361 Chapter 363 Du Nan's Plea (13 more)

Du Nan smiled, "Xiyao, I'm here to give New Year to my uncle and aunt." He also held several gift bags in his hand.

"The heart has received it, now you can go, and you can take it back. The gifts in my house are piled up. My mother is worried about how to solve them. You don't have to come here to join in the fun."

Facing Wen Xiyao's cold words, Du Nan's expression did not change. His eyes fell on Wen Xiyao's face. "Xiyao, I didn't mean anything this time. I knew I had done something wrong and hurt It's too late to say sorry to you now. I've figured it out. I promise I won't be entangled with you in the future. My only request is if you can't exclude me like this, just treat me as a childhood growing up with you. Is playing companion OK?"

"No!" Wen Sixian said in a cold voice. He heard the movement in it, and came out to see. Unexpectedly, he saw Du Nan. In an instant, he felt his hands itchy.

Du Nan saw Wen Sixian, his body suddenly stiffen, last time in the capital, Wen Sixian taught him too deep, even after so long, still let him see this person feel nervous.

"Brother Wen."

Wen Sixian waved his hand, "I can't afford your brother, and our family doesn't welcome you anymore. Now hurry and leave. If you don't leave, I will beat you." He raised his fist.

Du Nan stiffened his face and put the things down. "Okay, I'll go right away. Help me tell my uncle and aunt a happy new year."

"Wait." Wen Sixian stopped him, "Take your things away, our house is not that bad."

Du Nan glanced at Wen Xiyao and saw that she didn't speak. There was a glimmer of sadness in her eyes. She picked up the things and put them in the car. When she drove out, she just saw Wen Sihan's car coming in. The co-pilot wasn't in Shen Junyu. who is it.

Seeing Shen Junyu's profile, Du Nan's eyes instantly became cold. He took a cold look at Wen Sihan's car before driving away.

When Shen Junyu got out of the car, he saw Wen Xiyao waiting at the door, his eyes softly smiling, "Why don't you go in and wait for me?"

Wen Xiyao squinted, "Who said I was waiting for you, and see you for beauty."

"Yo, don't admit it yet, and don't know who it is. I was still talking about how this person hasn't come yet." Wen Sixian didn't pierce her with love from her compatriots.

Wen Xiyao secretly glared at his second brother, this traitor, and the smile in Shen Junyu's eyes was even stronger.

Wen Mu and Wen Bingchuan had just come down and smiled when they saw Shen Junyu.

"Jun Yu is here, come in and sit down."

Shen Junyu enters the door and pays homage to Wen Mu and Wen Bingchuan.

The Wen family is peaceful and happy, but the Du family is dismal.

Just after Du Nan's car stopped, Du mother came out and looked at him hopefully, "How did you tell your uncle Wen and aunt Wen?"

Du Nan entered the house without a word, without a word. Du Honghai sat in the living room. When he saw Du Nan's expression, he knew that it must have failed, and sighed, "Oh, forget it, so be it. ."

Mother Du came in and heard her husband's words and said, "The Wen family is really so unsympathetic, and the two have been in friendship for so many years. Now they are really watching us die, don't they want to stretch out a hand? ?

Du Nan said, "I didn't even see Uncle Wen and Aunt Wen,"

Mother Du looked at him, "Are they not home?"

Du Nan shook his head, and Du Mu immediately understood that it was unwilling to see Du Nan, and he couldn't help but feel angry, "For the sake of such a small matter, even now, Wen's family is really good enough, and our family is not without apology. Du Nan knelt down for them. What else do they want, as their children are golden, are my children not babies?"

Du Honghai frowned, "Don't say, it's your duty to help you, it's your duty to not help. The relationship

between the two is like this. It's normal for people not to help."

Mother Du was anxious, "I am not for you. For this family, the company is now facing bankruptcy. If it can no longer get bank loans, it will really go bankrupt and the Du family's foundation will be destroyed. We are not asking The Wen family borrowed money just to let them be the guarantors, why not?"

"Mom, I will find a way to deal with the company's affairs." Du Nan said.

"Somehow, what can you do? Now people outside are watching the jokes of our family. They are eager to bankrupt our family. You just ask people to borrow it and you can't borrow it." Du Mu said with a sad expression on her face. In the past few months, Du's situation has been deteriorating. Several senior executives have left their jobs, and many projects have to be shut down because of a broken capital chain. Even Du's shareholders started selling the company's stock.

Du Nan has been rushing among shareholders recently, just to stabilize shareholders' emotions, let them rest a little restlessly, don't rush to sell their shares, and assure shareholders that they will definitely find a way to pull funds and let Du's resurrection.

He also went to other Du Shi partners, wanting to give some of Du Shi's good projects to them in exchange for working capital, but now Du Shi is simply a mess, and people are not willing to take over.

Du Honghai sighed, "This is life, if Du's really can not support it, declare bankruptcy." He already wanted to open.

Mother Du screamed, "What kind of joke did you declare bankruptcy? Was it not the Wen family's suppression in the early stage, did our capital chain break?" Du's is not the current situation caused by poor management, as long as Wen Jiaken is our guarantor, The bank will give us a loan. Or, will I talk to the Wen family?"

"Mom, don't disturb you." Du Nan was dissatisfied. If his mother really went to the Wen family, it wasn't a help. It was helping. According to her temperament, if the Wen family refused, she might not What did you say? Now the relationship between their family and the Wen family was originally a thin layer of ice. If it was completely broken, Du Shi could really only declare bankruptcy.

Du Honghai also persuaded his wife, "You still stay at home, Du Nan has been tired recently."

Du Mu cried, "What do you two mean? I want to do something for our family or am I wrong?"

"Mom, we don't mean that. Wen Jia and I will go again sometime. This thing will let me do it. You just take care of Dad at home."

Du Mu's heart is still uncomfortable, but now Du Honghai and Du Nan are not comforting her. Du Nan is full of brains just after seeing Shen Junyu, and she couldn't help but think that if Wen Xiyao didn't go to the Zhou family, If you don't, you won't meet Shen Junyu, will things be different now?

But there is no such thing in the world. Wen Xiyao met Shen Junyu and fell in love with him. This is an indisputable fact. He has guarded for so many years, and the woman who has loved for so many years has been robbed like this. Hate is impossible. He does not hate Wen Xiyao, but he hates Shen Junyu.

Du Nan went to the door of the Wen family again the next day. When he came, Wen Xiyao and Shen Junyu were planning to go out.

Du Nan did not expect to see Shen Junyu when he came to the Wen family so early. Obviously, he lived in the Wen family last night. When he thought of this, Du Nan's eyes changed and he looked cold in Shen Junyu's eyes. Shen Junyu raised her eyebrows slightly.

When Wen Xiyao saw Du Nan again, he couldn't help feeling a little irritable, and his face was cold. "What the hell do you want to do again?"

Du Nan gently raised his eyebrows and explained, "Xiyao, I'm here with Uncle Wen."

"Look for me?" Wen Bingchuan said, and he had just returned from outside.

Du Nan saw Wen Bingchuan and his eyes shone brightly, "Uncle Wen, I have something to tell you."

Wen Bingchuan immediately understood that although he was not particularly concerned about Du's situation, he also knew that Du Nan came to the door for two consecutive days, but did not come to Wen Xiyao. The purpose is not difficult to guess at all.

"Come in." Wen Bingchuan said.

Wen Xiyao glanced at his father and wanted to say something. Shen Junyu gave her a wink, and Wen Xiyao shut up.

"Uncle, then Xi Yao and I will go first." Shen Junyu said gently.

Wen Bingchuan nodded with a smile, "Well, go."

Du Nan followed Wen Bingchuan into the house. Wen mother saw Du Nan, she had no good looks, looked at her husband, turned and went upstairs.

Wen Bingchuan placed a cup of tea in front of Du Nan, and Du Nan took it embarrassedly, "Uncle Wen, I am here today..."

Wen Bingchuan waved his hand, "You don't need to say, I know what you came for, you grew up watching me, the relationship between the Du family and the Wen family has always been good, if you are an elder, you made a mistake I also realized my mistakes. I should forgive you. After all, I am a young man. There are no mistakes. But as a father, Xi Yao is my most beloved daughter. , You hurt her, I can't

forgive."

"Uncle Wen, Du's really can't stand it anymore. I wouldn't be cheeky if I had nowhere to go. In the past few months, my father has been worried about the company's affairs and has been in the hospital several times, even I didn't take a good rest during the New Year. I looked at him like this, and my heart hurt even more. Uncle Wen, I beg you, help Du Shi, last time, help Du Shi last time?" Du Nan pleaded in a low voice.

Wen Bingchuan looked at this child who was also a high-spirited, proud and self-confident child, but now praying so humbly, he sighed deeply in his heart, "Du Nan, if you knew that, why did you have it?"

Du Nan smiled bitterly, "Uncle Wen, you also know that I have loved Xiyao since I was a child. For so many years, my liking for her has grown deeper with time and age, even I don't even know it. Xiyao is in my This is so important in her heart, she is my life. What crazy things a person will do when he is about to lose his life are beyond his own reach."

Wen Bingchuan has also been young, and naturally understands this mood. If the injured person is not Wen Xiyao, then he can still say a young man's affection, but when this person is replaced by his daughter, his mind is complicated.

"Du Nan, you understand Xi Yao's heart very well, but I don't agree with the way you do things. You like Xi Yao. If you pursue it with normal means, your uncle has absolutely nothing to say and will even support you, but... .."

"Uncle Wen, I know I was wrong, hurt Xi Yao and hurt you, but all the mistakes were committed by me, my father did nothing wrong, and you have been in friendship with my father for many years. , Do you really have the heart to watch my father's efforts so ruined?"

Wen Bingchuan's eyes flickered, and he and Du Honghai had indeed been in friendship for many years, and the friendship between them was also profound. It is impossible to say that it is unfortunate that Du Honghai has strong and good face for the sake of the troubles of his children. People, as Du Shi is now, the blow to him must not be small.

After being silent for a moment, Wen Bingchuan finally nodded, "I can be your guarantor at the bank, but it is impossible for Wen and Du to cooperate." This was the biggest concession he saw on Du Honghai's face.

Du Nan did not expect that things would turn out like this, and there was still some overtime. Wen Bingchuan continued, "When the bank comes to work, I will let Sihan go with you, but there is one thing, this is the last time. Even if the Du family is bankrupt, the Wen family will not interfere, and you will never come to the Wen family again, let alone find Yao."

Du Nan's eyes dimmed and his head was lowered, "Okay, I promised Uncle Wen that I won't go to Xiyao again."

Du Nan left Wen's house, Wen Bingchuan told Wen Sihan, Wen Sihan nodded, "I know."

**

Wen Xiyao and Shen Junyu left their homes and drove to the beach. Haicheng was near the equator. Even in winter, the temperature here is still not low, which is very suitable for winter vacations.

"This time you should let Qinglan and Hengyi come together. The temperature here is very suitable for vacation, the environment is good, and it is also beneficial for her to raise a baby." Walking on the beach, Wen Xiyao said.

Shen Junyu held Wen Xiyao's high heels in her hand, heard the words, and said with a smile, "She is going to participate in the wedding of a good friend of hers in two days, certainly not coming, and the adults at home are not worried about letting her and Hengyi Come out alone."

Wen Xiyao understood at a moment's thought that if Fu Hengyi was fine, everyone would be relieved, but a pregnant woman and a patient are all people who need care, and naturally they cannot rest assured when they come out alone.

"That Hengyi's leg injury..." Wen Xiyao asked with some worry.

"Although it cannot be completely restored to the previous level, it will not affect his normal life, and he will return to the Beijing Military Region in the future. This is not necessarily a bad thing for the two of them."

"Well, that's fine, otherwise Qinglan will have to work hard with children." Wen Xiyao said, thinking of this, Fu Hengyi's injury was really not necessarily a bad thing.

"In fact, it's hard to imagine how Heng Yi helped Qinglan take the children." Wen Xiyao said.

"You don't need to know how he takes the child, you just need to know how I helped you take the child." Shen Junyu said softly.

Wen Xiyao: ...Is there a sudden change in painting style?

"Who wants to have a baby with you." Wen Xiyao gave Shen Junyu a big white eye, in exchange for Shen Junyu's spoiled look. "You don't want to have a baby with me, who do you want to have a baby with?"

Wen Xiyao hummed, "Follow my goddess."

Shen Junyu looked sideways, "Is your male god not me?"

Wen Xiyao smiled, "Of course... it's you!"

Shen Junyu's eyes grew deeper, and Youyou said, "You are also my goddess!"

"That is necessary. If you dare to have other goddesses, I will..."

"How about you?"

"You will sleep in the study room for me in the future!" Wen Xiyao said "Viciously", making Shen Junyu laugh, he reached out and hugged Wen Xiyao's waist, and kissed her fiercely on her lips, "Xi Yao, how can you be so cute!"

Wen Xiyao's pretty face was reddish, her head was down, her eyes and brows were all smiling.

Shen Junyu took her hand and wandered on the beach with her. Wen Xiyao held a shell on her hand. This was the one she just picked up on the beach. "You know? I liked coming to this beach when I was a kid. At that time, there were not so many people here. My brothers and I and Du... often came here to collect shells. When the tide was low, there were starfish on the beach. I learned to swim here." Wen Xiyao Shen Junyu was talking about things as a child.

She pointed her finger at an area, "Look, there is a beautiful coral over there. I went diving with my second brother before and saw that the sun shines through the water between the coral bushes. I'll never forget it after seeing it."

Shen Junyu looked along her line of sight and could only see a calm sea, "Is this piece of coral still there?"

Wen Xiyao shook his head. "I don't know. I have spent most of my time abroad in recent years. I just stayed at home with my parents even when I was back home. I haven't been here for a long time. How about we ask in the past?"

Just do it. Shen Junyu and Wen Xiyao went to a nearby dive site, where you can rent diving equipment. The staff here told them that the coral was still there and it was well preserved.

"Jun Yu, let's go diving."

Shen Junyu's eyes flashed lightly, and there was a dilemma in his eyes. "It's not too early today, shall we go home first?"

Wen Xiyao looked at the time, "It's 11 noon, where is it late?" Then, she suddenly looked at Shen Junyu, her face full of curiosity, "Aren't you going to swim?"

Shen Junyu's face was awkward. Wen Xiyao's eyes widened. "You really can't swim?"

Shen Junyu looked at her and spoke lightly, "Is it strange to not swim?"

Wen Xiyao shook his head, "It's not strange, it's strange that you can't swim."

Shen Junyu smiled and smiled, "I am not a god-man, I can do everything everywhere."

"You won't and it doesn't matter, I will teach you!" Wen Xiyao touched his chin and looked at Shen Junyu, his eyes flashing.

Shen Junyu was struck by the light in Wen Xiyao's eyes. Before he could react, Wen Xiyao had already bought two swimsuits from the store.

Shen Junyu looked at the swimsuit that Wen Xiyao was holding, frowning tightly, "What's wrong?" Wen Xiyao looked at him, "Aren't you afraid?"

Shen Junyu took Wen Xiyao's hand and walked in the opposite direction to the beach.

"Jun Yu, we learn to swim, not go home." Wen Xiyao said.

Shen Junyu's footsteps did not stop, continue to move forward, "Learning to swim someday can be learned, the swimsuit quality here is too poor, we first go back and buy the equipment and then come."

Wen Xiyao looked at the swimsuit in his hand and said, "No, I just picked the best quality." Suddenly, her eyes turned and she laughed, "Shen Junyu, you should be jealous. ?"

She thinks she has understood what Shen Junyu has just struggled with. The women's swimsuit she just took was a bikini.

Shen Junyu stopped and glanced at her, "What jealousy do I eat?"

Wen Xiyao picked up the swimsuit in his hand and shook it in front of Shen Junyu's eyes. "Eat its vinegar.

Jun Yu, I didn't expect you to be such a conservative person." When she was studying abroad, she and Annie were both But often sunbathing on the beach in bikinis, the beaches of Hawaii are so beautiful.

Shen Junyu's eyes were faint, "You think too much, my mind is not that small. It's just that it is winter in the end, the temperature here is no more suitable, and the time in the water can't be too long, and we are not at lunch now. It's dangerous to eat on an empty stomach."

What you mean is no more reasonable, no matter how magnificent it is, it can't hide the fact that you are jealous. Wen Xiyao thought lightly, but this is his own man, his face should still be taken care of, Wen Xiyao has something to do with it Nodded, "Well, what you said makes sense, then let's go to eat first. But..."

Her tone changed slightly, and suddenly jumped on Shen Junyu's back, "I want you to carry me back."

Shen Junyu didn't expect that she would do it suddenly, and the two of them almost fell to the ground under surprise. Fortunately, Shen Junyu was trained by Master Shen from an early age, and the bottom plate was very stable. This stabilized his figure. He reached out and held hands in Wen Xiyao. Slap on his butt, "I'm so brave that I'm not afraid of falling. I won't want you if you break your face."

Wen Xiyao smiled around his neck, "I know you won't let me fall, and, if I am really broken, will you really not want me?"

Shen Junyu smiled, "Naturally not, you just become an ugly monster, and I want it too."

Wen Xiyao was satisfied, and kissed him on the side of Shen Junyu's face, "I am very satisfied with this answer and reward you. As for the slap that you just hit the girl, I will not care about you. ."

Shen Junyu petted a smile.

This is not far from the Wen family. They came when they came. Now they still choose to go back. Wen Xiyao lies on the back of Shen Junyu and talks to him, "You said that I know Qinglan. For years, why didn't I know you earlier?"

"You have known Lan Lan for so long and you don't know that she has a brother. Where did you go to meet me?" Shen Junyu said.

Wen Xiyao tilted his head, thought for a while, and laughed, "Also, Qinglan was too low-key. At the school, the whole school knew that there was a school flower in the freshman, the face was peerless, and the coldness was like the flower of Gaoling, but Who would have thought that this high-mountain flower is still the gold of the Shen family. If everyone knows, I guess the threshold of the Shen family will be broken."

"What about you?" Shen Junyu asked.

"what?"

"When you went to school, there were many suitors?"

Wen Xiyao's eyes turned round and round, "Well, Miss Ben is so full-bodied and has a pleasant personality. People who like me are naturally from here to the gate of my house. So ah, you should be with me now feel honored."

Shen Junyu cooperated with her, "Yes. My Miss Wen, you can marry you in this life, it must be that my last life saved the galaxy."

Wen Xiyao laughed loudly, "Shen Junyu, did you drink honey water this morning?"

Shen Junyu frowned softly, "No, these sweet words only belong to you."

Wen Xiyao shook his head and reached out to cover Shen Junyu's mouth, "Don't say it, if you continue to talk about me, you will be dizzy, Shen Junyu, you say you are deliberate, just want to inhale me with sweet words. Yes, and then love you all your life, right?"

Her tone was fierce, but the smile on her face was brilliant. Shen Junyu stuck out her tongue and gently licked her palm. Wen Xiyao's ears immediately turned red and she retracted her hand.

Shen Junyu said, "Well, I discovered it by you. I didn't want to let you love me with all your heart in my life. In the next life, the next life, I still want to meet you and be your lifelong partner."

Wen Xiyao hugged his neck tightly, "Shen Junyu, this is what you said, I'm a real person. If you don't find me in your next life, you will be with other women. When you reach the bridge, I will eat you. ."

Shen Junyu smiled, "Okay."

Wen Xiyao smiled with his brows and looked at the overlapping shadows of the two in the sunlight, "Shen Junyu, it's nice to meet you. I'm so glad I bumped into that."

Who knew that the first hit would have hit such a fate.

When there were hundreds of meters away from Wen's house, Wen Xiyao asked Shen Junyu to put her down. When the two returned home holding hands, Du Nan was no longer there. Wen Xiyao didn't ask Du Nan why he was here. No matter what she did, it had nothing to do with her.

**

Beijing, the sixth day, today is the wedding of Fang Tong and Li Boming.

Shen Qinglan got up early in the morning. Although she is not a bridesmaid today, her good friend's wedding must not be late.

Fu Hengyi was going to accompany her to the wedding today. Shen Qinglan had to go to Fang's house without starting with Fu Hengyi. "Can you really go alone?" Shen Qinglan asked.

Fu Hengyi nodded, "Well, no problem, the driver at home will send me over, I will probably arrive when you arrive, and I will wait for you in the church."

"Okay, then I'll go first." Shen Qinglan said.

Coming to Fang's house, Fang Tong has started to put on makeup. Looking at her white wedding dress, Shen Qinglan was in a trance before her eyes. Yu Xiaoxuan, as today's bridesmaid, had also arrived. Seeing Shen Qinglan's belly, she quickly stood up and moved Shen Qinglan sit aside and sit down.

Shen Qinglan was speechless, "Xiao Xuan, I haven't reached this level yet."

Yu Xiaoxuan said, "I always feel thrilling to see your big belly."

"You're so thrilling, haven't you acted as a pregnant woman in a TV series?" Fang Tong said.

Yu Xiaoxuan pouted, "Can it be the same, I'm fake, but Qinglan is real. Be careful. If I hurt my son, I'll cry, right, baby son."

Fang Tong touched the goose bumps on his hand, "Yu Xiaoxuan, don't tell me, my goose bumps have fallen to the ground. If my makeup is spent, you're the one who hurts."

Yu Xiaoxuan rolled his eyes, "Obviously you are nervous yourself, you must blame me."

Shen Qinglan looked at them with a smile, and it was also a very happy thing to rejoice and quarrel with the enemy.

Fang Tong's wedding was Western-style. Originally Li Boming was holding a Chinese-style wedding. After all, when Shen Qinglan got married, Fang Tong said that he liked Chinese-style wedding very much, but after the two discussed, they still felt that Western-style wedding was better.

Western-style weddings are easier to prepare than Chinese-style weddings. Fang Tong and Li Boming's wedding dates are close. The wedding dress for Chinese-style weddings is a relatively large project, and Fang Tong and Li Boming do not want to buy a wedding dress casually, so in the end They chose Western style for their wedding.

Fang Tong's bridesmaid is naturally more than Xiao Xuan, and two are classmates of the university. When he arrived at this time, one of them was unexpectedly Tan Yuxin.

Tan Yuxin saw Shen Qinglan with a shy smile, "Qinglan, I haven't seen you for a long time."

Shen Qinglan's mouth twitched lightly. Since graduating in June, she hadn't really seen these classmates yet, but she didn't expect Fang Tong and Tan Yuxin to have a good relationship. Fang Tong probably saw Shen Qinglan's doubts and explained, "Yu Xin is now working in the Junlan Group and is in the same department as me." It is just that she went to a foreign branch after the year and will not return to China in a short time.

Shen Qinglan, another bridesmaid, was not impressed. It seemed to be Peng Bailing.

Peng Bailing got along well with Fang Tong when he was in school, but he was unfamiliar with Shen Qinglan. After saying hello to Shen Qinglan, he sat on the side.

When Li Boming came to pick up, the three bridesmaids went out to embarrass the bridegroom, leaving Shen Qinglan to accompany Fang Tong. Seeing Fang Tong sitting motionless on the bed, Shen Qinglan's mouth twitched lightly, "Very nervous?"

Wen Yan, Fang Tong nodded, "Well, nervous, Qinglan, were you nervous when you got married?"

"Nervous. But not so nervous." After all, she and Fu Hengyi received the certificate first, and the wedding was held a year later. Compared to Fang Tong, her heart is naturally much calmer.

Fang Tong said softly, "Qing Lan, in fact, I didn't even think I would be with Li Boming. I was a very good friend with him when I was a kid. Later, when he went abroad, I had less contact with him. It can be said that there is no connection, and I liked it at first... I thought I would never fall in love again in my life." Ding Minghui's betrayal hit Fang Tong hardly, and it was not too disheartening to say that he was disheartened.

"When I was abroad, Li Boming often looked for reasons like this to see me. I didn't understand his intentions. I also refused, but after all he surrendered in his perseverance."

"Do you love him?" Shen Qinglan asked.

Fang Tong thought for a while and nodded. "Well, I love him. This kind of love is different from Ding Minghui. It is not so warm. It is more like a cup of warm water. It is plain, but it makes me feel at ease, Qinglan, and Li Boming. , I feel very stable and very stable. Maybe I will not be as desperate as Edin Minghui in my life, but I still enjoy the long current like this."

Shen Qinglan looked at the tenderness between Fang Tong's eyebrows, which was different from the original bright, but the quietness accumulated over the years.

"This is very good, he loves you more than you love him, you will be very happy." Shen Qinglan said.

Fang Tong nodded, "Well, I will be happy. My biggest wish is to be able to marry someone I love in the future, and then have a lovely child, wash his hands and make soup, and raise the children with him. Qinglan , Do you think I am too good? My pursuit turned out to be Xiangfu's godson." Here, she couldn't help but smile.

"This kind of pursuit is very good." Shen Qinglan said, "I live like this now."

"We are different. You are someone who has your own business. You are now a famous young painter. Every picture is worth millions."

"Nothing is different. Painting is just my hobby. Now my focus is on my husband and children."

Fang Tong looked at Shen Qinglan, "If I were to switch to two years ago, I would never dare to imagine how you would become a good wife and a good mother. I always thought you would be the latest among us to marry." After all, Shen Qinglan's temperament is there And, there are not many contacts with the opposite sex in school.

Shen Qinglan smiled, not to mention Fang Tong, even she did not expect that one day a man would appear in her life, making her love like life.

"Are you going to work in a foreign branch in the future?" Shen Qinglan asked her.

Fang Tong nodded, "Well. I want to stay abroad for two years." It was just one of the conditions for studying abroad.

"If you want to come back, I can tell my brother."

"No, I have discussed this with Li Boming and the family." Fang Tong refused. Some time ago, Shen Junyu also asked her to discuss this issue. If she wanted to return to China, he could arrange it, but she refused it herself. .

"Qinglan, I'm not a very ambitious person, but I'm not a half-doer. I will choose to finish it since I started

it."

Shen Qinglan saw Fang Tong think very clearly, naturally no longer persuaded. At this moment, Yu Xiaoxuan and several people came in, thinking that Li Boming had reached the final level.

Yu Xiaoxuan's face was excited, and people who didn't know thought she was the one who married today.

When Li Boming passed the last level set by Yu Xiaoxuan, the time was running out. Li Boming had a thin sweat on his forehead, and looked at Fang Tong's eyes soft and gentle.

"Tongtong, I'll pick you up." He smiled and put his hand in front of Fang Tong.

Fang Tong looked at the big hand in front of him quietly, and gently put his hand up.

364 Chapter 367: Try Again (One More)

The wedding was held in a famous cathedral in Beijing. This time, in addition to the relatives and friends of the two, colleagues and classmates of Li Boming and Fang Tong, as well as colleagues of Fang Chengzhi and friends at the Lijia Shopping Mall, the people who come are not less.

After Shen Qinglan arrived, he called Fu Hengyi and saw Fu Hengyi at the door.

When Shen Qinglan and Fu Hengyi appeared together, the other people's reactions were nothing. The biggest reaction was to Fang Chengzhi's colleagues, who were all political people, and were in Beijing. This sensitivity is still there.

Fang Chengzhi personally stood up to pick up Fu Hengyi and Shen Qinglan. "I didn't expect Mr. Fu to come in person. This is really an honor for the little girl."

Fu Hengyi smiled and Shen Qinglan said warmly, "Uncle need not be so polite, today we are just Fang Tong's friends."

The smile on Fang Chengzhi's face was stronger, and he took Shen Qinglan and Fu Hengyi to the front row. Since the last time he participated in the wedding of Shen Qinglan and Fu Hengyi, his resistance in work has been much smaller. The measures implemented can finally be carried out, and the political performance has finally improved.

So these few months, although Fang Chengzhi's work is exhausting, his spirit is very good. Today he knew that Shen Qinglan would come. He was very grateful. He didn't expect that even Fu Hengyi had come, which gave him a good face.

Fang Tong was in the back room, the wedding was about to begin, and Fang Chengzhi said to them and left.

Fu Hengyi sat next to Shen Qinglan, holding her hand.

When the music sounded, Fang Tong walked in with Fang Chengzhi's hand. Her eyes looked at Li Boming in front of her, with a smile on her lips.

The wedding went very smoothly. Fang Tong was sitting on the other side of Shen Qinglan, and he said inconceivably, "I thought Ding Minghui would make trouble."

After hearing the words, Shen Qinglan gave her a light glance, which was thankfully Yu Xiaoxuan said lightly. Only she heard it. If someone heard it, she thought it was Yu Xiaoxuan's trouble.

Yu Xiaoxuan put out his tongue, "But he doesn't count his acquaintance, otherwise, hum..."

Shen Qinglan was not surprised at this point. Even if Ding Minghui wanted to come, Liu Hui would not let him come. This person, Liu Hui, absolutely had a means to deal with Ding Minghui. Seeing Ding Minghui wanted to make a divorce some time ago but has not been successful so far. It can be seen.

The wedding reception was held at the hotel, and everyone went to the hotel after the ceremony.

By the time Shen Qinglan and Fu Hengyi came back from the hotel, it was close to the evening. They

were wounded and pregnant. They didn't drink. It was just that people kept taking the opportunity to climb the relationship with them at the wedding party. It made people a little tired.

Shen Qinglan did not eat much at the wedding banquet. After returning, Fu Hengyi asked Aunt Zhao to cook something for Shen Qinglan.

"After eating and taking a break, you didn't take a nap today." Fu Hengyi said while watching Shen Qinglan eating.

Shen Qinglan nodded, "I contacted Eden yesterday, he will be back in half a month, and you will be ready for your third surgery."

Fu Hengyi was not very concerned about his surgery. During this time, his leg sensation also recovered obviously. Although he still could not stand up, the recovery of his sensation also proved that the injury had improved.

"Well." Fu Hengyi responded lightly and put a piece of boneless fish into Shen Qinglan's bowl. Shen Qinglan looked at him. "You don't seem to care much about your injury?"

Fu Hengyi raised his head from the great cause of picking fishbone and looked at Shen Qinglan, "Are there any?"

Shen Qinglan nodded, "Yes."

Fu Hengyi smiled, "Eden didn't mean that my leg could recover. He was someone you can trust. I naturally believe it. In that case, there is nothing to worry about, but it's just an operation." He said Understatement.

Shen Qinglan thought about it, too, and shook his head, it seemed that he was too nervous.

**

Shen Junyu and Wen Xiyao came back on the seventh day. When they came back, Wen Xiyao brought a lot of food to Shen Qinglan. Shen Qinglan looked at the pile of food in front of him, and looked at Wen Xiyao helplessly. Sister Yao, I can't eat so much."

"These are all prepared by my mother and are local specialties of Haicheng. You can get some for your friends if you can't finish the meal. And your sixteen tea house opens and benefits for employees are also good."

Shen Qinglan's teahouse staff is not many, so it's the past to use these for welfare.

"Do you not leave a little bit yourself?"

Wen Xiyao shook his head, "Forget it, I grew up there since I was a child, these things have been tired of, and..." She paused, squeezing the meat around her waist, "After a year, I My waistline is a big circle, but I am about to wear a wedding dress now. I don't lose weight now. If I can't wear a wedding dress, I will have more fun."

Her expression mourned, this year is too indulgent, and even made her body so blessed so much.

Then she looked at Shen Qinglan with unabashed envy, "Qinglan, I think you eat a lot on weekdays, why are you a pregnant woman, except for the big belly, it doesn't even grow anywhere else? Meat?" She said heartache.

"Actually, I've grown meat." It's just where it grew. Well, in the words of Master Fu, I can't grasp it now. Regarding this change in Shen Qinglan, Fu Ye was simply satisfied with it.

Wen Xiyao's eyes fell on Shen Qinglan's chest and nodded, saying more and more enviously, "Well, it's really a flesh."

Shen Qinglan slightly embarrassed.

Wen Xiyao suddenly approached Shen Qinglan and lowered his voice, "If you say what size you are now, is your home grandfather special... well, satisfied."

A little embarrassment flashed on Shen Qinglan's face. I didn't expect Wen Xiyao to say such a thing. It's just that Miss Shen was Miss Shen. She just returned to nature in an instant. ."

Just a sentence, Wen Xiyao, who originally wanted to seduce people, was instantly reversed. Wen Xiyao not only had a red face, but even her ears were red. She gently beat Shen Qinglan, "You have no mouth Blocked."

Shen Qinglan smiled, "The facts I said."

Wen Xiyao started the conversation, "Is your due date early in May?"

Shen Qinglan nodded, "Well, the doctor said it was May 8."

"It's a good time. You are just in the summer after confinement. My mother said that confinement women can't blow hair and can't take a shower. If confinement is confined in summer, it really hurts."

This point, Chu Yunrong also said before, that Shen Qinglan really has a headache for this confinement in China. He can't blow hair, can't take a shower, can't do that, can't do that.

Shen Qinglan now looked sad as soon as he thought of this.

"Sister Xi Yao, how is your wedding preparation with my brother?" Not wanting to think about such a

headache, Shen Qinglan simply changed the subject.

"After the Lantern Festival, my mother will come to Beijing and prepare for the wedding with your mother." Wen Xiyao said, her wedding with Shen Junyu is scheduled for March 28, almost two months away from now. Wedding dress The wedding venue was booked a long time ago, and the remaining things were completely ready in two months.

"Have you and my brother taken wedding photos yet?"

"Well, we plan to wait for the weather to get warmer before we shoot." Wen Xiyao said that she originally wanted to shoot an underwater wedding dress, but she gave up after she knew last time that Shen Junyu would not swim.

"You said that, I remembered, Qinglan, you help me look at these invitations." Wen Xiyao patted his head, and finally remembered another business that came to Shen Qinglan today.

She took out a large stack of invitations from her bag. "Look at which of these invitations looks good. My mother stuffed me a bunch of them, and my eyes hurt." Wen Xiyao said.

Shen Qinglan picked up the stack of invitations and briefly looked at them, and took a few pictures out of them. "I think these are good."

Wen Xiyao took it and looked at it, "OK, just a few of them, I will show your brother tomorrow and let him choose."

Speaking of Shen Junyu, Shen Qinglan found out that Shen Junyu did not come with Wen Xiyao today, "Where did my brother go?"

Wen Xiyao shook his head. "I don't know. I haven't seen him early this morning. Calling him is also mysterious. I don't know what I'm doing."

Shen Qinglan thought about it, no one had a birthday recently, and she could not think of what Shen Junyu was busy for now.

Q. At the moment, Shen Junyu is in the swimming pool. He is with Han Yi. Shen Junyu changed into a swimsuit and stood by the swimming pool. He hasn't launched water yet. Han Yi has returned after a swim, but Shen Junyu is still standing. shore.

Han Yi drilled out of the water, "I said Jun Yu, do you want to learn swimming anymore? You can learn by standing on the shore and watching the day without going into the water?"

Shen Junyu glanced at him, "I let you teach me."

Han Yi shrugged in the water, "I want to teach you, but you don't come down, how can I teach?"

Shen Junyu frowned, staring at the water, Han Yifu said, "Brother, this is a shallow water area, even if you come down, you will not drown." Who would have thought that the president of the Tangjun Junlan Group was a dry duck, and he was still afraid of water .

Shen Junyu's fear of water is not innate, but because of an incident as a child, this matter has something to do with Shen Qinglan.

That was when Shen Qinglan was four years old, and Shen Junyu was already twelve years old at that time, which was just a fun age. At that time there was a huge swimming pool in the compound. The boys in the yard like to play in the swimming pool in summer, and Shen Junyu is no exception. After school every day, he will go to the pool with the children in the yard.

When Shen Qinglan was a kid, he liked his brother very much. Shen Junyu was willing to take her sister to play. There had been nothing, but he didn't expect that something would have happened that day.

On that day, Shen Junyu took the young Qinglan, because the adults told Qinglan to be young and could not go to the swimming pool, Shen Junyu took Shen Qinglan to play on the swing near the swimming pool.

When the children in the yard saw Shen Junyu, they greeted him to swim in the past. Shen Junyu wanted to go, but he looked at the younger sister and hesitated. After a long struggle, he said to Shen Qinglan, "Lan Lan, brother went to play in the water Later, are you waiting for your brother here?"

Shen Qinglan was holding a doll in his hand, and playing was rising. Naturally, he nodded obediently. Shen Junyu was relieved, and was happy to play with a group of people.

Shen Qinglan was bored, but when he looked up, he found that his brother was gone. Hearing the noise of Shen Junyu and his friends, he walked towards the swimming pool. The little man stood on the shore and looked at his brother. Shen Junyu didn't hear it, so Shen Qingyu approached some more, but Shen Junyu still didn't hear it. Shen Qinglan approached the edge of the pool and slipped, and the people planted it.

At that time, everyone didn't notice this scene. Shen Qinglan thrashed in the water for a while. Someone found that the child had fallen into the water. Someone called Shen Junyu, and Shen Junyu was excited. He quickly swam over and picked up Shen Qinglan from the water.

At that time, Shen Qinglan's complexion had already turned pale. Fortunately, an adult passed by and sent Shen Qinglan to the hospital in time before it caused a major disaster.

Shen Qinglan was young and forgot about this matter. Even the shadows were not left. Shen Junyu remembered her sister's eyes closed and drowned when she was drowning.

He was beaten badly by Mr. Shen, but Shen Junyu said nothing, and he resisted Mr. Shen's whip, staying

beside his sister. After Shen Qinglan's health, Shen Junyu never went to the swimming pool again. And did not swim anymore.

Han Yi did not know the past. When he met Shen Junyu, the two had already entered junior high school. At that time, Shen Qinglan had been lost. Shen Junyu's temperament also became more calm, not like a junior high school student at all.

"Jun Yu, you are still not a man, just be a man." Han Yi shouted, and then took advantage of Shen Junyu's inattention, grabbed his feet and pulled him off the water.

Shen Junyu didn't pay attention all at once, choked on several sips, and finally stood firm, staring at Han Yi fiercely, "Do you want to murder?"

Han Yi confessed that he didn't think so much about it, just wanted to pull Shen Junyu down.

He looked at Shen Junyu, "I don't think you're afraid to stay in the water, why can't you just come down after so long?"

Shen Junyu looked stiff and said that he was afraid of water. It is better to say that he wanted to go into the water every time. He remembered what Shen Qinglan looked like when he was drowning. The most important thing is that Shen Qinglan would drown because he did not take care of him. My sister, I have an apology for Shen Qinglan.

Shen Junyu looked at Han Yi lightly, "Aren't you going to teach me? Let's get started."

Han Yi squinted, this uncle asked for people to do things like this attitude, really want to strangle him.

"Teach, teach immediately, but Jun Yu, I'm curious. You didn't want to learn swimming for so many years before, why do you suddenly want to learn now?"

Shen Junyu didn't speak. He couldn't tell Han Yi. Last time in Haicheng, when Wen Xiyao saw diving so much, he wanted to learn to swim with her and go to see the scenery under the sea.

Shen Junyu and Han Yi spent a whole day in the swimming pool. When they left, Shen Junyu got Han Yi's disdain. In Han Yi's words, it was Shen Junyu who blinded him better than an athlete.

Shen Junyu gave a cold face, obviously in a bad mood, "Go to the charms at night and call Chenxi Guyang to them."

"How about Hengyi?" Han Yi asked, and then he realized that this was a nonsense. Fu Hengyi now basically recovers at home and rarely comes out.

"Okay, I'll call them. I wanted to ask them to come out the other day." Han Yi said that he had just returned to Beijing two days ago. After Yu Xiaoxuan's work was over, Han Yi took her to travel abroad. I

went, and I didn't even come back for the New Year.

Yu Xiaoxuan's parents are gone, he and his father are very stiff because of Xia Fei's affairs, and now they are basically not going back to the old house, let alone accompany Han Zhengshan for the New Year, and want to see the two who hate each other. It's better to stay away.

Charm color.

When Shen Junyu and Han Yi arrived, several of Gu Yang had arrived. Shen Junyu's eyes fell on Jiang Chenxi, who was sitting alone in the corner drinking.

Han Yi raised his eyebrows and looked at Gu Yang. Gu Yang shrugged and signaled that he didn't know. Jiang Chenxi was just like that when he came, and he sat and drank nothing.

Shen Junyu knew something about it. Jiang Chenxi liked Pei Yining, but Pei Yining refused Jiang Chenxi, and did not even give him a chance. Jiang Chenxi estimated that it was because of this mood.

Several men gathered together, and there was nothing else except drinking and playing cards. Shen Junyu took the cup from Jiang Chenxi's hand, "OK, don't drink, Yining is still single now, if you really like her, continue to pursue That's it."

Jiang Chenxi smiled bitterly, "Is it useful? She doesn't love me at all, and she can't even talk about it." Pei Yining's words are all about that, how can he continue?

"The biggest obstacle between you and Yining is not that you have no feelings, but Yining Haohao and your parents." Shen Junyu hit the nail.

Jiang Chenxi looked up at him, "I can treat Haohao as my biological son."

"What about your parents?" Shen Junyu asked. According to his understanding, the Jiang family is a typical Shuxiangmendi family. Of course, his parents are senior intellectuals, but his father is very stubborn and traditional. Let him accept a belt. The woman holding the child is the daughter-in-law. This difficulty is not so great.

Jiang Chenxi was silent, and after a while he spoke slowly, "I can persuade my father. I believe my father can understand my choice."

Shen Junyu is not as optimistic about this as he is. If his father is so easily persuaded, I believe that Pei Yining will not give up so easily.

"Chenxi, if you can convince your parents to accept Haohao first, then there is a possibility between you and Yining." Shen Junyu said.

Jiang Chenxi was silent again, and Shen Junyu patted him on the shoulder. "You can think about my words. You can't see Yi Ning's feelings for you, but we outsiders can see clearly."

"I'm leaving now." Jiang Chenxi stood up, picked up his coat and left.

Gu Yang looked at Shen Junyu, "What did you tell him?"

Shen Junyu smiled and said, "It's not that you want to play cards. Four people get together at a table. Come on."

Gu Kai directly took out the mahjong, and a few people sat down to form the game.

The next day, Jiang Chenxi went to Pei's house. Pei Yining saw him and frowned. Jiang Chenxi smiled, "I didn't come to you today, I came to Hao Hao, I promised him to take him out play."

Pei Yining instantly understood, "You were the person who called Haohao last night?" Xiao Douding was very excited after answering a phone call last night. When he didn't sleep at night, Pei Yining asked who he was calling. Xiao Douding refused to say that it was a secret.

"Well, I promised him before, but I have been busy recently, and I want to take him out for a walk in these two skies, don't you disagree?"

Pei Yining wanted to disagree, but last night his son's happy appearance was still in sight. Xiao Douding was a cheerful child, but such excitement and happiness are still rare, which shows that he likes Jiang Chenxi very much.

After thinking about it, Pei Yining said, "Hao Hao will trouble you today. I won't go out with you if I have something to do today."

Jiang Chenxi didn't plan to let Pei Yining go with them either, and naturally nodded, "Relax, you will definitely take care of Hao Hao, but Hao Hao?"

Pei Yining smiled helplessly, "Last night I was too excited, I slept late, and I am still asleep. You wait in the living room for a while, and I go up and call him."

Jiang Chenxi entered the house. This was not the first time he came to Pei's house. When he saw Chu Yunjin, he greeted Chu Yunjin with a smile, "Auntie."

"Chenxi is here, sit down quickly and your aunt will make tea for you." Chu Yunjin was very happy to see Jiang Chenxi.

Jiang Chenxi waved his hand, "Auntie, you're welcome, I'm here to pick Hao Hao, and I'll leave later."

When Xiao Douding was sleeping, Pei Yining was dug up from the bed, and his face was unhappy. Pei Yining said, "It's not the morning you made an appointment with Uncle Jiang. Now that Uncle Jiang has arrived, you still can't get up and wait for someone to leave. Don't cry."

Xiao Douding's eyes lit up, "Uncle Jiang is here?"

Pei Yining's affirmative answer, the little guy immediately got up from the bed, went to the bathroom without Pei Yining's urging, "Mom, you help me get toothpaste, I want to brush my teeth."

Pei Yining smiled, stood up and walked in.

"Uncle Jiang." Xiao Douding ran downstairs and saw Jiang Chenxi immediately ran over. Jiang Chenxi hugged him, "Hao Hao missed me?"

Xiao Douding focused on, "Think, Uncle Jiang, are you here to take me out to play today?"

"Well, didn't I tell you last night? Think about where you want to play today?"

"Think about it, I want to go to an amusement park."

Jiang Chenxi looked at Chu Yunjin and Pei Yining, "Auntie, Yining, I will go first."

Pei Yining handed Xiao Douding's small schoolbag, which contained Xiao Douding's things, "Okay."

Chu Yunjin looked at the scene where Xiao Douding and Jiang Chenxi left with a smile, and said with a smile, "It is rare to see Hao Hao so happy, Hao Hao really likes Chen Xi. If Chen Xi is Hao Hao's father How good."

Pei Yining's eyes changed slightly, "Mom."

"Xing Xing Xing, I won't say it. It's your own business. You think about it, your mother said that." Chu Yunjin said, "The weather is good today. I went up and took the quilt out to dry."

Jiang Chenxi took Xiao Douding to the amusement park for a whole day, and waited until Xiao Douding was tired of playing.

"Hao Hao, do you want to go to Uncle Jiang's house to play?" Out of the amusement park, Jiang Chenxi said to the sleepy little Douding leaning on his shoulder.

Digression

Cough, I said yesterday that I am back to normal again today, but today Ali still decided to change the second, right?

365 Chapter 368

"Hao Hao, do you want to go to Uncle Jiang's house to play?" Out of the amusement park, Jiang Chenxi said to the sleepy little Douding leaning on his shoulder.

Xiao Douding opened his eyes, "Go to Uncle's house?"

"Well, Uncle bought you a toy some time ago, but I forgot to go out today. Hao Hao got it by myself?"

The little guy's eyes lit up, "Is it Transformers?"

"Well, the New Year gift specially prepared for Hao Hao."

"Okay, I will go home with Uncle Jiang, but Uncle Jiang, I have to call my mother first, otherwise my mother will be worried."

Jiang Chenxi nodded with a smile, placed him on the child seat, and fastened his seat belt.

In order to facilitate contact, Pei Yining bought Xiao Douding a watch that could be called. Jiang Chenxi saw from the rearview mirror how the little guy talked with milk and milk, and his eyes were full of smiles.

Jiang Fu and Jiang Mu knew long ago that Jiang Chenxi would bring a child to be a guest at home and made preparations early.

"Grandpa Jiang, Grandma Jiang are good." Xiao Douding was not afraid of life when he saw them, and said hello politely.

Father Jiang smiled solemnly on his face, "Good boy, what's your name?"

"My name is Pei Hao, the little name is Hao Hao." Xiao Douding said.

Jiang Mu's heart was all begged by the little guy, holding Xiao Douding's little hand, "How do you know our surname Jiang?"

"Uncle Jiang said that you are his father and mother. Uncle Jiang's surname is Jiang, and of course you are also named Jiang." Xiao Douding said it was justified.

Jiang Mu suddenly smiled with her eyes curled, "Hao Hao is so smart." He handed him the pastry specially prepared for the little guy on the table, "Come for a snack."

Xiao Douding didn't pick it up, but thanked her first, and then took a piece from the plate and sat on the sofa and ate in a small bite. "Grandma Jiang, this pastry is delicious."

Jiang Mu smiled, "I like to eat more, these are for you." Jiang Mu likes children very much. After graduating from Jiang Chenxi University, she thought that Jiang Mu, who is holding her grandson, would see such a clever and sensible child like Xiao Douding. His eyes were all bright, and he thought to himself how good it would be if his grandson.

Although Jiang Fu's words were few, his eyes had always been on Xiao Douding's body. His eyes were gentle, and obviously his first impression of the child was also very good.

Jiang Chenxi came out of the room, holding a box in his hand. This was the gift he promised to give to Xiao Douding.

"Thank you, Uncle Jiang." Xiao Douding hugged the box and thanked him happily.

Xiao Douding left after eating dinner at the Jiang's house. Jiang Mu was in contact with such a small child for the first time in so many years, and Xiao Douding was taught very well by Pei Yining. , Xiao Douding completely subdued Jiang Mu.

Jiang Chenxi looked at her mother holding Xiao Douding without letting go, a flash of laughter flashed in her eyes.

When Jiang Chenxi sent Xiao Douding back, Jiang Mu was reluctant, "Chen Xi, let Hao Hao sleep at home tonight, and send it back tomorrow."

Xiao Douding was originally in Jiang Chenxi's arms. Hearing this, she leaned over and asked Jiang Mu to hug him. Jiang Mu quickly reached out to hug him, but Xiao Douding did not go to her arms, but held her neck in her arms. A kiss on his face, "Grandma Jiang, I can't bear you, but I'm going home, otherwise my mother will be worried, I will come to see you next time."

Adding a kiss to such sensible words completely melted Jiang Mu's heart. After Jiang Chenxi left, Jiang

Mu took Jiang Fu to chat, "Hao Hao is so sensible, how his parents are educated. How great my grandson should be."

Father Jiang looked at the newspaper and ignored Jiang's words.

Mother Jiang took the newspaper in his hand, "Talk to you, did you hear that?"

Father Jiang said, "If you like children so much, let Chenxi get married early and give you a grandson."

Jiang Mu rolled her eyes, "You thought I didn't want to, but did Chen Xi listen to me? I introduced him to so many blind dates, which one became, and he was willing to have a meal with others, but now he is not willing to meet him. , Chatting with other people is like asking for his life."

Mother Jiang is worried, you said that your son has never been in love. If you have been in love and was hurt by feelings, you can understand now that you don't want to talk about it. The result is not; there are no girls you like, so why would you not want to get married? What?

"You said Chen Xi shouldn't have any problems?" Jiang Mu said.

Father Jiang didn't understand it, and looked at her suspiciously, "What?"

"Isn't that the one?" Jiang Mu said. Seeing Jiang Mu still didn't understand, she simply said, "Just like men, Chen Xi doesn't want to have a girlfriend or get married, shouldn't she like a woman?"

Jiang Fu scolded, "What are you thinking about all day long, Chen Xi is still young, and it's normal to not want to get married."

"It's thirty in a blink of an eye. Wherever you are young, Chen Xi will be soy sauce when you are a woman."

"Can young people now be the same as we were then?"

Jiang Mu made sense, "Also, the times are different now, but I still hope that Chen Xi will get married sooner. You see how well Hao Hao's child has been taught."

Father Jiang agreed, "Well, this child's upbringing is very good."

Jiang Chenxi sent Xiao Douding home. When he came back, Jiang Father and Jiang Mother were still asleep. Jiang Mother saw him back and greeted him. "Chen Xi, come and chat with my mother."

Jiang Chenxi sat down.

"Chenxi, Haohao sent home?"

Jiang Chenxi nodded, "Uh."

"Hao Hao is really sensible. Whose child is he?" Jiang Mu asked.

"A friend's, she has something at home today, and it is not convenient for her to take the child, so she asked me to help take care of the day." Jiang Chenxi didn't say it was Pei Yining's thing, and Pei Yining's affairs in that year also broke out in the capital. The storm, his parents didn't know it. If he knew it, his first impression would be greatly reduced, and the following things would not go on.

After returning from Charm last night, Jiang Chenxi thought about Shen Junyu's words and thought that what he said made sense. His father was an old-fashioned person. If he knew Pei Yining's situation, he would definitely object, but if he didn't know it Under the circumstances, contact Pei Hao first and accept Pei Hao, then it is not so difficult to accept Pei Yining in the future.

When the problems at home were resolved, he went to find Pei Yining again. Without this obstacle, Pei Yining might accept him again.

"When you have a child in the future, I have to ask your friend how he educated the child, and how well he educated the child." Jiang Mu said enviously.

Jiang Chenxi laughed and said nothing.

Jiang Mu looked at him, "Chenxi, you think Pei Hao is so cute, don't you want to have one yourself?"

Jiang Chenxi smiled gently, "Mom, I'm not in a hurry."

Jiang Mu said, "You are not in a hurry, but I am in a hurry. I want to hold my grandson. If you give me a grandson like Hao Hao, you won't marry me forever."

Father Jiang heard the words and glared, "What nonsense, don't you marry and have children, isn't that a gangster?" He looked at Jiang Chenxi, "Don't listen to your mother talking nonsense, such a thing our Jiang family men can't do, You don't need to fall in love or get married, but you must respect your feelings, do you know?"

Seeing his father's serious expression, Jiang Chenxi nodded, "Dad, you can rest assured, I still have this point."

"Well." Jiang Father responded and continued to read his newspaper.

Mother Jiang looked at her son, and she still didn't give up. "I have a daughter of a colleague. I just returned to China recently. I'm of the same age as you. My mother has seen the photos and she looks good. Should you meet someone else?"

Jiang Chenxi said, "Mom, if you really want to hug your grandson, then I often bring Haohao to play at

home."

Jiang Mu's eyes narrowed, "Can that be the same? That's not my grandson."

Jiang Chenxi tentatively asked, "Mom, why don't I recognize Haohao as his son, so he isn't your grandson?"

"It's still different. Mother wants to hold her grandson. You are born. No matter how cute Hao Hao is, it's someone else's. It's done. I know you don't want to see it. Mom doesn't ask, but Chen Xi, man Standing at thirty, you are a person almost thirty years old. Don't know all those academics with you all day long. You should be a father when you look at Hengyi and Junyu will soon When you get married, even Han Yi has a serious girlfriend. You are alone in a group of people. You watch them show love all day long. You are not uncomfortable."

Jiang Chenxi smirked, "Mom, you are getting more and more tide now, even Xiu Ai knows."

Jiang Mu shot him. "In your eyes, your mother and I are so outdated. I'm also a university professor anyway."

Jiang Chenxi embraced his mother's shoulders, "Yes, yes, my mother is definitely on the forefront of the times."

Jiang Mu was coaxed by her son.

Jiang Chenxi did not intend to directly tell his parents what he liked about Pei Yining, but planned to adopt a roundabout policy, first let his parents like Pei Hao, accept Pei Hao, and then accept Pei Yining.

Of course, Pei Yining didn't know, and he didn't intend to tell her for the time being.

From this day on, Jiang Chenxi will take Pei Hao home with her parents and get along with her parents. Jiang Mother asked a few times, so it's okay to bring other children to play at home. Jiang Chenxi made excuses perfunctory.

Of course, this is something.

South city.

Yan Anbang's passing this year is the worst in his life. Not to mention that, as in previous years, family guests seem to be coming, and even the relatives who have more relationships in daily life are not coming home.

Everyone avoided him like a god of plague.

The huge drop allowed Yan Anbang to truly realize what makes people go for tea and how cold it is.

As a result, he didn't care about Zhao Jiaqing's prosecution. He was finally anxious and found Zhao Jiaqing personally to ask for a talk.

Zhao Jiaqing originally didn't plan to ignore it, but Shen Qinglan just called her two days ago and said about Yan Xi's things, which made Zhao Jiaqing feel terrified, worrying that it would really irritate Yan Xi, and had to promise Yan Anbang to sit Come down and talk.

Yan Anbang was Zhao Jiaqing who went to see him alone. He also purposely arranged the location in a tea house. The tea house has good privacy and is convenient for conversation.

Yan Anbang was already waiting when Zhao Jiaqing arrived.

Zhao Jiaqing sat down and opened the door, "Speak, what the hell are you looking for today?"

The two were tired of seeing each other, and Yan Anbang was also reluctant to talk nonsense with her, "I hope you withdraw your complaint."

Zhao Jiaqing sneered, "Why?"

Yan Anbang put a cheque in front of Zhao Jiaqing, "If you withdraw your complaint, this cheque is yours."

Zhao Jiaqing glanced at the check and couldn't help but sneer, "Yan Anbang, are you kidding me?" Even though she used the money to send her away, she seemed to be short of money?

"I know you don't lack this money." Yan Anbang said. At the beginning, he divorced Zhao Jiaqing. Although she was a netizen, the Zhao family also had a family. She was the only daughter of the Zhao family. After his father died, Zhao Everything at home was given to Zhao Jiaqing, "These are my compensation for you. It was wrong for me to do it that day, but you have to admit it. If you don't take the initiative to find trouble, I won't do it at all, even if you go to court. , You can't deny this."

Zhao Jiaqing sneered, "Yan Anbang, you said that I am selfish, why are you not a selfish person, you do not hesitate to push the responsibility on a woman for yourself, and even for your so-called love, how much harm you do ."

Yan Anbang's eyes lightened, "Zhao Jiaqing, it was wrong for me to do it, and I also admit it, but when did I do something that hurt the world?"

"If it's not you, how could Yan Xi..." Zhao Jiaqing paused, "Yan Anbang, I won't stop this matter, I will definitely send you to prison and get the punishment I deserve."

"Zhao Jiaqing, do you mean there is no need to talk about this?" Yan Anbang asked.

"Yes, I came to see you today to tell me that I will still sue you, absolutely not forgiving."

"Did you do those things online? First put Yanyan's video on you online, and then publish the things that year, in order to break my reputation, you have done it now, and you want to send me to prison Are you afraid that Sheng Yu and Yan Xi will be talked about by outsiders?"

Zhao Jiaqing sneered, "You now know that Sheng Yu and Yan Xi's face is not good-looking. When you were entangled with Qin Yan, why didn't you think you were a father, how did Yan Xi and Sheng Yu feel, so dirty? You have done it. Now come to pretend to be a good father, Yan Anbang. You are the most hypocritical person in the world."

"Are you really unwilling to withdraw the complaint?"

Zhao Jiaqing nodded, "Yes." She must send Yan Anbang to prison, otherwise she would be sorry for Yan Xi.

Yan Anbang's eyes changed, and he looked at her fixedly, "Zhao Jiaqing, I hope you don't regret it."

Zhao Jiaqing sneered, "This should be given to you."

Disappointed, Zhao Jiaqing left the tea house, Yan Anbang returned home, always sullen, Qin Yan rubbed his shoulders for him, "An Bang, what did she say, agreed?"

Yan Anbang sneered. "No, since she wants to sue, let me sue. Anyway, I have been suspended now. Now that I am an ordinary soldier, would I still be afraid of her?"

"But what about Yan Xi and Sheng Yu, if you go in, what must they do in the future?"

Yan Anbang snorted, "I have tried my best, but Zhao Jiaqing is stubborn. I can do anything. Blame them for having a selfish mother."

Qin Yan's worried expression, "But Anbang, what if you have something to do with me, I will be with you."

Yan Anbang sighed deeply and pityed, "Yanyan, this matter made you feel wronged. If one day, you go, there is a bank card in the second drawer of the bedside table, so Your name was written with the money I left for you, and the password is your birthday. If I really go in, you will use the money to go abroad, enough for you to spend the rest of your life."

Qin Yan's tears came down, she looked at Yan Anbang, "Anbang, I'll go ask Zhao Jiaqing again."

Yan Anbang shook his head, "Don't go, just like that. Even if I go back to the army now, there can be no

further development in the future, so I want to submit an application for decommissioning to the army."

"An Bang, it's all my fault, it's my fault."

Yan Anbang comforted her, "Yanyan, don't blame yourself. It has nothing to do with you. You are the biggest victim. Don't cry. Watching you cry, I feel bad."

Qin Yan lowered her head and continued to cry, but there was no emotion in her eyes.

That night, Zhao Jiaqing encountered a car accident on the way back to the hotel. The driver ran away on the spot. When the passer-by took Zhao Jiaqing to the hospital, Zhao Jiaqing had already suffered from excessive blood loss.

After the rescue, Zhao Jiaqing's life was saved, but he became a vegetative. The probability of waking up in this life is very small.

Yan Shengyu was on the train from G City to Beijing when he received the call from the hospital. He originally planned to go to Beijing to fly to Sydney. But because of this, Yan Shengyu immediately diverted to Nancheng.

The car accident was too sudden, and no one knew who did it. The car that hit Zhao Jiaqing at that time was an unlicensed vehicle, and the picture taken by the surveillance was only a white van, which can only be seen from the surveillance. Car accidents are thoughts rather than accidents.

Because the van was originally parked on the street corner, he suddenly rushed over after seeing Zhao Jiaqing.

Yan Anbang was the last person to meet Zhao Jiaqing. If someone had a holiday with Zhao Jiaqing recently, the police naturally found her. However, the investigation results from all aspects show that although Yan Anbang has the motive to commit the crime, there is no evidence to prove this.

Yan Shengyu knew that his mother had become a vegetative. After seeing Zhao Jiaqing, he went to the Yan family to find Yan Anbang. At this time, Yan Anbang had just come out of the police station.

When he saw Yan Shengyu at his doorstep, he knew what Yan Shengyu was looking for, "You also think I made your mother a vegetative?"

Yan Shengyu looked at him calmly, "Then tell me, not who you are, who did this? Is it her?" Who is she worth, everyone knows.

Yan Anbang sullen his face, "I and your mother are indeed going to fight against the court, and we can be said to be against each other, but whether you believe it or not, I never thought of asking your mother to die."

"You don't have it, it doesn't mean you don't have it." Yan Shengyu said something deep.

Qin Yan's embarrassed expression, "Sheng Yu, would you be the one you said?"

Yan Shengyu didn't speak, Yan Anbang said in a cold voice, "Absolutely not Yan Yan, Yan Yan is kind-hearted, she won't do such a thing."

Yan Shengyu looked down, looking at his father who couldn't wait to maintain Qin Yan. The eyes seemed to be frozen. "I will definitely check this matter. If you let me know that you did it, I will not let it go."

Yan Anbang's expression changed slightly, but Yan Shengyu had turned away.

Back at home, Yan Anbang was also puzzled. At this point, Zhao Jiaqing had a car accident, which was not a good thing for Yan Anbang.

The Internet originally had many negative comments on Yan Anbang because of the previous things. Now Zhao Jiaqing has such a thing again. All the spears are directed at Yan Anbang.

Yan Anbang will be pointed out when he goes out now. Everyone is guessing that he bought someone Zhao Jiaqing.

Shen Qinglan learned the news from Jin Enxi's mouth. At that time, Jin Enxi was investigating Qin Yan in Nancheng. Qin Yan's experience in the psychiatric hospital was suspicious. Shen Qinglan suspected that Qin Mu's disappearance had something to do with Qin Yan, and Jin Enxi was outside. Unable to find this past event, so Jin Enxi can only go out in person.

"Ann, do you say that Yan Anbang will do this?" Jin Enxi asked.

Shen Qinglan's beautiful eyes flickered, "You go to investigate Qin Yan to see who she has been in contact with recently, and whether she has financial contacts with people."

Jin Enxi said, "You mean Qin Yan did this?"

"Not sure, but this woman is not easy, and this is just a skeptical direction, and you should be careful when you check it."

"Well, I know." Jin Enxi said, "An, I found another thing in Nancheng. The director of Qin Yan who entered the psychiatric hospital was missing. It is said that the whole family emigrated to abroad, just the year before. , We just suspected Qin Yan that the dean had emigrated. Do you think it was too coincidental?"

Shen Qinglan's eyes narrowed, "This only shows that there is absolutely a problem with this woman Qin Yan. Enxi, you must pay attention to your own safety, contact me every day, and don't take risks if you find anything."

"Well, I will pay attention. I am a family member now. I am very sorry. I will not make fun of my life. By the way, Yan Shengyu is also investigating Qin Yan. He agrees with your suspicions and thinks that Zhao Jiaqing's car accident It has something to do with Qin Yan." Jin Enxi said.

After hearing it, Shen Qinglan pondered for a while, and spoke lightly, "Secretly help Yan Shengyu when necessary."

Hanging up the phone, Shen Qinglan thought for a while and called Dougs again. At that time, Dougs was in country F with Yan Xi. After Yan Xi became ill, he traveled to Europe with Dougs.

Dougs heard Shen Qinglan saying that Zhao Jiaqing had a car accident and became a vegetative. He was silent for a long time, looking at Yan Xi, who was beckoning and smiling to him from the sunset, slowly speaking, "I need to take Yan Xi home ?"

"This matter Yan Xi will know sooner or later, tell her." Shen Qinglan said.

"Well, I know, I will find a suitable opportunity to tell her." Dougs said, looking at Yan Xi, his eyes full of pity.

Dougs hung up the phone and looked at Yan Xi, who was smiling happily. Yan Xi waved his hand at Dougs for a long time, and Dougs did not respond, and came over, "Dougs, what's wrong with you?"

Dougs looked back and smiled, "It's okay, I was just thinking about waiting to eat."

Yan Xi did not doubt, "I just saw a restaurant nearby, there are quite a lot of people, the taste should be good, wait for us to go there."

"it is good."

"Dougs, where is our next stop?"

"Beijing."

Yan Xi stopped and turned to look at Dougs, "Beijing? Didn't you say travel around Europe?"

Dougs looked at her with a gentle look, "I want to go to the capital, would you like to accompany me?"

Yan Xi thought about it and nodded, "Beijing is just Beijing. I haven't been to Beijing for a long time. When I arrive in Beijing, I'll take you to see the high school I used to go to school. It's beautiful there. It's just a pity that I didn't take the exam Go to the university there."

"Do you want to take the university there?"

"Well, I want to take the B major, but I was hospitalized before the exam and missed the exam. My parents asked me to study in Sydney, but this is also very good. I have met many new friends. Love Sydney."

There was light in Yan Xi's eyes, sparkling, and Dougs looked at her and suddenly said, "We will not go to the capital first, and we will go to country D next stop."

Yan Xi wondered, "Don't you want to go?"

"The capital is the last stop, and we will wait until our end is over."

"Okay, I went to country D with my mother once, and that country is also beautiful. I always wanted to go again."

Dougs looked at Yan Xi's curved eyebrows and sighed, Yan Xi, this is the last thing I can do for you, I hope your happiness can last longer, longer.

**

Beijing, the 9th day.

Fu Hengyi made an appointment with the photographer today to take a photo of Shen Qinglan during pregnancy.

Arriving at the studio, Shen Qinglan looked at the camera and suddenly didn't want to shoot anymore. Standing there slowly, Fu Hengyi looked at her, "What's wrong?"

Shen Qinglan spoke lightly, "Let's go back, I suddenly don't want to shoot."

Fu Hengyi had doubts in her eyes. After thinking about it, she didn't want to understand, "Isn't it uncomfortable?"

Shen Qinglan shook her head. She just stopped shooting when she saw the camera lens. "No, let's continue."

Fu Hengyi looked sideways, this just did not want to shoot, and now said to continue, what is this for?

Shen Qinglan saw his doubts and said, "Women are always fickle, not to mention pregnant women, I changed my mind, take pictures." This was arranged for her by Fu Hengyi, and she didn't want to live up to his kindness.

Fu Hengyi looked at her, spoiled, "If you don't want to shoot us, go back."

"No, I want to shoot, let's get started." The following words were addressed to the photographer.

Fu Hengyi seriously looked at Shen Qinglan's eyebrows and saw that she did not have any reluctance. Then she said, "Go ahead."

Since it's a photo during pregnancy, Shen Qinglan can't be the only one. Fu Hengyi, as a prospective dad, must also be indispensable. The staff helped Fu Hengyi to the ground and let him sit there. Fu Hengyi suddenly understood the reason why Shen Qinglan didn't want to take pictures. She I don't want the photographer to record his weak side.

With a smile, Fu Hengyi took Shen Qinglan's hand and said softly, "Qinglan, this setback is nothing to me, you don't need to care like that."

Shen Qinglan looked at his eyes, and there were tender feelings in his eyes, "Well, I know, it was just me who just wanted to turn off. This is the first photo of our family of three."

Fu Hengyi smiled slightly.

Looking at the camera, the two looked at each other affectionately, and the whole body was filled with pink bubbles. The photographer clicked and captured the scene.

After coming out of the studio, Fu Hengyi accompanied Shen Qinglan to attend a pregnant mother and father course. This course Fu Shenyi accompanied Shen Qinglan once, just because of the New Year, the course ended temporarily.

The class is full of expectant fathers and expectant mothers, but Shen Qinglan and Fu Hengyi are definitely the focus of the audience. No matter whether they are excellent appearance or temperament,

it is difficult not to attract attention.

It was still Fu Hengyi who was in charge of taking notes. Shen Qinglan looked at him seriously and couldn't help teasing him on the way back, "Did you be so serious when you went to school?"

Fu Hengyi thought for a while and shook his head, "It's really not."

Shen Qinglan couldn't help laughing.

The New Year passed unconsciously. On the 16th of the first lunar month, Shen Qinglan's teahouse opened. Shen Qinglan went to the teahouse and received a call from Jin Enxi on the way back.

Jin Enxi regretted, "I didn't find anything. It's unbelievable. Ann, I'm sure now that this Qin Yan is definitely in trouble. I can't guarantee that there is any unspeakable secret behind this woman."

"Since this comes back first, nothing is the biggest problem." Shen Qinglan said. She was not surprised by such a result. If Jin Enxi successfully found it, she still looked at Qin Yan.

"Well, I will be back today."

"What happened to Yan Shengyu?" Shen Qinglan asked.

"I couldn't find anything useful, just like what the police did. There was no evidence pointing to Yan Anbang and Qin Yan. I even investigated Qin Yan's fund account and call records, and found no suspicious problems. Or this The incident has nothing to do with Qin Yan, either the woman is very careful in her work, and her tail is handled very cleanly." Jin Enxi guessed that if it was the latter, she could escape her personal investigation, and this woman Qin Yan was more terrible than they expected. Much more.

Without any gains, Jin Enxi did not need to stay in Nancheng anymore, and was somewhat discouraged when he returned. There was never anything she couldn't find. As a result, she always encountered setbacks recently. First, Mrs. Jin, and then Qin Yan. The two women are like two mysteries, which are hard to see.

With such a thought, Jin Enxi's eyes are fixed, are they all mysterious women? She suddenly remembered Shen Qinglan's suspicion, what if Mrs. Jin and Qin Yan were all alone?

Soon, she shook her head again. If Mrs. Jin and Qin Yan were really one person, Mrs. Jin was involved with so many forces behind her, why not deal with them directly, and use such a roundabout approach? No, to be precise, Qin Yan has not dealt with them at all. She has always been involved in the Yan family.

With such a thought, Jin Enxi felt that his mind had become a paste instantly, and many things were simply unreasonable.

Shen Qinglan was thinking about the same problem, but what she thought was what kind of grievance Mrs. Jin had with her. If Mrs. Jin was Qin Yan, then there was no intersection between her and Qin Yan.

"Thinking about being so enthralled, you still have to get off at the door of your house?" Shen Junyu's voice came from her ear, and Shen Qinglan looked back, only to find that she had already arrived home.

Shen Qinglan got off the bus, and Shen Junyu looked at what she was holding, "What is this?"

"Photo album." This was just the way, she went to the studio.

Shen Junyu followed Shen Qinglan in and reached out to take the album in her hand, "Well, the photo shoot is good. Is the photographer in this studio the same as the photographer in your wedding photo?"

Fu Hengyi yelled, their wedding photos were very good, he was too lazy to change people.

"Brother, you can also find them for your wedding photos." Shen Qinglan said, looking at Shen Junyu, looking into her eyes.

Sensing her sight, Shen Junyu looked up, "What's wrong?"

"Sister Xi Yao said you have been busy recently, and often disappear after work, what are you doing?"

Shen Junyu's eyes flashed slightly, "It's okay."

Seeing that he did not want to say, Shen Qinglan was even more curious. "Are you carrying Sister Xi Yao doing something sorry for her?"

Shen Junyu reached out and tapped gently on her head, "What nonsense, are you my brother?"

Shen Qinglan hehe, "This is inaccurate."

Shen Junyu raised his hand to fight again, but put his hand on Fu Hengyi's slightly cool eyes, let go of his hand, and walked around, the sister who married the man was no longer his, so thought, Shen Junyu's heart became more sad.

Fu Hengyi withdrew his eyes and continued to look at the magazine in his hand.

Yan Xi came back on the 20th of the first lunar month. After playing with Doug for nearly 20 days in Europe, her mood was indeed much better. Dougs accompanied her back.

"Dougs, have you booked a hotel?" Yan Xi asked just after walking out of the Beijing Airport. The hotel

was arranged by Dougs along the way.

Dougs took her in a taxi, "We are not going to Beijing, but now we are going to Nancheng."

Yan Xi stepped in, "Go to Nancheng, what do you do?"

"Send you home." Dougs said.

Yan Xi did not leave, looking at Dougs with a fixed look, serious expression, "Dougs, I don't want to go home."

Dougs stared at her eyes. Her eyes were very beautiful and clear, but at the moment these big eyes were filled with resistance. He could even imagine that when Yan Xi learned that his mother had become a vegetative, With tears in his eyes, his heart was cruelly pulled away, and he looked away, "Yan Xi, your mother is sick, you should visit her."

Yan Xi's expression changed, "What's wrong with my mother?"

Since being sent back to Sydney City by Zhao Jiaqing last time, Yan Xi did not want to face everything at home and had never contacted anyone at home.

"Your mother is ill and hospitalized. Let's go see her first."

Yan Xi had no reason to refuse. That was her mother. She was sick now. She could never stop seeing her, but her psychology was filled with strong uneasiness. "Dougs, what's wrong with my mother? "

Dougs shook his head, "I don't know, it's your brother who called me to know me." He didn't say that although he knew that it didn't do anything, it could be one minute late.

On the way back, Yan Xi was very upset. She had a mobile phone in her hand. She wanted to call her brother, but she didn't have the courage to dial the familiar number.

When he arrived at the hospital, Yan Xi stood at the door of the hospital and dared not enter. Dougs took her hand, "Don't be afraid, Yan Xi, I am here with you."

"Dougs, my mother's illness is serious, right?" Yan Xi asked, if not, why didn't they tell her directly?

Dougs was silent. This silence was the default. Yan Xi's heart sank to the bottom instantly.

Her footsteps suddenly rushed, and even staggered, Dougs grabbed her arm, "Yan Xi, here."

The closer to the ward, the slower Yan Xi's every step of the way. She stood at the door of the ward and did not move for a long time. Dougs knew what she was afraid of, but did not urge, but just waited for her quietly.

The door of the ward suddenly opened. Yan Shengyu came out and was surprised to see Yan Xi, "Xiao Xi, how did you come back?" Looking at Dougs, he didn't seem to understand why the two came back together.

Yan Shengyu's appearance is not very good now. He has not had a good rest for a long time. In addition, he has been rushing outside and in the hospital during this time. His mental state is very poor, and his appearance is also very embarrassed.

"Brother, mother..." Yan Xi said in a dumb voice, but couldn't say anything later.

Yan Shengyu's expression stiffened, and it seemed that it was the ward where his mother was lying.

"Xiao Xi, listen to me first, mom and she..."

Yan Xi pushed Yan Shengyu away and walked straight in. She looked at the mother lying on the bed in a daze, and looked at the gauze wrapped around her.

"Mom, I'm back." Yan Xi yelled softly, but Zhao Jiaqing on the bed didn't respond at all.

"Mom, I'm back." Yan Xi increased the volume and still didn't get a response.

She walked slowly to Zhao Jiaqing's side, "Mom, I am Yan Xi, I am back, don't you open your eyes and look at me?"

Yan Shengyu followed, looking at Yan Xi's appearance, suddenly not knowing how to open her mouth, closing her eyes and slowly speaking, "Xiao Xi, mother she can't hear."

Yan Xi turned around and stared at him closely, "Why is she not asleep, is she asleep?"

Yan Shengyu was about to speak, Yan Xi interrupted him suddenly, "Brother, don't say it, I beg you, don't say it."

"Yan Xi, my mother was in a car accident and became a vegetative." Yan Shengyu said it anyway.

Yan Xi looked at him with cold eyes, "Did I not say it? Don't you say it? Why should you say it?"

Yan Shengyu felt bitter, "Xiao Xi."

Yan Xi covered her ears, "Don't say it, I don't want to listen." She turned and flung to Zhao Jiaqing's side, "Mom, I'm Yan Xi, your Xiao Xi, I'm back, you open your eyes and look at me good or not?"

Her eyes were hopeful, staring closely at Zhao Jiaqing's face.

It was only gradually, the light in her eyes slowly extinguished, her big eyes were filled with tears, her vision was blurred, she reached out and took Zhao Jiaqing's hand, and pressed her face to her palm, "Mom, are you angry? So Unwilling to ignore me?"

Yan Shengyu wanted to come over and was pulled by Dougs. Dougs gently shook his head. Yan Shengyu paused, watching quietly the sister who was floating in front of the hospital bed and crying softly. It was as low as an injured beast The crying sound was like a knife, cutting in his heart.

Yan Shengyu instantly reddened his eyes, and Dougs looked at Yan Xi's back with pity in his eyes.

Yan Shengyu walked out of the ward, looked at Dougs and said, "You shouldn't bring her back."

Dougs looked at the ground. "Always know, you can't hide her for this life."

Yan Shengyu closed her eyes in pain, yes, it is impossible to hide Yan Xi's life, she will know sooner or later, "I would rather she did not know in her life."

**

In the ward, Yan Xi took Zhao Jiaqing's hand and whimpered softly, "Mom, is it because I'm too capricious, so you are angry and deliberately ignore me, right? Brother said you became a vegetative, but I don't believe it, mom, You love me so much, how can you bear with me? If you open your eyes and look at me, I promise to listen to you in the future."

"Mom, I've figured it out. You don't fall in love with your dad. It's meaningless to be together. You are right to divorce. I support you. Dad doesn't want you. Will I stay with you all my life?"

She gently shook Zhao Jiaqing's hand as if she was coquettish with her when she was a child, "Mom, I'm really self-willed in the future, don't be angry, open your eyes, you will be afraid of you."

Her face was full of tears.

Dougs walked in and stood beside her, "Yan Xi."

Yan Xi looked up and looked at him with tears in her eyes, "Dougs, you tell my mother, I promise to listen to her in the future, no longer willful, you wake her up."

"Yan Xi, the doctor said, your mother, she became a vegetative, and the chance of waking up is very small." Even facing a sudden cardiac arrest at any time, she died completely.

Yan Xi shed tears silently, so she was more noisy than loud, and her hysterical heartaches made Dougs even more.

"Yan Xi." Dougs yelled, but didn't know what to say.

"I want to be alone with my mother, can I?" Yan Xi spoke softly.

Dougs paused. "Okay." He turned out of the ward.

Yan Xi stayed for several days, except for doctors and nurses, she did not allow anyone to enter the ward.

"Dougs, what Xiao Xi looks like..." Yan Shengyu was worried.

Dougs was equally worried, but compared to Yan Shengyu, he had to calm down more, "Wait first, wait for her emotions to calm down."

Yan Shengyu is worried about Yan Xi's illness, "This stimulation is to Yan Xi..."

Dougs was silent, he is not easy to judge now, and even these days he could not see Yan Xi.

In the ward, Yan Xi helped Zhao Jiaqing wipe his body, changed his clothes, and sat on the bed to talk to Zhao Jiaqing.

"Mom, today the weather is fine. I want to go out to bask in the sun. Would you like to wake up and go with me?"

"I traveled with Dougs before and traveled around Europe. We have traveled to many countries and have seen a lot of scenery. I have also eaten many delicious things. I remember you said that I will follow me after the summer vacation. Going to travel around the world together, mother, you are a person who keeps your promises, and you will never go back on your words, right?"

"I want to go to Egypt next time. I want to see the pyramid. It is said that the pyramid is the tomb of the pharaoh and the crystallization of human wisdom. I want to see it. Let's go there next time."

Outside the ward, Yan Shengyu and Dougs looked at the scene through the glass window.

"Dougs, this is not the way to go, Yan Xi will collapse."

Dougs' eyes were heavy, "I know, I'll go talk to her first." Then, Dougs opened the door of the ward.

He walked to Yan Xi's side and spoke slowly, "Is Mom better today?"

Yan Xi did not look at him, but looked at Zhao Jiaqing, "It's still like that, Dougs, do you say my mother will wake up?"

Dougs couldn't answer this question. He naturally communicated with the doctor that he wanted Zhao Jiaqing to wake up to create miracles, and there are not so many miracles in this world.

"Yan Xi, what should you do if your mother can't wake up?" Dougs asked her.

Yan Xi's eyes fell on him for the first time, "Do you mean my mother will never wake up?"

"Yan Xi, what I'm saying is if your mother can never wake up, we should learn to face the worst of things when we think about it, don't we?"

Yan Xi was silent and heard Dougs saying that her mother couldn't wake up, and there was a anger in her heart, but she couldn't get angry with Dougs, this person stayed with her when she needed the most help By her side.

"Dougs, please go out and leave me alone." Yan Xi said, her mind is not calm now, in case anything is said is not necessarily.

Dougs did not go out, he looked at Yan Xi, "Yan Xi, you should think about me carefully, what should you do if your mother wakes up?"

"Enough!" Yan Xi shouted suddenly, "Dougs, are you teaching me how to do it now? You keep saying that my mother can't wake up, why do you say that? Who are you? ?!"

Yan Xi shouted and cried, her emotions have been tight these days, except that she cried when she first met Zhao Jiaqing on the first day. In these days she did not even have a tear, Dougs and Yan Sheng Yu knows that if this continues, Yan Xi's collapse is a matter of time.

Dougs did not stop Yan Xi's emotional venting. Such venting was not a bad thing for Yan Xi. As for what Yan Xi said, it was automatically ignored by Dougs.

Yan Xi shouted dumb and cried tired, so she sat quietly on the ground and didn't speak.

She sat on the ground with her legs crossed, her head resting on her knees.

Dougs sat down beside her and asked softly, "Are you feeling better now?"

"Dougs, I'm sorry." Yan Xi said, her voice was very soft and hoarse.

Dougs smiled slightly, "You don't have to say sorry to me, Yan Xi, your nerves are too tight and need to be released. Your mother's thing is something we all don't want to see, but it happened now, we You must learn to face it, do you understand what I mean?"

"I know, Dougs, why do you say this world has become so fast? I haven't been here for more than a month. When I come back, my mother will be like this. If I knew it was like this, even my mother I won't leave if I break my leg." Yan Xi said, and the tears that had just stopped suddenly broke up again.

"Yan Xi, there is no such thing in this world, you have to learn to be strong." Dougs reached out and gently wiped her tears, said softly.

Yan Xi looked at him with tears in his eyes, "Dougs, you tell me, what is the chance of my mother waking up?"

"Yan Xi, I don't want to lie to you. Your mother's situation is very bad. It's already the best result if you can maintain it like this." Dougs said.

Yan Xi looked desperate, holding Zhao Jiaqing's hand tightly, "Mom, you wake up to see me, even if it is

Yan Xi ignored Dougs.

**

The Yan family and Yan Anbang have been called back by the leadership of the army. As for what is temporarily unclear, Qin Yan trimmed the flowers and plants on the balcony by herself, and she hummed a piece of music in her mouth, obviously in a good mood.

When the phone rang, she was watering the pot and put the watering can down. Qin Yan glanced at the number above and paused before picking it up, "Hey."

The person on the opposite side didn't know what to say, Qin Yan's mouth twitched coldly, "I know, tell him, I will come back immediately."

Hanging up the phone, Qin Yan looked at the huge Yan family, once the lively Yan family, now there was only an empty house, and Qin Yan was satisfied in his eyes.

Yan Anbang is now regarded as a wife and a wife, and she is in disrepute, but this is not enough.

Qin Yan thought about it and dialed out a series of numbers, "Tell that person, the second plan started. Within three days, if I can see the result, if I can't complete it, don't think about the last balance. If it's done, I can give him another sum of money, enough for him to live a life without worry."

"Okay, ma'am."

"Also, book me a ticket to country Y, the sooner the better, I won't be back here in a short time, you should know how to do the following things."

"Understood, please be assured that my wife will leave me with everything here."

Qin Yan hung up the phone, and after a while, a text message was sent on her mobile phone, which was the flight information for flying to country Y at ten o'clock tonight. She smiled and threw the phone aside. Pick up the kettle next to it and start smashing things.

After a while, it turned into a mess from the bedroom to the door. If you look closely, you will find that this is really a trace left after struggling.

Seeing that the scene was almost done, Qin Yan's kitchen made a cup of coffee for herself, and then sat in the living room watching TV, watching it, while waiting for the night to come.

The winter night always comes very early. The sky is dark. Qin Yan went upstairs and changed a dress. She took out a hat from the cloakroom and covered her hair. She was covered with sunglasses on her face. With most of her face, she found another mask and put it on. After she was fully armed, she went to the garage and drove a car. The car was going to the suburbs. When she arrived at a place without monitoring, she stopped the car, threw the equipment on her body, and made a phone call. After a while, a car drove towards her. Stopped in front of her, she got on the bus, "Go to the airport."

**

Yan Anbang came out of the army. He turned and looked deeply at the place where he had spent most of his life. The emotions in his eyes were very complicated. The leader in the army had already told him that he hoped he could actively submit a retired application. The position on him It has long been withdrawn. Now, he is not as good as an ordinary soldier. After all, people are still young, and he is just an old man.

Yan Anbang had imagined that he would retire from the army after he reached his age, and then retire at home, but he never thought that he left the army in this way and lost his honor to the Yan family. Even if he died later Wu Yan sees Yan's ancestors.

Yan Anbang glanced at the place at last and turned to leave.

Back home, just opened the door, and looked at the messy room, he suddenly went to something wrong, and the room was too messy.

"Yan Yan." Yan Anbang said, but no one responded. His face was a little ugly. He went upstairs and the bedroom was messy. The flower pots on the balcony were smashed, and the ground was full of debris and mud.

He called Qin Yan, but it was shown that it was shut down, and his valuables were still there. Even Qin Yan's passport and ID card were there, except for her.

Yan Anbang's expression was anxious. He ran to the gate of the community and asked Qin Yan's traces, but no one said that he had seen it. Yan Anbang immediately realized that Qin Yan must have happened,

and ran to the police station to report the problem.

"When did people disappear?" the policeman asked.

Yan Anbang shook his head, "I just came back from the army, and when I came back, I disappeared. The chaos in my house seemed to have been robbed."

"Have you lost something valuable?"

Yan Anbang continued to shake his head, "No, all the valuable things in the family are there, except for my wife."

The police looked at Yan Anbang with a strange look, "Where does your wife usually like to go, is it not good to go out and relax?"

Yan Anbang's face was dull, "No, she knew I was worried, and even if I went out, I would call me. Comrade police, my wife must have an accident. Please help me find someone."

"Mr. Yan, it's been less than forty-eight hours now that we have disappeared. Even if we want to file a case, maybe we really think too much. Maybe your wife is already waiting for you at home when you go home." Police 'S attitude is perfunctory.

Yan Anbang's face was ugly. If this were before, a little policeman had the courage to treat him like this. He walked out of the police station and called his old friends, but either he didn't answer the phone, or he picked up and talked, and he didn't want to help at all.

Yan Anbang was so annoyed that he smashed all his mobile phones, but Hu Luoping was bullied by dogs.

Back at home, Yan Anbang continued to call Qin Yan on his home phone, and the phone was still off. Yan Anbang did not know whether Qin Yan had any friends in Nancheng. It was also at this time that Yan Anbang realized that he was a little bit about Qin Yan. I don't know. She doesn't seem to have friends. She went home on weekdays. She didn't talk about going out with friends or shopping for food except staying at home.

Yan Anbang couldn't find anyone to help, and he didn't know where to go to find someone, so he had to wait at home and wait, just like the police said, Qin Yan just went out because of a bad mood? If Qin Yan really had an accident, whether it was kidnapping or revenge, the other party should call him.

Yan Anbang was one day. The phone at home was very quiet, and there was not even an advertising phone. Yan Anbang couldn't sit still and went to the police station again, but the police's statement was still the same. Qin Yan's abduction was just Yan Anbang's guess, and it is not evidence. The person has been missing for less than 48 hours and cannot be filed.

Yan Anbang wanted to make a lot of trouble at the police station. The attitude of these policemen was

so perfunctory, which made Yan Anbang very uncomfortable, but he is no longer the original chief of staff of Yan, and now he is only Yan Anbang.

Yan Anbang was pretty sure that if he dared to make a big noise, these people would dare to let him in. He came out of the police station. He looked at the streets where the cars were coming and going, and he was chilled. This coldness came in from his collar, Drilled into his heart, all the way to the bone.

In the hospital, Dougs finally persuaded Yan Xi to go back to the hotel to rest, and the hospital left it to Yan Shengyu to take care of it.

Dougs put a quilt on Yan Xi and said softly, "Don't think about anything, get a good night's sleep, and tomorrow I will accompany you to the hospital to see your mother."

Yan Xi's expression was haggard. After spending so many days in the hospital, it was a miracle that her mental state was good.

Yan Xi couldn't sleep, she pulled Dougs's clothes, "Can you talk to me?"

The footsteps that Dougs wanted to leave were here, and he sat down beside the bed. "What do you want to talk about?"

Yan Xi shook his head, "I don't know, just do whatever you want, tell me what you want to tell me, or talk about what you have encountered in the past."

Dougs heard this, pondered for a while, and spoke slowly, "This is a patient I just met as a psychiatrist shortly. She is a fifteen-year-old girl. She has lived with her mother since childhood and has a very good relationship with her mother. , The two are generally the closest friends. Her mother rejected many good men's pursuits for her and kept guarding her until she grew up. She thought that after she graduated, she could spend time with her mother and live with her mother all her life. It's just that she didn't expect that one day when she came home from school, she saw her mother sleeping in bed, and she never woke up again during this sleep."

Yan Xi listened quietly. Hearing this, she asked, "Her mother died?"

"Well, because of the hardships of life, her mother worked several jobs for her to have a better life. Eventually, because of lack of energy, she slept at home and left."

"What about later?"

"The little girl could not accept the fact that her mother left her, neither called the police nor brought the phone to the hospital, but instead went to school on time every day as if her mother were still alive, and held her mother's body at night Sleep. The co-worker who went to where her mother worked part-

time saw her mother hadn't been to work for several days and came to the house to find talent and found something was wrong."

"At that time, her mother had been dead for more than a week. In addition to the hot weather, her mother's body had a bad taste. Workers were taken aback and quickly called the police. The neighbors knew that the family's pillars had fallen."

"Her mother's body was cremated with the help of everyone, and the child was handed over to the child's uncle's family. But soon, the uncle discovered that the child's mental state was not right. Often, he sat there alone and didn't say anything. With a tendency towards self-mutilation, her uncle saw her more than once with a knife on her arm.

"Then her uncle saw her brought you to see you?"

Dougs nodded, "Well, I did a series of examinations for her, only to find that she had severe depression, and trauma sequelae, so to speak, if her uncle sent him a little later, this child himself I can toss myself to death. I have treated her for almost three years before her condition gradually improved until she resumed her normal life. Now she has married her mother and has a new one in life, I have seen pictures of her children, they are very cute, she is holding her child and smiling warmly to the camera."

Yan Xi was silent for a long time before speaking quietly, "Dougs, you tell me this story, you want to tell me if my mother... do I want to be strong?"

"Yan Xi, you are a smart girl. Even if I don't say something, you should understand that the best thing about your mother is to stay in bed for the rest of your life like this, without your own consciousness and free activities. s right."

"Dougs, you are really cruel. Why did you tell me such a thing? Can't you tell me that my mother will wake up and stay with me like she used to, until she gets old?" Yan Xi's eyes were a little moist.

Dougs reached out and touched her hair lovingly. "Of course I would say that, but Yan Xi, this is not good for you. You should learn how to be strong."

Yan Xi closed her eyes, "Dougs, stop talking, I want to sleep."

Dougs spoke softly, "Okay, you rest first, and I will leave when you fall asleep."

Yan Xi closed her eyes, and Dougs looked at her quietly, and she kept falling asleep before he left.

The next day, Yan Xi and Dougs had just walked to the door, and they noticed something was wrong, there was no ward, and Zhao Jiaqing and Yan Shengyu were gone.

Yan Xi's expression changed, and Dougs drew a nurse and asked, "What about the people in the ward?"

"The rescue is gone." the nurse said.

The incubator held in Yan Xi's hand fell to the ground. She turned and ran to the hospital emergency room. Sure enough, she saw Yan Shengyu at the door of the emergency room.

Yan Shengyu leaned against the wall, his expression was indifferent, Yan Xi walked over, "Brother." The voice trembled.

Yan Shengyu glanced at her and didn't speak. The door of the rescue room opened and the doctor came out of it. Yan Shengyu immediately greeted her.

"Sorry, we tried our best."

The light in Yan Shengyu's eyes went out instantly, Yan Xi's eyes widened incredulously, staring at the doctor, "What do you mean by doing your best?"

"I'm sorry, please forgive me." The doctor said, this kind of birth and death is common for them. From the initial intolerance to the normal heart now, the doctor has also trained a hard heart.

However, this kind of death is an indelible pain for the family of the deceased, and how can the words "sorrow and sorrow" smooth out.

As soon as Yan Xi's legs were soft, she planted them on the ground. Dougs quickly reached out and hugged her, "Yan Xi, are you okay?"

Yan Xi's lips twitched lightly. She wanted to talk, but she couldn't make any sound at all. With her ears buzzing, she could only see the mouth in front of her moving, but there was no sound.

Her consciousness gradually moved away, her eyes darkened, and she finally fainted.

"Yan Xi!"

"Yan Xi!"

How did Zhao Jiaqing die?

368 Chapter 371: Unknotable Knot (One More)

Shen Qinglan learned that the news of Zhao Jiaqing's death was three days later. Qin Yan's disappearance came along with the news of Zhao Jiaqing's death.

"Ann, I've checked it. I haven't found any records about Qin Yan's entry and exit, nor information about train tickets and bus tickets. This person seems to have evaporated."

Evaporation on earth? Shen Qinglan thought about this quietly, "Don't it evaporate on earth, we can also do such a thing."

Jin Enxi immediately understood, "You mean she left in another capacity?"

"Well, don't forget, this woman has always been very simple, just left anonymously." Shen Qinglan said lightly, "Since she has already left, don't check this matter again."

"I'll check it again. Before, I was in the wrong direction. Now I can change the direction. Maybe I can find it." Jin Enxi didn't want to give up. The woman Qin Yan had aroused her strong curiosity. Her veil, she always thought about it.

Shen Qinglan didn't stop it either. When she hung up the phone, she was worried between her eyebrows. When Zhao Jiaqing died, it was a big blow to Yan Xi, and it was also a stimulus, in case if...

She called Dougs a call, originally wanted to ask what should happen to Yan Xi's situation, knowing that Gus is now in Nancheng, next to Yan Xi, Shen Qinglan felt relieved.

Fu Hengyi knew that she was worried about Yan Xi, and sighed silently. After Shen Qinglan recovered, he said warmly, "If you want to visit Yan Xi in Nancheng, I can accompany you."

Shen Qinglan shook his head, "No, I might not be a good thing to go. Since Dougs is there, there will be no problem. I just wondered why Zhao Jiaqing would die at this stall and Qin Yan also disappeared. "

Zhao Jiaqing became a vegetative. Although he faced the risk of real death at any time, Dougs asked the doctor that the current situation of Zhao Jiaqing is very stable. Such a situation will not occur in a short time. So, can it be understood that Zhao Jiaqing's affairs is artificial? Combined with Qin Yan's departure, does this matter have anything to do with Qin Yan? What is the purpose of her doing this?

Fu Hengyi quietly listened to Shen Qinglan's analysis and spoke slowly, "If your guess is true, Qin Yan came back to revenge Yan Anbang, then Zhao Jiaqing's thing must have been done by her. Yan Anbang is now wife and wife, When Zhao Jiaqing died, it was tantamount to drawing an insurmountable gap between Yan Anbang and the two children. In this life, Zhao Jiaqing's death will become an inextricable knot in Yan Xi and Yan Shengyu's hearts."

Fu Hengyi's words made Shen Qinglan's originally confused thoughts gradually clear up. Yes, if even Zhao Jiaqing had something to do with Qin Yan, then the truth will be solved in the future. Yan Xi and Yan Shengyu will never forgive Yan Anbang. The pure and beautiful former lovers who thought of themselves are actually the truth of a woman with a heart and soul, but also have to face the hatred of their children for themselves.

If this is Qin Yan's revenge, then this revenge is ruthless, but pity Yan Xi.

"How did you check the leaks of the last military exercise?" Shen Qinglan asked suddenly.

Fu Hengyi's expression was faint and his eyes glowed with coolness. "I'm still checking. I thought about it last time. It's not impossible, but it's really like you said. It's hard to have substantive evidence for this matter. "" Even if he found out who he was from, there was no way to get this person.

Shen Qinglan was silent, thought for a while, and said, "If you can't do this well, you can leave it to me." Fu Hengyi is a soldier. Some things are not easy to do, but she is not.

Fu Hengyi smiled, "Qinglan, I know this matter well, don't worry about it."

The phone rang and Fu Hengyi picked it up, his face instantly changed, and the hand holding the wheelchair clenched immediately. Shen Qinglan looked at him, and Fu Hengyi was a little emotional.

"Okay, I know, I will come over immediately." Fu Hengyi said in a mute voice, he looked at Shen Qinglan, "Meng Liang woke up."

In order to save Fu Hengyi, Meng Liang helped Fu Hengyi with two bullets and was seriously injured. Although he was not dead when he was rescued, he never awakened. He did not expect to wake up now.

"We are going to the hospital now." Shen Qinglan said.

When the two rushed to the hospital, Meng Liang's parents had arrived at the hospital. Meng Liang was cooperating with the doctor to check. When he saw Fu Hengyi, he wanted to get out of the bed. Fu Hengyi waved his hand, "Don't move, wait for the doctor to finish the inspection."

Meng Liang's eyes fell on Fu Hengyi's lap and wanted to speak, but now there are so many people in the ward, some words are not easy to say, so he closed his mouth.

"The recovery is basically good, and you can be discharged from the hospital for a while," the doctor said.

"Thank you doctor, thank you doctor." Meng Liang's parents were very excited. Since his accident, his mother has been so sad all the time that he hasn't even returned this year.

Knowing that Meng Liang and Fu Hengyi had something to say, Meng Liang's parents determined that Meng Liang was okay and went out. Meng Liang looked at Fu Hengyi's leg, "Captain." Because of the long coma, his voice was hoarse, and Shen Qinglan fell to him A cup of water.

"Thank you sister-in-law." Meng Liang thanked, and Shen Qinglan said nothing, and left the ward, leaving the space here for them.

Meng Liang's eyes have been on Fu Hengyi's body, "Captain, your legs..."

"It can't be broken, it's just that I can't stand up for now, just wait for a few months. Since you wake up, you should take care of your wounds." Fu Hengyi said lightly, not saying that his legs had not recovered to their original level. thing.

"That's good, that's good." Meng Liang breathed a sigh of relief, just remembering the sacrificed Qian Fei, he just relaxed and suddenly heavy again, "Qian Fei, is he..."

"Qian Fei's affairs have been dealt with. You can go and see him when you are discharged from the hospital."

Meng Liang's eyes crossed his sorrows. This is his own brother. He has been born and died for so many years. He has been prepared for sacrifice for a long time. He also thought that maybe one day everyone might be separated from each other in a certain task, but when it is like this The scene really happened in front of you, no matter who it is, you can't face it lightly.

"Captain, what about King?" Meng Liang said, gritting his teeth.

"It's already dead, I killed it myself." Fu Hengyi said. The one in King's heart was inserted by him. King is absolutely dead and can't die anymore.

Wen Yan, Meng Liang's sad mood finally improved a little bit, "If you die well, if he doesn't die, I will also seek revenge on him."

Meng Liang had been in a coma for more than a month. Naturally, he did not know that Fu Hengyi had withdrawn from the Sabre Force. When Fu Hengyi told him, Meng Liang was silent, "Captain, is it because of your leg injury?"

Fu Hengyi didn't admit it or deny it. It was quite the acquiescence of this matter. Meng Liang instantly reddened his eyes, "Captain."

"I will not be your captain in the future, even the city, and you will not call me captain in the future."

"No, you are our captain one day, all this life, I believe that the brother of the sharp knife thinks the same way." Meng Liang clenched his fists, his tone was forbearing, "Captain, can you really not recover your legs? If it's domestic If it is not cured, we can go abroad for treatment and invite the best experts in the world."

Fu Hengyi was Meng Liang's instructor and the person who brought him into the sharp knife. Over the years, he has been rescued by Fu Hengyi many times while performing tasks. He has a deep affection for Fu Hengyi. Now he sees Fu Hengyi like this , Meng Liang said that it is not an exaggeration.

Fu Hengyi was not so excited. "I had the idea of quitting long ago. This time it was just an opportunity. You don't have to be so sad."

Meng Liang only looked at Fu Hengyi as if he was comforting himself for a moment, as if he had made up his mind, "Captain, can I go to the Beijing Military Region with you?"

Fu Hengyi was stunned for a while, and his face fell, "What nonsense."

Meng Liang looked at him fixedly, "Captain, I'm not talking nonsense, I want to go to the Beijing Military Region with you. I was in the sharp knife because of you. Now the sharp knife is gone, and I don't have the meaning of staying there. I want to follow you to the Beijing Military Region, even if I'm a security guard for you."

Meng Liang also has a military rank, so it is impossible for him to be a guard for himself. What's more, Fu Hengyi would never agree to him leaving the sharp knife.

"There are so many brothers in the sharp knife, Mu Liancheng, Zhang Wei, Qin Yong... Do you not want these brothers?" Fu Hengyi asked in a deep voice.

Meng Liang was silent.

Fu Hengyi eased his expression. "Withdrawing the sharp knife, not only because of my leg injury, but also because of my wife and the upcoming child, I want to spend more time with them, so you don't have to do it because of me."

Meng Liang is a very capable person. It is not easy to cultivate a person with a knife army. Fu Hengyi naturally cannot let Meng Liang withdraw from the knife for his own reasons.

"And now I can no longer stay in the sharp knife, you should stay there and fight alongside the big one."

Meng Liang continued to be silent, and Fu Hengyi stopped talking, letting him want to understand.

"Captain, I know, I will continue to return to the sharp knife after the injury is cured." Meng Liang said in a mute voice.

Fu Hengyi was not surprised by this. After talking about what happened after the military exercise, he left here with Shen Qinglan.

Two days later, Eden returned, and he was going to perform a third operation on Fu Hengyi.

"The recovery is better than expected." Eden looked at the inspection data and said to Fu Hengyi, "After waiting for this operation, your legs will recover for up to six months."

When Fu Hengyi had just been injured, Eden had treated him. Fu Hengyi's legs were seriously injured, and it was already the limit to restore normal life. It was unexpected that after two operations, his leg recovered. As expected, it is not impossible to return to the original level.

"When is the operation?" Shen Qinglan asked.

"He is in good condition and can be operated at any time."

"Then as soon as possible." Fu Hengyi said, Shen Qinglan's month is getting bigger and bigger, and there are more and more places that need care. Fu Hengyi doesn't want Shen Qinglan to take care of him with a big belly.

"Then three days later, you have a good rest and adjust your physical condition these days." Eden said.

Xinhe International General Manager Office.

Annie sits on Wen Xiyao's boss chair and tilts her legs. "It's still the most comfortable for you here. Look at this office. It's comfortable, luxurious and concise. Your boss is really good enough for you. You may not have you in the president's office. Office is comfortable."

Wen Xiyao made a cup of tea for her, and Anne disgusted, "I don't drink tea, I want coffee."

"I only have tea here, no coffee, do you drink it? If you don't, drink plain water."

Annie looked at her silently, "Xiyao, you have changed, you really are empathetic and don't love anymore. I thought we were going to clubbing, traveling, admiring beautiful men together, and even determined to soak up all the beautiful men in the world. Changed the evil for a man."

Wen Xiyao smiled, "The word 'correct evil' is not accurate. I never wanted to really be a handsome guy."

Annie stared at her, "Wow, are you really planning to return to the family for a man?"

Wen Xiyao asked her back, "Can't it?"

Annie shook her head and said, "It's really too unexpected. I saw you at the annual meeting last time, and I didn't feel much about knowing that you were engaged. After all, we still want to get married in the end, and Shen Junyu is like that."

"So you think I am married?"

"Yeah, the first reaction of the people must be this. Look at my dad, call me back from the outside and say that I missed me. Actually, it was just to make me blind date. You don't know how much my dad went too much. One day Within that, I met three people. If you were already engaged to Shen Junyu, I guess Shen Junyu must also be my dad's goal." Annie said, she had a good relationship with Wen Xiyao and said these words did not worry about Wen Xiyao at all. Would mind.

Wen Xiyao laughed, "There are so many blind dates, aren't you one who hasn't even taken a fancy? It is estimated that the person who should be angry now is your dad."

Annie shrugged, indifferently, "A lot of people are still so angry, I can't help it. Who asked him to introduce me to some elder brothers, rich second generation, all rely on the family, a few are I really have my own skills, even if it is, the face value is not high enough, you know, I am a senior face control. If I look for it, I want to find someone who has good eyesight and has his own skills."

Wen Xiyao stared at her, staring at Annie with hair all over her body, "What's wrong, what do you do to watch me like this?"

"Do you already have a goal?" Wen Xiyao asked.

Annie opened her eyes slightly, covered her face, and was shy, "Is it so obvious? I'm clearly disguised!"

Wen Xiyao rolled his eyes, "Your thoughts are all written on your face, and it's almost like telling the world."

Annie lowered her hand and smirked. Wen Xiyao saw the nympho expression like Annie for the first time. Although Annie was bolder than her and used to catch up with a handsome guy in the past, there was no one seriously. Yes indeed.

Wen Xiyao asked curiously, "Where is the other party sacred, how long have you been together?"

Hearing this, Annie's expression suddenly changed, her face downcast, "People can't look at me."

Wen Xiyao was even more surprised. "And there are people you can't handle Miss An?"

"Yeah, you are surprised too. I have chased him for a long time, from country M to country Y, and now I'm chasing the country again, but people don't look at me at all."

"Isn't the other party trying to make ends meet?" Wen Xiyao guessed that there wasn't that kind of man. He was obviously interested in this woman, but he hanged this woman just so that the other party could fall in love with himself more and then wait When people are hooked, they will not be cherished.

"Annie, have you met a scumbag?"

Annie shook her head immediately. "Absolutely not. I can see that he really looks down on me. Then you don't know. He sees me like a plague. Don't be annoying. Not only don't pick me up 'S phone even blacked me."

In this way, Wen Xiyao was curious about this man, "What does the other party do? It's so hard to do."

"It's just a doctor, but the doctors' attitude toward him in the hospital seems to be very good. The most important thing is that the person is very handsome. My girl's heart fell on him at first glance. Ladura Not coming back."

"What's his name? Which hospital's?"

"I can't tell you yet. When I get him done, I will definitely show you. It is guaranteed to be the best. It is not worse than Shen Junyu. My heart is crisp when I think of his smile like a spring breeze. "Any heart flashed in Annie's eyes."

Wen Xiyao shook his head, "I think you are really crazy, but I want to see if this man can maintain your enthusiasm for three months."

Annie has many boyfriends, but each of them is not long, and even the longest one has not been with her for more than three months. In the words of Annie, "the people are all looking at my family and beauty, stay with me I also want to slap it, Miss Ben is not doing that, why do you want to take advantage of others, before taking advantage of their heart but not real action, I don't hurry to withdraw Is it still waiting to be eaten tofu? "

So what the outsiders didn't know, thought that Anne's private life was very chaotic, and the men changed one after another. When she was studying abroad, even a girl who was jealous of her said that she was a "bus" and was beaten hard by Annie. A meal.

Annie laughed, "Sure, Xiyao, you know, when I was with those men, no matter how happy and excited I was, my heart was calm, but only him, when I saw him , My heart is shaking, the first time I know my heartbeat can also be so crazy for a man, from that moment, I know, this is the man I want, I will be with him all my life Men who don't feel tired and tired together."

At the end of the day, the laughter on her face was replaced by earnestness. Looking at her expression

Wen Xiyao knew that Anne was really serious this time.

"Good luck dear." Wen Xiyao said sincerely.

"Well, he is in Beijing now. I will kill him when I find out which hospital he is in. I still don't believe it. With my beauty and wisdom, I can't handle a man." Look.

"You come back with others, but you don't know which hospital he is in?" Wen Xiyao wondered.

Annie mentioned this and was very frustrated, "I am also depressed, I followed him all the way, and I am confident to hide very well, but who knows that just out of the security check, in a blink of an eye, this person disappeared, just like others evaporated."

Wen Xiyao was even more curious about the man in Annie's mouth. "Listening to your opinion, this person is very cold."

Who knows, Annie shook her head, "No, no, he is only cold to me, he is warm to others, especially his patients, that is called a spring-like warmth, it is like cold Siberian air to me. Dead." Annie's face changed, "but I figured it out now, he only treats me like this, it does not mean that he doesn't feel anything for me, maybe his heart also likes me." It's just because I rejected me at first, so I am embarrassed to accept me now, so I pretend to be cold, yes, it must be like this."

Her face was full of joy, and the look of Wen Xiyao was helpless, exposing her ruthlessly, "You look like a self-deceiving nympho."

Annie white-eyed, "Wen Xiyao, you are less and less cute now. Do you want me to be your bridesmaid?"

"You can't do it properly, I will find someone else."

Annie sneered, "Well, I don't take it for you. You don't want me to be a bridesmaid because I'm afraid I will steal your limelight. Your bridesmaid will really be determined. I will be the most watched in the audience. Focus, all the handsome guys of the best man will be wiped out in one go." Annie made a bold speech.

"Sir your doctor? Don't you? Just said you want to take him down."

"You don't understand this. He is my real son and my Mir. Right, but this does not prevent me from admiring handsome guys. Everyone has a heart for beauty."

Wen Xiyao shook his head and smiled, "Okay, I won't be poor with you. It's almost noon. Let's go to dinner first."

Annie had originally come to Wen Xiyao for dinner. Naturally, she had no comments. "Xiyao, do you have enough rest at noon?"

Wen Xiyao asked, "What's wrong?"

"If you have enough time, we will eat at Jingang Road. There is a restaurant there."

Wen Xiyao looked at the map. Jingang Road was just one south and one north from her company. "I ran across half a city and ran so far to have a meal, are you sure?"

Annie smiled, "I'm sure you don't have a break at noon. We can have dinner and we can go shopping nearby. The scenery over there is still very good. A walk after dinner also helps digestion and maintain body shape. Women in wedding dresses, of course, should pay attention to their figure."

Wen Xiyao chuckled, "I think you are not a drunkard, but I didn't want to go to the bar. I just checked. There is a hospital nearby. Is your doctor in that hospital?"

Annie was not exposed to embarrassment at all, "This is a good food and a beautiful man, if you can have an encounter with a beautiful man, this is called a fate." In fact, Anne did not know if the person was in that hospital, these God, she would go to a hospital every day to eat, and then stop by to go to that hospital and ask if there was that person. It was really the hospital's turn today.

"Okay, for your happiness, I will cross half a city and go to accompany you for this lunch, but first say yes, it is your treat."

"no problem."

Who is the person that Annie likes?

369 Chapter 372

"Wait, Xiyao stops, stop quickly." Annie shouted suddenly, Wen Xiyao was startled, "What's wrong?"

"Quick stop!" Annie looked worried.

Wen Xiyao thought she was in a hurry. She hurried to the side and parked. Annie got out of the car and chased in one direction, but stopped halfway after chasing. "I just saw it. Why didn't you disappear in a blink of an eye, you bastard, Did you deliberately avoid me?"

Annie stomped on the spot with anger, and looked around unhesitatingly. Without seeing the person she wanted to see, she could only go back to the car in a huff.

Wen Xiyao looked at her, "Who did you see, how does a frost hit eggplant?"

Annie shook her head. "Just got it wrong, let's go."

Wen Xiyao drove, and the two came to the restaurant that Annie said, but the time of a meal was always absent-minded, and I thought that it should be related to the person I just saw.

Walking out of the restaurant, Wen Xiyao asked her, "Are you still going for a walk nearby?"

Annie shook her head, and then nodded again, "Go, of course, after the meal, I will eat it."

When Jin Enxi and Eden came to the hospital, Shen Qinglan and Fu Hengyi were having lunch. The meal was delivered by Aunt Liu at home. Tomorrow Fu Hengyi will have a third leg surgery. Today, he will be hospitalized for tomorrow's surgery. Prepare, this operation is even more important than the second operation, and it is more difficult. According to the first-class statement, this operation is related to the degree to which Fu Hengyi's leg is recovered, or whether it can be recovered before the injury Depends on the success of tomorrow's operation.

"Ann, I'm here to see you." Jin Enxi came in. She and Fu Hengyi had seen them many times, and Fu Hengyi knew their identities, and they didn't need taboos at all.

Shen Qinglan had just planned to pack things up. Jin Enxi took the initiative to help Shen Qinglan pack things up. "Okay, just sit on your big belly. I will help you pack up."

Eden did another check for Fu Hengyi. "Well, the condition is good. There will definitely be no problem when tomorrow's operation. I have arranged the operation and will be the first one tomorrow morning."

Fu Hengyi sincerely thanked Eden. Although this man likes Shen Qinglan, his eyes are very open. He likes Shen Qinglan, but he likes it deeply in his heart, but accompanies her as a friend, even willing to do his best for her. To help the person she loves, this openness and affection is worthy of Fu Hengyi's respect. This is a friend worth making.

Eden smiled, "Don't be so polite, you are Ann's husband, and my friends, friends need, I will definitely help you, although I guarantee your legs can be restored to the previous level 100%, But 90% is definitely ok, so you don't need to worry too much."

"That's fine," Fu Hengyi said. When he was injured in the rainforest, he was already prepared for his legs to be permanently crippled and unable to stand up. After all, his legs were completely unconscious at the time.

Later, the experts also said that his legs were basically abolished and could not be recovered to that extent. It was also because of this that the superior leadership had to agree to Fu Hengyi's withdrawal from the sharp knife.

Before Fu Hengyi asked Eden to help conceal the recovery of his leg, he was also able to leave the sharp knife smoothly.

Eden determined that Fu Hengyi's physical condition was gone without any problems, and he still had a lot of things.

Jin Enxi packed his things and sat down to look at Shen Qinglan. He looked hesitant, and Shen Qinglan spoke lightly. "Say anything if you have anything."

"An, do we really no longer track Qin Yan?" Qin Yan left Nancheng and found no trace so far, which made Jin Enxi very unwilling, which was equivalent to leaving under her eyelids.

Shen Qinglan's expression was faint, "No, since she has the ability to leave unconsciously, she is certainly able to hide her trail. Such a tracing has no meaning at all, just a waste of time."

Jin Enxi also knew, but he was not reconciled.

"How is Nancheng?" Shen Qinglan asked.

Jin Enxi knew that she was talking about the Yan family, and said, "Zhao Jiaqing died too suddenly. Yan Shengyu submitted an autopsy. The results of the autopsy have not yet come out, but it was the two days. The situation of Yan Xi is not very good. I fell ill directly and is still living in the hospital. Yan Shengyu is worried that she will have an accident and has been guarding her step by step."

In just one month, Yan Xi was seriously ill twice. This physical condition caused Shen Qinglan to feel a little worried. Fu Hengyi saw her thoughts, took her hand, and Shen Qinglan held him back. of.

"What about Yan Anbang?" Fu Hengyi asked.

"Because Yan Anbang couldn't find Qin Yan, he reported it after 48 hours, but the police didn't have any clue. Yan Anbang knew that Zhao Jiaqing's death was still informed. He went to the hospital to see Zhao Jiaqing, but Yan Shengyu refused, especially Yan. In the evening, Yan Anbang was very excited when he saw Yan Anbang and had to leave first."

Shen Qinglan's eyes were slightly cold, and Yan Anbang had reached the point where he is now, and he still missed Qin Yan.

"En Xi, wait until Zhao Jiaqing's autopsy results come out, and check if Qin Yan's hand is under control. If so, kindly remind our chief of staff of Yan to let him know the true face of his lover."

Her tone was very cold, and Jin Enxi nodded, "You can rest assured, I have been following this matter. By the way, I heard Daniel said yesterday that your paintings will be exhibited at the Sydney City Art Station in July. Would you like to go to Sydney City again?"

This matter Daniel just called her two days ago, "Well, but I won't go through." Although she was already in confinement in July, the child was still too young, and Fu Hengyi's legs did not recover so quickly, she Don't worry about leaving them.

Compared with his family, these things of fame and fortune can be given up to Shen Qinglan.

Jin Enxi also expected such a result. Shen Qinglan's disregard for these things was really the first person she had seen. Last time, she had a good chance, but Shen Qinglan gave it to the man named Jonathan. people.

She knew that Shen Qinglan and Daniel wanted to win Jonathan, so as to crack down on Catherine, but now that Catherine has been in disrepute in the painting world, it doesn't make much sense to do so. It doesn't matter if the opportunity is not given to Jonathan, but Shen Qinglan Give it anyway.

Because of this incident, the outside world is still speculating about whether there is a problem between Daniel and Shen Qinglan. For so many years, Daniel, who has only worked as Shen Qinglan's one-man agent, has begun to praise other people's works.

Some people even speculated whether it was because Shen Qinglan had doubled in value and had a good reputation, so she began to abandon Daniel and wanted to go solo.

Regarding this matter, some people doubt that some people are gloating and happy, and more people are on the sidelines of watching or watching the drama.

The two people at the event center didn't care about it, letting the outside speculate, until there was news that Shen Qinglan would produce a new work to participate in the Sydney Art Festival.

This new work is different from Shen Qinglan's short works in the past. This is a large painting, very long and wide. It is a very time-consuming and laborious project.

The content of this painting is not even known to Daniel. Shen Qinglan only said that he would complete it before the art exhibition.

Fu Hengyi has seen the part of this painting. After all, Shen Qinglan was by her side when he was painting. He handed him paint, and occasionally helped to adjust the color. Not to mention, watching Shen Qinglan paint, Fu Hengyi's Sensitivity has improved a lot, and she has become more and more satisfied with the color she recently transferred to Shen Qinglan.

After Wen Xiyao and Annie walked to the hospital, they discovered that this hospital was actually the one where Fu Hengyi was hospitalized. He patted his head, and he was really confused. No wonder when Annie gave her the address just now, she thought Jingang Road The name is a bit familiar, and now I see that the hospital immediately reacted. This road is facing the back door of the hospital.

They all came here. Naturally, Wen Xiyao was going to take a look. He bought fruit at a nearby fruit shop and bought a bunch of flowers.

"Xiyao, who are you looking at?" Annie asked curiously.

"My fiance's brother-in-law is hospitalized here, and I go in to see him." Wen Xiyao said.

When Annie thought that there would be such a coincidence, she said indifferently, "Then I will accompany you in, anyway, I have nothing to do now."

"Aren't you going to meet the handsome guy?" Wen Xiyao said. When she just walked out of the restaurant, her dad called her and said she had arranged for a blind date.

"Where am I in this mood now?" Annie said, her brain was full of pictures she had just seen on the road. If the person had blacked her phone, she really wanted to question who the woman she saw was. .

"Xiyao, you said that if a man refuses to take care of you, he is cold to you, but he talks and laughs with another woman, what do you think is the reason?" Annie suddenly asked.

Wen Xiyao's footsteps paused a bit, "It could be because of something. If it wasn't for this man to hate this woman, it was because he liked that woman. The end result was that he didn't like a certain woman."

Annie looked slightly dim.

Wen Xiyao looked at her, "Annie, does your doctor already have someone you like?"

Annie shook her head. "I don't know. When I met him, I asked the nurse in his hospital. The nurse said

that he hadn't heard that he was married and saw that he had a girlfriend. So I guess he should be single."

Wen Xiyao helped him, "You guess?"

"But even if he has a girlfriend, I still have a chance as long as he hasn't gotten married. Others haven't said it, only a diligent hoe and no corners to dig."

"Annie, didn't you say you wouldn't have a relationship with a married woman?"

Annie shrugged. "Yeah, it hasn't changed now, but he doesn't have a ring on his hand, which means he hasn't gotten married yet, so he's not a married man."

Wen Xiyao is really too lazy to say her, "You pay attention to it, if you have a wife, give it up early, so as not to hurt others."

"Relax, rest assured, although I like handsome guys, they are not really bottomless," said Annie.

During the talk, Fu Hengyi's ward arrived. Wen Xiyao called her just now, so Shen Qinglan knew she was coming, but was a little surprised by the people who came with her.

She met this woman at the annual meeting of Junlan Group and was a friend of Wen Xiyao.

"Sister Xi Yao, how did you come today?" Shen Qinglan asked.

Wen Xiyao smiled and set aside the flowers and fruits in his hand. "Eating nearby with friends, remembering that Hengyi lived in this hospital, so I came to see it."

"Miss Shen, it's nice to see you again." Annie said.

Shen Qinglan smiled, "Miss Anne, hello."

"Ann, today's apple is very good and sweet." Jin Enxi's voice came from the bathroom, and then her figure appeared in the ward, raising her eyebrows slightly when she saw the people in the ward.

Annie also saw Jin Enxi, her eyes widened in an instant, and came to Jin Enxi in two steps. "It's you, you are here, do you know where he is?"

Jin Enxi looked faint and shook his head. "I don't know him well, I don't know."

Annie stared at her tightly. "He has used you as a shield. How could you not be familiar with him? You must know where he is, right? You told me where he is, I have been looking for him for a long time."

"You said I was just his shield. I never knew where he went, how can I tell you?"

Looking at the situation in front of her, Shen Qinglan looked at Wen Xiyao suspiciously, and Wen Xiyao shook her head, saying that she did not know. She just knew that Annie had been looking for someone. That person was a doctor. Now, it seems that this woman seems to be Know where the doctor is.

Reminiscent of the question that Anne asked on the way just now, could she be talking about this woman?

Annie is still asking Jin Enxi closely, "No, you must know where he is, I beg you to tell me." She softened her tone, "I really like him, I chased from country M to country Y, and from Country Y came here just to meet him. I know your relationship with him is not a boyfriend or a boyfriend. I don't want to treat him. I just want to see him. I really miss him."

If Anne's attitude has always been tough, Jin Enxi refused her firmly, but her tone softened and she looked at her so pitifully, her heart suddenly softened and she sighed, "He doesn't like you , Why are you running after him."

Annie smiled bitterly, "I also know, but I just like him, and I think so badly without seeing him. It doesn't matter if he doesn't like me now, I will let him like me someday."

As he was talking, a person walked in outside the door. Annie's eyes lit up and rushed over, "I finally found you!"

Eden looked at the person who was rushing towards him, and there was a look of surprise in his eyes. He leaned slightly to avoid Anne's hug. Anne hugged an empty space and looked at Eden resentfully. Isn't it too much a hug?"

Eden looked faint, "Why are you here?"

Annie smiled, "This is fate. I accompanied my friends to see the patients and they can meet you. Does it just mean that our fate is very deep?"

Eden did not respond to this remark, but said, "I'm done now, can I go now?"

Annie's expression grew more resentful, "I just saw you, you drove me away, do you hate me so much?"

Eden looked at her, his eyes cold, "I should have made it clear to you what I should have said, and I thought what I did was already obvious."

Annie gritted her teeth, yeah, could it be obvious, leisurely orally refused, and then blacked her phone again, and found a woman who said she was her girlfriend, and ran from her country to other countries, in order to hide her, Eden was also very painstaking.

Shen Qinglan looked at this scene with great interest, and Fu Hengyi smiled helplessly when she saw her rare gossip.

Eden walked around Annie, and when he spoke again, his expression was restored to his former gentleness, "Qinglan, you go back tonight first, there is me in the hospital."

Shen Qinglan shook his head, "No, you need surgery tomorrow, you need plenty of energy and physical strength. I'll do it here myself." Her eyes fell on Anne, who looked sad, and gave Eden a glance.

Eden understood the meaning in her eyes and smiled across her heart, laughing, and opening, "Then I will let you add an extra bed here."

Wen Xiyao kept silent when he came in from Eden, and secretly observed the man. She now believes that Anne said that the man is really not interested in her. This can be seen from his eyes. .

"Hello, I am Qinglan's future sister-in-law, my name is Wen Xiyao." Wen Xiyao stepped forward to introduce herself. In the previous two operations, she had seen this doctor named Eden, and she also heard Shen Junyu mention it many times. , But for the first time as curious as today.

Did Eden smile softly, "Hello, Miss Wen."

Wen Xiyao was not surprised that the other party knew her, and they had called each other several times.

When Eden came over, she just wanted Shen Qinglan to go home to rest. When she saw that she was unwilling and would not persuade her, after finishing what she wanted to say, Eden was ready to leave.

As soon as Eden left, Annie followed. Wen Xiyao looked at Shen Qinglan curiously and asked, "Qinglan, this doctor Eden, does he have a girlfriend?"

Shen Qinglan didn't have time to answer, Jin Enxi spoke first, "Eden has no girlfriend and is not married, but he has someone he likes, your friend, no drama, you have time to persuade her, let her give up as soon as possible, Don't waste time on Eden." She said this for Anne's sake. Eden thought that several of them knew that so many years of feelings did not mean that they could be put down.

Don't look at Eden now calmly facing Shen Qinglan and Fu Hengyi, but that only hides his feelings for Shen Qinglan in his heart.

Wen Xiyao was helpless, "I can't control Anne's affairs."

Then there is no way. Let Eden and Annie resolve the matter themselves.

Wen Xiyao stayed here for a while and left. She came out of work at noon. There was still a meeting to host in the afternoon. Naturally, she could not stay outside for a long time. Call Annie. This guy waved her directly to leave. Too.

She found Eden so hard now that she couldn't leave.

After Wen Xiyao left the ward, Shen Qinglan, Fu Hengyi and Jin Enxi were left in the ward. Shen Qinglan finally asked the question in his mind, "What's going on with Anne and Eden?"

Jin Enxi leaned aside and gnawed an apple, "Annie went to the hospital to see a doctor once. The person who showed her was Eden. This girl was conquered by Eden. You must be with Eden. You know Eden. A person who is particularly serious about feelings, naturally refused to accept her, and refused. This girl is very perseverant, even if she is rejected, she does not intend to give up Eden, chasing him everywhere."

At that time, in Country Y, she happened to be looking for Eden, and she saw that Anne was pestering Eden. In order to let Anne die, Eden said that Jin Enxi was his girlfriend. He liked the cute girls like Jin Enxi.

After listening, Shen Qinglan silently said, "I think Anne is pretty good." Eden's character is restrained and passive. Anne's temperament is cheerful and active, and the two are just complementary.

Jin Enxi looked at Shen Qinglan, "Fortunately, you didn't say this in front of Eden." Otherwise, Eden had to die.

Shen Qinglan's words will not be said in front of Eden, she is not stupid. She looked at Fu Hengyi, "I asked Aunt Liu to send two sets of changing clothes over."

Fu Hengyi shook his head, "I don't need you here. I just slept here. I will enter the operating room tomorrow morning. There will be nothing and no need for care. If I really have something, I can also find a nurse. You go back first. rest well."

The environment here is no better than home, Fu Hengyi does not want Shen Qinglan to be here.

Shen Qinglan wanted to persevere, but finally nodded at Shang Hengyi's worried expression, and finally nodded, "OK, I will come with grandpa tomorrow morning. I will wait and find a nurse for you."

Fu Hengyi did not refuse.

Shen Qinglan stayed until 9 o'clock in the evening before leaving Hengyi's repeated urging. Jin Enxi was responsible for sending her home.

"Your family's Master Fu is really good for you." On the way back, Jin Enxi joked.

Shen Qinglan smiled slightly, "Daniel is not good to you?"

"If he dares to treat me badly, hum." Jin Enxi raised his fist.

"He is an ordinary person, but he can't beat you."

Jin Enxi hehe, "How can I be willing to abuse him, I just say so casually."

After sending Shen Qinglan home safely, Jin Enxi left. Shen Qinglan returned home, and Grandpa Fu was still waiting for her in the living room. "Grandpa, so late, don't wait for me in the future. Rest first. "

Mr. Fu smiled softly, "People are old, they have fewer feelings. I wasn't waiting for you just now. I was watching TV."

Shen Qinglan didn't take out his clothes, "Now it's late, Grandpa rests early, don't stay up late to watch TV. It's bad for your eyes."

Old Master Fu smiled and stood up, "Sleep and sleep, Qinglan girl, you have to rest early."

Shen Qinglan nodded with a smile.

**

The next day, Shen Qinglan woke up early in the morning. She reached out and touched the blanket around her, and it was cold. This reminded me that Fu Hengyi was now in the hospital. She touched her belly and spoke softly, "My mother just woke up thinking about her father Now, do you miss him like your mother?"

The stomach was quiet, and there was no movement. Shen Qinglan looked tender and lay in bed for a while before waking up.

After breakfast, Shen Qinglan and Shen Shen set off. When they arrived at the hospital, Eden was doing the final inspection for Fu Hengyi.

"Grandpa." Fu Hengyi called out, and then looked at Shen Qinglan, "Have you eaten breakfast?"

Shen Qinglan nodded, "I came here after breakfast."

Fu Hengyi heard the words and said nothing more. When the time was up, Fu Hengyi was pushed into the operating room.

Shen Qinglan and Grandpa Fu were sitting outside the corridor of the hospital. Shen Qinglan looked at the illuminated word "in operation", his expression was calm, but his hands were wet.

Although Eden said that this operation will not have too many problems, but this operation is too important for Fu Hengyi. He is a strong man and an excellent soldier. If his legs are really incomplete Recovery, Shen Qinglan thought, this will be the most regrettable thing in Fu Hengyi's life.

"Qinglan girl don't be nervous, Hengyi is a man, he can still bear this thing." Master Fu comforted her softly.

"Grandpa, I am a little worried." Shen Qinglan did not say that he was not nervous.

Master Fu continued to say, "Heng Yi's legs have now recovered beyond the original expectations, and Dr. Eden said that there will be no major problems."

Shen Qinglan also understood this naturally. She smiled and asked, "Grandpa, aren't you worried?"

How could Master Fu not be worried at all, after all, Fu Hengyi was his only grandson, but it was just a person who passed through the wind and waves, and after seeing more things, he became calm.

The operation was very long. This time the incident took longer than the previous operation. Shen Qinglan was a bit worried.

When Shen Junyu came over, Shen Qinglan was still staring at the door of the operating room without blinking. Fu Hengyi had been in for more than three hours.

Shen Junyu held a few insulation boxes in his hands, "Grandpa Fu, Lan Lan, please eat first."

Shen Qinglan knew that she could not go hungry now. Although she was not hungry, she sat down and ate. Shen Junyu looked at her silent sister and didn't speak comfortably, but sat quietly with the two.

It's been four hours since the door of the operating room opened. Eden looked tired when he walked out of it. He was tired after nearly eight hours of high-precision surgery.

"Qing Lan, the operation was very successful. It will be confirmed after tomorrow's inspection." Eden said.

Shen Qinglan's heart suddenly settled, she smiled slightly, "I won't say anything if you are grateful, please go and rest."

Nothing left for him, Eden nodded and left.

Shen Qinglan looked at Fu Hengyi who was pushed out. Shen Qinglan was in a trance for a moment. This was the fourth time he saw him come out of the operating room, and in the past years she didn't know, she didn't know such a scene. How many times did they appear, but from the scars that Fu Hengyi can still vaguely see, it can be inferred that he has suffered serious injuries more than once in the process of performing tasks.

The efficacy of the anesthetics had not passed, Fu Hengyi was still sleeping, and Shen Qinglan sat quietly at the bed watching his sleeping face.

Master Fu left after confirming Fu Hengyi's physical condition. He was already ninety years old, and his physical strength was not as good as that of a young man. After eight hours, his body couldn't eat enough.

Shen Qinglan accompanied Fu Hengyi in the ward until Fu Hengyi woke up.

**

Eden just came out of the operating room and went back to the office and saw Annie waiting at the door of his office. She also held a warm box in her hand. "Eden, is the operation over? Is it tiring? I will prepare it for you. After dinner, I asked the aunt at home to make it for you. Would you like to eat it?"

Eden glanced at her lightly, without answering, and turned into the office, Annie squeezed in, put the incubator on the table, "Eden, I let the cook at home cook a tonic soup for you to add strength, You try it."

She opened the insulation box, and the smell of food filled the office instantly.

Eden leaned back in his chair and closed his eyes, ignoring Annie at all.

"Eden, you have been operating for so long, and you should be hungry. You have to eat something first, and then sleep after you have eaten, otherwise it will be bad for your stomach.

Eden closed his eyes and didn't speak. Anne arranged the meals she brought, and then pulled Lala

Eden's sleeve, "Eden, eat."

Eden finally opened his eyes and glanced at her, "Go out."

Anne didn't leave. She was used to Eden's indifference to her. "I'll see you eat before you leave." Worrying about Eden's unbelief, Annie swore, "I promise, as long as you eat the meal, I will leave here immediately."

"Really don't go?" Eden asked.

"You ate the meal. This was made by the chef." She also went to the kitchen to supervise her work.

Eden gave her a fixed look, stood up, and took off her white coat before leaving. Annie stopped him. "Don't leave, I'll leave you. You remember to eat the meal."

After Annie finished speaking, she really left. Eden stared at the food on the table for a while, shook her head, and recruited a little nurse, pointing at the food on the table, and said, "You have eaten these, all It's clean, never touched."

The little nurse looked at him in surprise, "Dr. Eden, these are all for us?"

Eden smiled gently, "Well, it's all yours. Take it if you want to eat it. If you don't want to eat it, throw it for me."

Eden left happily, the little nurse looked at the rich meals on the table, and lighted a candle for Annie in her heart. It seemed that another person was wrongly paid.

Eden left the hospital and went straight to his home in Beijing. He simply took a shower and fell asleep.

In the evening, Eden sobered up, soaked himself a pack of instant noodles, went to the hospital after eating, and glanced outside Fu Hengyi's ward, seeing that Shen Qinglan and Fu Hengyi had rested and didn't bother to go in.

He was not a formal employee of this hospital. He didn't need him to work in shifts. The office changed clothes and Eden went to the bar.

He sat alone on the bar and sipped a glass of wine quietly. He rarely drank, but occasionally he did. The hustle and bustle of the bar had no effect on him.

"Hi, handsome guy, do you want me to have a drink?" A beautiful woman leaned on the bar and looked at Eden with a smile. The radio wave in her eyes flew towards Eden like she didn't want money.

Eden smiled, "My companion is coming."

The beauty pouted, "It's such a shame, we will meet again next time when we have a chance."

Eden did not answer, and the beauty shrugged and left.

The bartender put a cocktail in front of Eden. "This is what the lady asked you to drink." He pointed in a direction.

Eden looked over and saw a long-haired beauty raising his glass towards him. Eden picked up the glass and took a sip. The beauty saw it, smiled slightly, and walked towards Eden.

"Handsome guy."

Eden glanced up and down at this beautiful woman, chuckling, and motioned for the bartender to make a glass of wine and put it in front of the beautiful woman, "Please."

The beautiful woman put one on Eden's shoulder. "Handsome, I have a lot of good wine in my house. Would you like to try it with me." She has a faint fragrance of perfume, which is not strong and smells good.

Eden chuckled, took the woman's hand, and didn't speak. One hand reached out and smashed the woman's hand, "Yo, whose claw is this, where is it?"

Eden frowned at the woman who swore her arms and swore sovereignty, frowned, "Are you following me?"

Annie hummed and lowered her voice, "Don't talk, our account will be counted later." She looked at the woman just now, "I said this girl, the powder on your face has to be smeared on the face of the cat, why is there still Courage is humiliating here. Don't you know that when you smile, the powder on your face will puff off? You look at the ground, it's all white."

The woman was trembling with anger, especially the hand that had just been beaten by Annie, and they were already red and swollen. "Who are you?"

Annie clasped Eden's arm tightly and looked at the woman proudly, "Who do you say I am?"

The woman looked at Eden, "Handsome, is she your friend?"

Eden nodded, and the woman snorted, "I thought I was handsome, I didn't expect to be a stupid." He said he was going to go, but just took two steps, and came back, and took the wine that the bartender just gave her. .

Annie looked at the woman's back with anger and smiled with pride.

"Can you let go now?" Eden said lightly.

Annie put her hand down and chuckled, "Eden, I knew you weren't completely indifferent to me."

Eden was speechless, and it seemed that she didn't understand where her confidence came from.

Annie was very happy, "You just admitted that I am your girlfriend."

"You heard it wrong, I am talking about a friend." Eden said, "You have not answered me, are you following me?"

Annie glared, "I don't have it. If I say this is a coincidence, do you believe it? I also came to drink at this bar. I just saw you doing something I'm sorry for. I should be the one who is angry." She said angrily, this dead man looked cold to her and smiled at the other women. When she took him down, she had to kneel the durian shell.

"We don't have any relationship between us. I'm sorry, where do I start?" Eden looked faint.

Annie smiled, "Did you just admit to us that we are a boyfriend and a girlfriend? Not before, but now."

"I am talking about friends." Eden emphasized again.

"Is there a difference between a boyfriend and a friend? The relationship is the same. You are my friend now, and I will be my boyfriend in the future. Annie smiled, her eyes bright.
