Chapter 1361

Ann's face turned white with fright.

"Chenchen, don't mess around Well

Li Qichen opened her confused eyes and looked at her chattering red lips. In her brain, Weng was buzzing, and she felt very noisy.

He held her cheek, bowed his head and kissed her on the lip.

She won't be given a chance to respond to her strong strategy.

Ann felt that the air in her lungs had been blown open by him. She was scared to death.

This is home!

Even if daddy and Mommy are not at home, there are still many servants at home. When you hear what they say, it's all over.

Ann a little back to pull back a little bit of reason, and began to struggle with the land.

"Chenchen, calm down! Calm down

Li Qichen let her go, looked up, a pair of bright eyes staring at her, like a sea of stars, like a whirlpool, can drown her in.

Ann's nose was sour, and she almost burst into tears.

She was really scared.

She is really afraid to see people's different eyes, she has no way to overcome the obstacles in her heart.

Ann stretched out her hand, grabbed Li Qichen's sleeve and gently shook it. She held her small face up and said, "Chenchen, don't do this, OK? It's home. Someone will see it!"

Li Qichen looked at her with deep eyes, pursed his lips, and was silent for a moment. His hoarse voice said, "if I say I must!"

"Wuwuwuwu ~."

Ann looked at the madness in his eyes and suddenly began to cry.

At ordinary times, Li Qichen will be soft hearted.

What he couldn't see most was her tears.

Her tears, a hundred steel also changed for soft around the fingers.

However, he will go abroad tomorrow. Even if he goes to apply to the school tomorrow, it will take him a month or two to complete the transfer procedures.

She's too fickle.

She didn't have the determination he had.

In two months, all variables are possible!

She is like a snail, as long as he let go, she will retract into her shell.

Lu Ziyang is right. If you turn her into his woman, she will follow him wholeheartedly, and will not give way again.

He didn't want to see her hurt, and he didn't want to see her tears, but he had no other way but to force her in this way.

He stretched out his thumb and rubbed the tears on her little face little by little. He said softly in a low voice, "I'll treat you well. Don't be afraid. I won't hurt you!"

Ann on the side of the fingers, subconsciously nervous to grasp the sheet.

Although scared to death, he still closed his eyes.

Because she saw the ambition in Li Qichen's eyes, she couldn't bear to look at him disappointed.

Her obedience gave Li Qichen great encouragement.

The sexy Adam's apple rolled up and down, and then bowed to kiss her lips.

However, at this time.

The door of the room was knocked, and there was a deep magnetic sound.

"Morning, are you in the room?"

"....."

Li Qichen and An'an were both stunned.

An'an in the heart a clap Deng, hastily push away Li Qichen.

“It's daddy! Daddy's back. What should I do?”

Li Fengbei stretched out his hand and twisted the door handle. The door opened, but he didn't think much about it. He stepped into the room.

Ann and Li Qichen turn their heads to look at the door.

Li Fengbei also looked at them.

The four eyes were opposite, and all three of them stopped.

“Daddy, why are you here?”

Ann moved her pale lips and her brain was blank.

She and Chenchen were lying on the bed, but they were hit by daddy.

The servant clearly said that he and Mommy went to the hospital together. She just talked to Mommy on the phone. Why is daddy here?

Li Fengbei did go to the hospital with Wen Qiao, but Li Qichen will go abroad tomorrow. Father and son haven't talked about each other for a long time, so he came back early and wanted to talk to Li Qichen.

Talking about his next plan, I didn't expect to see such a scene when I opened the door.

Li Fengbei looked at the two people on the bed with doubts. His handsome eyebrows wrinkled and he asked: “you What are you doing?”

An’an’s heart beat to his throat, and a chill rose from the sole of his feet.

An unprecedented sense of shame poured into her heart, making her just want to run away.

Fortunately, their clothes are still in good condition.

“I We...”

Li Qichen sees An’an’s flustered appearance in the eye, heart a horizontal, stretched out a hand to hold An’an’s hand.

It’s already like this, and there’s nothing to hide.

He wanted to make it public for a long time, but he never had a chance.”Daddy, Ann and I...”

“Morning

Li Qichen just opened his mouth, An’an seemed to be surprised by something.

With a loud cry, Li Qichen threw away his hand and jumped out of bed.

“Li Qichen, next time you get drunk, I won’t pick you up. You’re so heavy that I can’t carry you!”

As soon as Li Qichen’s back froze, he understood her meaning in an instant.

In one word, she managed to bring their relationship back to its original shape, and even explained why they fell on the bed together.

It was because he was drunk and she couldn't help him, so they were lying in bed together.

The light in Li Qichen's eyes gradually falls down and becomes extremely disappointed.

Li Feng Beiyuan was not sensitive to the feelings between men and women. In addition, he was his own son and daughter, both of whom grew up under his eyelids. He would not consider this aspect at all.

Even if I asked just now, I just mentioned it casually. I didn't think about other aspects at all.

He immediately frowned and scolded: "Li Qichen, you are old and big now. You are going abroad early tomorrow morning. You should have a sense of propriety when you drink!"

Li Qichen's sharp eyes fall on An'an.

If the look in his eyes was an arrow, he might have made seventeen or eight holes in An'an now.

He held his fingers tightly together, and his face was terrible.

She missed such a good chance of showdown!

Ann raised her head and looked at Li Qichen's eyes.

The next second, guilty to drop eyes, fingers helplessly holding the hem of the clothes, voice low tunnel: "Daddy, then I go first! I'll give it to you in the morning!"

Li Fengbei raised his hand and looked at his watch. "It's late. Have a rest early!"

"Good..."

An'an bit his lip, finally took a look at Li Qichen, and walked out of the room.

“.....”

Li Qichen looked at her running back, almost broke a silver tooth, and her chest kept rising and falling.

This guy

If it wasn't for him not to beat a woman, he really wanted to hang her up and beat her hard.

It's just too bad.

Seeing that he was lying on the bed with his eyes closed, Li Feng kept rubbing his eyebrows. He looked very uncomfortable. With a worried sigh, he walked over and sat beside his bed.

“Isn't it hard? I'll ask mother Wang to cook a bowl of wake-up Soup for you!”

“No!”

He's so angry now. What else do you want.

Li Feng North see him say no, also no longer reluctantly.

Li family men really don't need to be so affectable, and they are not as weak as girls.

“When are you going to come back and run the company with daddy?” he said

Among these children, Li Qichen is the most suitable one to take over Li.

Ann studied art and knew nothing about management.

Li Xingchen, the second son, is a black sheep in his family. He is not at ease to hand over the company to him.

It's too small to be at ease. Originally, Lanxin was suitable, but now Lanxin is the Queen's daughter of the state of Liluo

Li Qichen is the successor of Li's group.

Li Qichen pinched his eyebrows and said casually, "wait for me to deal with the things over there."

Li Fengbei patted Li Qichen on the shoulder with satisfaction. "Daddy is optimistic about you. You are better than your useless brother. I don't know how many times. Daddy is old and can only count on you! You can deal with foreign affairs as soon as possible and come back! "

Li Qichen opens his eyes and looks at Li Fengbei.

Father and son seldom get along with each other so close, and they haven't talked so calmly for a long time.

Not to mention the chance to talk alone.

Li Qichen found several strands of white hair at the temples of Li Fengbei.

He pursed his lips with a dignified face.

After this year, daddy will be fifty.

No matter how powerful people are, they will grow old one day.

Li Qichen nodded heavily and promised, "Daddy, I'll be back soon!"

"Good!"

Li Fengbei nodded admiringly, "then you have a good rest. The journey is far away. Pay attention to safety on the road."

"Good night, Daddy!"

"Good night!"

Li Fengbei left the room and it was quiet again.

Li Qichen pillows his hands behind his head and looks at the ceiling with wide eyes. His eyes are dim.

.....

Ann didn't sleep all night. She tossed her hair and couldn't sleep.

I feel uneasy.

On the one hand, I'm worried about whether daddy knows something, and if daddy knows something about her and Chenchen, what will he do.

On the other hand, she is afraid of getting angry in the morning. Up to now, she still has morning disappointment in her mind.

She knew that Chenchen wanted to take the opportunity to confess their relationship to her father, but she couldn't get through it.

No, I'm going abroad this morning. I don't know when I'll come back next time. She'll go to him to explain things clearly.

Thinking of this, she turned over from the bed and began to wash her face and brush her teeth.

Chenchen is going abroad. She should dress herself up and leave a good impression on him.

Usually, she thought she had many clothes. The cloakroom was almost full of all kinds of clothes, but now she felt that she was satisfied with none of them.

Finally, I chose a goose yellow skirt.

Dressed up, came to the door of Chenchen and knocked.

"Chenchen, are you up?"

"Morning

After several taps, there was no movement in the room.

The servant who cleaned the corridor saw her and explained, "Miss, the young master has already gone downstairs. It is estimated that he will start soon. Go downstairs quickly."

"To go?"

As soon as Ann's face changed, she ran downstairs.

Chapter 1362

On the first floor, Wenqiao was telling his son.

“I don’t know when I will come back when I go abroad this time! You have to take good care of yourself when you’re out alone, you know?”

“I know. Don’t worry about me. I’ll be back soon!”

Li Qichen comforted.

Li Qichen looks up at the stairway when he hears the footsteps coming down the stairs.

Ann stood there, looking at him with big wet eyes, a face at a loss.

She knew that he was going to leave today, but she didn’t expect that when this moment came, she would not give up.

She really wanted to say, can you not go.

But she knew that even if she said it, it was impossible.

He can’t leave everything abroad, and she can’t leave everything at home and go abroad with him.

Li Qichen took a look at her, then looked away and said to Wen Qiao, “Mommy, I’m leaving!”

With that, he walked to the door with a slender step and a box.

Ann’s heart is like a hard blow from something.

He saw her clearly just now, but he didn’t talk to her. He must have been angry with her.

Ann tightened her fingers and quickly raised her feet to follow.

She followed Wen Qiao, her eyes fixed on Li Qichen, but she didn't have the courage to speak.

Before getting on the bus, Li Qi hesitated and finally sighed. He raised his foot to get on the bus and didn't look back.

“.....”

Looking at the car driving away in front of her eyes, Ann finally couldn't stand it and chased out.

“Morning

But Wenqiao grabbed her, “Ann, don't chase! Mommy knows you can't bear it. He'll be back soon!”

Ann stood there, watching the car disappear.

Her heart seemed to be hollowed out in that moment.

Her whole body was cold and shivering, her face was pale, and her fingers were deeply pinched into her palm.

Chenchen must be disappointed with her!

I'm sure I won't like her any more!

He said that this time, if she escapes again, he will not want her and break up with her.

She's really useless.

She is not brave at all. She is a coward who dare not face her heart.

Thinking, tears can't help flowing down.

Seeing this, Wenqiao was both pleased and distressed.

"Ann, don't cry. I know your sister and brother are very affectionate. He's not going abroad! Don't cry, it won't be beautiful if you cry again!"

Listen to winjo's painful comfort.

An an's unspeakable struggle.

Mom and dad made an appointment with her, and the more she felt ashamed of them and their expectations.

Ann pours into winjo's arms and says, "Mommy, I'm sorry!"

Sorry, forgive her for being an unfilial daughter!

Wenqiao was stunned for a moment, patted her on the back and said with a smile, "why do you say that all of a sudden? What did you do to apologize to Mommy?"

An an looks embarrassed. Realizing that she has lost her manners, she quickly wipes her tears and says awkwardly, "no Nothing

"Stop crying! Even if you do something, Mommy won't blame you! Because you will always be mommy's baby daughter

“.....”

Ann felt even more sorry at this.

Just at this time, the servant came in a hurry.

“Madam, young master Tang is visiting!”

“Here comes Tang Jin again?”

With a happy look on his face, Wen Qiao quickly took An'an's hand and asked mysteriously: “An'an, mommy was too busy yesterday to ask you. You were at Tang's all day yesterday. Do you think master Tang is really good?”

An'an replied awkwardly, “Mommy, I don't mean that to Tang Jin.”

“Really?”

Wen Qiao picked to pick eyebrow, obviously to Anne's words express disbelief.

Tang Jin came to his home yesterday, and today he comes back. It's not because of an'an, but because of what?

Mother and daughter talk, Tang Jin has strided to two people in front.

He said politely, “Hello, Mrs. Li! Hello, miss an! Mr. Tang is here again, so I'll take the liberty to disturb you!”

Wen Qiao likes Tang Jin more and more.

She nodded with a smile, “master Tang, are you here today to find An’an?”

Tang Jin took a look at An’an and replied frankly, “yes, my grandfather fainted from a stroke yesterday, which scared miss An’an. Today my grandfather is much better. He wants to see Miss An’an.”

Wen Qiao in the heart a clap Deng, worry ground ask a way: “I unexpectedly don’t know this matter, he isn’t big now?”

“More attention from Mrs. Li. My grandfather is much better. It’s no big deal now!”

“That’s good!”

Wen Qiao looked at An’an and said, “since master Tang wants to see you, please go with master Tang and say hello to him for me.” “OK, Mommy.”

Tang Jin said, “let’s go first and visit again next time.”

“Come on, be safe on the way.”

An an followed Tang Jin to get on the car, and was full of doubts.

“Young master Tang, did he come to me for something?”

Tang Jin helped to help the frame, deep eyes staring at an an Ning white face, a joy slowly flowing out from the fundus.

Grandfather said that maybe An’an was the fourth uncle’s exiled daughter.

So ANN is his cousin.

I didn't expect that he had a sister!

However, my grandfather said that we should make it clear, because An'an is Li Fengbei's daughter. If we recognize the wrong person, we will offend others.

The Li family can't be offended casually.

Tang Jin put away his thoughts and said with a smile, "don't be nervous. My grandfather just wants to talk to you. He likes you very much."

Ann thought of the kind old man with a shy smile.

"Actually I also have an inexplicable sense of closeness to grandfather Tang."

She felt very close not only to grandfather Tang, but also to the whole Tang family.

They chatted all the way and soon arrived at the hospital.

Open the door of the ward, Ann looked at the old man lying on the bed with a pale face. She couldn't help reddening her eyes.

"Grandfather Tang, are you ok?"

Hearing the sound, Tang turned to look at the door.

Seeing ANN, he waved to her excitedly, "come here, kid!"

It was because an An'an asked him about Xiao Si that master Tang was so impatient that he couldn't breathe and fainted.

Ann and his wife look so much like each other, and they ask about Xiao Si. Most likely, there is a story in it.

He had a strong premonition that An'an was his granddaughter who had been exiled.

An'an quickly walked over and gradually grasped the hand of Mr. Tang. With a worried look on his face, he said, "don't be excited, Mr. Tang. You are not as safe as I am. I will listen to what you want to say."

"Good boy..."

Mr. Tang looked up and down at An'an and nodded with satisfaction.

She is a big girl with graceful appearance.

"Son, I came to you today to ask you some questions!"

An an said quickly: "grandfather Tang, you say! I will answer you truthfully! "

Chapter 1363

Mr. Tang pursed his lips and said softly, "Ann, why did you ask me about Xiao Si yesterday?"

"....."

Smell speech, the finger that an an puts on knee ground nervously grasped skirt.

She looked at Mr. Tang and said, "I'm just curious If you don't want to answer, you don't have to answer me."

Tang sighed heavily and turned to look out of the window at the blue sky. His yellow eyes showed a trace of nostalgia.

"If you have time, listen to me slowly and tell you about the Tang family!"

Ann nodded and listened quietly.

In his life, Tang gave birth to four sons.

The eldest is Tang Huai, the second is Tang bin, the third is Tang Wen, and the fourth is Tang Jin.

The three big boys were sensible and obedient since childhood, and they inherited the family's reading gene completely, with the exception of the fourth.

He is not interested in Wen, but in Wu.

Tang Jin refused to accept the arrangement from his family, so he applied for the police academy and became a policeman after graduation.

Originally, it was nothing to be a policeman, so the Tang family let him go.

But in marriage, he once again violated the wishes of the family.

Tang's father was once killed. It was the head of the Qin family who saved Tang's father's life.

The two agreed that the Qin and Tang families became relatives.

But it's strange.

Since the agreement was made, the Qin and Tang families have been sons for three generations.

Naturally, this marriage will be extended indefinitely.

It was not until forty years ago that the old man of the Qin family gave birth to a baby pimple.

The second and third eldest son of the Tang family is many years older than the youngest daughter of the Qin family, and they have decided to marry early. Only the fourth eldest son of the Tang family is suitable for the youngest daughter of the Qin family.

Since childhood, the Qin family has told her little daughter that when she grows up, she will marry the fourth elder of the Tang family.

Tang Jin is a good-looking, romantic and handsome man. Even in the police school where most boys live, he is also a man of the year at the grass root level.

Qin Manman, the youngest daughter of the Qin family, fell in love with Tang Jin at first sight, and has been devoted to him ever since.

He fancied that one day the Tang family would go home and marry her.

Tang Jin was really capable. In his second year in the police station, he solved several major cases, and in the second year he became the leader of the case investigation team.

Originally, it was a good thing, but at this time, a girl named Jiang fei'er appeared beside him.

Jiang fei'er is lively and lovely. She also graduated from the police academy and has a strong passion for the cause of the police. In addition, they often work together and live and die together, but gradually they have a good feeling for each other, and they live together secretly without telling their families.

It's too late for the Tang master to know this. Tang Jin refuses to break up with Jiang fei'er.

Mr. Tang has quarreled with him about this.

Gradually, Tang Jin doesn't even return home. He directly marries Jiang fei'er and finds a home outside.

One day, the Qin family knew about it.

The Qin family and their little daughter, Qin Manman, come to their house and ask for an explanation from the Tang family.

It's true that the Tang family is sorry for the Qin family. Naturally, he is smiling.

The Qin family was furious.

However, the marriage had to be abandoned.

What do you think, Qin Manman has a deep love for Tang Jin. After returning home, he cut his wrist in the bathroom that day and committed suicide.

The Qin family had a hard time getting such a precious daughter, so it was gone.

From then on, the Qin family hated the Tang family to the bone and swore that the Tang family was a white eyed wolf.

The Qin family hated the Tang family to the bone, but the Tang family was ashamed of the Qin family.

In his anger, the old man of Tang Dynasty drew a clear line with Tang Jin. From then on, there was no Tang Jin in the Tang family. Whether he lived or died had nothing to do with the Tang family.

However, there is an unexpected situation, which can think of Tang Jin young, unexpectedly will have an accident.

Although Tang's father drove Tang Jin out of the house, he was his own son. Only he knew how he felt.

My wife had a quarrel with him because of this. I blame him for being too cruel.

What we should pay attention to in the matter of feelings is your love and my wish. Why should the next generation promise the promise made by the previous generation?

That said, the Tang family has been a scholar from generation to generation. It's not that kind of perfidious villain.

Finally, Tang put down his position and sent someone to secretly inquire, only to know that Jiang fei'er was pregnant.

Originally, it was a good thing, but on the day Jiang fei'er was born, there was an accident in the team. Tang Jin sent the police and died accidentally.

Jiang fei'er, who was giving birth in the hospital, was too sad and died of massive bleeding when he heard the news.

In this way, just born baby, poor just came to this world, became an orphan. When Mr. Tang heard the news, he rushed to the hospital, but it was still a little late. The child disappeared and was taken away from the hospital.

This child is the last blood that Laosi left in the world. He will get the child back whatever he says.

At that time, he was almost possessed. He searched all over the city, but did not find the whereabouts of the child.

Since then, it has become a heart disease in everyone's heart.

Because of this, Granny Tang never got sick. She washed her face with tears every day and died a year later.

Tang Jin and everything about Tang Jin have become an unspeakable topic of the Tang family.

Ann listened to the story of master Tang, the whole person was stunned in situ.

Grandma Tiya said that she was brought to exchange with blue heart because she saw her orphaned in the hospital.

For some reason, she couldn't recognize her father, so she took his daughter away and took her to her side.

Now it's all right!

Even if she doesn't go to the hospital for testing, she can conclude that she is the granddaughter of the Tang family.

Ann's eyes can't help reddening.

It turns out that mom and dad are so miserable!

Moreover, it was the obstruction of the Tang family that indirectly caused the death of her mother.

If it wasn't for the fact that the mother was lonely when she gave birth and didn't even have a family to take care of, it wouldn't be so miserable.

Looking at the tears and complaints in An'an's eyes, Mr. Tang understood everything. He closed his eyes and said with guilt, "is that you, son? You are the granddaughter of our Tang family! My poor child

In fact, at this age, Tang didn't have much hope for his children's affairs. He just prayed to God to worship Buddha on the 15th day of the first day of the new year, hoping that God would bless the poor child to be safe.

As like as two peas, Tang Jinxing came back to him five days ago, and said he was at home and saw a girl who was exactly the same as her grandmother, Miss Li Jia Da.

After hearing this, Mr. Tang's heart beat with a thump.

He had a strong hunch that the girl had some connection with the Tang family.

What a surprise!

God has eyes!

When he was about to be buried in the loess, he found the child.

Ann bowed her head, clenched her fingers into a fist, and her heart was already in a mess.

All along, she wanted to find her family.

But now she has found it, but it seems that she can't accept it at the first time.

Tang's heart was like a knife. He trembled and stretched out his hand to touch An'an's face.

"An an..."

An an stands up abruptly, dodges the hand that Tang Laozi extends to come over, flurried tunnel.

"Please give me some time, I'll go first!"

Then she turned away from the room and ran away.

Looking at the empty palm of his hand, Mr. Tang gave a wry smile.

“Child, it’s our Tang family. I’m sorry for you. You don’t think my grandfather should be, should be!”

As soon as Tang Jin’s face changed, she came out of the door in a hurry. Holding his hand, she comforted him and said, “grandfather, Ann is a sensible child. She will accept it. Let’s give her some time. Don’t worry!”

Tang master tightly grasped Tang Jin’s hand, with a bitter smile on his wrinkled face.

“Jin’er, I’m sorry for her. I’m sorry for Xiao Si!”

“Don’t blame yourself too much. Life and death depend on heaven. No one wants such a thing to happen.”

Tang Jin said, “grandfather, don’t think so much. You have a good rest first, and I’ll see you off.”

When she came, she came in the car of the Tang family. He was not at ease when a girl came home.

.....

Ann ran out of the hospital in one breath.

Instead of going home at once, she walked straight along the noisy street.

Her heart was in a mess.

She suddenly missed Chenchen.

I really want to

Never a moment, so hope he appeared in her side.

Thinking of this, she can't wait to take out her mobile phone and call Li Qichen.

"Sorry, the number you dialed is off!"

Li Qichen's cell phone is off.

An an's heart fell.

Yes, he should be on the plane at this time.

Ann put away her mobile phone and walked along the river. Her mind was in a mess, like a mess.

Tang Jin drives the car and follows An'an all the time. Seeing her sitting down by the river, he stops the car by the side of the road and walks to An'an.

"An'an!"

Ann heard the sound and turned around.

See is Tang Jin, white face squeeze out a smiling face."Master Tang, why are you here?"

Tang Jin chuckled, stepped forward and sat beside her.

“Why do you call me master Tang? You should call me brother!”

The smile on ANN’s face.

Tang Jin stretched out her hand and gently rubbed her head.

“It doesn’t matter if you don’t want to scream! I’m very happy. From the first time I saw you, I felt that there might be some connection between us.”

“.....”

Ann bit her lip and fell silent.

In fact, she also has this kind of feeling. At the first sight of him, she is like meeting an old acquaintance, feeling more cordial.

Maybe this is the charm of blood relationship!

For a long time, she bit the corner of her lip and said, “brother...”

Tang Jin a shock, etc. realize what an an called, his eyes bloom out a great surprise.

“Ann, you admit that I’m your brother!”

Ann broke her tears into a smile, “brother!”

“Ah! I finally have a sister

With his sister, Tang Jin was very happy and excited.

“Ann, I tell you that our Tang family hasn’t given birth to a daughter for a long time. Now you are the treasure of our family!”

Tang Jin is really a mild and infectious person.

Like other members of the Tang family, he always gave her the impression of being gentle and never saw their bad side.

Ann thought of something, her eyes flashed, and her mood suddenly became a little low.

“Brother, my father, he...”

Tang Jin put her arms around An’an’s shoulder and let her head rest on his shoulder.

“An’an, the past has passed. No matter how much we regret and repent, we can’t keep the past. What we can do is to look forward. There is no way to change the past, but the future is in our hands.”

An’an chuckled and joked: “Professor Tang is really powerful. He is worthy of being a young professor and a master of comforting people.”

Tang Jin saw her smile, tight heartstrings relaxed.

“It’s great that you can be happy! Grandfather has been looking for you all these years. He is very concerned about you! ”

Ann pursed her lips and said in a soft voice, "in fact, I can't blame my grandfather for this. I can't accept the ending of my parents for a while and a half."

"I'm sorry!"

Ann shook her head. "What do you say I'm sorry for? In fact, the Tang family didn't do anything wrong to me!"

Tang Jin stretched out her hand and pinned a wisp of broken hair beside an an's cheek behind her head.

"Ann, you are such a good girl! We Tang family owe you, will compensate you, although Tang family is not rich Li family, but everyone will love you

Ann nodded, suddenly very satisfied.

Although mom and dad are gone, she has gained a lot of relatives.

Li family's relatives, Tang family's relatives

She should be content.

In the evening, it's cool by the river.

Cool wind blowing in the face, with the river wet, very comfortable.

Not far away, Tong Xue passes the bridge by car. As soon as he turns his head, he sees An'an and Tang Jin cuddling closely.

“Driver, stop, stop!”

She patted the back seat excitedly.

That day, since she was driven out of the Li family by Li Qichen, she did not go abroad immediately, but stayed in B city.

She lied to Li Qichen. She still had relatives in B city. Even her grandmother was in B city. In order to live in Li's family, she cheated people she didn't know in B city.

I didn't expect to stay one more day and let her break through such a scene.

As soon as Dave went abroad, Ann couldn't wait to date other men and hold each other like this.

It's like God help me!

Angel Li, you're dead!

Tong Xue has always hated An'an, but when she catches the chance, she takes out her mobile phone, presses the shutter, and takes several pictures of them.

On the other side of the ocean, Li Qichen got off the plane. As soon as he turned on his mobile phone, he heard several continuous Ding Dong sounds.

When he opened the mobile phone interface, the first thing he saw was an an's missed call.

His fingers stopped for a moment, and a little joy gradually surged in his heart, even the corners of his lips did not feel up.

I deliberately ignored her this morning, which really made him angry last night.

What a few chances, she was caught in bed by her father, and she could lie to herself.

She just didn't want to admit their relationship.

However, when he saw her reluctant appearance in the morning, his cold heart became very soft. He even gave her countless reasons to excuse her.

She also knows to call him. She has a conscience.

Li Qichen started the message again.

Looking at the picture on the screen, his back froze, even the smile on his face solidified, covered with a layer of frost.

He gritted his teeth and said, "angel Li! That's good

She also said that she had nothing to do with Tang Jin. As soon as he left, she couldn't help looking for another man.

Li Qichen returned to school and applied for transfer to the college for the first time.

Li Qichen is the pride of the school. For such a bully level student, the teacher is naturally all kinds of retention, even the school leaders are out, but Li Qichen refuses to say anything and is determined to transfer.

On the domestic side, he just made a phone call, and the president of a university called him in person, saying that he was very welcome and willing to receive his files and information.

Do all this well, Li Qichen returned to the place where he lived, took out his mobile phone and dialed a phone.

He looks angry.

“Lu Ziyang, give me some pictures!”

“P what? P what picture? “.....

An'an and Tang Jin have been sitting by the river. At the beginning of the lantern, Tang Jin sends An'an back to Li's home.

The Tang family will recognize An'an, but they will give an explanation to the Li family instead of being in such a hurry.

Li's family treats An'an as their own daughter, so they can't let Li's family chill.

Tang Jin sent An'an to the door, “An'an, you go in! Rest early in the evening

An'an doubts a way: “you don't go in to sit to walk again?”

“No, I'll go back to the hospital first. My grandfather needs to be taken care of.”

Ann bit her lip. “I'll see my grandfather tomorrow.”

Tang Jin said with a smile: “that grandfather must be very happy. Maybe he will get better soon.”

Ann glared at him, “how can it be so magical?”

“Maybe!”

Tang Jin waved to her, “go! See you tomorrow

“Goodbye!”

An’an stood on the side of the road and watched Tang Jin drive away. Then she turned and walked home.

Wenqiao was waiting for her on the sofa in the living room. Seeing her coming home, he asked eagerly, “isn’t there anything wrong with don?”

“It should be OK, Mommy. Don’t worry!”

Probably because of knowing about her biological parents, Ann has a special attachment and dependence on Wenqiao.

She held wenjo’s arm and put her head on her shoulder.

“Mommy

Wenqiao pretended to be displeased and said, “how can you still be like a child when you are so big?”

Ann Du Du mouth, holding Wenqiao’s arm coquetry, “Mommy, Mommy! I just want to call you more! ”

Wenqiao said with a smile, “what’s the matter today? Is something going on? ”

Ann pursed her lips, hesitated and said, “Mommy, I’ve found my biological parents.”

“You What did you say? ”

The smile on Wenqiao's face suddenly changed, and her heart suddenly became speechless. "You said you found your biological parents?"

"Well!"

Ann dropped her eyes, blocked the sadness in her eyes, and said in a soft voice: "grandma TYA is right, they have all passed away..."

Wenqiao hugged Ann painfully, "silly boy, don't you still have us? I am your mother

"You will always be my mommy and daddy will always be my daddy. No matter whether I find my own parents or not, you are all my closest and most beloved people!"

"Silly girl, tell me how you found them!"

Winjo looked worried.

She worried that Ann would be cheated.

Chapter 1365

Anyuan told Wenqiao about it.

"The last time I had a party at home, Tang Jin told me that I looked very similar to his grandmother. At that time, he was joking. He was so anxious that he took out the photo to show me. I found that I really looked very similar to his grandmother. It wasn't, it was just too much!"

Wenjo recalled the details of the day with a soft sigh.

That day, she saw that Tang Jin was very attentive to An'an. She thought they would have a play. Unexpectedly, it was because of this.

“I know. Later, Tang Jin invited you to Tang’s house on his 70th birthday. In fact, Tang Jin told Tang about you, and Tang invited you!”

an an nodded,” it’s true. That’s right. In the Tang family, I asked Tang Jin about some things about the Tang family, and then I knew. ”

Wenqiao knew that Ann’s biological parents were no longer in the world, so she was doubly kind to her and made up for all the love she had lost her parents.

Although ANN can find her relatives, she is happy for her, but it is her daughter who has been raising for more than 20 years?

My heart is more like overturning the bottle of Wuwei vinegar.

“Ann, although mummy is happy for you, mummy can’t bear you!”

Ann put her arms around Wenqiao and said, “Mommy, I’ve always been your daughter. No matter whether I find a relative or not, this will never change!”

Wenqiao is the softest, originally is not happy, now instead to comfort Ann.

“Mm-hmm! Silly child, don’t worry, mom and dad will love you as before, you will always be our Li family. It’s just that now I’ve got twice as many relatives to love you. I’m very happy. ”

“.....”

Ann was very moved, but also because of the things with Li Qichen guilt.

Mom and dad are so nice to her, but she

As soon as the story about her and Li Qichen comes to light, even if Mom and dad agree, the outside world's eyes

At that time, the Li family will become a joke of the upper class.

A noble family, but raised such a child.

The upper class society is rotten, but it's more and more beautiful, so she doesn't allow this to happen. She can't bear to see her parents being criticized, and she can't bear to see Chenchen being criticized.

Thinking of Chenchen, the smile on her face gradually solidified and became a little lost.

Ann felt much better after talking to wenjo.

Back to the room, the first thing is to check the mobile phone, whether Li Qichen's call back.

By this time he was off the plane.

However, full of expectation to open, and a face of loss to turn off the phone.

Is he angry with her?

Why don't you talk to her?

Ann was lying on the bed, looking at the white ceiling, with a cry in her heart.

"No! Don't quarrel with Chenchen, explain it to him

Thinking about this, she got up from bed, picked up her mobile phone and sent a message to Li Qichen.

“Chenchen, I’m very sorry about last night...”

After typing the line, she deleted it again.

There seems to be something wrong with this. What should I say next?

Did she regret it?

This sounds a little fake, even she did not believe it.

At that time, she really did not have such a strong psychological quality.

She bit her finger, thought about it, and typed a new line on the keyboard.

“Morning, are you at school? Have a good trip? Can you give me a message when you see my message?”

After the successful transmission, Ann has been staring at her mobile phone.

But I waited for more than half an hour without waiting for Li Qichen’s answer.

There was a growing uneasiness in her mind.

Why didn’t Chenchen return her message? Is something wrong?

Thinking of this, she couldn’t stand it any longer and quickly dialed him.

“Sorry, the number you dialed can’t be connected!”

“Can’t get through?”

An an Zheng Zheng ground listens to the sweet voice that spreads in the mobile phone, the whole person all stunned several seconds.

She quickly turned over, ran to the downstairs living room, took the landline in the living room and dialed the number.

After two seconds, the display sound of “Du, Du” came from the other end of the phone.

A sense of coolness rose from the sole of the foot board, and instantly ran to the whole body. The whole person seemed to be splashed with a basin of cold water.

Chenchen didn’t have an accident. Instead, she blacked out her mobile phone number.

“Hello?”

At the moment when she was stunned, the phone was connected, and a low voice with magnetic charm came into her ears.

“.....”

Ann panicked to be at a loss and hung up the phone.

She thumped up the stairs and closed the door with her backhand. My heart is in a mess.

He said that if she ran away again, he would break up with her.

So Did he mean to break up with her?

Ann leaned against the door, her heart was empty.

This night, tossing and turning, is another sleepless night.

The next morning, Ann went downstairs with two black eyes.

From a distance I heard a conversation coming from downstairs.

The voice of master Tang.

An an's step is a meal, then accelerated step to walk down stairs.

In the living room on the first floor, Wen Qiao and Li Fengbei, Mr. Tang and Tang Jin are sitting on the sofa in the living room, drinking tea.

Seeing her coming down from the upstairs, the four of them looked at her and said to her in one voice:
"An'an, come here quickly!"

"....."

Ann's heart beat faster for a second, and she walked towards the four people with her feet raised.

Asked winjo, holding her by the hand and letting her sit beside her.

"An'an, Mr. Tang wants to meet you with the Tang family. What do you think?"

Wenjo's tone was a little anxious.

She doesn't want to be separated from her daughter.

But after all, the Tang family is her family, and she is not good at making decisions without authorization.

Ann pursed her lips and twisted her fingers on her side.

She didn't speak yet, but Li Fengbei took the lead in saying: "an an naturally lives in Li's family, and her surname continues to be Li, so it's impossible to go back to Tang's family!"

His pain is real, from small to big.

How can you be willing to change An'an to the Tang family?

Mr. Tang's face is not good-looking, but as an elder, he has to maintain his demeanor.

He winked at Tang Jin.

Tang Jin said: "Uncle Li, An'an is the only flesh and blood of my fourth uncle. Naturally, I want to recognize my ancestors and return to our ancestors!"

Li Fengbei waved his hand. "An'an is 23 years old now. You haven't raised her for the past 23 years, but now you want to take her back. It's impossible!"

With a look on his face, the old man of the Tang Dynasty could not take care of his face. He said directly, "we don't have an an in the Tang family, but whose reason is it? If you hadn't taken my granddaughter away, would we have been separated from her for 23 years?"

Li Feng North a choke, "..."

He couldn't refute this. It was his fault that came first.

However, it is absolutely impossible for him to let his daughter out.

Chapter 1366

Li Fengbei said: “anyhow, an an’s surname is Li and she lives in Li’s family, but I won’t stop her from going to Tang’s family.”

“You Isn’t that what you’re trying to do? ”

Master Tang was very angry.

He had heard of Li Fengbei for a long time, who was tyrannical and autocratic. Today, he saw that he was a bandit.

Originally, the Li family was not in the first place and could be so aggressive.

Li Fengbei had a firm face and didn’t feel that he was bullying others.

“It doesn’t need to be discussed, just do it! Ann is still in our Li family

The master of Tang gave Li Fengbei a big smile, “good nephew! It’s wrong for you to say that. Ann naturally wants to go back to our Tang family with me! ”

“Don’t even think about it!”

Seeing that both sides are going to quarrel, An’an’s heart is even more tangled.

She didn't expect this to happen.

Wenqiao rubbed his temple and stopped: "well, don't argue! It's not even up to you to say anything about it. You'd better ask ANN for her own opinion! "

Then she patted An'an on the back of her hand and asked gently, "An'an, do you want to be in the Li family or the Tang family?"

"....."

Ann clenched her lips tightly, and her pale lips made a scarlet mark.

Wenjo knew the problem was troubling her.

She took An'an's hand and comforted her: "don't worry! Your daddy would say that if you didn't want to give up. Your daddy and I both hope you can have a good time. The final choice of this matter is still in your hands. You dare to say that even if you say you want to go back to the Tang family, Mommy will agree you to go back, even if you don't want to give up, but after you go back, you should always remember to come back to see us and talk with mom! "

After listening to Wenqiao's words from the bottom of his heart, Ann felt even more remorse.

It's all her fault that makes us so embarrassed!

If she had not been looking for relatives, this would not have happened.

A sour nose, gradually emerged in front of a layer of water mist.

"Mommy, daddy, I'm sorry!"

Wenjo looked at the tears in her face and put her arms around her.

“Ann, don’t cry. Even if you choose the Tang family, you are still our baby. Don’t cry. Your mother wants to cry when you cry!”

Hearing this, Ann cried even more.

However, with the existence of Li Qichen, she must go out from this home. Even if she doesn’t give up, she must go back to the Tang family.

Only when she comes back to the Tang family can she and Chenchen be together.

Thinking of this, she gritted her teeth and made up her mind.

She stood up and made a deep bow to Li Fengbei and Wen Qiao.

“I’m sorry, daddy and Mommy! I am an unfilial girl

Li Feng North frowned, smell speech, angry fingers are shaking, a face can’t believe.

“Li Anqi, I really don’t care about you for more than 20 years. How long have you been with the Tang family? How long are you going to go back to the Tang family? It’s so chilling for you to make dad like this

“I’m sorry, Daddy!”

Ann wiped the tears on her face, but the tears were like beads with broken thread. She couldn’t help but wipe them dry.

Her heart aches.

She didn't want to see her parents disappointed.

Mom and dad are so kind to her, but she does not hesitate to go back to the Tang family. She is really a white eyed wolf.

"You...!"

Li Fengbei was very angry, but he couldn't say any cruel words to scold her, so he turned his head to one side and didn't see.

Wen Qiao also sad red eyes, "an an, take good care of yourself, even if you go back to the Tang family, you have to often come to Li's to see your father and mother, you know?"

"Mm-hmm! I will Ann choked.

Wenqiao was not at ease and told: "when you go to the Tang family, you should be obedient and sensible, be filial to your grandfather, and also respect your uncles and aunts. Don't be willful."

"Well, I will!"

"Child! Do you have to go? "

The more winjo thought about it, the more reluctant he was.

Her biological parents are no longer, even now back to the Tang family, only her grandfather and a few aunts and uncles.

Master Tang will love her, but what about those uncles and aunts?

She didn't grow up in the Tang family and didn't have any feelings with everyone. All of a sudden, she went home and shared her property with everyone. Would her uncles and aunts not like to see her?

Wenjo was very sad to think of it.

"Maybe the Tang family is not as good as you think. Do you want to think it over?"

Without his own parents, where can the Tang family live comfortably in the Li family?

Ann can't have thought about this.

But

She has to go back to the Tang family.

She was cruel, "Mommy, I will take good care of myself, and I will often come back to see you and chat with you to relieve my boredom!" Her attitude was so firm that it was hard for Wenjo to say more.

"Since you want to go back, I support you! Remember what my mother said, this is always your home. If you don't have a good time, or if someone bullies you, come back and tell me!"

Li Feng North listen to two people dialogue, cold hum a, turn round to go upstairs.

Ann looked at his angry back, fingers deep into the palm.

As a result, master Tang is happy.

"Mrs. Li, please rest assured that our Tang family will treat An'an well. Our Tang family has no daughter for three generations. It's not easy to have such a baby. Everyone will love her. Don't worry!"

Wen Qiao is not good at fighting with Tang. After all, Tang is an elder and a respected scholar. He has made so many contributions to the society and is worthy of respect.

She took a deep breath, tried to restrain her voice and said calmly, “don, I won’t say anything more. I believe you will treat Anna well. If she has a bad life, we will ask her back!”

Tang Laozi nodded, “this is natural!”

Tang Jin said: “Madam Li, my grandfather is not well enough to stay outside for a long time. Next time I’ll visit with An’an. Today we’ll go back for the time being!”

Wenqiao quickly stood up and looked at Ann with a reluctant face.

“Are you going to leave? Don’t you pack up?”

“Mommy...”

Ann is also very reluctant, at this time is to feel selfish to the extreme.

Tang Jin interrupted with a smile: “An’an, the Tang family has prepared everything for you. You don’t need to take anything. Let’s go!”

Seeing that Ann was going to leave with Mr. Tang, Wenqiao almost couldn’t stop.

“An’an!”

“Mom!”

Ann threw herself into winjo’s arms and gave her a big hug. “Mom, I’ll come back again!”

If she can stay with Chenchen, she will still be a member of the Li family, and she can still live with her.

But she can't say that yet.

"Don't be sad, mom, I'm going!"

Ann worried that she would be reluctant to leave, released Wenqiao and ran out of the room.

Watching Ann leave, Wenqiao's heart was broken. "Ann, my daughter!"

Li Fengbei came down the stairs and helped Wenqiao painfully. He was worried, but his face was not happy.

"Don't be sad for that unfilial girl. After raising her for more than 20 years, she is not as good as the Tang family who has been together for one day? What a white eyed wolf! I'm so angry

On the way back to the Tang family, An'an was ambivalent and sad, but full of expectation for the future.

When she got back to Tang's, she would tell Chenchen about it.

Looking at her sighing, he grabbed her hand and asked kindly, "Why are you always sighing? Don't you want to go back to the Tang family with your grandfather? "

Ann put a smile on her face and shook her head.

The old Tang patted the back of her hand comfortingly, "grandfather knows, you must be reluctant to leave Li family! After all, Li's husband and wife treat you so well. To tell you the truth, my grandfather's heart is empty when he takes you home! Actually... "

He hesitated for a moment, then said: "in fact, I am very curious, Li family couple treat you well, why do you promise to go back to Tang family with grandfather?"

He knew how many times it would hurt Ann's heart, but he was really curious.

I thought it would take a lot of effort to recognize An'an.

Unexpectedly, she readily agreed.

This fact is strange.

An'an sighed a long time and said softly, "maybe I am a selfish person! I give you the reason why I have to leave the Li family!"

Don was curious, "huh? Why?"

"Grandfather Can you stop asking me why now and wait until I can tell you the truth?" Ann prays for the tunnel.

Tang touched her head painfully, "it's OK. When you want to say it, it's the same to tell your grandfather. I'm really happy that you can go home with your grandfather. Thank you! Thank you for giving me a chance to make up for you

Ann said: "grandfather, in fact, you don't need to blame yourself so much. You didn't do anything wrong to me!"

"Aj ~ ~"

because of An'an's kind words, Tang's eyes were moist.

“Good boy! Don’t worry, as long as you have your grandfather, the Tang family will protect you. No one dares to bully you

“Mmm, thank you, grandpa!”

Ye and sun looked at each other, and they both laughed happily.

The Tang family is a century old family. They are all knowledgeable and reasonable scholars. In addition, the Tang family has so many boys and none of them is a girl. ANN is the treasure of the whole family. Naturally, she is kind to her heart and lungs, and there will be no such thing as Wenqiao worried about. But Wenqiao is a loving mother, any worry is reasonable.

When the car stopped, far away, she saw a dozen people standing in front of the Tang family.

Last time she came to the Tang family, she basically met with all the people in the Tang family. Naturally, she recognized that these ten people were all members of the Tang family.

Uncle, uncle, uncle respectively with their wives and children stood at the door to welcome her return.

As soon as we got out of the car, we gathered around happily.

“Ann, I’m your uncle! When I saw you for a long time, I knew that you were from the Tang family. It’s so nice that old four finally had a queen. It’s time to rest in peace under the nine springs.”

“An’an, I’m your second uncle. This is the gift that my second aunt and I gave you. Don’t give up!”

With that, Tang Huai put a polished inkstone in An’an’s hand.

Chapter 1367

An an picked it up and saw the word “song” on the inkstone.

A woman in a dark green cheongsam, with excellent temperament, looks about 40 years old, and comes forward with a smile.

“An’an, your second uncle has no other hobbies. He likes to collect inkstones. This inkstone is an antique of the Song Dynasty. It’s also your second uncle’s favorite inkstone. Don’t give it up!”

An’an was stunned and quickly returned the inkstone to Tang Huai. “Er Bo, this is your favorite thing. Keep it for yourself! I don’t understand those anyway. It’s a waste to give them to me! ”

Tang Huai helped the frame and said with a smile: “do you dislike the second uncle giving you the things he used?”

Ann looked and waved, “no, I like it very much!”

“If you like it, you can keep it, or the second uncle will be angry!”

“An an, second uncle let you take it, you take it, this is your second uncle’s intention!”

San Bo also came forward, “an an, this is a gift from San Bo. San Bo doesn’t know what you like. This card is for you. You can buy whatever you want. The password is six ones.”

Tang Wen is a real man. He doesn’t know what Ann needs, so he gives money.

If you have money, you can buy anything you like.

An’an is the last bone and blood that Laosi left in the world, just like his own daughter.

Ann took the bank card and her eyes turned red.

The people of the Tang family were so kind to her that she was flattered.

An'an has never been short of pocket money in the Li family, and the Tang family is not so rich. They have been literati for generations. How much money do literati have.

Because of this, this card is very precious.

However, she can't accept the money.

"Thank you, uncle, but I really can't accept the money!" Ann said

Tang Wen said with an unhappy face: "you have all received the gift from the second brother. Why don't you accept mine? Do you look down on Uncle San?"

"No, I absolutely didn't mean that. It's just that your gifts are too expensive. I'm very happy and moved, but I still can't accept this card!"

"no way!"

Tang Wen refused to answer anything he said.

At this time, a woman came forward shaking her steps and took the bank card from An'an. She said in a strange way: "she's the eldest lady of the Li family. Naturally, she's very rich. When do you need this money?"

Tang Wen changed his face and scolded coldly: "Wang Meijiang, return the card to An'an, or I will be rude to you!"

The woman named Wang Meijiang is An'an's third aunt.

Wang Meijiang didn't welcome An'an, the Tang family who came out on the way.

Originally, half of Tang's foot had already stepped into the coffin. Unexpectedly, a wild girl was killed on the way to share the property with their three brothers and the old man.

Isn't she the daughter of the Li family?

Unexpectedly, he didn't stay in the Li family and went back to the poor Tang family. Who did he want to answer?

"Tang Wen, what are you yelling at me? Am I wrong? Li's family is the richest person in China. She doesn't stay in Li's family well. Why come back to our Tang family to join in the fun

I was slapped before I finished.

On Wang Meijiang's white cheek, five red and swollen fingerprints immediately appeared.

Wang Meijiang was stunned. She covered half of her face and looked at Tang Wen with tearful eyes.

"You How dare you hit me? Don Wen, how dare you hit me

"....."

Tang Wen was holding the palm of his hand in pain, and his fingers were shaking.

His relationship with Wang Meijiang has always been discordant. It's common for him to make a lot of noise, but it's the first time for him to hit someone.

This slap is not only for the sake of An'an, but also the resentment accumulated by so many things for so long.

Tang Jin looked at her mother slapped by her father. With a look in her eyes, she quickly walked over and said, "father, what are you doing?"

Although he also felt that his mother's words had gone too far, how could he watch her being beaten by the people who gave birth to and supported himself.

Tang Wen pursed his lips and snorted coldly, "she is a shrew, not a mother!"

Wang Meijiang suddenly sat down on the ground and burst into tears.

"You are a white eyed wolf! Who made you President of a university? If it wasn't for my father, would you be the headmaster? You white eyed wolf, I dare you to beat me, I'm not finished with you

Smell speech, Tang Wen forehead suddenly jump, gnash teeth tunnel: "I was originally the first place in the written examination, if not you let your father make trouble, I will be brush down?"

"....."

Wang Meijiang burst into tears and clenched her fingers nervously.

Thinking of this, Tang Wen felt heartache and pointed to Wang Meijiang with trembling fingers.

"Wang Meijiang, do you have the face to mention it? In order to make me thank you, you deliberately asked your father to brush me down and help me up, so that I can thank you and marry you! "He hated it when he thought about it.

Hate Wang Meijiang, hate themselves, at the beginning should not be because he felt that this is because he readily agreed to Wang Meijiang.

At that time, he was so stupid that he thought that Wang Meijiang was a person who really loved and appreciated himself.

It was not until they had been married for several years that he got the news by accident.

Since then, he has been disappointed with her and has lost the passion he had when she was just married. But Wang Meijiang still doesn't know how to repent. He blames her for his dissatisfaction and even complains that he is useless and can't give her the life she wants.

With such a wife, he has been involved in it all his life.

Wang Meijiang looked at Tang Wen in shock, "did you know about this? How do you know?"

Tang Wen sneered, "hum! You finally admit it

Wang Meijiang realized that she had let slip. She quickly covered her mouth and shook her head to deny it.

Hearing that she was still denying, Tang closed her eyes, took a deep breath, and was extremely disappointed: "divorce? There's nothing more to say between us!"

Wang Meijiang looks at Tang Wen's firm eyes and gets flustered. She points to An'an and roars angrily.

"Tang Wen, you want to divorce me! Just for a wild girl who just came back to the Tang family, I don't know if it's the seed of your Tang family. You want to divorce me for her

"Wang Meijiang!"

Tang Wen angrily interrupted: "this is a problem between us. It has nothing to do with An'an. Don't make trouble out of nothing and change the topic!"

"Shut up Tang old son can't bear to roar a way.

Because he was too excited, he coughed suddenly, "cough, cough! Cough, cough

As soon as everyone's face changed, they hurriedly gathered around.

"Father, are you all right?"

"What's the matter with you, grandfather?"

Chapter 1368

Tang Wen pointed to Wang Meijiang, and his finger was about to reach the top of her head.

"Wang Meijiang, you are so kind! If my father has a problem, I will never let you go!"

Tang had not been in good health, but now Wang Meijiang was so angry that he fell ill again.

Everyone was in a hurry to send Mr. Tang to the hospital again.

Wang Meijiang looked at everyone's anxious appearance and clenched her fist unconvinced. Looking at An'an, her eyes seemed to be poisoned.

She counted everything Tang Wen had done to her on ANN's head.

If it wasn't for her, Tang Wen would not have beaten her, and would not have divorced her.

It's not that they haven't quarreled before. Every time they quarreled, Tang Wen would let her, not beat her, not to mention divorce.

But as soon as the wild girl came home, Tang Wen began to kick her nose and face.

No way!

She can't divorce Tang Wen. At her age, it's not a joke in everyone's eyes to divorce again.

As for Li Anqi, the wild girl, hum, she will definitely drive her out of the country, she swears!

Hospitals.

There was nothing wrong with him. He passed the dangerous period successfully.

Tang Jin sat beside her, looking at her sad face, stretched out her hand and rubbed her head, and said in shame, "An'an, I'm sorry about what happened just now!"

An'an turns to see to Tang Jin, some white face extrudes a smile.

"Why do you apologize to me?"

"About my mother..."

Ann clenched her fingers, drooped her eyes, and said in a low voice: "I should say I'm sorry. It's all because of me that my third uncle and third aunt quarrel!"

An'an is so sensible that Tang Jin feels more guilty.

"You don't need to be sad. My father and mother used to be like a pair of enemies. Since I was sensible, I have been watching them quarrel for so many years. Maybe divorce is a relief for them."

An'an is a Leng, looking at Tang Jin doubtfully.

"Won't you be sad?"

Parents have to divorce, and children are the biggest victims.

Tang Jin shrugged her shoulders and said, "they've been arguing all their lives. Now they're all this age. Maybe it's time for them to divorce and live their own life. It's time for them to live up to their good life if they are trapped in their marriage."

"Er..."

An an touched to touch nose, to Tang Jin these words some not quite can understand.

In the Li family, daddy dotes on mommy. He listens to mommy for everything. Even if Mommy does something wrong, daddy dotes on her.

Sometimes she shows her love in front of them, so what she sees is the good side of her feelings.

She thought that marriage was all about harmony and love.

It's the first time she's ever seen a couple like third uncle and third aunt who are like enemies.

However, she still felt sorry. On the first day when she came back to the Tang family, she let the third uncle and the third aunt quarrel because of her.

.....

Tang family, Wang Meijiang is so angry that she smashes everything in her bedroom.

"Don Wen, I'm not finished with you! How dare you slap me in the face and want to divorce me? There is no door

When she had enough, she sat on the bed panting.

Narrow minded people always think more and more extreme about things.

Wang Meijiang was originally a very strong person. Today, she was beaten in front of the whole family and lost her face. She couldn't swallow her bad breath.

What's more, the old man is about to die. When she comes back, isn't she fighting for her property in vain?

No, she must find a way to drive the wild girl out of the house.

With the strength of protecting the wild girl, she can't get rid of her, so We have to marry her out earlier.

Marry her out before the old man's death, so that she is someone else's family, so that she can't share her family with them?

"Ha ha ha!"

Wang Meijiang laughed with pride.

She is really a genius!

Wang Meijiang picked up her mobile phone and dialed a phone to go out.

"Who is it?"

The moment the voice sounded, Wang Meijiang immediately restrained her smile.

"Mrs. Qin, I'm wang Meijiang."

“Mrs. Tang, what can I do for you?”

The Qin family and the Tang family are not compatible. Naturally, Mrs. Qin doesn't have a good face for Wang Meijiang.

Wang Meijiang secretly gritted her teeth, what to pull?

However, in a flash, he restrained his expression and said with a smile, “Mrs. Qin, in fact, the enmity between the Qin family and the Tang family has been gone for so many years, and now it's time to calm down!”

“Well! Well said, it's not your family that died! ”

Mrs. Qin said rudely.

The smile on Wang Meijiang's face cracked for a moment. She gritted her teeth, took a deep breath and said with a laugh, “look what you said. No, I'm calling you today to tell you that our fourth daughter of the Tang family has been found!” “What daughter?”

“It's Lao Si and the child of that humble life outside. He lost the rest in the hospital at the beginning, and found her back a few days ago!”

Qin Fu was so angry that he gritted his teeth, “so you are demonstrating with me? Wang Meijiang, don't be complacent. If you do more injustice, you will die! ”

Wang Meijiang quickly comforted: “Madam Qin, you misunderstood! The Qin family and the Tang family have an engagement. Since Lao Si and Miss Qin have no fate, it's natural for Lao Si's daughter to fulfill the engagement with the Qin family's son! ”

Mrs. Qin snorted coldly, “do you think our Qin family wants all kinds of rubbish? I don't know what the wild girl is. Maybe she's a fool or an ugly girl. You can't pass her on to the Qin family! ”

“No! Mrs. Qin, I’ll tell you in secret that our old four can do it! She was adopted by the Li family. She has been growing up like a princess. She is graceful and graceful. She is a perfect match for your master Qin.”

Every generation of the Qin family is worse than every generation. In this generation, Qin Chuan is the only son.

Growing up in the palm of my hand is a spoiled child.

Although he looks like a dog, but who doesn’t know, sneaking around and playing with girls is a black sheep.

That wild girl marries him, absolutely has to eat endless hardships.

Thinking of this, Wang Meijiang was even more proud, “Li family! That’s the Li family! As long as your son can marry An’an in our family, the Li family will be a great help to your Qin family. From then on, your Qin family will be very popular

“The Li family?”

Mrs. Qin screamed in surprise, “you’re talking about the president and the Li family!”

“Yes! We, ANN, are real princesses

“My God

Mrs. Qin was overjoyed and suddenly pie fell from the sky!

“It’s the Li family!”

The Tang family is a fart. As long as they can get involved with the Li family, the Qin family will be developed!

“I said my son was born with a good life. I’ll tell my father about this. Tomorrow we’ll go to the Tang family to propose marriage!”

Wang Meijiang sneered in her heart.

I don’t know how many kilos I am. I really think that the old man will agree to their marriage just as he did 20 years ago.

With everyone’s guilt for Lao Si, it’s impossible to marry that wild girl to the Qin family.

She said with a smile: “Mrs. Qin, it’s not urgent. Not everyone can climb up to a family like the Li family!”

Mrs. Qin frowned unhappily, “Wang Meijiang, are you playing with me?”

“No, you misunderstood! I mean, when the rice is cooked, it’s too late for the Li family to repent.”

“What do you mean?”

Wang Meijiang looked at the door, lowered her voice and said something to her mobile phone.

Mrs. Qin narrowed her eyes and said happily, “good! That’s it!”

“You know it and I know it. Never let a third person know it!”

“Don’t worry, I’ll thank you well when it’s done!”

When the two reached an agreement, Wang Meijiang hung up with satisfaction.

Li angqi, since you dare to come back, I will let you die without knowing.

In the evening, Mr. Tang didn't matter. At his strong request, he went out of the hospital and returned home.

An'an pushes Tang's wheelchair and looks at the antique garden in front of him. His red lips are tight and his heart is very heavy.

As soon as she came home, she made her third aunt and uncle want to divorce. She was very upset.

"Yo, you're back!"

Wang Meijiang came down from the second floor and came up with a smile on her face.

Seeing her, Tang Wen turned deaf. "What do you want to do?"

Wang Meijiang mouth a shriveled, squeeze out a little poor tears, weak way: "just now I did wrong, ANN, can you forgive the third aunt?"

Ann can't believe that her third aunt would apologize to her.

She repeatedly shook her head, "third aunt, I don't blame you!"

Wang Meijiang wiped a tear, holding An'an's hand with a smile, "An'an, you are so kind. In fact, the third aunt likes you as well. It's just that the third aunt has such a character. She's used to being forthright and says everything in her mouth. That's why people misunderstand me so much!"

An an was caught by Wang Meijiang's fingers, and her whole body was uncomfortable.

She can feel close to the eldest aunt and the second aunt. She always has a different feeling to the third aunt.

She pulled her hand out of Wang Meijiang's hand without leaving a trace, scratched her head awkwardly, and said with a smile: "a forthright person is good, easy to get along with!"

Bai Yixin, the second aunt, looks at Wang Meijiang's acting. She turns a white eye and hums coldly: "forthright and sloppy are not the same meaning."

Tang Huai quickly pulled her hand, "cough, say a few words."

Bai Yixin stares at Tang Huai. She waves to An'an, "come, An'an, come to the second aunt. The second aunt will take you to your bedroom. The bedroom is arranged by me. I don't know if it suits you!" An'an doesn't want to stand here with Wang Meijiang and walks over quickly.

"Thank you, second aunt, for your trouble!"

Bai Yixin took An'an's hand and said enthusiastically, "we are a family. The second aunt is half of your mother. Don't be so outspoken with me! I like my daughter, but I have three sons. None of them is a daughter

Ann felt warm in her heart.

Second aunt is very kind to her!

Chapter 1369

Ann sleeps in bed, opens her eyes and looks out of the window.

The white moonlight gently tilted down, enveloping the whole antique manor in a soft light.

Quiet, quiet, beautiful.

But she tossed and turned and couldn't sleep.

In just a few days, she became the only daughter of the Tang family.

She turned over and looked at the white ceiling.

She has some acquaintance, here everything is strange, strange walls, strange decoration, strange bed.

She reached out and picked up her cell phone from the bedside table.

I don't know how many times she picked up her mobile phone, but she didn't see Chenchen's message after turning it over.

Instead, wenjo sent her one.

"Ann, do you have a good habit in the Tang family?"

Ann pursed her lips. She should be happy when she thought of what happened today. After all, most of the people in the Tang family were very kind to her.

Uncle, aunt, second aunt, second uncle and third uncle

It's just the third aunt

Mother's worry is right. She had nothing to do with the Tang family, so she came home suddenly. It's normal for her not to welcome herself.

Thinking of this, she took a long breath.

It seems that in the future, we should get along well with the third aunt. Forget it, if we can get along well, we can avoid it in the future!

However, she would not tell her mother such news.

Let daddy know that she was angry at the Tang family, and it's strange that she didn't overturn the Tang family.

Thinking of Li Fengbei and Wen Qiao, she raised her lips and felt warm.

Her fingers struck a line on the keyboard.

"I'm fine, Mommy. Don't worry about me! People in the Tang family like me very much!"

After a while, the message went back.

"That's good. If they don't treat you well, you'll come back to Li's house right away, you know?"

"I know. I'll never hurt myself, Mommy. Don't worry!"

In the master bedroom on the third floor of Li's family, Wen Qiao holds his hand and nests in Li Fengbei's arms. He doesn't give up on his face.

"Don't I usually care too little about Ann? Why else would she leave home and go back to the Tang family?"

Li Fengbei hugged his wife and patted her back with his slender arm. He comforted her in a low voice: "don't worry, the Tang family dares to be bad to her. I will go to the Tang family directly!"

Wenqiao then broke tears into a smile, "yes, with your overbearing father, who dares to be bad to her!"

With that, she sighed again, "I'm afraid that Ann is too real and kind-hearted. Even if it's someone else's fault, she won't say anything!"

"....."

Li Feng North min from the corner of the lip, the words of Wen Qiao can not be refuted.

He is also worried about this. Today, he is impulsive. Tomorrow, he will go to the Tang family to make them dare not bully his daughter.

.....

In the early morning of the next day, two unexpected guests came to the Tang family.

Don doesn't feel well. He is in bed.

The three brothers of the Tang family received the guests.

You look at me, I look at you, you are full of doubts.

Tang bin is the boss. He took the lead in speaking.

"Mrs. Qin, Mr. Qin, what kind of wind is blowing you two here today?"

They all knew what happened in those years. The Tang family broke the oath first, so they were polite.

It's just that the Qin family has long since broken off their relationship with the Tang family. Why did they suddenly visit today?

Mrs. Qin was dressed in noble clothes. On a hot day, her shoulders were covered with luxurious mink skin. She was round and her smart eyes were narrowed, like a Maitreya Buddha.

She said with a smile, “well, I heard recently that the fourth daughter of the Tang family has found her. Today, I specially brought Qinchuan to my home to celebrate.”

Then she turned and looked at her son standing beside her, “chuan’er, these are the three uncles of your Tang family. Call someone quickly!”

“Hello, uncle Tang. This is a small gift prepared by the Qin family.”

With a clear voice, a young man with beautiful appearance and good manners came forward.

Tang Wen came forward, took the gift from Qin Chuan and looked down. It was a set of pink cosmetics.

At first glance, it’s something that little girls use.

Tang Wen couldn’t help but pick the next eyebrow, a little displeasure flashed in his heart.

This was the idea that the mother and the son had been fighting.

An an is the only girl in the Tang family. Isn’t this gift for an an an?

Covet An’an?

Hum! What a good idea!

Tang Wen saw the intention of the two, but he didn’t say anything. He just put the gift back into Qin Chuan’s hand.

“Mrs. Qin, I can’t accept such a valuable gift. We welcome you to our house, so we don’t need any gifts!” Mrs. Qin and Qin Chuan were both embarrassed.

I didn’t expect that the third member of the Tang family was so shameless.

Mrs. Qin immediately gathered her face and said with a smile, “brother Tang, to tell you the truth, I brought chuan’er here today just to ask you a question and ask you for a promise.”

“What promise?”

Tang bin doubts tunnel.

He didn’t know what the mother and son had in mind.

Tang Wen a light cough, interrupted: “Mrs. Qin, our Tang family is just an ordinary family, now the Qin family is going well, I’m afraid we can’t afford to give you any commitment.”

Mrs. Qin snorted coldly in her heart. This third brother of the Tang family is really annoying. No wonder Wang Meijiang doesn’t have a good relationship with him.

Tang bin and Tang Huai look at Tang Wen, and both frown suspiciously.

The third is usually the most gentle. How can he aim at Qin’s mother and son today.

Ignoring Tang Wen, Mrs. Qin said with a smile to Tang bin and Tang Huai: “well, it’s not a big deal. I heard that the fourth daughter of the Tang family has come back. I brought my chuan’er to fulfill my promise. Our Qin family and Tang family have been engaged for a long time. No, chuan’er and your niece are just the right age. Our Qin family is very honest. I was married more than 20 years ago Manman of your family committed suicide because of the treachery of the fourth member of the Tang family. We Qin family can’t do such a thing. What we should promise is that we Chuaner will forget our past and marry your niece. ”

“.....”

Mrs. Qin’s words made the three brothers of the Tang family feel angry.

It’s nice to say. I don’t know what Qinchuan is.

Some time ago, a dandy made a scandal that shocked the whole country. He played with an Internet celebrity and made people’s stomachs bigger. He was not only irresponsible, but also forced them to jump.

How can Ann marry such a man?

The three brothers of the Tang family all look a little bad.

“Mrs. Qin, that was many years ago. Don’t mention it now?”

Mrs. Qin’s face turned pale. Unexpectedly, the Tang brothers were protecting the girl like this.

“It’s decided by the ancestors. Do you want to go back on it?”

Tang wenleng snorted, “don’t label US indiscriminately. You also said that it’s something determined by our ancestors. Now what’s the age? Who’s still interested in that?”

When Mrs. Qin choked, her fingers trembled with anger.

Is it true that Wang Meijiang said that it is impractical to propose marriage directly? Is it true that

She stood up and took Qin Chuan to the door.

“Chuan’er, let’s go. The Tang family is deceiving people too much. Let’s expose this matter and see what face the Tang family still has!”

“You

Tang Wen stands up and goes forward to argue with Mrs. Qin. He is held by Tang bin.

“Old three! Sit back

“Big brother, how can Ann marry him?”

Tang Wen didn’t agree.

Tang bin glared at him.

Twenty years ago, it was true that the Tang family was sorry for the Qin family, but it was impossible to marry An’an to Qin Chuan, but the three uncles couldn’t make a decision about it.

“Mrs. Qin, what we care about is your feelings and my wishes. We need to take care of this matter.”

Mrs. Qin snorted coldly, and her face was full of arrogance. “Parents’ orders and matchmaker’s words, are you telling a joke? We’re just here to ask for a promise. I didn’t expect that the Tang family would bully people like that. I’m open-minded! ”

With that, Mrs. Qin took Qinchuan and left.

Wang Meijiang came from the door, saw Mrs. Qin, and immediately came forward with a smile.

“Mrs. Qin, what brings you here today?”

Mrs. Qin hummed coldly: “we came here for a good purpose, but the three brothers of the Tang family have a great prestige.”

Wang Meijiang took her hand and said, “don’t be angry, Mrs. Qin. It’s all settled down by our ancestors. Our Tang family is not that kind of treacherous people!”

As soon as Wang Meijiang finished speaking, Tang Wen roared angrily: “Wang Meijiang, shut up! If you can’t speak, get out of this house! ”

Tang Wen became more and more intolerant of Wang Meijiang.

Wang Meijiang immediately changed his face, “Tang Wen, do you want to fight with me in front of the guests?”

Tang bin and Tang Huai cheered: “old three! Say less

Seeing the quarrel between them, Mrs. Qin’s shrewd eyes turned and pretended: “Mrs. Tang, you were quarreled because of me. The Tang brothers may think that our sincerity is not enough! In fact, it’s not the three brothers of the Tang family who make the decision. In the final analysis, they are only the uncle of An’an. It’s the old man of the Tang family who can make the decision! ”

“Where is the master of the Tang family? I want to see him

After listening to Mrs. Tang’s words, Tang Wen became even more angry.

They didn’t know that their father was ill. As soon as Ann got home, they came back.

Hum! They don’t like the mother and son who have eyes in the sky. I’m afraid they like the Li family behind An’an?It’s really a toad who wants to eat swan meat and doesn’t look at his virtue.

His father loved An’an so much that he had to be very angry to know what the Qin family thought.

So this matter must not let the old man know.

However, Wang Meijiang had already winked at the servant and asked her to tell him about it.

The old man sat on the wheel and was pushed downstairs by the servant.

When he came for a while, he naturally heard what Mrs. Qin and Tang Wen said. His face was very ugly on his wrinkled face.

“Mrs. Qin, you’re asking us to be guilty.”

When Mrs. Qin heard Mr. Tang’s voice, she immediately turned around and said with a smile, “I dare not. I just want to fulfill the promise made by my ancestors.”

Chapter 1370

Mr. Tang snorted with dignity.

“It was decided by our ancestors. It’s been so many years. If my granddaughter doesn’t want to, who can kidnap my granddaughter?”

For so many years, he was open to it.

What is reputation? What is commitment?

His heart has always been very remorseful about driving old four out of the house.

It was decided by the ancestors. Why should he bear it?

He doesn't like Qin Manman. He has his own freedom of marriage. He doesn't want to be a scum. Why should he be bound by a casual promise all his life?

Even, if it wasn't for them to drive him out, he and Jiang fei'er wouldn't have to end up alone.

He won't rush after the kidnapper or have an accident because he's worried that his wife who gave birth in the hospital will not be taken care of.

If nothing had happened to him, ginger would not have died.

His granddaughter will not be orphaned at birth!

Now, it's Ann. As long as he's there, he'll protect ANN to the end.

Mrs. Qin didn't expect that Mr. Tang would give more face than the three brothers of the Tang family.

"Good! It's very kind of you Tang family to unite to bully our Qin family! Well, let's do it!"

"No, then!"

Don't give me face.

Wang Meijiang saw two people quarrel, in the heart anxious to death.

Mrs. Qin just didn't succeed. She told her clearly on the phone yesterday that she didn't want to be reckless. She just didn't listen. Now it's better to think things like this.

However, she did not expect that the Tang family would protect the wild girl like this.

You know, the Tang family is a scholar from generation to generation, and the reputation is the most important. It can be said that reputation is more important than their life.

But now, for the sake of that wild girl, I don't even want face.

How can this work!

If it goes on like this, the family is the wild girl's

she quickly pulls Mrs. Qin and makes a wild wink at her.

"Mrs. Qin, my old man is not in good health these days. Let's talk about it first? Next time we have time, we'll sit down and talk about it calmly!"

Mrs. Qin knew that Wang Meijiang was giving her steps.

She took a deep breath, restrained her anger, and said: "master Tang, today I brought my son to visit my family. There is no thing to tell us. It's our faux pas! But the marriage between the Tang family and the Qin family has been decided for a long time. Let's not be absolute about it. I think the elder of the Tang family is right. What matters about feelings is your affection. If they like each other, we can't stop us as elders at that time!"

She just stepped back.

Her son is handsome and romantic. How many women bow under his suit pants? Can't he understand a little girl?

She learned when she came here that this little girl is still a college student. She is a good girl. She doesn't like to play and has no boyfriend. This kind of girl is the best one to cheat.

Thinking of this, Mrs. Qin took Qin Chuan's hand and said, "chuan'er, let's go!"

“What’s the matter?”

When an an came down the stairs, she heard Mrs. Qin’s long speech.

Seems to be talking about something emotional, young?

She has an intuition that this is about her!

Hearing her voice, Tang choked, turned around and immediately changed into a smiling face.

“It’s OK, Ann. Why did you come down so early? Why don’t you get some more sleep?”

An’an blushed with concern for the old man of the Tang Dynasty, and said in embarrassment:
“grandfather...”

She didn’t go to bed until late last night, so she got up late in the morning.

Everyone has been up for a long time. She is the last one in the family to get up. My grandfather even asked her why she got up so early.

It makes her so funny.

Qin Chuan’s eyes were straight when he saw An’an.

Skin racing snow, shy when the cheek with shy red, white red, like the peony garden as good-looking.

At a glance, he fell, and her soul was about to be taken away.

Sure enough, there is no way to compare these real celebrities with those Internet Celebrities.

A sky, an underground, how can you compare!

“Hello, miss an, I’m Qinchuan!”

Qin Chuan took the initiative to come forward, showing a smile that he thought was fascinating.

Ann heard the sound and turned around in doubt.

Looking at the strange man in front of him, he nodded hesitantly, “Hello!”

“You just came back to Tang’s, must be very boring? Next time I’ll give you a party and invite some friends to play with you, so you won’t be so lonely! ” Qin Chuan thought it was very considerate.

An an’s mouth corners a smoke, some awkwardly touched nose.

This man seems to be familiar with himself! ,

and some self righteous!

When did she say she was bored?

They have only met once now, and their clothes look familiar. They don’t look very reliable.

Mr. Tang’s face was cold, and he coughed softly, “Mrs. Qin, Mr. Qin, it’s not convenient for our Tang family to entertain guests today, so we won’t send you off.”

Mrs. Qin snorted and took Qin Chuan’s hand.

“Since they don’t welcome us, we’ll come back next time!”

She is the daughter-in-law of Ding’an.

The Tang family is nothing but the Li family.

With the backing of the Li family, whether it’s Qinchuan or the Qin family, you don’t have to worry about it for the rest of your life!

When she thought of it, she felt proud!

It doesn’t take a lot of effort!

There’s a long way to go.

Looking at Mrs. Qin’s high – spirited look, An’an frowned.

But Qin Chuan didn’t know it, so he didn’t want to discharge towards her.

He thought he was very handsome and threw the broken hair on his forehead.

“Miss an, that’s our deal. I’ll ask you out tomorrow! Today I’ll go first! ”

An an

Watching the two go away.

An an doubts a way: “grandfather, who is this person?”

“Don’t worry about this. As long as my grandfather is there, I will never let you marry such a man!” he comforted

“What?”

Ann’s eyes widened in shock.

“Marry him?”

When she thought of the man just now, the corners of her mouth were pumping.

Why did she just come back to the Tang family and get married?

The three brothers of the Tang family didn’t want ANN to worry about it. They said in unison, “yes, you don’t need to worry about it. With us, no one can bully you!”

Ann was more confused.

Confused.

Why are you still talking about bullying?

What’s going on?

Wang Meijiang’s eyes turned. She thought the matter was not big enough and pulled An’an road.

“Ann, I don’t know about this. My third aunt told you!”
