

# Passionate 1341

## Chapter 1341

Tong Xue looks at Li Qichen protecting An'an in this way. Her delicate face is jealous and twisted.

She knows that Li Qichen is not a verbal threat to her, he has the strength, as long as she dares to leak the video, Tong will suffer his revenge.

In front of the huge Li family, they are not worth mentioning at all.

This is why she wants to firmly grasp Li Qichen. If she can marry such a proud son, she will live under the envy of others for the rest of her life. That life is perfect.

But now, the dream disillusioned, everything has become a delusion.

She clenched the phone hard, and finally deleted the video in front of Li Qichen.

"I've deleted the video. People know it. Don't bother me!"

With that, the children's shoes hummed and turned down the stairs.

Ann looked at the figure that she left angrily and asked anxiously: "will there be others to see?"

"No

Li Qichen looked at her pale face and felt very sad.

Ann was so anxious that her tears were about to come out. She twisted her fingers and stamped her feet.

“Why not? She can see it and others can see it! What should we do if someone else takes our video?”

Two people are talking, in front of the corridor walked a cleaning servant.

Chen Chen lowered his voice and said, “go to your room. There’s someone here.”

Ann follows Chenchen to the bedroom and closes the door with her backhand. Li Qichen hugs Ann painfully.

“Why are you so worried? Sooner or later, mom and dad will know about us

“But But...”

Ann’s heart is very upset.

She can’t bear the thought of her parents’ disappointed eyes.

They must be sad, right? I’ll be so disappointed with her!

Thinking of this possibility, she was shaking all over, “Chenchen Shall we not do that?”

“Come on?”

Li Qichen’s face sank, holding her shoulder and looking at her seriously, “what do you mean by that?”

“I I...”

Ann clenched her lips.

She didn't want to let mom and Dad down, and she didn't want to let Chenchen down. She was sandwiched in the middle like a sandwich biscuit.

She shook her head. "I don't know! I really don't know! "

Li Qichen raised her chin, let her eyes look at him, "I ask you, do you want to see me marry other girls and form a new family, have nothing to do with you?"

Start a family with other girls

The thought passed through her brain, and her heart hurt.

She shook her head subconsciously, "no I don't want to..."

Li Qichen breathed a sigh of relief.

He was afraid she would say yes.

Fortunately, she has him in her heart, so it's much easier to do this!

He held her tightly in his arms and solemnly promised, "I'll do something about it. You don't need to worry about it. You just need to remember what I said to you. Do you understand?"

"Well!"

Ann nodded in Li Qichen's arms.

“Well, don’t cry. You look so ugly!”

“Is it really ugly?”

Ann immediately did not dare to cry. She ran to the bathroom and looked into the mirror.

Any girl loves beauty, not to mention in front of the person she likes. Although this love is only her subconscious, she may not even be fully aware of it.

Li Qichen followed her and walked into the bathroom.

Looking at the beautiful figure in the mirror, he put his hand around her waist from behind, raised her chin, forced her to turn her head and kiss her lips.

In this position, her waist has no focus at all. She subconsciously raises her hands around his neck.

“Well...”

He didn’t let her go until her legs were soft and trembling.

If he kisses again, he’s afraid he can’t control himself.

In front of the full-length mirror, a couple of beautiful men and women hugged each other. They were made in heaven.

“Ann, open your eyes!”

“Well?”

An an hears speech, slowly opens an eye, enter an eye is two mutually embrace together of figure, her white cheek at the moment white inside deeply red, seem to drink small wine general slightly drunk.

She suddenly became shy and turned away, afraid to look again.

It's a shame.

Li Qichen kisses her soft hair again and again. She looks shy. He loves her to death.

Two people hide in the room, love each other, can let Wenqiao a good look.

"It's a good party. These two people are gone one by one. Where are they?"

Wenqiao's voice sounded at the door, and they were both surprised. Quickly release, just went to the room, bedroom door was also opened from the outside.

Wen Qiao looks at two people to stand unexpectedly in the room, immediately have no good airway: "what are you hiding here for?"

An an small face is embarrassed, subconsciously looks at Li Qichen.

Li Qichen glanced at An'an with a faint look. Her face was not red and her heart was not beating. She said, "she has drunk a glass of wine. She is not very strong. I will help her go back to her room to have a rest!"

Smell speech, Wen Qiao immediately worried, "an an an, are you drunk? Is there anything wrong? "

Ann's face is more red, "it's OK, it's really OK!"

"Really?"

“Really

Wen Qiao looked at the red Tuo on an an’s face. It seemed that he was drunk.

However, today’s party is specially held for her. It’s a rare opportunity.

After thinking about it, wenjo took her hand and went out the door.

“Go out and have a look. Today’s party is specially held for you. You can’t be absent! You just follow Mommy down for a walk. You need to walk around and communicate more, so that you can know if the other person is what you like. Right

“I | It’s... ”

Ann was forced out of the room by winjo.

Li Qichen rubs his eyebrows helplessly. It seems that he should have a showdown with his parents about him and An’an as soon as possible.

However, he was not sure that his parents would agree with them. After all, this kind of thing is not only a rich family, but also not a glorious thing even in an ordinary family.

It doesn’t matter to him. What would mom and dad think?

Ann had to follow Wenqiao downstairs again.

Wenqiao looked at the trace on her clavicle for a while, and suddenly he felt a thump in his heart, “Ann, what’s the matter with you here? Why is it so popular? ”

This kind of imprint, she is not strange at all, Li Fengbei likes to do this kind of thing most.

But now the situation is different, Ann has no boyfriend, can Wenqiao also dare not jump to a conclusion that is what.

Ann looked down, bit her lip and told a lie with a smile: "I don't know how I got here. Maybe I bumped into it by accident somewhere."

Today, Ann is under her nose. It's impossible for her to think about it. Wenqiao nodded and told her anxiously, "be careful. Don't be rash for such a big person."

"I see, Mommy!"

Chapter 1342

Two people just walked downstairs, a gray suit, wearing a pair of gold rimmed glasses, looks like a gentle boy, walking towards them.

He stood in front of them and said politely, "Mrs. Li, Miss angel!"

Wenqiao looked up and down at the boy with a gentle face in front of him, and nodded his head with admiration.

Polite people are always nice.

"Hello

"My name is Tang Jin, and Tang Dechang is my grandfather!"

Wenqiao was surprised and said, "Old Tang? You are Mr. Tang's grandson. No wonder you look polite. You are worthy of being a scholar!"

Tang Jin is generous a smile, favor or disgrace not startle, “thank madam Li to praise!”

With that, Tang Jin raised her head and stared at An’an’s face under the lens.

Wenqiao’s eyes flashed, and there was a glimmer of clarity in his heart.

There’s drama!

Although the Tang family is not as rich as the Li family, they are not even rich, but they are really scholarly.

Over the past 100 years, the Tang family has produced more than a dozen scholars from all over the country, and several of them are the presidents of top universities. The children born in this way must be no worse.

Compared with those dandies in rich families, Wenqiao thinks that this kind of family with cultural heritage is the best destination.

With a smile, wenjo released Ann’s hand and patted it implicitly on the back of her hand.

“Ann, have a good chat with master Tang. Mommy, go to see if the banquet is ready!”

He let go of Ann’s hand and left.

“Mommy...”

Ann cried quickly.

But as if Wenqiao didn’t hear it, he wanted to set them up.

Thinking of the words that Li Qichen had just threatened her, Ann turned her head and looked around.

That guy's not going to stare at her somewhere, is he?

She didn't mean to be alone with other men!

Tang Jin stepped forward, helped the frame, said with a warm smile: "miss An'an, looks like a person!"

Smell speech, an an is a Leng, immediately laughed, half jokingly way: "ha ha, isn't the beginning of the boy's sister is this sentence?"

"Well?" Tang Jin looked at her suspiciously.

Ann lowered her voice and said, "as soon as we meet, you look like a person. That person is my first love..."

Tang Jin burst out laughing, "miss an, you misunderstood that Tang didn't want to make up with miss an, but miss an is really like a person. That person is my grandmother!"

"You Your grandmother? "

An'an's face flashed with embarrassment.

Just now, she thought that Tang Jin wanted to make up with her with such words, but it was the first time for her to hear such words as her first love, her mother's and her grandmother's.

Ann touched her face, her little face wrinkled, "am I that old?"

Tang Jin was stunned and said: "miss An'an misunderstood me. What I said looks like facial features and charm, not age!"

“Er...”

Ann took a puff from the corner of her mouth.

How can she answer this? She is not good at words. This person seems to be worse than her. She can't talk any more this day.

Ann put on a decent smile on her face and said, “the hospitality is not good. Please forgive me, master Tang. I have something else to do, so...”

An an prepares to leave, but the words haven't finished, be interrupted by Tang Jin.

His soft and elegant face looked a little worried. He took out a copper necklace from his pocket.

It looks like it's been a few years. It's something that only existed in the last century.

But it is obvious that people often take it with them. The necklace is smooth and bright.

“Miss ANN, I didn't lie to you. Look, this is a picture of my grandmother when she was young!”

Tang Jin worried that an an didn't believe it, so he quickly opened the lid of the pendant.

Under the cover is a well preserved black and white photo.

In the photo, the girl is wearing a cheongsam with a peony on her head. There is no more decoration, but she is beautiful.

It's not the most important thing. The main thing is that she is really like the woman in the picture, it's like a mold.

If she had not known that she had never taken such a picture, she would have thought it was her retro photo.

“You You said she was your grandmother?” Ann was shocked.

“Yes Seeing that she finally believed what she said, Tang Jin pushed the gold rimmed frame and said with a smile, “it’s a pity that my grandmother has passed away for a long time, but it’s also a kind of fate that she can look so similar. Tang takes the liberty to invite Miss An’an to visit our Tang family if she has time next time.”

An’an naturally heard of the Tang family. It’s a real scholarly family. It’s admirable.

“Thank you! I will go when I have time!”

Tang Jin worried that she was just perfunctory. She quickly took out a business card from her pocket and put it in An’an’s hand. “This is my business card. If you have something to do, you can call me. When you are free, I can pick you up! Do remember to come to the Tang family

Tang Jin looks twenty-four or five years old, one or two years older than her, but her simple and honest appearance looks like a simple big boy.

Interesting.

An an looks down at the business card in her hand. The simple business card is the school logo of their school, a symbol of the white crane spreading its wings.

It turned out that he actually worked in her school, and he had been a professor since he was young.

Admire!

A sense of admiration arises from An’an’s heart.

This is their school professor's business card. We must collect it well.

She called the servant and was about to ask him to help her put the card in her bedroom upstairs. A big hand reached out and took it from her.

An an suddenly turns around and sees Li Qichen's handsome and evil face.

"Which man's card?"

Worried that he was angry, Ann quickly reached for it and said, "no It's a professor in my university

"Professor?"

Today, the people who can be invited here are all the children of families under the age of 30, so young they are university professors?

Ha ha! It seems that the opponent is excellent!

Li Qichen raised his business card and took a look at the name on it.

"Tang Jin, Art Department of a University..."

Ann didn't want him to read it. She jumped up, grabbed the card back and glared at him.

"Give me your business card. It's mine!"

"Oh

Li Qichen's dark eyes drooped, staring at her angry cheek, and gave a sneer from her throat.

I dare to hide other men's business cards in front of him.

Just clearly promised well, turned around and began to perfunctory him.

Did she really think he was such a fool?

An'an was numb with his eyes like that. "Li Qichen, what are you thinking?"

"What am I thinking, do you really want to know?"

He crooked up the corner of his lips and put it close to her ear. In a low magnetic voice, he said, "what do I want to do? You'll know at night. Don't lock the door at night!"

## Chapter 1343

An'an's heart trembled and her eyes widened. "Li Qichen You..."

Li Qichen finished, the expression on the face is astringent, ignore her, both hands insert pocket, step long leg to walk toward the door.

When passing by the garbage can, he crumpled the business card in his hand and threw it in the garbage can.

"....."

Ann helped her forehead with a headache.

What the hell does this guy want?

But Leave a door for him at night. Does he want to be the same as last night?

Crazy!

When winjo took Ann's hand and asked her how she was, she shook her head in shame.

"No!"

Wen Qiao looked forward, "what about Tang Jin? He's very polite. I just asked someone. He's 26 years old. He's already a university professor. He's still a professor in your university. He's young and promising. I think he can do it!"

Ann bit her lip in embarrassment, "Mommy, I I don't like..."

"I don't like it either?"

The expectation in Wenqiao's eyes gradually cooled down, but in a flash, she raised her smiling face again, "it doesn't matter. If you don't like it now, it doesn't mean you don't like it in the future. It's not that you don't get along with much! Slowly, familiar with the nature of the cooked

Li Qichen sat opposite them, listening to their conversation. His fingers almost broke the glass.

"Bang", he couldn't bear to put the cup in his hand heavily on the tea table.

Wenqiao was startled, patted his heart and scolded him: "it's OK. What are you doing with all that noise? The older you grow up, the more worrying you are! I don't think you need to read any more books abroad. Just go home!"

Wen Qiao originally said angry words, but Li Qichen said happily: "good! Yes

"What What? "

Wenqiao had no choice but to pinch his eyebrows.

Two boys let her worry broken heart, or girls intimate.

It's sweet and cute.

Li Qichen then said calmly: "today, Tong Xue will move out from home."

Wenqiao fingers, surprised: "why?"

Li Qichen shrugged his shoulders and said, "is there any reason for this? This is not her home! "

"This..." Although she didn't like Tong Xue, it wasn't a good way for her to keep people away from home.

How to say is also his schoolgirl.

"Mommy, don't worry about it. I'm tired today. Let's have a rest early."

Or, Li Qichen gets up and takes Wenqiao's hand to the elevator.

Li Fengbei and Wen Qiao live on the third floor. The children's bedrooms are on the second floor.

Li Qichen pressed the elevator button for Wenqiao, "Mommy, you left daddy in the cold today. Daddy is not very happy at night. Do you find out? Go up and coax him. Good night

Looking at the elevator gradually closed, Wenqiao sighed helplessly.

“Well You kids...”

When Li Qichen saw Wen Qiao off and returned to the living room, he found that someone had already run upstairs.

He raised his eyes, just can see the skirt disappeared in the corner of a corner.

Li Qichen hooked the corner of his lips, but thinking of a servant, he forced the corner of his lips down.

“Cough...”

Li Qichen raises his feet and goes upstairs.

When he reached the door of Ann’s bedroom, he stopped, looked around and reached for the handle.

But failed to open, the door was locked from inside.

Li Qichen narrowed his eyes, and his face immediately cooled down.

Hum, I’m not obedient again!

Wait and see!

Li Qichen left with his feet raised.

Ann leaned against the door, listening to the sound of walking away, quietly relieved.

I don't think he will come again.

Leave him a door, beast!

An an was not at ease. She not only locked the door, but also brought two chairs, which were leaning against the door panel.

She is much more at ease to do all this well.

Today, tired day, comfortable to soak a bath, lying in a warm and comfortable bed, it is a kind of enjoyment.

Ann yawned and closed her eyelids heavily.

She had a dream, still some unspeakable dreams, a little shame

When she finally responded that something was wrong, she was so scared that she shivered and woke up suddenly.

As soon as I open my eyes, I look at a pair of dark and bright eyes.

Such a big room, with a dark yellow wall lamp on, gently shining on the man's handsome and compelling features.

ANN that sleepy moment to wake up, the original pink cheek instantly red like a cooked shrimp.

"Li Qichen! What are you doing here? "The man's low voice is unspeakable hoarse, and there seems to be sweat on his forehead.

“At this time, are you still distracted? Do you still want to think about this?”

“.....”

An an Zheng ground lowers a head, this just reaction comes over, the pajama on her body was pushed to half waist.

“Boom”, her face instantly red.

That was not a dream at all, but actually happened.

Li Qichen

Thinking of the shameful dream, Ann lifted the quilt and covered her face.

I’m so drunk!

Li Qichen looked at her speechlessly, “is that it?”

An an’s stuffy voice came from the quilt, with a trace of anger, “what else do you want?”

“.....”

The veins on Li Qichen’s forehead were beating faintly.

This grinding goblin!

It was said that she would punish her, but she felt comfortable and left him aside!

Those who have no conscience don't know who to punish?

Li Qichen got up and went to the bathroom.

Half an hour later, Li Qichen came out of the bathroom fresh and fresh.

Ann heard the sound of the bathroom opening, quickly closed her eyes, small hands tightly grasp the quilt.

Now she just wants to pretend to be dead and doesn't want to know this person at all.

Is that what's going on between men and women?

Is this her first time?

What a worry!

In the heart suddenly some small loss, she thought the first time will be very romantic, in the wedding night to his beloved!

I didn't expect it was taken away by this guy!

Think about in the heart all have a little regret, still have so a little loss and meaning difficult to level.

As soon as Li Qichen approached the big bed, he heard An'an sighing.

He lay on his side behind her with his handsome face on one arm and asked in a funny way, "what's the matter? It looks like you're sorry!"

"....." Ann immediately shut up, as did not hear, also do not answer him.

Was her sigh so obvious just now?

But now, she just doesn't want to talk to him.

Li Qichen picked next eyebrow, stretch out a hand to pull her body, let her face oneself.

"Angel Li, I know you're not asleep. Talk to me!"

"....."

Ann just doesn't open her eyes.

Li Qichen's long and narrow eyebrow raised upward, which aroused an evil radian.

He bowed his head and gave her a kiss on her lips.

"....."

An'an immediately opened his eyes, covered his mouth, and stared at him with big eyes.

Why is this man such a rascal!

Just kiss her!

Li Qichen seemed to know what she was thinking in her heart. Her index finger slipped gently on her white and red face, and said wickedly: "since you are asleep, I can only wake you up with a kiss!"

"You..."

"What's the matter with me?"

"You bully people!" Ann almost cried wrongly.

Sour nose, as if by the day like a big grievance.

For the first time, she didn't even feel what it was like. It was like a dream!

Blame this asshole!

The more I think about it, the more I feel aggrieved. Finally, I can't help thinking about it, and I cry directly.

"Wu Wu Wu ~ ~"

Li Qichen's face was stiff and confused by her sudden reaction.

"Ann, you What's the matter with you? "

"Li Qichen, you bastard!"

Ann wrung her little fist and called on Li Qichen's shoulder.

Li Qichen is at a loss, but she is still allowed to fight. As long as she can calm down, it doesn't hurt much.

Only when Ann was crying and burping, he patted her on the back.

“Good, don't cry! You tell me where I did wrong. If I did wrong, I'll beat myself. Don't hurt your hands!”

Cry into tears, this is how much grievance ah, Li Qichen without reflection in the heart, he really do too much?

When Ann heard that, she just opened her mouth and took a bite on her shoulder.

It was not until there was a smell of blood in her mouth that she regained her consciousness and quickly let go.

“Li Qichen, why don't you push me away? You just sit there and let me bite you?”

“.....”

Li Qichen choked.

He was beaten and bitten by her, and now he even scolds him for not knowing how to dodge?

Li Qichen opened his mouth and said something. In the end, he just pinched his eyebrows and said in a soft voice: “don't cry, I don't hurt!”

“Hum!” An Qi ground pushes his arm, dead duck mouth hard way: “I just don't love you!”

Li Qichen comes to her again and holds her by force.

“Who do you love? That Tang Jin

“I didn’t mean that to Tang Jin at all!” said An’an

Li Qichen’s frowning brow stretched out, and his thumb wiped away the tears on his face a little bit. His face was distressed and said, “why did you cry suddenly just now? Can you tell me why? ”

Ann Du’s face turned red with a small mouth.

How can she say that?

“Nothing, sleep!”

With that, she lifted the quilt, rolled to the outside and wrapped herself up.

Li Qichen’s eyebrows jumped abruptly. He didn’t miss the shyness and embarrassment on her face.

She won’t be because

Li Qichen frowned suspiciously, “An’an Don’t you cry because you didn’t cry for the first time? ”

An an side ear listens, see he unexpectedly still say this words, the lung is about to explode.

A lift quilt, holding pillow to Li Qichen body hello.

“Li Qichen, get out of here!”

Is that really why you cry?

Li Qichen snatched the pillow, put her in her arms and gave her a pitiful kiss on her forehead.

“What a silly girl! Don’t you even know this?”

Is it too simple?

However, with her character, she estimated that she knew little about both sexes.

An an Zheng is angry, didn’t hear what his second half sentence is at all, Li se stares Li Qi Chen one eye, “I am stupid, otherwise can be cheated by you?”

See her really sad, Li Qichen heart suddenly some happy.

Fortunately, she held back at the critical moment just now, otherwise tonight would be the biggest regret in her life.

He hugged her painfully and explained, “no! I didn’t do anything to you. Your first time and ours are still here!”

“Really Really?”

An an is dubious, and thinks that Li Qichen is cheating her.

“Roommates say that what men say in bed is mostly deceptive.”

Li Qichen held his forehead for a while, gritted his teeth and said, “what’s your roommate? I’ll break up with her tomorrow!”

“Er...”

Is that too overbearing? Because other people will break up with each other in a word?

Ann blinked her big wet eyes and asked in a low voice, "Chenchen, is that true? My first time is still here?"

Li Qichen corrected her seriously, "our first time is still here!"

"Scared the hell out of me!"

Ann patted her heart in fear.

After thinking about it, she moved back and said warily to Li Qichen: "in the future, don't come to my room in the middle of the night. If someone sees us, we will die!" "So timid?"

Li Qichen glanced at his mouth indifferently and said in a low voice, "it's better to be found!"

"What? What did you say?"

"Nothing. Go to bed!"

Li Qichen lay flat, with his long, slender legs open at will, his hands resting behind his head and his eyes closed.

"....."

Ann looked at more than half of the bed he occupied, then at a small corner where she curled up.

Whose bed is this?

Why can this guy take all her beds so easily?

When an an is indignant, an arm stretches over, takes her waist and pulls her to him.

“I sleep in your bed, you sleep on me!”

Then he gave her a kiss on the forehead and said in a low, sweet voice, “good night!”

Ann heart suddenly warm, like a warm stream flowing into the heart.

She had a good night's sleep. When Ann woke up, her eyes were still a little confused.

But with a powerful arm around her waist, she opened her eyes.

As soon as I turn around, I face a face that is amazing.

“You Why haven't you left yet? ”

It's almost dawn outside!

The workers in the garden start work very early. How can he climb over the wall then?

“Well...”

Li Qichen opened his eyes, eyes with just wake up lazy.

He lazily raised his eyelids to look at her, then put her in his arms, and said in a low voice, “what's the matter, baby?”

“What's the matter?” An'an was almost fainted by his anger. “It's daybreak outside!”

Ann saw that he didn't care and poked him in the heart.

Li Qichen opened his eyes, deep eyes with burning, a turn over will hold her down.

"Give me a kiss."

They have been kissing so many times, not this time.

Ann didn't even think about it. She looked up and gave him a kiss on the face. "Baji," can we go

Li Qichen's handsome face and short hair were lying disorderly on his forehead. He looked a little warm and easy to get close to.

"When did I say you'd kiss me and I'd leave?"

"Don't you?"

"Do you have one?"

"....."

Ann thought about it carefully and realized that she had been fooled by him again.

She angrily pushed him away, lifted the quilt and got up.

"If you don't go, I'll go!"

See her angry, Li Qichen quickly pull her back to bed, lift the quilt to get up.

Ann leaned out half of her head from the quilt, revealing her round head and looking at him with a puzzled face.

“Where are you going?”

“Don’t think so much, I said, leave the matter to me, you don’t need to think about anything, you can sleep again!”

He tucked her in, pinched her pink cheek, and got up.

In an an’s puzzled eyes, he directly opened the door and swaggered out.

An an

It’s like she slapped this guy in the face and slapped him into meat sauce.

I thought he had a good way to go out of her room?

Is it worrying that other people don’t know about their relationship?

Li Qichen just walked to the door, behind him came a shocked voice, “brother, how do you come out of the big sister’s room?”

Chapter 1345

Hearing the sound, Li Qichen turned around.

Li Xingchen stands at the door of his bedroom in a casual dark gray ball suit, looking at him in shock.

The basketball in my hand probably fell from my hand because I was too shocked.

Li Qichen picked the next eyebrow, turned around, walked toward Li Xingchen, bent down to pick up the basketball and handed it to Li Xingchen.

“To play basketball so early?”

“Yes! I made an appointment with some friends to go to the gym this morning...”

With that, Li Xingchen reacts later, “brother, what did I ask you just now? Why did you come out of my sister’s room early in the morning? You...”

He squinted at Li Qichen’s mouth.

Then, he nodded solemnly, “pinch your fingers, have adultery!”

Li Qichen skin smile meat don’t smile, low voice way: “last time you don’t want to buy that who limited edition of Jersey?”

Li Xingchen’s eyes immediately ignited the excited light, can’t wait to ask: “brother, are you finally willing to give it to me?”

“Of course! Go to my room

A few minutes later, Li Xingchen came out of Li Qichen’s room with a smile and a yellow suit in his hand.

This morning’s trip is worth it!

Big brother is so generous and willing to give up?

Suddenly, he felt something was wrong.

He finally recovered from the surprise and turned to look at the closed door behind him.

No, he just forgot to ask why he came out of my sister's room?

What are they doing?

When he thought of what Li Qichen had told him, he tightened his eyebrows and twisted them thoughtfully.

If only he could catch me tomorrow morning?

What will big brother use to bribe him tomorrow?

Thinking of this, Li Xingchen suddenly looks forward to tomorrow.

Li Xingchen get limited edition Jersey, good mood has been extended to the evening, even humming a ditty.

Winjo slapped him on the back of the head. "What's wrong today? So happy? "

"Ah! so painful! Mommy, how can you do it? I'm your own son

Li Xingchen covers his head with exaggerated expression.

Li Xingchen is the best actor in my family, so everyone turned a blind eye to his accusation and didn't care about it.

Ann recognized the uniform he was wearing today. It seems that it's a limited edition of some star

Isn't that Li Qichen's?

Li Xingchen felt An'an's sight, lifted the broken hair on his forehead, and asked: "elder sister, tell me, am I handsome?"

Ann just had a drink of water and almost spewed it out.

Li Anxin, who was sitting beside An'an, showed a very disdainful look at Li Xingchen.

"Li Xingchen, can you be more narcissistic?"

Li An's heart was clearly making fun of him, but Li Xingchen was not angry, and his face was even more proud.

"That's it! Narcissism also needs capital! "

"....."

Vomit ~ ~

Li Anxin made a vomit gesture, and Li Xingchen quit, "Li Anxin, what do you mean? I'm your brother. How dare you still despise me? "

"Then you look like a brother! What else can you do besides fighting, ganging up and eating with your younger sister? "

Li Xingchen

All of a sudden, I feel that my limited edition Jersey doesn't smell good any more.

He is 19 years old, and he was taught a lesson by a 14-year-old sister!

He was so angry that his fingers were shaking. He pointed to his ungrateful sister who was growing up with a mouthful of sugar and a mouthful of drink.

"Li Anxin, don't think it's great for you to do well in your studies. How dare you teach your brother a lesson?"

Seeing that he dared to point his finger at his sister, Wenqiao knocked heavily on his finger with chopsticks.

"Li Xingchen, let me see you bully your sister again, and I will be rude to you!"

"Ah! It hurts

Li Xingchen quickly took back his fingers, with a face of grievance, and said in a low voice: "in this family, men have no status at all, only you women in the world!"

It's all daddy's fault.

This family is dominated by mommy, who spoils her as much as she wants.

They three big men don't have any power, OK?

He doesn't want to be like his father. His women should listen to him in everything. Fu Gang must be upright.

Well, that's what it should be!

Wen Qiao said with a smile: "everyone do a good job, I have something to tell you. I feel relieved that I am preparing for the grade jump examination recently. I want to find a tutor for her. Do you brothers and sisters have any suitable people to recommend?"Everybody, you look at me, I look at you.

Li Xingchen suddenly grinned: "Li Anxin, why are you so powerful? My sister, indeed

That proud look, said as if because he is powerful, so his sister is powerful.

Li Anxin didn't bother to pay attention to him, but looked at Wen Qiao and said in a childish voice: "it doesn't matter who it is. I don't have any opinions. Of course, it's better to be a Xueba with a higher IQ. Otherwise, I'm afraid I can't communicate with him!"

"Well, you're right!"

Winjo nodded in agreement, looking at her youngest daughter with unspeakable pride.

The youngest daughter inherited Li Fengbei and all her advantages, except her character Er, it's a little cold

She thought about it and said, "Chenchen was the best candidate originally, but Chenchen will go abroad in three days, so it won't take up his time. It's not easy to come back and invite another tutor, do you think?"

"Ah? Brother will go abroad in three days? When will you be back next time? "

Li Xingchen is always the one with the most words in his family. As soon as Wenqiao's words were finished, he asked a lot of questions.

Li Qichen pursed her lips and nodded, "Hmm! The air ticket after three days, the time of coming back has not been decided yet

An an's face turns white and looks at Li Qichen.

He said that he would go abroad in three days, and he didn't know when he would come back?

She was suddenly very reluctant.

How long does it take him to go?

Three years? Five years?

She is twenty-three years old. In three years, five years Mommy will let her get married!

Hum!

What the man said is really unreliable!

It was a surprise that wenjo heard that.

Although reluctant, but there is no way.

"Then take advantage of the three-day holiday, take Ando out for a walk. She was frightened some time ago. Take the opportunity to take her out for relaxation!"

"OK, Mommy!"

Li Qichen took a look at An'an and agreed without thinking.

Originally, I wanted to find a reason to take her out. Now it seems that there is no need for him to say more.

Wenqiao brings the topic to Li Anxin to find a tutor again, and says to An'an with a smile.

"An an, I think that Tang Jin was very good last time. Can you contact him and ask him if he has time to teach an Xin for a few days?"

"Tang Jin?"

#### Chapter 1346

An an a Leng, subconsciously saw Li Qichen one eye.

Sure enough, the other side's face cooled down with the speed visible to the naked eye.

She tugged at the corner of her mouth a little stiffly and said, "should It should be

"That's good. It's up to you to do it. He is a professor and teacher in your university. You should be able to find a way to contact him!"

An an ignores someone's black face, squeeze out a smile on his face, "it should be OK!"

Wenqiao nodded with satisfaction. "That's a deal. I've made an appointment with a designer today to make two autumn clothes for your dad. If you want to make them, tell me, I'll make them for you. Of course, you can also buy them in the mall!"

“I know, Mommy, we are all old. You don’t need to worry about these things!”

Wenqiao looked at his four lovely and handsome children and sighed with satisfaction.

In addition to blue heart is not around, she is very satisfied, satisfied!

As soon as Wenqiao left, Ann got up and went upstairs. Just as she was about to close the door, a slender arm stretched out to support the door. The next second, his tall figure crowded in.

Ann’s face turned white with fright, anxious and angry.

“Li Qichen, how can you do this? You said you would give me time. Are you so blatant that you want everyone to know? ”

You know what’s wrong?

Li Qichen’s eyes flashed a trace of darkness.

But after thinking about it, he doesn’t want to discuss it with her now.

“Do you know Tang Jin’s mobile phone number?”

“I don’t know!”

Ann knew that this man was looking for trouble, and suddenly she didn’t have a good airway.

Li Qichen’s face was a little better, “then you can leave it alone, I’ll take care of it!”

“You go to find Tang Jin?” Ann looked at him in surprise.

Li Qi morning song rises index finger, scratched on her small nose, “who says must look for him?”

Speaking of this, his face was a little chilly again, chilly outside.

“Don’t you know mommy’s mind? She just wants you two to get in touch and make up for each other!”

Ann felt her nose with a guilty heart. “Do you have one?”

Li Qichen squints his eyes and walks towards An’an step by step. “Do you look very happy?”

“Well How can I be happy?”

Ann swallowed her saliva and looked back warily.

Soon back to the wall, there is no way back.

Li Qi’s sharp fingers pinched her chin and threatened coldly: “don’t get along with other men alone, especially Tang Jin. Don’t have his phone number or talk to him!”

“.....”

Ann didn’t look at him.

This man is so overbearing.

What a lot!

Li Qichen was naturally dissatisfied with her evasive attitude. She frowned and said coldly, “do you hear me?”

Ann curled her lips. “What if someone wants to talk to me?”

“.....”

Under Li Qichen’s colder and colder eyes, An’an was very aggrieved and said, “I’m talking about just in case in case...”

Li Qichen immediately raised a smiling face and comforted him by saying, “that’s good!”

He gave her a kiss on her ruddy lips and said mercifully, “you should have a rest early tonight. I won’t come back to your room again! Good night

Not coming?

An’an was happy and raised a sweet smile towards him.

“Good night!”

Li Qichen originally wanted to let her go, and then looked at her face even more brilliant than the sun’s smile, sharp heart movement, bowed his head to grasp her lips.

He didn’t let her go until both of them were out of breath.

I’ll take you to play tomorrow morning

Ann looked forward, “where are you going?”

Li Qichen pinched her face, the Mou light is gentle, “went you to know! I’m going

Li Qichen said that she would leave soon. Ann was expecting him to leave, but as soon as he left, she felt that there was something missing in the room.

The feeling became clearer in the middle of the night.

She curled up in the quilt and the nightmare came back, haunting her.

“Chenchen Morning...”

Her forehead exuded a layer of sweat, and her face was full of pain.

The pale lips kept calling his name.

Li Qichen couldn’t sleep. Originally, he just wanted to come and see if she had kicked the quilt. As soon as he got to the window, he heard her calling his name.

“Ann! Ann, wake up, you have a nightmare

Li Qichen took off his shoes and went to bed, holding ANN on his knee.

Ann suddenly woke up, opened his eyes, red eyes with the dream of panic. She threw herself into Chenchen’s arms and couldn’t tell the dream from the reality. She cried and laughed and said, “Chenchen, you’re OK. You’re OK. It’s so good!”

Li Qichen frowned and patted her on the back.

“I’m fine, you’re just dreaming!”

“Dream? No, it’s not a dream! If only it was a dream! ”

An an holds Li Qichen tightly.

She also thought that those days were just dreams, but it was not a dream at all, but actually happened.

She held Chenchen’s face in fear, “Chenchen, that man Is that man dead? ”

“Who?”

“That’s the one...”

The one who wants to molest her!

What bumps into the mind, Li Qichen eyebrows suddenly jump.

“Did you dream about childhood?”

“Mm-hmm!”

Ann nodded painfully, tears crisscrossing on her cheek, “I can’t help it. I have that kind of dream every night!”

The dream became a magic barrier in her heart.

Just a child of four or five years old, who was almost beaten by others, saw his companion kill him with his own eyes.

In her heart, it was like planting a seed of nightmare.

Every time she was alone, she couldn't help thinking.

She didn't want to tell her parents about it. If they knew that they had been treated and tortured like that, they would be mad.

Li Qichen's handsome face showed a trace of dignified, softly comforted: "it's OK, and !! No matter when I was a child or now, I can protect you! "

Chenchen's low voice came into his ears, feeling the temperature in his arms, and calming down his panic.

She wiped her tears and looked up from his arms.

"Chenchen, why are you here again? Don't you say you won't come in the evening? "

"I just came to see you!"

Chenchen looks at someone who is crying, and his heart aches.

Half lying on the bed, he patted her on the back and said softly, "you close your eyes. I'll hold you all the time until you fall asleep. I'll go again!"

Ann closed her eyes obediently.

At this time, she did not want to drive him away, and even wanted to keep him.

In fact, many times, because of the existence of this dream, she is very confused. Does she like or depend on Chenchen?

She didn't want to leave Chenchen. She didn't want to leave Chenchen at all, but she never thought about it.

## Chapter 1347

The next morning, the golden sun rushed out of the ground like a beautiful big disk, and the soft golden light was shining on the earth.

The birds outside the window also began to chirp busy.

Ann was awakened by the birds outside the window, opened her eyes and subconsciously looked to her side.

There has been no Li Qichen around for a long time, her heart suddenly lost.

After holding the quilt for a while, I got up and went to the bathroom to wash.

When Ann changed her clothes, cleaned up and opened the bedroom door, she was frightened by the figure standing in front of her door.

"Star, what are you doing at the door of my room in the morning?"

Ann patted her heart with a look of lingering fear.

"Good morning, sister!"

Li Xingchen's face is smiling, but her eyes are peeping uneasily into her room.

He was waiting for my brother here, but my brother didn't come out, and my sister came out.

Where's brother?

It must still be in the elder sister's room, but I don't know where to hide it!

Ann followed his line of sight, turned to look at his room, a face of doubt asked: "stars, what are you looking at?"

Li Xingchen shook his head, then muttered with disappointment: "I thought I could get a game machine today?"

"What What kind of game machine? "

Ann looked puzzled. She didn't seem to understand what he was saying?

Li Xingchen smiles, "it's OK! I'm just talking nonsense

"....."

As they were talking, a deep and pleasant voice came from behind them.

"What are you talking about?"

The two of them turned their heads and saw Li Qichen standing behind them in a gray sportswear, with a pair of dark eyes staring at them.

An'an and Li Xingchen wave their hands in a tacit way.

“Nothing

With that, Li Xingchen is a little confused. Why should he be nervous?

So, he went over to climb Li Qichen’s shoulder with a smile, “picked the evil eyebrow,” brother, I want the game machine in your room, you give it to me! ”

Li Qichen a pair of black eyes coagulate him, smile not to smile ground, “you are now senior three?”? Learning matters. What kind of games do you play? ”

“ ..... ”

Li Xingchen tooted his mouth and whispered: “you didn’t say that yesterday morning...”

“ ..... ”

Li Qichen raised his eyebrows and gave him a cold glance.

“ ..... ”

Li Xingchen realized that he had let slip of the tongue and quickly closed his mouth.

Ann listen to two people talk, delicate eyebrow heart ruthlessly wrinkled up.

What are these two talking about?

Didn’t you say that yesterday morning?

In the morning

Ann's face changed.

No wonder Li Qichen's ball suit arrived at Li Xingchen. It turned out that

As soon as Li Xingchen left, An'an gathered behind Li Qichen and clenched his teeth in a low voice.

“Yesterday morning you Was it seen by the stars? And give him his uniform so that he doesn't say anything about it?”

Li Qichen helped the forehead, “it's just a coincidence!”

His indifferent attitude suddenly made an angry.

He doesn't matter. Anyway, he is the biological son of his parents. No matter how chaotic he is, they can't drive him out of the house!

But what about her?

Once this matter is known by mom and Dad, what face will she have to stay at home?

She was scared to death just to think that her parents would be disappointed in her.

“Li Qichen, you are...”

Ann clenched her fist and couldn't find any words to scold him. She gave him a cold hum and quickly walked down the stairs.

“Ann, listen to me...”

Li Qichen rubs her eyebrows helplessly and goes to pull her hand.

But an very one dodges his hand, "I don't want to hear you say!"

With that, Ann ran downstairs quickly.

She has said for a long time that he should be careful. He always doesn't listen. Even after spending a night in her room, he is indifferent when he is seen by his younger brother.

Yes, he's resourceful and he's not in trouble.

But she has no way to be so calm, or maybe she is going to the abyss step by step.

Does he know how much pressure she is under? It was discovered, and it can be so understated!

The first is Tong Xue, now is the star, soon more people will find that they secretly fall in love

She suddenly wants Li Qichen to go abroad as soon as possible.

After he went abroad, she would not have to live in such a terrible life.

Li Qichen doesn't understand why An'an is so angry. Isn't he seen?

The relationship between them will be made public sooner or later. What is the relationship between knowing earlier and knowing later? Not to mention the stars, his brother!

He didn't think it was a problem.

When I eat breakfast, I feel a low pressure obviously.

Even Li Xingchen, who spoke a lot at that time, was eating the bread in front of him and glanced at Li Qichen's face from time to time.

Li Fengbei seldom has breakfast with the children. He is very dignified sitting on the throne.

“Why don't you talk one by one today?”

He is not always chirping. Today, he is waiting for everyone to have breakfast, but he can't even hear a voice?

Wenqiao also found something wrong, put down the spoon in his hand.

“Children, why are you so quiet today? It's a bit of an anomaly. What's going on?”

Li Anxin immediately raised his hand, “I have no problem!”

Wen Qiao looks at Li Qichen and An'an. Their faces don't look right. Can't they quarrel again?

Think of this possibility, Wenqiao a headache, “morning, ANN, are you two fighting again?”

Li Qichen glanced at An'an and said, “it's my negligence that makes her angry. I'll take her out later and apologize to her. I won't go home for lunch!”

“You son of a bitch...” Wenjo clenched his plate in anger.

He resisted the impulse to drop the plate on his head.

Always bullying Ann!

Li Feng North quickly for her along the back, “wife don’t angry, with them angry what?”? It’s not worth being angry!”

Cough

The four children of the Li family gape at their powerful and decisive father. In front of their mother, they turn into husky and are crammed with a mouthful of dog food.

Their father, is really a perfect interpretation of what is called, “wife is true love, children are accidents.”

They are all from outside!

Winjo took a deep breath and tried to keep his voice calm.

“Chenchen, you are so old. I didn’t want to scold you anymore, but Ann...”

Before Wenqiao’s words were finished, Ann said quickly, “no, Mommy! Chenchen didn’t make me angry, we were just joking

With that, An’an smiles at Li Qichen.

“Chenchen, don’t you think so?”

Li Qichen looked at her with deep eyes and didn’t speak.

Wenqiao looked disgusted and waved, “well, today you go out and have fun. You can eat wherever you want for lunch, and your share won’t be prepared at home!”

“OK, Mommy!”

After breakfast, Li Qichen takes an an out.

Ann don't want to let Wen Qiao worry, even if in the heart again angry, finally followed Li Qichen out of the door.

## Chapter 1348

As soon as she got on the bus, Ann's face became cold.

Look out of the window and don't even bother to give him a look.

Li Qichen, looking at her face full of anger, helplessly took her hand, pinched her fingers, and coaxed patiently.

"Last night, it was so good. Why did you suddenly get angry?"

"I'm not angry!"

An an a face apathetic ground hand pulled back from Li Qichen's hand.

"....."

You're not angry?

Li Qichen some helpless, but his own woman can only coax.

He forced an an's face and gave her a kiss. "Don't be angry. Today I'll take you out to have fun."

Today is their first date. He has already arranged everything.

"Ba Ji" a, an an entire person all froze.

Wait for reaction to come over, push away Li Qichen, that pair of eyes stare greatly.

"Li Qichen, what are you doing?"

"....."

Li Qichen was pushed away by her and his back hit the door.

He was stunned. She could push him away. How strong was her hand?

Ann was stunned.

She was remorseful. Why was she so excited just now?

His back seems to have hit the door. I don't know if it hurts?

But It's still at home. Servants come and go.

He even openly kisses her face, which makes people see what to do?

They look at each other for a few seconds.

In the end, Li Qichen was defeated. "I won't quarrel with you today. ANN, what can you tell me directly?"

What's the use of telling him?

Ann put her face out of the window again. She couldn't express her grievance in her heart.

He is always indifferent to everything, she said he would not understand.

He always said no problem, no problem, he didn't know how much pressure she was under?

Suddenly she was afraid to go on.

She felt that there was a huge black hole in front of her, with a pair of invisible hands holding her and falling to hell.

She needs to think about the relationship between them calmly. It's all happening too fast for her to react.

Along the way, neither of them spoke.

About an hour later, the car stopped at the gate of the playground.

Ann looked up and frowned at the skyscraper wheel in front of her.

"You brought me here?"

"Come on! Let's go down and have a look! "

"You..."

Ann hesitated for a while, and finally chose not to say that sentence, followed Li Qichen out of the car.

Li Qichen takes her to the ticket office.

Probably because of the festival, there are a lot of people in the playground, shooting a long line.

In the morning, the sun has begun to heat up. Thinking of Ann's fainting last time, Chen Chen said with concern: "Ann, I'm standing in line here. You can sit there and wait for me!"

He pointed to a shady place.

Ann didn't want to talk to him or stand with him at first. Seeing that he said so, she didn't want to say anything. She raised her foot and walked towards the shade of the little tree over there.

Li Qichen looked at her back, pursed her lips, and her eyes showed a trace of dignity.

There were too many people in line. After a while, Li Qichen began to sweat.

Ann looked at the long line in front of him, and then quietly looked at Li Qichen's broad back, frowning.

She didn't even notice it. There was a little worry on her face.

He is used to being a young master. He even comes here to line up himself

About half an hour later, Li Qichen finally came to An'an in a sweat.

He raised the ticket in his hand, took her hand, "go, take you to the ferris wheel!"

“Ferris wheel?”

Ann was stunned.

Can he take the ferris wheel?

Do you mean

Ann looked up and saw that the clothes on his back were soaked with sweat.

A touch of heartache flashed through her heart and she was silent.

After a while, Li Qichen leads An’an to the huge ferris wheel. Seeing Li Qichen give his ticket to the staff, An’an opens his eyes and grabs him.

“Can you take the ferris wheel? You are not Are you afraid? ”

Li Qichen has an unknown secret.

He’s claustrophobic.

As long as he is in a closed space, he will be out of breath, as if he was held by the neck.

As a child, although the person who molested her was killed by Li Qichen, Li Qichen was also put into a small dark room full of mice by them. There is no light, hearing more sensitive, ear is full of mice “squeak” scream, creepy.

During the two months they were imprisoned, one suffered from nightmares and the other suffered from space claustrophobia.

Only they know each other's secrets.

Because they have long agreed that this matter must be rotten in the bone, and it must not be mentioned to anyone, especially mom and dad.

Fortunately, the bad guys have been punished enough, and the two of them have returned to their parents and returned to their normal lives.

That's enough. Everything will be fine.

Ann pulls Li Qichen's hand, small face worries, "don't play this!"

What's the difference between playing this and self abuse?

Li Qichen touched her head with a smile, and her two dark eyes looked at her with unprecedented tenderness.

"I want to try. Will you stay with me?"

Who can resist such a gentle Li Qichen?

Ann bit her lip, nodded and held Li Qichen's hand tightly.

"Chenchen, wait a minute, you're lying on my shoulder with your eyes closed, you know? So you won't be afraid!"

There was a tremor in her voice, as if she was more nervous than him.

Li Qichen laughed, "I'm not afraid of heights!"

“.....”

Ann choked, “so what? I don’t think so!”

The door of the cable car was opened by the staff, “you two can get on!”

“Let’s go!”

Li Qichen leads An’an to the car.

Every step of an An’an’s life was full of fear. “Chenchen, we’d better not go!”

Chenchen sits in the car, grabs her hand, embraces her, sits on him, and looks at her affectionately.

“With you, I would like to see any scenery with you. I believe I can! Do you believe it?”

When he said this, his low voice was as smooth and sweet as chocolate, and it was like red wine could make her intoxicated.

And his eyes like a whirlpool, has deeply absorbed her, let her drown among them, deep in which unable to extricate themselves.

Ann’s heart beat faster, her face was hot, and she nodded unconsciously.

“Good! I believe it, too

Li Qichen put his hand on her head and patted her, “fasten your seat belt, I’m closed!”

The moment the door is closed, the air becomes thinner in a space of only one or two square meters.

An an's two big eyes stare at Li Qichen's face for a moment, worried that he would have a bad reaction.

"Are you all right?"

## Chapter 1349

Li Qichen's face was a little white, and even his breath became short.

He gritted his teeth, a smile on his pale face, pretending to be relaxed.

"Ann, you see, any difficulty can be overcome, right?"

Ann can't laugh or cry. "What time is it? You have to tell me a lot of truth!"

"If I can overcome my illness, you will face our future with me, will you?"

He held Ann's hand tightly, and his eyes did not blink, staring at Ann's beautiful and delicate face.

The car kept going up. When it reached the highest point, Chenchen felt it was very difficult to breathe. The suffocation from all directions was going to drown him.

At this time, An'an suddenly put out his hand, holding his face and kissing it.

Li Qichen opens his eyes in amazement.

Ann's eyes were closed, her cheeks were flushed, her lips stuck to her, but she didn't dare move. Her brain was blank, and she didn't know what to do next.

The long eyelashes, following her uneasiness, quivered gently.

Chen Chen's heart is hot. She reaches out to hold the back of her head and turns away from her.

Ann put her hands around Li Qichen's neck and responded tentatively.

Her initiative, let him simply incredible, a burst of ecstasy.

The cable car had fallen in the highest air and stopped steadily, but they were still holding each other.

This kind of thing we all see strange, originally this activity is lovers like the activity.

But the time of the cable car is regulated, so the staff have to come forward to disturb in good faith.

"I'm sorry, sir and miss. It's time. Please get off!"

Sweet voice leaps into the ear, an an pushes Li Qichen away and runs away with a red face.

Li Qichen got out of the car behind her. She didn't see it. His palms were shaking and his legs were soft.

But he laughed.

He persevered. It turned out that this fatal feeling could be overcome.

Ann, I did it!

Ann saw that he didn't follow up. Looking back, she saw that Li Qichen was looking at her and smiling.

Laugh like a fool!

She glared at him, but her heart was sweet.

She pointed to a wooden stool in the shade not far away.

"You sit there and wait for me. I'll buy ice cream!"

With that, she ran away.

Li Qichen listened to her and sat down on the wooden stool in the shade of the tree.

Not far away is the shop. An'an is standing in line in the crowd, turning to look at him from time to time.

Li Qichen is warm, just like drinking honey.

This guy is easy to get angry and easy to coax. His mind is too simple.

Simple to see her hurt, I want to treasure her gently.

Ann soon brought two ice cream, one pink and one light green.

"One is strawberry and the other is Matcha. Which would you like to eat?"

Ann put ice cream in front of him and let him choose.

Li Qichen took the light green one, "thank you!"

An an sits beside him, bit an ice cream, a face happy way: "really delicious!"

Li Qichen did not eat with ice cream, but looked at her.

"Are you in a better mood now?"

"Well, much better!" Ann took a big bite of the ice cream, the cold feeling burst on the taste buds, so delicious.

Li Qichen said: "can you tell me why I was angry just now?"

"Well?"

An an once, turn a head to see to Li Qichen.

Li Qichen rubbed her hairy head and said with a smile: "nothing. It's OK to wait until you want to say it!"

An'an took a small bite of the ice cream and said with an aggrieved face: "Li Qichen, you clearly promised that I would not let people know what happened between us..."

Li Qichen twisted his eyebrows. Is it because of this?

Should be in the morning to hear what Li Xingchen said to him, so feel a lot of pressure?

Li Qichen suddenly has some remorse.

Indeed, in this case, they bear different pressures.

In this world, it's not always fair to women.

Maybe after their affairs were known, they would give her more advice.

He really ignored her feelings and just focused on himself.

Li Qichen pursed her lips and said softly, "I'm sorry! Ann..."

Ann looked up in amazement.

He told her he was sorry?

He is so proud of a person, even can say sorry three words.

An an's eyes were red, and her tears fell down when she heard the words."I didn't mean to push you!  
Does your back hurt? Is it hurt?"

Li Qichen originally wanted to say "nothing", but looking at her sad appearance, she was very happy.

The words to the mouth, but changed his mouth, a serious face: "I do not know if I have been injured,  
may be injured in the back, in other places!"

Hearing the words, Ann was very worried, "where? Show me

Then Ann would pull his clothes.

Li Qichen's face changed slightly. He quickly took her hand and said, "no, there are so many people here.  
I'll show you when I go back!"

"....." A group of crows flew over Ann's head, and her face turned red instantly.

Li Qichen stares at her white red face, and suddenly asks in a low voice, "Ann, is strawberry ice cream delicious?"

Ann looked up and saw Li Qichen's Obsidian eyes staring at her face.

She looked down shyly and handed him the pink ice cream in her hand.

"If you want to eat, I'll give you a taste Well

Before he had finished speaking, the back of his head was held by a powerful hand.

The next second, her lips were blocked, just eat the ice cream in the mouth by the man's clever tongue hook away.

Li Qichen let her go and wiped the corner of her mouth with pride.

"It's not bad, it's sweet! Would you like to try mine? "

"....." Ann covered her face. She wanted to find a hole in the ground.

This is in public. How can he do this?

She gets up angrily and wants to leave, but Li Qichen grabs her hand.

"Go, take you to a place!"

"Where?"

“You’ll know in a minute!”

After a few minutes, Li Qichen took her to the back door of the playground.

There is an abandoned lawn, far away from the noisy music, quiet and secret.

I don’t know why, Ann’s face turned red and said, “why did you bring me here?”

Then he turned and left.

But her wrist was pulled by Li Qichen, a hand around her waist, a turn will press her under a magnolia tree.

“No one here can see it. Can I taste your ice cream?”

Ann looked at the ice cream that had melted more than half in her hand, angry and angry.

“You see, it’s melting!”

“Then throw it away, and I’ll eat it in your mouth!”

Finish saying, Li Qichen bowed his head to kiss down.

However, at this time, a figure rolling down from the rockery.

An’an and Li Qichen were both stunned and turned their heads.

“.....”

## Chapter 1350

See clearly roll down from the rockery of the two people, Li Qichen on the forehead of the tendons suddenly jump.

Almost gnashing his teeth to roar: "Li Xingchen, Li Anxin, what are you two doing here?"

Li Xingchen looked at Li Qichen solemnly, "brother, we didn't see anything! I just want that video game in your room!"

"....."

Li Qichen's face turned black.

This smelly boy, if you want to play computer games, you can tell him directly, why do you disturb his love?

He was very angry and said, "go back to you!"

"Thank you, brother!"

Li Xingchen pushed Li Anxin, who was in a daze beside him, and said with great kindness: "peace of mind, tell elder brother quickly what you want. Now if you want the stars in the sky, he will also find a way to pick them off for you!"

Li An's heart is obviously not as big as Li Xing Chen's. her beautiful big eyes have swept Li Qi Chen and an an one by one.

“Big brother, big sister, what were you doing just now?”

Ann made a big red face. She was so embarrassed that she wanted to find a hole to bury herself. It was a waste of air to live. She had no face to see anyone.

She was so ashamed that she was about to cry. She stamped her foot, gouged out Li Qichen, turned and left.

“Wait!”

Li Qichen quickly took her hand, put it in the palm of her hand and gently squeezed it. In a low and soothing voice, she said slowly, “they will know sooner or later. There’s no need to hide it from them!”

Li Xingchen scratched the back of his head.

He’s not going to screw things up, is he?

“Sister In fact, I’m very happy to be with you, really! I’ll never talk nonsense

With that, Li Xingchen pushed Li Anshen’s arm discontentedly.

“Don’t worry, don’t you? Do you want my sister to be our sister-in-law?”

“Mm-hmm!”

Li An’s heart nods wildly and pulls an an’s arm, “elder sister, don’t be angry with elder brother! All blame Li Xingchen. He pulled me out of the door. He said that if I follow you, I can get the game machine!”

“Ah

Reassuring words just finished, Li Xingchen's head got a slap.

Li Qichen roared: "are you in senior three? I don't know how to review well during the holiday and do some messy things

An an is timid, so he is scared by them several times. Maybe he won't pay attention to him in the future.

Li Qichen looks at this ignorant younger brother, the skull aches.

Li Xingchen knew he was wrong and apologized quickly, "I really don't dare next time! Elder sister, don't be angry. It's our fault. I'll leave now with peace of mind. I won't disturb your appointment!"

With that, Li Anxin left.

Li Qichen kneaded his sore eyebrows and roared, "stop!"

Li Xingchen and Li Anxin immediately stop and turn to look at him, "big brother, what's the matter?"

Li Qichen took out a bank card from his pocket. He didn't have a good way: "take peace of mind to have a good time. The game machine will be given to you after you finish the college entrance examination."

"Wow! Brother, you are so handsome

Li Xingchen took the bank card, small mouth like a wipe sugar, no bottom line to flatter, "big brother, you and big sister is a perfect match, beautiful men and women, the world underground unique!"

Li Qichen resisted the impulse and didn't kick on his ass, "go away quickly!"

"Yes, get out of here now!"

Li Xingchen took Li Anxin and left, but he did not forget to make a look at An'an, "elder sister, come on!"

Li Anxin also waved to an an, "have a good time!"

An an

Looking at the smiling faces on their faces.

A little warmth welled up in her heart.

I didn't expect that Li Xingchen and Anshen could accept the fact that she and Li Qichen were together.

The palm of Li Qichen's hand stretched out to come over, five fingers slide into her palm, with her five fingers buckle.

"An an..."

"Well?"

Ann turns her head and looks at Li Qichen.

Golden sunlight through the top of the sparse leaves, cast a mottled silhouette.

Against the light, Li Qichen's handsome face looks more charming, with a trace of warmth.

She was in a trance for a moment, and his deep voice came to her ear.

“In fact, it’s not that hard to talk about, is it? Stars and ease can accept the fact that we are together, and so can mom and Dad!”

Ann lowered her eyes and grasped Li Qichen’s fingers subconsciously.

Stars and peace of mind are still children. Their mind is the most pure, but they are different. They are adults and have many problems to consider.

However, at this moment, she didn’t want to think about anything, just wanted to be closer to him.

She hesitated for a moment, walked further towards Li Qichen, stood on tiptoe and gave him a kiss on the chin. She seldom takes the initiative. Li Qichen’s eyes darken. He clasps her waist and bows his head to kiss her back.

However, the mouth is blocked by Ann’s white hand.

“No! I have something to say” Ann dodged his lips and said hastily.

“Well?” Li Qichen picks the center of his brow and the ending goes up.

Ann looked at him and said seriously: “Li Qichen, we can be together, but we can’t make daddy and Mommy embarrassed, can we? If...”

“If what?”

Ann knew that he would be unhappy, but she bravely said, “if Mom and Dad don’t want us together, we will Just...”

I can’t say the word “break up”.

As long as she thought of the possibility of that day, her heart was like a split.

Li Qichen looked at the flowing luster in her eyes and sighed, "fool, what should I do with you?"

According to his idea, they can make a little doll and have a showdown with their parents. Can they refuse?

I'm afraid it's too late to be happy!

Think of this, Li Qichen eyes a dark, close to An'an's ear, gentle way: "I have a way, daddy and Mommy will certainly agree, do you want to try?"

The warm breath brushed my ears, just like an electric current.

Ears have always been her most sensitive part.

She was ticklish, shrunk his neck, smile away from his lips, "what What can I do? "

Li Qichen doesn't let her evade, step forward, directly bit on her pink earlobe.

"Have a baby!"

"Baby?"

An an suddenly stares big eyes and pushes Li Qichen away. When she looks carefully, her neck is red. She doesn't know whether she is ashamed or angry.

Hold for a long time, spit out a few words, "you want to beautiful!"

This guy knows how to tease her!

Li Qichen had no choice but to pinch his forehead.

Her shy appearance is really lovely, shy with timid, like the lily in full bloom in the morning, very attractive.

He can't wait to taste her, but she always won't let him. It's really big!
