CEO Daddy Is Too Passionate - Chapter 1411

Mr. Li is a new teacher in the kindergarten. I heard that Li Xiao's parents came to the school, so I came to the school gate.

She wanted to see what kind of parents could teach such a strange child.

However, when Mr. Li walked out of the classroom, he saw that the dignified headmaster was even one step ahead of her and accompanied Li Xiao's parents with a smile on his face.

Teacher Li frowned suspiciously.

Who are Li Xiaoxiao's parents? Why did even the headmaster greet each other with a smile?

You know, this kindergarten is one of the nobles. Every child is rich or expensive. No matter how noble the parents are, they have never seen the headmaster bow to anyone like this.

Mr. Li fixed his eyes on it. It was a surprise.

It turned out to be Li Qichen, President of Li's group, and his childhood wife!

Their high-profile Island Wedding, as long as not an alien has heard their story.

Li Xiaoxiao turned out to be their child.

Miss Li quickly walked over and said, "headmaster!"

The headmaster said: "Mr. Li, Mrs. Li, she is the little head teacher, Miss Li."

“Hello, I’m a little head teacher.”

Mr. Li was a little cramped.

Li’s family is one of the most powerful in B city. Li’s group has the largest market value in the world, and it has the reputation of the world’s first charitable family.

Ann came forward, with a big smile and a sorry face, and said: “Miss Li, something was delayed yesterday afternoon, so we didn’t come to see you. We come to communicate with you about Xiaoxiao’s beating at school. If it’s really a child’s problem, my little father and I will go home to educate our children, and we will take Xiaoxiao to apologize to the beaten children in person.”

Miss Li was stunned.

She thought they were coming to school to trouble her. After all, she wronged Li Xiaoxiao.

In particular, the parents of this kind of family generally dote on their children. Unexpectedly, Mrs. Li is so polite.

Gentle and dignified, with temperament, and so beautiful.

Mr. Li is also a man of talent.

Standing together, they are a perfect combination.

Mr. Li quickly put away his thoughts and said with a sorry face: “Mrs. Li, I’m sorry! It’s my dereliction of duty. In fact, Xiaoxiao didn’t hit people.”

Before Ann and Li Qichen spoke, the headmaster said with a cold face, “what’s the matter with you? Can such things be wrong?”

Ann interrupted with a smile: “headmaster, you don’t have to blame Mr. Li. It’s our little family that is too naughty. Mr. Li, please go on.”

Li teacher looked at Ann gratefully, “it’s so cute. Other children want to play with her, so they fight.”

Smell speech, Ann and Li Qichen look at each other, but smile, “since it is so, that trouble teacher more trouble.”

“Yes, yes!”

From the kindergarten, Li Qichen directly asked the driver to send them to the company.

the lift partition was put up to separate the front cab from the spacious rear seat.

Li Qichen holds ANN in her arms, holding her hand and playing with her soft fingers.

It’s like addiction. What he likes most is her hands.

One by one, white and tender as onion, soft and boneless, completely different from his palm. Why can her hand be so soft and fragrant?

Playing, his eyes changed, became bright, his voice hoarse, “An’an...”

“What’s the matter?”

An an is thinking about the children’s affairs, smell speech, look up at him, on a pair of bright eyes.

“Honey, did we do anything last night?”

Ann tilted her head and thought for a long time, shaking her head. "I don't remember. Did I promise you anything?"

Li Qichen gathered in An'an's ear and said something in a soft voice. An'an blushed and twisted her pink fist to hammer Li Qichen's strong chest.

"Do you have nothing else to do but think about it?"

"It's a big deal. It's about physical and mental health."

Li Qichen chuckled, and then he clasped the back of her head and kissed her.

The hairpin on an an's head was taken off, and a green silk was put down. It was spread on her round shoulders like seaweed, which set off her small face, big palm and beautiful.

An hour later, the car stopped at the gate of the group.

Li Qichen got out of the car with An'an in his arms. An'an Wo was in his arms, and his face and head did not dare to stretch out.

Her legs are weak now, and she walks awkwardly.

When Li Qichen walks into the elevator with An'an in his arms, the four beauties at the front desk behind him are bubbling with envy.

"Mr. President and Mrs. president, how kind of you! When will the state send me a boyfriend like the president? ""Come on! Do you have a beautiful wife? "

"....."

“So, you’d better be honest and do your own business. It’s the truth that you make money and control it in your own hands.”

An an is held by Li Qichen and comes to the office. Naturally, she receives the attention from the secretaries.

As soon as they got back to the office, wenjo’s video call came.

She and Li Fengbei recently played in Switzerland. They took a lot of snow scenery and sent it to them. They had a good time.

Looking at the two people over 50 years old kissing on the top of the snow-white mountain, an an’s eyes are moist.

Moved tears.

There are a few people in the world who can be consistent for decades.

In her life, she has met people who are drifting away.

Even when I fell in love when I was young, it was chicken feather in the end.

Li Qichen came over and hugged her from behind.

Looking at the picture on the screen of the mobile phone, I reached out and rubbed her hairy hair. I said in a funny way: “silly girl, when did you become so emotional?”

Ann sucked her nose and said, “I just think mom and dad are so happy.”

“Silly girl, we will be as happy as Mom and Dad, believe me!”

“Well!”

An an tears for smile, stretch out a hand to encircle Li Qichen’s neck, raise head actively, drop a kiss on his lip.

Li Qichen’s eyes darken, and they kiss each other again. Gradually, in the process of chasing each other, the temperature in the room rises gradually.

The room is full of warmth.

When he was kissing her, she heard his low voice in her ear.

“Baby, my silly girl, I love you!”

He seldom said “I love you”.

Because “I love you” is not just a statement, but a lifelong commitment, which will be confirmed for decades.

An’an looks happy with her lips.

Because she believes, because she also loves him, loves this family.

CEO Daddy Is Too Passionate - Chapter 1412

The weather in June is unspeakably hot and dry, just like a big stove baking the rubber road, with a pungent smell in the air.

In such weather, even if you go downstairs and throw a litter, you have to go quickly. However, on the big basketball court of No.1 Middle School in B city, a group of big boys are sweating in the sun, playing basketball in full swing.

The girls in white school uniforms, standing in a row, lying on the railings of the teaching building not far away, screamed at the playground.

“Li Shao! Li Shao! Come on

On the basketball court, Li Xingchen holds the basketball, jumps up, the slender arm holds the basketball to lift up, the basketball entered the basket by a very beautiful arc.

“Wow! I’m in

The girl’s cheers grew more exciting.

Li Xingchen took a look at the teaching building, then raised the evil lips and threw a wink at the girls.

“Li Shao looks at me! He looked at me

The girls he cast a glance at were so excited that their hearts were about to jump out.

Who doesn’t know, there is a super rich second generation in No.1 middle school, who not only has money at home, but also looks as handsome as a male star, which is the perfect character in the cartoon.

Although the fight, academic performance super bad, but also very playful, made a girlfriend fresh period of up to a week, but did not reduce his charm.

He is a well deserved male god.

The female students screamed, while the male students poured cold water on the side.

“Wake up, like this kind of rich family, you can play, you don’t want to marry him!”

When young masters like Li Xingchen grow up, they will marry and unite with each other. Some of them even make an engagement early when they are young.

The female students sneered at the words of the male students, “you are jealous that he was not only born with the golden key, but also looks so handsome!”

“Cut! I’m too lazy to tell you. If you shout harder, will he look at you more?”

Li Xingchen is not only a school bully in No.1 middle school, but also a playboy. His girlfriends are all at the level of school flower. No matter how bad they are, they are also class flower.

So he won’t even look at these ordinary girls.

The female students let off steam immediately.

That’s right. Even if they shout harder, they can’t get into Li Xingchen’s eyes.

However, who said to get his attention, even if quietly focused on him.

People like Li Xingchen are not human beings, but gods. Ordinary people are destined to look up to them.

No.1 middle school is the best high school in the city, where the best education resources of B city are gathered.

A quarter are public and three quarters are private.

The public sector needs to pass strict examinations to get places, while the private sector has a high tuition fee of six figures per semester, which only the rich can afford.

So in No.1 middle school, besides the students with excellent grades, they are the children of rich families.

Class bell rings, female students wail, reluctantly to the classroom.

Li Jing, the teacher in charge of the class, walks into the classroom of class 8 with her textbook in her arms. She supports the heavy frame of the mirror. Her sharp eyes under the lens sweep in the classroom, and then her face sinks.

Li Xingchen is not in the classroom again!

Li Xingchen is a famous academic scum in the whole school. In addition to the identity background of the Li family, other teachers basically turn a blind eye to his often skipping class. However, Li Jing is different. She is his head teacher and has a strong sense of responsibility.

“Where is Li Xingchen?”

Li Jing asked in a calm voice.

Xia Ye is not only the representative of Chinese class, but also the learning committee member of the class. Li Jing subconsciously puts her eyes on her.

Students have also turned their attention to this ever – famous scholar.

Xia Ye looks up from the textbook. Her thick bangs block most of her face. With a pair of broad and old-fashioned black frame glasses, she looks like a clever bookworm and a bit dull.

She stood up slowly and said softly, “teacher, I’ll call him downstairs.”

In the face of Xia ye such excellent and obedient good students, the teacher’s face immediately eased a lot.

“No matter what he’s doing, bring it back to me and say I asked you to call it.”

“All right.”

Xia Ye replied cleverly.

She came out of the classroom, stood in the corridor and took a look at the playground.

Just after class, although she didn’t come out to watch, it was hard for her to hear the loud shouts of the students.

But at this time, the huge playground has no one.

Where did they go?

Xia Ye wrinkled her small eyebrows and went down the stairs doubtfully.

She looked around the playground and finally found someone in the shade of the tree in front of the store.

A group of ignorant young masters, one by one with bare arms, are sitting in the shade of a tree, drinking water, chatting and eating. She can’t help but roll a white eye, despise the tunnel in the heart, “is really birds of a feather flock together.”

All of them have the same virtue.

In class, he was openly absent from class, naked at school, relying on his family’s money, and bullying his classmates.

As soon as Qi Jinyu turns her head and sees Xia ye, she pats Li Xingchen on the shoulder with a smile and says, “boss, is the super Xueba in your class looking at you? Is she secretly in love with you?”

Li Xingchen turned to look behind him.

A thin little girl with a pair of old-fashioned black frame and big eyes stood not far away.

Her blue school uniform has been washed white, but clean.

I can't see her eyes clearly, but her eyes are clear and bright.

Li Xingchen frowned unhappily and slapped Qi Jinyu on the head. "This kind of ugly monster likes me. I'd rather be single all my life."

His voice was so loud that he didn't care about the feelings of another person.

Xia Ye is not deaf, so you can hear it naturally.

She was calm on her face, but the fingers on her side could not help clenching.

Like she likes him?

I don't want to give this kind of scum to her for nothing!

Xia ye took a deep breath, stepped forward two steps, and said without expression: "Li Xingchen, Miss Li asked you to go back to class."

She doesn't feel inferior in front of these rich children. They are just able to reincarnate a little, and they don't have their own abilities.

The social atmosphere is corrupted by these ignorant people who control a lot of wealth.

Voice down, Li Xingchen those brothers stop the action in the hand, have turned around, a look at Li Xingchen.

It seems to be the first time for those who dare to speak to Li Shao in such a tone.

The girl is not simple.

Li Xingchen also Leng several times, then lean on the side uncle, sneer, "who do you think you are, why should I listen to you?"

Is this ugly monster so conceited that he dares to take charge of him?

Even mommy and daddy don't care about him.

CEO Daddy Is Too Passionate - Chapter 1413

Xia Ye looks at Li Xingchen's appearance and turns her eyes silently.

"Classmate, I hope you can make it clear to me that whether you want to go to class or not has nothing to do with me.

I am a member of the learning committee and a representative of Chinese class. The head teacher is responsible for you. Let me call you back to class. It's everyone's responsibility to you, not obligation.

We are all grown-ups. Don't you think it's shameful to be such a big burden to others? "

"What? Shame? "

Li Xingchen is very angry to counter smile, inconceivable counter point at oneself, "do you know who I am?"

This ugly eight strange even dare to scold him, isn't live impatient?

A group of young masters around them were originally watching a good play. At this time, they were stunned by Xia Ye's words, and their eyes became different.

This is the first time that they have seen someone who dares to fight with Li Er.

This girl can!

"Do you think the boss will follow her?"

"Is that true? I'm sure I won't go with her

I don't want to see what she looks like, which girl the boss can like is not on time.

Everyone said it out loud without any scruples, which fell into Xia Ye's ears and was extremely harsh.

She stepped forward, learning the appearance of Li Xingchen, and coldly hooked her lips.

"It has nothing to do with me whether you go to class or not. I'm not who you are, and I don't want to have anything to do with scum like you. Anyway, I've finished the task given to me by the head teacher. Do you like to go or not?"

With that, Xia Ye raised her chin and walked towards the teaching building without strabismus.

When passing Li Xingchen, a big palm stretched out and suddenly grabbed her arm.

Xia Ye's face suddenly changed, just like a frightened little rabbit. She threw away Li Xingchen's hand and stepped back two steps. Her big eyes widened to the extreme, and she stared at Li Xingchen in panic.

“What are you doing?”

“.....”

Li Xingchen was thrown away, the whole person was stunned.

He just pulled her arm. She had such a big reaction, just like he was a sex wolf.

As for it?

Li Xingchen’s gloomy vision swept back and forth on her body, and finally settled on her flustered face.

How can this old-fashioned guy be so conservative?

Even when a man pulls her arm, he’s afraid of it.

Li Xingchen is evil to the gall edge living, suddenly had to tease her mind.

Evil to hook up the corner of the lip, step by step toward the summer leaves.

“Li Li Xingchen...”

Summer leaves nervous to swallow saliva, constantly retreat, but behind is a big tree, soon lean on the tree, retreat no retreat.

Li Xingchen has just turned 18 years old this year, but he is 1.78 meters tall. Standing in front of her, he is like a wall pressing against her.

“Ah! Don’t come here

Summer leaves black eyes under the frame can not say the panic, even the eyes are red.

She stretched out her hand and propped up on Li Xingchen's chest, so that he would not keep close to himself.

“.....”

The picture suddenly stood still for several seconds.

Li Xingchen loves sports at ordinary times. His muscles are well proportioned. Eight shallow abdominal muscles are displayed on his flat abdomen. The mermaid line is sexy and distinct

And this person is not well dressed, at this time bare arm, just played basketball, skin all sweat, wet.

As soon as Xia Ye reached out, her white palm touched his abdominal muscles directly.

Like being scalded, Xia Ye suddenly takes back her hand, and her face turns red. Even her eyes don't know where to put it.

The voice trembles a way: “Li Xingchen, I warn you, this is the school, you don't mess about!”

Li Xingchen originally just wanted to tease her, but now he felt very interesting.

The super Xueba, who is the first in the school, is so unprepared.

Li Xingchen leaned over and whispered in her ear: “don't you think I want to do something to you? Just like you, it's like forcing me. I don't want it. Don't worry!”

“.....”

Xia Ye is relieved to realize that she has been fooled. At the same time, she steps on Li Xingchen's feet and runs towards the teaching building.

Before I leave, I don't forget to put up my middle finger to Li Xingchen.

"loser ! "

"....."

Li Xingchen was stunned for several seconds. Then he looked at his friends in disbelief and asked: "what did she say just now? "I'm loser?"

He is a respectable young master of the Li family. He was born with a golden key when he was a child. When he was born, he was countless wealth. Other people couldn't reach the height in their struggle all their lives. He was scolded as loser by an old-fashioned girl!

How can this be tolerated? Qi Jinyu and other child brothers are also the first time to see Xia ye, a bold and shrewd girl.

Which girl to see the boss is not eager to turn into a wolf to rush up, but this looks thin and small, wearing a big uniform can not see the figure of the guy to despise.

Usually everyone is bullied by the boss, but now there is a man who can bully the boss.

They all nodded and encouraged each other.

"Boss, she just despised you! You can bear it, we can't bear it! You say, how to deal with her, as long as you say a word, we'll go up immediately

Led by Li Xingchen, all of you here are academic scum, famous school bully. When others see that they have to make a detour, they are afraid of bumping into any Buddha.

But in fact, it's just a rumor from people outside. Although these people fight, pick up girls and skip classes, they never beat or trouble women.

It turns out that we are just talking casually. We all know Li Xingchen's principle.

But Li Xingchen narrowed his eyes and said, "who said I'm going to endure? Even dare to scold me, I must let her in school, wait and see

"Er..."

Originally everyone just casually said, did not expect Li Xingchen actually want to find Xia Ye's trouble.

Li Shao, is this to break the principle for this summer leaf?

Qi Jinyu looks at Xia Ye's back, shakes her head and sighs.

It seems that the next day will be "wonderful".

Xia ye went back to the teaching building and stood at the door of the classroom, apologizing: "Mr. Li, I'm sorry, I didn't call Li back!"

Li Jing sighed. Knowing what Li Xingchen's virtue is, she naturally won't blame Xia ye for his bad work. "It's hard work. Come back to class. Don't worry about him first."

A 45 minute class will soon be over.

It was not until the bell of the second class rang that Li Xingchen came slowly from the corridor. He ignored the teacher's lecturing on the platform and walked to the classroom.

CEO Daddy Is Too Passionate - Chapter 1414

The students immediately did not dare to breathe and straightened their waists.

Li Jing was seriously explaining the knowledge in the textbook. Seeing this, she put the textbook on the platform and cried out: "Li Xingchen! Stop

"What's the matter, Miss Li?"

Li Xingchen stops and looks at Li Jing with a face of slouch.

Looking at him like that, Li Jing was out of breath.

If this guy is her son, she has to maim him.

"As a student, you have to look like a student. What are you wearing?"

Other students are wearing school uniforms, only he wears a different kind.

Li Xingchen followed the teacher's line of sight and looked down at himself. His face didn't matter.

"What's wrong with my Versace clothes and pants?"

He didn't think there was anything wrong with the six figure set.

Li Jing was so angry that she wanted to rectify the student, but every time she looked at him, she couldn't help it.

Even his parents are powerless by him, and she, as a teacher, can only do her best.

She pinched her eyebrows, waved her hand and said, “go back to your seat. Don’t miss class for no reason next time.”

“Yes, Miss Li.”

Li Xingchen took out his ear and answered without expression.

He couldn’t hear that more than ten times, and his ears were about to cocoon.

Xia Ye was seriously looking at the topic in the textbook. When she heard the sound, she couldn’t help looking up to the front.

Just as Li Xingchen turned around, their eyes collided with each other across the air.

Li Xingchen hooked the corner of his lips meaningfully.

Xia Ye rolled her eyes at him.

Nobody wants to see anyone.

As soon as Li Xingchen sat back, he put his coat on the chair and began to sleep on the table.

Li Jing shook her head helplessly.

I’m afraid the child will be abandoned.

“Students, this is the end of today’s class. In the next ten minutes, I want to talk about the monthly exam with you.”

When it comes to the monthly exam, all the students hold their breath and look up at the class teacher on the platform.

Li Jing glanced at everyone one by one, and then took out a report card from the textbook.

“This report card in my hand is the result of your monthly examination and your ranking in the whole school.”

“Our class 8 is very honored to get the special attention of the headmaster. Can you guess why?”

Students, you look at me, I look at you, and then said with one voice: “summer leaf is the first in the school.”

Xia Ye has always been the first in the school, which is no wonder.

As the key training object of the school, Xia Ye won the prize on behalf of the school, which naturally won the favor of teachers, even the headmaster.

Wen Yan, Li Jing nodded, a happy face, “you are right, summer leaf students this time is the first in the school, and more than the second 50 points of good results, almost every subject has reached the full mark.”

Speaking of this, she took a look at Li Xingchen, who was lying on the table sleeping. She couldn't help sighing in her heart and said, “it's a student in a class. Why is the difference so big? This time, our class 8 can get the special attention of the headmaster, not only because Xiaye is the first in the school, but also because the penultimate of the school is in our class.”

Everyone is the same teacher, why is the difference so big?

“.....”

Originally noisy classroom, a moment to quiet down.

Look at Li Xingchen in unison.

Perhaps the classroom is too quiet, but disturb his sleep.

Li Xingchen opened his eyes, stretched a stretch, see everyone's eyes fall on his side, dangerously squint eyes.

"What are you looking at me for?"

The students did not dare to offend him. They turned their heads around one after another. No one dared to make a sound, and no one dared to laugh.

Dare to laugh at Li Er Shao, just don't want to live.

Everyone, you look at me, I look at you, and you are surprisingly quiet.

"Li Xingchen, you stand up!" Li Jing exclaimed unhappily.

"What's the matter?"

Li Xingchen stretched lazily, sat on the stool and said, "Mr. Li, if you have anything to say, I can hear you as clearly as I sit."

Li Jing put her report card on the platform, and her face was hard to see.

"There will be a parents' meeting tomorrow. I will read out your grades one by one at the parents' meeting tomorrow, so that your parents can see what you have done in school."

Smell speech, Li Xing Chen a meal, handsome eyebrow heart ruthlessly wrinkly rise.

“There’s nothing new but calling parents?” I don’t know how many times this move has been used, but I have to admit that it’s really the most lethal.

Li Xingchen is not afraid of his cold faced father.

Once Wenqiao fainted because of Li Xingchen’s anger. After Li Fengbei knew it, he beat Li Xingchen hard. From that time on, he began to be afraid that the teacher would call his parents.

Li Jing, however, seems to have grasped his weakness and held a parents’ meeting all the time.

Every time Li Xingchen thought of this, he couldn’t help crying.

Is there any way to live?

Li Jing said, cold face, put away the report card and left.

After a while, the monthly exam papers were distributed.

Li Jing put a sentence to everyone before class, no matter what method is used, correct his wrong problem, do not correct it, call parents directly.

Parents, parents, parents

Li Xingchen clenched his teeth, but it was true that Li Jing caught him seven inches.

Li Xingchen looks at his test paper of the number score, and turns his lips impatiently. He throws the test paper to Wang Xinran, his deskmate.

“Change it for me.”

Wang Xinran looked at the same number on his test paper and shook his head helplessly.

“Look at me, boss.”

“.....”

“Do you mind if I change it?”

“.....” Li Xingchen glanced at Wang Xinran’s test paper, and pulled his test paper back with great disdain.

“You can’t do this kind of simple questions. Are you full of shit in your head?”

“I I...”

Wang Xinran was scolded and choked.

He’s not the last in the school, is he?

He was rejected by the penultimate.

But Li Xingchen is the master of Li family. He can’t afford to offend him.

Wang Xinran was unconvinced, but he had to swallow it.

Li Xingchen looked forward and just caught a glimpse of the test paper in Xia Ye’s hand.

He straightened up and lifted his long arm to snatch the test paper in Xia Ye’s hand.

“Well, what are you doing? This is my test paper

Xia Ye looks back at Li Xingchen and grabs it.

Li Xingchen glanced at her faintly, “classmate Xia ye, you are the learning committee member of the class. It’s your responsibility to help the students learn. Look at your test paper. Are you so mean?”

CEO Daddy Is Too Passionate - Chapter 1415

Xia Ye is about to laugh at this man’s shamelessness. “Li Xingchen, this is my test paper. Give it back to me!”

Li Xingchen’s slender arm raised the test paper high, Xia Ye’s one meter and five years tall, in front of him is not an opponent at all, can only look at the test paper, stamped his feet, gritted his teeth: “this time, next time grab my test paper, I’ll tell the head teacher!”

Li Xingchen despises this kind of behavior of telling the teacher and complaining.

“Can’t you say anything but tell the teacher? Do you think I’m afraid of teachers? ”

“You...”

Xia Ye’s clear eyes glared at him fiercely, then turned and sat back on his seat, taking a few deep breaths.

Don’t be angry, don’t be angry. To be angry with such a scum is to force yourself down.

Xia Ye comforts herself in her heart, but someone is still good when he gets a bargain.

I heard Li Xingchen and Wang Xinran discussing.

“Boss, how can Xia ye be so powerful? This kind of abnormal problem can get full marks.”

“Cut!” Li Xingchen copied the test paper and sniffed scornfully.

In that way, even without turning her head, she could feel his contempt for her.

Wang Xinran is still immersed in his admiration for Xueba. For such a scum, although he says he doesn't care about his grades, he has a kind of inexplicable awe for Xueba in his heart.

He couldn't help but sigh: “a girl should learn so much. It's really embarrassing for our male compatriots!”

Smell speech, Li Xing Chen ruthlessly frown heart, eyes toward Wang Xinran swept, tone cool way: “you seem to worship her appearance?”

“Of course...”

Wang Xinran choked and realized that it was wrong. He quickly changed his voice and said, “how can it be? The people I adore from the beginning to the end just want you, others are floating clouds in my heart.”

Li Xingchen frowned, and then stretched a little, “hum, it's almost the same!”

With that, he turned his head to look at the back of Xia Ye's round head, and said coldly: “some people, women are not like women, men are not like men. They don't know what's good.”

Wang Xinran has no way to answer this. Of course, he knows that Li Xingchen is talking about Xia ye, but is it too much to say that a girl is not a man or a woman.

He said with a smile: “boss, you can't say that...”

Li Xingchen stares at him.

“.....”

Wang Xinran immediately made an action of closing his mouth, tightly pursed his lips and looked innocent.

In fact, he thinks Xiaye is OK. He is usually quiet and his academic performance is so good.

Li Xingchen looked at his unconventionality in his eyes, narrowed his eyes, and said coolly: “a girl should look like a girl, gentle and delicate, waiting for a man to love her, not like a man, doing everything by herself! When a woman has finished a man’s work, what else should a man do?”

Wang Xinran put up his thumb, “high! It’s really high!”

Summer leaf sits in front of two people, listen to two people dialogue, in the heart rubs rubs rubs rubs ground to take up anger.

She suddenly stood up, turned to look at Li Xingchen, slapped on Li Xingchen’s desk.

“Classmate, didn’t tell you to say bad things behind other people’s back, is it a very ill bred thing?”

This is the first time that someone dares to slap the table in front of him.

Li Xingchen’s face Shua ground cold come down, drop the signature pen in the hand, a pair of deep Mou son is looking at summer leaf straight.

If his eyes were an arrow, Xia ye would have been killed countless times by him.

CEO Daddy Is Too Passionate - Chapter 1416

Xia Ye clenched her fist and went outside the classroom with a cold hum.

Li Xingchen sees that she ignores herself and stares at Wang Xinran angrily.

“Look at her attitude? Such a person is still a bully!”

“Boss Actually...”

Wang Xinran hesitated. In fact, it's really not Xia Ye's fault.

As soon as Xia ye came to the door, she was stopped by two girls.

A female classmate with horsetail, heavy makeup and enchanting figure stood in front of her and looked her up and down contemptuously.

“Are you Xia ye?”

Xia Ye looks at the three people who are obviously finding fault in front of her, frowning, “what's the matter?”

“Come with us!”

“I have something else to do. Besides, I'm not familiar with you.” Xia Ye refused.

Su Xinyao narrowed her eyes dangerously, “Xia ye, do you know who I am? You dare to disobey my orders. Do you want to be beaten?”

With that, she winked at the two valets around her.

The two people understand, a left and a right pull her arm, forced her to pull to the toilet.

In the corner of the remote corridor of the toilet, Xia Ye is surrounded by three people.

Su Xinyao's hands are around her chest, and she looks like a peacock.

"Xia ye, I warn you that Li Xingchen is the man that Su Xinyao likes. You'd better stay away from him!"

It turned out to be Li Xingchen.

I thought it was something.

Xia Ye raised her eyelids and took a light look at Su Xinyao. Then she sneered, "just like Li Xingchen, you don't want to give it to me for nothing."

Clearly this is the result she wants, but looking at Xia Ye does not put Li Xingchen in the eye, Su Xinyao is very uncomfortable.

It's like a beautiful thing has been tarnished by her.

She roared angrily: "it sounds good. Who doesn't know that Li Xingchen is the second young master of the Li family. The Li family has a great career, power and money. The commercial territory of the whole B city is half that of his family. Such a man, you even told me that you don't want to give it to you. Do you think highly of yourself?"

Facing Su Xinyao's angry appearance, Xia Ye shrugs her shoulders and says in silence, "do you really think you can be Li's little grandmother? Classmate, I advise you to study hard and don't waste your energy on such fruitless things. You will regret it later. "

Su Xinyao came to educate her, not to listen to her education.

"You don't have to worry about such things as ugly and poor people like you!"

Su Xinyao just heard that Xiaye of class 8 was deliberately close to Li Xingchen, so she taught her a lesson after class.

But now I see Xiaye, I change my mind immediately.

She was so ugly, dressed so old-fashioned, and poor that she felt sick when she saw a woman, not to mention the picky man like Li Xingchen.

Who doesn't know that his girlfriends are all school flower.

Xia ye put her hands into her school uniform pocket. Under the lens, her black and white eyes looked at the three people in front of her. She said faintly, "please get out of the way, I'm going to class!"

Su Xinyao is a famous little girl in the school. When people see her, they have to give up. Unexpectedly, Xia Ye is not afraid of her at all.

She winked at Wang Shi and Li bailing. They knew each other and grasped Xia Ye's hair.

"dare to talk back to our boss, do not teach you a lesson, you will not know our strength."

Sharp pain, scalp numbness, Xia Ye delicate eyebrows severely wrinkled up, voice coldly way: "loosen!"

Wang Shi and Li bailing were shocked by her momentum and said with a smile, "what did she say just now that she let us loose? To make her boss unhappy, she hasn't realized what she's done."

"Ha ha ha ha!"

The three suddenly burst into laughter.

Xia Ye clenched her teeth and said with a cold little face, “you release me quickly. If you don’t release me again, I’ll call people.”

“Shout and see who will save you!”

“It’s so noisy!”

Several people are wrestling into a ball, suddenly in front of a lazy voice.

They turned their heads and looked ahead. In the pavilion not far away, a man with a book and a golden frame was sitting on a wooden stool. Under the transparent lenses, a pair of sharp eyes were looking at them.

Su Xinyao’s two little followers immediately let go of her hand, with red stars all over her face.

“Boss, it’s miss an!”

An Chenxi, the school’s history teacher, is also the youngest and most handsome teacher ever.

His outstanding family background and handsome appearance make him stand out among a group of baldness, big belly, middle-aged and greasy male teachers.

Many female students secretly fell in love with him.

Su Xinyao clenched her teeth and reluctantly faced the two people: “let’s go! Let her go for a while today!” “Su Xinyao left with two small followers. Xia Ye arranged her messy hair and walked towards an Chenxi.

She stood in front of him, her heart beat faster, even her eyes did not dare to look directly at him.

“Ann Thank you just now, miss an

An Chenxi smile, gentle as jade, “just now that a few female students are famous gangsters, how can you provoke them, summer leaf classmate?”

Xia Ye’s face is more red, “teacher an, do you know me?”

“Of course! I picked you up from the school gate the first day you entered the school. Don’t tell me you have forgotten. ”

The smile on an Chenxi’s face remains unchanged. It’s always light and annoying, but it can’t get close.

Politeness, but alienation.

Xia Ye tightened her fingers and said with a smile, “of course I remember.”

When I came to school for the first time, I twisted big and small bags in my hand, but I got lost in school. Finally, teacher an helped her with her luggage and sent her to the dormitory downstairs.

An Chenxi said: “that day is your first day of admission, in fact, it’s very special for me. That day I just started, in fact, I got lost.”

Xia Ye was stunned for a moment, looked up at his pretty and handsome face, and asked foolishly, “so you will get lost, too?”

Although an Chenxi is not a teacher of class 8, he is a man of the moment in the school, which does not affect Xia Ye’s attention to him.

Thinking of her two embarrassing situations, Xia Ye is so embarrassed that she wants to find a hole to get in.

An Chenxi looked at her embarrassment and joked, “can’t I get lost because I’m a teacher?”

“No It’s not...”

Xia Ye is even more embarrassed.

An Chenxi decided to let go of this classmate, stood up from the bench and walked towards the pavilion.

When passing by Xia ye, he stopped and lowered his voice and said, “don’t provoke those people. Your academic performance is very good. It’s the hope of the school. I hope you won’t be influenced by irrelevant people.”

CEO Daddy Is Too Passionate - Chapter 1417

Warm voice into the ear, summer leaves warm heart, like the influx of a stream of temperature.

“Thank you, Miss Ann. I will.”

Two people distance is very close, an Chen West is looking at her, the white skin on her face sees clearly.

Although her forehead was covered with thick bangs, and she was wearing a pair of big black glasses, she could hardly see what she looked like, but her white skin was more delicate than tofu.

An Chenxi takes back her eyes and walks to the teaching building.

Xia Ye looked around the pavilion, saw no one, and left by another road.

Xia Ye returns to the classroom and finds Li Xingchen playing basketball with Wang Xinran in the classroom.

The students next to them are all far away, worried about the basketball hit their head.

Xia Ye walks with her head down. She is still thinking about the scene that happened just now. Teacher an solves the problem for her. For the moment, she doesn't notice the basketball that hit her hard.

With a bang, the basketball hit her head exactly.

"Ah

Summer leaves eyes a black, squatting on the ground, straight in front of the stars.

As soon as Wang Xinran's face changed, he came to help her.

"Xia ye, are you ok?"

Xia Ye waved Wang Xinran's hand angrily, "go away! Don't touch me

Wang Xinran touched his head awkwardly, "we didn't mean to..."

Xia Ye ignores Wang Xinran. When her head is clear, she stands up and stares at Li Xingchen.

"Li Xingchen, this is the classroom, not your home!"

Li Xingchen's cold eyes took a look at her red and swollen forehead, pursed her lips, and carried his basketball to the outside of the classroom.

It's a total disregard for her.

Summer leaves gas to dizziness, but for such a person in addition to helpless, there is no way.

Wang Xinran saw that Li Xingchen's face was not good, so he quickly followed up.

“Boss, where are you going? No class again?”

Their voices went farther and farther, and the students looked at Xia ye with sympathetic eyes.

If you offend such a prince, you have to admit your bad luck.

Xia ye thought that she and Li Xingchen would not have more intersection, but even she did not expect the development of things.

It was as if something had turned on a switch. The more she tried to avoid him, the more she could meet him everywhere.

On the way to school, Xia Ye passes a long alley every day.

There was no one passing by in the alley. It was cold and quiet. Every time Xia ye came to this place, she was thrilled.

However, after school that day, she saw two groups fighting in the alley with long sticks.

Xia ye had never met such a thing before. She was so scared that she told her that she had to go away at once, but her feet were like lead, so she couldn't move away.

At this time, a pair of cold eyes good, she swept over, Xia Ye looked up to meet, two people were stunned.

“Li Xingchen!”

He's taking his students to fight with little gangsters in society?

Li Xingchen's eyes also stopped, did not expect to encounter this ugly eight strange in the fight.

And what's her look like?

"Be careful!"

Xia Ye looks at the little gangster who is preparing to attack Li Xingchen behind her. Her face turns white and she blurts out.

Li Xingchen twists his eyebrows, turns around and skilfully avoids the stick coming from behind. He takes the opportunity to take the stick from the other side and kicks it in the other side's stomach.

The little gangster was kicked back a few steps, and his back hit the wall behind him. There was a "click" sound.

How cruel!

Xia Ye swallowed a mouthful of spit, her eyes flashed a trace of fear, even retreated two steps.

Li Xingchen solved a few little gangsters. He stepped on the head of the gangster in black army boots and said angrily: "the woman who dares to provoke you, I think you are impatient!"

Li Xingchen recently found a girlfriend in No.2 Middle School.

No.2 Middle School flower, although it is the other party's initiative to stick up, but at least it is also his admitted girlfriend, this person even dare to provoke his woman, is to challenge his bottom line.

"Pain ~ ~" the little gangster was so scared that he called his mother and begged for mercy: "master Xing, I don't dare next time, I really don't dare! Please let me go! I really don't know that she is your girlfriend. If I know that she is your woman, I dare not have the courage to kill her, and I really didn't take the initiative to provoke her, it was her... "

“She provoked me on her own initiative” was slapped in the face by Li Xingchen before she said it, “how dare you argue? Is it a smile that provokes you?”

“.....”

The little gangster didn't dare to talk back, so he had to change his words and said, “yes, I have eyes and don't know what to do. I don't know what to do. Please forgive me this time.”

“Go away!” Li Xingchen let go of the little gangster and despised the tunnel.

In this way, I thought how powerful it was. There was no combat value at all. It was boring.

“Yes, I'll go right away.”

Little gangster with his gang of younger brother, foot oil, run away.

Seeing the little gangster run away, Xia ye also turned around and prepared to leave quietly.

Behind him came a cold, “stop!”

The summer leaves close their eyes, it's over.

He's fighting. She sees him fighting. Don't you want to deal with her?

It's strange to stop at this time. Xiaye starts to run.

However, before he took two steps, he was caught by a powerful big palm on the back collar. Li Xingchen's cold voice came from behind, “I asked you to stop, didn't you hear me?”

“You let me go! I didn't see anything just now! ”

Summer leaves violently struggle, fingers randomly in the face of Li Xingchen grasp.

“Well, what are you doing? Don’t move

“You let me go! You bastard

“Let go, let go! You think I want to hold you, ugly

“Ah

No one noticed that Xia Ye was standing on the side of the stairs. As soon as Li Xingchen’s hand was released, Xia Ye’s body fell uncontrollably behind him.

Xia Ye rolled down the high stairs at the entrance of the alley.

The little body rolled on the stairs for two minutes before it was blocked by the middle rail.

He knocked his head on the railing and then fainted.

Li Xingchen completely silly, “ugly eight strange, this is none of my business, you let me go.”

Wang Xinran and Qi Jinyu, who are standing behind him, are also silly. They usually fight, but they have never killed anyone.

“Old boss, something’s wrong!”

Li Xingchen screwed up the delicate and pretty eyebrows, coldly glanced at them, “what are you doing? Go and see if she’s dead.”

Two people flurried toward lying on the ground motionless Xia Ye ran, Wang Xinran stretched out his hand to explore Xia Ye's nose, wiped the cold sweat on his forehead, quietly relieved.

"It's OK. I just passed out."

CEO Daddy Is Too Passionate - Chapter 1418

When Xia Ye wakes up, it's already sunset. On the long street outside the hospital window, neon lights spread brightly and began to be lively.

Open your eyes, water mist's big eyes with a bit confused.

"Where is this?"

White room, white ceiling, white sheets, even the curtains are white.

There was also a pungent smell of potion in the room.

"How am I in the hospital?"

She moved to get out of bed.

But with this movement, the bones of the whole body seemed to be scattered, especially the legs. A burst of heartbreaking pain came, and a layer of cold sweat immediately exuded from the forehead.

"Ah

She fell back on her pillow, and the scene before she fainted came into her mind uncontrollably.

Li Xingchen fights with people in the alley. She is pulling at him and is pushed down the stairs by him.

She clenched her fist and cursed Li Xingchen a hundred times in her heart.

Look, the swollen bag on her forehead had not gone down yet, but he pushed it down the stairs again.

Looking at the cast on the leg, you don't need to know that the leg is broken.

Xia Ye thinks that she will fight with this person in her life, otherwise, how can she meet this person.

The door of the ward was pushed open.

A beautiful woman in a Chinese ink cheongsam and a bun came towards her.

Seeing that she woke up, she put the thermos in her hand on one side of the table and asked with concern, "child, are you better now? Do you feel any pain?"

Xia Ye stares at Wen Qiao, her eyes are straight.

She had never seen such a gentle woman, and her voice was so beautiful.

Besides, it looks A little familiar.

"You What are you Xia ye asked suspiciously.

"I heard from the teacher that your name is Xia Ye. May I call you by your name?" Wenjo said with a smile.

Xia Ye nodded in amazement.

"Xia ye, I'm Li Xingchen's Mommy. My son is not sensible and pushed you down the stairs. I didn't educate my child well. I'm sorry, child. Can you forgive me?"

It's Li Xingchen's mother!

The big clear eyes of summer leaves flash slightly.

Li Xingchen is the second young master of the Li family, the prince of B city.

Li's family is a century old top class family in B city, so this is Li's wife, the daughter of the former president.

Didn't expect her to be so gentle?

Looking at Xia Ye's silent appearance, Wen Qiao thought that Xia Ye was still angry and said: "don't worry, I don't mean to escape responsibility. My son is too naughty and has hurt you so badly. I've taught him a lesson. Now I call him in. You can deal with him any way you want!"

With that, Wen Qiao looked at the door, his face turned cold, and called to the door, "Li Xingchen, come in quickly."

For a long time, Li Xingchen slowly appeared at the door.

Originally killed him, he did not come with Wen Qiao, and finally was severely wrinkled by Li Fengbei, had to honestly follow Wen Qiao to the hospital to apologize to Xia Ye.

Li Xingchen's original handsome face, now black and blue, looks very embarrassed.

"Poof!"

Xia Ye couldn't help laughing.

Just now, when Wenqiao said that she had taught Li Xingchen a lesson, she didn't pay attention to it. She thought it was just a speech. She didn't expect that she was really taught so badly!

Li Xingchen glared at Xia Ye angrily.

The way he looks is because of her.

Wen Qiao saw summer leaf to smile, relaxed a breath, pushed lightly on Li Xingchen's shoulder.

"What are you standing for? Go and apologize to Xia Ye

"....."

Li Xingchen in the heart 100 unwilling, but still open a way: "summer leaf classmate, sorry!"

He spoke very quickly, in a very low voice, almost overflowing from his throat. At first sight, he was very reluctant.

Winjo slapped him on the head and threatened, "apologize. Do you want to be beaten?"

Li Xingchen kneaded his head, and his facial features were exaggerated and wrinkled into a ball, "pain!"

Wenjo raised his hand and began to shoot again.

Li Xingchen said hurriedly: "get it, don't fight any more, I apologize!"

He turned to look at Xia ye and said aloud, "sorry, I didn't mean to. Please forgive me!"

Xia Ye looks at Li Xingchen's shriveled appearance, and her eyes flash with a streamer.

I didn't expect that the majestic young master in the school was like this in private.

She couldn't help admiring her mother, who looked gentle but had strong fighting power.

Xia Ye doesn't want to pay attention to Li Xingchen, but she doesn't want to embarrass Wen Qiao. She thinks about the words in her heart. Her ruddy lips gently open and say, "Auntie, I can't blame him for this. I have responsibility myself." After all, it was two people who pushed and pulled it down the stairs.

"Good boy, it's his fault! I've asked for leave from school. I've asked a tutor to come here to make up lessons for you. It won't delay your study. As for medical expenses and nutrition expenses, we will be absolutely responsible until the day when your legs are intact."

Xia Ye pursed her lips, "Auntie, please."

"What trouble! That's what we should do!"

Wenqiao glanced around the room and asked hesitantly, "Xia ye, where's your family? We are wrong about this. Your family is worried about it. I should personally apologize to them..."

Xia Ye's eyes darkened and interrupted in a very low voice: "no need."

She's just a sister. She works in a bar and often doesn't go home at night for more than half a month. So even if she stays in the hospital for half a month, no one will know.

Wen Qiao a Leng, realize oneself poke in the pain of other people's heart.

But after thinking about it, she asked, "summer leaves Don't you have a family?"

Xia Ye looked at Wen Qiao and could feel her kindness. She forced a smile on her face. "I have a sister whose parents died when we were very young."

Wenqiao a burst of heartache, turned out to be a poor child.

The two little girls are dependent on each other. It is conceivable that life will not be so good.

Wenqiao is a softhearted person, but also think of the teacher said that Xia Ye is a good performance and moral character of the children, the heart wants to help her.

She looked at her little son, and then at the clever Xia ye, with a twinkle in her eyes.

She sat by the bed, affectionately holding Xia Ye's hand.

"I heard from Mr. Li that your academic performance is very good and you are the first in the school every time. Can you help me, Auntie?"

Summer leaf to this gentle mother, hate not up, "aunt, you say!"

"Well, Xingchen also has a 10-year-old sister. My little daughter, like you, has excellent academic performance. At last, she will take the Olympiad Mathematics and grade jump examination. I want to find a suitable tutor for her. Do you want to be my daughter's tutor?"

Xia Ye is not the best tutor, but Wenqiao wants to help the child, so she will be paid enough to solve her life difficulties.

CEO Daddy Is Too Passionate - Chapter 1419

Smell speech, summer leaf a Zheng, finger pull tight under the sheet, in the heart flash a tangle.

She is really short of money. If she can be a tutor, it would be better to lighten the burden on her sister, but

Seeing her hesitation, Wenqiao could not help asking, "Xia ye, do you have any other concerns?"

Then she glanced at Li Xingchen, who was standing beside her, and said, “don’t worry, my little daughter is different from her brother. She was a top student in the class since she was a child. Like you, she is lovely and clever. You must have a lot of topics and can be the best friends.”

Summer leaves bite lips.

Such a gentle woman would never cheat her.

But stay under the same roof with Li Xingchen, she can’t guarantee whether they can get along with each other?

Wenqiao seemed to see what she thought in her heart, and said: “don’t you worry about Li Xingchen harassing you? Don’t worry, he can’t get out of Wuzhishan with me

Heart was unreservedly said, Xia Ye eyes flashed a trace of embarrassment.

“Auntie That...”

“Well, that’s settled!”

Wenqiao can see that Xiaye is a good child. Li Xingchen pushed her down the stairs. Just now she said that she was also responsible. From this point alone, she knew that Xiaye’s nature was not bad.

Wen Qiao didn’t give Xia ye the chance to refuse at all. He turned to look at Li Xingchen and roared solemnly: “Li Xingchen, you should take good care of Xia ye in the hospital. You are not allowed to go anywhere until her legs are good!”

Li Xingchen said, “Mommy, do you really have the heart to let me stay here?”

There is no love in this world, even my own mother does this to me.

Wenjo gave him a hard look. "Haven't you been beaten enough in the morning? You can do it yourself. Do you want to go to the army for training or take care of Xia ye in the hospital? "

Speaking of going to the army, Li Xingchen shakes subconsciously.

Every summer vacation, my father would send him to the army for training, which is called to exercise his blood, but that place is not for people at all, even if he doesn't die in a month, he would have to peel off his skin.

He immediately shook his head, "no, no, no, I still choose to be in the hospital."

Wenqiao this satisfied smile, "take good care of Xiaye, I will come every day to check whether you are lazy."

"....." Li Xingchen now doubts life.

Is he born or not?

Wen Qiao roared at Li Xingchen and looked at Xia ye again. "Xia ye, you have a good rest. If you need anything, just tell him, and be polite to him! Also, this is my phone number. If he dares to treat you badly, you can call me directly! "

"Mommy..."

Li Xingchen's mouth is tooting and his face is wronged.

Wenqiao glanced at him coldly, then handed his business card to Xiaye.

Xia Ye quickly took over, but still said: "aunt, I don't need him here, I can."

She is a girl, and a boy in a room, she will not feel comfortable.

What's more, Li Xingchen will feel sick if she swings around in front of her.

Finally said a human words, Li Xingchen quickly nodded and agreed, "mm-hmm, I'd better go back with you, she doesn't need me here!"

"Li Xingchen, are you still a man?"

Wenjo slapped him on the head angrily. "You want to clean up the mess for yourself? If you want to go back, I will send you to the army immediately. There is no third choice! "

Li Xingchen quickly begged for mercy, "okok, can't I take care of her here?"

Summer leaves originally don't want to let Li Xingchen in front of the eye, but see him eat shriveled appearance, suddenly had a bad heart.

"Li Xingchen, I was pushed down the stairs by you. Now my leg is broken. You should be responsible."

Li Xingchen looked at the proud expression on Xia Ye's face, and almost bit a silver tooth, "OK, I will take good care of you."

There was a consensus, and winjo didn't stay any longer.

Of course, she left Li Xingchen in the ward, just to let him take up his responsibility. She knew what virtue her son had.

It's impossible for a young master who doesn't touch yangchunshui to let him take care of patients.

Wenqiao found a special nurse for Xiaye.

Summer leaf to Wen Qiao this action, still very grateful, at least there is a person in the room, to avoid the embarrassment of two people.

Xia ye can only lie in bed every day. Her academic performance is so excellent that Wen Qiao doesn't want to delay her children's study. When she goes back to think about it, it's not good to find extra-curricular guidance. She has a remote camera installed in the classroom of class 8.

Xia ye and Li Xingchen were given a computer, and they had a class in the hospital ward.

On the stage, the teacher's elegant demeanor was flying, and he vomited lotus flowers. Xia Ye was very attentive, listening and taking notes.

Li Xingchen is lying on his desk. The teacher's impassioned voice is like the best lullaby in the world, and he falls asleep. After class, Li Xingchen stretched his waist, supported his head in one hand, and turned to look at the summer leaves on the bed.

One of her feet is tied with plaster, and her body looks so heavy that even sitting on the bed can feel her strain.

But her eyes are very focused, even after class, still seriously check notes.

Li Xingchen's clear eyes twinkle slightly, reaching out and poking Xia Ye's shoulder.

"Hello..."

"Why?"

Summer leaf white he one eye, not good gas tunnel.

"Can't you treat me better?" Li Xingchen is speechless.

“I don’t have a good attitude towards people like you.”

Li Xingchen was in a good mood. He glared at her angrily, “nerd! Do you really think you can be a scientist if you study hard? Can you go to heaven?”

Summer leaves are speechless.

He is the master of the Li family. He really doesn’t need to fight for the future like her. He was born to be fought for a height that he can’t reach all his life.

Two people are not in the same world.

Xia Ye didn’t bother to pay attention to him. After glancing at him, she lowered her head and continued to take notes in her hand.

“.....”

Li Xingchen ate a door shut, be enraged immediately.

He is the young master of the Li family. Who would dare to ignore him if he was not respectful?

I didn’t even think about it. I raised my foot to vent my dissatisfaction on the bed and gave it a kick.

He did not expect that the bed was a thin iron bed, and the bed board would vibrate with this foot, while Xia Ye’s plaster foot was just beside the bed.

“Ah

A sharp cherish hit, summer leaves pain wrinkled into a ball, forehead quickly exuded a layer of fine sweat.

Li Xingchen twisted his eyebrows, glanced at her contemptuously, and said without a word: “you install, you install again! Do you want to tell my mom that I’m bullying you?”

Smell speech, summer leaf raises a head, on Gao Jie’s small face, have crystal clear sweat bead to flow down along pale cheek, almost gnash teeth ground roar a way: “Li Xingchen! You bastard

Li Xingchen was stunned.

CEO Daddy Is Too Passionate - Chapter 1420

Xia Ye was in pain, and immediately a layer of sweat oozed from her forehead. She immediately gritted her teeth and roared, “Li Xingchen, you bastard, inhuman guy!”

Li Xingchen is stunned, and thinks that she is pretending. It doesn’t look like she is pretending.

He is a proud man. He can’t take the initiative to apologize for such a thing.

Two people are silent, suddenly the cell phone in Li Xingchen’s pocket rings.

Breaking the silence, Li Xingchen grabs the mobile phone and looks at the display on the screen.

It’s wenjo.

Li Xingchen slightly frowned, “Mommy? Can I help you?”

“How are the summer leaves these days? Did you take good care of her?” Winjo’s soft voice came down the end of the phone.

“Cough...” Li Xingchen coughed two times, “she She’s fine. ”

“Let Xia Ye answer the phone.”

Does wenjo know nothing about his son’s character?

As soon as I hear the voice, I know that they are not happy with each other.

Li Xingchen doesn’t want to, but he still says to Xia ye, “my mommy is looking for you!”

Think of what, finish saying, and cover the mobile phone microphone, a heroic face, empty squint eyes, constantly toward the summer leaves.

It’s a white and tender neck, and the skin is like a newly shelled egg.

That moment, shook his God.

I didn’t expect that the skin on the bumpkin was so white? It’s too unscientific.

Warm breath near, Xia Ye immediately turned his head, thick lens, a pair of water Lingling eyes watching him warily.

“Li Xingchen, why are you so close?”

Clearly across the glasses, but it seems to be able to see her clear eyes under the lens, as if he can see through everything.

Li Xingchen straightens up, retreats two steps, the tone coolly threatens a way: “forbid to complain with my mummy, forbid to say the thing just now, otherwise I want you to look good.”

“Oh

Xia Ye sneered twice and snatched the mobile phone from Li Xingchen.

Li Xingchen’s face sank and he reached out to grab it

Xia Ye changed her mobile phone for another hand and put it in her ear, “Auntie, are you looking for me?”

While making a phone call, I didn’t forget to take a provocative look at Li Xingchen.

Li Xingchen was so anxious that he gritted his teeth and glared at her with his eyes. “If you dare to say a word, I will...”

Wenqiao’s very feminine voice came along the mobile phone, interrupting their “you come and I go”.

“Xia ye, how are you feeling today? Is there anything wrong? ”

Xia Ye glanced at Li Xingchen deliberately and said slowly: “he...”

In the middle of the story, Xia Ye stopped talking and said to her mobile phone, “Auntie, will you let him go out from the ward first? I have something to say to you! ”

“You give him your cell phone!”

Xia Ye turns on her hands-free mobile phone and puts it in front of Li Xingchen. Wenqiao’s voice comes from her mobile phone, “Xiao Bao, go outside first, I’ll talk to Xia Ye.”

Li Xingchen is reluctant, but he goes to the door obediently.

Close the door, Li Xingchen in the corridor, walking up and down, the more you think, the more wrong.

Xia Ye obviously doesn't deal with him. She will tell Mommy!

Li Xingchen is not afraid of everything, but he is also afraid of Wenqiao's reading.

The more he thought about it, the more wrong it was. He pushed open the door of the ward and grabbed the mobile phone directly from Xia Ye's mobile phone. "Give it to me!"

"....." Xia Ye looks at the empty palm of her hand and turns a white eye.

This rude guy.

Li Xingchen snatched the phone and explained eagerly, "Mommy, don't listen to her. I didn't mean to hurt her."

Wenqiao twisted her delicate brows. "What are you talking about, Xiaobao? Are you bullying Xiaye again?"

"....."

Li Xingchen was stunned.

Turn your head and look at Xia Ye doubtfully.

Didn't this guy complain to Mommy?

Xia ye turned a big white eye towards Li Xingchen, and hummed coldly all her life.

Li Xingchen's face flashed a trace of embarrassment, "Mommy, I have something to do now. I'll hang up first. Bye!"

"Li Xingchen, how dare you hang up on me?"

"Ma..."

"Xia Ye is injured. You even bully her. Are you still not a man? Li Xingchen, I'm so disappointed with you. This month's living expenses have been cancelled!"

Smell speech, Li Xing Chen one Zheng, hurriedly beg for mercy way, "don't, I really know wrong!"

"Well! I don't think you want to know what's wrong with you! Don't ask for a cent of living expenses from home until you admit your mistake

Wenqiao finished, too lazy to talk to him, just hung up.

Li Xingchen, "..."

Listen to the busy sound from the mobile phone, hang up the mobile phone, stare at Xia Ye sitting on the hospital bed. Looking at his angry appearance, Xia Ye curled her lips and felt very happy.

"What are you looking at me for? I didn't complain. You are guilty of your own crimes!"

Li Xingchen's handsome eyebrows twisted into a knot, "you deliberately! You just misled me

"If you have a little brain, can I do you justice? You're not stupid yourself

Li Xingchen's face turned green, his chest kept rising and falling, and he laughed angrily, "OK! Xia ye, you are so good

Isn't it just a bumpkin?
