

Chapter 337: Discussing the wedding date (1)

The moon Pavilion.

Mo shenbai personally cooked dinner in the evening. Although his skills were not as good as Xu Youyou's, with the help of the chef, the dinner he made was still passable.

Xu Youyou smelled the aroma of food as soon as she entered the room. She handed the baguette to the Butler and strode to his side. why did you suddenly cook? "

Mo shenbai took off his apron and handed it to the servant. He lowered his head and whispered, " I heard that occasionally creating a surprise is a secret to keeping a marriage fresh.

Xu Youyou's face turned red. When she saw that the Butler and servants had left, she said in a soft voice, " we've only been married for a short time. Are you already sick of it? "

"Of course not." Mo shenbai took her hand to the bathroom to wash her hands. I just thought of what my aunt said. We should have a proper wedding, so I'll cook tonight and invite dad and mom over to discuss the wedding.

Xu Youyou was stunned. Hold a wedding?

However, he was planning to go abroad as an exchange student.

"Da Bai, I'm Yingluo."

She had just opened her mouth when the Butler's voice sounded from outside. Mr. And Mrs. Xu, please come in.

Mo shenbai took the towel from the shelf and placed it at the side. I'll go out to entertain mom and dad first. You can wash your hands and dry them.

Xu Youyou swallowed the words that were on the tip of her tongue and watched his tall figure walk out of the bathroom.

Xu Jianshe and Cheng Ying were invited to the restaurant by mo shenbai. After a while, Xu Youyou also came over.

"Dad, mom ..."

Cheng Ying beckoned her to sit beside her. you child, such a big thing happened and you didn't tell us. Are you trying to make us anxious? "

She was talking about the kidnapping. Xu Youyou wanted to hide it from them, but when Fu ning's case was in court, the media received the news and couldn't suppress it even if they wanted to.

Xu Youyou apologized obediently, " I'm sorry, Mom. I didn't mean to hide it from you. I just didn't want you to worry about me. Besides, look at me. I'm fine now.

Cheng Ying glanced at her and sighed helplessly. as a parent, you have to worry about your children all your life. If I don't worry about you, who else can I worry about? "

“Mom, brother and I have grown up. You don’t have to worry about us.” Xu Youyou held her arm and said seriously, “mom, you are Cheng Ying first, then Xu Jiusheng’s wife, and finally, my brother and I’s mother.”

Cheng Ying was stunned, and there was an unspeakable shock in her heart.

She turned her head and looked into her husband’s eyes. Her eyes reddened and her voice was a little bitter. “What nonsense are you saying, child? I ...”

“Mom, you’ve been living for us for the first half of your life. I hope that you’ll only live for yourself for the rest of your life! Don’t worry about me and my brother anymore!” Xu Youyou took her hand and placed it on Xu Jiusheng’s hand. “Dad is the one who will spend the rest of his life with you. You should put more energy and attention on dad, not me and brother.”

Cheng Ying looked at her with red eyes and didn’t say a word for a long time.

Xu Jiusheng was also deeply shocked, but he quickly reacted. He held his wife’s hand tightly and showed a gratified smile.

“Youyou is right. You’ve neglected me for so many years for the sake of our two children. Now that they’ve grown up, you should treat me better. After all, I’m the one who will be by your side until you grow old.”

Cheng Ying’s eyes were wet and hot, and she was amused by his words. She reached out and hit his shoulder, but he didn’t pull out her hand.

“Why are you messing around with the child? You don’t respect your elders.”

“It’s not the first or second day that he’s disrespected as an old man. You only found out now.”

Xu Jialu’s voice came from the entrance of the restaurant. He walked in slowly in a black t-shirt and long pants with his two long legs wrapped in defiance of the natural order.

“You little brat, I think you’re asking for a beating,” Xu Jiusheng glared at him and said angrily.

Xu Jialu pulled out a chair and sat down. “We’re here to discuss their wedding today. It’s not appropriate to beat me up. You can change the date.”

Xu Jiusheng was speechless.

Cheng Ying came out to smooth things over. “That’s enough. Don’t fight each other as soon as you see each other. Those who don’t know might think that you’re enemies who are jealous of each other.”

Xu Jiusheng snorted. “He’s not an enemy who’s here to collect debts. Aiyo, you’re the best, daddy’s little jacket.”

Xu Jialu rolled his eyes and muttered, “Women are more important than men.”

Xu Youyou and Cheng Ying looked at each other and smiled helplessly, then looked at Mo Shenbai.

Mo Shenbai’s eyes had been mixed with light and dark since a moment ago, but he didn’t show it. His thin lips curled up slightly to show a faint smile.

At this moment, Lu He Yun pushed mo Zhi Yun into the room.

They were going to discuss his and Youyou's wedding today, so they couldn't just invite the Xu family. The mo family had to be present as well.

He ordered the servants to serve the dishes and opened the wine to accompany his father-in-law for a drink or two.

After three cups of soup, he naturally brought up the wedding.

Mo shenbai respected the Xu family very much and wanted to send the betrothal gifts and get engaged according to the rules of Mo City. The elders of the mo family should have picked the date of the wedding, but he gave this right to his father-in-law.

The wedding with the Lin family was ridiculous, and Xu jiushu had always felt uneasy. He was distressed that his daughter did not have a proper wedding.

Now that mo shenbai had taken the initiative to hold a new wedding, he couldn't be happier, let alone let him decide the wedding date. He was really more and more satisfied with this son-in-law.

although there aren't so many rules now, I still have to go back and look for a date for the wedding. I'll choose a good one.

Mo shenbai poured him a glass of wine. okay, don't worry. I want to hold the wedding after Youyou graduates. If we have too much time, it will affect her school life.

Xu jiushu was very satisfied with his meticulous work and consideration for Youyou. He nodded and said, "It takes time to prepare for the wedding. It's about time."

"I know that Fuyun has a designer who specializes in embroidery. I would like to invite them to do aiyou's Phoenix Coronet and robes." Cheng Ying was full of anticipation for Xu Youyou's wedding and actively participated in the wedding discussion.

you don't have to worry about the wedding dress. I've already asked PEI Chuan to contact the President of Fu Yun and ask her to design the wedding dress. Mo shenbai had already thought of who to design the wedding dress for.

Hearing their discussion, mo Zhiyun couldn't help but touch his own leg, and a trace of gloominess flashed through his eyes.

Lu Heyun noticed that she was a little disappointed. He held her little hand and said in a low voice, "What's wrong?"

I still can't feel anything in my legs. I wonder if I can stand up when the time comes. If I can stand up, I'll be able to help big brother's Youyou wedding.

"Don't worry, the doctor also said that your leg is recovering well. As long as we continue to recuperate, we will definitely recover completely! You have to be confident in yourself, and I have confidence in you." Lu Heyun held her hand tightly and encouraged her with a gentle voice.

Mo Zhiyun nodded with a smile.

Other than mo Zhiyun, there was another person who had a complicated and heavy mood. He felt as if a huge stone was pressing down on his heart, and he was almost unable to breathe.

Cheng Ying fantasized about Youyou's wedding and became happier as she spoke. She looked at Xu Youyou and said, " Oh, let's go pay our respects to your grandmother in two days. We'll also tell her this good news.
