Chapter 1261

“I’m sorry!”

Clearly agreed to trust each other, but she was still emotional.

Language Mo Chuan painfully in her forehead on a kiss, with a smile asked: “why did not take her daughter to go?”

“.....” He nodded coldly.

She did want to take her daughter to leave just now, but this move was used so much that she suddenly understood it.

Evasion is not the solution.

Maybe, subconsciously, she still wants to give him another chance.

Now, she is very glad that she didn’t leave because of her anger.

She put her hand around yumochuan’s neck and put her face on his powerful heart. Listening to the rhythm of the fresh beat, she whispered, “I won’t easily doubt you any more!”

Smell speech, happy laughter from the language of Mo Chuan chest concussion out.

“Wife, you are so kind!”

To tell you the truth, on the way back, he thought about it. With her character, he might have left with his daughter long ago.

I didn't expect that she was still waiting for him after going home.

It's heartbreaking and pitiful to say such a thing to him.

He raised her chin and looked at her small face and red lips.

"Bingbing..."

"Well?"

"Ah Jin said that a week later is the golden day. Shall we get married on that day?"

Language Mo Chuan suddenly said gently.

"Marriage?" Cold, the whole person was stunned.

"I mean our wedding! What kind of wedding do you want? "

"....."

Cold this just remembered, that day in the studio, he did give her a wedding promise in front of everyone.

After thinking about it coldly, he said in a low voice, "in fact, you don't need to do this. As long as you are kind to me, you will live up to me in your life, and it doesn't matter to me whether you hold a wedding or not!"

As soon as the voice fell, she felt the man's face sink.

"The wedding may not be important to you, but it's important to me!"

He choked coldly

Did they take the wrong script?

This person looks aggrieved, as if she is a heartbreaker and irresponsible to him?

He gritted his teeth and promised, "OK! Next week is next week. It's better to choose a day than to bump into a day!"

Language Mo Chuan smile more proud, buckle cold back of the head, bow to kiss her lips.

He struggled for a moment, but soon closed his eyes.

Each other, fall again.

The next morning, a beam of sunlight from the large French window projected into the room, shining on the bed of the people.

The woman's long eyelashes shook gently, then opened her eyes.

Even though she got up much earlier than usual, there was still no yumochuan on her side.

There was a little loss in her heart.

She glanced at the wall clock, indicating that it was exactly seven o'clock in the morning.

Doesn't he usually go out at half past seven? Why did you go out at seven today?

Get up cold, get dressed and come downstairs.

Wang Ma was downstairs directing her servant to clean up. When she saw her, she said, "young lady, why did you get up so early today?"

"Mother Wang, where is yumochuan?"

"The young master is on a business trip. This is the note he left for you. He was afraid to wake you up, so he didn't have time to tell you face to face!"

With that, Wang Ma handed a note to her.

Leng Bingbing took it over and opened the note, which was a line of small words.

Baby, my husband is on a temporary business trip, stay at home, take care of himself, take care of my daughter, wait for me to come back!

"That's wordy!"

She scolded coldly, but her heart was sweet, like drinking honey.

She folded the note carefully and put it in her pocket.

But what happened to his business trip in such a hurry?

Thinking of this possibility, her heart suddenly filled with uneasiness.

Back in the bedroom, she couldn't wait to make a call to yumochuan.

However, the phone has been closed.

It's probably on the plane now. The cell phone is off.

Her cold eyelids suddenly jumped, and her uneasiness became more intense.

She dials ah Jin's phone again, and ah Jin's phone doesn't work.

Coldly changed the clothes on the body, carrying a bag, urgent color hurried out of the door.

Wang Ma was setting breakfast downstairs. When she saw her, she asked anxiously, "young lady, where are you going? Breakfast is ready!" "Wang Ma, I'm going to the company. I'll leave it to you to read," she replied coldly and hurriedly

With that, Leng Bingbing asked the driver to take her to the language group.

The driver looked at her worried face and didn't ask any more questions. He immediately drove the car and sent lengbing to the language group.

The secretary was surprised to see her and said, "Madam President, why are you here? Nothing happened yesterday, did it?"

Speaking of all, the Secretary didn't sleep well last night.

She was afraid that her behavior would unintentionally hurt the president's wife.

Feeling the kindness of the Secretary, lengbing said gratefully, "we are very good! Yesterday was just a misunderstanding

The Secretary breathed a sigh of relief! What are you doing here? ”

“Where did yumochuan go on business, do you know?”

“Just a moment!”

The Secretary opened the internal schedule of the president’s office and replied, “the president has gone to the port bidding meeting today!”

“Tender meeting?”

Coldly and suspiciously, he twisted his eyebrows. “Isn’t the bidding meeting held half a month later? Why is the time ahead of schedule? ”

The Secretary shook his head. “I don’t know.”

A cold frown.

The bidding will be advanced suddenly, which may be the reason why yumochuan went abroad in a hurry before dawn.

As the saying goes, everything is abnormal.

Will yumochuan go well this time?

Lengbing felt useless for the first time. At the critical moment, she couldn’t help her!

Lengbing Bing thought of something, she took out her cell phone and gave Leng si a call.

“Ice?”

Received her call, Leng Si tone with a trace of accident.

Coldly and eagerly asked: “brother, why did the tender suddenly advance? Not half a month later?”

Leng Si said: “I’ve just been informed about this! Did yumochuan ask you to ask me?”

Leng Bingbing heard the light displeasure in Leng Si’s tone and explained: “no! I’m worried!”

“Worried about yumochuan?” Leng Si’s voice was chilly.

Coldly Er, brother, I have something else to do. I’ll hang up first! Goodbye

Leng Bingbing quickly hung up.

Looking at the towering building of Yushi group in front of her, she sighed helplessly.

Now that she has made up with yumochuan, she doesn’t know how to explain to her brother?

Chapter 1262

She gave a cold and helpless smile.

She thinks she is an independent woman, but now, yumochuan just left, she is so lost.

This is not what an independent woman should look like.

It’s too sticky. Apart from causing a burden on the other party, there is no other benefit at all.

Chill out and cheer up.

Walking out of Yushi office building and passing by the city center, I looked up coldly and looked out of the window.

On the billboard of WTO summer, the dancer in red seems to be her.

She made it!

Today last year, she did not even dare to think that one day she could even receive advertisements and become a spokesperson.

Coldly subconsciously grab the mobile phone, want to share this happy news to yumochuan.

But the phone was still unanswered.

Cold lips smile gradually cold down, the heart surged up a thick loss.

What is he doing?

Why don't you answer her phone?

In the cold heart tangled lost time, the mobile phone rang up.

Leng Bingbing is glad to see the name on the caller ID clearly, and the joyful smile on her face is condensed again.

Not yumochuan!

It's sister Chang.

“Sister Chang, what’s up?”

On the phone, sister Chang’s voice was a bit surprised, “Bingbing, did you watch the news? Did you go on the hot search?”

“Hot search in Shanghai?”

Cold heart a tight, subconsciously think is what bad things, “this time is because of what?”

She carefully recalled the journey of this period. During this period, she stayed with yumochuan, and really did nothing to make people grasp the handle.

Elder sister Chang couldn’t close her mouth with a smile. “It’s a good thing. Why are you so nervous? You don’t know, do you? You’re on fire

“What’s on fire?” He frowned coldly and doubtfully.

She is a dancer, lucky, just in line with the theme of the product, has become an Advertising Spokesperson, which has nothing to do with fire.

Sister Chang was speechless when she saw that she didn’t believe me.

“Are you really unconscious of your own beauty? You go to see the effect of the advertisement, it’s so beautiful! It’s just like immortals coming down to the world. The key is that your natural and beautiful face is too recognizable for all the plastic surgery faces now. It ignites everyone’s aesthetic eyeballs all of a sudden.”

“Sister Chang, stop talking! I know how much weight I have, so don’t make fun of me!”

Elder sister Chang said solemnly: “where do you see I’m joking? What I’m saying is true. Can you be more confident?”

“OK, OK, you’re right,” she said with a cold smile! I’ll be more confident in the future! ”

As soon as sister Chang heard this, she knew that she was perfunctory. However, this did not affect her good mood at all.

“Oh, I’ll tell you, it’s not only a good thing, but also one more thing. Guess what?”

Cold eyes a turn, joking: “you find a boyfriend?”

“What’s so good about looking for a boyfriend! Three legged frogs are hard to find, two legged men are running all over the ground! What’s more, men don’t have an important career! ”

Cold lips, a smile.

She knows that Chang Jie has always been a career oriented strong woman. She has her own agency, and she has more than one artist.

“Don’t make fun of me, just tell me?”

“Just now, I received a call from the manager of the Publicity Department of Yu Shi group. They want to invite you to attend this year’s spokesperson interview of Yu Shi Group!”

The spokesperson of Yu’s group changes every year, and almost all of them are the most powerful traffic stars of that year.

Being able to be a spokesperson is the second. Being invited is a kind of recognition in itself.

But it’s because of yumochuan, which is well known to all people.

Sister Chang sighed: “Bingbing, I think yumochuan is really your lucky star. Since returning home, you can see that your career is going well!”

With a cold self mockery and half joking, he said: “the so-called smooth wind and smooth water is just because there is a man to rely on!”

There’s nothing to be happy about. In essence, we still need to rely on men.

This is not what she wants to see, what she wants is to succeed with her own efforts, but because she is such a woman.

However, since she chose yumochuan, she will be tied to this man in her life.

Unless she becomes more powerful than the president of Yushi group one day, it will not be the cold wife of Yushi group, but the cold president of XX group.

She thought about rejecting yumochuan’s kindness, but if she did, yumochuan would be more attentive, thinking that she was trying to draw a line with him. In that case, she tried to seize the opportunity he gave her and try not to disgrace him.

For her helpless tone, sister Chang vomited blood directly.

“Come on, if such a man is crazy for you, don’t make such sarcastic remarks! You girl, did you save the galaxy in your last life

“Probably!”

There is no denying that.

Her luck is not because yumochuan is rich, nor because of his identity, but because it is not easy for a person to find a man who loves himself and himself.

It is said that the probability of a person meeting true love is only one in ten thousand.

Fortunately, she was able to become one of the ten thousandth.

If sister Chang talks to her again, she will be killed.

She said with disgust: "OK, I'll be busy! Remember to have an interview at nine tomorrow morning! Also, don't be too reserved, you girl. You should be coquettish with your husband and hold this big tree so that I won't worry about food and clothing in my life!"

Cold perfunctory way: "I know!"

Hung up the phone, cold but funny.

We all think that now she is going to have a good word with mochuan, right?

As long as you please him, she will never have to worry about food and clothing for the rest of her life.

But she didn't want to be like this at all. The love she wanted was always standing side by side, facing the storm outside, instead of being a vassal of one side.

Think of Chang said hot search, she picked up the phone to open the browser.

On every major news page, she was praised for her endorsement, "goddess of purity", "born for dance" and so on.

Of course, in addition to these, the most reported is her identity – yumochuan's wife, the wife of the president of Tangtang Yushi group.

The president's wife is so beautiful, and she also speaks for the product in person. With these two things, she is very topical.

The heat set in all of a sudden.

There is even a video of yumochuan proposing to her in public.

That dotting eyes and expression, like the hero in the idol drama, and she is the enviable heroine.

Once the video was sent out, it was immediately forwarded by 100 million people, and the comment area was filled with howls, all of which were the envy of coldness.

Chapter 1263

Leng Bingbing sees the news, bites her lip, raises her finger, and sends a message to yumochuan again.

Did you get off the plane? Just give me a message when you get off the plane, OK? I'm worried about you!

After it was sent out, the news went down again.

As soon as she stepped into the house, she found that there were several more people in the family.

It's all strange faces.

Looking at Wang Ma coldly and suspiciously, Wang Mali immediately said, "young lady, they are from the image design studio on midsummer night. Come here to design your bridal makeup."

When they saw her, they immediately got up from the sofa and bowed to the cold.

One of them said, "Hello, Mrs. Yu! Xiao Wang, director of our image design office on midsummer night, please take care of us

"Midsummer night? The one who won Milan's World Championship last month Asked coldly and shocked.

"Yes, it's us!"

"You are very good!" he said coldly and sincerely

Xiao Wang grinned shyly, "thank you for your praise!"

Cold face reluctantly squeeze out a smile, "then trouble you!"

To be honest, her heart is full of expectation when she marries the man she loves. But now, she is full of uneasiness when she can't get the news from yumochuan.

An hour later, the studio team finally finalized a plan for her, along with the designer of the wedding dress.

Coldly into the wedding room, looking at the four beautiful wedding dresses in front of me, I gradually lost myself.

It is said that Yushi group holds a grand wedding dress show every year.

The last wedding dress, designed by yumochuan himself, is not for sale. It's the only one in the world.

Wang Ma said that these wedding dresses were designed for her by yumochuan. He was waiting for her to come back and imagined that one day he could put them on for her.

Think of this, cold heart surge thick sweet.

One by one, her fingers glided over the wedding dress and finally stayed on the last one.

The pure white fishtail wedding dress is inlaid with glittering diamonds, which looks gorgeous and noble.

The designer looked at the beautiful woman in front of her, who was covered with white gauze. Her eyes widened to the extreme, and deep in the pupil flashed a thick surprise.

“Wow! It’s so beautiful! This wedding dress seems to be tailor-made for you! ”

It turns out that the designer wants to change it for her. It looks perfect.

Coldly looking at herself in the mirror and listening to other people’s compliments, she raised her lips and said with a smile, “hard work, everyone. I’m very satisfied. Let’s do this for the time being! ”

” OK, let’s go first. If you have any questions, please call us! ”

After we left, we were distracted by the wedding dress on the bed.

Yumochuan still has no news

Leng Bingbing fell asleep with her mobile phone in her arms. When she woke up the next day, she woke up shouting the name of yumochuan.

“Yumochuan!”

She opened her eyes in confusion, looked around anxiously, breathed heavily, and sweated on her forehead.

She dreamed that something had happened to yumochuan.

The sea of fire all over the sky swallowed people in an instant. She struggled desperately, but it was useless.

It took a long time to calm down and look out of the window.

It was already bright outside the window. Last night, she held her cell phone and didn't fall asleep until two or three o'clock in the morning.

But even at that time, there was no news from yumochuan.

Thinking of the dream just now, Leng Bingbing quickly turns on her mobile phone.

There is no information in the mobile phone, it's empty. She clicks on the number and dials yumochuan's number again, but it's still in vain.

Just at this time, the door was suddenly knocked.

"Young lady, it's not a good thing!" Wang Ma's voice sounds very anxious.

Cold ice ice in the heart of a Deng, quickly opened the quilt to get up, open the door.

"What happened to Wang ma?"

"They say there is something wrong with young master's company. Is that true?" Wang Ma asked eagerly.

Looking at Wang Ma coldly and nervously, her heart rose to her throat in a moment.

“What What’s the problem? ”

Wang Ma put a morning newspaper into her cold hand. “This is what I saw just now. I don’t know anything about business. Do you think it’s true?”

Leng Bingbing took the newspaper and looked at the words on it. It was a piece of news.

Yesterday, at the bidding meeting of Brunei port project, Yu’s group, with a budget disadvantage of 100000 yuan, missed the port project that had been planned for a year.

The loss of Yushi group is immeasurable.

As a result of this bad news, at 7 o’clock this morning, Yushi group’s shares fell to the limit as soon as the market opened, and the investors sold their shares one after another.

An insurance company named “Xiangrui” made a strong bid to buy 10% shares of Yushi group with 10 billion yuan. Another Brunei foreign-funded enterprise named “Jintai” also snapped up 5%.

Cold brain a blank, no wonder language mochuan how can’t contact!

Is he suffering now? Where is he now? Is he OK?

For a moment, a series of questions filled her mind.

But Jintai?

Isn’t this brother’s company?

When Yu’s group was in fengjianlangkou, what did my brother do when he bought shares of Yu’s group?

Leng Bingbing called Leng Si, but he didn't even say hello, so he directly asked, "brother, why do you want to buy shares of Yu Shi group?"

The end of the mobile phone pauses, and there comes a cool voice, which sounds a little unpleasant.

"Are you questioning me for that man in yumochuan?"

Leng Bing can't care what Leng Si thinks of her. She says helplessly, "yumochuan has been out of touch for a day and a night. I'm really worried!"

"So you're asking me because yumochuan? What do you think I did to him?" Leng Si Nu way.

Leng Bing Leng, aware of what he said in a hurry, took a deep breath and said with regret, "I'm sorry, I'm also in a hurry..."

Leng Si sighed with disappointment, "Bingbing, you really let my brother down. You let me tell you that yumochuan is our common enemy. Why don't you listen to me?"

Coldly argued: "I believe the feeling in my heart, yumochuan is not like that!"

"Oh Leng Si cold voice sneers, "you just get along with him how long, you know what kind of person he is?"

"I..." Cold bite speechless.

She just believes in yumochuan, but who can understand her saying so?

Leng Si pinched his eyebrows and said, "Bingbing, you really let my brother down! In this way, brother, there's something else to do here. Hang up first!"

"Brother..."

Listening to the busy voice on the phone, lengbing suddenly feels useless.

She can't help yumochuan at all!

Yumochuan, where are you now?

Coldly, he kept dialing the phone of yumochuan.

The emperor does not disappoint those who want to, and finally after she dials to the hundreds, the mobile phone is finally connected.

"Ice?" The man's deep voice was full of surprise.

Just after the meeting, yumochuan just walked out of the chamber of Commerce hall and turned on his mobile phone when he called coldly.

"Yumochuan..."

Hearing the long lost voice, I covered my lips coldly and tears came out.

This day's worry, tense heartstrings, when hearing his low voice, completely cracked.

Woman forbearance, intermittent cry into the ear, language mochuan step suddenly a meal, "Bingbing, how do you cry?"

Coldly and wrongly, he complained: "why don't you answer my phone? I've called you a lot!"

Smell speech, language Mo Chuan a sigh of relief, helpless ground pinched pinches the temple that is swollen, funny ground asks a way: "because I did not answer a telephone to cry?"

The cold ice sobbed for a while, annoyed unceasingly, “you unexpectedly still can laugh?”

Yumochuan explained, “I’m sorry! This matter is really my thoughtlessness. The whole bidding process will be kept secret. The mobile phone is blocked. It’s my fault to make my wife sad! ”

He was frozen.

It turns out that the signal is blocked.

He must be very upset now because of the failure of the bidding and what happened to the company. But that’s what happened. He still forced a smile in front of her, pretended to be indifferent and comforted her instead.

Leng Bingbing suddenly felt that she was very sentimental. She wiped a handful of tears and said solemnly: “yumochuan, no matter what happens, I’ll be by your side!”

Words fall, the telephone that end obviously stopped next, language Mo Chuan joyfully opens a way: “silly wench, you rest assured! Your husband is not so fragile! ”

Hearing this, Leng Bingbing finally grinned, “I believe you! When will you be back? ”

“Soon, wait for me at home!”

“OK, I’ll wait for you!”

Get the promise of language Mo Chuan, cold and nervous mood finally relaxed some.

Today is the day to go to the language group for an interview.

Before she was cold, she didn't feel that it didn't matter if she didn't speak for her, and she didn't hold much hope.

But now, she wants to fight for it as hard as she can.

She wants to stand beside yumochuan and stand with him to face the storm outside.

Even if she can't help him do something, at least she can accompany him, so that he won't be so lonely.

Leng Bingbing has a goal in her heart and draws a makeup to cover up the haggard on her face.

She took the initiative to contact sister Chang, "sister Chang, I want to get this endorsement, you help me out some moves, what can I do?" Sister Chang was shocked. "Did the sun come out from the west? Why do you think about it all of a sudden and overnight?"

"Well, I see!"

"Don't worry, as long as you can pass the interview, I'll take the rest!"

She is a person who has packed several stars who have been popular all night. She still has some self-confidence.

Leng Bingbing felt relieved and said with a smile, "I'm starting from home now. We'll meet directly at the gate of Yushi."

"No problem!"

Before leaving, lengbing sends a message to yumochuan, telling her to go to Yushi group for an interview. When he comes back, she will go directly to the company and wait for him in the company.

Chapter 1264

Chang Wei lives in the city. When she arrived at the company, she had been waiting at the gate for a long time.

In the waiting time of a few minutes, Chang Wei took out his mobile phone to brush the news.

When I saw the news of Yu Shi Group, I was shocked to open my eyes

Yushi group's overseas plan, which has been planned for a whole year, has been cut off, and only because of the gap of 100000 yuan.

There's an unusual taste in it!

Even if she was a layman, she could see that there must be something fishy in it.

It seems that some people want to engage in Yushi group, and the other party is fierce. They may even know the reserve price that Yushi group is going to offer early.

As soon as she got out of the car, Chang Wei immediately stepped forward and looked at her with puzzled eyes.

"What's the matter?" Asked coldly and doubtfully.

Chang Wei narrowed his eyes, with a little clear, "I said how you suddenly thought clearly in the morning, it was the language group that had an accident!"

This little girl knows that something has happened to Yu's group. Do you want to help Yu mochuan?

Coldly picked next eyebrow, firm open a way: "these things are temporary, I believe language Mo Chuan can solve well!"

Chang Wei was suddenly stuffed with a mouthful of dog food and said, "I don't mean yumochuan is bad. Don't look at your husband like this, OK?"

Coldly puffed hiss a smile, "I don't toward own husband toward who?"

Chang Wei rolled a big white eye.

Originally, she was worried that lengbing would be worried, but she already had an idea in her heart.

She has always known that coldness is the kind of woman who looks weak on the outside but is strong in the heart by anyone.

Chang Wei patted her on the shoulder and said with a smile, "Madam President, let's go up!"

"Go

Leng Bingbing takes Chang Wei directly to the top floor by the elevator exclusive to the president.

Anyway, everyone in the company knows her, and she doesn't plan to keep a low profile.

She is yumochuan's wife. When the company is in trouble, not when she is low-key, she will do her best as long as there is anything that can help the company.

On the top floor, colleagues in the publicity and planning department are waiting for them.

There are many interviewees, most of them are female stars.

A cold rough look, almost half of the entertainment circle of florets, Huadan are coming.

But there is only one male star — Cheng Cheng, the best actor of this year’s TV Festival.

Not to mention his handsome appearance, his acting skills are obvious to all. The most important thing is his EQ, which has won the support of a large number of mummy fans.

Cheng Cheng is definitely one of the best people in the entertainment industry.

But at this time, the legendary movie king stares at her with his handsome big eyes.

Coldly picked next eyebrow heart, in the heart a burst of inexplicable.

Do they know each other?

Why did he look at her like that?

When looking at the past coldly, Cheng jianma looks away, pretends to be indifferent and talks to the director next to him.

Chang Wei clung to her ear and whispered, “Cheng Cheng is the male spokesperson of Yu’s group. His father is a senior executive of Yu’s group.”

Cold eyes slightly flashed, “have I met him before?”

Chang Wei shrugged his shoulders and said, “not after returning home, but I don’t know what happened before!”

A trace of distress flashed across her cold little face

Chang Wei is right. Her biggest problem now is that she has lost her memory. All the people she met four years ago have forgotten.

Could it be that Four years ago, she had a problem with Cheng Cheng?

It seems that we need to have a good chat with him later.

After making up his mind, he withdrew his sight and stopped looking at him.

The director of the publicity department personally ushered in, "Madam President, thank you so much!"

Coldly smile, handshake with the director, half jokingly said: "director, I'm not the president's wife now, but I'm an artist here to interview, please treat me fairly!"

Director a Leng, then smile toward the inside to do a gentleman's action.

"Inside, please. Good luck!"

"Thank you

Leng Bingbing has investigated from her secretary. I heard that the director of the publicity department is upright and not a snob. I think he will do business with this matter.

In front is a sofa specially prepared for artists to rest. When they walk there coldly, there is a sneer in their ears.

"Affectation, disgusting."

Coldly frowned, stopped and looked at Cheng Cheng.

“Hum!”

Cheng Cheng looks at her, hums, and gets up to leave.

Coldly looking at Cheng Cheng’s tall and straight back, his eyebrows twist into a deep arc. It seems that Cheng Cheng has a great opinion on her. How much hatred do they have?

She has some admiration for Cheng Cheng.

His father is a senior executive of Yushi group. If he offends yumochuan, it won’t do him any good, but he still dares to face her with a real attitude?

When the female stars see Leng Bingbing appear at the door, they cry in their hearts, but they are afraid of her identity and dare not to speak.

Lengbing has become a popular microblog some time ago. Now I’m afraid that no one in the entertainment industry does not know her.

yumochuan dotes on her so much that it’s almost a matter of internal decision for the spokesperson. Today, it’s clear that they should run with her!

What a bully!

You look at me, I look at you, calm on the face, but my heart has already exploded.

But no one dares to come forward and accuse lengbing.

Some time ago, Xia Zi’s fate is vivid. Even Xia Zi’s level can be brought down by her. They dare not try.

The atmosphere in the room suddenly became delicate.

Leng Bingbing has long thought of such a result.

People will feel that it's unfair and there's nothing wrong with it.

Coldly put down the bag, sat down on the sofa, said with a smile: "don't worry, I come here for an interview, just hope to get a chance of fair competition!"

After listening to the cold words, someone broke out immediately.

"You are the president's wife. How can you be fair?"

"Yes! I'm really drunk. There are already appointed people. Why should we be informed to come here? Our time is precious, too!"

"Let's go!"

Several female stars are carrying bags and ready to leave.

With a cold smile, he said: "if I really want to go through the back door, today's interview will probably be cancelled directly! The company has asked you to come here and spend a lot of manpower and financial resources. What are the hidden rules? Why

After listening to the cold words, everyone stopped one after another.

"This..."

Everyone hesitated.

She's right. If you really want to have any hidden rules, why do you have to go to a lot of trouble in the interview? You can directly appoint lengbing as your spokesperson!

But It's not a hidden rule. Is it possible?

Chapter 1265

Leng Bingbing is the president's wife of Yu's group. Even if she doesn't want to hide the rules, those people in the company will be afraid of Yu mochuan's identity and flatter Leng Bingbing.

"Well said, in the end, we didn't flatter you to become the spokesperson directly.

Leng Bingbing knew that they were already hesitating, but they were not worried, and their tone became calmer and calmer.

"Since you think so, I can't help it! Then I won't stop you. If you want to leave, you can leave. If you want to stay, you can stay. If you leave, I have only one less competitor! "

"This..."

The female stars are more entangled.

I don't know whether to believe what Leng Bingbing said.

But there is an undeniable saying that if they leave, she will have fewer competitors. If she stays, there may be a glimmer of hope.

“You Are you sure it’s not internal? ”

Among them, a girl with round face and pure temperament asked in a puzzled way.

Leng Bingbing hooked the corner of his lips, showing a gentle smile, “is it internal, wait a moment, you don’t know?”

The girl bit her lip and finally nodded.

“Good! I believe you

Then the girl was pulled by her companion.

“Xiaoqi, what are you talking about? How can you believe what she said? ”

Xiaoqi said: “anyway, we’ve all come here. Why don’t we try and go again?”

“.....”

After listening to Xiao Qi’s words, everyone was silent.

After a while, the director of the publicity department appeared at the door again, followed by several famous entertainment directors, well-known veteran actors and Cheng Cheng.

The director clapped his hand and said, “listen up! The spokesperson of Yushi group is the most topical star and the best star every year. On behalf of the company, I would like to express my deep gratitude to you for participating in the spokesperson screening activities of Yushi group in your busy schedule!

At the same time, on behalf of the company, I announced that this screening is based on personal ability. The teachers standing behind me are the judges of this audition. The final result is subject to the teachers’ vote! ”

Female stars, you look at me, I look at you, and they are all nervous.

Standing behind the crowd coldly, the fingers on the side of the body clenched nervously.

Among so many people, her foundation is the weakest, she can't produce any works, and she doesn't have an excellent resume. Besides dancing, she can't find any other shining point.

The director glanced at the crowd one by one and said, "please wait here for a while. I will interview them one by one according to the order of the list submitted."

The assistant director took out a form and called it a name.

After the man left, he took a long, cold breath and sat down again on the sofa.

As soon as I sat down, I heard a sweet voice.

"Mrs. Yu, may I sit here?"

Cold ice turns to see past, see is the girl who helped her to talk before, smile slightly.

"Of course! Your name is Leng Bingbing, you can call my name! "

"My name is Xiao Qi!" Xiaoqi is quite familiar. She sits down beside her and looks at her suspiciously.
"Bingbing, why do you want to interview?"

In her opinion, there is no need to worry about the title of Mrs. president of Yushi group.

Although they are angry about accepting unfair treatment, who can guarantee that they are not expected to be favored in their heart?

Coldly slightly stunned, said with a smile: "I come here for an interview, just like you, I want to be the spokesperson of Yushi group!"

Xiaoqi blinked, "but yumochuan dotes on you so much. You can get it as long as you play coquetry with him. Why bother so much?"

Coldly and seriously said: "I want to get this endorsement with my own ability!"

Xiao Qi suddenly looked around and whispered in her ear: "then you have to be careful. Cheng Cheng is a male spokesperson who has been determined for a long time. He has a vote to decide."

With a cold eyebrow, even Xiaoqi can see that Cheng Cheng has a problem with her? What does Xiaoqi know?

"Xiaoqi Do you know why he did this to me? "

Xiao Qi stares big eyes in shock, "don't you know?"

He shook his head in cold confusion.

"I don't know!"

Xiao Qi lowered her voice and said, "Cheng Cheng likes Xia Zi. Xia Zi is banned. He may have counted this on you!"

Leng Bingbing suddenly realized.

Cheng Cheng likes Xia Zi. No wonder!

Xiao Qi patted the cold shoulder sympathetically, "I can only wish you good luck!"

"Thank you," he said with a cold and sincere smile! Good luck to you, too

Xiaoqi said with a smile: "in fact, it's quite novel to be able to compete with the president's wife!" "Yes? Come on, then

They talked for a while, and the previous interviewers came out wave by wave. The expression on each face was not very good.

Next, it's Xiaoqi's turn. After Xiaoqi, it's cold.

After Xiaoqi goes in, lengbing suddenly becomes a little nervous.

If you don't perform well, won't you lose the face of yumochuan?

She suddenly regretted her impulse.

At this time, Chang Wei came to her and gave her a look. He said with a mysterious smile, "what are you looking at? Look out the window

"Out of the window?"

Leng Bing Wen Yan turns his head and looks out the window. His eyes are shocked.

It's yumochuan!

I haven't seen him for a few days. It seems that he has become thinner, but his demeanor has not decreased at all.

Simple white shirt on his body, but there is a peerless taste.

Lengbing's nose is a little sour. She sniffs and grins at yumochuan.

She didn't see each other for a few days, but it seemed like a century had passed.

If it wasn't for the wrong occasion, she would be in his arms now.

When she looks over, yumochuan pulls back her thoughts and smiles at her, showing an encouraging smile.

With lip language silent way: "wench, I look after you, come on!"

Cold ice ice listened to, uneasy heart suddenly miraculously settle down.

Looking at him, my heart is like being injected with a strong force, a warm spring slowly flowing in my heart.

After a few minutes, Xiaoqi came out of the room, "Bingbing, you go in. It's your turn."

"Thank you

Standing at the door, he took a deep breath and pushed the door open.

The interviewer sitting on the main seat is an old director wearing presbyopic glasses and an old actor.

He wrote and drew on the paper. Without raising his head, he said, "let's introduce ourselves first."

Leng Bingbing bowed, and his clear voice said, "Hello, teachers. My name is Leng Bingbing. I'm the chief dancer of Bingbing studio. I've won the international Freestyle Dance Championship, and I'm also the special consultant of Brunei national dance team."

Before the cold words were finished, the director raised his head, helped the presbyopic glasses, and looked at the cold with his smart eyes.

"Are you the spokesperson of the sea love that has been making a lot of noise a while ago?"

The director asked what this meant and nodded truthfully.

"Yes

"....." Hearing this, the director frowned, "are you the president's wife of Yu's group?"

"..... Yes Fearing that the director would have other ideas, lengbing eagerly explained, "I'm not here because of this identity!"

The director looked up and down at the cold, his eyes gradually burst out a touch of surprise.

The director of the publicity department, who was sitting next to the old director, said in his ear, "the president has already told me to treat the president's wife fairly."

Wen Yan, the director nodded admiringly, "yes, just her! She's the right one! "

The director didn't respond for a moment. He pulled the director's arm and said anxiously, "director Li, you don't understand what I mean. I mean what the president said. Everything is fair. You can't go through the back door!"

Li Daoyi looks innocent, "I don't mean to say mochuan in a halting way. You know what I am!"

“Well Why did you decide in a hurry just now? ”

The director was confused, and the president’s wife only said two words, so it was decided?

Coldly listening to their conversation, I can’t help frowning.

“Director Li, do you want to think it over again? I don’t want to bring any bad influence to Yu’s group because of my identity!”

Li Dao explained with a smile: “don’t worry, listen to me! Bingbing is very topical now. She has been searched twice in a month. Coupled with the success of Shanghai Ocean love, her popularity is no worse than that of the traffic stars outside!

What is the purpose of our search for spokesperson? If you want to create the company’s influence and popularity, you need a topic. The president’s wife’s personal endorsement of this topic is incomparable to any star outside! ”

The director was awakened by director Li’s words, and his eyes flashed with a touch of surprise.

“Director Li is right! It’s a good topic for the president’s wife to speak for the company in person! ”

Li Dao looked at lengbing, his face suddenly became a little serious.

“But there is a problem. In this way, everyone will say that you are the spokesperson of the hidden rules, which may cause a lot of sunspots. Are you sure you can withstand such public opinion?”

Everything has two sides. Since it is the center of the topic, naturally there are some and some bad things.

With billions of people in the world, we can’t stop everyone. With a cold smile, “you can rest assured that I can’t cause any loss to Yu’s group, and the result must be the best for Yu’s group! As for whether I can get the endorsement or not, it doesn’t really matter. ”

All of her appearance here is also because she wants to help yumochuan.

She doesn't want this identity to be counterproductive.

Director Li nodded, "we will seriously consider your suggestion. We will set down three places today, and we will vote to discuss the final result after the interview."

"Yes, thank you."

Lengbing comes out of the room and can't wait to find yumochuan.

Ah Jin came to her and said respectfully, "sister-in-law, I'm waiting for you in the office!"

Chapter 1266

Coldly came to the office, the office door was not closed.

Men's deep, sexy voices come out of it.

"I'll see to it and deal with it. I don't need to worry about it. I have a clear idea!"

"I will give an account to the board of directors and give me a week..."

He should be on the phone, don't know what the other party said, language mochuan's voice gradually become a little impatient.

The cold outstretched hand came back.

Are the people on the board of directors pressing him about these two days?

He must be in a bad mood now, isn't he?

At the moment when she was wandering, yumochuan hung up, opened the door of the office and stood in front of her.

"Why don't you stand at the door?"

Language Mo Chuan to stay in the door of the cold pull into the office.

When she comes back, she has been pulled into the office by him and pushed to the door.

The tall figure of the man pressed towards him in an instant. He put his hands on her side and shrouded her in his shadow.

As the distance approached, his unique hormone breath went straight into his nostrils, and her heart beat faster.

Although I have a closer relationship with this man, I feel more nervous than ever when I am enveloped in his arms.

As a result, she grasped the finger of the door panel tightly, swallowed her saliva and said calmly:
"words Yumochuan, when did you come back? Are you tired?"

When she spoke, her face was white and red. Although she was the mother of a three-year-old, she was as shy as a little girl.

The language Mo Chuan mood swings, the section bone clear finger pinches her chin, gather in her ear, the voice hoarse way: "I miss you, do you miss me?"

With the sound of speaking, the warm breath came from the basin, and I felt that my heart was about to jump to my throat.

That kind of feeling makes her toes curl up.

She hardly dared to look into his bright eyes. She bit his bright red lip and said, "I miss you too!"

I want to, I want to!

With that, the room fell into silence.

Leng Bingbing thought yumochuan would say something. Unexpectedly, he was silent. Suddenly, he felt a little lost.

She clenched her lips and looked up carefully towards yumochuan.

The height difference between the two, she had to raise her head to see his face.

The man's eyes are bright, deeply staring at her white and delicate cheek, but there is no next action, the eyes look like looking at something.

Coldly unable to understand his eyes, he touched his cheek and asked, "what's the matter, is there something on my face?"

Yumochuan's long fingers gently rubbed her chin.

Bend down and kiss her on the lips.

This kiss, unspeakable tenderness, with a strong yearning.

He kisses her bit by bit, very patient.

Gradually turned into a storm, that gradually fierce force like to swallow her belly.

Two people get along for so long, just from his a move, coldly already guess what he wants to do.

They didn't see each other for several days, and she missed him very much.

There are some things that come naturally without explanation.

When lengbing was picked up and laid down on the big bed in the rest room, her reason gradually returned to her mind.

She turned over and said to the man who was taking off her clothes, "it's working time. The secretaries are outside!"

Yumochuan throws her white shirt on the ground, grabs her cold wrist with her powerful arm and pulls her back to the bed.

"It's OK, they dare not come in!"

"But..." Leng Bingbing still feels uneasy. It's in the office.

It's crazy!

The Secretary knew that she had come to the office, and sister Chang was waiting for her downstairs.

Language Mo Chuan forehead against her forehead, the tone of the mouth is sexy, with the pure desire of forbearance.

“Bingbing, we haven’t met today. Don’t you want to?”

Do you want to?

She blushed and bloodied, and was so ashamed that she wanted to find a hole in the ground.

Naturally, she wanted to. This morning, she had a dream of rolling with him.

Thinking of the dream, she covered her face and wanted to find a hole in the ground.

No face to see people, is she really hungry to this point?

The language Mo Chuan opens her hand, raises her chin, the evil spirit ground hooks a lip to smile.

“We are husband and wife. It’s normal for husband and wife to be in Dunlun. There’s no need to suppress ourselves.”

“.....” Colder face redder.

She buried her face in his arms and said in embarrassment, “don’t say that.” She is shy, even her ears are pink, very cute.

With a deep smile, he bent down and took a bite in her lovely ear.

The tone overbearing ground opens a way: “silly wench! Close your eyes, you don’t need to think about anything. Use your body, from hair to toes, to feel my existence

He closed his eyes coldly and could not help but whisper his name.

“Mochuan Mochuan...”

In the underground parking lot, Chang Wei keeps looking at his watch.

Half an hour passed, an hour passed, an hour and a half passed

It's almost afternoon, but I still don't see him coming down from upstairs.

She can understand that they didn't see each other for two days, so naturally they have a lot to say, but what can they say for more than an hour?

Is it too much to hang her in the parking lot for an hour or two!

Chang Wei didn't want to disturb their love, but she had other things to do, so she didn't have much time to wait for her.

Chang Wei takes out his mobile phone and dials a cold phone.

The mobile phone rang several times and was hung up suddenly.

Listening to the busy tone from the mobile phone, Chang Wei was stunned, “what is this girl doing? Why don't you take my call?”

Chang Wei hesitated for a moment, and finally got off the car and came to the top office of the president.

The secretaries in the office met her and said hello with a smile.

“Ms. Chang, what can I do for you?”

“What about your wife? Is she in the office? ”

The secretary took a look at the office. He went in coldly just now and didn't leave again.

The Secretary replied, “those who are still in it don't come out!”

Chang Wei nodded, “I have something urgent to ask the president's wife. Can you help me report it?”

What the hell is she doing? Why don't you answer the phone or go downstairs?

Knowing that Chang Wei was a cold friend, the Secretary politely said, “OK, no problem!”

The Secretary knocked on the door of the office, but there was no sound inside.

The door was not locked. The Secretary twisted the handle slightly and the door opened automatically.

The big office is empty.

Chang Wei looked at the Secretary and asked in surprise, “where are the people?”

As soon as the voice fell, I heard a broken voice begging for mercy from the lounge.

Chang Wei is stunned. When he reacts, his old face turns red.

Covering her face, she quickly pulled the door of the office.

This girl is really more and more shameful, let her wait in the parking lot, but she is happy here, bah!

Chang Wei despised coldly in his heart, but he still waited in the secretary room, waiting for the heartless woman to think of her after she finished.

In the rest room, the rain finally passed and the weather was calm.

I'm so tired that I don't even want to move.

Yumochuan takes her into his arms, reaches out to lift the sweat wet hair on her forehead, and looks at her tired, with an indescribable sense of satisfaction.

He pitifully dropped a kiss on her forehead, "sleep when you're tired. I'll wake you up when I get off work."

"Well..."

Coldly closed his eyes, from the nasal cavity issued a cold hum.

Obviously, at this time, she had already left Chang Wei out of the sky.

The company overstocked a lot of work, but yumochuan did not rush to leave, but deeply staring at the woman's red face.

She closed her eyes. Her long eyelashes were like two thick cattail fans, trembling gently, like a feather in her heart. It was itchy, and people couldn't help but want to kiss.

Yumochuan thinks so and does so.

He kisses her eyes, nose, mouth, cheek

Never tire of it. The more you kiss, the more addictive you are. It seems that you can't kiss enough.

Leng Bingbing was really tired. She didn't even notice that she was kissing her.

The language Mo Chuan listens to the ear side even breathing sound, the eyes gradually cool down.

He reached out, grabbed her mobile phone from the bedside table, easily conquered the password and entered the mobile phone home page.

Without hesitation, his fingers opened the call log.

Yesterday morning This morning

Both calls were to lengs!

Yumochuan's face suddenly sank. In his mind, he could not help thinking of Leng Si's sarcastic words, "yumochuan, who lost to me with a small disadvantage of 100000 yuan, is he very unconvinced?"

Just a hundred thousand dollars There is only one possibility, he appeared around the ghost, the premise of the company's offer revealed to Leng Si.

Besides ah Jin and him, the other person who comes into contact with the project quotation is

The sharp eyes of yumochuan look at the sleeping woman.

On the white swan neck, the blue necklace looks very dazzling. Yumochuan reaches out his hand and quietly takes down the necklace, pinching his fingers into his palm.

I'm too sleepy to know anything about it.

Chapter 1267

After waiting for another hour, Chang Wei finished watching all the little movies in his hand, and finally news came out of the president's office.

Chang Wei immediately put away his mobile phone and knocked on the door of the office.

"Come in!"

Men's magnetic voice, and restore the usual cold high cold.

Chang Weixin shudders.

Long term high position, let this man have a kind of detached momentum, even if it is a simple word, from his mouth there is a kind of arrogance, high taste.

Chang Wei was very angry at first, but he put down his posture at this time.

"Yuzong, where's Bingbing? I have something to do with Bingbing."

The language Mo Chuan face has no facial expression, the tone light way: "she fell asleep, inconvenient to see you!"

I often choke.

This person is too cheeky, they do that kind of shame thing in broad daylight, not shy at all, not even embarrassed at all.

Chang Wei suddenly didn't know what to say.

After a long time, she said: "I'll go first. You can tell her for me and contact me when she wakes up!"

"Yes

Mo Chuan's words are concise and comprehensive, and his words are as precious as gold.

Except for coldness, one more word could kill him.

Chang Wei

Didn't he recognize her politeness?

She has been waiting for her for so long. At least she called the girl out and made it clear?

Language Mo Chuan words, put it clear that even the big thing is not as important as my wife to sleep.

Chang Wei was stuffed with a mouthful of dog food.

Waiting for an afternoon, finally waiting for such a sentence, finally still can only leave.

Coldly opened his eyes, looking at the empty bed around him, a small loss surged up in his heart.

She got up and went to the bathroom for a shower. When she came out, she found that she couldn't wear any more clothes.

She looked aside at the wardrobe, her eyes flashing slightly.

Yumochuan is working hard when a soft boneless hand reaches out from behind and surrounds his neck.

“Mochuan...”

With a sweet and clear voice in his ears, yumochuan immediately closed the document, held the woman’s soft and boneless hand in his hand, and said with a smile, “up?”

He turned around and gave a whole meal.

Cold in his shirt, can cover the hip, a pair of long white legs straight.

Yumochuan’s sexy Adam’s apple rolled up and down, his eyes flashed with a touch of darkness, “are you sure you want to seduce me, aren’t you tired?”

Smell speech, cold small face you ground a red.

She regretted that she should not be mischievous. The end of teasing is not what she can afford.

Leng Bingbing quickly stepped back two steps, but as soon as he left, he was grabbed by the man’s wrist and sat her on his knee.

“Come on, what do you want to do?”

Yumochuan’s sexy mouth is filled with a smile.

He’s good-looking, and it’s tempting to look like that again.

Cold eyes flashed, suddenly made a bold decision, soft lotus arm climbing his neck.

“Yumochuan, I know everything about Yushi group. Is there any trouble this time?”

When she came in just now, she was distressed to hear him talk to the board of directors.

“Did the board of directors embarrass you?”

Language Mo Chuan a Leng, hold her finger to put at the side of the mouth again kiss and bite, light way:
“nothing! Don’t worry

“Oh, don’t bite!”

He giggled coldly and drew back his hand with a blush.

Coldly, he seems to have a clear idea of this matter, but he is not worried at all.

She was also relieved.

Looking at a woman’s delicate and beautiful face, yumochuan’s deep pupil is like a clear pool.

He has been watching her since he came back.

But even if she was as smart as him, she couldn’t see any flaw in her.

Is she pretending too well or

“Bingbing!” Yumochuan suddenly cried out.

“Well?” He blinks his big eyes and looks at yumochuan in doubt.

Yumochuan's fingers on his side quietly clenched, "you..." Did you help cold stone get the news? Which side is the heart facing?

He let himself not to care, but his heart is like a claw in the heart, there is no way to ignore.

Words to the mouth, but was interrupted by a melodious mobile phone ring.

This lovely ring tone is specially designed for her daughter, she immediately picked up the phone.

"Read?"

The other end of the mobile phone rang out a milky voice, discontented: "Mommy, when will you and dad go home?"

That voice sounds aggrieved, very cold. Originally said to go back to accompany her at noon, now can be good, almost at night.

"Mom will be back soon," she said with cold guilt

Leng Yinian said haughtily, "well, I'll give you an hour to get home, or I'll be angry!"

Through the phone, lengbing can also imagine her daughter's arrogant appearance.

"OK, I'll be back in an hour!"

Hung up the phone, coldly said in a hurry: "we have to go back, daughter at home should be worried!"

But Murakawa took her hand. "I have something else to do here. I'll let the driver see you off!"

"Ah?" Leng Bingbing looked at the wall clock behind him, "don't you go back? It's time to get off work!"

Yumochuan said apologetically, "I'm sorry, I have something else to do now..."

"Something else?"

A small loss surged up in lengbing's heart, but it was just a moment, and immediately raised a smiling face, "it's OK, you work hard, I'll go back to accompany my daughter!"

When something like this happens in the company, she should be more considerate and not give him any trouble.

Yumochuan grabs her hand and kisses her gently. "I'll let Lao Li see you off. Pay attention to safety on the way."

Coldly she was reluctant to leave, think about it, summon up the courage to kiss him on the cheek.

"Then finish your work and go home early! I'll wait for you at home! "

"Well, let's go!"

Coldly she stepped back to leave, language Mo Chuan helpless smile.

"If you look like this again, I may learn from the ancient despotic kings and go home with you regardless of anything."

He said coldly and half jokingly: "good! I hope you don't try so hard

As long as she has enough money, she doesn't want to be the richest man in the world. She really doesn't want yumochuan to work so hard. He should have his own life.

“Ai ~ ~”

in the end, it's yumochuan who delivers the building coldly.

Yumochuan personally told Lao Li, “take the young lady home safely, and call me back immediately when you arrive!”

“All right, young master!”

Lengbing stood aside, looking at the carefully admonished appearance of yumochuan, with a touch of sweetness in his heart.

“Yumochuan, I'll go!”

Language Mo Chuan smiles to pinch to pinch her pink tender cheek, “go!”

Seeing the car leave, the smile on yumochuan's face gradually cooled down.

Back in the office, he immediately called ah Jin.

“Sir, are you looking for me?”

Yumochuan takes out a necklace from his suit pocket and throws it in front of ah Jin.

“This is...” Ah Jin asked suspiciously.

The necklace looks familiar. It took me a while to remember that it was a cold necklace.

Ah Jin, be alert. There's something wrong with this necklace!

Language Mo Chuan wrung to wring eyebrow center, with lip language way: “check this necklace!”

“Yes! I’ll go at once

Ah Jin knew it was a big deal. He didn’t dare to delay. He put away his necklace and went out.

Chapter 1268

It was 12:00 a.m. when yumochuan got home from the company.

When yumochuan went to the door of the master bedroom, he didn’t push the door for the first time, but went to the children’s room.

My daughter is asleep.

The stars on the ceiling twinkle, and the children’s room at night is like sleeping under the stars.

On the pink bed, Leng Yinian’s face is red, and his mouth is red. He looks at a lovely little goldfish spitting bubbles in the water.

The language Mo Chuan sits in the bedside, staring at the daughter lovely appearance, gradually hook up lips.

This period of time is too busy, there is no time to accompany her daughter.

Thinking of this, yumochuan felt a strong sense of guilt.

He swore in his heart that he would spend more time with his daughter when this time was over.

Yumochuan helps Leng Yinian tuck in the quilt and comes to the master bedroom.

Open the door, the light in the room is still on, and the TV is still playing.

Language Mo Chuan Leng for a while, so late she did not sleep?

His eyes swept around the room and finally saw the figure in the corner of the sofa.

Leng Bingbing, with the remote control in her hand, fell asleep on the armrest of the sofa, drooling from the corner of her mouth.

Yumochuan's heart suddenly softened.

He went over, turned off the TV and picked her up from the sofa.

He opened his eyes coldly and vaguely, and a familiar handsome face was introduced into the fundus of his eyes.

She rubbed her eyes and said in a husky voice, "you're back! exhausted or not? I'll give you bath water!"

With that, she jumped down from him, ready to go to the bathroom to put water for him.

He's really tired after a day out.

But yumochuan went to hold her by the wrist, "I can do it myself! Just go to bed and lie down!"

Leng Bingbing was really sleepy. He yawned and lay on the bed.

“Then you go to take a bath and have an early rest.”

“Well, I see.”

The language Mo Chuan kisses on the smooth forehead, this just gets up to go to the bathroom.

Leng Bingbing opens her eyes and looks at yumochuan. The next second she closes her eyes again, and a smile of satisfaction appears on her lips.

Ten minutes later, yumochuan comes out of the bathroom.

Leng Bingbing fell asleep again.

I was hanging out with him in the lounge this afternoon, and now my whole body is aching.

Turn off the light, in the dark, yumochuan embraces her in her arms, but her deep eyes are so bright.

Cold subconsciously into his arms.

The language Mo Chuan hugged her a few, strong strength, seem to want to rub her into own body.

Don't be apart for the rest of your life.

In the dark, yumochuan stretched out her hand and stroked the outline of her face little by little with her thin cocoon fingers, which made her eyes more deep.

Girl, what should I do with you?

In fact, lengbing didn't fall asleep. He itched a little and reached for his finger.

"Stop it and go to sleep!"

The soft and waxy voice makes people's bones almost crisp.

Language Mo Chuan eyes a dark, Jun face close to her, in her face and neck forced to breathe.

Cold back a crisp, that point of bleary sleepiness instant ran out.

She suddenly opened her eyes, looked at the man who had turned over on her and swallowed.

"Words Yumochuan Don't..."

His breath began to smell.

The breath is hot, like the summer wind.

His thin lips, bit by bit in the neck upstream walk, bit by bit kissing, breathing more and more heavy, eating marrow Zhiwei.

Gradually, he was no longer satisfied with such a kiss.

He holds her waist in one hand, holds her head in the other, raises her head, and blocks her lips.

.....

The next morning, the sun shines through the gap between the curtains into the luxurious room, and the room is peaceful.

Coldly open your eyes, the body side has long been no one.

A little loss flashed in lengbing's heart. She turned over and rolled to the side where yumochuan used to sleep.

On the quilt and pillow, it seems that there is still the smell of his body. The light Mint smell is very good.

After staying in bed for a while, I got up and went to the bathroom.

The moment she looked in the mirror, she was stunned.

The white neck is full of very colored marks, but the neck is empty. Is the blue necklace missing?

Where's the necklace?

Coldly worried, she put down her toothbrush and went to the bedroom to search anxiously.

I searched all over and finally found it under my pillow.

She took the necklace and breathed a sigh of relief.

After a cold wash, go downstairs. Leng Yinian sits on her small dining chair and waves to her happily.

"Mommy, are you up?"

Looking at the happy smile on her daughter's face, she felt unspeakable satisfaction and happiness in her heart.

She asked with a smile, “Niannian, is there anything happy today?”

“Of course, there are happy things! Of course, Baba said that he would go home to send me to kindergarten at noon!”

“Kindergarten?” She sat down beside her daughter and asked curiously, “do you want to go to school?”

Niannian is already three years old. She is really old enough to go to school.

Her daughter is weak. She didn’t want to send her to school so soon.

How did yumochuan suddenly decide to send his daughter to school?

when I think of this, I feel a little reluctant.

But when I think about it, I think it’s right for yumochuan to do so. Her daughter can’t stay at home all the time without going to school.

This is probably the difference between father and mother. What mother thinks is that children should not suffer. What father thinks may be long-term.

Leng Yinian said happily: “yes! It’s boring at home. Although there are many aunts playing with me, I know that they have to do a lot of things. In fact, they don’t want to play with me so childish.”

Leng Bingbing can’t laugh or cry and scrapes on her small nose.

“You have many ideas! Well, did Ba Ba tell you anything?”

“He said he would pick us up at noon!”

Yumochuan back at noon?

“That’s OK,” she said with a cold smile! At noon, mom and dad will take you with them! Have breakfast first

“All right!”

Leng Bingbing put a steamed dumpling in Leng Yinian’s bowl. Mother and daughter ate it happily.

Leng Bingbing originally planned to spend a day with her daughter at home. However, as soon as she took her daughter to the garden at the gate to fly a kite, she received a strange phone call.

Coldly and suspiciously.

“Hello, I’m cold!”

“Mrs. Yu, I’m an employee of the wedding design room. I’d like to discuss the details of the wedding arrangement with you face to face. Please come to the seaside now!”

Their wedding ceremony was held by the sea. Without any doubt, they agreed: “OK! I’ll be right there! ”

Hung up the phone, coldly said to her daughter: “Niannian, mommy has something to do now, go out first, I will be back before noon!”

Leng Yinian said very wisely: “good! Mommy, you go! Be safe on the road

She said goodbye to her daughter and asked the driver to take her to the seaside.

Their wedding will be in three days. Maybe this decision is too hasty. She feels a little trance.

Thinking that they will be married in the presence of everyone, I feel a sense of happiness in my heart.

An hour later, the car stopped at the seaside, got off coldly, and said to the driver, "Lao Li, you wait for me here, I'll go and have a look!"

"Yes, young lady!"

Walk towards the sea.

The blue sponge, the white sand beach, the wedding stage is built on the grass on the beach.

Blue sky, white clouds, flowers, curtains, looks very romantic.

The wedding has always been handled by yumochuan. This is her first time here.

Sure enough, everything here is arranged according to her preference, and I don't know how much energy yumochuan spent.

When I think of it coldly, I feel very warm.

She grabs her cell phone and dials the employee's number.

"Hello, I've arrived at the seaside. Where are you?"

At the other end of the phone, a young voice rang out and said in an apologetic tone: "Mrs. Yu, I'm in the hotel next to me. I can't leave now. Can you come here to find me?"

Turn your head coldly and look not far away at the Blue Hotel standing by the sea.

The rest place for the wedding is arranged in this hotel.

Lengbing didn't think much about it. She put away her cell phone and walked towards the hotel.

At this time, on the second floor of the hotel, a man wearing a black windbreaker and sunglasses watched her every move with a telescope.

When I walk into the hotel, I suddenly feel a shadow behind me approaching me.

She was startled and turned around immediately.

A strange face appeared in front of her, looking at her fiercely.

"Ah

Leng Bing was startled and exclaimed.

However, before she could shout out, her mouth was covered. The next second, some irritating gas poured into her nose. She turned a white eye and fell down.

The man put his arm around her waist as if he were holding her.

Chapter 1269

Yumochuan finished his work in a hurry and came home before noon because he promised his daughter that he would have lunch with her at noon today.

Take her to kindergarten in the afternoon.

He knows that Niannian is weaker than other children, and he is very reluctant to give up. However, as the next successor of Yushi group, she has to bear the responsibility.

So no matter how cruel he is, he wants to send his daughter to school.

Yumochuan walks into the hall with his feet raised. He looks around and doesn't see the cold.

"Read!"

Leng Yinian is sitting on the sofa playing with a doll. Hearing the voice of yumochuan, he immediately drops the toy and jumps down from the sofa.

"Bully! You're back! "

It's too dangerous.

Language Mo Chuan wrung eyebrows, strode forward, steadily caught her daughter.

"Don't do such a dangerous thing next time, walk well!" he said with a cold face

Leng Yinian turned his lips and said in a low voice, "I know!"

"Alas

Language Mo Chuan also don't want to teach her daughter, daughter Du a Du mouth, he will feel that his daughter was wronged, can't help heartache.

If lengbing can still have a baby, he will definitely let her have another one.

Whether it's a boy or a girl, the pressure on Niannian is not so great.

A daughter should be spoiled. Even if she is spoiled, there is a father who supports her. No one dares to bully her.

But now there is no way. He just wants to be such a child. He has to be hard hearted when he doesn't want to do something.

He rubbed Leng Nian's round head with pity and asked gently, "Niannian, where's your mother?"

"Mom went out with the driver when she got the call!"

Smell speech, language Mo Chuan eyebrow heart suddenly a wrinkly, "receive whose phone?"

Leng Yinian recalled his mother's advice and replied, "my mother said that when she went to the seaside for her wedding, the staff there called her!"

Wedding?

Eyebrow suddenly a jump, in the heart flashed a bad premonition.

He was in charge of the wedding, and he had told the people in the wedding studio to contact him if they had something to do, so as not to disturb his wife.

Is

Yumochuan has a little flustered in his eyes. He anxiously takes out his mobile phone to call Leng Bingbing.

A sweet voice came from the phone, "sorry, the phone you dialed has been turned off!"

It turned off!

There's something exploding in my mind. Yumochuan holds his mobile phone and the blue veins on the back of his hand pop out.

Leng Yinian felt that his face was not right and asked cautiously, "what's the matter, Ba Ba? Is something wrong?"

Yumochuan puts down her daughter and keeps calm. She doesn't let her worry scare the children.

"Niannian, Ba Ba, go out. You are at home with Granny Wang. Don't go out!"

Cold a read don't understand the location of the next head, "Oh, I know, I will obediently obedient!"

Yumochuan hugs his daughter and kisses her. Then she gives Leng Bingbing to Wang Ma and leaves the door in a hurry.

As he strode to the door, he called ah Jin.

But the phone hasn't been dialed out, and the mobile phone rings first.

It's a string of code.

This person is obviously hiding his identity, even the phone number is virtual.

Yumochuan's fingers holding the mobile phone are so strong that they are almost crushed. Staring at the string of codes, his eyes burst out sharp cold light.

He took a deep breath, put it in his ear and said faintly, "who are you?"

The other end of the phone, obviously pause, "it's really worthy of yumochuan, this time can be calm!"

Language Mo Chuan light Chi way: "since everyone knows, know each other's purpose, less nonsense, directly say an address."

The other party burst out laughing, "Young Master Yu, you are really sincere. You know clearly that your woman has betrayed you, or you don't want her to be hurt at all!"

"Hum!" Cloud Mo Chuan cold Chi a, "I this life most can't stand is betrayal! She betrayed me. Do you think I would let her go so easily? "

"Is it?" The man laughed more triumphantly.

The rough voice after changing through the voice changer sounds very harsh.

"You're not right. How can you say that someone gave birth to a daughter for you? You're so heartless! You're the little money. Do you hate it so much? "

Language Mo Chuan don't want to listen to each other say a word more, cold voice way: "this doesn't seem to concern you!"

He's in a state of anxiety now, even though it looks calm on the surface.

"It's none of my business! But... " The man stopped for a moment on purpose, "but your woman is not sure. She is listening on the side now! How sad she is when you say that

"....." Yumochuan holds his fingers tightly."I want you to hear her voice."

An abandoned fishing boat, full of explosives, the air filled with a smell of gunpowder.

Leng Bingbing is tied up and thrown in the corner, and his mouth is pasted with tape. He can only make a whimpering sound.

A man in a black hood holds his cell phone to her ear.

He pinched her chin, put it in her ear and said, "did you hear that just now? He knows that you disclosed the news to Leng Si and that you betrayed him. He won't let you have a good time!"

Leng Bingbing has no strength to struggle any more. She leans on the boat with her head askew. Her red eyes stare at each other fiercely, hoping to bite a piece of meat from him.

Her heart was more desperate.

The crisis of Yushi group is all because of her

She never thought that her brother would take advantage of her!

Use her to approach yumochuan, use her to attract yumochuan's attention

All this is because of her, she has no face to face yumochuan.

The man looks at her hopeless helpless appearance, in the heart cannot say happy.

He carefully looked at the cold and pure face, and his eyes gradually showed a trace of madness.

"It's a pity to look so good! Why don't you follow me? As soon as it's over, we'll fly away!"

"....." Coldly leaning away from his fingers, his eyes glared at him with disdain.

What kind of man is a man who can only play tricks behind his back and dare not show his true face?

The man was thrown away, and his face became cold, but just for a moment, he began to smile again.

With a cheap smile on his face, "come and have a word with your husband."

With that, he pulled the tape off lengbing's mouth.

Lengbing shouts to the phone: "yumochuan, don't come! They're going to kill you! You must not come here Well

Before she finished, the phone was snatched away by the man and hung up.

The man was enraged, grabbed her hair and said: "he said he would revenge you. Why do you worry about him? When he's dead, don't you have nothing to do with it? "

Cold teeth, a spit spit on the man's face.

"Despicable, you have the ability to kill me!"

The man was spitting and slapped in the cold face.

Instead of being afraid, lengbing raised her face and her clear eyes glared at him stubbornly.

The man took back his hand and said with a smile, "good, good! When yumochuan dies, I'll let you be my woman! "

"Dream Well

Leng Bing's mouth was blocked again.

The man grabbed the mobile phone and dialed yumochuan's number again. Immediately, he said coldly, "xigangwan, you come alone, let me see the second person, I will let your woman die immediately!"

Then he hung up.

Listening to the busy sound from the mobile phone, yumochuan crushes the mobile phone screen in his hand.

He immediately dialed ah Jin's phone, gritted his teeth and yelled: "Bingbing has an accident!"

Ah Jin was surprised, "I'll go to prepare to save people right away!"

Yumochuan puts away his mobile phone, grabs the key from the driver's mobile phone, and drives to Xigang Bay in person.

Coldly listening to the conversation between the two people, panic to the extreme, heart beat jumped to the throat.

She hopes that yumochuan really wants to get back at her!

This plan is obviously aimed at him. Someone wants to kill him!

How can she stop this tragedy?

Chapter 1270

Lengbing thinks every minute is suffering, but now she is tied up and can't do anything!

The only thing we can do is pray for mochuan not to come.

However, her expectations are doomed to failure.

Half an hour later, yumochuan's tall and straight figure appeared on the shore.

Yumochuan

Apart from a certain distance, the two people's eyes meet in the air.

"No..."

She shook her head in despair and cried in her heart.

"Yumochuan, go! Let's go

Yumochuan stood on the bank, looking at her coldly, his expression was like looking at a stranger.

It's very cold.

He must have thought that she had tipped off her brother?

She didn't!

She really didn't!

Deng Jie did come to her and asked her to steal secrets from them, but she wouldn't do that. She didn't have the heart to hurt him.

Even though her brother always said that he had harmed their cold family's enemy, she didn't want to revenge him at all!

She didn't know what was wrong, but from the words of the man who kidnapped her, she could hear that the culprit was her!

Since I hate her so much, why are you still here?

Yumochuan, hurry up!

Cold can't speak, in the heart more anxious, can only use the eyes with tears, praying to look at the language Mo Chuan.

The man in the headgear saw the appearance of yumochuan, his eyes narrowed and a cold light flashed quickly.

That look, is clearly a look at the enemy.

"Hands up!" He called to yumochuan.

Yumochuan looks at him and raises his hand.

The man in the hood winked at him, and immediately two men came up and searched him carefully.

Yumochuan came out in a hurry, with nothing but a mobile phone.

The two men took his cell phone and kicked him in the knee.

"What are you staring at us for? Kneel down

"Well..."

The knee is full of stones, this kneeling bone is about to break.

The language Mo Chuan bites a lip, even the facial expression all doesn't change for a while.

His cool thin lip corners hook out a smile.

"If you have the ability to take off your hood, you can't even show your true face. What kind of man is that?"

The man wearing the hood, is proud, heard the language Mo Chuan provocative words, bit his teeth.

He took a look at lengbing, snorted and took off his hood, revealing a white, but somewhat feminine face.

His eyes widened in cold shock.

Deng Jie!

It's Deng Jie!

Did my brother make him do it?

Looking at the explosives in front of her coldly, her heart was extremely cold.

Is this the same brother who carried her all the way to the hospital on a rainy day and pointed a gun at the doctor and said, "if you can't save my sister, don't you live"?

A sense of coolness just rose from the sole of her feet and quickly ran to the four limbs, freezing her whole body. There was an instant blank in her brain.

It's beyond her reach.

When yumochuan and Deng Jie looked at each other for a long time, he recognized his identity.

This pair of hostile eyes, when Deng Jie went to Leng's home for the first time, he successfully captured them.

He thought that Teng Jie just obeyed Leng Si, but now he doesn't think so.

Deng Jie, who wants to kill him, has a great hatred for him.

Yumochuan laughed, "it's you! I thought it was someone who couldn't see the light!"

When Deng Jie thought of his father's death, he even had the heart to tear up yumochuan, but he had become his prisoner and could laugh.

Deng Jie's face became distorted and said, "yumochuan, do you remember the seven kills?"

Seven kills, one hears is some improper organization.

Yumochuan has been stationed at the border for several years, and I don't know how many illegal organizations have been destroyed.

However, the memory of the seven kills is still fresh.

Because their leader died at his gun.

It turns out that Deng Jie is the son of the leader of the seven killers.

The smile on yumochuan's face is bigger.

“It turned out that he was the son of a criminal. Is he a shameful man like your father?”

“Shut up

Deng Jie’s greatest admiration is his father, who is determined not to allow anyone to slander him.

These years, he lurks in Leng Si’s side, hopes to act as his running dog, is to wait for this opportunity now.

I’m afraid Leng never thought that one day he would use his sister as bait. Lengbing is really beautiful. When Mr. Lane said that he would introduce a girlfriend to him, he was really perfunctory.

But when he got to the restaurant and saw the woman coming from the door, he felt that he saw the angel.

Her smile is so bright, her voice is so beautiful

Instantly infected him, lit up his dark world.

However, after listening to her self introduction, he realized that he was the woman who killed his father’s enemy

Why, he finally fell in love with a woman, this woman turned out to be his enemy’s woman!

The world is so unfair to him!

Deng Jie’s face was full of malice.

He said with a smile to yumochuan, “now, on the count of three, you move a stone from the one in front of you and break your hand!”

What?

Cold face pale, struggling to get up from the ground,.

But her hands and feet were tied, and she got up and fell down, fell down and got up again.

The crystal clear tear overflows from the canthus of the eye, flows down the cheek.

“No...”

She cried in despair.

Don't do that! No!

Yumochuan's eyes turned red. He reached out and picked up a big stone and beat it down on his arm without hesitation.

With the sound of bone fracture, blood red drops slowly flow down yumochuan's arm, and the white shirt is dyed red immediately.

“Ah

The cold ground collapses to shout, suddenly expends the whole body strength to hit toward Deng Jie.

Deng Jie didn't expect lengbing to stand up. He was caught off guard and was hit in the water.

At this moment, yumochuan suddenly took the gun from the man around him.

Those people are not yumochuan's opponents at all. Deng Jie emerges from the water. However, at this moment, the noise of propeller comes from his head.

Deng Jie looked up and a bullet came straight at his face.

Deng Jie's pupils narrowed and he turned his head.

The bullet ran through his ear, and the sharp pain came.

Deng Jie cursed hard and wanted to get on the boat, but the people on the helicopter were staring at him with their machine guns.

He had no chance to escape to the ship.

Deng Jie reluctantly looked at the boat, thought of what, he sneered, into the water to escape.

The ship was full of explosives. Today, yumochuan can't live.

He didn't want to ignite the dynamite, but now

Cold, can you come down depends on your nature!

What a pity.

Watching yumochuan fight with those people coldly, a heart is about to jump out of his throat.

Yumochuan takes a look at lengbingbing, solves the last person and jumps on the boat.

His cold eyes were fixed on the arm that he hung down, and his eyes blurred quickly.

His hand was hurt, probably disabled.

Yumochuan walks up to her, removes the tape from her lips and unties her.

Lengbing wanted to jump into his arms, but he didn't dare to hug him.

He was covered in blood, and she didn't know where he was hurt.

She's worried about hurting him!

"Yumochuan How are you doing? Do you have something..."

She wants to say a lot to him, more to explain that she really did not betray him!

"Yumochuan, believe me, I didn't..." Betray you!

However, before he finished his cold words, he was interrupted by yumochuan.

"Stop it! If you have anything to do, go with ah Jin first!"

Ah Jin came down from the helicopter along the rope and stretched out his hand to lengbing.

"Sister in law, I'll take you to the plane first. We have to get out of here at once!"

It's really not a good place to talk.

Lengbing can't help looking back and looking at yumochuan, "let's go together!"

However, before the cold words were finished,

yumochuan's eyes gradually widened, strode forward and pushed cold out of the boat.

"Ah Jin, get her!"

Ah Jin was the most outstanding student in the special forces. At the moment when her cold and weak body flew out, he reached out and took her over.

At that moment, there was a loud bang.

The old ship was blown up into a fireball in that instant.

"My Lord

"Yumochuan!"

Screams of panic, accompanied by huge waves of fire, across the noisy sky.

Coldly looking at the burning fireball in front of her, her head was like a hammer hammered a few times, pain to crack. Frame by frame, the images come to mind.

She made an appointment with yumochuan to get a license from the Civil Affairs Bureau. They stood together to take photos. They were both a little different. The photographer told them to get closer

She quarrels with yumochuan, which makes him so angry that he has nothing to do with her

She dug a Begonia tree from her grandfather's garden. They hugged each other and planted it, kissing it in front of it

He's on business He said he would give her a wedding, and she secretly bought him a ring

Scene by scene, frame by frame, all turned into a car accident in the end.

Her body flew out, and she protected her stomach in panic, shouting the name of yumochuan in panic.

Suffocation and darkness, overwhelming toward her, the next second, her eyes a black, fainted.

"Sister in law!" Ah Jin screamed in panic.

"No! No

"Yumochuan!"

Leng Bingbing woke up screaming. It was dusk outside the window.

The room was quiet, deathly quiet.

The scenes before fainting poured into my mind, coldly lifted the quilt and ran downstairs without wearing shoes.
