

Chapter 325: Found it _1

Xu Youyou had been kidnapped.

When the police knocked on the door and asked the Butler, the Butler's first reaction was to wonder if it was a prank.

He called Mo Shenbai immediately. Mo Shenbai had a board meeting today. When he received a call in the middle of the meeting, he immediately left the shareholders in the meeting room and rushed to Mo University.

Cang Ming had been following Xu Youyou, but she said she was going back to the lounge to rest and told him not to follow her. He went to the school to buy her some food, but he didn't expect her to disappear.

There was no one in the lounge except for a mobile phone that was thrown on the ground. The surveillance cameras near the lounge were blocked with balloons, so nothing was captured.

Mo Shenbai's face was gloomy. He held the phone tightly and did not say a word. He looked up and gave Cangming a look.

Cangming understood and immediately went to investigate.

The police officer asked Mo Shenbai, "Has President Mo and Mrs. Mo offended anyone recently?"

Mo Shenbai's tightly pursed lips parted slightly, and he squeezed out two words. "Fu Ning, Bai Ying."

"Who is it?" The police didn't know Bai Ying and Fu Ning.

Pei Chuan explained everything that had happened.

The police officer then added, "We will immediately send someone to investigate these two and see if they have anything to do with Mrs. Mo's kidnapping."

Mo Shenbai furrowed his brows tightly, and his face was as cold as frost. His Adam's apple bobbed, and he squeezed out a voice from between his teeth. "Who was the one who called the police?"

"We did receive a text message to call the police, but no one picked up." Just in case, they still chose to send the police as soon as possible to confirm whether the text message was true.

Text message?

Mo Shenbai immediately turned on Xu Youyou's phone and saw a police report message.

His name, age, address, and relatives were written clearly, and he begged the police to save him quickly.

The police also reacted, "Mrs. Mo, did you call the police yourself? Mr. Mo, please pass us your phone. We'll take it back for inspection."

Mo Shen's white and bony fingers clenched for a moment before he finally handed the phone to the police.

"also, we need to go to your house to do a search and see if there are any clues!"

Mo shenbai also agreed.

Mo shenbai returned to the canvass lunar restaurant with the police, who searched the upper floor to see if they could find any clues.

Mo shenbai sat on the sofa downstairs, his bony fingers clenched into fists, and the veins on his hands bulged, looking slightly ferocious.

She had texted the police herself. Obviously, she knew that she would be kidnapped, but why didn't she tell me?

Did she not believe him or was she worried that something would happen to him?

"big brother!" Mo Zhiyun's voice came from the door. Lu He Yun pushed his wheelchair in.

"I heard that sis-in-law has been kidnapped. What happened?" her face was filled with worry and uneasiness.

Mo shenbai lowered his eyes, as if he had not heard anything.

Mo Zhiyun furrowed her brows and couldn't help but Mutter, "we were just joking about the kidnapping a few days ago. How did we really get kidnapped?"

Mo shenbai's eyes suddenly turned cold. "did she tell you that she would be kidnapped?"

"No!" Mo Zhiyun's face was filled with confusion. "we're just casually chatting. She said that watching TV shows will always lead to rich people being kidnapped ..."

Her voice suddenly stopped, as if she had thought of something, and her almond-shaped eyes continued to expand.

"What's wrong?" Mo shenbai asked in a tense voice.

"I remember now. Sis-in-law was very curious about the tracker, so I asked a friend to give her one. She put it in a watch. Did she wear a watch when she went out today?"

Mo shenbai did not notice if Xu Youyou was wearing a watch when she left the house. Instead, the Butler said, "she did. I remember Madam wearing the watch properly before she left. She said that it was a birthday gift from miss su and it was very expensive."

Mo shenbai immediately looked at mo Zhiyun.

Mo Zhiyun reacted quickly. He took out his phone and opened the app. "sister-in-law's phone has a positioning app, and the tracker is also connected to this app."

Soon, she saw that the red dot on the app was the location of the moon-Canvas House, while the green dot was still moving.

“I found it!”

Before Mo Zhiyun could finish his words, Mo Shenbai snatched the phone and saw that the green dot was still moving. He got up and was about to leave.

“Big brother!” Mo Zhiyun couldn’t wait for Lu Heyun to help her push the wheelchair. He turned the wheelchair by himself and stared at his tall figure with his almond-shaped eyes. “Sister-in-law also said something that day.”

Mo Shenbai suddenly stopped in his tracks. He turned around, his eyes as dark as the abyss, and his voice was low. “What else did she say?”

Mo Zhiyun met his sharp eyes and was so nervous that his mind went blank and he forgot what Xu Youyou had said.

Mo Shenbai’s sword-like eyebrows furrowed, and his cold features gradually revealed his impatience.

Lu Heyun squatted down and held her hand. He said in a gentle voice, “Don’t be nervous. Yoyo will be fine. Speak slowly.”

Mo Zhiyun looked into his warm eyes and slightly calmed down before nodding.

“Sister-in-law said that if she were to be kidnapped one day, she hopes that you must stay calm. She believes that she will protect herself and that the police will definitely save her.”

Mo Zhiyun pondered for a moment before recalling. “She also said that she didn’t want you to save her and that she didn’t want to see you get hurt. It’s better to leave the job of saving people to the professional police.”

Mo Shenbai’s eyes became gloomier and gloomier, and the corners of his eyes even turned scarlet.

So, this was the reason why she didn’t tell him in advance, what exactly did she see in her dream!

The hand that was holding the phone kept tightening, and the veins were popping.

“Brother, let’s tell the police about this. They’re experienced and will definitely save sis-in-law.” Mo Zhiyun advised.

She felt that Youyou was right. She left the professional work to the professionals. She also had a little selfishness because she didn’t want to see him get hurt.

Lu Heyun stood up and looked at him. In a gentle voice, he said, “Zhizhi is right. This matter concerns Youyou’s personal safety. The police have a better idea than us.”

Mo Shenbai had a bodyguard with good skills, but he was not as experienced as the police when it came to rescuing hostages.

The police happened to come down from upstairs, but they didn’t find anything.

Mo Zhiyun raised her head and looked at Mo Shenbai with her almond-shaped eyes. Her eyes were filled with pleading. "Big brother ..."

Mo Shen's Adam's apple bobbed. He looked down at the phone in his hand and remembered that she had done all this in advance so that the police would save her, not him.

Perhaps she had other plans. If he didn't cooperate, would it disrupt her plans?

He took a deep breath and finally handed the phone to the police.

He didn't believe in the police, but he believed in Youyou.

She must have her reasons for making such an arrangement!

.....

The car stopped not long after and the door was pulled open. Xu Youyou saw a rough and ugly face.

The man was stunned, obviously not expecting her to wake up so early.

Her face had already been seen by her, and it was too late to cover it up, so he directly dragged her out of the car.
