Last night's man turned out to be ruthless and merciless. He turned his hand to cloud and rain in B city. With his fingers, he could make a company bankrupt.

But what about money and power? Can you trample on others at will?

Wenqiao has always been disgusted with such people, especially after the helplessness five years ago, she even despises such people who rely on power and power.

Wenqiao hastily pushed open the door, a towering modern skyscraper appeared in front of him.

Look up at the past, shining in the golden sun, far away.

Wenqiao clenched his fingers, stepped on high-heeled shoes, and was still wearing Meiyue's work clothes. He rushed in angrily.

Without saying anything, he went straight to where the elevator was, looked at one of the elevators with the words "exclusive elevator" written on it, and pressed the up button without thinking about it.

It all happened so fast that there was no time to react.

Four beautiful front desk little sisters, you look at me, I look at you, who dare to come to Li's headquarters building?

It took a long time to react that this woman, who did not know where, had entered the elevator exclusive to the president.

It's over!

"Miss! You can't go in!" The four receptionists came running to Lavenjiao.

Just at this time, "Ding Dong" sound, the elevator door opened, and Wenqiao quickly flashed into the elevator.

The front desk was so anxious that he ran into the elevator.

But still a step late, the elevator has been Wenqiao directly to the top floor.

This elevator goes directly to the top floor. It's impossible to get down halfway. The front desk is as anxious as an ant on a hot pot.

"Miss, you can't go up! It's the office of the president. Who do you want to talk to? Tell us first

"If you make the president unhappy, you and we will be finished..."

Wenqiao looked at the four front desks defensively. Just after the elevator arrived, Wenqiao flashed out again.

The elevator comes out through a secretary's room, and then through a corridor, which is the president's office.

Wenqiao looked around anxiously. He didn't see Li Fengbei. He immediately opened his voice and yelled: "Li Fengbei! Come out of here

"Dead, dead! How dare you call the president by his name?"

The front desk holds Wenqiao and tries to seal Wenqiao's mouth, but Wenqiao dodges, "seal the North! You come out! Don't you want me to apologize? Come out

In the Secretary's room, eight beautiful secretaries looked at the "crazy women" who suddenly appeared. They were all shocked.

How dare she call the president by his name? I guess I don't think my death is ugly enough!

The chief secretary called the chief security officer directly.

After a while, several security guards came up with sticks.

Wenqiao had never seen such a posture before. He was surprised and cried in secret.

But the anger in the heart was obviously over the fear, and he wanted to seek justice from Li Fengbei.

She started to run inside. When the words "President's office" suddenly appeared in front of her, she pushed the door open without thinking.

Inside the door, the dignified man was sitting on the U-shaped rotary office chair, with a handsome face and a thick eyebrow, looking down at the documents in his hand.

In front of the Black Leather Desk, Beiqin is respectfully asking: "president, I heard that Miss Wen is coming here. Look..."

Just then, there was a loud bang, and the door of the office was pushed open vigorously. Then there was a clear and angry voice.

"Li Fengbei! Didn't you ask me to apologize? Here I am
