

Chapter 369: Whoever regrets is a dog (1)

Bo Qi's expression darkened and he asked in confusion, " why do you have to have that piece of paper? Was that piece of paper that important?

Can that piece of paper prove that I love you to death?"

For a moment, Qin Siyu could not tell if she was disappointed or relieved. Her red lips curled up. yes, it's very important! That piece of paper can't prove your love for me, but if you can't even give me a piece of paper, doesn't it prove that your feelings for me are worthless!"

"Even if I love you?" Bo Qi's voice was squeezed out from his throat.

Qin Siyu shook her head. you'd better use this excuse to trick the other girls. I'm not interested in playing with you anymore!

All feelings needed a place to belong to, and Bo Qi's feelings were like a leaf in the ocean, forever drifting with the wind, never reaching the other side.

Bo Qi's hand clenched silently into a fist. Qin Siyu, this is the last time! I won't come looking for you again after today. You really won't regret it?"

Qin Siyu's lips curled into a smile. whoever regrets it is a dog.

Bo Qi saw the determination in her eyes. After confirming that she would not turn back, he was no longer persistent and unlocked the car door ...

Qin Siyu pushed open the car door and got out of the car. Without any hesitation, she walked into the neighborhood. She walked very quickly and did not turn back.

Bo Qi sat in the car and looked at her back view. His tightly clenched fists were still uncontrollably pounding on the steering wheel, hitting the car horn and making a piercing sound ...

Qin Siyu stopped in her tracks when she heard the honking sound after entering the residential area. She took a deep breath and continued walking.

He didn't look back, nor did he feel reluctant to leave. He should have known long ago, and he wouldn't change!

Although Xu Youyou wanted to be discharged, mo shenbai was worried and insisted on her staying in the hospital for two more days.

Mo shenbai would not stay in the ward all the time. When Xu Youyou was bored, she would scroll through her phone and see a lot of news about mo shenbai.

Although the live broadcast that day was interrupted by her, many people at the scene heard Bai Ying's words. Some people even took a short video and put it on the internet.

Many people began to suspect that mo shenbai had something to do with mo qianyue's death. Otherwise, no mother would hate her son so much and want to ruin his reputation!

Even though the mo Corporation had already sent out a lawyer's letter to clarify the matter and the police had also released the results of the investigation, the results were minimal.

The netizens did not believe the police's words at all. All of them turned into Sherlock Holmes and dug up the old news of the mo family, relying on some unusual small news to come up with conspiracy theories.

Compared to mo shenbai's innocence, they were more willing to see mo shenbai as the antisocial personality that Bai Ying had mentioned, the cold and heartless pervert. This way, they could stand on the moral high ground and wantonly criticize and humiliate mo shenbai.

The creation and destruction of gods had become the most common thing in this internet age.

The mo corporation's stock price continued to fall. The first link to mo shenbai was a murderer, followed by his antisocial personality and perversion ...

The netizens cursed and slandered him with the greatest malice. It seemed that mo shenbai had been sentenced to death in this online court.

Xu Youyou looked through the news and comments and suddenly realized that she was not in any of the videos. No one even mentioned her in the comments.

Logically speaking, she was the closest person to da Bai, so it was quite strange that they weren't taking their anger out on her. However, it wasn't hard to guess what was going on.

Da Bai was an idiot. He was clearly the one who had been scolded the most, but he had hidden himself so well that he wouldn't be criticized in the slightest.

Xu Youyou sighed deeply. Thinking of what she had seen in her dream, she couldn't help but feel sad.

Da Bai had always been the victim, but in the eyes of others, he was the perpetrator. This was unfair to him!

She pondered for a long time before she found a phone number in her contacts and called Yingying.

—

On the day Xu Youyou was discharged from the hospital, mo shenbai and Xu Jialu came to pick her up. At the door of the moon House, Xu Jianshe and Cheng Ying came out of the house.

The Butler brought out a Brazier and asked her to cross it to get rid of the evil. Cheng Ying then used grapefruit leaves to help her get rid of the bad luck.

Xu Youyou stopped Cheng Ying, who was about to bend over. okay, mom, I'm wearing a protective talisman.

She took out the protective talisman from her clothes.

Cheng Ying didn't expect her to be wearing this. where did you get it? " I was thinking of asking for one for you."

"Da Bai begged for it." Xu Youyou put the amulet back into her clothes very carefully.

Cheng Ying looked at mo shenbai with a smile. you're so thoughtful.

Mo shenbai's eyes flickered and he didn't say anything.

In the afternoon, Bo Qi, Xie tingxi, and Xie Yumu came over to celebrate Xu Youyou's discharge from the hospital.

Qin Siyu didn't come, but she had someone send her a bouquet of flowers. Lu He Yun, on the other hand, was busy in the company and couldn't find time, so mo Zhiyun came alone.

It was rare for the canvass lunar restaurant to be so lively. Xu Youyou was also very happy and did not want to go back to her room to rest after dinner.

In the end, mo shenbai forced her to take her back to her room to rest, and the others also went back.

Xu Youyou lay on the bed and blinked her big eyes, refusing to take an afternoon nap. hey, I haven't eaten and chatted with everyone in a long time. Why did you have to make me come up here to rest? I'm not tired.

"The doctor said you need more rest."

Xu Youyou pouted. The doctor said, the doctor said, he was treating the doctor like an imperial edict now.

Mo shenbai's fingers gently caressed her cheek and coaxed, " be good. I'll treat them to a meal when the doctor says that there's no problem with them the next time you go for a checkup. You can do whatever you want then!

"Really?"

"When have I ever lied to you?" Moshen and Bai Fei smiled.

Xu Youyou thought for a while and said reluctantly, " "Alright, I'll sleep for a while."

Mo shenbai tucked her in and bent down to kiss her on the forehead. go to sleep.

Xu Youyou closed her eyes obediently and said that she wasn't tired. However, not long after she closed her eyes, she still went to meet Zhou Cong on the soft big bed.

When she opened her eyes, the sun was already setting.

A familiar voice came from outside the door. this Xu Youyou is really something. She woke me up and slept in her room. Wake her up, or don't blame me for cutting her up.

"Aunt, Aiyo, she ..."

little aunt ... Xu Youyou lifted the blanket and ran to the door barefooted.

When she opened the door, she saw mo qinghuan in an aqua blue haute couture dress. Her long hair fell over her shoulders, and she was wearing pearl jewelry. She was beautiful and exquisite.

She went forward and held mo qinghuan's arm, saying coquettishly, "Auntie, I missed you so much."

Mo qinghuan was stunned, and something melted in her cold eyes.

"Don't think that I won't be angry with you just because you said that."
