Hengyi, I haven't seen you for a long time. Do you like the gift I gave you?" King greeted with a smile, calling the scars around the corner of his eyes very cruel.

Fu Hengyi's expression seemed calm, but the green muscles holding Q's hand exposed his inner anger at the moment, "King." His voice seemed to squeeze out of his teeth.

King smiled slightly, "Well, great, you remember me, Fu Hengyi, I have been waiting for you for a long time."

No one knows how the fighting happened, just in the blink of an eye, here is a Q sound, King's plan is to lead Fu Hengyi out of the rainforest border, but

However, Fu Hengyi saw his intention and knew that his goal was himself. Fu Hengyi turned and ran deep into the rain forest.

King glanced at the border of the rainforest not far behind, and also looked at the direction Fu Hengyi left, gritted his teeth, and followed. This opportunity is so rare. If Fu Hengyi is not solved, it will attract endless future. trouble.

One of the men was commanded to let him go out to find Allen and gritted his teeth to catch up with Fu

Hengyi.

Three to three, and now there is a certain distance from the border of the rainforest. Even if you are chasing the soldiers, you can't find them at once. Fu Hengyi no longer chooses to escape, but confronts him head-on. His strength is comparable to King. Fei and Meng Liang solved their opponents and came to help Fu Hengyi.

Fu Hengyi's eyes suddenly changed, "Be careful."

Qian Fei hadn't responded yet. He only felt a pain in his heart, and then blood spewed out.

319 Chapter 321: Fu Hengyi is Missing (41)

Fucheng in Beijing.

Shen Qinglan felt lazy in the morning and didn't want to do anything. After getting up, he sat on the sofa lazily, holding a book in his hand, and didn't turn a page for a long time.

Aunt Zhao cleaned the house. When she saw her like this, she couldn't help but laugh, "Did you want to take a chance?"

Shen Qinglan looked back, and smiled embarrassedly at Aunt Zhao, she just smiled embarrassedly. She was really thinking about Fu Hengyi. Last night she had a nightmare, dreaming that Fu Hengyi was in a swamp, calling her name, around She couldn't see anything.

She called Fu Hengyi's name, who could only hear his voice but could not see him. She couldn't even judge where the voice came from.

She could see Fu Hengyi sinking deeper and deeper in the swamp, calling her name all the time, but she couldn't find Fu Hengyi in her dream. Seeing that Fu Hengyi was going to be swallowed up by the swamp, she cried in a hurry. I woke up with a bare foot.

Shen Qinglan's mind was full of the scenes of her dream last night. She wanted to call Fu Hengyi, but she didn't get it through. She remembered that Fu Hengyi was still in the military exercise, but after all, the military exercise should be over.

"Aunt Zhao, are you ready to cook? I'll help you choose the dishes." Sitting there is always thinking wildly, and Shen Qinglan simply finds something to do for herself.

Aunt Zhao nodded with a smile, "Yes, I just plan to make celery dumplings in the afternoon. You can help me choose celery."

Shen Qinglan went to the kitchen to get food, but suddenly heard a sound of something breaking in the kitchen. Aunt Zhao hurried to the kitchen and saw Shen Qinglan's feet covered with glass porcelain fragments. She frowned as she covered her heart.

Aunt Zhao didn't take care of the debris on the ground and walked to Shen Qinglan's side, "Qinglan, isn't it uncomfortable?" Seeing her covering her heart, "Is the chest uncomfortable?"

Shen Qinglan looked stunned. Hearing Aunt Zhao's words, he recovered and dropped his hand. "Aunt Zhao, I'm fine. I just accidentally knocked the bowl off."

"Don't care about the bowls, just one bowl, if you break it, it's broken. Are you all right?"

Shen Qinglan shook his head, "I'm fine."

Aunt Zhao sees that her face seems a little bad, and begins to say, "Qing Lan, why don't you go up and rest?"

"Okay, Aunt Zhao, I'll leave it to you here."

"OK, go, here I'll clean up."

Shen Qinglan returned to the room, lying in bed but couldn't sleep anymore. It took a long time before she fell asleep.

In the living room downstairs, Mr. Fu returned from Shen's home without seeing Shen Qinglan, "What about Qinglan girl?"

Aunt Zhao pointed upstairs, "I saw her in a trance today, and didn't sleep well, let her go to rest."

Master Fu nodded, "I think she has eaten less in the past two days, Xiao Zhao, you can make some wine stuffed dumplings for her in the afternoon. Forget it, I'll let Xiao Song do it. The wine stuffed dumplings Qinglan girl she likes to eat" Thinking about it, Master Fu immediately called the Shen family.

Songsao heard that Shen Qinglan wanted to eat wine and stuffed dumplings. Where did she not agree, she promised to come over in the afternoon.

"Fu Hengyi." Shen Qinglan shouted, sitting up in shock from her bed, her chest undulating, her face pale, her hands on her stomach, and gently stroking.

"Baby, my mother dreamed about your father again. Your father is in danger. The old people say that dreams are the opposite. Your father will be fine, right?"

Shen Qinglan whispered softly, and after all he laughed, Fu Hengyi just participated in the military exercise, what could happen, sat for a while, got up from the bed, walked to the bathroom and washed his face.

In the living room downstairs, Grandpa Fu and Grandpa Shen are playing chess, and Sister Song is making wine balls with Aunt Zhao in the kitchen.

Master Fu held a chess piece in his hand and wrinkled his eyebrows. "Old Man Fu, you'd better hurry up. I've been thinking for a long time, and I just lost."

Master Fu waved, "Don't quarrel or quarrel, it's all you and I can't think of it."

"Poor chess skills, I said that my chess skills are poor, and I said, old man Fu, your face is really thicker and thicker."

The two were quarreling, the phone rang, and Master Fu picked it up, "Hey, I am Fu Liye."

I don't know what the person over the phone said, Master Fu suddenly stood up, his chess piece fell to the ground, his face changed.

"What is Fu Hengyi missing?!" said Mr. Shen Sheng.

When Mr. Shen heard the words, his complexion also changed. He couldn't play chess and looked straight at Mr. Fu.

"I know, please be sure to find Fu Heng." Master Fu Shen said, paused, added a sentence, "To see people live, to see dead body!"

Hanging up the phone, Grandpa Fu looked solemnly and looked at Grandpa Shen with a sad tone. "During the military exercise, foreign mercenaries entered the military exercise and killed our soldiers. Hengyi disappeared in order to catch them."

Grandpa Shen's face suddenly became ugly, "How could this happen, no one was found by foreign mercenaries entering China's territory? And what did Shen Qian do, and let Hengyi go alone? Chasing these gangsters!"

"Grandpa, who did you say was missing?" Shen Qinglan's voice suddenly came up from the stairs. The two old men were stunned and forgot that there was Shen Qinglan at home.

"Qinglan girl woke up, no one was missing, you just heard it wrong." Master Fu said as calmly as possible. Fu Hengyi is now missing, and his life and death are uncertain. He can't let Shen Qinglan go wrong again.

Shen Qinglan stared closely at Grandpa Fu, "Grandpa, I have just heard that Fu Hengyi...is missing, isn't it?"

Old Master Fu sighed deeply, "Qinglan girl, don't worry, they are already looking for, Hengyi will be fine."

Shen Qinglan's body shook gently. She grabbed the handrail of the stairs to stabilize her body. "Where is Fu Hengyi missing, grandpa, you tell me."

"In the border rainforest, it has been missing for two days."

Shen Qinglan's complexion changed, and she suddenly remembered that dream last night. In the dream, Fu Hengyi fell into the swamp. She could not save him if she wanted to save her. She could only watch him swallow than the swamp.

Seeing Shen Qinglan's face whiter than paper, Mr. Shen stepped forward and took Shen Qinglan down the stairs, comforting her, "Lan Lan, don't worry now, Hengyi will be fine, you have to believe Hengyi ability."

Shen Qinglan did not feel better because of the comfort of Grandpa Shen. She had already guessed who

the so-called foreign mercenaries were. Her eyes were trembling and her eyes were deeply frightened.

"Grandpa, I'm okay, I believe he will be okay, just for me and my child, he will be okay." Shen Qinglan made a face, spoke softly, Fu Hengyi promised her, no matter what happened, no He will let himself go wrong, he will accompany her to old age.

Shen Qinglan stood up, "Grandpa, I think there is still no clothes upstairs, I will go up first."

Mr. Shen wanted to stay, but was caught by Mr. Fu, "Let her be quiet."

Shen Qinglan returned to the upstairs and immediately called Jin Enxi. During this time, Jin Enxi had been investigating Mrs. Jin's affairs without any progress. In addition, King had no signs of activity for a long time. I did not pay attention to King's whereabouts. Now listen. Shen Qinglan said immediately that she was in a hurry. "An, you don't have to worry now. I'll find a way to check King's trail first."

But Shen Qinglan didn't make this call for this, "Enxi, I need your help, I'm going to the border."

"No." Jin Enxi denied her proposal. "Ann, you are big belly now. It's too dangerous. You can't go. Fu Hengyi. We can help you find it. If Fu Hengyi was really taken away by King's people, Even with my life, I will definitely bring him back to you, provided that you cannot go."

"En Xi, I have to go. I have a hunch. Fu Hengyi must have been taken away by King. He is very dangerous now. If I don't save him, he will die. If he dies, I won't live. Enxi." Shen Qinglan's voice choked with a trace of choking. If Jin Enxi was here, Shen Qinglan's face would be full of tears.

Jin Enxi is silent, "An, I can't promise you, I can help you find Fu Hengyi, but you must stay at home, this is my only condition, I can also promise you, I will give you Fu Hengyi completely and neatly bring back."

"If you don't go with me, I can go alone." Shen Qinglan said.

"Ann, do you have to force me to do this? Do you know what you are doing now, what should you do if the child in your stomach goes wrong?"

Jin Enxi knows how much Shen Qinglan loves Fu Hengyi and how much she cares about this child. If something goes wrong with this child, I am afraid Shen Qinglan will not forgive herself in this life.

Shen Qinglan's hand was gently placed on his stomach, and his expression was gentle. "I believe my child is strong. It must also hope that I can find its father and bring him back safely, if..." Her eyes dimmed, "This child really left me because of this incident, only to show that my fate with him has not yet arrived, Enxi, you just treat me as self-willed, or I can say that I am selfish, this time, I will To find Fu Hengyi, I... I want to see people alive, die... I want to see a dead body."

There was a long silence on the end of the phone, and Jin Enxi said in a deep voice, "Ann, you give me time to prepare, one day, I will pick you up early tomorrow morning."

"Thank you, Enxi."

Hanging up the phone, Shen Qinglan sat on the bed, looking at the bedside photo of her and Fu Hengyi's wedding, she didn't move for a long time, Fu Hengyi, you are waiting for me, I will come to you immediately.

One afternoon, the two old men were in the study room. Old man Shen had contacted Shen Qian. Knowing the beginning and end of the matter, his face was somber, and even the sharp knife people sacrificed. Fu Hengyi was really fierce this time.

320 322 Fu Hengyi, wait for me (42 more)

Grandpa Fu didn't speak in a chair for a long time before he spoke slowly, "Since Fu Hengyi entered the army, I've been prepared like this today, and I always thought I was ready. When Fu Hengyi was injured and died for a lifetime last year, I knew that I couldn't face it, old man Shen, I had lost a son, and I didn't want to lose a grandson! You said that if I was stronger and forced him to withdraw from that army, wouldn't there be today? Does something like this happen?"

Grandpa Shen doesn't know how to comfort his old friend. That's not only the old grandson of his old friend, but also his only grandson-in-law. If something goes wrong with Fu Hengyi, no one knows what Shen Qinglan will do.

Shen Qinglan shut himself in the room until dinner time. The two old men were at ease and came to the door of Shen Qinglan's room and knocked lightly, "Lan Lan, Grandpa, opened the door. ."

Shen Qinglan didn't answer, and Master Fu knocked again, "Miss Qinglan, you opened the door first. I know that you are worried about Hengyi just like Grandpa. You are sad about Hengyi, but you also have to take care of your body. , Please let me and your grandpa rest assured?"

After a while, footsteps came from the door, the door opened, and Shen Qinglan's face appeared in front of the two old men. The expression was calm, but the worry between the brows and the eyes showed that her heart was not really as calm as she showed. .

"Two grandpas, I am hungry."

The two old men heard, "Hurry to eat first, and have a good night's sleep after eating. When you wake up, Heng Yi will come back." Mr. Fu said.

Shen Qinglan nodded and went downstairs to eat. She had no appetite. The rice was like chewing wax in her mouth, but she ate a whole bowl of rice without saying a word.

Putting down the chopsticks, Shen Qinglan stood up and said blankly, "Two grandpas, I am full, I will go up first."

The two old men looked at each other and put down their chopsticks one after another. There was such a thing at home, where did they still have the mood to eat.

"Now all we can do is wait, old man Fu. I will let Yun Rong come to accompany Lan Lan tomorrow." Mr. Shen said.

Shen Qinglan was too calm at night. Such calm represented abnormality. He was worried about what Shen Qinglan would do.

Master Fu nodded, and now he is worried about his grandson. There is really no way to take care of Shen Qinglan.

It was only the next morning, when Chu Yunrong knew this to comfort her daughter, she found that Shen Qinglan was not in the room at all.

"Uncle Fu, is Qinglan out?" Chu Yunrong asked Mr. Fu.

Master Fu looked blank, "No, girl Qinglan has never been out of the room today."

"No one in the room." Chu Yunrong said in a panic.

Master Fu's eyes changed slightly, and he called Aunt Zhao. When he asked her, he didn't see Shen Qinglan. He suddenly realized that Shen Qinglan was gone.

The Shen and Fu families are now in a mess, and at the moment Shen Qinglan is sitting in Jin Enxi's car to the airport. They will take the earliest flight to the border city and then rush to the rainforest.

"Ann, I have asked the people on the road. Some time ago, King went to LG, but there were not many people. I didn't know what to do."

LG and Z are adjacent to each other, and they are all close to the rainforest. King's purpose in appearing

there, combined with the time they appeared, Fu Hengyi's accident could not be separated from him.

"I've already contacted Eden and several of them. They are going there. Eden will also prepare what we need. Ann, I still hope you can think about it and find us the matter of Fu Hengyi. You are here. Will you wait for me here?"

Shen Qinglan shook his head, "En Xi, no need to discuss this matter. You know, no one can stop what I decided. Can I know the specific direction of King now?"

"Sorry, Ann, the time is too short to be found for the time being." As far as these information are concerned, Jin Enxi spent a lot of money on the road. King was very careful this time, even if the people on the road didn't know much. .

Shen Qinglan was not disappointed. He touched the necklace around his neck. "We can't find one inch by one inch if we can't find it." Just like the last time Fu Hengyi came to rescue her, now it is her turn to find Fu Hengyi.

When Shen Qinglan and Jin Enxi arrived at the meeting place, several people from Eden had already arrived, and they carried a huge backpack on their backs, which contained what they needed.

Sisley handed a computer to Jin Enxi, "Go ahead."

Shen Qinglan took off the necklace on his neck and gave it to Jin Enxi. Jin Enxi directly removed the pendant and took out a small thing that was not much bigger than the grain of rice, and put it in a black U disk-like thing .

"This is my latest research. It can enhance the signal, which can increase the signal strength between the son-mother locator between you and Fu Hengyi and expand the sensing range."

The mutual sensing range between the original son-mother locator is only one kilometer. With this thing, the range can be expanded to five kilometers.

"Is it noticed by others after the signal is enhanced?" Shen Qinglan asked, his face somber, without a trace of temperature. If people know that they can quickly locate Fu Hengyi, then Fu Hengyi is in danger.

Shen Qinglan can conclude that Fu Hengyi must be alive now, thinking in empathy, if she was King and could catch Fu Hengyi alive, he would certainly not let him die so easily.

"An, there is no nearby here." Jin Enxi said disappointedly. This rain forest is too big, even if it can already expand the scope of positioning, it will take a lot of effort if you are unlucky. According to the current situation, the goddess of luck Did not care for them.

Shen Qinglan's eyes lightened slightly. She took out her cell phone from her pocket and called Shen Qian. "Dad, it's me. Where did Fu Hengyi go missing? I need to know the specific location of his

disappearance."

Shen Qian received a call from her daughter. She thought she wanted to ask him if Fu Hengyi had found it. Now when he hears this, his eyes change slightly, "Qinglan, where are you now?"

Shen Qinglan didn't say, just said, "Dad, where did Fu Hengyi go missing, please tell me."

"You are at the border, Qinglan, are you at the border?" Shen Qian asked in a quiet corner, lowering his voice.

Shen Qinglan was silent, and it was the default. Shen Qian's face changed, and she lowered her voice again, "Qinglan, you come back to me now, immediately, immediately." Although Shen Qinglan has some skills, but that is usually, now she is pregnant with four Yue's pregnancy, those people are mercenaries again. Judging from the body of the other party they found, this group of people is likely to be an internationally renowned BK person. If a pregnant woman really encountered Shen Qinglan, Where do they live?

"Dad, I'm going to find him. You can't stop me. If you don't tell me where he is missing, then I will look for it one by one, and I will never come back if I can't find him."

"Shen Qinglan, don't you think about your body at all? Do you know what kind of place the rainforest is? There may be unknown enemies and many beasts in it. If you encounter any of them, you will die. Don't kill yourself, don't you even kill your children?" Shen Qian was very angry. After returning from Shen Qinglan, he never spoke to her in such a tone.

"Dad, I have to find him."

"Where are you now?" Shen Qian asked.

Shen Qinglan didn't answer, but said, "Dad, Fu Hengyi is my life. If something happens to him, I won't be able to survive. You can do it."

"Shen Qinglan, you threaten your father for a man!"

Shen Qinglan looked indifferent, looking at the depths of the rainforest, "Dad, I beg you."

Shen Qian was silent. This was the first time Shen Qinglan begged him. Shen Qian wanted to say no to his daughter. As a father, he couldn't watch his daughter take risks.

With a deep sigh, Shen Qian reported specific directions, "Qinglan, you have to think about the children in your stomach, the grandfather at home, and your mother and brother."

Shen Qinglan's eyes moved slightly, "Dad, I will come back well." After that, I hung up the phone.

Shen Qinglan looked at the topographic map about the surrounding area that Jin Enxi had transferred, and quickly found the place that Shen Qian said, "Here." She pointed to a point on the map.

Jin Enxi put the computer in his backpack, and a few people walked towards the place where Shen Qian instructed.

"Ann, that place is at least ten kilometers away from us. Can your body support it?" Sisley asked worriedly.

Shen Qinglan looked at Eden, "Eden, can I?"

Eden nodded, "Well, you can, rest assured, I will not let you and the child have an accident."

Andre walked at the front and Eden was at the end. This rainforest was relatively calm. It was basically comparable to the tropical rainforests they had trained before. They walked for a long time, and they did not encounter any major attacks. Sexual animals, except for a few more virulent snakes.

After walking for most of the day, she was pregnant. Shen Qinglan's physical strength was a bit low. Several people found a relatively flat place to sit and rest.

Andrei went back to find some dry branches nearby and lit a bonfire. In the winter, there is no wild fruit to eat here. He can only eat the dry food brought by himself. Shen Qinglan took a bite of a hard bun and deep eyes. There is dense fog that cannot be melted.

"Ann, drink some saliva first." Eden handed her the kettle.

Shen Qinglan took a sip and waited for his physical strength to recover and stood up. "Let's go on."

The physical loss of the other few people is not large, and the reason for stopping to rest is to cooperate with Shen Qinglan. Bury the bonfire with soil to ensure that it will not reignite, and a few people will move on.
