CEO Daddy Is Too Passionate - Chapter 1491

Beiqin didn't expect that there are people who don't want their daughter to marry a rich man these days.

"Uncle, if you are worried that I will be bad to your daughter, please rest assured that I will be obedient to her. She told me to go east, but I will never go west."

Ignoring his sincere eyes, Bai PA snorted coldly, "it's nice to say. Some things are formed by the status of both sides, their childhood education and all aspects. In the future, both of you will regret choosing each other."

"No!"

Beiqin tightened his brows and said firmly.

Once he thought so, so he thought for a whole month, and finally realized that Bailin was different to him. She had a clean and warm feeling, which made him want to be close.

Bai's father saw that he was still insisting, and his face relaxed slightly, but then he said: "to tell you the truth, Bai Lin had a baby engagement with someone when she was very young. Just yesterday, the child's family found a hospital, and I agreed. When they found a suitable day, they were engaged."

This words, just like a thunder, burst out in Bailin's mind, shocked to stare.

"Dad, when did you do it and why didn't I know?"

She didn't even see each other.

Bai dad said, "I wanted to tell you this today. At that time, you were still young. The Li family was close to us. They helped us with a lot of things."

"....."

Bai Lin's face turned white.

She knows what character her father is. He never owes others.

The Li family has helped their family before, so my father will never break his promise to the Li family, but she has never seen a man like that. How can she marry a man who has never seen him!

"Dad, I haven't met that person before. How can I get married?"

"You will fit! I met that boy yesterday. He's very diligent and has a sweet mouth. The key is that you won't have conflicts between mother-in-law and daughter-in-law when you get married. "

"Dad..."

Bai Lin's face was helpless, and her eyes were almost red.

Bai Qi was also shocked by the incident, "Dad, is it a little too hasty? What's the age of this? Where is it going to be? "

See one or two do not listen to their own, white dad angrily stood up and walked toward the bedroom.

"Well! I don't agree with this matter. Although he is not as old as his father, he must be a teenager older than you. He and I are of the same generation. He has walked more bridges than you. Do you really think you can control him? "

White dad pointed to the North Qin, did not feel how hurtful this, of course, about his daughter, he will not feel any shame, the daughter's happiness is the most important.

As soon as Bai PA left, Bai Ma sighed and said in an apologetic tone: "Mr. Bei, I'm sorry. My husband has such a temper. Why don't you go back first today and tell Lin'er what's the matter."

Beiqin looks a little cold, but the other side is his beloved's parents, he is still calm.

"Auntie, I'll leave first today. I'll pay a formal visit another day."

Bai Ma's face is a little embarrassed. Just now, it's a euphemism. It seems that euphemism is useless. She can only say it plainly, "you've seen her father's attitude. It's estimated that no one can persuade her."

She didn't dare to look Beiqin in the eyes and looked at Bailin. "Lin'er, you can tell Mr. Bei clearly. Your father is right about this. Marriage is a matter of two families. There is too much difference between them. If you marry two people, there will be more conflicts. In the end, it will make you unhappy. I believe Mr. Bei is such an excellent man, and he will find a better woman than you."

find a better woman?

Bailin's heart stabbed hard.

When we quarrel, we may say that it doesn't matter if we don't get together anymore, but my mother said in such a calm tone that "he will find a better woman to marry", why does her heart hurt so much?

Beiqin knew that it was not a good time to negotiate. When Bai PA and Bai Ma were calm, he would come to visit with gifts.

Beiqin didn't say anything more, so he left very easily.

Bai Lin stood at home, looking at Beiqin's back, feeling more pain in her heart, choking with pain, and tears in her eyes.

Seeing this, Bai Qi pushed her shoulder, "elder sister, hurry up to catch up with her, and at least give her a ride!"

Bai Lin smell speech, pull a leg to chase up toward the door.

Bai Ma frowned, "lin'er..."

"Ma! Let your sister go after you Bai Qi pulls Bai Ma's arm and stops her.

Compared with the Li family he had never met, he felt that Beiqin was more reliable. At least he was very capable, and he had already been like this with his elder sister. Isn't that a good fight?

But he didn't dare to say the second half of the sentence. With the conservative degree of his parents, if he knew that they had done it before they got married, my sister would definitely be broken by my father. Bailin catches up with Beiqin downstairs.

Under the dim yellow light, the man leans his back against the door with a cigarette between his slender fingers. The light behind him pulls his lonely figure very long.

Bailin slowed down and walked toward Beiqin.

When Beiqin saw her, he quickly put out the cigarette between his fingers and threw it into the garbage can nearby.

"How did you get down?"

Bai Lin felt very guilty. She bowed her head and choked in her voice. "Beiqin, I'm sorry!"

“I’m sorry, but what? Don’t worry about it. I’ll take care of it!”

Beiqin took Bailin’s hand and held her in his arms.

In fact, his heart is also very confused, the first time I met this situation, I thought that if his conditions were too good, it would be bad for their daughter.

Bailin subconsciously wants to push away Beiqin. This is the downstairs of the community. There will be acquaintances at any time.

However, her ear was just close to the heart of Beiqin, and his powerful heartbeat was beside her, which gave her a strong sense of security.

Greedy for the warmth of this moment, she was reluctant to push him away.

She buried her face in the chest of Kuankou, and said in a stuffy voice, “I don’t want to marry a man I’ve never met before...”

Smell speech, the North Qin hugged her some, warm big palm rubbed her hair, “I won’t let you marry another man, after a period of time I will two family marriage.”

Marriage promotion?

Bai Lin’s back was stiff, her heart beat uncontrollably, and her face was flushed.

For a long time, Bailin looked up at him and gently shook her head in his arms. “Wait a minute. My father’s temper is very stubborn. He won’t be soft hearted just because you go to propose marriage.”

“Then...” Beiqin looked down at her delicate face. Her red nose looked very lovely. She couldn’t help nodding. She said in a hoarse voice: “then we can cook mature rice directly and have a baby?”

“.....”

Bai Lin's hot face turned red, and Shuilingling's big eyes glared at him

CEO Daddy Is Too Passionate - Chapter 1492

Bailin and Beiqin are reluctant to part with each other downstairs. Before that, they didn't have such a strong sense of urgency. When their parents objected, their little discord disappeared.

Finally, Bai Ma sent Bai Qi down to ask Bai Lin to go upstairs, and they separated.

Beiqin drives the car absently, thinking about what Bai's father said. Bai's family and Li's family have an engagement to marry Bai Lin to another man.

A trace of irritability flashed across his face. He opened the window and lit a cigarette between his fingers.

It seems that he didn't think about this problem before. Now when he thinks that Bai Lin will form a family with other men, do intimate things, and have children, his heart is like thousands of little ants gnawing at him.

As soon as Bai Lin got home, Bai Ma scolded: "how can you take a man home without telling mom and dad? Look, what an embarrassing situation it is today

As she spoke, she looked into the bedroom.

Bai Lin went to Bai Ma's side and sat down. She pursed her lips. After a while, she said, "Mom, I have no impression of the Li family. They are strange to me. Do you really think it's suitable for me to marry him?"

Bai Lin was annoyed, and her voice was a little higher. "I don't want to marry him! I have someone I like!"

“You mean the man just now? Your boss, right? It’s not my mother’s saying that a group as big as Li’s group can be regarded as a vice president among people. At his age, what kind of girl hasn’t seen before, and why should people choose to live with you for the rest of their lives? ”

Bai Ma asked calmly.

“Me

Bai Lin wants to retort, saying that Beiqin also likes her, but

Mom’s words are not all wrong, and she’s not sure. Is it right between them?

Before, it was just her one-sided secret love. It was very simple. But now, once it was designed to be a love affair or even a marriage affair, I didn’t expect that it would be so complicated and troublesome.

If her mother quarrels with her fiercely, or strongly opposes, Bailin can argue with her. But now her mother just calmly points out the truth for her, but she doesn’t know what to say.

Bai Ma took Bai Lin’s hand and patted her with a sincere face: “marriage is a big thing. Don’t make a decision easily. I’ve seen that child of the Li family, and it’s still pretty good. You’ll see it another day.”

Bailin is very helpless to stand up, “Mom, I really don’t want to meet that person, I like Beiqin.”

“What’s the use of liking? Marriage is life, not mother cruel, but for you! Cough, cough

Bai Ma said, coughing excitedly.

“.....”

Bai Lin’s heart is a tight, quickly for her along the back: “Mom, you don’t get excited, I’ll go to see that man tomorrow.”

There's no way to escape this. It's a little difficult to persuade them with their parents' personality. It seems that we can only start from the Li family. Maybe after meeting, the Li family won't look up to her.

Bai Lin is making an idea in her heart, but Bai Ma thinks she has figured it out. She happily says, "good boy, mother knows you are the most obedient."

"Ha ha!"

Bai Ma can only make Bai Lin laugh.

She was not obedient at all, she had to.

If Mom knew that she didn't plan to communicate with the Li family in the first place, would she be disappointed with herself?

Early in the morning, lying in bed, Bailin tossed and turned, difficult to sleep.

What is he doing?

She picked up her cell phone, opened Beiqin's address book and typed out a line with her finger, "what are you doing? Did you sleep?" After typing, I felt that I couldn't do it. I deleted it and put it on my mobile phone impatiently.

He didn't take the initiative to send a message to her. Was she too proactive in doing so.

If girls are too active, they will be looked down upon by men, especially in their situation.

Thinking of meeting Li Zishi tomorrow, she couldn't express her impatience.

Holding a mobile phone, waiting for someone's information, unexpectedly unknowingly to the dawn, Bailin boil out a circle of black eyes.

In the morning, the first thing is to check the phone.

The mobile phone is clean and there is no news.

A trace of loss flashed through Bai Lin's heart, and she got up to clean herself up.

Bai PA and Bai Ma looked at her eagerly, "lin'er, have a good chat with Li Zishi. I look at that child pretty well."

"OK, I see."

Bai Lin was a little fidgety and said casually.

Before going out, Bai's father gave Bai Lin a series of phone numbers.

After Bailin agreed to a blind date last night, Bai's father couldn't wait to make a phone call to the Li family and agreed to meet them in a quiet teahouse.

The address of the teahouse is a little far away, almost at the other end of the city. It costs more than 100 yuan by taxi, but it takes three or four hours by bus.

Bailin endured the pain and took a taxi. When he came to the teahouse according to the address given by Bai PA, Li Zishi didn't arrive.

Bai Lin sent him a message. It took Li Zi a few minutes to reply, saying that there was a traffic jam on the road and he needed to arrive a few minutes later.

There was no extra word, not even an apology. Bailin didn't think much and answered "yes".

It took a few minutes. It took about half an hour for Li Zishi to arrive late.

“Are you Bailin? I’m Li Zishi

Hearing the sound, Bailin looked up at the meticulous man in front of her.

One meter seven three, looks not outstanding, very popular looks, wearing a shirt and suit, but also with a blue tie, looks a bit dull.

Bailin looked at it briefly, then stood up and said, “Hello!”

After waiting for more than half an hour, Bailin wanted to leave, but in order to make her parents give up, Bailin forced herself to wait for Lizi to come.

“Mr. Li, we have an engagement since childhood...”

Bai Lin didn’t want to waste her time. She came straight to the point, but before she finished, Li Zishi interrupted: “our opinion is that the sooner we get married, the better. Because my grandmother is in poor health, she wants me to get married right away.”

It turned out that grandma was in bad health and was in a hurry to get married.

Bai Lin’s impression of Li Zishi dropped a bit.

From Li Zishi’s attitude, it’s easy to see the arrogance. It’s like if it wasn’t for grandma’s illness, he wouldn’t have married her at all.

Before Bai Lin could speak, she heard Li Zishi once again say: “I graduated from the Department of economics and management of University A, and now I work in public institutions. I have an iron rice bowl. If you follow me, I won’t let you suffer.”

“.....”

Hearing this, the expression on Bai Lin’s face could not be maintained.

She didn’t see any of these qualities when her father said that he was polite, capable and modest.

“That Let me say one thing

“You say it

CEO Daddy Is Too Passionate - Chapter 1493

“I think you know the situation in my family. My father and mother are in poor health. My brother just went to University...”

Bai Lin’s words haven’t finished, Li Zishi has already frowned displeasantly, “your parents don’t say no treatment? And your brother’s tuition. When I was in college, I worked part-time. I can go to the forum to find a job for your brother. You don’t want to get used to him. He is an adult now. You should let him bear his own life. ”

Bai Lin’s face is already deaf. Is there something wrong with Li Zishi’s brain?

Actually, she said that her father and mother were not cured, and taught her brother as soon as they met. Who did he think he was?

Speaking of this, Bailin has no good face.

“Li Zishi, I don’t think it’s suitable between us!”

“Well, how can you do that?”

Li Zishi's face became a little bit bad, "yesterday your parents have agreed, and we are engaged to the matter is discussed by the two elders, parents order matchmaker's words, you say such words is unfilial, you know?"

"....."

Bai Lin was terrified and unable to make complaints about his vomit.

What's the age of this? How could there be such a wonderful person?

Bailin was too lazy to talk to him any more nonsense. She picked up her bag and prepared to leave.

Li Zi's face became more ugly. "Bai Lin, are you 23 years old now? It's no longer a little girl. In ancient times, children of your age have been several years old. How can they be so willful? I'm sitting here, you have to learn to respect me!"

"....."

Bailin turned her eyes several times in silence. She had never seen such a shameless person.

He took a deep breath, restrained his anger and said with a smile, "Mr. Li, you are a top student who graduated from a famous university. I am just an ordinary university diploma. The situation in my family is not good. I am not worthy of you."

She deliberately said that it would be better for Li Zishi to take the initiative to terminate the engagement with his family.

However, Li said, "you have the right attitude! I tell you, a woman should respect her husband and be obedient to her husband. Nowadays, girls are just too impetuous!"

Bai Lin originally wanted to be nice, but she didn't want to tear her face. At this time, she really couldn't bear it.

She sneered, "Mr. Li, are you still living in feudal society? Now it's the 21st century. What else do you tell me? Go to your old lady. There's something wrong

Li Zishi couldn't believe his eyes. He stood up and pointed at Bai Lin with his finger. He said angrily, "a woman like you is a woman who spoils the social atmosphere and worships money. It's not because I don't have money. Otherwise, you can be so high-profile?"

There are other customers in the teahouse. Li Zishi's voice is not small. Hearing the words, he puts his eyes on Bai Lin one after another. The eyes seem to say that the girl can't see it. She is such a person.

Bailin took a deep breath, stopped and turned to look at the angry man.

"Li Zishi, you are really a failure! loser ! "

I don't know what dad thinks of people?

It's a lifetime disaster to marry such a man!

Bai Lin left the teahouse and stood by the side of the road, ready to take a taxi to the company. Today, she asked for half a day off to meet Li Zishi.

Just now, the mobile phone was muted. When I took it out of my bag, I found that there were several missed calls on the mobile phone.

It's all from Beiqin.

Bai Lin was very happy, and then she turned away. Last night, she didn't have any information. Today, I must have seen that she didn't go to the company, so I called.

Bai Lin felt a little uncomfortable, but she was not so affected.

Just as she was about to call back, Bai Ma's call came first.

“Lin'er, did you quarrel with Zishi? You child, how can you do this? If you don't like people, you can say that as soon as you go up, you scold them for being insane. How do you want me and your father to face the Li family in the future?”

Smell speech, Bai Lin deeply wring brow, “he is so say with you?”

“Go back and apologize to him! Our Bai family can't afford to lose this man!”

Bai PA grabs Bai Ma's mobile phone and roars at Bai Lin at the end of the mobile phone.

“Dad

Bai Lin was so angry that her eyes were red, and even her body was shaking. “He's a psycho. Even if I kill him, I won't marry him!”

Any woman who marries a man like Li Zishi will not get happiness.

But white dad didn't listen.

In his opinion, Li Zishi graduated from a famous university. Although his family's conditions were not so good, they were much better than their family's. their daughter was really up to others.

“Bailin, if you don't go back and apologize, I'll break the father daughter relationship with you! Don't call me dad in the future. I'll treat you as if you've never been a daughter!”

“DadBai Lin exclaimed in disbelief, but the other party's mobile phone had hung up, and a burst of blind sound came.

Bai Lin was so angry that she was about to cry.

What did the plum really do to her father? Why did her father want her to marry such a man?

She should have recorded their conversation just now.

The mobile phone just hung up and it vibrated again.

As soon as Bai Lin's eyes brightened, she picked up and said, "hello..."

On the other end of the phone, he paused, "what's the matter?"

"What do you want me to do?" Bai Lin pursed her lips and asked unhappily.

Through the mobile phone can also feel her mood is not good.

"What happened? Did your parents embarrass you?"

Asked the northern Qin suspiciously.

Bai Lin toots a small mouth, "what if you embarrass me? What if you don't embarrass me? What do you want from me? I asked for leave in the morning

Don't try to threaten her again with the excuse of skipping work for no reason.

Beiqin said helplessly, "I'm not looking for you for this reason. Where are you now?"

Bai Lin looked up at the roadside in front of her and said the address to the phone.

North Qin wring eyebrows, “how to go so far?”

Bai Lin choked and felt guilty. “In There’s something going on here. ”

If you know she’s on a blind date, you’re going to kill her, right?

Beiqin’s low voice came to his ear, “find a place to stay, and I’ll come to meet you right away.”

“No, I’ll just take a taxi by myself.”

“Be obedient! Now I’ll open an hour room in the hotel next to you with mobile phone software. You can take a nap in the hotel and I’ll be there when you wake up. ”

Bai Lin was warm in her heart. She didn’t want to be so careful and considerate.

She is really sleepy now. She didn’t sleep well last night.

Hang up the phone, less than a minute, the news of Beiqin booking came.

The hotel is on Bailin’s right. She comes to the hotel, falls on the bed and begins to sleep.

I’m so sleepy. I’ll have a sleep first!

CEO Daddy Is Too Passionate - Chapter 1494

When Bai Lin woke up, she was awakened by the knock at the door.

“Bailin, open the door.”

A deep and pleasant voice belongs only to that man.

As soon as Bai Lin's eyes brightened, she jumped out of bed in a panic and ran to the door. When she came to the door, she suddenly remembered that she was still barefoot. Was that a little too eager?

Bailin folded back, put on her shoes, arranged her clothes and her messy hair, and then opened the door.

"Here you are

Looking at her energetic appearance, Beiqin smiles: "didn't you sleep just now?"

Bai Lin's black and white eyes looked at him, puzzled and said: "sleep? What's the matter?"

Beiqin is to see her clothes and hair are neat, the spirit is also very excited look, not like just wake up.

Not entangled in this issue, Beiqin went into the room and put the lunch packed in his hand on the table.

"I packed my lunch when I came here. Haven't I eaten yet? Come and have some. "

Beiqin said, expertly spread out lunch on the table, and handed Bai Lin a lunch box and a pair of chopsticks.

Bai Lin looks at the long and clear-cut fingers of the northern Qin Dynasty. They are like the fingers of an artist playing the piano. When she picks up chopsticks and rice, they are also so elegant and noble.

She suddenly thought of Li Zishi.

It's clear that a very ordinary person has to pretend to be so powerful.

Why is there such a big difference between people?

Beiqin put a piece of braised pork in Bailin's bowl. Seeing her staring at his fingers in a daze, Jun's face flashed a meaningful smile.

"What do you want so much?"

Bailin recovered. Her face was a little red. She shook her head. "Nothing."

Bow, looking at the bowl of braised meat, slightly a Leng.

She is easy to get fat constitution, eating fat is resolutely dare not, eat absolute long meat.

Beiqin looked at her expectantly, "why don't you eat?"

"I don't..." I want to eat.

She picked up the stewed pork in the bowl and bit off the lean meat in front of her. Looking at the fat left in the chopsticks, she said, "I don't want to be fat."

She looked very distressed, as if she didn't know what to do with the braised meat?

"Give it to me!"

As soon as the voice fell, a pair of chopsticks stretched out.

Beiqin took the fat from her chopsticks and put it into her mouth.

When Bai Lin's face was hot, her heart beat half a beat faster.

Just now, she did this on purpose to test the northern Qin Dynasty.

She heard from her mother that promising men generally do not waste, and whether a man really likes that woman depends on whether he is willing to eat the rest of her things.

Of course, my mother's statement may not be 100% correct, but she thinks it is reasonable.

I didn't expect that Beiqin would pick up half of the braised pork she had eaten.

Bai Lin blushed and muttered, "that's what I've eaten. Don't you think it's dirty?"

There must be some saliva on it.

Beiqin looked at her small white face, eyes a dark, "your saliva I have eaten, also care about this?"

Her saliva is very sweet, such a reminder, as if the mouth of braised meat also with a trace of sweet, look at her eyes more soft.

Bailin felt that her heart was about to jump out, and she kept beating.

This person is always teasing her. It's killing her.

Bai Lin glared at him shyly, then lowered her head and began to eat seriously.

The education of the northern Qin Dynasty was that food did not speak, and sleep did not speak, so Bai Lin did not speak any more, so he ate in silence.

This is not the first time that Bai Lin has dinner with Bei Qin, but she is still fascinated by this man's every move.

Clearly, it's just a common action of eating. Why is it so elegant?

Is beauty in the eye of the beholder? Or is he just so good?

Bai Lin sighed and drew a conclusion in her heart. I'm afraid there are both. She likes a person and looks at him with a filter.

She looked at herself and subconsciously straightened her back to make herself sit more upright.

Half an hour later, after they finished their meal, Bai Lin subconsciously got up to clean up the dishes and tables.

At home, she is always doing these things, so she is very handy.

No sooner had she reached out than she was held.

"Wait!"

"What's the matter?" Bai Lin blinked her big eyes, "I'll clear the table first."

Although this is a hotel, it's impolite to leave lunch boxes and leftovers on the table.

"I'll do it!"

Beiqin naturally took the chopsticks from her hand. Bailin silently released her hand and looked at the man carefully wiping the table. The radiance of her lips could hardly be suppressed.

Before that, I thought that Beiqin was very good. Compared with Lizi, all his good things had substance.

No, it's an insult to Bei Qin to compare Bei Qin with Li Zishi. Li Zishi doesn't deserve to give Bei Qin shoes.

After lunch, they packed up and left the hotel.

However, as soon as they got to the door, they heard an old and angry voice.

"That's what you call blind date? How can you talk to Follow..." Later, those words that pollute the ears are really speechless, white dad gritted his teeth, "shameless things!"

Cheat them to come out for a blind date, but come out with a man to open a house?

In the eyes of people in Bai PA Bai Ma's age, Bai Lin's behavior makes them lose face.

Bai Ma has always been a gentle mother. At this time, she is also disappointed with Bai Lin, "lin'er, how can you do such a thing? What mom said to you is in vain!"

Bailin was shocked to see her parents in front of her. She couldn't believe it.

"Dad? Mom? What are you doing here?"

Beiqin subconsciously protect Bailin behind, "uncle and aunt!"

Bai PA and Bai Ma don't look at the North Qin Dynasty.

They are honest people, promised the Li family's marriage, naturally is to realize the promise.

But now her daughter has not married Li Zishi, and she is hanging out with this man. It's hard to say. This is also the reason why Bai PA and Bai Ma are angry.

Beiqin thought of Bai Lin's parents and his future father-in-law, and his tone became more modest.

"Uncle and aunt, I really like Bailin. I will marry her and be responsible for her."

Bailin opened her eyes, pulled down his arm and shook her head.

They didn't do anything just now. Why do they say that?

Beiqin patted the back of Bailin's hand and motioned her not to talk. He could do everything here.

Hearing what Beiqin said, Bai Lin's tense heart relaxed. As long as this person was around, she felt safe.

CEO Daddy Is Too Passionate - Chapter 1495

At this time, Li Zishi came out from behind Bai's father and Bai's mother, catching the traitor in bed, pointing angrily at Bai Lin.

"Uncle Bai, is that how you educate your daughter? Do you want to go on a blind date with me today, turn around and open a room with other men

This words is really too ugly to hear, Bai Lin's anger makes her fingers tremble.

"Li Zishi, can you still order your face? Which eye of mine sees me sleeping with someone else, don't talk about it

Li Shishi gave a cold hum, held his father's arm, and said miserably: "Uncle Bai, my mother said that your daughter is a generous and kind girl. I was obedient to meet her. Our Li family sincerely wanted to get married, but she Alas..."

Li Zishi shook his head with a look of heartache.

Bai Lin was so angry that she gritted her teeth, "Li Zishi, shut up!"

Thinking of what this person said just now, she would feel sick to see this wonderful flower.

She really regrets it now. She should have recorded his wonderful remarks just now.

Obviously, this curtain falls in the eyes of Bai PA and Bai Ma who don't know the truth, believing that Bai Lin has gone too far.

"Bai Lin, in front of everyone today, I just want to ask you, do you choose me or this man?"

Bai PA was so angry that he stuck his neck and pointed at Beiqin with his fingers.

Bai Lin's pretty eyebrows wrinkled, "Dad! Do you know what kind of person Li Zishi is? If he is a scum, a pervert, do you still insist that I marry him?"

Bai Lin's sincerity, in Bai PA's opinion, is a sophistry, an excuse not to marry Li Zishi.

He said earnestly: "Zishi is so honest, how can he be a pervert scum? You'd better be quiet. Beiqin and you are not the same people!"

"Dad

Bai Lin sees how to all say impassable, angry eye socket all red.

Don't know what to do?

Li Zi saw that Bai's father's tone was loose, and his eyebrows moved. He added something more: "Uncle Bai, I don't think it's OK to get married like this. When I go back, I tell my grandmother that I don't deserve Bai Lin, and I can't delay her to find rich people!"

Bai dad was poor all his life, but he loved fame. Li Zishi's words just poked into Bai dad's weakness.

White dad's face suddenly changed, so angry that his fingers were shaking, "OK, you unfilial daughter, you really want to make me angry to death, don't you? Well, since you have chosen him, I will not be your father from now on!"

"I..."

Bai Lin's heart is pulling, but she will never agree to marry Li Zishi.

"Dad, I will never marry lizishi. It has nothing to do with Beiqin!"

White dad was very angry and laughed, "OK, OK, let's go. From then on, you will be your rich wife. It has nothing to do with you whether we are good or bad in the future."

"Dad..."

Bai Lin's heart is very painful. Her tears are spinning in her eyes. Her fingers are clenched into fists, and her nails are pinched into her palm. She doesn't feel any pain.

How can I persuade my parents?

Standing beside Bai Lin, Bei Qin naturally knew that her body was shaking. He stepped forward and grasped Bai Lin's hand tightly.

"Don't worry, they're just angry now. I'll take you home to see them when it's over!"

Bailin was very sad in her heart. Looking at the disappointment of her parents, she felt heartache to the extreme.

She lay down in Beiqin's arms and began to cry.

Why must her parents force her to marry someone she doesn't like? And the other party is still a wonderful flower, married to plum, her whole life is ruined!

Beiqin raised her arm, hesitated for a moment, and fell gently on her back.

She seems to cry very sad, this is the most vulnerable time in her heart, if he proposed to her at this time, she would certainly agree, right?

Beiqin's fingers are tight and loose, and his heart is contradictory. Naturally, he doesn't want to force her to marry in this way. But on the other hand, he likes her and wants to marry her. If he doesn't do it again, she may be forced to marry another man by her family. After all, her heart is so kind.

Beiqin clenched his fingers and finally said, "Bai Lin, marry me!"

Bailin was stunned. She raised her head from his arms and blinked her tears.

"What do you mean? Is it because... "

"No! I just like you and want to spend the rest of my life with you, that's all

"But..."

Is marriage such a hasty thing? She was suddenly a little uncertain.

Beiqin bowed her head, gave her a kiss on her bright and full forehead, and earnestly induced: "girl, you will be happy if you marry me. I am ten years older than you. I know that I love you, and I don't need you to do housework in the future. I'll do it! After you give birth to children, I come to education! As long as you are in charge of Meimei, you will be happy and do whatever you want. You know, I am absolutely qualified to give you this promise. "Bai Lin was so moved that it was like drinking a mouthful of honey. The sweet taste flowed all the way to the bottom of her heart.

“I believe you, but...”

Bai Lin bit her lip, and her little face hesitated. “This situation in my family, your family won’t agree with us together.”

For an excellent person like Beiqin, whether the original family has money or not, parents must have a high standard of choosing their daughter-in-law.

Beiqin chuckled and touched her head with a gentle voice. “Don’t worry about that. You are so cute. My mother will definitely like you very much.”

Before that, the old lady might have a high vision, but now

Bai Lin lowered her head and bit her lips. She didn’t know if she wanted to believe the words of the northern Qin Dynasty. After all, many Ma Bao men said that his mother was the best person in the world, and everything she said was right.

She doesn’t mean that Beiqin must be mabaonan, but they haven’t been familiar with it.

Beiqin can’t see that Bailin is hesitating. She sighs helplessly and holds her cool fingers in her broad palm, warming in her heart, “are you free tomorrow? I’ll take the old lady to see you tomorrow!”

“.....”

Bailin looked up at Beiqin slowly and nodded shyly to his serious eyes.

If his family doesn’t object to them being together, she actually wants to marry him.

Beiqin was very efficient. He helped Bai Lin arrange her residence. At noon the next day, he took Bai Lin to see the old lady during the company lunch time.

It was not until she saw the legendary old lady that Bailin understood what Beiqin meant by “old lady will like you”.

CEO Daddy Is Too Passionate - Chapter 1497

Bai’s father is very impressed with Li Xin. Although it’s been four years since Bai Lin’s head teacher met again, he recognized each other immediately.

Bai PA was very angry, his face became very polite, and he shook hands with Li Xin with a smile.

“Miss Li, please take a seat quickly!”

The old lady came forward and said, “Hello, white Dad! Excuse me, I’m Beiqin’s mother.”

“.....”

Bai PA was confused by this situation, and his parents suddenly called on him. Without any psychological preparation, especially when Mr. Li was here, he couldn’t get angry.

He glared at Bai Lin and then asked the old lady to sit down with a smile.

Without being polite, the old lady went to the seat beside Li Xin and sat down.

They are close to each other as if they were worried that others would not know their relationship.

White dad was stunned again.

The old lady put the gift on the table, “in laws, we are here today to propose for our children. I’m sorry to disturb you!”

When Bai Ma came back from shopping, she was confused to see so many people sitting at home. She looked at Bai Lin in disbelief.

“What are they, lin’er?”

Before Bailin could speak, the old lady stood up and held her hand tightly.

“Hello, mother in law. I’m the mother of Beiqin. Today we’re here to discuss the marriage of our children.”

“This...”

The smile on Bai Ma’s face was a little stiff.

Two days ago, they decided to let their children marry the Li family. Now the parents of Beiqin come to the family to propose marriage. This situation is very chaotic.

She put on an embarrassed smile on her face, “Hello, my mother-in-law can’t bear it. The visitor is a guest. Please sit down!”

White mother said, went to the kitchen to wash some fruit out, and made tea for several people.

For a moment, the atmosphere was a little stiff.

The room is small and the living room is smaller.

Sitting on the sofa, the four elders suddenly felt that they would occupy the whole room, while Bai Lin and Bei Qin stood by obediently.

Li Xin takes out a black bank card and presents it to Bai PA.

“Brother, this is our sincerity. The card has 10 million yuan, and the password is behind the bank card. I think it’s better for us to order a marriage for the two children first?”

White dad’s eyebrows are twisted up, and he feels deeply humiliated, and his face becomes ugly again.

“You’re trying to buy my daughter for 10 million? Sorry, I don’t sell daughters! ”

Li Xin and the old lady were embarrassed. “How can we say it’s selling our daughter? Children like each other. We are elders, as long as they live well. ”

Bai PA was a little surprised, and his eyebrows tightened tightly.

“As you can see, this is the situation in our family. Bai Lin’s mother and I are in poor health. There is a son in our family who has just been admitted to university. The gap between Bai Lin and your son is not one or two.”

“Brother, our family in Beiqin has achieved great success at this age. It’s just at this time that we meet the woman we love and give her a better life. Isn’t that what we should do?”

“But Bai Lin in our family...”

“Bailin is a good girl! During the four years of college, I watched her grow from a green little girl to a graceful big girl. As she grew, she became mature and steady step by step. She was very smart and kind. A person’s quality was her best strength. What do you think? ”

“This...”

Bai’s father was left speechless by Li Xin’s rhetorical questions.

My daughter is certainly the best.

Seeing Bai's face wavering, Li Xin continued: "to tell you the truth, Bai Lin is my favorite student. Before Bai Lin graduated from University, I was thinking that such a good girl can't be good to other people's children. I must introduce her to Qin er. I didn't expect that they were so predestined that they would go without me Together, don't you think this is their fate?"

Li Xin is a teacher. He knows what to say to poke into Bai PA's weakness.

"And I can use my character to guarantee that there will be no mother-in-law and daughter-in-law problems when Bai Lin marries us."

Speaking of this, the old lady said with a smile, "I like Bai Lin very much. When I first saw her, I thought she was such a good girl. If it was my daughter, I would not like to marry her to our family. It was the virtue accumulated by our ancestors that made Qin er of our family blessed!"

The old lady said so humbly that she even said that if Bailin was his daughter, she would not marry his son. This is just what Bai PA thought.

White dad became uncomfortable for a moment, and his face was a little unnatural.

"Not so Bai Lin in our family is not worthy of such an excellent man as Bei Qin. How can Bai Lin in our family be so virtuous?"

"No, Bailin is a good girl. She deserves the best man!" The old lady said with a smile, and did not forget to smile at Bai Lin. Bailin also looked at the old lady, and suddenly felt that the old man was lovely and warm.

She has been belittling herself, raising her, and keeping her posture to a minimum.

Her family and personal conditions are not worthy of Beiqin, but they not only don't think she is not worthy of Beiqin, but also say that Beiqin is not worthy of her. It's their blessing to marry her.

How can Bai PA not know that the old lady is deliberately belittling himself.

An old man of their age has lived for more than half of his life. She has never seen any storm before. Now, for the sake of two children, she can be humble in front of herself. She is really embarrassing others.

Bai PA was also a softhearted person. His tone softened a little, and he sighed: “please understand my feelings as a father. I hope my daughter will be happy in the future. I also know that many boys are not suitable for her in our family. After she gets married, there is no strong family to support her and marry into a rich family I don’t want my daughter to look bright outside, but hide behind her back and cry secretly

Bai Lin’s eyes became red with the true feelings of Bai PA’s words.

For the first time, she understood what her father’s persistence was.

Long term poverty has taught them to be self-contained and not to climb high.

“Dad...”

Seeing this, Beiqin worried about Bailin’s softening heart, and quickly stepped forward and said, “Uncle Bai, I don’t think that a proper marriage will make her happy, and I don’t think that being with a poor boy will make her happy.

Happiness is nothing to do with money. What’s more, if you think money can make her happy, why don’t you believe that money can make her happy?”

“This...”

“Don’t you hate the rich?” The North Qin said directly.

CEO Daddy Is Too Passionate - Chapter 1498

Bai PA and Bai Ma look embarrassed.

Listening to what Li Xin and the old lady of the north family said, both of them were silent.

They seem so open-minded. On the contrary, they are always clinging to their family background.

White dad light cough, and finally look at Bai Lin, tone did not just cold, but also not very gentle.

“Marriage is not a joke. Your mother and I don’t know the man you like at all. I just want to ask you, do you have to marry him?”

“I...”

Bai Lin bit her lip. As soon as she wanted to open her mouth, a warm big palm stretched out and held her hand tightly.

Warm touch, as if along the palm of the lines, has been hot to the bottom of my heart.

A powerful force was injected into her heart.

Bai Lin tilted her head and gave a smile to the man beside her. She didn’t hesitate any more and said firmly: “yes! I have to be him all my life!”

Like such an excellent man, even if you don’t marry him, who can you look up to in the future?

Bai PA pursed his lips and was silent for two seconds. He suddenly got up and went to the bedroom.

“Now that you have grown up, parents can no longer be your master. Marry whoever you like.”

Bailin looked at her father’s rickety back, nose sour, “Dad, I will be happy, you believe me.”

White dad stopped, did not look back, but the corner of his mouth raised a small radian, “well, Dad remember your words, you must be happy to show me.”

In the end, the Bai family didn't accept the 10 million wedding order from Beiqin, but Bai's parents reluctantly agreed with them to get along with each other, but now they haven't been able to get married, and Beiqin still needs to pass their test.

As for the Li family, Bai's father and Bai's mother had to call the Li family to apologize.

When the Li family learned that Bai Lin repented of her marriage, they brought people to make trouble early the next morning.

The four members of the Bai family were having breakfast when they heard the noise at the door.

“You are...”

Mrs. Li tiger a face, open mouth scold a way: “didn't think you are such a person?”? We agreed to marry Bailin to our family, but you married her to someone else? ”

White dad's face changed, “Mrs. Li, listen to me...”

“What else to say? Don't you just want money? Isn't that the money girl? That man has more money than our son. You'll see money. You're treacherous. Bai Zhiye, I've helped you so much before. I didn't expect you to be such a treacherous white eyed wolf! ”

I don't want to give you any face.

He was really grateful for Mrs. Li's help before, but it was too much to threaten his daughter's marriage.

Bai PA's face was embarrassed, and he was cold. “Mrs. Li, how do you talk? Marriage is the child's own business

“Ha ha! It’s not as noble as you say when you see money. Can you put less gold on your face? ”

Mrs. Li, with her hands akimbo, has the image of being a shrewd woman and swearing at the street. “I don’t care how many kilos I weigh. On the condition of your family, will the real rich family want your daughter? Don’t blame us for not reminding you that there are many cheaters in the society now. Be careful if they are cheated by men, they will be upset and ugly at that time! ”

“How do you speak?”

His fingers were shaking with anger.

Bai PA was not in good health. He was so angry that he opened his eyes and coughed suddenly.

“Cough cough cough”

“what’s the matter with you, old man?”

“Dad, what’s the matter with you?”

Bai Ma and Bai Lin help Bai PA in a hurry. Bai Qi stares at Mrs. Li fiercely and gets up to take Suxiao Jiuxin pills from the bedroom.

Bai Qi holds the broom from one side and points at the Li family viciously.

“Shut up, will you go? I’ll hit you if I don’t go! ”

Mrs. Li was awed by his momentum, but on second thought, they brought more people. It’s not sure who will lose in a fight.

“Well, you’re going to fight. Let’s go!”

The people brought by Mrs. Li began to fight with Bai Qi.

Seeing this, Bai Lin picked up the stick and joined it.

Beiqin received a phone call. He heard that the Bai family and the Li family were fighting. He drove to the Bai family. While driving, he called several brothers who were closer to the Bai family.

Beiqin brothers received the call and rushed to Bai Lin's house immediately.

The situation reversed in a flash.

Mrs. Li thought that the people she had brought were lying on the ground with colorful faces.

Half an hour later, the police came and arrested Mrs. Li and the gangsters brought by the Li family in the Public Security Bureau.

The White House is in a mess, but obviously no one has the heart to clean it up now.

Bai PA was the one who suffered the most. Thanks to him, he always thought that the Li family was a good family. His daughter would be happy when she married. There would be no mother-in-law and daughter-in-law problems. Just as Mrs. Li looked like a shrew, if she married her daughter, she would be in deep trouble. Bai Lin saw the thought in Bai PA's heart and went over to him and put her arms around his shoulder.

"Dad, it's all over. It's OK."

White dad suddenly raised his hand to give himself a slap in the face, extremely remorseful to say:
"blame me! If it wasn't for me It won't happen

Bai Lin holds Bai PA's hand painfully, "Dad, I didn't blame you for this. You are also for my good."

“Dad is old and can’t keep up with the times!”

“No...” Bai Lin said with a smile, “you just love your daughter. I always understand dad.”

In fact, she has always understood dad, but sometimes there is no way to fully convince each other of the concept between the two generations.

Bai PA was afraid when he thought of Mrs. Li’s appearance. He suddenly thought of the last blind date between Bai Lin and Li Zishi.

It turns out that at that time, my daughter said that plums were not reliable, and that what she said was the truth.

There is no way to compare Mrs. Li with the old lady of the north family.

Fortunately, her daughter had her own idea and didn’t listen to him to marry Li Zishi.

Beiqin came from the outside in a hurry, and his handsome face was dripping with sweat.

“Bailin!”

“Beiqin, here you are!”

Bailin turned to the door and ran to him happily.

Entering the room, looking at the mess, Bei Qin nervously took Bai Lin’s hand and frowned at the red scratch on her face. Her face was cold, and a bloodthirsty sense of killing flashed through her dark eyes.

“Don’t worry, I’ll let the Li family go to jail till they get dressed up!”

Bailin gently shook her head, "it's OK. Now it's OK. I heard from my father that the Li family used to help us a lot, so we don't pursue this matter, as a reward for them."

CEO Daddy Is Too Passionate - Chapter 1499

"You! Just too soft hearted! "

Beiqin put Bailin in his arms with a scared face, even his heart was still shaking.

When he learned that the Li family had brought people to the Bai family to make trouble, he even ran through the red light and speeding, and arrived half an hour after an hour's journey.

He pitifully fell a kiss on Bailin's forehead, like a self consolation, "it's OK, it's OK."

In front of so many people's faces, Bai Lin's little face turned red and pushed away Beiqin gently.

"Everyone is still looking at us..."

Beiqin released her and looked at Bai PA and Bai Ma, "Uncle Bai, aunt Bai, are you ok? I'll take you to the hospital for an examination! "

White dad was hit on the back a few times, and it seemed to flash to the waist. Originally, his body was not good, but now his state is not good.

Originally, the future son-in-law sent them to the hospital, but some time ago, they were so strongly opposed to their being together, but they turned to accept the favor of Beiqin. Bai dad couldn't do such a thing.

Dead duck mouth hard way: "no, you take Bailin to go, you go, I'll clean up the house."

Beiqin had no choice but to smile and met such a proud old man for the first time.

He went to Bai PA and reached for him.

“Dad, let’s go to the hospital!”

“Why?”

White dad a Zheng, how suddenly changed his tongue, caught off guard.

Beiqin said with a smile, “sooner or later, I’ll change my tongue. I want to call your father as soon as possible.”

It’s sweet.

Polite, Yushu Linfeng, better than Li Zishi, I don’t know how many times.

He is really poor and crazy, will feel that his daughter can only be worthy of a family like Li Zishi.

Maybe, his ideas can’t keep up with the trend.

Love has never been high or low, people’s noble is not measured by money.

Men without money do not necessarily cherish women, and men with money are not necessarily scum.

As for whether it is right to marry Beiqin or not, and whether it is too reckless, in Beiqin’s words, “this question will take me a lifetime to answer.”

Finally, Beiqin forced song Bai’s father and mother to go to the hospital. As a result, he happened to meet Li Zishi, who was entangled with others downstairs.

Listening to the content of their quarrel, it seems that Li Zishi has enlarged the stomach of his company's front desk. The girl only graduated from technical secondary school, and her family asked for 200000 betrothal gifts. Mrs. Li disliked the influence of girls, and her educational background was too low, so she put the idea on Bai Lin, because when they visited Bai PA in the hospital, Bai Pa said that they didn't need to marry their daughter betrothal gifts.

Listen to two people quarrel, white dad face a burst of green, a burst of white.

Want to rush up to give Li Zishi a slap in the face, but North Qin pulled him.

"Dad, you don't need to worry about this kind of person. Just let me deal with him."

After hearing this, Bai PA's guilt reached its peak. For a moment, he didn't know what to say, so he held back a word for a long time.

"When are you going to get married?"

With these words, Bai Lin stamped her feet in embarrassment and said, "Dad How can you ask that? "

The man should take the initiative to get married. How can the woman talk first? It's like I can't get married!

With a smile, Beiqin put his arms around Bailin, and his eyes seemed to be shining with stars.

"My wife, it's convenient to take my household register with me at any time. As for the wedding, I'll let people prepare it now."

"I won't do it

Bai Lin said with a small mouth.

They haven't been in love yet! Just skip this layer and get married. It's said that marriage is the tomb of love. Is it true that their love flower will wither before it opens?

Thinking of this, Bai Lin was not happy, but she was reluctant to refuse the proposal of Bei Qin. Such a good man would run away if he was too proud.

Beiqin smiles and pinches her lovely cheek, "silly girl, marriage is the tomb of love. This sentence is originally wrong. The two people who really love each other will make the day better and sweeter, because they want to give each other a different happy experience every day.

Those who get married and have no passion can only say that it's not love at all. Maybe it's because of loneliness. Maybe it's because when they get old, they want to find a suitable person to make do with. Once they get it, they lose their passion. "

Listen to Beiqin say so, the haze in Bai Lin's heart gradually dispersed, can think of what, still pouting small mouth, a face tangled.

"But we didn't fall in love..."

"Then I'll spend my whole life in love with you!"

Beiqin looked at her firmly with a smile in his eyes.

Bai Lin also smiles, pours into Beiqin's arms, opens her arms around his neck, and gives Beiqin a warm kiss, regardless of whether this is a public occasion or the presence of Bai PA and Bai Ma.

"Then I will marry you!" Marriage is an unknown gamble for women.

If the other half is him, she is willing to gamble the rest of her life.

Bailin and Beiqin soon got married, a century wedding on a small island in the middle of the Pacific Ocean.

The body of Bai's father and parents, in Beiqin hired a professional medical team, with targeted treatment, the condition gradually improved.

In his sophomore year, Bai Qi won the highest honor award in the industry on behalf of the school. Since the summer vacation of that year, he has been following Beiqin, and within a few years he has become a little famous expert in the industry.

In the third year of her two-year marriage, Bailin gave birth to a chubby son named beimulin, a name full of love.

Bai Lin is very satisfied with her life. Today, she is not only an enviable vice president's wife, but also a team leader of the company's technology department with her own efforts. Although there is still a long way to go to success, she lives a full life every day.

In the past few years, the relationship between her and Beiqin did not fade, but became stronger with time. She felt that she would love this man more than when she just got married.

If Beiqin is in the company, the couple will go home from work together. They can't wait to hug and kiss each other in the car.

But Beiqin often travels on business. Whenever he comes home from business, Bai Lin can't wait to open the door and run to his arms.

Every time at that time, Beiqin would hold her with a smile and say, "baby, my husband has gone home. My husband misses you very much!"

Bailin felt that in her life, it was God's kindness to meet him.

Looking back on the night when he was threatened by the gangster, he was set up by his boss for the first time. All the injuries were just to meet him.

Meet her lucky husband.

The couple, who were not expected to be optimistic, had a wonderful life.

Three years, five years and ten years later, they are not bored with each other at all, but love each other more and more.

The extent to which they scattered dog food made beimulin, as a son, feel that he was redundant, either at his grandmother's home or at his uncle's, because as soon as he got home, he felt that he was the redundant one.

CEO Daddy Is Too Passionate - Chapter 1500

On this day, Beiqin went abroad on a business trip for a whole month, finished the task, and couldn't wait to return home by private plane.

Bai Lin didn't expect that he would come back in the evening. She was very happy, but she was even more distressed.

"Why do you come home so late? It's the same to go home tomorrow!"

Beiqin directly hugged his wife and walked eagerly to the bedroom, gasping in a hoarse voice: "how can I be the same? My wife is waiting for me at home. I don't want to wait for more than a second!"

"You! It's really..."

"I can still care about this. It seems that I'm not strong enough!"

Beiqin threw her on the bed, covered her tall figure, lowered her head and grabbed her lips.

The two people who haven't met in a month are more eager and crazy than ever before. However, as soon as they are getting better, the phone of Beiqin rings.

It's the worst time to be interrupted.

Beiqin gritted his teeth, but worried about something urgent, he released his little wife.

Look at the display on the phone screen.

North Qin frowned, Li Xingchen this time to call him a little high frequency.

Li Xingchen is not afraid of heaven and earth, but he is afraid of his Laozi Li Fengbei, so he only wants to ask Beiqin to help him when he meets something.

As soon as it was connected, Li Xingchen's voice came into his ears anxiously.

"Uncle Bei, help me! Xia Ye has been taken away and gone!"

Beiqin's frown was deeper. Li Xingchen was looking for him because of this girl named Xia Ye.

Listening to Li Xingchen's anxious tone, he didn't dare to delay immediately. He quickly replied, "OK, I'll come right away. Don't worry, send me an address first!"

When Beiqin arrived at the hotel, he had located Xiaye's address.

It's a remote alley in the suburbs.

It's a little far from the center of the city. On the way to the suburbs with Beiqin, Li Xingchen's whole body is cold.

In an hour's time, anything can happen. Will the summer leaves have

He didn't dare to think about it.

“Uncle Bei, is there any way to get there quickly?”

Handsome young, eyes are undisguised tension and worry.

With a twinkle in his eyes, Bei Qin asked, “star, do you like summer leaves?”

Li Xingchen hesitated for a moment. After all, Beiqin is half of his elder generation. Now he is a junior in senior high school. When he should spend his energy on reading, will he make Beishu feel that he is not doing his job?

But just hesitated for a moment, Li Xingchen nodded heavily, “yes! I like her. I want to be with her. When I see her, I can’t help but want to hug him. If I don’t see her, I will think about her all over my head. It’s like being sick. When I see her, my heart will beat faster and I want to be close to her inexplicably.”

Beiqin said with a faint smile, “when you grow up, you know what love is!”

“.....”

Li Xingchen blushed slightly.

This kind of thing, he is also the first time, this kind of feeling makes him a little at a loss, but what’s more, he wants to find out the bravery.

Beiqin didn’t say anything more, but realized the seriousness of the matter, grabbed his mobile phone and made an emergency call to his subordinates.

After a while, Beiqin asked his men to drive the helicopter directly and take the lead to the place where Xiaye had an accident.

Listening to Beiqin's slow instructions on how to rescue Xiaye, Li Xingchen feels a sense of worship. He is still too small and weak now. When something happens to the people around him, he has no choice but to rely on his elders.

He secretly vowed in his heart that he must grow up quickly so as to protect the people he wants to protect.

Xia Ye was rescued, and later he was ruined by Ma Xingguo and others.

Originally, Ma Xingguo had always been nostalgic for Xia ye, and he was beaten by Li Xingchen last time, which made him even more unconvinced.

However, people like him are always bullying. They are beaten by Li Xingchen. They are not willing to do anything to Xia ye any more. Until Su Xinyao comes to him and encourages him to say that Li Xingchen and Xia ye have not broken up, and promises to give him some benefits.

Ma Xingguo couldn't resist the temptation, so he agreed to her request.

Li Xingchen and Beiqin arrived at the scene ten minutes after the matter was controlled.

At this time, Xia Ye's clothes were huddled in the corner, her face was red and swollen, and a wisp of bright red blood was still flowing down the corner of her mouth. Her eyes were dull, and her body was shaking slightly, like a small animal injured and sobbing.

Just now, everyone tried to appease her, but the subordinates of the northern Qin Dynasty were all big men, and they were all people Xia Ye didn't know. Xia ye had just experienced this kind of thing and was very defensive against them.

Li Xingchen rushes into the dark room. Seeing this scene, his blood rushes to the top of his forehead.

He took off his coat, strode over, squatted down in front of Xia ye, wrapped it around her, and opened his arms to embrace her."Ah

Xia Ye seems to be frightened, wide eyes, panic scream back to hide.

“Summer leaves...”

Li Xingchen looked down at the traces on Xia Ye’s arm and face, clenched his fist, and swept a layer of bloodthirsty cold storm in his deep eyes.

He thought they were late and Xia ye had been bullied.

When he thought of his beloved woman being bullied by other men, he could not vent his anger and wanted to kill immediately.

He hit the floor with a fist, and the back of his hand was dripping with blood. There was a crisp sound from the broken bone. But as if he could not feel the pain, he stood up and walked angrily towards the door.

At the door, Ma Xingguo and two other middle-aged men knelt on the ground, their faces black and blue, unable to see the original appearance, very embarrassed.

But Li Xingchen thinks it’s not enough.

He raised his foot and kicked Ma Xingguo in the chest. He bent down, twisted his collar and punched him in the face.

“Ah, ah, ah!”

A scream like killing a pig came from the alley, frightening the birds that used to inhabit in the alley, so that they ran away and gave out a panic scream.

Li Xingchen’s eyes are scarlet, listening to Ma Xingguo’s screams, he has a bloodthirsty impulse in his heart.

Ma Xingguo used to be able to scream, but now he can't say a word. He can only breathe more and less. He is lying on the ground like a dead dog, and let Li Xingchen kick him. He doesn't move.

Xia Ye listens to the movement of the door, the whole person is stunned, the eyes are dull, but the pupil depth has flashed anxious.

Seeing this, Beiqin was not in a hurry to raise the stars, but calmly looked at Xiaye.

"If you don't hold him, Ma Xingguo will be killed by him. It's a small matter to kill him. Anyway, Ma Xingguo should die, but Xingchen is a student. Student killing is bad for his reputation..."

"No! Li Xingchen, stop! "
