

Chapter 319: Let her heart ache (Part 1)

Xu Jialu rolled his eyes. It was fine if he helped him, but he wanted him to help this kid who came out of nowhere?

In your Grand dreams!

Lu He Yun came back to his senses and nodded. "I understand, big brother. Don't worry, I won't let you down."

Mo shenbai nodded slightly. "if there's nothing else, you can go back ... Cough cough ..."

Before he could finish, he put his fist to his mouth and started coughing again.

Xu Jialu was the first to get up and go home to catch up on sleep since he had been busy all night.

Lu He Yun also pushed mo Zhiyun back to the mo family mansion.

Bo Qi patted mo shenbai's shoulder and left without saying anything.

Xie tingxi sat on the sofa with his long legs crossed. Under the glasses, his deep eyes stared at him calmly, as if he was looking for something on his face.

Mo shenbai narrowed his eyes. "you're still not leaving?"

"Lu He Yun is a good sword, but a sword that is too sharp can easily hurt itself." Xie tingxi's lips moved slightly, and his voice rang out unhurriedly. "it's not a wise move for you to hand over Zhiyun and the company to him."

Everyone had left, and Mo shenbai's posture softened. He relaxed and leaned back, a sneer in his eyes. "no matter how sharp a sword is, you don't have to worry as long as you know how to make it dull."

When Xie tingxi heard him say this, he knew that he definitely had a plan. He stood up and said, "If that's the case, then I wish you good luck."

She turned around and took two steps, then suddenly stopped and turned back to look at him. "I heard that mo qinghuan is back. She brought Xu Youyou to beat up Bai Ying this morning."

Mo shenbai looked up at him, not understanding what he was saying. His thin lips were pursed in a straight line and he did not speak.

Something flashed in Xie tingxi's eyes, and he said with a faint smile, "her eyes were red when she came back. It's obvious that she's been crying. She wouldn't have cried about beating up Bai Ying to vent her anger, but her eyes were swollen. It's obvious that mo qinghuan has told her everything about the past."

Mo shenbai's sword-like eyebrows furrowed. His slender fingers rubbed the space between his eyebrows and he warned in a low voice, "Xie tingxi."

His reaction made Xie tingxi more convinced of his guess.

“You went in such a big circle just to let her know about those things and make her feel bad for you?”

Mo shenbai put down his hand, knowing that he could not hide it from him, and said simply, “Her teacher recommended her to study abroad.”

Xie tingxi was slightly startled. “You don’t want her to go?”

Mo shenbai glanced at him and did not speak.

“Why don’t you just tell her?” Xie tingxi asked.

Mo shenbai’s thick, fan-like eyelashes trembled slightly, and his tightly pursed lips loosened. “I don’t want to disappoint her.”

In the little girl’s heart, da Bai was a warm, kind, upright gentleman, gentle, and considerate existence. However, in reality, he was a selfish, cold, stubborn, and twisted person.

If she found out that he was not as good as she had imagined, she would be very disappointed.

Xie tingxi was silent for a while, then asked again, “is it worth it?”

Was it really worth it to put in so much effort and scheme for a woman?

Mo shenbai raised his head and looked at him. His thin lips parted slightly. “When you meet him, you can ask me if it’s worth it.”

Xie tingxi’s thoughts had been on seizing the Xie family for the rest of his life. To him, women were the spice of life and beautiful clothes. He would like and cherish them for a while, but he would never spend too much time and energy on a piece of clothing.

If the investment was too big, the return would be too low, which was not in line with his investment philosophy.

“It seems like I won’t have the chance to ask.” Xie tingxi’s thin lips curved up slightly, and he left with a smile.

Mo shenbai went upstairs and pushed open the door to see Xu Youyou sitting in front of the makeup mirror, using skin care products.

He walked over and took the eye cream from her hand. “I’ll help you.”

Xu Youyou glanced at the bandage on his wrist. “No need. You won’t ...”

“I’ve seen you use it many times. In theory, you should know how to use it.” Mo shenbai opened the eye cream, dug out a soybean-sized eye cream, melted it with his fingertips, and then gently massaged her eyes.

Xu Youyou opened her eyes. Her black and white pupils were as clear as if they had been washed by water, without a speck of dust.

“Why do you suddenly want to help me with my skincare?”

" Mrs. Mo has shed too many tears for me today. " Mo shenbai melted the face cream with the heat of his palm and said, " "My heart aches for you, and I want to treat you better."

Xu Youyou pursed her pink lips and wrapped her arms around his firm waist. Her voice was soft and tender. " I'll be good to you too. Very, very good. "

Mo shenbai's eyes sparkled with a smile. He lifted her chin with his fingertips and pressed his palm against her face, slowly pressing it ...

" Mrs. Mo, you have to keep your word. If you lie, your nose will grow. "

He lowered his head and stared at her with his dark eyes that were as bright as the stars.

"I always keep my word!" Xu Youyou blinked her eyes. " when have I ever lied to you? "

"Then you must remember what you said today." He lowered his head even more, and his lips pressed against hers.

" you have to always be good to me and stay by my side. We will never, ever be apart. "

Xu Youyou closed her eyes shyly and replied with a soft " yes. "

Mo shenbai's big palm wrapped around her slender waist and carried her to the dressing table to deepen the kiss.

Xu Youyou clutched his clothes tightly with both hands and said worriedly, " your hand ... "

The man's lips were close to her ear, and he said in a low, hoarse voice, " "It's a little painful, so ... You can do it yourself."

Xu Youyou was speechless.

The mo Corporation announced to the public that Lu Heyun would be the company's executive CEO, and it set off a lot of waves for a while.

Everyone was speculating if the mo Corporation had changed.

The shareholders of the Company, big and small, wanted to see mo shenbai, but they were all rejected by him because he needed to rest.

They had gathered information about Lu Heyun through various channels. When she learned that he was mo shenbai's brother-in-law, her uneasy heart was put at ease.

Lu Heyun was only the executive CEO, while mo shenbai was still the largest shareholder of the mo Corporation and also the chairman. On the surface, the company listened to Lu Heyun, but with mo shenbai holding the fort behind the scenes, there would naturally be no problems.

The mo corporation's stock prices only fluctuated for two days before quickly recovering.

Lu Heyun's first major decision after taking charge of the company was to launch a business in city H, accurately sniping all of the fu family's businesses in all industries.

He also personally led a team to city H to make arrangements.

No one said anything, but everyone could tell that the mo Corporation and the an Sheng Corporation had started a war!

There were people in the industry who took sides, and there were also people who continued to observe. However, the employees of the two companies had long been tense and hesitant about whether to jump ship ...

When everyone was nervous, the most leisurely one was mo shenbai. He stood at the door of the studio with a pot of tea and knocked gently.

“Triplets, open the door ...”

Xu Youyou opened the door and stuck her furry little head out. She sighed. “da Bai, you’ve knocked on the door five times this afternoon. What are you doing this time?”
