

Chapter 424: Make a wish (1)

The man on the drawing paper was lying leisurely. The plain lines outlined his exquisite facial features, his strong body, and the texture of every muscle was clearly visible.

There was not a trace of carnal desire, but instead, she displayed the beauty of a man's strength. One could even feel a deep love from her writing.

Mo shenbai couldn't help but praise her. it's really well drawn.

It was the first time he had seen himself in a painting, and in such a way. It was amazing.

Xu Youyou smiled. Great White is good-looking and has a good figure. He'll look good no matter how you draw him.

Mo shenbai raised his head and kissed her between her eyebrows. it's because you drew it well. I'm too good in your eyes, so your drawing is also very good.

"You've always been good." Xu Youyou was so certain that some children were angry."You're not allowed to say that you're not good. The person I like is the best."

"Good, you have the best taste." Mo shenbai coaxed her, and his lips could not help but touch her lips. His breathing suddenly became chaotic.

After a while, he calmed down and took a deep breath with his forehead close to hers.

Ever since Xu Youyou was pregnant, mo shenbai had been restraining himself. Other than the doctor's warning that he could not do it in the early stages, he was still concerned about the child after three months and had abstained from sex until now.

Mo shenbai restrained himself, but Xu Youyou's slender arms were wrapped around his neck, reluctant to let go.

Moshen Bai was not the only one who had suffered in the past few months. She had also suffered, especially after the change in hormones during pregnancy, which made her fragile and sensitive.

Mo shenbai kissed her and coaxed her. be good. You can't do it now.

Xu Youyou's face was as red as a tomato. She buried her head in his arms and mumbled softly, " I want ...

Mo shenbai was already restraining himself, so how could he control himself when he heard her words? he directly picked her up and carefully placed her on the sofa, then lowered his head and kissed her lips.

She was pregnant with two children, and Mo shenbai could not control his impulse no matter how much he wanted to. He just satisfied her in another way.

When Xu Youyou was seven months pregnant, her pregnancy reaction became more and more serious. She vomited from morning to night. Although her stomach was big, her limbs were slender, which made people nervous.

Mo shenbai was worried that something would happen to her, so he took her back to the canvass lunar restaurant in advance to prepare for the delivery.

Before leaving, Xu Youyou looked at the vegetable garden with a heart full of reluctance.

Mo shenbai put an arm around her shoulder and promised, "We'll come back after you're done with your confinement. Be good."

Xu Youyou went back with him. In order to take care of her more conveniently, Cheng Ying had moved to LAN Yue.

Mo qinghuan didn't have any experience in giving birth and couldn't help. In her free time, she went shopping and bought a lot of baby supplies. There were so many that the two baby rooms that were originally prepared couldn't fit in, so she had to move out a guest room to store them.

Su lanxu and Qin Siyu had also come to visit her. They were happy for her when they saw her stomach and were worried for her.

She was so thin and weak, and she was pregnant with two children. Her stomach was so big that she seemed to be bending over.

Cheng Ying's heart ached for her daughter. Every day, she would cook different kinds of food, only hoping that her daughter could eat more.

Unfortunately, Xu Youyou could not eat a single bite. Only mo shenbai's food coaxed her to eat a few mouthfuls. Sometimes, she would vomit badly after eating one mouthful.

The doctor said that the situation wasn't good. The mother was malnourished, and the baby naturally couldn't absorb nutrients, which affected its development.

Xu Youyou forced herself to eat for the sake of her child. The more she ate, the more she vomited. She looked like a rose that had lost its water and was withering bit by bit.

She became listless and exhausted. She even rarely smiled.

When she finally made it to the eighth month, mo shenbai arranged for Xu Youyou to be hospitalized and have a C-section without hesitation.

At first, Xu Youyou was not willing to do so and she wanted to wait a little longer.

The corners of mo shenbai's eyes were red as he said in a low voice, "I bought a double grave. If you don't want to live, I'll die with you."

Tears streamed down Xu Youyou's face. She did not persist any longer.

On the day of the C-section, Cheng Ying went to the Azure Dragon Temple early in the morning to pray for Xu Youyou. Mo Zhiyun and Mo qinghuan also came to the hospital.

Before Xu Youyou was pushed into the operating room, she had to take off everything on her body, even the amulet on her neck.

“Da Bai, keep it safe for me. Return it to me when I come out.”

Mo shenbai held the peace talisman in his hand and nodded. okay, I’ll return it to you when you come out.

okay, ” Xu Youyou replied and turned to look at her parents and brother.

“Don’t worry, I’ll be fine.” She forced a smile on her Haggard face, not wanting them to worry about her.

Cheng Ying appeared to be strong and optimistic in front of her. mom knows that Youyou has always been the strongest child.

Xu Youyou looked at mo qinghuan. Auntie ...

Mo qinghuan walked to her side and held her cold little hand. don’t be afraid. Just take it as a nap. When you wake up, the child will be out.

Xu Youyou nodded. Just as mo qinghuan was about to pull it away, she clenched her fist and did not let go.

Mo qinghuan looked at her in confusion.

Xu Youyou thought of that dream. She had not been in that dream, so she might not be in that future.

if, I’m saying if anything happens to me, you have to help me take good care of Great White. You have to take good care of him!

Mo shenbai’s expression was calm, without any fluctuations in his emotions, as if he had already guessed what she was going to say.

Mo qinghuan frowned. don’t spout nonsense. You’ll be fine.

Cheng Ying also nodded in agreement. that’s right, don’t talk nonsense. It’s okay.

Xu Youyou didn’t seem to hear them as she held mo qinghuan’s hand tightly. little Auntie, I know that if anything happens to me, my parents and brother will Take Good Care of My Baby, but Great White is different ...

He doesn’t have any family left, and you’re his only family left. You must help me take care of him!”

If she really didn’t exist in that future, she also hoped that Great White would take good care of her child and herself.

Mo qinghuan frowned and did not say anything.

The tears in Xu Youyou’s eyes flowed out silently.

The atmosphere suddenly became heavy and sad.

In the end, Xu Jialu said, ” why are you crying? I’m here. No matter what happens, I’ll take responsibility for you.

He wiped away the tears from Xu Youyou's eyes and smiled. brother ...

don't worry, your brother is here. Your baby will be fine, your old dog MO will be fine, and of course, you will be fine too. Xu Jialu comforted her.

With his guarantee, Xu Youyou finally felt at ease and had no worries.

Mo shenbai bent down and planted a gentle kiss on her forehead. you're my little sun. I love you very much, do you know that? "

Without the sun, how could a person survive?

Xu Youyou sniffled. I love you too, my Great White.

Mo shenbai's lips curved. make a wish now, and it will come true when you come out.

"I want to know what name you've given our baby," Xu Youyou answered after some thought.

Mo shenbai grazed the tip of her nose. you'll know when you come out.
