Chapter 141

Having said that, Mrs. Li wants to be open, so she doesn't want to think about Xu Tianyu.

He took Li Fengbei's hand and started to talk about his family. He talked about the East and the West. The more he talked, the more energetic he was. He didn't mean to leave at all.

The old lady of the Li family had come late. At that time, he was going to take Wenqiao and his two children to dinner. As a result, Beiqin called.

Li Fengbei looked at the watch for the nth time. The tip of the needle indicated that it was already 6:30 in the evening. I don't know if the woman was in a hurry?

But the old lady's expression was endless, and she didn't mean to leave at all.

He had to interrupt: "grandma, you haven't had dinner yet, have you? How about we go to dinner? After dinner, I'll let the driver take you home!"

The old lady is also a human spirit. Just now, she found that he was absent-minded. She just deliberately didn't leave to see when he could hold his mouth.

"It's fake to accompany me to dinner, but the last sentence is true, isn't it? The old lady won't waste your time!"

Then the old lady went to the door with her crutch.

Seeing that she was finally willing to leave, Li Feng quietly breathed a sigh of relief.

He immediately told the driver to take the old lady home, but she refused. She had a pair of smart eyes and saw everything clearly. "Stinky boy, you can do whatever you want! I brought the driver! It's really hard for you to accompany me to say so much just now!"

"Grandma is talking nonsense again Li Fengbei pretended to be angry.

"All right, all right! If you want to go on a date, go! Remember to take the girl home and show it to me

"If you have someone you like, you must take it home to grandma for the first time. I hope grandma can support me at that time."

As soon as the old lady heard it, her eyes brightened, "it seems that there is a play! If you go on a date, grandma won't take up so much of your time

With that, he left happily and hummed the ditty of the sixties and seventies happily.

Li Fengbei's marriage has always been a stone in her heart. She also knows that her grandson can't get close to a woman. If such a woman can appear, she will accept whatever she is.

Li Fengbei watched the old lady enter the elevator and immediately turned back to the office.

That woman has to wait a long time!

He picked up his cell phone and quickly sent a message to Wen Qiao.

Did you use dinner? Come out and eat with me!

When Wenqiao received the news, he had already had dinner and was playing with the children in the living room.

Looking at the information in the mobile phone, her heart beat fast for a moment, but it was only a moment to restore calm. She put the mobile phone screen on the sofa as if she didn't see it, and then played with the children.

Li Fengbei has walked out of the company gate and entered the parking lot from the exclusive channel, but the mobile phone in his hand didn't ring.

He frowned in disbelief.

Didn't she see the message? Why didn't you reply to him for so long?

Think of just separated, her lovely little red cheek, can't help but raised the corners of her lips.

Since when did you leave her for a while, you can't wait to see her?

He was not a patient person. He got into the car and dialed wenjo's number directly.

Wenqiao heard the mobile phone ringing moment, a tight heart, a premonition is Li Fengbei called.

Thinking of the scene I saw in the bathroom in the afternoon, I was upset.

It's like being angry. I don't want to talk to him at all.

Ann is close to her mobile phone. Seeing that Wenqiao doesn't answer the phone, she simply thinks that she doesn't hear her. She directly picks up her mobile phone and hands it to Wenqiao, "Auntie, your mobile phone rings!"

"Don't worry, let's keep playing!"

However, Ann has picked up the phone, and see clearly the display on the top of the screen, happily cried, "aunt, it's daddy! Daddy is looking for you, you pick it up quickly

"Cough!" Wenjo couldn't fight with him in front of the children. He had to get through. "Hello?"

Deep sexy voice from the other end of the phone, with dissatisfaction, "how long to answer the phone?"

"I didn't hear you!" Wenjo bit his finger and lied.

Next to her, An'an's children gathered in her ear and said with a smile in her tender voice: "Auntie! You can't lie. Your nose will grow when you lie!"

Wenjo was embarrassed.

She lied in front of a child!

Although An'an's voice is very small, it doesn't prevent Li Fengbei from hearing it. His face suddenly sank and he asked: "how dare you cheat me?"

Again angered him, but Wenqiao nodded, "well, I lied to you! What can I do for you? "

Wen Qiao is so generous to admit, it is to let Li Feng North Leng Leng, immediately react to come over, the green tendon on forehead explodes now, "don't you see my information?"

"....." What should I do? Do you want to tell a second lie in front of the children? Short silence, enough to explain a lot of things.

Li Fengbei's face was so heavy that he could drip water. "Come out now! I'll wait for you in front of the square in the city! "

Said, directly hung up the phone, set gas as the mobile phone into the cabinet.

This guy! What a skill!

He managed to invite a woman to dinner and watch a movie. She did such a childish thing for her. She was so good that she even perfunctored him!

Wenqiao looked at the dark cell phone, in the heart of a good tangle, in the end whether to go to his appointment?

She hesitated at the thought of the warm kiss in the afternoon and the confused feeling at that moment.

No way to concentrate on playing with the children, she simply stood up and said: "I go back to the room first, you don't play too late, also go to bed early!"

"Is aunt going to bed so early? Well, good night

Chenchen had a good time today. The tank model couldn't put it down. Now it was quietly placed beside him.

"Good night, Mommy!"

Wenjo's eyes fell on the model tank, and his mind became more confused.

In the heart two villains start to fight.

Red haired villain: "he had such a good time with Chenchen today and gave him toys. You didn't even go to his appointment. It's ungrateful and not righteous enough!"

Black haired villain: "stupid woman, he has so many women, you are just one of them. Do you really think he has a crush on you? That also needs you to have where to let him have a high look to just go? Don't be so amorous! Be careful, it's you who are sad in the end

Redhead: "he has changed a lot for you during this period. Can't you see it?"

Black haired villain: "that's just the way he wants to keep you around. Don't be fooled!"

Two villains were fighting fiercely in their hearts. Wenqiao bit his finger and walked around the room. He threw away his cell phone and lay on the bed.

Chapter 142

In the end, Wenqiao went to the appointment of lifengbei, but he didn't put on his favorite skirt.

The driver took her to the square in the city, put her down and left on her own.

Mu Junhao told him that women need romance. She will be very happy to have dinner with her and watch movies.

He wanted to try to have a normal relationship with her like an ordinary couple, so today he didn't bring a bodyguard, just wanted to make an appointment with her as an ordinary man.

Wen Qiao got out of the car and saw Li Fengbei's black luxury car parked on the side of the road. The arrogant license plate number is six eight, which is hard to ignore.

Winjo walked towards the car and knocked on the window. "Hey, I'm coming!"

Li Fengbei accurately captured her figure the moment she got off the car.

Under the warm yellow light of the street, the woman's small white face was covered with a warm glow.

She wore a ponytail and looked young and energetic. She looked around, obviously looking for his place.

When I saw his car, my eyes brightened, a touch of joy flashed on my little face, and strode towards him.

It's just She was still dressed in the morning clothes and didn't change into beautiful clothes according to his request.

Li Fengbei sat in the driver's cab and put the girl's fresh expression in the bottom of his eyes. His deep eyes were stained with a touch of deep.

He unlocked the lock and said, "get in the car!"

Wenqiao was stunned for a moment. Obviously, she didn't expect Li Fengbei to drive by herself. She opened the back seat of the car and sat on it.

In the driver's cab, the man looked at the woman's action in the rear-view mirror, and the cold voice came again, "sit in front of me!"

"....." Wenjo pursed her lips.

Virtue! What a torment!

Wenjo came out of the back seat in silence and got into the co pilot's seat.

"Where to eat Ah – slow down

As soon as winjo buckled her seat belt, before she finished, the car suddenly rushed out like an arrow. She screamed in horror and stared at him in disbelief.

“Lifengbei, you don’t want to die! Slow down! This is downtown! ”

Li Feng glanced at the woman beside him.

See her small face scared pale, tightly grasp the armrest, close eyes completely dare not look ahead.

That a timid appearance, Li Feng North Cold hiss.

He is very satisfied with his driving skills. He is the champion of car racing. As long as he takes part in the season, he will not win the prize.

It seems that next time we should have a good science popularization with her, how good is the man in front of her.

As a woman, I don’t know her man, so I shouldn’t.

Unconsciously, the car slowed down.

Seeing that the car was running normally, Wenqiao patted his chest fearfully and glared at him with righteous words: “Li Feng Bei! Human life is not a joke, please take life seriously next time! ”

“Do you care about me?” Li Feng North evil four to hook lips to call, show a meaningful smile.

“Don’t make such a joke, OK? I’m serious with you

Seeing that her tone was not right, Li Fengbei glanced at her. Her eyes were red and she was about to cry. Suddenly, he was in a panic. He stepped on the brake and parked the car on the side of the road.

“What’s the matter with you, Joe?”

Something must have happened to her, otherwise she would not have cried because he drove faster.

When he asked, Wenqiao finally burst into tears and burst into tears, “wuwuwuwuwu ~”

Li Fengbei was flustered by her sudden cry. He quickly untied each other’s safety belts, grabbed her arm, pulled her to the driver’s cab and sat on him.

“Don’t cry, Joe! It’s me. I shouldn’t have driven so fast just now! ” His bone clear fingers gently dried the tears on her cheek and said softly, “don’t cry, OK?”

However, the sudden warmth made Wenqiao’s tears flow more and more.

Li Fengbei looks at Wen Qiao’s childish side. He is very happy while he is distressed.

He leaned over, gently in the corner of her eyes in a kiss, “Joe, I’m very happy, you know care about me, so you don’t exclude me that much, do you?”

As soon as Wenqiao choked, he realized that he could not help crying in front of the man, and immediately felt ashamed.

She quickly dried her tears. “Who says I care about you? I just I just think of my brother... ”

Wennianhua is driving fast, in a car accident, will never stand up, a lifetime can only be spent on the wheel!

This matter has a great impact on her psychology. All along, she has been thinking about whether her fate would be different if her brother didn't have a car accident.

If my brother didn't have a car accident, my father wouldn't want to borrow usury to invest. In fact, she understood her father's practice. He just wanted to have money in his hand and cure his brother's legs.

Just did not expect, because of usury, not only failed to cure her brother's legs, even her life is also involved.

Brother?

Thinking of the man in the wheelchair with a dusty temperament, Li Fengbei twisted his eyebrows.

"Your brother's legs?"

"Well!" Wenqiao nodded, eyes red, like the rabbit's two eyes, nose also a smoke, look a little pitiful.

"My brother had an accident driving fast in the city!"

Just now, she was so out of control because she thought of her brother's tragic experience. She didn't like it happening to herself or Li Fengbei.

Smell speech, Li Feng North thin lips up, in Wen Qiao soft lips down a shallow kiss.

"Is this a secret you shared with me?"

"I..." Wenjo looked up at him.

Their eyes met in the air.

Under the warm yellow light, a man's Obsidian eyes are as bright as natural stars. He smiles and his eyebrows and eyes become gentle.

It's like a beautiful picture in front of you.

Wenjo's heart missed a beat and began to thump.

"Silly girl! It's very good like today. What's the first thing you want to share with me? "

With that, like a reward, she pulled away the broken hair on her forehead and gave her a kiss on her white and full forehead.

Wenqiao was at a loss because of his shallow kisses. His breath went into her nose, and her heart beat faster, just like a lost fawn.

Wenqiao was almost drowned by his breath and couldn't bear it. He hid behind and opened the distance between them.

Li Feng North but strong ground caught up with, directly clasp her waist, strong kiss fell down.

Chapter 143

The location of the cab is limited, and Wenqiao has no place to hide. He can only bear his kiss passively.

There was a moment of panic, reaching out to push him, but he grabbed his hands and raised them over his head.

He took her lip and rubbed it carefully.

“Well...” Wenjo uttered a syllable of protest.

The man’s eyes deepened and pried open her teeth directly. His clever tongue went in and danced with him.

His action is too strong and overbearing. She can’t breathe any more. She opens her mouth slightly and wants to get a little breath, but he kisses her more deeply.

At the end of the kiss, she was forced to accept it and began to respond.

At the end of the kiss, both of them were out of breath.

Wenqiao’s pretty face was dyed with two lovely red clouds. Beichi bit her beautiful red lips and lowered her eyes. She did not dare to look at Li Fengbei.

Li Feng looked at the shy appearance of the woman in the north. She was so cute that her body was tense.

If it’s not the wrong place, he really wants to do something else

Of course, his goal today is to give her a perfect date, and some things will take a long time.

He took a deep breath and forced down some of his thoughts.

“Shall we go to dinner?” He put his fingers on her lips that he had kissed, and gently rubbed them. His sexy voice was deep and hoarse. “What would you like to eat?”

He rarely said questions, everything is directly in accordance with their own preferences.

Mu Junhao said that women don’t like men who are too overbearing. They should be gentlemanly in everything. Therefore, he wants to respect her wishes tonight.

Wenqiao was tickled by his movements, reached out and grabbed his troubled fingers, looked at him with bright eyes, and shook his head abruptly, “I’ve eaten! You can eat whatever you want. Don’t worry about me!”

He chuckled, did not care why she did not wait for him, “well, you accompany me to eat!”

It was already eight o’clock in the evening. Unexpectedly, he hadn’t had dinner yet. Wenqiao looked at him with big eyes and asked silently.

The radian of Li Feng’s northern lips deepened, and she gently scraped her nose. Her eyes were dotting, “because I want to wait for you to eat together!”

Wenqiao nodded, and he saw through the bottom of her heart. Is her mind so easy to guess?

This man is too clever!

It’s a shame to say that she just lay in bed for half an hour before she walked out of the door slowly.

If she didn't get angry with him, he wouldn't need to be hungry for so long.

Struggling with whether to confess or say something to him, the car suddenly started, and Wenqiao's body leaned forward inertia, more closely fitting with the man's body.

"Ah Startled, she still sat in the driver's cab, flapping Li Fengbei's chest in a panic, "stop! Stop it! I'm still in the cab. Let me go

"Stop it! I'm driving Li Fengbei chuckled. Her sexy voice sounded in her ears with a smile. With a warm breath, she went straight to her ears.

"Wenjo, when you trust someone, you won't be afraid any more! So don't be afraid, I'm the one you can trust

His voice is more gentle than ever, just like a spring breeze blowing into her heart.

Wenjo's hand stopped and looked up.

Because the distance is too close, she can only see the man's well-defined chin, as well as his sexy Adam's apple, rolling up and down with his voice.

Wenqiao was stunned, and then began to laugh. His heart was miraculously quiet.

Let him alone. Anyway, she doesn't need to pay for the fine.

Qiao's courtyard is a famous Chinese restaurant in B city. The guests here are all members. The membership fee alone costs six figures a year.

For the antique decoration, the waiters dress up in the Tang Dynasty, wearing a flying cloud bun. Each one is graceful and beautiful.

Wenqiao was stunned, and his eyes lingered on the waiters' twisted willow waist. He didn't know if one hand could hold it?

This is too much exaggeration! Whether it's the decoration in the shop or the waiters, it gives her a feeling of going through the Tang Dynasty.

Li Fengbei is probably a frequent visitor here. Since he appeared, the waiter's eyes had never moved away from him. He took her as a transparent fellow and tried to please him.

But Li Fengbei has always been expressionless, indifferent with a touch of alienation, even when the waiter deliberately close slightly frowned, obviously unhappy.

He ticked several dishes on the menu and handed them to the waiter. "That's all. Don't disturb me if you don't have anything special."

"Yes, Mr. Li!" The waiter was gentle and shy, but the man didn't even look at her and threw the menu directly into her hand.

The smile on the waiter's face was a little stiff. When she turned around, she could see clearly that she pursed her mouth and lost her face. Winjo took the cup and drank in silence.

He looked at Li Fengbei's picturesque face and narrowed his eyes.

The charm is quite big, but he can be indifferent to such a beautiful woman in front of him. Is it really so ridiculous? Only feel for her?

It didn't take long for the dishes to come up. Li Fengbei is a VIP here. Everything is a priority.

Wenqiao looked at the dishes all over the table and swallowed without backbone.

These dishes, unexpectedly, are all her favorite. They are full of color, fragrance and taste. It's very exciting to watch them.

"Eat Li Fengbei takes her expression in his eyes, looks at someone whose eyes are shining, and tries to hold back her smile.

"No No?"

A woman is reserved. She just said that she is full. If she eats again, will she be called a bucket?

Li Feng North funny, did not expose her, "can't eat also accompany me to eat!"

"No..."

"It's an order!"

"All right! I'll try my best to eat with you!"

At the beginning, someone who said that he had used his food and insisted on not having dinner was fed up again.

Wenqiao contentedly touched the round tummy, belched, and stretched out a warm palm on his side.

"Why?" When you're scared, you're conditioned to avoid it.

Li Fengbei held her by the wrist in time as if she had foresight.

The next second, the tissue in her hand gently fell on her lips, gently wiping, with a serious and gentle look.

Wenjo dropped her chin.

The person who has always been waited on is actually wiping her mouth?

She didn't dare to let the great devil serve her!

Xiaolian was embarrassed and coughed. She took the tissue from his hand and wiped it off. "Thank you Thank you

Li Feng pursed his lips and said with a smile, "let's go!"

"Why? Where to?"

But the man does not smile, eyes with a trace of mysterious color.

Chapter 144

Wenqiao didn't expect Li Fengbei to bring her to the cinema.

Looking at a pair of intimate lovers, talking and laughing from their side, Wenqiao all become uncomfortable.

She leaned up to Li Fengbei's ear and whispered, "do you want to see a movie? Let's go back! Isn't it possible to watch movies in the castle? Just watch it at home

This kind of environment is not suitable for both of them.

Other people are lovers, they are lovers, watching movies is not a romantic thing!

When we break up later, recalling this episode will only embarrass each other.

Li Feng glanced at her and grasped her hand directly

"Why? Wait

It was discovered that he was holding two movie tickets in his hand. The movie was a newly released love movie.

She has seen the trailer, which is the kind of love film with several generations of entanglement.

If it's just a shock, it's a horror now.

Li Feng's three words "North" are different from love movies.

In Wenqiao dazed time, has been his strong hand, into the cinema.

His hands were clean and warm, and she dared not find them before.

There were a lot of people in the cinema. Wenqiao was squeezed by the people around him, and his body faltered.

Li Feng North's arm stretched out to come over, overbearing ground circled her into the bosom.

His chest, as they walked, touched her back from time to time.

His broad chest was as warm as his palm. The strong smell of androgen came from behind his body and poured into his nose. Wenqiao's face was slightly red.

Even she did not notice, cherry blossom Color Lips out of a small arc.

From entering the cinema, Li Fengbei's eyes looked at the side from time to time.

Just as the ticket was about to be checked in, he took her to one side, put her close to her ear and said mysteriously, "wait for me for a while!"

"Where are you going?" Seeing him go far away, he cried anxiously.

Li Fengbei had already strode away and came back with a bucket of popcorn in his hand.

Beautiful lips lift a beautiful radian, "here you are!"

Tall and handsome man is very conspicuous in the crowd. His Obsidian eyes are as dazzling as natural stars.

Wenqiao's eyes fell on the popcorn in his hand, and there was a ripple in his heart.

Just now he has been staring at the side, just want to learn how other couples date?

Will it? Is this man flattering her?

The dazzling man appeared in the cinema, which immediately caused a great sensation.

There was a constant low sigh in my ear.

The women, with red hearts in their eyes, covered their mouths and cried, "ah! Is this man too handsome? Is it a star?"

"I want to knock him down! Ravage him

The young man looked at his girlfriend who was crazy about flowers and said, "the most important thing for a man is to have money. What's the use of being good-looking? Baby, I'm still good-looking, safe!"

The young man's words haven't finished, met with a white eye of his girlfriend, "can't you see? Look at what they wear and what they wear. Your whole wealth is not as much as what they wear!"

Wenqiao could not help laughing as she listened to the couple who were quarreling quietly beside her.

Ravaging Li Fengbei?

A picture came to her mind.

Li Fengbei was naked, with his hands tied behind him. He only wore a black bow tie around his neck and a cute cat hairpin on his head. He knelt down on the bed with a look of innocent love.

Ha ha ha, that picture is so beautiful, hot eyes!

Is proud of thinking, a palm fell on her head, arrogant tone with a trace of covet, "woman, what are you laughing at? Dry your mouth

"Ah Embarrassed, he quickly reached for his hand, only to find that there was nothing. He was angry and glared at him with big eyes. "You lied to me!"

The man lifted the corners of his lips with pleasure, and her chin was lifted by her well-defined fingers, "say! Were you just talking about something? How do you want to ravage me? Well

The last word, the tone slightly upturned, just like a feather in the heart.

Wen Qiao's face was embarrassed, and then he turned red. He hesitated and retorted: "just It's not

"Don't be shy, it's easy to trample me, as long as you want, tonight is OK!" He leaned close to her ear, warm breath blowing, too close, his lips seemingly touched her earlobe.

It's worse than kissing her.

Wenqiao's face turned red like an apple. He covered his face and wanted to find a hole in the ground.
"Nonsense What are you talking about! I'm not!"

She must not have come up with that colorful picture just now.

"There's nothing to be shy about. It can also be regarded as the fun between us!" Li Fengbei protects Wenqiao in his arms, which makes the women around him envious and envious.

Wenqiao had already been afraid to look up. Suddenly, he felt that the cinema was so hot and hot. Didn't he turn on the air conditioner?

Looking at the meaningful smile on the man's face, Wenqiao shut up wisely.

This man is a hooligan. Discussing this kind of problem with him will only make him more proud.

In the middle of the movie, the emotional line enters the high and high tide parts, and the man and woman finally recognize their hearts and embrace each other tightly in the alley.

Wenqiao is a perceptual person, affected by the hero, immediately moved to tears.

Li Feng looked North at the beautiful scenes in the movie. His beautiful brows were tightly wrinkled and twisted into a knot. A dangerous luster flashed in his deep eyes.

That day, in the alley, Wenqiao and Xu Tianyu embraced quietly, which was so similar to the picture in the movie.

Damn it!

Is that what they think? Is reunion more joyful after separation?

His eyes became sinister. He turned his head and looked at the woman sitting beside him. When he saw that she was full of tears, he was not good at all.

Who bought him tickets for the movie? Why did you choose this film?

After going back, he must repair him well!

Wenqiao is affected by emotion, sad can't help but, suddenly, the body side of a finger gently touched her finger.

In a daze, he turned his head and looked at Li Fengbei suspiciously with whirling tears.

His eyes fell on the big screen, his face was calm and expressionless.

But the finger on the seat slowly moved forward, grabbed her hand and held it in the palm of her hand. Then the ten fingers slipped in and finally clasped with her ten fingers.

In the dim cinema, the light from the huge screen reflected his side face.

His deep and charming facial features, with the constant change of light and shadow, make people can't get a glimpse of the bottom of his heart.

Wenjo's heart was pounding.

This action, on behalf of two people's intimate feelings, mutual trust, only between the closest lovers will do.

But It's none of their business.

They only talk about romance, not emotion.

Inevitably, the bathroom scene in the afternoon came back to her mind. She wanted to ask him, who is Joey?

But I don't think I have the position to ask. After all, she is not his who!

She was just one of his lovers. How many lovers does he have? There's no need to tell her clearly, right?

Think of this, a sour astringent things agitated in the heart.

It was sweet and sour, which made her feel very uncomfortable. Her face was cold, and she struggled to get out of the palm of his hand.

Li Fengbei's deep pupil narrowed and frowned.

She was fine just now. Why didn't he touch her all of a sudden? Is it because she thinks of Xu Tianyu?

Thin lips close, his heart suddenly become cold, there is a place as if missing the most important part.

"What's the matter?" He swallowed saliva, forced to pretend not to know, turned his head, his eyes fell on her face from the big screen, and his tone was a little chilly.

"Nothing!" Wenqiao peeked at the bag, slightly embarrassed, and then forced to smile at him.

The man's brow is deeper, this words Obviously I have something in my heart, but I don't want to confess to him.

The bottom of the shining eyes darkened, a trace of loss slipped, and soon covered up.

At last, she let go of her hand.

Wenqiao didn't expect that he would suddenly release his hand to achieve her goal, but she didn't feel happy. There was a place in her heart that was empty.

Self mockery a smile, she this probably is the so-called base bar!

He shook his head and forced that ridiculous idea out of his mind.

When I came out of the cinema, many sentimental girls cried and fell in the arms of their boyfriends for comfort.

Only Wenqiao and lifengbei are separated by a short distance. When they come, the harmonious and ambiguous atmosphere is completely gone. With a certain distance, they can also feel the low pressure on men.

What happened? Angry again?

Wenqiao pursed his lips and followed him step by step. His uncertain temper was really unpredictable.

Li Feng North suddenly stopped, Wen Qiao lowered his head, did not expect that the man would suddenly stop, suddenly hit his back.

"I'm sorry!" I don't know how, as a conditioned reflex, she panicked and apologized.

After all, he was angry just now.

The actual experience tells her that Li Fengbei in anger is absolutely not easy to provoke!

Li Feng gnaws his teeth in the north.

The last thing he wanted to hear was to say "sorry" from her.

The word "sorry" means that one party has done something harmful to the other party, or When she regarded him as a stranger, she would be careful in everything and always put the word "sorry" on her lips. A surge of anger from the bottom of my heart, I want to question.

In her heart, did she really feel nothing about him?

However, words to the mouth, but in any case can not say.

The woman lowered her head and looked at the ground with a look of fear. Li Fengbei only bit her teeth and took her hand with a cold voice. "Why are you walking so slowly! What I hate most is waiting for people! Faster

"Oh Wenjo was relieved, as long as he wasn't angry.

She was really afraid of the previous events.

Chapter 145

Li Fengbei was on fire in his heart. He had lived for nearly 30 years and had never been so subdued as now.

His life is always what he likes to keep, what he can't see, and what he doesn't like to get rid of.

But Wenqiao is an accident in his life. She often makes him unhappy, but he is reluctant to get rid of it. He can't even let her go

In her mind, her tearful face could not be removed.

So emotional tears but not for him!

Think of that possibility, think of her body, although stay in his side, but the heart is in that person, bored to feel more and more intense, simply lit a cigarette clip in the fingertips, into the thin lips, hard to inhale.

Between swallowing the clouds and puffing the mist, as if with their own more on the strength of that, a foot on the accelerator, the car in the sea spacious road quickly driving up.

Wenqiao sat in the co pilot's seat, uneasy, looking at him from time to time, only to see the man frowning slightly, one hand on the steering wheel, the other hand holding a cigarette, the fireworks reflect his picturesque eyebrows, eyebrows twist out a deep arc.

Want to say something to him, but do not know how to speak, only in the car acceleration, she quietly clenched the armrest beside.

She wanted to remind him to slow down, but she opened her mouth but couldn't make a sound.

She lacks the courage to remind him again. I don't know if she will think she is too wordy.

The strong smell of smoke poured into her lungs. She glanced aside, covered her lips and coughed.

“Keke ~ ~”

there was a slight sound, and Li Feng's back was stiff. Then he opened the window and threw the smoke from his fingertips to the window. At the same time, he opened the window of the car to let out the smoke.

As he made a series of moves, the car slowed down.

The tight string in Wenqiao's heart gradually relaxed, only to find that the palm of his hand holding the armrest had oozed sweat.

Li Fengbei didn't stretch his tight eyebrows. He felt the uneasy mood of the women around him, and he gradually recovered.

Just finished smoking voice, with magnetic husky, light to open the mouth, asked: “just how the movie?”

“Ah?” Wenqiao was stunned for a moment. He asked her how the movie was, and immediately replied, “it's very good!”

Worried that Li Fengbei thought she was perfunctory, she pursed her lips and added, “the feelings of men and women are sincere and moving!”

“.....” Thin lips pursed into a straight line, holding the steering wheel fingers tight, but did not speak.

He said that he wanted to give her a perfect date. Thinking of the next schedule, he restrained his emotions and would wait until tomorrow to say anything.

The car is driving farther and farther on the circling road. The temperature inside the car with the window open is getting colder and colder.

The night is like ink. Rows of street lamps stand alone on both sides of the road. Under the dim yellow light, they shine on the lush pines and cypresses, adding a sense of loneliness.

She shivered and folded her overcoat.

Li Fengbei looked at her expression, quietly raised the window and turned on the heating in the car.

Shivering, she soon felt warm.

The car drove on until it reached the highest mountain in the city.

Wenqiao looked out of the window. There was no sound except for a few street lamps shining on the silent earth. Suddenly, he was a little flustered and asked: "lifengbei, it's so dark outside. Shall we go back? There's nothing interesting here!"

Li Fengbei is holding the handlebar of the car to get off. Hearing the speech, his action pauses, releases the handlebar and sits down again.

The trunk of the car is full of flowers.

All her favorite champagne roses.

That was what he intended to give her, but as for the disappointment, wenjo came first.

Just then, with a bang, a huge firework bloomed in the sky.

Then, one after another, gathered in the sky into a grand fireworks event.

"How beautiful! How beautiful Wenqiao screamed excitedly, even forgetting the delicate atmosphere between them. She grabbed his sleeve and shook it, "lifengbei! Do you think it's beautiful?"

Light and dark alternate fireworks, reflecting a woman's beautiful pure face, the smile on the face so clear.

Lingering in the heart of the haze in an instant all dispersed, Li Feng North hook up lips.

All of a sudden, he realized that it didn't matter, did it? As long as she's happy, that's enough!

"Well! Beautiful The low voice rings out slowly, the deep eye bottom takes the thick dotting.

Unfortunately, the woman was enjoying the fireworks in the sky and didn't notice it.

He looked away, and the radian of his lips widened to the fireworks above the sky.

At this time, fireworks in full bloom, a big red love appears in the dark sky, facing the stars, the whole world is illuminated."Wow! How touching Wen Qiao covered his lips and almost burst into tears excitedly. "It must be some man who is confessing to his beloved woman in this way. How romantic! That woman is so happy

I don't know how much it will cost for so many fireworks? It's a lot of money.

Women are fond of dreams and fantasies, she is very envious, do not know which woman can get men's efforts to please?

Li Fengbei looked at her happy appearance and gave a light smile. He put his arm around her waist.

Stupid woman! You are the happy woman!

Just, I don't know if she will still feel happy when she knows that such fireworks are prepared for her, eh?

My heart became very satisfied and I felt that everything was worth it.

Originally, I wanted to give her a surprise, but now it seems that there is no need to say it again.

Since she is moved by other people's stories, as long as she can be happy, does she know that this is the surprise he prepared for her? What matters?

However Winjo's smile stiffened as she felt her arm around her waist.

She turned her head and looked up at the man.

He put down the back seat of the car. He lay on the seat with one arm around her waist and one hand on the back of his head. His eyes looked through the open roof to see the most brilliant fireworks in the sky.

The beautiful lips are like demons. The corners of the lips rise slightly and the expression is satisfied.

The tip of my heart suddenly moved, thinking of some possibility, even the tip of my finger trembled fiercely.

If he didn't know there was a fireworks show, how could he have brought her to such a place? It's like something you've thought of in advance.

And This is clearly the best viewing location

Is that him? Is it a surprise he prepared for?

Looking at the handsome profile of the man's side face, his heart beat fast suddenly.

Li Fengbei What kind of person are you?

It took more than an hour for the fireworks to stop. It was probably the biggest fireworks show she had ever seen in her life.

The noisy night quiets down again, and the stars above the night come out again, forming a bright star map, like shining diamonds, which is extremely beautiful.

Wenqiao, like Li Fengbei, put down the back seat of the car, lay on it and quietly looked up at the starry sky.

It's quiet all around, but I can't be quiet for a long time.

In the quiet space, only the powerful heartbeat was very clear, and Wenqiao was suddenly confused.

What Li Fengbei did today is to please her. Although he didn't say anything, does it mean that he wants to get along with her?

High above and sought after by others, he can not satisfy her feelings, just as he had treated her before.

But why did he change for her?

Her heart suddenly panicked. She felt that something firm was slowly shaking and disintegrating at the bottom of her heart. This uncontrolled feeling made her flustered and at a loss.

Chapter 146

Li Fengbei felt the sight from his side and suddenly turned to see it.

Four eyes opposite, something in the air hit a series of sparks, let each other's breathing become no longer calm.

The atmosphere inside the car suddenly became ambiguous, surrounded by warm pink things.

His deep pupil is like obsidian, like a twinkling star in the sky, more dazzling than a diamond, and like a whirlpool. If you just look at him, you can easily drown.

She looked at him in a daze and forgot to look away. His handsome face kept enlarging in front of her eyes.

She expected what would happen next, and she should avoid it, but her whole body was as if she had been punctured, frozen there, and could not move away.

As his lips fell, she grasped her fingers and closed her eyes slowly.

I don't know if the scene just now was too beautiful. At that moment, she was looking forward to his kiss

However, just as his lips fell, there was a loud bang, and the glass of the front window broke.

Li Fengbei's eyes suddenly shrunk and burst out a cold light. In the second when he thought of his voice, he hugged Wenqiao's head and pressed it down to avoid the bullet coming at her.

The window glass broke in response to the sound, burst out in a flash, cut the man's perfect cheek, and the smell of blood spread in the air.

Wenqiao's face turned pale, and a heart came up to his throat.

She quickly looked up at him, obviously did not recover from such a sudden change. Seeing the blood red on his face, her heart tightened, and anxiously grasped his hand: "Li Fengbei, what's the matter? Are you ok?"

Compared with her panic, Li Fengbei hooked his lips, his eyes flashed a bloody fierce, excited luster flashed by.

"It's just a small injury, it's not in the way! Do you believe me, Joe?"

Thinking of the scene that Li Fengbei was chased and killed in the alley last time, she guessed what was going on now!

Someone's going to kill him!

Wenqiao nodded in amazement, "Hmm!"

When he got the answer he wanted, Li Fengbei gave a light smile. The smile on his face was more beautiful than the fireworks just now.

He suddenly approached her, and before she could react, he gave her a big kiss on the delicate Cherry Blossom lips. "Good Joe, next, take my hand and follow me! I'm here. Don't be afraid!"

Before he finished, another bullet came and broke the other window.

“Follow me!” Li Feng North eyes a Lin, quickly call the car’s remote light.

The intense incandescent light suddenly turned on made people unable to open their eyes.

Taking advantage of this moment’s opportunity, Li Fengbei has already taken out a gun from the cabinet in the car, opened the door quickly, hugged Wenqiao’s waist and rolled under the car.

In the whole process, his arms protected her from any harm.

They quickly walked to the back of the car. Sure enough, the next second, the remote light was blasted by each other’s bullets, and they fell into darkness.

Wenqiao squatted beside the car, not daring to breathe.

It was the first time she saw such a scene when she was so big.

Her legs were weak, she couldn’t stand up at all, and her whole body was shaking slightly.

Li Fengbei held a gun in one hand, always alert to deal with the sudden situation, one hand holding her hand, silently comforting her.

Wenqiao swallowed her saliva and forced herself to calm down, but the effect was not very great. She was still very scared and scared to death.

What kind of life did Li Fengbei lead? Come out half a day and meet someone to assassinate?

This kind of thing, she only saw in the TV, the original reality is also real!

At this time, she suddenly thought of a problem.

Every time Li Fengbei went out, there were a lot of bodyguards. Why didn’t he see one today?

No? Didn’t he come out with a bodyguard!

It’s over, it’s over!

Think of this, Wenqiao heart wow cool, not easy to have a man to take her out on a date, on the oppression of death here?

She’s old and young, but don’t die here!

What’s going on in my head, I didn’t expect to say it.

Li Fengbei slapped her head in a low voice. “Fool, who said you would die? Don’t worry! I will protect you! Without my permission, Yama dare not accept you!”

“.....” Wenqiao is speechless. It’s time for him to be domineering.

“Go Li Fengbei lowered his voice and took her hand to run in one direction.

After hearing the sound, the people behind them chased back, and the sound of bullets roared in their ears.

It’s really exciting. It’s the heartbeat.

Wenqiao has never encountered such an exciting thing. She jumps forward with her legs. She feels that at her present speed, there is no problem in participating in the Olympic Games.

Li Feng turned his head and shot back. With a scream, he fell to the ground. After all, there was less persecution behind him, but there was obviously more than one enemy, and the gunfire rang out again.

“Boss, what’s the matter?” A bodyguard, standing in the Bush, had pulled out his gun and looked at them anxiously.

Li Fengbei didn’t bring a bodyguard today. It wasn’t cheating Wenqiao. The only bodyguard was left to set off fireworks for them.

“Tiger, take her down the mountain! Make sure she’s safe. If she loses one hair, she won’t appear in front of me again! ”

Li Fengbei directly pushes Wenqiao to the bodyguard named Huzi.

“Boss, I’m not going! You take miss wenjo, and I’ll fight them

“Their target is me. It’s not safe for me to take her! Let’s go Li Feng North cold face, urge a way.

Huzi didn’t want to go, but also wanted to fight, “then I’ll stay and help you...”

However, before he had finished speaking, Li Fengbei had approached him, his eyes were sharp, and his gun pointed to Hu Zi’s temple, “can you go? One more word, it will kill you

“Boss!” Huzi was brought back by Li Feng when he went to the north for military training. In addition to the relationship between the boss and the employer, there is also a layer of brotherhood.

“What a fuss! Like a woman He completely lost the last trace of patience, a kick in tiger’s butt, “go!”

Huzi had no choice but to take Wen qiaocao to escape down the mountain.

The situation was urgent. Hu Zi didn’t even think about it. He reached out and wanted to pull Wenqiao’s hand.

As soon as he stretched out his hand, he was waved away by Li Fengbei. His face was so heavy that he could drip water. “Don’t touch her! She is Laozi’s woman

“.....” Huzi choked on him. He was just in a hurry and didn’t think about it at all.

The boss is so stingy.

“I see! boss! I don’t think of miss winjo in any way Tiger took a branch, let Wenqiao lead the other end of the branch, “boss, is this OK?”

“.....”

No one answered. Li Fengbei had already jumped a few meters away, hiding behind a big stone. The bullets flying around hit the stone, and the fire was jumping.

Wenqiao led the branch and followed Huzi to the foot of the mountain.

She couldn't help looking back at Li Fengbei, and wanted to tell him to be careful and come back, but she couldn't say it.

He said that he is the king of hell in B city. He is such a domineering man. Will the king of hell have a headache if he accepts him? He'll be fine!

Ruthless ruthless, take back the line of sight, the head does not return to leave.

At the foot of the hill, there were already vehicles waiting for them.

"Tiger, this way!"

Huzi pushed Wenqiao into the car, but he didn't go up. Instead, he said, "did everyone go up? The boss is on it alone. Hurry up

"They've all gone up!"

"Well, miss wenjo, please. I'll go up and help the boss!" After Huzi's advice, he threw the car door and quickly went up the mountain again.

Two hours later, winjo returned safely to the castle.

When I got out of the car, I almost fell down with a soft leg, and my back was already in a cold sweat.

She tugged at the door and didn't leave. Her pale face nervously asked the bodyguard who drove her back: "how's he? Are you back? "

The bodyguard shook his head. "Miss wenjo, I don't know!"

I thought I could get the news from him. My little face flashed a touch of loss and forced out a smile, "thank you tonight!"

"You are very kind! If it's OK, I'll be busy first! "

Tonight is bound to be a busy night.

Wen Qiao released the car door and stepped out of the way.

It was still late at night, but the castle was lit up because his master had not come home.

Housekeeper Lin received the news and was anxiously walking around the door, waiting for Li Fengbei's return.

Seeing Wenqiao coming back, he met her and looked up and down with concern. "Miss Wenqiao, are you ok?"

"Nothing!" Wenqiao felt warm in his heart. Suddenly his nose was sour and he felt an impulse to cry.

"It's OK! It's OK! "

Steward Lin said so, but he didn't relax his face.

Chapter 147

Wenqiao went upstairs and soaked himself in the warm water, which made him feel alive again.

On a cold day, all her clothes were soaked with sweat.

The sound of bullets whistling past her ears lingered in her mind for a long time. She found that her hands shaking when she turned on the tap.

The whole body is even softer. It's not because she's an adult. If she's paralyzed on the ground, she'll lose face. She must be sitting on the ground and can't walk.

Although she was sitting in the bathtub, her ears kept listening to the sound outside the door.

There was not a moment when I heard the sound of the car engine, but when the water was cold, there was no mechanical sound.

In addition to the Tibetan mastiff behind the yard, he occasionally yells at an unknown place.

Wenqiao's heart can not calm down, quickly put on clothes, came to sleep in the room.

In the quiet room, Ann knew nothing about what happened in the outside world.

She was always well protected. Li Fengbei would not tell her anything that would make her worried or anxious, nor would his men.

An an's chubby little hand holds a bear pillow. Her fleshy little face lies on the pillow. Her watery mouth is pressed into shape, and bubbles are blowing at the corners of her mouth.

Lovely!

Wenjo's uneasy heart softened at once.

Lying down is bad for the child's heart. Wenqiao gently hugs ANN, turns her over and makes her lie on her back.

An an gave birth to a lazy waist, half opened his eyes and saw that it was Wenqiao. His voice called lazily, "aunt Wenqiao, do you want to sleep with me?"

Early in the morning, when the official sleepers come.

Ann called out. She took Wenqiao's arm with her little hand. Her hairy head came over and rubbed against her. Then she went to sleep again.

Listening to the child's slight snoring, wenjo couldn't help laughing.

However, thinking that Li Fengbei hadn't come home at this time, and even no news came, the smile on his face immediately solidified, and his heart was heavy.

She kept this position on her side. After a long time, her right arm was numb.

She gently pulled her hand out of Ann's, only to find that as long as she moved, Ann's hand was pulling tighter and tighter.

Small brow frown tightly, like a nightmare, become very uneasy.

Wenqiao immediately stopped, gently lifted her side of the quilt, put her into his arms, gently patted her on the back.

“Ann, Auntie is by your side. It’s OK! It’s all right!”

I don’t know if I heard her comforting voice, but Ann really didn’t move and calmed down.

Wen Qiao side body stares at her sleeping face, small hand still puts on her buttock to pat lightly, again and again, feel how to see all see not enough.

I don’t know. After a long time, there was no sound of the car coming in the window. Wenqiao gradually felt sleepy, and soon woke up again.

She had a dream that Li Fengbei was lying in a pool of blood all over.

Before the panic on her face faded, she rubbed her bleary eyes.

Unable to sleep any more, she simply sat up and looked out of the window at the dim light of the East.

A ray of golden sunshine rises slowly from the sea level. Gradually, the gold is more and more, and the whole city is shrouded in a piece of peaceful gold.

He still had no news. Even none of the bodyguards who went to the top of the mountain came back.

One night, she thought a lot and seemed to think nothing.

If something happens to him, she should be happy.

Since then, no one has to force them again, and they don’t have to worry all the time that they will be punished if they do something wrong.

More importantly, her freedom

However, Li Fengbei is because of her, want to surprise her, will let himself into such a dangerous situation.

She tangled up, her heart is like a ball of wool, how can not pull clearly.

But now, she can’t help.

Help two children wash well, did not ask the servant to help, personally comb two centipede braids for ANN, Ann looked at himself in the mirror and couldn’t put it down.

“Auntie, you are wonderful!”

Winjo couldn’t laugh when she was praised by the children.

If Li Fengbei had a short story, would an an hate her? I’m sure I won’t like her and protect her as much as I do now!

Her heart ached faintly at the thought of the result.

Chenchen came out of the children’s room opposite, just face to face with Wenqiao who was holding Ann.

Little face immediately raised, "Mommy, where did you go last night? I thought you didn't go home!"

Yesterday, his mood was a little complicated. His bad uncle was so kind to him. He also felt the warmth of fatherly love, and his mind was shaken.

I wanted to talk to mummy in the evening, but mummy was not at home all night."Mommy was out playing last night and came back very late!" Wenqiao answered, and led Chenchen to the building.

saw as like as two peas in the doorway, the same as the action she had taken last night. The wrinkled brows were even deeper and the eyebrows looked even more anxious.

Wenqiao's delicate brow was slightly raised.

It seems that Li Fengbei still has no news.

"Housekeeper Lin!" Wenqiao asked the children to go to the dining room. She went to housekeeper zoelling and asked in disbelief, "didn't you have a night off?"

Housekeeper Lin's eyes were full of red blood. He nodded to Wenqiao and said, "miss Wenqiao!"

"It hurts. You can wait in the room!" Wenqiao advised.

Housekeeper Lin smiles, "it's OK, I'm used to it!"

Housekeeper Lin is a loyal servant. It's very rare for his master to keep awake when he is in danger.

Wenjo appreciated his loyalty.

Without saying more, he turned and walked to the restaurant. After that, housekeeper Lin stopped her.

"Miss Wenqiao, please stay!"

"What's the matter?" She turned her head in disbelief.

Housekeeper Lin helped the golden matchless frame with a dignified face. "The young master hasn't been here all night. If you want to leave, you can take the young master Chenchen to go out from here!"

If housekeeper Lin had not always been very friendly to her and Chenchen, she would have thought that he was driving them away.

So you can go? Li Fengbei hasn't come back yet. Can he be the master?

Wenqiao's heart beat fast. "Housekeeper Lin, whose meaning is that?"

Lin housekeeper or with a warm smile, "nature is the meaning of the young master, in the castle, no one dare to make decisions without authorization!"

"But..." She wondered, "Li Fengbei hasn't come back yet? If you let us go, he will trouble you when he comes back..."

Before he finished, he was interrupted by housekeeper Lin, "that's what the young master means!"

Housekeeper Lin sighed, and his eyes seemed to twinkle with tears. "The young master is actually a very loyal man, and he will be a very good man. Of course, he has always been held in the palm of his hand. Maybe he can't feel the feelings of people around him, but his heart is not bad!"

Chapter 148

“Miss Wenchao’s visit to the castle is the happiest day for the young master. Although she often quarrels with you, the young master who can laugh and jump in anger finally looks like a normal person!”

After a pause, he restrained his expression and said with a smile, “was Miss winjo scared last night? But it’s common for the young master to talk about it in front of him, so he often tells me something important in advance! ”

“.....” Wenjo clenched her lips.

In his heart, was her freedom an important thing? I thought

In a certain angle of my heart, I feel sad.

Housekeeper Lin looked at Wenqiao’s face carefully, then asked cautiously, “miss Wenqiao, don’t you like my young master at all?”

Wen Qiao’s long eyelashes trembled slightly.

Do you like it? I don’t like it!

He’s been nice to her for a day. Can he offset those bastard things he did to her with money?

Obviously not. She’s not a masochist!

Wenqiao was silent for a long time, and the smile on housekeeper Lin’s face became stiff. His eyes flashed a loss, but it was only a second, and he put on his trademark smile again.

“I’m talkative! Miss wenjo can leave any time she wants! ”

“Thank you! Housekeeper Lin

Wen Qiao softly answers a way, drooping Mou son, cover up the Mou bottom a flash but pass of mood.

If you can leave

She will leave! She wants to go now!

Housekeeper Lin seemed to see her eagerness, and the old voice hesitated again: “miss Wenqiao, after you leave Can you come to the castle often to see Ann, Ann likes you very much

This time, Wen Qiao didn’t deny it any more. He answered softly, “Well!”

Back in the restaurant, she didn’t immediately tell Ann that she was going to leave, but when she sent them to kindergarten, she said in Chenchen’s ear, “baby, Mommy will pick you up after school! Let’s go back to the rental house! ”

Chen Chen picks his eyebrows and looks at An’an, who is waiting for him not far away. He nods his head wisely.

Thinking of being separated from Ann, Chenchen's mood is inexplicably low.

"Brother Chenchen, hurry up! Why are you so dallying Ann was waving at him with an impatient look on her face.

Chenchen seldom sneers at An'an. She takes a small step, hesitates for a moment, and takes An'an's hand.

"Brother Chenchen?" Looking at Chenchen's sudden action, Ann was flattered.

Pink face smile, facing the sun, more beautiful than flowers, voice clear, "Chenchen brother, you take the initiative to hold my hand! How happy

As soon as he got in the car, wenjo saw the scene and sighed.

Perhaps, some things are not they leave, as nothing happened.

Standing in the empty room of the castle, looking around.

When she came, she came empty handed, and when she left, she naturally didn't need to tangle, or even pack up anything.

As for the things Li Fengbei gave her, she didn't intend to take them away. They were too expensive, except for one

When Wenqiao came down from the upstairs, she only carried one of her handbags and said goodbye to housekeeper Lin.

Housekeeper Lin looked at her empty palm and slightly picked her eyebrows. He wanted to remind her to take away the things that the young master gave her, but then he thought about it and closed his mouth.

Leave something here. When the young master comes back, he will have an excuse to find Miss Wenchao again, won't he?

Thinking of this, housekeeper Lin didn't see anything, and the smile in his eyes was deeper, "then I'll arrange the driver to see you off!"

Wenqiao didn't refuse his kindness. He said, "thank you. Just send me to the foot of the mountain."

She finally got her freedom. She has a very important thing to do right away. Even, she can't wait

Because Li Fengbei has been keeping an eye on her for a long time

The driver took her to the foot of the mountain and left. Wenqiao stopped a car by the side of the road and went straight to the hospital.

Dan identification, delayed for more than half a month, the doctor has called her twice to urge her to get the identification results.

At the end of the corridor is the identification center.

She came out of the elevator and went to the cold corridor on the third floor. The more she went forward, the more nervous she was. Finally, she had the idea of running away.

Ann She really likes it.

How she wished Ann was her daughter, but she was afraid that she was her daughter After all, the possibility of success is zero

This kind of mood is extremely contradictory, even she can't understand that thought.

She took a few deep breaths before she started walking towards the end of the corridor.

It happened that the doctor was on duty that day. When he saw Wenqiao, he immediately remembered and searched out her identification results folder on the filing cabinet."Miss Wen, why do you have so many talents to get the report? If you don't come today, I'm going to call you again today!"

"Thank you! Something happened to be delayed at home!" Winjo took the folder gratefully with a gentle smile.

"You're welcome. That's what we should do!"

Coming out of the hospital, the sky was bright.

Holding the yellow kraft paper bag, winjo found her fingers shaking.

The winding thread was slowly torn off. Wen Qiao looked down at it, and the words on the result column of the report immediately came into view.

Almost unprepared, the result suddenly exposed in front of her eyes.

For a moment, the whole person was stunned in the original place, the brain was blank, the surrounding sound was automatically screened out, only the sound of the heart beating was very clear.

The strong beating of the heart, like the beating of a drum, is faster and heavier.

There is something in the fundus of the rapid condensation, gradually blurred the line of sight.

The finger holding the file bag pinched the folder out of shape because of too much force.

Suddenly, she covered her mouth and laughed, tears in her eyes also fell.

The passers-by looked at her crying and laughing. They looked at her like a madman, but she couldn't see it.

Crying and laughing is like falling into madness.

She wiped her tears, held the folder in her arms like a treasure, stopped a taxi by the side of the road and went straight home.

The rapid doorbell rings, and Wen Nianhua opens the door. Before he can see clearly what's going on outside the door, Wen Qiao pounces on him and pours directly into his arms.

She sobbed in her arms and shrugged her shoulders. Tears wet the front of his shirt and she looked sad.

His heart suddenly rose, "Joe? What happened? Is someone bullying you again?"

Wenqiao shook his head, tears like broken pearls, one by one down.

When I had enough crying, I sucked my nose and adjusted my mood, then I raised my head from Wen Nianhua's arms. My face was full of tears, but my eyes were bright, just like the starry sky on a midsummer night.

"Brother! I found my daughter! My daughter is Ann! Last time I told you, it was the child! You saw last time, grow baby fat, smile with me, there are two small pear vortex, very lovely! You Remember

Joy to gaffe, and finally choked.

Wen Nianhua was stunned, and then a burst of joy. He grabbed Wenqiao's shoulder with both hands and shook it, "Qiao Qiao, what's the matter? Make it clear to me

Wenqiao chuckled and handed him the personal identification certificate in his hand. "I took Ann's hair and my hair to do the identification secretly. The result I just got today! 99% match! Brother..."

She was so excited that she didn't know what to do!

Wen Nianhua read the appraisal book at a glance, then laughed, "Joe, really! It's really her

"Right, brother, I told you, I think it's her, I have feelings! Do you think it's just that you have a soul in your heart?"

Think of that separation of five years, Wenqiao hard to hold back tears, once again red eyes.

"Good! How nice Wen Nianhua's mood is also excited. His eyes under the frame become moist. He smiles and embraces Wen Qiao in his arms. "Qiao Qiao, Congratulations!"

"Brother..." Wenqiao's eyes were red and swollen, but he still wanted to cry.

It was tears of joy, tears of joy.

Wen Nianhua is a man in the end. Rationality is greater than sensibility. After a short period of joy, thinking about it is a more serious problem.

"Qiao Qiao, do you think An'an is Li Fengbei's daughter?"

"Well!"

"In other words, was the man that night Li Fengbei?"

This question

Winjo was so happy that he didn't think about it at all. He was stunned for a moment.

"This..."

She panicked, yeah! She is Li Fengbei's daughter, which means that Chenchen is Li Fengbei's son.

At the thought of this possibility, her face turned white, and she was decadent.

Wen Nianhua couldn't bear to see her like this because he didn't win. It's just involved my 20-year-old sister.

Yes, at that time, Qiao Qiao was only 20 years old, and her life was just beginning, but she

"Joe, I'm sorry! I'm sorry, brother..."

Before he finished speaking, he was covered by Wenqiao and looked at him with red eyes, "brother, don't say that! I'm fine now. I like Chenchen very much.

Wennianhua closed his eyes, forced down the surging regret from the bottom of his heart, wiped his face, and restored the calm and cold wennianhua.

"What do you think of it?"

"I I..." Wenjo bit his fingers. She only wanted to find her daughter, but she didn't think about the future.

What's more, things are more difficult these days.

If she wants to get An'an back, she is bound to expose Chenchen's identity. At that time, her daughter doesn't get An'an back, but she loses her son, which she can't accept.

Wen Nianhua sighed with a low sigh, "since An'an has a good life, this matter will be kept secret for the time being. Before thinking of a better way, the fewer people who know about this matter, the better!"

"Well, I know!" Winjo nodded in agreement.

Chapter 149

Wenqiao suddenly wanted to see Ann, wanted to. The thought of losing all sense.

He came out of Wen's home and took a taxi back to kindergarten.

To the kindergarten was told, Ann has returned to the castle, because Ann suddenly had a fever.

Wenqiao raised his heart, instead of looking for Chenchen, he came out of the kindergarten and took a taxi to the castle.

It's been several hours since we got the identification result, but Wenqiao's heart can't calm down.

Castle blockade, outside the car can not go up the mountain, Wenqiao at the foot of the car, along the road all the way trot up.

Knowing that Wenqiao was a woman in lifengbei, no one stopped her. She rushed directly into the castle.

The little face is red, and the whole body is steaming out on a cold day.

As soon as she opened the door, she could not wait to shout: "housekeeper Lin! Is housekeeper Lin in

"Housekeeper Lin is upstairs! Are you back so soon?"

Joey was surprised to see her.

Wenjo heard the sound and looked up ahead.

Joey, with her delicate makeup, her chestnut wavy hair on one side, her emerald green cheongsam, and her body concave and convex, is stepping down the revolving stairs with high heels.

The corners of her mouth were full of laughter, and her face was gorgeous and moving. The expression on her face was sure that she would come back.

Wenjo frowned and looked at Joey's indifferent appearance. There was a strange feeling in his heart.

It seems that Li Fengbei, a "big fan", failed. Isn't Joey his woman? How come he was hunted down and her whereabouts are unknown, and she seems to have nothing to do with it?

The makeup is exquisite, the smile on the face is so bright

Anyway, she was a little sad and worried, and her face didn't show it.

There was a flicker of hesitation in winjo's eyes, but he could not help asking, "Miss Joy Don't you worry that Li Fengbei hasn't come back?"

"Worried?" Joey's amorous eyes were stunned. Seeing her serious face, she suddenly laughed, "what am I worried about him? If he's in trouble, I'll make more money!"

"What?"

Wenqiao asked in disbelief, and then reflected that Joey did mean that, not joking, and was immediately displeased.

Whether she likes Li Fengbei or not, it's not worth it for her to say so frankly.

"Li Fengbei's life and death are uncertain now. Isn't it meaningless for you to say that? After all, he's your man, too!"

"What What?" Smell speech, Joe feet a sprain, almost fall down from the stairs, eyes wide open, smile way: "what man? I'm his insomnia therapist!"

"....." therapist!

Wenjo wanted to find a hole in the ground.

What did she say just now? Day, she unexpectedly for Li Feng North fight against injustice, also accuse other women to treat him not good, she is brain smoked!

It occurred to me that on the first day when Joey came to the castle, he did tell her that she was a doctor of Medicine

This next Oolong make a big hair, she was still because of Joey, in the heart for a long time.

Even yesterday when Li Fengbei asked her to see a movie, she gave him a shake.

What did she do?

Red cheeks, even red ears.

She had no idea how she was going to face Joey in this situation. She coughed a little and pretended to be calm. "I was just joking with you, Miss Joey. Don't take it seriously!"

Joey picked her eyebrows, came up and patted her on the shoulder, with a clear look on her face. "Miss wenjo looks very concerned about Fengbei!"

Fengbei It's very friendly. No wonder she misunderstood.

The smile on wenjo's face deepened. "I don't care about him. I'm really joking with you."

Escape also like upstairs, straight to An'an's room.

In the room, housekeeper Lin and the doctor were standing at the head of the bed. They heard the sound of pushing the door, turned their heads and saw Wenqiao. They were shocked and then surprised.

"Miss wenjo, are you back?"

Wenqiao was not at ease with Shanglin housekeeper's deep eyes.

She hesitated and said, "steward Lin, I heard that Ann is ill. I want to see her!"

As she said that, her anxious eyes floated to the bed, but Ann's little body was blocked by the doctor, and she couldn't see anything.

Wen Qiao saw a doctor one eye, surprised, "an an is ill, didn't call Bai Yi Chen?"

As far as she knows, as long as Bai Yichen is in China, he will act as the family doctor of the castle. Of course, his medical skills are also the best.

Housekeeper Lin explained: "young master Bai followed the bodyguards to look for young master last night!"

"Li Fengbei..." Wenjo bit his lip. "He No news yet?"

Steward Lin's bright eyes flashed over and shook his head.

Wenjo pursed her lips and fell silent. The doctor had already given Ann a drip. Ann was lying on the bed with her eyes closed. Hearing Wenqiao's voice, she immediately opened her eyes and cried happily, "aunt Wenqiao! Are you here?"

When I came back to the castle just now, my father was not there, and my aunt was not. When I asked the housekeeper, he said that my aunt had left the castle and returned to his own home. I suddenly felt that I had nothing to read.

I didn't expect my aunt to come back so soon.

She took wenjo's hand and held her fingers tightly, as if she were going away again.

Big eyes flickered with the light of expectation, carefully asked: "aunt, housekeeper grandfather said you left, I'm so sad! Ann likes Auntie! Auntie, don't leave, OK?"

Wenqiao's eyes suddenly red, she put her arms around An'an, forced to suppress the turbulent wet meaning of the fundus, don't let the tears fall down.

"Ann! Ann..." My child!

How she wanted to be with her and never separate, but she didn't have the ability to take her from Li Fengbei.

Her strength was a little strong. She held Wenqiao out of breath. Her little face turned red. "Auntie Let me go a little bit..."

Housekeeper Lin was frightened and quickly reminded: "miss Wenqiao, please let go. ANN can't breathe!"

Smell speech, Wen Qiao eyes a flustered, immediately release, anxiously looked up and down An'an, "An'an, are you ok! Sorry, sorry! Auntie didn't mean it

"Auntie, I'm fine. Don't worry!" Ann grinned, a warm smile on her pale face. She stretched out her fingers to dry the tears from the corners of her eyes.

The fleshy little hand touched her cheek, and wenjo wanted to cry and hug ANN, but she held back.

She sucked her nose, dried her tears and said, "Ann, how do you feel? Is there anything wrong?"

Smell speech, an an is shriveled small mouth, suddenly "wow" ground cried out, "I miss Daddy..."

Chapter 150

When you are sick, you depend on the person closest to you.

Although an an has a mother, her mother is similar to a decoration. She doesn't see each other several times a year It's not all good.

The only person who cares about her and accompanies her is Li Fengbei, and the most dependent person is Li Fengbei.

"I miss Daddy!"

When Ann wronged Baba to say this, Wenqiao was shocked.

Then I realized the fact that An'an and Li Fengbei are inseparable as a whole, just like she and Chenchen

She knew Li Fengbei's love for An'an better than anyone.

He is a good father even if he is cruel and merciless.

Suddenly, she didn't hate Li Feng so much.

Although he had a bad attitude towards himself, tormenting her, forcing her, trampling on her, these memories were deeply branded in his mind, but there is no denying that he raised his daughter well.

Ann is so lovely, so lively and beautiful, like a real princess

At that moment, she wanted Li Fengbei to come back safely!

The idea that he was the father of her child came to mind, and her heart was once again rippled.

Last night, when she was chased, she was not so flustered. At this time, knowing that he was the father of her child, her heart was so flustered?

In the past five years, she did not recall the chaotic night five years ago, the man who had taken from her

Every time she thought of that night, she was filled with fear and trembling.

But Knowing that this man is Li Fengbei, I feel relieved.

Coming out of the castle, she is like a child who can't find her way. Many things make her confused. Her head is like a ball of wool, which can't be pulled clearly.

One is Li Fengbei, under the gorgeous fireworks, his cold and delicate eyes.

For a while, Ann's tearful eyes looked at her, with a small mouth, wronged Baba's way of saying "I miss Daddy".

Then it was another cold night five years ago. She was oppressed by him and asked for it without any pity. That kind of piercing pain and despair

Standing on the side of the road, I stopped a taxi. I was in a daze. I opened my lips and said something to the driver.

When the taxi put her down and stood at the foot of the mountain, she realized that she had let the driver take her to the place where lifengbei was missing.

Looking up at the top of the mountain, because it is winter, showing a depressing scene.

The whole body is quiet, only the unknown bird, from time to time issued a coarse GA song, call people creepy.

Wenqiao tightened his fingers, overcame his fear, searched for his memory, and began to climb to the top of the mountain.

I don't know how long I've been climbing. When I got to the top of the mountain, I was panting and my hair was steaming.

It's half mountain climbing, half fear.

The higher she went up, the softer her legs became, and even began to shake at the end.

She doesn't know why she came to this place. The terrible memory of last night hasn't completely disappeared, so she impulsively came back here alone?

However, she had no way. She couldn't find out about Li Fengbei. She didn't know what had happened to him?

She just wants to know what happened to him!

Yes! this is it!

It's because Ann said "want Daddy" with pathetic eyes that she came back here!

After thinking about this, she finally relaxed her depressed mood. She took a long breath, made a cylinder shape with her hand, and cried out: "Li Feng Bei!"

"....." In response to her, only the silence among the mountains and forests, and her echo echoing in the silent mountains and forests.

There is no one on the mountain. What about the bodyguards?

Where are they? Shouldn't you look for lifengbei here?

Have they found him?

No, if you find it, you should inform housekeeper Lin. why does housekeeper Lin say he doesn't know about Li Fengbei?

Suddenly, her eyes brightened, and she ran forward.

Last night, when he led her to escape, because there was no light, she could not see the surrounding environment clearly, but she knew this big stone. At that time, Li Fengbei was hiding behind this big stone.

However, when she ran over and looked, "ah!" With a scream, he fell to the ground and nearly fainted.

Palm behind the fear of patting the ups and downs of the chest, eyes staring in front of – cliff!

A step away from the stone is actually a cliff!

Cliff

Her brain was blank and she looked down.

I saw a piece of black cloth hanging on the edge of the cliff. It was a piece of cloth on a suit.

She knew the cloth so well that they stayed together all day yesterday. Wen Qiao swallowed saliva, restrained leg soft, climbed up from the ground, slowly moved toward the cliff to look at the past.

The cliff is not very high, but it is not short.

The disordered shrub layer blocks the bottom of the cliff tightly, making it look like a terrible and ferocious mouth, as if to devour something.

If a person falls down, there is absolutely no possibility of survival!

Wenqiao's face was frightened and his heart was pounding.

Li Fengbei may not!

Five years ago, he didn't give her an account. He can't die!

He is the father of her child. Chenchen doesn't know his existence. He can't die!

I don't know how I came down to the bottom of the cliff.

"Li Fengbei! Li Fengbei

She poked away the branches, cut the thorns, and walked forward with one foot high and one foot low. When she fell down, she got up again.

She restrained her fear and called the name of Li Fengbei all the way.

If Li Fengbei really fell off the cliff, the possibility of survival was very small, but she still insisted on walking down.

His cold and arrogant face flashed in front of his eyes. He looked at her and despised her. He punished her like a devil. All of them turned into the beautiful starry sky and he kissed her

Fingers tightly holding the piece of cloth that belongs to his suit, confused rhythm.

She is very confused, do not know at the moment like a headless fly at a loss of their own What are you doing?

Clearly

Until dusk down the mountain, until no strength, until the pocket phone rang, she suddenly recovered.

When Wenqiao panted and ran all the way to the security room of the kindergarten, he saw Chenchen sitting alone on a small bench, peering at the school gate.

The other children have already left, and the teacher is off work, but his mother hasn't come to pick him up yet!

"Morning Winjo stopped and looked at him guiltily.

Wen Qichen heard the voice, suddenly raised his head, disappointed face, lips up a subtle arc.
