

Chapter 381: Growing old (1)

Oh, then come back early. The sun is strong outside. Don't get sunburnt. Cheng Ying considerably reminded him.

Xu Youyou ran out without looking back. I know.

this child ... Cheng Ying smiled and shook her head, her tone full of love.

Xu Youyou jogged to the security room and knocked on the door.

The one who opened the door was a middle-aged man with a kind face. He said with a smile, "What's the matter, little girl?"

Xu Youyou was out of breath, her cheeks flushed and beads of sweat on the tip of her nose. After taking two deep breaths, she said, "I, I saw a suspicious person at the door last night. Can I take a look at the surveillance footage?"

She told him her house number.

The security guard invited her in and asked her to sit on the chair next to him. Then, he sat in front of the computer and began to check the surveillance footage.

After a while, she saw the man's tall figure on the screen. Although most of it was blocked by the car, she could still see the man's handsome facial features from the side and the cigarette butt in his hand.

"This person looks familiar. Has he been to our neighborhood before?"

The security uncle was puzzled.

Xu Youyou recognized mo shenbai at a glance. She bit her lower lip and pleaded, "Can you help me double the playback and see when he left?"

"Of course you can!" The security guard uncle was very easy to talk to and immediately adjusted the video playback speed to 32x.

After a while, she saw that the figure in the video had disappeared. She stopped and moved back a little. When she paused and saw that the man had gotten into the car, the time on the surveillance camera was five in the morning.

Xu Youyou's curled eyelashes trembled slightly, and her heart felt like it had been scratched by a cat's claws. For a moment, it was sour and itchy.

He had actually stood outside the entire night.

Was he an idiot?

What's the use of standing outside the whole night? why didn't he dare to come and find me?

On second thought, he might also be afraid!

He was afraid that she would be angry, afraid that she would never want to talk to him again!

The security guard uncle was experienced and knew what was going on with one look. young lady, is this your boyfriend? You guys are quarreling, right?"

Xu Youyou came back to her senses and shook her head. he's not my boyfriend.

Before the security guard could say anything, Xu Youyou added, "He's my husband. We're married."

The security uncle's eyes widened.

Xu Youyou stood up and thanked him before turning to leave the security room.

The uncle finally reacted. isn't she the daughter of boss Xu? And he seems to be married to a super rich man ..."

She dared to quarrel with a super-rich man and made him stand outside for a night. This little girl was really something!

Xu Youyou left the security room but did not go home. Instead, she ran all the way to the entrance of the community and stopped an empty car that had almost sped past. She gave the address of the moon-embracing house.

An hour later.

Xu Youyou got out of the car and ran into the house.

The Butler looked at her as if he had seen his Savior. Madam, you're finally back.

Xu Youyou grabbed her hand and asked anxiously, "Where's da Bai?"

"Sir is in the study,"

Before the Butler could finish, Xu Youyou turned around and ran upstairs. She pushed the door open without knocking.

The lights were off in the room, and it was a dim yellow. The room was filled with smoke, and the smell was so strong that it was choking.

cough, cough ... Xu Youyou choked and started coughing.

Mo shenbai was originally sitting in a chair dejectedly, but the moment he looked up and saw her, he was a little dazed.

She suspected that she was hallucinating. Otherwise, how could she see the triplets returning?

Xu Youyou coughed and fanned the smoke with her hand. She said pitifully, "Da Bai, how many cigarettes did you smoke?"

The triplets' voices.

I'm not dreaming.

Mo shenbai came back to his senses and quickly stubbed out the cigarette in his hand in the ashtray. He got up and pulled open the curtains so that the windows could be opened for some air.

The strong and pungent smell dispersed, and the light lit up the study room. It also revealed the fatigue and loneliness on the man's face.

Mo shenbai stood at the window without moving. His Adam's apple bobbed. He wanted to ask her why she was back, but he swallowed his words.

Xu Youyou walked to the desk step by step, and her eyes were attracted by the ashtray on the table.

The White ashtray was already filled with cigarette butts, piled up like a small mountain, and there was a piece of paper beside the ashtray.

Xu Youyou picked up the paper and flicked off the ashes on it. There was only one sentence on the paper.

I wish you all a happy life.

"What is this?" She looked up at the man.

Mo shenbai had been smoking for the whole night, and his throat was burning with pain at the moment. His voice was even more hoarse.

"When we got married, the Ireland Civil Affairs Bureau gave us a wedding gift."

Xu Youyou blinked her eyes. you've been keeping it.

Mo shenbai licked his lips. yes, it's been locked in the safe with our marriage certificate.

Xu Youyou looked at the safe embedded in the wall, which was still open.

She walked over to take a look out of curiosity.

There was nothing but two marriage certificates.

"Your safe is just used to lock a marriage certificate and a piece of worthless paper?"

Mo shenbai didn't know why she came back today. He didn't know what to do, and he looked very panicked. His image of being calm and wise had completely collapsed. He was like a little boy who had done something wrong and didn't know what to do.

He would answer every question Xu Youyou asked.

"To me, our marriage is a priceless treasure!"

Xu Youyou put down the piece of paper and closed the safe. When she turned to look at him, she asked with a straight face, "So you care more about our marriage and not me?"

Mo shenbai was startled, and his tired expression was filled with panic. He quickly explained, "no, you're more important to me!

I never thought that I would love a girl so deeply one day. I also never thought that I would love you more than I love myself, to the point that I would even throw away my life.

“What?” Xu Youyou tilted her head, not quite understanding what he meant.

Mo shenbai had not slept for the whole night, and his eyes were bloodshot. At this moment, he was full of affection and said in a hoarse voice, “You are my life.”

Xu Youyou was stunned.

He licked his dry lips and lowered his head with a bitter smile. but now I’m forcing myself to let you go and let you leave me ...

He felt like he was committing suicide.

Tears welled up in Xu Youyou’s eyes. She stepped forward and hugged his strong waist. are you an idiot? ” she asked in a nasal voice. You can lie to me for a lifetime. I’m not very smart anyway, so I won’t find out even if you lie to me for a lifetime.”

Mo shenbai held her face and looked at her affectionately. His throat tightened and his voice was so hoarse that it was almost inaudible.

“But you are the sun, and the sun should be in the sky. How can I hide the sun?”
