

Chapter 339: Whoever doesn't get a divorce is a dog (1)

Mo shenbai's long eyelashes fluttered, and his dark eyes were calm, so calm that it was almost strange.

However, his tight outline and the visible veins on his forehead betrayed his calm facade.

Xu Youyou felt uneasy. Her clear eyes looked at him with anticipation and she said sincerely, " I really want to go. Can you support me? "

Mo shenbai's Black eyes narrowed silently, and his tight throat seemed to be blocked by something. After a moment of silence, he squeezed out a sentence from his throat. What if I don't agree? "

Xu Youyou was stunned and a trace of confusion flashed in her eyes. why? Although I'll be gone for three years, three years will pass very quickly. I'll have a holiday to come back, and you can go and see ..."

Before she could finish, mo shenbai interrupted her impatiently. Xu Youyou, I will never agree to it.

The cold voice did not have a trace of warmth. It was cold and strong, not allowing any room for discussion.

Xu Youyou's heart trembled, and her emotions were in a mess. She tried to maintain her composure and said in a soft voice,"Da Bai, I really want to go. This is my dream! Why can't you just support me?"

"Your dream is to leave me?" Mo shenbai raised his eyes. His eyes were cold, and every word he said was wrapped in ice.

He could allow her to do anything she wanted, but the only condition was that she could not leave him.

Xu Youyou immediately shook her head. no, my dream is to go out and study so that I can become an excellent artist!

"But your dream will make you leave me." Mo shenbai replied coldly, his thin lips pursed in ridicule. your dream is more important than me.

Xu Youyou choked. She bit her pink lips tightly and did not know how to answer him.

He was important, but his dream was also important. There was no conflict between the two.

big white, big white, big white. she didn't want to give up just like that. Her slender fingers reached out to pinch his sleeve and pulled it gently, her black eyes full of innocence and grievance.

in my heart, you are as important as my dream. I have always lived in Mo City under the protection of my parents and brother. I don't want to live under your protection in the future. I want to go out and see what it's like to live on my own!

If it was in the past, mo shenbai's heart would soften into a ball of water when he saw her acting cute and pitiful. He would immediately raise his hands and surrender, and everything would go according to her wishes.

But this time, he couldn't. Even if he couldn't bear to, he couldn't say "yes."

His well-defined fingers pried open her slender fingers, and his deep and cold voice was as domineering as ever. I won't agree to you going.

I won't let you leave me and go to such a distant place.

Xu Youyou's hand was empty, and the coldness swept through her body like a tsunami. Even her limbs were stiff.

Her thick and curly eyelashes trembled violently, and a strong and unyielding will rose from the bottom of her heart. She raised her head, and her clear eyes were hotter than the sun.

"What if I must, must, and absolutely have to go?"

She didn't believe that he would break her legs like her brother and lock her up at home.

Mo shenbai's eyes were obscure, and the anger from the deepest part of his heart gushed into his chest. His thin lips opened slightly. if I say divorce, will you go? "

Xu Youyou was stunned, and her mind went blank. Her delicate face turned pale, and she almost suspected that she had heard wrong.

Did he just say "divorce"?

The atmosphere became more and more stiff, cold, and suffocating.

Mo shenbai avoided her sad eyes, got up, and repeated ruthlessly, " if you want to go abroad, Then we'll get a divorce.

With that, he turned and left the restaurant without looking at Xu Youyou's expression.

Xu Youyou sat alone in a daze, and tears rolled down from her eyes under her thick eyelashes.

She raised her hand to wipe it away, but her tears were like broken beads, falling one by one.

Looking at the cup in front of her, she was angry and aggrieved. She reached out and waved it to the ground.

He sobbed as he cried, " mo shenbai, you Big Bad guy! You're a turtle, a bastard, and a rotten egg ... If you want a divorce, so be it. Whoever doesn't get a divorce is a dog."

The more she cried, the sadder she became. In the end, she leaned on the table and sobbed. I'll go abroad. I won't get a divorce. I'll anger you to death, stinky Great White ... Sob ...

LAN Huo, private room.

Mo shenbai chugged down one glass of vodka after another, as if he was drinking plain water.

Bo Qi had not been in a good mood recently, but he did not drink as much as he did. He held the cup and took a sip, not taking a sip, his mind elsewhere.

Xie tingxi was checking something on his phone as he glanced at the two of them. He said calmly, " if you two have something to say, say it quickly. I only have 20 minutes left.

He glanced at his watch. He had to go home at nine O'clock sharp to sleep with Xie Yumu. Otherwise, that little rascal would tear down the house again.

Recently, he had the illusion that he didn't have a son, but a Husky.

Hearing this, Bo Qi lifted his eyelids to look at Mo shenbai, who had a gloomy and ugly expression, and said nonchalantly, "The little loli is only going abroad, she's not having an affair ..."

Mo shenbai's drooped eyes looked up, and his gaze swept over him like a knife.

Bo Qi instantly shut up. After punishing himself with a cup, he changed his words. she's only going abroad for three years, not earth. Even if she's on earth and on Mars, you can still follow her. There's no need to make it look like the end of the world.

Mo shenbai's eyes were gloomy as he swept a cold glance at his face. He did not say anything and just drank the wine.

Xie tingxi's gaze finally moved away from the phone, and he hit the nail on the head, "Shen Bai is not angry that the little loli wants to go abroad, but in the little loli's heart, going abroad is more important than him.

"This ..." Bo Qi hesitated.

"Bang!" Mo shenbai slammed the cup in his hand on the table and looked at Xie tingxi with a cold gaze.

Xie tingxi knew that he was angry out of embarrassment. He put down his phone and leaned over to pour him some wine.

you're angry because you want to occupy every inch of her heart and become the only one in her life. But when it comes to the option of going abroad, you're obviously placed at the back.

Xie tingxi paused for a moment. His thin lips curved into a faint smile. shenbai, you're a typical possessive person.

Mo shenbai's slender body leaned lazily on the sofa. His slender fingers held the glass of wine and he drank it in one gulp.

Bo Qi frowned, looking slightly annoyed. women these days are so troublesome. On one hand, they want a man to pamper them all the time, but on the other hand, they want to be independent and have a career. This is not pretentious ...

Before he could finish, Mo shenbai shot him a cold look. shut up.

He was angry, but he still had to protect his wife.

Bo Qi was speechless.

Xie tingxi didn't drink any wine. The glass was filled with lemon water. He took a sip and said, you two registered your marriage in Ireland. Although you can't get a divorce no matter how hard you try, the little loli doesn't know. Don't scare her too much, and in the end, she'll be like me ...
