

Chapter 439: Disgusting (2)

“Yup!” Fang Yi poured a glass of water for her and could not hide the joy in his voice. I’ve evaluated the few companies in Mo City and only the mo Corporation is developing the best. There’s a lot of room for personal development. If I do well, I can apply to go to the overseas department in the future. By then, I’ll be able to take you abroad to settle down.

Su lanxu pursed her lips and smiled. What he said made sense, and she had no reason to refute him.

He couldn’t stop Xu Jialu from working at the mo Corporation just because he used to like him.

The waiter began to serve the dishes, and Fang Yi urged her to eat quickly. After eating, she would accompany him to look at the house.

It was obvious that he had already arranged everything and had no intention of asking for su Lan Xu’s opinion.

Fang Yi brought su lanxu to look at three houses under the agency’s recommendation. In the end, su lanxu suggested a fully-furnished apartment close to the company, but the rent was a little more expensive.

Fang Yi didn’t mind. when I settle down in the company, this rent is nothing. I can even buy a house that you like. Then, you can decorate it however you like! I’ll listen to you.”

Su lanxu hugged him happily. good luck then. Work hard and become a house slave as soon as possible!

Fang Yi pinched her nose and smiled. “Are you laughing at your husband?”

The word ” hubby ” made her blush. She let go of him and turned around, pretending to continue touring the apartment.

Fang Yi went to work immediately after he was hired. Work was very busy, and su lanxu bought all the furniture and daily necessities that he needed in his apartment.

Even the luggage he left in the hotel was packed by her before moving to the apartment.

By the time Fang Yi got off work, su lanxu had already prepared three meals and one soup using the cooking app.

Fang Yi returned to the kitchen and hugged her from behind. you’ve worked hard, my princess.

Because su Lan Xu came from a good family, she was pampered since she was young and had never done any housework. When he first pursued her, he liked to call her little princess.

Su lanxu glanced at him. don’t tease me. Wash your hands and eat.

“Alright,” he said. Fang Yi let go of her and went to wash his hands.

After washing his hands, Fang Yi sat down at the table and looked at the dishes on the table. Let me see which dish I'll eat first.

Su Lanxu picked up a piece of red braised meat and put it in his bowl. Didn't you say that you missed the red braised meat in our country? I made it especially for you. Try it and see if it's good.

Fang Yi lowered his head and took a bite. Suddenly, he frowned, and his face was full of unspeakable emotions.

"What's wrong?" Su Lanxu saw his expression and quickly picked up the chopsticks to taste it. She immediately spat it out. It's awful. Spit it out.

Before she could finish her sentence, Fang Yi had already spat the braised meat in his mouth into the trash can. What is this? It's too unpalatable!"

"I'm sorry. It's my first time cooking and I didn't expect it to be such a failure." Su Lanxu lowered her eyes and looked disappointed.

Fang Yi came back to his senses and comforted her, "It's okay. You can't eat this dish. There are other dishes you can eat.

He picked up his chopsticks and tried to pick up other dishes, but ...

They were all unpalatable and hard to swallow.

"Stop eating. Let's go out and eat." Su Lanxu knew how bad her food was and couldn't bear to let him continue eating.

Fang Yi didn't want to trouble his stomach, so he put down his chopsticks. Okay, let's go out and eat.

Su Lanxu picked up her phone and bag and followed him to the entrance. She said seriously, "I'll work hard to learn how to cook in the future. I'll definitely not let you go hungry."

Fang Yi changed into his shoes and looked up at her with a smile. It's okay if you can't learn it. It's very convenient to order delivery now!

"But you can't eat takeaway forever."

Fang Yi held her hand and said gently, "We will definitely hire a servant in the future. I can't bear to see you stay in the kitchen all day and become an old hag."

Su Lanxu laughed at his words. You should focus on your work first and get a promotion and a raise!

The two of them didn't go far. They found a private restaurant near the apartment.

It was probably because of the good taste that the private restaurant was quite crowded. There were no seats in the private rooms, and only a corner of the hall by the window had a seat.

Fang Yi brought her over to sit and quickly ordered the dishes.

Su Lanxu got up to go to the washroom after sitting down for a while. She had just taken two steps when she saw Lu Heyun and ... Xu Jialu walking in.

Enemies really meet on a narrow road.

She turned around and wanted to pretend that she didn't see him-but a warm and cold voice came through the noisy crowd.
