Chapter 1331

As soon as Wenqiao came down from the upstairs to prepare the children's breakfast with the servant, he heard the movement at the door.

"What's the matter?"

She asked in surprise as she watched Ann and Chenchen coming from the outside, all wet.

"Mommy, Ann is in the water."

"Falling into the water? Ann, are you ok? "

Wenqiao quickly wrapped her body in a dry bath towel and sighed: "what's the matter? I fainted yesterday and fell into the water today. I think you'll stay at home and don't go anywhere for the time being."

Ann looked down in shame, "I'm sorry, Mommy, I want to give you trouble again!"

"You child, you are going to scare us to death!"

Wen Qiao turned to look at Li Qichen standing on one side and reproached: "how do you take care of An'an? Usually you are not at home, she has nothing. When you come back, she either faints or falls into the water. You can reflect on yourself! "

"....."

Chenchen chokes, opens his mouth, wants to explain something, but in the end he doesn't say anything.

Anlian said: "Mommy, I didn't see the way myself. It's not about Chenchen."

Wenqiao glared at her. "Don't speak well for him. It's his responsibility."

Tong Xue nodded and said for Chenchen: "Auntie, in fact, Chenchen can't be blamed for this. There is a missing piece of the bridge, and Ann didn't see it, so she fell in."

Winjo sighed.

"Forget it, I don't care about young people! I'll tell mother Wang to fry some ginger water for you. You should have a good rest first

"Thank you, Mommy!"

As soon as Wenqiao left, Li Qichen stood by the bed and looked down at An'an.

"Don't run around next time!"

Ann knew she was wrong, so she said, "I know! Go back and take a hot bath, don't catch a cold

Chenchen pursed her lips and took a deep look at Ann.

Looking at her pale face, he shook his head helplessly and finally walked out of the bedroom.

Tong Xue's eyes and nose are concerned. As soon as Chen Chen leaves, she quickly follows up.

"Dave, wait for me!"

After a while, Wenqiao himself came to the room with ginger tea.

After drinking a bowl of ginger tea, Ann felt much more comfortable. She took Wenqiao by the hand and said, "Mommy, I was really careless just now. I won't be so careless next time."

Wenqiao tucked in the quilt for her and said lovingly, "Mommy doesn't mean to blame you. She's just worried about you."

"I know! Mommy, I love you

Ann hasn't been so coquettish for a long time.

People, when they are vulnerable, will rely more on the people around them.

"Skin

Wenjo glared at her, but the rising corners of her mouth betrayed her mood.

"Well, you have a good rest first, I'll go to see Chenchen!"

Chenchen was also soaked. She took another bowl of ginger soup and went to the next room.

First she knocked on the door. "Morning, can Mommy come in?"

As soon as the voice fell, the door was opened from inside.

Chenchen took the plate in her hand. "I don't need to drink it. It's not so fragile."

Wenqiao sat by the bed, looking around the room, not seeing Tong Xue, relieved.

She waved to Li Qichen, “after drinking ginger tea, sit down and talk to Mommy. What happened just now?”

“Just as Tong Xue said just now, a piece of bridge deck is missing...”

Wenjo interrupted: “that’s not what I’m asking! Ann never runs in the morning. What’s the matter today?”

Li Qichen thought of an an’s expression of desire to talk and stop, and his eyes flashed slightly.

“I don’t know.”

Wen Qiao patted Li Qichen on the shoulder, and said: “Chenchen, although ANN is not my own child, in my heart, she has never been treated as an outsider. In my heart, she is my own daughter, the same as Lanxin and Anxin, even because of that I care more about her than Lanxin and Anxin. Can you understand mommy’s mind?”

Li Qichen was stunned and then said with shame: “sorry, Mommy, I didn’t take good care of ANN in the morning!”

With that, he looked at the look on Wenqiao’s face and said carefully, “Mommy, don’t worry. I’ll take good care of you in the future.”

“Ah ~ ~”

Wenqiao thought of something and sighed heavily, “now that you are grown up, sooner or later you will have your own families! I’m still looking for an excellent family member for an an early. You are not young. Start early! It’s too late. All the good men have been picked away!”

Li Qichen’s face turned pale and asked in shock: “Ann is still young. Is it too early to find her a boyfriend?”

“What’s early? You are looking for a girlfriend. ANN is still a girl. You should find someone to love and love her as soon as possible! “Li Qichen pinched his forehead, “Mommy, Tong Xue is just my schoolgirl, that’s all.”

“Xuemei, can you bring it home? There are many hotels outside. Can’t you afford this money or what? ”

Li Qichen choked again.

There is no refutation to this.

At the beginning, he brought Tong Xue back. Only he knew what he was thinking.

But now it seems that this move is unnecessary.

“Mommy, I’ll let her stay in a hotel!”

“Come on, they all live at home. What’s the point of driving them away?”

Wenqiao said without a word, “just now I was talking about finding a boyfriend for Ann. How did it come to you? No, I still have to discuss it with your father. Taking advantage of the gimmick of your coming back home, I invite all the young talents in the city to come home and let Ann choose at will. ”

Li Qichen Qingyi’s eyebrows wrinkled, “Mommy, you think this is the ancient imperial concubine.”

Wen Qiao dissatisfied ground stabbed him one eye, “you know what, my home an an an is the most honorable little princess naturally, want to deserve the most outstanding man!”

Li Qichen put in the palm of the body side, quietly clenched.

“Mommy...”

“Come on! It’s settled. Don’t get involved in Ann’s marriage. Anyway, you are indifferent to her. I can’t count on you!”

Outside the door, Ann wanted to raise her hand and knock on the door, but she heard Wenqiao’s words.

An’an is naturally the most honorable little princess in my family. She should be worthy of the best man!

Ann’s eyes were so hot that she almost burst into tears.

She put down her hand and turned back to her bedroom.

She is not the child of the family, but mommy and Daddy have never looked down on her. She has no way to repay her kindness in her life.

She is very glad that she can meet such parents.

Not long after an’angang lay down, the door was knocked, and Li Qichen’s low and soothing voice came into his ears.

“Ann, I’m in!”

Chapter 1332

“Yes Can I help you?”

An’an nests in the quilt, the sound is stuffy.

Suddenly, I didn’t want to see him.

Li Qichen’s low voice said, “I have something to tell you!”

What's up?

What can he tell her?

Ann hesitated for a moment, finally lifted the quilt, got out of bed and opened the door.

She pretended to squeeze out a smile.

"Chenchen, what can I do for you?"

Li Qichen stepped out of her long legs and walked in front of her, sitting directly beside the bed.

It seems that I want to have a good talk with her.

Ann was a little nervous all of a sudden.

Li Qichen's Obsidian eyes looked at an an's pale face. Suddenly, he looked guilty and said, "I'm sorry about what happened just now."

Apologizing?

He apologized to her?

Ann's eyes widened in consternation, almost flattered.

She waved her hand.

“In fact, you don’t need to apologize to me. It’s my own fault. I fall into the lake only when I don’t look at the road. It has nothing to do with you!”

Before he finished, he was interrupted by Li Qichen, “who said it doesn’t matter, I didn’t take good care of you!”

“.....”

Chenchen would say that. Ann almost thought she was not awake.

Li Qichen looked at her standing at the door, far away from him.

His face flashed with displeasure and waved to her, “come here!”

“.....” Ann pursed her lips and stood in front of him with her watery eyes. She looked at the cold man in front of her.

“Why What’s the matter?”

Li Qichen suddenly reached out and touched her hair.

Warm palm on her head, she was stunned.

What’s the matter? Chenchen is so gentle to her. Is she dreaming?

Ann’s whole life is like falling into a dream, with a feeling of special unreal.

How long has Chenchen not talked to her in such a gentle tone?

Gentle enough to make her a little uneasy.

She quickly stepped back, opened the distance between the two, said with a smile: "Chenchen, do you have something to tell me?"

She said in her heart, you are looking at me like this, I feel flustered!

Li Qichen looks at empty palm, in the heart suddenly some lose.

He clenched his fingers and took back his palm. Even the expression on his face converged in an instant, showing a slight smile.

"Ann, just now Mommy told me that she wanted to find a boyfriend with you. What do you think of this?"

"Ah?"

Ann was a little embarrassed and her face was hot.

Chenchen suddenly asked her so frankly that she was a little shy.

Actually She doesn't think much about marriage.

If Mommy wants her to get married early, she's willing to listen to her.

After thinking about it, she nodded hesitantly in Chenchen's expectant eyes.

"If it's going to save mommy's mind, I'd like to!"

Maybe Chenchen also likes her to get married early?

Before, she always followed him, and he was very impatient. I think he must be tired of her.

How else would you come here and ask her this question?

Smell speech, Li Qi morning back a stiff, the facial expression is cold to sink down.

“How could you? How old are you? You want to get married. Do you know what you’re talking about?”

He didn’t have a big voice, but he couldn’t speak out.

Ann’s heart trembled with fright and was confused by his rebuke.

“What What

Didn’t he say he was looking for her?

It’s him who is looking for the object, and it’s him who is angry. How good things are all occupied by him alone.

No matter how good Ann’s temper is, she is also annoyed by him at this time and says in silence, “what do you mean by that? What does it matter to you if I find a boyfriend?”

“Nothing to do with me?”

Li Qichen was angry with her words and said: “you are still young and don’t know anything about love. Now you just keep fighting and arguing with each other. You don’t know what you want. What should you do when you meet your true love later?”

An’an was asked several questions in succession by Li Qichen.

For a long time, she just hissed, "I seem to be about your age. Why can you find someone but I can't?"

"Who says I've found someone?"

Li Qichen said with some chagrin.

An an Leng for a while, immediately cold ah, ridicule meaning what obvious.

Without a girlfriend, what is Tong Xue? She always thought Chenchen was a good man. She thought that she would love her other half and have a sense of responsibility for her family. But she didn't expect that she would have the same virtue with the men outside.

Sure enough, crows are black in the world!

Li Qichen looked at her sarcastic look, knew that she did not listen to his words.

He gritted his teeth and explained it again with some anger.

"Tong Xue is not my girlfriend!"

Anna cut cold, raised eyebrows, "not a girlfriend, can you bring her home?"

Ann said the same thing as wenjo.

In their opinion, Chenchen is not a meddler at all.

What does it mean to be able to take a girl home?

It seems that there is no need to say it clearly, even children know it!

Speaking of this, Ann thought of what happened last night and changed the topic.

“By the way, Li Qichen, for the sake of growing up together, I’ll wake you up! You have to polish your eyes when you look at people, especially when it comes to looking for a girlfriend. Be careful not to be used as an ATM!”

“What do you mean by that?”

Li Qichen raised her eyebrows and looked at her with black eyes.

“Literally, don’t you understand if you’re so smart?”

Li Qichen looked at her angry appearance, and her frowning eyebrows stretched out.

“Did you see or hear something? Don’t worry, I don’t care what kind of person she is!”

Ann choked.

It’s like she’s worried.

She coughed softly and said coldly, “you just know your own business. I’m going to have a rest. If you’re OK, go away!”

“I’m in your way here?”

Li Qichen snorted coldly, his face full of displeasure.

“Well Then what...” An’an was afraid that he would be angry.

Li Qichen looked at her coldly, “you haven’t answered the question just now. Why do you want to find a boyfriend? You want to fall in love?”

“.....”

Ann was so ashamed that she wanted to find a hole in the ground.

She is a girl. She was asked about her face. She doesn’t want face?

The little white face turned red and said angrily, “I didn’t! When did I say I wanted to fall in love?”

Smell speech, the man’s cold and stern look changes a face like, eased down.

He patted her hairy head as if to placate some little animal.

“Good boy! Listen to me, you’re still young. You’ll fall in love after a while! “

Chapter 1333

“Listen to me, you are still young.”

“.....” Ann picked eyebrows up and down, looked at the man in front of her hesitantly.

Why do you think he’s weird?

It’s abnormal behavior.

But now she is too lazy to argue with him.

Some nodded perfunctorily, "I see!"

Li Qichen rubbed her hair with satisfaction, and said softly, "were you scared just now? You have a good rest. I'll go first!"

"....."

Looking at his straight back disappeared at the door, an an rubbed his heart.

There's a strange feeling here, but I can't tell exactly what it is.

But why did Chenchen say such a thing to her?

She overheard it at the door just now. Mommy wants her to find a boyfriend as soon as possible, so it's definitely not mommy who asked him to come.

Forget it, no matter what his mind is, it's not a big deal. Anyway, she didn't say she had to find a boyfriend.

Ann soon forgot about it.

However, it was a matter of great concern to Wenqiao.

That night she mentioned it to Li Fengbei, who agreed with a thousand people.

Their precious daughter, of course, is to match a person of dragon and Phoenix, good family background, good character.

Li Fengbei's action is faster than that of Wen Qiao. He immediately asked his assistant to prepare an invitation for every son of his family. Of course, in the name of Li Qichen's return home.

As a matter of fact, no one will come at the invitation of the Li family.

Those who can get the invitation are all aristocratic celebrities. Those who have not received the invitation have to reflect on whether they have offended the Li family!

Naturally, those who are invited are complacent.

When Li Qichen knew about it, it was his good friend and brother Lu Ziyang who called him.

"Yes, Mr. Li! I haven't come back for five years. As soon as I came back, I didn't even know how to say it

Listening to Lu Ziyang's voice of yin and Yang, Li Qichen's handsome eyebrows frowned.

"Lu Ziyang, where did you get the news of my return?"

Words fall, the end of the mobile phone obviously pause, then burst out a exclamation.

"You are so unkind! The invitation has been sent to me, and you don't know anything? You didn't even want to invite me? "

"What invitation?"

Li Qichen is looking up some professional information on the Internet. Hearing this, he holds the finger of the mouse.

"You don't know?"

Lu Ziyang was speechless, "OK, I'll take photos and send them to you!"

Hung up the phone, Lu Ziyang's photo sent over, Li Qichen doubts the place to open.

Looking at the contents of the invitation, he got up and went to the next room angrily.

I didn't knock on the door. I reached out and pushed it open.

Gnash one's teeth, roar a way word by word: "Li An Qi!"

Ann just took a bath and was ready to change. She took off half of her pajamas and hung them on her arms.

Hearing the sound, the whole person was stunned and turned to look at the door.

Four eyes opposite, two people are stunned.

A second later, a scream came from Li's mouth.

"Ah! Flow Well

An'an is about to shout. Li Qichen steps forward quickly, embracing her waist and covering her lips to stop her from shouting.

"Do you want to call people over?"

"..... Well..."

Ann's eyes were wide open, and the palm on her waist was broad with a trace of dryness.

Close to her skin, the temperature seems to spread to her heart along the skin, and then quickly spread to the four limbs.

Her face turned red.

Li Qichen stares at the girl close at hand.

Her warm breath sprayed on the palm of his hand, while the touch of the other hand was greasy, warm and silky like tender tofu.

"Gudong", the sound of swallowing, sounded in the quiet room.

Both of them were confused by what happened suddenly.

An'an takes the lead in reviving himself, pushes Li Qichen away, quickly lifts up his clothes and fastens them, even the collar.

Li Qichen's face was as usual, but if he looked at it carefully, the tip of his ear gradually turned red.

The atmosphere is a little embarrassed, looking at an an's thin back, he secretly rubs his fingers.

Fingertips as if there is still a residual temperature on her body, provoking a throb in his heart.

He was a little disappointed.

"Sorry, I'll knock next time!"

"....."

If there is a mirror in front of her, then at this moment, she can see that her face has turned red into a fireball. Even the color on the neck is pink.

But escape is not the way.

She bit her lip, took a deep breath, turned around and gave Li Qichen a smile.

“What do you want me to do?”

It's better to pretend that nothing happened when such an embarrassing thing happened.

Li Qichen looks at the smile on her face, suddenly feels how to see how dazzling.

Remembering the purpose of looking for her here, he picked up his mobile phone and took out the photo Lu Ziyang sent him.

The handsome face faintly floats a layer of sullen, the mouth asks a question: “what does this mean? Didn't you promise not to find a boyfriend?”

“What is this?”

Ann looks at the card with gold inlaid in her mobile phone suspiciously.

Seeing the words clearly, she said innocently, “Mommy didn't tell me about it. I don't know what's going on. Maybe it's just to meet you! After all, it's all routine, isn't it?”

“Daily operation?”

Li Qichen was angry at her refusal.

In other rich and powerful families, it may be that a little bit of things can be done in a big way. In fact, it is a means to win people's hearts and draw in relations.

But the Li family never needed to do this, and Mommy never did.

Ann looked down at her toes, nodded and whispered, "I don't know what's going on. Why do you bother me? If you don't like this kind of occasion, you can go out and stay away until the party is over

"I'm going out to hide?"

Li Qichen was mad at her "idea" and said, "am I in your way at home? Will it affect your choice of husband?"

"No It's not like that..."

Ann's face turned red.

She doesn't think parties have to be parties, does she?

Isn't this a voluntary matter?

At that time, she didn't take a fancy to any young master, and it's hard for mommy to press her to find a partner, right?

But her this appearance falls in Li Qichen's eyes is sophistry, he grits his teeth to point to an an's head, looking angry.

"Good! Good! Since you want to get married so much, you should get married as soon as possible!"

With that, he walked out of the room, the door of which was rocked by him.

With a loud bang, An'an was startled and rolled his eyes in silence.

"It's really Do you think I'm easy to bully? I don't like excitement. Why don't you go out and hide?"

It's unreasonable.

Men make trouble without reason, it is more terrible than women!

Chapter 1334

Back in the bedroom, Chenchen thought more and more angrily. He kicked the chair in front of him, put his hands on his waist, and walked up and down the room angrily.

Why is this guy so unpretentious?

She just how old, want to find a husband!

No way!

How can she find a boyfriend?

Li Qichen pinched his forehead, took a deep breath and forced himself to calm down.

In his mind, it suddenly occurred to him what winjo had said to him.

An'an is not our own, but she is more than our own. She is the little princess of the family, and naturally deserves the best young talents!

He opened the drawer and took out a yellow picture.

The background of the photo is a sunset. They are close together. Her face is dirty, but her smile is more beautiful than the sunset behind her.

He stood beside her, looking disgusted, but the slightly upward corners of his lips betrayed his mood.

At that time, the relationship between the two people was so good. Why did it change later?

When in the end began, his thoughts on her became no longer simple.

He saw that she was wearing a beautiful skirt, so he wanted to keep her away from other men.

In those restless nights of adolescence, she was the heroine in his dream

When she said one more word to another man, he just scratched his heart and lungs. He just wanted to catch her, criticize her severely, and tell her that unless he was present, he was not allowed to be alone with the second boy.

She is always behind him. All the students joke that she is his child daughter-in-law. At that time, she is very anxious to explain that she is his sister.

At first, people thought they were lovers. Later, they learned that they were brothers and sisters. Many boys began to ask him about her contact information.

Of course, he can't give it.

In his opinion, those men are all malicious.

However, she did not know good or bad, every day for those girls to send him love letters, gifts.

She didn't seem to mind at all, and even patiently analyzed which girl was good and what advantages she had.

Compared with his attitude, she didn't care about him at all.

He never thought, why would he like her?

But when he reacted, he was deeply rooted.

Even when he realized that he had a "wrong idea" about her, his ideas became more and more bold.

From the beginning of the simple do not like her to talk to other boys, to later, see her lips want to kiss her.

Looking at her ultra short skirt, I want to lift it

He knew that his idea was shameful and dirty.

Although Ann was not born, only their own family knew about it.

If they want to be together, they are bound to make An'an's identity public.

At that moment, he hesitated.

It doesn't matter if he is ridiculed, but Ann can't.

So he chose to go abroad to a strange country, thinking that he could forget her without meeting her, but he overestimated himself.

He didn't contact her, but he couldn't help asking about her information and her every move with his brother in China.

He's like a madman.

Even if she didn't insist on running in the morning, it was clear.

He's just tormenting himself.

That day, Lu Ziyang took a picture of him. She stood with one of her elder martial brothers and finished a painting together.

When he saw the picture, his heart was like a needle.

Five years no see, she is more and more beautiful, no wonder so many boys around her.

That night, he packed up his things, bought a plane ticket and wanted to fly back from the far Pacific Ocean.

But wait for him to do all this and calm down.

He was suddenly confused. What kind of feelings did he have for her?

When Tong Xue finds him and says that he wants to return home with him, he suddenly has an idea.

Maybe it's time to make an end between them.

So he looked at them misunderstanding Tong Xue is his girlfriend, he did not explain, but chose to default.

She stalked him secretly and knocked herself out, which made him angry.

But yesterday morning, watching her fall into the lake, at that moment, his heart almost stopped.

The string of tension in her heart broke completely when she put her nose and tears into his arms.

He can't cheat himself any more. He wants to protect her and hug her like this all the time.

He held the finger of the photo, gradually tightening, and his dark eyes flashed a paranoid desire for monopoly.

From this moment on, she can only belong to him alone.

Blind date? There's no door!

.....Wenjo came to see Ann at night.

"Ann, Mommy made the decision to arrange this party for you. Don't you blame mommy for her assertiveness?"

Ann took Wenqiao's hand and said, "no, Mommy is also for my good!"

Wenjo had a well kept face and a loving face.

"Don't worry, I invite you to come in the name of Chenchen. If you like it, you can tell mommy directly, and leave the next thing to Mommy. If you don't like it, it won't get in the way. Take your time! It's also a matter of great urgency. We must choose the one we like. "

When wenjo said that, Ann couldn't say anything more.

Thinking of Li Qichen's angry attitude, a tangle flashed in her heart.

In the end, he turned to Wenqiao and nodded his head cleverly.

"Well, I see!"

In the evening, Wen Qiao talked about holding a party at dinner, especially telling Li Qichen.

"Make way for this party even if you have something big on that day!"

"Mommy knows you don't like excitement, but the opening form still needs your presence. As for what you want to do after that, Mommy won't care about you!"

Li Qichen picks an eyebrow and looks at An'an, who is sitting opposite him. He carelessly says, "I know!"

"Good, all good children!"

Wenjo arranged things and was in a good mood.

In the evening, Ann was sleeping in a daze when she felt something walking up her neck.

Itchy, numb With heavy breathing

She woke up abruptly, opened her eyes and looked behind her.

I saw Li Qichen lying on her side, a slender arm supporting a handsome face, a white bathrobe, collar uninhibited open, revealing a honey chest, that pair of dark eyes looking at her.

“Ah

Ann’s face changed with fear, and she held the quilt back.

She was so anxious that she didn’t see behind her. She stepped on the air and fell uncontrollably towards the foot of the bed.

She closed her eyes in fear, and just before she was about to fall, a powerful arm around her waist.

A force around her, pull her back to bed.

No, to be exact, it’s in Li Qichen’s arms.

Chapter 1335

Ann’s face was pale with fright, and she was afraid after a while.

When he realized that she was in Li Qichen’s arms, she screamed and put her hands on his chest, trying to push him away.

“Li Qichen, what are you doing? Why are you in my bed

“Don’t disturb!”

He put his foot on her legs and she couldn’t move immediately.

“Li Qichen, what’s the matter with you?”

Ann swallowed and intuitively felt a trace of danger.

He seems to have just taken a bath, his short hair is still dripping, and his body is a little damp and warm, accompanied by the fragrance of shower gel.

Her face turned red in an instant.

After 22 years, she had never been so close to a man.

She couldn’t move, so she looked at Li Qichen prayingly.

“Li Qichen What do you want to do without going to bed so late? ”

Li Qichen droops her eyes and stares at her red lips.

Sexy Adam’s apple rolling up and down, the next second, bone clear fingers pinching her chin, involuntarily, bow to kiss in the past.

She didn’t give her a chance to react. She was like an aggressive beast, attacking cities and lands.

His taste was all in his mouth.

Ann’s mind is blank.

There was silence, nothing to hear and nothing to see, only a strong heartbeat was thumping, like beating a drum heavily.

It was not until there was a sharp pain in her mouth that she suddenly regained consciousness.

“Hiss”

she frowned in pain.

Pushing Li Qichen, struggling.

However, as soon as he stepped back a little, he was crushed by the man. He even turned over and pressed on her.

The power of men and women hanging empty, she is not his opponent, easy to be he pressed, like a fish on the chopping board, can only be slaughtered.

Li Qichen looked at her condescending, her black eyes shining, as if to swallow her alive.

Ann was so scared that her back was shaking. At this time, she finally reacted completely. It was dangerous.

“Li Li Qichen, you What are you doing? Let me go

“Let go, you can!”

Although Li Qichen said this, he didn't let her go. He raised his lips in an evil way. “But as soon as I let you go, you'll run away with other men. You say I'm not angry!”

Ann's big wet eyes were wide open.

The whole person is ignorant.

What is he talking about?

Why does she know every word and put it together, she can't understand it?

What is to let her go and she runs away with other men?

Ann thought of a possibility and her heart thumped.

She looked Li Qichen up and down, shocked and said, "Chenchen, are you stimulated?"

Li Qichen is extremely frank: "yes! Now that you know what I'm thinking, I'm not going to hide you!"

Smell speech, an an facial features wrinkly together, a face looks to be about to cry expression.

"What a thrill! Why Why is that all? Chenchen, don't worry. It's no big deal. I'll go to see a psychologist with you!"

"You said that!"

His handsome face was not smiling.

One hand controlled her hands, the other hand swam on her white cheek, with paranoid eyes and strong possessiveness, like looking at her own belongings.

"....."

An an's back was numb, and suddenly he felt a little fluffy.

This kind of Li Qichen, with an evil spirit in her indifference, is something she has never seen before.

The next second, I heard him close to her ear.

“My illness is stimulated by you. Only you can cure it. If I can’t cure it, you will follow me!”

It’s obviously a very gentle tone. The voice is low alcohol and fragrant like red wine, which makes the ears pregnant. But now, An’an is afraid to swallow.

As soon as he opened his mouth, he choked: “Chenchen Don’t do that. I’m afraid...”

Li Qichen looks at her shivering like a frightened rabbit.

“Don’t be afraid of me, but don’t make me angry again!”

“Well, well, I promise you that I won’t make you angry in the future!”

Ann nodded quickly, but her heart was heavy.

She couldn’t understand what Chen Chen had been stimulated by abroad. However, she had better appease him first.

She squeezed a smile on her face, “you release me first, my wrist is pinched by you.”

Li Qichen just released her, looking at her white wrist red circle, eyes flashed a trace of heartache.

He grabbed her and gave her a light kiss on his lips. Then he put his powerful arm around her, closed his eyes and fell on the bed. “Sleep!”

Sleep Sleep?

They’re like this Sleep together?

An'an's face is wrinkled. He wants to struggle, but he doesn't dare to move. He is worried that he will be angry.

However, she couldn't sleep, and was hugged by him in an uncomfortable position, which made it more difficult for her to sleep.

Behind him came a rhythmic voice.

His face was almost close to her neck, and the warm breath was sprayed on her neck wave by wave, and the back was numb.

Ann grabs the tight sheets and finally turns over.

"Chen Chen, you'd better go back to your room to sleep? We are all grown up now. We can't be like we were when we were children any more!"

"Well!"

Li Qichen opened his eyes lazily and snorted coldly.

Then, he once again put his arm around her soft waist, forced back to his arms.

He nibbled at her earlobe and said in her hoarse and sexy voice, "I really can't sleep like I did when I was a child. At that time, I won't hold you and even kiss you!"

"....."

Ann blinked her eyes.

She seemed to know what Li Qichen meant, but she couldn't believe it. She was worried that she was amorous.

She played with her fingers in a tangled way and asked with a red face: "morning Chenchen, do you like me?"

To this question, Li Qichen answers directly with a deep kiss.

Just now that time was their first kiss. They had no experience. This time, Li Qichen seemed to have no teacher.

Ann was forced to open her mouth, like an electric current through her whole body. After a while, she panted and her cheeks turned red.

Li Qichen let go of her and gently rubbed her thin calloused fingers on the red and swollen lips that he had kissed her. Her thin lips were still full of meaning with a smile.

"Fool, don't you know how to breathe? It seems that I will take you to practice more in the future!"

It's a good feeling.

If you had known it was so sweet, why should you have endured it for five years?

"Practice Practice?"

An an realizes what Li Qichen wants to do, pushes him away, embraces the quilt, and says with a worried face: "are you crazy? Mommy knows it's going to hurt!"

"I know, but I can't worry so much anymore!"

He held her, pressed her face to his chest, and let her hear his powerful heartbeat.

“Do you hear me? He just beats for you

She thought Chenchen was teasing her, but she didn't think it was true

A sense of coolness rose from the soles of her feet, and her whole body seemed to fall into the bottom of a cold lake. Ann moved her pale lips in disbelief.

“Crazy...”

How can they be together!

How sad should mom and dad be when they know?

It's immoral of them to do so!

Chapter 1336

Li Qichen knows that she will be hard to accept, but it doesn't matter. They still have time.

He dropped a kiss on her hair and said in a soft voice, “don't worry! Leave everything to me, I will take care of mom and Dad, as long as you don't listen to Mommy's words, don't go to any blind date!”

When it comes to blind date, he has the taste of gnashing his teeth.

He didn't want to be so abrupt, but if he doesn't do it now, she will become someone else's.

Ann bit her white lips and said, “but But...”

She still thinks it’s ridiculous, and It seems that she doesn’t mean this to Chenchen!

Li Qichen is cold face, strong interrupt her words, “nothing but, sleep first, as long as you don’t agree to Mommy’s request, there is always a way!”

Ann didn’t know why. She was a little happy, but she was afraid.

But still said: “no, morning, you still sleep in your own room, in case someone knows, it’s miserable!”

Li Qichen looked at her timid and frightened appearance, and raised the corner of her lips with pride.

“I’m here. Don’t be afraid. You don’t need to do anything. Just remember what I said. Tomorrow you’ll tell mommy that no one has a crush on you, OK?”

Ann subconsciously nodded her head, then reacted and bit her lips.

“But But We can’t hold each other like this. The servants will find out!”

she didn’t want to make Mommy sad.

In her heart, daddy and Mommy are in the first place.

Chenchen gave her a kiss on the cheek. “Well, fool, don’t tangle like this any more. Go to sleep!”

Ann was hugged by him in an uncomfortable position and yawned. She thought she could not sleep. Maybe the man’s embrace was too safe. She didn’t even have nightmares and fell asleep until dawn.

Early the next morning, she was suddenly awakened by herself.

“Li Qichen!”

Open your eyes, the side of the body has been empty for a long time. When you reach for it, there is still a warm breath on his body.

Ann breathed a long sigh of relief. Fortunately, he was no longer here.

But Why is there a kind of light loss in my heart?

Ann frowned in chagrin, rolled to his side with the pillow in her arms, and buried her face in the pillow.

How did she not expect that Chenchen should like her?

How is that possible?

Why does he like her?

No, he doesn't always hate her following him?

Ann rolled away with her pillow in her arms. She couldn't understand.

She didn't get up until there was a knock at the door.

“Miss, the designer is downstairs. Madam, let me ask you to go down and choose your clothes!”

“Well, I'll be right there!”

Ann jumped out of bed and ran to the bathroom.

How could she forget that today is the day for a party. Mommy said that she would invite a special designer to design her hair at home.

In fact, she doesn't want to go on a blind date. For her, marriage is a distant thing.

She squeezed the toothpaste and looked listlessly at herself in the mirror.

"Ah

She was taken aback.

Think oneself see dazzling, put down toothbrush hastily, pull open the neckline of pyjama.

A red mark pasted on her white clavicle, swaggering, like swearing something.

Ann's eyes widened in shock.

Although she has never been in love, the girls around her have. She knows what it is.

It must have been Chenchen who left it on her.

She clenched her fist in anger.

He did it on purpose.

I have to try on the clothes later. What should I do?

Ann turned over a high collar dress, buttoned it up and covered the kiss mark. Then she went downstairs.

In August, it didn't look so cold. When Ann came downstairs in a white sweater, she looked at her in surprise.

"Ann, why do you wear so much? Is it cold?"

"Ah! Yeah, yeah! When I got up this morning, I suddenly felt a little chilly!"

Ann said with a smile.

Wenqiao frowned and hesitated. "Is that right?"

She looked at her thin blouse and said anxiously, "Ann, are you sick? Do you want to see a doctor?"

She thought she had a cold?

As soon as Wenqiao's words came out, the others looked at her.

They all looked at her with worried eyes, "yes, elder sister, you'd better go to see a doctor? If you feel sick, you can't drag it!"

"No It's ok..."

Just when an an didn't know how to deal with this situation, Li Qichen walked towards her with a long and slender step."Why What's the matter?"

What happened last night, Ann didn't even dare to look at him in the eyes for fear that someone might find something wrong between them.

Li Qichen stood in front of her and put the back of his hand on her forehead.

“It’s not hot! It should be OK! ”

“.....”

Ann subconsciously raised her head and quickly avoided his dark and shining eyes.

“Thank you Thank you

Too nervous, she burst out a “thank you” directly.

Wenqiao joked: “look, I haven’t seen you for five years. You two have become like this.”

Turning around, she told Chenchen, “I tell you, it’s your responsibility to take An’an out to have fun and cultivate feelings.”

Li Qichen raised his eyebrows with pride, and his sharp eyes let an an’s small face. He said meaningfully, “that’s nature!”

Naturally, he needed to cultivate his feelings, because he found that this guy didn’t seem as determined as he was.

I like it a little, or I would have pushed him away last night, but I don’t know how much I like it.

Wenqiao pulled ANN, “come on, go over there and choose dresses. There are so many beautiful clothes. Don’t you like skirts best? I asked them to go to shopping malls a few days ago. There is always one for you

Ann followed wenjo to the front.

In the middle of the living room, staff in black uniforms were holding rows of clothes hangers, which were covered with all kinds of dresses.

It's dazzling and amazing.

Most of the girls like skirts. Ann hugs Wenqiao pleasantly and kisses Wenqiao on the face.

"It's very kind of you, Mommy!"

Wenqiao heart sweet Zizi, "silly girl, you quickly choose it!"

With that, she looked at Li Qichen, who was standing not far away. "Chenchen, you come to pick out a suit of dress, and you are missing!"

This son is not active in this matter, which makes her very dissatisfied.

Li Qichen put his hands leisurely in his pocket and walked over.

He stood beside ANN, looked at the silver fishtail skirt in her hand, and then grasped the silver glittering dress in front of her.

"That's it!"

Wen Qiao looked at the dress in his hand and the silver fishtail skirt in Ann's hand. He joked: "this was originally a couple's dress..."

Li Qichen voice not salty ground interrupts a way: "sister younger brother also can wear!"

"Er..."

An an looks at Li Qichen and the silver suit in his hand. He is ready to put the clothes back quietly.

However, as soon as this idea came into being, it was attacked by Chen Chen.

The eyes seemed to say that if you dare to put it down, you will die!

"....."

Ann nodded and held her clothes in her arms.

"Mommy, just this one. I like this one!"

Wenqiao originally thought that they were not suitable to dress like this. After all, today's goal is to find an object for ANN, but he looked at them and nodded.

"It must look good on you. Go and have a try!"

Ann came to the upstairs room with her clothes, and Li Qichen followed her with her dress.

When an an opens the door, Li Qichen takes a quick look behind her, then embraces an an's waist, takes her into the room and locks the door with her backhand.

Ann didn't expect that he was so bold, and his face turned white.

“Li Qichen, what are you doing?”

In the heart is very angry, but still dare not shout, had to lower the voice.

“Change your clothes!”

Li Qichen said with a face of course.

“.....” Ann clenched her teeth.

It’s easy for him to say. It’s her bedroom, and there are servants coming and going outside.

Chenchen straightened her arms in front of her and took off her coat.

As soon as Ann turned around, she saw the scene and quickly closed her eyes.

“Li Qichen! Can you tell me before you get dressed? ”

“What’s the matter? It’s not like I haven’t seen it! ”

I don’t know if it’s her illusion. She always felt that there was a trace of mischief in his voice.

Ann’s face was hot. “Then you can change quickly and get out!”

Li Qichen put on his shirt leisurely, button open, revealing a large honey chest.

Next, there are eight distinct abdominal muscles, showing explosive power.

Ann glanced at the crack of her hand, and her face turned red like a shrimp.

This guy, when did he get in such a good shape?

It seems that there is no less exercise these years!

Thinking of this, she wanted to slap herself in the face. At this time, she was still thinking about this problem.

“You You change your clothes and go out. I’ll change my clothes, too!”

Is this a eviction order?

Li Qi raised her lips and lowered her eyes in the morning. She looked at the girl’s shy little face, like a flower in bud in the morning.

He lifted his foot and walked over, hugged her from behind, bit her ear, and said in a low voice: “I’ll take it off for you...”

Take it off for her?

As soon as Ann’s face changed, she quickly backed away from him and said with a smile, “no, no! Don’t bother you

At this time, there was a sound of footstep outside the door.

“Ann, have you changed it?”

It’s winjo’s voice.

Ann's face suddenly changed, and she pushed Li Qichen in a panic, "Mommy's coming, you go to hide?"

Li Qichen looked at her flustered, the sky is about to fall down, frowning unhappily.

According to him, he simply took this opportunity to show his mother a showdown and let her agree with them.

In this way, everything is settled.

There's no need for a damn blind date.

Ann looked at his gloomy face and knew that he was very unhappy now.

But the voice at the door continued, "Ann, have you changed it? Mom's in!"

"Mommy I'll be ready in a minute, just a minute!"

An'an pushes Li Qichen into the wardrobe. "You hide here first!"

Li Qichen looked at the small cabinet, his face Shua to cold down, as if covered with a layer of frost, with a trace of gnashing teeth taste.

"You let me hide here?"

"Then what? You're coming to my room!"

An'an imitates his appearance, stares, grits his teeth and threatens: "if mummy sees you here, I'll break up with you and never talk to you again!"

"....." Li Qichen choked.

Looking at her face which was so flustered that she was about to cry, she pointed to her cheek and said: "you kiss me, I'll go."

At this time, An'an was too anxious to care so much. She stood on tiptoe and said "Baji" to Li Qichen's handsome face.

The voice is still very loud, in the quiet room issued a burst of memories.

Ann's face turned red instantly, even the tip of her ear turned lovely pink."But Is that all right? "

For her clear eyes, Li Qichen swallowed his throat, then narrowed his eyes, still more.

This guy teases him, but he doesn't know it.

It's killing me!

He knows her temperament well. Everything is slow, just like a snail. He can't be impatient. If he forces her hard, she will retract into her shell.

Li Qichen finally let her go and opened the landing door on the balcony with her clothes.

"Li Qichen, what are you doing?"

Li Qichen's slender arm grasps the railing, hears the speech, turns around and looks at her one eye, revealing a soothing smile.

"Don't worry, it will be OK!"

With that, his agile posture, even a strong leopard, leaped all his life to the balcony of the next room.

Ann's heart beat to her throat, her eyes were stained with a layer of water, and she gritted her teeth and said, "how can you do such a dangerous action?"

Although the two balconies are close to each other, they are not connected with the balcony next door. The distance between the two balconies is at least one to two meters.

He's crazy. He's dead!

Think of last night he quietly appeared in her room, presumably also in this way, turned over from the balcony.

"An an Are you all right?"

At the door, Wenqiao waited for a long time, did not hear her response, with the key to open the door of the room.

See Ann standing on the balcony, still wearing the original clothes, a face of consternation.

"Haven't you changed yet? Why are you standing on the balcony?"

Ann suddenly looked out of the window, found a reason and said with a smile: "just now there was a bird standing on the tea table, which was very interesting."

Li Qichen heard the sound, quickly flashed into the room.

Ann was relieved.

Wen Qiao looked at the empty coffee table, "where are the birds?"

Ann spread out her hands and said, “fly away!”

Wen Qiao put his eyes away and took an an’s hand to the bedroom. “Come on, Mommy will change it for you. Today you must be the most beautiful little princess.”

Ann thought of the kiss on her neck and bit her lip.

“Mommy, I’ll do it alone. Go out first! Really, I don’t need help. I’m such a big person. I need help. I’ll be laughed at by others! ”

Every time ANN is coquettish, Wenqiao has nothing to do with her.

Finally, she respected Ann’s opinion and walked out of the room.

“Then change it quickly, and come down at once!”

Chapter 1338

A woman’s dress is cumbersome and troublesome. When Ann changes her dress and goes downstairs, Li Qichen has changed her dress and is waiting for her at the stairway.

Hearing the footsteps coming down, he turned and looked up at the stairs.

His eyes were stunned.

Ann, with a shy smile, is walking towards him step by step.

Like lotus node, white fingers carrying skirt, breeze gently blowing her hair, blowing white pure face.

Fishtail skirt wrapped her perfect slim figure, will be originally Petite of her, set off more exquisite slim.

Angel.

The word popped into his mind.

White angel from the sky, the United States, it is too beautiful, the United States breathtaking.

Li Qichen's fingers in his pocket had been quietly clenched, and his dark pupil flashed a thick surprise.

I haven't seen her for five years. I didn't expect her to be so beautiful. No wonder those men stare at her like flies.

Hum!

From then on, only he could appreciate her beauty.

Ann walked in front of Li Qichen, a little embarrassed to turn a circle, "still good-looking?"

"Good looking!"

Li Qichen is not stingy ground praises a way.

Suddenly, his eyes moved down and fell on her neck.

Close to the clavicle, there should be a kiss mark. Why not?

Li Qichen's heart suddenly has a little unhappy.

He likes her, and she's full of him.

But now is not the time to question this matter, he took back his eyes and said in a light tone: "let's go!"

With that, he walked straight to the side of the hall.

An an is discontented to Du mouth, don't understand why he suddenly angry again!

Ann and Li Qichen come to the living room.

Wenqiao looked at the two people standing together and covered his mouth in surprise.

"It's so beautiful, so handsome, it's just That is..."

Made in heaven? a heaven-made match?

Wenqiao to the mouth of the words, and hard to swallow back.

How could she suddenly think of these two words?

These two words are not suitable for them!

If Ann can be her daughter-in-law

The idea came to mind, and wenjo came back suddenly.

She was thinking about something in a mess. Chenchen and An'an were so hard to deal with. After him, he would get angry, scold and cry An'an, and force them together. An'an would only be wronged.

Wenqiao sighed with regret in his heart and quickly put away his thoughts.

Just at this time, there was a sound of car engine outside the door.

"Here it is! You two go to the door to meet the guests

The party was held in Li's house, which was the only one that had never happened before.

Most of the people invited were Li Qichen's playmates and faxiao, and some were celebrities and dignitaries.

In a word, they are all young and vigorous young people, one by one straight and handsome.

Those noble CHILDES first gave Li Qichen a polite hug, and then turned their attention to An'an who was standing beside him.

"Is this Ann? Ann is more and more beautiful. She is a real princess

In the face of everyone's praise, Ann doesn't care whether she is sincere or not. She always smiles politely. She won't be too enthusiastic, and she won't look cold and arrogant. It's just right.

Etiquette is a necessary course for every noble child.

Li Qichen looks at the salivating look on those men's faces and pulls Ann behind him.

"Ann, please go back. I'll serve you here alone. You can help your mother!"

“All right!”

Ann didn't like this kind of hypocritical occasion.

Even if you don't want to smile, you have to face a smile, or show eight teeth of the standard smile, it's too tired.

Ann ran to Wenqiao.

When Lu Ziyang got out of the car, he just saw the scene in his eyes. Suddenly, he whistled.

“Yes! Your eyes are fixed on other people. You don't know how to restrain yourself!”

Before he finished speaking, he got a foot on his leg,

the pain made him almost jump up, “what I said is the truth. Your mind is written on your face. If you don't stop, I think everyone knows that you Li Qichen is a big beast!”

Then he got another foot.

“Lu Ziyang, will you die if you don't speak?”

Lu Ziyang leaned close to his ear and joked, “come on! Don't blame me, I remind you, be careful with the fire

He knew that Wen Qiao and Li Fengbei loved each other as their own daughter.

If you know that your son has such an idea of her, I don't know how shocked he is! I just don't know if it's a bomb?

Li Qichen didn't bother to pay attention to him. He said coolly, "find a place to stay. I'll come to you later."

"OK, I'll go first!"

Lu Ziyang, dressed in yellow clothes, walked to the living room with natural and unrestrained steps.

However, he just took a step, then stepped back and patted Li Qichen on the shoulder.

"Look over there!"

Li Qichen turns his head and looks in the direction he points to.

An'an is surrounded by a group of aristocratic children and is talking about something.

She always had a decent and elegant smile on her face and nodded her approval from time to time.

Li Qichen's tendons on his forehead jump.

He just told her to go, because he didn't want those men to look at her like they looked at things.

This guy is so disobedient!

Dare to smile so happily to other men in front of him, ha ha

There was a cold light in his Falcon's eyes, and a touch of danger slipped by.

Ann felt a strong line of vision fell on her, and she turned to look at the door.

Li Qichen and Lu Ziyang stood together, talking about something.

She frowned slightly.

Isn't it Li Qichen who just looked at her?

Maybe I was wrong, right?

After dealing with those aristocratic children, Ann felt very tired after standing in high heels for an hour.

In fact, she didn't like such occasions very much. She not only wanted to greet people with a smile, but also said something against her heart to praise others.

She came to quietly avoid the crowd and came to a relatively remote balcony on this side of the kitchen.

As soon as she sat down to take off her shoes, a silver figure flashed in behind her.

She was surprised. Before she had time to turn around, her wrist was caught by someone. A strong force led her to turn around.

The next second, she was hard pressed by the man on the wall.

Her hands and feet were pressed down by him and she couldn't move at all.

Ann saw the perfect face in front of her, so anxious that her tears were about to fall out.

"Li Qichen, what are you doing? Why are you mad with so many guests at home?"

It's ok if an an doesn't open her mouth. As soon as she opens her mouth, Li Qichen is mad.

“What were you talking about with those people? Why are you so happy?”

“Happy?”

An an rolled a white eye without saying a word, “can you stop making such a fuss?”

Chapter 1339

She doesn't laugh at others, does she cry at others?

This man has no way to communicate.

However, under Li Qichen's cold eyes, her voice gradually faded down and explained, “I didn't smile at them, it's just a kind of politeness.”

Liqichen light drooping eyes, looking at her wronged Du mouth appearance, finally a soft heart.

Clasp the back of her head, kiss her like petals and pink lips, swear sovereignty and say: “don't smile at other men in front of me in the future, you know?”

He'll be jealous.

It's on the balcony. People are coming all the time.

She didn't have time to argue with him about this, so she had to placate and say, “I know. You release me first, or you will be seen!”

With that, her eyes looked around, looking worried.

Li Qichen originally intended to let her go, but her eyes fell on her white clavicle, and immediately frowned discontentedly.

Not only did not let her go, but the body took a step forward, completely close to her corner.

The bodies of the two were almost close together.

He narrowed his eyes dangerously and asked in a cold voice, "where are the kisses on your neck? Why is it missing?"

An an stares big eyes, ugliness ground stares at in front of this handsome face.

He said that he secretly left this mark on her last night. Is this to let others know their relationship?

Li Qichen looked at her angry look and felt very interesting. He reached out and pinched her angry cheek.

"Say it or not? I'll kiss you again

Then he lowered his head to kiss her.

Ann's eyes were so big that she quickly put out her hand to cover her mouth.

Li Qichen stops, suddenly reaches out her hand and rubs her clavicle with her fingers.

Sure enough, white fingers, like a layer of putty powder.

He said clearly, "so it is!"

Ann terrified him to wipe out the concealed paste that concealed the wound.

In response, he hammered his shoulder angrily.

"What did you do with it? How do you want me to get out of here?"

She's about to cry because of this guy.

It took her so much effort to cover up the kiss mark. He poured it over and wiped it off in a few seconds, regardless of her feelings.

An an's nose is sour, and his eyes quickly condense into a layer of water mist.

"Li Qichen, you are..."

Li Qichen looked at the tears in her eyes, and the smile on her face gradually hardened.

Her tears, like a knife, stabbed him in the heart.

The finger that section bone is distinct is pinching her chin, next second, bowed a head to kiss up.

"Well..."

Li Anqi's tears were frozen in the corner of her eyes. She realized what he was doing and pushed him with all her strength.

"Don't move! Don't push me away

Li Qichen's tall figure pressed her hard on the wall, and her low voice gasped in her ear.

He is not good at comforting people, stupid, but the last thing he wants to see is her tears, he doesn't want her to cry.

With that, Li Qichen lowered her head again, blocked her lips again, and conquered the city.

Ann, don't squeeze into the wall and his chest. She finds it difficult to breathe.

Forced to bear his kiss, legs unconsciously soft, if not his arm around her waist, she must be soft to fall down.

It was not until she was breathless and completely quiet that he finally let her go.

Her thin cocooned fingers gently rubbed her red and swollen lips, and her Obsidian eyes were full of bigotry and possessiveness.

"Be good, I won't force you to accept me now, but remember, I can give you time, but you must be mine, don't flirt with other men, otherwise It's hard for me to control myself, too."

Li angqi's heart trembled with fright.

I suddenly remembered that once, a little gangster blocked her way on the way to school.

It turned out that she came to school with Li Qichen, but on the way, Li Qichen left her alone.

Looking at the little gangster with yellow hair, she was scared.

Just as the little gangster's hand grasped her shoulder, Li Qichen came out of nowhere with a brick in his hand

The gangster's hand was broken, and the whole alley was filled with the scream of the man. Finally, the gangster was sent to the police station.

She has always known that he is a very cruel person, has always been very afraid of him.

That kind of contradiction to the extreme feeling, both afraid and can't help but want to get closer, want to get closer, get closer

She didn't know why she was like this. Once she racked her brains all night and came to the conclusion that she had a strong dependence on Li Qichen because she was imprisoned in the dark basement when she was a child. Later, she was surprised when he said he would go abroad.

In fact, even if he doesn't say it, she has plans to go abroad.

She can't rely on him any more. She wants to be independent.

Unexpectedly, he offered to go abroad on his own initiative. This matter has been bothering her for five years. She can't understand why Li Qichen suddenly wants to go abroad?

At that time, she was still depressed and wondered if she had fled abroad because she hated her and wanted to get rid of her.

In the past five years, she has been firmly adhering to this belief, but what Li Qichen said to her last night completely broke her belief.

How could he like her?

How is that possible?

Until now, she felt that she must still be dreaming and had not woken up from the dream.

Li Qichen saw that she was still wandering, and her face turned cold.

“Angel Li, did you listen to me? What are you thinking?”

Ann was roared back by him, turned his lips, “I know, I will pay attention to propriety, but you also don’t mess with me.”

She took the opportunity to offer.

Li Qichen gave her a kiss on the mouth and said with a low smile: “yes, what I said is not disorderly is based on your cleverness. I don’t guarantee it at other times. Moreover, this disorderly only refers to that aspect, and I don’t guarantee it in other aspects!”

“You...” An’an’s face was hot, embarrassed and annoyed.

For the first time, she saw this man’s disgrace.

I didn’t know he had such a side before?

It seems that the atmosphere of opening up abroad is really hard to learn!

Just at this moment, she heard a sound of footstep in her ear.

An an suddenly surprised, push away Li Qichen, “someone’s coming!”

“Remember what I said!”

Li Qichen bit her ear and put her hands on the balcony. With a vigorous posture, she easily turned from the balcony to the flower bed outside.

Ann was speechless for a while.

This person's ability to learn abroad is probably the ability to climb walls and windows, right?

Ann watched his tall figure disappear on the edge of the flower bed. She was relieved. She arranged her dress and walked towards the living room.

They don't know. Not far away, Tong Xue hides behind a big pillar and takes a complete picture of the scene.

Chapter 1340

She said that Li Qichen's love for her these two days is far less enthusiastic than when she just came back, so it is!

She clenched her fingers and pinched her sharp nails deep into her palm.

These two are brothers and sisters!

Isn't that incest?

Oh! It's really a good play that she accidentally saw!

Ann went back to the living room, intending to sneak back upstairs and hide the kiss mark. As soon as she got to the second floor stairs, she heard a sweet voice behind her.

“Sister Ann!”

Ann steps, turns around and looks at the smiling woman in front of her suspiciously.

“Miss Tong, what can I do for you?”

“There’s a little thing!”

Tong Xue hooked the red lips and stepped on the high-heeled shoes towards An’an step by step.

“There’s something wrong with my mobile phone. Can you help me?”

With that, she opened the video album.

“What’s wrong...” Before Ann’s words were finished, the picture came from the mobile video.

She is pressed on the wall by Li Qichen and kisses

An’an’s face is whitewashed. In response, she reaches out her hand and grabs Tong Xue’s mobile phone.

“Delete the video!”

As soon as Tong Xue raised her hand, she easily dodged her hand, with a smile on her face, “what a pity to delete such a wonderful video! I haven’t shown it to my aunt yet...”

“Tong Xue!”

Ann clenched her fist, her eyes flashed with a cold light, and she snapped to interrupt.

Tong Xuexie tilted the corner of her lips and put it in her ear. She threatened: “when I send this video to my aunt, I see how arrogant you are!”

With that, Tong Xue sneered at her with a sneer. Her eyes were like looking at some rubbish.

Ann’s whole body trembles, like being poured from head to foot by a basin of cold water.

“Tong Xue, stop for me!”

Ann steps forward and wants to pull Tongxue.

Tong Xue looks at the high stairs in front of her. Her eyes flash. She grabs the handrail and turns to hide.

Ann originally wanted to grab Tong Xue’s shoulder, but now she threw herself into the air and fell down the stairs uncontrollably.

“Ah

Ann closed her eyes. Just when she thought she was going to die today, a pair of powerful arms stretched out and put a firm arm around her waist.

Her back is patted with a warm and familiar chest. She turns around in surprise and looks at Li Qichen’s cold and handsome face.

His tall figure stood behind her, a pair of dark eyes looking straight at the opposite face of the white snow.

Tong Xue looks very scared. Her eyes are red and her face is about to cry.

“Dave, it’s really not me. I didn’t touch sister an. I don’t know how she fell down. I just wanted to pull her!”

Li Qichen’s deep eyes, without a trace of temperature, coldly looks at Tong Xue’s performance.

“That’s it?”

“Ah?”

Tong Xue pretended to wipe her tears, looking pathetic, “sorry, I really didn’t mean to! Sister an, I apologize to you. Can you forgive me? ”

Ann watched her turn black and white, her fingers trembling with anger.

“Can you stop pretending, you look disgusting! I... ”

An an wants to say anything, is pulled by Li Qichen.

An’an looks at Li Qichen suspiciously. He thinks that he wants to help Tong Xue. He is so angry that he grits his teeth.

“Do you know her cell phone...”

“Give it to me!”

An an’s words haven’t finished yet. He was interrupted by Li Qichen again. He tightened her fingers and quietly appeased her.

Ann's nervous heart calms down strangely.

Li Qichen guards An'an behind him, steps forward and reaches out to Tong Xuechen.

"Bring it!"

"What What?"

Tong Xue subconsciously puts her mobile phone behind her, pretending that she doesn't understand the tunnel.

"Cell phone!"

Li Qichen frowned impatiently and became more and more impatient with this man.

At the beginning, he was really out of his mind to bring such a woman home, causing endless trouble.

He forgot that not everyone in the world is as simple minded and kind-hearted as his fool. Some people have endless desires in their hearts.

Tong Xue didn't expect him to know, originally she just wanted to show the video to Li Anqi, threatened Li Anqi, let her retreat.

She's not really stupid enough to send the video to winjo.

If this makes their family upset, in the end, Dave will be angry with her.

Tong Xue is a smart woman. She knows this very well. She bit her lip and put her cell phone in Li Qichen's palm.

“Even if you delete this video, can’t I have a backup? Since I dare to come to you, it means that I have made enough preparations. You can’t find that backup!”

Li Qichen fingers a meal, lazily raised eyelids, eyes light lightly swept her one eye.

“Tong Xue, where do you come from? Do you feel confident that we will be coerced by you?”

“What?”

Tong Xue looks at the calm look on Li Qichen’s face, and her heart is sharp.

Li Qichen originally put his finger on the deletion of two words, but the moment his finger fell on it, he picked a narrow eyebrow, and an idea flashed across his mind.

He removes his finger and returns the mobile phone to Tong Xue.

The charming junpang flashed a smile, “since you like the way we kiss so much, keep it! To tell you the truth, Ann and I are not brothers and sisters at all. We have no blood relationship!”

“No No blood relationship...”

Tong Xue opens her mouth in shock, and her eyes scan back and forth on the two faces.

It doesn’t look like it!

Li Qichen and Li Fengbei’s looks are just like those carved out of a mold. You can see that they are his son.

So Ann was not born?

No!

Tong Xue said she could not accept the fact.

Isn't she hopeless?

"No, you're lying to me!"

Tong Xue turns around and wants to leave. She changes her mind. She must show this video to Wen Qiao to break their dirty love.

As soon as she turned around, there was a cold voice behind her.

"Miss Tong, I suggest you don't be impulsive. Maybe if you're impulsive, you'll lose your 100 year old foundation!"

Tong Xue suddenly stops and turns to look at Li Qichen with a pale face.

"You threaten me?"

"Whether it's a threat or not, you just have a try!"

Since Tong Xue knows the relationship between him and An'an, he doesn't want to avoid it.

Provocative, Li Qichen dotes on ANN's ear, pinning a wisp of hair behind her ear and kissing her on the forehead.

He is missing a chance to talk to his parents. Tong Xue tells him about it, but he helps him. That's when this guy will be angry with him.
