

Chapter 334: As long as you get a divorce (1)

The few of them were stunned.

Xu Youyou was also puzzled. She looked at him with a strange look but did not ask further.

Fu Anbang and Fu Dongsheng's expressions were complicated, and they did not speak for a while.

Bai Ying's chest was filled with infinite anger. She was so angry that her chest heaved up and down. She heard her own voice and said through gritted teeth, "mo shenbai, what do you want to do?"

Mo shenbai's face was calm. He ignored her existence and looked at Fu Dongsheng sharply. as long as you get a divorce, I'll let an Sheng live.

Fu Dongsheng's face suddenly became serious. He gritted his teeth and did not speak.

Bai Ying reached out to hold his hand and said in an anxious tone, "Dongsheng, don't listen to him. He's just toying with us! He won't let the ansheng group go!"

Mo shenbai's cold eyes swept across Bai Ying's face and his thin lips moved. I'll give you three minutes to think about it.

Fu Dongsheng and Bai Ying had been husband and wife for so many years and their relationship had always been very good. Moreover, they had a son. Now that mo shenbai wanted him to divorce, how could he agree?

Fu Anbang saw that he was hesitating and said in a deep voice, "Dongsheng, why are you still hesitating?"

In his opinion, as long as they got a divorce, they could get the company back. There was no need to hesitate at all.

big brother, you know that Ying and I have been married for so many years. Our relationship as husband and wife ...

Fu Anbang's sharp eyes noticed the coldness in mo shenbai's eyes and immediately rebuked, "shut up! Don't be so soft-hearted, do you still want to be your second master Fu?"

She was just a woman. What was she compared to their wealth and status?

"Big brother!" Bai Ying could not help but raise her voice. you can heartlessly abandon your own daughter, but Dongsheng is different from you. We will never divorce.

When her daughter died, she was immersed in pain every day. After she met Fu Dongsheng, he was the one who took her out of the abyss of pain.

Fu Dongsheng had also given her another child. Although it was a boy, she felt that it was qianyue returning to her side in a different way.

“White cherry blossom!” Fu Anbang’s eyes were filled with anger, and his voice was impolite. “What right do you have to blame me? If you didn’t fool around with Fu ning, how would this have happened? Besides ...”

He paused and glanced at Mo Shenbai. He wanted to say something but stopped.

Even if he did not say it, Bai Ying understood what he meant. You gave birth to a good son, who can you blame!

Xu Youyou had been silently watching them argue, revealing the selfishness and greed of human nature. Suddenly, she reacted.

Da Bai was using this method to take revenge on Bai Ying.

Back then, Bai Ying had an affair and quickly married Fu Dongsheng after the divorce. She thought that Fu Dongsheng could give her happiness, but what happened in the end?

Now, the Fu family had abandoned her for their own benefit.

The anger in Bai Ying’s heart was like a flood that burst out of a dam. She turned her head and glared at Mo Shenbai with resentful eyes. It’s not enough that you killed Qianyue. Now, you want to ruin the rest of my life and force my husband to abandon me. You’re more terrifying than a demon.

Mo Shenbai seemed very calm in the face of her anger. His thin lips opened slightly. He can also choose not to divorce, can’t he?”

After all, the choice was in Fu Dongsheng’s hands.

Bai Ying choked at his question. She turned to look at Fu Dongsheng, her eyes full of hope and expectation.

They had been husband and wife for a long time, and she had even given birth to a son for him. After so many years, wasn’t the relationship between husband and wife more precious than those worldly possessions?

Fu Dongsheng looked into his wife’s eyes and felt conflicted for a moment.

In his entire life, he had never touched prostitutes because he only had Bai Ying in his heart. He looked down on other women.

He liked Bai Ying’s high and mighty appearance outside, but she was like a little bird in front of him. Moreover, they even had a son.

Even if the company went bankrupt and they no longer had money, their family could still live on together.

Just as Fu Dongsheng was hesitating about whether to take Bai Ying away, Fu Anbang said coldly, “Fu Dongsheng, I didn’t pursue the things you did in the company all these years because you’re my brother! For the company, I’ve even given up on Ning. Now that I’m all alone, even you’re going to betray me. Are you trying to force your own brother to his death?”

The balance in Fu Dongsheng's heart that was biased towards Bai Ying instantly tilted towards Fu Anbang.

Since he was young, his big brother had been the best to him. For so many years, no matter what he did wrong, his big brother would only reprimand him with a few words and had never really argued with him.

Even though he knew that she had caused the company to suffer heavy losses, he did not drive her out. He forgave her again and again out of brotherly love!

Big brother regarded the company as more important than his life. If the company was really gone, then big brother would really not be able to live.

On one side was his brother, and on the other side was his wife of more than 20 years. Fu Dongsheng was in a dilemma, and his heart felt like it was being cut by a knife.

Bai Ying could clearly sense that he was wavering. She muttered in disbelief, "Dongsheng, you're so weak.

Fu Dongsheng looked up at her and said guiltily, "I'm sorry, Ying ... Big brother only has me as his only relative!"

Bai Ying's grip on his hand loosened. Her face suddenly turned as pale as a sheet of paper as she shouted hysterically, "You're his only family member. What about me? I only have you!"

you ... Fu Dongsheng glanced at Mo Shenbai and gritted his teeth. Ying, you still have a son, you still have two sons!!

In fact, as long as she lowered her head to Mo Shenbai, apologized, and said a few good words, Mo Shenbai would definitely forgive her.

There was no such thing as unresolvable hatred between mother and son.

Bai Ying staggered a step back. She placed her hands on the back of the sofa and barely managed to stand up. However, her eyes were filled with anger and disappointment. She could not believe her ears.

It wasn't like he didn't know about the hatred between her and Mo Shenbai. How could he say such a thing!

Seeing that Fu Dongsheng had agreed to the divorce, Fu Anbang immediately said to Mo Shenbai, "President Mo, Dongsheng has agreed to the divorce. Please let An Sheng live.

Mo Shenbai was not surprised by this result at all, and said in a calm tone, "I want to see the divorce certificate in a week."

Fu Anbang quickly nodded. Okay, okay, okay. I promise that they'll definitely get their divorce certificate in a week.

Mo Shenbai lowered his eyes and no longer looked at him.

After Fu Anbang gave Fu Dongsheng a look, he pulled his old face and smiled apologetically. Then, we won't disturb President Mo any further.

With that, he turned and left.

Fu Dongsheng was a little hesitant. He looked at Bai Ying with guilt and reluctance, but in the end, he still followed Fu Anbang and left.

Bai Ying watched helplessly as her husband abandoned her and left. Her nails dug into the leather sofa, and her hatred for Mo Shenbai had reached a boiling point.

“You hate me that much? It’s not enough that you killed Qianyue, you even want to destroy my last happiness ... You animal ...”

Before he could finish, he was interrupted by a cold voice from the door.

“Bai Ying, are you itching for a beating again?”
