

**Chapter 396: My love u\_1**

In the end, Xu Youyou escaped from the car with a flushed face, but Mo Shenbai was still sitting in the car.

The Butler and servants had been waiting at the door for a long time. When they saw Xu Youyou, they immediately came up to her with a smile. Madam, welcome home.

The servants of the Moon-Canvas House had all come over. They stood in neat rows on both sides and bowed in unison, welcoming her back in unison.

Xu Youyou's eyes quickly swept across their faces. They were still familiar faces, and none of them had left.

"Thank you, everyone. I'm really happy to see you all again."

Xu Youyou bowed slightly and went forward to hug the Butler.

The Butler patted her back and said, "It's good that you're back, it's good that you're back."

"I've brought gifts for everyone. Help me bring them to everyone later!"

"Thank you, Madam." Everyone spoke in unison again.

The Butler nodded with red eyes. Alright. "Sir, he ..." He asked hesitantly after a pause.

Xu Youyou sneaked a glance at the man who was still sitting in the car and a smirk flashed across her eyes. He ... Took a call. Let's go in first.

Today's main character was Xu Youyou, so the Butler naturally had to make her the main character and did not wait for Mo Shenbai.

The Butler had prepared a large table of dishes to welcome her.

Xu Youyou hadn't eaten the dishes made in the kitchen for two years and really missed them. In addition, the in-flight meal tasted ordinary, so she had been famished for a long time. She didn't go upstairs to change her clothes. Instead, she washed her hands and sat at the dining table, eating heartily.

Mo Shenbai, who had just finished his "phone call," walked in and saw her eating with great relish. He pulled out a chair and sat down. "Hungry?"

The Butler handed him a hot towel to wipe his hands.

Xu Youyou swallowed the food in her mouth and nodded. "The food on the plane wasn't good. I've been hungry all the way. Besides, after eating Western food outside for a long time, what I miss the most is the food at home."

Although she did cook sometimes, when she was really busy, she had to rely on sandwiches and roasted potatoes to keep herself alive. She didn't have time to cook.

After mo shenbai wiped his hands, he picked up a pair of chopsticks and placed some food on her plate. you're back. I'll get the kitchen to make you delicious food every day.

Xu Youyou pursed her lips and nodded happily.

After the meal, Xu Youyou asked someone to bring her luggage in. Except for one box that contained her clothes and daily necessities, the other boxes were gifts for the people in the moon-Canvas House.

The Butler passed the gifts to everyone on her behalf. Xu Youyou personally chose a gift for PEI Chuan.

PEI Chuan was flattered. I have one too? "

I heard from da Bai that you've been going on blind dates for the past two years. This is a very famous peach crystal in foreign countries. It's placed on the bed to attract peach flowers. I heard that it's very effective.

PEI Chuan was speechless.

This gift was a little heart-wrenching!

Also, since when did President mo become so nosy?

He cursed in his heart, but he still had to maintain a smile on his face. thank you, Madam!

Xu Youyou even asked him to bring a copy for Yao Yao from the secretary's office.

Yao Yao loved money, so she brought Yao Yao an exquisite lucky cat

The rest of the gifts were for them to choose.

Mo shenbai took her hand and went upstairs. you brought gifts for everyone. What about mine? "

Xu Youyou looked surprised. Oh, I forgot. What should I do? "

Mo shenbai reached out and flicked her forehead. you can't even lie.

Xu Youyou touched her forehead and said gloomily, "Can't you just cooperate?"

Mo shenbai knew his mistake and changed. He immediately pulled a long face and said unhappily, "Xu Youyou, what's wrong with you? You've prepared gifts for everyone else but not for me? Do you still have me as your husband in your heart?"

"Pfft!" Xu Youyou couldn't help but laugh out loud. She waved her hands and said, "no, no... Your lines are too shocking ... Oh my God ... How can you say such shocking lines? "

Mo shenbai's pitch-black eyes sparkled with a smile. His face was full of love. you can't stop acting, and you can't stop your lines from being good. My Mrs. Mo, you're getting harder and harder to please.

who asked you to say such a shocking line? " Xu Youyou pouted. I'm getting goosebumps!

Mo shenbai didn't refute her. He just stretched out his hand in front of her, palm up ...

Xu Youyou's smile disappeared and she put her hands behind her back. aren't you afraid that I'll really forget to prepare? "

"You won't," Mo shenbai's answer was very certain and determined.

Xu Youyou smiled and took out the hand behind her back. It was a red velvet box as if she was performing magic.

Mo shenbai seemed to have realized something and raised his eyebrows.

Xu Youyou opened the velvet box in front of him. Inside the box was a silver ring with a " U " design on it. Two diamonds were inlaid on both ends of the " U " shape. It looked like a smiling face, shining with eternal light under the light.

this is a wedding ring that I personally designed. I asked someone to make it for me.

They had agreed that their wedding would be held when she returned, so no matter how busy she was, she had taken the time to draw a lot of drafts of the wedding ring and finally chose this one.

Her name was also his joy.

Mo shenbai's eyes grew hotter, and his Adam's apple moved slightly. After a long time, he only said one sentence, " help me put it on.

He reached out his hand in front of her.

Xu Youyou took off the wedding ring and was about to put it on his finger when she saw something tattooed on his ring finger.

She pulled his hand closer to her and saw the words " my love u " tattooed between his fingers.

you! Xu Youyou was stunned and looked at him with surprise in her eyes.

"Hurry up and put the ring on me," mo shenbai said with a smile.

Tears welled up in Xu Youyou's eyes. She slowly slipped the wedding ring onto his ring finger, her eyes fixed on the words between his fingers.

The position of his tattoo was very special. Ordinary people would not notice it, but she could see it when she lowered her eyes.

So he didn't tattoo for the world to see, but for himself to see.

This man had given her the most obscure and deepest love.

When PEI Chuan walked out of the cangyue house with the gift, cangming had just returned from sending su lanxu to the hotel.

Seeing the two gifts in PEI Chuan's hands, he could not help but frown.

PEI Chuan smugly showed off. it's a gift from Madam.

"Oh." Cang Yun was expressionless.

Gifts were not money, so he did not care.

PEI Chuan added, " Madam has given gifts to everyone. It can't be, it can't be. It can't be that there's still someone who hasn't received Madam's gift, right? "

In the past, Cangming had always been taking care of his wife, so he always seemed to be superior to President Mo. Now that his wife had gone abroad for the past two years and Cangming had returned to Mo Shenbai's side, PEI Chuan had to get back at her!

Cang Ming was silent for a moment. His voice was cold. the last time you went on a blind date ...

At the mention of the blind date, PEI Chuan immediately covered. I still have something on, so I'll take my leave first.

Cang Ming did not even look at him. When he walked into the room, all the boxes were empty, and not a single gift was left. His cold face gradually crumbled.

So, I've really fallen out of favor?
