

Passionate 1271

Chapter 1271

Wang Ma came from the door, looking at the cold and embarrassed appearance, worried and said: “young lady, where are you going?”

“Yumochuan! “Wang Ma, you tell me that he’s OK, don’t you? Is he OK? ”

Wang Ma comforted sadly: “young lady, don’t worry. I’m sure the young master won’t have an accident!”

She also heard ah Jin say that she had been fishing in the sea for several hours, but she still got nothing.

The ship was blown to pieces. No matter how bad the young master was, he was still a body. How could he resist

Leng Bingbing’s back bent in an instant. She let go of Wang Ma’s hand, as if she were several years old.

Yumochuan, you must hate her?

He loved her so much, but she forgot him, doubted him, didn’t believe him, and always wanted to escape from him

She was so stupid, was used, and finally let him come to this end.

The culprit of all this is her!

His mouth was filled with a smell of blood. He covered his heart coldly and cried and said with a smile, “mother Wang, that damned person is me, isn’t he?”

Mother Wang was surprised, "little Young lady, don't say such silly words! It's not your fault

"No..." Coldly and painfully, she was about to die. She squatted down in despair, "I'm sorry for him! I'm sorry all the time! It's me, damn it, it's all because of me! I forget him, forget him who loves me so much! I'm so stupid

Wang Ma was stunned. She reacted later and asked in disbelief: young lady, you have recovered your memory. Do you remember

"What's the use of remembering it?" she said with a bitter smile

It's too late, too late!

I owe him. I'll bet her my whole life.

If he is really gone and can't be found, she is willing to accompany him.

Wang Ma was shocked to see the resolution in her eyes.

"Young lady, don't do anything stupid. Think about Miss. Miss is so big. For Miss's sake, you can't have that kind of bad idea."

The whole person was stunned.

Yes, she has a daughter.

My daughter has nothing but her.

Niannian is yumochuan's only daughter, the crystallization of their love. She wants to educate their daughter for him.

Leng Yinian hid by the door, listening to the conversation between the two people, already full of tears.

"Mom, Dad's in trouble, isn't he?"

Leng Bingbing holds Leng Yinian in his arms and coaxes him in a soft voice: "it's OK, dad will be OK! You believe in mom

"I want to be Baba. Baba said that he would take me to kindergarten in the afternoon. My father also said that I should study hard and protect my mother when I grow up!"

Lengbing can't listen any more. She hugs her daughter and hugs her tightly.

"Niannian, I'm sorry! I'm sorry

It's all because of her!

Because of her!

If not for Niannian, because her daughter is still young, she just wants to jump into the sea and follow yumochuan.

One night later, ah Jin still didn't bring good news.

Leng Bingbing knows that yumochuan is in danger.

She knew how much dynamite had been put on the ship. She thought that as soon as Deng Jie left, the dynamite would be OK.

Hard steel was blown away, let alone a body.

One by one, her fingers ran across the room, caressing the big bed.

His face and voice are still in front of him. In the twinkling of an eye, they are different from each other.

The tears of cold and hard to stop fall down again.

How did he tell her to spend the long journey?

She forgot him, but will use a lifetime to punish her, language mochuan, you really good cruel heart!

Cold squatting at the foot of the bed crying, Wang Ma listened to her voice, brought a bowl of chicken soup.

“Young lady, don’t cry any more! You haven’t eaten or drunk all day long. If you go on like this, you will not be able to bear it. Come on, drink this bowl of chicken soup! ”

Dry your tears and shake your head, “I can’t eat it! Wang Ma, can you tell me something about him? What did he do after my accident? ”

She had an accident four years ago, and now he has.

Her heart is so painful that she can’t bear it. I don’t know if four years ago, he couldn’t breathe, just like himself?

Wang Ma sighed: “young master Young master, what a miserable life! I lost my parents when I was young. I finally met a loved one who had just got married, but something like that happened. When I heard the news of your accident, my old man had a heart attack and he left him.

“This double blow almost crushed the young master!”

“Grandfather...”

Leng Bingbing suddenly kneels out of the window. She really deserves to die!

To her good grandfather, she forgot him. He died because of her

She is a complete disaster for yumochuan.

If yumochuan didn't meet her in his life, would his life be much better.

But everything has no if, since things have happened, everything can only be forced to move forward.

Wang Ma added: “I wanted to keep it from you at first about your pregnancy, but that day you found the B-ultrasound sheet in the drawer. When you saw the B-ultrasound sheet, you vomited a mouthful of blood and fainted for three days and three nights. After waking up for three days and three nights Alas...”

Wang Ma stopped choking and couldn't speak. She reached out and wiped her tears.

Cold ice ice in the heart a clap Deng, Zheng Zheng ground asks a way: “after 3 days he how?”

“Three days later, when I woke up from the hospital, there was something wrong with the young master's eyes. There was no color any more. Everything in the world turned grey!”

“Why How could that be?”

Cold, the whole person is frozen, like being struck by lightning.

No wonder his clothes are labeled. No wonder his clothes are black and white.

It turned out that he could not see any color.

Wang Ma then said: "the doctor said it was because of excessive sadness and psychological factors. It can't be cured!"

"....." Sitting on the ground coldly, the whole person lost his soul.

Wang Ma doesn't know how to comfort her, but she also knows that she won't do stupid things, because she is reluctant to leave her daughter alone because of her yearning.

After Wang Ma left, she held yumochuan's clothes in her arms and stared out of the window.

The window was lying open, and the wind came into the room through the wide French windows, blowing the curtains and pulling up the hair on her cheek.

Eyes are red and swollen, tears flow down the corner of eyes silently

It was early in the morning. The next morning, just after dawn, mother Wang hurriedly opened the bedroom door.

"Young lady, ah Jin is looking for you downstairs. He looks worried. There should be something urgent!"

Smell speech, cold and gray eyes gradually overflow look.

"Did you find him? Is that right? "

Chapter 1272

"This..." "I don't know," Mummy Wang said, "why don't you go down and ask yourself?"

Cold as if hit chicken blood, immediately from the ground to get up.

He fell to the ground because he was too quick.

Squatting too long, legs like there are thousands of ants crawling, numb.

Wang Ma came forward to support her and said painfully, “young lady, if something really happens to young master, this family can only count on you. You must cheer up! Young master’s hard work, you can’t just watch these things, please others

A word, the success of the cold wake up.

Pale lips moved, firmly said: “Wang Ma, I know, I will be good, protect his things, waiting for him to come back!”

Wang Ma was relieved to see that she had figured it out.

“Young lady, it’s very kind of you to think so! Come on, I’ll help you. First go to the bathroom and have a shower, then go down to see ah Jin!”

“Good!”

Leng Bingbing came down to the bathroom with the help of Wang ma. With the help of Wang Ma, she took a bath in a hurry and cleaned the tears on her face.

Although a good clean up, but still hard to cover the face of haggard.

As soon as lengbing saw Ah Jin, she asked excitedly, “ah Jin, has he got news?”

She didn't care as long as she found him, as long as he was alive, even if he was ruined or disfigured.

Ah Jin looked at the light in his cold eyes and shook his head with guilt.

"Sister in law, it's my fault that I didn't protect you well!"

The light of her cold eyes immediately fell down. She shook her head with a bitter smile. "Ah Jin, I know you are comforting me, but it's because of me. It has nothing to do with you!"

"Sister in law..."

Knowing what he wanted to say, he interrupted, "stop talking. I won't do anything stupid! Niannian is OK. I selfishly can't leave my daughter and go with him! For me now, death is a relief, and living is torture!"

"Sister in law..." Ah Jin didn't know what to say to comfort her.

He never felt so stupid.

He remembered the business here and gave Leng Bingbing the yellow paper bag in his hand.

"Sister-in-law, this is what my father prepared early. Originally, he planned to give you the wedding gift when you were married. Now it seems that he gave it to you in advance!"

"Wedding present?" Coldly and suspiciously.

It's a thick pile. I don't know what it is. It looks like a file or something.

Ah Jin looked at her encouragingly, "open it and have a look!"

Coldly doubt to open the file bag, the introduction of a few big words, let coldly the whole person are stunned.

Open your eyes, I can't believe looking at ah Jin like that.

"Why did he prepare this in the morning? Did he have a premonition that such a day would come?"

There is no doubt that all of these documents are his property transfer letters, including his 51% shares in the bathroom group, which have all been transferred to her.

In other words, everything yumochuan owns, including shares, funds, fixed assets, non fixed assets

Now it's all hers.

A surge of suffocating pain came, so cold that the whole body was convulsing that the fingers holding the document were shaking.

She red eyes, questioning Jin, "what's the matter with you? Are you hiding something from me?"

Ah Jin twisted his eyebrows and hardly dared to look at Leng Bing.

"Sister-in-law, don't ask. It's also good for you."

"Yes? He didn't tell me anything. It's good for me to take risks alone Did he think about how I felt? After his accident..."

she choked coldly, and her throat seemed to be blocked by something. After a long time, she calmed down a little, gritted her teeth and said, "if something happens to him, what should I do?"

"I'm sorry, sister-in-law! But now I have some bad news. I dare not make my own decision. I want to discuss it with you before I make a decision!"

Looking at the serious expression on ah Jin's face, his heart was cold.

"What happened?"

Ah Jin said indignantly: "the directors of the company, when they heard that something had happened to him, they didn't know whether he was alive or dead. They all went to make trouble in the company and said they wanted to give them an explanation!"

Clench your fists coldly.

As soon as yumochuan's accident happened, everyone turned the tables.

He usually follows yumochuan and makes a lot of money. Now he has just had an accident, and he is ruthless.

Leng Bingbing clenched his fist and suddenly made a deep bow to ah Jin.

"Ah Jin, I can only rely on you for the company's affairs now!"

Ah Jin was surprised and helped her up.

"No! My Lord is very kind to me. If I don't have him, I won't be as good as Chen Jin today. I'll do my best in the company's affairs and I'll die! ""Thank you, Jin!" Said coldly.

"That's what I should do! Sister in law, I think you'll go to the company with me and make this document public. Otherwise, I'm afraid the stock price will plummet tomorrow

"Well, I'll go with you!"

Cold and pale face, is the firmness of all.

Now that something has happened to yumochuan, it's time for her to do something for him.

She thought all night and could not accept the fact that he had left her.

Four years ago, she fell down from the river with pregnancy. She could survive, and yumochuan would be OK.

She guarded the house for him, waiting for the day when he returned.

If he doesn't come back one day, she will wait one day. If he doesn't come back one month, she will wait one month. If he doesn't go home one year, she will wait one year. If he doesn't go home all her life, she will wait all her life

When lengbing and ah Jin came to the company, sure enough, the door was full of people.

As soon as the secretaries see the cold, it's like they see the Savior.

"Madam President, you are here at last!"

Standing cold at the door, his clear eyes swept the crowd one by one.

"What's the matter?"

The secretary was very angry and said, "young lady, the shareholders said that if the president has an accident, they want the company to give an explanation and re elect a chairman to control the overall situation of the company."

These shareholders usually do nothing and enjoy their success. As soon as the president has just had an accident, they take the lead in making trouble for fear that the world will not be in chaos.

As soon as lengbing appeared, a fat man came over with a heavy face.

“Nephew daughter-in-law, I’m the uncle of mochuan. We don’t want this to happen.

But Yu’s group is such a big group that it can’t have no owner in a day. The total number of employees in the company group is no less than 100000. If the company goes wrong, all these people will lose their jobs!

I also ask you to put the overall situation first and choose a responsible person to come out as soon as possible and take the position of chairman of the board.”

Looking at his hypocritical face coldly, he pinched his fingers into his palm and said with a sneer, “Shibo, right? Who do you think is the right seat? “

Chapter 1273

The man thought that lengbing was just a woman and didn’t take lengbing seriously. He thought that lengbing was afraid and agreed with him.

“According to the shareholding system, the board of directors should vote to decide!”

Coldly asked: “if I remember correctly, that is to absolute the other party’s voting proportion according to the number of shares, right?”

The man’s eyes flashed and he nodded, “yes!”

Coldly asked more specifically, “does that mean that anyone with 50% shares can decide everything in the company as long as he has a word, including who will be the chairman?”

“This...” The man’s face turned pale, but he soon began to smile again. “It’s right to say that, but the biggest shareholder of Yushi group is mochuan. Now that mochuan has an accident, his 51% voting right can’t be used!”

“What about me?” Cold, soft voice.

Although the tone is very light, but the tone is sonorous and powerful, the eyes are more firm than ever.

The man frowned slightly, “Bingbing, you are still young. I’m afraid you don’t know something. You can’t vote for shares! Only in person!”

This is obviously a bully, she is a woman.

Just after yumochuan’s accident, these people can’t wait to take over yumochuan’s position in the company. They even want to swallow his 51% shares.

Coldly, he tried to bear the anger in his heart. He took a deep breath, and the smile on his face became more innocent and simple.

“In that case, let’s go to the conference room! I don’t know what kind of system it is to stand here. I think Yushi group can’t live without yumochuan. Yumochuan is the only one who works, and the rest of the people are the ones who decorate the canteens!”

Cold voice is sweet, with a simple sweet smile on his face, but his words are sharp and sharp, just like a knife stabbing at everyone’s heart.

It took a while for the shareholders to react, and their faces turned ugly.

“How do you say that? Is he the sole agent of such a big company?”

Cold hands around the chest, clear eyes looking at the speaker, face smile.

“You said it yourself? Just now, who said that if something happened to yumochuan, it would happen to 100000 employees of the whole company? Is it a mule or a horse has the final say?”

Those people didn't expect lengbing to look young and light, look so good-looking, like a vase, didn't expect to say so sharp.

The shareholders got angry and said, “we are all your elders. Even yumochuan should be polite when she sees us. You are a little girl who dares to be rude to us. I think you are lack of education!”

“As we all know, I'm an orphan. It's not normal for me to have no father or mother and no education? But you, with your age, will be able to waste your time?”

“You The shareholders' faces changed with anger.

“Well, isn't it a meeting? Let's go! Don't waste your time

Pushing away the crowd coldly, stepping on high-heeled shoes and straightening back, he took the lead in walking towards the conference room.

That straight back, with her thin figure is not proportional.

The shareholders clenched their fists one by one.

It seems that this woman is not so easy to cheat!

But It doesn't matter. Isn't it just a woman?

Now that yumochuan is gone, her backers are gone. What else can she do?

Leng Bingbing sat down on the throne. On her beautiful face, she was indifferent. Her cold eyes swept everyone's unconvinced faces one by one. She said with a faint smile, "ah Jin, read out the document!"

"Yes

Ah Jin came forward and took out a document from the Yellow file bag.

He read aloud: "from today on, my 51% shares of yumochuan in Yushi group will be given to Ms. Leng Bingbing. It will take effect on a day off! Time..."

Ah Jin read out, the room was quiet for a few seconds, then everyone rioted.

"You lie! This document must be fake! What do you mean? Your nephew has just had an accident, and now his whereabouts are unknown. You woman will join an outsider to fight for the shares of the company, you wicked woman!"

Coldly leaning back on the sofa, coldly looking at a group of old guys, the expression jumped.

The secretary came in with the copied equity donation documents and sent them to everyone one by one.

"You see clearly, is this true or not?"

There were not only signatures and fingerprints of two people on the document, but also witnesses from the largest law firm in B city.

It's true.

Coldly bowed his head, looking at the document on the “language Mo Chuan” three words, heart like a knife.

This man

When on earth did he ask her to sign? What made her press her fingerprints?

This fool!

Yumochuan, where are you now? Will you come back soon?

She really doesn't like such occasions!

Cold nose a sour, she swallowed saliva, forced to the mouth of bitter swallow down, Yang Yang red lips.

“I think you all see that now I am the biggest shareholder of Yu's group! As you said just now, my 51% share is enough to assign anything to Yu's group, including who will be the chairman of the board!”

“.....”

Shareholders, you look at me, I look at you, full of unconvinced, but helpless.

This document has enough legal effect.

With a cold smile, he stood up and said, “since we have nothing to say! The position of the chairman of the board is still yumochuan. During this period, I will temporarily exercise the power of the chairman of the board, and now I appoint ajin as the vice president of the company, so I must be able to exercise the power on my behalf at all times!”

Ah Jin was stunned and pushed off in a panic: “madam! It's impossible

Leng Bingbing made a wink at ah Jin and interrupted: “ah Jin, it’s a special time now. It’s hard for you!”

“.....”

Ah Jin bowed coldly and deeply, and solemnly promised: “I will live up to the appointment given by the company. I will do my best to die!”

Shareholders watched coldly, and they also took ah Jin’s supreme power.

“You Are you not afraid of chilling everyone by doing so? ”

Leng Bingbing suddenly made a deep bow to everyone and said in a choked voice: “what happened today is really unreasonable! But Bingbing is a female, usually do not understand the company’s operation, the only thing I have is the love for yumochuan, his things, even if I die, I will protect for him! Please look at my sincere heart, give me a little time, also give yumochuan a little time, I believe he will come back! ”

She cried bitterly, but everyone knew that what she did was to give everyone a buffer step. It was not good for each other if she was too stiff.

The shareholders’ faces softened. “In this case, I’ll give you another month. If the company’s performance drops this month, you must choose a competent person to manage the company again after that month! It’s not a joke

He wiped his tears and said humbly, “thank you for your understanding.”

The shareholders scattered one after another and sat down on the chair coldly.

Ah Jin stood beside her with deep appreciation in her eyes.

“Sister in law, you’ve done a good job!”

It's beyond his imagination. Women who usually look very weak can show such explosive power and courage.

Coldly looking out of the window, but a smile, "where am I strong? It's just to reserve this position for him. Let it go!"

Ah Jin also felt sad.

"Sister-in-law, you will come back! It's going to be OK!"

Yumochuan is such a powerful man. Even if he is lost in the forest for a month, he can come back safely. If he rushes into the enemy's abdomen alone, he can come back intact. He doesn't believe it, so he leaves!

Lengbing stood up and said, "ah Jin, let's go to the office! Tell me what the company is going to do in the near future

"Good!"

Ah Jin reported the problems that the company needed to solve one by one.

Now the main problem is to deal with the failure of project bidding.

The capital invested this time is too strong. This loss has greatly damaged the vitality of the company. The most important thing is that it will hurt the share price of the company.

"Ah Jin, which company won the bid for the port investment project?" he thought coldly

Ah Jin was stunned and questioned: "don't you know?"

Coldly wring eyebrows, “should I know?”

Aware of his gaffe, ah Jin bowed slightly and said with regret, “I’m sorry! I thought you would know! ”

Looking at ah Jin’s hesitant attitude coldly, her delicate eyebrows wrinkled more tightly, and her heart beat suddenly.

“Morse group, isn’t it?”

Ah Jin nodded, “yes...”

“.....” Cold, the whole person is decadent.

No wonder Deng Jie said that yumochuan is today because of her

I racked my brains to think, how did my brother use her?

Suddenly I thought of something. I screwed my brow tightly and looked at ah Jin.

“Ah Jin, tell me the truth. Did he know that my brother was using me?”

Ah Jin looked at the blue necklace she was still wearing around lengbing’s neck and held it tightly with her fingers on her side. She almost said it impulsively.

But when he thought of yumochuan’s advice, he sighed heavily. Instead of answering her question, he seriously replied, “Yeh, he really loves you!”

Leng Bing Leng, then a cold hiss, tears down the corner of her eyes, she said with a smile: “he is not love, is silly!”“.....”

Cold silent wipe tears, face squeeze a smile.

“Don’t say that! You send more people to the seaside to find him. I’m sure he will come back! If I can’t wait for one year, I’ll wait for two years. If I can’t wait for two years, I’ll wait for three years. If I can’t wait for a lifetime, I’ll wait until the end of my life!”

Her voice was light but powerful.

Chapter 1274

Ah Jin moved and said: “don’t worry, I’ve sent more people. If I don’t find you, they won’t stop!”

Thinking of what, ah Jin’s eyes flashed and faltered: “sister-in-law, now I have bad news to tell you, you must hold on!”

“What’s the news? Say it, I can stand it

As long as it’s the news of yumochuan’s accident, she can stand anything.

Ah Jin was filled with indignation. “Just after receiving the news, the shareholders made a lot of trouble here. After returning home, they sold off the company’s shares. The exact news is that more than 30% of the individual shares have been acquired!”

“Thirty percent?” Looking at ah Jin coldly and shocked.

Although she has 51% in her hands, she is inexperienced. If the shares of the other party are not much different from her, and she is impeached by the board of directors at that time, the position of president will be ceded.

“Who?” Asked in a cold voice.

Ah Jin replied word by word: “Jintai international!”

“Brother?” Cold teeth.

It all makes sense!

From her return to China, her brother began to set up this net.

He must know the layout of Yushi group in Southeast Asia. He used her to get the project quotation of Yushi group and let Yushi group lose.

At the same time, when the working capital of Yushi group was limited, it wantonly acquired shares of Yushi group.

What a perfect plan.

This is really my brother’s style of doing things!

Biting her lips coldly, the lip was bitten and bleeding, and the salty taste filled her mouth, so she recovered.

With a cold hand, he pulled off the necklace around his neck, clenched his palm tightly, and said to ah Jin, “go and call the director of the propaganda department. I’ll talk to him about something!”

Now is not the time to be sad. The most important thing now is to solve problems.

Before yumochuan came back, she vowed that she would do her best to help him protect the company.

Ah Jin didn’t know what lengbing wanted to do, but he said without hesitation, “I’ll go right away.”

The cold adaptability is far beyond his imagination.

In the face of problems, she is not in a hurry. Even in the face of shareholders' common antiques, she can handle them with ease.

At the moment, he saw the shadow of yumochuan on lengbing.

After a while, ah Jin called the director of the propaganda department.

It is obvious that some people have heard about the morning and have different views on Leng Bingbing, a weak woman. Standing in front of Leng Bingbing, they can't help but respect her.

"Madam President, what do you call me?"

"Director Wang, sit down!"

Coldly put down his signature pen and looked at Mr. Wang solemnly.

"You must have known about the company. I'm calling you to discuss with you about the endorsement of the company!"

Yesterday's endorsement interview, there is no conclusion yet.

It's still a cold argument with another traffic star.

Coldly straight to the point and said: "I will not interfere with the final result of the spokesperson, but now I put forward a request as the acting president, and immediately find a professional shooting team to shoot a group of portraits for me!"

"Write "Photo?"

The director asked in shock, obviously not very clear about the cold words.

Now the company is imminent, this time to take a photo?

“Yes Coldly and firmly said: “you immediately contact, ready to professional team, immediately come to the office shooting! What’s more, I’ll contact someone later. I’ll shoot with her! ”

The director didn’t understand why lengbing did it, but looking at the firm expression on her face, he subconsciously wanted to believe her.

“OK, I’ll arrange it right away, and the team will be here in an hour!”

After Mr. Wang left, Leng Bingbing picked up her mobile phone and dialed a phone to go out.

Forty minutes later, the door of the president’s office was pushed open.

Song Xiaoya and Tian Yaoyao appear at the door.

When I saw song Xiaoya, I held back tears for a long time and collapsed again.

She gets up and pours into song Xiaoya’s arms.

“Sister song!”

“Ice Bingbing! Have you recovered your memory?” Song Xiaoya holds her shoulder in surprise.

Nodding coldly, she cried and laughed and said, “I’m sorry! I forgot all of you

“Silly girl! I’m not good, my sister didn’t take care of you!” Song Xiaoya said painfully.

This girl suffered too much, and she usually took care of two children, ignored her things.

“I’m the mother of a three-year-old. I’ve been a child for a long time,” she said with a sneer

Song Xiaoya painfully wiped the tears on her cheek, and her eyes flashed over.

“If there’s any elder sister you can help, just say it! Even if I can’t help, Mu Junhao can help! “Cold heart moved.

She not only forgot yumochuan, but also her good sisters.

She took song Xiaoya’s hand and said with a smile: “you asked you to come here just to ask you to help!”

After the director leaves, she calls song Xiaoya and asks song Xiaoya to come here with Tian Yaoyao to photograph and write with her.

After four years of hard work, Tian Yaoyao is now the “double Queen” in China.

Song Xiaoya is the wife of the president of Mu’s group and the representative of noble women. In recent years, because of her status as an agent, she has shown her love to Mu Junhao in public more than once, which is the envy of young women.

Leng Bingbing calls them to take a photo together to tell everyone that she is the president’s wife of Yu’s group, and her status is there. Even if something happens to Yu mochuan, she still has a backing.

Lengbing understood lengbing’s plan and gave a thumbs up with emotion.

“Bingbing, you’ve really grown up!”

It's no longer the Canary that was raised in the golden cage four years ago. It's so powerful that it can be independent.

Maybe that's her charm!

Make up, shoot.

Two hours later, a group of beautiful ladies' portraits appeared on the major networks, and in just two hours, they became hot searches on major platforms.

At the same time, song Xiaoya also gave her a big gift. She called Mu Junhao and asked Mu Junhao to use his private number to speak to Yu's group.

More than that, after Mu Junhao's voice, the other three of the four princes also forwarded their support one after another.

The crisis that might have been caused by yumochuan's accident was perfectly resolved.

When the stock market opened the next morning, although it opened at a low level, it made great progress in the later stage. Instead of falling, it went up at noon.

She wept with joy.

She knows that this is the result of the support from the four young masters.

She tidied up her mood, called one by one to express her thanks, and invited them to attend her and yumochuan's wedding the day after tomorrow.

When hearing the cold words, the other end of the phone is coincidentally silent.

How can the wedding go on when the bridegroom has an accident?

“Four years ago, he owes me the wedding. Four years later, he can’t run away. I can’t say anything to him,” he explained with a smile

After hearing this, everyone felt very heavy.

It doesn’t matter what she said, but people familiar with her know that she was deliberately calm. In fact, she didn’t know how hard she was suffering.

But life a lot of pain, not relatives and friends can help you to replace, can only rely on themselves to carry down.

They don’t know what else they can do for her other than blessing and support.

Chapter 1275

At the same time, in a seven star hotel.

Jiang Qing looked at the news on the Internet, holding the mouse finger white.

All of a sudden, she swept the table and smashed all the things that could be smashed in the room.

“Yumochuan, you gave all his shares to lengbing that bitch!”

When she was tired, she fell to the ground.

She lifted her sleeves to reveal a white arm.

If you look at it carefully, there are many small red spots on the naked skin. It looks shocking. At first glance, it is an infectious disease.

Her beautiful face was pale with a morbid twist of jealousy.

She is not reconciled, why could nothing, even got all the shares of the language group, and she was so hurt by Mo Tianci?

No! Lengbing is the damned one!

Jiang Qing laughs madly, "yumochuan is dead! He's dead! Cold, you can't be happy for the rest of your life!"

When Leng Bingbing receives Jiang Qing's call, he just returns to the president's office from the conference room.

This series of figures will never be forgotten.

Four years ago, this series of numbers constantly appeared on yumochuan's mobile phone, which made her misunderstand yumochuan, so that they couldn't be together for so long.

Coldly picked up the phone, voice line indifference, "Miss Jiang something?"

Knowing that lengbing would not welcome her, Jiang Qing said directly, "see you! Three o'clock in the afternoon, coffee

I don't have time now. I have something to say on the phone

"I'll be waiting for you there. I'll see you soon."

With that, Jiang Qing hung up directly.

Coldly put away the mobile phone, originally did not want to pay attention to her words.

But on second thought, Leng Bingbing changed his mind.

She called Ah Jin over and told her where she was going.

“I’ll meet Jiang Qing. You help me arrange the time!”

“I’m afraid that’s not right? Do you have to go?” Ah Jin worried.

Now, he has seen through the woman Jiang Qing. Looking back, he is disgusted to think that he once liked such a woman.

With a cold and mysterious smile, she said, “naturally I’m going to meet her. What does she want to do?”

She would like to meet Jiang Qing and ask her how much she has done in the project.

Jiang Qing used to work in Yushi and worked as an assistant of yumochuan. He knew more or less about the company.

Ah Jin saw her resolute attitude, had to say: “good! Go ahead. I’ll arrange more people for you. Jiang Qing won’t have the chance to hurt you.”

“Thank you!” he said coldly and sincerely

Ah Jin had liked Jiang Qing before, and now it’s rare to be able to help her wholeheartedly.

Ah Jin is still feeling guilty about what happened four years ago. After hearing this, he looks ashamed.

“Don’t be so polite to me, it’s all I should do!”

Coldly packed a bag, according to the agreement with Jiang Qing, came to Langshan cafe.

When I got off the bus, I had a cold meal. After thinking about it, I took out a pink ring from my bag and put it on my ring finger.

She raised her finger, pink diamond ring in the sun dazzling, particularly dazzling.

This diamond ring is a proposal ring given to her by yumochuan. Although she doesn’t wear it, she always carries it in her bag.

When lengbing walks into the coffee shop, Jiang Qing has been sitting by the window waiting for her.

There are not many people in the coffee shop. I can see Jiang Qing at a cold glance.

It was the first time in four years that she looked at her coldly and carefully.

Last time I glanced at her in the club, but at that time I was too sad to observe Jiang Qing. I ran away from the club in a hurry.

At this time, I saw Jiang Qing. After four years, she really changed a lot.

In her impression, Jiang Qing has always been arrogant, high above, the style of the first lady.

She has short hair and bright eyes.

at this time, she is still pretty, but her thick face can hardly hide her gaunt, and more importantly, the light in her eyes has been obliterated and become dead and deep.

Leng Bingbing stands in front of Jiang Qing. Jiang Qing looks up at her and says, "sit down!"

Leng Bingbing sat down in the position opposite her and said frankly, "what's the matter? Come on, I'm busy now

Jiang Qing looked at her up and down.

Although the eyes are red and swollen, it seems that they have cried hard, but their eyes are focused, and they are not very sad.

Leng Bingbing saw that she was staring at her all the time. She deliberately raised her finger and pinned a wisp of broken hair scattered on her cheek behind her head.

"If I don't, I'll go!"

Jiang Qing's sight was attracted by the ring on her ring finger, and the finger on her side tightly pinched into her palm. There was a twinkle of jealousy in his eyes.

But when she thought of something, she gave a cold hum.

"Cold, yumochuan is dead, your retribution has finally come!"

Yumochuan is dead

the look on the cold face gradually cooled down, and the sharp eyes looked at Jiang Qing coldly.

"Who said he was dead! He's not dead!"

Jiang Qing was shocked by her eyes, and her heart suddenly jumped, but soon she sneered.

“Leng Bingbing, you are so pitiful. Yumochuan is dead. You accept the truth Ah

Before Jiang Qing’s words were finished, he was interrupted by a cold slap.

Leng Bingbing stood up, clutching his painful palm, gritted his teeth and said, “would you like to try again?”

“You! How dare you hit me? ” Jiang Qing’s fingers were shaking with anger.

“What’s the matter with me? You should fight! ” Coldly way, “as early as four weeks ago, should put you in prison, four years later, as long as I want, I can also send you in!”

“You Jiang Qing was so angry that her lips were shaking.

She had never seen such a frigid air.

She did change.

Four years ago, she was a soft persimmon for her to knead.

Every time there is something between her and yumochuan, as long as she stirs up the flames a little, she believes it. She doesn’t even have the courage to go to yumochuan to prove it.

Like a cowardly dog, when things happen, they just hide and feel sad.

But now, she dares to stand in front of her and beat her and warn her!

Jiang Qing is mad. She raises her hand and fans her cold face.

However, as soon as she raised her hand, she was caught by lengbing and threw it fiercely. Jiang Qing's body stepped back several steps.

Lengbing stood up, squinted and threatened: "Jiang Qing, I'm not lengbing who was bullied by you four years ago. If you want to beat me, you'd better weigh your own weight!"

Jiang Qing holds the corner of the table and sneers loudly.

"Cold, what do you look like? If there is no yumochuan, who do you think you are

Chapter 1276

Leng Bingbing raised his chin and hissed, "it's my blessing that I can meet yumochuan! I'm just relying on him. What's the matter? what about you? Do you have a man who loves you? "

This remark is too lethal.

Ah Jin was listening at the door, but she was telling the truth.

All her strength comes from yumochuan.

But yumochuan is her husband, white and black, protected by law, who can say what?

"It's you!" Coldly pressing Jiang Qing's line of sight, red lips hook out proud sneer, "how about you? With the old man Mo Tianci, what can he give you? Does her daughter seem to be about your age? He can be your father. Are you happy to be a lover for such a man? "

This sentence makes Jiang Qing jump up.

She clenched her fist and ran to the cold with red eyes.

“Cold, I’ll kill you! Why didn’t you die four years ago?”

“Jiang Qing, you mean you admit that you wanted to kill me four years ago? It’s a pity that I’m so lucky that I didn’t succeed in death. I’ve let you down!”

“You! Cold, at the beginning I really regret, I should be faster, should kill you! Why don’t you just die?”

Jiang Qing roared bitterly, and didn’t feel that what she said now would have much influence on her.

Coldly grasp the mobile phone, expression suddenly become serious.

“Jiang Qing, let me ask you one last question. Is Mo Tianci using a blind method in the port project?”

Jiang Qing laughs happily, “I thought you could keep on pretending? I won’t tell you about this. I’ll tell you coldly that Mo Tianci’s strength is not what you can match! And you don’t know, your brother is Mo Tianci’s right-hand man. He has made great contribution to the success of this project!”

“.....”

“This is your good brother! You hurt Yumochuan’s heart because of your brother. You are so stupid! Do you regret it now?”

Coldly clenched her fist, Jiang Qing’s words fell in her ears, word by word, heart like a knife.

It’s all because she’s stupid!

What Jiang Qing said is not wrong at all!

Why did my brother do this to her? Even for the safety of her life

I don't want to think about it any more.

With a cold smile, he said: "Jiang Qing, I've already said that. Next time I won't be so easy to talk! Spend the rest of your life in prison

"What?" Jiang Qing picked the eyebrow, then laughed angrily, "four years ago, yumochuan didn't send me to prison, do you think it's up to you?"

Coldly raised the mobile phone in the hand, raised the beautiful lips, "you just said those words, but I did not drop to record for you, how should explain you to say with the police!"

Jiang Qing's face suddenly changed, and his eyes were wide and cold with hatred.

"Cold, you wretch!"

Coldly indifferent, shrugged and said with a smile, "I'm really mean, but you are a murderer! Goodbye, murderer

With that, lengbing didn't want to say a word to Jiang Qing. She twisted her bag and walked towards the door in her high-heeled shoes.

Jiang Qing grabs the coffee cup on the table and runs towards her like crazy.

"Cold, go to hell!"

However, the cup in her hand did not fall on her cold head, but was grasped by a powerful big hand.

Ah Jin stood in front of her with cold eyes.

“Jiang Qing, don’t be stubborn again!”

“Ah Jin Jiang Qing opened his eyes and glared at ah Jin angrily, “get out of here! Get out of my way

In fact, there is no big difference between that lofty tone and that in front of the four sides.

Ah Jin thought of the past, only felt that the past was unbearable.

At his best age, he loved such a woman with all his heart!

Ah Jin pushed away Jiang Qing’s hand in disgust, and his tone was cold without a trace of temperature.

“Jiang Qing, do it yourself!”

With that, he left the cafe with cold protection.

After a while, the police car came.

Jiang Qing just went to the door of the coffee shop and was about to run away when he was caught by the police.

Cold sitting in the back of the car, watching Jiang Qing handcuffed, forced into the police car, her heart no waves.

Did she win?

No!

In three people's feelings, no one is the winner.

That missing four years, those painful results, never come back!

"Ah Jin, drive!"

He rubbed his eyebrows wearily, drew back his eyes and headed for the cab.

When the car was driving on the way, the cold mobile phone suddenly rang out.

Looking down, it was a string of familiar numbers. The man's clear and low voice came, "Bingbing, are you ok? I heard something happened to you

Listen to that anxious tone, only moved in the past.

But at this time, Leng Bingbing sneered and laughed, "brother, do you think it's necessary to still say such words against your will? Are you not the one who planned all this?"

Leng Si listens to lengbing hoarseness geology to ask, he is distressed extremely, anxious explanation way.

"Bingbing, I'm sorry, please believe me! It wasn't my idea to kidnap you! I really didn't want to hurt you, please believe me?"

Deng Jie did the kidnapping without telling him.

he also investigated Deng Jiecai after his accident. He knew that guy had deceived him in his hiding status.

He was used by Deng Jie.

Leng Si took a deep breath and said, "Bingbing, we are each other's only relatives in the world. You are my only sister. How can I joke about your life safety?"

"You didn't do it. What about the financial statements?"

Can you tell me how you used me to get the financial statements

"Report?"

Leng Si got excited. "He deserves it! What do you think Yumochuan is! He has the same eyes as those child brothers. He doesn't pay attention to us at all."

He closed his eyes coldly, and when he opened them again, his eyes were filled with disappointment.

"Brother! He didn't apologize to you or Leng Jia at all. When do you want to cheat me?"

Leng Si asked in a worried way: "Have you recovered your memory?"

"Yes! I've got my memory back!"

Coldly covering his heart, red eyes, heartache to roar: "but I would rather I die, you know? I watched the ship explode in front of me. Yumochuan is still on the ship. Do you know how painful my heart is?"

"....."

"Brother, how can you do this to me?"

Leng Si clenched his fingers and retorted: "Yumochuan didn't apologize to our Leng family, but what's the difference between him and Mu Junhao? Growing up with a golden key, a face above the world

Chapter 1277

Cold heartache incomparable, “because of the hatred of Mu Junhao, in order to be able to defeat the Mu group, you can not break the means? You use my feelings with yumochuan to help you win Yushi group. Next, will you use Yushi group to deal with mu? That’s your ultimate goal, isn’t it? ”

Leng Si is pierced idea, in the heart flashed a few angry.

“So what? As a man is to have means! They have a strong family background, born is the person of life, I have nothing! If I don’t fight for it, what can I get? Who can help me? ”

“Brother, is father not good enough for you? Treat you as your own son, even give Leng’s group to you! I regard you as my only relative and trust you, but what about you?

Why did you put me in this situation?

Yumochuan is my favorite man, he is my husband, is my life and Niannian rely on! You’ve ruined my dependence, you know? ”

“.....”

There was silence on the other end of the phone.

Dry the wet meaning on the canthus of eyes coldly, “there is nothing to say between us. After you have your, I have mine, and there is no relationship any more!”

With that, Leng Bingbing would hang up.

Leng Si’s hoarse voice was a little anxious, “Bingbing! Listen to me! I’m in China now. Where are you now? Shall I come to you? Shall we talk to each other face to face? ”

“Bingbing, you tell me an address. I’ll pick you up right away. We’ll go back to Brunei!”

“Do you think I will go to Brunei with you? From then on, we’ll end our friendship. I’m not your sister, and you’re not my brother! ”

“Bingbing!”

Leng Si’s painful voice came from the other end of the mobile phone and hung up coldly.

Holding her cell phone, she buried her face in her knees and burst into tears.

She has always respected Youjia’s brother. How could she do this to her?

Through the rearview mirror, ah Jin looks at the sad cold, breathes out a big breath, and his grip on the steering wheel gradually relaxes.

Just now, he was really afraid to hear from lengbing that she and lengsi were together.

If that’s the case, it’s not worth it!

Fortunately, my bet is right!

.....

Two days later, Yushi group was full of joy.

Because today is the wedding day for the president and his wife.

After eight o’clock in the morning, every employee of Yu’s group received a red envelope from the president’s wife.

This century wedding was not cancelled because of the disappearance of yumochuan.

Everyone received the red envelope and said congratulations with a smile on his face, but his heart was heavy.

We have heard the story of yumochuan and lengbing for a long time.

This pair of beautiful women, is really too bitter.

After so much suffering, we can't wait for a wedding!

At the same time, we also feel shocked by the cold practice.

The president may be dead, but his wife still insists on the wedding.

Do you want to wait for the president all your life?

But she is still so young, less than 30 years old, this long road of life, how to spend in the future?

When everyone is worried about the coldness, the client sits in front of the make-up mirror, Like brides all over the world, elaborately dressing himself.

Looking at the oval full-length mirror, I looked distressed, "I seem to be thin, can't hold up the wedding dress?"

"And the veil. Can you move it down a little bit? Is it too high?"

"And..."

Coldly and constantly to the dressing room with advice, meticulous.

Today, she wants to marry the man she loves most. She wants to be the most beautiful bride in the world. She wants to make men all over the world admire her. She doesn't want to disgrace him.

Wearing the wedding dress designed by yumochuan herself, she smiles at the delicate woman in the mirror and says in her heart: yumochuan, do you see it? Is your bride beautiful?

White sand, blue sky and white clouds, water and sky, white gulls flying freely in the blue sky, a peaceful scene.

On the wedding scene, the long red carpet stretches for ten miles, the flower decorated style, the round stage is full of flower balls and curtains, the breeze blows, and the curtain swings in the wind, and the air is filled with the fragrance of flowers.

At the banquet, there are celebrities, politicians and stars from all walks of life.

However, this wedding is different from other weddings. Generally, the wedding guests are happy and smiling.

But now, the wedding scene is dead, and even occasionally you can hear a few sighs of regret.

Yu Qing, sitting at the head of the banquet, was already in tears.

Today is my nephew's wedding, she should be happy, but tears can't stop flowing. Yumochuan is missing, but Bingbing insists on holding today's wedding, saying that yumochuan owes her!

This is not because yumochuan owes her. She is expressing her determination to the whole world. No matter what happens to yumochuan, whether she is alive or dead, it will not change her determination to marry him.

Li mingjue put his arm around her shoulder and wiped her tears painfully.

“Don’t do that, Qingqing! The child should be sad to see you crying like this! ”

“But I can’t help it! What do you say to do now? What will Bingbing do in the future? The child is so young

Li mingjue comforted: “haven’t you found it yet? Since we haven’t found it, it means there is still hope! ”

A year ago, Li mingjue retired from that position and began to travel around the world with Yu Qing.

Hearing the news that yumochuan is going to get married, they just came back from abroad.

Yuqing knew that it was really inappropriate to cry on such an occasion. She wiped away her tears and said to Li mingjue, “Bingbing has no parents. She is a poor child. Since she wants to hold this wedding, we elders should make it beautiful.”

They have been together for such a long time. As soon as Yu Qing speaks, Li mingjue knows what she wants to do.

He said with a warm smile, “good! Don’t worry. I’ll recognize Bingbing as a dry daughter, so that she will have parents. She won’t be alone any more

“Well!” Yu Qing finally broke her tears into a smile.

The door of the dressing room was pushed open. She turned around and looked at the door in surprise.

“Words...”

“Bingbing, how are you getting ready? Is there anything I can do for my aunt? ”

Yuqing's soft and sweet voice came into my ears.

The expectant smile on her cold face gradually became stiff, but only in a moment, she raised her smile again.

"Auntie, can you help me? Do you think my make-up is OK?"

She chagrined and said, "I didn't sleep well last night. Today, my face is swollen. Isn't that ugly?"

"It's not ugly, it's beautiful!" Yu Qing's face was distressed, "we Bingbing are the most beautiful brides in the world!"

Coldly shy, "really? I wonder if he'll like it when he sees it? "

It's a pity that he didn't see such a beautiful woman.

Chapter 1278

Yu Qing managed to hold back her tears. When she heard this, she almost burst into tears again.

Even though Yu Qing is old, she still keeps a gentle smile on her delicate face.

"He will like it. My aunt believes that he will not let you go. You are so good and love him so much. How can he have the heart to leave you?"

Coldly coy smile, Du Du ruddy lips, smile: "I also think so! He'll come back for sure

“Well! It will be Yu Qing said in a choked voice.

She sniffed, forced the tears in her eyes down, “Bingbing, aunt has something to tell you.”

“What’s the matter?”

“The Baron and I have decided to take you as our adopted daughter. What do you think?”

Cold surprise ground stares big eyes, “really can?”? It’s my honor to be your adopted daughter

But at the thought of something, she tooted her lips in distress.

“But, if I become your adopted daughter, I’ll be cousins with yumochuan. Isn’t that right?”

“.....”

Yu Qing was stunned and said with a smile: “silly child, it’s only adopted daughter, not brother and sister! In fact, my aunt just can’t bear to see your wedding so lonely. You don’t have any parents. My brother and sister-in-law left early, and no adult presided over the overall situation for you. I feel very sad! ”

Cold eyes slightly red, heart moved.

She hugged Yu Qing and said sweetly, “Mom, Dad, thank you.”

“Good boy! Mother’s good daughter

Li mingjue patted Yu Qing on the shoulder and said with a smile, “don’t cry, Qing Qing! Bingbing’s face is not good when she cries! ”

Yu Qing quickly let go of Leng Bing, wiped his tears and broke his tears into a smile: “yes! It’s my mistake. I shouldn’t cry on such a good day!”

Li mingjue held a big red box in his hand and handed it to Leng Bingbing.

“Bingbing, this is a wedding gift from your parents! When the wedding is over, your parents will show you the elders one by one

“Thank you

Coldly took the gift box.

Open, a green hairpin lying quietly in the box lattice.

Leng Bingbing was the daughter of Leng family before she was 18 years old. She had never seen anything good.

This hairpin is very valuable at a glance. It is not an ordinary thing.

“No! I can’t take it! This gift is too expensive!”

Yu Qing explained:” Bingbing, you must keep this hairpin! This is my father Your grandfather gave it to me when he died! He said, “he doesn’t believe you have an accident like this. When you come back, I will give you my hairpin!”

“Grandfather...”

Such a good grandfather, she did not see the last side.

Cold heart remorse to the extreme.

Thinking of her father, Yu Qing saw a layer of mist in front of her eyes. She took a cold hand and squeezed a smile on her face.

“This hairpin it’s said that when his mother married him, she wore this hairpin on her head. Her mother died early, and her father always took this hairpin with him. It’s his favorite thing. You must take good care of it!”

Holding the box tightly, the tears in my eyes were spinning.

“Don’t worry, I will take good care of it!”

“Well, what a good boy!”

Yu Qing gave a cold hug again.

Mother and daughter are talking, the door of the dressing room was suddenly rudely pushed open.

With a bang, everyone looked at the door.

Leng Si’s tall figure came from the door with great anger.

“Brother?”

Leng Bingbing was looking at the comer clearly. Her little face immediately became cold. She clenched her fist tightly and asked, “what are you doing here?”

Leng Si looked at her wedding dress and felt very sad. She strode forward and held her cold hand.

“Come with me! Stop fooling around! Marriage is not an impulse, it’s a lifetime thing!”

Li mingjue stood in front of lengbing warily and cheered to lengsi coldly: "lengsi! Let go of Bingbing's hand, this is not the place where you can be arrogant! "

"Mr. Li, this is between me and my sister. I won't hurt my sister!"

Leng Si admired Li mingjue.

Maybe the hero cherishes the hero. Li mingjue can make a comeback when he becomes a prisoner. Li mingjue is the person he admires most, and his tone has slowed down a little.

Li mingjue frowned and looked at lengbing.

Leng Bingbing gently shook his head at him.

Li mingjue sighed and pulled Yu Qing back. "Let them make it clear."

There really needs to be a good conversation between lengbing and lengsi."Release me first!"

Coldly waved Leng Si's hand, looking at his eyes extremely cold, "Leng Si, what kind of position do you use to persuade me?"

Leng Si's heart was aching, "don't make a fool of yourself, OK? You are sober. Now is not the time for mischief. You are not even 30 years old. Are you going to be widowed for yumochuan? "

"What did you say?" Cold fingers are shaking, big eyes angrily staring at Leng Si, "who said he was dead? Who said that? He's not dead at all

That clenched fist, the appearance of red eyes, very like to work hard with people.

In that way, if anyone dares to say that yumochuan is gone, she will fight with anyone.

Leng Bingbing fell into Leng Si's eyes and kneaded his eyebrows helplessly.

He finally let go of his cold hand and said, "I understand you. You love him crazy now! Years are long. Have you ever thought about the future? Have you ever thought about it? "

"I can take care of her!"

Coldly and definitely retorted, "as for my future life, I am an adult, and I will be responsible myself!"

"You Leng Si was annoyed by her words and laughed, "you are really stubborn!"

"Yes! I am stubborn! Who made me who I am? "

Cold red eyes, heartache geology asked: "when you use me with ease, think I'm your sister?"? Are you worried about your brother and sister? You don't have! Since I didn't have it at that time, I'm not qualified to manage me now! "

Women's eyes with tears, Leng Si finally softened down.

Leng Si put his hands on Leng Bing's shoulders and asked, "I didn't do the kidnapping! I swear, I never wanted to hurt you! Please believe me

In the face of Leng Si's affectionate words, Leng Bing's heart has no waves, and even feels ironic.

What she never understood was how her brother used her?

Coldly raised chin, don't let tears flow down.

“It’s no use saying that now! If you really have a little conscience, you will let the dead man understand, how do you use me? ”

“.....” Leng Si sword eyebrow deep collect, cold voice way, “this matter later I will give you an account!”

Chapter 1279

“No need!”

Lengbing suddenly grabs the bag from the dressing table and takes out the Blue Necklace from the innermost interlayer.

The huge male pendant reflects beautiful light under the light of crystal lamp.

“It’s a necklace, isn’t it?”

“.....” Leng Si picked his eyebrows, and his eyes flashed a hint of coolness.

Only this one look, coldly then all understood.

She sneered at herself, “it’s not what I asked for in the temple, it’s not a talisman at all! It’s a micro monitor. You started your plan the day I came back, right

“Bingbing...”

He did count on her, but he didn’t want to hurt her.

Coldly angry extremely counter smile, “my favorite brother, but always want to use me!”

She clenched the necklace in her hand, suddenly opened the window and threw it out to the sea.

“It’s over! It’s all over! I’ll never be that stupid again

“.....”

“Today is my wedding. If you are here to make trouble, you are not welcome here! Please leave

Cold angry face, without a trace of hesitation.

Leng Si looked at her firm little face, clenched her fist, took a deep breath, and slammed out the door.

“Cold, you will regret it later!”

Looking at the closed door, a sneer, “regret? I will never regret it

She owes the language Mo Chuan, is not clear all one’s life, how can regret?

Li mingjue and Yuqing come forward worried.

“Bingbing, actually Just now Leng Si said that you are still so young It’s still time, if you don’t want to...”

Before Yu Qing’s words were finished, she was interrupted by a cold affirmative voice.

“I won’t regret it! My biggest wish in my life is to marry yumochuan. No matter where he is, I am his wife! He’ll never get rid of me again in his life!”

“This...”

Yuqing knew that she would not listen to what she said now, so she patted her on the shoulder and said, “OK! You can do whatever you want. Just do it. Your parents will always support you!”

Li mingjue also echoed: "yes, your mother and I will support you!"

"Thank you, Dad! Thank you, mom Said coldly and gratefully.

Just then, the staff came to remind: "is the bride ready? The ceremony will begin soon

Yu Qing gently wiped the tears from the corner of her eyes with a tissue.

"Don't cry, the auspicious time will start soon!"

"Well!" Cold ice sucked nose, palm big small face squeeze out a smile.

Yuqing quickly called to the make-up artist, "come on, you come to mend the make-up for the bride!"

Ten minutes later, after the wedding host's long opening speech, Leng Bingbing and yumochuan's love VCR were played. In the joyful music, Leng Bingbing came from the red carpet with Li mingjue's arm.

Under the guests' table, there were thunderous applause, cheers and cheers.

Cold eyes with a smile, step by step toward the oath desk.

Every step is extremely sacred, as if the most important thing in life has finally been completed.

The priest looked at the beautiful bride and the empty site beside her, where the groom was supposed to be. He shook his head slightly and sighed. Then he held the Bible. Lang Lang read: "today, under the witness of the Lord, Mr. yumochuan and Ms. Leng Bingbing are married..."

Before the priest finished reading, he was drowned by the loud noise from the sky.

The sound of “buzzing” is very similar to the noise of the propeller of an airplane.

The wind, blowing the curtain, also blowing her long wedding dress skirt, flying in the wind.

Everyone was stunned and looked up at the sky.

The helicopter stopped ten meters away from the swearing platform. The door opened and a long ladder was put down.

All the people hold their breath and look at the sky, and don't know where the divine will come.

And the cold black and white eyes staring at the door, holding the flower fingers shaking, the heart is about to jump to the throat.

There was a voice in her heart, but she was worried that she could not bear the huge gap and tried to suppress herself.

Soft body tight to the extreme, as if gently pull can break.

In the eyes of people's expectation or doubt, a tall figure appeared at the gate.

He was wearing a black handmade suit with a big red rose pin pinned on his pocket, which made him look like a European and American male model.

Black hair, soft hair all combed to the back of the head, revealing bright and clean full forehead, deep and distinct features.

Dark eyes tightly lock the white petite figure in the crowd. It's like a whirlpool in the deep sea, trying to absorb his little woman.

Step by step, towards her.

Cheng Liang's shoes are stepping on the red carpet step by step.

"Da, Da, Da..."

Her cold eyes looked at the man who was walking towards her for a moment. All the voices around her were automatically blocked, and her brain was blank.

Nothing to see, nothing to hear, all sounds of silence.

In her eyes, in her heart, there is only the man who has been missing so much that she is crazy these days.

Yumochuan finally stands in front of her, droops his eyes, looks at the woman who is stunned but extremely beautiful.

His woman.

Holding her face in both hands, he bowed his head and kissed her on her red lips.

At the moment when the skin is touching each other, all the fear, darkness and dust are settled.

The long sailing ship came to the shore, and the tired birds came to their nests.

However, when yumochuan is ready to pry her teeth, lengbing suddenly tries her best to push him.

"Yumochuan, you bastard! You liar

Lengbing reaches out her hand and hammers yumochuan's chest. When she falls down the second time, she takes back her hand.

I don't know if he was hurt? Is it serious?

Yumochuan knows that she loves herself. He pulls her into his arms and hugs her tightly.

"Wife! I'm back!"

Struggling coldly, "let me go!"

"No!"

Coldly struggling for a while, see him more forcefully holding himself, also dare not move in disorder.

This man cheated her so hard!

But now is not the time to settle accounts, coldly raised his chin, forced the tears in his eyes back.

Now is not the time to cry, wait for her bridal makeup to spend, she just don't want to be the ugliest bride in the world because of this bastard!

At this time, the guests all reacted. They didn't know who was leading the hair out and whistled, and then the scene was jubilant.

Yumochuan didn't die. She came back to attend the wedding!

Although we don't understand what's going on, we really feel happy for them.

Chapter 1280

Song Xiaoya has the best relationship with lengbing. Seeing this scene, she has been crying in Mu Junhao's arms for a long time.

This silly girl, finally waiting for her spring, her happiness!

Wenqiao was also held in his arms by Li Fengbei. Li Fengbei gave her a kiss on her forehead. She was also deeply moved.

It's not easy for two people to be together, so we should cherish them!

Wen Qiao gave a kiss on Li Fengbei's face, put it in his ear and said passionately, "husband, I love you!"

Li Fengbei's eyes brightened, pinched her waist which she didn't look at Yingying, bowed her head and gave her a kiss on her purplish red lips.

"Me too! I love you

With that, they looked at each other with a smile, and in each other's eyes were unspeakable feelings for each other.

With ten fingers tightly clasped, they turned their heads and looked at a couple of beautiful women on the oath stand. They all showed a blessing smile.

"Mr. yumochuan, from now on, he will marry Miss Leng Bingbing. No matter how old she is or how sick she is, he will never leave her. He will take care of her, protect her and become her life-long dependence. Will you?"

"I will!"

Amid the applause and cheers of the guests, yumochuan replied loudly, putting the ring on the cold ring finger.

He hugged lengbing excitedly, "wife! I finally married you

Holding yumochuan coldly and tightly, he has the joy of recovery, the anger of being cheated, and the joy of marrying his beloved.

All kinds of emotions in the heart repeatedly agitated, even if overturned the Wuwei bottle, Wuwei miscellaneous Chen.

Marriage is a very happy thing, but also a very tiring thing.

When the wedding ceremony was finished, lengbing felt that her hands and feet were no longer her own, and her whole body was paralyzed. She just wanted to find a place to sit down.

It's a pity that the guests haven't completely dispersed, so we need to deal with them one by one.

Yumochuan stood beside her. When she couldn't help reaching for her waist, she whispered in her ear: "go and have a rest! I'll deal with it here!"

Cold ice stares at him one eye, pulls apart with his distance.

This is her wedding. This is the only time in her life. No matter how tired you are, you should stick to it until the end, otherwise it will be incomplete.

At ordinary times, if yumochuan is so considerate to her, she must feel very happy. But now she just looks at yumochuan. Who told him to cheat himself on such an important day.

Yumochuan

Knowing that he was wrong, he kneaded his eyebrows helplessly.

“Stand here and wait for me!” Yumochuan roared.

See him turn around to walk away, cold tip of heart a jump, in the heart flashed a nervous, “Hey, language Mo Chuan, where are you going?”

Yumochuan stopped and gave her a gentle smile. “Wait for me. I’ll be right back.”

Icy: “I’m not...”

Looking at the back of yumochuan, I subconsciously grasp the dress skirt.

Just came back from life and death, she didn’t want him to leave for a moment, and she didn’t want him to leave her sight for a moment.

However, she just ignored him, and now she could not save face to hold him.

It seems that I have no backbone!

As soon as this person left sight, she was as if she had been pulled out of her soul.

Fortunately, after a while, yumochuan came back.

He was holding a pair of slippers in his hand, squatting in front of her, holding her feet and taking off her high heels.

“Tired? Put on these shoes

Leng Bingbing quickly shrunk her feet and said, “don’t! I’ll do it myself

Standing for a day, now the weather is a little hot, a little sweat.

But the language Mo Chuan stubbornly grasps her foot, the tone is firm gentle, “don’t move, I wear for you!”

He didn’t dislike her dirty feet at all. Holding them in his palm was like holding a rare treasure.

Looking at his gentle appearance coldly, a warm spring welled up in my heart.

This man is so tender all the time.

“It’s much more comfortable. Don’t stand for so long in high heels next time!”

Language Mo Chuan says, raise a head to come, whole person all Leng.

The woman looked at him, big eyes covered with crystal tears, a piece of fog.

It’s pathetic.

Language Mo Chuan heart is about to melt, a cold pull into the arms, affectionately comfort: “don’t cry! Watching you cry is more painful than directly stabbing in your heart! ”

“You...” cheat!

Leng Bingbing put his hand on his shoulder and hit him. When he got to his mouth, he slipped back again.

Today is their wedding. She doesn’t want to fight with him here.

She has always loved and hated this man.

Even if the heart hate teeth itch, but still scruple his face, reluctant to accuse him half a sentence in front of the public. Leng Bingbing finally puts her hand around yumochuan's waist.

Song Xiaoya, holding the two babies, walks towards them with a smile on her face.

"Congratulations, I wish you a long life together and a long life together!"

"Thank you

At this time, a tender voice said, "aunt Bingbing, Yanyan, I wish you and uncle mochuan happiness forever!"

The little girl is song Ruiyan, whose nickname is Yanyan.

Four years ago, shortly after the cold accident, song Xiaoya gave birth to a daughter.

This daughter is the treasure in Mu Junhao's heart. Don't mention bumping. Even if she doesn't follow her hair, he has to worry about who she is.

Yan Yan is also very cute. She looks like a little rice ball.

He held her in his hand and gave her a kiss on her face.

"How are you, Yanyan! Would you like to come to your aunt's house often? There is a three-year-old sister in my aunt's family. She is beautiful and lovely with you. You will love each other! "

“I’ve heard my mother say for a long time that my aunt gave birth to a very lovely little sister! It’s so good, I want my mother to give me another sister, but my mother said nothing, I really like my sister

The child’s mouth is unstoppable. It’s getting farther and farther away.

Song Xiaoya had no choice but to interrupt: “Yanyan, you say sister is sister, don’t talk about mother!”

It’s enough to have two. She doesn’t want to experience the pain of having a baby for the third time.

Yanyan curls her lips wrongly towards song Xiaoya.

“My sister is here. I’ll call her over,” she said with a cold smile

Leng Yinian just acted as a flower boy at the wedding.

You are Leng Yinian. You are not very well all the time. Leng Bing worries that she is tired and gives her to Yu Qing.

Cold eyes look around and wave to Leng Yinian.

“Niannian, this way!”

Leng Yinian saw this and ran towards lengbing with her short legs, holding her thigh intimately.

“Mom!”

She opened her eyes curiously, looking at the unfamiliar uncles and aunts in front of her, as well as her brothers and sisters.

Leng Bingbing and Niannian introduced everyone’s identities one by one.
