

**Chapter 418: Don't want me anymore (1)**

Mo shenbai turned off the tap and turned to look at him. His eyes were calm and cold. His thin lips opened slightly, and he said, "If anything happens to her, I'll regret it until I die."

Fu jianchen left before Xu Youyou woke up.

In the past, he would still be worried and have a trace of despicable hope in his heart.

She was looking forward to the day in the future when mo shenbai's love for her was not so intense. She was looking forward to their love being defeated by reality. At that time, she would have a chance to embrace her own love.

However, mo shenbai's words today made him clearly and sadly recognize a reality.

Mo shenbai's love for Xu Youyou would never be less than hers, and her love would never have a result.

Fu jianchen galloped along the wide road. The afternoon sun shone through the windshield and landed on his hand that was holding the steering wheel.

The string of Buddhist beads on her wrist was silent, but it also gave off a faint sandalwood fragrance.

Buddha said that the sea of bitterness was boundless, but turning back was the shore.

And he had long been immersed in this false love, unable to extricate himself.

...

Mo shenbai went upstairs after washing the dishes. Xu Youyou was sleeping soundly in the pink gauze curtain. Her long hair fell behind her, like a sleeping princess.

He lifted the muslin curtain and lowered his head to kiss her face.

Xu Youyou sensed something and reached out to push it away, burying her head into the air conditioner.

Mo shenbai lifted the air conditioner cover and looked down to search for her lips.

Xu Youyou was awoken by him and mumbled, "Fu jianchen ... Wu ..."

Before she could finish, mo shenbai covered her lips, not giving her a chance to speak.

The sunlight outside the window was very good, and the spring light in the room was even better.

Mo shenbai held her in his arms and kissed her lips lovingly. He called her again and again impatiently in a deep and hoarse voice, "the triplets, the triplets ..."

It was enough for him to have the triplets in this life.

\*\*\*

Mo shenbai only noticed Xu Youyou's strange behavior a month later. The person who was usually the most cheerful had been in a daze recently.

He always complained that he was hot, hungry, and sleepy.

Mo shenbai was worried and wanted to take her to the hospital for a checkup.

Although Xu Youyou didn't want to go, she couldn't change mo shenbai's mind and went to Bo Qi's family Hospital in the end.

They first did a blood test and the results were out in half an hour. The director's expression changed as soon as he saw the report. He asked carefully, " Mrs mo, have you been having a good appetite recently? or have you been having a bad appetite? "

she's been eating and sleeping a lot recently. She seems to be more afraid of heat than usual. Mo shenbai knew Xu Youyou's daily habits like the back of his hand. He even knew her physical condition better than Xu Youyou herself.

The Head of Department's expression became complicated and ambiguous, " then ... Is Mrs Mo's period still normal? "

Mo shenbai was stunned. her period ... Is two weeks late this month.

The Department director's expression became even more complicated. He hesitated for a long time before he braced himself and said, President mo, why don't I get a gynecologist to do another check on Mrs mo? she might, she might, she might be pregnant!

But, President mo had just had a vasectomy last month, how could Mrs mo be pregnant?

Or ... Did President mo get cuckolded within a few months of marriage?

Mo shenbai's face darkened when he heard the words " Obstetrics and Gynecology. his dark eyes stared at Xu Youyou's delicate and innocent face with a complicated and gloomy look. He took a few deep breaths, opened his thin lips, and squeezed out a sentence, " call the head of Obstetrics and Gynecology here.

"Eh, okay." The director wanted to make a call, but he thought of something when he picked up the phone. He put it down, got up, and went to the Obstetrics and Gynecology Department personally.

Only the two of them were left in the office. Moshen Bai's brows were tightly knitted, his eyes were cold, and his molars were almost broken.

"When did you find out?"

"What?" Xu Youyou said innocently.

"Xu Youyou, this is a serious matter. Don't play dumb!" Mo shenbai couldn't suppress his anger and said through gritted teeth.

Seeing that she couldn't hide it, Xu Youyou touched the tip of her nose. the last time Fu jianchen came to our house, I heard everything you said.

Mo shenbai's brows moved slightly, and a trace of confusion flashed in his eyes. but I've taken safety measures every time. How could you ...

He paused, as if he had thought of something, but he couldn't believe it.

Xu Youyou reached out and tugged at his shirt with a bright smile. I secretly inserted needles into all of them. Great Bai, I'm very smart, aren't I? "

Mo shenbai's face was so dark that ink could drip from it. He flung her hand away and lost his temper, which was rare. Xu Youyou, who asked you to make your own decisions? Do you know that you're playing with your life like this? you're being irresponsible to yourself, to me, and to our parents, do you know that?"

In his anger, he did not control the strength in his hand. Xu Youyou's hand turned red from his slap. The smile on her face gradually became aggrieved.

"You didn't even tell me you had a vasectomy, and you're already responsible for me?" Xu Youyou's eyes turned red, but she suppressed her grievances and said, "What right do you have to deprive me of my right to be a mother without saying a word!"

"I'm doing this for your own good!"

"Do you really treat me well when you think you're doing it for my own good?" Xu Youyou retorted, "what's the difference between you and those parents who kidnap their children in the name of love? I'm your wife, not your daughter. Why can you take away my right to choose just because you said it's for my own good?"

Mo shenbai was rendered speechless by her question and did not know how to refute her.

Xu Youyou lowered her head and placed her hands on her flat stomach. I told myself that it's up to fate. Now, it's God who's giving us this child.

She liked children, and she liked this child that belonged to her and great White even more.

Mo shenbai took a few deep breaths and suppressed his anger. He tried to persuade her, " but this is very dangerous. Aiyo, we can not have children. We can just be together ...

Xu Youyou immediately understood what he meant and interrupted him with a determined look. da Bai, I want this child! I won't abandon her!"

Mo shenbai was stunned. His Adam's apple rolled a few times, and he felt as if a knife was cutting from his heart all the way to his throat.

"You won't abandon her? Then what about me?" His thin lips parted slightly, and his low voice was mixed with grievance and disappointment."So you've chosen her and not me?"

Xu Youyou fell silent. The dream she had when she left Mo City two years ago flashed in her mind.

In his dream, da Bai was holding a girl in his arms. The girl was really cute, and her facial features were similar to da Bai's, but her eyes were very similar to his.

It wasn't similar, it was exactly the same.

So, this was her and great White's daughter!

She looked up at him and said in a soft voice, "I want you, but I also want our daughter."

"But Yingluo"

Mo shenbai still wanted to say something but was interrupted by her.

da Bai, I like children and I want to be a mother too. Can you let me be willful just this once?"
