## Chapter 131

Any man can't bear to see such a picture.

Since you can't resist, it's better to try to take the initiative to accept it, which can make the damage less.

It's just The body can yield. What about the soul?

In the mirror, a woman's white and beautiful body, without a trace of redundant flesh, is graceful and smooth.

Because of having two children, it has the taste of a mature woman.

Seaweed like black hair naturally falls on both sides of the cheek, more and more sets off the white face with clear outline and beautiful facial features.

She pulled the bathrobe beside her and put it on her, blocking the beautiful scenery.

He tied a loose knot around his waist and walked out of the bathroom.

.....

After Li Fengbei left Wen Qiao in bed, he went to the company.

In the spacious and luxurious modern intelligent office, Mu Junhao sits on the sofa with his legs crossed.

Looking at the man who was buried in his work, he was gloating and holding a bad smile on his face, "North brother, I heard that your woman ran away with others! And being caught in bed?"

It's a pity to be able to see the green grass on the top of Li Fengbei's head in one's lifetime!

When I was a child, I was bullied by him. It seemed that I had revenge.

As soon as the voice fell, a hard folder flew over.

Mu Jun was so surprised that he couldn't avoid it.

The document directly hit a blue and white porcelain vase on the side of the body, and the vase broke in response to the sound.

Mu Junhao's face turned green. "Lying trough, North brother, this is murder! If I didn't escape just now, I would be disfigured. My beautiful face is ruined. How can I go to pick up girls again?"

At the thought of not being able to pick up girls in his life, he is not a good person.

Pick up a girl?

Li Feng's pen in his North finger suddenly raised his head from the high file.

Sen Leng's eyes narrowed slightly, and a dangerous light bloomed.

The next second, he dropped his pen, got up, took a long step toward the sofa.

Mu Junhao thought that he was angry, and hurriedly begged for mercy, "brother Bei, I'm kidding! Women thousands of millions, this can not change one, ha ha! There's no need to be so serious!"

Li Fengbei sat down in the position opposite him, his eyebrows slightly frowning, his eyes looking up and down at Mu Junhao, as if thinking about something, and his face hesitated.

Mu Junhao was numb at his heart, his hands around the chest, watching him warily, "North brother, don't look at me with such eyes, my orientation is very normal!"

This guy won't be stimulated by winjo and become fond of men, will he?

Help! He doesn't want to make friends with him. There are a lot of girls waiting to be soaked!

Li Fengbei's brow twisted deeper and wrinkled into a Sichuan character.

Mu Junhao can't stand it any more, "North brother, if you have any words, just say it quickly. I can't stand your eyes like this!"

Li Feng North eyes with disgust, "Why are so many women around you? Are they all devoted to you?"

"What?"

No! This guy has never cared about how many women he has. Won't he be stimulated by Wenqiao and want them to be monks with him?

"Maybe Am I handsome? Impressed by my charm?"

"Teach me!" Li Feng North look chagrined, "teach me, how can you let a woman fall in love with me?"

"Ha?" Mu Junhao startled his chin, reflected what he meant, laughed, covered his stomach and rolled on the sofa.

"Teach you how to pick up girls? Ha ha ha! It's really killing me. The iron tree of a thousand years has finally blossomed!"

Zhinan, like Li Fengbei, even has such a day. He thinks he wants to be single to the end!

"Say it or not?" Li Feng beipingsheng "... " Li Fengbei picked up the ashtray again.

I lost it!

"No, no, no! Take it easy Mu Junhao said placidly and snatched the "murder weapon" in his hand.

Nima, is that the attitude of asking for help? I almost lost my life.

Li Fengbei said coldly, "go on! Talk to people

Mu Junhao choked, which of his words is not human words, he is serious, OK? It doesn't make sense to this man!

It's no wonder that with such good conditions, I've been single for 30 years, and I'm still single by strength.

After thinking about it, he said in an easy to understand way: "women are sentimental creatures. You should show your kindness to her and move her, but you can't be too straightforward and the attempt can't be too obvious, or you will scare her away!"

Li Feng North picked pick eyebrows.

Is it because his intention to her is so obvious that she wants to escape?

When Mu Junhao saw that he was thinking seriously, he was very pleased and said more and more energetically.

"Woman is a strange creature! You should be nice to her, but not too nice. You should hold her in your hand, be indifferent to her properly, be close to her, and keep a distance from her.... "Li Fengbei was so confused that he said, "well, you can go away!"

"Why? What happened? Is what I said wrong? This is all the wisdom I've got from picking up girls for half my life! Oh, you don't listen! I'm going

Mu Junhao got up and left.

"Come back!" Li Feng North harshly scolded: "give me an explanation!"

Mu Junhao was happy and went back.

Two big men spent a whole day discussing how to pick up girls.

When Mu Junhao left, he was still in his mind. He went to the bookstore and turned back. He had a few more books in his hand.

"Love classic", "chasing wife in pattern", "thirty six emotions", "how to be a charming man" and so on, are all spread out on the high-end desk of lifengbei.

When Li Fengbei saw the messy titles of the books, his face turned green and he threw them directly into the garbage can.

Mu Junhao, looking at his shriveled face, was in a good mood and went home with a smile on his face.

He can't wait to find someone to share Li Fengbei's interesting story. However, when he returns home, he finds that song Xiaoya is gone.

.....

It was evening when Li Fengbei returned to the castle.

Mu Junhao told him that he couldn't push the woman too hard and let her see what he was trying to do. He specially waited for the castle to go back after dinner.

Give her some time alone with the children and make her happy in the castle, so she won't always want to leave.

Sitting in the car, he suddenly remembered something in his mind. He called Bai Yichen again, "I accept your proposal last time, and you can arrange it!"

The first thing to go back to the castle is to ask housekeeper Lin, "what's Wenqiao doing?"

Housekeeper Lin's eyes twinkled: "since she came back, miss Wenqiao hasn't gone out or eaten. She says she has no appetite! Even..."

"Even what? When did you become so hesitant?" Li Fengbei frowned impatiently.

"She didn't even open the door when the children called her!"

Li Fengbei had a bad premonition, and his eyebrows jumped straight.

Don't you do stupid things again?

A fluster flashed in my heart, and I ran upstairs.

He pushed the door open. "Wenjo! Joe..."

However, he was completely stunned by the scene.

## **Chapter 132**

Wenqiao had been waiting for Li Fengbei, but he didn't come back all afternoon, which didn't make her feel better. On the contrary, as time went by, he was delaying her.

It's like a prisoner waiting to be executed, and Li Fengbei is the executioner with a butcher's knife. The knife will fall at any time, but he doesn't know which second it will fall. That kind of suffering.

When the footsteps of "daddada" in lifengbei sounded in the corridor, her heart rose.

But This time, she couldn't escape.

He kicked the door angrily and called out her name.

Although she was ready, her heart still trembled with fear, and then, like a conditioned reflex, before he had done anything to her, she suddenly got up and opened the waist band of her bathrobe.

After the previous two times, she did not want to let herself passive, rather than escape, as active.

Isn't that what he wants to achieve?

White bathrobe along the incense shoulder, all the way down, in the blink of an eye, the whole body under any cover are not.

The white skin is like the first-class lanolin jade, and the long black hair like seaweed falls naturally. The black and white strongly impact men's vision.

In the deep pupil of the man, there is a flash of hot light. Suddenly, his whole body is tense. A stream of heat rises from the soles of his feet. What do you want to break through

“Don’t be impulsive, young master. If you have something to say, please...” Housekeeper Lin followed Li Fengbei anxiously, worried that they would quarrel again.

Li Fengbei’s eyes sank and he yelled: “don’t come here!”

“Why? Young master...”

“Down! No one is allowed to come up without my order Li Feng North sound line is very cold, directly into the room.

“Bang”, the door was closed, and then, “Bata”, the door was locked.

Wenqiao turned her back to the door, and the sound came into her ears one after another. Her body trembled reflexively. She clenched her hand without any trace, so that she would not be nervous or afraid.

She hypnotizes herself repeatedly, isn’t it a body? Bear with it and it’s over.

Li Fengbei looked at her back, but her brain was still confused.

He couldn’t understand why she suddenly made such a move? What do you want to do?

Isn’t she always against him?

He is not a gentleman, not to mention his own woman. Since he saw her and Xu Tianyu on the bed in the morning, he wanted to take off her clothes.

What can a man and a woman do in bed? You can’t just chat under the covers!

I really want to tear open her clothes and have a good inspection. Has anything happened to them?

But in the end or hold back, since she returned to his side, he decided to turn the page.

Fortunately, there is no trace on her fair skin

Even he didn’t realize it, and his heart finally fell down. Even his depressed mood for a whole day suddenly became better.

“Joe...” He hugged her from behind.

Li Fengbei’s lips kiss down.

Wenjo’s body was getting tense.

She nervously closed her eyes and tried not to run away.

Suddenly, with a light body, she was put on the bed.

The kiss fell down, his action with a bit eager, lips from the neck up, catch her lips.

She was even more afraid, and her fingers subconsciously grasped the sheets under her body.

Long and slender eyelashes, shaking uneasily.

“Wu ~ ~” a low cry, finally can not help but overflow lips.

When he heard the subtle sound, Li Fengbei was stiff and raised his head.

On a woman's white cheek, her eyelashes quiver with their restless frequency, her fingers cling to the sheet, and her knuckles turn white.

Oh, this expression is really a little solemn and stirring? I thought she figured it out

Just like a bucket of cold water poured on his heart, that hot heart suddenly cold down.

Thinking of what Mu Junhao said to him, he couldn't force her any more.

"Wenjo, you don't have to look like that! I won't touch you again until you don't want to!"

The man pursed his lips tightly, and the deep eyes stayed on her white face for a few seconds. Then he turned over and straightened up his slightly messy clothes, and went out without looking back.

With a bang, the door was shut.

With a quiver of eyelashes, Wenqiao opened his eyes, got up from the bed and looked at the closed door.

Like this? Like a dead fish?

Do you think she is not active enough? So you won't touch her again?

As soon as Li Fengbei left, the maid brought up the meal. "Miss Wenqiao, this is your dinner!"

"I don't eat it!"

After the confrontation with Li Fengbei, she felt exhausted and lazy. "No way! The young master ordered..."

"Young master, young master He has the final say, what do I mean by that?"

I don't know what happened. Wenjo broke out all of a sudden.

Now she doesn't want to hear a word about Li Fengbei.

The maid looked at her for a while and saw that she didn't plan to get up. Her eyes were red and looked very aggrieved.

Dare not provoke her again, carry food to go downstairs afresh.

Li Fengbei came out of the study and saw the food in the maid's hand. His face was slightly cool.

"Young master!" The maid bowed her head to say hello and wanted to leave.

"Wait! She didn't eat?" Ask in a cold voice.

The maid was afraid and stammered, "yes It's..."

"Every day today?" The tone was a little cold again.

The maid didn't dare to look him in the eye, her head was lower, and even her fingers were shaking, "yes..."

“Go down!”

“Yes

The servants in the castle are afraid of him, especially when he is cold, which means he is very angry.

Li Fengbei clenched his hand, and the blue veins on his forehead burst out.

He let her go just now. Is she still fighting him with a hunger strike?

The chest heaved and puffed, with a strong sense of anger.

He went back to the room and saw that she was lying on the bed, with an expression of lovelessness on her face.

“Why not eat?”

“Ah -”

under the quilt, Wen Qiaohua looks like a fish, and he wears nothing.

After he left just now, he felt that all his strength had drained away, so he stuffed himself into the quilt and didn't bother to find clothes to wear.

### **Chapter 133**

“.....”

A woman's beautiful body suddenly bumps into her eyes, and a man's body becomes tense.

I didn't expect that she didn't wear any clothes. Did she plan to wear no clothes at home?

Just now I promised her that I would not touch her until she wanted to. Suddenly I felt that I would lift a stone and hit my own foot. If she had been wandering in front of him without clothes, he could not promise not to move her.

Oh, this goblin, the number of times that tormented him is higher!

Winjo had snatched the quilt, wrapped himself in it again, and stared at him in horror.

If you know what he's thinking, you'll probably vomit blood.

She didn't expect that he would turn back so soon. She thought that he had seen her without clothes all over again. She was blushing and looked down at him.

It's a shame.

“Alas A sigh, almost inaudible, overflowed from the man's low alcohol voice, he had no choice but to speak, voice a little hoarse, “put on your clothes, get up to eat, next time you tempt me like this, what I just said will be invalid!”

Smell speech, Wen Qiao Zheng for a while, immediately move quickly to get up, wrap oneself with quilt, entered cloakroom.

After a while, they dressed up and came out.

Li Feng stood by the bed and looked at her actions. He was really defending him like a wolf. His eyes were deep.

Woman, one day, I will make you willing!

On the revolving stairs, Wen Qiao cleverly followed Li Fengbei's back side, wringing the hem of his dress uneasily.

For his uncertain temper, she did not dare to have any more extravagant hopes.

Heart panic, carefully looked up in the past, tall he, face gloomy, a face unhappy, handsome eyebrows, straight nose, jaw line taut tightly.

His attitude, in the end, let her go, or want to torture her in another way?

"Mommy

"Auntie!"

Just when she couldn't think of a reason, two neat voices came from the stairway.

Ann immediately jumped up with her short legs. Her big eyes, full of water, turned red when she saw Wenqiao. She looked aggrieved and said, "Auntie, why do you want to leave Ann? Is Ann not good enough? You don't like me?"

Wenqiao's heart rolled up, she squatted down, holding An'an's small body, comforted: "Auntie doesn't like you, An'an is very good, it's Auntie is not good enough! Aunt is bad

Li Feng North in the side looking at, in the heart cold hiss.

This woman, the mouth sounds good, is not the same to run? If you are willing to admit a mistake with him, it will not be like this!

"Go to dinner!" Really can't go down, he coldly dropped this sentence, left the villa.

Wenqiao saw him go away, took two steamed buns by the hand and sat down on the dining room chair.

"Chenchen, how are you?"

She looked up and down Chenchen and saw that he was ok, so her heart fell to the ground.

"Mommy, I'm fine! But..." Chen Chen lowered his eyebrows and muttered, "but The godmother is locked up by the bad uncle!"

"What?" Wenjo screamed in shock.

When she comes back to the castle and learns that Li Fengbei is not in trouble, Chen Chen's heart falls to the ground. She thinks that Xiao Ya is OK, but Li Fengbei will lock her up.

With Li Fengbei's nickname in city B – living hell, none of the people who offended him had a good end. Her heart beat to her throat.

No way!

She has to save Xiaoya from him.

But How can she be saved?

She found that she was so useless. When she met something, she didn't know what to do and lost her sense of propriety.

I picked up a few mouthfuls of rice in a hurry. I don't know what the food tastes like. It tastes like Jue wax.

After dinner, she coaxed the child to sleep, so she hurriedly found housekeeper Lin.

"Housekeeper Lin, do you know where Li Fengbei keeps Xiaoya?"

Housekeeper Lin shook his head with a smile of his signboard. "We don't dare to interfere with the affairs of the young master."

"....." She immediately knew that housekeeper Lin did not dare to tell her without Li Fengbei's order.

Wenqiao lost to go upstairs, took the initiative to come to the master bedroom, holding pillow, nest on the sofa waiting for Li Feng North.

But this evening, Li Fengbei didn't return all night.

The next day, the sun gradually rose above the ground level, blooming with golden light.

The birds in the forest began to chirp.

Wenqiao was frozen to death. He opened his eyes vaguely and found that he was sleeping on the sofa. The room was empty and there was no man at all.

For a moment, Li Fengbei seldom spent the night outside. It seems that except that night, this is the second time

Last time I was angry. This time? What's the reason?

Wen Qiao can't figure out Li Fengbei's idea. Thinking about saving Xiaoya, he quickly washes down the stairs. In the corridor on the second floor, there was a revolving staircase. As soon as Wen Qiao was ready to go downstairs, he heard a noise coming from downstairs.

Why?

She wondered in her heart that the servants in the castle didn't dare to speak loudly. This is the rule here. Who is so bold as to make such a big noise as if they are going to move? Aren't they afraid of being punished?

Out of curiosity, she quickened her pace to go downstairs, but met several servants at the stairs.

The servant came upstairs with the suitcase in his hand.

Encountering Wenqiao who came down the stairs, several people were stunned at first, then looked at each other, stopped to say hello, "good morning, miss Wenqiao!"

“Good morning Wen Qiao sees their movement in the eye, the delicate eyebrow slightly twists.

Coming downstairs with doubts, I saw housekeeper Lin talking to a woman standing at the door.

The attitude is very respectful. I think this woman is the guest of honor of the castle.

They didn't say for long. Housekeeper Lin found Wenqiao standing at the stairs and pointed her direction to the woman. The woman looked at her and said something. Housekeeper Lin nodded with a smile.

Housekeeper Lin made a gesture to the woman, and then walked back and forth in the direction of the hall.

Winjo was worried. Were they talking about her just now? What about her?

She is not used to being the focus of the crowd, nor to dealing with strangers. She turns around and wants to leave.

But in my mind, the servants' meaningful eyes, her feet as if nailed, unable to move half a minute, watched housekeeper Lin lead the woman into the door.

At a glance from afar, women are beautiful. They are tall, with perfect S-curve, forward and backward.

From far and near, Wenqiao saw the woman more clearly, and there was a flash of surprise in the deep of her pupils.

Red skirt elegant, red lips evil, a pair of autumn water cut eyes, look around circulation, the corner of the eye brow are with amorous feelings, can be refined facial features combined like a beautiful doll.

What a beauty. Maybe the fox spirit in the TV series is just like this.

“Miss wenjo, let me introduce you. This is Miss Joy. She just came back from abroad yesterday.” Housekeeper Lin's warm voice interrupted her trance.

Wenqiao's face was slightly red. She was stunned to see a woman. It was a real gaffe.

Just want to have action, Joey is the first to open mouth, generous to her hand, “Hello, I'm Joe, Chinese name Joey, you call me Joey!”

“Hello, Miss Joy!” Winjo reached out and gave her a gentle shake.

Her hands are very white and clean. Her fingers are very long. When she holds them gently, her only feeling is very soft.

It's said that hand is a woman's second face. She's seen it on TV and said that man's favorite hand is Joey's hand. It feels comfortable.

After housekeeper Lin introduced them to each other, he was called away by a servant.

The atmosphere was a bit awkward. Winjo was not a good talker. He sat down on the sofa in the hall, but he didn't know what to say. Most of the time, it was Joey who said it.

She found that Joey was really talkative and excellent. She was curious about her identity. After hesitation, she summoned up the courage to say: "Miss Joey, please..."

But at this time was a cold voice interrupted, "you come? Is the luggage all settled?"

Wenqiao immediately closed his mouth, turned his head and looked at the door. Li Fengbei, who had not been home all night, approached the room against the golden morning light.

Wenqiao thought of Xiaoya's affair, and he got up to welcome it.

But Joey's action is faster than her. At the moment when she sees Li Fengbei appear at the door, her eyes brighten and her small face puts on a decent smile. She has already got up, stepped on elegant high heels and walked towards Li Fengbei.

"Are you up? Why don't you sleep more?"

Her tone was gentle, but she could still hear a hint of blame.

No more sleep?

Wenqiao's clear and beautiful pupil suddenly shrank, and a corner of his heart seemed to be grasped by an invisible big palm, and a stab flashed by.

He didn't come home last night. He was with Joey!

Can't he get close to other women? That's why I'm so persistent with her. Is he cured?

Now that she is well, does it mean that she can leave here soon?

Through the brief communication just now, she has a general understanding of Joey.

A talented student with a master's degree from Harvard Medical School, she has a good conversation and is also a beautiful woman. In front of her, she is ashamed of herself.

As long as they are not blind, among them, anyone will choose Joey.

But She can leave. She should be happy.

But What's the twinkle that can't be ignored just now?

In front of this "love" scene, she inexplicably felt dazzling.

Even she didn't know what this sudden emotion was about?

She said that she didn't want to be a light bulb. She couldn't bear to see Li Fengbei and Joey "show their love" in front of her. She quietly got up and went upstairs. From entering the door, Li Fengbei's eyes fell on Wenqiao. Even when he talked to Joey, his eyes did not move more than half a minute.

But when the woman saw him go home, she didn't feel happy. Instead, she lowered her eyes and went upstairs without saying hello.

It's getting worse!

His face sank down immediately. He looked at her back and cried angrily: "Wen..."

“Fengbei...” Before he could say it, Joey stopped him.

## Chapter 134

Joey winked at him with a meaningful face.

Li Feng’s North pretty eyebrows wrinkled deeper. What’s the matter with Joey? Eye discomfort?

“Go upstairs and find a guest room. If you need anything, please tell housekeeper Lin!” Then he went upstairs.

Joey looked at Li Fengbei’s cold back, shrugged his shoulders and muttered, “is it really cold? Even ignoring my beauty, Wenqiao is so lucky to be able to get this man’s joy

Li Fengbei came upstairs and directly opened the door of the master bedroom. As a result, the room was empty.

Where’s this guy? What a worry!

She ran away with other men. It’s good that he didn’t settle with her. How dare she give him face?

A few minutes ago, Wenqiao thought of Joey downstairs. He wanted to go to the master bedroom. He didn’t know how. He was caught by something in his heart and felt a little uncomfortable.

Step a meal, turned a body, walk toward the guest room farthest from the master bedroom.

Seeing that the room was empty, Li Feng went directly to the corner of the corridor and opened the door.

Sitting on the sofa in a daze, Wenqiao was startled to hear the sound of the door.

Looking towards the door, I saw the gloomy man standing at the door. His eyes were flustered and he stood up immediately.

“What do you want to do?”

Smelling speech, the man’s handsome face gave a cold smile and walked into the room with a slender step, “what am I doing? I just said a few words about you. Is that how you reflect? ”

“.....” She didn’t do anything wrong at all, OK? What do you think?

Wenqiao stepped back two steps, with an unconvinced look on his face. His ruddy mouth pursed unconsciously. His eyes flashed slightly and he looked aside.

Li Fengbei’s tall figure gradually approached her, and Wenqiao gradually felt the danger. He moved back warily until he reached the window. His back was blocked, and there was no way back.

But the man didn’t stop, he was still walking towards her.

Wen Qiao stretched out his hand against Li Fengbei’s chest and said, “stop, stop! Don’t come here again

Li Fengbei's eyes were dark and heavy, and his hands were on the transparent window behind her, and his tall figure was directly close to her.

Two bodies, separated by thin cloth, are closely connected. She can even feel something on the man against her

Her face turned red.

This rascal, ruffian!

"Say it! Why did you run when you saw me just now?" The distance is too close, the man's warm breathing accompanied by a touch of mint fragrance, spray in her ear.

With that, a long leg continued to take a step up, directly squeezed into her two.

The body is more close, strong male hormone breath into the nasal cavity, even breathing has become difficult, the small face is hot, even the ears are red.

Her brain became dizzy because of lack of oxygen.

How to talk in such a posture?

With her heart pounding, she clenched her teeth and pretended to be calm. Her little hand on his chest pushed him hard, "you You start first..."

"Don't change the subject, answer my question!" The man's eyes were bright, staring at her flustered face.

Naked teasing, wenjo thought of Joey again.

She really didn't understand how he just came out of a woman's quilt and immediately molested another woman?

Thinking of this, I was very angry. I stared at him with big eyes and blurted out without thinking, "don't I go, waiting to see you show your love?"

Li Fengbei was stunned.

Show love? Show what kind of love?

He stretched out his hand to play a shudder on her full forehead, and his eyes were serious and cold, "show what kind of love? Are you blind?"

"You are blind! Your whole family..."

When she thought of something, she immediately shut up again!

Ann is a lovely child. She doesn't want to scold her!

"Isn't it very eloquent? Why not? Can't bear it?" Li Fengbei pinched her chin and jokingly pushed her leg up.

Wenqiao finally subsided the heat, rubbed to surge again, don't know is ashamed or angry, directly even ears are red.

He glared at him inconceivably, gritted his teeth, raised his hand and wanted to fight against the flat face, but he caught him by the wrist.

“If you want to hit me, don’t you fear punishment?”

In Wen Qiao Jing Liang’s eyes, something came up gradually, and the sight in front of him became blurred.

“It’s fun to tease me?”

“.....” Li Fengbei looks at the crystal in Wen Qiao’s eyes. The smile on his face gradually becomes stiff and confused.

Isn’t Mu Junhao telling him that he can make some colorful jokes with women appropriately?

He’s making her laugh. Why is she crying?

It seems that the guy Mu Junhao is not reliable at all. He is an expert in love!

The atmosphere in the room became a bit awkward because of this episode.”Cough...” Li Fengbei took back his feet rigidly, feeling that he had no face.

This kind of behavior is really tasteless. He only listens to the bad advice given to him by the unreliable guy Mu Junhao when he is out of his mind.

Wenqiao saw that he didn’t make fun of himself, but he was stunned for a moment.

Why did this guy suddenly change his sex?

In the past, he either yelled at her or forced her to do that After all She just really felt the change of his body!

Last night, I just rolled the sheets with other women all night, and now I’m not afraid of death!

Li Fengbei paid close attention to the changes of her expression. Sometimes, he just had a lower EQ and had no experience of getting along with men and women, but he was a very intelligent person.

It soon came to light that there was something wrong with YY in winjo’s mind.

He held out his finger and raised her chin, frowning tightly. “What are you thinking?”

“Nothing!” Wenqiao instantly returned to his senses, brushed away his fingers, flashed a ray of light in his eyes, and said: “do you let Xiaoya go? It’s because of me. You can come to me if you have any dissatisfaction! ”

Words fall, obviously feel the room that ambiguous factor instantly disappear, replaced by cold air pressure.

Li Fengbei’s face was cold, and his eyes narrowed slightly.

Just when winjo thought he was going to be angry, the low pressure disappeared again. The next second, her wrist was pinched by the man and she was pulled to the door.

“Where are you going? Hey, slow down

He was a little too fast for winjo to keep up and almost fell.

The man didn't pay attention, but obviously felt his pace slowed down.

Wenqiao followed the man behind, looking at his strong back, his heart moved.

He seems to be different today

"Li Fengbei, where are you taking me? Tell me first, and I'll go with you! "

He stopped and turned around, but did not let go of her hand. "Don't you ask me to let go of your good friend?"

"Are you going to take me to see her?" As soon as her eyes brightened, there was a flash of joy, but she immediately felt that it was impossible.

This person can speak so easily, that is not Li Fengbei!

"Where the hell are you going? Tell me first

"Give me a day!" He cold cold mouth, narrow long Phoenix Mou in the flash of luster, is she don't understand emotion.

### **Chapter 136**

Get Li Fengbei's instructions, the shopping guide back to God, such a perfect man is not they can think of, Mao grandfather is the most real.

Envy Wenqiao at the same time, more hard to recommend the hands of clothing, to the end, even a few people directly to resist Wenqiao dragged into the dressing room.

Unexpectedly, she wanted to change her clothes for Wenqiao directly. Wenqiao couldn't resist the fact that there were so many of them. She tried one set after another.

The shopping guides looked at Wenqiao enviously and flattered: "Miss, red is very suitable for you. It's really wonderful!"

"Naked pink is great too..."

"The young lady is beautiful, has a good figure, and looks good in everything..."

As they said, venjo's eyes were full of stars and his ears were buzzing.

The whole process is like a puppet. They pull her and try this and that. At last, they push her to the north of Lifeng to let the man decide.

"How about this dress, sir?"

Li Feng nodded his head, and his deep eyes flashed across. He said in a leisurely way: "change a set!"

So, another one.

Wenjo looked at the attentive guide and nodded discontentedly.

It's her who tries on the clothes. Why ask Li Fengbei? It's not for him?

However, he said to change a set, should be dissatisfied with the meaning, just in time, she just can't afford to buy!

I don't know what set to try, she finally burst out, "I won't try!"

But what she said didn't work at all. The shopping guide was still enthusiastic. "Miss, try this one again. It's also very suitable for you!"

Wen Qiao was speechless, so he had to ask Li Fengbei, who was sitting on one side and drinking coffee slowly, for help. "Li Fengbei, please stop them!"

Li Feng North looked at the time, and finally put down the coffee cup and long legs.

Wenqiao looked at his action, his face showed a touch of joy, and immediately put the clothes back into the hands of the shopping guide.

Finally we can go!

And the shopping guide is stupid. He won't just go away. Won't he buy it? Then they have been busy all morning!

However, under everyone's attention, Li Fengbei stood up slowly, straightened his cufflinks and opened his mouth aggressively: "wrap up all the clothes she had just tried!"

All wrapped up

It took a while for the shopping guides to respond to what the men were saying. They were so happy that they quickly wrapped up their recommended clothes and made a bill.

Worried about men's repentance, a series of movements are extremely smooth.

When they finished packing, most of the shops were empty, and today's business completed their one month performance.

Wen Qiao looked at the big and small bags with tears in his eyes. "Li Fengbei, are you crazy? Who do you buy so many clothes for at one time?"

She doesn't plan to do clothing business. Is it wholesale?

However, Li Fengbei ignored her protest and took out a black and gold card.

After paying, the bodyguard, who was not far behind them, came in and took the clothes away.

Li Feng glanced at the woman with a bitter face and took her hand to go upstairs again.

The bag area on the second floor, and then the clean-up.

There was no right for Wen Qiao to speak at all. Li Fengbei pointed out which was which. After a while, he bought a full cart.

Wen Qiao's protest was invalid. He followed Li Fengbei's body and was full of complications.

As the saying goes, people are stupid and have a lot of money!

She's thinking about opening a shop

The bag was almost bought, and she was led to the third floor.

Wenqiao really did not want to carry on this kind of meaningless buying activity with him. He pulled the pillar on one side and refused to go. He was strongly shouldered by Li Fengbei.

She didn't want to say any more. People around her were attracted by their strange behavior. She stood by and watched them pointing and whispering.

Wenjo lay down on his shoulder, buried his face in his shoulder socket, and played dead decisively.

It's impossible to follow Li Feng out of the north without becoming the focus of the crowd.

The third floor is the jewelry section.

Li Fengbei directly carried her to a family and put her down in front of the jewelry counter. "Take out the best and most expensive jewelry you have here!"

The shopping guide has never seen such a domineering customer. He immediately went to pick up the treasure of the town store.

A crown with purple diamonds, worth 100 million.

The white Perkin is inlaid with big purple diamonds. Under the light of the glass lamp, it blooms out a bright and incomparable light.

No woman can resist beautiful things, Wenqiao clear eyes flashed a touch of surprise, but soon lack of interest.

This kind of jewelry has no practical value at all. Do you go out every day to be a princess with a crown worth 100 million?

Don't be funny. She wants to be funny when she thinks about that picture.

Small hand pulled the man's clothes hem, tone helpless, even with a hint of prayer, "let's go! This one doesn't fit! "Li Fengbei's deep eyes are fixed on the crown, squinting and moving.

Isn't that right? He thought it was quite suitable!

She is his princess

Later, whenever Wen Qiao saw the crown of purple diamond, which was placed at home as a handicraft, he could not help criticizing Li Fengbei, "it's really a black sheep. There's no place to spend more money!"

When Wenqiao talked about it again, Li Fengbei put her in his arms with a smile and said in her ear what she thought at the beginning, "you are my princess!"

Warm breath straight to the ear drill, Wenqiao like an electric shock, back a crisp, can't bear to shrink neck, not angry to look at him, "then you don't know, at that time, you are a full tyrant!"

As soon as he mentioned this, Li Fengbei was so arrogant that he had to admit his mistake with his wife again. Who told him that he used to be such a jerk and didn't know how to cherish his wife!

At that time, Wen Qiao saw that Li Fengbei liked the purple diamond crown very much, and thought that she'd better choose a piece of jewelry seriously, otherwise, he would really buy this expensive and impractical thing home.

Her eyes swept around, her eyes were attracted by a silver bracelet.

There is a pendant in the middle of the bracelet. The mother dolphin embraces the little dolphin. The mother dolphin's face is shining with maternal love and kindness, while the baby dolphin nestles happily in the mother dolphin's arms. Every expression is vivid.

I like it at a glance.

She put her finger on the counter and turned to look at him with a soft look on her face. "I want to see this, OK?"

Li Fengbei looked along her line of sight.

Wenqiao and Chenchen, are not they like this dolphin mother and son?

Together, they are a happy whole, inseparable.

The guide had taken out the bracelet and presented it to winjo.

Wenjo tried it on his wrist and it just fit.

Qianqian white wrist, slightly shaking in the light, and the woman's big face with a gentle and satisfied smile.

Li Fengbei looked a little silly. Her thin lips could not help rising. As long as she liked, there was nothing she could not do.

## **Chapter 137**

Li Feng North walked over, hugged her waist, a pair of absolute possessor posture, "how many of this kind of bracelet?" Take it all out!"

It's like discussing whether it's raining or sunny today.

"Why?" The shopping guide didn't understand for a moment and looked at him suspiciously.

"I bought the design copyright of this bracelet. No reproduction of this bracelet is allowed in the future! Now I've bought all the products that have been produced. Before I sold them, you can sort out a list. I'm willing to recycle them at double price!"

Wen Qiao was dull for a moment It's not necessary, is it?"

Is it the world of local tyrants that she doesn't understand, just like the darkness of night?

I thought this bracelet was a little cheaper. I don't know how much it would cost if he made it like this?

Li Fengbei looked at the woman's dull expression. It was so cute!

He chuckled and pinched her face, his eyes with a trace of doting, "my woman, don't need to save money for me!"

My woman

Well

Wenqiao was not touched at all, but shivered abruptly.

To be his woman, she has to endure his uncertain personality and his anger all the time, so she doesn't want to be his woman!

But Her eyes fell on the handsome face rising from the corner of her lips, and her heart seemed to be swept lightly by something.

For the first time, she saw someone be a big wrongdoer. How happy was she?

Whatever, it's his money anyway. If he wants to be a big wrongdoer, let him be!

Out of the department store and on the bus, Li Fengbei took a stack of documents from Beiqin and began to check them.

His principle is to finish today's work and never leave it till tomorrow.

Today, I have spent more than half a day shopping with Wenqiao. He has to make up for his work.

Winjo looked sideways at the man who looked down at the papers.

It is said that men are the most handsome when they are serious. It is undeniable that Li Fengbei has a good skin.

Fair skin is a little bit whiter than a woman's skin, can't find half a pore, well-defined side face, handsome eyebrows, straight nose, thin lips

Several times I tried to speak, but I shut up.

She ran away with Xu Tianyu and was caught by him on the spot. He didn't punish her and took her out to buy?

Abnormal! Absolutely abnormal!

Therefore, the more Li Fengbei was kind to Wen Qiao, the more uneasy Wen Qiao was. He didn't know when the storm would come.

He thought he would go back to the castle after taking her shopping, but the car went in the opposite direction.

The road became more and more familiar. When he saw the familiar building signs, Wenqiao was shocked for half a second. "What are we doing in kindergarten?"

"Pick up the kids from school!" The pen fluttered quickly on the paper and dropped his name at the bottom of the document.

Wen Qiao stares big eye son, don't understand ground to look at him, "just now noon not arrive, the kindergarten wants afternoon 4 o'clock just finish school!"

Li Feng North slightly pick eyebrows, indifferent way: "kindergarten those things, you go home to teach a good, there is no need to learn in school."

"....." For this, she could not refute, but still wanted to convince him, "it's nothing to go home, you are so special, it's not good for children's growth, why do you have to take the children home?"

Li Fengbei has ordered Beiqin to call the dean and ask him to take the two children out.

See Wen Qiao say so, immediately dissatisfied, frowned, "said well, give me a day today, so don't so much why? Ok?"

OK, what a ghost!

Wen Joe secretly Tucao in the heart, but did not say what more, make complaints about standing by the car waiting for the North Qin to bring two children.

As soon as Ann saw the tall and handsome daddy and the gentle and lovely aunt standing next to the luxury car, she broke away from the hand of Beiqin like a butterfly and ran towards them with open arms.

At the same time, a loud voice sounded, "Daddy! Auntie

When Li Fengbei saw that his daughter was so enthusiastic, the corner of his mouth cocked up with pride and opened his hands to welcome his daughter's warm embrace, "baby..."

However, An'an turns a corner and pours directly into Wenqiao's arms and acts like a coquetry, "Auntie, how can you pick me up with my brother Chenchen at this time?"

"Well, Auntie doesn't know this question. You have to ask your father." Wen Qiao looked at Li Fengbei's expression and tried to suppress his smile.

Ann just looked at her father, but his face was so dark and heavy.

"Daddy, seeing Ann Aren't you happy?"

"Happy! Very happy Li Fengbei's face was even more heavy, and he was almost gnashing his teeth. "How many times have you said that, don't rush at your aunt Wenqiao. There's no image of a lady at all!"

Lady image?

Chen Chen, who came slowly, took a look at An'an, who was coquettish in Mommy's arms. Just like her, she is a bully in the kindergarten. Even the boys dare not provoke her. Are you still a lady? It's about the same for women!

Ann is still afraid of Li Fengbei. She comes out of Wen Qiao's arms reluctantly, but she looks at Chen Chen carelessly and says, "brother Chen Chen, you despise me again!"

Chenchen not only did not refute, but also nodded, "no other advantages, self-knowledge is good!"

An an wrongly shriveled mouth, big eyes quickly wrapped up in tears, bright, “Chenchen brother, you are bad, every time make fun of me! Sobbing, sobbing, sobbing, sobbing, sobbing, sobbing.

Wen Qiao helplessly looked at his son, straight face, reprimand: “Ann are you said to cry, quick to Ann apology!”

This smelly boy has been good at everything since he was young, but he has no gentlemanly manner towards girls.

When I was abroad, the teacher would call her in two or three days, but Chenchen told me which girl was crying.

This silly son is really worried for him. With his virtue, will any girl marry him in the future?

Chenchen was attacked by her mother. Seeing that she was really angry, she said reluctantly, “I’m wrong. I shouldn’t tell the truth!”

“.....” Ann cried louder.

Li Fengbei’s thick eyebrows were locked tightly. He took her crying daughter from her hand and coaxed her painfully: “don’t cry! If you cry again, our little Princess Ann won’t be beautiful! ”

“Really?” On hearing this, An’an immediately stopped crying. Her small facial features wrinkled together. “Daddy, am I ugly?”

“No! Ann is the most beautiful girl in the world When he said this, his tone was extremely gentle, and his deep and confused eyes flashed with holy luster.

“Daddy is the best! “MUA ~”, An’an burst into tears and smiles, revealing two sweet little pear vortices, and a small kiss fell on Li Fengbei’s cheek.

Wenqiao looked at this warm scene, with emotion in his heart.

Li Fengbei is fierce to others and excellent to his daughter. He is a qualified father.

Feeling her sight, he suddenly turned his head and looked at her.

There was no time for her to escape, and their eyes met silently in the air for a second.

Wenqiao’s face was hot. At that moment, he was a little at a loss. He quickly looked away and pretended that he was not looking at him just now.

Li Feng drew an evil smile from the corner of his North lip. He leaned over her slender body and put it close to her ear. He lowered his voice: “An’an is the most beautiful girl in the world. You are the most beautiful woman in the world!”

The warm breath, accompanied by the unique clear taste of mature men, was sweeping towards her, with a shiver on her back, just like an electric current passing through her body.

Wenqiao’s face became more red, and two suspicious blushes floated on his cheeks. He stepped back, drew away from each other, and faltered: “I I... ”

For a long time, I didn’t know what to say, and my heart was pounding.

He said she was the most beautiful woman in the world. Is that a compliment?

There are so many beautiful women, who does he cheat?

Suman is more beautiful than her many times, and Joey is also more beautiful than her

Li Fengbei looked at her red face, obviously shy, and laughed happily.

She realized that she had been fooled by him and put her hand on the meat around his waist.

But his muscles are hard. Instead of pinching him, he pinches his fingers.

Suddenly angry, small face pull deaf, shake hands, self-care to sit in the car.

It's not the way back to the castle when the car restarts and goes downtown again.

Wen Qiao didn't know what Li Fengbei wanted to do, but she thought of his words, "give him a day". Since she gave him a day, she didn't say hello to anything, just follow his steps.

It's not twelve, but it's dinner time.

"French, Japanese or Chinese?" Li Fengbei finally spoke and broke the silence in the carriage.

Wenjo turned his head and saw him looking at himself, so he shook his head. "I can do it!"

An'an snack goods have a listen to eat, immediately two eyes shine, "eat French! Auntie, how about French

There was a trace of cunning in his big eyes.

There's ice cream in the French restaurant!

Wen Qiao didn't know Ann's mind. She thought she really wanted to eat French food, so she changed her tongue to Li Fengbei, "Ann wants to eat French, so let's go to eat French?"

Li Fengbei only needs to look at her daughter's expression to know what she's thinking. Eating too much ice cream is bad for her stomach, but today she can make an exception to let her eat it.

He didn't pierce her and promised, "OK!"

After discussion, Bei qin got off ahead of time and went to the most upscale French restaurant in the city to clean up.

This meal, An'an ate the long lost ice cream, even Chenchen ate it with An'an. A child is a child after all. No matter how precocious he is, he still retains the nature of a child in some things.

For example, ice cream is an irresistible temptation for any child.

Chenchen is no exception.

Wenqiao saw the ice cream sprinkled with gold for the first time. She quietly looked at the price of ice cream on the menu and smacked her tongue.

A mouthful of ice cream is more expensive than a mouthful of gold.

French food is delicious, but Wenqiao's heart is a little heavy, especially when he sees Chenchen eating ice cream contentedly.

As the saying goes, it is easy to go from thrift to extravagance, but difficult to go from extravagance to thrift.

When they get used to this kind of life, will they not get used to the poor life in the past?

She is an adult and can adjust herself, but what about Chenchen?

He is always a child. Will he blame her for her inability to give him a better life?

## **Chapter 138**

A meal, uneasy finish.

Not from the morning to buy and lunch in the clear Li Fengbei ideas, and began the afternoon journey.

When standing at the gate of the colorful playground, Wen Qiao reflected that why did he take the children out of the kindergarten in advance?

To bring them to the playground!

I don't know what he thought. He brought ANN to play. She could understand, but if he brought Chenchen to play, it wasn't true.

Of course, it may be that he wants to bring ANN to play. Chenchen is just the result of his passing.

Wenjo was slightly afraid of heights, so he didn't go with them and stood by waiting for them.

I don't know what Li Fengbei said to An'an, but An'an walked back to her, took her and stood with her.

Li Fengbei took Chenchen and played almost all the fun items in the playground.

It's Chenchen's first time to play these exciting sports.

He is still young, must be accompanied by adults to play, Wenqiao can't play with him, there is no one to accompany him.

Chenchen raised her eyes and gazed at the huge colorful Ferris wheel in front of her. She felt excited and yearning.

But As soon as he turned his head, he found that mommy didn't keep up with him. He hesitated for a moment, but he thought that he was so old that he hadn't tried these projects. His little heart became active again, and he didn't want to miss this opportunity.

Still hesitating, he was strongly held by Li Fengbei, "go! Go up

Chenchen is still not used to being too close to him. His little face flashed a bit awkward, and he pulled his hand out of his palm.

Li Fengbei looked at the empty palm of his hand. First he was stunned, then he drew a deep arc and patted him on the head. "Smelly boy!"

No longer reluctantly, on the ferris wheel.

Hundreds of meters in the air, the machine in the rapid descent, Chenchen tightly grasp the handrail, pretending to be calm face become pale.

Li Fengbei put his expression in his eyes and chuckled.

As the machine accelerates down, he opens his arm and takes Chenchen into his arms.

Clean and fresh breath suddenly poured into the nose, then the warm feeling came, instantly let his restless heart settle down.

Chenchen was stunned by the sudden action, and his whole body was stiff. At that moment, he forgot his fear and was reluctant to push away such a warm and generous embrace.

Wen Qiao standing on one side, when she saw Chenchen sitting so high in the air, her heart pulled up. However, seeing Li Fengbei's action, she was shocked and speechless.

She rubbed her eyes in disbelief.

Li Fengbei will protect Chenchen, and Chenchen doesn't hate Li Fengbei? How can you hide in his arms?

Isn't he always precocious and calm when he has something to do?

How could he behave so cleverly in front of Li Feng North, as if he needed protection?

All the way there is lifengbei escort, Chenchen play very satisfied.

Although the mouth does not say, the corner of the lip rising radian can not deceive people.

However, it turns out that there are still many things that wenjo doesn't know and doesn't understand.

From the playground out is a large children's toy supermarket, Li Fengbei left hand holding Chenchen, right hand holding An'an, into the supermarket.

The supermarket has been cleared by Beiqin, so just like in the playground, only the staff are waiting to serve them.

There is no crowd to block, the view is excellent.

At a glance, Chenchen saw a camouflage tank locked in the counter.

The tank is very lifelike, so small that all the screws are installed on it according to the real appearance.

Chen Chen's eyes are shining, lying on the counter, looking at the tank for a long time.

At a glance, he knew that the tank model was the most advanced heavy tank in the world, and it was also his favorite and most interesting thing.

When the waiter saw that he was staying, he came over with a sweet smile to remind him, "little friend, this tank is a decoration in our shop. It's not for sale. Would you like to have a look at other toys? There are many interesting toys in our shop!"

Chenchen went away with loss, but he still looked back step by step.

Li Feng glanced at him, frowned slightly, and immediately called on the waiter, "take out the tank!"

The waiter's face was stiff for a moment, but he explained with a smile: "Sir, this tank is not for sale..."

When the manager found out the situation here, he came over with a cold sweat and scolded the waiter with a straight face: "this is Mr. Li of Li's group. He asked you to take it out!"

"What what? Yes! I'll take it out in a minute!" The waiter only knew that they were people with status, but he didn't think it was him. He was afraid.

Li Fengbei's reputation is well-known in B city. He is famous for his ruthlessness and ruthlessness.

She rushed to the counter to get the model tank.

After the manager scolded the waiter, he turned to Li Fengbei and said with a smile, "Mr. Li, this is the new employee in our shop. I don't understand the rules and bumped into you. Don't be angry!" Li Fengbei naturally can't be angry with a waiter, and there's nothing to be angry about. If he is angry because of such a small thing, he doesn't need to do anything every day, as long as he is angry.

He frowned and said, "how much is the tank? The price is up to you!"

The manager was very happy, but he could not show it on his face. He waved his hand again and again, "Mr. Li, how can I ask for your money? Since the young master likes this toy, I'll give it to him!"

Young master?

Chenchen is misunderstood as Li Fengbei's son?

Wen Qiao, who came up, just heard the manager's words, felt a lump in his heart and explained, "no! You have misunderstood that Chenchen is not his..."

However, before he finished, he was hugged by Li Fengbei with a warning.

"Not what? Instead of explaining here, it's better to choose some girls' favorite gifts for Ann!"

Wen Qiao stares at him with big eyes. I can't believe it. Is Li Fengbei's default that Chen Chen is his son?

Oh, my God! She didn't want him to have this illusion!

Chenchen can only be her own, she can't let him have the slightest illusion.

In fact, she has been trying to suppress some idea. Chenchen may be his son's idea

"No, Chenchen is not your son..." She also wanted to explain, as if to Li Fengbei personally admit that Chenchen is not his son, she can rest assured.

However, Li Fengbei put the palm on her waist, suddenly forced, his arm tightened, pinched her waist.

The manager's shrewd vision swept between the two people. He probably understood what was going on. His eyes flashed and he flattered them more vigorously. "Mr. Li, your son is really handsome. He has inherited all your advantages!"

"Good eye!" Li Fengbei gave the manager a look with pride.

Smell speech, Wen Qiao's heart all mention throat eye, heart Bang Bang straight jump, looking at Li Feng North of Mou son in full of panic.

Does he know that Chenchen is his son?

Otherwise, how could he turn his attitude towards her 180 degrees after she ran away?

Not only didn't punish her, but also didn't embarrass Chenchen and buy them gifts!

For a moment, Wenqiao's face turned white, and her heart became very flustered and confused.

Is the man five years ago really him? Is it possible?

## **Chapter 140**

"Well!"

Wenqiao turned his face and looked out of the window. Before his eyes were fixed, he felt a warm thing close to him. Then he felt a heat on his face.

A warm kiss fell gently on her cheek.

The moment of stupefied, the whole body rigidly Dun there.

From the side of the body came the happy laughter of someone who had successfully snickered, and from the sexy low voice came, "good boy! You take the children home first, and when you finish the work of the company, I'll take you to the cinema!"

"Look What movie do you want to see?" Her heart began to thump in frustration, and she tried to calm down.

It's not the first time that I've been forced to kiss by this man. No matter how strong the French kiss is, how can I be so lost by his gentle kiss today?

Li Fengbei didn't answer her question. He put his finger on the place where he had just been kissing, gently rubbed it, and his eyes narrowed slightly. His voice came out from the bottom of his throat.

"Dress up a little more beautiful at night, and wait for my call!"

The car stopped, Li Fengbei said, then put Chenchen in the back of the car, carefully covered him with a blanket, and then got off the car and got on another car.

Wenjo looked at his tall and straight back and couldn't help putting his hand where he had just rubbed his fingers.

Face hot hot, even the brain is like a fever, dizzy.

She patted her face to wake herself up.

He went back to the castle, settled the children, had dinner and went straight back to the guest room.

The bodyguard has delivered the things she bought in the morning to her room.

Li Fengbei personally gave her Dongzi. The servant didn't dare to move. He piled it on the ground at will and didn't tidy it up.

Winjo couldn't look at it and decided to tidy it up.

When I was tidying up, I found a man's striped tie in the bag.

She remembered that it was given to them by the salesmen when they bought clothes.

After thinking about it, she decided to put the tie in the closet in the master bedroom.

Li Fengbei wasn't at home, so she didn't think much about it. She directly pushed the door of the master bedroom.

However, as soon as she opened the door, she heard the sound of water.

Frown.

No one can come in this bedroom. Is housekeeper Lin cleaning it?

She walked towards the bathroom, her footsteps hidden on the expensive carpet, and the people in the bathroom didn't notice.

"Lin..." I just wanted to speak, but when I saw the situation inside, my face suddenly changed.

The bathroom door didn't close tightly. Through a crack, she could see the person lying in the bathtub – Joey.

It's said that Li Fengbei has a habit of cleanliness. Even the bathtub can't be cleaned by the maid. Housekeeper Lin must take care of it by himself, but Joey can take a bath here!

Wenqiao turned his head. Sure enough, there was a set of sexy ladies' pajamas on the European style big bed.

The heart, which had been warmed by a kiss from Li Fengbei, was suddenly doused by a basin of cold water.

The finger holding the tie didn't know when it had been forced, and the tie was pinched out of shape under her finger.

Today's peaceful coexistence almost made her forget that there were other women in the castle.

She was just one of his many women.

Quietly out of the master bedroom, back to the guest room.

Looking at the green scenery outside the window, I was in a daze. A few minutes later, I finally moved my head, and my eyes fell on the naked pink clothes on the side of the bed.

It was the dress he bought for her in the morning. I still remember that when she tried it on, his eyes stayed the longest.

She just specially took out this suit, just wanted to change it when she saw a movie with him in the evening.

Now it seems that How ridiculous this idea is

He got up and shoved his clothes into the cupboard.

.....

The president's office of Lishi group.

Li Feng opened the door to the north, and immediately saw the angry old lady sitting on the sofa, with a cynical smile on her cold face.

"Grandma! Why did you come to see me again? Recently, the frequency of coming to the company is a little big!"

Old lady Li glared at him angrily. She loved and hated his grandson's virtue.

"I haven't been in the company all day. Where have you been fooling around?"

"Grandma Li Fengbei shouts helplessly, sits down beside her and takes Mrs. Li, who is still in her seventies, to her arms. "I'm so old. How can I go out and fool around? Today is really something out there, and it's a life event!"

It's a big deal about his woman, right?

Grandma clapped his hand heavily and said, "what's the big deal in life? When will you get married, so that my old lady can see whether your daughter-in-law is round or flat in her lifetime, and I will be at ease even if I die! "Li Fengbei covered the old lady's mouth with a straight face and said angrily, "nonsense! Grandma, long life

"Don't talk glib with me. I ask you, did you not intend to marry that star actress in the first place? It's been so many years. What idea do you have in your heart

Smell speech, Li Feng North hook up lip Cape, immediately put down the hand that put on the old lady's shoulder, picked up an orange at random on the tea table, began to peel.

Seeing him like this, the old lady obviously didn't want to talk more about it.

She understands Sun Tzu's character and what he doesn't want to do. Even if others are pressing him, he won't do it.

Wring his brows, he sighed.

"It's up to you! I don't like that star very much anyway! It's better to find a young lady with a clean family background. I see the Li family's gold...."

Old lady Li became a matchmaker again. Seeing that she talked more and more absurdly, Li Feng frowned and put the peeled orange into her mouth.

“Granny, this orange is very sweet. Try it!”

“.....” Before the old lady had finished her words, she was stuffed with a mouthful of orange, and she couldn’t laugh or cry.

Baji Baji ate the oranges. They were really sweet. The oranges peeled by his grandson were all sweeter.

“I know you don’t like to listen to this, but you are old and old. You always have to think about your own life. Don’t like to take a handlebar like the guy who always takes care of your family!”

“Cough ~ ~” smell speech, Li Fengbei almost choked by an orange.

“Grandma, who do you listen to this kind of gossip?”

The old lady’s eyes were shining, and she grasped Li Fengbei’s hand, and put it mysteriously in his ear.

“Who else can say that? He took the boy home! Last time I went to Lao Gu’s house, I saw that the boy was really pretty, better than the woman Cough

Seeing Sun Tzu’s eyes shining, she realized that she had said too much, and immediately stopped, “in a word, don’t be like him! Liking men is absolutely not allowed in our Li family... ”

“Grandma Li Fengbei felt speechless to his lovely grandmother again, so he almost put up three fingers and swore to him, “I really don’t like men! Like a woman, and it’s a kind of soft waist and round hips, you can rest assured! ”

The old lady immediately grinned and patted him on the back of her hand, saying, “big ass is good, big ass is suitable for breeding!”

“Ha ha, that’s it!”

In Li Fengbei’s mind, Wen Qiaoting’s buttocks and sexy Adam’s apple rolled and swallowed a mouthful of saliva.

Seeing that Sun Tzu really didn’t like men, the old lady was relieved, and then she remembered today’s intention.

“Fengbei, grandma, let me tell you something. Did the woman who eloped with Tianyu last time find out whose daughter she was?”

“.....”

Li Fengbei grits his teeth and knows that the woman will make trouble for him. If grandma knows that this woman is her, she will never eat good fruit.

He said with a smile, “that woman is also a victim. She doesn’t like Tianyu at all. It’s Tianyu who loves her secretly. When she goes to celebrate her friend’s birthday, she is dazed and wants to take her away quietly!”

“What else?” The old lady looked at him in shock. “It’s impossible! Tianyu is a child I grew up with. He has a good character, good temper and guaranteed personality. He will never do such a thing! That woman must be pestering the sky

Li Fengbei frowned and his face sank. "Grandma! You don't believe me? In front of love, it's possible to do crazy things

"....." The old lady was blocked up by him and could not speak immediately, but on second thought, something was wrong, and she stared at him suspiciously, "what's the matter with you today? Isn't it the shortest? Why do you help that woman today?"

Li Fengbei chuckled: "Oh! We should also see who is reasonable in protecting short comings! I've always been a pro or pro!"

"I'm lying again! Believe your lies

If it's not for the short guard, how can Ann fight with her classmates and hurt other children, but repair their parents?

"Grandma, let's call it a day! That girl is in trouble. Now Tianyu has come back and is preparing for her engagement. With his flesh and blood in Miss Xiang's stomach, he will take care of her! You can rest assured!"

"But..." What else did the old lady want to say, but she was interrupted by Li Fengbei.

His face was a little heavy. "Grandma! Tianyu has always been obsessed with that girl, but he hasn't given up completely. When you go to that woman's trouble at this time, don't you push him to her side?"

Old lady a Leng, Li Feng North so a say quite reasonable, realize oneself too anxious.

"Well, forget it! As long as they don't do this again, I won't pursue it any more!" Then he muttered, "what's the matter! If they really love each other, I'm not an antique, but I can help them! As long as that girl is innocent, I don't value her family so much, but they just want to run away from home. Do you think I can feel better?" Li Fengbei's eyes were fixed and he held his hand quietly.

He knew that if Wenqiao and Xu Tianyu fell in love, grandma would not object too much.

But what to do? This woman is what he likes. He won't give it to others easily!
