

PAMPERING 407

### Chapter 407: Hiding the sun (5) \_1

"Today is mo shenbai's wedding!" Someone answered. After a pause, he cursed under his breath, "f \* ck, f \* ck, f \* ck, it's really f \* cking awesome to be able to invite the Jin family!

what's so amazing about that? Jin yangzhi's brother is still on top of him no matter how high he climbs.

"You don't know this! I heard that he's going to be promoted again, and his position will be higher than Jin jinghang's."

"Also, I heard that his wife is not only in charge of the Jin family's business, but she's also the top hacker, the notorious dark net and the matrix. She was the one who destroyed it!"

Mo Zhiyun's eyes lit up at the mention of "hacker" and "dark net." She looked at ye weilan with admiration.

This was her idol!

Jin yangzhi took the initiative to shake hands with mo shenbai. congratulations, President mo. Happy wedding.

"Thank you," mo shenbai said.

Ye weilan tilted her head and said, " I also want to thank President mo for taking care of my business.

"I should be the one thanking boss ye for the technical support."

Ye weilan chuckled. you're welcome. I'm only doing this because you're so handsome. If you're too ugly, I wouldn't do it even if you gave me a hundred million.

"Lanlan." Jin yangzhi turned his head sideways. His eyes were filled with helplessness and love.

Ye weilan smiled innocently. I'm just joking. No one is more handsome than my baby in my eyes!

Jin yangzhi's furrowed brows relaxed and he said in a gentle voice, " today is President Mo's big day. Don't spout any nonsense. Otherwise, you'll be banned from drinking for a month.

fine, I won't tell you ... ye weilan still listened to her husband.

Who asked her husband to be the most handsome man in the world!

The wedding officially began. Mo shenbai skipped the long and tedious process of the speech and the marriage officiant and directly entered the wedding ceremony.

The banquet hall's door was pulled open and all the lights were switched off, leaving only a beam of light at the door shining on Xu Youyou.

She stood at the end of the red carpet in a white fishtail wedding dress. The wedding dress had sequins and a green flower design. Two shoulder straps fell on her beautiful shoulders and were tied into a beautiful bow, making her look like a fairy in the green field.

Mo shenbai stood on the stage with a bouquet of flowers in his hand, staring at his bride without blinking. He didn't even hear what the emcee said.

The emcee was speechless.

It was only at Xu Youyou's signal that mo shenbai came back to his senses and glanced at the emcee indifferently.

The emcee's spine turned cold, and she didn't dare to ask the card that she had originally prepared. She directly asked mo shenbai to welcome his bride.

Originally, Xu Jiushi was supposed to walk the red carpet with Xu Youyou, but Xu Jiushi was afraid that he would not be able to hold it in on stage, so he refused the proposal.

Xu Jialu didn't dare to walk the red carpet with her for fear of stepping on her wedding dress.

Most importantly, the eyes of the two men sitting at the main table had turned red, and tears were about to fall at any moment.

Mo shenbai quickly walked to the other end of the red carpet, completely forgetting the photographer's instructions to walk slowly so that the camera could capture him.

Good Lord, the photographer who was following behind them at a fast pace didn't manage to capture anything other than a blurry back.

Mo shenbai knelt on one knee and presented the bouquet to Xu Youyou. He held her hand and walked to the center of the stage, while Xie Yumu lifted her dress and followed behind.

At this moment, the lights in the places they passed by lit up one by one. Countless petals and balloons floated down from the air. Xu Youyou finally saw the layout of the entire wedding venue.

The stage was filled with champagne-colored roses and sunflowers, and the same was true below the stage. The vases on every table were also in the shape of sunflowers, with the blooming champagne-colored roses and sunflowers.

Every guest who attended the wedding today was also wearing the sunflower Bracelet that they were required to wear when they came in.

The background of the stage was a huge sun and countless sunflowers fluttering in the wind. The logo of today's wedding was printed on the huge LED screen.

The Suan ni hid the sun.

Xu Youyou's heart trembled when she saw this. An indescribable feeling of gratitude spread through her chest.

Mo shenbai's peripheral vision had been on her the whole time. He noticed that she was not in a good mood and asked in a low voice, "What's wrong?"

Xu Youyou pursed her lips and tried to hold it in, but she couldn't. She said in a slightly displeased voice, " you are the sun that I want to hide. You are the sun that I have hidden in my heart for many years!

Mo shenbai's thin lips parted slightly. we are each other's sun.

You've hidden me deep in your heart for many years, and I want to hide the rest of your life.

A crystal-clear tear rolled down from Xu Youyou's eye as she nodded desperately. moshen Bai, I love you ...

I fell in love with you from the first time I saw you.

"I love you too." Mo shenbai saw the tears on her face under the veil. He had long forgotten the wedding procedure. He lifted the veil and gently wiped the tears from the corners of her eyes with his fingers.

when I was very young, my grandfather told me that I was a man of the mo family and that I was going to support the mo family in the future. The mo family was my responsibility. He taught me a lot of things, and everyone in the mo family taught me a lot, but no one taught me what love was and how to love someone.

Other than qianyue, no one else asked me what kind of girl I would like in the future or what kind of girl I would marry as my wife. In fact, I never thought about what kind of girl a person like me would like, or what kind of girl I was worthy of, until you appeared."

Mo shenbai's fingers gently touched her cheek, caressing it lovingly, and his affectionate eyes seemed to melt her.

you're so good, so good, so good that I can't lie to myself that I don't love you, I can't resist being moved by you again and again, I'm greedy and selfish to want you for myself, I'm despicable enough to trick you to register your marriage in Ireland, I want to tell the world that you're my girl, you're my wife who will die with me.

Ireland!

The guests below sighed. They had long heard that mo shenbai had brought his wife to Ireland for the wedding, but they didn't expect it to be true!

This is too romantic!

Ye weilan did not quite understand. She looked at Jin yangzhi and asked, " what's wrong with getting married in Ireland? "

Huo qingsi, who had just fallen asleep, slowly opened her eyes and said in a lazy tone, " Ireland doesn't allow divorce."

She used to travel around the world and happened to be in Ireland, so she knew.

Seeing that she had woken up, Wen Sinian handed her some warm water. have some water.

Jiang yanshen raised his eyebrows and turned to look at Lin Qingqian, only to hear her whisper, " Yan, I don't plan to get married a third time. If you want to, you can go to someone else.

Jiang yanshen was speechless.

Why didn't anyone tell me that I can't get a divorce in Ireland?

When he returned, he would send Lu Yuan to Africa to mine. (Lu Yuan, the assistant far away in LAN city, sneezed.)

The guests below the stage were still discussing softly, but Xu Youyou's eyes were already wet. She couldn't hold back her love and tiptoed to kiss him on the lips.
