

Chapter 317: Cool and cowardly (1)

Mo qinghuan's Red lips curled into a cold and charming smile. shouldn't I be the one asking you this? "

it's been so many years, and you're no different from a dead mother. He finally got rid of the shadow of the past, got married, and lived a stable and happy life, but you had to come back to life. What do you want? "

Bai Ying's face was cold and she did not say anything.

Mo qinghuan stepped on her stomach and leaned closer to her. His cold eyes stared at her as if he was looking at something dirty.

Bai Ying, I'm warning you. Although he came out of your womb, his surname is mo and he's a child of the mo family. It's not your place to bully him just because he's a member of the mo family. Don't think that you can rest easy just because you married that useless Fu Dongsheng.

After he finished speaking, he released his foot from Bai Ying's stomach. Without waiting for Bai Ying to heave a sigh of relief, he kicked her waist again.

"Ah!" Bai Ying screamed in pain and rolled around on the carpet.

Mo qinghuan's facial features were cold, and she didn't even move an eyebrow. if I find out what you're up to with that little b * tch from the fu family again, I promise I'll fulfill your wish to see God.

After that, he turned around and glanced at Xu Youyou. let's go.

"Oh." Xu Youyou followed behind her with cheerful steps. Looking at her back, she felt that she was 2.8 meters tall.

He was really cool and cowardly!

After mo qinghuan got into the car, she did not rush to send Xu Youyou back to the hospital. Instead, she told the driver to find a place to eat breakfast.

The chauffeur sent them to the most famous teahouse in Mo City. Mo qinghuan asked for a private room and ordered a table full of breakfast.

"Eat it, in case that brat mo shenbai says I'm mistreating his wife." Mo qinghuan glanced at her.

thank you, Auntie, " Xu Youyou said with a smile.

Mo qinghuan watched as she picked up her chopsticks, but she didn't eat.

Xu Youyou tilted her head and looked at her. Auntie, aren't you eating? "

"It's nauseating to see dirty things so early in the morning, I can't eat." Mo qinghuan's cold tone paused for a moment before asking, " do you mind if I smoke a cigarette? "

Xu Youyou shook her head.

Mo qinghuan took out a cigarette box from her bag. The lady's cigarette was long and thin, and it flickered between her fingers.

Her temperament was originally on the cold side, and when she smoked, she looked a little more cool, with a fatal temptation of a mature woman.

Xu Youyou bit her chopsticks and looked at her fangirl.

She used to think that lan lan was living a carefree life, but she didn't expect her to be even more unrestrained and wild than lan lan.

Mo qinghuan exhaled a mouthful of smoke. Seeing her staring at him, he raised his chin. "what are you daydreaming about?" "You won't be satisfied just by looking at me, little girl."

Xu Youyou seemed to wake up from a dream and realized that she had lost her composure. She immediately lowered her head and almost buried her face in the bowl.

Mo qinghuan didn't mind her staring at him. After puffing out clouds of smoke for a while, he asked, "How much do you know about the white cherry blossom?"

Xu Youyou shook her head. "I only know that she's Great White's mother!"

"Da Bai?" Mo qinghuan's eyes were filled with shock. "he actually let you call him that. It seems like he really fell into your hands."

Xu Youyou bit her lip and smiled in embarrassment. She did not answer.

"He probably didn't mention qianyue." Mo qinghuan asked again.

Qianyue?

Xu Youyou still shook her head.

he used to have a younger sister, mo qianyue. When mo qinghuan mentioned mo qianyue, the light in her eyes dimmed, and her curled eyelashes cast a green shadow in her eyes.

when she was three years old, she fell down from the window on the third floor and disappeared. Since then, Bai Ying has become a lunatic. She kept saying that it was Shen Bai who pushed qianyue down. She had a small quarrel every three days and a big quarrel every five days. A good house was destroyed by her.

Xu Youyou frowned, her little face full of confusion. "why would she think that it was da Bai who pushed her?"

Mo qinghuan raised her eyes and glanced at her. Her red lips parted slightly, and white mist accompanied by a warm and cool voice lingered. "at that time, there was only dark white upstairs."

Xu Youyou lost her appetite instantly. She clenched her chopsticks tightly and lowered her eyes. "So, she got a divorce and didn't want Great White anymore?"

"Ha." Mo qinghuan sneered and scoffed, "It would be great if that was all."

Xu Youyou raised her head and looked at her in surprise. "what else did she do?"

at that time, my brother was busy with the company's Affairs and had no time to take care of the family. That bitch Bai Ying took advantage of my brother's absence and hit and scolded Shen Bai. She burned him with a cigarette and locked him in the basement. She didn't give him any food or water. In the middle of winter, she punished him to stand in the pool and didn't allow him to come up.

"If it wasn't for the fact that shenbai fainted from the cold and the servants couldn't bear to watch him and sent him to the hospital, my brother wouldn't even know what kind of life shenbai was leading at home."

Xu Youyou's black and white pupils kept expanding. She could hardly believe what she was hearing.

How could Bai Ying treat da Bai like this?

my brother had a big fight with her and she promised that she would never hurt Shen Bai again. My brother chose to believe her one more time ...

The light in mo qinghuan's eyes grew colder and colder, even the smoke could not block it.

"But a dog is a dog, and it can't change its habit of eating shit. In order not to leave any obvious scars on Shen Bai's body, she used needles to prick Shen Bai's arms, calves, and head ..."

"He used to have a fear of women, you know that, right? It's Bai Ying's masterpiece. A good child was almost tortured into a lunatic by her."

Xu Youyou's throat seemed to be blocked by something. She was so uncomfortable that she couldn't say a word. Her eyes were red and her thin and thick eyelashes trembled violently.

later, my brother found out that something was wrong with Shen Bai and knew what Bai Ying had done. He didn't allow her to get close to Shen Bai again. Who knew that the slut had an affair with Fu Dongsheng before she even got divorced and was even pregnant with his child ...

"Even if my brother wants to save face, he can't hit a pregnant woman." Mo qinghuan sneered. I couldn't stand it, so I beat her up and sent her to the hospital. She almost had a miscarriage! If I had known that she wouldn't change after so many years, I would have killed her back then. She should have come out by now."

With a flick of his finger, the ashes fell down, just like the ashes of mo shenbai's heavy past, which had long been left with time.

No one knew what mo shenbai had gone through when he was still a child. No one would know how many scars there were in his heart over the years, whether they had healed or whether they had been bleeding.

Mo qinghuan crushed the cigarette butt on a clean plate and looked at Xu Youyou, whose eyes were as red as a rabbit. I'm telling you this because I know that the taciturn person will definitely not tell you, but you're his wife and you need to know his past. Secondly, I wanted to let you know that you don't have to be polite when you meet that woman in the future. She's not a good person and doesn't deserve your respect as a mother-in-law!"

Xu Youyou lowered her head and said nothing. The mist in her eyes finally condensed into beads and fell into the bowl one by one.

She raised her hand to support her forehead, trying to block her view and not let her see her cry.

But when she thought of what Mo Shenbai had gone through, her tears were like a broken tap that could not be stopped.

His thin shoulders trembled violently as he sobbed.
