### 61 Chapter 61 (Thanks)

Knowing that Fu Hengyi woke up, Mu Liancheng and others swarmed in. Seeing this, Shen Qinglan quietly withdrew from the ward, leaving space for them.

"Captain, I'm sorry, this is my fault." The monkey lowered his head and apologized.

The gentle look on Fu Hengyi's face has long since disappeared, replaced by the seriousness of the past, "What's wrong?"

"There is no reconnaissance to clarify the enemy situation and put teammates in danger."

Fu Hengyi looked at him calmly, "Since I knew I was wrong, do I know what to do?"

Monkey: "Yes, I will report to my superiors when I go back."

This time it was indeed his fault. If there was a mistake, he should be punished. He had no complaints and no regrets.

"Captain, you can't blame the monkeys on this matter," Muliancheng asked pleadingly. "It's my own care that I told them. I'm also responsible for this matter."

"No, Brother Mu, this matter has nothing to do with you." Monkey said anxiously.

Fu Hengyi looked at the two people who scrambled to take responsibility, and spoke quietly for a long time before speaking quietly. "I have made this decision myself. Now that the task has been completed, you should not delay too long here. Hurry back to the base. Next I'm afraid I'm on vacation for a while, and Liancheng is solely responsible for the team's affairs, especially the selection of recruits. You can decide at your own discretion without asking my opinion."

"Yes."

Fu Hengyi gave some opinions on the training and selection of recruits, and then let the gang leave.

Mulian City walked at the end, and refused to walk away.

"What else?"

"Captain, is that really your wife?" Mulian Cheng still couldn't help but wonder.

Who is that is self-evident.

Fu Hengyi glanced at him lightly, "Could it be yours?"

Mu Liancheng stiffened, "That captain, the younger sister-in-law is very beautiful, you are blessed." Feeling the coolness radiating from Fu Hengyi, Mu Liancheng said and slipped out of the ward.

It's just that the doubts are even worse. Looking at the captain, he really can't see his attitude towards the younger sister-in-law. So, what are these two people getting married for?

When Shen Qinglan came back, they had already left Mu Liancheng. There was only Fu Hengyi in the ward. He seemed to be on the phone, his face pale, but his voice was still clanging. When she saw her coming in, she quickly received the phone.

"I bought you a little porridge, drink it now?" Shen Qinglan picked up the bag in his hand and asked Fu Hengyi.

Fu Hengyi nodded, he was indeed hungry.

"Have you eaten it yourself?" Fu Hengyi asked.

"Already eaten, I also bought you two clothes for changing."

She went out just now to buy the laundry for the two of them. She hurried out and did not bring any laundry at all. She kept Fu Hengyi one day and one night without taking a shower. Even if she had no cleanliness, Shen Qinglan couldn't stand it.

Considering that Fu Hengyi had just completed the operation, Shen Qinglan bought pork liver porridge. I don't know where she bought it. The taste of the porridge was very good. Fu Hengyi drank two bowls at a stretch.

Watching Fu Hengyi drank porridge, Shen Qinglan walked into the bathroom with a change of laundry. This is a senior ward with a shower in the bathroom.

By the time she came out, Shen Qinglan had recovered and she was refreshed. She had just washed her

hair, and her hair was still dripping.

"Why don't you dry your hair?" Fu Hengyi frowned.

Shen Qinglan held a towel in his hand and wiped his hair indiscriminately. Fu Hengyi looked speechless and wanted to reach out to help, but he forgot that he was still injured. This movement directly pulled the wound and his face changed slightly.

Shen Qinglan hurried over to check his wounds and found that no blood had oozed out, he was slightly relieved, "lie down, don't move. I have discussed with my grandpa, and after two days, your wound will be better, just Transfer back to Beijing."

Fu Hengyi had no opinion and nodded to know.

I didn't know what to think of, and suddenly smiled, Shen Qinglan smiled inexplicably.

"I was still sorry that I often left home shortly after I got married. I didn't have time to stay with you. It was a good thing to be injured this time. I can stay with you at home for a while."

Shen Qinglan: ...

Why doesn't it sound like this man is injured, but like he is on vacation.

In order to prevent Fu Hengyi from unrest, Shen Qinglan dried his hair by himself.

"Come and talk with me." Fu Hengyi had just been in a coma for a long time. Now he can't sleep, he is recovering from injury. Is there anything else he can do, so he beckoned to Shen Qinglan sitting on the sofa, and Shen Qinglan walked to him By the bed, took a chair and sat down.

"What are you talking about?" Shen Qinglan asked him.

Fu Hengyi had a meal, in fact, he did not know, just wanted to chat with her.

"What are you doing at home these days?" Fu Hengyi looked up.

Shen Qinglan looked at him quietly and did not speak.

During these days, he will call her every night and talk to her, what is she doing, he will not know?

Fu Hengyi obviously realized this, but without any embarrassment, she took her hand and wrapped her hand in her palm. "Just want to know more about you."

"Before receiving the call, I was having dinner with my grandfather, who had planned to accompany Xiao Xuan in the semi-finals of the sea election, and now she can only let her participate."

Shen Qinglan spoke, and did not withdraw his hand, let him hold it, although she was not used to it.

Yu Xiaoxuan participated in the selection of Han Yi's actors. Fu Hengyi heard Shen Qinglan said, "Have you thought about what to do after graduation?"

Shen Qinglan was stunned. She hadn't actually thought about this issue yet.

As soon as Fu Hengyi looked at her expression, she guessed. She looked at her speechlessly, and suddenly remembered her good skill, "Your skill is taught by grandpa?"

The topic changed a little bit faster. Shen Qinglan's eyes flickered and nodded. "Well, Grandpa said that girls should know a little bit about self-defense."

"Grandpa is thinking right." Fu Hengyi agreed. "Have you considered military development?" His topic changed again.

The Shen family is a military and political family. If Shen Qinglan is willing, with the Shen family's connections, her road in the army will be smooth sailing, not to mention, she still has him.

Shen Qinglan shook his head and said, "I will not enter the army."

She refused too simply, but instead let Fu Hengyi stunned and asked subconsciously, "Why?"

Shen Qinglan glanced over him and cast out the window with a faint look, "Because he didn't want to."

At this moment, she suddenly exuded a cold atmosphere that was completely different from the previous one. Although she passed away in a flash, Fu Hengyi was sure that it was definitely not his illusion. She was repelling the troops.

"You don't like troops." Fu Hengyi looked into his eyes.

"No, it's just that I can't eat this bitterness." Shen Qinglan said frankly, but Fu Hengyi saw her perfunctory, knowing that she didn't want to say more, and Fu Hengyi no longer asked.

## **62 Chapter 62**

Shen Qinglan was born in the compound. When she was born, Fu Hengyi even hugged her.

Fu Hengyi vaguely remembered that Shen Qinglan was a very lively and lovely girl when she was a child. She loved to laugh and loved to run behind them. She was a little squeamish, and she would cry when she fell down. Yes, but as long as he hugs her, she will stop, and then wipe all her nose and tears on his clothes. For this matter, Shen Junyu did not eat his sister's vinegar less.

I just didn't expect to see Shen Qinglan again. Time has passed for 16 years. At that time, the crying little cat has grown into a slim big girl, and even became his wife.

From the moment Fu Hengyi saw Shen Qinglan at the first sight, she knew there must be a story about the girl's past. Although her eyes were always cold, the unknown buried deep in the cold made Fu Hengyi feel distressed.

There was a stunned silence in the ward.

"Come up." Fu Hengyi said slowly.

Shen Qinglan looked at him suspiciously.

Fu Hengyi moved to the side and patted the half of the empty bed, "Come up and sleep for a while."

Shen Qinglan glanced at him, took off his shoes silently and went to bed, lying down beside him.

The bed was very small, even though Shen Qinglan was thin, and after lying down, the bed seemed very crowded. Fu Hengyi reached out and took her into his arms, and there was no gap between them.

Shen Qinglan took a break and pulled a little distance away from him to avoid touching his wounds.

"Sleep at ease, I'm fine."

Fu Hengyi's low magnetic voice rang in her ears, because she was close and warm breath sprayed on Shen Qinglan's auricles, making her feel a little itchy.

Fu Hengyi embraced her, no other action, smelling the smell of Fu Hengyi's body of medicine and disinfectant, Shen Qinglan gradually closed his eyes.

She slept peacefully and breathed evenly.

Fu Hengyi looked at her quiet sleeping face quietly. When she was sleeping, she was very good and did not move. Fu Hengyi did not dare to move, fearing that she would wake her up.

She was very alert when she went to sleep, and she would wake up as soon as there was a little movement, which he knew from the last time he came home and was attacked.

Such vigilance did not develop overnight. Obviously, she had lived in anxiety and fear for a long time before she could practice such vigilance beyond ordinary people.

Fu Hengyi was a little curious, curious about her past life, he wanted to know everything about her past, but he didn't want to force her, he wanted her to tell him willingly.

Looking at her quiet sleeping face, Fu Hengyi's eyelids, which had no sleepiness, gradually became heavy, and she soon fell asleep.

During this sleep, Shen Qinglan slept directly into the next morning, and even when the medical staff came in twice, she did not wake up. Perhaps it was because Fu Hengyi's arms were too relieved to make her less alert.

Of course, the medical staff only appeared at the door of the ward, Fu Hengyi woke up, motioned them to go out, and then went to sleep.

When Shen Qinglan woke up, the sky was already bright. When she opened her eyes, her eyes were dizzy, and she looked so cute that Fu Hengyi's eyes raised a smile.

It was only soon that Shen Qinglan's eyes returned to Qingming, and Fu Hengyi had some regrets.

Fu Hengyi was seriously injured this time, but fortunately his health was good. After his condition stabilized, he was transferred to the military hospital in Beijing accompanied by an expert team.

Fu Hengyi was sent back by special plane. Shen Qinglan came back with him. As soon as he settled down, Mr. Fu killed the hospital.

"What about Fu Hengyi's stink boy?"

In the ward, Shen Qinglan heard Master Fu's breathless voice, and Fu Hengyi apparently heard it, too, but he was helpless.

Grandpa Fu quickly appeared in the ward. He glanced up and down Fu Hengyi for the first time. Seeing him was quite good, he let out a slight sigh of relief, "It seems that he can't die."

Shen Qinglan: ...

Fu Hengyi: ...

Medical staff present: ...

Then, Mr. Fu turned around Shen Qinglan again, shook his head, and shook Shen Qinglan inexplicably.

"grandfather?"

I saw Master Fu saddening, "Girl, why are you thin again, old man, I finally got a bit of meat back from you, so tossed by Fu Hengyi, all gone."

Shen Qinglan: ...

Fu Hengyi: ...

Medical staff present: ...

Shen Qinglan looked at Fu Hengyi, aren't you biological?

Fu Hengyi blinked, I was holding you, you were the one.

The medical staff explained Fu Hengyi's condition and recovery condition to Master Fu in detail. After learning that the recovery was good, Master Fu was completely relieved, and regardless of Fu Hengyi's expression of protest, he pulled Shen Qinglan back home and gave her a beautiful name to make up for her. body.

"Grandpa, why are you so worried that he doesn't say it?" Shen Qinglan said in the car.

Grandpa Fu retired from the joke at this moment, with a serious look on his face, and sighed deeply when he heard Shen Qinglan's words, "I knew that there would be such a day from knowing that he chose this path. Hengyi's father was originally because of the task At the time of sacrifice, Hengyi said he wanted to be a soldier. Actually, I disagreed. I have lost my son and I don't want to lose my grandson anymore. But Hengyi's idea is right. In fact, I was terrified when I was on a mission, and I was afraid of giving white hair to black hair again."

"When Hengyi was injured on the first mission nine years ago, he was as old as you. He almost disappeared that time, and finally survived. At that time, I did not persuade him, but Hengyi followed I said that my father and I were both his pride, he could not insult the surname Fu.

At that time I wanted to understand, since this is his own choice, what can I do if I am a grandfather except for support?It's just hard for you, girl.Old man, I suddenly regretted bringing you two together. I didn't know how to do it, right?"

Shen Qinglan's lips twitched, "Grandpa, marrying him is my own choice. Even if one day he sacrificed in the task, I will not regret today's choice. And, I believe him, he is a responsible person People, he knows

that we are waiting for him at home and he will not put himself in danger. This time, it was an accident."

Old Master Fu looked at Shen Qinglan for a while, and sighed deeply for a long time. Suddenly, he was a little lucky. Fu Hengyi married Shen Qinglan.

In fact, Mr. Fu is worried about Shen Qinglan's thoughts about Fu Hengyi because of his injury this time. Now when I hear her say this, Mr. Fu is relieved.

And Shen Qinglan didn't understand the reason why Master Fu pulled her out? Not necessarily, it was just that Fu Hengyi chose her. At the beginning, she offered to marry Fu Hengyi. As long as Fu Hengyi did not betray her in the future, she would never leave him. It had nothing to do with love.

The news that Fu Hengyi was injured and hospitalized was known to Han Yi somehow. Early in the morning, Han Yi appeared with a basket of fruit in the ward.

"Oh, Grandpa, I haven't seen you for a few days. Why did you come to the hospital?" Han Yi smiled and smiled. It didn't look like he was visiting the doctor. He seemed to be gloating.

Fu Hengyi didn't even give him one.

Han Yi discussed it with no interest, and touched his nose pretentingly. He looked around and did not see Shen Qinglan.

"Huh, what about your cold daughter-in-law?"

"I went to school to hand in my paper." Fu Hengyi said lightly.

Han Yi, Taohua suddenly gleamed with golden light in his eyes, approaching Fu Hengyi, "Hey, I said, have you been a ten-year-old virgin?"

Fu Hengyi glanced at him and said nothing.

Han Yi exaggeratedly exclaimed, "No, have you been married for so long, and you haven't started yet?" Then, she glanced at Fu Hengyi's lower body with a bad look and a serious expression.

"Brother, do you have any hidden diseases that you can't talk about? If it's true, you mustn't shy away from doctors. Although I don't know doctors in this area, I can ask a friend to find one for us. ."

He said a serious one, people who don't know think Fu Hengyi really can't do that.

Fu Hengyi's face was very dark and cold.

Han Yi has long been accustomed to Fu Hengyi's cold face, and he doesn't care at all. His eyes glance between Fu Hengyi's legs from time to time, and the bottom of his eyes is a meaningful smile.

Fu Hengyi's face could already match the color of the bottom of the pot. His eyes fell on Han Yi like a knife, and he didn't speak, so he looked at him coldly, and Han Yi finally reacted, making a joke. This great god is offended.

"That, Heng Yi, I just made a joke, a joke."

Fu Hengyi retracted his gaze coldly, "If it's okay, you can go."

"Don't, I came to visit you specifically." Han Yi said, taking an apple from the fruit basket and taking a bite, "Do you know that your little wife's friend participated in our company's sea election? ?"

"How is the result?"

Han Yi remembered the little girl with baby fat on her face and couldn't help squinting the peach blossom eyes. "The first two rounds have passed, but this girl is too simple. It was designed in the third round of the rematch."

"Brushed?" Fu Hengyi asked, his tone was casual. If he was not Shen Qinglan's friend, he would not even ask.

"How could it be that the younger sister-in-law personally called to look after the person who had taken care of her, even if she was not strong enough, I would leave her behind, and I had to give the younger sister-in-law a face."

"Did she say that?" Fu Hengyi looked at him suspiciously, doubting the authenticity of his words, which is really not like what Shen Qinglan would say.

Han Yi touched his nose, "That's not there, the younger sister-in-law just asked me for a place to participate, and said that the rest depended on the girl herself, but I thought the younger sister-in-law would have a hard time, and the girl was pretty good. It's a bit plastic, so I wanted to give her a chance."

"When are you the CEO of a listed company, when do you care so much about the newcomers of an entertainment company? Is it possible that you are also in love with the little girl?" The tone mocked.

"I go, I care so much about who she is for." Han Yi fried hair, "And what I like is my protruding back and back, especially the kind of bean sprouts that do not have half of the meat on her chest. Go on."

"Not the best, Han Yi, you never like to play, but I don't want you to move your mind to her friends."

Han Yi heard the words and said with a loud voice, "I took care of it so quickly, this man, it is the master who can insert a brother and a knife for a woman. I didn't know who it was at first, and vowed to tell me that he was someone else's sister and turned his eyes. , My sister becomes a wife."

"Since it's so busy, help me do something." Fu Fu Hengyi said coldly.

Han Yi said subconsciously: "What's the matter?"

"Transfer my shares in Shengxuan and Charm to Qinglan."

Han Yi was completely stunned this time, "Are you serious?"

"Do I seem to be joking with you?" Fu Hengyi looked serious.

Han Yi shook his head, "It's not like you, it's more like a wife-in-law. But does sister-in-law know that you have a stake in Shengxuan and Meixue?"

"I'll know right away. And I'm a soldier after all. It's good for anyone to transfer the shares to her."

Han Yi nodded and said he understood.

"That line, another day I will ask the lawyer to draft the documents and transfer the shares to the sister-in-law. But I recently heard of a thing related to the sister-in-law. Are you interested in understanding it." Han Yi remembered one day The gossip that I overheard looked at Fu Hengyi and smiled strangely.

"Say."

"Just the sister-in-law's school has a rich and handsome student who is pursuing the younger sister-in-law. The whole school knows about it. The school forum exploded, and I deliberately helped you to investigate. This guy is from the Yancheng family in Nancheng. ."

Fu Hengyi's face fell, "How do you know about this?"

Han Yi was stunned and touched his nose awkwardly, "Well, you don't need to know, as long as you know there is such a thing." He can't always say that the girlfriend he made some time ago is Jingcheng B Big, he went to school to pick up what his girlfriend heard.

"According to the appearance of the younger sister-in-law, it is not uncommon for her to have several suitors. If not, it would be strange. But, Hengyi, you don't worry, she was chased away?"

"She won't." Fu Hengyi said affirmatively.

"You are confident. Although I admit that you look good and your family background is good, but you are busy and often not at home, and other people have small fresh meat, their family background is not worse than you, people are also good-looking, the most important thing is, They are young and have a lot of time to accompany her. Are you really not worried about their long life?"

"I believe her." If he could be chased away by others so easily, it would not be his turn to marry her. Moreover, Shen Qinglan has a mature mind, far exceeding that of her peers. Similarly, she can't look down on the so-called small fresh meat. This is self-confidence. Fu Hengyi still has it.

"Come on, if you say that, I'll worry about it." Han Yi nibbled at Apple and said very casually. In fact, he said it casually. He still believed in Shen Qinglan's character.

Han Yi was called away by a phone without staying here long. Looking at his spring breeze, it was obvious that the lady had an appointment.

Quietness returned to the ward. Fu Hengyi looked out the window, thinking about what Han Yi said.

Shen Qinglan's suitor? Ha ha, let's kill one, two, and cut a pair.

## **64 Chapter 64: Designed**

Shen Qinglan went to school to hand in his paper today, on the one hand, and because of Yu Xiaoxuan on the other.

Last night, Yu Xiaoxuan called to tell her that her voice was dumb, and it was estimated that she would be eliminated in the third round. Shen Qinglan comforted her on the phone for a long time, but she was

not a person who would comfort people, and the effect was naturally not very good.

Although in the end Yu Xiaoxuan said he was fine, Shen Qinglan decided to take a look.

Yu Xiaoxuan cried for a long time on the phone yesterday and her eyes were red and swollen. In order not to worry about her parents, she did not go home. When Shen Qinglan went, she was still lying in the bed.

Yu Xiaoxuan was the only person in the dormitory. Fang Tong and Wu Qian didn't know where to go.

"Xiao Xuan." Shen Qinglan stood by the bed and tapped the edge of the bed gently.

Yu Xiaoxuan moved in the bed. She almost didn't sleep all night. When she was almost dawn, she fell asleep in a drowsy past. Now she is falling asleep.

Shen Qinglan shouted again, "I brought you your favorite chocolate, do you want to eat it?"

Yu Xiaoxuan got out of the bed with his head, "Don't eat." His voice was hoarse and weak.

She squinted and sat up from the bed, "Qinglan, you are here."

"Well," Shen Qinglan glanced at her complexion, which was not very good, but her emotions were fairly stable, and she was slightly relieved. "First come down to wash and wait for you to eat later."

Yu Xiaoxuan wood nodded mechanically, climbed off the bed and walked into the bathroom.

Shen Qinglan was sitting on the chair and waiting, her eyes were heavy. When Yu Xiaoxuan called her last night, she only said that she was designed, and three rounds were about to be brushed, but she didn't say what happened, just Crying.

Yu Xiaoxuan came out, and her eyes had swollen into a walnut. She lay on the table and did not speak.

"Tell me, what the hell happened?" Shen Qinglan was going to accompany Yu Xiaoxuan, but Fu Hengyi

was hospitalized and needed someone to take care of her. , Who knew that this kind of thing would happen.

Originally according to the process of Shengxuan, except for the few protagonists who have finals, supporting actors like Yu Xiaoxuan, as long as they have passed the three rounds of re-examination, they can go to the audition, and the audition can be passed.

When Yu Xiaoxuan heard Shen Qinglan's words, his eyes were red again.

"Do not cry." Shen Qinglan said coldly.

Yu Xiaoxuan was stunned by her, tears suffocated, and said in a dumb voice: "I was preparing to sing in the third round, but before the game I was very nervous and a little thirsty, I drank a glass of water. I didn't feel uncomfortable, but when it was my turn, I found my voice dumb, and then..."

Shen Qinglan heard a word, a trace of contemplation on her face. Obviously, the problem was with that glass of water, but Yu Xiaoxuan was only going to run for the role of a little girl. Who would strike her?

"Did you offend anyone recently?" Shen Qinglan asked.

Yu Xiaoxuan looked blank, "No, I never take the initiative to provoke others, how can I offend others?"

Shen Xiaolan, Yu Xiaoxuan's temperament, naturally understands. Just asking that just now is just to clarify the direction.

"Did you drink water from your own glass or someone else gave it to you?"

Yu Xiaoxuan: "It's my own drinking glass, and there is a fat sea my mother soaked in me."

Shen Qinglan had a guess in his mind, "How many people like you want to compete for this little girl character?"

Yu Xiaoxuan pondered, "There are five, besides me." Yu Xiaoxuan responded when saying this, "Qinglan, do you suspect that someone has moved my cup?"

Shen Qinglan nodded, "Your temperament is not easy to offend people, the biggest possibility is competition for interests."

"But why, it's just a small role, and not the starring role, why should you play such a ruthless hand?" Yu Xiaoxuan's life environment is simple, she never thought that someone would harm others for such a little benefit.

"You think it's a small role, but it doesn't seem to some people. At first, did you think this was a good opportunity, if you can successfully play the role in the play, then you can sign a contract with Sheng

Xuan, the role Not important, but Sheng Xuan's contract is important."

Yu Xiaoxuan was silent, yeah, didn't she actually come to Sheng Xuan's contract?

"But who hurts me?"

"Did you feel any special hostility towards you on weekdays?"

Yu Xiaoxuan shook his head, "I'm actually okay with them. Although they come from different places, everyone is about the same age, and their temperament is also very good. Especially the one who is the same as me and is called Tang Mina. We went shopping for dinner the day before yesterday."

"What did you say that person's name just now?"

"Don Mina, what's wrong?"

Tang Mina and Shen Qinglan remembered it. The girl who came to her for the first day of conversation was called Tang Mina.

This girl didn't figure out her identity, so she came to try it, and regarded herself as a competitor. It can be seen that she is a very utilitarian person. Such a person still knows that Yu Xiaoxuan is her competitor. Will you get along well?

Shen Qinglan expressed doubt.

Yu Xiaoxuan knew a little bit about Shen Qinglan, and she understood it by looking at her expression, "Qinglan, she shouldn't do this."

Shen Qinglan did not say whether she would, but told her what happened in Haixuan that day. "Did she move your glass that day?"

Yu Xiaoxuan was silent, "She drank my water that day." And it was only after Tang Mina drank it, but Tang Mina was fine, so Yu Xiaoxuan didn't think about it because of the voice of the glass of water. mute.

"Qinglan, you said that I was stupid. I didn't even know that it was designed. I thought I had eaten too much spicy the day before yesterday and hurt my throat."

Her voice choked, thinking that she had met a new friend, but turned out to be a viper beauty.

Shen Qinglan patted her on the shoulder. "Don't be sad, let's go to the hospital to see how my throat is."

Yu Xiaoxuan reminded by Shen Qinglan that he apparently remembered this matter, and his face was panicked, "Qinglan, you said my voice should be fine?"

Shen Qinglan: "Don't worry, it will be fine."

Yu Xiaoxuan changed clothes and went to the hospital for an examination accompanied by Shen Qinglan. Fortunately, although Tang Mina was vicious, she didn't do anything badly. Yu Xiaoxuan's throat didn't matter. Just take a few days of medicine.

Yu Xiaoxuan was relieved.

"Xiao Xuan, what are you going to do about this?"

Yu Xiaoxuan looked blank, "I don't know, I don't want to let her go, but I have no evidence to prove that Tang Mina framed me, even if I said it, no one would believe it."

### **65 Chapter 65 Good performance, reward you (including PK notice)**

Is there no evidence? Shen Qinglan's beautiful eyes flashed, and he already had some thoughts in his mind.

Taking Yu Xiaoxuan to a nearby snack street and accompanying her from the street to the end of the street, Yu Xiaoxuan finally had a smile on his unsmiling face.

"Qinglan, you are so nice." Yu Xiaoxuan said emotionally at the time of separation, originally wanted to give Shen Qinglan a hug, but remembered that Shen Qinglan did not like to have physical contact with people and gave up again.

Shen Qinglan smiled faintly, "Go back and get a good night's sleep, remember to take the medicine, don't think about the game first, maybe the peak circuit has changed."

Shen Qinglan said something meaningful, Yu Xiaoxuan smiled at her only when she was comforting her, and returned to the bedroom.

After being separated from Yu Xiaoxuan, Shen Qinglan returned to the hospital. I didn't know if Fu Hengyi had eaten. He still bought some food for him on the road, but when he walked to the door of the ward, he heard Shen Xitong's voice inside. Meal, did not go in.

In the ward, Shen Xitong stood in front of the hospital bed and stared at Fu Hengyi.

Ever since she told Fu Hengyi that she was rejected, she had never seen him again. If she didn't go home and inadvertently listen to the conversation between Shen Junyu and Shen Shen, she didn't know that he had returned to Beijing and was injured.

She and Songsao inquired about the hospital where Fu Hengyi was, and she rushed over without stopping.

"Heng Yi, I heard you were hospitalized, come and see you." Shen Xitong looked straight at Fu Hengyi, full of affection.

Fu Hengyi looked calm, as if she hadn't seen her affectionate eyes at all, "Thank you." Polite and alienated.

Shen Xitong's smile stiffened, but he recovered instantly. "I stewed the soup for you. It's very nourishing. Would you like to drink a little?"

"No trouble, I have already eaten."

Shen Xitong gave a meal and said, "Let's eat when you're hungry. This is what I just simmered today. I simmered it for several hours. You should like it."

Fu Hengyi didn't speak.

With a mobile phone in his hand, he was texting Shen Qinglan and asked when she would return.

Shen Qinglan noticed the vibration of the phone and took a look.

[Still on the road, about half an hour.] Shen Qinglan replied.

Fu Hengyi looked faint, knowing that Shen Qinglan would not be back until half an hour, and was interested in the lack.

Fu Hengyi didn't speak, Shen Xitong didn't know what to say, and the room was full of embarrassment.

Shen Xitong didn't seem to feel it. His eyes fell on Fu Hengyi's face and couldn't be moved anymore. Even if he hadn't seen him for a month, he was still so beautiful. Even the sick clothes on his body didn't reduce his charm.

"If you have something, you can go first." Fu Hengyi said, he was not a dead person. How could he not notice the fiery sight.

"I'm okay. Today I'm just here to see you. Do you eat fruit? I'll cut an apple for you." Shen Xitong pretended not to understand the customer-orientation in his words and said with a smile.

"My wife is coming back soon. I don't want her to misunderstand our relationship, so please leave my ward now."

Shen Xitong is willing to pretend to be deaf and dumb, but Fu Hengyi does not want to accompany her in acting.

Shen Xitong's complexion instantly became ugly, "Heng Yi, do you care so much about her?"

She looked at Fu Hengyi with a wounded face, as if looking at a negative man.

Fu Hengyi frowned slightly, "Yes. Can I leave now?"

"Fu Hengyi, what is good about Shen Qinglan, is it worth you to treat her like this? Isn't I better than her? Is there anything other than a face that can match me?"

Shen Xitong couldn't maintain her own image of a lady. She had always been able to bear it, but as soon as she came into contact with Fu Hengyi, her ninja skills collapsed completely.

Fu Hengyi looked indifferent, "and you can't even compare that face to her."

Shen Qinglan stood outside the door, hearing Fu Hengyi's words, a smile flashed in her eyes, did not expect Fu Hengyi to have such a venomous side.

Shen Xitong seemed to be hit hard, took a step back, looked at Fu Hengyi's eyes, and couldn't believe it.

"Okay, Fu Hengyi, you are really ruthless!" Shen Xitong's face was pale, and tears could not be dropped. Looking at Fu Hengyi's eyes, hatred appeared to him. Capture love.

"Fu Hengyi, I will make you regret that I didn't choose me today." Shen Xitong went out of the door, but met Shen Qinglan standing at the door. Shen Qinglan was as cold as ever, and looked at her without a trace of emotion.

Shen Xitong looked at her fiercely, "Shen Qinglan, you are less proud, things that are not yours will not belong to you after all."

Shen Qinglan shrugged her shoulders without looking at her. She walked straight into the ward, but met with a pair of smiling eyes.

"Enough to watch?"

Shen Qinglan nodded in a serious way, "It's enough to see, it's not bad.

Fu Hengyi looked at her helplessly and saw the lunch box in her hand, "Did you buy it for me? Why didn't you give it to me?"

Shen Qinglan glanced at him, "You all have beautiful women who gave you food yourself, haven't you been full yet?"

"Can I understand that you are jealous?" Fu Hengyi asked with a smile.

Shen Qinglan choked, "I like spicy food, I don't like sour food." He handed the lunch box to Fu Hengyi.

"Passed by, I bought you some."

Fu Hengyi took it, but did not open it, but asked, "Did you eat it yourself?"

Shen Qinglan's eyes flicked slightly. This was not the first time Fu Hengyi asked her if she had eaten. Every time he was given a meal, he asked him whether he had eaten or not.

"Already eaten, eat with Xiao Xuan." This was specially brought to him.

Fu Hengyi opened the lunch box and ate it.

Shen Qinglan sat aside and looked at him quietly. He was eating fast, but he was very elegant.

"Take some more soup?" Shen Qinglan's eyes fell on Shen Xitong's insulation barrel.

Fu Hengyi organized the lunch box slowly and tossed it into the trash, "I'm afraid of indigestion."

Shen Qinglan: ...

She didn't mind, he was hypocritical.

"Throwing away the waste, I took it to the nurses at the nurse station." Shen Qinglan said, and really stood up and said that the pot of nourishing health soup that Shen Xitong said to cook for several hours was delivered to the nurse. station.

"Ma'am, I performed so well today. Is there any reward?" Fu Hengyi looked at Shen Qinglan who had returned and asked softly.

Shen Qinglan looked at Fu Hengyi, "Want to reward?"

Fu Hengyi nodded.

Shen Qinglan did not speak, slowly walked into Fu Hengyi, sat down beside his bed, and then slowly approached him. The woman's sweet fragrance lingered on the tip of her nose, Fu Hengyi's eyes deepened.

The two people's faces moved closer and closer, just as Fu Hengyi stretched out his hand to take Shen Qinglan's waist, Shen Qinglan suddenly said something in his ear, and then quickly backed away.

"Good performance, reward you."
