CEO Daddy Is Too Passionate - Chapter 1472

“What else do you want?” Bei Qin looks at Hangyu with an unhappy face.

Hangyu didn't see anything, some regret, smilingly said: “nothing more, then I'll be busy first!”

Just now, it seems that the general manager of Beijing was reading the email on the computer, right? As far as he knows, this mailbox is also an internal mailbox specially used for work. It's the first time that Beijing general manager has ever seen it smirk at the computer.

HangYu Tucao in mind, North Qin make complaints about a line on the computer screen.

I'd like to know how to change to my office.

Bailin thought about it.

No!

Mr. Bei, are you so free? Why do you have to stare at me to write a guarantee?

Bai Lin asked angrily.

I stare at you for your own good! Do not so much nonsense, or write quickly, until I am satisfied, will not write up, I teach you to write!

Teach you to write

Bailin read this line several times, and her face turned red.

Is she usually read too many novels, why does she think this sentence has a little bit of that what ambiguous taste!

The man teases the woman and holds her on her lap. The woman's back is close to the man's chest. The man deliberately leans to her ear and says in a low voice, "woman, have you learned?"

Ah, ah, ah!

What a shame!

Bai Lin slapped her face with two suspicious blushes. She even drank two mouthfuls of water and forced her shame down.

Wait until the steady mind, just hit a few words heavily on the keyboard.

Good idea! I write it myself!

Bailin is staring at the computer again.

What does the northern Qin want to do?

It's a bit awkward to listen to him, but how can I say that if it's not interesting to you, how can I spend so much time dealing with you?

Is Like her a little bit?

The idea stayed in his mind for only a second, and he immediately denied it.

How can it be!

How could he like her? He hated her.

Yes, I must hate her!

Hate that she seduced him that night, and even regarded her as a bed climbing woman, despised her.

When Bai Lin was in a daze, Lin Zhan clapped his hands in front of the office.

“Let’s go to the conference room and have a meeting.”

Bai Lin quickly put away her thoughts, picked up her notebook and went to the meeting room.

Sitting on the main seat of the rectangular conference table, Lin Zhan glanced at Bai Lin, and a faint light flashed in his eyes.

“Bailin, your plan has been approved above, and you will be the project leader of this case in the future.”

Lin Zhan had a smile on his face.

He is her group leader, she is his hand up, should be happy for her success, but his heart is not happy.

Bailin is beautiful, he looks so, all the courage to pursue her, it is because of his advantage in the work.

His favorite moment is when Bai Lin meets some difficulties and he helps her solve them. Then Bai Lin looks at him admiringly.

But now, she has grown up, so quickly to be able to stand alone, and even to be a project leader.

Thinking about this, he had some bad feelings in his heart.

Smell speech, Bai Lin whole person is stunned.

“Ah?” She opened her eyes and asked in disbelief, “leader Lin, do you think I will be in charge of this project in the future? What does that mean?”

She is just a little technical assistant now. During her internship, she is not even a formal employee. How can she be the special person in charge of the project?

Lin Zhan: “you heard me right! From now on, you will be in charge of this project! Congratulations

Bai Lin was happy and worried. She didn’t know what to do.

She was happy that her ability was recognized, and worried that her inexperience would screw up the project.

“Leader Lin, I’m just an intern...”

“Don’t worry about that! From today on, you have become a regular employee! Come on

Although Lin Zhan was uncomfortable, he encouraged Bai Lin.

Bai Lin was deeply moved. She was able to grow up, which had the indelible function of Lin Zhan.

“It’s very kind of you, group leader Lin! Thank you Bai Lin showed a sincere smile to Lin Zhan.

When colleagues heard the news, they were as surprised as Bai Lin.

Bai Lin is an intern. How can she undertake such a project?

Everyone subconsciously thought that Lin Zhan wanted to please his girlfriend, so he gave her such an opportunity. He was somewhat unconvinced.

However, when Lin Zhan announced that the new scheme was designed and written by Bai Lin alone, everyone was shocked. How could such a plan be written in one night?

“Bailin, are you really too good? How on earth did you do it? You’re a genius in design

What everyone said is exaggerated, but Bailin does have talent.

Bai Lin was embarrassed by everyone’s praise and said with a smile: “in fact, I just had a little inspiration, not a real ability.”

Xiaomei has the best relationship with Bailin, and immediately retorts: “inspiration is strength, right? Don’t be modest

Quan Zhenzhen hands ring chest, tone sour tunnel: “what’s so proud, it’s not relying on men.”

Bai Lin’s smile froze and she looked at Quan Zhenzhen.

Before speaking, Xiaomei said, “Quan Zhenzhen, you can’t see anyone, OK? Bai Lin can write a brand new plan in one night. After all, it is adopted by the people above. Are you ok? ”

“Hum!”

Quan Zhenzhen snorted arrogantly, “who knows if she wrote it alone? Did you see it with your own eyes? ”

Anyway, she just didn’t think Bailin had such ability.

She has been in the company for three years. She is still an unknown employee. She even has a crush on Lin Zhan for three years. She explicitly implies that she doesn't know how much she has done, but Lin Zhan just turns a blind eye to her.

She's just not convinced.

Xiaomei held her neck to fight against Bai Lin: "I don't see why I want to tell you! Who are you

Seeing that they were going to quarrel, Bailin quickly pulled Xiaomei's arm, "Xiaomei, let's go!"

It's a waste of time to argue with people who don't like you.

Small beautiful white one eye, hate iron not become steel tunnel: "what are you afraid of? Didn't you make this plan?"

"Of course I did!" Bai Lin said helplessly, "I don't like to quarrel. I can have one more design at this time."

"All right, all right, I'm convinced!"

Xiaomei has a good impression of Bailin.

Although from the moment she entered the Department, many people doubted her ability behind her back. After all, with her education background, she could not enter a company like Lishi group, but her efforts were obvious to all. She worked harder than any of them.

CEO Daddy Is Too Passionate - Chapter 1473

As soon as she got back to the office, Bailin found several new e-mails on her computer.

It's all from Beiqin.

Why don't you talk?

What are you doing? Talk!

Don't talk. I'm in your office.

When she saw this, Bai Lin's eyebrows jumped.

What did he come to their office for?

Originally, it was said that she came in through the back door relying on her relationship. If we knew that they knew each other, we would think in a bad way.

So he must not be allowed to come down.

Bailin looked at the time on the e-mail. Ten minutes had passed.

She's worried. He's not coming down, is he?

Bai Lin replied to an email with anxiety.

I didn't see the email in the meeting just now. What are you doing down here? Don't mess around! I don't know you!

The mail came back soon after it was sent out.

Across the screen can feel the man's hegemony.

As Bai Lin shamefully returned his message, she heard a loud sound of footsteps at the door and the laughter of the technical director.

"How did the general manager of Beijing come to the technology department to direct the work in person today?"

"It's a rare opportunity. You can hold it well. Beijing is always the youngest computer doctor in Q University. You should consult him well."

Bai Lin's face changed and she looked up to the door.

I saw wearing a black suit, the figure of a straight man in the technical director and a few managers surrounded into the office of their three groups.

"Everyone stop their work and listen to Mr. Bei's words."

Everyone stood up one after another and said respectfully to the North Qin, "the north is always good!"

Bailin looked at Beiqin secretly, holding her fingers tightly.

He must not do anything out of line, or she can't explain it clearly.

When Bailin looked at him, Beiqin felt her sight and immediately turned to look at her.

The deep eyes, mysterious like the sea, and like a vortex to absorb her.

Bai Lin was surprised and quickly looked away.

Beiqin walked towards her with his feet raised. Bailin's heart beat faster, and her heart was about to jump out of her throat.

Don't call her, don't call her

She said it in her heart.

Beiqin deliberately opposed her. Knowing that she didn't want to see her, he stopped by her side.

Lin Zhan came forward and asked respectfully, “general manager of Beijing, do you have any instructions for coming to group 3 today?”

“No instructions, but there’s one thing.”

“Please make it clear.”

Beiqin took a look at Bailin and asked, “does your group have an assistant named Bailin?”

“Ah?”

Lin Zhan was a little confused for a moment. Didn’t he know Bai Lin? Didn’t you see Bailin home that night?

Doesn’t he know Bailin’s name?

After all, Beiqin is a senior leader of the company, and it’s normal not to know the name of a technical assistant.

Lin Zhan said: “she is Bai Lin!”

Bai Lin is still sitting on the seat, Lin Zhan frowns, “Bai Lin, the North always calls you, you come quickly!”

“Oh...”

Bai Lin just got up and slowly drove to the front of Beiqin, pretending to say: “President Bei, I’m Bai Lin, what can I do for you?”

“You did that last time?”

“Yes...”

Bailin bit her lip. Didn't he know it was her? Why do you know so well?

In Bai Lin's heart, he thought angrily, and Beiqin said, “this project is very important. It's related to the company's products and opening up a new market, so I will take over this project myself. In the future, you can report to me directly about your work!”

“This I'm afraid that's not appropriate?”

Bailin asked in a hesitant way.

She also looked at the technical director and manager behind Beiqin.

Not to mention that her work should be reported to Lin Zhan, even Lin Zhan should also report to the director or manager. How can she report directly to the vice president?

The director's face has changed, and his heart is in a panic. Is it the place where Beiqin is not satisfied with his work?

“Mr. Bei, is there anything that makes you dissatisfied with my work? If you point it out, I will change it!”

”

“Mr. Wang, don't be nervous. This matter has nothing to do with you. I handle it personally. Assistant Bai will report to me directly, so as to save some unnecessary links. After all, I'm in a hurry now.”

Smell speech, director secretly wiped a cold sweat.

“Yes, I'm not thoughtful!”

He looked at Bai Lin and said, "Bai Lin, I'll work hard with beizong in the future. There's a bright future ahead." Speaking of this, she had no choice but to bow and bow. "Good director, I will follow the North president to do a good job."

Looking at the man's face, she knew that the man must make fun of her.

However, the word fell into the ears of Beiqin, and the eyes that looked at her were deeper. It swam on her small face and fell on her bulging chest

Bai Lin literally means it. I didn't think so much about it. If I knew that the word Beiqin understood it in this way, I would have vomited blood in anger.

The northern Qin Dynasty was never a master who would treat himself badly in this respect.

And he has been very mature, not the kind of straight guy who just fell in love and didn't know anything.

Cheeky or something, thick enough!

Generally, in the relationship between men and women, as long as a man's face is thick enough, women will have no way to take him.

Beiqin curled his fingers and tapped on Bailin's desk. He said solemnly, "I'll discuss something with you. Come with me."

"Yes

In front of so many people, Bai Lin did not dare to say anything superfluous.

Beiqin took Bailin out of the office. They came and went in a hurry, which made the whole technical department confused.

“What does Mr. Bei mean?”

“He came to the office to call Bailin away?”

director, colding his face, rebuked, “are you all idle? Don’t talk about your boss behind you. Work hard!”

Everyone looked at each other, looked at each other, and sat down in their respective offices.

Obviously, the company’s intranet suddenly became active. It was all about Bai Lin and Bei Qin.

And two people, one in front of the other in the elevator.

In a short time of one minute, Bai Lin was on tenterhooks.

Beiqin is not so stingy, because she will get even with her if she quarrels with him?

CEO Daddy Is Too Passionate - Chapter 1474

One by one, they passed the Secretary’s office, and when they came to the separate vice president’s office, Hangyu looked up at Bai Lin’s passing figure outside the window.

He frowned suspiciously.

Is the frequency of this little assistant too high during this period?

Bai Lin felt the line of sight cast by Hangyu. Her eyes were opposite. She was stunned for a moment, then nodded with a smile and said hello.

Hangyu grinned at her immediately.

This scene was just captured by the northern Qin Dynasty, and his face immediately became ugly.

This woman is not reserved at all. She can send out electricity to anyone!

“Hurry up!”

Coldly, he yelled at Bailin.

Bai Lin’s heart leaped and she trotted to keep up.

This person is really too awkward, although the sex is very good, but temperamental, too difficult to get along with!

Hum!

Looking at her dogleg to follow up, Beiqin’s face finally a little better.

Beiqin walked into the office first, not leaving immediately, but waiting for the door.

Bailin looked at him with a puzzled face. Standing at the door, she didn’t dare to come in. She felt that there was danger.

Seeing this, Beiqin’s face sank again and said coldly, “come in!”

“.....”

In fact, Bai Lin is still very afraid of Beiqin. With his roar, she even forgot her fear and hurried into the office.

The door was immediately closed and locked.

Listening to the moment when she closed the door and locked it, her heart beat fiercely, staring at him warily, "President Bei, what are you doing locking the door?"

"What do you say?"

The slender steps of the northern Qin Dynasty gracefully walked towards her. The deep eyes were staring at her dimly. The bright eyes were like hungry wolves seeing the prey that jumped to their mouths.

Bailinshui Lingling's big eyes stared at him warily, even retreated a few steps, "you have something to say, don't mess around!"

Her flustered appearance is really like a little white rabbit, which can arouse men's desire for control.

Beiqin eyes slightly dark, three or two steps on the past, approaching Bailin.

"Ah

Bai Lin was so frightened that she fell down on the sofa.

Beiqin's tall body was pressed down, and her slender and powerful arms were on the sofa, on both sides of her body.

"Don't you know what I want to do?"

He also highlighted the word "Gan".

Bailin didn't understand his meaning, but her eyes were bright and full of desire, and she understood it in an instant.

Her face instantly turned red, like a cooked crab, and she quickly stretched out her hand to support his hard chest.

Cold face.

“Beiqin, can you be serious? This is the company! This is the office

Maybe there’s a camera or something in the office.

“What happened to the office? The office is exciting The northern Qin Dynasty didn’t think so, but his handsome face was not smiling.

It’s fun to tease her. It’s a good feeling.

“.....”

Bai Lin is still a college student who has just graduated. She has never been in love before. When a man says such explicit words, her face turns red and her speech starts to stutter.

“North Beiqin, how can you say such a thing?”

I’m still looking the same.

Sure enough, is this a veteran of love?

Beiqin looked down at her white and red face. She was so angry and shy. It was so lovely.

I really want to pinch it.

In fact, Beiqin thought so and did so.

He held her small face, white and tender, with a little baby fat on it. The touch on her fingers was delicate and smooth, completely different from the skin of a man. It was like a newly shelled egg, which made people want to take a bite.

Beiqin's eyes fell on her ruddy lips. Her eyes narrowed and darkened completely.

The finger that section bone is distinct pinches her chin, bowed a head to kiss up.

“Well...”

Junlian not only got close and began to struggle, but her strength was not his opponent at all. What's more, she was completely covered by him on the sofa now, and there was no place to escape.

Beiqin used to stick to her lips and feel her softness and warmth. All of a sudden, her blood was boiling.

her body has not much, if any, the faint fragrance of perfume, which is different from the smell of perfume.

He discovered the problem as early as the first night.

The smell of milk on her body is very good. It's addictive.

Did Lin Zhan smell her?

The idea poured into his mind, and the northern Qin Dynasty clenched his teeth and swore.

“Goblin, you seduced me!” Beiqin pinched her chin fingers, and the kiss became intense.

“Well...”

In this posture, Bai Lin tried to raise her head and was forced to bear his rough and violent kiss.

Soon, her neck became sore and began to protest discontentedly.

Beiqin finally let her go, but did not let her go. Instead, he picked her up and put her on his desk.

Things on his desk were swept aside by him.

Bai Lin realized what he wanted to do and jumped off his desk to escape.

However, before taking a step, Beiqin fished her back and buttoned her between the desk and his chest with a big figure.

“Beiqin...”

Bai Lin bit her lips, and her black and white eyes glared at him, “will you let me go? I’ll write a letter of guarantee. I’ll make you satisfied. ”

This sentence she did not think, will give a desire dissatisfied man what kind of effect.

His deep eyes swept up a strong storm, clasped the back of her head, and even touched her behind.

“Well...”

With a chill on her body, Bai Lin’s eyes widened to the limit and reached out to push Bei Qin fiercely.

Beiqin felt her resistance and stopped her hand, but her mouth didn’t stop. The fierce kiss became gentle.

The pain disappeared, Bai Lin's whole body was numb, his kiss seemed to have some kind of magic, her whole body's strength seemed to be drained, and there was that kind of dizzy feeling in front of her eyes.

She was secretly annoyed.

Is he too skillful or is her body too sensitive?

She has no time to think about it.

An hour later, she was too tired to lift her finger.

The previous two relationships.

For the first time, she didn't feel at all. She didn't know what she felt. The only feeling she could recall was pain. She felt that her body was split into two pieces.

The second time he was angry, it was impossible to give her a good experience.

This time, she really realized the happiness of becoming a woman.

Bai Lin's heart was empty, and she wanted to cry.

She bit her lip and tried to bear it, but she couldn't help crying.

"Wuwuwuwu ~"

Beiqin arranged her clothes and took her down from her desk.

"What are you crying for?"

But when Bei Qin asked, she cried even more.

She didn't know why she was crying.

CEO Daddy Is Too Passionate - Chapter 1476

She won't believe him.

“What's your relationship? You look so close!”

Think of that woman sitting in the co driver's seat in his car, and her voice is so gentle, it must be a girlfriend or other ambiguous relationship.

Bei Qin had no choice but to say: “it's a blind date, the daughter of a good friend of my mother's. I heard that she was a talented student who came back from abroad!”

In fact, Bei Qin said this casually, and what he said was all true. Gu Tiantian really came back from studying abroad. I don't know whether it's true or not. He didn't have the leisure to understand her.

But this sentence fell on Bailin's ears, and she was so angry that she was about to cry.

Understand so clearly, even said it doesn't matter!

Scum man!

Bailin gave Bei Qin a push, and her big watery eyes glared at him.

“She's a top student who came back from studying abroad. You like her. I'm just an ordinary college student. I'm nothing!”

Beiqin didn't expect that Bailin would push him. Suddenly, he was pushed away two steps.

Looking at her wronged appearance, she burst out laughing, "are you jealous?"

Bai Lin choked.

She's really jealous, but she won't admit it.

She blushed, choked her neck and said, "I didn't! Who wants to be jealous of you? Who do you think you are?"

Beiqin was scolded, not only not angry, but very happy, can't help reaching out and pinching her lovely face, "little girl, you are so lovely, how can you be so lovely! Cute enough to eat you

Eat

Eat

Is that what she meant?

When Bai Lin's face was hot, she blushed like a cooked shrimp and stamped her feet angrily, "how can you be such a hooligan! Hum

Bai Lin was so ashamed that she ran to the stairs.

As soon as he choked, he responded, sighed helplessly, rubbed his eyebrows, and ran after him.

"What a little girl

It's a novel experience for the northern Qin Dynasty to get angry all the time.

The women he used to get along with were very sensible. They didn't dare to make trouble with him like this, but Bailin made him feel like a mess.

And most of all, he still can't figure out what the girl thinks.

But people are cheap, the more difficult it is to think about it, the more they want to think about it, and there is an unprecedented desire to conquer.

Bai Lin ran downstairs in one breath. As soon as she entered the elevator, she was held up and turned around to enter the elevator.

Behind him is the familiar smell of men. You don't have to turn around to know who it is.

Bailin struggled for a while. The tighter the man's arm was, she couldn't shake him at all.

She simply did not struggle, cold face roared: "let go! If I don't send it away, I'll call for help

She was so flustered that it was the company or the public elevator. He just hugged her waist and was seen by the company's colleagues. Even if she jumped into the Yellow River, she couldn't wash it.

Seeing that she was so worried, Bei qin deliberately blew a mouthful of heat in her ear and said with a smile, "don't you want to have anything to do with me?"

"What good is it for me to have a relationship with you? Originally, everyone was talking behind their backs. I went through the back door and looked at us like this again. I couldn't tell you clearly. "

For this, the northern Qin did not agree at all.

"Why do you care so much when your mouth is on others? What's more, you came in through the back door, otherwise you thought you could enter the leas group with your third rate college diploma? "

“You!”

Bai Lin was angry and cried because of Beiqin’s boldness. “I was really recruited by you through the back door, but I didn’t ask you to open the back door for me!”

Beiqin knew that he had gone too far. He quickly restrained his expression on his face and said with a smile, “well, well, aren’t you doing well now?”

Thinking of the perfect plan, Beiqin looked at the girl with a trace of appreciation.

“It made me look at you with new eyes. I thought you were a vase for making soy sauce. I didn’t expect you to be a king. You only came to the company for a month, and even made such a perfect plan alone. It’s a miracle.”

Bailin was embarrassed by his praise.

Girls this is so, in the face of their favorite man, each other casually say a few good words, immediately fainted.

But Bailin was very happy for a few seconds, and then she reacted quickly.

Cold down the small face again, push away the North Qin, cold hum a, “don’t change the topic, we just discussed is not work.”

Looking at her angry appearance, Beiqin could not help pinching her pink face and said with a smile, “what do you want?”

Bailin waved his hand and looked at his cheek.

“Don’t be so close to me, don’t bully me, and don’t force me to do that kind of thing, or I’ll resign from the company!”Thinking of being bullied by him in the office just now, I was angry and ashamed.

What annoys her is that her position is not firm, especially when she hasn't found out if she has a girlfriend.

She was filled with guilt and anger at the thought that he might have lied to her by saying that he didn't have a girlfriend.

Beiqin listened to her words, pursed his lips and kept silent.

It's OK not to force her to do that, but it can't be done far away from her.

The elevator jingled to the first floor.

Bailin Leng next, this just remembered that she just did not press the floor, originally she was going back to set up in the tenth floor of the technology department.

She was ready to press 10 keys, just reached out, and was grabbed by the man's powerful fingers on the wrist.

He pulled her out of the elevator.

"Follow me!"

Bai Lin's face changed, holding the pillar beside her and struggling: "I won't go, you let me go!"

Beiqin turned to look at her, then pinched her sore brow, put her arm through her knee and back, and looked at her directly.

"Well, what do you want to do? Let go of me

Seeing that she was not good, Beiqin patted her ass heavily.

“Be honest, if you do anything more, I’ll take care of you here!”

“You...!”

Bai Lin was shy and angry. Her face was as red as a cooked shrimp.

She calmed down and said, “Beiqin, you bastard! How can you spank me? ”

She is already an adult. How can he do that!

Is she going to lose face?

Beiqin took her around the corner and went directly to the underground parking lot. He took out the key and the car opened the back door automatically.

Beiqin put Bailin in, closed the door again and locked it.

Bailin slapped the door restlessly, and her lungs exploded with anger.

“Open the door, what do you want to do?”

CEO Daddy Is Too Passionate - Chapter 1476

She won’t believe him.

“What’s your relationship? You look so close! ”

Think of that woman sitting in the co driver's seat in his car, and her voice is so gentle, it must be a girlfriend or other ambiguous relationship.

Beiqin had no choice but to say: "it's a blind date, the daughter of a good friend of my mother's. I heard that she was a talented student who came back from abroad!"

In fact, Beiqin said this casually, and what he said was all true. Gu Tiantian really came back from studying abroad. I don't know whether it's true or not. He didn't have the leisure to understand her.

But this sentence fell on Bailin's ears, and she was so angry that she was about to cry.

Understand so clearly, even said it doesn't matter!

Scum man!

Bailin gave Beiqin a push, and her big watery eyes glared at him.

"She's a top student who came back from studying abroad. You like her. I'm just an ordinary college student. I'm nothing!"

Beiqin didn't expect that Bailin would push him. Suddenly, he was pushed away two steps.

Looking at her wronged appearance, she burst out laughing, "are you jealous?"

Bai Lin choked.

She's really jealous, but she won't admit it.

She blushed, choked her neck and said, "I didn't! Who wants to be jealous of you? Who do you think you are?"

Beiqin was scolded, not only not angry, but very happy, can't help reaching out and pinching her lovely face, "little girl, you are so lovely, how can you be so lovely! Cute enough to eat you

Eat

Eat

Is that what she meant?

When Bai Lin's face was hot, she blushed like a cooked shrimp and stamped her feet angrily, "how can you be such a hooligan! Hum

Bai Lin was so ashamed that she ran to the stairs.

As soon as he choked, he responded, sighed helplessly, rubbed his eyebrows, and ran after him.

"What a little girl

It's a novel experience for the northern Qin Dynasty to get angry all the time.

The women he used to get along with were very sensible. They didn't dare to make trouble with him like this, but Bailin made him feel like a mess.

And most of all, he still can't figure out what the girl thinks.

But people are cheap, the more difficult it is to think about it, the more they want to think about it, and there is an unprecedented desire to conquer.

Bai Lin ran downstairs in one breath. As soon as she entered the elevator, she was held up and turned around to enter the elevator.

Behind him is the familiar smell of men. You don't have to turn around to know who it is.

Bailin struggled for a while. The tighter the man's arm was, she couldn't shake him at all.

She simply did not struggle, cold face roared: "let go! If I don't send it away, I'll call for help

She was so flustered that it was the company or the public elevator. He just hugged her waist and was seen by the company's colleagues. Even if she jumped into the Yellow River, she couldn't wash it.

Seeing that she was so worried, Beiqin deliberately blew a mouthful of heat in her ear and said with a smile, "don't you want to have anything to do with me?"

"What good is it for me to have a relationship with you? Originally, everyone was talking behind their backs. I went through the back door and looked at us like this again. I couldn't tell you clearly. "

For this, the northern Qin did not agree at all.

"Why do you care so much when your mouth is on others? What's more, you came in through the back door, otherwise you thought you could enter the lees group with your third rate college diploma? "

"You!"

Bai Lin was angry and cried because of Beiqin's boldness. "I was really recruited by you through the back door, but I didn't ask you to open the back door for me!"

Beiqin knew that he had gone too far. He quickly restrained his expression on his face and said with a smile, "well, well, aren't you doing well now?"

Thinking of the perfect plan, Beiqin looked at the girl with a trace of appreciation.

“It made me look at you with new eyes. I thought you were a vase for making soy sauce. I didn’t expect you to be a king. You only came to the company for a month, and even made such a perfect plan alone. It’s a miracle.”

Bailin was embarrassed by his praise.

Girls this is so, in the face of their favorite man, each other casually say a few good words, immediately fainted.

But Bailin was very happy for a few seconds, and then she reacted quickly.

Cold down the small face again, push away the North Qin, cold hum a, “don’t change the topic, we just discussed is not work.”

Looking at her angry appearance, Beiqin could not help pinching her pink face and said with a smile, “what do you want?”

Bailin waved his hand and looked at his cheek.

“Don’t be so close to me, don’t bully me, and don’t force me to do that kind of thing, or I’ll resign from the company!”Thinking of being bullied by him in the office just now, I was angry and ashamed.

What annoys her is that her position is not firm, especially when she hasn’t found out if she has a girlfriend.

She was filled with guilt and anger at the thought that he might have lied to her by saying that he didn’t have a girlfriend.

Beiqin listened to her words, pursed his lips and kept silent.

It's OK not to force her to do that, but it can't be done far away from her.

The elevator jingled to the first floor.

Bailin Leng next, this just remembered that she just did not press the floor, originally she was going back to set up in the tenth floor of the technology department.

She was ready to press 10 keys, just reached out, and was grabbed by the man's powerful fingers on the wrist.

Bailin slapped the door restlessly, and her lungs exploded with anger.

“Open the door, what do you want to do?”

CEO Daddy Is Too Passionate - Chapter 1478

Can she really be with him?

Always want people, at this time, standing in front of their own eyes, but also said to her that people blush heartbeat words.

A second ago or untouchable things, this moment was suddenly held in both hands to the eyes.

Is she really acceptable?

The more you want something, the more you feel uneasy.

Bai Lin clenched her fingers, and for a moment, she didn't know what to say.

“The northern Qin Dynasty I I...”

She was so upset that she said a few words with tears in her eyes. "Beiqin, I remember that I still have work to finish. I'll go first!"

With that, she pulled the door handle of the car door, but it didn't open after several times.

"Beiqin, will you open the door? I really have something to do

Beiqin twisted his eyebrows and forced him to ask, "don't run away from my question. I won't let you go until you answer me."

"Wuwuwuwu ~ ~ me..."

Bailin wanted to say that she agreed. Of course, she agreed. The person she liked told her. Of course, she liked it very much.

But But I can't say that.

It's a strange atmosphere. "

one second ago, she called him scum man with such backbone. Now, as soon as he calls Gu Tiantian, she immediately agrees to be with him. It's strange to think that.

Why does he have to ask her such a question at this time?

Can't he just give her a few days to relax?

Thinking of this, Bai Lin was very bent in her heart. She shriveled and cried: "Beiqin, I I want to pee! I'm going to pee in my pants. Will you let someone out quickly? "

The woman is tearful and looks pitiful.

Beiqin rubs her eyebrows helplessly, knowing that she just wants to find an excuse to be an ostrich, but she still can't bear to force her like this.

Finally, he opened the door and let her down.

Originally, I wanted to take her, but I bought something she needed. I didn't expect that she was so worthless.

As soon as the door was opened, Bailin jumped out of the car and ran to the company like a hungry wolf chasing after her.

Seeing this, Bei Qin shook his head helplessly.

It seems that he has to keep working hard.

At this time, no one noticed that after the column beside the elevator, Lin Zhan searched for Bai Lin, and saw the scene that Bai Lin jumped from the car of Beiqin with a red face.

Beiqin's car and license plate number, he will never make a mistake.

But Bailin got out of his car, and her figure was so urgent, her face was so red, something must have happened.

Lin Zhan put his finger on his side and held it tightly.

When he returned to the office, he found that Bailin had been sitting in her office position. Although her eyes were staring at the phone, her white face was red, her eyes were erratic, her breath was unstable, and she was obviously excited.

Lin Zhan looks at Bai Lin like this, and his heart is filled with a strong reluctance.

Isn't she always cold and indifferent to everyone? Why can you panic in front of Beiqin like this.

Does she like Beiqin? Or fall in love with the status and money of Beiqin?

"Bailin, come to my office!"

At first hearing Lin Zhan's voice, Bai Lin echoed from her memory. She turned and looked at Lin Zhan. She saw that his face was heavy and didn't dare to delay. She stood up quickly.

"All right, I'll be right there!"

Standing across the desk, looking at the obviously unhappy man, Bai Lin felt a little uneasy and uneasy.

She asked suspiciously, "leader Lin, what's the matter? What do you want to see me about?"

Sitting in his office chair, Lin Zhan looked up at Bai Lin's delicate face and suddenly asked, "where did you go just now? It's office time!"

Bai Lin is a Leng, suddenly some guilty and flustered.

"Leader Lin, how can you ask like this? I was not asked to go to the office to ask about the project just now. Have you forgotten?"

In fact, Bai Lin is not good at lying. She always bites her lips unconsciously.

Lin Zhan sneered in his heart, "Bailin, you are not fit to lie!"

"....."

Bai Lin was stunned. She raised her head and ran into Lin Zhan's cold eyes. She was excited and suddenly understood.

Lin zhangang must have seen her and Beiqin. Since they are in the office, on the roof or in the underground parking lot She didn't know about it.

Bai Lin held her heart and said, "chief Lin, I'm sorry! I shouldn't stray from work

Lin Zhan doesn't want to investigate this problem at all. If he doesn't solve the problem, Bai Lin is going to play fool with him to the end.

"Bailin, I saw you come out from the back seat of Beiqin car just now. Is there anything between you and him?" "....."

Bai Lin's heart beat faster. She faltered and said, "I I Me and him... "

"Did you know each other long ago?" Lin Zhan asked.

Bai Lin gritted her teeth and nodded, "yes!"

Lin Zhan frowned, and a bold thought suddenly came into his mind, "you came to the company because of his relationship?"

Although it was a tone of doubt, he could almost be sure that Beiqin was Bai Lin's tough backstage.

If it wasn't for her appearance with Beiqin today, he would have forgotten that she entered the company by relationship.

Her business ability is really excellent, but in retrospect, it is not so excellent.

Why is his plan denied by the upper authorities, but the “FMCG” made by Bai Lin in one night can be praised by the upper authorities.

Lin Zhan held his fingers tightly and turned white because of too much force.

He took a deep breath and tried to keep his voice calm. “Bailin, you are a good girl. I don’t want you to be hurt. Beiqin is not your lover at all! He’s not for you!”

Bai Lin’s delicate brow slightly frowned, “leader Lin, why do you want to say such words to me?”

“Do you really like him and fall in love with him?”

Lin Zhan stood up and walked towards Bai Lin.

Bai Lin subconsciously took a step back, but turned to look behind her. The wall was red glass, and she could see her colleagues sitting outside at a glance. She felt a little relieved.

She pursed her lips and suddenly didn’t want to hide Lin Zhan.

After all, Lin Zhan helped her a lot. Even for a moment, she tried to accept this man.

After hesitating for a moment, Bailin said frankly, “yes, I like him. I have loved him for a long time.”

Lin Zhan suddenly gave a low smile, “is he the one you said last time that you couldn’t love?”

Bai Lin nodded without hesitation, “yes, I’ve been in love with him a long time ago.”

Lin Zhan strode towards her, pinched her shoulder and yelled angrily: “Bai Lin, how can you do that? You are hanging me while you are having an affair with other men. Are you very proud?”

CEO Daddy Is Too Passionate - Chapter 1479

This is the first time that Bai Lin has seen the madness in Lin Zhan's eyes.

It turns out that this gentle looking man will also show such a look.

But she didn't promise him to be together, even if she had the idea of giving each other a chance, she didn't say it, and no one promised him anything. Every time she refused his attitude, how could she get to him by stepping on two boats and cheating?

"I didn't! I like him. I have already told you clearly that I have another man in my heart who can't be together. I don't want to delay you!"

Smell speech, Lin Zhan eyes a Zheng, realize that he just said too much, wipe a face, anxiously said: "Bai Lin, sorry! I was a little too excited just now, and I like you too much. Looking at you and President Bei walking together, I am worried!"

“.....”

Bai Lin frowned.

Even if she was with Beiqin, she didn't need to worry, did she?

Lin Zhan saw the doubts in her heart, and explained, “north is always a famous Playboy in the company. This year, he should be more than 30 years old. You are not suitable for him. He just plays with you, but you can't play with him!”

Although Bai Lin scolded him like this in front of Beiqin, she felt a little uncomfortable listening to Lin Zhan describe him in such words.

She seriously retorted: “leader Lin, don't talk about it. Beizong is not such a person!”

“Ha ha! Do you know how many girlfriends he's had? How long have you known him? ”

Lin zhanzhi asked.

“1...”

Bai Lin subconsciously wanted to refute, but she couldn't say anything.

She really doesn't know him very well, but why should she retort? It seems that she is about to become a woman of Beiqin. Now she doesn't agree to be with Beiqin. Why should she spend time arguing with Lin Zhan about this boring problem.

Bai Lin breathed out a long breath and said calmly, “leader Lin, I don't want to talk about my private affairs now. If you don't have any other orders, I'll go to work first.”

With that, Bai Lin turns to leave the office, but is stopped by Lin Zhan.

“Wait!”

“What else?”

The expression on Bai Lin’s face was not happy.

Lin Zhan sighed, slowed down his tone, and said with a smile: “I really spoke a little fiercely just now. Don’t put it in your heart. You should know what kind of person I am, and I’m worried about you too!”

Bai Lin forced a smile on her face. “I know. Thank you, leader Lin.”

“Go ahead, get busy!”

Lin Zhan waved his hand with a smile and regained the warm smile of the big brother next door.

As soon as Bai Lin left, the smile on Lin Zhan’s face cooled down.

He tightened his fingers, and his eyes flashed with a touch of evil.

Just then, the cell phone in my pocket rang.

He took out his mobile phone and saw that it was a string of strange numbers. He was in a bad mood and hung up without thinking about it.

However, the mobile phone rings again, which is driven by the fact that if he doesn’t answer it, he will continue to call.

He answered impatiently, “who?”

Lin Zhan's eyes narrowed gradually when he didn't know what the other party said. Why should I listen to you

"I've given you the chance. Whether you can grasp it depends on yourself, and I won't force you!"

Finish saying, the other side also does not wait for his answer, directly hung up the phone, as if knowing that he will certainly follow her words to do general, not urgent not slow.

Lin Zhan clenched his mobile phone and looked at the office outside the door.

The slim girl is busy with her work. Her beautiful face is quiet and beautiful.

Lin Zhan moved his heart and gritted his teeth.

.....

Until six o'clock in the evening, Beiqin did not appear again. Bai Lin was happy and at ease. In addition, the work of the technology department was too busy. In fact, she did not have so much time to struggle with emotional problems.

At six o'clock in the evening, she finally finished her work. She stood up and moved her muscles. Suddenly, someone patted her on the shoulder.

"Bailin!"

Bai Lin was startled and turned her head to look behind her.

She patted her heart in fear, "leader Lin, when did you stand behind me? You scared the hell out of me

Lin Zhan's face was always with a warm smile. He helped the frame and said with a smile, "Bai Lin, I'll treat you to dinner tonight!"

"Treat me to dinner?"

Bai Lin asked in shock, "group leader Lin Can I help you? "

"Nothing. Don't be nervous,. I always do things from beginning to end. To tell you the truth, some time ago I was possessed by a magic like you, but now that you have explicitly rejected me, I will die. I want to have a meal with you before I die. I wonder if you can give me this face? "Lin Zhan said a lot at a time, but Bai Lin understood, meaning that she liked her a while ago, and now she wants to give up.

Bai Lin was greatly relieved.

"It's like I'll treat you to dinner!"

During this time, she did give him a lot of trouble, let him treat dinner, she was uneasy.

Lin Zhan looked at her relieved look in his eyes. There was a flash of cold light in his thick eyes. It was so fast that it was hard to catch.

He said with a smile: "then I'm not polite. Clean up and let's go there together."

"Well, you wait!"

Bailin began to clean up the table and bags, followed Lin Zhan out of the office.

As soon as I got to the door, I received a strange message.

Come to the office upstairs.

Overbearing and inexplicable tone, who is not that person?

Bai Lin pursed the corners of her lips, raised her finger and typed a few words on the keyboard.

No.

What are you going to do in the evening? I will take you to home.

No need! Don't give me any more information, I'm busy!

Bailin is busy sending messages to Beiqin. Lin Zhan turns around and looks at her. He knows that most of the people who send messages to her are Beiqin, or he asks, "who are you sending messages to, so happy?"

Lin Zhan is so jealous in his heart. Just sending a message can make her so happy?

"Ah?"

Bailin realized that the corners of her lips rose unconsciously.

Her face a stiff, put away the mobile phone, back to the bag, embarrassed way: "did not send a message with who, let's go, wait a moment, more traffic jam on the road."

"Good!"

She doesn't want to say that Lin Zhan won't pierce it.

Half an hour later, two people came to the ukiyo.

Faust is also a high-end restaurant, need to make an appointment in advance.

Lin Zhan ordered a place near the window, from which you can just overlook the scenery of most of the city. The lights are brilliant and beautiful.

CEO Daddy Is Too Passionate - Chapter 1480

Lin Zhan raised his glass to Bai Lin and said, "Bai Lin, thank you very much for meeting us. Here's to you!"

"Thank you

Bailin picked up her glass and touched him, "group leader Lin..."

"This is not a company. Can you call me by my name?"

Lin Zhan suddenly interrupts Bai Lin.

Bai Lin changed her voice and yelled, "Lin Zhan!"

"That's right. Even if we can't be lovers, we can still be friends. What do you think?"

Bai Lin feels guilty and grateful for Lin Zhan. After all, Lin Zhan helped her and brought her up all the way.

"Lin Zhan, thank you for helping me so much. If you don't dislike me, I will treat you as my brother all my life."

My brother for life?

Lin Zhan grinned and said, "good!"

He raised his glass and drank all the wine in it. The big goblet blocked the cold light in his eyes.

Within a minute after Bai Lin finished drinking, she felt something was wrong with her body. Her whole body was very hot, very hot. The heat was abnormal. Even her brain became dizzy, and the scene in front of her became wobbly.

“Lin Zhan Ah It’s hard...”

Bai Lin thought she was drunk and cried helplessly.

Smell speech, Lin Zhan immediately anxious to get up, considerate hand touched her hot forehead.

“I’m here. Are you drunk?”

“I I don’t know...”

Bai Lin was flustered and confused.

She does not drink well, but it is not so bad that she will not get drunk with a glass of wine. What’s the matter with her?

Just at this time, her cell phone in her bag rang.

She also has a sense, subconsciously reached out to grab the bag, wanted to turn the mobile phone out of the bag, but was robbed by Lin Zhanyi.

“Lin Zhan Why are you robbing my bag? You give me my cell phone!”

Lin Zhan pinned his bag behind him, frowned and said with concern: “you are drunk. Now you are not feeling well. I will answer the phone for you. Don’t think about anything. I will help you to have a rest in the box upstairs.”

Bai Lin has a lot of trust in Lin Zhan. Now she is really uncomfortable. She can’t lift her eyelids and just wants to sleep. Lin Zhan’s gentle words are like hypnosis, which has a good hypnotic effect.

Bailin no longer resist, let linzhan help her to the upstairs box.

As soon as she got into bed, she closed her eyes and fell asleep.

Lin Zhan didn’t leave immediately, but turned on the light in the room, looked at the camera that had been installed in the room for a long time, and sat beside the bed again.

Looking at Bai Lin’s red cheeks, she felt tense. Her eyes were salivating. She could not wait to unbutton the button in front of her.

Beiqin didn’t wait for Bailin’s reply. He didn’t call her until he was busy.

Originally wanted to send her home, but this guy said he was busy.

It’s common for the technology department to work overtime, but he didn’t have much doubt. He just called her after half an hour.

But the phone showed no answer.

Beiqin’s right eyelid jumped fiercely, and a bad premonition suddenly welled up in his heart.

Almost without stopping, he got up and strode toward the technology department, opened the door of the office and looked straight at Bai Lin’s office.

There was no one in the seat at all.

He went to Lin Zhan's office and opened the door. There was no one in the office.

Other colleagues are still working overtime, only two of them are missing!

The feeling of panic in Beiqin's heart became stronger and stronger, as if something was about to lose control.

The manager of the technology department heard that Beiqin had come to the technology department and trotted over.

"President Bei, how did you come to the technology department?"

"Where's Lin Zhan?" North Qin asked coldly.

The manager complained in his heart that Lin Zhan would not ask for leave all year round because of his diligent work. Today, he was caught by the big leader when he asked for leave for the first time. How could he be so unlucky?

He said with a smile, "team leader Lin asked for leave today. He said he was going on a date."

"Date?"

Beiqin secretly clenched his teeth, his handsome chin was extremely tight, and his voice coldly made people fall into the ice cellar, "call him and let him come back immediately! If you don't come back, the year-end bonus will be deducted!"

"Ah?"

The manager was startled by Beiqin's tone.

Didn't you just take a night off?

It's really harsh to deduct one year's year-end bonus. After all, for employees of Lishi group, one year's year-end bonus can be worth more than half a year's salary.

The manager quietly gives Lin Zhan a wax in his heart. This guy seems to have offended the big leader. He thinks that the plan was rejected for no reason some time ago, and now he has to deduct his year-end bonus. It's too hard.

The manager usually appreciates Lin Zhan as a subordinate and calls him immediately.

The phone was dialed several times, but no one answered.

The manager's hot sweat turned into a cold sweat, and Beiqin's face was not difficult to describe. A storm was brewing in his sharp eyes, which was about to sweep everything.

"Mr. Bei, don't worry. Maybe Lin is busy. I'll call him again and he'll take it. Don't be angry."

The manager called Lin Zhan again.

Lin Zhan just untied Bai Lin's upper body clothes and looked at the beautiful white body of the girl in front of him. His eyes were red.

The whole body is tight to the extreme, and I want to press it up immediately.

However, as soon as I took off my clothes, my mobile phone rang like urging me to get married.

He picked up his mobile phone and saw that it was the manager who called. It would only be a matter of work for him to call. Lin Zhan asked for leave today, so he didn't want to pay any attention.

However, the mobile phone has a tendency that he will continue to call without answering, which really affects his mood.

He gritted his teeth and couldn't bear to pick up the phone.

"Manager, what can I do for you?"

No matter at any time, his speech is gentle, so that people can not see his true feelings.

When the manager saw that he was finally willing to answer the phone, he wiped his sweat.

"Lin Zhan, where are you now? Come back quickly

"What's the matter?"

Lin Zhan asked suspiciously. He looked at the girl lying on the bed, struggling and reluctant.

"It's urgent. If you don't come back immediately, all the year-end bonus will be deducted this year!"

"What? Are you kidding me, manager? "

Lin Zhan is the team leader of the technology department. The team leader has been paid an annual salary, and the year-end bonus is especially rich, which is hundreds of thousands.

Do you really want to give up those hundreds of thousands for Bailin?

His heart suddenly shakes, and even the desire in his body cools down.

Finally, he gritted his teeth. "OK, I'll be right back!"

Lin Zhan had no choice but to leave the unconscious Bai Lin in the box, pick up the clothes and go out of the door.
