541 542 He Is the Love of My Life (End) (3)

Wasted his tongue, bypassing him and leaving, "If you think so, then it is." She hasn't paid much attention to other people's ideas.

Tao Ran thought that this was the end, but unexpectedly, she was going to the toilet when she was close to get off work, but heard some gossip about her in the toilet.

"Hey, have you heard? Tao of that technical department turned out to be a mistress who was kept by a rich businessman." A woman whispered.

Another woman heard the words and said in surprise, "No, I usually look at her innocently, how could it be that kind of person, are you wrong?" She obviously did not believe it.

"This is not what I said, it was said by someone from their technical department. And yesterday someone saw a luxury car coming to pick her up from work. It is said that this is not the first time. This kind of news, whether true or false, it's not always possible to be groundless, I think it's true in all cases."

"Don't talk nonsense about this kind of thing without evidence. Tao Ran is usually very good, and it doesn't look like that."

"You're so simple, she's pure when you look at her pure? Tell you, now many rich businessmen like this kind of pure appearance. Who knows how much they let go privately?" The woman disdain.

Another woman shook her head, I still don't believe it. I have contacted her several times. I don't think she is such a person, and there is such a thing. Don't talk nonsense everywhere. After all, people are girls. If this matter were false, how much damage it would cause to the reputation of others."

"I didn't say it everywhere, so I'll tell you about it. However, their technical department is estimated to have spread the word. Even if I don't say it, others will say it. You can wait and see, it won't take three days, the whole company will know. , I think this Tao Ran has also stayed in the company for a while. I heard that she is still the best programmer in their technical department, and she has a very popular relationship. I don't know if it is true or not."

"Okay, less gossiping behind people's backs, in case it is badly affected by someone's hearing. It's time to get off work in another half an hour, and tonight I have an appointment with my boyfriend for dinner, so I have to do the job at hand."

"In the evening I have also invited my girlfriends to dinner, let's go."

The two said, leaving the toilet.

After the two of them left, the door of the compartment opened, and Tao Ran came out with a gloomy face, apparently listening to the two of them completely.

Don't think she knows where this rumor comes from. She returned to the office angrily, grabbed the glass on the table and poured it on Lu Minghua's face.

Unexpectedly, Lu Minghua was thrown into the face, looking at Tao Ran in annoyance, "What are you doing?"

Tao Ran looked angry, "Lu Minghua, I didn't expect you to be such a shameless villain, is it interesting to do this?"

Lu Minghua looked at her unclearly, "I can't understand what you are saying?"

He wiped a handful of water from his face, and the clothes on his chest were all wet at this time. Although the office was heated, it was annoying enough to be splashed with a glass of water this winter.

Tao Ran sneered, "I'm a mistress being fostered, Primary Three? Did you say this kind of rumor?" She directly pointed out.

Lu Minghua's eyes dodged, his mouth hard, "I don't know what you're talking about? Tao Ran, you're in a bad mood, don't let me breathe."

Tao Ran has been paying attention to him. Naturally, he saw his dodged eyes, and he was immediately determined. This matter is absolutely inseparable from him. At the same time, his heart is also a little chilly. Because he refused his pursuit, he will be ruined like this. Yourself?

Naturally, Lu Minghua could not admit that he did it himself, and he looked at Tao Ran angrily, "This matter has nothing to do with me. I don't know where you heard the rumors from, and why I thought I did it, but I can tell you that I didn't do it."

Tao Ran still kept his face cold and fixed his eyes on the landing Minghua, "Dare you dare to pat your conscience, this matter has nothing to do with you? Do you dare to say?"

Her eyes were clear, her burning eyes seemed to be two knives, and she was fiercely inserted into Lu Minghua's heart. Lu Minghua unconsciously looked away, daring not to look at her eyes, "I didn't do this thing originally, There is nothing to dare to say." He was obviously lack of confidence when he said this.

The movement here has attracted the attention of the entire technical department, especially the topic of the quarrel between the two, which made everyone look at each other.

In fact, people in the technical department have never heard of such rumors. After Lu Minghua was rejected at the time, he was unhappy, and when he went downstairs, he just met two female colleagues in other departments. One of them was an alumna of the same school, and he chatted a few words. Afterwards, he pretended to be inadvertently talking about and made up this rumor, so so far, not many people know this rumor. It was just coincidence that Tao Ran listened to it.

Lu Minghua regretted this, but the alumni had already told the third person of the rumor that it was too late to stop it. When he was guilty, Tao Ran poured a glass of water.

"Lu Minghua, just because I refused your pursuit, you retaliated me like this, are you still a man?" Tao Ran's face was angry, she was not a character that would be wronged. This time, she was stolen for no reason. She could it was strange to bear it.

Lu Minghua was clearly more than half of Tao Ran's head, but she was pressed down by her.

"Tao Ran, don't talk nonsense. Who knows what you do makes people associate with this, but this matter has nothing to do with me, and you can't splash dirty water on me just because you don't like me." The people in the office all set their eyes on themselves, and Lu Minghua anxiously defended.

Tao Ran looked at him coldly. This thing was clearly done by the man in front of her. If she had evidence, she would not stand here to talk to him now.

There was a cross between the two, and some colleagues could not see it, and came out to do peacemakers, "That, Tao Ran, is there any misunderstanding of this matter? Minghua is not such a person, I think you may be wrong."

Tao Ran turned his head and looked directly at the colleague, "Brother Chen, I heard this thing just when I went to the toilet. I only met Lu Minghua last night, and rejected him at noon today. Come out. Brother Chen, what about you instead?"

The man called Brother Chen scratched his head and looked at Lu Minghua with embarrassment. If it were him, he would think that Lu Minghua did it, but he could not say so no matter what he thought.

"Tao Ran, calm down first. Not long after Minghua came to the company, he was not familiar with the personnel of the company and there were few people he knew. I believe these things must not be done by him. And what kind of person are you, We all know clearly that we will not believe this kind of

rumors. The so-called rumors stop at wise men. If you don't pay attention to it, this matter will pass away. Everyone is a colleague in a department. It's not good to be stiff." In the latter sentence, Brother Chen lowered his voice and did not let other colleagues hear it.

Tao Ran stared at him, his eyes dim, "Brother Chen, I am a straight man, what do I have to say in my heart. I have never been wronged when I was so grown up. I will definitely find out if this is what he did. Yes, I will know by then. Just hope, some people should not be too guilty."

She said something profound, everyone else knew that it was Lu Minghua.

Lu Minghua's face was green, but he was guilty, and with Brother Chen's coordination on the side, he didn't say anything after all. Tao Ran's relationship with Brother Chen was quite good. When Brother Chen came forward to mediate, she couldn't help but save her face, so she stopped talking, but her good mood was destroyed. Until the end of get off work, Tao Ran's face was dark.

Tao Ran came home from get off work and received a call from Shen Qinglan halfway, and wanted to invite her to dinner. She was in a bad mood and did not want to go home, so she readily agreed to get off the train halfway and waited for Shen Qinglan to pick her up.

The people of Shen Qinglan were in the urban area and came very quickly, but arrived in ten minutes.

"Sister Qinglan, how do you think of finding me to eat today?" Tao Ran asked with a smile, aside from the bad things he encountered in the company. She has a good relationship with Shen Qinglan.

Shen Qinglan smiled slightly, "Just right here, remembering that I haven't come out to eat with you in a long time, so I asked you to have a meal together."

"Then I'm welcome, I want to eat delicious." Tao Ran smiled, not at all with Shen Qinglan.

"Alright, whatever you want to eat." Shen Qinglan likes Tao Ran's temper very much, and she is equally interested in her.

"Then I have to think about it. I want steak, salad, mushroom soup..." Tao Ran started to order.

Shen Qinglan thought for a while, the car made a turn and took Tao Ran to a Western restaurant, not a very high-end Western restaurant, but the taste here was very good, Tao Ran was also polite, and ordered a bunch of food to eat, People say that when you are in a bad mood, eating is the best way to vent. It happened that she had encountered too many bad things in the past two days.

Shen Qinglan frowned as she watched her eat. "Eat slowly, don't choke."

"Sister Qinglan, you don't know how busy I have been recently, I feel like I'm going to be crushed by work."

Tao Ran and Shen Qinglan complained about their work in the past few days without mentioning the terrible things they encountered. Especially when I met something in the company today, it was just too disgusting. It would affect the mood of eating.

"Sister Qinglan, I saw that show on you. I ate a mouthful of dog food, ah, I really envy your relationship with Brother Fu, it's been almost ten years, and the relationship is still so good." She one Envious face. People say that couples have been together for a long time, and love will gradually become affection, but this situation does not seem to exist in Shen Qinglan and Fu Hengyi. From the understanding of Shen Qinglan, her relationship with Fu Hengyi is like those of newly married couples. of.

Shen Qinglan smiled faintly, "How are you doing with Gu Yang?" After listening to her mentioning Gu Yang, Tao Ran gave a slight pause, and his eyes dimmed momentarily.

"What's the matter? Arguing with Gu Yang?" Shen Qinglan said concerned.

Tao Ran shook his head and bit his lip. "If it's really a quarrel, I haven't contacted him for three months. I haven't sent him a message. I'm worried if he's in trouble."

Shen Qinglan frowned, "In three months, have you not contacted each time?"

"No. He called me three months ago and talked for half an hour, and he didn't notice any abnormalities, but after that, the others disappeared. Calling him was always turned off, and he never sent messages back. .. I was worried that he had an accident." At the beginning, Tao Ran did not think about this aspect. After all, in her impression, Gu Yang was more training and exercises in the army, and there would be no actual combat tasks, naturally. What is the danger, but in case. As soon as she thought that Gu Yang might be in trouble, she panicked.

Tao Ran didn't understand Gu Yang's arms and felt that he was not so strong, but Shen Qinglan, who was very clear about Gu Yang as a leading soldier, had a bad feeling in his heart, but he didn't say anything. It is to comfort her, "You think too much, Gu Yang will be fine. It is estimated that what is closed training, it is not convenient to contact the outside world. Fu Hengyi used to be like this before."

Hearing this, Tao Ran looked at her eagerly, "Really?"

"Really, relax and eat first."

After such a consolation by Shen Qinglan, Tao Ran suddenly had an appetite. One person ate most of the food and ate it until the belly was round before putting down the knife and fork. "Ah, so satisfying. I haven't had such a delicious western food for a long time. Now, Sister Qinglan, thank you for inviting me to dinner."

Shen Qinglan smiled slightly, "You just like to eat."

After eating, Shen Qinglan first sent Tao Ran home, and then drove back to his home.

Fu Hengyi was coaxing her daughter to sleep. Shen Qinglan glanced at several children and turned back to the room to take a bath. Before going to bed, he casually asked Fu Hengyi a sentence about Gu Yang.

"He doesn't take care of me now. I really don't know this. I will call and ask tomorrow." Fu Hengyi said. He has now completely moved to the second line, and even the selection of recruits for the special forces, he did not participate at all, just to have more time to spend with his family. For example, in the past, he returned home at most once a month, but now he comes back every week.

The next day, when Fu Hengyi returned from the army, his expression was slightly dignified. Shen Qinglan remembered the things he asked him to ask about last night, and his anxiety grew stronger.

"Did Gu Yang really have an accident?" Shen Qinglan asked.

Fu Hengyi nodded, "Gu Yang was seriously injured while performing his mission and was unconscious. Now he is in the Beijing Military Region Hospital and has been in a coma for a week."

Shen Qinglan lied frowningly, "Why don't we know anything about such a big hospitalization? He didn't listen to her aunt."

"It should be that the aunt and uncle concealed it deliberately. The aunt and uncle are in the hospital these days, I don't want to let you know." Fu Hengyi can know Fu Jingting's worry as long as he thinks carefully. He was sent in to rescue once six months ago, so he wouldn't tell him anything about his family, just to make his life easier.

"I'll go to the hospital to see him tomorrow." Shen Qinglan said.

Fu Hengyi yelled, "Grandpa still has to hide it. Gu Yang's situation is a bit serious. Even the doctor can't determine when he can wake up. Grandpa will probably not be able to withstand this stimulation if he knows."

"Well. I understand that you just said that the doctor didn't know when he would wake up. Did Gu Yang him..."

Fu Hengyi shook his head, "It's not a vegetative, just a temporary coma."

After hearing this, Shen Qinglan felt a little relieved, but unfortunately I can't contact Eden now, otherwise I can let Eden take a look, but she went to the hospital to check the situation first. Eden found it.

On the second day, Shen Qinglan went to the hospital to see Gu Yang, and found that the situation was better than he expected. Although Gu Yang had been unconscious, the attending doctor checked him and his condition has been improving.

"Aunt, you should tell us about this earlier." Shen Qinglan said to Fu Jingting.

Fu Jingting smiled bitterly. Gu Yang's situation only started to improve last night. There was no sign of improvement before. She had already made the worst plan.

"Your grandfather is not in good health. If one more person knows, it will be more likely to be known by the old man, so he will not tell you."

"Aunt, we are a family and we should share things together. I will hide it from grandpa. But now the doctor said that Gu Yang's situation has started to improve. Don't worry too much about you and your uncle."

Fu Jingting breathed a sigh of relief, "Yeah, I dare to relax now. But I didn't tell Ranran about this, and you shouldn't tell her, Gu Yang didn't want her to know."

Shen Qinglan frowned and disagreed. "Auntie, if you don't tell Tao Ran now, it would be more inappropriate if she knew it later, and she would face such a thing sooner or later."

Fu Jingting heard the words, and was silent for a moment, then said: "Then I will give her a call." The son's condition has begun to improve, and it is a matter of time to wake up. The doctor in charge also said that it will not take three months. Gu Yang must be able to wake up, and it is no problem telling Tao Ran now.

"I'll tell her, I just want something to find her." After Daniel gave the gallery to Shen Qinglan, the gallery has been helping Xu Qinglan take care of it. As Shen Qinglan's fame increased, Xu Qiang always thought As a webpage promotion gallery, I told Shen Qinglan several times. It happened that Tao Ran's company was doing this. It would be better to give it to Tao Ran.

For three consecutive days, there were luxury cars to pick up Tao Ran. Those who had been skeptical of those rumors gradually began to believe after seeing this. There are more and more voices about this matter in the company.

Tao Ran was still investigating, but it was difficult to find the root cause of such rumors. At that time, Lu Minghua said it verbally. It can be said that there was no evidence left, and it was difficult for Tao Ran to even sue him.

It was also because Tao Ran was open-minded and did not take other people's attention to heart. He received a call from Shen Qinglan, ignored everyone's eyes, and happily went underground.

"Sister Qinglan, I met only yesterday. Why did you come to pick me up again today? Are you afraid that I will be hungry and thin?"

Shen Qinglan smiled lightly, "I have something to ask you for help today."

Take Tao Ran to the nearby restaurant, and first tell the things about the website, Tao Ran agreed, "Yes, this thing is wrapped in me, and I will guarantee you a stylish and easy-to-use website page."

"There is one more thing." Shen Qinglan saw that she had finished her meal, and then said, "Gu Yang, he was indeed injured, and he is now in the Beijing Military Region Hospital."

Tao Ran was about to drink water. He heard this as soon as his hand touched the cup, and he immediately overturned the water.

She looked at Shen Qinglan, her face pale, "Is it hurt, is it serious?" The previous thing about Gu Yang's accident was only her guess, but now she has been affirmed by Shen Qinglan, which made Tao Ran's fear instantly magnified. Innumerable times, various uneasy guesses hovered in her mind, and even the voice of the exit was trembling.

Shen Qinglan comforted her, "It has been out of danger, but now people are still in the hospital, not awake."

"Sister Qinglan, which hospital is he in? I want to see him." Tao Ran said anxiously.

"Okay. I'll wait for you. Actually, Gu Yang's mother wanted to tell you this, just before Gu Yang was comatose, Qian Dingwan asked him not to let you know, so she concealed you, I hope you Don't be angry." Shen Qinglan explained to Fu Jingting, so as not to make Tao Ran feel bad about Fu Jingting.

Where Tao Ran can hear these things now, she is full of thoughts that Gu Yang was injured. Shen Qinglan saw her anxious, and no longer talk nonsense. Take her directly to the military area hospital.

Only Fu Jingting and Gu Yang were in the ward.

Tao Ran stared at the pale, unconscious man on the hospital bed.

"Ran Ran." Fu Jingting called her name, but didn't get Tao Ran's response. He glanced at Shen Qinglan and the two walked out of the ward.

The distance between Tao Ran and Gu Yang is less than two meters. However, at this distance of several meters, it took her five minutes to get there.

She stood by the hospital bed, her eyes falling on Gu Yang's face, with gauze wrapped around his forehead, and many scratches on her face. Because she was covered with a quilt, she didn't know if there were any other wounds on his body.

Tao Ran suddenly remembered that when he first met Gu Yang, the comrade named Chen Li who was with Gu Yang lost a leg because of the task.

Suddenly panicked in her heart, she opened the quilt on Gu Yang without hesitation.

After seeing clearly that Gu Yang was not missing her arms and legs, her terrified breath was finally half relieved.

Covering the quilt carefully to Gu Yang, Tao Ran sat down by the bed and took hold of Gu Yang's hand. "Gu Yang, I'm here. I haven't seen you for three months. Do you miss me?" With a smile, shallow and gentle.

"Gu Yang, I haven't seen you in three months. I miss you."

This book was first published by Xiaoxiang Academy, please do not reprint it!

Volume One 1. I have long hair and a waist, so please marry me

"Gu Yang, I haven't seen you in three months. I miss you." Her voice was soft and gentle, and the person on the bed had no response as expected, but Tao Ran's heart fell into place at once, although Gu Yang She is still in a coma, but this person is really present in front of her now, instead of finding no one as before, so she can't be sure of his situation.

Tao Ran held Gu Yang's hand, pressed his face to his palm, and said with a smile, "Hey, I confess to you, why shouldn't you say it to me, haven't you seen me for such a long time?" she Glittering slightly, with a touch of playfulness, "If you dare to say you don't want me, see how I will clean you up later."

"Gu Yang, our company has recently received a project, and the leaders have been squeezing us. We have to work overtime every day, so tired, Wan En's capitalism, when you are good, you must take me to a good meal, and treat yourself well. Let me know."

"Okay." A hoarse voice rang above Tao Ran's head. Tao Ran was startled and suddenly looked up, seeing Gu Yangzheng looking at her with her eyes soft.

Tao Ran's face was full of surprises, "Gu Yang, you woke up."

Gu Yang smiled and pretended to be disgusted. "I wanted to sleep for a few more days, but I heard you chattering in my ear, making my brain hurt, and seeing what you said was so pitiful, I thought, If I don't wake up, you can do it if you cry, so I wake up."

Tao Ran's eyes glared, and he wanted to hammer him when he raised his hand, but when he thought of the gauze wrapped around his chest, he let go of his hand and lifted his hand to squeeze his face. "It's all broken, so slick." Very light, and avoided the wound on his face.

Gu Yang smiled and said, "It's my daughter-in-law who loves me so much, I can't bear to hurt me."

Tao Ran snorted, "Who is your daughter-in-law."

Gu Yang took her hand and shook it gently, "It's you, always you, and only you."

Seeing Gu Yang woke up, Tao Ran's heart was completely put down, and he suddenly remembered that he had concealed himself, and his face fell. "I don't even know what happened to you. I still get the news from other people's mouths. I see me It doesn't matter much in your heart."

Gu Yang heard the words and spoke up, quickly swearing to the sky, "I swear, in my heart, yours is definitely the first."

Tao Ran hummed, "You just say something nice."

Seeing that Tao Ran was angry, Gu Yang thought of coaxing her. As a result, the movement pulled a wound on her body, and her face suddenly turned white. When Tao Ran saw her, she was angry with him and quickly let him lie down. Ah, who made you move, lie down, I will call the doctor, and I don't know if the wound has cracked."

She was going to the doctor and was held by Gu Yang. "Of course, don't be nervous, I'm fine, you tell me first, are you not angry anymore."

Tao Ran was not angry, "Is it time to say this?"

Gu Yang's expression was serious, "This is more important than the doctor. Of course, don't be angry, I just don't want to worry you."

Tao Ran could still be angry, seeing him with a serious look, he could not help but take it seriously, "Gu Yang, I am angry that you concealed your injury, I know that you are for my good, do not want to worry me, but Did you know that if I don't get your news, I will be cranky and worried more, and don't hide from me in the future?"

"Okay, I promise you that such a thing will never happen the second time," Gu Yang assured.

"Okay, I'm not angry anymore. I'm going to find a doctor for you now, and I don't know if the wound has cracked." Tao Ran got up and walked out of the ward with a bit of thought. Gu Yang kept watching her away.

Fu Jingting and Shen Qinglan were sitting on the bench in the corridor. When Tao Ran came out, they walked hurriedly, thinking that Gu Yang was not good. Fu Jingting panicked immediately, "What happened to Gu Yang?"

"Gu Yang woke up and I went to call the doctor." Tao Ran said hurriedly, and in a blink of an eye no one was there.

Fu Jingting looked at Shen Qinglan in a daze, "She just said that Gu Yang was awake?"

Shen Qinglan nodded with a smile, "Yes, aunt."

Fu Jingting hurried into the ward. Sure enough, she saw that Gu Yang was awake and stared at the door of the ward. When she came in, she called out, "Mom, sister-in-law."

Fu Jingting smiled comfortably, "Just wake up, you can scare your mother."

Gu Yang said apologetically, "It's me who is not good, and makes everyone worry about me."

The doctor came in to check the body of Gu Yang, and the condition was very good.

After receiving the answer from the attending doctor, a group of people immediately felt relieved. Fu Jingting sent the doctor out and asked the following precautions.

Shen Qinglan saw that she had nothing to do with herself, so she planned to go home. "Then I will go back first, and I will come to see you someday."

"Sister-in-law, grandpa doesn't know about it yet?" Gu Yang was worried about Grandpa Fu.

Shen Qinglan shook his head, "I don't know, we didn't tell him."

Gu Yang was immediately relieved, "Sister-in-law, be careful on your way back."

Shen Qinglan yelled and left the hospital directly without asking whether Tao Ran would go back with herself. Now she is definitely not going.

Gu Yang woke up, and Tao Ran was relieved. When he went to work the next day, he was in a good mood. His eyes and brows were all smiles.

She originally wanted to take time off to take care of Gu Yang, but Gu Yang and Fu Jingting disagreed. In addition, she did a lot of work during this time. It is more troublesome to ask for leave, so she made an appointment with Gu Yang to see her after get off work.

"Ran Ran, you come here and tell you something." Tao Ran just sat down and started to work. Colleague Xiao Zhou who was sitting beside her whispered to her.

Tao Ran looked at her suspiciously, "What's wrong, mysterious look?"

Xiao Zhou pulled her sleeve, "You come out with me, I have something to tell you."

Tao Ran nodded when she saw her expression seriously, and the two walked out of the office one after the other.

Xiao Zhou went to the staircase deliberately, and looked around to make sure no one was around. Tao Ran, who looked so solemnly, was nervous.

"What's wrong? Has something happened?"

Xiao Zhou glanced at her angrily, "What's going on with you these days?"

Tao Ran was asked by her, "I am all right?"

"Don't you know?"

"what do you know?"

Seeing that she really didn't know, Xiao Zhou told her the ins and outs, "Don't you have a luxury car to pick you up from work these days? Then someone said you were taken care of by a rich businessman and became a mistress. You were in the office yesterday afternoon. There is a conflict with Lu Minghua again. I don't know who sent it out. Some people said that you refused Lu Minghua because he had no money. You look down on others and humiliate others."

Tao Ran's face was a little dark, but only one day, this rumor is getting worse?

"Of course, we have been working together for three years now. I am clear about who you are. What rumors of support are definitely fake, but who is the person who has picked you up in the past few days? You have to explain it to everyone quickly. In case the leader misunderstands, it will not affect you well."

Tao Ran pursed his lips, "The boy who came to pick me up a few days ago was my boyfriend's mother. The day before yesterday and yesterday were my boyfriend's sister-in-law."

Xiao Zhou heard the words and suddenly breathed a sigh of relief, "I'll say, you certainly won't do such a thing, but your boyfriend's family is so rich, you have been hiding and not saying it, of course, you hide enough deep "Xiao Zhou knew that Tao Ran had a boyfriend and was a soldier, but he didn't know much about other information."

Tao Ran was helpless. "When I met my boyfriend, I didn't know his family situation, and I was interested in his people, not his family. Going around and talking about what happened?"

Xiao Monday thinks also, "But you have to explain this to everyone earlier. Some people believe these rumors and say a lot of things behind your back."

Although Tao Ran was not happy with such rumors, he was not prepared to explain them. Such things would only get darker and darker.

"Of course, you are not stupid. If you don't explain, people will only think you are guilty. When the

rumors spread throughout the entire company, you just want to explain too late." Xiao Zhou hated to say that she was inflexible. The relationship with Tao Ran is the best. The two are also good partners at work. She is really worried for Tao Ran.

Tao Ran smiled, "If I explain it, people will say that I am a quibble, why waste my saliva."

Seeing her like this, Xiao Zhou frowned and sighed, "In the final analysis, this is because of Lu Minghua. This new man used to look pretty good. Now, when I look at it again, it is simply not a man."

"Okay, because it is not worth it to be angry for such a person, let's go back to work first, otherwise the manager will see that we two will be criticized." Tao Ran did not care at all, she now wants to finish the work early, and then go to the hospital to see Gu Yang after work.

Xiao Zhou looked at her, "Sure enough, your mood is not good today, is there something happy happening?" If you encounter such a thing on weekdays, Tao Ran won't be so careless even if she doesn't care.

Tao Ran smiled, "How can there be any happy event, but my boyfriend is just back."

Xiao Zhou immediately understood, "That's how it is. I said why are you smiling all over, every line, we quickly go back to work and strive to let you go back to see your boyfriend sooner."

The two returned to the office as if nothing had happened. It was only a short time after they sat down that Tao Ran was called into the office by the manager. Xiao Zhou looked at her worriedly, and Tao Ran gave her a soothing look. Whoever asks is the same.

The manager's surname is Mi. He is a man in his thirties. He is very rigid.

He glanced at Tao Ran and held his eyes, and the already stereotypical face became more stereotypical, pointing to the chair, "sit."

Tao Ran sat down on the chair, "Manager, did you ask me about the project today?"

"It's not a matter of the project. I have something else to ask you." Manager Mi said solemnly, Tao Ran immediately counted in his heart. It seems to be the rumors in the company.

Sure enough, only after listening to the manager for a second, Mi asked, "What is the company's statement about your being supported?"

Because Tao Ran is capable, Manager Mi usually treats Tao Ran fairly well, and naturally pays more attention to her than her ordinary colleagues. Even if she is not a gossip person, it is not surprising to hear these news.

Tao Ran will talk to Xiao Mi again with Manager Mi. Manager Mi's serious face appears relaxed. "Since

this is the case, I will find an opportunity to explain to you, so as not to affect my work."

"Yes, the manager, I will pay attention." She did not say that the rumor was spread by Lu Minghua. After all, she had no evidence of this matter. Instead, it was like she was pouring dirty water on people. Leave a bad impression.

When Tao Ran came out of the manager's office, he gave Lu Minghua a special look. This person was calm and concentrated on his work. Tao Ran had to admire his psychological qualities. This hurt a woman, and there was no guilt in her heart.

But now that Gu Yang is hospitalized, her energy is all in Gu Yang's body, and she has no time to investigate this matter again, waiting for a while.

Knowing that there are many people who "look at each other" in the company now, they don't want to be baptized with other people's eyes. At noon, Tao Ran simply didn't go to dinner, but asked Xiao Zhou to bring her up. She also took advantage of the noon time to work hard.

After a whole day, except for the time to go to the toilet, Tao Ran had almost never been out of the office. Finally, she finished all her work before leaving work. In the next few days, she could relax a little. After a glance at the time, it was almost half past five. Then, quickly packed up and left.

This time is off work, and along the way she ushered in a wave of curiosity or contempt, Tao Ran's expression remained the same, calmly walked out of the company.

She went to the supermarket, bought food, and quickly went to the hospital after cooking. She already called Gu Yang in advance, and Gu Yang would wait for her to eat together.

Gu Yang's right hand was broken, and it was not easy to move. Tao Ran personally fed him. "How does it taste?" Tao Ran asked expectantly. She hadn't been cooking for a while, and her craft was a bit rusty.

Gu Yang gave a thumbs up, "My daughter-in-law's craftsmanship naturally said nothing, a word, praise."

Tao Ran glanced at him angrily, "I'm not your wife now, don't scream."

Gu Yang smiled, "Sometimes, sooner or later, when I am injured, I will go home with you and see your parents. We have been in contact for so many years and we have not returned home with you. My father-in-law and mother-in-law should have opinions on me. ."

This incident was reminded by Fu Jingting today. It was also his nerves to think about it. He had brought Tao Ran to see his parents early, but he did not expect to visit her parents at her house.

"Okay." Tao Ran agreed, which coincided with her thoughts. She originally wanted to tell Gu Yang about it, but she never found a chance. Now that Gu Yang offered to take the initiative, that is naturally the best But no.

"But you have to wait for you to be injured. I want to bring a handsome boyfriend back." Tao Ran said, she didn't want to let her parents know about Gu Yang's injury, they had never returned to Gu Yang as a soldier. There are opinions on the matter. If you know that his job is still dangerous, I am afraid that Gu Yang will not be able to pass them.

Gu Yang naturally agreed, after finishing his meal, Tao Ran went to the dishes, and then spoke with Gu Yang in the ward.

"Aunt and uncle didn't come to see you today?" Tao Ran asked Gu Weiwen and Fu Jingting for a long time.

"I told them to go back. I finally had time to be alone with my daughter-in-law." Gu Yang said casually, he heard Tao Ran pretty blush, and glared angrily at Gu Yang, but in his eyes Full of smiles.

Gu Yang was seriously injured this time, and the injuries on his head were nothing. The heaviest were the two shots in the chest and abdomen. He almost killed his life. In addition, he suffered a fracture of his right hand. This time he was at least at home. Recuperate for three or four months.

Tao Ran went to work every day during the day, and came to the hospital to accompany Gu Yang at night. Sometimes he would spend the night on the couch in the ward. Gu Yang was distressed, so he added an extra bed in the ward to facilitate Tao Ran's rest. Tao Ran simply left the hospital, packed up a few pieces of his own clothes, and lived directly in the hospital.

Fu Jingting hired a special nurse to help Gu Yang wipe this kind of thing. It was not Tao Ran's turn to do this. She at most helped Gu Yang to make a meal and chat with Gu Yang. Sometimes she had a job and the two Just one job, one reading a book, without disturbing each other, the days of convalescence are very fulfilling.

Fu Jingting visited twice in the evening, and seeing the harmonious atmosphere between the two, he didn't want people to be disturbed at all, and the night simply didn't come, leaving all the time for the two.

After half a month of recuperation, Gu Yang's bruises on his face have been removed, and the bandage on his head has also been removed.

During this time, the company still circulated rumors about Tao Ran, but changed a version, from her adoption to her money, greed for vanity, and found a rich second-generation boyfriend.

But those who say these things are envious and jealous. After all, the rich second-generation boyfriend can't be found by anyone who wants to find it.

Tao Ran didn't even plan to explain these rumors, but there was a version that made her ridiculous. She dumped her boyfriend who was a soldier and invested in the arms of a rich second generation, and even

someone privately. I asked her about the truth of this matter, and she was a little unwelcome in her words. She was pushed back by a few words, and the other party went away with a black face, and then saw Tao Ran detoured.

Since then, everyone knows that Tao Ran of the technical department is hot-tempered, not easy to provoke, even a mouth is sloppy, and the curse is not with dirty words, so the only advantage is that no one dares to speak badly about Tao Ran in person.

As for the rumors behind

542 542 He Is the Love of My Life (End) (4)

Tao Ranke had no time or interest to deal with it. She was busy with other things recently.

On this day, five minutes away from work, Xiao Zhou wanted to ask Tao Ran a technical problem. As a result, this person disappeared after she looked up. She sighed, this woman, once fell in love There is no more calm look.

Tao Ran went straight to the mall after work, went to the store to buy a new set of clothes for himself, and then went home to take a bath. After changing into the new clothes, he carefully refined a delicate makeup for himself, holding a bag The package is going to go out.

Pan Yingying came home from get off work and was shocked when she saw her dress. "Sure, are you planning to go on a date? Dress yourself so beautifully."

Tao Ran smiled, "I'm going to do a big thing today." When thinking of what he would do next, Tao Ran couldn't help but be excited.

Pan Yingying was immediately intrigued, "Oh, what's the big deal? Tell me to listen."

Tao Ran continued to smile, "Secret."

Pan Yingying cut out, "Virtuous, saying, isn't your boyfriend hospitalized? It shouldn't be discharged yet. Who are you going to date with so beautifully dressed?"

"Don't think of me, I won't tell you, I will tell you when I have done this. Okay, it's about time, I'm going."

"Hey, you are more important than friends."

Since Gu Yang was hospitalized, Tao Ran basically abandoned this home, and even after returning, he was in a hurry. Sometimes Pan Yingying can't see her for several days in a row. If she didn't chat on WeChat every day, Pan Yingying suspected that Tao Ran had disappeared.

Tao Ran ignored Pan Yingying's ridicule, walked out on high heels, went to a florist halfway, bought a bunch of flowers, and then took a taxi to the hospital.

Just when she walked to the ward, she heard the sound of laughter from the ward. She stepped in, carried the flowers behind her, and walked in. Only then did she find a few strange faces in the ward.

Gu Yang saw her eyes lit up, a flash of surprise flashed in her eyes, beckoned to her, "Of course, come here, let me introduce you, these are my comrades-in-arms, came to see me specially."

The leading leader is Mu Liancheng, who is still the captain of the Sabre team and is Gu Yang's immediate supervisor.

Gu Yang was injured, he should have come earlier, but in the middle he took another person out of the mission, only to come back in the past two days, just came back and rushed to the capital to visit Gu Yang.

Tao Ran still carried his hands on his back and smiled at the crowd. Gu Yang introduced her one by one, noticing the hand she had been carrying behind her back, "Sure, what do you hold in your hand?"

Tao Ran's eyes flashed uncomfortably. He glanced at everyone and thought of what he wanted to do. He gritted his teeth and took out the flowers. It was a bouquet of warm red roses, dotted with gypsophila, and very delicately packed.

Everyone screamed, watching Gu Yang teasing.

Gu Yang scratched his head embarrassedly, and he did not expect Tao Ran to take flowers. This should have been given to girls by boys, but now Tao Ran came to give it, but it made Gu Yang feel a little embarrassed.

Gu Yang was planning to take the flowers, but he saw Tao Ran suddenly kneeling on one knee, and the other hand turned like a magic, and took out a ring. She fixedly looked at Gu Yang and said, "Gu Yang, I have long hair and waist, can you marry me?"

This dramatic scene stunned everyone, looked at each other, and turned their eyes to Gu Yang in unison.

Gu Yang was also dumbfounded by Tao Ran, looking at Tao Ran in a daze. Tao Ran looked at Gu Yang calmly, waiting for him to react.

Or one of the comrades first responded, and pushed Gu Yang, "The girl from other people is still waiting for you to express your opinion, what is your stun?"

Gu Yang turned back to his head, shook his head in Tao Ran's nervous and expectant eyes, and the light in Tao Ran's eyes instantly disappeared, staring at Gu Yang in a daze, looking embarrassed.

Gu Yang lifted the quilt, got out of bed hard, and then pulled Tao Ran from the ground with his uninjured left hand. "Silly girl, such a thing should be done by a man."

After he finished talking, he knelt on the ground with a thud, because the sudden movement pulled the wound on his abdomen. He frowned in pain, but he immediately stretched out and took Tao Ran's hand.

"Of course, today I didn't have time to prepare the ring, nor did I have time to prepare the flowers, to arrange a romantic proposal for you, but I still said, I want to marry you, would you like to marry me?"

He stared affectionately at Tao Ran, looking serious when he said this. Tao Ran stared blankly at the man wearing a sick suit and kneeling on the ground, suddenly wet his eyes, and nodded under the eyes that everyone expected. "I will."

Gu Yang smiled and remembered that he suddenly found that he had used too much force just now, and now he could not stand up, and was a little embarrassed. The comrades on the side quickly helped him up.

Gu Yang hugged Tao Ran in one hug, "Ran, I will definitely treat you all my life."

Tao Ran hugged him back, his face shy.

Gu Yang took the ring in Tao Ran's hand, only to find that she bought the ring, "What about you?"

Tao Ran took a lady's ring from her pocket, and Gu Yang took it and put the ring on Tao Ran's ring finger. "From today, you are my wife." He grinned, showing his big white teeth, laughing like a fool. Tao Ran chuckled, took out another ring, and put it on his left hand.

After the comrades left, only Tao Ran and Gu Yang were left in the ward.

Tao Ran kept his head down and dared not go to Gu Yang. Gu Yang looked funny and teased her, "I was

so courageous when I just proposed in front of everyone, now I know that I am shy?"

"Don't talk, I don't know if your comrades are here." Tao Ran whispered, she originally wanted to propose in private. Where did she know that she was accidentally hit by his comrades. He now remembered that his face was hot as he had just done.

Gu Yang brought her over and hugged her, "silly girl, let me do such things in the future, do you know?"

Tao Ran hummed, if not this person always grumbles, does she take the initiative to propose? She looked down at the ring on her hand and smiled, well, no matter what the process was, the result was finally satisfactory to her.

Fu Jingting knew that his son's marriage proposal was successful and was very happy. He took Tao Ran to make a big purchase in the mall and bought a lot of things for Tao Ran, from clothes to shoes to bags. Tao Ran couldn't refuse even if he wanted to refuse. Accepted Fu Jingting's intentions.

Fu Jingting wanted to give them a new pair of rings, but Tao Ran rejected them. She thought the ring was good.

Fu Jingting thought it was not a wedding ring after all, but it didn't matter. The big deal was to re-customize the pair when they got married, so he followed Tao Ran's wishes.

Two months later, Gu Yang was finally discharged from the hospital. Except for the inflexibility of his right hand, other wounds have basically healed.

After being discharged from the hospital, the two put the visit to Tao Ran's house on the agenda.

After choosing a weekend, Gu Yang and Tao Ran drove back to her hometown.

Because Gu Yang's arm was not good, Tao Ran came to drive, and along the way, Gu Yang was nervously holding Tao Ran's makeup mirror to organize his appearance.

"Of course, can you see my current hairstyle? Isn't it messy?"

"Sure, is it okay for me to wear this one today?"

Tao Ran gave him a helpless glance, "Gu Yang, don't be nervous, my parents speak well."

How can Gu Yang not be nervous? His tense hands were sweating. "Of course, what if my uncle and aunt don't like me? I knew I should go back to see your parents sooner."

During this time, Fu Jingting had been whispering in his ears, but Gu Yang realized how negligent he was once?

Tao Ran comforted him, "You are the one I chose, my parents love me the most, and I will definitely like you, love the house and Wuwu."

In fact, when she said this, Tao Ran had no idea. Although she called her parents two days earlier and reported the things she wanted to go home today, Gu Yang proposed to her, and the things she had agreed to did not. I told my parents that it was estimated that his dad knew it, and he should have some opinions.

Although Tao Ran said so, Gu Yang did not feel comforted, but became more nervous.

At the door of Tao Ran's house, Gu Yang's palms sweated more and more, and he didn't take off his seat belt. "Of course, I'm so nervous." Even when he was performing his tasks, he was not so nervous.

Tao Ran helped him to unbuckle his seat belt and glanced at him, only to find that Gu Yang's forehead was all sweaty and could not help laughing, "You just treat my parents as ordinary elders, don't be nervous, they won't eat It's yours, and me, I'm definitely on your side."

"You said that I prepared too few things, I should prepare more." Gu Yang raised another worry.

Tao Ran touched his forehead, their trunks were already full, and even the back seat of the car was a gift that Gu Yang bought to her parents.

"Enough is enough. If you want to move the whole mall to your home, you should get out of the car and don't bother." She urged.

Gu Yang opened the car door, went straight to the trunk, and took out the gift for Tao Ran's parents.

Knowing that her daughter will bring her boyfriend back today, Tao Ran's parents are waiting at home. Tao Ran's family is an ordinary working-class, and the house where he lives is also a general community. However, the house was clean.

When Gu Yang entered the door, Tao Mother was still cooking in the kitchen.

"Dad, I'm back." Tao Ran smiled and greeted his father, "This is Gu Yang, my boyfriend."

Gu Yang put down what was in his hand, stood upright, paid a military salute to Father Tao, and shouted, "Good uncle." The sound was so loud that even the mother Tao who was cooking in the kitchen heard it.

Time is still momentarily.

Tao Ran didn't expect Gu Yang to make such an appearance as soon as he saw him, and he didn't know how to react for a while. Gu Yang also realized that he was too nervous.

Father Tao waved his hand, "Okay, let's go first."

"Uncle, there is still something in the car that I haven't picked up. I'll move it up first." After he turned, he went downstairs.

Father Tao glanced at his daughter, and said, "How is your boyfriend looking dazed?"

Tao Ran was embarrassed. "He usually doesn't do this. It's probably nervous."

Gu Yang is a personal essence, and it has absolutely nothing to do with dumb brains.

Tao Father had great dissatisfaction with Gu Yang in his heart, but it was just because Gu Yang had just made trouble, and his anger was inexplicably dissipated by half.

When Gu Yang came up again, Tao Father looked at Gu Yang's eyes a lot, but this was Gu Yang's first visit after all, so he didn't greet him with a smile and kept his face flat.

"You have been with my daughter for four or five years, and I saw you for the first time." Father Tao said like gossip and homely.

Gu Yanghan said in a word, "That, uncle, this thing is wrong with me. I should have been visiting long ago, but because of the nature of my work, I have been away from home all the year round. I have never been able to find a chance. It is my fault. Say sorry to you here!"

The attitude was good, Father Tao thought.

"Are you still serving in the army?"

"Yes."

"Then are you going to stay in the army for a lifetime?"

"Dad, Gu Yang and I will come back today, so you can't talk to him about something else?" Tao Ran hit a sloppy eye. Her parents did not want Gu Yang to stay in the army. But Gu Yang loves the army and does not want to leave. She knows and supports this.

Tao Fuhu's face glared at his daughter, "I'm talking to him, what are you talking about, go, and go to the kitchen to help your mother prepare the dishes."

"I'm here with you. Don't you miss me after you haven't seen me in such a long time?" Tao Ran didn't worry about leaving Gu Yang alone, and didn't want to leave.

"Go to the kitchen quickly, your mother can't be busy alone." Father Tao wanted to send Tao Ran away.

"Of course, you go to help the aunt first, I will chat with my uncle for a while." Gu Yang said.

Tao Ran looked at him uncomfortably, Gu Yangyang shook his head, indicating that he could cope.

"Okay, Dad, then I'll help my mother first. Gu Yang is my boyfriend that I couldn't find easily. You can't scare me away, or I won't get married, you should feed me for life. ."

Father Tao glared at his daughter, and this elbow turned outward. "What nonsense is being said, hurry and help."

Tao Ran put out his tongue and turned to the kitchen.

Seeing her daughter gone, Father Tao looked at Gu Yang. "My daughter has been spoiled by me and my mouth is unobstructed."

Gu Yang smiled and said, "Although that is the true temperament, I like her."

Father Tao was polite and not really saying that his daughter was not good. Gu Yang's answer naturally satisfied him.

"You haven't answered my question, are you planning to stay in the army for a lifetime?"

Gu Yang pursed his lips and took a serious look, "Uncle, I don't want to lie to you, if I can, I intend to work in the army for a lifetime. I don't hide from you, my grandfather is a soldier, I was like this since I was a child My grandfather always wanted me to be a soldier, but in fact at first I didn't like to be a soldier, and I always refused the route my grandfather arranged for me, but staying in the army for years I gradually fell in love with that place, and I couldn't do without it. I know you asked this question because I don't have much time to accompany me. At this point, I can only say sorry, because of my work, I really don't. Ways to stay with her all the time like everyone else, but all I can do is that I will only love one in this life and love him wholeheartedly. In my lifetime, I will do my best to take care of her She loves her and gives her the greatest happiness."

Volume One 4. My wife, I protect

Father Tao's face did not get better because of his words. He looked down and looked at Gu Yang, "Actually, I don't agree with my daughter to find a soldier to be a husband. After all, it's very hard to be a military sister-in-law. A daughter, I don't ask her to be rich and expensive, I just hope that she can find someone who loves her to live a life in peace, and you do not meet my selection criteria."

He said straightforwardly, Gu Yang's heart was tense. Although he had made such preparations before coming, but because his profession was rejected, Gu Yang still felt sad.

"But," Father Tao said, "My daughter likes you, and has been waiting for you silently for so many years. I and her mother persuaded her many times, hoping that she can give up on you, but this child will not

listen. Ours, we are not the kind of parents of the feudal family, my daughter wants to be with you, and I will not force you apart."

Gu Yang didn't expect that the turning point came so fast, so suddenly, he stayed in place for a while, he thought that Tao father wanted to let them break up, wiped his hand on the pants, and wiped away the palm of his hand. Sweaty, "Uncle, I use my life guarantee, I will be very good in this life."

Father Tao waved his hand, "Don't say it if you promise, I like to see how others do it, but boy, I also hope you can think more about my daughter's feelings. I don't have anything for your military career. Discrimination, I admire your efforts, but this is a bystander's point of view, from the standpoint of a father, I still hope you can spend more time with my daughter."

"Uncle, I understand." The smile on Gu Yang's mouth was a bit bitter. He actually understood the meaning of Father Tao, but he had to be transferred to another place to tell the truth. Now there is no such possibility. He loves Tao Ran. Undoubtedly, it can be said that Tao Ran is his favorite woman except his mother, but if he is to let him give up his troops for Tao Ran, he cannot do it.

"But uncle, I really can't leave the army now, and I have my responsibility on my shoulder." Putting on this military uniform, he won't take it off easily.

Father Tao looked at Gu Yang's eyes firmly. He could see that the person in front of him was actually a sincere child. At this time, ordinary people can completely make up some nonsense to fool around. When he gets married, if he really doesn't if they are willing to change jobs and retire, then there is really no way for them to be parents, but he chooses to express his true thoughts at this time. At this point, Father Tao still appreciates him a little bit.

"If you say this, you are not afraid that I will firmly oppose your marriage?"

Gu Yang nodded honestly, "I'm afraid, but I won't hide something about this kind of thing."

"You're sincere." Father Tao said angrily, but it didn't mean to be angry.

In the kitchen, Tao Ran, who was helping Tao Mother choose dishes, looked at the living room from time to time. Tao Mother looked funny, "Ran, choose dishes well."

Tao Ran pouted, and said with some anxiety, "Mom, won't my dad say anything excessive?"

"If you let your dad see it like this, if you can't tell your dad, you really have to say it." Tao mother smiled, this girl is a typical elbow turned out.

"Mom, this time I brought Gu Yang back to show you, don't embarrass him when you wait." Tao Ran coquettishly, she knows that her parents are a little dissatisfied with Gu Yang, her dad can't get it right now, only can start from her mother, her mother talks much better than her father.

Tao Mu sighed, "Sure, did you really think about it?"

"Mom, I have thought about it for a long time. I think Gu Yang is very good. I didn't like him because he was a soldier of the people."

"You, you will find yourself suffering, you don't know how hard the military sister-in-law is."

"Why don't I know, I remember a cousin is not a military sister-in-law." Tao Ran said, there are many relatives in her family, she has many cousins, she has a cousin who is not very close is a soldier, of course, her cousin Brother is an ordinary soldier, it is incomparable with Gu Yang.

She didn't have much contact with that sister-in-law, but since her parents moved her to break up with Gu Yang, she had never lessened the matter of having that sister-in-law with her, closely surrounding the "how hard it is for the military sister-in-law to marry her husband The theme of "The Same as Not Marrying" is persuaded. Even if I didn't understand it before, it is now clear, but after it is clear, Tao Ran has not changed his mind. She just believes Gu Yang.

Tao Mu, who knew her daughter very well, knew that she was iron-hearted when she saw her, and she sighed deeply, "You will let me and your dad worry."

"Mom, there is nothing to worry about. You only saw that Gu Yang couldn't go home often, but he didn't see how good he was to me. I think if I miss him, I won't be so sincere in my life. To my people, mom, just help me talk about Gu Yang's good words in front of my dad."

Tao Mother nodded angrily with her finger on Tao Ran's head. "It's really a shaft, just like your dad."

Tao Ran smiled, and the dishes were no longer selected, leaning on her mother, holding her arms and coquettishly, "Then I will act as you agreed, and I will know that my mother is the best mother in the world, and I love you the most. Now."

Mother Tao shook her shoulders, "Hurry up and start cooking, be careful of oil splashing on you."

"I don't. I'll lean on you."

"How old is it to be spoiled."

"Hey, no matter how old I am, you are your daughter. In your eyes, I am a child. Why can't I be coquettish, and plan to be coquettish in your arms for a lifetime."

Mother Tao glared at her angrily, her eyes and brows all smiling.

Tao Ran got his mother, smiled and continued to help her mother choose dishes, and she was in a good mood. She looked at her and couldn't help laughing, the girl couldn't keep it when she was older.

"Dad, Gu Yang, have dinner." Tao Ran helped his mother bring out the dishes. Gu Yang saw it and stood up quickly. "Quickly put it down, be careful, I'll serve the dishes." The kitchen, completely forget that this is not their own home.

He behaved naturally, without any element of drama. When he entered, Tao Ran walked to his father's side and smiled, "Dad, is he good?"

Father Tao glanced at her sullenly, snorted, and sat down at the dining table. Tao Ran looked at his father's face, and he couldn't help but wonder, wasn't Gu Yang not able to deal with her dad? Seeing her dad counseled her.

Thinking about it, Gu Yang was still nervous, and her dad was not so easy to deal with. It didn't matter. There was also her. Now that she had brought her mother to her camp, two to one, she couldn't believe it. Her dad.

When eating, it was very harmonious, and Tao Father did not deliberately look for Gu Yang's stubble. Since Tao Mother had been persuaded by her daughter, she would naturally not look at Gu Yang. She always greeted Gu Yang to eat food, and Gu Yang was flattered.

After the meal, Tao Ran took Gu Yang to go downstairs on the pretext of having Gu Yang walk with him after dinner. In fact, he went to investigate the information.

"How did you talk to my dad? Didn't my dad embarrass you?" Tao Ran asked impatiently as soon as he left the house.

Gu Yang scratched his head, "I'm not embarrassed, I think it's okay to talk." Although he was not very satisfied with his answer, Tao Father did not show any special repulsion. Gu Yang thought he was quite good.

"What's okay, have you managed my dad?" Tao Ran was anxious. If that didn't work, she had other plans. She was ready to come up with new plans to deal with her dad. Parents accept Gu Yang's.

"I think my uncle should have agreed. You didn't say anything when you saw the meal." Gu Yang guessed.

Tao Ran thought about it too. When eating, her dad's face was gentle, and she suddenly let go of her half, and asked Gu Yang curiously, "What did my dad tell you?"

Gu Yang honestly talked to Tao Ran about his dialogue with Tao Father, and Tao Ran looked at him speechlessly, "I usually look at you very cleverly. Why don't you coax him if you don't know something good at this critical time?" It's a miracle that her dad didn't even flick her face so honestly.

Gu Yang was proud, "I probably saw my sincerity and thought I was a down-to-earth person, so let my daughter rest with me."

Tao Ran disgusted him, "Your face is getting thicker and thicker."

Gu Yang smiled, "This is not something I learned from you." The words just fell, causing Tao Ran to have a white eye. She raised her small fist and threatened him, "Gu Yang, give you a chance to reorganize the language."

Gu Yang lowered his head and gave a kiss on her face, "I said my wife is the most beautiful and lovely."

Tao Ranqiao blushed and glanced nervously around. No one saw this scene. He took a sigh of relief. The tenants who lived here were more than ten or twenty years old. They all looked at her long. Big uncle and aunt, if they see this intimate scene, she is quite embarrassed.

He glanced angrily at Gu Yang, "Pay attention to the image."

Gu Yang didn't care, "I'm afraid, I am wearing casual clothes today, and no one knows that I am a soldier."

Tao Ran: ... Does she mean that?

Not wanting to worry about this problem with him, Tao Ran took Gu Yang to walk around and took him to see where he grew up, but after all, Gu Yang was seriously injured, and it was winter. The two were not in I stayed outside for a long time and went back in a circle.

When I went back, Tao Father and Tao Mother were sitting in the living room watching TV. When they came back, Tao Mother smiled and greeted, "I'm back, I prepared a little fruit after dinner, come and eat a little."

Gu Yang did not reject their good intentions, and sat down on the sofa. Tao Ran sat between Gu Yang and Tao Mu, giving Tao Mu a glance, and glancing in the direction of Tao Father. There was only one meaning in his eyes—Finish Is my dad?

Mother Tao smiled at her daughter and nodded without any trace. Tao Ran was happy. If her dad was still there, it was too obvious to show off. She wanted to pounce on her mother and give her a hug of love.

In the evening, Gu Yang lived in the Tao family, but instead of having a room with Tao Ran, he prepared a room. It was said that it was a room, but it was better to say that he made a bed in the study, but was used to it in the military camp. Gu Yang did not have any habit, and lay down and fell asleep. These days he was very nervous and didn't sleep well. Last night, he suffered from insomnia all night. Now that his father-in-law and his mother-in-law have been settled, this heart has fallen into place and the sleep will be all right.

Tao Ran didn't go home for a while. This time it was hard to go home. Naturally, he had to accompany

his parents well. By the way, discuss with the parents about the meeting between the parents.

Gu's meaning Gu Yang's vacation is not much. I want to take advantage of this holiday to first order the two's marriage, and then get married again in March next year.

Gu Yang expressed this meaning to Tao Father and Tao Mother. They were both reasonable people. They quickly agreed and the time was set for the next weekend. Gu Yang's parents came to Tao Ran's house.

Gu Yang called home and told his parents about it. Fu Jingting and Gu Bowen naturally did not disagree. Fu Jingting also specifically inquired about Tao Ran's parents' preferences. When he first went to the door, he should never be too rude.

The meeting was very smooth. The two directly set the engagement time after a week, the place was in Beijing, and the relatives of the Tao family were arranged by the Gu family. The time is anxious, but it's too late to prepare, after all, it's just that engagement is not marriage.

At this time, Tao's father and Tao mother's impression of Gu's family was just a family with a good family, and there was no concept of so-called giants. Until the day of the engagement banquet, they stood outside the door of Gu's house, and they looked at the garden house in Gu's house with some stunned eyes.

"Ran Ran, what kind of family is this Gu family?" Tao Mu asked Tao Ran in a low voice.

Tao Ran also lowered his voice, "Gu Yang's father started the company and his family is in good condition."

After Tao Taomu walked in, he could not help seeing the decorations inside. It was not only good, but also at this time, they only reacted afterwards. They never asked Gu Yang's family. After all, the impression of being a soldier is that there is no money, and the two times when I went to the Tao family, the car Gu Gu drove was relatively low-key, but it was not intentionally concealed, but it did not want the Tao family to feel that their family was showing off their wealth.

The engagement banquet was held in a five-star hotel. Tao father and mother Tao came early, so they first went to Gu's house to rest, and then waited to go to the hotel with the people of Gu's family. As for the relatives of the Tao's family, there was naturally a unified arrangement by Gu Kai.

"Of course, why didn't you say that Gu Yang's family was so rich." Tao Mu pulled Tao Ran, saying with some reproach, this Gu family's family is basically the legendary giant, their family is an ordinary family, can climb high Such a person?

The Tao parents who had no objection to this marriage had hesitated again at this moment.

Tao Ran smiled awkwardly, "Then you didn't ask." She couldn't say that she wanted her parents to agree

to the marriage, so she deliberately concealed it.

"Your boy, I can't take the initiative to say it without asking you. You honestly told me, did you know the situation of Gu Yang's family recently, or did you know it early in the morning?"

Tao Ran told me honestly, "I knew it after a period of time with Gu Yang, probably about three months."

Mother Tao pinched her daughter angrily, with little effort, "You know how bold you are if you don't tell us so early."

Tao Ran uttered deliberately, "Mom, it hurts."

"Pretend." Tao Muhu faced her face, and she used a little effort to make herself clear, not hurt at all.

Tao Ran hugged her mother and said, "I'm not afraid that you and your dad will object. If you know it, can you still agree?"

This, I really wouldn't agree with it. Tao Mother secretly thought that maybe some people would think that marrying a daughter into a wealthy man is a matter of Guangzong Yaozu, but their family is different, they want their daughter to find an ordinary person, but now they have to be engaged. , Relatives and friends have also come, can not regret getting married at this critical moment.

Therefore, Tao Mother can only say two words in private, but she has no other words.

When we arrived at the hotel, we met people from Gu's side. Tao Fu and Tao Mu looked at each other silently. The people here were not ordinary people. Some people even appeared on TV often, and there were stars.

In recent years, Fu Hengyi has retired from the second line and was away from the days of leading soldiers. Instead, he often appeared in various military programs. Father Tao recognized him at a glance, but when he saw Gu Yang, he knew him very well. Knowing that Gu Yang turned out to be Fu Hengyi's cousin, I immediately understood that the Gu family's power might be higher than the giants he thought.

The people on the Tao family are somewhat uncomfortable. Fortunately, the people from the Gu family are approachable, and getting along with them is quite harmonious. Gradually, the people on the Tao family have let go, more people It is envious that Tao Ran has found such a good wife.

The engagement banquet went very smoothly. After the end, it was still Gu Kai who was responsible for arranging these people to be sent away, while Tao father and Tao mother were left to be guests.

Fu Jingting wanted to arrange for Tao Ran's parents to live in their own home, but the two were uncomfortable and refused, so Fu Jingting booked a five-star hotel nearby.

In the hotel, Tao Father Tao Mu sat opposite each other and looked at each other, "Old Tao, you said that Gu Yang will never be wronged if he marries in the past?" Tao Mu knows Gu Yang's family, this heart She has been up and down all the time, she is such a daughter, she is very baby on weekdays.

Father Tao sighed, "It's already engaged, and it's too late to say that, but from the previous contact, we can see that Gu Yang's parents are all good-tempered, it's not difficult to get along, and should not be wronged." He did More optimistic than his wife. The most important thing is that Tao Ran is not an aggrieved character. If Gu Yang's parents were not good to her, she would have broken up with Gu Yang.

Tao Mu also knew this, but...

"Once the girl is in love, the bottom line is to make concessions again and again, but then love Gu Yang so much, what if Gu Yang is wronged."

"You just worry about it, I think Gu Yang is not such a child."

"You see in the news that some girls often get into domestic violence after marrying a wealthy man. I'm not worried. We are just a daughter, don't you worry."

"I really don't worry, you are okay and less watch the non-nutritive news." Father Tao comforted his wife.

The doorbell rang, Tao Ran came, and Tao Mother went to open the door.

Tao Ran knew that there must be many doubts in his parents' minds. If these doubts were not solved, the two would probably not be able to sleep.

Only Tao Ran came, "How about Gu Yang?" Tao Father asked.

"I didn't let him come. It's time for the family of three of us. Isn't he coming to destroy the harmonious atmosphere?" Tao Ran smiled. She still wears the pair of rings she bought.

Mother Tao looked at her angrily, and the matter of deliberately concealing Gu Yang's family history had not passed yet. "I haven't told you yet. The courage is getting bigger and bigger. Even my parents dare to cheat."

Tao Ran vowed to the heavens, "Mom, I'm wrong, I didn't mean to deceive you, I just didn't tell." Concealment doesn't mean deception.

"You still have a face to say, I ask you, I asked you what Gu Yang's family is doing, how did you tell me?"

Tao Ran's eyes flickered, "Then I'm not wrong, Gu Yang's family is doing business." That's because the business is bigger.

"Okay, let's talk about the use of these now. Of course, Dad asks you, is Gu Yang's parents good to you?" Tao Father asked seriously.

Tao Ran nodded, "Dad, I don't hide this from you. Gu Yang's parents are very kind to me, especially his mother, who cares about me very much. I have a headache and a fever. I don't even know it, even if I know it. I came to take care of me in person." If nothing else, she said that she had dysmenorrhea in her childhood, and Tao Ran was very moved. Even her mother-in-law remembered it better than Fu Jingting. She had never seen such a mother-in-law.

Mother Tao looked at her daughter suspiciously, worrying that she would fool them again, "Really?"

"Mom, I definitely don't lie to you at this point. I get along with Gu Yang's mother very well. We often make appointments for shopping and drinking tea. Just like friends, we have the same temper."

"I can rest assured that your mother and I will hear you say this. In the future, when you get married to Gu Yang, I will try to restrain my family's relatives and not let them cause you trouble." Belly, some ugly words still have to be put first.

"My mother and I only ask you to live a good life. If your family's relatives really find you, you can help you, but if you can't help, you should never do it. Gu family loves you again, after all, it's a mother-in-law. , You still have some control over it."

Tao Ran black line, did not expect her parents to have thought so long-term, but also know that they are for their own good, so nodded and responded, "Okay, I know. Rest assured, Gu Yang and I will be very good in the future ."

Starting from today knowing that Gu Yang is Fu Hengyi's cousin, Father Tao knew that Gu Yang's future in the army would be not bad. It would be impossible for him to retire, and he would not even want to do this.

"As for you and Gu Yang, it is now said that family members can follow the army. Does Gu Yang have this right?" Tao Father didn't know much about the military, but he had heard of Sui Jun.

"Gu Yang is not good now, and I don't want to be a full-time housewife so soon." Tao Ran said, she never thought of being a housewife, although according to the family history of taking care of her family, her salary is nothing. But after all, she earned her own money, and she was at ease with her heart.

"Okay, since you have plans, I won't ask too much. Since you were a child, you have your own ideas. It's useless to say that. My mother and I won't stay in Beijing anymore. We'll wait for the next wedding. You will buy us tickets tomorrow."

Tao Ran and Gu Yang's wedding is scheduled for April next year.

"Dad, you and my mother don't have to work now, why don't you stay here for a few days, Gu Yang also plans to take you to Beijing for a transfer tomorrow." She wanted to go to work, it was not good to ask for leave, so Gu Yang took this matter Give it away.

"Even this time, next time, we will have fun when we come next time. You can also tell Gu Yang that tomorrow we will take us to the airport. He will have a good rest at home after a holiday."

Because of Tao's insistence, Gu Yang and Tao Ran sent Tao and Tao to the airport early the next morning.

"Uncle and aunt, then I will come home with Ranran to see you next time." Gu Yang said.

Father Tao waved his hands, "Okay, be careful on your way back."

Gu Yang waited until the plane took off before driving back. He had to send Tao Ran to work, "I will pick you up after get off work."

Tao Ran smiled and said, "Okay." Because time was too late, she didn't tell Gu Yangduo, she opened the door as soon as she heard it, and Gu Yang looked at her trotting all the way in high heels, always worried that she would fall.

When she saw her entering the company building, she drove home, but the car drove halfway, and suddenly discovered that Tao Ran dropped the bag on the car, and the mobile phone was also in the bag. Worried that she would use the phone during the day, Gu Yang turned the head of the car again. Send her a package. Just two minutes later, he received a call from Fu Hengyi, let him go now, Gu Yang glanced at the time, only to send the bag to Tao Ran at noon, and have lunch with her by the way.

Because of the engagement, Tao Ran invited a two-day holiday, and she only invited Xiao Zhou to her colleagues in the company. Seeing her coming, Xiao Zhou frowned at her, "I came back to work so soon? I still thought

For you to rest for another two days."

Tao Ran smiled, "I am engaged, not married."

"But seriously, your fiancé is so handsome." Xiao Zhou remembered that Gu Yang, whom he saw yesterday, was indeed a handsome guy. Well, it's really rich too. Gu family in Beijing, it's Fu's in-laws.

"Uhhhhhhhhhhhhhhhh, sure, you're really in the dark. Your boyfriend Gao Fu is handsome, no wonder you want to hide it." Xiao Zhou teased her.

Tao Ran gave her a white look, "Hurry up and work, I will invite you to dinner at noon."

"Okay, then I'm going to have a big meal." Xiao Zhou was not polite with Tao Ran at all.

Lu Minghua, who vaguely heard their conversation, was sour in heart, glanced at her hand subconsciously, and naturally saw the ring, pouting, didn't it mean that the fiancée was rich, just wear such a ring? In his opinion, it is not very good. It is estimated that her boyfriend does not love her as much as she said, and she has a swollen face to become fat.

"Hey, I heard that Tao Ran was engaged to her rich second-generation boyfriend." A male colleague told Lu Minghua in the toilet.

Lu Minghua's face was unclear. So, "Who do you listen to?" The bottom of my eyes crossed the light. I didn't expect the news that I told others in the morning. Now it's spread.

"Everyone in the company is saying, but I heard that her rich second-generation boyfriend doesn't seem to love her. Even a diamond ring is reluctant to buy her, and she is wearing a prime circle."

"Don't talk nonsense, since Tao Ran chose that man, then that man must love her. The ring is just something outside, which means nothing." Lu Minghua said.

The man glanced at Lu Minghua, "I said you would still like that Tao Ran, she has humiliated you in public, and you still help her talk, is that kind of watery Yanghua, greedy vanity woman worth your doing?" Hate iron not become steel.

Lu Minghua's eyes dimmed, and he said blankly, "That's because Tao Ran misunderstood me. I believe Tao Ran is not that kind of person."

"Cut, I don't think it's necessary. There have been rumours about being held by rich businessmen before. Who knows whether it's true or false, there's no reason why there is no reason for it, and I heard that your managers often call Tao Ran to the office. Both..." The man's voice was ambiguous, and his face was not well-meaning.

"Bang." The door of the toilet compartment was pushed open, and Gu Yangyin came out with a face. He came to give Tao Ran a bag and wanted to come to the toilet temporarily. He did not expect to hear such a good show.

He stepped towards the man he had just talked about, his face getting darker and darker, his breath getting colder and colder, and he pinched the man's collar, "The woman you just said is Tao Ran from your company's technology department? "

The man swallowed. "Yes... yeah." Who is this powerful man in front of him?

Lu Minghua reacted first and frowned, "This gentleman, no matter who you are, what do you want to do to my colleagues?"

"As two big men, you even arrange a woman behind you, are you still a man?" The most important thing is the arrangement or his woman. Gu Yang couldn't help but feel distressed, listening to what they just said, such rumors didn't come out now, but for a while, but Tao Ran never told him. This silly girl, why didn't you tell him about such a thing, but should bear it silently.

His eyes narrowed, don't let him know who is bullying his daughter-in-law, otherwise he will absolutely make him unable to walk around.

"Who sent such rumors?" Gu Yang asked coldly, ignoring Lu Minghua on the side.

Lifted by the clothes he held on his chest, the man reacted from the initial shock and began to struggle, but a man of one meter and seven meters in Gu Yang's hand seemed to be carrying a chick, and the more he struggled, Gu Yang buckled The tighter, "say."

"I... I don't know. The company has spread this thing. I also listened to what others said. She dared to do it. What happened to someone said something."

Gu Yang placed Tao Ran's bag on the hand-washing station and smashed his fist against the man's face. Lu Minghua on the side came up to dissuade him, and he was hit with two punches.

"Ran, almost, something happened, your fiance came to the company and beat the company's colleagues." Xiao Zhou ran into the office, pulled Tao Ran, said.

Tao Ran was shocked and followed Xiao Zhou to the door of the men's restroom, where there were already a crowd of people. Gu Yang stepped on Lu Minghua's chest and looked down at him with condescending ice. It was dark.

Just now he had inquired clearly from another man's mouth that Lu Minghua liked Tao Ran and also publicly confessed, but was rejected, and Tao Ran also splashed him a glass of water in public, Gu Yang

suddenly understood that these rumors are very common This person named Lu Minghua passed it out, otherwise according to Tao Ran's temperament, she would never do this, so Gu Yang beat Lu Minghua hard without saying anything.

Has the woman who bullied him received his consent, and because the confession does not make the splashing of dirty water, such a man is too demeanor, he is simply not worthy of being a man, he does not beat anyone.

Gu Yang had practiced. Lu Minghua was a scholar with no help. He was not Gu Yang's opponent. He was beaten and his face was swollen. This was Gu Yang's deliberate control of his strength. Otherwise, Lu Minghua was more than that.

However, Gu Yang is also damaging. Where does it hurt, but does not leave obvious wounds on the body, even if it is difficult to identify, the only thing that is more miserable is the face, which really beats the parents I don't know anymore.

"Gu Yang, what are you doing." Tao Ran looked at the situation clearly and said suddenly.

Gu Yang saw Tao Ran coming, withdrew his feet, and dragged Tao Ran into his arms. "I tell you, Tao Ran is my wife. I will hear someone arrange her in the future. I hear one fight at a time."

He said, walking around Tao Ran, he walked under the eyes and ignored the eyes of everyone. Xiao Zhou first glanced at Lu Minghua, who was beaten into a pig's head, and then looked at Gu Yang's back, star eyes, so handsome. do not have.

Lu Minghua hummed and saw Gu Yang about to leave, shouting at Gu Yang's back, "I want to call the police, I want to sue you."

Gu Yang turned around and looked at him coldly, with a smile on his face, "I am waiting for you." It happened that he also wanted to talk to the police comrade about his wife's slander.

After Gu Yang left, he immediately called Gu Kai and explained the course of the matter. The rest of the matter will be handed over to the Gu Group's lawyers group to ensure that he will not be implicated in him, and the person who hurt his daughter-in-law Will not have a good life.

"Gu Yang, you were too impulsive just now, if someone went to the army to report you..." Tao Ran was very worried. If the matter was known by the army leader, Gu Yang's future would be...

Gu Yangman didn't care, "I feel sorry for not being beaten by such scum, I'm sorry that you're my wife, and it's my responsibility to protect you. Dare to go to the army to report me." Huh, report him, or think about how to leave the capital completely.

"I haven't said you yet. You said you have happened so big. Why didn't you tell me, let those bastards slander you so badly." Gu Yang's face was black, and if he happened to meet him today, he might not

How long will it be wronged?

"Isn't it just a few rumors, I don't want to lose a lot of meat, and I don't care what these do. It's you, you can't be so impulsive in the future."

Gu Yang squeezed her face, "Huh, learn to be smarter in the future, there is a backer behind you too. Do you want to know how to know?"

Tao Ran couldn't laugh or cry, "You are bullying."

"What's wrong with bullying, I'm still bullying like that kind of scum, hum, dare to bully my wife, I can't kill him."

He hugged Tao Ran, "My daughter-in-law, I can't bear to bully." He looked at her, full of heartache.

Tao Ran met his eyes, suddenly unable to speak, the tip of her nose was a bit sore, this is the man she chose, she hugged Gu Yang, "Gu Yang, I love you."

Gu Yang smiled, "Silly girl, I love you too." He will use the rest of his life to protect the woman in front of her, not to let her suffer a little grievances, and make her happy and worry-free all her life.

I love you, my stupid girl.

Volume Two 1. The Master is Back

Country Y, a manor.

Allen looked at the young man sitting on the sofa holding a mobile phone and playing games, and said slowly, "An An."

Just as soon as the name was spoken, the man on the sofa raised his head. "Uncle Allen, how many times did you say, don't call me An An." His tone was full of vague grievances, and those big beautiful eyes it is full of helplessness.

Allen chuckled, "Used, Chen Xuan, when will you return to China this time?"

Fu Chenxuan put down his phone and looked at him with a smile, "Uncle Alan, do you want me to bring something to my mother?"

"It's for your brother and sister." Allen corrected.

Fu Chenxuan shrugged, "It's the same, every time you don't miss my mother, it's been so many years since Uncle Allen, I've grown so big, you really don't plan to find a godmother for me?"

Allen looked sideways, "Is there anything still to be done?"

"No, I just want to accompany you. I will definitely not come back in a short time when I return to China. I won't accompany you too much. What if you think of me?" Lun's heart was warm.

"You two can't eat?" Peter shouted in the restaurant.

Fu Chenxuan stood up, "Come." He said, and went to push Allen's wheelchair. As he walked, he whispered to Allen, "Uncle Allen, Uncle Peter hasn't been married for so many years, staying by your side, have you fallen in love with you?"

"Slap." Slap on the back of Fu Chenxuan's hand mercilessly, he shouted pretendingly, "Uncle Alan, you murder."

Alan glanced at him, Fu Chenxuan shut his mouth immediately, Alan shook his head helplessly, this kid often said nothing.

When Fu Chenxuan was a sophomore in China, he suddenly made a fuss about studying in country Y. Although Fu Hengyi and Shen Qinglan didn't know the reason, they also agreed that in these years, Fu Chenxuan usually lived in school and on weekends. All holidays and holidays live here.

Fu Chenxuan is cheerful and outgoing, very talkative, and the Fu family does not have the rules of eating and sleeping. The table is full of Fu Chenxuan's chattering words. Allen is a quiet temperament. If you change to others, it's early. He was thrown out, that is Fu Chenxuan, not only did he not have the slightest impatience, but he also gave him vegetables from time to time, listening carefully to every word he said.

They eat Chinese food. This is the chef that Allen specially asked him after Fu Chenxuan came to study in Country Y, just because Fu Chenxuan did not like Western food.

"Uncle Allen, wait for dinner, let's go to the movies this afternoon." Fu Chenxuan suggested.

Allen's expression was faint. "You go to classmates, I won't go." He is not interested in such activities.

"Uncle Allen, I don't have much time here. Are you really not going with me?"

Alan glanced at him, after all, he nodded under the look he expected, and Peter beside him shook his head straight.

Peter is going to the laboratory this afternoon, so naturally he will not go with them.

I was watching a love movie. In fact, it was a very strange thing for two big men to watch such a movie. When Allen stepped into the movie theater, he knew that he wanted to watch this, and he would go back immediately. It was Fu Chenxuan. Only agreed to come in.

After the movie came out, Alan's face was a little unsightly. Fu Chenxuan drove while paying attention to his face. When he was home, Fu Chenxuan suddenly stopped and said that he was going to walk with Alan to the nearby park. take a walk.

"Uncle Allen, these words I actually wanted to tell you a long time ago, you let go of my mother, my mother always hopes that you can find your own happiness, rather than staying in the past for a lifetime." He When you say these words, you look serious and serious.

He still didn't know the grievance between his mother and Allen. Everyone mentioned this, and he was ashamed. He didn't think of investigating himself, but he still dispelled the idea.

"That's why you have to come out with me to watch the movie today?" Allen asked him, his tone indifferent.

Fu Chenxuan squatted in front of Allen and looked at his eyes. His uncle Allen was old, wrinkled in the corners of his eyes, and even had white hair on his head, obviously the same age as his father, but Uncle Allen looked much older.

"Uncle Allen, you know what I mean, I don't want you to live alone all your life, you are my beloved elder, I want you to be happy."

Since meeting Ellen when he was four years old, this man has been very good to him.

"Chen Xuan, I am fine now, without any unhappiness." For him, such a day is really good now.

"Uncle Allen, I'm leaving next week. Who will take care of you after I leave? I'm worried about you." Although he often said these words in peacetime, he never said such a serious and serious tone. , Allen's heart moved slightly.

"There are servants at home, and you, Uncle Peter, they will take care of me, do not need you to worry, see your mother, and do not tell her about me." Although maybe Shen Qinglan is not very concerned.

Fu Chenxuan sighed deeply, he knew it would be like this, "Uncle Alan, is there really no other woman in this world that can attract you?"

Allen chuckled, "There may be more perfect people than your mother in this world, but none of them are your mother. Well, let's not talk about this, let's go back."

"Uncle Allen."

"Chen Xuan, if you really do it for me, then don't say it again, let's go home like this," he said with a hint of command.

Fu Chenxuan looked at Alan's eyes fixedly, and after all he said nothing, stood up and pushed him back home.

A week later, at the airport, Fu Chenxuan told Allen who was coming to the airport, "Uncle Allen, after I leave, you have to eat on time, take medicine on time, don't be willful." Allen's body is not very good, it needs to be perennial Take medicine, especially on rainy days.

"Let's go." Allen's expression was faint, and he couldn't see the slightest disappointment.

Fu Chenxuan said aloud, "I said Uncle Allen, you don't want to keep me? If you don't want me, I can stay there for a while."

Allen gave him a disgusted look. "Register now and hurry up."

"Hey, Uncle Allen, I found that you didn't like me as a kid. When you were a kid, you told me that you missed me. Now you drove me away." Fu Chenxuan pretended to be sad.

Allen couldn't hold back and slapped him on the head. "Hurry up."

Fu Chenxuan yelled, but hugged Alan, "Uncle Alan, I really left. You have to take care of yourself, if you miss me, call me or go to the capital to see me."

Allen's hand was raised in mid-air, and finally fell on his back, patting lightly, "If there is insufficient funds, please call me anytime." Fu Chenxuan wants to start his own business, capital is a big problem, he planned He gave him a sum of money, but he refused.

"Thank you Uncle Alan, but I don't need it yet. My small vault is full of drops. Of course, if I can't hold it up, I won't be polite to you." Fu Chenxuan said with a smile.

He got up and gave Peter another hug, "Uncle Peter, I will miss you too."

Peter yelled, "Although you stinky guy has broken a lot of my experimental samples, I don't care about what you want to go, and I will come back and see if I have time."

Fu Chenxuan nodded, looked at the two again, and left without looking back.

Allen had watched him walk into the security checkpoint until he could no longer see it, and then he returned his gaze, the gentleness on his face had been replaced by indifference, "Go."

Peter pouted, and he was clearly able to bear the stinky boy, and he didn't admit, "It's the same when we go to Beijing to see him next time."

Allen did not speak. This was the only time he had been to the capital once in many years. It was Fu Chenxuan's eighteenth birthday. Even Tang Tang and Chen Chen became adults. He also gave a gift.

**

At Beijing Capital Airport, Fu Chenxuan, who had not returned for more than half a year, looked at the city in front of him like he had before leaving.

I'm back in the capital, lord.

"Master Chen Xuan, here." As soon as he walked out of the airport, he saw his driver's car. He accelerated his pace, and indeed he saw his mother in the back seat.

Shen Qinglan is more than 40 years old, but she seems to be in her early thirties. In addition to adding more charm to her years, she seems to treat her particularly well.

"My dear mother, do you miss your dear son?" As soon as Fu Chenxuan got on the bus, the whole person leaned on Shen Qinglan's body, as if soft with no bones.

Shen Qinglan can only see the black head of his son, "Get up, sit still."

Fu Chenxuan pouted, but didn't get up, "Mom, we haven't seen each other for half a year. Why don't you see me when I'm not enthusiastic. Give me a kiss anyway."

Shen Qinglan reached out and patted his head angrily. "It's all twenty-five years old. It's still so unformed how to say it. When you go home and see your father, pay attention, otherwise I won't help you."

Thinking of his father Fu Hengyi, Fu Chenxuan was very resentful, "Then I have to take advantage of the good relationship with you now, my dad is a jar of vinegar, almost sixty people, and knows to be jealous all day long." Especially When he saw him getting closer to his mother, his father threw a cold knife at him.

"What about the two little ones at home, I didn't come to pick me up when I came back today?" Fu Chenxuan didn't see his brother Fu Shuchen and sister Fu Shuyi a little strange.

"There is no activity in their school today, but they didn't come. But your dad is waiting for you at home." Shen Qinglan said.

Fu Chenxuan froze, "My dad is home today?"

"Ok."

Fu Chenxuan lamented, really, he deliberately picked one back on Tuesday, just to stagger his dad, did not expect his dad to be at home, would it be specifically waiting for him at home?

As soon as his eyes rolled, Fu Chenxuan tentatively opened his mouth, "Mom, is my dad on vacation

or..."

Shen Qinglan saw through his careful thinking at one glance and said, "He came back for a meeting and will leave early in the morning." Originally, he was going back to the army this afternoon, but knowing that his son came back today, Fu Hengyi waited at home for a long time.

"Is everything in Country Y packed?" Shen Qinglan cared about his son.

Fu Chenxuan looked out the window, "Well, it has been packed and sent back, and the rest is in Uncle Alan's house."

"How is his health?" Shen Qinglan asked infrequently.

Fu Chenxuan turned his head in surprise, "Mom, if Uncle Alan heard this from you, he would be very moved."

Shen Qinglan glanced at him lightly, and Fu Chenxuan swallowed the rest of the words back. If he went on, it was estimated that his mother's mother would be angry.

To answer honestly, "Uncle Allen's body is like that, it will hurt all over the body on a rainy day, in fact, he is not suitable to live there, or, Mom, you call Uncle Allen and let him Move to Beijing to live?"

Shen Qinglan looked at him calmly, but at a glance, Fu Chenxuan immediately surrendered, "Got it, when I didn't say it." This thing is that he dare to suggest in front of the fuck, in his father He didn't dare to mention a word in front of him. If his dad knew that he had brought his rival to Beijing, and think about the consequences, Fu Chenxuan couldn't help shaking.

"Mom, don't tell my dad what I said, otherwise I would definitely not be able to walk around."

"Don't mention it if you don't know it." Shen Qinglan said lightly.

Fu Chenxuan shrugged and took a step closer to Shen Qinglan. "Mom, just tell me what, what is the future between you and my uncle Alan." He was sure that his mother was definitely not with Uncle Alan. Boyfriend, what happened in the end, so that their predecessors talked about Uncle Allen?

As expected, Shen Qinglan just glanced at his son and said nothing.

Fu Chenxuan was used to it, and she stopped asking when she didn't speak.

Their family still lives in Fu's old mansion. Grandfather Fu died eight years ago. He died peacefully. It can be said that he died at the end of his life. And the next year, Grandpa Shen also left. Coincidentally, the day when Grandpa Shen died Grandma Shen's death day.

After the two grandfathers left, Shen Qinglan originally wanted to move out, but they have been used to

this house for so many years, and Fu Hengyi's official position was upgraded to one level. As a national leader, it is not safe to live outside. , And in the end it's gone.

The car stopped at the entrance of Fu's house, Fu Chenxuan got off the car and came in with his luggage. His mother had already picked him up in person. If his dad saw that he had asked his mother to help him with his luggage, he might not know how to pack it up. What about him.

Fu Hengyi was working in the study on the second floor. When Fu Chenxuan entered the door, he was hit by a man with a full body, "An An, you are finally back."

Fu Chenxuan's face turned black all at once, reached out and knocked on the head of the coming person, pushing away the person in his arms, "Fu Shuyi, do you want to die?"

Fu Shuyi covered her head and hummed, "I have no conscience, I have pushed for the school club activities for you, even if you don't give me a hug, even beat me." She looked at Shen Qinglan who came in later , Complained grievously, "Mom, look, An An beat me."

Fu Chenxuan glared. He hated the name of An An as he was most disliked. Since he was ten years old, his family has called him Da Ming under his strong request. Only this younger sister is not big or small all day long, if his brother In this way, he can still start beating, but his sister can't scold, and he can only stare.

Shen Qinglan gave a funny look at his daughter, "Books, don't be big or small."

Fu Shuyi saw his brother's face getting darker and darker, and the mother of the mother also spoke, took the hand covering her forehead and took Fu Chenxuan's arm, "Brother, I miss you, welcome home."

Fu Chenxuan's face finally looked better, and the little girl had a little conscience, and gave her the suitcase in her hand. "It's a gift brought by Uncle Allen to you and Shuchen. Take it for yourself. "

Fu Shuyi's eyes lit up and took the suitcase. "It's still Uncle Allen. I don't forget to bring me gifts every time."

"How about Shuchen?" Fu Chenxuan asked without seeing his brother.

"He, I'm going to pick Sister Guoguo. Sister Guoguo knows that you are coming back today, so I will buy you your favorite fried dumplings. As a result, I am confused and call Shuchen to pick her up. went."

Thinking of Guoguo, Fu Chenxuan frowned, "She's lost again?"

"Yeah, I don't know how many times she got lost. She didn't save her." Fu Shuyi thought of Guoguo's Luchi and shook her head. This is definitely the most serious Luchi she has ever seen. one.

Think about the capital city, where Guo Guo grew up. How many times have they visited each other, but this person can still be lost? No wonder Uncle Han Yi is not worried that she came out alone.

"How about Dad?" Fu Chenxuan knew that someone was going to pick up Guoguo, and he didn't worry. He asked about the legendary father at home.

Fu Shuyi pointed to the study on the second floor, "On top, yes, dad asked you to come to the study after he came back."

Fu Chenxuan's face collapsed and looked at Shen Qinglan, wanting to ask for help from his mother, but his mother only smiled at him, "Go."

Fu Chenxuan broke his shoulders and glanced helplessly at the second floor, dragging his legs for two days as if to pour lead, and moved upstairs step by step. The Fu Shuyi who watched smiled with his mouth covered, and the boys in their family were afraid of his father. .

Fu Chenxuan moved to the second floor and knocked on the door. The word "in" came in. The tone was indifferent. Fu Chenxuan pouted, his father still had this virtue.

Pushing the door in, he saw Fu Hengyi sitting at his desk, holding a document in his hand, hearing footsteps without even raising his head.

Fu Chenxuan stood still one meter away from his desk, "Dad, I'm back."

Fu Hengyi yelled, but still didn't look up, until he finished reading a page, then he looked up at his son, "Is the study abroad completed?"

Fu Chenxuan nodded seriously, "It's done." This time he took a doctorate in economics and management.

"Since it's finished, do you have any plans for the future?"

"I plan to start a business with a few friends. I have done a little while in Country Y before, but the domestic economic situation is better, so I plan to return to China for development." With this, Fu Chenxuan also became serious.

Fu Hengyi nodded, "Since you think about it, go ahead and do it."

Fu Chenxuan was a little surprised. He thought his dad called him alone, he wanted him to be a soldier, but if his dad didn't mention this, he wouldn't take the initiative to hit the gun.

"Wait to see your grandfather and grandmother, your grandmother has been nagging you many times." Fu Hengyi didn't say anything else, just told this sentence.

Fu Chenxuan nodded, "Okay." He had originally planned that.

But seeing his dad really didn't say anything, Fu Chenxuan felt itchy. Before leaving the study, he couldn't help but ask, "Dad, why don't you ask me why I didn't go to the army?"

Fu Hengyi looked at him calmly, without a trace of gentleness in his eyes, "Would you say?"

Fu Chenxuan pursed his lips, then shook his head, "Sorry, Dad." He shouldn't mention this topic.

"What you want to do, what kind of path you want to take in the future is your own choice. My mother and I will not interfere. Even if you go detours, you have to go on your own. You are a man, not a Ao, the child to be fed, my mother and I will not hold up a sky for you. You need to prove whether it is an eagle or a chicken."

Fu Chenxuan pursed his lips, "I know my dad, and thank you." Thank you for not asking yourself when you were admitted to the military academy, but decided to drop out of school and resolutely went abroad to study.

"It's okay to go out." Fu Hengyi spoke lightly.

"Good." Fu Chenxuan turned around and left, not paying attention to Fu Hengyi's deep eyes on him.

When Fu Chenxuan came downstairs, Guoguo had already arrived. When he saw Fu Chenxuan, he immediately rushed towards him. "Brother Ann, you are finally back. I miss you so much."

Fu Chenxuan was again black-faced, how many times did they have to emphasize before they would forget the name An An, and once again had a grudge against the father who gave him such a milk name.

Dad, how much did you hate me, gave me such a girl's name.

"Han Nanyan, believe it or not, I beat you." Fu Chenxuan said flatly.

Guoguo did not let go of him, "You slap, as long as you are not afraid of being scolded by your uncle."

Fu Chenxuan pulled her away and looked disgusted, "How old are they, and they still hug each other when they meet?"

Guoguo pouted and turned to look at Shen Qinglan, "Auntie, look, brother An'an dislikes me."

Shen Qinglan did not take part in the quarrel between them, smiling, "I will go to the studio, An'an, and call me after dinner."

"Mom!" Fu Chenxuan said with a disgruntled face.

Shen Qinglan smiled apologetically. She was forgotten by Guoguo and Tangtang. Waving his hand, Shen Qinglan didn't take away a cloud. Fu Chenxuan looked at Shi Shiran, the lord of his mother's mother, into the studio.

"Han Guoguo, if you dare to call me An'an again, look at how I will clean up you." Fu Chenxuan looked at Guoguo fiercely and said angrily.

Guoguo sticks his tongue out, not afraid of him at all, and takes out the fried buns he bought, "I have been waiting for you for a long time to buy them. You must eat quickly."

Fu Chenxuan took the fried bun and rubbed her head. "You still have a little conscience." Then, she sat down, picked up disposable chopsticks and started eating. In fact, the fried buns have been cold after such a long time, and the taste is not dripping, but this is a heart of others, he can not waste it.

In the evening, Guoguo naturally had to eat at Fu's house. After finishing the meal, Fu Chenxuan was responsible for taking her home.

"Brother Chen Xuan, won't you come back this time?" Guo Guo asked with his mobile phone in his hand.

Fu Chenxuan yelled, "This time I came back to start a business together with my friends, so naturally I won't leave anymore. What about you, are you used to working in your dad's company?"

Guoguo laughed, "Everyone knows that I am the eldest lady of the Han Group. Everyone let me hold me and hold me, what is not used to."

Fu Chenxuan looked at her sideways: "Listening to what you mean, you seem to be unhappy in the company?"

"I'm so unhappy, I'm so happy, even if I don't go to the company, I can still get paid. When I want to go to work, I will go to work whenever I want. I don't want to go and just take a rest at home. How free, and the salary is still high, I don't know how much People envy my work."

Just at a traffic light, Fu Chenxuan stopped and reached out to rub her hair into a mess, and Guoguo got a dissatisfied look. "The little girl also learned to talk back, and admitted to being unhappy if she was unhappy."

"Who is the little girl, I am only one year younger than you."

"One year old is also a little girl. If you are really unhappy in your dad's company, come to my company. Although I don't have such a high salary for you, I may not have the freedom of your dad during working hours, but I No one in my company should think of you as the young lady of the Han Group."

Guoguo's eyes lit up, "Is it really possible?"

"Of course, as long as you want, as for your dad, I can help you to speak."

Guoguo nodded sharply, "I will, you don't have to pay me."

"Is your job at the company okay?"

"No problem, it's just a deputy vice president. I don't want to leave at any time. Besides, my dad would be relieved if he knew I was following you."

Fu Chenxuan chuckled, just because it was him, Uncle Han would not be relieved. Han Yi regards his daughter as an eyeball, protects and pampers, and prevents her from approaching her daughter of the opposite sex from an early age. She is afraid that her daughter will be abducted by a bad man. For him, she has appeared in Guoguo since childhood. Around him, the relationship and the close opposite sex are all in defense.

"Brother Chen Xuan, where is your company? Take me to see it tomorrow. I can go to work at any time." As soon as I thought I could end the boring days like this, Guoguo was excited.

"I haven't made up my mind yet. I contacted several real estate agents before returning to China. I took a fancy to the office buildings in a few places. I was planning to visit tomorrow and choose a place to fix."

Guoguo yelled, "You haven't settled yet, I thought you were ready, and you sent the staff in place."

"So my team is still in country Y. When I am ready, they will come over. Why, regret it?"

Guoguo cut out, "I am the kind of person. I will go with you tomorrow. I happen to be idle and have nothing to do. In the past few years, you have rarely been in the country. I certainly don't know the changes in the capital. I will give you some pointers. Road, guarantee you will not go the wrong way."

Fu Chenxuan said, looking at her with a smile, "Oh? Are you sure?"

Guoguo Qiao blushed, probably remembering the pitfalls of her lust, and whispered, "I can't do it, there are mobile phone navigation."

Fu Chenxuan smiled and stopped talking. The Han family had already moved home once. The new home was not too far from the military area. It arrived within an hour.

Having reached the door of the Han family, Fu Chenxuan could not not go in, followed Guoguo in the door, "Mom, look who is back."

If the Guoguo people did not arrive, the sound came first.

Yu Xiaoxuan heard her daughter's voice and greeted her. Then she saw Fu Chenxuan, who followed, and

immediately smiled, "An An is back. Let the godmother hug."

Fu Chenxuan's black line, it seems that they can't forget the name An'an, but the object is Yu Xiaoxuan, so Fu Chenxuan endured, "God mother, you are really younger and younger. I'll see you and I both in the future. Don't dare to call you a godmother, otherwise I'll call you sister."

Yu Xiaoxuan smiled and said, "Did you just finish eating honey?"

"I'm telling the truth, don't believe you and ask your fans, are you young and eternal." Fu Chenxuan's face was sincere.

Han Yi, who happened to go downstairs to hear these words, gritted his teeth, and this stinky kid, just as soon as he came back, began to infuriate his wife. Seeing how Yu Xiaoxuan's eyes glowed, where could he be seen? Han Yi clenched his fists and coughed a few times, trying to attract Yu Xiaoxuan's attention.

No one knows that Yu Xiaoxuan didn't look at him, his eyes looked like they grew up on Fu Chenxuan.

"Cough cough cough." Han Yi coughed again, almost coughing up his lungs, Yu Xiaoxuan finally gave him a glance of alms, and said casually, "Is sick? There is an urgent syrup at home, you yourself Find out and have a drink."

Han Yi:

544 Chapter 542: He Is My Love Forever (End) (6)

...

Fu Chenxuan tried not to laugh, "Uncle Han."

Han Yi backed his hands, um, "Come back."

"Yes, Uncle Han, are you unwell?" The eyes showed concern, how to look sincere, and Han Yi clearly saw a narrowing in his eyes.

Han Yi stared, this stinky boy, as unhappy as he was when he was a kid.

The appearance of Fu Chenxuan combines the advantages of Shen Qinglan and Fu Hengyi. Naturally, needless to say, although Han Yi looks evil, but Yu Xiaoxuan has watched it for more than 20 years, even the beauty of the prosperous age is tired of it, Where there is small fresh meat looks good.

He took Fu Chenxuan to sit down on the sofa and began to greet him warmly. Fu Chenxuan smiled all the way. Yu Xiaoxuan asked him what he answered, and he was very well-behaved. He would laugh at Xiaoxuan from time to time.

Han Yi stood sideways, staring at his daughter, and whispered, "Do you think your mother is too nympho, they are all a lot of ages and staring at other guys."

Guoguo squinted at his father, and then lowered his voice, "You should say this to my mother."

Han Yihehe, where did he dare to tell Yu Xiaoxuan, isn't this waiting to kneel durian shell?

"Guoguo, you're honest, which of the stupid guy Fu Chenxuan and I look good?"

Guoguo hesitated, "Dad, it's hard to say."

"Just tell me the truth." Han Yi is still very confident in himself. He has maintained well over the years, and even Du Nan hasn't. He went out and said that he didn't believe in fifty.

Guoguo put a hand on Han Yi's shoulder and said in a serious voice, "Dad, my brother Chen Xuan is a small fresh meat, and you, at most, is a piece of dried old bacon."

With that, Guo Guo didn't wait for Han Yi to react and stood up and walked upstairs.

Han Yi: ...the dried bacon said he was it?

He turned his head to look for his daughter, only to see a back view of Guoguo, he went to see the happy wife who was chatting with Fu Chenxuan, especially when he saw Yu Xiaoxuan who hadn't closed the door from Fu Chenxuan. When I talk, I feel more depressed.

He touched his chin and glanced at his tight abdomen again. Where did he look like old bacon? Obviously an old man, hey, he's not old.

Fu Chenxuan was chatting with Yu Xiaoxuan quite late. Until Shen Qinglan called, he got up and said, "Goddam, it's not too early today. I'll go back first and come to see you again."

Yu Xiaoxuan echoed again and again, "Well, please drive carefully on the way back, come home as a guest the other day, the godmother will give you a good meal."

Fu Chenxuan responded with a smile, and he didn't talk much tonight. He only said goodbye to Han Yi, who bowed his head and thought about life, and then drove away from the Han family.

Volume One 2. This is my boyfriend

Yu Xiaoxuan watched Fu Chenxuan's car go away, and turned around until she couldn't see it. As soon as she turned around, she met Han Yi's grudging face. She was so scared that she stepped back a few steps. , Unknownly looking at Han Yi, "What are you doing standing behind me like a ghost?"

Han Yi heard the words and became more resentful. Looking at Yu Xiaoxuan's eyes was like looking at the negative hearted man. "Is Fu Chenxuan beautiful?"

"Good-looking, hey, why don't you say he's not my son?" Yu Xiaoxuan thought of Fu Chenxuan's perfect face, which was quite regrettable.

Han Yi complained more and more, "Yu Xiaoxuan, you are a nympho." After that, he left angrily.

Yu Xiaoxuan looked at his back inexplicably. He seemed to be looking at an unreasonable kid, shook his head, and walked into the house. As a result, Han Yi had gone upstairs. Guoguo changed his clothes and came down from the upstairs. Yu Xiaoxuan saw her and asked, "What happened to your dad today?"

Guoguo took an apple in his hand, took a bite, and said indifferently, "Oh, Sick 2 is sick."

Yu Xiaoxuan gave her a white look, "Did you say your father?"

Guo Guo smiled, his eyes rolled, and sat down next to Xiao Xuan, "Mom, let me tell you something."

Yu Xiaoxuan didn't know why, "Something, let's talk."

"Brother Chen Xuan is planning to start his own business this time, I want to help him, what do you think?"

"Yes." Yu Xiaoxuan agreed.

"Then my dad..."

"I'll tell him." Yu Xiaoxuan was very cheerful.

"Hey, thank you, mom, you're the best, I love you." Guoguo don't want money to jump out.

"However, if you go to your Chen Xuan brother's company, can you treat the job as seriously as you do in your own company? If you let your mother know that you are making trouble, then you will come back to me immediately."

When Guoguo heard this, he didn't get angry, but just pouted, "No wonder my father wants to eat Brother Chen Xuan's vinegar. Mom, sometimes I think Brother Chen Xuan is your biological son. It's gone."

Yu Xiaoxuan glanced at her angrily. "If he is really my own son, I'll thank God. Chen Xuan is so worry-free. It's like you two. One or two makes me break my heart."

"Hey mom, if you say Han Simiao, just say Han Simiao, don't take me."

"Have your brother called you recently?" Yu Xiaoxuan couldn't help but think of her son studying abroad. She also just returned from the crew yesterday and is planning to take a break.

Guoguo shook his head, "No, this kid has been stupid in reading and reading recently. It is estimated that his mind is full of his messy theories, where can I think of me."

"This kid." Yu Xiaoxuan said helplessly, and got up, "OK, it's not early, you go to bed early, don't stay up all night until two or three o'clock, girls should pay attention to their own skin care ."

Guoguo waved his hand, "Got it, got it, mom, you're getting more and more verbose."

"Who do you mean to be wordy? Then you dare to go there yourself." Yu Xiaoxuan tiger's face.

Guoguo smiled immediately, "Mom, I said I am wordy, you are the best mother in the world, my favorite mother."

Yu Xiaoxuan looked at Guoguo, who had a smooth tongue with Youzui. In this way, it was somewhat similar to Fu Chenxuan. He shook his head helplessly, "I'm going to bed, don't stay up late."

"Hmm, I promise to go to bed early tonight." She will accompany Chen Xuan to see the office tomorrow, of course, she has to get up early.

And the next morning, when Guo Guo got up, only Yu Xiaoxuan was at home. Han Yi had already gone to work. When she saw her daughter, Yu Xiaoxuan asked her to have breakfast.

"By the way, I already told your dad about your matter, and your dad agreed." Yu Xiaoxuan said.

Guo Guo was surprised for a while, and said in surprise, "Mom, you managed to get my dad so fast. You are so powerful. Why did my dad say that he agreed so easily?" According to the state of her dad yesterday, She thought it would take at least a few days for her dad to agree.

Yu Xiaoxuan's eyes flashed uncomfortably, but he couldn't see the slightest on the face, "The process is not important. Anyway, your dad agreed, just hurry and eat."

While Guoguo bowed his head to eat, Yu Xiaoxuan rubbed his sore waist without any traces. There was nothing that could not be solved after a sleep. If not, then twice.

"Guoguo, godmother, here I am."

As soon as the mother and daughter had finished their meal, Fu Chenxuan's voice sounded outside the door. Guoguo stood up from the sofa, "Mom, then I will go first."

"Row."

"Brother Chen Xuan, let's go." Guo Guo said, holding Fu Chen's arm who had just entered the door.

In this way, Fu Chenxuan was pulled away by Guo Guo even when he had no time to say hello to Yu Xiaoxuan.

"Brother Chen Xuan, where shall we go first?" Guo Guo asked curiously.

"Go to Binhe Road first, close to the Science and Technology Industrial Park, there are mostly young white-collar workers, full of vitality." Fu Chenxuan said, he runs a technology company, and can also contact more talents in this field in the Science and Technology Industrial Park.

"Brother Chen Xuan, when it comes to this, I always forget to ask you, I am not learning software development, and I don't know anything about games. You said what can I do if you go to your company?"

She studied business management at university, but after four years of college, she went to play and didn't learn anything at all. Although she held the title of vice president, she usually worked in the company and never did anything serious. It can be said that she has no experience at all.

Fu Chenxuan glanced at her, "Be my secretary first, right?"

Guoguo smiled, "Of course no opinion."

"But first of all, I don't have any opinion on how you mess around in private, but if you are not serious in your work and you are murdered by me, you are not allowed to cry your nose, and you are not allowed to complain to your parents.

"I am that kind of person. I still cry and complain. That's what a child can do. I'm twenty-four this year." Guo Guo said dissatisfiedly.

"The best, if you are not obedient, I will tell the godmother to let the godmother clean up you." Han Yi is

a daughter slave, and she is reluctant to fight against Guoguo, not to scold, that is better than Xiao Xuan to be strict Mother, when she was a child, Guoguo was naughty, and was picked up by Yu Xiaoxuan.

Guo Guo stared, "Brother Chen Xuan, without taking you like this, I just said that I would not be allowed to sue." As a result, this person would go to her mother and say she was disobedient. What is this called? This is called Xuzhou officials set fire, not allow people to light up.

Fu Chenxuan said calmly, "I'm telling you that I must work hard, otherwise I won't show mercy to you."

Fu Chenxuan and Guoguo have always had a good relationship. Although he has gone abroad to study abroad in recent years, the relationship between them has not been rusty. He chatted all the way and soon reached his destination.

Fu Chenxuan called the agent and they spent most of the day in the house.

At three o'clock in the afternoon, Fu Chenxuan and Guoguo sat in the cafe, Guoguo gently pounded his calf, "Brother Chenxuan, are you satisfied with the three places we are looking at today?"

Fu Chenxuan shook his head, "No, let's continue to look at it tomorrow, otherwise, will you rest at home tomorrow?" Seeing her small movements, Fu Chenxuan suggested.

Guoguo shook his head. "I don't want it. I haven't walked so many times in a long time. Tomorrow I just need to change my flat shoes. Staying at home is too boring. It's more interesting to be with you."

Fu Chenxuan also followed her, "Wait for me to send you back, I will go to my grandmother's house for dinner at night, so I won't eat with you."

Guoguo nodded, "OK."

"Smoke, why are you here?" A male voice suddenly sounded over his head, Guoguo looked for it, and after seeing the person clearly, his beautiful brows were tight and tight, "Why are you here?"

The person here is a twenty-six-seven man, who looks so handsome. Hearing this, he smiled and said, "I'm here with some friends to drink coffee, is this?" His eyes fell on Fu Chenxuan's. On his body, there was a stunning flash in the bottom of his eyes. It was really Fu Chenxuan's appearance was too good. Even as a man, he could not help blinking, and a sense of crisis suddenly rose in his heart.

Who is this man? Why are you with Han Nanyan? What is the relationship between them? A series of speculations came to mind, and the man looked at Fu Chenxuan's eyes with a trace of precautions.

Guo Guo's eyeball turned and sat up next to Fu Chenxuan, holding his arm. "This is my boyfriend Fu Chenxuan." She didn't tell Fu Chenxuan about the man in front of her.

Fu Chenxuan glanced at the hand on his arm and said nothing, looking at the man, "Hello."

The man looked at Guoguo in shock, "When did you have a boyfriend?"

Guoguo is unknown. "I always have it. You just didn't believe it. My boyfriend was studying abroad before. This was just back. By the way, since I met him, would you like to sit down and have a cup of coffee?" Guoguo A sincere invitation.

With that said, she also looked at Fu Chenxuan, "Dear, don't you mind?"

Fu Chenxuan glanced at her and smiled, "Of course I don't mind. Does this gentleman want to be together?"

The man's face turned pale, and he watched incredulously as Guo Guo held Fu Chenxuan's hand, "Yanyan, do you really have a boyfriend?"

Guoguo was impatient and just wanted to speak. Fu Chenxuan held her hand. She shut her mouth suddenly and Fu Chenxuan looked at the man. "This gentleman, what do you mean? Do you and Yan Yan Doesn't it look like a boyfriend or a girlfriend? Or do you think she shouldn't have a boyfriend?"

Although he smiled when he said this, his eyes glowed with cold light, and his body seemed to have nothing but momentum.

Faced with this stressful gaze, the man froze stiffly, "Hug... sorry, I said the wrong thing, I still have something to go." Then, the man walked directly in the direction of the door, even Friends have forgotten.

Seeing people go, Fu Chenxuan turned his head, watching Guo Guo raised his eyebrows slightly, "Want not to explain to me?"

Guoguo pouted and put his hand down. "It's a piece of dog skin plaster, and I can't get rid of it.

"Your classmate?"

"No, last time I went to a reception with my dad and met at the reception. It seemed to be the son of the company's chairman. Anyway, I didn't remember the name, and I didn't know where to find my number. , And he can often be seen since."

"Don't your dad know about this?" If Han Yi knew it, according to his calf-protecting temperament, it would be strange that this man could still wander around Guoguo.

Guoguo shrugged, "I didn't tell my dad, after all, this man just tried to come across an encounter with me, and besides, he didn't do anything excessive." If her dad knew it, people would be uncertain. It's about to be unlucky, and she doesn't want to do things so absolutely.

Fu Chenxuan rubbed her head, Guo Guo's appearance was biased towards Han Yi, although he could not reach the point of falling into the country, but it was definitely a beautiful woman, with crescent moon eyes, and a pure smile. The charm of shares is indeed a fatal attraction for men. From small to large, there are many Guoguo pursuers, and Fu Chenxuan is also used to being used as a shield by her.

Guoguo clutched his head, "Brother Chen Xuan, don't allow me to rub my hair, or I'll be a henhouse, how can I see someone later."

Fu Chenxuan heard that not only did he not take his hand down, but also rubbed hard, "Take me as a shield, if I can't find my wife in the future, are you responsible?"

"Responsible is responsible, there are many single friends around me, to introduce you to a few understanding, to ensure that the book is reasonable and beautiful."

Fu Chenxuan flashed a glare in his eyes and sneered. "Just like your fox friends, or keep it yourself, don't harm me these four good young people."

Guoguo stared, "Why is my friend a friend of Hupenggou?"

"You wait for me blind, can't see your circle of friends?"

Guoguo said, "Well, shopping is a girl's favorite, and we are not a prostitute. We also do charity, but you don't know it."

Fu Chenxuan was unwilling to ask, seemingly inadvertently asking, "Last time I remembered hearing you say you have a boyfriend, what about your boyfriend?"

"Why is there no boyfriend, Brother Chen Xuan, don't you set me up, I never had a boyfriend." Guoguo is not fooled.

Fu Chenxuan's expression is regrettable. After a period of absence, the little girl became smarter. "Guoguo, you are not too small. It's time to find someone to fall in love. Tell your brother what you like, and I will introduce it to you. Youth around me A lot of talents, I can find out what you want."

Guoguo Qiao blushed slightly and lowered her head. "Brother Chen Xuan, if you talk nonsense, I will tell my aunt that you are bullying me."

Fu Chenxuan's eyes flashed slightly, "Little girl, don't you have someone you like?"

"Not at all." Guo Guo refuted subconsciously, but the more she is like this, the more certain Fu Chenxuan is, this girl is definitely the beginning of love.

Asked with interest, "Who is that person? Tell me, I can help you as well."

"Oh, there really isn't anymore. Well, I'm going home. You rushed me home."

Fu Chenxuan chuckled, seeing that she was really reluctant to say and never asked again, "Come on, let's take you home first."

On the way back, Fu Chenxuan's mobile phone rang, and when he saw that he was not answering, Guoguo, who was playing with his mobile phone, raised his head.

"Then help me pick it up."

"Oh."

Guoguo took the phone out of his trousers pocket and it was a strange number. "Brother Chen Xuan, looks like a foreign number. Do you want to pick it up?"

Fu Chenxuan glanced, his expression faint, "You pick it up."

Guoguo slipped and answered, "Hello, which one?"

No one at the end of the phone was talking, Guoguo frowned, "Hello, hello, may I ask who you are, please speak."

The phone was still silent, Guo Guo said to Fu Chenxuan, "No one speaks."

"Then hang up." Fu Chenxuan said lightly.

"Oh." Guo Guo hung up the phone without hesitation. She put the phone back and looked at Fu Chenxuan curiously. How could Fu Chenxuan not notice her gaze and laughed, "What's wrong?" Suddenly found me handsome, fell in love with me?"

Guoguo was not angry, "No one will fall in love with you, brother Chen Xuan, you can tell me honestly, wouldn't it be your girlfriend if you just called?"

"I don't have a girlfriend."

"That's your admirer. When it's over, she won't misunderstand my relationship with you, shall I make a phone call and explain?"

Fu Chenxuan was helpless, "What phone to call, sit down."

Guoguo has been staring at Fu Chenxuan's profile, "Brother Chenxuan, what if the girl misunderstood our relationship and gave up on you? What if you missed the relationship, wouldn't I become a sinner forever. Or because she loves and hates, she treats me as a love rival and comes to a dead net, then I am not very wrong?"

Fu Chenxuan vacated a hand and rubbed her hair again, "Where do you come from these messy ideas, usually do not look at those romances."

Guo Guo patted his hand disgustingly, "Brother Ann, if you rub my hair again, I'll be in a hurry."

Hearing the name An An, Fu Chenxuan resolutely rubbed it again.

Send Guoguo home, "I'll pick you up tomorrow morning, don't let me sleep." He didn't expect Guoguo to go to the designated place by himself. If she was left alone, she wouldn't know where to find her.

"Got it, I won't sleep late tomorrow." Guo Guo waved at him and turned into the house.

Fu Chenxuan did not go home directly, but went to the B major to pick up his sister Fu Shuyi, Fu Shuchen went to the military academy, and the younger sister went to B major.

Shen Qinglan was a legend at B University. Her photos were displayed in the window of outstanding students in the school. Because Fu Shuyi looks like her mother, everyone in B University knows that she is Shen Qinglan's daughter and often takes her. Compared with her mother, fortunately she is a broad-minded person, and she will not care about these things, nor will she feel inferior because she is shrouded in her mother's aura.

All in all, her college life is pretty good.

"Tantang, I'm at the door, you hurry out." Fu Chenxuan called Fu Shuyi.

"Knowing my brother, wait ten minutes for me, and I will come down immediately." Fu Shuyi crawled off the bed. She usually lives in school and will only go home on weekends.

"Book art, are you going home again today?" The roommate could not help asking when she saw her in a hurry.

Fu Shuyi nodded, "Well, to go to my grandmother's house for dinner tonight, I must go home. My brother is already waiting for me at the door, so I will go first."

With that, put on the shoes and ran away.

Fu Chenxuan leaned on his car, wearing a white shirt, sleeves rolled up to the forearm, holding a mobile phone in his hand, making a call, with a light smile on his face.

"Wow, so handsome, is this man from our school?" A student passed by, staring at him with a red heart.

"Affirmatively not, if such a top grade is our school, what is the current school grass."

"Also, ah, ah, he looked over, he was looking at us."

"Oh my god, the side is handsome, the front is more handsome, how could there be such a perfect man in this world, ah ah ah, no way, starting today, my husband has changed."

As soon as Fu Shuyi walked to the door, she heard all kinds of arguments. As expected, her brother has become a landscape in the eyes of everyone. All the arguments are about him.

But he didn't know himself, he didn't know who he was calling, and he looked attentively.

Fu Shuyi glanced at the girls who secretly took pictures with their mobile phones, and wondered whether they should go over or not, she left first and waited to join her brother?

While she was thinking about the feasibility of this plan, her beautiful and intelligent brother suddenly waved at her, "Fu Shuyi, hurry up."

Fu Shuyi's scalp was stiff, and instantly, all eyes fell on her, envious, jealous, curious...

She numb her scalp and moved her face stiffly in the direction of Fu Chenxuan. The closer she was to Fu Chenxuan, the hotter her eyes fell on her. If these eyes could catch fire, she must have been burned to ashes.

Fu Chenxuan hung up the phone, frowning at the people around him, especially those who took photos with his mobile phone, opened the car door, and said to Fu Shuyi, "Hurry up."

Fu Shuyi speeded up and stepped into the car. The car quickly left here, leaving a dust, and everyone looked at the car away with regret.

Hey, the handsome guy is gone, he still took a beautiful woman, alas...

"Brother, don't you pick me up in the future, or you shouldn't get off the bus." Fu Shuyi remembered the picture just now and sighed.

Fu Chenxuan was not angry, "You girl has no conscience."

"I'm not without conscience. I'm thinking about my personal safety. Just a few minutes when you look at it, our school's forums are all overwhelmed by your photos. Gee, buddy, I've got a lot more 'sister in law'!" Fu Shuyi's face narrowed.

It also shook the webpage in front of Fu Chenxuan's eyes.

Fu Chenxuan glanced at her, "I'm driving."

"Brother, did you do the same when you were studying abroad? You were surrounded by people when

Shen Rui smiled and said, "Thank you brother." Without putting on the watch in the past, he is still in school now, and wearing such an expensive thing is not appropriate.

Fu Chenxuan entered the door, everyone was waiting for him, he went straight to Shen Qian and Chu Yunrong, "Grandpa, grandma."

Chu Yunrong took his grandson's hand and looked up and down. It wasn't enough to look at it. "Thin, you must not have eaten well."

Fu Chenxuan smiled, "Grandma, I've lost weight recently, don't you think I'm more handsome now?"

Chu Yunrong looked at him disapprovingly, "You are fat and look good, don't lose weight, don't be like sugar and sugar. Last time you lost weight and almost went into hospital with malnutrition."

Fu Shuyi was embarrassed, "Grandma, what do you say, it's over."

Fu Chenxuan looked down at his sister, thoughtfully, "Have you ever done such a stupid thing?"

Fu Shuyi black face, "Who are you stupid?" He also stretched his hand and twisted Fu Chenxuan's waist, but because of long-term exercise, the flesh on his waist was very tight and could not be pinched at all.

Silently withdrawing his hand, Fu Shuyi kept hinting to himself: This is a brother, this is a brother, this is a brother.

"Uncle, aunt." Fu Chenxuan greeted Shen Junyu and Wen Xiyao again.

Wen Xiyao smiled and Shen Junyu patted him on the shoulder. "It's not bad, it's more stable, and it has made great progress."

Fu Chenxuan smiled, "With my uncle's guidance, wouldn't I embarrass my uncle if I didn't fight for it?"

Today, Fu Chenxuan was mainly exposed to the wind and dust, so he would have dinner after he arrived.

During the banquet, I heard that Fu Chenxuan would make all the elders present laugh, and there was a joyful atmosphere on the dinner table.

After dinner, Shen Junyu found Fu Chenxuan alone to speak in the study.

"Last time I heard you said that you want to be in a domestic office, what happened?"

"My team is still dealing with the last thing in country Y. When I am ready, I can come over at any time. My partner helped me contact their university students in China. A few are willing to come to the company to help me. Because the company has just started, it doesn't take too many people, so it is

enough." Fu Chenxuan said seriously.

Shen Junyu nodded and was satisfied with seeing his nephew arrange everything. "What about the office location? Have you chosen it? If you don't choose it, Junlan Group still has an office building. Two floors are empty. You can go there and see."

"I'm watching now. I went out to see a few places today. I'll go to see them again tomorrow, so I can finish reading all the places I selected, so don't worry about this uncle, but then I'll buy some office supplies. I don't know anyone, and I hope my uncle can help me find it."

"This is no problem. What do you want to tell my secretary tomorrow? I will let him help you find it. I will move it in when your office is confirmed. If the funds are not enough, my uncle will give you."

"I have money, uncle, and I have been out there for a few years anyway. There is still some money." He and a few small partners started their business since their junior year, and their wealth has also accumulated, although not counted many.

Shen Junyu laughed, "Well, it's my nephew who doesn't lose, but if I have any problems at work, please contact me at any time. Although men are going to work hard with their own hands, sometimes they have to learn to borrow when they can take advantage Momentum."

"Relax, uncle, if I really need it, I won't be polite to you."

Early the next morning, Fu Chenxuan went to Han's house to pick up Guoguo, and the two went on to see the office building.

Throughout the day, they ran a total of four places.

"Brother Chen Xuan, do you want to rent an office building?" Guo Guo held a notebook in his hand, which recorded the information of the office buildings they had seen in the past two days.

"As for the second one I saw this morning, it is close to the Science and Technology Park. The traffic is also relatively convenient. For white-collar workers who have just arrived in Beijing, even if they live far away, it is convenient to work."

After seeing so many places, it was the only place where Fu Chenxuan was more satisfied. The rent is a little more expensive, but he still can afford the money.

"I also think it's good there. I just checked the map and found a snack street nearby. We can go there for a snack after work."

Fu Chenxuan teased her, "I'm letting you go to work, wherever you are going to eat, you just remember to eat and be careful to eat yourself as a fat man."

"I'm not fat. Can I exercise every day? And I mean that I will not delay get off work after going off work." Guo Guo smiled, not worried about his figure at all. She is the type of legend that does not make you fat.

"Brother Chen Xuan, can we sign a contract with an intermediary company?"

Fu Chenxuan nodded, "Go to sign tomorrow morning. By the way, you have to leave to do things with me, did you tell your dad?" Fu Chenxuan thought of the matter and asked her.

"It's done. I can leave at any time. By the way, Brother Chen Xuan, you said last time that you have a team in the UK. When will they come?"

"It's about to come. When everything is ready on our side, they will come over, but before that I need to find a house for them. I can't let people sleep on the street."

"Brother Chen Xuan, you are definitely the best boss I have ever seen." Where is the boss now who finds a house for his employees?

"They are all little friends who started a business with me, and it should be better for them. Do you have time tomorrow? If you have time, please accompany me to see."

Guoguo patted his breast and promised, "It's okay, I don't have much else, just the most time."

"However, there are a few of your friends. What size house do we want to rent? And, what price are we looking for? The housing prices in Beijing have been getting higher and higher in recent years."

Although Guoguo is the gold of the Korean group, she is not worried about food and clothing, and has a lot of pocket money, but it does not mean that she is a straw bag, and she will pay attention to what she should pay attention to.

"This will be discussed after we see it."

Guoguo nodded, continued to eat, and talked to him about some other topics.

Going out of the restaurant, Fu Chenxuan drove, and Guoguo was waiting at the door. When bored, a woman came towards me.

"Yo, isn't this the Korean group's golden girl Han Nanyan?" The woman wore a suspender dress with exquisite makeup, and a man in a suit and leather suit stood beside her.

The man looked at Han Nanyan and looked embarrassed.

Guoguo looked at himself, and when he saw the two of them, his eyes crossed across them. Soon he took back his sight.

The woman took the man's arm and held an intimate gesture. "Han Nanyan, I didn't expect to meet you here. Since I met you, it was a fate. Let's have a meal together." The woman sent an invitation to Guoguo, but Guoguo didn't even have a look give her.

"No, I just finished eating, you eat it." She was not interested in eating with the two of them, let alone had already eaten, even if she did not eat, she was not happy, she was afraid of indigestion.

"Don't you dare? Han Nanyan, how long has that thing passed? Can't you let it go now?" When the woman said this, her eyes fell intentionally or unintentionally on her male partner, on the man's face. The embarrassment grew deeper, and Guo Guo's eyes flickered, and there was a trace of guilt deep in his eyes.

Guoguo chuckled, "In my eyes, it's just rubbish, so you are a treasure."

In a word, the woman's face was blue, and the man's face was pale.

"Han Nanyan, I haven't seen you in a while, you are still so arrogant."

"One another. I haven't seen your Miss Chen's temper, it's still the same," she paused deliberately before saying quietly, "domineering."

"Han Nanyan, I tell you, Xiujie is now my boyfriend. You are not allowed to remember him again. If you let me know that you are entangled, don't blame me for being unkind to you."

After listening to this, Guoguo wanted to laugh, and really laughed, "I said Chen Anya, when can you correct this self-righteous problem? Ning Xiujie has nothing to do with me. You like him to be yours, Don't drag me up? Also, the person you are a baby is like air in my eyes, oh, the air still lifts him up."

The woman known as Chen Anya's complexion turned green and turned from black to black again. She raised her hand and waved towards Guoguo, but was stopped in the air.

"I have just been away for a while, how can I be bullied?" Qinglang's male voice came from the side, with a little coldness in his words.

Volume Two 3. But he doesn't like me

"I have just been away for a while, how can I be bullied?" Qinglang's male voice came from the side, with a little coldness in his words.

Guoguo turned around and saw Fu Chenxuan standing next to her. At this time, Fu Chenxuan's face was still hung with a shallow smile, but people could not feel any temperature.

The moment Chen Anya saw Fu Chenxuan's face clearly, there was a shock in her eyes, even her own hands were forgotten.

Fu Chenxuan is too familiar with this kind of gaze, but does not have any discomfort, throwing the woman's hand away, "Is it that you want to bully my girlfriend?"

Chen Anya stunned and asked subconsciously, "Han Nanyan is your girlfriend?"

Fu Chenxuan's expression was faint, "She's not, can't you be?"

The embarrassment of Chen Anya's face only reminded me of the purpose of standing here today, and suddenly his waist became hard again.

"If you are really Han Nanyan's boyfriend, you are optimistic about her, don't let her come out to mess with people."

When Guoguo's face changed, she wanted to talk to her, but Fu Chenxuan buckled her shoulders and took her to her arms, "I don't care about my girlfriend's affairs. But my girlfriend's eyes It's normal. Among me and this... brother, I think, as long as my eyes are not blind, I should choose me."

Ning Xiujie's face was green, and he stared angrily at Fu Chenxuan. "What do you mean by that?"

Fu Chenxuan said nothing, "Sorry this brother, I'm just talking about things. If you think I have insulted you, I will say sorry to you." He said no sincerity, which only made people more angry.

In fact, Ning Xiujie looks very good, and can be regarded as a handsome guy, but in front of Fu Chenxuan, it is not enough to look at.

Chen Anya wakes up from Fu Chenxuan's beauty and looks at him angrily, but she also knows that it is humiliating to quarrel with others in a large crowd, so he desperately suppressed the idea of wanting to start, and said coldly, "This gentleman, Han Nanyan What kind of person are you probably unclear? I advise you, before you are with this woman, it's best to investigate her past, lest she be wearing a green hat and don't know!"

With that, she glared at Guoguo with hate, and her eyes were full of jealousy. Why would such a good man like such a woman? Are all the women in this world dead?

She thought angrily, and then pulled Ning Xiujie away. Ning Xiujie didn't want to leave, but just faced Shang Guoguo's indifferent face, a glimmer of sadness flashed deep in his eyes.

After the two had left, Fu Chenxuan let go of Guoguo and looked at her with a frown, "Student Han Nanyan, I didn't see it, there were a lot of rotten peach blossoms." He helped her deal with two flowers just two days after returning.

Guoguo's face collapsed, "Brother Chen Xuan, don't tease me, I'm worried."

"What happened to the man just now?"

thing?"

"Don't mention it, I get angry when I mention him. If it weren't for him, I wouldn't be entangled by the crazy woman Chen Anya." Guo Guo was very angry.

"Come, tell me what the hell is going on? Maybe I can help you come up with an idea."

This matter has been held in Guoguo's heart for a long time. Today, Fu Chenxuan has also hit him anyway, so she said directly.

Things still have to start when Guoguo went to college.

Because Guoguo looks more like Han Yi, it can be said that from a young age to a big beauty, someone has written a love letter to her since elementary school.

And she has always dealt with the suitor strategy, either ignore it, or directly refuse, some refused, she took Fu Chenxuan as a shield, but after going to college, Fu Chenxuan passed the military school, and then far away Going abroad to study abroad, Guoguo stays at home.

His appearance is beautiful, his temper is good, and his family background is good. As soon as he went to college, this kind of fruit attracted a lot of eyes of the opposite sex. There are countless suitors. Among them, Ning Xiujie, the son of the chairman of Shuangcheng International, is the most closely pursued.

Ning Xiujie loves Guoguo at first sight and cannot extricate himself. From time to time, he comes to Guoguo's eyes. Shuangcheng International carries forward in the hands of his mother Ning Ke and is a company that can stand side by side with the Han Group.

Ning Xiujie believed that he was right with Guoguo, and he was also very persistent in chasing Guoguo. Even if Guoguo never agreed, he also chased from freshman to senior.

After graduating, he learned that Guoguo was going to enter his father's company. He also tried every means to ask his mother to let him go to the Han Group for an internship. The purpose was self-evident.

Ning Ke is happy to see that his son likes the Han Group's great value. After all, Han Group and Shuangcheng International have been good partners for so many years. So he very happily agreed to Ning Xiujie's request to enter the Han family, and also personally called Han Yi, hoping that he would allow his son to enter the Han family, learning in the name and accumulating experience.

Although Ning Xiujie pursues Guoguo very much, she is also a gentleman and has never done anything excessive to her. Over time, Guoguo did not regard him as a suitor, but a relatively talkable friend. It's just that Chen Anya doesn't know when she fell in love with Ning Xiujie, because Ning Xiujie likes Guoguo and is diametrically opposed to her.

Guoguo is very annoying to her. It's just that Ning Xiujie has always rejected Chen Anya, and has nothing to do with Chen Anya. Guoguo has done nothing but keep a proper distance from Ning Xiujie.

Just half a year ago, wearing Anya used a little means and had a relationship with Ning Xiujie. Ning Xiujie felt guilty about Guoguo, so he left the Han Group and gave up the pursuit of Guoguo. However, every time Chen Anya saw Guoguo, she still ridiculed and sneered, even if she was like a thief.

After listening to Guoguo, Fu Chenxuan smiled indifferently, Guoguo looked at him angrily, "Don't laugh, Brother Chenxuan, don't say anything like this you haven't experienced."

Fu Chenxuan's face attracted more butterflies than her.

"Cough cough." Fu Chenxuan tried hard to hold back the smile, but his shoulders still shook slightly, and Guo Guo rolled his eyes, and finally she was lucky to look at her with her arms. She wanted to see how long this person could laugh.

Fu Chenxuan looked at Guoguo, "No, why are all the strange things you encounter?" That was the case with the man in the cafe that day, and now this is the case again.

Guoguo rolled his eyes. "Maybe I have such a physique. Brother Chen Xuan, what do you say to me? This Chen Anya sees me like this every time. It's very annoying."

Fu Chenxuan's expression was serious, "It's very simple, use violence to control violence, just like people just want to hit you, you just stand in the same place and let her fight?"

"I'm not that stupid. I wanted to hide." Only Fu Chenxuan stopped it first.

"The next time I meet her, if she does this again, you will hit it hard, and I will be responsible if

something goes wrong." Fu Chenxuan said lightly.

"I think so, this woman is too yawning." Speaking of this, Guo Guo stared at Fu Chenxuan's face, his eyes blinked and blinked, Fu Chenxuan looked funny, "eyes pumped? Just say something."

"Brother Chen Xuan, is there someone you like in your heart?"

"How did the topic suddenly come to me?"

"Don't change the subject, I just want to know this, you honestly told me, do you have a girl you like?"

"Why are there so many gossips in children's houses?" Fu Chenxuan avoided talking.

Guoguo pouted, "Cut, Chen Xuan, for so many years, you are still old, and you like to change the subject when you don't like it."

"Then should you tell me first, so many suitors, you don't like any of them, is there someone in your heart?"

"Brother Chen Xuan, you are bored. I asked you first. You were studying well at the military school at that time. Why did you suddenly drop out of school and then go abroad to study? Didn't you want to be a soldier since childhood? Speaking of this topic, Guo Guo looked at Fu Chenxuan seriously. She had been thinking about this question for a long time and asked him many times, but he was not willing to answer every time.

The expression on Fu Chenxuan's face faded a little, and I didn't know what to think of, and an unknown emotion flashed in my eyes, fleeting.

"I can have someone I like. I don't want to miss the military academy because I feel that it's too hard to be a soldier. I suddenly flinched." Fu Chenxuan said casually, but he also lost interest in asking the Guoguo people.

Guoguo sneered, "I believe you have ghosts." A person who has been in the military camp since he was a child, and will go to the military camp to experience recruit training every winter and summer vacations, would it be too hard to be a soldier? Even if there are people who are ignorant here, she must be unbelievable.

"Okay, at a young age, I think so many wrinkles are easy to grow."

Guoguo's black line, "You're like seventy-eighth old. By the way, Chenxuan, will Pei Hao come to your company?" When asked, Guoguo's eyes were full of anxiety, even the hand holding the phone tightened a little, but Fu Chenxuan remembered some past events at this time, and did not notice Guo Guo's abnormality. Hearing her, he said casually, "He will not come, his father gave the company to He manages, he is busy."

"Oh." Guoguo responded with disappointment.

"Aren't you familiar with him, why don't you ask him personally?" Fu Chenxuan is a little strange. From small to large, Guoguo has the best relationship with him, followed by Pei Hao, but this girl is more about Pei Hao. Worship, treat Pei Hao as his idol.

"Aren't you just by my side? I can ask how convenient it is." Guoguo perfunctory.

Fu Chenxuan did not doubt, and said to himself, "But he hasn't eaten with him this time. He asked him to come out and gather someday. You have to come together and meet your idol."

"I won't go, the party between your boys, what am I going to do, if I see Brother Pei Hao, help me to say hello to him." Guo Guo refused.

Fu Chenxuan gave her an unexpected look, "It's not like what you said, you used to take me around before."

"You all said it was before, now that I'm growing up, naturally I won't be as ignorant as before."

This reason is very reasonable, but Fu Chenxuan always feels strange, but he did not expect something wrong.

Because the office building has been selected, the next thing will be very smooth, Guo Guo ran with Fu Chenxuan for a few days, and everything was ready, even the house was found.

"Brother Chen Xuan, when will your friends come?"

"I have called them, and they will arrive tomorrow. You remember to drive tomorrow, and pick them up with me."

"Okay, but you can't drive too fast, let me see you." Otherwise she would be lost halfway.

Fu Chenxuan, who knows her lustful nature, naturally agreed, "Come on, you have worked hard these days, and I invite you to dinner at night."

Guoguo smiled and followed Fu Chenxuan. He is a person who pays attention to the quality of life. Generally speaking, the place to eat is very good. Guoguo likes to rub behind him since he was a child.

Fu Chenxuan took her to a Chinese restaurant, looking at the facade more like a private house dish, walked in, but saw an unexpected person.

Pei Hao saw Guoguo and smiled, "Seeing me stupid?"

Guoguo recovered, and whispered "Pei Haoge." Then he looked at Fu Chenxuan, the meaning in his eyes was very obvious-[Why don't you tell me that Pei Haoge is also there?

Fu Chenxuan's calm face-[all are old acquaintances, what does it matter.

It's related. Of course it's related. If she knows that Pei Hao is here, she won't come here, but now it's too late to say anything. She can't always use chopsticks to leave at this time, so she's in Fu Chenxuan. Sit down beside him, just opposite Pei Hao.

Pei Hao glanced at Guo Guo and saw that she kept her head down and couldn't help but shake her head and smiled. This girl still cares about the last thing. I used to contact him several times in the past week, but now it's been several months, even once He never called him.

Pass the menu to her, "order whatever you want, the taste of this house is very good, you should like it."

Guoguo was a little absent-minded, and when he saw the menu in front of him, he recovered and shook his head, "Brother Pei, please order, I can eat anything, not picky food."

Fu Chenxuan glanced at him sideways, then at Pei Hao, a thoughtful flash in his eyes, and took the menu, "All are old acquaintances, so polite, when will you wait until you can eat, or Let me order it."

He ordered a few dishes, basically all of them love to eat.

"Brother Hao, I haven't contacted you in a few months. Are you still comfortable with your work?" Fu Chenxuan ordered the food and chatted with Pei Hao.

Pei Hao nodded with a smile. "It's okay. I used to work in the company before. There's nothing uncomfortable for you. It's you. What happened to the new company?"

"Everything is ready, I only owe Dongfeng, alas, it's a pity, if you didn't take over your dad's company, and really want to get you to my company, our brothers will definitely be able to sweep the capital city mall." Fu Chenxuan regretted , He really wanted Pei Hao, unfortunately...

Pei Hao smiled and said, "With your own skills, you can sweep across the capital's business community."

When the dishes came up, Guoguo only looked at his head to eat, and the person who was so noisy was even quieter today. If there is no problem, there will be a ghost.

Fu Chenxuan's eyes circled around Pei Hao's body. When he saw his expression calm, he looked at Guoguo again, but the girl only looked at the food.

"Don't just eat and eat more dishes." Fu Chenxuan gave her a chopstick dish.

Guoguo screamed, still not looking up, Fu Chenxuan said, "What's wrong with this today, dumb?"

If Guo Guo reached out and twisted hard on his leg, couldn't she ignore her?

"People say nothing about food and sleep." Guo Guo said lightly.

Fu Chenxuan sneered, "When did you observe this rule?"

"Can't I start now?" Guo Guo raised his head and said to him, and then he met Pei Hao's smiling eyes, bowed his head in a panic, and took a bite of rice.

"Drink some soup, don't choke." Slender hands appeared in front of him, Pei Hao's gentle voice in his ears. Guoguo looked up and stared at Pei Hao blankly, but the tip of his ears covered by his hair was quietly red, "Thank you Pei Hao."

Pei Hao withdrew his hand, turned his head and continued to talk to Fu Chenxuan, as if it was just an action just now.

Fu Chenxuan took this scene into his eyes, and there was a vague guess in his heart. When Guo Guo was drinking soup, he seemed to inadvertently ask, "Hello, how are you and your girlfriend? Why didn't you take her today?" stand up?"

Guoguo's body stiffened, and the hand holding the spoon was tight, and his ears were quietly raised.

Pei Hao smiled, "She is on a business trip and it will take a few days to come back."

"Oh, so, when are you going to get engaged to her, do you have a plan?"

"Not yet, but it should be fast. I just have time next weekend and plan to visit her parents at her house."

Has Guoguo's heart tightened, has it reached the point of seeing parents? So is she really hopeless? She looked at the bowl of soup in front of her, and suddenly lost her appetite and put down the spoon.

"Eat enough? Just eat a little bit?" Fu Chenxuan, who had been using her eyes for a long time, whispered.

Guoguo nodded, "Brother Chen Xuan, Brother Pei Hao, I'll leave before I have anything to do."

Fu Chenxuan raised an eyebrow, "What else are you waiting for? Why don't I know?"

"I made an appointment to go shopping with the little sister. She is almost at the mall. I am going to find her now."

"You can find it?"

Guoguo glared, "Will I not take a taxi?"

Fu Chenxuan had already eaten almost already, put down the chopsticks, "Brother Hao, this girl is Luchi, I'm afraid she was thrown halfway, I will send her first, we will talk about it another day."

Pei Hao nodded with a smile, "Well, go, drive carefully on the road." He looked down and deliberately didn't look at his fruit, he wanted to say something, hesitated, or said nothing.

Walking out of the restaurant, Fu Chenxuan looked at Guoguo, who bowed his head all the way, and sighed, "I'm going to hit the telephone pole and go."

Guoguo continued to move forward without hearing his words. Fu Chenxuan took her by the arm, "Guoguo."

If Guo Guo raised his head subconsciously, Fu Chenxuan saw a pair of red eyes, with tears in his eyes, and lowered his head in a panic.

"Guoguo, the person you like is Pei Haoge?" Although Fu Chenxuan asked her, he was already sure that the Guoguo tonight was very abnormal, and this abnormal source was Pei Hao.

Guoguo shook his head violently, "No, I don't like people." There was a choking voice in his voice.

Fu Chenxuan looked at her sophistry, and felt a slight pain in her heart. This silly girl, "When did it happen?" They grew up together, and they didn't see Guoguo like Pei Hao.

Although Guoguo liked to follow Pei Hao when he was a child, it was more dependent on his brother. Just like with him, when did this relationship deteriorate?

"Brother Chen Xuan, don't ask." Guo Guo's tears fell.

Fu Chenxuan raised her head and wiped her tears, "Silly girl, like him, why don't you tell him?" Now that everyone has a girlfriend, and they have to see their parents, you are sad here alone I don't know if it hurts people.

"I said it, but was rejected." Guo Guo whispered that she confessed to Pei Hao on her birthday. It was also at that time that she knew that Pei Hao had a girlfriend, even though she had been in contact for a week.

Fu Chenxuan raised his eyebrows, did he really leave for too long? There were so many things he didn't know.

"Brother Chen Xuan, he doesn't like me, woo woo woo." Guo Guo finally couldn't help crying.

Fu Chenxuan sighed and hugged her gently, "Cry, borrow your shoulders."

Guo Guo's tears cried in Fu Chenxuan's arms, and soon he beat the clothes on his chest, but Fu Chenxuan patted her back as if she didn't notice it, like Fair as a child.

At the door of the restaurant, Pei Hao looked at this scene from afar, and his eyes looked dim. After all, he didn't walk past it, and walked to the parking lot from the other direction.

Guoguo stopped crying for a long time, looked at the messy clothes he was crying, and bowed his head embarrassedly, "Brother Chen Xuan, the clothes are wet."

Fu Chenxuan glanced at it and didn't care, "Is your mood better now?"

Guoguo nodded, huh.

"Go, take you home."

Guoguo grabbed his sleeve. "Brother Chen Xuan, I don't want to go home. Shall we go to the bar?" Because she had just cried, her nose was red and her eyes were wet, so looked at him like this, a pitiful The look of Fu Xixuan softened, "Okay, get in the car."

They didn't go to the charm. There was Han Yi's site. The manager knew Guoguo. As long as she went to the bar, Han Yi would know, so Guoguo wouldn't choose the charm color when he went to the bar.

"Brother Chen Xuan, this cocktail is good." Guo Guo took a cocktail and tasted it.

Fu Chenxuan looked at her calmly, "It's okay to drink, but you can't drink too much, otherwise you can't explain to your parents if you are drunk."

"Brother Chen Xuan, when have you become such a mother-in-law, rest assured, I will taste it, and I won't be drunk."

Fu Chenxuan didn't believe her at all. This person had a very light drink. If he didn't look at it, he might get drunk. Thinking of it, he regretted taking her to the bar.

"Brother Chen Xuan, I feel uncomfortable." She looked at Fu Chen Xuan pitifully, knowing that he could not stand her like this.

Fu Chenxuan really softened immediately, knowing that this matter should have been in her heart for a long time, and it was difficult to hide her so badly for so long, "Forget it, drink it." It's a big deal waiting for her to get drunk He carried her back, and never let anyone bully her.

Guoguo leaned on Fu Chenxuan, "Brother Chenxuan, you are still the best for me."

She picked up the wine in front of her and drank most of the glass in one breath, frightening Fu

Chenxuan, "I made you drink, but I didn't let you drink like this. If you do, then we will go back now."

"Okay, okay, I drink slowly." Guoguo said obediently, taking a small drink from the glass.

She looked at the direction of the dance floor and suddenly said, "Brother Chen Xuan, please dance with me."

Fu Chenxuan glanced towards the dance floor and shook his head, "Don't go."

"Go, go, you should be with me, Chen Xuan, please." Guoguo pulled his sleeve like he was a kid.

"It's worth it. I'll lay down my life with my gentleman and grandma, please." Fu Chenxuan made a gesture of invitation and Guoguo pulled him into the dance floor with a smile.

On the dance floor, Guo Guo twisted his body frantically with the beat of the music. Fu Chenxuan could see that she was venting more, but was silently beside her.

"Brother Chen Xuan, jump up." Guo Guo shouted loudly, with a smile on his face, but Fu Chen Xuan saw deep sorrow from her eyes, sighing, this silly girl is estimated to really like it Pei Hao.

He didn't know what happened, and he didn't know what attitude Pei Hao had towards Guoguo. He knew that Pei Hao had a girlfriend, which was a month ago. But since he has already made girlfriends, Guoguo has no meaning in that respect. This girl is mostly unrequited love.

Guoguo danced three dances in succession, because Fu Chenxuan was beside her, and no one with long eyes dared to provoke her. Until she could no longer dance, she came out from the dance floor and went back again. When she arrived at the bar, the bartender made two glasses of wine for her. The color was very gorgeous. She didn't like to drink spirits, but she liked beautifully colored cocktails.

"Guoguo, drink less. This drink has great stamina. If you get drunk, you should have a headache again tomorrow morning." Fu Chenxuan held her hand and warned softly.

Guoguo shook his head, "It's okay, just wait for me to go back and drink a cup of honey water. Brother Chen Xuan, I'm a little thirsty, you let me have a drink first."

Fu Chenxuan held her hand and did not let go, "If you feel thirsty, I will ask the bartender to bring you a glass of boiling water."

Guoguo laughed, "Brother Chen Xuan, are you kidding me? This is a bar. Do you want me to drink boiled water?"

Fu Chenxuan ignored this, but asked, "If you are drunk, you can enter the house at night?" Han Yi is not allowed to drink Guoguo, let alone drunk.

Guo Guo pouted, "Brother Chen Xuan, I don't like to come to the bar with you. Whenever this time, you are like my dad, nagging, nagging. Isn't it good to make me drink today?" tone There is a little dissatisfaction in it, like a child with a temper.

Fu Chenxuan looked at her, his eyes dim, where did he dare to really make her drunk, she was going to be drunk, and it was not her own who suffered, so thinking, he wanted to leave the bar with Guoguo!

Guoguo suddenly reddened his eyes and covered his chest. "Brother Chen Xuan, I feel so painful and uncomfortable here. You just let me get drunk. Didn't people say that drunkenness makes you worry, maybe you're drunk? I'm not so uncomfortable."

Fu Chenxuan saw her the least, raising her hand and rubbing her head, compromising, "OK. Drink it, wait a minute for me to take you home." Then, the bartender made another drink for her and put it in front of her.

Guoguo looked at the two glasses of beautifully colored liquids in front of him, smiled, moved a glass and drank it, and Fu Chenxuan asked the bartender to bring him a glass of white water. Tonight Guoguo is destined to be drunk, he always keeps awake.

A phone call came halfway through, and it was from a friend in the UK. Fu Chenxuan glanced at Guoguo and said in her ear, "I'm going to take a call." He also held a mobile phone in front of Guoguo's eyes. Shaking, Guoguo nodded.

As soon as Fu Chenxuan left, the two men gathered around, "Little sister, who's alone, brothers drink with you."

Guoguo didn't even bother to give them a slap, silently spit out a word, "Go."

The two men changed their faces and looked at each other. They had been staring at Guoguo for a long time, but she was always accompanied by a beautiful man, and it was very difficult to look at. Now that I saw the man gone, where would I miss this opportunity.

One of the thin men inadvertently put Guoguo's shoulders on his shoulders, "Sister, don't talk so rushing, everyone is out to play. What's wrong with having a drink together?"

Guoguo glanced at the hand on his shoulder, "Take me your salty trotters away."

After hearing this, the thin man's face was dull, and he was confronted again and again by Guoguo. His face could be as good as weird. However, what he sees is a beautiful girl in the end. Temper, said with a smile, "Sister, did you encounter something unhappy? Say your brother to help you."

Guoguo picked up Fu Chenxuan's white water and put it on the man's face. "Do you want to be shameless! Open your sister's mouth and close her sister's, who is your sister, who looks like a melon, and dare to come out and hook People, don't look in a mirror and think about whether this glory of her

will scare others! Hurry up." She is in a bad mood tonight, and this man has repeatedly come to provoke her, her His temper exploded in an instant.

The man didn't expect Guoguo to suddenly flip his face, and she was thrown a straight face. Although it was summer, even if he was splashed with a glass of water, it wouldn't be a problem, but it was a matter of face, and his face immediately sank. Holding Guoguo's wrist, "Sorry shameless girl, give you a little face, you have opened a dyeing room, today I want to let you know what it means to be powerful."

He pulled Guoguo and dragged her away, but suddenly he put a hand on his shoulder, "Who are you going to teach?"

As soon as the thin man turned his head, he saw Fu Chenxuan's somber complexion. His eyes were cold as if he could freeze the dead. He stayed, and his consciousness relaxed.

The man has recognized that Fu Chenxuan is the man with Guo Guo. Isn't this man gone?Why are you back?He only saw Fu Chenxuan left before he rushed over to talk to Guoguo.

"Get off." Fu Chenxuan said quietly.

The man felt cold in his heart, said nothing, and pulled away his companion.

Fu Chenxuan looked at Guoguo, "I have just left for less than ten minutes." His tone showed helplessness, as if he had no more coldness just now.

Guoguo's innocent face, "It's none of my business. I'm drinking right here."

Fu Chenxuan glanced at the bar, just now, Guoguo had three empty wine glasses in front of him, he was startled, "You drank all?"

Guoguo glanced, and then nodded obediently, "Drink. This cup tastes the best." She pointed to one of the empty glasses and said, "Sweet, with the fragrance of fruit, drinking is like... fruit wine ."

Fu Chenxuan raised his forehead, and had a headache. "Okay, since the wine is enough, the play is enough, we have to go home." Let's get the people back and say, if we let the girl drink again, it's really necessary problem occurs.

This time Guoguo was obedient and did not say to continue to stay, mainly because the two men had already destroyed her mood just now, and she also wanted to leave.She got up and took two steps, her footsteps were crooked.

Fu Chenxuan supported her in time, "Will you take you home at night, or go to my apartment?" The house in Shen Qinglan's city center was transferred to his name on the day of his son's adulthood, and is now Fu Chen Xuan's.

"I don't want to go home." Guoguo still kept a little sensible, knowing that he would go back like this now to worry his parents.

"That line, I will send you to my apartment to stay for one night. When I call your mother, I will say you live in my house tonight." Fu Chenxuan said casually, from small to large Han Yi is used to his home, let alone Yu Xiaoxuan.

Guoguo leaned on Fu Chenxuan, "Brother Chenxuan, still hello."

Fu Chenxuan worried that she would not walk steadily and hugged her halfway, "You will only say that I am good at this time."

"I always think you are good, Brother Chen Xuan, why don't you say that the person I like is not you? If I like you, wouldn't I have to be so painful?" Her voice was a little soft, but still clear The land reached Fu Chenxuan's ear.

Fu Chenxuan sighed, knowing Guoguo for so many years, he had never seen her like this, like an injured deer, but desperately pretended to be okay, then hid in the corner and cried secretly .

He was thinking, if he hadn't discovered her mind today, how long would this silly girl bury it in her heart?Whether it will be noticed until the wound becomes inflamed and decayed.

Going out the door of the bar, the wind at night was a little cold, and Guoguo recovered a little. She looked at the neon lights on the street and suddenly squatted down and hugged her legs.

Fu Chenxuan squatted beside her and asked her softly, "Why don't you go?"

Guoguo shook his head. "My head is so dizzy that I can't move."

Fu Chenxuan smiled helplessly, "Come on, I will carry you."

Guoguo continued to shake his head, "I don't want to, Brother Chen Xuan, I really want to cry. It's very uncomfortable in my heart, you said, why is he getting married?"

Fu Chenxuan was speechless for a moment, and vaguely regretted today's temptation.

"Guoguo, there are many good men in this world, and there are many people who like you. We can always pick someone who likes you and is willing to be good to you." Fu Chenxuan comforted her softly.

"Neither of them is Pei Hao." Guo Guo choked with tears in his eyes, "Chen Chen Xuan, why doesn't he like me, why am I not good? So many people like me, I don't have any Fancy, it turned out that the only thing that moved my heart, but did not like me, Chen Xuan brother, I told him that I like him, but he said treat me as a sister, go to his sister, who will be his sister, woo woo woo Woo."

She cried helplessly, tears falling on the ground.

Volume Two 4. Their story

Fu Chenxuan looked at her and felt a little pain in his heart. This is when he looked up at his sister who grew up. Now that he is so sad to see her, he is not feeling well. If she likes other people, then he will definitely go. Ask the other party why he wants to hurt such an innocent girl, but the other party is Pei Hao, his most beloved elder brother. In this case, he can't say anything.

"Guoguo, everything has passed. In the future, you will meet someone who loves you more, loves you, and is willing to treat you for a lifetime. Trust me." Fu Chenxuan comforted her softly.

Guo Guo looked at him dimly with tears in his eyes, "Brother Chen Xuan, neither of them is Pei Hao, neither is Pei Hao I like, woo woo woo."

Fu Chenxuan pulled her from the ground, "Fool, they are not Pei Hao, but they love you, in their eyes, you are the only one, Pei Hao is good, except for her good looks and strong ability, There is nothing better than temper, but there is no good." When saying this, Fu Chenxuan couldn't help but a little guilty, silently saying sorry to Pei Hao who was not here, he said this to comfort Guoguo. .

"You are not allowed to say this to him, Brother Pei Hao is okay, he saved me and is the hero in my mind." Guo Guo frowned, displeased, and the wine came up, her face was red and her eyes had just cried, Wet, a little cute.

Fu Chenxuan's eyes flickered, "When did he save you?"

"It's the sophomore summer vacation." Guoguo was already drunk, and in Fu Chenxuan's three or two sentences he would come out with the future.

Pei Hao was very smart since he was a child. He was in junior high school when he was eight years old. He was only twenty-three years old when he finished his doctorate. He listened to Jiang Chenxi's suggestion to stay and teach at the school. Admitted to A major.

It's just that Pei Hao doesn't teach them. There is no other intersection between them except for one public course, but Guo Guo and Pei Hao have known each other since childhood, even if it's not a teacher-student relationship, they are also friends, and Pei Hao has always regarded Guo Guo as a sister. She usually takes care of her in school.

This relationship may have lasted for a lifetime, but on Guoguo's sophomore year, something happened that caused Guoguo's feelings for Pei Hao to change qualitatively.

During the summer vacation that year, the school organized extracurricular research and divided into several groups, each group was led by a teacher, and the third group where Guoguo was led was led by Pei Hao.

The investigation revolved around patriotism. After discussion, their group decided to visit some Red Revolutionary bases, and one of the selected locations was in the deep forest.

Originally, Pei Hao wanted to change the location. After all, it is far from Beijing and the terrain is not familiar. So many people go out in case something is difficult, but these are young college students, so obedient, Everyone wanted to go there, and even Pei Hao couldn't stop them, and ultimately only agreed to their plan.

The mountain road was difficult, and Guoguo could keep up at first. As a result, when she was halfway down, she suddenly wanted to go to the toilet and was embarrassed to talk to Pei Hao. When her convenience was over, the large army went away.

She wanted to call Pei Hao, but there was no signal on her cell phone. In desperation, she could only follow the direction in her memory, but she lost her way.

Pei Hao realized that Guo Guo was gone, and he looked back for the first time, but couldn't find it. Guo Guo had already gone in the other direction.

The mountain road here is difficult, and Pei Hao is anxious, worrying about Guoguo's accident, and mobilizing his classmates to find someone, and he is looking for someone along one of the directions and walked for almost two kilometers before finding Guoguo.

At that time Guoguo had accidentally fallen into the trap set by the hunter, sprained his foot, could not move at all, and was sitting on the ground crying.

When Pei Hao found her, she had already cried into a little cat.

Because the feet were twisted, Pei Hao backed her all the way back to join the big army.

"Brother Chen Xuan, you don't know, when he appeared, I seemed to see the hero in the movie covered in colorful auspicious clouds." Guoguo's voice was still hoarse after a cry.

Fu Chenxuan knew this because Guoguo's foot was sprained. She stayed in the hospital for two days. When they were videotaping, he happened to know about it, but he didn't expect it to happen in the middle. Thing.

"You just like him like this?" Fu Chenxuan felt a little weird.

Guoguo nodded, "I just liked it a little at first, but then I gradually fell in love." When the emotions deteriorated, she hid the emotions in her heart, thinking about waiting until she graduated. Confess with him.

After all, the rumours of teacher-student love going out have a bad influence on Pei Hao.

Just without waiting for her graduation, Pei Hao left the school and then entered his biological father's company. Although they were often in contact, they met very few times. Later, because Pei Hao was busy with the company's business, he often worked overtime. She sent him a message, maybe he would only reply one out of ten.

Fu Chenxuan thought about it, wondering if it was his illusion. He always felt that Pei Hao's resignation had something to do with Guoguo.

"Brother Chen Xuan, he's getting married, I'm so uncomfortable." Guo Guo said pitifully, pulling Fu Chenxuan's sleeve.

Fu Chenxuan looked at her red eyes, sighed deeply, "Let's go home first."

"I'm so dizzy that I can't move."

Fu Chenxuan directly picked Guoguo from the ground, tucked it into the car, and helped her buckle up her seat belt.

Guoguo leaned back on the chair obediently, without saying a word, Fu Chenxuan went around to get on the car, glanced at her, and found that she had fallen asleep in just a few minutes.

Bring Guoguo back to his apartment in the city center, put her on the bed, just plan to get her a towel to wash her face, his hand was pulled by Guoguo.

"Brother Chen Xuan, I want to vomit." She covered her mouth and frowned tightly.

Fu Chenxuan's complexion changed, he quickly lifted her and took her to the bathroom. By the time Guo Guo came out of the bathroom, her consciousness was clear.

When Fu Chenxuan finished cleaning the bathroom and came out, he saw that Guoguo was not lying on the bed, but was sitting on the window sill, holding his knees with both hands, leaning his head and looking quietly out the window.

Fu Chenxuan walked over and deliberately lightened his footsteps, "Why do you sit here without sleeping?"

Guoguo turned his head, staring at him staring blankly, with a trace of confusion in his eyes, "Brother Chen Xuan, what do you say I should do?"

Fu Chenxuan really has no experience in emotional matters, and he doesn't know how to deal with Guoguo's problems.

"Guo Guo, is it necessary for him?"

Guoguo shook his head, "I don't know, I just know that he is very important in my heart now. Hearing the news that he intends to be engaged, I just feel that my heart hurts so much that I can't breathe." This was her first time. I like a person so much.

"Silly girl, it's hard work to be in love, if you can, I hope you can let go."

"I also want to let go, but I'm not reconciled. Obviously I met him first."

"Guoguo, there is nothing to come first for feelings, do you understand?"

"I know, but I am not reconciled, Brother Chen Xuan, you said that I am not good, not good enough, so he doesn't like me." Guo Guo shed tears silently, probably suppressed for a long time, once his emotions The dyke broke out.

"No, you are fine. In my eyes, you are excellent."

"Then do you like me?" Guoguo looked at him fixedly.

Fu Chenxuan smiled slightly, "Of course, in my heart, you are my favorite sister just like Tangtang."

"Look, you all treat me as a sister. That's how he told me. But Chen Xuan, I don't want to be his sister."

Fu Chenxuan touched her head and did not know what to say to comfort the sad girl at this time.

"Brother Chen Xuan, I'm so tired. Can you lean on your shoulders?"

Fu Chenxuan readily accepted, walked over, hugged her in his arms, Guoguo embraced his waist, closed his eyes, and whispered softly, "Brother Chenxuan, if the person I love is you, how good."

After hearing this, Fu Chenxuan's eyes dimmed, and a young face suddenly appeared in his mind, looking at him coldly.

He shook his head slightly, retracted his distant thoughts, touched Guoguo's head, and said nothing.

When Guoguo fell asleep completely, he took her to the bed and gave he

The quilt was covered before leaving the apartment.

Early the next morning, when Guo Guo woke up, there was no one in the room. She looked around and

found Fu Chenxuan. Just wanting to find his mobile phone to call him, I heard the sound of the key unlocking, and Fu Chenxuan returned.

"Brother Chen Xuan, where did you go early in the morning?"

"I bought you breakfast. You go to wash and wait for a meal."

"Oh." Guoguo responded obediently.

"wait."

Guoguo turned to look at him, and Fu Chenxuan handed her a bag, "This is the new clothes I bought for you, I took it and changed it."

Guoguo took it, turned to the bedroom, and waited for her to wash it out. Breakfast was set on the table, and there was a glass of honey.

"Drink the honey water first."

Guoguo did what he said.

While eating, Guoguo looked at Fu Chenxuan and hesitated to speak.

The latter looked at her funny, "Say something."

"Brother Chen Xuan, I was drunk last night, didn't say anything I shouldn't say?"

Fu Chenxuan raised an eyebrow, "Did you remember what you said last night?"

Guoguo shook his head, "I don't remember it completely. I vaguely remember to tell you that I am uncomfortable. Did I tell you why I was uncomfortable?"

Fu Chenxuan looked at her eyes and saw her innocent face, it seemed that she had really forgotten and smiled, "No, you just took my hand yesterday and told me repeatedly that you are uncomfortable, I asked you where I felt uncomfortable, but I refused to say it. Well, I vomited later, and then you fell asleep.

Hearing this, Guo Guo secretly breathed a sigh of relief. Fortunately, nothing was said.

Fu Chenxuan looked at her as if relieved, and her heart was funny.

"Last night I called the godmother and told her that you were staying at my house. I also greeted my mother, so don't talk about it after you go home."

"You told my aunt Qing that I was drunk?" Guo Guo was embarrassed.

"I don't say, how can I let my mother lie to you?"

Guoguo covered her face, "It's over, and next time I see Aunt Qing, you must be said, Brother Chen Xuan, how can you betray me?"

"How can this betray? I helped you get an ally. Rest assured, my mother will definitely lie to you." Fu Chenxuan said, "Is there anything else uncomfortable?"

"No. Just dizzy."

"Who made you drink so much alcohol? If you dare to be so drunk in the future, I'll tell the godmother to go. And, don't go pick up with me today and rest at home."

"I'm fine, I'll go with you. I stay at home and it's okay." Guoguo doesn't want to stay at home, she is afraid that she will be cranky when she is alone, and there is something to do at hand, at least you can transfer Her attention.

Fu Chenxuan probably thought of this too, so he readily agreed.

This time, there are four core members of Fu Chenxuan's team.

"This is Li Meng, this is Zhao Xiaoming, this is Tu Lei, this is William, they are all my friends, this is my sister Han Nanyan." The airport, the person Fu Chenxuan introduced to Guo Guo .

Guoguo greeted them one by one with a smile. The first three people were all from Z country, and William was from Y country.

"Hello beautiful lady." Gentleman William greeted Guoguo.

Guoguo smiled slightly, "Hello, Mr. William."

"All right, it's all your own people, don't be sour, hurry and go." Li Meng said, he could see that Li Meng was an impatient person.

Several people smiled at each other and boarded the car.

First went to the house that Fu Chenxuan found for them. After putting down the luggage, it was naturally a dinner.

After the dinner, Fu Chenxuan sent Guoguo home. On the way, Guoguo said with a smile, "Brother Chenxuan, the people in your team are really fun. Are you very happy to work together?"

Fu Chenxuan smiled, "It's difficult that you haven't seen how they work, they don't talk so well at work, and you will know when you get along with them for a long time. But generally speaking, these people are very good. of."

"Brother Chen Xuan, don't you mean there are six people in total? There are two more?"

"There are still some things that have not been dealt with in country Y. They will not come until all the things are done."

The house he prepared for them is a set of mezzanines, there are enough rooms, and all living facilities are complete. Even the refrigerator is full of food, which can be said to be very intimate.

Guoguo seems to have completely forgotten the unpleasantness of last night, and is still happy, "Chen Chen Xuan, am I going to work in your company tomorrow?"

"Yes, at nine in the morning, don't be late."

"Guarantee not to be late, will you pick me up?"

"Tomorrow morning I have other things. Do you ask the driver at home to give you away? Also, have I finished reading all the information I gave you a few days ago?"

In order to help Guoguo adapt and become familiar with the company as soon as possible, Fu Chenxuan specially prepared some materials.

Guoguo nodded, "I have already read it, I have already remembered it, but Brother Chen Xuan, I still don't understand the software of your company."

"I'm not in a hurry. I will explain it to you later." Guoguo is not in this respect, and it is normal to not understand. Fu Chenxuan does not let her do technical work, even if she does not understand.

The company has just started in the country, and life is always busy. Although there are things that can be done every day, the busy life makes Guoguo very fulfilling, and the things that fall in love seem to be forgotten in the busy life.

"Chen Xuan, come out for a drink together at night." On the weekend, Pei Hao called Fu Chen Xuan on the phone.

"OK, see you at night."

Fu Chenxuan agreed.

"Brother, are you going to find Pei Hao?" Fu Shuyi on the side heard the content of his phone and asked curiously.

Fu Chenxuan nodded.

"Then I will go with you, I haven't seen him for a long time."

"Don't you have a friend to dinner with you at night?"

Fu Shuyi gave a meal, "Yeah, I almost forgot, then okay, then I'll talk about it next time, yes, don't tell Sister Guoguo about your visit to Pei Haoge."

Fu Chenxuan raised his eyebrows, "What's wrong?"

"Sister Guoguo likes Pei Hao, but Brother Pei Hao doesn't have a girlfriend anymore, so I thought not to let them get in touch too often, otherwise what would happen if Sister Guoguo couldn't let go." Fu Shuyi said casually.

Fu Chenxuan was stunned, "How do you know Guoguo likes Brother Hao?"

"I see it, you treat me stupid." Fu Shuyi rolled his eyes. "But other people should not be very clear about this matter. After all, Sister Guo Guo's disguise is still quite good. I also knew it by accident. Don't let it anyway. They just met."

Fu Chenxuan looked at his sister indefinitely, he always knew that this sister looked silly, in fact, clever and tight, but this girl did not like trouble, not to care about other people's things, said this today A few words, it is estimated that Guoguo is also worried.

"I don't know what else, you tell me."

Fu Shuyi laughed and started acting silly, "I know this, I don't know anything else."

Fu Chenxuan looked at her, "Really don't know?"

Fu Shuyi's eyes moved and shook her head, "I don't know." She can't always say that she knows that her brother likes someone. If she said that, it is estimated that Fu Chenxuan wanted to "kill the mouth", after all, this thing is true Nobody knows.

"Brother, you are fine this afternoon, accompany me to the movies." The weekend was a bit boring, and Fu Shuyi didn't want to stay at home.

Fu Chenxuan thought for a while and nodded, "Let's go."

"Brother, do you know that you have become a new male god in our school? Many people asked me for your news." Fu Shuyi said while playing with her mobile phone.

Thinking of the experience during this time, she smiled, "Haha, you don't know. After these people know that you are my brother, they have a bad relationship with me because of you. I don't have to buy snacks for at least three months."

Fu Chenxuan frowned, "You girl didn't betray me?"

"How is it possible, but you are my dear brother, I will not betray you if I betrayed, and I am very principled, I want to buy me a few packs of snacks and dream."

Fu Chenxuan said that he was very satisfied. "You have a little conscience."

"Brother, you're wrong, I have always been very conscientious to you, and my heart can be learned from the sun and the moon." Fu Shuyi exaggerated.

Fu Chenxuan glanced at her, "What about the boy who chased you last time? Didn't you say it's good to look at people? Are you going to think about it?"

Hearing this, Fu Shuyi's expression suddenly changed, like eating a fly, "Don't mention, this person is just a scum, looking at a man-like dog, and turned out to be a scum man. Even if the belly is up, people will be beaten. If the girl didn't come to me, I would be cheated."

Fu Chenxuan looked slightly cold, "What's going on?"

"I'm not telling you that this person is not bad for me. I thought about giving someone a chance to try. If I like it, but I didn't agree, I ran a woman and cried. I begged me to return her boyfriend to her. At that time, we were taking a big class. Many people saw it. People looked at me strangely. If everyone knew that I had nothing to do with that man. A little three's reputation is inseparable. Later I learned that the man was still associating with another girl in the foreign school while pursuing me. This thing disgusted me."

Fu Chenxuan's face sank. "You just let that man go?"

"How is it possible, you are too young to look at me, I beat him up and sent people directly to the hospital, and later my father came forward to solve it, I don't know what my father said to others. Did not come to trouble me."

The three of their brothers and sisters had learned kung fu since they were young. Don't look at Fu Shuyi's appearance and look at the delicate and weak, but the skill is very good. The average three or five men are really not her opponents. Fu Chenxuan suddenly sympathized with the man.

"Brother, why don't you have a good man like your father in this world, alas!" Fu Shuyi remembered his father's affection for his mother for decades, and he couldn't envy him. Alas, I can't blame it. She has not had a boyfriend since she was twenty-one, and her father is so good. Other men compare with her father and always feel bad.

"A big vinegar barrel like Dad?" Fu Chenxuan said disgustingly, thinking of his dad's vinegar strength, he wanted to vomit.

Fu Shuyi probably thought of this too, and it was unbearable. "You have to be considerate to Dad. You have to look at him for more than 30 years before marrying our beautiful and tender mother. Can you not be a baby? If I were a man, I would be a baby. Mom like that."

Fu Chenxuan looked at her with a smile, "Dare you say what you just said to Dad in front of him?"

Fu Shuyi heard the words and shook his body. "Brother, you'll spare me, especially your mother, you can't talk about leaking." Her dad knew nothing but her dad hurt her at most. Say her a few words, but it will be different for her mother, maybe you will need to "learn" her.

Fu Shuyi remembered the experience of being dragged away by his mother because she was disobedient since she was young, and she was particularly distressed.

"I think if I look for a man according to my father's standards, I will never get married in my life." Fu Shuyi said sadly.

Fu Chenxuan said lightly, "Then I will raise you for life." How could his sister treat it? Although Fu Chenxuan sometimes dislikes his father's vinegar barrel temperament, but his feelings for his mother are engraved in his mind, his sister should find such a man, love her to spoil her all her life.

"Ah, brother, you say that I'm more fearless. If I don't find a man like that, I really want to be single. Don't say that right now, I will betray me when the time comes." Fu Shuyi is miserable. Said.

Fu Chenxuan chuckled, "Do I need a document?"

"If anything, of course it's good." Fu Shuyi smiled.

Fu Chenxuan glanced at her faintly, and Fu Shuyi took a serious look, "Just kidding, a man like my brother who can stand upright can talk is not a thing."

Fu Chenxuan's interest in watching movies is not big, but just accompany her sister to pass the time, but

the girl is not reliable than him, and the movie fell asleep on his shoulder when he saw half of the movie.

Fu Chenxuan listened to the low sobbing in the movie theater and glanced at the big screen again. His expression was indifferent. He really didn't know what moved the plot.

As everyone knows, in the eyes of others, the pair in front of them is a weird coffee. Even if you don't watch the movie seriously, even if you are still asleep, you just live up to such a good film.

Fu Shuyi slept directly to the end of the movie. If Fu Chenxuan woke her up, she could actually continue to sleep. She stretched a lazy waist, "Hey, is that over?"

Those who had not walked around heard this and looked at her accusingly. When Fu Shuyi didn't see it, he turned his head and Shi Shiran walked out of the cinema.

"Ah, I really am not suitable for watching such literary and romantic films. I knew I might as well go to a concert. By the way, Xiao Rui has a piano concert next month. You must go. This is his first time. It must be supported to hold a personal concert."

"When?" Fu Chenxuan really didn't know about this matter. He hadn't said anything to Shen Rui before.

Fu Shuyi said for a time, "I checked, and that day is Saturday, you definitely have time."

"Yes, but you remember to remind me to avoid forgetting."

The two said while walking, as if they had forgotten the movie just now.

"Where did you make an appointment with your friend? I'll send you over first." Fu Chenxuan glanced at the time, and it was close to the dinner time.

"Xinhua Road, brother, anyway, you have an appointment with brother Pei Hao at night. It's better to have dinner with us. Lu Yimeng, you know."

Lu Yimeng is her roommate and her friend, and they often come out to play together on weekends.

Fu Chenxuan frowned, and apparently had no impression on this person. Fu Shuyi knew that he had forgotten when he looked at him like this, and said with disgust, "Brother, you are so indifferent to the opposite sex, you will be alone."

Fu Chenxuan grabbed her by the neck, "What is the little girl's nonsense, and then let you go by bus yourself."

Fu Shuyi glanced silently at the crowded bus that was driving in front of him, and he laughed, "Brother, you know that I'm talking nonsense, you adults have a lot, don't worry about me."

The three brothers and sisters, younger brother Fu Shuchen looks most like his father, and his character is also most like his father. He is very cold and quiet at a young age. His younger sister Fu Shuyi is cheerful and lively.

"Brother, don't you really eat with me?" Fu Shuyi looked at Fu Chenxuan at the door of the restaurant.

"No, you eat." He had no interest in eating with the little girl.

"That's a shame, my roommate is a big beauty."

"I have left beforehand." Fu Chenxuan was not interested in the so-called big beauty.

Fu Shuyi looked at his distant back with regret. She really wanted Fu Chenxuan to know a lot of other women so as to let go of the man in his heart. Although she didn't know who he was in his heart, but since so many years, she had never appeared beside her brother, and Fu Chenxuan was also a flattering face to this person, presumably there was no one between them. Probably, she can't let her brother be single all her life because of this inexplicable person.

Fu Shuyi sighed and deeply felt that it was not easy for her to be a sister, but also had to worry about her brother's marriage.

"Book Art, was that your brother just now?" Lu Yimeng asked as soon as he came to the restaurant.

Fu Shuyi raised her eyebrows, "You see?"

"Well, I just looked at it from afar, but when I saw you talking, I didn't say hello in the past." Lu Yimeng was sincere.

Fu Shuyi looked sad, "You all saw us, but why didn't you say hello, my brother is a handsome guy." If she came just now, there wouldn't be a chance to meet her.

Lu Yimeng smiled, "There will be a chance next time."

**

After Fu Chenxuan sent his sister to the restaurant, he casually found a noodle restaurant to eat a bowl of fried noodles, and then nested in the car to process some documents. It was almost time before going to the charm.

When he went, Pei Hao hadn't arrived yet. He said that he would come later if there was a traffic jam on the way. Fu Chenxuan ordered a glass of wine himself and sat on the bar while drinking slowly. His eyes flicked over the guests in the bar from time to time.

He has a good looks and is very tasteful. As soon as he approached the bar, he attracted everyone's

attention, especially some women. His eyes seemed to grow on him.

Some men who came with their female companions suddenly saw dissatisfaction in the sight of their female companion, and looked at Fu Chenxuan, but no one came up for trouble.

A single and outstanding man is always dazzling in the bar, so after a while, someone can't hold back.

"Hi, handsome guy, I have been paying attention to you for a long time, are you alone?" A gentle female voice rang in the ear, Fu Chenxuan looked, and saw a beautiful woman looking at him with a smile, with most women in the bar. The difference is that this person does not have heavy makeup, only light makeup. She wore a knee-length white dress and looked very pure. The curly hair of the shawl gave her a feminine look. Although he took the initiative to talk up, his eyes were very clean.

Fu Chenxuan smiled slightly, "No, waiting for a friend."

"Oh? It seems that your friend is late." The woman's tone of voice was also gentle.

"Yeah, the traffic in Beijing is too congested and the road is delayed."

"Then I don't mind if I sit here for a while before your friend comes?" The woman pointed to the position beside him.

Fu Chenxuan shook his head, "Of course, please sit down." He looked at the bartender and motioned for a glass of wine for the lady. "What do you like to drink?"

"Midsummer night's dream, thank you." The woman thanked politely.

This woman feels very comfortable, at least it doesn't look at him like other people have too clear purpose, although I don't know if she is really aimless, or hidden too well, but it is undeniable, it is still a little fun to chat with such people occasionally.

"My name is simple. Simple, what is your name?" the woman asked softly after taking a sip of wine.

"Fu Chenxuan." Fu Chenxuan glanced at her. "You don't seem to come to the bar often?"

Smile simply, "Is it obvious? Just because of my dress?"

Fu Chenxuan smiled and shook his head, "Of course not, but intuition, and sometimes men's intuition is quite accurate."

"Actually, this is my first time to come to the bar. I am an online writer. Well, it's popular to say romance. This time I come to the bar to experience life."

Fu Chenxuan raised his eyebrows, "I didn't expect you to be not only a beauty, but also a talented

woman."

I simply smiled, "I can't talk about talented women. I have to support my family. I used to write old sayings. This time I want to change my style. I just want to write a snippet of the bar recently. Come and experience it tonight."

"You came alone?" Fu Chenxuan asked.

"Well, it was originally an appointment with a friend, but it was accepted."

"You don't worry about accidents when you come to this place by yourself?"

"So I chose Charm, isn't it that Charm is the best bar in Jingcheng?" He said with a simple smile, lowering his voice and adding, "I just heard that this is the safest bar in Jingcheng. I didn't expect the contents inside to be so expensive."

When she said this, her eyes blinked, with a slightly playful taste.

Fu Chenxuan chuckled, and the woman in front of him was quite able to chat. The two chatted one sentence at a time, but they were very speculative. Finally, the two exchanged contact information.

"It's not too early, I have to go back to the code word, and I will withdraw first. I am very happy to meet you today."

Fu Chenxuan smiled, "Okay, goodbye."

"By the way, if we have time in the future we can meet." Simple said with a smile, eyes clean, without any purpose.

Fu Chenxuan nodded with a smile, "Okay. Great writer, pay attention to safety on the way back at night."

After simply leaving, Fu Chenxuan left the person behind and called Pei Hao again, knowing that he would be there in at most ten minutes, so he asked the bartender to get a glass of wine again.

His eyes lightly glanced over everyone in the bar. Suddenly, his eyes were slightly fixed, looking in a certain direction, and then stood up and ran in that direction. At the door, the figure was gone but he disappeared. He stood in situ with a sorrowful expression, his hands on his side clenched gently, his head lowered, and he didn't know what he was thinking.

The corner of his mouth gently raised, with a mocking arc, "Fu Chenxuan, you are a fool." He whispered and turned into the bar.

After he left, a woman came out in the dark, with long hair shawl, thin figure, staring stargingly at the

direction of Fu Chenxuan's departure, a glare flashed in the cold eyes, his mouth lightly raised, "Fu Chenxuan, long time no see ."

She glanced at the bar and turned to leave.

Volume two: 5. He did not accept my invitation

In the bar, Fu Chenxuan was sitting on the bar, but he didn't have the original leisure mood. He stared at the wine glass in front of him, and looked at the orange liquid inside. There seemed to be a soft female voice in his ear.

—Fu Chenxuan, this is your thing, for you.

—I want to be an excellent soldier, Fu Chenxuan, let's join together.

—Fu Chenxuan, you treat me so well, do you like me?

—Fu Chenxuan, want to be my boyfriend?

Fu Chenxuan, Fu Chenxuan, Fu Chenxuan, she always likes to call him by name.

Fu Chenxuan's eyes were dim, didn't he say he could be an excellent soldier together, why did he run away halfway? Oh, you liar.

"Chen Xuan." His shoulder was patted, and Fu Chenxuan turned his head, and he saw Pei Hao, "What's going on when sitting here alone?"

Fu Chenxuan looked back and looked at Pei Hao, "Hao Brother."

"What was thinking just now, what are you thinking?"

"It's okay, just thinking about some things in the past. Brother Hao, how did you remember to come out and drink with me today?" Fu Chenxuan changed the topic to prevent Pei Hao from asking.

"I've been busy with company affairs before, and you didn't have time to catch the wind and dust even after you returned to China. Today, when there is time, our brothers will come out to gather." Pei Hao said gently.

Perhaps because of Jiang Chenxi's influence, Pei Hao's temperament was very gentle, and a gentle and gentle look, much like Jiang Chenxi was when he was young.

The bar is too noisy, and Fu Chenxuan and Pei Hao went upstairs to their exclusive box.

"Brother Hao, didn't you go back to see your parents with your girlfriend before? What happened

afterwards?" Fu Chenxuan asked, seemingly casual, thinking of one of today's purposes.

Pei Hao looked down, "I want to have a drink with you today,"

Fu Chenxuan raised his eyebrows slightly, "It doesn't seem smooth to look like you?"

"Really. Chen Xuan, have you ever liked a girl?"

Fu Chenxuan froze for a moment, then shook his head, "No. Why did you suddenly ask this?" He answered naturally, and Pei Hao didn't realize it was wrong.

"Suddenly feel that marriage is a very troublesome thing." Pei Hao said lightly.

"Isn't that just going back to see the parents? Why did you suddenly mention the matter of getting married, and you want to marry each other?" Fu Chenxuan was surprised and only got married in less than a year. Do you need to worry so much?

"Originally this was planned, but now it is estimated that it will be considered again." When Pei Hao said this, the look in the eyes was very indifferent, not at all like trying to marry each other.

"Brother Hao, did something happen?"

Their brother's relationship has been good since childhood, and nothing can't be said, so Pei Hao told him the visit to the woman's house.

Pei Hao's girlfriend, named Jiang Xiaoyue, was an employee of Pei Hao's cooperative company and met by chance.

Pei Hao and Jiang Xiaoyue had been in contact for some time, and both parties were very satisfied with each other, so when Jiang Xiaoyue proposed that Pei Hao go home with her, Pei Hao did not refuse.

After arriving at the Jiang family, Jiang Xiaoyue's parents began to ask about his work and family relations. These things, which seemed normal to Pei Hao, were told truthfully.

Perhaps it was because of Pei Hao's condition that Jiang Xiaoyue's parents were very satisfied with Pei Hao, and the two parties were also very happy with each other, but after the meal, Jiang Xiaoyue's parents suddenly involved the topic of marriage and talked about the gift of gifts.

It also proposed a total of 1.88 million cash for the gift, plus a house with an area of not less than 200 square meters and a car worth not less than 1 million in the center of Beijing. Both the house and the car should be recorded in Jiang Xiaoyue's name.

When Pei Hao heard these requests at that time, although he didn't show anything strange on his face, he felt very uncomfortable in his heart. He couldn't take out these things. It was even very easy to take

them out on his terms. When the other party made such a clear proposal, he didn't feel like marrying his wife, but the other party was selling her daughter.

"So, you refused?" Fu Chenxuan asked him.

Pei Hao shook his head, "No, I just told them that marriage is a big deal, and I need to see the parents of both parties before deciding after consultation. However, her parents seem to be not very satisfied with my answer, and their attitude is a bit cold. So I came back the next day."

"Then what does your girlfriend say?" Fu Chenxuan felt that the attitude of the woman at this time was also very important.

Speaking of which, Pei Hao's eyes were a little colder, "I didn't say anything, just let me understand her parents. After all, her parents are such a daughter to her, it is not easy to raise her so much."

Hearing this, Fu Chenxuan knew in his heart that this Jiang Xiaoyue was not a smart woman. There were nine or ninety thousand people, and the marriage of these two people was yellow. Thinking of this, he suddenly thought of Guoguo. Maybe he can help.

"Brother, tell me the truth, what do you think?"

"This is temporarily released in advance. I am still young and not in a hurry to get married. And I have a short time with her and I don't know much about each other. Maybe I need to spend more time to understand each other before Consider getting married."

"That's fine. Marriage is a major event in life, and you should always consider it clearly." Fu Chenxuan agreed.

"By the way, I saw Guoguo that day, she was not in a good mood, what happened later?"

Pei Hao took the initiative to mention Guoguo, with a slight worry between his eyebrows.

Fu Chenxuan smiled, "You don't understand Guoguo's temperament, she and she, the emotions come and go quickly and quickly, it's okay. But..." He paused.

"But what?" Pei Hao asked.

"Haoge, I haven't really understood something. Can you help me?"

"What are you talking about?"

"You worked well as a teacher in school, why did you suddenly resign?" Pei Hao doesn't like shopping malls. He prefers to be a scholar and concentrate on academic research. So Jiang Chenxi suggested that he go to school as a teacher.

"My father's health is not good, and the big company also needs people to manage. As his only son, I can't let go." Pei Hao said lightly.

This reason sounds very reasonable, but Fu Chenxuan does not believe that, "The company can leave it to professional managers to take care of it, Haoge, you didn't tell me the truth."

"This is the truth, can you think of other answers?"

Who knows that Fu Chenxuan nodded, "I do have an answer in my heart. Can you tell me whether it is correct, Haoge."

"If you have something to say, when do we both need to turn around?" Pei Hao was not angry.

Fu Chenxuan suddenly said seriously, "Actually, did you leave because of Guoguo?"

"What does this have to do with Guoguo?" Pei Hao puzzled.

Fu Chenxuan stared at his eyes, "Really does not matter? After leaving the restaurant that day, Guo Guo cried. Growing up so big, I have never seen her cry so sad. Then I learned that the person she likes is You, Haoge, don't say you don't know about it."

According to Pei Hao's cleverness, Guo Guo's careful thoughts can never hide from him, not to mention that they have confessed to him.

The smile on Pei Hao's lips faded. "She is the thought of the little girl. When she grows up, she will see more men. She only admires me rather than likes between men and women."

Wen Yan, Fu Chenxuan frowned and said in disagreement, "Brother Hao, you are not Guoguo, how do you know that she only worships you, not men and women?"

"I watched her grow up, she is like my sister. What kind of character can I not understand? Don't look at her now 24, but her heart is like a child who has not grown up. There is no certainty, even if she really likes me today, maybe she will like others tomorrow."

"Guoguo is already 24. She is an adult and she can judge her feelings. I actually think that Guoguo really likes you. Do you only have siblings for her?"

Pei Hao's eyes dimmed, "Yes."

Fu Chenxuan looked at him steadily, his eyes full of disappointment, "So, the reason you left is really because of her?"

"These are not important." He did leave the school because he realized what Guoguo thought about

him, but it was not necessary to tell others.

"I think it's very important. Brother Hao, actually you don't really like your girlfriend, just because she thinks she is suitable, so you only associate, right?" Or just to let Guoguo die.

"If I don't like her, can I socialize with her and even have the idea of marrying her? Chen Xuan, don't think too much, things are not as complicated as you said."

Fu Chenxuan said lightly, "Brother, we grew up together. Just as you know me, I also understand you. If you really like your girlfriend, when her parents put forward those conditions, you will definitely not Hesitantly agreed. And not because of this thing will be unhappy. Brother, you also like Guoguo, right?" Fu Chenxuan said amazingly.

Pei Hao slightly sullen his face, "Chen Xuan, don't talk nonsense about this kind of thing."

"I think that Guoguo is more suitable for you than your girlfriend. Maybe Guoguo's temperament is more like a child. But she is simple and doesn't have so many minds and won't show you anything."

Guoguo's temperament is lively, while Pei Hao's temperament is a little reticent, such two people can be said to be completely complementary in character.

"I only think Guoguo is the younger sister." Pei Hao said seriously, the younger sister's words, deliberately bite the stress.

Fu Chenxuan shrugged, "Isn't it sister, you know clearly, but Brother Hao, if you really like Guoguo, I advise you, it's best to hold on to her. There are many people who like Guoguo, in case she gets caught After chasing away, you are too late to cry."

"When did you switch to being a matchmaker?" Pei Hao said angrily.

"I am here for you. The three of us grew up together. Although you have not spent much time with us, in my heart, you are my most important brother, and Guoguo is also my favorite. Sister, if the two of you are together, I will be happy. And I can help you get Uncle Han."

Han Yi is a full daughter slave. Just like his father, any boy who is close to Guo Guo will make Han Yi vigilant, which is a very difficult role. But if Pei Hao likes Guoguo and wants to be with Guoguo, then even if he goes up the knife and down the fire, he will help Pei Hao get Han Yi.

Pei Hao smiled helplessly, "Don't worry about my business, it's impossible between me and Guoguo. It's you, you are already 25, it's time to find a girlfriend."

"Brother Hao, you're here again, every time you can't say anything to me, you will change the subject."

Pei Hao has no guilty conscience, and he really does not want to continue talking about this topic.

"Brother, I'm particularly thankful that you and I are not in a school, otherwise I have to be fat for a dozen or twenty pounds." She can receive a large wave of snacks for those photos. If it is a school, she must not be eaten by the girls.

Also from Fu Chenxuan from the body, she realized what is called "beautiful beauty".

Fu Chenxuan followed her sister, listening to her nagging in her ears, ignoring the many hot eyes.

The girls coming and going around are all looking at Fu Chenxuan one after another. Thanks to the photos on the campus post bar, most of the girls know him, and now I see him, one by one, it seems that he was hooked by the goblin.

Seeing this, Fu Shuyi speeded up her steps and took Fu Chenxuan to run upstairs. She could not let her big brother harm these little girls, otherwise it would be her sin.

Her dormitory was on the fifth floor, and the two climbed up to the fifth floor in one breath.

"Brother, these boxes of books, you help me move down." No one in the bedroom, Fu Shuyi directed Fu Chenxuan to move books.

She likes to read books. Many books in the bedroom were bought by her one after another, and they piled up a lot over time.

547 Chapter 542: He Is My Love Forever (End) (9)

When managing things, the idea of moving these books home came into being, but she did not want to bring a little every day, and simply asked Fu Chenxuan to move her home at once.

"Brother, there are these, you help me put it in the box first, I will go to the express first." Fu Shuyi took a look at the phone, put down the book in his hand, and said to Fu Chenxuan.

"Go ahead." Fu Chenxuan ordered her cluttered books, arranged in different categories, and placed them in the prepared boxes.

Hearing the key opening the door, Fu Chenxuan thought Fu Shuyi was back and asked without looking up, "Tan Tang, do you want to take back this history of art painting?"

"Are you the elder brother of Shuyi?" An unfamiliar female voice came, Fu Chenxuan slightly surprised, looked up, and saw a girl standing in front of him, looking at him with a smile.

"You are a classmate of calligraphy, hello." Fu Chenxuan smiled.

A look of embarrassment flashed across Lu Yimeng's expression, "Hello, I'm Lu Yimeng, we've seen it before."

"Oh, sorry, I didn't recognize you for a while." Fu Chenxuan said mildly, without any embarrassing expression.

Lu Yimeng looked at the books all over the floor, "These are all book arts, how did she pour out the books?"

"She dismissed the space occupied by these books and asked me to take her home."

"I'll help you." Lu Yimeng said, squatting down to help Fu Chenxuan organize books.

If Fu Chenxuan refused, he let go of the tongue and swallowed it back. "Thank you."

Lu Yimeng smiled softly, "No need to be so polite, I am a friend of Shuyi and help her organize the books. But Shuyi really likes to see that she is the most favorite girl I have ever read."

Speaking of her sister, Fu Chenxuan's eyes became gentle. "Well, she loved reading since she was a child, and she could read one afternoon with her books." Perhaps it was influenced by Shen Qinglan. Although Tangtang was naughty as a child, when reading it's quiet, it's not ridiculous. Sometimes she can sit for a day while holding a book, but that's it, and it didn't make her temperament quieter, still lively and active like a little monkey.

"Your brother and sister's feelings are really good." Lu Yimeng said enviously, "I wanted to have a brother and sister since I was a child, but unfortunately, this wish has not been fulfilled so far."

"It's the same with friends." Fu Chenxuan said, not enthusiasm, but not alienated, it is very comfortable to keep at the right distance.

"Hey, Yimeng, you're back." Fu Shuyi came in and saw the person who was helping her organize things, and greeted with a smile.

"Yeah, you went down to get the express? Why didn't you call me, I can bring it for you."

"I didn't expect you to come back, otherwise I would not run this trip." Fu Shuyi said, tossing the courier on the table.

Fu Chenxuan put the last book in the box and covered the box again, "Is there only these?"

"Well, that's all." Fu Shuyi nodded.

"I will move the box down first. Will you come back with me or live here?"

Fu Shuyi's eyes rolled around, "Brother, let's go back after eating, the food at home is tired, change the taste."

"OK, then you go down with me."

"Yimeng, are you okay at noon? Let's eat with us. It's rare for me to kill me. You can help." Fu Shuyi pulled Lu Yimeng.

Lu Yimeng glanced at Fu Chenxuan, his expression hesitating.

Fu Chenxuan smiled faintly, "Let's go together."

"Okay, thank you." Lu Yimeng politely thanked him and went down with them.

It was still the eyes of everyone's attention, and the eyes of jealousy fell on Lu Yimeng and Fu Shuyi. Lu Yimeng noticed it, but he didn't care. There was even a faint triumph in the depths of his eyes.

Fu Chenxuan put things in the trunk and made a phone call to the house.

"What do you want to eat?" Fu Chenxuan asked them on the way.

"I want to eat barbecue." Fu Shuyi lowered his head to play with his mobile phone. Hearing this, he didn't lift his head back. After that, he realized that there was another person around him, so he turned and asked Lu Yimeng, "Yimeng, what do you want to eat?"

Lu Yimeng smiled softly, "I can do it, let's barbecue."

"Which barbecue?" It was Fu Chenxuan, who was not familiar with the gourmet restaurants in Beijing.

Fu Shuyi reported a name, and Fu Chenxuan frowned. He had a faint sense of familiarity with the name of the store. It seemed to have been heard from anyone. It was a well-known barbecue. Although it had been open for less than half a year, the business was very hot. When they arrived, there was even a long queue outside.

Looking at the long line, Fu Shuyi was very distressed, "There are so many people for how to eat a meal, hey, this will not be available until when."

Fu Chenxuan looked at the name of the store, and finally got a little impression, smiled, it turned out to be him.

"Should we change one, in fact, the stone barbecue is quite delicious." Lu Yimeng suggested, and at this time, the stone barbecue must not have to wait in long lines.

"But we have already eaten stone barbecue. I want to eat this barbecue. Why are there so many people every time I come here? Depressed."

"Really want to eat this?" Fu Chenxuan said.

Fu Shuyi nodded fiercely. She had been missing this barbecue for a long time, just because there were many people. She never came over. She originally thought that there would be fewer people coming early today. Who knows there are so many people.

"Little girl grunts after eating a meal, you can hang the oil pot." Fu Chenxuan is funny, "Wait, I will let you eat barbecue today." Seeing her sister's unhappy face, Fu Chenxuan comforted she was.

Fu Shuyi's eyes lit up, "Brother, do you have a way?"

Fu Chenxuan did not answer her, but took out his mobile phone, called up a number in the address book, dialed out, "It's me, Fu Chenxuan, yeah, I haven't contacted in a long time..."

When Fu Shuyi saw Fu Chenxuan calling someone to talk to others, he couldn't help but wonder. Who did he call at this point? As a result, it didn't take long for the phone to hang out, and a person came out of the barbecue restaurant, wearing casual clothes and a relaxed posture. The man glanced around and then walked straight towards them.

Fu Shuyi has recognized the coming person and is the owner of the barbecue restaurant, Bai Junnan.

"I haven't seen you for a long time." Bai Junnan saw Fu Chenxuan with a smile on his face.

Fu Chenxuan hugged him, "Yeah, I haven't seen you for a long time."

Bai Junnan's eyes fell on Fu Shuyi and Lu Yimeng. Fu Chenxuan said, "This is my sister Fu Shuyi, and this is her classmate Lu Yimeng."

Bai Junnan smiled slightly, greeted the two of them, and then said, "Go in, just vacated a box."

Fu Shuyi followed them in this way, until she was sitting in the box, she was still a bit foggy. How did her

brother and the owner of the barbecue restaurant know each other, and it seemed quite familiar to see the two get along.

When Bai Junnan went out, Fu Shuyi asked his doubts.

Fu Chenxuan explained, "Jun Nan had a school with me before. We were high school classmates, but the relationship between the upper and lower bunks, but then I went abroad and there were fewer contacts." So he didn't respond when he heard the name of the barbecue. When I came to this store, I remembered that Bai Junnan had mentioned to him that he had opened a store in Beijing, and invited him to eat after returning to Beijing.

Thanks to the personal care of the boss, they served food very quickly here, and the ordered food was quickly served. Bai Junnan personally cooked the barbecue for them.

"Well. It's really delicious, and it's really delicious when professional people bake it." Fu Shuyi narrowed her eyes slightly, enjoying her face.

Bai Junnan glanced at her, her eyes stayed on her face for a few seconds, a glimmer of light flashed in her eyes, and she smiled slightly, "You can eat more if you like to eat. If you want to eat later, you can call me."

Fu Shuyi's eyes brightened, "Can you eat if you want?"

"Of course, you are Chen Xuan's sister, naturally my friend."

Fu Chenxuan glanced at Bai Junnan with a smile, the meaning in his eyes was very obvious—[This is my sister, you are not allowed to fight her idea.

Bai Junnan looked back calmly—[just making friends, I have no idea.

Fu Chenxuan chuckled—It's better not, otherwise we'll talk about life and ideals.

Bai Junnan withdrew his eyes and continued to concentrate on the barbecue.

Basically, Fu Shuyi and Lu Yimeng were eating. Fu Chenxuan occasionally took a bite, but Bai Junnan didn't eat a bite. This shop was opened by him. Every day, he smelled of meat and he didn't have any desire to eat.

"Well, can you cook other dishes besides barbecue?" Fu Shuyi asked, kung fu at dinner. His mouth was bulging like a little squirrel.

Bai Junnan's eyes were full of smiles, "He will also cook some homemade dishes."

Bai Junnan is the only son of the chairman of the Bai's group. The Bai's group is a famous restaurant

group. There are countless restaurants in its own. It is actually a very strange thing for such people to open a small barbecue restaurant.

But Bai Junnan not only did it, but also enjoyed it.

"Ah, it's so full. I haven't eaten such meat for a long time. I'm satisfied." After dinner, Fu Shuyi leaned on the back of the chair and touched her small belly. Sorry to say it.

Bai Junnan noticed her small movements, got up and walked out, and quickly returned, holding a few grains of hawthorn in her hand. "If you eat too much barbecue, it is not easy to digest, and it is easy to get tired. Eat hawthorn helps digestion."

"Thank you Jun Nan." Fu Shuyi smirked and reached for a stuffed into his mouth, and soon frowned, the hawthorn was sour.

The smile in Bai Junnan's eyes was stronger, Fu Chenxuan gave him a warning look, Bai Junnan withdrew his eyes and handed the hawthorn to Lu Yimeng.

Lu Yimeng waved his hand, "Thank you, I don't eat hawthorn."

Bai Junnan gave all the hawthorn to Fu Chenxuan, "Please eat."

Fu Chenxuan: ...He doesn't like to eat sour.

"Brother Junnan, thank you for your hospitality today." Walking out of the restaurant, Fu Shuyi thanked Bai Junnan.

Bai Junnan smiled mildly. "If you want to eat later, you can come over at any time. If there are too many people, call me."

"it is good."

Fu Chenxuan sent the two back to school, and then came home, just arrived home, a message popped out of the phone, it was simply sent, Fu Chenxuan thought about it, only remembered that the simple is the one met in the bar Girl.

The simple thing is to ask him some professional questions about finance. Fu Chenxuan has nothing to do for the time being, but he has answered her patiently.

"Mr. Fu, thank you for your answers. I checked a lot of information before, but I still couldn't figure out these questions. After you have explained this, I understand. Thank you. I will invite you to dinner someday?"

"You don't have to be so polite with your hand." Fu Chenxuan returned a message, the sign of refusal

was obvious, and he didn't continue the invitation, but simply sent a thank you expression.

"He didn't accept my invitation." Simply received Fu Chenxuan's reply and said to another girl in the room. The girl heard it and was not surprised. "It's grown up, it's different from when I was a kid."

"Quietly, since you knew him since childhood, why don't you find him yourself when you come back?"

Lin Jing smiled, "It's been 20 years since I disappeared. He probably forgot who I am. Isn't it embarrassing to go to him?"

"What kind of person do you think he is in contact with him?" Lin Jing asked simply.

Simply tilted his head and thought for a while, "Well, it seems to be approachable, but in fact the heart is very indifferent. It should be difficult for such a person to want to enter his heart." Although I have only seen it once, simple university studies psychology Learning, observing people's ability is still there.

Lied briefly, that day she was not the first time to go to the bar, but knew that Fu Chenxuan went after the bar deliberately, when Lin Jing also went, but this person did not dare to show up.

But she didn't lie to him at all. She is indeed an online writer. Going to a bar is a good idea.

"A man like Fu Chenxuan is suitable for being the leading actor in me. Quietly, if you work hard, take this person down so that I can directly use the two of you as the protagonist in the next book. Lovers, reunite after many years of separation, and then fall in love with each other, and walk into the marriage hall. Although it sounds that Mary Su has been a little bit, but I think it is very loving, and it will surely be sweet. Where there is still a slight taste in the body, looks like a neurotic patient.

Lin Jing had a black line on his face, "You can use the material, but don't use me as a prototype, otherwise I'm in a hurry with you, and I haven't met him for so many years, and I've been rusty for a long time. Playmate."

"Ah, if it were really a childhood companion, you would run back to Beijing from the northwest in a long way? Don't tell me that you miss your family. Your family is in the northwest."

Lin Jing was silent.

"Quietly, what are you afraid of, even if he really doesn't know you, it's a big deal to know him again."

Lin Jing stunned, "Re-know?"

"Yeah, you can't always come back to look at him so far away?"

This is definitely not true. Lin Jing came back to Fu Chenxuan, how could he be willing to take such a far-sighted look.

"So, be brave and take the first step. Although, I don't like boys such as Fu Chenxuan who are too good-looking, but I can see that this man is not bad, but that face is too attractive. It is estimated that there are many peach blossoms."

Lin Jing chuckled, "He has liked people since he was a kid." When he was still in kindergarten, there were many girls in the class who liked to play with him. At that time, she was quite happy because Fu Chenxuan's favorite person is her.

If her grandfather didn't have an accident, would she be able to grow up with him and make a pair of sweethearts? It is a pity that there is no if in this world.

Thinking of the past, Lin Jing's expression was a little sad, and she simply comforted her by saying something, "Quiet, rest assured, I will definitely create an opportunity for you to meet." She patted her chest and promised.

She and Lin Jing met when they were in school. At that time, she was ignorant and wanted to leave the capital. So when she was admitted to the university, she met Lin Jing who was also studying in the field. They were not in the same major, but they were assigned. In a dormitory, because of their temperament, the two naturally became friends, but after graduation, she returned to Beijing and Lin Jing returned to the northwest.

She also learned later that Lin Jing knew Fu Chenxuan, and it is no wonder that since she returned to Beijing, Lin Jing always inquired about Fu Chenxuan intentionally or unintentionally.

She has been helping Lin Jing pay attention to everything about Fu Chenxuan, and immediately informed Lin Jing that he knew he had returned home.

"Quietly, this time he returned to China to start a company. He will definitely not leave Beijing in a short period of time. You will definitely have the opportunity to meet. By the way, he is not recruiting people. You apply for it and become a colleague in the future. It's not the first month to get near the water tower." Simply give her an idea.

Lin Jing shook his head, "I already voted for my resume. I will go to the interview on Monday."

"You move so fast, even your resume is ready? Then I don't need to bother introducing you."

Lin Jing knew that she had misunderstood and explained with tears and laughter, "It's not their company, it's another company, and it's software development."

Simply drinking water, after hearing this, he sprayed it directly, pointing at her, "You turned out to be his competitor, quietly, what do you think?"

Lin Jing took a tissue and handed it to her, "Don't be so excited, I'm walking with him, not a competitor."

"No, what do you think, isn't it better to be a colleague with him? And it's helpful to increase your mutual feelings."

Lin Jing's mouth was clear, "Isn't that what you said, there is always a chance to meet again." A look of anticipation flashed in her eyes, and there was a hint of anxiety hidden in her eyes.

Volume One Fan II 6. Fu Chenxuan, long time no see

Fu Chenxuan's company has been on the right track after a month of busyness, and he finally has a chance to take a sigh of relief.

"Brother Chen Xuan, where are we going to eat at night?" Guo Guo stood up from the desk and stretched out a lazy waist. She is now more and more proficient in business. Although she is not competent, she is not at least like the beginning. Feeling so hard.

Because the company has just started, everyone is very busy, even working overtime on weekends, and basically relying on take-out for dinner. Now that I can finally relax, I will naturally have a good meal.

Fu Chenxuan looked up from the computer screen, "Has it been time for work?"

Guoguo black line, "Half an hour has passed."

Fu Chenxuan raised his hand and rubbed his forehead. He encountered a problem today and has been studying it, as if he has forgotten the passage of time.

"What about the rest?"

"Everyone is gone. I will let them go first if you are working."

Fu Chenxuan said that he raised his eyebrows slightly, he wanted to ask everyone to relax today.

Packing things, Fu Chenxuan stood up, "Then let's go."

"Brother Chen Xuan, please invite me to dinner today. I have taken out a month of takeout. I am so greedy." Guo Guo said pitifully. She was so grown up, it was definitely the first time she had eaten so much takeout.

"Okay, what do you want to eat, today you just want to eat dragon meat, and I will find a way to get it for you." Fu Chenxuan said very boldly.

"I want to eat steak." Guoguo ordered Western food directly.

Fu Chenxuan did not have any comments. The car turned a corner and took her to a high-end western

restaurant nearby.

"You won't have to work overtime from next week. You have worked hard this month." Fu Chenxuan said, looking at Guoguo's thin face, and apologizing.

Guoguo shook his head, "I don't think so, I think it's much better here for you than my dad." At Fu Chenxuan's company, no one regarded her as the gold of the Han Group, she was just a newcomer, although she was working there will be many shortcomings and even mistakes, but everyone will kindly remind or help her. Unlike in Han, even if she knows that she did something wrong, the gang will only see it because her father is Han. Yi.

"Is this month's work still suitable?" Fu Chenxuan asked again.

"Adapted well." Guoguo said casually, free and comfortable, even if she was tired, she was willing.

"Starting next month, a new APP of ours will officially enter the research and development stage, and the company will become more and more busy by then. You must be familiar with your work thoroughly this month, so that you can be comfortable, so there will be hard work for you next. "

Guo Guo looked at him resentfully, "Brother Chen Xuan, do you know what you look like now?"

Fu Chenxuan was puzzled, waiting for her words.

"It's like Zhou Paipi, a wicked capitalist." Guoguo vomited, but it just killed you and vomited, without any unhappiness.

Fu Chenxuan smiled, "That's when you haven't seen me even more chopped. I remember when we first started, we had to eat and live in the company for more than a week in a row."

Guoguo was surprised, "Does your company have a room to sleep?"

"Playing on the floor, but it was still summer, and you can lie down and sleep with a cushion on the floor."

"Why not go home and sleep?" Guo Guo puzzled.

"Catch the project. At that time, an office software we developed was spotted by a company. The result was that the week before the contract was signed, we found that the software had vulnerabilities, so we could only work overtime to find and fix the vulnerabilities. "That was the first list after their company was established, and the first battle was naturally to go all out. At that time, the entire company had five of them, almost patching the loopholes without sleep.

Guoguo couldn't imagine that kind of hardship, and looked at Fu Chenxuan distressedly, "Brother Chenxuan, you are so hard."

Fu Chenxuan laughed. Actually, they really counted them seriously. They are no longer hard work. Although he said that he started from scratch, his starting point is still much higher than those who really started from scratch.

The two talked about the company's affairs and Fu Chenxuan's experience of studying abroad in recent years. They were also very happy at the dinner table.

"Brother Chen Xuan, you said that when you were in college, you had to be busy with your courses and your company. Why do you have so much time to participate in those club activities? Compared with you, my college life is much more boring. "Guoguo has some regrets, the time he was wasted by himself."

"It would have been better if I went out with you." Guoguo said with emotion, so that she and Pei Hao wouldn't have such troubles now.

Thinking of Pei Hao, the smile on Guo Guo's face lightened, and his eyes slipped over the steak in front of him. He was suddenly uninterested. When he turned his eyes in the restaurant, he paused suddenly, his face slightly pale.

Fu Chenxuan was talking to her, but did not get her response. Looking at her, she saw Pei Hao. He was not alone. A woman was sitting opposite.

Fu Chenxuan frowned slightly, looking at Guoguo, "Guoguo."

Guo Guo looked back, and the smile on his face was pale. "Brother Chen Xuan, is that his girlfriend? It looks pretty pretty. They should have seen both parents now?"

This month, she forced herself not to pay attention to Pei Hao's news, and never mentioned Fu Chenxuan in front of him. She likes Pei Hao and wants to be with Pei Hao, but Pei Hao has a girlfriend, and her tutor doesn't allow her to do things that destroy their feelings. This is also the reason why after being rejected by Pei Hao, she took the initiative to stay away from Pei Hao. If Pei Hao was still single when she confessed, then she would not give up even if she was rejected.

Fu Chenxuan did not know how to tell Guo Guo that there was a problem between Pei Hao and his girlfriend. After all, it was unclear whether the problem was solved.

"Guo Guo, let's go."

"No, Brother Chen Xuan, I'm not that vulnerable yet, and Brother Pei Hao is our friend. I can't hide him forever in my life. I always have to face it." Guo Guo smiled at Fu Chen Xuan without knowing these words. Is it comforting Fu Chenxuan or comforting herself?

Fu Chenxuan couldn't bear it. He didn't expect that the world was so small that he could meet Pei Hao

with a meal.

Guoguo had already bowed his head to eat again, but there was no smile on his face. Fu Chenxuan looked at her fixedly, Guoguo smiled at him, "Brother Chenxuan, although I know I look pretty, But you can't fill your stomach when you look at me."

"There is a word called Xiasekejia." Fu Chenxuan changed the subject with her.

Guoguo smiled and looked at him a little puzzledly, "Brother Chen Xuan, your sweet words from the coax girl are coming, why are you still single when you are 25?"

"My name is Ningquewuyou." Fu Chenxuan calmly responded to her complaint. The atmosphere on the dinner table suddenly relaxed.

Guoguo controlled his eyes not to look at Pei Hao as much as possible, forcing himself to finish the steak on the plate.

Originally I wanted to take advantage of Pei Hao before they found out that I first left the restaurant. But I did not expect to encounter Pei Hao when I left.

"Chen Xuan, Guo Guo." Pei Hao stopped them.

Fu Chenxuan and Guo Guo stopped and turned to look at them.

"It's really you. I didn't expect you to dine here too. I knew I was together just now." Pei Hao's eyes looked at Guoguo very naturally.

Guoguo smiled at him and called Pei Haoge, then he kept silent.

Fu Chenxuan smiled slightly, "Guoguo and I just got off work. She said she wanted to eat steak, so she brought her over. Is this?" He looked at the woman beside Pei Hao.

"Jiang Xiaoyue." Pei Hao only said the name, but did not introduce the relationship between them.

Fu Chenxuan's eyes turned around the two of them, and vaguely understood what he was doing. He smiled slightly at Jiang Xiaoyue. "Hello, I am Pei Hao's cousin." He also did not introduce Guoguo's identity.

Jiang Xiaoyue's face was a little stiff, but it was only because of the presence of others, he still raised a smile and greeted Fu Chenxuan and Guo Guo.

"Brother Hao, I have something to do with Guoguo, so I will take a step first."

Pei Hao nodded, glanced at Guoguo, but saw her head down, not knowing what she was thinking.

Fu Chenxuan buckled Guoguo's shoulder and took her out of the restaurant.

"What do you want to do? I'll accompany you." Fu Chenxuan said to Guo Guo, who was unhappy, when he walked out of the restaurant.

Guoguo shook his head, "Brother Chen Xuan, I don't want to go anywhere. You send me home."

"OK, get in the car."

Only when the car drove halfway, Fu Chenxuan turned a corner and drove directly to the beach.

"Brother Chen Xuan, what do you bring me to the beach?"

"I suddenly wanted to see the sea, but it was a bit boring to watch the sea alone." Fu Chenxuan casually made an excuse.

"Brother Chenxuan, thank you!" Guoguo knew that Fu Chenxuan wanted to see the sea. He was worried that he was in a bad mood, so he wanted to bring himself to relax.

Fu Chenxuan raised her hand and rubbed her hair. "It's a silly girl."

The two walked along the beach for a while, then Guoguo found a reef and sat quietly looking at the sea.

The night was already dark, and the sea was dark, but in fact nothing could be seen.

The cool sea breeze blew on my body, and in my ear was the sound of the waves hitting the reef. Fu Chenxuan took off his coat, put it on her, and sat down next to her. "Can you catch a cold now, or else I can There is one less assistant."

When Guo Guo heard the words, he said, "Are I just an assistant to you?"

"Of course not, you are still my sister. If you are sick, I will feel bad."

Guoguo was satisfied, "It's almost the same."

Fu Chenxuan couldn't laugh or cry.

They stayed at the beach for about an hour before Guoguo stood up. "Brother Chen Xuan, I'm in a better mood. Let's go back."

Fu Chenxuan did not object and sent her directly to the Han family.

Guoguo walked into the house and found that her father hadn't slept yet? Sitting in the living room to watch TV, I walked toward the living room, "Dad, don't sleep at this night, what do you watch?" The tone was with the little girl's lasciviousness.

Han Yi's face was a bit dark, "It's so late, do you know to come back?"

Guoguo sat down beside him calmly, "Brother Chen Xuan invited to dinner today, and I walked with him on the beach for a while, so I came back late."

"Well, you only have Fu Chenxuan's stinky boy in your heart now, right?"

After hearing the words, Guoguo knew that Han Yi was jealous. He suddenly burst into tears, hugged his arm, and rested his head on his shoulder. "How can you be my favorite dad? How could I not? How about you? You are my favorite man."

Han Yi gave her a blank look. "You just talked nicely. Han Nanyan? Tell yourself, how long have you not eaten at home? What are you busy with all day?"

"Dad, isn't Chen Xuan's company just getting on track now? There are so many things, everyone is working overtime. I can't come back alone. I want to have a team spirit that shares the same pains. Isn't this what you taught me?"

"Guoguo, my dad didn't understand. It wasn't good to be a vice president in the company. Why do you want to resign from this? You are a girl. Isn't it good to enjoy life?" This month Her daughter was greedy early, and often worked overtime until midnight. Han Yi looked at it and felt pain in her heart. If Yu Xiaoxuan stopped it, he would have wanted to say it.

"It's different. In the company, I'm Hanjin Group's Qianjin, not vice president, but at Chen Xuan brother, I'm Han Nanyan. Dad, I want to be a useful person, not a captive in you. Canary in a luxurious palace." Guo Guo's expression was serious and serious, and there was no joke.

Han Yi looked at her daughter. For the first time, she felt that her daughter had really grown up and was sensible. He touched his daughter's hair. "But Guoguo, then you will be very hard." Guoguo grew up in his palm. Daughter, he has no other requirements for her, only hope that she can grow up in a safe and happy life, and then grow up healthy and healthy, and then find someone who loves her and love her for a lifetime, happiness and endurance. As for the achievements in the career, for Han Yi is not important at all. Even if Guoguo is a prodigal woman who knows nothing, he has the ability to feed her for life.

"I'm never afraid of hard work." Although she grew up spoiled, she wasn't such a coquettish person and could not suffer a bit. It can be said that Guoguo has a stubborn character.

"Dad, don't worry about me so much. I'm 24 years old this year, not a four-year-old girl. And I went to Chen Xuan's company again, they still take care of me, you can rest assured."

"That stupid boy, dare not to take care of you and try to see if I can't tidy him up properly." Speaking of Fu Chenxuan, Han Yi got angry and just abducted his baby daughter, and treated him as a horse. .

Guoguo was happy and looked at her with a smile, "Dad, didn't I want to attack you, have you ever played Chen Xuan?"

Han Yi faced a tiger, "Who is your little girl with elbows turning out?"

Guoguo continued to smile, "You all said that my elbow turned away, of course, to help me Chen Xuan brother."

Han Yi raised her hand to hit her, but when she fell on her, she gently touched her, more like touching, "You just settled, I can't bear to hit you and scold you."

Guo Guo smiled, "So I love you the most, Dad."

"Yeah, there is really no way to take you. You can do it, but if you feel hard, go home."

"I certainly won't let you look down upon me. Dad, I worked for a day today, so tired, I went to bed first."

"OK, go. Don't go to work tomorrow, take a good rest at home."

Guoguo nodded, turned upstairs, walked halfway to remember something, stopped again, and said to Han Yi, "Dad, don't you sleep?"

"Your mother can't go home until 12 o'clock, I will wait for her for a while."

Guoguo shook his body with an exaggerated expression, "Dad, it's not me who said you, you said you and your mother have been together for more than 20 years, why are you so tired? I don't eat much for dinner today, or I should be your dog food Eat up."

"Little girl is talking nonsense, hurry up and wash." Han Yi was not angry.

Guo Guo threw his tongue at Han Yi and turned and ran away.

The next day is Saturday, also the day of Shen Rui piano solo. Early in the morning, Fu Chenxuan was called by Fu Shuyi.

Fu Chenxuan sent Guoguo back home last night and went home to deal with a little more of the company's affairs until he fell asleep at two in the morning. I was woken up by my sister just after sleeping for less than six hours, and I was really depressed.

"Brother, get up quickly. Xiaorui is going to perform on stage today, and we, as her relatives and friends,

must not be late."

Fu Chenxuan frowned, "Isn't the concert evening? What do you want me to do this morning?"

"In such a formal concert, you can't always go in a casual dress, of course, take you to do the modeling."
Fu Shuyi took it for granted.

Fu Chenxuan's black line, "Tang Tang, you let me sleep for a while, and I will get up to do modeling with you at noon."

"Brother don't sleep. You see, you have some casual clothes in your closet. You don't even have a formal suit. We have to go to the mall to buy you clothes. It's really too late to go without time."

Tangtang stepped forward and wanted to dig Fu Chenxuan from the bed, but he was not strong enough to pull it.

"Tan Tang, Fu Shuyi, my good sister, please forgive me. Your brother and I only went to bed at two in the morning, and now I am really sleepy. You let me sleep for a few more hours, and then go shopping for clothes in the afternoon. , It's too late, or you go first, and I will find you after lunch."

Fu Shuyi looked at his face carefully and saw that he did have dark circles under his eyes, so let go of his hand, "Well. Then you sleep well, and I will call you at noon to wake you up."

Fu Chenxuan waved his hand without even opening his eyes, "Okay, go."

However, good sleep was interrupted, and Fu Chenxuan was unable to continue to sleep. He lay down for five minutes and couldn't sleep. He simply woke up. When I went downstairs, I saw Shen Qinglan coming back from the outside, holding a watering bottle in his hand. It seemed that he had just returned from the garden. After the death of Master Fu, Shen Qinglan was taking care of the flowers and plants in the garden.

Perhaps because of these years of self-cultivation and self-cultivation, Shen Qinglan is much gentler than when he was younger, calmly calmed down after years of precipitation.

"Mom, good morning." Fu Chenxuan greeted his mother

Shen Qinglan knew that his son was sleeping late, glanced at his watch, raised his eyebrows, "Why don't you sleep a little longer?"

Fu Chenxuan said helplessly, "Today is the day of Xiao Rui's performance, and Tangyu woke me up early in the morning."

Shen Qinglan was also a little funny when thinking of his hot daughter, "Since you wake up, go down for breakfast."

Fu Chenxuan pulled a handful of hair and nodded, that is, when he lived with his family, his three meals would be fixed. In the past, when a person was studying abroad and did not live in Uncle Allen's house, his breakfast was basically a sleep, or just a casual meal, so his stomach is actually not very good.

After finishing breakfast, Fu Chenxuan went to the study room to deal with some company affairs, and waited until the time was up, before going out with the car key.

But first go to the modeling center to find Fu Shuyi, she is still doing the spa upstairs.

He simply sat down in the rest area, looked for a magazine, and passed the boring time while waiting. When Fu Shuyi finished the spa, it was past the meal. Fu Chenxuan was late for breakfast, but he was not hungry. Fu Shuyi was hungry. As soon as he came out, he took Fu Chenxuan to eat, and then the two went straight to the nearest shopping mall, Fu Chenxuan bought a suit before running to the styling center, and it was almost time for the two to finish the styling.

Shen Rui's performance is in the most famous concert hall in Beijing. Being able to perform here at a young age is a recognition of his strength.

When they went, the makeup artist was applying makeup to Shen Rui, and Shen Rui was holding a mobile phone. I didn't know who was sending the message. When they saw the two coming in, they put the mobile phone in their pocket. "Brother, sister, you are here." ."

"How are you preparing?" Fu Chenxuan asked gently.

Shen Rui smiled slightly, "It's almost done." For this concert, he prepared for three months, and all the songs were already familiar.

On a day like this, Shen Qinglan is bound to attend, so when Fu Chenxuan and Fu Shuyi moved from the backstage to the auditorium, Shen Qinglan was already seated.

Fu Shuyi sat directly next to Shen Qinglan, "Mom, you are so beautiful today."

"Do you mean that I am not usually pretty?" Shen Qinglan looked at her daughter with an eyebrow raised.

Fu Shuyi smiled and said, "How can my mother be the most beautiful woman in the world, even if you don't dress up, it's all over the country."

"Youzui slippery tongue." Shen Qinglan gave a four-word evaluation.

Fu Shuyi took it as a compliment to himself, and accepted it without humility.

Fu Chenxuan was sitting on the other side of Shen Qinglan, and 15 minutes before the performance, Fu

Chenxuan's mobile phone vibrated.

He took it out and looked at it, whispering to Shen Qinglan, "Mom, my company's colleagues came to me and I went out to answer the phone."

Shen Qinglan nodded.

"Fu Chenxuan, it's really you. I thought I was wrong. I didn't expect to meet you here."

Just after picking up the phone, Fu Chenxuan planned to go in. He heard a slightly familiar female body. He turned his head and saw that he was not far away, looking at him with surprise.

She wore a simple dress and walked quickly, with delicate makeup on her face. Pour with the day at the ba

The appearance in is somewhat similar.

"You also come here to listen to the concert?" asked simply and gently.

Fu Chenxuan met her here unexpectedly, but nodded politely. "Yes, how about you? Come alone?"

"No, I came with my friend. She went to the bathroom and came over immediately. By the way, are you also a fan of Shen Rui?"

"That's right." Fu Chenxuan said lightly.

"I have been following Shen Rui for a long time. He is really a musical genius. For this concert, I started grabbing tickets one month in advance, and finally grabbed two tickets." Simple said with a smile. Fu Chenxuan listened patiently to her, and it was not polite to leave at this time.

"Are you here alone?" he asked curiously, simply seeing no one else beside him.

"Come with family, they are inside. Time is running out, let's go first."

"Wait, my friend hasn't come, wait two minutes, don't you mind?"

Fu Chenxuan, who originally wanted to leave, listened to this, stopped, and smiled gently, "Do not mind."

I simply glanced at the time on my phone and saw that Lin Jing hadn't come out yet. I couldn't help feeling anxious and sent Lin Jing a message.

In fact, it was not an accident to see Fu Chenxuan at the concert today, but the result of simple and meticulous design.

A month ago, I simply got the news that Fu Chenxuan's cousin Shen Rui was going to hold a piano recital here. He simply guessed that Fu Chenxuan was likely to participate, so he asked many friends to buy two tickets. In order to give Lin Jing and Fu Chenxuan a chance to reunite with their old friends.

However, she originally preset that she would meet again after the concert, but she didn't expect to encounter it before the opening. This was a small surprise in this elaborate layout.

Lin Jing actually came out long ago and stood on the corner. She looked at Fu Chenxuan who was talking with simple words. She sweated a little in her hand. This was the first time they saw each other after 20 years. tension.

Seeing that the concert was about to begin, Lin Jing gritted his teeth and walked over quickly. "Simple, the concert is about to start. Go in." She pretended not to see Fu Chenxuan.

"Quietly, don't worry, I will introduce a friend to you." Simple to hold her.

"Quiet? Are you Lin Jing?" Fu Chenxuan stared at Lin Jing's face and suddenly opened his mouth.

Lin Jing froze, looking at Fu Chenxuan, the doubt in his eyes gradually turned into a surprise, "Fu Chenxuan, long time no see."

The corner of Fu Chenxuan's mouth is light, "quietly, I haven't seen you for a long time."

"Hey, you guys know." Simple and timely voice.

Fu Chenxuan smiled slightly, "Lin Jing and I were childhood playmates or classmates in kindergarten. I didn't expect the two of you to be friends."

"Me and Jingjing were roommates in college. We were really fortunate, so I don't need to introduce you to meet." Simple and very happy, she said, maybe Fu Chenxuan did not forget Lin Jing at all, just Lin Jing. This fool has never dared to recognize Fu Chenxuan, for fear that others have forgotten her.

"The concert is about to start, let's go first. If you have anything, wait until the concert is over. Fu Chenxuan, do you think it's okay?"

"Of course."

Lin Jing's position was naturally not with Fu Chenxuan, the three of them made an appointment and waited for the concert to end before going out for a drink and then separated.

"Quietly, you can rest assured now. People Fu Chenxuan not only remembers you, but also recognizes you at a glance." Simple mood is very happy, as if it has done a big thing.

Lin Jing smiled shyly, and she did not expect that Fu Chenxuan really remembered her.

"You said what should I say when I see him later?" Lin Jing asked nervously.

"Of course it's narrative, so that you can quickly close the distance between you. After a long time, you can also talk about your own experiences over the years. The gaps of 20 years need to be filled slowly, so don't worry too much. "Simply give her advice.

Lin Jing listened to simple suggestions seriously, but they spoke very quietly. After waiting for Shen Rui to perform on stage, they shut up and said nothing. After all, it was a concert and it was impolite to whisper.

After the concert, Fu Chenxuan did not leave with everyone, but said that he met an old man and gathered with others. Shen Qinglan did not ask who he met, and went back with his daughter.

Lin Jinghe and Jianjian were waiting for him at the door, afraid that they might miss it, and Jianjian specially sent a message to report their specific location.

"Fu Chenxuan, here." Simple first saw Fu Chenxuan slowly stepping out, waving at him, Fu Chenxuan came over.

"Sorry, I just said a word to my mother, and it was delayed." Fu Chenxuan said apologetically, he was not used to let the lady wait for him.

Lin Jing smiled, "We just came out, where are we going to wait?"

"How about charm colors?"

"it is good."

"I won't go with you anymore, I have to go home to write the article, otherwise tomorrow's update will be miserable." Simple voice, "Since you two have known each other since childhood, I haven't seen you for so many years, there must be many If I want to say it, I won't blend it in." She said peace and gave Lin Jing a "you cheer" look.

Lin Jing looked at Fu Chenxuan uncomfortably and explained, "Simply she is a professional online writer, and writing is her job."

"I know, she told me, let's go, my car is over there." Fu Chenxuan pointed in the direction of the parking lot, Lin Jing followed behind him, looked up slightly, looked at his back, glutinous rice An An, who was like a ball, had grown up and became a tall man in front of him.

Lin Jing's expression was a little trance, and many chaotic pictures flashed in her mind. When she didn't see it, she wanted to see him, and she could even go back to the capital regardless of her parents' opposition, but she really saw it, but she could not see The man is connected with the boy he was in. Did the gap created by the years divide them into two worlds?

Lin Jing was thinking about things, and did not notice that Fu Chenxuan had stopped and bumped into one end. Fu Chenxuan was funny, "What do you think, don't you concentrate on walking?"

Lin Jing was embarrassed. "Thinking of some childhood things, I was distracted."

Fu Chenxuan smiled and opened the car door, "Please."

The strangeness in his heart made Lin Jing say nothing along the way, and the charm was not far away from here, only twenty minutes away.

Fu Chenxuan did not choose a bar this time, but found a relatively quiet deck.

"Don't talk on the road, don't you know me?" Fu Chenxuan spoke first, breaking the silence.

Lin Jing was stunned, and then smiled, "Yeah, we should have disappeared for twenty-one days. We were children when we parted, and we grew up when we met again. It is terrible to think about the time."

"Are you a female poet?" Fu Chenxuan teased her.

Lin Jing didn't respond at first. After understanding what he said, he bowed his head slightly embarrassedly.

"Quietly, why didn't you contact me later?"

In the first two years that Lin Jing had just left, there was actually a connection between the two of them. Although they were just a few nondescript cards, that was also a way to maintain friendship. But two years later, the family suddenly had no news, even Lin Jing's mother didn't contact Shen Qinglan anymore. The family seemed to evaporate.

Lin Jing heard something, and remembered something, his face slightly changed, he was silent for a moment, and said slowly, "My brother had an accident that year, he was playful, ran to the road, and was hit by a car."

Lin Jing has a younger brother. This Fu Chenxuan knows that her younger brother is bigger than Fu Shuyi and Fu Shuchen.

"Sorry." Fu Chenxuan said apologetically, he didn't expect the reason to be like this.

"At that time, my mother's mental state was not very good, and our family was also in sorrow. My dad applied for transfer to the higher level in order to keep my mother away from the sadness, and transferred to a more remote place, that place Communication is inconvenient, and gradually no contact." Lin Jing said softly, deep in his eyes was deep sadness.

Fu Chenxuan listened and comforted, "I didn't expect you to have encountered so many things. When did you come back?" He changed the subject.

"Shortly after returning, my dad's military area is at the border, and there are remote towns there, and the major I studied couldn't find a good job there, so I came back and now live with Simple."

"Where do you work now?"

Lin Jing reported the name of a company. Fu Chenxuan felt a little familiar. After thinking about it, he finally remembered it. This is a technology company in Beijing. It is also a software developer. It is his peer and competitor.

"You studied computer?"

Lin Jing responded, "Well, my dad actually wanted me to join the army as a technical soldier, but I didn't like to be a soldier, so I didn't agree. By the way, what are you doing now? Are you a soldier?"

Fu Chenxuan shook his head, "No, I started a company myself, and I am now in the initial stage, also doing software development."

"I remember you told me that your biggest dream is to be a hero like your father. I thought you would enter the army when you grow up."

"People's dreams will change. I remember your biggest dream when you were a child was to be a teacher." Fu Chenxuan said with a smile.

Lin Jing smiled, "Don't worry, this matter will take its time."

"It's still slow, sister, you have been waiting for more than 20 years, and you still plan to wait until when to go, and then wait, your handsome guy is someone else's."

"He is not an easy-to-heart person." Lin Jing said affirmatively, he had been in contact with Fu Chenxuan for some time, and he knew some of his current temperament.

"Quietly, the more such a person is, the less likely it is to forget after you get emotional. If you wait until he really likes someone else, then you really have no chance. So you must seize the time."

Lin Jing heard the words and frowned, "But Chen Xuan doesn't seem to mean that to me." During this time, Fu Chen Xuan was more about friendship and affection for her. Don't buy and sell.

I simply hate that iron is not steel, "How can a person who is quite clever at this time be stupid? He treats you as a friend and does not take the initiative. Can't you take that step first? All say that women chase men. Layers of yarn, maybe after you pierced that layer of window paper, your feelings have made rapid progress."

"Is that true?" Lin Jing looked puzzled, and she really had little experience in feelings.

Although it is simple and has no actual combat experience, but after all, so many romances have been written. Can I not have seen pork run before? So simply jumped down, walked to Lin Jing's side, muttered with her for a long time, and heard Lin Jing's stunned.

"Where did you learn all this from?" Lin Jing asked curiously.

Simple huh, "I have written several books anyway, and I read more. These are the usual routines. Although, the middle routines may not work in reality, but they can also serve as a reference. You just add theory to practice, just in case."

However, Lin Jing was still a little hesitant, and her temperament followed her name. She was very quiet and introverted, and she really wanted to pursue people. She was really bad at speaking.

"Oh, don't hesitate, there is nothing to be afraid of."

"I'm afraid if he really doesn't like me, he and I won't even have to do it."

"Are you willing to be friends with him for life?" simply asked.

Lin Jing was silent, she should be unwilling.

"So, don't hesitate when love comes, or you should regret it for a lifetime, even if he really doesn't like you, what if he refuses, it's better to hide nothing in your heart than you are now?" Simple, for her, love

is love, to say it out loud, the secret that is hidden in the heart is called crush, and the person who is in love is depressed.

Lin Jing was a little perturbed by what she said, but she still didn't make up her mind. At this time, she simply said quietly, "Quietly, don't say I didn't remind you that once you get ahead, you have no chance in your life."

Lin Jing's heart trembled. She couldn't imagine what would happen if Fu Chenxuan was with others. She finally made up her mind, "Then I will try it, but find a suitable opportunity."

"It's not easy to find opportunities. Find a weekend, have a meal together, watch a movie, and then take a walk on the street. It's best to have a moonlight. Take advantage of the moonlight to express how romantic it is."

"Will there be so many people on the street that would make him embarrassed?" It would be bad if Fu Chenxuan thought she was taking advantage of the crowd.

"Huh, this is all your own thinking. You just think too much. What you should think about now is how to confess to him." The simple tone is very disgusting. Lin Jing is too sensitive and too worried.

Lin Jing pursed her lips and said nothing. Some things were simple, she had not experienced them, and she did not understand. But she really can't continue like this now, otherwise she and Fu Chenxuan can only stay in the relationship of friends.

Therefore, this Saturday, Lin Jing directly asked Fu Chenxuan to go hiking.

Fu Chenxuan readily accepted.

I simply saw Lin Jing picking things up and rolled his eyes, suggesting, "Quietly, why don't you bring the tent, anyway, you don't go to work on Sunday, just camp with him on the mountain."

Lin Jing hesitated, "Is this bad?"

"What's wrong, you are too shy and have too many scruples. According to you, when can you catch up with the man, do you have to be bold and understand?"

After thinking for a while, Lin Jing called Fu Chenxuan again and wanted to change the mountain climbing to camping. Fu Chenxuan glanced at his sister and nodded.

"Brother, did you agree to take me with you?" Fu Shuyi asked with a smile when he saw his brother hanging up the phone.

Fu Chenxuan looked at her helplessly, "You have bothered me all night, I will not go if you don't take you?"

"That's definitely not true. Even if you don't take me with me, I will go by myself. Brother, can I call Shang Guoguo? There is also Pei Hao."

Fu Chenxuan raised his eyebrows, "Do you think it's a big deal to see the excitement?" Knowing that Guoguo likes Pei Hao, he still wants to call them both.

"Why, I created opportunities for them. Didn't you say that Pei Haoge and his girlfriend have broken up, and Sister Guoguo didn't let him go, why not give them a chance, maybe this time it will be?"

Pei Hao and Jiang Xiaoyue have broken up, just a month ago. The last time Fu Chenxuan and Guo Guo bumped into them in the restaurant, they were talking about breaking up. That meal was the last meal before their breakup.

After returning from the Jiang family, Pei Hao realized that perhaps the purpose of Jiang Xiaoyue's interaction with him was not simple, and the development was true afterwards. Since his return, Jiang Xiaoyue has implicitly implied that Pei Hao wanted to go home with him to meet his parents, After all, they are both young, and it is also time to set the marriage date.

However, because the Jiang family heard the conditions put forward by Jiang's father and Jiang mother, Pei Hao was not very comfortable, and he always pretended not to understand. Later, Pei Yining spoke up and said that he would meet Jiang Xiaoyue.

When Jiang Xiaoyue went, it was nothing. Although Pei Yining couldn't talk about her very much, she wasn't disgusted, so she agreed to meet her parents.

The meeting place was arranged in a private restaurant in Beijing, and it was also one that Pei Hao often visited, but Jiang Fu and Jiang Mu were very dissatisfied with this place. At the five-star hotel, Pei's family was too stingy. At that time, Jiang Xiaoyue's face was embarrassed, and he reminded his parents to pay attention to the occasion. It was just that Jiang Jiang's mother felt that the first meeting was very important. Daughter will not be wronged when she marries Pei's family.

Pei Yining and Jiang Chenxi are both self-cultivated people, naturally they will not care about them, and they will not be happy, nor explain that the private restaurant can actually eat three meals in a five-star hotel.

Because of the attitudes of Pei Yining and Jiang Chenxi, Jiang Fu's mother Jiang became more proud, and when talking about their marriage, Jiang Jiang's mother suddenly replied, saying that the ceremony should not be less. Yes, how their daughters are precious. Until the end, he directly asked Pei Hao to split his company's equity in half to Jiang Xiaoyue, and let Jiang Xiaoyue be the general manager of the company, otherwise he would not love Jiang Xiaoyue.

Pei Hao changed his face on the spot, stood up and left.

Although Jiang Chenxi smiled, he said the same thing-Jiang's daughter was too precious, and they couldn't afford to marry.

In this way, the first meeting of the parents of both parties broke up.

The next day, Jiang Xiaoyue said sorry to Pei Hao, and explained that in fact the parents at the dinner table were temptations, which were also a test for him. Test his sincerity for her, even if he really agreed, she would not want The company's equity.

But such an explanation is very far-fetched here in Pei Hao, and he will not accept such an explanation. No matter whether it is temptation or sincerity, he can't accept Jiang's father's face, so he proposed to break up.

Jiang Xiaoyue wanted to stay, but what Pei Hao had already decided was difficult to change. After working hard for a while, he knew that he would not really look back, so he agreed to break up.

Father Jiang's mother Jiang wanted to make trouble, threatening that Pei Hao had slept their daughter. They must be responsible, they could break up, and they had to pay a breakup fee.

But Pei Hao made it clear that he and Jiang Xiaoyue didn't say sleep, they never even had a kiss, even if they were in charge. What this said is that he didn't give the Jiang family any face. Not only Jiang's father Jiang Mu, but also Jiang Xiaoyue's face was very embarrassed, but he just endured no attack.

In order to avoid continuing trouble, Jiang Xiaoyue directly took his parents away, even if his friends could not do anything in the future.

Such a rigid situation, the marriage must not be completed, Pei Hao gave Jiang Xiaoyue a sum of money, which was regarded as a breakup fee, but Jiang Xiaoyue did not want it.

"Brother, I actually think that Brother Pei Hao also has Guoguo in your heart. You believe my intuition. Give them a chance, maybe they will be able to achieve a good relationship." Fu Shuyi said very surely, but he didn't get Fu Chen Xuan agreed.

"You don't want to get involved in this matter." Fu Chenxuan warned her, "Emotional things should be their own things, and your participation will only get more and more chaotic."

Fu Shuyi pouted and said dissatisfiedly, "I'm here for Sister Guoguo. You didn't see how unhappy she was recently. In fact, I wanted to tell her about Pei Hao's breakup several times."

Because of the relationship between the two elders, several children grew up together, especially Tangtang and Guoguo, because they are all girls, have similar personalities, and have the best relationship. This is why even if Guoguo hides well, Fu Shuyi has long noticed that Guoguo likes Pei Hao.

"If you do this, you will only make Guoguo go deeper, sugar candy, in love, not only I like you, but there

is also a call that I want to be with you, Pei Haoge does not take the initiative to take a step toward Guoguo, Guoguo It can only be single lovesickness, then it is better to let go of Pei Haoge early, long pain is better than short pain." Fu Chenxuan said with a serious heart.

Fu Shuyi sighed, "I don't understand. Brother Pei Hao also likes Sister Guoguo. Why don't he want to be with her? What other girlfriend of Lao Shizi is looking for?"

"Little girl manages quite a lot." Fu Chenxuan was funny.

"Huh, don't think I don't know. That one named Lin Jing likes you? Do you also like her? But, brother, seriously, I don't like her very much."

"Don't talk nonsense, I am just a friend of Lin Jing."

"That's the best, I don't want her to be my sister-in-law." Fu Shuyi had seen Lin Jing once before, and she didn't like her intuition very much.

Fu Chenxuan raised her eyebrows and asked curiously, "I remember you have only seen someone once, why do you think she is bad?"

"It's just intuition, people's eyes are very important. Maybe it's because she doesn't match my eyes. I think the friend next to her, what's simple is pretty good."

Fu Chenxuan only treated her as a child and didn't take her words seriously. Lin Jing might have changed a lot, but her heart was still kind, which was enough. After all, she was just a friend.

Fu Shuyi knew that he was going to live in the wild for a day, and his eyes rolled, but he still called Guo Guo and Pei Hao without knowing Fu Chenxuan. So the next day, when Fu Chenxuan saw Pei Hao and Guo Guo who appeared at his entrance, he immediately understood that this must be a good thing for his sister, but everyone had already come, and he couldn't let them go back. , So I can only assume that I don't know. Then, taking advantage of the lack of attention, I called several of my friends and pulled two people over.

"Bai Junnan, why are you here?" Fu Chenxuan arrived at the meeting place one step earlier than Lin Jing. When he saw the people who were waiting there early, his face was a little unsightly, and he gave Fu Shuyi a hard look. This girl was really lacking.

Fu Shuyi looked at his elder brother's eyes, and he was not afraid at all. He looked back at him calmly. "My name is Jun Nan. Everyone is okay on the weekend. Come out and relax."

Bai Junnan's casual outfit, with a pair of hiking shoes on his feet, matches unexpectedly, and smiles slightly, "Last night I chatted with Shuyi. She said that you are going to camp today. I'm fine anyway, so I came together, Chen Xuan, you Wouldn't it be unwelcome?"

Fu Chenxuan Pi smiled but didn't smile, "How come." Everyone came here to speak this way. He felt his hands itchy and wanted to beat the man in front of him.

Fu Shuyi blocked between Bai Junnan and Fu Chenxuan, smiling at his elder brother, "Brother, why haven't your friends yet arrived?"

Fu Chenxuan watched her sister sternly change the subject, and looked at her angrily, "Traffic jam on the road, I will arrive immediately."

He looked at Bai Junnan, and the meaning in his eyes was very obvious. Obviously, he was going to find an opportunity to talk to him about his life and his ideals. Bai Junnan shrugged indifferently.

Here, Bai Junnan didn't know other people. After Fu Chenxuan's introduction, plus a few of them were young people of similar age, they soon chatted together.

After waiting for almost half an hour, Lin Jing arrived in a hurry, but did not expect that there were so many people present, and his expression stiffened for a moment.

"Chen Xuan, I'm very sorry to keep you waiting for a long time. A traffic accident happened on the road, and it took a little time for traffic police to deal with it." Lin Jing explained that she left home early and didn't expect to be late.

Fu Chenxuan frowned, "Are you all right?"

Lin Jing shook his head, "I'm fine, it's not our car that caused the accident, I'm just stuck on the road. Who are these?" No one except Fu Shuyi.

Fu Chenxuan just remembered that he hadn't introduced her yet. He lowered his voice, "I'm sorry, my sister knew that I was going to camp, so I wanted to come, and I thought about the more lively people, so I called a few. Don't you mind, buddy?"

Lin Jing shook his head with a smile, "No, how busy people are." It was just that when there were more people, her confession plan was ruined, and it was estimated that she would wait for the next time.

Fu Chenxuan introduced Lin Jing to the people present, but everyone was not very familiar with her and could not get acquainted for the time being.

There were eight of them. When they climbed to the top of the mountain, they found out that there were still many people coming to camp. Fortunately, the place on the top of the mountain was large enough. It was enough to put down a few tents. Two people each, given the three girls, the largest tent was assigned to them, and the remaining men were two people.

"A few of you girls are going to pick up some firewood, and a few of us will set up tents." After choosing the location, Fu Chenxuan began to assign tasks. This is the western suburbs of Beijing. Because of the

good scenery, many people come here, and nearby There are no beasts, and there is no danger of letting several girls pick up firewood, so Fu Chenxuan dare to distribute this, not to mention, Fu Shuyi's skill is there.

Fu Shuyi took Guoguo to pick up firewood, and Lin Jing was behind them. She felt awkward in her heart. She knew that this would have been simple at that time. If it were simple, at least it would not be so embarrassing now.

When originally leaving, Lin Jing wanted to simply come with her, but simply refused, "This time is a good opportunity for you to confess with Fu Chenxuan, what am I going to do?"

"Sister Lin Jing, I heard that you and my brother were companions in kindergarten when I was a kid, and I often visited my house. Is that true?" Fu Shuyi asked curiously.

Fu Shuyi took the initiative to speak to her, Lin Jing would naturally answer, smiled and nodded, "Well, it is true, but later my father moved to work, our family left the capital."

These Fu Shuyi are naturally known. She heard her brother say, "Sister Lin Jing, have you never been in Beijing for so many years?" Her face was full of curiosity, as if it was a simple inquiry.

Lin Jing nodded, "Well, I worked in other cities for a few years after graduation."

"I haven't come back after so many years, why are you back now?"

Lin Jing paused, glanced at Fu Shuyi, and saw that her expression was very natural. The strangeness in her heart was alleviated a little. She was really too sensitive, and the little girl was curious to ask.

"Beijing is my hometown after all. Although my parents are out of town, it is the root here, and my parents also hope that I can come back, and I will come back." This reason is very reasonable, and Fu Shuyi just heard it.

Guoguo has clearly forgotten what was unhappy with Lin Jing because of a toy. She is a good relationship, seeing Lin Jing does not seem to be particularly talkative, and actively took the initiative to speak to her, so as not to make Lin Jing feel isolated.

There were a lot of dry branches on the mountain, and the three quickly picked up a lot and came back. When holding the branch back, Fu Chenxuan and others were still setting up a tent, but they were almost done.

"Brother, is this wood enough?" Fu Shuyi asked.

Fu Chenxuan glanced and nodded, "Enough is enough, you put aside the firewood first and wait for me to start a fire."

Fu Shuyi was very obedient, found a free place to put firewood, and then found a relatively clean place to sit down and watched everyone busy.

Lin Jing held a bottle of water in his hand and walked to Fu Chenxuan who was busy. "Chenxuan, drink some water."

Fu Chenxuan took it, thanked him, but didn't drink it, but handed the water to Pei Hao, "Brother Hao, didn't you just say you were thirsty, drink the water first."

Pei Hao glanced at Lin Jing and took the water with a smile, "Thank you."

Lin Jing had a mild smile on his face, and he didn't mind that his heart was "disappointed". "Can I help you here?"

"We don't need you, we'll get it done right now, you go and sit with them for a break." Fu Chenxuan said.

Lin Jing pursed her lips, "Okay, if you need help, call me."

Not far away, Fu Shuyi who noticed this scene bumped into Guoguo, "Sister Guoguo, I dare to take my head to ensure that this Lin Jing absolutely likes my brother."

Guoguo also saw this scene, "You think too much, they should just be friends."

"Sister Guoguo, you are so simple. This is like a friend. My brother treats people as friends unilaterally. Look at this initiative, that is, my stupid guy can't see it."

"You say your brother this way, be careful that your brother knows to clean up you." Guo Guo reminded her.

"Here are the two of us. I will only tell you this, and you won't betray me. Sister Guoguo, you said that you and my brother have known each other for so many years. How good you can be my sister-in-law."

Guoguo stunned, and then chuckled, "Probably I was too familiar with Chen Xuan. I have been together since I was a child. The other party has seen everything, the freshness is gone, the appeal is naturally gone, and the feelings have changed. Become a family."

"Then Pei Hao grew up with us from an early age. Why did you like him?" Fu Shuyi said quietly.

A trace of confusion flashed in Guoguo's eyes, "Tangtan, don't talk nonsense, I don't have one."

"Nothing? You didn't like Brother Pei Hao? Sister Guoguo, I've seen it for a long time, otherwise you think I called you to come with him?" Fu Shuyi attached to Guoguo's ear and whispered.

Guoguo looked at her in surprise, "Have you called him?"

"Otherwise, you count on my brother."

"Tanto, don't do this kind of thing in the future, Pei Haoge already has a girlfriend." Guo Guo whispered, admitted that he liked Pei Hao.

Fu Shuyi pouted, "Sister Guoguo, did you shrink yourself into the tortoise shell and ignore the outside world? Don't you know that Pei Hao broke up with his girlfriend long ago? Now he is single."

Guoguo was surprised, "When did it happen? Didn't they intend to get engaged? Why should they break up?"

"It's been a month since we broke up. As for the reason for breaking up? Naturally, it's because the woman is too greedy, and it's so big to have a lion's mouth, a house, a car, and a ticket, the number is not small, Pei Haoge Naturally, they were unwilling, and the two broke up, as if the woman's parents later made excessive demands, the marriage between the two broke up."

Fu Shuyi did not elaborate on the process of the breakup of the two, but just said it roughly.

Guoguo looked at Pei Hao, who was busy with the crowd, and there was a worry in his eyes, "Isn't he very sad?" She didn't know these things. During this time, she deliberately excluded Pei Hao from her Outside the world, I just hope to let him down soon.

Fu Shuyi snorted, "He looks sad like that, Sister Guoguo, you can't look like this."

Guoguo looked at her angrily, "Brother Pei is your cousin, don't you worry about him?"

Fu Shuyi swayed his legs, "If he wasn't my cousin, I wouldn't care about your business, Sister Guoguo, although I think Brother Pei Hao is not worthy of you, but looking around, it seems that he is watching him It's okay, the most important thing is that you like it. Do you want to take the initiative to chase him?"

Guoguo looked sad, "Forget it, he doesn't like me, I'm just a sister to him."

"Everything about feelings is cultivated." Fu Shuyi smiled. "And I think, Pei Hao is not completely indifferent to you. Maybe you take the initiative and others will follow."

"Right, Sister Guoguo, have you confessed to Pei Hao?"

Guoguo hesitated for two seconds and nodded gently, "but it was rejected."

"What does it matter if you refuse? You look at others." She gestured Guoguo's direction to Lin Jing. Although Fu Chenxuan did not ask Lin Jing to help, Lin Jing took the initiative to help them do something

within his power. Trivia.

"You see how active others are, you have to take the initiative. You can't stand on the spot and wait for Pei Haoge to fall from the sky. Smash your head. It won't be worth it if you get stupid."

"Where are you girls from all these messy ideas?" Guoguo was funny.

"Sister, my elder sister, I'm helping you." She is not a nosy person. If she is changed to someone else, she will just listen to gossip.

"Don't mention my business, you are called Bai..." Guo Guo forgot his name.

"Bai Junnan." Fu Shuyi said quickly.

"Yes, it's Bai Junnan. What's the matter with you?"

"What's going on? Friends, everyone is okay on the weekend, come out to gather, more normal things, make friends normally." Fu Shuyi said easily.

"I can't stop it. Brother Chen Xuan just looked at Bai Junnan's eyes just now."

"My brother is too nervous. You said I was 21, even if I really had a boyfriend, what's the matter?" Fu Shuyi didn't care, her dad and her brother were too nervous, and they approached her with opposite sex. As far as alertness is concerned, she has never been in a relationship when she was so grown up.

"Do you like that Bai Junnan?" Guo Guo was curious.

Fu Shuyi shook his head, "It doesn't, but it feels quite pleasant to get along with him. He seems to be different from the boys I know."

Guoguo immediately understood that even if Fu Shuyi didn't like Bai Junnan, she had a good opinion of this person. She didn't know what kind of person Bai Junnan was and whether she was worthy of Fu Shuyi.

Thinking of this, Guo Guo glanced in the direction of Bai Junnan. As a result, he was also looking in their direction. To be precise, he was looking at Fu Shuyi. He noticed her sight and smiled friendlyly at her.

Guoguo smiled slightly and retracted his gaze without any embarrassment.

The tent over there had already been set up, and Fu Shuyi saw it and walked over, "Brother, what are you going to do next?"

"I'm going to make a fire, who of you will wash the vegetables, I remember a stream near me."

"I'll go." Lin Jing said.

"I'll go with you," Guoguo echoed.

The two took the fruit and vegetables they brought and walked towards the stream, and Fu Shuyi helped to move the luggage into the tent. In fact, there was no luggage, just a backpack, and it was good soon. .

"Brother, I think we can choose an island camping next time." Fu Shuyi said.

Fu Chenxuan

549 Chapter 542: He Is My Love Forever (End) (11)

I was preparing to start a fire, and I didn't look up after hearing this, "Aren't you going to follow yourself? Feeling bored now?"

"No, I just think we can find a more interesting place, to survive on a desert island or something, more exciting." Fu Shuyi looked forward.

"Since it is a desert island to survive, you should take nothing, go to the desert island empty-handed, eat mountains by the mountains, eat the sea by the sea. Even if you have to fire, you have to drill the wood to get fire." Fu Chenxuan accompanied his sister. light.

Fu Shuyi's eyes widened and his face was incredible, "How can this be done."

"This is the real survival of the desert island." Fu Chenxuan replied calmly.

"Oh, brother, you fooled me." Fu Shuyi sneered and turned to find Bai Junnan.

Fu Chenxuan looked at the direction of Fu Shuyi's departure, and his eyes were dim.

They brought pots and seasonings, as well as some ingredients, all prepared for this camping, "Jun Nan, come and help cook." Fu Chenxuan shouted at Bai Jun Nan after raising the fire, successfully interrupted Fu Shuyi and Bai Junnan's chat.

Bai Junnan walked over and looked at Fu Chenxuan with a smile, the latter's face was calm, he was intentional, what happened.

However, Bai Junnan is indeed the best among them. After Guoguo returned, Bai Junnan did not have much time to prepare the dinner.

"Well, Jun Nan, what you made is delicious." Fu Shuyi just took a sip and her eyes light up.

Bai Junnan smiled slightly, "eat more if you like."

"Brother Junnan, is there anything else you can't do? How can I feel that you can do anything?" Fu Shuyi did not mean to praise himself.

Fu Chenxuan's face was a little dark, and she was given a chopstick dish, "You can't stop your mouth from eating."

Fu Shuyi grunted and ignored him, "Sister Guoguo, eat this, this is delicious."

Sitting on the other side of Guoguo is Pei Hao. Since eating, Guoguo has barely spoken. He has been burying his head in dinner. After hearing Fu Shuyi's words, he raised his head and glanced at Pei Hao with the afterglow of his eyes. Colleagues sitting on the other side of him speak.

He looked natural, and he didn't seem to see the sadness after the breakup, but Guoguo wasn't sure if he buried his emotions in his heart. After all, Pei Hao was always a person with no emotion.

She was thinking wildly, not even thinking about eating.

"Eat more dishes." Pei Hao suddenly said, although he was talking to others, but his attention was always on Guoguo. He said, and also gave Guoguo a chopsticks that she loved to eat.

Guoguo said thank you softly, just like a kid cheated and caught. His expression was very unnatural. Fortunately, everyone didn't notice her strangeness at this time, otherwise even if she didn't know what she was thinking, she could guess.

Pei Hao sighed in his heart, this silly girl, more and more distressed, just thought of something, still suppressed this distress, as if not seeing, continue to talk to other people.

After the meal, several men were responsible for washing dishes and collecting garbage on the floor.

A group of people roasted around the fire, and Fu Chenxuan took Bai Junnan to "talk about life and ideals".

At the edge of the mountain, Fu Chenxuan and Bai Junnan stood opposite each other. "Do you like my sister?" Fu Chenxuan opened the door.

Bai Junnan had a mild smile on his face, and did not answer his question positively, but just said, "The book art is cute and simple."

Fu Chenxuan stared at him with an unpredictable expression, "Jun Nan, you are my friend, I will say something straight, I don't want you to hit my sister's idea."

Although Bai Junnan is the only son of the Bai family, the Bai Group is a family business. The personnel relations in the family are very complicated. The family members are fighting in the dark. Bai Junnan has lived in such an environment since childhood. The city is extremely deep. But he is definitely not a simple character, or else he would come out to open a barbecue restaurant by himself, and no one would dare to shake his position in Bai's.

Fu Shuyi has been spoiled from an early age to a big one. Although he is very clever, he is not deeply involved in the world. He is definitely not an opponent of the old fox like Bai Junnan. If Bai Junnan is really serious, Fu Shuyi will definitely fall into his gentle trap.

Let's not talk about whether Bai Junnan is sincere about Fu Shuyi. The environment like Bai's is not suitable for Fu Shuyi. He only hopes that his sister can find a man who loves her and cares for her. In the family's internal fighting, the life of intrigue is not suitable for her.

"Chen Xuan, have you misunderstood anything? The book art is really cute, and I like her very much, but this kind of like is no different from you."

Fu Chenxuan stared at his eyes, Bai Junnan looked back calmly, Fu Chenxuan withdrew his eyes and shrugged, "This is the best. After all, you are too old to eat tender grass."

Bai Junnan's face cracked instantly and looked at Fu Chenxuan inexplicably, "You just said I'm old?"

"Book art is only twenty-one, you are twenty-five, not old yet?" Fu Chenxuan said of course.

Bai Junnan's face was slightly black, and he gritted his teeth and said, "If I remember correctly, would you be twenty-five?"

"Yeah, but I am the elder brother of Shuyi, naturally different."

Bai Junnan felt that his hands were itchy. This man went out for a few years. Why did he owe his mouth so much after returning?

He hooked Fu Chenxuan's neck, "I'll ask you to drink someday." Although he can't beat this kid, he can drink better than Fu Chenxuan. He must be drunk. Let him say that he is old, hey, he is not old. The man has thirty-one flowers, and he is at best a flower.

"Okay." Fu Chenxuan agreed readily, "but I want to drink your bottle of Martell."

Bai Junnan snorted softly, "You're welcome." But he agreed.

Fu Chenxuan lightly hooked his lips, very satisfied.

The two returned to the campfire, and everyone was listening to Li Meng telling a story. They didn't know what was told, and everyone laughed very happy.

"Brother, Brother Junnan, why did you go just now?" Fu Shuyi asked the two of them when they saw them coming back.

"Talk about something, what are you talking about, so happy."

"Li Meng is talking about your story of starting a business together in Y. I didn't expect you to have so many interesting stories."

Mainly Li Meng talked about, William was responsible for adding. William was a humorous gentleman, Li Meng was also able to talk, and a little bit of things was also full of fun in their mouths.

"Be careful not to catch a cold." Fu Chenxuan took off her coat and put it on Guoguo's body. She wore a shirt, which was fine during the day and would be cold at night.

"Thank Chen Xuan brother." Guo Guo thanked with a smile, wrapped the clothes tightly.

Seeing this scene, Lin Jing aside, his eyes dim, and his heart floated with a trace of loss. Pei Hao, who came out of the tent, glanced at the clothes in his hand, smiled gently, and put the clothes back.

"Let's play the truth and take a big risk." Fu Shuyi suggested.

It is still early for everyone to sleep, and everyone has no opinion.

Volume One Fan 2. Gu Qingzhu, where are you

Everyone was in a circle, and Fu Shuyi didn't know where to take a deck of cards and draw one from the inside, "Just use this, wait for me to close my eyes to beat, and when I stop, who is in the card? Who it is. Choose one for the truth and the big adventure."

Everyone had no opinion. The first one was Guoguo. Fu Shuyi glanced at Guoguo and his eyes turned, Fu Chenxuan knew she had another idea at first glance. She gave her a warning look and Fu Shuyi hummed

, Looking at Guoguo expectantly, "Sister Guoguo, do you choose the truth or the big adventure?"

Guoguo thought about it and chose a big adventure.

Fu Shuyi was a bit disappointed. She hoped Guoguo could choose the truth, so maybe it would be a confession, but what a pity. She glanced at Guoguo, her eyes full of hatred and iron, and Guoguo bowed her head slightly.

Fu Shuyi took the phone, "Let me see, what kind of punishment should you choose." Her eyes flashed like a little fox.

Bai Junnan just happened to sit opposite her, his eyes glanced at her body again and again, seeing her like a little fox, his eyes full of smiles.

"Yes, let's do this. Find a guy you think is the most handsome and give him a hug and say I like you so much."

After Fu Shuyi finished speaking, he blinked at Guoguo—Look, I'm good to you.

Guoguo's expression stiffened for a moment, but she returned to nature for a moment. Her eyes turned around the men present. Not to mention, the men who came here today are all pretty good. Just go out one by one, they are all worth it. Is a big handsome guy.

"Sister Guoguo, hurry up." Fu Shuyi urged, and after looking at Pei Hao's direction, this was a good opportunity. Whether it was a game or a sincere heart, it was also a confession.

Guoguo stood up, Fu Shuyi clenched her fists, more nervous than her, and people who didn't know thought she wanted to confess.

However, Guo Guo walked straight towards Fu Chenxuan, seeing that Fu Shuyi was anxious, hoping to walk over to pull her back immediately.

"Brother Chen Xuan, can I hug you?" Guo Guo looked at Fu Chen Xuan with a smile on his face. Fu Chen Xuan stood up and opened his arms to her. Guoguo embraced his waist, "I like you so much, Chen Xuan."

Lin Jing's face was pale, but it was hidden in the darkness, and no one noticed. Her hand was trembling gently, and her heart was slightly acid.

Fu Shuyi has been paying attention to Pei Hao's expression, but from beginning to end, his expression has been calm, even with a smile on the corner of his mouth.

Fu Shuyi felt that she couldn't see through Pei Hao. She didn't know what he was thinking. Although everyone knows that Guoguo and Fu Chenxuan are only brothers and sisters, you can see that the girl you like confesses to another boy, and even if it is a game, you should react, should you really feel

wrong? , Pei Hao actually doesn't like Guoguo at all?

Fu Shuyi's eyes were puzzled, and she looked back and forth between Pei Hao, Fu Chenxuan and Guo Guo.

Fu Chenxuan smiled slightly, raised his hand to touch Guoguo's hair, lowered his voice and said in her ear, "Don't be afraid, I'm here."

Guoguo's heart was slightly warm, and then he released Fu Chenxuan and walked back to his seat. Fu Shuyi looked at her with regret, wasting a good chance. But Guoguo just reached out and squeezed a hand on the back of her hand, instructing her not to fool around.

Fu Shuyi sighed, when these two people can come together, but don't worry about them, but she died in a hurry.

The game continues, it is still Fu Shuyi who beats, this time, it is Lin Jing who was drawn.

"Sister Lin Jing, do you choose the truth or a big adventure? Lin Jing glanced at Fu Chenxuan and chose the truth.

Fu Shuyi's eyes flickered and she smiled and asked, "Sister Lin Jing, when was your first kiss?"

As soon as the words fell, Fu Shuyi got a warning look from Fu Chenxuan. Fu Shuyi turned his head slightly, but Quan Dang did not see it.

Lin Jing pursed her lips, her face shone slightly in the light of the fire, and whispered, "I haven't had a boyfriend, my first kiss is still there." Her voice was very soft, only a few people close to hear. And it happened that Fu Chenxuan heard it.

Fu Shuyi didn't hear it clearly, but wanted to let her repeat it, but she saw that her brother was staring at her with cold eyes, and she was obviously a little angry, so she had to do it.

In the following few times, Lin Jing and Guo Guo had very good luck and were not drawn, and Fu Shuyi treated others lightly. Whether it was a truth or a big adventure, they were very restrained.

"We are playing the last two rounds, just go to sleep after playing well." Fu Chenxuan glanced at the time. It's almost ten o'clock.

The crowd nodded one after another.

This time it was Fu Chenxuan who was drawn. Before Fu Shuyi could speak, Fu Chenxuan directly chose the truth.

This is his own brother, so Fu Shuyi didn't dare to go too far, so he wanted to ask him a question

symbolically. But when she looked at Lin Jing with a nervous look, she suddenly changed her mind and looked at her brother with a smile.

When Fu Chenxuan saw her expression, she knew what bad idea the girl was thinking. It's just that his warning eyes are no longer lethal to Fu Shuyi.

"Brother, do you have any girls you like? Are the girls you like here today?" Fu Shuyi's gossip face.

Fu Chenxuan said lightly, "You are two problems."

"This is a question, multiple choice question, we will end soon. After playing so many rounds tonight without you, please cooperate with me, I think everyone should be curious about this question, right?" she said to everyone. Blinking, the people present nodded in great coordination.

Bai Junnan even said, "I have played for three rounds tonight, and you haven't played in one round. Now that the round is on, why do you have to cooperate."

But these words got a big eye from Fu Chenxuan.

Someone helped, and Fu Shuyi immediately became proud. He looked at his elder brother and waited for his answer.

Fu Chenxuan glanced helplessly at the two who feared that the world would not be messed up, pursed his lips, and said slowly, "Not there."

What he said is not, not not, it is equivalent to admitting that she has a favorite girl in disguise, but just not on the scene.

All the people present were smart people, naturally understanding his voiceover, Lin Jing's face instantly pale as paper. She stared blankly at the burning bonfire in front of her eyes, but only felt cold all over.

Before coming back, she thought that Fu Chenxuan might already have a girlfriend. But such thoughts just disappeared after turning around in my heart.

She suddenly remembered the simple words. She said that a man like Fu Chenxuan was either unemotional or lifelong. If he fell in love with others, then she would never have a chance to walk into his heart.

So, is she late after all?

Fu Shuyi also wanted to ask who the girl was? I just know that if I continue to ask, I will definitely be picked up by my brother.

Don't look at Fu Chenxuan who is very fond of her on weekdays.

Fu Shuyi remembered the picture he had been rectified by his elder brother and shook his body, forcibly suppressing the idea of continuing to question. Forget it, who cares what his elder brother likes? As long as this person is not Lin Jing.

The last round was drawn by William. Fu Shuyi just asked a question symbolically and ended the game. Everyone got up and returned to their own tent. William and Li Meng, Fu Chenxuan, Bai Junnan and Pei Hao.

Guoguo and Fu Shuyi advanced tents, while Lin Jing came in after almost half an hour. Her face was still bad when she came in. Guoguo glanced at her and asked with concern, "Miss Lin, are you feeling sick?"

Lin Jing shook his head slightly, "I'm fine, the mountain breeze is a little bit, it is estimated that it is a bit cold."

Guoguo took the cold medicine from the bag, "Miss Lin, if you feel uncomfortable, take two cold medicines, just in case."

"Thank you, but I don't need it. I just slept." Lin Jing finished and lay down in his own sleeping bag. He closed his eyes and refused to communicate.

Fu Shuyi secretly pulled Guoguo and gave him a wink. Guoguo just smiled, shook his head gently, and said silently, "Sleep."

Before the next day, Fu Shuyi was fine. When she got up, there was a slight noise outside the tent. She glanced at Lin Jing and Guo Guo, both of whom were still asleep. So he lightened his hands and feet and climbed out of the tent.

Outside the tent are Fu Chenxuan and Bai Junnan, "Brother Junnan, early."

Bai Junnan smiled warmly, "Early. Why don't you sleep a little longer?"

"I'm used to it. I don't have the habit of sleeping at home, and watching the sunrise, I don't have to watch it when I get up late."

Last night, they negotiated and went to watch the sunrise today.

"Shuyi, go wake them all up, or the sunrise will be too late to watch." Fu Chenxuan told his sister, Fu Shuyi nodded and called a tent. The crowd crawled out of the tent one after another.

Lin Jing's face has returned to normal, but it is more silent than yesterday. Fu Shuyi knew what was going on, but it didn't break. Everyone appreciated the sunrise and ate the prepared breakfast before they went down the mountain.

"Lin Jing, please take my car." Fu Chenxuan said to Lin Jing. When he came, Lin Jing came by taxi. Naturally, he could not get a taxi back here. Lin Jing did not refuse.

"Sister Guoguo, take Pei Haoge's car."

Fu Shuyi opened the door of the co-pilot and sat in, then said to Guoguo, and then directly pressed the car control lock.

Guoguo didn't expect that she would do this, and looked at her in amazement. This time, Fu Chenxuan unexpectedly did not oppose Fu Shuyi's approach.

Pei Hao naturally heard Fu Shuyi's words and took Guoguo's backpack and put it in the back seat. "Get in the car."

His expression was too natural. If she was squirming, she seemed to be unnatural, so Guoguo sat in calmly.

On the way back, Guoguo has been very silent. Pei Hao looked at her and smiled softly, "What's the matter with the little girl? I don't like to talk anymore when I see this time."

Guoguo was thinking about something. Suddenly he heard Pei Hao talking, and he was startled, looking back at him, "Brother Pei, what did you just say?"

As soon as Pei Hao turned her head, she met her bright and clear eyes and smiled slightly, "I said, you are such a noisy person on weekdays, how come you are so quiet this time?"

"No, am I the same as before?" Pei Hao smiled,

Guoguo hesitated for a few seconds and spoke softly, "Brother Pei, I heard that you broke up with your girlfriend, is it true?"

The smile on Pei Hao's face remains the same, "Well, it's true."

"Brother Pei, don't be sad, one day you will meet someone you like and like you." Guo Guo's face was sincere.

Pei Hao is funny, "Where do you see that I am sad?"

Guoguo was stunned and thought he was pretending to be strong, so he comforted him, "Brother Pei, don't be embarrassed, even if you are sad, I won't laugh at you, and my emotions stay in my heart for a long time, I will suffocate, You can vent it."

"Little girl thinks too much. I broke up with her peacefully, and I can't say anything sad or sad."

"Brother Pei, can I ask you a question?"

"You ask."

"Have you ever liked someone? That kind of love that you really like and want to spend a lifetime with."

Pei Hao glanced at her, puzzled, "Why suddenly ask this?"

"I was thinking, if you really like your ex-girlfriend, then even if you break up, you should be sad."

"Guoguo, not all feelings must start with love and end with marriage. Not all men and women who want to get married are deeply in love with each other."

This time it was puzzling, "Is it not because of love that I decide to get married? It is a painful thing to forcibly tie two people who do not love each other, is it too painful? Is there no love marriage?"

Pei Hao's eyes dimmed, his lips closed.

Guoguo waited for a long time, and did not wait for Pei Hao's answer. Some things seemed to be different from what she thought.

Pei Hao didn't explain to Guo Guo, some things could not be told to Tian yet.

At the door of the Han family, Guoguo directly opened the door and got out of the car. Without even saying a thank you, Pei Hao looked at her back funnyly, but the smile on his face gradually solidified, and finally turned into sadness.

When Lin Jing came home, he was simply sitting in front of the computer and saw her coming back, looking at her expectantly, "Quiet, how is it? Was it successful? Has Fu Chenxuan accepted your confession?"

Lin Jing shook his head, "I didn't confess to him."

Simple, "Why is this? Isn't it okay to take this opportunity to confess to him?"

"This time it wasn't just that I went camping with the two of him, there were several other friends who didn't find a chance, and..." She paused, her eyes sad, "Simple, I may have lost him ."

The simpler the more puzzled, "What is it that you two are not going to climb the mountain, what else has you lost him? Quietly, I can't understand what you are talking about?"

Lin Jing told what happened in the past two days. Simple, including what Fu Chenxuan said in the Truth or Dare.

"So, Fu Chenxuan already has someone he likes? But it's wrong. I haven't heard that he has a girlfriend. Quietly, have you made a mistake?"

"It's not wrong, Chen Xuan said personally."

"I think this matter may be false. After all, you are just playing games. Can the things you say in the game be taken seriously?" Simple, I don't care, because of Lin Jing's relationship, she has been following Fu Chenxuan for a long time, let alone women My friend, even my gossip girlfriend, doesn't even have one, and the people around him are clean. Apart from some rotten peach blossoms, there seems to be no other women. Such a person says that he already has someone he likes.

"Chen Xuan is not a person who would make jokes about this kind of thing. Simply, he should be someone he likes. I'm late."

"Quietly, don't be so frustrated first. I think it's better to ask this kind of thing. Maybe we made a mistake."

Lin Jing's eyes were red, "He said it in his own words, it wouldn't be wrong. Simply, if you didn't leave Beijing with my parents, would things be different?"

"Quietly, don't think so, this matter is not yet determined, you are here to scare yourself, otherwise, you ask him to have a meal someday, and ask the matter directly, and save yourself from messing around here. guess."

"What if he really has?"

Simple.

She looked at Lin Jing, "Jing Jing, if Fu Chenxuan really has someone he likes, what would you do?"

Lin Jing shook his head, "I don't know." After knowing that Fu Chenxuan has someone she likes, her mind has been messy.

Lin Jing's expression was very dazed. He simply looked at her and hesitated for a long time before he spoke slowly. "Quietly, although I don't want to say this, but we are friends. I still want to know what you think in your heart. For Fu Chenxuan."

Lin Jing shook his head, "Simple, I'm really chaotic. My brain is full of the girl Chen Xuan likes? What is the relationship between the two of them now?" Lin Jing was seeing Fu Chen Xuan's confrontation. At the time of Guo's intimate action, she thought Fu Chenxuan liked Guoguo, but when he said that he had someone he liked, but that person was not there, she knew that Guoguo was not her competitor. The unknown is the most terrible.

"Quietly, if, I mean if, if the girl that Fu Chenxuan likes appears and wants to be with him, what will you

do? Will you give up Fu Chenxuan?"

Lin Jing stunned and looked at the simple, stunned, "Give up?"

Simply nod, "Yeah, give up, will you?"

"Simple, I returned to Beijing for his sake."

Perhaps for Fu Chenxuan, she is just a childhood playmate, but for her, Fu Chenxuan is her obsession. It was the person she had been thinking about for more than 20 years in her heart. Perhaps that kind of feeling at the beginning was called friendship, but this kind of feeling had become the love before she realized it.

The simple is Lin Jing's obsession with Fu Chenxuan. But because of this, she was worried.

"Jing Jing, if Fu Chenxuan really likes other people and wants to be with that person, then you should give up. I don't want you to be injured." Neither do I want Lin Jing to become an unknown person because of a relationship people.

Simple is written, there are many female mates who lost their reason because of love in her pen, but who said that such a woman does not exist in real life?

"Simple, maybe we think too much?" Lin Jing said uncertainly, "Since they are not together now. Then maybe they have already broken up. If so, I still have hope, right?" Her eyes full of hopes and anxieties are like a panicked and helpless child after getting lost.

This is naturally the best. After all, if Fu Chenxuan is still single, then Lin Jing's pursuit of him is not to destroy the feelings of others. Simplicity is the most hated of the third person who is involved in the feelings of others, so she does not want her best friend to eventually become the kind of person she hates.

"Quietly, I think we still have to figure out whether Fu Chenxuan said it is true or false. If it is true, let's think about whether we should continue to persevere. Do you think it's okay?"

Lin Jing murmured, bowed his head, and said nothing for a long time. At this time, her cell phone rang, she glanced at the caller's number, her expression was a little nervous, picked up the cell phone and went to the balcony, and closed the balcony door.

A simple glance shows that this phone must be from Lin Jing's house.

It was Lin Jing's mother who called.

"Quietly, you have been in Beijing for three months. When are you going to come back?" As soon as the phone was connected, Lin Mu asked coldly.

Lin Jing stayed for a while and carefully spoke, "Mom, I have just been in Beijing for three months, and my work has just turned right. I can't go back temporarily."

"What should I do with your dad if you don't come back? Don't you just let us stay in the Northwest like this?"

"Mom, didn't we say it was good for me to give me a year?" She was about to come to Beijing at that time, and her parents opposed it. For this reason, she begged her mother for a year, and then she asked her mother for a year. One year later, She will go back to the northwest to accompany her parents. Lin Jing wanted to take advantage of this year's time to confess his intentions with Fu Chenxuan. If they could be together, it would be better.

"Lin Jing, I think you are deliberately hiding from me and your dad? Why? Now, I'm starting to look down on me and your dad who can't give you the life of a mistress?"

Lin Jing's face changed slightly, softening his tone, "Mom, I've never thought about it like this. You and Dad are my only relatives in this world. How could I betray you? It's just the northwest side, I'm not really Looking for a job, Jingcheng has more development opportunities, and I am still young, I want to try."

"You don't need to tell me these grandiose words, Lin Jing, I tell you, you have to support me with your dad in this life. If it were not for you, your brother would not die. You owe me a life."

Lin Jing's face instantly turned pale, his lips trembling slightly, and the hand holding the phone was pale.

When her brother suffered an accident and was run to death by a car, she played not far away when the car accident happened. Her mother thought she was not optimistic about her younger brother, which led to the death of the younger brother and blamed her death on her. Since then, her mother's temperament has changed drastically. Although she never beat her, she never gave her a smiley face. Over the years, her life has not been easy.

"I know." Lin Jing whispered, she didn't dare to speak against her mother, fearing to anger her, and let her hysterical.

She had seen such a mother, treated her as an enemy, humiliated her with the most vicious language in the world, and tortured her. If it was not her father who rushed home in time to reconcile from it, I am afraid she would also be driven crazy by her mother.

"In three months, I will give you three months, and you have to come back after three months, otherwise I will go to Beijing to find you." Lin said and hung up.

Lin Jing looked at the darkened screen, and the tears continued to fall in his eyes, and finally fell slowly.

"Fu Chenxuan, you help me, okay?" She looked at the dark night sky and murmured softly.

After returning from the camping, life was calm again, and Fu Chenxuan was still busy with the company's affairs.

However, Fu Shuyi often runs to the company, and then stays in Fu Chenxuan's office for a long time.

"You have been so busy recently, don't you have to take classes?" Fu Chenxuan looked at his sister who appeared in his office again, Wen Wen asked.

Fu Shuyi smiled and said, "Not busy, not busy at all, I have finished my homework. Brother, just tell me, who is your favorite?" She has been curious about this question for a long time, but her brother is Life and death do not want to say.

"It's just a game, do you really mean what I'm talking about?" Fu Chenxuan was a little helpless about her sister's attachment. It has been half a month since Fu Shuyi pestered him every day to ask this question.

"Cut, you'll get it by deceiving a three-year-old kid. Do you think I will believe it? Brother, I'm sure you must have a girl in your heart. It's not Sister Guoguo or Lin Jing. Just tell. I chant, who is she in the end?" Without an answer to this matter, her heart was like a cat scratching and feeling uncomfortable.

"Fu Shuyi, you are getting more and more gossip now. Are you planning to switch to a gossip reporter after graduation?"

"Brother, don't talk to me about it, I'm serious. If you don't tell me again, I will tell my mother, I think you will tell the truth to your mother."

"Fu Shuyi." Fu Chenxuan called her name, full of warnings.

Fu Shuyi rolled her eyes, "I know my name is Fu Shuyi, brother, if you don't tell me the answer today, I'll just sit here and don't go." She sat on the chair opposite Fu Chenxuan and looked at Closed his eyes.

"Book art, is this important?"

Fu Shuyi nodded, "Important, of course it is important. I'm not sure she is my future sister-in-law. I always want to know what kind of girl captures the heart of my excellent elder brother."

Fu Chenxuan, is he good? If he is really good, would that person leave without saying a word?

"Brother, what are you thinking about?" Fu Shuyi reached out and shook in front of Fu Chenxuan's eyes.

Fu Chenxuan looked back, his expression faint, "It's okay. If you like it, stay here, and I'll hold a meeting later."

"Brother, are you really reluctant to tell me about my future sister-in-law?" Fu Shuyi still did not give up.

"Fu Shuyi, if you are too busy, I can suggest to Mom to give you a few interest classes, flower arrangement, Go, calligraphy, whatever you want to learn."

Fu Shuyi's expression stiffened, and suddenly he said, "Brother, I'm wrong, I will leave now." She hates learning these things the most. When I was a child, I learned calligraphy. That was no way. After she finished her words, she stopped studying. As for Go, gardening and flower arranging, then she knows all the tricks. Fu Shuyi stood up, picked up his backpack and left.

"Wait." Fu Chenxuan stopped her, and Fu Shuyi turned her head, wondering, "Brother, what's the matter?"

Fu Chenxuan yelled, and said seriously, "Book Art, Bai Junnan is too old."

Fu Shuyi was stunned for a while, and when he realized what Fu Chenxuan said, he suddenly burst into tears and laughter, "Brother. Brother Junnan and I are just friends."

"That's the best, book art, you're still young. The most important task now is to learn. As for love, you can talk slowly. Girls. It's a good choice. Don't let men just coax away a few sweet words."

Fu Shuyi had a black line on his face, "Brother, how is your argument exactly the same as Dad?" His dad, since he was 15 years old, from time to time, whispered in her ear that there are few good men in the world, and can't easily believe the words of men.

"My dad and I were worried that you would be cheated. Now there are not many good men in this world." Fu Chenxuan's worry, her sister's temperament is simple, what if she was cheated.

"Hmm, I know, I know, brother, I'll go first." Fu Shuyi waved his hand and couldn't wait to leave Fu Chenxuan's office, as if someone was catching up behind.

Fu Chenxuan shook his head funny, and finally sent the girl away. He put down the pen in his hand and stared blankly at the computer screen.

It's been four years, and it's been four years since she left. During these four years, he has been looking for that person. I was also asking her news everywhere, but this person seemed to evaporate. There was no news. He was not even sure if she was still alive.

For a long time, Fu Chenxuan recovered and continued to work, at this time the expression on his face became more and more indifferent.

"Brother Chen Xuan, what's wrong with the book art? I left in a hurry, and I didn't say hello to her." Guo Guo walked in with two documents in his hand.

"This girl is too busy."

Guoguo laughed as soon as he heard this, "She hasn't given up yet, but seriously, Chen Xuan, I'm actually curious too. Or would you please satisfy my curiosity with Shuyi?"

Fu Chenxuan was helpless, "How can you be as nonsense as her? It's just a joke when playing games, don't take it seriously."

Guoguo shrugged, "Well, since you don't want to say, then I won't ask. Brother Chen Xuan, I will go with my dad to a banquet at night. Would you like to leave early?"

"Go, is the driver at home picking up?" Fu Chenxuan, who knows Guoguo Lu's insane nature, asked uncomfortably.

Guoguo nodded, not long after she left, Fu Chenxuan's cell phone rang, it was Lin Jing's phone.

"I want to invite you to dinner at night. Do you have time?"

Fu Chenxuan glanced at the time in the lower right corner of the computer screen and nodded, "Yes, where to eat?"

"Banxia Western Restaurant. It is a well-established restaurant, and it is said that it tastes good."

"Good." Fu Chenxuan knew that Pinxia Western Restaurant was because his mother Shen Qinglan liked it very much.

When he arrived at the door of the western restaurant, he just met Lin Jing.

"Fortunately, I'm not late." Lin Jing said with a smile.

"Not only did you not arrive late, you also arrived 15 minutes early." Fu Chenxuan smiled slightly. He is a person with a strong sense of time, and he doesn't like being late or other people.

Lin Jing obviously knew his habit, so she came out with him and she was never late.

"How do you remember meeting me for dinner today? Is there anything?" After ordering, Fu Chenxuan said warmly.

Lin Jing smiled, "I've been busy with the company recently, and I haven't been able to find time to contact you. Today, I just have time. When I think of it, I want to ask you to have a meal together."

"Are you adapted to your work in the new company?" Fu Chenxuan asked.

Lin Jing nodded, "It's good. The colleagues in the company are very kind to me and very accommodating. If I don't understand, they will all point me."

"That's good, if you don't understand anything, you can call me."

"Calculating, our two companies are competitors. If you call me this, you are not afraid that I will reveal your company's secret?"

Fu Chenxuan smiled, "Will you?"

Lin Jing chuckled, for the trust in his eyes, "No." If this person is you, I will not, she said silently in her heart.

"That's not enough. By the way, quietly, you have been back for so long, and you haven't heard you mention your uncle and aunt. I haven't seen you for so many years. Are they all right?"

Lin Jing's eyes flashed unnaturally and quickly, "It's good. My mother called me and mentioned you two days ago."

"I also miss Auntie. I will call her again next time. Remember to tell me how much I miss her."

"Okay, if my mother knew you still remembered her, she would be very happy."

"Uncle is working well now?"

"Smoothly, my dad is also very satisfied with the life now." Her father was far away because of her grandfather's corruption and bribery. Over the years, despite his dedicated work, he was very difficult to get promoted by his grandfather. Those who entered the army later than him and even did not perform as well as him have been promoted, but her father is still on the spot. If you change your mindset unbalanced, I'm afraid this family will be gone

Too.

After all, Fu Chenxuan was not in the army. After a few words of concern, he changed the subject.

After eating, Lin Jing wanted to go to the nearby street to eat and drink. Fu Chenxuan knew she had no friends in Beijing, but she refused.

"Quietly, I have to apologize to you for the last mountain climbing." Fu Chenxuan suddenly said, Lin Jing paused slightly and glanced at Fu Chenxuan, "Why should I apologize to me?"

"It was good to accompany you to climb the mountain, but it turned out that a group of people came." Fu Chenxuan actually noticed Lin Jing's alienation, but he didn't mention it because of the large number of people.

Lin Jing smiled and shook his head, "I don't mind, really. I just don't like talking to strangers."

"I remember you were a lively person when you were a kid." Fu Chenxuan said. Lin Jingzi really changed a lot.

Lin Jing smiled, "People will always change. And it has been more than 20 years. Can you grow up to have the same temperament as when you were a child? Even you have changed."

Fu Chenxuan thought about his growth trajectory and laughed, yeah, in fact, he also changed a lot.

"Speaking of my childhood, I still miss those experiences when I was a kid. I haven't come back for more than 20 years, and the city has changed dramatically. I almost didn't recognize it when I first came." Lin Jing said with emotion.

"Yeah, not to mention you for more than 20 years. When I went abroad to study abroad four years ago, it was not what it is now. The times have evolved too fast."

Lin Jing looked sideways at Fu Chenxuan's face, and there seemed to be no imperfections in this man.

She was fascinated by something, and Fu Chenxuan suddenly pulled her, "Be careful."

A car wiped Lin Jing's body and drove away. If Fu Chenxuan hadn't taken her a moment ago, she would be taken down by the car.

"Thank you."

Fu Chenxuan let go of her hand and spoke with a little reproach, "What do you think, how can you not concentrate on walking?"

Lin Jingqiao's face was blushing. She couldn't always say that she was fascinated by watching Fu Chenxuan and completely ignored the surrounding environment.

"Nothing, I thought of some past events, and I lost my mind for a while. Chen Xuan, I have something to tell you."

Fu Chenxuan looked down at her with a gentle look, "What do you say."

Lin Jing lowered her head slightly, she was covering her hair today, looking at it from the perspective of Fu Chenxuan, unable to see her expression clearly.

Lin Jing hesitated for a moment, it seemed that she did not know how to speak, and Fu Chenxuan did not urge her, "Chenxuan, what I want to tell you is me..." The words like you have not been exported, Fu Chenxuan suddenly ran away.

Fu Chenxuan crossed the crowd and suddenly pulled a girl by the arm.

"Gu Qingzhu." he shouted.

The girl turned her head and looked at Fu Chenxuan with a stunning expression, "Handsome, handsome, are you okay?"

Although the girl was beautiful, she was not the person he was looking for. Fu Chenxuan let go of her hand in disappointment. "Sorry, I got the wrong person." After that, he turned and left.

The girl looked at his back with regret.

Fu Chenxuan's eyes swept back and forth among the crowd, but did not see the familiar figure, is it really his illusion?

Gu Qingzhu, where are you?

"Chen Xuan, what's wrong with you?" Lin Jing ran up panting, and just before he said nothing, he ran anxiously.

Fu Chenxuan pursed his lips and shook his head, "It's okay, I thought I saw an acquaintance, but then I realized that I was wrong. Quietly, what did you want to say to me just now?"

Lin Jing looked at his eyes. After a while, he shook his head slightly, "It's okay. I just wanted to tell you that I might have to go home some time later. It's not too early today. I'm going to work tomorrow, so I will go back first. Now."

Fu Chenxuan's mind is another thing now, and she didn't notice her strangeness at the moment, "I will send you."

Volume One Fan II 9. Fu Chenxuan Drunk (One More)

Lin Jing didn't finish the rest after all.

On the way back, Lin Jing was looking at the scenery outside all the way, but there was no focal length in sight, and Fu Chenxuan thought of the figure he saw just now, and was not in a mood to chat, so the two were speechless all the way.

When approaching Lin Jing's house, Lin Jing suddenly whispered softly, "Chen Xuan, do you have someone you like?" As she exited, her hand holding the seat belt tightened slightly, and the tension was obvious.

Fu Chenxuan was driving, and she was stunned by what she said, "What?"

"Last time the real adventure, you said you have someone you like, is it true?" Lin Jing's palm was wet.

Fu Chenxuan laughed, why everyone is concerned about this, "just a game."

Lin Jing's heart suddenly fell to the ground, with a slight smile, "I guess so."

When the car stopped, Lin Jing thanked Fu Chenxuan, walked a few steps, and then turned back to him, "Chenxuan, if we have time, let's go to the movies together on the weekend."

The corners of her mouth were raised, and her eyes were bright.

Fu Chenxuan's eyes flashed slightly and he smiled, "I have something to do this weekend, I'm afraid it won't work."

Lin Jing was a little lost. "Then change the day and make an appointment. I'll go up first. Drive carefully."

Fu Chenxuan nodded and drove away. From the rearview mirror, Lin Jing was still standing, watching him leave.

Fu Chenxuan did not go home, but drove to the charm, he sat at the bar and drank, all over his body exuded the breath of strangers.

It didn't take long for a bottle of wine to bottom out, he shook his glass and said to the bartender, "One more bottle."

The bartender looked embarrassed, "Fu Shao, you drink a lot tonight."

Fu Chenxuan's expression was indifferent. "One more bottle." The tone had cooled down.

The bartender couldn't help him, so he took another bottle and then secretly called the manager while

he was not paying attention.

The manager's surname is Wu, and he is new here, but he also knows Shaodong, the bar of Fu Chenxuan.

Receiving a call from the bartender, he hurriedly came down from the office. Fu Chenxuan had already drunk the second bottle of wine by a third, but his eyes were still clear, obviously he was not drunk.

"Fu Shao." Manager Wu bent slightly.

Fu Chenxuan frowned, "Why are you here? I'm okay here, so go ahead first."

Manager Wu's eyes swept across the wine bottle in front of him, and he smiled slightly, "Fu Shao, drinking and hurting yourself."

Fu Chenxuan waved his hand, "I know, this wine won't drunk me."

Manager Wu saw him sober and organized, not really drunk, and was slightly relieved, "Fu Shao, I'm here tonight, you need to call me at any time."

Fu Chenxuan waved his hand and begged him to leave.

Manager Wu glanced at him uncomfortably, but Fu Chenxuan did not look at him, thought about it, and did not continue to persuade him. After all, Fu Chenxuan was an adult, and he was not required to remind him again and again.

Fu Chenxuan glanced at the men and women in the bar, his eyes blank.

—Fu Chenxuan, let's join the company when we graduate from the military school. If possible, I want to join you as a special force.

--it is good.

—What if I can't be a good soldier?

—I will accompany you, even if you are not a soldier, I will accompany you.

—Fu Chenxuan, I'm in love with you, do you want to be my boyfriend—Gu Qingzhu, I have been waiting for you for a long time.

—Fu Chenxuan, since holding my hand, you will love me forever, if you dare to like others, I will...

—How about you?

— I will cry for you.

Gu Qingzhu, if you don't come back, I don't like you anymore. When I fall in love with others, you can find a place to cry. I'm definitely not upset.

Fu Chenxuan's mouth was soft, and his eyes were cold, Gu Qingzhu, who gave you the right to come and want to go in my world?

"Handsome guy, do you want to have a drink together?" A glass of wine appeared in front of him, and Fu Chenxuan turned his head slightly, and saw a woman with thick makeup and gorgeous appearance beside him, with an ambiguous smile on her face, even if the smell of perfume on her body was even it can be smelled from a distance.

Fu Chenxuan Jianmei frowned, "Please leave."

The woman chuckled, "It's fate that the handsome guy meets, how sullen it is to drink alone, it's better to be together."

"I said, please leave." Fu Chenxuan's face was cold and his eyes were cold.

The woman was not afraid. She put her hand on his shoulder and leaned over half of her body. "You can't see that the handsome guy is still a pure lover. Presumably she hasn't tasted the taste of a woman." She sighed softly, blowing Fu Chenxuan's neck brought a itchy touch, and the softness on his chest rubbed his arm intentionally or unintentionally.

Fu Chenxuan's face was suddenly cold, and he lifted his hand away from the woman's hand, rudely, "roll."

The woman was stunned by Fu Chenxuan's movements, but she didn't expect her unsuccessful tricks to fail on this man. When she met Fu Chenxuan's cold eyes, the woman paused, and after all she said nothing, got up and left too.

Ear roots were quiet, Fu Chenxuan picked up the wine glass on the table and drank it. The spicy alcohol taste stimulated the throat. Perhaps it was because the drinking glass was not enough to drink freely. He directly picked up the bottle and started drinking. The bartender looked aside that was a trembling fear, afraid that Fu Chenxuan would poison the alcohol he was drinking, and looked at him from time to time.

When Shen Qinglan received a phone call from the bar manager, she was ready to fall asleep. When she learned that her son was drunk, she got up and dressed.

Seeing this, Fu Hengyi asked, "What's wrong?"

"I have something to go out, you go to bed first, come back later." Shen Qinglan didn't say that his son was drunk, he just made an excuse.

Fu Hengyi glanced at the time, it was already 11pm, "What do you do to go out so late? Do you want me to accompany you?"

"No, you continue to sleep, a little thing, I will come back as soon as I have finished."

"Since it's a small matter that can't be dealt with tomorrow?" Fu Hengyi couldn't rest assured that she would go out alone in the middle of the night and would get up with her.

Shen Qinglan stopped, "You go to bed first, I will come back soon. You go to add chaos, and if you want to go out, it is necessary to follow the guards around. I am not convenient to do things."

Fu Hengyi's eyes changed slightly, thinking that it was Eden who was in trouble, "Is it dangerous?"

Shen Qinglan smiled, "You think too much, there is no danger." After he finished, he left the room.

Fu Hengyi wanted to go with her, but as Shen Qinglan said, he is now accompanied by guards. Shen Qinglan is not convenient if she wants to do anything, and since she said there is no danger, it must be really okay. Son, so she was waiting for her at home with peace of mind.

When Shen Qinglan arrived at the bar, the bar was still very lively. Fu Chenxuan was lying on the bar and seemed to be asleep.

Manager Wu stood not far behind him to prevent others from disturbing him. Seeing Shen Qinglan is like seeing a savior, "Boss, you can come, Fu Shaohe..."

Shen Qinglan glanced at his son and waved his hand, "How much did he drink?"

Manager Wu extended three fingers, "Three bottles."

Shen Qinglan glanced at the empty wine bottle on the table, his eyes narrowed slightly, and he stepped forward to support his son.

"The boss is careful." Manager Wu shouted anxiously.

At the same time, Shen Qinglan's hand was already resting on his son's shoulders. Fu Chenxuan needed to hold her wrist hard, but Shen Qinglan's backhand suppressed his movements.

Fu Chenxuan also wanted to start, but his mother's face appeared in front of him, and Fu Chenxuan was slightly surprised, "Mom."

Shen Qinglan looked at him frowning, "Wake up?"

Fu Chenxuan shook his head and tried to see the person in front of him. It was indeed his mother. The

chaotic consciousness was awake. "Mom, why are you here?"

Shen Qinglan saw him wake up and let him go, "Since you wake up, follow me home." Her voice was cool.

Fu Chenxuan stood up obediently and followed behind her.

Shen Qinglan sent him directly to the apartment in the city center. Fu Chenxuan lay on the bed as soon as he entered the room. His head hurts, and he turned around.

Shen Qinglan gave him two sobering pills, which she had just bought at the pharmacy downstairs.

"Fu Chenxuan, take medicine."

Fu Chenxuan sat up obediently, opened his mouth obediently, Shen Qinglan stuffed the medicine into his mouth, and fed him a little water.

"Mom, I'm so uncomfortable." Fu Chenxuan suddenly hugged Shen Qinglan's waist and spoke in a low voice.

Such Fu Chenxuan was the same as when he was a child. He would hold her like this when he was sick when he was young, and said with soft waxy Tongyin, "Mom, I'm so uncomfortable."

Shen Qinglan's heart softened at once, and he reached out to touch his hair. His hair was very similar to Fu Hengyi's, and the hard one was a bit hard.

"What happened?" Shen Qinglan asked softly.

Fu Chenxuan was wronged, "Mom, she doesn't want me anymore, she's gone."

Shen Qinglan's eyes flashed slightly, his voice softer, "Who?"

"Gu Qingzhu."

Gu Qingzhu? Shen Qinglan heard the name from her son's mouth for the first time, but she seemed to have seen the name.

"An An, do you like Gu Qingzhu?"

Fu Chenxuan shook his head, "I don't like her, she left without a word. Why should I like her? Mom, I can't find her."

Shen Qinglan felt the wetness on the clothes and sighed deeply.

Never thought she could do anything with her son, and one day she would be troubled by love.

"Mom, I searched all the places I could find, but I didn't find her, mom, I miss her so much."

Shen Qinglan touched his son's head, "An An, don't be sad, mother will help you find it together." After Fu Chenxuan was ten years old, Shen Qinglan and Fu Hengyi adopted a stocking policy for this son, and his son's affairs were basically his own. She will give advice, but she won't help him make decisions or interfere in his affairs, but now looking at her son, Shen Qinglan still feels soft.

"Mom, do you say she is alive?"

"It must be alive."

Shen Qinglan didn't leave the apartment until Fu Chenxuan fell asleep. She didn't worry that he would be mad at midnight. Fu Chenxuan's wine was very good. Even if he was drunk, he just slept with his eyes closed.

Fu Hengyi had not slept when she returned home, leaning on the bedside to watch TV, obviously waiting for her to return.

"Why is there alcohol?" Fu Hengyi frowned.

"Don't people let you sleep first, why didn't you sleep?" Shen Qinglan shifted the topic.

"How can I sleep in peace without you coming back."

Shen Qinglan smiled, "I'll wash it and go to bed immediately."

Early the next morning, after getting up, Shen Qinglan went out for a morning run with Fu Hengyi as usual, and on the way back, Shen Qinglan appeared to inadvertently say, "How has Gu Qingzhu been?"

"Gu Qingzhu? Who?" Fu Hengyi looked at her suspiciously.

Shen Qinglan turned her head, just in front of Fu Hengyi's puzzled eyes, slightly stunned in her heart, did she remember it wrong?

Shaking his head, "Nothing."

Fu Hengyi didn't ask, and went home after changing clothes and eating breakfast.

Shen Qinglan asked Auntie to cook a little porridge and delivered it to Fu Chenxuan.

When she arrived, Fu Chenxuan seemed to have just woken up, wearing pajamas, with messy hair. Seeing her, she seemed a little surprised, "Mom, why are you here?"

"Did you forget everything last night?" Shen Qinglan raised an eyebrow.

Fu Chenxuan frowned and thought for a while. There were some vague fragments in his mind, knowing what he was doing, and a little uncomfortable expression, rubbing a hand of hair, "Mom, sorry." He really drank too much last night .

Shen Qinglan walked in and put the porridge down. "Hurry to wash and come over to drink porridge."

Fu Chenxuan nodded and walked into the room. When she changed clothes, Shen Qinglan poured the porridge into the bowl. She didn't mention the matter of last night, and Fu Chenxuan kept silent, drinking porridge quietly.

"Chen Xuan, remember to go home for dinner at night." Shen Qinglan saw that he had finished drinking all the porridge, and was ready to pack up and go home.

Fu Chenxuan nodded and sent his mother to the door, hesitantly asked, "Mom, didn't I say anything last night?" He can only think of some sporadic fragments, many of which can't be remembered.

Shen Qinglan raised her eyebrows, "What do you want to tell me?"

Fu Chenxuan shook his head, "No, I'm afraid I'm crazy about drinking."

"You slept at home last night." Shen Qinglan spoke lightly, seeing that he frowned unconsciously, and yelled, "If you still feel uncomfortable, rest at home for a day, you don't need to work so hard."

Fu Chenxuan nodded, "Thank you mom, I'll go to rest later."

Shen Qinglan gave a sigh and said nothing else. He already had an idea in his heart. There are certain things she can ask her son to make a decision without asking, but she must understand what happened.

After Shen Qinglan left, Fu Chenxuan did not go to rest, but flipped a number from the phone address book and dialed out, "It is me, Fu Chenxuan...I want to know where Gu Qingzhu is now...I Doubt that she has returned...you check, no matter how difficult it is to find her, the price is not a problem...I don't want to wait too long, a week, at most a week, I have to know the result."

Hanging up the phone, Fu Chenxuan stood staring at the balcony for a long, long time.

—Fu Chenxuan, you will stay with me forever, never leave me, right?

-Yes, as long as you don't leave me, I will not leave you.

—What if I disappeared one day?

-Digging three feet, I will find you too.

Volume One Fan II 10. News of Gu Qingzhu (second more)

Fu Chenxuan hung up the phone and hanged up all night. The headache seemed to burst. In this case, even if he went to work, the efficiency would not be high. Fu Chenxuan simply rested at home.

Buried himself in the quilt, he fell asleep in the middle of the bed. This sleep didn't wake up until two o'clock in the afternoon. After sleeping for a long time, his eyes were dumbfounded, and he lay in bed, staring blankly at the ceiling. Many pictures flashed in his mind, and gradually became blank.

He lay down for almost five minutes before he got up and went to the bathroom.

After taking a bath and changing clothes to go out, he agreed that Shen Qinglan would go home for dinner today. Speaking of which, he hasn't been home for half a month recently because he is busy with the company.

I saw a flower shop halfway along and stopped to buy a bunch of flowers.

As soon as I stepped into the house, I heard Fu Shuchen's voice in the living room. He frowned, and had been back from abroad for several months. Fu Shuchen hadn't returned from the military school. Calling him was basically turned off.

Fu Chenxuan walked into the living room, as expected, his brother was talking to his mother.

Fu Shuchen saw the person who came in and called out "Brother". Fu Chenxuan nodded, with a mild smile on his face, "Have a holiday?"

Fu Shuchen nodded, his eyes softened, but there was still no expression on his face, "rest at home for a few days."

Fu Chenxuan handed the flowers in his hand to Shen Qinglan, "Mom, do you like it?"

Shen Qinglan took it and smelled, "Well, I like it very much."

Fu Chenxuan sat down next to Shen Qinglan. It seems that today his mother told him to come back to dinner and knew that Fu Shuchen was back, "The book art hasn't finished class yet?"

"I have called her and said that it is important to have a class in the afternoon. You have to come back later. Are you feeling better?" Shen Qinglan also remembered the eldest son drunk.

Fu Chenxuan smiled slightly, "It's alright."

Fu Shuchen heard their conversation and looked at Shen Qinglan, "What's wrong with Brother?"

"Yesterday there was entertainment, he was drunk." Shen Qinglan made an excuse for his son, Fu Shuchen heard the words, oh, no longer asked.

In the evening, the family rarely gets together for a meal. The last time they had dinner together was the New Year.

After the meal, Fu Shuyi took Fu Shuchen away, and the twins had been in love since childhood. Before Fu Shuchen entered the military academy, they hardly ever separated. This time Fu Shuchen left for a few months. Fu Shuyi had a lot to say to him.

Shen Qinglan went out for a walk with Fu Hengyi, leaving Fu Chenxuan alone. He glanced at the empty living room, thought about it, called Bai Junnan, and then went out with the car key.

"Something you want to tell me?" Fu Hengyi looked at his wife sideways, his eyes soft.

Shen Qinglan smiled lightly, "Can't I just walk out with you and simply walk?"

Fu Hengyi took her hand and wrapped her hand in her palm. Shen Qinglan made a slight effort and did not break away. "Someone."

Fu Hengyi said frankly, "We are legal couples, not cheating."

Shen Qinglan glanced at him helplessly, "Are you not afraid of others seeing the joke?" They were all old and greasy, and they were very embarrassed by the juniors.

Fu Hengyi didn't realize this at all. "I think they will envy us."

Shen Qinglan said he couldn't, but the older this man was, the thicker his face was. She was ashamed.

After strolling around the compound of the military area, when the two returned home, the three children were not at home. Fu Hengyi expressed his satisfaction. "They still have eyesight." Since they had these three children, he and Shen Qing Lan's time alone is getting less and less. It's only a little better that the children have grown up in the past two years.

Shen Qinglan glanced at him angrily.

The two were sitting in the living room watching TV. It was a war movie from a long time ago. It was okay. On the TV, the male host was about to go to the battlefield and was saying goodbye to the female host. Shen Qinglan suddenly said, "Chen Xuan has a favorite girl Did you know?"

Fu Hengyi frowned slightly, "Oh? Who?"

"Gu Qingzhu."

"It's this name again."

"Have you heard this name?" Shen Qinglan looked at his profile.

Fu Hengyi glanced at her, "You just mentioned this name with me this morning, did you forget it?"

Shen Qinglan: ...Does this person really don't know or pretend not to know?

"Which child is Gu Qingzhu? Have you seen it? Are people reliable?" Fu Hengyi is very concerned about his son's lifelong events.

Shen Qinglan withdrew his gaze, "I don't know. I haven't seen this kid, I just heard the name from Chen Xuan's mouth. I thought you would know."

"How can I know that since childhood, this child will tell you anything." The three children in the family, except for the daughter Fu Shuyi who would whisper to him, the two sons were not close to him.

Shen Qinglan looked faint, "You really don't know?"

Fu Hengyi looked calm, "I should know? Why don't you ask him?"

"My son is older, and I won't tell me if I have something to do."

Fu Hengyi sneered, "None of her women can handle it, and deserves no girlfriend."

Shen Qinglan was annoyed and gave him a fierce look. "I'm going to sleep, you can see for yourself."

Fu Hengyi was a little inexplicable, so how annoyingly so angry that he saw that everyone was gone, he also stood up, but instead of going to the bedroom, he walked into the study.

Shen Qinglan did have an impression of the name Gu Qingzhu, but he couldn't remember where he had seen it. At this age, his memory is not good. I didn't know anything from Fu Hengyi, and I was a little unhappy, so I shut myself in the studio directly.

Fu Hengyi came out of the study and thought he was in the bedroom. No one was found in a circle. Finally, he found it in the studio.

"Not to go to bed, why are you still painting here?"

Shen Qinglan didn't even lift his head, "Go to sleep after finishing this picture, you go to sleep first."

Fu Hengyi glanced at the canvas. Wouldn't it be overnight if the painting was finished?

"Shen Qinglan, you are still in your twenties." Obviously disagree.

Shen Qinglan was originally angry, but when he drew, he was really inspired. Naturally, he was reluctant to put down the brush. "When I draw the outline, please go out and don't disturb me."

"how long it takes?"

"Two or three hours."

It's ten o'clock in the evening. "Draw it tomorrow, stay up all night and hurt yourself."

"Then half an hour, you go to see if the children are back." Shen Qinglan wanted to send Fu Hengyi away. In recent years, Fu Hengyi's time at home has gradually increased. I don't know if he wants to make up for when he was young. I really like to control her, from three meals a day to when to sleep.

Fu Hengyi did not leave, just stood at the door waiting for Shen Qinglan. For him, all three children have grown up and grown up, and his obligations to them have been fulfilled. His wife, Shen Qinglan, has been married for more than 20 years, but he has been with her. There are only a handful of them, so naturally it takes more time to accompany.

There was a pair of eyes staring behind, even if he didn't speak, Shen Qinglan didn't draw for long. After ten minutes, he dropped the paintbrush and looked helplessly at Fu Hengyi, "Go, sleep."

Before going to bed, I glanced at the three children's room and found that they were not there, and I didn't know where to go. Without calling them, she was not worried about their safety.

**

Fu Shuyi took Fu Shuchen out of the house, "Shen Chen, last time I found a very interesting bar, and shemales from country T, they look pretty. I will take you to see and see."

Fu Shuchen expressionless, "Sister, I am a military student now, you take me to clubbing, okay?"

Fu Shuyi smiled and said, "It's either for you to do something bad, or just to look at it. They look really punctual and prettier than women. You'll know if you've seen it."

Fu Shuchen looked at the face of Qingguoqingcheng in front of him, and some of them disagreed. Their family values are all high. Since he was a child, he has grown up. He has long been immune to those so-called beauties outside and has no interest at all. But seeing Fu Shuyi's enthusiasm, he didn't say anything.

"Why are you here, how come you come?" Fu Shuchen looked at the bar street in front of her. This is a famous chaotic place in Beijing. The public security is very bad. I don't understand how Fu Shuyi found it.

Fu Shuyi took his arm, "I was curious before, I have been with my classmates once, and rest assured, your sister has surveyed in the field, and the security here is not as chaotic as they said." At least the few times she came did not encounter chaos. thing.

Fu Shuyi familiarly took Fu Shuchen into a bar. Before entering, Fu Shuchen glanced at the sign at the door-the starting point.

The bar was very noisy. As soon as I entered, I smelled the smell of smoke mixed with various perfumes. Fu Shuchen frowned uncomfortably and took Fu Shuyi's arm. "Sister, let's go home." He didn't like such occasions .

"Everyone has come in, let's take a look first, hurry up." Fu Shuyi took him directly to the deck and ordered two cocktails.

Fu Shuchen sat down with a sullen face, Fu Shuyi looked at the direction of the stage happily, and introduced to him, "When it is nine o'clock, there will be a demon show, all beautiful, you will know by reading it ."

Fu Shuchen was expressionless, "You saw the shemale in Country T last month, there are more and more beautiful."

"That's not the same. It's not uncommon to see a shemale in Country T, but it's different in Beijing. I tell you, you will know it after you read it, and I'm sure you won't regret it."

"I don't want to watch at all. And if dad or elder brother knows you are here, neither of us can eat."

"Then don't tell them chant, this matter is only you and I know, you don't say I don't say, who will know." Fu Shuyi didn't care, his brother was too rigid, and she didn't understand anything at all, in fact, she was more Willing to come to such a place with Fu Chenxuan, who only worried that her brother would punish her, this brought Fu Shuchen.

It's 8:30 in the evening and half an hour before the start of the shemale show. Fu Shuyi left the place when she wanted to go to the bathroom. Fu Shuchen didn't want to drink. She got up and went to the bar to order a glass of water. When she came back, she saw a man walking towards them. The two of them put something in their drinks. His face was cold and frosty. He walked over quickly and grasped the man's hand. "What are you doing?"

The man saw that he was caught in front of him, the panic in his eyes flashed by, and soon returned to normal, "I didn't do anything, but you, why do you catch me?"

Fu Shuchen glanced at the cup and wondered what this person put inside, "What did you put inside?"

"I don't know what you're talking about. I just saw no one sitting here and wanted to sit here."

Oh, I don't lie, I don't have any drafts, and I don't have a brain, so such a lie can be said. Is he a fool or a fool?

When Fu Shuyi came back, he saw that Fu Shuchen had a dispute with others. He frowned and came over, "What's wrong?"

"He put the medicine in the cup, I saw it with my own eyes." Fu Shuchen said.

The smile on Fu Shuyi's face gradually disappeared. She looked coldly at the man in front of her. She looked more like Shen Qinglan. She looked at people with a certain degree of bluff. The man's heart trembles and his mouth stubbornly said, "You Which eye saw me taking the medicine?"

"I saw both eyes." Fu Shuchen said solemnly.

As soon as the man choked, Fu Shuyi suddenly smiled, "You said you didn't go down, it's very simple, if you drink this glass of wine, I believe you didn't go down, or else..." She squeezed her fist, small powder fist bone joint Crackling, the man swallowed unconsciously, glanced at the cocktail, and Fu Shuyi.

Fu Shuyi also took his fist and shook it in front of his eyes, "Don't underestimate my fist. Although it looks a little smaller, but I have a lot of strength. I hit it and let you make a ten days and a half month. Can it be done, do you want to try it?"

The man shook his head and shook his head vigorously. The smile on Fu Shuyi's face grew thicker and he glanced at the wine glass. "Then this wine..."

"I'll drink now." The man said quickly, and then picked up the glass and drank it.

Fu Shuchen let go of the man. The man ran away in a hurry. The two were not easy to mess with.

Fortunately, he put only ordinary drugs into the wine, just go back to sleep.

Fu Shuyi patted his hand, "Solved."

Fu Shuchen still frowned, "Let's go now." Here are mixed fish and dragons, who knows what kind of things will happen again.

Fu Shuyi sat down on the sofa and pulled Fu Shuchen down. "Whatever you go, the performance is about to start. Rest assured, there won't be so many people with short eyes." Today is also unlucky. She came before. I hadn't encountered such a thing in the past, but if she had come before, she wouldn't touch her cup after leaving, preferring to order another one.

Re-ordered a glass of wine and sat in a seat at ease to wait for the performance to begin. Fu Shuchen wanted to go away, but this is her own sister, she can't leave her alone, so she had to be patient and sit here, but In my heart, I was thinking about telling my elder brother Fu Chenxuan about it, lest she come

here alone. Although Fu Shuyi's force value is good, this kind of place is unpredictable, and she has a simple mind and not so many minds. If something happens, it will be too late.

Upstairs, a pair of eyes captured everything that had just happened. "Teach me the man who just left. This dirty method has brought me to my place." The woman spoke softly.

The man standing behind her was stunned. This kind of thing hadn't happened before, but the boss only secretly stopped it, and wouldn't take the lesson like this now, "Boss, this..."

The woman's face sank, and a coldness flashed in Dan Feng's eyes, "My words don't work?"

"No, I will go now." The man felt cold and left immediately.

This female boss appeared next to her brother three years ago. She didn't know where she came from. She was beautiful and smart. Everyone thought this was a sister-in-law, but it took a while to realize that they were not. Their relationship is more like a friend.

The eldest brother values her very much and trusts her. Many things are left to her. The brothers in the gang were very unconvinced at first, but soon they found out that they were wrong. This woman is not an ordinary woman. The fierce means made them all those who lick blood on the tip of the knife all year round.

The woman glanced downstairs again, retracted her gaze, and left the bar. She came over to see today. She didn't expect to see this scene.

Fu Shuchen suddenly looked up in the direction of the second floor. He had just noticed that someone was watching them.

"Shen Chen, what's wrong?" Fu Shuyi noticed his strangeness and looked at him, "What's wrong?"

Fu Shuchen shook his head, "It's okay." He should have felt wrong just now.

Fu Shuyi didn't take it seriously, her mind was quickly attracted to the performance, "Shen Chen, look, the performance starts to watch."

Fu Shuchen turned his head to the direction of the stage, but soon, there was a hint of blush floating on his face, and his hands consciously covered Fu Shuyi's eyes. His face gradually became irony, and Fu Shuyi pulled up and left, this time Fu Shuyi obediently followed behind him, said nothing, blushing pretty.

"Fu Shuyi, this is the shemale show you are talking about?" As soon as he walked out of the bar, Fu Shuchen said with a deep voice. If you look closely, you can see that his ears are red and red.

Fu Shuyi doesn't even think about it now. Where does she know how the shemale show tonight has

become such a large scale? Before, she used to just dance, she still feels spicy eyes.

"Tonight is definitely an accident." Fu Shuyi whispered, but apparently Fu Shuchen didn't believe her, "I'm going to tell Brother this."

"Don't, if brother knows, we two will have no good fruit to eat. Think about the black face of your brother, do you have the heart to be scolded?" Her pitiful look, "Shen Chen, My good Shuchen, I am your sister, you cannot treat me so cruelly."

Fu Shuchen was unmoved, "Humph."

Fu Shuyi gritted his teeth. "You watched the show with me tonight. If your elder brother knows it, you will definitely be punished first. Who told you not to hold me, think about the consequences."

Her words obviously struck Fu Shuchen's pain. Others were patriarchal, but his family was the opposite. His mother Shen Qinglan and her sister Fu Shuyi were the only women in Fu's family. They were always held by the three men in their palms. If the big brother knew that Fu Shuyi had come to such a place, he would not stop him, but he would also watch the performance together. He touched his arm subconsciously. Forget it, seeing how his sister knew she was also the first Watch it once.

In fact, Fu Shuyi accidentally took a look at it, but Fu Shuchen covered her eyes before seeing it clearly.

Seeing Fu Shuchen dismissed the idea of suing, Fu Shuyi took a light breath and secretly decided in his heart that he would never come to this bar again.

Because I decided to come to the bar today, Fu Shuyi didn't drive at the beginning. Now the two have to take a taxi back. Although there are many taxis in front of the bar, there are also many taxi riders. They waited a long time without getting a taxi.

"Shen Chen, let's go to the intersection ahead and take a taxi, fewer people."

Fu Shuchen had no opinion.

When two days passed by an alley, I suddenly heard the fighting in the alley, and Fu Shuyi stopped, "Shen Chen, do you hear, is anyone fighting?"

Fu Shuchen also heard it, but didn't take it seriously, "Go."

"Don't go check it out?"

"Curiosity kills the cat, let's go." Fu Shuchen was reluctant to join in this kind of excitement. Basically, the troubles in this kind of place are basically local rogue hooligans.

"In case someone is bullying others, we as soldiers of the people should always help." Fu Shuyi was a

little uneasy. She did not see some people in the news who bullied others in partnership. Just give it a hand if you encounter it.

Fu Shuchen still wanted to say it again, but he hadn't spoken yet, and the alley was gone
