

### Chapter 436: Returning to the country (1)

At the airport, the endless stream of people was welcoming and sending people away.

Su lanxu stood at the exit of the airport and waited anxiously. She looked left and right and finally saw a familiar figure that she had missed for a long time. She rushed over happily ...

“Fang Yi!”

She rushed into Fang Yi’s arms.

Fang Yi was stunned for a moment, then he came back to his senses and touched her head. if I didn’t tell you, I wouldn’t have told you to come. Just wait for me at the hotel.

“How can we do that!” Su lanxu held his arm and said, you haven’t been back in the country for a few years. Mo City has changed a lot. I will definitely pick you up.

Fang Yi smiled. thank you for your hard work, my girlfriend.

“It’s not hard.” Su lanxu helped him with his luggage. I don’t have anything to do anyway.

Fang Yi followed her out of the airport, put his suitcase in the trunk, and sat in the front passenger seat.

Su lanxu asked while driving, “ didn’t you say that you weren’t coming back? why did you come back all of a sudden? ”

Fang Yi tilted his head and looked at her gently. in recent years, the domestic development has been rapid, while the foreign development has stagnated. After thinking about it, I think it’s better to come back and develop my career, not to mention Huahua.

He paused and the smile on his face deepened. my future in-laws are coming back soon. If I don’t come, what if my wife runs away? ”

what in-laws? you didn’t even propose. Who agreed to marry you? ” Su lanxu shot him a reproachful look.

Fang Yi chuckled. so, as long as I propose, you’ll marry me!

Su lanxu’s face was flushed red. She bit her lip and refused to talk to him.

At the hotel.

As soon as su Lan Xu settled down, Fang Yi received a call from the designer who was in charge of designing for his family. He asked her to take a look at the design and communicate with him face to face.

She hesitated and did not agree immediately. Fang Yi said generously, “Go!”

Su lanxu covered the phone’s receiver and asked worriedly, “Then what about you?”

I'm going to take a break. Let's have dinner together after you're done with the design.

Su lanxu thought for a while. alright then.

She set a time and place with the designer, then hung up the phone and said to Fang Yi, "I'll meet the designer first, then I'll pick you up for dinner."

"No need," Fang Yi reached out and swept away the hair on her forehead. send me a message when you're done. I'll take a taxi to find you!

"But Yingluo"

"Be obedient." He interrupted her before she could finish, "I don't want to tire my girlfriend out!

He kept calling her his girlfriend, and su lanxu was elated. She obediently followed his arrangements and left.

The designer had booked a coffee shop and brought her a laptop to show her the 3D design effects. If su lanxu was not satisfied with anything, she could make changes on the spot until she was satisfied.

Su lanxu and the designer had two cups of coffee and talked for almost two hours. Finally, all the design plans and material selection were confirmed.

She finished her coffee and let out a long sigh of relief.

The designer also heaved a sigh of relief. miss su, since there are no problems with the design plan, I will arrange for the construction party to enter the site soon. If you have any problems, you can communicate with me at any time, and you can also go to the site to supervise the work at any time.

"Alright, thank you. You've worked hard." Su lanxu took the initiative to shake hands with her to express her gratitude.

you're welcome, miss su. It's my duty. If there's nothing else, I'll go back to the company first.

Su LAN watched her leave and sent a message to Fang Yi.

There happened to be a good barbeque restaurant nearby, and she could even use Youyou's name to get a private room.

Fang Yi arrived half an hour later. Su lanxu had been waiting for him at the door for fear that he might not know her.

When she saw him, she immediately went up to him and held his arm. As she walked to the private room, she asked with concern, "Was there a traffic jam? Are you tired?"

"It's a little congested, but fortunately, I'm not very tired." Fang Yi replied, "but Mo City has indeed changed a lot in the past few years.

that's right, with the mo corporation's help in developing the economy of Mo City ... su LAN had not finished her joke when she walked to the room and opened the door.

He was stunned.
