Chapter 1381

Ann as did not see Li Qichen cast over the eyes, look at Wenqiao and Li Fengbei.

“Daddy and Mommy, I’ve grown up now. I know what I’m doing. Don’t worry about me!”

How can we not worry?

Wenqiao in the heart way, but in the end or can’t bear to say, worry about giving her too much psychological pressure.

“Well, my daughter has grown up and has her own ideas! Don’t worry, as long as you have daddy and Mommy, you are the real little princess

Li Fengbei also said: “An’an, don’t worry. Your mother and I have already discussed. When you get married, we will give you a dowry twice as much as the whole industry of the Qin family. If a girl has money, she will have confidence. The Qin family dare not do anything to you!”

Ann’s eyes were moist. “Thank you, mom and Dad!”

Wen Qiao took her by the hand and said, “this suggestion comes out in the morning. He is also very concerned about you. He is worried that you will be wronged in the Qin family.”

“He?”

Ann was so shocked that she didn’t manage the expression on her face.

How could Chenchen be so kind?

Why does she always think he has a different plan?

Li Fengbei said, "I'll go to visit Mr. Tang first. Let's go home together and let the lawyer come to the house to handle this matter."

"Now?"

Ann shook her head again and again. "No, I don't need so much money at all!"

Li Fengbei said with a spoiled face: "silly boy, where do you dislike more money? I think it's less. You are the first to get married. When my younger brothers and sisters get married, I'll give you more!"

Ann knows that the Li family is rich, but she has no idea how rich they are.

She is not very sensitive to money.

However, since it's the intention of her parents, her refusal will only hurt their heart. In the future, she will repay them well.

"All right then!"

The conversation of the three members of the family was as easy as the weather today, but the Tang family standing behind them were all shocked.

An'an's dowry is twice as much as all the assets of the Qin family.

The Qin family is also a well-known family in B city. I didn't expect that the Li family would be so generous.

How much is this!

All of us are more or less responsible.

After all, when I took An'an home, we all vowed to do it. But how long has it been since I came back home? It's such a mess.

If An'an is still in the Li family, the Qin family will not dare to make An'an's mind.

After all, the Tang family is useless!

Tang was originally looking for an an to talk to, the result is Li Fengbei, naturally said a lot of sorry words.

Say I'm sorry, ANN or something.

Li Feng Beiyuan was very angry, but he couldn't say too serious words to this kind and sick old man.

"Old man, you have a good rest. We will solve the problem of An'an. You can rest assured!"

With Li Fengbei's assurance, master Tang was relieved.

Ann went into the ward and said a few words to Mr. Tang. Naturally, Mr. Tang scolded her for being confused, but things have happened, and she has made up her mind to marry Qin Chuan. No matter how much he said, it's useless.

"I'm tired, you go first!"

Master Tang waved wearily and closed his eyes.

An'an stands by the bed and purses her lips. Suddenly, she squats down, grabs Mr. Tang's thin hand and says with red eyes, "don't worry, grandfather. In fact, Qinchuan and I are in love. You think we love each other, connive at me and wish me well?"

"Do you like Qinchuan?"

Mr. Tang opened his eyes again and looked at her suspiciously.

The last time Mrs. Qin brought Qin Chuan home to propose marriage, she didn't look happy.

He held Ann's hand tightly. "Ann, although grandfather is old, he is not old enough to be confused! Since you have made up your mind, let your mind do it. Whatever you want to do, grandfather will support you! Although my grandfather is poor all his life, he still has a small fortune. I will transfer all my property to your name! "

"I don't need it! Grandfather, keep it for yourself

Tang said with a smile: "my grandfather is already a man with half a foot on the coffin. What can I do with the money?"

Ann's face was a little embarrassed. "Besides me, there are three uncles in the family. They..."

The third aunt was on guard against her and worried that she would take away the property of the family. How could it be?

Mr. Tang said with a smile: "you don't need to worry about this. Your uncle and the three of them are going to be grandfathers. They have their own property outside for a long time. I should have given it to them when they got married. Now this one should be given to your father. Now it's natural for me to give it to you!" Ann still insisted on refusing, "grandfather, you don't need to worry about me. Daddy just said that he would give me a lot of money."

"I know, I just heard it!"

Tang patted An'an's hand heavily, "just like that, I want to do my best to give you the best! We Tang family can't lose too much to Li family!"

"....."

Ann was in a daze.

How suddenly she became a rich woman.

It seems that my grandfather is also hidden. He wants to give her a dowry as good as the Li family.

This is it the dowry in the legend?!

From the hospital, An'an followed Li Fengbei and Wenqiao back to Li's home.

After Li's family left, Tang called Tang's three brothers into the ward and said something about the dowry for An'an.

The three brothers of the Tang family said they had no opinion.

Mr. Tang is upright and upright all his life. He has taught his four children strictly since he was a child. Therefore, the children of Tang family are not those who are greedy for vanity and wealth.

At this age, each of them has his own property, so they don't need to stare at the property of Mr. Tang.

However, the old man has so many private coffers, which is beyond everyone's surprise.

Soon, the news reached Wang Meijiang and Bai Yixin.

Bai Yixin has no idea. She is not a greedy person.

Old man's money, he can spend it as he likes.

But Wang Meijiang didn't think so. She was so angry that she jumped up.

"I said that it would be no good for that wild girl to take her home! The old man hid so much money that he wanted to make dowry for that wild girl? How can there be such a ridiculous thing!"

Hearing Wang Meijiang's behavior, the three brothers of the Tang family were cold.

"Wang Meijiang, what does the old man hide so much money? That's what he earned. When you married your third brother, did your father give you less property?"

"Why is it the same! The old man's money is not given to us, but to a granddaughter who has just come home. What's the reason?"

"Ai ~ ~"

in the face of Wang Meijiang's shrewdness, no one wants to say anything more.

It's no use saying more. She won't listen anyway.

"Think what you like, but he has the right to deal with his father's money."

Wang Meijiang was so angry that she went to the sofa and said, "it's easy to say. When the old man can't move, who will take care of him? Don't you want us?"

Tang Huai sneered and said, "second younger brother and younger sister, your father has been sick so many times. It seems that you have never taken care of him."

“You! You are bullying me

Wang Meijiang began to cry, “Tang Wen, why are you so weak? Are you still a man? If you don’t face me in this matter, we’ll divorce!”

Tang Wen said coldly, “well, if you want a divorce, you can accompany me at any time!”

It’s bad luck for him to marry such a shrewd wife.

Tang bin couldn’t listen any more. He slapped heavily on the coffee table and roared unhappily: “don’t quarrel with me! It’s up to the old man. Let’s go!”

Tang bin is the eldest in his family. He decides the result of the event by making a sound.

Everyone went back to their rooms one after another, leaving Wang Meijiang crying in the living room.

She thought of marrying off the wild girl, just worried that she would share the property of the Tang family at home.

Now that she has just returned to the Tang family, people don’t have deep feelings for her. When she gets married, there won’t be much dowry. It’s definitely the most cost-effective.

How could you think that the old man was so cruel that he gave all his dowry to the wild girl.

Now, I’ll take a stone and hit myself in the foot!

I’m sorry!

.....

At the gate of the hospital, the four members of the Li family showed up in the parking lot, which immediately attracted the onlookers.

“Sir, madam, young master, young lady, please!”

The driver opened the door of the RV for them.

There are seven seats in the back seat of the RV.

Li Fengbei and Wen Qiao sit in the front row.

Li Qichen sits behind them. When Ann gets on the bus, she subconsciously finds a place far away from Li Qichen.

Seeing this scene, Wenqiao pretended to be displeased and said, “what do you do when you sit back like that? Did you go to Tang’s house for a few days and have a baby with Mommy? Come on, sit here

Wenqiao originally wanted to drive Li Fengbei to the back, but this guy didn’t look at him at all.

Ann looked at the four positions on this side, three of which were clearly sat down by the three of them, leaving only the last one, that is, the position beside Li Qichen.

An’an bit his lip and subconsciously looked at Li Qichen.

Li Qichen’s slender legs overlapped lazily. He turned to look out of the window and didn’t even give her a look. Ann hesitated and finally sat down beside him.

With mom and dad here, he doesn’t dare to hang out.

However, she underestimated the man’s cheekiness.

Wen Qiao pulls an an an to talk all the time, most of them are about getting married, and tells her what to pay attention to after getting married.

All of a sudden, a warm palm stretched out, and grabbed her soft waist.

Chapter 1382

“.....”

An an’s whole body was stiff, and her eyes widened.

A pair of big black and white eyes, incredible to look at the side of a serious man.

Is he really crazy!

Dare to mess around in front of mom and Dad!

An’an’s eyes are black with anger, but Li Qichen just doesn’t hear that and turns a blind eye to her warning.

Even more so, his fingers lifted the hem of her jacket, which was tied in her skirt, and his palms went in.

Ann’s face turned white, and she quickly reached out to hold his hand.

“Li Qichen...”

She clenched her teeth and lowered her voice to warn.

Wenjo heard her murmur, but didn’t hear it clearly.

“Ann, what are you talking about? I didn’t catch you again

“No It’s all right

Ann would like to find a hole to drill in, and her face turned red.

However, her strength is not his opponent at all, and she dare not shout when she is bullied by him.

He just grasped her weakness and knew that she would never let her parents know.

Li Qichen turns his head. Because of his height advantage, he looks down at her pale face and hooks the corner of his lips in a good mood.

She looks very angry. It’s really interesting.

I want to kill him, but I can’t kill him. I hate him so much.

Hum!

If you want to marry another man, don’t even think about it.

Ann saw that he didn’t move too much, and he couldn’t resist, so she had to let him take advantage of her.

The car stops at Li’s house. Watching Wen Qiao and Li Fengbei get off the bus, An’an gets a long sigh of relief. She shakes off Li Qichen’s big palm on her waist and wants to get off the bus.

Just move, was pulled by Li Qichen wrist.

Before ANN could react, he gave her a big kiss on her white face.

One touch, one minute.

She gritted her teeth with anger from the hot and humid air.

An an

This man is so bold!

She looked out of the car. Wenqiao and lifengbei went home hand in hand.

Fortunately, no one looked at them.

Two big eyes glared at Li Qichen, stepped on his feet, hummed and got off the car.

Li Qichen followed her, looked at her angry appearance, silently raised the corners of her lips, couldn't help but put out his thumb and gently wiped it on her lips.

The breath of her cheek seemed to linger on her lips, fragrant, soft and sweet.

Li Qichen's eyes were a little deeper, and a touch of freedom flashed through the dark pupil.

Back at Li's house, Wenqiao began to tell the servants and the chef to prepare food for An'an.

"An'an, you need to wait for a while before dinner. Go upstairs and have a rest first. I'm sure you haven't had a good rest in this day. Do you recognize the bed?"

Know son Mo if mother, an an embarrassed ground scratched to scratch a head.

“Then I’ll go upstairs first!”

“Go

After Wenqiao’s orders, he began to prepare lunch with his servant.

Ann anxiously took a look at Li Qichen.

He and Daddy are sitting on the sofa in the living room. They are discussing something.

When An’an looks over, Li Qichen suddenly raises his head and looks at her.

Across the air, their eyes collided.

It’s a spark.

“.....”

Ann quickly looked away, turned and went upstairs.

Thinking of what happened in the car, an an anxiously locked the door and lay down on her soft pink princess bed.

“Ai ~ ~”

holding her rabbit doll, she rolled around the bed and sighed comfortably.

The things that the Tang family prepared for her were also good, but she thought the bed was more suitable for her.

I haven't had a good sleep these days.

As soon as Ann lay on the bed, her eyelids closed heavily.

Sleeping in a daze, there was a sound of opening the door, followed by a sound of footwork.

She was so tired that she just fell into a trance and went to sleep the next second.

Li Qichen took up the spare key in his hand and stood by the bed, looking at her slim figure rising and falling with her breath, with a dark look in her eyes.

He swallowed, kicked off his slippers and climbed into bed.

Ann was half asleep and half awake. Suddenly she felt something creeping on her neck. It was itchy, wet and gradually creeping up her ears.

Delicate eyebrow impatiently a wrinkle, hand in the ear heavily a pat.

"Pa" of a slap, Li Qichen the whole person is stunned. Just when he thought she was on purpose, Ann smashed her mouth and turned over. Her little red mouth was still murmuring discontentedly.

"There are mosquitoes in the room?"

Mosquitoes

Li Qichen's face turned black.

He looked up and tried to hold her nose, but the palm of his hand was raised and he was not willing to drop it in the end.

This guy looks really tired.

As far as he knows, she hasn't had a good time in the Tang family these days. That Wang Meijiang often troubles her and wants to marry her out immediately.

But that Wang Meijiang must not feel well now.

Think of this, his eyes only full of love.

"Sleep, stupid pig!"

He put his finger down and gently touched her nose, which was very upturned and spoiled.

Li Qichen put one arm through her graceful swan neck, put one hand around her waist, buried her face in her neck and closed her eyes.

These days, not only Ann didn't sleep well, he didn't sleep for several days and nights.

At the moment, he finally held her in his arms, and his uneasy heart finally calmed down.

When Ann woke up, her two big eyes were still sleepy.

She raised her hand and rubbed her eyes. Then she found a long arm on her waist.

She raised her head in a daze and looked at a handsome face.

Deep as cut features, straight nose, thin lips slightly open, sexy to death.

It's just

Even when he fell asleep, his eyebrows were slightly frowning, and he looked like he was full of worries.

What was he thinking?

Did you have a nightmare?

A twinkle of heartache flashed in An'an's heart.

Just wake up, time staggered, she was in a trance, did not understand why she did it, she had come to him, in his frowning brow fell a kiss.

When she finished the action, she was stunned.

She even offered to kiss him?

Ann was startled by her subconscious action.

It's impossible between them for a long time. She's still dreaming about something here!

Ann would like to slap herself, her eyes suddenly cold down.

She took his arm off her waist and crept out of bed to the bathroom.

What she didn't know was that at the moment when she got up, the man who should have closed his eyes suddenly opened them.

Li Qichen raised his hand and touched his eyebrows.

The eyebrow seems to have the temperature on her lips

She She just stole a kiss from him!

It's not his illusion, is it?

Chapter 1383

It's not his fantasy, is it?

Li Qichen in the thigh ruthlessly pinched a, then silently hook up the corner of the lip.

It seems that this guy still has his heart!

Ann washed her face, combed her hair again, braided a braid, put it to her ear, and walked out of the bathroom.

Looking at the empty bed, she was stunned.

Li Qichen left quietly.

Just leave?

It seems a little out of character!

However, it was a little self-knowledge that he could take the initiative to leave. Ann turned her lips and went downstairs.

After a sleep, it's already 12 o'clock at noon.

Chinese food is ready, full of a big table, all she likes to eat.

"Are you down?"

While she was busy, Wenqiao said to her, "Chenchen hasn't come down yet. Go to his room and call him. We'll have dinner when he comes down!"

Li Xingchen and Li Anxin have to go to school, so there are only four of them in the family.

"Oh..."

Although Ann was reluctant, she went upstairs.

Standing at the door of Li Qichen's bedroom, he hesitated for a long time, then raised his hand to ring the door.

"Are you in there? It's time to eat!"

There was no sound after several knocks. Ann frowned and was about to turn away. A low voice came from the door.

"The door is open, come in by yourself!"

"....."

What an arrogant tone!

It was as if she begged him to go to dinner.

Ann unscrewed the door handle and, sure enough, opened the door.

Li Qichen just took a bath, only around his waist a short bath towel, black hair is still dripping.

Crystal clear water drops along the well-defined chin, sliding through the strong chest muscle, and then winding all the way, through the sexy abdominal muscle and Mermaid line, into the bath towel.

Anning's small white face flushed to her ears.

She quickly put her hand over her eyes and said angrily, "why did you let me in when you were not dressed?"

If she's dying, will she have needle eyes?

Li Qichen looked at her angry look, evil to hook up the corner of the lip.

He raised his foot and walked towards her step by step. He put it close to her ear and said in a low voice, "it's not like I haven't seen it before. What's reserved now?"

"You..."

Recognizing his banter, Ann stamped her foot angrily and turned out of the door.

What a pervert this guy is!

What's the bath at noon?

She said in her heart, "Mommy, let me tell you to go down to dinner. Hurry up!"

Finish saying, don't wait for Li Qichen's reply to huff and puff underground building.

Seeing that she didn't look very well, Wenqiao asked, "what's the matter? Chenchen bullied you again?"

"....."

Ann nodded and did not answer in silence.

Just at this time, Li Qichen came down the stairs.

His slim hand-made suit wrapped his perfect proportion figure, and his slender pace was calm. As he went downstairs, he arranged the cuffs of his shirt.

With his movements, millions of limited edition watches between his wrists shine brightly in the sun.

In addition, his hair was all sparse to the back of his head, revealing his amazing face.

It's breathtaking.

Ann subconsciously held her breath, even her heart beat faster.

The little maid whispered in surprise, "Wow, the young master is so handsome. He is so enchanting that she can't afford to die!"

"Come on, don't be a flower maniac. Go and set up the dishes. Dinner will be ready soon!"

With the servant's discussion, Li Qichen stands in front of An'an.

Looking at her stupefied appearance, she raised her lips and said in her ear: "do you still like it?"

"What?"

An'an didn't understand for a moment and looked at Li Qichen hesitantly.

But he just picked the eyebrows and didn't explain why he sat down on the dining chair.

Ann's delicate brows wrinkled fiercely.

I always feel that something is wrong with him

How can I see this expression? How can I get it!

Wen Qiao put it on the plate and scolded Li Qichen unhappily: "Chenchen, are you bullying An'an again? I used to be young, but now that you are all so old, why do you always bully An'an just like when you were a child?"

Li Qichen picked next eyebrow heart, to Wen Qiao's words noncommittal.

I bullied her when I was a child. When I grow up, I continue to bully her. There is nothing wrong with it.

When I grow up, I will bully in another way!

Seeing that he ignored himself, Wenqiao shook his head helplessly. When my son grows up, he is no longer as intimate as he was when he was a child. He is more and more like his father.

Can only comfort an an, “an an, he is like this, you don’t get angry with him, he wants to bully you, you bully back!”

“Yes! You can bully back! ”

This time Li Qichen is a hot topic.

With his smiling eyes, Ann always thinks that the bullying he said is another thing.

Pervert!

Ann scolded secretly in the heart and sat down beside him.

Li Fengbei finished the call and came to the dining room from the living room. Seeing an an’s unhappy face, he couldn’t help asking, “what’s the matter? Not happy? ”

An an hasn’t opened his mouth yet, Wen Qiao says helplessly: “Chen Chen bullies an an an again, you don’t care about your son!”

Li Fengbei said with a smile, “that’s their sister and brother. Chenchen, don’t you think so?”

Li Qichen picked the next eyebrow and said, “yes! We are in a good mood! ”

An an’s face turned red and he quickly lowered his head to pick up the rice.

This guy It’s crazy.

It seems that she’d better run away after dinner. The longer they stay together, the easier it is for them to help each other.

Wenjo put a piece of fried cod in her bowl and said, "have a taste

Li Feng said in the north, "your mother made it for you. I know you like it."

"Thank you, Mommy!"

Ann's heart is full of happiness. She takes a bite of COD.

It's delicious.

A meal, unprecedented satisfaction, enough to eat and drink, it's time to leave.

Speaking of it, I really don't give up to the Li family. Here are my parents. They have the warmth of home.

Although the people of the Tang family are also very kind to her, as long as she thinks of Wang Meijiang, her heart is very heavy.

"Daddy, Mommy, I'll..."

After dinner, Ann put the Coke Cup in her hand and got up from the sofa.

But before leaving, he was preempted by a low voice: "Daddy, Mommy, I have something to do today, so I won't go home at night!"

Where are you going? Why don't you go home at night? "

Li Qichen said: "something! I'll go first

With that, he lifted his foot and left.

Wen Qiao sighs helplessly, “this kid, more and more don’t understand what he is doing!”

She looked at Ann again. “Ann, what did you say just now? What do you want to do?”

“Ah, nothing!”

An an originally wanted to leave, but Li Qichen didn’t go home tonight, that is to say, she could stay at Li’s for one night.

Ann gave Wenqiao a curved smile.

“I just wanted to say that I won’t go back to Tang’s today. I’ll stay at home for one night.”

It’s still comfortable to live in the Li family!

Wenqiao happily said: “of course, you don’t always stay in the Tang family. You often come back to accompany your parents!”

An an looks guilty and says, “OK! I’ll come back with you as long as I have time in the future!”

Wenqiao nodded and said, “by the way, wait a minute, I’ve asked your godmother to go for a hairdressing. You can go with Mommy, too! You see, you’re going to be a bride in a few days. You look so bad. You’ll get married once in your life. You must be the most beautiful bride.”

When an an had nothing to do, he readily agreed: “good! I’ll go with you

At two o’clock in the afternoon, An’an goes out with Wen Qiao to have a hairdressing. At this end, Li Qichen goes to Li’s group after he comes out from home.

Beiqin was surprised to see him.

“Young master, how did you come to the company today?”

“Uncle Bei, I’m here to ask you a question!”

“I can’t afford to ask for advice. You are the young owner of the company. If you have anything, just tell me!”

“It’s like this! Come here, I’ll tell you

Li Qichen whispered a few words in the ear of Beiqin.

Beiqin was shocked and looked at him, “young master, why do you want to deal with the Qin family?”

In a few days, the young lady will be married to the Qin family. It seems that the young master is not kind to the Qin family at this time!

Thinking of Qinchuan, Li Qichen’s deep eyes flashed a trace of ruthlessness.

“I didn’t kill that bastard directly, I’ve been very restrained! However, when the Qin family becomes the bereaved dog in B city, his life will only be more miserable than his direct death. ”

Life is not like death is the best way to revenge a person.

The corner of the mouth of Beiqin can’t help twitching for a moment. It seems that the young master inherited the ruthlessness of the president!

Dare to offend him, even don’t know how to die.

.....

Qin group.

Qin Chuan came out of the Tang family to see an an and went to the company for the first time.

Mrs. Qin and her assistant are discussing something. They seem to be in a good mood. They are even more happy to see their baby son come to the company. "Son, how did you come to the company today?"

Mrs. Qin is a famous strong woman. She is basically in charge of the Qin family's property.

Qin Chuan said with a smile: "mother, you are in a good mood. Is there anything to be happy about?"

"Of course

Mrs. Qin pulls Qin Chuan to sit down on the sofa and takes out a document from the nearby desk.

"Son, mom tells you that mom will be able to sign a big order soon! Some time ago, my mother wanted to get the land on the other side of qingshanzhou, but she couldn't get it down all the time, but now there is a developer who is willing to develop it with us, Qin family, because of financial problems! "

"Is there such a good thing?" Qinchuan tunnel.

Looking at the contract in her hand, Mrs. Qin was overjoyed. "Is there any fake contract? By the way, this company still needs you to take over in the future. Do you have any problems with the contract? "

Qin Chuan closed the contract in her hand, "Hey, mother, you can see it. I don't need to see it again!"

"You child!"

Mrs. Qin looked helpless.

Chapter 1384

Qin Chuan thought of something, his eyes flashed slightly.

“Mother, you see, An’an has just promised to marry me, and you get such a big cooperation. It must be the people outside who have heard that we are going to marry the Li family, so they want to show us their kindness on purpose?”

Qin Chuan intentionally took the credit for this incident to An’an.

His mother didn’t have a good impression of ANN. He didn’t want ANN to be wronged after she married him.

Mrs. Qin turned her lips displeased.

“You, now that girl hasn’t married into our family, you can’t wait to speak for her. After she marries you, you can’t spoil her.”

“How?” Qin Chuan said sweetly, “mother always comes first in my heart.”

Mrs. Qin felt more comfortable and couldn’t help laughing.

“Well, you’re the sweet one! But you should remember what your mother said. Don’t neglect her or spoil her too much. ”

“I know the right way!” Qinchuan perfunctory tunnel.

He thought in his heart that it was his blessing to marry An’an. How could it be bad for her.

“Mother, Ann and I will take wedding photos tomorrow morning. Will you come with us?”

“What shall I do with you? It’s about you young people! ”

“That’s fine!”

Qin Chuan’s heart was sweet when he thought of that pure girl.

“Mother, I’ll come to the company on time every day. I’ve wasted too much before. Now you can teach me how to do business and how to run a company?”

Mrs. Qin’s eyes flashed by accident, and then she opened her eyes in surprise.

“Son, is that true? Are you willing to learn how to manage a company? ”

“Of course!”

He is about to start a family, how to say also want to work hard to make money, give their women a free life.

Mrs. Qin held Qin Chuan’s face, and tears were coming out.

“Blessed by my ancestors, I said my son is the best!”

Qin Chuan smiles awkwardly, “mother, it’s better to thank An’an than to thank her ancestors!”

If he didn’t meet his beloved girl, he didn’t want to come to such a boring place as the company.

But when he thought that he could make money for his beloved woman, he felt that his work was not so boring.

.....

Five in the afternoon.

Ann followed Wenqiao and song Xiaoya to have a hairdressing, drank afternoon tea and went back to Li’s home.

An’an has done a cleaning and maintenance for her skin. Originally, her skin is white, but now it looks like her skin is snowy, crystal clear and seems to glow.

She also had a new haircut at the request of winjo.

Originally a straight black hair, made a natural roll, slightly on the end of the hair a little color, looks elegant, feminine.

Wang’s mother exclaimed: “the first lady is so beautiful today. As expected, the woman who wants to be a bride is the most beautiful.”

Ann scratched her head sheepishly. “Is it really pretty?”

Girls love beauty. It’s natural to be praised by others.

Wen Qiao listened and said with emotion: “our daughter is so beautiful, but it’s cheaper than Qinchuan!”

When she mentioned Qin Chuan, she was indignant.

But things have already happened, and Ann said that she likes Qinchuan, so it's not good for them to be parents.

Even the Qin family did not dare to do too much.

Smell speech, an an eyes a dark, in the heart a sigh.

It's not to marry someone you like, no matter how beautiful you are.

After dinner, an an an calls Tang Laozi and tells him that he lives in Li's house today and doesn't return to Tang's house. He talks with Tang Laozi for a while. Seeing that he looks good, he hangs up with ease.

Grandfather Tang is ill, but it's not that she doesn't want to go to the hospital to take care of him.

In the current situation, master Tang was excited when he saw her. She had better not appear in front of him and continue to stimulate him.

After hanging up, Ann took a bath and lay on the bed.

But

She couldn't sleep in bed.

I'm very tired, but I can't sleep.

Holding a pillow rolling around on the bed, sighing, tossing and turning.

“Ai ~ ~”

I knew I couldn't sleep, so I didn't sleep so long at noon.

Ann anxiously scratched her hair and sat up from the bed with her hair in her arms.

Just at this time, there was a sound of footsteps at the door, and then the sound of opening the door.

An'an felt a thump in her heart.

Today, Li Anxin and Li Xingchen are not at home, and Li Qichen is not going home. Who will it be?

It's not a burglar, is it?

Thinking of this, An'an broke out in a cold sweat, quickly lifted the quilt to get up, looked left and right, finally picked up the high-heeled shoes on the ground and hid quietly in the door. The door opened and a dark figure stepped into the room.

Ann atmosphere dare not pant, trembling fingers, carrying shoes on the back to greet.

“Catch the thief Ah! Well

Her shoes haven't touched each other yet, she was grabbed by the wrist, even her mouth was covered by each other's hands.

An an's thin body was pressed on the door by her opponent, and her bones were about to shift.

Immediately, a familiar and low voice came from overhead, “don't shout, it's me!”

Li Qichen?

Ann has a brain crash for a moment.

Didn't he say he won't be home tonight?

It was because he didn't go home that she decided to stay at home for one night.

Warm breathing from the palm spray out, with hot temperature, as if able to penetrate the back of the hand to the bottom of the heart.

Itchy

Li Qichen body a burst of tension, strange temperature spread all over the body.

He swallowed, and his voice was low with a hint of ridicule.

"Trying to knock me with high heels? You want to murder your husband?"

"Well..."

Ann's eyes widened and struggled discontentedly.

But now she was suppressed by him, even her mouth was covered by him, and she couldn't make a sound at all.

What is the murder of a husband?

Shameless!

Li Qichen seems to see the dissatisfaction in her heart, reaching out to turn on the light beside her.

“Pa Ta” sound, the dark room suddenly become bright.

“Well...”

Ann subconsciously closes her eyes, and when she opens them again, the perfect handsome face of a man is close at hand.

His eyes were brighter than the light behind him, as if there were stars flashing.

The two clear pupils reflected her panic

An’an was surprised and quickly turned away from his lips.

His lips brushed her cheek.

Both of them had a meal.

Li Qichen gently raised her chin, sharp eyes staring at her delicate face, suddenly raised the corner of her lip.

“Why are you so beautiful today?”

Ann was embarrassed by him and turned to stare at him.

“When am I not beautiful?”

“Yes! It’s so beautiful that I want to treasure you! ”

He almost put his face in front of her, warm breath vaguely sprayed on her white face, and immediately dyed her face red.

Chapter 1385

“Li Qichen, you go away for me. I’m going to get married soon. Show some respect!”

An an pushes Li Qichen away with an angry face.

Li Qichen didn’t really want to do anything to her, but after hearing this, his face Shua coldly.

He raised her chin gently with his bony fingers, “you tell me clearly, you really want to marry that bastard of Qinchuan!”

“What are you angry about?” Ann said? Do I have anything to do with you? Why do you care about my business? I’ll marry whoever I want. It’s none of your business! ”

Her heart is full of grievances, two glazed eyes covered with a layer of water.

She forced back her tears.

She doesn’t want to cry in front of this person!

When she needed him the most, he stayed with other women and didn’t return information or answer the phone. Now he comes to question her. What’s his position?

“You...”

Li Qichen was annoyed by an an’s series of questions.

He threw away her thin chin and laughed angrily, “OK! Good! Li Anqi, is that what you mean? ”

“Yes

Ann pushed him away, looked at him with a cold face, and said: “my things don’t need your concern!”

Li Qichen is also impatient, blurted out: “OK! After you are bullied by others, don’t come to me to cry! ”

“I won’t come to you even if I cry, will I?”

“You!”

Li Qichen gritted his teeth.

Is it so hard to bow to him and explain what happened that night?

He really loves her. Even if she is sullied by Qin Chuan, he will treat her well. After all, it’s not her fault.

But she not only didn’t explain, but also married that Qinchuan. She was so angry with him!

Since she is so illiterate, he doesn’t want to mind her business.

“Angel Li, don’t regret it!”

Put cruel words, Li Qichen walked out of her bedroom.

An'an was so angry that she smashed the door with a pillow. "Li Qichen, you asshole!"

Ann was so angry that her lungs were about to explode. She lay on the bed and looked at the white ceiling. Her tears still flowed out.

Early the next morning, Qin Chuan came to the Li family to meet An'an.

Since Ann promised to marry him, he even changed his non mainstream hairstyle, dressed in a suit and shoes, and looked like that.

It's too early for him to come to Li's house. Ann hasn't got up yet.

Wen Qiao received Qin Chuan.

This is Wen Qiao's second contact with Qin Chuan.

The first time was in the Tang family. At that time, she didn't pay attention to Qin Chuan at all. All her attention was attracted by his domineering mother.

Wenqiao was not at ease with a mother-in-law like Mrs. Qin.

Seizing an opportunity, I can't help beating my future son-in-law.

"Qinchuan, we an an have been growing up in the palm of our hands. We haven't suffered any hardship. If we go to your Qin family, I hear some bad rumors, we will take an an home immediately."

Wen Qiao has beautiful eyes. His eyes are flowing. He looks forward to a bright future. He is nearly 50 years old. His charm is still there and his posture is elegant.

Even the voice was warm and soft, but the words made Qinchuan's back tremble.

"Don't worry, I will be good to Ann!"

Wen Qiao nodded, still cold face, "last time I met in a hurry in the Tang family, I found that Mrs. Qin was very kind to my family..."

Qin Chuan wiped the sweat on his forehead. Before Wen Qiao finished, he stood up and bowed to her deeply.

"My mother-in-law, it's really our fault. Don't worry. After Ann and I get married, we'll move out of our house and live alone. If she doesn't want to contact my mother, there's no need to contact her."

Smell speech, Wen Qiao is unexpectedly picked eyebrow center.

I'm quite impressed with Qinchuan.

However, it is not ruled out that this is rhetoric. After all, her daughter has not married him.

"It's better to do well than to say well. I have three points of trust in your words."

"Thank your mother-in-law for giving me this opportunity. You're right. It's not by mouth, but by action! I will definitely do good to An'an with practical actions!"

Qin Chuan vowed.

An an came down the stairs and heard Qin Chuan's words. She pursed her lips tightly.

It's nice to say, but it didn't hurt her as well!

Hearing the sound of footsteps, Wen Qiao looked toward the stairway and suddenly showed a kind smile. His mother's love spread on his face.

"Ann wakes up!"

"Mommy

Ann didn't look at Qin Chuan and sat beside Wen Qiao.

Qin Chuan didn't mind Ann's cold attitude towards him at all. He grinned at her and showed his big white teeth. "Ann, did you sleep well last night? Am I too early to disturb you?"

"....."

Ann didn't want to pay attention to Qin Chuan, but in front of Wen Qiao, it's not easy to go too far.

She resisted nausea and nodded to Qin Chuan.

"It's OK. I'm going to take wedding photos today. It's also right to be early."

Qin Chuan was relieved and thought she was not happy.

"If you're not upset, shall we go out for breakfast?"

"Just eat at home, why waste it so much!"

Ann has no expression.

She's not going out for breakfast with him.

Wenqiao said at this time: “yes, I have a good breakfast at home. Qinchuan, did you have breakfast? Would you like to have some with me?”

Qin Chuan said with a smile: “then I’ll be more respectful than obedient!”

Wenqiao turned and told the servant behind him, “go and ask the young master to come down and have breakfast together.”

“Yes, ma’am.”

The servant came upstairs and knocked on Li Qichen’s door.

“Young master, are you up? Madame asked me to call you down for breakfast. My future uncle is here

In the room, Li Qichen had already woken up and stood in front of the large French window. Looking at the yellow sports car downstairs, he pinched his fingers into his palm.

Qinchuan!

How dare you come to my home!

Uncle? Ha ha

He left the door and yelled at the servant: “what uncle, he doesn’t deserve it!”

“This...”

Servant a choke, but face Li Qi Chen Sen cold eyes, dare not refute, even busy way: “yes! I’ll have a sense of propriety in the future! ”

Li Qichen snorted coldly and walked downstairs.

There is something urgent in lifengbei. He has a job early in the morning, so there are only three of them in the family. At this time, plus a Qinchuan, there are only four of them to have breakfast together.

Li Qichen looks at the two people sitting together. His eyes are cold again, and his whole body is full of cold air.

He sat down on Wenqiao's right side, as if he could not see Qinchuan, and ignored him.

Qin Chuan naturally saw Li Qichen's hostility to him. Thinking of the scene he saw behind the rockery that day, he pinched his fingers into his palm.

But in a flash, he said with a smile, "good morning, young master Li!"

Chapter 1386

Li Qichen seems to see Qinchuan at this time. He looks up at Qinchuan, and then at An'an, who is sitting beside him. In his heart, there are countless little ants nibbling at him, but his face is smiling.

"It's Mr. Qin. Why is Mr. Qin free to come to our house today? As far as I know, young master Qin is famous for his singing every night. The sun has not yet come out. It's not like the legendary style!"

The smile on Qin Chuan's face could hardly be maintained.

"Master Li is joking!"

Ann has no idea about that.

Qin Chuan is such a person.

However, Li Qichen, how is this going on?

Is it crazy to end her and Qinchuan again?

Wen Qiao stretched out his hand and patted Li Qichen's arm. He reproached with displeasure: "can you talk? Shut up if you can't speak!"

No matter what kind of person Qin Chuan used to be, now he is An'an's fiance.

If you don't give Qin Chuan face, you don't give an an an face.

Moreover, with her intuition, Qin Chuan is not the kind of Playboy in the rumor. At least he is polite and reasonable, which is different from his fiery mother.

Li Qichen snorted coldly and stood up, "I can't eat this breakfast!"

Li Qichen dropped his chopsticks and walked upstairs.

The bread in Qin Chuan's hand is pinched tightly, but his face maintains a proper smile.

Wenjo's chest heaved with anger. If it wasn't for outsiders, she would have to teach this guy a lesson.

The atmosphere suddenly became a little embarrassed, but Qin Chuan was the first to restrain his expression and said with a smile, "I'm not good enough. Master Li has a great opinion on me."

Wenjo was embarrassed.

“Hey, he’s such an eccentric character. Don’t pay attention to him!”

Qin Chuan nodded with a smile and began to bite the bread in his hand.

After breakfast, Qin Chuan takes an an out to take wedding photos.

Li Qichen stood at the window of his bedroom and watched them drive away. He almost bit his silver teeth.

“Good job!”

She really went to take wedding photos with him!

With an extension of his arm, he casually pulled a coat in the closet, put it on his arm, took a bunch of car keys and went out of the door.

Wenqiao was directing the servant to clean the house. Seeing this, he called out, “Chenchen, where are you going?”

“Mommy, I have an appointment with Lu Ziyang to play basketball today. Don’t wait for me at noon!”

“Yes

Wenjo didn’t think much.

About this period of time nothing, he wants to do what it is, relax yourself or.

Besides, now that they are so big, moms can’t manage too much.

Li Qichen personally drove out of his home. As soon as he opened the golden carved gate, he called Lu Ziyuan, "Lu Ziyuan, come out!"

.....

Ann is taken by Qin Chuan to take wedding photos.

In a famous park, scenic spot, nowadays young people take wedding photos to find the place of wanghong.

A lot of people come to take photos every day. Qin Chuan spent double the price to get a place in the queue.

Ann puts on her white wedding dress and looks at herself in the mirror. She shakes her head for a moment.

So she's getting married!

It was not until she put on her wedding dress that she finally had a sense of reality that she wanted to get married.

Before she saw aunt Bingbing and uncle Mo Chuan married, both of them were full of happy smiles.

That kind of happiness is not pretended at all.

Only when you marry the one you love, will you feel happy?

There was no sign of happiness on her face.

She suddenly hesitated.

In order to get angry with Li Qichen and stop Wang Meijiang, is it really a wise choice to marry Qin Chuan?

However, at this point, there is no turning back.

“Miss Li, you look so beautiful. This fishtail wedding dress is just like a tailor-made one for you!”

Ann pulled the corners of her mouth, but her smile didn't reach her eyes.

Qin Chuan changed the bridegroom's clothes and went to the men's dressing room next to him. He opened the door and looked at the beautiful girl in front of her in a white wedding dress. Her eyes were full of amazement and obsession.

“Ann, you are so beautiful!”

Ann frowned, “hurry up, I have something to do after taking photos!”

Qin Chuan's heart flashed a little hurt, but soon again raised a smiling face, “OK, we try to be quick.”

Surrounded by the staff of the photography company, An'an and Qin Chuan came out of the dressing room to the outdoor shooting site.

Qin Chuan personally wring skirt for an an, handsome men and beautiful women, envy others.

Not far away from the golf course, Li Qichen gritted his teeth with anger, waving his baseball club and waving the golf ball out.”Ah

The staff of the photography company just took two steps, and a white golf ball came over, which scared everyone to scream and run around.

Ann looked at the golf course and saw Li Qichen looking at her provocatively.

Ann pinched her skirt in anger.

What the hell does this guy want?

What a madman!

Aren't you afraid of hitting people?

There was a whisper, "who is this man? How arrogant! It will kill people! "

Someone recognized Lu Ziyang's identity and pulled his colleague's arm. "Forget it, do you see the man beside him? That man is the son of Lu's group. All the sons of Lu's group accompany him. I think he is more powerful than Lu's family! "

"This..."

"Forget it, forget it! Let's go

Ann was very sorry when she listened to the conversation around her. She gave Li Qichen a fierce look, stamped her foot and followed the staff of the photography company to leave.

Qin Chuan took a look at Li Qichen and raised his lips to show a provocative smile.

No matter how angry you are, now ANN is his!

Li Qichen almost threw out his golf club.

“Qinchuan, you son of a bitch!”

Lu Ziyán’s face changed and he quickly held him, “don’t be impulsive!”

Li Qichen threw away Lu Ziyán’s hand and said angrily, “Li Anqi, who has no brain!”

Lu Ziyán patted him on the shoulder and joked: “she has no brain. Don’t you still like her? Why are you so angry that they can’t get married anyway?”

Li Qichen picked the next eyebrow, looked at Lu Ziyán, “how to say?”

“Good news for you!”

Lu Ziyán waved to Li Qichen and whispered something in his ear.

Smell speech, Li Qi Chen tightly wrinkly eyebrow heart stretch to open, peep out an evil smile.

“Well done, Lu Ziyán!”

“That’s it! I’m good at this kind of gossip

Lu Ziyán has a proud face.

Li Qichen climbs Lu Ziyán’s shoulder and looks at An’an and Qin Chuan posing there intimately. He feels uncomfortable, just like a mass of cotton.

“No! If it goes on like this, I’ll die of palpitation! ”

With that, Li Qichen turned and left.

Lu Ziyang was stunned and rushed to catch up, "Hey, what do you want to do? It's not that I said you, since you don't want to see her close to other men, you still have to come here. Aren't you looking for abuse for yourself?"

Li Qichen snorts coldly, and does not comment on Lu Ziyang's words. He takes out his mobile phone and dials a call.

"It's too hot today. Now give me artificial rainfall!"

Lu Ziyang came up and almost fell down when he heard this.

He gave Li Qichen a thumbs up, "you cow!"

Admire!

In order to prevent Ann from taking wedding photos, even this kind of method has been thought out.

The photographer managed to adjust the lighting and equipment, and was just about to let the two new characters pose. Suddenly, the sky began to rain heavily.

Almost without warning, the big raindrops came down.

"It's raining! It's raining

"Pack the camera quickly, don't get wet!"

"Why did it rain all of a sudden?"

Qin Chuan quickly took off his coat and put it on An'an's head.

Ann looked up at the sky, cold raindrops hit her face, cold.

She frowned suspiciously. It was sunny just now. How could it rain in a flash? What a strange weather!

A group of people came and rushed back to shelter from the rain.

The photographer photographed the raindrops on his body and said in silence: "it's really bad luck. Seeing this situation, there's no way to shoot again today. Let's talk about it tomorrow!"

Qin Chuan dissatisfied: "wait a moment, it doesn't rain, you can continue to shoot!"

Taking wedding photos is the first part of his marriage with ANN, which is not smooth and makes him more or less angry.

The photographer quickly explained: "master Qin, it's not that we don't want to take pictures. It's because it's raining so heavily and there's water all over the vegetable field. There's no way to take pictures again!"

"You..."

Qin Chuan was so angry that he wanted to argue with the photographer.

Ann looked at the growing rain outside and interrupted: "don't take wedding photos! Forget it

Anyway, it's not a real marriage. It's just a couple on the surface. There's no need to be so serious.

Qin Chuan secretly clenched his fist.

Ann finally agreed to take a wedding photo with him. Unexpectedly, all her efforts were ruined by a rain.

But Where's Li Qichen?

Didn't he play golf with the young master of the Lu family just now? How could those two people disappear in a twinkling of an eye.

Qin Chuan frowned suspiciously.

Ann is also looking for them.

Where did the two go after such a heavy rain?

I don't know if I got wet

This idea ran into my mind, and I suddenly woke up, eager to give himself two slaps in the face.

That bad tempered guy, she would worry about him, stupid?

.....

Li Qichen was in a good mood when he heard that An'an and Qinchuan had cancelled shooting.

He patted Lu Ziyang on the shoulder and said, "go, pick up An'an and go home!"

Lu Ziyang was speechless to him. "Since you like her so much, don't play hide and seek. Talk to her well. Maybe you two just misunderstood each other!"

"....."

Smell speech, Li Qichen deep min from the corner of the lip.

He hoped that there was only a misunderstanding between them, but her attitude didn't mean to communicate with him.

She is now very hostile to him, and there is a slight grievance.

Is it not he who is wronged?

Li Qichen pinches her eyebrows in a headache. When she comes across emotional things, she keeps pulling and managing things. She steals and doesn't know how to do it correctly.

Chapter 1387

Ann just changed her wedding dress, two tall figures appeared at the door of the dressing room.

"Ann, is it still shooting when it rains?"

Lu Zi's face was warm and moist with a smile, and he asked questions clearly.

An an looked at Lu Ziyuan and shook his head. "It's too heavy to shoot."

"Oh

Lu Ziyuan tried his best to hold back his smile. No, he was really worried that he would laugh.

“Then let’s go back? Chenchen and I have come to meet you

Ann didn’t want to go with Li Qichen. She was very angry when she thought that he had hit people with golf.

“No, I’ll go with Qinchuan!”

“.....”

Lu Ziyan’s mouth flicked and subconsciously looked at Li Qichen.

Sure enough, Li Qichen’s face was as black as a pan.

Lu Ziyan’s mouth drew straight, pretending to be discontented and said: “an an an, brother Ziyang, I’ve come to pick you up specially. Won’t you be so unkind? You’re going to get married soon. You’re someone else’s daughter-in-law when you get married. Even if brother Ziyang wants to play with you, he has to worry about other people’s eyes. Don’t you think so?”

Hearing Lu Ziyang say this, An’an seems to have no reason to refuse, so he has to say: “OK! I’ll go with you

Just at this time, Qin Chuan came from the door with a delicate face and a warm smile.

“Ann, are you ready? We can go!”

“I’ll go with Lu Ziyang!”

An an doesn’t have a good face for Qin Chuan either.

Qin Chuan a Leng, in the heart flashed a trace of grievance, he doesn’t want to see an an with Li Qichen contact too much.

That day in the Tang family, in fact, he saw Li Qichen kiss An'an. At that time, he was shocked. The degree of shock was no less than being struck by a thunderbolt.

He was very angry. Ann was his wife immediately, but he bullied her like that.

But he knew he couldn't rush up and expose them like that.

Once they are exposed, he may have no hope in the future, and his marriage with An'an will come to an end, so he soon calms down.

So he pretended not to see, interrupted them and took Ann away.

I didn't expect that Li Qichen was really haunted, chasing An'an.

He is the young master of the Li family. Before, an an was the young lady of the Li family.

But it's not biological.

Two people want to come together, others don't say much, just don't say on the surface, secretly as a joke.

Qin Chuan's heart is like a mirror.

He took two steps forward and pretended to take An'an's hand intimately. "An'an, don't bother others. I'll take you out. Of course, I'll go back from you, from beginning to end!"

An an's fingers were stiff, and she didn't shake her hands away just because she had to endure the discomfort from the bottom of her heart.

Before An'an spoke, Lu Ziyang said, "master Qin, how can we be outsiders? What's the matter with us and Anshun?"

Lu Ziyang's unspeakable contempt for Qin Chuan.

To curry favor with An'an is not to take a fancy to the Li family behind An'an, but to gain some benefits from the Li family.

Li Qichen's sharp eyes are like a deep pool, staring at Qin Chuan's hand.

If the eyes are a knife, then these two restless claws may have been cut off by him.

He couldn't stand it any longer. He was too lazy to talk nonsense. He strode forward and grabbed Ann's wrist.

"Go! Let's go home!"

His pace is fast and urgent. Ann's short leg is half pulled and half dragged by him. He can keep up with it by trotting all the way.

"Li Qichen, slow down, I'm going to fall down!"

But Li Qichen didn't listen to her plea for mercy, and his face smelled.

"An'an!"

Seeing this, Qin Chuan was so angry that he was about to follow him, but he was stopped by Lu Ziyang.

"Qin Chuan, they are brothers and sisters. They are closer than you. Don't follow them if you have a good sense of interest."

“Lu Ziyuan, don’t deceive others too much. An’an is my wife!”

Qin Chuan clenched his fist secretly.

Lu Ziyuan picked his brow and put it in his ear. His voice was evil and said, “is your wife still hard to say! You’d better mind your own business? Brother, I advise you, don’t force anything that is not your own. In the end, if you lose your wife, you will lose your army again! ”

Lu Ziyuan patted him on the shoulder, snorted coldly and followed Li Qichen and An’an to leave.

Behind him, Qin Chuan clenched his fists and almost pinched his fingers into his palm.

There was a sudden uneasiness in his mind.

What does Lu Ziyuan mean?

Do they have something on him?

Lu Ziyuan wisely sits in the cab. Li Qichen leads An’an and forces her into the back of the car.”Hum!”

Ann gave him a cold Snort and threw him the back of his head.

Li Qichen looked at her angry cheek and pinched her eyebrows. “Why do you want to take wedding photos with Qin Chuan?”

“Does it have anything to do with you whether I take wedding photos with him or not? Li Qichen, I’ll tell you, we have no relationship for a long time. The bridge belongs to the bridge, the roadside road! ”

Li Qichen raised her rebellious chin, and the eyes of the Falcon seemed to be the prey staring at her mouth, so she hooked her lips.

“You want to be clear with me? Wait and see!”

His firm eyes suddenly made her uneasy.

An’an snorted coldly, threw away his fingers, turned his head again, looked out of the window, and threw him a cold back of the head.

Lu Ziyang looked at them and shook his head helplessly.

It seems that these two people want to be together, there is still a long way to go!

Back home, Lu Ziyang drives away, and An’an and Li Qichen get off.

Seeing that they were coming back from the door together, Wenqiao went forward and asked, “Why are you coming back together? Ann, aren’t you going to take wedding photos? And you, don’t you mean to play

“Gone!”

The two said in one voice, and at the same time looked at each other, sneering coldly, “gone and back!”

Er

“What’s the matter with you two? I’m not talking about you. You are all so old. How can you still quarrel like children? People are going to get married soon, and it’s time to be more mature!”

These two have been friends since they were young. It’s really

Li Qichen's face softened a little and explained, "I didn't fight with her. She wants to fight with me!"

Ann put her hands around her chest uncomfortably. "What, when did I say I would quarrel with you, Li Qichen? Are you still a man? Everything's on me?"

"....."

Li Qichen was speechless with her words.

Wenqiao headache, "well, well, ANN, he is such a character, you don't see eye to eye with him!"

Li Qichen looks at An'an and goes upstairs.

Today, he was in a good mood after successfully destroying her wedding dress with Qin Chuan.

I don't have the same opinion with her about this little thing!

An'an gave a cold hum to Li Qichen's back and rolled his eyes.

What a proud ghost!

Wen Qiao ignored Li Qichen and said, "didn't you take the wedding photos? How come it's raining so well?"

Ann frowned suspiciously.

The weather forecast didn't say it was going to rain!

What a coincidence?

Looking back at Li Qichen's eyes, she always has an illusion

Could it be him?

However, this idea was soon denied by her.

How could he do such a thing for her? It's impossible to think about it.

Ann got rid of the confused thoughts in her mind, pulled Wenqiao and said, "Mommy, let's watch TV together. Don't pay attention to him!"

"Well, just don't give him the same opinion. I don't know if I can get a wife."

Winjo shook his head, as if to himself.

Ann tooted her lips.

He couldn't help retorting that he couldn't get a wife. There are so many women who like him!

The thought of this made her feel a little stuffy.

Ann pulls winjo to sit down on the sofa and turns on the TV remote control.

There's a news on TV.

– "Southern reporter reported that at ten o'clock in the morning, emergency artificial rainfall was carried out in city B. as we all know, this year will usher in a once-in-a-decade drought year, and there are still people with good intentions who donated artificial rainfall to everyone at this difficult time..."

The sweet voice from the beautiful host stunned Ann.

It turned out that it was not natural rainfall, but artificial rainfall. That is to say, what happened just now

No wonder she thinks Li Qichen's eyes are strange. She is still angry. As soon as she turns around, she looks in a good mood.

"Mommy, how can I donate artificial rainfall?"

"Call the weather station, check in or something." Wenjo replied casually.

Registration?

Before Wenqiao finished, Ann got up in a hurry and said, "Mommy, I still have something to do. I'll go first! I'll go back to Tang's first and see you when I have time!"

"Ah? Why are you leaving all of a sudden?"

Wen Qiao a face not to give up, the daughter returns with difficulty.

Ann grabs her handbag, changes her shoes and goes to the door.

"Something urgent. I'll be back in two days!"

Ann said hello and asked the driver to take her home. Tang Jin changed her clothes and was about to go out. Seeing an an, she couldn't help asking, "an an, I heard that you took wedding photos with Qinchuan today. Didn't you get wet?"

"Not bad!"

An'an shook his head and said anxiously, "brother, I want to ask you one thing. How do I check the donation of artificial rainfall?"

"Why are you suddenly interested in this? This should not be found in general. It's confidential. "

After listening to Tang Jin's words, An'an lost for a while.

"Secret That's not to be found! "

Tang Jin rubbed her head and said with a smile, "you look disappointed. What's the matter?"

"Nothing!"

"Coincidentally, I have a good friend working in the weather bureau. Would you like me to call and inquire?"

"Really?"

An'an excitedly took Tang Jin's hand, "brother, now you call me to ask, who donated the artificial rainfall just now?"

"No problem!"

Chapter 1388

Tang Jin immediately took out his mobile phone and made a call to his good friend.

After a while, the phone was connected, Tang Jin exchanged greetings with the other party, and then began to get down to business, talking about artificial rainfall.

Hang up the phone, an an then looks at Tang Jin expectantly.

“How do you know who it is?”

“It’s like Beiqin?” Tang Jin doubts a way, “an an, you ask this why?”

“The northern Qin Dynasty?” An an is shocked to open big eyes, “unexpectedly is North uncle!”

“Do you know him?”

Tang Jin did not know the northern Qin Dynasty.

Ann nodded her head, and suddenly a nameless fire sprang up in her heart.

This is mostly done by Li Qichen!

This guy really spared no effort in order to block her up!

Fortunately, she didn’t really want to marry Qin Chuan, or she would have to be angry with him.

“Did someone bully you?”

“No...”

An an bit bit lip, still decide not to tell Tang Jin about Li Qichen.

Tang Jin raised his hand and looked at the time on his wrist, “an an, I’m going to school. I’ll go first!”

“All right, bye!”

Tang Jin took a look at her before she left, and her eyes were strange.

“An an Although you are going to get married soon, you can’t leave behind your studies. You haven’t been to school for several days...”

Speaking of this, Ann scratched her head with embarrassment, “OK, I’ll go to school tomorrow.”

“Well, grandfather came back from the hospital, you go to talk with him!”

After Tang Jin left, an an came to Tang’s bedroom.

She accompanied Tang to talk for a long time, but her heart was absent-minded, as if something was going to happen.

In the evening, as soon as Ann lay down in bed, she got a call from Wenqiao.

Her voice sounded very angry on the phone.

“Ann, where are you now? Come back at once

“Mommy, is something wrong?”

An an’s heart is tight.

“It’s not about Qinchuan! I’m so angry. You’ll be right back! This marriage must be cancelled

Listen to tone, Wen Qiao is angry not light, finish saying to hang up the phone directly.

An an Leng for a long time, quickly lifted the quilt, got up, put on clothes again and went downstairs.

As a result, the three brothers of the Tang family were sitting on the sofa in the living room, discussing something, with solemn faces.

“Uncle, second uncle, third uncle, why haven’t you slept so late?”

Ann asked suspiciously.

When the three brothers of the Tang family saw An’an, a trace of heartache flashed across their faces.

Tang bin waved to An’an and said, “An’an, uncle, do you really like Qinchuan?”

An an heart first jump, some guilty tunnel: “how to ask so?”

Just now, Mommy mentioned Qinchuan on the phone. Now uncle also mentioned Qinchuan. What happened to Qinchuan?

Tang bin picked up a piece of entertainment gossip news from the table and put it in front of an an, with a serious face and a sincere heart, saying: “an an, I’ve sent someone to inquire about it. This news is true! Take a good look first

“?”

An an’s face is full of doubts. When she takes over the newspaper, she sees a standard net red face.

She read word by word according to the title: “super net red pregnant belly, forced marriage rich second generation Qin...”

Ann was stunned for a few seconds.

Qin Chuan's date outside is pregnant. How about forced marriage?

This

An an Dai Leng's expression is sad in everyone's eyes.

Tang Wen slapped the table angrily, "what does the Qin family mean? I'm the first to disagree with the marriage between An'an and Qinchuan!"

At the beginning, he promised an an an to marry Qin Chuan, but because an an an said that he liked Qin Chuan. Now there is such a scandal before he is officially married. Let's not forget about this marriage.

Married in the past is also wronged!

An an is a fool, but it has nothing to do with sadness.

At this juncture, Qin Chuan's marriage will be ruined.

Then those transactions between her and him can't go on

Seeing that the three brothers of the Tang family were indignant one by one, she quickly comforted them and said, "uncle, second uncle, third uncle, don't be angry about this. I'll give you an explanation when I make it clear."

An an's calm appearance was unexpected.

Tang Wen said: "An'an, do you like that Qinchuan so much? On your terms, you can marry any kind of man you want!"

An small face is embarrassed, “you rest assured, I will never let myself suffer losses! By the way, Mommy just called me and asked me to go to Li’s house. I went there first, and you should have a rest early! GoodbyeAnn ran away.

If she is forced to ask by the three brothers of the Tang family again, she will be exposed.

But Qinchuan is really a scum!

I’m so upset that I’m not willing to be responsible!

The thought of her first being ruined by such a person made her sick and goose bumps.

Li family.

All seven members of the family, except Li Lanxin, are here.

In the face of a pair of sympathy, or sharp, or distressed eyes, Ann felt numb for a while.

“Daddy, Mommy, I’m back!”

The question in the imagination didn’t come. Wenqiao gently took her hand and said, “Ann, you should know about Qinchuan, right? What’s your opinion on this matter? ”

Not married, fiance with people to make life, is a normal brain woman, should be away from that scum man!

However, Ann didn’t know how to answer.

She didn’t want to be a normal husband and wife with Qin Chuan, but she was just far away from the Tang family and fighting with Li Qichen. Who could have thought of making trouble on the way.

She said with a smile: “now the things on the Internet are true and false. How about the details? I’ll ask Qin Chuan first...”

Before she had finished her words, a voice of hatred broke in, “Li Anqi, do you have tofu in your mind? There is no brain

Li Qichen got up from the sofa and walked upstairs with a cold face.

“.....”

Ann bit her lip, and she was very bent in her heart.

She has no brain. She can like him if she has brain!

Hum!

Ann is very angry!

Wen Qiao said anxiously, “an an, marriage is not a joke. We can’t make a joke about it. We can’t agree to your marriage with Qinchuan! If you marry such a person, you will be wronged later! ”

Li Fengbei, who had been sitting next to him and didn’t speak at all, also made a speech, which confirmed his dignified business.

“It’s settled like this. There’s no need to discuss it any more. Tomorrow I’ll let Beiqin be divorced by the Qin family!”

Then he went upstairs, too.

Li Xing Chen and Li An Xin look at her sympathetically, “elder sister, there is no grass in the world, Qinchuan is not worthy of you!”

An an

Ann sighed helplessly in her heart.

It seems that the marriage with Qinchuan can't go on.

Chapter 1389

The next morning, after breakfast, Ann picked up her schoolbag and went to school.

As soon as Zhang Mengmeng saw her, she was about to cry.

“Ann, I'm sorry! I really didn't know that would happen that night. Hit me. I'll feel better! ”

With that, Zhang Mengmeng holds An'an's hand and fans her face.

“Oh, you're serious!”

Ann quickly pulled her hand back, “Mengmeng, what are you doing? Is it useful for me to hit you? It's no use beating you when it happens

“But...”

Ann directly interrupted: “nothing but, don’t be wordy, it’s not your fault!”

“Wu Wu Wu, an an, you are so kind!”

Zhang Mengmeng pours into An’an’s arms. An’an can’t stand it. She pokes her head and turns her eyes.

“It’s me who got hurt. You cried first. Who do you want me to cry for?”

Zhang Mengmeng quickly dried her tears and looked at her with big watery eyes.

“That Qinchuan is not a human being!”

After that, she sighed to herself, “you haven’t come to school these days. Is it painful?”

“It hurts?” Ann looked at Zhang Mengmeng strangely, with a little confusion in her clear eyes, “what’s the pain?”

“.....”

Zhang Mengmeng is the yellow flower girl after all. Listening to an an’s question so carefully, a suspicious blush flashed across her white cheek.

Like a thief, he looked around, then took an an’s hand and walked to the remote woods.

“Mengmeng, what are you pulling me here for?”

“Cough, what does it mean that the girl is very painful the first time?” Zhang Meng asked, blushing.

She is also a good baby, which is a piece of white paper, but she is a lover of romance novels, and all her knowledge comes from novels.

After hearing that, women can't get out of bed for three days and three nights!

How terrible!

Imagining the pain, Zhang Mengmeng subconsciously shakes her lower body.

Ann stayed there because of her word.

The brain has a moment of chaos, a mess of wool.

"An an What's the matter with you?"

Seeing An'an standing there, Zhang Mengmeng couldn't see her face. She thought she was sad because of her words. She apologized and said, "I'm sorry. I shouldn't have asked that. You're all like that. I came to ask you this question. Am I short of muscle?"

With that, Zhang Meng slapped herself hard.

An an's eyes are bright and she grabs Zhang Mengmeng's hand excitedly.

"What did you say?"

"I said I'm sorry..."

"Not this sentence, just that sentence!"

"It hurt the first time?"

Zhang Mengmeng worried about the stimulation to An'an, so she was very careful when she said this.

After hearing this, Ann's two big glass eyes were full of surprises.

I can't believe it's true!

"Mengmeng, I don't feel any pain!"

Does this mean that she is still here for the first time, and nothing happened between her and Qinchuan?

What's going on?

When she woke up, she did not wear clothes and was lying in the same bed with Qin Chuan. Is that possible?

Thinking of Zhang Mengmeng's unreliability, An'an worries that it's just a happy scene.

"Zhang Meng, who told you what you just said?"

"Fiction

"Fiction?" An an wants to slap Zhang Mengmeng on the head. "Can the novel be reliable?"

Zhang Mengmeng choked her neck and said unconvinced: "why is it unreliable? I tell you, don't look down on novels. There are reliable things in novels! If you don't believe it, you can check it with your mobile phone! "

"Yes! You can do it! "

An an suddenly realized the truth.

They all said that the more urgent the situation, the more chaotic it was. At this time, they forgot Du Niang.

So, two girls in school uniforms, together on the wooden stool in the woods, like thieves, take out their mobile phones and search for the feelings of women for the first time.

A few minutes later, the two little girls were red in the face.

Zhang Mengmeng blushed, blinked and looked at An'an, "yes Do you have the feelings they say?"

"No..."

An an's face was muddled, and she couldn't help being pleasantly surprised.

At the same time, there is also a big question.

What's going on?

Zhang Mengmeng is also happy for her. She can't help but start again. "Do you think Qinchuan is not good at that?"

"....."

Ann was silent, too.

Is Qinchuan really not good at that? No, isn't it true that Qinchuan just broke out the rumor that he was forced to be in the top position last night?

“Ha ha ha ha!”

All of a sudden, an an jumps down from the wooden stool, raises his head and forks his waist, and laughs madly at the sky.

It’s silly of her to know nothing about this.

If she has some common sense in this aspect, she won’t be sad for so long!

So her innocence is still there!

It seems that she needs to ask Qin Chuan face to face about it.

An an made up her mind. When she finished school in the afternoon, she called Qin Chuan and asked him out.

Qin Chuan is worried about wanghong. When he receives a phone call from An’an, he feels uneasy. But listening to An’an’s voice, he doesn’t seem to be questioning, so he puts a little snack.

“Good! I’ll be there on time

Hang up the phone, Ann carrying a bag to the school gate.

As soon as she walked two steps ahead, she saw Li’s car parked on the side of the road. She went over doubtfully.

“Uncle Li, did Mommy ask you to pick me up at school?”

Uncle Li is the driver of the Li family. He usually takes him to and from school.

Uncle Li got out of the car, bowed respectfully to her and opened the back seat.

“Miss, please!”

Ann didn't think much, so she bent down and got on.

However, just a foot on the car, on a pair of clear eyes.

“Li Qichen!”

She took two steps back and ran.

She does not know why to run, in short, now see Li Qichen she wants to run, certainly nothing good!

An arm stretched over and put an arm around her slender waist. A low voice came from behind her head, “where are you going?”

This guy is going too far now.

Now run when you see him. Is he that terrible?

Ann kept clapping his arm, “Li Qichen, don't go too far. This is my school. Don't mess around!”

“Uncle Li, help me!”

Ann exaggerates to shout to Uncle Li for help.

But with a kind smile and helpless face, Uncle Li obviously took their actions as a joke between brothers and sisters.

“What are you running for?”

Li Qichen cold face, a slap on her ass.

“Ah

An’an’s face turned red, and he didn’t dare to struggle any more. He was worried that he would do something more drastic.

This man It’s really shameless.

Li Qichen drags An’an back into the car and looks at her coldly. “I heard that you are going to meet Qin Chuan?”

An an just told Zhang Mengmeng about it. You can imagine who disclosed the news.

Ann clenched her teeth secretly, and she wanted to take Zhang Mengmeng out and beat him.

“I’m just going to meet him. What’s the matter?”

Chapter 1390

Ann stalks her neck like a dead pig is not afraid of boiling water.

“You...!”

Li Qichen pinched his forehead with a headache and asked angrily: "he has a woman outside. She is pregnant. Don't you care at all?"

An'an has made up her mind to break her engagement with Qinchuan, but in the face of Li Qichen, she just refuses to admit it.

"Isn't that a report? The media is always chasing shadows. Who knows if it's true or not?"

"Angel Li!" Li Qichen was so angry that her head hurt. She poked her head with her hand. "How can you be more stupid than a pig?"

She was called a pig.

An'an is not convinced, toots a small mouth, mutters: "I am a pig, is always better than someone is playing with other people's feelings, face-to-face a set, behind a set of good!"

Although he said it in a low voice and was wronged, it didn't prevent Li Qichen from hearing it.

"What?"

Li Qichen picked the next eyebrow, very angry smile, "Oh, you say I play with whose feelings?"

An'an nodded her red mouth, "you know it in your heart! Is it because the foreign culture is too open that you don't think it's a big deal to support each other?"

"You mean me?"

Li Qichen was stunned.

When he hugged each other, other girls didn't hold hands except her.

Speak with conscience.

Ann saw that he still did not admit it, two beautiful big eyes glared at him fiercely, "Li Qichen, do you mean that? We are all adults. Who can you fool? "

"I lied to you? "

Li Qichen has no idea what he did to make her so angry?

It's a groundless accusation.

He also coldly under the face, "Li Anqi, talk to have evidence, don't open mouth to come!"

"Oh! Evidence? How dare you ask for evidence? "

Ann looked at Li Qichen's death and didn't admit it. Her lung was about to explode. Did she think she was a fool?

Ann slapped the window excitedly, "Uncle Li, stop! parking! I want to get off! "

Seeing that she was so excited, Uncle Li quickly stopped the car by the side of the road.

As soon as she stopped, Ann opened the door and jumped out of the car.

"Damn it

Li Qichen gritted his teeth and scolded.

This guy's going to piss him off!

Qin Chuan is a big scum man. She still wants to meet him!

Li Qichen also opened the door, very annoyed to pull An'an back, back to the co pilot.

"Li Qichen, what are you doing? Let me go

Ann struggled excitedly.

Li Qichen grabbed the seat belt, forced her to buckle, gritted her teeth and threatened: "if you untie the seat belt, you will die!"

Uncle Li stood by, looking at the two people's red face, could not help but said: "Miss, young master, you have something to say, don't quarrel."

Li Qichen said in a cold voice, "Uncle Li, take a taxi and I'll drive the car."

"All right, young master!"

Listening to Li Qichen driving himself, An'an is furious again. She reaches out and tries to unfasten her seat belt, but the door has been locked by Li Qichen.

The car started and flew forward like an arrow.

"Ah

Speed is too fast, ANN can't help leaning forward, head almost knock on the front window of the car.

She screamed and turned pale.

“Li Qichen, do you want to die?”

“Yes! I want to die with you

Li Qichen had a cold face, and the gnashing of teeth made Ann tremble and dare not scream. Her fingers clung to the handle on the roof of the car and calmed down.

She felt uneasy. She shouldn't have quarreled with him just now. She shouldn't have stimulated him. I saw him so angry for the first time.

The car stopped soon, and An'an was dragged out of the car by Li Qichen again.

Li Qichen has a pair of long, slender legs. He is fast and urgent. An an can't keep up with him at all. He almost drags and drags him. He can't keep up with him until he trots all the way.

Two people into the parking lot of the underground elevator, looking at the elevator floor mark, an an small face white.

Eileen hotel!

Wine hotel?

She shakes off Li Qichen's hand and leans back on the elevator. Her two eyes stare at Li Qichen warily. Even her voice is shaking.

“What did you bring me to the hotel for?”

“What do you say?”

Li Qichen slowly raised the corner of his lips and walked towards her step by step. His eyes were hot and clear, and his deep pupils seemed to burn a string of flames.

The light peppermint smell of men, mixed with the unique masculinity, poured into the nose.

“Ah

Ann put her hands on his chest and looked at him prayingly with two big eyes. “Chenchen, let’s go back. Don’t make such a joke!” Li Qichen stares at her coldly, thin lip spits out a few words, “who is joking with you!”

“Ding Dong” sound, the elevator to the top of the seven star hotel.

Li Qichen forcibly dragged An’an out of the elevator and photographed his ID card at the front desk, “a room!”

“Yes, sir!”

Ann dare not struggle, but in front of outsiders and dare not do too much, white wrist was pinched red a large.

Open the door, when An’an is thrown on the bed by Li Qichen, her face is full of disbelief.

He’s coming, really!

She got up from the bed and kept retreating, but behind her was the head of the bed, and soon there was no place to escape.

Li Qichen stood by the bed, cold eyes coldly looking at her to do meaningless struggle, slender fingers began to untie the white shirt buttons.

Clothes were left at the foot of the bed.

When the two hot temperatures are close to each other, Ann's whole body is ignorant.

Why are you quarreling so much that you come to bed?

"Wait, wait, wait!"

Ann put her hands on his shoulders and didn't let him get close to him. She blushed to the end of her ears, and her heart was in a panic. She began to stammer.

"I'm afraid, Wuwuwuwu ~"

with that, I burst into tears.

She is really afraid, she has not yet figured out how she and Qinchuan are the same thing!

Thinking of this, she choked for a moment, wiped her tears with the back of her hand, and said pitifully, "I have had a relationship with Qinchuan for a long time. I'm not worthy of you. You'd better let me go!"

Li Qichen's face Shua ground cold come down, the blue veins on the forehead jump straight, gnash one's teeth, word by word way: "Li Anqi, I see you are intentional?"? It must be mentioned at this time! "

Ann blinked her innocent eyes, "but this happened. Am I wrong?"

"You!"

Li Qichen see her said a face calm, simply collapse, is tantamount to adding fuel to the fire.

There is no place to vent the anger from the bottom of my heart. I need to find a breakthrough.

“Li Anqi, if I don’t do it today, I won’t be Li!”

“Ah! Don’t

Ann was so scared that the last trace of blood on her lips faded, and her dark eyes turned dribblely.

She doesn’t want to have a relationship with him. What reason should she find to refuse him?

Two people are so familiar, as long as she a look in the eye, Li Qichen knows what idea is in her head.

Just want to find a reason to make him soft hearted!

Hum, it was because he didn’t have the heart to really hurt her. Every time, he just threatened her and kept her innocent. Now, he is very well. Qinchuan is the first one to come. When he thinks about it, he is so angry that he vomits blood.

Qin Chuan doesn’t care if she has a woman outside. It seems that she is determined to marry Qin Chuan.

It’s stupid. It’s stupid!

Li Qichen’s slender fingers gently raised her chin and stared at her sullenly.

“Angel Li, I don’t want to spoil you any more!”

“What What? ”

Ann’s whole body is frozen.

What does he mean, he doesn't want to spoil her?

In his stupefied moment, Li Qichen has bowed his head to kiss her lips, never give her a chance to think.

When An'an is flattened and rounded, she can understand what Li Qichen means by saying that she doesn't want to spoil her so much.

Nima, the whole body is about to fall apart. This is a great torture in the world, the enemy of the last life!

Before the last point of losing consciousness, there was only one question left in her mind. It turned out that what she said on the Internet was not deceiving!

The next morning, the sun broke through the horizon of the ocean and spread the golden light all over the peaceful city.

Outside the gorgeous seven star hotel, the sound of car whistle and tire friction began to ring on the spacious road.

"Er ~ ~"

An'an gave a whine, smashed his mouth twice and turned over.

Li Qichen has a shallow sleep. When she turns around, she opens her eyes and wakes up.

Looking at the child's clever nest in his arms, he couldn't help but hook up the corner of his lips and kiss her white forehead.

In the room, there was a vague smell.

Thinking of the feeling of last night, he couldn't help but look down again and beg for a bite on An'an's little face.

"Go away!"

Ann is really too tired, in a daze, she reaches out her hand and pats Li Qichen.

Li Qichen grabs her hand, kisses her mouth and dotes on her face.

It seems that she is really exhausted!

"Baby, you sleep again, I'll prepare breakfast for you."

Li Qichen gently lifted the quilt and got up, but the light from the corner of his eyes swept to a touch of dry blood, and the whole person stopped. The next second, his face changed and anxiously called Ann's name.

"Ann, wake up! Wake up

Ann is sleepy and confused when she is awakened.

She got up with the quilt in her arms, and her whole body seemed to fall apart. It was like running on the playground all night, especially her legs and waist.

"Hiss ~ ~"

the scenes that happened last night flooded into her brain, and she was stunned. She turned and looked to her side, facing a pair of shining eyes.

She was startled and quickly pulled the quilt to wrap herself up.

Very angry, but very shy, eyes are nowhere to place.

“Why are you staring at me when you don’t go to bed in the morning?”

Li Qichen looks worried and looks at her anxiously.

“Ann, are you hurt somewhere?”

“Hurt?”

Ann looked at him in a dazed way and shook her head. “No!”

“Then how can there be blood on the bed?”

Li Qichen pointed to the blood on the white sheet, worried that he hurt her last night.

An Anshun looks at Li Qichen’s fingers, and her face turns red. She is so ashamed that she wants to find a hole in the ground.

“You How do you mean to ask? ”

She like Jiao like angry tone, Li Qichen a face ignorant force, “what happened?”

An’an is about to be angry with him. Shuinen’s eyes stare at him. “Li Qichen, how can you be so stupid?”
