

Chapter 327: You're so stupid (1)

Brother Tiger didn't seem to notice the look in his eyes. He glared at Fu ning fiercely. we'll only take what we should take!

Fu ning sneered. you've become a whore, yet you still want to maintain a good reputation. Why are you pretending to be a good person? Don't you want women ~ money ~?"

Before she could finish her sentence, brother Tiger grabbed her by the neck. if you don't want your stinky mouth to be torn to pieces, then shut up!

Then, he looked at ah Bao. give me the money.

Ah Bao looked at the fair and skinny Xu Youyou longingly, but he still listened to his big brother and snatched Fu ning's handbag.

Fu ning's expression was dark and unsightly. He had not expected these two desperadoes to not listen to him.

Brother Hu shook her off and took the bag from ah Bao's hands. He took out two stacks of cash and threw them at Fu ning's face. we'll only take our share!

Then, he looked at Xu Youyou and said coldly, "Let's go," he said.

His deal with Fu ning was to kidnap the man. As for what Fu ning wanted to do to the hostage, it was none of his business.

Fu ning held onto the table and barely managed to stand up, maintaining his noble and elegant demeanor as he glared at Xu Youyou with increasing hatred ...

"What did you tell them?" She gritted her teeth and said, "even a cheap man like him can be charmed by you. Xu Youyou, do you know how cheap you are?"

Xu Youyou blinked and said calmly, "I think the word" cheap "suits you better."

Fu ning's face darkened. what did you say?"

Without waiting for Xu Youyou's reply, she raised her hand and slapped Xu Youyou's face.

"Who Do You Think You Are, how dare you scold me!"

Xu Youyou's face was smacked to the side and it hurt. She looked up at her with a determined and unyielding gaze.

"So what if I call you cheap? You clearly know that Great White is already married and has a wife, yet you still want to destroy his marriage and be his mistress! What are you if not cheap? You're cheap, bad, and stupid ..."

"Shut up!" Fu ning slapped her hard on the face again and said angrily, "If you hadn't ruined my plan, mo shenbai would be mine now."

If it had not been for Xu Youyou's sudden appearance last time, his plan would have succeeded long ago.

How could she have ended up like this, being forced to marry a rotten old man!

At the thought of President Luo, she was so disgusted that she wanted to vomit and wanted to kill him directly.

If Mo Shenbai wanted to destroy her, she would destroy Xu Youyou first, even if it meant dying together.

Half of Xu Youyou's face instantly turned red, and a five-fingered handprint gradually appeared. However, she did not give in or be afraid. Instead, she continued to provoke her.

"Fu Ning, stop dreaming! He's mine, and you'll only be able to marry an old man whose wife has died."

Xu Youyou raised her head and even laughed. You're so pitiful. You lost your mother when you were young. Your father said he loved you, but in order to protect himself at the critical moment, he still pushed you into the fire pit! You like Da Bai, but he doesn't even look at you. You're such a failure!"

"You shut up!" Fu Ning was like a cat whose tail had been stepped on. He exploded and roared in anger.

Xu Youyou didn't say anything more and looked at her with sympathy.

Fu Ning took a few deep breaths and said through gritted teeth, "Xu Youyou, even if I die, I won't let you and Mo Shenbai have a good time!"

Xu Youyou did not speak. She closed her eyes and said after a moment, "he's here ..."

Fu Ning was stunned. What?"

Xu Youyou opened her eyes and looked at her with a smile. Da Bai is here to save me. Fu Ning, you're finished again!

"Impossible!" Fu Ning turned around and walked to the door. Seeing that she didn't see anything outside, she immediately closed the door and turned to look at Xu Youyou. Xu Youyou, don't try to delay! No one knows that you're here, and no one will come to save you!"

"What if they know?" Xu Youyou asked in a light and pleasant voice.

"How could they know? Unless you have a fixed ..."

His voice stopped abruptly, and his eyes trembled as he looked at her in disbelief ...

Xu Youyou's pretty face revealed an innocent and harmless smile.

Fu Ning went up and searched her body, but she couldn't find anything. She did see the watch on her wrist.

He violently pulled off the watch and flung it away.

The back cover of the watch was flung open, and something the size of a little finger fell out. The red dot on it flickered.

Fu ning immediately crushed it with her foot, and the red dot no longer lit up. She stared at her in surprise. you actually carry a tracker with you!

And those two idiots actually didn't notice at all.

"It looks like you won't be able to marry President Lin for the time being." Xu Youyou pouted and said in a regretful tone, " I don't know if Chairman Chu will still be willing to marry you when you're done with the sewing machine!

Fu ning's eyes were frighteningly gloomy. She turned around and wanted to leave before the police arrived.

There were no surveillance cameras here, and no one knew that he had been here. Xu Youyou's testimony alone was not enough.

the police have surrounded you. You can't run away. Xu Youyou opened her mouth again. Fu ning, you're walking right into a trap if you go out now.

Fu ning paused in the middle of opening the door and turned to look at Xu Youyou, who had a relaxed expression on her face. Boundless hatred and anger welled up in his heart!

She was right. If she went out now, she would be walking right into a trap. She would be sentenced and imprisoned, and Xu Youyou would continue to be with mo shenbai safely!

Why did he have to go to jail and they could be together?

The more Fu ning thought about it, the more indignant she became. She was so angry that she completely lost her mind.

She turned to look at Xu Youyou, her cold eyes filled with hatred. As she walked toward Xu Youyou, she took out a Switchblade from her pocket.

She had planned to cut Xu Youyou's face and turn her into an ugly monster, but now ...

She only wanted to kill Xu Youyou!

If she could not escape, she would take Xu Youyou to hell with her.

There was a faint smile on Xu Youyou's face, but she was extremely nervous as she watched her friend walk toward her.

"Xu Youyou, you asked for it!"

Fu ning raised the Switchblade in his hand and stabbed at her.

The smile on Xu Youyou's face faded, and she suddenly got up to avoid Fu ning's attack.

Fu ning was stunned. Before she could react, Xu Youyou elbowed her chest.

Fu ning didn't expect that the rope around her hands had loosened. The pain in front of her made her face turn pale, and her eyes were filled with anger. you ...

Xu Youyou took two steps back and massaged her wrist, which was in pain from the rope.

The unraveling skill that Cangming had taught him was really useful. He had to thank him when he got back.

Out of the corner of his eye, he saw a figure approaching through the broken window.

The police really came.

“Fu ning, you’re so stupid.” Xu Youyou smiled and said in a soft voice, “ your scheme against Great White failed, so you wanted to find someone to ruin my innocence. However, he didn’t even care about you, and now you can’t even kill me. You’re really useless.”
