

**Chapter 380: It's time to be jealous \_1**

"You've really decided?" Xu Jialu asked.

Xu Youyou nodded without hesitation. yes.

If this was what da Bai wanted to see, then she would go. It would also give her some freedom and space to think about their relationship.

"Then let's go," Xu Jialu did not object as strongly as before. Instead, he supported her. it's good to go out and see. We can't be locked up in the moon House at such a young age to give birth to a child for old dog mo. It's so beautiful that he'll be worried.

Xu Youyou's eyelashes trembled slightly. you don't object to it? "

"Why should I object?" even your husband doesn't care about you. Why should I care about you? " Xu Jialu asked in return.

During this time, Xu Jialu had also thought through many things. Xu Youyou had grown up and married. She was no longer the weak little girl who needed his protection all the time.

He should let her go and let her live her own life.

"Thank you, brother." Xu Youyou's heart warmed, and her eyes were a little wet.

Xu Jialu put his long arm around her shoulder and rubbed her little head with his warm palm. no one will protect you when you go out. You'll have to rely on yourself in the future. Don't be silly anymore and be more careful, okay? "

Xu Youyou nodded with reddened eyes and hugged him with both hands. brother, I Love Dad, mom, and dad, and I love you too. I'm very lucky to have family members like you!

Compared to mo shenbai, she had been loved by her grandmother since she was young, and she had been doted on by her parents and brothers when she grew up. She had always been a child who was loved.

Mo shenbai was too lacking in love, so he wanted to imprison himself in that way. He longed to be loved but did not know how to love!

Because no one had ever taught him what love was and how to love others!

Xu Jialu hugged her tightly and rubbed the back of her head. okay, don't stick to me like this since you're married. Your sister-in-law will be jealous if she sees you.

This sentence was obviously meant to ease the atmosphere and was a joke.

Xu Youyou let go of him and pouted. you don't even have a decent girlfriend. How can you call yourself a sister-in-law? "

After that, she mumbled in a low voice, " what a silly aunt.

“What did you just say?” Xu Jialu raised his eyebrows and asked.

“I’m tired. I’m going back to my room to rest.” Xu Youyou stuck out her pink tongue, got up, and ran upstairs.

Xu Jialu rolled his eyes at her and said, “if you dare to call me an idiot again, I’ll beat you up! The corners of his mouth couldn’t help but rise.

After all, he was more happy than anything to see his own sister happy.

The phone on the coffee table rang. He glanced at the caller ID and answered the phone. I got home safely. I was very sad and cried so much that I didn’t want to see you anymore. I’ll say goodbye to you!

He hung up the phone without giving Mo Shenbai a chance to speak.

He deserved to be anxious for bullying Xu Youyou!

Xu Jialu went back to his room to sleep in peace.

The moon was bright, the stars were sparse, and everything was quiet. The lights in the surroundings had all been extinguished, leaving only the street lamps with a faint light and countless moths flying around.

Mo Shenbai stood outside the Xu family’s Villa and looked at the light in Xu Youyou’s room. His dark eyes could not help but fill with self-blame and heartache.

She wanted to ring the doorbell a few times to go in, but she held back in the end.

If he were to go in now, she would probably be even sadder and angrier.

After all, he had lied to her for so long.

Mo Shenbai’s slender body slumped against the car. He lit a cigarette and put it in his mouth. The smoke he puffed out could not hide the sorrow and sadness on his face.

The triplets, I’m sorry.

I’m really sorry.

\*\*\*

The next day, the Xu family’s housekeeper, Aunt Pei, pushed open the black iron gate and saw cigarette butts on the side of the road. She couldn’t help but frown. “Who is so inconsiderate to throw cigarette butts at the door?”

He looked around the door, but there was not a single person.

Cheng Ying and Xu Jiushu didn’t know that Xu Youyou had come back last night until they had breakfast.

“Why didn’t you tell me you were coming back?” Cheng Ying said happily.

“I didn’t want to disturb your rest since I came back late.” Xu Youyou answered obediently.

Xu Jiusheng’s gaze fell on her finger with the band-aid on it. “What happened to your finger?”

Xu Youyou had used a waterproof band-aid to stick on her tattoo last night and had forgotten to tear it off.

"I'm fine. I just accidentally scratched it."

She didn't want anyone to know about the tattoo on her finger.

"Be careful in the future." Xu Jiushu warned her.

Xu Youyou nodded obediently. I understand, dad.

Xu Jialu yawned and went downstairs. He called out lazily, " Good Morning, mom and dad, Good Morning, Shorty ...

Xu Youyou glared at him resentfully. I'm not short. I'm already 161!

"Oh? Is 161 a very high number?" Xu Jialu pulled out a chair and sat down.

Xu Youyou glared at him angrily.

Xu Jiali rolled up the newspaper and knocked it on Xu Jialu's head. you've grown up bullying your sister so early in the morning.

"That's right," Cheng Ying also defended her daughter. you're already so old, but you don't even have a girlfriend. What a waste of your height.

Xu Jialu's chopsticks paused for a moment. I only said one thing about her. Do you have to attack me together? " Does this family still have my place?"

"No, I didn't," unless you bring me a daughter-in-law, " Cheng Ying answered simply.

"That's right," Xu Jiushu sighed, " you only know how to eat all day. When I was your age, you already knew how to run away. You really don't live up to expectations!

Xu Jialu put down his chopsticks. I won't eat anymore, okay? "

He was already full of anger from being mocked by them, so how could he still eat!

Xu Youyou looked at his back and asked, " "Aren't we bullying him too much?"

"What kind of bullying is this!" Cheng Ying peeled a boiled egg for her and put it on a plate. his mouth is much more poisonous than ours.

"Yes, yes." Xu Jiushu nodded.

Cheng Ying turned her head to look at him. are you a repeater? "

Xu Jiushu replied,"that's true." &Nbsp;

Cheng Ying was speechless.

This time, he finally knew who his silly son took after.

Xu Youyou couldn't help but lower her head and smile when she saw them bickering again.

After the meal, aunt PEI and the servants chatted with Cheng Ying while cleaning up.

“I wonder which immoral person smoked at the entrance last night, leaving cigarette butts all over the floor.”

Cheng Ying was surprised. there’s such a thing!

“Isn’t that so!” Auntie PEI continued to nag. I didn’t even check it last night before I went to bed. I saw it when I woke up and my blood pressure rose.

isn’t there a surveillance camera at the entrance? why don’t we get the property management to check the surveillance camera and see which little bastard did it!

Xu Youyou was sitting in the living room, listening to their conversation intermittently. She could not help but start biting her nails.

Could the cigarette butt at the door have been from da Bai?

He had spent the entire night at the door!

Xu Youyou rolled her eyes, suddenly picked up her phone, and walked out.

“Oh, where are you going?” Cheng Ying asked curiously.

“I ... I ate too much. I’m going out for a walk!” Xu Youyou came up with a random reason.
