

Chapter 412: Everyone knows (1)

Mo qinghuan's expression returned to normal and she said in a cold voice, "It's been a long time," Kang Mingcheng had not seen Xu Youyou since he entered, so he could only ask, "I'm Xu Youyou's teacher. I had something to do this afternoon, so I didn't attend her wedding. I wanted to apologize to her.

"Oh, then you should call her yourself." Mo qinghuan's expression was cold, and her tone was even colder. if you can get through!

Kang Mingcheng frowned slightly. He didn't react much to her cold and hostile attitude. Instead, he looked at Xie tingxi and said, "Mr. Xie ...

Xie tingxi had been very high-profile ever since he returned to Mo City. He was the darling of the financial magazines, and it was hard for the people of Mo City not to know him.

Xie tingxi nodded slightly as a greeting. they're quite tired after a busy day and are still resting. Please feel free to attend the dinner tonight.

Kang Mingcheng thanked her and turned to the side.

Mo qinghuan's clear and cold eyes swept over his back, her face filled with disdain.

Xie tingxi seemed to have noticed something. ex-boyfriend? "

Mo qinghuan raised her glass and finished it in one gulp. She then handed the empty glass to him and said in a cold tone, "It's not your place to meddle in the matters of the elders."

With that, he turned around and walked in the opposite direction of Kang Mingcheng.

Xie tingxi raised his eyebrows and looked at the empty glass in his hand. The mouth of the glass was still stained with light lipstick, and his thin lips curved into a faint smile.

No matter what age a woman was, she liked to put on a pretense and say one thing but mean another.

The banquet hall was filled with beautiful clothes and toasts. It was very lively, and the room of the bride and groom had just regained its peace.

Xu Youyou lay paralyzed on the carpet, feeling that all her strength had been drained. She was too lazy to even move her fingers.

The man hugged her from behind and whispered into her ear, " triplets, I love you.

Xu Youyou leaned against his chest, looking like a rolled-up Mimosa. Her forehead was covered in sweat, and the blush on her face was hidden in the dark night.

Her heart, which was still beating violently, sped up again because of his words.

She pursed her dry lips and complained softly, "You've gone too far."

Regardless of her wishes, on the window and on the floor, he let her skin burn and sink.

Mo shenbai's thin lips touched her face. are you hurt? "

Xu Youyou said in a hoarse voice, "My knee hurts."

Mo shenbai immediately lowered his head to look at her knee. There were obvious bruises on her white and tender skin, which were obviously caused by the friction on the floor.

He lowered his head and kissed her on the knee. He apologized seriously, "I'm sorry. I was too happy and couldn't control myself ...

Today was their wedding and he was overjoyed.

The happiness that could not be expressed in words could only follow the instinct of human behavior.

Xu Youyou's heart softened. don't do this next time.

"Alright," he said. Mo shenbai promised her that they would not do it on the floor.

"Are you hungry? Do you want to get someone to send something to eat?"

Xu Youyou shook her head. get me some clothes.

The gown she wore before was ruined and she couldn't wear it anymore.

Mo shenbai got up and went to the suitcase to take a black shirt for her to wear. He also picked up the doll and Butt Mask that had been thrown on the ground and put them into the trash can to prevent her from stepping on them and falling.

"Should I turn on the lights?"

Xu Youyou looked like she was wearing a medium-length skirt in his shirt, but she still did not want him to turn on the light. No.

Mo shenbai didn't turn on the lights. He went back to sit beside her and lowered his head to kiss her forehead. what's wrong? "

He felt that she didn't seem too happy.

Xu Youyou snuggled into his arms, her voice lazy and slow. nothing, just ... Did you break it just now? " she asked. Will I get pregnant?"

In the dark, mo shenbai's back bone suddenly stiffened, and then he said in a certain tone, "No, I just checked."

"Oh." Xu Youyou lay in his arms as if she had no bones. Her small hand played with his big hand. actually, it's fine if you have one. I'm not that tired from drawing. Besides, I'm almost 25 and can have a baby.

"There's no hurry." Mo shenbai held her small hand tightly in his big palm. girls get married late these days. Many of them are not married even in their thirties. You got married very early. I don't have a child as early as you. If I become a mother, I will be kidnapped by another person for the rest of my life.

Xu Youyou reached out and touched his ear. are you afraid that I'll give my attention to the baby and not love you anymore? "

"Yes." Mo shenbai didn't refute her, but went along with her words. I think you only love me. Don't love anyone else, not even our child!

"Silly da Bai!" Xu Youyou turned her head and looked at his face with the faint light from the window. I love you and will love our baby, but the person I love the most is still you.

"You can't just love me?" His low and hoarse voice was mixed with a bit of stubbornness.

da Bai ... Xu Youyou was helpless. She felt that da Bai was sometimes as childish as a child when it came to relationships.

Mo shenbai stopped talking and changed the topic. look outside ...

"What?" Xu Youyou raised her head and looked outside. She saw countless spots of light in the dark night sky. Soon, the spots of light pieced together and formed a sentence.

Xuxu, Mrs. Mo, happy wedding

Xu Youyou was shocked. She quickly climbed to the window and looked at the flashing lights outside.

"This is ... Your arrangement?"

She turned around and looked at mo shenbai, joy written all over her face.

Mo shenbai walked over and lowered his head to kiss the center of her hair. this is a wedding gift for you. Do you like it? "

Xu Youyou nodded her head vigorously. yes, I do ... Which means ... Is it too high-profile? "

"Today is our wedding. If we don't keep a high profile today, when will we?" Mo shenbai's thin lips curled up slightly.

The shopping malls in the capital, LAN city, Tong city ... Many places were congratulating them on their wedding. The same sentence appeared above every city.

Xu Youyou smiled and looked at the words outside. They seemed to be changing. is this a drone? "

"Yes."

Her original words had become 'Mr. And Mrs. Mo, be together for a hundred years'.

Xu Youyou felt a little embarrassed when she thought about how everyone in the city had seen the message. where did you get so many drones? "

ye weilan runs a technology company. We were working with them a year ago. Mo shenbai briefly explained, " of course, I still have to thank her for her technical support for tonight's drone show.

Xu Youyou saw that the drone was still changing outside and asked mo shenbai to bring her phone over.

A sentence flashed in the night sky, "triplets, I love you!"

I love you, everyone knows.

Xu Youyou took a photo and uploaded it to her Weibo with a caption.

[UU ya: I love you too.]
