

Chapter 324: Tracker _1

Lu Heyun had been very busy after taking over the mo Corporation, and the time he had to spend with mo Zhiyun was getting lesser and lesser.

Apart from his daily recuperating, mo Zhiyun also went to find Xu Youyou to eat and chat when he was free.

Xu Youyou chatted with mo Zhiyun as she tidied up her art studio. "I've seen people on TV tracking other people's location by installing an app on their phones. Is that true?"

"Yup!" Mo Zhiyun took out his phone and showed it to her when he saw that she was interested. "Lu He Yun and I have one. He said that this way, I can know where he is at any time."

"It's that powerful?" Xu Youyou looked at the red dot on her phone curiously. "is this where Lu Heyun is?"

Mo Zhiyun nodded. "that's right. He's in the company right now."

"You're worried that something might happen to big brother outside, so you want to install one for him?" he asked after a pause.

Xu Youyou laughed and shook her head. "no, I just feel that I'm always forgetful. Why don't I download it and link it to your account?"

"Sure!" Mo Zhiyun agreed without thinking too much.

Xu Youyou unlocked her phone and handed it to her.

Mo Zhiyun fiddled with her phone.

Xu Youyou hesitated for a moment and asked casually, "Zhiyun, I've read a mystery novel recently. It says that trackers can be hidden in jewelry. Is that true?"

"There are, but these things are strictly controlled now. Ordinary people can't get their hands on them." Mo Zhiyun downloaded the software and replied without even raising his head.

"Can you get it?" Xu Youyou asked again.

Mo Zhiyun raised his head and looked at her with a strange expression. "oh my, what do you want a tracking device for?"

"I'm just curious." Xu Youyou's pretty face was calm. "I just thought it was novel and wanted to see it."

"Oh ..." mo Zhiyun thought for a moment. "I know a friend who has this. How about I ask him for one?"

"don't wait. I want it now!" Xu Youyou couldn't wait to open her mouth. Afraid that mo Zhiyun would be suspicious, she added, "I'm so curious!"

“Alright, I’ll call him and ask him to send it over.” Mo Zhiyun installed the software on her phone and took out his own phone to call a friend.

Xu Youyou took the phone and looked at the red dot in the app. It was not enough to just have the phone’s location. If the phone was lost, they would not be able to find her.

Therefore, he needed a tracker that would not be suspected or thrown away.

It would take some time for the tracker to be sent over, so Xu Youyou decided to draw for a while.

Mo Zhiyun was playing a game with his headphones on.

Xu Youyou finished mixing the paint and closed her eyes, trying to recall the scene she had seen in the suburbs two days ago.

She couldn’t see clearly in the dream and couldn’t confirm the specific location. She could only draw it based on the similar scenes she had seen in the past two days. It was also a clue that might come in handy.

By the time Xu Youyou had finished drawing the areas of suspicion, mo Zhiyun’s friend had also sent the things over.

It was just that he didn’t come in person and had been called to be sent to the same city.

Xu Youyou took the miniature tracker from mo Zhiyun. It was only the size of a pinky. “is it really going to work?”

“There is!” Mo Zhiyun connected the tracking device to the software. “look, this Green Dot is a tracking device. You can stick it in your clothes or on your accessories, and no one will find out.”

Xu Youyou did not have any jewelry to hide the tracker, but she remembered that she had an turquoise watch that lan lan had given her for her birthday.

She hid the tracker in the back of her watch and put it on her wrist.

“hey, why did you put a tracker on yourself?” mo Zhiyun jokingly asked. “it’s as if someone’s trying to kidnap you.”

Xu Youyou’s Black eyes rolled and she said casually, “Many people now know that I’m great White’s wife, so maybe someone wants to kidnap me to blackmail Great White! Isn’t that how it’s shown on television!”

“That’s a television!” Mo Zhiyun chuckled. “who would have the guts to kidnap you in real life? besides, you have cangming with you! He’s able to take on ten of them without a problem!”

“You’re right!” Xu Youyou smiled innocently, but she couldn’t help but touch the watch on her wrist. This watch was her life-saving talisman!

“Zhiyun, what do you think big white will do if I’m really kidnapped one day?” She asked hypothetically.

“Big brother might have gone crazy!” Mo Zhiyun replied without hesitation, “big brother loves you so much that he would rather get hurt himself than see you get hurt.”

Xu Youyou’s thick eyelashes fluttered as she mumbled, “Yeah, he would rather die than let anything happen to me.”

The images from her dream flashed through her mind, and she couldn’t help but tighten her grip on her watch. She couldn’t let da Bai know about this, and she couldn’t let him put himself in danger!

“Zhiyun, if that day really comes, you must help me persuade Great White!” Xu Youyou looked up at her and said with a serious expression, “Tell him to stay calm and believe that I will protect myself. Also, tell him to believe that the police will save me!”

Mo Zhiyun’s brows twitched slightly, feeling a little strange. “Aiyo, why are you saying all this out of the blue?”

“I’m just saying.” Xu Youyou’s expression immediately changed. “Didn’t I read a suspense novel before? The male protagonist was kidnapped and the female protagonist risked her life and almost died. If it were me, I’d hope that big white wouldn’t come to save me and get hurt. I’d leave the rescue to the police.”

“Those are all made up in novels. It’s impossible in reality!” Mo Zhiyun consoled her, “don’t put yourself in her shoes.”

“Yes, I know.” Xu Youyou was afraid that she would suspect something, so she changed the topic. “Let’s go out and grab something to eat!”

Mo City University had a sports meet. It was very lively that day. Other than the students who were participating in the event, there were also many reporters and other tourists.

Xu Youyou did not sign up for the sports meet and volunteered with her classmates.

After a busy morning, Xu Youyou’s legs were sore from standing. She could finally rest, so she went back to the lounge to rest.

He sat down and leaned against the wall, closing his eyes. Not long after, he felt someone approaching.

Xu Youyou opened her eyes warily. When she wanted to turn around, the man had covered her mouth and nose with a white towel.

“Hmmm ...”

She struggled with all her might, but she was no match for the other party’s strength. After a short struggle, the scene in front of her became blurry, and her strength became weaker and weaker. Finally, she closed her eyes.

The man threw the phone in her pocket on the ground, put her on his shoulder, and left through the back door.

At this moment, everyone was near the field, and no one noticed that the Man in Black had carried a person away quietly.

Xu Youyou woke up with a jolt. She moved a little and found that her hands were tied behind her back.

He felt like he was lying on a moving car.
