Chapter 1391

Li Qichen stayed there, his eyes were straight.

For a long time, his eyes burst out a huge surprise, like winning the lottery, but also with unbelievable.

“An an What’s going on?”

Last time he saw her lying in the same bed with Qin Chuan.

An an’s small hand was holding the quilt, and her face was red. She bit her lip and stammered: “I I don’t know what’s going on

Speaking of this, Ann suddenly remembered something and her face changed.

“No, I have an appointment with Qinchuan!”

Yesterday, she was brought to the hotel by Li Qichen. After that, she was not given too much time to think.

Qin Chuan was put up by her, should call her just right, how did not hear any sound.

When An’an said a few words about Qinchuan, Li Qichen’s face was rather ugly.

“Now it’s all like this. What else do you want to ask that guy for? Do you really like him?”

The tone was sour.

An'an grabs the pillow beside him and hits him, "Li Qichen, I've been like this by you, and you still make such sarcastic remarks!"

She's going to be pissed off by him.

Regardless of shyness, he lifted his quilt and jumped out of bed.

"Ah

Legs a soft, almost directly fell to the ground.

"Be careful!"

Li Qichen's eyes were awe inspiring, and he quickly grabbed her arm.

Ann was pulled into his arms, because of inertia, the two fell back on the bed.

Li Qichen's eyes darkened in an instant, her sexy Adam's apple rolled up and down, and her handsome face kept approaching her.

Ann's face changed and she pushed him away.

"No way!"

"An an..."

Li Qichen's eyes seem to light a fire, a face of desire dissatisfaction.

Ann blushed like a cooked shrimp. She was too shy to know what to do. She said, "it's still painful now!"

"....."

Li Qichen was defeated suddenly. Her eyes flashed a touch of pity and she gave a kiss on her forehead.

"It's my fault. I'll be light next time!"

"Li Qichen!"

An'an glared at him fiercely. Suddenly, a burst of grievance in his heart, crystal clear tears came.

Her first time was gone, and she changed from a girl to a woman overnight, and she was not prepared at all.

"Why did you cry all of a sudden?"

Li Qichen looked at her tears, a sad face, become at a loss.

"Is it still painful? Or you can hit me until you are happy!"

Li Qichen took An'an's hand and hit him twice in the face. Looking at his worried appearance, An'an couldn't help blowing a snot bubble and laughing.

Li Qichen saw her smile again, relieved, and reached out to dry her tears. "Don't cry, OK? I'm flustered when you cry."

"Deceiving!"

Ann nodded.

She cried so miserably last night, why didn't she see him flustered?

You can't believe a man's words.

Li Qichen grabbed her hand and wrapped it in her palm. Her clear voice said in her ear, "Ann, let's have a showdown with daddy and Mommy! Let them marry us

"No!"

Ann turned pale.

Li Qichen a word, pull her back to reality.

She didn't know how to get past the psychological level.

She is totally different from Li Qichen.

Li Qichen is a real young master in his family. He can enjoy the care of his parents and get everything.

But she is different. The Li family has raised her for so many years, but she has to shame her family. How can she not pass the psychological test.

Li Qichen didn't understand at first, but now she doesn't understand her worry.

But their love has already happened. No matter whether daddy and Mommy have ideas or not, what other people think of their Li family, they have to bear it.

Escape is not the way. One day, we should face it calmly. No matter what the consequences, they will bear them.

He gave her a kiss on her clean forehead and put his palm on her belly.

“We all have the reality of husband and wife. It’s a matter of time before we get married. You have to be psychologically prepared sooner or later.”

Ann turned around, holding Li Qichen’s handsome face in both hands, praying in her eyes: “can you give me a little more time? When daddy and Mommy are ready, we’ll have a showdown with them.”

Looking at her careful appearance, Li Qichen was very distressed.

“Well, I’ll listen to you, but there’s one thing, you don’t have to marry another man. Once again, my heart can’t stand it!” Speaking of this, Ann picked the next eyebrow, reached out and poked at the position of his heart.

“It wasn’t you who forced me. I was so flustered at that time that I was thinking about you, but you! Seeing me and Qin Chuan lying on the bed, you are only disappointed and don’t believe me at all. You know how hurt I am by that look!”

Li Qichen felt guilty.

It’s really wrong for him to do this. It’s because he was so young and energetic. At that time, he was so angry that his lungs were about to explode. He didn’t have enough energy to think so much.

When he calmed down later, he realized that he was really too impulsive at that time.

He took her hand and kissed it on the back.

“I’m sorry, I really did it wrong. I should stand on your side all the time, and I shouldn’t doubt you!”

“That’s about it!”

An an is a simple temperament, not the kind of person who will hold on to something.

Li Qichen looked at her white red face, as well as her delicate expression. Her heart was filled with a strange temperature.

He couldn't help kissing her on the lip.

"Well..."

Almost to be eaten dry wipe clean again, fortunately at the last moment someone conscience let her go.

They packed themselves up and came out of the room.

An an picks up her mobile phone and is ready to make a call to Qinchuan, only to find that the mobile phone is already black.

With a puzzled look on her face, she turned on the phone and muttered, "why is the mobile phone turned off? No, I was fully charged only yesterday

She thought the cell phone battery was broken.

Li Qichen listened to her murmur and coughed uneasily.

As soon as the mobile phone was turned on, a series of messages and missed calls came out, most of which were from Qin Chuan.

Ann picked the next eyebrow, toward Li Qichen squint eyes, "don't you explain to me?"

"Cough!"

Li Qichen scratched his forehead. "Who told this guy that he didn't understand amorous feelings so much? He bothered others at the critical moment!"

"You

An'an was so angry that she almost bit a silver tooth and hit Li Qichen on his back with her handbag. "Li Qichen, I've never seen such a rascal like you!"

She asked Qin Chuan out, but now she has stood others up all night. Is he funny?

Li Qichen see dear angry, quickly Shun Mao.

He put his arms around An'an's waist and said, "I'm wrong. You can punish me whatever you want."

Punish

Li Qichen on the meaningful eyes, always feel that this guy bad intentions.

An'an glared at him. "Don't sell yourself cheap. Take your paws off me!"

Li Qichen looks aggrieved, but she still quietly moves her hand away from her waist.

They walked all the way to the door of the hotel, but they didn't find it. Not far from the hall, Mrs. Qin and her friends came out of the elevator and just saw their intimate appearance.

There was a lump in her heart.

Isn't that the wild girl Li Anqi?

Why is she so close to the young master of the Li family?

No way!

She is the daughter-in-law of the Qin family. How can she be so disobedient.

She immediately dialed Qin Chuan, "son, where are you now?"

"Ma, what's up?"

Qin Chuan was sitting in his office. He didn't fall asleep all night last night. His face looked a little bad.

Ann asked him out but didn't answer his phone. She must have been angry when she saw the news.

Qin Fu said: "I saw that girl an an just now. She is intimate with the young master of the Li family. How can you find out their relationship? They are not related by blood. Men and women are different. We should keep a distance. "

At the other end of the mobile phone, Qin Chuan holds the finger of the mobile phone tightly, and his knuckles are white.

In a flash, he converged and said with a smile, "Mom, what are you talking about! They are brothers and sisters

Mrs. Qin sighed bitterly and said, "you are just too kind-hearted. I won't listen to Mommy. Sooner or later, I will suffer a loss. It's too late to regret."

"I know, mom, I have something else to do here. I'll hang up first!"

Hung up the phone, Mrs. Qin looked at the door will disappear two figures, cold hum.

No, she still has to find someone to investigate Li Anqi.

It's strange that these two people have no adultery. This is a hotel. You can imagine what they did when they went out from the hotel in the early morning.

Qin's group, Qin Chuan hung up the phone, Leng there.

It turned out that she stood him up because she was with Li Qichen.

Did they stay together all last night?

Think of this possibility, the man's eyes flashed a cold light, fingers deeply pinched into the palm. When the phone rang again, he picked up the phone and looked at the caller ID on the phone. His eyes lit up and he connected immediately. Even the voice was obviously surprised.

"An'an!"

Listen to Qinchuan surprise voice, an an some guilty.

Before I hated Qinchuan, I hated Qinchuan, but now I know that he didn't take her for the first time, and that kind of dislike has been alleviated more or less.

"Qinchuan, I was a little delayed last night. I'm sorry to stand you up."

"Nothing!" Qin Chuan asked cautiously, "where are you now? Is it convenient to see you?"

"I'll wait for you in the cafe on the right side of Tianyi Square!"

"OK, I'll be right there."

Hung up the phone, Li Qichen's strange voice came from the top of his head, "what does that guy have to see?"

He didn't want to see her meet other men at all.

Ann rolled a big white eye toward him, "I just want to ask him what happened that night. Aren't you curious?"

Chapter 1392

"....."

Li Qichen choked.

Curiosity belongs to curiosity, but he doesn't want them to touch again.

Thinking that they almost got married and even took wedding photos together, he felt uncomfortable.

However, he could not put his strong desire for control on her.

"I'll take you there!"

Looking at his haughty appearance, Ann couldn't help but hook up the corners of her lips, "this is almost the same!"

Li Qichen drives An'an to Tianyi Square.

Ten minutes from the hotel, the car stopped at the side of the road. An an opened the door and was about to get off, but Li Qichen grabbed her wrist.

“What’s the matter?”

Ann looked at him suspiciously.

Li Qichen pointed to his face, “kiss and then go down!”

“.....”

Ann is speechless.

She didn’t realize that he had such a childish side.

Lazy to argue with him, Ann turned around and gave him a kiss in the face.

“Is that all right?”

Li Qichen looks behind her and just sees Qin Chuan come out of the sports car. He squints, clasps An’an’s back of the head and kisses her deeply.

Qin Chuan had seen Li’s car for a long time. He came over with joy and just saw the scene of two people kissing.

His steps stopped abruptly, and the smile on his face hardened.

An an was breathless by Li Qichen. He pushed him away, tidying up his messy clothes and staring at him with watery eyes.

“Li Qichen, what are you doing? This is the street. There are people outside!”

Li Qichen was very happy when she was scolded. She reached out and pinned her hair on her cheek behind her ears. She said in a sexy voice, “come on, come out with that! Five minutes. I’ll go in and look for you if I don’t come out after five minutes!”

An an Fu Er, “Li Qichen, you are an autocratic tyrant.”

“From now on, one...”

“You

Ann was so angry that she quickly opened the car door and walked towards the cafe.

Li Qichen put it in the window and looked at Ann’s back step by step.

She finally belongs to him.

When Ann walks into the cafe, she sees the man sitting by the window with a flash of surprise in his eyes.

“Qinchuan, why did you come earlier than me?”

Qinchuan face with a warm smile, “I came earlier than you, let you surprise?”

In front of the person you like, no matter how far you are, you will come to the appointment at the first time.

Ann awkwardly scratched the back of her head, “I’m sorry about last night...”

“I didn’t wait long.” Qin Chuan interrupted.

He didn’t wait long, just six hours from six to twelve in the morning.

Ann listened and breathed a sigh of relief, “that’s good!”

“What would you like to drink? Is snowtop OK? ”

“Thank you. I like snowtop.” Ann smiles.

This is the first time that an an is so happy with him. Qin Chuan is shaken by her smile.

The waiter brought the drinks they ordered. Qin Chuan took a sip of coffee in front of him and explained, “An’an, the news...”

“It’s your private business. You don’t have to explain it to me!”

An’an took a bite of the ice cream on the snow top, and her face flashed uneasily. “Qinchuan, I came to you to tell you that our marriage is going to be cancelled. It has nothing to do with your gossip. You are wrong about it, and I am wrong about it too...”

With a stiff finger, Qin Chuan interrupted: “marriage has already been made public in a small circle. We don’t say we don’t get married if we don’t get married. It’s about several families!”

An an light cough, “cough cough, you spread that kind of scandal, Li family and Tang family will not let Qin family go!”

“I know! But what if I don’t give up? ”

“Qin Chuan, why are you doing this? I don’t like you, and you don’t like me...”

Qin Chuan gave a bitter smile, “who knows!”

An an is stunned.

I don’t know why, when he said this, he was a little sad.

She knew that marriage was not something that two people could solve in private. She changed the topic and said, “Qin Chuan Can you tell me what happened that night?”

Qin Chuan looked up and looked at An’an seriously.

Looking at the red mark on her neck, her heart was bitter and said, “are you together?”

Although it is an interrogative sentence, it is a positive tone.

“.....”

An an heart a tight, put on the table of hand consciousness clench.

Qin Chuan put her action in the eye, self mocked a way: “you don’t worry, I have no malice! If I say I never wanted to hurt you, do you believe it?” Ann clenched her lips.

She certainly didn’t believe it before, but now looking at Qin Chuan, she believes it.

In fact, Qinchuan is not as miserable as it was spread outside. His smile is very bright and his eyes are pure. It is not a kind of treacherous blade.

Ann looked at him expectantly, with an eager look in her eyes, “why do you want to do this?”

Qin Chuan looked out of the window and suddenly got up. He patted An'an's head with a spoiled face.

"I want to keep the answer to this question. Just remember what I said just now. I have never been malicious to you! This cup of coffee, please treat me as if you stood me up last night and apologized!"

With that, he put on his sunglasses, put his hands in his pockets, and walked toward the door smartly.

"....."

Ann can't help raising her lips. It's like taking off a heavy load.

Although Qin Chuan did not answer, she understood that Qin Chuan did not move her and did not intend to hurt her.

Qin Chuan went to the door and couldn't help turning around and looking at the girl's face.

He didn't touch her that night. He just finished the task his mother told him.

He really liked her. At the first sight, he fell in love with her crazily. It was like being possessed. All he thought about was her. The women outside began to be dull to him.

His mind hovered over what Mrs. Qin had just said on the phone, "son, if you don't listen to me, you will regret it later!"

What should we do?

He seems to really regret it!

When Qinchuan came out of the cafe, Li Qichen opened the car door and walked towards it.

For the first time, the two were alone face to face.

Li Qichen glanced at Qin Chuan and hit Qin Chuan with his shoulder.

Qin Chuan retreated two steps, and lightly raised his lips. "I didn't expect that the young master of the Li family was so naive! Can you really give her happiness? The gossip of the upper class can drown you

Li Qichen's sexy thin lips, ironically evoke a radiant smile, "it seems that it's none of master Qin's business!"

"Then I'll see!"

Qin Chuan walked towards his car, and the smile on his face cooled down when he turned around.

Chapter 1393

An'an walks out of the cafe and just sees Li Qichen deliberately bumping into Qin Chuan.

"Why do you always have trouble with him?" An'an speechless.

Li Qichen snorted coldly, grabbed An'an's hand, and said: "I didn't cut his hand directly. It's my restraint. Why should he touch your head? You belong to me, from every nail to every hair

Just now in the car, Qin Chuan touched her head with his dotting eyes. He almost smashed the steering wheel.

Ann turned her eyes in silence.

"Are you a little overbearing? Then why don't you say that every hair is mine!"

Hum, I'm still holding that blonde. Every time I think about it, she's very angry.

Although I think it's mostly a play on occasion, I'm still very uncomfortable.

Li Qichen smiles and pinches the back of her hand. Her hands are white and soft. It's very funny.

He said half jokingly, "I'm yours. Every hair of mine is yours."

"Smooth tone!"

An an didn't get angry to shake off his hand, but the corner of his mouth couldn't help raising a radian.

They quarreled all the way and came back to Li's house noisily.

It's still early. Ann had a class at 3 p.m. and when she got home, she collapsed and lay on a soft big bed.

She was so tired that she didn't go to bed until early last night. She couldn't help dozing off in the car.

Eyelids heavy closed, and soon began a small snore.

"Ann! Are you in there?"

Li Qichen pretended to knock on the door. Seeing that there was no movement inside, he opened the door with a spare key.

"An an..."

In front of him, he quickly swallowed his voice back and went to the bedside quietly.

Ann lay curled up on the bed, her white face looked very quiet and clever, and her thick eyelashes were long and curly.

He could almost imagine how amazing this eye was when it opened.

He couldn't help but lift up the thin corners of his lips and said, "fool, it seems that yesterday was really tired."

He bent over and couldn't help kissing her in the face.

When Ann wakes up, it's already noon. Thinking that there are classes in the afternoon, she forces herself to get out of bed.

As soon as I opened my eyes, I looked at the handsome face with a clear outline.

"Chenchen What are you doing here? "

Li Qichen lay on her side with her elbow on her handsome face. She looked at her for two hours, as if she couldn't see enough.

His eyes swept one eye on her body, handsome Yan flashed an unnatural red.

"Does it still hurt?"

"....."

Ann realized what he was talking about, and her face turned red. She faltered and said, "OK Much better! "

She is so shy that Li Qichen almost collapses.

He took a deep breath and said, “this kind of expression can only be shown in front of me. It can’t be shown in front of other men. Do you know?”

An embarrassedly pushed Li Qichen, “what are you talking about? Do you really think I’m a sweet cake? Everybody’s running after me? ”

“Of course!”

With a man’s intuition, Qin Chuan must like her.

There was a senior brother before, and then a good brother. Now there is another Qinchuan

However, it’s no use to like it any more. ANN is his. Let’s dream about it.

Two people tired of crooked for a while, this just came down from upstairs.

After lunch, Ann is going to school.

Her schoolbag is on the upper floor. Li Qichen finds her limping and uncomfortable. She is deeply distressed.

“You wait. I’ll get your schoolbag.”

Li Qichen went upstairs to take a schoolbag for An’an, and personally acted as a driver to send An’an to school.

Winjo looked at the intimacy they had never had, and was at a loss.

“Wang Ma, do you think the sun is coming out in the West today? Why is Chenchen so nice to Ann today?”

Usually it’s either face shaking or sarcasm. Today, I took the initiative to carry her schoolbag and send her to school. It’s extraordinary!

Wang Ma said with a smile: “madam, you think too much. The young master and the young lady have had a good relationship since childhood.”

“Is it?”

Wenqiao frowned for a while, but his doubts were growing.

Li Qichen sent Wenqiao to school, and took this opportunity to report in this department.

With Li Qichen’s achievements, he can go to any university in China. Although University A is also a famous university, it is barely ranked second in city B, ranking tenth in the country.

It’s a great honor for him to attract students like him. In particular, Li Qichen is still the young master of the Li family. As we all know, he will inherit the Li group in the future.

So when Li Qichen went to the school to report, even the headmaster himself went out to welcome him.

Lu Ziyang heard that Li Qichen came to the school and didn’t even play the game. He called Li Qichen to meet him.

Lu Ziyang looked at Li Qichen’s face in spring, and couldn’t help joking: “look at you like this, last night was very ecstatic!”

Ecstasy?

Li Qichen picked to pick eyebrow center, the lip cape that rises, radian how all can't suppress, incomparably complacent way: "still OK!"

Naturally, it's ecstatic. Think about it

Cough, cough!

Stop it, stop it. It's a school!

Lu Ziyang looked at him and his eyes widened in shock.

"Animals! You don't really eat ANN, do you? She is still so young and a student. Do you have the heart?"

Li Qichen chuckled and said, "why not? In ancient times, girls gave birth to children as teenagers!"

"....."

Lu Ziyang was speechless.

I can't see that young master Li's male chauvinism is so strong.

He clung to Li Qichen's ear and said, "I advise you to pay attention to some measures. It's not fun to kill people at that time."

"Who plays?"

Li Qichen glared at him angrily.

He's not playing. He's always serious about Ann.

However, there was a thump in his heart.

No measures were taken last night. It's not so accurate, is it?

As a straight man with cancer, he naturally didn't know that there was something like emergency medicine. He thought there was no way to remedy it, so he would not remind Ann.

He planned in his heart that maybe An'an's pregnancy was a good thing, but when he used the child to block his parents' mouth, he could not escape.

Lu Ziyang was about to lose his sour teeth because of the spring breeze on his face.

He snorted coldly: "I tell you, don't let Ann hear what you just said. If she knows, she has to dump you!"

Smell speech, Li Qichen a face proud Jiao, "how possible? She's obedient. She's obedient to what I say. I say she'll never go west."

"Er..."

Lu Ziyang looked behind Li Qichen and caught a glimpse of a gentle and graceful figure. His face changed and he quickly winked at Li Qichen, "Chen, don't talk about it."

"Don't say anything, I'm telling the truth!"

Li Qichen is still immersed in his beautiful imagination.

Lu Ziyang silently gave him a wax and patted him on the shoulder.

"In the morning, turn your head and look behind you."

“Well?”

Li Qichen turns around in doubt and sees An’an standing not far away, with a pair of big watery eyes staring at him, a beautiful little face and an angry face.

An’an and Zhang Mengmeng just went to the library to borrow books. As they walked through the playground, Zhang Mengmeng suddenly took her by the hand and there was a handsome guy over there.

An’an follows Zhang Mengmeng’s finger to see past, the result sees Li Qichen that kind of open-minded face.

Seeing Li Qichen, she was very happy. As soon as she came near, she heard Li Qichen’s words.

“Hum!” An’an snorts and pulls Zhang Mengmeng away.

“Let’s go!”

As soon as Li Qichen’s face changed, he stepped forward to An’an and stopped her.

“Wait, where are you going?”

“Do I have to tell you where I’m going?” Ann doesn’t have a good temper.

He even told Lu Ziyang that she was obedient to him?

It really pissed her off.

Li Qichen knows that he is wrong, but men always love face. Even if he kneels on the keyboard at home, he is proud outside.

Li Qichen clenched his fist against his lips and coughed with a guilty heart. "If you can take the initiative to report to me, I will be very happy."

"You

Ann was angry and laughed at his bluffing. Didn't you see that she was really joking?

She pushed Li Qichen away, took Zhang Mengmeng's hand and left, "Mengmeng, let's go, ignore him!"

Zhang Mengmeng looked at An'an's angry face, then turned to look at the helpless handsome man, and said mysteriously, "An'an, who was that handsome man just now? "Boyfriends?"

"What a boyfriend! No

He never told her to be her boyfriend.

Think of two people so incorruptible together, her heart can be bowed.

"And who is he?"

Ann was upset and didn't want to talk more about it. "Oh, Mengmeng, I don't want to talk about it now. Let's borrow books first." "Well, don't be angry. If you don't want to say it, I won't ask!"

Thinking of the perfect abstinence face and the tall figure comparable to that of European and American male models, Zhang Mengmeng added with an incomparable fascination.

"But still handsome! Ann, you must seize the opportunity

Ann nodded, noncommittal of her words.

Li Qichen is really excellent. His appearance and ability are impeccable.

Otherwise, it would not attract so many butterflies, first Tong Xue, then the blonde foreign beauty

Think of this, Ann will be in the hands of the poor drawing of the rotten.

At night.

In the dead of night.

Moonlight is like water, white light pouring down, the antique manor shrouded, beautiful scenery has become hazy up.

Chapter 1394

—Ann, where are you? Why don't you go home?

An an looks at the information in the mobile phone, beautiful lips slightly a hook, flash a trace of cunning.

She left school early on purpose to get rid of Li Qichen. After that, she said hello to Mommy and went back to Tang's home.

Hum, let him go alone!

Ann turned off her mobile phone, as if she didn't see the information, and closed her eyes to sleep.

An hour later, a tall figure turned over from the window on the first floor and jumped onto the balcony on the second floor, as agile as a cheetah.

Ann sleeps in a daze, feeling something licking her neck.

"Go away!"

She shrunk her neck discontentedly and stretched out her hand to fan away the man who was in the way.

Li Qichen's eyes are one Lin, quickly grasp her hand.

This guy is good at everything, but he has a habit of hitting people when he is asleep.

"It's really a lazy pig. How can I do without me

Ann twisted her eyebrows and suddenly woke up and opened her eyes.

The light in the room was dim. She couldn't see her face clearly. All she knew was that a tall man was sitting on her bed.

"Ah Well

Ann was so scared that she turned pale that she opened her mouth and called out, but before she could shout out, she was blocked by someone.

Familiar with the breath of her all submerged, the moment did not own.

When she calms down, Li Qichen releases her. Their foreheads are against their foreheads, breathing heavily in the room.

After a long time, Li Qichen said in a low voice, "why don't you go home at night?"

"This is my home!" An an deliberately provocative way.

"Naughty!" Li Qichen spoiled and scraped the tip of her nose.

"Don't touch me!"

An'an waved his hand angrily, and asked, "are you not afraid to be found when you come up to the Tang family to climb the wall?"

It's a joke to be found that the young master of the Li family went over other people's walls in the middle of the night.

Li Qichen pinched her face and pretended to be angry: "do you know you don't go home on purpose?"

"What does it have to do with whether I go home or not?"

"Of course, it matters! Why should I come here to climb the wall when you go home? "

Li Qichen's face was firm, and he put the responsibility on her.

Ann rolled her eyes and didn't want to talk to him.

"If you go or not, I'll shout!"

Li Qichen turned over, put his arm on the back of his head, and lay down on his back. He said without fear: "you call! Call in all the people, and the relationship between us will be perfect!"

"You

An an was so angry that she gritted her teeth and laughed angrily, "ha ha, Li Qichen, I didn't find out. Why are you such a rascal now? Don't you think it's hooliganism for you to climb over the wall in the middle of the night?"

As soon as Li Qichen's eyes brighten, he suddenly grabs her wrist and pulls her on himself. Then he turns over and suppresses her firmly.

That pair of deep eyes, especially bright in the dark, even the voice of the mouth are bright a bit.

"That's what you say about me. It seems that I have to be worthy of these two words!"

With that, he began to move.

Ann struggled, not his opponent at all, so angry that she hammered him on the shoulder.

But in the end, it is inevitable to be eaten dry and wiped clean.

Ann tired of direct sleep in the past, also don't know when to end, opened his eyes is dawn.

She yawned, and her first reaction was to turn and look to her side.

The side of the body is empty, there has been no man's figure for a long time.

She breathed a long sigh of relief, but at the same time there was a small loss in a certain corner of her heart.

Vaguely remember, last night he again and again in her ear clenched his teeth and said: “in the end when to tell parents you and Qinchuan contact wedding thing?”

“Tomorrow! I have to talk to my parents about it tomorrow!”

Alas, she was the one who said she wanted to get married at the beginning, and now she is the one who says not to get married.

However, there is no way to delay this matter any longer.

The next day, An’an had breakfast in the Tang family and talked to the three brothers of the Tang family about quitting their marriage. Naturally, Mr. Tang and his three uncles were very happy.

Qin Chuan is obviously not a good man.

Only Wang Meijiang listened to the incident and satirized an an.

But look at not getting married, dowry temporarily do not need to go out of the share, her heart is still a little happy.

After breakfast, Ann asked the driver to take her to Li’s home.

Wenjo was distressed to see her running back and forth like this.

“You child, just call when you have something to do. Don’t run around all day! Look at you. You look haggard. You even have dark circles under your eyes!” Listening to Mommy’s concern, Ann subconsciously glances at Li Qichen sitting on the sofa.

She has a haggard face. What’s the reason for running at both ends?

It's all because this guy doesn't know how to control himself!

Li Qichen calmly accepted her eyes, but also did not feel guilty and said: "I think Mommy is right. It's too tired to run back and forth. Let's start moving back today!"

"No! That's OK! I'd better live in the Tang family!"

Eyes wide to the extreme, Ann quickly refused, small head shaking like a rattle.

Can she not know what kind of heart he has?

She lives in the Tang family. He can climb the wall and live at home. He has to bully her every day!

Li Qichen said solemnly, "where is the Tang family comfortable? Your third aunt is a powerful role. You live in the Tang family, and Mommy is not at ease."

That was a reminder to winjo.

"Chenchen is right. The third aunt of the Tang family is really shrewd. Although other people are nice to you, mummy is always worried. You haven't left school yet and don't know a lot of things. You'd better come home. I can't worry until mummy sees you."

"....."

Ann glanced at Li Qichen.

This guy did it on purpose!

But Mommy said that, and ANN can't put it off any more. It's true that there are many inconveniences in living in the Tang family.

The main problem is Wang Meijiang. Every time she sees Wang Meijiang, she has a headache.

Didn't all of your previous achievements be wasted when you moved out of here and now come back?

What does Li Qichen choose from them? When she moves back, it's more difficult for them to tell each other.

Li Qichen seemed to see her worry. She leaned close to her ear and said in a low voice, "you don't need to worry about your identity. Recently, the Tang family will hold a grand marriage ceremony to let people all over the world know that you are the daughter of the Tang family."

Ann picked her eyebrows.

The Tang family didn't say that there would be a grand ceremony to recognize their parents. How could he know?

Is

Li Qichen said again: "don't worry, give me everything!"

He will arrange everything for the Qin family and the Tang family to minimize the damage.

Looking at his confident appearance, I don't know why, Ann suddenly put down her heart.

Chapter 1395

In this way, An'an moved back to the Li family.

In fact, the Tang family has a lot of opinions about An'an's moving home, but the Li family can't take An'an back to the Li family on the ground that An'an has been wronged.

Wang Meijiang bullied An'an, and the Tang family saw it in their eyes. Therefore, we can't refute the Li family's reason.

An'an must be happy to return to Li's family and the place where she has lived for more than 20 years.

At the beginning, she was naive enough to think that she could be with Li Qichen when she went out from Li's family, but she also wanted to be clear these days.

Their relationship is the same as where she lives.

Of course, the happiest and most convenient thing for her to live at home is someone with a bad heart.

Just experienced the love world, and at the best age of life, energetic, someone climbing the wall is very happy.

An'an has a lot of opinions on this, but no matter how angry she is, she can't help it.

When having breakfast, Wen Qiao looked at an'an's listless appearance and asked with concern, "an'an, are you busy studying these days?"

"No!"

Ann took a sip of milk and asked suspiciously, "Mommy, how can you ask that?"

"I see you look tired. Are you very tired?"

Ann's face turned red, red enough to bleed, "no Not tired! I didn't have a good rest at night! "

"Is there something on your mind?" Wenqiao asked uneasily.

“It’s OK, it’s really OK! Mommy, I’m full. I’ll go to school first! Goodbye

Ann couldn’t stand Wenqiao’s questioning. She took two pieces of bread and ran out.

Li Qichen came down the stairs and saw An’an rush out with his schoolbag on his back. He immediately frowned, “Li Anqi, what are you running for?”

He’s going to school today. He told her last night to go well together. Is she going to leave him and run away alone?

Ann is guilty in the heart, where dare to wait for Li Qichen, as did not hear, but accelerated the pace to go outside.

Li Qichen originally frowned more tightly, this guy is intentional!

“Mommy, I don’t have breakfast. I’ll go to school first.”

“Go

Wenqiao is very concerned about girls, and obviously has a free range attitude towards boys.

Boys don’t need to be in charge of everything. They should let go and let themselves grow up.

Li Qichen keeps up with An’an and forcibly pulls open the door and pushes the back seat up.

Ann looked at the gate with a guilty conscience. Seeing that Wenqiao didn’t follow, she was relieved.

She looked at the driver in the cab, then lowered her voice and said in Li Qichen’s ear, “if you stick to me like this every day, everyone will be suspicious!”

Li Qichen's long and narrow eyebrows frowned unhappily. "Sooner or later, you will let everyone know. What's the use of worrying like this?"

"....."

Well, it seems that worry is unnecessary.

It will be known sooner or later.

Li Qichen saw her face clever appearance, mind a swing, press the middle partition of the car, will hold An'an in his lap.

An'an's delicate little face blushed, worried about being heard by the driver. She lowered her voice and said, "what are you doing?"

"I don't want to do anything, I just want to kiss you!" Li Qichen is very serious.

An'an was so ashamed that she didn't know what to do. She twisted a little pink fist and hammered it on his chest.

When they got out of the car, Ann's face was red and there were several suspicious marks on her neck, even her clothes were wrinkled.

Someone, on the other hand, has a clear face.

Two people from the car one after another down, immediately in the school caused a sensation.

An'an is a high-ranking figure in the school. Many people know that An'an is the princess of the Li family. Many people want to curry favor with her and rise to the upper class from then on.

But Ann has always been a cold beauty, clever, but also difficult to approach.

No, I saw An'an and Li Qichen get off from the same car.

Handsome men and beautiful women immediately envy a lot of people.

The men got together and looked envious.

"Who is this man? It must be a little white face. If you climb up to the Li family, you will fly up to the branch and become a phoenix!"

Women's tone is sour, "that man is so handsome, with a sense of elegance between his actions, it must be the rich second generation! It's not sure who can climb up to it!"

It's infuriating to compare people.

Li Anqi not only has a good family background, now even her boyfriend is so handsome.

There's no reason!

Ann felt everyone's naked eyes, but said: "Chenchen, next time we still don't want to come to school together, you see, everyone around us, I don't want the monkey in the zoo to be surrounded." "What are you afraid of?"

Li Qichen evil spirit ground picked next eyebrow center, under everybody's vision, he stretched out his hand to embrace an an's shoulder directly.

Ann gave him a push, but didn't push it away.

Looking at the firm expression on the man's face, she was suddenly relieved in that instant.

That's it. Let it be.

Under the golden sun, Ann and Chenchen look at each other and smile. Happiness swings on their faces.

This scene was photographed by students who love photography and uploaded to the local forum of the school, which immediately caused a small sensation.

At first, everyone thought they were friends. However, when Li Qichen's identity was stripped out, everyone knew that they were brothers and sisters or twins. No wonder they had such a good relationship.

So The whole school is boiling again.

The girls have a new God, and the boys are relieved.

It turns out that the new transfer student is not a rival, but a brother-in-law!

Li Qichen came to the new class. On the first day of class, he was warmly welcomed by the students.

The boys approached each other one by one, while the girls passed on their love letters shyly.

However, everyone's enthusiasm was ignored by Li Qichen.

It's like a natural iceberg, high in the mountains of kaolin flowers, people dare not easily close.

Girls' enthusiasm is not so easy to be blocked, Li Qichen here does not work, began to play An'an idea.

After school in the afternoon, Ann looked at the information in her mobile phone and went downstairs happily.

Because Li Qichen is waiting for her at school.

However, when I came to a corner, I was caught in the bag.

“Classmate, what’s up?”

Ann looked at the strange girls in front of her suspiciously, and knew from their uniforms that they were the students of our school.

One by one, the female students were very shy and put their love letters and chocolates into Ann’s hands.

“Classmate Li Anqi, this is what I wrote to your brother. Please help me to deliver it!”

Then he ran away.

Ann looked at the high stack of love letters in her hand, which was messy in the wind.

What brother, that’s her man!

Hum!

An’an suddenly cares that Li Qichen is her brother.

It’s not sure who is big!

Chapter 1396

Ann got into the car with a cold face. Li Qichen had been waiting for her in the back seat of the car for a long time. Seeing this, she pinched her angry face and joked: "what's the matter? Who has offended our little princess? "

"Will you take it out on me if someone offends me?"

Ann's cunning eyes turned and looked at Li Qichen.

Li Qichen's long and narrow eyebrows, eyebrow a Yang, said with a smile: "of course, you talk about it!"

"It's you!"

Ann clapped the love letter and chocolate in her palm on Li Qichen's hand, gritting her teeth and saying, "you can do it! The one who attracts bees and butterflies

Li Qichen's eyes narrowed, "what's this?"

"See for yourself!"

Ann's mouth was murmuring unhappily.

That appearance is really lovely, Li Qichen stole a kiss on her mouth.

He licked his lips and said, "how sweet!"

"You

Ann was so angry with his thick skin.

Now she is interrogating him. Why did she receive such a love letter on the first day of class? How did she make those girls happy? Can't she be more serious?

Hum!

Li Qichen's slender arm stretched out and hugged her shoulder. The warm breath accompanied by the ambiguous breath whispered in her ear: "I don't want to see it. You can read it to me one by one after you go back."

"....."

An an was speechless for a while, and put his hand on the soft meat around his waist.

It's too much for him to ask her to read love letters to him.

Li Qichen's facial features were wrinkled with pain, and he said with exaggeration: "you want to murder your husband! You killed me, who's going to hurt you!"

"....."

For such a person who has no lower limit, she has nothing to say.

That night, she was really forced by him to read love letters to him.

Ann is almost mad.

However, what she didn't know was that Li Qichen also received love letters from her male classmates, but they were all thrown into the garbage can by him.

Dare to write love letters to his women, but also let him act as a messenger, did not directly put them out is his good temper.

This guy is too bad to beat. He should be punished if he dares to give him the love letters written by other women.

.....

Qin family, then connected to the Tang family and Li family to lift the wedding news, Qin Fu was so popular that he smashed everything in the room.

“The Li family and the Tang family are deceiving people too much! What do they regard our Qin family as? Call and wave, and bully at will?”

Qinchuan stood by the window, looking at the blue sky and white clouds outside, his face became very dignified.

Have they decided to face everything?

Seeing his indifference, Mrs. Qin couldn't help asking, “chuan'er, do you have something to say? What's the matter with that girl? Can she afford to lose this person when you sleep with her?”

Both of them are the top rich second generation. In the upper class circle, who doesn't know them has long spread.

The reason why no one gossips is that the two soon get married.

It's not unusual for two young people to go out and open a house when they get married.

However, if the engagement is terminated at this time, it will certainly cause everyone's speculation.

Gossip is inevitable.

Qin Chuan turned and looked at Mrs. Qin with an angry face. She said with a warm smile, "Mommy, we don't need to do anything. Just look at them."

If Li Qichen can give her happiness, he doesn't mind helping them.

But if Li Qichen dares to disappoint An'an, he will not be the first to stand by.

Seeing that he could be so calm, Mrs. Qin thought that he had a complete solution in mind and patted her son on the shoulder with great satisfaction.

"Son, in my mother's heart, you are always the best. My mother also believes you in this matter!"

Qin Chuan nodded, but his heart was bitter.

Where he has any countermeasures, there is nothing he can do.

Back in the room, the smile on Mrs. Qin's face cooled down.

Qin Chuan is her son. Can she not know?

Although he had a solution in mind, she was still not at ease. It seemed that she had to do it herself.

Mrs. Qin picked up her cell phone and dialed out.

"What happened to the last thing I asked you to investigate? Do you have any results?"

“Yes! It’s really hot. It’s absolutely beyond your imagination

“Well, as long as the things you provide are valuable, I’ll pay you 10% more for the rest.”

“I’ll send you the information right away!”

Mrs. Qin hung up with a cold hum. After a while, a large number of photos came from her mobile phone.

Some are clear, some are vague.

But the content is ambiguous and bold, and there are even photos of kissing directly in the car. Mrs. Qin looked at the ambiguous and clear photos on her mobile phone. Her smart eyes flashed a cold light.

Don’t blame a woman who doesn’t know her shame for giving her son a green hat.

Don’t worry, dare to bully their Qin family, she will definitely give her a super gift.

.....

At the weekend, An’an went back to Tang’s home to visit him and stay for two days.

After dinner, Ann accompanied Tang to play go.

Thinking of what happened two days ago, my eyes flashed slightly and I asked, “grandfather, I want to ask you something!”

With a kind smile, Mr. Tang left a son behind.

“Tell me what you want to ask, and tell me what you want to know. My grandfather will tell you.”

“When was I born? When is my real birthday?”

Smell speech, Tang old son a meal, think of the past, sighed lightly.

“The day you were born was the ninth day of September, the Double Ninth Festival. It was supposed to be the day of reunion, but it was Yin and Yang separated.”

An an once, originally she is really younger than Li Qichen a few days.

But when it comes to the fact that she has never met her parents, Ann is not happy and even depressed.

“Grandfather I’m sorry to remind you of something unhappy.”

“It’s OK, it’s all over!”

Tang changed the topic and said, “an an, I’m going to discuss something with you.”

“Grandfather, you say!”

“I want you to recognize your ancestors, change your name and leave your registered permanent residence in our Tang family Look at this...”

Mr. Tang has always been a reasonable person. Naturally, he knows that this requirement is too much.

The Li family raised An’an for more than 20 years, but the Tang family didn’t pay for anything. Now they want to take their daughter away.

An an is stunned.

Of course she would like to, but daddy and Mommy don't necessarily agree.

This is also the place that master Tang worried about. He quickly explained: "don't worry, we will all give compensation to the Li family. I'm sorry for old four in my life. I just want to leave an account for him in the genealogy, so that he can die in peace."

Speaking of his youngest son, Tang's wrinkled eyes turned red.

An an looks at Tang old son excited appearance, in the heart also some move.

"Grandfather, what you say is what you say. I'd like to go back to the Tang family. I'll try to persuade them."

Master Tang was stunned. He didn't expect that An'an would be so partial to the Tang family.

What's wrong?

Li's husband and wife are so kind to An'an. We can see that An'an also has deep feelings for them. Why did she directly agree to the request of returning to the Tang family without even refusing?

"An an..."

Mr. Tang's face was full of doubts. Just as he wanted to ask the questions in his heart, he heard the servant knock at the door.

"The master, the young lady and the young master of the Li family come to visit us."

Ann frowned. What did this guy do at home.

But the Tang old son swallowed the words to the side of the mouth to go back, "quickly invite him to come in!"

“Yes

“Grandfather, I’m sorry to disturb you when I visit you late at night.”

Li Qichen stood in front of Tang, with a polite face.

Mr. Tang looked up and down at Li Qichen and nodded appreciatively.

As a leader in the education industry, Mr. Tang knows a lot about universities all over the world. Naturally, he has heard about Li Qichen, a world-class academic bully.

“I’m worthy of being the successor of the Li family. I’m dignified. I’m good! Young master Li, please sit down

“Thank you, grandpa!”

Li Qichen took a look at An’an and naturally raised her feet to her side and sat down in the position beside her.

Ann’s heart beat faster.

Don’t mess around in front of your grandfather.

Li Qichen couldn’t seem to see An’an’s warning eyes. Looking at the defeated chess pieces in front of her, Li Qichen picked the eyebrow and said with a smile: “playing chess?”

“.....”

Ann knew that she was despised by him and turned her lips.

She just can't play chess!

Master Tang said with a smile, "would you like to play two games, Master Li?"

"Good! Grandfather should admit that the younger generation is not good at chess. Don't let the younger generation lose too much!"

Li Qichen buttocks move past a few, push An'an aside from the position directly.

Ann was almost pushed down from the stool by him and gave him a silent look.

Just as she was about to get up and leave, a powerful big palm reached out and held her hand. "Ann, you sit next to me."

In front of Tang, it's not easy to quarrel with him, so ANN has to sit down again.

Master Tang's shrewd eyes scan the two faces, and a strange idea suddenly appears in his heart. The two children look like a perfect match.

When he realized what he was thinking, he coughed to hide his embarrassment.

"Grandfather is old, not your young man's opponent, Li Shaoqian!"

Li Qichen's handsome face, always with a decent smile.

"Grandfather, before playing chess, I have a heartless request. I also ask grandfather to agree."

"Oh? You said

Li Qichen said: "I want to ask for a promise from my grandfather. If I win this game of chess, my grandfather will promise me a condition."

Master Tang took a look at the chessboard in front of him.

An an is not his opponent at all. He can win without ten moves. There is no possibility of a reversal.

Young man, it's a bit arrogant.

Master Tang stretched out his hand and stroked his beard. He laughed like an old fox. "Li Shao's request naturally needs to be agreed. It's your turn, please!"

Chapter 1397

Master Tang is sure to win, but after two moves, the smile on his face gradually begins to solidify.

Li Qichen dropped the last piece and gently raised his lips.

"Grandfather, admit it!"

Ann was stunned and adored.

It's amazing.

However, Mr. Tang has not recovered from his loss. He puts down his chess pieces and laughs.

“Sure enough, tiger father has no dog! Don’t give up

Li Qichen said modestly: “grandfather has given way!”

Tang was convinced that he lost, so he had to change his view of young people.

He said with a clear face: “I’m afraid Li Shao has thought about it for a long time. Just to let me promise you a condition!”

Smell speech, an an also curiously looks at Li Qichen.

I don’t know what he wants to say to Grandpa?

Li Qichen’s thought was not refuted, but turned to An’an and said, “An’an, you go out first. I have something to say to my grandfather alone.”

Ann curled her mouth and said, “can’t I listen?”

Li Qichen light smile, “you won’t want to listen, you go out first, obedient.”

“..... All right

An’an stood up and said to Mr. Tang, “grandfather, you can talk. I’ll go out first.”

“Go ahead and serve some fruit to Li Shao.”

“All right, grandpa!”

Ann walked out of the door, and when she got to the door, she couldn’t help looking behind her.

As a result, Li Qichen and Tang Laozi's eyes fell on her.

She squeezed a smile at them and walked out of the room.

Why is there some uneasiness in my heart?

When the door was closed, Tang asked, "Li Shao, what do you want to say to me?"

Li Qichen stood up and suddenly bowed deeply to the master Tang. "Just now, I played a little smart to win my grandfather. Is it because I want to ask for something from my grandfather?"

"Things?"

Master Tang's shrewd eyes flashed slightly, looking up and down at the young man standing in front of him.

He looked very calm and calm. Although he was asking for help, he didn't feel inferior and didn't say a word. He was sure that he would win what he asked for.

Mind hundred turn, although the eyebrow suddenly a sudden.

"Li Shao, please speak up if you have something to say!"

Li Qichen looked up at Mr. Tang and said firmly: "An'an! Please marry ANN to me

Hearing this, Tang was stunned. He didn't expect that he would ask for someone so directly, but there were not too many accidents.

Just now, he had a feeling that lovers look at each other differently.

They look at each other with light in their eyes.

Mr. Tang said with a smile: "although you are not born, you have always lived under the same roof. There must be rumors outside. You may not be blessed by everyone, but the women who bear the most rumors are often women. Have you considered all these?"

Li Qichen eyes a dark, tight tight fingers, "yes, because of this, so we have been hesitating, until recently just each other firm down."

Each other

Tang old son picked eyebrow heart, "she dissolves marriage with Qin Chuan because of you?"

"Yes

Tang asked: "some time ago, Qinchuan those gossip is you let people burst out?"

Li Qichen is extremely frank, "yes!"

Mr. Tang pursed his lips deeply, then nodded his head, with a dignified look on his face.

After thinking about it, he asked, "do the Li couple know about you?"

Li Qichen replied honestly, "I don't know yet!"

Master Tang was furious and said angrily, "before they know it, tell me, where are you putting us? Do you want ANN to follow you like this? "

Li Qichen quickly comforted: “grandfather, don’t be angry first! I’ve never thought about hiding our relationship. I’ve never thought about running away from difficulties. Otherwise, I won’t confess to you today. The reason why I didn’t confess to my parents is that ANN can’t pass the heart test. That’s why I want to get grandfather’s support first. With grandfather’s support, she will become braver. ”

Hearing the speech, the Tang master was silent.

Li Qichen is really excellent.

Regardless of family background, talent and ability, they are all at the top of the pyramid. They are extremely picky. There is no second one in the country.

But Ann is his baby granddaughter and he doesn’t want to see her hurt in any way.

Thinking of this, Mr. Tang turned down his heart and refused: “Li Shao, it’s not that I don’t want to help you. To tell you the truth, I appreciate you very much!

However, I absolutely can’t bear to see An’an criticized. You should know that this society is extremely unfair to women and men. People often blame women instead of men for such things. People will say that An’an is shameless and neglects human relations. “Li Qichen narrowed his eyes. His eyes flashed with apology, but he still said firmly: “I know all this! I can’t change people’s prejudice against society overnight, but I can guarantee that I will reduce the harm to the minimum, and I will cherish An’an more and make up for her harm! ”

Tang said: “love is the most unreliable thing. You can’t count your promises now.”

Li Qichen picked the next eyebrow, “grandfather, you will agree! Twenty four years ago, you don’t want to see the tragedy of Ann’s father and mother for the second time

“You

Mentioning Tang Jin, Tang’s face suddenly changed, “are you threatening me?”

“No! I just want your support. Your support is very important to an an. She loves me and I love her very much. Please help us! ”

“.....”

Looking at Li Qichen’s firm eyes, Tang suddenly lost the battle and wiped his eyes. There was a trace of nostalgia and guilt on his face.

“You’re right. I indirectly caused the tragedy of An’an’s father, just because I had a good face and neglected his happiness! So I will never let this happen to his daughter again! ”

Hearing these words, Li Qichen quietly breathed a sigh of relief.

“Thank you, Grandpa. I promise you that I will love Ann and spoil her all my life.”

Looking at Li Qichen’s serious face, Tang suddenly laughed and joked: “I dare Li Shao to call my grandfather one day because I covet my granddaughter!”

“Grandfather, just call my name!”

“You little boy...” Master Tang liked Li Qichen more and more, but he could not help threatening: “I promise you for the time being today, but if you dare to be unkind to An’an, I will bring An’an back at any time!”

“Don’t worry, you will never let this day come!”

As they were talking, Ann cut a plate of fruit and served it.

See grandfather smilingly looking at her, and Li Qichen looking at her eyes is naked, eyebrow jump.

“Li Qichen, what are you doing looking at me like this? Is there anything on my face?”

“Come here a little bit!” Li Qichen suddenly said.

Ann frowned suspiciously, but still took a step in front of him.

Li Qichen suddenly reaches out his hand and kisses ANN on her forehead with shocked eyes.

“Bo” ground a, an an elephant was scalded by what, fiercely stare big eyes, push Li Qichen away all of a sudden.

A pair of big black and white eyes, full of consternation looked at him.

“Li Qichen, are you crazy?”

Is he crazy to kiss her in front of his grandfather?

Li Qichen looked at her at a loss, suddenly grabbed her hand, gentle tone.

“Don’t worry, Grandpa will support us!”

“.....”

Ann is a girl in the end. She is thin skinned. After listening to Chen Chen’s words, she is so ashamed that she wants to find a hole in the ground. She doesn’t know what to do.

She said that she only reflected now. Just now Li Qichen called her away because he wanted to have a showdown with his grandfather.

What would grandfather think when he knew about them?

Seeing this, Mr. Tang looked distressed and waved to her, "son, sit next to my grandfather!"

"Grandfather?"

An'an hesitated to walk towards the old man Tang. His heart beat a little fast. He was worried that his grandfather would blame him.

Tang touched her head lovingly and said kindly: "An'an, you have grown up now and have your own ideas. You can do whatever you want. Your grandfather will always support you."

"Grandfather..."

An'an's tight heart loosened, her eyes turned red involuntarily, and she wanted to cry.

Grandfather not only did not blame her for being headstrong and ignorant, but also supported her.

She knew that the Tang family paid the most attention to secular ethics, and it was not easy to promise her to be with Chenchen.

Seeing that she was about to cry, master Tang nodded, pretended to be unhappy and said, "what are you crying for? I told you long ago that you can do whatever you want. Grandfather is not just talking about it!"

"Well!"

Ann sucked her nose and forced her tears back to her eyes. She threw herself into Tang's arms with a smile and said, "thank you, grandfather!"

"Silly child, are you going to get married and cry, are you ashamed?"

Because of the joking remark of Tang, an an broke into tears and laughed.

She can't help but turn her head and look at Li Qichen. They look at each other and smile.

One is full of happiness, the other is full of spoiling.

Master Tang looked into their eyes, and the last worry in his heart disappeared.

The day after Li Qichen confessed to Tang, Tang thought for a whole night and then called his son and daughter-in-law to hold a family meeting.

"Today I'm calling you here to tell you something. An an must go back to the Tang family and join our Tang family. Moreover, this matter needs to be handled with a high profile. The more grand it is, the better it will be."

"This..."

The three brothers of the Tang family look at me and I look at you. There is a trace of hesitation on their faces.

"Do you have any questions?"

Tang old son a face displeasure, "an an is my granddaughter, even if you have an opinion, you also give me hold back in the heart, don't say out to everybody add block."

Tang bin quickly said: “father, it’s not that we don’t recognize An’an, we also love An’an, but in this way, isn’t it too shameful for the Qin family?”

After all, the Qin family lost a daughter for the sake of their fourth brother. Now that they have found the fourth brother’s daughter, the Tang family has recognized the person back home in a high-profile way. Isn’t it a disguised recognition of the marriage between the fourth brother and the fourth sister and a denial of the marriage between the Tang family and the Qin family?

In addition, the wedding of An’an and Qinchuan has been canceled recently. In addition, the Qin family will give up.

Hearing the speech, the Tang master snorted and said with dignity, “the tragedy of the fourth elder is caused by the love of face of the Tang family. He is the descendant of the Tang family. Yes, but he also has the freedom to pursue his own love. He is not the victim of the Tang family!”

Mr. Tang’s words were sonorous and powerful, and the three brothers of the Tang family were silent.

Looking at it carefully, Lao Si didn’t do anything wrong at all.

He didn’t have to choose to sacrifice his happiness for the Tang family. It was because the Tang family was too selfish and constrained by the secular world, which made the present regret for nothing.

“My father is right. We’re going to have a big show and take An’an home!”

Tang Laozi nodded with satisfaction, “well, I’ll leave this matter to the third man! Third, if you want anything, you should do it well and let the whole world know that our Tang family has a granddaughter.”

Although Tang Wen was puzzled why his father wanted to do it all of a sudden, he agreed. “Father, don’t worry. I’ll make it a success.”

Back in their respective rooms, Wang Meijiang’s face is very embarrassed, regardless of Tang Wen to lose his temper.

“Why did you promise the old man just now? Why waste that money? Hum, old four have been dead for so many years. I don’t know if that wild girl is the seed of our Tang family! ”

Tang Wen didn’t bother to pay attention to her, so he threw her a document.

“If you don’t want to accept An’an, sign it!”

“What?”

Wang Meijiang took the document and looked at the big words “divorce agreement” on it. There was a moment’s blank in her brain. She looked at the man who had been married for more than 20 years in front of her unbelievably.

“Tang Wen, are you serious? For that wild girl, you want to divorce me? ”

“Sign as soon as you can, and we’ll go through the formalities!”

Tang Wen said coldly and walked out of the room.

Wang Meijiang suddenly collapsed, the divorce agreement changed shape between her fingers, and a vicious cold light flashed in her beautiful eyes.

“Ha ha, angel Li!”

If you dare to ruin her life, no one can think of it.

.....

At night, Li family.

White moonlight through the wide French window into the room, shining on the European style bed of two people.

An'an lies on Li Qichen's strong chest, his big eyes rolling in the dark.

Thinking that her grandfather actually agreed to be with Li Qichen, her mood is still difficult to calm down.

"Chenchen, how did you persuade grandfather? Why did he agree?"

She used to have a lot of psychological pressure, but now her grandfather actually let go and agreed to her. Does this mean that they are together? This matter is not so unforgivable.

Maybe Mom and dad will be as open-minded as Grandpa.

Li Qichen put his hands behind his head and looked at someone with a happy face in front of him. He couldn't help but pull up his lips and joked: "I told my grandfather that you love me very much. You can't live without me, so he had to promise you!"

"Li Qichen!"

Ann was so angry that she put her hand around his waist and said, "when do I say I can't live without you? Hum

He's the one who's been seducing her, okay?

As soon as his face sank, he turned over from him and pushed him hard.

"Get out of here. This is my room. Go back to your own room!"

Li Qichen directly ignores her anger, grabs her wrist and pulls her back to him again.

In the dark, he said to himself, “grandfather said that you were born on the ninth day of September. If you say that you are younger than me, please listen to me!”

Although ANN can’t see the expression on his face clearly, it doesn’t hinder her imagination. He must be very beautiful now.

She narrowed her eyes and laughed like a little fox. “It’s not impossible for me to call you brother.”

“Say it

“In a dream!”

Ann patted him on the chest, got up and tried to escape.

But just jumped out of bed, was pulled back to the bed.

A turn was pushed down on the bed, even the hands and feet were suppressed.

Ann couldn’t struggle, and began to be afraid, “Li Qichen, I’m joking. Please release me quickly!”

“Call brother and I’ll let you go!”

“No!”

“Call or not?”

“No Well... ”

The next morning, an an opened the quilt and counted the strawberries on her body. She wanted to cry without tears.

She got out of bed shaking her soft legs and walked to the bathroom with her little mouth cursing.

“Beast

Bullying her not to say, finally she called her brother for mercy, he not only did not let her go, but intensified.

Thinking of this, she gritted her teeth and was indignant.

Hum!

Let him bully her. I must have changed the lock at home tonight.

That night, Li Qichen, as usual, fell asleep at home and turned over from the sun.

Ann had expected that he would climb the window, hide in the quilt, and watch his tall figure reflected on the curtain. She couldn't help laughing.

Li Qichen stealthily reached out and twisted the door handle, but found that he couldn't open it.

After a few blows, he realized that she had changed the lock in the room.

He angrily patted a door, saw that she didn't get up to open the door, and angrily went back to his room over the wall.

On this night, Ann slept soundly.

Worried that Li Qichen would settle with her, she had breakfast early and went to school.

Li Qi ran home in the morning. As soon as she got to the door, she saw Ann sitting in the back of the car, waving to him.

Li Qichen pinched his eyebrows and his forehead jumped abruptly. "This guy!"

When he catches her, he'll make her look good.

An an looks at Li Qichen to eat shriveled, the mood can't say of cool.

Why does he bully her every time? From today on, she will resist.

However, someone vowed in his heart that this idea had not yet begun to be implemented. During the break, he was dragged into the woods by someone.

Li Qichen strongly pressed her on the tree trunk, and her slender fingers raised her chin.

"Why did you change the lock in the room?"

"I don't know what you're talking about!" she said

"Really don't know?"

Li Qichen stares at her ruddy lips, and her voice is hoarse.

With that, Li Qichen bowed his head to kiss her. An'an's face changed and said, "don't, don't, don't, I said, this is the school. Don't mess with it."

Chapter 1399

Li Qichen held his anger last night.

This morning, this guy didn't explain anything and left him alone.

How can he bear it.

Li Qichen raised her chin and lowered her head to kiss her.

"No!"

The faint fragrance of peppermint poured into her nose and instantly drowned her. Her face changed. She reached out to push away Li Qichen and lay on the side of the branch to retch.

"Ouch ~ ~"

Li Qichen's eyebrows jumped and his face turned black.

Is he that sick? She threw up with a kiss!

Li Qichen was very angry, "Li Anqi, what do you mean by that?"

"My stomach is uncomfortable ~"

Ann retches twice. When Li Qichen is far away from her, the feeling disappears immediately.

Ann tearful, a face sorry, said: "sorry Chenchen, I really didn't mean to."

Looking at the girl with an apologetic face, like a kitten doing something wrong.

Li Qichen felt soft in her heart and touched her pale cheek painfully, "are you sick? I'll take you to the hospital. "

"No! I should have caught a cold last night. It's OK! "

But Li Qichen is still not at ease, frowning, "no, I'd better take you to have a look."

"No, really!"

What she was most afraid of was the injection, and it was no big deal. Just now, she didn't know how to smell Li Qichen's body and wanted to vomit.

"Is it really OK?" Li Qichen looked at her hesitantly.

"It's really OK!"

Ann stood on tiptoe and gave a kiss on Li Qichen's face. "You see, isn't it ok now?"

Her eyes are bright and bright. When she smiles, she shows two small tiger teeth. They are lovely and beautiful.

Li Qichen's sexy Adam's apple rolls, once again clasping the back of her head.

"Is that ok?"

He didn't want to be disliked by her again. He even threw up after kissing her. It was too shocking.

Ann nodded shyly

With her words down, the chin was caught, Li Qichen bowed his head hard to kiss her.

He couldn't help missing her when he didn't see her last night.

This kiss is like to burst out all the missing in that moment.

The powerful arm pinched her thin waist, as strong as to rub her into his body.

"Well..."

Ann felt that her breath was about to be drained by him, and her little face turned red.

"Chenchen, wait, don't do that!"

"Which one?"

Li Qichen let go of her, an arm propped up beside her face, hot eyes like to melt her, a face forbearance, almost gnash teeth tunnel.

"Don't lock the door tonight, do you hear me?"

An an was so scared that she knew that she couldn't pluck the hair from the tiger's head now. She said very cleverly: "I know, I know! Go away first. There are people coming to the school at any time. We are miserable when people see us! "

Her careful appearance made Li Qichen feel uncomfortable again.

It's like he's something shady.

He glanced at her and finally said mercifully, "I'll forgive you this time. Next time, I'll just pry your door."

Ann's mouth flicked, and she was sure that this guy did what he said.

She Nuo small mouth, "know to threaten me, hum, Li Qichen you this big villain!"

They came out of the woods one after the other, but they didn't find it. Not far away, a camera aimed at them and photographed the whole picture of their quarrel.

Ann thought that vomiting just now was only temporary. She had a cold and her stomach was comfortable.

However, when I brush my teeth the next morning, I almost vomit.

I didn't eat all night. My stomach was empty. I couldn't vomit anything at all. I had to feel sick and retch.

"What's the matter with me?"

Looking at the pale face in the mirror, a weak face of her own, she looked puzzled.

Is it really gastroenteritis?

Tidy up their own downstairs, Li Qichen has been sitting in the restaurant waiting for her.

Seeing that she was pale and haggard, she could not help frowning.

Did you go too far last night?

It seems that we have to take her to do morning exercises together in the future. This guy's physical fitness is really bad.

Ann absently eats breakfast and goes to school with Li Qichen.

Originally, she had no class in the morning, and had been a senior. After half a year, she would go out to practice in the spring tomorrow.

But Li Qichen has a class in the morning. She has to go to school with him.

After Ann came to the school, she sat in the library and looked out of the window in a daze. What she likes most is the atmosphere of the library.

Zhang Mengmeng's family is outside the city. Usually, she lives in school. She has no classes in the morning and comes to the library early to read.

Looking at Ann sitting in a daze at the window, she hurried over.

"Ann, why did you come to school so early? No class in the morning

"I know..."

Ann lay on the table with a weak face.

Because she felt some discomfort in her stomach all the time. It was like something was sinking.

Seeing that she was not in high spirits, Zhang Mengmeng took her outside the library.

“There’s a new hot pot restaurant outside. I’ll take you to eat it!”

However, when Ann heard the word “hot pot”, she immediately thought of the greasy thing. Her stomach rolled and she covered her mouth and retched.

As soon as her face changed, she fell on the garbage can.

I didn’t eat much in the morning, but now I vomit it all.

What a pain!

Zhang Mengmeng anxiously followed her back and bought her a bottle of water from the store.

“Ann, what’s the matter with you? Are you sick? ”

Ann took a few mouthfuls of water, which made her a little more comfortable, “thank you!”

“Does it matter? Shall I go to the hospital with you? ”

Zhang Meng said anxiously.

Ann white face, shook his head, “still don’t use, these days also don’t know how, often want to vomit, but what can’t vomit out.”

Hearing the speech, Zhang Mengmeng’s judging eyes fell on An’an’s pale face and whispered: “how do you look like you are pregnant?”

Then she thought it was impossible, “I’m joking, you and Qinchuan nothing happened, how could you be pregnant!”

Pregnant

An'an is surrounded by these two words.

She's not really pregnant, is she?

Her face turned white again, and she was tottering, as if a gust of wind could blow her down.

Zhang Mengmeng saw that her expression was not right. She wrinkled her pretty eyebrows and hesitated to say, "isn't it true?"

"No There's nothing wrong with it

Ann quickly converged her expression, and her pale little face squeezed out a smile.

Li Qichen didn't see her after class and called her.

"Where are you?"

"Chenchen..."

Listening to the familiar voice on the phone, An'an suddenly felt very sour.

The thought that she might be pregnant upset her heart.

What if she's pregnant?

"What's the matter?"

Li Qichen sees her tone is wrong, in the heart anxious rise, “where are you, I come to look for you now.”

An an said an address, Li Qichen came very quickly.

“What happened?”

An’an had already made preparations in her heart. Looking at the worried look on Li Qichen’s face, she shook her head, “I’m ok! What’s for lunch? I didn’t eat much in the morning. I’m hungry!”

“That’s it?”

Li Qichen jokingly pinched her small face, a face doting and helpless, “really take you have no way, follow me, I take you to eat delicious.”

Li Qichen takes an an to a Chinese restaurant not far from the school.

Ann looked at the name of the dish on the menu, lack of interest, “Why bring me to eat this? I like spicy food.”

These dishes are either steamed or stewed. They’re white. They don’t have any chili. They don’t look delicious.

Li Qichen patiently explained: “the most famous thing here is that it doesn’t put those messy seasonings in its dishes. It’s good for your health. You don’t know what’s going on these two days. You’re very weak and need a good tonic.”

Listen to the words that Li Qichen cares about, An’an is warm in the heart, and doesn’t seem to be so flustered.

Chenchen should be happy to know that she is pregnant, right? Should be able to accept this child?

But when she thought of two people still studying in school, her heart was like a mountain oppressing her.

Ann doesn't have much appetite, but fortunately, the food here is very light, without the strong taste, but it's very competitive and doesn't vomit any more.

Chen Chen saw that she took two mouthfuls and stopped eating. He quickly picked up a bowl of rice.

"How can I have such a little?"

"I'm full."

Li Qichen looked at her thin figure, and felt that his waist was broken, so he didn't dare to work too hard every time.

He took her hand, "time is still early, I accompany you for a walk, walk back to school."

"Good!" An an happy tunnel.

It's not very far from here to school. Walking on the Boulevard, I can't say it's pleasant.

Ann has classes in the afternoon, but Li Qichen doesn't, but Li Qichen plans to accompany ANN, waiting for her to go back after school in the afternoon.

As soon as they got to the school gate, they met Lu Ziyang. "You two are not loyal enough. I'm looking for you here. You've been to the world of two people. There's no love!"

With that, Lu Ziyang was about to cry.

Ann couldn't help laughing, "Lu Ziyang, can you stop exaggerating?"

Li Qichen put his arms around An'an's shoulder and showed off his face as a possessor. "I have a wife. If I have the ability, you'll find one to follow us and get in the way."

"You! This friend can't do it!"

Lu Ziyang has a toothache.

Are these two people trying to piss him off?

Hum, he'll find an object right away.

An'an's clear big eyes turned, looked at Li Qichen and said, "Chenchen, I have something to do with Zhang Mengmeng in the afternoon, or you can go first!"

Li Qichen reached out and touched her head, "call me after class, I'll pick you up!"

"It's OK. I can go home by myself. You go first."

Lu Ziyang is waiting for Li Qichen here. There must be something wrong with her. She happens to have something to do with her. In fact, she and Zhang Mengmeng have nothing to do at all. They just deliberately cheat Li Qichen.

Chapter 1400

After class, Ann said goodbye to Zhang Mengmeng and came to the hospital alone.

She hung an obstetrics and gynecology department. There were a lot of people. She sat on the blue stool in the corridor, waiting for the doctor's summons.

Most of the people who come here have a big stomach.

The stomach swelled up like a puffy ball.

Some people are accompanied by their husbands and look happy. Of course, some people are not willing to be responsible and come here for abortion.

An an holds the registration form in her hand, and her heart is in a mess.

16, Room 302. ”

when Ann heard her name, she got up from her stool and went to the 302 clinic.

The doctor looked at her with a childish face, and was alone. He was not surprised at such things.

“Little girl, don't be so restrained. I'm a doctor. Let's do a B-ultrasound first.”

Ann bit her lower lip, so embarrassed that she wanted to find a hole in the ground.

The first time I went to the hospital, I went to the obstetrics and gynecology department.

Half an hour later, An'an got the B-ultrasound sheet. Looking at the big words on the B-ultrasound sheet, it was like being struck by a thunderbolt.

When she came out of the hospital, she was in a daze.

I can't get a clue.

Don't know what to do next?

Yes, morning!

He's part of it. He has the right to know about it.

An an takes out his mobile phone to call Li Qichen. As a result, he doesn't answer the phone, but Lu Ziyang's voice.

"Ann?"

"Lu Ziyang, why are you? What about him?"

"Chen's hand is in the bathroom. Wait a minute. I'll go out and give him my cell phone right away."

It turned out that the mobile phone was lost.

Ann bit pale lips, said: "forget it, where are you, I come to him!"

Lu Ziyang was drunk and had a big tongue, "in In the modern world. "

The world?

Isn't that a club?

Ann hangs up and beeps.

An an taxi came to Fanshi, but was stopped by the front desk, "Miss, do you have an appointment?"

Ann frowned, "I'm invited by Lu Shao."

"Just a moment, please. I'll ask the waiter to come and show you."

"Thank you

Lu Ziyuan is a super VIP here. Usually, the guests are very popular. Everyone has them. There is no doubt about them.

The waiter takes Ann up the stairs, turns seven or eight, turns several corridors, and finally stops at the door of a luxurious private room.

"Miss, please! Call me whenever you need to!"

Ann nodded.

Open the door, the room dim light, a luxury.

wine, smoke, mixed with strong perfume into the nasal cavity, Ann uncomfortable to cover his mouth, and hold back, did not vomit.

It's a big room. The sofa is full of people.

They are all noble sons of rich families, familiar faces.

And these rich young masters are surrounded by several cool women, all dressed up as bunnies. You can see that they are the ladies in the club.

An an sweeps around the room and doesn't see Li Qichen.

The light in the house is dim, and there are too many people. It's not so easy to find for a while.

But she knew that Li Qichen must be in it.

Ann clenched her fist angrily, "Li Qichen, you son of a bitch!"

Ann scolded secretly, turned around and left.

As she passed the hall, she stopped and turned to the front desk.

From the bag out of a gold inlaid black card lying on the bar, "you are here the youngest beautiful girl called out to me!"

"This..." The front desk looks embarrassed.

What kind of girl does she want as a woman!

"What's the matter? Do you still look at the gender of your clients? I can't afford it. I have plenty of money. This is the bank card my boyfriend gave me, which is 100 million yuan a month! As long as a girl like you is beautiful enough, I can afford any amount of money!"

The front desk immediately brightened up and said with a smile, "just a moment!"

"Go

Ann's lungs are bursting with anger.

Don't you like playing with your sister? She let him play enough at a time.

Upstairs, VIP room, Li Qichen sitting in a remote corner, is playing mahjong with people.

But the other three people are surrounded by beautiful little girls, only his side, empty.

The little girl around him was as fierce as a wolf, staring at him with an obsessed face, but he stopped her cold and fierce eyes, and no one dared to step forward.

Li Qichen just played a card, suddenly saw a familiar shadow at the door.

Ann Ann?

How could she be here! Li Qichen frowned and then shook his head helplessly.

It seems that he is really possessed by her. Seeing someone at the door, he subconsciously thinks of her.

Today is Lu Ziyan's birthday. He forgot his birthday. If he doesn't come to his game in the evening, he can't say anything.

That's why Li Qichen came to his birthday party with a strong sense of discomfort.

Lu Ziyan was originally a playful man. How could this kind of occasion be less accompanied by women.

It's really boring enough. It's better to go home with Ann. Even if you watch TV with her and don't do anything, it's better than playing cards with them now.

Li Qichen has been absent-minded and lost a lot of money, but he doesn't care.

After two blows, Li Qichen found Lu Ziyan.

"You fight."

“What’s the matter? Today is my birthday. Don’t be so shameless!”

Li Qichen had no choice but to pinch his eyebrows, “I smoke a cigarette.”

“Yes! I’ll play with them

Lu Ziyang is drunk and sits beside Li Qichen. A smell of wine rushes up. Li Qichen frowns in disgust and walks to the window.

As soon as I lit a cigarette, before I had time to take a sip, the mobile phone in my pocket rang.

He took out his mobile phone and saw that it was a reminder of consumption.

It’s the news of consumption in the world, 98888.

”

Li Qichen looks at Lu Ziyang. He doesn’t pay the bill. Why is the message sent to his mobile phone?

He raised his foot and walked toward Lu Ziyang. “What’s the matter?”

Lu Ziyang looked at the bank consumption information on his mobile phone and said happily: “brother, you are so loyal!”

Li Qichen forehead straight jump, a face dislike tunnel: “Lu Ziyang, why don’t you drink yourself to death?”

Today’s consumption starts at less than one million. How can ninety-eight thousand be enough.

Is there anyone else spending with his card?

Li Qichen also drank some wine, but he didn't get drunk. He suddenly froze at the thought of something.

Is it not his illusion just now? The beautiful image standing at the door just now is really An'an.

Think of this possibility, Li Qichen that chaotic drinking immediately wake up.

Just at this time, the box door was pushed open again, and about a dozen young and beautiful girls stood at the door, all around Li Qichen.

"Li Shao ~ ~"

rubbed on him one by one.
