

Chapter 372: Give him an apology (1)

Unfortunately, she didn't cherish the opportunity that Xu Youyou had given her. She continued to play dumb. I, I don't know ...

He looked at mo shenbai. young master, I've stopped working in the mo family for a long time, and I'm getting on in years. Why did you call me here? My old bones really can't take any more torment!"

Xu Youyou grabbed the cup in front of her and threw it at her feet.

With a "bang," the teacup fell to the ground and broke into pieces.

She was so frightened that she quickly stepped back. Fortunately, Cang Ming reached out and grabbed her shoulder, otherwise, she would have fallen to the ground.

The teacup didn't hit her, but the tea had soaked her trousers.

you can't take it when you're old, but da Bai was so young back then. Could he take it? "

Xu Youyou's little face was as pale as frost, and her clear eyes were full of hatred.

Yes, she hated the person in front of her. She had never hated someone so much!

Mo qinghuan sensed that something was wrong and finally shifted her gaze from the phone to Xu Youyou.

Something flashed in mo shenbai's deep eyes. He looked at her cold expression and still did not speak.

"You ... What are you talking about? I don't understand, I really don't ..."

Before she could finish, Xu Youyou interrupted her coldly. Qin zhengzhen, when your son died of illness, Bai Ying deducted a month of your salary because you ruined her clothes. You hate her, am I right? "

Qin zhengzhen's face instantly turned ashen. His lips trembled and he couldn't say anything for a long time.

Mo shenbai's long eyelashes trembled slightly as if he had recalled something. He looked at Qin zhengzhen with a complicated expression.

Qin zhengzhen's cloudy eyes were filled with fear. How did she find out about the secret that he had kept for so many years?

Mo qinghuan supported her cheek with one hand and looked at her with deep meaning. Her beautiful eyes narrowed slightly, and a bright light flashed.

you hate Bai Ying, and you also hate the entire mo family. You have no way to deal with Bai Ying, so you turned your attention to da Bai.

Xu Youyou saw that she wouldn't give up until she saw the coffin, so she continued, " you put sleeping pills in Great White's milk and carried him to the kitchen. Then, you bit a live chicken to death and

pushed the blame on Great White, who was still a child at the time. You made everyone think that he was an antisocial pervert!

plop! Qin zhengzhen's legs gave way, and he knelt on the ground. His eyes were filled with regret and guilt. I'm ... I'm sorry. I was wrong ... I was too sad when I lost my child that year. I thought too much about it. I was wrong. I really know I was wrong ...

She cried as she repented, constantly kowtowing to moshen Bai to beg for his forgiveness.

"What?" Mo qinghuan stood up in shock, her cold eyes filled with shock. it's you? You were the one who did that!"

There was no change in mo shenbai's expression on his good-looking features. He did not even frown. He just looked at Xu Youyou as if he was thinking about something.

Several media personnel who had been invited had already set up their cameras to record this scene. All of them were dumbfounded.

No one had thought that mo shenbai's antisocial personality, which had been criticized by people and pen, was actually framed by a servant when he was a child.

Xu Youyou was not moved by the crocodile's tears at all. She even mocked, "Do you really admit your mistake?"

Qin zhengzhen hurriedly nodded his head. His face was covered in tears and snot. I really know that I'm wrong. Please forgive me ...

if you really know you're in the wrong, have you ever thought of explaining things to Great White and apologizing to him all these years? "

Qin zhengzhen's expression froze. Tears hung in the corners of his eyes as he remained silent.

"All these years, have you been so regretful that you couldn't eat or sleep in peace and wanted to atone for your sins?" Xu Youyou asked again.

Qin zhengzhen's eyes flickered, and he almost didn't dare to look her in the eye.

It was obvious that he did not have the slightest regret or guilt for what he had done in the past. He was crying bitterly now because he was afraid of mo shenbai's power and that he would implicate his family.

Xu Youyou seemed to have expected this. Human nature could be as ugly as it was beautiful!

Mo qinghuan was so angry that her chest heaved up and down. She stepped forward and grabbed her collar, gritting her teeth and saying, "If you were five years younger, I'd beat you up until all your teeth fall out!"

Now, she was an old woman in her twilight years. What could she do?

With a violent push, Qin zhengzhen fell to the ground. He lowered his head and said, "I did everything that happened back then. I'll bear the consequences of my own sins! Please don't blame my family, they don't know anything ..."

“Now you know that you shouldn’t implicate your family, but what did you do back then?” Xu Youyou couldn’t help but sneer. the person you hated back then was Bai Ying. Why did you take revenge on da Bai? ”

Qin zhengzhen lowered his head and didn’t reply. He only heard her question clearly. just because he’s still a child, he doesn’t have the ability to resist. Just because you know that Bai Ying doesn’t love him, you used him to separate her and her husband’s feelings. In the end, you’re just a selfish, despicable, and disgusting person! How can a person like you deserve a family?”

“Why am I not worthy of a family?” Qin zhengzhen seemed to have been triggered by her last sentence. He raised his head and his eyes, which were red from crying, turned gloomy. He retorted coldly, ” just because I’m poor and they’re rich, I deserve to be looked down upon and mocked for only losing a child!

Xu Youyou stood up and walked to her. She squatted down to her eye level and shook her head gently. do you think that they look down on you, look down on you, and laugh at you? You can choose to leave, you can choose to confront them, but why do you have to vent your anger on a child?

Have you forgotten who gave you his pocket money to pay off your debts when your son passed away? He sincerely wanted to help you, but you were the one who was narrow-minded and thought that he was using money to humiliate you!”

Qin zhengzhen lowered his eyes and didn’t dare to meet her eyes.

Xu Youyou’s eyes were so clean and clear that it showed how greedy and shameless she was.

Mo shenbai sat on the sofa with his long legs crossed. He stared at Qin zhengzhen with his dark eyes.

There was no hate, nor was there forgiveness.

Back then, Qin zhengzhen was the instigator, but she wasn’t the only one who caused that situation.

Even without her, Bai Ying’s attitude towards him was not much better. He wanted to have the warmth, but he could never have it.

The happiness of the happy people was very similar, and the unfortunate people each had their own misfortunes.

Unfortunately, he was born into the mo family and became Bai Ying’s son.

Qin zhengzhen sniffed and lowered his eyes.”So what if it’s like this? It’s been so many years, and I don’t have many years left to live. What else do you want? Are you going to kill me?”

She looked like she had lost everything because she knew that the police could not do anything to her anymore.
