431 Chapter

Chu Yunrong's appearance is obviously abnormal now. Shen Qinglan suddenly regretted telling Chu Yunrong about these things. You said she told her what to do. Just make up some reasons and just stop it.

Shen Qinglan was annoyed, but his hand didn't move slowly. He stuffed the medicine into Chu Yunrong's mouth and poured it with water. She held Chu Yunrong's hand and whispered softly in her ear, "Mom, I'm fine, you see I am married now, with a happy family, I have a husband who loves me, a lovely son, Love my family, the past hardships not only failed me, but also made me stronger and better, these are my gains..."

Chu Yunrong shed tears silently, and there was gradually a focal length in her eyes. She looked at Shen Qinglan, her eyes were painful, painful, regretful...

"Qinglan, mother's Qinglan, mother is sorry for you..." Chu Yunrong cried and cried while holding Shen Qinglan. Shen Qinglan listened to her crying, and she was relieved in her heart, as long as her emotions could be vented It's okay to come out.

The movement here alarmed Mr. Shen, the door was knocked, "Lan Lan, what's wrong with your mother?"

Shen Qinglan patted Chu Yunrong's shoulder, and Chu Yunrong's cry was softer, "Grandpa, my mother is fine."

"Is it okay to cry?" Mr. Shen was a little uneasy. Chu Yunrong went out early in the morning. After coming back, he and Shen Qinglan entered the room. Now crying came out again.

Shen Qinglan couldn't really find a good excuse to explain for a while, but finally Chu Yunrong said, "Dad, I'm fine. I was watching TV with Qinglan just now, and I saw a clip that was so touching that I didn't control my emotions. ."

Mr. Shen was speechless, knowing that this was an excuse, but said nothing, and told him to leave.

Chu Yunrong returned to silence in the room, and Shen Qinglan sat with her, "Qinglan, you go out, my mother wanted to be alone."

Shen Qinglan was not at ease. Chu Yunrong's current state was very dangerous. Chu Yunrong rubbed his lips. "My mother would not think about it, just want to be quiet."

Shen Qinglan looked at Chu Yunrong for a while, and then nodded, "Okay, I'm going out first. You have something to call me."

Chu Yunrong's stay was one day and one night. She never stepped out of the room or allowed others to enter. Even Shen Qinglan refused to go out. Both Mr. Shen and Shen Junyu asked what happened to Shen Qinglan, Shen Qinglan. Keep your mouth shut.

Until the third night, Chu Yunrong still refused to come out, Shen Qinglan wanted to call Shen Qian, Shen Qian came back quickly, learned from Shen Qinglan's mouth, and said nothing, Directly into the room through the window from Shen Junyu's room.

In the room, Chu Yunrong was lying motionless on the bed. She had maintained this posture for almost three days. For these three days, she couldn't get out of her thoughts and thought about everything over and over again.

Killer, this word is distant and unfamiliar to Chu Yunrong. It is a noun that only appears in TV series. But now, I know that the noun is actually placed on my daughter.

She didn't understand that kind of life, and she couldn't understand it, but she could also imagine how difficult it was for Shen Qinglan to return to her side alive, and what did she do after Shen Qinglan returned?

She alienated her because of her inner guilt and timidity, because of Shen Qinglan's unhappiness to be close to others, and even favored a adopted daughter everywhere. When she saw such a scene, did Shen Qinglan feel disappointed with her mother?

Chu Yunrong grabbed the quilt and shivered gently. What did she do in the past?I couldn't extricate myself from my pain. I always thought that I was the worst in the world, but even so, she still lived the life of a wealthy wife, but what about her daughter?

Chu Yunrong thought of this and cried out.

"Yun Rong." Shen Qian looked at his wife who couldn't help crying.

Chu Yunrong heard Shen Qian's voice, and the cry suddenly disappeared, but she lay still.

Shen Qian walked to the other side of the bed, "Yun Rong, how are you?"

Chu Yunrong didn't speak. Shen Qian sat down and sighed, "Why are you torturing yourself like this now? Qing Lan is very worried about you."

"Shen Qian, you have known for a long time?" Chu Yunrong said, his voice hoarse.

Shen Qian looked slightly, looked at Chu Yunrong, and Chu Yunrong sat up and looked at him fixedly, "You said, did you know that Qinglan suffered?"

"Shen Qian, it's all here, I don't like you to continue to lie to me, or hide me."

Shen Qian sighed, "Yun Rong, I will know soon."

"why did not you tell me?"

"I'm not telling you for your own good."

"Shen Qian, am I really so fragile in your eyes? A little setback can't bear it?"

"Yun Rong, I don't mean that. Your body has always been bad. I just don't want you..."

"Don't say it, I know what you mean, don't you want me to drag Qinglan's hind legs?"

"No, I'm worried about your body."

"I am in good health now, and I ask you to tell me the truth, what did you do and offended someone? Why do they want to take my daughter away? And send her into that place, Shen Qian, I want you to tell me the original." Chu Yunrong's eyes looked at Shen Qian very cold. Such eyes made Shen Qian's heart flustered.

"Yunrong."

"I just want to know the truth."

Concerning Shang Yunrong's insistence, Shen Qian chose to compromise after all, "I was on a mission when I was in the special forces, that is, to kill a mercenary leader who violated our territory and killed our citizens."

Shen Qian told Chu Yunrong the part he knew.'

Chu Yunrong's face was pale, "So, those people took Qinglan in fact to avenge you?"

Shen Qian closed her eyes and covered the pain in her eyes. "Yes, the tragedy of the Yan family is the person's revenge."

Chu Yunrong's face was even more white, and he looked at Shen Qian incredulously, "Yan family...Yan family also because of this matter?"

"Yan Anbang was my comrade-in-arms, and he also participated in that action."

"How could... how could this be?" Chu Yunrong murmured.

Shen Qian looked at her, "Yun Rong, I'm sorry, we didn't protect our daughter."

Chu Yunrong's tears fell down again. She looked at Shen Qian, but her emotions and reason were in fierce confrontation. A voice said that this was Shen Qian's fault. After this action, Shen Qinglan will not have an accident, she will grow up happily and safely; another voice said that Shen Qian was also responsible for this kind of thing, no one wants it to happen, and Shen Qian has not been easy to live these years. .

Shen Qian looked at Chu Yunrong's silent tears, and felt distressed and anxious in his heart, "Yun Rong."

Chu Yunrong just cried in silence, "Yun Rong."

"Don't talk, you let me be quiet for a while, Chu Yunrong said.

Shen Qian sat there with her. In fact, he would rather Chu Yunrong hysterical than silent now, so she is more worrying.

"Yun Rong, if you are sad, you can hit me or scold me, but don't hold back in your heart." Shen Qian said in a deep voice, without receiving any response from Chu Yunrong.

I don't know how long after that, Chu Yunrong looked up at him, "What about Qin Yan?" Her eyes were bitter hatred. This woman destroyed her daughter and could still approach her. What did she want to do?Threatening this incident or is she going to drive herself crazy?

Shen Qian did not know that Qin Yan was already in Shen Qinglan's hands, and heard the words and shook his head. "Not sure. Last time Qing Lan knew that she had come to Beijing and left."

Chu Yunrong suddenly remembered the fact that Shen Qinglan and Fu Hengyi left, "The last time Qinglan and Hengyi left Beijing to solve this matter, right?"

"It should be." Shen Qian said uncertainly.

"Shen Qian, you know so much, but you don't want to tell me anything. I'm afraid I can't stand the stimulus and become a lunatic, but do you still remember, Shen Qinglan is my daughter born in October,

it's me The root of her life." Her tears dimly.

"Yun Rong, it is because of this that I am even more afraid to tell you, your heart is full of guilt for Qinglan, if you know this again, can you bear it?"

"Haha." Chu Yunrong smiled, but with tears in his eyes, "Yeah, I am a cowardly mother. My daughter has an accident. I don't want to find my daughter. The reality is that I let my daughter suffer so much, it is my fault, it is all my fault."

Chu Yunrong was caught in a strange circle. After all, she couldn't bear to blame Shen Qian, but she couldn't vent her inner anger and sadness. She could only take all the responsibilities on herself and make herself miserable, so her heart would feel better. .

Shen Qian looked at the pain in Chu Yunrong's eyes and hugged her in her arms, "Yun Rong, don't think so, these are not your fault, I am useless, I have not protected you and Qinglan, everything is My fault, I am not a good husband or a good father. You have done a good job and stop blaming yourself."

Chu Yunrong was crying with a broken heart, she couldn't pass the threshold in her heart.

Shen Qian comforted her wife softly and waited for her emotions to calm down. Since Chu Yunrong didn't get sick the first time he heard the news, this is a good phenomenon. Shen Qian believes that she will survive it.

For a long time, Chu Yunrong gradually calmed down, "If I don't know, are you going to hide my life?"

Shen Qian gave a faint look, "Yes, I never intended to tell you."

Chu Yunrong was angry, "Shen Qian."

"It's not just you, if I can, I don't want anyone who knows Qinglan's past. She was a child who grew up in an orphanage, abandoned by adoptive parents, and grew up in the orphanage until he was sixteen, and then returned It was such a simple experience when I went to the Shen family." Shen Qian said very seriously.

Chu Yunrong was stunned, and suddenly it came back. Yes, this matter must not be known to others. If people know Shen Qinglan's past, then what Shen Qinglan will face is simply unimaginable.

"Yes, absolutely no one can know that Qinglan is in the past, and that woman, A Qian, that woman knows."

"What woman?" Shen Qian didn't react for a moment, and Chu Yunrong grabbed his hand. "That's the woman who came to me, and she reminded me to let me go and trace the truth of the year, that woman, she knew Qinglan's past."

Chu Yunrong was worried, and Shen Qian comforted her, "Yun Rong, don't be excited. You tell the woman's characteristics and give it to me to solve. I promise that she will never let Qinglan's identity be revealed."

"No, no, she can't live, she might just be a threat to Qinglan, Aqian, can't keep her alive."

Shen Qian looked at Chu Yunrong with a shocked expression, and could not believe that the words just came out of her mouth, "Yun Rong."

"A Qian, have you heard? You must not let that woman leave the capital alive."

"Yun Rong, do you know what you're talking about?" Shen Qian's voice sank, and Chu Yunrong woke up instantly. She looked at Shen Qian staring, "A Qian, I..."

"I know you are worried about Qinglan, leave this matter to me, OK, I will solve it." Shen Qian let out a soft voice.

Chu Yunrong's expression was stunned. He didn't seem to understand that he was the one who said that.

"Yun Rong, don't think about it again, leave it to me, and all you can do is take good care of yourself and help Qinglan take care of An'an."

Chu Yunrong nodded, and Shen Qian saw that, knowing that she needed to calm herself down now, she left the room.

At this time, outside the door of the room, Master Shen, Shen Qinglan and Shen Junyu were still waiting for the results.

"Grandpa, let's go back to the room first. Since my dad went in, my mom will definitely be fine." Shen Junyu persuaded.

Shen Qinglan echoed, "Grandpa, listen to my brother, let's go to rest first." In recent days, the old man was also worried about Chu Yunrong's situation. He didn't have a good rest, and after a few days, people were sick.

Master Shen nodded, "Lan Lan, you help me in."

Shen Qinglan's beautiful eyes flashed, "Okay."

After supporting the old man into the room, Shen Qinglan spoke, "Grandpa, do you have something to tell me?"

Grandpa Shen took a deep look at her granddaughter and patted her hand, "Lan Lan, if you encounter a problem that you can't solve or don't know how to solve, look for Grandpa. Although Grandpa is old, he will support you. The sky can still do it."

Shen Qinglan felt a shock in his heart, and it seemed as if he had seen through all his eyes, and there was a warm current deep in his heart, "Grandpa, thank you."

Grandpa Shen smiled lovingly, "I am your grandfather, shouldn't it be your duty to protect you? Go, grandpa take a break, and if your mother is fine, tell grandpa."

"Okay, grandpa, take a good rest."

Shen Qinglan helped the old man to lie in bed until the old man closed his eyes and went to bed before leaving.

Shen Junyu was still waiting, looking at Shen Qinglan, his eyes deep and deep, "Lan Lan."

Shen Qinglan looked at him with a faint expression, "Brother, do you want to ask me what happened?"

Shen Junyu suddenly reached out and rubbed her hair, "Brother doesn't ask this, I know you don't want to say, then you don't need to say, just tell me when you want to say, brother just wants to tell you, brother will always stand Behind you, be your strongest backing."

Shen Qinglan looked at him and said with a joke, "What if I don't have one in the world one day?"

"Then you come to Brother's arms, even if you are enemies with the world, I will give you a home." His eyes were full of seriousness.

Shen Qinglan laughed out loudly, "I'm just doing a joke with you so seriously what to do, brother, if you hear this from Fu Hengyi, he will be jealous."

Shen Junyu also laughed, "That one in your family is not saved, so jealous if you don't move, he is soaked in the vinegar tank."

"No, it's vinegar."

The brother and sister smiled at each other.

When Shen Qian came out of the room and saw the two, Shen Qinglan said first, "How about her, mom?"

"Your mother is okay, just a little tired. Just give her a break." His voice was gentle, and Shen Qinglan immediately understood that Chu Yunrong may have been hit, but the disease should not have recurred.

"Mom hasn't eaten for three days. I asked Songsao to make something for Mom." Shen Junyu took the initiative to leave.

Shen Qian patted Shen Qinglan's shoulder, "Your mother is okay, just can't accept it for a while, just slowly, Qinglan, you go to the study with me, I have something to ask you."

Shen Qinglan glanced at the closed door and turned to follow Shen Qian to the study.

"Where is that woman now?" Shen Qian asked directly.

Shen Qinglan shook her head, "I don't know, she ran away when I saw me that day. I overtook, but I didn't catch up. In the past few days, my mother was in this situation again, and I didn't go to her."

"That woman knows that you can't stay anymore." Shen Qian said, "And the woman with such a good skill but lurking in the capital, the purpose must not be simple."

Shen Qinglan immediately understood the meaning of Shen Qian, "Daddy, you don't need to do this, I can solve this matter."

Shen Qian smiled, "Qinglan, you just think this is a kind of make up for you."

Shen Qinglan pursed her lips, "Dad, I never blamed you and your mom, you don't have to be sorry for me."

After knowing the truth of the matter, the only trace of blame in Shen Qinglan's heart also disappeared. Shen Qian was in the end the blame.

He is a soldier, and it is his responsibility to defend the country.

"Qinglan, my father is a soldier, my husband, my father. I have done my duty to the country, but I have not been responsible to my family. I am sorry for you. I will not say it if I apologize. As long as you believe, I will not Disappoint you."

Shen Qinglan's eyes were faint. The word she heard most was sorry, from her family. For the Shen family, the guilt cherished to her is not a burden for her?

Shen Qian looked at Shen Qinglan's cold face and sighed, "Go back and take care of An'an, your mother has me here."

Shen Qinglan nodded, said nothing, and left.

Back at home, An An was sleeping. These days she was worried about Chu Yunrong. She spent less time and energy on An An.

Shen Qinglan looked at his son's quiet sleep, and the emotions deep in his eyes gradually calmed down.

An An woke up quickly. An An just woke up with some ignorance. He looked at Shen Qinglan with big eyes, blinked and blinked, yawning, Shen Qinglan looked at his son's cute look, and his mood was all right. The son hugged him and changed his clothes before carrying him to the living room.

After a few days of investigation, Jin Enxi finally found clues about the woman. "Ann, I found it. I'm coming to pick you up now. You wait for me."

Shen Qinglan's eyes changed slightly, and he quickly returned to nature, "I will come out immediately."

Shen Qinglan hung up the phone and handed over his son to Master Fu and went out. Jin Enxi was already waiting for her outside. Shen Qinglan directly opened the car door and sat in.

Jin Enxi started the car, "Ann, you must not think of that woman's identity."

Shen Qinglan raised her eyebrows, "Oh?"

"She is the lover of Shi Bang boss Shi Feng."

Shen Qinglan's eyes were deep, but he didn't expect this matter to be related to Shi Gang.

"She is Shi Feng's lover on the surface, but there is another agent in the background."

"So, she is not Qin Yan's subordinate? Or not exactly?"

"You can say that, but Qin Yan should think that she is, but as a lover of Shi Feng, it's a matter of the most recent year. She doesn't seem to have come to Beijing for long, because the information is difficult to check, and I can't find it. Her previous experience."

This is very interesting, multiple identities?Agent?Qin Yan's subordinate?A boss lover on the road?

"However, I found in the investigation that although she was Shi Feng's lover, they did not meet many times. Shi Feng didn't seem to be very interested in this lover. Instead of saying that the two were lovers, it was better to say that they were cooperation. Relationship, Shi Feng seems to have financial contacts with her. And this woman also has the ability, at the same time, has a relationship with several men, all of them have extraordinary identities, there are business tycoons, and there are G officials in political circles. Contact a senior military officer."

Shen Qinglan heard that the interest in her eyes was more intense. What kind of agent with such a complex identity is lurking in the capital?Qin Yan's people?What Qin Yan did was not the news of buying and selling intelligence. Is this one servant and two masters, or is he in Cao Ying's mind?Shen Qinglan is now very interested in this woman.

At the destination, Shen Qinglan looked at the villa in front of her, "Are you sure she is inside?" The two of them directly escaped the surveillance camera and came over the wall.

"Okay, this is her home."

Shen Qinglan stepped on the door and Jin Enxi's eyes changed slightly, "Ann, this will alarm her."

"She should have known that you were checking her." Shen Qinglan said.

Soon, the door opened, and a woman's face appeared, and she saw Shen Qinglan and Jin Enxi, not surprised at all, her mouth lightly raised, "Welcome to be my guest, please come in."

Shen Qinglan walked calmly, Jin Enxi's eyes were on guard, the woman seemed to mind nothing, and took the two to the living room, thinking they would know old friends for many years, feel free to ask, "What do you want to drink?"

"Bai boiling water." Shen Qinglan replied.

The woman nodded, walked into the kitchen, and came out with two glasses of water in front of them.

"You already knew that we would come?" Jin Enxi looked into his eyes.

"Guess." The woman smiled lightly and calmly.

Jin Enxi's eyes were light, and the woman knew that they would come but was still waiting for them here. Was she confident? Or...

"You don't have to guard against me like this, I don't have any malice to you, Miss Shen, what do you say?"

Jin Enxi sneered, did not maliciously pierce Shen Qinglan's identity? Who are you cheating?

The woman spread her hands, "The previous incident was entrusted by others, and I had no choice but to do it. After all, people are still my masters." She said this very casually, and obviously she was not very loyal to Qin Yan. .

"What is your purpose?" Shen Qinglan asked.

"If I say that I have no purpose at all, do you believe it?" the woman asked.

Shen Qinglan pondered, unable to see the true purpose of this woman.

"Okay, let me tell you directly. Anyway, you probably know it now. I am the person Qin Yan arranged in

Beijing. You think I am her subordinate, but I am not utterly disheartened towards Qin Yan. On the contrary, if you can help me kill her, I will appreciate you. I have not been able to contact her during this time. Is she already in your hands?"

There is a lot of information in the words of the woman. Jin Enxi did not know whether to believe it or not. Qin Yan's people are undoubted, but I hope Qin Yan will die. Why?

"Since you say you are not malicious to us, then why go to Qinglan's mother and say those words?"

"Trusted by others." The woman said casually, but Jin Enxi immediately grimaced.

The woman smiled, "I'm just telling the truth, what are you doing with such anger?"

Shen Qinglan looked at the woman calmly, thinking about the woman's purpose and the authenticity of her words.

"Miss Shen, what I said just now is true. I am really not malicious towards you. On the contrary, I appreciate you, especially your ability. If you are willing to join my organization, then we are friends. Of course, My organization does not mean Qin Yan."

Jin Enxi was stunned, should this woman be a lunatic, even persuaded Shen Qinglan to be a spy.

Shen Qinglan did not expect that a woman would even say such things, and she did not know how to react for a while.

"Well, I seem to be scaring you. I'm joking with you. Ms. Shen's life is good. I must be reluctant to do such a thing. Just when I didn't say it." The woman said with a smile.

Shen Qinglan's eyes were slightly cold, and she looked at the woman expressionlessly, "It's fun?"

"No, it's not fun, I'm tired too." The woman smiled. "But whether you believe it or not, I don't have any malice to you. What I did to your mother before is also to attract you. Only, Miss Shen did not disappoint me, came faster than I thought. But to say that I have no purpose at all, you certainly will not believe it. In fact, my purpose is very simple, just to see you, like now ."

"Why?"

"Probably lonely." The woman chuckled.

From beginning to end, the woman didn't say her purpose, and the speech was also three-point true and seven-point false. Shen Qinglan's eyes became colder and colder, and she had already killed her.

"Miss Shen, don't think about killing me. Although you two can't join forces, I can't escape, but neither of you can retreat. I want to kill a thousand enemies and damage 800. No one wants. Do it." The woman

seemed to feel Shen Qinglan's murderous intention and said with a smile.

"I won't tell you who you are, although Qin Yan really told me this way in the end." The woman said, "If Qin Yan is really in your hands, please tell me for me the debt I owe. After all, I have to pay back. I owe her already paid off. The next time I see her, it is time for her to repay the debt." When the woman said this, her left thumb and index finger gently touched the little finger of her right hand. Sharp, Shen Qinglan accidentally noticed this small movement, his pupil shrank suddenly, and returned to nature in an instant.

"What kind of grudge do you have with Qin Yan?" Shen Qinglan asked.

"Human life." The woman spit out two words in her red lips. Although the tone was plain, anyone in the hatred could feel it clearly.

"Let's go." Shen Qinglan said to Jin Enxi, stood up, Jin Enxi was stunned, "Qinglan, she..."

"Let's go." Shen Qinglan looked faint, she looked at the woman, "Remember what you said, give you three days, leave the capital, leave the country Z, never step in here again, or even if both defeats, I will Don't hesitate."

The woman smiled, "Okay. I will leave here the day after tomorrow, but Miss Shen, can you discuss something with you before leaving?"

Shen Qinglan looked at her lightly.

"I want to have a meal with you, um, just like an ordinary friend, the place is yours."

"Twelve noon tomorrow, Banxia Western Restaurant." Shen Qinglan said, and then pulled Jin Enxi away.

This time they left from the main entrance with fairness and sincerity. Jin Enxi looked at Shen Qinglan with a puzzled look, "An, why did she just let that woman go? She already knows your identity, which is very bad for you."

"Even if her skills are combined between you and me, it is not so easy to win."

"Even if it is so, can we still take her down together? An, I don't understand when you came, you clearly planned to solve her. Why did you suddenly change your mind?" Jin Enxi was a little angry and didn't understand Shen Qinglan way of doing.

Shen Qinglan didn't explain. She closed her eyes directly after getting on the bus, covering the emotions in her eyes. Her mind always flashed the movement of the woman's fingertips.

Will it be her? Will that woman be her? Shen Qinglan asked gently in his heart.

Jin Enxi sent Shen Qinglan to the entrance of the compound. Without waiting for her to speak, she left the throttle. Shen Qinglan smiled helplessly, knowing that she was really angry, but this matter was too unbelievable, and it was not in line with common sense. There is no way to explain to Jin Enxi, and now she needs to make sure about some things.

When Shen Qinglan came home, she saw Chu Yunrong, playing with An An.

Shen Qinglan sat down beside her, "Mom."

Chu Yunrong smiled slightly, "Qing Lan is back, have you eaten?"

Shen Qinglan shook his head, "No."

Chu Yunrong stood up, "Then let Aunt Zhao give you a bowl of noodles?"

"it is good."

Chu Yunrong stood up and went to the kitchen. Shen Qinglan looked at Chu Yunrong's back and then retracted it. An An saw Shen Qinglan and crawled towards her. Shen Qinglan stepped forward and hugged him, "Ma Ma."

"Well, my mother is back." Shen Qinglan responded softly.

An An handed Shen Qinglan what was in his hand, and Shen Qinglan glanced at it. It was a piece of jade. It was the piece that Allen gave to An An. This piece of jade was put by her. How could it appear in An An's hand now? ?

When Chu Yunrong came back, he saw the jade pendant in Shen Qinglan's hand and said with a smile, "This jade pendant was given to An An. The older generation said that it is good for a child to bring a piece of jade. I vaguely remember An An's If there is a piece in the gift, go find it yourself."

An Qing's gift, Shen Qinglan, vacated a cabinet for placement, as everyone in this family knows.

Chu Yunrong continued, "I originally wanted to put it on An An, but the little guy saw it and liked it. If he didn't let go, he would play with him for a while."

"Then I will wait for a string to string him up."

"No, I'm ready." Chu Yunrong said, taking out a braided rope.

Shen Qinglan handed Yu Pei to Chu Yunrong. Chu Yunrong put Yu Pei in and asked, "Qing Lan, who sent this gift?"

"A friend, he sent it last hundred days."

"Then your friend is very attentive, there is An'an's name and birthday on this jade piece."

After hearing this, Shen Qinglan's eyes flickered and took a closer look at Yu Pei. Sure enough, he saw An'an's name and birthdate. The words were very small, and they were hidden in the patterns.

When Shen Qinglan thought of Allen, he thought of another thing, "Mom, did I have a jade pendant when I was a kid?"

"Yeah, that was when your grandmother gave it to you when you were born. It was a valuable marriage for your grandmother," Chu Yunrong said. "But after you came back, I didn't see the jade piece."

Chu Yunrong guessed that the jade piece should have been taken away, so he did not ask Shen Qinglan about the jade piece.

That piece of jade was taken by Allen, and Shen Qinglan never asked Allen to come back. She hung Yu Pei on An An's neck, and An An would grab it in her mouth and put it in her mouth. Chu Yunrong took An An's hand, "My little baby, this can't be eaten."

An An looked at Chu Yunrong with big eyes. Chu Yunrong tucked Yu Pei into An An's clothes, lest he be taken out again.

Shen Qinglan stuffed him with a small apple. An An took it in his hand and glanced at Shen Qinglan again, handing the apple to Chu Yunrong. He didn't like this thing.

"I'll make him some apple puree. Now he only has four teeth and he can't move."

"I'll go." Shen Qinglan said.

"Qinglan, be careful." Aunt Zhao shouted and Shen Qinglan looked back, only to find that he had made apple puree into apple slices and almost cut it into his hand.

"Qing Lan, what are you thinking about just now, and you haven't responded after calling you?"

Shen Qinglan was embarrassed, "Nothing, thinking about the idea of a painting."

"Are you going to cut the fruit bowl?" Aunt Zhao looked at the pile of apple slices and asked.

Shen Qinglan looked down at the pile of apple slices of uniform thickness and size, shaking his head, "No, I want to make apple puree."

Aunt Zhao was speechless and took the knife in Shen Qinglan's hand, "Forget it, you go out with An'an, I'll make apple puree." She took out an apple from the fruit basket on the side, "It should be big enough, An'an I ate half a bowl of rice paste at noon."

Shen Qinglan looked at Aunt Zhao's busy life and saw that there was nothing she could do to help, so she simply left.

Back in the living room, Shen Qinglan thought about it and called Jin Enxi. "Enxi, I want all the information about the woman, especially the past."

Digression

Recommend Mengyou Tan Xinyue's article "Grandmother's Pets: Meng Wife Don't Eat Melon".

Yan Anning feels crazy! Life and death bearish, do it if you don't accept it, accidentally hang in seconds, and be born again!

However, when I opened my eyes, how did I find myself lying naked on the bed?

"Looking at you, I will be responsible for you." Jin Liang thin on the side stood with his hands down, his lips and teeth cold.

From then on, Lord Jin pursued with perseverance, Yan Meiren pretended not to know the truth, hiding in the corner, eating melons and watching the show.

Grandpa Jin sneered, "Don't counsel me to eat melons on the side, can't you see it? It's you who I'm holding."

Yan Anning scared the melon in his hand, "Master Jin, I don't look down on you, you don't know how to spend the moon."

Jin Liang thinly pulled out the black card with no expression, "It is better to spend money and spend the day before spending the month."

Yan Anning was in a group and could not escape the fifteenth day, but he couldn't escape Jin Ye Wen Chong's heart.

432 Is It Her?

Jin Enxi was still angry with Shen Qinglan, so she gave up such a good opportunity. This kind of Shen Qinglan made her feel strange, the former Shen Qinglan was not like this.

"Aren't you letting her go, and now she's going to check what she's doing, even if they find someone else, she's gone." They didn't take the other party down at the time, and I'm afraid that the woman wouldn't be in that villa any longer.

Shen Qinglan knew that Jin Enxi was angry, but now she can't explain, "Enxi, wait for the doubt in my heart to be confirmed, I will tell you, now, please help me check her past information, the more detailed the better."

Her tone was very serious, and Jin Enxi looked slightly, "Ann, who do you suspect she is?"

"I'm not sure yet, Enxi, I need evidence."

Jin Enxi was silent, and said after a while, "I know, I will try my best to check, but the woman's information is difficult to check, I'm not sure it can be found." She only found the woman when she checked before. In the past year's experience, her past was like a blank piece of paper with nothing, as if her people appeared out of thin air.

"I understand, you just try your best." If that person is really the person he thinks about, then Jin Enxi wants to find her information is even more difficult.

Shen Qinglan hung up the phone and stood there thinking for a long time, the deep emotions in his eyes.

"Qinglan, what are you dazed about?" Chu Yunrong's voice pulled back Shen Qinglan's thoughts.

Shen Qinglan looked back at her mother. Today she has been very calm since she saw Chu Yunrong. There is no difference from the past, but it is this calmness that makes Shen Qinglan feel abnormal.

"Mom, let's check with Dr. Zhou tomorrow."

Chu Yunrong was slightly stunned, and nodded to Shen Qinglan's eyes.

Early the next morning, Shen Qinglan arranged for An'an and took Chu Yunrong away.

Shen Qinglan had made an appointment with Dr. Zhou last night. When they arrived, only Dr. Zhou was there.

Chu Yunrong still went in by himself, but this time he came out soon.

"Dr. Zhou, my mother..."

Dr. Zhou smiled gently, "It's okay, everything is normal, but your mother is not willing to talk to me openly this time."

"Is there any problem with my mother's mental state?" Shen Qinglan was mainly worried about this.

Dr. Zhou smiled, "There is no problem, you can rest assured."

Knowing that Chu Yunrong's mental state was no problem, Shen Qinglan was relieved.

Chu Yunrong and Shen Qinglan left the hospital. Chu Yunrong looked at Shen Qinglan's profile, "Qinglan, are you relieved now?"

"Mom, I just worry about you, I hope you don't mind." Shen Qinglan said lightly.

Chu Yunrong smiled, "No, why would my mother mind, Qinglan, I know that I am not a good mother, as a mother, no matter to you or to Li Xitong, I have not done my duty as a mother, Li Xitong I'm going to take a lot of responsibilities today, and you, too, said that I didn't look at you well, so that your childhood became so unfortunate. I am a failed mother."

"Mom, these are over."

"Yeah, these are over, I can't change the past, Qinglan, I just want to study hard to be a good mother in the future, not immersed in guilt and self-blame, no longer escape, no longer cowardly, I It's your mother. I want to hold up a sky for you and let no one hurt you. Do you believe your mother?" Chu Yunrong said seriously.

Shen Qinglan stopped and looked at Chu Yunrong, "Mom, you don't have to be like this." She is used to this kind of life. Chu Yunrong's excessive closeness only makes her feel uncomfortable.

Her words dimmed Chu Yunrong's eyes, "Qinglan, I know my mother let you down in the past, but please give me a chance to be a good mother."

"Mom, I'm not disappointed." I never expected it. Where did I get disappointed?

"Forget it, no matter how much you say, let's go back." Chu Yunrong said.

Shen Qinglan opened his mouth and wanted to say nothing, but after all, he said nothing and sent Chu Yunrong home.

Chu Yunrong looked at her strangely, "Qinglan, why don't you drive in?"

"I have something to do, mom, go home first."

"Something will not be said early, I can take a taxi back by myself, OK, you have to go to work, I will go to see An'an first." Chu Yunrong untied the seat belt and got off the car, until Shen Qinglan's car disappeared on the corner Only then did she turn into the compound.

Banxia Western Restaurant, when Shen Qinglan arrived, the woman had come, sitting in the position, holding a book in his hand, quietly flipping through, the sunlight hit her, with a kind of years of silence The taste of this woman has a quiet temperament, who can think that such a woman would be an agent?

"Come, sit." The woman noticed that someone was approaching, raised her head, and saw that it was Shen Qinglan, closed the book, and opened her mouth with a smile, just like an old friend, clearly their positions were opposite.

Shen Qinglan sat down opposite, looking at the woman, and the woman handed her the menu, "Whatever you want to eat, just order it. I will invite you for this meal today."

Shen Qinglan didn't pick up the menu, "Just come."

"Okay, then I'll come. What do you want? Black pepper steak?"

"Yes, I'm not picky eaters." Shen Qinglan's expression was cold and calm, and her eyes were calm when she looked at the woman.

"Is mushroom soup ok? I heard that the mushroom soup here tastes good?" The woman asked Shen Qinglan's opinion and smiled.

"Yes. Add a cheese shrimp ball." Shen Qinglan said.

The woman's movements paused slightly, "Okay."

The woman ordered a meal, handed the menu to the waiter, and then looked at Shen Qinglan, "Is your time concept always so strong?" I made an appointment at twelve, not too late or early.

"Used." Shen Qinglan said, "Why do you want to eat with me, aren't you afraid of me leaving you?"

"Just want to have a meal with you. If you want to stay with me, you will stay with me that day. I am actually ready to leave you with me that day. As a result, your choice surprised me and could tell me Why?" The woman looked curious.

Shen Qinglan's eyes flickered, without opening, but picked up the kettle on the table, poured a glass of lemonade for the woman, "drink saliva first."

There was a glass of boiled water in front of the woman. Looking at the faint lipstick mark on it, it was obviously drunk. She glanced at the glass Shen Qinglan put in front of her, smiled, and took a sip, looking natural.

Shen Qinglan watched her all the time, watching her movements, a deep disappointment flashed in the depths of her eyes.

"Miss Shen, you have not answered my question just now." the woman said with a smile.

Shen Qinglan's expression was faint, "You tell me first, what is your name."

The woman slapped her head, "It's not me, I forgot to introduce myself, my name is Su Qing, you can also call me Joanna."

"Su Qing." Shen Qinglan murmured the name and looked at the woman.

"This is my real name. I still have an ID card. Do you want to see it?" Su Qing's playful expression revealed a serious look.

If Shen Qinglan said it was necessary, she would definitely give it to her as soon as possible. Shen Qinglan shook her head, "No need." Such things as ID cards may not necessarily be true, at least for the woman in front of her.

"Miss Shen, you seem very curious to me." The woman spoke lightly.

"Shouldn't you be curious, since you are Qin Yan's..."

"No, no, Miss Shen, I repeat, once again, strictly speaking, I am not Qin Yan's person."

"What Qin Yan arranged for you to do was to take revenge on the Shen family. Now that my mother is not crazy after seeing the truth, is she very disappointed?" Shen Qinglan's eyes were cold.

"I think you should thank me. Your mother's current situation should be a good thing for you. Is it very hard to conceal the past life? Telling your mother the truth will make her more distressed. Counting it, you really should thank me, did you say, Miss Shen?"

Shen Qinglan put his hand on his lap and tapped gently, "Who the hell are you?"

"I just said my name, you forgot so quickly?"

"You know what I mean."

Su Qing chuckled, "Aren't your friends already investigated me? Oh, no, I'm still investigating. That's my

identity. Except that I'm Qin Yan's, everything else is true. Yes Now, did I bring you Qin Yan to tell you? Qin Yan's reaction? Are you angry?"

Shen Qinglan looked at her calmly.

"Miss Shen, you don't have to guard against me like this. I said that I am not malicious to you. If I am really malicious to you, I will not invite you out for dinner. You can relax and we will know each other for years. Friends, we will break up after this meal, I will leave the capital and never step in here again."

"Why?" Shen Qinglan asked.

Su Qing raised her eyebrows, "It seems that you are really curious about me, probably because the enemy of the enemy is a friend, who let us have a common enemy."

When the food came up, Shen Qinglan moved the cheese prawns to the woman's face and spoke lightly, "This tastes good, you try it."

"Thank you Miss Shen, I don't like cheese."

Shen Qinglan heard the words and stared at her closely, "Do you not like to eat, or can you not eat."

Su Qing's pupils were narrowed and her eyes were drooping, and she didn't let Shen Qinglan see it. She lifted her eyes and recovered her calmness. "Miss Shen is a joke. Why can't you eat cheese prawns? I'll try it today." She grabbed a shrimp ball and took a bite.

"Well, Miss Shen, you are a real expert in eating. The taste of this shrimp ball is very good. No wonder you just recommended me to eat it." Su Qing narrowed her eyes and seemed to enjoy the food very much.

Shen Qinglan watched the whole process, the hand holding the knife and fork tightened slightly, and saw the woman swallowed the shrimp ball naturally, drooping her eyes, covering the disappointment in her eyes. The man didn't like the taste of lemon, so he never She doesn't drink lemon tea, is allergic to cheese, and never eats cheese. The woman in front of him does not reject these two things. Isn't she really that person?

But if not, why does this person in front of him actually make the same small movements as that person? Was it an unconscious coincidence, or did the woman know that person's habits and deliberately mislead herself?

Shen Qinglan's heart is full of doubts.

After eating a meal, the woman put down her knife and fork. "Miss Shen, I have booked the ticket for tomorrow. If you want to stay today, I still have time."

Shen Qinglan took a sip of water and gently leaned against the back of the chair. "Do you really want me to leave you?"

"No, I don't want you to regret it. It won't be easy for you to find me when I'm gone. Or is it that after a meal, Miss Shen's curiosity about me has been lifted?"

Shen Qinglan stared at her eyes, "No, so are you planning to solve my confusion?"

Su Qing shrugged, "Miss Shen, Su Qing is my real name, I think you should treat me like a certain person? You let me go because of this too? If so, then I am quite disappointed with Miss Shen. Yes, actions like this will only kill you, instead of me, I would rather kill a thousand by mistake, and never let go of one."

"So you are you, I am me." Shen Qinglan straightened up, "The next time we meet again, there is no way you can get out like this time."

Su Qing smiled, "As a result, I am actually looking forward to our next meeting, but before leaving, I want to give Miss Shen a piece of advice."

After Shen Qinglan's footsteps, Su Qing went on to say, "Some things are not as good as sparse, and you can only know how good things are if you try them."

Shen Qinglan's eyes flickered and left.

Su Qing looked at Shen Qinglan's back, a smile of kindness flashed in his eyes, and got up and left here.

On the way back, Shen Qinglan's mind kept flashing the words of the woman and every detail of the meeting today. After all, he still shook his head in disappointment. Except for the small movements that day, the woman and the person, whether in appearance or behavior, Or two people with very different temperaments, are they really different people?

Shen Qinglan shook his head, shook his confused thoughts, took out his mobile phone and called Eden, "Eden, it's me."

"Ann. What's wrong?"

"Tell Qin Yan that Su Qing's actions failed, her plan was unsuccessful, and Su Qing was already dead, pay attention to her reaction and tell me."

Eden stunned, "Ann, who is Su Qing?"

"Qin Yan arranged people in Beijing."

"She appeared?"

"Ok."

"Did you fight?"

"No, I let her go, Eden, I suspect she is that person." Shen Qinglan's voice suddenly lowered.

"Who..." Eden asked subconsciously, and then immediately responded, "Ann, this is absolutely impossible, that person is dead, Su Qing can't be that person."

"Eden, Su Qing knows the little moves that the talent knows." Shen Qinglan said, they used to get along with them day and night, they were too familiar with everything about that person.

"Ann, maybe it's just a coincidence?" Eden said silently for a while, Shen Sheng said, and Shen Qinglan was silent. She also knew that this might be a coincidence.

"Eden, I don't dare to gamble on that." If Su Qing was really that person, she would regret her life if she accidentally hurt her.

"Ann... I know, I will test Qin Yan's reaction."

"Thank you, Eden."

"Ann, you don't need to say thank you, but Qin Yan's condition is not very good these days, and she seems to have some mental problems.

Shen Qinglan's eyes narrowed, "Crazy?"

"Well, although I don't know the true or false, on the surface, she seems to have collapsed because she can't bear the torture."

After hearing this, Shen Qinglan's eyes were cold, and his mouth was lightly tickled. "Eden, people like Qin Yan who are like copper walls and iron walls are not going to be crazy. It seems that our Mrs. Jin is still unwilling. What happened to your research? ?"

"It's nearing the end. I think I should be able to research the antidote for that virus in the near future. I used the samples I got from Allen to do a dozen different experiments on the mouse and got different splits. Sample, and then give Qin Yan one by one, and found a very interesting phenomenon, just wait for the final confirmation."

"In other words, after your confirmation is completed, Qin Yan is useless, right?"

"Well, so to speak."

"Since this is the case, wait until your experiment is completed, then solve her, lest you have a long night."

"Okay." Eden didn't have any opinions. After this period of experiment, Qin Yan had already been tortured in a minor form, and no need to use any punishment tools at all.

Hanging up the phone, Eden walked into the laboratory. In the laboratory, Qin Yan was lying on the ground with his hair disheveled, his eyes dull, and even Eden came in without any response.

Eden stood at the door and looked down at Qin Yan on the ground, "Tell you a piece of news that is not so good for you. The woman named Su Qing you arranged in Beijing is dead, and your plan has failed. "

Qin Yan did not respond, and even did not fluctuate. Eden continued to say, "You want Shen Qinglan's mother to know the truth's plan has completely failed. As for your two confidants, it was already this morning. Can't stand the torture, and die from pain, the next one is you.

Qin Yan still didn't react. Eden looked at her quietly. It took a long time before he left the laboratory, and just after he left, Qin Yan's eyes that hadn't responded gradually appeared a madness. .

She had to tighten her teeth to barely suppress the anger in her heart, but soon she was distracted by the itching and pain in her body. Her eyes were wide open and she breathed heavily, trying to divert her pain.

Qin Yan didn't know that she had been here for too long. This was a closed laboratory, and she couldn't feel the change of day and night at all. For her, every minute and every second was as long as a century. She could only He kept telling himself that he would soon pass away, and soon Shen Qinglan would be spurned and ousted from the Shen family to comfort himself and clenched his teeth, but now, this hope is broken.

Qin Yan's heart was full of hatred, and everything she carefully arranged was destroyed. How could she be reconciled, that Su Qing was also a waste, because she treated her so well before, so valued, and she couldn't even do this little thing it is good.

Shen Qinglan learned Qin Yan's reaction from Eden's mouth, but she was not disappointed. She had already expected it. "Since this is the case, it's useless for Qin Yan to stay. Solve it directly." She said coldly.

"Okay." Eden responded.

It took nearly a week for Jin Enxi to hear the news, "Ann, I didn't find anything about Su Qing."

Shen Qinglan stared, "Nothing?"

"Yes, her past is really a blank piece of paper, there is no clue, all the information seems to be destroyed

very clean, I can do nothing."

It was so clean that the destroyed place made Shen Qinglan a little unexpected. Since Su Qing is not Qin Yan's person, which organization does she belong to? For whom? What is the purpose of coming to Beijing? How much information was sent out?

One mystery entangled in Shen Qinglan's heart, making her unable to understand her thoughts for a while.

"Ann, can you tell me now? Who do you suspect Su Qing is?" Jin Enxi asked in a deep voice, she had been entangled in this question for a long time, and she would never be reconciled without understanding it. After so many years, she never Having been angry with Shen Qinglan, now for a woman, her heart was blocked.

Shen Qinglan spit out a name, and Jin Enxi was shocked in his face, "It's impossible, Ann, how many years that person died, or what you saw with your own eyes, how could it be alive?"

"Enxi, I have told myself this many times, but there is always a voice in my heart telling me that Su Qing is that person."

Jin Enxi is silent. She knows that person has always been a wound in Shen Qinglan's heart. If Su Qin is that person, even if it is only doubt, Shen Qinglan will let the other party know she can understand.

"I know Ann, I will continue to check, no matter what the final result, I will give you an answer."

"Thank you, Enxi."

Jin Enxi froze for a moment, then chuckled, "Ann, you just have to be angry with me."

After hearing this, Shen Qinglan was embarrassed, and said, "En Xi, now I let you down, right?"

Jin Enxi's eyes flashed lightly, "Ann, I don't want to lie to you. I was really disappointed with you that day. That kind of thing is not like what you used to be. You used to do things decisively and decisively. You are one of us. We are also used to listening to you, but since you have children, you seem to have changed."

She paused, and did not continue to speak down. Shen Qinglan said in a warm voice, "En Xi, you continue to talk, I am listening."

Jin Enxi hesitated and continued to speak, "Ann, I think your heart has softened and you are not as decisive in doing things. Now, you always have too many scruples. Such you make me feel restrained and strange. ."

"Actually, I wanted to say this long ago, but I didn't say it for a long time. I know you have your

considerations, but Ann, I still prefer you before."

Shen Qinglan's eyes were faint, looking at the distance, silent.

Jin Enxi hung up the phone, staring blankly at the ground, and Daniel tapped her on the shoulder. "My dear, what are you thinking?"

Jin Enxi recovered his head and shook his head. "Just thinking about whether a woman who has children will change her temperament?"

"Are you saying Qinglan?"

"how do you know?"

"Apart from Qinglan, can anyone else make you so sad?"

"Daniel, you really know me. Since it is so clear, then you give me an analysis."

Daniel shrugged. "Everyone says that women's hearts are needles in the sea. How can I guess your women's ideas."

Jin Enxi gave him a big white eye, "You are a cunning fox, okay, I know Ann is the most perfect woman in your mind, and I am too lazy to ask you."

"Nonsense, you are the most perfect goddess in my heart, and Qinglan can only be ranked second." Daniel hugged Jin Enxi's waist from behind and kissed her earlobe with her head down. The two were planning to go further, and Daniel's phone suddenly rang, Jin Enxi pushed him, "answer the phone."

Daniel hugged Jin Enxi without letting go, "Don't worry about it, let it ring, and stop when no one answers."

It's just that today the ringtone is as good as Daniel's bar, and it sounded again and again, even if people want to ignore it, Jin Enxi pushed away Daniel, "You still answer the phone, I'll take a shower." Just walked into the bedroom.

Daniel glanced at the cell phone that was still ringing, grabbed his hair anxiously, and picked it up without looking at the number. "It's best if you really have something to do, otherwise I want you to look good."

"Daniel, what kind of attitude are you talking about?" The person at the end of the phone heard the words, and the tone suddenly became harsher.

Hearing this, Daniel took off his phone and glanced at the number. His expression suddenly faded. "How do you know my number?"

"Daniel, next month is your father's sixtieth birthday. You should go home. After so many years, the family no matter you, did you really forget that you have a family?"

"Oh." Daniel sneered, glanced in the direction of the bathroom, walked into the study, and closed the door. "I never had a home."

"Daniel, I know that things that made you disappointed with this family, but after so many years, you should also get rid of it. In the past few years, the family no matter you, do not intervene in your affairs, let you do what you like. Things, these are all because your father said you want to give you free space, not to allow family members to disturb you, but also to clear obstacles for you silently, otherwise you think you will be so comfortable in these years?"

"What about that, when he personally drove me out of that house, and now wants me to go back? It's late."

"Daniel, your father was anxious at that time. Since childhood, you have been his most beloved son. He has arranged everything for you, hoping that you can take his class. These are the things your brothers can't ask for. Why don't you understand the pain of your father?"

"I don't need anyone to arrange everything for me. I have the ability to live the life I want. The best sort of security you think is never what I want. Don't dominate my life under the name of loving me. , You are not called love, this is called moral abduction." Daniel's emotion was a little emotional, and his eyes were full of cold light. Even if the person opposite was his biological mother, his tone was full of disgust.

"Daniel." The woman on the other end of the phone was angry and yelled sternly.

"I can hear that it doesn't need to be so loud. I think my thoughts are very clear. I won't want everything in that house. I don't want to take anything you like."

"Okay, okay, we won't discuss this issue for the time being. This time I just want you to go home to participate in your father's sixtieth birthday. In recent years, although your father ignored you, I read it. Come out, he misses you very much, he often secretly watches news about you at home." The woman softened her tone.

The sharpness in Daniel's eyes diminished a bit, but his face was still cold, "I don't have time."

"Daniel, that's your father. We just hope you can come back to his birthday party. We don't want you to stay at home and inherit your father's business. Are you not willing to meet this requirement? "

Daniel was silent.

"Daniel, no matter what happened in the past, so many years have passed. Your father has been in poor health for the past two years. He has been in the hospital several times. If you do not come back this

time, your father will come back next time. Maybe it's already..." The woman couldn't speak anymore, with a choked voice in her voice.

Daniel's heart sank, and he said slowly, "I know, I will come back, but I will leave after the banquet."

"Well, as long as you are willing to come back, as long as you can continue to do what you want, neither my father nor I will interfere with you."

"Then let's do this first, I should go to bed before it's too late."

"Okay, you have a good rest, yes, you will bring your girlfriend back this time, your father and I have always wanted to see her."

Daniel's just relaxed look suddenly became guarded, "What do you want to do? Watch me?"

"No, Daniel, you misunderstood. I just saw you together in Sydney last time, guess."

"Last time you were in Sydney?" Daniel sneered.

The woman's eyes changed slightly and her tone became awkward. "Daniel, Mommy just wanted to see you. I looked at you from afar and left. Your father didn't know about this."

"I tell you that she is my lover and my only love in my life. If you dare to hurt her with a hair, I will not forgive you in this life, and that family, I will not go further." Daniel 'S face sank completely.

"I know, don't excite Daniel, Mummy doesn't do anything to that girl, just want you to bring it back to me and your father to see, if you plan to get married, you can't keep her from seeing us for life? "

"It's not necessary. The person she wants to be with is me, not you." Daniel hung up the phone when he finished, looking out the window, his eyes cold.

He took a pack of cigarettes from the drawer, smoked one, and clicked it, and the room soon clouded up.

Jin Enxi came out of the bathroom, didn't see Daniel, and no one looked in the living room, so he walked over to knock on the door of the study. Daniel heard the knock on the door and smashed the cigarette in his hand.

"How do you smoke? Are you in a bad mood?" Jin Enxi frowned, and Daniel hardly smoked, except when it was extremely irritable.

Daniel opened the window to ventilate, and the evil spirit smiled. "Good things are interrupted by someone. Who is happy to get up?"

Jin Enxi gave him a white look, "Go to the shower quickly, the smell of smoke, and stink."

Daniel hugged Jin Enxi and kissed her hard on her face. "Let you smell with me."

Jin Enxi raised his hand and threw a punch on his shoulder, Daniel immediately hugged his shoulder and began to wailing, "Oh, Enxi, you want to murder a pro-husband, if you fail, you will be widowed."

Jin Enxi sneered, "Pretend, you continue to pretend." She just didn't use her strength just now.

Daniel lowered his hand and accosted, "I'm going to take a shower."

Jin Enxi withdrew his eyes and looked at the ashtray, which contained several cigarette butts. She frowned and looked at the cell phone that Daniel had left in the study. She picked it up and planned to open it, hesitated and put it back.

Forget it, since Daniel didn't want to say, he should stop asking and give each other private space.

**

Shen Qinglan returned home and heard Anan giggling at the door. She raised her eyebrows. What's so happy about it? When I walked into the living room, I realized that it was Fu Hengyi who was back.

"Why didn't you call me when I came back?" Shen Qinglan asked with a smile. In the past, Fu Hengyi would call her in advance.

Fu Hengyi lowered An An from his neck and hugged him. An An was unhappy, frowning, and Fu Hengyi patted his back, but said to Shen Qinglan, "I will come back a little bit temporarily and leave early tomorrow morning. "

"Have you eaten? I asked Aunt Zhao to do something for you."

"Already eaten, are you out today?"

"Well, there's something going out." Shen Qinglan didn't say much, after all, there were others in the living room.

"Ma Ma." An An screamed and stretched out his hands to hug Shen Qinglan.

Shen Qinglan stepped forward and squeezed his small face. "Mother will change clothes first and wait for you to hug you."

When Shen Qinglan changed clothes and came out, Fu Hengyi had taken An An to play on the carpet. Shen Qinglan looked at the father and son quietly on the side, his eyes soft.

She thought she probably really changed. This change did not start after An An, but from the marriage to Fu Hengyi, but it became more obvious after she gave birth to An An.

She likes the easy life now. She has a husband and children. Perhaps because of this, her heart has become softer, and she has also been soft to others.

Fu Hengyi turned back inadvertently, he met Shen Qinglan's tender eyes, and returned to Shen Qinglan with a smile, Fu Hengyi continued to play with his son.

Most of the time, he is a good father and has never been more patient with An An. Of course, this is limited to when the son does not rob him of his wife.

In the evening, Shen Qinglan made An An's crib, and Fu Hengyi came out of the bathroom to see this scene, frowning, "An An sleeping with us tonight?"

Shen Qinglan nodded, "Yes, Aunt Liu has caught a cold these days and is not suitable for taking An'an. Aunt Zhao is getting older. Let her rest at night."

"Actually, he can sleep on his own." He rarely came back. He had to leave tomorrow morning. Tonight, he wanted to have a deep communication with his wife. The result was such a small light bulb.

"Fu Hengyi, he's only nine months." Shen Qinglan emphasized.

"My wife, I haven't seen you in twenty days." Fu Hengyi opened his mouth in disapproval, and looked at Shen Qinglan's eyes very bitterly.

Do you all want that woman to be Qin Mu?

433 Chapter Young Master Fu

Fu Hengyi turned back inadvertently, he met Shen Qinglan's tender eyes, and returned to Shen Qinglan with a smile, Fu Hengyi continued to play with his son.

Most of the time, he is a good father and has never been more patient with An An. Of course, this is limited to when the son does not rob him of his wife.

In the evening, Shen Qinglan made An An's crib, and Fu Hengyi came out of the bathroom to see this scene, frowning, "An An sleeping with us tonight?"

Shen Qinglan nodded, "Yes, Aunt Liu has caught a cold these days and is not suitable for taking An'an. Aunt Zhao is getting older. Let her rest at night."

"Actually, he can sleep on his own." He rarely came back. He had to leave tomorrow morning. Tonight, he wanted to have a deep communication with his wife. The result was such a small light bulb.

"Fu Hengyi, he was only nine months old." Shen Qinglan emphasized that such a small child let him sleep by himself, and he was relieved by this big heart.

"My wife, I haven't seen you in twenty days." Fu Hengyi opened his mouth in disapproval, and looked at Shen Qinglan's eyes very bitterly.

Shen Qinglan looked at him, a big man of 1.8 meters, looked at her with such aggrieved eyes, but he couldn't help but laughed out loud, "Fu Hengyi, how old is your son, you are jealous with a little baby boy. No face?" Shen Qinglan was speechless.

Fu Hengyi's face was taken for granted, "There is no wife in the face."

Shen Qinglan turned and continued to make the bed, not intending to ignore the man with the wind.

Feeling ignored, Fu Hengyi stepped forward and hugged Shen Qinglan, holding her in his arms. "Wife, I will be back a month later when I go back. Are you really not going to communicate with me in depth? His breath sprayed on Shen Qinglan's neck, making Shen Qinglan's body a little tight.

There was a smile in Fu Hengyi's eyes, which included Shen Qinglan's earlobe. Shen Qinglan's body grew tighter.

Feeling the change in her body, Fu Hengyi said softly, "Wife, do you miss me too?" The voice lowered deliberately, with a trace of charm, as if a feather lightly brushed on Shen Qinglan's heart.

Shen Qinglan turned slightly dark and turned to look at Fu Hengyi. "An An must sleep with us at night."

"We will go to the bathroom when An'an is asleep." Fu Hengyi stepped back, Shen Qinglan hesitated,

and nodded to Fu Hengyi's eyes.

Fu Hengyi got an affirmative answer from his wife, satisfied, and released her, "I will coax my son to sleep, you go to take a bath."

Looking at Fu Hengyi who became active all the time, Shen Qinglan smiled helplessly.

Today, An An is very excited. It is already around 9 o'clock in the evening, but he has no sleepiness at all. He dances in his father's arms with his big eyes open. Fu Hengyi's face is a little dark. Is this kid deliberately against him?

"Is he usually sleeping so late?" Fu Hengyi asked Shen Qinglan.

Shen Qinglan leaned on the bedside, flipping through a book, "He usually fell asleep at eight."

Fu Hengyi looked at his son in his arms, with disgust, "So what is he excited about today?"

"Probably happy that my father is back." Shen Qinglan's tone was faint, but there was some gloating in his eyes.

Fu Hengyi put his son in the crib, An An grunted up, Fu Hengyi reached out and held him, let him continue to lie down, then picked up a book and began to tell a story to An An.

Shen Qinglan looked at Fu Hengyi coaxing his son, his eyes full of smiles.

It was almost ten o'clock before An An fell asleep. At that time, Shen Qinglan was already asleep. Fu Hengyi looked at his wife who had slept in the past, feeling very depressed, and going to bed and holding Shen Qinglan in his arms, closing his eyes, but what I couldn't fall asleep, like a fire was burning in my heart.

Shen Qinglan was awakened by Fu Hengyi's movements. She opened her eyes and moved. Fu Hengyi immediately opened her eyes and pulled the table lamp on by the way.

"Wife, are you awake?" Fu Hengyi asked gently.

Shen Qinglan glanced at the time, it was almost one o'clock in the morning, "Why not sleep yet?"

"My wife, I can't sleep." Fu Hengyi stood up and let Shen Qinglan know the reason for his insomnia. Shen Qinglan felt the heat of someone's body and the black line on his face. "Fu Hengyi, what did you eat tonight?"

Fu Hengyi was also wronged, and looked innocently at Shen Qinglan, "I want to eat yours, but you fell asleep." The tone of the grudge.

Shen Qinglan sighed, then reached out to stop his neck, "Can't be here."

Fu Hengyi's eyes shone brightly, and he sat up and hugged Shen Qinglan. "Let's go to the bathroom."

It was an hour after the two came out of the bathroom. Shen Qinglan rubbed his sore waist, glared at a satisfied man, wrapped himself into a silkworm, and fell asleep.

Fu Hengyi slept in satisfaction with Shen Qinglan.

Early the next morning, when Shen Qinglan got up, there was no shadow of Fu Hengyi on the bed. He felt the bedclothes around him and it was cold. He wanted to come to Fu Hengyi for a long time.

Shen Qinglan got up and went to look at An An. An An was playing with his feet with his big eyes open. Shen Qinglan reached out and touched his diaper. When it was dry, it should be changed by Fu Hengyi after he got up.

She walked into the bathroom to wash, and came out to breastfeed An An before holding An An downstairs.

"Qinglan, you got up, there was a phone call just now." Aunt Zhao saw Shen Qinglan and said with a smile.

"Who is looking for me?" Most people look for her on her mobile phone, and rarely make calls at home.

"It's your friend named Fang Tong." Aunt Zhao replied.

Shen Qinglan put An An in his walker, and then got upstairs to get his mobile phone. When he picked it up, he found that it was turned off. No wonder Fang Tong would make a phone call at home and found a charger to plug it in.

"Fang Tong, have you called me?" Shen Qinglan returned a call to Fang Tong.

"Well, I returned to China last night. I was thinking about meeting you with Xiao Xuan today. Do you have time today?"

"Yes, did you tell Xiao Xuan?"

"Not yet. I'll call you first. If you can, come to my house today. You shouldn't come to my new home once. You bring An'an. I haven't seen him for a long time."

"Yes, you contact Xiao Xuan, I will arrive at your house at 11:30 noon."

"That's all for sure. Today my mom will come and help us cook." Fang Tong said with a smile. The cooking skills of the three of them are half a catty, expecting them to do it, they can only eat dark

dishes.

Yu Xiaoxuan was having mold at home, and Fang Tong's invitation was naturally undesirable. After hanging up the phone, the driver at home sent her to Fang Tong's new home.

This house was bought by Fang Tong and Li Boming after they got married. It is a high-end community in the capital, not far from Fang Tong's parents' house. Li Boming chose to buy a house here because of the convenience of taking care of Fang Tong. parents.

Shen Qinglan and Master Fu greeted him and walked away with An An. An An was sitting in the child seat alone, probably knowing that he was going out, he was babbling along the way, and he cried out from time to time, very bad Happy.

When Shen Qinglan arrived, Li Boming came to pick him up. Seeing Shen Qinglan holding the child in one hand and the bag in the other, it seemed a bit inconvenient and said, "I will help you hold the child."

"No, he is not heavy, I just hug." Shen Qinglan smiled.

Fang Tong's house is on the 16th floor, and the door is Fang Tong. When he saw An An in Shen Qinglan's arms, his eyes lighted up suddenly. He held An An and said a crazy kiss, "An An, I want to die, goddamn, you Do you want to fuck mother?"

An An was not very familiar with Tong Tong, but he didn't cry. He just frowned and looked a little unhappy. Fang Tong said with a smile, "After a few months, An An didn't know me anymore."

Then An An walked to the sofa and sat down. An An was more familiar with Xiao Xuan. When he saw Yu Xiao Xuan, he grinned. Yu Xiao Xuan immediately raised an eyebrow at Fang Tong with pride, "It really is my dear Dry son, dry mother doesn't hurt you so much."

She did not reach out to hug An An, just leaned over and kissed An An's face, Fang Tong was too lazy to care about a pregnant woman.

"Bo Ming, there are no more drinks at home, you go down and buy some drinks." Fu Fanghua's voice came from the kitchen, Li Boming should respond, looking at Shen Qinglan and Yu Xiaoxuan, "What do you want to drink?"

"Beer." Yu Xiaoxuan blurted out without thinking, and then realized that he was now a pregnant woman, had quit drinking for a long time, accosted, "I mean anything but alcohol."

Li Boming smiled, "Then I watched and bought it myself."

He took the jacket out, and Fang Tong quickly chased it out, "Bo Ming, wait."

Li Boming was about to take the elevator down. Seeing Fang Tong chased out, he quickly pressed the

elevator door. "How come you came out?"

Fang Tong glared at her with a smile, "I don't bring my wallet when I go out to buy things."

Li Boming took the wallet, and when Fang Tong came out, he didn't even wear his coat, and hurriedly rushed her in. "It's cold outside, don't catch a cold, go in."

"Well, you can buy some fruit by the way. Don't forget the most important apple. An An likes to eat apple puree."

"Okay, how about you, what do you want to eat, strawberry?"

"You can just buy the other ones."

Li Boming drove to the nearest supermarket, where the ingredients were fresher, and he was picking fruits. His shoulders were patted, and when he turned around, he saw a woman looking at him in surprise, "Boming, really you, I thought I was wrong."

Li Boming recognized each other and smiled, "Are you a child rhyme? Long time no see."

Tong Yunshi also smiled, "It's been a long time since you graduated and you returned to China. We never saw it again." He glanced at Li Boming's shopping cart. "Are you living near here now?"

"Ok."

"That's a coincidence. I live in this neighborhood now. Which community do you live in? Maybe we are still in a community."

Li Boming reported the name of the community, and the color of surprise in Tong Yunshi's eyes was even stronger. "We are so destined. The first acquaintance I met just back home was you, and I live in a community with you again. I just want to cook for myself. Is it an honor to invite you to come to my house to taste my craft?"

Li Boming smiled politely, "Sorry, I have a guest at home today, and my wife is still waiting for me at home, so I will go back first."

Tong Yunshi's eyes flashed with surprise, "Are you married? What happened?"

"It has been more than a year."

The smile in Tong Yunshi's eyes was faint, "I haven't heard you talk about it, wouldn't this group of old classmates from country M even know you got married?"

"At that time, the wedding invitations were basically relatives on both sides. There was no big deal." Li

Boming did not say that he only invited the M countrymates who were in good relations. He glanced at the watch. "It's not too early, I will go back first. ."

Tong Yunshi smiled reluctantly, "Okay, next time I have time to bring your wife, let's get together again, by the way, you shouldn't have my domestic contact with Buddha. Which one is it? Let's exchange contact information with each other. It's easy to contact in the future."

Li Boming did not refuse, and after leaving the contact information, he went to the cashier to check out.

Tong Yunshi looked at Li Boming's back and went away. It took a long time to look away, glanced at the mobile phone in his hand, and then called a M country student, "Hey, John, it's me, Winnie, I want to ask you one Thing, do you remember Lee?...Yes, he is married, do you know?...So you don't know, it's okay, I just ask at random, if you come to Beijing, just call me and let me go Pick you up, be sure to accompany you, OK, then say that first, if you have something, go busy first."

**

Li Boming will soon forget what happened to Tong Yunshi.

Tong Yunshi was a classmate when he was studying in the M country. Because they are all Chinese, they are more familiar than ordinary students, but they are not particularly familiar.

Back at home, Fu Fanghua had already started serving food outside. Shen Qinglan was going to help. Fu Fanghua was driven out of the kitchen. "Qinglan, you just go to the living room to chat with Tongtong. An aunt in the kitchen is enough. Now."

"Auntie, I'll help you get the dishes out."

"No need, just a few dishes. Auntie can do it alone. You can go out. The kitchen is so smokey. Don't make your clothes smell like smoke."

Fu Fanghua said while Yu Guang saw Li Boming coming back, shouting at him, "Bo Ming, come and help bring the dishes out."

Li Boming came in carrying the fruit, "I will wash the fruit and you will take out the dishes." Fu Fanghua is in charge of the command.

"Okay, mom."

"Girls, have dinner." Fu Fanghua shouted at the three people.

Shen Qinglan took his son to sit down at the dining table, looked at a table full of dishes, smiled and said to Fu Fanghua, "Auntie, you have worked hard."

Fu Fanghua waved his hand, "What kind of hard work is some home cooking, I made it according to Tong Tong said, I don't know if you like it or not."

"Auntie, the dishes you make are delicious at a glance." Yu Xiaoxuan smiled and looked at the dishes on the table.

Fu Fanghua also carefully prepared a bowl of custard for An An. Shen Qinglan first fed a few bites of custard to his son, "Qinglan, if you give me the child first, you will eat first." Fu Fanghua said.

"Auntie, just eat it. An An was full soon. He had had milk before going out."

An An smashed it in his mouth. After a bite of custard, he swallowed it slowly, and looked at the other people on the table for dinner, especially looking at Shen Qinglan's chopsticks, without blinking his eyes.

"Haha, Qinglan, An'an also want to eat." Yu Xiaoxuan noticed this scene and said with a smile.

Shen Qinglan glanced down at his son and smiled, his eyes helpless. "He is eating like this now, not paying attention at all."

"The kids are like this, Tong Tong was when he was a kid." Fu Fanghua answered, "The kid was curious about the outside world at this time. I remember when Tong Tong was four or five years old, I went out to buy food once. People stayed at home, but she greedied and stole the bayberry in her father's bayberry wine, got drunk, slept all day and night, and killed me half and half."

"Mom." Fang Tong called out, and Li Boming chuckled.

"By the way, Boming was also there at the time. The two were drunk and lay on the sofa and slept."

Both Li Boming and Fang Tong can still remember this matter. Who asked parents to treat this matter as an accident between the two of them when they were young, and from time to time came out to talk about it, even if they forgot it, they should be reminded to remember it.

Li Boming slightly embarrassed.

Yu Xiaoxuan smiled directly, "Haha, Fang Tong, can't see that you were still so greedy when you were a kid."

Fang Tong grunted and put a pair of chopsticks into Yu Xiaoxuan's bowl. "You can't stop your mouth from eating."

Yu Xiaoxuan took a bite of the dish with a smile, "Auntie, what other interesting things did Fang Tong have when he was a child, you tell us about it."

"That's a lot, don't look at this girl. Wenwen is quiet now. In fact, he was talking to a little monkey when

he was a child. These Bomings should know that they grew up together and always played together and even came into trouble. It's together. I still remember that Bo Ming's father had a very precious set of bowls. As a result, the two children were naughty and said they were playing picnic. They grilled the bowl on the fire. As a result, the bowl was completely burnt by them. The whole set of bowls is so useless."

"Mom, today's ribs taste very good, you try it." Li Boming put a piece of ribs in the bowl of Fang Fanghua and said gently. Actually, he didn't mind the mother-in-law talking about these things, but didn't you see Fang Tong's head buried in the rice bowl?

Fu Fanghua glanced at the thin-skinned daughter and didn't say, "Eat food, everyone eats."

"Ma Ma." An An grabbed Shen Qinglan's sleeve and called her, staring at Shen Qinglan's hand holding chopsticks. Seeing Shen Qinglan looking at him, An An called another mother, and Shen Qinglan looked embarrassed. Like him.

"Qinglan, why don't you try this fish for him? I didn't put anything else and it's light. He should be able to eat it." Fu Fanghua looked at An'an's big eyes and couldn't help saying.

Shen Qinglan glanced at his son, pinched a small piece of fish from the bowl, carefully picked out the thorns in it, and then fed it to him. An An had been watching her mother's movements. Shen Qinglan's chopsticks had just been placed on his. He opened his mouth eagerly.

An An actually started eating fish a month ago, but his meals were all made separately.

An An's teeth are not yet complete, but the fish is soft and tender, but he is not afraid of his indigestion.

An An looked at Shen Qinglan with a bite after taking a bite. Obviously he still wanted to eat. At this time Yu Xiaoxuan's chopsticks reached out. "An An baby, come, there is a godmother here."

An An glanced at the fish on Yu Xiaoxuan's chopsticks and looked away. Yu Xiaoxuan turned his head to stare at Fang Tong, "I was just rejected by my son?"

Fang Tong glanced at her lightly and gave her an affirmative answer, "Yes."

Yu Xiaoxuan was hurt in the face, "An An, you still loved me the most, and now you dislike me, you little boy with no conscience."

An An is staring at Shen Qinglan's chopsticks. Where can I spare her to care about her, even with the afterglow of her eyes, Yu Xiaoxuan pouting, "Hum, even ignore me, forget it, my lord doesn't follow you. A villain cares."

Fang Tong looked at the scene in front of him, and faint envy appeared in his eyes. Li Boming noticed this scene and secretly noted it in his heart.

Shen Qinglan did not give An An a lot of fish meat, so he fed him a few sips and did not give him any more.

An An continued to grab Shen Qinglan's hand and wanted to continue to eat. "Can't eat anymore. You have enough food today, and then you should have a stomachache." Shen Qinglan said seriously.

Two days ago, Grandpa Fu fed a lot of food to his children. An An's stomach couldn't bear it all at once. After pulling his stomach for a day, he scared the old man's face white.

An An looked at Shen Qinglan with blinking eyes. Although he didn't understand his mother's words very well, he also knew the general meaning, and looked at her aggrievedly, as if to say "Mother is a bad person."

Shen Qinglan was unrelenting and fixed his son in his arms, concentrating on his own meal.

After the meal, the three sat on the sofa and chatted, and Li Boming helped Fu Fanghua to clean up the tableware.

"Qinglan, An'an will be one year old in three months. Will the birthday banquet be a big deal?" Yu Xiaoxuan looked at An'an, who was sitting on the sofa and playing with a little yellow duck, and asked.

Shen Qinglan nodded, "Grandpa said it would be a big deal."

Think about it too. This is the only child in the fourth generation of the Shen and Fu families. This first birthday must be solemn, "I should have given birth to the moon by then, and I will definitely not miss it."

It is now February, and Yu Xiaoxuan's due date is at the beginning of March, which is less than a month.

"Is the hospital ward booked?" Shen Qinglan cared.

"It's already booked, Han Yi has been ready three months in advance, and Yuesao has already been invited. Now, when the ball hits the ground, I can relax easily. These months have really held me back. It's broken. I'll lose weight when I have a baby."

Yu Xiaoxuan patted his round belly.

Fang Tong jumped with her action and grabbed her hand. "My ancestor, you gave me a bit of sorrow. If you have an accident with me, your family Han Yi mustn't cramp me."

Yu Xiaoxuan rolled his eyes, "Where am I so vulnerable, my baby is also strong." Said here, Yu Xiaoxuan looked at Shen Qinglan, hehe laughed, "Qinglan, if my daughter is born, I will do it for you Daughter-in-law."

She looked at An An's eyes glowing with light, and Shen Qinglan smiled, "Are you so sure you are a daughter?"

"It's okay even the son. I'll wait for you to have a second child. The genetic combination of you and Lord Fu will give birth to a beautiful girl. I naturally have to book in advance."

"Yu Xiaoxuan, do you treat me like air? Later the daughter of the Qinglan family is for my son." Fang Tong said lightly.

Yu Xiaoxuan rolled his eyes, "When your son comes out, you have to wait until the year of the monkey, and we are the most inscribed among the three."

"Huh, my name is later come up, maybe you gave birth to a son, and Qinglan did not plan to have a second child in recent years, when my son was born, it was just about the age of the princess of Qinglan's family. Is it comparable to your son?"

Yu Xiaoxuan was anxious, "Fang Tong, if you dare to grab my daughter-in-law, I will fight with you desperately."

Seeing that the two were about to pinch again, Shen Qinglan's face covered with black lines, "Okay, don't quarrel, when did I say I'm going to have a second child?"

The two of them suddenly ignored the quarrel and looked at her together, "Why don't you live?"

"Yes, Qinglan, you and Master Fu are so outstanding, smart, and genetically so good that you are reluctant to give birth. This is a waste of resources. Is it shameful to know?" Yu Xiaoxuan was anxious, she was true She wanted to be with Shen Qinglan as a family member. She coveted the appearance of Shen Qinglan and Fu Hengyi for a long time, and naturally coveted the children who combined the excellent genes of the two.

Where is Shen Qinglan not willing to give birth, it is Fu Hengyi who is unwilling to give birth at all. From the time she gave birth to the present, every time she is intimate with Fu Hengyi, she will do a good job of safety protection and put an end to the slightest possibility.

Last time, it was not Shen Qinglan who discovered in time that Fu Hengyi was planning to perform a ligation operation. Later, he was dismissed by Shen Qinglan threatening him with separation.

Shen Qinglan wanted to take advantage of her youth and give birth to her second child in one go. However, Fu Hengyi was not willing to cooperate with life and death, so she could only put this matter aside first.

"An'an is still small now, I just want to concentrate on taking care of him, and the second child's matter is temporarily ignored." Shen Qinglan said calmly, naturally it would not be said that Fu Hengyi had a

serious shadow when she gave birth to the child and refused to regenerate .

"Hey, too, Master Fu is not at home all the year round, and the children are all brought by you alone. If you have another second child, it is estimated that you will be exhausted." Yu Xiaoxuan said understandingly, "You look at me, this one alone It makes me feel too hard."

"By the way, Fang Tong, seriously, when are you going to have it? You have been married for more than a year." Yu Xiaoxuan looked at Fang Tong.

"I have another year of work in the M country branch. I will consider it again when I transfer back to China." Fang Tong envy envy, but also know that it is not a good opportunity to have children now.

"Also, now you are the busiest of the three of us. Looking back now, I really can't think of it. At first, of the three of us, you were the youngest woman. In the end, you turned into a strong woman." Yu Xiaoxuan lamented.

"Why are you feeling so much today?" Fang Tong gave her a white look.

Yu Xiaoxuan touched his belly, "probably about to become a mother soon, a little anxious before giving birth."

After hearing this, Shen Qinglan looked up at her, "Xiao Xuan, having a baby is not as difficult as you think. Even your doctor said that your baby is very healthy and there is no problem with smooth delivery."

"Qinglan, I'm still afraid. It was normal for you to check it out." Yu Xiaoxuan's voice suddenly dropped.

Shen Qinglan's eyes flickered, her production was an accident, Qin Yan secretly moved her hands and feet, it is naturally impossible for Yu Xiaoxuan to encounter her situation, but he couldn't say this clearly, so he said, "I was an accident at first , The probability of that happening is very low, and your luck is not that good."

"Qinglan, does it hurt to have a baby?"

"No, I think the pain level can be tolerated, and the personal physique is different. Some people are more tolerant of pain."

Wen Yan said, Yu Xiaoxuan didn't feel relieved, "I'm so scared of pain when it's over. I shouldn't be killed."

"Yu Xiaoxuan, look at your point of interest. Now that you are still alive, you start to frighten yourself. If you are really born, are you going to cry?" Fang Tong couldn't stand it anymore, and she said her words.

Yu Xiaoxuan rolled his eyes, "Fang Tong, you're calling standing and talking without backache. The

person who gave birth is not you, of course you don't hurt."

"Qing Lan didn't see you like this when he was born."

"That Qinglan is an ordinary person, she is a god in the sky, which can be compared to mortals like me."

Seeing that the two were more and more outrageous, Shen Qinglan quickly interrupted the two.

The two looked at each other, sneered, and scratched their heads to not look at each other. Shen Qinglan was obviously accustomed to the way they got along, smiling and not caring.

Fu Fanghua came out of the kitchen, holding a fruit plate in his hand, "Come here and have some fruit after dinner. Today's strawberry tastes good. You all try it."

"Thank you auntie, auntie, you sit down and rest, don't be busy." Yu Xiaoxuan said with a smile.

"I'll clean up the kitchen, you eat it first." Fu Fanghua finished and left.

An An's attention has been attracted by the fruit plate on the table, crawling to Shen Qinglan's side, pointing to the fruit plate, "Ma Ma."

Shen Qinglan took a strawberry from the fruit tray and handed it to him. An An took it in his hand and stuffed it in his mouth. He has now grown five teeth, and eating a strawberry is no problem.

Fang Tong looked at An An's eyes and squinted into a crack, and said with a smile, "An An must be a snack after he grows up."

Shen Qinglan gave his son a petting look and drew a tissue to wipe the strawberry juice that had dripped down.

"It's a blessing to eat goods. The old man said that it is a blessing to be able to eat. We are blessed when we look at An An." Yu Xiaoxuan thought An An was so good.

The three of them chatted in the living room for an afternoon. Until the evening, Shen Qinglan took An'an home. Yu Xiaoxuan declined Fu Fanghua's retention and asked the driver to take her home.

"Mom, you sleep at home at night." Fang Tong glanced at the time and said.

Fu Fanghua waved his hand, "Forget it, I'll go back first. Your dad is at home today, and he doesn't know what to eat at night. I won't be relieved if I don't go back to see him."

Li Boming saw this and picked up the car key. "Mom, I'll take you back."

"No, I just need to take a taxi myself. Tongtong rarely comes back. Your husband and wife are also

together, so take a break."

Li Boming finally insisted on sending Fufang Hua home, and after stopping the car, he met Tong Yunshi again.

"Bo Ming, I didn't expect that we met again. We met twice this day. Our fate is really deep enough." Tong Yunshi was very happy to see Li Bo Ming.

Li Boming smiled politely, "I came back so late?"

Tong Yunshi sighed, "Yeah, just returned to the country, the house here was just rented, and many things need to be purchased by myself. No, I came back at noon and made a meal and went out again. I ordered the furniture to be used. I just came back from the outside, and you, why are you so late?"

"Just sent my mother-in-law back home." Li Boming said.

Tong Yunshi pointed to the building next to it, "Does your family live here?"

"Well, I live on the 16th floor."

"That's really a coincidence. I live downstairs and downstairs on the 14th floor of your house. I knew that our two were so close, and I went to your house to eat at noon."

"There will be a chance. Are you going up now?"

"Go up, wait for me, I'll go to the trunk to get something." Tong Yunshi said.

Li Boming's foot just lifted down again and waited in situ.

Tong Yunshi took a large box from the trunk. Li Boming looked at her with difficulty and stepped forward to take the box.

"Thank you, Boming."

"You're welcome, just stop by."

The elevator reached the fourteenth floor, Li Boming simply took her the box.

"I'm sorry, just moved, the house is still a bit messy, you sit down first, I'll pour you a glass of water." Tong Yunshi randomized the things scattered on the sofa to the side.

Li Boming smiled, "You're welcome, my wife is still waiting for me at home, I will go back first."

Tong Yunshi's movements stiffened and twitched his lips. "Well, then, wait until my house is sorted out.

I will invite you and your husband to come to my house as guests."

"Okay." Li Boming responded casually.

Back home, Fang Tong has put him bath water, "Go bath first, I have put the water in, and the clothes are inside."

Li Boming kissed Fang Tong's face, "Okay, wait for me."

Fang Tong pushed him and went to make the bed.

Li Boming came out of the bathroom, Fang Tong was already lying on the bed, Li Boming went to bed from the other side, hugged her in his arms and heard the sound, "Tongtong, let's have a baby."

Fang Tong looked at him in surprise, "Why did I suddenly think of having a baby?" They had discussed it at the beginning of their marriage, and they had no children for the first three years of marriage. After three years, the two's careers had stabilized and regenerated.

"You want to be a father?" Fang Tong asked.

Li Boming shook his head, "Seeing you look at An An today, I thought you would really like to have a child."

Fang Tong chuckled, "I like An An, and I envy Qing Lan having children, but I don't think I am ready to be a mother."

"Since you are not ready, let's spend another two years."

"Bo Ming, do you think I'm too selfish? I don't care about your feelings for my own career."

Li Boming reached out and squeezed her face, "What nonsense, what we talked about about the child was what we had discussed. I just asked you that just now, I just thought you wanted to be a mother now, but I was worried about me, so I hid it in Don't say it in my heart."

"Then we will be born two years later. According to the original plan, I should be able to be transferred back to the Beijing Headquarters early next year. After returning, I will be promoted to director. After a year, my job will be stable again, my mother. It's almost retired, we have children again, and my mother can help bring the children by then, do you say okay?"

"Okay, I listen to you, but I still have to ask for a babysitter at that time, and my mother is also old. We can't give her all of her children and give her the time to enjoy her old age."

434 Premature Birth

"Okay, I listen to you, but I still have to ask for a babysitter at that time, and my mother is also old. We can't give her all of her children and give her the time to enjoy her old age."

Fang Tong's mouth raised high, "No wonder my mother likes you more than me. Sometimes I really think you are more like my mother's son."

Li Boming laughed, "I am married to you, your parents are my parents, should I be good to them, and should you be kind to my dad and Aunt Ji, my dad called me last time Praise you."

"Okay, let's stop boasting about the two of us. I can stay at home for a week this time when we come back. Let's go out on vacation tomorrow. Do you have time?"

Li Boming thought about the recent itinerary and nodded, "Yes, but I can't go far away."

"You can't go far in the past few days, by the way, the style town where Qinglan last went is not bad, let's go there."

"it is good."

Li Boming had just planned to communicate with Fang Tong's husband and wife, and the mobile phone prompted that there was information coming in. He picked up the phone and glanced at it blankly, deleting the information stupidly, then shut down.

"What's wrong?" Fang Tong asked.

Li Boming said softly, "It's nothing, just spam text messages. I don't know what the phone number is now. I can always receive all kinds of spam text messages. It's really annoying."

"Ignore it, I deleted it all directly." Fang Tong comforted him.

Li Boming smiled slightly and lowered his head to kiss the lips above the lips.

Tong Yunshi waited for a while and did not see Li Boming back to the message, looked at the time, called Li Boming but showed that it was turned off, she laid down her phone sadly and looked at the leaky faucet in the bathroom, she had to choose first Turn off the main gate.

Early the next morning, Fang Tong and Li Boming met Tong Yunshi in the garage when they went

downstairs, "Boming, good morning." She looked at the woman next to Li Boming with a look in her eyes, "This is Is your wife?"

Li Boming nodded, "Yes, this is my wife Fang Tong, Tong Tong, this is my classmate Tong Yunshi in country M, met yesterday in the supermarket, and only then knew that we live in the same community."

"Yes, I live on the fourteenth floor." Tong Yunshi smiled and extended his hand. "Hello, I am Tong Yunshi, Bo Ming's friend in M country."

Fang Tong's eyes flashed slightly, his lips were light, and his smile was polite, "Hello, I am Bo Ming's wife, Fang Tong."

The two hands gently separated and quickly separated. Tong Yunshi was looking at Fang Tong while Fang Tong was looking at her. It looks really beautiful, but this person is not smart enough. After the men have shown their attitudes, they still have a presence in front of the authentic wife of the other person. This person makes the brain lack of roots if it is not too good for self. Tendons.

After the appraisal was completed, Fang Tong withdrew the realization, and did not care about the woman in front of him, "Bo Ming, it's almost time, let's go."

"Are you going to work? I don't know if I'm going to ride me or not? My car is broken today."

Fang Tong fastened his seat belt, "Sorry, Miss Tong, we are going on vacation, I am afraid it is not convenient."

The smile on Tong Yunshi's face was a little stiff, "It's okay, it's my abruptness. I'll wait for my taxi."

"Miss Tong," Fang Tong said naturally.

Tong Yunshi gave a step to the side, so that they could drive the car out, looking at the rear of the car, Tong Yunshi's teeth gently bit his lip.

In the car, Fang Tong looked at Li Boming with great interest. "I didn't expect my fat and bright peach blossoms to be very good. People came from the country M to find you."

Li Boming laughed, "What nonsense, people come back to work in China. I accidentally ran into it in the supermarket yesterday, and I chatted a few words."

"Well, don't tell me you can't see people like you."

"What about then, I am married now, and I love my wife very much, I don't even take a look at the women outside." Li Boming said for granted.

Fang Tong smiled and reached out and patted Li Boming's shoulder. "Comrade Li Boming, the consciousness is very high, it's good, it's worth rewarding."

"Oh?" Li Boming was interested. "What reward?"

"Well, it depends on your later performance."

The husband and wife talked and laughed along the way, and did not take child rhyme into consideration at all.

**

Today, Han Yi is going to travel in country F. Early in the morning, Yu Xiaoxuan got up. As the name implies, he will give Han Yi a flight, "Xiao Xuan, I will be back in three days, no need to send."

Yu Xiaoxuan is packing Han Yi. Han Yi is a person with a very refined life. Even if he only travels for three days, he needs to bring a lot of things. Ties, tie clips, watches, shoes, and a set must be well matched. Yes, Yu Xiaoxuan and Han Yi have been together for a long time, and have learned a lot of dressing and matching.

"I'm bored at home anyway, so I'll send you away. I tell you, you have this treatment now, but it won't be there in the future." Yu Xiaoxuan lowered his head while talking to Han Yi, holding The movement kept.

In the past, when she was working, she was busier than Han Yi. She never had time to send Han Yi on a business trip.

Although there are many things to bring, Yu Xiaoxuan organizes quickly, which is also a skill she has developed. She can now match the clothes in the shortest time, instead of matching a set of clothes as at the beginning. More than half an hour.

Han Yi wanted to help, but Yu Xiaoxuan rushed aside. He leaned on the door of the cloakroom and looked at Yu Xiaoxuan's busy appearance. His face was full of spoiled smiles, "Xiao Xuan, you are now More and more like a virtuous wife."

Yu Xiaoxuan rolled his eyes, "Aren't I used to?"

"It must have been before, now it looks more and more like, people must envy me, there is a beautiful and lovely, smart and lively and virtuous wife like you." Han Yi's kind words like jumping out without money. Women, no matter what kind of women are like to listen to sweet words.

Yu Xiaoxuan's eyebrows curled up, "Han Yi, you should have done something sorry for me today, so you can talk."

Han Yi raised his hand, "I'm wrong, I just feel it. This is the most real idea in my heart. Do you still want me to call you ugly."

"You dare." Yu Xiaoxuan stared.

Han Yi smiled, "So I can't speak without my conscience."

Yu Xiaoxuan also smiled, "You're poor." Close the lid of the suitcase, Yu Xiaoxuan finished finishing.

Han Yi stepped forward to carry the suitcase down, Yu Xiaoxuan insisted on sending Han Yi to the airport, and Han Yi did not refuse.

"In these three days when I'm away, you have to be obedient, cooperate with a dietitian, and eat well." Han Yi warned.

"understood."

"Your due date is about to come. If you have any discomfort on your body, you must say it in time. Don't bear it."

"Han Yi, I still have nearly one month before the due date, and do you think I am the kind of person who will wrong me?" Yu Xiaoxuan was speechless.

Han Yi reached out and touched her cheek, "I'm not worried, hey, if it's not your month now, it's not easy to go back and forth, I want to take you away."

Yu Xiaoxuan snapped Han Yi's hand away, "It's okay, don't get tired and crooked, hurry up and board the plane, otherwise it's too late, remember to call me to report safety after landing."

Han Yi lowered his head and put a kiss on Xiao Xuan's lips, "Okay, you should go back quickly, I watched you go."

Yu Xiaoxuan nodded and turned away without hesitation, even without any hesitation.

Han Yi shook his head and smiled. The unconscienceful guy didn't say he couldn't bear him.

On the way back, Yu Xiaoxuan remembered that she hadn't been to Shengxuan for a long time. Sister Linda was recently taking a newcomer and had no time to visit her. After thinking about it, Yu Xiaoxuan decided to go to Shengxuan first.

I bought a lot of drinks and snacks on the road and asked the driver to carry them in.

"Sister Linda, I'm here." Yu Xiaoxuan shouted at the working Linda, and Linda was startled when she saw her belly steadily walking.

"You slow down for me." Then he quickly took two steps to support her.

"Sister Linda, I am in good health, no need to help."

Linda helped her aside and sat down, "How are you here today?"

"Come and see you. Sister Linda, you seem to have lost weight recently."

"I'm thin, but you're fat again. Yu Xiaoxuan, are you planning to let yourself go completely?" Linda squinted at her.

Yu Xiaoxuan accosted, "Sister Linda, I am not pregnant. When I remove this ball from my stomach, I promise that I will recover my perfect body soon, and I promise to be as bumpy as before. Amazing everywhere."

Sister Linda unravels her mercilessly. "Even before, your figure couldn't stand up."

"Sister Linda, don't take such a heart." Yu Xiaoxuan complained.

Linda smiled, "Have you seen the script I gave you last time?"

"I watched it. I watched it very carefully three times. It's really good, but is the crew really willing to wait for me to have children?" Yu Xiaoxuan asked. She liked the script very much. She must have taken it without hesitation.

"Not only to wait for you, the current lead of the actor is not available, and this director is very picky, that is, he is optimistic about the two of you, the other people do not, and this script is indeed very suitable for you, it is only one for you. New challenges, if you can play this role well, your play will be broader."

"Hmm, I know." Yu Xiaoxuan has already read the script, and naturally knows the meaning. "Sister Linda, if the other party also intends to wait for me, I will take advantage of this time to study the script at home. Eat through the script."

"That's right, this TV series is not your first shot after the birth, it is very important, and it will have an impact on your future development. I mean the same to you now. You should think about the characters."

Yu Xiaoxuan suddenly hugged Linda's waist, "Sister Linda, you are so good to me, are you in love with me?"

Sister Linda looked at her speechlessly, "You can't be serious for three seconds, and they were all taken away by Mr. Han."

"Sister Linda, you fell in front of the boss in the face of the boss, beware of me going to complain." Yu Xiaoxuan smirked.

"You go." Linda didn't care at all, knowing that Yu Xiaoxuan was just a joke.

The driver has distributed things to everyone, knowing that Yu Xiaoxuan will be here to wait for her later.

"Sister Linda, seriously, when I was studying the script, I found a few problems. There are a few details that always treat me badly. Would you please help me see it?" Yu Xiaoxuan said the joke. Something serious.

Although Linda is an agent, Linda actually studied director before becoming an agent, and after so many years of immersion, she is still quite accurate in grasping the general script.

Linda will never refuse to entertain her artist, and will take Xiao Xuan to a quiet corner where the two will discuss softly.

"Hey, I said before that Sister Linda is good to Xiao Xuan, but now it really looks like it." The assistant said to Linda's new artist, his voice was low.

The new artist is a young girl who is only 18 years old. Just after she went to college, Linda discovered it and signed a contract with Shengxuan.

A little envy flashed in the girl's eyes. Linda was very strict with her and had almost no smile on her face. If she did not do well, she would be said mercilessly.

The little girl was even crying by Linda several times.

"Sister Xiao Xuan's fame is there. It is now the hottest card under Sister Linda. No wonder Sister Linda likes her." The assistant continued.

This was heard by the clothing assistant on the side, glanced at the little assistant, and said softly, "That's because you didn't see how strict Linda was with her when Xiao Xuan first came to the company. Jia Jia followed Xiao at that time. Xuan is relatively happy by comparison."

Allison is the new entertainer of Linda.

The little assistant heard the words and looked at the clothing assistant curiously, "Really? Sister Linda has been so strict with Xiaoxuan?"

"It's not just strict, it's just heartbroken, and it's because Xiao Xuan has a good temper and can bear it, but Xiao Xuan himself is willing to work hard and strive to make progress under the high-pressure policy of Sister Linda."

The clothing assistant actually intended to tell Jia Jia that the girl had been in the company for two months and felt unbearable. They outsiders could see that her recent thoughts had drifted a little, and she secretly faced Linda Sister is also a lot of complaints and dissatisfaction. She heard it several times.

Allison's eyes flickered, and she said, "Is Sister Linda so strict with every newcomer?"

The clothing assistant shook his head. "Absolutely not. She is an artist who only looks at herself and thinks that he has great potential. Strictly speaking, in the words of Sister Linda, it is that Bao Jianfeng came out of the grinding. How can you become one without grinding? Put a good sword, a piece of peerless beauty, so ah Jiajia, don't blame Sister Linda for being harsh to you, she is doing it for you."

Allison bowed her head and didn't know what she was thinking.

After seeing this, the clothing assistant will stop talking and stop talking. Some things still need to be figured out by himself.

Jiajia glanced at Yu Xiaoxuan's direction and watched her talking and laughing with Sister Linda.

"Sister Linda, is that the new guy you are bringing now?" Yu Xiaoxuan noticed Jiajia's gaze and glanced in that direction. Jiajia immediately turned her head and dared not stare at Yu Xiaoxuan.

Yu Xiaoxuan is a dark horse that broke out in the past two years. With his own strength and the support of Shengxuan, he has become a new generation of small traffic candidates in the entertainment circle. The reason why he is said is that Xiaohui Xuan is just popular. When she was pregnant, she temporarily withdrew from the entertainment industry.

What kind of place is the entertainment circle, unless you become a first-line ace star, otherwise you are the front wave on the beach, one accidentally will be shot on the beach by the latecomers.

In the case of Yu Xiaoxuan, in fact, many brokerage companies will not allow her to marry and have children now. The reason why she is not obstructed, to put it bluntly, is that she married a good husband, even if she now quits, wait until When she is willing to come back, her husband is willing to throw money to pave the way for her.

Thinking of this, Jiajia's heart is not a taste, to say the appearance, she is naturally better than Yu Xiaoxuan, especially Yu Xiaoxuan's current appearance, is basically an aunt, where is there a little star should look like, figure It was bloated, and his face was not taken care of at all, and the whole person looked sloppy.

Fortunately, this is Jiajia's own thought. If she dares to say it, she will definitely be sprayed to death by many people. Although Yu Xiaoxuan does not have makeup, but the clothes and collocations on her body are very fashionable. It makes people feel sloppy.

Hearing Yu Xiaoxuan's question, Linda glanced in Jiajia's direction and nodded, "Well, it's her."

"The newcomer is very pure and recognizable, and at first glance, he hasn't touched the knife. Sister Linda, your eyes are getting stronger and stronger." Yu Xiaoxuan said with a smile.

In the entertainment world, a recognizable face will give you an advantage, especially in the context of facelifts like this.

Linda's expression was faint, "No matter how good the congenital conditions are, it's useless if you don't go forward."

Yu Xiaoxuan looked sideways, "Sister Linda, they are new people, and seeing how young you are than me, you have to be more patient. I thought I had come here as well."

"You, please take care of yourself, Yu Xiaoxuan. I can tell you, if you can't recover your body within three months after delivery, you can see how I can clean you up." Sister Linda raised her face.

Yu Xiaoxuan, who had known her temper for a long time, was not at all stunned, holding Linda's arm with a smile, "I know, I promise to lose weight. Now I can't stand it like this. "

Linda was very satisfied with this remark.

"Sister Linda, Sister Xiaoxuan." Jia Jia hesitated for a long time on the side, and brave enough to come up.

Linda looked faint, but Yu Xiaoxuan smiled kindly, "Hello, I was just telling Sister Linda that I found a big beauty this time, how do you call it?"

"Sister Xiaoxuan, my name is Gu Jiajia, you just call me Jiajia." Jiajia smiled shyly.

Yu Xiaoxuan pointed to the location around him, "Hello, Jiajia, sit down and talk."

Jiajia glanced at Linda and saw that she didn't speak. She sat down beside Xiaoxuan.

Linda glanced at her and spoke lightly, "Have I done all the work you did?"

"It's done."

Yu Xiaoxuan seemed to be afraid of Sister Linda when she saw Jiajia, and she couldn't help thinking of herself just coming here. She smiled like this and said, "Sister Linda, don't be so serious. Look at the little

girl who is scared by you. I dare not speak anymore."

Sister Linda gave her a white look, "I was stricter with you, why didn't you see me afraid of me?"

"Afraid, who said I am not afraid of you, but I have a thick skin, you can't see it." Yu Xiaoxuan smiled and didn't have a formal shape at all.

Linda knows that she is saying good things to herself. Yu Xiaoxuan is also a good person now. There is no way to see Jiajia's opinion on Linda in her heart.

In the entertainment industry, the relationship between artists and agents is actually very important, especially for ace agents like Linda. She has too many celebrities, and the network of resources in her hands is her biggest card, so to speak. Even after leaving Shengxuan, Linda could do it alone.

Probably more experience, she is unavoidably harsh on the newcomer, if the newcomer does not know how to have a good relationship with her, but has a grudge against her, then even the best Puyu can only be Puyu.

"Sister Linda, I still remember very well. At first, in order to make me lose weight, I ate vegetarian food for several months. I am almost a vegetable myself. Are you also like Jia Jia now?" Yu Xiaoxuan was curious. Asked to ease the atmosphere.

Sister Linda gave her a white look, "I won't let you eat, you still steal it, and give me to eat in the hospital, you are not ashamed."

Yu Xiaoxuan said, "Sister Linda, don't say anything like this."

Allison listened quietly on the side. When she heard this, she couldn't help but look at Yu Xiaoxuan curiously, "Sister Linda hasn't let people eat before?" After she finished, she realized that Linda was here too, looking at it quickly. Glancing at Linda, she was relieved to see that she had no special reaction.

"What's more, in the worst time, I practiced dancing for several hours, but as a result, Sister Linda ate me a small bowl of vegetable salad, and still couldn't see the kind of salad dressing." Yu Xiaoxuan looked bitter. A sly expression.

Jia Jia was surprised that Sister Linda was really stricter with Xiao Xuan than herself. At least she was drinking water. Although Linda would not let her eat more, she would not let her be pure vegetarian.

Thinking about this, Jiajia's heart suddenly balanced, it seems that Linda did not deliberately aim at herself, but to every artist. Having figured it out, Jiajia felt comfortable, and stood up, "Sister Linda, Sister Xiaoxuan, I'll go ahead and practice."

"Go." Yu Xiaoxuan smiled and waited for Gu Jiajia to leave before she looked at Linda. "Sister Linda, do you want to thank me?"

Linda snorted, "Let you do more business."

Yu Xiaoxuan continued to smile, "Sister Linda, you are the knife and the tofu heart, you say you are clearly for the sake of others, why don't you say it, but everyone is as smart as me, even if you don't say me Can guess your thoughts." At the end, she did not forget to praise herself.

Sister Linda gave her a blank look, her expression serious, "Xiao Xuan, let me tell you something."

When Yu Xiaoxuan saw her with such a serious look, she also put away a laugh, "Sister Linda, you say."

"Did you mingle with Don Mina's black material some time ago?"

"Sister Linda, how did you know?" Yu Xiaoxuan didn't hide Linda's intention.

"Two days ago, I just intercepted a piece of lace news about you. Although it is fake, such influence is not a good thing for you."

"What news?"

"Go to the office and say." Sister Linda glanced around and said, Yu Xiaoxuan nodded and stood up.

At the office, Linda took out a newspaper from the drawer, "This newspaper was stopped by me before it came out."

Yu Xiaoxuan picked up the newspaper and glanced at it. This was a newspaper two days ago. She also read it, but unlike what she read, the front page headline of the newspaper she read said A rich man keeps the news of Primary Three, and this newspaper is about the news that she is ambiguous, suspected of being derailed during pregnancy, and wearing a green hat for Han Yi.

Yu Xiaoxuan's face turned black instantly, staring at the photo above, "Sister Linda, the person in this photo is not me at all." The background in the photo is at the door of a hotel, and she has never been to that hotel.

"I naturally know this." Linda said, Yu Xiaoxuan and Han Yi had a very good relationship. It was when the glue was lacquered, how could it be possible to do such a thing.

"I have sent the original version of the photo for identification. It was processed by PS. The intention of the other party is self-evident."

"Who did it?" Yu Xiaoxuan asked, his voice cold.

"Don Mina." Linda spit out a name.

Sure enough, it was her, "Sister Linda, in such a case, can I sue her for framing?" Yu Xiaoxuan said coldly.

"Not yet. This news has been intercepted by me. People from outside and outside are not clear. Even if I want to sue her, I have no position."

Yu Xiaoxuan's regret, "Is this the matter?" She was a little unwilling.

Linda's eyes were slightly cold, "She's definitely not going to forget this simple, wait for her next shot, she was recently blocked, the situation is very difficult, in this case, she must be the most angry with you, man When you are crazy, you will do some unpredictable things, so for safety reasons, it is best to stay at home recently, try not to go out, as far as possible, cyber violence damage can be avoided, if your body is injured, then it is a loss huge."

Yu Xiaoxuan nodded again and again, "Well, I know Sister Linda, I'm going to send Han Yi to the airport today and stop by to see you."

"I've seen it now. Go back early if you are fine." Linda said lightly.

Yu Xiaoxuan pouted, "Sister Linda, it's hard to come by for a trip, do you dislike me so much? I still want to have a meal with you at noon."

"I eat company cafeteria at noon, do you eat it?"

"Yes, I have also eaten the company cafeteria, and the lunch in our company cafeteria is still very good." Yu Xiaoxuan smiled.

Linda couldn't take her. "Okay, then you'll wait for me here first. We will go to dinner after half an hour. During this time, you should think about the things that I just told you about. , Let me deal with it."

"Good." Yu Xiaoxuan knew that his network did not have Linda Guang, some news Linda could easily know, but he needed a lot of effort, naturally nodded.

Linda left her at ease when she saw her obediently. She needed to explain the schedule for the afternoon. Gu Jijia's performance could not satisfy her.

Linda didn't spend much time, and she came back soon, but after she came back, she found that Yu Xiaoxuan was asleep on the table. Linda smiled helplessly, and picked up one of the coats to put on Yu Xiaoxuan. .

She is already forty years old this year, and has been busy working in her early years. She is still unmarried. Yu Xiaoxuan is still her junior in age. Except for the relationship between the agent and the artist, the relationship between Yu Xiaoxuan and her is privately taken by her. The best one for so many years.

Yu Xiaoxuan didn't sleep long, and soon woke up, "Sister Linda, why don't you wake me up?"

Linda closed the folder and stood up. "Now the time is right. Let's go and eat."

Yu Xiaoxuan nodded, followed to stand up, just woke up, her head was a little ignorant.

After eating, Yu Xiaoxuan sat in Linda's office for a while, and then left the company accompanied by Linda.

"Go back and study the script carefully, and strive to take this TV series to me. I hope that after this drama is broadcast, it will become your most representative work, which will impact the sight of next year."

"Sister Linda, you say this, I'm suddenly Alexander."

"There is pressure to be motivated. This role is very challenging for you. If you grasp it well, your own acting will also make great progress. If you don't understand anything, you can call me and ask." Linda serious Said.

Yu Xiaoxuan nodded, "Sister Linda, I know, I will study hard. If I am unsuccessful, I will become a benefactor."

"All right. Go back and be safe on the road."

"it is good."

Linda turned to Xiao Xuan before turning back to the company.

What neither of them saw was that on the corner of the street, listening to a black car, staring at the direction of Shengxuan, seeing Yu Xiaoxuan's car drove away, and immediately followed.

"Ma'am, are you going home directly now?" Master Chen, the driver at home, asked.

"Well, go home." Yu Xiaoxuan leaned on the back seat, her expression was a little tired, she had the habit of taking a lunch break, she didn't sleep at noon today, her spirit was not very good.

The car was about to turn over a traffic light, and a black car in the back suddenly slammed into it. Yu Xiaoxuan was caught off guard and bumped his head to the back of the front seat.

"Oh, what's going on?" Yu Xiaoxuan shouted, and his hands embraced his belly consciously.

Master Chen stopped the car and glanced back. "It seems to be rear-end, I will go down and see."

Just didn't wait for Master Chen to look down, and the car behind them slammed into the car again. Yu

Xiaoxuan's head hit the window hard, her face turned white immediately, and the vehicle that caused the accident He quickly overtake and drove away.

This is no longer just a rear-end collision. This is obviously an accident. Master Chen did not care about getting out of the car to see the car, but looked at Yu Xiaoxuan, "Ma'am, how are you?"

Yu Xiaoxuan hugged her belly, her face was pale, and she was scared. When she heard Master Chen's words, she shook her head, "I'm fine, hurry home."

It is also due to the good quality and excellent performance of this car. Even if it was hit twice, the performance of the car was not affected.

It's just that the car just drove halfway, but Yu Xiaoxuan's face became more and more pale, "Master Chen, go to the hospital first, my stomach hurts."

Master Chen's face changed and he looked at Yu Xiaoxuan. When she saw that her forehead was sweating, she quickly said, "Okay, ma'am, you are seated. I will go to the hospital now."

Master Chen stepped on the accelerator, and regardless of the traffic lights, he drove to the nearest hospital.

Feeling more and more severe pain in her stomach and wetness between her legs, Yu Xiaoxuan was in a panic. She felt her mobile phone and called Han Yi, but Han Yi was now on the plane and the phone was turned off. Yu Xiao Xuan dialed Shen Qinglan's number again.

"Qinglan, I seem to be born." The voice was crying and frightened.

Shen Qinglan's complexion changed, "Where are you?"

Yu Xiaoxuan glanced around and shook his head, "... I don't know, I'm on my way to the hospital, Qinglan, I'm scared."

"Xiao Xuan, take a deep breath, don't be afraid, calm down, and hand the phone to the driver master, I will say."

Yu Xiaoxuan handed the phone to Master Chen, "Miss Shen."

"Master Chen, what direction are you in now?" Shen Qinglan asked while taking the car key. "Grandpa, Xiao Xuan is about to give birth. I'm going to the hospital." Old Master Fu hadn't had time to answer, and Shen Qinglan's figure was gone. Too.

"Master Chen, the closest hospital to you is now on Xinhua Road." Shen Qinglan said calmly, this hospital is exactly the one that Han Yi had reserved before.

"Okay Miss Shen, I will send my wife to the hospital now."

The driver returned the phone to Yu Xiaoxuan, speeding up the car.

Yu Xiaoxuan could feel more and more liquid left along her legs. She didn't know whether it was blood or amniotic fluid. She didn't dare to see, "Qinglan, I'm so scared." Yu Xiaoxuan cried, life For the first time in China, she experienced such a thing, and there were no loved ones, friends and friends around her. At this moment, she only felt that she seemed to be on an isolated island now.

Shen Qinglan drove the car to the fastest. The car was like an arrow off the string, and drove as fast as the front.

When Shen Qinglan arrived at the hospital, Yu Xiaoxuan had also just arrived at the door of the hospital. As soon as Yu Xiaoxuan saw Shen Qinglan, he grasped Shen Qinglan's hand and said, "Oh, Qinglan."

Shen Qinglan reached out and wiped the tears from the corner of her eyes, comforting softly, "Don't cry, you are just broken amniotic fluid now, the child will be fine, it can't wait to see her mother. You can relax, and soon you can I saw your baby."

Yu Xiaoxuan's tears were still flowing, "Qinglan, I can't stop." Her heart was terrified.

"Don't be afraid, I will be with you here, Han Yi, where did Han Yi go?"

Wen Yan, Yu Xiaoxuan cried even more fiercely, "Han Yi went on a business trip to country F."

Shen Qinglan sneered, this Han Yi is also true, when is it not good to travel on business, at this time, no wonder Yu Xiaoxuan will be so scared.

The doctor quickly checked Yu Xiaoxuan, "The maternal amniotic fluid has been broken, ready to give birth immediately."

At the door of the delivery room, Yu Xiaoxuan held Shen Qinglan's hand tightly, unwilling to let go, "Qinglan, I'm afraid."

Shen Qinglan comforted her softly, "Don't worry, I'll be waiting for you outside and I won't go anywhere."

"Qinglan, I want to see Han Yi."

"Okay, I will call him now."

When Yu Xiaoxuan was pushed forward, tears hung in the corner of his eyes. Shen Qinglan looked at the door of the closed delivery room and took out his mobile phone to call Han Yi. Han Yi's phone was still turned off.

Shen Qinglan sullenly listened to Yu Xiaoxuan's painful cry from the delivery room, and his anger towards Han Yi grew stronger and stronger.

"Master Chen, why did Xiaoxuan suddenly give birth prematurely?" She was good to see Xiaoxuan two days ago.

Master Chen's face dimmed. "Mrs. Mr. went to the airport early this morning and then went to the company. On the way back, we were rear-ended by a car. It was not an accident, it was a premeditated accident."

Shen Qinglan looked at Master Chen, "What does this mean?"

"The car hit us twice." Master Chen said. "Mrs. was scared by this accident."

Yu Xiaoxuan didn't hit her stomach, she was born prematurely because she was frightened.

Shen Qinglan asked the location of the accident and walked aside to call Jin Enxi, "An, I will send you the surveillance video now."

Shen Qinglan looked at the video, and his eyes were very cold. From the video screen, it can be seen that the car was indeed a car that deliberately hit Yu Xiaoxuan. If this car was not good for Han Yi, the distance between the two cars Too close, I'm afraid Yu Xiaoxuan is really dangerous this time, one dead body and two lives are possible.

She looked at the door of the closed delivery room and called Han Yi again. This time, she got through. "Sister-in-law, what is the matter with me so anxiously looking for me?"

"Xiao Xuan was born prematurely and is still in the delivery room." Shen Qinglan said coldly.

Han Yi's expression changed greatly, "I'll be back soon."

When the assistant heard it, he was in a hurry, "Mr. Han, you can't go now. The partner is already waiting for you. If this contract is not for you to personally interview, they will never cooperate with us."

Han Yi's face was very cold, "I love to cooperate and not to cooperate, you tell me these damn old men, if you don't cooperate this time, you won't have to cooperate in the future, it's a big deal. ?"

The assistant caught up, "Mr. Han, this cooperation is very important. They are our biggest partners in Country F. If we offend, we will have a hard time trying to develop the business in Country F."

"Well, how important are these business matters to my wife? My wife is going to be born."

The assistant stepped in and said nothing. Yu Xiaoxuan produced it, and he could not keep Han Yi anyway. "I know Mr. Han, I will handle it here. If we can't handle it, we will contact you again."

"Well, it's up to you this time. If they want me to come forward, let them roll to the capital." Han Yi is very hot now, otherwise this group of old people must see that he is willing to continue to cooperate. He will not come here at this time. He will leave Xiao Xuan alone at home. As a result, he just left, and Xiao Xiaoxuan had an accident with his back foot. Han Yi said at the moment that he was in a hurry.

Fortunately, there are still flights back. After an hour, this is already the fastest flight back. Han Yi bought the ticket and called Shen Qinglan again.

"Sister-in-law, how is Xiao Xuan?"

Shen Qinglan posted the phone on the door of the delivery room, and Han Yi could clearly hear Yu Xiaoxuan's painful cry. He was still calling Han Yi a bastard.

Han Yi red eyes.

"Have you heard?" Shen Qinglan said lightly.

"Sister-in-law, my plane took off one hour later, Xiao Xuan asked you first, please tell me to help her, I will come back immediately."

Shen Qinglan said nothing, and hung up the phone.

In the delivery room, the doctor is giving Yu Xiaoxuan a relaxed mood, but Yu Xiaoxuan's mind is full of pictures of pregnant women who are difficult to give birth, plus Han Yi is not around, the fear in her heart is infinitely magnified by her, where can I hear the doctor saying what.

The doctor saw Yu Xiaoxuan's emotions very wrong, and quickly came out to find someone, "Who is Yu Xiaoxuan's family?"

Shen Qinglan took a step forward, "I am her friend, her family is not around now, what you tell me is the same."

The doctor frowned, "Why are the family members still not available after giving birth?"

"Her husband just happened to be on a business trip abroad, and he won't be able to return after a while. You can tell me anything. I can take the lead. If anything goes wrong, I can take full responsibility."

The doctor frowned, but now there is no other way. "Maternal mood is very unstable now, which is not conducive to childbirth. If you can, go in to accompany the maternal and calm her emotions."

Shen Qinglan agreed without thinking, quickly put on sterile clothes, and walked into the delivery room.

Yu Xiaoxuan's body trembled gently, and did not know whether it was scared or painful. When he saw Shen Qinglan coming in, he shoved his mouth at Shen Qinglan, "Qinglan, how did you come in?"

Shen Qinglan walked over to her and said softly, "I'm here to accompany you, don't be afraid, I'm here. Han Yi is already on the way back, you will see him soon."

Yu Xiaoxuan heard Han Yi's name, and her tears could not stop flowing down, "Qinglan, I'm so scared to never see him again."

"Fool, thinking about anything, you think about me, you were so dangerous. You are just premature, and the doctor said that as long as you cooperate well, you and your child will be fine. So the most important thing for you now is Relax, listen to the doctor and cooperate with them."

Shen Qinglan's voice was gentle and soft, with a calming power, Yu Xiaoxuan gradually calmed down, although still nervous, but at least he could listen to the doctor's words.

"Qinglan, I can do it alone. You can go out and wait for me." After a wave of pain, Yu Xiaoxuan said with a thick voice.

Shen Qinglan and the doctor glanced at each other and got a positive answer from the doctor before leaving the delivery room.

In the delivery room, Yu Xiaoxuan's voice was louder than louder. Shen Qinglan experienced that kind of pain and naturally understood Yu Xiaoxuan's feelings. At that time, her family was with her beside her, and Fu Hengyi held her all the way. She gave her strength, compared to Xiao Xuan's efforts alone, she was too happy.

Listening to Yu Xiaoxuan's screams, Shen Qinglan felt more distressed about Xiao Xuan, this strong girl.

Because of the premature birth, Yu Xiaoxuan's birth was not smooth, and because of her small pelvis, it was quite a crime to give birth to the child.

"Wow." A crying baby cry came from the delivery room. Shen Qinglan was relieved. At this time, it had been more than ten hours since Yu Xiaoxuan was pushed into the delivery room. Fist loosened.

"Birth...birth?" Suddenly, Han Yi's gasping voice spread, Shen Qinglan turned around and saw Han Yi sweating.

He propped his knees with his hands, and sweat dripped directly from his face to the ground.

The door of the delivery room opened, and Han Yi greeted him for the first time, "Doctor, what about my wife?"

The doctor glanced at Han Yi with a cold look. He had never seen such an irresponsible husband, his wife gave birth, and he could not even see a personal picture. The children were born before they appeared.

"Inside, mother and daughter are safe." The doctor said coldly.

The nurse hugged the child out, Han Yi just glanced at it quickly, even if the child didn't see clearly, he took back his eyes, "Xiao Xuan."

When Yu Xiaoxuan was pushed out, she had fallen asleep and was tossed for more than ten hours. She was already haggard.

Seeing that Han Yi's mind was all on Xiao Xuan, Shen Qinglan went through various procedures.

Fang Tong only saw Han Yifa's Weibo to know that Yu Xiaoxuan was born, and quickly hurried back with Li Boming.

Yu Xiaoxuan is still drowsy. This time, the production is very expensive. After a period of rest, he cannot recover. Han Yi looked at it except at the beginning. The rest of the time stayed with Xiao Xuan. , Keep pace.

Shen Qinglan made sure that Yu Xiaoxuan went back without any problems, and she still has children at home.

As soon as I got home, I heard An An's crying, and Shen Qinglan speeded up. I saw An An crying in his throat, and when I saw Shen Qinglan, I reached out and called my mother.

Shen Qinglan picked him up, "Mom came back, she didn't cry, she was bad, she shouldn't leave An An, and she shouldn't cry."

An An hugged Shen Qinglan's neck tightly, still sobbing in a low voice, "Ma Ma."

"Well, my mother is here, An An doesn't cry."

She was holding An'an and was walking on the spot, gently patting An's back. An'an gradually calmed down, and Shen Qinglan looked at Old Master Fu with regret, "Grandpa, sorry, come back late."

Master Fu waved his hand, "It's okay, that's how An An thinks you think so much. Last night, she cried all night and didn't sleep much. How is Xiao Xuan? Was she born?"

"Birth, mother and daughter are safe, Han Yi is accompanying her in the hospital, I will come back first."

"It's just safe, it's safe. I will let Xiao Zhao stew some chicken broth and wait. Han Yi is my father for the first time. I can't think of this."

"it is good."

Shen Qinglan glanced sideways at An An and saw that the little guy had fallen asleep on her shoulder. She lowered her voice, "Grandpa, I will take An An to bed first."

Master Fu nodded, "Go." His face was also a little tired. How long did An An toss last night, he stayed with An An for as long as Shen Qinglan left, and Master Fu also went upstairs to rest.

Shen Qinglan put his son on the crib, then went to twist a towel to wipe his face.

Probably knowing that her mother was by her side, An An was sleeping peacefully. Shen Qinglan made sure that he was fast asleep, and then got up and went to the bathroom to take a shower. After spending a night in the hospital, she smelled of disinfectant.

**

In the hospital, when Yu Xiaoxuan opened her eyes, she felt that her hand was being held. She turned her head and saw a furry head. When she moved, Han Yi woke up immediately, "Xiaoxuan, you Finally woke up."

Yu Xiaoxuan opened his mouth and wanted to speak, but found that his throat was dumb. Han Yi got up and poured her a cup of warm water. "Come on, drink some water first."

Yu Xiaoxuan drank most of the glass of water in Han Yi's hand before stopping. "Why are you back?"

"I got back when I received the call from my sister-in-law, I'm sorry, I wasn't by your side when it was important." Han Yi looked at Yu Xiaoxuan's eyes and said apologetically, "This time I was terrified. ?"

Yu Xiaoxuan nodded and honestly admitted that he was really scared. "Well, I was crying. Fortunately, Qinglan was with me this time. At that time, I thought, what should I do if I can't see you again. "

"How can you say that I have been with you all my life, how can I give up on my words, and now that the medical skills are so developed, you will definitely be fine." Han Yi comforted her.

Yu Xiaoxuan leaned in Han Yi's arms, "Han Yi, what about the child?"

"In the baby's room, it's a lovely little girl, very healthy, and can't see that it was premature." Han Yi said with a smile.

Yu Xiaoxuan heard the words, his eyes bent, "I want to see the child."

"Wait a minute, let the doctor give you the examination first. When the examination is finished, I will let the doctor bring the child over."

"Okay, then you go and let the doctor check me." Yu Xiaoxuan couldn't wait. She had a hard time giving birth to the child. By the time the child was born, she was exhausted and had no strength, even the child had no time to take a look. He fainted.

After the doctor gave Yu Xiaoxuan an examination, it was confirmed that there was no problem. Han Yi asked the nurse to bring the child over.

The little girl's skin is red and wrinkled, which is actually not good-looking, but it falls in the eyes of Han Yi and Yu Xiaoxuan, but it is the most beautiful scenery in the world.

The little guy was just born with his eyes closed, Yu Xiaoxuan carefully cradled the child in his arms, looked down at her, and then kissed gently on her face, "Han Yi, this is our daughter. "

"Yes, this is our daughter, looks like you."

Yu Xiaoxuan looked at him funny, "You can see who it looks like this?"

Han Yili said of course, "This is your birth, naturally like you."

Yu Xiaoxuan was speechless and continued to look at her daughter, her eyes full of tenderness. This was the only relative in the world connected to her blood, and she was the closest person except Han Yi.

"Han Yi, shall we call her Guoguo?"

"Okay, whatever you say, Guoguo is very nice." Han Yi naturally has nothing to say.

The child's resistance is still very weak. He was quickly taken back by the nurse. Yu Xiaoxuan was awake and didn't feel sleepy. He leaned on the bedside to chat with Han Yi.

Her brows were always tightly wrinkled. Just after giving birth, her lower body was still very painful, especially after waking up, her senses were restored. This pain is more obvious. Although it is not comparable to the pain of production, but for For an impatient person like Xiao Xuan, such pain is also choking.

"Han Yi, I will never have a child again, we will have to have a child, OK?" Yu Xiaoxuan was terrified of

having a child.

Han Yi's eyes were full of distress, "Well, we are not born, we have enough Guoguo. When she grows up, we will find her a son-in-law, so Guoguo will stay with us for a lifetime."

"No." Yu Xiaoxuan objected. "I made an appointment with Qinglan. If I had a daughter, I would give An'an a wife, so I couldn't find someone else to be a son-in-law."

Han Yi is so depressed, why is he still thinking about this matter? He is a stupid boy who does not want to marry his daughter to the Fu family. But now the two children are still very young, saying that these are not counted. In the future, if they both fall in love with others, they can't force their parents together.

Thinking about it this way, Han Yi finally felt more comfortable, no matter what Yu Xiaoxuan said, he responded in a loud voice.

"Oh, what about Qinglan?"

"Little sister-in-law went back first. She stayed with you in the hospital overnight, until you came out and made sure you were safe."

Yu Xiaoxuan was deeply moved. If it were not Shen Qinglan this time, she would probably not be able to get out in the delivery room. She looked at Han Yi and frowned seriously, "Han Yi, I think I am still very happy, there is one A good friend like Qing Lan who doesn't seek return."

"When you are in the month, I will invite your two good friends to have a meal. You don't know. When you were lethargic, Fang Tong had made several calls to ask about your situation. She was coming back. It is estimated that it will arrive soon."

"How did Fang Tong come back?"

"She doesn't worry about you." Han Yi said.

Just talking, there was a footstep at the door, and soon Fang Tong's figure appeared in the ward, "Xiao Xuan, is it better?"

Yu Xiaoxuan shook his head, and his face was wronged, "No, I'm not good at all, Fang Tong, I'm about to die."

Fang Tong felt distressed and sat down beside her bed. "Qing Lan said that you had been born for more than ten hours and suffered a lot of crimes."

"Isn't it." Yu Xiaoxuan looked at the bottom of Fang Tong's eyes and said, "I thought that the doctor was going to make a cut on my stomach. If it was really drawn, then I wouldn't be able to wear beautiful

clothes." "

Fang Tong's black line stretched out his hand and slapped on Xiao Xuan's shoulder. His strength was very light. "Yu Xiaoxuan, you are really not saved. I tell you the truth, you are still poor with me here."

"I also mean serious, I was really scared to death at that time." Yu Xiaoxuan was wronged, why no one believed him when he told the truth.

Fang Tong suddenly hugged Yu Xiaoxuan, "Xiaoxuan, congratulations on being a mother."

Yu Xiaoxuan stunned and hugged her back, her face tender, "Well, I am a mother, Fang Tong, I am very happy."

"You're just happy, but isn't your due date next month? How can you have a premature delivery?" Fang Tong wondered.

As soon as these words came out, the smile on Yu Xiaoxuan's face disappeared, and Han Yi, who had already understood the incident, was also chilled. From the first time he knew the matter, Han Yi asked people to investigate the accident. Who is the person behind, but the result has not yet come out.

Feeling the momentary stagnation of the atmosphere, Fang Tong also realized that Yu Xiaoxuan's production should have other secrets.

Yu Xiaoxuan remembered the scene at that time and was still a little afraid. If he accidentally bumped into his stomach at that time, would his child just...Yu Xiaoxuan did not dare to think about the possibility of 1 in 10,000.

"Xiao Xuan, did something happen?" Fang Tong asked.

Yu Xiaoxuan rubbed his lips, "This matter has passed, and now my child and I are okay, let Han Yi take care of those bad things, yes, you haven't seen the child yet, I let the nurse take you Go see the kid, super cute."

Fang Tong knew that Yu Xiaoxuan did not want to say more, so he stopped asking more questions, "Then I will go to see the children first, and then I will see you later."

Yu Xiaoxuan nodded, "Go, remember to take a picture of the child, I just forgot to take it."

Fang Tong made an OK gesture, and only Han Yi and Yu Xiaoxuan were left in the ward, and Yu Xiaoxuan looked at Han Yi. , This will not happen, and you can watch your daughter be born."

Han Yi held Yu Xiaoxuan's hand, "What nonsense you say, this matter has nothing to do with you. No matter who it is, this time I dare to hurt you and your child, I will not let her go."

Yu Xiaoxuan hesitated and spoke softly, "I think I probably knew who did it."

"Who?"

"Tang Mina, because she used your hype some time ago, I tore with her on Weibo, and I found someone who broke a lot of her black material, which led to her being blocked. If I hate me the most, I can't help it. She is the one who is going to die."

Han Yi's eyes narrowed, "You have just given birth to a child, don't bother, these things I will deal with, I will investigate, if it is really her, then it is not so simple to block."

"Han Yi, what are you going to do?"

"She was deliberately murdered, shouldn't she be responsible for her words and deeds?" Han Yi's tone was faint, but anyone in the cold could hear it.

Yu Xiaoxuan was also reluctant to let go of those who nearly hurt himself and his children, so he had no objection to Han Yi's words.

"What about my cell phone?" Yu Xiaoxuan said suddenly.

"What do you want your phone to do?"

"I called Qinglan, and I was awake to report her safety."

Han Yi handed her cell phone to her, "Use my phone, your cell phone is dead, and it hasn't had time to charge."

Yu Xiaoxuan dialed Shen Qinglan's number, and the bell rang at the door of the ward. It turned out that Shen Qinglan had arrived.

"Qinglan, you're here." Yu Xiaoxuan's expression surprised.

Shen Qinglan smiled slightly, "Just wake up, how do you feel now?"

"It hurts," Yu Xiaoxuan said pitifully.

"This is a normal reaction, just wait for the wound to heal. Just bear with it, don't use the painkiller if you don't need it." Shen Qinglan said.

Yu Xiaoxuan nodded, looked at the holding bucket held by Shen Qinglan, his nose moved, "Qinglan, what delicious food did you bring me?"

Shen Qinglan opened the lid of the heat preservation barrel, "Grandpa let Aunt Zhao deliberately stew

the chicken broth for you, which is particularly good for the postpartum woman and very nourishing."

With guilt on Han Yi's face, he completely forgot about it, "Sister-in-law, thank you."

"Not so polite."

Shen Qinglan handed out the chicken soup and handed it to Yu Xiaoxuan, "Try it."

Yu Xiaoxuan sniffed, "It's so fragrant, Aunt Zhao's craftsmanship certainly didn't say." She took a sip and her expression was strange, "Qinglan, did Aunt Zhao forget to put salt today?"

This chicken soup smells really fragrant, but it tastes nothing at all.

"You are confinement and cannot eat salt." Shen Qinglan reminded her.

Yu Xiaoxuan's face stiffened. She completely forgot this matter. She thought that when Shen Qinglan was confinement, she also had Shen Qinglan eat a confinement meal.

Yu Xiaoxuan was desperate when she thought that she would live such a life in the next month.

She looked at Han Yi, "Han Yi, you will eat with me, right? At first, Grandpa Fu had eaten with Qinglan for a month."

Han Yi nodded, of course, "This is a must."

Yu Xiaoxuan looked at the chicken soup in front of him, thought about it, and drank most of the bowl with his eyes closed.

Fang Tong came in from the outside and saw Yu Xiaoxuan with a bitter face, "What's wrong with this?"

"Fang Tong, I'm so pitiful. In the coming month, I will eat light and tasteless food."

Fang Tong chuckled, "What is this, only a month, every maternal is coming like this, you look at Qinglan, wasn't it the same at first? Now, show you the child's picture, look at her you I don't feel bitter."

Fang Tong handed the phone to Yu Xiaoxuan. Yu Xiaoxuan flipped through the phone with his phone, and the corner of his mouth almost reached the ear.

Han Yi and Li Boming left the ward, leaving space for three women.

Knowing that Yu Xiaoxuan was fine, Shen Qinglan did not stay in the hospital for a long time, and he went back quickly. When he went back, the time and budget were just right. An An just woke up.

"Mom, hug." An An said word by word, and now An An has been able to say his father and mother very

accurately.

"Mom changes clothes, An An, will you wait a minute?"

An An nodded, and when Shen Qinglan changed clothes out, An An had already sat up and stared at the direction of the cloakroom.

Shen Qinglan took him to the living room and laid it on the ground. An An quickly stood up on his own, holding the sofa in his hand and standing there steadily.

"An An is now standing more and more stable." Aunt Zhao said with a smile.

Shen Qinglan nodded, keeping his eyes on his son's body, preventing him from falling suddenly, "Yeah, he should be gone in a while."

"The time is passing quickly, An An is about to turn one year old." Aunt Zhao said with emotion, she dreamed of the old lady Fu who had passed away for many years last night, and Fu Hengyi's parents.

"Aunt Zhao, what's wrong with you today?" Shen Qinglan cared.

"People love to sigh these things when they are old. By the way, what do you want to eat at night? I will make it for you."

"Aunt Zhao just do whatever you want, I don't choose to eat."

"Then eat steamed fish, so An'an can also eat." Aunt Zhao murmured to himself and went to the kitchen.

"Mom." An An called, and Shen Qinglan responded to him, "Mom is here."

"eat."

Shen Qinglan shook his head and smiled, "You snack food, remember to eat all day long, rest assured, Grandma Zhao has prepared fish for you."

An An let go of the sofa and walked two steps in the direction of Shen Qinglan, but just stepped away from the leg and fell down. Shen Qinglan did not reach out to help him. An An fell on the ground but did not hurt.

He looked up at Shen Qinglan and saw that Shen Qinglan didn't mean him. He sat up and picked up a small train toy on the ground.

Shen Qinglan smiled. She was not a spoiled child. An An is now just beginning to learn to walk, so she sometimes sees An An falling down. As long as she doesn't hurt, Shen Qing Lan will not ignore him.

Chu Yunrong came to visit his grandson, saw his daughter and grandson sitting in the living room, and walked over to sit next to Shen Qinglan.

"Have you been to the hospital to see Xiao Xuan?"

"Well, just back."

"Mom is going to see tomorrow too. Xiao Xuan has a baby and there is no adult to take care of him. Maybe he is in a panic."

Shen Qinglan heard the words and remembered the scene where Yu Xiaoxuan took her hand and said to her that she was afraid. She felt a little more pity for Xiao Xuan in her heart, "Mom, give Xiao Xuan some time when you go tomorrow Chicken soup."

"Okay, there is an old hen at home. I let Songsao simmer in advance to make up for her. By the way, have you customized An'an's one-year-old clothes?" The main purpose of Chu Yunrong's coming today is this matter .

Shen Qinglan patted her head. She really forgot about it. When Chu Yunrong saw it, she immediately understood, "Okay, let me know about this matter. I think you have been tired recently. Take a good rest." "

"Thank you mom, I'm fine."

**

Han Yi's efficiency is very high, and the cause of the traffic accident was found within three days. Sure enough, she was instructed by Tang Mina. When Han Yi found her, she was preparing to go abroad. From the media, Yu Xiaoxuan gave birth to a lot of money. When the mother and daughter were safe, Don Mina knew that this matter would be found on her head sooner or later. If she doesn't leave now, she won't be able to leave when Han Yi recovers.

It's a pity that her awakening was still a bit late. Han Yi called the police as soon as she got the news. The police took her away from the airport. This scene happened to be captured by the paparazzi who squatted there and wanted to pick up a star. The next day was another headline news.

Han Yi also intended to make people reveal the reason why Tang Mina was taken away.

"Sister Linda, do you think I lost a lot of weight?" In the ward, Yu Xiaoxuan was talking to Linda who was visiting her.

Linda glanced up and down at her, cold eyes, "I think you are getting fatter."

Yu Xiaoxuan bitterly said, "No, Guoguo is out, I think I should be thin."

"Do I need a mirror for you?" Linda said faintly.

Yu Xiaoxuan snorted softly, "Forget it, I won't torture myself."

"Okay, the most important thing for you now is to take good care of your body, lose weight or something, and wait until you are out of the month." Linda eased her tone. In fact, she was also taken aback this time. Xiao Xuan guards against the point, don't let Tang Mina take advantage of the loophole, Yu Xiaoxuan's hind foot will have an accident.

Fortunately, this was a false alarm, otherwise it would be unbearable.

"Sister Linda, I feel that I have been in a quarrel recently." Yu Xiaoxuan was very depressed when he talked about this matter. He had planned to greet the arrival of a new life with Han Yi. The result turned into a shocking event. It's also bad luck.

"People safe is good."

"Hmm, I think so too, Sister Linda, have you seen the child?" Yu Xiaoxuan now turns into a dazzling female demon. When people come to see her, she must let people look at her daughter.

Linda nodded with a smile, "I've seen it, the little guy is very cute. It will be more beautiful when it opens after a while." After all, Han Yi's genes are there, and the little guy's eyebrows are all Han Yi's shadows. It's definitely not ugly when you are big.

"Yeah, I think so. She changes every day and grows up every day. This feeling is very new. Sister Linda, I feel that since I had this little guy, my life has been completed."

Linda saw Yu Xiaoxuan's real joy and smile between her brows and eyes, and was very happy in her heart. She accompanied Yu Xiaoxuan all the way. From the beginning of entering the entertainment circle to achieve such achievements, she paid nothing. People who knew better than Sister Linda, especially during the time when Yu Xiaoxuan's parents died, even Linda felt that Yu Xiaoxuan might not be able to pass, but the girl survived abruptly.

"You take a good rest first, I will go first." Linda saw Han Yi coming, nodded toward Han Yi, and said to Xiao Xuan.

"Okay, Sister Linda, drive carefully on the road."

Han Yi brought her daughter in, and when Yu Xiaoxuan saw her, she immediately smiled with a brow, "Han Yi, give me a hug."

Han Yi handed the child to her, Yu Xiaoxuan looked down at her daughter, "Have she ever had milk

powder?" Yu Xiaoxuan has no milk, and she has been eating milk soup and water for several days, but there is still no, in order not to make her daughter hungry, Yu Xiaoxuan had to let her daughter eat milk powder while eating milk.

Han Yi nodded, "Just fed, I also recorded a video, do you want to watch it?"

Yu Xiaoxuan nodded quickly, "I want to see, you show me."

Han Yi took out her mobile phone to her, and Yu Xiaoxuan held her daughter in one hand and watched the video with her mobile phone in the other. "Han Yi, look at her little mouth moving, it's so cute."

Han Yi looked at Yu Xiaoxuan, "Well, it's really cute."

"Cough cough." A few coughs came from the door. Han Yi and Yu Xiaoxuan looked around and saw Han Zhengshan.

Han Zhengshan knew that Yu Xiaoxuan had a daughter three days ago, and he had a granddaughter. He had been waiting to take the initiative to call him, but after waiting for three days, there was no news. Han Zhengshan, who couldn't bear it, had to run to see his granddaughter.

Han Yi saw him, his face was cold, even his dad didn't call, Yu Xiaoxuan glanced at Han Yi, and said, "Dad, why are you here?"

Han Zhengshan felt uncomfortable when he saw Han Yi ignoring him. When he heard Yu Xiaoxuan's words, he suddenly lost his face. "Why, you don't take the initiative to let me see the child, I'm still wrong when I come to see it?" Ignore Yu Xiaoxuan's title to himself.

Yu Xiaoxuan embarrassed, "Dad, I don't mean that."

"If you come to the hospital to find fault, please invite you out." Han Yi said coldly.

There was a flash of anger in Han Zhengshan's eyes, "Han Yi, what is your attitude?"

"What attitude do you want me to have?" Han Yi asked coldly.

Yu Xiaoxuan reached out and pulled Han Yi's clothes corner, and motioned him not to say anything. Didn't see Han Zhengshan's face black? In the past few days, Yu Xiaoxuan is in a good mood because of the still voices. He does not want to be damaged by Han Zhengshan.

Han Yi understood Yu Xiaoxuan's meaning, shut up and ignored Han Zhengshan.

Han Zhengshan was standing there, Yu Xiaoxuan opened the round, "Dad, do you want to see the children?"

Han Zhengshan could refuse the steps given by Yu Xiaoxuan. He came over and looked at the child. He didn't reach out and hug, but just stood there and watched, a gentle touch appeared in the old eyes.

"How is the child's body?" Han Zhengshan asked Yu Xiaoxuan.

Yu Xiaoxuan said with a smile, "It's very healthy. The doctor said that although the child was born prematurely, the child's physical health was not affected. Very good."

"That's good, is the child named?"

Yu Xiaoxuan glanced at Han Yi, "The nickname is Guoguo, the fruit of the fruit, the name of the fruit hasn't been figured out yet."

Digression

In the past few days, Ali has been out in the field, leaving a reply late

436 Betrayal

Han Zhengshan thought of a few names, but looking at Han Yi, after all, he didn't say the name and let him pick it up. "Daming is not in a hurry, it's good to call Guoguo."

Han Zhengshan and Yu Xiaoxuan asked each other, and Han Yi sat on the side without a word.

In the end, Han Zhengshan took out a small box from his pocket. "This is a gift for the child. It was left by Han Yi and his mother. Leave it to the child."

Yu Xiaoxuan glanced at Han Yi, Han Zhengshan stared, "Look at what he does, this is what I gave to the child, and he needs his consent to fail."

Han Yi was silent, Yu Xiaoxuan reached out and took over, "Thank you dad."

"You don't have to thank me or give it to you. Also, don't think you will have a baby and I will admit you. You are still not my Han's wife."

"I don't need you to admit it, I admit it is enough. After reading it, go back after reading it." Han Yi heard this and was suddenly not happy.

Yu Xiaoxuan once again gave Han Yi a wink. After hearing this kind of words, she was already immune, not to mention that she now has a child. For her, the child is the most important. As for Han Zhengshan, agree or not Maybe she still cared about it once. Now, it doesn't matter.

"Han Yi, I am your father." Han Zhengshan angered, but lowered his voice, fearing to scare the child.

Han Yi pulled out his ear, "So? Do I need to take you out?"

Han Zhengshan was furious, and after seeing the child, he endured no anger and walked away angrily.

"Why are you doing this? He just came to look at the children. You just let him watch and leave." Yu Xiaoxuan persuaded Wen.

Han Yi looked at him, "I didn't let him look at children, I just didn't like his attitude towards you, you are my wife, whether he admits or not, this will never change."

"It's enough to have you, Han Yi. I used to be a horn, and I feel that marriage without elders' blessings will not be happy, but now I figured it out, this family has you, me, and Our children, this is enough."

Han Yi hugged her shoulders, "You think that's right, we will be happier in the future."

Yu Xiaoxuan nodded and suddenly stiffened, Han Yi looked at her, "What's wrong?"

Yu Xiaoxuan looked down at her daughter, "Han Yi, your daughter seems to be peeing."

Han Yi heard that she quickly hugged her daughter and reached out to touch the diaper, but it was urine, and skillfully replaced the daughter with a new diaper, which then handed the child back to Yu Xiaoxuan.

Yu Xiaoxuan looked at Han Yi as if he had practiced thousands of movements, and then he was dumbfounded, "Han Yi, have you raised a child before?"

Han Yi glared at her, "What nonsense, if you pity a few more times, you will." These days he has been following the nurse to learn how to take care of the child, after a few days of exercise, it is naturally handy.

Yu Xiaoxuan laughed, Han Yi's phone rang, and Yu Xiaoxuan gave the phone to Han Yi, who was called by an assistant.

Han Yi had a few words with the assistant, and his face sank. "Since they don't want to, this matter is all right. Tell them, I accept the video conference or they come to Beijing to meet in person, otherwise there is no need for cooperation. "

Hanging up the phone, Han Yi met Yu Xiaoxuan's worried look, "Han Yi, did I delay your work?"

Han Yi smiled, "It's just a case of cooperation. The other party is hard to deal with. The profits are low. It's okay not to cooperate."

Yu Xiaoxuan knew that things must not be as simple as he said, "Han Yi, if you have something, go busy first. After all, you want to make milk powder for Guoguo."

"No." Han Yi sat down and cut the fruit for Yu Xiaoxuan. "I'll be with you in the hospital. Now your mother and daughter are the most important to me. I'm not worried if I don't look at you. As for Guoguo's milk powder, even if you regenerate ten or eight, I can afford it."

Yu Xiaoxuan moved.

Country Y, Allen's castle.

The butler came in from the outside and went to the study without seeing Allen in the living room. Sure enough, Allen was in the study. "Master, Qin Yan's people are still looking for the ashes of the old man."

Alan held a photo album in his hand, all of which were photos of Shen Qinglan, and they were all taken secretly. Alan arranged them and put them in the photo album.

Hearing the housekeeper's words, Allen didn't raise his head. "So?"

"Do you need me to take someone to give them..."

"No, since they want to find it, let them find it."

"Master, they haven't found it for so long, but they haven't stopped searching. It can be seen that they will not give up easily. I don't know where the ashes of the master are placed. Do I need to send someone to protect them?"

Allen finally raised his head from the album and looked at the housekeeper for a while, "Are you curious?" His eyes were cold.

The housekeeper was shocked, "I'm not curious, young master."

"Let's not take an example, let's go."

"Yes, Master." The butler turned to go, took two steps, and then stopped. "Master, I haven't heard Qin Yan's news during this time. Do I need to find someone to inquire?"

"Butler, you have a lot to say today." Allen's voice was cold.

"Master, I'll take the penalty here."

Alan looked coldly at the back of the housekeeper's departure. It took a long time to retract his gaze. Looking at Shen Qinglan's photo, his eyes instantly became gentle.

"Hey, the housekeeper." Peter saw the housekeeper in a hurry and waved to say hello.

The butler stopped, "Mr. Peter."

"Where is the housekeeper?"

"Go tell the kitchen to prepare lunch."

Peter pouted, "Go, go, butler, you are getting more and more uninteresting now, and following Alan for a long time, all of them turned into wood."

The butler bent over slightly and walked past Peter to the kitchen. Peter went to the study to find Allen.

"I said Allen, you look at this album 800 times a day, don't you feel bored?"

"Get out," Allen said coldly.

Peter will not go out naturally, and sit down opposite Allen. "To tell you the truth, Qin Yan has been taken away by Shen Qinglan and them for a long time. Are you really not going to bring her back?"

"What do you bring back?"

"She is a very good experiment. I want to take her for the experiment. Would you like to help me bring her back? I think if you ask for it, they should give it."

Alan looked indifferent. "You can't see my relationship with them?"

Peter confessed, okay, those people hated Allen, and Allen's appearance would make things worse. Regarding Allen's owed nature, although he has not hurt Shen Qinglan, several other people have been chased and killed by him. Those few people are estimated to have swept away Allen's heart. Think of it this way, Peter's heart to bring back Qin Yan is weak.

And he wanted Qin Yan just to take Qin Yan as an experiment. After all, she is the first human sample, and the reaction that appears on her may be different from others.

"Okay, let's put this aside in advance. What happened to the housekeeper these days? I think he was in a hurry and his face was gray and he was scolded by you?"

"Can't clearly recognize your status, is it not normal to be scolded?" Allen said indifferently.

Peter tweeted, "Alan, you're almost the same, but the housekeeper is kind and loyal to you anyway. Are you afraid of being cold when you treat him like this?"

Allen snorted and stopped talking.

Peter leaned back in his chair. "Now Qin Yan has fallen into Shen Qinglan's hands. What are you going to do with her power? Those people have been dangling in front of their eyes, looking strangely annoying."

Qin Yan's people did not know that their boss had been arrested, and they were still looking for Carl's ashes according to Qin Yan's previous orders. Peter found himself tracked more than once. Do these people think they will know where to place the ashes? Don't joke, although he has been with Allen for many years, Allen will not hide him from some things, but for this matter, it is estimated that only Allen knows this world.

Allen's fingers were bent and he tapped on the tabletop gently, a thoughtful look appeared in his eyes, "You help me call the housekeeper in."

Peter's eyes lit up, "Are you going to start?"

Allen didn't speak, just glanced at him lightly, and Peter laughed, "Understood, I will go now."

When Peter found the butler, the butler had just received the penalty, "Steward, what did you do?"

The butler had sweat on his forehead and glanced at Peter. "Mr. Peter, this is my personal business."

Peter shrugged. "Well, if you need to be bandaged, you can come to me. I won't charge you a fee."

The housekeeper crossed Peter to go, and Peter stopped him, "Housekeeper, Alan is looking for you, waiting for you in the study, let you go up now."

The butler glanced at Peter and saw that he had a serious look, no joke, and he went upstairs as soon as his look disappeared.

"Are you going to see him like this?" Peter asked, "You are injured now, why not let me bandage you first, anyway, it's not a little short of time."

"No, thank you Mr. Peter."

Well, his good intentions were rejected, and Peter said that there was a displeasure in his heart. He glanced at the housekeeper and smiled indifferently, "Just be happy."

When the housekeeper went upstairs, Peter left here. Anyway, he didn't have the right to intervene in Alan's affairs. It would be better to know nothing, so he was safe.

The housekeeper came to the study again. Allen had put down the album. The housekeeper stood one meter away from Allen and lowered his head. "Young Master."

Alan looked out of the window and didn't know what to think. The butler stood there silently and didn't speak. He calmed down and his whole body's attention seemed to be concentrated on the wound on the back, making him sweat on his forehead. Become more.

"Where have Qin Yan's people been active recently?" After a long time, Allen spoke.

The butler raised his eyebrows. "They are all in the family cemetery." The gang of people entered the cemetery alone and didn't know how many times.

"Take someone to solve them for me tonight, this game has been playing long enough, I don't want to play anymore."

"Yes, Master, do you want one not to stay?"

"Yes, if you don't stay, I will personally take someone to Qin Yan's nest. This time I must solve all of Qin Yan's forces."

"Yes, young master."

Allen threw the steward a token-like thing, "Weapons and equipment are yours to pick up, I just have to get the result."

"Okay, young master, I will prepare now."

"Go." Alan waved his hand and motioned the butler down.

The butler did not rush to call for staff, but went back to his room first, and he needed to deal with the injury on his back.

The butler looked at the mirror. His back was covered with criss-cross whip wounds. Although it looked terrible, it was actually a skin injury. He disinfected the wound himself and applied medicine. When everything was done, the steward appeared again. sweat.

He put on his clothes and waited until the pain in the wound had alleviated before he called for staff.

As night fell, the castle was shrouded in the night. From a distance, it looked like a fierce beast with a wide open mouth and a light in the study.

"Allen, you are ready." Peter came in and said, "Are we going now?"

Allen nodded. "Let's go."

Peter followed behind Allen, looking at Allen's back, and said in a puzzled way, "Allen, haven't you already asked the steward to kill Qin Yan? Why do you want to take someone yourself?" Are you afraid that the housekeeper is too busy?"

Immediately after the housekeeper left, Allen suddenly called him to the study, let him gather all the remaining staff, and prepared weapons and equipment by the way, and did not say where or what to do.

"You have too much nonsense." Allen said coldly.

Peter shrugged, well, he knew there was no answer from Allen's mouth. He carried a small medicine chest in his hand, which he had prepared just in case.

The butler took half of the manpower. There weren't many people available in Allen's hands, but fortunately all of them were elite, and their fighting power was powerful.

"Allen, is this going abroad?" Peter asked when he saw the plane parked on the lawn.

"Too much nonsense."

Okay, again rejected, Peter said he was used to it.

The plane went up in the air, and then flew in the direction of the Pacific Ocean. Peter looked at the broad surface of the Pacific Ocean underneath, crying without tears, "Alan, don't you want me to jump here? I will drown. Although he could barely swim, he could never survive in the ocean.

"You can stay here alone." Allen said indifferently, and then jumped down without hesitation. The parachute opened in the night and melted into the night without being noticed by anyone.

After Allen finally jumped down one after the other, the pilot and Peter remained on the plane.

Peter closed his eyes, after all, he had no courage to jump down and comforted himself. "Forget it, I'm just a brother doctor. Without the slightest fighting power, I won't drag them down."

The plane quickly flew away from here, although it was night, but it was hard to guarantee that it would

not be noticed.

On the isolated island, Allen looked at the small island that appeared more and more quiet in the night, and a coldness flashed in his eyes. This was the Qin Yan's nest that he spent a lot of time to check.

Qin Yan's power in the R country has been resolved by angry Yamamoto, which is also a good thing for Yamamoto.

Alan waved his hand and immediately melted into the night behind him, disappearing into his sight.

Soon, gunshots sounded on the island, screams mixed with gunshots, and the blood in the air became thicker and thicker, and the smile on Allen's mouth grew deeper.

Well, as expected, he still likes the smell of blood. He narrowed his eyes slightly, with an expression of enjoyment.

Suddenly Allen's eyes were cold, and he raised his hand and fired a shot at his side and back. There was a mumble after he left, followed by the sound of heavy objects falling to the ground. Look in that direction.

The gunshots didn't stop. Allen flashed and hid behind a tree, shooting at all directions. Every bullet was a sound that penetrated the flesh. When the gunfire stopped, Allen's surroundings had fallen. There were no fewer than ten dead bodies.

"Boss, the people on the island have dealt with it cleanly," said a man dressed in black and approached Allen.

"What about the damage?" Allen asked coldly.

"one third."

Allen squinted. He brought a total of twenty people this time, that is, seven dead. "Huh, a bunch of waste, it seems that I am usually very good to you."

The man lowered his head and didn't dare to say anything. Who knew Qin Yan's people on the island were so fierce. At first, they didn't figure out the situation and died three brothers.

"Are you sure that there are no fish in the net?" Allen asked.

"should not."

Allen looked at the man coldly. "Should?"

The man lowered his eyes. "The night is too thick to guarantee."

Allen's eyes were colder. The man dared to greet Allen's gaze, and Allen quickly withdrew his gaze, "Go."

And just after Allen got on the plane, this small island exploded violently, the entire island was blown up, and was quickly submerged by the sea water, as if it had never existed.

"Allen, you're injured." Back on the plane, Peter exclaimed the dark color on Allen's clothes.

Alan glanced lightly at his wound and stretched his arm to Peter's eyes. "Band it." The tone was calm.

Peter glanced at him silently, "You said you, coming back with a wound on the next trip, might as well stay on the plane like me.

Allen closed his eyes and refused to talk to Peter. Peter helped him to take out the bullets, and even the anesthetic was useless. Throughout the process, Allen didn't even groan. Peter couldn't admire this willpower.

Just after the plane reached the border of country Y, Allen's cell phone rang, "answer the phone." Allen said to Peter.

Peter rolled his eyes. This person always asks others to do things with such a commanded attitude that people want to beat him.

Peter picked up the phone, but just after he connected, his face changed, and he handed the phone to Alan, "Alan, don't be excited."

Alan glanced at him, took the phone, and then his face sank. When the people over there finished talking, Alan smashed the phone. "Speed up, go to the cemetery."

The plane could not fly directly to the cemetery, so after stopping at the airport, Allen drove directly to the cemetery.

In the cemetery, there was a thick bloody atmosphere at the moment, rendering the cemetery even more gloomy.

Peter had a flashlight in his hand that he didn't know where to get it, exuding a faint light. From this small light, you could see several corpses lying on the ground of the cemetery. The person taken away by the housekeeper.

"How about the steward?" Allen asked coldly.

An injured man came out from behind, "The butler escaped."

"Give me a killing order and a reward order, which can kill this traitor's heavy reward of 200 million US

dollars." Allen's voice seemed like a demon from hell.

Peter shivered abruptly, shrunk to the side, trying to reduce his sense of presence as much as possible. Allen in this way was extremely dangerous, and his attack power was indistinguishable from enemy to enemy.

"Yes, boss." The black man who went to destroy Qin Yan's nest with Alan responded. Alan looked at the corpse on the ground, smelling the long-lasting blood of his nose, and violent emotions flashed under his eyes. The butler is in front of him, I am afraid that he will be punished by thousands of swords.

No one would think that the housekeeper would betray Allen. The hands that Allen gave him died in this operation, and those weapons and equipment were swallowed by the housekeeper.

Judging from the traces on the scene, this group of people died without any precautions, and the wounds were behind, that is, the enemy attacked them from behind.

The housekeeper's action was temporarily initiated by Alan, but the other party was able to react so quickly, and the plan was taken, and the person who killed him was obviously someone reporting to them and making a plan.

"Boss, the housekeeper betrayed us. He and Qin Yan are a gang, and the gang listened to his orders." The only living person said. He was actually seriously injured, and Peter glanced at Allen. Seeing that Alan didn't respond, he went up and bandaged this person.

Alan's look was ugly. The housekeeper was left by his mother. He was placed next to Qin Yan, monitoring Qin Yan's every move, and returned to his side after being discovered by Qin Yan last time. Such a loyal person to him betrayed him.

"Qin Yan, you are very good." Allen squeezed out from the teeth of the teeth one by one. Qin Yan really had a good ability, and he bought all his people. What time was it? Is it true that the housekeeper sold Qin Yan last time? The purpose is to hide in his side, in order to better inquire about his father's ashes?

Suddenly, Allen's gaze narrowed, grabbed the flashlight in Peter's hand, and quickly walked in one direction. After a while, Allen's angry roar was heard.

His mother's cemetery has been dug up, and the tombstones have been discarded aside. Although he had transferred his mother's ashes to other places earlier, this is just an empty tomb, but every year he visits his mother. Here, it can be said that these years are his mother's cemetery in his heart.

"Qin Yan, don't let me find you, otherwise the cage will be your final destination."

Alan glanced coldly at his mother's tombstone, turned around and left, and Peter quickly followed.

Returning to the castle, Allen looked at the man in black. "All the people who performed the mission

outside were recalled, so the mission was terminated, and the whereabouts of the housekeeper were checked."

The man in black looked sour, "Yes, boss, I will go now."

"Wait, take a few people with me." Allen said coldly.

The man in black followed behind Allen, and Peter picked up the medicine chest and followed.

Alan came directly to Eden's villa. Don't ask how Alan knew Eden's address. Country Y is his base camp. He knows the actions of several people here, but he doesn't want to manage them. .

The door of the villa was open, and Allen's heart was awkward. He stepped up and walked into the villa. As soon as he walked to the door, he smelled a thick bloody smell, and then saw Sisley and Eden lying in the pool of blood. The blood under them stained the floor a red sea.

Allen stunned, and soon responded, "Peter, save people."

Peter took a step forward and first checked the breath of the two. "There is one last breath. Come and help yourself."

The man in black came over and beat Peter.

Alan stood silently, watching Peter save people, and after a while, he looked around, only to find a few people lying in the corner, seeing his men, walked over to look at it, to Alan Shaking his head, "Boss, all are dead."

These should be Qin Yan's people, they should have been brought by the housekeeper. A few people were lying in front of the entrance of a basement. Allen walked in alone, and a subordinate saw him, and quickly followed. Who knows if there is any risk in this villa now.

Below is a fully equipped laboratory with a variety of experimental equipment, as well as an operating room and various medicines. "Notify Peter and let him bring people here for treatment."

"Yes, boss."

Alan carefully looked at the laboratory and saw that the floor of a room was covered with blood stains, but there was no one in it. Think about it and know that it should be the place where Qin Yan was detained, but now everyone is gone, yes Already dead or taken away by the housekeeper?Allen cannot judge this.

Peter soon came in with Sisley and Eden. Seeing the equipment here, he was too late to sigh and sent him to the operating room first. With these things, he was sure to save the two.

Compared to Eden, Sisley's injury was heavier, and the bullet directly penetrated her chest, only a few millimeters away from her heart, and Eden's fatal injury was in the abdomen. As long as the blood is stopped, it can last for a while, and this time is enough for Peter to save Sisley's life.

Only Peter is alone, and no one else can help. Peter has to use himself as two people. Fortunately, Eden spent a lot of money to transform this laboratory. The laboratory facilities are very complete, which has brought him a lot of convenient.

Allen inspected the entire villa. Except for the laboratory and the living room, all other places were neat and clean. Presumably, the housekeeper had just met Sisley and Eden. The two sides fought fiercely in the living room.

It's been ten hours since Peter came out of the operating room. "How is the man?"

"There is no problem with that man, and he can wake up in a few days, but the woman can save a life. It is good to be able to wake up in the future. It is up to her to see if she is strong enough to survive. wake up."

Allen looked at him coldly, obviously dissatisfied with his answer.

"Allen, I'm just a person, not a god. I can use them to save them from the rescue." Peter said wearily.

Alan also knew that Peter had done his best, and said nothing more, pointing to a row of solutions in the laboratory, "You see if these are studies of strange viruses."

Peter looked in the direction he pointed, and saw the rows of different colors, more than twenty kinds of solutions, and his eyes were shimmering, as if there was less fatigue on his body.

He quickly walked over, picked up a tube and easily looked at the label above, "Hey, it really is." He looked over one by one, the brighter his eyes grew, "Oh, my God, Allen, this man called What name is simply genius, he researched out what I haven't studied thoroughly. And the result is perfect."

With excitement in Peter's face, he picked up a tube of solution from time to time, and his eyes were shining, as if he was not looking at a solution, but a peerless treasure.

"Oh, my God, this cell has such a way of dividing." Peter took Eden's notebook aside, turned it over, and then held it in his arms like a baby. .

"Huh?" Peter's expression changed. "That's wrong."

Allen looked at him, "How?"

"Some solutions are missing here." Peter frowned and suddenly slapped his head. "Oh, Alan, the virus's antidote was taken away."

Allen's face changed. "Don't you say that the virus has no cure?"

"It wasn't originally, but this person has researched it. If I didn't guess wrong, he should have researched the antidote just a few days ago. You see, these places should be filled with things, but now It's empty."

Alan's face became ugly. If Eden really researched the medicine, then it must have been tested on Qin Yan's body. Now that Qin Yan is gone, it's likely that when the housekeeper came Alive, taken away by the housekeeper.

Allen's hands clenched into fists.

"Alan, are you going to take the two of them back?" Peter asked.

"Bring it back."

Back at the castle, Alan stood in the room and looked at Shen Qinglan's painting on the wall for a long time. After all, he didn't call Shen Qinglan.

Three days later, Eden first woke up and saw the strange environment. Eden's eyes were full of precautions. "You are awake." Peter said to Eden.

"Don't look at me so guarded, my relationship with Allen is good, but if it's not Allen this time, you will die."

"What about my companion?" Eden said mutely.

"She's hurt more than you, and she's still in a coma." Peter said, and he was going to check on Eden.

Eden reached out his hand, Peter shrugged, and handed the medicine to him, "Well, you are also a doctor anyway, then you can change the medicine yourself."

Eden didn't reach for the medicine. He knew his physical condition, and he couldn't change his medicine at all. "Thank you."

Peter sneered, "Look, I didn't want me to come in the end, what kind of person did you really teach and what kind of apprentice, you are as awkward as Alan."

Eden said nothing, and waited until Peter had changed his medicine before he said, "Can you take me to see my companion?"

"Well, I'll take you." Peter did not refuse, but lifted Eden carefully from the bed, trying not to touch his wounds. "You are still a little different from Allen, compared to Allen, You have more feelings, at least like a person, don't want Allen, it's a cold, emotionless machine, oh, no, he also has feelings." It's just

that his feelings are given to one person.

Eden didn't speak, so he listened to Peter whispering, "Yes, your companion is badly hurt. I can't guarantee that she will wake up."

Eden's heart sank. "What's wrong with her?"

"The bullet almost passed through the chest, plus the excessive blood loss, it would be good to save a life." Peter said.

And Eden soon saw Sisley, wrapped in gauze, pale, and lying in bed unknowingly.

Peter knew that he was a doctor, and did not hide from him, showing him the results of Sisley's examinations. Eden's face was ugly.

"You are a doctor and you should understand. Under such circumstances, she has a very slim chance of waking up."

Eden was silent. "I want to see Allen."

"Okay, I'll take you to see him, but he hasn't been in a good mood these days. If you don't want the life you just picked up to be taken away by him again, you should pay attention to it."

Eden nodded.

"Allen, the man is awake. Are you going to see it now?" Peter knocked on the door of the study. Allen spent most of the days in the study.

"Come in." Alan's hoarse voice came.

Peter didn't go in. When Eden entered, he closed the door directly. Eden looked at the man in the chair with a complicated look. He never thought that the person who saved him and Sisley was Allen. He almost killed him, it can be said that there was a deep hatred between them.

"Waste." Allen said in a cold voice. "I wasted so much time and energy on you. Even a few traitors can't deal with it. At the time, you fed the dog your skills and confidence in me. Yet?"

Eden lowered his head. This was the subconscious reaction to see Allen. When he responded, he met Allen's cold eyes.

Eden pursed his lips and said, "Did you not tell Ann?"

"Oh, you still have a face to spread everywhere, Eden, I shouldn't save you, waste is not qualified to live in this world."

Eden did not resist and left Allen to count, this time it was indeed their care.

"Tell me, what is going on, Qin Yanren?"

Eden heard his words, his eyes dim, and he remembered what happened that day.

Just one day before Qin Yan was gone, Eden had just researched the antidote to the strange virus. He took Qin Yan's drug and observed it for two days. If there was no problem, he planned to solve Qin Yan, so as to avoid long nights. .

But on the second night, the housekeeper rushed in with him. When he took Qin Yan out of the laboratory, he happened to meet Sisley who came to see Eden. With bare hands, how to deal with the man who had already prepared the housekeeper, he fell on the spot. Eden heard the gunshot coming down from the upper floor and saw the scene of Sisley falling.

He took a weapon when he came out, but they were not dominant in number, and soon double wounded, watching Qin Yan rescued, if Alan happened to arrive, I am afraid this time he and Sissi Li can't live.

Digression

Qin Yan, this is the last jump, all the foreshadowings will end here, the death of Qin Yan you are looking forward to is coming

437 Chapter Missing

"So, you mean that Qin Yan was not only alive when he was taken away, but the virus in her body was also solved?" Allen's voice was cold. If he could, he really wanted a shot that fell to the person in front of him.

Eden's silence is equivalent to default.

"Sure enough it's waste, how could I teach you such a idiot?"

"You now say that this does not help." Eden replied coldly.

Allen looked at him coldly, and Eden looked back unconsciously. After all these years, they were no longer the people who were afraid of the instructor.

"Oh, it really is a long way." Allen chuckled and looked back. "Go and call Jin Enxi back. Remember, you can't let Xiao Qi know about it, otherwise... you know the consequences."

"Got it." Eden replied coldly and returned to the room. He immediately called Jin Enxi. Jin Enxi was talking to Daniel. When he heard Eden's words, he immediately pushed Daniel aside and walked to the balcony.

"Okay, I'll buy a ticket now."

"Remember, this matter must never be known to anyone, especially Ann." Eden urged that this thing actually blamed him. When Shen Qinglan called him to solve Qin Yan last time, he was worried. Based on the results of the experiment, I haven't done it for a long time, and this has caused such a tragedy.

"Daniel, I'm in a hurry to leave for a while. You have to be obedient at home." Jin Enxi patted Daniel's face and tried to be as natural as possible. Daniel and Shen Qinglan had a good relationship. If he knew, he would definitely tell Shen Qing Lan.

"Enxi." Daniel grabbed Jin Enxi. "Are you going to take risks again?" He fixed his eyes on Jin Enxi's eyes.

Jin Enxi chuckled, "What are you thinking about, the experiment results on Eden's side came out, I want to check it out, help him a little bit by the way, and I will be back soon."

"Really?" Daniel didn't believe it.

"Really, I promise." Jin Enxi raised his hand and almost swear.

"Then you go early and return early." Daniel said.

"Hmm, but you can't tell Qing Lan about this matter. I still haven't checked the things that Qing Lan asked me to check. If she knows that I'm hanging out, she should be angry."

"Qing Lan is not that kind of person." Daniel said lightly, and suddenly reacted, "Why can't you tell Qing Lan, Enxi, what do you want to do?"

Jin Enxi secretly lamented that Daniel's reaction was too fast, but there was no slight expression on his face, and he smiled, "Isn't that just said, go help Eden a little bit, if you don't worry, just go with me."

Recently, Daniel was preparing for Jonathan's art exhibition in Sydney. There was no time at all in Beijing

and Sydney.

"Okay. Wait a minute, I'll pack up now." Daniel stood up.

"Wait." Jin Enxi grabbed him, "I was just kidding you, you really plan to go."

"Of course I am serious, Jin Enxi. I don't allow you to do anything dangerous." Daniel looked serious.

"I don't really do dangerous things, really, you believe me." Jin Enxi swears, listening to Eden's meaning, it should be that Alan wants himself to check the whereabouts of the housekeeper and Qin Yan, which is not at all Get dangerous.

"No, you either go to Sydney with me, or I go to country Y with you. Choose one of the two, you choose one, and if you don't choose either, I'll tell Qinglan." I don't know why, Daniel's I was very disturbed in my heart. This situation has never happened before. Even before Jin Enxi went to help Eden, there was no such discomfort, as if there was an unpredictable danger approaching.

"Daniel, are you trying to mad me?" Jin Enxi was angry.

Seeing that Jin Enxi was angry, Daniel's tone suddenly softened. "Enxi, I'm just worried about you. I don't want to see you hurt again, can't you go? You can help them here too."

Jin Enxi sighed slightly, this time she had to go, now Qin Yan is already in a desperate end, but the more this is the more dangerous, who knows what crazy things she will do, and this time Alan is here, things It will become much simpler, they will not fight alone.

"Daniel, you believe me, I still want to grow old with you, how can I just leave this way." Jin Enxi hugged Daniel and exhorted softly.

Even though Daniel was reluctant in his heart, he finally put Jin Enxi on the plane himself.

Later, Daniel remembered countless things today, and regretted in his heart why he wanted to let Jin Enxi leave. If he insisted on leaving her, wouldn't things be like that.

Family Building in the Beijing Military Region.

Shen Qinglan's eyelids have been jumping since she woke up. She rubbed her eyebrows. Fu Hengyi saw this scene and asked, "What's wrong, is it uncomfortable?"

Shen Qinglan shook his head, "No, I woke up in the morning and my eyelids kept jumping, and my heart was a little flustered.

"You think too much. What can happen, the family is very good, Yu Xiaoxuan gave birth to her daughter, and Qin Yan has solved it. You don't have to scare yourself."

Shen Qinglan thought about it too, shaking his head and laughing, "Probably really I think too much."

During this time, Shen Qinglan accompanied Fu Hengyi in the army and had lived here for more than a week.

"Dad." An An's childish voice came from the bedroom. Fu Hengyi walked into the bedroom and quickly came out holding a baby. He put his son in the baby walker and went to cook breakfast.

"I will come back to cook at noon, you remember to buy food." Before leaving, Fu Hengyi told Shen Qinglan, Shen Qinglan nodded.

An An waved with his father, Fu Hengyi reached out and touched his head.

After Fu Hengyi left, Shen Qinglan was still not at ease, calling the family and Yu Xiaoxuan one by one, and finally Jin Enxi, Jin Enxi's phone did not get through, Shen Qinglan thought about it and called Eden.

"Ann." Eden tried to make his voice sound normal.

"Eden, how have you been recently?" Shen Qinglan asked.

"Very good, I have worked out an antidote for that virus."

"What about Qin Yan, is it solved?" Shen Qinglan asked.

Eden stiffened, glanced at Allen, and nodded, "Well, it's solved."

Knowing that Qin Yan was dead, Shen Qinglan was completely relieved in his heart and chatted with Eden again before hanging up.

"She will know sooner or later." Eden said looking at Alan, who could not hide it for long.

"So she will find the traitor and Qin Yan before she knows." Allen said coldly. "When will Jin Enxi arrive?"

"It's already on the plane and will arrive soon." Eden returned, he never thought they would cooperate with Allen one day.

Jin Enxi arrived five hours later. He had heard Eden tell the story on the way, and Jin Enxi squinted.

"Eden, you just researched the antidote to the virus, and Qin Yan was rescued. This is Isn't it a

coincidence?"

After waking up, Eden was thinking about this problem. The whole thing did happen by coincidence. He even used the antidote to Qin Yan. After preparing to observe, he solved her, and then the housekeeper took the person to it. Taking all the antidote samples, this incident became a conspiracy by coincidence.

Could it be that Qin Yan fell on their hands on purpose? In order to let him study the antidote to the virus? Eden carefully thought about the process of arresting Qin Yan, and it did go too smoothly. Qin Yan was almost effortlessly caught, but if all of this is Qin Yan's conspiracy, then how can she be sure that they will not kill her, But keep her researching the virus? Furthermore, how is she sure that she will develop a virus antidote?

The more Eden thought, the more confused his mind was, and his expression was very complicated.

"This thing is really weird, so Enxi, we need your help."

"I know, I've got off the plane and will arrive soon."

When Jin Enxi arrived, she went to see Sisley. When she learned that she might never wake up again, her eyes were all red. "Andrea knows?"

Eden shook his head, "I haven't told him yet."

"You should tell him that he has the right to know this." After all, concealment is not the only way.

"Allen, you have a lot of traitors around, you can see how failed you are to be a man." Jin Enxi saw Allen with a mocking tone. If it were not for the housekeeper's betrayal, Qin Yan would not be rescued.

Allen's eyes narrowed. "Indeed, a group of white-eyed wolves have been taught." His tone was faint.

Jin Enxi's eyes changed slightly, and when he wanted to continue speaking, Eden chimed in, "Enxi, time matters."

Jin Enxi also knows that time is pressing now. The sooner she finds Qin Yan, the more likely she is to stop Qin Yan's conspiracy. She immediately enters a working state, and her fingers are flying on the computer, and there are still a few men sitting beside her. This is Allen came to help her, and with their help, time could be shortened a lot.

"Allen, I give you a sincere suggestion that concealing Ann is not a good choice, telling her that she has at least guarded against Qin Yan's vacancies and will not let her know now, in case Qin Yan finds Things, she would be caught off guard." Jin Enxi said while operating.

"Then find Qin Yan before her action. If Xiao Qi hurt her hair, you should go to see God." Allen's face was cold.

"You." Jin Enxi's complexion instantly, "Alan, you are simply a neuropathy."

Alan looked at her coldly, and Jin Enxi stared at him for a few seconds, after all, he withdrew his gaze.

But Jin Enxi's words also made sense. Allen thought about it and called Fu Hengyi.

At that time, Fu Hengyi had just returned home. Shen Qinglan and An An were on the way back from grocery shopping. When they saw a strange call, they picked it up, and after listening to things, Fu Hengyi was silent for a while.

Who could have thought that something went wrong, Fu Hengyi sullen his face, "I know, I will pay attention to this time."

Knowing that Qin Yan was still alive, Fu Hengyi immediately understood that Shen Qinglan's uneasy premonition was right this morning.

"Fu Hengyi, what are you thinking about, how can you always be distracted?" When eating, Shen Qinglan couldn't help but say that she just said a few words to Fu Hengyi without getting a response from him.

Fu Hengyi recovered, "What did you just say?"

"I said, what were you thinking?"

"Thinking about a training plan, did you just want to tell me something?" Fu Hengyi changed the subject.

"I will take An'an home tomorrow, and I have been here for more than a week. It's time to go back and see Grandpa."

"Let's stay for a while, just be with me. I'll talk to grandpa there." Fu Hengyi said warmly.

Shen Qinglan looked sideways, "Fu Hengyi, when did you become so sticky?"

Fu Hengyi smiled lightly, "It seems that I used to be not obvious enough to make my wife misunderstand. I will pay attention in the future."

Shen Qinglan is speechless, does she mean that? However, the topic was successfully diverted by Fu Hengyi.

Fu Hengyi saw that she wouldn't ask her anymore. It was a tacit approval of the advice he left behind. She gave her a chopstick dish and did not forget to feed her son.

In the end, the Jingcheng Military Region is much safer than outside. Although Shen Qinglan lives in the

compound and Qin Yan can't easily move her, but everything is in case, you can really rest assured by watching him beside him.

After eating, Shen Qinglan called Jin Enxi again, and this time I got through, "Enxi, where are you?"

"Me? I'm in country Y. The capital is boring, come out and walk, Ann, there is something for me to do? Then I will come back immediately."

"No, it's just that you didn't get through your phone. I'm a little worried about you, since you're fine." Shen Qinglan said.

Jin Enxi glanced at Eden, and Eden shook his head gently, Jin Enxi smiled, "Ann, I will be back soon."

"Well, don't worry. If you like it, stay outside for a while. During this time, I'm in the Beijing Military Region. If you can't reach me, leave a message."

"Okay." Jin Enxi hung up the phone, and Allen knew that Shen Qinglan was in the military area. Shen Qinglan naturally went to Fu Hengyi to go to the military area. Although she knew that the person she loved was Fu Hengyi, every time she thought that Shen Qinglan would get along with Fu Hengyi day and night, he was madly jealous in his heart.

In an apartment in country Y, no one thought that Qin Yan would dare to stay in country Y.

She was lying on the bed, her eyes closed, her face pained, her face pale, her teeth biting her lower lip, and the blood was directly bitten out. The housekeeper came in and put a towel into Qin Yan's mouth to prevent her from being intolerable. Pain and hurt yourself.

Originally, Qin Yan was tortured by a strange virus. During this time, Eden experimented with her again, injecting strange things into her body every day, making her body full of holes, now Although the virus has been resolved, she has only one last breath, and it is a lucky thing to be alive.

After a long time, when the pain in the body passed completely, Qin Yan had been completely penetrated by sweat. She gasped and looked at the housekeeper in front of her, with a vulture in her eyes.

The butler lowered his head, "Madam. Our mission failed." The purpose of his stay with Allen was to find Carl's ashes, but for so long, there was no progress at all. Now Allen already knows he is Qin Yan. Man is wanting him all over the world, it is impossible to continue to listen to intelligence.

"Who told you to save me?" Qin Yan learned that the housekeeper didn't find Carl's ashes, but came to rescue her. She was very angry. She would rather be tortured to death than to be with Carl's ashes after death. .

"I got the news that they wanted to kill his wife." The butler explained in a low voice.

"So you just made a claim to expose yourself? Butler, what was the task I gave you?" Qin Yan asked coldly.

"Find Mr. Ashes and bury you with him."

"Housekeeper, you still remember." Qin Yan sneered with a smile, his eyes cold.

The housekeeper did not speak.

"Go out." Qin Yan said coldly.

"Yes, ma'am."

The butler walked to the door, Qin Yan stopped him, "Come back."

The housekeeper came back and stood in front of Qin Yan. Hearing Qin Yan's plan, a glint flashed in his eyes, "Yes, ma'am, I will do it now."

"If you fail this time, there is no need to stay with me."

"Yes, Madam. By the way, Madam, Su Qing lost contact."

"It's just a waste. If you can't, you can't." Qin Yan said indifferently. She only thought that Su Qing was dead. After all, Eden told her that.

Qin Yan closed her eyes and held a photo frame in her arms. It was a picture of Karl. She posted the picture on her chest and murmured, "Sorry, I couldn't find you, but Carl, you must wait for me, I can't hold on for long, and soon, I'll come to accompany you, you walk slower, wait for me, and wait for me to do the last thing, I will go to you."

Her body has long been hollowed out, and all the functions of her body are rapidly lost. Even if no one comes to kill her, Qin Yan can't hold on for long. Originally, she thought she would die in Eden's hands and do well. In preparation for death, it was just a pity that she could not destroy the Shen family. Now that she has been given the last chance, she will definitely not let the Shen family go.

"Dougs, hurry up." Yan Xi shouted at Dougs behind him, Dougs waved his whip and quickly chased up.

"Be careful, this horse is wild, in case you are accidentally dumped by it, when you cry," said Dougs.

Yan Xi clenched the reins. "Dougs, you look down upon me. My current equestrian skills are very good. Even the coaches here said that I learned well."

"Yes, I know your horsemanship is good, but be careful."

"Got it, Dougs, you have been getting more and more verbose recently." Yan Xi giggled and ran away with his legs caught in his belly, and Dougs quickly followed.

"Ah, it's a pleasure to play. Dougs, I don't want to go back to Sydney anymore." Yan Xi said with nostalgia while touching the mane on the horse's neck, during this time she and Dougs were in Traveling around the world, playing one country after another.

Dougs is a very knowledgeable person, and he will want to learn a lot following him.

"If we like it, we will stay here for a while." Dougs said, looking at the smile on her face, spoiled.

Yan Xi nodded and hugged Dougs' waist, "Dougs, it's nice to have you."

Dougs hugged her back, "You, your mouth is especially sweet at this time, let's go, change clothes first, and wait for you to eat delicious food."

Yan Xi's eyes lit up, and then he collapsed and squeezed his cheek. "Dougs, you really make me fat. You look at me. I have grown a lot of flesh on my face recently. "

Dougs took her hand down, "The girl is a little fleshy to look good. You were too thin before, and it looks distressing."

"Hehe, do you think so, then we have reached a consensus on this point." Yan Xi hugged Dougs's arm, his eyebrows curved.

After dinner, the two returned to the hotel, "Go to bed early after taking a bath, and we will go to the casino tomorrow." Dougs told the door of the hotel room, "Don't stay up late to chase the drama, or I won't be up tomorrow. People are gone."

"Hmm, I promise to go to bed early today." Yan Xi's chick nodded like rice, then tipped his feet and kissed Dougs on the face, "Good night, Dougs."

"Good night," Dougs said with a smile. He waited until Yan Xi entered, before he walked into the next room.

Early the next morning, Dougs and Yan Xi left the hotel room and set off towards the casino. "Dougs, do we have enough money?" Standing at the gate of the casino, Yan Xi asked carefully. If it was driven out because there was no money, it would be a shame.

Dougs touched her head. "The little money is enough. Let's go."

Yan Xi nodded and followed Dougs in. They rushed from the place where they lived to spend a whole day, and it was already evening.

The casino is very lively, every table is full of people, Yan Xi is curious about all this, looking around, this is her first time to come to such a place.

"If you want to play, try it." Dougs hands the redeemed chips to her.

Yan Xi shook his head, "I will not."

"It's okay. I don't have many chips to exchange. Even if I lose all, I don't have much money. Try all kinds of gameplay, or just watch how boring others play.

Yan Xi was eager to be tested by Dougs, and Dougs pushed Yan Xi to a gambling table, "Try this, this is the simplest."

Yan Xi did not rush to place a bet, but stood by and watched how others played for a while. After seeing it, she looked at Dougs, "Then I try?"

"Well, try it." Dougs encouraged her.

Yan Xi squeezed in and took a few chips on the gambling table, she pressed small.

"Ah, Dougs, I won." Yan Xi said excitedly.

Dougs smiled and spoiled, "Yes, you won. Are you still playing?"

Yan Xi nodded. "Well, I'll play another game." She raised a finger, and then put the chips together with the one she won just now.

After playing three games in a row, Yan Xi lost interest in the game in front of her, and Dougs took her to other gaming tables.

"Dougs, this is fun." Yan Xi said, pointing at a game on the table. Dougs glanced at the playing cards. "If you like it, try it."

Yan Xi's eyes lightened, "But I want to see you play, I'm playing tonight, you haven't tried it, this time you try to chant."

Dougs looked at her, "Want to see me play?"

"Hmm, you try it, it's not what you said, even if you lose, you don't have much money." Yan Xi only

thought Dougs was afraid of losing money.

Dougs smiled and sat down at the card table. Yan Xi stood behind him and watched Dougs play. The eyes grew wider and brighter, and he looked at Dougs with admiration until he waited until At the end of the game, Yan Xi looked at the stack of chips in front of her and still couldn't get back.

"Dougs, you are too powerful, you tell me, is there anything else in this world that you can't?" Yan Xi's eyes sparkled.

Dougs smiled helplessly, "I can only do this one. If I change to another one, I won't." Yan Xi has never seen a real master, let's take Eden for example. Waking up to this casino, I watched Eden start the challenge directly from the first floor, and stopped until the third floor. He played very well in every way.

This casino city has a total of five floors. It is said that the fourth and fifth floors can only be reached by the king of gambling. Eden told him that Shen Qinglan had reached the fourth floor. This is the result of Shen Qinglan's retention of strength. At that time Shen Qinglan was only fifteen years old.

"I don't care about others. In my eyes, you are the most powerful. What else do you have?" Yan Xi hugged his arm and bent his eyebrows.

Dougs spoiled his smile and was watched with admiration by his beloved. Anyone who was a man would be happy, and Dougs was no exception.

"What else do you want to play?"

Yan Xi shook his head, "I don't want to play anymore, I just come in and experience it. Now that the experience is over, let's go."

"Okay, let's go." Dougs took Yan Xi's shoulders and took her to exchange chips. Instead of losing tonight, she won a lot, and Yan Xi seemed very happy.

"Dougs, if you don't want to be a psychologist in the future, you can come here." Yan Xi counted the money she got, and looked like a rich fan.

Dougs reached out and scraped the tip of her nose. "Does this money make you happy like this?"

Yan Xi smiled, "The meaning is different."

Walking to the gate of the casino, Yan Xi suddenly covered her stomach, "Dougs, I want to use the toilet."

Dougs looked around. There were no public toilets nearby. "The toilet is in the casino. I will accompany you."

"No." Yan Xi shook her head. "Just tell me the direction."

"Here are mixed fish and dragons. I'll go with you. I will wait for you outside when the time comes." Dougs insisted that there are three schools and nine schools in places like the casino.

Yan Xi was no match for Dougs's persistence, and went to the toilet with him, "Go in, I'll wait for you here, if you have anything, just call me."

Yan Xi smiled, "Just go to the toilet, what can happen." She didn't care.

It's just that Dougs waited for more than ten minutes, but Yan Xi didn't come out. Dougs took out his mobile phone to call Yan Xi, and the music rang from his bag. Yan Xi I didn't carry my phone with me at all.

"Yan Xi, how are you doing, Yan Xi?" Dougs shouted into the women's toilet twice, and Yan Xi did not answer.

Dougs's face sank, and he grabbed a woman who came out of the women's toilet. "This lady, please do me a favor. My girlfriend has been in for a long time and has not come out. Can you go in and help me see her? Are you there? She is a country girl with long straight black hair and a light yellow dress."

The woman is wearing a uniform. It should be the staff here. He heard the words and nodded. After a moment, the woman came out. "Sir, there is no one in it. Isn't your girlfriend gone and you didn't see it?"

Dougs' eyes changed slightly. "It's impossible. I've been watching here. She didn't come out." He said that he realized something was wrong and rushed into the women's toilet, just like the woman said. There was no one, but he was pretty sure that Yan Xi had not been out in the toilet.

"Do you have any other exits in this toilet?" Dougs asked the woman, holding the woman.

The woman shook her head. "No, this is the only exit, and the rest is the window." The woman pointed to the only window in the toilet.

Dougs walked to the window and looked at the inconspicuous footprints on the window sill. His face suddenly changed. Yan Xi was clearly taken away by someone. "I want to see your manager here."

The woman was stunned, and then said, "This gentleman, our manager is very busy now." In fact, he did not want to let Dougs see, if anyone asked to see the manager, wouldn't the manager be busy dying.

"My girlfriend is gone. I have the right to suspect that I was taken away. I now ask to watch the surveillance video and check the whereabouts of my girlfriend. If you insist on not letting me see it, then I have to call the police." Dougs' face was cold.

"Sir, don't be excited first. Maybe your girlfriend just left before you noticed. You should contact your girlfriend first."

This has not happened in casinos. Just a few days ago, a couple came to the casino to play. The woman went into the toilet. When she came out, she saw her boyfriend looking down and playing with her mobile phone. Even when she came out, she didn't notice it. The girl mischievously left. After the boy recovered, he realized that his girlfriend had been in for a long time, and wondered if something had happened. He found his girlfriend everywhere. Finally, the manager came forward and checked the surveillance video before finding the girl who was playing on a gaming table.

The woman only thought that Dougs also belonged to this situation.

When this was heard, it was an excuse. Dougs took out his mobile phone and called to call the police. The woman saw that he was really going to call the police and quickly stopped him. "Sir, don't worry, I will call our manager now. "

In the manager's room, Dougs looked at the surveillance video and did not see Yan Xi's shadow in any corner of the casino. "Where is the window of this toilet going out?" Dougs asked the manager.

"It's the street in the back, leading to several main roads." Up to this point, the manager had also realized that people were really lost in their casino, and it was very likely that they were taken away by someone, and there was some anxiety in their hearts.

Their casino is the largest casino in the city, and the security measures are also the best in the city. This is also their advantage. As a result, people have lost them here. This is simply the face of Hongguo.

"Sir, do you need us to call the police?" The manager had a good attitude.

Dougs glanced at him and started to call. The manager heard it and even called the director. He immediately looked at the ordinary man in front of him. Who was this man, and he knew the police chief.

Dougs also had an occasional opportunity to meet the chief of the police station here. It was a bit of a friendship. With this phone call from Dougs, this incident was indeed serious. The police came quickly, but the investigation All the monitoring that can be checked, except that Yan Xi was taken by a woman, can no longer be traced.

Dougs was in a hurry, called Eden and wanted to ask for Eden's help, but Eden's phone could not be reached at all. Under no circumstances, Dougs could only call Shen Qinglan.

**

In the Jingcheng Military Region, Shen Qinglan was returning from the vegetable farm together with Zhang's sister-in-law. When she came to the military district, she finally met Zhang's sister-in-law who

had returned from her mother's family, but Zhang's sister-in-law was a lot thinner. Great.

But the smile on Zhang Sister-in-law's face is still the same. In her words, her father's greatest hope is that she can live a happy life, even if it is to reassure her loved ones, she should live a good life.

"Sister, are you planning to stay in the military area this time?" Zhang's sister-in-law asked Shen Qinglan.

Shen Qinglan shook his head, "No, it is just here to accompany the vice hate for a period of time. It is much better for An'an to be with his father at his current age." Now is the key time for the child's temperament. At this stage, the child's father is present. Actually, being around has a great influence on the child's growth, so Shen Qinglan intends to get along with Fu Hengyi as much as possible before An'an is one year old.

"Actually, I hope you can stay, so that I can have a companion, and it is also convenient to find someone to chat and talk." Zhang sister-in-law said.

"Sister-in-law, if you're fine, you can call me. Let's go shopping together and drink tea. You shouldn't go out and meet friends for a long time?"

"It's true that you were right. I married Brother Zhang and I followed the army. I didn't know any friends in Beijing. After the child was born, I turned around the child all day, even if I went to the mall. I will be back soon. Counting it, I haven't seen a movie in five or six years. Last time I walked into the cinema, it was the third anniversary of my marriage."

"I have nothing to do at home on weekdays. Sister Zhang calls me if she is bored."

"Okay, that's the way to go, but when my child is in elementary school, I will go out to work."

Shen Qinglan looked at her sideways, and her sister-in-law Zhang said with a smile, "The economic independence of the woman's family is very important. Although your brother Zhang is very good to me and my children, and the visual inspection will continue to improve, but I still don't want to rely on him forever."

There was a trace of appreciation in Shen Qinglan's eyes. She very much recognized Zhang Sister-in-law's words. Women have their own careers, even if they can't call it a career, just a job can bring women great confidence, and it won't be all day long. All are entangled in the question of whether Chai Miyouyan and the man loves her, and live himself as a yellow-faced woman.

"Sister-in-law Zhang, your idea is very good, I support you."

"Sister, sister-in-law still envy you. You have achieved such a result at a young age. You are really talented."

Shen Qinglan smiled and was about to speak, and the phone rang, Dougs called, "Sister-in-law, I will

answer the phone first."

Zhang sister-in-law nodded with a smile.

Shen Qinglan had just picked up the phone, and before he could speak, Dougs spoke, "An, Yan Xi is gone."

438 Divorce

Shen Qinglan's eyes changed slightly, and she glanced at Zhang's sister-in-law, her tone faintly, "I know, I will send you things later."

As soon as Dougs heard it, she knew it was inconvenient for her to speak, "Okay, I'll wait for you to call."

Shen Qinglan suppressed the anxiety in her heart, and there was no slight difference in his expression.

Zhang sister-in-law glanced at Shen Qinglan, "Sister, if you have anything, you can go busy first."

Shen Qinglan smiled, "Nothing, a friend asked me to send him a document."

As soon as I walked downstairs to my family, I saw that Fu Hengyi was walking with learning. He held An'an's hands with his hands, and his expression was gentle.

An An stood there, looking at his dad with big eyes.

"If you take a few steps, Dad will take you to see your uncle." Fu Hengyi took Shen An while shopping for food while holding An An. An An was very interested in the soldiers training on the playground. Slowly reluctant to leave.

An An looked at his father, hesitated, and carefully extended a foot. Normally, he was standing there with his hands on the edge of the sofa at most. He didn't step his feet at all. Today is his first attempt.

Fu Hengyi looked at him, his eyes encouraged, and An An raised his feet, and just about to stretch forward, he saw Shen Qinglan, his eyes lit up, "Mom."

Fu Hengyi looked back and saw Shen Qinglan and Zhang sister-in-law standing not far away looking at them.

"Mom." An An screamed when she saw Shen Qinglan ignored him.

Shen Qinglan smiled at An An and looked at Fu Hengyi. "I went up first."

Fu Hengyi nodded, An An watched Shen Qinglan leave the line of sight, his mouth collapsed, and he was unhappy.

Fu Hengyi looked at him and suddenly released An An's hand. An An looked at his dad blankly, not understanding why he let go, "Dad?"

Fu Hengyi took a step back, but protected his hands on both sides of An An, preventing him from falling down suddenly, "An An, come to his father's arms."

An An tilted his head and seemed to be thinking about something, and then took his steps. Just after taking a step, the whole person leaned forward and saw that he was about to fall. Fu Hengyi quickly helped him.

"It's such a stupid son." Fu Hengyi helped An An to sort out his hat, Wen Wen said, his tone spoiled.

An An held Fu Hengyi's neck, a face of grievance, Fu Hengyi rubbed his head, hugged his son and walked on the playground, attracting the eyes of passing soldiers, who made An An look like a New Year doll.

Shen Qinglan returned to the room and immediately called Dougus back.

"Dougus, what's going on?"

Dougus said things in a concise manner, "Ann, I have asked my friends to help, but there is no progress for the time being, do you know anyone who can help?" If there is no way, Doug Sri Lanka will not find Shen Qinglan.

Shen Qinglan didn't know any person with head and face in country M. At the time, their activities were more in country Y, so Eden and Andre were in country Y, and Shen Qinglan was not clear about Qin Yan at the moment. Has been rescued, and Sisley has not awakened yet, so she has no clue.

"Dougus, you first send me the surveillance video you can see, I think of a way." Shen Qinglan said.

This is the only way at present, "Okay, I will send you immediately." Dougus responded, sending the video

found in the police station to Shen Qinglan. Fortunately, his personal relationship with the police chief was OK, and others were willing. Copy the video to him.

Shen Qinglan opened Fu Hengyi's computer and carefully watched the video once. As you can see from the video screen, these people are obviously purposeful, and their goals are very clear. They went to Yan Xi.

Only this is a temporary intent, and I want to start seeing Yan Xi beautiful, or revenge or kidnapping? If it is a temporary intent, then this group of people should be accustomed, otherwise it will not act so quickly; the possibility of kidnapping is not very big, after all, Yan Xi and Dougs are not attractive whether they are dressed or playing in the casino. Note; as for revenge, neither Dougs nor Yan Xi offended anyone, and the possibility of revenge is not very good, so the first possibility remains.

If it's really the first one, then it's troublesome. When you see a pretty girl, you kidnap it, and then force them to do something they don't want to do. Such things are everywhere. Generally, such gangs commit crimes. It's impossible to find people in a short time, unless you have a bigger background than them, and it will be late for a long time.

Most girls can't bear such things, let alone Yan Xi.

Shen Qinglan's expression can no longer be described as ugly, and she can't blame Dougs. After all, Dougs has been careful enough to blame the gang for being bold and daring to take people away from the toilet.

"When did Yan Xi disappear?" Shen Qinglan asked in a deep voice.

"Seven or eight hours have passed since now."

Shen Qinglan glanced at the time, "I'm trying to find a way now, have you contacted Eden?" She remembered that Eden seemed to know someone in Country M.

"I have contacted, but I haven't contacted. I even called Enxi's phone, but I didn't get through."

Shen Qinglan heard that the strong sense of uneasiness in her heart immediately appeared.

"Dougs, I thought of a person. I tried to contact him first. I will inform you immediately when I get the news. You will keep an eye on the news from the police station." Shen Qinglan finished, waiting for Dougs to respond. Immediately hung up the phone and called Austin.

"Ann." Austin received a surprise call from Shen Qinglan. They said that they hadn't contacted them for a long time. When they last contacted Shen Qinglan's son for a hundred days, when she looked at how happy she is now, Austin knew she should be herself. It's time to leave.

"Austin, I'm very sorry to disturb you at this time. I really can't think of anyone else who can help." Shen

Qinglan said apologetically, she has many enemies on the road, but her friends, not much, and withdrawing for so many years, And she consciously avoids things on the road, and naturally she doesn't even know anyone.

"Ann, you said, you don't have to be polite with me."

"Austin, I have a friend who is gone and was taken away from the casino in country M."

"I understand, Ann, I will immediately contact my friend over there, but he is not a person in the Tao, but one of his buddies is." Austin immediately understood the meaning of Shen Qinglan, the interface said.

"Austin, thank you." Shen Qinglan said sincerely, if she could, she didn't want to contact Austin, but when Eden and Kim Eun Hee couldn't get in touch, she could only think of Austin now.

"Ann, your business is my business, there is nothing to thank, but the next time I go to the capital, you will invite me to dinner."

"for sure."

Shen Qinglan contacted Jin Enxi, just like Dougs said, she could not be contacted at all, and even Eden's cell phone was turned off, and the weirdness and anxiety in her mind grew stronger and stronger.

In Country Y, Jin Enxi was still banging on the computer. Allen's people looked at them. Jin Enxi looked at the men in black around him, pouting, whispering to Eden, "What do you mean Allen? Don't believe it We, so people watch us?"

Eden's expression was somber, "Don't worry about this one in advance. Allen will not treat us now. The most important thing for us now is to find Qin Yan as soon as possible. It's hard to hide from Ann's time."

Jin Enxi naturally knew this, she just looked at these black people and complained to Eden.

"I still have the heart to think about it, it seems that I still underestimate your ability." Alan's cold voice sounded behind him, Jin Enxi's hand shook, a pile of garbled characters appeared on the computer screen, and Jin Enxi's eyes changed. Immediately, she stood up, and her fingers quickly walked over the keyboard. Fortunately, after a while, the screen returned to normal, and Jin Enxi took a long breath, almost, and her work in these few days wasted.

"Allen, I ask you to be a personal success, don't appear behind others like a ghost." Jin Enxi said angrily.

Allen looked at Jin Enxi coldly, "Have you found it?"

Jin Enxi's expression stiffened. She didn't find any trace of Qin Yan. Qin Yan was already familiar with

their behavior. She deliberately sprayed a few smoke bombs, which made her find the wrong direction several times.

Allen snorted, "I can't find anyone, it's just waste."

Jin Enxi's eyes were slightly cold, "You are not a waste, but there is not even a loyal person around you."

Allen's eyes were cold, "Jin Enxi, your wings are really stiff, do you think I dare not kill you?"

"No, you dare, in addition to Ann, there are other things in this world that you dare not do, but I tell you, Alan, don't think that we are still us who were once clamped by you. Now you, compared to us, also it's not much better. If we can cooperate, we will cooperate. If we can't cooperate, we will go to separate now. Let's find Qin Yan." Jin Enxi looked indifferent. She was fed up with Alan's nerves. She didn't have any good looks, she was cold-spoken all day long, and that's all, she can understand that this is due to his character, but what she can't stand is the eyes that are treated as waste all day long.

The black muzzle pointed at Jin Enxi's head. Jin Enxi was not afraid. She believed that Alan would not kill her at all now, not only because he still needed her now, but also because of Shen Qinglan.

Yi stepped forward and blocked Alan's sight, and also made Jin Enxi's human shield. "Now is not a time for internal strife. The most important thing at the moment is to find Qin Yan earlier. Her body has been hollowed out by the virus and live. Before long, she must also feel that, if I didn't guess wrong, she would definitely be struggling to die. None of us knows how many of her people there are, and who is connected, if this time someone is helping her behind, Ann Will become very dangerous."

Eden knew that mentioning the other Allen wouldn't take it seriously. He lifted Shen Qinglan out. Sure enough, Allen's eyes changed. He gave Jin Enxi a cold look, put the pistol up, and turned away.

Eden said when he was no longer visible, "Enxi, you were too reckless just now, what would you do if he really dared to shoot?"

Jin Enxi wiped his face and looked irritable. "Eden, I was always very upset. I was worried that Qin Yan had already started to act, but Allen did not allow us to contact Ann. Sisley has been unconscious, Andre. There will be nowhere to hide, but I can't find any trace of Qin Yan. Eden, I really think I'm useless."

Eden patted Jin Enxi's shoulder. Jin Enxi's pressure was the biggest one these days. "Enxi, you can relax. You have to believe that you can do it. We believe we can find Qin Yan before her action. And wiped her out."

Jin Enxi bowed his head for a long time before he let out a long breath, seemingly determined. "Eden, I want to confess to An. If she knows that Qin Yan ran away, there will always be some precautions. I don't even know, it's good that Qin Yan is taking advantage of it. I know what you and Allen thought, but you have to know, even if we solve Qin Yan, she will know it afterwards, Ann is bound to be angry, she

The last thing I like is that we are doing dangerous things from her."

"En Xi."

"Eden, I have been thinking about this for several days. I want to tell Ann, and I believe Ann also wants to know." She looked at Eden definitely, "And there is Andre, Sisley now In this way, it won't get better in a short time. We are a whole and we shouldn't hide him. At the beginning, we did wrong Eden. We only thought of it for them, but we didn't ask them if they would like to know nothing. ."

Eden looked back at Jin Enxi's eyes. It took a long time before he nodded in Jin Enxi's eyes. "Okay, just do what you said."

"Well, I'm going to contact them now." Jin Enxi said, although Allen did not allow them to contact Shen Qinglan, and took away all their communication tools, but these were not a problem for Jin Enxi.

Shen Qinglan was in contact with Austin when he received a call from Jin Enxi. Austin had asked his friend from Country M. The gangs on the road had not been in the casino recently, which means that it was not the first guess at all.

Hearing the voice of Jin Enxi on the phone, Shen Qinglan immediately said about Yan Xi's disappearance. "En Xi, I remember you gave Yan Xi a set of positioning devices. Can you confirm the current location of that device? "

Jin Enxi's expression was ugly. She already guessed that Yan Xi was probably taken away by Qin Yan. "An, I think I might know what happened to Yan Xi."

Shen Qinglan sank in his heart, and Shen Sheng said, "En Xi, you say."

"Qin Yan was rescued by Allen's housekeeper. Just a few days ago, we were looking for Qin Yan's whereabouts, but we didn't find it."

"What about Eden and Sisley?" Shen Qinglan reacted in an instant. If Qin Yan was rescued by the housekeeper, what would Sisli and Eden stay there.

"Eden was seriously injured, but not in danger of life, and is still nursing, but Sisley she... she is still in a coma, and Eden said she is likely to never wake up again." Her voice There was a choking sore in her heart, and she felt cramped as soon as she saw Sisley lying on the bed. If she was there that day, wouldn't Sisli be so seriously injured?

Shen Qinglan's heart sank all the way to the bottom of the valley, "Did I not let Eden solve Qin Yan? Why is she still alive?"

Eden took the phone from Kim Eun Hee, "Ann, this is my fault. I wanted to research the antidote to the virus first, so it was delayed for a few days. Today's appearance is my problem."

Shen Qinglan's face was very dark, but she could not blame Eden. At first, she agreed to give Qin Yan to Eden for experimental research. In the end, this matter was still her problem, but now it is causing trouble to Sissi. Li and Yan Xi.

"An, we are now checking Qin Yan's whereabouts. Although we haven't found it, we can definitely find her." Eden said, his voice was weak, although he held his life this time, but he was injured after all. The time is still short, not so fast to recover.

"Eden, is your injury okay?" Shen Qinglan asked, thinking of his injury.

Eden shook his head, then realized that he was calling now, and Shen Qinglan couldn't see it, so he said, "I don't have it, just a little injury, it will be fine after a while."

"Eden, shouldn't Andre know this?" Shen Qinglan said interrogatively, but he was very sure that Eden's silence was equivalent to default.

"Tell him, I think he should know."

"it is good."

Hanging up the phone, Shen Qinglan fell into silence. She was already sure that Yan Xi was definitely taken away by Qin Yan, but this result was the last thing she wanted to see. What Qin Yan wanted to do, she just had to I can understand it at one thought.

Yan Xi was deeply hypnotized at the beginning, and with her own subconscious cooperation, the painful experience was generally impossible to remember, but it did not include a major stimulation. Thinking of this, her mood became more and more heavy.

Fu Hengyi opened the door and Shen Qinglan heard the footsteps, and quickly cleared the expression on his face, restoring the calmness of his face.

Fu Hengyi handed his son to Shen Qinglan, and then put on an apron to cook in the kitchen.

"Mom, drink." An An pointed to the bottle on the table.

Shen Qinglan brought a little water to her son, and waited until it became warm before handing it to her. An An was holding a milk bottle to drink water. The sound of Gudong was heard in Shen Qinglan's ear. She looked at her son's innocent face and Fu Hengyi. The longer the eyebrows were, the darker they looked, he kissed his son's face, "An'an, sorry."

An An giggled, learning what Shen Qinglan looked like, and printed a slobber mark on her mother's face.

At night, An An was already asleep, and Shen Qinglan looked at Fu Hengyi from the bathroom and

hesitated for a while before speaking slowly, "Fu Hengyi, I have something to discuss with you."

Fu Hengyi saw her with a serious expression and nodded. "We'll go to the living room and say."

It was only after Fu Hengyi heard Shen Qinglan's plan that his face was so dark and terrible, he looked straight at Shen Qinglan, "Have you thought about our family before doing this?"

"Fu Hengyi, I thought about it, and hesitated when I thought about it, but those who are my friends, I can't just sit back and ignore them."

"So you have to use your own bait? Then have you thought about it, what should An An and I do if something goes wrong? Do you want An An to be so young just go to the mother?" Fu Hengyi's tone was calm, but that's it Shen's calmness made Shen Qinglan even more sad.

"Fu Hengyi, I will guarantee my safety."

"What guarantee do you take, do you know who you are facing? It's a group of lunatics, especially Qin Yan, she is now a full lunatic head, and the one in the world who wants you to die, the Taoist You all think that the charm is dead. Are you planning to explode your identity now?" Fu Hengyi did not expect Shen Qinglan to want to attract Qin Yan out as a charm.

"But Fu Hengyi, as soon as Qin Yan knew that the charm appeared, she would definitely know it was me, and she would definitely not let this opportunity pass."

"But she will still come out as Shen Qinglan."

"Shen Qinglan's identity can't be related to Charm, let alone Qin Yan's car." Charm is a killer. Even if you really do something, as long as no one knows that she is Shen Qinglan, no matter how she looks, It has nothing to do with the Shen family and the Fu family, and the ability she believes in will never make people connect the two.

The key to appearing as a charm is Fu Hengyi. Fu Hengyi is a senior officer and must not be related to a killer. Therefore, this action must be done by her alone. To be precise, Fu Hengyi cannot take part in it.

"Shen Qinglan, what you do is for my own good, but you have never really considered my feelings. It was like this last time, and it was like this time. You have to watch me every time you take risks, Maybe one accidentally never comes back again, do you know the torment of my heart?" Fu Hengyi asked quietly, but these words seemed like a knife stuck in Shen Qinglan's chest.

"Fu Hengyi, you..." She wanted to hold Fu Hengyi's hand, but Fu Hengyi avoided it.

"Shen Qinglan, if you don't take me with you in this action, then I will never let you go. If you go to hide me, then let's divorce."

Shen Qinglan looked shocked, and looked at Fu Hengyi incredulously, "Fu Hengyi, what did you just say?"

Fu Hengyi's eyes were full of pain, "Shen Qinglan, I only said this once in this life, you have to think carefully." He turned to go, took two steps, and stopped, "Qinglan, I can cover you The wind and the rain hold up a sky for you. Why don't you want to believe me wholeheartedly? You are the most important one in my heart. Career, identity, and even children are not important."

He turned his back to Shen Qinglan, so Shen Qinglan didn't see Fu Hengyi's flushed eyes.

Shen Qinglan stared at Fu Hengyi's back staringly until Fu Hengyi walked into the bedroom. She didn't recover. After a long time, she sat down on the sofa, looked at the floor quietly, and almost didn't sleep for a night. .

Fu Hengyi also sat by the crib, quietly watching An'an's sleeping face, and had not slept all night.

"An An, you said that I am angry with my mother, will your mother be angry? But what should you do, your mother is such a stubborn person, if she is really determined to do something, even if I am not sure to convince her, I I don't want her to secretly hide her father from doing dangerous things, so you can understand her father, right?"

Drizzling came from the corner of An'an's mouth, not knowing what was dreamed, and the corner of his mouth raised, and he seemed very happy.And Fu Hengyi sat this night.

The next morning, when Fu Hengyi walked out of the room, she saw Shen Qinglan's slightly haggard face, looking at the black and white under her eyes. Fu Hengyi felt distressed for a while. Lived in his own double and walked past Shen Qinglan.

Shen Qinglan opened his mouth and wanted to say nothing. After all, he said nothing, watching Fu Hengyi walk into the kitchen.She thought for one night and still didn't want to involve Fu Hengyi. Last time she portrayed Fu Hengyi as a woman, Qin Yan didn't recognize it, but this time there may not be that luck. If Fu Hengyi's identity is exposed, then welcome him. It is not simply tolerated by Country Z. He is going to be sent to the military court. She dare not take the risk.

Although Fu Hengyi was angry because Shen Qinglan didn't give up his ideas, he still made Shen Qinglan's favorite breakfast when he was cooking in the morning.While eating breakfast, Shen Qinglan hesitated for a long time, and finally said, "I will leave after I wait, and An'an will give it to you."

Fu Hengyi snapped the chopsticks on the table and his eyes fell straight on Shen Qinglan. "So, are you planning to divorce me?"

"Fu Hengyi, you know I don't mean that." Shen Qinglan raised his eyes and met Fu Hengyi's eyes, "If you are a soldier, if someone knows that you have a relationship with the people on the road, or if they are foreign, then they should be treated as if The spy dealt with it, and when that happens, what do you ask

me to do? What about the Fu and Shen families?"

Of course, Fu Hengyi is serious about the matter, but it is because he knows that he understands the danger of this operation even more than the last time. Qin Yan definitely tried his best.

"Fu Hengyi, I really don't have anything to do. I'm too familiar with these things. I was able to survive in those days. Now, even for you and my children, I don't allow myself to have things. And I have let Austin Help me."

"So when you encounter difficulties, you would rather ask an outsider for help, rather than let me help you, Shen Qinglan, in your eyes, what the hell am I?" Fu Hengyi was disappointed.

"No, I don't mean that." Shen Qinglan explained that only when she saw the disappointment in herself in her eyes, even if her heart was pierced by a needle, "Fu Hengyi, I just don't want you to be injured."

"Yes, you don't want me to be injured, but let me watch you go on an adventure, Shen Qinglan, saying that you trust each other and depend on each other? If today is what I am going to do, how does your heart feel?"

Shen Qinglan, yeah, although she is good for Fu Hengyi, for Fu Hengyi, this may not necessarily be for his good.

"Fu Hengyi, I..."

Fu Hengyi interrupted her, "Don't say it. Shen Qinglan, there is no room for discussion on this matter. If you want to save someone, I won't stop you, but you must go with me."

After talking, Fu Hengyi walked into the room, and An An should wake up.

Shen Qinglan looked startled.

When Fu Hengyi came out holding An An, Shen Qinglan disappeared. His eyes changed slightly, and his sight was only a piece of paper on the table. He hurried over, picked up the paper, and only wrote I'm sorry, "Shen Qinglan."

Fu Hengyi's eyes were heavy.

An An held his father's neck and turned his big eyes around, didn't see his mother, frowned, "Mom."

"Your mother left us and left." Fu Hengyi said with a deep voice, looked at his son, got up and called Mr. Shen.

"Okay, you will send the child back." Finally, Mr. Shen said quietly.

When Fu Hengyi went back, Shen Qian happened to be at home and saw that Fu Hengyi came back with the child, but she didn't see Shen Qinglan. It was only strange that Fu Hengyi called someone and handed the child to Chu Yunrong, and went to the study to find the old man.

The old man was standing in front of the window looking at the landscape in the garden. He heard footsteps without even looking back. "Have you thought?"

Fu Hengyi stood still, with a firm tone, "Already thought about it."

Grandpa Shen sighed deeply, "After all, there is such a day, since you want to go then go, Hengyi, I have only one request, you and Lanlan should come back alive."

Mr. Shen still understands the character of her granddaughter. They can't stop what she wants to do. "Heng Yi, protect yourself Lan Lan, Grandpa waits for you to come back."

"Grandpa, thank you."

"My child, thank you." The old man turned and looked at Fu Hengyi lovingly, and said gently.

Fu Hengyi just bowed to the old man, and then left the study, walking firm.

Grandpa Shen looked at Fu Hengyi's back, shook his head silently, and then looked at Grandma Shen's portrait, "My wife, you must bless Lan Lan and Hengyi. Both of these children are too miserable, and finally they are happy. , But don't just lose it."

Grandpa Shen's expression is a bit sad. In fact, Shen Qinglan has not been unaware of his return for so many years, but there are some things he doesn't want to break. After all, no matter what Shen Qinglan has experienced in the past, she is her own granddaughter.

"How about Hengyi, Qinglan?" Chu Yunrong asked Fu Hengyi to go downstairs. In the past, Shen Qinglan came back with his children, or a family of three, but today he didn't see Shen Qinglan. This is really too Strange.

Fu Hengyi smiled and said, "When I came back, I received a call from a friend, saying I wanted to invite her to dinner."

"Oh." Chu Yunrong had no doubt at all, "So where are you going now?"

"Mom, I have something to do with Qinglan for a few days. I am going to the restaurant to pick her up. An An will trouble you to take care of it."

When he heard something going out, Chu Yunrong was in a panic and stopped Fu Hengyi. "Wait, where are you going?"

"Mom, don't be so nervous. It's one of my comrades who got married. The distance is relatively long. We plan to go by air. An An is too small.

When Chu Yunrong heard that he was attending the wedding, he immediately felt relieved and waved his hand, "Go, An'an, give me peace of mind."

"Then, Mom and Dad, I'll go first." Fu Hengyi looked natural, and couldn't see the slightest difference.

**

Country M, the night is coming, the whole city is shrouded under the night, shining with neon light.

In a bar, a purely dressed girl walked in, with long straight hair, a tall figure, wearing a white dress, and her face was not applied. She just attracted the attention of the people here, especially some the man.

They looked at the girl, their eyes suddenly lit up. This is obviously a cute girl who came to the bar for the first time. Although it is an oriental face, it is very in line with the aesthetics of Westerners.

The girl seemed to be unfit for such an environment, frowning, looking left and right, as if looking for someone, a man with a big back and a big waist, a man with a strong body put down his glass and walked to Shen Qinglan, "Hey, little sister, you Alone?"

The girl shook her head, "No, I'm looking for someone, I'm sorry, please let me go."

The man stood in front of the girl, not only did not give way, but also took a step closer, reaching for the girl's shoulder, "I will help you find it, I know this bar very well." But his hand did not fall On the girl's shoulder, she stepped back inadvertently, and the man's hand fell.

"No, I can find it myself." The girl's expression was a little confused, and she didn't seem to know what to do.

The light in the man's eyes is getting stronger and stronger, so such a pure girl really looks very different in such an environment. Seeing a lot of enchanting women suddenly, seeing such a girl suddenly makes people unable to resistance.

Suddenly, the girl's eyes lit up and looked in a certain direction. The man subconsciously looked down at the girl's line of sight, and he saw the deck in the corner of the bar. In a casual clothes, holding a glass of cocktail in hand, just watched but did not drink. Just like the girl in front of her, she did not have any makeup on her face, but she was more charmed than the girl in front of her.

The girl walked quickly in the direction of the woman, and the man saw it and followed.

"This beautiful woman, you are together. My name is Mike. I am a regular visitor here. Are you interested in having a drink together?" The man said as a gentleman.

The woman raised her eyes and looked up and down, her eyes cold, and the man unconsciously straightened his chest, like a soldier welcoming the chief's review, but just after the idea came out, the man gave a chill.

The woman's red lips lifted lightly, "Go away."

The man was angry, and just wanted to speak, he met the woman's cold eyes as if she had no feelings. Those eyes are beautiful, but there is a dark silence in them. What about women with such eyes? It's annoying. The man who has been in this bar all the year round instantly knew that the two were simply a hard stubble. They didn't say anything and quickly slipped away.

The girl glanced at the woman, who was not Shen Qinglan. It was only at this moment that she looked at the shape of Shen Qinglan in addition to the outline of her face and the shadow of the past.

Shen Qinglan spoke lightly, "Is it enough? Give it to me when I have enough, and I will hurry."

439 Chapter

The girl smiled, and the look on her face changed immediately. Where else was there, "You can't let me play again?"

Shen Qinglan reached out his hand, "Give me something."

The girl didn't give it, but looked at Shen Qinglan, "Don't worry, you will buy it like I did and I will definitely give it to you, but I want to know, what do you want these weapons to do? Why have I never been on the Tao before Have you seen you?"

"Are you doing transactions or asking for information?" Shen Qinglan asked lightly.

The girl smiled, "I am pure curiosity, are you interested in satisfying my curiosity?"

Shen Qinglan put the wine glass on the table, "I'm not interested. If you don't want to do this business with me, I'll go."

"Hey, don't do it." The girl took Shen Qinglan's arm and met her cold eyes. She talked and released her hand. "You don't want to do this. I've brought what you want, and it's all there Here, but you need to

assemble it yourself." She handed Shen Qinglan the bag she had been carrying on her back, and then rubbed her shoulder. "I'm dead."

Shen Qinglan took it in his hand and said, "The rest of the money will be called after I confirm something."

"Hey, are you leaving now, do you not have a drink to celebrate our happy cooperation?"

Shen Qinglan kept walking and left here without hesitation.

The girl stared at Shen Qinglan's back, and shook her head regretfully. She wanted to get along with Shen Qinglan a lot. Who let this woman give her a very mysterious feeling? She is in the business of top weapons, even if the people on the road don't know much, generally they are also regular customers or regular customers, but this woman is not. She found her directly and opened a very good price. I want three of the top weapons in her hand, but these three are the best in her hand. Two of them are not even known to her in the hand.

The woman's first sentence to find her was to buy a weapon. The price was whatever she wanted, and there was only one condition, which was confidentiality. This required her to do so originally. After all, keeping the customer secret is also a consideration for the safety of her own life.

But she was curious how Shen Qinglan found her? This is why she will come out in person today for delivery.

Shen Qinglan walked out of the bar, turned around a corner, and when she came out again, the long wavy curls on her head had turned into pretty short hair. The clothes on her body were also strung into a set of sportswear, and a pair of sports shoes were worn on her feet. Exuding a youthful vitality, she carried a backpack on her shoulder, stopped a taxi, and reported the address.

Back at the hotel, Shen Qinglan took out all the things in the backpack, checked it, and began to assemble it quickly. If someone saw this scene, she would be amazed by her speed.

In less than a minute, Shen Qinglan had finished assembling, tossing his weapon aside, took out his mobile phone and charged the girl who had just met. After the transaction was completed, he directly took out his mobile phone card and threw it into the toilet. Here, washed away.

Shen Qinglan went in and changed her clothes for easy movement. She put her weapon on her body and walked out of the hotel with fairness. She put a headset in her ear, "En Xi, did you find the trace?"

"I've found it, Ann, are you sure you want to do this?" Jin Enxi hesitated, and she still couldn't believe that the charm was about to come back, but she also had to admit that this is a good way, charm The news of coming out of the rivers and lakes will definitely be quickly posted on the road under their operation, then Qin Yan is difficult to know if she doesn't know. Then she will definitely come to Shen Qinglan, after all, what is exposed when Shen Qinglan is still charming Does her identity hurt the Shen family?

And the Shen family will not only be the result of infamy, but they will be charged with the crime of selling national intelligence. Don't forget that the charm is the world's first killer.

"Enxi, we have no other choice now. Time is life. Yan Xi stays in Qin Yan's hands for a day and it will be a little bit more dangerous. She has been bitter enough in her life. I don't want her to continue to suffer disaster, so, Enxi, please help me this time."

Jin Enxi looked startled, "An, don't tell me please. We saved all of our lives. If it weren't for you, we can't live like this now. I have been very happy in the past few years. You Rest assured, I will help you solve Qin Yan this time, no matter what the price is."

"En Xi, if you see Fu Hengyi, remember to stop him, even if you use special methods."

"An, so he will hate you." Jin Enxi's eyes changed slightly. The four words of this special method already included Shen Qinglan's determination.

"En Xi, I can't let my son lose his parents when he was so young." This action was too dangerous. Even Shen Qinglan was not sure that he could retreat in Qin Yan's hands. After all, Qin Yan had Hostage, and nothing in their hands. So she must not let Fu Hengyi have an accident, either for the children or for this family.

"An." Jin Enxi felt the determination in Shen Qinglan's heart, and her eyes were slightly moist, but it followed up. She was indeed full of pride and truthfulness. She had not seen such Shen Qinglan for many years, which reminded her of them. A few when riding the world.

"Ann, rest assured, I believe that we, who have created so many myths, will definitely create myths again this time."

Allen disappeared in the castle after receiving the call from Shen Qinglan, and those who monitored Jin Enxi and Eden disappeared. In addition to Peter's stay in the whole castle, everyone else let Allen take away, who I don't know where he took people.

Eden is seriously injured now, so naturally he can't do anything to help, and can only stay here. Andrei came out of Sisley's room, his expression was indifferent, even when facing Jin Enxi, his face did not relax at all. Jin Enxi knew that Andrea was blaming them for hiding him.

"Isn't Ann already here yet? Let's go." Andrea said, without a touch of emotion, Jin Enxi nodded, said nothing, looked at Eden, and kept pace with Andre.

The three agreed to meet in the red light district. When Jin Enxi arrived, Shen Qinglan was already waiting for them. She threw the weapon to Andre. Jin Enxi's main task tonight was to destroy the surveillance system where the target was, so There is no need to go out, Andre is responsible for covering Shen Qinglan.

Shen Qinglan's fingers gently rubbed the gun body and closed her eyes against the back seat. This was her habit before every action and would make her mind more clear.

This is a task she took last night. The target is a local D owl in country M, which specializes in trafficking drugs to country Z. Shen Qinglan chose him to start because he did not have a mind to clear a tumor.

"An, it's here." Jin Enxi stopped the car, and Shen Qinglan looked at the high-rise building outside. Who could have thought that the CEO of a multinational company was a drug lord.

Shen Qinglan's mouth lightly ticked, "Go ahead."

Jin Enxi handed a black pie-shaped thing to Andre, and Andre got off the bus. Tonight is the anniversary celebration of the group. The goal as a corporate CEO must be here.

Andrea's suit was stiff, and he put something in his chest pocket, took out an invitation, and walked into the venue alone. Shen Qinglan waited until Andrea's figure disappeared from the line of sight, and also got off the bus, she went It is the building adjacent to this building, carrying a backpack on her back.

A computer was placed on Jin Enxi's knee, and his fingers were pounding on it quickly, calculating the time.

Shen Qinglan walked to the top floor of the building and glanced at the neighboring building which is almost as tall as the building. That was where the target was. She glanced at the gap between the two buildings and she took the eagle's claw in her hand. The weight, and then a strong hand flick, the eagle hook claws flew out, accurately grasping the protrusion on the top floor of the opposite building, Shen Qinglan pulled hard, and found that the eagle hook claws had firmly grasped the ground, not Will fall off, find a suitable place to fix the other end.

She looked down. From this height, I could only see a line decorated with lights under her feet. It was a road. She withdrew her goal, put on gloves, and slid past the rope with both hands, she There are no safety measures on her body. As long as her hand is loose or the rope is broken, she will fall from a high building of nearly 100 meters and crush her bones.

But Shen Qinglan couldn't see the slightest fear on her face, her face was calm, and soon she slipped to the opposite side, she turned flexibly, her feet caught the edge of the roof, and when she turned again, the person was already standing On the rooftop.

"Andre, Enxi, I'm already in place." Shen Qinglan said to the air, Jin Enxi's voice suddenly came from the headset, "Ann, give me another minute, and I'll be ready."

"Ann, I'm in place. The target should be in the room on the 16th floor. The target was not found in the venue." Andrea's thick voice passed from the headphones, and the noise of the scene could be heard faintly.

After a while, Jin Enxi's voice came from the headphones, "Ann, it has interfered successfully..."

Shen Qinglan's eyes narrowed, she put the fixed rope down the wall, and then she directly grabbed the rope and climbed down. The outside of the building is all glass. It is actually difficult to climb, but Shen Qinglan's speed is quickly.

"Ann, there is no one in the room one meter away from your left. Where can you go in?" Jin Enxi stared at the computer screen.

Shen Qinglan looked around. Sure enough, she saw the window on her left hand open. She gently swayed the rope, swinging herself towards the window, and then grabbed the edge of the window and turned in.

This is an office, with the lights turned off and black paint, she took out a pair of night vision goggles and put them on, looked at the surrounding environment, "Ann, after going out of this room, turn right and go to the end to be safe Passage, there can lead to the 16th floor, there is no one on this path, when you reach the 18th floor, I will lead the bodyguards who are guarding the corridor on the 16th floor."

Shen Qinglan did not answer. She knew that Jin Enxi could understand what she meant. Years of tacit understanding gave Shen Qinglan this confidence.

She walked along the route planned by Jin Enxi. Sure enough, after walking to the eighteenth floor, she heard hurried footsteps coming downstairs.

"An, there are two bodyguards left on the 16th floor, and they have been guarding the door of the room. Can you do it?"

Shen Qinglan tapped gently on the earlobe with a black stud on her earlobe. When Jin Enxi heard the knocking sound, she immediately understood what Shen Qinglan meant.

"OK, I can only get eight minutes for you. In these eight minutes, you need to solve the two bodyguards and the target person, and return to the top of the building."

"Let's start." Shen Qinglan said, and then the man sprang out. The gun in his hand was aimed at the two people at the door. One person sent a shot. The two people had not seen the reaction, and a flash of blood flashed in front of their eyes. The body fell unconsciously to the ground, Shen Qinglan flashed a

body, supported the two, and slowly placed the two on the ground, making no sound throughout the journey.

From the monitoring screen, we can only see two bodyguards standing at the door of the room, protecting the people in the room with due diligence. There is nothing strange. What is more amazing is that the time on the monitoring screen is not still, and it is still beating. .

Shen Qinglan stood at the door of the room and raised his hand to knock on the door. A male voice came from inside, "What is it?"

"Mr. Kate, the banquet is about to start, you should go down." Shen Qinglan said, the voice was completely different from her usual voice.

The man inside did not have any doubts. The reports standing outside were all brought in by him for a large price. If this could cause problems, then his money would be spent in vain.

The sound of footsteps sounded and the door opened, but when Kate saw the face of someone outside, his eyes suddenly changed and his hands reached into his arms, but soon, he dared not move.

"Mr. Kate, please don't move. My toy is easy to escape." Shen Qinglan spoke softly, charming.

Kate's hand stopped, staring at Shen Qinglan, "Who the hell are you?"

"I am here to take your life."

Kate heard the words, her eyes split, staring at Shen Qinglan, "Who sent you?"

"It's my duty to keep the employer secret. Mr. Kate, I'm sorry I can't tell you, but you should have heard my name, my name is charm."

Kate's eyes widened instantly. "It's impossible. The charm was dead eight or nine years ago. You can't be the charm."

Shen Qinglan smiled slightly, "I am the charm, whether you believe it or not, this is not important to me. The important thing is Mr. Kate, someone bought your life, and I just need a reason to come back, so , I'm so sorry Mr. Kate."

Shen Qinglan's fingers gently pulled the trigger, and before Kate took the weapon out of his arms, his tall figure slammed on the ground. Shen Qinglan looked at the muzzle still smoking white smoke and placed a black mandala on Kate's chest. His expression was indifferent, where the blood-colored flower was slowly blooming.

She walked out of the room and soon disappeared at the end of the corridor.

Soon, movements were heard throughout the building, and screams and messy footsteps could be heard clearly even across the distance. Shen Qinglan stood on the stairs of the eighteenth floor and listened for a while, then quickly appeared on the roof of the building, and slid to the building next door according to the method of the time.

She retracted the rope and left here.

"Andre hasn't returned yet?" Shen Qinglan returned to the car and asked Andrei without seeing Andre.

Jin Enxi shook his head, "Not yet, this group of people responded quickly. They stopped all the guests. He can't get out for the time being, let us go first."

"Wait for him first." Shen Qinglan said, but he was not worried about Andre's safety. He was invited after all. The task tonight was just to put the jammer in the venue. The group didn't leave at all, and the group would not embarrass him even if they were despondent.

After ten minutes, Andre's figure appeared in Shen Qinglan's sight. When Andre got in the car, the car quickly disappeared on the corner.

Back at the hotel, Shen Qinglan went directly to the room to rest. They packaged a suite with a total of four rooms.

The next day, when Shen Qinglan got up, she received news that Kate had been shot and killed in her hotel, and the murderer was the charm that had been missing for many years.

The charm reappeared in the rivers and lakes, and the first news of Kate's surgery spread instantly across the road.

The reason why this news will spread so quickly is naturally due to Shen Qinglan's intention. People who were gradually relaxed because of the disappearance of the charm immediately remembered the shadow that the charm brought to them. For a time, people were panicked and afraid of being one. Inadvertently turned into a charm target.

Allen naturally also heard the news. He looked at the man opposite and looked disdainfully, "This is what you call protection? Even letting a woman stand in front of you, Fu Hengyi, you are a waste."

Fu Hengyi's expression was indifferent. Even when he heard Allen's words, his expression did not change at all. She knew Shen Qinglan's plan long ago, so when she heard the news, she was not shocked but worried. He worried about Shen Qinglan. Although she knew that she would definitely not let others see her true face and would not hurt herself, but this heart was still full of ups and downs, she could not see Shen Qinglan, and his heart was always at ease.

"Have you found their location?" Fu Hengyi asked coldly. After Shen Qinglan left, he went to track her track, but it was difficult for Fu Hengyi to find out when Jin Enxi concealed her whereabouts.

While she was hesitant to use the relationship, Allen's people found him and said they wanted to see him, and this is where the face-to-face scene is now.

Alan looked stiff, and his men couldn't find Shen Qinglan's traces, only knowing that she had been active in Country M, it was simply ridiculous news. Fu Hengyi didn't say anything, but Allen's eyes looked at Fu Hengyi's eyes and he could understand that this man was despising him.

Allen's eyes were angered, but the anger was suppressed. "They don't take the initiative to come out. My people can't find them for the time being, but I have arranged it. As long as Qin Yan comes out, we can kill her quickly." .

Fu Hengyi maintained a skeptical attitude towards Allen's optimism. To put it bluntly, if Qin Yan was so easy to clean up, they would not have to toss for so long. This woman has been limping for more than two decades Refined.

Fu Hengyi threw a document in front of Allen. "This is a list of the big brothers on the Tao who are related to Qin Yan. See if you can solve a few. Don't let them come out to add chaos."

For this document, Fu Hengyi worked hard, it can be said that he used all the relationships he could use, and even owed a lot of human relations.

Allen picked up the document and looked at it, his eyes becoming more serious. Some of the people on the document list he had already checked, and some were not.

"The black marks are people who have a general relationship with Qin Yan, and the red marks are people with a very good relationship." Fu Hengyi said lightly. In fact, although there are many names on the above, there are only a few who are really good. The best Yamamoto was destroyed by them last time.

Allen pointed to a name above, "What do you mean by Yamamoto?"

"The cooperation between Yamamoto and Qin Yan has been very close. Although they were destroyed by us last time, as long as they have interests, they can rejoin the alliance, so I think we should solve Yamamoto before they unite with Qin Yan. "

Allen pondered, this is indeed a good way, Qin Yan they can't find it, but Yamamoto has been there, "Fu Hengyi, it seems that you don't think it's all right, as for the people who are related to this, give it to me, I can ensure that they remain neutral and do not interfere in the matter between me and Qin Yan."

Although he has been silent for many years, it does not mean that he has no status in the Tao. Many people want to give him a face.

Fu Hengyi's handing this list to Allen is not without meaning in this respect. The strength of him alone is

ultimately limited. It is necessary to use all available resources reasonably.

And after these blows, Qin Yan's own manpower is already pitiful. Except for the group of people taken away by the housekeeper, the rest can be said to be dead. As long as these people are guaranteed not to help Qin Yan, then Qin Yan's threat to Shen Qinglan will be reduced by one point, and what Fu Hengyi wants to do is find Yan Xi's whereabouts and rescue Yan Xi.

As long as Qin Yan does not have the hostage holding Shen Qinglan, Shen Qinglan can let go.

Allen already knew the plans of Shen Qinglan and Fu Hengyi, and thought that the couple was in good agreement. Who knows that the two are doing their own thing now. Let him say that the person named Yan Xi does not need to be saved at all. For him, anyone who has affected Shen Qinglan is a damn person, especially Yan Xi now.

If Yan Xi was in front of Allen, maybe Allen would take her own life.

"Notify me when you have news. I will go first." Fu Hengyi stood up. He and Alan were definitely not friends. This time he left the army without permission. There were no people around him. Lun's cooperation is also a helpless move. Although his position is relative, even Allen once united King and almost killed him, but as long as Shen Qinglan can be safe, he is willing to temporarily forget his identity as a soldier and forget his past grievances. Collaborate with Allen.

Alan looked at the list in his hand. It took a long time before he picked up his phone and called the people in sequence. In fact, many of the people on the above relationship were established by his father's generation. It is the one with a closer relationship, only because of his hatred for his father in these years, he deliberately ignored these relationships, and then really forgot, who could think that Qin Yan still kept in touch with them.

Fu Hengyi walked on the street of a strange city, watching the cars around him, his anxiety became stronger and stronger. He did not know where Shen Qinglan went and could not contact her. The only thing that was certain was that now she is temporarily safe.

But how long this security can last Fu Hengyi can not be guaranteed, after all, the news of the charm has spread throughout, many people are looking for her, which must include Qin Yan dormant in secret.

At the moment, in a villa in country Y, Qin Yan is listening to the butler's report on these days.

"The charm has appeared?" Qin Yan spoke softly, her voice hoarse, her vocal cords had been destroyed, and it was a blessing to be able to speak.

The butler lowered his head and dared not look at Qin Yan's appearance now. She now looked like a skeleton wrapped in human skin. Her body was completely fleshless, and it was terrible at first glance.

"Yes, ma'am, Kate has died in her hands, and the news has now spread." The housekeeper replied

respectfully, and Yu Guang saw the thin hands of Qin Yan on his chest, his eyes quickly. A touch of distress appeared, and soon disappeared.

"Shen Qinglan is really hard enough to lead me out." Qin Yan chuckled, but the laughter implied sarcasm.

"Madam, do you need me to tell Shen Qinglan's identity to the world?"

"Karl's ashes were found?" Qin Yan asked lightly.

The butler immediately understood, "Madam, we are useless."

"Since you know that you are useless, go quickly and don't remind me how much waste you have."

"Yes, ma'am."

The housekeeper took two steps and paused a little, "Madam, you have to take good care of your body. The enemy is not dead. If you don't take care of your body, your loved ones will hurt the enemy."

Qin Yan stunned, the loved ones hurt, the enemy is fast? Does she still have relatives? She looked at her old hands and laughed at them, thinking that after Karl's death, she and Allen were the closest, and she also regarded Allen as her only relative, so she was abandoned. It took so much energy to rescue him, and as a result, he even opposed her for a woman, and still trying to kill himself in every possible way. It can be said that he only fell to the point where he is now. Supreme.

"I'm sorry Carl, I really can't forgive Allen. For more than 20 years, he hasn't let me see you, even trying to kill me. Carl, my heart hurts. I regard him as a dependent family member. But for the daughter of an enemy, he treats me like this, Carl, I hope you don't blame me, in my next life, I will pay you a child in my next life, OK?" Qin Yan whispered softly into the air, his face sad.

She held a photo frame in her arms, and pressed it tightly against her chest. "Karl, I don't want to see you anymore. I am so ugly that I don't even want to take a glance at myself. I'm worried about you. You won't love me anymore afterwards. You promised me, even if you see me now, don't dislike me. If you dislike me, don't laugh at me. In my next life, I must be born beautiful and meet you early. , To marry you, to give birth to your children, it is my greatest regret that I have not given birth to you in this life."

She wanted to stand up, but her hands and feet tended to be cut off. Although the butler would make bones, she could do nothing about this injury. Her current scope of activity is a wheelchair.

"Push me out to bask in the sun." Qin Yan said to the bodyguard standing in the corner as a background wall.

The bodyguard came over and pushed Qin Yan out. He did not push Qin Yan out for a long time, so he turned around in the courtyard of his villa.

Qin Yan looked at the flowers in the garden, and the depression in her eyes could not be weakened.

"Ah, monster, mum, help." Suddenly, a scream of a child cut through the sky and across Qin Yan's eardrums. She looked towards the birthplace of the voice and saw only one The little boy sat on the ground, his hands on both sides of his body, and looked at her with horror. The monster just said that she was talking about her.

Qin Yan's eyes were dark, and her breath was even more gloomy. The little boy was so scared that the tears came down. The mother heard the cry of the child and rushed in from the open door of the villa. In his arms, Zhang Kai wanted to say Qin Yan, but after seeing Qin Yan's appearance and the bodyguard standing behind Qin Yan, she swallowed it when she came to her mouth.

"I'm sorry, this lady, because my child is not sensible, I'm sorry to disturb you, I'm very sorry, I will take him away now." The woman hugged the child and hurried away.

Qin Yan glanced coldly at the mother and son, just to meet the little boy's open eyes, scaring him to close immediately.

Qin Yan looked at the flowers scattered all over the place. Obviously this little boy crawled in from the nearby dog hole, "Shovel these flowers in the garden for me, and the dog hole also blocked me. "These flowers are so beautiful that they can only accentuate her ugliness.

The bodyguard responded.

"Go back," Qin Yan said quietly. "Contact me Mr. Yamamoto. I have something to say to him." This was to the steward who came towards her.

The hand that the housekeeper had stretched out to help Qin Yan push the cart back immediately, "Madam, Mr. Yamamoto has misunderstood us now, I am afraid I won't see us easily." This is the truth, those of them in R In Yamamoto's hand.

"Butler, how can I get rid of such a misunderstanding? Do I need to teach you?" Qin Yan's face dropped.

The housekeeper's eyes changed slightly, "Ma'am, I'm going now."

Qin Yan waved her hands like flying flies.

When Yamamoto received Qin Yan's invitation, he hung up the phone directly. Last time Qin Yan and Ryan wanted to kill him. Now they dare to ask him. I really think I can't take her away, right?

It was rejected, but the housekeeper was not surprised at all. It would not be easy for anyone to change it, but the last thing was indeed a misunderstanding. He continued to call Yamamoto, and afterwards, Yamamoto shut down directly, butler It is also very helpless, Yamamoto will not be willing to answer the

phone, so whatever you want to do is redundant.

Country R, Yamamoto looked at the woman opposite, "What do you want Qin Yan to do?"

The woman held a chess piece in her hand and placed it on the chessboard. "Mr. Yamamoto, you are so smart, you can't guess what Qin Yan wants to do?"

"I know, but why did she think I would take care of her after she calculated me and caused me heavy losses?" This was not clear to Yamamoto.

"It's nothing more than interest. In this world, there is only eternal interest, and there are no eternal friends or enemies. Isn't Mr. Yamamoto doing a good job?" There was a smile on the woman's lips, which was a mockery of Yamamoto's words, but Yamamoto didn't mean to be angry.

"Su Qing, I'm very sad about what you said. Obviously we are friends who have worked together for many years." Yamamoto smiled, with a trace of helplessness in his eyes, as if looking at a naughty child.

Su Qing's eyes flashed slightly, "Mr. Yamamoto, it's your turn."

Yamamoto looked at the chessboard, frowned, and put down the pieces. "You won again, Su Qing. I haven't won every time I played chess with you, but I can't help but still want to play with you. Do you say I am Looking for abuse." Joke tone.

Su Qing smiled slightly and changed the subject, "The news came, the charm appeared, what do you think of this matter?"

Hearing the name of the charm, Yamamoto's eyes flashed murderously, "Naturally, I want to see if this charm is a human being or a ghost. When she killed my younger brother, I always have to get the money back."

Su Qing's expression was so true, "Mr. Yamamoto, I hope you don't participate in this matter." She looked serious.

Yamamoto heard the words and looked at her puzzledly, "Su Qing, what do you mean?"

"I suspect that this charm is not the same person as before. You think about it, the charm has disappeared for eight or nine years. Why did it suddenly appear and appear, but it is so well known to everyone, is this not the case? Is it strange?"

When Su Qing said this, Yamamoto also felt that the matter was strange, "You continue to say."

"I suspect that this matter should be someone who wants to rise up with the name of the charm, or someone puts a suit on the intentional people." Su Qing said unhurriedly.

Yamamoto twisted his eyebrows thinking about Su Qing's words, "So you mean this charm is fake for whatever purpose?"

"Correct."

"However, there are not many people in the world who can do it like a charm without a trace, but I heard the news that when Kate was killed, the person in the surveillance room and his bodyguard hired a large price. I didn't notice it at all." Yamamoto still had doubts in his heart.

"Then what do you think of my skill, if you pretend to be charming, can you do it?"

Yamamoto froze for a moment, then smiled, "Yes, if you, you can do it."

"So, I guess Qin Yan wanted to exchange the news of charm for you. Didn't she do it last time?" Su Qing took a sip of tea and said.

Yamamoto sneered, "Qin Yan treats me as a fool?"

"No matter what method, it's easy to use, you want to find revenge, this is the best place for her to use."

"Su Qing, you are still smart. You are right. Qin Yan is really disgusting. Thank you for your reminding."

Su Qing smiled faintly, "We are friends, isn't it right to remind?"

440 The Gear of Destiny

Su Qing's lips lightly ticked, "Mr. Yamamoto, Qin Yan will definitely still find you. This woman will not stop until she reaches her goal, you..."

"She asked me for nothing more than that set of rhetoric, I just ignored it, but you, how long do you plan to stay here this time?"

"Leave immediately, you know me, I can't stand in one place." Su Qing said.

Yamamoto's regret, "That's really a shame, every time you're in a hurry, it makes me want to entertain you well. Su Qing, this will make my host not enthusiastic."

Su Qing smiled, "There will be a chance next time, and this time I just happened to pass here. By the way, I will see you. Well, it's about time, I should go."

Yamamoto was startled, "Is this so urgent?"

"Well, I have to deal with some things." Su Qing stood up, "Next time I will definitely come to you, then I will stay here."

Yamamoto heard the words and smiled heartily, "Haha, I can't ask for anything, you are welcome."

Su Qing waved her hand and walked dashing, but after she walked out of Yamamoto's house, the smile on her face faded. She looked up at the sky above her head, stood there for a long time, and finally smiled, "You are really It's a big problem for me."

She thought about it and called Qin Yan. Qin Yan saw Su Qing who appeared in front of her, and her eyes were indifferent. "You still know to come back, I thought you died outside."

Su Qing chuckled lightly, casually, "The mission failed, I am not afraid that you will punish me, where else dare to appear."

When Qin Yan saw her like this, she was angry, "Su Qing, do you really think I must be you? A useless piece, I can give up at any time."

"Of course you can abandon me." Su Qing's face fell, "but you should not forget your own situation now. As you are now, how many people do you think you can use, right, you are Contact Yamamoto, don't give up. I just came back from Yamamoto. He won't help you."

"What did you do?" Qin Yan narrowed her eyes.

"Well, how to say that my last mission also failed. Naturally, I have to make up for it. Knowing that you are contacting Yamamoto, I ran to find him in a hurry, but I was kicked out. I guess my life is about to be there. Yamamoto asked me to bring you a sentence. The debt I owe is to be repaid after all. I'm curious, what did you do to make Yamamoto so angry."

Qin Yan stared at Su Qing and looked at her, it seemed to be distinguishing the truth of her words. Su Qing let her look at her with a very calm expression.

After a moment, Qin Yan withdrew her gaze, looked at her nails, and said lightly, "Since Yamamoto's road is impassable, let me give you a task to bring Shen Qinglan's mother to me."

"Why did you let me do this?" Su Qing was dissatisfied.

"Just because I am your master." Qin Yan said coldly.

"After that, what do you want to do?"

"This is not something you should be in charge of, Su Qing. I won't pursue the matter last time for now, but if you fail again, you don't have to be alive."

Su Qing lowered her head, and the murderous intentions in her eyes filled her.

Qin Yan closed her eyes, Su Qing saw it, and left.

After walking a few steps, Su Qing stopped and looked back at Qin Yan, "Where did you take Yan Xi back?"

Qin Yan opened her eyes and watched, "These things are not what you should manage."

Su Qing pouted, "If you don't say it, you won't say it, but I heard that Yan Xi looks like your daughter. I want to see what she looks like."

"Shut up, I don't have a daughter." Qin Yan snapped, "Su Qing, your courage is getting bigger and bigger now."

"Well, since you don't want to mention it." Su Qing shrugged, indifferently.

Qin Yan looked at the back of Su Qing's departure, and the defense in her heart was deepening. This Su Qing is getting more and more out of control. It seems that she should listen to the housekeeper at the beginning, and control her with drugs, but now it is too late.

"Butler, after Su Qing brings Chu Yunrong, find a chance to solve Su Qing. I don't need disobedient people around me."

"Ma'am, Su Qing is not so easy to remove, it will cost a lot of money." The housekeeper was embarrassed, Su Qing's wings were already hard and could not be controlled.

Qin Yan was even more annoyed when she heard the words. It is too late to regret it. This is a group of white-eyed wolf, all of them are not well-fed.

"Yan Xi?"

"It's still closed in the basement." The housekeeper said that Yan Xi hasn't woke up since she brought it back. The gang of people used too many medicinal products. Yan Xi is in a coma.

"Not yet awake?" Qin Yan frowned.

"Yes, I haven't been awake, but my vital signs are normal. I'm sure I will wake up in a few days."

"Wake me up, her father owes her debts. She hasn't paid it yet. I thought it would be fine if I forgot. Where is there such a good thing in this world? By the way, record the video for me and send it to Yan Anbang."

Qin Yan spoke lightly and said the most vicious words in the world. The housekeeper's eyes flickered slightly, and he lowered his head, "Yes, ma'am."

"Wow." A pot of cold water poured on Yan Xi's body. Yan Xi frowned and opened her eyes. The environment in front of her was very dim. She couldn't see the surroundings. She only felt a headache. She reached out and rubbed her temples to try to relieve the pain. .

"Finally awake?" A hoarse female voice sounded in the dark. Yan Xi was startled and looked up. The basement instantly lit up. This is a wine cellar, surrounded by rows of wine cabinets. A variety of wine bottles.

Yan Xi looked at the woman in front of her and recognized who she was. "You tied me up? What are you trying to do?" She pretended to be calm, but her slightly trembling hands exposed her inner fear.

Qin Yan smiled slightly, but this smile appeared very scary on her skeleton-like face, "You will know what I want to do soon."

"By the way, you should not know who I am? I introduce myself, my name is Qin Yan, your father's former mistress and ex-wife, and your mother was killed by me."

Yan Xi widened her eyes and looked at Qin Yan in horror. "Don't be so surprised, otherwise wouldn't it be more unbearable for you to wait? Do you always feel that you have forgotten something, and I tell you, you have lost your memory. "

"Don't say it, you shut up." Yan Xi cried in horror, she didn't want to listen, she didn't want to listen to anything, she just wanted to go home now, she was going to find Dougs, she should not stay Here.

Qin Yan sneered, "The story hasn't finished yet. You want to hear it or don't want to hear it. Give it to me. I will remind you of the past that you have forgotten." She gave it to the housekeeper With a wink, the housekeeper nodded and stepped forward to pull Yan Xi off the ground.

Yan Xi struggled violently, "You let me go, I don't want to go, I won't go anywhere, you let me go, help me."

"Shout, no one will save you even if you shout your throat." Qin Yan said coldly.

After all, Yan Xi's strength was no match for the housekeeper. She was pulled out of the basement by the housekeeper. She was taken to a room. The housekeeper pushed her in. Yan Xi fell to the ground and stepped back in horror. A housekeeper.

The butler just glanced at her, and soon went out. There was a huge display in the room. Soon after the housekeeper left, the display suddenly turned on. A picture appeared on the screen. In the dark room, a girl sat in the corner, holding your knees, bury your head tightly between your legs.

Soon, a man walked into the room, undressed, and walked towards the girl with a smile, followed by several other men behind him.

Yan Xi's eyes widened sharply, looking at the screen, his face was frightened, a similar picture flashed in his mind, dark dungeon, violent struggle, desperate cries, tear-like pain penetrated, endlessly Endless torture...

Yan Xi hugged her head and made a scream, the sound came from the TV, the desperate cry of the woman, the excited laugh of the man, intertwined in her ear, matching the picture in her mind, Hit her heart again and again.

"Ah!" Yan Xi's pupils suddenly enlarged, "Let me go, don't touch me, go away..."

Su Qing was about to leave. Suddenly he heard a scream, his eyes narrowed, and walked in the direction of the scream. He saw that the housekeeper was standing at the door of a room. Su Qing's eyes changed slightly, "Steward, you doing what?"

When the housekeeper saw Su Qing, he didn't mean to avoid it at all. "The important thing for you now is to do what your wife tells you."

"Who is the person inside?" Su Qing asked coldly.

The housekeeper avoided answering.

"Go away, don't touch me, go away, save me, big sister, save me." Desperate crying came from the door, Su Qing's face became ugly.

She pushed away the housekeeper and was about to go in. Her muzzle was on top of her temple. "Su Qing, I advise you not to be busy."

Su Qing sneered, ignoring the gun that was holding him, "I'll control this idle business. You have the ability to shoot now."

She confronted the housekeeper. The housekeeper looked at her expressionlessly. After a long time, she put down the gun in her hand and opened her side. Now, even if she went in, the people inside probably already remembered it. If you want to see it, look at it.

The housekeeper was so simple that Su Qing felt a bad hunch in her heart. When she opened the door of the room, the first thing she saw was the picture on the TV. She picked up the vase on the table and smashed it towards the TV. The TV screen was instantly smashed by her.

The huge screen shattered and Yan Xi screamed and shrank into the corner.

"No, don't come." Su Qing had just approached two steps and heard Yan Xi's horrified voice.

She stopped and lowered her voice, "Okay, I won't pass."

Yan Xi's whole body was shaking, Su Qing looked at her, and there was a touch of distress in her eyes. She knew that Yan Xi was a person and knew what Qin Yan had done to her. In fact, among the past grudges, Yan Xi was the most innocent. This child, but she suffered the deepest damage, originally thought that under such circumstances, Qin Yan should always let go of Yan Xi, did not expect that she could not escape the disaster after all.

Su Qing moved her steps gently, approaching Yan Xi's direction. Yan Xi felt that someone was approaching her, immediately crawled under the table, shrunk herself into a ball, and murmured, "Don't come, don't come."

Su Qing looked at her helpless and hopeless face, and suddenly didn't know what to do, "Yan Xi, don't be afraid, no one will hurt you."

"Oh, Su Qing, you are now soft-hearted." Qin Yan's voice sounded behind Su Qing, the tenderness on Su Qing's face disappeared instantly, replaced by indifference, she turned around and looked at Qin Yan coldly, "It's just an innocent child, are you so cruel?"

"Innocent? The most innocent people in this world are the people of the Shen and Yan families. Su Qing, you have to remember your identity, what are you qualified to point at me, you are just a dog I raise, and now my wings are hard. Well, I thought I could do nothing about you?"

Su Qing heard this and smiled slightly, "Then you must have never heard a sentence called dog jumping into the wall, Qin Yan, I am not your man now, you should not forget it, but we said yes, I will help you. Do ten things, I will leave you, and this is the last thing now."

Qin Yan's expression stiffened. She really forgot about it. As long as Su Qing brought Chu Yunrong back, the contractual relationship between them ended.

"What about that, you haven't done the last thing, at least you are still under my hands." Qin Yan said indifferently, "Don't look at me with such eyes, Su Qing, no matter how much you have in my heart. You have hidden me from your resentment and hatred."

Su Qing suddenly laughed, "Haha, how can I hate you, you think too much, and now your goal has been

achieved, I see Yan Xi's state is not far from being crazy even if it is not crazy, In this case, can I take her now?"

"Take her away? What qualifications did you take to take her away? What do you want to do after taking her away?" Qin Yan stared closely at Su Qing's eyes, trying to see through her eyes the true thoughts in her heart.

Su Qing's expression stayed the same, let Qin Yan look at her, "Just look at your deeds, Qin Yan, you are also a woman, you know what is the most terrible thing for a woman, why do you want that? do?"

Qin Yan couldn't help laughing, "You said it's not funny? Su Qing, do you know how many things you have done in the past few years to achieve your purpose?"

Su Qing's expression changed, and the chill in her eyes grew thicker, just when the housekeeper looked at her defensively, ready to protect Qin Yan at any time, Su Qing smiled, "You're right, I really do. No matter how busy you are, if you don't want to hand over the person to me, then keep it for yourself, whatever you want, it doesn't matter to me anyway." Su Qing finished, without looking at Yan Xi, left The villa.

Qin Yan looked at Yan Xi, who was trembling under the table, and said to the housekeeper, "Take her close to me. Anyone must come to see her and record her situation to me. I want Yan Anbang to take care of it. Appreciate how his baby girl looks like a lunatic. I want to let him live in pain and regret all his life, and never be peaceful."

"Yes, ma'am." The butler responded, pushing Qin Yan out of here.

Yan Xi hugged her head and lowered her head, her eyes dull and her mouth muttered.

**

After Su Qing left the villa, she always kept thinking of what Yan Xi had just said. After hesitating for a long time, she sent an email to Shen Qinglan and told Shen Qinglan where Yan Xi was, as well as the guards here.

It can be said here that all of Qin Yan's strength is concentrated, there are many people on the surface, and there are some people in the dark who are not even clear to her. Since the last mission failed, Qin Yan obviously gave her a strong alert. Heart, avoid everything from her, she sees the most superficial things.

The email showed that after sending, Su Qing left Country Y. At the beginning, she promised Qin Yan to do ten things for her. Last time she told Chu Yunrong that the truth was actually the last thing, but that thing failed.

After Su Qing left, Qin Yan suddenly asked the housekeeper to shift her position. "Ma'am, don't we think

too much? Although Su Qing is not easy to control, he is a very sharp sword."

Qin Yan calmed her face and said in a cold voice, "Is it right? I will soon know that I will evacuate here within half an hour." This is also a test of her for Su Qing, if Su Qing really and Shen Qing Lan does not matter, then Su Qing can be safe and sound, otherwise...

Qin Yan's order to the housekeeper will not go against it, "Ma'am, what about Yan Xi?"

"Naturally I want to bring it, this can be my hole card." Qin Yan said, his mouth slanted slightly.

Shen Qinglan was with Jin Enxi when he saw the email. "An, will this be a trap?" Jin Enxi hesitated.

"Even if it's a trap, I'll go and see, in case it's true." Shen Qinglan stood up without hesitation, Jin Enxi saw it, and also stood up, "Ann, let's go with you."

Shen Qinglan did not refuse, and came to the place where the email said with Jin Enxi and Andre, but it was already a person who had left the building empty. This situation is very similar to the scene in the capital.

"Ann, wouldn't this person be playing us?" Jin Enxi said with a sullen face, she had already seen this villa, and there was no one in it.

Shen Qinglan didn't think the other party was cheating herself. She could only say that she was too cunning. She carefully looked at every corner of the house, and her footsteps suddenly stopped in the room where Yan Xi had stayed. Looking down at the table, there was a bracelet lying quietly.

"An, what's the matter?" Jin Enxi asked in doubt when she saw her not moving.

Shen Qinglan didn't speak, but stepped forward to pick up the bracelet. Jin Enxi glanced and found nothing special, "An, is there anything wrong with this bracelet?"

"This is the birthday gift I gave her on Yan Xi's birthday last year. There is only one in this world." She turned the bracelet over, and there was a line of very small words on the back of the bracelet. Xi's blessing, Yan Xi was very happy when he received this gift, and said that he would stay there forever.

Now this bracelet appears here, does it mean that Yan Xi was once locked in this room?

Shen Qinglan looked around the room in front of him. Except that the TV screen was smashed and made a mess, there was no abnormality found in this room.

"An, what should we do now? Qin Yan should have known your news, but it hasn't appeared for a long time, which is very strange in itself." Jin Enxi frowned.

Shen Qinglan lowered his head, not knowing what he was thinking.

"Ann?" Jin Enxi spoke again.

Shen Qinglan held the bracelet in her palm, tightly speaking slowly, "Go."

"This woman Su Qing is really not credible." Qin Yan heard the news from his men.

The steward naturally heard this, and he waited until his men left, and then said, "Madam, what is the purpose of Su Qing? How could she be related to Shen Qinglan?"

This is exactly where Qin Yan was puzzled. It was originally a temporary temptation. She didn't expect that she was really discovered such a thing. In addition to the anger of being betrayed, Qin Yan's heart also had a huge amount of hatred.

"Butler, don't let Su Qing leave her alive after Su Qing brings the people back. Since it is a disobedient and unfaithful dog, there is no need to exist." She said lightly.

"Madam, in this way, we are likely to pay a heavy price." The housekeeper hesitated, this time is not a good time to solve Su Qing, especially Yamamoto has clearly rejected their proposal to cooperate, and other bosses this The attitude of the two days was also in a state of hesitation.

Qin Yan naturally knows this, but she can't stand Su Qing's betrayal. How can a betrayal appear around her, "At all costs, she should not know that we already know about her betrayal, you find a chance to eat for her Order something."

The housekeeper looked slightly stiff, "Madam, are you sure you want to do this?"

Qin Yan looked coldly at the housekeeper, "Now my words won't work for you?"

"Dare not, ma'am, I get it."

"Go on, I'm going to rest." Qin Yan closed her eyes and said with satisfaction.

The butler stopped talking, after all, he said nothing and left silently.

**

Allen contacted all the people who could be contacted, as he expected, the news that he was still alive surprised those people, but Qin Yan can give them things, and Allen can also give, plus Allen is Karl's pro son, and they are still quite willing to give this face. After all, Allen's request is only to keep them neutral.

Qin Yan learned that those people were going to fight, no one was willing to help her, so angry that he directly smashed the room.

"A bunch of old bastards who have forgotten their interests, and now I'm in a hurry to fall into the rocks before they finish their work. Do they really think I'm so easily defeated?" Qin Yan's chest fluctuated violently, "Alan, really Can't stay anymore."

She narrowed her eyes, "Tell Yamamoto that Shen Qinglan is a charm, and reveal it to me."

"Madam, in this way, both the Shen family and the Fu family will be forced to jump the wall, and there is no evidence in our hands. I am afraid that others will not believe it.

"Make evidence for me without evidence. Do I still need to teach you these things?"

"I'm afraid it will be too late." The time now is really too tight. Although they changed places in time, Shen Qinglan did not find them, but the housekeeper had a hunch that Shen Qinglan would find it sooner or later.

Qin Yan seriously considered the steward's suggestion, and it is indeed easy to make loopholes to make evidence temporarily, and the Fu family and the Shen family have been involved in the capital for many years. The original relationship was just fine, and now they are still in-laws. Something went wrong, according to her current ability.

"I will let this matter go for the time being." Qin Yan said, she is not a person who can't listen to opinions. She knows that the housekeeper is telling the truth, and she can only give up for the time being. "However, the old man of Shen Yuanyi must know that I am I want to see what he wants to do when he knows that the sweetheart baby he holds in his hand is actually a murderous, non- blinking demon."

"Okay, I will deal with this matter immediately." The butler said, and the efficiency of the butler was indeed very high. Before Su Qing's people had arrived in Beijing, the courier's express had arrived.

There was only one letter in the express. After reading the letter, Mr. Shen stood for a long time in front of the portrait of the deceased wife, until Chu Yunrong came in and asked the old man to eat.

"Dad, what are you thinking about? You have been called several times and you shouldn't have to." Chu Yunrong asked suspiciously.

Grandpa Shen returned to his mind and put the letter in his jacket pocket. Chu Yunrong saw the letter, but he didn't want to read it. "It's okay, I just thought about Lan Lan's grandma."

"Dad, I'll accompany you to visit Mom in a few days."

"Besides, this man is not willing to move when he is old, isn't he talking about eating, let's go."

Chu Yunrong stepped forward to support the old man, "An An?" Old Man Shen remembered his baby

great-grandson.

"Playing downstairs, Songsao is watching, there will be no problem." Chu Yunrong said, she hasn't been out in the past few days, she has been carrying children at home, An An is also a good child, just before going to bed at night When she doesn't see Shen Qinglan, she will cry, and for the past few days, Shen Qinglan's phone has been unavailable, even Fu Hengyi's can't get through, which makes Chu Yunrong's heart full of uneasiness.

"Qinglan and Hengyi didn't know what was going on. The phone was always off." Chu Yunrong complained to the old man.

Grandpa Shen remembered what Fu Hengyi said to him before leaving, and said lightly, "Hengyi will not be okay. Hengyi has already told me about this matter, so don't ask too much, some things still I don't know. The two of them have been away these days. An An's mood is not stable. You can accompany An An as much as you have time."

Although Shen Qinglan had already told Master Shen that Chu Yunrong's illness was cured, but after so many years, Master Shen was not sure whether it would relapse. There are some things that can not let Chu Yunrong know if she doesn't know. .

In the living room, An An saw the two people coming downstairs, and walked towards the two with short legs. Sister Song guarded him beside him to prevent him from falling too hard. An An walked and wobbled and did not go. She fell in a few steps, and Sister-in-law did not help him. Chu Yunrong saw it, but she just squatted down and stretched her arms towards An An, hugging.

An An looked up at several people and saw that no one came up to support himself, so he climbed up and sat on the ground.

He was holding a photo in his hand, which was already very wrinkled. It was a picture of Shen Qinglan. An An cried a lot last night. He refused to sleep. He even cried in his throat. Chu Yunrong couldn't contact him. On Shen Qinglan and Fu Hengyi, they took a picture of Shen Qinglan and stuffed it into An An's hands. Whoever knew An An really didn't cry.

Today, An An took Shen Qinglan's photo in his hand and looked at it from time to time. No, a good photo was crumpled and a corner was torn.

When Chu Yunrong saw him holding Shen Qinglan's picture again, he felt distressed immediately, and walked over to hug An An, "My treasure, it's not sad, my mother will come back in a few days, my grandmother will do it for my treasure Is it good?"

An An giggled, not feeling sad at all, and waved with the photo, "Mom."

"Yes, that's mom, our baby's favorite mom, are you hungry?"

"Hungry, eat." An An spit out two words. Now he can roughly understand the everyday words that adults say to him, but the words are not coherent, and he can only say one word at a time. Fortunately, when Chu Yunrong took An An There are more, and he can understand him.

"Dad, you eat first. I'll cook An Mi Lake for An'an first." Chu Yunrong turned back to Mr. Shen.

Songsao stood up, "Yun Rong, you go to eat first, I'll do it, and An An likes to eat what I do."

Chu Yunrong remembered his culinary skills that could not be improved, and smiled, "Okay, please, Sister Song."

While eating, Chu Yunrong's mind was on An'an, but he also noticed that Shen Shen was a little absent today, "Dad, are you having any physical discomfort? I see your appetite is not very good."

Mr. Shen looked back and shook his head. "It's okay. When you get old, you can't eat much."

"Dad, are you really uncomfortable? If so, you must not hide me." Chu Yunrong was not relieved.

"It's really okay, you eat yours." Chu Yunrong saw that Mr. Shen really didn't seem to have any discomfort, so he continued to eat.

After eating, Mr. Shen was with An An downstairs for a while. Seeing him having fun with building blocks, he got upstairs. Back in the study, he closed the door, and then went to call Shen Qian.

Shen Qian's personal phone couldn't get through, but the old man could find someone naturally.

Mr. Shen didn't say anything on the phone. He said that there was something in the family to make him come back. Shen Qian naturally did not refuse.

"A Qian, why did you come back?" Chu Yunrong was surprised to see Shen Qian coming back.

Shen Qian smiled, "Come back and get an important document."

"Grandpa." An An shouted suddenly, speaking clearly.

Shen Qian looked at An An in surprise. This was the first time An An called his grandfather so clearly. He crouched down and looked at An An. "An An, what did you just call me, say it again."

"Grandpa." An An was very cooperative. Although his speech was a bit slow, it was indeed the word Grandpa, which was very clear.

Shen Qian smiled and hugged An An in his arms, kissed him fiercely, until An An frowned frivolously, before letting go of him, "We An An is getting smarter and smarter."

An An was baptized with a saliva, and was a little unhappy. Looking at Chu Yunrong, Chu Yunrong immediately understood the meaning of his grandson, took out a tissue and wiped the saliva on his face, and An An's small brow suddenly opened. Too.

Shen Qian looked dumbfounded. "Did he just despise me?" He asked Chu Yunrong in disbelief.

"Yeah, you were rejected by An An. An An has grown up now and doesn't like people kissing him." Chu Yunrong said with a smile.

Shen Qian shook her head and smiled, reaching for An'an's hair. "It's a real kid." Standing up, she left.

"Mom." An An called again, Shen Qian looked down at her grandson, only to see An An lowered her head and looked at the ground, as if unconsciously shouting Mom.

"You are busy with you, Qinglan is away these days, An'an misses her mother and will cry from time to time." Chu Yunrong explained.

Because Shen Qinglan was not there, An An completely broke his breast milk these days.

Shen Qian didn't know that Shen Qinglan and Fu Hengyi had left, and they stepped, "Qinglan is not here? Where did she go?"

Chu Yunrong frowned, "I don't know, I can't even get my phone connected, but she walked with Heng Yi, and Heng Yi was by her side, and nothing happened." She still believed in Fu Hengyi's ability.

Shen Qian thought of the serious tone when the old man called him to come back, and he suddenly had some speculation in his heart, "Okay, I have advanced, I think An An is not in a good mood, you take him to walk in the courtyard, more Play with children of the same age."

Chu Yunrong's eyes lit up, and she was also stupid. Why didn't she think of this, "Or you reminded me, I'll take An'an to the door, and you go in." Then he put An'an into the stroller and pushed The stroller went to the neighbors to cross the door.

Shen Qian did not see the old man on the first floor, went directly to the study on the second floor, knocked on the door, "Dad."

"Come in." Mr. Shen's old and thick voice came from inside.

When Shen Qian pushed open the door of the room, he saw Grandpa Shen standing at the window and looking at the garden downstairs, "Dad, is there anything wrong with you rushing to find me back?"

Mr. Shen turned around, did not speak, but handed the letter to Shen Qian. Shen Qian took it, glanced at it, there was no expression of surprise on his face, and Mr. Shen immediately understood it in his heart, "You have already understood?"

"In fact, soon, Dad, will you receive this letter only? Uncle Fu's side..."

"Your Uncle Fu doesn't know yet, what do you think of Lan Lan?"

"Dad, in the final analysis, this thing still happened to me. Those people's goal is also the Shen family. If Qinglan's children are not the Shen family, they don't have to go through this, so no matter what happens, Qinglan, I must protect it. of."

Mr. Shen looked at Shen Qian firmly and saw that he looked firm, without any hint of joke, "Remember what you said, I also mean this, I just don't see this letter, you burn it, Don't let people see that Qinglan and Hengyi should have something to do with this matter this time. You must pay attention to the troops over the past few days. If there is any movement, please contact me in time."

"Dad, are you worried that they will start from the army?"

"Defense is indispensable." Mr. Shen said lightly, saying that he had no doubt about Shen Qinglan's identity. It was impossible, but there were some things, since it passed, there was no need to mention it again.
