## Chapter 1321

Mona clenched her hand and resisted to fight with Charlie.

She ignored Charlie and went to the door.

However, as soon as he got to the door, Richard began to be a demon again.

“Hey, wait! I’m your husband. You left before I left. What do you mean

Mona: —

With her fingers creaking, she couldn’t bear it. Mona turned and punched Richard in the face.

“Ah

Charlie just walked up behind Mona and got a punch.

A sharp pain struck, and then he felt warm liquid running down his nostrils.

“Blood Blood Mona, you’re bleeding me! You’re bleeding me!”

Charlie’s eyes widened, looking incredulously at the blood on his fingers.

The servants were frightened, and Ulala knelt down in front of Richard.

“Master Charlie, my eldest lady didn’t mean it. Don’t be angry!”

“Master Charlie, please forgive my young lady. Today is your wedding. Don’t be angry!”

Mona stood there, looking coldly at the farce in front of her, as if she was not the culprit at all.

Charlie took a clean handkerchief from the servant and wiped the blood off his nose.

Toward Mona showed a smile, “wife, you dare to hit me?”

That smile, it seems that there is a bit of surprise.

Mona frowned

What’s this guy holding back?

However, she hit him and didn’t regret it at all.

It’s better not to get married, even though the possibility is zero.

The wedding is ready and the guests are in place. Neither the Mo family nor the Charlie family can afford to lose this man.

In a hurry, the servant took medicine and clapped his back. After a while, the nosebleed stopped.

Richard grabbed Mona’s hand excitedly. “It’s my wife! I’m not wrong. You are different from those people! They all approach me for a certain purpose and are submissive to me. Only you dare to do this to me!”

Mona took her hand out of Charlie’s, stepped back two steps, and rolled her eyes in silence.

Daren Qing is still a masochist. He is so happy after being beaten.

Richard happily led Mona to the wedding car, “go, don’t miss today’s auspicious time!”

When Charlotte took her hand, Mona forced her nausea and waved his hand away.

The car stopped in front of the auditorium and Mona was taken to the rest room by the servant.

“Wait a minute, we’ll see each other again in a minute,” said Charlie! I’ll go over there and tell my friends first

“.....”

Mona glanced at him in silence.

His friends are not dandies like him.

Mona doesn’t care about him and doesn’t want to know anything about him.

Mona ignored Charlie and walked to the lounge.

As soon as she entered the room, Mona said to the servant behind her, “wait outside. I want to be quiet.”

“This...” The servant was in a bit of a dilemma.

After all, Mo Tianci told us that we must be optimistic about the young lady at this critical moment today.

Mona rubbed her eyebrows and repeated, “get out of here!”

“Yes...”

Seeing that Mona was about to start a fire, the servant had to leave the room, but he still stood by the door, not daring to be careless.

Mona sat down in the chair, her heart in a mess.

She’s going to get married soon. She’s going to marry someone she really hates!

Just at this time, the door creaked and was pushed open from the outside.

Footsteps came into the room.

Mona frowned and said in a cold voice, “get out! As I said just now, let me be quiet!”

“Mona!”

The people behind her did not leave. Instead, they stepped forward and came to her.

Familiar with the low voice into the ear, Mona the whole person a Leng, then the heart flashed a huge surprise.

She turned sharply.

I saw Leng Si as a waiter, standing in front of her.

Mona couldn’t believe it and threw herself into lengs’ arms.

“What are you doing here?”

“I’ll take you! Let’s go now! ”

Leng Si takes Mona’s hand and goes to the door.

Mona took his hand and said anxiously, “how did you get in? There are servants outside. They won’t let me go! ”

“Don’t worry, I’ve got everyone out there!”

Mona almost didn’t think about it. She took off the veil on her head, held Leng Si’s hand tightly, and showed a smiling face with her lips. “What are you waiting for? Come on

There was no servant at the door.

Leng Si leads Mona out of the safe passage.

At the entrance of the car, someone has been waiting for them for a long time.

Leng Si threw a bag of clothes into Leng Si’s hand. “Here you are! The car is outside. Someone will take you away! ”

“Thank you

Leng Si pulls Mona into the grocery’s room, tears off her wedding dress, and puts Yi An’s clothes on her.

They put on wigs and walked out of the grocery store arm in arm to the door.

.....

Charlotte gave a few words to his buddies, and could not help sneaking into the lounge.

He and Mona have known each other since childhood, but they don't have a deep contact.

As the only young master of the Charley family, he will inherit everything of the Charley family, including the hereditary title of the Charley family, which is a symbol of power and privilege.

How many people want to flatter him, almost growing up, he grew up in the compliments of others.

I didn't expect Mona to beat him.

Originally, he just thought Mona was very beautiful and married her home as a vase.

I didn't expect that she was such a real person. She was so wild that he liked her.

Mona's punch aroused his strong interest in her and made him full of desire to conquer her.

The women who pasted it upside down didn't mean anything.

It's like a person who has been hungry and thirsty for a long time suddenly finds water.

Richard could hardly bear to wait for a minute, so he sneaked into the lounge.

"Wife, I come to accompany you!"

Charlie opened the door of the lounge, but the room was empty, except for a veil that had been removed.

“Come on! And the bride?”

With Richard’s roar, gradually everyone gathered around.

“What’s going on? The bride has to be gone!”

After a while, the relevant person in charge of the church was called over.

“Turn on the monitor, turn on the monitor!”

Charlie roared with rage.

This young master is not a person in the church who can afford to offend him. He just got down on his knees and said, “sorry, the monitor just broke down!”

“Broken? Or just now? What a coincidence? Are you kidding me?”

Richard grabbed the collar of the staff angrily, wringing his fists as if to beat them up.

Mo Tianci appeared at the door, looking at the chaotic scene, and opened his mouth majestically.

“Stop it all!”

Charlie looked at the door, reluctantly put down his fist, and snorted, “the wedding is about to start, but the bride is missing. Where do you think we should put our face in Charlie’s house?”

Mo Tianci pursed his lips and said in a deep voice: “I’ll give you an account of this! The wedding continues. I’ll send for the unfilial girl right away!”

That beast must have run away with Leng Si.

Mo Tianci squinted, smart eyes burst out a touch of light, not slow to command the men.

“Order to go down immediately, both docks are sealed up, and no fly is allowed to go out!”

“Yes

If you want to leave here, you have to walk two docks.

As long as the two docks are blocked, it’s hard to fly.

Leng Si and Mona just sat on the cruise ship. Suddenly, several soldiers with rifles came to them.

“All out, the dock is blocked!”

Mona in the heart a Deng, frown, subconsciously look to Leng Si.

Leng Si also turned to look at her.

The two said in one voice: “found!”

The words fell, and both were silent.

Mona lowered her voice and said, “now what should we do? My father will take me back!”

Leng Si clenched her hand and gave her an encouraging look.

“Don’t worry. Let’s go back and find a place to hide in the city.”

Wait a minute, someone will definitely come to search for people, so we must get out of here immediately.

“Well, we’re going now!”

One before the other, they lowered their hats and went out of the cruise.

Just out of the cruise, suddenly came a surprise scream behind.

“Miss! There is the first lady

Mona’s eyes were cold and she ran to the front.

Leng Si originally walked in front of him. Seeing this, he turned around and ran forward with Mona.

The bodyguard chased after him desperately, “don’t run! Miss, please come back with us. The master is no longer in the net. You can’t escape. Don’t waste your efforts! ”

Mona turned her head and looked behind her. Suddenly, she sprained at her feet and fell forward uncontrollably.”Ah

Mona’s face turned white and she protected her stomach subconsciously.

Leng Si’s eyes were cold, and he quickly put his hand around her.

“Are you all right?”

“Nothing!” Mona patted her heart in fear.

If I fell just now, the consequences would be unimaginable.

Mona suddenly remembered that she had not had time to tell him about the child!

“Don’t run! You can’t run away

Obviously, this is not the time to talk about this topic. Because of this delay, the bodyguards immediately caught up with us.

Leng Si holds Mona and runs to the taxi.

He pulled the driver out of the car and said, “sell me the car!”

Then he threw a bank card to the driver and said, “the password is six zeros!”

The bodyguard watched Leng Si and Mona slip away in front of him, stamping their feet.

The bodyguard made a call to Mo Tianci, “master, the eldest lady has run away!”

“Son of a bitch, keep chasing me! Live to see people, die to see corpses, no matter life or death, you have to get that unfilial girl back for me! ”

The bodyguard was surprised and said, “yes!”

The bodyguard grabbed a car by the side of the road and ran after the taxi.

## Chapter 1322

Get Mo Tianci's order, the bodyguards have no worries, take out a pistol and shoot straight at the taxi in front.

"Bang bang!"

Leng Si's eyes were fierce. He pressed Mona's hand under the seat and took out a pistol to drive to the opposite bodyguard.

Leng Si's shooting was accurate, but there were many people on the other side. After a while, a dozen cars surrounded the taxi.

Leng Si was caught in the middle and had no way to escape.

All of a sudden, there was a bang, and the tire was blown out.

The taxi drifted rapidly and hit a guardrail.

They collided uncontrollably in front of each other.

"Mona!"

Leng Si stepped on the brake, put his arm around Mona's waist, and clasped her firmly in his arms.

Mona's face turned white with fright, and the last trace of blood on her lips faded.

"I'm fine, and you?"

"Nothing!"

Mona looked out the window. "Now what do we do?"

A trace of remorse flashed across Leng Si's face.

He pinned the hair on Mona's forehead behind his head and gave her a big kiss on her fair forehead.

"I'm sorry! I can't protect you!"

Mona's heart is aching.

She knew that by now, they could not escape.

Perhaps these days of happy time, originally she stole!

She didn't expect to get Leng Si's response. She thought that she would be like this in her life, and there would be no future with him.

It seems that she also made money.

At least, the man she loved is not totally dislike her!

Thinking of this, Mona held Leng Si's face and raised her head to kiss her.

With a strong reluctant and attachment, as if to release all the enthusiasm of this life.

Until they both tasted the faint smell of blood in their mouths, they finally let go.

"Leng Si, remember I loved you!"

Leng Si rubbed her red lips and gritted her teeth. "I won't leave you. I can't watch you marry another man unless I die!"

Mona's eyebrows jumped, and she quickly put her hand on his lips.

"I won't allow you to say that word!"

"Fool!"

Leng Si grabbed Mona again and gave her a kiss on the face.

"Get out of the car!" The bodyguard urged at the door.

Leng Si opened the door and led Mona down from the car.

Charlie didn't know when he came out of the crowd.

Looking at this scene, he angrily grabbed a gun from the bodyguard and aimed at Leng Si.

"If you dare to rob me of Charlie's woman, go to hell!"

Charlie pressed the bumper.

With a bang, Mona's face changed.

"No!"

She pounced on Leng Si. However, Leng Si reacted faster than she did. She hugged Mona and turned around to block the bullet.

“Poof!”

The bright red blood splashed on Mona’s small white face.

Mona’s whole body was frozen, her brain was blank, just like she was hit by a acupoint. A chill just rose from the sole of her feet, and in an instant she ran to all four limbs.

Leng Si opened his mouth, and the blood flowed down the corner of his mouth.

“Nana...”

Helplessly, lengsi’s tall figure slipped down in front of her.

Mona suddenly returned to her senses and knelt down in front of Leng Si.

A cry of horror came from the road, “Leng Si! No

“Please don’t!”

The bright red liquid flowed out under him and quickly merged into the red river.

Mona’s eyes were blurred with tears. She shivered and tried to touch him, but she was afraid that she would damage him.

Tears are like the flood of breaking the dyke, drop by drop.

“No! Don’t do that! Please don’t leave me

Lengs reached out and wiped the tears off Mona's face with her thumb.

"No Don't cry I can no longer fulfill my promise, sorry! I said I would take good care of you. I've broken my promise again!"

Mona grabs his hand, tears are wiped off, and soon run down her pale cheeks.

She begged almost humbly, "don't say that! I don't want to hear that. Get up. You said you'd take me! You get up!"

"Nana..."

When she thought of something, Mona grabbed his hand and put it on her belly. She said hastily, "I have some good news that I haven't had time to tell you! I'm pregnant, our baby!"

Don't close your eyes. Let's leave here. Let's raise our children together. Let's go to a place where no one knows us. There's no calculation, no benefit, just our family. We built a simple hut, planted a few osmanthus trees in front of the door, we planted our own vegetables, we fished, you taught the children to read We will have a lot of children, we will die on the warm Kang... "

Our children

Leng Si gradually lax eyes to condense a touch of light.

He was so surprised and overjoyed that he couldn't believe it.

"What you said is true! You're not lying to me? I have children!"

Put the palm on her abdomen and moved it gently.

Although the abdomen is still flat, he can't touch anything, but at that moment, everything becomes different.

Here, there is his blood, the inheritance of his life.

That's enough! This life is worth it!

Pale face, squeeze out a smile.

"I'm very happy! Nana Sorry, I can't help you realize such a simple wish! In the next life, let me be an ox and a horse, and repay your deep love in this life.... "

With that, Leng Si's eyes closed gradually.

"No! I don't want the next life! "

Mona shook her head.

She was so afraid, so afraid that he would never wake up when he closed his eyes.

"Leng Si, do you hear me? I don't want the next life, I want this life, this life! "

Consciousness more and more fuzzy, Leng Si exhausted the last trace of strength, finally toward her to show a smiling face.

Nana, I love you!

The eyes closed completely and the fingers slipped from Mona's hand.

Mona was stunned. After a while, she grabbed Leng Si's hand and cried out in horror, "no! Don't leave me, Lance

Charlie rushed up from the crowd and went up to pull Mona's hand.

"You let him go! You are my wife

Mona waved away Charlie's hand, snatched a pistol from the bodyguard's hand and put it on Charlie's head.

Her bloodshot eyes glared fiercely at Richard, hoping to bite a piece of meat from him.

She was shaking all over, and she was gnashing her teeth and yelling, "Charlie, you die!"

Charlotte looked at her, glancing sarcastically at the corners of her lips. There was no sign of panic on her face.

"You dare not shoot me! As long as you dare to shoot me, you mo family will have no way to tell Charlie family! You can't take the risk! "

"....."

Mona bit the root of her teeth so hard that she didn't feel any pain.

He's right. She really can't take the risk, but it's not because of the Mo family, but because of the baby in her stomach.

This is his blood, the only thing he has left in the world. She will try her best to bring up the child.

## Chapter 1323

When Mu Junhao receives the news of Leng Si's accident, he is packing up with Song Xiaoya in the hotel.

Originally, I interrupted to return home immediately, but I finally came here. There was nothing important in China, so I stayed here for a day.

The mobile phone slipped from his hand, and Mu Junhao sat on the sofa decadent.

Seeing this, Song Xiaoya puts down her clothes and comes forward nervously.

"What's the matter? What happened?"

Mu Junhao slowly turned to look at his wife and suddenly hid his face, "brother Dead

Song Xiaoya's face suddenly changed, and she almost fell down.

"What? Leng's Dead

When Mu Junhao and Song Xiaoya arrived at the hospital, Mona was sitting by the bed.

She held Leng Si's hand tightly. Her tears had already dried up and her heart had died with his breath. All that was left was this body.

His body is getting cold, Mona desperately wants to warm him with her own temperature, but everything is in vain.

On the bed, Leng Si closed his eyes.

His face was serene, and his handsome eyebrows were still young and handsome. He seemed to be asleep.

He has fallen asleep forever and will never wake up again.

When this happens, everyone's heart is covered with a layer of sadness. Apart from saying a word of mourning to each other, I don't know what else to say?

Don't let others feel sad, even you can't do it yourself.

Song Xiaoya finally looks at Leng Si.

When I think of those five years abroad, I am already in tears.

In this life, she owes him too much. The only thing she can pray for is not to meet her in the next life.

If I didn't meet him, would he be much easier in his life?

Unfortunately, there is no if in this world.

Whether it's sad or happy, the sun always rises and sets in the East and never changes.

Three days later, Mu Junhao took lengsi's ashes back to the Mu family and buried them on the Mu family's mountain.

Mona did not marry Richard again, and separated from the Mo family. The day after Leng Si's ashes were taken away, she disappeared.

In the ten years since then, no one has seen her.

When Leng Bingbing got the news of Leng Si's death, she turned her eyes and fainted directly.

When she woke up, she was in the hospital.

Yumochuan sat beside the bed, holding her hand and looking at her nervously.

"Bingbing, are you awake at last? Do you feel uncomfortable? "

Coldly and weakly shook his head, "I'm ok, let you worry."

Smell speech, language Mo Chuan long breath, "you that good!"

His eyes were filled with joy. "Bingbing, I have news for you!"

"What's the news?"

"You're pregnant! There's a baby

"What What? "

Coldly and incredulously, he opened his eyes and looked at yumochuan.

Yumochuan grabs her hand, puts it on her mouth and solemnly kisses, "Hmm! We have a baby again, your belly has a new life, the crystallization of our love

Cold cold nose a sour, suddenly cry.

"What's the matter? Don't cry! You are pregnant now. Don't be angry! "

Because of the news of Leng Si's death, Leng Bing fainted directly and moved her breath. She can't do this again.

Feeling the baby in the stomach coldly, it should be a happy thing, but now, the mood seems to be covered with a layer of ash, like this child who has been looking forward to for a long time, but it can't make her happy.

"Brother..."

Yumochuan held her in his arms and comforted her softly: "he was too tired, so he went to heaven! Heaven has no calculation and no benefit. We should bless him! And Mona is pregnant. The baby in her belly is the continuation of her life

Smell speech, coldness falls tears again.

She sniffed and tried to dry her tears.

She didn't want to cry, but the more she wiped her tears, "sorry, I know I shouldn't be so excited, but I can't help it

"No, I'm here! You lean on my shoulder. If you want to cry, you can cry. It will be much more comfortable after you cry. "

Yumochuan pitifully kisses the tears on her face, looking at her crying, his heart is dripping blood.

"Baby, I'm here! I will never leave you! We will be together all our lives, always with you

This year, Meiyu season, the weather is gloomy, people's mood has become heavy.

In this season, several big things happened.

Leng Si died and Leng Bing was pregnant with a second child. Even a big event happened to the Li family.

Ann accidentally fell down the stairs, causing massive bleeding.

Go to the hospital for examination, and find that Ann's blood type is not the same as Wenqiao lifengbei's, nor is it the possible blood type of their own child. An an is not his own. Only Li Fengbei and Wen Qiao knew the truth.

As it happened, the secret could not be concealed.

Wenqiao called all the children to the front, and told everyone about Ann's life experience, and once told, "no matter what Ann's identity is, it's your own sister, this will never change!"

Li Qichen lowered his head and didn't know what he was thinking.

When his younger brothers and sisters were gone, he made a request with Wenqiao.

"Mommy, I want to study abroad!"

"Going abroad?"

Wenjo was surprised, but few people could change his son's decision.

On the day Ann was discharged from the hospital, Li Qichen bought a ticket to London.

Ann learned that she was not the child of the family, so she was silent a lot.

Originally, she wanted to go to London with Chenchen, but when the words came to her mouth, she forced herself to bear it.

Now they have grown up, no longer like when they were young, they will eventually separate and form their own families.

My brother will also find the girl he likes, and they will form a new family. At that time, she will be a burden to the family.

She doesn't want to be a burden. She knows why she is, so she must learn to overcome and grow.

Mom and dad treat her so well that she can't live up to their trust.

On the day Chenchen left, Ann followed Wenqiao and waved to Chenchen with a smile on her face.

"Morning, take care!"

Li Qichen walked at the gate, heard An'an's voice, stopped and turned around.

He pursed his lips and finally got on the plane with nothing.

Ann looked at his back disappeared in front of her eyes, the smile on her face gradually stiff down, a corner in her heart suddenly empty.

Wen Qiao embraces her shoulder, soft voice comforts a way: "good boy, morning morning is to go abroad to learn skill, after a period of time he will come back, don't worry!"

Ann put a smile on her face. "Well, I know, Mommy!"

"Good boy! Come on, go home, Mommy will cook you delicious food! "

Holding Wenqiao's hand, Ann left the airport step by step.

I thought Chenchen would come back soon after he went abroad, but who knows, it's been five years.

## Chapter 1324

As time goes by, it will be five years in the twinkling of an eye.

It's the annual Mid Autumn Festival, the day of family reunion.

Wenqiao came down the stairs early in the morning and happily said to Li Fengbei, "Fengbei, guess who just called me?"

Li Feng touched his wife's head, "who else can there be besides that unfilial son?"

Li's children are now grown up. Li Anxin, the youngest child, is nine years old. He has excellent academic performance, clever and sensible, and high IQ, which is the pride of the couple.

An an's academic performance was a little poor, but she also took the art exam, and she studied fine arts.

Over the years, she has become more and more silent, but the teacher said that Ann is a very talented person in art.

As for Li Xingchen, Wenqiao felt a headache. Li Fengbei often comforted her like this.

"There's a lot of money in our family. Even if he's upset, it doesn't matter. My father will support him."

Although it was a consolation, wenjo didn't know what else to say.

Fortunately, there is no lack of money at home. No matter how he loses his family, just give him a company to manage.

Li Lanxin went to the state of Shiluo and became the queen of the state.

Under one person and over ten thousand people, she finally realized her ambition and became the kind of person she wanted to be.

Today, there is no lack of contact between chenluo and Ningguo. Over the years, the two countries have deepened their understanding and exchanged more and more frequently.

It's much more convenient for blue heart to go home now.

But Li Qichen, a boy, heard that he had won a prize abroad. He also appeared in an international authoritative special journal and became the youngest doctor of computer science, all of whom were doctors of economics and management.

He is known as one of the most outstanding young people in the world.

This guy's academic performance is really good, but after so many years, he just refuses to go home, which makes Wenqiao worried to death.

Every year, Wen Qiao and Li Fengbei visit him abroad when they have time.

And he, for so many years, did not even go home to visit once.

Every time I am busy with my study, I just refuse to go home.

On this day, Wen Qiao didn't expect anything, but Li Qichen suddenly called and said that he would go home today.

In fact, Chenchen said that when she went home today, she got off the plane and stepped into the land of city B when she called.

He didn't like a lot of people coming to the airport to block him, so he just cut first and then played. When he got to B city, he called Wenqiao.

When Wenqiao heard that his son had come back, he ordered the servant to prepare food for him.

Early in the morning, Ann went out with her teacher to collect wind in the suburbs. When she got Wenqiao's call and asked her to hurry home, she thought there was something important.

She asked her teacher for a leave and rushed home.

In the distance, she heard winjo's joyful voice.

"Clean up here and here!"

"Mother Wang, are you ready to eat?"

It's seldom so busy at home. Ann frowned suspiciously, went into the house and asked Wenqiao, "Mommy, is there anything important today? What happened?"

After asking, she remembered that today is the Mid Autumn Festival.

"Is it the Mid Autumn Festival?"

Wen Qiao thought that an an had a good relationship with Chen Chen, and he must Miss Chen Chen very much. He said mysteriously, "wait a minute, you'll know!"

Ann put the drawing board in her hand, “then I’ll go upstairs and tidy it up first!”

Wenjo took a look at her and said, “change into beautiful clothes and come down!”

Beautiful clothes?

Although Ann had doubts in her heart, she changed into formal clothes obediently.

When Ann came down the stairs in a white dress, a group of people came out with a tall figure.

Morning!

An an Leng Leng ground looks at the morning that comes in from outside, heartbeat suddenly missed a beat, Zheng Zheng ground stands in the same place, seem to have lost soul.

No wonder Mommy is preparing things early in the morning. She came back in the morning!

Chenchen hasn’t been home for five years. At that moment, she almost didn’t recognize him.

He has grown a lot. He used to be more than 1.7 meters, but now he is at least 1.8 meters. He is wearing a pair of Tan sunglasses. He is tall, handsome and elegant.

Servants are all busy, a basin of fruit and snacks to the upper end of the tea table.

Suddenly, Li Qichen looks up and looks in her direction.

An an a Leng, immediately toward him to show a smiling face.

“Chenchen, you’re back!”

She twisted her skirt down the stairs and stood smartly behind winjo.

Li Qichen looked at her. There was no superfluous expression on her handsome face, and she nodded faintly.

At this time, Wenqiao sharp eyes to find that he is also followed by a girl. She looked at Chenchen suspiciously, “who is this?”

Hearing the roll call, Tong Xue put away her gaze and came forward with a smile: “Hello, aunt! I’m Tong Xue. I’m Dave’s schoolgirl!”

Xuemei?

Wenqiao picked the center of her eyebrows and looked up and down at the girl in front of her.

Dressed in a fluffy princess dress, with long chestnut hair, she looks very clever and sweet when she smiles.

The son is indifferent to everyone, even to her mother, he doesn’t have too much words. This is the first time he takes a girl home.

Is

There was a guess in winjo’s mind, and she grinned.

“Miss Tong Xue, you are welcome to our house!”

“Thank you, Auntie!”

Wenqiao turned to Ann, patted her on the back of her hand and joked, “Ann, don’t you always look forward to going home in the morning? Why don’t you say a word now that Chenchen is back? ”

“Mommy I... ”

An’an bit his lip, looked at Chenchen, and looked at Tongxue standing beside him.

Beautiful men and beautiful women stand together, it’s really eye-catching, and it’s a perfect match.

When she looks over, Tong Xue grins at her and reaches out her hand generously.

“Hello, nice to meet you. You are his sister. He told me about you!”

Sister?

The smile on An’an’s face is suddenly stiff

in fact, she is not a child of the Li family at all. It is impossible to know when her birthday is, whether she is older or younger than Chenchen.

Ann pulled the corners of her mouth. On her pale face, she managed to squeeze out a smile.

“Welcome to my house!”

Chen Chen looks down at An’an.

Five years no see, she seems to be thinner, originally not big small face, baby fat off, out of graceful, is a big girl.

Chenchen looked back at Wenqiao and said, "Mommy, I'll put my luggage upstairs first."

"Go! Put away your luggage and come down for dinner! "

Tong Xue saw Li Qichen get up, she also immediately followed up, "aunt, that my luggage..."

Wen Qiao gently smile, "Wang Ma, take Miss Tong to the guest room!"

"Yes, ma'am!"

Chapter 1325

Looking at the figure of Tong Xue upstairs, An'an clenched her skirt fingers tightly.

Is she her brother's girlfriend?

My brother has never been so close to any girl.

He always looks like this, but for this girl, it's obviously different.

When Wenqiao saw her standing there in a daze, he suddenly sighed.

"An'an, when you are all grown up, you have to get married and start a business. Don't take some things to heart."

Ann looked back and gave a smile to Wenqiao.

"Don't worry, Mommy, I know! I won't follow Chenchen like before. He should have his own private life

When she said this, Ann's heart was like being pinched by an invisible big hand.

They can no longer be as close as they were when they were children, and she can no longer rely on Chenchen for everything.

Wenqiao rubbed her head and said with emotion: "I'm still the best boy in my family. I'm clever and sensible. I don't know which one is better in the future. You are 20 years old now. If you have any boys you like, you can try to communicate with each other! But you have to remember that you must bring the other party home to Mommy first, and Mommy will help you to check it!"

Ann was stunned.

She never thought about looking for a boyfriend!

She blushed shyly, threw herself into Wenqiao's arms and said, "Mommy, I just want to be with you and dad. I don't want to find a boyfriend!"

Wenqiao felt extremely good in his heart, and said: "Silly child, when you grow up, there will always be a home. Your parents can't accompany you all your life, can't they? Chenchen is such a silent person. Everyone knows how to take a girl home. You should hold fast to it. Mommy is not an antique!"

Ann pursed her lips and squeezed a smile on her face.

"OK, Mommy, I'll try to get along with the right people."

"That's right, let's go! Let's see if the food is ready?"

"Well, good!"

A meal, eat some silence.

Probably because of the guests at home, Li Xingchen, who was originally noisy, miraculously became more peaceful.

Tong Xue sits beside Li Qichen and looks at the big restaurant quietly.

The eyes flashed thick surprise and surprise.

I didn't expect that Li Qichen's family was so rich. It was just like a palace. A restaurant was bigger than her family.

Wenqiao put a chicken wing in her bowl, "Tongxue, eat more! Auntie didn't know you would come before, so she prepared all the dishes she likes to eat in the morning. If you have anything you want to eat or like to eat, you tell auntie, Auntie let the chef at home do it."

Tong Xue swallowed the food in her mouth and said, "thank you, auntie. These are all my favorite foods. Thank you for your hospitality!"

Wenjo nodded.

Tong Xue's initial impression is not bad, polite, steady and not impetuous.

It's also beautiful. It's a good match for Chenchen.

After dinner, the family sat on the sofa in the living room chatting.

"Chenchen, how long do you plan to stay home this time?" asked Wenqiao

"About a week!"

"A week?"

Wenjo was very upset.

I haven't been home for five years, but I have to go back for a week.

What skills do you have to go abroad to learn? Can't you learn skills at home?

Wenqiao's words came to his lips and he swallowed them back.

She knew that for the sake of children, we should not shackle their wings because of our selfishness.

Real love is to give children free space to fly.

Wen Qiao held back and patted Li Qichen on the shoulder! When you grow up, you all have your own ideas. In the future, you often come home to see your mother! ”

Li Qichen nodded, “OK, Mommy!”

Wen Qiao looked at Tong Xue again and asked in a soft voice, “is Miss Tong Xue's first visit to B city? Where did you come from before? ”

Tong Xue subconsciously took a look at Chenchen and replied boldly, “I was born in London and grew up there all the time. My ancestral home is B city. This time, I asked the elder to go home and go with him. I want to come to B city to have a look.”

Wenqiao nodded clearly, “in this case, let Chenchen take you out for a walk! There are still many interesting places in B city! ”

Tong Xue smiles sweetly, “thank you, Auntie!”

Wenqiao turned and told Chenchen, “take good care of Miss Tong!”

Li Qichen looks at Tong Xue, "OK, Mommy!"

Ann sat beside Wenqiao, listening to the three people talking, drooping eyes, eating fruit in silence.

For the first time, she saw Chenchen treat a girl like this.

He is not the kind of person who is easy to get along with, and he will not take a person to his home.

In the evening, winjo took a bath and sat at the dresser to wipe her face. Li Feng leans to the north to read the newspaper on the bedside table.

Wenjo sighed heavily at the thought of something.

"Ai ~ ~"

listening to his wife's sigh, Li Fengbei put down the newspaper and said helplessly, "Why are you sighing all the time today? Don't you feel happy when your son comes back? "

Wen Qiao sat down on the other side of the bed and looked at her husband with a look of distress.

"What's the relationship between Chenchen and Tongxue? I asked him, and he said nothing

Li Fengbei held his wife in his arms and said helplessly, "the child has grown up. What do you worry about doing so much?"

Li Fengbei originally wanted to comfort his wife, but his wife was not happy.

Wenqiao pushed him away and said with a cold face: "every time I discuss with you about children's affairs, you always use these perfunctory words? When did you really care about the children? "

Li Fengbei said innocently, "I When did I stop caring about the children?"

He just didn't want her to worry that much.

But obviously, at this time, Wenqiao couldn't hear these words. She thought, "no, I'd better go and have a chat with Ann."

Then he put on his shoes and walked towards the door.

Looking at his wife's back in a hurry, Li Fengbei shakes his head and sighs with admiration, but he also lets her go.

In this family, wenjo paid more than he did.

Most of his energy is spent on his work, and this big home is to watch Wenqiao prop up.

Think of this, his heart can not say the love.

What winjo said just now is right. He is really a little less patient with his children.

Wenjo came to Ann's room in a hurry.

Ann was cleaning up her drawing board when she saw Wenqiao push the door in and asked, "Mommy, why haven't you had a rest so late?"

Wenjo closed the door with his back hand, took Ann's hand and sat by the bed with a sigh.

"Ann, Mommy can't sleep. She wants to talk to you."

Ann took Wenqiao's hand and said with a smile, "Mommy, just tell me what's going on."

Wenqiao's eyes flashed slightly, and he hesitated and said, "An'an What do you think is the relationship between Chenchen and Tongxue?"

It is reasonable that she should not interfere in children's private affairs.

But Tong Xue, who looks very young, is only 18 or 19 years old, but her behavior is impeccable. She doesn't look like a girl who doesn't know anything at all.

The little girl's thoughts may not be known to others, but she can see them.

She said that going back to city B is actually an excuse to get along with Chenchen alone.

## Chapter 1326

Wenqiao doesn't want to interfere in children's love and marriage, but also doesn't want to find a girl who is deep in thought to be his daughter-in-law.

Ann was stunned and looked at Wenqiao in shock. "Mommy, can't you believe Chenchen?"

Wen Qiaoyu worried and said: "Chenchen devotes himself to study. He is a blank in emotion. He is a nerd at all! Even if he is cheated by a girl, he doesn't know, so I hope you can give it to your mother!"

"This..."

Ann agrees with Wen Qiao's words, maybe it's a woman's sixth sense. She thinks that Tong Xue's scheming is not as simple as it seems.

She didn't want her brother to find a woman with deep thoughts and ulterior motives to be his wife.

She bit her lip and said with some hesitation, "Mommy, don't worry! Tomorrow I'll follow them secretly and tell you their whereabouts!"

Wenqiao's eyebrows jumped, and some hesitation flashed on his face.

"Is that ok?"

"Mommy, don't worry, I will never be found by Chenchen, and you don't want him to find a girl with ulterior motives to be his girlfriend!"

"But..."

"No! Didn't you just keep saying headache? Go to bed soon

Then Ann pushed Wenqiao to the door.

Wenqiao said with a helpless smile: "you child Then I'll go to bed, and you'll have a rest early. Just let the servant collect the sketchpad for you."

"You know, I don't like people rummaging my things. Don't worry so much. Go and have a rest."

"Mommy's gone!"

As soon as Wenqiao left, Ann sat by the bed, opened the drawer and took out a group photo from the drawer.

It seems that for some time, the corners of the picture are yellow.

In the photo, she and Chenchen stand under a flower tree, petals fall one after another, and her smile is very bright. Chenchen stands beside her without any expression, but his lips slightly rise, revealing his happy mood.

When did they start laughing?

Is happiness the price of growth?

Is Miss Tong Xue really Chenchen's girlfriend?

He is so stupid that if he can find a girlfriend, she should be happy for him, but she can't be happy!

.....

That night, ANN, as usual, was in a nightmare and couldn't wake up.

She and Chenchen are locked up in a dark room, in the room. Ants crawling, everywhere is the mouse "chirp" call.

She huddled in the corner, shivering with fear.

At this time, the door was opened, a bearded man came into the room, rubbed his hands, and walked towards her with a smile.

"Little sister, you look so good! Young age is so good-looking, grow up, this will certainly harm many men ah! Why don't your uncle teach you how to serve men first?"

A big, thick palm reached out to her, pressed her shoulder, and began to take off her clothes.

She was terrified and struggled with her hands and feet. "Don't touch me, don't touch me. When my dad helps me out, he won't let you go!"

"Ha ha, your father is dead, and your mother is still lying in the hospital. Who do you think can save you?"

The man laughed more evil.

Ann screamed in alarm, "my daddy's not dead! My daddy is not dead

When the man saw that she was not good, he got angry and slapped her in the face.

"Be good to me, and I'll shut your mouth if you call me again!"

Her face was deflected, five clear fingerprints appeared on her white cheek, and even her mouth was blocked by the man's clothes.

"Wu Wu Wu ~ ~"

she watched the man press towards her with a smile. She was extremely frightened and her brain was blank.

Just as she closed her eyes in despair, the man suddenly snorted and fell heavily on her.

She opened her eyes and saw red blood running down the man's head.

She raised her head and stood behind the man with a long stick in her hand.

Because he was too nervous, his forehead was dripping with sweat.

When she looked at it, Chenchen immediately dropped the stick in her hand, pulled off the cloth in her mouth, took off her clothes, wrapped them around her and hugged her.

“It’s all right! I’m here, and I’ll protect you!”

She stared at the man who fell on the ground, and even her body was shaking with fear.

“Now what should we do? Is he going to die?”

Chenchen covered her eyes and said softly in her ear, “don’t worry, it will be OK! It was he who hurt you first

“But...”

She grabbed the skirt of his chest, tears like broken beads fell down, “he said Daddy is dead Daddy, I really want Daddy” Daddy will be fine. He will come to help us out!”

Some people heard the movement here, kicked the door in, looking at the scene in front of them, those people were stunned for a while, and then pointed at them viciously.

“You killed him?”

She was so frightened that her tears froze and she kept shaking her head. “It’s not us!”

“Zhang San likes to molest young children. Don’t think I don’t know. You’re brave enough to kill him! Tell me, who moved the hand?”

She immediately put Chenchen behind her, “he wants to be unfair to me, I’m just self-defense!”

The man burst out laughing, "I'm very brave. You are so arrogant. Are you still imagining that your omnipotent dad can save you? To tell you the truth, your short-lived father is dead, and no one will come to save you any more!"

"No! My daddy is not a short-lived ghost

Chenchen wrists his fist and rushes forward, pushing his palm on the man.

The man was pushed back two steps, immediately angry, "you dare to hit people, see I don't kill you today!"

Finish saying, a few adults surrounded toward them to come over, a face ferocious toward them punch and kick.

"Hit me hard!"

"I make you arrogant, I make you arrogant!"

The two kids are no match for adults at all.

Each foot fell on the body, the body's bones are painful as if split.

Chenchen pushes away the crowd, pours on her body, protects her firmly under her body, and blocks those fists and feet that fall on her body with his own body.

"Morning! No

She saw a thick liquid running down Chenchen's body. She was frightened and screamed in terror.

Chenchen bit her lip, and her weak voice said in her ear, "it's OK. Don't cry. We will stick to it. Daddy will come to save us!"

“Chenchen...”

Ann screamed and woke up from the nightmare.

She wiped the sweat from her forehead, and there was still the fear of her dream in her eyes.

Chapter 1327

She hugged the quilt and was confused for a long time. Then she lifted the quilt and got up and went to the bathroom to wash.

When waiting for her to speak, Li Qichen and Tong Xue are sitting on the dining table, talking and laughing.

Hearing the footsteps, they turned around.

“Why do you come down now?”

Li Qichen’s face looks a little gloomy, with displeasure.

Ann scratched the back of her head and said, “I’m sorry to have kept you waiting!”

An an sits on the position opposite to them, looks at the empty restaurant, and asks in surprise, “what about the others?”

“I’m at ease to participate in the Olympic Games today. We all went to see her off early in the morning.”

“Yes, how can I forget such an important thing?”

Ann patted her head and a trace of chagrin flashed.

Anxin told her a few days ago that today is the Olympic Games, which is very important for her.

Chenchen said to the servant beside him, “let’s have breakfast.”

“All right, young master!”

The servant put the exquisite breakfast on the table. In a short time, the exquisite food filled the table several meters long.

Looking at the dishes on the table, Tong Xue smacked her tongue and said in shock: “do we three eat so much? It seems wasteful!”

An an hears the speech and looks up at Tong Xue.

The girl is very beautiful. Her two big clear eyes are like two clear pools with innocence.

An an didn’t speak, but Chen Chen’s tone lightly explained: “it’s the same at ordinary times!”

Tong Xue Nao mouth, toward the morning spit out his tongue, “am I meddling?”

“No, thrift is a virtue!”

Ann sat opposite them, looking at their intimate appearance, and quietly lowered her head to eat.

After a meal, Tong Xue talks to Chen Chen from time to time, while an an is quietly eating the food in front of her. It is clearly delicious food, but now she feels that it tastes the same.

After breakfast, Chen Chen takes Tong Xue out.

As soon as they left, Ann got on the bus and let the driver follow.

Chenchen takes Tongxue to the playground. She hides behind the crowd and watches Chenchen accompany Tongxue to make a merry go round and ferris wheel.

His face is always with a warm smile, very patient look.

Ann was shocked in her heart again. Chenchen would never treat a person like this. Should he like Tongxue very much?

Tired of playing in the playground, they began to go to famous scenic spots, skiing, but rowing

Tong Xue talks with Chenchen all the way with her head tilted. They talk and laugh.

Ann followed behind them and couldn't help thinking.

What are they talking about?

Why can we chat so happily?

The sun at noon, gradually spicy up, irradiation on people's skin, hot roast.

Ann hid behind a pillar and raised her hand to wipe the sweat on her forehead.

After a while, her back was soaked with sweat.

Tong Xue fanned with her hand. She thought the sun was too hot, so she took Chenchen to the shopping mall.

Before going shopping, they turned to a western restaurant beside the shopping mall.

In the elegant restaurant, they chose a window seat.

Ann lowered her hat, picked a place close to them, sat down and listened to the conversation.

“Thank you for coming out with me, Dave. I’m so happy today!”

Li Qichen cuts the steak in his hand and forks a small piece into his mouth.

“That’s what I should do!”

What should be done

Ann grabs the finger of the menu and suddenly tightens it.

It seems that Chenchen really likes Miss Tong Xue, and has never seen him treat a person so gently.

Tong Xue suddenly raises her head, looks at the seat where an an is sitting, and then frowns, “Dave, don’t your family like me?”

Li Qichen raised his head and raised his eyebrows. “Why do you say that?”

“Look over there!”

Tong Xue points to An'an's direction.

Li Qichen looks this way along Tong Xue's line of sight.

Li Qichen's handsome face suddenly sank as the thin figure came into view.

Ann Ann!

Did she follow them all the time?

Just for a second, he turned around and said in a faint voice, "ignore her! If she likes to follow, let her follow!"

Tong Xue frowned almost imperceptibly.

She is acutely aware of the delicate relationship between Chen Chen and an an.

In foreign countries, Li Qichen mentioned his sister Li Anqi to her more than once.

But when they met, they couldn't say anything about it. Even from yesterday to now, they haven't spoken to each other alone. It seems that they are not as intimate as other sisters. A woman's first instinct, the first time she saw Li Anqi, she didn't like her very much.

However, she had a bad relationship with Dave, which was just what she wanted.

Chenchen suddenly felt no taste, put down his knife and fork, and slowly wiped his lips with a napkin.

"I'll have it. Take your time!"

Tongxue a Leng, she just ate two, see Chenchen don't eat, she immediately put down the knife and fork.

“I’ve got it, too. Let’s go!”

“Miss, your sirloin steak!”

As soon as the waiter put the steak on the table in front of ANN, she saw Chenchen and Tong Xue walk out of the restaurant side by side.

Ann had been hungry for a long time. Looking at the scene, her face changed. She immediately put down her knife and fork, paid the money and chased her out in a hurry.

In the twinkling of an eye, they disappeared.

Looking at the shopping mall, Ann anxiously looks for two people.

Mommy is so worried. She must not screw up. She hasn’t got all the information. She hasn’t got a clear idea of Tong Xue’s character. If Chenchen is cheated by a bad woman, what should she do?

Ann was so anxious that she was sweating. She ran around the big shopping mall, but she still got nothing.

There was no lunch at noon, and suddenly there was colic in my stomach.

She found a place with few people and squatted down.

She has chronic gastritis, from time to time will attack, did not expect to be so frustrated today, but at this time the pain.

Just when she didn’t know whether to leave or stay to look for them, a sweet voice came to her ear, “I want to go there to have a look. Do you feel impatient?”

The voice of Tong Xue.

An'an's heart was overjoyed and suddenly raised her head.

Chenchen and Tongxue are not far away.

Chenchen looks worried and looks around.

Tong Xue is pulling his arm, a face excitedly toward not far away package cabinet.

"Let's go over there and have a look!"

Ann frowned subconsciously.

Chenchen obviously seems to have something urgent, but Tongxue turns a blind eye and pulls him to buy it.

Ann is afraid to be found and dare not follow too close.

Far away, she saw that Tong Xue swept the goods, from clothes, bags to jewelry.

She's wearing high heels, but she seems to have a lot of energy.

After a while, she and Chenchen were carrying all kinds of gorgeous bags.

Ann covered her stomach and wiped the sweat on her forehead.

Does Chenchen like such a woman?

Be coquettish and keep buying

Do men like girls like this?

The sight in front of my eyes became more and more blurred, and my stomach became more and more painful.

Suddenly in front of a dark, she fell straight ahead.

Chapter 1328

When Ann woke up, it was dark outside.

The dark sky looks very dark.

She opened her eyes with a trace of confusion.

White ceiling, white sheets, white curtains, a pungent smell of potion came from the nose.

Is this a hospital?

Her hand for a while, a cone of pain from the back of her hand, she looked down at the back of her hand, the whole person was stunned.

The back of the hand is dribbling, and the needle is inserted into the small blood vessels, even the veins on the blood vessels can be seen.

Something came to mind.

She suddenly remembered that she had fainted in the mall.

Who brought her to the hospital? Where's Li Qichen? Did he go home with Tong Xue?

And Now it's almost dark. If we don't go home at this time, mom and dad will be distressed.

She flurried off the quilt and got ready to get up.

At this time, the door of the ward was pushed open.

An an was stunned and looked up at the door.

Wenqiao, carrying a thermos, and Li Fengbei came from the door.

Seeing that she had woken up, she happily said, "Ann, you wake up! You child, you really scared me to death. How could you faint?"

Li Fengbei was also standing by the bed, looking at her anxiously in his eyes, and his voice was unspeakable tenderness.

"Is there anything else wrong? I'll call the doctor at once

Looking at her worried father and mother, Ann's eyes were a little hot and humid, and she shook her head.

"Daddy, Mommy, I'm sorry! You're worried!"

Wenqiao grabbed her hand and said with a guilty face, "it's all my fault. Mommy shouldn't let you follow Chenchen."

Speaking of Chenchen, Ann immediately asked, "Mommy, where's Chenchen? Did he go home?"

"It was he who found you fainting and sent you to the hospital," said winjo

"Er..." Ann's face flashed awkwardness as she drew from the corner of her mouth.

Tracking others fainted, and finally the person sent himself to the hospital, she was not more stupid.

But Where is Chenchen?

Thinking of this, An'an looks behind Wen Qiao and Li Fengbei with expectation in his eyes.

Seeing what she thought, Wenqiao said angrily: "he sent you to the hospital and went home. That guy is becoming more and more disrespectful now. His sister is ill, and even the hospital doesn't want to stay longer!"

"....."

Ann pursed her lips and dropped her head in silence.

The long eyelashes hang down, blocking the look of disappointment in the eyes.

When I looked up again, a smile came out of my little face.

"It's OK. Maybe he has his own business!"

Wenjo was very angry about her.

“What can he do? That guy just doesn’t have a lesson. ANN, don’t worry. When you are well, we’ll go home and clean up for him! ”

Ann smiles, and her heart is like a sweet stream.

Although she was not born to her parents, they never regarded her as an outsider, and even cared more about her than other brothers and sisters.

Ann’s stomach disease is not a day or two. There is no special medicine for it. She can only rely on her usual recuperation.

Listen to the doctor’s advice, Wenqiao can’t help but blame strange way: “Ann, I think you still don’t live in school, live at home, later I personally give you three meals a day!”

An an scratched his head and said with shame, “I’d better live in school. I’ll pay attention to my studies this semester. I won’t worry you any more.”

Wenqiao hugged her shoulder and pretended to be angry: “no, I don’t know if you have a good meal at school. It’s settled. I’ll send someone to school to pack for you tomorrow.”

“Mommy...” Ann wants to say something more.

Li Feng North also smiles to interrupt a way: “this matter listens to your mother, still live in the home to come!”

“This...”

Ann bit her lip and said, “OK! Tomorrow I’m going to school to pack up and move home! ”

In fact, she wants to rely on her own independence. After all, she is so old now that she can no longer rely on her parents for everything.

After going through the formalities, Ann came home from the hospital.

As soon as they got home, Li Xingchen and Li Anxin gathered around her and looked at her painfully.

“Elder sister, do you feel uncomfortable?”

An an’s face was ashamed and said, “it’s OK. You’re worried!”

Because of her, it worried the family.

Li Xingchen came mysteriously, with the excitement of gossip in his eyes.

“Elder sister, tell me quickly, what are you going to do with me?”

Er

Ann covers her face. She is so embarrassed that she wants to find a hole in the ground. She coughed softly, endured her shame, and said solemnly, “coughing, isn’t it for your brother’s life? Do you know about Tong Xue? If she is a bad woman, Li Qichen to hurt how to do? Li Qichen’s brain is usually single-minded. He only knows how to read. In addition to reading, he still studies. In love, we can only rely on us to check on him.... ”

“Cough!”

Li Xingchen and Li Anxin look at the door, and their faces suddenly change.

“Shh, Shh! Big sister

An'anzheng speaks energetically. When she thinks of many things Li Qichen has done, she has a lot of complaints in her heart.

“What’s the matter? Am I right? To put it bluntly, he has a high IQ and is very good at learning, but apart from learning, he is an idiot

“.....”

Li Xingchen and Li An’s heart supported the forehead and looked aside one after another.

Ann frowned and looked at them with a puzzled look on her face What’s the matter? ”

As soon as the voice fell, a steady sound of footsteps came from behind.

An’an, with a thump in her heart, suddenly turned around.

Li Qichen’s tall and thin figure is walking towards this side step by step.

“.....”

An an’s face was hot, and she was embarrassed to find a hole to bury herself.

must make complaints about what he had just said.

“What, Li Qichen...” I don’t mean it!

Ann bit her lip and was going to be honest about her mistake, but the other party didn’t pay any attention to her. As if she didn’t see her, she put her hands in her suit pocket and walked upstairs with a natural pace.

An an, "..."

He must be angry with her!

She didn't follow him first, but now she still speaks ill of him. How could she not control her mouth!

Ann hit herself hard on the mouth.

Li Xing Chen gathered to her side, Tucao way: "elder sister, have you found brother make complaints about it?" Always cold a face, as if everyone owes him millions! "

Ann raised her head and looked at the stairs on the second floor. She shrugged helplessly, "it's estimated that it's not millions!"

"Well?"

"Tens of billions!"

"Ha ha!" Li Xingchen burst out laughing, "elder sister, you are more and more humorous!"

Chapter 1329

Finally the two brothers and sisters away, Ann got up and went to the second floor bedroom.

Her bedroom is only a corner away from Li Qichen's.

When I got to the door, I couldn't help but stop and look ahead.

The words of Li Xingchen echoed in her mind.

My brother is more and more silent. He has a cold face, just like others owe him millions!

Yes!

He was not like this before. Why did he suddenly become like this?

Even when he went abroad, he didn't go home for five years?

Say, he used to take care of her, just like that dream, everything will protect her.

Why, all of a sudden, he was tired of her approach.

Now it's more like treating her like a transparent person.

She couldn't see him through any more!

Alas, ~

an an sighed helplessly.

Just when she was in a daze, the door was opened and Li Qichen's tall and straight figure appeared at the bottom of her eyes.

An'an was stunned and quickly pushed open the door in front of the door. She went into the room and closed the door.

She leaned back against the gate and patted her chest nervously.

I don't know why, as soon as she saw him, her heart beat faster and became very nervous, as if she was afraid to see him.

She covered her pounding heart and clenched her lips.

She must be so guilty because she has done something bad!

It must be!

"Dong Dong Dong!" Suddenly, the door behind was knocked.

Her eyebrows jumped. "Who Who, what's up? "

"Me

Qinglie with a trace of magnetic voice came along the door.

Ann guessed it was him, but now she didn't know what posture to face him with.

She pretended to be very tired and said in a weak voice, "that Chenchen, what can I do for you? I've had a rest! "

"Open the door!"

"....."

It's so concise that I don't even want to say one more word.

Ann hesitated to bite her lip and finally opened the door.

"What's the matter?"

Li Qichen walks into the room and stands in front of her, looking at her with dark eyes.

Anlian took two steps back.

She suddenly found that Li Qichen was much higher than her, standing in front of her, completely shrouded in a shadow, with a strong sense of oppression.

"Why What's the matter? "

Ann swallowed her saliva in frustration.

Thinking of what she had done and said, her momentum was reduced unconsciously.

You're here to settle with her, aren't you?

At the height difference of 12 cm, Li Qichen looked down at her white face.

Handsome face can't see what expression, for a long time, just opened his mouth, "don't do such things again in the future!"

"Why?"

Ann's face was hot and her fingers were cramped.

She looked down at her toes and said, "I'm sorry, it won't happen in the future. If you can find a girlfriend, I feel happy for you!"

I don't know if it's his illusion. When he finished this sentence, she obviously felt that the surrounding temperature was cold.

"So The best

Then he turned and walked towards the door.

Ann looked at his back and frowned.

What did she say just now?

Why does it seem that he is more angry?

It's said that a woman's heart is like a needle, but she thinks that a man's heart is hard to guess.

"Ai ~ ~"

an an, lying on the bed, sighed helplessly as she looked at the high ceiling.

Maybe she sleeps too much during the day, and ANN can't sleep at night.

Outside the window, the night is thicker. The moon of 16 is like a silver disk hanging in the sky. The soft light illuminates the outline of the earth. It's very beautiful.

She lifted the quilt and went barefoot to the balcony.

There is a deck chair on the balcony. She lies down in the chair. The cool wind at night gently blows her face, which is very pleasant.

The trouble seems to have been taken away by the breeze.

Ann, with her eyes closed, lay on the couch and fell asleep.

But soon, there was a sound in my ear.

Then a sweet voice sounded in my ear.

“Xiaomei, why do you call me at this time? I’m almost asleep

“Don’t mention it. It’s a bad day! Originally, Dave took me shopping. Suddenly, his sister fainted. I guess she did it on purpose! It’s the first time I see such a person. I go shopping with Dave, and she follows us behind? That’s too bad! “An’an’s delicate eyebrow frowned slightly and opened her eyes.

In the guest bedroom next door, a slender figure was walking up and down by the window.

Intermittent voice into the ear, she seems to hear her name in the morning.

One of the spirit shock, that sleepy pajamas immediately ran out.

Her bedroom was connected with the balcony of the guest bedroom. She secretly turned over from the balcony and hid under the window of the guest bedroom.

Sure enough, the sound in the room became clearer and clearer.

“Dave’s family is rich. It’s like a palace! I only knew that his family was rich, but I didn’t expect to be so rich! When I become the young lady of the Li family, I can buy whatever I want! I don’t have to live frugally for tens of thousands of yuan a bag any more. I’m fed up with it!”

Excited voice into the ear, Ann secretly clenched his fist.

Li Qichen is so gentle to her that she just regards Li Chenchen as an ATM!

Just now when she was looking at her shopping in the mall, her eyes were full of light. She didn't like Tong Xue.

She can see clearly, her desire is written on her face.

Ann secretly clenched her fist and went back to her bedroom from the balcony.

Because of this episode, Ann didn't sleep almost all night.

In the early morning of the next day, at dawn, Ann went out of the room in her sportswear.

She just took the time to come out on purpose.

Because she knew that at 6:30 every morning, Li Qichen would get up on time and go to the garden for a morning run.

Li Qichen heard the sound of opening the door and looked at her. Looking at her sportswear, her dark eyes flashed an accident.

"What are you doing so early?"

Ann raised her hand to say hello to him and said with a smile, "good morning! What a coincidence! I'm going to run, too

"Running?"

Li Qichen glanced up and down at her meaningfully.

“Mm-hmm!” Ann nodded busily and said seriously: “it’s good for you to exercise in the morning!”

“Whatever you want!”

Li Qichen looks back and walks past her.

Ann quickly followed, “that That...”

“What’s the matter?”

Li Qichen stops and turns to look at her.

Originally, Li Qichen had a long walk, and Ann almost had to trot to keep up.

Li Qichen suddenly stopped, and An’an almost ran into his arms.

She quickly stopped and stepped back two steps.

Li Qichen’s cold eyes glared at her, “what do you want to say to me?”

Chapter 1330

Li Qichen’s bright eyes looked at her.

“.....”

Ann choked and couldn't say what she said.

Tong Xue is his girlfriend. She says she doesn't like Tong Xue very much.

She now speaks ill of Tong Xue in front of him. What if he doesn't believe her?

And it doesn't seem to be a very glorious thing to chew on the back of others.

She flashed a tangle in her heart and gave him a smile.

“Oh! It's OK, I just want to say you run slowly, I can't catch up with you

“.....”

Li Qichen picked next eyebrow, see her unnatural look in the eye ground.

Instead of exposing her, he said, “if you can't catch up, you'll run by yourself. Anyway, you're not so diligent at ordinary times!”

Didn't she work so hard?

Ann clenched her teeth, the first one said she was not satisfied.

“Why am I not diligent? Do you remember that I used to wash your clothes for you, and you are allergic to detergent...”

Smell speech, Li Qichen stops a pace again, frown at her, light voice way: "if don't want to wash, you can let the domestic servant wash!"

"I..."

Ann was blocked up by his words again.

If she had known that he would make such sarcastic remarks today, she would not have washed them for him.

Forget it. She doesn't care about him for the time being.

"So why am I lazy?"

"Oh Li Qichen sent out a cold sneer with his nose and said with a smile: "I don't see you running in the morning at ordinary times. What are you pretending to do today?"

"....."

An an was stunned, and a trace of embarrassment flashed across her face.

She touched her nose, her eyes a little erratic, "do you have it?"

"Do you know for yourself?"

With that, Li Qichen ignored her and ran to the front.

Ann nodded.

When did this man become so annoying?

She is really lazy. She can't get up at 7:30 in the morning. Running in the morning is a matter of her last life, but who is she for?

I don't want to find a chance to talk about Tongxue with him!

Come on, she's too lazy to bother with him.

"Wait for me!" Ann followed again.

If it's someone who eats in a pot, even if it's for mommy and daddy, she should remind him about it.

Tong Xue doesn't deserve him at all.

Thinking of this, Ann tightened her fingers, summoned up the courage to shout to his back: "I have something to say to you, you wait!"

Hearing the speech, Chenchen stops again.

Deep eyes, emerged with a layer of dark water, "in the end what?"

Ann stood in front of him, and after running for a while, she began to pant.

"I have something to say to you To you..."

"Dave, sister Ann, are you running in the morning? May I come with you? "

Before Ann's words were finished, a sweet voice came from behind.

Ann is interrupted and turns around.

Tong Xue, wearing a silver sportswear and wearing a ball, ran towards them with a smile on her face.

Beautiful eyes looking at Li Qichen, Du Du mouth, looks innocent.

“I’m not disturbing you, am I?”

Li Qichen’s eyes flashed a trace of displeasure, but it was fleeting.

He looked at An’an and said in a clear voice, “since you’re here, let’s run together.”

“I’m a slow runner. You have to wait for me!” Tong Xue said coquettishly.

“Let’s go!”

Ann followed them and watched them running side by side.

Hanging his head, the heart is not taste.

They both talk and laugh. She can’t understand any IOC or OOP.

They seem to be chatting happily. Even Li Qichen’s cold iceberg face has a trace of chaps, and his lips are slightly raised. He seems to be in a good mood.

Ann’s heart is like overturning the Wuwei dish.

I regret why I hesitated just now. Why didn’t I tell him the conversation I heard last night?

Ann ran with an absent-minded look as she was annoyed.

All of a sudden, her feet were empty, and she fell uncontrollably towards the lake.

The deck didn't know when it was empty, and she didn't notice.

Poop, poop.

Everything happened so fast that she had fallen into the lake before she could even call for help.

The cold water of the lake quickly filled her ears and poured towards her in all directions.

She can't swim.

She was so flustered that she began to struggle with her hands and feet, but her body kept falling. Angel Li, you are so stupid!

You're probably the first one to come out and run and fall into the lake and drown?

When Li Qichen heard the sound of falling into the water, he suddenly turned around and his face changed.

"An'an!"

Without thinking about it, he strode over and jumped off the bridge.

He regretted it very much. Just now he saw that there was a piece missing on the bridge deck. He wanted to wait for her, but he thought that she should be able to see such an obvious place!

"Ann! Wake up quickly

Li Qichen takes An'an out of the water and presses her heart anxiously.

"Poof!"

Ann spits out a mouthful and opens her eyes.

"Ann, you wake up! You're all right!"

On Li Qichen's anxious eyes, an an's nose was sour. Thinking of the suffocating feeling just now, she threw herself into Li Qichen's arms and cried out.

"I was scared to death just now. I thought I was going to die!"

Li Qichen's cold heart suddenly softened, "Why are you so stupid? Do you run without looking at the road?"

Although it was a reproach, the tone was unspeakable tenderness.

Tong Xue looked at this scene, cold "cut" a, turned a big white eye.

It's useless. You can fall into the lake even if you run. Why don't you drown!

She converged her face, walked over, looked concerned, and pretended, "sister an, are you ok? It's all our fault. I was so absorbed in talking to Dave that I didn't notice you!"

An'an found out that she was in Li Qichen's arms and was still holding his clothes.

She quickly released him and got out of his arms.

“I’m fine. I’ll go back and change!”

Then he turned around.

“Wait!”

Chenchen stepped forward and picked her up. “I’ll take you back!”

The body suddenly vacates, Ann subconsciously encircles Li Qichen’s neck.

After reaction, his face changed and he began to struggle.

“Put me down quickly!”

Tong Xue is still watching!

This position seems a little too intimate.

If they are brothers and sisters, it’s OK to say, but they are not brothers and sisters at all. They have no blood relationship.

Li Qichen looks a meal, frown displeasantly, cold voice cries a way: “give me quiet a bit!”

“.....”

By his roar, Ann immediately silenced, obediently stay in his arms.

He doesn’t get angry easily, but it’s terrible when he gets angry.

Tong Xue looks at two people intimate appearance, secretly clenches the tooth root.

Watching the two go away, she quickly followed up.

“Wait for me!”
