

PAMPERING 406

### Chapter 406: Hiding the sun (4) \_1

Before Xu Youyou could react, the man's lips had already landed on hers.

"....."

She seriously suspected that this man was doing it on purpose!

By the time the chauffeur got on, mo shenbai had already let go of her. The bride's eyes were glistening, and her lips under her tall nose were bright and full. Her lipstick was natural and high-class.

According to the mo family's rules, Xu Youyou had to go to the wedding room in the mo residence first to serve tea and kowtow to the two elders of the mo family.

Mo shenbai changed the rule of kowtowing and only kept serving tea.

Although the two elders were dissatisfied, mo shenbai was the one in charge of the mo family now. Mo qinghuan did not care about them at all, so they could not let him be.

Xu Youyou exchanged the Tea for Two thick gold bracelets, which she felt could be sold for a lot of money.

They didn't stay at the mo residence for long before heading to the qielan hotel. After all, the guests were about to arrive, and Mo shenbai had to entertain them.

Xu Youyou was changing her makeup in the lounge when Xie Yumu, who was brought to the scene, threw herself into her arms. Her little mouth was as sweet as honey.

godmother, you're so beautiful today. You're like a fairy!

Xu Youyou was overjoyed by his praise. you're very handsome today too.

Xie Yumu had been conscripted to be the flower Boy today, so he was wearing a small suit. His facial features were similar to Xie tingxi's, so he looked very handsome.

Qin Siyu and su lanxu only needed to change into the custom-made champagne-colored bridesmaid's dress. They didn't need to change and could rest for a while at the side.

After changing into a suit, moshen Bai went to the entrance of the hotel to welcome the guests.

Mo qinghuan was wearing a white v-neck dress and pearl jewelry today. Her long hair was tied up, and she was relieved when she saw mo shenbai.

"You're finally here. I'm so tired."

It was one thing to entertain the mo family's relatives, but there were also many business people that she did not know. Fortunately, the people from the company's Secretary Department came to help and reminded her. Otherwise, she would have embarrassed herself.

Mo shenbai's thin lips parted slightly. you didn't call me aunt for so many years in vain.

Mo Qinghuan glared at him. I thank you.

After that, he turned around and went inside to find a place to rest.

Mo Shenbai's eyes flashed with a smile. PEI Chuan, who was standing beside him, reminded him, "President Mo, President Jiang from LAN city is here with his wife.

Mo Shenbai narrowed his eyes and looked at Jiang Yanshen and Lin Qingqian, who had just entered the banquet hall. He went forward to greet them.

"President Jiang, Mrs. Jiang."

The fierceness in Jiang Yanshen's eyes had long been worn away by time, but his calm eyes were still immersed in coldness. He said simply, "Congratulations, President Mo!

"Thank you," he said. Mo Shenbai was even less talkative than him.

On the other hand, Lin Qingqian, who was wearing a nude-colored v-neck dress, smiled and said in a gentle voice, "President Mo wishes you and Mrs. Mo a happy wedding. I also hope that Mrs. Mo will like the wedding dress I designed.

She did not look at the wedding gown's ink and let Xu Youyou try it on directly. The finished product had not been changed at all, so she and Xu Youyou had not seen each other.

"She really likes it." Mo Shenbai could feel how much she liked it from Xu Youyou's description.

"That's good." Lin Qingqian said with a smile.

"PEI Chuan, please bring President Jiang and Mrs. Jiang to their seats for me." Mo Shenbai had to entertain other distinguished guests, so he naturally could not keep them company.

Jiang Yanshen and Lin Qingqian didn't mind. As soon as they sat down, Jiang Yanshen unbuttoned his suit and took it off to put on Lin Qingqian.

Lin Qingqian turned her head and said in a soft voice, "Yan, I'm not cold."

"Even if you're not cold, wear it." Jiang Yanshen said expressionlessly, "I don't like the way they look at you.

Lin Qingqian came back to her senses and shook her head helplessly.

This dog of a man, his heart had become as small as ever. He was only wearing a backless gown, but he had already put on this stinky face the entire way.

Jiang Yanshen and the others had just taken their seats when Wen Sinian walked in holding Huo Qingsi's hand, who looked sleepy and relaxed.

The moment they entered, they attracted the attention of countless people.

"Isn't that Wen Sinian? Why is he here?"

"! \* ck, that's Huo Qingsi! Even her hair was beautiful! No wonder Wen Sinian left the entertainment industry because of her!"

“She’s not the one getting married today, so why is she wearing a red dress? Are you trying to steal the limelight?”

but she also looks good in a red dress!!!!

The second young master of the Wen family, Wen Shuli, was supposed to attend the wedding today. However, Wen Shuli’s wife was not feeling well, so he asked Mo Shenbai to come in his place.

Huo Qingsi was coaxed over by Wen Sinian. He was worried about leaving Huo Qingsi alone at home, even though she was only sleeping at home.

After Wen Sinian greeted Mo Shenbai, he brought Huo Qingsi to Jiang Yanshen’s table. Lin Qingqian was friends with Wen Shuli’s wife, so she was no stranger to Huo Qingsi and took the initiative to greet her.

Huo Qingsi mumbled a few words and began to feel drowsy. She leaned on Wen Sinian’s shoulder and fell asleep.

Wen Sinian explained on her behalf, “I’m sorry, my wife has been very sleepy recently.

Lin Qingqian didn’t mind. She even passed him a shawl from her handbag. It’s okay, it’s cold here. Put it on Mrs. Wen so that she doesn’t catch a cold.

Wen Sinian did not reject her kind offer and took it from her. He carefully put it on Huo Qingsi.

Huo Qingsi was already fast asleep in his arms, completely unaffected by her surroundings.

Lin Qingqian hesitated for a moment before asking politely, “Mrs. Wen, are you ...

Wen Sinian raised his eyes and glanced at her. He did not deny it and nodded slowly. This was also the reason why he did not want to leave her alone at home.

Her body was special and different from ordinary people. After she got pregnant, she was even more sleepy than before. He was worried at all times and did not dare to leave her.

Lin Qingqian quickly congratulated her and even said that she was the same when she was pregnant with her daughter. She always felt sleepy and didn’t get enough sleep.

Jiang Yanshen’s sculpted facial features were calm as if he was not interested in the outside world. However, when he heard Lin Qingqian mention that she was pregnant with a daughter, his ears involuntarily leaned over.

Because he wasn’t by her side at the time, he missed a very important stage in her life.

The guests arrived one after another, and the emcee urged Mo Shenbai to start the wedding.

The wedding ceremony was set at 12:14, and it was now 11:50.

Just as Mo Shenbai was about to go over, the sound of high heels clicking on the floor tiles suddenly came from the door, crisp and clean.

Mo Shenbai was not the only one who turned around. All the guests present could not help but turn their heads to look at the door.

Jin yangzhi was dressed in a dark blue suit while ye weilan, who was holding his arm, was wearing a velvet dress of the same color. Her long hair was half-tied and had two small braids on both sides, making her facial features stand out. Her beautiful shoulders were exposed and her beautiful eyes were bright and firm, just like a beautiful ... Fox.

“!! ck! What day is it today? why is the Jin family from Beijing here?”
