

Pampering

491 Chapter 494: Conflicts Caused by Concessions 2 (6 more)

Chen Li's face turned red, and he was about to stand up. He pressed his hands on his shoulders. "No." Gu Yang returned.

Gu Yang went to fetch water. He would have come back soon. As a result, there were too many people in the car, blocking the aisle, and an old lady couldn't put the suitcase on the luggage rack. Gu Yang saw it and helped. It's only a little delay, who knows this scene when he comes back.

Gu Yang didn't know what caused the incident. The result he saw was that an arrogant woman was forcing her comrades to take seats. Such behavior angered Gu Yang at once.

Gu Yang looked at the woman coldly. This position was bought by him for money. Why should he give you a seat?

The woman glanced at Gu Yang, her eyes disdainful, "It's a noisy business again, I let him give up his seat, not let you give up his seat."

"He is my comrade-in-arms." Gu Yang said powerfully.

The woman's face suddenly realized, "Oh, it turns out that you are also a soldier, you are a gang, why, now the soldiers bully people and still form a group?"

"I'll ask you, he bought this position for money. Why should he give you a seat?"

"Just because he is a soldier. Your soldiers are enjoying the various welfare benefits given by the people with the hard-earned money of our people. Now let you give us a seat, shouldn't it?" The woman said for granted.

Gu Yang was laughed angrily, "People, just like you?" His eyes mocked.

"What's wrong with me? Isn't I a commoner, I don't pay taxes?" She is a taxpayer, she is reasonable.

Chen Li pulled Gu Yang's clothing corner, "Gu Yang forgets." He wanted to stand up, but was pressed

back by Gu Yang. "No, let me give. This position is given to anyone today, and no one can give She." What's more, Chen Li's physical condition cannot stand for so long.

The woman heard the words and suddenly anger rose, "Wow, you really grouped to bully people, is it when I am no longer." Said to pull out her husband, "You are a dead man, your wife is bullied, What phone do you still play."

When the man came back from Gu Yang, he hadn't played with his cell phone anymore. He naturally heard what Gu Yang said. He originally had no attitude about Chen Li giving up his seat. It's okay not to let it, if it's best, after all, his mother really needs a seat, so when his wife gave Chen Li a seat, he didn't stop his wife.

Now Gu Yang is back, and his attitude towards his wife is so bad. As a man, he is naturally angry, so when the wife asked him to help, he immediately stood in front of his wife, "Why is my wife wrong? All of them are humans, you can buy tickets first, but we can only buy tickets without seats? Anyone with a little conscience should give way to our people. And your comrades are so young, my mother is over 50 years old. What happened to my mother's seat? Can you stand and die for a few hours?"

Gu Yang was smirked. Sure enough, it was not that the family did not enter the house. They met a wonderful family today. He wanted to see what they thought about this matter today.

When the woman saw her husband supporting her, the waist became hard immediately, hands on her hips, and said, "That is, you look at his attitude, and return to the military, I yuck! A man in a military uniform looks like a dog, but he does not Personnel. It just insulted the word "military"."

This was serious. As soon as the woman's voice fell, Gu Yang's face changed. She stared at the woman with fierce eyes. The woman was taken back by Gu Yang and then realized she was a little embarrassed. The waist stick rose up again, "How do you want to hit someone? If you dare to hit me, I'll be with you today."

Gu Yang did want to hit people. He had never seen such a shameless woman who was unsuccessful. If he had never beaten a woman, he really wanted the woman in front of him to be beaten up.

The little girl who had just spoken for Chen Li had a few arguments with her boyfriend, but before arguing for a result, she saw Gu Yang coming back, knowing that the two were comrades in arms, thinking that he should be able to support Chen Li, but Unexpectedly, when the woman saw Gu Yang coming back, her arrogance became more arrogant, and her words became more unpleasant. She suddenly became angry, disregarding her boyfriend's prevention, and stood up. What's inside, so stinky."

I just said something, and was pulled back by my boyfriend. The boyfriend covered her mouth with both hands and whispered, "You don't need to say a few words, the person who will be scolded is you again." Hu is so entangled, people can't hide, you are still slamming up, are you stupid?"

Chen Li was sitting on a needle felt, he wanted to stand up, but Gu Yang's hand was pressed on his shoulder, and he was pressed on the position, and the woman's words passed into his ears, making his face more red.

The woman was still scolding there. He heard Gu Yang's liver-husband call it exuberant. When he rushed up, he grabbed the dress on the woman's chest. "Don't force me to hit the woman."

The woman's husband immediately came up and waved his fist at Gu Yang. Gu Yang flashed over and raised a foot to kick on the man's waist, then let go of the woman and stepped forward to grab the man's collar and lift fist up and smashed into the man's face.

All this happened between the electro-optical flint, and no one expected that Gu Yang would suddenly start his hands, and when the crowd reacted and came to persuade him, the man had already suffered several blows from Gu Yang.

The woman did not expect her man to be beaten, and stood there in a daze, not knowing how to react for a while, but instead the woman who had not spoken since she got on the bus, rushed up and hugged the ground. His son began to howl, "Oh, the soldiers beat people, the soldiers beat people!"

When the woman heard her mother-in-law's crying, she immediately reacted, and then sat on the ground with her buttocks, patting her thighs with both hands, and began to howl. It's about to be beaten. Is there any Fa in this world?"

The passengers in the carriage saw the incident from the beginning, but kept silent. Although they did not approve of the woman's behavior of letting the soldiers take their seats, no one stood up and said things. At this time, Gu Yang actually started to beat people. His face also changed suddenly, but this time he did not agree with Gu Yang's approach.

"How can you beat someone, this is too much." Someone whispered.

"You think soldiers are really good people as they do on TV, military ruffians and ruffians, those people are rogues in human skin." Others said disdainfully.

"Although this woman is wrong, it's their fault to hit someone."

The girl who was upset was hearing this and stared at the person who spoke.

The movement here caught the attention of the train crew. A man who looked like a train conductor came over, "What's going on?"

The woman pointed at Gu Yang. "He, it is him. As a soldier, he assaulted our people. Look at what my husband was beaten."

The train conductor didn't know what happened, but the man could be seen when he was beaten, and Gu Yang stood in front of the man, who was the obvious one.

The little girl broke free of her boyfriend's hand and said, "It's not like this. It's the woman who wanted the military brother to give up. The military brother didn't get up. She was there to scold and insult people. That military brother returned the fight."

In a few words, I made the matter clear. The train conductor immediately understood it. He looked at the woman. "He is not obliged to give you a seat. You buy a seatless ticket."

The woman's eyes counted, "What's the matter? I let them give up their seats, they don't want to, just say that, why hit someone, it's not right to hit someone, apologize, apologize immediately."

This woman is not a reasonable person, and the woman is holding her son and wailing there, howling this world is difficult, howling her life is bitter, her voice is faltering, just like singing.

The train conductor had some headaches and looked at Gu Yang. "It's really wrong to hit someone. You really should apologize to this lady." The most important thing now is to calm things down, and the fastest way is to apologize.

Gu Yang coldly said, "I will not apologize." He is right, why should he apologize.

"Okay, don't apologize, right? Then I'm going to the police station to sue you, I want to call the police." Wen Yan, the woman suddenly shouted again.

But this is on the train, and the train is still running. Even if I want to call the police, no one will deal with it, so the woman threatened, "You wait for me, when I get to the station, I will go to the police station to sue you and say, Where do you get off."

"Yangcheng." Gu Yang said coldly, even if he went to the police station, he was not afraid.

The woman didn't expect that they also went to the same destination. "That's easy to handle. When we arrive in Yangcheng, we will go to the police station."

"Don't be afraid of the two military brothers. I have seen it with my own eyes. I will testify to you." The girl in red said in a loud voice, and glanced at the other passengers in the carriage. "I don't look like some People only look at the excitement, and they have no sense of justice in their hearts, which makes people chill."

The woman glared fiercely at the girl in red, the dead girl who was in a lot of business, the girl in red stared back, what was wrong, she had the ability to bit me.

The other passengers in the carriage heard the girl in red, and the expression was a little unnatural, but nobody spoke. The boyfriend in the red dresses her forehead.

**

The policemen present didn't know what was happening, and they always listened to the woman shouting at the soldiers, but the reason was not mentioned. After listening to the girl in red, the sight of the mother and son suddenly changed. Too. It is said that the military and civilian family, but the practice of these three people is really chilling.

And Gu Yang's beating behavior seems to be understandable, if you change to them, it is estimated that you want to beat people.

After listening to what the girl in red said, Shen Qinglan understood the course of things, and looked at the woman with a trace of coldness, and the woman shrank her neck.

Shen Qinglan did not say anything to the woman, but looked at Gu Yang. "apologize."

Gu Yang looked at Shen Qinglan, his eyes unbelievable, "Sister-in-law."

The girl in red originally thought that Shen Qinglan would help Gu Yang after they heard it. Who knew Gu Yang apologized and suddenly froze, "Hey, did you hear what I said just now? The woman is irritating and has nothing to do with these two soldier brothers."

Shen Qinglan just smiled in good faith at the girl in red, and did not speak. She looked at Gu Yang again, "Don't let me say it a third time, apologizing."

Gu Yang met Shen Qinglan's slightly cold eyes, pursed his lips, and reluctantly stepped forward, "I'm sorry."

The fear in the woman's eyes disappeared, and she looked at Shen Qinglan with a smug look, "It's still you who is sensible, so that's right, it's wrong to beat people. But don't think that the apology is over, my husband. I haven't seen your injury yet. You have to pay for the medical expenses and mental loss expenses. Also, because the delay in this matter is not the time today, you have to pay for the lost labor costs."

"We will naturally pay for your husband's medical expenses." Shen Qinglan spoke lightly, and his tone changed. "But, after finishing this matter, let's talk about another matter now."

"What is it?" the woman asked subconsciously.

"You insulted my brother, and my brother's friends, you must apologize for this."

"When did I insult them? Don't talk nonsense," the woman said loudly.

"You don't have to apologize. What's going on with this incident? So many people on the train must

have seen it, so come and ask and you'll know. With so many witnesses, I'm not afraid of your denial. My brother It's wrong to beat someone, so I let him apologize. As for your husband's medical expenses, we will also give you how much you spent, but it's also true that you have said so much insult to my brother and his friends in public. Talking about things from a young age is a dispute between you, and from a big way, it is not my brother who is insulting you, but a soldier. At a height, you look down on the soldiers of our country."

The girl in red originally thought that Shen Qinglan was afraid of something, but did not expect another turning point in the matter, and suddenly looked at Shen Qinglan with appreciation.

Shen Qinglan's expression was always faint, even the tone was calm, but the woman's face suddenly changed. "I didn't look down on the soldiers of the country, you never want to splash dirty water on me."

Scolding people is one thing. Once it rises to the overall height, or even the height of the entire country's soldiers, then this matter is serious. Even women who are stupid know this.

When the woman's mother-in-law saw that her daughter-in-law was going to suffer, she immediately stepped forward and said, "You want to bully more people, right? Even if my daughter-in-law says something wrong, then we haven't beat anyone, they both still Standing here neatly, but my son, what do you see if you are beaten? Who is the one who suffers?" The woman is also a master who is good at hustling and arrogant. She speaks with less weight and takes away the insults of the woman. thing.

After seeing the woman, Shen Qinglan also planned to continue to come to Hu Saman, and took out her mobile phone to call Shen Junyu's phone. "Brother, I met a few Hu Saman in Yangcheng who want to get rid of it. You need a lawyer. You need someone to come over as soon as possible. "

Shen Junyu stunned for a moment, and should say, "I will let the lawyer set off now, and wait three hours to arrive. Where are you now in Yangcheng?"

"I am at the police station of Yangcheng Railway Station."

Shen Qinglan opened the hands-free, so everyone present heard the content of the phone. The woman saw that Shen Qinglan really wanted to call a lawyer. She was anxious. She ran over and wanted to grab Shen Qinglan's mobile phone. Shen Qinglan raised her hand and directly Hang up the phone.

"The lawyer is already on the way. This matter is right or wrong, so there is a lawyer to judge." Shen Qinglan looked at the woman lightly.

When the woman heard that she was going to call a lawyer, she was immediately scared. She took the woman's hand and whispered, "What should the daughter-in-law do now? They want to call a lawyer."

The woman is also a little flustered, but she is more calm than her mother-in-law. "Mom don't be afraid. This is our reason, we didn't hit anyone."

The woman thought, yes, it was her son who was beaten now. She was afraid of anything, and suddenly her waist was straight.

The lawyer came over for more than three hours. Several people spent in the police station. The girl in red, as an eyewitness, also accompanied them.

"Miss Shen, I'm sorry." Chen Li apologized to Shen Qinglan in a whisper. The cause of this incident was still because of him. Gu Yang took the lead for him. "Let me pay for the medical expenses and lost work fees."

Shen Qinglan's eyes inadvertently swept over Chen Li's left leg and spoke lightly, "This matter is not to blame you, I will solve it, rest assured."

Gu Yang echoed, "Yes, this matter is not our fault, we don't have to be afraid, my sister-in-law will solve it."

Shen Qinglan glanced at Gu Yang, and Gu Yang suddenly stopped speaking.

After half an hour, the woman couldn't wait and shouted to go back. In fact, I was also afraid that the lawyer would really come, and this matter would be detrimental to them.

Shen Qinglan said lightly, "You can't take things now. You must have a break today. Your husband's injury has not been treated in the hospital. Our medical expenses have not been compensated. You have insulted my younger brother. They have nothing to say about their affairs. What is going on now."

"We will go and see if we hurt ourselves. You only need to give us the money." The woman also remembered the medical expenses. "Today, the beating of my husband caused a lot of mental damage to us, so you must Compensation to us is 50,000 yuan for mental damage."

Unexpectedly, this is the case. The woman has not forgotten the lion's big opening. The girl in red is astonished. She has seen shameless, never seen such shameless.

She thought so and said so. Her voice was not light. The people present heard it. The policeman covered her mouth and covered her smile. But the woman was angry, "Dead girl, you Nonsense, then nonsense, believe it or not, I tear your mouth."

The girl in red stood with her hands on her hips. "This is the police station, so you can come and beat me if you have the ability." She wanted to see someone beating at the police station.

Of course the woman did not dare to start at the police station. She glared resentfully at the girl in red and put her arms on her hips, sulking herself.

She was sulking for less than five minutes, and she went to Shen Qinglan and spread her hands. "We

don't need any medical expenses either. We should pay the mental damages to us, and we will leave immediately. This is the case. Never mind." Her expression was "I am very generous.

Shen Qinglan's expression was faint. "The lawyer is already on the way. We will hand over this matter to the lawyer. We won't pay less for the amount of compensation, and the insults against them are also given to the law."

As soon as the woman looked stiff, Shen Qinglan looked at her lightly, her eyes calm, without the slightest fierce color, but she made the woman take a step back in fear.

People with clear eyes can see that Shen Qinglan is not a troublesome character. The woman's husband wants to take his wife away when he sees it. "Forget it, let's go."

The woman still remembers the medical expenses and the mental loss expenses, wherever she wants to go. Even if there are not tens of thousands of yuan, it is good to get a few thousand. As for her husband's injury, it was just some skin trauma. Go home and wipe some medicated wine, and it disappeared in a few days. They are all ordinary wage earners. They usually have limited income, and it is good to get some compensation. And these people are rich at first glance, what happened to them? The money is small money for them, and they get more than this number in their fingers. Women take it for granted, and feel at ease.

Shen Junyu's work efficiency is very high, the lawyer appeared before them in less than three hours, "Miss Shen." The lawyer came to Shen Qinglan and greeted

"Lawyer Zhang will trouble you again." Shen Qinglan spoke lightly.

Lawyer Zhang smiled and said, "Miss Shen, this is what I should do. I don't know what happened this time?"

Shen Qinglan recounted the story in a low voice. Attorney Zhang nodded and suddenly counted.

He walked in front of the woman, "This lady, from now on I will act as Mr. Gu Yang's attorney. You said that my client started beating your husband, is that true?"

"Yes, that's the case, don't you want to deny this." The woman said straightforwardly.

Lawyer Zhang nodded, "How come I heard that your husband took the lead first? Mr. Gu Yang just defended?"

"You are a denial and shameless," the woman screamed loudly.

"You are shameless." The girl in red interface, "Mr. Lawyer, and all the uncles of the police, I can testify that it is indeed this man who first wants to fight two brothers of soldiers, and this brother of soldiers is also out of legitimate defense. Not only did I see it, but many people on the train saw it, you can check

it."

The woman stared fiercely at the girl in red. The girl in red did not look at the woman.

492 Chapter 495: The Turning Point (7 more)

"Don't think that your lawyer can speak well and we will be scared. You call it a rake." The woman said with hate, and looked at Lawyer Zhang's eyes very badly, and wished to rush up to tear him.

Attorney Zhang smiled slightly and said slowly, "This lady, I'm just stating the facts. Just now this lady also said what happened. I think since it happened under the eyes of everyone, this lady also Don't lie. If this lady is telling the truth, then we have to come back and hold you accountable."

"Responsibility? What responsibility can I have." The woman had a stalk in the neck.

"You want to get rid of it and ask my client for a large amount of compensation." Lawyer Zhang said.

"I didn't have it. They said they wanted to lose money." The woman refused. She now understands that the group of people did not intend to compensate them for any expenses from the beginning. The words are pretty good, whether it is medical expenses. Or will they pay them for mental loss? Actually, they are just appeasing them. Now, is it going to let her pay them to pay them? Thinking of this, the woman felt cold.

She shoved her husband and whispered, "You are still not a man and don't speak."

As soon as the man was pushed by his wife, he came to Lawyer Zhang. He looked at Shen Qinglan and Lawyer Zhang. He felt that these people were not a nuisance, so he thought about it, so he said, "It is said that the richer the more, the better. I understand now. Today, I should be bitten by a dog and don't care about you. That's how it matters."

The woman wanted her husband to help him with his theory, but the husband gave up directly, which made the woman uncomfortable and secretly twisted her husband. The man took a breath in pain and glared at his wife. Now this stupid woman is obviously at a disadvantage. If you continue to struggle, the compensation will be increased if you don't pay, or you may have to put money in it. It's better to calm down now, at least they haven't lost anything.

"Comrade police, you see that they have the final say. Obviously they know that they are responsible, afraid of being held accountable, and want to escape." The girl in red said, suddenly remembered her boyfriend who was standing silently and pulled him over, "This is my boyfriend, he was sitting next to me at that time, seeing clearly what happened, you can also ask him if I said it is true."

The police looked at the boyfriend of the girl in red. The boy didn't expect the girl in red to push him out. He looked awkward and touched his nose. "That, the thing is exactly what my girlfriend said. I personally gave up this gentleman's seat, and the gentleman's reluctance caused conflicts. However, I think, although the soldier's gentleman has no obligation to give up, the old lady is older and takes her seat. It's understandable to let her sit for a while, Comrade Police, do you say that?"

As soon as his words fell, the girl in red looked at him incredulously, "Do you know what you are talking about? What is wrong? Do you still have any three views of normal people? I really misread you."

"The boyfriend of the girl in red was put in public by his girlfriend, and his face was a little ugly."

On the contrary, the woman heard the young man's words and smiled, "Someone told the truth, you talk about them being soldiers, holding our taxpayers' money to enjoy the whole day, and when they need their dedication, they shrink back. Why doesn't it make sense? I didn't let them make seats for me, but let them make seats for my mother-in-law. Look at my mother-in-law, they are all in their 50s, their hair is mostly white, and they walk tremblingly for more than five hours. Can the train come over all the way to eat the body? They all say that the military and civilian family members, military and civilian family members, why don't they see our relatives as relatives at this time? If their mother did not buy a ticket today, they will Won't you just watch your mother stand because you have no obligation to give up your seat?" Probably someone agrees with her approach, the woman's waist is straight, and even her speech is stiff.

"It's not that I don't want to give up, but I can't make it." Chen Li, who had been silent, stood up and said. He raised his eyes and looked at the crowd. His hands on his side clenched into fists tightly, with a slight tremor.

Everyone didn't understand what he meant, and looked at him puzzled.

"Chen Li." Gu Yang yelled in a low voice, disapproving.

"Why can't he let it go? If it wasn't because he was a soldier, he could have priority in buying a seat, maybe he is sitting in that position is ours." The woman said in a loud voice.

"Because I..." Chen Li opened his mouth, but was interrupted by Gu Yang. "Because my comrade is injured, he can't stand standing for a long time. Is this reason enough?"

Everyone was stunned, but I didn't expect there was such a hidden feeling, but I understood it too, but the woman didn't believe Gu Yang's rhetoric, "You said he was injured when he was injured. He looks like he has a life like a tiger. Injury, you think you can make up a reason to believe us?" This frivolous posture makes everyone frown, no matter what the course of affairs is, even if the woman's attitude is reasonable, It becomes unreasonable, not to mention that from the narrative of the girl in red, everyone already knows that the woman is unreasonable in this matter.

And everyone said that there was an injury, so it must be the fact, is it necessary to use this kind of thing to deceive people?

"You don't want to mess with it." Gu Yang stared at the woman and said in hate.

"You said he was injured, then prove it to us. If he is really injured, I apologize." The woman was convinced that Gu Yang was using this reason to scorn them, and he didn't buy it at all. Only when the evidence is produced can I believe it.

Gu Yang's face was red, and he glanced at his comrades with their heads down, but did not speak.

The woman raised her eyebrows and a triumphant look appeared on her face. She knew that she was so smart that she was not fooled. "Now I have nothing to say? Let you take out the evidence and be guilty, hum, return to the military, full of lies."

Shen Qinglan frowned. She didn't like the woman's attitude very much. When she wanted to speak, Chen Li spoke first, "I will prove it."

Gu Yang was shocked, "Chen Li."

Chen Li smiled slightly, "Yang Zi, I'm fine." Then, he lifted the trousers of his left leg.

The crowd's eyes focused on his lap with his movements, his eyes narrowed, the scene suddenly became silent, and everyone's face was full of shock.

Chen Li lowered his trouser legs and said softly, "I am indeed injured. My left leg is equipped with a prosthesis and I cannot stand for a long time, so it is inconvenient to give you a seat. I'm really sorry."

Hu Saoman snarled the trio, and no one spoke at this time.

Gu Yang looked at Chen Li's left leg with a sad expression, "My comrade was seriously injured in a mission, his left leg was blown up, he was fitted with a prosthetic limb, and he was discharged because of this incident. I am an escort this time. He went home." Chen Li bought the ticket with great effort.

No one expected such a turning point. They just found out that although they only saw a bar, Chen Li's legs were indeed equipped with artificial limbs.

The girl in red had red eyes, and stared at the woman, "You even let a wounded hero give you a seat, do you still have a little shame?"

The woman looked awkward, she couldn't stand up anymore, she started talking, "Then we don't know that he was hurt, he didn't say that, if he said his feet from the beginning... then we won't let He gave way."

"Did you give him a chance to say it? He was aggressive when he came up. When he wanted to talk, you interrupted him. What did he say?" The girl in red felt uncomfortable for Chen Li.

The woman confessed, "This is the case, and we don't need any money." The woman said, she wanted to leave.

Shen Qinglan spoke lightly, "You plan to leave like this? Isn't he still owing him an apology?" The woman just clamored for an apology.

"I'm sorry." The woman whispered quickly and hurriedly, and then walked out, holding the hands of her husband and mother-in-law.

The girl in red wanted to stop them, but she was caught by Shen Qinglan, who shook her head.

When the mother and son left, the girl in red looked at Shen Qinglan, "Why let them go so easily?"

Shen Qinglan did not explain, but looked at the policemen, "Comrade police, can we go now?"

The police nodded and made a please gesture.

Shen Qinglan took the lead and went out. She walked very slowly to ensure that Chen Li could keep up with her speed. The girl in red noticed Chen Li's legs, which reminded me that when they got off the train, Chen Li walked at the same speed. It was very slow. I didn't feel it at the time. Now I think it's because of a leg injury.

Gu Yang wanted to support Chen Li, but was pushed away by Chen Li. He shook his head slightly, "I'm fine, I can."

At the door of the police station, Shen Qinglan looked at the girl in red, "Thank you for speaking for my brother and his friends today."

The girl in red scratched her head and smiled embarrassedly. "Actually, I didn't do much to help. I just told the truth."

"You can stand up and speak for them. It's very rare." Shen Qinglan said with a smile. In today's society, people are indifferent, many people are self-sweeping in front of the door, and when they encounter things, they are mostly lively, such as Today, the whole car saw this, but the girl who dared to come out

to speak, but only the girl in red, was willing to speak.

The boyfriend of the girl in red has lowered her head since Chen Li exposed her left leg, and silently followed behind them. Now when she heard Shen Qinglan's words, she was even red-faced and even red.

The girl in red became more embarrassed, she looked at Chen Li and said with a smile, "This soldier brother, you are great, I am honored for your soldiers in our motherland, thank you for your contribution to protect us. With sacrifice, it is my pleasure to meet you today, and I hope you will be well in the future."

This was the first time since Chen Li became a soldier that someone was so solemnly thanking him for his profession, and he was a little bit at a loss. "This is my... my duty."

The girl in red burst out laughing, she saw it, Chen Li is not good at speaking, it is estimated that he is also a dull person on weekdays, he doesn't talk much, or he won't be stunned by the woman on the train. I can't say anything.

Instead, Gu Yang smiled and said to the girl in red, "Little girl, thank you today."

The girl in red smiled, "I really didn't do anything. You don't have to thank me again and again. I'm honored to meet you today. It's too late today, so I will go first."

Everyone watched the girl in red leave, Shen Qinglan looked at lawyer Zhang, "Lady Zhang, I'm sorry to let you run for nothing this time."

Lawyer Zhang smiled slightly, "Miss Shen doesn't have to be so polite, this is my job. Since it's okay, then I'm going to return to Beijing tonight. Is Miss Shen with me or?"

"You go back first, I will go with Gu Yang when the time comes, and by the way, tell my brother, I'm fine here, so he doesn't have to worry. Lawyer Zhang nodded and said he would take the words and went straight to the airport. He is a specially appointed legal consultant of Junlan Group. He is usually very busy. Shen Junyu will not find him in general, except for Shen Qinglan.

Chen Li's hometown is a small county town in Yangcheng, a few hours away from the urban area. Now that the weather is late, they plan to go the next day and find a hotel nearby.

Shen Qinglan called Gu Yang and asked Gu Yang to come to his room. Gu Yang mumbled for a long time before coming, "Sister-in-law." He lowered his head.

"Know you are wrong?" Shen Qinglan asked lightly.

Gu Yang nodded.

"What's wrong?"

"Should not be beaten."

"Yes, and I know where I was wrong, indicating that there is still progress."

"Sister-in-law, don't bury me. I know I did something wrong today, no matter what, it's wrong for me to hit someone, so you ask me to apologize, and I apologize, but I don't regret it, if I try again I will still do it." Gu Yang looked up at Shen Qinglan, his eyes firm.

For today's affairs, Shen Qinglan is not willing to blame Gu Yang more. After all, if someone encounters such a situation, it will inevitably be angered, not to mention Gu Yang, a person who is more impulsive.

"I won't tell your brother what happened today, but in the future you have to do things more calmly. Think about the consequences and think about the military uniform you are wearing instead of letting your emotions control your reason."

I know the sister-in-law, I will pay attention in the future."In fact, today's incidents are also somewhat thrilling. Although there are reasons for the incidents, after all, it was his hands-on beatings. If today's incidents were known to the leaders of the army, he would definitely be punished. If this incident was exploited by some intentional people, it was intentionally damaged. The image of a soldier is the most serious.

Wanting to understand the key, Gu Yang couldn't help but fear that his temperament should really be changed, otherwise this temper will sooner or later cause trouble.

"Sister-in-law, I will tomorrow = send Chen Li home first, are you with me?"

"Let's go together." Shen Qinglan said lightly.

The next day, Shen Qinglan and Gu Yang sent Chen Li home.Chen Li's home is in a small town.Shen Qinglan drove the car in the direction of his house according to Chen Li's instructions.

From afar, I saw a woman standing in front of his house. The age should be his mother. As soon as the car stopped, the woman greeted him. Looking at Chen Li's left leg, his eyes were red, and his tears were already in his eyes. Turned around, but did not fall.

"Mom, I'm fine." Chen Li said softly.

Mother Chen nodded with a smile, "just come back." As long as she is still alive.

Gu Yang helped Chen Li to carry the luggage in, and Mother Chen greeted Gu Yang and Shen Qinglan to sit down, "Thank you two for helping me to send Chen Li back, hard work, hurry up, I will make tea for you."

Gu Yang stopped her, "Auntie, you don't have to be so polite. Chen Li and I are comrades-in-arms and brothers. He wants to go home. I naturally want to send him back. These are all Chen Li's luggage. Here it is."

"Well, thank you, eat at home at noon, I bought a lot of vegetables." Chen mother invited the two to stay for lunch.

"No auntie, we have to catch the plane this afternoon. Wait for the next time. I will come to see you and Chen Li next time I have a holiday."

Seeing that Gu Yang and Shen Qinglan insisted on leaving, Mother Chen returned to the house and took some food and stuffed it into Gu Yang's arms. "These are our specialties here. You can take it back and try it."

Gu Yang did not refuse, "Thank you aunt."

Chen Li looked at Gu Yang and said slowly, "Yang Zi, thank you." Gu Yang stepped forward and threw a punch on Chen Li's shoulder. "In the future, please call your buddy, no matter how much I will come over in the distance, go up the knife hill and go down in flames, I will die."

Chen Li nodded with a smile, watching Gu Yang and Shen Qinglan leave. Mother Chen patted her son's shoulder, "Go in."

Chen Li withdrew his eyes and returned to the house with his mother. "Mom, I will have time to do my filial piety next to you."

"It's good," she said softly, helping Chen Li pack his luggage.

Mother Chen secretly wiped a tear in a place where Chen Li couldn't see. When her son returned at the beginning of the year, he was still a healthy person, but now... but she was not willing to show her sadness in front of her son.

She is a single mother, and her husband is also a soldier, who sacrificed in a mission, leaving her and her son to depend on each other.

She originally wanted her son to find a stable job in the future and have children, but when the son grew up, she told her to be a soldier. She tossed and turned, thinking about it for three days before agreeing, and personally sent her son Get on the train.

From the first day her son went to the army, she had expected that there would be such a day. The result is now much better than she had expected. At least her son was still alive, although she lost a leg.

On the way back, Gu Yang's expression was sad, and Shen Qinglan glanced at him sideways, "What's

wrong?"

"I just remembered the days when I was with Chen Li. Sister-in-law, when I first met Chen Li, it was three years ago. At that time, I was rushed into the army by my grandfather and elder brother. Both me and him A company of soldiers. We were assigned to a dormitory. Chen Li was a very reticent person and didn't talk much at all. Although he didn't like talking, the training was very hard and very hard. When we ended at the end of the day, we were busy resting At that time, he also trained himself, we all call him desperately Sanlang."

"He made rapid progress, so he was selected when the troops first selected the special forces. Since then, we have not seen each other. I can only hear a little about him from other comrades. The sporadic news is all about how hard he worked and won the medal. But just a few months ago, I suddenly heard other comrades say that Chen Li was injured. I went to the hospital to see him, only to realize that he was so seriously injured. "

"How did Chen Li's injury come from?" Shen Qinglan asked.

"It is said that in order to understand the hostage rescue, they went deep into the terrorist's enemy camp and were found. On the way back, a bomb exploded beside him, and he lost his leg." When talking about these things, Gu Yang will still feel sorry for Chen Li.

Without these things, Chen Li might still be in the army, doing what he likes.

"Chen Li told me that his father was a soldier. From a young age, his father told him that soldiers are a great profession, guarding the safety of the people. It is because of the presence of soldiers that people can live and work in peace. Therefore, when his father sacrificed later, he silently vowed in his heart that he would have to inherit his father's career and become a glorious soldier when he grew up. He did it and did an excellent job. He was our The best soldier in a term." It was because of this that he was selected into the special forces early.

"This was the path he chose himself. I think he should have been prepared to meet today's results." Shen Qinglan looked faintly.

"I know, it's just a pity that he loves this job so much. He even told me that he told me that he wanted to be a soldier for a lifetime in the army until the day he couldn't do anything anymore." But What now?Chen Licai had left the army in his 20s, saying goodbye to his short military career.

Back in Beijing, Gu Yang did not immediately return to the army. This time he had five days of vacation, so he could stay at home for a few days.Things on the train seem to have passed.

It's just that when everyone gradually forgot about the things on the train, a video suddenly appeared on the Internet. The content is what happened on the train that day. It was just taken out of context and only intercepted the section of Gu Yang's beating. No, this video was just exposed, and it was hot searched.For a time, various rumors broke out on the Internet, which was very detrimental to the

military's image.

Shen Qinglan knew that this matter was still called by Yu Xiaoxuan. Although the people on the video were mosaiced, Yu Xiaoxuan recognized at a glance that Gu Yang was the one hitting her, and realizing the seriousness of the matter, she immediately called Shen Qinglan.

When Shen Qinglan heard it, he immediately turned on the computer. As soon as he opened the web page, the hot search content popped up. The first one was the incident of soldiers beating people. Shen Qinglan watched the video carefully and carefully, and then read the comments below, and his face completely sank.

493 496 Gu Yang was disciplined (8 more)

"Holding our taxpayers' money but beating our taxpayers is simply a scum of society, a moth of the army."

"Oh my god, what did I see? It's unbelievable that some soldiers beat the people."

"Such a person can wear military uniforms. Are the quality of the soldiers in our country so bad?"

"..."

Shen Qinglan looked at the comments on the Internet, eyes deep. The person uploading the video is obviously suspected of deliberately discrediting the military image. But who is this person? Why should I do this?

But one thing is for sure, the video must have been circulated from the people in the car on the train that day.

Shen Qinglan's fingers tapped on the keyboard, and a dialog box appeared on the computer screen, which was full of difficult codes. She wanted to find out where the video was originally sent. But the other party also seemed to be a computer expert, and processed his ID, but couldn't find it. Shen Qinglan called Jin Enxi. She needed Jin Enxi's help.

"Ann, I know. I'll check it now. I'll call you when I find it."

"it is good."

It's rare to take a vacation without training. Gu Yang was lying at home and was dead. He turned on his

mobile phone and watched a variety show for a pastime. As a result, he saw this video. When he opened it, his face became black.

This matter is obviously someone targeting the troops. Why do you say that? Although it was said that he uploaded a video of his beatings, the face of the video was mosaic-processed. If the person he targeted was him, he would definitely not do it.

It's just why the other party deliberately discredited the soldier's image. What benefit does this have for him? Thinking of this, the first thing Gu Yang thought of was whether this video would be done by a spy of any country. After all, all the bloody Z country people would not go such a thing.

If it is done by spies hiding in our country from other countries, then it is completely understandable to watch. Such a video is most likely to cause dissatisfaction of the Chinese with ZF, and it is also the most likely to cause public outrage.

It was unbearable. Gu Yang's finger joints made a gurgling noise. He vowed that if he knew who he was, he would definitely not let him go.

There are many comments on the Internet, most of them are verbal abuses of military personnel, and a small number of people are questioning the authenticity of this video and maintaining the image of the military. However, such comments are only a few after all, and they were brushed off by other comments as soon as they came out Down.

No matter how angry he was, he could not watch the video circulate on the Internet. Gu Yang called Shen Qinglan first. Then he knew that Shen Qinglan had already known it first. At this time, he was checking the initiator of the video. He hurried to the Fu family.

Just arrived at Fu's house, too late to speak to Shen Qinglan, and then received a call from a superior leader, asking him to return to the army immediately.

"Sister-in-law, I'll go first."

Shen Qinglan nodded, "Call your brother on the way back, the situation is so loud, you must have known it by calling, you tell him the truth about the incident."

Originally, Shen Qinglan didn't intend to tell Fu Hengyi, but now he couldn't hide it, Gu Yang nodded.

Jin Enxi was checking the source of the video, and another video appeared on the Internet. It is the full version of this video, from the beginning of the woman's request for a seat to the end of the train captain. The total length of the video is ten minutes, which completely restores the entire process at that time, and the uploader of the video is a woman named "Red Girl Shen Qinglan knew the id of "Xia" as long as he thought about it. It must be the girl in red that he met that day. As soon as this video came out, it immediately aroused everyone's attention. It was hot searched in just a few minutes. The title is very eye-catching-the real and fake videos are big pk.

At the end of this video, there was an audio, the voice of the girl in red, detailing the incident of that day, and the couple and the lion opened their mouths when they arrived at the police station, wanting to blackmail Gu Yang, and Chen Li's leg was amputated because he was injured on the job.

"I'm a junior student in Beijing's C University, and I was in the car on the same day. I saw this with my own eyes. I didn't know what it was to deliberately discredit the image of the soldiers. Video, this is the full version of the incident that day. I swear in the honor of my motherland that every sentence I said above is true, but any half-truth will make me die. The soldier is a great man Occupation, most of them are young people like me, they should have enjoyed their youthful years but left their hometown, went to the border, trained in the most difficult environment, they guarded ours with their blood and sweat Only the motherland can have our stable life now. Before meeting these two soldiers, my understanding of the life of modern soldiers is exercise and training, and there will be no real casualties. I believe most people have the same ideas as me .. But after meeting them, I learned that even though it is a peaceful age, there will still be times when there is peace. The peace and beauty we see are all exchanged for their youth and flesh and blood. Obviously it is a guarantee. The hero of Jiaweiguo was treated like this, and so many passengers saw it in that carriage that day, but no one stood up to speak for them. Seriously, I am very chilled, I believe that people who feel chilled It's not just me. What makes me feel terrible is that some people try to use a piece of out-of-frame video to deliberately discredit the image of soldiers. They protect our country and protect our country. As ordinary citizens, we should have a minimum of whether they should be cherished. What about respect?" In the end, the girl in red said such a paragraph.

Things turned around again, and the trend of the netizens who had been insulting the soldiers on the Internet suddenly changed, and became the accusation of the couple and the maintenance of the soldiers.

"I knew that the soldiers in our country were good, and would not do anything that would hurt the people."

"The couple really should fight, and the soldiers are also human beings. They spend money to buy tickets. Why should they give you a seat, they shouldn't be given to them. If they can, they can't go to heaven so well."

"The soldiers are defending their home and defending the country on the front line. Why don't you see you replace them when they are bleeding and sweating."

Shen Qinglan watched the video again, and found that the girl in red very carefully mosaiced all the faces in the video, as if it were just the full version of the video, and there was a smile in his eyes, which was a clever girl.

In the Beijing Military Region, Gu Yang saw the man standing in the leadership office as soon as he arrived in the army. His neck shrank, "Brother."

Fu Hengyi's expression was cold, and Gu Yang's eyes showed a cold light, "I've got a lot of skills, have I learned to fight the people?"

Gu Yang lowered his head, and he was unreasonable about beating people. Now it is because this incident has discredited their soldiers. "Brother is sorry."

Fu Hengyi looked at him coldly, "Know what's wrong?"

"Sister-in-law has taught me."

Only then did Fu Hengyi know that Shen Qinglan had rushed to Yangcheng to give Gu Yang an aftermath, and immediately sneered, "Gu Yang, you are fine."

Gu Yang's back was cold, and his instinct was not good. His elder brother's appearance is too terrible. When this matter is over, if he is not expelled from the army, I'm afraid Fu Hengyi will be fine there. Just before he asked for mercy, the leader of the Beijing Military Region Command came in.

The leader looked serious, "Gu Yang."

"To." Gu Yang responded instinctively.

The leader looked at Gu Yang, and Gu Yang's scalp was numb, but he could only stand there straight and accept the leader's examination. It took a long time for the leader to speak slowly, "Are you the soldier who beat people in the video on the Internet? "

"It's me." Gu Yang never thought to deny it.

"Very good, and have the courage to admit it." The leader said.

Can Gu Yang regard the leader's words as praise to him? Didn't he see that the leader's face was all black?

"The big husband dares to be dare, since I did it, there is nothing I dare not admit." Gu Yang replied loudly. The leader snorted, "Gu Yang, do you remember that you are a soldier of the people? You dare to beat the people! Even if there is a great reason, you are a soldier, and it is wrong to beat people. Even the troops are killed because of you. Discredit, you have to bear certain responsibilities for this matter. The troops will take corresponding actions against your actions. You go back and wait."

Gu Yang's expression changed slightly, "Yes."

"Go out." The leader waved his hand and told Gu Yang to leave. Gu Yang respected a military salute and stepped out. The moment he stepped out of the office door, Gu Yang's face collapsed and was downcast.

That afternoon, Gu Yang's decision on punishment came down. In addition to writing a review and the five-day imprisonment, Gu Yang was also asked to suspend him for a month.

Originally, Gu Yang had a reason for hitting personnel, and did not cause the other person to be disabled. At most, it was a verbal warning, but because some people burst the video, it caused a very bad influence in society. Although some people came out to explain it, but the impact it also caused more or less, so the leaders in the army decided to punish Gu Yang severely after consultation. If Fu Hengyi protected him, Gu Yang might even be expelled from the military, but now this punishment is already heavy enough for Gu Yang. Not to mention, Gu Yang did not want to be promoted within three to five years.

Gu Yang fully accepted the punishment and had no objection. He already wanted to understand that as a soldier, his duty is to defend his home and protect the country. The thing that day was indeed that the couple had the wrong first, but as a soldier, he should be stricter with self-discipline, and act impulsively, beating people. This is his fault, he admitted, so he accepted the punishment.

Gu Yang's affairs were so violent, it was impossible for Grandpa Fu to not know that after Gu Yang returned home from the army, Grandpa Gu was severely punished.

The video on the Internet deliberately discrediting the image of the military has been taken down by the relevant departments. And Jin Enxi has also found the source of the video, which was circulated from an Internet cafe. The person who uploaded the video is very cunning and has some skills to deal with his ID. On the surface, the video is sent from a remote mountainous area. Jin Enxi checked the surveillance near the Internet cafe and found that a young guy uploaded the video. Jin Enxi gave Shen Qinglan what he found.

When Shen Qinglan saw the person in the surveillance video, he raised his eyebrows unexpectedly, but he didn't expect it to be him.

C, the girl in red, that is, Tao Ran turned to face her boyfriend behind, no, the ex-boyfriend said, "Zou Hongyang, don't follow me anymore, we have broken up now."

Zou Hongyang continued to follow Tao Ran, "Tao Ran, we have been in contact for three months. Do you really want to stop you from doing business because of me that day, will you break up with me?"

Tao Ran looked at him, "I told you not to break up with you because you wouldn't let me do business."

"What's the reason?" Zou Hongyang didn't understand that they had planned to go to his house for the Dragon Boat Holiday, but they encountered such a thing on the train, and were still in the police station for a long time. They thought it was over. They can continue to go out to play, who knows that Tao Ran came out of the police station and said that he would break up with him, and still went to the hotel by himself.

"I broke up with you because you have problems with the three views. You are not correct. I think I am not the same person as you." Seeing Zou Hongyang has been entangled, Tao Ran simply explained the words to her. These words she originally I didn't plan to say that I felt a little hurting self-esteem. "You were in the Yangcheng police station that day, even helping the couple speak."

"Where is my problem with the Three Views? I was telling the truth that day," and he didn't know that Chen Li's leg was injured when he said this. Zou Hongyang didn't think he was wrong.

"Look, we are not even the most basic values of life, is it not all along the way, is there any need to continue to interact? Well together and loose." Tao Ran finished, turned and left.

Zou Hongyang pulled her, "Tao Ran, I didn't know that the man's leg was injured at the time, and I didn't know that I was wrong. We are the same family, you can't break up with me for an outsider. ."

"Isn't he obligated to give up without being injured? That law stipulates that soldiers must give way to others? Isn't soldiers a human being?"

Tao Ran looked at Zou Hongyang's hand holding his arm. "You let go, if you don't let go, I will hit you."

"You fight, you don't let me fight. If you don't feel angry, you can fight a few more times, as long as you don't make trouble with me."

"Zou Hongyang, you know my temper, I said that breaking up is really breaking up with you, rather than being awkward with you, you let me go now, we will still meet friends in the future, if you don't let go, you will make trouble on everyone's face It's embarrassing, and even friends haven't had to do it in the future." Tao Ran was a little angry. She really didn't like such a stalker.

Tao Ran and Zou Hongyang are good male and female friends, but her feelings for Zou Hongyang may not be so deep. At first, she was chased by Zou Hongyang for more than a year, and Tao Ran only reluctantly agreed to try to associate with him.

As a result, she didn't expect that this person was actually such a person. She said that she could not continue to associate with people with three wrong views.

The two were entangled at the school gate, Tao Ran had to leave, and Zou Hongyang had to stay.

Tao Ran was a little irritable. When she turned her head, she saw Shen Qinglan standing at the gate of the campus. Her eyes lit up, and she quickly walked towards Shen Qinglan, "It's you."

Shen Qinglan smiled slightly, "Hello."

"Why did you appear in front of our school? Are you here to find me?" It was surprising that Shen Qinglan would appear here.

Shen Qinglan shook his head, looked behind him, and made a nuisance, "I'm here to find him."

Tao Ran looked back at Zou Hongyang in surprise, wondering what Shen Qinglan came to him for?

At the moment when Zou Hongyang saw Shen Qinglan appear, a flicker of confusion flashed in the depths of his eyes, but he tried to stay calm and stand still.

"I have something to ask him to verify." Shen Qinglan said gently, then looked at Zou Hongyang, his expression became cold, "Do you want to say here or find another place?"

Zou Hongyang pursed her lips, "Come with me."

Tao Ran's eyes were more suspicious, and when they saw that they were leaving, they followed. The three came to the small playground behind the big C, where few people came and it was convenient to talk.

"What did you do?" Tao Ran asked.

Zou Hongyang shook his head, "Tao Ran, don't ask, you go back first. We will talk about our affairs later." Some things he did not want Tao Ran to know.

He let it go, but Tao Ran refused to leave, and stood there. Today she must understand.

"I also think she should know about this matter." Shen Qinglan looked faint. "You uploaded that video, right?"

"Ah? Yes, it's me." Tao Ran thought that Shen Qinglan was talking to her and said subconsciously.

Shen Qinglan stroked his forehead, "No. I'm not talking about your part." She looked at Zou Hongyang, "Did you post the video you intercepted?"

"Not me, don't injustice me." Zou Hongyang denied.

Shen Qinglan raised her eyebrows, thinking that he agreed to come out and talk with her. He did not intend to deny it. He also thought that this person was at least decent, but he did not expect to deny it in an instant. But she was also prepared for denial.

"What? That video was transmitted by you!" Tao Ran's face was unbelievable. "Zou Hongyang, why did

you do this?" She believed Shen Qinglan for the first time. After all, Shen Qinglan had come to the door. Clear evidence.

"Tao Ran, don't listen to him talking nonsense. I didn't post the video. What good is it for me to do this?"

Tao Ran frowned. If Zou Hongyang did this, he would have no advantage at all. He turned to look at Shen Qinglan, "Is it wrong? The short video he uploaded is not good for him."

Shen Qinglan did not speak, but took out a U disk from the bag, "Zou Hongyang, 21 years old, majoring in computer science, majoring in school on weekdays, is a national scholarship winner every year." She slowly and slowly Speaking of Zou Hongyang's performance at school, they are all very proud achievements.

Tao Ran didn't understand what Shen Qinglan said about these things, but Zou Hongyang's hand on his side was involuntarily held up.

"You are investigating me?" Zou Hongyang said angrily, "You violated my right to privacy by doing so. I have the right to sue you."

Shen Qinglan smiled lightly, "You go." These are things that can be found after a little check. If Zou Hongyang thought that this would scare her, that would be too small to look at her.

"It's useless to grab people's voices first, it can't hide the fact that the video was uploaded by you. Although you concealed your id when uploading the video, most people can't easily find you, but don't forget, if you want someone I don't know, unless you have no idea, this U disk is the surveillance video that was taken when you uploaded the video in the Internet cafe. Do I need to find a computer to open it for you to see? Or should I give it to your teacher directly?"

"You... you are spitting blood, who knows if the stuff inside you is someone you synthesize." Zou Hongyang's mouth is hard, but the panic in his eyes reveals the true emotions in his heart, how could he forget to wipe out the monitoring of the Internet cafe? What.

"Whether it is a synthetic person to find someone to identify it and you know it, but you, deliberately use this out-of-text video to smear the image of the soldiers and cause adverse effects on society. The state has the right to pursue your legal responsibility."

"It wasn't me, it wasn't me." Zou Hongyang suddenly shouted, "It's not me, this video was taken by someone else, not me."

Shen Qinglan certainly knew that this video was not made by Zou Hongyang, "but the person who uploaded it is you."

Zou Hongyang's silence is considered the default.

"Tell you, who made you do this, and what benefits did you give?" Shen Qinglan could have directly referred this matter to Fu Hengyi, but she wanted to know who was the main messenger behind her.

"No one, no one told me to do this."

"That's why you want to do this yourself, why?" Shen Qinglan asked lightly.

Zou Hongyang glanced at Tao Ran, and Tao Ran felt a strange feeling in her heart. Before she could understand, she heard Zou Hongyang say, "Because I said that to the couple that day, my girlfriend broke up with me when I turned around. . I'm so angry, that's how I did it."

Tao Ran didn't expect this person to do such a thing because of such a small thing, and looked at him suddenly with disappointment, "Zou Hongyang, I originally thought that you are a strange person. I didn't expect you to be such a tasteless person, and you too A Z countryman, how can you do such a thing!"

"I was confused for a while, and I didn't expect that things would become what they are today, and I didn't expect it to be big." Zou Hongyang defended.

But for his explanation, Shen Qinglan didn't believe a word, "I have to say that you are indeed very smart, but this cleverness is not used on the right path. I came to you today and I just want to give you a chance to let you be frank. Since you are not willing to cherish this opportunity, then I will give the U disk to the military, and you are waiting for legal sanctions."

The computer major of C major is famous all over the country, and it is very difficult to take the test. Zou Hongyang can take the test and still maintain the top three grades of the whole year, which is enough to show that his IQ is actually very high, if it can be used in the positive After going on the road, it must be a personal talent. Shen Qinglan had a rare heart of talent, but the others did not appreciate it. In this case, let Fu Hengyi handle this matter.

494 Chapter 497: Unexpected Harvest (9 more)

When Zou Hongyang heard that he was going to hand him over to the military, the panic in his eyes was even worse. "All I said is true. I didn't lie to you."

"I just said that you are clever and now you are stupid again. You should know that telling the truth is the best choice for yourself. Since I came to you today, I have full evidence. You think you don't say, I Can't find it? Even if I can't find it, they can't find it by the military? When they find it, what are you waiting for? You think about it yourself." Shen Qinglan said slowly, but Zou Hongyang gradually became white. Face.

Zou Hongyang was silent for a long time before slowing down, "It's a man. He found me actively. He said

that as long as I upload the video to the Internet, he will give me 50,000 yuan. I don't know How could I have promised to be miserable, I really didn't expect that things would be so big."

In fact, his family's financial conditions are not very good. His tuition fees are paid with scholarships. In addition to studying, he also has to go out to work part-time and earn some pocket money as his living expenses. The man had 50,000 yuan a shot, he had never seen so much money, and with this money, he would not have to go out to work part-time, more time to study, he naturally moved.

Although he knew that if this video was posted on the Internet, it would definitely affect the image of the soldiers, but he did not care about it. After all, there is more than one piece of news on the Internet about soldiers hitting people. Wrong, but it is too late.

He had thought about withdrawing the video, but the man said that if he withdrew the video, he went to the school to report him, saying that he maliciously vilified the image of the soldier. If this matter is known to the school, he is bound to be expelled. With balance, Zou Hongyang can only remain silent.

In the past few days, he has also been very upset. From time to time, he has to look at the comments and comments on the Internet, watching the things get bigger and bigger. He is like sitting on a needle until Tao Ran uploads the second video, and the crowd's voice has changed. He took a sigh of relief, at least he didn't black out the image of the soldiers. In this way, could he relieve a little of the guilt?

"What does that man look like?" Shen Qinglan asked.

Zou Hongyang shook his head. "I don't know. I haven't seen him. I contacted him by phone. The money was also directly sent to my card."

"What about the video? How did he give you?"

"The video was sent directly to my mailbox. I checked the other party's ip, but I didn't find it." Shen Qinglan asked Zou Hongyang to give her the ip address, and then she asked Jin Enxi to check it, although the possibility of not finding it was very high.

"I told you everything I know. Can you not go to school to report me or give me to the military? I really knew something wrong this time, and I promise not to do it again in the future Things." Zou Hongyang pleaded.

Shen Qinglan looked at his eyes firmly, "Everyone is responsible for what they do."

"You didn't say that, as long as I told you, wouldn't you hand me over to the military? You lied to me." Zou Hongyang suddenly became angry when he heard Shen Qinglan's words.

"When did she say this?" Tao Ran interjected. At this moment, she hated Zou Hongyang in the bones, and the person who made him do it was obviously not good. Zou Hongyang would not understand, but he still did it for his own self-interest. This kind of person is simply not worthy of being a z countryman.

"In short, you can't hand me over to the school or the military. If that happens, I'm done. I finally got admitted to C major. I don't want to be expelled from the school. I can help you check that man's, As long as you don't hand me over to the school and the military, I'll help you contact the man so you can catch him." Zou Hongyang tried to change Shen Qinglan's idea.

Shen Qinglan was unmoved. In fact, no matter whether she said it or not, sooner or later the military would find Zou Hongyang's body. As for the man, 9 out of 10 have already left.

"This is not something I wouldn't find if I didn't say the military. Since I can find evidence, other people can do the same. You might as well take the initiative to confess this matter while those people haven't found you. Strive for leniency." Shen Qinglan turned around and left, and Tao Ran followed. Zou Hongyang stood staring blankly at Shen Qinglan's back, wondering what he was thinking

"Hey, hello, I haven't introduced myself yet. My name is Tao Ran, what is your name?"

"Shen Qinglan." Shen Qinglan opened his lips softly and spit out three words.

"How did you know that Zou Hongyang did this?" Tao Ran asked curiously.

"Privately checked."

"You are so powerful, you can find the person behind him in such a short period of time." Tao Ran himself is also a computer learner, naturally knowing how hard it is to check this matter, especially in Zou Hongyang to do his own IP address After hiding.

Shen Qinglan smiled, Jin Enxi was indeed a leader in computing.

"Right, did the injured soldier brother that day go home?"

Shen Qinglan nodded, "Already sent him home."

"What about the other? He didn't get punished after he returned to the army?" This incident was so

violent. Tao Ran didn't believe that it had no effect on Gu Yang. He would be punished in all cases.

Gu Yang's punishment decision, Fu Hengyi has called to tell her, but Shen Qinglan did not tell Tao Ran, "I don't know this well, you can ask him yourself. But the punishment should not be run away."

"Can you...Can you..." Tao Ran hesitated, and Shen Qinglan waited for her to say next, a smile flashed deep in the eyes.

Tao Ran gritted his teeth and said, "Can you help me plead with the leader of the soldier, this is not the fault of the soldier, I can testify. Please don't punish him severely." Tao Ran knows the discipline in the army Strictly speaking, once a soldier does something wrong, the punishment will only be worse than the ordinary people.

"I can't decide this, and I don't have this right. But rest assured, he can't die."

Of course Tao Ran knew that Gu Yang could not die, and she was not worried about this. She was just...well, in fact, Tao Ran didn't know what she was worried about, just wanted to know Gu Yang's situation.

"Can you tell me the contact information of that soldier's brother?" Tao Ran felt that it was better to ask Shen Qinglan instead.

Shen Qinglan looked at her with raised eyebrows, and Tao Ran blushed. "That, I have worshipped soldiers since I was a child. I just thought that the soldier brother, that day... was very handsome. The things on that day would definitely affect him. I just wanted to ask Ask him how he is doing." Tao Ran tried to explain, but he was incoherent. He couldn't help but despise himself in his heart. Tao Ran and Tao Ran just asked for contact information. What are you nervous about?

The smile in Shen Qinglan's eyes grew stronger and he gave Gu Ran's WeChat account without hesitation.

Tao Ran thanked, Shen Qinglan waved his hand and left c big.

Zou Hongyang took the initiative to find the school principal's mistake. Shen Qinglan learned it only the third day. After knowing the incident, the principal of University C directly contacted the military personnel.

And things are indeed as expected by Shen Qinglan. The military actually found Zou Hongyang's body, but just did not have time to act, Zou Hongyang first admitted the mistake.

Because of his good attitude in admitting mistakes, he also proactively handed in the 50,000 yuan and provided the military with the contact information he knew about the man.The military did not embarrass Zou Hongyang, but the school still gave Zou Hongyang a warning, and his national scholarship this year also broke down.

Although Zou Hongyang was sad about this result, it was much better than going to jail.

"So you suspect this man is an international spy?" Shen Qinglan asked Fu Hengyi, and Fu Hengyi nodded. Ordinary people simply do not need to do this, "This matter is not directed at Gu Yang personally."

Shen Qinglan naturally knew that this incident was not directed against Gu Yang. Although he was impulsive to do things and occasionally had a stinky mouth, he would offend people. But since he went to the army, he has stayed in the army all the year round, and all the comrades and the army get along. The human nature here is straightforward, simple in mind, not so disgusting, and no one will deliberately target Gu Yang, so Shen Qinglan also prefers Fu Hengyi's guess.

"I also asked Enxi to check the IP address provided by Zou Hongyang, but there is no useful clue, did you find anything?"

Fu Hengyi shook his head, his face slightly dull, "The identity information that the man used to contact Zou Hongyang's mobile phone number to register is fake, and he can't find it. The other party is very cunning and should be a veteran."

For such a result, it is entirely within the expectation of Shen Qinglan that if the man is really an international spy and it is so easy for them to be investigated, then they have to worry about whether there is another purpose behind this.

International spies are available in every country. Perhaps someone who seems to be ordinary around you is a spy sent by a certain country.

However, these two issues are not in their turn. The country naturally has no one in charge of this. So when the matter was transferred to the National Security Agency, Shen Qinglan and Fu Hengyi forgot about it.

Gu Yang was punished by the army for the video. After five days of imprisonment, he went home. He was suspended for a month.

Just when he was moldy at home, thinking about whether to ask Gu Kai they came out to play, suddenly received a friend verification message, clicked at the beginning like a look, turned out to be the girl in red that he met on the train that day, he ordered Passed.

Half a month later, Gu Yang appeared with Tao Ran in front of Shen Qinglan. Shen Qinglan glanced at Gu Yang and Tao Ran again. Tao Ran lowered her head slightly, her face flushed, Gu Yang smiled and hugged Tao Ran's shoulders, "Sister-in-law, this is my girlfriend, Tao Ran. This is my sister-in-law, you should know, I will not introduce ."

Shen Qinglan was not surprised at this result. When Tao Ran asked her for Gu Yang's contact information

at that time, she realized that she just didn't expect that these two people moved so fast, and it was only half a month later that the relationship was determined.

However, if you think about it, it feels normal. Tao Ran is a straightforward and straightforward girl, and Gu Yang is not a messy person, and the rest of the conversation between them is natural.

"Is it serious?" Shen Qinglan asked, Gu Yang patting his chest, "Of course, we are dating for the purpose of marriage."

Although Tao Ran blushed, she nodded. At this time, she did not know the identity of Gu Yang and Shen Qinglan. She always thought they were ordinary people like her.

When Fu Hengyi listened to Shen Qinglan about this, he couldn't help but smile, but he didn't expect that it even contributed to a marriage.

**

The time passed quickly, and soon after three months.

Tong Yunshi has been pregnant for more than four months, nearly five months. During these few months, she also did not go to Fang Tong according to Li Boming's agreement.

He only occasionally texted Li Boming, but Li Boming ignored it. She wanted to find Li Boming in the past, but worried that he was annoying him. He really ignored himself and could only spend his time in torment.

On this day, Li Boming accompanied Fang Tong to the obstetrical examination, and met a child rhyme poetry who also performed the obstetrical examination at the door of the hospital.

Tong Yunshi glanced at Fang Tong, his eyes fell on Li Boming's face, "Boming."

Li Boming looked slightly cold, "What are you doing here?"

"I'm going to have a maternity check today." Tong Yunshi said, "Our children have been more than four months." She looked at Li Boming's eyes with hope.

She didn't take into account Fang Tong at all, and she confessed anyway. Fang Tong knew she was pregnant, so there was nothing to hide.

Originally thinking that Fang Tong would respond to this, but she didn't expect her to stand there quietly, as if she didn't hear it, which is different from what Tong Yunshi thought. She even expects Fang Tong to be in public.

Fang Tong had nothing to be angry about, and Li Boming was clear with her about that night, and she

also knew Li Boming's plan, she had some sympathy for children's rhymes in her heart. A little sympathy disappeared instantly. She stood beside Li Boming indifferently, playing a wooden pile.

When I saw Li Boming and Fang Tong together, Fang Tong was not gentle to Li Boming. Today, the two of them didn't say much. Fang Tong was cold all the way. Is it true that these two people are in trouble Bye bye? Thinking of this, Tong Yunshi couldn't help but feel happy.

"Bo Ming, my parents already knew about my pregnancy. They were very angry. They kept asking my child's father's identity and let me kill the child. I..." When I spoke again, Tong Yunshi had depressed the joy in his eyes. Italian, for a pitiful expression.

Li Boming's eyes moved slightly, and finally he looked at Tong Yun's poems. The latter once again rejoiced in his heart. Sure enough, Li Boming didn't have no feelings for her. At least she still cares about the children in her stomach. What a tender feeling, I certainly care about my children.

She reached out and touched her tummy and looked provocatively at Fang Tong when Li Boming didn't pay attention. Fang Tong was still like a wooden pile, unresponsive.

"Boming, I'm doing the obstetrics examination alone. I'm a little worried. Can you go with me?" She said softly, helplessly. She was testing, testing Li Boming's bottom line, and Fang Tong's bottom line.

Fang Tong finally responded, looking up at Tong Yunshi coldly, and Tong Yunshi's eyes flashed with pride. She thought Fang Tong was really ashamed, but that's all.

Li Boming's eyes swayed slightly, and he looked down at Fang Tong. "You go to the car and wait for me." Fang Tong has finished the inspection. When they were going home, they met the child rhyme poem that was going to undergo the birth examination.

Fang Tong realized what Li Boming wanted to do, what Zhang Zhangkou wanted to say, but his complacent look at Tong Yun's poems, when he reached his mouth, he immediately swallowed back and nodded.

Li Boming first sent Fang Tong to the car. "Wait for me, I will come down quickly."

"It's okay, don't worry."

Li Boming confirmed that she was well, and then returned to find Tong Yunshi.

Li Boming took Tong Yunshi directly to the second floor of the hospital and stood at the elevator door. Tong Yunshi pulled Li Boming, "Bo Ming, the maternity inspection is on the fourth floor, what do you bring me to the second floor?"

Li Boming flicked her hand away, "The second floor is the paternity test center."

Tong Yunshi's face stiffened, "Bo Ming, I'm here for an obstetric examination." She has forgotten the paternity test.

"And I'm here to do the paternity test." Li Boming said lightly, he wouldn't come up for the purpose of paternity test.

"Bo Ming, the paternity test is not in a hurry. Let's do it another day. I will have an obstetric check today. I have made an appointment with the doctor." Tong Yunshi pulled Li Boming's cuffs and begged quietly, everyone around was there. Look at her. Protruding a big belly and coming to the paternity test with a man, it is self-evident. She felt that the approaching nurse looked at her with strange eyes.

Li Boming was unimpressed with her prayer, "Either do a paternity test, or don't show up in front of me again."

Tong Yunshi did not expect Li Boming to be so cruel, he gritted his teeth, "Okay, do it."

This hospital is known by Li Boming, so paternity testing is convenient.

"Wait," Tong Yunshi called the nurse. "Can you give me a sample?" She refers to Li Boming's blood sample.

A flash of taunt flashed in Li Boming's eyes, and Tong Yunshi was embarrassed, explaining, "I don't believe you, but... You also know that this matter is very important to us, or you should find another hospital. right?"

Li Boming re-rolled the sleeves without speaking, and asked the nurse to draw another tube of blood. Tong Yunshi carefully put Li Boming's blood sample into the bag. She wanted to find an institution to do it in case. The doctor in the home hospital had negotiated with Li Boming. How about fooling her with a fake paternity test report?

"Bo Ming, where are you going?" Tong Yunshi called on Li Boming, who was about to leave. "I haven't done the birth inspection yet."

"Fang Tong is still waiting for me below, you can do it by yourself." Li Boming said, brushing away Tong Yunshi's hand holding the clothes, and turned downstairs

Tong Yunshi stood alone in the hallway, facing the strange eyes of others, and with tears in her eyes, she turned her head slightly and resisted not letting the tears fall. Wait, after she proves to Li Boming that the child in his belly is his, she will see if Li Boming will be so indifferent to her.

At that time, Fang Tong will definitely make trouble with Li Boming, maybe after Fang Tong gives birth to the child, the two will divorce. Thinking of this, Tong Yunshi's mood is much better, and he went upstairs alone to do the birth inspection.

"Everything is done?" Fang Tong asked, Li Boming nodded, "The result will come out in a week, you have to bear another week."

Fang Tong smiled slightly. She didn't care. Tong Yunshi didn't bother her again in the past few months. Her life was quite comfortable.

"Today we will not go back to eat, I will take you out to eat, what do you want to eat?"

In the past few months, Fang Tong's meals were all under the responsibility of Fanghua Hua, and his diet was light. Fang Tong was tired of eating his mother's food, and just came out today to change her taste. Fang Tong thought for a while, "I want to eat the roast duck on Xinhua Road."

"Okay, let's eat roast duck today." Li Boming Tong Tong is responsive.

**

A week later, when Li Boming got the paternity test report and saw the final result, he couldn't help but tickled the corner of his mouth, with a cruel smile in his eyes, and took the initiative to call Tong Yunshi for the first time.

Tong Yunshi is doing yoga for pregnant women at home and received a call from Li Boming. He smiled instantly, "Bo Ming."

"The paternity test results are out, do you want to see them?"

"It doesn't matter if you don't see it, as long as you read it." Tong Yunshi said with a smile.

"I advise you to take a look."

"Then I will get it from your house?"

"Give me an address, and I will send it to you later." Some words are better explained in person.

"Bo Ming, can you still know where my family lives?" Tong Yunshi said with a jealousy. She used to live downstairs in the wedding room of Li Boming and Fang Tong, but later Li Boming could not stand Tong Yunshi. After several times of entanglement, I went back to another community to buy a house.

Li Boming did not have any important things in the afternoon. After lunch, he called Fang Tong to report the trip and drove away.

Tong Yunshi had been waiting for Li Boming at home early. He also changed his clothes and painted a light makeup.

Hearing the doorbell, he immediately walked over and opened the door. Sure enough, Li Boming was

standing outside the door.

"Come in and sit down."

Li Boming walked in slowly, but didn't sit, but directly handed the document he was holding to Tong Yunshi.

Tong Yunshi took it without looking at it and put it on the coffee table. "Bo Ming, what do you want to drink? Tea? Coffee or drink?"

"No, I will say a few words and leave."

Seeing Li Boming walking anxiously, there was a glimmer of sadness in Tong Yunshi's eyes, "Boming, can't you sit with me for a while?"

"Parent-child report, I have put it here for you, your child's father is not me, who should be, who you go to, I hope you talk, do not bother me and Fang Tong in the future." Li Bo Ming didn't want to waste time with Tong Yun Shi, he said directly.

Digression

Gu Yang's CP, what do you think?

495 498 Unknown Father (10 more)

"This is impossible, you lied to me?" Tong Yunshi screamed.

Li Boming's expression was faint, "The paternity test report is here, whether it is true or false, you read it yourself."

Tong Yunshi took the paternity test report and turned directly to the last page, looking at the test results above, "No, this will not be true, this report is fake, yes, it is fake, you lied to me. "She cannot accept this result.

"The day you did the identification was that the sample was taken by yourself, and now the result is out, and you deny, Tong Yunshi, your play is more." Li Boming said coldly, there was already a difference in the look patient.

"It's impossible. The child in my stomach is yours. Why is the result of the paternity test not? It must be you. It must be that you paid for the doctor, right? You want to fool me with fake identification reports." Tong Rhyme muttered to himself.

Li Boming knew this would happen, and sneered, "Did you not find another institution to do the paternity test? You should believe that institution? You can call now to ask if the result of the test has come out. What is it?"

He was fortunate now that Tong Yunshi had found an appraisal agency himself, otherwise this matter was really entangled.

After being reminded by him, Tang Yunshi finally remembered that she did find another institution for paternity testing, and this institution didn't tell anyone but herself, her eyes suddenly lighted up, "Yes, I have another A paternity test report, that one is absolutely true."

Things have been made clear, and Li Boming doesn't want to stay here anymore. He gets up and wants to leave. Tong Yunshi embraces his arm, "Bo Ming, you can't go, you're the father of my child, you can't leave me alone. People." She said, tears falling instantly.

Li Boming waved her hand away, "I am not your child's father."

"Bo Ming, I know it must be because I was at the door of the hospital that day. Are you angry when I talk like that? So you just joined the doctor to direct the play. Isn't it? Bo Ming, I was wrong and I will never be in the future Fang Tong said that in front of you. Don't ignore me, don't you think our children are good? I need you both.

Li Boming looked coldly at Tong Yunshi's helplessness, without the slightest sympathy in his eyes, "You don't believe what I said, you don't believe in the paternity test report, Tong Yunshi, what do you want to do? Or do you think you Then I will get rid of it and I will recognize this unknown child in your belly?"

The words "Father Unknown" struck Tong Yunshi's heart fiercely. She took a step back and looked at Li Boming palely, shaking her head frantically, "No, my child is not a child whose father is unknown. He is your child, your own flesh and blood."

Li Boming shook his head, "Children rhyme, you are too poisoned, wake up, your child really needs a father, if you really love him, you should recognize the reality early, and then find its biological father, and Not bothering me."

After finishing talking, Li Boming left here without any attachment. Tong Yunshi stood at the same place

and cried suddenly with the appraisal report in her hand, but for a while, she suddenly thought of another appraisal report and stumbled. Pick up the phone to call.

Two minutes later, the phone dropped on the ground, Tong Yunshi's expression was dull. After a long time, she slowly looked down, watching her big belly, and finally completely collapsed.

Fang Tong has been pregnant for eight months. Today is the last day of her work before giving birth. From tomorrow on, she will take maternity leave. She sorted out the work at hand and handed it to the secretary. Tomorrow the secretary will hand over the work to someone who will temporarily take over her.

Fang Tong looked at the time and it was already half past four in the afternoon. He was ready to leave work, and he saw Tong Yunshi just after he walked out of the company.

Tong Yunshi had a pair of sunglasses on his face, and saw Fang Tong coming out, blocking her way. Fang Tong looked at her, took a step back, and placed it on his stomach consciously.

Tong Yunshi's expression was cold, "Are you right?"

Fang Tong was stunned, not understanding what she was talking about.

Tong Yunshi said coldly, "The paternity test report is fake, you made it, is it? Is it that you want Li Boming to think that the child in my stomach is not his, right?"

Since Li Boming sent her the paternity test report to her the day before yesterday, Tong Yunshi couldn't figure it out. She should be Li Boming's child. Why did the test report come out? She originally thought that Li Boming did it, but later Think about it, Li Boming is a man, no man will not recognize his own child, and tiger poison does not eat children? Therefore, she felt that the only person likely to do so was Fang Tong.

Fang Tong raised her eyebrows in surprise. Was she considered sitting at home?

"You are too worthy of me. I have no such skills. The paternity test report is true. No one has done anything. The child in your stomach has nothing to do with my husband. It was also because you didn't believe it. To do a paternity test."

"You don't have this skill, but your friends have it. Isn't that Shen Qinglan your girlfriend? She is the eldest lady of the Shen family and the granddaughter-in-law of the Fu family. It is too easy to do things in an appraisal report. "

Fang Tong heard the words and smiled, but the smile was cold, "Tong Yun Shi, are you suffering from persecution delusions? The person with you that night was not my husband at all, how could your child be What about his?"

"You bullshit, don't I even know who is the one who went to bed with me? I'm pretty sure that the person who was with me that night was Li Boming. I still remember a mole on his chest."

Fang Tong looked at her in surprise, "You remembered correctly, Li Boming didn't have moles on his chest."

"Impossible, you are still lying to me. There is a mole on his chest. It is in this position. I remember clearly." She gestured a position on her body with her hand.

Fang Tong looked at Tong Yun's poem blankly.

Tong Yunshi only thought that he was right, Fang Tong felt uncomfortable, and a smile suddenly appeared in the corner of his mouth, "I was hit, Fang Tong, you can't deceive me." They were that night. She couldn't remember it so badly, did she still touch the mole with her hand?

There is a mole on the chest? A flash of light flashed in Fang Tong's brain, and he suddenly thought of something. Looking at Tang Yunshi's eyes, there was unbelievable, "You..." She thought of someone, who had a mole on his chest, but things would happen Is there such a coincidence? Fang Tong is a little uncertain.

"Fang Tong, do you think you can make Bo Ming think that this child is not him? I have no choice. I tell you that I will give birth to this child. I will do a paternity test after the child is born. Then I will see how you deny it. "

Fang Tong's eyes looked at Tong Yunshi very speechless. Does this person have communication barriers? Never understand people, "If you want to give birth, you will give birth." She said indifferently.

Tong Yunshi was irritated by Fang Tong's attitude. Looking at the dangerous light in Fang Tong's eyes, Fang Tong immediately took a step back and looked at Tong Yunshi pretentiously. She can't stand it now. Any action, "Children's rhyme, what do you want to do, I tell you, this is a downtown area, people are coming and going, and there are monitoring everywhere. If you dare to do it, then you can't escape."

Tong Yunshi slowly approached Fang Tong, looking at Fang Tong's eyes more and more strange, but after hearing Fang Tong's words, her footsteps paused a moment, the original unsteady eyes suddenly saw when someone looked at them. Regaining her calmness, her lips slowly outlined a rising arc, "Fang Tong, I will not give up Li Boming, I will also let Li Boming recognize your true face." She left.

Watching her go away, Fang Tong was relieved. Just now she was really afraid that Tong Yun Shi would suddenly rush up. Even if she just pushed her, the consequences would be unimaginable.

Li Boming just parked the car, and saw Fang Tong alone, standing at the door of the company, stunned, immediately pushed the car door, and got off the car and quickly walked over, "Tongtong, I am not asking you to wait for me in the office. Are you? Why did you come down alone?" Fang Tong's belly was already big and his body became bulky. Li Boming was always worried that she would bump.

Fang Tong looked at Li Boming with a stunned face, and suddenly hugged her. Li Boming froze, "What's wrong with Tongtong?"

Fang Tong hugged it and let go, shaking his head, "Go home first."

On the way back, Li Boming spoke to Fang Tong but did not get a response for a long time. When he turned around, he saw Fang Tong looking at the window and seemed to be in a daze. Taking advantage of the traffic lights, Li Boming stopped the car, "Tong Tong, what's wrong with you today? ?Absently."

After thinking for a while, Fang Tong decided to tell Li Boming about Tong Yunshi's coming to find her. Li Boming was stunned for a while, and then he was angry. "This Tong Yunshi is just to death."

Fang Tong comforted him, "She didn't do anything to me, just said a few words. I was thinking about another question just now."

"What question?" Bo Ming asked subconsciously.

Fang Tong doesn't know if this thing should be said?After all, there are many men with a mole on the chest. The one Tong Yunshi said may not be the one she knew.

Thinking of this, Fang Tong shook his head, "It's nothing, but it's a small thing, I'm too entangled. Today, your dad and Aunt Ji are coming over. I asked my mom to buy some vegetables and eat at home at night." She took the initiative to change the subject.

Shen Qinglan and Yu Xiaoxuan knew that Fang Tong was about to give birth, and agreed to see her together.

Fang Tong was moldy at home. It was natural to see them coming. Fu Fanghua knew that there was something to be said between the three little sisters. After they prepared the food and drink for them, they left the space for them.

"Fang Tong, your belly looks much bigger than me, wouldn't it be twins?" Yu Xiaoxuan looked at Fang Tong's big belly and was frightened. At first she was so fat and her belly was not that big.

"It's not a twin, I went to the hospital for examination, there was only one." Fang Tong said softly. At that time, the family also suspected that they were twins, and they went to the examination deliberately, but the result was only because the fetus was well nourished and grew fast.

"Then you are going to suffer from this birth." Yu Xiaoxuan remembered the daughter at home. When she was fruiting, she suffered a lot.

Fang Tong nodded, "Yeah, the doctor said the same, suggesting that we have a caesarean section."

"Cesarean section is also good, I was born with too much pain." Thinking of the pain, Yu Xiaoxuan still has a lingering fear. "Now many life is a second child, I was afraid of thinking about it, I told Han Yi, just if you want one, you won't be born."

In addition to clothes and jewelry, the topic of women is children and production.

"Qinglan, I have something to hold in my heart for several days. I don't know if I should say it or not?" Fang Tong looked hesitantly.

Shen Qinglan was peeling oranges and glanced at her, "What's wrong?"

"Yeah, Fang Tong, there is nothing we can't say between the three of us, you say chant." Yu Xiaoxuan echoed.

"It's about children's rhyme..." Fang Tong said what happened during this time.

"What? This woman is still entangled with Li Boming. She has never finished?" Yu Xiaoxuan was angry when he heard it, and he put on his sleeves and wanted to fight with others.

"You listen to Fang Tong's words first." Shen Qinglan said lightly.

Yu Xiaoxuan looked at Fang Tong, "If that child rhyme poems haunt you again, you will call me and I will help you to teach her." The woman she hated most was such a shameless woman.

Fang Tong smiled, "Don't be excited first, I'm not talking about this." Then she told Yu Xiaoxuan and Shen Qinglan her guess.

Shen Qinglan raised his eyebrows slightly, but Yu Xiaoxuan's eyes widened. "No? How did these two people get together?"

"I'm not sure either. She said that the man with her had a mole on the chest. I thought of this person, but it is not clear to me whether this sign is too obvious." Fang Tong said.

"Find an opportunity to check it and you will know if it is right." Shen Qinglan said.

"But we have seen the monitoring of the hotel. Can't see what the people look like that night?"

Shen Qinglan smiled lightly, "I have my own way."

Yu Xiaoxuan said happily, "If that person is really Ding Minghui, then there will be a good show, just a scumbag for a slut, perfect match." As long as the picture comes to mind, Yu Xiaoxuan is overwhelmed.

Shen Qinglan and Fang Tong looked at Yu Xiaoxuan with a trembling smile, looked at each other, and shook their heads helplessly.

After leaving Fang Tong's house, Shen Qinglan called Shen Junyu and asked him to find someone to check on Ding Minghui's whereabouts on April 15.

April 15th was the night Li Boming never returned from the night, and it was also the starting point of the whole thing.

Shen Junyu frowned, "Lan Lan, April 15th, it was not almost five months ago. It was too long, and it was a bit difficult to find out."

"No specific investigation is needed, just help me confirm if Ding Minghui appeared in the Polish hotel overnight that day." It was the fastest to give this matter to Jin Enxi, but Jin Enxi and Daniel went to country Y and said yes. To see the parents formally, they are not in Beijing at this time. And Shen Qinglan knew that Shen Junyu knew someone in this respect.

"If that's the case, it's easy, okay, you give me a little time, I'll ask someone to check it, and I will call you if it turns out." Shen Junyu didn't ask Shen Qinglan what to do with this investigation.

"Thank you brother."

"Thank you to your brother, you are fighting." Shen Junyu said with a smile.

Shen Qinglan lightly hooked his mouth and hung up the phone. His eyes were full of interest. If the person who was with Tong Yunshi that night was really Ding Minghui, then this matter would be interesting.

Ning Family.

When Ding Minghui came back, he discovered that Ning Ke was sitting on the sofa, as if waiting for him.

Ding Minghui laughed, "Yo, I'm at home today." Ning Ke has already gone to work at this point. Ding Minghui's body exuded a strong alcohol, apparently just returned from a hangover.

Ning Ke frowned, "Look at your current virtue, do you still have the appearance of the Vice Premier of the Twin Cities."

Ding Minghui heard the words and sneered, "Vice President of Shuangcheng International? I now know that I am also Vice President of Shuangcheng International, but it is just a deputy vice president who has no real power. It is rare that Mr. Ning, who has every chance to take care of me, still has time to care for me."

"Ding Minghui speaks well, don't forget what you promised me, if it affects the reputation of

Shuangcheng International..."

Ding Minghui waved his hand, "I can't forget, rest assured, no one saw me drinking like this."

"You go up and take a bath to wake up, I'll wait for you here, I have something to tell you." Ning Ke said coldly.

Ding Minghui was paralyzed on the sofa. "If you have anything, just say it and take another shower? I'll go to bed when I have finished."

The heavy alcohol on his nose lingered at the tip of his nose, and Ning Ke's eyebrows grew colder, "Throwing a document on Ding Minghui," you better explain this to me."

"Something, ask me to explain." Ding Minghui took the document and opened his eyes hard. When he saw the content clearly, his expression slightly changed and sat up. "You listen to me explain this matter, I Play for the first time..."

"5 million, the creditors have come to the door, Ding Minghui, hello skills."

Ding Minghui was embarrassed, "Well, I didn't mean it. When I got drunk that day, I went to play with my friends and had bad luck..." He was really playing for the first time and was not familiar with routines. .

Ning Ke interrupted his words, "Ding Minghui, do you want me to remind you that you are just a son-in-law, we are married couples, when we first remembered we had three chapters of the law, did you not forget these?"

An embarrassment appeared on Ding Minghui's face, "I remember, without you reminding me again and again, I will pay attention to it in the future, these 5 million..."

"I have already paid you back the 5 million yuan, Ding Minghui. This is the only time. If you let me know again next time, what you did with your back on my back, then please get out of this house for me, and I will give you parents I will take back all the houses that your sister bought. If you come, you will go out for me. Remember?"

"Remember." Ding Minghui whispered.

Ning Ke looked at him quietly for a few seconds. "It's best to really remember." She got upstairs.

Ding Minghui looked at Ning Ke's back, his eyes flashed with resentment, three years later, he had been married to this woman for three years. On the surface, he is the aunt of the Ning family in Beijing, with infinite scenery and sitting in the position of Shuangcheng International Vice President. In fact, he is a puppet, not even a puppet. He is a decoration, a vase.

When he first joined the company, he still had some power. Although not much, it was better than nothing at all. But more than two years ago, he used his job to give Fang Tong a trip. Ning Ke knew it, and Ning Ke was directly overhead. Got him.

Ning Ke never cares what he does outside? It's okay to touch the flowers and to be gracious, as long as she doesn't harm the interests of Shuangcheng International, she won't look at him. And he doesn't go to work, she doesn't care what she is doing every day.

Even the servants of the family knew that Ning's aunt had no real power and ignored what he said.

The most hateful thing is the little bastard of Ning Kesheng, who never called him Dad.

Although he is not a rare father, but in the eyes of outsiders, this child is his. As a result, he is treated like this by his wife and children. What can he say as a big man?

In the past few years, he lived in Ning's home. He didn't think of divorcing Ning Ke, and Ning Ke also said that he can ask for a divorce at any time, and she can give him 10 million compensation.

Ten million is a lot in the eyes of ordinary people, but in the past few years Ding Minghui has lived a wealthy day. This ten million is not enough to stop the teeth between his eyes. Although he is a decoration, Ning Ke also has a life. He will not be mistreated. In the eyes of outsiders, he is still the aunt of Shuangcheng International.

Once divorced, then he must leave Shuangcheng International to find a new job, so where is a little of the dead salary enough for him to spend, so Ding Minghui has never thought of divorce even if his life is stifling.

Ding Minghui stood up leisurely. He drank one night last night. He had a headache and died. He needed to go back to the room to take a shower and sleep. Other things would wait for him to wake up. Just when he reached the stairs, a ball dropped from the sky and hit his head.

"Oh." Ding Minghui's smashed eyes braved Venus, and he couldn't help but furiously, "Who throws them to death."

He looked up and saw the little ghost standing on the stairs. This is Ning Ke's son. Ning Xiujie, two and a half years old this year.

"Hey, help me get the ball." Ning Xiujie said to Ding Minghui.

Ding Minghui black face, "I am your dad, won't even dad shout?"

Ning Xiujie frowned and stared at Ding Minghui without talking. His mother said that if he didn't like this person, he could not call this person's father.

A flash of anger flashed in Ding Minghui's heart. He had just been taught by Ning Ke, and now even a kid who was less than three years old dared to talk to him.

Ding Minghui, who was upset with alcohol, took two steps and ran upstairs in two steps, clutching Ning Xiujie's small arm, with a fierce look, "Call Dad."

496 Chapter 499: It's really him (1)

Ding Minghui's strength is not small, Ning Xiujie was hurt by his pinch, and raised his hand to pat his hand, "You let me go, hurt."

Instead of letting it go, Li Minghui grasped a little bit more, "Call dad, don't tell dad to hit you." He didn't believe it anymore, he couldn't help it when he was big, and he couldn't cure it when he was small. Temper it, even if it is a clay figurine, it has three points.

"You let me go, it hurts." Ning Xiujie clapped Ding Minghui's hand holding his arm, he really hurts.

"Hurry up and call your father." Ding Minghui stared at him, and today he is going to cure the little man's bad temper.

Ning Xiujie saw that Ding Minghui was unwilling to let him go. He cried out with a wow, and the servant downstairs ran up quickly when he heard the movement, "What happened to the young master?"

Then I saw a scene where Ding Minghui pinched the little guy's arm, and his face suddenly changed. "Grandpa, what are you doing? Didn't you see the little boy's sore face even white?"

Ha ha, Ding Minghui sneered, okay, now the servants dare to teach him, scold, "I'm teaching my son, what a maid do you talk."

"Master Xiujie is less than three years old, and you have to talk about it if you have something." The servant looked at Ding Minghui with dissatisfaction. It wasn't that she wanted to look down on this aunt, but that Ding Minghui really had no merits on him. Even if it's messing with grass, it always likes to blame the group of servants. Ning Ke, the true owner of this family, would not be like this.

"You let me go, mother!" Ning Xiujie cried louder.

Ding Minghui originally came back drunk, and his brain still hurts. When Ning Xiujie cried, he felt that the whole head was buzzing, and it was about to explode. You are." He raised his hand.

Ning Ke was having a video conference with the company's senior executives in the study room, and heard the son's crying. She thought she would cry a few times. She didn't care. Who knew the son was crying louder and still calling her mother. Ding Minghui's voice was heard again indistinctly, and he couldn't sit still.

When I stepped out, I saw Ding Minghui holding her son's arm and raised his hand as if to hit him. Ning Ke suddenly angered, "Ding Minghui, what are you doing?"

Ding Minghui didn't expect that the cry of the child would lead Ning Ke out, and he put down his hand pretendingly, "I, I want to wipe his tears." The force on his hand unconsciously sent some.

Seeing this, Ning Xiujie immediately pulled his arm out and saw Ning Ke as if he saw a savior. He hurried to Ning Ke's side and pointed to Ding Minghui. "Mom, he will hit me."

Ning Ke's face changed and looked at Ding Minghui, Ding Minghui's innocent face, "I didn't hit him, I just told him not to cry." He looked at Ning Xiujie, "Xiujie, my father was just talking Are you kidding me, how dad can beat you."

Ning Xiujie clutched his arm, "Mom, he hit me, his arm hurts."

When Ning Ke pulled up his clothes, Ning Xiujie's hand was pinched in a red circle, and several thumb marks were clearly printed on it. The child's skin was already delicate, and the red and white contrasted. It was particularly shocking.

Ning Ke looked at Ding Minghui coldly, "Ding Minghui, what else do you have to say."

Ding Minghui felt that he was more guilty than Dou E. He just scared the little ghost just now, but he didn't plan to actually hit him, "I didn't hit him, really." He tried to explain, but just the mouth was full of alcohol .

Ning Ke looked at his drunken face and said coldly, "This matter will be counted when you are awake." Then he took his son away, and Ning Xiujie walked halfway and turned back to Ding Minghui grimace.

Ding Minghui's black face, this little devil just owed a lot.

The servant naturally saw this scene, glanced at Ding Minghui's unsteady walking gesture, shook his head, and turned downstairs.

Ning Ke took his son to the study and gently rubbed his son's arm. "Does it still hurt?" The voice was soft.

Ning Xiujie nodded, "It hurts."

"Then tell your mother, why did he hit you just now?" Although Ding Minghui is a soft-eater, he never cares about Ning Xiujie's affairs, and he has never beaten him. There is a reason.

Ning Xiujie said softly, "I'm playing with the ball, the ball fell and hit him, he was angry."

Ning Ke immediately understood.

She looked down at her son, "Your ball hit someone, did you apologize?" Ning Xiujie shook her head.

The smile on Ning Ke's face was accepted, and he said to his son with a serious voice, "Xiu Jie, it's not your fault that your ball hit the person, you have to apologize, you know?"

"But mom, he beat me." Ning Xiujie grieved.

"Mom knows that he is wrong when he hits you. Mom will tell her about this, but your ball hits someone, and it's wrong. You have to apologize and wait to say sorry, you know?"

Ning Xiujie pouted, but nodded, "Got it."

Although Ning Ke is very fond of his son, he never spoils.

"Mom, why doesn't he like me?" Ning Xiujie whispered, he was not called Ding Minghui's father, just because Ding Minghui never liked him.

"He didn't dislike you," Ning Ke said softly, touching his son's head.

"Mom, she really doesn't like me." Ning Xiujie said very seriously. Although others were small, they could feel that Ding Minghui really didn't like him.

"The other children's dads like them very much. Why doesn't my dad like me?" Ning Xiujie whispered, his eyes cleared.

Ning Ke's heart hurt when he heard his son's words. Silly boy, he is not your biological father, and his mother and him are only nominal husband and wife, how could he like you? But she couldn't tell her son the truth. He was only two years old. What did he know?

"Doesn't mom like you enough?" Ning Ke asked softly.

"But mom, other kids are all brought to the amusement park by mom and dad, and I only have mom." No matter how young people are, they can see the difference.

Ning Ke looked at his son's clean eyes, especially the sadness in his eyes, and immediately felt distressed. He put his son in his arms, and suddenly he was not sure whether it was a mistake to find Ding Minghui to marry Ning Xiujie.

Ding Minghui didn't wake up until he slept in the afternoon. He lay on the bed rubbing his sore forehead, but the drunk scene gradually came to his mind, and when he remembered it all, he wished to beat himself. Why do you say he drinks so much? Well now, when Ning Ke saw that he bullied her baby son, maybe how to teach him later?

Thinking of this, Ding Minghui got a headache. But no matter how much headache he had to face Ning Ke, Ding Minghui got up and changed his clothes and went downstairs. Sure enough, Ning Ke was sitting on the sofa waiting for him.

He walked to the sofa and sat down, but Ning Ke stood up, "Come with me."

Ding Minghui had a bad intuition and followed Ning Ke to the study. "Close the door." Ding Minghui closed the door.

"Ding Minghui, let's divorce." Ning Ke came to the point and said, took a document from his desk. "This is a divorce agreement. I have prepared it. You just have to sign it."

Ding Minghui never expected that Ning Ke would divorce him because of this matter, and he was a little flustered. "You hear me say, this morning was really a misunderstanding. I was drunk and I was awake for a while, but I really didn't. Hit him."

"Not just because of this matter. Ding Minghui, why we both got married at the time, we both knew clearly that Xiujie is now two years old. He is gradually sensible, and I don't want him to live in a family without love."

In the afternoon, Ning Ke had already figured out that for a child, even a single-parent family is better than a cold and unloved family.

"I don't divorce." Ding Minghui said firmly, he would have nothing if he divorced.

"If you sign the divorce agreement, I will give you 50 million." Ning Ke's expression was faint. This price was five times as good as the original price. Ning Ke believed that Ding Minghui had already done his duty.

Ding Minghui's eyebrows moved, but he said firmly, "Even if you give me 50 million, I won't get divorced. At first, I asked you to take the initiative to marry me. For your child who doesn't have a dad, now you're done using it, you don't need me. It's like kicking me and kicking me, a man can't cross a

river and demolish a bridge like this.”

"I will add another 10 million."

"Ning Ke, don't go too far, I don't want money."

Ning Ke looked at him calmly, his eyes full of mockery, "Not for money, what do you want?"

Ding Minghui was irritated by Ning Ke's expression, "Is it that you are such a profitable person in your eyes?"

"Aren't you?" Ning Ke asked lightly. Ding Minghui had abandoned his girlfriend who loved and missed many things for his future. Ning Ke did not forget this matter.

If it were not for this reason, Ning Ke would not necessarily find Ding Minghui to get married. After all, a talent who can be sent with money is the most convenient.

"In short, I won't divorce you now."

"Let's talk about how to get a divorce." Ning Ke asked directly that she had no feelings for Ding Ming, and she didn't think that Ding Minghui was in love with her for a long time without divorce.

"Give you three seconds to consider and state your conditions. If you don't, then we will take the legal route directly."

Ding Minghui black face, "Ning Ke," Ning Ke put out a finger, "One."

"Don't go too far."

Ning Ke held out his second finger, "Two, you have one second left."

Ding Minghui's expression stiffened, seeing Ning Ke was about to extend his third finger, and said quickly, "I want a 3% stake in Shuangcheng International."

Ning Ke dropped his hand and looked at him steadily, "3% of Shuangcheng International's shares? Ding Minghui, your appetite is too big." Shuangcheng International is also a big listed company. 1% of the shares are worth tens of millions, 3%, far more than 50 million, not to mention the fact that shares can be held for a long time. As long as Ding Minghui holds the shares in his hand, he can get dividends every year.

Ning Ke didn't expect that Ding Minghui was hitting this idea, no wonder she didn't look down on the 50 million she gave. There is no better way to take the whole sheep with the wool.

"After I divorced you, I became a third marriage. Although it is said that a man's third marriage is fine, it

is also depreciated. And in the past three years, I have been your son's father for free, but others do not know that this child is mine. People just think that if I want to remarry after I am married and have children, people will always take this into consideration, and my choice will be greatly reduced. You must compensate me for these losses." Ding Minghui said rightly.

He thinks very well, he does not divorce, he has a long-term meal ticket, so it does not matter whether there are shares, but once divorced, he always has to find a way out for himself, he knows that Ning Ke holds many Even if the shares of Shuangcheng International were distributed to him by 3%, it would not have any impact on her control of the company and could not shake her status, which is one of the reasons why he dared to propose this condition.

He thought very well, but did not think whether Ning Ke was such a temperament to let him dominate.

"Since this is the case, go ahead and be your aunt Ning." Ning Ke said lightly.

Ding Minghui was stunned. "Aren't you going to divorce?" Why didn't you suddenly leave?He couldn't figure out Ning Ke's routine.

"Now I have changed my mind." Ning Ke waved his hand. "Go out, I haven't said the matter of divorce." The cost of divorce is too high, she naturally will not consider divorce, but just to raise an idler, She has a raise.

Ding Minghui did not understand how Ning Ke suddenly changed his mind, but it was better not to divorce. He simply turned around and left.

Ning Ke touched his chin.It's said that Ding Minghui is smart, but he didn't see him. He also did the thing that lost the watermelon and picked the sesame; but he was stupid. At the critical moment, he knew how to get the most benefit for himself.

Although Ning Ke said beautifully and took the legal route without divorce, Shuangcheng is a listed company. The changes in the family situation of the company's senior executives, especially those at the helm of her, will have an impact on the company's stock price. If she divorces, she still has Part of the shares is allocated, indicating that the share price of Shuangcheng International may fluctuate.This is also one of the reasons why Ning Ke did not agree after Ding Minghui put forward the conditions. She divorced was for children, and not divorced was for the company.

Ding Minghui didn't return to his room, but went directly to his parents' house. Ning's home was too sullen. If he didn't go home to ventilate, he was afraid he would suffocate himself.

Ding Minghui's parents did not expect his son to come back suddenly, and he sat on the sofa as soon as he came back, with a black face.

But I was very happy to see my son go home. "Ming Hui, what's wrong with this? Who made you unhappy?" Ding Mu cared.

For her, this son is her greatest pride, not only the only one in the village to be admitted to a prestigious university, but also the only one who has her own house in the capital. Not only that, she also married a big lady. Now their entire family lives in Beijing. Although the daughter-in-law has a bad temper, she hasn't seen them after so many years of marriage, but she bought them a house.

Now they returned to the village, who wouldn't say a blessing to them, and all this was brought to him by the son of Ding Minghui.

Ding Minghui sullenly said, "Mom, you can't calm me down."

Mother Ding was not angry by her son, but just smiled and said, "Okay, my mother doesn't quarrel you, no quarrel you, what do you want to eat for dinner? Mom will do it for you."

"Just do it." Ding Minghui said.

Ding Minghui's younger sister Ding Mingjing sat on the sofa playing with a mobile phone, and looked at his brother's expression, his heart was like Ming Jinger. When Dingmu left, she leaned over, "Brother, was Ning Ke scolded again?" She looked awkward. Every time her brother was scolded by Ning Ke, he would have a black face.

Ding Minghui gave her a cold look, Ding Mingjing patted him on the shoulder, "Okay, it's not the first time you've been scolded, you've gotten used to it, and you were looking for her for her money, she was in the money. Just go generous."

Ding Mingjing knew that Ding Minghui and Ning Ke were only formal couples. Ning Ke came to Ding Minghui to find a cheap dad for his son, so that his son should not be illegitimate. Therefore, she accepted all the things that Ning Ke gave to their family, as a matter of course, this was a transaction between his brother and Ning Ke. Since it was a transaction, there was nothing embarrassing.

In order to allow Ding Minghui to go to school, Ding Mingjing dropped out of school early to work, and later found a co-worker to marry. So when Ding Minghui bought her a house in Beijing, she divorced her ex-husband.

She had thought about finding a good job in Beijing, and also felt the feeling of an urban white-collar worker, but because of her limited education, good companies simply couldn't look at her, and she couldn't look at the cleaning tasks. The picks can't be settled, and later stayed at home simply to let Ding Minghui feed her.

According to Ding Mingjing's thoughts, these are his brother's compensations. If she hadn't dropped out of school to work and make up for the family, so that his brother could continue to study, his brother would not be able to get a major in b and would not be able to work in a big company. She couldn't know a young lady like Ning Ke, so she naturally spoke to Ding Minghui about the house, the car and the ticket.

Ding Minghui had only this younger sister, plus he did have this ability, so all the demands made by Ding Mingjing were fully met.

"Brother, tell you something serious. Yesterday I went shopping and saw a new bag." Ding Mingjing said, hehe smiled, rubbed his hands, the meaning could not be more obvious.

Ding Minghui black face, "Don't I just give you 50,000 yuan a few days ago? Was it spent so quickly?"

"Brother, you don't know the price of the capital. You can go shopping in a mall for 50,000 yuan." She used to go shopping when she was working in the south, but the clothes in the mall were too expensive and she couldn't afford it. I can only look at an eye addiction, and even dare not touch it. Now that she has this condition, she naturally wants to buy a happy one. Anyway, Ning Ke is so rich. What happened to her?

"Brother, please." Ding Mingjing patted Ding Minghui's arm. Ding Minghui withdrew a card from his wallet with a black face. "There are 30,000 yuan in it. This is your monthly living expenses. If you have spent it, then Wait for the next month."

Ding Mingjing yelled, "Brother, on the 5th now, you will give 30,000 yuan, what do you want me to spend? The bag I like is 70,000."

"It's known all day long to buy a bag. How much did you spend on buying a bag a month? You don't go out to work. You buy the bag and put it in the house to see it. Waste is not waste." Ding Minghui was very angry.

"What kind of anger did you get at me? You got angry at Ning Ke and came back to get mad at me. Are you a man?" Ding Mingjing was not an aggrieved character. Seeing Ding Minghui get angry at her, she was not happy.

"If you are unhappy, you have to bear it. If you can't bear it, let me go." Ding Minghui got a lot of anger at Ning Ke today. Now, his sister who is raised by him still dares to put a face on him. Ding Minghui, who used to be used to her sister, was also annoyed at the moment.

Ding Mingjing just complained, but did not expect Ding Minghui's reaction to be so great. He glanced at Ding Minghui's face and softened. "Brother, Ning Ke, what's the matter with you?" She said a few words before, and her brother smiled at best. , But angered her today, this is too abnormal

.Ding Minghui didn't want to mention it, but just said, "Don't spend so much money on it in the future. In case I get divorced, you will eat dirt with me."

Ding Mingjing said, not thinking, "Ning Ke will not marry you and divorce. There is a little bastard in her family who needs you to be a cheap dad?"

Ding Mingjing didn't quite understand Ning Ke's approach, and was abandoned by a man after getting a big belly. He even found a fake husband for himself to give birth to this little bastard. It was incredible to think about it. If it was her, she would take this The child beat him and went away happily.

However, if Ning Ke was not so stupid, and it was his turn to be his son-in-law, their family would still live in the countryside as before. Thinking this way, Ning Ke's stupidity is not without merit.

Ding Minghui wanted to go home quietly and quietly, but Ming Jing was nagging in his ear, and he was talking for a long time. To make his mood even more irritable, Li Minghui stood up, didn't even greet his parents, slammed the door and left.

When Ding heard the movement, she came out of the kitchen, looked at the closed door, and then looked at her daughter. "Why did your brother go? Did you not even eat?"

Ding Mingjing glanced at his mouth, "Well, I know, I'm nervous all day long. He loves to walk away. Mom, I'm hungry, have you finished your meal?"

"If you want to eat, come in and help, and it's not Miss Qianjin, let me wait for you all day, no matter how old you are, it's not too shameful." Ding Mu didn't have such a good face for her daughter.

"Mom, you can't be too eccentric. You will cook for him as soon as you come back. I'm afraid he's hungry. I'm shaking in front of your eyes all the time. You just look at me and don't like it. Are you coming?" Ding Mingjing was dissatisfied.

Dingmeng sneered, "Can your brother buy me a house and give me money to spend, can you? Your house or your brother bought it? If you have your brother's ability, I will also offer you every day. You are an ancestor."

"Well, my brother can do it, and my brother will be able to do it. I won't eat meals, you and your dad will eat it yourself." Ding Mingjing said, ran to the room and took a backpack and left, there was no food at home, Can't she eat outside? Really.

497 Chapter 500: It's Really Him 2 (12)

Ding Minghui left from his parents' house and didn't want to go back to Ning's house. He was walking on the street alone, looking at the pedestrians and neon on the street, and suddenly had a feeling that the world was too big to contain.

He snorted. When was he so hypocritical? Didn't he think of abandoning his dignity when he decided to give up Fang Tong's choice of power? Now feel that such a small white face life hurt self-esteem?

Ding Minghui, no wonder people look down on you, you look down on yourself. Ding Minghui spurned

himself in his new heart, saw a bar, smiled, and walked in.

Everyone wakes me up and it's good to be drunk.

When Shen Qinglan got the investigation report from Shen Junyu, she was very speechless, and Yu Xiaoxuan was also with her, so she handed the report to her.

"So the man who was with Tong Yunshi that night was really Ding Minghui." Yu Xiaoxuan said incredulously, but did not expect it to be the same as Fang Tong guessed. Is this the so-called coincidence?

Shen Qinglan nodded, "It is indeed him."

"What's the matter with Lin Xiao? The name registered that night was Lin Xiao?"

"It was a fake identity fabricated by Ding Minghui, which was used specifically to open a room with a lover." Shen Qinglan said, when she saw this, she did not know what to say about Ding Minghui, in order not to let people know that he was outside. His romantic debt, he can be said to have been exhausted.

Yu Xiaoxuan touched his chin, "I'm especially glad that Fang Tong broke up with Ding Minghui. If the two get married, then Fang Tong would fall into the fire pit completely." When thinking of Ding Minghui's present virtue, Yu Xiaoxuan I am glad for my friend.

At the same time, I also sighed in my heart. I thought Ding Minghui was a professional figure in their profession. The relationship with Fang Tong was also high-profile and sweet. At that time, Ding Minghui was not confused by money. He was still a very good person. Who I knew that it turned into a muddy mud.

Shen Qinglan agrees with this.

"Hey," Yu Xiaoxuan laughed happily, "These two are really a good show together, I can't wait to let Tong Yunshi know."

"Wait a minute, I have asked someone to take Ding Minghui's DNA sample. Shen Qinglan said.

Yu Xiaoxuan raised an eyebrow, "Are you going to do DNA identification for them?"

Shen Qinglan nodded, "Ensure foolproof."

It's also to avoid making mistakes again, and with this evidence, Tong Yunshi doesn't even want to

pretend to be crazy and sell silly things.

When Li Boming made the paternity test report last time, there were DNA samples of the children in Tong Yunshi's stomach in the hospital, so Shen Qinglan only needed to get Ding Minghui's DNA samples.

"Shall we tell Fang Tong this matter now?" Yu Xiaoxuan asked.

"Wait first, wait for the results of the identification."

Three days later, the paternity test results came out. Shen Qinglan had already expected the above test results, and he was not surprised when he saw it.

Fang Tong was surprised to see the investigation results and the test report. "I didn't expect it to be Ding Minghui, only the two of them..." Fang Tong was puzzled.

"It should be a coincidence." Shen Qinglan said lightly.

The person sent by his brother found in the investigation that the other woman who opened the room with Ding Minghui that day was just the woman who temporarily released Ding Minghui pigeons, and Tong Yunshi went to the wrong room.

Ding Minghui didn't know Tong Yunshi, but thought he was the young lady he called. Tong Yunshi regarded Ding Minghui as Li Boming, and the two of them were naturally involved in the fire, which resulted in a series of misunderstandings.

Fang Tong also gave a sigh of relief at the same time as this result, this time it should be able to completely solve the matter.

"Qinglan, thank you." Fang Tong said sincerely, if Shen Qinglan had found this person, I am afraid that Tong Yunshi would never believe it anyway. .

"You don't have to be so polite, I just said a word, and my brother checked it." Shen Qinglan gave her brother credit.

Fang Tong knew that Shen Junyu was only investigated because of Shen Qinglan's relationship.

When Tong Yunshi received the email, on the way to Fang Tong's parents' house, she already wanted to understand that since Li Boming was not willing to accept this child, Er Erfang also planned to pretend to

be crazy and sell silly, and Li Boming pretended to be happy, then he Li Boming will regret it and reveal the mask of happiness in disguise.

Isn't Li Boming's most concerned person Fang Tong? She wanted to see if Fang Tong's parents knew that Li Boming had children with other women outside, would they let Fang Tong continue to be with him. She knows that maybe Li Boming will hate her for life, but it doesn't matter, hate can't be forgotten. At least this way, Li Boming can remember her for life.

An e-mail reminder sounded on the phone. Tong Yunshi heard it and didn't care. Until Li Boming called her, she glanced at the caller ID and saw Li Boming's name, and she immediately answered it. At the door of the community where Fang Tong's parents live.

"Bo Ming, you finally called me." Tong Yunshi was very happy to receive Li Boming's call. In fact, her request was very simple. It was hoped that Li Boming would care about her a little, even if only a little, but Li Boming even I didn't want to give her a little bit of concern. I thought that Tong Yunshi's heart could not help raising a sorrow.

Regardless of what Tong Yunshi thought, Li Boming said straightforwardly, "Did you read the email I sent to you?" Tong Yunshi froze, "You just sent the email, and I haven't had time to read it. "

She glanced at the door of the community, and a smile twitched at the corner of her mouth, "Bo Ming, guess where I am now."

Li Boming was too lazy to guess, "You first look at the email I sent you."

Tong Yunshi ignored what Li Boming said, Wu Zi said, "I am now outside the door of Fang Tong's parents' house. If you say that if I go up to tell her parents now, the baby in my stomach is yours, you guess they will how about it?"

Li Boming's face changed, "Children's rhyme, you are crazy."

"I'm crazy, I'm driven crazy by you." Tong Yunshi shouted.

"If you dare to gossip with Tongtong's parents, I will let your father's company go bankrupt. I believe that within three days, I will definitely be able to let your father go bankrupt and bear huge debts."

Tong Yunshi's father started a small company, the business is not unbearable, I heard that I have recently encountered some financial difficulties, it is too easy to bankrupt such a company.

"Bo Ming, don't scare me, I will be scared. As soon as I am afraid, I will do things that I cannot control myself." Tong Yunshi said innocently, but the expression on her face was not innocent at all. There was even a touch of madness in his eyes. During this time, Li Boming did not want to see her, and her WeChat phone was completely black. She went to the company to find him and was blocked by the security guard. She wanted to see Li Boming. She was crazy, no, she was crazy. Too. Otherwise, she

would not come up with such an idea today.

Hearing the crazy meaning in Tong Yunshi's tone, Li Boming eased his tone and tried to appease her, "Tong Yunshi, the email I sent to you is a new paternity test report, I have helped you find you The real father of the child, I hope you can look at it now. I believe you are just like me, and I want to know who is the child in your stomach, right?"

"No," Tong Yunshi interrupted him, "I know who the child in my stomach is, it's yours, whether you admit it or not, it's yours."

Li Boming was about to be driven crazy by Tong Yunshi. This woman couldn't think in accordance with common sense. It was unreasonable, and she didn't care about threatening her. Li Boming didn't know what other methods he could use to stop this crazy woman. .

"In this way, we meet, you wait for me in place, or I report you an address, you come to me, I want to see you, now."

"Bo Ming, you are finally willing to see me." Tong Yunshi heard tears in his eyes when he heard Li Boming saying to meet, "It's just a pity that I don't want to see you now, I want to tell Fang Tong's parents now the truth."

"Wait, rhyme, listen to me, this matter is between me and you. It has nothing to do with Fang Tong and her parents. Can we solve it by ourselves? I'm out now The door of the company came to you immediately. You waited for me for half an hour, no, 20 minutes, just 20 minutes." Li Boming said anxiously, and at the end, there was even a hint of plea in his tone.

"Bo Ming, this is the first time you call me rhyme." Her eyes instantly became gentle, but her tone was sad. She glanced at the gate of the community again, and finally couldn't refuse Li Boming's pleading, "Okay, I'll wait for you at the door, 20 minutes, if you don't come, I will go up."

This time Li Boming arrived quickly, and it took only 18 minutes to arrive. From afar, he saw the woman standing there happily. He was relieved in his heart fortunately.

Tong Yunshi watched Li Boming get out of the car and walked slowly towards her. Her eyes never looked away from falling on Li Boming.

His face was calm, and her eyes were the same as they were when she first met, there was no later tit-for-tat, no later hate, Tong Yunshi's eyes were sour, and the tears almost fell. In fact, all she wanted was Li. Bo Ming was a little gentle.

Li Boming walked to Tong Yunshi's side and eased his tone before saying, "Yunshi, let's talk."

Tong Yunshi met Li Boming's eyes and nodded slowly. "Okay." "She got in Li Boming's car. Li Boming took her to a nearby cafe and ordered a cup of lemon tea for her," the pregnant woman It's not good to

drink coffee, and lemon tea."

Tong Yunshi's eyes fixed tightly on Li Boming's face. Nodded blankly, "Okay." If Li Boming would always be so gentle with her, how much.

Li Boming took out a document from his briefcase and pushed it in front of Tong Yunshi, "Yunshi, I hope you can read this document before we talk, which is very important for both of us. "

In order not to irritate her, Li Boming tried to control his emotions and make himself look calmer. Be more patient with Tong Yun Shi, the best way to resolve this issue peacefully.

Tong Yunshi glanced at the blue folder on the table and reached for it. When she saw the contents clearly, her face gradually became pale.

She looked up at Li Boming, "This is not true, you are lying to me, right?"

Li Boming looked calm, "Rhyme, I didn't lie to you. I don't need to lie to you."

"Impossible," Tong Yunshi shook his head, still unwilling to believe, "The person with me that night was clearly you, and I still remember you had a mole on your chest, right here." She pointed at Li Somewhere on Bo Ming's chest.

"Yun Shi, that person is really not me, and I have no moles." To prove that he was telling the truth, Li Boming reached out and unbuttoned the three buttons on his chest, revealing his chest. He had a clean chest, no birthmarks, no moles, nothing.

Tong Yunshi looked at his chest in disbelief. The blood on her face faded instantly and she shook her head gently. "No, this is not true. The person that night was clearly you, How could it not be?"

Her expression was shocked and desperate, and with the tears on her face, she looked pitiful and helpless.

Li Boming rarely felt a little pity and sighed, "Rhyme, this matter is actually a misunderstanding. Now that your child's biological father has been found, you will..."

"Bo Ming, do you want to say that let me not bother you and Fang Tong again?" Tong Yunshi asked, his tone trembling.

Li Boming was silent, he really wanted to say this.

Tong Yunshi smiled bitterly, "Bo Ming, do you love her that way? I don't have a little compassion for other women.

Li Boming pursed his lips, "Sorry." His heart was given to a person, and since then he has only been able

to accommodate such a person underground

Tong Yunshi smiled, tears smashing on the table, "Boming, I am today..." She couldn't speak anymore, sitting there, staring at Li Boming's cold-faced face in a daze.

This is the person she has loved since she was a student. After so many years, she has imagined countless times that one day she can walk into the church with this person and take an oath in front of the priest. Who would have waited for her to return home, but he was already accompanied by a beautiful woman, and soon, he would soon be upgraded to become a father. Originally Tong Yunshi thought that even if he and Li Boming didn't have a love, at least there was a child's stumbling block, but now they are told that even this child is not his.

"Bo Ming, why are you so cruel to me? Obviously I knew you first." Tong Yun Shi's tears were like broken beads, hitting the table. Li Boming is silent. He is worried that if he speaks now, he will stimulate Tong Yun Shi. If Tong Yun Shi can't think about it and wants to go to Fang's house to say something he shouldn't say, then everything he has done before is done in vain.

The guests at the next table glanced here, seeing Tong Yunshi and Li Boming's state, and the look at Li Boming suddenly changed, as if looking at a scum man.

"Rhyme, how are you doing?" Li Boming couldn't bear to see what she was looking at this time.

How can Tong Yunshi be good? She is very bad now. She wants to scream hysterically. She wants to ruin the world, but the only reason left is telling her that she wants to calm down now and cannot do that.

"If I said I was bad, would you be better for me?" Tong Yunshi looked at him wryly.

Li Boming was silent.

Tong Yunshi immediately understood what he meant, and rubbed the corner of his mouth, "I am in a bad mood now, I need to calm down myself, can you please leave first?"

Li Boming nodded, got up and left, Tong Yunshi looked at his unrelenting back, and his heart became more sour, Li Boming, how ruthless you are to me, even the polite "If you have something, please call me, I will Help you" is stingy to export.

Tong Yunshi left the cafe and walked aimlessly on the street. She held the two documents in her hand and suddenly crouched down to cry.

A woman with a big belly cried to tears on the street. Such a scene immediately attracted the attention of pedestrians. A kind lady stepped forward and patted Tong Yunshi's shoulder. "Girl, are you okay?"

The child ignored and continued to cry.

"Girl, what are you doing?" Auntie was a warmhearted, worried about a pregnant woman's accident, Tong Yunshi shook her head, and stood up before leaving. Auntie looked at her stumble, worried that she would wrestle, immediately reached out and helped Put, "Girl, where are you going, shall I take a taxi for you?"

Tong Yunshi didn't speak, she had to push away the aunt's hand. The aunt was afraid that she would fall when she let go, so she didn't dare to let go, "Girl, where are you going? I'll help you get a taxi. You can rest assured that I'm not a bad person."

Tong Yunshi couldn't earn his aunt's hand and suddenly collapsed, shouting at the aunt, "Who are you? Why should you control me? Are you sick? Who wants you to be so kind."

Auntie was stunned by Tong Yunshi and let go of her hand. She was really kind. As a result, she was kindly regarded as a donkey liver and lungs, and the aunt was very depressed, and she looked down, and said, "That's what I'm doing." After the tears of Tong Yunshi's heartbroken, Auntie sighed, stopped, and walked back to her.

"Where are you going? I'll send you."

Tong Yunshi noticed that someone around him looked up at the aunt in a daze, "Aren't you gone?"

"You look like this, it's not right to look at it, what about your parents? Do you want to call your parents?" Auntie moved her heart, and she also has a daughter-in-law at the age of Tong Yunshi, already a mother. When she saw Tong Yunshi crying on the street with her belly up, she thought of her daughter, and then came forward to care about Tong Yunshi.

"Can you take me to the hospital?" Tong Yunshi asked.

The aunt glanced at her belly, "Is it uncomfortable?"

Tong Yunshi nodded indiscriminately, the aunt's face changed, and immediately came a taxi.

On the way to the hospital, the aunt asked from time to time whether Tong Yunshi was okay? how do you feel? Can it be sustained?

Tong Yunshi looked at how the aunty greeted her with warmth, and thought of Li Boming's indifference to her. She couldn't help but sorrow from it, her tears fell down.

"Girl, don't cry, even if your husband is not good to you, you have to think about the children in your stomach. If you cry, the children in your stomach will also feel sad." Auntie cried when she saw Tong Yunshi. He comforted quickly.

It's okay not to mention the child. It's even more sad to mention the child's rhyme, why? Why is this kid not Li Boming? Why would she sleep with a strange man? If Tong Yunshi could deceive herself before, but

now in the face of a lot of evidence, she can no longer convince herself that the person who went to bed with her that day was Li Boming.

"Hey, girl, don't cry. It's bad for the eyes of a pregnant woman to cry too much." The more aunt she saw, the more sad the child rhyme cried. She was anxious and comforted, "You child, is also a bitter person."

Auntie only thought that Tong Yunshi was a misfortune, that her husband was cheating or that her husband was not good for her during pregnancy.

Tong Yunshi leaned back in the back seat, weeping silently, and the lady held her hand and comforted her softly. At the hospital, Tong Yunshi went directly to the obstetrics and gynecology department and said to the doctor on duty, "Doctor, I want to induce labor."

When the aunt heard it, she was immediately anxious, "I can't help it, girl, what are you doing? Even if the husband and wife quarrel, you can't make fun of the child."

The doctor frowned and said disapprovingly, "You have been looking at your belly for five months. Now that the child has formed, you can do labor induction and it will cause great harm to the mother." She shook her head, the young man now, really Too capricious.

Tong Yunshi stared blankly at his belly. The child was not Li Boming, then it was a wild seed. What did she keep it for! Even if it is born, it will be said that it is an illegitimate child. Instead of feeling pain for the child and her in the future, it is better not to let him come to this world now.

"Girl, this is your own flesh and blood, just because of quarreling with her husband, you will be induced to give birth, are you willing?" Auntie looked at Tong Yunshi and blamed her. She came together, this is simply sin.

It is impossible to say that Tong Yunshi has no feelings for this child. The child has been five months old. She felt fetal movement a few days ago. She felt that the child was communicating with her. She was still looking forward to it even today. The arrival of this life. If it is said that this child is Li Boming, even if she bears the infamy of the world, she will also give birth to the child, but unfortunately the child has a bad life and cast the wrong baby.

Tong Yunshi knew she was selfish, but she couldn't help it. She couldn't accept a stranger's child.

"Doctor, I want to induce labor." Tong Yunshi said firmly.

"How can you not listen to your child? Your children are so old. You say no now. You are murdering." Aunt was anxious.

"This is my child, whatever I want, it has nothing to do with you." Tong Yunshi shouted at his aunt, who was so angry that her face was white, and she felt that she was also owed. I had no idea what to do, and left without looking at Tong Yunshi. Today she was the one who helped the wrong person.

498 Chapter 501: Perfect Match (13 more)

[+ - Turn on Reset](#)

"Doctor, I want to induce labor." Tong Yunshi said to the doctor again.

The doctor frowned at her. "Did you think about it? There is no room for regret for this kind of thing."

"I'm thinking about it, I want to induce labor." This child can't.

"Okay, let's open a list to check the body first. If the body is in good condition, I will arrange surgery for you." The doctor lowered his head to open the checklist, Tong Yunshi went out with the list.

After the test items one by one ended, Tong Yunshi took the test results and returned to the doctor's office. The doctor frowned at the data above, "Your body foundation is not very good, and the fetus month is old. Once you have induced labor, very It may cause that you can no longer be a mother in the future. In this case, do you still have to insist on induction?"

Tong Yun poems stunned, and immediately froze, "Can't be a mother. How is this possible?"

"Your health is worse than the average person. Some pregnant women give birth after a few months of induction. But your words..." The doctor didn't finish what she said, Tong Yunshi also understood what she meant. .She lowered her head and stared blankly at her tall belly.

She put her hand on her stomach and suddenly felt an external force in her palm. The child kicked her in the stomach, Tong Yunshi's eyes were red.

Upon seeing this, the doctor hurriedly persuaded, "In fact, quarreling between husband and wife is a common thing. It is the so-called quarrel between the head of the bed and the end of the bed. What is the matter, you can sit down and have a good talk, don't make fun of the child, the child is Innocent."

"And I think you are quite pregnant, you should be taken care of during pregnancy, and your family still cares about you. You are now going to kill the child because of the conflict with your husband. .. I urge you to go back and think carefully about whether this child will stay or kill."

Tong Yunshi came out of the doctor's office and went home to sit on the sofa for a long time without saying a word.

She wants to kill the child because he is not the flesh and blood of Li Boming, but a wild breed who does not know anyone. She is afraid that every time she sees this child, she will remember that she went to the wrong bed that night. The existence of this child is equivalent to reminding her of the mistakes she made every moment.

As long as Tong Yunshi thought of that kind of life, she felt hopeless, and instead of regretting it in the future, it would be better to die now.

But as the doctor told the maid, the child has been in shape for five months, and she can feel the child's activities. The child must also feel her heart. In the hospital, the child kicks her with a foot telling her that it doesn't want to leave this world in this way, it comes to this world to take a look?

And in the past few months, when Li Boming was reluctant to see her, or even hated her, the only one who was with her was with her, and she would tell her every day about Li Boming. Talking about his goodness, talking about their acquaintances, talking about their bit by bit, it was this child who had spent the hard time with her.

Tong Yunshi cried, looking at the investigation report and inspection report that she placed on the table, looking at the three words Ding Minghui, and the photo of the man, Tong Yunshi's eyes were red, and his eyes were amazing. Hate, if it weren't for this man, it wouldn't have been so tragic if it were not for him.

Tong Yunshi transferred all his hatred to Ding Minghui.

Ding Minghui's address was not written in this investigation report, but Tong Yunshi could also find Ding Minghui.

Ding Minghui spent the night in the bar. From the beginning of Ning Ke's divorce, he barely stepped into the door of Ning's house. He was either a bar or a hotel every day. He indulged at night and indulged during the day, not even the company. The deputy vice presidents are the same whether they go or not. Going to others just regarded him as a joke.

Ding Minghui came out of the bar full of alcohol. Today he will go back to Ning's house. The money on his body is almost spent. He needs to go home and ask Ning Ke to take it. As soon as he came out, he was stopped by a woman with a big belly.

"Are you Ding Minghui?" Tong Yunshi asked, looking at the man in front of him.

Ding Minghui frowned at the woman in front of her, "I am, who are you?"

"Are you in the Polish hotel on the evening of April 15?" Tong Yunshi asked directly, she still had the last glimmer of hope, hoping that Li Boming had made a mistake.

Ding Minghui looked coldly at the woman in front of her, like looking at a neuropath. Inexplicably asked him where to stay on April 15th, this is not a neuropathy? He had to go past Tong Yun Shi, Tong Yun Shi stopped him again, "Are you in a Polish hotel on the evening of April 15?"

Ding Minghui looked indifferent, "Who are you?"

"Just tell me, were you there that night? Was it room 1806?"

When Ding Minghui saw Tong Yunshi, she felt that the woman in front of her was familiar, but she couldn't remember where she had seen it. At this time, listening to Tong Yunshi mentioned room 1806, there seems to be a little impression in my mind, is it that woman that night?

No wonder Ding Minghui, who has an impression of Tong Yun's poems, is that the two of them were in a fierce battle that night.

"Is it related to you?" Ding Minghui asked back.

Of course it does! Tong Yunshi roared at the bottom of his heart.

Tong Yunshi was completely disappointed at the moment he saw Ding Minghui. A drunken man, no, a drunken sloppy man turned out to be the biological father of the child in her stomach.

Tong Yunshi only felt that fate had made a joke with her again at this moment. Why is this person in front of him?

"What about me? What about me?" Ding Minghui asked lightly. Tong Yunshi bit her lip, the last trace was broken, and the despair in her heart collapsed instantly. She wished to rush up and tear Ding Minghui, the man in front of her made her life a mess.

Ding Minghui suddenly stepped closer, bowing his head slightly, his voice ambiguous, "Why, miss me?"

Tong Yunshi took a step back and looked at him in shock. Ding Minghui smiled. "I didn't remember it at the moment. I just recognized it now. Don't be so shocked. I was drunk that night, but I didn't lose memory. There are many women he has slept in, but not much left for him. It happens that Tong Yun Shi is one of them."

"So, the person that night was really you." Tong Yunshi asked coldly.

Ding Minghui shrugged, "Yes." He suddenly laughed, "You came to me today, you want to come again? I

don't care, I just don't know you..."

His eyes stayed on Tong Yun's soaring stomach for a few seconds, the meaning was self-evident. Tong Yunshi's face was first white and then black. This man was a rogue.

Not even a hooligan, but a shameless hooligan married.

Tong Yunshi sighed again that he was unlucky. The man she likes married another person, but she also went to bed with an inexplicable man. She became pregnant. What's more ridiculous is that she thought the child was Li Boming. Now in Li Boming's heart, she must be an unchecked one. woman. The latter result makes Tong Yunshi unacceptable, and the root cause of all this is the man in front of him.

"I'm pregnant, this child is yours." Tong Yunshi spoke directly.

Ding Minghui smiled and ridiculed, "This lady, although I am very satisfied with your service that night, but I am not a three-year-old child, I believe what you say, as far as your profession is concerned, you say in the stomach The child is mine, are you sure?" He always thought Tong Yunshi was a lady.

Knowing what he meant, Tong Yunshi's face was very dark, "You are the young lady, and your whole family is the young lady."

Ding Minghui frowned, "Hey, how do you curse people?" Don't say curse people, Tong Yunshi has the heart to kill at this moment.

"Because of you, I am pregnant, you must be responsible for this matter." After seeing Ding Minghui, Tong Yunshi made this decision silently in his heart-this child cannot have such a father, so, absolutely cannot stay. But she can't accept this grievance, and she needs to get a little compensation from this man. Isn't this man the deputy general manager of Shuangcheng International? There should be a lot of money, so you can lose money.

The smile on Ding Minghui's mouth was cool, and looking at Tong Yunshi's eyes was like looking at a fool, "This kind of thing you like, I didn't take protective measures afterwards, do you blame me? I'm even more confused, I sleep After so many people, no one ran to tell me she was pregnant with my baby, you..." Ding Minghui paused. "You don't know who went to bed with you and left wild seeds, you can't find anyone to blackmail, Just want to push it on my head?"

Tong Yunshi didn't expect Ding Minghui to believe her all at once. After all, it would be unbelievable for any man. Imagine which woman will leave each other's children after a night of romance.

Tong Yunshi was not in a hurry, took out the identification certificate from the bag, "This is the DNA test report of the child in my stomach and you. Look at it yourself."

Ding Minghui didn't pick up, put his hands in his pockets, and said in a cold voice, "Who knows whether this certificate is true or false? I admit that I was with you overnight, but who knows if the child in your

stomach is mine ? I won't admit it."

In Ding Minghui's view, Tong Yunshi is an unchecked woman. He fell asleep and fell asleep. Now he suddenly came over and told him that the child in his stomach was his, and he hoped he was responsible. This is simply too ridiculous. He Ding Minghui did not have children, but he did not recognize children casually.

Tong Yunshi looked at Ding Minghui coldly, "You are going to deny it."

Ding Minghui shrugged, "It wasn't my child originally, and I certainly can't recognize it." After that, he lifted his foot and left.

Ding Tongyun poetry looked at Ding Minghui's back, his eyes were cold hate. She had long expected that there would be such a scene, but it doesn't matter. Ding Minghui doesn't care, if someone doesn't buy it, there will naturally be someone who buys it.

Tong Yunshi stood alone on the corner of the street with strange light in his eyes. She took a taxi directly to Shuangcheng International Group. It was just stopped at the door of Shuangcheng International.

"Hello, I am looking for President Ning Kening." Tong Yunshi politely said.

"Do you have an appointment? If you want to see the chairman, you need to make an appointment."

Where does Tong Yunshi have any appointments? She came here temporarily, "I have no appointments, but I have something very important to tell her. It is really very important. You must see her now. Please let me in." "

The receptionist refused, "I'm sorry, I can't go in without an appointment."

No matter what Tong Yunshi said, Tong Yunshi was not allowed at the front desk. Tong Yunshi had no choice but to wait for Ning Ke in the lobby. She did not believe that Ning Ke would not come down after get off work hours.

The lady at the front desk glanced at Tong Yun Shi, silently guessing the relationship between the woman and Ning Ke in her heart. Her gaze swept over Tong Yunshi's tall belly, and suddenly there was a bold guess in her heart, would it be the romantic debt that their unsatisfactory vice president had caused outside, and now Xiaosan was looking for the main palace Do you want to say something?

Not to mention the truth about the lady at the front desk.

Tong Yunshi's luck today is not bad. Ning Ke is going to the subordinate group for inspection work today and came out of the office early.

Tong Yunshi didn't know the young lady of Shuangcheng International, but she had seen the photos of

Ning Ke, so after Ning Ke came down, she recognized it the first time, and she rushed to Ning Ke, "Ning, I have something to tell you."

Ning Ke frowned at the woman in front of her, "Are you?"

"Who I am, you don't need to know for now, but I have something important to tell you, it's about your Ning's reputation. And your husband and husband Ding Minghui."

Ning Ke glanced at Tong Yunshi and her tall belly, and there was a trace of speculation in her heart. Nodded to the secretary, the secretary left first.

"Don't you want to talk? Let's go." Ning Ke spoke lightly and went out first.

Tong Yunshi followed behind and followed her to the cafe downstairs.

"You want to tell me that you and Ding Minghui had his children after a romantic night and now need him to be responsible?" Ning Ke took the lead. This kind of drama is more common in TV series. After Tong Yunshi came to the door and mentioned Ding Minghui, she thought of this.

Tong Yun's lips pursed, "Yes."

A word of anger flashed in Ning Ke's heart. This damn man challenged her bottom line again and again.

"Mr. Ning, although I don't want to say it, that's exactly what happened. The child in my stomach is Ding Minghui, whether you believe it or not. But I didn't intend to be with him. I was drunk that night and didn't know anything. "" When referring to Ding Minghui, there was a flash of disgust in Tong Yun's eyes.

"So you mean that Ding Minghui raped you while you were drunk?" There is a fundamental difference between this night's romance and rape. Ning Ke naturally wants to ask clearly.

Tong Yunshi was embarrassed and rape was not counted. After all, she went to the wrong room first that night. She didn't even want to say that Ding Minghui raped her.

"Since it's not, that's what you want me to do, then you come to see me for what? Since you found me, you should also know that I have the same feelings as Ding Minghui." It wasn't rape, Ning Ke's anger decreased. In some cases, if the vice president of Shuangcheng International is exposed to drunkenness and rape of others, the scandal of pregnancy will cause the company's stock price to fluctuate.

Tong Yunshi certainly knows that Ning Ke and Ding Minghui have a bad relationship, but Ning Ke is the eldest lady of the Ning family and the chairman of Shuangcheng International. Ding Minghui is just a son-in-law, or a man who has been overruled by his wife. Any power, the economic power of the family will not be in his hands. If she wants to get compensation, she can only come to Ning Ke.

After seeing what kind of person Ding Minghui was, Tong Yunshi understood that the child in his

stomach could never be left, but she could not eat it in vain.

"I want 20 million." Tong Yunshi bluntly said, "This child is your husband, your husband and wife are one, and should always be responsible for this matter."

Ning Ke just raised his eyebrows when he heard 20 million, there was no other special reaction, but he smiled when he heard the words behind Tong Yun's poem, "So?"

Tong Yunshi was angry, so did she need to say it? Is this woman really silly or fake?

"I will not stay with this child, I will do induction of labor, but this child is your husband. The child is now five months. If I do induction of labor, it will cause great harm to me, and the compensation of 20 million is not counted. Expensive."

The smile on Ning Ke's mouth was slightly cold, "Miss Tong, right? How do I believe this child is Ding Minghui?"

Tong Yunshi put the DNA test report in front of Ning Ke, "This is the evidence."

Ning Ke picked it up and glanced back, "Since this child is Ding Minghui, if you want compensation, you should go to him. It is useless to find me."

Tong Yunshi's expression stiffened, "Shouldn't you..."

"What should I not do? Pay for Ding Minghui's behavior?, Miss Tong, although I have a husband and wife relationship with Ding Minghui, I have no obligation to pay for him." Ning Ke stood up and left, she felt that she was just wasting now Time, with this effort, might as well go back and read two more documents.

"Then you are not afraid that I will tell the media reporters about this matter, which has affected your reputation of Shuangcheng International?" Tong Yunshi said.

Ning Ke's footsteps turned and looked at Tong Yunshi, "You go."

Ning Ke is not a threatened character. If Tong Yunshi told her well today, perhaps for humanitarian reasons, she would give her a little, but this woman is either a lion's big mouth or a threat, which makes Ning Ke very uncomfortable and naturally has no good face. Tong Yunshi didn't expect that Ning Ke wouldn't even eat this set. When Ning Ke left, he was at a loss.

Ning Ke went home directly, did not see Ding Minghui at home, and asked the servant to know that it turned out that Ding Minghui had not returned at all in the past few days, his face was very dark, and he called Ding Minghui with a calm face and asked him to go home immediately

Ding Minghui originally planned to go home and ask Ning Ke for the cost of living, so he received a

phone call from Ning Ke and came back sloppy. Ning Ke saw that he came back drunk and saw his face turned black directly into the bottom of the pot. The cup on the side splashed directly at Ding Minghui.

Ding Minghui was caught off guard by surprise, "Ning Ke, what are you doing? Are you crazy?" He roared.

Ning Ke snorted, "Are you awake now?"

"You're sick?" Ding Minghui was splashed with water all over his face, although it was warm water.

"Today a woman with a big belly came to the company to find me and said she was pregnant with your child. Shouldn't you explain to me what happened?"

Ding Minghui's expression was stiff, and he didn't expect Tong Yunshi to find the company. "There's nothing to explain, it's just a crazy woman, just ignore her." He was a little disappointed.

"Ding Minghui, sign this agreement." Ning Ke took out the divorce agreement again. If the last divorce wanted to be divorced because Ning Minghui's conditions were too high, now Ning Ke is iron Heart wants to divorce him.

"Why did you start talking about this again? You always knew that I had a woman outside. Are you trying to borrow a question now?"

"Ding Minghui, did you forget the three chapters of our contract? Then I remind you that the third rule is that you can play outside. I don't care how many women you play, but if a woman finds me in your name Here, affecting the reputation of Shuangcheng International, you get out of the Ning family." Ning Ke Shen Sheng said.

"Ning Ke, you know you just want to use the question to play." Ding Minghui was irritable. It wasn't that no woman had visited Ning Ke before, but they were all sent off by Ning Ke in a few words. Here, Ning Ke didn't want to give his company's shares, so this is the case.

Ning Ke looked at him with a faint expression, "Are you going to confront me with the court?"

"Whatever you say, I will never divorce this marriage. If you want to get a divorce, give me 3% of the company's shares, otherwise everything will be free.

"Then wait for the lawyer's letter. I also want to know what a derailed man can give him in the end."

Ding Minghui didn't care, and it was fine for the book court, anyway, Ning Ke also made a lot of money in the past few years, all of them were their married property, even if it was evenly divided, it was far more than 50 million.

Ning Ke saw through Ding Minghui's plan at one glance, "Trust me, the result of the book public hall is

that you leave the house and can't take a penny."

Ding Minghui's complexion was green, "Ning Ke, don't go too far. If you really dare to do so, I will tell the world that your son is a wild seed whose father is unknown!"

"Snap." The words of Wild Seed deeply stimulated Ning Ke. Ning Ke was angry and waved his hand at Ding Minghui's face.

Ding Minghui hadn't responded yet, and another slap on the other side of his face, Ning Ke looked at him coldly, "Let me hear these two words again, your family will leave me out of the capital."

Ning Xiujie is the anti-scale of Ning Ke, and Ding Minghui should never take him to talk about things.

"Did I make a mistake? He was originally..." The last two words were swallowed back by Ding Minghui in Ning Ke's seemingly murderous eyes. He snorted and threw his sleeves upstairs.

"Ding Minghui, I will give you three days to sign this agreement. Fifty million yuan and two houses in your family will belong to you. If you don't sign it, then we will see you in the court." Ning Ke spoke lightly behind him.

Ding Minghui's footsteps twitched, the corner of his mouth moved, and finally he said nothing and went back to his room.

499 Chapter 502

Ding Minghui finally did not sign the divorce agreement. He knew that the person Ning Ke cares most about is Ning Xiujie, and Ning Xiujie's life experience is a secret and a handle. Now that this handle is in his hands, Ning Ke dare not really treat him. Clean out? It's a joke.

Ding Minghui did not sign, Ning Ke was not in a hurry, he directly asked the lawyer to submit a divorce application to the court. If there was no such thing as Tong Yunshi, Ning Ke did not intend to divorce so quickly. After all, she divorced and the company's stock price would be turbulent, but the recent series of events have shown that Ding Minghui is a time bomb. If you continue to stay around, you will suffer endlessly.

At this time, Ning Ke also regretted that he didn't polish his eyes to find such a person. At the same time, there was also a hatred of the man who abandoned him and his child, the cowardly man, if she let him see him, she would not let him go.

Ding Minghui knew that Ning Ke had really filed a divorce application with the court, and suddenly panicked. Even without knocking on the door, he broke into Ning Ke's room. Ning Ke was changing

clothes. This man suddenly rushed in, his expression cold. , Quickly took the nightgown aside and put it on his body, "Who allows you to enter my room?"

Where does Ding Minghui care about this now, staring at Ning Ke, "You actually filed a divorce with the court!" She cares most about her son and the company. What good is it for her now?

For Ning Ke, divorcing Ding Minghui now can avoid greater losses and hidden dangers in the future.

Ning Ke raised her eyebrows, "I look like I'm joking with you? Ding Minghui, now you are too late even to sign the divorce agreement." This time she must let Ding Minghui clean out of the house, wanting to use her son to threaten She still wants money. Where is there such a cheap thing in this world?

Are you really not afraid that I will release Ning Xiujie's life experience to the public?"

"If you want to take your parents and sister out of the capital in vain, and you can no longer gain a foothold in the capital, try it." Ning Ke is not afraid of threats.

Ding Minghui looked annoyed, "Ning Ke, don't make me anxious. If you make me anxious, I can do everything." The dog will jump over the wall when he is anxious, not to mention people.

Ning Ke's expression was faint, "If you come to just want to threaten me, then please go out and I will take a rest."

Ding Minghui looked at Ning Ke's indifferent face, and evil grew from the courage. He suddenly stepped forward and pressed Ning Ke on the bed. "In this case, let's fulfill the obligations of the husband and wife."

Ning Ke's expression was cold, but there was no confusion, "Ding Minghui, how dare you!"

"I have nothing to dare. Anyway, you have to divorce me. I still want to let me go out of the house. Do I get no money or no one?" For the past three years, they have slept in separate rooms. Ning Ke never let him touch it.

Ning Ke struggled desperately, but his strength was no match for Ding Minghui, "Ding Minghui, I warn you, if you dare to move me, I will kill you."

"If you have the ability, you can kill. It's a big deal. Let's die together. Anyway, I'm a bachelor."

The gown of the nightgown was torn apart by Ding Minghui, revealing a large white skin on Ning Ke's chest. In a panic, Ning Ke raised his feet and pressed hard against Ding Minghui's fragile parts. Ding Minghui's sore complexion turned white, he immediately knelt on the bed and could not move. Ning Ke quickly fastened his robe and ran away. Go out.

Ning Ke ran to his son's room, locked the door back, and hugged his son to sleep. What he had in mind was not only to make Ding Minghui clean out of the house.

The next day, when she got up, Ding Minghui was no longer at home. Ning Ke called the lawyer and asked him to hurry up to go through the divorce formalities.

On the third day, Ding Minghui was reluctant to divorce, but the court's verdict soon came down. Originally, he and Ning Ke were only in formal marriage, and they have been separated since the day of marriage. The court directly sentenced without even mediation. The verdict came so quickly, and it is possible that Ning Ke used the elements of the relationship in it.

And Ding Minghui satisfactorily derailed in the marriage, and became the wrong side of the marriage, just as Ning Ke said to clean up directly. The most powerful evidence is the paternity test report of the child in Tong Yunshi's belly and Ding Minghui.

Tong Yunshi originally wanted to talk to Ning Ke in a few days, but did not expect that the news of the divorce between Ding Minghui and Ning Ke was waiting.

When she didn't know what to do, Ding Minghui approached the door.

"Open the door, Tong Yunshi, you open the door for me, I know you are inside, and open the door for me." Ding Minghui snapped the door.

Tong Yunshi heard the movement outside, knowing that the person who came was Ding Minghui, and did not want to open it, but Ding Minghui's movement was too big, and let him go down, he would disturb the upper and lower neighbors. In desperation, Tong Yunshi could only make Ding Minghui Enter the door.

Ding Minghui looked at Tong Yunshi's eyes as if he were going to kill, "It's all a good thing you did. If it weren't for you, I would be able to get out of the house now. Are you satisfied? Now 20 million, dream! Now I can't even get two dollars, even if I fell asleep, it's white sleep."

At this time, Ding Minghui's eyes were crimson, his eyes were bloodshot, and he was alive with a frantic look. The child rhyme was tight, and he stepped back several times, looking at him pretentiously, "Don't come here, you come again, I called the police."

Ding Minghui grinned cruelly, and slowly walked towards Tong Yunshi, "You report it. I also want the police to see how lascivious you are."

Ding Minghui's unacceptable result of purging himself out of the house, he couldn't find Ning Ke, so he could only come to Tong Yunshi. After all, if it was not the paternity test report held by Tong Yunshi, his marriage was still derailed. It can be denied.

Tong Yunshi kept going backwards and was forced to the corner, "What do you want to do?"

"you guess."

"Ding Minghui, I tell you, now I am a pregnant woman, and your child is still pregnant?"

Ding Minghui glanced at her towering belly, "My child? Who knows who it is? Oh yeah, you don't say I forgot, I really should thank this child in your belly, if not him, I haven't cleaned out so quickly. I just want to ask you, what benefits does Ning Ke give you, let you report her paternity test?"

Tong Yunshi pursed her lips. Can she say that she did not report the paternity test to Ning Ke? She didn't know where Ning Ke got the paternity test report. She was not stupid. How could she report to Ning Ke? Ding Minghui's divorce did not benefit her at all.

"You damn stupid woman, you hurt me so badly, what do you say I should do with you?" Ding Minghui's voice was soft, but it made Tong Yunshi more afraid.

Ning Ke did a great job, not only let Ding Minghui clean out of the house, but also recovered the house of his parents and sister. Now their family is in chaos.

"It's my business." Tong Yunshi said, "That appraisal report was not given to her by me, really it was not me. You think about it, I still want to get a little compensation from her, how can I give it to her? , So it really has nothing to do with me."

Ding Minghui shrugged, "It doesn't matter, whether you gave it to her or not, this matter has nothing to do with you. If it's not for you to go to her, she won't know your existence, and she won't know that part. Identification report."

All in all, this woman is too greedy. Since she was the culprit, she always accompanied him to hell.

"Ding Minghui, please don't come." Tong Yunshi shouted, his expression flustered, Ding Minghui's current state was obviously abnormal.

"Don't you want money? I don't have money, but I still have it. Do you want it?" Ding Minghui's expression suddenly became ambiguous, and the heart of the children's rhyme was shaking, and he shook his head desperately.

"I don't want, I don't want anything, please leave here, I will never go to you again, really, I promise."
She was really scared, the man in front of her was so terrible at the moment.

Ding Minghui pinched Tong Yunshi's neck, and the ambiguity in his eyes was instantly replaced by fierceness, "Why didn't you think that you didn't want to bother me? You just made it right now, and now you say you are wrong, let me let go of you, how can there be such a cheap thing in the world? You stupid woman."

Tong Yunshi slapped Ding Minghui's arm, "Let... let go!"

Ding Minghui dragged Tong Yunshi to the sofa. Tong Yunshi didn't dare to struggle violently. He could only sit down on the sofa with his strength, his hands clasped to his chest, and his face was guarded, "What do you want to do?"

Ding Minghui looked at her defense and sneered. "Do you think I will do something to you? Just look like you are now, and you're appetizing at a glance."

These few days, the rhyme of children's rhyme is very haggard. I can't sleep all night and all night, and with no trimming, the whole person looks extremely sloppy. In this way, it is really difficult to arouse the desire of men.

"I'll explain to Ning Ke that it's not your child in my stomach, it's just that I want to get your money and make it up. Is this all right?" Tong Yunshi looked at Ding Minghui hopefully, hoping that Ding Minghui could let her go, leave from here.

"Tongyun Shi, are you a fool all over the world?" Ding Minghui sneered, looking at Tong Yunshi's belly, his eyes rolled, and reached out and touched gently on her belly.

His movements are slow, even gentle, but Tong Yunshi feels that there is a viper crawling slowly on his stomach, and he is also spitting the crimson letter.

"The child is still moving, do you know that I am his dad, so say hello to me." Ding Minghui's expression is gentle, "Well, it's such a good boy, I will definitely hurt you when you are born."

Tong Yunshi's eyes widened suddenly. What did he mean? "I don't have a baby, I don't have a baby now, I will hit this child tomorrow."

The gentle color on Ding Minghui's face disappeared instantly, and he looked at Tong Yunshi's eyes firmly, his eyes dark, "Why not give birth?"

"It's just a mistake. It shouldn't come to this world." Tong Yunshi shook his head. If there was a little hesitation, then this little hesitation was also scared away by Ding Minghui.

Ding Minghui looked at her coldly, squeezing her chin, "Not born? Don't want to give birth. Why didn't

you hit him when you first discovered that now the children are so old, you say you don't want to give birth? Is it because he was a mistake, or Because he is not Li Boming's seed?"

Tong Yunshi was shocked, "You..."

"Want to ask how do I know Li Boming?"

Tong Yun, really want to know how Ding Minghui knew Li Boming?

That happened to be a coincidence, that night. When Ding Minghui and Tong Yunshi turned over and over, she always called Li Boming's name in her mouth. At that time, Ding Minghui thought she was the same person with the same surname, but did not care about it. And because of the marriage of dew, he never remembered this matter in his heart until Tong Yunshi appeared in front of him with a stomach on his stomach, and even the disturbed Ning Ke divorced him.

Originally, Ding Minghui did not associate Tong Yunshi with Li Boming, but just yesterday, someone suddenly sent him an email to tell him the relationship between Li Boming and Tong Yunshi..

To say who Ding Minghui hates the most in this world, then Li Boming is definitely the first to bear the brunt. If it weren't for Li Boming's appearance, he and Fang Tong might even have a chance to compound, but it was this man who took away her favorite woman. Now the man's admirer came to disturb his family again, new and old hatreds were added together. Ding Minghui wished to hack Li Boming. He didn't understand what happened to the women in this world, how did they all look at him one by one, Fang Tong is like this, and the woman in front of him is also like this.

Is it because Li Boming looks better, is he richer?

"I love Li Boming and want to stay close to him, so I seduce him and plan to use a child to tie him, but I went to my bed in a miserable way and found myself pregnant with ecstasy, thinking I could use the child to get Li Boming married. However, it turned out that the child was not Li Boming, so he wanted to kill the child, but before killing the child, he was not willing to suffer like this, so he wanted to use it to earn some benefits for himself." Ding Minghui said slowly It's not too slow.

Tong Yunshi was utterly obsessed with his face, and his face was white, but he still denied it, "No, not like this."

Ding Minghui smiled and smiled softly, "No? What is that? Tell me what is wrong, I change it." He didn't care about the child in Tong Yunshi's belly, it didn't matter if he was, but he was learning After the relationship between the two, Ding Minghui changed his mind.

Ding Minghui looked at Tong Yunshi's stomach with a strange light.

"What do you want to do?" Tong Yunshi asked in fear.

Ding Minghui reached out and touched her face gently, and said softly, "Good boy, give birth to this child, as long as you give birth to this child, I will help you get Li Boming."

Tong Yunshi shook his head, "I don't want it."

"Why? Don't even want Li Boming, don't you love him the most? You have done so many things for him, but the result is that the bamboo basket is empty, so are you willing to watch him stay with another woman? Beside, spoiling each other, but disdain you?"

Tong Yun's poems are not reconciled, but what if they are not reconciled? Li Boming already knew that she had a relationship with other men, even pregnant with other children. In such a situation, even if he and Fang Tong were not together, they would not be willing to be with her. Thinking of this, Tong Yunshi only felt sick.

Seeing Tong Yunshi shook his head and disagreed, Ding Minghui slapped her face with a slap, "Have a shame on the face, I tell you, this child can be born without birth, and without birth."

"Don't you not admit that this child is yours?" Tong Yunshi asked, covering her face.

"Now I admit that since it is my child, it should be born."

Tong Yunshi doesn't think that Ding Minghui really admitted that the child in his belly was his. Looking at his crazy appearance at this time, she felt there must be a conspiracy inside.

Ding Minghui's idea for children's rhyme is unknown. Tong Yunshi only knows that no matter whether it is for the sake of the child in the stomach or for the sake of herself, this child can't want it. But now Ding Minghui is staring at her tightly, as if she disagrees, he will be rude to her.

In desperation, Tong Yunshi nodded, "I know, I am born."

Ding Minghui patted her face, "That's how good it is." He stood up from the sofa and seemed to be calling. Tong Yunshi ran to the door when he pulled the leg at the right time. She went to beat the child now.

Ding Minghui saw this and pulled his leg up to catch up.

Tong Yunshi had opened the door, and closed the door with his backhand. She pressed the door of the elevator, but the elevator didn't open for a long time. Seeing that Ding Minghui was about to open the door and chase it out, Tong Yunshi decided to go up the stairs and was caught up by Ding Minghui as soon as she reached the stairway.

Ding Minghui took her by the arm and said, "Where do you want to go, give me back and be patient."

Tong Yunshi clapped Ding Minghui's hand, "I'm not going back, I'm going to the hospital, you let me go."

Ding Minghui kept going. He pulled Tong Yunshi and walked back. Tong Yunshi struggled violently. As a result, his feet slipped and the whole person fell backwards. Ding Minghui didn't grasp it for a while and watched Tong Yunshi roll from the stairs. Go on.

Tong Yunshi's stomach hit hard on the ground. She only felt a pain in her stomach and a stream of heat flowed from her legs. Ding Minghui stood on top, looking at the blood under Tong Yunshi, suddenly panicked, quickly pulled out his mobile phone and dialed 120.

Tong Yunshi's child was gone, and he fell off such a high staircase, and it was completely lost.

When the doctor removed the stillbirth from her stomach, Tong Yunshi opened his eyes and looked at the bloody child, which was already a boy.

Tong Yunshi's tears fell instantly, although she wanted to give up the child, but when the child really left her body, she couldn't help but feel a sorrow in her heart.

Tong Yunshi fell down the stairs because of Ding Minghui's concession, so when Tong Yunshi woke up, he brought Ding Minghui to the court with a complaint, and he was intentionally injured and raped.

Tong Yunshi knew that she was isolated and helpless. In such a case, she sued Ding Minghui for rape. She was forced to lose the case, so when her body was not completely healthy, she forcibly discharged to find Ning Ke. She needed Ning Ke. Help, she wants Ding Minghui to pay the price.

Ning Ke looked at the woman who appeared in front of her and waited for her to explain her intentions. After listening to Tong Yunshi's words, she said, "Why do you think I will help you?"

Just after the miscarriage, Tong Yunshi's face did not have the slightest blood on his face. The loss of this child was extremely harmful to her body. The doctor originally determined that her physique was weak. Once the labor was induced, it would hurt the mother, and this time she fell from the stairs, as the doctor expected. Like that, she can no longer be a mother from now on.

Tong Yunshi hated Ding Minghui for wanting to make him humiliated. "I can help you solve Ding Minghui's trouble."

Ning Ke raised his eyebrows and Tong Yunshi continued, "Although Ding Minghui is now divorced from you, he is still your ex-husband after all. As long as he is not dead, he can come to you and continue to haunt you. And he should hold Your secret. Once he releases the secret, it won't do you any good. I will send him to prison, so he can't bother you again in the future, and I can get revenge, two birds with one stone, right?"

Ning Ke's fingers lightly tapped on the table, seemingly considering Tong Yunshi's proposal, "What do you want me to do for you?" If the price is right, it's not impossible.

"I don't want your money, I only want you to provide me with a best lawyer to help me win this case."

It took a long time before Ning Ke spoke softly, "Okay, I agreed to your condition, and the lawyer will go to you tomorrow."

Tong Yunshi was relieved and slowly walked out of Ning Ke's office.

Ning Ke talked, and the lawyer took the initiative to find Tong Yunshi the next day. Discuss the details of the case with her. Regarding rape, there is actually a lack of persuasion. After all, Tong Yunshi went to the wrong room that evening. It was also that I took the initiative to have a relationship with Ding Minghui, saying that rape was too reluctant, but Tong Yunshi was a fact because of Ding Minghui's push and fell down the stairs, which led to miscarriage and even life-long infertility. It is a fact that deliberate harm cannot be escaped.

"Can't we make him sentence more severely?" Tong Yunshi listened to the lawyer's analysis and said unwillingly that the sentence of three to five years was too cheap Ding Minghui.

"This is already the limit, after all, this matter can also be characterized as negligent injury." The lawyer said. Knowing that there is really no way, Tong Yunshi can only agree.

"Ding Minghui was jailed?" Yu Xiaoxuan was surprised when he looked at the news headlines in the newspaper. Shen Qinglan took the newspaper and looked at it. Although he didn't name the surname, who was the protagonist, they all knew clearly.

"But that's fine, so he can't bother Fang Tong again." Yu Xiaoxuan said, "It's a pity that the dead woman didn't go in with Ding Minghui. You said that the woman's child was gone, so why not go up Ding Minghui is desperately desperate." It's better to have a loss of both sides. Both of them went in for years of intentional injury, and Fang Tong was completely quiet here.

"Fang Tong, you should not go out as much as possible during this time." Shen Qinglan urged, lest Tong Yunshi go crazy to do anything that would hurt Fang Tong, and the desperate woman can do everything.

And Shen Qinglan knew more than Yu Xiaoxuan. She knew that Tong Yunshi could not do mother's things in her life. Fang Tong's production is imminent, or he is careful.

Fang Tong nodded, "I will be admitted to the hospital in a few days, and my mother will take care of me, and Bo Ming will also find Yuesao, it will be fine."

500 Chapter 503: The Event [Introduction to Small Theater] (15 more)

In fact, no one expected this to happen today.

"Alas, the most innocent is the child." Yu Xiaoxuan said. In the whole thing, Ding Minghui and Tong Yunshi both deserve it. The only innocent person is the unborn child.

Yu Xiaoxuan's words were endorsed by Shen Qinglan and Fang Tong.

"However, think about it from another angle, this child is born or lived in an unhappy environment." Shen Qinglan said lightly.

That child is an unwelcome existence, even if he is born, he will not get the love of his parents. He may even have a tragic childhood because of the parents' grievances. Shen Qinglan has read too many news about the abuse of children by his biological parents. Unlike that, maybe leaving now is not a good thing for that child.

Mentioning the child, Fang Tong glanced at his tall stomach and reached out to touch it, his expression was somewhat ashamed.

"Okay, don't think about it again. You are about to have a baby. Be happy. The mood of the pregnant woman is very important." Yu Xiaoxuan comforted Fang Tong.

Fang Tong nodded, "Well, I know, I just learned about this kind of thing, and I was a little bit emotional."

Fang Tong's due date is one week later, so she was admitted to the hospital four days before the due date.

She had a sudden attack on the night before the expected date of delivery. The child was a distressed mother. Not long after Fang Tong felt abdominal pain, the palace mouth opened quickly and was pushed into the delivery room. Compared with Shen Qinglan and Yu Xiaoxuan's production, Fang Tong's production can be considered very smooth. Soon afterwards, he gave birth to a son, seven pounds and sixty two, a real fat boy.

Friends have produced, Shen Qinglan and Yu Xiaoxuan are naturally going to visit.

In the hospital, Yu Xiaoxuan looked at Fang Tong's son with a big smile on his face, "Qinglan, this child's eyelashes are so long, you see. When he grows up, with these eyes, a large group of girls should be amazed Now."

Shen Qinglan looked at the little guy. The little guy was sleeping with his eyes closed. His eyelashes were thick and dense, like a small fan, casting a small shadow on his face.

An An's eyelashes are very beautiful. This child's eyelashes are as good as An An's.

Yu Xiaoxuan looked at her heart to be sprouted, and she liked the child with long eyelashes. Guoguo's eyelashes are also very long, but it's a pity that it is still shorter and thinner than An An and this little guy.

Fang Tong is a caesarean section, and the knife on his body is only beginning to attack now. Li Boming has been escorted throughout the hospital these past few days, and he has never gone to work. He even changed Fang Tong's clothes.

Because he chose a caesarean section, Fang Tong recovered longer and stayed in the hospital much longer than Shen Qinglan and Yu Xiaoxuan.

On this day, an uninvited guest appeared in the ward.

Fang Tong looked at the people coming in, and was a little surprised.

Tong Yunshi smiled, "I heard you gave birth to a son, I came to see."

Fang Tong looked calm, but the hand under the quilt clenched unconsciously, "Thank you."

She looked away from Tong Yunshi's flat abdomen. Tong Yunshi didn't notice her eyes. She found a chair and sat down beside the crib.

Li Boming went back to get Fang Tong some changed clothes, knew that Fang Tong wanted to see his son, and reported his son to the ward before leaving.

"Is this you and Boming's son?" Tong Yunshi looked at the sleeping little guy, his eyes became tender, Fang Tong saw Tong Yunshi raised his hand, and called her nervously, "Tongyun poetry."

Tong Yunshi looked at Fang Tong, saw her looking at her precautionarily, put down her hand, smiled, "Don't be nervous, I just want to touch him, your son is very cute."

How can Fang Tong not be nervous, now she is the only one in the ward, and she has limited mobility, the son is at Tong Yunshi's hand, if she wants to do anything, she has no time to stop.

Tong Yunshi was still very nervous to see Fang Tong, and took the initiative to move the chair away. "Now rest assured."

Although Fang Tong did not relax completely, he was not so nervous anymore. "Thank you for coming to see me today."

"No need to thank, I don't want to see you." She just wanted to see what Li Boming's son looked like, whether he looked like Li Boming.

"Actually, I am also pregnant with a son." Tong Yunshi said quietly, "but he didn't have that blessing, he cast the wrong baby, and he didn't even have a chance to take a look at this world." A sadness appeared in her eyes. When it comes to the unborn child, she will still be sad.

Although the result has been known for a long time, Fang Tong did not know what to say when she saw Tong Yun Shi at this time. She could feel the sadness of Tong Yun Shi at this time, perhaps because she had just become a mother.

"You should see the news on the Internet? Ding Minghui is in jail." Tong Yunshi changed the subject, Fang Tong looked at her and only listened to the latter to continue, "I personally sent him in because he was killed my child."

"So you came here today to tell me about it." Fang Tong asked back.

Tong Yunshi looked at Fang Tong's eyes, with a trace of inquiry in his eyes, "I thought you heard this news, there will be a little reaction, after all, you and Ding Minghui used to be the same boyfriend and girlfriend for many years, right?"

Fang Tong's expression was faint, "That was something that happened many years ago. I have nothing to do with him."

Tong Yunshi nodded and looked at Fang Tong's eyes very complicated, "Well, I know. In fact, Fang Tong, you are a very lucky person, and I was lucky to be jealous. You successfully escaped from the fire pit of Ding Minghui, and I met Li Boming who loved you so much." That's what she can't expect.

"You don't have to look at me like this, I really am jealous of you, but I don't do anything to you, or do you think I will retaliate you in the hospital? I admit that I hate you, and I don't like you now." Tong Yunshi said frankly.

Today, when I saw Tong Yunshi, Fang Tong felt that her whole person's feelings were different. Now she wanted to understand that it was her eyes. In the past, Tong Yunshi always had anger and jealousy in her eyes. At this time, Tong Yin's eyes were calm. It is peaceful. Although the words of hating her and jealous of her are said in the mouth, the emotion of the eyes has always been light.

"You..." Fang Tong said, and suddenly she didn't know what to say. The only intersection between her and Tong Yunshi was Li Boming. They fell in love with the same man. Tong Yunshi's gesture at the beginning appeared to her is to Li Bo Ming is bound to win, so they have never been friends.

"If you want to sympathize with me, then you don't have to. I haven't been pitiful enough to need the compassion of my rivals." Tong Yunshi stopped Fang Tong from proceeding, "And you don't have to change my mind. Li Boming said the blessing."

Tong Yunshi told Fang Tong a few words and left. When he left, Li Boming happened to be in front of the hospital.

Across the crowd, Tong Yunshi stared at Li Boming in a daze for a moment, and his heart was slightly sour. Li Boming also saw her, his face slightly changed, and he walked faster.

I just wanted to cross Tong Yunshi to the ward, Tong Yunshi said, "Bo Ming, can you talk about it?"

Li Boming's footsteps slightly hesitated, hesitated, turned around and walked to the hospital's garden. Tong Yunshi's eyes brightened and followed.

"Boming, congratulations on being your father." Tong Yunshi said softly.

Li Boming pursed his lips, "Thank you."

"Your son is very cute."

Li Boming looked at her calmly, Tong Yunshi smiled, "You are like Fang Tong, too nervous, I have no plans to do anything to them, I just simply look at your son, Bo Ming, I'm leaving. "

Li Boming looked at her and said nothing.

Tong Yunshi smiled bitterly, "My child is Ding Minghui, and I...forget it, now it doesn't make any sense to say that, and the doctor said that I can never be a mother in my life again, which is also deserved. I caused you and Fang Tong a lot of trouble, and I apologize to you now." Her eyes are very sincere, not like telling lies.

Because Ding Minghui was Ning Ke's ex-husband, he was in the news paper when he had an accident, and Li Boming naturally knew. I also know that Tong Yunshi is the plaintiff.

"I shouldn't be back this time when I leave. Today is the last time I came to see you. I just hope you can let go of my father's company. After I have told my parents, I will leave the capital. They After giving birth to an unfilial daughter like me, they will only have that small company in the future. I beg you not to cut off their only source of life."

As long as Tong Yunshi doesn't do anything, Li Boming will naturally not go to her father's company, "as long as you do it."

"Thank you, Boming." Tong Yunshi said sincerely, her eyes stayed on Li Boming's face, and she was

reluctant to leave for a long time.

Bo Ming, I promised you that if this child is not yours, I will not appear in front of you forever. Now, I am going to fulfill my promise. Goodbye, Li Boming, my dream in my youth.

"Goodbye, Li Boming." Tong Yunshi took a deep breath and said, then turned and left.

Li Boming looked at Tong Yunshi's back, his eyes flashed, and he turned to the ward.

In the ward, Fang Tong was feeding the child, and when Li Boming came in, he took the initiative to speak, "Tong Yunshi has just come, just said a few words and left."

"I ran into her downstairs, she said goodbye to me." Li Boming originally told Tong Yun's words to Fang Tong, and Fang Tong was a little sighed. "I didn't expect to go through a change, but she was Look away."

Li Boming nodded in agreement, "Actually, it's better." It's better than going to extremes. If Tong Yunshi can't think about it and continues to struggle, Li Boming is not sure what he will do to protect his family.

**

Fang Tong's troubles were solved, and Shen Qinglan also relieved Fang Tong, and the days of Shang Tongtong were born smoothly, which was considered a double happiness.

Shen Qinglan has been in a good mood these past few days. She does not need her to say that everyone can feel her good mood.

"Mom, isn't dad coming back today?" An An asked Shen Qinglan, who was drawing, with his small head raised.

"Daddy will come back tomorrow morning."

"Oh." An An answered.

"Miss Dad? That mom called Dad."

An An shook his head, "No, don't call Dad."

After hearing this, Shen Qinglan glanced at his son, "Why doesn't An An want his father?"

An An tilted his head and thought about it. The small face was full of tangles. In fact, he wanted his father, but he didn't want his father to come back. Shen Qinglan looked at him tangled, funny, put down the brush, "What's wrong?"

"Mom, if Dad comes back, I won't be able to sleep with you." This is where An An struggles most. Dad doesn't allow him to sleep with Mom every time he comes back. Even the story is told by Dad, and Mom stays with him all day long. Dad, I have no time to play with him.

"Don't An'an promise his father to sleep alone last time?" Shen Qinglan teased him.

When it comes to this matter, An An is even more entangled. Last time Fu Hengyi took An An to go out to play, An An fancy a set of toys, wanted Fu Heng Yi to buy, Fu Heng Yi seduced his son, if he took the initiative to sleep alone, he bought him, An An Unable to bear the temptation of toys, he nodded and agreed, and the result was that he had lost his hatred for thousands of years. Later, as long as An An wanted to sleep with his mother, Fu Hengyi reminded him with this.

Shen Qinglan educated An An from an early age, and promised to do something for others. He could not be fooled, so even though An An was very unwilling, he would still go to his room to sleep.

"But mom, I haven't slept with you for a long time. Will you sleep with me tonight?" An An prayed softly, his eyes blinking and blinking.

Every time An An begged Shen Qinglan was such a soft and cute look. He knew that as long as he sold Meng, his mother would promise him. Sure enough, Shen Qinglan couldn't refuse his son's request and nodded, "Okay, my mother will sleep with you at night."

"Tomorrow morning I want to see my mother." An An asked further. On several occasions, her mother promised to sleep with herself, but when she woke up in the morning, she disappeared.

"Okay, my mother agreed, you can see your mother by opening your eyes tomorrow morning, okay?"

"That mother, you are not allowed to tell Dad." Otherwise Dad would make fun of him and say that he doesn't mean anything.

Shen Qinglan nodded with a smile, "Well, don't tell dad." Fu Hengyi will not come back tomorrow morning anyway.

An An was immediately happy.

In the evening, An An took a shower and crawled to the bed early to lie down. When Shen Qinglan came in, he moved to the side and patted his side with his small hand. "Mom, I'll warm your bed."

Shen Qinglan laughed. An An learned this from Fu Hengyi. When it was cold in winter, Fu Hengyi would help Shen Qinglan warm the bed. He also told his son that his mother was a girl and was afraid of the cold. They were boys, so be nice to her mother. .So every time An An wants to sleep with Shen Qinglan, he will help her warm the bed, even on a hot summer day.

Shen Qinglan lay down beside An An, bowed his head and kissed on his small face, "Thank you baby."

She took a fairy tale book from the bedside table, opened a page at random, and began to tell An An a bedside story softly. An An was in Shen Qinglan's arms. At first she was still listening carefully, and she would also ask Shen Qinglan. After half an hour, An An fell asleep with his eyes closed.

"Sleep really fast." Shen Qinglan smiled lightly, put the book aside, and hugged his son to sleep.

Although it is a children's bed, Shen Qinglan's size is not high, but it does not seem crowded.

When she slept in the middle of the night, Shen Qinglan suddenly heard footsteps. She opened her eyes and saw a blurry figure in the darkness. It wasn't who Fu Hengyi was. She froze for a moment and sat up. "Why are you back now?" Deliberately lowered his voice so as not to wake up his son.

Fu Hengyi walked to the bed and sat down, turned on the floor lamp, barely able to see clearly the scene in the room, "I will come back after thinking of you." He glanced at the corner of his eyes, and some of them slept all over the floor. Boy, "Go back to the room and sleep?"

Shen Qinglan glanced at his son and shook his head, "I promised An An to sleep with him tonight."

"He has fallen asleep." Fu Hengyi said, his tone was a bit tasteful. He just came back today, thinking that he could finally hold his wife to sleep, but when he got home, he found that there was no one in the bed, and he walked into his son's room. I saw Shen Qinglan and his son sleeping soundly.

Shen Qinglan, patted Fu Hengyi's arm, "You go back to sleep first, An'an, I will cry when I wake up to see you tomorrow morning."

"I'm going to cry without you accompanying me to sleep," Fu Hengyi said with a grudge. "And An An is more than three years old, and no one needs to accompany him to sleep."

Shen Qinglan glanced at him silently, "You are in your thirties." The implication is that you don't need anyone to sleep with you.

Fu Hengyi heard the words, black face, without a word, she just picked up Shen Qinglan and left. Sure enough, the gentleness or something came quickly. Shen Qinglan was caught off guard and unconsciously hugged Fu Hengyi's neck.

"Quilt," she said. Just by Fu Hengyi, An An's quilt fell to the ground. Fu Hengyi put Shen Qinglan down and walked over to help his son cover the quilt, turned off the floor lamp, and took Shen Qinglan back to his room.

"Go, let's take a bath." Fu Hengyi walked into the bathroom holding Shen Qinglan.

"I have taken a bath."

"Then wash with me again."

As a result, this bath was washed for two hours. Fu Hengyi came out after taking a bath and laid his wife on the bed, only to sleep with her eyes closed.

Shen Qinglan was so sleepy that she felt her chest suffocated, as if she was pressed under a big mountain. She opened her eyes suddenly and saw a dark head.

Fu Hengyi saw Shen Qinglan awake, raised his head, and said with a smile, "Wife is early."

Shen Qinglan stared at Fu Hengyi, "Fu Hengyi, I am a person, not a machine." Last night, the two of them just had a 300-round battle. As a result, the man started again early in the morning. Shen Qinglan only felt sore now.

"So I'm moving this time, you just lie down," Fu Hengyi said of course, and continued to bury his head in Shen Qinglan's chest, and his hands weren't honest to pull Shen Qinglan's pajama tape.

Shen Qinglan pushed him, "Come again at night, let me take a break first." They all said that there was no cultivated land, only exhausted cattle, but Shen Qinglan might become the first cultivated land. A bull's head is still energetic after working for a night, but she has tired one finger and doesn't want to move.

"Wife, you need to understand the mood of an old man who has been abstinent for more than two months." Fu Hengyi said indistinctly. When he came home last month, he happened to be on Shen Qinglan's official holiday, let alone eating meat. Even the broth was not drunk, this time it was natural to eat enough.

"Fu Hengyi, you listen to me first, at night, we will come again at night." Shen Qinglan now just wants to sleep.

"You sleep with you, don't care about me." Fu Hengyi said, and continued to work hard.

Shen Qinglan looked at the sky silently, you treat me as a dead man, can I be unaware of you?

Fu Hengyi was more familiar with Shen Qinglan's body than himself, and soon Shen Qinglan was confused by his insults.

As the two planned to communicate further, the door of the room was knocked, "Mom." An An Ruinuo's Tong Yin passed into the ears of the two. Fu Hengyi's action continued, and Shen Qinglan pushed him, "Your son is still outside."

"Don't care about him, he will go back without getting a response." Fu Hengyi now has time to take care of his son. While talking, he lowered his head and kissed Shen Qinglan's red lips. When he pulled his hand, his pajamas were thrown on him. On the ground.

An An slept with his mother last night and was very satisfied. But after waking up, he did not find his mother on the bed and grumbled unhappy. Mother agreed to sleep with him last night.

The chubby hand rubbed his eyes, climbed out of bed, kicked and ran to knock on the door of his parents' room. "Mom." He tipped his toes and reached out to twist the door handle. The door was unlocked by Fu Hengyi from inside. An An patted the door with his hand again, "Mom."

In the room, Fu Hengyi was planning to release the last bondage between the two of them. An An outside the door did not get a response for a long time, calling the mother's child voice to grievances.

Upon hearing this, Shen Qinglan felt distressed immediately, pushed away Fu Hengyi, picked up his robe and draped it over his body, "An An, where is my mother." The voice was soft and watery.

Fu Hengyi lay on his back on the bed, looked down at his little brother who was ready to go, and could not help bursting into tears...

Shen Qinglan went out and immediately closed the face again, squatted down, and touched his son's face, "What's wrong with my mother?"

"Mom, you said I could see you when I woke up." An An was wronged, and the result was like before, no one woke up, no need to think, An An knew that it was definitely Dad who came back, and every time Dad came back he would talk to himself Rob mother.

Shen Qinglan was embarrassed and broke his trust with his son. He blamed a man. "It's a bad mother. The mother was wrong. My mother apologized to An An. Do you forgive my mother?"

"Mom, did your dad come back to see?" An An asked.

"Yes, Dad came back last night and went to see An An, but you fell asleep." Shen Qinglan said softly.

An An frowned, as expected.

At this moment, the door of the room opened, and Fu Hengyi, who had changed clothes, came out and glanced at a stinky boy who had broken his good deeds, "How come he didn't change his clothes?"

An An was still wearing pajamas.

Fu Hengyi lifted his son and took him to change clothes. An An waved his hand, "I want my mother to change."
