### **421 Chapter Will you marry me again?**

Haohao frowned, "But it really resembles Grandma Jiang."

"You all say it's like, there are people who look like each other, right?"

Hao Hao seemed to be persuaded by Shen Qinglan, "It seems to be too, aunt, I may be wrong."

Shen Qinglan smiled slightly, "Okay, we should go home later."

On the other side, Chu Yunrong was discussing which one to buy with Pei Yining. After calling Pei Yining, there was no response for a few times. He reached out and gently pushed her shoulders. Pei Yining recovered, "Aunt, what's wrong?"

"I want to ask you which of these two colors is better, what do you think is so fascinating?"

Pei Yining rubbed his lips, "I just wanted to work, I think light blue is better..."

Shen Qinglan noticed Pei Yining's anomaly and quickly chose clothes to go home.

In the evening, Shen Qinglan rarely called Jiang Chenxi and told him what happened in the mall today. Jiang Chenxi was silent for a while and said, "Sister-in-law, thank you for telling me this, I know how to do it Now."

"You just have a sense in your heart." Shen Qinglan hung up the phone when she finished. Feelings are a matter of two people, she won't intervene too much, but she doesn't mind helping with the occasional rush.

On Saturday, Shen Qinglan packed up and took An'an to the Beijing Military Region. He said he was going to see Fu Hengyi today.

An An found that he could go out with his mother again, and was very happy. Shen Junyu went from Shen Qinglan himself.

Along the way, An An was very excited in her mother's arms, and her fat legs dangled. Shen Junyu saw the movement of her little nephew from the rearview mirror and smiled, "An An knows that he's going to see his father, so that's why happy?"

Shen Qinglan glanced at his son, relentlessly undressing, "He wanted to come out and play." For the first three days, Fu Hengyi suddenly made An An very uncomfortable. He had to wait until late at night to sleep, but he passed him in three days. It's back to normal, and I still remember who my father is.

Shen Junyu heard the words and couldn't cry or laugh.

Knowing that Shen Qinglan would come to the military area today, Fu Hengyi had been waiting at the gate early, and when she saw Shen Junyu's car from afar, she really came.

Shen Qinglan got out of the car and looked at Fu Hengyi in a military uniform. A faint thought appeared in his eyes. Fu Hengyi stepped forward and glanced up and down at his wife, saying with satisfaction, "Well, not thin."

Shen Qinglan chuckled, Fu Hengyi took his son over, the little guy saw his father, his eyes lit up, and flew into Fu Hengyi's arms, Fu Hengyi did not see him for a few days and did miss him.

An An held his father's neck, and his eyes were quickly attracted by Fu Hengyi's epaulet. Seeing the wheat ears and the five-pointed star above, he was curious in his eyes and reached out to pick it.

He was weak, and Fu Hengyi noticed his movements but did not stop them.

Shen Qinglan wanted to stop it, but was stopped by Fu Hengyi's eyes.

"Okay, I have delivered it safely, I will go first, Lan Lan, I will come to pick you up tomorrow." Shen Junyu said.

Shen Qinglan nodded, and Fu Hengyi said warmly, "Junyu, thank you."

Shen Junyu stepped forward and touched An An's head, "An An, Uncle left."

Child An An now prefers his father's epaulet. He ignores what his uncle said. Shen Junyu smiled and left.

Fu Hengyi took Shen Qinglan in. It was still the family building where he had lived before. The house had been cleaned by Fu Hengyi. The soldiers helped bring things in, mainly An'an's crib.

"Thank you." Shen Qinglan thanked.

The other party was a young guy who was shocked by Shen Qinglan's face. He heard Shen Qinglan say thank you and waved his hands in blush, "No thanks, no thanks, chief, I'll go first."

Fu Hengyi nodded and looked at Shen Qinglan with a smile after he left. "My wife's charm is really great wherever she goes."

Shen Qinglan glanced at him sideways and started to sort things, thinking that when she came, she had a small suitcase with a few sets of clothes for changing. This is a big bag after the child went out, and obviously only came here Stayed one night, but there was a lot of luggage. When everything was sorted out, Fu Hengyi had coaxed the child to sleep and went to the kitchen to cook.

Shen Qinglan calmly waited for dinner in the living room.

Fu Hengyi finished the meal and cleaned the kitchen before going out. Shen Qinglan stayed at home and waited for Anan to wake up.

In an unfamiliar environment, An An was a little uncomfortable and kept frowning. Shen Qinglan gave him milk and took him out.

An An looks white and lovely, and there are a bunch of great men in the military area. There are very few children. On the way, An An has gained a lot of eyes. They are mostly smiling in good faith. Shen Qinglan occasionally raises An An's small hand say hi.

The environment in the military area made An An very new, and his frowned brows gradually spread out, showing a smiling face.

Shen Qinglan took An'an to the troops next door, where Shen Qian was there. Shen Qian knew that Shen Qinglan took his grandson to see him, he couldn't wait for the guard to pick him up, and came out in person.

"An An, do you miss Grandpa?" Shen Qian saw An An, and that made him happy.

It has been a long time since An An has seen Grandpa. He didn't recognize Grandpa, and refused Grandpa's request to hug, holding Shen Qinglan's neck without letting go.

Shen Qian withdrew his hand calmly and said with a smile, "Like when you were a kid, I still remember that when you were one year old, I didn't go home for about three or four months. I don't know when I get home. Dad, your mom took you to bed at night. You won't let me enter the room with life and death, so I had to wait until you fell asleep before going in."

Shen Qinglan heard this for the first time, and was a little curious, "I won't let you go into the room to sleep?"

"Yeah." Shen Qian thought of this and also wanted to laugh. "At that time, you just started learning to

speak. When you go home, mom, grandparents and brother, you just won't call dad. My heart was broken."

Shen Qinglan certainly cannot remember these things, but he can imagine that kind of picture, which is why Fu Hengyi insisted on returning to the Beijing Military Region.

"Now, your son is so old, and my father is old too. After two years, my father should retire." Shen Qian said with a smile.

Shen Qinglan took An'an and Shen Qian back to the office. There were other leaders in the office. When they saw Shen Qinglan, they greeted each other friendly.

Shen Qinglan was not afraid of these people who could only be seen on TV during the weekdays, and chatted with everyone.

When Fu Hengyi called Shen Qinglan, Shen Qinglan had been here for a long time. Shen Qian personally sent Shen Qinglan to the gate, where Fu Hengyi was already waiting.

On the way back, Shen Qinglan met Zhao Wei again. Zhao Wei saw Shen Qinglan and his eyes lit up, "You are finally back."

Shen Qinglan looked at the big man in front of her with a look on her face speechlessly. It was really impossible to connect him with the little boy, but he was indeed that person.

"Want to challenge me?" Shen Qinglan raised her eyebrows and looked at Zhao Wei.

Zhao Wei nodded, "Yes."

Fu Hengyi black line, he knows this person, is a person who likes to find someone to challenge, this kid has challenged him, but he was ignored by him.

"Yes, but not today. At eight o'clock tomorrow morning, the playground is waiting for me." Shen Qinglan said lightly.

"Okay." Zhao Wei got the answer he wanted and paid a military salute to Fu Hengyi and left.

"You can ignore him." Fu Hengyi said.

Shen Qinglan smiled, "It's just a challenge. Are you worried that I will be hurt by him?"

Fu Hengyi was not worried about this. Shen Qinglan looked at Fu Hengyi in a fixed manner, and Fu Hengyi gave her a puzzled look.

"Fu Hengyi, when are we going to discuss with each other, not just fighting."

"Still thinking about it?" When her leg injury was not good, Shen Qinglan was thinking about it. After so long, she didn't mention it. Fu Hengyi thought she had dispelled the idea.

Shen Qinglan nodded, "Always remember."

Fu Hengyi smiled helplessly, "When you come next time, we will try one."

"It's a word."

"Ok."

Early the next morning, Shen Qinglan finished feeding her baby and walked to the balcony to see Zhao Wei already waiting downstairs. "Zhao Wei." Shen Qinglan called him, and Zhao Wei looked up, "Come up."

Shen Qinglan asked Zhao Wei to move up to move the baby's stroller, put the baby aside, and gave the child a pacifier. After seeing how happy he was playing, Shen Qinglan looked at Zhao Wei.

"Can we start?" Zhao Wei asked.

Shen Qinglan's expression was faint, "I have a condition before starting. If you fail to challenge again this time, you cannot challenge me again within three months."

Zhao Wei agreed in a short time.

I haven't seen it in a few months. Zhao Wei's skill has improved a lot. He played with Shen Qinglan for nearly 20 minutes before lying down. Although there are also ingredients for Shen Qinglan to release water, Zhao Wei's progress is the most important.

"Are you still here?" Shen Qinglan looked at Zhao Wei from a condescending position. Zhao Wei wanted to come, but he couldn't get up, and he could only lie on the ground panting, "If I don't come, I will go."

"Wait." Zhao Wei opened his eyes, and there was a doubt in his eyes. "Where have we seen it before?" When he saw the eyes of Shen Qinglan's son today, he always felt as if he had met each other as if he had seen such eyes.

Shen Qinglan raised an eyebrow and looked at him, "You have challenged me once before."

"Not this." Zhao Wei got up from the ground. "I'm not talking about this, it was before this."

Shen Qinglan's eyes flickered, "That's probably because you remembered it incorrectly, we haven't seen it before."

Zhao Wei wondered, "Have you really not seen it?"

His words were more like talking to himself. Shen Qinglan did not answer his words and pushed the stroller away. Soon, Zhao Wei was defeated by a woman and spread throughout the military area. Who made Zhao Wei's reputation too loud? Someone defeated this militant again, still a woman, but it was very exciting just to listen to it. , Wondering who this woman is.

Shen Qinglan looked at the woman in front of her with no special expression on her face, "Dr. Jiang."

Jiang Wenjing smiled, "Miss Shen, I haven't seen you for a long time. I just heard that a woman has defeated Zhao Wei. I wondered if it was you. I didn't expect it to be you."

Shen Qinglan did not notice what she called herself, "The spread of your news here is really fast."

Jiang Wenjing laughed, "There is no entertainment in the barracks, the place is laughing again, everyone knows what happened, is this your son?" She looked at An An.

Shen Qinglan nodded, "Well, three and a half months."

"Looks like Fu Shaoshuai. Very cute."

Shen Qinglan thanked.

"By the way, I'm getting married at the end of the year. I hope you and Fu Shaoshuai can have a glass of wedding wine if they have time." Jiang Wenjing said, with a calm smile on his face, and a hint of relief.

"I haven't congratulated you yet." Shen Qinglan said sincerely.

"Thank you, the person who was introduced by the family and the doctor in the hospital. After getting along with each other for a few months, they felt good and planned to get married." Jiang Wenjing explained, then said quietly, "Some mountains, even the scenery Well, I can only appreciate it from a distance, I am more suitable to live on the plains."

Shen Qinglan's mouth lightly ticked, "The plain can also be very wide, giving you tolerance that the high mountains can't, allowing you to run freely."

"Yeah, thank you, Shen Qinglan. If it weren't for your appearance, maybe I still can't see what I really want." Jiang Wenjing said with courage, which was more straightforward than what he just said. Too.

She had been looking up to Fu Hengyi for a long time, dreaming of being able to stand side by side with him one day, but forgetting that they were not people of a world at all, just like two parallel lines, and there was never the possibility of intersection.

"You are not too late to understand now, and have not missed your own happiness." Shen Qinglan said

warmly.

Jiang Wenjing nodded with a smile, "You are right, now I see you and him happy, I am also very happy. I will leave the Beijing Military Region Hospital next week, my fiancée is near the city, a little bit at home. The relationship transferred me to a hospital in Linshi, so that the two of us can work in a hospital, so we should not meet in the future, but I still hope you can come to my wedding."

"If I had time then, I would definitely participate." Shen Qinglan said, for this Jiang Wenjing, she couldn't hate it from the beginning, maybe because of the girl's open-mindedness to feelings,

Farewell to Jiang Wenjing, Shen Qinglan took An An around in a circle, and then went back. Originally thinking that she would meet Zhang's sister-in-law this time, she asked Fu Hengyi to know that Zhang's sister-in-law would be her mother's family. Her father's health was gone. Before leaving, he still could not rest assured of this daughter who had run away from home. After learning about it, sister-in-law Zhang went back with her two children.

At noon, Shen Qinglan originally wanted to eat in the cafeteria, but Fu Hengyi came back, cooked for her, and accompanied her to finish eating, and then sent her and her son to the gate of the military area, "Qinglan, I am sorry this time, there is no time with you."

As soon as he arrived in the Beijing Military Region, his superior gave him a task. In addition to the handover matters, these days he was busy with the shaft, and he couldn't afford to spend time with Shen Qinglan and his children.

Shen Qinglan didn't take it seriously, "An An and I have already seen you, which is enough. When we come back next time, you can compensate us."

Fu Hengyi stepped forward and gave Shen Qinglan a hug, "Okay."

"Having walked the two of you, it's not life and death, is it so entangled, is it difficult to separate? Fu Hengyi, you still wear military uniforms, so pay attention to the image anyway." Shen Junyu, who came to pick up, couldn't stand the couple. The dog food can't help but speak.

Shen Qinglan withdrew from Fu Hengyi's arms and got on the train directly. Shen Junyu originally wanted to say goodbye to Fu Hengyi. As a result, she only received a cold eye. Shen Junyu touched his nose. Well, he just did it on purpose.

Fu Hengyi's car that had watched Shen Qinglan disappeared completely on the corner of the street before returning to the military area.

\*\*

The time passed by, and it turned to the end of September.

During this time, Shen Junyu was very busy, often coming back in the middle of the night, and going out early in the morning, Wen Xiyao couldn't even find many opportunities to be alone with him, and every time he asked Shen Junyu, he said he was busy working and called him 'S assistant, who also said he was busy working.'

This made Wen Xiyao very worried, not that Shen Junyu would have a woman outside, but that his body would be overwhelmed by such high-intensity work. For this reason, Wen Xiyao, who never cooks, would cook for Shen Junyu every night. After supper, warm it in the pot after it is ready, and let Shen Junyu eat it when he returns.

Although the taste is not very good, Shen Junyu's wife's wishes will definitely be received in full and the supper will be eaten cleanly.

And such a day probably lasted for half a month.

On the weekend morning, Shen Qinglan got up early in the morning to feed his son, then saw his son handed to Chu Yunrong, and then went out.

"Qinglan, what are you doing here with me?" Wen Xiyao looked at the styling center in front of him and asked suspiciously.

"You will know later." Shen Qinglan sold a pass.

"Are you going to participate in any activities? Dressed so grandly." Wen Xiyao looked at Shen Qinglan who changed his dress, his eyes deepened.

Without talking, Shen Qinglan pressed Wen Xiyao on the chair and said to the makeup artist, "Go ahead."

The make-up artist nodded with a smile, started to apply on Wen Xiyao's face, and finally brought her a beautiful bun.

"Qinglan, what medicine are you selling in this gourd?"

"Sister-in-law, don't ask anything, I won't say, wait until you know, let's change clothes first." Shen Qinglan pushed Wen Xiyao into the fitting room.

Wen Xiyao looked at the clothes inside, suddenly dumbfounded, "Qing Lan."

Shen Qinglan stood outside and said with a smile, "Sister-in-law, change quickly, otherwise you won't be able to wait for time."

Wen Xiyao looked at the low-key but luxurious wedding dress in front of her eyes, covering her mouth, and did not respond for a while. Reminiscent of Shen Qinglan's mysterious expression, she had a guess

in her heart.

Shen Qinglan waited for a while before seeing Wen Xiyao coming out of it. When she saw her, Shen Qinglan snapped her fingers, "OK, we should go, otherwise we will be really late."

Sitting in the car, Wen Xiyao looked at his wedding dress and looked nervously at Shen Qinglan, "Qinglan, what about your brother?"

"Sister-in-law, didn't you already guess?"

Wen Xiyao covered her mouth and wanted to say something, but suddenly found that some words were poor. Until the car stopped in front of the church, she was still in a daze.

Shen Qinglan got off the car and opened the door of the rear seat. "Sister-in-law, please get off the car."

The door of the church suddenly opened, and the sound of the wedding march sounded, and Shen Junyu's figure appeared in Wen Xiyao's sight.

He walked towards Wen Xiyao, each step was slow and firm, as if it was only a moment, and it seems that after a long century, Wen Xiyao looked at the tall figure with a determined look, his eyes blinked. Don't blink.

Shen Qinglan gave the position to Shen Junyu. Shen Junyu walked to the car and put his hand in front of Wen Xiyao. "It has always been a regret in my heart to fail to give you a perfect wedding. Now I want to make up for this regret and let you When I think of me, they are all beautiful memories. Will you give me this opportunity to marry me again?"

His voice was gentle, with infinite affection.

Wen Xiyao looked at the big hand in front of him, his bones were distinct, slender and powerful, and his eyes were gradually blurred. He put his hands gently up, "I will."

When the music sounded, Shen Qinglan stood next to Fu Hengyi, watched the two of them walk into the church, and then walked in with Fu Hengyi through the side door and sat down in position.

There were not many people in the church, but all the people who came should come. Shen Qinglan sat down and looked at the two people who solemnly sworn above. Their eyes were gentle. Fu Hengyi noticed her eyes and whispered, "We will also host one Western wedding."

Shen Qinglan gave Fu Hengyi a speechless look and lowered his voice, "We are fine now, no need."

Shen Junyu wanted to give Wen Xiyao a perfect wedding without regrets, and this was the only thing planned, and there was no need to make up for their wedding.

Fu Hengyi smiled and did not speak.

Yu Xiaoxuan and Han Yi also sat under the stage. Yu Xiaoxuan's belly was already very large. The outside world had also known the news of her pregnancy. Fans sent her many blessings.

"Han Yi, when we are 80 years old, you can send me a wedding." Yu Xiaoxuan said with a smile.

Han Yi held her hand, "Where you need to wait until you are 80, you can give it whenever you want."

"No, forget it. When we get married for the 70th anniversary, we will hold the wedding again."

Han Yi raised her eyebrows and teased her, "At that time we were all old, I was not handsome, you were not beautiful, what should I do if the wedding photos I took were not beautiful?"

"When you get old, you get old. When we are gray-haired, we remember in the church the storms we have walked with together. If you think about it, you will feel romantic. This is the hand of the son, and grow old with the son." Yu Xiaoxuan's tone was expectant.

Han Yichong smiled, "Okay, wait until our 70th wedding anniversary, I will give you a prosperous wedding."

"When did you start planning this wedding?" After the ceremony, Wen Xiyao asked Shen Junyu softly.

"It has been a month, but it has been gradually prepared in the last half month." Every detail of this wedding was designed and arranged by Shen Junyu himself.

"So you have been busy with this for half a month?"

"Well." Shen Junyu nodded. "I didn't tell you if I wanted to give you a surprise. Although the wedding was not as grand as that, everything here was personally arranged by you. Do you like it?"

Wen Xiyao nodded vigorously, "Like, I like it very much, thank you, Shen Junyu, and add a gorgeous stroke to our memories."

Shen Junyu looked at the crystal under Wen Xiyao's eyes and reached out to stroke her cheek. "Fool, so moved? I want to replace the unhappiness in your mind with all happy memories."

After all, Wen Xiyao's tears failed to hold back in Shen Junyu's warm heart confession. Shen Junyu smiled and wiped her tears, "If you cry again, you will become the ugliest bride in the world."

"You can't say something nice?" Wen Xiyao glared.

"Even if you become the ugliest bride in the world, you are still the woman in my heart and the only bride." In a word, Wen Xiyao blushed successfully.

Wen Xiyao and Shen Junyu came down from above and looked at their parents, "Parents, brothers, you all know that I don't know if I am alone?"

Wen Sixian laughed, "You just blamed your second brother, and I only learned about it last night. Before, Jun Yu only said that he invited us to an important wedding. We thought it was the wedding of a relative of the Shen family. Only then did I know that it was you and Jun Yu."

Wen Bingchuan looked lovingly at her daughter, "Jun Yu wants to surprise you, let us keep it secret."

Wen Xiyao looked at Shen Junyu and thought that he had done everything by himself silently, and there was a surge of emotion in his heart.

"Sister-in-law, are you happy?" Shen Qinglan asked Wen Xiyao to take the space to change clothes.

Wen Xiyao nodded, "Happiness, Qinglan, this is the happiest moment in my 28-year life, there is no one."

Shen Qinglan looked at Wen Xiyao's serious eyebrows in the mirror. "I'm very happy to see you and my brother happy." She has few wishes, and one of them is that her friends around her can be happy and happy.

At night, Shen Junyu and Wen Xiyao did not go home, but drove to the hotel. Wen Xiyao looked out the window, "Don't you go home?"

Shen Junyu smiled and said, "Today is our wedding night, and naturally we cannot go home."

When the car stopped, Shen Junyu took Wen Xiyao to the hotel room and stood at the door. Shen Junyu spoke softly, "close your eyes."

"And surprises?"

"Good boy, close your eyes."

Wen Xiyao also wanted to know how much Shen Junyu had prepared. He closed his eyes obediently. Shen Junyu took Wen Xiyao's hand and entered the room. To prevent her from falling, he reminded her to pay attention to her feet from time to time.

"Okay, open it."

Wen Xiyao opened his eyes, full of balloons in the room, balloons of various colors and shapes, each with a word on it, Wen Xiyao let go of Shen Junyu's hand and picked up a white balloon—Meet you It is the most beautiful accident in my life]

She picked up a pink balloon again-[Meeting you at the age of thirty, and accompanying you from now on, wishing to be ninety years old, we can still hold each other's hand and walk in the sunset]

Wen Xiyao picked up balloons one by one, and there was a word of love on each balloon. The handwriting on each balloon is familiar to her, telling her that they were prepared by Shen Junyu. The room was filled with a touch of floral fragrance.

It's been two hours after Wen Xiyao read all the balloons. Shen Junyu stood by and looked at her quietly.

Wen Xiyao walked to Shen Junyu's side and hugged his waist gently, "Shen Junyu, I think I must have done many good things in my last life before I can meet you in this life. Will it look too greedy?"

Shen Junyu smiled, "I allow you to be greedy."

He lifted Wen Xiyao's chin and forced her to look at her eyes, "Wen Xiyao, you are mine in this life, in the next life, in the next life, you are mine, you are greedy, I just want to be more greedy than you. "

"Okay, let's just say that, we will be together in our next life."

This night, destined to be gentle like water.

\*\*

After Wen Xiyao's wedding, Wen Bingchuan and his wife planned to stay in Beijing for a few days, and Wen Sixian and Wen Sihan first returned to Haicheng.

On this day, Shen Qinglan received a call from Wen Bingchuan, "Qinglan, I want to ask Du Honghai where the cemetery is, and I want to visit him."

Shen Qinglan reported the address, "I didn't find his body, so I just placed a tombstone for him. He was buried with his wife."

"That's enough, Hong Hai would be very pleased if he knew it." Wen Bingchuan said warmly, he never thought that things would develop to such a point.

"Uncle Wen, do you need me to go with you?"

"No, I'll go alone."

The next day, Wen Bingchuan drove to the cemetery that Shen Qinglan said, and met a man who wrapped his whole body under a thick coat halfway, wearing a hat and mask on his head, unable to see his face, and hurriedly walking.

Wen Bingchuan glanced at the other party and quickly withdrew his eyes. He came to Du Honghai's and

Du Mu's tomb. I was surprised by my choice. When I heard the news of your suicide, I couldn't recover for a long time. I thought many times in the middle of the night, if I had done something wrong. If I were willing to help you, wouldn't you go like this? A dead end..."

Wen Bingchuan spent a long time in the cemetery, talking to Du Honghai's tombstone. Before Du Nan's affairs, he and Du Honghai were indeed friends with good relations. , So that the two people drifted away, eventually led to the tragedy of the Du family.

"Hong Hai, since you're gone, rest in peace. Du Nan, I'll take care of you."

Wen Bingchuan sighed. At this point, no matter how many grievances had been dissipated with the death of Du Honghai, the Du family now has only one Du Nan. If he already knew the mistake, Wen Bingchuan did not want to be more aggressive.

On the way back, Wen Bingchuan once again met the man at the foot of the mountain just now, still dressed up at the first sight, only this time with a handful of white chrysanthemum.

The other party seemed to glance at Wen Bingchuan, and then walked towards the mountain. This time, he walked slowly, but Wen Bingchuan didn't see it. After he left, the man took a deep look at his back.

After Wen Bingchuan left here, he originally wanted to go to the mental hospital to see Du Nan, but the car drove halfway and received a call from Shen Qian, and Wen Bingchuan turned to Shen's house.

In the Shen Family Hall, Mother Wen and Chu Yunrong were teasing An An. A thick cushion was placed on the ground, and An An was lying on the mat, looking up at Wen Mother and Chu Yun Rong, and looked at him again. Head down to play the wavy drum in your hand.

Fang Tong asked Shen Qinglan for the painting two days ago. Shen Qinglan didn't write anymore. With inspiration today, he threw his son to Chu Yunrong and entered the studio.

Now An'an occasionally does not see Shen Qinglan and will not cry. Other people can also help bring the children to the handle, but it makes Shen Qinglan a lot easier.

When Shen Qinglan came out of the studio, An An was still playing the wave drum. When she saw her mother, she immediately lost the wave drum and stretched out her hand. Shen Qinglan didn't reach out to hug him. An An looked at her mother for a while and saw that she would not hug herself Xiao Xiao frowned, seeming to be puzzled, but quickly opened her eyes and smiled at Shen Qinglan.

"Oh, An An, you are a foul, and you are selling Meng to your mother." Wen Xiyao just saw this scene and laughed and laughed, but unfortunately An An did not understand the meaning of selling Meng, but continued to smile at Shen Qinglan.

Shen Qinglan was sprouted by his son's smile and reached out to hug him. An An arched her chest. Shen Qing Lan knew that his son was hungry. "Mom, I'll take An An back first."

"Okay, go."

Wen Bingchuan and Shen Qian came out from the study and were looking for Shen Qinglan before they realized that Shen Qinglan had already returned.

"Dad, what are you looking for Qinglan?" Wen Xiyao was curious.

Wen Bingchuan didn't plan to hide his daughter and told him what he wanted Du Nan to come out. Wen Xiyao had a faint expression, "Dad, if this is the case, you don't have to go to Qinglan, Qinglan won't agree. Yes, Du Nan is now a lunatic. There is absolutely no reason to say that it is hard to say what he will do."

Wen Bingchuan frowned, "Has he become like this now?"

"Dad, I know you are ashamed of Uncle Du, but we did nothing wrong, I am sorry for Uncle Du's affairs, but for Du Nan, even if Qing Lan is willing to let him out, I disagree ."

After the incident of Du Honghai, Wen Xiyao went to see Du Nan, although he had not met him face to face, and Du Nan did not see her, but she saw Du Nan cruelly inadvertently. The cat that broke into his room was killed cruelly. She saw the smile in the corner of Du Nan's mouth with her own eyes, and she could not forget Du Nan's eyes at the time.

Such a person, who was no longer known as Du Nan, also worried Wen Xiyao.

It is good to say that she is selfish or cruel. She cherishes her current life and does not want anyone to come out and destroy it.

Wen Bingchuan heard this, and sighed deeply, "It's all right, it's up to you." If Du Nan is really a dangerous element, it might not be a bad thing to stay inside.

"Dad, tomorrow I will take you and your mother to go shopping in Beijing." Wen Xiyao changed the subject.

Wen Bingchuan waved his hand, "No, my mother and I will leave tomorrow."

Wen Xiyao frowned, "So anxious?"

"My mother and I reported a tour group to the country of T, and it will be opened tomorrow. When I was young, I was always busy working and did not have time to accompany your mother. Now that I am old, I can move while I am still there. Go out and see more."

"Then tomorrow, Jun Yu and I will take you to the airport."

"it is good."

A handful of dog food caught off guard

#### **422 Chapter Qin Yan's Purpose**

Master Fu Xiao began to have teeth in five months, which was first discovered by Shen Qinglan.

At this time, Anan's children always seemed to be in a bad mood. They often frowned, and sometimes they cried when they were playing. Shen Qinglan didn't understand what was going on. Ask Chu Yunrong, Chu Yunrong No reason can be found.

Until one day.

Early in the morning, Shen Qinglan breast-fed his son as usual, and Fu Hengyi went to prepare breakfast for his wife. He came back yesterday and was busy for more than a month. Finally, he finished the task of his superiors. Fu Hengyi can finally stay at home. Wife is a few days.

"Ouch." As soon as Fu Hengyi walked to the door of the room, he heard Shen Qinglan's cry and he accelerated his pace. "What's wrong?"

Shen Qinglan did not answer, but looked at the little guy in his arms, frowning.

"What's wrong?" Fu Hengyi asked again.

"An An seems to have long teeth." She said uncertainly, but An An did bite her just now.

Fu Hengyi heard the words, picked up her son, An An was interrupted by breastfeeding, and was a little unhappy. Fu Hengyi reached out and gently opened his son's mouth, and his teeth came out of his jaw, white, small, if he didn't look carefully Not easy to find.

"It's long teeth." Fu Hengyi said.

Shen Qinglan rubbed his chest, "No wonder I always feel that he has always been inattentive during these days, and he wants to put something in his mouth."

"He just bit you?"

"Well, it's okay, it's not very painful. Give me, he's not full yet."

Fu Hengyi looked at his son and said suddenly, "Qinglan, An'an has been for five months. I can give him food supplements. Today I will steam some egg custard for him."

"Does he eat?"

"If you try, you will know." Fu Hengyi handed his son to Shen Qinglan, but he went to the kitchen. Shen Qinglan looked at Fu Hengyi's brisk footsteps and always thought he seemed very happy because An An had teeth?

This is naturally not the case. What Fu Hengyi thought was that his son could finally take supplementary food, that is to say, weaned. When An'an was weaned, his wife was his own again.

At the thought of this, Fu Hengyi couldn't tell the ease.

Because he wanted to give An An a complementary food, Shen Qinglan did not continue to feed his son, holding his son and telling stories to him in the room.

Half an hour later, Shen Qinglan took his son out, and Fu Hengyi was cooling the egg custard.

"I'll feed it." Fu Hengyi said, hugged her son, An An sat in his father's arms, curiously looked at the bowl in front of him, reached out his hand and wanted to grab, Fu Hengyi quickly removed the bowl, scooped it with a small spoon A spoonful of egg custard was placed next to An An's mouth.

An An didn't plan to eat it at first, but looked at the spoon for a long time. Shen Qinglan saw it, took another spoon, and took a bite of egg custard in front of An An.

An An finally opened his mouth, and Fu Hengyi quickly fed the egg custard. An An moved his mouth and seemed to be curious about the food he had just eaten. After An An swallowed, Fu Hengyi continued feeding.

An An seemed to like this new food. He even ate a small half of the bowl. When he still wanted to continue eating, Shen Qinglan took the bowl away. "He eats for the first time today. digestion."

Fu Hengyi did not continue to feed, seeing his son still staring at the remaining egg custard, holding his son out for a walk, "You eat first, I will take him out and wander around."

Since this day, Fu Hengyi has been particularly keen to make complementary food for his son. Shen Qinglan originally meant to take the time to give An An a step-by-step process, but every time, Fu Hengyi fed An An very well, An An When you're full, you don't want to breastfeed.

"Fu Hengyi, you did it on purpose." Shen Qinglan was a little sulky, don't think she couldn't see what Fu Hengyi was thinking.

Fu Hengyi's innocent face, "I asked Mom, Mom said that now it is no problem to eat complementary food."

Is she talking about this? Shen Qinglan did not give Fu Hengyi the chance to pretend to be stupid. "An'an is weaning too early now. Give him less food when you feed later."

"Isn't it better to wean early? This way you can relax too." Fu Hengyi thought about his wife very much.

Shen Qinglan sneered, "Don't think I don't know your careful thinking, Fu Hengyi, even his son's vinegar, you are really the first person."

Seen through by his wife, Fu Hengyi was not embarrassed at all, "He is a boy, and the boy must be independent sooner."

Shen Qinglan chuckled and was too lazy to continue talking nonsense with Fu Hengyi. "Today, An'an is not eating complementary food. Don't let me find you secretly feeding him, otherwise you will sleep in the study room tonight."

Fu Hengyi touched his nose and looked at the happy son who was playing on the bed with his eyes, regretting it.

Chu Yunrong made an appointment with a friend to go to the concert today. After listening to the concert, the two agreed to go to dinner together. Just walking to the door of the restaurant, they met someone.

Chu Yunrong looked at the woman in front of her, and for a time he only felt familiar, and did not recognize who it was.

"Mrs. Shen, hello, we have met before, this is Qin Yan." Qin Yan smiled slightly, and did not remember Chu Yunrong, reminded, "We met in the mall twice before, you and Miss Shen together."

In this way, Chu Yunrong finally got a little impression, and it's no wonder that she didn't recognize Qin Yan. It's really that Qin Yan is so different from what she was at the time. When she first saw her, she

was a beautiful and graceful time beauty. This, although the makeup is still exquisite, but the heavy makeup can't hide her gaze, plus the whole person is thin, there is no flesh on the body, and it looks like a moving human skull.

"It turned out to be you, what a coincidence, I met you here."

Qin Yan seemed happy to see her recognize her, "Yeah, Mrs. Shen and I are really close to each other. I have rarely met you in Beijing several times. Since I met you today, I thought Please ask Mrs. Shen to have a meal together. I wonder if Mrs. Shen is willing to give me this face?"

Qin Yan said very politely, Chu Yunrong smiled apologetically, "I am very sorry, I came out with my friends today, it may not be convenient."

"It doesn't matter, it's the same for another appointment, or tomorrow, what do you think?"

Chu Yunrong's eyes flickered, and his own words were obviously rejected just now. Instead of being ordinary people, that's a polite sentence and then I won't mention it again, but this one seems to have something meaningless to do.

"Okay, is it still here at noon tomorrow?"

Qin Yan smiled suddenly, "Of course, tomorrow at 11:30 at noon, the second floor of the Western Restaurant, I am waiting for Mrs. Shen there."

Chu Yunrong said goodbye to Qin Yan, and came home after dinner with friends. She was thinking about Qin Yan's affairs along the way. This woman was really strange. When she met Shen Qinglan a few times before, she thought she was strange. Strangely, this feeling is stronger today, but there is a voice in her heart that makes her involuntarily agree to Qin Yan's invitation.

Back at home, Chu Yunrong saw that he was lying on the stall and said to himself, An An Shi, who was talking to himself, suddenly forgot everything about Qin Yan. Shen Qinglan was playing chess with Grandpa Shen while he was playing from time to time. Take a look at your son.

An An holds a small ball in his hand. This was given to his brother by Hao Hao yesterday. An An likes it very much. Today, holding the small ball to entertain herself has not been bored for most of the day.

Chu Yunrong didn't think of telling Shen Qinglan about his encounter with Qin Yan, but just talking to Shen Qinglan about gossip. Shen Qinglan took An'an back after dinner.

Before going to bed, Chu Yunrong remembered this matter. Looking at the time, it was already ten o'clock in the evening. I was worried that Shen Qinglan had fallen asleep. Chu Yunrong didn't call her. Anyway, she just talked to Qin Yan. There is nothing to worry about eating a meal or in public.

The next day, when Chu Yunrong arrived at the restaurant, Qin Yan was already there, sitting by the

window and looking at the street outside the window, not knowing what to think. Seeing that someone was approaching, Qin Yan recovered, "Mrs. Shen, you are here, please sit down."

Chu Yunrong sat down opposite her, "I'm sorry to wait a long time."

"No, Mrs. Shen is very punctual. I arrived early. I was fine in Beijing. I went out earlier." Qin Yan said with a smile, handing the menu to Chu Yunrong, "I chose this restaurant casually. , I don't know how it tastes. If it's not good, I hope Mrs. Shen doesn't mind."

Chu Yunrong smiled, "I've been to this restaurant with friends before, and the taste is okay." She took the menu and ordered what she wanted to eat.

"I ordered the same as this wife." Qin Yan told the waiter.

After the waiter left, Chu Yunrong looked at Qin Yan. "Is Ms. Qin coming to Beijing to play this time?" She vaguely remembered the woman in front of her as Qin.

"No, I live in Beijing temporarily." Although Qin Yan's tone was calm, but there was a trace of sorrow in her eyes. "I'm not afraid of your jokes. I divorced my husband, and now I am alone."

After hearing this, Chu Yunrong's expression was slightly stunned, "Sorry, I didn't expect to touch your heartbreak."

Qin Yan smiled and shook her head, "I have been divorced for a long time, and I have almost come to an end. I think it is self-sufficiency, and I can't complain about others." Although this is said, but her expression is very sad.

"what about your child?"

Qin Yan was startled, "I don't have children. The only child was kidnapped by traffickers when I was a kid. I haven't found it for so many years."

Chu Yunrong heard this, and he was suddenly stunned. How similar this experience is to himself. His daughter was also abducted by traffickers from an early age. Although it was found later, it was the missing 11 years in the middle. There is no way to make up for it.

"I didn't expect you to be a bitter person." Chu Yunrong exclaimed.

Qin Yan wiped her tears lightly, "Make you laugh."

Chu Yunrong handed her a napkin, "I can understand your mood, after all, I have experienced this kind of thing. Have you been looking for children?" Perhaps it was because the same experience pulled them in The distance between them, Chu Yunrong also spoke a lot.

Qin Yan shook her head, "It's not us, it's me. Soon after the child was lost, my first husband divorced me, and soon married another woman. I had limited strength by myself. I didn't find the child for three years, and then I met my second husband, who was also a father who lost the child. We met by accident, we encouraged and supported each other, naturally Come together, but in the past few years, he suddenly seems like a different person, punching and kicking me every time." Speaking of which, Qin Yan began to wipe tears again.

Chu Yunrong's nose panic acid, which she said, was all a mother. She could understand Qin Yan's mood, and carefully calculated, she was much happier than Qin Yan. At least Shen Qian never blamed her, even in She was always with her when she was ill, and she never gave up.

"Then? Haven't you thought of rebellion?" Chu Yunrong asked.

Qin Yansheng's voice was hoarse, "I am grateful for his help. I haven't chosen to resist for a long time. I lived in this kind of day for three years. Later, my second husband and I returned to Nancheng. My ex-husband, my first husband. He was already divorced from his wife because of emotional disharmony. He knew my situation and persuaded me to divorce, while my second husband was I thought I was cheating. I was beaten and beaten at home. If it weren't for my ex-husband, I would be beaten to death."

Qin Yan wiped her tears, and Chu Yunrong was so sad that she reddened her eyes. "It really hurts you."

Qin Yan shook her head, "I'm used to it all. It was also the severe beating that completely exhausted my feelings for my second husband, and I divorced him. Originally, I wanted to finish this by myself. For a lifetime, but my ex-husband was very concerned about me, and explained to me that I chose to divorce me because I could not accept the fact that my child was lost. When I saw this, I remembered this sad thing, so I had to divorce me. I can understand his mood. After all these years, I haven't walked out of the shadow of the child."

"I was married to my ex-husband, originally I thought we would go like this, but who knows everything is too much for me, and soon after I got married, I found out that he also has a tendency to domestic violence, as long as he gets drunk, hit me, I endured for a long time, after all, if I couldn't hold back, I got divorced. Do you think I am pitiful now?"

Chu Yunrong's eyes were merciful, and Qin Yan smiled, "Actually, you are right, I am indeed very pitiful, but all this is what I asked for. If I had taken good care of my child, I would not let her be Take it away, then my family is still happy, maybe she is married and has children like your daughter now."

"Okay, don't think about these sad things. You have left those men now. It's also a good thing for you. At least no one will bully you anymore." Chu Yunrong took Qin Yan's hand and cared.

Her sight shifted and suddenly stopped on Qin Yan's neck, her eyes paused, and Qin Yan was inexplicably seen by her.

Chu Yunrong pointed to the position of her neck, "Your neck..."

Qin Yan looked a little uncomfortable and pulled the clothes. "These were left by my ex-husband. I'm sorry to make you read the joke."

Chu Yunrong was shocked. If she had read it right, it was all whip marks. What kind of person was her ex-husband? The whip was used to hit people.

"A lot of such scars on your body?"

Qin Yan twitched her lips, probably because she wanted to laugh, but she couldn't laugh, "It's almost ready. Well, I won't talk about these things, I'm so sorry, I was just looking for you to drink tea and chat. After all, I don't have any friends in Beijing. I don't know who to say to some people. Today I will tell you how much I feel better."

"What about your friend in Beijing?" Chu Yunrong asked. She remembered that Qin Yan once said that she had a good friend in Beijing.

Qin Yan smiled, "Actually, my relationship with her is not so good. We were friends when we were happy. Now I am mixed up like this. Where else would you like to see me? In fact, when I invited you yesterday, I was done well by you. I refused to prepare. I didn't expect you to actually come. Thank you so much. I'm willing to listen to me."

Chu Yunrong still remembers to guard against Qin Yan now. This is a pitiful and sad woman. In addition to her material life, she seems to have never experienced the taste of happiness.

"Don't say this, we can meet again and again. It's also a fate. If you don't have the object to talk to, and if you feel depressed in the future, you will come to me. I think I am still a good listening object."

Qin Yan's eyes were bright, and then she looked at Chu Yunrong very anxiously, "Are you annoying me?"

Chu Yunrong waved his hand, "How come, I am now retired, and I have nothing to do at home on weekdays. When you accompany me to eat and go shopping, I have another partner."

"That would be great. I was too brave yesterday. I dare not ask your phone. Let's leave a contact with each other."

Chu Yunrong naturally had no opinion and exchanged contact information with each other. The two people had a meal while talking, but it was also pleasant to get along with.

"Xiaoyan, what do you plan to do in the future?" After a heart-to-heart conversation, Chu Yunrong was completely put on guard against Qin Yan, just like an old friend who had known him for many years.

Qin Yan heard the words, put down the knife and fork, and smiled bitterly, "That's how it goes, now I'm

down on my feelings. As for my poor child, I haven't heard from her for so long, and I don't know if she lives well. Well, although I can't find it now, I won't give up. I will continue to search until I find her or the day I die."

"What does your child look like, do you have photos? I can help." Chu Yunrong said.

Qin Yan shook her head, "No, when the divorce was done, the children's photos were all with her father. Later, when he remarried, his new wife destroyed the photos, and after so many years, the child must have grown up. , Perhaps she may not recognize her when she stands in front of me."

In a word, Chu Yunrong's psychological resonance resonated. She remembered the scene when she saw Shen Qinglan. She could not recognize the little girl as her own daughter.

"Don't be so pessimistic, maybe she will meet a good family, and now her life is also very good." Chu Yunrong comforted her.

Qin Yan lowered her head, could not see the emotions in her eyes, and her voice was low. "I look forward to this every day. It is my incompetence as a mother who did not take good care of her."

Chu Yunrong clapped her hands, "Want to start, maybe one day you will meet your child, just like I did, my daughter has been lost, left me for eleven years, and is now back And she is living well now."

Qin Yan smiled, "I know Miss Shen, but she seems to have misunderstood me and has always disliked me. So I still want to ask you one thing, don't mention me when you go back, otherwise I'm afraid of her Will not let us meet, then I really have no one I know in Beijing."

Chu Yunrong stunned and said subconsciously, "No, don't look at Qinglan's seemingly cold, but actually a very good-hearted child, if there is any misunderstanding between you, I can help you explain ."

"Forget it, this matter is already unclear. I don't want to plug a junior. Yun Rong, I'm already very happy that you can come out with me for a meal today. I still hope you don't mention this to Miss Shen. , So as not to make your mother and daughter unhappy."

"Don't be so polite, this is a trivial matter. If you don't feel good, you call me."

"Well, thank you." Qin Yan lowered her head and whispered, "Yeah, I remember you had a adopted daughter before, what happened to her later?" Qin Yan asked unconsciously.

Chu Yunrong was taken aback for a long time. She hadn't remembered Li Xitong for too long. Today, if it weren't for Qin Yan, she had forgotten that she had adopted a daughter whose name was Xitong.

"Did I ask a question that I shouldn't ask?" Qin Yan said tentatively, "Sorry, I don't care much about the outside world, but vaguely remember that you have a daughter or a pianist, so just Ask, if you don't want to say it, I'm not asking."

The smile on Chu Yunrong's face faded. "In fact, there is nothing to say. I do have a adopted daughter named Xi Tong, who plays the piano very well, but I didn't teach her well and made her embarrassed. , Has left the Shen family, and I don't know where I went now."

Chu Yunrong did not say that Li Xitong was arrested for taking drugs. Although Li Xitong felt indisputable in his heart, he still reserved her face subconsciously.

"That's really a pity. I once met your daughter from a distance in a foreign show. She was very beautiful and gentle, but she didn't expect it to end like this." Qin Yan seemed regrettable Said.

Speaking of Li Xitong, Chu Yunrong's emotions were suddenly not high. Qin Yan was a man who knew how to look at people's faces, and he soon offered a farewell.

The two parted ways, and Chu Yunrong was still a little unhappy when he returned home. Shen Junyu saw it, and was a little strange, "Mom, didn't you go to dinner with your friends? Why did you have such an expression that you are not happy about eating?"

Chu Yunrong waved his hand, "It's okay, I met a person who didn't obey the traffic rules on the way back, and I was a little bored. You said that what the young people are doing now, driving is like rushing to give birth, this It's too late to regret if something goes wrong."

Shen Junyu heard the words and raised her eyebrows slightly, "Mom, but a stranger. Are you angry with him? What if you get mad at yourself?"

"It's OK, it's also my busy business. I'm fine now. Why should you go? By the way, I soaked some bird's nest for Qinglan before I went out in the morning. You can let Songsao stew it. She sent it over, I think her recent complexion is not very good."

"Okay, I'll give it to him in a minute, Mom, I don't think your face is good, do you want to drink it?"

"I won't eat any more. I will go to rest first." Chu Yunrong said.

Back in the room, Chu Yunrong pulled a box from the bottom of the bed, which was full of Li Xitong's things. After she was driven out of Shen's house, most of them were thrown away. When I found that I left it at home, I thought it was not thrown, so I put it in the box and threw it under the bed. Today, if I heard Qin Yan mention Li Xitong, she would forget it.

Chu Yunrong opened the box, which contained some of Li Xitong's previous awards and trophies from previous competitions. At the top was a photo album. There were very few photos in the album, leaving only four or five photos, all of which were photos of her and Li Xitong. .

Without exception, the two people in each photo are intimate, like a real mother and daughter, and Li Xitong's dependence and admiration in her eyes are not fake.

Chu Yunrong looked at the certificate and trophy in the box and sighed silently. Since Li Xitong came to this home, whether it was because of hypnotism or out of affection, she raised Li Xitong as her own daughter. Li Xitong's devotion is many times that of Shen Qinglan. Li Xitong was once her proudest daughter.

But this is the kind of person raised by her as her biological daughter. In the end, she felt that her biological daughter had robbed everything that belonged to her. She even hated the entire Shen family and hated her mother.

Sometimes Chu Yunrong also wondered if his education of Li Xitong was wrong from the beginning, so she got her on the wrong path?

With a sigh, Chu Yunrong stood up and shouted at Shen Junyu downstairs, "Jun Yu, you come up."

Shen Junyu went upstairs and looked at the box in front of her, the smile on her eyes faded, "Mom, why do you still keep these things?"

"I forgot to put it under the bed before, you throw it away." Chu Yunrong said.

"Throw it all away?" Shen Junyu asked.

"Ask, throw it all away, take it away."

Shen Junyu lifted the box and was about to leave. Chu Yunrong stopped him again, "Wait for Jun Yu."

Shen Junyu paused a little, only to hear Chu Yunrong behind her whisper, "Jun Yu, have you ever seen her?"

The one she was referring to was Li Xitong.

"No." Shen Junyu replied. He turned around and looked straight at Chu Yunrong. "Mom, do you want to see her?"

Chu Yunrong shook his head, "No, just thinking about it, I asked casually."

Shen Junyu stared at his mother, seeing that she really had nothing else, and went out holding the suitcase.

\*\*

On the other side, Qin Yan and Chu Yunrong returned to their place of residence with the fastest speed after they separated. Just after entering the door, she knelt on one knee on the ground, "Quick, bring me the medicine." She screamed, hand Holding his arm and gritting his teeth, he looked painful.

The man stepped forward and injected a reagent into Qin Yan's body, and soon Qin Yan was quiet, waiting for her strength to recover and she stood up again and sat down on the sofa.

"Ma'am, are you okay?" the man cared.

Qin Yan closed her eyes and shook her head, "It's okay, is the new medicine coming out?"

"No, they are experimenting on the human body, and they will send it when they are sure that there is no problem. This time the medicine is a modified version of the previous version. The side effects will be lower and the duration will be longer. I believe that my wife's body will improve. "

"What about addiction?" Qin Yan asked coldly.

The man lowered his eyes and said, "Addiction is also greater, but I have asked the doctors to study it. I believe that one day there will be an antidote, or a non-addictive relief agent."

"What about what I want, is there any news?"

"No, the nails have been contacted, but he doesn't know where Ellen hides things. He only knows that he has been to Beijing twice, and he came to Shen Qinglan. Will it be in Shen Qing? Lan's hand? After all, she has threatened her with her before." The most important thing is, according to Allen care about Shen Qinglan, if Shen Qinglan wants, he will definitely give it.

Qin Yan snorted, "It's been a long time since the gang of waste, the things can't be found, the antidote research can't come out, I want you to use it! Allen will never give things to Shen Qinglan." Because Allen cares about Shen Qinglan, he cares more about Shen Qinglan's safety, and handing over things to Shen Qinglan is equivalent to letting Shen Qinglan be a bait. In this way, it's absolutely impossible for Shen Qinglan to be in a dangerous situation. made.

As for the last time, I was stupid, and I didn't figure out the key, and sent it to the door foolishly, so that Allen had a chance. Thinking of the virus that killed him to death, Qin Yan gritted her teeth, and she shouldn't have rescued the white-eyed wolf Alan.

"Something must be in Ellen's hands, sending the letter to the nails, no matter how much it costs, a month, at most a month, he must bring Carl's ashes to see me, or he will be ready to return his life to me ."

"Yes, ma'am." The man answered and hesitated after a few seconds. "Ma'am, I don't understand one thing. Since I am destined to be incompatible with the Shen family, why should I deliberately approach the woman of the Shen family? If you want to let She knows the truth of the year, and just tells her the story is not good."

Qin Yan glanced coldly at the man, "You are stupid when you say you are stupid." The cat and mouse

game, what is the point of eating it after catching the mouse, what is the meaning of Shen Qinglan and Allen After she received such a big gift, how could she be worthy of their intentions if she was not reciprocal?

"Go out." Qin Yan spoke coldly.

The man didn't get the answer, he didn't dare to ask, and turned to go out.

Qin Yan sat quietly for a while, and then picked up her phone to call Chu Yunrong, "Yun Rong, it's me. It's like this. I just got two tickets for the concert tomorrow. I don't want to go alone. Now, I want to ask if you have time to go, yes... the time is at 6:30 in the evening... well, then we're done, see you then."

Qin Yan hung up the phone, left the phone aside, and sneered at the corner of her mouth. She had to say that the Shen family protected Chu Yunrong too well. They are still so simple at this age. Just believe it. But she was simple, so she didn't have to work so hard.

And Chu Yunrong did not mention to Shen Qinglan what she saw Qin Yan, even Shen Qian did not say that.

Either Alan, Shen Qinglan, or Fu Hengyi are looking for Qin Yan, but Qin Yan has the ability to sneak into the capital under their eyelids, and even blatantly be with Chu Yunrong, it can be said that Qin Yan The ability is also against the sky.

Shen Qinglan recently only knew that her mother often went out to go shopping or party with friends, but she didn't know who the person was. After asking twice, Chu Yunrong only said that she was a colleague in the orchestra, and Shen Qinglan stopped asking. Too.

In the past two days, Shen Qinglan has focused on another matter.

Since the last time Shen Qinglan accompanied Shen Junze to Lu Jincai's dinner, Lu Jincai began to make small moves frequently. First, he registered a leather bag company overseas, and then gave some of Shen's profitable projects to this company. Secretly ruined Shen's business and introduced the partner to that company.

This series of actions is to transfer Shen's assets. When thinking about it, he is also worried that Shen Qinglan will sign the equity agency agreement, and he will make wedding dresses for others after so long of his efforts.

"Lu Jincai has already begun to act, what do you plan to do next?" Shen Qinglan asked Shen Junze.

Shen Junze was silent, and then said, "Sister, I have been looking for shareholders who have good relations with my dad in the past few days and told them that Lu Jincai forged a fake equity agency agreement. I want them to support me. Lu Jin rushed out of the company, but no one believed me."

Shen Qinglan's eyes flickered, "Have you already found the gang of shareholders?"

"Well, it can be said that this company was founded together with my dad. Today, they also put a lot of effort into it. I originally thought they would at least help me, but in the end they didn't even have a believer. Sister, did you say that I was a particular failure?"

"It's not that they don't believe it, but that their interests are the most important to them. Who can bring more benefits to them, and who will they support? As for what is the truth, is it important?" It is no surprise that such a result.

"This is also their hard work, do they have the patience to watch the company destroyed?" Shen Junze was a little unbelievable, at least it was him, he couldn't do it.

Shen Qinglan glanced at him, after all, he still didn't have enough experience, "If Lu Jin had already granted them the benefits in private? One is the benefits that can be seen in front of them, and the other is out of reach. Whether it can be achieved is still a stuff of two words. Cake, it's you, which one do you choose?"

Shen Junze was startled, "Sister, that is to say, even if I take out the real document, they will not believe it, will they?"

Shen Qinglan did not answer directly, but said, "You will never wake a person who pretends to sleep."

Shen Junze immediately understood that maybe this is why Shen Qinglan could stand up and take out that document to expose Lu Jincai's conspiracy but did not choose to do so.

#### **423 Do You Really Know Shen Qinglan? (1)**

"Sister, what should I do now? Do I have to watch my dad's efforts destroyed by these people?" Shen Junze looked helplessly to Shen Qinglan.

Shen Qinglan looked at him, "You didn't say it yourself. As long as Lu Jin eats now, you can let him spit it out in the future."

This is what I said, but I really saw Lu Jin before acting, and Shen Junze couldn't help but swallow this breath.

"It's not impossible to stop Lu Jin. You go to my brother and find a way to persuade him to cooperate with Shen. Then you go to those shareholders and analyze the interest relationship with them again. One is backed by Junlan Group. One of the shady places in the trees is a lost and unknown future. How to choose? The old foxes know better than you."

"It's that simple?" Shen Junze's eyes widened.

"Oh, do you think it is very simple? Shen Junze, my brother is a businessman, or an excellent businessman, you have to take out enough benefits to let my brother help you, and he will not look at you as the son of the second uncle I will help you free of charge or lower the price." Shen Qinglan broke the key, "This is also our second test for you."

Shen Junze pondered for a long time before looking up at Shen Qinglan, "Sister, I understand, thank you."

Shen Qinglan nodded, "If you understand, go ahead and do it."

Shen Junze stood up and once again thanked Shen Qinglan before leaving the Shen family.

Junlan Group President's Office.

Shen Junyu was not surprised to see Shen Junze appear here. After all, Shen Qinglan just told him the story last night.

"Brother." Shen Junze called out. Compared with Shen Qinglan, he is more afraid of Shen Junyu now, but he also admires Shen Junyu more.

It was only after a thorough understanding that he realized how narrow his perception of Shen Junyu was.

"Sit down." Shen Junyu said warmly.

Shen Junze sat down on the chair opposite him, with his hands on his legs.

"Let's say, what reason do you intend to use to persuade me, if you can come up with a reason that pleases me, I can't help you." Shen Junyu opened the door.

Shen Junze didn't expect that Shen Junyu was so direct, he didn't even give him a little buffer time, hesitated for a while, then slowly looked up at Shen Junyu, "Brother, I am willing to merge Shen's into the Junlan Group. At the same time, I myself Will follow your assignment."

Shen Junyu raised her eyebrows, "Selling a deed?"

Shen Junze nodded, "Yes." He also knew that he didn't have the leadership ability even if he took the company back, but he didn't want to watch Lu Jin before he got away. For him, Shen was destroyed by Shen Junyu than by Lu Jin. Good.

"You have to know that I am not short of talents." Shen Junyu said lightly, these conditions are not enough for him to take action.

"I will study hard and try to improve my own value. Brother, you should have seen in the past few months. My potential is very good. If you are willing to help me, I will be willing to manage a branch in a year, and In four years, this company has developed into the second largest subsidiary of Junlan Group."

"You are painting me a pie, but I am not hungry now." Shen Junyu still has a faint expression, but he has a new evaluation of Shen Junze in his heart. I remember that he came to negotiate with him last time and also painted a big picture for himself. The cake is just that the cake is too boring, so that he has no desire to look at it. Although this cake is not very delicious, it is also a progress.

Knowing how to use your own advantages is an advantage.

"Brother, I know that I don't have the capital to negotiate with you yet, but you should see my efforts. As long as you give me the opportunity and time, I will try to be the person you need and become your hand when you open up the territory and expand the territory. Here is the sharpest sword." Shen Junze's attitude is sincere.

Shen Junyu seemed to be thinking, watching Shen Junze silently, his fingers tapping lightly on the table, and the hearing was particularly clear in a quiet environment.

It took a long time before he spoke slowly, "Your reason is not persuasive, and I wouldn't have any interest if I were to change to anyone."

After hearing this, Shen Junze looked sad, and seemed to have thought of such a result. Since Shen Qinglan had told him, he had not thought of a good reason to convince Shen Junyu for two days and two nights. These reasons today are his The best way I can think of, is this not enough?

"Although your reasons are not enough to convince me, I still like your future ability. In this way, I will buy Shen and merge it into Junlan to become a subsidiary of Junlan, and then let you manage it. Four years later, if you can make Shen Shi become the second largest subsidiary of Junlan Group, then I will give you a 50% stake in Shen Shi."

Shen Junze looked up suddenly and looked at Shen Junyu in disbelief. "Brother, you..." Where is the condition, it is simply to give him free help.

"Why not?"

"No, I am willing." Shen Junze nodded again and again.

"The ugly words are first mentioned. If you can't do it, then the Shen family will cease to exist, and you are ready for me to work for a lifetime." Shen Junyu said lightly.

"Good." Shen Junze agreed, "Brother, thank you." He knew Shen Junyu was helping him.

"I'm not for you."

"I know, but thank you anyway."

"I will start the acquisition of Shen's business today. At most one month, you must improve my ability to the supervisor level."

"Good." Although Shen Junze felt a lot of pressure, he gritted his teeth and agreed to it. Since Shen Junyu said, he believed that he could do it. Even if the seedlings helped him, he could grow well.

When Shen Junze left, Shen Junyu couldn't help but smiled and called Shen Qinglan, "Lan Lan, today my brother did a loss-making business, how do you plan to compensate me?"

Shen Qinglan slightly raised his lips, "What compensation do you want?"

"Well, let me think about it. I really can't think of what compensation I want. Can I keep this compensation first? I'll ask you later when I think about it."

Shen Qinglan said indifferently, "Brother, do you think you're cheap and sell well? I'm giving you a talent."

"This talent still needs me to spend time to adjust myself, but I'm at a loss."

"Then why don't you refuse?"

"My sister has spoken in person, can I refuse?"

"It's not easy to compensate, Junlan Group owns 20% of the shares." Shen Qinglan said casually.

As soon as he finished speaking, Shen Junyu sneered, "Oh, Lan Lan, just say that if you want to be lazy."

Shen Qinglan's lips twitched, "Since I know why I said it." She admitted no guilt.

"I don't expect your compensation anymore. Let Heng Yi come. When will he come back and ask him to

make a full seat for me, even if it compensates me." Shen Junyu said.

Shen Qinglan thought about it and immediately agreed, "Yes, as long as you dare to eat."

Shen Junyu raised his eyebrows. He didn't dare. He wanted to eat Fu Hengyi's meal for a long time, but this miser, who had known him for so many years, hadn't done it for him once. Even before Fu Hengyi cooked for Shen Qinglan, he didn't know that Fu Hengyi would cook, and it was so delicious.

Shen Qinglan had no sense of guilt in selling her husband. He chatted with Shen Junyu for a few days. Hearing An An babbling sound, he knew he was awake and hung up the phone to coax his son.

When Shen Qinglan walked into the room, An An was playing with her feet, babbling, and did not know what to say. When she saw her mother came in, she just took a look and took back her eyes and played. With her feet, compared to her mother, obviously her feet are more attractive.

Shen Qinglan was happy to see him play, and did not want to hug him. Until An An put down his feet and yelled at himself, Shen Qinglan picked him up.

Now An'an uses milk bottles for feeding. Since he has teeth, he likes to grind his teeth. Especially when he is breastfeeding, he always likes to bite. Shen Qinglan was bitten several times, and even once Anan was bitten out of blood .

It's been six months since An An. When she was breastfeeding, she likes to reach out and hold the bottle. She also likes to sit and eat. Shen Qinglan also found out that An An was already going to sit.

She gently supported An'an's back with one hand to prevent him from falling suddenly. One hand held a milk bottle. There were two silver bracelets on An'an's wrist. As long as she moved her hand, she could hear a clear ringtone. I shook my little hand all the time, then grinned and didn't know what I was doing.

Chu Yunrong came over to send Shen Qinglan some An'an clothes. "Mom, why did you buy clothes again, An'an already has a lot of clothes."

Chu Yunrong smiled, "It's okay, An An grows fast. He can wear the clothes I bought in a short time. I have washed them and I can wear them directly."

Shen Qinglan put away her clothes, and when she saw Chu Yunrong was leaving, she asked, "Mom, are you going out?"

Chu Yunrong nodded, "Well, go to the concert with friends, are you going?"

"I won't go." Shen Qinglan refused, and she was not very interested in the concert.

Chu Yunrong was about to leave, and Shen Qinglan suddenly said, "Mom, who is your friend?"

Chu Yunrong stepped in and said with a smile, "It is the colleague of the former orchestra. Now that he is retired and has nothing to do, he goes shopping and eating together."

"Then next time you take me with me, and I want to meet your former colleague."

"It's just an ordinary colleague, how do you think of meeting her?"

"I'm curious, what kind of person actually made my mother go out at two ends in three days, the charm is really great." Shen Qinglan's tone ridiculed.

Chu Yunrong laughed, "It's a woman with a very fate. She has encountered some things recently. She is not in a good mood. Her friends are not many. Isn't my time too much? I just wanted to accompany her to talk and relax. Solve the depression in your heart, so as not to suffocate people."

"I'll pick you up then." Shen Qinglan said, somehow, she always felt a little uneasy recently.

Chu Yunrong waved his hand, "No, An An still needs you to take care of it. I drove myself to go out for a meal and listen to a concert. What can happen."

Seeing Chu Yunrong insist, Shen Qinglan is no longer forced.

Chu Yunrong walked out of the Fu's house and gave a light sigh of relief. It was not really suitable for her to cover up something. She almost said Qin Yan's name just now, but thinking of Qin Yan's repeated telling herself, after all I didn't say it, but what was Shen Qinglan's misunderstanding about Qin Yan, so that Qin Yan did so to Shen Qinglan...Um, taboo?

She asked Qin Yan twice, but Qin Yan didn't say it, or ask Qing Lan someday, maybe she could resolve the misunderstanding between them.

Chu Yunrong arrived at the place, Qin Yan had arrived, and it was still early after the two listened to the concert. Qin Yan proposed to drive out for a ride. "A ride can make people relax."

Chu Yunrong thought that there was nothing wrong with him, and he agreed. Qin Yan drove. "Xiao Yan, where are we going?" Chu Yunrong looked at the increasingly remote environment around him and asked. .

Qin Yan said with a smile, "There is a beautiful maple forest here in the northern suburbs. Now the maple leaves are red and the scenery is very good."

Chu Yunrong had never been in this area, and was really unfamiliar with it. After hearing the words, there was no doubt. Until the car stopped, Chu Yunrong looked at the building in front of him and was very puzzled, "Here is Prison, what are you doing here with me?"

Qin Yan explained, "Yun Rong, I want to say sorry to you. I went to check on the whereabouts of your

adopted daughter without your permission. I have inquired. She is serving a sentence in this prison now. Would you like to go in?" Look at her?"

Chu Yunrong's eyes changed slightly, and he tightened the strap of the bag. "No, let's go back." Ya said he was leaving.

"I heard that her situation is not very good, do you really not go in to see her?" Qin Yan said without a hurry, successfully let Chu Yunrong pause.

Qin Yan's mouth twitched a smile, but Chu Yunrong, who turned her back on her, didn't see it, "I know I'm advocating this time, but I think you should also want to see this child in your heart, and I also spend It took some energy to explore the news. It is said that she has been bullied by people since she entered here, and the guards don't care about her. I didn't want to tell you these things, but I thought about it for a few days. you."

Chu Yunrong's heart was tightly grasped. She wanted to ask why Qin Yan brought her here and why she told her this. She didn't want to know anything about Li Xitong, but her body was better than her heart. Be more honest.

Chu Yunrong turned around and looked straight at Qin Yan, "Are you talking about true?"

"Yun Rong, do I have to lie to you?" Qin Yan asked back.

This question actually thought that Chu Yunrong had asked it, yeah, before that, she was not familiar with Qin Yan. Anything that Qin Yan plans to do with her does not exist. After thinking about it, Chu Yunrong struggled to speak. "Can we go in to see her now?"

A glorious look flashed in Qin Yan's eyes, but there was no trace on his face. "Yes, I made an application in advance. Sorry, Yun Rong, I'm advocating again."

Chu Yunrong had some dislikes about Qin Yan's arrangements, but the starting point of others was still good. She couldn't blame others. After seeing her and apologizing again, naturally she couldn't say anything, "It's fine."

When she walked in, she looked at the tall iron gate and Chu Yunrong's heart trembled. This was the first time she came to this place in her life.

\*\*

In a room in the prison.

"Dead woman, don't roll over and wash my feet. Last night's lesson wasn't it?" A woman shouted fiercely at a figure in the corner.

The figure shrank a little, and seemed to be afraid of the woman, struggling to get up from the ground and walk to the woman's side, but the woman kicked on the figure's body, "I told you to come and wash my feet, it's rubbing, Are you dissatisfied with my words?"

The figure was kicked, just kicked on the knee, and knelt on the ground suddenly, but she didn't have time to consider the pain in her body, but looked at the woman, "No, Sister Li, I don't."

The person called Sister Li grabbed the man's hair and forced the man to raise his head to reveal a beautiful face. This face was not who Li Xitong was.

"I don't dare to forgive you. If you don't give me the truth, I will let you know why the flowers are so red. Hurry and wash my feet."

Li Xitong's hair was tightly caught in Li Jie's hands, and her pale complexion turned white. "Well, Li, I will wash your feet immediately."

Sister Li let go of Li Xitong, "Hurry up."

Li Xitong hurried to the corner to get the hot water bottle, poured some hot water into the basin, and placed it at Li's feet. Li sister screamed just after putting her feet in, and then read Li Xitong's heart. Just a kick, "Are you trying to burn me alive?"

Li Xitong was kicked and fell directly to the ground, coughing violently while covering his heart.

"I knew that you little bitch wasn't so honest, so I burned me, then I will teach you how to respect seniors first." Li said, and grabbed Li Xitong's hand and put it in the washbasin. Li Xitong screamed suddenly, just when she poured hot water, only a little cold water was added, and now the water temperature in this basin is too high.

Li Xitong desperately wants to shrink her hand back. Sister Li glanced at the other people in the cell who watched the drama.

Several other people woke up like a dream and hurried over to press and hold Li Xitong. "Sister Li, I was wrong. You give me another chance." Li Xitong cried.

Sister Li raised her hand with a slap, "Now I know it's wrong, it's late, Li Xitong, you said that your head is filled with tofu dregs, have you been taught so many times, you still can't be obedient, and you still When I was the one who was the tallest man in the world, was it worthless?"

Others saw that Li Xitong taught Li Xitong a common expression. Obviously this was not the first time this happened.

"Sister Li, I just didn't mean it, you just spare me." Li Xitong said with a cry, where there was still the look of pride. The last few months of prison life had already worn away the last point of self-esteem and

pride in her. Exhausted.

Sister Li sneered, "You know you are wrong? I think you are unwilling, Li Xitong, don't think I don't know what you are thinking? We are indeed the bottom people you once looked down on, but now you can be better than us. How much, don't you claim to be a wealthy man? Haven't you been kicked out by others, and ah, why did you get locked in, let me think about it, yes, it's D, I can't think of it. The pianist turned out to be a drug addict, and I hate you, such a seemingly endless and filthy giant, as you are.

Sister Li got up and picked up the hot water bottle and grinned cruelly at Xi Tong. Li Xitong suddenly widened her eyes and shook her head desperately, "Sister Li, please, I beg you, don't."

Sister Li sneered and said to the others, "Press and hold it for me. If she runs away, you will replace her."

Others' scalp tightened, and Li Xitong's strength increased by another point.

"Sister Li, I really knew that I was wrong. You will spare me this time. I promise you will be obedient in the future. Whatever you say, please, please, sister Li, spare me." Li Xitong cried in tears. , Kowtow directly to Sister Li.

Sister Li sneered, her eyes were cold, and she was unmoved. If it were not for this woman, she would be able to go out and enjoy herself now, but just to make her suffer more, and she was in the same cell as her. I no longer need to stay in this ghost place.

Therefore, Sister Li hated that Li Xitong was real, and she would not be soft tortured. Anyway, the prison guards here opened their eyes and closed their eyes. Thinking of this, Sister Li was really curious. This Li Xitong offended someone, Even if you go to jail, you can't be stable in the prison, and the man said, you can't let Li Xitong die happily, you must slowly torture.

Li Xitong looked at the hot water that was about to pour down in front of him, and his eyes widened in horror. "No!"

Just one second before the hot water was poured out, the prison door was opened from the outside, and the baton of the prison police forcefully knocked on the door. "What are you doing, want to rebel."

A group of people immediately released Li Xitong and quickly returned to their bed. Sister Li put the hot water bottle on the ground and raised a smile on her face. "Police officer, how dare we rebel, just made a joke with 0981? "" said Li Xitong, who was sitting on the ground with a kick and kicked in silence, "0981, do you say that?"

Li Xitong raised his head to Sister Li's implied warning, and nodded again and again, "Yes, Sister Li is joking with me."

"Xu Li, you can be honest with me. If you make trouble, don't think about going out in your life." The prison guard warned Li sister.

Sister Li smiled, "Police officer, I have been honest recently."

The prison guard is already the old man here. Where else do you not know that Xu Li, the boss of the female prison, is domineering on weekdays and likes to bully the newcomers? They used to stop it for a while, but this Li Xitong, the prison guard glanced at and sat down Li Xitong, who was crying on the ground, withdrew his eyes indifferently.

"It's all scattered, what are you doing here, are you done today's tasks?" Others except Li sister have hid in their places, lowered their heads, and tried to reduce their sense of existence.

Li Xitong was about to stand up, and the prison guard suddenly looked at her, "0981, someone came to see you, ready to go out with me."

Hearing this, Li Xitong froze, "Who comes to see me?"

The guard rolled his eyes. "How do I know? You will know if you go out and see."

Li Xitong followed behind the prison guards, and when they left, the others looked at each other, "I didn't expect anyone to come to see her," one of the women said.

"Yes, I thought no one would come to see her in this life." Another woman echoed.

"Who said you would come to see her, her adoptive parents?" Someone was curious.

Someone rolled her eyes immediately, "What about dreaming, the Shen family will come to see her? She was kicked out by the Shen family, but I heard that she not only robbed the Shen family's biological daughter, but also wanted to kill others. You said Shen Jianeng Can you accommodate her? It's already Shen Jiaren's right to just drive her out of the Shen family."

"Also, this Li Xitong is also a fool. The adopted daughter is the adopted daughter. She can't recognize her identity. She even robbed her biological daughter. She really thought she was the Shen family."

One of the women suddenly lowered her voice and said softly, "Do you know what she robbed from that family's biological daughter?"

Several others succeeded in attracting attention from her words, "What is it?"

"She, she is in love with the same man as others, and thinks that they are lovers."

"Oh I'm going, this Li Xitong is quite shameless, people don't want to have real money, and ask her to be a fake? I won't choose this if my brain is not sick."

A few people were there discussing the geothermal heat, and Xu Li listened quietly on the side. After

listening for a while, she said, "Everyone is very busy, is today's task completed?"

Several people shut up suddenly, "Sister Li, let me wash your feet." The woman who first mentioned the subject said flatteringly.

Sister Li waved her hands, impatiently, "Get up, don't need you."

Sister Li was sitting by the bed, thinking about Li Xitong.

Li Xitong followed the prison guards through the long corridor, and was very curious about the identity of the person who came to see her. She has been here for more than half a year. No one has ever seen her. She seems to be abandoned by the world. In general, she endured the torture of her inmates alone in the prison. At the beginning, she would resist, but each time the resistance was exchanged for the next heavier beating, and when she asked the prison guard for help, they never saw it. After a few times, Li Xitong learned how to do what she asked her to do, but even so, Li could still find a reason to teach her.

Even two times she was seriously injured by them and entered the hospital, almost died. Up to now, she still has a shallow scar on her forehead, and the wounds on her body are countless. She applied for a prison change, but it was dismissed, and Sister Li knew she wanted a room, and she was greeted by another beating.

Li Xitong once doubted more than once whether he would have been beaten to death by this group of people without getting up to the time. Fortunately, despite the hardships, she is still alive.

Li Xitong is not stupid. She knows that someone must have ordered her to be treated in this way, and there is no such hatred against her except Shen Qinglan.

Thinking of Shen Qinglan, a shock of hatred flashed in Li Xitong's eyes.

"Police officer, can you tell me who came to see me?" Li Xitong said anxiously.

The prison guard didn't even look back. "I'll see you soon. Any questions?"

"Police officer, you also know that this is the first time someone has come to see me, and I am a little nervous."

"Coming soon, don't talk nonsense."

In fact, after they passed through a door, they were the place to meet.

The prison guard pushed Li Xitong, "Go in."

\*\*

Chu Yunrong didn't expect to see Li Xitong again in such a situation. Li Xitong was wearing a prison uniform. The "0981" on his chest was striking and dazzling. His long hair was cut into short ears, his expression was haggard, and his face was pale and even. Eye bags are out.

When Li Xitong saw Chu Yunrong, she turned around immediately. She didn't expect that the person who came to see her was Chu Yunrong.

Although it was only a glance, Chu Yunrong had seen the injury on Li Xitong's face. When she heard Qin Yan said that Li Xitong had a bad time in it, she thought it was because the conditions in the prison were so bad that Li Xitong could not adapt, but never thought about it. He would be beaten up, "Xidong."

Li Xitong turned her back on her, "You go, I don't need you to watch."

"Xidong, I just want to come and see you, nothing else." Chu Yunrong explained helplessly.

Li Xitong sneered, "Look what do I do? See if I am dead, or see how embarrassed I am now, so go back and tell Shen Qinglan to make her more proud?"

"Xidong, I don't mean this, I just look at how you are doing."

Li Xitong suddenly turned around and looked at Chu Yunrong, "Then you see it now, are you satisfied with what you see? I am not having a good time at all, or even very bad, and all this is to worship you Gift from the Shen family."

Facing each other, Chu Yunrong sees Li Xitong's injuries more clearly, because he was just beaten, and Li Xitong's neckline of his clothes was torn apart, revealing the skin inside, and on that skin, there were scars, like Some of the scars were scabbed before being caught, obviously new.

Chu Yunrong covered his mouth all at once and looked at Li Xitong incredulously. In order to make her see more clearly, Li Xitong pulled away his clothes and exposed a large piece of skin, the scars on it were more dense, More terrible.

"How could... How could this happen." Chu Yunrong unconsciously took two steps back.

Li Xitong grinned sorrowfully and his eyes were bleak and cold. "You asked me why this happened? You should go back and ask your good daughter why I am like this."

"What do you mean?" Chu Yunrong was shocked.

Li Xitong looked at her straight, with unabashed hatred in her eyes, "It is your daughter Shen Qinglan who instructed people to treat me like this." She lifted her hair up to reveal the scar on her forehead. "Have you seen this? This is also evidence of my being beaten. I was severely interrupted by three ribs at one time. I stayed in the hospital for a month before being discharged from the hospital. I almost died.

These are all because Shen Qinglan didn't want to Make me feel better, and deliberately instruct others to do it, so do you understand? My good mother." The last words seemed to squeeze out of the teeth.

"It's impossible, Qinglan won't do such a thing." Chu Yunrong immediately denied her words, "Xitong, I know you hate Qinglan, you always think that Qinglan has robbed you of everything, but In fact, this is not the case. Qinglan is the child of the Shen family. Those things originally belonged to her. If you blame you, you blame me. If I gave you the wrong hope, you would not go this way. , It's all my fault, it's my fault,"

"Of course it's your fault." Li Xitong raised the decibels and was emotional. She looked at Chu Yunrong, and there was a tear in her eyes. "Since you are so good to me, why don't you continue to be good to me. You don't mean to think of me as My own daughter? Why don't you treat me as your daughter forever, why you want to find my biological parents back, why give up me halfway, do you know, I have regarded you as my only mother since childhood, I love so much You, but why did you give up on me?"

The tears of Li Xitong couldn't help but finally flow down. During the half year of the drug treatment center and the half year of the prison, the person she hated the most was Chu Yunrong except Shen Qinglan.

"You gave me a warm home, let me know the taste of my mother's love, you let me gradually let down my guard, treat you as the closest person, but cruelly took everything away, how proud I used to be I have such a gentle and beautiful mother who loves me so much, but how much I used to love, how much I hate now. Mom, I will never know that the person who hurts me the most is not someone else, it is you, if you were If you don't adopt me, maybe I will grow up in an ordinary family, or maybe I will grow up in an orphanage all my life, maybe I will experience more life storms, but at least I am a complete person, not like now, No one lives without ghosts."

She burst into tears and complained, "Mom, why do you give up on me, why can't you continue to love me?"

Chu Yunrong looked at Li Xitong, who was in a state of emotional breakdown, and looked at the scars all over her, and couldn't help but think of what she once was. She used to be the daughter she really loved. Love is not fake, but why did it come to such a level today?Is it like Li Xitong said, because she gave up halfway?

Li Xitong wept bitterly in the face, and there was endless grievances and hatred in her heart. The huge turning point in her life in the past two years brought her down directly from the cloud to hell. How proud and arrogant she used to be and how humble she is now.

"Xidong, you don't want to be like this. You are still young, as long as you make a good transformation in it, and you can come back again when you come out." Chu Yunrong looked at her with pity, she couldn't think of anything else that could comfort Li Xitong.

When Li Xitong heard the words, he suddenly laughed, "Come again? What should I do again?"

"You still have your hands, you are a very talented child, as long as you are willing to work hard, you will have some achievements in music." Chu Yunrong couldn't wait to say.

Li Xitong suddenly stared at Chu Yunrong suddenly, "Music? Do you really don't know or deliberately stimulate me?"

Chu Yunrong didn't understand what she meant, Li Xitong reached out his hand and shook it in front of Chu Yunrong, "Did you see? What do you want me to use to continue my music? Is this my crippled hand? ?"

Digression

Cough, would I be too cruel to Li Xitong?

#### **424 Do You Really Know Shen Qinglan? (2)**

Chu Yunrong looked at her hand in shock, and saw her little finger of her right hand bent at an abnormal angle.

"How could your hand..." Chu Yunrong was unbelievable. When Ming Shen left Shen's house, her hand was still intact.

"Want to know?" Li Xitong wiped tears from the corners of his eyes hard, and lightly ticked the corners of his mouth. "Then let me tell you."

Chu Yunrong suddenly didn't want to listen. She didn't want to know the truth of the matter. She wanted to leave here, but Li Xitong didn't let her go, and said, "This is all done by your own daughter, Shen Qinglan, she personally abandoned it. my hand."

"No, you bullshit, Qinglan is a kind child, she will not do such a thing, absolutely not." Chu Yunrong retorted loudly, watching Li Xitong's eyes changed, just raised because of Li Xitong's cry. Guilt and sorrow are instantly replaced by anger.

"Have I talked nonsense? Just go back and ask your good daughter to know. My dearest mother, do you really understand Shen Qinglan? Do you really know your daughter? Now I see you in the dark Looks like, I really feel sorry for you." Li Xitong looked at Chu Yunrong's pale face, a flash of madness flashed in her eyes, she was already so painful, why did the family who hurt her be so happy? Even if they are

happy, why should they appear in front of themselves to remind themselves that her tragedy was caused by this family member?

"I'll tell you about your daughter's heroic deeds, I believe you will have a newer understanding of her after listening." Li Xitong smiled.

"No, don't say it, I don't want to listen." Chu Yunrong shouted, turned and ran away. Behind him came Li Xitong's crazy laugh.

"Hahaha, mother, you are so sad, you are kept in the dark without realizing it. Go back and ask her to see how much harm she has done."

Qin Yan was waiting for Chu Yunrong outside, and when she came out from the inside with a pale face, she seemed unable to walk even steadily. She hurried forward to help her, "This is what happened, isn't it a visit to the individual? Is this true?" The voice was full of anxiety, and no one saw the satisfaction of her eyes.

Chu Yunrong leaned on her half, "Go away, leave here."

Qin Yan helped Chu Yunrong to the car. Instead of going home, he drove to look at the beach. Chu Yunrong sat in the car and quietly looked at the sea. He didn't speak for a long time.

Qin Yan accompanied her on the side, "Yun Rong, can you tell me what happened?"

Chu Yunrong was silent for a long time before speaking. His voice was dumb. "How much do you know about Li Xitong's situation in prison?"

"I don't know much. After all, I also asked for help." Qin Yan supports us.

"Tell me everything you know, I want to know."

Qin Yan glanced at Chu Yunrong before speaking slowly, "Don't be excited after you listen."

"Okay, you say it."

"After Li Xitong was transferred from the drug treatment center to this prison early this year, he was basically bullied by the inmates in the same room every day, and the scolding was the lightest. The

prison guards didn't care about these, she was beaten into the hospital twice. Almost died. I probably know these, because there are no people who know each other, so the situation is not very specific."

These situations are basically the same as what Chu Yunrong saw and Li Xitong's story. She held her hand tightly and asked softly, "Why do those people treat her like this?"

"I am not very clear about this, but I think she should have offended her. After all, even if there are cases of bullying the newcomers in the prison, the prison guard will intervene if it is too much, but her situation is obviously not, so Maybe she offended some powerful people, is she in a bad situation?"

Chu Yunrong lowered his head, unable to see his face clearly, "Well, it's terrible."

"I knew you would be so sad, so I won't tell you." Qin Yan said angrily.

Chu Yunrong didn't take her word, but said, "It's not early, let's go back."

The purpose has been achieved, Qin Yan naturally has no opinion, and drives the car back, "Send you home directly?"

"No, you will take me to that restaurant, I will drive my car back."

Qin Yan heard her words and raised her eyebrows slightly. After she came out of the prison, Chu Yunrong seemed to alienate her a lot, but these Qin Yan didn't care. What she wanted was to slowly release Chu Yunrong Shen Qinglan's mysterious veil, if this Mrs. Shen can't bear it and is overstruck, then she can only say sorry.

After all, frankly, she didn't hate the woman in front of her very much.

Qin Yan left Chu Yunrong and left. Just as soon as she got on the bus, the worries on her face disappeared. She glanced at Chu Yunrong, who was still standing still, and smirked, it was simple. The most talented person is the most interesting. If you change to Shen Qinglan, these methods are useless.

She didn't think of telling Shen Hengyi's identity to Fu Hengyi, but by looking at it like Fu Hengyi, she could understand that he should have known Shen Qinglan's identity, and since he didn't divorce Shen Qinglan, what choice did he choose? At a glance.

Shen Qian read the information, and after choosing it, he chose to hide it for Shen Qinglan. Since these men want to protect Shen Qinglan, what about Chu Yunrong, a little white flower kept in a greenhouse?

Today I just know the status quo of Li Xitong and I can't stand it. Wouldn't it be interesting to know Shen Qinglan's past and the truth of the year?

Just thinking about this, Qin Yan's heart burst into excitement.

And Yan Anbang in Nancheng has been left behind by her, it is already a waste, it is not worth her to spend a little more energy for him.

On the way home, Chu Yunrong drove to the rear with someone else. When Shen Qinglan received the call, when he arrived at the hospital, Chu Yunrong was sitting alone in the corridor of the hospital.

"Mom, are you okay?" Shen Qinglan asked softly.

Chu Yunrong didn't respond, Shen Qinglan called again, Chu Yunrong's eyes moved, and his eyes focused on Shen Qinglan's face, watching her not speaking.

There was a piece of gauze on her forehead.

When Shen Qinglan saw her not speaking, she asked again, "Mom, did you feel any pain?"

Chu Yunrong looked down quietly at Shen Qinglan's face. Her daughter was beautiful and prettier than her. Although she looked a little colder, she was kind and soft-hearted. Why? Could it be the scary person in Li Xitong's mouth?

She reached out and gently stroked Shen Qinglan's cheek. Shen Qinglan noticed the abnormality of Chu Yunrong's emotions and did not move, letting Chu Yunrong's hand gently stroke on her face.

"My Qinglan is so beautiful." Chu Yunrong said suddenly.

Shen Qinglan's eyes flickered, "Mom, are you encountering something? Did you meet someone today?"

Chu Yunrong shook her head and smiled, "No, it's just rear-end clash with others on the way home, and was scared." Her eyes were bright and loving, but it made Shen Qinglan hard to guess her thoughts.

"Mom, do you have any other injuries besides your forehead?"

"No, I'm fine."

"Then let's go home first." Shen Qinglan said, "Brother of the accident has gone to deal with, I will take you home first."

Chu Yunrong nodded, stood up, and followed Shen Qinglan away.

On the way back, Chu Yunrong had never spoken. Shen Qinglan glanced sideways at her, seemingly inadvertently speaking, "Mom, where did you go to the concert with friends today?"

"I went to prison...." Chu Yunrong subconsciously wanted to answer. He was halfway through his words before he came to realize it and changed his mouth. "Go to the beach and walk."

Shen Qinglan's eyes changed slightly, and he knew that Chu Yunrong was lying, but he didn't take it apart. "Speaking of our family, we haven't traveled together for a long time. When Fu Hengyi returns, we will go to the suburbs together."

"Of course." Chu Yunrong said cooperatively, and then she was happy and absent. Shen Qinglan talked to her. She also often lost her mind. Shen Qinglan's heart sank. Just when Chu Yunrong said, "See, see?" One word?

Back home, Chu Yunrong went directly to the room, saying that he was a little tired and wanted to take a rest.

Shen Qinglan came out of the Shen family and wanted to call Jin Enxi, but the moment he picked up his phone, he put it back again. After all, Chu Yunrong is his own mother and should not be tuned to her.

In the following days, Shen Qinglan found that Chu Yunrong often looked at her in a daze, and looked at her with a look in her eyes. When she looked at it, she quickly regained her sight.

"Mom, do you have something to say to me?" On that day, when Chu Yunrong looked at her again with that kind of eyes, Shen Qinglan asked.

Chu Yunrong was slightly stunned, "No."

"Really not? Mom, if you have any questions in your heart, you can ask me directly." Shen Qinglan looked seriously.

Chu Yunrong smiled, "Really not, mother has any questions about you."

Seeing Chu Yunrong still refused to say, Shen Qinglan was no longer forced.

That night, Chu Yunrong thought for a long time, and finally picked up and picked up his phone to call Shen Qian. Shen Qian was about to go to bed. Seeing the caller ID, he sat up again. "Yun Rong, why didn't you sleep at this late hour? "

"A Qian, I can't sleep. I want to talk to you."

Shen Qian's voice was soft, "What do you want to talk about?"

Chu Yunrong hesitated and spoke softly, "I went to see Li Xitong two days ago."

Shen Qian's eyes lightened, "How do you think of seeing her?"

"I just wanted to see suddenly, A Qian, her condition is not good."

"Yun Rong, she is no longer our Shen family."

"I know, but A Qian, after all, has been raised for so long, I didn't hold back, and she will become like this today, and we also have a responsibility, because we didn't teach her well."

"Yun Rong, I know you are soft-hearted, but Li Xitong went to the point where she made it today, and it has nothing to do with you." Shen Qian said softly.

Chu Yunrong was silent for a while, then spoke quietly, "A Qian, she was beaten every day in prison, she said it was because someone instructed you, would you say..."

"What will happen?" Shen Qian asked lightly.

"It's nothing." Chu Yunrong didn't want to say that. The guess in her heart was too terrible, she dared not think about it.

"Do you suspect Qinglan did it?" Shen Qian spoke directly for her. After all, this is someone who has lived with him for decades. What Chu Yunrong was thinking, Shen Qian didn't say everything, but he could guess one or two.

Chu Yunrong's eyes became a little flustered, "No, how could it be Qinglan, no."

"Yun Rong, this thing was definitely not done by Qinglan." Shen Qian said to his wife with certainty.

"You don't think it's right either." As if it was the strength of support, Chu Yunrong's eyes lighted up instantly.

"Yes, it wasn't done by Qinglan. Did Li Xitong say anything to you?" Shen Qian seemed to mention it casually.

Chu Yunrong would not hide anything from Shen Qian. He told Shen Qian everything that happened to him when he saw Li Xitong. Shen Qian's eyes were very dark, "How come you suddenly think of seeing her of?"

After so long, Shen Qian hasn't even heard Chu Yunrong mention Li Xitong once, let alone visit her, but now he suddenly goes to see people, which is strange in itself.

Chu Yunrong hesitated for a while, but still told what happened to Qin Yan, but did not say Qin Yan's name. "It was a friend of the previous orchestra. I remembered her and asked me about the situation."

"Yun Rong, Li Xitong's heart is full of resentment against the Shen family, especially Qing Lan. What she said is not true. You also know exactly what was going on. Qing Lan will not do this kind of thing. Li Xitong said that on purpose, causing a misunderstanding between you and Qinglan." Shen Qian comforted his wife.

"I know, I don't believe that Qing Lan will do this, so I didn't mention it to Qing Lan, but A Qian, looking at Li Xitong, I felt very sad."

Shen Qian knew what his wife was thinking, and comforted her softly, "Yun Rong, we have fulfilled our due responsibilities to Li Xitong. At the beginning, we also gave her more than one chance. She didn't cherish it. Your body. She will become like this today, and it is her responsibility to take it yourself, you don't have to feel guilty."

Shen Qian broke the matter apart and crumpled it and will listen to Chu Yunrong. By the end of the conversation, Chu Yunrong seemed to have been persuaded by Shen Qian, and the guilt of Li Xitong in his heart gradually dissipated.

"It's not too early. You have to rest early. Don't think about it. As for Li Xitong, you should stop looking at her. Her psychology has been completely distorted and she can't say anything good."

"Okay, I know." Chu Yunrong said, and then hung up the phone.

For several days, Qin Yan didn't contact Chu Yunrong, and Chu Yunrong seemed to gradually forget about it.

Shen Qinglan looked at Chu Yunrong who fed Anan with apple puree, and there was a trace of inquiry in her eyes. She always felt that Chu Yunrong was a little strange a few days ago, and it must be related to her. Looking at Chu Yunrong these days is normal, No different from the past.

"Mom, are you eating here at noon?"

Chu Yunrong was concentrating on feeding his grandson without even raising his head. "No, my mother will go back later. Should I take An'an to get the vaccine tomorrow?"

Shen Qinglan nodded, "Well, the doctor has been appointed, and he will go early tomorrow morning."

"Mom will go with you."

"it is good."

An An ate half of the apple puree and he didn't want to eat it anymore. He likes to eat egg custard and doesn't like apple puree.

Chu Yunrong stayed with his grandson for a long time, and his heart became calmer, and he gradually forgot Li Xitong's things.

The next day, Chu Yunrong and Shen Qinglan took An'an to get the vaccine and just returned home, they received a call from Qin Yan. Chu Yunrong's eyes flashed slightly, and he hesitated after picking up, "Yun Rong, how are you doing these days? Are you okay?"

Chu Yunrong's expression was slightly unnatural, "I'm fine."

"Are you free tomorrow? I want to ask you to have an afternoon tea. I might be leaving in a few days."

"Go? Where to go?"

"Want to go out and relax, maybe when?"

"It's better to go for a walk, see you in the old place tomorrow afternoon."

"it is good."

\*\*\*\*\*

The next day, Qin Yan still arrived first, Chu Yunrong smiled, "How come you are earlier than me every time."

"I have nothing to do at home alone, so I came out early. I think it's ugly for you to go home that day. I haven't dared to disturb you these days. Are you really okay?"

Chu Yunrong shook his head, "It's okay. At that time, I just couldn't understand some things. Now I want to understand."

Qin Yan carefully looked at her eyes and saw that her expression was calm. She really didn't feel troubled or uncomfortable because of this matter. Her heart sank. Didn't Chu Yunrong say anything to Shen Qinglan after she returned?

Thinking of this, Qin Yan said tentatively, "Are you and your daughter okay?"

Chu Yunrong wondered, "I'm fine with Qinglan, what's wrong?" After the reaction, Qin Yan said that Li Xitong might have said, and then he said, "I and Li Xitong are not related anymore."

Qin Yan suddenly understood that it seemed that Chu Yunrong didn't say anything to Shen Qinglan after returning home. His eyes quickly flashed a bit of disappointment. He was very dissatisfied with this situation.

"Yun Rong, what do you think about Li Xitong's affairs?" After all, Qin Yan did not give up, and wanted to guide Chu Yunrong to Shen Qinglan's body.

Chu Yunrong's expression was faint, "I can't do anything about her."

"I wonder who in the end has such a great ability, people are still in jail and have not let go of others." Qin Yan said, seeing Chu Yunrong looked at her with a trace of suspicion, and it seemed inadvertent He

sighed, "If my daughter is not lost, it should be as old as Li Xitong. If my daughter suffers from this kind of thing, I think I will collapse."

In a word, Chu Yunrong immediately aroused the sympathy in his heart, "Don't be too sad, your daughter will live well."

Qin Yanqiang laughed, "I hope. Yun Rong, I just hope you don't think I'm too busy."

"No, I can't figure it out, it has nothing to do with you."

"I understand that in fact it is difficult for both adoptive parents and biological parents, especially in your case. When you went to see Li Xitong that day, she should be complaining about you, otherwise your face will not be so ugly."

Chu Yunrong didn't want to mention this topic at first, but after seeing Qin Yan talked over and over again, there was inevitably a trace of sadness in his heart, and Li Xitong's accusation against her unconsciously emerged in his mind that day.

"It's also not good for myself. If I can get a bowl of water flat, I won't be able to drill the horns."

"You have done a good job, and cultivated her so well, that she broke a good hand." Qin Yan comforted her.

"Not to mention her, where do you want to relax this time?"

The topic was pulled away again by Chu Yunrong, and Qin Yan followed her words, "I haven't decided yet, I'll see where I can start as soon as possible. Anyway, I'm just distracted, I don't have a destination, I go everywhere. Row."

"A person should pay attention to safety outside." Chu Yunrong said.

Qin Yan smiled, "Don't worry, I used to travel alone."

Qin Yan chatted with Chu Yunrong for a while. Seeing that Chu Yunrong's desire to chat today did not seem to be strong, he did not continue to speak and offered his leave.

After Chu Yunrong and Qin Yan separated, she drove to the prison alone, and when she responded, she was already standing at the gate of the prison. Looking at the tall iron gate, she turned back to the car again, hesitated for a while, and got off again.

Li Xitong did not expect that Chu Yunrong would come to see her again. This time, instead of hysterical, she sat down.

Chu Yunrong didn't know why he was here, but a conversation with Qin Yan reminded her of Li Xitong,

and drove the car here unconsciously.

Neither of them spoke for a while.

"What are you doing here?" Li Xitong finally spoke first.

"I just want to come and see you."

"Have you asked your daughter at home? Have you realized the true face of your daughter?" Li Xitong sneered.

"Xitong, you misunderstood Qinglan, she didn't do it."

"Oh, you still don't believe me when you say it. Since that is the case, what are you doing here today?" Li Xitong sullen his face and shook his crippled right hand in front of Chu Yunrong again. "Neither do you Believe that my hand was scrapped by Shen Qinglan?"

Chu Yunrong looked down, she really didn't believe it.

"Oh, the biological is really biological, and now in your eyes, she said everything is right, I said everything is a lie, Mom, I really feel sad for you, cheated by my daughter."

"Xidong, don't say it, I know you are suffering in it, but these things have nothing to do with Qinglan. If you don't suck D, how could you get to where you are today."

Speaking of sucking D, Li Xitong's expression instantly became unbearable, "Is it my wish that I became addicted to drugs? This is Shen Qinglan's masterpiece."

"impossible."

"I know you don't believe it, then let me tell you the true face of Shen Qinglan. Since you come to me again, I must be curious about this matter."

Li Xitong smiled strangely, "Remember Grandpa Shen Junze got sick and was hospitalized? That time I went to see him, I hated him at that time, hated him for driving me out of the Shen family, I looked at the one lying on the bed He immediately wanted him to die. I wanted to pull out his oxygen tube, but Shen Qinglan caught him in the face."

Seeing Chu Yunrong's shock, Li Xitong smiled happily, "I didn't expect it or not, and I didn't expect that I would do it. It's just a pity that I didn't succeed."

"What makes you even more unexpected is still behind. You think the kind-hearted Shen Qinglan actually let me kidnap me, shut me in a garage, let me torture me, and feed me D products, let me become A junkie."

"No, you bullshit, these are fake, you are lying to me." Chu Yunrong can't believe that the person in Li Xitong's mouth is not her daughter at all."

Li Xitong looked at Chu Yunrong's face and godless eyes, which were no better than white paper, and a strange pleasure filled his heart, "All I said is facts, and my hand was given by Shen Qinglan. Abandoned, she used my foot to stomp my hand, regardless of my hardship and pleading and confess, my good mother, your biological daughter, she is a devil, a full devil. By the way, I am being She was raped on the way back, and she did it. Haha, do you still think she is kind? Do you still think she is a harmless person?"

Chu Yunrong's hand was against the wall, she couldn't stand it anymore, her strength seemed to be drained.

"Don't talk about it anymore, what you said is fake."

Li Xitong shrugged, "If you want to continue to deceive yourself, please please. I have finished talking, and you will never come to see me again. My life and death has nothing to do with your Shen family. I am afraid to see you, I will be more I hate you. Don't use your false maternal love to perform in front of me anymore. I saw disgust. But you remember, as long as I go out, I won't let go of everyone in your Shen family. The sins suffered cannot be recovered in this life, and you will be reimbursed in the next life."

After Li Xitong finished speaking, she turned around and walked away. In the long prison passage, she walked towards her cell step by step, her expression indifferent.

Back in the cell, everyone else was there. Sister Li was waiting for her with Erlang's legs, "Li Xitong, you come."

Hearing Sister Li's voice, Li Xitong's body shook violently, and the indifference on his face disappeared. With a pitiful expression on his face, he walked to Sister Li's side and bowed his head, "Sister Li."

Sister Li looked at her up and down and stretched her legs. "I'm tired, give me a leg."

Li Xitong heard the words, his expression remained unchanged, and knelt down to give Li Jie a blow.

"Try hard, didn't eat." Sister Li scolded sharply.

Li Xitong aggravated the strength in her hand. Sister Li frowned and raised her hand to slap. "So hard, do you want to kill me? Do you want me to do something? You are so reluctant. "Why, disapproval of me, okay of disapproval of me. If you beat me, as long as you win me, this boss will let you be. I will serve you tea."

Li Xitong panicked, "Sister Li, I didn't mean it. I didn't feel any dissatisfaction with you in my heart. It was just me wrong. You give me another chance. I promise to serve you well."

Sister Li sneered and said to several others who watched the show, "Is it not enough to teach her to stand there and plan to be a Bodhisattva?"

Several people immediately came over and surrounded Li Xitong. Li Xitong hugged his head and curled himself up in a circle, enduring the punches and feet that fell on his body, and his eyes were crazy hate. She tightened her lips to prevent her from making a sound, because previous experience told her that moaning would only lead to longer beatings.

After being beaten, Li Xitong lay on the ground for a long time without moving, and the other people ignored her until the guard knocked on the door, "Go out and work."

Sister Li took the lead to stand up and kicked Li Xitong with her foot. "Get up, don't pretend to be dead."

Li Xitong moved, pulled the wound on his body, took a breath, and faced Sister Li's cold eyes, she struggled to get up from the ground.

Li Xitong went out to work with his body wounded. During the break, she called the prison guard who took care of them and went to the toilet.

At the door of the toilet, when Li Xitong came out, she saw a woman washing her hands. She walked over and stood beside the woman, pretending to be washing her hands. Then she lowered her voice and spoke softly, "I have followed your request Yun Rong said, you promised that I would let me go out, when will you plan to honor it?"

The woman lowered her head and could not see her face clearly. "What anxiety, you are sure you have told Chu Yunrong everything."

"Say, there is no concealment."

"Very good, I will confirm with my boss, as long as you prove that what you said is true, my boss will naturally keep you out."

"Who is your boss?"

"You don't need to know this, you only need to know that my boss has the ability to let you go out from here, and will give you a sum of money to let you start again."

"When can I go out?" Li Xitong didn't care about money or not, let her go out is the most important, and then continue to stay in this ghost place, her life is really explained.

"I'm not telling you not to worry, although my boss can get you out, but it takes time after all." The woman is not slow.

Can Li Xitong not be in a hurry? She can't wait to get out from here immediately. "The person beaten is not you, of course you are not in a hurry."

The woman sneered, "Xu Li is not such a brutal person, you hide her, follow her, can she be so directed at you?"

Li Xitong was annoyed by the woman's words and opened the clothes. "Did you see it? I'm really dead if I don't go out again."

The woman glanced at random, and quickly withdrew her gaze. She didn't expect Xu Li to be very ruthless this time. "I'll get in touch with my master as soon as possible. Please be patient. As for Xu Li, don't worry, she dare not. It really killed you."

The woman finished, and left.

Li Xitong stood in place, his eyes deep.

This woman came to her after Chu Yunrong visited her for the first time. She told her that there was a way to let her leave here in advance, on the condition that when Chu Yunrong came to see her again, she would do it to her. The thing told Chu Yunrong one by one, fifteen and ten, such a simple thing even if those people do not ask her to do so.

And she waited for many days, just when she thought Chu Yunrong would not come, Chu Yunrong came.

Li Xitong did not know the purpose of these people to let her do this, but the things that made the Shen family uncomfortable are all things she was happy about. Shen Qinglan's temper offended several people. Isn't it normal for them to retaliate against her? ?

Li Xitong waited for a while, and then slowly returned to the work place. A person accidentally hit her and happened to hit her injury, leaving her with a painful white face. She took a breath while calming herself, Come on, soon she can go out from here, and she will be free from now on.

\*\*\*\*\*

Chu Yunrong drove directly out of the car, her speed was very fast, her hand was holding the steering wheel tightly, I don't know when it rained, the rain was heavy, she couldn't see the road ahead, but her foot was on the throttle, the speed was accelerated again. Today what Li Xitong said had a great impact on her mind. She must admit that she was affected by Li Xitong's words.

The rain was getting bigger and bigger, and Chu Yunrong didn't look at it, and the car hit the tree on the roadside. The car broke the tree directly. Fortunately, the car has good performance and high safety. Chu Yun Rong had no other injuries except some redness and swelling where her forehead was hit.

Her head rested on the steering wheel, breathing heavily. After a long time, her emotions gradually

calmed down. She picked up her mobile phone and wanted to call Shen Qinglan. When the number was dialed, she hung up again. Throwing the phone and covering her head, she felt her head hurt, as if it was about to be torn.

When Shen Qian received a call from the guard on duty, he was studying the next stage of the recruit training plan. I heard that Chu Yunrong had come and hurried out.

Today's rain fell only in the mid-afternoon. There was a heavy downpour, and there was no tendency to stop.

Shen Qian walked to the door and returned to take an umbrella. When he walked to the gate of the military area, he saw Chu Yunrong's car, and Chu Yunrong saw him immediately open the door and rushed into the rain.

Shen Qian's eyes changed slightly, speeding up her pace, and she covered Chu Yunrong under the umbrella. "Can't you wait for me to come over and come out again? And still treat yourself as a little girl, don't you be afraid of getting sick?" He looked serious.

Chu Yunrong lowered his head and stood in front of Shen Qian without speaking.

Shen Qian naturally sensed the abnormality of his wife's emotions, and said warmly, "Yun Rong, what happened?"

Chu Yunrong looked up, and Shen Qian realized that her eyes were full of panic, and her heart sank, "Yun Rong, what's wrong with you?"

Chu Yunrong looked at Shen Qian helplessly, "A Qian, you tell me, Qinglan is a kind child, right?"

"Yun Rong, what's the matter with you?" Hearing Shen Qinglan, Shen Qian raised a bad hunch in her heart and looked at her definitely, "Are you going to see Li Xitong?"

Chu Yunrong did not deny that Shen Qian's eyes were deep, "What did she tell you?"

"Aqian, she said that she would be addicted to drugs by Qinglan. Isn't this really the case?"

"Then do you believe in Qinglan?" Shen Qian didn't answer her directly, but asked rhetorically.

Chu Yunrong was slightly stunned, facing Shen Qian's eyes, "Do I believe in Qinglan?"

"Yun Rong, are you willing to believe Qinglan or Li Xitong's words?"

"I naturally want to believe in Qinglan."

"Since you are willing to believe in Qinglan, how can you believe what Li Xitong said? Did you forget

what I said to you that day?"

Didn't Chu Yunrong forget it, but Li Xitong's words were like a thorn, deeply immersed in her heart.

"Yun Rong, Qing Lan is our daughter, you have to believe her." Shen Qian said softly, looking at his wife's calming eyes, but he didn't let down the worry in his heart.

"Okay, now the rain is too heavy, let's go first." Shen Qian embraced Chu Yunrong and took her to the car.

Chu Yunrong's expression was stunned, and he still seemed to be influenced by those words.

## **425 Chapter**

In an apartment in Beijing, Qin Yan, who said that she was traveling freely, was lying on a recliner, holding a cat in her hand, gently touching the cat's hair, and the heavy rain outside the window did not affect her good mood. A man Walked in and stood in front of Qin Yan, "Madam."

Qin Yan spoke lightly, "Speak."

"Just after the news came from the prison, Li Xitong has already done what we asked for, and Chu Yunrong seems to have taken a big hit after knowing those things."

Qin Yan's mouth was lightly hooked. Was it hurt? That is really too fragile. If you know Shen Qinglan's past, will Chu Yunrong be crazy?

"Well, this is fine."

"Madam, Li Xitong has been urging us when to keep her out?"

"What should I do to let her out? A waste of no value at all worth me to waste a lot of manpower and financial resources to get her out? There is no need to control it over the prison. If she makes trouble, you will find a way to shut her up. , I don't need to teach you this, right?" Qin Yan looked cold.

"Understood my wife, I will handle these things well. Also, the news came from the base just now that the new agent has completed the experiment. Although it did not achieve the desired effect, it is much better than the previous one. The most The city will arrive in Beijing later."

"Very good, there is no waste in the end, tell them to continue research, if the research does not produce an antidote, not only their lives, but also the lives of their family members."

"Yes." The man answered, "Ma'am, I'll go out if it's okay."

"Wait." Qin Yan stopped him. "Call Mr. Yamamoto and say I want to make a deal with him. I know where the charm he is looking for is."

The man hesitated, "Ma'am, just tell him this way?"

"Just like that, he will cooperate with us. At the time, the charm killed his brother. He always wanted to avenge him, but he was suffering from not finding this person. Now I will give him the news, no matter what conditions I put forward, he will promise of."

"Does Madam want Yamamoto to pay for it or..."

"Do I seem to be short of money? Last time we damaged too many people, if no one was available, I can now make Alan Shen Qinglan so easy-going?" Qin Yan coldly remembered the loss she suffered last time. She hates.

"Also, contact Ryan of KA and say I want to talk to him personally about a business."

The man was slightly stunned, "Madam, Ryan and Eden have a good relationship. Last time he helped Shen Qinglan and they let Shen Qinglan escape from King's hands. Can we succeed in finding him this time?" In his view, Ryan would inform Shen Qinglan of them in all probability.

There was a glimmer of light in Qin Yan's eyes, "It's best to cooperate, not to cooperate, it doesn't matter. All I need is that he informs Shen Qinglan." Once Shen Qinglan gets the news that she will appear, it will appear no matter what, then there is With the manpower of Yamamoto, she was sure to take all the people of Shen Qinglan. When the Shen family lost their daughters, and the Fu family lacked a granddaughter, such a grand occasion would be beautiful. Well, if they knew Shen Qinglan again then The identity of the past, this blow should be big enough.

"Madam, this requires you to bait yourself, which is too dangerous." The man disagreed.

"It's just a bait, hurry and do it."

Seeing that Qin Yan was displeased, the man suddenly stopped talking and turned back.

Qin Yan's hand gently stroked the cat in her arms and smiled me softly. "Karl, I know you have been waiting too long. Rest assured, I'm already speeding up. Soon, you can rest in peace."

After a while, she stood up, "Good baby, we should go, and if we don't go, people will have to come over."

\*\*

Shen Qinglan received Shen Qian's call in the evening. Hearing Shen Qian's solemn tone, Shen Qinglan's heart sank suddenly, "Why did Mom suddenly think of going to see Li Xitong?"

"I don't know. Is there anything strange about your mother recently?" This is why Shen Qian called Shen Qinglan today.

Shen Qinglan thought about it carefully, her eyes flickered, "Dad, I know, I still need to confirm this matter, and I will call you when I am sure."

"Qing Lan, I've calmed down with your mother, but if your mother said something, you should take care of it, don't worry about her." Shen Qian gave Shen Qinglan a preventive shot in advance, although Chu Yunrong went back At that time, his mental state was quite stable, but there was always a restlessness in his heart.

"Dad, don't worry, I know what to do." Shen Qinglan hung up the phone, glanced at the time, and called Chu Yunrong's attending doctor again, "Dr. Zhou, I'm Shen Qinglan, I'm sorry to be late this evening Come to disturb you, I want to ask you a few questions..."

After Shen Qinglan and Dr. Zhou ended the conversation, she looked very dignified. She sat in the crib and looked at a baby who had already slept in the dark, but there was no focus in her eyes, and she did not know what she was thinking.

The next day, Shen Qinglan finished feeding An An and took her child to Shen's house. Chu Yunrong just got up. She hadn't slept almost all night last night. She just fell asleep and was awakened by a nightmare. Somewhat ugly.

"Mom." Shen Qinglan shouted, and Chu Yunrong saw her for a moment, and then froze, "How come you came here so early today?"

"Mom, I have something to go out today. An An will have to trouble you to take care of me."

"OK, is Anan's lunch ready?"

"I fed him milk just now, it's okay to give him rice noodles or egg custard at noon." An'an has started to take food supplements now. It's better to bring some food than before. Shen Qinglan can't let Grandpa Fu or Zhao Aunt and Aunt Liu come to see the child. She just wanted to distract Chu Yunrong's attention. With An'an around, Chu Yunrong didn't have time to think about it. This is also a good thing for her.

"Okay, where are you going?" Chu Yunrong didn't forget to ask.

"There is something wrong with Daniel's gallery. I need to see it in person. I will be back before dinner."

"Okay, let's go." Chu Yunrong hugged An An, and Shen Qinglan just wanted to go, An An frowned, reaching out to Shen Qinglan, unwilling to leave her mother.

Shen Qinglan had no choice but to play with An An in the living room for a while, and waited until An An's attention turned to the toy before quietly leaving. She went directly to the homes of Jin Enxi and Daniel, and Jin Enxi was alone.

"An, how did you come today?" Jin Enxi was surprised to see Shen Qinglan.

"It's a matter of looking for you." Shen Qinglan entered the house and opened the door. "I want to know where my mother has been and who I have met during this time."

"An, what's wrong with your mother?" Jin Enxi was a little puzzled. Shen Qinglan was not a person who was curious about the privacy of others, especially for his family, and now he had to investigate his mother.

"I suspect Qin Yan has come to Beijing." Shen Qinglan's expression was slightly dignified.

"Impossible, but I have been staring at it." Jin Enxi retorted subconsciously, but looked at Shen Qinglan's eyes, she swallowed the rest of the words, "An, are you sure?"

"Not sure, so I still have to ask you to work hard." Jin Enxi is better than Shen Qinglan in computer technology, and it will save a lot of time for her to do these.

Jin Enxi nodded and went to the study. There were several computers in the study, all of which were from Jin Enxi. Her fingers were quickly tapping on the computer. Suddenly, her brows were frowned. "An, someone is intercepting me. I need your help."

After hearing this, Shen Qinglan sat beside Jin Enxi, cooperating with her.

The other party is a master of using computers, but if you really want to talk about technology, there must be no Jin Enxi. Jin Enxi needs Shen Qinglan's help to shorten the time. With the addition of Shen Qinglan, the other party quickly fled.

"Found it." Jin Enxi cheered. "Ann, this is here." She pointed to a red dot on the screen and said, "I checked your mother's call records during this time. This number is the most frequent contact with her. Yes, this number is now in this position, but I can't be sure who the other party is." After all, she is not a panacea. It's good to be able to find these in such a short time.

"Yesterday afternoon my mother had an appointment for tea. Is this the number?"

"They had a call record at noon yesterday. It should be calculated according to the time you said. It should be correct."

Shen Qinglan looked at the address above, turned and left, and Jin Enxi hurriedly followed.

When the two of them came to the address, the apartment was empty, "An, we seem to be late."

Shen Qinglan turned around in the apartment, her eyes suddenly fixed, and looked at the bedside table in the bedroom. There was a piece of paper there. She picked it up and glanced, "Dear baby, the game has started. Good luck, I Let's go first." The payment is Qin Yan.

Jin Enxi's expression changed slightly, "It turned out to be Qin Yan, how did she come to Beijing? When did you come?" Her tone was full of anger and annoyance.

Shen Qinglan looked sober and did not speak.

"Ann, I will chase now."

"No need to go." Shen Qinglan spoke lightly. Since Qin Yan was still in the mood to leave a note for her, it meant that she had already calculated every step of her own. She knew that she would check Chu Yunrong, and she knew that. When she arrives, she will come here to see what happens. The woman counted every step, and she did go as she expected.

Shen Qinglan squeezed the paper in his hand, an invisible darkness in his eyes.

"Go."

Jin Enxi glanced at the house somewhat reluctantly, and kept up with Shen Qinglan's footsteps. On the way back, Jin Enxi occasionally glanced at the expressionless Shen Qinglan, "An, now Qin Yan appears, what are you going to do?"

Shen Qinglan said lightly, "For the time being, I will not move, and you will pay attention to the news on the road these days. I believe she will move soon."

"Okay, this woman Qin Yan is just as annoying as Xiaoqiang who can't die."

Shen Qinglan's expression was faint. Except for the dignity in her eyes that could reveal her true

emotions, she could not see any useful information from her face. After leaving Jin Enxi's house, she returned to Shen's house.

When he went back, Chu Yunrong was still playing with An An. When An An saw her mother came back, she reached out and asked Shen Qinglan to hug him. Shen Qinglan picked him up and looked at Chu Yunrong, "Mom, did An An cry today?"

"I found you were crying for a while after you left, and soon healed, An An is getting better and better now." Chu Yunrong said with a smile.

Shen Qinglan looked at his son. An An stayed in his mother's arms and was very quiet. Chu Yunrong looked at his grandson. "He also ate a whole bowl of egg custard at noon and had a good appetite."

Probably after spending a day with my grandson, Chu Yunrong's mood became good. He talked to Shen Qinglan and laughed, and chatted with the children for a while. Shen Qinglan seemed to inadvertently mention, "Mom, I met Qin Yan today. Remember her?"

"Isn't she going abroad to relax?" Chu Yunrong replied subconsciously. As soon as the voice fell, he realized that he was leaking and smiled awkwardly, "Qinglan, what do you want to eat, my mother asked Songsao to give you do."

"Mom, have you seen Qin Yan?" Shen Qinglan asked Chu Yunrong directly without giving him the opportunity to escape.

"Meet a few times." Chu Yunrong hesitated.

"What did she tell you?"

"Nothing, just ordinary friends chatting. She is also a poor woman. She has no children and divorced her husband. There are no friends in Beijing. Last time we met on the street and ate a few times together. "

"This time she told you, she and her husband left?"

"Yeah, her husband is not a human, even hitting a woman, I think she is divorced."

Shen Qinglan's mouth lightly ticked, "Mom, this woman is full of lies, you better stay away from her."

"Qinglan, my mother knows that you have misunderstood her, but her mother has personally contacted her, and she is actually okay." Chu Yunrong tried to ease the relationship between Shen Qinglan and Qin Yan.

A glimmer of light flashed in Shen Qinglan's eyes. This Qin Yan's ability, even let her mother speak for her like this. Shen Qinglan put his son in the stroller and stuffed him with a yellow duck toy, "Mom, let's talk."

Chu Yunrong looked at Shen Qinglan's serious face and sat down on the sofa. "Qinglan, what do you want to tell your mother?"

Shen Qinglan looked at Chu Yunrong calmly, "Mom, you tell me the truth, what did Qin Yan tell you?"

"Actually, it's nothing. It's just a short family, there is nothing to say."

"Mom." Shen Qinglan yelled, and then looked at Chu Yunrong fixedly.

"Well, if you want to know, your mother will tell you." Chu Yunrong compromised and told Qin Yan what she said to Shen Qinglan. After that, Chu Yunrong sighed, "In fact, she is also a life. The bitter person, the child has not been recovered until now, and the two men they are looking for are violent. They are old and have nothing to rely on."

"Mom, do you believe everything she said is true?" Shen Qinglan said lightly.

Chu Yunrong was stunned. "She didn't need to lie to me."

Shen Qinglan sneered, "But she actually lied to you. She told you so much. Did she tell you what her ex-husband's name was?"

Chu Yunrong was stunned again, this really didn't.

Shen Qinglan knew if she looked at her expression. "Her ex-husband's name is Yan Anbang, which is Yan Xi's father."

Chu Yunrong's eyes widened, and the Yan family's affairs were in full swing. Although she was in the capital, she had also heard of it.

"Yan Xi's mother died, Yan Xiyuan left the country, Yan Shengyu also left home, Yan Anbang betrayed her relatives, but Qin Yan told you that she was abandoned by her ex-husband, mom, do you think it is possible?"

"She came back to revenge the Yan family. Now the Yan family is really unlucky as she thought, and she left. Do you think she is pitiful for such a woman?"

Chu Yunrong's eyes were unbelievable. She looked at Shen Qinglan staring blankly, "How come, why did she lie to me?"

Of course, to avenge the Shen family. Shen Qinglan thought silently in her heart, but she couldn't say this to Chu Yunrong in this way. If she had pulled out the past, she would not be able to bear the blow.

"Mom, this person Qin Yan's mind is not correct. You are far away from her. If you see her next time,

you must call me or dad as soon as possible." Shen Qinglan urged.

Chu Yunrong nodded, still feeling a little uncomfortable about being cheated by Qin Yan. She suddenly remembered that she would go to see Li Xitong because Qin Yan was actually related to each other. Thinking about this, she looked at Shen Qinglan, Just stop talking.

Shen Qinglan noticed her expression and spoke lightly, "Mom, what do you want to tell me?"

"Qing Lan, Mom... Mom went to see Li Xitong..." Chu Yunrong said that he didn't continue down here, and suddenly regretted mentioning this person with Shen Qinglan. Qinglan didn't like Li Xitong originally, knowing that she had seen her, wouldn't she be angry?

"What did Li Xitong tell you?" Shen Qinglan was quite happy that window Chu Yunrong took the initiative to tell her.

"It's nothing. Mother knew what she said was fake, and mother wouldn't believe it."

"Did she tell you that the reason why she became like this was all because of me?" Shen Qinglan said directly, although she agreed to try not to stimulate Chu Yunrong as much as possible, but there are some things that should be said Say, otherwise bored in the heart, it is easy to cause a gap between their mother and daughter.

"How do you know?" Chu Yunrong was surprised, and then said, "Qing Lan, you can rest assured that your mother believes in you. Those mothers she said do not believe in a word."

After spending a day with An An and being comforted by her husband yesterday, Chu Yunrong had already figured it out. She shouldn't have believed her outsiders. She had to believe her own judgment. Her daughter has always been a kind person.

Shen Qinglan slightly lifted her lips, Li Xitong was just that kind of routine, it was not difficult to guess, she looked at Chu Yunrong with a serious expression, "Mom, you should believe Li Xitong's words, her hands are indeed my abandoned, and she I'm going to jail, and it's true that I'm operating behind my back."

Shen Qinglan lowered her eyes slightly, "Mom, I will not take the initiative to hurt others, but if someone hurts the person I care about, I will never let her go. I have never been a kind person. And Li Xitong, she hurts Grandpa, I can't forgive."

Chu Yunrong looked at Shen Qinglan, as if looking at a stranger, "Qing Lan...you..."

"Mom, don't take what I think too well."

Chu Yunrong didn't know what to say about it. Shen Qinglan looked up at her, but Chu Yunrong turned her head, Shen Qinglan's eyes dimmed, "Mom, whether you think I'm too vicious, or something else I

don't regret doing this. My family is the one I care about. I won't give anyone the opportunity to hurt my family. You have a good rest. I'll take An'an back first."

Shen Qinglan got up, picked her son up, and was about to leave. Chu Yunrong saw her going, and she panicked in her heart, and stopped her, "Qinglan, you wait."

Shen Qinglan paused, only heard Chu Yunrong continue to say, "Mom knows that you do all this for the good of everyone. It is because Mom has not fulfilled her responsibility as a mother. I have no position to accuse you, no matter what Li Xitong is. The thing is because your mother still believes that you are a kind person. My mother said that these are the truth."

Shen Qinglan's mouth lightly ticked, "Mom, you have a good rest first."

And things really did not come as Shen Qinglan expected. Within two days, Eden received a call from Ryan, saying that Mrs. Jin was going to talk to him personally about a business.

Ryan had no hatred with Mrs. King, and he would not refuse to simply do business, but after thinking about it all night, Ryan decided to tell Eden the news. After all, Eden had been looking for Mrs. King.

Shen Qinglan was not surprised to know that Qin Yan was going to meet Ryan. "Ann, you haven't reacted at all."

"Prepare things, we should start."

"Where to go?"

"Of course I went to see Qin Yan. She all appeared in person to sing for us. This face is definitely to be given."

"Okay, this time I'm going to prepare something for her. I will now tell Andrea and Sisley that they have rested long enough. It's time to go out for activities, otherwise they will rust." Jin Enxi Talk to someone while talking to yourself.

After closing the conversation, Shen Qinglan and Jin Enxi directly shut themselves into the studio until they came out in the afternoon, and then sent a message to Fu Hengyi.

Fu Hengyi's call came almost immediately after her message was sent, and Shen Qinglan answered it, "Qinglan."

"Fu Hengyi, Qin Yan appeared." The two spoke almost at the same time.

Fu Hengyi froze, "Qin Yan has arrived in Beijing?"

"Yes, but it's gone again. I think people have left the capital now. I received a message that she will meet Ryan in three days."

"Are you going?" Fu Hengyi immediately understood what she meant.

"Yes." Shen Qinglan did not deny that she said that she would not act arbitrarily in the future, so she decided to tell Fu Hengyi after hesitating for a long time.

Fu Hengyi was silent for a few seconds, then spoke, "I know, you wait for me."

"Fu Hengyi, this time Jin Enxi will go with me, and with the help of Ryan, it will be fine."

"Wait for me, I will report immediately, and arrive home tomorrow evening at the latest." Fu Hengyi said undoubtedly, and then hung up the phone. Shen Qinglan looked at the hung phone and sighed.

Country R, Yamamoto heard the report from his subordinates, and his eyes changed immediately. "Are you sure she said that?"

The subordinate nodded. "Yes, Mrs. Jin did say so. Brother, she wants our manpower. In MD three days later, do we want to cooperate with her?"

"Cooperation, as long as she tells me whereabouts of Mei, you can do as many people as you want." Yamamoto said without hesitation. Eight years ago, Mei killed his only brother. This hatred must be reported. These years, he has been I didn't give up looking for the whereabouts of charm. It's just a pity that I didn't receive any news. The charm seemed to evaporate from the world. I was with that organization.

It is no surprise that Qin Yan received a call from Yamamoto, "Mr. Yamamoto, I have been waiting for your call."

"Mrs. Jin, we are also some old friends for so many years. Since you always know the charm news, why don't you tell me? Is it true that our friendship for so many years is false?" Yamamoto said half-truth. Accusations.

Qin Yan's expression remained unchanged, and said innocently, "Mr. Yamamoto, am I that kind of person? I just got the news just now, so I can't wait to tell you."

"Can I believe Mrs. Jin?"

"Mr. Yamamoto, have we cooperated for so many years, don't we even have this trust between us?" Qin Yan said aggrievedly.

Yamamoto on the other end of the phone laughed, "It's just a joke with Mrs. Don't mind Mrs. Where is the charm now?"

Qin Yan raised her lips, "So, Mr. Yamamoto agreed to my terms?"

"That's all trivial. We have been friends for so many years, but it's just borrowing a few people. What's so difficult about it, how much do you want?"

"Not many, just 100, but I want the most sophisticated weapons in your hand." Qin Yan added a condition.

Yamamoto was slightly stunned, and then said, "Mrs. Jin, I got these weapons for a lot of money. You want to take them without knowing the true and false news. Is this too much?"

Qin Yan smiled, "What if I said that the people and weapons I wanted were for the charm?"

When Yamamoto was shocked, his eyes changed instantly, "What are you saying is true?"

"Of course, I won't joke you about this."

Yamamoto's eyes were heavy, "but the charm is only one person, even if you want to deal with her, because you don't need so many hands and weapons." Although these are not his old men, they are also a big bleeding. I really took it all out, and Yamamoto was really reluctant.

"Who tells you that Mei is a person, but there are people around her. The rumors of Mei's solitude and strangeness are only legends. Mr. Yamamoto hasn't even understood this point after a long time in the Tao? "

"Is Mei a team?" Yamamoto suspiciously, when Mei was rising, although no one had seen her true face, they all said that it was only a person, but now Qin Yan said no, who said it is true, who is it false?

Qin Yan narrowed her eyes, "You can say that."

Yamamoto pondered for a while before speaking, "I can give you manpower, but I can only give you half of the weapon, and I will take someone to go by then."

"The deal, three days later, at the MD border, I'm waiting for your good news." Qin Yan simply hung up the phone happily.

Fu Hengyi came back that night. When he entered the door, Shen Qinglan had just come out of his son's room. Since An An didn't need to breastfeed at night, he slept in the children's room. Aunt Liu took An An to sleep at night.

After taking a bath, Fu Hengyi went to see his son first. The little guy's hand was raised above his head and he slept soundly. There was a hint of saliva in the corner of his mouth. Fu Hengyi smiled and reached out his sons to wipe his saliva.

"Are you really going with me?" Shen Qinglan asked seriously.

Fu Hengyi raised her eyebrows, "What do you say?" Everyone else came back.

"Fu Hengyi, is it really okay for you to follow me like this?" Shen Qinglan was still worried.

"It is natural not to walk brightly, but I think you should have a way to make me feel that I have left the territory?" Fu Hengyi remembered last time he went to MD to rescue Shen Qinglan. Andrei and their helicopter flew across the border but were not intercepted Things.

Shen Qinglan is silent, they have a way, but Fu Hengyi's identity is actually not suitable for participating in this matter, but if he does not tell Fu Hengyi, Fu Hengyi knows afterwards, the relationship between their husband and wife should be affected.

Fu Hengyi saw Shen Qinglan's thoughts and said lightly, "Qinglan, don't worry about me, you are right to tell me, no matter what you will encounter in the future, I want to face it with you, and now you can do it I believe in me and believe in yourself."

Shen Qinglan looked at Fu Hengyi's eyes for a long time before he nodded slowly. "Okay, let's face this time together."

In the early morning of the third day, Shen Qinglan and Fu Hengyi found an excuse to leave the house. This time it took a long time to leave. They also said that they would not be delayed there for a few days. An An could only leave it to the family. Fortunately, since Fu Hengyi forcibly corrected An An's picky mouth, Shen Qinglan also disappeared from time to time, allowing An An to get used to being with other people.

When Anna saw her father and mother were leaving, she opened her mouth and cried. Chu Yunrong hurriedly took the child to the room on the second floor and took various toys to attract An An's attention. Soon, An An stopped crying.

Shen Qinglan and Fu Hengyi actually stood outside the door until they could not hear the cry of the child before leaving.

The two went straight to the border. In the middle, Shen Qinglan got in touch with Jin Enxi. Jin Enxi and Eden had arrived, while Andrea and Sisley went directly from country Y.

"Ann, you are here." Jin Enxi was not surprised to see Fu Hengyi. "Let's go, Eden is waiting for us on the plane."

The place where they are now is a mountainous area, the place where Shen Qinglan was taken away by King. Looking at the place where they once knew each other, Shen Qinglan and Fu Hengyi looked at each other and then got on the helicopter.

The helicopter once again leaped across the border safely and unharmed. Fu Hengyi saw this scene, his eyes light, and Shen Qinglan took out a box from the cabin. After opening, he found that it was actually a large cosmetic case and various cosmetics. Complete with wigs and beards, it is dazzling.

Shen Qinglan skillfully smeared on his face, and soon appeared in front of Fu Hengyi was a man with freckles on his face, a common appearance, a well-defined face, a man with a handful of beards, and even a throat on his neck. Seeing clearly, Shen Qinglan put on a brown wig again, with such a face and a temperament that suddenly became indifferent. No one would think of this cold man with a beard and a cold face in front of him. It's a real woman, of course, if she ignores her breasts.

If Fu Hengyi had not seen Shen Qinglan's makeup in person, even if Shen Qinglan was standing in front of him now, he might not have recognized her at a glance. No wonder that the charm that the charm was passed on was just like a god. Whether it's old or young is not clear.

Shen Qinglan took another look at Fu Hengyi, and suddenly a glint of light flashed in his eyes, "Fu Hengyi, discuss something with you."

Fu Hengyi raised her eyebrows, "Do I also need makeup?"

"Of course, if you are recognized more troublesome." Shen Qinglan said.

Fu Hengyi did not have any opinion on this, but when he saw what Shen Qinglan had brought out, his face suddenly changed, "Shen Qinglan." There was a trace of shame in his tone.

"So people will not recognize you." Shen Qinglan said vowedly.

Jin Enxi and Eden also saw what Shen Qinglan was holding. Eden turned his head to concentrate on the plane, but the smile in his eyes could not be concealed.

Jin Enxi didn't hold back for a long time, and burst out laughing, "Ann, you too... Hahaha, let me laugh for a while."

Fu Hengyi black face, gritted his teeth, "Shen Qinglan."

Shen Qinglan looked innocent, "I pretend to be a man, you pretend to be a woman, so that people don't think we are the only one, and this is the safest."

Jin Enxi patted Fu Hengyi's shoulders, "It's okay, Eden used to be a woman. This is still Ann's makeup for him. You can rest assured that Ann's makeup technique is very good. The suit is made according to Eden's height and shape. , You are similar to it, and you can definitely wear it. After the makeup is

finished, you will have a variety of styles and looks more like women than women."

Fu Hengyi's face was black again, and at the same time, there was Eden who was uncovered by Jin Enxi.

"Jin Enxi, you shut up for me." Eden was annoyed, this woman really said everything.

Fu Hengyi disagrees. He is a big man and a straight man. In front of other people, you let him wear a woman's dress. It is more uncomfortable than killing him.

Shen Qinglan thought that this was the safest way, so that no one could think of Fu Hengyi. Even after the investigation, they could not find the two of them.

Shen Qinglan knew that Fu Hengyi was not so easy to compromise. He pulled Fu Hengyi aside and spoke softly to him for a long time. After a lot of effort, he persuaded Fu Hengyi.

Fu Hengyi's black face exuded low air pressure all the time, and Jin Enxi looked at him from time to time. When he met Fu Hengyi's cold eyes, he returned his gaze and smirked with his head down.

"En Xi." When Jin Enxi looked at it again, Shen Qinglan said Jin Enxi's name lightly, and Jin Enxi nodded immediately. "I understand, I won't read it, you continue."

It turned out to be more troublesome to make up female makeup, and Fu Hengyi's own face was harder. Shen Qinglan took more than an hour to get it done.

She looked at Fu Hengyi in front of her, and there was a shock in her eyes. Jin Enxi looked up and froze.

The black eyeliner made Fu Hengyi's eyes look a little bit, with long and long eyelashes, and the eyes looked watery. After applying makeup, the contour of the face was much softer, and there was no feeling of tough guy at all.

Shen Qinglan handed Fu Hengyi a suit and asked him to put it on. Then he found a silk scarf for Fu Hengyi and tied it around his neck. While covering his throat knot perfectly, he added a point to him. Feminine.

The big black wavy hair she chose for Fu Hengyi was draped over her shoulders. Even if she was wearing casual clothes, she couldn't hide his "Sheng Shi Fang Hua".

Digression

Lord Fu stared at Someli with death: Did you wear a dress for me, did you see the knife in my hand?

Someone who was laughing with pride saw the shining cold forty meter big knife, second counsel, hiding behind Miss Shen: Lan Lan, your man wants to rebel, even trying to murder his mother, you have to take care of him.

Ms. Shen shrugged her shoulders and said nothing about her: I have to cede the ground to pay for it. I can't protect myself. If there is any intention to save you, you can ask for more blessings.

Mou Li: ... (This child is the next one)

## **426 Chapter Plan**

Jin Enxi snapped her fingers, "It's awesome, this is obviously a peerless beauty, Ann, I now think that your son's eyes are actually more like Fu Hengyi. Look, it's exactly the same." Her eyes are all Surprise.

"Is it enough?" Fu Hengyi said coldly.

Jin Enxi shook his head regretfully. "If you don't speak, you'll be a peerless beauty, and you won't have any beauty at all." Fu Hengyi's voice was low and magnetic, and it was a man's voice when he heard it.

"Fu Hengyi, I'll give you a suggestion, you should be a dumb, so that it is more like it, otherwise you will be exposed as soon as you speak." Jin Enxi felt that his suggestion was really sincere.

Fu Hengyi took a mirror from the box and looked at himself in the mirror. His face was black directly, but looking at Shen Qinglan's satisfied expression, he finally resisted the urge to pull his clothes off. Just looking at Shen Qinglan's eyes revealed only what she could understand.

After receiving hints from Fu Hengyi's eyes, Shen Qinglan unconsciously wanted to reach out and knead his old waist.

"Fu Hengyi, I think Jin Enxi is right, it is better for you to remain silent." Shen Qinglan said with a grin and a serious expression.

Fu Hengyi looked at Shen Qinglan calmly, and suddenly his mouth twitched, "My wife said whatever, I listen to my wife." The sharp voice made the three of the helicopters tremble at the same time.

Fortunately, the destination arrived soon. Shen Qinglan had put on a men's casual wear, stepped on a pair of inner heights on his feet, and stood beside Fu Hengyi, still missing him by half of his head.

Jin Enxi and Eden did not make any modifications.

This time it was still Ryan who came to pick him up personally. When he saw Fu Hengyi and Shen Qinglan, he raised his eyebrows slightly, "What are these two?"

Eden said, "This is Jesse, this is his wife Baine, these two are my friends, this time came to help, this is KA leader Ryan." The former said Shen Qinglan, after The author is talking about Fu Hengyi.

Although Ryan once met Fu Hengyi once, he did not connect the woman in front of him with Fu Hengyi at all, but felt a little weird about the very petite combination in front of her husband who stood in front of his wife. The strangeness was quickly left behind by him.

Shen Qinglan said, "Hello, Lord Ryan." She lowered her voice, with a husky voice in her voice, listening to the female being indistinguishable.

Fu Hengyi just nodded to Ryan and didn't speak. Shen Qinglan explained, "My wife, she can't speak, please don't be surprised."

Ryan knew it and smiled kindly at Fu Hengyi. "Then let's get in the car first. When I get to the base, I will tell you about the specific situation."

When several people arrived at the base, Ryan asked his men to retreat, and then said, "Mrs. Jin and I have already contacted. We will meet at the Carter Hotel at 7 pm tomorrow night to discuss specific cooperation matters."

Ryan said, taking out the map and showing Shen Qinglan the location of the Carter Hotel, which is in the downtown area and is not a site of any armed forces. It is a site controlled by the local ZF.

"This is where Mrs. Jin chose?" Shen Qinglan asked.

Ryan nodded. "Yes, I chose the time, and she chose the location." This is the rule of the road. When both parties meet, one chooses the time and the other chooses the location.

Shen Qinglan looked at the surrounding terrain, extending in all directions, but it was a good place to escape. It took a lot of manpower to cover up. It seems that Qin Yan was very painstaking in choosing such a place.

"Ryan, I'm going to trouble you again this time." Eden said.

Lane smiled heartily, "Eden, we don't need to be so polite between us."

"The last thing caused you a lot of trouble." In order to save Shen Qinglan before, Ryan was also retaliated by King afterwards. If Ryan was dead, he would die that time, and he would take the initiative to tell Qin Yan The whereabouts of and the help provided to them really did not meet Eden's expectations.

"Eden, I said, you are my eternal friend. Your business is my business. This is valid as long as I live. Although I had trouble last time, it was not without any benefits. Only those who will betray me can I feel more at ease. Only this time you four?"

"Two others are still on the road, not yet here."

Ryan nodded, "Okay, I have prepared the weapons you need, and I have prepared a hundred people for you. Do you have enough to see?"

"Enough, Ryan, I won't say anything more than that. I wrote down this kindness." It was Shen Qinglan who spoke this time. Ryan didn't actually have any friendship with her, but he helped again and again. They, even Shen Qinglan, are very embarrassed.

"You don't have to be so polite. Eden and I are friends. Last time I was in danger, he came to help me."

Fu Hengyi looked at this scene and had a new understanding of the people in the Tao. Among these people, there are also many people who can use their ribs for friends, not just desperation.

Andrea and Sisley arrived at night. The two saw Fu Hengyi and Shen Qinglan for a long time, especially when they saw Fu Hengyi's women's clothing. If Ryan was not present, I'm afraid Sisli would laugh on the spot.

Sisley and Andre glanced at each other, both of them smiled, and Fu Hengyi's face turned green, and Shen Qinglan reached out and took Fu Hengyi's hand.

Several people agreed on plans for tomorrow's action. Shen Qinglan and Fu Hengyi followed Ryan as his personal bodyguard to meet Qin Yan. Jin Enxi was in charge of the hotel's monitoring, and Eden and Sisley pretended to be Ryan. Subordinates followed along.

In the evening, after the discussion was over, Shen Qinglan and Fu Hengyi returned to the room arranged for them separately. Shen Qinglan looked at Fu Hengyi's women's clothing and finally couldn't help laughing. Fu Hengyi's face was in her laughter. A little bit of black, and finally the black became the bottom of the pot.

He looked at Shen Qinglan, who was trembling with laughter, and his eyes were dark, "It's funny?"

Shen Qinglan waved his hand, "No... it's funny, just looking at you like a gorgeous... very... amazing..."

Fu Hengyi smiled, "I didn't expect my wife to like this bite. It seems that I used to not understand my wife's mind. After this matter is resolved, we can play role-playing after closing the door."

Shen Qinglan was dumbfounded by his smile and did not react for a while. Fu Hengyi stepped forward, hugged Shen Qinglan and bowed his head as an unkind deep kiss. The long kiss ended, and Fu Hengyi looked at the stained lipstick on Shen Qinglan's lips, Licked his tongue out, "I will write down this account first, and I will wait with you when I go back."

Shen Qinglan was annoyed and pushed his chest, suddenly frowning, Fu Hengyi looked at her, "What's wrong?"

Shen Qinglan rubbed her chest and said, "It's a little bit of milk." She unbuttoned her front placket, and there was already a little moisture on the chest cloth. She didn't breastfeed An An today.

None of her actions avoided Fu Hengyi. Fu Hengyi watched the two little white rabbits dangling in front of her eyes, knowing that it was not the right occasion now, and the body responded honestly, and his breathing became a little heavy.

When Shen Qinglan realized that something was wrong, Fu Hengyi was already thrown down on the bed. Fu Hengyi buried his head, "I will help you."

Shen Qinglan's cheeks were stained with a trace of crimson until Fu Hengyi had finished the rations that originally belonged to An An. This trace of crimson did not subside. Fu Hengyi's body swelled uncomfortably. Further action, he embraced Shen Qinglan in his arms, "wife, you must compensate me well when you go back."

Shen Qinglan's voice was dull, "Okay."

Early the next morning, Shen Qinglan and Fu Hengyi got up, and when Jin Enxi came to call the two to get up, Shen Qinglan and Fu Hengyi had already changed their clothes.

After breakfast, Ryan took the weapon in, but with a dignified expression, Eden looked at him, "Ryan, what happened?"

Ryan nodded, "Well, just after receiving the news, Yamamoto of Country R came to MD with a group of people." Shen Qinglan and Fu Hengyi looked at each other, and it seemed that the comer was bad. There were rumors in the Tao before that Mrs. Jin had a good relationship with Yamamoto. Now, at this point, Yamamoto brings people here. The purpose is self-evident.

"How many people did Yamamoto know?"

Ryan shook his head, "I'm not sure for now, but it won't be less than a hundred."

Shen Qinglan immediately understood, it seems that the cooperation between Qin Yan and Ryan was a

guise from the beginning. Presumably she had already known the relationship between Ryan and Eden and used Ryan to let herself come. It was just that she thought of it. Didn't expect Ryan to help them?

This is Ryan's territory. As long as Ryan is willing to shoot, even if there are more people than Yamamoto, they may not be able to retreat, unless there is something in Qin Yan's hand that makes them a mousetrap.

Thinking of this, Shen Qinglan's face changed slightly, but only because of Ryan's presence, there was no movement for the time being.

After Ryan left, Shen Qinglan immediately called Chu Yunrong, "Qinglan."

When Shen Qinglan heard that Chu Yunrong didn't have any strange voice, she was relieved in her heart, "Well, it's me, mom, are you safe today?"

"An An is very good, even when she was crying when she went to bed last night. I probably didn't see you, so I didn't want to sleep. Later, I took a piece of clothing that you often wear, and he fell asleep holding it. Are you alright in the field?"

"I'm fine. I'll be back when things are done on my side. It will probably take two or three days." Shen Qinglan said.

"Yes, you can work with peace of mind first, I will take care of An'an."

Shen Qinglan could vaguely hear his son's babbling voice, knowing that nothing had happened at home, and she quickly hung up the phone.

Shen Qinglan looked at Fu Hengyi, "You said what card in Qin Yan's hands made her so confident?"

"Will it be Yan Xi?" Fu Hengyi speculated.

Shen Qinglan immediately called Yan Xi. Yan Xi and Dougs were on vacation in Europe, and nothing happened. That is to say, everyone who could threaten Shen Qinglan was fine. So where did Qin Yan's confidence come from? Or did she think she was already strong enough to compete with MD's ground snake?

"If you don't think about it, you don't want to think about it for the time being, and you will know it by then." Fu Hengyi comforted her.

Shen Qinglan nodded, and now he can only do this for the time being, the soldiers will cover up the water.

At six o'clock in the evening, a group of people set off. Jin Enxi had arrived at the hotel early, opened a room, invaded the hotel's monitoring system, and installed interference-free monitoring equipment in

the room where they met.

Shen Qinglan arrived at the hotel before Qin Yan. She glanced at the hotel room. The room was large, but it was very convenient for activities.

Qin Yan appeared very punctual. She had sunglasses on her face and glanced at the people in the room. She glanced over Shen Qinglan and Fu Hengyi and looked at Ryan.

"Lord, meet for the first time. This is Qin Yan, which is what you call Mrs. Jin."

Ryan looked at Qin Yan calmly, instead of reaching out to hold Qin Yan's hand, but spoke lightly, "What does it mean that Mrs. Jin still wears sunglasses when she comes here, looking down on me?"

Qin Yan chuckled and took off his sunglasses. "Leader Ryan misunderstood, how can I look down on you, is it okay now?"

Ryan glanced at Qin Yan, "I didn't expect my wife to be a beauty."

"Oh, the word "beauty" can't afford it. The one next to the leader is the real beauty." Qin Yan looked at Fu Hengyi, his eyes stayed on Fu Hengyi for a few seconds. Such a "burly" beauty is rare.

Fu Hengyi was expressionless, with a cold face, as if he didn't hear Qin Yan's words, seriously playing the role of an iceberg beauty.

"I can't see that Mrs. Jin is interested in the people around me." Lane Pi said with a smile.

"Leader Ryan would really joke. I just praised the lady's beauty purely, but there is no other meaning. The leader should not misunderstand." Qin Yan explained with a smile, but did not notice Shen Qinglan's slightly cold eyes.

Lane laughed, "I didn't expect Mrs. Jin to be such a humorous person. It's a pity that I didn't know Mrs. Jin earlier."

"It's not too late to meet now." Qin Yan sat down on the side. The kung fu she had just spoken looked at everyone in the room, and she didn't see Shen Qinglan. There was a doubt in the depths of her eyes. Isn't Ryan true? Want to cooperate with her, did not disclose her whereabouts to Shen Qinglan?

"Mrs. Jin, I heard that you want to cooperate with me this time. I don't know how you want to cooperate?" Lane asked.

Qin Yan did not answer this, but looked at the people in the room and said with a smile, "Leader, I think the fewer people who know this, the better, do you think?"

Ryan smiled heartily and waved his hand. Everyone except Shen Qinglan and Fu Hengyi went out, and

Qin Yan left only two people, a man and a woman, all of whom she trusted most.

"Mrs. Jin, can you speak now?" Ryan asked.

Qin Yan really didn't come to talk about business today, but this matter started on his own. Now if it's not about coming to talk about business, I'm afraid it will be difficult to explain to Ryan.

If they did not inform Shen Qinglan, it means that they really wanted to cooperate with her, and they could not offend him.

"I don't hide the leader, I don't want the quantity of the goods, as long as the amount of one hundred million, but need the latest money in the hands of the leader." Since it is business talk, Qin Yan also took the attitude of business talk.

Ryan frowned, "One hundred million is indeed a little bit less. It's not impossible for the lady to want the latest one, but this price can't be too low. After all, this new model has a lot of people who want it. Ordered by regular customers."

"Naturally, for the sake of this point of the goods, I have taken the leader at risk and I have been overwhelmed. I will definitely not lower the price. I just want the market price."

"No, Madam misunderstood what I meant. This market price is the price I gave to a big buyer." Ryan said gently.

The smile on Qin Yan's face faded, and he looked at Ryan definitively, "Leader Ryan, people are too greedy, but it's not good. There is a saying in Z country called "greedy is not enough for snakes to swallow elephants". I'm really talking about this In a business, your current attitude makes me very embarrassed."

Lane still smiled, "Mrs. Jin is also a joke. If you really want to do business with me, then what do you ask Mr. Yamamoto to do? I received the news that Yamamoto has surrounded this hotel."

Qin Yan was stunned. She didn't expect Ryan's news to be so well informed. In order to keep it secret, she deliberately let Yamamoto sneak in quietly last night, but looking at Ryan's meaning, it seemed that she had received the news long ago. It seems that he still underestimated KA, this Ryan is stronger than he thought, but I don't know what this position is.

"Leader Ryan, I don't quite understand what you said. I came alone this time. I didn't bring anyone but the few people you saw just now."

The smile on Ryan's face remained the same, "Mrs. Jin, everyone is a smart person. Since I said this, I've got the exact news. Why do you quibble? I just want to ask, you let Mr. Yamamoto surround this Hotel, what do you want to do? Kill me?"

Qin Yan smiled slightly, "Leader Ryan misunderstood, how could I do such a thing, well, I admit, I invited Mr. Yamamoto to come with me, but we have no malicious intentions for Ryan leader, just me After all, the manpower is limited, and I have always been a life-saver, so I asked Mr. Yamamoto to protect my safety. Shouldn't such a requirement be excessive?"

"These are private matters between you and Yamamoto. I naturally don't care, but now that Yamamoto is surrounding the hotel, how would you explain this?"

Qin Yan's eyes grew colder, but the smile on her face remained the same. "Leader Ryan, please rest assured that Mr. Yamamoto just wants to protect my safety and will not make excessive actions on you, surrounding this hotel. It's really a helpless move, after all, is it on your site, isn't it?"

"Mrs. Jin, I'm afraid your purpose is not so simple?" Ryan's face suddenly sank, clap his hands, the door was opened, and a dozen people poured in to surround Qin Yan and the three.

Qin Yan couldn't laugh, looked at Ryan coldly, "Ryan, what do you mean?"

"I am also a life-saver, this group of people are here to protect me, and now we can continue to talk about business."

Ryan returned Qin Yan's words just now, full of irony.

Qin Yan looked at Ryan straight away. It took a long time before he slowly laughed. "I thought about it. The leader of Ryan is a big business person, and I will not worry about me as a small person. I will call now. Mr. Yamamoto left, so that the leader can talk about business sincerely?"

Ryan smiled, "This is natural. I am a businessman. Mrs. King showed her sincerity. I will naturally show my sincerity. The goods you want, I can give you half of the market price. Such sincerity. Is it enough?"

Qin Yan looked at Ryan and did not speak. It seemed to be considering the authenticity of Ryan's words. A hundred million order was placed on the road. It was already a good business for most people, but it did not appeal to Ryan. He is willing to make a price now, and sincerely promotes this business. For Qin Yan, it is indeed a good result, but she still has a distrust of Ryan.

"Of course, if Mrs. Jin is not at ease, she can leave now, and I will never stop." Ryan said without hesitation. In their plan, they first transferred Yamamoto away from the hotel and left Qin Yan alone. In order to win Qin Yan at the lightest price, this is why Shen Qinglan and Fu Hengyi haven't acted for so long, and Ryan is constantly circling Qin Yan.

The man behind Qin Yan whispered a few words in Qin Yan's ear, roughly hoping that Qin Yan would leave now. After all, their purpose was just to attract Shen Qinglan out, since Shen Qinglan didn't come, then there would be no It is necessary to stay.

But Qin Yan didn't think so. More than 60% of the best goods on the road were in Ryan's hands. Qin Yan,

the weapon in his hand, really wanted it. With this batch of things, then she would You can cooperate with more people and get more benefits.

Although Qin Yan does not have much fighting power, her brain is very easy to use. She once had a cooperative relationship with many bigwigs. The cooperation between the two sides was maintained for a long time. In addition to her use of her own capital, it is also because of her Very profitable.

"Lane leader laughed, I sincerely wanted to cooperate with the leader. In order to express my sincerity, I will call now to let Mr. Yamamoto leave first." Qin Yan is greedy after all, and she has a hint of fluke in her heart, since there is no Seeing Shen Qinglan, it would be better to take a gamble and win this business first. If she can reach a long-term cooperative relationship with Ryan, it will only benefit her in the future.

Although the cooperation with Yamamoto has been very good in recent years, but Yamamoto is very domineering, she has not much profit space. If there is a new purchase channel, she can have a bargaining chip with Yamamoto. Get a share of the market. Thinking about this, Qin Yan called Yamamoto and asked him to leave for the time being.

"Mrs. Jin, I can leave, but charm, you said you would tell me the news of charm."

"Mr. Yamamoto, don't worry. I promised you when you haven't done it. I will tell you when I say it. I will definitely tell you. I'll go find you when I'm done. I will tell you where I can. Find the charm."

She speaks the language of country R. Ryan can't understand it. Doesn't it mean that Shen Qinglan and Fu Hengyi can't understand? Hear the name of the charm. Shen Qinglan and Fu Hengyi's eyes fluctuated. This time, we must not let Qin Yan leave here alive, otherwise Shen Qinglan's identity will not be revealed.

Shen Qinglan's eyes crossed Qin Yan's body, and he quickly withdrew his eyes.

Qin Yan and Yamamoto spoke for a long time before reluctantly appeasing Yamamoto's emotions. This time Yamamoto came to charm. Qin Yan didn't tell him whereabouts of the charm, it was difficult for Yamamoto to be satisfied.

Soon, Ryan received news of Yamamoto's retreat. He waved his hand, and immediately understood what he meant, and went out.

Qin Yan looked at Ryan, "Lord, my sincerity has not been given out, you see..."

Lane smiled and waved again. The people in the room backed out, leaving five of them again. But Qin Yan did not find that the communication signal in the room was blocked after these people went out. Qin Yan is unable to get in touch with the outside world.

Outside the hotel, Yamamoto hung up the phone and looked vultured, "Let's go."

He was stunned, "Brother, let's go now? Isn't it revenge for the two heads?"

Yamamoto sneered. "Here I will go back and talk about it." He now has an anger in his heart. He always feels that he is being played by Qin Yan, a damn woman, and soon, Yamamoto's ideas were verified.

Yamamoto looked at them and surrounded them, more than double the number of them. His face completely sank. "Who are you?"

"Mr. Yamamoto, long time no see." Eden came out of the crowd.

Yamamoto was stunned, not recognizing the person in front of him, "Who are you?"

It was a scalpel in Eden's hand. Even in the dark, I could still see the shimmering luster on the scalpel. "Mr. Yamamoto is really a noble thing. We met in the R country four years ago. You let I was invited by someone, but after being rejected by me, did you send someone to chase me, did you remember?"

There was still doubt in Yamamoto's eyes. He had chased and killed many people, and he couldn't remember who he was in front of him.

Eden was not surprised at all. He modified his appearance a little bit, and it was excusable that Yamamoto could not recognize it. "I remind you again, four years ago, Miko Noda in Tokyo."

Yamamoto immediately remembered, "You are Doctor Eden."

"Yes, it's me. I didn't expect to see me here. Was it a pity that you didn't kill me? I was so unwilling in my heart for so many years, but I rejected one I didn't want to save. He was chased and killed, and almost killed in his life. It is also wrong to think about it. As long as I think about this, I still hate my teeth. Mr. Yamamoto, how do you say this matter should be resolved?"

Noda Miko was Yamamoto's wife. He was avenged four years ago, and his life was at stake. At that time, Eden's medicine was widely known in the Tao, and then he happened to be doing something in the country of R. Yamamoto knew that he was in R. He went to treat Noda Miko, but Eden refused.

And Noda Miko also died because of untimely treatment, Yamamoto blamed Noda Miko's death on Eden's death, and he killed Eden, sent someone to chase him, and Eden took a lot of effort. Escaped from Country R, and have not made a step in Country R for so many years.

Yamamoto wanted to avenge Eden, but it's a pity that although Doctor Eden's medicine on the Tao is famous, it's strange, and it's difficult to find. Yamamoto gave up after looking for a while, but I didn't expect to meet him here this time.

"Dr. Eden, are you coming by yourself now?" Yamamoto's mouth twitched lightly.

Eden smiled, "Mr. Yamamoto, I should say this, you look at the situation now. My people are twice as many as you. In order to wait for you, the brothers have not rested for days."

Yamamoto's eyes narrowed, "You know I'm coming?"

"Of course I know. Not only do I know you are coming, I also know when you came, how many people you brought, what weapons you have." Eden smiled.

Yamamoto's heart sank, and his trip was completely confidential. Even nobody in their organization knew it. Eden even knew it and was still waiting for him here. Is this a coincidence or a traitor?

Soon, Eden revealed the answer for him, "This time I could see Mr. Yamamoto in this way, or thanks to Mrs. Kim, if she had told Mr. Ryan Yamamoto to come here as a guest, how could we entertain Yamamoto What about sir?"

Yamamoto never thought that this person was Qin Yan. He and Qin Yan have worked together for many years. The interests of the two are intertwined. What benefit does Qin Yan do?

"I know that Mr. Yamamoto is not willing to believe. After all, you have worked with Mrs. Kim for many years, but everyone is eating this bowl of rice. Mr. Yamamoto will not understand that there are only eternal interests and no eternal friends. Mr. Yamamoto dominates R The country's market is so long, and the profit margin is so low. Mrs. Jin has long been dissatisfied. This time she is looking for the cooperation of the leader of Ryan. One of the conditions is to cede the market of the country R to half of the leader of Ryan. You say Ryan Will the leader not agree?"

Eden's words also explain why Qin Yan would do this. Yamamoto's face was black, and he called Qin Yan a bite in his heart. He kindly came over to help, and this woman dared to count him behind his back.

Yamamoto believed in Eden's words for the first time. It is difficult for people in this class to truly believe in one person, especially two people like Yamamoto and Qin Yan who are tied together by interests.

The relationship between Qin Yan and Yamamoto was just Qin Yan's phone call. After mentioning the charm, Eden and Jin Enxi made a temporary decision. Only when the interest relationship between the two collapsed can Yamamoto no longer believe in Qin. What Yan said, even if Qin Yan had the opportunity to say Shen Qinglan's identity to Yamamoto, Yamamoto might not believe it.

"So you want to leave me now?" Yamamoto looked at Eden and said with a deep voice.

"Um, so to speak."

Yamamoto smiled. "Do you think you want to stay with you alone?"

"You can try it." Eden laughed, and the scalpel in his hand suddenly flew to Yamamoto. Yamamoto subconsciously hid back, and the man in front of him was already penetrated by the scalpel into the heart.

The gunshots sounded in the dark, and Yamamoto was hiding while fighting back. This is Ryan's old nest, with more people than Yamamoto, and better weapons than Yamamoto, and Yamamoto quickly lost.

The subordinates guarded Yamamoto's retreat, and the wasting manpower was accelerated. When Yamamoto fled to a safe place at the expense of most of his men, there were only three people left beside him. He was covering his arms, where he was covered. Eden fired a shot and was bleeding, and his shoulder was bleeding at the moment.

"Boss, let's go quickly now, in case they catch up, we'll be in trouble." The subordinate said anxiously.

Yamamoto's face was black. The loss this time was great, and all this was thanks to Qin Yan. When I remembered this woman, Yamamoto's face was blue, and I took out my phone and called Qin Yan, but I couldn't get through. It is even more true that Qin Yan and Ryan have set things for themselves.

"Damn woman, go back now, and then uproot me all the forces belonging to this woman in the country of R." Yamamoto made a big deal, but pulled the wound on his body, and the blood flowed faster.

"Yes."

In the hotel room, Qin Yan was still waiting for Ryan's reply, Ryan smiled, "My wife is so courageous, in order to show my sincerity, I did this business with my wife, and the price will be given to you according to half of the market. ."

"Lane leader really is the atmosphere, I do not know if we still have the opportunity to cooperate in the future?" Qin Yan chased after the victory.

Lane smiled lightly, "This depends on the sincerity of the wife." He did not give Qin Yan a clear reply.

Qin Yan was not in a hurry. Ryan clapped her hands and the door was pushed open again. It was a woman with a few glasses of wine in her hand.

"Mrs. Jin, since you have reached a cooperation, you still need to celebrate. This is the champagne I just got. It is very suitable for today's occasion. Shouldn't Mrs. refuse?" Ryan stood up and took the lead from the tray. a glass of wine.

Qin Yan chuckled, picked up a cup, and just planned to clink with Ryan, Ryan went and held her hand, "Mrs. Don't worry for now, today is a happy day, let these two also share our joy. "Ryan refers to a man and a woman who follow behind Qin Yan."

There are four glasses of wine on the tray, obviously for the rest, Qin Yan smiled, "Of course."

With the permission of Qin Yan, the two men went up to pick up the wine glasses.

"The two of you come too." Ryan greeted Shen Qinglan and Fu Hengyi.

Shen Qinglan and Fu Hengyi walked over. Qin Yan's eyes narrowed as she just touched the wine glass. "Wait."

Shen Qinglan and Fu Hengyi's movements froze and stopped there.

"Mrs. Jin, is there any problem?" Ryan asked.

Qin Yan did not answer his words, but looked at the hands of Shen Qinglan and Fu Hengyi. "How come this beauty's hand is so rough, it looks like the hand of a man."

Shen Qinglan did some treatment on his hands, and the skin looked very rough, even if it was smaller, but it was also a man's hand at first glance, but Fu Hengyi was different. His hand held the gun all year round, and the palm was thick. The thick calluses will not change much even if they are concealed, especially after they are put together with Shen Qinglan's hands.

"Haha, my wife is really watching carefully. This is my bodyguard. Since it is necessary to protect my life, the kung fu in my hand is indispensable. Isn't this rough hand normal? I see this around my wife. The hands are not delicate."

Qin Yan whispered her lips lightly, "Leader Ryan made sense, but it was just my abruptness, but if I just look at the height and hand of this beauty, I say she is a man, and some people will believe it."

"This lady is very curious about my wife." Shen Qinglan said, his tone slightly cold.

"I'm talking to my wife, who let you intervene." Lane murmured softly, Shen Qinglan immediately lowered his head, "I'm sorry the leader."

Ryan looked at Qin Yan, "Oh, these two are a couple, and the relationship is very good. Jesse doesn't want others to say her wife's height, but also hopes that his wife understands."

Qin Yan smiled, "It's very rare, but understandably, if I were a man and had such a beautiful wife, I would also protect her."

This matter seems to have been exposed, everyone raised their glasses and clink glasses.

Shen Qinglan and Fu Hengyi's eyes Yu Guang has been paying attention to Qin Yan's three people. When they saw the three of them drinking wine, the two looked at each other and raised their feet in a tacit understanding. Kicked to the ground.

The shock happened in an instant. Before Qin Yan reacted, the two men were kicked out by Shen Qinglan and Fu Hengyi.

The two's reactions were not unpleasant. One turned and jumped from the ground, and soon struggled with Shen Qinglan and Fu Hengyi.'

"Ryan, what do you mean?" Qin Yan asked with a cold face.

Lane chuckled, "Mrs. Don't worry, there are a few old friends here who want to see you. Your two bodyguards are too intrusive."

Qin Yan's complexion instantly changed, but forced herself to calm down and asked, "I don't know who these friends are. It's better to come out and meet each other. We can also tell the old."

Lane motioned her to look back. Qin Yan turned around and saw that her two men had been subdued by Shen Qinglan and Fu Hengyi.

Qin Yan looked at Shen Qinglan calmly, "I don't know who this friend is? Have we met before?"

Shen Qinglan stood up quickly and looked at Qin Yan, "Qin Yan, have you forgotten me so quickly?" She used her own voice and Qin Yan recognized it immediately.

"Shen Qinglan, it's you!" Qin Yan's eyes widened.

"Yes, it's me, why, I was surprised to see me? Didn't you let me come?" Shen Qinglan raised her eyebrows slightly.

"Shen Qinglan, I didn't expect that you really came."

"You have invited me in person. Isn't it too bad for me not to come?" Shen Qinglan smiled, but she was too ordinary now, this smile was not attractive at all.

Qin Yan's eyes were all on Shen Qinglan, and he didn't recognize Fu Hengyi at all. "Shen Qinglan, do you think you can leave me like that? Don't forget, Yamamoto is still out!" After the initial shock, Qin Yan has completely calmed down.

Shen Qinglan smiled slightly, "You might as well call Yamamoto to see if he will come to save you."

Qin Yan clenched her fists. Since Shen Qinglan said this, Yamamoto must be unable to contact him, that is to say, he is now completely helpless.

Shen Qinglan went on to say, "May I tell you one more thing, the few men you left outside should have gone to see Lord Yan now, and you don't have to expect someone to save you, and Yamamoto who you hope for, it is estimated that it is hard to guarantee at this moment."

Shen Qinglan did not know that Eden had successfully provoked the relationship between Yamamoto

and Qin Yan. Even if Qin Yan returned to R, she was greeted by Yamamoto's revenge.

"So are you going to kill me now?" Qin Yan asked.

Shen Qinglan shook his head, "No, it's too cheap to kill you. I was annoyed for the last time you escaped. I have to invite you back to be a guest this time."

Qin Yan sneered, "I am not afraid to be known about your identity now? Killer charm! Maybe you do not know, I have arranged it before coming here, as long as I can't return home within three days, your identity will be exposed, By then you will only be worse than me."

Shen Qinglan was not affected by her words, "Do you think people will believe what you say?" Alan had already given her the last piece of information, and was destroyed by Fu Hengyi. The things that could prove her identity in the world are gone.

"Believe it or not, you will know if you try it." Qin Yan's mouth raised, her smile strange, only Chu Yunrong believed.

Shen Qinglan's eyes were light, and he looked at Fu Hengyi. A gun appeared in Fu Hengyi's hand. The muzzle was facing the two men in uniform. Shen Qinglan looked at Qin Yan, "Speak, where are the people?"

She asked nothing, but Qin Yan already understood what she meant and smiled smugly, "Do you think I will tell you?"

"Bang" shot, and Qin Yan's female, named Huizi, was shot in the leg. "You can say nothing, but your two loyal men are gone."

Qin Yan sneered. "It's just two watchdogs. If you like it, I'll give it to you." She didn't care what she said, and she didn't pay any attention to the lives of the two men.

They spoke Chinese, and Ryan couldn't understand it, but he understood it all the time with Qin Yan's men.

Although it has long been known that the person he follows is a ruthless person, but really heard this from Qin Yan's mouth, it is inevitable that he will be hurt and sad.

Qin Yan doesn't care what the two think. In her heart, there are only two kinds of men. One is useful, and the other is waste that can be discarded at any time. It is classified as the latter.

She is now thinking about how to escape, but what she thinks, she is also difficult to escape.

"Qin Yan, don't think about it, you can't escape this time." Shen Qinglan saw her thoughts and spoke lightly.

"If you let me go, I can not tell your identity to others." Qin Yan looked at Shen Qinglan and said.

Shen Qinglan smiled slightly, "But I think it is more important to solve you than to be exposed."

"Shen Qinglan, do you really care if your identity is known?" Qin Yan tried to struggle.

"random."

"Bang." Another shot was fired, but the person who was hit this time was Qin Yan. She knelt on the ground and her face became pale instantly. Fu Hengyi's muzzle was still smoking with white smoke, and Qin Yan stared deadly. With Shen Qinglan, she suddenly smiled, "Haha, well, Shen Qinglan, since you intend to die with me, then I have nothing to say."

Shen Qinglan expressionless, "I will not die, I don't know, but you certainly can't live this time."

"Want to kill me now?"

"No, I want you to know that death is sometimes a luxury." Shen Qinglan raised her lips gently, looking at Qin Yan with a smile, her eyes dark, she could not see her emotions clearly.

The woman in front of him sent her own daughter into the fire pit and watched her die, and her fate also changed dramatically because of her. Yan Xi's life trajectory was reversed by her, Zhao Jiaqing's innocent death, her own Mother and family have been tortured by guilt for many years...

This piece by piece, how can make Shen Qinglan easily let her die.

"Bang." Another shot, this shot from Shen Qinglan, hit Qin Yan's other leg, and Qin Yan's painful face was bloodless.

Shen Qinglan squatted down in front of Qin Yan and lifted her chin, forcing Qin Yan to look into her eyes, "Tell me, why should Qin Mu be sent in, is she your biological daughter?"

Qin Yan's forehead was cold and sweaty, he couldn't help laughing when he heard Shen Qinglan's words, "Don't you already know the reason?"

"Just in revenge for Yan Anbang, don't you care about her blood still flowing from her? She was born after you were born in October after all, don't you feel a bit upset in your heart?"

Qin Yan's face was cold, "No? Haha, from the day I knew of her, I hated her existence, and she wouldn't even have the chance to come to this world unless it was to revenge Yan Anbang. Her existence is a shame for me. I wanted to strangle her, but still gave her a way of life. If she had enough skills, she could walk out there alive like you and die. I can only blame myself."

The coldness in Shen Qinglan's eyes gradually thickened, and her hand didn't know when a dagger appeared. When the hand was raised, Qin Yan's left hand muscle was cut off and Qin Yan screamed.

Ryan had gone out, and there were four people left in the whole room. Fu Hengyi abolished the hamstrings of the two, and then stood aside, which did not prevent Shen Qinglan from doing anything. He knew that Shen Qinglan's heart was called Qin Yan. If the wound is not vented, this wound will never heal.

"Oh, Shen Qinglan, you have learned so much in the base, and now there is only one way to torture people? Then you are far worse than Allen, you are an unqualified graduate. If Allen sees this scene, how disappointed he should be." Qin Yan didn't care about her injury. Since she can't get out, there is nothing else to care about, but it's just a life, it's a pity, The Shen family could not be destroyed.

"You don't need to irritate me, Qin Yan, you will know my means soon." Shen Qinglan spoke lightly, and Shen Qinglan was indifferent.

Shen Qinglan tapped lightly on his watch twice, and soon Eden walked in. "Eden, take good care of our Mrs. King, don't let her die so soon."

Eden looked blank, glancing at Qin Yan, "Okay."

"By the way, Mrs. Jin's body seems to be particularly resistant to that virus. You might as well use her as an experimental body. Maybe your research will soon have new progress." Shen Qinglan said indifferently.

Qin Yan's face suddenly changed when she heard this, remembering the virus that made her worse than life, a flash of instinctive fear flashed in her eyes, she looked at Shen Qinglan, her eyes evil, "Shen Qinglan, if you are so cruel, there will be retribution."

Shen Qinglan smiled, "I will not need to worry about whether I will have a retribution. You still have to think about how to atone for your first half in the future."

Eden directly dragged Qin Yan's collar and dragged her out, and did not mean to pity Xiangxixiyu, and the remaining two people, Shen Qinglan squatted down, "Your master is finished, if you want to die, hurry up Just tell me who Qin Yan arranged and where?"

Keiko bowed her head and ignored Shen Qinglan's words, the man was also indifferent.

Shen Qinglan raised her brow slightly, and thought that the two of them were very loyal to Qin Yan. They were both abandoned by Qin Yan and refused to betray Qin Yan.

What Shen Qinglan didn't know was that the two were originally beggars and were picked up and raised by Qin Yan. Qin Yan was not only a master but also a benefactor for them, and was brainwashed by Qin Yan for so many years. It is not so easy for them to betray Qin Yan.

Shen Qinglan only needs to glance at their eyes to know that this matter is basically no hope. After thinking about it, people will come in and send the two to Eden. Although they can't ask anything, they will be an experimental body for Eden. not bad.

Only Shen Qinglan and Fu Hengyi were left in the room. Fu Hengyi stepped forward to hold Shen Qinglan in his arms and spoke softly, "Don't worry, as long as we don't give Qin Yan a chance, Qin Yan's people won't succeed. Her There is no evidence in hand, and the possibility of wanton disclosure is unlikely. The biggest possibility is to start with an uninformed family member. We will go back first now and we will always think of a solution."

Shen Qinglan leaned on Fu Hengyi's arms and nodded. In fact, both of them knew that Qin Yan's greatest possibility was to take Chu Yunrong's surgery. After all, Chu Yunrong's illness was a good entry point.

Things here are going smoother than they had originally expected. After Shen Qinglan and Fu Hengyi thanked Ryan, they planned to go back to Beijing first, while Eden stayed here.

Jin Enxi also stayed here.

Sisley and Andre glanced at each other, "Andre, the matter ended too quickly, and we didn't have a chance to shoot." The regret on her face, she thought she could show her talents this time.

Andre smiled, "It's not that there are still three people left. If you are bored, just play with them."

Sisley's eyes lit up and patted Andrea's chest. "The idea is very good. Let's go quickly."

Facing Shen Qinglan and Fu Hengyi head-on, Shen Qinglan looked at her with excitement and asked, "Where are you planning to go?"

"Of course to greet Qin Yan. Xiaoqiang, who can't be beaten, was caught by us. It wouldn't be a pity to have such a good chance if she didn't greet her badly."

"You don't plan to go with me?"

Sisley waved her hand, "No, we'll go to the capital to see you another day, so you can go back with this Miss Bessie."

The original expressionless Fu Hengyi's face suddenly turned black when she heard Miss Bessie's words. She glanced coldly at Sisley. Sisley touched her arm. "Then, Ann, let's go first "" After talking, Andrea took him away.

"Jessie, we should go." Fu Hengyi spoke lightly, but the word Jess made Shen Qinglan grind his teeth. Shen Qinglan smiled slightly and took Fu Hengyi's hand. "Okay, let's go home now." "

They did not follow the same route as when they came, but went around in a circle and entered the border from the other direction.

Fu Hengyi raised his eyebrows and looked at Shen Qinglan's familiar way, and said slowly, "Have you walked this way before?" He has changed back to men's clothing.

Shen Qinglan nodded, "Well, it was probably eight or nine years ago. I once went here to perform a mission and stayed here for two months."

After crossing the national border, the two arrived in a small city. From the streets and buildings, it can be seen that it is very backward and the economy is very underdeveloped.

The two rushed all night and the sky was white and the stomach was hungry. Fu Hengyi knocked on the door of a family. It was a middle-aged woman who opened the door. "Hello, my wife and I came out to travel, but the result was not Be careful to get lost, and just come out now. You have finished all the food. Can you give us some?"

The woman's eyes looked around Shen Qinglan and Fu Hengyi, and they nodded as they looked like servants, "Yes, but my family only has white porridge buns."

"This is enough, thank you." Fu Hengyi thanked.

When they knocked on the door, they chose a family that looked pretty good. Only in such a family might there be extra food for the two, but in fact it is.

The woman quickly served Shen Qinglan and Fu Hengyi with two bowls of porridge and a few steamed buns. "You eat first, I'll take care of my baby first." She put the things down and left, looking at the attitude a little cold, Shen Qing Lan and Fu Hengyi didn't care about other people's attitudes, thanked them and picked up chopsticks to eat.

Until the meal was over, the woman didn't come out. Shen Qinglan took out a stack of banknotes from the wallet and put it on the table, then left here with Fu Hengyi.

Finally, he walked out of the town and overturned a mountain. The two people found a place where they could take a car. After much turnover, Shen Qinglan and Fu Hengyi bought a ticket and returned to Beijing.

They went there for almost three days, standing at the door of the house, but Shen Qinglan felt that these two days were as long as a century.

When I opened the door, I heard the sound of An An babbling from the living room. Shen Qinglan's eyes were full of tenderness, and he couldn't wait to walk in.

An An saw her mother, blinked and blinked, and then seemed to react. She burst into tears. The cry was so loud that she broke through the roof and shocked Mr. Fu who was resting on the second floor.

Shen Qinglan quickly stepped forward to hug her son and kissed him on the face. An An cried and cried while holding her mother's neck, her little eyes were filled with tears of grievance.

Grandpa Fu came out and saw the two, and turned back to the room.

Shen Qinglan comforted her son softly. Aunt Zhao saw that they were back and went to the kitchen with Aunt Liu.

Shen Qinglan coaxed An An for a while, An An kept crying by holding her neck, Fu Hengyi couldn't see it anymore, hugged his son directly, let him sit on his lap, and rocked gently, and An An wouldn't Cried.

Shen Qinglan looked at her son silently, so she just coaxed it?

"If your son cries in the future, please come and coax." Shen Qinglan said with a bit of taste. She is now found. Don't look at An'an and her more time. Since Fu Hengyi went to the army, every time he came back, An'an The time to stick with him is obviously much longer.

Fu Hengyi chuckled, "You go to take a bath first, I will take my son."

An An looked at Fu Hengyi without even looking at her mother. Shen Qinglan took two steps. Seeing that her son was really reluctant to reward her even in the corner of his eyes, he raised his eyebrows slightly and turned upstairs.

Fu Hengyi picked up the ducklings from Anan's pile of toys. This was his son's favorite. Anan held it in his hand. As long as he gently pinched, the duckling would bark. When the duckling barked, Anan cracked his mouth. laugh.

Fu Hengyi saw the three teeth he had grown and frowned lightly. He heard Shen Qinglan say that since An An began to grow teeth, he liked biting when he was breastfeeding.

Fu Hengyi picked up An An, walked into the kitchen to find Aunt Zhao, and inquired about An An's diet in recent days. Knowing that his son was eating well these days, even if he would drink a little milk powder, he considered weaning his son. .

After Shen Qinglan took a shower, An An was taken out by Fu Hengyi. Shen Qinglan and Aunt Zhao greeted her and went to Shen's house. She was going to see Chu Yunrong.

When passing the garden, Shen Qinglan could vaguely hear the sound of An An's excitement. Apparently Fu Hengyi was holding him to the flower house of the Shen family.

"Mom." Shen Qinglan saw Chu Yunrong watching TV and walked over to cry.

Chu Yunrong saw Shen Qinglan and waved with a smile, "Qinglan came and sat."

Shen Qinglan sat down next to Chu Yunrong and glanced at her, "Mom, how are you doing these days?"

Chu Yunrong held Shen Qinglan's hand and smiled lovingly, "Mom is very good, haven't you encountered anything with Hengyi?"

Shen Qinglan shook his head, "No."

Talking about Chu Yunrong's smile, Shen Qinglan and Fu Hengyi only said that they wanted to go out, but they didn't say why.

"Qing Lan, my mother has always believed in you, but I just couldn't react when I first knew about it." Chu Yunrong suddenly said.

Shen Qinglan was a little stunned, and then reacted that she said that she should have seen Li Xitong's return for the second time and smiled, "Mom, I didn't care."

Chu Yunrong had some guilt in his eyes. "It's because my mother's ears are too soft. In the past few days when you were away, my mother also wanted to understand. In fact, you did nothing wrong. You are protecting your family."

Shen Qinglan's eyes flickered, "Mom, Li Xitong's hand is mine, but it's not what I mean by her drug addiction. These are facts, and it's normal for you to accept the five moments." Ordinary wealthy wife, and because of her mental state, Shen Qian overprotected her a little, and the simplicity of her living environment made her have not experienced a life of deceit, and her knowledge of the dark side of humanity is actually very shallow. An unacceptable moment is the most normal reaction.

"Mum knows that Li Xitong will take this step today. In fact, her mother should also be responsible, and you are not wrong. The mother's ears are too soft. You don't blame her. My mother is very happy."

"Mom, these are small things, you don't have to worry about it, if you don't say I have forgotten."

"If Mom sees Qin Yan again in the future, she must be farther away from her." Chu Yunrong thought of Qin Yan and said.

Shen Qinglan did not say that Qin Yan had fallen into her hands now, but nodded, "Mom, this woman Qin Yan is not easy. One tragedy of the Yan family is enough."

"Well, my mother knows, and my mother will have a quick look." At this moment, Shen Qinglan and Chu Yunrong's identities seem to be changed. Chu Yunrong is the child who needs to be cared for by parents.

Shen Qinglan was taken aback by the thought that came to her mind, and then couldn't help laughing.

"Right mom, I need to paint a few pictures these days. An An needs you to take care of it." Shen Qinglan remembered that the person who was arranged by Qin Yan in the dark was not at ease with Chu Yunrong. Find an excuse to make Chu Yunrong have no time to avail.

Such busy Chu Yunrong is very happy to help, "OK, no problem." Shen Qinglan has no mother-in-law. Although there is an aunt in the family, the aunt takes care of where she takes it, and Chu Yunrong is willing to let Shen Qinglan Her help in bringing the children was also undesirable.

After talking about the business, Chu Yunrong and Shen Qinglan chatted a few more gossips, and then Fu Hengyi came in with An An in his arms.

An An had just returned from a walk with his dad and was in a good mood. Seeing everyone was smiling, the saliva at the corners of his mouth was flowing out. Shen Qinglan took a paper towel to wipe his saliva. Since An An began to grow his teeth, his saliva has been very much. Chu Yunrong specially made a small scarf for him for a few days and wrapped it around his neck so that the saliva would not get dirty clothes.

An An is already able to crawl now, and he is particularly active. When he just walked into the room, he waved his arms and wanted to come down. When Fu Hengyi saw him, he placed him on the carpet in the living room.

This is an event place specially prepared for An An. The carpet is very thick, so there is no need to worry that An An will hurt himself. A variety of small toys were placed on the carpet. An An crawled and babbled in his mouth. It is estimated that only he could understand what he was saying.

An An climbed to the edge of a bear, then stopped and reached for the bear. This bear was the size of an adult's slap. An An held it in his hand and shook it. Then he handed the bear to Shen Qinglan, and Shen Qinglan took off Shoes, sit down next to his son and play with him.

An An saw that Shen Qinglan had taken the bear, his big eyes blinked, his grinning eyes narrowed into a slit, crawling around Shen Qinglan, picking up some small things from time to time and stuffing Shen Qinglan, soon, Shen Qinglan's In his arms are his son's toys.

Fu Hengyi also asked for leave this time, so she returned to the army that afternoon. Before leaving, Fu Hengyi was still a little uneasy. "If anything, you must call me." Although Qin Yan caught this time, but They don't know how much Qin Yan's power is. If Qin Yan's men come to him, then Shen Qinglan is equivalent to being helpless.

"Relax, it won't be a problem, I will stay at home these days and will not go out." Shen Qinglan said.

Fu Hengyi nodded, "Remember what you said and wait for me at home."

"Fu Hengyi." Just when Fu Hengyi was about to get on the bus, Shen Qinglan stopped him and then

stepped forward to give him a hug and lowered his voice and asked, "Will this matter not cause you trouble?"

Fu Hengyi patted her shoulder, "No, you dressed me up like that, do you think people will recognize me?"

Shen Qinglan thinks of Fu Hengyi's women's clothing, her eyes are full of smiles, she feels that this matter is enough for her life.

Seeing the smile in his wife's eyes, Fu Hengyi knew what she was thinking. While others were not paying attention, she gently slapped on Shen Qinglan's buttocks, "This account will be counted with you next time I come back."

Shen Qinglan was a little dazed by Fu Hengyi's sudden movements. Fu Hengyi saw her in a dumbfounded manner, her eyes flashed slightly, and she bowed her lips and kissed her, "Okay, I'm gone. Call me if something happens ."

Shen Qinglan took the initiative to withdraw from his arms and watched him go away before returning home.

In the evening, Shen Qian's phone came in, and Shen Qinglan remembered that he had told Shen Qian that he had investigated the matter and then he would call him. As a result, she left the matter behind.

"dad."

"Qinglan, did things get clear?"

"It has already come to fruition. The person who contacted Mom was Qin Yan. The reason why Mom went to see Li Xitong was Qin Yan."

Shen Qian frowned, "Why is this Qin Yan suddenly appearing in the capital." Then what she thought of, her eyes changed slightly, "Her goal is the Shen family?"

"Well, but she can't jump now."

"Qinglan, what did you do?"

"Dad, it's a trivial matter, it's solved."

"Qinglan, no matter what you do, Dad has only one requirement for you, protect yourself, don't let yourself get hurt, and if there is any problem that can't be solved, you must tell Dad that Dad can hold up for you, You are a girl, you can hide under your father's wings."

Shen Qinglan glanced at the warm stream, "Dad, I'm safe."

"That's good, no matter what happens at any time, you can find Dad."

"Okay, thank you dad, you should pay attention to your body in the army alone." Shen Qinglan finally urged.

In the next few days, Chu Yunrong basically came to Fu Family to help Shen Qinglan take the children every day after eating breakfast. Old Master Shen did not want to stay at home alone, but also came with him, and Fu Family was suddenly lively.

The children are taken care of, and An An is not so sticky now. Shen Qinglan, the mother of Shen Qinglan, is the most leisurely. She simply shut herself into the studio.

Daniel made a phone call to Shen Qinglan and knew that she was concentrating on creation, and that was a relief and joy in her heart.

"By Qinglan Baby, I recently received a message that in May next year, an oil painting competition will be held in the M Congress. The competition is all young painters in the field. I hope you can sign up."

Shen Qinglan frowned, "Must participate?"

"Not necessarily, but this is a rare opportunity. It is a young painter competition jointly organized by several Taishan Beidou in the industry. It is only good for you to participate. There is no harm in you. Do you not want to participate?"

"That's not true. I can participate in May next year, but I still need to participate in it..."

"It's painting on the spot. If you participate, I will sign you up."

"Registration for May next year is now started, so early?" It is only now in November, and it is too late to register three months in advance.

"Official news has not been announced yet, I am inside information, I need to seek your opinion first." Daniel explained.

Daniel has always been well informed in this regard, and he is his own agent. Since he hopes to participate, it must be for her goodness. An An is also one year old in May next year, "OK, please sign up for me. Wait You come to your house a few days and take away the painting. I only drew two paintings this time."

"No problem." Daniel smiled and finished talking about the business, Daniel began to care about Jin Enxi, "Qinglan, do you know where Enxi went? I couldn't get through calling her three days ago."

"She went out to do something for me, and came back in a few days, there will be no danger." Shen

Qinglan looked faint.

Daniel knew that there was no danger and was relieved. "Then, you can continue to paint with peace of mind. I won't disturb you. Say hello to An An baby for me. I will visit him in two days."

"it is good."

Shen Qinglan came out of the studio and found that Pei Yining came with Pei Hao. Hao Hao was sitting on the carpet to play with An An. The two children clearly couldn't understand what the other was talking about, but they were very happy.

"Auntie." Hao Hao saw Shen Qinglan get up from the ground and hugged Shen Qinglan's leg. "Aunt, do you miss me?"

Shen Qinglan bent over and kissed Hao Hao's face. "Well, think, Hao Hao doesn't have to take classes today?" Recently, Pei Yining reported several interest classes to Hao Hao. Hao Hao's free time is no longer like before So much.

Hao Hao was kissed by Shen Qinglan, his face was blushing, and he was shy. He heard Shen Qinglan's words and nodded. "No class today, my mother said that I will be on vacation today. Take me to see my brother, aunt, and I will bring you gifts today."

With that said, let go of Shen Qinglan and ran to his little schoolbag, and took out a small purse stringed with pearls, "Auntie, this is what I did in the handcraft class yesterday, teacher Praise me, is it pretty?"

Shen Qinglan took the purse. The purse was not big. The size of her slap was rough. But for a child who was only four or five years old, it was not easy to make a rough shape.

"It looks good, Haohao is great."

Haohao smiled and said, "Auntie, then this one will be given to you. When I do better later, I will give you a more beautiful one."

"Is it really given to my aunt?" Shen Qinglan teased him, "My mother was gone after giving it to my aunt."

"Well, I gave it to my aunt." Hao Hao nodded solemnly. "Mother is older than aunt. She should ask her aunt. This is what the teacher said, just like I want my brother."

Pei Yining was still eating. When the son made the handicrafts, the first thought was that the person he wanted to send was not himself. Then, when he heard his son's modest words, he suddenly laughed.

Shen Qinglan held Haohao in his arms and kissed him again in the face. "Thank you Haohao, my aunt likes it very much."

Hao Hao lowered his head, twisted his fingers, and whispered, "Auntie, the teacher said that I am a boy, girls can't kiss boys casually, and boys can't kiss girls."

Shen Qinglan's mouth slightly raised, "Really don't want auntie?"

Haohao's small brow frowned into a wavy brow. After thinking for a long time, he whispered, "That's not to kiss too much, only once."

Shen Qinglan finally couldn't help laughing.

#### **428 Chapter**

Shen Qinglan looked at Hao Hao's cuteness and was amused by him, hugged Hao Hao, "How can you be so cute?"

Hao Hao blushed, An An looked at her mother holding other children, thought she was playing a game, and extended her hand to Shen Qinglan, screaming, Shen Qinglan's attention was quickly attracted by her son .

Pei Yiningqiang hugged An An first, "An An, your brother doesn't like me, do you like me?"

An An turned his head to see Shen Qinglan, apparently wanting Shen Qinglan to hug, Pei Yining tasted, "Qinglan, both of you like you, both of you are born."

As soon as Haohao heard this, he put his small hand on his back and said seriously, "Mom, I like you too. Don't be jealous. Your aunt is younger, you have to let your aunt."

In a word, the people in the living room laughed. Pei Yining looked at his son and smiled helplessly, reaching out to squeeze his small face, "You are a living treasure."

Haohao patted Pei Yining's hand, "Mom, men and women don't accept each other, I am a boy, you are a girl, you can't pinch my face like this."

Pei Yining: ...When I went back, I told my mother that I wouldn't show Hao Hao these messy TV shows in the future. Where did I learn the words?

"Do you know what it means to give or receive a man or woman?" Pei Yining asked him.

Haohao rolled his eyes. "Isn't that what I said? I'm a boy. You're a girl. You can't pinch my face."

Haohao's expression of "mum stupid".

Chu Yunrong's stomach was amused by Hao Hao's amusement, and Pei Yining felt his hands itchy, and wanted to pull this stink boy over for a fight?

"Then how could your aunt kiss you just now?" Pei Yining was unbalanced, and he got up with his son.

Haohao looked at Pei Yining silently, "Mom, are you jealous of your aunt? The TV drama said that girls are jealous like you."

Pei Yining: "... Pei Hao, if I go home and let you watch these TV shows again, I will have your last name!"

As soon as these words came out, Shen Qinglan smiled, and Pei Yining only reacted to his stupid words, and was speechless to himself.

The two children in the family immediately became lively. Shen Qinglan took Hao Hao and An An to play on the ground, while Pei Yining sat with several elders and spoke.

"Qinglan treats children more patiently than me." Pei Yining looked at Shen Qinglan's figure and said with a smile.

Chu Yunrong heard the words and nodded, "Yeah, she always has better patience with children."

"I can't do it now, auntie, you don't know, Haohao is more difficult to manage than before, and I don't know who I am like, I am often so angry that he can't speak." Although Pei Yining said so, But the smile in his eyes can't deceive people.

"It's all like this. An'an is still very young. After a few years, Bao Zun is also a solid person. Hao Hao is already the most obedient child I have ever seen. Yi Ning, you taught very well." Chu Yunrong Patting Pei Yining's hand, saying this is also out of sincerity.

"Yining, don't blame your aunt for being long-winded. Now Hao Hao is also sensible. You should also consider your lifelong event. Your mother has told me several times that she is very worried about you."

The smile in Pei Yining's eyes faded. "Auntie, this kind of thing depends on fate. I haven't met the right one for now. Let's do it first. Maybe I will meet someday, or maybe I will marry myself right away. Now."

"Yining, aunt knows that your mind is on Haohao all these years. Even if you are looking for an object, Haohao is the first thing to consider. There are some things that your mother is inconvenient to tell you. Chen Xi likes you, what do you do to him?"

Pei Yining lowered his eyes, "Auntie, don't say it, it's impossible for me and him, we are not suitable, and I don't want to delay others."

"Is it because of his parents?" Chu Yunrong saw the problem at the last hundred-day banquet in An'an. He didn't mention it because he couldn't find the opportunity. Since this time, he just mentioned it here. That's why Chu Yunjin asked her before.

"Auntie, not only this problem." She and Jiang Chenxi were separated by more than a family.

"Auntie, I know what you and my mother are worried about. I have a sense of this in my heart. If I meet the right one, I will definitely not miss it. You should put your heart in your stomach." Pei Yining said with a smile.

When Chu Yunrong saw that she was really unwilling to continue to talk about this topic, she changed her mind and said, "It's fine if you have your own."

Although Shen Qinglan was playing with two children, the conversation between the two was heard. She glanced at Pei Yining, withdrawn her gaze, and planned to ask Shen Junyu someday.

prison.

Li Xitong waited for three days, but did not wait for the slightest news. She went to the woman who contacted her, and the woman just impatiently asked her to continue waiting.

"Wait, you always let me wait, when will I have to wait? It was you who took the initiative to find me, and I have done what you said, but there is no news yet, should you? Would you like to repent?" Li Xitong's face was full of anger. Anyone who had to be angry would be angry. This group of people was simply blaming her.

The woman has some thoughts about what Li Xitong is thinking about. These days she is also very irritable, just because she has lost contact with outsiders, that is to say, she can't even get out of it now.

According to the original plan, as long as Li Xitong completed the task, they would take her out, and then take the money to live a happy life, but now?

"You are talking, when will you keep me out?" Li Xitong was restless.

"You are enough. I have already told you about this. It will take time to keep you going out. Are you in a hurry and useful now? Wait patiently and let you go out."

Li Xitong grabbed the woman's arm with a sullen face, "Actually, you never intended to let me go out, did you just use me to fight Chu Yunrong, right?"

The woman wanted to get rid of Li Xitong's hand, but she didn't know where the strength came from, she held it tightly, and the woman didn't succeed even after she shook it, "If you have something to say, if the prison guard sees it, we both It's hard to get out." The woman pressed her temper and said to Li Xitong in a good tone.

It's just that Li Xitong is very upset at the moment and can't even listen to the woman's words, "You don't want to tell me these useless nonsense, you just tell me, when can I go out, give me a specific day, if you don't give me On a clear day, I went to the prison guard now to apply, to marry Chu Yunrong, and then told her that those words were all false, and someone forced me to say so."

The woman's face sank. In fact, she was not very clear about this matter. She was also a chess piece selected by Qin Yan. Qin Yan agreed that she wanted to give her a good life. Now she is all inside. Where can I find Liu Lixitong.

Break Li Xitong's hand hard, "You tell, do you think I will care? It's just an abandoned child who was thrown away after being used, and even expecting people to rescue you, it is simply stupid." The woman said When I said this, a sorrow flashed in my eyes, I don't know whether I was talking about Li Xitong or myself.

Li Xitong's face changed instantly, grabbing the woman's neck with a crazy look, "You gangsters, dare to lie to me, I strangle you."

The woman was strangled by her neck, and naturally it was impossible to sit still and struggle. She was not like Li Xitong who grew up spoiled since she was a child. Her strength in her hand was much greater than that of Li Xitong. After she broke the shackles of Li Xitong, she sat directly On Li Xitong's body, a bow was made around her face.

Li Xitong was crushed to the ground, without any resistance, he could only be beaten passively.

"Sister Li, look, Li Xitong was beaten." A woman stood at the corner and saw this scene, and said to Sister Li.

Sister Li looked at this scene with cold eyes, and looked indifferent, "Go, attract the attention of the prison guards, don't let her notice this scene, someone will help us to teach Li Xitong, we always have to help."

The woman smiled, "Sister Li, I understand, I will go now."

The woman was tired and stopped. Li Xitong's face had already swollen into a pig's head. The woman spit on her face. "Don't dare to deal with me, I can't beat you, I dare to come to me later, be careful of me See you once and beat you once."

The woman walked away bitterly, Li Xitong lying on the ground, looking at the blue sky, suddenly burst into tears.

When Shen Qinglan received a call from the prison, Chu Yunrong was feeding Anan with apple puree.

"This is the Shen family. Which one are you?" Shen Qinglan asked politely when he heard the strange voice.

The person on the other end of the phone stated his identity. "Hello, is there Mrs. Chu Yunrong Chu? This is XX prison."

Shen Qinglan's eyes flickered, "I'm Ms. Chu Yunrong's daughter, my mother is temporarily away. What do you tell me, I tell her the same thing."

The prison guard didn't think much, just thought that Li Xitong made an application, and wanted to see Chu Yunrong's side. It happened that Chu Yunrong looked at it. Shen Qinglan told her things softly, and the smile on Chu Yunrong's face Faded, "I'm not going anymore."

Shen Qinglan understood, and said to the prison guard, "I will see her tomorrow."

Hanging up the phone, Chu Yunrong looked at Shen Qinglan, "Qinglan, what are you going to see her for?"

Shen Qinglan smiled, "Go and see what she wants to say this time, and Li Xitong is a person who doesn't achieve her purpose. If she doesn't go, she will fight all the time. Mom, if you don't want to go, stay with An An at home."

Chu Yunrong nodded, "Yes, I'll take An'an with me at home." He didn't mention Li Xitong.

The next day, Shen Qinglan drove to the prison alone.

Li Xitong knew that his application had been approved early in the morning, and someone would come to see him today. He woke up early in the morning, and her eyes were full of tension. The words she said the first two times were very unpleasant, and now she is not sure whether Chu Yunrong Willing to help her, but since she is willing to come to see herself, she should have a little friendship with herself.

"How could it be you!" Li Xitong was excited when he saw the person who appeared in front of him.

Shen Qinglan raised her eyebrows, "Who else do you think it is? My mother? That really disappoints you. My mother is not willing to see you at all. If you want to see her, I am afraid it will not be so easy."

"Shen Qinglan, it's you! It's you who don't want to let my mother see me right, you vicious woman, why don't you die!" Li Xitong's expression was terrible, if she wasn't separated, I'm afraid she was already rushed up now.

Shen Qinglan looked at Li Xitong's swollen nose and blue face, embarrassed, and shook his head. "I don't see you in a year. I didn't expect you to be like this now, or is it because you deliberately made yourself like this so that I can get sympathy from my mother?" "

"Shen Qinglan, you vicious woman, you get me off, I don't want to see you, you let my mother come, I want to see her as her."

"Allow me to correct you a little bit, your mother-in-law has already ran away, and you are not a member of the Shen family now, nor is my mother your mother." Shen Qinglan looked faint.

Li Xitong stared at Shen Qinglan deadly, "Shen Qinglan, I will come to this step today. Who is the gift of worship? Are you afraid of retribution?"

Shen Qinglan's mouth twitched lightly, "Retribution? Li Xitong, you are now called Retribution."

"Shen Qinglan, I hate you."

"Please, as long as you are happy." Shen Qinglan said indifferently.

The anger in Li Xitong's heart grew stronger and stronger. Just when Shen Qinglan thought she would continue to erupt, she suppressed her anger and hatred, and the whole person suddenly calmed down.

Shen Qinglan's eyes flashed a bit of interest.

"Shen Qinglan, please let me see my mother." Li Xitong finally lowered her noble head.

"It's not that I didn't let her see you, but she didn't want to see you herself." Shen Qinglan said the truth, but Li Xitong didn't believe it at all.

"I know you hate me, hate me and robbed you of Miss Shen Jia's identity, and robbed your mother's favor, but now you have taken all this back, haven't you? And you have robbed Fu Hengyi. If you go out, you are in disrepair. Isn't that enough threat to you? Isn't that enough? I want to go out just to live." Her tone was sad.

Shen Qinglan watched her performance quietly and waited until Li Xitong had finished speaking, then she spoke slowly, "Li Xitong, you still don't understand where you are wrong."

Li Xitong was never hurt by Shen Qinglan, but by her own greed, always expecting something that did not belong to her, and she did nothing for it.

"No, it's my fault. I shouldn't have entered the Shen family at all, but I have paid the price anyway, and you have won everything. Why would you want someone to hit me? Do you really want that? My life?"

Shen Qinglan wanted to laugh very much. The woman in front of her who said that she was at fault was really considered to be at fault. "It's not me who made you hit you."

Li Xitong couldn't believe this at all. In her eyes, this was Shen Qinglan's hypocrisy and sophistry.

Shen Qinglan doesn't care what she thinks, she can explain that she is already in her few goodwill, "I'm here today to tell you that you can come out safely after serving your sentence, and don't engage in these useless tricks. My mom won't come to see you now, and I won't allow her to see you in the future. If you want to use her compassion to do anything, you can give up now."

Shen Qinglan got up and planned to leave, Li Xitong stopped her, "Shen Qinglan, I beg you to let me go, even if you don't want me to go out, don't let anyone beat me, please."

Shen Qinglan looked at her calmly, "You still don't believe me, I said, it's not that I let you beat you, let alone Fu Hengyi, you know what you offended."

"Okay, even if it's not you, you have made me a waste person. I am now confessing my life. I just want to live safely and securely. Even if I go out later, I won't bother your family. Isn't life like this?"

Shen Qinglan suddenly felt very boring, why should she come to see Li Xitong?

"Li Xitong, please do it for yourself." She really left this time, letting Li Xitong shout hysterically behind her.

Sitting in the car, Shen Qinglan was thinking about who was so against Li Xitong, not her, or Fu Hengyi, or anyone from the Shen family. The light flashed in his mind, and Shen Qinglan's eyes were soft. Flashed a little, sighing slightly.

Back at home, Chu Yunrong didn't ask Shen Qinglan what Li Xitong said, as if she didn't know what she was doing. She was still busy around An An, and Shen Qinglan didn't take the initiative to tell her this.

After Shen Qinglan left, Li Xitong's life was no different from the past, and even worsened. She made several requests to see Chu Yunrong, but all of them were rejected by Shen Yunlan in Li Xitong's eyes. She deliberately blocked and prevented her from seeing Chu Yunrong, which made her hate more and more intense, but it was a pity that she was destined to go out.

A month later, Li Xitong finally chose to commit suicide because he couldn't stand the beating and humiliation of Li Jie and others. When he was discovered, his body was already cold.

Of course, these are words.

\*\*\*\*\*

Senhai Bie Zhuang, Han Yi's home.

Yu Xiaoxuan looked at someone with cold eyes while having breakfast.

"Xiao Xuan, try the fried buns. I bought them from your favorite fried bun in Chengbei." Han Yi put a fried bun into Yu Xiaoxuan's bowl and said flatly.

Yu Xiaoxuan glanced at Jianbao and silently withdrew his eyes. "I don't like to eat Jianbao now." The tone was very cold.

Han Yi smiled and sandwiched the fried buns in his bowl. "It's okay, then try this soup dumpling, which was just out of the pot."

"I don't like meat in the morning."

"Then try this vegetable porridge, delicious and nutritious." Han Yi pushed another vegetable porridge to Yu Xiaoxuan.

Yu Xiaoxuan pushed away silently and continued to eat the white porridge in his bowl without looking at Han Yi.

Han Yi was very hard-hearted. He glanced at the newspaper on the table and tried to draw it away, but Yu Xiaoxuan held it. "I haven't finished reading it yet."

"Don't read the newspaper while eating, and this kind of newspaper reports are all non-nutritive gossip news, there is nothing good to read." Han Yi said humorously.

Yu Xiaoxuan pressed the newspaper to keep it from moving, "Then I have to read it, but there is the headline news of my husband. I don't read it too much."

Han Yi heard that he was really crying, looking at the newspaper on the table called a gritted teeth.

Yu Xiaoxuan was relished while reading the newspaper. "The gossip news with Xiaobai porridge is very good." She said quietly.

Han Yi's heart shook and he laughed, "Xiao Xuan, you are still a pregnant woman. Eating white porridge is bad for your health, or drink vegetable porridge."

Yu Xiaoxuan smiled and squinted, but it was all smiles and smiles. "Why wouldn't it be nutritious

enough? With my husband's lace news as a side dish, I think the nutrition is very good."

Han Yi was about to cry, "Xiao Xuan, I was wrong. I will never give people the opportunity to hype me again."

Things have to start from a few days ago. Since Yu Xiaoxuan announced that she was pregnant, she was completely quiet at home and did not take any work. She went out a few days ago and was photographed by the paparazzi during pregnancy because she was pregnant. The body is blessed, and it can be said to be the same as before, and some of the actresses who were dissatisfied with Xiao Xuan once said some sour words.

This is nothing. After all, there are many people who are jealous of her. She has been used to it, but at this time Han Yi accidentally was taken photos of entering and leaving the hotel with a popular joke, and then the news that Yu Xiaoxuan was abandoned spread throughout the entertainment circle.

Yu Xiaoxuan didn't know it originally, so he received a call from Gu Kai, explaining that Han Yi was actually with him that day. The two of them met the actress, but because of the angle of the photo, he didn't shoot him in. , And then this storm broke out.

In this regard, Yu Xiaoxuan did not care about it, and stayed in the entertainment circle for a long time. This situation has been seen much more. What is more important is that Han Yi sees her in her eyes and does not believe Han Yi so much.

So when Han Yi came home and wanted to explain, Yu Xiaoxuan showed his attitude and didn't care.

It would be nice if the matter was over here. The actress did not know if it was intentional, or it was really a coincidence. In the next few days, she would always have an encounter with Han Yi, and then the paparazzi could take such a coincidence, Once or twice is a coincidence, and the more frequent the coincidence has become a fact, so these days the entire entertainment industry is talking about Han Yi derailed, Yu Xiaoxuan was abandoned.

Han Yi is also very hard pressed. Everywhere he goes, he can meet a woman who is not distracted. It is simply blood mold. The current news is already the result of his suppression. If he does not intervene, it is estimated Now the paparazzi have come to his house.

Is Yu Xiaoxuan angry? That must be angry. She was angry not at the newspaper saying she was abandoned, but at Tang Mina.

That's right, the actress who has been scandalous with Han Yi these past few days is Tang Mina who was found disqualified after giving medicine to Yu Xiaoxuan in the original election.

She was not taken by Sheng Xuan, but she happened to coincide with the rival company of Sheng Xuan. She didn't know what method she used. The other company sang her, even if she had no acting skills, she also took her as a small flower .

Don Mina also specifically called her yesterday, and she was proudly showing off.

Yu Xiaoxuan sneered and wanted to tell her that her so-called empathy man was lying on her bed in Yu Xiaoxuan.

"Xiao Xuan, don't be angry, I will solve this woman immediately." Han Yi assured.

Yu Xiaoxuan patted the newspaper on the table, "Without you, this time I come by myself, you will show it to me while staying."

Han Yi was stunned. This domineering Yu Xiaoxuan was the first time to see him, but it felt like he was protected by his wife.

Yu Xiaoxuan finished her breakfast quickly and didn't touch the breakfast bought by Han Yi. Although she said that she believed Han Yi, she always made news like this, and Yu Xiaoxuan was not angry with him, little. It is very necessary to punish Han Yi.

After finishing breakfast, Yu Xiaoxuan directly picked up the phone and opened Weibo, and then sent a status-[Thank you for your care in the past few days, Han Yi and I are very good, and for the previous false reports, Just look at it, I also advise some people to say, instead of pulling the hot scandal, it is better to exercise your acting skills, and, don't send my husband some ambiguous news and pictures, otherwise I You are welcome.

And it's directly to Don Mina.

Well, this time Weibo fry pan, and Yu Xiaoxuan, the creator, shut down after finishing Weibo, and then lay on the sofa watching TV.

Tang Mina was specially came out by Yu Xiaoxuan, and her face was so angry that if it was not the wrong occasion, she was probably going to go viral, but just did not wait for her to think about how to fight back, Han Yi responded on Weibo-- Wife worked hard.The picture is a picture of him kissing Yu Xiaoxuan's belly.

The photo was taken at home. Yu Xiaoxuan was wearing a home uniform, with a plain face and a bloated figure. He was lying on a recliner and closed his eyes to bask in the sun. Han Yi squatted beside her and kissed her belly with a tender expression.

There is no explanation for the current news, but it is more humiliating than explanation.

And then, Sheng Xuan's official Weibo also responded, giving the full version of the photos taken in the newspapers these days. Every time Han Yi was surrounded by someone, and that person was not Tang Mina. Even the so-called restaurant private meeting was Han Yi and customers eating, and Tang Mina stepped up to talk.

The entertainment circle is a place where the water is not deep. Any wind and grass can make people write a world war, not to mention Yu Xiaoxuan and Tang Mina torn X.

Tang Mina was half-dead by Yu Xiaoxuan, but originally it was her taking Han Yichao scandal. The two had no actual relationship, even if she wanted to come up with any favorable evidence.

"Qinglan, you said it was funny." Yu Xiaoxuan lay on the sofa of Shen Qinglan's home and smiled forward and backward.

Shen Qinglan looked at her helplessly, "You'll be more leisurely, don't fall."

Yu Xiaoxuan hummed, "Tiger doesn't show his power, she Tang Mina, when I was hellokitty, I didn't care about her previous things, this time, I even pulled my man to fire scandals to see how I deal with her."

"How do you want to deal with her?" Shen Qinglan was also curious.

"I can't tell you for the time being. Just look at it. I want to let Tang Mina know that I am not a soft bun. Anyone who wants to squeeze can squeeze a pinch, and someone who rests to watch the lively egg hurts, don't Three days, I hoped that I would be abandoned, and I was really upset." Yu Xiaoxuan said that he was also overwhelmed by these things in the entertainment industry.

"You can leave it to Han Yi to do it." Shen Qinglan spoke lightly.

"Then I can't hide behind him every time I encounter something. I want to be as strong as you, becoming a woman who can stand side by side with Han Yi, instead of being like dodder grass, only Catch and request." Yu Xiaoxuan looked seriously.

Shen Qinglan looked at her and smiled, "Xiao Xuan, you grew up and matured."

"Hey, that's for sure. I'm a mother, so I must grow up." Yu Xiaoxuan laughed.

"Don't get angry with Han Yi this time?"

"Birth, why not be born, this dead man has been photographed so many times, I wonder if he is intentional, I haven't ignored him in these two days, I want to take him cold, let him be serious I really reflect on myself." Yu Xiaoxuan said that there was something wrong, but Shen Qinglan saw from her eyes that she was not really angry at all.

Slightly smiled, "You are now a pregnant woman, angry is not good for children."

Yu Xiaoxuan patted his round belly and sighed, "When I talk about this child, I am depressed, Qinglan, how can you say that the difference between people can be so big, you only have a fat belly, I am pregnant, the whole person is fat It became a ball. I still ate according to the recipe made by the

dietitian. If I let myself eat it casually, wouldn't I even be able to walk now?" She cried with a sad face, as an actress, She has very strict requirements for her figure. Every time Sister Linda comes to see her, her eyes are very strange. Yu Xiaoxuan always feels that her back is chilly. Of course, she knows that when she comes back after delivery, Linda Sister will destroy her.

Shen Qinglan comforted her, "People have different physiques. You are now fat. When you give birth to a child, you will lose weight quickly."

"Hey, I hope so. I remember that there was an actress in the circle before, and she has been giving birth to children for more than a year. After exhausting all kinds of methods, you can't lose weight, and even the resources are affected. It's pretty hard to think about it. Sad."

The entertainment circle is a particularly realistic place. Although Yu Xiaoxuan has not experienced the unspoken rules, it does not mean that she has not seen it. She can maintain the current mentality. In addition to sticking to her own heart, it is also the result of Han Yi's protection. .

Seeing more, Yu Xiaoxuan was more grateful to Han Yi in his heart. This man really did stand in front of her and protect her from the wind and rain. It was precisely because of this that she had to let herself grow up, otherwise she would stand alone. Long time ahead, if it will be tired.

When Yu Xiaoxuan came, Han Yi could not not follow, but Yu Xiaoxuan wanted to talk to Shen Qinglan alone. Han Yi, who had nothing to do, went to chat with Mr. Fu. When he went up, Mr. Shen was talking with Master Fu is playing chess.

"Grandpa Shen and Grandpa Fu, it's not bad that you two lived a small life." Han Yi smiled.

"It's Han Yi, come in and haven't seen you for a while. How did you think of coming over today?" Master Fu asked with a smile. Fu Hengyi was basically at home when Han Yi came.

"Xiao Xuan wanted to talk to the younger sister-in-law, and I sent her over." Han Yi found a chair and sat beside the two old men, watching them play chess, "Two grandpas, you continue."

"Then take a look at it, but don't talk." Mr. Shen said.

"Yes. I promise to be a gentleman." Han Yi assured.

"Han Yi, Xiao Xuan is about to give birth?" Master Fu asked, looking at the chessboard while touching his beard.

"Not yet. It's only over six months now. It should be born in March."

"Is the sex determined?" Mr. Shen said.

"Xiao Xuan and I haven't asked the doctor. Whether it's a boy or a girl is the same, we all love it, so we

don't ask specifically."

"Well, that's fine, you don't have a female elder in your family. If you don't understand anything, call your aunt Fu or Aunt Shen, you don't have to be polite with them," said Mr. Fu.

"Haha, Grandpa Fu, don't worry. I don't know. I haven't been polite to you. There are aunts and nutritionists at home. There is no problem for the time being, and I have already contacted the confinement center. Until Xiao Xuansheng After that, I lived in and let the professional Yuesao take care of the child and her. I believe it will be fine."

"You just have to arrange it, Xiao Xuan is young, and is the first child, you have to take care of it, don't let her be wronged." Old Master Shen told, Yu Xiaoxuan was a good friend of his granddaughter, and lost It is inevitable that people will be distressed when they have parents.

"Grandpa Shen, I always treat her as an empress, where dare to let her be wronged." Han Yi shouted injustice.

"What's the news in the newspaper?" Mr. Shen smirked.

"Grandpa Shen, you still read entertainment news." Han Yi was surprised.

"You are the only one who I am not talking about. If you are already married to Xiao Xuan, you must take care of it, except for those flowers and plants that should be removed." Old Master Shen thought that Han Yi's old fault had been committed again.

Han Yi really felt wronged this time, "Grandpa Shen, this really has nothing to do with me. I was used by others. I was hyped."

Mr. Shen looked at him fixedly, "Really?"

"It's truer than pearls, Grandpa Shen, don't you understand me? Although I used to be a little bit hard, I never lied."

"Okay, your kid tells too few lies, but since the report is not true, let's eliminate the impact as soon as possible. Xiao Xuan's child looked at it with great care, but you can't ignore her feelings, girl. , And give you a pregnant baby, you have to hurt a little bit."

"Grandpa Shen, I think you have changed." Han Yi looked at the grievance of Grandpa's face, and Grandpa Shen was puzzled.

"You used to help me before, but now you are helping Xiao Xuan. Is it because Xiao Xuan is the sister-in-law's girlfriend, so you are partial to her?"

Mr. Shen was amused by Han Yi, "How old are you, jealous of your daughter-in-law?"

Han Yi was serious, "It's quite ridiculous." He laughed at the end.

Knowing that nothing happened to the young couple, Mr. Shen was relieved. Both of them had a bad life, which made people feel distressed, and finally settled down. With a family, Mr. Shen didn't want to destroy his home.

Han Yi's concern for Old Man Shen was very useful. The elders in his family might as well not. The old man's care like the old man has not experienced it for a long time.

Digression

Regarding Qin Yan, there are still a few foreshadowings, so she won't die so fast, now she's just letting her die better, and she's dying too much, isn't it cheap for her?

#### **429 Chapter**

"Grandpa Shen, I have already started to deal with the news. I won't let it affect my husband and wife's relationship."

"Well, you can count."

"I said Old Man Shen, when did you become the housekeeper, Han Yi is such a big man, and you need your advice." Master Fu stared, "Play chess and play well."

Han Yi chuckled, "Grandpa Fu and Grandpa Shen also care about me, I understand."

"Old Man Shen is getting older and more worried, don't know what it means to have children and grandchildren, grandchildren, young people, just let them toss themselves."

Mr. Shen sneered, "You will also work hard on your tongue. If Heng Yi really has anything to do, I don't think you care."

Grandpa Fu shut up suddenly. If something happened to his grandson, he wouldn't really be indifferent. What he said was just a joke, not to mention Fu Hengyi, even if Han Yi had an accident, he couldn't ignore it.

Han Yi smiled and watched the two old men playing chess, and the two old men would quarrel from time to time. Han Yi had long been used to it, but instead yearned for such a life.

Yu Xiaoxuan and Han Yi naturally stayed for dinner. After finishing the meal, Han Yi took Yu Xiaoxuan back.

Within two days, the number one paparazzi in the entertainment industry broke the news that Tang Mina was unspoken by multiple directors, as well as photos and videos as evidence, saying that there is a nose with eyes.

Shen Qinglan has been paying attention to the news in this area because of Yu Xiaoxuan's relationship. Naturally, he knew the first time. After watching the time, he called Yu Xiaoxuan.

Yu Xiaoxuan was standing dead in bed, "Qing Lan."

"Xiao Xuan, who did you give those black materials on the Internet?" Shen Qinglan asked directly.

Yu Xiaoxuan froze for a moment and sat up, "Qinglan, how do you know everything?"

"Is it hard to guess?" She told herself two days ago that she wanted to fight back Tang Mina, and now Tang Mina has made such news, not who can Yu Xiaoxuan be.

"Hey, Qinglan, you are smart, I did it, but I didn't make it up. The things I gave were real, and I spent a lot of money to buy HD from others. Photos and videos, but I made them PS before uploading them."

Shen Qinglan frowned, "Do people know that the buyer is you?"

"I don't know. I'm not that stupid. I bought it around a big bend, and it wasn't me who came forward." Since the news broke out, she began to look for these things. She only found them yesterday, but no I don't know. I was shocked. I didn't expect it to be just two years. There was so much black material on Don Mina's body. Even if I put her in the bleach, it would not be clean.

Shen Qinglan knew that she had cleaned her tail, so she was relieved, "Then, if there is any trouble, let me know."

"Qing Lan, why do you always think of me as the Yu Xiaoxuan who didn't grow up." Yu Xiaoxuan muttered, a glimmer of deepness under his eyes, "Qing Lan, I haven't been that simple Yu Xiao Xuan."

Although protected by Han Yi, Han Yi's protection is not all-round and dead-end. Yu Xiaoxuan also encountered some things in the past two years, but she was resolved by her, so that no one would tell Han Yi.

"I know, but if you encounter a problem that you can't solve, remember to come to me." Shen Qinglan urged.

"Well, Qinglan, it's nice to have you." Yu Xiaoxuan said emotionally.

Shen Qinglan's mouth lightened, "An An woke up, I'll go and see, if you are bored at home, let Han Yi send you over."

"Without his delivery, I will ask the driver of the house to deliver it. Go and see my dry son. I seem to hear him crying."

Shen Qinglan also heard it, but walked past slowly. Sure enough, An An didn't even have a tear on his face, sitting on the crib, picking up the fence, and howling with his throat.

When she saw Shen Qinglan coming, she immediately did not howl and grinned at Shen Qinglan, revealing three millet teeth.

Shen Qinglan looked at him quietly, without reaching out to hug, An An looked at his mother and stretched out his hands. After all, Shen Qinglan was defeated in the eyes of his son and hugged him up. "What would you do besides selling cuteness?"

"Well!" An An suddenly screamed, and Shen Qinglan froze, turning to look at his son, "An An, what did you just say, say it again."

Shen Qinglan's eyes flashed with light, watching his son tightly.

An An didn't understand his mother's words and looked at Shen Qinglan, not quite understanding what his mother looked at him like this.

"An An, please repeat what I just said." Shen Qinglan coaxed her son softly.

After waiting for a while, An An didn't mean to speak. Shen Qinglan was disappointed, holding her son and going to go out, "Ma Ma." The tender voice sounded in a quiet space, Shen Qinglan was shocked, this time she affirmed herself That's right, An An really called her mother just now.

Perhaps the pronunciation is not so accurate, but it is the mother.

Tears shed without warning, and even Shen Qinglan was not so excited when An An was born, but now listening to her son's life, she seemed to have won the world.

She hugged An An, buried her head on An An's small body, and smelled the milky scent on him, and a waned heart suddenly settled like that.

"An An, Mom's good son, Mom loves you, Mom loves and loves you very much." Shen Qinglan said softly, with an imperceptible sob in her voice.

Probably Shen Qinglan hugged too tightly, An An was a little uncomfortable, humming, Shen Qinglan quickly let go a little, Sure enough An An's little brow was already frowned, Shen Qinglan kissed him on his small face.

An An smiled again, learning Shen Qinglan's appearance, kissed Shen Qinglan's face, and smeared her face with saliva.

Everyone can see that Shen Qinglan is in a good mood today, his mouth raised high.

"Qinglan, did you encounter any good things today?" Chu Yunrong was curious.

"No." Shen Qinglan said with a smile, but looked at the An'an children who had already played on the carpet.

Chu Yunrong glanced at Shen Qinglan and shook his head with a smile, "Will you go to the mall to buy toys for An'an next time, do you want to go together?"

Shen Qinglan wanted to say no, but thought of the person who had never appeared Qin Yan, nodded, "Well, I will go with you."

Shen Qinglan prepared An An's things and handed them to Chu Yunrong, and the three people went out. Anan will be happy every time he goes out, and this time is no exception. Chu Yunrong watched him intently as he sat on the child seat and moved around.

Arriving at the mall, Chu Yunrong picked up An An and waited for Shen Qinglan to park his car. In the waiting time, she always felt that someone was watching her, but when she looked around and found nothing unusual, she shook her head, probably really thinking too much.

Shen Qinglan parked her car and hugged An An. After a short walk, her eyes suddenly froze and she glanced in the direction of nine o'clock, but she didn't find any abnormality, but she did feel that there was a flash light just now. Wearing a hat, Shen Qinglan reached down and lowered the hat a little, so that no one could see An An's face.

From An'an's birth to now, An'an looks very well protected by Shen Qinglan. Although she occasionally posts on Weibo, she never sends An'an's front view, even on the side.

The hat was lowered. An An couldn't see clearly in front of him. He reached out and pushed the hat. Shen Qinglan took his hand. "An An obedient, wear a hat."

An An tried to reach for the hat, but was held by Shen Qinglan. The small arm couldn't be screwed on the thigh. After two attempts, An An gave up very well. Shen Qinglan sorted out the hat for him to make sure he could see it. He went in.

Before entering the mall, Shen Qinglan seemed to unconsciously glance back in that direction, and he didn't find any abnormalities before letting go.

Paparazzi secretly filmed her, she was not worried, she was worried about Qin Yan's people, things had gone back for a week, and even Qin Yan's good time had passed for three or four days, but the person had never appeared, so he was buried in the dark. The bomb always made Shen Qinglan feel uneasy.

Chu Yunrong had already walked in front. He glanced around and didn't see Shen Qinglan. He glanced behind him. Sure enough, Shen Qinglan hadn't followed up. He stopped and looked at Shen Qinglan. point."

Shen Qinglan speeded up her pace, followed up and drank Chu Yunrong to the mother and baby store.

An An saw all kinds of toys suddenly began to get excited, and opened the golden mouth again, "Ma Ma".

Chu Yunrong was stunned. "Did An'an just call her mother?"

Shen Qinglan nodded with a smile, "Yeah, he already knows how to call her mother." Her eyebrows were all smiles.

"Are you happy about this today?" Chu Yunrong immediately understood.

Shen Qinglan nodded.

"Every mother is the same. I remember when your brother started talking, I was also excited for a few days. But your brother spoke earlier than An An, and he would call his mother in six months."

An An has been eight months now. Compared with other children, it is too late to speak. Shen Qinglan was also worried about An An's physical problems at first. Taken to the hospital for examination, the doctor said that An An's body did not have any problems, and that speaking later was a normal reaction.

Now hearing An An calling her mother, Shen Qinglan's heart was completely put down.

An An's eyes twirled around a lot of toys. Shen Qinglan knew at a glance that he liked them all, but without him, An An looked at Shen Qinglan with a dizzy eye, and Shen Qinglan just smiled.

An An looked for a while and saw that Shen Qinglan really didn't mean a toy. He turned to Chu Yunrong. He wouldn't call Grandma, so he just called Chu Yunrong twice.

Chu Yunrong was choosing a card suitable for children's enlightenment. When An An found her, she immediately came over. An An reached out and asked Chu Yunrong to hug him. Chu Yunrong took it back.

An An's eyes looked at the toys again, and Chu Yunrong immediately understood that he was so sad to laugh at this little clever ghost, and chose to hand it to him.

An An held the toy, but did not take his gaze back. Chu Yunrong did not continue to get him, but said, "You can only take the same one at a time, not greed."

She knew that An An now could not understand her words, repeated it patiently, holding An An to continue to choose cards.

In Country Y, a scream of a woman was heard again in the basement. Eden looked at the rolling woman with no expression on his face. There was no slight fluctuation in his eyes. He also held a needle in his hand.

Jin Enxi leaned against the wall, watching Qin Yan desperately scratching himself, blurring the flesh he was scratching, and there was a loud voice, "Look, what does this make me look like, Qin Yan, you still know me Is that Mrs. Jin turning over the clouds? Now it is even more pitiful than a beggar."

Qin Yan has been exhausted by the virus in her body these days, and she has been exhausted. She can still hear Jin Enxi's words. Now she just wants to expel the feeling of being bitten by all kinds of insects from her body.

"Beating me, beating me." Qin Yan shouted at Jin Enxi and Eden. "Don't you hate me? Then hit me."

"I want to help you relieve your pain, right? You think it's pretty. I don't want to hit you. I'm afraid I'm in vain. Your skin is so thick. I want to hurt you. How much do I have to spend? Strength." Jin Enxi said slowly, with a good expression on his face.

Qin Yan stared at her with a vicious look, and Jin Enxi shook her arms exaggeratedly, "Oh, I'm so scared." But there was no expression of fear on his face.

After Shen Qinglan and Fu Hengyi returned to the capital, Eden soon brought Qin Yan, who had both her hands and feet chopped, back to his estate in Country Y.

How could things that tortured Qin Yan's such a big and popular feeling be less than Jin Enxi and Sisley, so Jin Enxi also went back to country Y.

It's just that Qin Yan was originally injected with virus by Allen and was suffering from the virus. Where

did they need their hands.

"Qin Yan, you said you are Xiaoqiang, why don't you die, you see that you are so painful, why don't you commit suicide? It's so painful when you die." Jin Enxi squatted on the ground and looked at Qin Yan, Said with a smile.

Qin Yan narrowed her eyes, "Suicide, that's a coward's job." There was never any word of suicide in her Qin Yan's dictionary.

Jin Enxi applauded, "That's a good word. Then you can only be tortured alive. No one will really save you this time."

Qin Yan didn't speak, only listened to Jin Enxi continued, "Are you still thinking about Yamamoto will come to save you? Stop dreaming, Yamamoto is now estimated to have hated you and will not come to save you again."

"What did you do?"

"Aren't you smart, guess?"

Qin Yan stared at Jin Enxi, and Jin Enxi smiled.

Eden squatted down, and a tube of blood was drawn from the onion Qin Yan. These were for his research, while in the other two rooms, Qin Yan's two men were held separately.

Qin Yan looked at Eden coldly, not because she did not want to resist, but because she was unable to resist at all. These days, Eden has been doing various drug experiments on her body, and her body that was originally tortured by the virus is now more than a thousand. Hundreds of holes, even if they didn't judge her hands and feet, she is now a waste.

"I'm going first, can't you go?" Eden asked Kim Eun Hee.

Jin Enxi waved his hand, "You go first. I also want to see more of our beautiful Mrs. Jin, such a rare opportunity is really a pity if you don't take a good look."

Eden didn't care about her, and went straight away. As soon as he left, Sisley came in. "Well, isn't Eden here?"

"Go and do research, Sisley, you just came, and help me think about how to entertain Mrs. King."

Hearing the words, Sisley's eyes lighted up and looked at Mrs. King condescendingly, shaking her head, her eyes regretting, "She is like this, and no man can say his mouth."

"Of course I know this. You look at her like an old lady, we can try other methods."

"Eden still has to experiment with her. Otherwise, let's forget it first. I'm afraid we will kill her by accident." Qin Yan is not far from death now. It's really easy to be careless. After being killed, her sins have not yet been redeemed. How can she die so easily.

Jin Enxi yelled, "Well, this fragile woman."

Nothing to do, Jin Enxi took Sisley away.

Qin Yan was lying on the ground, not paying attention to what was behind them. She was thinking about what Yamamoto said before Jin Enxi.

She didn't know what happened to Yamamoto, but from what Jin Enxi said just now, the alliance between Yamamoto and her might have been destroyed by Shen Qinglan. Thinking of this, Qin Yan's eyes narrowed.

Since Yamamoto wants to know the whereabouts of the charm, it is impossible to ignore himself, unless, Shen Qinglan jumped out to admit his identity, but this is simply impossible.

But does Shen Qinglan think this is over? When Chu Yunrong knew the truth, she wanted to see if Shen Qinglan was still so calm. Thinking of this, Qin Yan's eyes were full of smiles.

\*\*

Shen Qinglan and Chu Yunrong came out from the maternal and child store, "Qinglan, you are waiting for me here now, I will go to the bathroom."

"Good." Shen Qinglan nodded.

Just after Chu Yun came out of the bathroom, she met a pair of eyes. She looked over and saw a woman looking at her. Chu Yunrong was a little strange. She didn't know the woman.

The woman smiled slightly and said, "Are you the mother of Shen Qinglan?"

Chu Yunrong nodded subconsciously, "I am, do you have anything?"

The woman smiled, "It's really something, I want to show you something."

Chu Yunrong frowned, "Sorry, I don't know you, I still have things, let's go first."

The woman stopped Chu Yunrong, "Don't you want to know what kind of life your daughter had before she returned to Shen's house?"

Chu Yunrong was stunned, looking at the woman firmly, "Who the hell are you?"

"It doesn't matter who I am, the important thing is that I know your daughter's past life. I'm distressed by an outsider. I think you will feel more distressed when you are a mother. Do you want to know?"

Chu Yunrong stared at the woman's eyes, the woman smiled lightly, her face calm and calm, Chu Yunrong withdrew her gaze and froze, "I don't want to know."

If she really wants to know her daughter's past, she can ask Shen Qinglan herself, and the woman in front of her meets Pingshui and says something inexplicable to her. Who knows the purpose? And must her words be true?

Chu Yunrong had to leave after leaving the woman. The woman did not stop her, but spoke lightly, "Do you know why your daughter was abducted by traffickers? That was not an accident at all."

Chu Yunrong's footsteps were slightly paused, and the woman's mouth was light, and she continued, "You can think for yourself, what kind of family are you in the Shen family? You didn't find such a lot of effort to find someone, but you couldn't find it. If you were an ordinary trafficker, Wouldn't even leave a trace of it? For so many years, you haven't given up looking for someone, but it's like a rock sinking into the sea. Why is this child suddenly appearing after 11 years, don't you want to know these? ?"

Chu Yunrong turned around, his eyes slightly changed, "Who are you? Why are you so clear about my family?"

The woman smiled, "A person who can tell you the truth, how about it, can we talk now?"

Chu Yunrong looked closely at the woman. After a long time, he said nothing and turned to leave. The woman raised her eyebrows unexpectedly, shouting at Chu Yunrong's back, "If you want to know, I will wait for you at Fantasy Coffee on Jiangnan Road at 1pm three days later."

Chu Yunrong accelerated his pace.

When Shen Qinglan saw Chu Yunrong, her face was not very good, her eyes flickered, "Mom, what's wrong with you?"

Chu Yunrong shook his head, "It's okay. I just saw a neuropathy in the toilet and was a little scared. Let's go quickly, An'an is also sleepy."

Shen Qinglan looked in the same direction when Chu Yunrong came. He saw no one. After thinking for a while, he nodded, "Go, let's go first."

On the way back, Chu Yunrong was obviously a little absent-minded, often distracted, and when he got home, Chu Yunrong had returned to normal, and Shen Qinglan was more curious about what he had just encountered in the mall.

"Mom, if you meet any strange people, you must tell me." Before Chu Yunrong got off, Shen Qinglan spoke softly.

Chu Yunrong was startled, and the action of opening the door was fixed there, looking at Shen Qinglan, "Qinglan, how do you know that your mother met a strange person?"

There was a look like this in Shen Qinglan's eyes. She was just guessing, but now she can be sure, "Mom, who did you meet?"

Chu Yunrong told Shen Qinglan that she had just met a woman. With what she said to her, Shen Qinglan narrowed her eyes, "Mom, this person's words are not credible."

Chu Yunrong nodded, "Mom knows, so Mom didn't listen to her and left. As for three days after she said, I didn't plan to go either." On the way back, Chu Yunrong had already figured it out, Shen Qinglan It's her daughter, she's back now, and she's living well, so it doesn't matter what she used to be, and why she chose to return to Shen's house. What's important is what she will do as a mother in the future. To compensate for her daughter's lack of maternal love for so many years.

"Mom, did you just say that the man had met you three days later?" Shen Qinglan grabbed the point.

"Yes, she asked me three o'clock in the afternoon, and Jiangnan Road's Fantasy Coffee met and said that it was inexplicable to tell me the truth."

"Do you remember what that person looked like?" Shen Qinglan asked.

Chu Yunrong was stunned, "Qinglan, do you want to see her?"

Shen Qinglan tickled, "I also want to know what my past is like."

"It is estimated to be a liar. If you want to cheat money, what should you do?" Chu Yunrong didn't want to see the woman. When she saw the woman, she always had a feeling of panic, as if there was an unpredictable danger approaching. This feeling disturbed her.

"Mom's right, then don't care about her, maybe as Ma said, this person is here to cheat money, there is no need to pay attention, we don't care about her, she stopped herself, let's go." Shen Qing Lan saw the uneasiness in Chu Yunrong's eyes and did not continue to speak.

Back at home, Chu Yunrong seemed to have forgotten about it, and was busy feeding An An as a supplement.

Three days later, Shen Qinglan found an excuse to leave the house and came to the fantasy coffee on Jiangnan Road. There were not many people in the coffee shop. Even at lunch time, there were only a few guests.

Shen Qinglan was half an hour earlier than the woman said, and it was half past twelve. She found a corner and sat down. She could see the doorway, but it was very difficult to notice it from the doorway's position.

Shen Qinglan ordered a cup of coffee, holding his chin in his hand, seemingly inadvertently watching the flow of people on the street, but the rest of his eyes kept looking at the direction of the door.

Time passed slowly, getting closer and closer to the agreed time. Apart from the two men and a couple who had come in, the coffee shop had not come in other guests. The woman did not show up until 1:30.

Shen Qinglan stood up and left the cafe. Obviously this point did not appear. The woman did not intend to come. The other party was obviously a very cautious person, did not plan to show up without seeing Chu Yunrong.

What Shen Qinglan didn't know was that just after she left, a waiter in a cafe uniform came over to collect her cup, her mouth raised high, and even her eyes were full of smiles.

Neither Shen Qinglan nor Chu Yunrong thought that this woman would actually be the waiter of this coffee shop. As soon as Shen Qinglan appeared at the door of the coffee shop, she had already seen it, destined that the meeting would be endless.

Nothing was found in this trip, and Shen Qinglan felt a little upset. She called Eden and asked Qin Yan, "I'm not dead yet."

Shen Qinglan's mouth twitched, "Did she say? Who is the person who arranged?"

Eden shook his head, "No, Qin Yan's mouth is very hard, and even her two men are hard boners."

Shen Qinglan was not surprised. This person is Qin Yan's hole card. Of course she will not say it easily. "You tell Qin Yan, I can tell her where Carl's ashes are, but she must tell me where this person is."

"Ann, will she believe it?"

"She will." It's just that it won't necessarily be said.

Qin Yan sneered when she heard Eden's words, "Isn't Shen Qinglan very capable? Check it yourself." Unsurprisingly, she didn't tell Eden about the woman.

Shen Qinglan learned Qin Yan's choice from Eden's mouth and felt her chin. While thinking about the next step, she felt that someone was pulling her trouser legs and looked down. Sure enough, An An had climbed over and was looking up. Holding her.

Shen Qinglan picked up her son from the ground, An An arched to her chest, wanting to breastfeed, Shen Qinglan shook her head, she has begun to reduce the number of breastfeeding for An An in the

past two days, increased the amount of complementary food, waiting for An An After getting used to it, weaning will begin.

Originally, Shen Qinglan planned to wait for An An to be weaned at the age of one, but why did a certain man talk to her every time she called home.

Just thinking about Fu Hengyi, his phone came in. Shen Qinglan picked it up, and Fu Hengyi's low magnetic voice came from the end of the phone.

"Qinglan."

Shen Qinglan smiled slightly, and just about to speak, she saw that An An was going to reach for the mobile phone. Shen Qing Lan took the phone away, "An An, mother is calling your father, be a little better."

"Ma Ma." An An screamed.

Fu Hengyi heard the son's little milk sound on the other end of the phone, especially when he heard Ma Ma, his expression suddenly froze.

"Fu Hengyi, are you still listening?" Shen Qinglan comforted her son and said.

Fu Hengyi's eyes were deep, "I'm here."

"An An will be called Ma Ma, have you heard it?" There was a trace of triumph in her eyes, and the son saw her.

"I heard." Fu Hengyi's voice was gentle.

"He still doesn't call Dad. I'm teaching him. You should be able to learn when you come back."

Fu Hengyi's eyebrows were gentle, listening to Shen Qinglan talking about An'an's situation over the past few days. He listened very carefully. From time to time, there was a voice from An'an called Ma Ma.

When Chu Yunrong saw that Shen Qinglan was calling, he took An'an away. Fu Hengyi heard the news and asked, "Qinglan, is An'an taken away by Mom?"

"Well, he was hungry, and Mom took him to dinner."

"Is it convenient to speak now?" Fu Hengyi asked.

Shen Qinglan immediately understood what he meant, and walked into the garden with the mobile phone, "Now can speak."

"The person arranged by Qin Yan has never appeared?" Fu Hengyi has been thinking about this matter for the past few days. This is the third time he has asked.

"It has already appeared. Yesterday, my mother and I went to the mall. When I went to the bathroom, I met each other. Today, I asked my mother to meet. I went to see no one." Shen Qinglan said briefly. Fu Hengyi heard the words, Jianmei frowned slightly, "Don't appear?"

"Well, people never show up, I waited there for an hour."

"Is this a trial?" Fu Hengyi speculated.

"It does not rule out this possibility." Qin Yan is now in Eden's hands. The other party certainly does not know the news. Since no new instructions have been received, this person will definitely continue, regardless of whether he knows, the other party's goals are It's Chu Yunrong, so they just watch the change.

What Shen Qinglan wants to know is that there is any evidence in the other party's hand to prove the authenticity of her words. With empty mouths and white teeth, she wants Chu Yunrong to believe it completely.

"What if the purpose of the other party is to plant a suspicion seed in Ma's heart?" Fu Hengyi put forward a hypothesis, if only to plant a suspicion seed in Chu Yunrong's heart, and then let her pursue that year by herself. The truth, and as long as they reveal some clues at an appropriate time, this result is more troublesome than telling Chu Yunrong directly, but the credibility is much higher.

And Chu Yunrong knew the truth, and according to her current mental state, she could not bear the blow, so their purpose was achieved.

Shen Qinglan's eyes flashed coldly, this assumption she really hadn't thought of before, "Fu Hengyi, what do you say I should do now?"

Fu Hengyi pondered, and after a while, he said, "The other party wants to hide behind us, and we have no clue. It is impossible to find out the other party. Maybe we can come and invite you into the urn." He made his own plan Said to Shen Qinglan.

After listening, Shen Qinglan hesitated, "This is to ask my mother to take risks, in case..."

"Qinglan, if the other party is really attentive, there will always be a way for Mom to know. Rather than worrying about it like this, it is better to give it a go, maybe weed it out, and we have all overlooked it. Mom may not be as vulnerable as we thought. It's better to block it than to sparsely. It's better to tell Ma the truth as carefully as you do now." Fu Hengyi is a person who pays attention to quick determination. A time bomb buried in the dark always makes him feel uneasy.

Shen Qinglan naturally knows what Fu Hengyi said is very reasonable, "Well, I understand that this

matter is to me, I will let Jin Enxi come back tomorrow."

Fu Hengyi just asked for leave, it is not impossible to want to take another leave, but the impact on him is not good, Shen Qinglan does not want to affect him.

Fu Hengyi believes that Jin Enxi's abilities are only for dealing with one person, and he has nothing to worry about.

Hanging up the phone, Shen Qinglan stood in the garden for a while, seriously considering Fu Hengyi's words before calling Jin Enxi.

"Okay, I'll buy a ticket now, Ann, you wait for me." Jin Enxi naturally promised, anyway, Qin Yan is now used by Eden as an experiment, and she is already a half-waste. She tortured Qin Yan but relieved her pain. She didn't want to do such a thing. She might as well go to the capital to help Shen Qinglan. Of course, Jin Enxi did not deny that she missed Daniel a little bit.

After saying hello to Eden, Jin Enxi walked away slyly. Originally, Sisley wanted to go with Jin Enxi. She hadn't seen Shen Qinglan's children for a long time, but the agent informed her that a show needed her to come forward. Can only regret to watch Jin Enxi leave.

Shen Qinglan was going to pick her up, but Daniel took a step ahead. Knowing that someone had picked it up, Shen Qinglan would not snatch him.

Chu Yunrong didn't go out these days and helped Shen Qinglan take the children. Now An An can climb. The lively personality is more obvious. As long as he is placed on the ground, if no one looks at him, he may climb. Wherever he went, once Shen Qinglan got up and went to the kitchen to give him custard, and the little guy crawled to the door by himself.

Chu Yunrong revolved around his grandson, where there is excess mind thinking of others. Shen Qinglan observed for two days, and seeing that Chu Yunrong seemed to have forgotten what the woman said, he was hesitant about Fu Hengyi's proposal.

"Qinglan, look at An'an for a while. He just peed. I'll go wash the diaper for him." Chu Yunrong called Shen Qinglan and Shen Qinglan looked back, "Mom, give me the diaper, let me wash it."

With that said, he took Chu Yunrong's diaper and walked into the bathroom.

Chu Yunrong took An'an in the living room, the doorbell rang, and Aunt Zhao was about to open the door. Chu Yunrong first got up and opened the door. He was the guard at the door, holding a courier in his hand, but the name on it was Chu Yun Rong.

Digression

The first foreshadowing about Qin Yan appeared.

## 430 Chapter

Chu Yunrong is a little strange. The address above says Fu family, but the name is hers.

"When did the courier arrive?" Chu Yunrong asked the guard.

"Just delivered, just change shift, I will take it in for you." The guard answered.

"Thank you, comrade little."

The guard smiled, "You're welcome, then I'll go first."

"Okay, thank you." Chu Yunrong took the courier into the door and was still looking at the information above. The sender's name and phone number were all there. She followed the phone number above but showed a blank number. Obviously the other party did not want to let She knows who sent it.

Chu Yunrong took a pair of scissors to dismantle the courier. There was a letter in it. Chu Yunrong opened it. When she read the contents clearly, her face suddenly turned pale.

Seeing Shen Qinglan coming out, Chu Yunrong quickly put the letter into his pocket and lowered his head to prevent Shen Qinglan from seeing his face change.

Shen Qinglan did not notice that Chu Yunrong was not right at the moment. After she came out of the bathroom, she went to the balcony on the second floor to dry An An's diapers.

When she went downstairs again, Chu Yunrong had adjusted her mood so that Shen Qinglan could not see the slightest difference.

Early in the morning of the third day, Chu Yunrong went out. Shen Qinglan had been waiting at home for a long time and had not seen Chu Yunrong come. He took An'an and went to Shen's house. Grandpa Shen was practicing Tai Chi in the courtyard. "Grandpa, my mother What about?"

"Your mother went out early in the morning and said she was going to see a friend. Are you having trouble with your mother?"

"It's okay, that is, I didn't see Mom coming today, and I was worried about her physical discomfort, so I came to see it."

It is now January of the New Year's calendar. The cold winter in Beijing has already arrived. An'an was wrapped tightly by Shen Qinglan, but his small nose exposed to the outside was still freezing red.

Father Shen felt distressed, "Go in quickly, beware An'an is frozen."

Shen Qinglan nodded, entered the room and sat on the sofa, took out his mobile phone and called Chu Yunrong, the phone was turned off, Shen Qinglan frowned, "Sister Song, did my mother say when she came back when she went out? ?"

Sister Song is cleaning up. After hearing this, she said, "I said I will be back before lunch."

"Did you say where to go?"

"This is not true, just to see a friend and come back soon." Sister Song continued to speak, "but I seem to hear your mom say something about the cafe, Jiangnan Road or something, she said very lightly, I didn't hear it clearly."

Shen Qinglan's eyes changed slightly, "Sister-in-law, I have something to go out now, and An'an has given it to you."

"Lan Lan, where are you going?" Shen Shen shouted from the back, and Shen Qinglan didn't return his head. "Grandpa, I'm in a hurry to go out and come back soon."

Fantasy Cafe on Jiangnan Road.

When Chu Yunrong walked in, there were not many guests in the cafe. She looked around, and then walked to a corner, where a woman was sitting, wearing her hair, wearing a hat, back to back Holding her, "I am Chu Yunrong, is it your appointment?" There was a trace of uncertainty in her tone, although the letter said the address, the store, and the location.

The woman looked up, "Mrs. Shen, we have met again."

Chu Yunrong immediately recognized her, the woman she met in the toilet in the mall, "It's you."

"It's me, I didn't expect Mrs. Shen to remember me." The woman smiled.

Chu Yunrong turned around and wanted to go, "Mrs. Shen." The woman stopped her, "Since it's here, why don't you sit down and talk, you are all here, indicating that you are also curious about the content of the letter, don't you? Don't you really want to know the truth about your daughter's disappearance 19 years ago?"

Chu Yunrong's hands tightened with the bag and tape. After all, he sat down opposite the woman. "What do you want to tell me?"

The woman's mouth was lightly ticked, and she was not surprised by Chu Yunrong's choice. As long as she is a mother who cares about her children, she will not care about the disappearance of her children.

"Mrs. Shen, I'm curious. Have you never doubted the disappearance of your daughter? Think about the relationship network of the Shen family. It's not difficult to find a child in Beijing with all your strength, but why did you sink 19 years ago? I haven't found my home for so long?"

"The gang of traffickers are organized. Their speed of shifting people and confusing their eyes are professional. It's normal to find people without first time." Chu Yunrong came up with what Shen Qian gave her.

The woman chuckled, "Mrs. Shen, do you believe this?"

Chu Yunrong naturally believes that, to be precise, because of the loss of her daughter, the whole person collapsed, and there are still thoughts about the authenticity of Shen Qian's words.

As soon as she saw Chu Yunrong's expression, she knew what she was thinking and shook her head, "Mrs. Shen, you have to say, you are really a poor man, deceived by her husband's lies for nineteen years. Let me tell you, at first Your daughter was deliberately taken away, in order to avenge your husband."

"You bullshit." Chu Yunrong retorted, his face pale.

The woman shrugged. "Am I talking nonsense? Just go back and ask your husband to know, but if he is willing to tell you the truth, I will know."

"Do you have any evidence?" Chu Yunrong forced himself to calm down.

"Isn't the best evidence yourself? You can seriously recall the scene of the day." The woman said unhurriedly, but the tension in her eyes was concealed by the calm.

In fact, she was not sure that she could make Chu Yunrong believe her words and doubts about the matter 19 years ago. The woman had contacted Qin Yan these days, but she did not contact her. She thought it was an accident, but she did not do anything at all. Worried, as for what Qin Yan had ordered, the woman glanced at Chu Yunrong, and a glimmer of light flashed in her eyes. She could only say that

Qin Yan's arrangement was exactly what she wanted.

Chu Yunrong's mind gradually emerged from the day when Shen Qinglan disappeared 19 years ago.

\*\*\*\*\*

Nineteen years ago, the Shen family.

Chu Yunrong didn't perform today, so he can rarely accompany his two children at home. Thinking of Shen Junyu two days ago, he said he wanted a set of four treasures in the study room. Taking advantage of his free time today, Chu Yunrong planned to go out and buy him.

"Mom, where are you going?" Five-year-old Shen Qinglan wore a blue princess dress, a pair of little black leather shoes on her feet, and wore two claw braids, running down from the upper floor.

Chu Yunrong smiled softly and squatted down to look at her daughter. "Mom is going to buy a pen, ink, paper and inkstone for his brother today. Qinglan is waiting for his mother at home. Mother will come back and bring you delicious food."

"I don't want, mother, I'm going with you." Shen Qinglan shook his head, unwilling to separate from his mother.

"Mom will be back soon. You are waiting for your mom at home. Mom brings you a lot of delicious food and beautiful little skirts. How?"

Shen Qinglan nestled into her mother's arms, "Mom, I don't want to stay at home, I want to be with you, you haven't taken me out for a long time."

During this time, Chu Yunrong was preparing a very important concert. The busy days were dim and dark. Where was the time to accompany her children? If the concert was not completed the day before yesterday, she still had no time today.

I remembered that my daughter had promised to take her to the amusement park but he didn't realize it. Chu Yunrong was also very guilty. She caught her daughter's big eyes and stretched out her hair to manage her hair. It's birthday. Mom will take you to the amusement park.

Shen Qinglan held Chu Yunrong's arm, "I am not, I will go with my mother, mother, you will take me with me, I promise to be very obedient, holding your hand, will never run around."

Chu Yunrong's face was embarrassed, but he couldn't bear to refuse her daughter's request to Shen Qinglan's watery eyes, "Okay, I really can't help you. I have to say it. I have to listen to my mother outside. Do you know how far you are from your mother's sight?"

Shen Qinglan nodded obediently, "Okay."

At the mall, Chu Yunrong bought what Shen Junyu needed. Because it was still early, he planned to take his daughter to stroll around. Shen Qinglan was very happy, holding her mother's hand, and even walking up and down.

"Qinglan, walk well and don't fall."

Shen Qinglan put out his tongue, "I won't do it. Mom, I am very happy today."

Chu Yunrong looked at her with a gentle look on her face, "What are you happy about? Telling me makes my mother happy."

Shen Qinglan took her mother's hand and smiled, "Because my mother finally took me out to play. During this time, my mother was so busy that she didn't have time to accompany me."

Chu Yunrong was very distressed, hugged Shen Qinglan and kissed her on the face. "It's not good for my mother. In the future, mother will spend as much time as possible with you?"

"Okay, that mother wants to talk, if not, I won't love you anymore. I only love grandparents, dads and brothers."

Chu Yunrong chuckled, "Okay, my mother promised you that if she doesn't play with you in the future, then she will have to kiss Qinglan again."

Shen Qinglan nodded seriously, "Yes, that's it."

"Then mother will take you to the nearby pedestrian street to see if it is good? There are many delicious foods there."

Shen Qinglan's eyes lit up, hugged Chu Yunrong's neck and nodded hard, urging her, "Mom go."

After a few minutes of walking, Shen Qinglan was about to come down, and Chu Yunrong stopped, "What's wrong? Isn't it good for you to hold you?"

"Mom, I'm too heavy, you put me down." Shen Qinglan said with a milky voice, and Chu Yunrong had sweat on his forehead.

"Mother is not tired, Qinglan is not heavy at all, mother can hold." Chu Yunrong said with a smile.

"Mom, let me go down, Dad said I can't always let my mom hug, it will become unpretty."

Chu Yunrong laughed, "Your father is lying to you. Our Qinglan is the most beautiful, no matter what, it is my mother's little princess, the most beautiful little princess. And there are too many people here, so mother will not hug you Get away with you."

Shen Qinglan lay on Chu Yunrong's shoulders, "That mother, if you are tired, put me down and take my hand."

"Okay, we Qinglan, this is my mother's intimate cotton-padded jacket."

"That mother is my big jacket." Shen Qinglan said in Chu Yunrong's ear, making Chu Yunrong laugh.

Chu Yunrong held Shen Qinglan for a while, and finally couldn't hold it. She dropped Shen Qinglan and took her hand, "Must follow closely behind her mother, can't you run around know?"

Shen Qinglan nodded seriously, but his eyes involuntarily looked at the two sides of the street. This is the famous pedestrian street in Beijing. There are many special snacks on both sides of the street, and many things that children like.

When Chu Yunrong saw Shen Qinglan staring at the candied fruit not far away, he took her to buy a bunch of them in the past, "You can't finish it all, or your teeth will hurt, you know?"

Shen Qinglan took a bite of sugar gourd and nodded, "Well, mom, I only eat three, will it work?"

"can."

Chu Yunrong led Shen Qinglan and walked on the pedestrian street. She hadn't been here for many years, let alone brought her children. This time, if the shopping mall that bought Shen Junyu was nearby, I'm afraid She won't come.

Shen Qinglan looked at the dazzling variety of snacks and toys in front of her eyes, and her big eyes were full of novelty, "Mom, it's fun here." The words are all like this place.

Chu Yunrong tightened his daughter's hand, "Fun, we will stay here a little longer."

"Mom, I want to eat that." Shen Qinglan pointed in a direction. Chu Yunrong looked over and found out that it was a stall making dragon whiskers. "Mom, that looks good. I want it."

Chu Yunrong nodded, "Okay, I'll buy it for you."

Shen Qinglan wanted a little white rabbit and needed to make it fresh. She was looking around while biting the sugar gourd. Suddenly, her eyes stopped, and she looked in one direction.

There is a marshmallow stall. Unlike the marshmallows she had eaten before, this marshmallow is colored and looks very beautiful. She took two steps in that direction and wanted Chu Yunrong to tell her not to For things running around, Chu Yunrong was about to turn around, but just turned around, and the people around her suddenly increased. She was forced to follow the flow of people, but she turned around and Chu Yunrong disappeared.

But Chu Yunrong had just taken the dragon beard sugar from the stall owner's hand, and turned away and disappeared the figure of Shen Qinglan. Her face changed slightly, and the sugar in her hand fell to the ground instantly, "Qinglan." She called out loudly. Holding the name of her daughter.

There were crowds coming and going around, where she saw a child, she walked past pedestrians, "Is there any small girl you see, four or five years old, probably so tall, wearing a blue dress, With two pigtails?"

The passer-by shook his head, Chu Yunrong let him go, and pulled the next one, but asked one after another, everyone said that she did not see Shen Qinglan, Chu Yunrong's heart was terrified, and as time passed, she was anxious Tears came out, no daughter was found, and finally squatted on the ground and burst into tears.

"Qinglan, where are you, Qinglan!" The people around looked at her, and Chu Yunrong squatted on the ground, having no strength to stand up.

"Excuse me, are you looking for a little girl in a blue skirt?" An old woman's voice rang in Chu Yunrong's ear. Chu Yunrong looked at her suddenly, "Do you know where my daughter is?"

The old woman pointed in a direction, "I just saw a child go over there."

Chu Yunrong hurriedly stood up and ran in that direction, but what she did not know was that in the opposite direction, about ten meters away from her, Shen Qinglan was also calling her mother in the crowd.

\*\*\*\*\*

Recalling from the memory, Chu Yunrong's expression was very pale, and he did not speak with his head down.

The woman looked at her look and spoke softly, "Did you remember some details?"

Yes, Chu Yunrong remembered it. For so many years, she has not dared to recall the scene of Shen Qinglan's loss that day. Now that she thinks so carefully, she really thinks of some things that she has never noticed before, such as that day. Suddenly more people flow, it was that flow that broke up their mother and daughter, and the old woman who gave her the direction, was it unintentional or intentional?

If these are premeditated and their goal was Shen Qinglan from the beginning, then all these doubts are explained.

"Mrs. Shen, I have no evidence to prove that they are premeditated, but I believe you will be able to find these, as long as you want to check."

"How do you know these things?" Chu Yunrong suddenly looked coldly at the woman. "According to your age, how old were you then?"

The woman smiled slightly, "How do I know you don't need to know, you only need to know that everything I said is true, of course, you can not believe it, after all, we didn't know before, but you can rest assured that I and you There is no holiday for the Shen family, and I have no reason for your Shen family."

"In this case, what do you tell me the purpose of this? Want me to question why my husband offended someone, but it was my daughter? Or another purpose?" Chu Yunrong looked at the woman's eyes full of It was cold, without the initial shock.

The woman raised her eyebrows, "Well, it's really not. I just loved your daughter at a young age and lived a life of ups and downs, licking blood at the knife edge, and your parents are loving another person who has nothing to do with you. daughter."

Chu Yunrong's face changed, and she noticed a word in her words, "The knife licks the blood, what do you mean?"

The woman smiled mysteriously and glanced behind her, "Want to know? You can investigate yourself, of course, you can also ask your daughter or your husband, yes, your husband knows the truth, and finally tell You say, your daughter's past life is full of dangers, as far as I know, she has faced death several times."

With that said, the woman smiled at Chu Yunrong behind her, then got up and walked to the side door.

Shen Qinglan rushed to the coffee shop and saw a woman sitting face to face with Chu Yunrong. Her eyes were slightly cold, and she walked in quickly. The woman smiled at her, and a flash of glare flashed in her eyes. Going to leave.

Shen Qinglan raised her foot and chased. The woman walked through the back kitchen of the coffee shop and went directly to the street behind the cafe. Shen Qinglan was chasing after her.

The woman's seemingly unhurried figure was unexpectedly fast. Within a few moments, she disappeared in front of Shen Qinglan.

Shen Qinglan stood at the street and looked at the crowds coming and going. The eyes were dark. This was the first time. Someone threw her away under her eyelids. Who is this woman? Why is there such a good skill? What did she just say to Chu Yunrong?

Thinking of Chu Yunrong, Shen Qinglan remembered that she had just left Chu Yunrong in the cafe, and hurried back. Chu Yunrong was still sitting in the same position. There was no focus, even if Shen Qinglan was close. Awareness.

Shen Qinglan stood beside Chu Yunrong, "Mom."

Chu Yunrong didn't respond. Shen Qinglan called three times in a row, and then Chu Yunrong recovered, his eyes stayed on Shen Qinglan's face, and there was a focus in his eyes gradually, "Qinglan." She murmured in a low voice.

Shen Qinglan nodded, "It's me, mom."

"Qinglan, my daughter." Chu Yunrong reached out and touched Shen Qinglan's face. Shen Qinglan's eyes flickered slightly, and his voice softened. "Mom, I am your daughter Shen Qinglan."

Chu Yunrong's tears suddenly fell, "Qinglan, Mom lost you."

Shen Qinglan reached out to wipe her tears, her voice became softer, "I'm back now, and I won't lose it again." She lifted Chu Yunrong up, "Mom, if we have anything to say, let's go Can I go home?"

Chu Yunrong stood up with Shen Qinglan's strength, leaning on her half, leaning on Shen Qinglan's side face.

When she arrived in the car, Chu Yunrong still looked at her like that. Shen Qinglan leaned over to help Chu Yunrong wear a seat belt. Chu Yunrong grasped Shen Qinglan's hand, "Qinglan, did you suffer in the past? A lot of suffering?"

"Mom, those are gone, it doesn't matter."

"No, it's very important, Qinglan. My mother wants to know how much bitterness you have suffered in the corner where my mother can't see." Chu Yunrong's face was full of tears, and her mind was full of what the woman said before she left. a few words.

What does it mean to lick blood at a knife edge, what does it mean to face death several times, what do these mean?Chu Yunrong didn't even have the courage to imagine.

"Qing Lan, you tell your mother what you have experienced in the past years. Chu Yunrong is full of these problems now, and she wants to know, eager to know.

"Mom, those are gone, no matter what happened, it doesn't matter anymore, no matter how bad I have been in the past, and now I am very happy, which is enough." Shen Qinglan said softly.

"Qinglan, my mother wants to know." Chu Yunrong insisted.

Shen Qinglan will naturally not tell her the truth, "Mom, my dad should have told you in the past, those are the truth, but just spent a few years in the orphanage, these are nothing, really."

Chu Yunrong certainly won't believe this set of rhetoric now. If it is so simple, why should that woman use the knife to lick the blood to describe Shen Qinglan's life? Just to see Shen Qinglan did not want to say, she did not continue to ask.

Shen Qinglan looked at Chu Yunrong's expression and knew that she was not convinced by these words. Chu Yunrong's character was gentle and not stubborn, but it was difficult to change her mind once certain things were determined.

Shen Qinglan did not go home directly, but took Chu Yunrong to Dr. Zhou. Chu Yunrong looked at the door of the hospital and refused to get off. "Qing Lan, mother is all right, let's go back."

Shen Qinglan said in a warm voice, "I know you are okay, but we haven't been to Dr. Zhou for a long time, just come for a daily check, can't you?"

Chu Yunrong is now very difficult to refuse Shen Qinglan's request, after all, he still got off.

Shen Qinglan stood alone in the corridor, and Chu Yunrong had already entered with Dr. Zhou. She called Shen Qian but nobody answered, so she called Jin Enxi and asked her to check on the woman she saw today. When Jin Enxi heard this, the woman escaped under Shen Qinglan's eyelids and suddenly realized the seriousness of the matter.

Shen Qinglan had seen this woman and naturally remembered her appearance, but Jin Enxi searched the results according to Shen Qinglan's description, but found that she was not close to any information of this person.

"Ann, this woman's information is confidential. The firewall is very powerful. I can't break it for the time being. You give me a little time."

"This is not urgent, you can take your time and pay attention to safety." Shen Qinglan urged.

Jin Enxi nodded, her eyes full of excitement. She hadn't encountered such a difficult challenge for a long time. Now that she encountered a seemingly powerful firewall, her winning heart was immediately inspired.

When Chu Yunrong came out from the inside, the whole person had returned to calm. Shen Qinglan asked her to go to the car to wait for her first. She stayed and chatted with Dr. Zhou to learn the current state of Chu Yunrong's mental state. It was normal, and she was relieved without any problems.

On the way home, Chu Yunrong didn't ask any more about Shen Qinglan's past, but this did not mean that she had forgotten about it. Back home, Chu Yunrong immediately called Shen Qian, just like Shen Qinglan, no one answered, she left Shen Qian a message, so Shen Qian saw her call back.

Shen Qian only saw the information at night. When she saw that her daughter and wife had called themselves, Chu Yunrong looked anxious again, so she gave Chu Yunrong a call first.

Chu Yunrong has not slept, she can't sleep without waiting for Shen Qian's phone.

"Yun Rong, what happened to me at home so urgently today?" Shen Qian asked.

Chu Yunrong was silent for a while before speaking, "A Qian, was Qing Lan really in the orphanage before returning home?"

Shen Qian's face changed, but fortunately they were not talking face to face at this time, otherwise this expression might have been exposed.

"Of course it was in an orphanage. Didn't I tell you about it?" Shen Qian said softly, and he heard any abnormalities in his tone. "Why did you suddenly ask about this?"

"A Qian, you and I have been husband and wife for so many years, I hope you don't lie to me." Chu Yunrong's tone was a little cold, "I want to know Qinglan's real past, not these official things."

Shen Qian thought, "What are you talking about, this is the truth, Yun Rong, what are you doubting?"

Chu Yunrong's eyes were faint, "Someone told me today that Qinglan had lived a life of licking blood at the edge of the knife. You tell me, what kind of days would it take to reach the edge of death and stay in danger all day long?"

"Yun Rong, who said this to you?" Shen Qian's tone became serious.

"Who tells is not important, what matters is that this is true, right?"

"It's not true." Shen Qian denied, "Qing Lan was staying in the orphanage before returning to Shen's house. I have repeatedly verified this matter. Have you forgotten it?" Because of this incident, Shen Junyu almost talked to He broke up, and it was also because of this incident. Shen Junyu, who was originally planning to enter the army, gave up this opportunity and chose the business path he was very opposed to. After so many years, Shen Qian and Shen Junyu also had a gap between them because of this matter.

"Shen Qian, you didn't tell me the truth, you lied to me."

Shen Qian's eyes lightened, "Yun Rong, I didn't lie to you. I asked you, what is the so-called truth you want to know?"

Chu Yunrong was shocked, yes, what was the truth she wanted to know?The worse Qingqing had when she was a child, the proof was that their parents became more delinquent.

Chu Yunrong was silent, and Shen Qian continued, "Yun Rong, I don't know who told you these words, what the other party's purpose is, but you have to be clear, Qinglan is doing very well now, no matter

what life she once lived in. What it is like, those have become unchangeable experiences, all we can do is to treat her better in the future and try to make up for her regrets."

"Aqian, I want to know the truth, I don't doubt Qinglan. I just want to know how hard my daughter has suffered in places I can't see. You know when I know that my daughter has suffered from the mouth of a stranger. What kind of mood? She also told me that the reason why Qinglan was taken away was because you offended people and people retaliated against you. Do you know how scared I am when I heard this?" Chu Yunrong's voice Very low.

Shen Qian did not expect the other party to even say this, "Yun Rong."

"A Qian, don't talk, listen to me first. In fact, before making this call, I was skeptical about what the person said, but now I believe it." She lost Shen Qinglan today. The situation was thought over and over again, and the heartache was over and over again, but she reminded her of many details that were ignored by her in the past, and these details are enough to explain the problem.

"You once told me that the traffickers were organized and acted quickly, so Qinglan would not find it back then. I believe you, but you told me that there are so many children on the street, why did they just choose Qing Lan?"

Shen Qian couldn't answer. When Shen Qinglan lost it and couldn't find any clues, Shen Qian knew that this matter was premeditated, but he didn't know who the other party was, but he didn't dare to say it later.

Shen Qinglan went to the bottom because he was taken away, and experienced the things that she should not have experienced. For this daughter, he felt more guilty than anyone else.

"Aqian, I won't ask you the truth back then. I can check some things myself."

"Yun Rong, listen to me." Shen Qian hurriedly spoke, but Chu Yunrong had already hung up the phone, and then turned it off.

Chu Yunrong was stubborn and even Shen Qian had no way. She found someone to investigate the next day. Shen Qinglan got the news immediately and went directly to Chu Yunrong.

When she went, Chu Yunrong was sitting in a daze in the room, with a stunned expression, and did not know what she was thinking.

Shen Qinglan sat down next to Chu Yunrong and spoke softly, "Mom, don't check."

Chu Yunrong turned his head and looked at Shen Qinglan's profile, "Qinglan, you are here."

"Mom, don't check this thing anymore, it doesn't make sense, no matter what, I'm fine now, that's enough."

"Qing Lan, my mother has had a turbulent past for the past nineteen years. In the next few decades, my mother doesn't want to live in a confused way. When Qin Yan approached me, was it just for this?"

Shen Qinglan didn't understand why Chu Yunrong would suddenly mention Qin Yan, and Chu Yunrong smiled, "Qing Lan, my mother may be simpler, but my mother is not stupid. I didn't think of it before. Now I connect some things together. I Can understand more."

"Mom, is the matter really important to you?" Shen Qinglan looked at her eyes firmly.

Chu Yunrong nodded, "Yes, it's very important. I know that those people who are investigating now may find that there is no difference from the news before, but I still want to try it."

"Mom, why do you have to know the truth?"

"I also asked myself why I need to know the truth. My mother had a nightmare last night. I always dreamed that you were covered in blood. Looking at me, my eyes were full of questions and complaints, as if I was asking why I didn't. Protect you."

Shen Qinglan held Chu Yunrong's hand and only heard Chu Yunrong continue to say, "Mom knows, you're afraid that I can't bear it without me, and I'm crazy like before, but I'm crazy now, Qinglan, you Tell me okay, tell me the truth of the year." Her eyes were full of prayers.

Shen Qinglan thought back and forth for a long time, and hesitated for a long time before he mutely said, "Okay, I tell you."

Since Qin Yan wanted to let Chu Yunrong know, sooner or later she would know, it would be better for her to say it herself.

"Mom, you have to promise me that no matter what you hear, you have to remember, those are all gone, I am fine now."

"Good." Chu Yunrong nodded, but the truth was far cruel than she thought.

Shen Qinglan looked at Chu Yunrong's almost transparent face and suddenly didn't know what to say.

Tears dropped from Chu Yunrong's face, hitting Shen Qinglan on the back of his hand, "Mom."

Chu Yunrong hugged Shen Qinglan in a tight embrace, "Qinglan, my Qinglan, what should I do, my Qinglan."

Her tone was full of sorrow, with a trace of despair, her breath suddenly became rapid, Shen Qinglan's eyes changed, she pushed Chu Yunrong away, opened the drawer to find her medicine, "Mom, take the medicine."

Chu Yunrong couldn't eat it. Her heart was like being stabbed with a knife. She felt suffocated. She thought about thousands of possibilities, but she didn't expect Shen Qinglan to be a killer.

No wonder the woman said that Shen Qinglan had a life of licking blood.

"Qing Lan, my mother is sorry for you. Mom didn't protect you. Mom damn it." Chu Yunrong slapped his face in a slap with great strength. Shen Qinglan grabbed her hand, "Mom, don't do this."

"It's my fault. Why did I take you out, why didn't I look at you, why didn't I find you in time." Chu Yunrong lowered his head, his eyes became dull, and he muttered to himself.

Shen Qinglan's eyes changed slightly, and when she looked at Chu Yunrong's appearance at the moment, she was startled. "Mom, you wake up."
