### 521 Chapter 524: Seizing Power (1)

Just before Jiang Chenxi went to Pei Yining, he first received a call from Chen Wanjiao. Chen Wanjiao asked Jiang Chenxi to go to the hospital to talk, and also specifically asked to bring Pei Yining.

When Pei Yining and Jiang Chenxi came to the ward, only Chen Wanjiao and Zhong Lei were in the ward. The two didn't know what to say. Chen Wanjiao's face had a gentle smile. When they saw the two coming in, Chen Wanjiao smiled. "You are here."

Pei Yining put the things she brought to Chen Wanjiao on the table. Chen Wanjiao saw it and said warmly, "Why did you buy so many things?"

"Your current body needs to be well adjusted. This time it is more post-operative. I don't know which one is more suitable for you, so I bought some." Pei Yining said.

"thank you all."

Chen Wanjiao thanked him and looked at Zhong Lei. Zhong Lei stood up and said, "Wan Jiao, there is something else in our company, so I will go first and come back after get off work."

"Okay, drive carefully on the road." Chen Wanjiao urged.

Zhong Lei nodded to Pei Yining and Jiang Chenxi and left the hospital.

Jiang Chenxi has not spoken since entering the ward. Instead, Chen Wanjiao took the lead in breaking the embarrassment, "Chenxi, you sit down."

Pei Yining and Jiang Chenxi sat down, Pei Yining looked at Chen Wanjiao, "Is your body better?"

"It's much better. It's time to leave the hospital after a while. I invite you two to come over this time. In fact, I want to tell you something."

"You said." Pei Yining said.

"I know that because of my injury, you have always felt guilty about me, but it doesn't have to be this

way. Such a result can't be imagined by any of us. I'm not afraid of you joking. If you know this result, maybe I won't Do this." Chen Wanjiao said quietly.

"Wan Jiao, no matter what, I will find the best doctor in the world to treat you, and I will definitely cure your disease." Jiang Chenxi said seriously.

"Dr. Peter is very good. I haven't thanked you for this matter." Chen Wanjiao called Shen Qinglan and already knew from Shen Qinglan that Peter Jiang Chenxi asked Shen Qinglan to help him find it.

"Moreover, Zhong Lei and I both have a random attitude towards whether we will have children. Don't worry too much about it."

Pei Yining heard the words and heard the main point in her words, "You and Zhong Lei's wedding..."

Chen Wanjiao smiled, "Our wedding is still held in March, and I must have been discharged from the hospital at that time. We also plan to find an island to spend our honeymoon after the wedding. We are still planning a route before you come."

Hearing that Chen Wanjiao said that her marriage to Zhong Lei did not end up with it. Pei Yining and Jiang Chenxi also breathed a sigh of relief. They sincerely hope that Chen Wanjiao can be happy, but from this matter, Zhong Lei can also be seen The character is indeed a good man worthy of life-long trust.

"That's good. I know a friend of a travel agency. If you think about the route badly, I can give her her phone number. You may wish to ask her for your opinion." Pei Yining said.

"That's really good. Zhong Lei and I didn't go out on weekdays and didn't know where to have fun. Your suggestion really rained in time." Chen Wanjiao was very happy.

Pei Yining gave her friend's contact information to her, "If you report my name to her, there will be an internal discount if you follow the group."

"Thank you, Miss Pei." Chen Wanjiao put the other person's contact information, and then looked at the two, "Yes, next week is your wedding. You should be very busy. I let you come today without delaying you. Right?"

Pei Yining smiled slightly, "There is no delay." In fact, these days they didn't even think about the matter of the wedding. At this time, although Pei Yining didn't know what Jiangfu Jiangmu wanted to postpone the wedding, he had thought about this problem himself. , But just had no time to communicate with Jiang Chenxi.

"That's good. I shouldn't be discharged from the hospital when you got married. I can't participate in your wedding. I can only send my blessings here. I wish you a good year and a good son."

"Thank you." Jiang Chenxi said. This thank you is not only a thank you to Chen Wanjiao, but also a thank you for everything she did.

Chen Wanjiao understood the deep meaning of Jiang Chenxi's words and smiled softly.

"By the way, Wanjiao, we have found the perpetrator of the car accident and sued her. The court will be held after a period of time. At that time, you may need to testify in court. I don't know if you are willing?" Pei Yining remembered Gu Jiajia's things. Said.

"It's incumbent." Chen Wanjiao said, this car accident is obviously not an accident, the perpetrators must be severely punished.

After the matter was over, Pei Yining and Jiang Chenxi accompanied Chen Wanjiao for a while, and then left the hospital.

On the way back, Jiang Chenxi was silent all the way, Pei Yining glanced at him sideways, "Chenxi, what's wrong with you?" Today Jiang Chenxi has always been strange.

"It's okay." Jiang Chenxi said in a warm voice, he didn't say what he wanted to postpone the wedding, he wanted to hold the wedding on time, he had let Pei Yining suffer too much grievance for him, he was in this matter I don't want to grieve her anymore, and the wedding invitations have already been sent out. If the wedding is postponed at this juncture, then the outside world will have many speculations, and then Pei Yining will carry more.

As for the guilt of Chen Wanjiao, he can compensate her in other ways.

Jiang Chenxi did not say that Pei Yining mentioned this matter first, "Chenxi, I want to discuss with you one thing. I think about our wedding, can I postpone it first?"

Jiang Chenxi was stunned, "Why delay?"

"Chen Wanjiao was admitted to the hospital to save us, and now people are still lying in bed, we went to the wedding, I think it is not suitable, so I think it can be postponed first, and wait for her to be discharged before getting married. Anyway, we have already obtained the certificate Well, even if there is no wedding, I am already your wife."

"No, the wedding must be held on time. Yining, you have to listen to me about this matter. Others don't know what happened during this period. Suddenly this time it was postponed. What would people think?"

"Chenxi, I don't care what outsiders think."

"But I care, Yining, I don't want you to be wronged because of me, this wedding should have been given to you two years ago. She won't mind Wan Jiao over there." Jiang Chenxi persuaded.

Pei Yining hesitated, Jiang Chenxi continued to say, "Yining, in fact, our wedding is held on time is the greatest respect for Wan Jiao."

Pei Yining was finally convinced by Jiang Chenxi, and after Jiang Chenxi sent Pei Yining home, he returned to the Jiang family to discuss the matter with his parents.

"Since Wan Jiao also hopes that the wedding can be held on time, don't postpone it." Jiang Mu sighed. In fact, Wan Jiao is really a very good girl, but unfortunately she has no relationship with Jiang Chenxi.

\*\*

Tomorrow is the wedding of Jiang Chenxi and Pei Yining. Fu Hengyi naturally wants to come back to participate. After he came back, he realized that so many things had happened in the middle, and the wedding was almost postponed.

"Allen is in the capital?" Fu Hengyi asked when Peter was here.

Shen Qinglan nodded, "They are now living in the apartment in my city center." She looked at Fu Hengyi, "Do you mind?"

Fu Hengyi smiled, "Do I look so stingy?"

Strange to say, Fu Hengyi's big vinegar jar never even eats Allen's vinegar. Confused, Shen Qinglan asked directly. Fu Hengyi smiled, but who in this world had a chance with Shen Qinglan, but Alan couldn't do it, people who were struggling in the dark could comfort each other, but couldn't love each other.

"Fu Hengyi, why don't you speak?" Shen Qinglan looked at him.

"You can only hold the next me in your heart. What's so good about me? I eat too much vinegar and stomach acid."

Shen Qinglan believed that he was strange.

The next day, Shen Qinglan got up early and went to Pei's house. Today, Pei Yining is married. Although she is not a bridesmaid, she is also going to send her cousin to marry. An An wore a small suit today and looked very spirited.

An'an is lively, and is still a small talk tuberculosis,

"Mom, is the bride beautiful?"

"Pretty, the bride is the most beautiful person in the world."

"Prettier than you?"

"Well, it's more beautiful than mom."

"That mother, you should also be a bride, so you can definitely be the most beautiful person in the world." An An Xingyan.

Shen Qinglan laughed, and Fu Hengyi, who was driving, heard this and said, "Your mother has already been a bride."

"Huh, when?" An An wondered.

"When I married your dad, where else did you come from?" Shen Qinglan touched his son's face, it was a lovely little guy.

An An looked surprised, "Mom, why don't I remember you as a bride?"

"You were still in your mother's stomach, how could you remember?"

An An became more and more curious, "I'm in your stomach." He looked at Shen Qinglan's stomach, "How come I got so big?"

"You were only so young at that time." Shen Qinglan gestured. "Then you will grow up in your mother's belly. When you are so big, you will come out of your mother's belly."

An An reached out to touch Shen Qinglan's belly, "Mom, it's amazing."

Shen Qinglan smiled gently, life was originally a magical thing, just like this little guy, it was only the size of rice grains, and now it has grown to such a large size. Will run and jump, will haunt her coquettishly.

The wedding has been prepared for half a year, and naturally there will be no mistakes. Today Hao Hao is also in a small suit. Standing next to him is a little girl who is the flower girl for today's wedding.

"Mom, brother can attend his mother's wedding, why can't I?" An An was slightly jealous.

After hearing this, Shen Qinglan couldn't help crying, "You also participated, in the mother's belly, with the mother."

"Oh." An An remembered, and his mother told him just now.

The wedding was held in the church. The best man was Gu Yang and Gu Kai. Tao Ran, as Gu Yang's girlfriend, naturally came.

"Sister Qinglan." Tao Ran greeted Shen Qinglan. Shen Qinglan knew she didn't know anyone else and asked her to sit beside her.

"How is it going?" Shen Qinglan asked.

"Looking for an internship unit."

"Aren't you a junior? Why did you start looking for an internship unit?" If you remember correctly, Tao Ran was in junior year.

"Hey, I've finished self-study for my senior year. My teacher suggested that I can find an internship unit and take advantage of the winter and summer vacations to experience the difference between theoretical knowledge and practical application, but because it is about to celebrate the New Year, The internship unit is not easy to find. It is estimated to wait until the summer vacation." Speaking later, Tao Ran had some regrets.

It is still half a month before the New Year. At this time, most companies are indeed not recruiting people, especially as an intern.

"If you really want an internship, I can recommend a company." Shen Qinglan said lightly.

Tao Ran's eyes lighted up first, and then he reacted and shook his head, "Sister Qinglan, thank you for your kindness, but no need, I know I'm a few pounds, a large company like Junlan Group, with my current ability is hold Can't live."

Knowing that she had misunderstood, Shen Qinglan explained with a smile, "It's not Junlan, it's my cousin's company. The scale is not large. Although they are in the real estate industry, they also have talent needs in this area. You just experience it. Instead, you can try him first."

"Really?" Tao Ran asked in surprise.

Shen Qinglan nodded, just saw Shen Junze, called him, and told him the story, and Shen Junze agreed, "Then you will come tomorrow, but my company is now in the development stage, and the internship salary is a bit low. ."

"I don't want a salary." Tao Ran said at once, she just wanted to find a place to experience it, where she was so embarrassed to ask others' salary.

Tao Ran had already met Gu Yang's parents. At first, she learned that Gu Yang was a wealthy second generation, but she was quite anxious. However, after seeing Fu Jingting and Gu Bowen, this anxiety disappeared. They were far more approachable than they thought, and Bo Guwen wouldn't say it. He has

always been a good talker. Fu Jingting is straightforward and straightforward in doing things. Tao Ran also called Fu Jingting when he was not in class on weekdays, and asked to go shopping and watch movies together. The two get along more like friends.

When the wedding was about to begin, Duan Ling came.

Pei Yining was making final preparations behind. Shen Qinglan accompanied her and saw Duan Ling coming in. Shen Qinglan raised her eyebrows slightly, and the smile on Pei Yining's face gradually faded.

"Yining, you are so beautiful today." Duan Ling said, his eyes stayed on Pei Yining's face and he did not want to leave.

Pei Yining looked faint, "What are you doing here?"

"Yining, don't get me wrong, I just came to see you. I want to see how you look in your wedding dress."

"Now I see, you can go." In a day like today, Pei Yining does not want to see Duan Ling.

After hearing this, Duan Ling did not feel embarrassed. He handed a box in his hand to Pei Yining, "This is the new wedding gift I gave you, I hope you like it."

Pei Yining looked at him calmly, without answering, Duan Ling just stretched out his hand, and did not withdraw, "Yining, I sincerely wish you blessings. You take the gift and I leave." He smiled, hiding Sadness at the bottom of my heart.

In the end, Pei Yining still received the gift, but did not open it and set it aside, "I accepted it, can you leave now?"

Regarding Pei Yining's cold words, Duan Lingsi didn't mind, and said with a smile, "Although I really hope that the person standing next to you today is me, but looking at how you are now married to love, I also sincerely wish you, I wish you A hundred years of harmony, a happy life."

"Thank you." Pei Yining looked faint.

"Knowing that you don't want me to appear at the wedding scene, I'll go first, Yi Ning, I must be happy." Even if this happiness is not given by me.

Pei Yining said nothing, Duan Ling finally gave her a deep look, and turned around to leave. Look

With Duan Ling's back, Pei Yining's eyes were a little flustered. She had truly loved this man. If nothing happened, she might marry this man and raise Haohao with him to grow up.

"Are your cousin okay?" Shen Qinglan asked her, and Pei Yining smiled, "It's okay, I just saw this person, and I was a little emotional." Her eyes fell on the box sent by Duan Ling.

The brocade box was not big, so it was slap-sized. She took a look at it and opened it. Inside was a pair of jade bracelets. The jade is crystal clear, it is a good thing at first glance.

Pei Yining took the jade bracelet and looked at it, put it back again, and closed the lid.

"Cousin, the wedding is about to start, I will make up for you again." Shen Qinglan said, pulling back Pei Yining's thoughts, Pei Yining nodded.

Shen Qinglan put the pair of jade bracelets in the bag and picked up the cosmetic bag on the side to make up for Pei Yining.

At the beginning of the wedding, Chen Wanjiao appeared, Zhong Lei accompanied her. At first, Pei Yining did not find out, because they were sitting in the corner, so low-key and unremarkable, Pei Yining saw it accidentally.

Originally, Chen Wanjiao didn't plan to attend Jiang Chenxi's wedding, but Zhong Lei saw her staring out of the window in the morning and offered to take her to the wedding.

Chen Wanjiao knew that Zhong Lei wanted her to send this relationship last, so she didn't refuse to look at the happy smile on Jiang Chenxi's face. Chen Wanjiao felt that she could really let go now, she held Zhong Lei's Hand, gently open, "Zhong Lei, thank you."

Zhong Lei squeezed her hand, he did it for his own sake, he was seeking Chen Wanjiao's heart.

The wedding proceeded smoothly, and Chen Wanjiao immediately followed Zhong Lei after the ceremony. Pei Yining and Jiang Chenxi didn't even have time to speak to her.

Lushi Real Estate.

Today is the day of the regular shareholders' meeting. Lu Jincai walked into the meeting room and sat down directly on the main seat. "Since the people are here, the meeting will start."

Wang Fu, who was sitting under him, spoke softly, "Wait, people haven't arrived yet."

Lu Jincai frowned and looked at him, "Wang Dong, the people have arrived."

Wang Fu smiled slightly, "It's still a very important person."

"Who?" Lu Jincai asked subconsciously, Wang Fu looked at the door, "Well, he's here."

Lu Jin turned around and saw Shen Junze walked in without a face in a suit and suit. His face changed

slightly, and he said with a strong smile, "Junze, why are you here?"

Shen Junze glanced at him with a smile, "Today is the day when Lu Real Estate holds a shareholders meeting. As a shareholder, I naturally want to attend."

Lu Jincan's face stiffened, but he quickly reacted, "This is an uncle's negligence and did not notify you to attend the shareholders' meeting. The main reason is that you have not informed you in the past few years and you will not come, so your uncle will not notify you this year. You shouldn't blame my uncle?"

Shen Junze randomly found a place to sit down and said casually, "It's okay to forget the notice, don't forget that I am a shareholder of the company."

"How can this be forgotten, Jun Ze, you are getting more and more humorous now, always making your uncle happy."

"Uncle is just happy."

"Jun Ze, you didn't want to participate in the shareholders' meeting in the past. How did you think of coming this year?" Lu Jincan's face had a friendly smile.

A cold light flashed through Shen Junze's eyes, and said with a smile, "After all, this company was beaten by my father with a punch. Although the surname is now changed, it can be regarded as the hard work of my father. As my father's only son, naturally I want to see."

I touched another nail that was not soft or hard, and Lu Jincan flashed a sullen anger, but couldn't figure out Shen Junze's purpose of appearing here today. I don't know if he really came to see it, or had another purpose, so it was Endure without attack

"Jun Ze is really grown up now, sensible."

"Instead of anyone who has experienced the betrayal of the closest person, it should also grow up to be sensible." Shen Junze pushed back lightly, his expression calm, and he could not see the slightest anger, but what he said left Lu Jincan. Uncomfortable.

It seems that today is a bad omen, Lu Jin thought lightly. However, he owns 35% of the shares in his hands and is the company's largest shareholder. In addition, he has been in control of the company for the past few years. Most of the companies are personally selected by him. He is a trustworthy person and is not afraid of Shen Junze. What a pity, thinking of this, Lu Jincan set his mind.

"Jun Ze, you just happened to be here today. In recent years, the company has developed rapidly, and you have been focusing on your own business. You don't understand the company's development. Take advantage of this opportunity to understand it."

Shen Junze nodded indispensably, "Since the people have arrived, the meeting will start." A master's gesture.

Lu Jin was annoyed in his heart, but his face was not obvious. He said with a smile, "Go ahead." The words were addressed to the secretary.

The secretary sent the documents in his hand one by one.

Lu Jincai said, "This is the company's financial statements for this quarter. Although the company's profits are still declining compared to the previous month, the overall rate of decline has slowed down, and colleagues in the company's departments are also I work hard and actively, so I have reason to believe that the company will soon be able to return to its peak state in the past."

Wang Fu interrupted Lu Jincai's long speech and said, "Chairman, I'll interrupt. The company has been at a loss for the past year, and its performance has declined significantly. I'm skeptical of what you call a peak."

Lu Jincai's eyes changed slightly and he looked at Wang Fu steadily, "Wang Dong, what do you mean by that, do you not believe in my ability?"

"I admit that in the past few years, you have managed the company very well, and the company's business has been steadily improving, but in the past year, everyone is well aware of the company's business situation. Those beautiful words don't need to be said. We need It's not about how pretty you say it, but about how pretty things are. As far as I know, there are big problems with this financial statement."

"Oh, Wang Dong, I don't quite understand what you said. Can you explain it to us?" Zhou Jianye said very cooperatively. They negotiated early in the morning to pull Lu Jin down at this shareholder meeting and push Shen Junze up.

"I'm the company's financial director and I know the company's financial situation. In fact, the financial report in the hands of the chairman is fake." Wang Fu said seriously.

In a word, the terrified waves made the shareholders change their faces, especially Lu Jincai became particularly ugly, and looked at Wang Fu coldly, "Director Wang, you can eat messy food, but you can't talk nonsense." His eyes implied a warning.

Wang Fusi is not afraid. Today is destined to tear his face. Anyway, Lu Jin is about to be dismantled soon. What else is he afraid of, "Did I talk nonsense, your financial statement is done by the deputy financial director? I have carefully checked that it is not consistent with the company's accounts, that is to say, this is basically a fake account, and your so-called performance rebound is an illusion. In fact, compared with the previous quarter, the company's performance declined It's getting more and more serious, and has reached ten percentage points. Even the company's capital chain has problems."

"You bullshit." Lu Jincal was angry. "Director Wang, you are the company's financial director, but you are not very concerned about the company's affairs. The work is often directly lost to the deputy director. In the past, I respected you as a veteran of the company. Your behavior is closed with one eye closed, but now you say that this financial statement is fake, Director Wang, I hope you can tell me, how does a person who doesn't even care about the company's business know this?"

Wang Fu was angry. Was he or Lu Jin deliberately emptying his power?

"Chairman, the company was founded by me together with Chairman Shen Rang. How could I ignore the company and I have always cared about the company's operating conditions. As for whether the financial statements are true or false, you have a clear mind."

"Then you talk about why I have fabricated such a fake financial report?" Lu Jincal asked.

"Naturally, to keep your position as chairman," Wang Fu said lightly. Originally, he wanted to work on the company's finances, but after checking, he found that he didn't need to do it at all. The director even guarded against theft, embezzled a large amount of the company's money, and forged the company's accounts. This was simply a drowsiness when someone sent a pillow.

"Director Wang, I know you are dissatisfied with me, but you can't joke about the company's affairs. The company has only experienced a decline in performance in recent months, but the company's finances are absolutely no problem." Lu Jincal said coldly.

With a calm face, Wang Fu took out a document from the bag, "This is the company's true financial statements. It is completely different from what the chairman said. Not only is the company's performance declining, but the company's capital chain has nearly one. Billion gap."

"What? One hundred million!" Zhou Jianye's complexion changed, but it was more of a play element. Wang Fu told them a few things as soon as he learned about it. If it was originally dissatisfied with Lu Jin's overthrow of their power, now these shareholders really want to tear Lu Jincal away. After all, he wants to force the company to death.

Other shareholders changed their faces, "How come there is such a big funding gap?"

"Yeah, one billion. No wonder the company's performance has been declining. Could someone watch the company's situation wrong and take away all the company's money?"

The shareholders have speculated that they have to say that they have actually guessed certain facts.

"Wang Fu, I respect that you are the old man of the company, but you should not give your face shame. What a 100 million fund gap is simply nonsense. I think this is the fake property account in your hand." Lu Jincal Exasperated.

Wang Fu was not angered when he was scolded, "Since I dare to speak in front of everyone, I naturally

have full evidence. This financial statement was made by myself. And our deputy financial director Guo Zeyuan, because of gambling A large amount of debt, many times the company's funds have been misappropriated privately, which has caused the company's capital chain to be broken. This is an indisputable fact. And as the chairman of the board, you are nepotism and unclear, which has caused the company's current dilemma, which is also indisputable. fact."

Lu Jincai's face was black and white for a while, and finally turned into an iron green. "You are responsible for what you say. If there is a half-truth, I will hold you accountable." Until now, he has not known what he was deceived. I just thought that the misappropriation of public funds was fabricated by Wang Fu at will, in order to embarrass him. Who let him override Wang Fu's power, it is normal for Wang Fu to be dissatisfied with him.

"I'm naturally responsible for what I say. If you don't believe you can call Guo Zeyuan in, ask the truth clearly, and don't always be kept in the dark. And I can promise that if my Wang Fu has a little falsehood today, then I am willing to resign and leave the company, and give you the company shares in my hands for free."

Wang Fu said so surely, and even dared to make such a bet, so Lu Jincai was very confused.

Guo Zeyuan was originally a talent he had dugged up from other companies for a large amount of money, and he was also the person he trusted most. Otherwise, he would not be arranged in the finance department, served as deputy director of the finance department, and even vacated Wang Fu's power. If he really misappropriated a large amount of the company's funds and caused a shortage of funds, then this is hard to do today. Even if he didn't do it for Lu Jin, he couldn't escape the relationship, and he couldn't take off a hat that he didn't know.

When Guo Zeyuan was called in, he was inexplicable, but when Wang Fu took out the evidence of his public money, his face immediately changed, and Lu Jin only saw what was not clear here, even if it was him. If he wanted to defend him, he was powerless. What Wang Fu presented was hard evidence. Even if he had the ability to know everything, he could not protect him.

These evidences were naturally not found by Wang Fu, but after he discovered that the company's accounts were abnormal, he went to Shen Junze. Shen Junze asked Shen Qinglan to help Guo Zeyuan to find out what was behind this.

"Chairman, I hope you can give us these shareholders an explanation." Liang Tian said coldly, although he had known the truth for a long time, but listen again, this anger has not diminished, after all, this company also has their own Copies.

The incident happened suddenly, but Lu Jin calmed down quickly, "Guo Zeyuan's embezzlement of public funds was because I chose the wrong person, it was because I didn't know who I was. I really have a responsibility. I will sue Guo Zeyuan to court. Here, I also Apologize to shareholders." He said that he stood up and bowed to shareholders.

The other shareholders looked at each other for a while and did not know how to react. After all, the person who greeted the public money was Guo Zeyuan, and it was also his personal behavior. In fact, Lu Jincan is an unclear responsibility.

"Papapap." Shen Junze applauded. "Unexpectedly, when I first came to the shareholders' meeting, I saw such a wonderful show.

"Shen Junze, you shut up for me." Lu Jincan sneered coldly, "Now it's not time for you to talk coldly, you are also a shareholder of the company, and the company's interests are closely related to you."

"Now I think of myself as a shareholder of the company?" Shen Junze seemed to laugh, but when he drove him out of the company like a funeral dog, Lu Jin could treat him as a shareholder of the company.

"Shen Junze, if you came here today, then get out of here, the company does not welcome you." Lu Jincan ripped off the hypocrisy, today the impact on him is too great, he has no Xianxin and Shen Junze were nonsense there.

"Jun Ze, the chairman is your elder, anyway, you speak to him politely." Wang Fu said hypocritically.

"Uncle Wang made sense, I was offended just now. Chairman Lu Jincan, sorry." His apology has no sincerity. Lu Jin was so angry with him that he was too angry, but it was too many people, so he didn't say anything.

"This time there will be such a serious mistake. I think the chairman has an unshirkable responsibility. Chairman, I think you are no longer suitable to be the chairman of the company." Zhou Jianye said seriously, "This time the thing is The best proof."

Lu Jincan black face, "Director Zhou, what do you mean?"

"I mean, since our company wants to grow, we need a strong heart. This heart is not only strong, but also young and energetic, you are old, and all the decisions you make are not in line with the company's future. The development, the abdication of the virtue is what you should do." Zhou Jianye did not turn around and directly pointed out today's purpose.

"I am the largest shareholder of the company. Why should I abdicate to let the virtuous?" Lu Jin was angry, but it was only a small mistake. They wanted to take away the company he had easily obtained. It was a fool's dream!

"Uncle, you probably don't know yet, now the company's largest shareholder is me, and I have 45% of the shares in my hands. It is 10% more than you. From today, I am the chairman of this company. "" Shen Junze stood up and said.

Lu Jin looked at him incredulously, "impossible, you only have 20% of the shares in your hand, you deceive people!"

Shen Junze took out a document and put it in front of Lu Jincai, "Then ask my dear uncle to take a good look at what I said is true or false."

Digression

Ali had something yesterday, there is no code word, today's update is too late, I am very sorry.

Lu Jincai grabbed the file in Shen Junze's hand, looked at the words on the equity transfer book above, and the proportion of shares held in Shen Junze's hand, almost spit out old blood.

He looked at Liang Tian dyingly. This person transferred all his shares to Shen Junze. In addition, Shen Qinglan and Shen Junyu gave Shen Junze's shares soaring, directly surpassing him.

At first, he thought of so many ways, wanted to take the shares from Liang Tian, and even he did not hesitate to design his son, so that he was in financial difficulties, originally thought Liang Tian would come and ask him, so he could buy Liang Tian's Buy the shares in hand. No one knows how big the area of Lu Jincai's psychological shadow is at this time. Is he considered to be a wedding dress for others?

"Uncle, do you see clearly?" Shen Junze asked lightly.

And other shareholders have also got a copy of this document, read the contents clearly, looked at each other, no one spoke.

The two uncles had a big show three years ago, but they didn't expect to repeat it three years later, but this time, the balance of victory seems to have leaned towards Shen Junze.

"This document is fake, you lied to me." Lu Jincai said that the document would be torn.

Shen Junze's expression was faint and he didn't panic. "If you want to tear it, tear it. I have a lot of copies. If it's not enough, I can give you a few more points to make you tear enough."

Lu Jincai's complexion was green, "Shen Junze, I am your uncle."

Shen Junze nodded, "Well, I know you are my uncle, if you are not my uncle, you have no chance to enter this conference room." His eyes sneered, now want to come to play emotional cards with him? Why did you go before? Why didn't you think you would have today when you treated him so much?

"Shen Junze, you must tear my face with me, right?"

"Uncle, how can this be called torn face. I'm just elaborating the facts. Just like when you gave me a lesson. I paid the tuition fee, and now I learned it. Naturally I want to show my uncle the results, but I don't know. Uncle, are you still satisfied with my performance?" Shen Junze smiled and said that it was also good-natured.

Lu Jincal looked coldly at Shen Junze. The angry expression on his face gradually drew up and applauded. "Okay, very good, it is Shen Yang's son, who has the style of your father. I lost this time. But Shen Junze, Even if you have the largest share of the company, but whether the position of the chairman can be done or not, you still have to ask the shareholders present."

Lu Jin had reason to believe that these shareholders helped him. After all, they personally pushed him to the position of chairman, and they also indirectly helped him drive Shen Junze out of the company. Everyone has no good fruit to eat. And he did not believe that Shen Junze could forgive them so generously, so even for his own benefit, these people would stand on his side, and Lu Jin was very confident.

"Junze is now the company's largest shareholder, and he is naturally the chairman of our company. I am the first to support him." Wang Fu stood up.

The second is Liang Tian, "Although I have no shares now, I also support Shen Junze as chairman."

Zhou Jianye is the third, with the support of the company's three major shareholders, other small shareholders have shaken expressions on their faces.

Lu Jin didn't think that there would actually be someone who supported Shen Junze, and he panicked, and immediately said, "Don't forget that Shen Junze didn't have the ability to lead the company, let the company develop forward, and then let him abdicate and let the company go to me. It's only been a few years now, do you think he really has the ability to control the company?"

Several small shareholders heard the voice of Lu Jincal's words, nothing more than reminding them that Shen Junze had hatred between them, who helped him or not, he had a clear mind.

Shen Junze didn't excuse, just sat there and watched Lu Jin quietly. He wanted to see what other tricks he had.

"Everyone be quiet, listen to me first." Wang Fu stood up, "It was a fact that Junze was still young, never minded, and unskilled in the company's business, unable to lead the company. But in recent years, Junze was in Jun The performance in the Lan Group is obvious to everyone, and this year everyone should be familiar with Bokai Real Estate. Bokai's development is the best testimony of Shen Junze's ability. Ask someone who can make the company develop so quickly. Incapable straw bale?"

Wang Fu said a few words, the face of those small shareholders appeared shaken again.

Lu Jin only glared at Wang Fu, and Wang Fu was not afraid to look at him.

Liang Tian echoed and reminded everyone, "Everyone, Shen Junze is younger than our President Lu Jincal Lu. He also has a better future for development. Whether it is for the future of the company or for the benefit of everyone, I think Shen Junze should be elected As the new chairman of our company. And don't forget, Shen Junze is from the Shen family in Beijing, and he is relying on the Junlan Group. His network is wider and stronger than Lu Jin, not me. In reality, everyone is in this society, and the importance of connections and relationships is well understood. You have a better connection, you can make the company develop longer. Furthermore, this company was originally Shen Shen Founded, Shen Junze is the only son of Shen Rang, and now Shen Rang is gone, we old guys should also help Shen Junze manage the company and help the company take it to the next level."

"Don't be fooled by Wang Fu and Liang Tian." Lu Jincal was angry, "Shen Junze is indeed a good person from the Shen family, but what kind of company is Junlan Group? If our company depends on it, can it be an independent company? Don't turn into a subsidiary of Junlan, even if you don't have the right to operate independently, and you guys, hum..." His last sneer was full of malice.

Shen Junze looked at Lu Jincal, "Uncle, don't be alarmist here. Shen Junyu is my cousin, and the development of Bokai Real Estate is also inseparable from the Junlan Group. I admit that, but as Director Liang Tian said, this society Originally a society based on contacts. I have relationships and capabilities, so that I can develop the company better and shareholders can get more benefits. This is a multi-tasking thing, why not Why? As for your uncle, what you are doing behind you, don't think the Shen family is not clear, they don't clean up you, because the account between you and me is not yet clear, you think they are really so simple about you?"

At that time, Lu Jin relied on the Shen family's unwillingness to manage Shen Junze, but bullied him all these things. The Shen family remembered one by one, whether it was not because they didn't care, but that Shen Junze really owed a lesson, he also needed a whetstone, and Lu Jin is the best whetstone. Colleagues also wanted to leave Lu Jincal to Shen Junze for his own treatment. If Shen Junze could not handle it, the Shen family would naturally have to deal with it. Shen Junze is also the grandson of the Shen family. They can bully, but outsiders can't.

Lu Jincal's face was no longer iron-green, it was blacker than the bottom of the pot. Looking at Shen Junze's eyes seemed to quench the poison, "Shen Junze, must you force me so?"

Shen Junze smiled slightly, and he was gentlemanly. "Uncle, we are talking about things. Now I hold 40% of the company's shares. I am already the largest shareholder of the company and should be the chairman of the company. I'm also sure of my ability and I'm willing to support me. You can't just hold your position because of your lack of ability, right?"

"Jun Ze is right. Mr. Lu, you are old, you should be nurturing at home, the company's business is given to these young people to do, you have so many shares in your hand, and the annual dividend is a sum Not a small number, people, contentment, contentment, as the saying goes, contentment is always happy."

Wang Fule said haha.

The situation is very good now. Shen Junze's recapture of the company is already a matter of course. In the future, he will no longer be angry with Lu Jincai. Can he be in a bad mood?

"Everyone's thinking is the same as that of Dong Dong?" Lu Jincai forced himself to calm down and glanced at the shareholders present.

Needless to say, Zhou Jianye and Liang Tian will inevitably support Shen Junze. Among the remaining shareholders, two of them have secretly defected to Shen Junze. The remaining shareholders who originally stood on the side of Lu Jincai listened to Liang Tian and Wang. After Fu's analysis, there have been shakes. Don't blame them for their ruthlessness, the merchants' heavy profits, and Shen Junze can bring them more benefits, and it seems that they don't mean to settle accounts with them in the autumn. They naturally want to support Shen Junze. What are they afraid of?

Although no one spoke, the expression on their faces had shown their attitude. Lu Jincai was cold and cold. In the past few years, he has been benevolent to these shareholders. Unexpectedly, at such a time, these people abandoned him.

"Okay, very good, I am worthy of the talents I have chosen. Each one is very decisive. I should not hesitate to give up. Shen Junze, Shibe three days, when you look at each other, you really grow up to surprise me, this I lost a game and I was convinced. The chairman, you do it, I hope you can do it for a long time." He stood up from the throne.

"The content of today's shareholders meeting, I think it should be over, so I won't stay here any longer, Chairman Shen." Lu Jincai said with almost teeth.

Shen Junze smiled slightly and made a please gesture, "Uncle, you walk slowly, don't send."

Lu Jincai glared at the shareholders in the meeting room and slammed his sleeves away. The door of the meeting room was slammed with a loud bang that scared the shareholders in the office.

Shen Junze smiled, "Okay, directors, let's talk about the company's next development and about the funding gap of nearly 100 million."

Shen Junze's words brought the thoughts of the directors back from Lu Jincai's body and heard the things about his own interests.

Lu Jincai left the company and replied that there was still a look of anger in the house. He threw his tie away and threw it on the sofa, sulking alone.

Today, because his son is ill, Zhang Wenli did not go to work. Naturally, he did not know what happened in the company. He was angry when he came back. Somehow, "Who are you angry with?"

"It's not Shen Junze's white-eyed wolf."

"What did he do?"

"He united those shareholders to drive me out of the company. I am no longer the company's chairman."

Zhang Wenli's face changed slightly, "What's going on? He only has 20% of the shares in his hand. How can he drive you out of the company?"

Speaking of which, the anger in Lu Jincai's heart went up. Not the old man of Liang Tian, he sold all his shares to Shen Junze. He thought he did this, would I take what he couldn't do?"

Zhang Wenli didn't expect such a thing to happen, before Lu Jin counted Liang Tian's things. She knew that when she got to the fat at her mouth, she couldn't be happier because of this, "but then, in his hands it should be 30% of the shares, just like you."

"Don't forget, the brothers and sisters of Shen still hold 10% in their hands. At that time, Shen Ran generously gave out 5% of the shares in order to let Shen Qinglan help Shen Junze."

Zhang Wenli really forgot this, after he reminded, naturally remembered, "So, Shen Junze now has 40% of the shares." Lu Jincai was silent.

"What about those shareholders? Are they willing to let him take charge of the company?" Zhang Wenli was puzzled. Lu Jin was accustomed to buying people's hearts in recent years, and those shareholders were on his side. Even if it holds the most shares, without the support of shareholders, Shen Junze can't be the same.

"Well, that's a group of unfamiliar white-eyed wolves. I treat them so well on weekdays. As a result, all of them only see their own interests. Where do I remember my favors? I worked so hard for many years, they even supported a Maotou kid, but I wanted to see how long the company could go without me."

Lu Jin thought this way. Even if there is Junlan Group behind Shen Junze, who is Shen Junyu? How could he have so much time to manage Shen Junze's affairs.

Although Shen Junze managed Bokai Real Estate well, how big is Bokai? What is the size of Lushi Real Estate? Can these two be the same thing? He can manage Bokai well, does not mean that he can manage Lu real estate well.

He ceded a chairman at the shareholders meeting today, not only was forced by the situation, but more wanted to see Shen Junze's joke.

Zhang Wenli was not so optimistic, "How can you give him the position of the chairman, do you still get

it back after you let it go?"

"Then what can I do if I don't let it? At that time, all the shareholders were on his side. He has more shares than me. Is there any reason why I shouldn't let it? It's impossible for you to let me talk to a Mao in the meeting room. The first kid fights? Whoever wins becomes the chairman?"

"I naturally don't mean that, but it's too late to say anything, just wait and see." Zhang Wenli couldn't think of a better way for a time. Seeing his change seems to be the only thing they can do now.

"Okay, now that this has happened, you don't have to be angry. Shen Junze's ability is there, he can't manage such a large enterprise, and when those shareholders see his ability clearly, he will come back to you sooner or later. What are you so angry about? It's not worth it to be angry." Zhang Wenli comforted him. In his view, Shen Junze is only taking care of the company for now.

Lu Jincal didn't want to be angry, but he couldn't swallow this breath. This company was acquired by him for so many years. What did he do for the company? Once he came back, he took his place. Can he be reconciled? He now wants to tear Shen Junze, eat his meat, and drink his blood.

Lu Jincal tried to calm himself down, took a deep breath, and looked at Zhang Wenli, "How is the son?"

"The fever has gone down, and I fell asleep after taking the medicine. Do you want to go in and see him?"

"Forget it, I'll go in after a while, you're busy first, let me sit alone and be quiet."

Zhang Wenli nodded and turned to the kitchen.

Lu Jincal was sitting alone on the sofa, his face dying out, and he didn't know what he was thinking. After thinking for a long time, he couldn't swallow this breath in his heart, and took the coat and left the house.

"Jincal, what are you doing?" Zhang Wenli shouted at him behind him.

"I was so upset that I walked out, don't worry about it." Lu Jincal didn't return, just left.

Lu Jincal went to where Lu Yaqin lived. Lu Yaqin was a little surprised to see his brother, "Brother, why are you here today?"

Lu Jincal stared at Lu Yaqin, his eyes dim, and Lu Yaqin was numb by his scalp. He was at a loss and said again, "Brother, what's wrong with you?"

Lu Jin only recovered, and looked down, "I have something to do with you, let's talk in."

Lu Yaqin turned him sideways, and the two went directly to the study. Hearing Lu Jincal's story, Lu

Yaqin's face was unbelievable, "Brother, have you made a mistake?" Shen Junze has some skills. She knows in her heart how she could really replace his brother as a director of the company. long?

"Yaqin, your son is really amazing. There are more twists and turns in my heart than my uncle." Lu Jinc'ai's sarcasm.

"Brother, there must be some misunderstandings. I will let Junze come over now. You will explain the misunderstandings clearly." She wanted to call and Lu Jin held her hand. "Don't rush to call, I have something to do. Want to ask you, sit down."

Lu Yaqin sat in a position, a little embarrassed, "Brother, what are you doing?"

"I want to ask you, do you know what Shen Junze has contacted with other shareholders of the company?"

"Brother, I don't know much about Junze. I haven't seen him since the last time I went to the company to find him."

It is said that Lu Jinc'ai's eyes flashed a bit of displeasure, this sister is just waste, "You really don't know at all?"

Lu Yaqin's innocent face, "I really don't know, he won't tell me this." Shen Junze guarded her. Lu Yaqin knew it well, and his heart was full of bitterness. His only son thought of her as an outsider. Missing her as a mother is also failing enough.

"Brother, Junze him..." Lu Yaqin wanted to explain that her elder brother is a cruel person. This time Shen Junze completely offended him. If he does not calm his anger in time, what will happen to Junze? Things, then she just couldn't find a place to cry.

Lu Jin waved his hand and interrupted her, "If you want to plead for Shen Junze, you don't have to say it."

Shen Junze put him together, this matter is endless.

"Brother, you have a large number of adults, don't worry about Junze, and you are the largest shareholder in the company except Junze, and your dividend Junze will definitely not lose you." Lu Yaqin tried to resolve the two. She didn't want Lu Jinc'ai to think about what she did to Shen Junze.

Lu Jinc'ai looked at Lu Yaqin's eyes slightly cold, "It really is a mother and son, and if anything goes to help his own son."

Lu Yaqin's expression stiffened, "Brother, I don't mean that. Both of you are my loved ones. I must hope you are all well."

"Yaqin, in your heart, am I still your elder brother?" Lu Jincai asked quietly.

"Brother, what are you saying, you are naturally my pro-brother."

"Well, if you still recognize my elder brother, you will do one thing for me."

"What's the matter?" Lu Yaqin asked subconsciously.

"I can't say for now, I will tell you later."

Lu Jincai's words made Lu Yaqin very uneasy. She said uncomfortably, "Brother, Junze is my only day. You must not hurt him."

"You think too much. After all, Junze is still my nephew. I am angry and can't do anything with him?"

After hearing this, Lu Yaqin felt a little calm in his heart, "Brother, I will definitely talk to Jun Ze about this matter."

"Let's forget it. Your current mother-child relationship is already tense enough, and no further results can be reached." Lu Jincai's expression was faint, he had seen it for a long time, and now this kid, Shen Junze, does not recognize anyone except the Shen family. It is estimated that in his heart, Lu Yaqin, the mother, had long been forgotten.

Lu Yaqin was embarrassed by him. This is what happened between mother and son. Presumably there is no one.

"Okay, I have a sense of responsibility in this matter. You don't have to worry about it. Just come home and have a meal when you have time. Your sister-in-law has been chatting about it several times."

"Okay. Brother, do you stay for dinner today?"

"I won't eat any food, and I have no appetite." He was full of anger today, what more food would he eat?

Lu Jin got up and left, and met Fan Yanghong when he left. Fan Yanghong wanted to say hello to Lu Jin, but the latter left him without even looking at him.

Fan Yanghong pouted, and he was no longer the chairman of the board. He is a member of Lu's Real Estate, and naturally knows about the big changes in the company's top management. After all, the first time after the meeting, these employees received internal emails from the company.

"Yaqin, what's wrong with you today, don't bother to talk to him?" he asked knowingly.

Lu Yaqin sighed, "It's okay, I'll do what you want for dinner."

Fan Yanghong saw her sad face and waved her hand, "Forget it, let's go out to eat today."

"Alright." Lu Yaqin said, just because she was not in a mood to cook today.

"That's right. Jun Ze is now the chairman of Lu's Real Estate." When eating, Fan Yanghong remembered this and told Lu Yaqin.

"I already know that, Big Brother told me."

"This is a great thing. You call Jun Ze some other day. Let's go out and celebrate." Fan Yanghong doesn't mind who is the chairman. After all, no matter who is the chairman, it has nothing to do with him.

"Even if you eat, it's not a big deal." Lu Yaqin doesn't have this thought now.

"How can this not be a big deal? Your son becomes chairman, which is a good thing." Fan Yanghong was a little puzzled, and it was too late to change to others' happiness.

"All right, let alone say, eat your meal." Lu Yaqin was a little irritable. She has an intuition that Lu Jin will definitely not be willing to give up. What should she do if any measures are taken to harm Jun Ze? Or maybe Shen Junze inadvertently injured his elder brother, what should she do? At this moment, Lu Yaqin felt like a piece of meat in the middle of a hamburger, sandwiched in the middle, embarrassed on both sides. Her son thinks that her elbow is turned outward, leaning towards her elder brother, and her elder brother thinks she is an unfamiliar white-eyed wolf and only helps her son.

Seeing Lu Yaqin absent-minded, Fan Yanghong said in a warm voice, "Yaqin, what's the matter with you? That's a good thing for Junze to take the company back. If you're worried about things between Junze and his elder brother, that's not necessary at all. I thought that at first, Big Brother drove Junze out of the company. Now that Junze takes the company back, the two are just even."

In Fan Yanghong's view, Lu Jin even made a profit, after all, he now has a lot of shares.

Lu Yaqin didn't bother to take care of him, "I'll stop eating, I'll go find Junze." She stood up, the more uneasy she felt, she felt it was necessary to remind Shen Junze.

"Hey, wait, eat the rice first."

Lu Yaqin could not hear what he was saying. Fan Yanghong looked at her hurrying back and shook her head, but it was true. The son of others is the chairman, happy, but you are showing a bitter gourd face to someone, if not... forget it, you are too lazy to care about it. He muttered in his mouth and sat down to eat. Lu Yaqin was not in a mood to eat, but he was in a good mood.

Lu Yaqin called Shen Junze, still unable to get through, knowing that he had blacked his number. Take a taxi directly to Lu Shi Real Estate.

Shen Junze was still working overtime in the office. When she saw her mother coming, there was no trace of accident. "Mom, sit down."

Lu Yaqin sat down on the sofa and stared at his son. Compared with the last time, Shen Junze now seemed more indifferent.

"Mom, what's the matter with you looking for me today?"

Lu Yaqin hesitated, "That... Junze, I heard you and your uncle..."

"You want to say that I replaced Lu Jincan as the chairman of the company. Lu Jincan deceived my dad from my company and deceived me from the company. It is a matter of course for me to get the company back. If you do it for him Plead, then there is no need to speak." Shen Junze's face was cold.

"Junze, Mom doesn't mean that, I just want to remind you to be careful of your uncle."

After hearing this, Shen Junze's eyes flashed in surprise, this was the first time his mother didn't help Lu Jin before speaking.

"Your uncle's mother understands, don't look at what looks good on the surface, in fact, he is very cruel. Your behavior has angered him this time. In case he wants to revenge you with some influential means, you must be careful. "

Shen Junze looked slightly slower, "Mom, I know, but you can rest assured that I will not be okay, but you, try to keep away from him as much as possible."

Lu Yaqin sighed, "I know." But he did not tell Shen Junze that Lu Jin only asked her to do one thing, and the palms and hands were flesh.

"Junze, I haven't eaten with you for a long time. Let's have a dinner with my mother." Lu Yaqin stared at Shen Junze with a blank eye.

In the end, it was October to conceive and gave birth to his mother. Shen Junze was not really a hard-hearted man. Looking at the look she expected, she finally refused to refuse, "Okay, wait five minutes for me, and I will deal with the matter at hand."

"Okay, don't worry, you take your time." Lu Yaqin couldn't help but heard Shen Junze agree.

Lu Jincan did not go home after leaving from where Lu Yaqin lived. Instead, he went to the bar, where he sat and drank.

He went through all the things in his mind, and the more he was unwilling to think, he picked up the wine bottle and poured a sip of wine. Although in other people's view, even if he is not the chairman, he

is still the company's largest shareholder, and he is not worried about eating and drinking, and he is Shen Junze's uncle. Shen Junze will certainly treat him well, but he does not think so.

At first, he offended Shen Junze too hard. This kid wanted to eat him raw. I'm afraid he had already had the idea of the shares in his hands. Perhaps a person who carelessly loses his life, this kind of thing, how could Lu Jin be willing to let it happen. He must find a way to deal with Shen Junze and take the company back.

But is there any way he can get the company back in a short time? Lu Jin fell into thought.

After Shen Junze accompanied her mother to dinner, she returned to her home, and then returned to his home. He couldn't wait to call Shen Qinglan and wanted to share her joy with her.

Shen Qinglan had just slept and he received his call, "Junze?"

"Sister, I succeeded. I took the company back." As soon as the phone was connected, Shen Junze could not wait to speak.

Shen Qinglan was not surprised at the expected ending. "Very good."

"Sister, thank you and your brother for supporting me in the back." Shen Junze said movably.

"You have said thank you many times, you don't have to say it anymore, the only thing left is to take care of your father's company and don't let him down." Shen Qinglan said quietly.

Shen Junze nodded fiercely, "I will, sister, I will definitely carry forward my dad's company, stand at the top of the world, and make him smile at Jiuquan."

"What do you plan to do with Lu Jincan?" Shen Qinglan asked him.

"I want to get back the shares in his hand first, and then let him leave the company." Lu Jin was what he did to him, and he naturally had to deal with Lu Jincan.

"This stock is Lu Jincan's last life-saving straw, he won't give it to you easily." Shen Qinglan pointed out the facts.

This point, Shen Junze is naturally clear. It's a pity that Lu Jincan's son is still young, otherwise he can use his personal way to govern his own body, and apply Lu Jincan's method of dealing with Liang Tian on him.

"In order to prevent Lu Jin from jumping into the wall in a hurry, you can take this matter slowly." Shen Qinglan said, if Lu Jin is pressed, who knows what he will do.

"The most important thing for you now is that you have to hold more than 51% of your shares so that no

one will shake your position."

"Sister, this is probably a bit difficult." Apart from the large amount of shares he and Lu Jincai hold in the company's shareholders, there are not many shares in the hands of other people. And these people will definitely not sell their shares to him now. After all, the company is developing well and has not encountered any crisis. The shares of Lushi Real Estate are still very valuable in the market.

"Shares in the company's shareholders are not easy to get. You can try to buy stocks in the market, but if you really want to do this, try not to use your own identity. Of course, this is just my recommendation, only Reference."

"Thank you sister, I know, I will start preparing for this matter tomorrow." Shen Junze said gratefully.

There are about 20% of scattered shares in the market. As long as he can recover more than 11%, then Lu Jincai can no longer pose any threat to him.

Thinking like this, Shen Junze became more and more excited and couldn't sleep. He climbed up, turned on the computer, and began to beat on the keyboard. Just after Shen Qinglan gave him new inspiration, he couldn't wait to write it down.

\*\*\*\*

Lu Jincai drank bottle after bottle in the bar. The more he chased, the more chaotic his brain was. Where else could he think of any way to deal with Shen Junze? He simply stood up and walked out of the bar, but when he turned around an alley, he saw someone fighting in the alley. It is estimated that it was a rogue on the nearby street. More than a dozen people gathered together to fight.

How was it like when he was young, he used to be like this, he would do something with others if he didn't agree, he wouldn't give up without slamming him, so he went through many rounds.

Lu Jin just looked at him, and his eyes were filled with fierce glory. Now he couldn't think of a way to take the shares in Shen Junze's hands, so can he breathe first? First of all, in addition to the evil in his heart, let's say, otherwise he will hold his breath in his heart, he is afraid of suffocating himself.

Thinking of this, he looked at the little hooligans and shouted loudly, "Don't fight, just come."

The group of hooligans immediately stopped when they heard the word "Police". They only saw Lu Jin alone at the alley and immediately knew that they had been cheated.

"Dead old man, you actually lied to us, believe it or not. I killed you." One of the young men with yellow hair, holding a stick in his hand, said angrily.

Lu Jincai was not afraid at all. He burped, "I'm looking for you to do a business. You help me teach a person. If it's half done, I'll give you 50,000 yuan."

The young man heard the words, his eyes shone, and his eyes rolled, "How do I know if what you said is true or false, just in case we deceived us?"

Lu Jin only laughed, took out his wallet, withdrew a stack of money from it, and threw it in front of them, "This is a deposit."

Everyone took a look, and his eyes were shiny, and Huang Maoxiao Young immediately said, "Say, who do you want to teach, we will help you to teach him now."

### **523 526 Transfer of shares**

Because he has just taken over the company, Shen Junze has been working overtime these days. He needs to be familiar with the company's affairs as soon as possible. When he looks up from the file at 8:30 in the evening, he stretched out a lazy waist and glanced at the pile of the table. High folder, sigh, these files are estimated to take a few days to read.

He packed his things, turned off the computer, and walked out of the office. There was no one in the company. It was completely dark, leaving only a room of lights in his office.

Shen Junze rubbed his forehead, closed the door of the office, drove home, and the car turned around a street corner. Shen Junze felt a little hungry. This reminded him that he didn't even eat lunch today. He glanced at the street. There was only a noodle shop and Wonton shop, found a place to park, he walked towards the noodle restaurant, Yu Guang saw a figure follow him behind him, he stopped and turned around, there was indeed someone on the street, but the man walked past him directly.

Shen Junze lost his smile. He was really too sensitive recently. When he walked into the noodle restaurant, Shen Junze ordered a bowl of noodles, very ordinary vegetables and pork noodles. This was something he would never eat.

How did he eat such ordinary food since he was a kid, but his experience in the past few years told him what is the life of ordinary people. When he was most depressed, he used to eat only the cheapest instant noodles for a week. Although he has gained a wealthy material life by his own ability now, some habits have changed.

After eating the noodles, Shen Junze touched his stomach with satisfaction. After the work was over, it was definitely a happy thing to have a bowl of hot noodles.

Out of the noodle shop, he walked towards his car.

"Sister, why did you call me so late?" Halfway, Shen Junze received a call from Shen Qinglan.

"Come home tomorrow and give you something." Shen Qinglan said.

"Okay, then I will come here at 9 o'clock tomorrow morning." Shen Junze said without hesitation, did not ask Shen Qinglan what he wanted to give him, whether it was important.

"Are you still outside?" Shen Qinglan asked, listening to the faint car horn coming from her phone.

"Yeah, I just came out from the company and had a supper and was planning to go home."

"Drive carefully on the road." Shen Qinglan urged.

Shen Junze responded well. He glanced around casually, and suddenly found that a truck was coming from the left. He was shocked and subconsciously stepped on the brakes, but found that the brakes failed, and his face changed suddenly. There was cold sweat on his forehead, and the two cars were about to collide. He hit the steering wheel violently, and turned the car around to pass the big truck,

But he was too late to breathe a sigh of relief, his eyes raised, and he found that his car was rushing towards a big tree by the road. Before he could react, the car came in close contact with Dashu, and made a loud bang. The airbag activated instantly, and Shen Junze crashed forward.

If it weren't for the airbags to block in time, I'm afraid he was bleeding.

Shen Qinglan naturally heard the movement over the phone, "Jun Ze, what happened?"

Shen Junze shook his head, and his eyes were black. "Sister, it's okay. The car hit the roadside. Someone moved my car and the brakes didn't work."

"Where are you now?" Shen Qinglan sat up on the bed.

"On the Xihuan Overpass, fortunately I am all right, don't worry."

"Are you sure you are all right?"

"It's okay." Although he said that, his leg was stuck in the driver's seat.

"Don't move now, I will call 120 immediately and I will go to the hospital to find you."

"Sister, no, you just call me 120. I will go to the hospital myself."

"Don't talk nonsense." Shen Qinglan said in a cold voice, then picked up the sideline and started calling 120.

When Shen Qinglan rushed to the hospital, Shen Junze was already bandaged. In addition to some redness and swelling of his forehead, he also had different degrees of bruises on his arms and legs. Fortunately, it was not serious. He sat on the promenade of the hospital. Going on, waiting for Shen Qinglan, seeing her coming, quickly stood up.

"Are you okay?" Shen Junze shook his head. "It's okay, it's just a little bruise, just a few days."

Shen Qinglan glanced at him, and seeing that he was indeed in trouble, he was a little relieved, "Is the police coming?"

"The police just left, and left after finishing the transcript." Shen Junze said, "Sister, this matter must not be an accident."

His car was used for maintenance just a few days ago, and the brakes were definitely no problem. Furthermore, when he came out of the company, the brakes were good. Thinking of this, Shen Junze couldn't help thinking of the figure he saw in front of the noodle restaurant, and there was a vague guess in his heart.

"People are fine. The police will investigate this matter." Shen Qinglan comforted him.

"Sister, I suspect Lu Jin did it."

Shen Qinglan frowned slightly, "Is there evidence?"

Shen Junze shook his head, "No. But when I came out of the company, the brakes were still good. I ate a

bowl of noodles in the middle. When I came back, the brakes failed. Before I entered the noodle shop, I found someone following me, but I thought at the time. I feel wrong." Now he thinks he is right, not that he is suspicious.

After hearing this, Shen Qinglan looked solemn, "I know, I will help you find out about this matter. Can you go?"

Shen Junze nodded.

"Then I will send you back first."

"Sister, I still let you out so late, sorry."

"It's a trivial matter. It's fine if people are fine. But if this thing was really done by Lu Jin, it might be a good thing." Shen Qinglan said.

Shen Junze instantly understood what she meant, "Sister, do you mean?"

Shen Qinglan nodded, and Shen Junze thought about something thoughtfully. If things were really done by Lu Jin, then this is indeed a golden opportunity. What is it called? This is called drowsiness. Someone gave a pillow.

Shen Qinglan returned home after sending Shen Junze home.

Early the next morning, Shen Qinglan and Shen Junze appeared at the gate of the police station. The police have checked Shen Junze's car. His brakes were indeed damaged by man-made damage. With the clues provided by Shen Junze, they quickly locked their eyes on Lu Jincan.

From the motive of committing the crime, Lu Jincan really has great suspicions

When the police came to knock on the door, Lu Jincan hadn't awakened. He arrived at home early last night. He rubbed his forehead like a tear, and looked irritated, and said to Zhang Wenli, "Go and see who it is so early in the morning."

Zhang Wenli nodded, "Okay, you take a rest first, let me go and see."

She opened the door and looked at the policeman standing outside, a little surprised, "Comrade policeman, who are you looking for?"

"Is Lu Jin living here?" the policeman asked.

Zhang Wenli nodded, "Yes." There was a bad hunch in his heart.

"We suspect that Lu Jincan is related to a murder case. He needs to go back to the police station to

cooperate with the investigation. What about others?"

Zhang Wenli said, his face changed, "Comrade police, have you made a mistake, my husband will never do such a thing. And he has been at home last night, never went out."

"If we made any mistakes, we would investigate clearly. An accident happened on the Xihuan Overpass last night. We suspect that the main messenger of the accident was Lu Jincan, so we hope that he can come back with us to cooperate with the investigation."

"No, comrade police, you must pay attention to the evidence when you do things. My husband is also a person with a face and a face. How can you say take it away and take it away, is there any other way?"

Zhang Wenli stopped the police from entering, and the police did not force to enter. He stood at the door and argued with her, "We just asked Mr. Lu Jincan to go back to the police station to cooperate with the investigation, not to say that he must be a suspect. It has nothing to do with Lu Jin. We naturally let people go. This lady, you are too nervous." Such tension actually seems guilty.

Can Zhang Wenli not be guilty? Although she didn't know why Lu Jincan came back so late last night, he was in a good mood when he came back last night, and he kept humming in his mouth. You know, he was just robbed of his power. Depressed, and sang when he came back, which is too unusual, and there must be a demon if something goes wrong.

"Is it true that Lu Jin did this, so you are covering him now?" the policeman asked in a cold voice.

Zhang Wenli twitched, "Comrade police, how is this possible? My husband has always been a law-abiding person, and he certainly will not do such violations of law and discipline. You must have made a mistake."

"So we have to ask Lu Jin to go back to the police station for investigation. If the matter really has nothing to do with him, we should pay him innocence."

Zhang Wenli had no reason to refute. No matter what, the police had come to the door. She stopped, but instead appeared to have no silver 302 here, opened her side and let the police enter.

Lu Jincan heard the sound of the doorway in the bedroom and shouted in agitated mood. "What's the noise early in the morning?"

The police crossed Zhang Wenli and went straight to the bedroom. When Lu Jincan was sitting on the bed, rubbing his forehead, he heard someone coming in, and subconsciously shouted, "Who the hell is it? Isn't it over yet?"

When he opened his eyes, he saw two uniformed policemen, "Police? What did the police come to my house so early?" At this time, he had a headache, and he didn't think of letting a few bastards teach Shen Junze last night.

The police repeated what Zhang Wenli said. Lu Jincal's eyes flickered, and he finally remembered what happened last night. It was precisely because of this that he wanted to slap himself. Isn't this sending the evidence to others?

Although I remembered it, Lu Jincal could not admit that he did it, so he denied, "Comrade police, I was drinking in the bar last night, and the staff in the bar can testify. It has nothing to do with me, not to mention that the object is my pro-nephew. My relationship with my nephew has always been very good. What reason do I have to treat him like this? Your statement is not persuasive at all."

"But the information we got from Mr. Shen Junze is not like this. Mr. Shen Junze said, the relationship between you is very bad, and just this morning, Mr. Shen Junze replaced you as the chairman of the company, we have reason to believe, You are upset because of dissatisfaction with Mr. Shen Junze's seizure of power."

Lu Jincal's face sank, "Comrade Police, I respect your work, but you can't frame me at will. I did have a misunderstanding between me and my nephew, and I was dissatisfied because he took my power, but I haven't reached the point of deep hatred, I have no reason to do so."

"Is there any reason not for you to decide, now please go back with us to cooperate with the investigation."

"Okay, I can go back with you, but if things really have nothing to do with me, I also hope you can solemnly apologize to me. After all, if you do this, it will cause some damage to my reputation."

The police are not sure about this.

Zhang Wenli looked at Lu Jincal anxiously. The latter shook her head slightly and signaled her not to be nervous. "I'll go with them to the bureau and come back soon. It's okay, don't worry. Just take care of your son."

Zhang Wenli nodded, watching the police take Lu Jin away.

Lu Jin arrived at the police station, only to find that Shen Junze and Shen Qinglan were also there. His eyes suddenly dimmed, and looked at Shen Junze coldly. Unexpectedly, this kid's life was really big, and he was still alive and kicking. He thought that this man was half dead and seriously injured.

After understanding the deep meaning in Lu Jincal's eyes, Shen Junze became more and more certain that he did what he did last night. He looked at Lu Jincal with a smile, and gave him a look of "I'm still alive, let you down".

His uncle really deserved to be a hard-hearted master. He wanted his life so eagerly, but Lu Jin hated him so much that he couldn't help it that day. Shen Junze secretly guessed. Why did Lu Jin think that he was stunned by alcohol and did it on impulse.

"Comrade police, you said that I was suspected of buying a murderer, but my nephew was sitting here in good manner. Is your so-called buying a murderer too exaggerated?" Lu Jincal sat on the chair and said coldly.

The policeman said blankly, "Shen Junze's car brakes were moved by someone. And from the surveillance video, it was done by a man. According to the surveillance video, we have found this man, and the other party also admitted that you ordered him to do this. What did you explain?" If it weren't for the evidence, the police wouldn't come home early to get people.

"Comrade police, this matter has nothing to do with me. I am innocent, and I cannot be held responsible just because I stand up and say that I did it. I was drunk at the bar last night and went straight home. You can go to the bar to check on this point or ask my wife. They can all testify to me." Lu Jincal is still quibbling.

There was no monitor in the alley he passed yesterday, so he justified it and was not afraid of the police going to check. Even if he checked, he could say that he just passed there. Moreover, he gave cash to those little bastards yesterday, and there is no transaction record as evidence. As long as he denies it, even the police have no way to take him.

The little bastard has been caught, and when he saw Lu Jin, he immediately pointed at him and said, "It's him, it's him, it's this man, he instructed us to let us teach the kid." The kid was Shen Junze.

Lu Jincal's expression changed slightly, "Don't spit on people. This matter has nothing to do with me, I don't even know you."

"Comrade police, I know him. He was drunk last night and gave us 10,000 yuan. He said it was a deposit. As long as we taught the boy sitting in the chair, he gave the remaining 40,000 yuan. Us. My other brothers have also seen this, they can testify to me, I am telling the truth, there is no falsehood."

From the moment he was caught, the little bastard realized that he should be the one who could not be harassed. When he saw Shen Junze, there was something he didn't understand. The bamboo tube poured beans and passed yesterday. He told the police one by one, fifteen and ten, without concealing anything, and even the cash that Lu Jincal gave him last night was taken out.

"He gave me the 10,000 yuan, all here, and I have nothing to spend." Xiaochao said. He originally planned to take the remaining money today and evenly split it with his brothers, but he was caught in the game unexpectedly, but he was also fortunate in his heart. Fortunately, he didn't spend any money.

Lu Jincal was waiting for him fiercely on the side, his eyes implicitly threatened, and it was naturally impossible for the bastard to take his second half of his life for 50,000 yuan, so regardless of the warning in Lu Jincal's eyes, he again described last night's details, even every sentence that Lu Jincal said, come to life.

Shen Qinglan glanced at Shen Junze with a smile, and lowered his voice, "Your uncle hates you."

Shen Junze looked embarrassed, but his eyes were covered with cold. Isn't it? If his response was a little slower last night, or his car's performance is a bit worse, he might not be right now.

However, from the description of this little bastard, Shen Qinglan also saw that yesterday's incident was completely due to Lu Jin's temporary intent, and it is likely to be the impulsive behavior after drunkenness. He did not think about it seriously, otherwise he will not stay. Such a big flaw.

But if not, they haven't been so easy to deal with Lu Jin.

"Comrade Police, in fact, it is very simple to prove whether this thing was done by Lu Jin. Just check the fingerprints on the stack of cash to know." Shen Qinglan said lightly.

Although I just glanced at random, I can see that the cash is very new, even without a trace of wrinkles. It should have just been taken out of the bank, although it may not be possible to get a complete fingerprint from the banknotes. What if it happens? Upon his reminder, the police responded immediately.

Lu Jin only glared at Shen Qinglan. If it was not at the police station at this time, I am afraid that he already wanted to hit someone now. Shen Qinglan was not afraid of his eyes and looked back calmly.

Lu Jincui was arrested. His luck was very bad. A full fingerprint was extracted from the stack of cash, which was just his. With the confession of the other bastards and the identification of the bastard, the fact that he bought the murder was basically assured.

Zhang Wenli didn't wait for Lu Jin to return at home, so he rushed to the police station, but received the news that Lu Jincui was arrested. He suddenly felt that the world was turning around and his eyes were black.

Her eyes were stunned, looking at the police, "Comrade police, are you wrong, my husband, he really would not do such a thing."

"Multiple evidences show that this was done by Lu Jincui, and Mr. Shen Junze has filed a lawsuit against Lu Jincui. We will transfer the case to the court soon. You should prepare a lawyer for him as soon as possible." The police said lightly.

Although even with a lawyer, Lu Jin is unlikely to win the lawsuit.

Zhang Wenli came out of the police station, his legs were soft, he was stunned for a long time, and finally remembered Lu Yaqin.

Lu Yaqin didn't know what was happening at all. After listening to Zhang Wenli's speech, he was stunned.

Zhang Wenli shook Lu Yaqin's shoulder and begged, "Yaqin, you must help your elder brother, your elder brother is really not intentional, he was drunk yesterday, think about how he usually hurts Jun Ze how he is willing to hurt Where is Junze?"

"So my elder brother really hired someone to hurt Junze, didn't he?" Lu Yaqin only grasped this point.

"No, your elder brother was confused for a while. You think about Junze who drove him out of the company in front of so many people yesterday. He was so angry that he was drunk and didn't know what he did. It is normal to do wrong things under the circumstances, and he has not caused substantial harm to Junze."

Lu Yaqin stared at Zhang Wenli, "My son was almost dead. You even said that there was no substantial harm. What kind of situation is the real harm, is it waiting for him to die?"

Zhang Wenli didn't expect Lu Yaqin to be the reaction. Usually Lu Yaqin didn't dare to talk to her like this, "Yaqin, that's your dear elder brother, your only elder brother." She tried to impress Lu Yaqin with affection as before, after all She is the one who eats this most.

"That son is also my only son. Compared with my elder brother, my son is my life." Lu Yaqin said excitedly, at this moment she was sober.

"Your brother was so good to you before, how could you be like this?" Zhang Wenli looked at her in disbelief as if she had done something unreasonable, but she was just seeing Lu Yaqin's expressionless face. The tone softened, "Yaqin, sister-in-law begs you, please help your elder brother to intercede and let Junze withdraw your complaint. Your elder brother is so old that he can't stand such a toss."

"Sister-in-law, I won't go. The previous things are easy to say. But today there is no room for negotiation. My elder brother hurt my biological son, and he wanted Junze's life. When he did this, Have you ever considered me? Have you ever thought that Junze is his pro-nephew?" Lu Yaqin's face was determined.

The expression on Zhang Wenli's face gradually disappeared, and there was no emotion. He looked at her steadily, and his hands fell down. "Yaqin, sister-in-law asks you one last time. Can you help me with this?"

"Sorry sister-in-law, I really can't help with this busy."

"Okay, you can't help me find someone else, I don't believe it. I can't find someone who can save your big brother. I used to think you were wrong, you are like your son, you are white-eyed wolf, your big brother is white It hurts you," Zhang Wenli said with hate, and turned away.

When she left, Lu Yaqin took the bag and hurriedly left the house. She was going to see how Shen Junze was doing.

Lu Yaqin went straight to the company. As soon as he saw Shen Junze, he grabbed him and looked up and down. "Junze, Mom heard that you had a car accident last night. How are you? Are you okay?"

I saw gauze on his forehead, bandages on his legs and arms, and wet eyes. "Is the injury so serious? Did you go to the hospital? What did the doctor say?"

Shen Junze did not expect that she would come here and pushed her hand away, "Mom, why are you here?"

"Today your aunt came to me and said you had an accident, so I will come over and see you."

"I'm fine, it's just a few scratches." Shen Junze's expression was faint, "Mom, do you have anything else?"

Lu Yaqin opened his mouth and kept talking, "Junze, Mom..."

"If you are pleading for Lu Jin, then don't talk, I don't want to listen." Shen Junze interrupted her, he was already sick of such drama.

"No, Junze, you misunderstood your mother. Your mother did not come to plead for him. This is something he did wrong. You should take him to court. Mother has no opinion. Mother just cares about you." Lu Yaqin explained that she really did not come to plead.

Seeing that she really cared about herself, Shen Junze looked a little slower, "I'm fine, Mom, you don't have to worry about it, but Lu Jincan, I won't give in on this matter." After finally seizing this opportunity, Shen Junze definitely wouldn't let Lu Jincan easily let go, even if he couldn't be sent to prison, he had to peel off his skin.

"Mum knows, as long as I see you all right, I can rest assured. I won't care about this matter. You can do whatever you want, and I will support you." Lu Yaqin changed her usual attitude, which surprised Shen Junze. .

In fact, for Lu Yaqin, she may be selfish on weekdays, but Shen Junze's personal safety is her bottom line. In the past, Lu Jincan treated Shen Junze so much, she was on Lu Jincan's side only because Lu Jin did not threaten Shen Junze's life. By his life, Lu Yaqin will be desperate with others.

At this time, don't tell her what kind of brother-sister relationship you have. No matter how deep your brother-sister relationship is, her son's life can't be compared.

Shen Junze absolutely did not expect that an unintentional move actually inspired Lu Yaqin's rare motherhood.

Seeing her supporting her, Shen Junze would naturally not sneer at her and ease her expression, "Mom,

don't ask anything about this matter, just let me deal with it. If you can't go out these days, try not to go out. Zhang Wenli went to you and ignored it. If you still remember the mother-child relationship between us, then keep silent."

Lu Yaqin was bitter in his heart, but still nodded, "Mom knows, Mom must be on your side this time."

"I'll take you home first."

"No, my mother will take a taxi back home. Does your injury really matter?"

"It really doesn't matter, just a few days."

Shen Junze sent Lu Yaqin to the car, and then turned back to the company. He waited for Lu Jin to come to him in person.

Zhang Wenli only found several lawyers for Lu Jin, but all said that the lawsuit is unlikely to win, and the evidence is too sufficient. Once this is lost, the disaster of prison for several years is inevitable. The best way is to let Shen Junze withdraw his suit.

"Jincai, what can I do?" Zhang Wenli was very flustered. If Lujin was really in jail, what would she do with her child? But there were two sons in the family, and the eldest son was only nine years old. How could she raise two by herself? Grown up?

"Don't panic." Lu Jin comforted her. "You called Shen Junze and said I wanted to see him."

"Call him to do what he did to make you look like this." Speaking of Shen Junze, Zhang Wenli hated her teeth. "And your sister, you treat her so well on weekdays, and she ran away when something happened. A pack of white-eyed wolves."

Lu Jincai looked faint and could not see his true thoughts. "You call Shen Junze and I have something to talk to him. You can rest assured that I have a way to let him withdraw the complaint."

"What do you do?" Zhang Wenli asked.

"Don't ask about this matter, you can call me someone." Lu Jin refused to say, Zhang Wenli did not continue to question, nodded, "I will call him now."

"Wen Li." Lu Jin stopped her, "Take care of the two children, rest assured, I will be out soon."

"I know, you don't have to worry about the children, my mother will take care of me."

\*\*

"I heard that you want to see me?" Shen Junze raised his eyebrows and looked at Lu Jincai, his face

calm.

Lu Jin looked at him in a decisive manner, his expression was indifferent, and he did not speak for a long time.

"If you come to me, you just want to look at me affectionately. If so, then I will go first. After all, I have just taken over the company, and things are very much." Shen Junze stood up and left.

"Wait." Lu Jin just said, "I hope you can withdraw your complaint."

Shen Junze looked at him funny, "Why?"

"Junze, no matter what, I am still your uncle, from small to large, I really loved you too, not looking at the face of the monk to see the face of the Buddha."

Wen Yan, Shen Junze nodded, "Well, you were really kind to me when you were a kid, but these good things contain a little bit of genuineness and a bit of hypocrisy, and you know it clearly."

"Shen Junze, you can't negate everything because I counted you. You are a typical white-eyed wolf." Lu Jin was angry. When Shen Junze was a child, or before he didn't have his own children, he was true to Shen Junze. The feeling that his son loved, and did not adulterate at this time came to Shen Junze's mouth, but it became an intentional plan, which made him feel insulted.

"Okay, I admit that once you were really good to me, better than my dad, but what about you? You finally counted me. Speaking of good, is my dad bad for you? My dad is sincere. Waiting for you to train you from a little bastard to a company executive, but how did you treat him? When his bones were not cold, he designed his only son and took away the hard work of his life. Wolf, uncle, I still learn from you." Shen Junze looks indifferent, playing emotional cards with him? Ha ha!

Lu Jincui's face was green, "Do you have to talk to me like this?"

"Uncle, what are you doing so angry? I'm just stating the facts." Shen Junze smiled, compared with Lu Jincui's anger, he was much calmer.

"Well, since that's the case, let's be practical."

Shen Junze chuckled, "Don't play emotional cards?"

Lu Jincui's expression was stiff. At first, he did intend to play emotional cards, hoping to touch Shen Junze, but he didn't expect that this kid wouldn't eat this set at all.

"I know what you want is the 30% of the shares in my hand, and I can give you the shares as long as you withdraw the suit."

After hearing this, Shen Junze sat down again and looked at him with interest, "30% of the shares, in exchange for his freedom. Well, listening to it is indeed a good business, you can talk about it."

Unexpectedly, Lu Jinc'ai's complexion changed, "Shen Junze, don't go too far."

"Huh, isn't that what you said? How did it become too much for me?" Shen Junze looked at him puzzled.

"11% of the shares will free me."

Shen Junze smiled and said, "Lu Jinc'ai, you are teasing me, 11%? Are you calling Hanako." His expression closed, and he looked at Lu Jinc'ai expressionlessly, "30%, with 30% of the shares in your hand It's free for you, otherwise everything is free."

"30% is all of my shares." Lu Jinc'ai gritted his teeth. Shen Junze wanted to kill him.

"Of course I know it's all your shares, but this is my only condition."

"Shen Junze, stay in the line and meet each other in the future. Are you so aggressive and utterly killing you? Are you afraid of getting retribution in the future?"

"I don't know if I will be retaliated in the future, and I don't care. I only know that you must be utterly killed, otherwise what if the wind blows and you are born again?"

"11% of the shares plus 40% in your hands, your share has reached 51%, and you have absolute control. No one can shake your position." Lu Jinc'ai said with an old bloody stalk in his throat and gritted his teeth. .

"Who would be too little for such a thing as shares? Naturally, more is more beneficial." Shen Junze calmly replied.

"Haha, really it is Shen Rang's son. It is estimated that if he sees you now, he should look away."

"Don't mention my father to me, you don't deserve it. I will give you three minutes to think about it, and after three minutes you can tell me your answer."

"30% is too much. I am not a company thing now. These shares are my only source of income. You have to let my family live. I drove you out of the company, but I did not take back your hands. Shares." Lu Jinc'ai tried to bargain.

"Then I would like to thank you for saying that?" Shen Junze sneered.

Knowing that the more she mentioned in the past, the harder Shen Junze's heart was. Lu Jinc'ai didn't even mention it. He closed his eyes and thought quickly about the countermeasures in his heart.

Shen Junze sat there with a calm face. Time passed by one minute and one second, and three minutes passed by.

"Time is up, tell me your decision."

Lu Jin opened his eyes and looked at Sheng Junze, "I can sell 30% of the shares to you at a price lower than 20% of the market."

Shen Junze smiled, "Lu Jincui, are you stupid or stupid? I said it was for me, not for me."

"Shen Junze, you are too greedy." Lu Jincui's face was directly blackened, and he looked at him angrily.

Shen Junze shrugged, "Don't you teach me these things?" He stood up, "I see that you are reluctant, I guess this business is impossible today. Since that is the case, I will first Go away, you are waiting for the court inside."

Shen Junze turned to leave, and Lu Jin stopped him. "Wait, I agree."

Digression

In the next chapter, let Lu Jin get the lunch box, and then Fu Ye's second child, haha.

After the second child, the text is basically over, and the rest is Fan. What else do you want to see besides the story after An An grew up?

### **524 527 Green Hat**

For Lu Jincui, there is nothing more important than freedom. After all, only when people are free can there be other possibilities. If he is sent to prison, there is no hope.

"The person who knows the current affairs is Junjie, and I like my uncle's kindness." Shen Junze said with a smile, took out a document from his carry bag, and handed it to him, "If so, sign it."

Lu Jin just took the document and looked at Shen Junze's cold eyes. "You really don't hide your thoughts at all."

"My name is adequate preparation, but in this way, it saves us a lot of trouble for each other."

Shen Junze glanced at the time, "Sign it, I'm in a hurry."

Lu Jincai's hand trembling gently, glaring at the final signature. This is what he got after so many years of hard work, but now he has to put his hands on it, saying that his heart is bleeding, all light.

"If you don't sign again, I can go. There is only one chance. If we miss this opportunity, we can only see you in court." Shen Junze urged.

Lu Jin closed his eyes and clenched his teeth to sign his name on the document. Shen Junze smiled with satisfaction. "Congratulations, Uncle, I will be free again."

Lu Jincai snorted and closed his eyes, unwilling to see Shen Junze. Shen Junze shrugged indifferently, picked up the documents and turned to leave. He stopped halfway and said something to Lu Jin. "Uncle doesn't have to worry about life in the future. In the end, you are my own uncle. I can't watch you starve to death. The living expenses will be given to you in the future. Of course, if you can please me, your living expenses will double."

Lu Jincai opened his eyes fiercely, his eyes split, "Shen Junze, you bastard."

Shen Junze smiled and said, "Uncle, these are all your precepts and examples. If I am a jerk, what are you?"

Lu Jincai's face was green for a while and white for a while, and finally turned black, watching Shen Junze leave behind. Hate almost broke his teeth.

Wait, someday...

\*\*\*\*\*

After Zhang Wenli learned that Lu Jin had exchanged his shares for freedom, he was shocked at the spot, and it took a long time to respond. "Jin Cai, what can we do after we have no income?"

"Isn't there a deposit at home? Those deposits are enough to support a period of time." Lu Jin was not worried at all. He has been in power for many years, and he has a lot of assets. Although there are not hundreds of millions, there are still tens of millions.

At this time, Lu Jincai did not see the panic flickering in Zhang Wenli's eyes.

"But sitting in the mountains and the sky is not the way to go." Zhang Wenli looked sad.

"You don't have to worry about these things, I will find a solution." Lu Jincal said lightly, and he didn't plan to sit in the mountains. Although he lost his shares, it was a matter of time to re-establish a company with the deposits in his hands. As for the size of the company, there is no need to force it. In short, it is no problem to get enough food and clothing. Although he was very unwilling, he could only accept reality.

"I remember that there were tens of millions of deposits at home. Give me half of it. I want to start my own business."

"Creating...starting a business?" Zhang Wenli froze for a while, "Jincal, this is not good, how great is the risk of starting a business now, in case of compensation, our family will really drink the northwest wind in the future."

"Actually, this amount of money is enough for our family to live. If we save a little, it will be enough for a lifetime. Or else." Zhang Wenli tried to persuade Lu Jincal.

Lu Jin looked at her in a fixed manner, "Wen Li, you are very strange today." As soon as the deposit was mentioned, Zhang Wenli was nervous, which made Lu Jin skeptical.

"It's strange, you think too much." Zhang Wenli twitched her lips and smiled a little, "Jincal, I still think that you should think about entrepreneurship, you now have money, no money, no people Human, the risk of starting a business is too great, we are such a big family, really not suitable for taking risks."

Lu Jincal's eyes fell on Zhang Wenli's face, and he said lightly, "I will naturally come up with these things. You just have to take care of your family and be my strong backer. You tell me, how much money is there in our family now? "

Zhang Wenli controls the finances at home, and Lu Jin doesn't even know how much his assets are.

"Although you have earned more in these years, our family has also spent a lot, but in fact there is not much left."

"How much is left?"

"Probably a few...hundreds of thousands." Zhang Wenli asked, not daring to look at Lu Jincal's expression.

Lu Jin's eyes widened, "Hundreds of thousands?! Zhang Wenli, you tell me clearly, where did the family's money go?" He just thought that his family's money might have been spent a lot by Zhang Wenli, but Unexpectedly, there were hundreds of thousands of deposits left. According to his estimate, there was no 50 million, and at least 10 million.

"It's the usual rice, oil and salt. Our family's expenses are always high, you don't know at home." Zhang Wenli tried to hide, but was Lu Jin so cheat?

"Do you need tens of millions of Chai Miyou salt? You can tell me honestly, what did the money do?" Lu Jincai looked at his wife with a somber face.

Zhang Wenli was chilled by her, "Jincai, listen to me, the money is actually..." She hesitated.

"In fact, continue to say." Lu Jincai's tone was cold.

"I made an investment that failed before, and all the money was lost." Zhang Wenli gritted his teeth and said a whole brain.

"Slap", a slap fell on her face fiercely, "tens of millions lost all! Zhang Wenli, you prodigal girl, I killed you!" Lu Jincai roared.

Zhang Wenli didn't expect Lu Jin to start suddenly. After they had been married for so many years, Lu Jincai hadn't even told her a heavy word. This sudden slap suddenly knocked her out.

Seeing Lu Jincai again, Zhang Wenli hid back, "Lu Jincai, dare you!"

"Do you dare to see me!" Lu Jin was very anxious. He dared to transfer all those shares to Shen Junze because he knew that there were still tens of millions of deposits in his family. Even without these shares, he could use the money to reopen a company in a short period of time. I have accumulated some contacts, but now the money is gone, which means that his last hope is gone. How can he not be angry? If he could, he wanted to strangle the woman in front of him.

"Then I didn't do it on purpose. I just want to make our family's life better and share your pressure. Who knows that it will happen like this, what are you mad at for me?" Zhang Wenli quipped.

"You still have a face to say! Do you have this ability, don't you have a point in your heart?" She didn't say okay, Lu Jin was even more angry when she said it.

Zhang Wenli is not a woman with an investment vision. In these years, she controls the finances of her family and stores all the money in the bank. Even the real estate has not set a few sets, except for the villa they live in, which is There is also an apartment in the west of the city, but the location is not very valuable, even if the apartment is sold, it will not sell much.

"Lu Jincai, you just killed me today and I can't get the money back."

"Then I will kill you." Lu Jincai picked up the ashtray on the table and it was about to be smashed. There was a cry from the back of the child, and Lu Jin moved, and then saw his two sons standing. Watching them at the door of the bedroom, the youngest son was crying wailing. He looked stiff and put down the

ashtray.

Upon seeing this, Zhang Wenli immediately got up and ran to hug the two children, "Don't look, hurry in."

She pushed the two children into the bedroom, and then locked the bedroom door. "Jincai, I really didn't do it on purpose. I won't dare to tell you after the money was lost." Zhang Wenli whirled.

Lu Jincai sat on the sofa and smoked, and things had exceeded his expectations.

"Is the apartment in the west of the city still there?" Lu Jincai asked.

Zhang Wenli nodded, "Here."

"Sold, exchanged money."

Zhang Wenli did not dare to refute, "Okay, but Jincai, the geographical location of the apartment that day was not good, at most worth millions."

"Do you mean to sell this set?" Lu Jincai looked at her coldly.

Zhang Wenli said that she didn't mean that. If this house was sold, where would they live?

"Jincai, or else, you should still find a job. With so many years of management experience, surely many companies are willing to ask for you." Zhang Wenli said that he kept silent and whispered.

Lu Jin just gave her a cold look, did she think the job was so easy to find? There is no shortage of people like him in big companies. Take a step back and say, even if he is willing to go to a small company, can others pay the corresponding amount?

"Give me the savings at home."

Where did Zhang Wenli dare to say nothing now, and quickly went to get a bank card, "all here."

"How much is inside?"

Zhang Wenli hesitated.

"What are you talking about?"

"Two hundred thousand."

Lu Jincai had a black face. "I was blind before I fell in love with a prodigal woman like you." Tens of millions of family property gave him only 200,000.

Zhang Wenli's guilty conscience, where dare to say any rebuttal, let Lu Jin fall.

Lu Jincal didn't even bother to drop her, and took the bank card to go, "Jincal, what are you going to do?"

Only Lu Jin ignored her and went straight out the door. He went to Lu Yaqin.

When Lu Yaqin saw him, he didn't have a good complexion, and even refused to let in the door, "What are you doing here?"

Lu Jincal heard this, and immediately blacked his face, "Is this your attitude towards me?"

"You know what you have done yourself, and my attitude towards you is already polite."

"Oh, really, the waist pole is really upright. Why, I thought I had no choice but to take Shen Junze when I handed over my shares? Yaqin, are you too small to see your brother and me."

Lu Yaqin's face changed, "What do you want to do?"

Lu Jincal smiled, with a somber smile, "I don't have anything now, as the barefoot is not afraid of wearing shoes, what do you say I can do?"

"Brother, Junze is your nephew. You can't treat him like this." Lu Yaqin softened his tone and pleaded in a low voice, for fear that Lu Jin would do anything to Shen Junze.

"Then I am still his uncle, how did he treat me?" Lu Jincal's face was terrible, and when he thought of Shen Junze, he hated his teeth, this white-eyed wolf.

"Brother, you were the first to be kind to Junze. You can't blame him." Lu Yaqin tried to defend Shen Junze.

Lu Jin only sneered. "In the beginning, I helped him. With his ability, he could manage the company well. If the company really passed into his hands, it would have long since disappeared. The company survived on me, okay? It's me! But what about him? How did he repay me?"

"Brother, what kind of thoughts did you hold on the company, you and I knew it all well. Before that Jun Ze was incapable, and I didn't want to watch Agen's company go to the top of it before letting you do it. But Now Junze is just getting back what he should have. Why don't you do that again, Junze told me that it will guarantee your life."

Shen Junze told her that Lu Jin could only come out of the prison because he exchanged the shares in his hands. As long as Lu Jin would not leave the moth, he would pay the living expenses.

"So you want me to live on your nose? Ask Shen Junze for mercy and alms every day?" Lu Jinc'ai's face was somber.

"Jun Ze will not do this."

"Haha, it really deserves to be a mother and son. It is your son who will help you at the most important time. Lu Yaqin, did you forget me or your only brother?"

"I haven't forgotten. If I really forgot that you are my brother, I wouldn't be so strange to Junze and me. Brother, I beg you, don't do anything anymore. As long as you keep yourself safe, Junze will not treat you badly. Yours." Lu Yaqin begged hard. She really didn't want to see her elder brother fight with her son. That was just torturing her. At the beginning, for the sake of her elder brother, her son almost broke the relationship with her. Now it is her elder brother's turn again, and she really feels very tired.

"If you really don't want to see me opposing Jun Ze, then help me do one thing."

"What's the matter?" Lu Yaqin asked.

"Help me get a company document."

Lu Yaqin frowned, "Brother, you are not in the company now, what do you want the company's documents to do?"

"Now I leave the company and I don't have any shares in my hand. You can't let me sit down and eat all the rest of the world. I want to start a company myself, but I need contacts in the early stage. That document is customer information. You can help me." Lu Jinc'ai said the purpose of coming here today.

"No, brother, I can't do this. If Jun Ze knows, can he still recognize my mother?" Lu Yaqin refused.

"If you don't help me, then don't blame me for being cruel, anyway, I have nothing now. If it's a big deal, let Shen Junze bury me."

"Brother, don't force me." Lu Yaqin was afraid. When her younger brother was young, she was a mixed person. That's really what he dares to do.

Lu Jinc'ai grabbed Lu Yaqin's back neck and dragged her to her, and said in a cold voice, "Should I force you or you are pushing me? Shen Junze used such a mean method to take 30% of the shares from me. Go. I have nothing but the poor deposit at home. There are still a few mouths at home waiting for me to feed. I am so old, even if I go out to work, which company wants me? Do you want to let our family starve? I didn't want to take the company back. I just wanted to take away a few customers and let our family get enough food and clothing. Is this an excessive requirement? Lu Yaqin, you patted your conscience and said, I'm not a king. Is Ze still not good enough?"

Lu Yaqin was so roared by him that it was a trembling heartbeat and a rapid heartbeat. Even the blood

on his face faded by two points. "Brother, Junze knows that he will hate me."

Even so, she still dared not really do what Lu Jincai said. She finally took advantage of this incident to ease the relationship with Shen Junze. If she did it, then Shen Junze would not care about her in her life.

"Jun Ze hated you for a long time. Since you were with Fan Yanghong, he hated you. You still care a little more." Lu Jin didn't care.

"But I can't let him hate me for life."

"Yaqin, don't be stupid. From the moment you were with Fan Yanghong, in the eyes of Shen Junze you betrayed his father. He will not forgive you, and your relationship will not return to the past. I hate you but ignore you like this, but you can still get a decent living expenses and live the life of rich wife. But I am different. If I don't have these customer resources, my two sons, your My nephew would starve to death. Do you have the heart to watch them suffer at such a young age?"

Lu Yaqin hesitated, and Lu Jin saw that she was shaken, and immediately continued, "Yaqin, listen to me, Jun Ze now has 70% of the shares in his hands, and no one can shake his position, but because of his relationship with the Shen family. Will he still be in this business? Yaqin, you are the elder brother begging you, help me this time, will it work?"

"Will the company lose these few customers, will it really cause too much impact?" Lu Yaqin asked hesitantly.

Lu Jincai swept a lot of joy deep in his eyes, knowing that she was persuaded by herself, and make persistent efforts, "The loss will definitely be there, but I guarantee that it will never affect the normal operation of the company. After all, I am a small company that has just been established. I can't eat it anymore, but what I took was just those small lists that were not necessary on weekdays."

"Brother, if this is the case, then I can discuss with Junze and let him give you those small orders directly, isn't it better?"

"Speaking of you being stupid, you are really stupid. Jun Ze grudges her teeth and hates me, and even refuses to give me a grain of rice, will give me a small list? Do you make me a lot of age and still run business outside, Then ask for food with humility?"

"Brother, I don't mean that, you let me think about this."

"Yaqin, how do you think about me and Junze for so many years? Even three years ago, my approach was a little more aggressive, but if I didn't give him the stimulus he could grow up to now? From At this point, I am the best person for him."

Lu Yaqin did not immediately promise him, but said, "Brother, let me think about this matter again, and I will tell you if I think about it?"

"Okay, you can think about it, but I don't have much time. In three days, I will give you three days. At the bottom of the second drawer on the right of the desk of the company's president's office is a blue folder. If you are If I really want to help me, I will give that blue folder. There are some information about the company's small customers. Yaqin, the life of the elder brother's family will depend on you for the rest of his life." Lu Jincai left after he finished. Not waiting for Lu Yaqin to give him a reaction.

Lu Yaqin tossed and turned for a night. Fan Yanghong was originally asleep, but she was woken up abruptly by her, and she said unpleasantly, "What do you do not sleep in the middle of the night?"

"You sleep with you, I want to do something." Lu Yaqin said.

"Is there anything I can't think about during the day, when I lay pancakes in bed at night, do you let me sleep or not?"

"I don't want to quarrel with you. If you feel quarrelsome, go to your room and sleep." Lu Yaqin also got angry. She was anxiously caused by Shen Junze and Lu Jincai. Fan Yanghong came to find fault.

Fan Yanghong's eyes changed slightly and his face sank. "Lu Yaqin, do you really want to quarrel with me?"

"I have no time to quarrel with you. You go to bed tonight."

"This is my room. Why can't I sleep here?"

"Xing Xing Xing, you are sleeping here, I will go." Lu Yaqin sat up and walked directly to the guest room.

\*\*\*\*\*

After Lu Jin just left, he went to the bar. He is very irritable now. He doesn't know what else to do except to drink wine. He only has 200,000 cash in his hand. What can 200,000 people do in this society?

They all blame Zhang Wenli, the prodigal woman, if it were not for her, he still had the opportunity to make a comeback. Now, what kind of comeback would he take, even if Lu Yaqin gave him the information, he did not have the capital to make people believe him.

In fact, he lied today, that information is the information of the company's important customers, he intends to sell the information to the rival company after getting this information, they will be interested in this information, so that he gets The money, but also a major blow to Shen Junze, is simply a double-edged.

Lu Jincai's wine is one glass after another. The more he drinks his brain, the more sober he is. He has gone through all the things that happened during this time in his mind, and the more unwilling in his heart. But no matter how reconciled, things have become a foregone conclusion, and he has no power to

change. He wanted to revenge Shen Junze fiercely, but Shen Junze was a member of the Shen family after all. He couldn't afford it. If it's a lonely family, then that's all. There are three people waiting for him to feed him. Wife, he can not, can the two sons not?"

Thinking of the two sons, Lu Jin stood up. He had to go home early. Today, the quarrel between him and Zhang Wenli has frightened the two sons. He wants to go back and comfort them.

Lu family.

After Zhang Wenli waited for Lu Jin to leave, he sent the two children to his parents' house.

The two children had never seen such a father. Today, Lu Jin was really scared. After arriving at the grandma's house, he said nothing and Zhang Wenli did not explain much, so he let his mother take care of his son and left. She still has something to do.

As soon as Lu Jin opened the door, he found that something was wrong. There was a pair of men's shoes at the door. Realizing what he was, his face sank and he walked straight towards the bedroom.

The bedroom door was not closed tightly, there was still a gap, and as soon as I approached the bedroom, I heard the dialogue from inside.

Only one man said, "He dare to beat you."

"I'm okay, he already knows the money is gone, he slaps in a hurry, it doesn't matter, it's not serious." This is a woman's voice, not who Zhang Wenli is.

The male voice continued, "But you shouldn't beat you, what is he? It's just a little bastard. You can share his blessings from his predecessors."

"Okay, don't say it, I'm really okay. You must go quickly. I don't know when he will come back. If he lets him see it, it's over." Zhang Wenli was very nervous, and she didn't expect the man to be at this time. Running over, they had never met at home before.

"What are you afraid of, you are my woman, why should I go! You have been with him all these years, do you know how painful my heart is? Especially watching our son call someone's father, My heart is bleeding."

Lu Jin, who was outside the door, heard this, and his face was somber that he was about to drip water. He never expected Zhang Wenli to dare to wear a green hat for him, and listened to what the man said, they had not been together for a short time, even his son. It's all there.

Thinking of the possibility that he loved Youjia's son was not his own kind, the more angry he was in his heart.

Zhang Wenli she is a bitch.

In the bedroom, the man continued, "Wen Li, he is bankrupt now, let's go, that tens of millions is enough for our family of three to have a good life."

"No, I can't go now. I will wait for a while. After a while, I will find a chance to divorce him. After the divorce, I will go with you. My son will take me away. In the future, our family of three will live together." Zhang Wenli remembers himself It is Lu Jincai's wife. If he follows the man at this time, the following things will become very troublesome.

"But what's the use of you to follow him? I used to follow him for money. I have also received tens of millions from him over the years. I have all that money. You follow me, we go to a stranger. Is it not good to buy a big house and live with a family of three in this city? Isn't this what you have been expecting?" The man was puzzled.

"This is indeed the life I am looking forward to. I have waited for this day for many years, but now it is really not working. Only if I divorce him, can we be together justifiably. If I go with you now, then I It's his wife, and I can't justly marry you. You will wait for me for a period of time, one month, at most one month, after one month I promise to divorce him, and then we will go."

"Are you serious? Just a month?"

"Yes, I promise that it will be one month." Zhang Wenli assured that she was also fed up with Lu Jincai's days. If it was not because of Lu Jin's money, and her elder son, she had already left.

"Without a month, I can fulfill you all now." A dark voice came from the door, the bedroom door was opened, and Lu Jincai's figure appeared at the door, with one hand behind his back.

Two people in the bedroom saw him, and his expression suddenly changed.

Zhang Wenli looked at Lu Jincai palely, "You, when did you come back?"

"Why? I think I came back too early? Also, I shouldn't have come back, so that you and this adulterer can be fulfilled."

"No, Jincai, you listen to me explain that he is an ordinary friend." Zhang Wenli said, but she didn't even believe it.

"Wen Li, don't explain it." The man said, holding Zhang Wenli, then looked at Lu Jincai, "Since you hit it, let me just say it, I have been with Wen Li for many years, we love each other sincerely, you Divorce him."

Lu Jin laughed, "Is the third element so arrogant now? True love? I let you really love!" He took out the hand behind his back, which was a shining kitchen knife.

Zhang Wenli and the man saw that he had pulled out a kitchen knife, and his face changed.

"Lu Jincal, you are calm, you listen to me explain this matter."

Lu Jin laughed, showing his white teeth, "No need to explain, I have heard all of your conversations."

The kitchen knife was raised, and he chopped towards the two without hesitation. At the sight of the man, the man suddenly pushed Zhang Wenli, and the kitchen knife was chopped on his hand. He uttered a scream, and blood suddenly flowed out.

Lu Jin pulled out the kitchen knife and chopped towards the man again. If the man didn't react quickly and hid, he would fall on his neck.

Seeing the man avoiding it, Lu Jin flew towards Zhang Wenli with a kitchen knife, and Zhang Wenli subconsciously hid, but he still got a knife on his shoulder. The wound was not deep, just scratched across the skin.

The man hugged Lu Jin from behind and rolled to the ground. He grabbed his hand and slammed it towards the foot of the bed. Lu Jin took pain. The kitchen knife flew off his hand and fell on the floor. The man endured the pain and beat Lu Jin together.

Lu Jincal's age, after all, is much older than that of men, and he is physically inferior to men, and soon he has the upper hand.

The man's fist fell on Lu Jincal's body, "I let you do it, I let you dominate my woman and son, you old man, old bastard, you deserve to be cuckolded."

Zhang Wenli clutched the wound on his shoulder and saw that Lu Jin had already started rolling his eyes. He quickly grabbed the man and said, "Don't fight, you will be killed if you fight again."

The man recovered, got off Lu Jincal, and looked at Lu Jincal gaspingly. "Wen Li, hit 110 quickly, and he said the case was fatal."

Zhang Wenli was stunned, the man urged, "Hurry up." And Lu Jincal was lying on the ground, and the personnel was unknown.

Zhang Wenli subconsciously went to get the landline. The man sat on the edge of the bed and pulled his coat around his arm. If Lu Jincal just tried harder, his bones would be cut off by him.

At this time, Zhang Wenli and the man did not see it. Lu Jin, who was supposed to be unconscious, opened his eyes and picked up the kitchen knife that fell to the ground.

"Bitch, let's die." Lu Jin roared, and the kitchen knife cut straight to Zhang Wenli.

The man reacted first, but he could only watch the kitchen knife inserted into Zhang Wenli's body, and blood splattered Lu Jin's face.

Lu Jincal looked at Zhang Wenli, who was falling in the pool of blood, and there was a smile on his lips. The damn bitch dared to betray him.

After the incident, the man called the police for the first time. When the police came, Lu Jin did not run, but stayed at home waiting for the police to come to the door.

Zhang Wenli has been sent to the hospital for rescue. The exact situation is unknown, and the man went to the hospital with him.

In the police station, Lu Jin confessed his criminal facts and asked the police, "Is that bitch dead?"

The police face was black, "Please correct your attitude and say, why do you want to kill?"

"Because she wore me a green hat!" Lu Jincal looked ugly. As long as he thought that he had been raising sons for others for so many years, and everything he bothered to plan was cheaper, a wild man who didn't know where he came from, he would I wish I could stab Zhang Wenli in thousands of swords.

Zhang Wenli was not dead, but he was seriously injured. Lu Jincal couldn't run away with an attempted murder.

Shen Junze got the news that Lu Jincal had murdered a day later, and still knew from Lu Yaqin's mouth. As Lu Jincal's only relative, Lu Yaqin was naturally informed by the police after the accident.

Lu Yaqin didn't expect her brother to dare to kill. When she heard the news, she was stunned. She went to the police station to see Lu Jincal. Compared with a day ago, Lu Jin was like being taken away from her soul and changed. It was numb, and when I saw her, I didn't even have the slightest expression.

"Brother, why are you..." Lu Yaqin choked as soon as he opened his mouth, and attempted to kill, no matter what the reason was, the penalty was inevitable this time.

"Are you very happy now, no one can stop your son's way at this time." Lu Jincal said softly and said coldly.

"Brother, you know I don't mean that, I'm worried about you."

"Without your hypocrisy, if you come to see my joke today, then the joke is now enough, you can go." Lu Jincal looked indifferent. After coming to the police station, his emotions seemed to be sealed off. .

"Brother, Zhang Wenli was not dead, but was seriously injured. If you admit that you were negligent and wounded, the court will not severely sentence you." After all, Zhang Wenli was derailed first, and Lu Jin's

impulse to get drunk was understandable.

Unexpectedly, Lu Jin only heard this, and his expressionless face instantly became grim, "What, the bitch didn't die, why didn't she die, damn bitch."

His emotions became agitated in an instant, and the police on the side saw him and took him away. Lu Yaqin went to Shen Junze for a while.

"Junze, do you want to help your uncle?" Lu Yaqin pleaded in a low voice.

Shen Junze raised his eyebrows unexpectedly. Unexpectedly, he was still waiting for Lu Jin to take the next step. This man first tossed himself into the police station. It seemed that he could not get out in a few years.

"Mom, according to what you said, whether he was an attempted murder or a wounded man, the evidence is conclusive. How can you help me? What I can do is just to help him find a lawyer." Shen Junze looked faint, he There is no interest in helping Lu Jin.

"Junze, I know you hate your uncle, and my mother knows that this is embarrassing you, but anyway, your uncle really loved you before, did you finally help him once? Mom doesn't ask him for it. Come out, just ask him to be sentenced for a few years less." This is his only brother, Lu Yaqin is finally soft-hearted.

Digression

Well, Lu Jin officially received the lunch box, this time he could not get out, he could not be a demon.

## **525 Chapter 528**

Shen Junze's expression was faint, "Mom, I actually have a question I always wanted to ask you."

"What?" Lu Yaqin puzzled.

"In your heart, what the hell am I? Once Lu Jin treated me like that, you let me bear with me, let me not care about him, let me fall in love with him, and now he blames himself and tastes the evil, and you let me help him, Is it in your heart that he is your bloodline dear?"

"No, Junze, you listen to my mother explain that you are my biological son, and I love you a lot."

"I don't think so, mom, you know, seeing you now, I can understand my grandpa's way back then, but I don't understand my dad's choice, mom, you scared me." Shen Junze's eyes were deep and deep, saying At this time, the voice was very soft, but it fell in Lu Yaqin's ears as if it was a heavy blow.

She stepped back two steps and stared at Shen Junze, "Junze."

Shen Junze's eyes flashed a moment of sorrow, fleeting, and soon regained his indifference, "Lawyer, I will help him find it, but this is the last time, it is to repay your nurturing grace, and don't come to me if you are fine in the future. "

"Junze, mother..." Lu Yaqin wanted to explain, but Shen Junze didn't want to listen anymore. She said something nice, but the things she did often made him sad. He is a person, a person with blood and flesh. If a heart is hurt too much, it will hurt and tire, even if this person is his biological mother.

"Junze, don't treat your mother like this. Your mother has only one child." Lu Yaqin was heartbroken. She didn't expect Shen Junze to help her, causing Shen Junze to respond so much. At this time, she didn't think of Shen Junze from his standpoint. She wouldn't appear here today if she thought a little more.

"You can regenerate one. As for me, you should have never been born." Shen Junze looked blank.

Lu Yaqin's face was pale, "Jun Ze."

"I still have a lot of work, if you are fine, you will go, I will hit the cost of living on your card on time. In the future, we will not meet if we can not meet. You can call me a white-eyed wolf, or be ungrateful, our The mother-child relationship is exhausted." This is the second time Shen Junze said this. Compared with the last time he was angry, this time he seemed more calm, but it was this calm that let Lu Yaqin know that this time Shen Junze was said sad.

"Junze, my mother knows that you are wrong, can you forgive my mother?" Lu Yaqin grabbed Shen Junze's sleeve, and his tears fell.

Shen Junze was indifferent to her tears, "I will let you send you back." He said, calling the secretary to come in.

Lu Yaqin looked at Shen Junze in tears, but Shen Junze turned his head to not look at her. The secretary made a please gesture, "Madam, let's go."

Lu Yaqin sighed deeply and left.

After Lu Yaqin left, Shen Junze asked the secretary to proceed to find a lawyer. At noon I received a call from Chu Yunrong and asked him to go to Shen's house for dinner.

When she arrived at Shen's house, Shen Qinglan was also there. Shen Junze sat on the sofa, silently watching An'an building blocks, his eyes flickering.

"Has something happened?" Shen Qinglan noticed his anomaly and asked softly.

Shen Junze looked back, hesitated for Shen Qinglan's gaze, and said about Lu Jincai. Shen Qinglan raised his eyebrows unexpectedly, "Are people dead?"

Shen Junze shook his head, "Not sure, I didn't ask."

"But anyway, it saves you a lot of trouble." Originally they were prepared to follow Lu Jin to fight back, and now they don't have to worry about it.

"Sister, I am sad to be my mother. Why is she standing by Lu Jincai every time something goes wrong, I was born in October with her pregnancy, isn't it that I am the closest to her?" Shen Junze sadly He said that although he acted ruthlessly, he was still sad.

"Some things are constantly being turbulent, and these reasons don't need me to say more." Shen Qinglan said lightly.

"But she really wasn't such a person before, how can it be like this now?" Shen Junze couldn't figure it out, when his father was alive, his mother looked at it as a good woman, and as soon as his father died, his mother... ..

"Some people can only see the essence when they encounter things." When Shen Rang was alive, she protected Lu Yaqin very well. She was an ordinary rich lady who cares about shopping or beauty spa every day. Things don't need to be worried, and at that time, Lu Jincai didn't stand opposite to them, there was no contradiction and conflict, how can you see these hidden things in the depths?

Shen Qinglan patted his shoulder, "just keep the distance properly." As the so-called distance produces beauty.

Shen Junze nodded, "I know my sister, when the company goes to formal, I plan to go out and relax."

Shen Qinglan gave him a look, his eyes were meaningful, "Alright."

"Qinglan, go up and ask your sister-in-law to come down for dinner." Chu Yunrong shouted in the restaurant. Shen Qinglan responded and said to Shen Junze, "Take An'an to wash your hands and eat immediately."

Shen Junze nodded and stood up to take An An to wash his hands.

Wen Xiyao has been pregnant for six months, and his belly swelled up like a balloon, which was somewhat inconvenient in action. In order to take care of her, Chu Yunrong had already moved the husband and wife back to the old house, Shen Qing Lan helped Wen Xiyao to sit down, and then sat beside her. In recent days, Shen Junyu went on a business trip abroad.

Grandpa Shen and Grandpa Fu sat on the head, and Shen Junze sat beside Chu Yunrong.

"Junze, today's soup is very nutritious. You drink a little more, because you have lost a lot of weight recently." Chu Yunrong put a full bowl of soup in front of Shen Junze and said softly.

"Thank you auntie."

"This is for Xi Yao." Chu Yunrong said, "Xiyao, this is specially stewed for you, you drink more."

She was busy taking care of everyone, and Shen Qinglan stopped her, "Mom, don't be busy, you are all a family, just want to eat what you want."

"Yeah, Yun Rong, are all a family, what are you doing so politely." Master Fu agreed.

Chu Yunrong smiled slightly and stopped talking, bowing his head to eat.

Halfway through the meal, Chu Yunrong suddenly said, "Junze, don't you have a girlfriend yet?"

Shen Junze held the hand of chopsticks, "Not yet, how did the aunt suddenly think of this?"

"This is the case. A colleague of the band's former mother had a daughter. She had been studying abroad before. Recently she returned to China to develop. She is also single. I think you are quite the same age, so I thought about introducing you." After telling Shen Junze about introducing his girlfriend to him, Chu Yunrong took this matter to heart and kept looking for the right person for him, but no, he finally had one.

"Auntie, I don't have any thoughts about making a girlfriend right now. You also know that I just got back to the company. Many things in the company are waiting for me to deal with." Shen Junze declined.

"It doesn't matter what, your career is now on the right track. It's a good time to fall in love, and it's just a chat with each other, not to have you together. When you're free, you talk more, see For a noodle, a meal, if you feel good with each other, then continue to communicate, if you feel bad, then you should meet a new friend." Chu Yunrong said with a smile.

"Your first aunt is right. Men should be married and women should be married. You are not too young, it is time to start thinking." Mr. Shen agreed. This matter, Chu Yunrong told him before, he also saw the

photo of the girl, he is a very correct girl, he nodded his head. In Shen Junze's marriage, Mr. Shen cares very much. After all, Shen Rang's example is still in front of him.

Shen Junze secretly asked Shen Qinglan for help. Who knew that Shen Qinglan turned a blind eye to his help, and directly bowed his head to feed An An.

"Grandpa, auntie, I'm only 24 now, don't worry." Shen Junze said with a smile.

"24 is not too small. Your sister Qing Lan was already a mother when she was 24." Chu Yunrong persuaded. Lu Yaqin is unreliable, and Shen Junze himself is not concerned about this aspect. He is 24 years old and has not even paid a girlfriend. If she does not help with dim sum, it is estimated that this child will become an older man.

"Junze, you can actually get along." Even Wen Xiyao also helped.

A group of people said one thing to me, Shen Junze said that he could only surrender in the end,

"Auntie, shall I chat with others on WeChat first?"

"That's right. I'm looking for it while I'm young now. When I get along, I can get married before I get married. When I finish eating, I'll call someone's mother. You two add WeChat and talk first. Wait until the weekend you will ask other girls to go out for dinner, watch a movie or something, boys, take the initiative." Chu Yunrong was very satisfied.

Shen Junze nodded, full of frustration, he was about to blind date at this age, and it was terrible to think about it, but he could only accept it if he knew that this was the concern of his elders to him.

After eating, Chu Yunrong couldn't wait to call.

Shen Junze looked at Chu Yunrong's enthusiasm and looked very helpless. He whispered to Shen Qinglan sitting next to him, "Sister, why didn't you just talk to me just now?"

"Grandpa is right, when the male university is married and the female university is married, you really should find a girlfriend." Shen Qinglan looked faint.

Shen Junze grimaced, "Sister, I am only 24 years old, even when I am 34 years old, it is too late to find a girlfriend."

"You have to wait until you are 34 years old, and see if your grandfather will be sad. Work is important, but family is also important. If you really don't want to fall in love, you should know one friend, many friends. Multiple paths."

Regarding the issue of Shen Junze's relationship, in fact, Chu Yunrong talked with Shen Qinglan in private. It was not so much that Chu Yunrong was anxious. It was better that grandpa worried that Shen Junze would repeat his father's mistakes and find an unreliable woman, so Want Chu Yunrong to help

check.

"But I don't know how to get along with other girls." Shen Junze was worried, and no creature like his girlfriend appeared in his life. No matter before or now, his mind was not on it.

"Then don't think of others as girlfriends, just be a new friend. You will always get along with your friends. If you feel suitable, you will develop in that area. They all say that you have a family and then start a business. You have a stability. Family can focus more on their career. And if there is a person around you, you will not feel lonely."

Shen Junze thinks that this is indeed the reason, and he can't not get married in his life. Since this is the case, it's better to get acquainted with that person, in case something is right. Thinking this way, Shen Junze was not so resistant to the blind date. After Chu Yunrong gave him the contact information, he actively added the other's WeChat.

Zhang Wenli was finally rescued and did not die, but was seriously injured. Lu Jincal cut the knife on her spine. Even if it was fine, she would spend the rest of her life in bed.

Because of the solid evidence, Lu Jincal's sentence soon came down and he was sentenced to 10 years in prison.

When Shen Junze came to the prison to see Lu Jincal, he found that he was more than ten years older than the last time he met.

"You, like your mother, came to see my joke?" Lu Jincal looked at Shen Junze with a calm expression.

Shen Junze shook his head, "The joke can't be talked about, just want to know what my dear uncle's expression is after he lost the freedom he finally got." After the verdict, Lu Jincal even accepted the verdict without even appealing.

In the face of Shen Junze's slightly taunting words, Lu Jin did not respond at all, and now it is more like a walking dead.

Once he calculated Shen Junze, he was deliberately trying to seize the company for his two sons, but now the son is not his biological, so what is the point of doing all this? No matter how much it is done, it is just cheaper for others. Thinking of this, he only felt sad.

"You read the joke, and no one can threaten your status in the future, and no one will count on you deliberately. You can rest assured, you go, I don't want to see you." Lu Jincal said blankly.

"Actually, I don't want to see you either. I just wanted to tell you one thing today. Your eldest son is your own." Shen Junze threw a bombshell.

Lu Jin suddenly looked up.

"I did a paternity test for you and your two sons. The eldest son is indeed your biological son. But now it doesn't make any sense to say that you have entered. Your son has also been awarded to your ex-wife, but according to you The current situation of the ex-wife may not be good for your son." Shen Junze said he would leave.

Lu Jin shouted at him, "Jun Ze."

Shen Junze stood still.

"Although I know it's shameless to say this, I still want to ask you, if you can, can you take care of him for me?" Lu Jincal said in a mute voice.

"I'm sorry, this busy can't help." Shen Junze refused. He just wanted to see Lu Jincal's reaction. It would be better if he could see him regret it.

Lu Jincal was not surprised at all, "Jun Ze, the past thing is that I am sorry for you. You should hate me too. I just don't want my child to be miserable in the future, I don't ask you to take him to your side, I just hope you can see him at the right time. It is still unknown whether I can go out in my life. You should consider this to be my last request to you." Lu Jin pleaded.

Lu Jin is only over 50 years old, and he has been in prison for ten years. According to his body, it is still unknown whether he can last ten years.

"Junze, I beg you." Lu Jincal said, kneeling directly on the ground, Shen Junze was taken aback by his behavior and stared at him for a long time.

Lu Jincal looked at him earnestly, "Jun Ze, the past things are my fault, my greed, my wolf heart and lungs, everything is my fault, I am here to apologize to you, my second half of life is also estimated I can only spend it here. I don't have anything else to give you. As an atonement, as long as you promise me, my property in Beijing is yours." This is his only property left, and his only Can give Shen Junze something.

"I will let people visit him regularly." Shen Junze finally said, Lu Jincal's eyes burst into light, "Thank you, Junze." This thank you comes from the heart.

Shen Junze turned around and left. He promised not because he sympathized with Lu Jincal, but because of Lu Jincal's sincerity towards his son at the moment.

An An is about to celebrate his fourth birthday, and Shen Qinglan intends to take him to live with Fu

Hengyi in the Beijing Military Region for some time.

An An packed his little schoolbag and stuffed toys one after another. Shen Qinglan frowned, "An An, what did your mother tell you?"

An An glanced at the toy in her hand and put it down, "Mom, I won't take it anymore."

Shen Qinglan looked at his schoolbag, "What else?"

"Mom, I'll take these two, okay?" An An is holding Shen Qinglan's thighs coquettishly. Shen Qinglan stipulates that he can only bring one toy to the military area, and the other is not allowed.

"An An, the promised things will be done." Shen Qinglan spoke softly.

An An looked at her with her head up, and discussed with Shen Qinglan, "I know, but my mother, I like these two toys very much. It was given to me by Uncle Allen, so you let me take it, I I promise that this time, I will definitely bring only one next time."

"No, you can choose any one to take away, but you can't take two. You have to abide by our agreement."

An An saw that Shen Qinglan had made up her mind and knew that coquetry was useless. She had to curl her lips and let go of her legs. "Well, I can only bring one." He hesitated between the two toys. For a long time, I finally selected one and put the other one back.

On the way, An An said with a small mouth, "Mom, why do you say Uncle Allen is not married yet? He looks so beautiful."

"You should ask Uncle Allen about this, not me."

"I asked. Uncle Allen said he has a heart, mother, what does it mean to have a heart?"

It's that your uncle Allen already has someone you like."

"There is someone I like. Why doesn't he get married?" An An became more curious.

Knowing that his son is just a small talk, he talks endlessly after he talks, and Shen Qinglan regrets that he just took this sentence and simply ignored him.

"Mom, why don't you say that someone you like can get married?" Even if Shen Qinglan ignored him, An An could talk to herself all the way.

Meng Liang is still coming to pick up their mother and son, "Sister-in-law, the captain is a little busy now, let me pick you up."

Shen Qinglan nodded, "You have worked hard."

Meng Liang took the luggage in her hand, "What a hard work, it just gave me the opportunity to be lazy. Sister-in-law, I will take you home first."

"Uncle Meng Liang, why didn't you just say hello to my mother and never talk to me?" An An looked at Meng Liang and felt a little emotional.

Meng Liang reached out his hand and touched his little head. "How dare I not talk to you. But An An, I don't see you for a while. I seem to be fat again. Look at your small belly, all protruding."

An An is smelly, rubbing his belly, "Uncle Meng Liang, you are wrong, I am not fat, I am rich, not fat."

Meng Liang laughed out loud, "An An, you should lose weight, otherwise you won't find your girlfriend." He teased An An.

"I have a girlfriend, and she looks pretty." An An's words were amazing.

Shen Qinglan looked at An'an unexpectedly, while Meng Liang was full of interest, "Has a girlfriend? Who?"

"It's the quietness of our class. Quietly, she will be my bride when she grows up."

"An An is so powerful that he has a girlfriend even at such a young age!"

An An little face was proud, "That is, quietly like me, many girls in our class like me."

"But don't you like Guoguo? Guoguo is your future daughter-in-law, how can you let Jingjing be your girlfriend?"

Speaking of Guoguo, An An frowned, and his face corrected him seriously, "Guoguo is the younger sister."

"It's a younger sister now, so I can become a wife in the future." Meng Liang teased him, a four-year-old child, very fun.

"No, the younger sister is the younger sister." An An admits death, and it is very difficult to change things, which is like Shen Qinglan.

"Is it your wife after quietly?" Meng Liang continued to ask.

An An raised her eyebrows and thought for a moment, "I want my mother to be my wife so that I can sleep with my mother every day."

Shen Qinglan listened, and his forehead was covered with black lines. This little guy who didn't cover his mouth, Meng Liang laughed, because his captain was not there, otherwise you would be miserable.

Because Fu Hengyi was upgraded to become a father, the original one-bedroom was no longer enough. The army replaced Fu Hengyi with a new house. It was a small three-bedroom, still in the original family building, but it became the sixth floor, family building. There was no elevator, and the little Anan climbed up to the sixth floor.

"Sister-in-law, I'll put the luggage here. There are good food in the kitchen. The captain said that he will come back to cook at night." Meng Liang put the luggage at the door and said.

"Okay, you have worked hard."

"Uncle Meng Liang worked hard," An An said with a sulky voice.

Meng Liang laughed and reached out to touch An An's little head, "Uncle left first, An An bye."

An An waved towards Meng Liang.

The house is very clean. Shen Qinglan just needs to organize the luggage. "An An, mom go to sort the bags. You will wait for a while, don't you touch the hot water bottle?"

An An nodded, "Okay mom, mom, I want to go downstairs to play, is that okay?" When he came just now, he saw a few kids downstairs.

"Yes, but not to bully other children." Shen Qinglan urged.

"Good mother." An An nodded obediently, and Shen Qinglan sent him downstairs, and then returned to the upper body. He was not worried about the safety of An An below. This is the family building of the military area, and there are sentries at the door. Moreover, the parents of the children downstairs, Shen Qinglan, knew each other and asked them to take care of them.

Not far away is a small playground, which is specially prepared for these children of military families.

This is not the first time An An has arrived in the military area. He has long been familiar with these children. Without the restraint of Shen Qinglan, he will soon have fun playing with children of similar age or two years older than him. Almost like a little mud monkey.

A boy pulled Ann into the corner and whispered, "An'an, have you been to the barracks?"

An An looked at him puzzled, "What is a military camp?"

The boy pointed in the direction of the training ground. "That's over there."

"I've been there. My dad took me there. There are a lot of uncle soldiers, but they are handsome." An An nodded straight, he likes Fu Hengyi to take him to the training ground. In the past, when he came to the barracks, after eating, he was entangled with Fu Hengyi and asked him to take himself to walk inside for two laps.

"Is it fun?" the boy yearned.

An An nodded, "It's fun." Fu Hengyi took An An to see the training of the soldiers. For An An, those training items are very novel and fun.

The boy listened, full of envy, "I want to go too, but my dad won't let me go, otherwise, shall we sneak in now?"

An An hesitated, "If Dad knew about it, Dad would scold me."

"Then let's not tell adults, we secretly, and then secretly come back, parents will not know."

This boy is called Xiaojie, and he is from the same family building. Fu Hengyi lives on the sixth floor. Their family lives on the third floor. It is the best among all the friends, playing with An An. An An wants to find him every time he comes to the military area. .

"Okay, let's hurry up. Wait a moment, my mother will come down to find me." An An whispered.

"Hmm, let's go here." Xiaojie is two years older than Anan, but only six years old this year. He took Anan's hand and raised his cat's waist. He escaped the sight of several parents and ran into Anan. Training ground.

At the moment, many soldiers on the training ground were training daily. When they saw the two little guys coming in, they could not help but sweep their bodies. An An and Xiao Jie were not afraid and looked at them curiously.

An An also waved towards them, compared to a gesture of blowing kisses. Some soldiers saw it and couldn't help laughing. This movement made a big noise, and naturally attracted the attention of others. A man with an officer appearance saw it. They walked towards the little guy.

Xiaojie and An An were scared when they saw each other's face, and they ran away after holding their hands and turning around.

The officer originally wanted to come over to say hello to the two little guys. As a result, they ran as soon as they saw him. He couldn't help laughing, glanced at the direction the little guy ran, and smiled.

An An and Xiao Jie ran to the cafeteria. There is no one in the cafeteria at this point. An An and Xiao Jie walked around the cafeteria, and suddenly An An's nose moved, "It smells good." He seemed to smell

the meat.

Xiaojie sniffed hard, his eyes lit up, "There are delicious."

The two little guys glanced at each other and touched their stomachs, saying in unison, "Let's go eat."

They followed the scent and came to the back kitchen. The back door of the back kitchen was hidden, and the two slipped in.

"An An, here." Xiaojie pointed to the stove, where a pot of chicken soup was simmering, but no one was in the kitchen.

Ann swallowed the saliva. The scent was really tempting. Xiaojie looked around and saw a chair, pushing it over effortlessly, "An An, go get the bowl."

An An nodded, found a bowl and handed it to Xiao Jie, Xiao Jie had lifted the lid, the taste of chicken soup was suddenly more intense, and An An's belly had started to growl, "My brother Xiao Jie, my good hungry."

Xiaojie is also hungry. They just played very well. They have already consumed the food they eat at noon.

The spoon was set aside, and Xiaojie carefully put out a bowl of chicken soup, because the spoon was not stable, and it spilled a lot on the stove.

"An An, this chicken leg is for you." Xiaojie put a big chicken leg in An An's bowl.

A big smile appeared on An An's face, "Thank you Xiaojie brother."

The two ate a few pieces of chicken, drank a bowl of chicken soup, and did not continue to eat. Xiaojie also carefully re-covered the lid.

The two little guys were eating and drinking, and were about to secretly leave. Yu An suddenly saw a bottle in the corner of his eyes and stopped, "An An, let's go."

An An motionless, pointing to the bottle not far away, said, "Brother Xiaojie, Yangmei."

Xiaojie winked, "Myrica sour"

"It's not sour, but it's delicious." An An said. In June last year, Shen Qinglan took An An to pick the bayberry in the orchard. An An liked the sweet and sour fruit, but it was a pity that the bayberry was listed on the market very soon. Short, he didn't eat it a few times. He had been thinking about it for a long time. Now that he saw it, he couldn't walk.

"Brother Xiaojie, will I just eat one?"

Xiaojie hesitated, glanced at the door, nodded, nodded, "Go."

The bayberry is packed in a wine bottle. The wine bottle is very large. The two little guys spent a lot of effort to open it. As soon as they opened it, a gust of alcohol burst into the face, and the two frowned.

"How does this bayberry taste different?" An An whispered.

"This is Yangmei soaked in wine." Xiaojie said, "I have it in my grandfather's house. I've eaten it, but it's terrible."

"Not tasty?" An An hesitated.

Xiaojie nodded with certainty, "Not at all delicious."

An An looked at the bayberry in the bottle and swallowed it. He still wanted to taste one. With that in mind, he had reached for a bayberry and stuffed it into his mouth.

Xiao Brow immediately frowned. He wanted to spit it out, but he just planned to vomit. The frowned brow spread out and chewed. "Brother Xiaojie, sweet."

Xiaojie looked at him suspiciously, "Is it delicious?"

An An nodded, swallowed the bayberry, and did not forget to spit out the nucleus. "It was not delicious at first, but it was delicious later." He said, and took another one.

Xiaojie saw it and took one, which was exactly what An An said. Although this bayberry has been brewed, but it has been pickled with sugar, the taste is not bad. Pieces.

"Hey, who are you?" A person came in the door, and An An and Xiao Jie looked at the person confusedly. Although this bayberry is sugar-sweetened, it was soaked in wine after all, and it would be intoxicating to eat too much, and the two little guys were young and old, but now the wine is coming up, and his face is red.

When someone came to look at the scene in the kitchen, there was nothing to understand. In the military area, there were other children besides the family building. These two must have sneaked in from there.

Take a look at the chicken soup on the stove, the bayberry kernels on the ground, and the two little guys sitting on the ground holding the wine bottle and yawning, with black lines all over their faces.

Today, a leader is coming. The head of the cooking class asked him to stew some chicken soup. He went to the toilet when he was upset. Who knows to have encountered two stealing "little mice".

The coming person had already recognized An An, and it was really An An's face that was too recognizable and called Fu Hengyi.

Fu Hengyi is writing a training plan in the office. He wants to hurry up to finish and go home to accompany his wife. As a result, he receives a call from the cooking class and puts down the things at hand to get people.

When Fu Hengyi arrived, An An and Xiao Jie had fallen asleep, and smashed their mouth, as if dreaming of something delicious.

"Major Fu, the two children stole Yangmei soaked in wine and were drunk." Chef Xiao Liu explained.

Fu Hengyi looked at his son with a dark complexion and said to Xiao Liu, "Trouble you."

Xiao Liu waved his hands, "If you don't tighten, you just don't know how much the two children eat. Do you want to ask the doctor to come and see?" No mention was made of the two children stealing chicken soup.

"I took them to the infirmary." Fu Hengyi said, picking up the two children.

They simply didn't eat too much, they just fell asleep. When they woke up, it was all right. Fu Hengyi took the two of them back and saw that Shen Qinglan and another parent were looking for their children.

Shen Qinglan packed his luggage and went downstairs to find An'an, but the person was gone. But he didn't worry too much, only thinking that he was hiding for fun.

Seeing the son who was drunk and hugged back, Shen Qinglan was really taken aback, glanced at Fu Hengyi's chilly face, and sympathetically looked at his son who was still unaware of his hapless luck.

An An woke up at night, and Fu Hengyi was sitting by his bed waiting for him. When An An saw his father's face, he knew that something was exposed, and he lowered his head and dared not speak.

"Fu Chenxuan, put on your clothes and come out." Fu Hengyi said coldly, got up and went out.

Even Da Ming called out to see, An An suddenly realized that it was not good, and walked out of the room, standing in front of Fu Hengyi.

Shen Qinglan sat on the other side. When he saw his son coming out, he gave him a helpless look. The son, not his mother did not want to help you, it was you who were really disobedient this time.

Fu Hengyi sullenly, holding a ruler in his hand, "Do you know you are wrong?"

An An saw the ruler and shivered. "Dad, I know I was wrong."

"What's wrong?"

"You shouldn't steal chicken soup and bayberry."

Fu Hengyi did not expect him to steal chicken soup, and his face was cold again. "What did Mom and Dad teach you? Can you eat other people's food without permission from others?"

An An shook his head, "No."

"Hands stretched out."

An An put his hands behind his back and looked at Fu Hengyi pitifully. "Dad, I know I was wrong."

"Fu Chenxuan."

An An reached out hesitantly and closed his eyes.

Digression

Suddenly remembered that when I was a kid, about five or six years old, I stole the Yangmei with his neighbor's brother and drank it. As a result, both of them were drunk. Later, they were discovered by the parents. Xiaozhu smoked hard, and still thinks that his butt hurts.(When I was a kid, I was a skin monkey. I was beaten because I was too skinny to do the wrong thing.

## **526 Chapter 529**

An An stretched out her small hand with a wink and closed her eyes to dare to see Fu Hengyi, "Dad, I was wrong."

Shen Qinglan saw it on the side and wanted to say something to Fu Hengyi. Fu Hengyi glanced at her. Shen Qinglan shut her mouth suddenly. This time An An was indeed too skinny and she should be educated. She also had three chapters with Fu Hengyi. At the time, the other can only watch, not interfere.

Fearing that he would be soft-hearted later, Shen Qinglan stood up, "I'm going to take a shower."

An An heard Shen Qinglan's voice and secretly opened her eyes, "Mom." The voice was pitiful.

Xiao Niaoyin's fear and helplessness caused Shen Qinglan's footsteps to pause for a moment, but she only paused for a few seconds before lifting her feet away.

Fu Hengyi looked straight at his son, "An An, the wrongdoers are subject to punishment, Dad told you."

An An looked at his father again, tears twirling in his eyes, "Dad, I know I was wrong, and I will never dare to steal other people's things again, father."

Fu Hengyi looked at his son's little cabbage, but it was very soft, but as soon as he thought of two little guys under the age of seven who dare to climb the stove to steal chicken soup, he was afraid and angry again, in case the chicken soup was sprinkled, Falling on two children, the consequences are unimaginable.

And there was no one in the kitchen at the time. If the fire happened, the consequences would only be more serious. This time it was the first offense. If he was not allowed to remember long, this kid would only become more lawless in the future.

Thinking of this, Fu Hengyi's heart that had just softened suddenly hardened again, "This is the first time I read you, I only played three times."

"Dad, can't you fight? I'm really afraid of it in the future."

"What do you say?"

An An wanted to cry. As long as she cried, her mother would definitely soften. Then Dad wouldn't dare to beat him. With that in mind, An An planned to open his throat, Fu Hengyi stared, tiger face, "If you cry Just hit it once more."

An An's crying was stuck in his throat, and he looked at Fu Hengyi with disappointment. Fu Hengyi was unmoved. Today, he made up his mind to teach this stink boy well, don't tell him what to do as a parent. , Can't hit the child, "stretch your hand well."

An An stretched out her small hand and cried in her throat. The ruler in Fu Hengyi's hand was raised and fell on An An's hand, making a "snapping" sound. An An was stunned for a moment, feeling the fierce pain in his hand and crying. .

Fu Hengyi didn't feel soft, and the remaining two shots fell directly. An An's palms became red immediately. An An cried and called a heartbreaker. When he grew so big, he had never been beaten. He had never done anything wrong before. Most of Shen Qinglan and Fu Hengyi reasoned with him, this was Fu Hengyi's first hands-on experience.

Saying it was three hits, Fu Hengyi wouldn't hit a little more, set the ruler aside, and watched An An crying without coaxing him.

An An stood in front of Fu Hengyi, crying so dumb, Shen Qinglan heard his son crying in the room, he felt a pain in his heart, hesitated for a long time, did not go out at this time, would make An An feel that his father was a bad person, Mother is a good person, will make An An alienated Fu Hengyi.

"Don't cry anymore." Fu Hengyi's face was serious, and even his soldiers were so frightened that he was afraid of the soldiers, not to mention An An. Sure enough, An Heng Yi's voice just fell, and An An didn't dare to cry, looking at Fu Hengyi, eyes Redness.

"Do you know why Dad hit you today?"

Ann nodded.

"speak."

"Because...because...Me and Xiaojie...my brother stole...something."

"anything else?"

"We... without permission."

"You have two mistakes. The first one is eating someone else's food without the permission of others. This is wrong. The second one is that children can't get close to the fire. The chicken soup is still burning on the stove, Mom and Dad. Have you ever told you that the things on the stove and the hot water bottle cannot be moved by children?"

An An nodded, "Dad, I know I'm wrong."

"Don't you dare next time?"

"Dare not."

Fu Hengyi saw his son's attitude of admitting mistakes well, seeing his eyes turned red, even the tip of his nose was red, and there were golden beans hanging in the corners of his eyes, so that he could not fall off, after all, he did not continue to blame him and hugged him to his lap. An An's small body flinched, seeming to be afraid that Fu Hengyi would hit him again. Fu Hengyi took a slight pause, picked

up An'an's beaten left hand, and looked, "Does it hurt?"

An An nodded and whispered, "It hurts."

"If you dare to do such a dangerous thing again in the future, Dad will still hit you, remember?"

"remember."

Fu Hengyi blew gently, stood up with his son, went to the medicine box to take the ointment, and gently rubbed it on An An's palm. The cool feeling brought by the ointment took away the hot pain of the palm, An An's Xiao Brow gradually spread out, but Xiao Xiao's face was still unhappy.

He quietly nestled in Fu Hengyi's arms. Shen Qinglan secretly opened the door and glanced at it. Seeing that the father and son were getting along peacefully, they closed the door and walked into the bathroom with confidence.

"An An, Dad beat you not only because Dad was angry, but also because you worried Mom and Dad, if the fire is on that stove, if it catches fire, or if the hot chicken soup is poured on you, it will burn you, Do you know how sad Mom and Dad will be?"

An quietly listened to Fu Hengyi's words, "Dad, I won't dare anymore." He really knew that he was wrong.

"Does it still hurt now?" Fu Hengyi took his son's hand and looked closely. It was still red, but An An shook his head. "It doesn't hurt anymore."

Fu Hengyi touched his son's small face, "Dad takes you to brush your teeth and wash your face."

Ann nodded.

Fu Hengyi hugged his son, bathed him and brushed his teeth. An An lay on the bed and looked at his father. Fu Hengyi was re-medicating him. Just behind the bath, the water had washed away the ointment.

An An was beaten, and there was still some fear of Fu Hengyi. I used to like twitter and said that the little guy kept being quiet today. He had barely spoken since the bath.

Although Fu Hengyi controlled his strength, the child's skin was delicate and tender, and An An's palm was still flushed. He didn't speak when he saw his son. He knew that today's events made him afraid of himself. After thinking about it, he spoke slowly. Ever, and more than you."

An An immediately became curious, "Dad was beaten too?"

Fu Hengyi nodded, "Yes, when my father was disobedient when he was a kid, your great grandfather

took me with a whip."

"What is a whip?" An An had never seen a whip.

"Did you not see it when you watched TV last time?" Fu Hengyi reminded his son, "It's a long one, it's in my hand."

An An remembered, "Dad, does the whip hurt?"

"Of course it hurts. It hurts more than today when your father hit you with a ruler."

An An remembered the pain that came from his palm when he was beaten by his father today. He already felt it hurt. If it hurts more than that, it would hurt more. "Daddy, are you crying?"

"You think your dad is just like you, crying every moment."

"I don't believe it, you must be crying too." Talking to the sky, An An and Fu Hengyi began to get close again, completely forgetting that the man in front of him had just beat him an hour ago, when he was still thinking that he would never care about his father again. Too.

"That father, why did my great-grandfather hit you?" In An'an's impression, Grandpa Fu was a very loving old grandpa. He was kind to him. Whatever he wanted, he never gave up on him.

"Because Dad is not obedient."

"Why is my father not obedient?" An An was curious about his father when he was a kid.

Fu Hengyi looked at his son's big eyes that were very similar to Shen Qinglan. Somehow, she suddenly thought of Shen Qinglan when she was a child. After she learned to walk, she liked to run behind these boys, holding a doll in her hand. Chu Yunrong likes to wear all kinds of princess dresses with little braids on her head, and sometimes wears a little crown for her. It looks like a big Barbie doll holding a little Barbie doll.

"Brother, wait for me." The milky and chubby child sounds soft and waxy, and can't keep up with their speed, and will cry, but it is very coaxing, as soon as a sugar, he immediately smiles.

Fu Hengyi's eyes instantly became gentle. "Want to know?" He looked down at his son.

An An nodded hard, and finally he could listen to a gossip. He naturally would not miss this opportunity.

"Dad was a very naughty child when he was a child. He went to a tree to dig a bird's nest, fished in the water, and secretly ran to someone's sweet potato..." Fu Hengyi told An An about his childhood anecdotes.

Although Fu Hengyi had lived in the military compound when he was a child, Fu Hengyi's grandmother had room relatives who lived in the country. At that time, the two had a very good relationship and often moved around. When Fu Hengyi was on summer vacation, his grandmother would take him to the relatives' house in the country. As a guest, sometimes you will bring Shen Junyu.

The children in the city are curious about everything in the country, and the Fu and Shen families are military and political worlds, and they are never spoiled by boys. Shen Junyu and Fu Hengyi are very honest, especially Fu Hengyi, a few years older than Shen Junyu, With the children of Fu Hengyi and relatives, he has become the king of children, and without Master Fu's control, it is a lawless example. An An's actions today are nothing compared to him.

Fu Hengyi was beaten for the first time because he damaged the wheat fields of the folks.

It was the weekend. Grandma Fu took Fu Hengyi and Shen Junyu to go out in the countryside. Fu Hengyi took advantage of the time of chatting with adults and sneaked out with Shen Junyu. As a result, they saw a large area of wheat field. At that time, they did not know that this was When I saw only a piece of green wheat, I thought it was a grassland. When the adults discovered it, the wheat field had been trampled down by the two. After Master Fu knew this, he was facing the blind date. After paying apology, he compensated others' losses. After returning home, he picked up the whip and severely smoked Fu Hengyi.

At that time, Fu Hengyi's father and mother were still alive. He hadn't become so reticent and old-aged. He yelled and ran across the yard. Grandpa Fu chased with a whip in the back. The people in the entire courtyard could hear the grandpa Fu's lessons from his grandson. sound.

Fu Hengyi is a character who remembers eating and not remembering. He has done countless naughty things as a child. He and Shen Junyu are two little bullies in the military compound. If it weren't for the blow from the death of both parents, I'm afraid there would not be Fu Hengyi now.

Shen Qinglan didn't see Fu Hengyi coming back, so she walked out of the bedroom and just walked to the door of her son's room. When she heard Fu Hengyi's low magnetic sound, she stood at the door and listened for a while.

The two talked one by one, and occasionally An An would ask Fu Hengyi some questions. The father and son were very warm. She smiled, listened for a while at the door, and turned back to the bedroom.

It was an hour after Fu Hengyi returned, and Shen Qinglan was almost asleep.

"An'an is asleep?" Shen Qinglan asked him.

Fu Hengyi nodded and sat down on the other side of the bed. "Already asleep." He did a lot of things. An An listened to it with relish. If it was too sleepy in the end, it would be unwilling to sleep.

"Distressed?" Shen Qinglan smiled, although Fu Hengyi did not show it all the way, but she inexplicably

felt the man was distressed.

Fu Hengyi nodded without hesitation. When An An was born, he brought it up by himself. Feeding him to change diapers, washing diapers, and coaxing him to sleep, these things are done by himself, although the main purpose is to distress Shen Qinglan and want to make his wife easier. But he paid a lot for this child. Before An An hundred days, he took a long time to take the child, he was even much longer than Shen Qinglan.

He watched his son grow up a little bit. Although he often abandons him for robbing his wife, he has never beaten him, but today he saw him crying and tearing his heart and tears.

"Boy, really, it's okay to play twice." Knowing that he was really distressed, Shen Qinglan comforted him softly.

Fu Hengyi squinted, "Don't tell me you don't feel distressed."

"I'm distressed, but when I look at you like this, I don't feel distressed anymore." In order to coax his son, the man in front of him even said what was wrong when he was a child. Who is more distressed at a glance?

In fact, Fu Hengyi is really a very good father. He can detect anything wrong with his son for the first time. Just like today, after An An was beaten, he felt fear and alienation to his father in his heart. Fu Hengyi used his childhood. A few embarrassing incidents resolved the negative emotion that had just risen in An An's heart, and restored the father and son's feelings as before, no, now maybe even more intimate than before.

Thinking of this, she looked at Fu Hengyi, "You tell me about the earth-shattering things you did when you were a child." Although I just heard an ear at the door of my son's room, it was not real.

Fu Hengyi had long known that someone outside the door looked at her with a smile, "You just heard it."

"I can't hear clearly. I want to hear from you." She had heard Chu Yunrong say one or two glorious deeds of Fu Hengyi and Shen Junyu before.

Recalling that when he was a child, Fu Hengyi's eyes were faint, "It's all gone, there's nothing to say." How could he tell his wife about his embarrassment?

"You don't say, I'll ask my aunt or grandpa someday."

"Actually, it's really nothing, but it's a matter of going to a tree and digging a bird's nest, and getting into the water to touch the fish and shrimp. At that time, my grandma was still alive, and she would often take me to the country." It was just because his parents passed away. After a big blow, her temperament changed a lot, and shortly after that, her grandmother also followed, leaving her aunt and grandfather and three of them at home, his temperament became more and more calm. Aunt and

grandfather are busy with work. Wherever there is time to take him to the country, Fu Hengyi forgets those things.

"Fu Hengyi, do you remember what happened when I was a kid?" Shen Qinglan asked him.

Fu Hengyi nodded, he certainly remembered. Shen Qinglan is the only girl in the Shen family, and the Fu family and the Shen family are world friends. When Shen Qinglan was still in Chu Yunrong's stomach, Fu Hengyi often heard Chu Yunrong talk about her.

After Shen Qinglan was born, Fu Hengyi often visited the little sister at Shen's house.

"Don't you remember?" Fu Hengyi asked.

Shen Qinglan shook her head, "I don't remember very clearly, there are some fragments vaguely, but incomplete." Most of her childhood memories are training and tasks. For those things that were younger, only a few sporadic fragments remain. And because of her past experience, Chu Yunrong would not mention anything about her childhood to her, so she had almost no impression of her childhood. To say that the only impression may be from the album collected by Chu Yunrong.

Thinking of Shen Qinglan's childhood, Fu Hengyi's eyes showed a smile, "You were a girl who loved to laugh when you were young, and the smile was very low. Any little thing can make you happy for a long time. Seeing you is like seeing the sun. It seems to you that you never know what sorrow is? There are few girls in the courtyard, you are beautiful and cute, and everyone likes you."

Fu Hengyi said something about Shen Qinglan's childhood. Shen Qinglan didn't have much impression of what he said, but he could imagine that kind of picture.

If you follow the normal growth trajectory, you may be an ordinary giant, and you will be held up in the palm of your hand and grow up innocently.

"Fu Hengyi, you said, if I never leave home, will we get married after we grow up?"

Fu Hengyi frowned slightly, he had never thought about this assumption, "There is no such assumption."

"I'm letting you imagine that if I didn't leave the Shen family, then I should be a little girl spoiled by them now, maybe there are still some problems with the wealthy giants, if you say that, we can still be together?" Shen Qinglan was suddenly interested in this assumption.

Fu Hengyi couldn't imagine that kind of picture, but he thought that if it were so, they should not be together. After all, if Shen Qinglan didn't leave the Shen family, for him, Shen Qinglan was Shen Junyu's sister and his sister, He should be more of a brother and sister to her. And according to his heart, he should not like the little girl.

Although Shen Qinglan is much younger than him, his psychological age is much higher than that of his

peers, and he has the maturity and wisdom that his peers do not have. This may be what attracted him.

"I don't like little girls." Fu Hengyi gave the answer.

Shen Qinglan also thought of this possibility, and smiled, "Stop talking, let's go to sleep. The day after tomorrow is An'an's birthday, should you have time?"

Fu Hengyi nodded. He promised before and would accompany him to the playground on An'an's birthday.

"Fu Hengyi, let's regenerate a daughter." Fu Hengyi suddenly heard Shen Qinglan said when he was sleepy.

Fu Hengyi raised her eyebrows, "Don't you say you don't consider this issue in a short time?"

"Fu Hengyi, don't you think it would be a happy thing to have a daughter who looks like me? You can wear a lot of beautiful clothes for her and braid her, she will be in your arms Lisa lily, softly call your father." Shen Qinglan tempted him.

Fu Hengyi's eyes were deep and deep, "I'm enough to feed you." Although he wanted to have a daughter, the matter of letting his wife take risks is still a thing.

Shen Qinglan only felt tired. Fu Hengyi could say to her that she was a hundred followers. She almost did not say no to her, but she insisted on this matter. No matter how she tempted, she didn't take the bait. The force is amazing at this time.

Do you really want to use the method Fang Tong said? Shen Qinglan felt that if he really used that method, Fu Hengyi must be angry when he knew it, but when he knew it, he should have been pregnant, and she would not believe that Fu Hengyi would be angry with her.

Anyway, when she came to the military area this time, she made up her mind to have a daughter with Fu Hengyi. Fu Hengyi is 37 years old this year. So this time she will stay in the military area for some time. Today is only the first day. She has time.

Because An An was going to the military area to have a birthday with Fu Hengyi, the family had already given An An a birthday in advance a few days ago, and An An received gifts and red envelopes. Even Allen sent birthday gifts to An An from abroad.

After Chen Wanjiao's physical recovery, Peter gave Chen Wanjiao the most thorough physical examination. Although it is impossible to have a baby in three or five years, as long as he is carefully reared, there is still hope within ten years. This is the best news for Chen Wanjiao. After all, the doctor sentenced her to death.

After leaving a recipe for Chen Wanjiao, Peter and Allen returned to Y. However, Allen would visit An'an

on a regular basis, but never meet with Shen Qinglan. Every time Peter came to pick An An to see him, and when the time came, he sent An An back.

An An knew that Mom and Dad would take themselves to the playground today, get up early in the morning, and get dressed up without Shen Qinglan.

Fu Hengyi had already prepared breakfast for the mother and son. The family ate three and went out.

At the gate of the playground, I saw Han Yi and Yu Xiaoxuan waiting there. Today they have an appointment with the two to play together.

When Guo Guo saw An An, he immediately broke free from Yu Xiaoxuan's arms and ran to An An. She hugged An An and shouted with joy, "Brother An An."

An An touched her little head, and the little adult seemed to say, "Guo Guo, you have grown up again."

"Brother An'an, happy birthday!" Guoguo milky said, saying that he also took out a lollipop and a few chocolates from his pocket, "Brother An'an, this is my birthday gift to you, you Like it?"

An An took the candy and nodded, "I like it very much, thank you Sister Guoguo."

Han Yi looked at An An with jealousy. He asked Guoguo several times for lollipops and chocolates, but Guoguo refused to give it to him, saying that he wanted to leave it to An An.

Everyone says that girls are extroverted, this is really true, especially in this one, seeing An An can not want father.

An An took Guoguo's hand and walked ahead, while Han Yi followed behind them and looked at her daughter with a grudge.

"Guoguo, tired of walking, dad hug you." Han Yi saw her daughter all the way to talk to An An, and ignored him, shyly said in front of his face.

Guoguo didn't even look at his father, shook his head, "I'm not tired, I want to go with Brother Ann." Han Yi was hurt in the face.

After a while, Han Yi held a bottle of water in his hand, "Guo Guo, after walking for so long, get thirsty and drink."

Guoguo shook his head. "I don't want it." She looked at the glass in An An's hand. "Brother An An, I want to drink this in your hand."

An An handed her the glass in her hand, "Drink." Guoguo took two sips while holding the glass, completely ignoring Han Yi.

Han Yi turned to look at Yu Xiaoxuan to ask for comfort. The latter ignored him and talked and laughed with Shen Qinglan.

Seeing this, Han Yi became more and more distressed, and felt that he was an unloved little cabbage. His eyes turned and looked at Fu Hengyi, "An An should like to play roller coaster games, or you take him play?"

As long as An An was opened, her daughter would see herself, Han Yi thought.

After hearing this, Fu Hengyi even owed a look.

"Dad, I want to play roller coaster." An An has heard Han Yi's words, and he is really interested in this amusement project.

"Brother An'an, I also want to play the roller coaster." Guo Guo was anxious when he heard that An An was going to play the roller coaster. He took An An's hand and refused to let go.

"Guoguo, you are still young, you can't play roller coaster." Han Yi advised his daughter, pointing to the Ferris wheel not far away, "Dad takes you to ride the Ferris wheel, OK?"

Guoguo shook his head, "No, I want to be with Brother Ang."

An An looked at Fu Hengyi, "Dad, can sister Guoguo ride the roller coaster?"

Fu Hengyi shook his head, "Sister is too young."

Hearing this, An An thought with a small brow, "Let's go ride a Trojan. Dad, sister can ride a Trojan?"

Fu Hengyi knew that he was talking about a carousel and nodded.

An An took Guoguo's hand and said, "Go, let's go sit on the Trojan." Guoguo laughed when he knew he could play with his brother.

While sitting on the carousel, Han Yi originally wanted to sit on the same carousel as Guoguo, but was rejected by Guoguo, "Daddy, you sit with mother, I want to be with Brother Ang, not you."

Repeatedly rejected by her daughter, Han Yi was very melancholy, "Guo Guo, if you don't sit with Dad, Dad will be sad."

Who knows that Guoguo didn't lift his head, and he replied, "Mom said, you're always sad. It's already a copper wall and iron wall." She didn't understand the meaning of the copper wall and iron wall. She just repeated Xiao Xuan's words locally.

Han Yiyu died, staring at Yu Xiaoxuan with a grudge, and got a big white eye from the latter. To tell the truth, Han Yi's move had failed for her.

Shen Qinglan was already holding two little guys on the same batch of Trojans, Guoguo was sitting in the front, and An An was sitting in the back.

The two little guys laughed happily while sitting on the wooden horse, while Yu Xiaoxuan was holding the camera in his hands and kept taking pictures of the two little guys, regardless of Han Yi who was sad next to him.

Shen Qinglan looked at Han Yi, smiled, and whispered to Fu Hengyi, "If you had a daughter, wouldn't it be the same?"

Fu Hengyi glanced at her lightly, "So we don't want a daughter. What if you don't want me if I have a daughter?"

Shen Qinglan felt that she seemed to have dug a hole for herself, and Fu Heng turned to see her son in one glance. This topic could not continue to be discussed. Otherwise, Fu Hengyi quasi-guarantee listed her reasons for not having a daughter.

"Guoguo, tired of playing. Dad bought ice cream for you. Come over and eat." Han Yi held a strawberry ice cream in his hand and waved at Guoguo.

Guoguo ran over. Han Yiyixi, his daughter still likes him more, scooped a spoonful of ice cream and handed it to Guo Guo's mouth, "open your mouth."

Guoguo shook his head and asked himself to eat, so Han Yi handed the ice cream to Guoguo. Unexpectedly, Guoguo ran to An An and handed the whole ice cream to An An. "Brother An An, my father bought ice cream and gave it to you."

Han Yi on the side saw this scene, black face.

Shen Qinglan and Yu Xiaoxuan looked at each other, and Ren Jun couldn't help it. Fu Hengyi looked at Han Yi sympathetically, and was rejected by her daughter as such.

Shen Qinglan asked Yu Xiaoxuan in a low voice, "Will Han Yi do the same at home?"

Yu Xiaoxuan glanced at Han Yi contemptuously. "It is the same as usual. As long as Guo Guo is closer to other boys, he will be jealous and ignore him." Also because Han Yi views her daughter too tightly, Guo Guo is very disgusted by him.

"What should I do if I marry with consequences?" Shen Qinglan was curious.

"I guess he never thought about this problem at all. He hoped that Guoguo would never grow up and be

the youngest daughter in his life." Yu Xiaoxuan had long seen Han Yi, this is a full daughter Slave, not running

Yu Xiaoxuan rolled his eyes and said softly, "I think your master Fu is also half a catty." Fu Hengyi's eyes toward Guoguo are more loving than those of An'an. And she didn't forget that Shen Qinglan was pregnant.

Shen Qinglan and Yu Xiaoxuan smiled at each other. I have to say that she thinks so.

In the afternoon, Fu Hengyi took An An to play with the more exciting items like the bumper cars and roller coasters he wanted to play. Han Yi finally had the opportunity to play with her daughter alone.

The dinner was also eaten by the two of them together. Han Yi put the shrimps peeled off for her daughter in her daughter's bowl. As a result, Guo Guo gave the shrimps to An An in a blink of an eye. "Brother Ann, you eat shrimp."

Han Yi looked at the pile of shrimp shells in front of him and said quietly to Guoguo, "Guoguo, my father also wants to eat shrimp."

"Then peel it yourself." Guo Guo said without hesitation.

Han Yi black face again, then glared at Fu Hengyi. Fu Hengyi looked back calmly.

Yu Xiaoxuan looked at this scene with a smile, it seemed that he was not stimulated enough by Han Yi, and asked his daughter, "Guo Guo, do you like Angkor very much?"

Guoguo nodded, "Yes."

"Then you will grow up and be a bride for Brother Ang?" Guoguo nodded again.

"Okay."

The three voices of "No" sounded at the same time, the first one was Guoguo, and the next two were Han Yi and An An.

Han Yi didn't want her daughter to marry, so naturally she would say no, but An An even said no. Han Yi said that his daughter was rejected, and his old father's heart was a little uncomfortable, so he looked at An An and asked, "Why not?"

"Because Guoguo is a sister."

After hearing this, Han Yi's face was a little slow, and Yu Xiaoxuan didn't give up, "An An, don't you like Guoguo?"

"Like." An An said without hesitation.

"Then why don't you want Guoguo to be your bride? Just because Guoguo is a sister?"

"Yes, how can my sister be a bride." An An answered for granted.

Upon seeing this, Han Yi looked very satisfied with An An's eyes. But Guoguo cried and scared everyone present.

"What's wrong? Why did you cry suddenly? Baby, what did you tell your dad to cry?" Han Yi felt distressed and hugged her daughter's heart.

"Brother Ann, I don't want to be separated from you." Guo Guo cried.

Everyone was stunned. When did they say they wanted to separate the two little guys?

"Silly girl, Brother Ann is here, don't leave." Han Yi calmed her daughter gently.

"But it's not a bride, you can't play with Brother Ann." Guo Guo wiped her tears and grieved.

After hearing this, Shen Qinglan smiled and said softly, "Sister can also play with her brother."

Guoguo choked and looked at Shen Qinglan, "Auntie, is it true? I don't want to be An An's bride. Can I play with An An brother when I grow up?"

"of course can."

Guoguo burst into tears and smiled immediately.

Han Yi looked at it, and became more and more distressed. Her daughter only had An An in her eyes. What would you do without her father?

In the evening, Shen Qinglan coaxed An'an before going to the bath. Fu Hengyi poured a glass of milk for her. "Drink the milk first."

Shen Qinglan frowned, "Fu Hengyi, I am not An An."

"An An is more obedient than you. Give him milk and drink it." Shen Qinglan's recent sleep quality is not very good. Drinking milk before bed can promote sleep.

Shen Qinglan looked at Fu Hengyi calmly and saw that he had no intention of compromising and could only take a drink of milk. Liu Mei frowned, and she really didn't like the smell of milk.

Fu Hengyi set aside the cup in her hand, kissed her lips with her head down, chased and played with her, it took a long time before he let her go, "Is it delicious?"

Her mouth was covered with ambiguous silver wire, and her face was reddish. It was hypoxic just now. "It's not bad." Shen Qinglan said calmly, having been intimate with him so many times, his face was thicker.

Fu Hengyi raised her eyebrows slightly, and said meaningfully, "Then let's continue." Then, he turned over and pressed Shen Qinglan to the bed.

Shen Qinglan's eyes flickered, thinking of her plan to have a daughter, and pushed Fu Hengyi, "Go to the bath first."

"End to wash together." Fu Hengyi said.

"Go now, I'll wait for you."

Fu Hengyi looked at her for a few seconds and smiled slightly, "Follow your orders, Madam."

When Fu Hengyi entered, Shen Qinglan quickly got up, took something out of the drawer in the bedside table, and then put it back in place.

### **527 Chapter 530: Xi Yao Production**

When Fu Hengyi came out of the bathroom, Shen Qinglan was lying on the bed waiting for him. Her hands were holding her head, so she looked at him so quietly, the gleaming white skin under her pajamas, Fu Hengyi's eyes instantly Become deep.

He walked slowly to Shen Qinglan's side and looked at her so quietly. Shen Qinglan was not in a hurry. He was opposite his four eyes. After all, Fu Hengyi couldn't help it. He turned to bed and looked at her eyes fixedly. , "Missing me?" His mouth lightly hooked, his eyes narrowed slightly, so he had a fascinating smell all over his body.

Shen Qinglan smiled softly, stretched his hand around his neck, and exerted a little force, and pulled into the distance between the two, "What do you say?"

Fu Hengyi laughed, the laughter echoed in his chest, "I miss you too." Then he lowered his head and kissed Shen Qinglan's red lips.

After a long night, I only heard that the red luan tent warmed up in spring.

Shen Qinglan originally planned to stay in the military area for a period of time, but eventually left after only a week because Wen Xiyao produced it.

When she received the call, Wen Xiyao was on the way to the hospital and she launched it in advance.

"Brother, don't worry, I'll come over right now." Shen Qinglan said, then went to Fu Hengyi to call him, told her whereabouts and took An'an.

"Mom, are we going back?" An An asked curiously.

Shen Qinglan nodded, "Your aunt is about to give birth to a baby, let's go back to see the baby."

An An's eyes lit up, "Are my sister coming out?"

Shen Qinglan smiled slightly, "How do you know it is a sister, what if you want to be a brother?"

An An's face took for granted, "It must be a sister, I have dreamed about it."

Shen Qinglan smiled, "Do you like my sister?"

"Yes, my sister is cute."

"Why don't you like my brother?"

"Younger brother is too noisy, quietly said that her younger brother was crying cute, crying all day, annoying." Jingjing has a younger brother, just turned one year old.

Having already talked about this topic, Shen Qinglan asked him, "If father and mother would have a baby and add a younger sibling to you, would you like it?" She had wanted to ask An An before, but she forgot every time.

An An tilted his head and looked at Shen Qinglan, "Can I just want my sister, not my brother?"

"But the birth of a younger brother or a younger sister is not decided by the parents. What should I do if I am a younger brother?"

An An heard that, Xiao Xiao raised her eyebrows, thought about it, and sighed very helplessly, "Well, as long as my mother is born, I will barely accept it." That little face was clearly disgusted.

Shen Qinglan saw it, somehow, thinking of Fu Hengyi's expression when he saw An'an, it was simply God's synchronization. Shaking his head, he smiled. "My mother also hopes to give An Ansheng a younger sister."

An An looked at Shen Qinglan's belly, "Is that mom, sister now in your belly?"

"This mother doesn't know." Shen Qinglan replied softly. Although everything is the same as she planned, the child's kind of thing depends on fate. She would come if she didn't want it.

When he arrived at the hospital, Shen Qinglan saw Shen Junyu and Chu Yunrong standing outside the delivery room. The old man Shen was originally coming, but was stopped by Chu Yunrong. The

production was a long process, and the old man's body could not endure for a long time. Consume, let him wait for news at home.

Shen Junyu walked around the door of the delivery room, listening to Wen Xiyao's cry in the delivery room, and looked very anxious. Relatively speaking, although Chu Yunrong was also nervous, he was more calm than his son.

"How did you bring An'an." Chu Yunrong saw An'an and said with disapproval.

"It's too late to go home, so I brought it. Mom, how long has the sister-in-law been in?"

"It's just over half an hour, it's still early."

"Sister-in-law should not have been hospitalized two days ago? Why was she hurried to the hospital today?" Shen Qinglan was very surprised. Wen Xiyao's due date was in these days. The family made preparations early, doctor, ward They are arranged in advance, so it is reasonable that there will be no such rush.

"It's not your brother, what hospital smells bad, worrying that Yao Yao is not used to it, insisting on staying until the day before the due date, but who knows that this morning Xi Yao was launched in advance." Speaking of this, Chu Yunrong Just get angry, if you come in early, you won't be in such a hurry.

"My brother is also distressed by his wife, mom, don't talk about him. The sister-in-law is usually in good health. The pregnancy test said the previous two days that there was no problem. There will be no problems with this production. By the way, you call the Wen family. Have you called?"

Chu Yunrong slapped his head, "Look at my brain, don't you say I really forgot, I will call my mother-in-law now." She said, holding her mobile phone and calling Wen-mum .

Shen Qinglan looked at his brother's anxious face and walked over to pat his shoulder. "Brother, don't worry, your sister-in-law will be fine."

Isn't Shen Junyu worried? Wen Xiyao is thirty years old and has a first child. In addition, when Shen Qinglan had a blood collapse in his production, he is now full of pictures like that.

"Lan Lan, I'm scared." His hands were shaking.

Shen Qinglan had never seen his brother look like this, and slowed down his voice, "Brother, sister-in-law is not like me. I was someone who worked, my sister-in-law and the baby in the stomach will be safe."

Shen Junyu nodded fiercely, "Yes, it will be fine, they will come out safely."

Shen Junyu stared at the door of the delivery room without blinking his eyes. He wanted to go in to accompany him, but Wen Xiyao did not allow it, and did not agree with Shen Junyu to enter. At this time, Shen Junyu did not dare to speak with Wen Xiyao, although I was nervous and frightened, but still suppressed my steps.

"Uncle, aunt and little sister will be all right." An An said to Shen Junyu with a serious expression on her face.

Shen Junyu looked down at An An and suddenly crouched down to embrace An An in his arms. "Yes, it will be fine. We An An is a little angel. God will hear what you say."

Master An'an patted Shen Junyu's back like, "I have dreamed that my aunt gave birth to a beautiful sister, so don't worry about your uncle."

Shen Junyu heard the words, and finally a smile appeared on his face, and kissed An An on the small face, "Thank you baby."

There was a cry from Wen Xiyao in the delivery room, thinking that the pain started officially.

"Xiyao, Xiyao, how are you, Xiyao, you say something to me." Shen Junyu stood outside and patted the door, shouting loudly, Shen Qinglan saw this, and quickly stepped forward to pull him back, "Brother , You will affect the production of sister-in-law, don't make trouble here."

"Lan Lan, your sister-in-law called so badly, it must be painful, I want to know her situation, I worry about her." Shen Junyu's forehead began to sweat.

Looking at Shen Junyu's appearance, Shen Qinglan couldn't help thinking of Fu Hengyi. When she was in production, Fu Hengyi's fears were more than Shen Junyu's, right?

"Ah..." Wen Xiyao's forehead shouted again in the ward. Shen Qinglan turned around inadvertently, and saw An An's body shrunk a little. She slightly raised her eyebrows and walked over to hold An An, "Don't be afraid ."

"Mom, I'm not afraid."

Shen Qinglan kissed his little face, "It's a brave boy."

An An's face was entangled, "Mom, did you like this when you were born?"

Shen Qinglan didn't expect what he thought was this, but he didn't evade and nodded, "Yes, every mother gives birth to this."

"That mom, do you feel bad?"

"It's no longer painful now, especially when I see you in this world, my mother feels very happy. The pain I experienced was worth it."

An An hugged Shen Qinglan and left a big kiss on her face, "Mom, I will be obedient in the future, and I will never make you angry again, Mom, I love you."

"Mum loves you too."

"Mom, you are my baby." An An said seriously. He had never seen a pregnant woman give birth. Naturally, he didn't know that every baby came in this world. Mom had to experience so much pain. At this moment, little The child remembered that it was not easy for his mother to give birth to him.

"You are my baby too, will mom take you home first?" Worried that her son will be scared, Shen Qinglan wants the driver at home to send An'an back first.

Unexpectedly, An An shook his head, "I want to be with my mother here."

"Mom doesn't need you to accompany you. You go to accompany Zeng's grandfather, okay. When Zeng's grandfather is at home alone, he will be worried. You go with him."

"Good." An An nodded.

Shen Qinglan called the driver at home and asked him to pick him up.

Chu Yunrong has returned, "My mother-in-law is already on the way to the airport, but it will take several hours to come over, not so fast." Haicheng needs a three-hour flight from Beijing.

Wen Xiyao had a little trouble to give birth to this child, but had not been born after three or four hours. Shen Junyu had already hurriedly turned around. When a doctor came out, he quickly took the doctor's hand, "Doctor, how is my wife? Did not come out?"

"Your wife's pelvis is small, the child's size is large, and it is a little difficult to deliver."

When Shen Junyu heard the word "dystocia", his face suddenly turned white. "Diarrhenia, doctor, I want to protect my lord, you must keep my wife." He said without hesitation.

The doctor couldn't help crying, "It's not so serious, we can't do a caesarean section."

"Good, caesarean section, caesarean section now, doctor, we are going to have a caesarean section." Shen Junyu said busy.

"Mr. Shen, you calm down first. Now the mother wants to try it for herself. Don't worry about it for the time being. Don't worry about it. If it is a last resort, we will definitely choose a caesarean section."

The doctor actually wanted to have a caesarean section, but Wen Xiyao insisted on giving birth, and the doctor could only try it first. However, the preparation for a caesarean section still needs to be done. If you can't survive, you need to undergo surgery at any time.

"Doctor, if you tell the maternal doctor, that's what I mean. We chose to have a caesarean section, and it didn't go through the birth." Repeatedly play in his mind constantly.

"I will convey your words, but we will also respect the mother's own wishes." The doctor went in after he finished speaking.

Shen Qinglan looked at Shen Junyu, who had lost her soul, and comforted him softly, "Brother, calm down. If you don't calm down, your sister-in-law will be more nervous. You can sit down now."

Shen Junyu sat down on the chair, but just less than five minutes after he sat down, the Wen family arrived. The father Wen Wenbing and the mother Wen came.

"How's it going, is the baby born?" Wen mother asked eagerly.

Shen Qinglan said, "Not yet, the sister-in-law has a difficult birth, but the situation is still optimistic, and the doctor and sister-in-law are still working hard."

Wen Wen and Wen Mu heard the words, letting go of the heart a little, but not completely at ease, standing there and walking around anxiously, Shen Qinglan's originally less nervous mood was instantly tense due to their influence.

"Wow, wow, wow." Suddenly crying from the baby in the delivery room, Shen Qinglan saw Shen Junyu's tears fall down with his own eyes.

"Birth was born, it was so good, birth." Both Wen Mu and Chu Yunrong had a happy expression on their faces, and even Wen Wen, who had always been serious, had a smile on his face.

"Lan Lan, did you hear it? Born." Shen Junyu grabbed Shen Qinglan's hand and said excitedly.

Shen Qinglan nodded with a smile, "Yeah, born."

The doctor came out of the delivery room, "Congratulations, mother and daughter are safe."

Shen Junyu's first smile finally appeared on his face, "Doctor, what about my wife?"

The mother Wen on the side heard this and looked at Shen Junyu's eyes with relief. Although Shen Junyu's first sentence was about children, she could understand it, but the first thing he saw about him was his daughter, being a mother Yes, my heart is always happy.

"Mrs. Shen is fine, come out later, the child weighs six pounds and two pounds, congratulations to Mr.

Shen."

"Thank you, thank you, the doctor has worked hard." Shen Junyu said happily.

Wen Xiyao was soon pushed out. Her hair was completely wet with sweat, and she looked very embarrassed, but it was the most beautiful scenery in Shen Junyu's eyes. He looked at Wen Xiyao with a different kind of gentleness. "Wife, hard work."

Wen Xiyao was very tired, she actually suffered a lot of crimes in this production, but seeing Shen Junyu's eyes at this time, she felt that everything was worth it, "You are also working hard." She has noticed Shen Junyu's clothes wet by sweat Collar, presumably he is not good outside.

"Jun Yu, I'm tired now, and I want to sleep first." Wen Xiyao said tiredly.

"Good, you sleep, I will be here with you." Shen Junyu said softly.

Wen Xiyao was pushed into the ward, and Shen Junyu followed her step by step, staying in front of her bed without leaving.

Shen Qinglan took a look at Wen Xiyao first, and then went to see the little princess of Shen family with Wen Mu.

"This child looks really good." Wen mother looked at the child's kindness. In fact, the child's skin is now wrinkled and red all over. Looking like a little monkey, he can't see anything beautiful at all. But in their view, this child looks good everywhere.

Shen Qinglan smiled slightly, "It really looks good."

Knowing that her sister was born, An An was about to come to the hospital to come to her sister. When Shen Qinglan went home to change her clothes, she brought An An by the way.

"Uncle, what about my sister?" An An asked Shen sister when she saw Shen Junyu's first glance.

Shen Junyu was talking to Wen Xiyao who had already woken up. After hearing this, she smiled, "Sister is doing a physical examination and will be back soon."

An An heard the words and walked to Wen Xiyao, "Aunt, do you still hurt?"

Wen Xiyao smiled softly and shook his head. "It doesn't hurt anymore." In fact, it still hurts, but compared with the pain during production, these are nothing.

"Auntie, you are so great."

Wen Xiyao reached out and touched his head. "Who taught you these words?"

"My father said, every mother is a great person."

"Your father is right, every mother is a great person, so you must be kind to your mother in the future."

An An Zheng focused on the head, "Well, I will, and I will tell my sister in the future, let her treat her aunt better."

Wen Xiyao smiled and said to Shen Qinglan who came in later, "Qinglan, your family is a little warm man."

Shen Qinglan smiled slightly and glanced at his son tenderly, "Sister-in-law, how are you feeling?"

"It's not bad, I usually have exercise, and I have a good foundation." It is because I understand my physical condition that Wen Xiyao dare to insist on childbirth under such circumstances, because I know I can persist.

"What about children?" Shen Qinglan asked the same question as An An.

"The doctor took it away for a physical examination." Shen Junyu said, just talking, the doctor came with the child in.

An An first stepped over, "Aunt Doctor, I want to see my sister."

The doctor did not dare to pass the child to him, Shen Qinglan took it over, "Give me."

"Doctor, is the child's body okay?" Wen Xiyao cared.

The doctor laughed, "It's healthy."

An An pulled Shen Qinglan's trousers, "Mom, I want to see my sister."

Shen Qinglan sat down on the sofa on one side, "Come and see."

An An stretched his neck and looked at the child in Shen Qinglan's arms. After he saw the child's appearance clearly, he frowned, "Mom, why is my sister not pretty at all?"

Shen Qinglan laughed, "It was the same way when you were born. It will look better when you grow up. Wasn't it the same when Sister Guoguo was born?"

An An touched her head embarrassedly, "I forgot, will it look as good as my aunt when my sister grows up?"

"of course."

"Mom, can I touch my sister?" An An looked eagerly.

Shen Qinglan nodded, "Yes, but you have to be lighter, your sister is sleeping, you can't wake her."

"Hmm, I will be very light." An An said, reaching out carefully to touch the baby's face, a big smile appeared on his face, "Mom, sister's face is smooth, just like jelly."

"It was the same when you were born." Shen Qinglan said with a smile.

"Mum, actually look closely, my sister is pretty, not ugly." An An smiled, showing eight small white teeth.

Shen Qinglan smiled.

"Mom, can I take a picture with my sister?"

"You should ask your uncle and aunt about this."

An An heard the words and immediately ran to Shen Junyu's side, "Uncle, can I take a picture with my sister? I want to show my sister quietly."

Shen Junyu raised her eyebrows, "Who is quietly?"

"It's my girlfriend quietly. She looks pretty."

Shen Junyu was surprised, "You even have a girlfriend?"

"Uncle, I am already four years old." An An broke four fingers.

"An An, don't you want to take a picture with your sister?" The son said something shocking, and Shen Qinglan quickly changed the subject.

"Yes, uncle, can you help me take pictures of my sister?"

Shen Junyu got up with a smile, "Of course."

Shen Qinglan hugged the child, and An An stood beside Shen Qinglan, smiling at the baby, compared to the scissors hand.

"Uncle, come again." An An demanded.

Shen Junyu obeyed the plan, and helped An An to shoot more than a dozen photos before stopping.

"Uncle, which one do you say is the most beautiful? I am the most handsome?"

An An flipped through the photos in his phone and asked Shen Junyu, Shen Qinglan had given the child to Wen Xiyao, and whispered with Wen Xiyao, but the ear was paying attention to the movement of An An. Shook her head, neither she nor Fu Hengyi loved the smelly temperament, who did An An follow?

"Isn't it just up to you?" Chu Yunrong on the side heard Shen Qinglan's self-talk and said casually, "You were even smellier than An An when you were a child. You have to struggle with what clothes to wear and what kind of hair you wear every day. Even how to match shoes with clothes has to be considered for a long time, and the photos are not good-looking and need to be remade."

Wen Xiyao didn't expect that Shen Qinglan was such a child when he was a child. Looking at Shen Qinglan, his eyes were full of smiles.

Shen Qinglan looked at Chu Yunrong suspiciously, "Mom, the person you said is not me?"

"Why not you, I remember your affairs clearly." Chu Yunrong said, "I still remember that there was a literary performance in the kindergarten, you have to go to the performance and dance, get up at six in the morning, pull me to you Picking clothes, but I didn't pick them well for an hour. I either disliked the colors or looked unsatisfactory."

"What about later?" Wen Xiyao heard it with relish, and Shen Qinglan's face was calm, as if Chu Yunrong said the person was not her, but the ears were red.

"Later Heng Yi came and chose a light blue princess dress for her before she stopped."

Shen Qinglan didn't expect there was such a thing. She never heard Fu Hengyi talk about it.

"Qinglan met Hengyi when she was a child?" Wen Xiyao asked, and smiled first when he asked. Isn't that nonsense? The Fu family and the Shen family are friends, the Shen Junyu and Fu Hengyi are small, can they know Shen Qinglan? Well.

"Of course I know, Hengyi will run to our house when he has time. Qinglan likes to follow Hengyi and Junyu, and his brother yells." Chu Yunrong said a few interesting things about Shen Qinglan when she was a child. She did I remember very clearly, even the details of it, Shen Qinglan did not interrupt her, quietly listening to Chu Yunrong talking about the interesting things of her childhood with Fu Hengyi.

On the side, Shen Junyu stopped communication with An An sometime, and sat quietly listening to Chu Yunrong talking about the past. Some things he still remembered, and some things he even forgot.

"I still remember Lan Lan's favorite younger brother when he was a child was Heng Yi. If Heng Yi was there, she would not want to be my brother." Shen Junyu interjected with a smile.

Shen Qinglan heard the words and glared at her brother, did she demolish her desk in this way?

Shen Junyu didn't take it seriously, watching Shen Qinglan's eyes spoiled, who could think that the

younger sister had grown up, and had such a deep relationship with Fu Hengyi.

"Grandma, my mother would dance when she was a kid?" An An also heard those anecdotes, but he had different concerns from others.

Chu Yunrong smiled softly, "Your mother and mother not only danced when she was a child, she knows more, singing, playing piano, and playing chess, they are all cities." Shen Qinglan was very interested in childhood and wanted to learn everything, Chu Yunrong She also wants to cultivate her daughter's interests and hobbies. Basically, she would ask the teacher to teach her what she wants to learn. Except for the piano that she taught by herself, she asked other famous teachers to teach her. She didn't expect her daughter to become a All-round talent, just want Shen Qinglan to choose one of his favorite ones from these projects for further study. Others should be interested in understanding.

"Wow, my mother is so powerful." An An looked at Shen Qinglan with admiration.

In fact, An An has learned a lot now. He even learned more than Shen Qinglan when he was a child. It was because he learned more. Shen Qinglan worried that his son was tired, so he took a half-month leave. Take him to the military area to relax.

"Sister-in-law, I'll buy you some fruit." Shen Qinglan finally couldn't sit still and stood up and said.

"Qinglan, there are a lot of fruits here." Wen Xiyao said, she produced a lot of people to see her, the ward was filled with fruits, where to buy, but Shen Qinglan had already left.

"Uncle, is my mother shy?" An An looked up at Shen Junyu, his eyes blinked, and asked curiously.

Shen Junyu chuckled, "Yes, your mother is shy."

Shen Qinglan went downstairs to the hospital. Of course she wouldn't really buy fruit. She found a bench and sat down, thinking about what Chu Yunrong just said about her childhood with Fu Hengyi. Still not searching in her memory, she frowned angrily, with some regret.

Originally, there was some concern in Wen Mu's heart that Wen Xiyao's firstborn was that her daughter would be disliked by her mother-in-law. Although the Shen family was not a kind of patriarchal family, she even loved Shen Qinglan very much, but that premise was Shen Qing Lan is a young girl.

Beibei is Shen Junyu's first child and the first great-granddaughter of the Shen family. The big family pays attention to the incense inheritance.

Fortunately, even if Mr. Shen saw Babe without smiling, there was no displeasure at all, her heart was just let go.

The baby princess of the Shen family was born, which was definitely a big deal at the Shen family. Shen Junyu even issued red envelopes to the whole company, and also built a public welfare fund in the name

of her daughter, which is quite universal. One can also see Shen Junyu's love for this daughter.

Wen Xiyao's body recovered very well, and after a week in the hospital, he returned to the Shen family's old house to confine himself.

When Fu Hengyi came back to see the children in Shen's house, Shen Qinglan looked at the envy in his eyes and gave him a sympathetic glance at his son, An'an. It is estimated that your father will betray you again.

Fu Hengyi just had a dim sum. The brothers around him gave birth to daughters, and he was the only one. Ugh!

He sighed and looked at his sister's son with a dismissive look. Can he still exchange goods now?

This scene happened to be taken into account by Shen Qinglan. She glanced at her stomach, and soon, she could have an early pregnancy test in a week. She hopes to get pregnant this time.

In order to get pregnant this time, she concealed Fu Hengyi's body for a period of time and tried to adjust her body state to the best. One hit, otherwise, according to Fu Hengyi's shrewdness, it was difficult to fool once and twice. Well, if this time is unsuccessful, I don't know when it will be next time.

"Dad, when will you and my mother give me a younger sister?" An An saw enough babies and ran over to hug his father's legs.

Fu Hengyi looked down at his son, "Why give birth to a sister?"

"My mother said I would give birth to my sister."

When Shen Qinglan not far away heard this, the black line on his face didn't mean that the one he loved most was his mother, was it really her son who betrayed her in a flash?

Fu Hengyi looked at Shen Qinglan with a smile, Shen Qinglan looked back calmly, she just wanted a daughter, what's wrong.

Fu Hengyi was helpless for four years. Shen Qinglan hadn't dispelled this idea. He couldn't help but think about whether he should go for an operation and completely cut Shen Qinglan's mind.

Thinking of this, Fu Hengyi did not feel envious, but was thinking about which day was more appropriate recently, and went to the hospital to ask, if possible, he performed the operation without Shen Qinglan.

An An asked Shen Qinglan to help him wash out the photos. He wanted to take it to the kindergarten for quiet viewing.

"Quietly, look, this is my sister, cute?" An An took the picture and showed it quietly.

Quietly frowned, his face was disgusted, "Not good-looking, like a little old man."

An An was not happy, "My mother said that this is the case with newly born children. It will look good when she grows up. It must be the same when you were a child."

"That's not it. When I was a kid, I looked pretty. It wasn't so ugly."

"You are also so ugly, all children are like this, my mother said." An An insisted on his point of view.

"No, no, I'm not ugly." Seeing An An said she was ugly, quietly unwilling.

"Quietly, you have to face the reality. It doesn't matter if you were ugly when you were a kid. You are beautiful now." An'an comforted quietly like an adult.

But Jing Jing didn't feel comforted at all, she remembered that An An said she was ugly, "Huh, smell An An, I don't care about you anymore." Jing Jing said, turning her back, regardless of An An She said nothing.

In the evening, Shen Qinglan came to pick up her son. When she saw An An feeling a little sullen, she couldn't help but ask, "An An, what's the matter?" The child likes to tell her something when it happened in the kindergarten, but today it was exceptionally silent.

"Mom, quietly ignore me, she said not to be my girlfriend." An An sighed.

Shen Qinglan raised her eyebrows, "Oh? Because of what?"

"Today I showed her a picture of her sister. She said that her sister was so ugly. I said that she was so ugly when she was a child. She was angry."

Wen Yan, Shen Qinglan chuckled, silly son, you said that other girls look ugly, can they not be angry?

"Quietly so beautiful, how can you say that parents are ugly?"

"But that was when she was a kid. I didn't say that she is ugly now. Why is she angry? Isn't what I said true?"

Shen Qinglan's black line, isn't your small mouth usually quite sweet, and those uncles and aunts, grandparents and grandmothers are coaxing and laughing, how come they don't understand it now?

"An An, girls are to be cared for, even if people really look bad, you can't say that their parents are ugly, which will make people sad, you know?"

An An sighed, "Oh, you girls are really in trouble, and they need to be coaxed."

Shen Qinglan looked at him funny, "Do you still want a younger sister? Isn't the younger brother better?"

Unexpectedly, An An shook his head, "Brother is not good, or sister is good, although the sister is a girl, you want to coax, but the sister is obedient, and the sister is beautiful."

Just like the sister Guoguo of the godmother, she is cute and obedient.

"Mom, when did you give birth to your sister?" Since listening to Shen Qinglan's story about her sister, An An has never forgotten about her sister, although he now has two sisters, but neither of them was born by his mother. , Not a sister, he wanted a sister born to his mother.

"Mom, if you have a younger sister, I will help you bring your sister together, it won't make you so hard."

Shen Qinglan rubbed his son's head, "Okay, my mother must give you a sister." She glanced at her flat abdomen, and she went to the hospital for a check in a few days.

However, she estimated that the possibility of getting pregnant was very high. Although there was no reaction such as drowsiness, but her official holiday delayed a lot of days, but she was not sure, after all, it was the same last time, and the result was only Because her official holiday is unstable.

The next day, when An An went to school, she put a few toffees in her bag. When she arrived at the kindergarten, An An saw quietly, and toffee gave her the first time, "Jing Jing, this is what my uncle gave from abroad. The toffee I bought is delicious. I invite you to eat it."

Quietly ignore him.

"Quietly, I'm sorry, I shouldn't say you were ugly yesterday. In fact, you are not ugly at all. You are very beautiful, as beautiful as sister Guoguo." An An said seriously.

"Do you really think I'm pretty?"

An An nodded, "Although I think my mother is the most beautiful girl in the world, you are the second most beautiful."

Quietly smiled, "Then I will not be angry with you." She took a toffee, "Is it really delicious?"

"Of course, what my uncle bought me was delicious. I like it, but my mother said that if you eat too much, you will get tooth decay, so you can't eat more quietly. You eat one of these every day." He Give all the sugar quietly, but do not forget to tell.

"My mother said it would hurt if you had tooth decay, so you must not eat more."

After quietly growing tooth decay, naturally knowing this, nodded, "Well, I don't eat much, I will eat one." She peeled a piece of sugar and stuffed it into her mouth, "It's really delicious, An An, thank you you."

An An smiled, you're welcome. In an instant, the two little guys who were arguing yesterday were reconciled.

Digression

These chapters are too sweet and woody, will you have tooth decay?

**528 Chapter 531 Fu Hengyi, I'm Pregnant**

[+ - Turn off Reset](#)

When Shen Qinglan came to pick up his son again from school, he clearly felt that his son was in a good mood. "Is there anything happy to share with my mother today?" Shen Qinglan asked with a smile.

An An smiled, "Mom, I'm reconciled quietly, and I'm quietly not angry anymore."

"Oh? What did you do?"

"I apologized quietly and gave her the milk candy my uncle bought me." An An said truthfully, "Jing Jing said that the uncle's sister is very beautiful."

Shen Qinglan smiled. As long as the children were noisy, she would be on the sidelines. Although she would also give reason to the children, more was left to him.

The first thing for An An to go home is to see the little princess Beibei. The little guy is the same every day these days. An An is very rare. Even Hao Hao who came to see the children at home was thrown aside.

"Sister-in-law," Hao Hao saw Shen Qinglan and shouted with a smile. Shen Qinglan touched his head. "Hasn't been here for a while, have you been busy with your studies recently?" Hao Hao, besides the school courses, There are also various interest classes.

Pei Yining is not willing to let his son learn so much, but he can't bear Hao Hao to like it. Shen Qinglan and Pei Yining are the same on children's education. Whether it's Hao Hao or An An, the interest class is really Children's own interests, children want to learn, parents will not stop, they do not want to learn, they will not force them to learn.

"It's a bit busy indeed, little aunt, I've recently taught myself a junior high school course." Eight-year-old Hao Hao already had the appearance of an adult.

Shen Qinglan raised her eyebrows, "Want to jump?"

Haohao nodded, "Yes, but my mother disagrees. She hopes that I can finish elementary school step by step, but the children in the class are too naive, and I will teach the teacher what I am going to do."

"Hao Hao, your mother wants you to have an ordinary childhood. You can play and play with your classmates and grow together. If you jump the class, the classmates around you will be much older than you. You will feel lonely." Shen Qing Lan can understand Pei Yining's approach, but Hao Hao's children have good IQ and early maturity. In fact, the mental age of children far exceeds that of their peers. Forcing him to be with his peers is actually a very unpleasant thing for Hao Hao.

"Auntie, I know, but I really don't like the current class, they are all older children, but the things they do

are so naive, and I feel that wasting time on the knowledge I have learned and mastered is A very boring thing." Hao Hao looked seriously.

Shen Qinglan raised her eyebrows and thought for a while, "Well, I will help you persuade your mother about this matter."

Haohao immediately smiled and hugged Shen Qinglan, "Auntie, you are the best." At this time, he had a little childlike innocence.

Shen Qinglan smiled slightly, "Aren't I usually okay?"

"My aunt has always been very good, I like my aunt the best." Hao Hao's mouth is sweet.

Pei Yining came down from the stairs and saw Hao Hao holding Shen Qinglan's coquettish look, which was a bit tasteful. This kid talked to her like a little adult, only when facing Shen Qinglan.

"Cousin." Shen Qinglan yelled, Hao Hao withdrew from Shen Qinglan's arms, frowning at Shen Qinglan, Shen Qinglan gave him a reassuring look.

"Mom, aunt, I'll go up and see, sister and brother." Hao Hao said, and ran upstairs, Pei Yining looked at Shen Qinglan, "What did this stinky boy tell you?"

Shen Qinglan laughed, "How does cousin know that Hao Hao told me something."

"This kid was raised by me. What can he think I can't be clear? It must have told you what he wanted to jump."

Shen Qinglan did not deny, "Cousin, I think it's better to jump to Hao Hao, his mind is more mature than his peers, you are tough to let him be with his peers, he is not happy, which is not consistent with your original intention. what."

Pei Yining sighed, "I understand what you said. Recently, I had discussed with Chen Xi. I waited a few days and went to school to do this, but I didn't tell the kid."

"Hao Hao will be very happy if he knows."

"Ah, I actually hope he can have a simple and happy childhood like ordinary children." Pei Yining smiled bitterly.

"Cousin, in fact, Hao Hao should be the one who is happy or not. He doesn't like the life like this now."

"Yeah, forget it. Just follow him. He feels good. The child is older and I can't control it." Pei Yining sighed.

When Shen Qinglan saw that Pei Yining had already made a decision, he naturally would not say anything and shifted the topic, "Cousin, do you and Chenxi have a plan to have another child?"

Speaking of this, Pei Yining was depressed again, "I wanted to give birth, but Chen Xi wanted to wait, worrying that having a baby as soon as they got married would cause Hao Hao to have bad thoughts. You also know that Hao Hao is more sensitive. "

"Your parents who don't have Chenxi now have no opinion?" Jiang's father, Jiangmu, was not very willing to marry Pei Yining to Jiang Chenxi. If Pei Yining did not have children after marriage, I am afraid that Pei Yining's life would not be too comfortable.

"Chenxi had discussed with his parents, and I don't know how he communicated with his parents. After getting married, his parents didn't talk about this."

"Actually, you can discuss this matter with Hao Hao, he will understand." Shen Qinglan said, Hao Hao child is precocious, as long as the communication is good, there will be no problems.

"I told him this before. Although he didn't say anything on the surface, I could feel that his heart was a bit lost. Qinglan, I was really worried that Hao Hao didn't like it if he had a baby. This....."

It has been reported in the news that many bosses do not like the second child, and even do something that hurts the second child. She was frightened every time she saw it. Although Hao Hao was not such an extreme child, she would not do such a thing, but she also I don't want Haohao to be sad.

"Cousin, I think you are too worried. I know Haohao, he can understand, and he will be a good brother." Shen Qinglan was determined, from Hao Hao's attitude towards An'an. Isn't it because Hao Hao is good for An'an?

"If you don't know how to talk to Haohao, I can go talk to Haohao." Shen Qinglan said, in some ways, she and Haohao get along more like friends, many words Haohao will not Pei Yining said that he would tell Shen Qinglan.

Pei Yining also understood this, so he nodded, "Well, you can talk to him, I really think that the bigger the child, the more secrets he has. Yes. He said more to Chen Xi than to me."

Shen Qinglan smiled lightly, "That's why you always treat him as a child. If you treat him as your friend, you will find that communicating with Hao Hao is actually no trouble at all."

Pei Yining thought about it seriously, maybe it was like this, but he couldn't help but smile, "Forget it, don't say me, how about you, do you and Hengyi plan to have a second child?"

"Already in the effort." Shen Qinglan smiled with an eyebrow.

Pei Yining was pleasantly surprised, "Really? That's really great. It's better to have a daughter this time and put together a good word, then all the children will be."

Shen Qinglan is also looking forward to it.

At night, Haohao didn't want to go home, and wanted to live in Shen Qinglan's house. Pei Yining agreed, "Qinglan, Haohao will trouble you to take care of these days."

"Cousin, rest assured."

Hao Hao stayed, and the most happy thing was An An, even Shen Qinglan didn't want it anymore. He took Hao Hao to take a bath.

"An An, don't you really need your mother to help you?" Shen Qinglan was a little worried, and An An hadn't taken a bath by himself.

"Mom, I don't need you to help me, there is a brother." An An shouted to the door.

"Hao Hao, are you okay?"

"Yes, Auntie." Hao Hao has been taking a bath alone for a long time, which is not a problem for him at all.

Shen Qinglan didn't leave either, but waited for the two to come out in An'an's room. If there were any problems, they would appear in time, but they only heard the noise of the two brothers. Shen Qinglan didn't stop. He took a book, which was brought by Hao Hao. It was a junior high school math book. Looking at the notes above, he can see that he has understood this knowledge.

Haohao doesn't like young children, but he is very good for An'an. When he was with An'an, he was also a big brother who would take good care of others. Shen Qinglan's waited for nearly an hour and had enough two little guys to play. Only then came out slowly from the bathroom, the first came out of An An.

"Huh, mom, why are you still here?" An An was puzzled when she saw Shen Qinglan.

"Is it washed?" Shen Qinglan didn't answer the question.

An An nodded, "Mom, my brother and I have finished washing, but there is a lot of water on the ground, and my brother is cleaning."

Shen Qinglan had expected it, and got up and walked into the bathroom and saw Hao Hao wiping the floor with a towel.

"Hao Hao, let me come."

"Sister-in-law, I can." He stained himself, and of course had to clean it himself. Shen Qinglan stepped forward and brought the towel over. "It's fine if your aunt comes. Your hair is still wet. Go dry your hair first. Don't catch a cold."

"Okay, thank you aunt."

Shen Qinglan smiled softly and quickly cleaned the bathroom. When he went out, Haohao was blowing hair to An An. Shen Qinglan stepped forward and took the hair dryer, "I will come, whoever comes first."

"Let the younger brother come first, not let the younger brother catch a cold." Hao Hao said first.

An An's hair was already almost blown. Shen Qinglan dried it a few times at random, "Hao Hao came."

Haohao sat down in front of Shen Qinglan. Shen Qinglan's fingertips passed through Haohao's short hair. His hair was very soft. Unlike An An, An'an's hair was more rigid than Fu Hengyi's. .

"Okay, you hurry up and get up tomorrow morning. I will take you to climb the mountain."

"Okay, you can go out and play." An An was very happy. "Mom, you go to bed too. My brother and I are going to sleep."

Shen Qinglan looked at his son with a smile and saw that they had already laid in bed and turned to leave.

Early the next morning, Shen Qinglan ran back in the morning and saw that the two little guys had dressed and sat at the table for breakfast.

"Mom, hurry up." An An urged.

"Don't worry, mother will change clothes first, you eat first."

Shen Qinglan changed her clothes and ate a bite in a hurry, "Go."

The mountain is where she often came to sketch, right in the west of the city. Because it is a holiday, there are many people who come out to climb the mountain, and there are children like her.

"Two fat, hurry up, otherwise you will not be able to catch up with your brother." An An urged the second Erha at home. Er Fat followed Shen Qinglan and was already breathing heavily. This dog is too fat, does not like sports, and has poor physical strength.

Originally, Shen Qinglan didn't want to take the dog out, but before going out, the two fat bites An'an's trousers. Shen Qinglan saw it and brought it out together.

"Brother, you wait for me." An An said to Hao Hao who had already walked in front. Others had short legs and could not crawl fast. One was careless and sat directly on the ground. He looked at Haohao in a daze, his face full of grievances.

Seeing this, Haohao turned around and pulled An An up, patting the dust on his clothes, "I'll pull you away."

An An immediately frowned, "Thank you brother."

Shen Qinglan followed behind, strolling in court, holding a SLR in his hand, taking two photos from time to time, most of them were two children.

"Hey, do you also like climbing mountains?" A man in sportswear stepped up and talked up. He had been paying attention to the girl for more than ten minutes. It was not only curious to see her walking slowly.

Shen Qinglan nodded. Her hobby for mountain climbing was average. She wasn't particularly fond of it, but she didn't hate it either.

The man looked at the camera in her hand again, "You are still a photography lover." The value of this SLR in Shen Qinglan's hand is not low, especially the lens. The lens alone is tens of thousands, and the configuration is very good. Very professional.

Shen Qinglan didn't like to take pictures before. Since An An was born, she has started to study photography techniques. Many of An An's photos were taken by herself. After several years of research, Shen Qinglan's photography techniques are considered professional.

"Well." Shen Qinglan looked faint.

"What a coincidence, I am also a mountaineering enthusiast and a photography enthusiast. I didn't expect that our hobbies and hobbies are the same. Are you out of the mountain alone? Do you want to be together?"

"No..." Shen Qinglan just said a word, and An An, who had climbed halfway up the mountain, shouted at Shen Qinglan, "Mom, you and the two are fatter, and my brother and I will both climb to the top."

Shen Qinglan petted and smiled, "Okay, come soon."

The man looked at her in surprise, "Are you married?"

Shen Qinglan nodded, nodding.

The man was a little embarrassed, "I didn't expect you to be the mother of two children so young, I

really can't see it." Shen Qinglan's appearance does not look like being twenty-seven years old, at most it is twenty-three. So, although the man just noticed that Shen Qinglan was holding two children with the camera, he didn't connect the child with her, he just thought that it was encountered on the road.

"Sorry, my son is calling me, and I will go first." Shen Qinglan said, speeding up at his feet, and quickly caught up.

The man looked at Shen Qinglan's back with regret, originally thought it was a heaven-sent relationship, but did not expect it to be the flower of the Lord.

The mountain was not high, and soon reached the top of the mountain, Shen Qinglan wiped the sweat to the two children, Erha sat on the ground, gasping for breath.

"Two fat, you should lose weight, you don't see me gasping." An An crouched beside Er fat, educating it. What responded to An An was the cry of Er Chuan.

"Hao Hao, drink some saliva first." Shen Qinglan handed the glass to Hao Hao.

"Thank you Auntie, Auntie, it's so beautiful here." Hao Hao looked at the distant scenery and said, "It's so comfortable here."

"If you like it, let your mother bring you in the future."

"Forget it, because of my mother's physical strength, I must not have reached the top of the mountain. Next time I will ask my father to bring me." Hao Hao said, his father refers to Jiang Chenxi, since Pei Yining and Jiang Chenxi got married, He changed his tongue.

Shen Qinglan glanced at his son and saw that he was still talking to Er Fat, so he looked at Hao Hao, "Hao Hao, have you ever thought about letting your mother give you a younger brother or sister?"

Haohao smiled, "My aunt, did you ask my mother?"

Shen Qinglan raised her eyebrows, "Can't it be Auntie herself who wants to know?"

"Auntie, don't lie to me, my mother must have asked you." Hao Hao looked through all the expressions.

Shen Qinglan laughed, "Well, it was your mother who asked me to ask, but the aunt also wanted to know, so can you tell the aunt what you think?"

"Auntie, I was not willing at first. There was a kid in our class. He was just like me. His father was not his father. His father and mother gave birth to another child after he got married. Very bad, often scolded him, and even beat him, and his mother did not help him."

"So you are worried that it would be bad for your parents to have other children?" Shen Qinglan asked

softly.

Haohao nodded, "Yes, but then I figured it out. Chenxi's father was so good to me. Even with other children, he would not treat me like the classmate's father."

What Jiang Chenxi said to Hao Hao, they all looked at them. Perhaps after his own child was born, his heart might be biased, but I believe it will not be any different.

"Then did you tell your mother or your father Chen Xi?"

Haohao shook his head and blinked mischievously, "Little aunt, my mother always treats me as a child, thinking that I don't understand anything, it will be a child's temper, but it's not true, I understand it in my heart, I'll wait for her to come ask me."

Shen Qinglan chuckled and reached out to touch his head. "You, you don't know how worried your mother is. If you have the opportunity, remember to tell your mother what you think, otherwise she will be very worried about you."

Haohao nodded, "Little aunt, to be honest, in fact, I still want a younger brother or younger sister, as long as my mother does not want me to say anything."

"It's such a silly boy. You were born from your mother's hard work, and she was brought up by one hand. Why don't you give it to you."

Haohao leaned on Shen Qinglan and squinted, "Well, I know, I love my mother very much." The older he is, the more clearly Haohao feels how wronged his mother has been in order to give birth.

"Auntie, when I go back this time, I will talk to my mother."

Shen Qinglan touched Haohao distressedly, distressed for the child's precocity and sensibleness, "Your mother is very lucky that you are such a distressed her son."

"My aunt is also very lucky. I have such a lovely son."

"Well, you are all little angels." Shen Qinglan smiled slightly. She looked back at the son who was still educating the dog, and her eyes were full of smiles.

MD, slum.

A figure flew through the night quickly, a gunshot sounded from time to time behind him, the bullet fell at his feet, he flashed quickly, and turning back to the chasing soldiers behind him was a burst of fire, and several screams in the dark night .

The sound of the gun broke, and he quickly turned around and ran, "Hurry up, you can't let him run."

The gunshots behind him became more and more intense. He just wanted to continue shooting, but he found that the pistol was no longer bullets. He threw the pistol and accelerated the speed. The figure shook left and right, and the bullets hit the ground or the wall. He was like a slippery loach, and fled quickly under the cover of the night.

"Eden, stop, I will shoot if you run again." Someone shouted at the figure behind him.

A touch of disdain flashed in Eden's eyes. Are you feeling that you are not shooting now? I'm a fool so I won't run. He secretly thought that he was also scolding his mother at the same time. This group of shit plasters chased him all day and night, and it was not over.

"Bang." With a shot, Eden snorted, and in the moment just distracted, his arm was hit.

Fortunately, it is the arm. If it is the leg, it may really fall into the hands of this group of people this time, but the immediate priority now is to get rid of this group of people, otherwise he will be caught up sooner or later because of lack of physical strength.

In fact, his heart is already very dangerous. He was unfamiliar with the surrounding environment, otherwise, he would not be chased by this group of bastards.

Turning over a small alley, a door opened suddenly, and he was forcibly pulled in. When he wanted to shoot, his mouth was covered. "It's me, Su Qing." Eden suddenly shut up and lifted up. His feet were lowered, he slowed his breath, focused on the movement outside, then heard a clutter of footsteps, and then the outside returned to silence.

Su Qing and Eden did not move, but stood on the spot, even the breathing frequency did not change, and soon the footsteps returned.

"No one, where have people gone?"

"It must be still nearby. He was injured and can't run far."

"He didn't hurt his leg again, let you kick, what arm do you hit, you idiot."

"Hurry up and find it. If we can't find it, we are all waiting to be punished by the boss."

The voice continued into Su Qing and Eden's ears. Su Qing glanced at Eden's arm, and Eden shook his head gently.

Soon, the door was quiet again. Su Qing and Eden waited another ten minutes to confirm that the group of people would not come back again. Su Qing then released his hand covering Eden's mouth.

"Why are you here?" Eden asked. It was really unexpected that he would meet Su Qing this time after being hunted down.

"I'm just passing by," Su Qing said casually. "How about you, how was it chased down this time?"

Eden wouldn't believe her words, but when people didn't want to say, he wouldn't ask anymore, "offended a Taoist boss, I didn't want to save his brother, his brother died, and wanted me to pay my life. ."

Well, this is indeed a good reason.

"This place should not stay long, we have to leave here quickly." Su Qing said.

Eden nodded. Su Qing opened the door, looked around first, and found that the gang had indeed gone, and then said to Eden, "Go."

Eden followed Su Qing and found that she was very familiar with the terrain here and raised her eyebrows slightly.

Su Qing took Eden left and right. Soon I turned to a residential house and pushed the door straight in. "This is my temporary stop, let's live here first."

The house is not very good, even a little dilapidated, but cleaned very cleanly. Eden glanced back at random with a glance.

Su Qing took out a medicine box, "Do you need my help?"

You Eden have taken it out of the medicine box, gauze, tweezers, etc., "No, I can do it myself." The bullet was not deep and did not hurt the bone, he could do it himself.

"Is there a clean cloth?" He asked Su Qing, Su Qing nodded, took a towel and handed it to him, and Eden stuffed it into his mouth, before he began to bandage the wound. It takes only a few minutes from removing the bullet to the wound dressing. Su Qing looked at his skillful movements and raised an eyebrow. "Do you often bandage your wounds?"

Eden's hand paused. "It's not that bad, but the same action has been done for a long time. It's no different between yourself and others. Thank you this time and saved my life."

"No need to thank, you can escape even without me." Su Qing said indifferently.

"You really don't intend to tell me, why are you there?" Eden was curious about this, or he was curious about this person, Su Qing, she seemed to be turning around the world, and she didn't know it was Someone is still running away from the task. Anyway, it won't be traveling around the world. After all,

no matter who is traveling, he won't live in this kind of place.

People who live here generally either hide the trails because of mission needs.

Su Qing looked at him with a smile, "Curiosity kills the cat, you don't have to know it." She was hungry today and went out to buy some food. As a result, she ran into that chase and wanted to sit on the hill and watching the tiger fight, it was found that the person who was killed was Eden. After all, she was Shen Qinglan's friend. She couldn't just sit back and ignore it, so she rescued her.

"You are now my life-saving benefactor, and I care about you." Eden said soundingly.

Su Qing looked at the sweat on his forehead and had a slightly pale face. He stretched his hand and pressed it lightly on his wound. Eden hissed and Su Qing quickly withdrew his hand. "You might as well worry about you at this time. For yourself, I am not injured." He said, and walked around with the medicine chest, "I go to bed first, you will spend the night in the living room."

Eden didn't mind this. He lay down on the sofa casually, closed his eyes, and seemed to have fallen asleep. In fact, he was thinking about the next plan. It's impossible to stay here, although as long as he found Ryan, he would say something like this. 'S chase will not continue, but he can't find Ryan every time he encounters something. He has helped himself a lot. Now that he is temporarily out of the chase of the gang, leaving MD is naturally not difficult for him. It is just because he does not want to save people that he encounters such a thing, which makes Eden uncomfortable.

Thinking of how to give back a big gift in his mind, Eden soon fell asleep. After all, it was a continuous day and night chase, and his body was already exhausted. Maybe it was because she was already familiar with Su Qing and knew that she would not hurt herself, so Eden slept soundly, and even Su Qing didn't find it.

Su Qing looked at the people on the sofa and smiled, "I slept so well, was I not too vigilant or too relieved?" She went to the kitchen and poured a glass of water before returning to the room. There was one more person in the house, she Some are not used to it.

Early the next morning, when Su Qing got up, Eden was awake and was changing herself. Su Qing leaned on the bedroom door. "Doesn't matter if you hurt?"

"Small injury, just a few days." Eden didn't care. "Are you eating? I'm a little hungry."

Su Qing shrugged, "Only bread and milk, do you want it?"

"Yes." Eden said, he didn't care much about what he ate, as long as he could fill his stomach.

Su Qing took the bread and milk, the two sat down to eat, Eden quickly resolved the food, and looked at Su Qing, "I will leave here today, would you like to go with me?"

"What am I doing with you?" Su Qing puzzled.

"If I guessed right, should you be trying to avoid someone? I want to go to the primitive jungle next. There should be a place where you can easily hide your whereabouts. Are you sure not to be with me?"

Su Qing laughed, seeming to laugh, "Are you sure to find yourself a free bodyguard?"

"Well, you are right to say so." Eden smiled.

Su Qing's eyes flickered, "Okay, let's go with you. It's boring to stay here for a long time." She has lived here for some time, even if Eden doesn't say it, she is To leave, after all, the people of that organization have not let her go.

After eating, Su Qing packed up a few necessary things and left with Eden. "Why did you come here this time and provoke the gang?" On the way out, Su Qing asked Eden.

Eden sighed, "Unfortunately, I met a ungrateful guy." He came here because of a former relationship, but he was unexpectedly injured by a gangster in the road, and wanted him to be treated, this gangster Eden, the enemy of Ryan, refused, and then there was this chase.

The person from the gang would never know what he looked like, but the guy who owed his affection had seen him once and gave his portrait to the other party.

"So I can't save people casually." Su Qing teased him.

"Then do you save me this time?"

"Who made you a friend of Qinglan, I would like to stand by and watch, but if you hang up, Qinglan may be sad, I can only shoot." Su Qing said very helpless, it seems that saving Eden really It is because of last resort.

Eden would naturally not believe her words, "It is my honor to be rescued by you because you are a friend with Qinglan. By the way, have you been with Qinglan for a long time?"

"Well, there is no need to meet, I know she is all right is enough." Su Qing said casually, Shen Qinglan now lives happily and happily, her appearance will only cause her trouble, so why should it appear.

"Actually she has always been worried about you." Eden said.

"Then don't tell her my situation. If you really want to say it, just say that I am on vacation."

Eden slightly stunned, "I'm actually curious about one thing, are you Qin Mu?"

Su Qing's pace didn't change. "Why do you think I am her one by one? Is this important?"

Eden smiled, "It's not very important, just curious about Qinglan's attitude towards you. If you really are Qin Mu, then everything is explained. In Qinglan's mind, Qin Mu is her most important person. It is probably Qin Mu except her child and her husband."

"You have time to think about this, it is better to think about how we can hide our whereabouts and leave here." Su Qing shifted the topic, the name Qin Mu, since it has disappeared in this world, then there is no need to appear again, and now survive The person called Su Qing.

"Isn't this your business?"

Su Qing sneered, "Do you really treat me as a bodyguard?"

"We call this a partner." Eden smiled.

On the second day after they left, there were a few uninvited guests in the house where Su Qing originally lived. The man looked at the empty house and his face was somber, "Let me continue to look for it and bring me back when I find it."

"Boss, can't you hurt?"

"Just keep your breath."

"Yes."

The man smiled, "Su Qing, if you run like this, it makes me want to break your leg."

These Su Qing will not know, at this time she is taking a risk in the jungle with Eden.

At the end of the holiday, Hao Hao returned to his home and An An returned to school. After Shen An sent An An to the kindergarten, he drove to the hospital, but did not expect to meet Han Yi and Yu Xiaoxuan at the door of the hospital.

Yu Xiaoxuan walked angrily in front, Han Yi followed behind, smiling flatteringly, "Xiaoxuan, go slowly, don't go so fast."

Yu Xiaoxuan rolled his eyes, "Han Yi, I don't want to see you now, you better disappear from my eyes." As soon as she turned her head, she saw Shen Qinglan, and immediately ran towards Shen Qinglan, "Qinglan ,How will you be here?"

Shen Qinglan raised her eyebrows slightly, "I'll do a physical examination."

"Are you uncomfortable?" Yu Xiaoxuan asked.

"No, it's a routine medical examination." Shen Qinglan looked at Han Yi. "What are you doing?"

Yu Xiaoxuan's face was black when he mentioned this matter, "Qinglan, I will tell you about this matter again, I will go home first." He said, without looking at Han Yi, he turned and left, Han Yi It was too late to smile at Shen Qinglan, and he followed.

"Xiao Xuan, you go slower, I'm wrong, it's all my fault, you wait for me." Han Yi shouted at Yu Xiaoxuan, but Yu Xiaoxuan accelerated his pace.

Shen Qinglan shook her head and smiled. The pair of happy friends would make a little noise from time to time. She was used to it and didn't care. She walked into the Obstetrics and Gynecology Building.

After getting the inspection report, Shen Qinglan lightly tickled his mouth, took out his mobile phone and called Fu Hengyi.

"Qing Lan." Fu Hengyi's voice came low and magnetically across the phone.

"Are you busy?"

Fu Hengyi glanced at the officers standing in front of him, "No, not busy."

"Fu Hengyi, I tell you one thing." Shen Qinglan paused, saying word by word, "I am pregnant."

Digression

Um, you have long awaited the second child.

"The True Colors of the Military: Very Little Too Much To Taste" Ying Xia

How much I loved this land at the beginning, but now I just hate it.

-Qin Man

She once betrayed the troops, and finally betrayed by her men and women, and was betrayed by her men.

At that time, the most prestigious captain of the Qin Brigade in the 9th district became a recruit and even the most coquettish crying Miss Qin did not say, even became a "male soldier"?!

When everything comes back, she fights for glory with men's clothing!

In the bloody military brigade, when she returned to the peak step by step with sweat and tears, she finally understood the ignorance and innocence of that time.

But, can the unpredictable instructor in front of you please let me give up?

"Not good!" Someone walked up to the dormitory with her arms around her and said with a smirk: "You have left me for too long, you have to compensate me."

Well, life is long, it seems good to have such a person with her.

[This article is disguised as a man, a bloody military, welcome to jump pits!

**529 532 Two pregnant women**

[+ - Turn off](#) [Reset](#)

"Fu Hengyi, I tell you something." Shen Qinglan paused. "I'm pregnant."

Shen Qinglan heard the sound of the cup falling to the ground clearly. She touched her nose and looked innocent. Sure enough, Fu Hengyi was scared by her.

In the military district office, Fu Heng Yi stood up from the chair with a shocked look, and the tea cup on his hand was directly brought to the ground by him, shattered the ground, and scared several other officers present.

"Captain, what's wrong?" Meng Liang said.

Fu Hengyi took the phone away, and said to them a few, "The training will change again, you will give your opinion to Meng Liang for summarization."

"Ok."

Several people left the office. Before leaving, Meng Liang glanced at the phone in Fu Hengyi's hands. He was very curious about what Shen Qinglan had said to Fu Hengyi. It made him react to the captain who had never been surprised.

No one in the office, Fu Hengyi said in a deep voice, "Shen Qinglan, I need you to give me an explanation." His complexion has turned from shock to gloom, in a short time, he has figured out the key to the matter, every time He has done safety measures, and Shen Qinglan cannot get pregnant. The only explanation is that she moved.

Shen Qinglan knew he would be angry, but now she has the sword of Shang Fang, without any worry, "Fu Hengyi, you are going to be a father again, are you not happy?"

"You wait, I will come back now, are you at home or in the hospital?"

"Hospital." Shen Qinglan said truthfully, and she called Fu Hengyi as soon as she got the result.

"Stay waiting for me in the hospital, not allowed to drive." Fu Hengyi shouted, and then hung up the phone.

Shen Qinglan just wanted to say that she could drive back by herself, so she was hung up. She looked at the black screen. In order to avoid fueling the fire, she returned to the car and sat waiting for Fu Hengyi to arrive.

Fu Hengyi drove the car into an airplane along the way, with a somber face, all with a cold breath, and the situation of Shen Qinglan's production day continued to appear in front of him. Like the slow motion of the movie, he played back and forth in his mind cyclically, and his breath was colder.

Stepping on the accelerator at the foot of the car, the car flew out in an instant, attracting a scolding voice, all left behind by Fu Hengyi. He now just wanted to see Shen Qinglan immediately.

Shen Qinglan waited for nearly an hour, and Fu Hengyi appeared in front of him. Through the car window, he looked at the man with a sullen face outside the window. Shen Qinglan hesitated a little, that, it seemed that he was not angry, is it really okay to continue now?

But no matter what, the face should still be faced, Shen Qinglan opened the door and got off.

Fu Hengyi looked at her calmly. The expression on her face did not improve at all. Shen Qinglan knew that this would happen. She stepped forward and took Fu Hengyi's dress hem. "Fu Hengyi, I am pregnant, and you are going to be a father again."

Fu Hengyi froze, but his eyes unconsciously softened a little, "You deliberately."

Shen Qinglan nodded generously, "Yeah, I deliberately." Fu Hengyi knew about the second child she wanted, but he just didn't want to cooperate with her, so she could only take some special measures.

Fu Hengyi endured his patience, after all, he slapped a slap on her buttocks, but his strength was not heavy. Shen Qinglan's face was red, and he stared angrily at the person in front of him, "Fu Hengyi, you... .."Fortunately, no one noticed them, otherwise she would lose her face.

"Is it reasonable?" Fu Hengyi asked softly.

Shen Qinglan breathed out in an instant, so what, this man is now in a hurry, it is better to say a few words.

"Get in the car." Fu Hengyi opened the door and said coldly, Shen Qinglan obediently climbed in.

Going back was completely different from when he came. Fu Hengyi drove the car to speed. Shen Qinglan looked at one car after another and couldn't help but said, "Fu Hengyi can actually drive faster."

"It's dangerous to drive fast," Fu Hengyi said lightly.

In this situation, how fast is it 60 yards, how dangerous can it be?Shen Qinglan thought lightly, but she didn't dare to say this. The man in front of her was now a volcano to be erupted, and she didn't want to be affected.

Usually one hour by car, Fu Hengyi drove hard for two and a half hours before driving home.And along the way, Shen Qinglan didn't even say a word, she knew that Fu Hengyi would have time to digest.

After the car entered the compound, Shen Qinglan could clearly feel the anger on Fu Hengyi's body dropped.She opened the door to get off, "Wait." Fu Hengyi shouted.

After Shen Qinglan's movements, Fu Hengyi opened the door, came to her side, opened the door, and extended his hand, "down." Shen Qinglan black line, will this man be too nervous?

But still put his hand on Fu Hengyi's hand.

"Are you still angry?" Shen Qinglan asked him with a smile.

Fu Hengyi glanced at her lightly, her eyes clear, Shen Qinglan was funny, "Well, then you continue to be angry, I will go in first." After that, he turned around and left, leaving Fu Hengyi standing alone with a black face.

Shen Junyu came to give Shen Qinglan and An'an something to eat. This is a dessert that Chu Yunrong studied for most of the day. The taste is not bad. Let him send it. As a result, he saw Fu Hengyi pestle at the door. I don't know what to think. .

He stepped forward and patted him on the shoulder. "Was you standing here as a door god?"

Fu Hengyi gave him a cold look and lifted his foot away. Shen Junyu touched his nose, his face inexplicable, what's wrong? Such anger, or what did Shen Qinglan do to make him angry? If this is really the case, then Shen Qinglan has caused a lot of trouble, didn't you see Fu Hengyi's black-faced face?

He looked at the dessert in his hand, um, is he good to go in now, or go back first? Fu Hengyi will not be angry with Shen Qinglan, but it is not necessarily to others.

"Heng Yi, how did you come back?" Master Fu was surprised to see Fu Hengyi. Today is not a day for Fu Hengyi.

"Some things come back to deal with." Fu Hengyi said lightly, did not say about Shen Qinglan's pregnancy.

At this time, Shen Qinglan had gone upstairs to change her clothes. Every time she returned from the hospital, she had to change her clothes first.

Fu Hengyi lifted her foot upstairs, and Shen Qinglan had just come out of the cloakroom.

"Do you feel uncomfortable?" Fu Hengyi asked.

Shen Qinglan chuckled, she knew that this man was finally reluctant to be angry with her, and shook his head, "No, the month is still small, no feeling." She stepped forward and hugged Fu Hengyi, "You are going to be a father again. You should be happy."

Fu Hengyi honestly said, "I can't be happy." As soon as he thought of the ghost gate that his wife was about to face again, his heart was terrified, and there was no trace of happiness.

Shen Qinglan sighed slightly and patted his back, "Don't be so nervous, it's okay, every woman is coming like this, do you think they have something to do?"

"Others are others, you are you, can you be the same?" Fu Hengyi said.

The black line at Shen Qinglan's head, "Will that cause you to let me take it off?" Her words were just a joke, but she didn't expect Fu Hengyi to seriously consider this question, "If your physical conditions allow it." His expression is serious, without any hint of joking.

When Shen Qinglan saw him like this, the smile on his face gradually faded, "Fu Hengyi, I only allow you to have this one time, and immediately dismissed me. This is the child we finally hoped for, and I will give birth anyway. Under it, whether you agree or disagree. This is a life, and we cannot deprive it of the opportunity to come to this world without permission."

"Qinglan, no one's life is more important than you." Fu Hengyi said firmly.

"You." Shen Qinglan was annoyed, but more distressed. This man was dedicated to her. She was neither

angry nor angry.

Fu Hengyi, miscarriage is no less than the danger of production, don't you worry that if this child disappears, it will cause irreparable harm to my body?"

Fu Hengyi hesitated, and Shen Qinglan continued to work harder, "Grandpa is old and he always hopes that we can have a child. Although he never said that, but I can see it. I want to satisfy his wish in his lifetime. And An An also needs a companion."

Fu Hengyi also sighed deeply, "Qinglan, I just worry about you."

Shen Qinglan nodded vigorously, "I know, Fu Hengyi, take it easy, you listen to me, there is really no problem this time, the doctor has checked me, the fetus is in good condition, there are no problems, and this time I will not let anyone act on me, and I will definitely be able to give birth to our child. I hope she is a daughter. Well, it's better to look like me, and then be as clever and obedient as An An. Daughter, Shen Qinglan did what she liked, and tempted him with her daughter.

"Where did that stupid boy obediently obey?" Fu Hengyi vomited his son, but his face calmed down completely. If he looked closely, he still had some expectations in his eyes.

Shen Qinglan knew that he was not angry anymore, smiled slightly, and hugged him tightly, "Fu Hengyi, I feel so happy. Having the crystallization of love with you again, I think my life is perfect."

Fu Hengyi hugged her tightly, "This time I will keep your mother and daughter safe and will never let anyone hurt you." He solemnly promised, Shen Qinglan said, "Okay."

At dinner, Master Fu knew that Shen Qinglan was pregnant again. His old face smiled and became a chrysanthemum. "Good, this is good news. Qinglan girl, thank you, thank you." The old man said sincerely. He knows that many young girls are reluctant to have children. Shen Qinglan not only gave him a big fat grandson, but now has to give birth to a second child. This is the blessing of their old family.

"Qinglan girl, do you feel uncomfortable?" Mr. Fu asked with concern. When he was in Huaian, Shen Qinglan's early morning sickness reaction was very serious. The whole person was thin, and Mr. Fu still has a fresh memory. What.

Shen Qinglan laughed, how could these two treat her as a porcelain doll, "Grandpa, I'm fine, there is nothing uncomfortable."

Master Fu was not at ease, "Ching Lan girl, if you are uncomfortable, you must say it, but don't bear it."

"Grandpa, I know." Shen Qinglan said with a smile.

"Mom, do you really have a baby?" An An looked at Shen Qinglan's stomach with surprise.

Shen Qinglan nodded with a smile, "Yes, there is a baby in my mother's belly, are you happy?"

An An did not say happy or unhappy, but asked first, "Is it sister?"

"That's not a sister, are you upset?"

An An little brow tightened, thought for a moment, and said seriously, "I am the happiest sister, but if it is not my sister, then I will be reluctantly happy." This made the people on the table laugh.

Fu Hengyi glanced at his son, "Eat first."

"Oh." An An sat well, but his eyes looked at Shen Qinglan from time to time, and even the grains of rice fell on the dining table. He didn't find it anymore. Finally, Shen Qinglan couldn't stand it anymore and said, "An An eats first."

An An saw her mother's speech and immediately lowered her head to concentrate on eating.

After eating, An An could not wait to hold Shen Qinglan's hand, "Mom, you let me see my sister."

Shen Qinglan laughed, "How do you know it is a sister, in case it is a younger brother?"

"My instinct tells me that I am a sister, and mother, I am very clever, you see aunt gave birth to a sister." An An looked proud.

Shen Qinglan looked funny and sat down on the sofa with the power of An An. An An looked carefully at Shen Qinglan's stomach, "Mom, can I touch it?"

"Now the baby is still too small to see, you can't even touch it."

"But I still want to touch." An An looked at Shen Qinglan with a longing look, this is his sister, not the same as Beibei and Guoguo.

"Okay, you touch it." Shen Qinglan leaned back slightly. An An carefully put his hand on Shen Qinglan's stomach and touched it for a long time, then looked at Shen Qinglan doubtfully, "Mom, I really can't touch my sister."

"Of course I can't touch it now. You can touch it when your sister grows up after three months."

"Okay." An An was a little disappointed, but in a blink of an eye he was excited. "Mom, I will have a sister in the future, right?"

"It may not be a younger sister, maybe a younger brother." Shen Qinglan wanted to do ideological work for his son, so that he could be psychologically prepared, so that he would be disappointed when he was born a son. But obviously, An An is not so persuasive.

"No, it must be sister." An An insisted on his own thoughts.

"Good, younger sister." Shen Qinglan had no choice but to compromise. How could this father and son like girls? Is it because the same sex repels? Shen Qinglan was shocked by his own thought, shaking his head and laughing.

The Shen family quickly learned of Shen Qinglan's pregnancy. Chu Yunrong arrived at the Fu family as soon as he got the news.

Qinglan, An An said you were pregnant, is it true?"

Shen Qinglan thought of her son who was going to the Shen family after eating, but he didn't expect his purpose to be this. "It's true. I just went to the hospital this morning, it's been half a month." She did it early. Early pregnancy check.

"It's great," Chu Yunrong said with relief. She had long hoped that Shen Qinglan and Fu Hengyi could have a second child. After all, only An An was still too lonely.

"If you want to eat or drink anything, tell your mother. Your mother asks Sister Song to do it for you. If you feel uncomfortable, tell your mother."

"Mom, I'm fine. Everything is fine. The sister-in-law is still confinement, you take care of the sister-in-law first." She didn't want Chu Yunrong to leave Wen Xiyao cold because she was pregnant. Maternal mood is very important.

"No, my mother will take care of Xi Yao. Now that the weather is getting hot, this pregnancy is suffering. If you are uncomfortable, don't hide your mother." Chu Yunrong was worried, before when Shen Qinglan was not pregnant, she expected her daughter to become pregnant, and now she was pregnant, and she was worried about her daughter's hard work.

"Mom, I already have experience." Shen Qinglan comforted her, anyway, she still has the son of An An, these things are not familiar, but basic common sense is still known.

"My mother forgot it when she was happy." Chu Yunrong said with a smile. "Your dad doesn't know the news yet. I'll call him later. Tomorrow morning, let Songsao stew you some soup. Pregnant women drink more." Soup is good for the fetus. Well, baby utensils must be prepared." Thinking of this, Chu Yunrong felt that his time was not enough.

Shen Qinglan listened to Chu Yunrong's self-talk, a little funny, "Mom, don't be nervous." She feels that this family is more tense than when he was born in An'an. Deep shadows.

"Okay, my mother is not here anymore. I will go back and prepare. I will come back tomorrow morning and you will rest early this evening."

"Mom, please wait and send An'an back."

"An'an, you can rest assured. There is a mother, and the most important thing for you now is to have peace of mind. How about Hengyi?" Chu Yunrong didn't see Fu Hengyi for a long time, he asked.

"He went shopping for me and hasn't come back yet." Soon after dinner, Shen Qinglan suddenly wanted to eat the small biscuits on Demin Street. Without saying anything, Fu Hengyi left with the car key.

"Well, okay, my mother will leave first. You rest early in the evening. Pregnant women sleep is very important. You must ensure your sleep time."

"Got it, mom, you should take a break soon."

Sending Chu Yunrong away, Shen Qinglan remembered meeting Yu Xiaoxuan and Han Yi at the entrance of the hospital this morning. After a glance, it was already 9:30 in the evening. After thinking about it, I did not call Yu Xiaoxuan. , Or wait to play the next day.

Shen Junyu brought An'an back with a thermal insulation box in his hand, "This is the soup that Sister Song just simmered. If you are hungry at night, drink it, and if you are not hungry, put it tomorrow and let Aunt Zhao warm you up. "

"Brother, don't let Songsao get busy. There are Aunt Zhao and Aunt Liu at home. I can't be hungry. Sister-in-law is more important." Shen Qinglan frowned slightly.

"Songsao stewed soup for Xiyao, which was easy." Shen Junyu said with a smile, "Don't you feel any discomfort?"

Why did everyone see her asking this today?Shen Qinglan smiled, "I'm fine, okay, you go back."

Shen Junyu took a closer look at her sister and saw that she had a ruddy complexion and a good complexion. There was really no problem, and she nodded and got up to leave.

"An An, you should take a bath and go to bed." When someone left, Shen Qinglan looked at his son.

"Good mother." An An was very obedient. "Mom, today I brush my teeth and wash my face without your help."

"Oh? So good." Shen Qinglan was a little surprised.

An An patted her small breasts, "I'm going to be an elder brother right now, and I'm a big kid. These things can't trouble my mother anymore, and my uncle said, my mother is very hard with a baby now, I can't make my mother tired anymore."

Shen Qinglan hugged An An and kissed him on the face. "Mom is not hard." She took An An's hand upstairs and watched An An brush her teeth and wash her face, then changed her clothes and lay on the bed obediently, "Mom, I don't want you to tell a bedtime story today, so go and rest."

Looking at his increasingly clever and sensible son, Shen Qinglan felt a little warm in his heart and touched his small face, "That mother really left?"

An An waved his hand, "Mom go, good night mom."

Shen Qinglan turned off the bedside lamp and went downstairs. Fu Hengyi has put the biscuits on the plate. "Want to eat?"

Shen Qinglan nodded and sandwiched one, "It is still delicious."

"What else do you want to eat? I'll make it for you."

"No, I'm not hungry, but I'm greedy, just get greedy." Shen Qinglan said, she ate a small pancake and stopped eating it. Perhaps knowing that she was pregnant, Shen Qinglan, who didn't feel anything a few days ago, suddenly felt very sleepy. When Fu Hengyi packed herself up, Shen Qinglan was asleep.

Fu Hengyi looked at his wife's quiet sleeping face, hugged her into her arms, lowered her head and kissed her on the forehead.

The next day, when Shen Qinglan woke up, Fu Hengyi was still in bed and did not go to the army.

"Is it really okay for you not to go to the army like this?"

Fu Hengyi shook his head, "It's okay, you matter most."

Shen Qinglan didn't believe him, "Fu Hengyi, go back, I can take care of myself, and there are so many people at home to take care of me, you can rest assured that I will take An'an to see you after two days."

Shen Qinglan knew that Fu Hengyi must have left the army without permission this time.

There was indeed an urgent matter in the army waiting for Fu Hengyi to deal with it, so he did not insist on staying, "Okay, but there must be a call to tell me as soon as possible."

"Well, I know, you can rest assured."

How could Fu Hengyi rest assured that he wished to put Shen Qinglan in his pocket and take care of it from time to time.

"Go to work, my son and I will be waiting for you at home," Shen Qinglan assured.

"If you are pregnant now, don't hug that stinky kid. Pay attention to your body. Don't eat cold. I have put non-slip mats in the bathroom. Walk slowly, and don't jump with An An." Fu Hengyi was not worried. Urged.

Shen Qinglan black line, when did she jump up and down with An An? However, knowing the men's concerns in front of him, in order to appease him, Shen Qinglan agreed to all, "Well, I know, I will pay attention to these."

"Remember, don't hug An An. This kid has eaten a little more recently, in case it hurts or tires you."

Shen Qinglan looked at him faintly. Was this man really not intentional? But this can't be said now, send the man away and say, "Okay."

After all, Fu Hengyi left unconsciously and watched his car go away. Shen Qinglan let out a long sigh of relief and finally gave Fu Hengyi away. The man was too nervous. But the eyes are full of smiles, the husband cares about surpassing the children, which is a happy thing for any woman.

Shen Qinglan turned around and returned to the house. An An had been sent to school by Aunt Zhao. Shen Qinglan had nothing to do and finally remembered Yu Xiaoxuan and gave her a call.

"Qinglan, you are waiting for me at home, and I will come over immediately." Yu Xiaoxuan received Shen Qinglan's call, and didn't wait for Shen Qinglan to say anything. He said it immediately, and then hung up the phone.

Shen Qinglan looked at the hung-up phone inexplicably, a little puzzled. She just wanted to make a phone call and ask her how she appeared in the hospital yesterday. What happened? However, combined with the expressions of Yu Xiaoxuan and Han Yi yesterday, you don't have to think about it and you must know that Han Yi did something that made Xiao Xuan angry.

"Qing Lan." Yu Xiaoxuan hugged her as soon as she saw Shen Qinglan, and she felt wronged.

Shen Qinglan was startled, "What's wrong with this?"

"Han Yi bullied me." Yu Xiaoxuan said in disapproval.

Shen Qinglan was confused, "What's the matter, you tell me clearly." She took Yu Xiaoxuan to sit down on the sofa, and then fixedly looked at Yu Xiaoxuan.

Yu Xiaoxuan lowered his head, "Qinglan, I'm pregnant again, Han Yi, this bastard."

Shen Qinglan raised her eyebrows in surprise. They didn't expect the two of them to be pregnant at the same time. "How many months?"

"One and a half months. Qinglan, Han Yi is a big liar, saying that after giving birth to Guoguo, he will not give birth." Yu Xiaoxuan was aggrieved. The pain when he gave birth to Guoguo now made her feel all over again. Shivering, there was another one in his stomach.

This time, the fear was even worse than last time. I didn't understand anything at the time, and I didn't know what I was going to face. Ignorant people were fearless. There was no fear of it. More was the joy of pregnancy. Not the same. This time she already knew what she was going to face, and she was very flustered.

Shen Qinglan sat quietly listening to Yu Xiaoxuan complaining about Han Yi, saying that he could not get Shen Qinglan's response for a long time, and couldn't help but look at her, "Qing Lan, why don't you talk, is Han Yi not evil? "

Shen Qinglan spoke lightly, "Are you going to take the child out of it?"

"Of course not." Yu Xiaoxuan said subconsciously, "I was angry that he Han Yi lied to me." This pregnancy is Han Yi's long-term plot, using a beautiful male plan, hum.

"That's not it. You won't want this child. What's wrong with Han Yi? Pregnant women's mood swings are too great, especially negative emotions. It's not good for the development of the fetus, and you're not alone. I'm with you How about you."

"Qinglan, you are still kind to me." Yu Xiaoxuan said moved, and then his eyes widened wide, and later he felt a reaction, and looked at Shen Qinglan in disbelief, "Qinglan, shouldn't you... .."

Shen Qinglan nodded affirmatively, "Yes, it's been half a month, Xiao Xuan, we will be mothers again soon."

Yu Xiaoxuan was stunned for a long time, and after a long time, he said, "It's a miracle that Master Fu agreed to have a baby."

Shen Qinglan's black line, with some guilty conscience in her eyes, can't always tell Yu Xiaoxuan that Fu Hengyi hasn't been easy from beginning to end. Is this the child who calculated Fu Hengyi?She reached for the glass in front of her and took a sip of water.

"Did you say you went to the hospital for a medical check yesterday because of this?" Yu Xiaoxuan asked curiously.

"Well, you are a month earlier than me."

"Haha, great, Qinglan, we will be mothers again." Yu Xiaoxuan laughed, very happy.

Shen Qinglan looked at the woman who was crying and laughing for a while, shook her head and smiled, Yu Xiaoxuan was favored by Han Yi, but a bit like Yu Xiaoxuan's parents were still alive.

"Still angry now?"

"I'm not angry anymore. In fact, I was a little scared. It's too painful to have a baby, but now I know you are pregnant, and I'm not afraid anymore." Yu Xiaoxuan said honestly, now she is not only not afraid, but also the next few Yue is full of anticipation, "Qinglan, we can go to the obstetric inspection together and have children together. It would be perfect if we could produce on the same day."

"I am one month younger than you." Shen Qinglan had to remind her of this fact.

"Then let my baby stay in the stomach for an extra month." Yu Xiaoxuan said with a big wave of his hand, and after he had finished speaking, he realized what he had said and smiled.

Shen Qinglan smiled, "When did you have a baby?" She stayed for another month, and she gave the IQ to the baby in the belly because of what she said.

"But Qinglan, I'm a little worried about Guoguo." The smile on Yu Xiaoxuan's face faded. "Guoguo actually rejects a younger brother or a younger sister. She feels that her younger brother and younger sister are here to compete with her. I am worried. She would be unhappy if she knew I was pregnant."

Shen Qinglan lied frowningly, "Have you not passed Guoguo ditch before?"

Yu Xiaoxuan shook his head, "I didn't plan to have a second child at all, otherwise it was Han Yi..."

Shen Qinglan understood, comfort her, "In fact, you can communicate with Guoguo first, she is a sensible child, as long as you patiently explain to her clearly, she will understand." Although Guoguo was somewhat petulant by Han Yi, but Overall, it is definitely an obedient child.

"Well, I talked back to Guoguo, no, this thing should be thrown to Han Yi, and the disaster he ran into should be taken care of by himself." Yu Xiaoxuan said bitterly, obviously Han Yi hadn't lost his breath. What.

"Okay, don't be angry. I'm planning to register for a yoga class for pregnant women after a while. Do you want to be together?" Shen Qinglan shifted the topic.

"It must be." Yu Xiaoxuan said hesitantly, "I certainly can't make myself so fat this time."

"You don't have to go to the crew?"

Speaking of this, Yu Xiaoxuan's face was sullen, "I was going to go, I just received a costume drama a few days ago, and I had to boot up in the past few days. As a result, I was pregnant. If you can give up, it is estimated that the director should scold me."

There are a lot of martial arts shots in this costume drama. In the past, Yu Xiaoxuan played in person.

Now, this physical condition is definitely not in person. She does not want to use a large number of avatars or cutouts to complete a work. She can only choose. give up.

In fact, things like this temporary abandonment still have a great impact on the actor itself, but Yu Xiaoxuan's physical condition is indeed not allowed, and Han Yi has invested a lot of money to compensate the loss of the crew. The director learned that The truth can only be re-elected. After all, Han Yi is a leading company in the media. If he offends Han Yi, it will be difficult to mix up in the future, and no one will have trouble with money.

So when it was revealed that the crew was temporarily replaced, there were no remarks that were not conducive to Xiao Xuan.

"You have been pregnant for a month, how did you find out?" Shen Qinglan asked strangely.

"I haven't noticed that the official holiday has been postponed when I am busy with my work." Yu Xiaoxuan said that if she was too tired at the company and fainted this time, I'm afraid she wouldn't find it. The consequences are really unimaginable. Thinking of this, Yu Xiaoxuan couldn't help but fear for a while.

Shen Qinglan was always aware of Yu Xiaoxuan's careless temperament, and was not surprised by her hindsight. "You."

Yu Xiaoxuan spent the whole day at the Fu's family. It wasn't until after dinner that Han Yi came to pick him up.

"Sister-in-law, Xiaoxuan is not angry anymore?" Han Yi asked Shen Qinglan carefully.

Shen Qinglan shook her head, "It's okay." But she was more curious about how Han Yi tricked Xiaoxuan into being pregnant, but this was the privacy of other couples. Shen Qinglan was curious and wouldn't ask.

"That's good, that's good, thank you sister-in-law."

"The pregnant woman's mood is ups and downs, Xiao Xuan is also self-willed, you usually be more considerate." Shen Qinglan couldn't help saying.

"Now she is my ancestor, what she said is what." Han Yi said.

Yu Xiaoxuan came out of An'an's room and saw that Han Yi still had some noses that were not noses and eyes that weren't eyes, but he didn't breathe with him and didn't go home. See you."

Shen Qinglan nodded with a smile, "Well, be careful on the way back."

Walking out of the Fu's house, Yu Xiaoxuan went straight to the car without looking at Han Yi. Han Yi

followed her step by step. "My wife is still angry."

Yu Xiaoxuan snorted coldly, "I'm so angry, I'm going to be a mother again, I'm not happy yet, how can I be angry with you."

As soon as Han Yi heard this, she knew she was right and wrong, "Wife, if you get angry, you beat me and scold me. As long as you are happy, as long as you don't get mad at yourself."

"Han Yi, you said you did it on purpose, did you think Guoguo was a daughter, so you lied to me to have a son?" Yu Xiaoxuan actually cares about this, and in recent years, Han Zhengshan hasn't heard from them. Bian Niannao, Yu Xiaoxuan really worried that Han Yi was affected.

Yu Xiaoxuan is the most impatient and patriarchal, if Han Yi really has this idea, then she...

"Injustice, my wife, I definitely don't have this idea. I don't have time for the pain." Han Yi shouted innocence. He really didn't have this idea. In fact, this pregnancy was also an accident. It was not designed by him intentionally.

"Really?" Yu Xiaoxuan fixed his eyes.

Han Yi shook his head firmly, "absolutely not."

"I believe you for the time being, but Guoguo there..."

"Relax, Guoguo pays me." Han Yi hugged Yu Xiaoxuan's shoulders and took her to the car. With a light sigh of relief, she finally became angry.

Digression

The day when Fu Ye was scared and frightened

### **530 533 Twins, transfer**

How Han Yi persuaded Guo Guo was not clear to Yu Xiaoxuan, but after Han Yi talked to Guo Guo, Guo Guo did not expressly reject Xiao Xuan's pregnancy, but instead looked at Yu Xiao curiously. Xuan's stomach, asking her some strange questions, Yu Xiaoxuan also knows for the first time that his daughter's brain is boundless.

Some questions were answered by Yu Xiaoxuan, some were really unclear, and he dumped the pot directly to Han Yi, "Ask your father to go, your father knows more and knows everything."

Han Yi looked at someone who was quite at ease in the dumping of the pot, and gave her daughter the

answers to those strange questions.

Compared with Yu Xiaoxuan, who is still pregnant and still surviving in life, Shen Qinglan's days are much calmer. Fu Hengyi calls her every day and asks Shen Qinglan's life this day. What you have done, you have to ask how many meals you have eaten today.

"Fu Hengyi, don't think of me as a child with no self-care ability at all." Shen Qinglan said helplessly.

Fu Hengyi said of course, "An'an is more worry-free than you." Shen Qinglan has been pregnant for two months, and she will go to the second birth examination in a few days.

"I will come back this time, I will accompany you." Fu Hengyi said.

"Okay." If he didn't agree, the man might have to worry more. Shen Qinglan naturally agreed.

Fu Hengyi still came back in the middle of the night and smelled a familiar breath. Shen Qinglan, who was sleeping, suddenly opened his eyes, "You are back."

Fu Hengyi smiled slightly, "Wake you up?"

"No." Shen Qinglan wanted to sit up, and Fu Hengyi quickly stepped forward, "I want to help you get what you want."

Shen Qinglan's movement paused, "I just want to go to the toilet."

Fu Hengyi quickly took a battle bath and quickly returned to bed, holding Shen Qinglan in his arms, "Don't the child toss you?"

Shen Qinglan shook his head. This is really not there. It is probably because she knew that her mother was pregnant very hard. The baby in her belly was very clever this time. She didn't even have morning sickness. She was delicious and sleepy. Sometimes Shen Qinglan suspected that she was pregnant.

"That's good, this kid is obedient."

"I heard that the more noisy in my stomach, the more obedient I am after birth." Shen Qinglan smiled.

Fu Hengyi's eyes were faint, "If he was disobedient after he was born, he would beat him until he was obedient."

"If it's a daughter, are you willing to fight?" Shen Qinglan didn't believe him. The last time An An was beaten, this person still felt distressed for several days.

"The daughter must be obedient." Fu Hengyi said affirmatively.

Knowing that the person in front of him was a daughter slave, Shen Qinglan did not argue with him, "I am sleepy. Go to sleep first."

Fu Hengyi looked at her quietly, smiled slightly, and then closed her eyes.

After An An got up in the morning, he went to Shen Qinglan and found that the door could not be opened. He immediately knew that Fu Hengyi must be back. As soon as Fu Hengyi came back, the door was locked.

Fu Hengyi heard knocking at the door, glanced at Shen Qinglan, who was still asleep, and got up lightly, and it was his own son. He glanced down at An An, and lowered his voice. "Don't go to breakfast?"

An An stretched his neck and glanced into the room, but he saw nothing, so he looked at Fu Hengyi, "Dad, did your mother wake up?"

"Mom is still sleeping, you go to dinner first, and wait for Dad to send you to kindergarten."

"Okay, Dad, then I'll go down first." An An said cleverly, since he knew Shen Qinglan was pregnant, An An seemed to have grown up all of a sudden, and he learned to do a lot of things himself, even before every night. The stories before bed are omitted.

"Come back." Seeing that An'an was leaving, Fu Hengyi called the people back, squatted down and sorted out the messy clothes for An An, and An An buttoned the wrong button.

"Okay, go eat, and Dad will come down immediately."

"Uh huh." An An nodded, crouching downstairs.

"An'an got up?" Shen Qinglan was already awake. Fu Hengyi saw her eyes dizzy and knew she must not be awake. "Well, wait for me to send him to school. You continue to sleep. I will come back to accompany you to the hospital for examination. "

"No, I made an appointment with the doctor. It's not good to be late. Wait for me and send An'an to the kindergarten. We will go to the hospital." Shen Qinglan shook his head and tried to keep himself awake.

To say that the only change after pregnancy is that she became sleepy, even more sleepy than when Huaian.

\*\*

"Doctor, what did you say just now, my wife is pregnant with twins?" Fu Hengyi looked at the doctor in disbelief, and the man who had never been emotional was shocked.

Neither the Shen family nor the Fu family has the twin genes. The probability of Shen Qinglan being pregnant with twins is actually very low. Prior to this, Fu Hengyi had never thought that Shen Qinglan would be pregnant with twins.

"Yes, congratulations to Mr. Fu, Mrs. Fu."

Shen Qinglan's cold eyes were filled with surprise. Hearing the doctor's words, he smiled slightly, "Thank you, but doctor, is your baby healthy?"

"It's very healthy and well developed, but the risk of twins is greater than that of singles. All Mrs. Fu, if you are low, you must have regular birth inspections."

"Ok."

It took a while for Fu Hengyi to recover from the shock. As a result, he heard the doctor say that the risk of twins was high. The eyes were dark and the voice was deep. "Doctor, what do you usually need to pay attention to?"

"Mrs. Fu is already a second child, and there is no special need to pay attention to, but the usual nutrition must be kept up, but it can not make up too much, so as not to suffer from production."

"Doctor, can we choose a cesarean section?" Fu Hengyi was more nervous than Shen Qinglan. The last time he gave birth to a child, it was like that. If two children were born, wouldn't it be more painful.

"Mr. Fu, this is still uncertain, and we will not know until later, if the maternal condition is okay, we still recommend a smooth delivery. It's helpful." The man doctor with a nervous wife like Fu Hengyi has also seen more, knowing his worries, and comforted him, "Mr. Fu, don't worry too much. Mrs. Fu's physical fitness is excellent, and she's a second child, generally There will be no problem."

Although he said so, Fu Hengyi was not at all relieved. He asked the precautions carefully and carefully. Shen Qinglan began to yawn, and he was still "humbly asking for advice" from the doctor.

In the end, Shen Qinglan couldn't stand it anymore and said to Fu Hengyi, "Fu Hengyi, I'm hungry."

Fu Hengyi's words came to an abrupt halt, "Doctor, let's go first."

"I gave Mrs. Fu a little folic acid, you remember to get the medicine."

"Ok."

"If you have any questions, you can call me." The doctor said.

Shen Qinglan took the lead out of the ward, if she did not leave, it was estimated that Fu Hengyi could

continue to rub it inside.

"Qinglan, you go slower." Fu Hengyi looked at her vigorously, her brows were almost knotted.

"Fu Hengyi, I'm only two months now. You're so nervous, how are you going to spend the remaining eight months?" She seriously doubted that Fu Hengyi's prenatal depression must be the same.

"You don't want me to be nervous, then you take care of yourself." Fu Hengyi said, saying, carefully cradling her, "especially the stairs, be careful, wait for us to go to the mall to buy you a few pairs of non-slip shoes."

Shen Qinglan glanced at the arm on his arm and thought about it. After all, he didn't talk to persuade Fu Hengyi again. This man probably didn't recover from the shock just now. Let him go, otherwise he would be more nervous.

After leaving the hospital, Fu Hengyi really took Shen Qinglan to the mall and filled the car's trunk and back seat. Fu Hengyi left the mall reluctantly. Shen Qinglan glanced back at the bag full of cars and looked at Xiang Fu Hengyi's eyes are a little weird. Apart from the shoes and maternity clothes she bought, most of the bags behind are baby products.

Shen Qinglan couldn't bear to remind him what to do if both were boys? This assumption is too terrible for Fu Hengyi. Shen Qinglan forcibly suppressed this idea. Well, both children should be girls, even if not, one man and one woman.

"What, Qinglan is pregnant with twins?!" Mr. Fu heard this and was shocked to sit up from the sofa and looked at Shen Qinglan's abdomen in shock, "Qinglan girl, Hengyi didn't lie to me?" ?"

Shen Qinglan heard the words, funny, "Grandpa, it is true, the doctor said that I am pregnant with twins this time."

"It's great, it's really great." Mr. Fu wept with joy. The family of Fu has always been thin. After Fu Hengyi's parents left, the family of Fu became less popular. His biggest wish was that the children and grandchildren were originally thought. It is already an extremely lucky thing to have two great-grandchildren. I did not expect Shen Qinglan to be a twin.

"Quick, Qinglan girl, you sit down quickly and stand tired. Heng Yi, what are you doing, help your daughter-in-law to sit down." Mr. Fu reached out his eyes and said excitedly.

"Grandpa, don't be excited. The doctor said, you can't be excited."

"Grandpa, I am happy." Grandpa Fu said happily, and then shouted at Aunt Zhao, "Xiao Zhao, hurry up and serve the soup prepared for Qinglan. She has been out for a long time, and she must be hungry. Drink some soup pads and pad your stomach first."

"Grandpa, after coming out of the hospital, Fu Hengyi has taken me to eat."

"You are in a different situation now. The twins consume a lot and you eat more, so that you and your children can be nutritious. In the future, I will ask Xiao Zhao to prepare snacks for you. Just say what you want to eat."

Grandpa Fu couldn't sit excitedly, "You drink soup first, I'll go find your grandpa." He can't wait to share this good news with his old friends.

Shen Qinglan watched the old man's back and smiled, "Fu Hengyi, I haven't seen Grandpa so happy in a long time."

Fu Hengyi yelled, "Thank you, Qinglan, you have been taking care of your family all these years." Grandpa Shen Qinglan is doing his filial piety for him, and these years, the smile on his grandfather's face is more than his past twenty years. I have seen more.

"You and I are a husband and wife, you say thank you, Fu Hengyi, how did I tell you last time?"

"My wife, I was wrong." Fu Hengyi said with a smile, with a good heart.

Fu Hengyi took the initiative to take over the An'an school, and An'an officially began the summer vacation at the end of this week's course. Shen Qinglan was planning to report to him for a summer camp in the past few days, but he hadn't talked about it with An'an yet. Choose the range and show it to An An.

As soon as An An entered the house, he rushed towards Shen Qinglan, "Fu Chenxuan." Fu Hengyi's serious voice sounded behind him.

An An braked in front of Shen Qinglan in a timely manner, and did not jump in front of Shen Qinglan. He did not care about Fu Hengyi behind him. An An's eyes were shining and he looked closely at Shen Qinglan's stomach. "Mom, Dad said you are pregnant Are the two babies right?"

Shen Qinglan pinched his son's white face, "Yeah, are you happy?"

An An nodded first, then frowned, "Happy is happy, but mom, will you be so hard?"

Shen Qinglan was happy for his son's intimacy, "Mom is not hard."

"But my mother can rest assured that I will listen to you more in the future and help you bring your sister so that you will not be so hard."

"Okay, it's really my mother's good son." Shen Qinglan couldn't help but hug An An, but An An pushed Shen Qinglan, "Mom, don't hug me, I'm very heavy and will crush my sister."

Shen Qinglan was so funny that he glanced at Fu Hengyi. Wasn't the man teaching him these words? Fu Hengyi shrugged innocently, these are really not what he taught, and I don't know where this stink boy usually learned, his mouth is so sweet.

An An sat down next to Shen Qinglan in Shen Qinglan and saw the atlas on the sofa, asking curiously, "Mom, what is this?"

Shen Qinglan remembered, "This is a few summer camps that my mother chose. You are about to take a vacation. My mother wants to sign you up for the summer camp. Do you want to participate?"

Shen Qinglan took the album and asked An An, she had already discussed it with Fu Hengyi. This album was collected by Fu Hengyi.

"Mom, what is a summer camp?" An An has never participated in similar activities, and I don't understand them very well.

Shen Qinglan explained it to him, and then asked, "Do you want to participate? If you want to participate, your mother will sign up for you. If you don't want to participate, then we will be at home." She gave An An some choices for some of the puzzles It's not too far from home, or it's not long, just one week to half a month.

"Mom, I want to try it." An An is very explorative of this new thing, and because of the short time, he is not afraid.

"Which one do you want?" Shen Qinglan handed him the album and let him choose it. Because An'an had limited literacy, Shen Qinglan explained to him the difference of each summer camp.

"Mom, I want this." An An pointed to a picture titled "I want to be a small model soldier." The picture is a photo of a child wearing a military uniform, which reminds An An of the group of uncle soldiers that he saw in the Beijing Military Region. .

Shen Qinglan glanced at the age requirement-four to eight years old, An An just met the standard.

Seeing his son's choice, Fu Hengyi flashed a satisfied look in his eyes. Although he had never thought of An'an Huizi inheriting his father's career, if he wanted to be a soldier, Fu Hengyi definitely supported it.

Shen Qinglan didn't expect him to choose this, and she ruled out this first too. "This is going to go for half a month. You will not see your parents in 15 days, and it will be very hard. Can you persist?"

An An nodded hard, "Mom, I can."

"If you go there, you have to do everything yourself, you have to eat your own food and dress yourself, even if you don't like to eat, you have to eat it. You can't be picky. Are you all right?" Shen Qinglan In fact, I don't really want my son to choose this. In the end, she is too young. If she is a few years old, she will not object.

"Mom, I want to go." An An said without hesitation.

"Qinglan, then this is it." Fu Hengyi clapped.

Shen Qinglan thought for a while and nodded, "Okay, but if you go, you can't regret it. You have to insist on not coming back until the last day, you know?" She gave An'an a last chance to hesitate.

"Okay." An An agreed.

This matter is so settled, Shen Qinglan intends to sign up for An An the next day.

"Mom, can you say that sister Guoguo and Jingjing can join together?" An An asked suddenly.

"Sister Guoguo is too young to attend. If you are quiet, you are going to ask her."

"Sister Guoguo can't participate, it's a pity." An An said regretfully, but soon left the matter behind, "Then I'll ask Jing Jing tomorrow, Jing Jing is definitely willing to join me ."

Early the next morning, An An went to the kindergarten happily, but when he came back, he was somewhat depressed, like an eggplant beaten by frost. Shen Qinglan looked at Fu Hengyi, "What's wrong?"

Fu Hengyi shook his head, and he didn't know. It was like this when he received it.

An An enters the door and calls her mother to lie on the couch by herself. Shen Qinglan sits down beside him, "An An, what's wrong?"

"Mom." An An screamed weakly.

"What happened to you? Tell your mother."

"Mom, I'm going to transfer quietly."

Shen Qinglan was stunned, "quietly about to transfer? Who told you about this?"

"Quietly, she said that her father was going to work far and far away, and she and her mother were going with them, so she was leaving here, and she didn't know when she could come back." An An said

sadly .

Today, he happily ran to quietly talk about the summer camp, and then quietly told him that he was leaving. An An learned the news and was sad all day.

Shen Qinglan glanced at Fu Hengyi. Fu Hengyi shook his head. He and Jingjing's father were not in the same army, and his situation was not clear, and he could not pay attention to the promotion of an officer for no reason. Shen Qinglan had no choice but to give up. .

"An An, quietly just left for a while, and will come back later." Shen Qinglan comforted when she saw her son's sadness.

"But mother, quietly said she wouldn't come back." An An's tears twirled in his eyes, quietly his first friend in the kindergarten and the best friend.

"No, Jingcheng is the quiet home. She will definitely come back in the future. Otherwise, mother will ask the quiet mother tomorrow, OK?"

An An blinked and blinked, "Really, Mom?"

"Really, your mother will send you to school tomorrow, and then ask the quiet mother."

"Good." An An nodded.

At night, after sleeping An'an, Shen Qinglan looked at Fu Hengyi. "Can you inquire about how quiet father is?" General military officers in the Beijing Military Region rarely transfer out, especially senior military officers.

"It's just a child, forget it in a few days, you don't need to care too much." Fu Hengyi didn't care, the children are forgetful, now I am thinking, I have a new playmate in a few days, and I must be forgotten to be clean. net.

"Just help me find out what happened." Shen Qinglan said.

The wife asked again and again, and Fu Hengyi would not refuse to make a phone call, but when he hung up the phone, his face was a little bit heavy. "The quiet grandfather was invited in. Malpractice and bribery have been confirmed. The quiet father has not Evidence in this regard shows that he participated, but was also implicated and was transferred to the northwest border."

It is very difficult to squat the border. Such an arrangement is demotion, and for this reason, Shen Qinglan immediately understood the seriousness of the matter.

"There is no room for recovery?"

Fu Hengyi shook his head, "In the past two years, I have focused on this, and I have captured several big tigers, but he just went to the border and was not expelled from the military. Presumably because his hands are indeed clean, this is already the best result. Now."

"It's the poor and quiet child." Since Xiao Jiao was accustomed to being so young, he has to go to the border with his parents now.

After meeting Jingjing's mother for such a long time, Shen Qinglan had some understanding of her family's situation. Quiet father was an orphan. He grew up in an orphanage and went to the army as a soldier when he was an adult. In his army, he gradually became a man beside the quiet grandfather from a small soldier. Because he often went into and out of the leader's house, he met the quiet mother. Over time, the two fell in love with each other. The quiet grandpa is not a janitor, and he agrees when his daughter likes it, but there is only one condition, that is, the quiet dad must enter their house.

Quiet Dad likes Quiet Mom, but he was an orphan anyway, so he agreed, with the support of his father-in-law's family and his own efforts over the years, the future has been smooth, and anyone who had even thought about such a thing happened.

"Everything is impermanent." Fu Hengyi said, calm and calm. He was not familiar with the Jingjing family, but he knew from the son's mouth that there was such a person.

Early the next morning, Shen Qinglan personally sent An'an to school, specifically waiting for a while at the door of the kindergarten, and then waiting for the quiet mother.

"Are you waiting for me?" Jing Jing asked.

Shen Qinglan nodded, "Go away?"

Jing Jing's eyes flashed slightly and nodded.

Shen Qinglan glanced at her sideways, and she really felt a lot of haggardness. "Listening to An An, I am going to transfer quietly."

"Did you all know?" Jing Jing's mother stared at her, her eyes blank.

"Are you referring to the matter of quietly transferring to school or your family?" Shen Qinglan said, his tone not salty or light.

Jing Jing's mother smiled bitterly, "I still don't believe my dad will do such a thing until now, but the evidence is in front of me, and my dad admitted it personally, so I can't believe it." She's relationship with Shen Qinglan Not bad, and these things are not secrets for Shen Qinglan, so she will not hide them.

"Qing Lan, if you want to comfort me, don't say it. In fact, such a result is already good, at least our family can still be together." Jing Jing's mother saw Shen Qing Lan wanted to speak, interrupting her.

"How long will it take?" Shen Qinglan asked.

Jingjing's mother shook her head, "I don't know, maybe I will be back in a few years, or maybe I won't be able to come back in my life." Of course, the fastest way is probably to retire the quiet father, so that you can stay in Beijing, but quietly My father had been a soldier for half his life. He didn't know what he would do except for being a soldier. Now, at this juncture, even if he is transferred to another place, he will not have a good position for him. It is better to go to the border than this. Fight together.

"I don't care, it's mainly distressed and quiet, afraid that she can't adapt to the life there." Jingjing's mother said distressedly, her father went in, her family's relatives suddenly fell into distress, and it would be good if they didn't fall into the well. Not to mention taking care of her daughter, and her husband is an orphan and has no relatives. Most importantly, she is not willing to be separated from her daughter.

"The child's adaptability is better than that of an adult. Jingjing is a strong child and will get better." Shen Qinglan comforted her, but looked pale and weak.

"Thank you, Qinglan." At this time, few were willing to approach their family.

"When are you going to leave?"

"Wait for Jingjing's end of this semester, her dad has already taken a step, to go to Jingjing to contact the new school, and a family to eat and live." Jing Jing said.

"Qinglan, I heard that you will be a mother again soon. I'll congratulate you here first."

"Thank you, if you encounter any difficulties in the future, please call me." Shen Qinglan said seriously.

Jing Jing's mother smiled slightly, "Okay, thank you." After this incident, she also saw a lot of people around her, and was very touched by Shen Qinglan's goodwill at this time.

"It's not too early, you go back quickly, I will go home and continue to pack my bags."

"Okay, wait to call me over there."

Mom quietly nodded.

Shen Qinglan looked at the woman's thin but strong back, eyes deep, and turned back home.

\*\*

"Mom, is Jingjing really leaving?" After school, An An asked Shen Qinglan.

Shen Qinglan nodded, "Yes, quiet dad is going to work in the distance, the quiet family will follow, and will not come back in a short time."

"Why can't his father work here?" An An didn't understand.

Shen Qinglan couldn't talk to a four-year-old about political matters, so she had to say, "Because her father is a soldier, the duty of the soldier is to protect the family and protect the country. Just go wherever you need it, just like your father. I also go to work far away and far away, often unable to go home."

"But mom, I like being quiet, and I don't want to be separated from it." An An's little face was a little sad.

"An An, our people always face parting in this life, and it is not quiet that they will not come back. When you grow up, she will come back, and then you can play together."

"How old will it grow?"

"As old as mother."

"It will take a long time." An An looked lost.

Shen Qinglan smiled slightly, "It won't be long. Quietly a few days away, are you going to see her off?"

"Mom, is that okay?"

"of course can."

"Can I still give quiet gifts?"

"Naturally, you can send anything you want."

When An An heard it, there was a spirit, "Then I think about what to send quietly." Then, he walked upstairs with his short legs, and Shen Qinglan smiled. The child's emotions came quickly. Faster.

A few days later, Jingcheng Railway Station.

An An looked quietly and handed her a delicate box in her hand, "Quietly, this is a gift I gave you."

Quietly the box turned out, the box was not big, just hugged in my arms, "Thank you An An, An An I will miss you." The voice choked a little.

"I will miss you too, quietly, will you come back to see me when you grow up?"

Quietly, Zheng Zheng focused on her head and her small face seriously, "Yes, I will definitely come back to see you. An An, don't forget me."

"I will never forget it." An An said seriously.

Shen Qinglan and Jing Jing Ma looked at this scene, and the mother in Jing Jing was slightly sour, "Thank you for coming to send me."

"Remember to call me when you get settled over there, and contact me often."

"it is good."

The two were speechless.

It was almost time, and the quiet mother said first, "Then I will go first."

"Take care."

"Quietly, we should go." Jingjing's mother stepped forward and took a quiet hand, looking at An'an quietly, "An'an, you must not forget me."

"Woo, quiet, I will miss you, you have to call me." An An cried.

"Okay." The quiet little face was also covered with golden peas.

The quiet mother took her daughter's hand and entered the train station without looking back.

"Mom, can I not leave?" On the train, quietly holding the box that An An gave her, and staring at his mother.

The quiet mother touched her daughter's head, "Quietly, Dad is still waiting for us over there. If we don't pass by, we won't see Dad."

Quietly reluctant to dad, nor reluctantly, he lowered his head and dropped the golden beans hard.

"Quietly don't cry, your mother promised you, and I will take you back to see An'an, OK?"

"Really?" Quietly looked at her mother in tears.

The quiet mother nodded, "It's true, mother talks. The good boy doesn't cry anymore, don't you see what gift An An gave you?"

Quietly, she was distracted and opened the box she had been holding in her hand. Inside was a hairpin, a blue crystal butterfly, very beautiful, "Wow, what a beautiful butterfly." Jing Jing looked surprised.

The quiet mother smiled softly, "Do you like it?"

Quietly nodded his head, "like, An An did not lie to me, he really sent me a hairpin."

Wen Yan, Jing Jing's mother was a little puzzled, and asked her daughter what happened, but it turned out that when she went to school before, An An accidentally broke a quiet hairpin and promised to send her a more beautiful one later.

"Mom, you help me put it on." Quietly took out the crystal butterfly hairpin.

The quiet mother smiled slightly and put on her daughter.

He turned quietly and asked expectantly, "Mom, is it pretty?"

The quiet mother nodded, "Well, it looks good."

"I should also prepare a gift for An An." Jing Jing said suddenly.

"It doesn't matter, when you see you later, you give him a gift."

"Well, my mother was right. When I grow up, I must come back to see An An and give him a gift."

Quiet mother touched her daughter's head, did not speak, looked at the scenery passing by the window, her eyes were full of astonishment.

\*\*

"Mom, do you say you will like the gift I gave quietly?" An An was lying on Shen Qinglan's lap, somewhat listless.

"I will like it." Shen Qinglan said softly.

On that day, An An went upstairs and went to the toy room for half a day to find a satisfactory gift, so Shen Qinglan took him to the mall. An An took a fancy to the crystal butterfly hairpin and said that he had promised to give it quietly. She has a hairpin.

"Mom, I want to be quiet." As soon as he separated, he began to miss.

Shen Qinglan rubbed his son's small head and said nothing. An An continued, "Mom, you said quietly where are they?"

Shen Qinglan really didn't know, "It should have left the capital."

An An looked sad, "Mom, why do you say people must be separated? Uncle Alan is like this, and so is Silent. Why don't they live in the capital?" An An couldn't figure out why he likes to leave. What?

"An An, they didn't leave you. They just went to live elsewhere. Do you think Uncle Allen often sends you gifts? You will also call him."

"But it's not the same. I can't see them." An An confessed to death.

Shen Qinglan had a headache, and didn't know how to explain the topic of parting to a four-year-old child. After thinking about it, he said, "An An, I will come back quietly in the future. I believe my mother."

An An still couldn't keep up the spirit, the best friend left, it was a very sad thing for him, he hadn't come out of that emotion yet.

But soon, An An could not feel sad and sad, because the summer camp that Shen Qinglan registered for him began.

Shen Qinglan packed his things, An An dragged the small suitcase and waved to Shen Qinglan, "Mom, I'm gone, don't miss me."

Shen Qinglan looked at her with excitement and smiled, "When you get there, you must listen to the teacher and don't cry."

"Mom, I am a little man, so I won't cry." An An frowned, having a little dissatisfaction with his mother's distrust.

Shen Qinglan reached out and squeezed his nose, "Well, my little man, if something happens, let the teacher call her mother."

"Hmm, mom, I'm leaving." An An was eager to wait. Shen Qinglan looked funny and sent him to pick up his school bus.

"Teacher, An An is young, I hope you can look after it more, please." An An is the youngest child in the whole summer camp.

"Mrs. Fu is at ease." The teacher said with a smile.

An An waved with Shen Qinglan in the car. Shen Qinglan also waved his hand, watching the school bus leave. Suddenly a feeling of sending his son to serve as a soldier was born, and he smiled and turned home.

Digression

Quietly gone, the "quiet" CP you are looking forward to has, haha (what kind of a vicious stepmother feels, covering her face)
