

**Chapter 375: I don't owe her (1)**

"There are still some suspicious points in Fu ning's case, but I've read the case file almost ten times, and I still can't find any conclusive evidence."

Gu xiuci held the steering wheel with both hands and looked straight ahead. He couldn't help but take the case seriously whenever they were discussing it.

"But the case has already been closed." Shen Zhiwei's Red lips curled into a smile. the judge has already given the verdict. You're not thinking of reversing the verdict for Fu ning, are you? "

"I don't think so!" Gu xiuci turned his head and glanced at her, " this is Mo City, not LAN city. It's not under my jurisdiction! Not to mention, Fu ning really instigated the kidnapping and attempted murder."

However, as a police officer, he investigated the case carefully. It was clearly an occupational habit that he couldn't change and didn't want to change.

this Mrs. Mo may be innocent, but she gives me a complicated feeling. Shen Zhiwei's bright eyes under her thick eyelashes were in deep thought.

Gu xiuci raised an eyebrow. Tell me!"

Shen Zhiwei tilted her head and looked at him. didn't you say that you don't care anymore? "

"No matter what, it won't stop me from chatting with my wife!"

The smile on Shen Zhiwei's lips deepened. She thought for a moment and said slowly, " her eyes are clean and she didn't avoid anyone when she spoke. This shows that she's magnanimous. But if it's as you said, I guess ... She doesn't have the intention to harm others. She just wants to protect herself or the person she loves!

Just like what I did back then!

Gu xiuci seemed to have understood the meaning behind her words. He reached out to hold her soft hand. this case ends here. I won't ask about it again.

As a police officer, there were some things that he should not know.

The world was full of troubles, and there were many gray areas that the police couldn't touch, but there had to be an exit for kindness.

When Xu Youyou returned to the house, she did not see mo shenbai in the living room.

The Butler told her, " Sir went to the study room. He said he wanted some time alone.

Xu Youyou nodded and did not disturb him in the study.

After so many years, knowing the truth of qianyue's death, he must have been very sad and needed some time to sort out his thoughts.

Xu Youyou's heart was not calm either. She couldn't draw, so she went back to her room to play on her phone for a while and fell asleep soon.

The door that was originally closed was opened silently. Moshen Bai walked to the bed with light footsteps and took her phone that she had dropped on the bed. He put it on the bedside and covered her with the blanket.

Xu Youyou slept soundly and did not wake up.

Mo shenbai sat on the edge of the bed, his black eyes like black Tortoise stone, shining with affection.

Thinking of all that she had done for him, he felt a warm current in his heart.

All these years, he had never thought of explaining, nor cared about other people's opinions. So what if the whole world misunderstood him as an antisocial pervert?

Qianyue was dead. She had died in front of him. He no longer cared about the world of mortals.

Until Xu Youyou's appearance, she was like the sun in the sky, lighting up his gray world and giving him endless light and heat.

She was really too good, so good that he couldn't bear to let her go, not even for a minute or a second!

However, he couldn't be so selfish as to bind her to his side in the name of love, and let her become another mo qianyue.

"Triplets, I love you." His thin lips parted slightly, and he muttered in a low voice, like a God's whisper.

"I'll let you go. No matter how far you go or how long you've walked, I'll wait for you at the same place. You'll see me as soon as you turn your head."

He leaned over and planted a deep kiss on her forehead.

He got up and walked out of the bedroom to make a call.

"PEI Chuan, help me do something ..."

The news about mo shenbai came out very quickly. Several credible Media released electronic reports and also carefully reported the matter on traditional paper media.

For a while, it was a hot topic on the internet. Who would have thought that a servant could be so vicious and kill a child? she also caused mo shenbai to bear the shadow of his sister's death for the rest of his life and be misunderstood by his biological mother.

At this moment, there was another rumor on the internet that mo shenbai had not been close to women before because he had been mentally traumatized by his mother's abuse when he was young. He only got better after seeing a doctor, and he was really cured when he met his current wife.

The netizens who were originally criticizing mo shenbai began to scold Bai Ying and reveal Mrs. Mo's identity.

However, other than the fact that it was a mo university student and a blurry photo, no other news could be uncovered. Some people took the opportunity to spread fake news about Mrs mo, but the mo corporation's PR department would immediately deny it within an hour.

The netizens finally reacted. Mo shenbai didn't even refute the rumors so quickly when they said he had an antisocial personality. Why did he refute the rumors so quickly when it came to his wife?

It was obvious that she didn't want anyone to misunderstand Mrs mo and she didn't want them to know anything about her!

He wanted the whole world to know how much he loved Mrs. Mo, yet he protected her so well that no one in the world knew who she was!

What kind of celestial love is this! kswl!!!

While everyone was immersed in their love, Bai Ying's case was being tried.

As the parties involved, Xu Youyou and Mo Zhiyun appeared in court as witnesses and testified against Bai Ying. Bai Ying also confessed to her attempted murder with a knife!

The case was clear, the evidence was complete, and the circumstances were serious. Bai Ying was sentenced to seven years in prison on the spot.

Because the trial wasn't open, only the police and the court's public officials, as well as those related to the case, could enter the court and listen, including Fu jianchen, who had saved the person at the time.

He was neither happy nor unhappy to hear this verdict.

She didn't want her mother to be sentenced to so many years in prison, but when she thought about how she wanted to kill Xu Youyou, she felt that it might not be a bad thing for her to be imprisoned.

At least, she didn't have to see her husband, who used to love her deeply, turn around and marry a new lover.

Outside the court, there were many media reporters gathered. They were all very concerned about the case.

Xu Youyou and Bai Ying met at the door. The three of them looked at each other and remained silent.

The police took her out and sent her to the detention center. She would be transferred to the mo City women's prison the next day.

Mo shenbai's face was calm, and he held Xu Youyou's hand tightly, betraying his calmness.

Xu Youyou looked up at him with a bright smile. da Bai, qianyue's death had nothing to do with you. You never owed her anything.

For so many years, he had never explained that he had not done such a thing. He was just blaming himself for causing qianyue's death and punishing himself in such a way!

However, this had never been his fault!

He did not owe anyone. It was Bai Ying who owed him. It was life that owed him. It was fate that had crushed him mercilessly.
