

Passionate 1351

Chapter 1351

Li Qichen had no choice but to pinch his forehead.

This is not good, that is not good, really take her do not know how to do!

Once again, the topic broke off.

In the evening, Li Qichen takes An'an to the highest revolving restaurant in the city for a candlelight dinner.

Standing on the top floor, they hugged each other. The breeze blowing gently by the river overlooks the beautiful night of the city.

International metropolis B is a city that never sleeps.

The view at night is more spectacular than that during the day.

The bright neon lights spread all the way along the road to the sky, and finally integrated with the black sky in the distance, and could no longer distinguish each other.

Li Qichen suddenly said, "An'an, I will go abroad in three days!"

It's just a temporary intention to come back. I haven't finished my studies abroad. Even if I go back to go through the relevant procedures now, I will come back half a year later.

Smell speech, the smile on an an's face is astringent.

She turned and looked at him. Under the light, her bright eyes were particularly reluctant.

“When will you be back?”

Li Qichen shook his head, deep eyes looking at her white and beautiful face, sharp heart movement, asked: “you go with me?”

“.....”

An an suddenly raises her head and looks into Li Qichen’s eyes.

His dark eyes, a serious face.

“Is that ok? But...”

When she thought of something, Ann bit her lip, “but I also have a lot of things I’m going to take the entrance examination of the Academy of fine arts next month. ”

She wanted to go abroad with him, but there was no way. She could not leave all this behind and follow him to go abroad.

In fact, Li Qichen said it casually.

He really wanted to be with her and didn’t want to be apart, but he never wanted her to sacrifice all her previous efforts, which was unrealistic.

Li Qichen reached out and pinned her broken hair behind her ear.

“I will come back as soon as possible, remember what I said, don’t get too close to other men, especially your elder martial brother!”

The word “elder martial brother” was almost gnashed by him.

According to the information given to him by Lu Ziyang, this person is always around An’an. It’s strange that he doesn’t think about her in that way!

His woman, no one is allowed to covet.

No, he still has to find a way to ring the alarm for that elder martial brother!

Ann gave him a silent hammer on the shoulder.

“I have nothing to do with my elder martial brother. Don’t talk nonsense!”

Li Qichen’s eyes suddenly narrowed, and a touch of danger slipped by, but it was fleeting.

“Is he usually nice to you?” Li Qichen asked suddenly.

Ann nodded, “yes, elder martial brother is very nice!”

Nice people? Clean?

Li Qichen almost broke a silver tooth.

She picked up her sharp chin, pecked on her lips and said with a smile, “I’m not around you at ordinary times. As a girl, you really need help from people around you. Since your elder martial brother is so kind to you, should we invite him to dinner sometime and thank him?”

“Invite him to dinner?”

Ann looked surprised. "Is this necessary?"

"Of course!" Li Qichen's long and narrow eyebrows picked and said: "I'm leaving the day after tomorrow, so let's go tomorrow! Tomorrow night, right here!"

See Li Qichen insist to do so, Ann is not good to shirk.

But still don't trust to exhort a, "in the name of brother and sister invite him to dinner!"

The outside world thinks that they are twins, brothers and sisters, so he must not make any moves to cross the boundary.

Oh! In the name of brother and sister?

Chenchen secretly clenched his teeth, quickly slipped with a touch of danger, and said: "of course!"

Hum!

Even in front of the enemy can not show identity, there is no door!

They didn't come home until twelve in the evening.

At this time point, everyone in the family should have fallen asleep.

Li Qichen got out of the car and squatted in front of an an, "are you tired today? Come on, I'll carry you back!"

ANN could have walked on her own, but looking at his broad back is like experiencing his right as a girlfriend.

She immediately climbed to Li Qichen's back happily, and put her two arms around his neck like lotus roots.

"Chenchen, it's very kind of you!"

Li Qichen's sexy lips went up uncontrollably and jokingly said: "I don't accept verbal good. If you really think I'm good, kiss me!"

Ann left look, right look, see no one, she slanted her head in Li Qichen's half side face kiss.

At this moment, the door was opened and the strong light fell on them.

"Where did you go? Why do you come home at this time?" At the gate, Wenqiao stood there in his pajamas, looking at them helplessly.

An an's whole blood is coagulated, his brain is blank, and his hands and feet are cold.

She just kissed Li Qichen. Did Mommy see that?

Li Qichen also stopped, looking at Wen Qiao.

Did Mommy see Ann kiss him just now?

Seeing that they were standing there foolishly and didn't enter the door, Wen Qiao pretended to be unhappy and said, "Why are you still standing there? Come in! If you don't look, it's already 12 o'clock. Have a rest early!"

Ann and Chenchen look at each other, their eyes are a little complicated, and their mood is also a little uneasy.

Did Mommy see it?

Ann climbed down from Li Qichen's back and ran to Wenqiao.

"Mommy, why don't you go to bed so late? Are you waiting for us on purpose?"

"Mommy went to bed long ago, and the sound of the car came downstairs early!"

Ann carefully looked at the look on winjo's face. There was nothing unusual. It seemed that she didn't see them kissing just now, did she?

Ann was a little relieved.

Wenjo yawned and headed for the elevator.

"You go to bed early, too. I went upstairs!"

"Good night, Mommy!"

As soon as wenjo left, Ann breathed a complete sigh of relief.

"Chenchen, what do you do now?"

There is no one here, and there is no worry any more. Li Qichen holds An'an in his arms and walks towards the second floor.

"Are you not tired after playing all day? There are so many messy problems in my mind

.....

On the third floor, Wenqiao went back to the bedroom, frowning tightly, which could kill a fly.

Did she just get dizzy?

She saw Ann kiss Chenchen.

I think she's blinded, isn't she?

She shakes her head and shakes the mess out of her mind.

.....

The next day, Li Qichen called Lu Ziyang and asked him to introduce a better tutor.

Lu Ziyang seems to be fooling around, and his academic performance is also good. Xueba's friends are generally Xueba.

Li Qichen has been abroad for five years and is not very familiar with many things at home, so he asked Lu Ziyang for help.

As for finding Tang Jin, it's impossible!

He will not be so stupid, to Tang Jin and an an to create a chance to get along alone.

Lu Ziyang quickly replied to him, and the candidate was found.

At breakfast, Li Qichen told everyone about it.

"Who? Did you look for it?"

Winjo looked at him speechless.

Li Qichen slowly eats the bread in his hand, “yes, absolutely reliable!”

Reliable, reliable

Wenqiao’s heart ached with anger.

She not only wants to find a tutor for Anxin, but also wants to create opportunities for Anxin to get along with Tang Jin. What do you want him to worry about?

It’s like I’ve got all the ideas to make this guy into meat sauce.

But this is the only way, because the tutors have come home.

All day long, Li Qichen was in a good mood. He solved the most powerful rival. In the evening, he gave Ko the second rival, and things would be perfect.

In the afternoon, Li Qichen even urged ANN to call her elder martial brother.

“Ann, you didn’t forget about inviting your elder martial brother to dinner in the evening, did you?”

“No!”

Call him now

“All right!”

Ann was full of doubts. When did Chenchen begin to be enthusiastic about this kind of activity?

It doesn't look like a lively person!

However, since he said he would like to thank her, maybe he really wants to thank elder martial brother for taking care of her!

So think, in fact, Chenchen is very good, at least understand the world.

Thinking of this, Ann was a little happy.

The phone rings twice, and the other party is connected quickly, in exchange for a surprise voice.

"Ann, why did you call me today?"

Ann

Call of still so intimate, still say have no idea, go to hell!

Li Qichen snorted coldly in his heart.

Ann felt the air pressure in the room cool down.

A natural cooler is emitting cold.

He is the one who says he wants to treat people to dinner, but he is also the one who is not happy.

She moved her cell phone away, coughed softly and said in her voice, "nothing else. I just want to invite you to dinner!"

The elder martial brother was stunned for a moment, and he was flattered. "Invite me to dinner? Good! Just, why do you suddenly think of inviting me to dinner?" An an said: "usually, there is a lot of trouble for elder martial brother. I want to treat you. Thank you, elder martial brother. Do you have time tonight?"

There is an ambiguous voice on the other end of the mobile phone, "you invite me to dinner, even if there is no time, you have to change the time!"

Before elder martial brother's words were finished, Ann felt a chill on her back.

She turned her head and looked to the side, facing a pair of cold eyes.

If her eyes could turn into a knife, she would have been beaten by him one by one.

An an's scalp was numb, and she said to the phone: "that's settled. At 6:30 in the evening, ukiyoe, I'll see you soon!"

After hanging up, Ann felt a warm chest on her back.

A gnashing voice came from the top of my head, "An'an, An'an, it's very intimate!"

An'an said with a quick smile: "ha ha, that's what people call me, but I don't think it's anything."

"You think it's nothing?"

Li Qichen turns an an over, holds her shoulder and forces her to the corner.

Slender arms on her sides, completely shrouded in her own shadow.

A pair of cold pool like eyes flashed cold light, tone chilly way: “baby, you are too bad, it seems that I have to teach you a lesson!”

Chapter 1352

The result of punishment was that Ann’s lips were swollen.

Even strawberries around my neck.

Ann looked at herself in the mirror, reached out and touched her lips. A stabbing pain came.

Is this guy a puppy?

Why do you like biting so much!

Ann Ann make complaints about it in the heart, and the door is knocked.

Li Qichen’s deep voice came down the door.

“Ann, are you ready? It’s time to go out! If you don’t go out again, it’s too late! ”

An an

Listen to the voice to know that this guy is in a good mood now.

Yes, I can't go out if I toss her like this. He's really good. It's strange that he doesn't have a sense of achievement!

An an thought angrily, but still didn't reply angrily: "coming!"

An an opens the door and looks at the man standing in front of it.

Li Qichen was obviously specially dressed up. His neat short hair was all combed to the back of his head, revealing his amazing face. He was dressed in a dark striped suit and had a dignified appearance.

Ann looked a little dazzled.

Li Qichen is very good. She seldom wears formal clothes like this, not to mention dressing herself carefully.

"Chenchen, what are you doing?"

Her heart suddenly some bad taste, dress so grand, this is to go out to attract bees?

I don't know. I thought he liked her elder martial brother?

Li Qichen seemed to know what she thought in her heart. She curled her fingers and flicked a shudder on her forehead.

"What's the mess in your head?"

"Ah! It hurts

Ann's facial features were wrinkled with pain. She reached out and rubbed her forehead and her mouth. She looked aggrieved.

Li Qichen looks up and down at An'an.

She was wearing a pink A-line skirt with a conservative collar.

Pure and beautiful, not dignified, the key is more conservative.

She knows the current affairs.

Li Qichen was very satisfied, "let's go!"

If Ann knew what he thought, she would despise him in her heart.

She doesn't know the current affairs. There are traces on her neck. She can't go out without this dress.

When Li Qichen and An'an come down the stairs one by one, Wenqiao is telling the servant to clean the house.

Seeing them coming down the stairs, a strange feeling flashed in their heart again.

I always think that handsome men and beautiful women are good-looking.

I don't know if she had any eyes that night?

However, these two people have always been incompatible, maybe she was wrong.

That's what wenjo thought.

He stepped forward and asked, "are you going out?"

An an said, "Mommy, Chenchen and I invite my elder martial brother to dinner in the evening!"

Wenqiao glanced at Chenchen's stiff suit and said in surprise: "would you like to invite your elder martial brother to dinner? Is it someone Chenchen knows? "

She seldom saw Chenchen dressed so formally.

I think the elder martial brother who came to An'an is a great man.

An'an glanced at Li Qichen quietly, feeling guilty, "should I think we know each other! "

Li Qichen's face is calm, "he takes care of an an a lot. It's right to invite him to a meal."

When Li Qichen said this, Wen Qiao remembered it and said with a smile, "I often hear an an mention her elder martial brother. I invite him to have a meal and thank him for taking care of An'an. That's right!"

Li Qichen said, "Mommy, let's go out first!"

Ann looked at their "brothers and sisters" and nodded in agreement. "Chenchen has changed a lot these days. She knows how to love people! Well done

Li Qichen raised his lips and said, "that's nature. It's all a family!"

A family

Ann slapped her small face and felt a trace of warmth.

As soon as they went out, Li Qichen's face became cold. He hummed in An'an's ear and strode to the car.

“.....”

Ann's face was confused.

Did she say anything just now?

Why is he angry again?

What a freak!

Chenchen has a pair of big long legs. She is fast and urgent. ANN can only keep up with them by trotting.

“Chenchen, wait for me!”

Instead of driving, they let the family driver take them to the ukiyoe.

As soon as I got on the bus, Chenchen looked out of the car window and looked indifferent to her.

Ann scratched her head and racked her brains to think about whether something had provoked him just now.

However, it's fruitless to think about it. An'an pursed her lips and quietly looked at Li Qichen's well-defined side face.

“Chenchen What's the matter?”

The day after tomorrow morning will go abroad, she does not want this short time, the two are still fighting.

“Hum!”

Chenchen still ignored her.

Ann scratched her head. “Did I just say something wrong?”

When Li Qichen heard this, he turned and looked at her. His long and narrow eyebrows were wrinkled. He complained with an unhappy face: “you don’t know where you are wrong?”

Huh?

Is she really wrong?

An’an moved a step to Li Qichen, got close to him and said with a flattering face: “tell me, what’s wrong with me? Don’t be angry, will you? If I’m wrong, you say it and I’ll correct it next time!”

She thought she was hopeless, but she didn’t like Chenchen to be angry.

Li Qichen turns his head and glances at her with a light look. His tone is unnatural.

“Just now Mommy said that you often mentioned your elder martial brother in front of her, and that your elder martial brother was very kind to you!”

“Er...”

Ann felt her nose awkwardly. “Chenchen, you are not jealous, are you?”

She this appearance, let morning morning more angry, fiercely stare at her one eye, “who eat your vinegar?”

“Ha ha!”

Ann burst out laughing.

She felt jealous for the first time. Chenchen was so awkward and looked a little cute!

“How dare you laugh?”

Chenchen grabs Ann’s wrist and forces her to buckle in her arms.

The driver sat in the driving position, through the rear-view mirror, looking at the “sister and brother” fighting, showing a kind smile.

They are really two brothers and sisters with good feelings!

An’an’s face changed and she pushed Li Qichen.

“Chenchen, let me go quickly!”

Chenchen naturally felt the driver’s line of sight. Behind him, he put up the partition in the back seat of the car to block the driver’s line of sight.

He leaned close to her ear and said vaguely, “don’t make a sound. The driver hears it. I don’t care!”

In An’an’s eyes, she bowed her head and kissed her.

In another day, they will be separated again.

Every minute, every second, is precious to two people who have just established a relationship.

Just want to slow down a little bit, a little bit more

The car stopped steadily at the gate of Faust.

It happened to be six thirty in the evening.

Elder martial brother came more than ten minutes earlier, waiting for An'an at the door.

He was in a very excited mood.

This is the first time ANN has invited him to dinner.

He has always been secretly in love with An'an in his heart. Does she know his mind, so she wants to accept him?

When he thought of this possibility, he was so excited!

However, he turned around and saw a limited edition luxury car stop in front of him.

A modified version of the Rolls Royce phantom.

Senior brother is also a senior car fan. Seeing this kind of top luxury car, his eyes are shining.

He couldn't help but come to the front and want to have a close look at the little golden man of the car. As soon as he walked in, he saw that the back door of the car was pulled open.

A tall and thin figure came down from the car.

The elder martial brother helped his four hundred nearsighted glasses and couldn't help saying "lying trough".

So handsome, so young, so rich and handsome!

However, before he could spit out his "trough", he turned around and held a girl's hand.

Then, a slender figure came down from the car.

Although it's just a figure in the back, elder martial brother is sure that he is definitely a beautiful woman.

Handsome and beautiful, it's really eye-catching.

Li Qichen saw that someone was staring at him all the time and frowned suspiciously, "An'an, do you know that person? Why have you been staring at you and me?"

"Well?"

An'an turned around and saw a boy with thick black glasses standing not far away. His eyes lit up and he waved and cried, "elder martial brother!"

"Ann?"

Elder martial brother looks shocked.

He had heard that An'an's family was rich, but he never thought that they would be so rich.

So this boy is her brother?

Chapter 1353

Elder martial brother is a little nervous.

Does An'an's family have so much money to dislike him?

His family is also engaged in business. There are at least ten Suites in his family. Before that, he always had a sense of superiority. Many young girls in the school pursued him, but he had a high vision. He didn't like those rouge and common powder. Only the pure and beautiful Ann was worthy of him.

But now, there was something bad in his heart.

His sense of superiority may not be worth mentioning in front of An'an.

The elder martial brother came towards them with a reluctant smile on his face.

"Ann, is this your brother?"

"Brother?"

Ann took a puff from the corner of her mouth.

Why does this word come out of other people's mouths? It makes people feel a little shy.

She's not the sister who killed her brother!

Li Qichen reaches out his hand to his elder martial brother, and his handsome face smiles, "are you An'an's elder martial brother? Hello, elder martial brother, my name is Li Qichen

"Hello, my name is Li Chen."

"Elder martial brother, please come inside!"

"....."

Li Chen looked at Li Qichen's polite manner, and his back straightened up.

This person may be his younger brother-in-law!

In front of my brother-in-law, I still have to show myself well!

It's hard to get a ukiyo table. Even if it's expensive, business is still booming.

Chenchen first let the elder martial brother sit down, and then he sat down in the position opposite him.

Ann looked at the position of the two people around, did not think about it, raised his feet and walked toward the position of Chenchen.

However, at this time, the elder martial brother said, "an an, sit on my side?"

He felt that in front of his brother-in-law, he had to be more positive.

You can't make him feel like Ann is after him, can you?

He wants to show his sincerity!

“.....”

An'an stops and looks at Li Chen's position in embarrassment.

The next second, she felt a strong line of sight fall on her.

She immediately turned her head and looked at Chenchen.

Chenchen looked at her with a smile on her face, but the smile didn't reach the bottom of her eyes. She said with a meaningful face, “Ann, what's the relationship between you and your elder martial brother? It seems very intimate!”

An an

This man That's enough. It was on purpose!

Just on the way here, she explained all the way. It seems that he still didn't listen!

When Li Chen heard Li Qichen's words, he was stunned at first. Then he looked at an an's face and laughed very shyly.

“No, I don't mind if Ann likes me.”

Her younger brother said so. It seems that Ann really likes him!

Is he a bit slow? Should he tell Ann earlier?

Smell speech, Li Qi Chen facial expression Shua ground cold come down, fiercely stare an an an one eye.

The eyes seemed to say, who just said they had nothing to do with each other?

Dare to love is to play with him!

In front of him, these two people dare to frown. Do you really think he is dead?

Li Qichen waved to An'an who was stunned.

"Ann, come here!"

Although his face is smiling, but people who know him well know that smile is definitely hidden in a smile.

An'an shakes his back and goes to Li Qichen.

Li Chen was a little embarrassed and found himself a step down.

"Ann, you have a good relationship with your brother!"

Li Qichen grabs An'an's hand, with a face of yin and Yang and a strange way: "you can't envy our feelings!"

Li Chen

It seems that this brother-in-law doesn't like himself so much!

But it doesn't matter. He can fight for more.

When Li Chen thought of the keys in his bag, his smile became more confident.

“Ha ha, an an, I really envy your feelings like this!”

After that, the elder martial brother looked at Li Qichen again and said with pride: “my family is a real estate developer. My father is the boss of Zhongchen real estate. I have only one son in my family. Since I was a child, my parents have given me nothing but a good life. Therefore, my childhood is very lonely. I admire many of your brothers and sisters.”

It’s said that an an’s family has five children. If you want to come to such a family, your economy is not very prosperous.

Li Qichen frowned.

Is this man showing off his wealth?

Ha ha, it seems that this elder martial brother is just like this!

Compared with Tang Jin, it’s not worth mentioning.

Li Qichen said with a smile: “An’an, your elder martial brother’s family is quite rich. He is a rich second generation! It seems that this meal tonight... “Chen Chen did not finish, Li Chen immediately said: “of course, I invite you! It’s my treat

Li Qichen does not smile and opens the menu.

“Elder martial brother, if you say that, we are not welcome.”

“It’s my honor to invite you to dinner. I don’t need to save money for what I want to eat.” Li Chen said very generously.

An'an glanced at the menu Li Qichen had checked, quickly pulled his sleeve, lowered his voice and said, "it's not good for such a pit elder martial brother?"

"....."

Li Qichen glanced at An'an with a faint smile.

Ha ha!

The foot of the wall has been dug in front of him. Who can we pit?

Chen Chen fondly rubbed her head and said with a smile, "don't worry, elder martial brother just said that he has money!"

With that, he looked at Li Chen with dazzling eyes, "elder martial brother, would you like to order a bottle of red wine?"

Li Chen laughs very forthright, "open! Make yourself at home

The most expensive wine in a hotel is tens of thousands of yuan. Although it's a little expensive, he can afford it!

Ann's mouth was pumping, and she felt that she wanted to do something in the morning.

"Morning..."

As soon as An'an opened her mouth, Chen Chen gave her a threatening stab.

"....."

Ann had to shut up.

She'd better drink some water first!

A meal, three people eat some embarrassment.

Li Qichen has a very elegant meal. Li Chen originally wanted to be close to an an, but he unconsciously shut up when he looked at Li Qichen's elegant appearance.

After dinner, Li Chen took the initiative to check out.

Ann felt sorry. After all, she said at the beginning that it was her elder martial brother's help that made her treat to dinner.

"Elder martial brother, let's pay! Just now Chenchen was joking!"

Li Qichen holds her hand and doesn't let her talk.

An an

Seeing this, Li Chen said with a smile, "it's OK. I'll treat you if you say yes."

Li Qichen said with a warm smile, "thank you for your emotion. Ann and I will wait for you there first."

"Well, you go there first!"

Li Chen came to the cashier with a bold face and said, "waiter, pay the bill!"

“Hello, sir, a total of 1.6 million!”

“1.6 million?”

Li Chen’s eyes were all dumbfounded. His fingers holding the bank card were shaking. Even his eyes were wide open. “Are you wrong? How can you ask for 1.6 million?”

The beautiful maid smiles sweetly. “Here’s your menu, sir. You can’t make a mistake!”

Li Chen quickly picked up the bill and said, “Lafite in 72 years is 1.2 million...”

He looked at the waiter in shock. “A bottle of red wine costs 1.2 million. How is that possible? Are you a black shop? Don’t think I don’t know. The most expensive wine is tens of thousands of yuan! ”

With his voice, there are bad people around looking at them.

The smile on the waiter’s face became a little stiff. “Sir, the bottle of red wine you ordered is not ordinary red wine. It’s a limited edition collection. It’s the only bottle in the market. It’s our collection. It’s not for sale.”

Li Chen’s face supported his forehead. “If you don’t sell it to others, what will you do for us?”

Thinking of what, Li Chen frowned, “can’t it be bluffing me? I’ll ask my companion first. Wait a minute! ”

It’s so expensive. I’d better ask Ann’s brother first.

But where did they go?

“Ann?”

Li Chen walked towards the corridor. There were no two people here for a long time.

Around the corner, he saw a dark figure.

Li Chen was very happy and strode forward

However, as soon as he got close, there was a sound that made his face red.

Li Qichen heard the footsteps coming from the corridor and turned around with an an in his arms.

He deliberately put his face in the direction of Li Chen, so that ANN could not see that Li Chen had come.

“.....”

Li Chen stopped and stood there foolishly, looking at the two people who were hugging and kissing each other and turning around. His bank card almost fell to the ground.

He What are they doing?

What is their relationship?

Chapter 1354

Li Chen's scholarly face was distorted and twitched for a moment.

He can't accept such a thing.

How could Ann and her brother be together?

It's a new look for him

Li Chen's eyes were wide open. He just looked at them and forgot what to do.

Li Qichen frowned.

This Li Chen, too uninteresting, has been standing there looking at what's going on?

Li Qichen released An'an, her eyes were full of doting, and her low voice said in a soft voice: "silly girl, still don't you know how to breathe? How many times have you learned? It seems that you are a little short of learning ability!"

"....."

Ann was forced to come to the corner of the corridor by him. He could not help but began to press her and kiss her. She hadn't even settled with him yet, but he took the initiative to teach her a lesson.

Because kiss the big eye that is full of mist, glared Li Qichen one eye mercilessly.

"It's all your fault! What do you mean to say?"

That is like the appearance of angry like Jiao, like a feather in Li Qichen's heart gently swept.

He stretched out his hand and pinched her angry cheek, smiling with pride. "Don't you like it?"

"No..."

Ann opens her mouth to refute.

Which girl would like to admit this shame face?

However, Li Qichen looked at Li Chen standing outside the corner and quickly put his middle finger on her lips.

“Ann, I’m going abroad soon. Don’t you want to tell me the truth?”

Ann nodded, blushed and said, “well, I like it very much...”

Love is to speak out.

Li Qichen is satisfied ground brings up sexy thin lip, “really good!”

Not far away, Li Chen turned pale again.

I didn’t expect that Ann was such a person?

Hum! What a mistake!

Li Qichen saw that Li Chen was almost angry and pulled an an out of the corner.

“Let’s go out. Don’t let your elder martial brother wait too long!”

“Well!”

An an blushes and follows Li Qichen shyly like her daughter-in-law.

However, just a turn on a pair of angry eyes.

Li Chen clenched his fist and stood in front of them, looking disappointedly at An'an.

"Ann, I didn't expect you to be such a person?"

I can imagine the gap in my heart.

He always thought that Li Qichen was her younger brother. He thought that she invited him to dinner today because she meant something to him. He didn't expect to humiliate him in such a way.

I can't stand it.

An'an's face suddenly turned white. She subconsciously bit her lip and explained, "elder martial brother, listen to me..."

Unfortunately, her words have not yet said, was Li Qichen pulled an arm.

He put his slender arm around her shoulder and preached in an absolute possessive manner: "elder martial brother, An'an is my girlfriend. I invite you to dinner today to thank you for taking care of her during this period of time!"

Li Chen opened his eyes and understood everything in an instant.

It turns out that this is the reason why An'an wants to invite him to dinner.

In fact, it's not that Ann wants to invite him to dinner at all, but that this man wants to show his possessiveness to himself and show that Ann is his woman, not what he can covet.

He asked, "you Aren't you guys and girls? Don't you want to be ridiculed? "

Li Qichen tightly grasped An'an's hand and said in a powerful voice: "we are not brothers and sisters at all. We are not related by blood!"

"What What?"

Li Chen took a step back, the whole person with unbelievable.

"Do you mean to say that?"

Li Qichen didn't expect that his elder martial brother had such deep feelings for An'an that he didn't want to believe the truth even though he said so.

"We don't have to make fun of this kind of thing. If we are brothers and sisters, you will naturally know later."

In the face of such a situation, an an has been numb for a long time, and doesn't know how to react.

Afraid of the elder martial brother's strange eyes, Li Qichen's sonorous and powerful voice came into her ears, and her heart was full of power in an instant.

She couldn't help looking at Li Qichen.

His handsome side face, unspeakable handsome.

Li Qichen glanced at her, raised the corner of his lips, and said with a touch of favor: "didn't we agree to invite our elder martial brother to dinner today? Go and check out quickly

Ann is very at ease, as if she is not so afraid of being looked at.

She clenched Li Qichen's hand, and her smile curved her eyes.

"Good!"

"Check out!"

"Just a moment, please!" The cashier took the black gold card in Li Qichen's hand. When he saw the name of the card owner clearly, the cashier's face changed slightly, "you Are you a young master?"

Li Qichen said with a faint smile: "can I get a discount because of my identity?"

The cashier was stunned, then laughed awkwardly, "that's not true."

After listening to the conversation, Li Chen was already sweating.

Who didn't know that Faust restaurant is a brand of Faust group, and Faust group is a subsidiary of Lishi group.

So An'an is the daughter of Li Fengbei, the richest man in the world!

When he thought about it, he felt ashamed of his superiority.

In the elevator, Li Chen looked at the fingers they held tightly together. He kept his head down and looked embarrassed.

At the door of the restaurant, Li Qichen bowed slightly to Li Chen, "elder martial brother, thank you for taking care of an an some time ago. If you need help in the future, you can tell me directly!"

Li Chen was flattered and waved his hand.

“It’s just a small thing!”

To get a promise from Prince Li, it’s only a matter of one word for their Li family to be brilliant and prosperous.

When he thought about it, it seemed that he had made money, and his heart was not so sad.

“You go back quickly!”

Li Chen went to the front.

After two steps, he turned around and took a look at An’an. He said in a meaningful way: “An’an, protect yourself. Half of what a man says is believed and half is reserved. If someone bullies you, you can still tell elder martial brother, elder martial brother will protect you! ”

An’an was moved, “thank you, elder martial brother!”

Li Qichen clenched his teeth in anger, and his fingers clucked.

“What do you mean?”

But Li Chen ignored him and waved to An’an.

“I’m leaving. Thank you for your treat today. See you the day after tomorrow.”

“See you the day after tomorrow!”

Ann waved to Li Chen.

Elder martial brother is still so lovely.

Li Qichen looked her eyes in the eyes and almost broke a silver tooth.

As soon as Ann turned her head, she found that Chenchen was rubbing her heart, and she was shocked.

“Chenchen, what’s the matter with you? Do you feel sick? ”

“Blocked by someone!”

Li Qichen almost gritted his teeth.

He took her by the hand and forced her into the car. “What else are you looking at? Let’s go

An an

This guy is really jealous all the time!

Chapter 1355

On the bus, Ann looked at the driver in front.

Seeing that the driver was not looking at them, she quickly gave Li Qichen a kiss on the cheek.

Li Qichen

Cold heavy face, gradually smile, lip swing open a smile.

She’s smart.

When they got home, it was already nine o’clock in the evening.

Ann took a bath and lay in bed.

She didn't close the window or lock the door.

From time to time, he turned his head to look at the door, hoping that the night would come soon.

They will go abroad the day after tomorrow. If you think about it, they will be together tomorrow.

Besides, her vacation will be over tomorrow and she has to go to school.

Think about it, the time they spend together is even shorter.

In the heart suddenly surges a thick not to give up.

Just as she was tossing and turning, it was hard for her to fall asleep.

She looked at the door in surprise, "morning..."

Seeing the visitor, the smile on her face gradually became a little stiff. She quickly changed her tongue and said, "Mommy, why haven't you gone to bed so late?"

Wen Qiao closed the door and sat beside the bed, surprised and said, "Ann, why don't you lock the door when you sleep?"

Ann looked at Wenqiao in a dazed way, beating a drum in her heart.

God, why does Mommy come to her room at this time?

If you come to her room in the morning, won't you meet Mommy?

Dead, dead!

An an light cough, guilty tunnel: "at home is very safe, ha ha, so there is no need to lock the door."

"That's true!"

Wenqiao thought of something, a face gently told: "at home can not lock the door, but a girl outside, you must protect yourself, you know?"

"Mm-hmm!"

Ann nodded wildly, "I know!"

She looked in the direction of the gate, forced herself to be flustered, and asked with a smile, "Mommy, it's so late. What can I do for you?"

"It's like this! Didn't you find a tutor for Anxin yesterday morning? Originally, I was also very satisfied, but Xiao Wang said that he would go abroad to participate in an international competition for a period of time. Maybe he would come back in a month. It doesn't need you to contact Tang Jin! "

Ann's mouth muscles have a moment of stiffness, in the eyes of Wenqiao asked, stiff scalp nodded.

"Good Mommy! I have a class tomorrow morning, and I can just contact him. "

"That's just right."

Ann pretended to yawn and asked sleepily, "Mommy, do you have anything else?"

Wenqiao originally wanted to talk with her daughter, but looking at her sleepy appearance, she didn't say anything at last, "it's OK, you have a rest early! Mommy's gone! "

An'an immediately showed a brilliant smile.

"Take your time, Mommy, and I won't keep you."

Wenqiao tucked in the corner for her, and turned up the air-conditioning temperature of the room a little, so she walked out of the room.

Ann got up with a sigh of relief and locked the door.

Fortunately, Li Qichen didn't come.

No, she's going to send him a message telling him not to come tonight.

Results a turn around, the balcony was pushed away, a tall figure came.

"Ah

Ann was startled and looked at the tall and handsome man in front of her. She patted her chest in fear.

"Why are you here? Mommy just came! "

"I know!"

Li Qichen sprang down on the bed as if the bed were his.

Ann rolled her eyes silently and went over to push his shoulder.

“You go out first, what if someone comes again?”

As soon as Ann’s words were finished, a tender voice rang out of the door.

“Sister, are you asleep? I just bought a cake. I can’t finish it. I’ll eat it with you

“.....”

Ann hit herself in the mouth.

How can she have such a crow’s mouth!

“All right, all right, I’ll be right there!”

An’an stares at Li Qichen and says anxiously, “peace of mind, you’re going to hide quickly!”

“.....”

Li Qichen turns over lazily and gets up from the bed reluctantly.

Ann looked at him in dismay, with a little comfort in her heart.

Finally, I was obedient.

However, in An’an’s “gratified” eyes, Li Qichen walked straight to the door and opened the door.

Standing at the door with peace of mind, before I could see the figure clearly in front of me, the delicate cake in my hand was taken away.

“Thank you. I have to go to school tomorrow! Rest early!” Li Qichen patted Li Anxin’s hairy head.

Then, in the eyes of Li An’s dismay, he calmly closed the door and locked it.

An’an was stunned and disordered in the wind.

It took a while to recover from the shock.

“Li Qichen, how can you just open the door?”

Li Qichen scooped a mouthful of cake with a spoon and fed it to An’an’s mouth, saying: “she already knows. What’s the matter? Would you like to have a taste?”

Ann opens her mouth subconsciously.

The cake in her mouth is very sweet. When she realizes that this person is trying to divert her attention, she reaches out and pinches the soft meat on Li Qichen’s waist.

“Don’t do this again next time. We are still young and don’t rush to get married. Let’s have a showdown with mom and dad in a few years.”

In a few years

Li Qichen held the finger of the spoon, and his face was a little cold.

Put a mouthful of cake in Ann’s mouth.

“I think you want to drag it out again, right?”

“Red Red apricot leaves the wall.... ”

Ann was defeated by his straightforward words, “don’t talk nonsense, OK? When did I say I would marry someone else? ”

Li Qichen snorted coldly from his nose and said, “you have never thought of marrying me!”

“.....”

Er

How can she answer that!

She really didn’t think about the future of the two, but she didn’t dare to say that!

Li Qichen looked at her hesitation. Her frown was even tighter. The high radian could kill a fly.

He put the cake into Ann’s hand. “Eat it yourself.”

Turn around and walk towards the door.

This series of actions happened so much that Ann hasn’t recovered.

How to say that to be angry!

“Chenchen...”

She got out of bed and ran up with the cake.

Li Qi can be clearly angry morning, the head does not return to leave.

Ann stands at the door, watching him mercilessly close the door, his heart is a mess.

Suddenly I feel that the cake in my hand is not fragrant.

Hum! Bad morning!

Ann gasped a mouthful of the cake in her mouth and chewed it hard as if she were chewing the meat on him.

This arrogant and charming guy is so hateful!

Ann angrily closed the door, went back to the room and lay on the bed.

This guy has the ability to ignore her tomorrow!

It's better to leave the day after tomorrow!

Chapter 1356

Thinking of the day after tomorrow, he was going to leave. This evening, he even quarreled with her because of a word. Her nose was sour and her eyes were red involuntarily.

Early the next morning, Ann opened her eyes in a daze and subconsciously looked to her side.

But the side is empty, even the pillow is cold.

“Ah ~ ~”

there was a sigh from her in the room.

My heart is empty.

So that's what it's like to fight?

Ann held the quilt for a long time. Then she lifted the quilt and went to the bathroom to wash.

When she cleaned up and opened the door, she looked up and saw Li Qichen standing not far away from her.

Chenchen came up the stairs, wearing a light gray sportswear.

Bright and clean full forehead exudes a layer of fine sweat, obviously just ran back in the morning.

An'an suddenly felt aggrieved and hummed coldly. Pretending not to see him, she walked past him.

When he came to him, Li Qichen grabbed her arm behind her. Her low voice accompanied by heat said in her ear: “help me pack up.”

“.....”

Ann tooted her lips.

Did he take the initiative to speak to her?

In fact, An'an is not an affectable woman. What's more, he will go out tomorrow, and she doesn't want to have a cold war with him at this time.

Although an an didn't talk to him, she followed Li Qichen and came to his room.

Ann hasn't been in his room since he came back.

Different from her room, her room is pink, with luminous stars hanging on the curtains, plants growing on the balcony and wind chimes hanging.

Li Qichen's room is really black and white. It looks a little cold.

Ann sat down by his bed and asked, "what do you want me to do?"

Chenchen took a bottle of water from the side of the cabinet, held his head high and took a sip of it.

With his action, revealing a long neck, sexy Adam's apple with his swallowing, constantly rolling up and down.

It's a simple move, but it's hormonal.

Ann's face is a little red.

Li Qichen finished drinking water and went to the bathroom, "I'll take a bath, you help me prepare clothes."

"....."

Watching his back disappear in the bathroom door, Ann's face is inexplicably shy.

It's like an old husband and wife.

Ann came to the cloakroom and began to choose carefully.

From left to right, clothes are arranged in order of color and type.

Her fingers ran through his clothes one by one, and finally her eyes fell on a purple shirt.

Purple is the color of the atmosphere. His skin is white. It will look good on him.

"I'm done. Are you ready?"

Li Qichen's urging voice came from the bathroom.

Ann said quickly, "OK, I'll come right away."

She opened a gap in the bathroom and handed the clothes to Li Qichen.

"Here you are!"

Li Qichen looked at the clothes in her hand, and her eyes were dark.

Reach for it.

I don't know whether it was intentional or unintentional. When he took the clothes, his fingers slipped on the back of her hand.

Ann, as if shocked, quickly backed away.

In the bathroom, Li Qichen's Distressed voice came, "An'an What about underwear?"

"Ah? Underwear..."

An'an's face was tinged with heat. "I don't know where that is! I'll go first, and you'll get it yourself!"

Ann wants to run, and Li Qichen's voice comes from her ear, "in the second drawer of the wardrobe!"

"....."

Ann stopped, bit her lip, took a deep breath and folded back.

She opened the second drawer and took out a pair of grey bullet trousers and conservative style, but Ann's face was red and bleeding.

She knocked on the bathroom door, her eyes floating.

"You open the door!"

Li Qichen opened the door half way and reached out to An'an.

Ann didn't look at it. She patted her underwear on Li Qichen's hand and turned around to run.

But before he had time to take a step, he was caught by Li Qichen's wrist.

A force hit, the next second, she was dragged into the bathroom by Li Qichen, back against the door, a strong shower gel mint fragrance, accompanied by a warm breath, poured into the nose, her face heart almost stopped.

“Ah

Ann exclaimed, closing her eyes and struggling, “Li Qichen, what are you doing? Let me out quickly Well

For her noisy, Li Qichen directly blocked her lips, her words all blocked in the throat.”Well...”

Anxian’s paw was pressed on the door by Li Qichen, and there was nowhere to escape.

Li Qichen didn’t let go of her until her lips began to ache.

Ann’s two big eyes are so watery that they seem to be about to cry.

Her ruddy lips, bitten by him, were burning.

“Do you belong to a dog? It hurts

Li Qichen’s eyes fell on her red and swollen lips, her sexy Adam’s apple rolled up and down, her eyes darkened a little.

He bowed his head and gave her a kiss on her red and swollen lips. In a low voice, he said, “does it still hurt?”

“.....”

Can’t it hurt to be kissed by him?

When she’s a kid!

An an Nuo mouth, a face not happy.

Li Qichen pinched her angry face and looked at her deeply.

“Don’t fight with me next time, I can’t stand it! I can’t stand it all night. I didn’t sleep all night last night, waiting for you to come to me.”

“.....”

Ann stretched out her hand and hammered him on the shoulder. She said in silence, “are you a fool? You can come to me!”

Li Qichen chuckled. “Well, we agreed that even if we quarrel, we can’t have a cold war. We must make it clear to each other.”

“Well!”

Ann’s heart is suddenly sweet.

Chenchen should like her very much, or she would not say such a thing.

Li Qichen puts on his clothes and goes downstairs with an an.

From afar, I heard the cheerful laughter from downstairs.

Is there a guest at home?

The two of them took a look at each other.

Ann frowned suspiciously, “is there a guest at home?”

“Go down and have a look.”

They went down the stairs one by one.

As soon as Wenqiao looked up and saw the door, he immediately waved to them with a smile.

“Why are you two down now?”

An an looks at Tang Jin sitting opposite Wen Qiao, a Leng.

“Tang Jin, why are you here?”

Hearing An’an’s voice, Tang Jin stood up from the sofa and said with a warm smile: “miss An’an, excuse me!”

When Li Qichen saw Tang Jin, his face became cold.

“Master Tang, what’s the matter with coming home so early in the morning?”

Tang Jin pushed the gold rimmed frame, with the same smile on her face. “I’m very sorry to disturb you early in the morning. Today I’m here to send the invitation on behalf of my grandfather. Today is my grandfather’s 80th birthday. I want to invite Miss An’an to attend.”

Chapter 1357

It turned out that Tang asked An’an to attend his 70th birthday.

With a twinkle in her eyes, An'an took the invitation and said with a smile, "thank you for your invitation. I will definitely go!"

Tang Jin breathed a sigh of relief, and the smile on his face became more and more gentle.

"I'll wait for you here. Let's go back to the Tang family together!"

In fact, people are usually invited to a banquet a few days in advance, but Tang sent Tang Jin to invite people to his home on the same day. Obviously, he wanted Tang Jin to take An'an home with him.

We are all human beings. Naturally, we also think of this problem.

Wenqiao said, "Ann, go dress up and start with master Tang right away! Mom, go and help you prepare the present!"

Ann nodded, "thank you, Mommy!"

An an's impression of Tang Jin is quite good, with a special kind.

This kind of feeling is a little strange, it's just the kind of inexplicable.

As a result, she is looking forward to meeting with Tang.

Chen Chen looked at an an's happy appearance and almost broke a mouthful of silver teeth.

He followed Ann back upstairs.

"Ann, do you really want to go to the Tang family with that Tang Jin?"

He asked, almost gnashing his teeth.

Tang Jin was obviously interested in her. Even the whole Tang family wanted to make do with her and Tang Jin. After all, she was the daughter of the Li family. With this identity, she was destined to be the focus of attention of the aristocratic CHILDES.

An an is choosing clothes, smell speech, finger a stiff.

She pursed her lips, thinking about how to organize the language.

This kind of feeling is very wonderful. Since she knew Li Qichen's mind, she had an idea in her heart.

Think of finding your own parents.

Her feeling to Tang Jin was too special. In addition to the picture of his grandmother he showed her that day, she felt very close.

She wants to go to the Tang family to see if she can find her life experience from the Tang family.

But now everything is still unknown, and she wants to wait until she finds out before telling others.

After all, the probability is very small.

Ann words to the mouth, but just smile, smile to appease: "I go back, absolutely won't let you wait for a long time!"

"No way!"

Li Qichen has a cold face, a face of wind and rain.

Ann turned her lips and walked over to him. She stood on tiptoe and gave him a kiss on the face.

“Well, don’t be angry. I’ll be right back!”

An’an originally wanted to appease him in this way. However, Li Qichen was not happy, but his face was even heavier.

In order to go to the Tang family with Tang Jin, I don’t even want to be reserved!

Li Qichen snorted coldly and turned to leave the room.

“Do it yourself! If you dare to leave with Tang Jin, we will break up! ”

Break up

The expression on an an’s face was instantly chapped.

Is this guy a bit overbearing? She just went to Tang’s house with Tang Jin. Why is it so serious?

Even up to the point of breaking up?

Ann rubs her eyebrows helplessly.

Forget it. When you come back from the Tang family, you can comfort him!

Tang invited her in person, so she had to go.

Ann changed a ceremonious dress, took the gift that Wen Qiao prepared for her, followed Tang Jin out of the door.

Second floor, some window.

Li Qichen's tall figure stood by the wide French window, his whole body was like a layer of air conditioning.

There was nothing on the face, but the fingers in the pocket of the suit were clenched and turned white because of too much force.

This guy, he all talks to this, she unexpectedly still wants to follow Tang Jin to Tang family!

Didn't she think about him?

He will go abroad tomorrow. How short their time is, she would rather spend it on these unimportant things!

He planned to take her to buy a ring today, but she did not hesitate to leave him alone and follow other men out of the door.

Before getting on the bus, Ann felt a strong sight fall on her.

She stopped and turned to look at a window on the second floor.

The four eyes are opposite.

Li Qichen frowned tightly, deep eyes with expectation.

However, An'an just pursed her lips, then twisted her skirt and followed Tang Jin into the car.

Chenchen, I'm sorry!

They still have a lot of time to get along with each other, but she has to make her life clear.

If they want to be together, her identity must be restored.

It's the best choice for them.

"" Li Qichen watched as An'an got into the back seat of Tang's car and his forehead jumped abruptly.

He reached out and punched the window.

Angel Li!

Just then, the cell phone in my pocket rang.

Li Qichen converges the anger on his good face and takes out his mobile phone to have a look.

It's Lu Ziyuan.

Li Qichen answered in a cold voice: "what's the matter?"

Lu Ziyuan surprised voice along the phone, "morning, you let me check things have eyes!"

"How's it going?"

Li Qichen can't wait to ask.

"Er..." Lu Ziyuan hesitated and said, "I'm afraid it will take some time! At that time, the servants of the Li family had almost changed. Now it's not so easy to find them!"

Li Qichen gritted his teeth, “what nonsense are you talking about?”

Lu Ziyang choked and explained unconvinced: “although it’s not found out, don’t you say that Ann’s parents are police? Along this time line, I can really find a case. Maybe we can find it from this breakthrough point!”

Li Qichen frowned and suddenly fell silent.

The world is so big that the police don’t know how many such cases will happen every year, and they don’t know when to find them.

But there is no better way.

He fidgeted and loosened his bow tie. “I’ll go abroad tomorrow, and I’ll ask some friends out for a drink tonight.”

Lu Ziyang whistled and said, “I’m waiting for you!”

Hang up the phone, Li Qichen thought, picked up the car key out of the door.

He drove to the downtown department store, to the jewelry counter.

After a long time on the counter, I finally chose a ring.

Although this ring is not the most expensive, he bought it with his own money and didn’t spend a cent at home.

With their own money, to buy things for their beloved women, inexplicably have a sense of achievement.

Looking at the dazzling finger ring, I can't help but raise my lips.

Originally, I wanted to take her to choose, so I should give her a surprise!

He closed the box and carefully put it into the inner pocket of his suit.

Just now I said that breaking up with her was actually scaring her.

Where is he willing to break up with her?

But she should be back soon, right?

Li Qichen can't wait to go home.

Chapter 1358

Tang family.

Ann looked at the antique garden style villa in front of her and was amazed in her heart.

Walking here is like walking into a secluded paradise, with the illusion of being independent from the world.

She was a little nervous at the thought of meeting Mr. Tang later.

"Tang Jin, grandfather Tang..."

Tang Jin seems to see her tension, smile a warm face, let a person like a spring breeze.

“Don’t be nervous, my grandfather is a very easy-going person, kind and lovely. Just wait a moment, don’t be scared by his enthusiasm!”

An an a Leng, can’t help laughing, “kind and lovely?”

Why doesn’t she believe it?

Although she hasn’t met Mr. Tang, she often sees him on TV.

He is a famous expert and scholar. He is the president of the top 100 year old university in China. His students are all over all walks of life. All of them are top cutting-edge talents in all walks of life. Naturally, he is also famous for his strictness.

Tang Jin said he was cute?

She doesn’t believe it at all!

Tang Jin said with a smile, “let’s go! You’ll see in a minute! ”

An an follows Tang Jin into the living room.

I saw an old man sitting on the sofa, playing chess with a man in the style of housekeeper.

“Eat you!”

“I’ve won again. It’s clear that you are deliberately releasing water! You must win me this time. If you don’t win me again, there will be no bonus this month! ”

The housekeeper's wrinkled face was wrinkled and wailed, "master, you are a chess player. How can I win you? I think you are just thinking about my little bonus!"

The old man of Tang choked his neck and said, "nonsense! If I miss your bonus, I will not give you a bonus. Why bother so much?"

Sounds reasonable, but the housekeeper thinks something is wrong.

"Don't you look mean?"

The old man of the Tang Dynasty was heartbroken by the housekeeper and covered his heart with exaggeration.

"Lao Wang, Lao Wang, that's what you mean! When have I been mean to you?"

Ann looked at the old man in red Tang suit and white beard in front of him. She couldn't help laughing.

It seems that Tang Jin is right. Mr. Tang is very different from the serious old man on TV. In private, he even plays naughty with the housekeeper.

Looks like an old urchin.

Hearing the laughter, Mr. Tang and the housekeeper stopped arguing and turned to look at the door.

Tang Jin took an an and said, "grandfather, she is an an!"

At the moment when he turned his head, Tang's eyes were fixed on An'an's white and delicate face.

Like!

It's so similar!

It's like an old woman in her youth!

When the housekeeper saw An'an, he was also dumbfounded, as if he lost his voice in an instant.

Before listening to the young master said there was a girl who looked like the old lady who passed away. I didn't expect to look like that!

An an was embarrassed by their eyes. She stepped forward, bowed slightly to the master Tang and said sweetly, "Hello, grandfather Tang! This is a gift from my mother!"

He wiped the tears in his eyes and said with a smile, "why do you bring gifts? You have a heart

The housekeeper came back and took the gift.

An'an Tiantian said with a smile: "I didn't know it was grandfather Tang's birthday today, so I didn't prepare gifts in advance. Please have a large number of gifts. I will make them up next time! I wish you longevity and Buddha like the East China Sea

The more he looked at it, the more he liked it and nodded.

"Good, good! What a good boy! Girl, today is my grandfather's abrupt, time is too hasty, but my grandfather really wants to invite you to our Tang family!"

"Thank you for inviting me! But Why didn't I see the guests? Isn't today your 80th birthday?"

Tang chuckled. Before he opened his mouth, Tang Jin quickly explained: "grandfather doesn't like the excitement, so he doesn't do it. Just the whole family get together."

“No outsiders?” Ann picked her eyebrows in shock.

Listen to this meaning, the Tang family did not regard her as an outsider.

Mr. Tang smoothed his beard and grinned kindly.

“Girl, I think jin’er has already told you that you are very similar to my old-fashioned lover. This is also my destiny. I’ll invite you to my home as my own. Don’t you think I’m rude?”

Ann waved her hand and blinked her big eyes, “how can it be! Thank you, Mr. Tang. It’s too late to love you!”

Master Tang leaned in the housekeeper’s ear and said something, and the housekeeper left.

Tang waved to An’an, “come on, sit next to your grandfather and let him have a good look at you.”

An’an subconsciously looks at Tang Jin.

Tang Jin showed an encouraging look at her. An’an hesitated to step forward and walked to the master Tang.

Tang looked her up and down, nodded, “girl, I heard you have a twin brother?”

A little embarrassment flashed over Ann’s face, and she nodded.

“Yes

Hearing the words, the light in Tang’s eyes darkened and he sighed with regret.

When he heard Tang Jin say that a girl and his wife looked very similar when they were young, he couldn't help but be happy.

It's about the same age as his lost granddaughter.

But she is Li Fengbei's daughter and a twin brother.

It seems that there is almost no possibility that this matter will go wrong.

However, in other words, it's also a kind of fate to be so similar to my wife. If I can form a marriage with jin'er, it's a good story.

As they were talking, the housekeeper came with a mahogany box.

"Master!"

Mr. Tang took the box, his eyes full of nostalgia.

He wiped the dust that didn't exist on the box, carefully beat the box, and took out an emerald hairpin from inside.

"Girl, this is my wife's dowry. It's almost an antique now. It might not have been worth much, but maybe now! If you keep it, it's the end of the relationship between you and her! "

With that, Tang put the hairpin into An'an's hand.

Ann was so flattered that she refused to accept it.

"This gift is too precious for me to accept!"

Tang Jin came forward and said with a smile: "An'an, you can take this gift! If the other party doesn't accept the things that the grandfather sent out, he should think that the other party has a problem with him!"

Er

Don't accept gifts is to have a problem with him?

Ann was embarrassed for a while, and finally reached for the box with both hands.

"Thank you, Grandpa. I will take good care of it."

Tang Laozi nodded his head and said to Tang Jin, "jin'er, this is the first time that a girl has come to our Tang family. You can take her around. If you young people have a common topic, I won't get involved."

"All right, grandpa!"

Tang Jin looked at an an, "an an, I'll take you to the garden outside."

The most ingenious of the Tang family is its garden design, which is the painstaking efforts of the Tang master.

The scenery is good, but Ann is absent-minded.

She came to the Tang family to find out if she had any connection with the Tang family?

After thinking about it, she said to Tang Jin, "master Tang, I want to hear more about grandma Tang. Can you tell me more about it?"

Tang Jin saw that she didn't have much interest in the beautiful scenery in front of her. She apologized and said, "it's my negligence! You come with me. I'll show you upstairs. There are many pictures of my grandmother upstairs."

Ann follows Tang Jin to the second floor.

Push open a solid wood door of vermilion, what introduced eye is a so big screen.

The screen is embroidered with picturesque scenery, beautiful mountains and rivers.

On the wall, hanging large and small photo album.

Although they are all black and white photos, we can still see that Granny Tang was a great beauty when she was young.

Seeing that she looked so seriously, Tang Jin explained, "grandma is a lady of a big family. She is proficient in all kinds of music, chess, calligraphy and painting. Her only hobby is taking photos. That's why she has so many photos."

Ann looked at the photo, the smiling woman, heart beat inexplicably fast.

She turned to look at Tang Jin, with a smile.

"Grandma is beautiful!"

Tang Jin's eyes were shaken by the bright smile on her face. She realized that she had lost her manners and her ears were burning.

"You are beautiful, too!" he said

“Thank you Ann said with a big smile, “master Tang, can you tell me more about your family? What about your parents?”

Tang Jin replied, “my parents are busy in the backyard. I’ll introduce you later.”

Hearing the words, An’an was inexplicably lost.

It turns out that Tang Jin is not her brother.

She overheard her parents’ conversation that time. Her biological parents were all dead.

It was because her parents died that grandma TIA took her away from the hospital.

Ann looked at the picture on the wall again, tightened her fingers and asked: “master Tang, do you have an uncle or uncle who is a policeman in your family?”

When Tang Jin heard the speech, he was stunned.

“How can you ask that?”

The Tang family has been literati for generations, only the fourth uncle is a special case.

The fourth uncle passed away more than 20 years ago. Grandma was so sad that she washed her face with tears every day. After a year, she died. For this reason, for so many years, no one dared to mention the name of the fourth uncle in front of his grandfather.

An’an looks at Tang Jin’s shocked eyes and her heart beats suddenly.

“Really?”

Tang Jin was in a dilemma

.....

After Li Qichen bought the ring, he went home and sat by the window, waiting for Ann to go home.

However, this wait, has been from sunrise to sunset, or no trace of her.

The look on Li Qichen's face completely cooled down, and his mood became more and more irritable.

At this time, Lu Ziyang called him.

"In the morning, all the brothers are here. Where are you? You don't want to stand us up again, do you

"I'll be right there!"

Li Qichen gritted his teeth, put the ring in his hand into the drawer, picked up his coat and went out of the door.

Originally, he wanted to take her to play with him. It seems that she forgot him when she played in the Tang family.

Chapter 1359

Meiyue bar, night is its home.

The colorful neon lights are shaking people's eyes, and the noisy music is deafening.

The believers at night follow the disc and constantly sway their bodies.

An exclusive box at the end of the corridor on the second floor is very special in such a bustle.

The sound insulation building materials insulate the noise of the outside world, but they have their own bustle.

Lu Ziyan called over all the brothers they met, several of whom were former classmates or in a dormitory.

Originally for Li Qichen to see off and get together, but at this time, people with eyes can see that the Prince Li's mood is very bad.

He sat in the corner of the sofa, drinking in silence.

After a while, there were empty bottles in front of me.

Some people saw this and quietly pushed the lander to say, "what's the matter? There's something wrong with the mood!"

Lu Ziyan shrugged his shoulders helplessly and said half jokingly, "it's probably because women are worried!"

"Woman?"

The man was shocked and said, "he's in love?"

Who doesn't know that Li Qichen is not close to a girl, and even has no gossip object, how can he suddenly have someone he likes.

What's more, in everyone's eyes, Li Qichen, who is the prince of Li's family, even has a woman who will refuse him?

Can't it?

Lu Ziyang said with a smile but not a smile: "you go and ask him

"Lu Ziyang, you're cheating me! But what about his sister, Angela Li? Didn't you like to run after him before? Why didn't you see her today?"

Voice just fell, Li Qichen sharp eyes swept over.

He put the wine cup in his hand heavily on the tea table and made a loud bang.

"No one is allowed to mention that woman today!"

"Ah?"

The man said with a confused face, "which woman?"

They seemed to be talking about An'an just now!

Is he in such a bad mood that he can't even mention his sister?

That person just don't believe evil, toward Li Qichen gather in the past.

"Morning, which girl do you like? Tell us, and we'll give you some advice!"

Li Qichen picked up a glass of wine, raised his head, and drank the golden liquid.

The pungent feeling glides through the throat, there is a kind of unspeakable stimulation.

Sexy thin lips evoke a shallow radiant, meaningful way: “you seem to be particularly interested in my things?”

The man was embarrassed. His white face was a little red and he was very shy.

“That I’m not interested in you, but I’m interested in your sister!”

Smell speech, Lu Ziyang almost spit out.

He knows that Li Qichen likes An’an, and someone dares not to be afraid of death to express An’an in front of him.

There’s a good play!

Lu Ziyang has always been a big spectator. He immediately knocks melon seeds to watch a good play, but he doesn’t break it.

Li Qichen turned his head to look at the man, with a vicious smile on his handsome face.

“Do you like Ann?”

The man didn’t realize that he had lit a fire on the tiger’s tail.

“In the morning, for the sake of our friendship, you can make do with An’an and me? If we know the root and the bottom, we can rest assured!”

“Ha ha! Don’t worry

Li Qichen ha ha a smile, the smile on the face is bigger and brighter.

Just when everyone thought that he really wanted to lead the line for them, he suddenly stood up, grabbed the man’s neck and pressed him on the sofa.

“You don’t see who you are, but you dare to make up her mind!”

“Don’t Morning Cough, you release me quickly, I am about to be strangled by you! ”

With this change, everyone’s face changed.

Even Lu Ziyang also put away the mentality of watching a good play, cursed in his heart, and quickly came to pull them apart.

“Chen, don’t be angry, don’t be angry, he’s just joking!”

Li Qichen clenched his fist tightly, with a sullen and handsome face, and a face of fierce wind and rain.

“Wang Chun, let me hear you say that next time. Don’t blame me for being merciless!”

Wang Chun touched her neck and patted her heart. Her eyes were red.

“What did I say about me? I said I like your sister. How can you beat someone? Even if you are Li’s Prince, you can’t bully people like this! ”

Li Qichen jumped up again, “you dare to say it, you say it again!”

Wang Chun trembled with fright

Lu Ziyang quickly grabbed Li Qichen and stood between them.

“Well, that’s a misunderstanding! Misunderstanding! Li Qichen snorted coldly and pointed at Wang Chun with his finger, “next time let me know that you covet An’an, I’ll see you once and beat you once!”

“.....”

Everyone present was embarrassed.

We are all brothers who have a good relationship. Is it too much to fight for such a sentence?

Wang Chun was not convinced.

“I just like Ann. What’s the matter with Ann? If you don’t help me, I’ll go after her myself when you go abroad tomorrow!”

“You dare!”

Li Qichen clenched his fist and turned white directly. Even the scene on his forehead jumped abruptly. He almost gnashed his teeth and said, “dare you! Try it!”

Wang Chun stubbled his neck, “how dare I? Anyway, you will be abroad tomorrow. What do I dare to do?”

“Good, good!”

Li Qichen was very angry and laughed. Suddenly, he took up the empty wine bottle on the table and waved it to Wang Chun’s head.

Seeing this, they hurriedly grabbed them again.

Someone said: “morning, just make it clear. Why are you so excited? It’s not like your usual way! What’s more, it’s a good thing that your sister is loved and proved to be attractive, don’t you think?”

Li Qichen pushed away the man’s hand and yelled with scarlet eyes: “who dares to covet my woman! Don’t blame me for turning my back on her

With that, Li Qichen walked out of the box.

He didn’t care. His words were like a deep-water bomb, which exploded in everyone’s heart.

“Lu Ziyang, what did he say just now? He said, “Ann is his woman?”

“Isn’t Ann his sister? Isn’t that a mess?”

Wang Chun also looked at Lu Ziyang with a confused face, “is that what we understand? We heard right

Lu Ziyang patted Wang Chun on the shoulder and said with sympathy: “I heard you right! Ann is not Li’s own daughter. She has no blood relationship with Chen!”

“.....”

You look at me, I look at you, all face unbelievable.

Ann and he are not twins!

At this time, everyone remembered that at school, Li Qichen’s attitude towards Li Anqi seemed to be a little wrong.

No wonder Li Qichen was fighting with Wang Chun just now!

Lu Ziyán's warning eyes swept the crowd one by one, and coldly told them, "an an's identity has not been announced, so you must not be good at advocating, otherwise Think about the family behind you

"....."

Everyone was silent again.

No one really dares to offend the Li family.

Lu Ziyán looked at the door, but shook his head and ran after him.

Lu Ziyán found Li Qichen on the edge of the flower bed downstairs.

Looking at the scene in front of me, I was stunned.

I thought he had gone away in anger, but I didn't expect that he was lying on the bench beside the flower bed, with his hands behind his head and his eyes looking at the sky sadly.

When Lu Ziyán saw Li Qichen for the first time, he touched his nose and walked over.

"Morning, what happened? Have you quarreled with Ann? "

Li Qichen snorted coldly, "hum! Who cares about her! "

Lu Ziyán didn't expect to see Li Qichen's childish side in his lifetime. He couldn't help laughing.

"But it's written on your face that you're upset! I care about it

Aojiao was pierced, and a trace of chagrin flashed across Li Qichen's face.

"If I had known this, I would not have gone abroad!"

"Reluctant?" Lu Ziyan joked.

Li Qichen pursed the corners of his lips and kept silent.

Lu Ziyan scratched his head and said, "I really don't know what you are suffering from? If you don't feel at ease about going abroad, you should cook rice as soon as possible. After you turn her into your woman, she will be dead set to you."

Li Qichen glared at Lu Ziyan.

Lu Ziyan choked, "this can't do that. What do you want?"

Li Qichen rubbed his eyebrows and was confused about the future for the first time.

What he is worried about now is not that she will run away. Although she doesn't love him so much, she can't escape from him for the time being.

But what annoys him is that what he wants is her willingness, not the opposite.

He's going abroad tomorrow. She left with Tang Jin today, but she didn't come back all day, so she left him alone.

Every time he thought about it, his heart was blocked.

He got up from his chair and went to Meiyue again.

“Go on, keep drinking!”

Once drunk, you will not think about that woman.

Heartless woman!

When Li Qichen returned to the box again, everyone was stunned. Wang Chun took the wine and apologized.

“Morning, I’m sorry! I didn’t know you liked Ann. If I knew you liked her, I would never say that! ”

Li Qichen saw that Wang Chun’s face was still a little bit bad, but he didn’t lose his mind just now.

“Drink together!”

“Yes, drink! I’m going abroad tomorrow morning. I don’t know when I’ll be back. I’m not drunk tonight! ”

“Come on, don’t get drunk!”

After a while, the box will push the cup to change the cup, one by one, lively.

.....

When Ann came home, it was already seven o’clock in the evening.

She originally wanted to ask Tang Jin about his fourth uncle, but he said that he was still young at that time, and he was not very clear about his fourth uncle.

She didn't give up. She found grandfather Tang and wanted to ask him about it.

Unexpectedly, as soon as she opened her mouth, grandfather Tang suddenly fainted after a stroke.

Chapter 1360

She was really afraid at that time. She was worried that grandfather Tang fainted because of her words.

But Tang Jin has been comforting her, saying that grandfather Tang is old, and he has a bad heart and high blood pressure. This is not the first time that he has had a stroke. It has nothing to do with her.

But in her heart, she was still very sorry. She followed the Tang family and sent him to the hospital.

It wasn't until the evening that she came home until grandfather Tang's illness stabilized.

The first time, she pushed open Li Qichen's bedroom door.

"Chenchen, I'm back!"

There was no one in the room. It was quiet.

Ann frowned suspiciously, "what about people? Isn't he at home?"

I'm going abroad tomorrow. Haven't I come back so late?

She came to the opposite room and knocked on the door of Li Xingchen's room, but after waiting for a long time, no one opened it.

Her delicate facial features wrinkled into a ball.

What's going on today? Why isn't everyone at home?

In her face of doubt, ready to call Chenchen, the mobile phone rang in advance.

It was Li Qichen who called. She was happy and got through immediately.

"Chenchen, where are you?"

The other end of the mobile phone was obviously stunned, and then a low voice came out.

"Ann, I'm drunk in the morning. Is it convenient for you to pick him up?"

Ann heard Lu Ziyang's voice, "Lu Ziyang? Where are you

"Meiyue bar!"

Bar?

An'an's small eyebrows, subconsciously tight.

"Well, I'll be right there!"

Chenchen went to a bar to drink?

Ann hurried downstairs and asked her driver to take her to Meiyue bar.

According to the box number Lu Ziyang gave her, she came to the box at the end of the corridor on the second floor.

The box door didn't close tightly. She pushed it gently and it opened.

"Cough!"

The smell of wine and smoke all over the room almost choked her.

She covered her nose and coughed twice.

Wait to see clearly in front of the scene, a small face stunned.

On the sofa, on the ground, it was full of people.

Most of these people she knows are good friends with Chenchen.

Her eyes turned and looked at the empty wine bottle on the tea table, her eyebrows wrinkled.

How much wine did they drink?

"Morning?"

Ann went over and looked for Li Qichen's figure in the dark room.

All of a sudden, a pair of powerful arms stretched out and put their arms around her waist from behind.

“Here you are

Ann was so scared that she quickly turned around.

Li Qichen looked at her drunkenly, with a smile on her handsome face, and her ruddy lips seemed to be dyed with a layer of magnificent luster.

Ann was shaken by the smile on his face, leaving only two words in her mind.

Evil!

Li Qichen stepped forward and shook his body.

“What are you doing here?”

An’an came back to him, quickly held him in his eyes, worried and said, “Chenchen, why did you drink so much? Come home with me

“Home?”

Li Qichen suddenly eyes a bright, step forward, hands holding An’an’s face, without saying a word on the kiss up.

“Well...”

Ann’s whole body was shocked. There was a moment’s blank in her brain.

She pushed Li Qichen away, her big eyes full of panic.

She quickly looked around and saw that some of the people who had been lying there had woken up and sat on the ground staring at them.

“.....”

Ann would like to find a hole to drill in, fingers subconsciously grasp the hem of clothes.

She glared at Li Qichen fiercely, and there was a layer of water mist in front of her eyes.

“Li Qichen! How can you do that?”

With so many people watching, what do you think of them?

Lu Ziyang covered his eyes. At this time, Wu Yin explained: “we didn’t see anything!”

Ann was so angry that she was about to cry. She stamped her feet and ran to the door.

“Li Qichen, keep drinking. You can drink to death!”

“An’an!”

Li Qichen saw that she was angry and chased her.

Lu Ziyang and his group of brothers whistled fiercely behind him.

“Come on! If you don’t chase your daughter-in-law, you’ll run away!”

“Ann, don’t run!”

Li Qichen chases to the door. Suddenly, he covers his stomach and squats down.

An'an walks into the elevator, turns around at that moment, just sees Li Qichen squatting down, suddenly shocked.

"Chenchen, are you ok?"

She ran back anxiously and helped Li Qichen up."Nothing!"

Li Qichen looks up and smiles at her.

At first sight, he was drunk.

"....."

Ann clenched her teeth. "How much did you drink?"

Li Qichen put his arm on her shoulder and put his arm around her Not much, baby, let's go home! "

Baby

As soon as Ann's cheek was hot, she was about to get goose bumps.

It seems that I'm really drunk!

Normally, he would never call her that.

"Aj ~ ~"

What's the real competition with a drunkard?

An'an struggles to help Li Qichen go downstairs.

Lu Ziyang leaned out half of his head from home, looked at the scene and touched his chin.

Is this guy really drunk or fake drunk?

How could he feel uneasy?

Ann tried her best to get Li Qichen into the car.

Looking at Li Qichen's drunken appearance, the driver asked anxiously: "how can the young master be so drunk?"

As soon as Li Qichen gets on the bus, he closes his eyes and leans on the seat. Junyi's eyebrows are wrinkled tightly. He looks very uncomfortable.

An'an's eyes flashed slightly and guessed, "maybe I'm not happy."

In fact, Li Qichen has always been a restrained person. He never let himself get drunk or indulge himself like now.

When I got home, it was quiet.

Ann called the servant and asked in surprise, "where's daddy and Mommy? Where did they go?"

The servant replied respectfully, "Miss, the second young master was fighting at school and pushed the man down the stairs by mistake. It's said that the situation is serious. Mr. and Mrs. take the second young master and the third young lady to the hospital."

“Stars fight?”

It looks serious.

Ann quickly takes Li Qichen back to her bedroom and can't wait to take out her mobile phone to call Wenqiao.

“Mommy, isn't the star thing serious?”

Wenqiao's gentle voice said, “it's OK. We may be late to go home tonight. You and Chenchen are fine at home.”

“OK, Mommy, we are all adults. Don't worry about us!”

After hanging up, Ann shook her head helplessly.

I can hear that mummy's voice is full of helplessness.

Li Xingchen This brother is really a headache.

Every day is not fighting, is eating and drinking, I don't know when to be sensible, don't let daddy and Mommy worry.

Ann put down her cell phone and told Li Qichen, who was lying on the bed with her eyes closed, “I'll cook a bowl of wake-up Soup for you. You should sleep for a while.”

However, as soon as she got up, her wrist was caught, and the next second, she was pressed by the man.

Li Qichen arms in her side, with drunken eyes, particularly bright.

Low voice, accompanied by the warm aroma of wine, came from the top of the head.

“Ann, I don’t want to put up with it!”

“What What?”

An an’s face suddenly turned white, and he quickly put his hand on his chest. He was so scared that he couldn’t speak quickly. “Li Qichen, don’t mess around!”
