Shen Qingyi did not stay at home for a long time. After eating the meal, she went to the hospital with Shen's father. Shen Xizhen originally wanted to go with him, but before the departure, he received a call from the head of the orchestra. There was no way to go to the orchestra address.

When they arrived at the hospital, Grandma just woke up.

'Wife, we are here.' Shen Laozi looked at his wife on the bed, and his voice was soft.

'Grandma.' Shen Qingyi stepped forward and helped her grandmother adjust her sitting position to make her sit more comfortable.

'Hey, don't you let me not go to the hospital all the time.' Grandma held the hand of her granddaughter.

Shen Qingyi smiled faintly. 'Today is the weekend, don't go to class, don't come to see you, and always feel at ease.'

Grandma looked at her lovingly. 'Grandma is fine, my grandmother will live long and long. I want to see my little sister marry and have children.'

Shen Qingyi put his face on the palm of Shen's grandmother, a rare little daughter's gesture. 'Well, Grandma, you will be healthy and longevity.'

Father Shen sat on the sofa on one side and looked at his wife's face, and his face was sore, and he was so prepared for a day, but when the day really came, the pain in his heart was not a little less. .

It is said that young couples are always with him. He and his grandmother have been in the wind for decades. They have never had a red face and noisy. On the one hand, it is because the grandmother is the real thing that everyone can't do with the quarrel with people. On the other hand, their husband and wife's feelings have always been good, even if there are differences, there are business and quantity.

'Hey, Grandma wants to eat the sweet-scented osmanthus cake of Dongjie Zhangji today. Can you help my grandmother to buy something?' Shen grandmother touched her granddaughter's long black hair and said softly.

Shen Qing's look was a good meal. 'Good.' He got up and walked out of the ward.

As soon as the footsteps faded away, Grandma regained her gaze at the door and sighed deeply.

She suddenly covered her mouth and coughed up sharply. Shen's father saw him and quickly patted her back. 'Wife, what's wrong? Where is it, I will help you call a doctor.'

Said to press the bell on the bed, grandmother held his hand and shook his head. 'I'm fine.'

Seeing that the grandmother did not cough, Shen's father did not reluctantly, and gave the grandmother a saliva.

The grandmother is slowing down. 'Old man, my life is running out.'

‘No nonsense.’ Shen’s father was a little angry and did not want his wife to say these words of frustration.

The grandmother was very open. She held the hand of Shen’s father. She was very thin. The disease tortured her to the whole person. The man left a bone.

‘My own body, I know better than you, live to this age, have a husband who hurts me, a son of filial piety, a grandson and granddaughter, and a filial piety. I have never had a heart in my life. I can live this life. It’s worth it to be like me. It’s just the old man, there is something in my heart that I can’t worry about.’

Shen’s father’s eyes were sore and he held his old wife’s hand and tightened it. ‘You said, I will help you.’

‘My embarrassed, this child is cold, she left home from a young age, and her life is hard. It is because we have not taken care of her, so that she has suffered so many sins and suffered so much. We are sorry for her.’

‘Wife, I know, I will be sore and give her the money that was missing.’

Grandma shook her head. ‘I am not worried about this. I have a bad relationship with her mother. Yunrong is not easy these years. I can’t say anything, but I am innocent. When I see her, I feel bad.’ “

The grandmother is holding her chest and the eyes are really pampered.

‘My granddaughter is so beautiful, so beautiful, it should have been a little princess who was held in her hand, but she was separated from us for more than ten years. Now I am running out of time, I want to see my granddaughter can Happiness, you can find someone who really loves her, hurt her, and protect her forever.’

The tears fell down the old face of Shen's grandmother, and fell on the hands of Shen and his grandmother. The warm liquid burned the heart of Shen's father.

'Wife, rest assured, I must find someone who loves her, hurts her, protects her, and gives it to me.' Shen Laozi looked at his wife and solemnly promised.

Outside the ward, the footsteps sounded softly. This time, I finally went away, and the two old people in the ward had no idea.

When Shen Qingyi came back, she did not see Grandma and Grandpa in the ward. When she asked the nurse, she knew that Grandpa Shen had pushed her grandmother downstairs.

She found two old people in the garden. At that time, Shen's father pushed his wife to take a walk, and the afterglow of the sunset sprinkled on them, pulling out a long figure.

Father Shen's face is smiling, I don't know what to say to Grandma, and Grandma's look of nostalgia.

Shen Qingyi did not bother to go forward, but stood in the same place, quietly watching the figures of the two old people.

Holding the hand of the child, and the old man, this sentence is easy to say, but it is difficult to do.

In this world, misunderstanding, temptation, death... Too many factors lead to a pair of old lovers who should have been loyal to Laoyan, but from Shen's father and Shen's grandmother, she's so deeply on this sentence for the first time. Feeling.

Father Shen did not move for a long time, sat down in the chair and held the hand of his old wife. 'Wife, I am old, useless, even you can't push it.'

Grandma smiled softly. 'You are all white, can you not be old? I still remember that when you first saw you, you were still a young man. In a blink of an eye, both of them are old.'

When I mentioned the things of my youth, Shen Grandpa faded from the usual seriousness and smiled. 'I also said that I was a little girl. I didn't pick a few peaches from your tree. I even climbed myself. Go to the tree and catch me, and I won't be able to come down.'

Sister Sister was embarrassed by the old things mentioned by Shen's father. He glanced at Shen's father with a sly look. Although it's not beautiful to look like wrinkles and face, Shen's father seems to see his young wife, Jiao Yan. Lovely look.

'Old man, take me home, I don't want to live in the hospital anymore.'  
Grandma said suddenly.

When Shen's father saw it, he immediately understood the meaning of his old wife's words.

'I still don't know my body. In the last days, I just want to be with you, hospital, too cold, I don't want to stay.'

Father Shen was silent for a long time, and finally nodded his head in the eyes of his wife.

'Grandpa, Grandma, you are here, I have been looking for a long time.'  
Shen Qingyi came over at the right time.

Shen's father told her the decision of Shen's grandmother. Shen Qingyi only silently glanced at Shen's father and grandmother, and agreed. If this is Grandma's last wish, she chooses respect.
