

Passionate 1451

CEO Daddy Is Too Passionate - Chapter 1451

What happened was not what she wanted to see, nor was she willing to do it.

She was betrayed by those old guys in the company!

She's just a little assistant. She was brought out by the general manager for entertainment. She thought it was her promotion, but it was just a trap.

Think of their own fate, one after another encounter cheated things, the heart of the grievance even worse, cry more sad.

Wen Qiao's heart is soft and comforts in a low voice, but Li Fengbei feels that she is really noisy.

In addition to Wenqiao, other women in front of him, he will feel very impatient, as if all the patience has been given to Wenqiao alone, and they have been married for so many years, as if they can't see enough. If they want to be older, the days they will accompany each other are less and less, and their feelings are more loving than ever.

Li Fengbei walked around the room impatiently.

His wife came all the way here to see him. He just wanted to go to bed early with his wife in his arms. Who would waste time on these messy things?

Li Fengbei couldn't bear it. He took out his mobile phone and dialed Beiqin.

"Come here, take this woman away!"

Beiqin originally took a bath, but he didn't know what was going on outside. When he got dressed and came out in a hurry, what he saw was such a scene, and he had a headache.

"President, I'm also a man, or an old single dog. Aren't you afraid of what I do to others?"

"Take her to the hospital!"

Li Fengbei coldly dropped a sentence, grabbed his wife's wrist, forced him into the room, and couldn't wait to express his love these days.

The North Qin looked at Li Feng North that monkey urgent appearance, in the heart a burst of block.

Working in Li's family is not easy at all, so that I don't even have time to fall in love. When I was in my twenties or early thirties, I still wanted to find a partner, but after a long time, I felt tired.

The young man is not sensible and wants to stick to him 24 hours a day.

The older one is too sensible. Sometimes what he says makes the senior elites of this multinational group feel frightened. He has to take care of their glass heart all the time. If he is not careful, he will become a straight cancer in their mouth.

It's too tired to fall in love. It's better to be alone. Over time, he doesn't want to do this.

There are physiological needs, as long as the hook fingers, some young and beautiful women take the initiative to send home.

Buy them a brand-name bag, buy a dress, can hold you for three days and three nights, sometimes women's body and feelings is so cheap.

For Li Fengbei asked him to deal with Bai Lin, his first reaction was trouble.

There are a lot of women who want to climb the president's bed. The one who is so miserable is the first one.

Beiqin looked at the poor little girl who was shrinking on the ground and holding her knee like a kitten. She felt some sympathy.

It's said that the president and the president's wife are more than Jinjian, so they have to believe in evil.

Beiqin looked at his loose robe, hesitated for a moment, and went to pick up Bailin.

Even if it is to send her to the hospital, you have to change clothes first.

Beiqin left Bailin on the sofa. The movement was a little big. Bailin shivered with pain, and the blanket spread. Beiqin saw the little girl's beautiful white body at a glance.

All of a sudden, the throat was tight.

I couldn't help cursing.

He hasn't touched a woman for almost a year.

Perhaps abstinence is too long, unexpectedly just a light glance, the body involuntarily tense up.

I have to say, this woman is in good shape.

Beiqin got rid of his mind, went to the wardrobe, turned over a suit of clothes, and went to the bathroom to change.

However, when Bailin held her in Beiqin, the heat of her wine dissipated a lot. As soon as he left, the feeling of scratching his heart and lungs, as if there were countless ants crawling all over his body, came back.

Bai Lin opened her eyes and saw a tall figure in a daze

She got up from the sofa, dropped her blanket and went to the bathroom.

Beiqin just took off his clothes. The smooth muscle lines of his back are perfect, showing the strong strength of men between loose and tight.

Bai Lin completely lost her sense and went forward to hold him tightly around the waist

All of a sudden, there was no need to send them to the hospital. They were directly rescued by the heroes of the northern Qin Dynasty.

The next day, Beiqin woke up and looked at the girl sleeping sweetly in his arms. His mood was very complicated.

The key is that the girl was a serious girl before he touched her.

For him, a veteran in love, the most frightening thing is to encounter this kind of situation.

Most women regard their first time as important. They have different feelings towards their first man, and it's very troublesome to deal with them.

Qin Chuan was very upset. Why didn't he control his lower body and sleep with a woman who wanted to climb the president's bed? Beiqin took his arm back from under Bailin's neck, opened the quilt, put on his clothes, and stood by the window to smoke.

He's waiting for her to wake up, for her to make a deal with him.

However, the first thing the little girl did when she woke up was to go downstairs and buy him breakfast quietly.

Beiqin was really surprised.

This is the first time he has enjoyed such treatment.

Before those girls, which is not the next day jiaodidi coquetry, said his body pain here and there, don't say to buy him breakfast.

Bai Lin didn't say anything and didn't mention last night's events. She just waved with a smile and let him eat.

Beiqin thought in his heart that the girl's rank might be higher than other people's. It's estimated that the lion will open his mouth after dinner.

However, after a meal, the little girl didn't mean to open her mouth. Beiqin was puzzled.

He was not a patient person at all. Since the little girl didn't mention it, he had to mention it.

He took a bank card out of his pocket and said, "there's 100000 yuan in it. If it's not enough, you can withdraw it."

With that, he saw that the little girl's face was whiter than paper.

"I don't want your money!"

With that, the little girl gave up her meal, said "goodbye" in a hurry and left his room.

Beiqin was even more disgusted.

To be clear is to want more greedy women.

Beiqin put away his bank card and waited for Bailin to come and ask for more conditions.

However, the fact is beyond his expectation.

Bailin seemed to evaporate from the world, and never appeared in front of him again.

One day, one night, when Beiqin was lying on the bed, he suddenly remembered that such a thing had happened. A little girl appeared in his life and left in a hurry, leaving no trace.

Sometimes, he even doubts that what happened that night actually happened?

When I think of that night, I will savor the feeling of that night

It's really evil. Ever since he touched Bailin that night, and then he touched another woman, her weeping face always appeared in his mind.

CEO Daddy Is Too Passionate - Chapter 1452

Beiqin felt that he must be lonely, otherwise how could he behave so abnormally?

When Beiqin mentioned the blind date with his mother, her mother was so excited that tears came out.

Now he is worth more than 100 million. He is a successful diamond Wang Laowu, but he is already at the age of four. Only in the aspect of emotion, he has broken the heart of his family. Now he is finally better.

Within a week, Beiqin got a good date.

One meter seven, model like figure, plus beautiful face, gentle character, all he likes.

Beiqin suddenly didn't want to float again and decided to get married. However, in the face of the beautiful face of the blind date, he was always in a lack of interest.

What's wrong?

She's suitable everywhere, but he can't make up his mind to marry her.

When Beiqin was restless, the answer was finally given when he met Bai Lin again.

At that time, a client invited him to the club to talk about cooperation in detail. He was not interested in the business, so he sat on the sofa by the window and drank wine in silence.

The manager of the other party, the famous market fried dough sticks, made a clear understanding of the business and called a table of wine girls.

It can be seen that the northern Qin Dynasty has been numb for a long time.

He doesn't participate in, but doesn't comment on, what you like and what I want.

Originally it was a very harmonious thing. Suddenly there was a commotion in the room.

It turned out that a little sister spilled wine on a boss's suit pants, which was just the unspeakable place.

"Wipe it clean!"

An old man in his fifties, with a beer belly, is domineering towards a girl.

The little girl, wearing the work clothes in the club, bowed her head and apologized to the boss in a low voice! I didn't mean to. Please forgive me this time! "

“Hey, what are you crying for? What did I do to you? Your clothes are wet. I want you to clean them for me. Isn’t that too much?”

“I I I’m sorry

The girl’s voice was full of uneasiness and trembling.

The man, however, was so reluctant that he began to murmur to the front door, “call your manager. Is that how you treat customers?”

Here, you can spend millions of dollars in one night. These little girls are too illiterate.

After a while, the manager came in a hurry and gave the girl a cold face.

“What’s the matter with you? Apologize to Mr. Lin quickly

When the girl heard the manager’s voice, she looked up tearfully and said, “manager, I didn’t...”

Just now, she was very careful that she didn’t knock the wine over the guests. It was Mr. Lin who touched her hand on purpose that spilled the wine out of the quilt.

It’s obvious that she’s trying to embarrass her.

“If you want to apologize, you dare to answer back! How do I usually educate you? The customer is God! Quickly apologize to me. Mr. Lin has forgiven you. It’s over. If Mr. Lin doesn’t want to forgive you, you can get out of here now.”

The girl clenched her fingers into a fist, and seemed to be very uneasy and asked: “what’s my salary...”

“You’ve offended a client and you want a salary? You have a dream

Smelling speech, the girl was so angry that her whole body was shaking, “manager, you can’t do this!
The money is waiting for help

“Since you know it’s life-saving money, please serve the customers well and apologize quickly!”

The manager yelled at the girl. The girl finally gave up and seemed to compromise. She knelt down in front of Mr. Lin and took a handkerchief to wipe it.

Beiqin leaned his back against the window and watched the scene quietly.

This kind of thing can be seen at a glance.

The well-known old lecheron of general manager Lin probably took a fancy to this little sister and deliberately made trouble of her.

Any girl who has a little vision will not really quarrel with him. After all, it’s their job. Today’s little sister is really different.

It’s a little naive.

In the cannibal does not spit the bone man pile, where does she resist the leeway?

Beiqin’s legs overlapped and looked like a play. He put a cigarette between his fingers and slowly exhaled a cigarette ring.

However, just as he looked up, he saw the woman standing up and trying to run away.

And the general manager Lin grabbed the girl’s hair and forced her face on the wet pants.

The girl screamed and began to struggle fiercely.

“Ah! Let go of me! Let go of me

In the end, the girl’s voice began to shake up, then back a shake shake, quiet down.

That looks a little moving.

A little sister sitting next to Beiqin sighed helplessly when she saw this scene. She whispered in Beiqin’s ear: “Bailin is usually disobedient and thinks she is noble. When she gets here, she still doesn’t give up. She wants to escape from here and refuses to serve the guests. I don’t know how many clients she has offended.” Bailin?

This name, which had not appeared in the ears of the northern Qin Dynasty for a long time, ran into his ears without warning.

“Bailin?”

These two words are like being hammered in his heart by a hammer, and then they hit into his heart.

Beiqin looked at the figure with his hair pressed on the man. He narrowed his eyes dangerously, and a flash of cold light passed quickly.

Quiet down in the room, as if waiting for Lin always how to deal with this “do not know heaven and earth” little girl.

But at this time, a clear voice sounded in the room.

“Bailin, you’re hiding here so I can find it.”

The clear voice, like the spring flowing slowly on the mountain, gently fell into everyone’s ears.

As the vice president of Li's group, as soon as Beiqin opened his mouth, everyone turned their eyes to him, and the eyes seemed to ask.

Even Mr. Lin subconsciously released his grip on Bai Lin's head, and the expression on his face flashed a little flustered.

"North Mr. Bei, do you recognize the wrong person? She's the little sister here

Beiqin no longer opened his mouth, but pushed aside the woman who was clinging to him like a boneless woman, and got up and walked towards Bailin.

General manager Lin saw that Beiqin was coming towards them. He quickly released Bailin and moved his fat body to the side.

Bai Lin knelt on the ground, with her back to Beiqin, her face covered by her messy hair.

When Bai Lin came in, she found Beiqin, so she kept her back to him and sat farthest away from him.

She still remembers the saying of Beiqin, "here is 100000 yuan, not enough to mention."

In his heart, she is a girl who can sell her body for money.

Now I'm looking at her working here. I'm sure I think so more.

He must be trying to humiliate her, right? Even think that she is deliberately close to him!

CEO Daddy Is Too Passionate - Chapter 1453

Bai Lin was embarrassed and didn't know what to do. She wanted to find a hole to get in.

Fingers tightly pinched into the palm, white teeth bite the lip, originally pale lips will bite not see the slightest blood.

The footsteps stopped behind her. Bai Lin couldn't stand it any longer. She pulled the messy hair on her face, got up and ran towards the door.

"Sorry, I don't know you!"

However, before he stepped out of the door, his wrist was held by a powerful hand.

"If I remember correctly, Miss Bai just made breakfast for me at my home not long ago. Won't she forget so soon?"

The clear tone of the northern Qin Dynasty is as if smiling rather than laughing.

As soon as these words came out, Bailin was embarrassed, and her face turned red and white.

She raised her head and glared at Beiqin

This bad man!

He made it clear that he wanted everyone to misunderstand their relationship.

Bai Lin is in trouble at this time. Although she doesn't want to get involved with Beiqin, she is not stupid enough to expose Beiqin in this situation.

When a room full of people heard this, their faces changed again and again.

The most anxious is the manager of the club.

“It turns out that he is the woman of the general manager of the north. I have eyes and don’t know Taishan. If I know she is your woman, even if she drenches me all, I dare not say a word.”

President Lin’s words are beautiful. On the one hand, he said he didn’t know. On the other hand, he reminded the woman of Beiqin that she was seducing him just now. As for the overturned glass of wine, no one saw it anyway. It’s good that he didn’t admit it.

The manager of the club wiped the cold sweat on his forehead and bent over to smile, “Mr. north, calm down. What happened tonight is a misunderstanding, ha ha, a misunderstanding.”

“Oh! Misunderstanding? ”

Beiqin looked at the two people’s posturing, silently hooked the lips, showing a sarcastic sneer, “since it’s a misunderstanding, then I’ll take her away now, you should have no opinion?”

“No problem, no problem! Please Lin and the manager of the club said in unison.

Beiqin grabbed Bailin’s wrist and forced her to walk outside the door.

It was very powerful, with a strong anger, like to crush the bones on her wrist.

Beiqin pushes a room in front of him and throws Bai Lin in. He walks into the room and closes the door with his backhand.

Bai Lin was originally wearing high-heeled shoes, but he threw her body out of control and fell in front of her.

“Ah

Bai Lin fell heavily on the ground. Her elbows and knees were scratched. She felt pain and perspiration on her clean forehead.

Beiqin's eyes were cold. He subconsciously wanted to help her, but he stopped in time, and his eyes flashed a trace of chagrin.

Just now, his heart was on fire. Although he didn't even realize why he was so angry, this woman had nothing to do with him except sleeping with her all night, did she?

Just now, he didn't make any effort, but let her fall to the ground.

Beiqin stepped forward and reached out to help Bai Lin, but when his hand reached out to her, she ran away in panic.

Almost subconsciously, her eyes were full of vigilance and fear.

The hand of the northern Qin Dynasty was stiff in the air, and the frown of the former was wrinkled into a Sichuan character.

Thinking of the scene that she was pressed on her trousers by President Lin just now, her anger was even more fierce.

What's wrong? Come to work in such a place.

Is it a lack of exercise?

Beiqin squatted in front of her, long fingers holding her chin, reflecting her flustered eyes, evil to hook up the corners of her lips.

"Wasn't it very powerful just now? Why don't you say a word now?"

"I..."

Bai Lin was very bent in her heart, and her eyes turned red quickly. She bit her lips and didn't let herself cry.

She how so unlucky, the most embarrassed side but he saw.

This is the last thing she wants to happen.

That morning, she woke up from bed and saw clearly that the man sleeping beside her was him. How happy she was. Later, she was disappointed when she heard his sentence "100000 yuan is not enough to mention".

He didn't remember her at all, and even regarded her as the kind of woman who sold her body for money.

Beiqin saw that she didn't speak, but her black and white eyes gradually filled with tears, and his heart was even more upset. He picked her up, pressed her hard on the wall, raised her thin chin, and bowed his head to kiss her.

Bailin originally had this man in her heart. She was cherished in her heart, and the man who couldn't love her was kissing her. There was an unprecedented contradiction in her heart.

She wanted the man to get close, but she didn't dare.

She had to hide.

But now the man kisses her without saying a word, which makes her happy and nervous. The fingers that had been propped up on his chest gradually relaxed and grasped his collar.

Beiqin gradually opened his eyes and looked at the woman under him.

At this time, the girl closed her eyes. Her long eyelashes were like two wings of a butterfly, twinkling and trembling in the wind.

Probably because of his kiss, her little white face flashed a trace of abnormal red.

This green reaction fell in Beiqin's eyes, and his eyes immediately became bloodshot and scarlet.

There was a trace of chagrin in Beiqin's mind.

That blind date, naked in front of him, he is also lack of interest, why touch her, he can't help but excited.

He bowed his head and gently kissed her on the lips. There was a soothing silence.

CEO Daddy Is Too Passionate - Chapter 1454

With the warm touch, Bai Lin's body began to tremble.

Lotus like white arm ring on the man's neck, dead to bite the lips, do not let those shameful voice from her throat overflow.

However, in the end, I couldn't help crying out.

She is a very introverted girl. Before she met Beiqin, she didn't even talk about her boyfriend. Beiqin has grown up with her. From having her first girlfriend to now, there are too many women to count. Most of them can't even remember their names and looks.

In this respect, Bai Lin was not his opponent at all. She was defeated soon and could only lie on his shoulder and sob intermittently.

It's false to say that we are not wronged.

The process of other girls' emotional growth consists of holding hands, kissing, going to bed

And her emotional experience, in the case of their own unconscious, lost valuable things.

When she woke up in the hotel that morning, she was so sad that she wanted to die.

But when she turned around to see the face of the man beside her, her despair turned into sweetness. She even got up to buy breakfast for him, regardless of the tearing pain.

How silly

When Bai Lin woke up, she found herself lying on the sofa in the box. The room was empty, and there was no one there.

In the room, there was still a sense of malaise, and the naked skin shivered with cold, just like her heart.

I know that man It's just a whim. Why do you feel so lost when you wake up and see him out?

Bai Lin got up, and her clothes slipped, revealing her blue and purple marks.

Her face was boiling hot.

Is that his coat that covers her?

Bailin's heart jumped up wildly, grabbed her clothes and put them in her arms.

If it wasn't for the coat, she would have thought that what just happened was just a dream.

The work clothes of the club were torn into pieces, and there was no way to wear them again.

Bai Lin thought about it and put her coat on her body. When she got up, her legs were soft and she almost fell down again.

As soon as her face turned white, she quickly reached out to hold the coffee table and pressed her stomach.

It took a while to get used to it and walk slowly towards the door.

Unexpected.

There was no one outside. She was relieved and ran to the lounge with the man's big coat.

The rest room was shared by several employees. When Bailin opened the door, Xiaoxiao was on the phone.

"What kind of people are they? I'm good to her at ordinary times. They rob my clients!"

Bai Lin was facing the window when she came in. She heard the sound of opening the door and turned around.

Two people four eyes opposite, smile slightly a Leng, but also just a little Leng for a while, the face does not see the look of shame, tone impatient.

"What bad luck! Hang up first

Bailin stood at the door, holding the handle tightly with her fingers.

Although Xiaoxiao didn't mention her name, she had a hunch that the "shameless" woman Xiaoxiao said was her.

"Smile, did I do something that made you uncomfortable?" Bai Lin asked.

Xiaoxiao is usually nice to her.

To work here is nothing more than to value the income here, but after more than a month, she still has no way to adapt to those male clients who always harass people.

Every time at that time, other people look at her with a funny expression. They only smile and comfort her. Sometimes they even say good things for her in front of the manager.

So, she didn't want to make Xiaoxiao unhappy.

Smile hung up the phone, beautiful eyes up and down Bai Lin.

When she looked at her coat which obviously belonged to the man, her anger rushed up again.

In fact, it's nothing. She was the one who accompanied Beiqin tonight.

Who doesn't like a man like Beiqin?

I don't know how much better than that kind of hairy boy who doesn't know anything!

Of course, she knew that Beiqin didn't like her.

But she is also a very proud person. She clearly has such a relationship with Beiqin, but she keeps it from her. Fortunately, she still speaks for her in front of Beiqin and wants Beiqin to help her.

"You and Bei always have that kind of relationship. Why didn't you say that before? Oh, thanks to my cover for you before. You offended male clients and didn't want to have an affair with them. Which time didn't I help you? You want to defend yourself for Beiqin. I understand you, but why do you want to keep it from me?"

This is her most angry feeling that she has been fooled.

Bai Lin looked up at her, red eyes shook her head, “smile, it’s not like this I have nothing to do with him...”

It doesn’t matter

These words, let her heart suddenly a pain, yes, they really don’t matter.

Smile is angry, where willing to listen, “hum! It doesn’t matter. He can pull you away and have sex with you? ““”

Smile words, is undoubtedly in Bai Lin’s heart and ruthlessly inserted a knife.

She didn’t want to have sex twice. She had to.

And that man didn’t want to be responsible for her at all

Responsible?

No, she didn’t want him in charge!

Bailin forced herself not to think about it.

She knew that she was not worthy of him and could not get into his eyes.

Sometimes people are just like this. Once they stare at something that doesn’t belong to them, they will start to feel uneasy, just like being bewitched.

Bailin knew this for a long time, so she knew how to control her heart.

Xiaoxiao had been waiting for Bailin to answer, but she didn't expect that she would do well. Suddenly, her eyes turned red, and she squatted down and began to cry with her face covered.

Xiaoxiao was stunned and went to close the door of the rest room.

Take a deep breath and frown.

"Hey, get up. What did I say? What are you crying for?"

Bailin cried and shook her head. Her crying had nothing to do with her. She just wanted to cry.

It's very painful on the body and in the heart

She didn't want to cry, but she couldn't control her tears.

Just give her a little time and let her cry for a while. After crying, she will forget the man, and it won't hurt any more.

She looks like this, but let smile a little at a loss, reached out to push her shoulder, tone soft down.

"Hey, don't cry. I didn't mean to yell at you just now, but you did too much. Why don't you pretend you don't know Beiqin? Are you boys and girls?"

Xiaoxiao's eyebrows are wrinkled. I still remember what Beiqin said in the private room. She said that she would make breakfast for him in the morning. It seems that the relationship between them is not so close.

Bai Lin finally stopped crying, wiped away her tears, her eyes became red and swollen, biting her lips and shaking her head with a bitter smile.

“How can I be his girlfriend?”

“What’s your relationship?” Smile to ask to finish, stare eyes to threaten a way, “if you dare to conceal me again, see I don’t kill you!”

CEO Daddy Is Too Passionate - Chapter 1455

Bai Lin was very sad at first, but she didn’t feel so bad when she was laughed. She said with a bitter smile: “my previous job I was framed and had sex with him. Today is after that day For the second time.”

It’s hard to hide the loss with a gentle voice.

Smile a Zheng, but didn’t expect things to be like this, “how did he say you make breakfast for him?”

Smell speech, Bai Lin eyes gradually become dim.

It was a campus lecture meeting with Beiqin. She studied electronic information engineering in University, and Beiqin was an expert in electronic information.

Six months ago, the school invited Beiqin to give a speech at the school. At that time, she adored this elegant and well spoken man.

But it’s impossible to like him as soon as we meet in a hurry.

A few days later, a gloomy night, her father suddenly fell ill, she secretly ran out of the dormitory, to the hospital.

There was no car in the evening, and the distance from school to hospital was not very long, so she decided to run.

However, after a lane, suddenly came a strange sound of footsteps.

A girl, walking on the night road at night, is naturally very afraid of this situation.

She did not dare to turn her head back. Her heart beat to her throat. She took out her mobile phone and pretended to make a phone call. Her step was faster and faster.

However, as soon as she was quick, the people behind her accelerated their pace.

As soon as we got to the end of the lane, the gangster behind us probably lost his patience. He stepped forward with a few arrows, covered her mouth and dragged her to the dark bridge.

She was very afraid, fierce resistance and struggle, but it didn't work, her strength is not a man's opponent.

Just when she was desperate and flustered, suddenly a tall figure ran towards them.

"Well, what are you doing? Let her go

A violent drink into the ear, the gangster pushed her away, and ran away.

A gust of wind blowing from the front, is the tall figure chasing the gangster.

Bai Lin looked up and saw the man's face clearly. She was happy and worried. She cried to the man eagerly: "don't chase me. I'm ok! Stop chasing me

The gangsters don't know if they have any accomplices. They catch up blindly at night and don't know if there is any danger.

When the man heard her cry, he finally stopped, turned back and said to her carelessly, "little sister, are you not afraid of meeting bad people when you go out alone in the evening?"

At that time, the light was dim, and he could barely see the outline of the man's face. He was tall and straight, wearing a simple white shirt and black trousers. The tall shadow cast against the yellow street lamp, shrouding her small body in the shadow.

She thought, that second's palpitation, probably this life all can't forget.

It takes only a second to fall in love with someone.

Later, Beiqin drove her to the hospital and made a phone call for her. Her father immediately stayed in the hospital.

When she settled down her father and came back to him, she found that he had already left.

Originally her life is very dull and boring, this man suddenly intruded, let her life surging waves.

Later, she went to practice. She didn't expect to meet him at the wine table. She even had such a relationship

That night, although she was delirious, she didn't know anything.

She knew it was him, so she was willing to

Smile listened to Bai Lin's words, a burst of consternation, eyes stare bigger than eggs.

"So you fell in love with him? And he doesn't recognize you at all?"

Bai Lin nodded, his lips stained with a trace of bitterness, "I'm too self-confident, what kind of person he is, I can't think about it at all."

Originally, Xiaoxiao was very angry, but now she suddenly has some sympathy and sadness.

Falling in love with someone is not something you can control.

When he thought about it, Bei qin was a bit unkind. Bailin lost her sense, but Bei qin was sober. He could be a gentleman and send Bailin to the hospital, but he didn't.

When she got married, she threw away her money and regarded her as a girl who didn't love herself. It can be imagined how sad Bai Lin was at that time.

Think of this, smile on the face of anger, "your parents are not in good health, not only can't make money, but also spend money for treatment, your brother has just been admitted to university, you are not very short of money? Then give me that hundred thousand yuan! "

Anyway, it's all like this. Why don't you get the money?

For those who are worth hundreds of millions of yuan, 100000 yuan is nothing but a meal.

Bailin shook her head firmly.

She really needs money, but she doesn't want him.

"I just don't want to have anything to do with him anymore."

.....

The manager told her to talk.

Bailin had expected this for a long time, but she was still nervous in front of the manager.

“Sorry, manager! Please don’t fire me. I know I’m wrong. I won’t do that again...” “When she said this, her eyes were full of tears, and her fingers were deeply pinched into her palm.

Yesterday, the hospital called her again. If her father’s hospital fee is not settled, he will be driven out by the hospital.

Thirty thousand yuan For the rich, it’s nothing at all, but for her, it’s an astronomical number.

She just graduated. Where can she make so much money?

So she must not lose the job.

I can’t let go of it all the time. I can’t stand the harassment of male customers. But what’s the importance of courtesy, righteousness and shame in front of human life?

What’s more, Bei qin suddenly came here yesterday and took her as a young lady. He let off steam on her, but there was no trace afterwards

She should have known for a long time that a person like her has no dignity at all. In order to survive, she has to trample on her own dignity.

However, when the manager listened to her, he looked strange.

“You don’t want to go to work at Lee’s?”

For a moment, Bai Lin didn’t understand. She shook her head subconsciously. Then she suddenly reacted and looked at the manager in shock. “Manager What do you mean by that?”

“This is your entry notice. I won’t force you. If you want to stay here or go to work, you can do it yourself.”

Bai Lin received a red notice from the manager, her fingers shaking.

In the field of communication and information, Lishi group represents the highest level in the world. The ultimate goal of learning from them is the Technology Department of Lishi group.

The university she went to was not the key, just an ordinary university, not even qualified to send a resume to Li's group.

She soon understood that this was compensation from Beiqin.

He is the vice president of Lishi group. It's only a matter of a word to arrange a small technician assistant. But for her, it's a once-in-a-lifetime opportunity.

Go or not?

Bailin's heart is pulling.

CEO Daddy Is Too Passionate - Chapter 1456

Bailin finally couldn't resist the temptation to report to Lishi group.

This is her dream. Even if it is obtained by improper means, she still wants to be selfish and give herself a chance.

At the beginning, she was still a little uneasy, afraid that Beiqin would suddenly appear in front of her, or meet her by chance, how embarrassed she would be.

However, it turns out that she thinks too much about everything.

Even if two people work in an office building, she is on the bottom floor and Beiqin is on the top floor, so they can't touch each other at all.

Such a big company, thousands of people, two people want to meet is also very difficult.

When Bailin first came in, her colleagues didn't know where to find out about her education. They had a lot of opinions on her. They often heard the voices of colleagues discussing behind her back.

Bailin doesn't know, but what everyone says is the truth. She has made progress with her strength.

Fortunately, Lin Zhan, the leader of their three groups, is a good person.

Although he is just in his early 30s and has been working under high pressure for a long time, he has already shown signs of baldness. He looks honest and honest, but he is the top code expert in China.

Bailin also writes code, but not at the same level as him.

At the beginning, Bai Lin was very hard. Li's code engineers did the most high-end and difficult R & D work in the world. Although she had no way to compare with them, she could learn.

She has never been afraid of hardship. The salary here is more than five times that outside. She needs to survive here.

Lack of ability, with diligence to top.

Every day she is the first to come to the company. The first thing she does is to keep the office clean, water the plants, adjust the temperature of the air conditioner and the water temperature.

Gradually, her colleagues are not so exclusive to her, and even some people show their welcome to her.

And every day after work, she is the last one to leave the office and study alone, often working late into the night.

Lin Zhan, as the youngest leader of the technology department, is also a frequent overtime guest.

As soon as they came back, Lin Zhan gradually had different views on this tough, hardworking little girl, from appreciation to liking.

Lin Zhan is 30 years old and has never been in love. After meeting Bai Lin, he suddenly wants to get married.

Bailin doesn't speak much, but she is down-to-earth and beautiful. She is more beautiful than a star. She is the best wife candidate.

Bai Lin wholeheartedly wants to learn more and survive in the company, so she has no idea what Lin Zhan thinks of her.

Lin Zhan takes the initiative to help Bai Lin tutor after work every day. Bai Lin regards Lin Zhan as a good person, but she doesn't think about pursuing her at all.

This weekend, Lin Zhan suddenly said in the group that he wanted to invite all the three groups of people to come.

After thinking about it, Lin Zhan sent the news of his treat to the group again, which means that all the other groups can come.

There are more than 1000 technical elites in the Technology Department of Lishi group, which are divided into eight departments. Each department is divided into several groups, with about 20 people in each group.

Bai Lin had something to do in the evening, but thinking of Lin Zhan's care for her during this period of time, she rushed there.

The place of treat is Tang Palace, which is famous for its expensive consumption.

The head of the technology department gets an annual salary, but it's not always affordable to spend in such high-end places.

Bailin was the last one to arrive. As soon as she entered the door, she apologized and said, "I'm sorry, something happened to be delayed today. I've kept you waiting for a long time."

"Nothing! Come and sit down

Lin Zhan answered naturally and waved to her gently.

Bai Lin's eyes looked around the table, leaving only the last seat beside Lin Zhan. She didn't want to go and sit down.

Bailin thinks that everyone's sight is strange, but when she goes to explore, she can't find a reason.

The atmosphere soon perked up.

Bai Lin doesn't know how to drink, but as a newcomer, she was too embarrassed not to drink when she came to toast. However, she was just picked up by Lin Zhan.

"Bailin can't drink. I'll drink for her."

Bai Lin frowned slightly.

Is Lin Zhan too good for her?

Next, everyone began to toast to Lin Zhan, but she was quiet.

Bai Lin lowers her head and grabs the food in the bowl. Suddenly, a colleague sitting next to her, Xiao Jie, comes to her. She looks envious and says, "Bai Lin, I envy you so much!"

"Well?"

Bailin took the chopsticks and looked at her suspiciously.

Why did Xiao Jie suddenly say that? She didn't think she had anything to admire.

Xiao Jie, however, patted her on the shoulder mysteriously and said nothing more.

Bai Lin was confused and turned her hair. Now when Lin Zhan had left his position, she stood on the small steps of the box and picked up the microphone.

"I've wanted to say something for a long time, but I haven't had a chance. Today, I hope you can give me a witness." After that, everyone began to whistle.

Bai Lin also put down the chopsticks in her hand, waiting for Lin Zhan.

However, just as she looked at it, Lin Zhan's eyes also looked towards her.

Because he was drunk, Lin Zhan's face was red.

Bai Lin felt that Lin Zhan's next words had something to do with her.

Before her thoughts fell, she heard Lin Zhan shout, "Bai Lin, I like you! Please be my girlfriend

To be his girlfriend?

Bai Lin was stunned and sat there for a long time without any reaction.

"Bailin! Bailin

Colleagues began to shout her name with laughter.

During this period of time, she and Lin Zhan always go in and out at the same time. Anyone with eyes can see something between them.

Lin Zhan didn't know where to turn out 999 roses and came to her affectionately.

"Bai Lin, do How about being your girlfriend?"

His uneasy voice, with a trace of tension.

Bailin recovered from her stupidity and stood up, even retreated two steps.

"Sorry..."

She had no idea that the purpose of Lin Zhan's treat tonight was this. If she had known that, she would not have come.

Her refusal embarrassed Lin Zhan for a while.

"Bailin Please think about me carefully and don't refuse in such a hurry."

He thinks they are very suitable in all aspects.

He knew that Bailin's family conditions were not very good, but his income was OK. He could treat her father and pay for her brother's tuition.

He knows all this. He doesn't care.

Bailin is like a frightened rabbit. It's just that things happen so suddenly that she doesn't know what to do for a moment.

"Lin Zhan, have you misunderstood something?" Bailin asked uneasily.

CEO Daddy Is Too Passionate - Chapter 1457

Lin Zhan's face was a little red, and he gradually became embarrassed.

"Bailin, is there any misunderstanding? No misunderstanding, I like you! I really like you! I know the situation in your family, I can share it with you! By the way, this is my bank card, this is my car key and this is my house key. I'll give them to you!"

Worried that Bailin didn't believe him, he excitedly took out his wallet and a bunch of keys from his pocket.

"Team leader Lin, I'm sorry, please stop!"

Looking at Lin Zhan's sincerity, Bai Lin said it was true that she was not moved, but she was more ashamed and uneasy.

This period of time, perhaps she ignored something, will give Lin Zhan such a big hope.

But how can she afford such a good person? She still thinks about other men in her heart. Although she can't be with that person, she can't control her heart.

Every day busy to very late, lying in bed, that person will from time to time from the depths of the mind.

She is now in this state, into another relationship is irresponsible to each other.

But Lin Zhan is really good to her. She can't bear to refuse him in front of so many people. Will he lose face.

Bailin clenched her fingers and stood at a loss.

However, at this time, there was a commotion behind him.

“Mr. Bei, why are you here?”

“President Bei, please come in!”

With a few respectful and flattering voices, Bai Lin’s back suddenly froze. Just listening to the long lost name, her heart beat uncontrollably.

Beiqin walked into the room with his deep eyes on Bai Lin’s thin back. Then he looked away and fell on Lin Zhan’s embarrassed face.

“What’s this?”

Lin Zhan was also a little confused. He didn’t expect to meet the vice president of the company here. He scratched the back of his head and said with a simple and honest smile: “President Bei, I I’m telling Bailin that I want her to promise to be my girlfriend.”

Bailin’s fingers on her side had already been pinched into her palm. She even wanted to become a wisp of air and disappear immediately.

She knew that he stopped not far behind her, even the sharp eyes fell on her, but she didn’t even have the courage to turn around.

Her heart was about to jump out of her throat, when she heard the man’s low alcohol voice, “then I came at the right time. I’ll sit here for a while. Don’t worry about me. You go on!”

“.....”

With such a giant Buddha sitting here, Lin Zhan really didn't have the courage to break the bridge just now.

When Bai Lin heard the words of Bei Qin, her whole body became cold and her tears overflowed her eyes.

How could he How can you say this sentence easily?

Before the gaffe, Bailin turned around in a hurry, grabbed the bag and ran out of the room.

"This..."

As soon as the heroine ran away, the room quieted down.

Lin Zhan was stunned and said to Beiqin in a hurry: "Mr. Bei, I'm sorry. I'll go after her first. You can eat well and drink well. I'll check out later."

With that, Lin Zhan left the rose in his hand and ran after the door.

"Bailin, wait for me!"

Looking at the figure of two people running away one by one, Beiqin's face was a little dark. He got up from his seat as if nothing had happened and said with a smile: "you eat well and drink well. This evening is my night!"

With the words of Beiqin, the atmosphere became lively again.

At this time, a delicate voice sounded at the door, "Qin, you are here, so I can find you easily."

Gu Tiantian is the blind date of the northern Qin Dynasty. Standing at the door, her eyes look like she will act like a spoiled child. She looks at the northern Qin Dynasty with a little complaint.

Such a beautiful woman, every man will pity.

With a faint smile, Bei Qin walked over to Gu Tiantian in a gentle tone. "Sorry, I saw my colleague at the door just now, so I came to have a look."

Gu Tiantian was very happy. It was his colleague.

She asked tentatively, "well Should I go and say hello to them? "

North Qin is pale, a warm appearance, "next time there will be a chance, let's go."

Smell speech, Gu Tiantian face sweet smile a stiff, almost broken work.

Bei Qin's pace was very fast. He kept playing with his mobile phone, not worried about a woman wearing 10 cm high heels.

When they got to the underground parking lot, Gu Tiantian finally cried out: "Qin, wait for me!"

At this time, Bei Qin seemed to react. He stopped and turned to look at Gu Tiantian.

"What's the matter?"

He asked her what was wrong?

Gu Tiantian burst into tears and roared, "Bei Qin, don't you like me?"

This sentence has been in her heart for a long time. From the first time she saw this man, she fell in love with him. She was gentle, polite and successful.

Older is older, but fortunately it hurts.

Who doesn't like such a man?

But the two people have been dating for more than a month, this person is always cold to him, with a never close distance.

He never introduced her to anyone and never spent the night with her.

We are all adults. She invited us several times, but he refused every time.

Originally, she shouldn't have expected this person's response, but this evening, I don't know how, suddenly she couldn't help it.

Sure enough, after she asked this sentence, the man's face quickly cooled down, "Gu Tiantian, I thought you were a sensible person."

Gu Tiantian felt a thump in his heart, and he was angry.

He didn't want to talk about feelings with her.

Gu Tiantian's tears in her eyes are still spinning, but her heart starts to panic.

"Qin, I'm wrong. Don't be angry. You don't like my asking. I won't ask again!"

North Qin Junlang's brow wrinkled deeper, "sweet, with me, don't need so nervous."

“.....”

How can you not be nervous? She couldn't feel his love and liking at all!

Gu Tiantian swallowed the bitterness in her mouth and nodded with a smile, “well.”

This man does not like entanglement, then she does not entangle, be a clever lover.

.....

On the other hand, Lin Zhan managed to catch up with Bai Lin at the door of the hotel.

“Bailin, listen to me. I was wrong just now. I shouldn't have confessed to you in front of everyone without consulting you, but I really like you! Would you please give me a chance? We are suitable, we have the same quality, the same hobbies, I like you, I can accommodate you anything, you will become a happy woman

Lin Zhan is usually a workaholic, and his eloquence is not good, but now he says so much because of his excitement.

Bai Lin was shaking all over her body, just like she didn't feel the slightest temperature.

She looked at him with red eyes and shook her head helplessly. “I'm sorry. I'm really sorry. I can't like you!”

Lin Zhan frowned.

It was her who refused him. Why did she look so sad?

CEO Daddy Is Too Passionate - Chapter 1458

In the end is the person you like, how can you bear to see her so sad.

Lin Zhan wiped his face, took a deep breath, and tried to control his tone.

“Bailin, is there any reason why you can’t say? We get along very well, don’t we?”

Bai Lin squatted down, covered her face with her hands, and burst into tears.

“Wuwuwuwu ~”

it has been more than a month since the event happened in the club. During this time, she repressed her own thoughts and could not recall or think.

When I saw the northern Qin Dynasty today, it suddenly broke out.

Really don’t care?

That’s a woman’s innocence.

That person regardless of all things, pressure her to bully her, afterwards actually even a word, an explanation all have no.

Watching her confessed by other men this evening, he watched with that strange tone.

How could he do that to her?

He didn’t know that his behavior tonight was to stab her in the heart?

The more she thought about it, the sadder she was, and the more tears she shed.

On the contrary, Lin Zhan was very anxious.

“Don’t cry! Don’t cry. Did I say something to make you sad?”

“Wu Wu Wu ~”

but Bai Lin just cried and cried more and more loudly.

Lin Zhan scratched the back of his head helplessly. He was not good at getting along with girls and would not coax them.

In this case, I am completely at a loss and don’t know what to do.

Finally, he took off his coat and gently draped it on Bailin’s shoulder. He didn’t dare to hold her. He was afraid of irritating her. He squatted in front of her and whispered, “don’t cry. I’m wrong. I shouldn’t tell you in front of so many people that you don’t like me. I won’t mention it again, OK?”

Lin Zhan’s tone is unspeakably humble.

It is rare for a man to be able to do his part.

Bai Lin felt warm in her heart.

She stopped crying and sobbed.

If only she liked Lin Zhan?

With such a man, will be very happy!

Unfortunately She's not in the right state for the next relationship at all.

"Lin Zhan I'm sorry! I don't cry because of you

Lin Zhan was stunned. After hearing this, he was more disappointed than just now.

An embarrassed smile came out of his face and scratched the back of his head. "Bailin, do you have someone you like?"

"....."

Bai Lin looks up at Lin Zhan.

Two people four eyes opposite, she nodded, "sorry..."

"It turns out that there's someone I really like!"

Lin Zhan laughed at himself, and his heart suddenly became confused, and he was at a loss.

"Actually It doesn't matter. I don't have to be a boyfriend or girlfriend. I appreciate you and like you. I hope you can have a good life. That's all

Bai Lin looks at Lin Zhan like this, and her guilt reaches the extreme.

Why is she so frustrated? She has to fall in love with an impossible person.

She took a deep breath and cried for a while, and her mood had calmed down a lot. "Leader Lin, you are very good I don't deserve you. You deserve better. "

What I am not worthy of you, you are worthy of a better person, is just a refusal.

Lin Zhan had no choice but to smile. He opened his arm and asked carefully, "can I hold you?"

Bai Lin hesitated for a moment, and finally gave Lin Zhan a polite hug.

Group leader Lin is so kind to her. It's just a hug. She shouldn't be so mean.

However, just as they were hugging each other, suddenly there was a sound of the car horn in front of them, and the car's headlights also came towards them.

Two people are all one Leng, immediately separate, that arm blocks in front of the intense light beam.

I saw Beiqin's Audi R6 stop in front of them, and then I saw Beiqin open the car door.

The man's clear voice came, "do you need me to take you home?"

His voice sounded so gentlemanly that he could not see any emotion.

Lin Zhan frowned slightly. What happened tonight?

For the big people who usually don't see many times a year, I saw them twice this evening, and each time they appeared in such an embarrassing moment.

Lin Zhan said with a smile: "thank you, Mr. beizong. I won't trouble you. We'll take a taxi right away!"

Beiqin looked at Bailin, "how about you? Isn't your home in the east of the city? I just went there to give you a ride!"

Bailin's brain for a moment, how can he know that her family is in the east of the city? And send her home?

Just now, when she was crying, she secretly made up her mind to put this person down in the future, so now she doesn't want to have too much contact with him. Bai Lin just cried, nose and eyes are still red, she inhaled nose, refused to say: "thank you, but don't trouble you, I take a car back on the line."

It's too expensive to take a taxi. She is not as rich as Lin Zhan, but she can go home by bus, although she has to transfer two buses.

Beiqin screwed up his eyebrows. "It's not convenient for girls to take the bus at night. It's just on the way. Get on the bus!"

I don't know if it's her illusion. I always feel that when Beiqin said this, the temperature around was cold for several degrees.

Beiqin is the vice president of the company and the highest level leader of their technology department. Such a good opportunity to get close to the leader can't be missed.

Although Lin Zhan couldn't go along with Bei Qin, he still pushed Bai Lin's shoulder excitedly.

"Bailin, beizong is right. When you go home alone in the evening, everyone is not at ease. Beizong says it's on your way, so don't refuse."

"But..."

Bai Lin wanted to find a reason to refuse, but before she said anything, she heard that Bei Qin had turned around and said, "let's go."

with the long-term superior's authority, Bai Lin's momentum immediately reduced, but Lin Zhan pushed her behind.

"President Bei will take you home in person. Go

Bai Lin

Bai Lin was completely pushed to the front of the car by Lin Zhan, and the matter has developed to this point. If she tries to make a fuss again, it will make people suspect.

Bai Lin gritted her teeth, opened the seat and got on the bus.

However, as soon as I look up, I face a beautiful face.

Bai Lin was stunned. Unexpectedly, there was a woman sitting in the co pilot's seat.

Gu Tiantian's face changed when he got off the bus in Beiqin.

He looks like a gentleman, but he's not a meddler.

This evening, however, it was so unusual that I got out of the car in person, invited a small technical staff to get on the car, and even sent them home in person?

Gu Tiantian felt a little uncomfortable, especially when he saw Bai Lin's charming faces clearly, the discomfort reached the top.

But just now, Beiqin was angry because of her many words. At this time, she did not dare to speak again.

She restrained this discomfort, pretending to be generous toward Bai Lin with a smile, "Hello, my name is Gu Tiantian."

The smile on Bai Lin's face was a little stiff, and her tone was stiff. "Hello, my name is Bai Lin, an employee of Lishi group's technology department."

CEO Daddy Is Too Passionate - Chapter 1459

Gu Tiantian nodded, turned to look at Beiqin and said, "Qin, I'm not full at night. When I pass yipinju, I want to buy a steamed pumpkin."

After hearing this, Bei Qin did not look at Gu Tiantian. Instead, he subconsciously looked up at Bai Lin in the back seat of the car through the rearview mirror.

"I see."

Gu Tiantian laughed happily, "Qin, you are so kind."

Beiqin frowned slightly. Listening to Gu Tiantian's voice, he suddenly felt a little irritable.

He loosened his bow tie and turned up the air conditioner in the car.

When the cold wind blows, the whole person becomes energetic.

Bai Lin subconsciously wrapped up her coat and felt the comfortable fabric in her hand.

She remembered that she had forgotten to return Lin Zhan's clothes to him just now.

Gu Tiantian was originally wearing a long dress with suspenders. As soon as the air conditioner was turned on, she immediately shivered.

She bit her lip and looked at the man curtly, "Qin, I'm a little cold."

"....."

Beiqin was stunned and quickly turned off the air conditioner. "I'm sorry, I was thoughtless just now."

Gu Tiantian laughed sweetly again, "it doesn't matter. We don't need to be so polite."

Bai Lin listened to the conversation, her eyes darkened again.

Are they a couple?

She sat in his co pilot and talked so intimately.

So he already has a girlfriend!

Bai Lin felt suffocated, but she had some unspeakable relief.

Well, he already has a girlfriend, and she can give up.

Even if you like a person, she can not be his third party.

The car quieted down again. Bailin leaned against the window and was fascinated by the backward scenery outside.

Broad night, dotted with twinkling stars, the city's night, bright lights, more beautiful than the day.

Looking at it, I can't help but smile.

There are so many beautiful things in the world, why does she hold on to them?

Some things, to put it bluntly, are whether they are willing to open up.

When waiting for the traffic lights, Beiqin looked up and glanced in the rearview mirror.

Just on the white Lin slightly hook up the appearance of the corner of the lip, suddenly eyebrow a twist, flash a trace of imperceptible displeasure.

Why is she laughing?

Still miss what Lin Zhan told her?

Thinking of this, the gloom in Beiqin's heart surged up again.

Just when the red light turned green, he stepped on the accelerator, and the car flew out like an arrow.

Next to it is yipinju.

Gu Tiantian's eyes lit up and said happily, "Qin..." parking.

However, before the words were uttered, the car "swished" and quickly drove past the door of yipinju.

The smile on Gu Tiantian's face gradually hardened, and her heart couldn't help shivering.

He doesn't remember what she said at all

Just when Gu Tiantian was lost, Beiqin turned to look at her. In a low voice, he couldn't see any emotion. "Your house is near. I'll take you back first."

Gu Tiantian tightens her fingers. She is very bent and her eyes are red, but she tries her best not to cry.

"Qin, I don't want to go home tonight. I'll go to your house."

Instead of asking questions, she expressed her determination, as if she were telling a fact.

Who knows, North Qin Junlang's eyebrow twist into a Sichuan word, "be good, first send you home."

"1..."

Gu Tiantian didn't want to go home at all, and there was a poor beauty on the bus.

Maybe it's a woman's sixth sense. She has a feeling that the relationship between Beiqin and the girl in the back seat of the car is not so simple.

Sometimes, a man and a woman, whether they have an ambiguous relationship, in fact, as long as they exchange a look can see.

However, the North Qin coldly glanced at her, Gu Tiantian immediately silence.

She knew it was time to piss off the man.

There is only one end to his anger, that is, breaking up.

He made it clear that he didn't like troubled women.

The car soon arrived at the downstairs of Gu Tiantian's residential area.

Gu Tiantian reluctantly got out of the car and stood beside the car waving to Beiqin, "goodbye, see you tomorrow!"

"Rest early!"

The northern Qin Dynasty said it lightly.

Gu Tiantian nodded cleverly, “well, you also have an early rest.”

Beiqin didn't say anything more. The car turned its head and headed for another street.

As soon as the car left, the smile on Gu Tiantian's face cooled down.

The car was quiet again. Beiqin peeps through the rear mirror and looks at the quiet woman in the back seat of the car. She even breathes softly.

Clearly she is very quiet, nothing to do, but the sense of existence is so strong that want to ignore all can not.

Beiqin put down the window and lit a cigarette impatiently.

“Is it OK if I smoke?”

“Ah?”

Bai Lin didn't react all the time. She took a silly look at Bei Qin. Then she reacted and said, “it's OK!”

With that, there was another silence in the carriage.

Beiqin looked at her quietly, obediently, as a stranger, his heart suddenly speechless irritability.

He spat out a beautiful eye, and his hoarse voice suddenly opened.

“Bailin, don't you have anything to tell me?”

Bai Lin looked at him again, a little confused, “say What are you talking about? ”

“.....”

This sentence stunned Beiqin.

She answered so simply, as if nothing had happened between them.

He thought he had read countless books, but he couldn't understand the young girl who had just graduated from the University.

She's so calm.

This month, he has been waiting for Bailin to find him.

Any girl who is bullied by a man like that will come to the door and ask for an explanation!

To tell you the truth, when she was on that day, she was really angry, but it was natural for her to go up.

After the event, he was a little upset about the situation.

Originally, she gave it to him for the first time, but now she is taken away by him for the second time.

As a man, you should give her an account.

But But he didn't want to take the initiative to find her and wanted to see what she would do next.

However, she did not cry or make trouble like a nobody. She came to the company to report with the application form of Li's group and did not come to him. She just worked diligently in her class.

Even in a month, it provoked colleagues to confess to her in public.

What a seducer!

Thinking of this, Beiqin fiercely hit the steering wheel, turned the direction and drove towards the city center again.

Bai Lin's eyes were a little dull.

"North Mr. Bei, my home is not in that direction. "

CEO Daddy Is Too Passionate - Chapter 1460

When the car stopped at the gate of a five-star hotel in the center of the city, Bian Lin's brain was buzzing and blank.

She had a rather bold guess in her mind, but she was not sure.

After all, Beiqin is a gentleman in her heart. For the time being, it's beauty in the eyes of the beholder. She always finds reasons for Beiqin to shirk from her previous relationship.

But now, in the evening, a man and a woman come to the hotel, the meaning is self-evident.

In particular, just half an hour ago, the man affectionately sent his girlfriend home, turned around and brought another woman to open a house?

Bailin intuitively guessed that she was wrong. However, when she was forced by Beiqin to pull her wrist, pushed into the room, and pressed on the door by a man, she ordered "take off clothes" in a cold voice, all her guesses were confirmed.

Bai Lin slapped her little face and turned pale in an instant.

An icy chill rose from the sole of the foot and spread all over the body in an instant.

“You let me go!”

It took a long time to say these words.

Because of her height, Beiqin looked down at her.

Burning eyes staring at her white face, like a hunter saw his prey.

Bailin’s beautiful and smart eyes were too scared, flashing with water light, and even he could feel her body shaking.

She was really afraid of him, not pretending.

Is he some kind of beast?

Beiqin’s face was cold again. He raised her hands over her head and pressed her backhand on the door, forcing her upper body to rise, even her chin.

The other hand of Beiqin seized her thin chin and said, “didn’t you enjoy it last time? What are you pretending to be now?”

The last trace of blood on Bai Lin’s face faded clean.

How could he say such a thing?

Last time in the club, he didn’t give her the chance to refuse. She struggled and wanted to run away, but she was not his opponent at all.

How could he turn around and put everything on her?

This sentence for her, is no cover up, naked humiliation.

Bai Lin was stupid, but she couldn't say a word. She just had more and more tears in her eyes.

In the northern Qin Dynasty, the eyebrows were wrinkled into a Sichuan character.

He didn't like her eyes. He didn't cry or make noise, but those clear eyes seemed to be able to see through people's hearts.

A nameless fire surged up in the heart of the northern Qin Dynasty, and his fingers forced.

"I'm talking to you! Why not? Or do you think the compensation I give you is not enough?"

What he said was the letter of application from Lishi group.

Bailin felt a deep pain, and the strength seemed to crush her bones.

Her eyes were red, but she bit her lips to keep from screaming.

"Say what did you say? What do you want me to say?"

Is there anything to say between them?

I just blame myself for being so stupid that I should slap him in the face at that time and even call the police afterwards.

But She can't do it.

North Qin to a pair of forbearance appearance, in the heart a clatter, the strength on the finger lightened a little.

But because of this second of heartache, let him feel more chagrined.

“Speak Beiqin roared angrily, as if he thought of something. His deep eyes narrowed slightly, “or Do you think Lin Zhan can really fill the bottomless hole in your home?”

Fill that bottomless hole in her house

Bai Lin has a thorn in her heart.

He’s right. The conditions in her family are really bad.

Father and mother have been in poor health. They have no way to do heavy work. What’s more, they have no culture. What they do is the lowest level work in the society with the lowest salary.

Recently, my father checked out uremia and needed a lot of money. My younger brother just went to college and his tuition was very high

The burden of the family is on her.

In her state, it’s bad luck for any man to be with her.

Although it is true, but the man did not hide to say, my heart is still very sad, like a pair of invisible hands pinched the neck, face breathing can not breathe.

A crystal tears from the corner of the eye down, soon disappeared into the temples.

“I didn’t want to trouble anyone!” She explained stubbornly.

“You...”

Beiqin’s heart seemed to be hammered by something. He quickly released his hand and retreated several steps.

As soon as he retreated, the strong sense of oppression disappeared.

Bailin leaned against the door and gasped.

Did he get so angry because he regretted arranging work for her? Or worried that she would talk in front of his girlfriend?

Bai Lin rubbed the choking heart, bit the pale lips and opened her mouth softly.

“If you are regretting the arrangement of work for me, I can resign immediately. You can rest assured that I will be far away from you and never appear in front of you again!”

“.....”

North Qin breathing a stagnation, squint eyes.

What is she talking about?

Say she won’t appear in front of him again, and resign from the company?

Is she so reluctant to see him, even when she sees him?

Beiqin has been very intelligent since he was a child. With his own ability, he has come to the present position step by step. For his age, he is young and promising, and has a successful career, so he is naturally proud.

But in the face of Bai Lin, there is always a feeling of faint out of control, which is very uncomfortable.

The atmosphere in the room cooled down, even the surrounding temperature was several degrees cold.

Bai Lin couldn't stand the silence. She turned around, grabbed the door handle, opened it and ran out of the room.

Beiqin looked at her flustered back, clenched her fingers, and resisted the impulse to chase her out. With a light curse, she walked to the French window impatiently.

Outside the window, there are lots of traffic and bright lights. Standing on the top floor, you can see the scenery of the whole city.

He took a cigarette out of his pocket and lit it. As he was driving through the clouds, his mind was sober.

Obviously not.

Those two times, he could feel that she did not exclude him, and even liked the way he treated her.

Why did it come to this?

Afterwards, she didn't cry, as if it had no effect on her?

He didn't believe that there would be such a generous woman in the world, especially when she knew that he was the boss of the company and that she didn't look for him when she encountered difficulties in his work and was made difficult by her colleagues?

This is totally different from his usual idea.

He can't look at women wrong.

He knew that the reason why Gu Tiantian was obedient to him was not because of love, but because he could satisfy her material desire, so even if she was wronged, she didn't dare to show it.

But Bailin was completely elusive to him.
