## CEO Daddy Is Too Passionate - Chapter 1461

He asked his subordinates to investigate her family and information, and knew that she was in urgent need of money to save his father's life. She should come to pester him, but why did he put the opportunity in front of her, and she looked at him with an injured expression?

The North Qin raised the smoke from his fingertips and took another bite.

He soon calmed down.

Come to a conclusion.

Bailin is playing hard to get.

This kind of woman tends to want more.

Waiting for him to hang her for a few days, she knew that she was worried. That Lin Zhan was not her lover at all, and could not solve her family's problems. When she hit the wall, she would come to him naturally.

"Hum!"

After some self relief, Beiqin was in a better mood.

Looking out at the dark night outside the window, he took out his cell phone and dialed a phone.

"Xiao Li, do something for me and send someone away."

After he hung up the phone, he put out his cigarette end, turned around and planned to take a bath. He went to the door of the bathroom and caught a glimpse of a black coat in the corner of his eye.

He has a good memory. This coat was put on Bai Lin's shoulder by Lin Zhan.

He clenched his teeth.

Looking at her intimacy with other men, why is she so upset?

There is a feeling that one's own things are coveted.

He didn't like the feeling.

.....

Bailin ran out of the hotel and felt cooler with a cold sound.

The coolness came from her skin to the bottom of her heart. She held her arm tightly and shivered.

At this time, she remembered that Lin Zhan's coat had been left in the hotel room. When she was struggling just now, it fell to the ground.

Bailin stopped, turned around and hurried to the hotel.

But after two steps, he stopped again.

Is she going back now?

No!

She would never go back to bear his cold eyes, which were like a knife in her heart.

Bai Lin gritted her teeth and decided to pay Lin for a new dress tomorrow.

When she went to the bus stop with her head down, the black faced car stopped beside her.

Bailin subconsciously stopped and saw a young man in Lishi group work clothes come out of the cab and come to her.

“White assistant, get in the car, I’ll take you home.”

Bailin fell on the number plate in front of him.

Secretary Assistant, Hangyu.

Li group’s work clothes are embroidered with the employee’s name, so this person is a colleague of the company?

Bai Lin relaxed her vigilance, but they were not familiar with each other, so she politely refused, “thank you, my home is not far from here, I’ll be home soon.”

However, Hangyu scratched the back of his head with a puzzled look on his face, “is it coming soon? But beizong said that your home is in the east of the city. It’s more than an hour from here to the east of the city! ”

Bai Lin’s face was slightly stiff.

It turned out that this man was called by Beiqin to take her home.

Hangyu thought for a while, took out his cell phone and began to make a call, “you wait a minute, I’ll call the general manager of Beijing to confirm.”

When the boss called in person, he didn’t dare to slack off.

Call Beiqin?

Bai Lin was flustered and snatched her cell phone from Hangyu. “Don’t, don’t, don’t call me when I get on the bus.”

With that, Bai Lin worried that Hangyu would call, so she quickly got into the back seat of the car.

She doesn’t want to call Beiqin. Since he asked his subordinates to send her home, maybe he felt guilty?

Or don’t want to be responsible for her accident?

Anyway, whatever the reason, it can’t be because of worrying about her.

.....

The next day, Bai Lin came to the office early in the morning. However, Lin Zhan arrived before her.

Originally, Bai Lin felt a bit embarrassed because of what happened last night. On the contrary, Lin Zhan was much more calm than her and took the initiative to say hello.

“Bailin, you don’t need to clean the office in the future. I’ll clean it. I’ll come before you in the future.”

Bai Lin pursed her lips, feeling unspeakable guilt, “leader Lin, in fact, you don’t need to be so kind to me!”

“It’s my business that I like you. Besides, didn’t you cry yesterday? Is that man not good to you? Do I still have hope?”

Lin started joking and even showed a self mocking smile.

He really likes Bai Lin, who has never been in love. Once he falls in love with someone, it’s like he’s addicted. That person doesn’t agree with himself, but he’s more worried about it.

A layer of water mist gradually emerged in front of Bai Lin’s eyes.

Lin Zhan is not handsome, but when she smiles, her heart aches.

For a moment, she felt that this honest man was very much like herself. Even she could feel the pain behind his forced smile.

Suddenly, Bailin had an idea in her heart.

Why not try to give this person a chance?

He is so kind to her, so like her, as long as she is willing to follow him wholeheartedly, they will be happy.

Should she be selfish?

Bailin suddenly wanted to give herself a chance.

Today, she will submit her resignation report to the personnel department, but the company has regulations that the resignation report needs to be submitted one month in advance, that is to say, it will take one month for her to submit her resignation report today and leave the company.

One month may be enough to see a lot of things clearly.

After waiting for a month, if Lin Zhan is still so good to her, she will accept him and stay with him in the future.

Thinking of this, Bailin showed a sweet smile to Lin Zhan, "leader Lin, I'll clean with you."

"Well?"

Lin Zhan was so overjoyed that he almost thought he was wrong.

She gave him a smile, which was very comfortable.

Does it mean that she was moved by him, and she was still a little moved?

Lin Zhan couldn't hold down the smile on his lips. He grabbed the rag from Bai Lin's hand and walked to the bathroom with a smile.

"You just sit down. You don't need to do this in the future."

Bai Lin looked at Lin Zhan's broad back and her eyes were moist.

It's the first time someone has been so nice to her.

When Lin Zhan washes the dishcloth and returns to the office, Bai Lin suddenly remembers something, "leader Lin, I lost your coat last night. I'll compensate you for a new one!"

"No..."

Lin Zhan opened his mouth and said, "can you buy it for me yourself?"

Bailin nodded, “well.”

“Well, I’m not in a good shape. I’ll go shopping with you after work.”

Lin Zhan suggested.

Bailin didn’t think so much. She should compensate him for a coat.

She smiles. “OK.”

The scene of two people laughing at each other happened to be seen by colleagues who walked into the office.

The colleague blew a whistle of cheering and exaggerated to shout, “leader Lin, Bai Lin, you are really together!”

“No No...”

Bai Lin was thin skinned and flushed.

#### **CEO Daddy Is Too Passionate - Chapter 1462**

Seeing that she was shy, Lin Zhan said with a cold face, “what’s your name? Now Bailin hasn’t officially accepted me. Don’t talk nonsense

Other people’s leading actors have said that, and their colleagues are not good enough to say more. Instead, they laugh and joke, “OK, when do you want to hide? I’m waiting for your wedding

Lin Zhan was happy and gave a careful glance at Bai Lin.

Bai Lin’s face was a little stiff, but she didn’t say anything more.

Soon it was time to leave work, and Bai Lin went to the personnel department to submit her resignation application.

When she submitted her resignation, HR looked at her with very strange eyes.

“Bailin, can you tell me why you want to resign?”

After all, with her education background, it is a miracle to be able to enter the Lishi group.

It’s impossible to do without a good relationship in the background.

Bai Lin clenched her fist and thought for a long time before she said, “my father is ill and nobody takes care of him.”

“Do you want to think about it again?” Personnel advised, “your current salary is several times the nanny’s salary. You can hire a nanny to take care of your father, and you can continue to work.”

“I...” Bai Lin bit her lip, and a struggle flashed in her heart.

She really likes her present job. She has challenges, hopes and can learn a lot.

The chance of a lifetime, she is really beyond measure.

But her mind involuntarily emerged a man’s angry eyes, suddenly all the struggle subsided, calm down again.

“I have other reasons. Please approve my resignation.”

Personnel see not move her, but shook his head, put aside the resignation report.

“OK, now that you’ve made up your mind, I won’t say anything more. It’s easy to get out of here, but it’s hard to get in again. If you change your mind in this month, you can come to me at any time.”

Every week, the personnel department will receive the assessment report. Bailin’s assessment is the most serious. He has a good impression of the little girl.

“Thank you Bailin gets up and thanks.

As soon as Bai Lin leaves the office, the personnel department dials an inside line.

At the moment when the voice rang out, the tone of personnel became very respectful: “President Bei, I have something to report to you.”

“Bailin just submitted her resignation application to me reject? Good, good! I know what to do! ”

.....

Bailin packed her bags, came out of the office, got on the subway at the gate of the company, took two subway stops, and came to the shopping mall not far from the city center.

Lin Zhan had been waiting for her at the appointed place for a long time.

As soon as I saw her, I strode towards her happily.

“Bailin, did I go to the personnel department just now? What’s the matter with you? ”

Bai Lin didn’t intend to hide her resignation from Lin Zhan. However, at this time, a cart came from behind and almost hit her back.

“Be careful!”

Lin Zhan gives Bai Lin a hand.

“Ah

Bai Lin was wearing high-heeled shoes on her feet, and what happened was so sudden that she accidentally sprained her foot.

A deep pain came from the ankle, and even his face was pale with pain.

Lin Zhan quickly held her arm and pulled her to sit on the chair.

Squat down in front of her, look anxious, “I see, is not sprained to the foot?”

“Ah

When Lin Zhan touched her foot, another pain came.

Bai Lin’s face was even whiter, and she drew her feet back. “No It’s all right. It’s really all right. I’ll just move it. You get up first. ”

They are in a very strange position now. Only a man and a woman can use such a close position, right?

Although Bai Lin wants to give herself a chance, they are not friends and girlfriends now.

Lin Zhan watched Bai Lin avoid his action, his heart was blocked.

He didn’t make Bailin feel embarrassed, so he got up and stood aside.

However, they didn't notice that under the billboard opposite, Beiqin was staring at it.

She won't really like Shanglin exhibition, will she?

How long have they known each other?

A month?

Ha ha!

North Qin inexplicably fire, just at this time, put in the pocket of the mobile phone ring.

He grabs it and looks at it. The center of his brow is tighter.

Waiting for the phone ring to stop before connecting, "what's the matter?"

"Qin, where are you?"

Beiqin looked at the luxury billboard next to him and said, "I'm in the company. What's the matter?"

It seems that he didn't expect to answer like this. The other party was silent for a moment, and then his mobile phone was hung up like this.

Beiqin put away his mobile phone, did not care, looked up to see Gu Tiantian standing in front of him, a pair of beautiful eyes, eyes are red."How can you do that?"

She only called him when she saw Beiqin.

An hour ago, she called him and asked if he had time to go shopping with her.

The answer of Beiqin was very simple, “no time.”

However, as soon as she walked into the shopping mall, she saw Beiqin standing in the most conspicuous place.

She called him happily, but he cheated her into being in the company.

“Beiqin, you liar!”

“.....”

Beiqin was stunned for a moment, and immediately reflected what was going on. His face was a little cold. “Gu Tiantian, what do you want?”

Gu Tiantian was completely angry and stamped her foot in a coquettish way. “Beiqin, don’t go too far. You lied to me. You even asked me what happened to me in the opposite direction.”

Beiqin didn’t have much patience. He glanced at the bench and found that Bai Lin and Lin Zhan had already left for the second floor, and their eyebrows tightened more tightly.

He took a bank card out of his wallet and said, “take the flowers and buy whatever you want.”

Gu Tiantian’s eyes brightened. The reason why she called Beiqin today was that one of her favorite bags was on the market. It was 380000. She wanted to find someone to pay for it.

But she knows better than anyone that girls can’t be too material in front of men, so she pretends to be reserved and says, “I don’t want your card, I just want you to accompany me!”

Beiqin doesn’t know who Gu Tiantian is. Looking at her affectation, she feels even more disgusted.

“You don’t want to. I’m going.”

Then he made an effort to take back the bank card.

Gu Tiantian was flustered and snatched it back. “I’ll buy it myself. You’ll be busy. I’ll be good and I won’t disturb you.”

“.....”

Beiqin looks at Gu Tiantian’s beautiful face, but it’s hard to hide her desire. For some reason, Bai Lin’s clear eyes appear in her mind.

Why is she different from Gu Tiantian?

If only she loved money as much as Gu Tiantian.

This thought flashed in my heart, even I was shocked for a second.

Beiqin had something on hand. He turned to look at the second floor. He had not seen Bailin’s Lin Zhan for a long time. He left unhappily.

### **CEO Daddy Is Too Passionate - Chapter 1463**

Gu Tiantian took the money and happily took a kiss with her bank card.

It doesn’t matter whether a man loves himself or not. Just give him money.

Gu Tiantian has had countless boyfriends, and Beiqin is the most heroic one.

In the men’s clothing store, Lin Zhan tried a coat, which looked good and fit well.

“How’s it going? Is that ok? ”

Lin Zhan looks a little shy.

After all, it’s my first time shopping with the opposite sex.

I have the illusion of shopping with my girlfriend.

Bai Lin looked up and down and said with a smile, “it’s not bad. Is that it? Or do you want to see it again?”

“That’s it!”

He is not a person who likes to pick and choose, clothes, as long as you can wear it.

All of the promise Bailin out to buy clothes, because want to increase the chance to get along with her alone.

At the time of payment, Bai Lin just took out her wallet, and Lin Zhan had already handed the card to the waiter.

“Credit card!”

Bai Lin immediately said, “no, I’ll compensate you for this coat.”

“Bailin, if you say that, how can I be a man? That coat has been worn for several years, so it’s time to throw it away. How can I ask you to buy me a new one? ”

Bailin knew that he said it on purpose.

Last night, he confessed to her that he had deliberately dressed himself up. Maybe he bought some new clothes specially.

“No, I’m sure I’ll pay for it.”

Lin Zhan stopped her, a trace of displeasure flashed on her face.

“How can I use a woman’s money? Put it away, or I’ll be really angry!”

“.....”

When Bai Lin saw Lin Zhan for the first time, she was embarrassed. For a moment, she didn’t know what to do.

She seems to have overlooked one thing just now. Men love face.

They bought clothes and came out of the shop, passing an imported ice cream shop.

Lin Zhan suddenly said, “Bai Lin, you sit by and wait for me. I’ll buy you ice cream.”

“No No more...”

Bai Lin just wanted to refuse, but Lin Zhan had already gone to the other side of the line.

She had to stand by and wait.

At this moment, she suddenly heard a familiar voice in her ear.

Subconsciously, she looked up and around.

Finally, I saw a familiar figure in the bag shop next door.

Isn't that Beiqin's girlfriend?

Originally with her unrelated to a person, but Bai Lin's eyes stick to her body, how can't move.

Women have long chestnut hair, charming and charming, tall and sexy, beautiful legs, white and straight, small waist, protruding forward and backward, which is very popular nowadays.

As a matter of fact, Gu Tiantian is really a little well-known netizen.

Bailin looked down at herself again. She was dressed in A-line skirt and white shirt, which made her think of the nun who had no desire.

When they compared, they were so different that she felt a little inferior.

No wonder Beiqin would like her. Maybe a man would like that kind of woman?

Bai Lin sighed low and lost, and suddenly she heard the girl's voice again.

"This, this, and this, all wrapped up for me!"

"Miss, do you mean this? This bag has just arrived today. It's 380000..."

Do you think I can't afford it? This is the bank card my boyfriend gave me. Please swipe it

Gu Tiantian flaunted her bank card on the cash register.

The proud and arrogant look was totally different from the delicate and gentle woman last night.

Bai Lin's delicate little eyebrows frowned slightly.

Brush men's money, buy tens of thousands of bags, even eyes will not blink, and even a kind of proud and show off taste.

If so, she will feel that she is not worthy of Beiqin.

But Beiqin likes it. It doesn't seem to have anything to do with her.

Bailin is thinking in a daze. Lin Zhan comes over with two coriander ice cream.

"Here you are! I know you like the popular dish ice cream, so I bought two, and when I bought more, it melted."

Bai Lin was stunned.

I didn't expect that Lin Zhan even considered this, and even knew that she liked to eat coriander.

She gratefully received one, "team leader Lin, you also eat!"

Lin Zhan doesn't like ice cream very much, but if Bai Lin lets him eat it, he will.

"Well, I'll take this one."

While eating ice cream, they walked to the underground parking lot of the shopping mall.

Lin Zhan came by car. He wanted to take Bai Lin home.

Sweetheart Gu contentedly carries today's booty and goes to the underground parking lot. She feels that the two people in front of her are familiar with each other, but she can't figure out where they met. Just as she was wondering, the woman suddenly turned around and looked behind her.

Gu Tiantian subconsciously to the side of a hide, to avoid the woman's eyes.

However, at this glance, she recognized that this woman was just like the ordinary employee Beiqin insisted on sending home last night.

Seeing off her boyfriend in the evening, the woman came home, and she was even more angry. Looking at this scene, she had an evil plan.

She took out her mobile phone and took photos of the two people eating ice cream together and sent them to Beiqin.

After sending, she dials Beiqin's mobile phone number.

"Where are you now?"

From the other end of the mobile phone came the voice of Beiqin questioning.

It sounds a little unpleasant.

But Gu Tiantian didn't care. Instead, she said, "I'm in the underground parking lot of the shopping mall. Did you see the photo I sent you? Are they all Li's employees? It looks like an office romance!"

Li's group does not prohibit office romance, so even if Bai Lin and Lin Zhan are in love, no one else can control them.

“Li’s group doesn’t prohibit office romance. Don’t bother me with such boring things next time. I have something to do, that’s all.”

With that, Beiqin hung up directly.

Gu Tiantian listens to the busy sound from her mobile phone and stomps in anger.

“Hum!”

What!

What does he mean by that?

Originally, she wanted to use this picture to test whether Beiqin had any other ideas about the woman, but Beiqin’s answer was ambiguous and could not be seen at all.

.....

Office.

Beiqin leans back on the U-shaped leather seat and looks down at the photos on the mobile phone, almost crushing the screen.

Every time she saw him, she either cried a face, or she was scared to death, but she laughed so sweetly at other men.

What’s so funny?

Did she really agree with that man?

What is he?

This kind of feeling is too uncomfortable, as if he was played twice by her as a humanoid toy, and then discarded without any nostalgia.

It's a bad feeling.

The northern Qin Dynasty clenched its teeth and flashed a cold, sinister light in its eyes.

He started the game, he can only end it, she let him upset, then she also don't want to be cheerful.

#### **CEO Daddy Is Too Passionate - Chapter 1464**

Lin Zhan originally intended to send Bai Lin home, but just after driving out the car underground parking lot, he received an overtime notice from his supervisor.

When Lin Zhan saw the mobile phone information, he obviously twisted his eyebrows.

"Didn't you just submit the plan today? Why do you need to work overtime at night? "

Bai Lin also saw the overtime notice in the group and said: "it looks like it's in a hurry. Is something wrong?"

Lin Zhan doesn't want to be separated from Bai Lin so soon. If he works overtime, he can stay with Bai Lin for a few more hours. On the contrary, he feels a little happy.

"So we'll go straight there?"

His tone of voice was slightly tentative.

People's words are terrible. After all, it's time to get off work. If they show up together, there must be some speculation.

He didn't want to put any more pressure on her.

Bai Lin saw Lin Zhan's intention and said with a faint smile: "are you going to leave me alone on the road and then let me take a taxi to the company?"

When she laughs, her eyes and eyebrows are crooked and very pretty.

Lin Zhan was shaken by her smile.

When the two arrived at the office one after the other, their colleagues looked at them with a strange look, not because they appeared together, but because the manager was sitting in the office seat waiting for Lin Zhan.

"Chief Lin, the manager is waiting for you over there."

Lin Zhan felt a thump in his heart when he looked at his colleagues.

"OK, I'll be right there."

Lin Zhan came to the edge of a separate cubicle, "manager, what can I do for you? Are you not satisfied with the proposal submitted today?"

The manager looked at Lin Zhan's puzzled expression and thought of the shocked look when he received the phone call just now.

In fact, he has always been very optimistic about this diligent young man. He is bold, creative and has ideas. He has strong business, reliable work and few words.

How can such a good employee arouse the attention of the superior?

He patted him sympathetically on the shoulder and said, "Lin Zhan, the plan you made today has not passed. If you think about it, you must come up with a more perfect plan this Friday."

The manager said "more perfect."

In his mind, Lin Zhan's plan is already very good, at least 90 points, but he is still not satisfied with it, and is very dissatisfied, even totally negative, so that he can start a new plan.

Lin Zhan's efforts in the past month were all in vain.

Lin Zhan twisted his eyebrows, "manager, can you give me a reason why I can't pass?"

This project is the result of his inspiration, and he thinks it has exceeded his previous level.

It's not very difficult to think about a new plan, especially when the time is still very urgent.

When the manager saw that he was so distressed and his old subordinates were almost promoted by him, he couldn't bear to see that he was still kept in the dark. He got up, lowered his voice and said in his ear, "Lin Zhan, have you done something to offend the superior recently?"

"Who?"

"Think for yourself, it's not hard to guess!" The manager stopped by and left the office.

"....."

In his mind, Lin Zhan thought about all the powerful executives of the company.

Who is the only one who can lead their technology department directly and refute the fruits of one month's hard work.

North Qin?

No!

The night before yesterday, he confessed to Bailin that he was easygoing and wanted to take them home.

It doesn't look like you have a problem with him.

Lin Zhan thought bitterly.

Wait, suddenly something flashed in my mind, the whole person stopped.

That night he took Bailin home, and then

He subconsciously looked at Bailin, who was looking at the computer in front of him, a delicate side face, unspeakable soft.

When he looked at her, Bailin felt it and looked up at him with a smile.

"Team leader Lin, what are you doing looking at me like this? Is there anything on my face?"

"Nothing! Just now, the manager said that the proposal we submitted today has been negated. We need to think about a new one. It's hurting you!"

Lin Zhan said with guilt.

Bai Lin said with a smile: "how can we say implicate? We are a team, no one will blame you! "

Lin Zhan didn't expect that she would comfort him. He scratched the back of his head shyly, "I'm confused! Let's have a meeting to discuss what to do next. "

"OK, I'll let you know!"

With a little smile, Bai Lin turned to inform everyone of the temporary meeting.

This plan is an idea provided by Lin Zhan, but it turns out to be the result of the cooperation of the whole team. Naturally, I have to give you an explanation. Everyone was silent after listening to Lin Zhan's words.

We all had high expectations for this scheme. Originally, we thought we could get a reward, but it turned out to be a criticism.

It was a big accident.

"Team leader Lin, how do I feel that the people above deliberately targeted us this time?"

Suddenly, sitting beside Bai Lin, the man said angrily.

Lin Zhan's face sank. "No matter what the reason is, we must try our best to improve our business ability. No one is allowed to complain this time. We only have three days to come up with a new plan. We should be prepared to work overtime all night these days."

The employees in the technology department are the most difficult in the whole company. They always work overtime all night.

For the sake of the previous plan, they have been working in the company for almost a month, and they can relax after a while. As a result, this happened again.

“What bad luck

“Well, I don’t want to hear complaints any more. I want to hear constructive comments.”

Lin Zhan said, subconsciously looking at Bai Lin.

Bai Lin’s face was slightly white, and even her expression was in a trance.

If someone deliberately targeted their department, who would it be?

Is it the northern Qin Dynasty?

No, no, no!

She is nothing in his heart, should not affect him.

She shook her head and overturned the idea.

“Bailin, come with me.” Lin Zhan said suddenly.

“Ah?” Bailin came back and said, “good!”

Lin Zhan sat on his leather seat and looked at the pretty woman in front of him. After a while, he said, “Bai Lin The night before yesterday, beizong sent you home. Did anything happen? ”

“.....”

Bai Lin was very worried, “no Nothing happened. He just took me home. By the way

In fact, Bailin is not a woman who is good at camouflage herself, and she is not good at lying.

She thought she was covering up well, but her nervousness was obvious.

Lin Zhan tightened his brows. It seemed that something had happened that night, but Bai Lin didn't want to say it.

Moreover, it is likely that this is the reason why Beiqin aimed at their group.

He hesitated for a moment and asked tentatively, "you Did you offend him? "

#### **CEO Daddy Is Too Passionate - Chapter 1465**

Bai Lin was stunned and her face changed slightly.

"Actually In fact, I don't know. Maybe I offended him. "

When Bai Lin thought of the rejection of Bei Qin in the hotel that night, her heart became uncertain.

But intuition thinks that Beiqin is not such a despicable person!

But What if that's why?

Lin Zhan was just guessing. After hearing this, he was relieved.

In a word, it is better for her to offend Beiqin than to be seen by Beiqin.

If Beiqin has a crush on Bai Lin, then his chance is almost zero.

Lin Zhan said with a smile: "don't think about it. There's nothing else you can do first."

It was already ten o'clock in the evening. Bai Lin returned to her seat and couldn't help recalling Lin Zhan's words just now.

Did you offend the northern Qin Dynasty?

She shook her shoulders subconsciously at the thought of his cold expression that night.

The more I think about it, the more I feel uneasy. Is it really because of her?

Because she didn't agree to his request, she found a reason to make things difficult for their department?

Bai Lin pursed her lips, and suddenly she felt chilly.

She didn't know whether she should go to Beiqin for a talk?

What if he didn't make it?

Bai Lin finally decided to ask Beiqin's subordinates.

The young man who sent her home the night before yesterday, Hangyu, was his secretary.

We should be able to get some information from him.

Fortunately, that night she and Hangyu added some letter friends.

Bai Lin grabs her mobile phone, opens a letter, finds his contact information and sends a message.

Soon, the other party will give her a question mark.

Assistant Bai, what can I do for you?

Secretary of aviation, I want to ask you something

You say!

Hangyu is very straightforward.

Bai Lin bit her lip and plucked up her courage. Her slender fingers knocked down a line on the mobile phone screen.

Isn't Beifang always having a problem with our department?

After the message was sent out, the other party didn't answer as soon as just now, showing that "the other party is inputting". After waiting for a minute or two, when Bai Lin thought that he would not reply to his message, Hangyu came back.

Why do you think so?

He did not deny the ambiguity.

Is it really the northern Qin Dynasty?

A slight coolness rose from the sole of the foot and quickly ran to the bottom of my heart.

Looking at the dull information for a while, she raised her finger again, ready to send a message back to Hangyu. Before it was sent, Hangyu's message was sent again.

Assistant Bai, would you like to ask the president of Beijing in person? President Bei is in the office now.

Bai Lin clenched her fingers tightly, and her heart was even more uneasy.

She turned him down that night, which must have infuriated him.

She couldn't understand why he had a girlfriend?

But she was very sorry to think that because of her personal resentment, her colleagues in the whole department were involved in working overtime with her.

Bailin holding the mobile phone, suddenly some at a loss, but also some nervous.

To tell the truth, she was a little afraid to see Beiqin.

As soon as I see that man, I feel that my heart is out of balance.

But she turned to look at the helpless colleagues around her, gritted her teeth again, and plucked up the courage to leave the office.

She took the elevator to the sixty sixth floor of the company.

Standing at the door, I hesitated again when I raised my hand.

If it's really because of her, what should she do?

For a moment, she was even more flustered.

After a few minutes of hesitation, she raised her hand again and knocked on the door.

“Mr. Bei, are you in there?”

“Come in!”

As the voice fell, a clear and pleasant voice came into her ears.

Just a sound, Bailin’s heart beat uncontrollably.

She took a deep breath and pushed the door open.

I saw a tall and straight figure sitting behind the desk, looking down at the documents in hand, hearing the sound of opening the door, his face did not lift.

Bailin took a look at Beiqin, then quickly looked away, lowered her head, and walked slowly in front of him.

“North Mr. Bei, there is something I want to tell you. ”

“What’s the matter?”

Men’s voice is a little cold and serious. It seems to be business.

His gesture made Bai Lin more uneasy.

Is she thinking too much?

Thinking of the man Zhang Yiyong was working for that night, she didn’t want to believe that Beiqin was the kind of villain who took revenge on others.

“President Bei, the proposal submitted by our department this time has been rejected. I want to know why?” She opened her mouth carefully. Smell speech, North Qin finger meal, put in the hand of the signature pen, finally looked up to Bai Lin.

The little girl drooped her head, fingers nervously holding the hem of her clothes, like a child who did something wrong.

Beiqin’s face was cold and his voice was undulating. Instead of answering her question, he asked, “do you think your group’s plan is very good?”

Bailin looked up at him and nodded, “this plan is the result of our group’s joint efforts for a month.”

Smell speech, North Qin sneered.

Don’t know why, Bai Lin hit a cicada on the back, intuition his next words are not good words.

Beiqin put the paper in his hand heavily on his desk and asked coldly in his voice, “did Lin Zhan ask you to come?”

Bai Lin was stunned and quickly retorted: “no no I’m coming on my own

Unexpectedly, Beiqin’s face is even more heavy, and his handsome face looks like the bottom of a pot.

“You like him?”

“.....”

Bai Lin was shocked and looked up at the northern Qin Dynasty. At this time, his deep eyes were like a cold pool.

He’s not happy now.

Why did he ask her this question? It seems that it has nothing to do with business?

Besides, it's her private business. She doesn't have to answer him.

So, she changed the topic and said, "President Bei, if it's because of last night, I'll tell you I'm sorry! I'm very sorry that I hurt you unintentionally!"

She didn't mention that she was OK last night. When she mentioned last night, he remembered that she would go shopping with Lin Zhan tonight, talking and laughing, and eating ice cream together.

They look like they are in love. Why is he so upset!

"Bailin, what are you still pretending to me?" The northern Qin Dynasty suddenly clenched its teeth.

"Ha?"

Bai Lin's big black and white eyes looked at the northern Qin Dynasty.

That pair of wet eyes, with ignorant and naive, people can't help but want to crush.

Just be looked at by her such a look, his body unexpectedly becomes tight.

He fidgeted to loosen his bow tie, lost patience, and said frankly, "be my woman, break up with Lin Zhan!"

"What What?"

Bai Lin's face suddenly changed. She almost thought she had heard wrong. She couldn't believe that she was looking at the man sitting in front of her.

His expression is very serious, very serious, not joking with her at all.

“.....”

After listening to Bai Lin's words, Bei Qin's eyebrows wrinkled into a Sichuan character. After thinking about it, he lowered his voice and said, “do you want me to break up with her?”

“You

Bai Lin's red eyes glared at him, “I don't mean that at all!”

How could he misinterpret her words like this?

She's not interested in being someone else's junior!

Her eyes had no deterrent power at all, and looked more like coquetry.

The haze in Bei Qin's heart dissipated in an instant, and he said with a faint smile: “don't worry about her, you are you, she is her!”

“North Qin!”

Bai Lin was so angry that she called out his name directly, and even “President Bei” didn't bother to call.

“How can you say such irresponsible things? I didn't want to be anyone's junior

“Don't want to be a junior? Is that right? ”

The northern Qin Dynasty mocked his lips.

Obviously, he refers to that night, Bailin climbed up and sealed the North bed.

Bai Lin was not very smart brain, listening to his sneer cold hum, even a second to understand.

Her white face turned red when she thought about that night.

“Not like that I didn’t think of climbing anyone’s bed at all. I was calculated that night!”

Bailin defended herself.

The thought of what happened that night made her angry.

Those people really went too far. They knew that she had just graduated, had insufficient social experience, and had poor family conditions. No one could support her. They even put something in her wine and then packed her up and sent her to lifengbei’s bed.

Later, she found out from them that the reason why she was recruited by the company was that she looked a little like Li Fengbei’s wife Wenqiao, so she packed her up and gave her to Li Fengbei to please him.

She met the president’s wife. She was a very beautiful and gentle woman. She was smiling when she saw everyone. In recent years, she has done a lot of good deeds in the name of Lishi group.

She admired and appreciated the president’s wife very much. Fortunately, she didn’t make a big mistake that night, otherwise she would have a bad conscience all her life.

Beiqin was stunned. It turned out that she didn’t want to climb the bed

Beiqin has been climbing and rolling in the stinky ditch of the shopping mall for more than ten years, but it's just a little thought that makes him understand.

She is similar to and ten years younger than winjo, so those people want to use her to please the president.

If you think about it, everything makes sense.

Beiqin was in a better mood. When he thought about it, his tone was more gentle.

“That night you took the initiative to pester me and kiss me. Do you remember?”

Recalling the details of that night, Bailin was flushed.

It's a strange feeling. Why are they standing here talking about the details of what happened that night?

Bai Lin came down and looked down at her toes.

Biting the lip, the voice is like a mosquito chanting: “if it's because of this, it seems that I am at a loss?”

It was the first time for her to think of his brave performance that night. She didn't know how many women had trained him.

When she thought about it, she felt like she was in the black.

North Qin picked eyebrows, eyes overflow a glimmer of brilliance.

He stepped forward again and pressed her against the wall again. “What did you say? A little louder

Bai Lin was so ashamed that she said, “I didn't say anything. You heard me wrong!”

“You say you’re at a loss!” Beiqin poked out her lie and said, “Why are you at a loss? That night you pestered me to ask you, I am a normal man, you seduce me, you have to take full responsibility! ”

“You

Bai Lin was so angry by his big words.

Listen to what he means, he has mistaken her today. Do you want her to be responsible for what happened that night?

She was unconvinced to explain for herself, “that night it was clear that I was unconscious. If you don’t want to, you can take me to the hospital!”

“I’m a normal man. I don’t have to spit out the meat that comes to my door!”

Bai Lin was about to cry when he said it. She said anxiously, “what do you want from me? How do you want me to make it up to you? ”

“Go on!”

Beiqin was close to her ears, and her ambiguous voice was accompanied by a warm breath, spraying the sensitive soft meat behind her ears, “I find that your taste is not bad. When I need it later, you can come on call.”

Bai Lin didn’t expect that he would make such a request. She was so angry that her cheeks swelled.

“Don’t you have a girlfriend? You can go to her if you need it! ”

Beiqin loosens Bailin, sits back in the office chair, takes a cigarette out of the drawer, lights it, takes a sip, and then spits out a beautiful eye ring at her. “I’m not interested in her. I’ve never touched her. I’m only interested in you!”

“.....”

Bailin couldn't believe her eyes. "Why don't I believe that?"

Last night, he and his girlfriend clearly had a very close relationship. How could he not be interested in her? I guess he cheated her again.

Bailin didn't want to entangle with him. She put her finger on the door handle and made a gesture to leave.

"Mr. Bei, please don't make fun of me in the future. We are all adults. Even if I seduced you that night, you took the initiative in that club. We are clear!"

Then she opened the door and left.

"Come here!"

Behind him came the cold voice of the northern Qin Dynasty.

Bai Lin didn't want to be obedient, but his momentum was so strong that she stopped unconsciously.

"President Bei, what else can I do for you?"

"Bai Lin, I won't force you to give you a night to think. If you can't hear your answer tomorrow, Lin Zhan and the whole three groups of you will have wasted a month's hard work."

Bai Lin glared at him angrily, "how can you do this? What do you want them to do with your grudge against me? "

“It’s up to you to say whether their plan is good or not!”

Beiqin said, looking down at the document in his hand again, “you can go away!”

“.....”

Bailin looked at his handsome side face, secretly clenched his fist, how to see this face before, how handsome, now it seems, how to see it is not flat.

She took a deep breath and strode out of the office.

She doesn’t want to be his lover. She’s not so cheap!

Since everything is because of her, she will leave the company tomorrow, so he will naturally let go of Lin Zhan and his colleagues.

Bai Lin made up her mind, went back to the office to pack up, and left the company with Lin Zhan after finding a reason for stomachache.

On the sixty sixth floor, Beiqin looked at his back in the computer and unconsciously raised his lips.

He suddenly found that she was very cute when she was angry.

On the sixty sixth floor, Beiqin looked at his back in the computer and unconsciously raised his lips.

He suddenly found that she was very cute when she was angry.

#### **CEO Daddy Is Too Passionate - Chapter 1468**

Beiqin originally thought that Bailin did not dare not refuse his request. However, Lishi group, as the world's first multinational group, has tens of thousands of employees. If there is no binding force, the company will not have to continue.

The personnel department was flushed by Beiqin's reprimand, but his words made her unable to refute.

She wiped the cold sweat on her forehead and nodded, "yes, I'm wrong. I'll call her back right away!"

It was said that she would call Bai Lin back, and Beiqin's irritable mood finally eased a little.

He frowned and waved impatiently. "You can go!"

"I'll do it first then!"

The personnel manager went off in a hurry.

The personnel manager breathed out a long breath as he closed the office door.

The general manager of Beijing was not like this before. The well-known smiling tiger in the company always smiles at everyone, so there will be no emotional moment at all.

It seems that Bailin is still capable.

The personnel department is stepping on high heels, walking to the personnel department while dialing Bai Lin's phone.

But Bai Lin was asleep at this time, and she didn't hear her cell phone ring at all.

She stayed up all night, and now the thunder can't beat her.

Last night, after she came home from the company, she didn't stop working. Instead, she thought about what Beiqin had said to her. The more she thought about it, the more angry she became. Finally, she simply turned on the computer and sat in front of it all night, redesigning a plan.

In fact, the last time the plan came down, she began to think about how to do it.

Originally, she wanted to express her views to Lin Zhan, but this scheme designed some secret secrets in the girl's heart, so she was a little ashamed and didn't take them out at the first time.

In the end, when Lin Zhan said his plan, she didn't speak at all and gave up the idea. After all, Lin Zhan's idea is much more mature than her.

But now it's different.

It's because she has implicated her colleagues, so before she leaves the company, she has to do something to make up for it.

If it was before, she would have difficulty in doing these things, and she didn't even know where to start. But after learning from Lin Zhan for more than a month, she was very proficient in many things.

Before the sun rose high, Bailin typed the last character on the computer keyboard and successfully completed the work.

Bai Lin sent the plan to Lin Zhan in the form of e-mail, and explained the situation. She offended the Beijing general manager, so she has been dismissed.

After sending the e-mail, she lay on the bed with her hands and feet open, hugged the quilt and fell asleep.

I'm so tired and sleepy!

She slept so soundly that she didn't hear her cell phone ring.

Beiqin sat in the office waiting for a call from the personnel department. However, after waiting for a whole hour, the result was that the other party didn't answer the phone.

But when he has no place to vent his anger, Lin Zhan comes to him with a new plan.

"Beijing General Manager This is a new plan made by our department!"

Lin Zhan stands in front of the northern Qin Dynasty.

Looking at Lin Zhan, Bei Qin thought of Bai Lin, and his heart became more angry.

He sneered coldly, "a new plan comes out in one night. Are you kidding me?"

Lin Zhan was embarrassed by what he said. He nodded and bowed his head and said respectfully, "President Bei, this plan is made by Bai Lin, please have a look!"

Bailin made it?

Beiqin glanced at the document in his hand in disgust. After a long pause, he took it from Lin Zhan.

I flipped two pages.

Immediately, his eyes were stunned.

My mind is rolling.

When did this smelly girl become so powerful?

She made such a plan.

This plan is better than the one on Lin's show.

Li's new high-end mobile phone is mainly aimed at young women with petty bourgeoisie.

Lin Zhan's plan is a lovely thing that little girls like, while Bai Lin's plan is a variety of handsome guys, including overbearing president, cold brother, warm little suckling dog

This kind of setting can attract the attention of petty bourgeois young women.

Beiqin looked at those tall and handsome characters, and slightly twisted his eyebrows.

She's telling everyone that these handsome guys live in her heart?

Seeing that Beiqin's expression relaxed, Lin Zhan tentatively said, "beizong, Bailin She is a very talented designer. She is competent for this company. Can I ask her for a favor and not fire her?"

Lin Zhan looks at the information in the email and calls Bai Lin for the first time.

But she couldn't get through.

He thought that Bailin had offended Beiqin, and then he was fired. He took the plan she had written and personally handed it to Beiqin to plead for her.

Beiqin is sitting on the armchair. His sharp eyes are looking at Lin Zhan's worried eyes. His face is more and more heavy. Did they show their love in front of him on purpose?

Isn't death fast enough?

In spite of his anger, Bei Qin Qiang put the document on his desk and did not express his opinion. He just said coldly, "you go out first, and let her tell me her plan in person."

Lin Zhan's eyes brightened and nodded, "OK, I'll call her and let her come to the company."

"Go

Looking at the smile on Lin Zhan's face, he almost broke a mouthful of silver teeth.

Two people care about each other, they are reluctant to suffer from each other, right?

Beiqin leans his back on the leather seat and takes out his cell phone to call Bai Lin.

Bailin didn't know how long she had been sleeping. The sunlight outside the window had moved to the empty space. She threw it into the room through the window and shone on her white face.

Maybe it was too hard for her to take photos. She whimpered and turned over.

I was sleeping soundly when I heard a ringing of my cell phone.

### **CEO Daddy Is Too Passionate - Chapter 1469**

The ring of the mobile phone sounded like a life-threatening sound, more and more quickly.

“Who is it?”

Bai Lin couldn't bear it. She didn't even bother to open her eyes. She ran her fingers around the bedside table, touched her cell phone and connected it with her memory.

As soon as the voice fell, there was a voice of impatience from the other party.

“Why don't you answer the phone? What are you doing now?”

“.....”

Listen to the man's angry roar, Bailin instantly wake up.

She sat up from the bed, reached out and rubbed the head of a chicken coop, pursed her little mouth and said, “what are you doing? Do you want people to sleep?”

As soon as the words came out, the other end of the mobile phone was silent. It seemed that she didn't expect to say such a sentence.

“Are you still sleeping? Do you know what time it is? Three times the salary will be deducted if you are late for work!”

Bailin rolled her eyes.

Even though she can't see each other's expression through the mobile phone, she can imagine that he must be angry now.

Bai Lin said to her mobile phone: "President Bei, I have resigned! I'm not afraid if you punish me three times or thirty times my salary!"

She resigned ahead of time and lost her monthly salary.

At the thought of the salary, she felt a pain and cursed Beiqin a hundred times.

Asshole!

Bad guy!

Alas, it's a pity that she is so stupid that she can't scold anything except these words.

Beiqin was obviously choked by her words, so angry that he even said "yes".

"Good, good! What can you do? Believe it or not, I'll fire all my colleagues in your department and let them pay for your willfulness

Bai Lin felt a thump in her heart. She knew that the North Qin Dynasty was only threatening herself, but she still scolded: "are you abnormal? I offended, no I don't seem to have offended you, do I? What happened that night, how did you lose? You so many women, I was the first time, how to see is also my loss, you even pedal nose face! Beiqin, do you want a face?"

Originally in the face of what she liked, Bailin could not say anything else.

Maybe she didn't sleep well all night, and because she was really holding her breath in her heart, she scolded so much in a hurry.

After scolding, both of them stopped.

Bai Lin felt remorse.

Why did she scold him?

But scolded him, she did not regret at all, this man obviously owes scolds.

She has given in to such a situation. Why threaten her with her colleagues?

Think she is a soft persimmon, can you knead it?

After pausing for a few seconds, Beiqin suddenly burst into laughter.

It's just that the laughter doesn't mean well, which makes people feel hairy.

"Well done! Do you really think I dare not? I'll give you an hour. I can't see you after an hour. Your colleagues will go away with you!"

After roaring, Beiqin hung up directly.

Bailin's heart jumped and began to get nervous.

"Hello! Why are you doing this?"

Regardless of her struggle, the other party has hung up.

"Asshole!"

Bai Lin yelled, almost throwing out her mobile phone.

She bit her teeth, as if biting each other's flesh, "what do I have to do to let me go! Ah, ah, ah

Bai Lin rubbed the head of the chicken nest and lay on the bed, whining.

Originally intended to sleep in the dark, sleepy, but now have to get up to wash, to the company.

Her family lives far away from the city. It is obviously impossible to take a bus from her family to the company for more than two hours.

It's worth dozens of dollars in the past.

But just now Bei Qin said that if you want to see her in an hour, you can only take a taxi even if you have a pain.

He raised his hand, looked at his watch, pinched the time and trotted all the way to the 66th floor in 55 minutes and 48 seconds.

He opened the door of the office and stood panting in front of Bei Qin.

"What do you want me to do?"

Bei Qin is looking at the e-mail on the computer. Smelling the words, he looks up at her and points to the document on the desk with his chin. His eyes are suspicious and he asks, "did you make this plan by yourself?"

Bai Lin didn't know that Lin Zhan gave her plan to Bei Qin, so she picked it up doubtfully.

Turned two pages, then puzzled ground wring brow.

“From leader Lin?”

“Ha ha! You two are in love

Beiqin put down the mouse and looked up at her with golden eyes.

The eyes and his tone, it is not a blessing, only a deep contempt.

Bai Lin choked, “President Bei, how did I offend you? Just say it” I made it very clear yesterday!”

Bai Lin

I was very helpless.

What he said yesterday was to let her be his woman. She also made it very clear that she would not be the third party in other people’s relationship, even the man she liked.

Every word she said was true, and she did it, but Beiqin didn’t believe it.

“You already have a girlfriend. I’m not interested in being a third party. This is the basic bottom line of life. Can you understand what I’m saying?”

Bai Lin tried to restrain the roaring anger in her heart and opened her mouth with good words.

North Qin immediately frowned, sharp eyes looked up and down at her, as if to see through her heart.

For a long time, he said in a low voice, “you don’t like me so much?”

“Alas! It’s not about whether I’ll treat you or not. I’m just a very ordinary girl. Do you fall in love with me after sleeping with you twice? ”

Bai Lin asked.

She was so confused by his reaction that she didn’t know what to do.

If you don’t put things straight, he’ll hold on to her like this all the time.

Beiqin stared at her white face, and her face became colder. “You think it’s beautiful! What’s good about you? Why should I like you? ”

“.....”

Bai Lin choked.

Although what he said was true, why did he feel so uncomfortable in his heart!

She tried to ignore the uncomfortable feeling in her heart and said with a smile, “so, why do you always stare at me when you don’t like me? You always stare at me and make yourself unhappy. Don’t you mean to find fault for yourself? ”

Beiqin is said by her center matter, a burst of blush.

In fact, he thought he was incredible.

Since you don’t like this woman, why do you always hold on to her.

It’s like I think as long as she left his sight, he began to fret and wanted to keep her in front of him all the time.

This guy is not honest at all. He is not a woman. As soon as he leaves him, he can hook up with other men.

As for why he had this abnormal idea, the northern Qin Dynasty would not go into it at all.

### **CEO Daddy Is Too Passionate - Chapter 1470**

Two people sit one station, four eyes, stare at each other, so silent confrontation.

The northern Qin Dynasty was the first to lose the battle.

I rubbed my tired temples.

“Bailin, I’ll give you two choices. If you continue to work in the company, you will be paid everything. I’m not your fault for the mistakes you made before and today’s innocent absenteeism.”

Bai Lin frowned slightly, “the second choice!”

Beiqin opens her eyes and stares at her sharply. “Because of your willfulness, you implicate the people in your whole office. They don’t want you to go away together and pay for your childishness!”

“You

Bailin choked her neck uncomfortably, “where am I childish? You are the one who is clearly childish

She really couldn’t understand that Beiqin was such a person. She thought he was a gentleman with elegant demeanor. Unexpectedly, he was a rogue!

Beiqin looked at her in his spare time, looking at her shriveled appearance. His anger was a little better, and his evil spirit raised his lips.

“Give you two minutes, you have a good choice! If you don’t choose, I will default that you choose the second one! ”

She fired all her colleagues in the office because of her!

Originally, Bai Lin thought that he would not do this, but a vice president really had the right to fire several employees of the technology department. It was just that the man was shameless enough.

Beiqin knew that she was hesitating and tangled, and was not in a hurry. She slowly counted the time for her.

“One, two, three...”

Being counted like this, Bai Lin’s heart was even more confused.

She clenched her fist, gritted her teeth, and cried anxiously, “don’t count, don’t count, I’ll take the first!

“Choose what?”

Man sexy lips with a smile, knowingly asked.

He just wants to force her to say it himself.

Bailin secretly pinched his fingers, this bad man!

Why didn’t she find out that the character was so bad before!

She confessed and said, “I volunteered to stay and work hard. It’s my fault to be absent from work today. I’m wrong!”

“I wish I knew it was wrong!” Beiqin said, “I know it’s wrong. I can’t say it. You write a letter of guarantee and give it to me. If you write it well, I’ll forgive you.”

“You...!”

Bai Lin rolled her eyes in anger.

“Just now you said that you would no longer pursue my fault! How can you turn back? ”

“Do you have one?”

Beiqin chuckles and looks at her in a hubris way. It seems that she remembers it at this time. She suddenly realizes and says, “Oh I remember, I said that, but I don’t run this company. I’ll give you special treatment for special situations, but as an employee, you have to show an attitude, don’t you? ”

“.....”

Bai Lin was speechless when he said, “do I have to thank you?”

“No thanks! If you want to invite me to dinner, I can accept your invitation with reluctance

Bailin was almost vomited by this man’s impudence.

Thanks to her, she thought he was some kind of male god. He turned out to be a thick skinned, oily middle-aged man.

At this point, it’s no use to say more. Bailin said, “OK, I’ll write! I’ll write it right away! I’ll be busy first. Bye

Bailin took her plan and ran away.

Looking at the closed office door, Beiqin unconsciously raised his lips.

Not even himself, his eyes became very gentle.

When Bai Lin returned to the office, Lin Zhan welcomed him happily.

“Bailin, why did you suddenly say you wanted to resign today? You scared me. What’s the matter?”

Bailin pursed her lips, then grinned with a sweet smile.

“When I got home last night, my inspiration burst out and I sat in front of my computer and made a plan all night.”

“You know that’s not what I asked, it’s about resigning!”

Bai Lin knew she couldn’t make it, and sighed.

“If I say I just stay up all night to make plans. I feel so tired that I suddenly don’t want to do it. Will you believe it? ”

“I don’t believe it!”

Lin Zhan replied without thinking.

Bai Lin is a well-known workaholic. How can she leave the basket because she stayed up all night.

What’s more, she needs money so much now. How could she be willing to lose her monthly salary?

It must be a very important reason.

Thinking of the reaction of the northern Qin Dynasty, Lin Zhan tentatively asked, "Bai Lin You and President Bei What are the festivals? Why is he so angry?"

She also wanted to know about that.

"I also want to know why he is aiming at me like this!"

Lin Zhan looked at her serious appearance and knew that she had not lied. His heart suddenly became confused."The north is not like that?"

Bai Lin doesn't want to discuss this with Lin Zhan. As long as she thinks of Beiqin, she has a big head.

Bai Lin waved her hand and changed the topic: "leader Lin, let's not talk about this person any more. Let's work!"

"Bailin..."

Lin Zhan always feels insecure.

As for what is not practical, he can not say why.

Anyway, it's like something's going to get out of control.

He knew exactly what kind of woman Bailin was.

She is kind and kind to others. She is not the kind of person who will offend others. On the contrary, she has many shining points. She is not only industrious and kind, but also very good-looking.

It's not his boast. The whole company is even Bailin's best look, especially the two watery eyes, flickering as if they could talk!

Lin Zhan originally wanted to help Bai Lin, but the other party obviously didn't want to talk more about it, so he had to give up.

Bai Lin sat on her desk, turned on her computer and began to look sad.

Guarantee?

How to write the guarantee?

When she was in school, she was a good student in her class. It was the first time that she wrote a letter of guarantee.

Thinking of the man who asked her to write a letter of guarantee, Bai Lin was speechless and furious.

But who told her that he was her leader or her superior? She was a little technical assistant, and she couldn't afford to offend her.

Oh, it's so sad!

Bailin moved her finger, opened the browser, and entered the word "letter of guarantee" on the keyboard.

Just knock, have not had time to search, the side of Xiaomei came together.

"Bailin, what's the matter with you this morning? You are so bold that you dare to be absent from work. Don't you know that if the company is absent from work for no reason, it will be fined three times the salary?"

Before Xiaomei finished speaking, she suddenly saw Bai Lin typing the three words in the search column.

“Guarantee? Are you going to write a guarantee?”

Listen to colleagues exaggerated tone, Bai Lin is too shy to find a hole to get in.

Why is she here?

If she had known that, she should not have taken the application. At that time, she should have been far away from Beiqin.

Alas, unfortunately, there is no if.
